[Music]

2
00:00:10,970 --> 00:00:07,440

the planets often masters almost surely

3
00:00:13,820 --> 00:00:10,980

have a plan this clearly maybe something

4
00:00:16,730 --> 00:00:13,830

there beyond the realm of man and still

5
00:00:20,210 --> 00:00:16,740

she's already tested every lap goes just

6
00:00:23,800 --> 00:00:20,220

you find more you think you know the

7
00:00:27,450 --> 00:00:23,810

less you really do that's true dr. Zaius

8
00:00:33,460 --> 00:00:27,460

where would we be without the

9
00:00:36,770 --> 00:00:33,470

[Music]

10
00:00:43,330 --> 00:00:38,660

the highest

11
00:00:48,320 --> 00:00:46,160

all right higher side shatters we've

12
00:00:50,600 --> 00:00:48,330

seen by now that the arrogance and greed

13
00:00:52,760 --> 00:00:50,610

of the power elite knows no bounds from

14

00:00:54,260 --> 00:00:52,770

the harmful petrochemical seeping into

15

00:00:56,869 --> 00:00:54,270

everything to the education system

16

00:00:59,450 --> 00:00:56,879

crafted to keep us down it's not a

17

00:01:01,460 --> 00:00:59,460

stretch to say we are under attack both

18

00:01:03,770 --> 00:01:01,470

mentally and physically and have been

19

00:01:05,329 --> 00:01:03,780

for decades there's just no other way

20

00:01:07,460 --> 00:01:05,339

for me to categorize things like

21

00:01:10,010 --> 00:01:07,470

fluoridated water and roundup resistant

22

00:01:12,080 --> 00:01:10,020

crops vaccine damage children and cancer

23

00:01:14,090 --> 00:01:12,090

cure suppressed in exchange for poisons

24

00:01:15,620 --> 00:01:14,100

when you do the research the answers

25

00:01:17,420 --> 00:01:15,630

become pretty cut-and-dry and as a

26
00:01:19,520 --> 00:01:17,430
result I wouldn't put anything past the

27
00:01:21,740 --> 00:01:19,530
nefarious view but one area of the

28
00:01:23,560 --> 00:01:21,750
conspiracy PI I still find full of

29
00:01:26,120 --> 00:01:23,570
complexity and uncertainty is

30
00:01:27,859 --> 00:01:26,130
geoengineering it's clear from the

31
00:01:29,749 --> 00:01:27,869
laundry list of documented military

32
00:01:31,880 --> 00:01:29,759
projects that weather manipulation cloud

33
00:01:34,160 --> 00:01:31,890
seeding and ionosphere heating can be

34
00:01:36,530 --> 00:01:34,170
done and that poisons have been dropped

35
00:01:38,480 --> 00:01:36,540
in the sky but are these just defunct

36
00:01:40,880 --> 00:01:38,490
programs and campaigns carried out

37
00:01:42,889 --> 00:01:40,890
during wartime or do we have routine

38
00:01:44,870 --> 00:01:42,899

chemical dropping and massive antenna

39

00:01:47,210 --> 00:01:44,880

arrays aimed at attaining an ironclad

40

00:01:49,370 --> 00:01:47,220

grip on this island earth and the people

41

00:01:51,350 --> 00:01:49,380

of the planet well today I'm hoping we

42

00:01:53,120 --> 00:01:51,360

can sift through the paper trail and the

43

00:01:54,680 --> 00:01:53,130

paranoia and find the truth in what I

44

00:01:56,540 --> 00:01:54,690

consider to be one of the most complex

45

00:01:58,490 --> 00:01:56,550

and quite possibly most important

46

00:02:01,160 --> 00:01:58,500

conspiratorial topics before us today

47

00:02:03,139 --> 00:02:01,170

and with us to take that journey is Matt

48

00:02:04,370 --> 00:02:03,149

Landman a passionate activist who's

49

00:02:07,040 --> 00:02:04,380

dedicated himself to the big

50

00:02:09,410 --> 00:02:07,050

geoengineering questions and educating

51
00:02:11,420 --> 00:02:09,420
the masses on the answers he's worked to

52
00:02:13,160 --> 00:02:11,430
organize the global chemtrails summit

53
00:02:14,780 --> 00:02:13,170
for its second year in a row where he's

54
00:02:16,790 --> 00:02:14,790
given great presentations on his

55
00:02:18,380 --> 00:02:16,800
findings he's also released a new

56
00:02:20,570 --> 00:02:18,390
documentary about the problem called

57
00:02:23,300 --> 00:02:20,580
Franken skies which I thoroughly enjoyed

58
00:02:24,680 --> 00:02:23,310
it's a conspiracy of epic proportions

59
00:02:26,330 --> 00:02:24,690
and I can't wait to get into it the

60
00:02:28,520 --> 00:02:26,340
chemtrail research king of the west

61
00:02:31,699 --> 00:02:28,530
coast Matt my man welcome to the higher

62
00:02:33,650 --> 00:02:31,709
side Thank You Greg what an amazing

63
00:02:36,320 --> 00:02:33,660

introduction you're the man thank you

64

00:02:38,180 --> 00:02:36,330

yeah you got him and I try I try and uh

65

00:02:40,790 --> 00:02:38,190

I'm really happy that you're here I do

66

00:02:42,559 --> 00:02:40,800

appreciate the early viewing of Franken

67

00:02:45,020 --> 00:02:42,569

Skies I think you have a really great

68

00:02:46,729 --> 00:02:45,030

well-made professional-grade documentary

69

00:02:49,430 --> 00:02:46,739

that does a great job of breaking down

70

00:02:51,830 --> 00:02:49,440

all this stuff I do find geoengineering

71

00:02:53,630 --> 00:02:51,840

chemtrails and the whole climate change

72

00:02:55,550 --> 00:02:53,640

issue to be some of the most difficult

73

00:02:57,410 --> 00:02:55,560

material to feel competent

74

00:02:59,570 --> 00:02:57,420

because our planet's ecosystem is so

75

00:03:01,580 --> 00:02:59,580

complex and I guess to kick this off

76
00:03:03,680 --> 00:03:01,590
with there being so many different areas

77
00:03:05,570 --> 00:03:03,690
of conspiracy research and activists

78
00:03:07,520 --> 00:03:05,580
could focus on what was it about this

79
00:03:10,640 --> 00:03:07,530
topic that drove you to be the chemtrail

80
00:03:14,360 --> 00:03:10,650
guy well to be completely honest with

81
00:03:18,380 --> 00:03:14,370
you it was the complete lack of

82
00:03:21,589 --> 00:03:18,390
information out there and I felt like I

83
00:03:24,800 --> 00:03:21,599
was awake and then I woke up to

84
00:03:28,880 --> 00:03:24,810
chemtrails okay so to feel like that I

85
00:03:32,030 --> 00:03:28,890
knew it all and then to realize that I

86
00:03:33,710 --> 00:03:32,040
didn't know anything about these

87
00:03:35,630 --> 00:03:33,720
persistent linear cirrus cloud

88
00:03:38,390 --> 00:03:35,640

formations that were over my head for

89

00:03:42,440 --> 00:03:38,400

most of my adult life it really was a

90

00:03:44,449 --> 00:03:42,450

kick in the face you know and I went to

91

00:03:45,559 --> 00:03:44,459

my friends and family and colleagues and

92

00:03:46,880 --> 00:03:45,569

I said you know about this you know

93

00:03:51,350 --> 00:03:46,890

about chemtrails you seen his lines to

94

00:03:54,350 --> 00:03:51,360

the sky and nobody knew about it so at

95

00:03:57,140 --> 00:03:54,360

that point I knew that for I decided to

96

00:03:58,220 --> 00:03:57,150

devote my life to exposing it and

97

00:04:01,599 --> 00:03:58,230

bringing it to people's attention

98

00:04:04,640 --> 00:04:01,609

because so you knew that it even existed

99

00:04:07,430 --> 00:04:04,650

mmm-hmm hell yeah man I agree it is

100

00:04:08,930 --> 00:04:07,440

important and chemtrails are also a bit

101
00:04:11,420 --> 00:04:08,940
of a running joke to people who want to

102
00:04:13,580 --> 00:04:11,430
put us down it's one of the go-to terms

103
00:04:15,979 --> 00:04:13,590
that people use to mock conspiracy folks

104
00:04:18,380 --> 00:04:15,989
and even mentioning chemtrails is one of

105
00:04:21,050 --> 00:04:18,390
the quickest ways to get an eye roll

106
00:04:23,750 --> 00:04:21,060
unfortunately so it is important that we

107
00:04:25,640 --> 00:04:23,760
figure this stuff out and so I usually

108
00:04:27,920 --> 00:04:25,650
like to start with a history when we can

109
00:04:29,810 --> 00:04:27,930
because sometimes these crazy conspiracy

110
00:04:31,400 --> 00:04:29,820
pills can be hard to swallow if we just

111
00:04:33,500 --> 00:04:31,410
dive straight into what's going on now

112
00:04:35,270 --> 00:04:33,510
but when you break down the past that

113
00:04:37,100 --> 00:04:35,280

got us here it usually becomes a lot

114

00:04:40,010 --> 00:04:37,110

easier to follow the trail and connect

115

00:04:41,600 --> 00:04:40,020

those dots so for those who might still

116

00:04:44,000 --> 00:04:41,610

be on the fence in terms of what's

117

00:04:45,800 --> 00:04:44,010

possible in this area there is actually

118

00:04:48,680 --> 00:04:45,810

a long list of projects and military

119

00:04:50,540 --> 00:04:48,690

operations going back decades and how

120

00:04:52,670 --> 00:04:50,550

far back were you able to take this

121

00:04:54,730 --> 00:04:52,680

general idea of weather manipulation

122

00:04:57,830 --> 00:04:54,740

where does it all start

123

00:04:59,600 --> 00:04:57,840

well well first off I love that you said

124

00:05:01,990 --> 00:04:59,610

the eye rolls because I do a lot of

125

00:05:04,700 --> 00:05:02,000

grassroots activism and just the term

126

00:05:06,920 --> 00:05:04,710

chemtrails people chuckle because

127

00:05:08,810 --> 00:05:06,930

they've been programmed to laugh at you

128

00:05:09,439 --> 00:05:08,820

I mean that they've done a really good

129

00:05:13,700 --> 00:05:09,449

job

130

00:05:15,170 --> 00:05:13,710

yeah so let's see so it's all the way

131

00:05:19,309 --> 00:05:15,180

back you're in San Diego so I'd love to

132

00:05:23,959 --> 00:05:19,319

talk about San Diego back in 1916 okay a

133

00:05:27,529 --> 00:05:23,969

century ago 1916 this scientist

134

00:05:29,299 --> 00:05:27,539

professor Hatfield he was hired to

135

00:05:31,879 --> 00:05:29,309

research if he could make it rain

136

00:05:34,219 --> 00:05:31,889

because in 1916 San Diego was

137

00:05:35,869 --> 00:05:34,229

experiencing pretty severe droughts as

138

00:05:37,700 --> 00:05:35,879

you know at the desert oasis down there

139

00:05:42,409 --> 00:05:37,710

usually doesn't get much rain and

140

00:05:46,040 --> 00:05:42,419

Hatfield he was paid by the county of

141

00:05:49,010 --> 00:05:46,050

San Diego to see if he could make it

142

00:05:52,519 --> 00:05:49,020

rain he went up on a tower he built a

143

00:05:56,059 --> 00:05:52,529

tower a couple hundred feet tall he went

144

00:05:59,239 --> 00:05:56,069

up and developed a proprietary chemical

145

00:06:03,110 --> 00:05:59,249

concoction primarily silver iodide we've

146

00:06:08,089 --> 00:06:03,120

learned and he sprayed it into the sky

147

00:06:11,179 --> 00:06:08,099

it created a torrential downpour flooded

148

00:06:14,360 --> 00:06:11,189

and bursted the dams the city of San

149

00:06:17,839 --> 00:06:14,370

Diego went to him and said you caused

150

00:06:20,239 --> 00:06:17,849

this and they find him and sued him and

151
00:06:21,469 --> 00:06:20,249
held him responsible even though they're

152
00:06:23,420 --> 00:06:21,479
asking them to make it random it and

153
00:06:25,989 --> 00:06:23,430
want them to make it rain that much so

154
00:06:28,070 --> 00:06:25,999
all the way back then this

155
00:06:30,529 --> 00:06:28,080
experimentation and research into

156
00:06:33,170 --> 00:06:30,539
weather modification started and from

157
00:06:35,779 --> 00:06:33,180
there it evolved of course the military

158
00:06:37,670 --> 00:06:35,789
got their hands on it and all the way

159
00:06:40,790 --> 00:06:37,680
back to the 30s they started researching

160
00:06:43,429 --> 00:06:40,800
on experimenting with hurricanes and

161
00:06:44,480 --> 00:06:43,439
making it rain and not rain and then

162
00:06:48,350 --> 00:06:44,490
when we got to Vietnam

163
00:06:51,079 --> 00:06:48,360

they had perfected their weather weapon

164

00:06:53,290 --> 00:06:51,089

their war weapon and they flooded the Ho

165

00:06:56,149 --> 00:06:53,300

Chi Minh Trail they flooded it making it

166

00:06:58,790 --> 00:06:56,159

monsoon they made the monsoon season a

167

00:07:00,499 --> 00:06:58,800

little early and it came dumping on the

168

00:07:03,619 --> 00:07:00,509

Ho Chi Minh Trail their trade route in

169

00:07:06,230 --> 00:07:03,629

Vietnam and they used weather as a

170

00:07:08,829 --> 00:07:06,240

weapon which prompted Russia and the

171

00:07:11,869 --> 00:07:08,839

rest of the world to make the

172

00:07:13,999 --> 00:07:11,879

international treaty against using

173

00:07:16,010 --> 00:07:14,009

weather as a weapon because they saw

174

00:07:19,579 --> 00:07:16,020

what the US had done and even then they

175

00:07:21,439 --> 00:07:19,589

use biological chem trail as well with

176

00:07:22,530 --> 00:07:21,449

Agent Orange so goes all the way back

177

00:07:24,900 --> 00:07:22,540

there there

178

00:07:29,060 --> 00:07:24,910

an endless amount if you really start

179

00:07:31,500 --> 00:07:29,070

digging of government military

180

00:07:35,330 --> 00:07:31,510

operations where they've experimented

181

00:07:38,640 --> 00:07:35,340

with biological with whether

182

00:07:39,900 --> 00:07:38,650

contaminations and yeah you name it so

183

00:07:42,810 --> 00:07:39,910

yeah it goes really won't far back so

184

00:07:44,190 --> 00:07:42,820

people that are new to it and they think

185

00:07:46,380 --> 00:07:44,200

wait excuse me you're trying to tell me

186

00:07:47,790 --> 00:07:46,390

the government does what it's better for

187

00:07:50,790 --> 00:07:47,800

them to see the history of to see the

188

00:07:53,220 --> 00:07:50,800

evolution to really grasp it absolutely

189

00:07:55,020 --> 00:07:53,230

and I do love that San Diego story I've

190

00:07:58,650 --> 00:07:55,030

had guests talk about that before a

191

00:08:00,480 --> 00:07:58,660

little bit and it's always kind of with

192

00:08:02,340 --> 00:08:00,490

an air of mystery like how did he

193

00:08:04,980 --> 00:08:02,350

actually do this no one really knows

194

00:08:07,110 --> 00:08:04,990

then it's quite practical I guess when

195

00:08:09,600 --> 00:08:07,120

you get back into cloud seeding with

196

00:08:11,970 --> 00:08:09,610

silver I mean we know that now makes it

197

00:08:13,530 --> 00:08:11,980

rain so it's a little less mysterious

198

00:08:15,570 --> 00:08:13,540

when you actually know that information

199

00:08:17,670 --> 00:08:15,580

and track geoengineering and weather

200

00:08:20,280 --> 00:08:17,680

manipulation and cloud seeding through

201
00:08:21,750 --> 00:08:20,290
the ages I mean that is just what he was

202
00:08:24,570 --> 00:08:21,760
doing I guess he was just ahead of his

203
00:08:28,050 --> 00:08:24,580
time but your documentary does throw out

204
00:08:30,930 --> 00:08:28,060
so many military projects project Cirrus

205
00:08:34,110 --> 00:08:30,940
project sky fire operation Ranch Hand

206
00:08:37,620 --> 00:08:34,120
project Popeye I mean all through the

207
00:08:39,450 --> 00:08:37,630
40s 50s and 60s this was really on the

208
00:08:42,870 --> 00:08:39,460
forefront of the military's mind it

209
00:08:44,640 --> 00:08:42,880
seems and also there's a paper trail of

210
00:08:46,740 --> 00:08:44,650
patents it's quite telling to write I

211
00:08:49,020 --> 00:08:46,750
mean you can get some serious insight

212
00:08:51,090 --> 00:08:49,030
from looking at what the Air Force has

213
00:08:54,540 --> 00:08:51,100

in the patent area on the technological

214

00:08:56,820 --> 00:08:54,550

side of these campaigns right well the

215

00:08:59,480 --> 00:08:56,830

patents are really really telling in my

216

00:09:02,880 --> 00:08:59,490

opinion because you patent something

217

00:09:04,380 --> 00:09:02,890

after you create the technology so that

218

00:09:06,660 --> 00:09:04,390

someone else can't take it you don't

219

00:09:08,730 --> 00:09:06,670

come up with the idea and then patent it

220

00:09:12,480 --> 00:09:08,740

right you have the technology in place

221

00:09:14,520 --> 00:09:12,490

and so if you do you know your due

222

00:09:18,840 --> 00:09:14,530

diligence and do a little research you

223

00:09:22,230 --> 00:09:18,850

find patented barium release rockets

224

00:09:24,090 --> 00:09:22,240

from even the late 70s where these

225

00:09:26,600 --> 00:09:24,100

rockets were being launched in the

226

00:09:31,630 --> 00:09:26,610

atmosphere releasing barium to create

227

00:09:33,100 --> 00:09:31,640

ionized cloud formations and then now

228

00:09:34,600 --> 00:09:33,110

I mean I could go on I could take the

229

00:09:37,600 --> 00:09:34,610

whole show talking about the patent that

230

00:09:39,790 --> 00:09:37,610

is what's really it's really discern so

231

00:09:43,240 --> 00:09:39,800

here's the deal over the past three

232

00:09:47,890 --> 00:09:43,250

years the patents have exponentially

233

00:09:51,310 --> 00:09:47,900

come out and this globalist group they

234

00:09:53,320 --> 00:09:51,320

have through Warren Buffett and Bill

235

00:09:55,720 --> 00:09:53,330

Gates Bill Gates privately funds a lot

236

00:09:57,760 --> 00:09:55,730

of it he even specifically says no not

237

00:10:01,510 --> 00:09:57,770

Bill Gates Melinda Gates Foundation

238

00:10:02,830 --> 00:10:01,520

these are my private donations of tens

239

00:10:04,840 --> 00:10:02,840

and hundreds of millions of dollars but

240

00:10:07,890 --> 00:10:04,850

still private donation to this

241

00:10:09,850 --> 00:10:07,900

geo-engineering weather manipulation

242

00:10:12,640 --> 00:10:09,860

scheme where they come up with the

243

00:10:17,020 --> 00:10:12,650

patent and then they use those patents

244

00:10:22,210 --> 00:10:17,030

to save us right well at Buffett in

245

00:10:28,270 --> 00:10:22,220

Chicago there is the University it's

246

00:10:32,800 --> 00:10:28,280

slipping my mind okay so in Chicago they

247

00:10:34,780 --> 00:10:32,810

