the planet surfing masters almost surely

3  
00:00:11,240 --> 00:00:08,940

have a plan

4  
00:00:14,089 --> 00:00:11,250

this clearly may be something there

5  
00:00:17,349 --> 00:00:14,099

beyond the realm of man and kill you

6  
00:00:20,480 --> 00:00:17,359

already tested every lap goes just you

7  
00:00:23,800 --> 00:00:20,490

and the more you think you know the less

8  
00:00:28,939 --> 00:00:23,810

you really do that's true dr. Zaius

9  
00:00:31,980 --> 00:00:28,949

where would we be without because we

10  
00:00:33,619 --> 00:00:31,990

know behind you

all right IRA chatters we've examined

14

00:00:50,760 --> 00:00:48,550

many pockets of power that have tried to

15

00:00:53,010 --> 00:00:50,770

claw their way to the absolute capstone

16

00:00:55,020 --> 00:00:53,020

of the global power pyramid secret

17

00:00:57,540 --> 00:00:55,030

societies think-tanks religious

18

00:00:59,700 --> 00:00:57,550

institutions multinational corporations

19

00:01:02,250 --> 00:00:59,710

the robber barons various political

20

00:01:04,530 --> 00:01:02,260

dynasties and several other psychopathic

21

00:01:05,910 --> 00:01:04,540

power-hungry groups but it seems fair to

22

00:01:08,460 --> 00:01:05,920

say that eventually they all reach the

23

00:01:09,600 --> 00:01:08,470

impenetrable barrier of banking because

24

00:01:11,910 --> 00:01:09,610

when everything in the world is

25

00:01:14,100 --> 00:01:11,920

determined by green paper the true king

26  
00:01:15,690 --> 00:01:14,110  
is the green paper printer and while we

27  
00:01:17,760 --> 00:01:15,700  
have examined the structure of

28  
00:01:19,380 --> 00:01:17,770  
fractional reserve banking before today

29  
00:01:21,090 --> 00:01:19,390  
we're going to take a deeper look at the

30  
00:01:23,639 --> 00:01:21,100  
family at the heart of this jet base to

31  
00:01:25,950 --> 00:01:23,649  
buckle those nefarious Rothschilds and

32  
00:01:28,320 --> 00:01:25,960  
with us to help facilitate that journey

33  
00:01:30,389 --> 00:01:28,330  
is a man known as mag Norris Evan I

34  
00:01:32,190 --> 00:01:30,399  
found mr. magna through my love of

35  
00:01:34,440 --> 00:01:32,200  
Reddit where several times I'd find

36  
00:01:36,240 --> 00:01:34,450  
myself reading an interesting post check

37  
00:01:38,340 --> 00:01:36,250  
the author name and sure enough it

38  
00:01:40,650 --> 00:01:38,350

usually belongs to our mystery man here

39

00:01:42,090 --> 00:01:40,660

and he's written some great detailed

40

00:01:44,190 --> 00:01:42,100

wealth source posts that contain

41

00:01:46,260 --> 00:01:44,200

elements of the Rothschild Empire that I

42

00:01:47,790 --> 00:01:46,270

never knew about so I asked him to come

43

00:01:49,889 --> 00:01:47,800

here and share that information and

44

00:01:51,389 --> 00:01:49,899

thankfully he agreed so let's do the

45

00:01:53,609 --> 00:01:51,399

damn thing from a deep dark hole

46

00:01:56,520 --> 00:01:53,619

somewhere in the digital ether and his

47

00:01:59,760 --> 00:01:56,530

first public interview my man mag Norris

48

00:02:01,080 --> 00:01:59,770

Evan welcome to the higher side hi Greg

49

00:02:04,139 --> 00:02:01,090

thanks a lot for having me it's

50

00:02:06,960 --> 00:02:04,149

wonderful to be here yeah man I'm super

51  
00:02:08,400 --> 00:02:06,970  
psyched I think this gets back to basics

52  
00:02:10,230 --> 00:02:08,410  
in a lot of ways but it also is going to

53  
00:02:13,260 --> 00:02:10,240  
add some new information that I think is

54  
00:02:14,730 --> 00:02:13,270  
well worth focusing on and we plan to

55  
00:02:17,070 --> 00:02:14,740  
start with a good

56  
00:02:19,260 --> 00:02:17,080  
fast-paced history of the Rothschilds to

57  
00:02:20,550 --> 00:02:19,270  
give us the proper context for some of

58  
00:02:22,530 --> 00:02:20,560  
the things you bring to the table that I

59  
00:02:24,270 --> 00:02:22,540  
haven't heard before so let's lay that

60  
00:02:27,180 --> 00:02:24,280  
base where do you like to start the

61  
00:02:29,400 --> 00:02:27,190  
Rothschild story well okay let's go back

62  
00:02:32,000 --> 00:02:29,410  
to the very first Rothschild so that's

63  
00:02:36,360 --> 00:02:32,010

Mayer Amschel Rothschild he was born in

64

00:02:38,970 --> 00:02:36,370

1743 lives 1812 so his dad was just a

65

00:02:40,920 --> 00:02:38,980

trader in Germany no big deal but Mayer

66

00:02:42,750 --> 00:02:40,930

Amschel Rothschild got a job with

67

00:02:45,240 --> 00:02:42,760

Oppenheimer he might have heard of

68

00:02:47,460 --> 00:02:45,250

trading coins internationally for kings

69

00:02:49,649 --> 00:02:47,470

and he started doing this and he got

70

00:02:51,869 --> 00:02:49,659

very good at it and then he got to the

71

00:02:53,610 --> 00:02:51,879

point where he evolved the business to

72

00:02:55,440 --> 00:02:53,620

take on more of a central banking role

73

00:02:57,270 --> 00:02:55,450

and wealthy

74

00:02:58,619 --> 00:02:57,280

lenders have loaned to Kings before but

75

00:03:00,930 --> 00:02:58,629

it was usually as a kind of a one-off

76

00:03:01,979 --> 00:03:00,940

you know here's a loan once it's paid

77

00:03:03,869 --> 00:03:01,989

off and we're good

78

00:03:05,820 --> 00:03:03,879

but Mayer Amschel Rothschild had the

79

00:03:07,770 --> 00:03:05,830

idea of doing a six central bank that

80

00:03:08,940 --> 00:03:07,780

was a part of the government so the

81

00:03:12,300 --> 00:03:08,950

government would hand over the money

82

00:03:14,460 --> 00:03:12,310

creation ability to the central banks

83

00:03:16,350 --> 00:03:14,470

and that was the key it gave themselves

84

00:03:17,820 --> 00:03:16,360

the permanent legal ability to control

85

00:03:21,270 --> 00:03:17,830

the money and that was the beginning of

86

00:03:23,220 --> 00:03:21,280

the central banking game so from Mayer

87

00:03:26,309 --> 00:03:23,230

Amschel Rothschild then he had five

88

00:03:29,070 --> 00:03:26,319

children and they're very religious and

89

00:03:31,410 --> 00:03:29,080

part of the Old Testament or the Torah

90

00:03:33,660 --> 00:03:31,420

it says that you want to use your

91

00:03:36,420 --> 00:03:33,670

children like an arrow out of your

92

00:03:38,729 --> 00:03:36,430

quiver so he had five children and he

93

00:03:41,130 --> 00:03:38,739

sent each child to a different country

94

00:03:44,280 --> 00:03:41,140

these are the the very famous five

95

00:03:46,770 --> 00:03:44,290

children of lost child so Nathan went to

96

00:03:47,729 --> 00:03:46,780

London and Shoen to Frankfurt Solomon

97

00:03:50,789 --> 00:03:47,739

went to Vienna

98

00:03:53,729 --> 00:03:50,799

Karl went Naples and James went to Paris

99

00:03:55,710 --> 00:03:53,739

the Vienna and Naples branches ended up

100

00:03:58,410 --> 00:03:55,720

kind of dying out they didn't do so well

101  
00:04:00,539 --> 00:03:58,420  
