

# STEVEN STRONG

OUT OF AUSTRALIA, DREAMTIME, & THE PLEIADIANS

PRESENTED BY THE HIGHERSIDE CHATS

LISTEN TO THE EPISODE AT [THEHIGHERSIDECHATS.COM](http://THEHIGHERSIDECHATS.COM)

LISTEN TO THE EXTENDED SHOW AT [THEHIGHERSIDECHATSPUS.COM](http://THEHIGHERSIDECHATSPUS.COM)

1  
00:00:07,430 --> 00:00:03,849

[Music]

2  
00:00:10,970 --> 00:00:07,440

the place roughing masters almost surely

3  
00:00:13,850 --> 00:00:10,980

have a plan this clearly maybe something

4  
00:00:16,730 --> 00:00:13,860

there beyond the realm of man and until

5  
00:00:19,640 --> 00:00:16,740

thoroughly tested every classical just

6  
00:00:22,609 --> 00:00:19,650

abused I'm time the more you think you

7  
00:00:27,670 --> 00:00:22,619

know the less you really do that's true

8  
00:00:32,630 --> 00:00:27,680

dr. Zaius uh where would we be without

9  
00:00:38,690 --> 00:00:36,460

where would we be without me

10  
00:00:42,340 --> 00:00:38,700

[Applause]