have developed this framework where the

248

00:10:38,440 --> 00:10:34,790

patenting of geoengineering

249

00:10:42,120 --> 00:10:38,450

inventions they claim needs a complete

250

00:10:44,230 --> 00:10:42,130

revamp they say that so many

251
00:10:46,540 --> 00:10:44,240
geoengineering patents have come out in

252
00:10:48,100 --> 00:10:46,550
the past three years that they don't

253
00:10:50,770 --> 00:10:48,110
need to go through the patent pool

254
00:10:53,050 --> 00:10:50,780
process they claim that the people at

255
00:10:55,840 --> 00:10:53,060
the patent office don't have the

256
00:10:59,440 --> 00:10:55,850
scientific background to understand the

257
00:11:02,350 --> 00:10:59,450
patents enough and also they need to be

258
00:11:04,270 --> 00:11:02,360
able to push the patent through to

259
00:11:06,990 --> 00:11:04,280
deployment immediately without any

260
00:11:10,710 --> 00:11:07,000
approval because they quote have

261
00:11:13,840 --> 00:11:10,720
exclusive rights to saving the planet

262
00:11:17,620 --> 00:11:13,850
this is a literal paper that came out

263
00:11:19,840 --> 00:11:17,630

and they claim that the scientists have

264

00:11:23,470 --> 00:11:19,850

the exclusive rights to saving the

265

00:11:25,630 --> 00:11:23,480

planet through geoengineering patents so

266

00:11:27,280 --> 00:11:25,640

in the past yes there was all these

267

00:11:29,110 --> 00:11:27,290

patents and they were public and they're

268

00:11:31,780 --> 00:11:29,120

coming out talking about how to

269

00:11:34,270 --> 00:11:31,790

manipulate the stratosphere by creating

270

00:11:36,940 --> 00:11:34,280

fake clouds okay and they're by the

271

00:11:39,270 --> 00:11:36,950

Dozen but I have a chart that I like to

272

00:11:42,070 --> 00:11:39,280

show at some of these presentations and

273

00:11:44,200 --> 00:11:42,080

what it shows is this exponential

274

00:11:45,340 --> 00:11:44,210

increase of these patents that have come

275

00:11:48,430 --> 00:11:45,350

out over the past

276

00:11:51,040 --> 00:11:48,440

few years that are hyper complex on

277

00:11:54,580 --> 00:11:51,050

different chemicals to create different

278

00:11:55,810 --> 00:11:54,590

clouds essentially to block out the Sun

279

00:11:58,360 --> 00:11:55,820

hmm

280

00:12:00,940 --> 00:11:58,370

so yeah the paper trail is there and

281

00:12:04,120 --> 00:12:00,950

it's really really obvious the ones that

282

00:12:06,760 --> 00:12:04,130

are a decade or two old are easier to

283

00:12:10,270 --> 00:12:06,770

access and easier to understand these

284

00:12:13,300 --> 00:12:10,280

new ones involve space technology and

285

00:12:16,150 --> 00:12:13,310

using different chemicals and all we can

286

00:12:19,510 --> 00:12:16,160

really do is find the chemicals in our

287

00:12:21,070 --> 00:12:19,520

rainwater and then reverse engineer and

288

00:12:23,590 --> 00:12:21,080

research those chemicals and find the

289

00:12:26,770 --> 00:12:23,600

patents that relate to it and realize

290

00:12:29,710 --> 00:12:26,780

that they're already using them in the

291

00:12:32,140 --> 00:12:29,720

atmosphere it's it's pretty heavy it's

292

00:12:33,820 --> 00:12:32,150

pretty wild and different crazy things

293

00:12:37,330 --> 00:12:33,830

are coming up in the water like terbium

294

00:12:39,310 --> 00:12:37,340

which is a very rare first element

295

00:12:42,130 --> 00:12:39,320

that's only used in plasma television

296

00:12:44,410 --> 00:12:42,140

this is coming up in the rain water so

297

00:12:46,480 --> 00:12:44,420

these patents are getting beyond I mean

298

00:12:49,480 --> 00:12:46,490

it's just reaching this level of

299

00:12:50,890 --> 00:12:49,490

complexity and science where it doesn't

300

00:12:54,310 --> 00:12:50,900

even go through the Patent Office

301
00:12:56,800 --> 00:12:54,320
anymore so the paper trail is gone you

302
00:12:59,650 --> 00:12:56,810
know and so they're just pushing it to

303
00:13:02,140 --> 00:12:59,660
implementation and we just get to kind

304
00:13:04,150 --> 00:13:02,150
of try to research it on our own and

305
00:13:07,600 --> 00:13:04,160
figure out what they're doing to our

306
00:13:09,940 --> 00:13:07,610
skies instead of even being told what's

307
00:13:11,800 --> 00:13:09,950
going on yeah man it really does seem

308
00:13:13,480 --> 00:13:11,810
like the research community in this area

309
00:13:15,310 --> 00:13:13,490
is always play and catch up and it's

310
00:13:19,090 --> 00:13:15,320
getting harder and harder because it is

311
00:13:20,320 --> 00:13:19,100
getting so wild and let's maybe talk

312
00:13:23,140 --> 00:13:20,330
about the agenda a little bit because

313
00:13:24,940 --> 00:13:23,150

nothing the elite have ever really done

314

00:13:27,700 --> 00:13:24,950

has been for our benefit I mean that's

315

00:13:31,060 --> 00:13:27,710

pretty obvious but this is their planet

316

00:13:33,070 --> 00:13:31,070

too so sometimes I do get sucked into

317

00:13:35,650 --> 00:13:33,080

that argument that it's possible that

318

00:13:37,870 --> 00:13:35,660

they're trying to keep us all from dying

319

00:13:40,060 --> 00:13:37,880

off but I don't know you mentioned the

320

00:13:42,070 --> 00:13:40,070

agenda is to block out the Sun what do

321

00:13:43,570 --> 00:13:42,080

you think that does for them why would

322

00:13:45,070 --> 00:13:43,580

they want to block out the Sun of course

323

00:13:48,010 --> 00:13:45,080

I know these campaigns are usually

324

00:13:50,920 --> 00:13:48,020

multifaceted but what's the reason for

325

00:13:52,900 --> 00:13:50,930

that specific goal

326

00:13:54,220 --> 00:13:52,910

well it just really depends on how far

327

00:14:00,170 --> 00:13:54,230

down the rabbit hole you want to go

328

00:14:02,510 --> 00:14:00,180

right let's get deep haha okay well

329

00:14:05,990 --> 00:14:02,520

okay well what they're pitching to us is

330

00:14:08,240 --> 00:14:06,000

that global warming is here and to save

331

00:14:10,820 --> 00:14:08,250

us from global warming they need to slow

332

00:14:13,070 --> 00:14:10,830

down the heating of the planet by

333

00:14:15,740 --> 00:14:13,080

blocking out our Sun but when they do

334

00:14:18,019 --> 00:14:15,750

this they're actually trapping Heat and

335

00:14:21,079 --> 00:14:18,029

they're actually causing global warming

336

00:14:23,389 --> 00:14:21,089

and then they that these nano

337

00:14:26,000 --> 00:14:23,399

particulate metals that they spray in

338

00:14:29,000 --> 00:14:26,010

the atmosphere and they zap it with

339

00:14:31,340 --> 00:14:29,010

these ionospheric heaters so they have

340

00:14:32,840 --> 00:14:31,350

these ionosphere heaters and they heat

341

00:14:35,329 --> 00:14:32,850

the ionosphere

342

00:14:36,920 --> 00:14:35,339

once they metallus eyes it and if you

343

00:14:38,690 --> 00:14:36,930

want to talk about global warming you

344

00:14:41,000 --> 00:14:38,700

you have to talk about ionospheric

345

00:14:41,720 --> 00:14:41,010

heating or you're you're totally missing

346

00:14:44,720 --> 00:14:41,730

the point

347

00:14:47,090 --> 00:14:44,730

they're heating our atmosphere so first

348

00:14:49,550 --> 00:14:47,100

of all we've got to start there but they

349

00:14:52,550 --> 00:14:49,560

claim that we need to block out the Sun

350

00:14:54,980 --> 00:14:52,560

to save us from global warming well

351
00:14:59,230 --> 00:14:54,990
that's a complete fallacy so the agenda

352
00:15:02,090 --> 00:14:59,240
there is so multifaceted well it's

353
00:15:06,070 --> 00:15:02,100
complete and total dominance and full

354
00:15:12,769 --> 00:15:06,080
spectrum control so they get to dictate

355
00:15:15,780 --> 00:15:12,779
who gets sunlight who gets rain who get

356
00:15:18,360 --> 00:15:15,790
softball-sized hail you know and if

357
00:15:21,300 --> 00:15:18,370
you've got enough money you can pay for

358
00:15:24,389 --> 00:15:21,310
sunlight so ultimately we've got this

359
00:15:29,009 --> 00:15:24,399
dystopian future where only the super

360
00:15:30,360 --> 00:15:29,019
elite can afford to buy sunny days okay

361
00:15:34,759 --> 00:15:30,370
so they have complete and total control

362
00:15:39,769 --> 00:15:34,769
that's one thing but also ultimately

363
00:15:44,150 --> 00:15:39,779

they're blocking out our source I

364

00:15:46,710 --> 00:15:44,160

personally believe that the Sun has a

365

00:15:48,870 --> 00:15:46,720

frequency that we get this frequency in

366

00:15:52,199 --> 00:15:48,880

the morning we get this frequency at

367

00:15:54,600 --> 00:15:52,209

night from the moon

368

00:15:57,829 --> 00:15:54,610

really complicated but I think that the

369

00:16:01,379 --> 00:15:57,839

evolution of humanity somehow

370

00:16:03,689 --> 00:16:01,389

corresponds and is activated by sunlight

371

00:16:05,999 --> 00:16:03,699

so we get this frequency during the

372

00:16:09,150 --> 00:16:06,009

sunrise during the sunset with this

373

00:16:11,609 --> 00:16:09,160

orange glowing light and that humanity

374

00:16:16,079 --> 00:16:11,619

is going through an evolution of sorts

375

00:16:19,619 --> 00:16:16,089

and that this evolution is being stopped

376

00:16:22,499 --> 00:16:19,629

by blocking out our Sun and so we end up

377

00:16:26,129 --> 00:16:22,509

with this silver light that is more like

378

00:16:29,069 --> 00:16:26,139

the moon light and less like the golden

379

00:16:31,980 --> 00:16:29,079

sunlight of our childhood and I think

380

00:16:35,390 --> 00:16:31,990

it's it's messing with our DNA I think

381

00:16:37,700 --> 00:16:35,400

we have an evolving DNA

382

00:16:40,400 --> 00:16:37,710

that is ultimately being messed with

383

00:16:42,590 --> 00:16:40,410

okay this is all just hypothesis at this

384

00:16:44,270 --> 00:16:42,600

time right like there's it's so

385

00:16:45,800 --> 00:16:44,280

multifaceted and that's the thing when

386

00:16:50,240 --> 00:16:45,810

you're doing the activism people want to

387

00:16:52,340 --> 00:16:50,250

know who what why where when if they

388

00:16:55,340 --> 00:16:52,350

can't sink their teeth into all of that

389

00:16:57,560 --> 00:16:55,350

stuff then the cognitive business comes

390

00:16:59,150 --> 00:16:57,570

in and they don't really want to discuss

391

00:17:01,850 --> 00:16:59,160

it because they can't wrap their head

392

00:17:04,160 --> 00:17:01,860

around it if they can't come to a

393

00:17:06,620 --> 00:17:04,170

realization and then explain it to their

394

00:17:10,610 --> 00:17:06,630

friends then it's pointless to them

395

00:17:13,790 --> 00:17:10,620

right right yeah so if they can't get

396

00:17:15,890 --> 00:17:13,800

all of the details then they want to

397

00:17:18,470 --> 00:17:15,900

move on and not even listen to you it's

398

00:17:21,500 --> 00:17:18,480

not like it's being advertised so you

399

00:17:23,960 --> 00:17:21,510

really it's kind of a catch-22 to create

400

00:17:26,000 --> 00:17:23,970

that standard to accept this kind of

401
00:17:28,730 --> 00:17:26,010
stuff because never going to happen

402
00:17:30,800 --> 00:17:28,740
and I just wanted to say that I have had

403
00:17:33,770 --> 00:17:30,810
some guests who talked about an agenda

404
00:17:35,780 --> 00:17:33,780
to make everyone sterile and then in the

405
00:17:38,150 --> 00:17:35,790
future people will be able to purchase

406
00:17:41,360 --> 00:17:38,160
the ability to have children if you have

407
00:17:43,520 --> 00:17:41,370
money you can go and get the process

408
00:17:47,060 --> 00:17:43,530
done and you could almost say there

409
00:17:49,520 --> 00:17:47,070
could be a parallel campaign to charge

410
00:17:52,550 --> 00:17:49,530
for and control who gets the health

411
00:17:54,620 --> 00:17:52,560
benefits and vitamin D of what used to

412
00:17:56,150 --> 00:17:54,630
be available to everyone you know it's

413
00:17:57,800 --> 00:17:56,160

kind of the same thing everybody used to

414

00:17:59,990 --> 00:17:57,810

be able to have kids but in this future

415

00:18:01,430 --> 00:18:00,000

dystopia they're going to tightly

416

00:18:03,830 --> 00:18:01,440

regulate that you're going to have to

417

00:18:06,200 --> 00:18:03,840

pay for that privilege and you could

418

00:18:08,420 --> 00:18:06,210

also say possibly it'd be very ambitious

419

00:18:11,600 --> 00:18:08,430

but they could be doing something

420

00:18:13,850 --> 00:18:11,610

similar with sunlight itself or the

421

00:18:17,060 --> 00:18:13,860

health benefits of good weather or

422

00:18:20,180 --> 00:18:17,070

whatever yeah that's an interesting

423

00:18:22,250 --> 00:18:20,190

point so one thing to talk about really

424

00:18:24,500 --> 00:18:22,260

quick is when I do talk to people and

425

00:18:29,700 --> 00:18:24,510

they want to know all the details the

426

00:18:32,310 --> 00:18:29,710

simple explanation is look Monsanto

427

00:18:33,450 --> 00:18:32,320

is in bed with the politicians they're

428

00:18:34,649 --> 00:18:33,460

in bed with the military-industrial

429

00:18:38,039 --> 00:18:34,659

complex

430

00:18:41,430 --> 00:18:38,049

Monsanto has the patents on aluminum

431

00:18:44,760 --> 00:18:41,440

resistant genetics okay Monsanto also

432

00:18:47,970 --> 00:18:44,770

has the patents on these tweaked

433

00:18:49,680 --> 00:18:47,980

versions of human DNA which is very

434

00:18:52,529 --> 00:18:49,690

interesting if you want to go down there

435

00:18:55,440 --> 00:18:52,539

but ultimately the dystopian future that

436

00:18:58,860 --> 00:18:55,450

we're looking at is you've got so much

437

00:19:01,529 --> 00:18:58,870

roundup sprayed on everything that only

438

00:19:03,799 --> 00:19:01,539

Monsanto's plant can grow you've got so

439

00:19:08,850 --> 00:19:03,809

much aluminum falling out of the sky

440

00:19:11,430 --> 00:19:08,860

okay that so it let's back up so silver

441

00:19:13,409 --> 00:19:11,440

when you spray silver in the atmosphere

442

00:19:15,510 --> 00:19:13,419

you can make it rain because the water

443

00:19:17,190 --> 00:19:15,520

particles will couple to the silver and

444

00:19:19,590 --> 00:19:17,200

then the water will fall it's called

445

00:19:21,840 --> 00:19:19,600

cloud seeding when you spray aluminum

446

00:19:24,090 --> 00:19:21,850

the the water particles actually

447

00:19:26,159 --> 00:19:24,100

dissipate and you can make it not rain

448

00:19:28,380 --> 00:19:26,169

they've also learned that by spraying

449

00:19:30,720 --> 00:19:28,390

the silver they can reflect the sunlight

450

00:19:34,860 --> 00:19:30,730

back into space it's part of their solar

451
00:19:36,799 --> 00:19:34,870
radiation management agenda SRM also

452
00:19:40,019 --> 00:19:36,809
called stratospheric aerosol injection

453
00:19:42,419 --> 00:19:40,029
si eye by putting all this aluminum in

454
00:19:45,419 --> 00:19:42,429
the atmosphere it's some of it rains

455
00:19:48,029 --> 00:19:45,429
down on us you see all these plants

456
00:19:51,029 --> 00:19:48,039
dying there's a lot of crop failures and

457
00:19:54,180 --> 00:19:51,039
tree die offs especially in the Pacific

458
00:19:56,070 --> 00:19:54,190
Northwest the aluminum restricts the

459
00:19:58,919 --> 00:19:56,080
water uptake into the plant and is

460
00:20:02,940 --> 00:19:58,929
killing these plants okay so imagine a

461
00:20:04,919 --> 00:20:02,950
dystopian future where the soil is toxic

462
00:20:06,539 --> 00:20:04,929
with the levels of aluminum because

463
00:20:09,779 --> 00:20:06,549

we're getting sprayed with aluminum on

464

00:20:12,870 --> 00:20:09,789

almost a daily basis now so Monsanto has

465

00:20:16,230 --> 00:20:12,880

the genetic patents to aluminum

466

00:20:19,500 --> 00:20:16,240

resistant seeds so in the future the

467

00:20:22,169 --> 00:20:19,510

only plant that will grow our Monsanto's

468

00:20:23,970 --> 00:20:22,179

seeds because they are aluminum

469

00:20:25,830 --> 00:20:23,980

resistant and they're resistant to the

470

00:20:27,899 --> 00:20:25,840

glyphosate and all the other pesticides

471

00:20:30,779 --> 00:20:27,909

and whatnot that are being put in the

472

00:20:34,049 --> 00:20:30,789

soil so in this dystopian future only

473

00:20:37,529 --> 00:20:34,059

Monsanto seeds will grow okay that's

474

00:20:39,350 --> 00:20:37,539

that's one easy thing for people to

475

00:20:42,480 --> 00:20:39,360

identify with and sink their teeth into

476

00:20:43,630 --> 00:20:42,490

it's just like follow the money you've

477

00:20:46,210 --> 00:20:43,640

got this breeding

478

00:20:49,150 --> 00:20:46,220

corporation Monsanto who has now been

479

00:20:52,570 --> 00:20:49,160

bought by Bayer which is the drug

480

00:20:55,120 --> 00:20:52,580

company so the company that's making you

481

00:20:57,460 --> 00:20:55,130

sick will actually be the one giving you

482

00:20:59,230 --> 00:20:57,470

the medicine course and then that same

483

00:21:01,330 --> 00:20:59,240

company is going to be the one selling

484

00:21:05,110 --> 00:21:01,340

you the seed the only seed that will

485

00:21:06,700 --> 00:21:05,120

grow and then also they're in bed with

486

00:21:09,910 --> 00:21:06,710

the companies that dictate whether or

487

00:21:12,220 --> 00:21:09,920

not you get any sunlight whatsoever so

488

00:21:15,400 --> 00:21:12,230

it's this full-spectrum dominance

489

00:21:17,350 --> 00:21:15,410

they'll be in control of the quality of

490

00:21:19,780 --> 00:21:17,360

your air they'll be in control of

491

00:21:21,310 --> 00:21:19,790