they gave out some loans and then they

102  
00:04:01,710 --> 00:04:00,549  
ended up not getting repaid and they got

103  
00:04:04,410 --> 00:04:01,720  
kicked out of the country and they had

104  
00:04:07,280 --> 00:04:04,420  
to shut down the branch but the Paris

105  
00:04:10,470 --> 00:04:07,290  
and London branches came extremely

106  
00:04:13,830 --> 00:04:10,480  
extremely successful so the London

107  
00:04:17,069 --> 00:04:13,840  
branch his son Nathan started this up in

108  
00:04:19,409 --> 00:04:17,079  
about 1820s 1830s and same with all the

109  
00:04:21,320 --> 00:04:19,419  
others they approached these kings and

110  
00:04:24,330 --> 00:04:21,330  
queens of these big countries and

111  
00:04:26,790 --> 00:04:24,340  
basically said hey you guys need money

112  
00:04:28,830 --> 00:04:26,800  
and they know usually in the middle of a

113  
00:04:30,690 --> 00:04:28,840

war or something like this and they'd be

114

00:04:32,430 --> 00:04:30,700

like yeah we need money so the

115

00:04:35,670 --> 00:04:32,440

Rothschilds have what their substantial

116

00:04:37,680 --> 00:04:35,680

wealth they would lend to the Kings and

117

00:04:41,550 --> 00:04:37,690

then the Kings would owe money back at

118

00:04:42,839 --> 00:04:41,560

interest of course and by constantly

119

00:04:45,629 --> 00:04:42,849

accruing more and more debt with

120

00:04:47,040 --> 00:04:45,639

interests eventually many governments

121

00:04:49,620 --> 00:04:47,050

get themselves into a position where

122

00:04:52,440 --> 00:04:49,630

they cannot pay back the debt it's

123

00:04:55,350 --> 00:04:52,450

simply impossible this kind of is how

124

00:04:58,140 --> 00:04:55,360

the modern debt based system came to be

125

00:05:00,629 --> 00:04:58,150

where money is created through debt so

126  
00:05:03,150 --> 00:05:00,639  
there's always more debt than there is

127  
00:05:04,770 --> 00:05:03,160  
money right so money is simply

128  
00:05:07,080 --> 00:05:04,780  
unrepairable even from a mathematical

129  
00:05:09,360 --> 00:05:07,090  
perspective just theoretically because

130  
00:05:11,219 --> 00:05:09,370  
every dollar that's created

131  
00:05:13,710 --> 00:05:11,229  
cruise interest immediately so it's

132  
00:05:15,570 --> 00:05:13,720  
through this mechanism basically that

133  
00:05:18,750 --> 00:05:15,580  
going all the way back to the 1820s

134  
00:05:20,760 --> 00:05:18,760  
1830s that they started having control

135  
00:05:23,310 --> 00:05:20,770  
of these governments so it basically

136  
00:05:25,500 --> 00:05:23,320  
turns it so the government has to talk

137  
00:05:27,750 --> 00:05:25,510  
to the debt collector to try and

138  
00:05:29,939 --> 00:05:27,760

negotiate terms which gives them control

139

00:05:32,490 --> 00:05:29,949

over the government essentially but

140

00:05:34,170 --> 00:05:32,500

anyways following the French branch

141

00:05:37,290 --> 00:05:34,180

which is very popular in the Melun Dhin

142

00:05:39,140 --> 00:05:37,300

branch the banking lineage from London

143

00:05:41,730 --> 00:05:39,150

continues to this very day

144

00:05:46,110 --> 00:05:41,740

Evelyn Rothschild was recently knighted

145

00:05:48,600 --> 00:05:46,120

by the UK government the Queen said that

146

00:05:51,330 --> 00:05:48,610

Evelyn Rothschild was quote the

147

00:05:53,790 --> 00:05:51,340

financial adviser to the crown their

148

00:05:57,510 --> 00:05:53,800

company nm Sons and Rothschilds have

149

00:05:59,159 --> 00:05:57,520

commonly traded with the UK and this is

150

00:06:01,860 --> 00:05:59,169

how they got their start and then it

151

00:06:04,800 --> 00:06:01,870

eventually transitioned into a sort of

152

00:06:08,129 --> 00:06:04,810

ownership situation so that's basically

153

00:06:09,529 --> 00:06:08,139

the five minute in a nutshell catch up

154

00:06:12,629 --> 00:06:09,539

to where we are today

155

00:06:13,020 --> 00:06:12,639

Rothschild story man I think that's

156

00:06:15,260 --> 00:06:13,030

great

157

00:06:17,820 --> 00:06:15,270

and I also just wanted to reiterate

158

00:06:20,370 --> 00:06:17,830

maybe the British are my guess is the

159

00:06:22,440 --> 00:06:20,380

most popular but I mean this British arm

160

00:06:24,000 --> 00:06:22,450

of the Rothschild squid it's still

161

00:06:26,010 --> 00:06:24,010

intact as far as you can tell right

162

00:06:28,230 --> 00:06:26,020

because a lot of people they feel this

163

00:06:30,240 --> 00:06:28,240

stuff is true but it's old news and that

164

00:06:32,969 --> 00:06:30,250

these banks are now all in the hands of

165

00:06:35,010 --> 00:06:32,979

large boards and tangled conglomerates

166

00:06:36,510 --> 00:06:35,020

but there is still a Rothschild at the

167

00:06:39,990 --> 00:06:36,520

head of the bank today right like you

168

00:06:41,760 --> 00:06:40,000

said right exactly I mean it was I think

169

00:06:43,710 --> 00:06:41,770

it was in the 90s that the Queen

170

00:06:47,070 --> 00:06:43,720

knighted Evelyn Rothschild

171

00:06:50,400 --> 00:06:47,080

as to award him for being a longtime

172

00:06:51,990 --> 00:06:50,410

financial support for the crown so yeah

173

00:06:55,200 --> 00:06:52,000

this is very I mean this goes into the

174

00:06:56,159 --> 00:06:55,210

90s at least and it still continues to

175

00:06:58,290 --> 00:06:56,169

this day I mean they're still having

176

00:07:00,480 --> 00:06:58,300

meetings if you look at really high up

177

00:07:02,310 --> 00:07:00,490

meetings at the crown the Rothschilds

178

00:07:03,930 --> 00:07:02,320

are always present there's this real

179

00:07:07,020 --> 00:07:03,940

famous picture of one of the Rothschilds

180

00:07:10,439 --> 00:07:07,030

pointing at Prince Edward I think it is

181

00:07:12,210 --> 00:07:10,449

right in the chest ah this was 10 years

182

00:07:14,610 --> 00:07:12,220

ago walking up to him pointing him in

183

00:07:16,860 --> 00:07:14,620

the chest looking down at him I've never

184

00:07:18,810 --> 00:07:16,870

seen the Prince you know look afraid of

185

00:07:20,940 --> 00:07:18,820

someone but in this picture it's pretty

186

00:07:22,710 --> 00:07:20,950

obvious yeah it goes definitely goes

187

00:07:24,330 --> 00:07:22,720

right up into this day

188

00:07:27,450 --> 00:07:24,340

right on and I guess the natural

189

00:07:30,150 --> 00:07:27,460

question would be why do so many

190

00:07:32,070 --> 00:07:30,160

governments just allow themselves to get

191

00:07:34,470 --> 00:07:32,080

rapes like this I mean clearly if we

192

00:07:36,660 --> 00:07:34,480

know other powerful people have to know

193

00:07:39,120 --> 00:07:36,670

and if the American government can look

194

00:07:42,120 --> 00:07:39,130

across the ocean see how this has

195

00:07:44,160 --> 00:07:42,130

happened to many other countries what

196

00:07:46,590 --> 00:07:44,170