11  
00:00:47,119 --> 00:00:45,200

all right higher side shatters one of

12  
00:00:49,310 --> 00:00:47,129

the topics we like to tackle most is

13  
00:00:51,799 --> 00:00:49,320

those early chapters of the human story

14  
00:00:54,229 --> 00:00:51,809  
where do we come from what were ancient

15  
00:00:56,060 --> 00:00:54,239  
civilizations really like has human

16  
00:00:57,889 --> 00:00:56,070  
progress actually been a steady incline

17  
00:01:00,259 --> 00:00:57,899  
as we're taught or has it been a more

18  
00:01:01,880 --> 00:01:00,269  
complex saga of peaks and troughs which

19  
00:01:03,920 --> 00:01:01,890  
might have had several highly advanced

20  
00:01:06,649 --> 00:01:03,930  
societies lost from the records of today

21  
00:01:08,539 --> 00:01:06,659  
well folks is more and more evidence is

22  
00:01:10,340 --> 00:01:08,549  
unearthed in ancient sites and artifacts

23  
00:01:12,109 --> 00:01:10,350  
discovered the holes and what we thought

24  
00:01:14,480 --> 00:01:12,119  
was a pretty well supported mainstream

25  
00:01:16,370 --> 00:01:14,490  
perspective grow even bigger and the

26  
00:01:18,499 --> 00:01:16,380  
established authorities resort to making

27  
00:01:20,359 --> 00:01:18,509  
up the story as they go along trying to

28  
00:01:22,340 --> 00:01:20,369  
shoehorn new discoveries into the same

29  
00:01:24,469 --> 00:01:22,350  
old tired narrative from the Out of

30  
00:01:26,180 --> 00:01:24,479  
Africa theory to the deceptive degrading

31  
00:01:28,370 --> 00:01:26,190  
descriptions of indigenous societies

32  
00:01:29,930 --> 00:01:28,380  
encountered by Western expansion we're

33  
00:01:31,790 --> 00:01:29,940  
seeing more and more aspects of the

34  
00:01:34,249 --> 00:01:31,800  
human story that need to be reworked or

35  
00:01:35,899 --> 00:01:34,259  
rewritten entirely and the implications

36  
00:01:38,419 --> 00:01:35,909  
for the collective psyche of the planet

37  
00:01:40,249 --> 00:01:38,429  
are no small matter thankfully the

38  
00:01:42,080 --> 00:01:40,259

father-son research team of Steven and

39

00:01:43,700 --> 00:01:42,090

Evans strong have been neck deep in

40

00:01:45,319 --> 00:01:43,710

these issues for decades and their

41

00:01:46,990 --> 00:01:45,329

perspective is far different from what

42

00:01:49,459 --> 00:01:47,000

the authorities would like us to know

43

00:01:51,289 --> 00:01:49,469

Steven who's with us today is a teacher

44

00:01:53,539 --> 00:01:51,299

with a background in Aboriginal

45

00:01:55,969 --> 00:01:53,549

archaeology and education who co-wrote

46

00:01:58,069 --> 00:01:55,979

two units of the Masters of Aboriginal

47

00:01:59,660 --> 00:01:58,079

studies program for Sydney University

48

00:02:01,789 --> 00:01:59,670

and the New South Wales Department of

49

00:02:03,859 --> 00:02:01,799

Education and of course he's Evans dad

50

00:02:05,810 --> 00:02:03,869

and together they've written several

51  
00:02:08,060 --> 00:02:05,820  
books about their out of Australia

52  
00:02:09,889 --> 00:02:08,070  
perspective including forgotten origin

53  
00:02:12,410 --> 00:02:09,899  
shunned the hidden history of the

54  
00:02:14,630 --> 00:02:12,420  
original Australians and most recently

55  
00:02:16,340 --> 00:02:14,640  
out of Australia Aborigines The

56  
00:02:18,229 --> 00:02:16,350  
Dreamtime the dawn of the human race

57  
00:02:20,420 --> 00:02:18,239  
which brings together 30 years of

58  
00:02:22,009 --> 00:02:20,430  
intensive research and consultation with

59  
00:02:24,440 --> 00:02:22,019  
the elders and the original Australian

60  
00:02:25,940 --> 00:02:24,450  
community their dedication knows no

61  
00:02:28,310 --> 00:02:25,950  
bounds and I can't think of anyone more

62  
00:02:30,530 --> 00:02:28,320  
appropriate for such a show an honor and

63  
00:02:32,690 --> 00:02:30,540

a pleasure Stephen strong welcome to the

64

00:02:34,220 --> 00:02:32,700

higher side well thank you so much and

65

00:02:35,599 --> 00:02:34,230

thank you for the introduction or don't

66

00:02:37,130 --> 00:02:35,609

really feel like I've got much more to

67

00:02:40,940 --> 00:02:37,140

say I think you should give that sum bit

68

00:02:43,940 --> 00:02:40,950

up hahaha well all right thanks for your

69

00:02:45,559 --> 00:02:43,950

time but nah man you got plenty more to

70

00:02:48,470 --> 00:02:45,569

say because you wrote this great book

71

00:02:50,150 --> 00:02:48,480

full of a lot of information that was

72

00:02:51,440 --> 00:02:50,160

totally new to me it's

73

00:02:53,600 --> 00:02:51,450

pretty clear that you know how to make

74

00:02:55,880 --> 00:02:53,610

your case so I'm pretty psyched and to

75

00:02:58,250 --> 00:02:55,890

kick this off give us a little context

76  
00:03:00,650 --> 00:02:58,260  
for how this subject matter became such

77  
00:03:02,330 --> 00:03:00,660  
a priority to you where there are some

78  
00:03:03,860 --> 00:03:02,340  
early threads that you kept pulling on

79  
00:03:06,590 --> 00:03:03,870  
was it spending time with the elders

80  
00:03:10,130 --> 00:03:06,600  
themselves kind of this all unfold and

81  
00:03:13,310 --> 00:03:10,140  
unfolds in the Department of Education I

82  
00:03:15,260 --> 00:03:13,320  
was involved in setting up Aboriginal

83  
00:03:16,670 --> 00:03:15,270  
studies things taught in the high

84  
00:03:19,640 --> 00:03:16,680  
schools all the way through the high

85  
00:03:23,510 --> 00:03:19,650  
school certificate and over the years I

86  
00:03:26,420 --> 00:03:23,520  
did that I taught on the field one the

87  
00:03:28,370 --> 00:03:26,430  
children's trust and because of that the

88  
00:03:30,890 --> 00:03:28,380

adults started to share things with me

89

00:03:34,280 --> 00:03:30,900

and I began to realize that I was

90

00:03:37,040 --> 00:03:34,290

actually propagating lies what I thought

91

00:03:38,840 --> 00:03:37,050

was the truth was just not the truth and

92

00:03:42,260 --> 00:03:38,850

the elders were prepared to show me and

93

00:03:45,170 --> 00:03:42,270

what's taken place from there is further

94

00:03:48,170 --> 00:03:45,180

down the line I was asked to go back to

95

00:03:51,110 --> 00:03:48,180

review of the ad studies course I said

96

00:03:53,680 --> 00:03:51,120

ok I'll go back and I told them to throw

97

00:03:57,170 --> 00:03:53,690

the whole thing away and start again and

98

00:03:59,090 --> 00:03:57,180

that discussion didn't end well and a

99

00:04:00,530 --> 00:03:59,100

couple of days after that I resigned for

100

00:04:02,210 --> 00:04:00,540

the Department of Education and we

101  
00:04:04,730 --> 00:04:02,220  
started writing these books because I

102  
00:04:06,830 --> 00:04:04,740  
knew there was no way that truth could

103  
00:04:10,760 --> 00:04:06,840  
get into a mainstream so we had to take

104  
00:04:13,760 --> 00:04:10,770  
a proactive course I had to walk away so

105  
00:04:15,350 --> 00:04:13,770  
from that small beginning we wrote some

106  
00:04:17,360 --> 00:04:15,360  
books for University Press of America

107  
00:04:20,120 --> 00:04:17,370  
and we're very academic about it that's

108  
00:04:22,400 --> 00:04:20,130  
why we did it that way and some elders

109  
00:04:24,680 --> 00:04:22,410  
particularly ones the RAM and Jerry from

110  
00:04:27,140 --> 00:04:24,690  
South Australia they approached us and I

111  
00:04:29,350 --> 00:04:27,150  
went down there for a week and a bit at

112  
00:04:31,760 --> 00:04:29,360  
the end of it they gave us ceremony and

113  
00:04:33,860 --> 00:04:31,770

they gave us the right to start

114

00:04:36,220 --> 00:04:33,870

researching and talking to original

115

00:04:38,960 --> 00:04:36,230

people and what's followed from now is

116

00:04:40,820 --> 00:04:38,970

we've been in contact with elders and

117

00:04:43,340 --> 00:04:40,830

keepers of the old way throughout the

118

00:04:45,950 --> 00:04:43,350

whole of Australia and because we've

119

00:04:48,050 --> 00:04:45,960

done ceremony and we've been working

120

00:04:51,830 --> 00:04:48,060

through this elder Carr knows just

121

00:04:54,020 --> 00:04:51,840

passed on they've been forthcoming hmm

122

00:04:55,430 --> 00:04:54,030

and we've realized that the whole of our

123

00:04:57,680 --> 00:04:55,440

history and I think you summed it up

124

00:04:59,120 --> 00:04:57,690

really well it's not just Australian

125

00:05:01,490 --> 00:04:59,130

history there's much more to it than

126

00:05:03,280 --> 00:05:01,500

that there's a collective psyche about

127

00:05:05,830 --> 00:05:03,290

where we came from

128

00:05:07,600 --> 00:05:05,840

and it's all wrong everything the last

129

00:05:09,850 --> 00:05:07,610

five to six thousand years have been

130

00:05:12,010 --> 00:05:09,860

sort of out just a bad mistake that's

131

00:05:13,630 --> 00:05:12,020

got worse and there was another way of

132

00:05:14,890 --> 00:05:13,640

living that the whole of the planet was

133

00:05:17,470 --> 00:05:14,900

living and this is what we were learning

134

00:05:19,150 --> 00:05:17,480

this wasn't just about the original

135

00:05:21,370 --> 00:05:19,160

people on how they lived in the past

136

00:05:24,310 --> 00:05:21,380

it's what they exported to the rest of

137

00:05:26,050 --> 00:05:24,320

the world and that's what we're talking

138

00:05:28,870 --> 00:05:26,060

about it's not so much about a history

139

00:05:30,460 --> 00:05:28,880

lost it's about the renaissance of the

140

00:05:32,070 --> 00:05:30,470

history that needs to come back today

141

00:05:34,600 --> 00:05:32,080

because what we have is just appalling

142

00:05:35,650 --> 00:05:34,610

so it's said yeah it's been a long story

143

00:05:36,130 --> 00:05:35,660

and we still don't know where we're

144

00:05:38,380 --> 00:05:36,140

going

145

00:05:40,090 --> 00:05:38,390

the others that basically tell us what

146

00:05:41,620 --> 00:05:40,100

to do and every couple of days I'll get

147

00:05:44,350 --> 00:05:41,630

a phone call from elder and they'll tell

148

00:05:46,060 --> 00:05:44,360

me something we didn't know so we always

149

00:05:49,930 --> 00:05:46,070

keep adding to the story because it's

150

00:05:51,310 --> 00:05:49,940

such a huge one right and the book is so

151

00:05:53,800 --> 00:05:51,320

full of information it makes an

152

00:05:56,230 --> 00:05:53,810

excellent case and it is very academic

153

00:05:57,910 --> 00:05:56,240

yeah and before we get too much into it

154

00:05:59,500 --> 00:05:57,920

let's talk about the mainstream out of

155

00:06:01,030 --> 00:05:59,510

Africa theory because to understand the

156

00:06:03,670 --> 00:06:01,040

alternative we got to clearly define

157

00:06:05,500 --> 00:06:03,680

what you're challenging here and when

158

00:06:07,300 --> 00:06:05,510

you tell us about how the Out of Africa

159

00:06:09,040 --> 00:06:07,310

Theory got started and who's really

160

00:06:10,570 --> 00:06:09,050

behind it and the evidence it was based

161

00:06:13,510 --> 00:06:10,580

on before we kind of start to dismantle

162

00:06:15,400 --> 00:06:13,520

that well to do that we had to do the

163

00:06:17,740 --> 00:06:15,410

same thing we went to the paper was

164

00:06:19,750 --> 00:06:17,750

written by Professor Alan Wilson a

165

00:06:21,880 --> 00:06:19,760

professor associate professor at the

166

00:06:25,090 --> 00:06:21,890

time she's now professor Rebecca can and

167

00:06:27,670 --> 00:06:25,100

though we Genesis and there's a seminal

168

00:06:30,120 --> 00:06:27,680

paper which I've read many many times

169

00:06:32,920 --> 00:06:30,130

and it begins in the first paragraph

170

00:06:35,200 --> 00:06:32,930

something like this after 15 years of

171

00:06:37,720 --> 00:06:35,210

fighting between the paleontologists and

172

00:06:40,000 --> 00:06:37,730

the geneticists we have been proved

173

00:06:43,270 --> 00:06:40,010

right and they are wrong so it starts

174

00:06:45,580 --> 00:06:43,280

with a declaration of victory and what

175

00:06:49,360 --> 00:06:45,590

it does it introduces the theory to the

176

00:06:52,360 --> 00:06:49,370

so called Eve 150 to 200,000 years ago

177

00:06:53,680 --> 00:06:52,370

Homo sapiens evolved in Africa and then

178

00:06:55,540 --> 00:06:53,690

they went out to the rest of the world

179

00:06:57,760 --> 00:06:55,550

now that's the base that's where it

180

00:06:59,440 --> 00:06:57,770

comes from and of course many people who

181

00:07:00,880 --> 00:06:59,450

said well there it is it's done by

182

00:07:03,970 --> 00:07:00,890

geneticists and it was done in that

183

00:07:06,340 --> 00:07:03,980

about 1991 I think this paper was put

184

00:07:08,830 --> 00:07:06,350

out and that's where that thinking came

185

00:07:10,900 --> 00:07:08,840

from other papers came out of that but

186

00:07:14,279 --> 00:07:10,910

what people don't know if you read the

187

00:07:17,320 --> 00:07:14,289

paper very carefully great as it says

188

00:07:19,210 --> 00:07:17,330

probably came out of Africa I want to

189

00:07:22,120 --> 00:07:19,220

make that point it was never said they

190

00:07:24,670 --> 00:07:22,130

did now the reason they said probably is

191

00:07:26,589 --> 00:07:24,680

genealogy and genetics do not give you

192

00:07:29,409 --> 00:07:26,599

geography they give you a lineage but

193

00:07:31,480 --> 00:07:29,419

they don't give you they lived at 42

194

00:07:33,610 --> 00:07:31,490

Smith Street anywhere just tells you

195

00:07:35,950 --> 00:07:33,620

that a lid each came through not a

196

00:07:39,309 --> 00:07:35,960

position and what was also interesting

197

00:07:41,140 --> 00:07:39,319

was that they made a molecular clock

198

00:07:42,279 --> 00:07:41,150

it's quite famous the human clock and

199

00:07:43,749 --> 00:07:42,289

around about one hundred and fifty

200

00:07:46,270 --> 00:07:43,759

thousand years and then five million

201  
00:07:47,620 --> 00:07:46,280  
years before that we became hominids

202  
00:07:51,490 --> 00:07:47,630  
came and there was something before that

203  
00:07:53,249 --> 00:07:51,500  
and that clock was based on two facts

204  
00:07:55,930 --> 00:07:53,259  
they thought it happened in Australia

205  
00:07:57,939 --> 00:07:55,940  
the first one that the original people

206  
00:08:01,779 --> 00:07:57,949  
were the youngest and one third

207  
00:08:03,969 --> 00:08:01,789  
genetically is diverse as the applicants

208  
00:08:05,589 --> 00:08:03,979  
and the second one was there they got

209  
00:08:07,719 --> 00:08:05,599  
their fifty thousand years ago and

210  
00:08:09,460 --> 00:08:07,729  
here's their thinking if they got there

211  
00:08:11,379 --> 00:08:09,470  
between fifty to sixty thousand years

212  
00:08:13,719 --> 00:08:11,389  
ago and they're one third is genetically

213  
00:08:14,920 --> 00:08:13,729

diverse you multiply that together you

214

00:08:16,510 --> 00:08:14,930

get one hundred and fifty to one hundred

215

00:08:18,310 --> 00:08:16,520

and eighty thousand years ago and that's

216

00:08:20,740 --> 00:08:18,320

ladies and gentlemen how they came up

217

00:08:23,200 --> 00:08:20,750

with that figure based on two events

218

00:08:25,510 --> 00:08:23,210

that took place in Africa I sorry yeah

219

00:08:28,390 --> 00:08:25,520

in Australia what is interesting is both

220

00:08:32,170 --> 00:08:28,400

professor Allan Wilson and Rebecca can

221

00:08:34,779 --> 00:08:32,180

have both recanted on that Rebecca will

222

00:08:36,969 --> 00:08:34,789

I can was the first one to say she did

223

00:08:39,519 --> 00:08:36,979

study to this study on a hundred and

224

00:08:42,370 --> 00:08:39,529

twenty six vials of blood that came from

225

00:08:44,230 --> 00:08:42,380

26 indigenous groups and found the

226

00:08:47,410 --> 00:08:44,240

original people are not only the oldest

227

00:08:47,860 --> 00:08:47,420

but they evolved four hundred thousand

228

00:08:50,889 --> 00:08:47,870

years ago

229

00:08:52,690 --> 00:08:50,899

from two lineages now they said in their

230

00:08:55,360 --> 00:08:52,700

paper it was fifty thousand years

231

00:08:57,160 --> 00:08:55,370

they're out by a factor of eight she

232

00:08:59,949 --> 00:08:57,170

also said they're the most genetically

233

00:09:01,900 --> 00:08:59,959

diverse and in the paper they said they

234

00:09:04,540 --> 00:09:01,910

were the least genetically diverse and

235

00:09:06,490 --> 00:09:04,550

ladies and gentlemen all of the other

236

00:09:07,990 --> 00:09:06,500

studies and genetic work has come has

237

00:09:10,300 --> 00:09:08,000

come out of their second set of studies

238

00:09:13,269 --> 00:09:10,310

I can tell you that Alan Wilson came to

239

00:09:16,960 --> 00:09:13,279

Australia twice and collected his own

240

00:09:18,940 --> 00:09:16,970

samples to check this out in ninety I

241

00:09:21,190 --> 00:09:18,950

think eighty nine and eighty seventy

242

00:09:24,250 --> 00:09:21,200

came down and checked it out and he

243

00:09:27,380 --> 00:09:24,260

collected 31 samples and he found 22

244

00:09:29,510 --> 00:09:27,390

different genetic variations

245

00:09:31,670 --> 00:09:29,520

and he found from that that they had

246

00:09:34,070 --> 00:09:31,680

been in that country at least 77

247

00:09:36,620 --> 00:09:34,080

thousand years and a minimum and he said

248

00:09:38,870 --> 00:09:36,630

if I collect if I kept collecting more

249

00:09:41,930 --> 00:09:38,880

vials of blood I would still get that 70

250

00:09:44,450 --> 00:09:41,940

percent i mutation rate it might go back

251  
00:09:46,630 --> 00:09:44,460  
hundreds of thousands of years so what

252  
00:09:50,330 --> 00:09:46,640  
we've got Gregg is all the other studies

253  
00:09:51,830 --> 00:09:50,340  
came from the studies of the two people

254  
00:09:54,290 --> 00:09:51,840  
who came from the Out of Africa Theory

255  
00:09:56,090 --> 00:09:54,300  
who introduced they then did further

256  
00:09:58,250 --> 00:09:56,100  
research as genetics got more

257  
00:10:00,860 --> 00:09:58,260  
sophisticated and they found there was

258  
00:10:02,540 --> 00:10:00,870  
so many other story and many others have

259  
00:10:04,010 --> 00:10:02,550  
followed that up all we've done in our

260  
00:10:06,920 --> 00:10:04,020  
book yes it is academic

261  
00:10:08,900 --> 00:10:06,930  
we just trolled all the other works and

262  
00:10:10,340 --> 00:10:08,910  
tried to put a big picture into that we

263  
00:10:13,130 --> 00:10:10,350

tried to show you there's a commonality

264

00:10:15,970 --> 00:10:13,140

and the commonality is the original

265

00:10:18,950 --> 00:10:15,980

people are incredibly old and have no

266

00:10:23,000 --> 00:10:18,960

genetic relationship whatsoever to the

267

00:10:24,560 --> 00:10:23,010

applicants hmm see that last point is

268

00:10:26,930 --> 00:10:24,570

kind of the most interesting that they

269

00:10:28,370 --> 00:10:26,940

have no genetic connection so to the

270

00:10:30,230 --> 00:10:28,380

Africans I mean that's kind of

271

00:10:32,450 --> 00:10:30,240

mind-blowing that probably to a lot of

272

00:10:35,120 --> 00:10:32,460

people because it's not so much to say

273

00:10:36,380 --> 00:10:35,130

that we move the target from Africa to

274

00:10:38,930 --> 00:10:36,390

Australia but to say there's no

275

00:10:40,280 --> 00:10:38,940

connection I mean there's something

276

00:10:42,170 --> 00:10:40,290

you're going to underline a couple times

277

00:10:44,360 --> 00:10:42,180

and put some exclamation point next to

278

00:10:46,400 --> 00:10:44,370

you've got to because it's such an

279

00:10:49,550 --> 00:10:46,410

interesting part of this equation look

280

00:10:52,610 --> 00:10:49,560

you've got to remember this Africans the

281

00:10:52,970 --> 00:10:52,620

African race have no Denisovan in the

282

00:10:55,550 --> 00:10:52,980

war

283

00:10:56,780 --> 00:10:55,560

alright Denisovan is a group of hominids

284

00:10:59,900 --> 00:10:56,790

that have been around in the countryside

285

00:11:01,490 --> 00:10:59,910

from at least sixteen thousand years ago

286

00:11:03,500 --> 00:11:01,500

to half a million years ago we've got

287

00:11:06,410 --> 00:11:03,510

racism in Spain in Siberia though all

288

00:11:08,090 --> 00:11:06,420

around the place right now there is one

289

00:11:10,670 --> 00:11:08,100

group in the world that have the highest

290

00:11:12,950 --> 00:11:10,680

link of Denisovan in them which is the

291

00:11:16,640 --> 00:11:12,960

original people my reading of Denisovan

292

00:11:19,610 --> 00:11:16,650

is 4.7 which means the 120th of my DNA

293

00:11:21,770 --> 00:11:19,620

today is Denisovan the Africans have

294

00:11:23,030 --> 00:11:21,780

none we're supposed to be told with from

295

00:11:25,400 --> 00:11:23,040

the same race let me give you another

296

00:11:26,990 --> 00:11:25,410

one we've now discovered a new genetic

297

00:11:29,480 --> 00:11:27,000

strand which we have written about yet

298

00:11:31,610 --> 00:11:29,490

that is found only in original people

299

00:11:33,800 --> 00:11:31,620

and they cannot find a hominid on that

300

00:11:36,050 --> 00:11:33,810

planet that's related to but it's only

301  
00:11:38,750 --> 00:11:36,060  
in the regional people I would ask your

302  
00:11:41,199 --> 00:11:38,760  
readers or listeners rather because if

303  
00:11:43,090 --> 00:11:41,209  
there is web god Denisovan I'm for

304  
00:11:45,639 --> 00:11:43,100  
and seven and no African has got any

305  
00:11:47,710 --> 00:11:45,649  
reading in Denisovan I've got within me

306  
00:11:49,749 --> 00:11:47,720  
a strand of mitochondrial DNA that

307  
00:11:52,150 --> 00:11:49,759  
belongs to a hominid or something I'm

308  
00:11:54,609 --> 00:11:52,160  
not convinced it is that no one can find

309  
00:11:57,160 --> 00:11:54,619  
and the applicants don't have it how can

310  
00:11:59,319 --> 00:11:57,170  
we be related I mean I don't have to be

311  
00:12:02,499 --> 00:11:59,329  
a geneticist to work that one out it is

312  
00:12:03,609 --> 00:12:02,509  
pure common sense and by the way just in

313  
00:12:04,989 --> 00:12:03,619

case you didn't know this ladies and

314

00:12:06,189 --> 00:12:04,999

gentlemen the Africans have known the

315

00:12:08,410 --> 00:12:06,199

and orful in them too

316

00:12:10,210 --> 00:12:08,420

how is that all the other races have all

317

00:12:12,129 --> 00:12:10,220

those mixtures within them and the

318

00:12:14,859 --> 00:12:12,139

Africans who are supposed to be our

319

00:12:16,809 --> 00:12:14,869

ancestors have none of them they don't

320

00:12:18,669 --> 00:12:16,819

answer those simple questions as I said

321

00:12:21,100 --> 00:12:18,679

we try to collect all that information

322

00:12:23,049 --> 00:12:21,110

and put it into a picture that we can

323

00:12:24,540 --> 00:12:23,059

understand we try I know it's academic

324

00:12:26,889 --> 00:12:24,550

but we do try and make it readable

325

00:12:30,040 --> 00:12:26,899

because it really is a common-sense

326

00:12:33,340 --> 00:12:30,050

story here you've got to remember 1990

327

00:12:35,470 --> 00:12:33,350

they began genetics now we are nearly 30

328

00:12:38,230 --> 00:12:35,480