whether or not you get Sun and whether

492

00:21:23,560 --> 00:21:21,320

or not you get rain and whether or not

493

00:21:26,470 --> 00:21:23,570

your rain is full of metal and so

494

00:21:27,730 --> 00:21:26,480

ultimately the control of the food chain

495

00:21:31,990 --> 00:21:27,740

the control of the weather

496

00:21:35,200 --> 00:21:32,000

it's just greed and control we can go on

497

00:21:38,550 --> 00:21:35,210

these esoteric discussions of the

498

00:21:41,770 --> 00:21:38,560

evolution of humanity and these greedy

499

00:21:46,090 --> 00:21:41,780

reptilian that that you know want to

500

00:21:48,340 --> 00:21:46,100

control the the paradigm on earth and

501
00:21:50,410 --> 00:21:48,350
frame everything here so that they

502
00:21:52,050 --> 00:21:50,420
maintain this vibration and all this

503
00:21:55,000 --> 00:21:52,060
stuff you know but none of this is as

504
00:21:57,550 --> 00:21:55,010
tangible as people really winepress it's

505
00:22:01,510 --> 00:21:57,560
really tangible and easy to tell people

506
00:22:03,010 --> 00:22:01,520
that it's a few evil corporations that

507
00:22:05,740 --> 00:22:03,020
are in bed with the military-industrial

508
00:22:07,750 --> 00:22:05,750
complex that are controlling the weather

509
00:22:09,310 --> 00:22:07,760
and the patents really prove it right if

510
00:22:12,280 --> 00:22:09,320
you go back to the aluminum resistant

511
00:22:16,660 --> 00:22:12,290
genetics and the aluminum sprayed clouds

512
00:22:18,940 --> 00:22:16,670
it all makes sense that way yeah man it

513
00:22:20,920 --> 00:22:18,950

is a lot of information for sure and

514

00:22:22,420 --> 00:22:20,930

let's talk a little bit more about the

515

00:22:24,430 --> 00:22:22,430

science and the actual chemicals

516

00:22:26,350 --> 00:22:24,440

involved you told us about the silver

517

00:22:28,780 --> 00:22:26,360

injections and the aluminum injections

518

00:22:30,490 --> 00:22:28,790

and how they attract or repel rain but

519

00:22:32,350 --> 00:22:30,500

what about the effects of barium and

520

00:22:34,360 --> 00:22:32,360

strontium the two other chemicals I

521

00:22:38,950 --> 00:22:34,370

always hear associated with this kind of

522

00:22:42,010 --> 00:22:38,960

material well first of all I want to

523

00:22:45,360 --> 00:22:42,020

talk about waking people up to it all

524

00:22:49,360 --> 00:22:45,370

there are patents on barium release

525

00:22:54,240 --> 00:22:49,370

rockets and what I've noticed is when

526

00:22:57,029 --> 00:22:54,250

you finally do get a clear blue sky

527

00:22:59,250 --> 00:22:57,039

most of the time nowadays that clear

528

00:23:01,680 --> 00:22:59,260

blue sky is just a clearing of their

529

00:23:03,659 --> 00:23:01,690

canvas because their Laboratory is the

530

00:23:04,380 --> 00:23:03,669

sky and they want to start with a clean

531

00:23:07,980 --> 00:23:04,390

slate

532

00:23:12,060 --> 00:23:07,990

after the blue sky you'll get the barium

533

00:23:15,330 --> 00:23:12,070

release rockets these are plain looking

534

00:23:17,520 --> 00:23:15,340

things in the sky that have a very

535

00:23:19,260 --> 00:23:17,530

suspicious-looking trajectory if you

536

00:23:20,640 --> 00:23:19,270

didn't know better you would say that

537

00:23:22,230 --> 00:23:20,650

the line might look like it's actually

538

00:23:23,880 --> 00:23:22,240

going up like a rocket but then your

539

00:23:25,760 --> 00:23:23,890

brain tells you no no that can't be a

540

00:23:28,020 --> 00:23:25,770

rocket that's just a plane the

541

00:23:31,020 --> 00:23:28,030

persistent linear cirrus cloud formation

542

00:23:33,500 --> 00:23:31,030

it dissipates rather quickly okay and

543

00:23:37,350 --> 00:23:33,510

I'm under the school of thought now that

544

00:23:42,299 --> 00:23:37,360

contrails do not exist whatsoever that

545

00:23:44,250 --> 00:23:42,309

that this entire con has been devised by

546

00:23:47,580 --> 00:23:44,260

the CIA the military-industrial complex

547

00:23:50,430 --> 00:23:47,590

to frame our entire dialogue about it

548

00:23:53,190 --> 00:23:50,440

that contrail kentrell that the

549

00:23:55,830 --> 00:23:53,200

contrails that form are because of

550

00:23:57,299 --> 00:23:55,840

additives in the fuel or their barring

551
00:23:59,399 --> 00:23:57,309
release rockets and what-have-you so

552
00:24:01,860 --> 00:23:59,409
after your clear blue sky you'll see

553
00:24:04,710 --> 00:24:01,870
these primers I call them primer playing

554
00:24:07,260 --> 00:24:04,720
primer jet primer rocket primer drone

555
00:24:09,690 --> 00:24:07,270
they come out in full force and they

556
00:24:12,390 --> 00:24:09,700
have a shorter trail behind them and

557
00:24:15,419 --> 00:24:12,400
once they have primed the sky with

558
00:24:18,480 --> 00:24:15,429
barium for a couple days which barium is

559
00:24:20,370 --> 00:24:18,490
highly toxic okay it gives people asthma

560
00:24:24,120 --> 00:24:20,380
this is why we have all of these

561
00:24:26,760 --> 00:24:24,130
respiratory issues the barium fact sheet

562
00:24:30,150 --> 00:24:26,770
is very very

563
00:24:31,380 --> 00:24:30,160

it's very scary okay and what you see in

564

00:24:33,870 --> 00:24:31,390

the sky once they've gotten enough

565

00:24:37,250 --> 00:24:33,880

barium up there are these rare halos

566

00:24:40,799 --> 00:24:37,260

around the Sun these halos are circle

567

00:24:46,440 --> 00:24:40,809

sundogs around the Sun the refractory

568

00:24:51,690 --> 00:24:46,450

index of water when sun light hits water

569

00:24:55,230 --> 00:24:51,700

it refracts and forms not a halo but a

570

00:24:56,210 --> 00:24:55,240

rainbow that has been how it always has

571

00:24:59,910 --> 00:24:56,220

been

572

00:25:03,540 --> 00:24:59,920

sunlight hits water and it arches into a

573

00:25:06,930 --> 00:25:03,550

rainbow formation these rare Sun dog

574

00:25:09,990 --> 00:25:06,940

halos were now seen over the Sun are

575

00:25:13,799 --> 00:25:10,000

from barium because of the refractory

576

00:25:17,220 --> 00:25:13,809

index of barium calls for a halo so

577

00:25:19,230 --> 00:25:17,230

they'll prime the sky your sky will

578

00:25:21,690 --> 00:25:19,240

start getting into less blue into a

579

00:25:23,760 --> 00:25:21,700

silver haze and then literally I've been

580

00:25:26,250 --> 00:25:23,770

able to tell my non-believer friend I'll

581

00:25:28,410 --> 00:25:26,260

say well they've been at it for two days

582

00:25:30,600 --> 00:25:28,420

Prime in the sky I can guarantee you

583

00:25:32,700 --> 00:25:30,610

tomorrow we have a grid pattern in our

584

00:25:33,630 --> 00:25:32,710

sky and then they say how can you

585

00:25:35,430 --> 00:25:33,640

possibly know that

586

00:25:37,320 --> 00:25:35,440

and I'll say let's just wait till

587

00:25:40,380 --> 00:25:37,330

tomorrow and I'll explain and then they

588

00:25:42,180 --> 00:25:40,390

come and they grid the sky with the

589

00:25:44,040 --> 00:25:42,190

other chemicals that react with the

590

00:25:47,610 --> 00:25:44,050

barium the strontium and the aluminum

591

00:25:50,520 --> 00:25:47,620

and then this chemical reaction in our

592

00:25:53,400 --> 00:25:50,530

sky using the sky as a laboratory that's

593

00:25:56,450 --> 00:25:53,410

the NASA quote using the atmosphere as a

594

00:25:59,040 --> 00:25:56,460

laboratory these chemicals interact and

595

00:26:01,140 --> 00:25:59,050

they become radioactive and they could

596

00:26:03,840 --> 00:26:01,150

stay up in the sky longer because their

597

00:26:06,600 --> 00:26:03,850

plasma fied now also you can see

598

00:26:09,720 --> 00:26:06,610

sometimes a long chem trail being laid

599

00:26:12,360 --> 00:26:09,730

out and alongside it you'll see the

600

00:26:14,820 --> 00:26:12,370

shorter primer jet coming to mix the

601
00:26:17,040 --> 00:26:14,830
chemical right by side-by-side with it

602
00:26:19,320 --> 00:26:17,050
okay that's that's them putting two

603
00:26:21,930 --> 00:26:19,330
chemicals next to each other to create

604
00:26:24,900 --> 00:26:21,940
the chemical reaction in the sky because

605
00:26:28,020 --> 00:26:24,910
ultimately they can't spread out one

606
00:26:31,350 --> 00:26:28,030
chemical and then have another chemical

607
00:26:34,350 --> 00:26:31,360
come and and add to it in their big

608
00:26:36,870 --> 00:26:34,360
science experiment unless they layer it

609
00:26:39,180 --> 00:26:36,880
the right way right so if you start

610
00:26:40,530 --> 00:26:39,190
looking at the sky the right way and in

611
00:26:42,510 --> 00:26:40,540
discern

612
00:26:45,180 --> 00:26:42,520
and go back in your memory bank and

613
00:26:47,070 --> 00:26:45,190

remember wait I've actually seen a lot

614

00:26:50,640 --> 00:26:47,080

of planes fly over with nothing coming

615

00:26:54,300 --> 00:26:50,650

out of the back right that is true but

616

00:26:56,640 --> 00:26:54,310

for me I still I guess the thing people

617

00:26:58,590 --> 00:26:56,650

say to cast doubt is that they say well

618

00:27:00,570 --> 00:26:58,600

it just depends on obviously the

619

00:27:02,670 --> 00:27:00,580

conditions the moisture in the air the

620

00:27:05,760 --> 00:27:02,680

humidity and the altitude of the plane

621

00:27:07,890 --> 00:27:05,770

and I'm too dumb to know if that's

622

00:27:10,710 --> 00:27:07,900

legitimate or not because it seems like

623

00:27:12,660 --> 00:27:10,720

that sounds like good science or sounds

624

00:27:14,940 --> 00:27:12,670

like a rational possibility I mean I

625

00:27:17,040 --> 00:27:14,950

don't doubt this is happening but I also

626

00:27:19,020 --> 00:27:17,050

I'm not sure if it's possible for a

627

00:27:21,990 --> 00:27:19,030

plane to make a natural trail of any

628

00:27:23,760 --> 00:27:22,000

kind right and you're not an atmospheric

629

00:27:25,650 --> 00:27:23,770

scientist so that's when the cognitive

630

00:27:29,820 --> 00:27:25,660

dissonance comes in and you build these

631

00:27:32,760 --> 00:27:29,830

brick walls so to that I rebuttal well

632

00:27:34,110 --> 00:27:32,770

how about this like I know you're near

633

00:27:36,420 --> 00:27:34,120

an airport so this doesn't really count

634

00:27:39,360 --> 00:27:36,430

for you but people that don't live right

635

00:27:42,630 --> 00:27:39,370

next to the airport there are days that

636

00:27:44,580 --> 00:27:42,640

go by where you don't see any air

637

00:27:46,260 --> 00:27:44,590

traffic or you see sparse air traffic

638

00:27:48,210 --> 00:27:46,270

this is how I totally woke up to

639

00:27:51,050 --> 00:27:48,220

chemtrails I was working on a farm up in

640

00:27:54,810 --> 00:27:51,060

Northern California and what I witnessed

641

00:27:57,240 --> 00:27:54,820

where I would have a complete day go by

642

00:27:59,070 --> 00:27:57,250

I'm working on a farm and I see a couple

643

00:28:04,200 --> 00:27:59,080

small little airplanes go by with no

644

00:28:07,170 --> 00:28:04,210

trail but then some days dozens of

645

00:28:10,130 --> 00:28:07,180

planes show up together

646

00:28:14,700 --> 00:28:10,140

and it's a statistically significant

647

00:28:16,410 --> 00:28:14,710

uptick in air traffic itself mm-hmm so

648

00:28:17,910 --> 00:28:16,420

let's just ignore the trails you know

649

00:28:19,350 --> 00:28:17,920

like if we're new to this and we're

650

00:28:20,910 --> 00:28:19,360

waking up to it and we're like well I'm

651

00:28:22,920 --> 00:28:20,920

not a scientist I don't know what the

652

00:28:25,170 --> 00:28:22,930

atmospheric humidity conditions are and

653

00:28:28,170 --> 00:28:25,180

if I look it up online they tell me that

654

00:28:29,880 --> 00:28:28,180

the barometric pressure and the moisture

655

00:28:31,440 --> 00:28:29,890

levels and the altitude and the

656

00:28:33,330 --> 00:28:31,450

temperatures and all this stuff you know

657

00:28:35,990 --> 00:28:33,340

it's really confusing right let's just

658

00:28:40,080 --> 00:28:36,000

talk about air traffic in it of itself

659

00:28:41,790 --> 00:28:40,090

some days you have very sparse air

660

00:28:44,400 --> 00:28:41,800

traffic or none at all

661

00:28:49,710 --> 00:28:44,410

and some days you see dozens of planes

662

00:28:52,560 --> 00:28:49,720

per hour gritting the sky mm-hmm that in

663

00:28:55,320 --> 00:28:52,570

it of itself is enough to wake people up

664

00:28:58,920 --> 00:28:55,330

right I mean hell yeah man and I don't

665

00:29:01,200 --> 00:28:58,930

put anything past Billy I just um I

666

00:29:03,120 --> 00:29:01,210

don't like to spout off too much about a

667

00:29:05,220 --> 00:29:03,130

particular topic until I have those

668

00:29:07,350 --> 00:29:05,230

rebuttals ready because the conspiracy

669

00:29:09,570 --> 00:29:07,360

folks are notorious for doing that and I

670

00:29:11,790 --> 00:29:09,580

want to kind of you know help instead of

671

00:29:14,370 --> 00:29:11,800

hurt but when you mentioned fuel

672

00:29:15,990 --> 00:29:14,380

additives that is not something that

673

00:29:18,630 --> 00:29:16,000

surprises me at all because I think the

674

00:29:21,120 --> 00:29:18,640

oil industry is at the heart of so many

675

00:29:23,190 --> 00:29:21,130

problems and they have their sticky

676

00:29:25,410 --> 00:29:23,200

little fingers and tentacles in all the

677

00:29:27,960 --> 00:29:25,420

areas of the conspiracy pie and it's so

678

00:29:29,460 --> 00:29:27,970

easy for them to add these chemicals and

679

00:29:31,290 --> 00:29:29,470

no one will know anything about it and

680

00:29:35,040 --> 00:29:31,300

that's how it could get into the

681

00:29:37,440 --> 00:29:35,050

commercial jetliner industry and we all

682

00:29:38,960 --> 00:29:37,450

know the whole you know airplane

683

00:29:40,950 --> 00:29:38,970

transportation industry is

684

00:29:42,600 --> 00:29:40,960

quasi-governmental I mean they share all

685

00:29:45,630 --> 00:29:42,610

the same airports they're private

686

00:29:48,180 --> 00:29:45,640

companies yet the TSA is there and it is

687

00:29:49,920 --> 00:29:48,190

the Nexus of fascism really of

688

00:29:53,730 --> 00:29:49,930

government and corporate power coming

689

00:29:56,190 --> 00:29:53,740

together but that is a perfect hotbed

690

00:29:57,930 --> 00:29:56,200

for this type of experimentation and

691

00:29:59,970 --> 00:29:57,940

getting this kind of thing done I mean

692

00:30:02,660 --> 00:29:59,980

they have all the conditions right there

693

00:30:06,510 --> 00:30:02,670

to carry out these kind of campaigns

694

00:30:08,730 --> 00:30:06,520

very true and I mean not to get too

695

00:30:11,010 --> 00:30:08,740

off-topic but I've had so I've got this

696

00:30:12,600 --> 00:30:11,020

activist base I've got a lot of

697

00:30:16,050 --> 00:30:12,610

activists that reach out to me and

698

00:30:19,410 --> 00:30:16,060

recently I had an activist reach out to

699

00:30:21,030 --> 00:30:19,420

me from Europe and they said that Ryan

700

00:30:23,630 --> 00:30:21,040

err there's

701
00:30:27,060 --> 00:30:23,640
company Ryanair out of Europe that has

702
00:30:30,710 --> 00:30:27,070
\$9 flights okay

703
00:30:35,340 --> 00:30:30,720
\$9 flights you can fly in Europe and

704
00:30:39,860 --> 00:30:35,350
they are under the opinion that these

705
00:30:42,890 --> 00:30:39,870
airlines are being completely funded

706
00:30:45,330 --> 00:30:42,900
through this program that they literally

707
00:30:48,410 --> 00:30:45,340
aren't even making their money off of

708
00:30:50,850 --> 00:30:48,420
seats that they're getting paid

709
00:30:54,780 --> 00:30:50,860
essentially the outfit their jets at the

710
00:30:57,660 --> 00:30:54,790
spray the sky virgin airline is one of

711
00:30:59,190 --> 00:30:57,670
the primary funders of the solar

712
00:31:03,000 --> 00:30:59,200
radiation management governance

713
00:31:05,460 --> 00:31:03,010

initiative they fund David Keith the

714

00:31:07,950 --> 00:31:05,470

primary solar geo engineer at Harvard

715

00:31:10,830 --> 00:31:07,960

and that outfitting their plane to be

716

00:31:12,450 --> 00:31:10,840

able to release these chemicals okay but

717

00:31:15,150 --> 00:31:12,460

none of this is necessarily proven so we

718

00:31:19,590 --> 00:31:15,160

can stick to some some tangibles but I

719

00:31:22,290 --> 00:31:19,600

don't doubt that if it's such a large

720

00:31:24,120 --> 00:31:22,300

conspiracy that a lot of people cannot

721

00:31:25,770 --> 00:31:24,130

sink their teeth into it especially when

722

00:31:29,160 --> 00:31:25,780

you start talking about all of the

723

00:31:31,530 --> 00:31:29,170

airlines are involved and even when you

724

00:31:34,440 --> 00:31:31,540

get into holographic technology and all

725

00:31:38,340 --> 00:31:34,450

this stuff it's just so beyond people

726

00:31:41,160 --> 00:31:38,350

that it's easy to just turn away and say

727

00:31:43,620 --> 00:31:41,170

you're crazy well let me ask you how do

728

00:31:46,950 --> 00:31:43,630

you think holographic technology comes

729

00:31:50,460 --> 00:31:46,960

into play here my opinion okay so I

730

00:31:56,310 --> 00:31:50,470

would I've witnessed is I was living in

731

00:31:59,990 --> 00:31:56,320

Oregon last year and I witnessed trails

732

00:32:03,840 --> 00:32:00,000

very low to the ground and I witnessed

733

00:32:08,190 --> 00:32:03,850

invisible plane okay where there was

734

00:32:09,420 --> 00:32:08,200

nothing in front of the trail but but

735