incentive is there for even our elite to

197

00:07:49,740 --> 00:07:46,600

to let this happen because as hungry is

198

00:07:52,890 --> 00:07:49,750

for power as they are they're obviously

199

00:07:55,320 --> 00:07:52,900

on a second tier right and it's it seems

200

00:07:57,300 --> 00:07:55,330

bad to get into this trap which it is

201

00:07:59,370 --> 00:07:57,310

but the thing is there's a short-term

202

00:08:01,470 --> 00:07:59,380

benefit so the government's usually

203

00:08:04,290 --> 00:08:01,480

they're hard up for money and they need

204

00:08:06,240 --> 00:08:04,300

kind of a short-term boost of liquidity

205

00:08:08,550 --> 00:08:06,250

to keep their country going and that

206

00:08:11,160 --> 00:08:08,560

that boost is what they seek and they

207

00:08:13,410 --> 00:08:11,170

get that and it does help but then you

208

00:08:15,720 --> 00:08:13,420

know you wind up five years later down

209

00:08:17,640 --> 00:08:15,730

the road and then you can't recover the

210

00:08:19,290 --> 00:08:17,650

interest that is required it's just like

211

00:08:21,090 --> 00:08:19,300

someone who buys a house that they can't

212

00:08:22,800 --> 00:08:21,100

quite afford and they take out a

213

00:08:25,050 --> 00:08:22,810

mortgage that's bigger than they can pay

214

00:08:26,909 --> 00:08:25,060

for to get the house up front but then a

215

00:08:29,700 --> 00:08:26,919

few years down the line you know it all

216

00:08:32,010 --> 00:08:29,710

comes due and they can't pay and that

217

00:08:34,529 --> 00:08:32,020

some things go bad the temptation is

218

00:08:37,110 --> 00:08:34,539

strong I guess so I also wanted to ask

219

00:08:39,329 --> 00:08:37,120

you the rothschilds change their name to

220

00:08:41,100 --> 00:08:39,339

Bauer right I mean before the saga

221

00:08:43,320 --> 00:08:41,110

started that Rothschild wasn't their

222

00:08:45,420 --> 00:08:43,330

original name as I understand it is that

223

00:08:47,600 --> 00:08:45,430

what your research shows - I've actually

224

00:08:49,110 --> 00:08:47,610

I've never heard that before actually I

225

00:08:51,120 --> 00:08:49,120

have

226

00:08:54,000 --> 00:08:51,130

I think they've always retained the name

227

00:08:56,730 --> 00:08:54,010

Rothschild from what I've seen but he

228

00:08:58,680 --> 00:08:56,740

said they changed it yeah a lot of

229

00:09:00,690 --> 00:08:58,690

researchers that I've read have talked

230

00:09:03,630 --> 00:09:00,700

about the original name being Bauer and

231

00:09:05,370 --> 00:09:03,640

that they changed it you know for

232

00:09:08,280 --> 00:09:05,380

whatever reason maybe Bauer was a

233

00:09:10,050 --> 00:09:08,290

getting a bad rap and so they wanted to

234

00:09:11,550 --> 00:09:10,060

just change their name and they changed

235

00:09:15,150 --> 00:09:11,560

it to Rothschild because he was putting

236

00:09:16,200 --> 00:09:15,160

a red shield on his door or something it

237

00:09:18,630 --> 00:09:16,210

gets weird

238

00:09:22,920 --> 00:09:18,640

yeah the the original Rothschild house

239

00:09:25,020 --> 00:09:22,930

had a red sign out front back in 15 50s

240

00:09:27,390 --> 00:09:25,030

they didn't identify houses by numbers

241

00:09:29,880 --> 00:09:27,400

they identified them by symbols and the

242

00:09:31,530 --> 00:09:29,890

Rothschild house had a red sign out

243

00:09:33,650 --> 00:09:31,540

front and so that did become the

244

00:09:35,699 --> 00:09:33,660

Rothschild that means red shield

245

00:09:36,540 --> 00:09:35,709

basically so that that's where I came

246

00:09:38,490 --> 00:09:36,550

from

247

00:09:41,130 --> 00:09:38,500

it might be true that they changed their

248

00:09:44,490 --> 00:09:41,140

name at some point but I don't think

249

00:09:46,259 --> 00:09:44,500

they really had power until Mayer

250

00:09:48,810 --> 00:09:46,269

Amschel came along and worked for

251  
00:09:50,340 --> 00:09:48,820  
Oppenheimer sure and that that's really

252  
00:09:53,190 --> 00:09:50,350  
where the big money came in and that's

253  
00:09:54,600 --> 00:09:53,200  
where the empire started you know it's

254  
00:09:56,730 --> 00:09:54,610  
like keeping the beach ball in the air

255  
00:09:58,889 --> 00:09:56,740  
if it got passed from Oppenheimer to

256  
00:10:01,259 --> 00:09:58,899  
Rothschild that's how I view it mm-hmm

257  
00:10:04,740 --> 00:10:01,269  
that makes sense and you mentioned that

258  
00:10:07,019 --> 00:10:04,750  
the Italian Naples branch ended up

259  
00:10:09,180 --> 00:10:07,029  
shutting down and when I was reading

260  
00:10:10,920 --> 00:10:09,190  
what you wrote about that you mentioned

261  
00:10:12,900 --> 00:10:10,930  
that leading up to it it seemed like the

262  
00:10:14,400 --> 00:10:12,910  
other brothers were refusing him loans

263  
00:10:17,850 --> 00:10:14,410

and that kind of stuff I wondered why

264

00:10:19,319 --> 00:10:17,860

why they seemed to kind of shut him out

265

00:10:21,000 --> 00:10:19,329

a little bit was it just poor

266

00:10:23,730 --> 00:10:21,010

decision-making on his part so they had

267

00:10:25,290 --> 00:10:23,740

to cut the tie yeah I think there was

268

00:10:27,930 --> 00:10:25,300

part of that and I think it was just

269

00:10:30,030 --> 00:10:27,940

financially insolvent the government in

270

00:10:32,540 --> 00:10:30,040

Naples wasn't working well with the

271

00:10:35,850 --> 00:10:32,550

Rothschilds and there's kind of like a

272

00:10:38,490 --> 00:10:35,860

Italian mafia that was butting heads

273

00:10:41,670 --> 00:10:38,500

with the Rothschilds a lot in Italy was

274

00:10:44,040 --> 00:10:41,680

my understanding and also Carl the one

275

00:10:45,269 --> 00:10:44,050

who went to Naples had seven daughters

276

00:10:47,220 --> 00:10:45,279

and no son

277

00:10:49,260 --> 00:10:47,230

so there was no from the Rothschild

278

00:10:51,420 --> 00:10:49,270

perspective no way to continue the

279

00:10:54,630 --> 00:10:51,430

lineage through him so that may have

280

00:10:57,269 --> 00:10:54,640

played into it as well hmm and one other

281

00:10:59,400 --> 00:10:57,279

point about this particular branch to

282

00:11:01,949 --> 00:10:59,410

quote what you say about the Italian

283

00:11:03,540 --> 00:11:01,959

branch and brother Kalman who was the

284

00:11:06,660 --> 00:11:03,550

the brother in charge of this one you

285

00:11:09,269 --> 00:11:06,670

say he had five children one of whom was

286

00:11:12,300 --> 00:11:09,279

- a woman named Charlotte who married

287

00:11:14,910 --> 00:11:12,310

Lionel from the British branch her first

288

00:11:17,340 --> 00:11:14,920

cousin the Rothschilds take lineage very

289

00:11:19,949 --> 00:11:17,350

seriously and the practice of marrying

290

00:11:23,430 --> 00:11:19,959

within specific ethnic groups class or

291

00:11:25,680 --> 00:11:23,440