years further they've got better we

329

00:12:40,600 --> 00:12:38,240

mainly cite the most recent studies

330

00:12:42,460 --> 00:12:40,610

I mean people may not know this but the

331

00:12:44,859 --> 00:12:42,470

longest and the largest study of Y

332

00:12:46,840 --> 00:12:44,869

chromosomes was done by two Russians

333

00:12:49,419 --> 00:12:46,850

it's called the walk through the walk

334

00:12:51,850 --> 00:12:49,429

through chromosome testes y chromosomes

335

00:12:55,419 --> 00:12:51,860

and what they did was they took files

336

00:12:57,369 --> 00:12:55,429

from 400 willing volunteers ago their

337

00:13:00,309 --> 00:12:57,379

semen up to a better cause and are

338

00:13:02,499 --> 00:13:00,319

analyzed and they came from anywhere but

339

00:13:04,629 --> 00:13:02,509

Africa all over the world but not Africa

340

00:13:07,030 --> 00:13:04,639

and then they complained them to 13

341

00:13:09,669 --> 00:13:07,040

distinct African markers that's for men

342

00:13:12,669 --> 00:13:09,679

and they wanted to get a match and out

343

00:13:15,910 --> 00:13:12,679

of 5,200 possible matches they got none

344

00:13:17,829 --> 00:13:15,920

and what the researchers said is we

345

00:13:19,359 --> 00:13:17,839

don't know where our atom came from then

346

00:13:21,400 --> 00:13:19,369

Adam and Eve and this story that came

347

00:13:24,249 --> 00:13:21,410

from Africa but one thing we can tell

348

00:13:26,859 --> 00:13:24,259

you is Adam is not African so if the eve

349

00:13:29,019 --> 00:13:26,869

is African and Adam isn't it must have

350

00:13:31,210 --> 00:13:29,029

been a long-term relation from distance

351

00:13:32,859 --> 00:13:31,220

relationship because there's no way

352

00:13:35,889 --> 00:13:32,869

genetically when you study why

353

00:13:38,829 --> 00:13:35,899

chromosomes 103 years ago there is no

354

00:13:41,199 --> 00:13:38,839

African link in anyone other than

355

00:13:42,939 --> 00:13:41,209

Africans on the Y chromosome part of the

356

00:13:45,189 --> 00:13:42,949

equation so when you put these things

357

00:13:48,100 --> 00:13:45,199

together and there's plenty of them you

358

00:13:50,220 --> 00:13:48,110

have to say okay the Out of Africa

359

00:13:52,680 --> 00:13:50,230

theory doesn't work but

360

00:13:54,510 --> 00:13:52,690

real question in this green is the new

361

00:13:57,870 --> 00:13:54,520

chromosomes that have been found in

362

00:13:59,460 --> 00:13:57,880

original people and this is what we find

363

00:14:01,410 --> 00:13:59,470

the most interesting part of the story

364

00:14:03,810 --> 00:14:01,420

what they've said is it's not been

365

00:14:05,010 --> 00:14:03,820

asserted it's not the Anderson it's not

366

00:14:07,650 --> 00:14:05,020

red deer caveman

367

00:14:08,850 --> 00:14:07,660

it's not Homo enigma it's not clearances

368

00:14:10,260 --> 00:14:08,860

we know about all these different

369

00:14:12,270 --> 00:14:10,270

ominous now there's about fifteen or

370

00:14:15,130 --> 00:14:12,280

sixteen we found them all we said we did

371

00:14:17,290 --> 00:14:15,140

or where'd this one come from

372

00:14:18,730 --> 00:14:17,300

now I've asked the original people and I

373

00:14:20,170 --> 00:14:18,740

can tell you I've asked all of them the

374

00:14:21,160 --> 00:14:20,180

same question and they've all given me

375

00:14:23,460 --> 00:14:21,170

the same answer

376

00:14:25,900 --> 00:14:23,470

I said you folks aren't going to find it

377

00:14:27,610 --> 00:14:25,910

because the extra set of chromosomes

378

00:14:29,290 --> 00:14:27,620

we've just discovered which by the way

379

00:14:30,430 --> 00:14:29,300

is scientific fact and I'll tell you

380

00:14:32,290 --> 00:14:30,440

they don't know where they come from

381

00:14:34,389 --> 00:14:32,300

I oughta me they come from the Pleiades

382

00:14:37,210 --> 00:14:34,399

and that's when the story gets

383

00:14:39,550 --> 00:14:37,220

interesting right yes that was going to

384

00:14:41,050 --> 00:14:39,560

be my next question for you was to bring

385

00:14:42,610 --> 00:14:41,060

up the elders and the original

386

00:14:44,530 --> 00:14:42,620

Australians a bit more I mean obviously

387

00:14:46,090 --> 00:14:44,540

you guys have spent a lot of time with

388

00:14:48,220 --> 00:14:46,100

them and they seem to preserve their

389

00:14:50,290 --> 00:14:48,230

oral history and deliver it in layers a

390

00:14:52,090 --> 00:14:50,300

lot like a secret society tends to do

391

00:14:54,610 --> 00:14:52,100

and I wondered if you could elaborate on

392

00:14:58,660 --> 00:14:54,620

this process and how the human story

393

00:15:01,569 --> 00:14:58,670

goes according to them well what happens

394

00:15:04,420 --> 00:15:01,579

is when you with original people the

395

00:15:06,759 --> 00:15:04,430

oldest you're drip fed information as I

396

00:15:08,710 --> 00:15:06,769

see fit never ask them a question

397

00:15:10,870 --> 00:15:08,720

because you'll never get an answer and

398

00:15:12,759 --> 00:15:10,880

it'll come when when they think you need

399

00:15:14,199 --> 00:15:12,769

to hear it not when you ask normally

400

00:15:15,160 --> 00:15:14,209

when you ask a question they think you

401  
00:15:17,340 --> 00:15:15,170  
don't need to hear a thing because

402  
00:15:20,620 --> 00:15:17,350  
you're asking too much you should learn

403  
00:15:22,720 --> 00:15:20,630  
as far as it is concerned the healing

404  
00:15:25,420 --> 00:15:22,730  
process that's taking place my

405  
00:15:28,900 --> 00:15:25,430  
understanding is the original people

406  
00:15:31,780 --> 00:15:28,910  
believe that that genetic cross was

407  
00:15:33,370 --> 00:15:31,790  
agreed to people need to understand when

408  
00:15:35,079 --> 00:15:33,380  
the Pleiadian said this is what they've

409  
00:15:37,750 --> 00:15:35,089  
told me I'm passing on the story as I've

410  
00:15:39,759 --> 00:15:37,760  
been told there was a healing process

411  
00:15:42,329 --> 00:15:39,769  
that began right back at the very

412  
00:15:45,699 --> 00:15:42,339  
beginning were original people and

413  
00:15:48,100 --> 00:15:45,709

Pleiadian genes will cost and from that

414

00:15:50,530 --> 00:15:48,110

point on they then went around the rest

415

00:15:53,560 --> 00:15:50,540

of the world and all races have within

416

00:15:55,030 --> 00:15:53,570

them they might think it's just in the

417

00:15:57,460 --> 00:15:55,040

original people have detected a massive

418

00:16:00,009 --> 00:15:57,470

amount of this genetic information they

419

00:16:02,530 --> 00:16:00,019

can't recognize every human being on the

420

00:16:04,509 --> 00:16:02,540

planet has original genes within them I

421

00:16:06,870 --> 00:16:04,519

could talk about another study the

422

00:16:09,699 --> 00:16:06,880

present we won't for now my point being

423

00:16:12,069 --> 00:16:09,709

that that is now being generated and

424

00:16:14,380 --> 00:16:12,079

being activated so within each of us is

425

00:16:15,939 --> 00:16:14,390

a healing gene that was placed there way

426

00:16:19,180 --> 00:16:15,949

back in the beginning it was part of a

427

00:16:21,519 --> 00:16:19,190

long-term plan the original people are

428

00:16:23,680 --> 00:16:21,529

adamant that their countrymen and that's

429

00:16:26,710 --> 00:16:23,690

a word they use a lot are the Pleiadians

430

00:16:29,199 --> 00:16:26,720

and they came here and they began in

431

00:16:31,150 --> 00:16:29,209

Australia and they seeded the hominids

432

00:16:33,879 --> 00:16:31,160

there and those jeans have spread

433

00:16:36,129 --> 00:16:33,889

everywhere and that's the resonance of

434

00:16:37,809 --> 00:16:36,139

the vibrates and picks up and I'm sure

435

00:16:40,150 --> 00:16:37,819

you're aware of the fact is now above

436

00:16:44,710 --> 00:16:40,160

100 on occasions that was around 7:00 or

437

00:16:46,869 --> 00:16:44,720

8:00 that is what it's activating so the

438

00:16:48,699 --> 00:16:46,879

healing process has began the original

439

00:16:51,460 --> 00:16:48,709

elders and I can tell you this the

440

00:16:53,710 --> 00:16:51,470

reason why we've been shown so many

441

00:16:55,329 --> 00:16:53,720

sacred stuff that people haven't seen

442

00:16:57,790 --> 00:16:55,339

before and some of which we can't show

443

00:16:59,980 --> 00:16:57,800

you but 95% we do because that's the

444

00:17:02,290 --> 00:16:59,990

whole deal here no secrets we've shown

445

00:17:04,510 --> 00:17:02,300

this stuff because they believe there is

446

00:17:06,279 --> 00:17:04,520

a change of foot there's no one elder I

447

00:17:09,159 --> 00:17:06,289

have met and I'm working with a dozen

448

00:17:11,380 --> 00:17:09,169

over the change is taking place and it's

449

00:17:13,809 --> 00:17:11,390

taking place within us and those jeans

450

00:17:15,309 --> 00:17:13,819

are resonating and the studies we're

451

00:17:16,870 --> 00:17:15,319

doing in this country and the sacred

452

00:17:19,659 --> 00:17:16,880

objects we're finding are part of that

453

00:17:21,850 --> 00:17:19,669

process too so it has begun already

454

00:17:23,380 --> 00:17:21,860

there are sacred rocks and sacred places

455

00:17:25,990 --> 00:17:23,390

we're working with at the moment that

456

00:17:28,000 --> 00:17:26,000

are part of that a process - and there

457

00:17:29,740 --> 00:17:28,010

will be a change and it's going to start

458

00:17:31,149 --> 00:17:29,750

in Australia that's one of the parts of

459

00:17:34,419 --> 00:17:31,159

this story that's why it's called out of

460

00:17:35,799 --> 00:17:34,429

Australia because a begin here and it

461

00:17:38,409 --> 00:17:35,809

starts again here that's an automatic

462

00:17:41,350 --> 00:17:38,419

saying we all know it will begin again

463

00:17:43,750 --> 00:17:41,360

here hmm I think a lot of us are feeling

464

00:17:46,120 --> 00:17:43,760

a need for some change so maybe positive

465

00:17:49,510 --> 00:17:46,130

days are ahead and as far as the

466

00:17:51,039 --> 00:17:49,520

Pleiadians motivations what do you say

467

00:17:55,990 --> 00:17:51,049

about that because it's kind of

468

00:17:57,730 --> 00:17:56,000

interesting well again I try not to as

469

00:17:59,440 --> 00:17:57,740

much as I can put in any of my own

470

00:18:02,320 --> 00:17:59,450

opinion so I might have to put one into

471

00:18:04,419 --> 00:18:02,330

this but I preface at first my

472

00:18:05,980 --> 00:18:04,429

understanding is the motivation goes way

473

00:18:07,810 --> 00:18:05,990

back to the seeding of this planet I

474

00:18:09,310 --> 00:18:07,820

have a rock which on the custodian at

475

00:18:12,070 --> 00:18:09,320

the moment I know the dreaming story

476

00:18:13,630 --> 00:18:12,080

that goes with that an a croc tells us

477

00:18:16,269 --> 00:18:13,640

of a place when they send a spear from

478

00:18:18,940 --> 00:18:16,279

the Pleiades to seed this planet and it

479

00:18:20,590 --> 00:18:18,950

was thrown from Pleiades and led earlier

480

00:18:21,700 --> 00:18:20,600

which is ayers rock some people know it

481

00:18:23,740 --> 00:18:21,710

as that's a rock in the middle of

482

00:18:25,750 --> 00:18:23,750

Australia and if you look at that rock

483

00:18:27,610 --> 00:18:25,760

you'll find it is 2i speciate it's like

484

00:18:29,560 --> 00:18:27,620

a cone of points goes to a point in the

485

00:18:31,840 --> 00:18:29,570

top is where they seeded this place

486

00:18:34,450 --> 00:18:31,850

there was a long term plan to seed the

487

00:18:35,900 --> 00:18:34,460

country and to seed this whole place

488

00:18:37,490 --> 00:18:35,910

because

489

00:18:39,470 --> 00:18:37,500

how can I put this there's an

490

00:18:41,600 --> 00:18:39,480

understanding I'm going to go back to an

491

00:18:43,640 --> 00:18:41,610

elder again bear with me because they

492

00:18:44,990 --> 00:18:43,650

sometimes scare to be too trying to get

493

00:18:47,120 --> 00:18:45,000

to the point and I'll have to tell the

494

00:18:48,680 --> 00:18:47,130

story was told and made sure I have been

495

00:18:49,070 --> 00:18:48,690

told I wore a lot but I'm going to do it

496

00:18:50,870 --> 00:18:49,080

again

497

00:18:54,020 --> 00:18:50,880

I'll go back to a hopefully I remember

498

00:18:56,000 --> 00:18:54,030

or was before that I asked one of my

499

00:18:57,560 --> 00:18:56,010

oldest why did the aliens come in the

500

00:19:00,200 --> 00:18:57,570

Syrians have creators why'd they bother

501  
00:19:02,540 --> 00:19:00,210  
I said I look at this place today and I

502  
00:19:04,130 --> 00:19:02,550  
see nothing worthwhile I honestly don't

503  
00:19:06,590 --> 00:19:04,140  
I don't want to be too down about this

504  
00:19:08,870 --> 00:19:06,600  
but we don't behave well we behave

505  
00:19:10,520 --> 00:19:08,880  
poorly we spent 150 cents on every

506  
00:19:11,060 --> 00:19:10,530  
dollar in security and killing each

507  
00:19:17,200 --> 00:19:11,070  
other

508  
00:19:18,580 --> 00:19:17,210  
any smile that means the only time I

509  
00:19:20,350 --> 00:19:18,590  
ever got an answer off an elder I felt

510  
00:19:21,610 --> 00:19:20,360  
like I deserved it coincident want me to

511  
00:19:24,580 --> 00:19:21,620  
do all this stuff and talk about this

512  
00:19:27,700 --> 00:19:24,590  
god I can't believe they butter anyway

513  
00:19:30,130 --> 00:19:27,710

he smiled at me said I want you to think

514

00:19:33,550 --> 00:19:30,140

of all of the different forms of aliens

515

00:19:35,980 --> 00:19:33,560

as varying shades of the very first

516

00:19:40,840 --> 00:19:35,990

alien that was depicted in a favorable

517

00:19:42,160 --> 00:19:40,850

manner on NASA TV mass media I had to

518

00:19:44,710 --> 00:19:42,170

think about that I want you to take a

519

00:19:46,920 --> 00:19:44,720

one show well we finally have an alien

520

00:19:49,080 --> 00:19:46,930

that was a friend

521

00:19:51,240 --> 00:19:49,090

and I couldn't come up with any child me

522

00:19:53,140 --> 00:19:51,250

and it's an American one-eyed Star Trek

523

00:19:56,080 --> 00:19:53,150

and it's dr. Spock

524

00:19:59,560 --> 00:19:56,090

okay now he said I want you to remember

525

00:20:02,860 --> 00:19:59,570

what dr. Spock was like I said yes he

526

00:20:04,299 --> 00:20:02,870

was very very intelligent he understood

527

00:20:07,900 --> 00:20:04,309

what was right and wrong and he said but

528

00:20:09,370 --> 00:20:07,910

to be understand love's not a fun no he

529

00:20:10,840 --> 00:20:09,380

didn't she did he understand our

530

00:20:13,660 --> 00:20:10,850

emotions as it no he didn't he said

531

00:20:16,030 --> 00:20:13,670

that's why they come he said that's why

532

00:20:18,520 --> 00:20:16,040

they come he said because this planet of

533

00:20:20,830 --> 00:20:18,530

all the planets in the universe is the

534

00:20:23,799 --> 00:20:20,840

strongest closest strongest vibrational

535

00:20:26,380 --> 00:20:23,809

pure love now every being on this planet

536

00:20:27,910 --> 00:20:26,390

gets affected by that I mean I know a

537

00:20:29,590 --> 00:20:27,920

story of the shingle back Wizards of

538

00:20:31,000 --> 00:20:29,600

Australia where one mates with another

539

00:20:32,440 --> 00:20:31,010

and if it gets run over the road the

540

00:20:34,690 --> 00:20:32,450

other one won't leave or die with it

541

00:20:37,210 --> 00:20:34,700

rather than leave it's me so it affects

542

00:20:40,390 --> 00:20:37,220

all of us and he said do aliens

543

00:20:42,549 --> 00:20:40,400

dr. Spock think of him as a plea alien

544

00:20:44,140 --> 00:20:42,559

he's got an understanding what's right

545

00:20:47,799 --> 00:20:44,150

or wrong and fight for us and stands

546

00:20:49,510 --> 00:20:47,809

biased but never quite understood and he

547

00:20:52,120 --> 00:20:49,520

said all the others are varying degrees

548

00:20:53,740 --> 00:20:52,130

of that and some don't care at all they

549

00:20:55,120 --> 00:20:53,750

just come here to find out how I can get

550

00:20:57,310 --> 00:20:55,130

this I'll cut it up see if it's inside

551

00:20:59,500 --> 00:20:57,320

what is going on here they're drawn

552

00:21:02,169 --> 00:20:59,510

because this planet is different now the

553

00:21:04,150 --> 00:21:02,179

Pleiadians the reason why they've done

554

00:21:06,549 --> 00:21:04,160

this and I was getting to that point and

555

00:21:09,250 --> 00:21:06,559

he got to the same point was they wanted

556

00:21:12,250 --> 00:21:09,260

to live here not just visit and impose

557

00:21:14,350 --> 00:21:12,260

but live with us and become part of this

558

00:21:16,540 --> 00:21:14,360

and the only way they could do it is

559

00:21:18,910 --> 00:21:16,550

their body was not strong enough for the

560

00:21:20,620 --> 00:21:18,920

heat and the gravity here is they had to

561

00:21:22,930 --> 00:21:20,630

live underneath the ground and create

562

00:21:26,320 --> 00:21:22,940

something they could incarnate into and

563

00:21:28,150 --> 00:21:26,330

that was the agreement so the aliens and

564

00:21:30,250 --> 00:21:28,160

there are many people today greet the

565

00:21:31,840 --> 00:21:30,260

claim they are pleading I'm not I don't

566

00:21:34,630 --> 00:21:31,850

claim anything like that on a claim I'm

567

00:21:36,669 --> 00:21:34,640

anything but a fallen human but many

568

00:21:39,880 --> 00:21:36,679

believe it strongly and I believe that

569

00:21:41,980 --> 00:21:39,890

they are their incarnated plea aliens

570

00:21:43,060 --> 00:21:41,990

have been here all that time waiting for

571

00:21:45,190 --> 00:21:43,070

something to happen

572

00:21:48,190 --> 00:21:45,200

so they defeated us in a lot of

573

00:21:50,260 --> 00:21:48,200

different ways in that to the soul

574

00:21:52,000 --> 00:21:50,270

they have incarnated into a regional

575

00:21:53,590 --> 00:21:52,010

people and non original people and to

576

00:21:55,510 --> 00:21:53,600

our genetics so they're part of the

577

00:21:58,270 --> 00:21:55,520

process so when the original people tell

578

00:22:00,360 --> 00:21:58,280

me the Pleiadians are our countrymen and

579

00:22:03,580 --> 00:22:00,370

I know that all humans came from

580

00:22:05,350 --> 00:22:03,590

original people then we are all

581

00:22:06,700 --> 00:22:05,360

countrymen of the Pleiadians and that

582

00:22:08,020 --> 00:22:06,710

was their plan

583

00:22:10,450 --> 00:22:08,030

it's a clever plan it was hatched

584

00:22:12,970 --> 00:22:10,460

billions of years ago but that's the

585

00:22:16,480 --> 00:22:12,980

process that's going on and we now are

586

00:22:19,150 --> 00:22:16,490

living in a planet and place it's unlike

587

00:22:21,250 --> 00:22:19,160

any other in the cosmos and that's why

588

00:22:22,600 --> 00:22:21,260

they're here not of all of me here for

589

00:22:24,370 --> 00:22:22,610

good reasons do not believe that

590

00:22:26,050 --> 00:22:24,380

everyone that's come from afar has come

591

00:22:27,820 --> 00:22:26,060

here as enlightened as then the Syrians

592

00:22:30,160 --> 00:22:27,830

and nearly there others are not right

593

00:22:32,590 --> 00:22:30,170

but they're drawn here because this

594

00:22:35,770 --> 00:22:32,600

place is special and every human being

595

00:22:39,570 --> 00:22:35,780

is incarnated on this place has the

596

00:22:41,920 --> 00:22:39,580

potential to be greater than all of them

597

00:22:45,610 --> 00:22:41,930

remember that original people have the

598

00:22:48,580 --> 00:22:45,620

same every person in their tribe has

599

00:22:52,030 --> 00:22:48,590

magic it just depends how much at the

600

00:22:53,950 --> 00:22:52,040

moment our magic is gone we really are

601  
00:22:56,020 --> 00:22:53,960  
we've lost that skill and all those

602  
00:22:58,510 --> 00:22:56,030  
skills occasionally we see freak people

603  
00:23:00,130 --> 00:22:58,520  
that that's telepathy can speak to of

604  
00:23:02,440 --> 00:23:00,140  
those that passed on but we should all

605  
00:23:04,780 --> 00:23:02,450  
be able to do that that is what every

606  
00:23:07,180 --> 00:23:04,790  
human is capable of doing that's why

607  
00:23:09,310 --> 00:23:07,190  
they come in but at the moment they're

608  
00:23:12,480 --> 00:23:09,320  
pretty damn disappointed we're not doing

609  
00:23:15,550 --> 00:23:12,490  
a very good job man I really think that

610  
00:23:17,680 --> 00:23:15,560  
cosmology is fascinating and I don't

611  
00:23:19,330 --> 00:23:17,690  
Michael tell ensures another researcher

612  
00:23:22,660 --> 00:23:19,340  
I enjoy who you guys have worked with

613  
00:23:24,280 --> 00:23:22,670

and you mentioned the Syrians and you

614

00:23:26,680 --> 00:23:24,290

know that is his contention I guess that

615

00:23:28,510 --> 00:23:26,690

we respond as a slave race for mining

616

00:23:30,550 --> 00:23:28,520

probably from beans that came from the

617

00:23:32,500 --> 00:23:30,560

Sirius Star System is it possible that

618

00:23:34,470 --> 00:23:32,510

multiple alien races came here to

619

00:23:37,540 --> 00:23:34,480

engineer beans for different purposes

620

00:23:39,550 --> 00:23:37,550

look Michael was work with us and we

621

00:23:41,770 --> 00:23:39,560

still keep in contact exactly right a

622

00:23:44,290 --> 00:23:41,780

lovely reference on the back of our book

623

00:23:46,600 --> 00:23:44,300

which are eternally grateful for Michael

624

00:23:49,180 --> 00:23:46,610

and I have fully on we believe exactly

625

00:23:50,890 --> 00:23:49,190

the same thing in Africa the Syrian

626

00:23:52,360 --> 00:23:50,900

genes are there they're one part of the

627

00:23:54,430 --> 00:23:52,370

component of what we are today and

628

00:23:57,010 --> 00:23:54,440

that's why so many people today I still

629

00:23:59,170 --> 00:23:57,020

say drawn towards following Authority

630

00:24:01,090 --> 00:23:59,180

yeah it's genetically bred into them

631

00:24:03,460 --> 00:24:01,100

through our genes but don't forget we

632

00:24:06,070 --> 00:24:03,470

have other genes within us - yes we are

633

00:24:07,900 --> 00:24:06,080

really a dog's breakfast of genes

634

00:24:10,900 --> 00:24:07,910

they've all stuck their nose into this

635

00:24:13,240 --> 00:24:10,910

this given think how this sapiens give

636

00:24:15,220 --> 00:24:13,250

me a break we're not lies I don't know

637

00:24:17,890 --> 00:24:15,230

emotional emotional absolutely but not

638

00:24:19,930 --> 00:24:17,900

sapiens Satan that's not what we are we

639

00:24:20,549 --> 00:24:19,940

are driven by emotion we're driven by

640

00:24:22,019 --> 00:24:20,559

love which you

641

00:24:23,999 --> 00:24:22,029

my motion more than any other group

642

00:24:26,009 --> 00:24:24,009

that's around but remember within that

643

00:24:28,619 --> 00:24:26,019

the most powerful force on the planet

644

00:24:31,289 --> 00:24:28,629

any planet is loved that's what draws a

645

00:24:34,350 --> 00:24:31,299

man that's the real kicker this year and

646

00:24:35,820 --> 00:24:34,360

look we do believe the Syrians came to

647

00:24:37,560 --> 00:24:35,830

begin with I believe they've evolved

648

00:24:40,289 --> 00:24:37,570