00:32:11,660 --> 00:32:09,430

something must have been there because

736

00:32:16,890 --> 00:32:11,670

something was being sprayed and then

737

00:32:19,740 --> 00:32:16,900

when the planes went into a heavily hazy

738

00:32:23,250 --> 00:32:19,750

area where you would assume there'd be

739

00:32:27,510 --> 00:32:23,260

less visibility all of a sudden the

740

00:32:30,660 --> 00:32:27,520

plane would appear and every single time

741

00:32:33,210 --> 00:32:30,670

a plane appeared like this it was a very

742

00:32:34,690 --> 00:32:33,220

very flat image and it read on the

743

00:32:37,419 --> 00:32:34,700

bottom Emirates

744

00:32:40,269 --> 00:32:37,429

like United Arab Emirates or Emirates

745

00:32:42,220 --> 00:32:40,279

Airlines or something like that and it

746

00:32:45,009 --> 00:32:42,230

was very interesting to me so I started

747

00:32:46,960 --> 00:32:45,019

doing this research on Emirates and I

748

00:32:51,070 --> 00:32:46,970

started finding these different posts

749

00:32:53,710 --> 00:32:51,080

online of holographic or what is claimed

750

00:32:57,489 --> 00:32:53,720

to be holographic technology and orbs

751
00:33:02,200 --> 00:32:57,499
spraying which is very interesting yeah

752
00:33:03,399 --> 00:33:02,210
and really it's just this you know I'll

753
00:33:04,840 --> 00:33:03,409
just go there because I know you have a

754
00:33:09,279 --> 00:33:04,850
lot of cool users that are that are

755
00:33:12,609 --> 00:33:09,289
awake [h__h] yeah okay it seems like there

756
00:33:15,009 --> 00:33:12,619
is an agenda that is beyond the US

757
00:33:17,999 --> 00:33:15,019
military industrial complex it seems

758
00:33:24,860 --> 00:33:18,009
like there's technology that has been

759
00:33:28,910 --> 00:33:24,870
garnered from outside of our

760
00:33:31,520 --> 00:33:28,920
realm of belief okay you've got plane

761
00:33:34,220 --> 00:33:31,530
that don't look like plane that just

762
00:33:37,430 --> 00:33:34,230
like look like circular orbs and they're

763
00:33:40,280 --> 00:33:37,440

zigzagging the sky and spraying really

764

00:33:42,320 --> 00:33:40,290

low to the ground especially over the UK

765

00:33:44,180 --> 00:33:42,330

which is really interesting I've got a

766

00:33:47,390 --> 00:33:44,190

lot of people from Ireland in the UK

767

00:33:49,040 --> 00:33:47,400

sending me unbelievable footage so in

768

00:33:51,530 --> 00:33:49,050

the sequel I've got Franken skies now

769

00:33:53,210 --> 00:33:51,540

and then Franken skies too will will dig

770

00:33:55,430 --> 00:33:53,220

deeper into this and talk about the or

771

00:33:57,440 --> 00:33:55,440

the biological and Morgellons and all

772

00:34:00,110 --> 00:33:57,450

the sort of other stuff the first film

773

00:34:02,480 --> 00:34:00,120

is just to start the conversation it's

774

00:34:04,460 --> 00:34:02,490

to open people's eyes especially people

775

00:34:06,500 --> 00:34:04,470

that are brand-new to this so I would

776
00:34:08,919 --> 00:34:06,510
never go down that path and start

777
00:34:11,629 --> 00:34:08,929
talking about Forbes and

778
00:34:13,930 --> 00:34:11,639
transdimensional interdimensional

779
00:34:17,000 --> 00:34:13,940
species that are that are trying to

780
00:34:21,409 --> 00:34:17,010
dictate the vibration in which the human

781
00:34:23,990 --> 00:34:21,419
species lives in in the first film

782
00:34:25,970 --> 00:34:24,000
no but the second the second one is

783
00:34:30,379 --> 00:34:25,980
going to explore these possibilities

784
00:34:34,820 --> 00:34:30,389
there are people that are being exposed

785
00:34:38,450 --> 00:34:34,830
to kin trails and they claim that these

786
00:34:40,780 --> 00:34:38,460
fibers these intelligent non-human

787
00:34:44,240 --> 00:34:40,790
fibers growing out of their skin are

788
00:34:45,350 --> 00:34:44,250

related to the air soft spring right

789

00:34:46,850 --> 00:34:45,360

that's something that needs to be

790

00:34:50,020 --> 00:34:46,860

discussed these are conversations that

791

00:34:54,919 --> 00:34:50,030

need to be had people are witnessing

792

00:34:59,120 --> 00:34:54,929

really really wild out there things in

793

00:35:03,080 --> 00:34:59,130

their skies that honestly their brains

794

00:35:05,510 --> 00:35:03,090

cannot comprehend so I'll tell you a

795

00:35:09,890 --> 00:35:05,520

quick story I met a woman a very nice

796

00:35:12,410 --> 00:35:09,900

woman and we were discussing the turn of

797

00:35:14,900 --> 00:35:12,420

events that day I said did you see the

798

00:35:16,430 --> 00:35:14,910

sky today and she's like Matt I went and

799

00:35:18,380 --> 00:35:16,440

saw one of your presentations I had no

800

00:35:20,960 --> 00:35:18,390

idea that we got braids like that here

801
00:35:23,270 --> 00:35:20,970
I started looking up and I saw the most

802
00:35:25,700 --> 00:35:23,280
crazy chemtrails today the grid pattern

803
00:35:27,620 --> 00:35:25,710
this and that really load of the sky all

804
00:35:29,840 --> 00:35:27,630
of a sudden the sky was a white haze and

805
00:35:32,150 --> 00:35:29,850
I said yeah what else did you see and

806
00:35:33,680 --> 00:35:32,160
she you know goes into it a little more

807
00:35:35,330 --> 00:35:33,690
and telling me telling me telling me and

808
00:35:38,329 --> 00:35:35,340
I go you know what I saw

809
00:35:41,509 --> 00:35:38,339
what's that and I said I saw a

810
00:35:45,380 --> 00:35:41,519
black line shooting out of the nose of

811
00:35:48,620 --> 00:35:45,390
what I thought was a little drone and

812
00:35:50,779 --> 00:35:48,630
she says I saw that too and I say to the

813
00:35:53,359 --> 00:35:50,789

lady well how come you didn't tell me

814

00:35:55,400 --> 00:35:53,369

about it just now why did why wouldn't

815

00:35:58,519 --> 00:35:55,410

you tell me about it and she said I

816

00:36:02,380 --> 00:35:58,529

forgot and we start digging deeper into

817

00:36:05,959 --> 00:36:02,390

it and her brain put it on the shelf

818

00:36:06,499 --> 00:36:05,969

right her cognitive dissonance got in

819

00:36:09,140 --> 00:36:06,509

the way

820

00:36:11,959 --> 00:36:09,150

even though she's pretty awake she still

821

00:36:14,690 --> 00:36:11,969

didn't think it was anything noteworthy

822

00:36:16,849 --> 00:36:14,700

and her brain shelved it as it's a

823

00:36:20,809 --> 00:36:16,859

shadow don't worry about it don't even

824

00:36:23,329 --> 00:36:20,819

remember this okay but once I brought it

825

00:36:26,599 --> 00:36:23,339

up she said whoa it was actually really

826

00:36:29,209 --> 00:36:26,609

crazy because it looked like that the

827

00:36:32,959 --> 00:36:29,219

nose of the plane was shooting a black

828

00:36:36,109 --> 00:36:32,969

line out into the horizon all right and

829

00:36:38,769 --> 00:36:36,119

what it is to me I have no doubt that

830

00:36:41,630 --> 00:36:38,779

people are witnessing some extremely

831

00:36:43,700 --> 00:36:41,640

out-of-this-world things but a lot of

832

00:36:45,890 --> 00:36:43,710

people because of the way that we're

833

00:36:48,289 --> 00:36:45,900

socially engineered and our peers and

834

00:36:49,459 --> 00:36:48,299

people fear have all these fears and

835

00:36:54,549 --> 00:36:49,469

they don't want to talk about it already

836

00:36:57,440 --> 00:36:54,559

that there is a literal mental block

837

00:36:59,509 --> 00:36:57,450

there's a claim that when Columbus came

838

00:37:01,729 --> 00:36:59,519

over the Nina Pinta santamarina that not

839

00:37:03,859 --> 00:37:01,739

all the natives on the shore could even

840

00:37:07,120 --> 00:37:03,869

see these massive boats because they had

841

00:37:10,190 --> 00:37:07,130

no mental constructs

842

00:37:11,809 --> 00:37:10,200

right I couldn't process it right

843

00:37:13,450 --> 00:37:11,819

exactly and I believe that that's

844

00:37:16,069 --> 00:37:13,460

something that we're going through now I

845

00:37:18,170 --> 00:37:16,079

mean you and I must know people that

846

00:37:21,259 --> 00:37:18,180

even if the chemtrails were at ground

847

00:37:23,779 --> 00:37:21,269

level even if there were spaceships out

848

00:37:26,749 --> 00:37:23,789

there spraying these things that they

849

00:37:28,819 --> 00:37:26,759

would see it and say that that could not

850

00:37:31,099 --> 00:37:28,829

happen there must be some sort of

851

00:37:32,779 --> 00:37:31,109

airshow going on you know like they

852

00:37:34,700 --> 00:37:32,789

would never there's thing that people

853

00:37:35,930 --> 00:37:34,710

refuse to believe and I think that

854

00:37:40,969 --> 00:37:35,940

that's something that we're up against

855

00:37:43,219 --> 00:37:40,979

right now absolutely man and I do really

856

00:37:45,400 --> 00:37:43,229

get intrigued by what seems to be the

857

00:37:48,229 --> 00:37:45,410

cutting edge of chemtrail geoengineering

858

00:37:50,180 --> 00:37:48,239

research we've had guests like Harold

859

00:37:52,610 --> 00:37:50,190

couch bela and sophia small storm

860

00:37:55,070 --> 00:37:52,620

talking about the biological ass

861

00:37:57,560 --> 00:37:55,080

talking about mind manipulation or the

862

00:38:01,430 --> 00:37:57,570

Morgellons thing or the idea of nanobots

863

00:38:03,890 --> 00:38:01,440

and this transhumanist agenda that we're

864

00:38:05,720 --> 00:38:03,900

actually be having the air filled with

865

00:38:08,000 --> 00:38:05,730

nanobots for us to breathe in so they

866

00:38:11,360 --> 00:38:08,010

could eventually be switched on of

867

00:38:16,370 --> 00:38:11,370

course all this also ties into Wi-Fi

868

00:38:18,530 --> 00:38:16,380

frequencies ties into the 3 4 5 g cell

869

00:38:20,440 --> 00:38:18,540

phone frequencies they're amping that up

870

00:38:23,380 --> 00:38:20,450

some people have suggested that's

871

00:38:25,940 --> 00:38:23,390

experimentation that each iteration is

872

00:38:27,800 --> 00:38:25,950

going somewhere other than better cell

873

00:38:29,780 --> 00:38:27,810

phone signals and it's not going to be

874

00:38:31,940 --> 00:38:29,790

good for us and I really do think

875

00:38:35,480 --> 00:38:31,950

there's a real big soup of all these

876

00:38:37,670 --> 00:38:35,490

technologies that could possibly be

877

00:38:40,310 --> 00:38:37,680

working towards some super-dark agenda

878

00:38:45,560 --> 00:38:40,320

like the zombification the Android

879

00:38:49,309 --> 00:38:45,570

application of humanity well I do I do

880

00:38:53,269 --> 00:38:49,319

believe you're correct and it's really

881

00:38:56,689 --> 00:38:53,279

it's really beyond hypothesizing right

882

00:39:00,949 --> 00:38:56,699

now because it's in the forefront so

883

00:39:03,680 --> 00:39:00,959

we've got Elon Musk okay Elon Musk won

884

00:39:07,910 --> 00:39:03,690

over the hearts of America with his

885

00:39:11,359 --> 00:39:07,920

space ex in his solar city and his Tesla

886

00:39:15,439 --> 00:39:11,369

cars and he is viewed as an innovator

887

00:39:19,189 --> 00:39:15,449

this Elon Musk so he I mean the SpaceX

888

00:39:20,779 --> 00:39:19,199

he takes video of a rocket taking off he

889

00:39:24,109 --> 00:39:20,789

puts it in reverse and says look we can

890

00:39:27,229 --> 00:39:24,119

land rockets on Mars right and then all

891

00:39:31,009 --> 00:39:27,239

of a sudden this Elon Musk is pushing

892

00:39:34,640 --> 00:39:31,019

this transhumanism agenda he claims if

893

00:39:38,299 --> 00:39:34,650

we don't become artificially intelligent

894

00:39:42,229 --> 00:39:38,309

and part robot that artificial

895

00:39:44,809 --> 00:39:42,239

intelligence will overcome us which is

896

00:39:46,549 --> 00:39:44,819

actually a very weird twisted oxymoron

897

00:39:49,609 --> 00:39:46,559

Keith's claiming that if we don't

898

00:39:51,949 --> 00:39:49,619

advance AI that AI will advance to the

899

00:39:54,680 --> 00:39:51,959

point that it will overcome humanity and

900

00:39:56,719 --> 00:39:54,690

we will become house pets so here's what

901
00:40:00,380 --> 00:39:56,729
I see is going on there and the agenda

902
00:40:02,029 --> 00:40:00,390
is all interconnected that's one thing

903
00:40:04,609 --> 00:40:02,039
that people need to know and that's one

904
00:40:06,439 --> 00:40:04,619
thing I want to encourage the activist

905
00:40:09,880 --> 00:40:06,449
community I really want to make activism

906
00:40:13,759 --> 00:40:09,890
cool and and help the youth understand

907
00:40:15,939 --> 00:40:13,769
how important it is to become awake and

908
00:40:18,769 --> 00:40:15,949
to see the truth because the truth is is

909
00:40:21,079 --> 00:40:18,779
as a frequency you know and once you're

910
00:40:23,299 --> 00:40:21,089
awake to truth all of it is true you

911
00:40:26,120 --> 00:40:23,309
know you can't be half pregnant right I

912
00:40:28,489 --> 00:40:26,130
can't be a half truth er so it's all

913
00:40:30,559 --> 00:40:28,499

correlated the same attack on the youth

914

00:40:32,420 --> 00:40:30,569

that involves the chemtrails involves

915

00:40:34,089 --> 00:40:32,430

the vaccines involves the transhumanism

916

00:40:38,089 --> 00:40:34,099

and here's what I see as the

917

00:40:43,269 --> 00:40:38,099

transhumanism agenda they threw a lon

918

00:40:46,699 --> 00:40:43,279

musk they're pitching this Mars

919

00:40:48,769 --> 00:40:46,709

exploration right they claim that we're

920

00:40:51,039 --> 00:40:48,779

going to be going to and exploring Mars

921

00:40:54,079 --> 00:40:51,049

and they're going to make it this

922

00:40:57,499 --> 00:40:54,089

pop-culture television show where if

923

00:40:59,839 --> 00:40:57,509

you're cool enough you will be voted to

924

00:41:01,489 --> 00:40:59,849

go be one of the first people to Mars

925

00:41:03,109 --> 00:41:01,499

but how are you going to be cool enough

926
00:41:04,519 --> 00:41:03,119
to go to Mars well

927
00:41:06,259 --> 00:41:04,529
you have to be able to breathe their

928
00:41:08,509 --> 00:41:06,269
atmosphere and you have to be able to

929
00:41:10,940 --> 00:41:08,519
live longer and you have to be able to

930
00:41:12,529 --> 00:41:10,950
be half robot so first let's put this

931
00:41:14,480 --> 00:41:12,539
chip in your brain and we'll put this

932
00:41:17,480 --> 00:41:14,490
chip in your arm and then we're going to

933
00:41:19,910 --> 00:41:17,490
plug you into this neural link Elon Musk

934
00:41:22,489 --> 00:41:19,920
has this new company coming out near a

935
00:41:25,640 --> 00:41:22,499
link where you literally plug in your

936
00:41:29,450 --> 00:41:25,650
ethernet cord to your jugular into your

937
00:41:32,930 --> 00:41:29,460
throat and so they're ultimately pushing

938
00:41:34,670 --> 00:41:32,940

they're pushing this Borg you know if

939

00:41:39,380 --> 00:41:34,680

you're familiar with Star Trek this

940

00:41:41,150 --> 00:41:39,390

board this unified technology where

941

00:41:44,900 --> 00:41:41,160

everybody is under this umbrella where

942

00:41:47,140 --> 00:41:44,910

we all have shared thoughts shared

943

00:41:49,489 --> 00:41:47,150

memories where we're all on this

944

00:41:53,989 --> 00:41:49,499

intranet where we're all together and

945

00:41:56,920 --> 00:41:53,999

we're all part part biological and we

946

00:41:59,960 --> 00:41:56,930

probably won't even die so they're all

947

00:42:02,539 --> 00:41:59,970

avoiding this spiritual talk of a soul

948

00:42:04,940 --> 00:42:02,549

or anything like that and they're going

949

00:42:07,849 --> 00:42:04,950

into this dystopian future that they're

950

00:42:10,160 --> 00:42:07,859

pushing full-scale and I think that the

951
00:42:13,050 --> 00:42:10,170
chemtrail agenda is all connected

952
00:42:16,350 --> 00:42:13,060
because there isn't

953
00:42:19,830 --> 00:42:16,360
a firm thing that they're spraying us

954
00:42:22,680 --> 00:42:19,840
with it's not just aluminum it's not

955
00:42:26,220 --> 00:42:22,690
just sulfuric acid to block out the Sun

956
00:42:29,820 --> 00:42:26,230
there are highly complex carbon

957
00:42:33,660 --> 00:42:29,830
nanotubes and these carbon nanotubes

958
00:42:38,310 --> 00:42:33,670
have this advanced technology that is

959
00:42:40,950 --> 00:42:38,320
otherworldly and once you are subjected

960
00:42:44,670 --> 00:42:40,960
to it it assimilates

961
00:42:47,880 --> 00:42:44,680
and alters your DNA okay so there's a

962
00:42:53,000 --> 00:42:47,890
dystopian future where we're 5g gets

963
00:42:57,800 --> 00:42:53,010

turned on and 5g is is very very very

964

00:43:03,270 --> 00:42:57,810

weaponized it is it is an attack on

965

00:43:08,280 --> 00:43:03,280

everything that we know as humans the 5g

966

00:43:10,320 --> 00:43:08,290

will literally make us into robots

967

00:43:13,110 --> 00:43:10,330

because the Internet of Things our

968

00:43:14,760 --> 00:43:13,120

dishwasher is going to be pulsing this

969

00:43:17,370 --> 00:43:14,770

frequency if you've ever lived with a

970

00:43:19,830 --> 00:43:17,380

smart meter and actually realize what

971

00:43:23,310 --> 00:43:19,840

these things are doing it's this agenda

972

00:43:26,640 --> 00:43:23,320

but pushed to an infinite realm where

973

00:43:29,970 --> 00:43:26,650

everybody is plugged in but not on the

974

00:43:33,720 --> 00:43:29,980

internet through a neural network where

975

00:43:37,260 --> 00:43:33,730

we all share the same information and

976
00:43:41,220 --> 00:43:37,270
memories right and these robotic half

977
00:43:43,040 --> 00:43:41,230
human half artificial intelligence

978