social statuses rejecting others based

292

00:11:28,920 --> 00:11:25,690

on being unsuitable for marriage for all

293

00:11:31,230 --> 00:11:28,930

these bases and you know basically that

294

00:11:33,060 --> 00:11:31,240

they umbria because they consider their

295

00:11:34,650 --> 00:11:33,070

bloodline superior and I wondered what

296

00:11:37,139 --> 00:11:34,660

else could be said about that there are

297

00:11:39,689 --> 00:11:37,149

claims that range from they want to

298

00:11:41,370 --> 00:11:39,699

preserve this German Jewish heritage to

299

00:11:43,139 --> 00:11:41,380

full-blown reptilians I mean what are

300

00:11:45,269 --> 00:11:43,149

your thoughts on the details of the

301  
00:11:46,769 --> 00:11:45,279  
Rothschild bloodline and why they do

302  
00:11:49,319 --> 00:11:46,779  
what they do I mean and it's not just

303  
00:11:50,130 --> 00:11:49,329  
them - yet Carnegie's right all these

304  
00:11:51,660 --> 00:11:50,140  
big

305  
00:11:53,040 --> 00:11:51,670  
emily's is it just racism and

306  
00:11:55,950 --> 00:11:53,050  
superstition or do you think it goes

307  
00:11:57,720 --> 00:11:55,960  
deeper now I think it's a I think it's a

308  
00:11:59,940 --> 00:11:57,730  
preservation thing I think it's a

309  
00:12:01,950 --> 00:11:59,950  
because there's this evidence of look

310  
00:12:03,390 --> 00:12:01,960  
we're so clever we figured out this game

311  
00:12:05,400 --> 00:12:03,400  
that no one else has figured out where

312  
00:12:07,500 --> 00:12:05,410  
literally trillionaires so who can

313  
00:12:09,210 --> 00:12:07,510

compare to us so we must have something

314

00:12:11,430 --> 00:12:09,220

special and you know everybody thinks

315

00:12:13,290 --> 00:12:11,440

they're smart but if you have proof of

316

00:12:15,510 --> 00:12:13,300

it in the form of you having a trillion

317

00:12:18,180 --> 00:12:15,520

dollars it seems a little more

318

00:12:19,860 --> 00:12:18,190

convincing so I'm sure these families

319

00:12:22,500 --> 00:12:19,870

just convinced themselves that they've

320

00:12:24,660 --> 00:12:22,510

got the special genes that allow them to

321

00:12:26,850 --> 00:12:24,670

be able to comprehend and do this

322

00:12:28,170 --> 00:12:26,860

whereas I'm sure actually lots of people

323

00:12:29,820 --> 00:12:28,180

could do it they just happen to be in

324

00:12:33,090 --> 00:12:29,830

the position and I think that

325

00:12:35,130 --> 00:12:33,100

preservation is what it's all about but

326

00:12:36,300 --> 00:12:35,140

I mean it's just like you said lots of

327

00:12:38,820 --> 00:12:36,310

people have done and I mean there's been

328

00:12:40,500 --> 00:12:38,830

kings and queens throughout Europe's

329

00:12:42,480 --> 00:12:40,510

history that have done this and it's

330

00:12:44,280 --> 00:12:42,490

always caused problems right the

331

00:12:48,690 --> 00:12:44,290

inbreeding causes all these mutations

332

00:12:51,150 --> 00:12:48,700

and weaknesses and illnesses that end up

333

00:12:53,850 --> 00:12:51,160

killing a lot of them in the long run

334

00:12:56,250 --> 00:12:53,860

but right you know so in that way it's a

335

00:12:57,600 --> 00:12:56,260

disadvantage so it's I would say the

336

00:12:59,400 --> 00:12:57,610

only advantage they're really getting

337

00:13:01,350 --> 00:12:59,410

from it is this idea that they're

338

00:13:03,120 --> 00:13:01,360

preserving something that's special to

339

00:13:07,500 --> 00:13:03,130

their bloodline which I think they think

340

00:13:08,850 --> 00:13:07,510

is their intelligence fair enough so

341

00:13:11,340 --> 00:13:08,860

obviously the Rothschilds are

342

00:13:13,170 --> 00:13:11,350

controlling a lot of countries through

343

00:13:15,870 --> 00:13:13,180

the central banking they got the British

344

00:13:18,390 --> 00:13:15,880

Empire they control the French Empire as

345

00:13:21,540 --> 00:13:18,400

well they control the Austrian Empire

346

00:13:23,250 --> 00:13:21,550

all these major areas now we were going

347

00:13:25,980 --> 00:13:23,260

to get into some of the details I think

348

00:13:26,760 --> 00:13:25,990

probably this is where we're at of what

349

00:13:29,610 --> 00:13:26,770

happened

350

00:13:31,710 --> 00:13:29,620

in parts of Africa and this is like so

351

00:13:33,780 --> 00:13:31,720

interesting to me and kind of what

352

00:13:37,350 --> 00:13:33,790

spawned us getting together for this but

353

00:13:39,150 --> 00:13:37,360

tell us about these aspects yeah so I

354

00:13:41,640 --> 00:13:39,160

started you know big part of this

355

00:13:43,260 --> 00:13:41,650

conspiracy is that some people say the

356

00:13:47,490 --> 00:13:43,270

Rothschilds owned all the central banks

357

00:13:49,380 --> 00:13:47,500

except Syria Iran Cuba North Korea

358

00:13:51,390 --> 00:13:49,390

there's there's a lot of theories

359

00:13:53,340 --> 00:13:51,400

floating around that they own literally

360

00:13:56,610 --> 00:13:53,350

every will bank except for those those

361

00:13:57,870 --> 00:13:56,620

ones so my take on it is if that is true

362

00:14:00,840 --> 00:13:57,880

then I should be able to pick any

363

00:14:02,670 --> 00:14:00,850

country a random and research it fully

364

00:14:03,900 --> 00:14:02,680

and be able to find evidence that the

365

00:14:07,920 --> 00:14:03,910

Rothschilds owned it

366

00:14:09,930 --> 00:14:07,930

so I chose Zimbabwe was the first one I

367

00:14:13,050 --> 00:14:09,940

just kind of put my finger on a map and

368

00:14:14,760 --> 00:14:13,060

looked at it Wow so looking at Zimbabwe

369

00:14:16,980 --> 00:14:14,770

I noticed something interesting it's

370

00:14:18,450 --> 00:14:16,990

just to the northeast of South Africa it

371

00:14:21,620 --> 00:14:18,460

shares the border with South Africa

372

00:14:24,060 --> 00:14:21,630

which the British also controlled so in

373

00:14:26,700 --> 00:14:24,070

Zimbabwe what they wanted to do

374

00:14:29,970 --> 00:14:26,710

basically Cecil Rhodes and Baron Nathan

375

00:14:33,030 --> 00:14:29,980

Rothschild work together with the Queen

376

00:14:35,990 --> 00:14:33,040

who signed off on this who's also being

377

00:14:41,010 --> 00:14:36,000

backed by this enemy Raja some thank

378

00:14:44,610 --> 00:14:41,020

1888 Cecil Rhodes and Nathan Rothschild

379

00:14:46,740 --> 00:14:44,620

formed De Beers company 1889 they formed

380

00:14:50,790 --> 00:14:46,750

the British South Africa company in

381

00:14:53,700 --> 00:14:50,800

South Africa and then in 1891 year later

382

00:14:55,980 --> 00:14:53,710

they invade with troops from the British

383

00:14:59,070 --> 00:14:55,990

South Africa company into the in Bob way

384

00:15:01,080 --> 00:14:59,080

so they wasted no time between getting

385

00:15:03,420 --> 00:15:01,090

the Queen's approval the royal crown

386