since then because everyone involves on

649

00:24:42,989 --> 00:24:40,299

this planet they can't help but not be

650

00:24:45,450 --> 00:24:42,999

it is part of the makeup of this planet

651  
00:24:47,610 --> 00:24:45,460  
it radiates it but to begin with yes

652  
00:24:49,590 --> 00:24:47,620  
they want to compliant miners we're

653  
00:24:51,389 --> 00:24:49,600  
fully in agreement with Michael and

654  
00:24:54,359 --> 00:24:51,399  
Michael also agrees and it's very clear

655  
00:24:57,330 --> 00:24:54,369  
here Syrians never came to Australia it

656  
00:24:58,980 --> 00:24:57,340  
was Pleiadian only territory must have

657  
00:25:01,109 --> 00:24:58,990  
been some sort of gentlemen's agreement

658  
00:25:03,600 --> 00:25:01,119  
before they fought but this was their

659  
00:25:06,419 --> 00:25:03,610  
territory a new mob could have the rest

660  
00:25:09,269 --> 00:25:06,429  
but here the original people maintained

661  
00:25:11,609 --> 00:25:09,279  
that pure bloodline until cooked came

662  
00:25:14,190 --> 00:25:11,619  
where they basically had original

663  
00:25:16,379 --> 00:25:14,200

bloodline and I also bet Syrian I sorry

664

00:25:17,820 --> 00:25:16,389

deeply alien bloodline but in other

665

00:25:20,159 --> 00:25:17,830

places yes but of course now the

666

00:25:21,539 --> 00:25:20,169

original bloodline they've got the other

667

00:25:24,029 --> 00:25:21,549

stuff in there too now there's very few

668

00:25:26,009 --> 00:25:24,039

people are full full descent original

669

00:25:27,480 --> 00:25:26,019

anymore and they have some of the Syrian

670

00:25:30,749 --> 00:25:27,490

stuff in there too and all the other

671

00:25:32,789 --> 00:25:30,759

moxie my understanding from what I've

672

00:25:34,710 --> 00:25:32,799

been told is no less than 10 different

673

00:25:36,869 --> 00:25:34,720

groups that have stuck their nose in at

674

00:25:41,009 --> 00:25:36,879

different times this really has been a

675

00:25:43,350 --> 00:25:41,019

basket case because every being wants a

676

00:25:46,769 --> 00:25:43,360

piece of the action here but nobody

677

00:25:49,019 --> 00:25:46,779

fully understands it better than the

678

00:25:51,480 --> 00:25:49,029

humans at it even though we've got other

679

00:25:54,539 --> 00:25:51,490

stuff within us we are still the only

680

00:25:55,799 --> 00:25:54,549

ones there being here all the time that

681

00:25:57,570 --> 00:25:55,809

can actually have got the strongest

682

00:25:59,279 --> 00:25:57,580

connection to the land and that's where

683

00:26:02,850 --> 00:25:59,289

the original people live with the land

684

00:26:05,369 --> 00:26:02,860

right now the further humans are drawn

685

00:26:07,739 --> 00:26:05,379

away from the lid whether it be concrete

686

00:26:10,259 --> 00:26:07,749

underneath their feet or concrete all

687

00:26:12,060 --> 00:26:10,269

around them they lose a connect with the

688

00:26:15,389 --> 00:26:12,070

land and they'd lose the humanity and

689

00:26:17,070 --> 00:26:15,399

the other parts those other parts that

690

00:26:20,220 --> 00:26:17,080

were put in there the genes that make us

691

00:26:22,440 --> 00:26:20,230

what we were before they kick in and we

692

00:26:23,970 --> 00:26:22,450

start to mine like we did before but

693

00:26:25,529 --> 00:26:23,980

it's a different type of mining but we

694

00:26:27,539 --> 00:26:25,539

all get in lines again and we do what

695

00:26:30,139 --> 00:26:27,549

we're told that's exactly what happened

696

00:26:33,360 --> 00:26:30,149

before when we get away from the land

697

00:26:34,770 --> 00:26:33,370

those chains become stronger

698

00:26:37,500 --> 00:26:34,780

but when you're walking in the forest

699

00:26:39,750 --> 00:26:37,510

the pleiad in original jeans they come

700

00:26:41,700 --> 00:26:39,760

back into play and right now that's what

701

00:26:43,830 --> 00:26:41,710

people have got to try and do every

702

00:26:46,380 --> 00:26:43,840

person I'm speaking to today in America

703

00:26:48,240 --> 00:26:46,390

as but in them they have Pleiadian jeans

704

00:26:49,530 --> 00:26:48,250

have original dreams they have American

705

00:26:51,000 --> 00:26:49,540

Indian chains within them we're a

706

00:26:53,640 --> 00:26:51,010

mixture of everything now no one is

707

00:26:55,590 --> 00:26:53,650

purely one thing but what you got to do

708

00:26:58,110 --> 00:26:55,600

is you're going to kick the drazi out

709

00:27:00,750 --> 00:26:58,120

and contact the stuff within you the

710

00:27:02,160 --> 00:27:00,760

beginning the saucy original and the

711

00:27:03,810 --> 00:27:02,170

Pleiadian terrines and if you follow

712

00:27:07,410 --> 00:27:03,820

those lines those jeans will take you

713

00:27:09,570 --> 00:27:07,420

forward hmm rescued in the way I love it

714

00:27:11,490 --> 00:27:09,580

man I think that's just so fascinating

715

00:27:13,290 --> 00:27:11,500

and it's an interesting way to look at

716

00:27:16,169 --> 00:27:13,300

the past for sure much more epic than

717

00:27:17,970 --> 00:27:16,179

our mainstream story yeah I wanted to

718

00:27:19,650 --> 00:27:17,980

get into the archaeology a bit too

719

00:27:21,810 --> 00:27:19,660

because you talk about ten sites or

720

00:27:23,460 --> 00:27:21,820

findings in Australia that can change

721

00:27:25,680 --> 00:27:23,470

the official story when you really only

722

00:27:27,510 --> 00:27:25,690

need one yeah but key tell us about a

723

00:27:30,720 --> 00:27:27,520

couple of these sites that you think are

724

00:27:33,240 --> 00:27:30,730

most impressive yeah I looked at Rick

725

00:27:34,710 --> 00:27:33,250

left foot to everyone as soon as you say

726

00:27:37,350 --> 00:27:34,720

they've got we got here fifty to sixty

727

00:27:39,299 --> 00:27:37,360

thousand years ago but there are sites

728

00:27:40,680 --> 00:27:39,309

here that they contradict that big time

729

00:27:43,049 --> 00:27:40,690

that a couple have come to mind

730

00:27:45,390 --> 00:27:43,059

straightaway there's one in Lake George

731

00:27:47,400 --> 00:27:45,400

now the person who did the work at Lake

732

00:27:49,169 --> 00:27:47,410

George is called good up Singh he's been

733

00:27:51,960 --> 00:27:49,179

doing core extractions you did in the

734

00:27:54,330 --> 00:27:51,970

Great Barrier Reef and got a date there

735

00:27:57,150 --> 00:27:54,340

of 180,000 years he got one in Lake

736

00:27:59,460 --> 00:27:57,160

George which is 120,000 years now what

737

00:28:03,240 --> 00:27:59,470

he found was he dug down this lake four

738

00:28:05,990 --> 00:28:03,250

million years at 120 120 2,000 years

739

00:28:08,460 --> 00:28:06,000

there was a massive increase in charcoal

740

00:28:10,470 --> 00:28:08,470

massive increase of 10 times increase in

741

00:28:12,600 --> 00:28:10,480

charcoal now what was even more

742

00:28:14,310 --> 00:28:12,610

compelling was the charcoal increase

743

00:28:16,620 --> 00:28:14,320

only took place when the lake levels

744

00:28:18,930 --> 00:28:16,630

were high not low because people could

745

00:28:20,850 --> 00:28:18,940

say always bushfires know when the place

746

00:28:22,650 --> 00:28:20,860

was green there was more fire and when

747

00:28:24,840 --> 00:28:22,660

it was drivers less and what he

748

00:28:25,230 --> 00:28:24,850

concluded correctly was it's firestick

749

00:28:29,640 --> 00:28:25,240

farming

750

00:28:31,260 --> 00:28:29,650

now once academic in all of the

751  
00:28:33,330 --> 00:28:31,270  
countries challenged that date said no

752  
00:28:35,610 --> 00:28:33,340  
no I disagree with 120 I think it should

753  
00:28:38,610 --> 00:28:35,620  
be 60 I will take 60

754  
00:28:40,380 --> 00:28:38,620  
I'll take 120 because the story is the

755  
00:28:42,150 --> 00:28:40,390  
Africans got here between fifty to sixty

756  
00:28:44,220 --> 00:28:42,160  
thousand years in the top of Australia

757  
00:28:46,500 --> 00:28:44,230  
edge their way around the coast because

758  
00:28:47,250 --> 00:28:46,510  
this Mariners first and then slowly made

759  
00:28:48,990 --> 00:28:47,260  
their way in

760  
00:28:52,290 --> 00:28:49,000  
got into the middle around 30,000 years

761  
00:28:54,180 --> 00:28:52,300  
ago well this is 60,000 120,000 years

762  
00:28:56,190 --> 00:28:54,190  
ago which means they're a much earlier

763  
00:28:57,960 --> 00:28:56,200

than that now that's one of those

764

00:28:59,400 --> 00:28:57,970

there's one of those places there now no

765

00:29:00,840 --> 00:28:59,410

one has argued that good at scene

766

00:29:02,310 --> 00:29:00,850

because here's the Australian expert

767

00:29:03,510 --> 00:29:02,320

he's done this all over the country for

768

00:29:05,790 --> 00:29:03,520

30 years no one's going to argue the

769

00:29:07,650 --> 00:29:05,800

point he was right in doing this and he

770

00:29:09,390 --> 00:29:07,660

found another site at Great Barrier Reef

771

00:29:12,060 --> 00:29:09,400

where he found the same charcoal

772

00:29:14,370 --> 00:29:12,070

accumulation taking place 180,000 years

773

00:29:16,980 --> 00:29:14,380

ago and in that case the same story took

774

00:29:18,780 --> 00:29:16,990

place and he was working with two other

775

00:29:20,850 --> 00:29:18,790

people I'm with Jim Fowler and the other

776

00:29:23,160 --> 00:29:20,860

one was clear to Owen Dyck now Jim

777

00:29:26,160 --> 00:29:23,170

Fowler is the greatest defender of the

778

00:29:28,350 --> 00:29:26,170

Out of Africa fury in Australia what's

779

00:29:30,960 --> 00:29:28,360

amazing was he signed up on this paper

780

00:29:33,150 --> 00:29:30,970

saying that humans were burning off in

781

00:29:35,580 --> 00:29:33,160

the countryside 180 thousand years ago

782

00:29:38,070 --> 00:29:35,590

now there's that type of evidence this

783

00:29:40,110 --> 00:29:38,080

taking place all over now we've also got

784

00:29:42,840 --> 00:29:40,120

a third site which is a place called

785

00:29:44,550 --> 00:29:42,850

panorama D and there you have an

786

00:29:47,400 --> 00:29:44,560

engraving that's about a hundred and fat

787

00:29:49,320 --> 00:29:47,410

300 K zoom lens it's near on Lake Eyre

788

00:29:51,690 --> 00:29:49,330

in the middle of Australia in the desert

789

00:29:53,610 --> 00:29:51,700

and there there is a an engraving which

790

00:29:55,320 --> 00:29:53,620

I've seen the plaster mould off I kept

791

00:29:58,020 --> 00:29:55,330

their hands on it I've a saltwater

792

00:30:00,720 --> 00:29:58,030

crocodile which is stunning it's got

793

00:30:02,910 --> 00:30:00,730

about 150 scales all the different size

794

00:30:05,130 --> 00:30:02,920

has been engraved into this rock now the

795

00:30:07,830 --> 00:30:05,140

beauty of this is the experts have told

796

00:30:09,990 --> 00:30:07,840

me saltwater crocodiles have not been in

797

00:30:11,910 --> 00:30:10,000

that area anywhere near there for at

798

00:30:14,190 --> 00:30:11,920

least eighty thousand years and here we

799

00:30:15,480 --> 00:30:14,200

are three hundred caves off the coast

800

00:30:17,070 --> 00:30:15,490

right in the middle of a desert in the

801  
00:30:19,230 --> 00:30:17,080  
middle of Australia and humans are

802  
00:30:21,630 --> 00:30:19,240  
creating something that is no less than

803  
00:30:24,330 --> 00:30:21,640  
say eighty-five thousand years old and

804  
00:30:27,510 --> 00:30:24,340  
the artwork there the saltwater

805  
00:30:29,310 --> 00:30:27,520  
crocodile had to be about 16 to 17 feet

806  
00:30:31,530 --> 00:30:29,320  
long because the head is spot 6 foot

807  
00:30:32,820 --> 00:30:31,540  
long of itself and then there's writing

808  
00:30:35,280 --> 00:30:32,830  
along the side which is actually

809  
00:30:36,090 --> 00:30:35,290  
Aboriginal writing original rather an

810  
00:30:39,360 --> 00:30:36,100  
alphabet

811  
00:30:41,910 --> 00:30:39,370  
what's amazing is this is happening

812  
00:30:44,070 --> 00:30:41,920  
thirty thousand years before Africans

813  
00:30:46,640 --> 00:30:44,080

got to Australia now there are ten other

814

00:30:49,530 --> 00:30:46,650

sites and sites like that that all have

815

00:30:51,930 --> 00:30:49,540

people with PhDs that presented this

816

00:30:54,090 --> 00:30:51,940

information we just collected it our

817

00:30:56,040 --> 00:30:54,100

question is we only have to get one of

818

00:30:58,590 --> 00:30:56,050

them right to prove the people were in

819

00:31:01,450 --> 00:30:58,600

this country well before and of course

820

00:31:04,240 --> 00:31:01,460

Greg you have the best proof of all you

821

00:31:06,000 --> 00:31:04,250

fifty-five skulls of original people to

822

00:31:08,740 --> 00:31:06,010

dr. Walden these days he found in Brazil

823

00:31:10,720 --> 00:31:08,750

hmm now you've got original you've got

824

00:31:12,400 --> 00:31:10,730

Australian people living in your country

825

00:31:14,470 --> 00:31:12,410

before the American Indian people and

826  
00:31:18,100 --> 00:31:14,480  
there's evidence coming out all over the

827  
00:31:19,690 --> 00:31:18,110  
place they just did a study from I think

828  
00:31:21,640 --> 00:31:19,700  
it's a place a small university in

829  
00:31:23,020 --> 00:31:21,650  
America called Harvard universe has a

830  
00:31:24,970 --> 00:31:23,030  
vivid bright was along a trend it was

831  
00:31:27,340 --> 00:31:24,980  
six other universities it took three

832  
00:31:30,130 --> 00:31:27,350  
years to do and hundreds of academics

833  
00:31:32,350 --> 00:31:30,140  
where they went into the middle of the

834  
00:31:35,440 --> 00:31:32,360  
Amazon rainforest and collected the

835  
00:31:37,480 --> 00:31:35,450  
mitochondrial DNA from two tribes once

836  
00:31:39,430 --> 00:31:37,490  
called to corner forgot the other one an

837  
00:31:41,020 --> 00:31:39,440  
H collectin because they married with

838  
00:31:44,050 --> 00:31:41,030

each other and wouldn't let others in

839

00:31:46,120 --> 00:31:44,060

they said this is the purest blood we

840

00:31:48,400 --> 00:31:46,130

have in America to tell us where people

841

00:31:50,080 --> 00:31:48,410

came from and you know what the closest

842

00:31:52,960 --> 00:31:50,090

mitochondrial match in the world was

843

00:31:54,700 --> 00:31:52,970

Australia and after Australia was partly

844

00:31:57,900 --> 00:31:54,710

a guinea which was part of Australia and

845

00:32:00,070 --> 00:31:57,910

then it was daylight what you have there

846

00:32:02,530 --> 00:32:00,080

mitochondrial DNA tells us back the

847

00:32:05,470 --> 00:32:02,540

front is your first people from America

848

00:32:07,990 --> 00:32:05,480

before the American Indians other people

849

00:32:09,910 --> 00:32:08,000

who came from Australia so the proof of

850

00:32:11,770 --> 00:32:09,920

the existence of the original people

851  
00:32:14,050 --> 00:32:11,780  
wandering the world and their genes

852  
00:32:16,090 --> 00:32:14,060  
friendly everywhere is in front of us

853  
00:32:18,790 --> 00:32:16,100  
and now the science is coming up every

854  
00:32:20,050 --> 00:32:18,800  
day with more stories about that and we

855  
00:32:22,390 --> 00:32:20,060  
were to look at those stories and say

856  
00:32:24,910 --> 00:32:22,400  
this must be true because the science

857  
00:32:27,460 --> 00:32:24,920  
tells us this right I thought that was a

858  
00:32:29,980 --> 00:32:27,470  
great part of the book that skulls found

859  
00:32:32,260 --> 00:32:29,990  
in the Americas the experts say they

860  
00:32:34,930 --> 00:32:32,270  
look more like Australian skulls than

861  
00:32:37,720 --> 00:32:34,940  
the African ancestor skulls and exactly

862  
00:32:40,420 --> 00:32:37,730  
very intriguing and also in terms of

863  
00:32:41,620 --> 00:32:40,430

anomalous artifacts or sites there's

864

00:32:43,960 --> 00:32:41,630

something else I think it's pronounced

865

00:32:45,570 --> 00:32:43,970

to carry on glyphs which are pretty

866

00:32:47,830 --> 00:32:45,580

impressive from the standpoint of

867

00:32:49,630 --> 00:32:47,840

possibly an original language or

868

00:32:53,170 --> 00:32:49,640

possibly some collusion with the

869

00:32:55,660 --> 00:32:53,180

Egyptians right yeah we're actually

870

00:32:57,910 --> 00:32:55,670

going to put up this is sad looking that

871

00:33:00,100 --> 00:32:57,920

I do apologize it's great we just put a

872

00:33:01,840 --> 00:33:00,110

webinar up about a week ago we're

873

00:33:04,090 --> 00:33:01,850

starting that and the next one up is

874

00:33:05,530 --> 00:33:04,100

going to be solely devoted to the

875

00:33:08,350 --> 00:33:05,540

carrion glyphs and we're going to bring

876

00:33:09,670 --> 00:33:08,360

in Georgia I'm hoping to form a trio

877

00:33:12,490 --> 00:33:09,680

aliens because you came down and had a

878

00:33:14,290 --> 00:33:12,500

look at it here we are and we're going

879

00:33:15,220 --> 00:33:14,300

to bring in somebody to work for the

880

00:33:16,570 --> 00:33:15,230

government

881

00:33:17,620 --> 00:33:16,580

is going to spill the beans on the

882

00:33:20,770 --> 00:33:17,630

cover-up which is going to be

883

00:33:23,860 --> 00:33:20,780

interesting very simply what it is it's

884

00:33:27,549 --> 00:33:23,870

three walls and on it hundreds upon

885

00:33:29,650 --> 00:33:27,559

hundreds have engraved hieroglyphs now

886

00:33:31,360 --> 00:33:29,660

they've been cut and they've been cut

887

00:33:33,490 --> 00:33:31,370

with metal blades now the original

888

00:33:35,710 --> 00:33:33,500

people are supposed to only have stones

889

00:33:37,630 --> 00:33:35,720

stick and bone technology never had

890

00:33:40,180 --> 00:33:37,640

metal until mr. cook came and landed

891

00:33:42,490 --> 00:33:40,190

with their the British well that's wrong

892

00:33:44,140 --> 00:33:42,500

now what we found is some people have

893

00:33:45,730 --> 00:33:44,150

claimed that it's a fake but it isn't

894

00:33:47,169 --> 00:33:45,740

fake and we sort of covered that pretty

895

00:33:48,909 --> 00:33:47,179

well anyway and they're starting to back

896

00:33:52,510 --> 00:33:48,919

off on that anyway now to start to give

897

00:33:56,710 --> 00:33:52,520

up on it what it is is there's one

898

00:33:58,120 --> 00:33:56,720

section now now we've looked at it and

899

00:33:59,320 --> 00:33:58,130

we've actually got a manual from the

900

00:34:01,030 --> 00:33:59,330

first person who went in that was

901  
00:34:03,159 --> 00:34:01,040  
working with the Egyptians at the time

902  
00:34:05,020 --> 00:34:03,169  
and we've got a handwritten note saying

903  
00:34:07,060 --> 00:34:05,030  
this is spot on this of the right manual

904  
00:34:10,119 --> 00:34:07,070  
we looked at the manual in the first

905  
00:34:12,909 --> 00:34:10,129  
wall tells us of two brothers two

906  
00:34:14,169 --> 00:34:12,919  
Egyptian brothers sons of Khufu they're

907  
00:34:14,740 --> 00:34:14,179  
known as an Efford this year and

908  
00:34:18,609 --> 00:34:14,750  
therefore Teru

909  
00:34:22,330 --> 00:34:18,619  
and i was stranded on this place two

910  
00:34:24,190 --> 00:34:22,340  
boats and they could not get back one of

911  
00:34:28,260 --> 00:34:24,200  
the two brothers went west for two

912  
00:34:30,730 --> 00:34:28,270  
seasons and was bitten by a snake twice

913  
00:34:32,470 --> 00:34:30,740

it's that specific and I've got to tell

914

00:34:34,180 --> 00:34:32,480

you in Australia man when you're bitten

915

00:34:35,530 --> 00:34:34,190

by snake the first time you move your

916

00:34:37,750 --> 00:34:35,540

foot around you don't get bitten the

917

00:34:39,490 --> 00:34:37,760

second time that clumsy right and it

918

00:34:41,560 --> 00:34:39,500

then says this well that's the sad part

919

00:34:44,230 --> 00:34:41,570

of story coming up now I want to upset

920

00:34:45,820 --> 00:34:44,240

the readers but he died that's the story

921

00:34:47,290 --> 00:34:45,830

and it's written there and you know look

922

00:34:49,149 --> 00:34:47,300

we've got the manual out and we've read

923

00:34:51,609 --> 00:34:49,159

it and we're not arguing the point that

924

00:34:53,169 --> 00:34:51,619

wall is all Egyptian we do argue the

925

00:34:55,270 --> 00:34:53,179

point about the next two wars we think

926  
00:34:58,359 --> 00:34:55,280  
it's an older language but we do have no

927  
00:35:00,070 --> 00:34:58,369  
doubts and we've also found a second set

928  
00:35:01,720 --> 00:35:00,080  
of glyphs which we've discussed we

929  
00:35:04,330 --> 00:35:01,730  
discovered them we put them up recently

930  
00:35:06,490 --> 00:35:04,340  
a long way away from there telling us

931  
00:35:08,440 --> 00:35:06,500  
where he was buried and it's written

932  
00:35:10,660 --> 00:35:08,450  
exactly like that and even tells us

933  
00:35:13,240 --> 00:35:10,670  
where to go and it mentioned that the

934  
00:35:15,700 --> 00:35:13,250  
son of a pharaoh is died B so yes we

935  
00:35:18,370 --> 00:35:15,710  
know someone's died there and to add to

936  
00:35:20,560 --> 00:35:18,380  
that we were given by our new Mini Mouse

937  
00:35:22,060 --> 00:35:20,570  
who went there the first time that this

938  
00:35:24,870 --> 00:35:22,070

other fellow went there and she picked

939

00:35:28,060 --> 00:35:24,880

up two objects which he's given to us

940

00:35:30,849 --> 00:35:28,070

one of them is a bone it's the hip bone

941

00:35:33,670 --> 00:35:30,859

and she says she's been told it is the

942

00:35:35,710 --> 00:35:33,680

hip bone of Nefertari now ladies and

943

00:35:37,480 --> 00:35:35,720

gentlemen that was a bit much to give me

944

00:35:40,270 --> 00:35:37,490

that and they also gave him some jewelry

945

00:35:42,210 --> 00:35:40,280

that said was from him it was found near

946

00:35:45,640 --> 00:35:42,220

the back shop where he was buried

947

00:35:47,230 --> 00:35:45,650

we took that hip bone to the local based

948

00:35:48,760 --> 00:35:47,240

Hospital

949

00:35:51,250 --> 00:35:48,770

I talked to the head of the factories

950

00:35:52,690 --> 00:35:51,260

unit we looked at it and it's very great

951  
00:35:55,240 --> 00:35:52,700  
and very old this is very old because

952  
00:35:56,620 --> 00:35:55,250  
it's very light they said it could be he

953  
00:35:58,289 --> 00:35:56,630  
said but I can't tell they said the only

954  
00:36:00,519 --> 00:35:58,299  
way you ever tell there's a cat scared

955  
00:36:01,960 --> 00:36:00,529  
right and how much does that cost he

956  
00:36:03,339 --> 00:36:01,970  
says well what you want a couple of

957  
00:36:03,880 --> 00:36:03,349  
thousand dollars he said but we'll do it

958  
00:36:06,220 --> 00:36:03,890  
for free

959  
00:36:07,750 --> 00:36:06,230  
and by the way they did they were quite

960  
00:36:09,339 --> 00:36:07,760  
taken by I'm not allowed to say which

961  
00:36:10,809 --> 00:36:09,349  
hospital is but they did do it for free

962  
00:36:11,650 --> 00:36:10,819  
because I've got the cat scan readout

963  
00:36:13,390 --> 00:36:11,660

beautiful

964

00:36:14,799 --> 00:36:13,400

the cat scan readout and they told me

965

00:36:15,880 --> 00:36:14,809

this it looked the patient here is not

966