00:43:45,540 --> 00:43:43,050
this agendas being pushed through the

979
00:43:48,870 --> 00:43:45,550
chemtrails through the vaccine even

980
00:43:51,140 --> 00:43:48,880
through the poisoning of our food

981
00:43:57,210 --> 00:43:51,150
they're coming up with new pesticide

982
00:43:59,880 --> 00:43:57,220
that are nano webbing technology and

983
00:44:02,160 --> 00:43:59,890
it's all integrated it's all really dark

984
00:44:05,160 --> 00:44:02,170
so really what we need is a push towards

985
00:44:09,599 --> 00:44:05,170
humanity we need a revolution of humans

986
00:44:11,609 --> 00:44:09,609
to preserve the human like the actual

987
00:44:14,609 --> 00:44:11,619
human you know and it's actually really

988
00:44:17,340 --> 00:44:14,619

dark and weird and the kid they need to

989

00:44:20,720 --> 00:44:17,350

realize that upgrading to the next

990

00:44:26,010 --> 00:44:20,730

technological device and the completely

991

00:44:28,200 --> 00:44:26,020

evolved beyond our our physical cells is

992

00:44:29,730 --> 00:44:28,210

not the direction that humanity needs to

993

00:44:31,410 --> 00:44:29,740

go like we need to take a step back and

994

00:44:33,960 --> 00:44:31,420

actually look at ourselves I know I got

995

00:44:36,540 --> 00:44:33,970

off on a kind of a tangent but what I'm

996

00:44:39,090 --> 00:44:36,550

getting at is like we're not done

997

00:44:41,400 --> 00:44:39,100

evolving right we don't need to start

998

00:44:45,420 --> 00:44:41,410

putting robotic devices in ourselves

999

00:44:47,010 --> 00:44:45,430

like we're not done right man I like

1000

00:44:49,320 --> 00:44:47,020

what you're saying and this definitely

1001
00:44:52,290 --> 00:44:49,330
escalated pretty quickly from cloud

1002
00:44:54,270 --> 00:44:52,300
seeding to nanobots but I do think

1003
00:44:56,940 --> 00:44:54,280
there's something there and I I'm not a

1004
00:44:58,920 --> 00:44:56,950
new AG guy but when I hear these people

1005
00:45:01,290 --> 00:44:58,930
talking they're not wrong to say that we

1006
00:45:03,420 --> 00:45:01,300
are light beans and that I do think

1007
00:45:06,150 --> 00:45:03,430
different positions in the solar system

1008
00:45:08,460 --> 00:45:06,160
based on the Sun and certain other

1009
00:45:11,010 --> 00:45:08,470
energies I think they do have different

1010
00:45:12,390 --> 00:45:11,020
effects I was having you know different

1011
00:45:13,830 --> 00:45:12,400
positions in the solar system having

1012
00:45:15,150 --> 00:45:13,840
different effects that's just astrology

1013
00:45:17,670 --> 00:45:15,160

in a nutshell and I think there's some

1014

00:45:20,340 --> 00:45:17,680

validity there so they really could be

1015

00:45:22,650 --> 00:45:20,350

trying to counteract some positive space

1016

00:45:25,260 --> 00:45:22,660

weather if they have the long cycles

1017

00:45:27,570 --> 00:45:25,270

figured out I mean some kind of light

1018

00:45:30,060 --> 00:45:27,580

activation it sounds a little hokey but

1019

00:45:32,070 --> 00:45:30,070

I don't know I hold the door open for

1020

00:45:34,230 --> 00:45:32,080

that but I did want to go back to the

1021

00:45:36,510 --> 00:45:34,240

the idea that there are no contrails for

1022

00:45:38,099 --> 00:45:36,520

a second just because I do think that's

1023

00:45:40,020 --> 00:45:38,109

possible it could be a term that they

1024

00:45:41,940 --> 00:45:40,030

put out just to confuse the issue they

1025

00:45:43,320 --> 00:45:41,950

have done that stuff before they did it

1026
00:45:45,960 --> 00:45:43,330
with the word conspirator or the term

1027
00:45:48,060 --> 00:45:45,970
conspiracy theorist but I have heard

1028
00:45:50,700 --> 00:45:48,070
that they're even going back to old

1029
00:45:52,920 --> 00:45:50,710
movies like jaws and Ferris Bueller to

1030
00:45:55,020 --> 00:45:52,930
digitally add chemtrails to make people

1031
00:45:57,330 --> 00:45:55,030
think these trails have always been

1032
00:45:59,970 --> 00:45:57,340
just a natural part of commercial air

1033
00:46:02,340 --> 00:45:59,980
travel and that would be a very bold

1034
00:46:04,560 --> 00:46:02,350
move have you been able to verify that

1035
00:46:05,970 --> 00:46:04,570
with old copies of these or any other

1036
00:46:08,640 --> 00:46:05,980
movies that are that have been in

1037
00:46:14,069 --> 00:46:10,799
I have and they did digitally remastered

1038
00:46:17,130 --> 00:46:14,079

Jaws hood and put in chemtrails and they

1039

00:46:20,490 --> 00:46:17,140

do put in controls into video games yeah

1040

00:46:23,099 --> 00:46:20,500

in children's films and they did just

1041

00:46:26,910 --> 00:46:23,109

announced that there are twelve new

1042

00:46:30,260 --> 00:46:26,920

cloud formations they updated the Cloud

1043

00:46:35,130 --> 00:46:30,270

Atlas to include all of these digitized

1044

00:46:38,730 --> 00:46:35,140

HAARP frequency clouds and chemtrail

1045

00:46:40,740 --> 00:46:38,740

clouds and they are the thing is is that

1046

00:46:43,589 --> 00:46:40,750

one thing that people do not want to

1047

00:46:45,900 --> 00:46:43,599

accept is that the military industrial

1048

00:46:49,829 --> 00:46:45,910

complex this isn't just the CIA

1049

00:46:51,269 --> 00:46:49,839

these are globalist elitist that have no

1050

00:46:54,510 --> 00:46:51,279

boundaries it's not just the United

1051

00:46:57,960 --> 00:46:54,520

States okay it's this elite group of

1052

00:46:59,609 --> 00:46:57,970

evil beings I'll call them okay because

1053

00:47:01,410 --> 00:46:59,619

I'm not even sure if they're human but

1054

00:47:06,880 --> 00:47:01,420

you know whatever we can't even go down

1055

00:47:10,240 --> 00:47:06,890

there I'm with you they frame our

1056

00:47:14,200 --> 00:47:10,250

not just on conversations they frame our

1057

00:47:18,310 --> 00:47:14,210

mental constructs okay and they do a

1058

00:47:19,960 --> 00:47:18,320

really good job at it they I mean it

1059

00:47:23,080 --> 00:47:19,970

even goes back to the English language

1060

00:47:26,710 --> 00:47:23,090

the English language was hijacked the

1061

00:47:29,680 --> 00:47:26,720

music the frequency at which we listen

1062

00:47:33,580 --> 00:47:29,690

to our music was hijacked and weaponized

1063

00:47:36,580 --> 00:47:33,590

so so really quick I have these

1064

00:47:41,860 --> 00:47:36,590

Rastafarian friends and they don't even

1065

00:47:44,830 --> 00:47:41,870

say the word you why oh you and I asked

1066

00:47:48,010 --> 00:47:44,840

them why don't you say the word you and

1067

00:47:51,310 --> 00:47:48,020

it's because they know that that word

1068

00:47:56,350 --> 00:47:51,320

was chosen because it is also the word

1069

00:47:59,080 --> 00:47:56,360

for female sheep gwe you so we're going

1070

00:48:01,360 --> 00:47:59,090

way back even when the English language

1071

00:48:04,420 --> 00:48:01,370

was set up and they know how powerful

1072

00:48:07,950 --> 00:48:04,430

humans are that when we spell things out

1073

00:48:10,960 --> 00:48:07,960

were actually casting spell and that our

1074

00:48:13,600 --> 00:48:10,970

co-created reality is actually a really

1075

00:48:16,030 --> 00:48:13,610

powerful thing and so when you're saying

1076
00:48:17,350 --> 00:48:16,040
you to person you're really taking away

1077
00:48:18,760 --> 00:48:17,360
their power by saying that they're a

1078
00:48:21,850 --> 00:48:18,770
female sheep when you say the word

1079
00:48:24,370 --> 00:48:21,860
understand the Rastas say overstand

1080
00:48:27,850 --> 00:48:24,380
because understand means you're standing

1081
00:48:30,370 --> 00:48:27,860
but you're still underneath a boot of

1082
00:48:33,010 --> 00:48:30,380
authority right your word for

1083
00:48:36,070 --> 00:48:33,020
comprehension isn't really a very

1084
00:48:39,610 --> 00:48:36,080
powerful word the word dedicate they put

1085
00:48:42,250 --> 00:48:39,620
the word dead in front so that your word

1086
00:48:45,820 --> 00:48:42,260
for commitment is already being killed

1087
00:48:49,120 --> 00:48:45,830
by dead the Rastas say litigate so your

1088
00:48:51,820 --> 00:48:49,130

mental constructs of every single thing

1089

00:48:55,230 --> 00:48:51,830

are being framed like this Hegelian

1090

00:48:57,850 --> 00:48:55,240

dialectic you know Hegel he he

1091

00:49:00,700 --> 00:48:57,860

determined I mean if you go back to

1092

00:49:05,680 --> 00:49:00,710

Freud right and then his nephew Edward

1093

00:49:09,340 --> 00:49:05,690

Bernays they knew and learned how to

1094

00:49:12,970 --> 00:49:09,350

appease people and to develop their

1095

00:49:15,340 --> 00:49:12,980

tastes to develop their reasoning skills

1096

00:49:17,670 --> 00:49:15,350

to develop their conversation to frame

1097

00:49:20,470 --> 00:49:17,680

their conversations to frame everything

1098

00:49:22,840 --> 00:49:20,480

so you get people and they're did

1099

00:49:24,849 --> 00:49:22,850

bading I mean you can take anything

1100

00:49:26,849 --> 00:49:24,859

right now like what I would love to talk

1101
00:49:31,720 --> 00:49:26,859
about Trump for just a second because

1102
00:49:33,620 --> 00:49:31,730
people are out there arguing over these

1103
00:49:36,620 --> 00:49:33,630
framed

1104
00:49:40,670 --> 00:49:36,630
arguments okay the media the

1105
00:49:43,670 --> 00:49:40,680
powers-that-be they frame your arguments

1106
00:49:45,529 --> 00:49:43,680
yes you've got two people thinking that

1107
00:49:47,930 --> 00:49:45,539
they've came up with their opinion on

1108
00:49:51,049 --> 00:49:47,940
something whether it be Trump or him

1109
00:49:53,269 --> 00:49:51,059
grabbing a vagina and whatever it may be

1110
00:49:56,839 --> 00:49:53,279
and you've got one person that thinks

1111
00:49:58,940 --> 00:49:56,849
that Trump is good because of X Y Z and

1112
00:50:02,420 --> 00:49:58,950
you've got one person thinking Trump is

1113
00:50:04,849 --> 00:50:02,430

bad because of ABC but but both of their

1114

00:50:09,470 --> 00:50:04,859

mental constructs have been developed by

1115

00:50:11,599 --> 00:50:09,480

a controlled media right so these people

1116

00:50:14,349 --> 00:50:11,609

are arguing about something and they

1117

00:50:18,170 --> 00:50:14,359

don't even realize that their entire

1118

00:50:21,710 --> 00:50:18,180

conversation has been framed and created

1119

00:50:22,190 --> 00:50:21,720

by powers that are almost invisible to

1120

00:50:25,490 --> 00:50:22,200

them

1121

00:50:31,400 --> 00:50:25,500

so the so the contrail chemtrail

1122

00:50:34,640 --> 00:50:31,410

geoengineering debate okay they control

1123

00:50:36,710 --> 00:50:34,650

the entire conversation if you think

1124

00:50:38,900 --> 00:50:36,720

that you're smart and you know about

1125

00:50:42,849 --> 00:50:38,910

solar geoengineering and solar radiation

1126

00:50:44,990 --> 00:50:42,859

management and and the albedo

1127

00:50:47,120 --> 00:50:45,000

modification and you know you think

1128

00:50:49,400 --> 00:50:47,130

you're so researched it's because you've

1129

00:50:54,019 --> 00:50:49,410

been fed this information like you said

1130

00:50:56,930 --> 00:50:54,029

the CIA created the word conspiracy

1131

00:50:59,599 --> 00:50:56,940

theorist if you are out there oh that's

1132

00:51:02,150 --> 00:50:59,609

a conspiracy theory in your ochem talk

1133

00:51:06,529 --> 00:51:02,160

chemtrails that's a conspiracy theory

1134

00:51:08,900 --> 00:51:06,539

you have been programmed not just to use

1135

00:51:10,940 --> 00:51:08,910

the word conspiracy theory but to also

1136

00:51:14,390 --> 00:51:10,950

scoff at the word chemtrails

1137

00:51:19,480 --> 00:51:14,400

that entire conversation you have been

1138

00:51:21,470 --> 00:51:19,490

socially engineered very very precisely

1139

00:51:24,140 --> 00:51:21,480

it's very interesting and very

1140

00:51:27,230 --> 00:51:24,150

complicated and once you start digging

1141

00:51:30,019 --> 00:51:27,240

deeper into that everything as we know

1142

00:51:31,849 --> 00:51:30,029

it has been controlled I mean I don't I

1143

00:51:34,579 --> 00:51:31,859

haven't I want to listen to more of your

1144

00:51:37,490 --> 00:51:34,589

shows I've got so many people who love

1145

00:51:39,829 --> 00:51:37,500

you so much and I really appreciate what

1146

00:51:45,570 --> 00:51:39,839

you do and I can only assume that you've

1147

00:51:51,030 --> 00:51:45,580

dug in to Flat Earth right yeah so even

1148

00:51:53,430 --> 00:51:51,040

our construct on earth okay I was was

1149

00:51:56,580 --> 00:51:53,440

digging into this one day right and

1150

00:51:57,960 --> 00:51:56,590

digging and we have a mutual friend Ron

1151
00:52:01,710 --> 00:51:57,970

Patton do you know Ron

1152
00:52:05,190 --> 00:52:01,720

absolutely mr. paranoia yeah exactly

1153
00:52:06,960 --> 00:52:05,200

so I was telling Ron about an experience

1154
00:52:10,770 --> 00:52:06,970

that I had and I and I'll just share it

1155
00:52:13,470 --> 00:52:10,780

with you really briefly is I was running

1156
00:52:16,950 --> 00:52:13,480

through on mushrooms I was running

1157
00:52:19,650 --> 00:52:16,960

through this Flat Earth theory in my

1158
00:52:24,360 --> 00:52:19,660

head okay Wow now what are they I was

1159
00:52:26,850 --> 00:52:24,370

going through my entire life right and I

1160
00:52:29,700 --> 00:52:26,860

was like well if it if it's a total sham

1161
00:52:31,140 --> 00:52:29,710

then what happened and where was I like

1162
00:52:33,240 --> 00:52:31,150

what why didn't I ever think of this

1163
00:52:36,300 --> 00:52:33,250

right and I went all the way back to my

1164

00:52:38,280 --> 00:52:36,310

childhood and I was in a classroom and

1165

00:52:39,090 --> 00:52:38,290

the teacher was saying what do you want

1166

00:52:41,250 --> 00:52:39,100

to be when you grow up

1167

00:52:44,640 --> 00:52:41,260

and everybody's raising their hand and

1168

00:52:48,540 --> 00:52:44,650

what was the best answer an astronaut

1169

00:52:51,600 --> 00:52:48,550

right yeah and then they teach you that

1170

00:52:54,150 --> 00:52:51,610

the people in Europe who thought that

1171

00:52:55,470 --> 00:52:54,160

the boats were going over the edge that

1172

00:52:57,390 --> 00:52:55,480

they were idiots how could they be so

1173

00:52:59,850 --> 00:52:57,400

dumb see this globe see this thing

1174

00:53:02,040 --> 00:52:59,860

spinning this is what's real right they

1175

00:53:05,610 --> 00:53:02,050

don't give you any facts they just tell

1176

00:53:08,250 --> 00:53:05,620

you what the truth is and then it went

1177

00:53:09,750 --> 00:53:08,260

even deeper and this is where and I

1178

00:53:13,140 --> 00:53:09,760

don't know if you've ever heard this one

1179

00:53:15,480 --> 00:53:13,150

I doubt you have so I was told and you

1180

00:53:16,920 --> 00:53:15,490

said you're you're from oh yes you're

1181

00:53:19,290 --> 00:53:16,930

from st. Louis so you would have heard

1182

00:53:21,390 --> 00:53:19,300

this so we were told and this is at a

1183

00:53:23,700 --> 00:53:21,400

very young age so and it's all about

1184

00:53:26,250 --> 00:53:23,710

like fear and shocking your mind and if

1185

00:53:28,200 --> 00:53:26,260

you learn about MKULTRA and mind control

1186

00:53:30,600 --> 00:53:28,210

and manipulation of the masses and you

1187

00:53:33,150 --> 00:53:30,610

start watching the television through a

1188

00:53:35,490 --> 00:53:33,160

new lens it's really really obvious they

1189

00:53:37,860 --> 00:53:35,500

shock you with some fear and then once

1190

00:53:39,690 --> 00:53:37,870

your brain wave within this state then

1191

00:53:42,030 --> 00:53:39,700

they tell you what to think it's so

1192

00:53:45,780 --> 00:53:42,040

simple and the brain is really

1193

00:53:49,230 --> 00:53:45,790

manipulatable I mean we are sponges and

1194

00:53:51,870 --> 00:53:49,240

we we don't even know how easily program

1195

00:53:55,350 --> 00:53:51,880

there we are and at a very young age I

1196

00:53:58,740 --> 00:53:55,360

was told about slavery and I felt guilty

1197

00:53:59,320 --> 00:53:58,750

because I was white right and I was like

1198

00:54:01,120 --> 00:53:59,330

wow

1199

00:54:04,760 --> 00:54:01,130

how could we have done that that is so

1200

00:54:08,010 --> 00:54:04,770

horrible and then we're told about

1201
00:54:11,250 --> 00:54:08,020
who was Oh Harriet Tubman okay I'm on

1202
00:54:15,829 --> 00:54:11,260
this engine start so here Harriet Tubman

1203
00:54:20,160 --> 00:54:15,839
she took the slaves on the Underground

1204
00:54:24,690 --> 00:54:20,170
Railroad and she took them to freedom

1205
00:54:27,030 --> 00:54:24,700
Wow what a hero what what an amazing

1206
00:54:29,099 --> 00:54:27,040
person you know it's like you you you

1207
00:54:30,510 --> 00:54:29,109
were you're put in this fear spot

1208
00:54:32,520 --> 00:54:30,520
because you're such a horrible person

1209
00:54:34,770 --> 00:54:32,530
for being white but wait a second she

1210
00:54:36,870 --> 00:54:34,780
was a hero and she was taking people in

1211
00:54:38,970 --> 00:54:36,880
the dark at night and then they would

1212
00:54:41,040 --> 00:54:38,980
sing about her about following the

1213
00:54:42,809 --> 00:54:41,050

Underground Railroad and this beautiful

1214

00:54:44,460 --> 00:54:42,819

thing the Underground Railroad but it's

1215

00:54:47,190 --> 00:54:44,470

not really a railroad it's not really a

1216

00:54:48,990 --> 00:54:47,200

trail it's not really underground but

1217

00:54:51,750 --> 00:54:49,000