00:15:05,370 --> 00:15:03,430

approved Rothschild approval and then

387

00:15:08,010 --> 00:15:05,380

they started marching troops up through

388

00:15:10,770 --> 00:15:08,020

South Africa in 1890 to take over

389

00:15:14,340 --> 00:15:10,780

Zimbabwe and basically what they did is

390

00:15:17,070 --> 00:15:14,350

they just marched in and just took over

391

00:15:19,170 --> 00:15:17,080

tons of land immediately they had the

392

00:15:21,630 --> 00:15:19,180

the maxim gun which was a very powerful

393

00:15:24,420 --> 00:15:21,640

weapon and so first fully automatic

394

00:15:26,850 --> 00:15:24,430

machine guns which is a big part of the

395

00:15:29,370 --> 00:15:26,860

technology that allowed not only England

396

00:15:32,130 --> 00:15:29,380

but other countries to conquer Africa

397

00:15:36,000 --> 00:15:32,140

the Scramble for Africa the maximum gun

398

00:15:38,910 --> 00:15:36,010

played a pivotal role in that so by 1890

399

00:15:41,340 --> 00:15:38,920

the British South Africa troops had or

400

00:15:43,950 --> 00:15:41,350

police as they called them in the the

401  
00:15:46,290 --> 00:15:43,960  
language they invaded Zimbabwe and

402  
00:15:49,260 --> 00:15:46,300  
started taking over different sections

403  
00:15:54,090 --> 00:15:49,270  
of Zimbabwe by 1986 six years later

404  
00:15:56,310 --> 00:15:54,100  
there's 4,000 VSAC police in Zimbabwe so

405  
00:15:57,810 --> 00:15:56,320  
the Zimbabweans are starting the locals

406  
00:15:59,730 --> 00:15:57,820  
are starting to get upset with this

407  
00:16:01,710 --> 00:15:59,740  
course because they're just grabbing

408  
00:16:03,900 --> 00:16:01,720  
territory and they're starting to take

409  
00:16:06,720 --> 00:16:03,910  
over governments so the zones and Bob

410  
00:16:11,850 --> 00:16:06,730  
Williams was revolted they've managed to

411  
00:16:14,520 --> 00:16:11,860  
kill 400 VSAC troops but over 50,000

412  
00:16:17,580 --> 00:16:14,530  
native Zimbabweans died in this war it's

413  
00:16:19,620 --> 00:16:17,590

125 to 1 ratio Wow

414

00:16:22,019 --> 00:16:19,630

which is almost certainly because of the

415

00:16:24,930 --> 00:16:22,029

maxim gun the British said at the time

416

00:16:28,170 --> 00:16:24,940

whatever happens we have got the maxim

417

00:16:32,460 --> 00:16:28,180

gun and they have not so after killing

418

00:16:35,310 --> 00:16:32,470

fifty thousand they then ruled Rhodesia

419

00:16:36,840 --> 00:16:35,320

they called it until 1922 which they

420

00:16:39,090 --> 00:16:36,850

called a Rhodesia because of Cecil

421

00:16:41,010 --> 00:16:39,100

Rhodes which is also the Rhodes Scholar

422

00:16:43,980 --> 00:16:41,020

Program that Bill Clinton and many other

423

00:16:47,160 --> 00:16:43,990

politicians have done but the VSAC had

424

00:16:49,560 --> 00:16:47,170

Rhodesia until 1922 and then they turned

425

00:16:50,700 --> 00:16:49,570

it over to the British crown and you

426

00:16:52,590 --> 00:16:50,710

know like we talked about the

427

00:16:54,120 --> 00:16:52,600

Rothschilds have a lot of control of the

428

00:16:56,190 --> 00:16:54,130

British crown and the Rothschilds

429

00:16:57,390 --> 00:16:56,200

directly funded the BSA see so it's

430

00:17:00,930 --> 00:16:57,400

pretty clear to see that there's a

431

00:17:03,570 --> 00:17:00,940

handoff of territory the B SEC was shut

432

00:17:04,890 --> 00:17:03,580

down because you know very unpopular it

433

00:17:06,689 --> 00:17:04,900

was turned over to the crown which is

434

00:17:08,160 --> 00:17:06,699

similar to what happened in India if you

435

00:17:10,050 --> 00:17:08,170

think about it you know the British East

436

00:17:12,510 --> 00:17:10,060

India Company had controlled India for a

437

00:17:13,949 --> 00:17:12,520

hundred years before they gave up

438

00:17:15,600 --> 00:17:13,959

control and gave to the crown who then

439

00:17:19,319 --> 00:17:15,610

had it for another hundred years

440

00:17:22,260 --> 00:17:19,329

anyway Zimbabwe so British wolves in Bob

441

00:17:25,829 --> 00:17:22,270

way then after 1922 and the VSAC was

442

00:17:30,030 --> 00:17:25,839

gone and Bob Way started again with

443

00:17:33,390 --> 00:17:30,040

another revolution in 1964 which lasts

444

00:17:35,340 --> 00:17:33,400

until 1979 and in this one Robert Mugabe

445

00:17:38,130 --> 00:17:35,350

is the current president was

446

00:17:39,840 --> 00:17:38,140

spearheading the military effort to get

447

00:17:42,180 --> 00:17:39,850

rid of the white local minorities within

448

00:17:44,700 --> 00:17:42,190

the Bob way basically they manage to

449

00:17:46,410 --> 00:17:44,710

kill thirteen hundred Rhodesian security

450

00:17:51,150 --> 00:17:46,420

forces which are basically you know

451  
00:17:53,240 --> 00:17:51,160  
British or Australian another ten

452  
00:17:58,260 --> 00:17:53,250  
thousand Zimbabwean guerrilla fighters

453  
00:18:02,280 --> 00:17:58,270  
so between the two rebellions 60,000

454  
00:18:07,370 --> 00:18:02,290  
Zimbabweans died and maybe 1700 total

455  
00:18:10,380 --> 00:18:07,380  
foreign forces died and this resulted in

456  
00:18:12,570 --> 00:18:10,390  
Zimbabwe getting independence in 1979

457  
00:18:14,700 --> 00:18:12,580  
which it was the last country in Africa

458  
00:18:17,400 --> 00:18:14,710  
to get independence from the British

459  
00:18:19,550 --> 00:18:17,410  
crown it came in a surprise move was

460  
00:18:21,780 --> 00:18:19,560  
announced by the British crown

461  
00:18:24,390 --> 00:18:21,790  
completely unexpectedly because they

462  
00:18:26,790 --> 00:18:24,400  
weren't losing the war but it became

463  
00:18:28,890 --> 00:18:26,800

obvious that from a PR perspective it

464

00:18:31,500 --> 00:18:28,900

looked really bad have you know just

465

00:18:34,440 --> 00:18:31,510

this one colony owned by the British

466

00:18:36,210 --> 00:18:34,450

empire right just left on the map so

467

00:18:37,680 --> 00:18:36,220

they've granted independence every

468

00:18:40,050 --> 00:18:37,690

country which puts us in this era of

469

00:18:42,540 --> 00:18:40,060

neocolonialism where you can't tell you

470

00:18:43,740 --> 00:18:42,550

know who's pillaging who everybody gets

471

00:18:46,550 --> 00:18:43,750

their own name and you can't see what's

472

00:18:48,630 --> 00:18:46,560

going on behind the doors right so

473

00:18:51,030 --> 00:18:48,640

Zimbabwe when they got independence in

474

00:18:54,930 --> 00:18:51,040

1979 there was a big conference in

475

00:18:57,300 --> 00:18:54,940

England and this is where they were

476

00:19:00,270 --> 00:18:57,310

given control over their own country

477

00:19:03,600 --> 00:19:00,280

supposedly but in reality the debt was

478

00:19:06,330 --> 00:19:03,610

maintained the Zimbabwean government is

479

00:19:09,210 --> 00:19:06,340

still in debt to the Zimbabwean central

480