00:36:17,559 --> 00:36:15,890

going to complain we're going to give

967

00:36:19,569 --> 00:36:17,569

him six times the normal dosage and

968

00:36:21,339 --> 00:36:19,579

we'll have a close look and though the

969

00:36:24,700 --> 00:36:21,349

bone never made a complaint so we let it

970

00:36:27,010 --> 00:36:24,710

go they told us at the finish that it

971

00:36:29,140 --> 00:36:27,020

has exactly the same density as a human

972

00:36:29,789 --> 00:36:29,150

bone and it's extremely old that's all

973

00:36:32,680 --> 00:36:29,799

they know

974

00:36:35,109 --> 00:36:32,690

so that was given to me and alongside it

975

00:36:37,000 --> 00:36:35,119

I was also given a pendant which has now

976

00:36:39,190 --> 00:36:37,010

been analyzed by the top laboratory in

977

00:36:41,559 --> 00:36:39,200

Australia and this is where it gets very

978

00:36:45,010 --> 00:36:41,569

interesting group I know what's inside

979

00:36:48,430 --> 00:36:45,020

that pendant 72 percent of its aluminium

980

00:36:51,490 --> 00:36:48,440

is the trick Egyptians have never had

981

00:36:52,720 --> 00:36:51,500

aluminium secondly to cook aluminium you

982

00:36:55,420 --> 00:36:52,730

need three thousand seven hundred

983

00:36:57,730 --> 00:36:55,430

degrees this is ancient this is Duvall

984

00:37:00,789 --> 00:36:57,740

cook then it gets weird up it's got

985

00:37:03,730 --> 00:37:00,799

three percent zinc and then it's got

986

00:37:05,859 --> 00:37:03,740

twenty four so twenty four a twenty four

987

00:37:07,960 --> 00:37:05,869

percent of the metals inside the pendant

988

00:37:10,599 --> 00:37:07,970

I have next to me right now come from

989

00:37:13,120 --> 00:37:10,609

metals that cannot be identified hmm I

990

00:37:14,799 --> 00:37:13,130

know this guy that I've spoken to the

991

00:37:16,630 --> 00:37:14,809

head of the department they're blown

992

00:37:18,460 --> 00:37:16,640

away by it they thought it could have

993

00:37:20,890 --> 00:37:18,470

been an oxide so they did a double chest

994

00:37:22,630 --> 00:37:20,900

it is not twenty four percent of the

995

00:37:24,309 --> 00:37:22,640

metal that came from the carrion glyph

996

00:37:25,599 --> 00:37:24,319

some people tell you the whole thing's a

997

00:37:27,940 --> 00:37:25,609

fake but I'm trying to tell you on a

998

00:37:30,670 --> 00:37:27,950

black fella way roundabout that it's not

999

00:37:32,140 --> 00:37:30,680

was picked up by any mini mace is one of

1000

00:37:34,450 --> 00:37:32,150

our most important elders in our whole

1001  
00:37:35,859 --> 00:37:34,460  
country given to me as protection she

1002  
00:37:38,260 --> 00:37:35,869  
said this particular pendant would

1003  
00:37:40,359 --> 00:37:38,270  
protect you because it's not fully some

1004  
00:37:43,440 --> 00:37:40,369  
air now twenty four percent of that

1005  
00:37:45,549 --> 00:37:43,450  
metal I have with me right now no

1006  
00:37:46,029 --> 00:37:45,559  
scientist on this planet knows where it

1007  
00:37:48,880 --> 00:37:46,039  
comes from

1008  
00:37:51,640 --> 00:37:48,890  
now hang on for a sec haven't I got some

1009  
00:37:53,130 --> 00:37:51,650  
genes inside me right now to come from

1010  
00:37:56,500 --> 00:37:53,140  
somebody that nobody on this planet

1011  
00:37:59,680 --> 00:37:56,510  
doesn't either there's a commonality in

1012  
00:38:00,980 --> 00:37:59,690  
historians me so yeah it's an amazing

1013  
00:38:02,780 --> 00:38:00,990

place it's got a

1014

00:38:04,970 --> 00:38:02,790

Egyptian story about the two brothers

1015

00:38:07,010 --> 00:38:04,980

coming in and they did I've checked with

1016

00:38:09,020 --> 00:38:07,020

the elders they came and they studied

1017

00:38:10,820 --> 00:38:09,030

for four thousand years and they left

1018

00:38:12,170 --> 00:38:10,830

four hundred years ago and I know why

1019

00:38:14,030 --> 00:38:12,180

they left I don't know what they did

1020

00:38:17,720 --> 00:38:14,040

when they broke the law but they had

1021

00:38:19,550 --> 00:38:17,730

continual residence here for over 4000

1022

00:38:22,670 --> 00:38:19,560

years they were allowed to stay that's

1023

00:38:26,330 --> 00:38:22,680

all fine they came but remember this the

1024

00:38:29,540 --> 00:38:26,340

pendant that Nefertari wore has metal in

1025

00:38:31,190 --> 00:38:29,550

there aluminium Egyptians have none

1026

00:38:33,920 --> 00:38:31,200

they don't have bulk sight but secondly

1027

00:38:36,350 --> 00:38:33,930

no one on this planet has 24 percent of

1028

00:38:38,480 --> 00:38:36,360

what's in that particular and I've got

1029

00:38:40,870 --> 00:38:38,490

the readout given to us by the

1030

00:38:43,460 --> 00:38:40,880

laboratory too so we're not making it up

1031

00:38:45,770 --> 00:38:43,470

24 percent of that metal doesn't come

1032

00:38:48,050 --> 00:38:45,780

from this planet Wow so there's two

1033

00:38:50,210 --> 00:38:48,060

stories on those walls and by the way

1034

00:38:52,790 --> 00:38:50,220

the reason I'm telling you this group is

1035

00:38:55,850 --> 00:38:52,800

on the other two walls there is what the

1036

00:38:58,100 --> 00:38:55,860

public calls are the UFO glyphs yes and

1037

00:39:01,100 --> 00:38:58,110

guess what it is the most common glyph

1038

00:39:03,140 --> 00:39:01,110

on the other two walls and I didn't call

1039

00:39:05,120 --> 00:39:03,150

the UFO glyphs but that's exactly what

1040

00:39:06,890 --> 00:39:05,130

it looks like it's just half a

1041

00:39:09,530 --> 00:39:06,900

semicircle with legs coming up the back

1042

00:39:11,990 --> 00:39:09,540

some are plummeting down some are coming

1043

00:39:13,250 --> 00:39:12,000

down the right way five are coming down

1044

00:39:15,859 --> 00:39:13,260

the right way and three are plummeting

1045

00:39:17,780 --> 00:39:15,869

and there's a story with that too so

1046

00:39:20,090 --> 00:39:17,790

yeah there's a lot in that place it's a

1047

00:39:22,160 --> 00:39:20,100

very important place and the government

1048

00:39:25,790 --> 00:39:22,170

is fighting desperately that is not to

1049

00:39:29,359 --> 00:39:25,800

become mainstream in factor that in we

1050

00:39:31,370 --> 00:39:29,369

tricked the ABC which is like the BBC in

1051

00:39:33,230 --> 00:39:31,380

England we trick one of their reporters

1052

00:39:35,960 --> 00:39:33,240

to come on site and look at this whole

1053

00:39:38,030 --> 00:39:35,970

thing and she was so taken by it my name

1054

00:39:41,450 --> 00:39:38,040

is Mary Louise bits are not making this

1055

00:39:43,670 --> 00:39:41,460

up - she made up a news item that went

1056

00:39:46,580 --> 00:39:43,680

through the whole of this nation as the

1057

00:39:49,250 --> 00:39:46,590

second item on the news item for the ABC

1058

00:39:51,349 --> 00:39:49,260

it was a one minute 40 item about how

1059

00:39:53,570 --> 00:39:51,359

fantastic that place was and that

1060

00:39:55,340 --> 00:39:53,580

Egyptians were there they put it up on

1061

00:39:58,070 --> 00:39:55,350

their website to say this is an amazing

1062

00:40:00,260 --> 00:39:58,080

site and within two hours he was taken

1063

00:40:02,450 --> 00:40:00,270

off every radio station in the whole of

1064

00:40:04,370 --> 00:40:02,460

Australia and the website was taken down

1065

00:40:07,310 --> 00:40:04,380

and never put up again it is the only

1066

00:40:09,170 --> 00:40:07,320

time in the ABC history that the news

1067

00:40:11,330 --> 00:40:09,180

item has been taken off while it was

1068

00:40:12,680 --> 00:40:11,340

still on it so that's what the

1069

00:40:14,180 --> 00:40:12,690

government thinks of what's going on

1070

00:40:16,160 --> 00:40:14,190

with that site so they

1071

00:40:18,800 --> 00:40:16,170

you are very quick rundown of carry-all

1072

00:40:20,480 --> 00:40:18,810

so ladies and gentlemen you work out

1073

00:40:22,670 --> 00:40:20,490

where this legitimate I would put it to

1074

00:40:24,620 --> 00:40:22,680

you if the Australian government are

1075

00:40:26,810 --> 00:40:24,630

fiddling with news items about the place

1076

00:40:29,270 --> 00:40:26,820

and bringing them down and by the way I

1077

00:40:32,240 --> 00:40:29,280

had an academic that follows us that

1078

00:40:33,950 --> 00:40:32,250

badgered the ABC for a year for a reason

1079

00:40:36,080 --> 00:40:33,960

for putting it down and they did give an

1080

00:40:37,850 --> 00:40:36,090

official reason and the reason for

1081

00:40:40,670 --> 00:40:37,860

putting it down is this and he was given

1082

00:40:43,640 --> 00:40:40,680

this reason on email I've seen it we

1083

00:40:45,920 --> 00:40:43,650

don't have to give one in the story well

1084

00:40:48,080 --> 00:40:45,930

and by the way the ABC is paid by the

1085

00:40:50,140 --> 00:40:48,090

taxpayers we pay for that ourselves it's

1086

00:40:52,670 --> 00:40:50,150

a publicly funded Broadcasting Network

1087

00:40:55,100 --> 00:40:52,680

so that's the story of carry on

1088

00:40:57,350 --> 00:40:55,110

it's very legitimate it's got the story

1089

00:40:59,420 --> 00:40:57,360

about the Egyptians being here but then

1090

00:40:59,710 --> 00:40:59,430

it's got an even bigger Inconvenient

1091

00:41:03,500 --> 00:40:59,720

Truth

1092

00:41:06,560 --> 00:41:03,510

someone came from up data down here and

1093

00:41:09,590 --> 00:41:06,570

it's on those walls I love a man that is

1094

00:41:11,660 --> 00:41:09,600

a great breakdown and you know I've

1095

00:41:13,130 --> 00:41:11,670

heard you say that not only does

1096

00:41:15,800 --> 00:41:13,140

Australia seem to be the birthplace of

1097

00:41:17,600 --> 00:41:15,810

culture of humanity but also the

1098

00:41:19,550 --> 00:41:17,610

birthplace of magic and you mentioned

1099

00:41:21,950 --> 00:41:19,560

magic earlier and I've always been

1100

00:41:25,190 --> 00:41:21,960

intrigued by shamanic practices and

1101

00:41:28,010 --> 00:41:25,200

shocking ability of those who take bad

1102

00:41:30,280 --> 00:41:28,020

paths you've seen or been told about any

1103

00:41:32,750 --> 00:41:30,290

impressive aspects of these indigenous

1104

00:41:35,780 --> 00:41:32,760

esoteric practices with the elders that

1105

00:41:37,490 --> 00:41:35,790

you've been in contact with what a great

1106

00:41:39,530 --> 00:41:37,500

Christmas tree to have a sadistic you

1107

00:41:41,960 --> 00:41:39,540

times yeah I'm going to tell you one and

1108

00:41:43,400 --> 00:41:41,970

there's a personal act as a witness and

1109

00:41:44,810 --> 00:41:43,410

their name is Graham Hancock have you

1110

00:41:46,930 --> 00:41:44,820

heard of him yeah I went on a tour of

1111

00:41:48,260 --> 00:41:46,940

Armenia for two weeks with Graham ah

1112

00:41:50,600 --> 00:41:48,270

there you go

1113

00:41:52,340 --> 00:41:50,610

okay then you know until I'm using a

1114

00:41:54,440 --> 00:41:52,350

reputable witness here and by the way

1115

00:41:55,730 --> 00:41:54,450

sense that was there too oh yeah okay so

1116

00:41:58,610 --> 00:41:55,740

how about I tell you a story about

1117

00:42:00,110 --> 00:41:58,620

shamanic magic that's taking place two

1118

00:42:01,370 --> 00:42:00,120

years ago because it's not gone in this

1119

00:42:03,200 --> 00:42:01,380

country that's one of the things it's

1120

00:42:04,940 --> 00:42:03,210

mobber offering i'll tell you a story

1121

00:42:06,380 --> 00:42:04,950

that's true but there are eight people

1122

00:42:09,290 --> 00:42:06,390

there and two of the people who saw it

1123

00:42:10,730 --> 00:42:09,300

was gray and hancock and cents up Wow so

1124

00:42:14,270 --> 00:42:10,740

they can back this one up and this is

1125

00:42:16,280 --> 00:42:14,280

what happened my teacher the older karna

1126

00:42:19,130 --> 00:42:16,290

who's the older RT web and Jerry the one

1127

00:42:20,690 --> 00:42:19,140

that gave us ceremony see grains spent

1128

00:42:21,320 --> 00:42:20,700

six days with us looking at the stuff

1129

00:42:23,780 --> 00:42:21,330

we're seen

1130

00:42:25,130 --> 00:42:23,790

amazed by it I said you can spend the

1131

00:42:26,810 --> 00:42:25,140

six days with a screen but on the

1132

00:42:27,980 --> 00:42:26,820

seventh day to understand this properly

1133

00:42:30,320 --> 00:42:27,990

you have to come on

1134

00:42:32,870 --> 00:42:30,330

three sacred country and be with an

1135

00:42:35,150 --> 00:42:32,880

older past and spend some time with them

1136

00:42:37,310 --> 00:42:35,160

and agreed to do it so this was the

1137

00:42:38,750 --> 00:42:37,320

payback we took him on country six days

1138

00:42:39,470 --> 00:42:38,760

showing some of the stuff we've got in

1139

00:42:42,109 --> 00:42:39,480

our book there

1140

00:42:43,940 --> 00:42:42,119

in return he had to do his duty with the

1141

00:42:45,260 --> 00:42:43,950

elder so this is what happened that

1142

00:42:47,090 --> 00:42:45,270

night we're sitting around the campfire

1143

00:42:49,490 --> 00:42:47,100

because he's got this massive campfire

1144

00:42:51,500 --> 00:42:49,500

and I'm doing one thing and all of a

1145

00:42:53,870 --> 00:42:51,510

sudden kind of appears from nowhere done

1146

00:42:55,730 --> 00:42:53,880

up all the way fully painted up just

1147

00:42:57,859 --> 00:42:55,740

still nine o'clock all the paints across

1148

00:42:59,720 --> 00:42:57,869

there all the different ochre designs he

1149

00:43:02,720 --> 00:42:59,730

started singing in country and odd

1150

00:43:04,880 --> 00:43:02,730

language rather spoke to us some of the

1151  
00:43:06,710 --> 00:43:04,890  
time did the whispering song did some

1152  
00:43:08,420 --> 00:43:06,720  
other stuff which I can't talk about now

1153  
00:43:10,400 --> 00:43:08,430  
because that's not really important he

1154  
00:43:12,470 --> 00:43:10,410  
said some stuff to us a lot of it was

1155  
00:43:14,510 --> 00:43:12,480  
done in old language and then he

1156  
00:43:16,250 --> 00:43:14,520  
translated back into West Road or in

1157  
00:43:18,080 --> 00:43:16,260  
English rather probably Australians a

1158  
00:43:21,250 --> 00:43:18,090  
better way put in it then in the finish

1159  
00:43:24,020 --> 00:43:21,260  
tree in the finish this is what he did

1160  
00:43:25,340 --> 00:43:24,030  
he walked back one step more watched him

1161  
00:43:27,530 --> 00:43:25,350  
because because he said nothing he just

1162  
00:43:28,970 --> 00:43:27,540  
walked back that step gran was see next

1163  
00:43:31,010 --> 00:43:28,980

to me at the time so I know exactly what

1164

00:43:33,349 --> 00:43:31,020

happened and he walked back the second

1165

00:43:36,380 --> 00:43:33,359

step we walked back the second step he

1166

00:43:39,980 --> 00:43:36,390

completed his feet and no one could see

1167

00:43:41,870 --> 00:43:39,990

now that campfire on his surrounded by

1168

00:43:46,490 --> 00:43:41,880

blue metal gravel when you walk on it it

1169

00:43:48,800 --> 00:43:46,500

makes a noise within a second there he

1170

00:43:51,920 --> 00:43:48,810

was standing behind his wife Christine

1171

00:43:53,720 --> 00:43:51,930

and we asked her about this later there

1172

00:43:56,090 --> 00:43:53,730

are about forty meters away he's got

1173

00:43:58,550 --> 00:43:56,100

this huge smile on his face and he's

1174

00:44:01,160 --> 00:43:58,560

just reappeared I look back at Graham

1175

00:44:03,020 --> 00:44:01,170

and his mouth is open so why made a

1176

00:44:05,120 --> 00:44:03,030

thousand flies could have flown in and

1177

00:44:07,310 --> 00:44:05,130

he wouldn't have known we had nothing we

1178

00:44:09,920 --> 00:44:07,320

could have said that nobody said a thing

1179

00:44:12,349 --> 00:44:09,930

oh oh sorry sure this one no you

1180

00:44:14,870 --> 00:44:12,359

can no one said anything that happened

1181

00:44:17,090 --> 00:44:14,880

it half a minute or so and then nobody

1182

00:44:18,980 --> 00:44:17,100

was going to last kind of a thing but I

1183

00:44:21,109 --> 00:44:18,990

know that somebody went up to Christine

1184

00:44:22,940 --> 00:44:21,119

later on because we just could you don't

1185

00:44:25,550 --> 00:44:22,950

know really what to say and somebody

1186

00:44:28,340 --> 00:44:25,560

said to Christine what happened then and

1187

00:44:30,890 --> 00:44:28,350

their answer was don't ask me I've never

1188

00:44:33,320 --> 00:44:30,900

seen that one before either now I've got

1189

00:44:37,220 --> 00:44:33,330

to tell you what this guy that is not

1190

00:44:39,859 --> 00:44:37,230

unusual this is part of what I said

1191

00:44:41,880 --> 00:44:39,869

about the magic we have was in and I did

1192

00:44:44,540 --> 00:44:41,890

ask him later about this much later

1193

00:44:47,910 --> 00:44:44,550

like way later and he said it's simple

1194

00:44:50,880 --> 00:44:47,920

everyone here comes from both sides they

1195

00:44:52,140 --> 00:44:50,890

said you don't know but I do so what

1196

00:44:54,180 --> 00:44:52,150

he's saying is he just went to the other

1197

00:44:55,530 --> 00:44:54,190

side made his way around the other side

1198

00:44:57,450 --> 00:44:55,540

and then came back again we just

1199

00:44:59,010 --> 00:44:57,460

couldn't see him we have actually done

1200

00:45:00,060 --> 00:44:59,020

and I forgot this heaviness told me this

1201  
00:45:02,310 --> 00:45:00,070  
once we have actually done a

1202  
00:45:04,470 --> 00:45:02,320  
disappearing ceremony with an order and

1203  
00:45:06,060 --> 00:45:04,480  
I forgot that actually can happen but

1204  
00:45:08,250 --> 00:45:06,070  
that's not the only thing you can do on

1205  
00:45:11,550 --> 00:45:08,260  
another occasion maybe you heard of dr.

1206  
00:45:13,380 --> 00:45:11,560  
Doolittle group yes I have well I got a

1207  
00:45:15,330 --> 00:45:13,390  
story that's better than that another

1208  
00:45:17,250 --> 00:45:15,340  
occasion I went on the site and when I

1209  
00:45:18,840 --> 00:45:17,260  
go on the site I always do with ceremony

1210  
00:45:21,060 --> 00:45:18,850  
and this time only Bev one of my other

1211  
00:45:22,290 --> 00:45:21,070  
elders who teaches me she was cooked

1212  
00:45:25,950 --> 00:45:22,300  
with a leg and she couldn't go under

1213  
00:45:27,870 --> 00:45:25,960

country she couldn't smoke us so I had

1214

00:45:29,610 --> 00:45:27,880

that stage I wasn't to give smoking so I

1215

00:45:31,410 --> 00:45:29,620

did another ceremony that uncle Jerry

1216

00:45:33,120 --> 00:45:31,420

told me to do when going onto a sacred

1217

00:45:35,580 --> 00:45:33,130

site but it wasn't the right place but

1218

00:45:37,560 --> 00:45:35,590

we did it anyway and as we came in an

1219

00:45:38,970 --> 00:45:37,570

hour flew out and lift a feather beyond

1220

00:45:42,540 --> 00:45:38,980

we thought that was a good sign

1221

00:45:44,730 --> 00:45:42,550

my god it wasn't anyway we did our

1222

00:45:47,070 --> 00:45:44,740

business on this site which is in New

1223

00:45:48,750 --> 00:45:47,080

South Wales near carry election and we

1224

00:45:50,010 --> 00:45:48,760

get back home about four hours later I

1225

00:45:53,280 --> 00:45:50,020

get a phone call from South Australia

1226

00:45:55,260 --> 00:45:53,290

3,000 K's awareness and Cano is on the

1227

00:45:57,510 --> 00:45:55,270

phone he said I'm sitting in front of a

1228

00:45:58,950 --> 00:45:57,520

red kangaroo that's come to my door it's

1229

00:46:00,510 --> 00:45:58,960

sitting with me at the moment he's told

1230

00:46:04,170 --> 00:46:00,520

me story about what you've been up today

1231

00:46:06,600 --> 00:46:04,180

but I uh I'm in trouble ere he said did

1232

00:46:08,760 --> 00:46:06,610

you I'll go on country today yeah I did

1233

00:46:10,530 --> 00:46:08,770

I did he said did you smoke yourself he

1234

00:46:12,030 --> 00:46:10,540

said what my kangaroo says you didn't he

1235

00:46:13,710 --> 00:46:12,040

said no no I didn't I didn't but we did

1236

00:46:14,940 --> 00:46:13,720

another sermon Co taught me about that

1237

00:46:17,610 --> 00:46:14,950

you did with the rocks didn't you stack

1238

00:46:18,960 --> 00:46:17,620

them up I said yeah I did he said yeah

1239

00:46:20,970 --> 00:46:18,970

that's why he's still alive otherwise

1240

00:46:23,400 --> 00:46:20,980

you would have been killed in a net he

1241

00:46:25,470 --> 00:46:23,410

said I got a message he said we all told

1242

00:46:27,840 --> 00:46:25,480

another bird is told to kangaroo there's

1243

00:46:29,460 --> 00:46:27,850

no told me said you ever go on a country

1244

00:46:32,190 --> 00:46:29,470

again and smoke yourself I'll kill you

1245

00:46:33,420 --> 00:46:32,200

and then he hung up the phone I was in a

1246

00:46:34,680 --> 00:46:33,430

bit of for a while I could read you

1247

00:46:37,260 --> 00:46:34,690

that but I want to tell you something

1248

00:46:40,200 --> 00:46:37,270

that message that hour left four hours

1249

00:46:42,990 --> 00:46:40,210

before and got to the kangaroo on which

1250

00:46:46,350 --> 00:46:43,000

is 3,000 caves away that message went

1251  
00:46:48,450 --> 00:46:46,360  
from animal to animal I was doing 7750

1252  
00:46:50,580 --> 00:46:48,460  
case per hour that's the speed of a jet

1253  
00:46:52,080 --> 00:46:50,590  
and it got to him and he knew exactly

1254  
00:46:55,440 --> 00:46:52,090  
what I was doing because the animals

1255  
00:46:58,980 --> 00:46:55,450  
told him now break this two examples

1256  
00:47:01,380 --> 00:46:58,990  
of what the shamans call magic but if

1257  
00:47:02,970 --> 00:47:01,390  
you ask I know he said that's well I can

1258  
00:47:05,790 --> 00:47:02,980  
do it like in fact that's what he said I

1259  
00:47:07,980 --> 00:47:05,800  
can do it why can't you and that's the

1260  
00:47:09,690 --> 00:47:07,990  
story about what the original people

1261  
00:47:12,300 --> 00:47:09,700  
have and what they dream still that by

1262  
00:47:14,460 --> 00:47:12,310  
the way I still can't do anything from

1263  
00:47:16,470 --> 00:47:14,470

afraid I'm a long way off that I still

1264

00:47:18,180 --> 00:47:16,480

can't do it but that's what he can do

1265

00:47:20,010 --> 00:47:18,190

and both those things are not

1266

00:47:23,040 --> 00:47:20,020

make-believe stories but true stories I

1267

00:47:25,890 --> 00:47:23,050

swear that on 22x survival and so on the

1268

00:47:28,200 --> 00:47:25,900

first one so we'll grow hmm there are

1269

00:47:31,260 --> 00:47:28,210

some examples of what they can do and

1270

00:47:33,510 --> 00:47:31,270

still can do and I reckon as I've told

1271

00:47:36,180 --> 00:47:33,520

people before if you give me a choice

1272

00:47:37,890 --> 00:47:36,190

between the flashes flat-screen TV with

1273

00:47:40,440 --> 00:47:37,900

all the accompaniments and all the bells

1274

00:47:42,290 --> 00:47:40,450

and whistles or the ability beyond the

1275

00:47:45,000 --> 00:47:42,300

past message to talk to animals or

1276

00:47:46,290 --> 00:47:45,010

disappear and appear at will I'll pick

1277

00:47:50,010 --> 00:47:46,300

the second one thanks guys

1278

00:47:52,980 --> 00:47:50,020

I pick it every day amen yeah those are

1279

00:47:55,230 --> 00:47:52,990

amazing stories man and speaking of dr.