what she did is she went outside of the

1218

00:54:54,630 --> 00:54:51,760

night sky and she sang it in her song

1219

00:54:58,500 --> 00:54:54,640

and she told everybody to find the North

1220

00:55:02,430 --> 00:54:58,510

Star and that that North Star serious

1221

00:55:06,480 --> 00:55:02,440

that that North Star equals freedom okay

1222

00:55:07,770 --> 00:55:06,490

so somewhere in our mental construct

1223

00:55:10,620 --> 00:55:07,780

while they're building our mental

1224

00:55:13,740 --> 00:55:10,630

construct they somehow I don't know why

1225

00:55:17,609 --> 00:55:13,750

is it the karmic thing or or if it's

1226

00:55:19,740 --> 00:55:17,619

some sort of galactic Court or something

1227

00:55:21,329 --> 00:55:19,750

where they don't want to be fully

1228

00:55:23,700 --> 00:55:21,339

responsible and they want to tell us

1229

00:55:25,680 --> 00:55:23,710

without telling us but while they are

1230

00:55:29,540 --> 00:55:25,690

building our mental constructs they told

1231

00:55:32,460 --> 00:55:29,550

us that the North Star equals freedom

1232

00:55:36,240 --> 00:55:32,470

but not freedom from slavery it's

1233

00:55:40,319 --> 00:55:36,250

freedom from mental slavery it's freedom

1234

00:55:43,470 --> 00:55:40,329

from our mental slavery which is just

1235

00:55:45,170 --> 00:55:43,480

it's just wild right so so I'm like what

1236

00:55:47,750 --> 00:55:45,180

is that what are you talking about

1237

00:55:50,970 --> 00:55:47,760

mushrooms what are you trying to tell me

1238

00:55:52,559 --> 00:55:50,980

right and I'm like because I mean ever I

1239

00:55:54,480 --> 00:55:52,569

really wasn't you know I hadn't eaten

1240

00:55:56,339 --> 00:55:54,490

that much but but it was what was wild

1241

00:55:58,950 --> 00:55:56,349

is a month later someone contacted me

1242

00:56:01,349 --> 00:55:58,960

and said max the mushroom will tell you

1243

00:56:05,329 --> 00:56:01,359

the truth about Flat Earth and I'm like

1244

00:56:08,790 --> 00:56:05,339

wow as a matter of fact I know and so

1245

00:56:11,010 --> 00:56:08,800

what they told what they said and and

1246

00:56:12,390 --> 00:56:11,020

I'm like I mean I'm not you know totally

1247

00:56:13,800 --> 00:56:12,400

out there anything but but you know

1248

00:56:15,510 --> 00:56:13,810

sometimes the time comes when you're

1249

00:56:17,490 --> 00:56:15,520

with some friends and you want to know

1250

00:56:18,570 --> 00:56:17,500

it's a plant whatever and and they are

1251

00:56:22,170 --> 00:56:18,580

really not

1252

00:56:23,820 --> 00:56:22,180

to tell me right that's one thing that I

1253

00:56:27,840 --> 00:56:23,830

did hear about you is your is your goal

1254

00:56:32,130 --> 00:56:27,850

like that so so so what I'm getting at

1255

00:56:36,950 --> 00:56:32,140

is serious the North Star it has never

1256

00:56:41,520 --> 00:56:36,960

moved in the history of humanity this

1257

00:56:44,340 --> 00:56:41,530

thing does not move but I thought we

1258

00:56:47,730 --> 00:56:44,350

were spinning I thought we're at a tilt

1259

00:56:51,110 --> 00:56:47,740

and we were spinning on a wobble while

1260

00:56:54,750 --> 00:56:51,120

orbiting the Earth and this is the key

1261

00:56:57,360 --> 00:56:54,760

elliptically we're elliptically I mean

1262

00:57:01,530 --> 00:56:57,370

the Sun we're elliptically orbiting the

1263

00:57:04,410 --> 00:57:01,540

Sun while spinning while wobbling while

1264

00:57:06,450 --> 00:57:04,420

blasting through space so you're telling

1265

00:57:08,310 --> 00:57:06,460

me the history of humanity with all of

1266

00:57:10,910 --> 00:57:08,320

this motion and wobbling and spinning

1267

00:57:16,170 --> 00:57:10,920

and an elliptical path around the Sun

1268

00:57:18,720 --> 00:57:16,180

that the North Star does not move I know

1269

00:57:20,730 --> 00:57:18,730

man it is so confusing because if you

1270

00:57:22,430 --> 00:57:20,740

say that to some people they'll say well

1271

00:57:25,020 --> 00:57:22,440

the official answer to that is that

1272

00:57:28,620 --> 00:57:25,030

Polaris isn't always the North Star that

1273

00:57:30,090 --> 00:57:28,630

it used to be Vega and I mean how can I

1274

00:57:32,670 --> 00:57:30,100

Berra Phi that I don't know if that's

1275

00:57:34,800 --> 00:57:32,680

true or not I mean if we are in the

1276

00:57:37,770 --> 00:57:34,810

model that is proposed it would have to

1277

00:57:40,290 --> 00:57:37,780

change so potentially but I wasn't

1278

00:57:42,360 --> 00:57:40,300

around I don't know anybody who was so

1279

00:57:43,530 --> 00:57:42,370

maybe they called the star something

1280

00:57:44,760 --> 00:57:43,540

different maybe that it different name

1281

00:57:48,030 --> 00:57:44,770

for that dot of light

1282

00:57:50,790 --> 00:57:48,040

I don't know so it is very confusing and

1283

00:57:54,060 --> 00:57:50,800

you see these uh time-lapse put these

1284

00:57:56,070 --> 00:57:54,070

time-lapse videos of the stars and they

1285

00:57:58,290 --> 00:57:56,080

do just seem to be going in one circle

1286

00:58:00,240 --> 00:57:58,300

not in some kind of like spiral motion

1287

00:58:01,950 --> 00:58:00,250

that you think that the path of the

1288

00:58:05,010 --> 00:58:01,960

stars would look more like a stretched

1289

00:58:07,950 --> 00:58:05,020

out slinky if we were really rotating

1290

00:58:12,090 --> 00:58:07,960

and orbiting I just don't know I'm too

1291

00:58:13,740 --> 00:58:12,100

stupid to figure it out so either way

1292

00:58:15,510 --> 00:58:13,750

you know that's just food for thought

1293

00:58:19,010 --> 00:58:15,520

and thanks for let me go on that tangent

1294

00:58:23,540 --> 00:58:19,020

but one thing that I do know is

1295

00:58:26,880 --> 00:58:23,550

operation Mockingbird is real the CIA

1296

00:58:31,140 --> 00:58:26,890

came out and with this operation

1297

00:58:33,720 --> 00:58:31,150

Mockingbird they wanted

1298

00:58:37,350 --> 00:58:33,730

to make sure that everything that the

1299

00:58:41,160 --> 00:58:37,360

you that the public thought was not true

1300

00:58:42,990 --> 00:58:41,170

and there's a quote from this from a CIA

1301

00:58:44,880 --> 00:58:43,000

director that was part of the

1302

00:58:46,500 --> 00:58:44,890

mockingbird and I don't have it in front

1303

00:58:48,780 --> 00:58:46,510

of me but what he essentially says is

1304

00:58:51,750 --> 00:58:48,790

once we get to a point where the US

1305

00:58:55,380 --> 00:58:51,760

public believes everything that they

1306

00:58:59,460 --> 00:58:55,390

believe is false then we will have been

1307

00:59:00,930 --> 00:58:59,470

successful in our program yes so what

1308

00:59:03,210 --> 00:59:00,940

like we're not even provided enough

1309

00:59:04,950 --> 00:59:03,220

information to know anything you know we

1310

00:59:07,080 --> 00:59:04,960

are not provided enough information to

1311

00:59:09,470 --> 00:59:07,090

know exactly what they're doing with the

1312

00:59:12,270 --> 00:59:09,480

chemtrails whether they're trying to

1313

00:59:14,910 --> 00:59:12,280

create an ice age or terraform the

1314

00:59:17,340 --> 00:59:14,920

planet or block the frequency of the Sun

1315

00:59:19,740 --> 00:59:17,350

or just to have full spectrum dominance

1316

00:59:23,100 --> 00:59:19,750

of our sunlight or to control the

1317

00:59:26,370 --> 00:59:23,110

weather or to alter the human race with

1318

00:59:27,990 --> 00:59:26,380

this biological contaminant like I did

1319

00:59:31,380 --> 00:59:28,000

an interview with Sophie a small storm

1320

00:59:34,230 --> 00:59:31,390

recently and her recent hypothesis is

1321

00:59:37,620 --> 00:59:34,240

that the moonlight which the moonlight

1322

00:59:40,410 --> 00:59:37,630

is very cold and it's really the

1323

00:59:43,590 --> 00:59:40,420

moonlight is not the Sun bouncing off of

1324

00:59:44,910 --> 00:59:43,600

a rock that's one thing that the that we

1325

00:59:48,350 --> 00:59:44,920

have come with inclusion of but either

1326

00:59:52,070 --> 00:59:48,360

way to moonlight it promotes

1327

00:59:56,220 --> 00:59:52,080

decomposition it's this it's a necro

1328

00:59:58,590 --> 00:59:56,230

light it's it's just dark kind of lower

1329

01:00:00,870 --> 00:59:58,600

vibration light and the sunlight is the

1330

01:00:03,600 --> 01:00:00,880

exact opposite K and so you've got the

1331

01:00:05,850 --> 01:00:03,610

silver and then this gold light but

1332

01:00:08,550 --> 01:00:05,860

ultimately they seem to be wanting to

1333

01:00:09,930 --> 01:00:08,560

make this gold light into silver because

1334

01:00:12,480 --> 01:00:09,940

the more they spray is you get this

1335

01:00:15,150 --> 01:00:12,490

silvery light and then this fungus can

1336

01:00:16,800 --> 01:00:15,160

grow and the molds can grow more in the

1337

01:00:18,630 --> 01:00:16,810

sunlight but usually you'd have this

1338

01:00:20,610 --> 01:00:18,640

Evan flow where the Sun kills the mold

1339

01:00:21,810 --> 01:00:20,620

the moon helps to grow the Sun kills

1340

01:00:23,940 --> 01:00:21,820

them all but we're now we're not getting

1341

01:00:26,510 --> 01:00:23,950

that anymore so what what is the

1342

01:00:29,100 --> 01:00:26,520

ultimate agenda I think it's so

1343

01:00:31,130 --> 01:00:29,110

multi-purpose and there's so many tiers

1344

01:00:34,650 --> 01:00:31,140

that number one it scares people away

1345

01:00:36,840 --> 01:00:34,660

but two it's just it's confusing there's

1346

01:00:39,510 --> 01:00:36,850

no way to really know exactly what the

1347

01:00:41,700 --> 01:00:39,520

ultimate agenda is but something is

1348

01:00:43,800 --> 01:00:41,710

going on that is really what we need to

1349

01:00:44,520 --> 01:00:43,810

explain to people and to wake people up

1350

01:00:45,510 --> 01:00:44,530

and now

1351
01:00:47,790 --> 01:00:45,520
they're at a point where they're

1352
01:00:50,040 --> 01:00:47,800
normalizing it to a point that they're

1353
01:00:55,590 --> 01:00:50,050
convincing us that we need it

1354
01:00:56,670 --> 01:00:55,600
to stop global warming so at one end of

1355
01:00:59,610 --> 01:00:56,680
the spectrum they're saying

1356
01:01:01,380 --> 01:00:59,620
Kentrell you're crazy they would never

1357
01:01:03,600 --> 01:01:01,390
do that they would never spray anything

1358
01:01:06,030 --> 01:01:03,610
like that and then they say guess what

1359
01:01:08,670 --> 01:01:06,040
we have patents and we have the ability

1360
01:01:10,920 --> 01:01:08,680
to spray something like that but it's

1361
01:01:13,470 --> 01:01:10,930
going to save you so when put in that

1362
01:01:17,160 --> 01:01:13,480
light it's a totally different story

1363
01:01:20,010 --> 01:01:17,170

so you can literally in one breath tell

1364

01:01:22,770 --> 01:01:20,020

the chemtrail conspirator he's crazy but

1365

01:01:24,690 --> 01:01:22,780

then tell the solar geo engineer he's a

1366

01:01:30,780 --> 01:01:24,700

genius but you're talking about the

1367

01:01:31,830 --> 01:01:30,790

exact same thing man that's a lot I just

1368

01:01:33,810 --> 01:01:31,840

really didn't think we're going to get

1369

01:01:36,180 --> 01:01:33,820

into Flat Earth today but I know a lot

1370

01:01:38,790 --> 01:01:36,190

of people I know a lot of people have

1371

01:01:40,770 --> 01:01:38,800

been wishing that I would get back into

1372

01:01:43,290 --> 01:01:40,780

it so there's a little taste there's

1373

01:01:45,000 --> 01:01:43,300

some icing on the cake but all these

1374

01:01:48,060 --> 01:01:45,010

agendas that we're talking about in

1375

01:01:51,710 --> 01:01:48,070

terms of really poisoning the planet

1376

01:01:55,380 --> 01:01:51,720

creating an entire biosphere of control

1377

01:01:57,360 --> 01:01:55,390

the age-old question is always well

1378

01:01:58,790 --> 01:01:57,370

wouldn't they be doing this to

1379

01:02:01,170 --> 01:01:58,800

themselves and other people

1380

01:02:03,780 --> 01:02:01,180

quote-unquote in the club because it's

1381

01:02:05,070 --> 01:02:03,790

not as cut and dry as poisonous vaccines

1382

01:02:07,440 --> 01:02:05,080

that they just wouldn't give to their

1383

01:02:09,750 --> 01:02:07,450

kids or roundup soaked foods that they

1384

01:02:13,160 --> 01:02:09,760

could just avoid they have to live here

1385

01:02:15,720 --> 01:02:13,170

too don't they or maybe they don't and

1386

01:02:17,910 --> 01:02:15,730

any question like that that you have

1387

01:02:20,160 --> 01:02:17,920

I've heard it and I've heard it a

1388

01:02:22,110 --> 01:02:20,170

hundred times right I don't I don't

1389

01:02:24,210 --> 01:02:22,120

leave the house without a flier I'm

1390

01:02:26,430 --> 01:02:24,220

either promoting the film promoting my

1391

01:02:29,070 --> 01:02:26,440

next event or just passing out flyers

1392

01:02:31,320 --> 01:02:29,080

that say look up wake up this is climate

1393

01:02:32,670 --> 01:02:31,330

engineering this is weather modification

1394

01:02:35,040 --> 01:02:32,680

this is solar radiation management

1395

01:02:37,500 --> 01:02:35,050

stratospheric aerosol injection albedo

1396

01:02:42,810 --> 01:02:37,510

enhancement like these people people in

1397

01:02:46,650 --> 01:02:42,820

general they need to have this door open

1398

01:02:52,290 --> 01:02:46,660

to them okay and so to answer your

1399

01:02:55,110 --> 01:02:52,300

question very succinctly is the people

1400

01:02:58,170 --> 01:02:55,120

spraying they know what they're spraying

1401
01:03:01,020 --> 01:02:58,180
the people in charge of what being spray

1402
01:03:05,550 --> 01:03:01,030
they know it's being sprayed and in that

1403
01:03:07,320 --> 01:03:05,560
light they can have the antidote to that

1404
01:03:09,930 --> 01:03:07,330
they know how to chelate the heavy

1405
01:03:12,180 --> 01:03:09,940
metals they know where not to be when

1406
01:03:14,370 --> 01:03:12,190
certain things are being sprayed and if

1407
01:03:17,090 --> 01:03:14,380
they are contaminated with it they know

1408
01:03:20,100 --> 01:03:17,100
what to do to get it out of their body

1409
01:03:23,640 --> 01:03:20,110
one thing that really turns people off

1410
01:03:25,890 --> 01:03:23,650
in the chemtrail conversation which is

1411
01:03:28,220 --> 01:03:25,900
what the powers that be have done a very

1412
01:03:30,540 --> 01:03:28,230
good job at framing the conversation is

1413
01:03:31,530 --> 01:03:30,550

the whole thing about you're getting

1414

01:03:36,120 --> 01:03:31,540

sprayed with poison you're getting

1415

01:03:38,790 --> 01:03:36,130

sprayed like a bug okay this may be

1416

01:03:41,850 --> 01:03:38,800

going on yes okay they've admitted to

1417

01:03:44,840 --> 01:03:41,860

spraying lithium over Oregon alright

1418

01:03:47,820 --> 01:03:44,850

there are things that they're doing

1419

01:03:51,390 --> 01:03:47,830

biological contamination where they do

1420

01:03:53,820 --> 01:03:51,400

spray certain things on certain populace

1421

01:03:56,520 --> 01:03:53,830

--is to experiment okay this is

1422

01:03:59,730 --> 01:03:56,530

happening there is if you look up

1423

01:04:02,250 --> 01:03:59,740

operation big itch this is a real thing

1424

01:04:06,690 --> 01:04:02,260

where they sprayed fleas they

1425

01:04:10,590 --> 01:04:06,700

aerosolized fleas and sprayed them over

1426

01:04:14,130 --> 01:04:10,600

cities in Alabama all right they aerosol

1427

01:04:16,230 --> 01:04:14,140

eyes mosquitoes as well and now they're

1428

01:04:18,600 --> 01:04:16,240

air sizing ticks

1429

01:04:23,220 --> 01:04:18,610

I had an activist reach out to me two

1430

01:04:26,100 --> 01:04:23,230

days ago in Wisconsin he collected

1431

01:04:28,830 --> 01:04:26,110

hundreds of ticks falling from the sky

1432

01:04:30,900 --> 01:04:28,840

he was in a field and the ticks were

1433

01:04:32,550 --> 01:04:30,910

just raining down and if you do your

1434

01:04:34,680 --> 01:04:32,560

research you'll find out that Lyme

1435

01:04:37,530 --> 01:04:34,690

disease was created by the US military

1436

01:04:40,200 --> 01:04:37,540

and that they've determined that limes

1437

01:04:43,200 --> 01:04:40,210

can be okay I'm getting off tangent so

1438

01:04:45,660 --> 01:04:43,210

either way bake like the simple answer

1439

01:04:47,760 --> 01:04:45,670

is why would they be spraying this on

1440

01:04:50,400 --> 01:04:47,770

themselves the simple simple answer is

1441

01:04:52,950 --> 01:04:50,410

because they know what their strain and

1442

01:04:56,490 --> 01:04:52,960

they know how to counteract it you know

1443

01:04:58,650 --> 01:04:56,500

the pilots are probably given some pill

1444

01:05:00,330 --> 01:04:58,660

and they're saying look you're doing

1445

01:05:03,060 --> 01:05:00,340

this for the good of humanity we need to

1446

01:05:05,430 --> 01:05:03,070

block off the Sun but here take this it

1447

01:05:07,680 --> 01:05:05,440

won't affect you you know that's the

1448

01:05:10,940 --> 01:05:07,690

simple answer let's go the longer answer

1449

01:05:15,099 --> 01:05:10,950

is it

1450

01:05:18,120 --> 01:05:15,109

it gets really deeper and more complex

1451

01:05:21,459 --> 01:05:18,130

you know if they are spraying a

1452

01:05:22,479 --> 01:05:21,469

biological thing to alter the DNA of

1453

01:05:26,289 --> 01:05:22,489

humanity

1454

01:05:28,690 --> 01:05:26,299

you know maybe quite possibly the people

1455

01:05:30,309 --> 01:05:28,700

in charge aren't 100% human you know

1456

01:05:32,380 --> 01:05:30,319