00:19:12,630 --> 00:19:09,220

bank which is almost certainly set up

481

00:19:15,810 --> 00:19:12,640

and owned by the same people who ran the

482

00:19:17,490 --> 00:19:15,820

empire which is the Rothschilds so it's

483

00:19:19,560 --> 00:19:17,500

pretty clear even to this day that

484

00:19:22,380 --> 00:19:19,570

Zimbabwe is controlled by the

485

00:19:24,450 --> 00:19:22,390

Rothschilds but you know it's not a

486

00:19:26,520 --> 00:19:24,460

complete total control but it's pretty

487

00:19:28,020 --> 00:19:26,530

close and it's been loosening as the

488

00:19:29,310 --> 00:19:28,030

Zimbabwean side back and trying to

489

00:19:31,830 --> 00:19:29,320

regain control of their country but

490

00:19:34,440 --> 00:19:31,840

there's just so many layers and subtlety

491

00:19:37,260 --> 00:19:34,450

to the control that they can strip off

492

00:19:39,240 --> 00:19:37,270

the obvious layers like the name or you

493

00:19:41,100 --> 00:19:39,250

know who's running the government but at

494

00:19:43,080 --> 00:19:41,110

the end of the day the debt is still

495

00:19:45,360 --> 00:19:43,090

controlled by the Rothschilds and the

496

00:19:49,350 --> 00:19:45,370

money creation ability is still owned by

497

00:19:51,720 --> 00:19:49,360

the British crown mm-hmm man this isn't

498

00:19:53,070 --> 00:19:51,730

super I guess surprising to a person

499

00:19:55,410 --> 00:19:53,080

who's looked at conspiracy for a long

500

00:19:58,860 --> 00:19:55,420

time but the details are just so

501  
00:20:02,550 --> 00:19:58,870  
interesting and you really can take the

502  
00:20:04,530 --> 00:20:02,560  
story from the formation of Rhodesia or

503  
00:20:05,670 --> 00:20:04,540  
Zimbabwe all the way to current day

504  
00:20:09,780 --> 00:20:05,680  
because like you said it got its

505  
00:20:12,390 --> 00:20:09,790  
independence in 1979 1980 but that that

506  
00:20:14,760 --> 00:20:12,400  
was largely kind of just for show and

507  
00:20:17,670 --> 00:20:14,770  
since its independence they've only had

508  
00:20:19,860 --> 00:20:17,680  
one president so it's very easy to see

509  
00:20:21,960 --> 00:20:19,870  
that this is obviously some type of

510  
00:20:24,810 --> 00:20:21,970  
puppet president and that the control is

511  
00:20:26,400 --> 00:20:24,820  
still there right exactly

512  
00:20:29,460 --> 00:20:26,410  
Robert Mugabe has been the only

513  
00:20:31,770 --> 00:20:29,470

president since 1980 and they've got the

514

00:20:33,570 --> 00:20:31,780

guy they like in power and so you know

515

00:20:36,090 --> 00:20:33,580

there's not fully democratic elections

516

00:20:38,130 --> 00:20:36,100

happening yeah it's still controlled but

517

00:20:41,430 --> 00:20:38,140

they've improved the appearance that's

518

00:20:43,410 --> 00:20:41,440

Assad man it's just the the influence of

519

00:20:45,270 --> 00:20:43,420

a handful of people on a planet of

520

00:20:47,070 --> 00:20:45,280

billions is always staggering

521

00:20:49,230 --> 00:20:47,080

to me you just have the Queen of England

522

00:20:52,290 --> 00:20:49,240

right a charter funded by the

523

00:20:54,540 --> 00:20:52,300

Rothschilds create a company creatively

524

00:20:56,850 --> 00:20:54,550

named British South African company

525

00:20:58,860 --> 00:20:56,860

right sounds very official right right

526

00:21:01,530 --> 00:20:58,870

and you just have basically they have a

527

00:21:03,930 --> 00:21:01,540

private corporate military and this is

528

00:21:05,550 --> 00:21:03,940

actually in the 1800s and this also

529

00:21:07,100 --> 00:21:05,560

isn't the first time like you mentioned

530

00:21:09,810 --> 00:21:07,110

the British East India Trading Company

531

00:21:12,710 --> 00:21:09,820

controlled India really in the same way

532

00:21:15,420 --> 00:21:12,720

and it's just so weird to think about

533

00:21:18,360 --> 00:21:15,430

corporations in this way or to take them

534

00:21:21,210 --> 00:21:18,370

back that far and just write the

535

00:21:22,830 --> 00:21:21,220

template reapplied so many times yeah

536

00:21:25,080 --> 00:21:22,840

and you know the Dutch East India

537

00:21:26,910 --> 00:21:25,090

Company is another example yeah it's

538

00:21:28,830 --> 00:21:26,920

really startling when you kind of step

539

00:21:30,990 --> 00:21:28,840

back and look at corporations and

540

00:21:33,390 --> 00:21:31,000

governments objectively right next to

541

00:21:35,760 --> 00:21:33,400

each other because there are a lot of

542

00:21:37,950 --> 00:21:35,770

corporations that are more powerful than

543

00:21:40,140 --> 00:21:37,960

countries and we think of countries as

544

00:21:43,050 --> 00:21:40,150

being the most powerful entity usually

545

00:21:45,840 --> 00:21:43,060

you know nothing's bigger than a nation

546

00:21:47,820 --> 00:21:45,850

right and so when we think of it from

547

00:21:49,830 --> 00:21:47,830

that perspective companies are a subset

548

00:21:52,020 --> 00:21:49,840

of nations but I mean when you really

549

00:21:55,070 --> 00:21:52,030

look at it it's the other way around

550

00:21:58,650 --> 00:21:55,080

nations are a subset of companies and

551  
00:22:00,390 --> 00:21:58,660  
nations exist too like companies you you

552  
00:22:02,010 --> 00:22:00,400  
know their operations more easily in a

553  
00:22:03,780 --> 00:22:02,020  
lot of cases especially in these poor

554  
00:22:06,120 --> 00:22:03,790  
countries that are just conquered by

555  
00:22:08,670 --> 00:22:06,130  
other countries basically mm-hmm well

556  
00:22:10,290 --> 00:22:08,680  
said and it's so convenient to that you

557  
00:22:12,480 --> 00:22:10,300  
know they can conquer another country

558  
00:22:14,190 --> 00:22:12,490  
like Zimbabwe and then say oh the

559  
00:22:16,050 --> 00:22:14,200  
British wanted this the crown wanted

560  
00:22:18,840 --> 00:22:16,060  
this they ordered it you know it's their

561  
00:22:21,750 --> 00:22:18,850  
troops right so they have this level of

562  
00:22:23,940 --> 00:22:21,760  
distance this possible deniability that

563  
00:22:26,640 --> 00:22:23,950

they can throw in there that gives them

564

00:22:28,170 --> 00:22:26,650

this layer of separation that you know

565

00:22:30,270 --> 00:22:28,180

they can wash their hands clean and walk

566

00:22:31,860 --> 00:22:30,280

away which is kind of what lets them

567

00:22:33,660 --> 00:22:31,870

keep getting away from it because they

568

00:22:35,490 --> 00:22:33,670

can just wear all these different masks

569

00:22:36,810 --> 00:22:35,500

of oh you know now I'm the British

570

00:22:39,120 --> 00:22:36,820

government or now I'm the French

571

00:22:43,020 --> 00:22:39,130

government and then do all these actions

572

00:22:44,700 --> 00:22:43,030

that profit them and then you know make

573

00:22:46,590 --> 00:22:44,710

the government who did it look bad