1280

00:47:57,030 --> 00:47:55,240

Doolittle in the book you guys also have

1281

00:47:58,950 --> 00:47:57,040

a picture of a bunch of tribesman

1282

00:48:01,860 --> 00:47:58,960

standing in the water and you talked

1283

00:48:03,810 --> 00:48:01,870

about a unique pushing situation with

1284

00:48:04,950 --> 00:48:03,820

dolphins that really blew my mind you

1285

00:48:08,640 --> 00:48:04,960

tell us a little bit about this

1286

00:48:11,310 --> 00:48:08,650

tradition yeah yeah yeah it's a great

1287

00:48:13,710 --> 00:48:11,320

picture it's got about 25 men standing

1288

00:48:16,080 --> 00:48:13,720

in the water and the label underneath

1289

00:48:18,000 --> 00:48:16,090

the white fur label is Aboriginal men

1290

00:48:19,800 --> 00:48:18,010

spearfishing when you look very

1291

00:48:22,590 --> 00:48:19,810

carefully not one of them holds a spear

1292

00:48:24,870 --> 00:48:22,600

there's one man that holds a branch that

1293

00:48:27,420 --> 00:48:24,880

is splashing on the water there that's

1294

00:48:29,070 --> 00:48:27,430

it but they are fishing but of course

1295

00:48:31,350 --> 00:48:29,080

again this is part of what the original

1296

00:48:32,790 --> 00:48:31,360

people were doing this is what happened

1297

00:48:34,950 --> 00:48:32,800

up and down the coast the original

1298

00:48:36,540 --> 00:48:34,960

people and the dolphins and I'm not this

1299

00:48:39,780 --> 00:48:36,550

is true it's well known everywhere

1300

00:48:41,190 --> 00:48:39,790

they've formed a relationship they could

1301

00:48:43,470 --> 00:48:41,200

communicate with one another

1302

00:48:44,790 --> 00:48:43,480

now when the old men and you'll see in

1303

00:48:47,130 --> 00:48:44,800

that picture there's one man that's

1304

00:48:49,470 --> 00:48:47,140

standing up what he's doing is he's

1305

00:48:52,050 --> 00:48:49,480

singing to the dolphins he's singing the

1306

00:48:54,690 --> 00:48:52,060

dolphin song when the dolphins hear that

1307

00:48:57,180 --> 00:48:54,700

song and they may be kilometres away

1308

00:48:58,890 --> 00:48:57,190

they will come and what actually happens

1309

00:48:59,790 --> 00:48:58,900

is the dolphins and drive I don't know

1310

00:49:01,170 --> 00:48:59,800

what the fish is because I'm a

1311

00:49:02,280 --> 00:49:01,180

vegetarian I'm not sure it's a the

1312

00:49:05,850 --> 00:49:02,290

mother or something like that

1313

00:49:07,470 --> 00:49:05,860

they drive schools of fish in and they

1314

00:49:09,090 --> 00:49:07,480

drive them towards the men are standing

1315

00:49:10,590 --> 00:49:09,100

the shallow part

1316

00:49:12,630 --> 00:49:10,600

it gets really shallow the fish can't

1317

00:49:14,220 --> 00:49:12,640

swim backwards and then what happens is

1318

00:49:16,680 --> 00:49:14,230

the men pick up enough for their tribe

1319

00:49:18,480 --> 00:49:16,690

and enough for the dolphins and they

1320

00:49:19,920 --> 00:49:18,490

split it equally and then they feed the

1321

00:49:21,060 --> 00:49:19,930

Dolphins they give them all the fishing

1322

00:49:23,070 --> 00:49:21,070

that the Dolphins don't have to go on

1323

00:49:24,780 --> 00:49:23,080

down will chase today and things they

1324

00:49:27,120 --> 00:49:24,790

wait there and they get given all the

1325

00:49:29,430 --> 00:49:27,130

food and then the men go back and they

1326

00:49:30,990 --> 00:49:29,440

feed their tribes for days on end and

1327

00:49:33,150 --> 00:49:31,000

when that's finished they go back and

1328

00:49:35,430 --> 00:49:33,160

sing to the Dolphins again and they both

1329

00:49:37,590 --> 00:49:35,440

learn to work together and what it is

1330

00:49:38,880 --> 00:49:37,600

according to the oldest it's a meeting

1331

00:49:41,190 --> 00:49:38,890

ladies and gentlemen this is what they

1332

00:49:42,930 --> 00:49:41,200

said a meeting of eCourse we're going to

1333

00:49:45,090 --> 00:49:42,940

understand this this business as nothing

1334

00:49:46,590 --> 00:49:45,100

on the top of the pyramid is wrong but

1335

00:49:48,090 --> 00:49:46,600

some meeting of equal to where to equals

1336

00:49:50,700 --> 00:49:48,100

work together with equal intelligence

1337

00:49:52,830 --> 00:49:50,710

and they cooperate with each other this

1338

00:49:55,380 --> 00:49:52,840

was done not just there it was done up

1339

00:49:56,580 --> 00:49:55,390

and down the coast everywhere everywhere

1340

00:49:59,370 --> 00:49:56,590

very few men

1341

00:50:00,720 --> 00:49:59,380

everyone out spearing for fish as long

1342

00:50:03,090 --> 00:50:00,730

as I had a relationship with the

1343

00:50:04,860 --> 00:50:03,100

Dolphins most of the time they would

1344

00:50:06,840 --> 00:50:04,870

work together it was common and what

1345

00:50:09,480 --> 00:50:06,850

they do is they find a shallow place to

1346

00:50:12,000 --> 00:50:09,490

drive them back in and they pick the

1347

00:50:14,580 --> 00:50:12,010

fish up and they share them up that's

1348

00:50:16,290 --> 00:50:14,590

the best way to go fishing guess what

1349

00:50:18,510 --> 00:50:16,300

you never come over and say the big one

1350

00:50:20,310 --> 00:50:18,520

got away not standing next to your feet

1351

00:50:22,860 --> 00:50:20,320

man just pick it up held it in a basket

1352

00:50:25,650 --> 00:50:22,870

and that's why these men had so much

1353

00:50:28,560 --> 00:50:25,660

time to become spiritual you see they

1354

00:50:31,110 --> 00:50:28,570

did a study on original people in the

1355

00:50:32,880 --> 00:50:31,120

desert in the middle of the desert what

1356

00:50:34,650 --> 00:50:32,890

doesn't rain and I found original men

1357

00:50:37,350 --> 00:50:34,660

and women were spending no more than

1358

00:50:39,630 --> 00:50:37,360

four hours a day getting food the rest

1359

00:50:41,910 --> 00:50:39,640

of time was free time and I'm the coast

1360

00:50:43,740 --> 00:50:41,920

it was less than that this is actually

1361

00:50:45,270 --> 00:50:43,750

ever on earth man there's no I'm working

1362

00:50:47,220 --> 00:50:45,280

for the man they all work for each other

1363

00:50:49,410 --> 00:50:47,230

and in this case they didn't just work

1364

00:50:52,410 --> 00:50:49,420

for each other I also work for the

1365

00:50:54,180 --> 00:50:52,420

Dolphins too they worked as a group yeah

1366

00:50:55,710 --> 00:50:54,190

that's the way we do things is a lot

1367

00:50:57,390 --> 00:50:55,720

better than throw on a hook out with our

1368

00:50:59,490 --> 00:50:57,400

bait because you know you're gonna get a

1369

00:51:00,690 --> 00:50:59,500

catch and think of the people you hang

1370

00:51:02,520 --> 00:51:00,700

around with you get to hang around with

1371

00:51:05,250 --> 00:51:02,530

a dolphin so that's not bad neighbors is

1372

00:51:07,140 --> 00:51:05,260

it no not at all that's something I've

1373

00:51:08,790 --> 00:51:07,150

always wanted to do is get in the water

1374

00:51:11,730 --> 00:51:08,800

with dolphins people say it's a pretty

1375

00:51:13,590 --> 00:51:11,740

transformative experience imagine if you

1376

00:51:15,450 --> 00:51:13,600

do it nearly every second of the day and

1377

00:51:17,760 --> 00:51:15,460

you're working in partnership with them

1378

00:51:19,880 --> 00:51:17,770

and then at a point do you know what

1379

00:51:22,230 --> 00:51:19,890

when the men when the old man would ever

1380

00:51:22,920 --> 00:51:22,240

roll across the other side of the river

1381

00:51:24,589 --> 00:51:22,930

the Dolphins

1382

00:51:26,849 --> 00:51:24,599

would always escort the old men across

1383

00:51:28,680 --> 00:51:26,859

they'd score them all the way there and

1384

00:51:30,180 --> 00:51:28,690

back to make sure there weren't any

1385

00:51:32,370 --> 00:51:30,190

sharks around stuff like that

1386

00:51:34,440 --> 00:51:32,380

this was actually quite a very strong

1387

00:51:36,990 --> 00:51:34,450

connection between tribes up and down

1388

00:51:39,329 --> 00:51:37,000

the coast and the original people and

1389

00:51:41,099 --> 00:51:39,339

when I said about original people in the

1390

00:51:43,049 --> 00:51:41,109

book I talk about what they export

1391

00:51:45,180 --> 00:51:43,059

aboard that was part of what they taught

1392

00:51:47,069 --> 00:51:45,190

as part of what they taught others in

1393

00:51:49,049 --> 00:51:47,079

different places I would have talked in

1394

00:51:50,130 --> 00:51:49,059

Indian mob in America the same things

1395

00:51:52,530 --> 00:51:50,140

and they would have been doing it too

1396

00:51:54,000 --> 00:51:52,540

I'll guarantee you you'll find stories

1397

00:51:56,400 --> 00:51:54,010

in here about the same things taken

1398

00:51:58,380 --> 00:51:56,410

place none of this stuff was kept secret

1399

00:52:01,200 --> 00:51:58,390

there's meant to be shared with all of

1400

00:52:04,440 --> 00:52:01,210

humanity not countries that is great and

1401  
00:52:06,150 --> 00:52:04,450  
your book is full of so much stuff I

1402  
00:52:08,430 --> 00:52:06,160  
can't believe we went this long without

1403  
00:52:09,930 --> 00:52:08,440  
really talking about Dreamtime you've

1404  
00:52:12,270 --> 00:52:09,940  
mentioned it a couple of times in

1405  
00:52:14,849 --> 00:52:12,280  
passing but tell the people how

1406  
00:52:17,240 --> 00:52:14,859  
important this is to the elders and the

1407  
00:52:20,370 --> 00:52:17,250  
original Australians and their culture

1408  
00:52:24,299 --> 00:52:20,380  
the training is really the focal point

1409  
00:52:27,150 --> 00:52:24,309  
of original life everything revolves now

1410  
00:52:28,770 --> 00:52:27,160  
you've got to remember somebody wants to

1411  
00:52:30,420 --> 00:52:28,780  
ask me was there anyone in the country

1412  
00:52:32,780 --> 00:52:30,430  
before cook that didn't believe in God

1413  
00:52:34,980 --> 00:52:32,790

and my answer was instantaneous no I

1414

00:52:37,260 --> 00:52:34,990

didn't think about it it was that quick

1415

00:52:40,829 --> 00:52:37,270

you lived in a society where there was

1416

00:52:42,240 --> 00:52:40,839

never a doubt about the creation now the

1417

00:52:44,609 --> 00:52:42,250

difference the reason why there was no

1418

00:52:47,309 --> 00:52:44,619

doubt is because the spirits were in the

1419

00:52:49,230 --> 00:52:47,319

land they're in the clouds are in the

1420

00:52:51,420 --> 00:52:49,240

birds they were watching you constantly

1421

00:52:53,010 --> 00:52:51,430

there was nothing you could do that

1422

00:52:54,809 --> 00:52:53,020

wouldn't be reported back to your bird

1423

00:52:56,819 --> 00:52:54,819

so on through cloud solitaire some sort

1424

00:52:59,430 --> 00:52:56,829

of sign that would give you up so that

1425

00:53:01,920 --> 00:52:59,440

you've done something wrong so the

1426

00:53:03,539 --> 00:53:01,930

driving was your connection and I'll

1427

00:53:05,490 --> 00:53:03,549

give you a couple of examples of that

1428

00:53:08,010 --> 00:53:05,500

connection and might give that listeners

1429

00:53:10,589 --> 00:53:08,020

a better idea how that works one example

1430

00:53:14,490 --> 00:53:10,599

would be the tongue so you've broken a

1431

00:53:16,260 --> 00:53:14,500

really really important sacred law let's

1432

00:53:18,990 --> 00:53:16,270

say you're gone into a sacred site and

1433

00:53:21,770 --> 00:53:19,000

you've broken a sacred object you'd beg

1434

00:53:24,020 --> 00:53:21,780

to be killed for that

1435

00:53:26,030 --> 00:53:24,030

because that is considered worse than

1436

00:53:27,770 --> 00:53:26,040

well it's up there with raping and learn

1437

00:53:28,880 --> 00:53:27,780

those three things and that other worse

1438

00:53:30,350 --> 00:53:28,890

prior to you killed for that

1439

00:53:33,260 --> 00:53:30,360

straightaway never question if you

1440

00:53:36,920 --> 00:53:33,270

donate you die but I wouldn't kill you

1441

00:53:38,690 --> 00:53:36,930

don't set you free it's such a bad crime

1442

00:53:41,630 --> 00:53:38,700

you could not get the honor of dying

1443

00:53:44,060 --> 00:53:41,640

because if you died on country your soul

1444

00:53:46,190 --> 00:53:44,070

would disappear for what then it

1445

00:53:48,620 --> 00:53:46,200

reincarnate back into another person or

1446

00:53:51,140 --> 00:53:48,630

baby on that country and your connection

1447

00:53:52,640 --> 00:53:51,150

continues if you're sent off country and

1448

00:53:55,880 --> 00:53:52,650

when you die your dog our country your

1449

00:53:58,670 --> 00:53:55,890

soul is lost in limbo forever

1450

00:53:59,860 --> 00:53:58,680

you can't reincarnate again and they

1451  
00:54:02,390 --> 00:53:59,870  
believed strongly in reincarnation

1452  
00:54:04,280 --> 00:54:02,400  
because the Korean car nations part of

1453  
00:54:07,100 --> 00:54:04,290  
the Dreaming your connection to the land

1454  
00:54:08,870 --> 00:54:07,110  
is eternal so you are dreaming stories

1455  
00:54:10,850 --> 00:54:08,880  
to that area that only belong to that

1456  
00:54:12,380 --> 00:54:10,860  
area there's only one dreaming story

1457  
00:54:13,820 --> 00:54:12,390  
you'll find that runs to every tribe

1458  
00:54:15,380 --> 00:54:13,830  
through the whole of Australia without

1459  
00:54:17,660 --> 00:54:15,390  
exception which is the Seven Sisters

1460  
00:54:20,330 --> 00:54:17,670  
which is a story about Pleiades of

1461  
00:54:22,130 --> 00:54:20,340  
course that goes to every place apart

1462  
00:54:24,710 --> 00:54:22,140  
from that all other dreaming stories are

1463  
00:54:27,440 --> 00:54:24,720

belong to them alone when you become a

1464

00:54:29,510 --> 00:54:27,450

man I'll give a story there from Diane

1465

00:54:31,910 --> 00:54:29,520

Billings the first female archaeologist

1466

00:54:34,370 --> 00:54:31,920

actually work with a women when the boy

1467

00:54:36,920 --> 00:54:34,380

was cut that night the women will steal

1468

00:54:38,540 --> 00:54:36,930

the boy away and they'd repeat a man

1469

00:54:40,460 --> 00:54:38,550

chopped all night long it went something

1470

00:54:42,110 --> 00:54:40,470

like this was from a woman you were born

1471

00:54:44,420 --> 00:54:42,120

it's a woman that will give you food

1472

00:54:46,700 --> 00:54:44,430

it's a woman you will marry and after

1473

00:54:48,710 --> 00:54:46,710

that they give him back to the male and

1474

00:54:51,830 --> 00:54:48,720

then what happened is the boy is now a

1475

00:54:53,090 --> 00:54:51,840

man would then go into country and he'd

1476

00:54:55,100 --> 00:54:53,100

be out there for three or four months

1477

00:54:57,840 --> 00:54:55,110

and he would find his dreaming and find

1478

00:55:00,150 --> 00:54:57,850

his spirit he'd find his quest

1479

00:55:01,680 --> 00:55:00,160

make a connection not with the land but

1480

00:55:04,200 --> 00:55:01,690

with the spirit of the land when he came

1481

00:55:07,050 --> 00:55:04,210

back the women would cry the mother

1482

00:55:10,020 --> 00:55:07,060

would cry and cry and say my sons died

1483

00:55:11,520 --> 00:55:10,030

and Simon said bit of speed abyss me and

1484

00:55:13,020 --> 00:55:11,530

they cried for days no you're not my son

1485

00:55:15,120 --> 00:55:13,030

I don't know who you are my son has died

1486

00:55:17,340 --> 00:55:15,130

and after about three days they then say

1487

00:55:19,620 --> 00:55:17,350

yes my son had died and turned into a

1488

00:55:21,060 --> 00:55:19,630

man because that connection when they go

1489

00:55:22,530 --> 00:55:21,070

out there they will go and find their

1490

00:55:24,450 --> 00:55:22,540

dreaming their totem they'd start to

1491

00:55:26,880 --> 00:55:24,460

make connection with the land and then

1492

00:55:28,500 --> 00:55:26,890

for the rest of their lives their job

1493

00:55:30,030 --> 00:55:28,510

would be to learn more dreaming stories

1494

00:55:32,220 --> 00:55:30,040

to get their connection to the land

1495

00:55:33,960 --> 00:55:32,230

stronger to understand how they can

1496

00:55:36,420 --> 00:55:33,970

facilitate that their magic that's

1497

00:55:38,700 --> 00:55:36,430

within them and that all comes under the

1498

00:55:41,310 --> 00:55:38,710

auspices of the dream you see under the

1499

00:55:45,060 --> 00:55:41,320

auspices of the dreaming it even goes

1500

00:55:47,130 --> 00:55:45,070

into daily life if I marry my wife which

1501

00:55:49,170 --> 00:55:47,140

I did I would then from that point on

1502

00:55:51,570 --> 00:55:49,180

never be allowed to speak to my

1503

00:55:53,280 --> 00:55:51,580

mother-in-law mmm

1504

00:55:54,900 --> 00:55:53,290

I'm wondering about that one I'm not

1505

00:55:56,970 --> 00:55:54,910

going to make a comment about this never

1506

00:55:58,470 --> 00:55:56,980

if I wish to speak to her she might be

1507

00:56:00,090 --> 00:55:58,480

in my presence I'd have to tell someone

1508

00:56:01,380 --> 00:56:00,100

else would then tell her what I said and

1509

00:56:03,210 --> 00:56:01,390

then she tell them and come back

1510

00:56:04,740 --> 00:56:03,220

interesting now they said that the

1511

00:56:06,380 --> 00:56:04,750

dreaming says that happens because we

1512

00:56:08,610 --> 00:56:06,390

don't need fights and tribes and

1513

00:56:10,190 --> 00:56:08,620

mother-in-law's believe no matter who

1514

00:56:13,200 --> 00:56:10,200

marries their daughters not good enough

1515

00:56:16,500 --> 00:56:13,210

it's funny how that still works today so

1516

00:56:19,260 --> 00:56:16,510

they have rules about how you behave who

1517

00:56:21,060 --> 00:56:19,270

you can talk to it runs into every part

1518

00:56:23,340 --> 00:56:21,070

of their life let's say when you're born

1519

00:56:24,960 --> 00:56:23,350

for the very first time when you take

1520

00:56:27,060 --> 00:56:24,970

your first steps normally they take the

1521

00:56:28,830 --> 00:56:27,070

baby on the way and they look at those

1522

00:56:30,480 --> 00:56:28,840

first three foots that's when you stand

1523

00:56:32,310 --> 00:56:30,490

upon the earth which is a spirit and

1524

00:56:35,100 --> 00:56:32,320

they'll work out the rest of your life

1525

00:56:37,020 --> 00:56:35,110

in there is a hunter there's we can see

1526

00:56:39,210 --> 00:56:37,030

that book the way stood there and that

1527

00:56:42,180 --> 00:56:39,220

will be what you're going to be so it's

1528

00:56:46,140 --> 00:56:42,190

all pervasive your first three steps is

1529

00:56:47,820 --> 00:56:46,150

your careers exam you've done your high

1530

00:56:49,440 --> 00:56:47,830

school certificate you've done your exam

1531

00:56:51,330 --> 00:56:49,450

you're going to become this it was done

1532

00:56:53,880 --> 00:56:51,340

in three steps it's done it's finished

1533

00:56:56,430 --> 00:56:53,890

so it's that strong a connection with

1534

00:56:58,020 --> 00:56:56,440

the land you belong to the lid you go

1535

00:57:00,150 --> 00:56:58,030

back to the land you come back to learn

1536

00:57:02,670 --> 00:57:00,160

again and incarnate it is an ongoing

1537

00:57:05,880 --> 00:57:02,680

connection that began at the very

1538

00:57:08,760 --> 00:57:05,890

beginning of time and never finishes so

1539

00:57:11,520 --> 00:57:08,770

it's not like a religion where you go to

1540

00:57:13,200 --> 00:57:11,530

church one day and pray you do every

1541

00:57:15,450 --> 00:57:13,210

the day because the spirits are watching

1542

00:57:16,830 --> 00:57:15,460

it constantly once you fully understand

1543

00:57:19,020 --> 00:57:16,840

what dreaming you realize that every

1544

00:57:22,140 --> 00:57:19,030

time you come back here you have no

1545

00:57:24,300 --> 00:57:22,150

privacy whatsoever there are spirits

1546

00:57:26,940 --> 00:57:24,310

continuing watching everything you do

1547

00:57:28,650 --> 00:57:26,950

and as we all know there are things we

1548

00:57:31,860 --> 00:57:28,660

all do we wish that no one would knew

1549

00:57:35,250 --> 00:57:31,870

that guess what they do that's the

1550

00:57:38,070 --> 00:57:35,260

dreaming I love it and it is interesting

1551  
00:57:40,380 --> 00:57:38,080  
that they reconcile or synthesize

1552  
00:57:43,790 --> 00:57:40,390  
information about genetic engineering

1553  
00:57:47,910 --> 00:57:43,800  
from the Pleiadians and the idea of

1554  
00:57:50,880 --> 00:57:47,920  
creator god what's the same thing you

1555  
00:57:53,520 --> 00:57:50,890  
have to remember in our society before