that's something that we need a table

1457

01:05:34,839 --> 01:05:32,390

and I think we're getting to a point in

1458

01:05:38,199 --> 01:05:34,849

our evolution of truth that maybe people

1459

01:05:40,690 --> 01:05:38,209

can actually conceptualize that maybe

1460

01:05:44,559 --> 01:05:40,700

people can actually conceptualize that

1461

01:05:47,170 --> 01:05:44,569

in the 60s that Roswell and all that

1462

01:05:50,859 --> 01:05:47,180

stuff that there was technology from an

1463

01:05:54,309 --> 01:05:50,869

outside influence that came to earth and

1464

01:05:58,900 --> 01:05:54,319

maybe not all of that influence was

1465

01:06:02,019 --> 01:05:58,910

benevolent okay you know like the fact

1466

01:06:04,120 --> 01:06:02,029

that people get to just say why would

1467

01:06:05,319 --> 01:06:04,130

they do that to our to themselves why

1468

01:06:09,180 --> 01:06:05,329

would they do that to their own children

1469

01:06:12,670 --> 01:06:09,190

and then think that it's not happening

1470

01:06:16,329 --> 01:06:12,680

they sprayed Agent Orange on the

1471

01:06:16,959 --> 01:06:16,339

Vietnamese they're still being affected

1472

01:06:20,979 --> 01:06:16,969

by it

1473

01:06:23,469 --> 01:06:20,989

okay that doesn't mean that people in

1474

01:06:24,969 --> 01:06:23,479

Washington DC are getting sprayed with

1475

01:06:27,189 --> 01:06:24,979

the same chemicals and even if they were

1476

01:06:28,749 --> 01:06:27,199

they would know where they would know

1477

01:06:31,150 --> 01:06:28,759

when and they would know that they

1478

01:06:31,689 --> 01:06:31,160

antidote to counteract it you know what

1479

01:06:36,549 --> 01:06:31,699

I'm saying

1480

01:06:40,719 --> 01:06:36,559

so that rebuttal I just it's a hard one

1481

01:06:43,089 --> 01:06:40,729

and ultimately what I what I say is that

1482

01:06:45,130 --> 01:06:43,099

if if they knew exactly what they're

1483

01:06:47,140 --> 01:06:45,140

spraying they know exactly how to get it

1484

01:06:48,489 --> 01:06:47,150

out of their bodies as well you know and

1485

01:06:50,939 --> 01:06:48,499

I can't tell people on the street that

1486

01:06:52,839 --> 01:06:50,949

it's you know potentially

1487

01:06:54,009 --> 01:06:52,849

inter-dimensional life-forms or

1488

01:06:55,359 --> 01:06:54,019

something like that and they're not even

1489

01:06:57,189 --> 01:06:55,369

here half the time you know what I mean

1490

01:06:59,199 --> 01:06:57,199

and that's all that's all theories in it

1491

01:07:02,019 --> 01:06:59,209

of itself but the thing is is I've

1492

01:07:04,870 --> 01:07:02,029

gotten to the point of information where

1493

01:07:06,819 --> 01:07:04,880

I am so deep and entrenched in this

1494

01:07:09,459 --> 01:07:06,829

rabbit hole where I'm talking to people

1495

01:07:12,579 --> 01:07:09,469

like Harold Crouch availa who says that

1496

01:07:17,370 --> 01:07:12,589

that there's black goo and more Gowan

1497

01:07:22,089 --> 01:07:17,380

and that these are interdimensional

1498

01:07:27,459 --> 01:07:22,099

demonic life-forms trying to manipulate

1499

01:07:29,240 --> 01:07:27,469

the human DNA you know mm-hmm but at the

1500

01:07:31,220 --> 01:07:29,250

thing but at the same time it's like

1501
01:07:33,740 --> 01:07:31,230
I don't really want to go there because

1502
01:07:35,510 --> 01:07:33,750
I don't have the tangibles I want to

1503
01:07:37,600 --> 01:07:35,520
make a movie about it I'm going to find

1504
01:07:40,400 --> 01:07:37,610
people with morgellons and I'm going to

1505
01:07:42,320 --> 01:07:40,410
research and find doctors that are

1506
01:07:45,500 --> 01:07:42,330
willing to talk about it and I'll come

1507
01:07:46,880 --> 01:07:45,510
at it from a perspective of inquiring

1508
01:07:49,010 --> 01:07:46,890
minds want to know

1509
01:07:52,010 --> 01:07:49,020
right and that's the only thing that I

1510
01:07:53,600 --> 01:07:52,020
can do but yeah I've heard it all you

1511
01:07:56,480 --> 01:07:53,610
know I've heard it all and what's really

1512
01:07:58,760 --> 01:07:56,490
interesting recently we talked about the

1513
01:08:03,170 --> 01:07:58,770

social engineering and the programming

1514

01:08:04,460 --> 01:08:03,180

and the film and how the older film that

1515

01:08:07,480 --> 01:08:04,470

they're going back and changing them and

1516

01:08:10,040 --> 01:08:07,490

the films from the 90s or preemptively

1517

01:08:13,220 --> 01:08:10,050

predicting and predictively programming

1518

01:08:17,570 --> 01:08:13,230

things like this and even 9/11 and all

1519

01:08:19,910 --> 01:08:17,580

this stuff is I go up to people now so

1520

01:08:23,300 --> 01:08:19,920

each person that I talk to I look them

1521

01:08:26,539 --> 01:08:23,310

in the eye and I determine what level of

1522

01:08:27,890 --> 01:08:26,549

truth they are ready for some people I

1523

01:08:29,780 --> 01:08:27,900

go up to and I go hey you know about

1524

01:08:31,220 --> 01:08:29,790

chemtrails right and then all of a

1525

01:08:32,749 --> 01:08:31,230

sudden we're talking about Harold cross

1526

01:08:34,730 --> 01:08:32,759

availa Morgellons and all this stuff and

1527

01:08:37,340 --> 01:08:34,740

it's an intellectual crazy conversation

1528

01:08:38,870 --> 01:08:37,350

but some people I go up to and I say hey

1529

01:08:40,700 --> 01:08:38,880

are you familiar are you familiar with

1530

01:08:42,860 --> 01:08:40,710

weather modification have you ever seen

1531

01:08:45,260 --> 01:08:42,870

the lines in the sky or if it's like a

1532

01:08:46,430 --> 01:08:45,270

totally harped out sky I'll say hey did

1533

01:08:48,349 --> 01:08:46,440

you know they're experimenting with

1534

01:08:50,749 --> 01:08:48,359

frequencies you see this looks like a

1535

01:08:52,160 --> 01:08:50,759

frequency manipulation of your clouds do

1536

01:08:54,050 --> 01:08:52,170

you remember this from your childhood

1537

01:08:57,200 --> 01:08:54,060

you know I approach in different ways

1538

01:09:01,900 --> 01:08:57,210

with different people recently I bring

1539

01:09:04,730 --> 01:09:01,910

up the media normalization of the agenda

1540

01:09:08,900 --> 01:09:04,740

for solar radiation management the

1541

01:09:11,059 --> 01:09:08,910

agenda to block the Sun to slow down and

1542

01:09:12,890 --> 01:09:11,069

curb global warming which is actually in

1543

01:09:14,210 --> 01:09:12,900

the forefront now like when I started

1544

01:09:15,860 --> 01:09:14,220

this I thought I was just going to spend

1545

01:09:18,380 --> 01:09:15,870

my life convincing people that

1546

01:09:20,210 --> 01:09:18,390

chemtrails are real I never thought I'd

1547

01:09:22,400 --> 01:09:20,220

have the ammo to be able to go up to

1548

01:09:24,470 --> 01:09:22,410

normal people and say did you see the

1549

01:09:27,380 --> 01:09:24,480

New York Times article last week they're

1550

01:09:31,309 --> 01:09:27,390

pushing forward solar geoengineering to

1551
01:09:34,249 --> 01:09:31,319
block our Sun and and so an interesting

1552
01:09:36,769 --> 01:09:34,259
tidbit is back to the social engineering

1553
01:09:39,380 --> 01:09:36,779
is a lot of people now say oh you mean

1554
01:09:40,970 --> 01:09:39,390
like the matrix and I'm like excuse me

1555
01:09:42,680 --> 01:09:40,980
and they go yeah the matrix they blocked

1556
01:09:46,309 --> 01:09:42,690
out the Sun in the matrix now

1557
01:09:50,840 --> 01:09:46,319
if you go back and watch the matrix that

1558
01:09:54,590 --> 01:09:50,850
people are living in a a mental

1559
01:09:56,479 --> 01:09:54,600
construct programmed intranet reality

1560
01:09:58,240 --> 01:09:56,489
which is the same kind of reality that

1561
01:10:00,830 --> 01:09:58,250
they could force-feed in AI

1562
01:10:02,390 --> 01:10:00,840
transhumanism agenda once we get to the

1563
01:10:05,000 --> 01:10:02,400

point where we're all connected via AI

1564

01:10:06,380 --> 01:10:05,010

they can program our reality like we

1565

01:10:08,060 --> 01:10:06,390

won't even know what reality we live in

1566

01:10:11,120 --> 01:10:08,070

which is really discerning I mean right

1567

01:10:15,010 --> 01:10:11,130

like avoiding this ship and avoiding

1568

01:10:18,229 --> 01:10:15,020

this transhumanism trip to Mars is

1569

01:10:20,870 --> 01:10:18,239

humanity's final stand and it's really

1570

01:10:22,790 --> 01:10:20,880

really interesting scary portion of

1571

01:10:24,830 --> 01:10:22,800

humanity to experience but we're here

1572

01:10:26,630 --> 01:10:24,840

this is why we're here at this stage is

1573

01:10:30,229 --> 01:10:26,640

to kind of bring this truth forward and

1574

01:10:32,570 --> 01:10:30,239

you know we're very unique and very much

1575

01:10:36,860 --> 01:10:32,580

minority in that world wake to the truth

1576

01:10:38,120 --> 01:10:36,870

and it's our kind of mission to awaken

1577

01:10:39,680 --> 01:10:38,130

people it's really it's really

1578

01:10:41,030 --> 01:10:39,690

interesting especially you thanks for

1579

01:10:45,140 --> 01:10:41,040

your reach man you have such an awesome

1580

01:10:48,290 --> 01:10:45,150

reach it's amazing yeah man no worries

1581

01:10:50,870 --> 01:10:48,300

and cheers to all that and I totally

1582

01:10:52,790 --> 01:10:50,880

forgot about the matrix the reason the

1583

01:10:54,110 --> 01:10:52,800

machines are able to take over in the

1584

01:10:57,650 --> 01:10:54,120

real world it's because their last

1585

01:11:00,770 --> 01:10:57,660

desperate attempt at stopping them was

1586

01:11:02,450 --> 01:11:00,780

to either nuke the planet or something

1587

01:11:04,520 --> 01:11:02,460

but it blocked out the Sun maybe it was

1588

01:11:06,260 --> 01:11:04,530

specifically to block out the Sun to try

1589

01:11:08,180 --> 01:11:06,270

to like drain them of their energy and

1590

01:11:10,760 --> 01:11:08,190

so then they just enslaved humanity in

1591

01:11:12,170 --> 01:11:10,770

these little farm pods and that's how

1592

01:11:14,870 --> 01:11:12,180

the whole story gets started but yeah

1593

01:11:17,810 --> 01:11:14,880

the matrix is so deep with so many

1594

01:11:20,959 --> 01:11:17,820

hidden messages and clues that I would

1595

01:11:22,220 --> 01:11:20,969

not just discount that so these summits

1596

01:11:24,110 --> 01:11:22,230

that you've been doing we got to take a

1597

01:11:26,570 --> 01:11:24,120

minute to talk about them tell the

1598

01:11:28,520 --> 01:11:26,580

people what is going on with them when's

1599

01:11:30,680 --> 01:11:28,530

the next one maybe about some of the

1600

01:11:32,540 --> 01:11:30,690

speakers and other researchers in this

1601
01:11:34,459 --> 01:11:32,550
field and their expertise is because

1602
01:11:37,189 --> 01:11:34,469
it's pretty fascinating how everybody's

1603
01:11:38,479 --> 01:11:37,199
got their own little take on this thing

1604
01:11:39,860 --> 01:11:38,489
and you put them all together in one

1605
01:11:41,930 --> 01:11:39,870
conference I think it's pretty

1606
01:11:43,670 --> 01:11:41,940
fascinating Thanks yeah when I first

1607
01:11:45,890 --> 01:11:43,680
knew that I was going to be making the

1608
01:11:49,430 --> 01:11:45,900
documentary I was living in Vancouver

1609
01:11:54,479 --> 01:11:49,440
Canada and I decided to host the first

1610
01:12:01,319 --> 01:11:58,200
I spent all my money and I catered the

1611
01:12:04,049 --> 01:12:01,329
event and I packed the house of this

1612
01:12:04,739 --> 01:12:04,059
conference hall in downtown Vancouver

1613
01:12:08,009 --> 01:12:04,749

Canada

1614

01:12:11,910 --> 01:12:08,019

I flew in people from Europe and all

1615

01:12:14,250 --> 01:12:11,920

around the world I had ten speakers from

1616

01:12:16,410 --> 01:12:14,260

all different walks of life authors and

1617

01:12:20,189 --> 01:12:16,420

researchers scientific backgrounds all

1618

01:12:22,830 --> 01:12:20,199

this stuff and the ultimate goal was to

1619

01:12:25,410 --> 01:12:22,840

bring all of this information together

1620

01:12:30,259 --> 01:12:25,420

in a professional way to start the

1621

01:12:33,209 --> 01:12:30,269

conversation and to not talk about alien

1622

01:12:37,259 --> 01:12:33,219

right and to not look like a bunch of

1623

01:12:41,339 --> 01:12:37,269

crazy people right so we got together on

1624

01:12:44,220 --> 01:12:41,349

May 7th of last year and it was a huge

1625

01:12:46,140 --> 01:12:44,230

success so many people came there

1626
01:12:48,479 --> 01:12:46,150
thinking that they would leave knowing

1627
01:12:51,239 --> 01:12:48,489
that chemtrails weren't real and they

1628
01:12:53,279 --> 01:12:51,249
left with this arsenal of information

1629
01:12:53,700 --> 01:12:53,289
and truth and their lives were changed

1630
01:12:59,669 --> 01:12:53,710
forever

1631
01:13:03,180 --> 01:12:59,679
so some highlights of the Vancouver 2016

1632
01:13:05,310 --> 01:13:03,190
were we had Terry Lawton from Ireland

1633
01:13:08,910 --> 01:13:05,320
he has since then started his own

1634
01:13:11,549 --> 01:13:08,920
website climate change agenda dot-com

1635
01:13:14,819 --> 01:13:11,559
very eloquent speaker I encourage you to

1636
01:13:20,759 --> 01:13:14,829
go check out his website amazing that

1637
01:13:25,830 --> 01:13:20,769
this man woke up to chemtrails he live

1638
01:13:30,540 --> 01:13:25,840

in rural Ireland the closest village of

1639

01:13:35,459 --> 01:13:30,550

50 people was an hour away and he just

1640

01:13:36,509 --> 01:13:35,469

had this call it divine purpose call it

1641

01:13:39,810 --> 01:13:36,519

whatever you want

1642

01:13:42,600 --> 01:13:39,820

first she woke up to fluoride there was

1643

01:13:44,970 --> 01:13:42,610

this imaginary line where floor I was

1644

01:13:47,819 --> 01:13:44,980

and wasn't in County Wexford

1645

01:13:49,939 --> 01:13:47,829

in Ireland people in the fluoridated

1646

01:13:52,830 --> 01:13:49,949

county were getting all these

1647

01:13:54,930 --> 01:13:52,840

statistically significantly high levels

1648

01:13:57,120 --> 01:13:54,940

of cancer people in the non-fluoridated

1649

01:13:59,489 --> 01:13:57,130

weren't getting the cancer and he just

1650

01:14:01,620 --> 01:13:59,499

woke up to Flora died and got really

1651
01:14:03,450 --> 01:14:01,630
upset and started going with it and one

1652
01:14:05,279 --> 01:14:03,460
day someone said to him do you know

1653
01:14:07,140 --> 01:14:05,289
about chemtrails and he started looking

1654
01:14:08,399 --> 01:14:07,150
up and then now that's his life passion

1655
01:14:11,310 --> 01:14:08,409
and he just can't stop

1656
01:14:13,979 --> 01:14:11,320
won't stop and he's just a normal guy

1657
01:14:16,080 --> 01:14:13,989
you know you know what I'm saying it's

1658
01:14:19,140 --> 01:14:16,090
he's not some crazy person that believes

1659
01:14:22,740 --> 01:14:19,150
in aliens he's just a normal high regime

1660
01:14:25,169 --> 01:14:22,750
in who woke up and having all these

1661
01:14:27,990 --> 01:14:25,179
different personalities on stage really

1662
01:14:30,540 --> 01:14:28,000
was impactful for people to see like oh

1663
01:14:34,110 --> 01:14:30,550

wow like all these different people all

1664

01:14:36,830 --> 01:14:34,120

eloquently disclosing their research and

1665

01:14:40,169 --> 01:14:36,840

explaining how they came to the same

1666

01:14:43,080 --> 01:14:40,179

conclusions we also had Alana Freeland

1667

01:14:47,160 --> 01:14:43,090

at both of the conferences she is

1668

01:14:50,160 --> 01:14:47,170

amazing she has a book if her book is

1669

01:14:52,530 --> 01:14:50,170

just packed with information every 10

1670

01:14:55,290 --> 01:14:52,540

pages you just have to step back and rub

1671

01:14:57,540 --> 01:14:55,300

your eyes because it's just she is just

1672

01:15:00,750 --> 01:14:57,550

amazing the impact that she has had on

1673

01:15:02,729 --> 01:15:00,760

the movement her new book is about the

1674

01:15:05,129 --> 01:15:02,739

space fence and takes it to the whole

1675

01:15:06,870 --> 01:15:05,139

next level her presentation in Portland

1676

01:15:10,830 --> 01:15:06,880

at the second global chemtrail summit on

1677

01:15:13,919 --> 01:15:10,840

also May 7th of this year 2017 she went

1678

01:15:16,140 --> 01:15:13,929

douve right into the space fence and got

1679

01:15:20,070 --> 01:15:16,150

really advanced in her talk she's

1680

01:15:22,740 --> 01:15:20,080

amazing we had a retired US Air Force

1681

01:15:25,800 --> 01:15:22,750

weatherman speaking at this conference

1682

01:15:27,510 --> 01:15:25,810

this year both years we had Patrick

1683

01:15:28,140 --> 01:15:27,520

Roddy speaking Patrick rotties and

1684

01:15:30,720 --> 01:15:28,150

activist

1685

01:15:35,040 --> 01:15:30,730

out of San Francisco he has a website

1686

01:15:38,899 --> 01:15:35,050

stop spraying us calm stop spraying us

1687

01:15:42,600 --> 01:15:38,909

calm is amazing because he is constantly

1688

01:15:45,209 --> 01:15:42,610

getting rainwater analysis this is like

1689

01:15:50,149 --> 01:15:45,219

his thing he's always analyzing the rain

1690

01:15:53,310 --> 01:15:50,159

water and it's always concurring and

1691

01:15:55,649 --> 01:15:53,320

cross-examining the rain water with the

1692

01:15:57,870 --> 01:15:55,659

patent and they match up you know and

1693

01:16:01,530 --> 01:15:57,880

he's also finding things in the rain

1694

01:16:03,330 --> 01:16:01,540

water like ten times the safe levels of

1695

01:16:07,260 --> 01:16:03,340

titanium and all these different

1696