574

00:22:50,010 --> 00:22:46,600

instead of the Rothschilds so there's a

575

00:22:51,990 --> 00:22:50,020

layer of deflection right not unlike

576

00:22:54,450 --> 00:22:52,000

what happens with the private military

577

00:22:56,730 --> 00:22:54,460

contractors in Iraq like Blackwater and

578

00:22:58,530 --> 00:22:56,740

that kind of stuff a Halliford exactly

579

00:22:58,950 --> 00:22:58,540

oh we pull out of Iraq and then they're

580

00:23:01,200 --> 00:22:58,960

still

581

00:23:03,090 --> 00:23:01,210

many thousand mercenaries that the USS

582

00:23:04,620 --> 00:23:03,100

were hired there but we say we pulled

583

00:23:07,169 --> 00:23:04,630

out you know the US has pulled out of

584

00:23:08,970 --> 00:23:07,179

Iraq but that's garbage because we're

585

00:23:11,580 --> 00:23:08,980

paying people to fight they're still

586

00:23:13,950 --> 00:23:11,590

tens of thousands of people right and

587

00:23:16,529 --> 00:23:13,960

it's just so funny because people today

588

00:23:19,740 --> 00:23:16,539

in the conspiracy world are so paranoid

589

00:23:24,330 --> 00:23:19,750

about private UN troops about seeing

590

00:23:27,000 --> 00:23:24,340

people with UN logos in Carolinas or

591

00:23:28,830 --> 00:23:27,010

whatever right and it's just like yeah I

592

00:23:30,720 --> 00:23:28,840

mean obviously that's concerning but

593

00:23:33,389 --> 00:23:30,730

they have literally been doing this for

594

00:23:34,919 --> 00:23:33,399

centuries and you just I guess they

595

00:23:36,600 --> 00:23:34,929

don't know that part of the history or

596

00:23:38,580 --> 00:23:36,610

they think this is some new concepts

597

00:23:40,980 --> 00:23:38,590

that once they've done this we're really

598

00:23:46,139 --> 00:23:40,990

screwed well just look at history this

599

00:23:48,240 --> 00:23:46,149

is new exactly yeah exactly but so to

600

00:23:50,690 --> 00:23:48,250

move the story along also we were going

601  
00:23:53,940 --> 00:23:50,700  
to talk about Botswana right next to

602  
00:23:55,680 --> 00:23:53,950  
Zimbabwe just west of it and this is

603  
00:23:58,169 --> 00:23:55,690  
where you mentioned the De Beers company

604  
00:24:00,210 --> 00:23:58,179  
has maintained operations for a hundred

605  
00:24:02,430 --> 00:24:00,220  
and thirty years that Cecil Rhodes and

606  
00:24:05,190 --> 00:24:02,440  
Nathan de Rothschild started the beers

607  
00:24:07,500 --> 00:24:05,200  
in 1888 just one year before they

608  
00:24:10,110 --> 00:24:07,510  
created that British South African

609  
00:24:13,700 --> 00:24:10,120  
company what more can be said about De

610  
00:24:15,530 --> 00:24:13,710  
Beers and the Botswana saga

611  
00:24:17,600 --> 00:24:15,540  
well the beers is a very interesting

612  
00:24:20,630 --> 00:24:17,610  
company because it's it's Rothschild

613  
00:24:22,760 --> 00:24:20,640

owned even up to this day the recent

614

00:24:25,550 --> 00:24:22,770

CEOs have been Rothschilds I mean just

615

00:24:27,200 --> 00:24:25,560

as recent as 10 or 20 years ago but

616

00:24:29,540 --> 00:24:27,210

DeBeers is also very interesting because

617

00:24:32,420 --> 00:24:29,550

they basically created a world monopoly

618

00:24:33,710 --> 00:24:32,430

on diamonds a lot of people this is

619

00:24:36,260 --> 00:24:33,720

starting to become common knowledge that

620

00:24:38,210 --> 00:24:36,270

the DeBeers owns like 90% of the world's

621

00:24:39,830 --> 00:24:38,220

diamonds you know it used to be not

622

00:24:42,650 --> 00:24:39,840

commonly known now it's pretty well

623

00:24:45,620 --> 00:24:42,660

known it's getting there but with owning

624

00:24:48,320 --> 00:24:45,630

90% of the world's diamonds which they

625

00:24:51,050 --> 00:24:48,330

mined mostly in Botswana they can then

626

00:24:52,880 --> 00:24:51,060

determine the price of the diamond

627

00:24:54,620 --> 00:24:52,890

market by determining how many diamonds

628

00:24:56,720 --> 00:24:54,630

they'll add out of supply so they may

629

00:24:58,700 --> 00:24:56,730

only sell like 10% of what they actually

630

00:25:00,830 --> 00:24:58,710

mined that year just to drive the price

631

00:25:04,610 --> 00:25:00,840

up artificially high which they've done

632

00:25:06,800 --> 00:25:04,620

and continue to do and the use of

633

00:25:08,750 --> 00:25:06,810

diamonds and engagement rings is

634

00:25:12,080 --> 00:25:08,760

something that didn't exist really as a

635

00:25:14,330 --> 00:25:12,090

common mean until the nineteen forty and

636

00:25:17,780 --> 00:25:14,340

that came about through De Beers

637

00:25:20,090 --> 00:25:17,790

advertising through media created by De

638

00:25:22,940 --> 00:25:20,100

Beers that created basically a cultural

639

00:25:25,400 --> 00:25:22,950

institution that makes people spend tens

640

00:25:27,890 --> 00:25:25,410

of thousands of dollars on a rock that's

641

00:25:30,770 --> 00:25:27,900

artificially inflated that they got by

642

00:25:32,750 --> 00:25:30,780

taking over Botswana man don't I know it

643

00:25:35,930 --> 00:25:32,760

so knowing all that it's hard to you

644

00:25:40,940 --> 00:25:35,940

know hook once buy a diamond ring ah but

645

00:25:45,170 --> 00:25:40,950

looking more Botswana 62% of Botswana's

646

00:25:47,210 --> 00:25:45,180

exports are diamonds so you can see with

647

00:25:49,400 --> 00:25:47,220

62% of their export market being

648

00:25:52,750 --> 00:25:49,410

determined completely by one industry

649

00:25:56,810 --> 00:25:52,760

that's owned by the Rothschilds they can

650

00:25:58,550 --> 00:25:56,820

very easily control the country so they

651  
00:26:01,100 --> 00:25:58,560  
can for instance that the government has

652  
00:26:03,980 --> 00:26:01,110  
a shortage or the economy is doing

653  
00:26:07,700 --> 00:26:03,990  
poorly they can make that swing one way

654  
00:26:09,590 --> 00:26:07,710  
or the other depending on how nice the

655  
00:26:12,770 --> 00:26:09,600  
government of Botswana is is being

656  
00:26:15,320 --> 00:26:12,780  
towards the Rothschild so that and

657  
00:26:17,840 --> 00:26:15,330  
unlike the Zimbabwe one where they just

658  
00:26:19,450 --> 00:26:17,850  
marched in with guns and you know just

659  
00:26:21,800 --> 00:26:19,460  
basically took over the government in

660  
00:26:23,690 --> 00:26:21,810  
Botswana they did something kind of

661  
00:26:26,630 --> 00:26:23,700  
similar but they took over the economy

662  
00:26:27,420 --> 00:26:26,640  
they built economy that basically makes

663  
00:26:30,150 --> 00:26:27,430

the existing

664

00:26:33,780 --> 00:26:30,160

on me obsolete in a lot of ways so by

665

00:26:35,160 --> 00:26:33,790

being a huge player in Botswana they've

666

00:26:37,110 --> 00:26:35,170

given themselves all this power

667

00:26:39,750 --> 00:26:37,120

basically and this was done you know in