1556  
00:57:56,460 --> 00:57:53,530  
the wife others came in we never didn't

1557  
00:58:00,320 --> 00:57:56,470  
have a word for god we called my army

1558  
00:58:03,390 --> 00:58:00,330  
Mulla Mulla all of them sky heroes

1559  
00:58:05,250 --> 00:58:03,400  
remember that now we all and the sky

1560  
00:58:07,800 --> 00:58:05,260  
heroes notice - there's a creation that

1561  
00:58:11,130 --> 00:58:07,810  
creates all of that and we were already

1562  
00:58:12,870 --> 00:58:11,140  
here we were created by that but what

1563  
00:58:14,340 --> 00:58:12,880

the Creator decided and what the player

1564

00:58:17,250 --> 00:58:14,350

decides to change it around

1565

00:58:20,640 --> 00:58:17,260

so from our point of view then our sky

1566

00:58:23,220 --> 00:58:20,650

heroes the Angels you talk about well of

1567

00:58:24,690 --> 00:58:23,230

course I fly the sky heroes and of

1568

00:58:26,190 --> 00:58:24,700

course there are spirits and they're

1569

00:58:28,980 --> 00:58:26,200

part of that - there were different part

1570

00:58:33,060 --> 00:58:28,990

of that same story so the original

1571

00:58:36,000 --> 00:58:33,070

people believe that the land is also

1572

00:58:38,130 --> 00:58:36,010

part of God and that's something that a

1573

00:58:41,640 --> 00:58:38,140

lot of non original people of lost track

1574

00:58:44,610 --> 00:58:41,650

of they believe the spirit that's inside

1575

00:58:46,020 --> 00:58:44,620

us is inside a tree and inside the rocks

1576

00:58:48,060 --> 00:58:46,030

particularly inside the rocks were

1577

00:58:50,190 --> 00:58:48,070

looking after at the moment they believe

1578

00:58:53,040 --> 00:58:50,200

that they're absolutely convinced that

1579

00:58:54,990 --> 00:58:53,050

everything has that essence within it so

1580

00:58:56,450 --> 00:58:55,000

therefore if you know that God's

1581

00:58:58,080 --> 00:58:56,460

watching you every second of the day

1582

00:59:00,780 --> 00:58:58,090

then you're going to behave differently

1583

00:59:02,370 --> 00:59:00,790

if you really believe it if you

1584

00:59:04,620 --> 00:59:02,380

absolutely believe it heart and soul

1585

00:59:05,880 --> 00:59:04,630

like they did then you'd think this

1586

00:59:08,190 --> 00:59:05,890

would be heaven on earth of course it

1587

00:59:09,600 --> 00:59:08,200

wasn't because I've gotta tell you it

1588

00:59:13,350 --> 00:59:09,610

sounds that way Greg but I've got some

1589

00:59:17,350 --> 00:59:13,360

bad news here men still fought over

1590

00:59:18,910 --> 00:59:17,360

women I believe it doesn't change

1591

00:59:20,350 --> 00:59:18,920

they didn't fight over money because it

1592

00:59:21,700 --> 00:59:20,360

was that much you can't fight over

1593

00:59:23,890 --> 00:59:21,710

positions because you can't earn

1594

00:59:26,470 --> 00:59:23,900

anything here but we still manage men

1595

00:59:28,540 --> 00:59:26,480

still manage to find a way because

1596

00:59:29,830 --> 00:59:28,550

unfortunately there's an imperfect

1597

00:59:32,140 --> 00:59:29,840

design with them we have something

1598

00:59:33,850 --> 00:59:32,150

called testosterone and sometimes it

1599

00:59:36,430 --> 00:59:33,860

makes us angry and when we get angry or

1600

00:59:38,530 --> 00:59:36,440

forget things so even on paradise which

1601  
00:59:40,630 --> 00:59:38,540  
is here we know there were mistakes made

1602  
00:59:42,580 --> 00:59:40,640  
by men and we know there were some big

1603  
00:59:46,480 --> 00:59:42,590  
mistakes made before the wife of us came

1604  
00:59:51,060 --> 00:59:46,490  
here so yeah it's a bit of a full

1605  
00:59:53,860 --> 00:59:51,070  
sterilize but it began work can work and

1606  
00:59:56,110 --> 00:59:53,870  
I know you've also worked with Laird

1607  
00:59:58,450 --> 00:59:56,120  
Scranton a bit when it comes to some of

1608  
01:00:01,060 --> 00:59:58,460  
the glyph translations and this idea of

1609  
01:00:03,550 --> 01:00:01,070  
an original kind of more universal

1610  
01:00:05,770 --> 01:00:03,560  
language which I believe the elders have

1611  
01:00:07,510 --> 01:00:05,780  
said some things to you about but let's

1612  
01:00:09,040 --> 01:00:07,520  
done some amazing research into the

1613  
01:00:11,440 --> 01:00:09,050

Dogon tribe of course

1614

01:00:13,000 --> 01:00:11,450

have you seen cultural similarities or

1615

01:00:15,460 --> 01:00:13,010

parallels and some of their oral

1616

01:00:18,250 --> 01:00:15,470

traditions or this idea of a universal

1617

01:00:20,620 --> 01:00:18,260

language originally absolutely in fact

1618

01:00:24,430 --> 01:00:20,630

we've worked extensively with lead on

1619

01:00:26,320 --> 01:00:24,440

the other two walls and I actually stand

1620

01:00:28,000 --> 01:00:26,330

by LEDs translation of that and I'll

1621

01:00:30,610 --> 01:00:28,010

give you a very good reason why in a sec

1622

01:00:33,310 --> 01:00:30,620

that his translation of some of those

1623

01:00:35,470 --> 01:00:33,320

lives is far more esoteric and far more

1624

01:00:38,080 --> 01:00:35,480

scientific talking about vibration

1625

01:00:39,550 --> 01:00:38,090

movement of gravity and stuff like that

1626

01:00:41,710 --> 01:00:39,560

it's a secret language and we went

1627

01:00:44,470 --> 01:00:41,720

through his book and we found all these

1628

01:00:48,280 --> 01:00:44,480

links and I can tell you now on those

1629

01:00:50,440 --> 01:00:48,290

two walls there are at least 50 symbols

1630

01:00:52,330 --> 01:00:50,450

that come straight out of leads book and

1631

01:00:53,920 --> 01:00:52,340

there's some very big ones that come out

1632

01:00:55,660 --> 01:00:53,930

of leads book and we honestly believe

1633

01:00:58,570 --> 01:00:55,670

that he's onto something there in fact I

1634

01:01:00,910 --> 01:00:58,580

can tell you the opening symbol on the

1635

01:01:03,190 --> 01:01:00,920

second of the war which we believe is of

1636

01:01:06,070 --> 01:01:03,200

an ancient language letters and

1637

01:01:08,650 --> 01:01:06,080

translated as being the opening part of

1638

01:01:12,070 --> 01:01:08,660

the narky language which represents

1639

01:01:13,870 --> 01:01:12,080

black man and servant now we're talking

1640

01:01:15,610 --> 01:01:13,880

about the serpent religion of Australia

1641

01:01:17,530 --> 01:01:15,620

where the rainbow serpent is the most

1642

01:01:18,850 --> 01:01:17,540

important part of the Dreaming rate and

1643

01:01:20,800 --> 01:01:18,860

we're talking about a black man and

1644

01:01:22,870 --> 01:01:20,810

there is reading the same thing we're

1645

01:01:25,660 --> 01:01:22,880

fully on side with that we actually do

1646

01:01:27,790 --> 01:01:25,670

believe that when a proper translation

1647

01:01:30,340 --> 01:01:27,800

is done of that we believe that what

1648

01:01:30,850 --> 01:01:30,350

lead was got there should be a focal

1649

01:01:32,860 --> 01:01:30,860

point

1650

01:01:34,990 --> 01:01:32,870

on translating not what they're trying

1651  
01:01:38,080 --> 01:01:35,000  
to do at the moment you see the matchup

1652  
01:01:41,680 --> 01:01:38,090  
for proto egyptian on the second and

1653  
01:01:44,020 --> 01:01:41,690  
third wall is 44% now on the first wall

1654  
01:01:47,500 --> 01:01:44,030  
I spoke about with neffeteria nepeta

1655  
01:01:49,810 --> 01:01:47,510  
said one matchup is 88% I'm prepared to

1656  
01:01:52,390 --> 01:01:49,820  
accept that is Egyptian because it's

1657  
01:01:54,010 --> 01:01:52,400  
such a high correlation to a manual that

1658  
01:01:56,380 --> 01:01:54,020  
was approved by the antiquities

1659  
01:01:59,050 --> 01:01:56,390  
Department in Egypt I'm happy with that

1660  
01:02:01,150 --> 01:01:59,060  
but when you're down below 44% I'm not

1661  
01:02:03,220 --> 01:02:01,160  
convinced I'm not convinced no matter

1662  
01:02:05,080 --> 01:02:03,230  
who's done the translation but that is

1663  
01:02:06,790 --> 01:02:05,090

for the proto Egyptian anymore I'm

1664

01:02:08,770 --> 01:02:06,800

thinking is from an earlier language

1665

01:02:11,050 --> 01:02:08,780

that lead is talking about and we're

1666

01:02:12,670 --> 01:02:11,060

very strongly behind on that and I

1667

01:02:14,890 --> 01:02:12,680

believe that what we've got there on

1668

01:02:16,510 --> 01:02:14,900

those two walls and I know Liv thinks

1669

01:02:19,270 --> 01:02:16,520

the same because we spent some time

1670

01:02:20,800 --> 01:02:19,280

working on that it's exactly that we've

1671

01:02:23,320 --> 01:02:20,810

got some of that language written there

1672

01:02:25,660 --> 01:02:23,330

so I think what makes that wall carry on

1673

01:02:28,810 --> 01:02:25,670

more important is we have a statement

1674

01:02:30,460 --> 01:02:28,820

from the Egyptians saying we were here

1675

01:02:32,410 --> 01:02:30,470

and that's about it really

1676

01:02:35,380 --> 01:02:32,420

then we have a statement of first thing

1677

01:02:37,210 --> 01:02:35,390

which was says a bloody lot more that's

1678

01:02:39,280 --> 01:02:37,220

the one we really should be reading and

1679

01:02:40,660 --> 01:02:39,290

remember within that leads on about the

1680

01:02:43,030 --> 01:02:40,670

same thing I am we're talking about

1681

01:02:44,230 --> 01:02:43,040

science I was speaking to another three

1682

01:02:46,330 --> 01:02:44,240

hours ago on the phone

1683

01:02:48,100 --> 01:02:46,340

and he said exactly this we had

1684

01:02:49,570 --> 01:02:48,110

technology today you guys wouldn't even

1685

01:02:51,370 --> 01:02:49,580

know about we walked away from that

1686

01:02:53,890 --> 01:02:51,380

rubbish when are they going to wake up

1687

01:02:56,380 --> 01:02:53,900

ourselves he said something to me I've

1688

01:02:58,660 --> 01:02:56,390

said this many times this planet runs on

1689

01:03:00,310 --> 01:02:58,670

a high spiritual octane energy and it

1690

01:03:02,170 --> 01:03:00,320

doesn't need much technology we've

1691

01:03:04,810 --> 01:03:02,180

overdone it with the technology that's

1692

01:03:07,000 --> 01:03:04,820

why it's it and why we're learning - so

1693

01:03:08,590 --> 01:03:07,010

yeah Liz right and you know what I've

1694

01:03:11,560 --> 01:03:08,600

got a strong feeling when we read that

1695

01:03:13,450 --> 01:03:11,570

passage it'll be as much as historical

1696

01:03:14,950 --> 01:03:13,460

as it's going to be prophetic we both

1697

01:03:16,870 --> 01:03:14,960

think that to say yeah look I'm fully

1698

01:03:19,030 --> 01:03:16,880

behind what it's doing there and I think

1699

01:03:20,860 --> 01:03:19,040

you're going to find when we finally get

1700

01:03:22,540 --> 01:03:20,870

the government to give up on this site

1701

01:03:24,310 --> 01:03:22,550

for what it really is it's going to

1702

01:03:26,430 --> 01:03:24,320

become one of the most important sites

1703

01:03:29,710 --> 01:03:26,440

in the world hmm

1704

01:03:32,170 --> 01:03:29,720

wow man so many discoveries it's just

1705

01:03:33,910 --> 01:03:32,180

such an amazing time to be alive because

1706

01:03:36,190 --> 01:03:33,920

there's so many people out there doing

1707

01:03:37,960 --> 01:03:36,200

great stuff and so I want to ask about

1708

01:03:39,430 --> 01:03:37,970

this too because a lot of listeners are

1709

01:03:41,950 --> 01:03:39,440

going to be familiar with this

1710

01:03:44,150 --> 01:03:41,960

perspective of a culture seating group

1711

01:03:46,069 --> 01:03:44,160

this concept that maybe

1712

01:03:48,650 --> 01:03:46,079

advanced civilization like Atlantis was

1713

01:03:51,020 --> 01:03:48,660

destroyed and some survivor group went

1714

01:03:53,450 --> 01:03:51,030

around integrating with and elevating

1715

01:03:56,329 --> 01:03:53,460

indigenous tribes that's a popular

1716

01:03:57,890 --> 01:03:56,339

narrative right now yep but I think I've

1717

01:03:59,990 --> 01:03:57,900

heard you say something to the effect

1718

01:04:02,270 --> 01:04:00,000

that according to these Australian

1719

01:04:05,359 --> 01:04:02,280

elders the white man came to learn not

1720

01:04:06,920 --> 01:04:05,369

to teach and that seems really hard to

1721

01:04:08,870 --> 01:04:06,930

determine is there any way we can try

1722

01:04:12,109 --> 01:04:08,880

and verify that kind of claim and parse

1723

01:04:13,940 --> 01:04:12,119

out who really taught who look the

1724

01:04:17,779 --> 01:04:13,950

oldest tell them I knew they were coming

1725

01:04:19,220 --> 01:04:17,789

I can also tell you now I'm going to do

1726

01:04:20,960 --> 01:04:19,230

tells why because I've only just got

1727

01:04:22,970 --> 01:04:20,970

this information I've got a works or a

1728

01:04:26,290 --> 01:04:22,980

properly

1729

01:04:28,610 --> 01:04:26,300

the original society was imploding okay

1730

01:04:30,050 --> 01:04:28,620

I'm not saying the same happen with the

1731

01:04:31,490 --> 01:04:30,060

American Indian society and let's say

1732

01:04:36,010 --> 01:04:31,500

that all I'm just saying in our post

1733

01:04:39,020 --> 01:04:36,020

there is a chance and I'm also told that

1734

01:04:40,900 --> 01:04:39,030

we had to learn off each other I know

1735

01:04:43,100 --> 01:04:40,910

things we had to learn off the wipers

1736

01:04:44,720 --> 01:04:43,110

and these things the way pillars have to

1737

01:04:46,070 --> 01:04:44,730

learn off us obviously they've got to

1738

01:04:47,300 --> 01:04:46,080

learn off us a spiritual part of the

1739

01:04:50,140 --> 01:04:47,310

equation but they're things we had to

1740

01:04:52,850 --> 01:04:50,150

learn too and also remembering that

1741

01:04:55,010 --> 01:04:52,860

everyone has within them the same genes

1742

01:04:57,290 --> 01:04:55,020

it's time that we started to realize

1743

01:04:58,850 --> 01:04:57,300

that that we have a commonality we've

1744

01:05:00,200 --> 01:04:58,860

got to do something together and let's

1745

01:05:02,540 --> 01:05:00,210

not fight each other we've been doing

1746

01:05:03,980 --> 01:05:02,550

that for too long so yeah look I can

1747

01:05:05,390 --> 01:05:03,990

also tell you that a lot of regional

1748

01:05:07,310 --> 01:05:05,400

people don't refer to Australia

1749

01:05:08,210 --> 01:05:07,320

Australia they referred it was new

1750

01:05:10,400 --> 01:05:08,220

linaria

1751

01:05:12,380 --> 01:05:10,410

they have the stories about these

1752

01:05:14,360 --> 01:05:12,390

earliest civilizations falling apart

1753

01:05:15,920 --> 01:05:14,370

they're of the opinion is about a bit

1754

01:05:18,830 --> 01:05:15,930

been three before we've gone up and down

1755

01:05:20,660 --> 01:05:18,840

this path quite a few times before and I

1756

01:05:24,440 --> 01:05:20,670

got a suspicion this is going to be the

1757

01:05:25,760 --> 01:05:24,450

biggest one of all but yeah it's really

1758

01:05:27,290 --> 01:05:25,770

hard to sort of work out where we're

1759

01:05:30,920 --> 01:05:27,300

going to go next with this but I can say

1760

01:05:32,450 --> 01:05:30,930

one thing that the original people

1761

01:05:34,490 --> 01:05:32,460

believed the next two or three years are

1762

01:05:35,660 --> 01:05:34,500

instrumental in deciding where each

1763

01:05:38,540 --> 01:05:35,670

person's going to end up on this

1764

01:05:40,730 --> 01:05:38,550

equation they tell me that each person's

1765

01:05:42,110 --> 01:05:40,740

got to make a decision about what side

1766

01:05:44,210 --> 01:05:42,120

of the equation they sit on and if they

1767

01:05:49,190 --> 01:05:44,220

don't that's their mistake Wow

1768

01:05:51,440 --> 01:05:49,200

so yeah I'm not really sure yeah that's

1769

01:05:52,850 --> 01:05:51,450

better looking to sign it well it's

1770

01:05:54,920 --> 01:05:52,860

going to be an interesting two years I

1771

01:05:57,590 --> 01:05:54,930

guess people should be waiting for that

1772

01:06:00,110 --> 01:05:57,600

window to open and be ready and to know

1773

01:06:02,180 --> 01:06:00,120

what they're going to do well this is

1774

01:06:03,980 --> 01:06:02,190

all been super fascinating and I think

1775

01:06:05,840 --> 01:06:03,990

you've done a lot to add to our

1776

01:06:08,300 --> 01:06:05,850

knowledge of the human story and that's

1777

01:06:10,160 --> 01:06:08,310

truly amazing before we really start

1778

01:06:11,420 --> 01:06:10,170

wrapping this up I'm curious if you

1779

01:06:13,190 --> 01:06:11,430

could elaborate a little more on your

1780

01:06:15,380 --> 01:06:13,200

relationship with the elders or how it's

1781

01:06:17,240 --> 01:06:15,390

grown over time obviously you're very

1782

01:06:19,160 --> 01:06:17,250

respectful of their traditions and

1783

01:06:20,570 --> 01:06:19,170

you've kind of talked about this a

1784

01:06:23,150 --> 01:06:20,580

little bit but how do they feel about

1785

01:06:25,070 --> 01:06:23,160

you sort of becoming an ambassador to

1786

01:06:27,290 --> 01:06:25,080

the world I mean do they actively want

1787

01:06:30,650 --> 01:06:27,300

to re-educate the world or are they sort

1788

01:06:32,989 --> 01:06:30,660

of indifferent or private

1789

01:06:34,849 --> 01:06:32,999

you know there's a lot that bring I get

1790

01:06:38,989 --> 01:06:34,859

phone calls probably twice a week for my

1791

01:06:42,170 --> 01:06:38,999

oldest I spoke the one today too - yeah

1792

01:06:43,609 --> 01:06:42,180

- today they ring up and they talk to me

1793

01:06:46,430 --> 01:06:43,619

for a while we're not sure they want to

1794

01:06:47,660 --> 01:06:46,440

find out when I monitor and then I mean

1795

01:06:49,309 --> 01:06:47,670

so I'm going to tell you now that some

1796

01:06:51,799 --> 01:06:49,319

elders are can't standing but that's

1797

01:06:55,219 --> 01:06:51,809

part of the deal anyway okay but there

1798

01:06:58,729 --> 01:06:55,229

are many many orders that stand by me

1799

01:07:00,920 --> 01:06:58,739

and most importantly that my boss even

1800

01:07:03,289 --> 01:07:00,930

though he's passed on everyone in the

1801

01:07:05,450 --> 01:07:03,299

country now it's Conan and they don't

1802

01:07:07,370 --> 01:07:05,460

argue with him and the fact that I've

1803

01:07:09,799 --> 01:07:07,380

got those rocks is known throughout the

1804

01:07:12,259 --> 01:07:09,809

whole country as some elders are unhappy

1805

01:07:13,930 --> 01:07:12,269

about it but most are mostly don't want

1806

01:07:16,249 --> 01:07:13,940

to cut them back although in a touch and

1807

01:07:19,339 --> 01:07:16,259

I've got that right and I've learnt that

1808

01:07:21,739 --> 01:07:19,349

right so it's a gradual process but what

1809

01:07:23,359 --> 01:07:21,749

I find is that when the time's right the

1810

01:07:25,009 --> 01:07:23,369

orders get in contact would mentor me

1811

01:07:27,469 --> 01:07:25,019

more but I don't chase you're not

1812

01:07:29,839 --> 01:07:27,479

supposed to chase people up I'll come

1813

01:07:33,289 --> 01:07:29,849

when they want to so it's a gradual

1814

01:07:36,019 --> 01:07:33,299

process but being given ceremony by

1815

01:07:37,759 --> 01:07:36,029

Carnot opens all our doors because it

1816

01:07:39,440 --> 01:07:37,769

gives us the right we have what's called

1817

01:07:40,999 --> 01:07:39,450

we rich and black fella white fella

1818

01:07:42,140 --> 01:07:41,009

dreaming that's what we have to preach

1819

01:07:45,049 --> 01:07:42,150

and we have to talk about that

1820

01:07:47,329 --> 01:07:45,059

constantly and the job I was given was

1821

01:07:49,729 --> 01:07:47,339

to find white fella signs to validate

1822

01:07:51,920 --> 01:07:49,739

the black fella story the orders no

1823

01:07:53,839 --> 01:07:51,930

that's what we're doing some of them may

1824

01:07:55,519 --> 01:07:53,849

not like me personally but sure that I

1825

01:07:57,499 --> 01:07:55,529

like myself personally when it comes to

1826

01:07:59,959 --> 01:07:57,509

that so I have no issue with that but

1827

01:08:01,729 --> 01:07:59,969

they do know what we're doing is for the

1828

01:08:04,009 --> 01:08:01,739

betterment of the original culture

1829

01:08:05,749 --> 01:08:04,019

they're not arguing that point so yeah

1830

01:08:09,140 --> 01:08:05,759

we're doing that and we continue doing

1831

01:08:11,569 --> 01:08:09,150

that and I take all my cubes imelda so

1832

01:08:13,609 --> 01:08:11,579

you give me information and I'm pleased

1833

01:08:15,709 --> 01:08:13,619