01:16:10,320 --> 01:16:07,270

correlations that inevitably lead us

1697

01:16:13,439 --> 01:16:10,330

down this path I'm going to get

1698

01:16:15,510 --> 01:16:13,449

sidetracked but I will also I'll go to

1699

01:16:17,340 --> 01:16:15,520

the present day so just past the May 7

1700

01:16:19,080 --> 01:16:17,350

in Portland we had the second global

1701

01:16:22,080 --> 01:16:19,090

chemical summit the thing about these

1702

01:16:25,010 --> 01:16:22,090

summits that is the most important part

1703

01:16:29,010 --> 01:16:25,020

are it's the people that are coming

1704

01:16:31,350 --> 01:16:29,020

there that are just so curious that

1705

01:16:33,390 --> 01:16:31,360

they've been drawn to it and they come

1706

01:16:35,940 --> 01:16:33,400

and they learn some stuff and that's all

1707

01:16:38,640 --> 01:16:35,950

great but ultimately during the

1708

01:16:41,880 --> 01:16:38,650

interludes during the reception these

1709

01:16:44,700 --> 01:16:41,890

people meet one another and it's not

1710

01:16:47,790 --> 01:16:44,710

what I realized this past year is that's

1711

01:16:48,990 --> 01:16:47,800

the most important part is because these

1712

01:16:51,390 --> 01:16:49,000

people come alone

1713

01:16:53,970 --> 01:16:51,400

they couldn't convince a family member

1714

01:16:57,710 --> 01:16:53,980

they couldn't convince a co-worker they

1715

01:17:00,660 --> 01:16:57,720

come alone because they are these

1716

01:17:03,270 --> 01:17:00,670

truthers that have awoken to something

1717

01:17:04,800 --> 01:17:03,280

and not even their spouse is awake but

1718

01:17:07,230 --> 01:17:04,810

they come to this conference they're

1719

01:17:09,900 --> 01:17:07,240

surrounded by a hundreds of people that

1720

01:17:12,060 --> 01:17:09,910

are also awake and during the interlude

1721

01:17:14,520 --> 01:17:12,070

they mingle and they realize that

1722

01:17:19,830 --> 01:17:14,530

they're all normal

1723

01:17:23,670 --> 01:17:19,840

sane nice like-minded people and I had

1724

01:17:25,650 --> 01:17:23,680

80 year old women from different walks

1725

01:17:28,710 --> 01:17:25,660

of life coming together and forming

1726

01:17:30,810 --> 01:17:28,720

groups you know whereas they never would

1727

01:17:32,910 --> 01:17:30,820

have found each other before and these

1728

01:17:35,280 --> 01:17:32,920

people are having the deep involved

1729

01:17:38,400 --> 01:17:35,290

conversations and starting local groups

1730

01:17:41,760 --> 01:17:38,410

and coming to these affirmations and

1731

01:17:44,670 --> 01:17:41,770

conclusion that are just so important

1732

01:17:48,000 --> 01:17:44,680

because the the activist community

1733

01:17:49,440 --> 01:17:48,010

online it's not the same as meeting

1734

01:17:52,620 --> 01:17:49,450

people in person and really shaking

1735

01:17:56,250 --> 01:17:52,630

someone's hand and having that that

1736

01:17:58,350 --> 01:17:56,260

source - you know that our connection

1737

01:18:01,500 --> 01:17:58,360

that connection so one thing that was

1738

01:18:04,380 --> 01:18:01,510

amazing at the Portland summit is I had

1739

01:18:06,210 --> 01:18:04,390

a few people speak out and say can I can

1740

01:18:08,910 --> 01:18:06,220

I please come up on stage I've got

1741

01:18:09,480 --> 01:18:08,920

something I want to say and I'm like

1742

01:18:11,310 --> 01:18:09,490

yeah sure

1743

01:18:13,440 --> 01:18:11,320

you know if you've got some truth to

1744

01:18:17,160 --> 01:18:13,450

share let's do it we had a nurse get on

1745

01:18:19,140 --> 01:18:17,170

stage and she talked about just all of

1746

01:18:21,270 --> 01:18:19,150

the different ailments that have just

1747

01:18:23,880 --> 01:18:21,280

been popping up that are all connected

1748

01:18:27,510 --> 01:18:23,890

to this respiratory infection that

1749

01:18:31,110 --> 01:18:27,520

correlate with the spring but most

1750

01:18:32,760 --> 01:18:31,120

specifically an impactful was this

1751

01:18:35,710 --> 01:18:32,770

gentleman out of Southern California

1752

01:18:38,920 --> 01:18:35,720

that stood up and he was so well

1753

01:18:42,190 --> 01:18:38,930

searched and he was a normal guy from

1754

01:18:48,130 --> 01:18:42,200

Santa Cruz sorry he stood up and he said

1755

01:18:51,730 --> 01:18:48,140

listen follow the money and he in his

1756

01:18:54,130 --> 01:18:51,740

five minute eloquent speech he blew my

1757

01:18:56,560 --> 01:18:54,140

mind I've been researching this for half

1758

01:18:58,090 --> 01:18:56,570

a decade almost every day of research

1759

01:19:03,430 --> 01:18:58,100

and he blew my mind

1760

01:19:05,590 --> 01:19:03,440

he said he pinpointed the power company

1761

01:19:07,420 --> 01:19:05,600

and what I've just now researched and

1762

01:19:09,670 --> 01:19:07,430

realized is for instance this

1763

01:19:11,620 --> 01:19:09,680

tropospheric air saw program from 2000

1764

01:19:15,610 --> 01:19:11,630

it was funded by the Department of

1765

01:19:17,290 --> 01:19:15,620

Energy and GE they're the ones behind a

1766

01:19:23,370 --> 01:19:17,300

lot of the research from the 30s 40s and

1767

01:19:25,930 --> 01:19:23,380

50s and 60s the US energy companies are

1768

01:19:29,170 --> 01:19:25,940

behind a lot of this and then I met

1769

01:19:30,820 --> 01:19:29,180

Raphael O'Neill who came from New

1770

01:19:32,650 --> 01:19:30,830

Orleans and she was one of the speakers

1771

01:19:35,800 --> 01:19:32,660

and she has a book funny clouds a

1772

01:19:37,930 --> 01:19:35,810

children's book ok for the children

1773

01:19:39,820 --> 01:19:37,940

talking about the funny clouds and she

1774

01:19:42,010 --> 01:19:39,830

was coming to these epiphanies that

1775

01:19:44,530 --> 01:19:42,020

through the power plants they're super

1776

01:19:49,240 --> 01:19:44,540

saturating the atmosphere by releasing

1777

01:19:51,280 --> 01:19:49,250

these plumes of moisture and then these

1778

01:19:53,830 --> 01:19:51,290

plumes of moisture can be targeted and

1779

01:19:55,060 --> 01:19:53,840

you can you can use these to create the

1780

01:19:58,500 --> 01:19:55,070

clouds and all the stuff and that the

1781

01:20:01,570 --> 01:19:58,510

energy that the power plants are so

1782

01:20:05,140 --> 01:20:01,580

intimately and involved that if you

1783

01:20:07,990 --> 01:20:05,150

follow the money and you see what this

1784

01:20:10,120 --> 01:20:08,000

one gentleman exposed was these coal

1785

01:20:12,400 --> 01:20:10,130

fire power plants they have these

1786

01:20:15,040 --> 01:20:12,410

filters on them and what they do is they

1787

01:20:16,810 --> 01:20:15,050

collect the soot and they and what it

1788

01:20:19,750 --> 01:20:16,820

ends up being is all this nano

1789

01:20:22,120 --> 01:20:19,760

particulate soot but in that nano

1790

01:20:25,810 --> 01:20:22,130

particulate soot that they wash out and

1791

01:20:28,420 --> 01:20:25,820

it becomes a slurry it's it's filled

1792

01:20:31,090 --> 01:20:28,430

with nano particulate aluminum nano

1793

01:20:32,680 --> 01:20:31,100

particulate strontium barium titanium

1794

01:20:34,810 --> 01:20:32,690

all these things that are in these

1795

01:20:38,980 --> 01:20:34,820

patents that are also showing up in the

1796

01:20:43,750 --> 01:20:38,990

rainwater and what they do is they take

1797

01:20:46,720 --> 01:20:43,760

that on train cars directly from the

1798

01:20:48,220 --> 01:20:46,730

power plant directly to the Air Force

1799

01:20:50,080 --> 01:20:48,230

bases and

1800

01:20:53,860 --> 01:20:50,090

if you follow the money the Air Force is

1801
01:20:56,530 --> 01:20:53,870
paying for these chemicals to show up on

1802
01:20:59,260 --> 01:20:56,540
their doorstep so I did a presentation

1803
01:21:02,440 --> 01:20:59,270
in Eugene Oregon back in October 20th of

1804
01:21:04,030 --> 01:21:02,450
last year a woman she stood up at the

1805
01:21:05,800 --> 01:21:04,040
end of the presentation with her five

1806
01:21:09,340 --> 01:21:05,810
children a Native American woman she

1807
01:21:12,880 --> 01:21:09,350
stood up and she was very eloquent very

1808
01:21:15,010 --> 01:21:12,890
adamant that she knew the trains she

1809
01:21:17,860 --> 01:21:15,020
knew where they were coming from and she

1810
01:21:20,710 --> 01:21:17,870
had all these train from the power

1811
01:21:23,350 --> 01:21:20,720
plants to the Air Force bases and that

1812
01:21:24,940 --> 01:21:23,360
these trains were filled with these

1813
01:21:27,160 --> 01:21:24,950

chemicals and some of the chemicals were

1814

01:21:31,240 --> 01:21:27,170

leaking and she got the chemicals tested

1815

01:21:32,830 --> 01:21:31,250

and it was the same exact chemicals that

1816

01:21:35,560 --> 01:21:32,840

were showing up in the rain water same

1817

01:21:38,680 --> 01:21:35,570

exact nano particulate metallics that

1818

01:21:40,900 --> 01:21:38,690

were patented and she wanted all of us

1819

01:21:44,680 --> 01:21:40,910

to go stop these train well guess what

1820

01:21:46,720 --> 01:21:44,690

this guy from from Santa Cruz he was

1821

01:21:49,300 --> 01:21:46,730

trying to get everybody at the portland

1822

01:21:53,440 --> 01:21:49,310

conference rallied together to go stop

1823

01:21:55,690 --> 01:21:53,450

these trains because he found this

1824

01:21:58,630 --> 01:21:55,700

really easy connection that no one else

1825

01:22:00,790 --> 01:21:58,640

had ever shown to me and he showed the

1826

01:22:02,770 --> 01:22:00,800

exact power company how much they were

1827

01:22:05,170 --> 01:22:02,780

paying and where the chemicals were

1828

01:22:07,180 --> 01:22:05,180

going and he wanted people to just to go

1829

01:22:08,770 --> 01:22:07,190

stop these trains and that that would

1830

01:22:10,660 --> 01:22:08,780

make it on the news and all this stuff

1831

01:22:12,130 --> 01:22:10,670

and i didn't really want to rally

1832

01:22:14,680 --> 01:22:12,140

everybody out to the train tracks that

1833

01:22:18,100 --> 01:22:14,690

day but the thing was was it was a

1834

01:22:21,280 --> 01:22:18,110

really easy aha moment because it is

1835

01:22:24,220 --> 01:22:21,290

pretty obvious they take they take the

1836

01:22:26,710 --> 01:22:24,230

nano particulate slurry from the coal

1837

01:22:29,140 --> 01:22:26,720

fire burn plant and they just have to

1838

01:22:30,790 --> 01:22:29,150

filter out what they want and then they

1839

01:22:33,070 --> 01:22:30,800

have it right there from the power plant

1840

01:22:35,170 --> 01:22:33,080

to the US Air Force Base they put it on

1841

01:22:37,479 --> 01:22:35,180

the plane and they go spray us so

1842

01:22:41,710 --> 01:22:37,489

ultimately what they were doing is they

1843

01:22:44,890 --> 01:22:41,720

were taking this coal fire power plant

1844

01:22:46,360 --> 01:22:44,900

slurry filtered nano particulates they

1845

01:22:49,630 --> 01:22:46,370

were taking them they're putting them in

1846

01:22:51,490 --> 01:22:49,640

big balloon type things and burying them

1847

01:22:55,420 --> 01:22:51,500

and now they don't do that anymore

1848

01:22:58,050 --> 01:22:55,430

they're not disposing of the byproducts

1849

01:23:01,990 --> 01:22:58,060

they're just giving it to the military

1850

01:23:04,360 --> 01:23:02,000

industrial complex to refine some

1851
01:23:06,130 --> 01:23:04,370
magnetized or whatever and to spray over

1852
01:23:08,920 --> 01:23:06,140
the sky and sapless but that's where

1853
01:23:11,710 --> 01:23:08,930
they're getting the material from so

1854
01:23:13,660 --> 01:23:11,720
ultimately you go to the source and if

1855
01:23:15,730 --> 01:23:13,670
you know I'm not saying to create a

1856
01:23:17,680 --> 01:23:15,740
revolution quiet yet block bees train

1857
01:23:19,300 --> 01:23:17,690
but we know where they're coming from we

1858
01:23:20,770 --> 01:23:19,310
know that they're buying it and all this

1859
01:23:23,080 --> 01:23:20,780
stuff so if you can connect it that way

1860
01:23:26,290 --> 01:23:23,090
and connect the dots so easily it makes

1861
01:23:28,330 --> 01:23:26,300
it so much more tangible for people so

1862
01:23:30,670 --> 01:23:28,340
yeah a lot of a lot of awakenings a lot

1863
01:23:32,830 --> 01:23:30,680

of a lot of information and a lot of

1864

01:23:35,370 --> 01:23:32,840

coming together in unity and for people

1865

01:23:38,020 --> 01:23:35,380

to come into these conferences expecting

1866

01:23:39,880 --> 01:23:38,030

something really out there and crazy and

1867

01:23:42,640 --> 01:23:39,890

to leave with a plethora of information

1868

01:23:45,070 --> 01:23:42,650

and this last one we the global

1869

01:23:47,680 --> 01:23:45,080

chemtrails summit Portland we documented

1870

01:23:51,310 --> 01:23:47,690

every single speaker we have all of it

1871

01:23:53,740 --> 01:23:51,320

archived online you look up I mean I

1872

01:23:55,690 --> 01:23:53,750

really appreciate everybody's my speech

1873

01:23:57,850 --> 01:23:55,700

was I thought was really nice I really

1874

01:23:59,800 --> 01:23:57,860

dig into the media and how the media is

1875

01:24:02,290 --> 01:23:59,810

controlled and all that but all that

1876

01:24:04,510 --> 01:24:02,300

stuff is online to share around and I'll

1877

01:24:06,040 --> 01:24:04,520

be doing it again every single year I'll

1878

01:24:07,750 --> 01:24:06,050

be doing a global chemtrails summit and

1879

01:24:10,420 --> 01:24:07,760

in between now and then I'll be doing

1880

01:24:12,220 --> 01:24:10,430

smaller events to raise awareness and

1881

01:24:14,740 --> 01:24:12,230

the global chemtrails summit will be in

1882

01:24:16,390 --> 01:24:14,750

a new city every year and in between

1883

01:24:18,820 --> 01:24:16,400

then I'll be screening the film and

1884

01:24:21,100 --> 01:24:18,830

filming the sequel and getting together

1885

01:24:25,120 --> 01:24:21,110

as many people and raising as much truth

1886

01:24:27,370 --> 01:24:25,130

as possible right on and beautiful I do

1887

01:24:31,720 --> 01:24:27,380

love those breakdowns of the CliffsNotes

1888

01:24:34,030 --> 01:24:31,730

of particular researchers material when

1889

01:24:36,040 --> 01:24:34,040

going through like a conference roster

1890

01:24:38,860 --> 01:24:36,050

like that it's just pretty mind-blowing

1891

01:24:40,240 --> 01:24:38,870

and so because the nature the show being

1892

01:24:43,720 --> 01:24:40,250

pre-recorded do you have anything coming

1893

01:24:45,730 --> 01:24:43,730

in July or August and this in the summer

1894

01:24:48,520 --> 01:24:45,740

that you'd want to talk about or fill

1895

01:24:52,420 --> 01:24:48,530

people in on I wish I could plan that

1896

01:24:54,910 --> 01:24:52,430

far ahead for me it's kind of one thing

1897

01:24:57,730 --> 01:24:54,920

at a time I'm on a shoestring budget so

1898

01:24:58,180 --> 01:24:57,740

I'm just I'm just looking to the next

1899

01:25:03,430 --> 01:24:58,190

event

1900

01:25:06,010 --> 01:25:03,440

it's the premiere of the film this

1901

01:25:09,880 --> 01:25:06,020

weekend in Salem Oregon then I'm

1902

01:25:12,700 --> 01:25:09,890

screening the film in British Columbia

1903

01:25:15,000 --> 01:25:12,710

in Canada in a few places and then I'm

1904

01:25:18,090 --> 01:25:15,010

screening the film in Utah

1905

01:25:20,160 --> 01:25:18,100

then I'll be in LA I'll be in San Diego

1906

01:25:21,960 --> 01:25:20,170

and I'll be screening the film I don't

1907

01:25:25,290 --> 01:25:21,970

know the exact locations yet but

1908

01:25:28,830 --> 01:25:25,300

definitely Southern California needs to

1909

01:25:30,330 --> 01:25:28,840

see this movie mm-hmm and from there I'm

1910

01:25:33,960 --> 01:25:30,340

all over the place you know I want to

1911

01:25:36,780 --> 01:25:33,970

get the film picked up by Gaia I want to

1912

01:25:39,600 --> 01:25:36,790

get the film picked up by Netflix I want

1913

01:25:41,910 --> 01:25:39,610

everybody and their mom to know about

1914

01:25:46,140 --> 01:25:41,920

the movie to see the movie to look up to

1915

01:25:47,640 --> 01:25:46,150

wake up oh well holy hell man I think we

1916

01:25:49,980 --> 01:25:47,650

covered everything pretty thoroughly

1917

01:25:51,930 --> 01:25:49,990

thanks for letting me squeeze a little

1918

01:25:54,660 --> 01:25:51,940

extra juice out of you past the two-hour

1919

01:25:56,400 --> 01:25:54,670

mark and you're very knowledgeable I

1920

01:25:58,680 --> 01:25:56,410

really respect your dedication and

1921

01:26:01,080 --> 01:25:58,690

passion before we fully close the books

1922

01:26:03,060 --> 01:26:01,090

remind people where your website is and

1923

01:26:05,430 --> 01:26:03,070

where to see the film the password you

1924

01:26:07,710 --> 01:26:05,440

generously shared anything else you want

1925

01:26:09,990 --> 01:26:07,720

them to know about getting involved in

1926

01:26:12,270 --> 01:26:10,000

your work or following your work before

1927

01:26:16,380 --> 01:26:12,280

we close it out please even though

1928

01:26:17,760 --> 01:26:16,390

Facebook has been censoring and and I

1929

01:26:20,610 --> 01:26:17,770

know that I have this new algorithm

1930

01:26:22,620 --> 01:26:20,620

assigned to me that has some insane

1931

01:26:25,710 --> 01:26:22,630

scrutiny and censorship please follow me

1932

01:26:29,850 --> 01:26:25,720

on Facebook I've very much struggled to

1933

01:26:32,040 --> 01:26:29,860

reach 20 2005 a space to get followers

1934

01:26:36,030 --> 01:26:32,050