when I say I got it wrong really some

1834

01:08:17,629 --> 01:08:15,719

people say I should dot the i's and

1835

01:08:19,640 --> 01:08:17,639

cross the t's I say bug of that I just

1836

01:08:20,930 --> 01:08:19,650

go straight it and dot them later and if

1837

01:08:23,240 --> 01:08:20,940

I'm going to change him around I will

1838

01:08:25,129 --> 01:08:23,250

and I've made some mistakes not major

1839

01:08:27,680 --> 01:08:25,139

ones but minor ones and I admit that's

1840

01:08:29,359 --> 01:08:27,690

the case but the most important part was

1841

01:08:31,609 --> 01:08:29,369

I was told to get the story out as

1842

01:08:34,070 --> 01:08:31,619

quickly as possible and I still got my

1843

01:08:36,320 --> 01:08:34,080

older what you mean I mean in Eagle

1844

01:08:38,720 --> 01:08:36,330

Forum and he's made that very clear and

1845

01:08:40,430 --> 01:08:38,730

I won't go into that but it's been very

1846

01:08:42,950 --> 01:08:40,440

clear no one would argue the point that

1847

01:08:44,420 --> 01:08:42,960

he's been he's been that he's watching

1848

01:08:45,770 --> 01:08:44,430

us so we have to keep doing this

1849

01:08:48,830 --> 01:08:45,780

that job is to get it out and that's

1850

01:08:50,720 --> 01:08:48,840

what we do Wow anyone we check to shed

1851  
01:08:52,970 --> 01:08:50,730  
of that and how would you like to see

1852  
01:08:54,680 --> 01:08:52,980  
your work impact the world I mean of

1853  
01:08:56,570 --> 01:08:54,690  
course or rewriting the human story and

1854  
01:08:58,520 --> 01:08:56,580  
that's important but what else would you

1855  
01:09:02,270 --> 01:08:58,530  
like to see emerge from that that the

1856  
01:09:05,090 --> 01:09:02,280  
listeners should probably know that

1857  
01:09:09,500 --> 01:09:05,100  
people understand that what we have

1858  
01:09:13,520 --> 01:09:09,510  
today is a facade and what we had long

1859  
01:09:15,620 --> 01:09:13,530  
ago many times was so much better that's

1860  
01:09:19,820 --> 01:09:15,630  
what I want to know and I want people to

1861  
01:09:21,830 --> 01:09:19,830  
know that as a group humans as a group

1862  
01:09:25,190 --> 01:09:21,840  
can still change this place we can fix

1863  
01:09:28,910 --> 01:09:25,200

things up I was around in the early 70s

1864

01:09:30,920 --> 01:09:28,920

I saw in mid 70s and early 68 60s where

1865

01:09:33,890 --> 01:09:30,930

humans did change things

1866

01:09:36,050 --> 01:09:33,900

we stopped the war in Vietnam because it

1867

01:09:37,910 --> 01:09:36,060

was wrong and people did start to think

1868

01:09:39,800 --> 01:09:37,920

differently and what's happened over the

1869

01:09:41,990 --> 01:09:39,810

last 20 years particularly humans have

1870

01:09:44,990 --> 01:09:42,000

been dumbed down what I want is when

1871

01:09:46,910 --> 01:09:45,000

people start thinking again that's

1872

01:09:49,160 --> 01:09:46,920

basically if I wanted to start thinking

1873

01:09:51,050 --> 01:09:49,170

again and realize that they have a right

1874

01:09:53,480 --> 01:09:51,060

to change this world if it's broken and

1875

01:09:55,100 --> 01:09:53,490

it is broken that's what we want the

1876

01:09:57,800 --> 01:09:55,110

original people want is that we want

1877

01:10:00,890 --> 01:09:57,810

them to listen to the wisdom we had in

1878

01:10:03,770 --> 01:10:00,900

the past and remind them that wisdom is

1879

01:10:06,860 --> 01:10:03,780

still here and it won't go away nor

1880

01:10:08,240 --> 01:10:06,870

should it and if it comes back well

1881

01:10:10,940 --> 01:10:08,250

that's something worthwhile to give our

1882

01:10:12,890 --> 01:10:10,950

grandchildren and if it doesn't give up

1883

01:10:15,680 --> 01:10:12,900

that's the truth Wow

1884

01:10:17,750 --> 01:10:15,690

I love a man and you are just so

1885

01:10:18,410 --> 01:10:17,760

knowledgeable and dedicated it is really

1886

01:10:19,700 --> 01:10:18,420

admirable

1887

01:10:21,830 --> 01:10:19,710

would you like to remind the people

1888

01:10:23,840 --> 01:10:21,840

about the book and the website and how

1889

01:10:25,370 --> 01:10:23,850

they can follow up or get involved in

1890

01:10:26,590 --> 01:10:25,380

the noble mission here before we really

1891

01:10:29,120 --> 01:10:26,600

close it out

1892

01:10:30,890 --> 01:10:29,130

thanks man normally I get my standard

1893

01:10:32,720 --> 01:10:30,900

new stuff I always never heard this

1894

01:10:34,220 --> 01:10:32,730

because I don't like reading stuff look

1895

01:10:36,050 --> 01:10:34,230

the book we've got called out of

1896

01:10:38,210 --> 01:10:36,060

Australia comes out you're Hampton Road

1897

01:10:39,680 --> 01:10:38,220

and it's the book we're pushing more

1898

01:10:41,750 --> 01:10:39,690

than any other book because it's been

1899

01:10:43,250 --> 01:10:41,760

picked up by American publisher and we

1900

01:10:45,410 --> 01:10:43,260

do want this message to get out

1901

01:10:47,240 --> 01:10:45,420

throughout the world the other two

1902

01:10:48,920 --> 01:10:47,250

things like recommend people look at is

1903

01:10:51,590 --> 01:10:48,930

our website which is called forgotten

1904

01:10:54,680 --> 01:10:51,600

origin and we did a webinar recently

1905

01:10:56,300 --> 01:10:54,690

which had major problems I got to tell

1906

01:10:58,210 --> 01:10:56,310

you because the communication system

1907

01:11:00,250 --> 01:10:58,220

Australia is appalling but we did

1908

01:11:02,140 --> 01:11:00,260

up and what we're going to do is every

1909

01:11:04,660 --> 01:11:02,150

couple of months is we're going to drag

1910

01:11:06,250 --> 01:11:04,670

in Elders and maybe get people from

1911

01:11:07,600 --> 01:11:06,260

overseas we've got some people from

1912

01:11:10,060 --> 01:11:07,610

overseas well-known that are claimed to

1913

01:11:12,070 --> 01:11:10,070

be part of this and you'll get to hear

1914

01:11:13,750 --> 01:11:12,080

the oldest tell their story and it's

1915

01:11:15,610 --> 01:11:13,760

called the secret history of Australia

1916

01:11:17,320 --> 01:11:15,620

it's really the secret history of the

1917

01:11:20,260 --> 01:11:17,330

world but we're but I was called it's

1918

01:11:22,090 --> 01:11:20,270

all about Australia which is what it is

1919

01:11:24,880 --> 01:11:22,100

but everything is about Australia and

1920

01:11:27,220 --> 01:11:24,890

all around Australia so look at those

1921

01:11:29,350 --> 01:11:27,230

things please because that's where we're

1922

01:11:32,080 --> 01:11:29,360

getting that information out and anytime

1923

01:11:33,850 --> 01:11:32,090

we find any new information we don't

1924

01:11:36,570 --> 01:11:33,860

hold it for a book we do put books out

1925

01:11:39,190 --> 01:11:36,580

but we put the information out first

1926

01:11:40,900 --> 01:11:39,200

everything in our books there we have

1927

01:11:43,390 --> 01:11:40,910

put out first we don't believe in

1928

01:11:44,920 --> 01:11:43,400

holding information as some people do so

1929

01:11:47,230 --> 01:11:44,930

they can prop it on yeah we want to make

1930

01:11:48,820 --> 01:11:47,240

some money god great by all means we do

1931

01:11:50,890 --> 01:11:48,830

need to make some money please buy a

1932

01:11:53,410 --> 01:11:50,900

book out of Australia no matter but that

1933

01:11:55,870 --> 01:11:53,420

book first of all all that information

1934

01:11:57,010 --> 01:11:55,880

was given freely first then put into

1935

01:11:58,660 --> 01:11:57,020

book form and if you want to pay

1936

01:12:00,910 --> 01:11:58,670

somebody so we get some back that would

1937

01:12:02,830 --> 01:12:00,920

be great but the whole purpose of this

1938

01:12:05,350 --> 01:12:02,840

is to get the information out as quickly

1939

01:12:07,540 --> 01:12:05,360

as possible because ladies and gentlemen

1940

01:12:09,730 --> 01:12:07,550

remember what the elders have told me to

1941

01:12:12,880 --> 01:12:09,740

tell everyone is your time to make a

1942

01:12:16,270 --> 01:12:12,890

decision is running out remember there's

1943

01:12:18,580 --> 01:12:16,280

two ways to decide more of the same or

1944

01:12:22,090 --> 01:12:18,590

change the whole thing only one of

1945

01:12:24,880 --> 01:12:22,100

them's right hmm well fair man and I

1946

01:12:26,910 --> 01:12:24,890

really again do love the book I think

1947

01:12:29,440 --> 01:12:26,920

what you said a few moments ago about

1948

01:12:31,210 --> 01:12:29,450

finding the white man science to

1949

01:12:35,080 --> 01:12:31,220

validate the black man's story I think

1950

01:12:37,060 --> 01:12:35,090

that's a great way to save like what the

1951

01:12:39,700 --> 01:12:37,070

book does and it's full of great

1952

01:12:42,990 --> 01:12:39,710

information and great science and great

1953

01:12:45,670 --> 01:12:43,000

discoveries and genetic data so it is

1954

01:12:47,260 --> 01:12:45,680

awesome and thanks again Steven great

1955

01:12:48,520 --> 01:12:47,270

talking with you keep doing what you do

1956

01:12:51,820 --> 01:12:48,530

and I guess we'll just brace ourselves

1957

01:12:53,440 --> 01:12:51,830

for the road ahead why we ever and

1958

01:12:54,910 --> 01:12:53,450

thanks so much Greg and thanks to the

1959

01:12:57,160 --> 01:12:54,920

great questions and thank you for

1960

01:12:58,540 --> 01:12:57,170

reading the book it's really pleasant to

1961

01:13:00,550 --> 01:12:58,550

spend two hours with someone who

1962

01:13:01,030 --> 01:13:00,560

actually read the book and knew what

1963

01:13:02,770 --> 01:13:01,040

we're all about

1964

01:13:04,480 --> 01:13:02,780

thanks so much more I really enjoyed it

1965

01:13:05,860 --> 01:13:04,490

good on you got it you got it all right

1966

01:13:08,260 --> 01:13:05,870

man take care and draw the rest of the

1967

01:13:10,030 --> 01:13:08,270

day thanks man

1968

01:13:11,410 --> 01:13:10,040

hell of a show people there we go

1969

01:13:13,630 --> 01:13:11,420

Stephen strong

1970

01:13:16,360 --> 01:13:13,640

he's got the information he's got the

1971

01:13:18,340 --> 01:13:16,370

passion and he's got jokes all the

1972

01:13:21,580 --> 01:13:18,350

ingredients for the best tasting of

1973

01:13:23,290 --> 01:13:21,590

higher side soup I really appreciate his

1974

01:13:26,290 --> 01:13:23,300

work one thing I probably should have

1975

01:13:28,480 --> 01:13:26,300

asked him but didn't get to would be if

1976

01:13:30,820 --> 01:13:28,490

it's possible that a group of people

1977

01:13:33,850 --> 01:13:30,830

might tend to overinflate their personal

1978

01:13:35,860 --> 01:13:33,860

importance in the human story but then

1979

01:13:38,260 --> 01:13:35,870

again the genetic data and the ancient

1980

01:13:39,700 --> 01:13:38,270

sites and a hybrid hieroglyphs at least

1981

01:13:43,120 --> 01:13:39,710

suggest there's something out of place

1982

01:13:44,830 --> 01:13:43,130

in the story a big something I still do

1983

01:13:47,350 --> 01:13:44,840

love hearing the oral history and

1984

01:13:49,900 --> 01:13:47,360

cosmology from isolated pockets of

1985

01:13:52,660 --> 01:13:49,910

people I think it needs to be filtered

1986

01:13:54,580 --> 01:13:52,670

just a little bit but it's got to be way

1987

01:13:57,310 --> 01:13:54,590

more on point than what the manipulative

1988

01:13:59,580 --> 01:13:57,320

authorities try to suggest so these are

1989

01:14:02,230 --> 01:13:59,590

really fun and useful shows to me and

1990

01:14:04,210 --> 01:14:02,240

that story about the elder disappearing

1991

01:14:05,950 --> 01:14:04,220

right in front of a group of them Wow I

1992

01:14:08,380 --> 01:14:05,960

don't know the next time I'll talk to

1993

01:14:10,900 --> 01:14:08,390

Graham Hancock but I'll surely ask him

1994

01:14:13,180 --> 01:14:10,910

about that you know we did that one-hour

1995

01:14:15,010 --> 01:14:13,190

episode to promote the latest book he

1996

01:14:17,320 --> 01:14:15,020

wrote and in that one he told us he'd

1997

01:14:19,090 --> 01:14:17,330

come back for a full show but it hasn't

1998

01:14:20,770 --> 01:14:19,100

been a good time for him yet apparently

1999

01:14:22,780 --> 01:14:20,780

and I know he's a busy guy and I know

2000

01:14:25,210 --> 01:14:22,790

there's a thousand podcast now that are

2001

01:14:26,980 --> 01:14:25,220

all considered equal but either way

2002

01:14:29,170 --> 01:14:26,990

really interesting stuff the genetic

2003

01:14:30,820 --> 01:14:29,180

data gets a little over my head but I

2004

01:14:33,190 --> 01:14:30,830

guess if we're really suggesting an

2005

01:14:35,290 --> 01:14:33,200

Origin that is from a mix of various

2006

01:14:37,390 --> 01:14:35,300

alien races starting their own branches

2007

01:14:39,460 --> 01:14:37,400

of humans I guess it is going to be a

2008

01:14:42,310 --> 01:14:39,470

bit all over the place I don't know I

2009

01:14:45,100 --> 01:14:42,320

think most of that genetic data is

2010

01:14:48,280 --> 01:14:45,110

always done with the assumption that we

2011

01:14:50,890 --> 01:14:48,290

have a common ancestor and it seems like

2012

01:14:52,810 --> 01:14:50,900

maybe we don't it's such a bold claim to

2013

01:14:54,760 --> 01:14:52,820

say that aliens not only came here and

2014

01:14:56,830 --> 01:14:54,770

genetically engineered us one but

2015

01:14:59,590 --> 01:14:56,840

several different beings came from

2016

01:15:01,510 --> 01:14:59,600

different areas of the cosmos and some

2017

01:15:03,790 --> 01:15:01,520

of us are built to be highly evolved

2018

01:15:06,130 --> 01:15:03,800

vessels for Pleiadian consciousness and

2019

01:15:09,040 --> 01:15:06,140

some were built to be obedient workers

2020

01:15:10,540 --> 01:15:09,050

for the minds of Africa if you get in a

2021

01:15:12,790 --> 01:15:10,550

certain taboo material there is a

2022

01:15:15,130 --> 01:15:12,800

suggestion of similar things it gets

2023

01:15:17,170 --> 01:15:15,140

quite racist we talk about theosophy and

2024

01:15:19,810 --> 01:15:17,180

it's influenced a lot but if I'm not

2025

01:15:21,390 --> 01:15:19,820

mistaken at its deepest levels or some

2026

01:15:23,729 --> 01:15:21,400

of its branches

2027

01:15:26,370 --> 01:15:23,739

it does talk about certain races being

2028

01:15:28,709 --> 01:15:26,380

more evolved to understand and practice

2029

01:15:30,570 --> 01:15:28,719

the esoteric arts while others just

2030

01:15:32,430 --> 01:15:30,580

don't have it in them and that's a

2031

01:15:34,290 --> 01:15:32,440

slippery slope but today we were really

2032

01:15:37,169 --> 01:15:34,300

talking about Indigenous Australians

2033

01:15:39,930 --> 01:15:37,179

versus indigenous Africans but those

2034

01:15:42,030 --> 01:15:39,940

motifs are definitely still involved and

2035

01:15:44,130 --> 01:15:42,040

I always kind of liked the thought that

2036

01:15:46,380 --> 01:15:44,140

we were designed to be obedient workers

2037

01:15:49,140 --> 01:15:46,390

because so many of us do seem to be

2038

01:15:51,959 --> 01:15:49,150

programmed to obey sure maybe it's

2039

01:15:54,060 --> 01:15:51,969

schooling maybe it's just society but

2040

01:15:57,000 --> 01:15:54,070

I'm sure a lot of us who follow a show

2041

01:15:58,800 --> 01:15:57,010

like this can recognize that we seem to

2042

01:16:02,130 --> 01:15:58,810

be just a little bit different than the

2043

01:16:04,979 --> 01:16:02,140

masses right did the Pleiadians give us

2044

01:16:06,540 --> 01:16:04,989

a rebellious streak or what I guess we

2045

01:16:08,610 --> 01:16:06,550

got to speculate in those areas but

2046

01:16:10,290 --> 01:16:08,620

Stephen did bring enough hard data to

2047

01:16:12,570 --> 01:16:10,300

the table to know that we need to make

2048

01:16:14,280 --> 01:16:12,580

some changes in history and I can't wait

2049

01:16:16,890 --> 01:16:14,290

for that portal to open let me tell you

2050

01:16:18,660 --> 01:16:16,900

as always we get by here by putting out

2051

01:16:20,160 --> 01:16:18,670

the first hour for free and reserving

2052

01:16:22,200 --> 01:16:20,170

the second hour of these interviews for

2053

01:16:24,540 --> 01:16:22,210

paid supporters five bucks a month five

2054

01:16:27,270 --> 01:16:24,550

shows a month and today's second half we

2055

01:16:29,640 --> 01:16:27,280

got into information and story about the

2056

01:16:31,649 --> 01:16:29,650

magic rocks that Stephen has been tasked

2057

01:16:33,660 --> 01:16:31,659

with being the custodian of how the

2058

01:16:36,030 --> 01:16:33,670

Australian original story is about their

2059

01:16:38,430 --> 01:16:36,040

animals like the dingo and kangaroo as

2060

01:16:40,560 --> 01:16:38,440

well as their genetic data might tie

2061

01:16:43,020 --> 01:16:40,570

into the theme of otherworldly origins

2062

01:16:44,820 --> 01:16:43,030

and probably my favorite part Stephens

2063

01:16:46,590 --> 01:16:44,830

plan to use what he's learned along with

2064

01:16:49,080 --> 01:16:46,600

the help of others and the magical rocks

2065

01:16:51,479 --> 01:16:49,090

he has to open a publicly available

2066

01:16:53,729 --> 01:16:51,489

portal on a sacred island that

2067

01:16:56,220 --> 01:16:53,739

translates to gateway to the heavens I

2068

01:16:59,700 --> 01:16:56,230

will be planning a trip you could bet

2069

01:17:01,860 --> 01:16:59,710

your ass on that we talked about why the

2070

01:17:03,689 --> 01:17:01,870

Egyptians have more right to set up an

2071

01:17:06,479 --> 01:17:03,699

embassy in Australia than the British do

2072

01:17:08,370 --> 01:17:06,489

the history of Australia's colonial

2073

01:17:10,229 --> 01:17:08,380

takeover how it differs from what

2074

01:17:12,120 --> 01:17:10,239

happened with Columbus in America and

2075

01:17:15,090 --> 01:17:12,130

how it affected the people of Tasmania

2076

01:17:17,340 --> 01:17:15,100

how ancient largely unknown sites and

2077

01:17:19,350 --> 01:17:17,350

Australia compare and often dwarfed the

2078

01:17:22,410 --> 01:17:19,360

scale of more famous sites around the

2079

01:17:24,090 --> 01:17:22,420

planet and a sad tale about the struggle

2080

01:17:25,979 --> 01:17:24,100

with the Australian government to keep

2081

01:17:28,680 --> 01:17:25,989

them from bulldozing through an ancient

2082

01:17:32,160 --> 01:17:28,690

seven Step Pyramid to make way for some

2083

01:17:33,689 --> 01:17:32,170

stupid highway extension all good stuff

2084

01:17:35,250 --> 01:17:33,699

so if you like the first half it's

2085

01:17:37,320 --> 01:17:35,260

literally twice as long

2086

01:17:39,510 --> 01:17:37,330

all the shows here are if you're willing

2087

01:17:41,910 --> 01:17:39,520

to throw me a bone definitely pick up

2088

01:17:44,190 --> 01:17:41,920

his book thanks again to mr. strong I've

2089

01:17:46,200 --> 01:17:44,200

done my part and I'll see you next time

2090

01:17:48,480 --> 01:17:46,210

your move history book crafters human

2091

01:17:52,060 --> 01:17:48,490

story altars and Pleiadian engineers of

2092

01:17:54,590 --> 01:17:52,070

the australian original your pumpkin

2093

01:18:00,920 --> 01:17:54,600

[Music]

2094

01:18:09,960 --> 01:18:00,930

woke up this morning with dye in my eyes

2095

01:18:24,570 --> 01:18:09,970

and then realized it was done outside it

2096

01:18:27,990 --> 01:18:24,580

was alive coming down from the sky let's

2097

01:18:35,460 --> 01:18:28,000

see those stranger

2098

01:18:43,270 --> 01:18:35,470

every night sausage is life but people

2099

01:18:49,010 --> 01:18:43,280

time me Zubrin crouppen oh ho in the

2100

01:18:54,920 --> 01:18:49,020

dark I make it home Oh

2101  
01:19:02,450 --> 01:19:00,950  
mr. Bassman won't you please take me

2102  
01:19:12,880 --> 01:19:02,460  
along

2103  
01:19:16,370 --> 01:19:12,890  
how long do anything wrong hey mr. faces

2104  
01:19:18,080 --> 01:19:16,380  
Malta please hit me alone

2105  
01:19:21,220 --> 01:19:18,090  
haha

2106  
01:19:25,250 --> 01:19:24,140  
look up this mall

2107  
01:19:31,939 --> 01:19:25,260  
[Music]

2108  
01:19:34,320 --> 01:19:31,949  
feel like we I had slides in my bed but

2109  
01:19:36,850 --> 01:19:34,330  
- hey

2110  
01:19:41,880 --> 01:19:36,860  
[Music]

2111  
01:19:55,850 --> 01:19:41,890  
open my window written my name

2112  
01:20:39,200 --> 01:19:55,860  
[Music]

2113  
01:20:43,530 --> 01:20:39,210

[Applause]

2114

01:20:46,350 --> 01:20:43,540

would you please take me along