668

00:26:41,820 --> 00:26:39,760

parallel with the Zimbabwe stuff so yeah

669

00:26:45,110 --> 00:26:41,830

it's like he said 1888 was the purest

670

00:26:47,720 --> 00:26:45,120

creation 1889 was the VSAC creation and

671

00:26:50,850 --> 00:26:47,730

the invasion happened right after that

672

00:26:52,380 --> 00:26:50,860

man it's just fascinating and like you

673

00:26:55,800 --> 00:26:52,390

said in one of your pieces we've heard

674

00:26:58,470 --> 00:26:55,810

of company towns where everybody in town

675

00:27:00,840 --> 00:26:58,480

works at the factory or whatever or the

676  
00:27:03,060 --> 00:27:00,850  
mine and then when those things dry up

677  
00:27:04,980 --> 00:27:03,070  
the town has really nothing there to

678  
00:27:07,860 --> 00:27:04,990  
support itself it was so dependent on

679  
00:27:09,210 --> 00:27:07,870  
one particular company and now we're

680  
00:27:11,940 --> 00:27:09,220  
just scaling that up we're talking about

681  
00:27:14,100 --> 00:27:11,950  
company nation's entire countries that

682  
00:27:17,550 --> 00:27:14,110  
are basically in existence to prop up

683  
00:27:19,740 --> 00:27:17,560  
one company and one source of revenue

684  
00:27:23,220 --> 00:27:19,750  
for a very select group of people and

685  
00:27:26,010 --> 00:27:23,230  
it's just super interesting yeah that's

686  
00:27:28,140 --> 00:27:26,020  
exactly right yeah it's kind of

687  
00:27:31,920 --> 00:27:28,150  
mind-boggling to see and just like those

688  
00:27:33,750 --> 00:27:31,930

company towns they'll give you like when

689

00:27:36,000 --> 00:27:33,760

you think of the the kind of our typical

690

00:27:38,130 --> 00:27:36,010

example you have the mining town in

691

00:27:40,440 --> 00:27:38,140

America or something like that where

692

00:27:41,880 --> 00:27:40,450

everyone's paid in company bucks you

693

00:27:43,170 --> 00:27:41,890

know then they have to spend the company

694

00:27:45,540 --> 00:27:43,180

bucks at the company store

695

00:27:47,880 --> 00:27:45,550

you can't even break out of the

696

00:27:49,710 --> 00:27:47,890

company's economy so you get paid in

697

00:27:51,200 --> 00:27:49,720

company bucks you spend company bucks at

698

00:27:54,350 --> 00:27:51,210

the company stores they've completely

699

00:27:56,940 --> 00:27:54,360

captured your entire economic behavior

700

00:27:58,410 --> 00:27:56,950

basically within the company but like

701  
00:28:00,930 --> 00:27:58,420  
you said they've scaled that up now it's

702  
00:28:03,230 --> 00:28:00,940  
an entire nation so not only are they

703  
00:28:06,240 --> 00:28:03,240  
doing the industry that's providing the

704  
00:28:09,270 --> 00:28:06,250  
jobs therefore people also almost

705  
00:28:10,650 --> 00:28:09,280  
certainly providing the economy where

706  
00:28:12,210 --> 00:28:10,660  
the money is spent too and if they're

707  
00:28:13,800 --> 00:28:12,220  
controlling the money supply and in

708  
00:28:16,620 --> 00:28:13,810  
similar ways they are with many other

709  
00:28:19,590 --> 00:28:16,630  
countries then it's literally the

710  
00:28:21,360 --> 00:28:19,600  
company bucks scenario again but on a

711  
00:28:23,610 --> 00:28:21,370  
larger scale with the veneer of

712  
00:28:27,060 --> 00:28:23,620  
legitimacy because it's spearheaded by a

713  
00:28:30,570 --> 00:28:27,070

government of the company mm-hmm yeah

714

00:28:32,700 --> 00:28:30,580

man I love it and I wanted to also talk

715

00:28:35,520 --> 00:28:32,710

about because we are kind of in that

716

00:28:37,530 --> 00:28:35,530

time window of world war two I wanted to

717

00:28:40,480 --> 00:28:37,540

ask you a little bit about what happened

718

00:28:42,400 --> 00:28:40,490

to some of these Rothschild branches

719

00:28:44,049 --> 00:28:42,410

during that period because a couple of

720

00:28:47,590 --> 00:28:44,059

them were seized or at least the

721

00:28:49,930 --> 00:28:47,600

Austrian branch was seized and I'm just

722

00:28:51,220 --> 00:28:49,940

curious because in the conspiracy world

723

00:28:52,780 --> 00:28:51,230

there's a lot of people who are like

724

00:28:55,000 --> 00:28:52,790

it's the Jews it's the Jews it's the

725

00:28:56,950 --> 00:28:55,010

Jews and then there's a lot of people

726

00:28:58,650 --> 00:28:56,960

also talk about it being the Germans and

727

00:29:01,660 --> 00:28:58,660

honestly when I look at the modern

728

00:29:04,720 --> 00:29:01,670

multinational corporations that are the

729

00:29:06,549 --> 00:29:04,730

big problem in big pharma and in the

730

00:29:10,000 --> 00:29:06,559

food industry a lot of them are German

731

00:29:11,710 --> 00:29:10,010

companies so it's interesting where this

732

00:29:13,740 --> 00:29:11,720

line is drawn but there was a little bit

733

00:29:17,980 --> 00:29:13,750

of conflict between the Rothschilds and

734

00:29:21,490 --> 00:29:17,990

the Nazis and this kind of is a big

735

00:29:23,440 --> 00:29:21,500

aspect of why World War two happened or

736

00:29:25,419 --> 00:29:23,450

why it's framed the way it's framed what

737

00:29:27,549 --> 00:29:25,429

can you tell us about this chapter and

738

00:29:30,120 --> 00:29:27,559

kind of untangling this mess

739

00:29:32,680 --> 00:29:30,130

yeah that's it's a very difficult

740

00:29:33,850 --> 00:29:32,690

interesting story to me this is

741

00:29:36,370 --> 00:29:33,860

something that's shrouded in

742

00:29:38,530 --> 00:29:36,380

misinformation because the people who

743

00:29:40,240 --> 00:29:38,540

did bad things don't want to get caught

744

00:29:43,240 --> 00:29:40,250

you know the Rothschilds don't want a

745

00:29:46,150 --> 00:29:43,250

big trail leading to them so they're

746

00:29:48,010 --> 00:29:46,160

always throwing out distractions things

747

00:29:50,620 --> 00:29:48,020

that you could blame instead of them so

748

00:29:52,720 --> 00:29:50,630

to me their most common scapegoating

749

00:29:55,600 --> 00:29:52,730

technique is to blame the Jews so

750

00:29:58,299 --> 00:29:55,610

because they themselves are Jewish they

751  
00:30:00,100 --> 00:29:58,309  
want to instead of saying you know the

752  
00:30:02,560 --> 00:30:00,110  
Rothschilds did this they want to say

753  
00:30:04,870 --> 00:30:02,570  
the Jews did this instead of then one

754  
00:30:06,250 --> 00:30:04,880  
family being blamed there's you know

755  
00:30:06,640 --> 00:30:06,260  
millions of millions of people being

756  
00:30:09,100 --> 00:30:06,650  
blamed

757  
00:30:12,010 --> 00:30:09,110  
so the blame is diffused in this way and

758  
00:30:15,850 --> 00:30:12,020  
the Rothschild also try and position

759  
00:30:18,430 --> 00:30:15,860  
themselves as spearheading Jewish people

760  
00:30:21,669 --> 00:30:18,440  
they created this kind of sub religion

761  
00:30:24,520 --> 00:30:21,679  
within Judaism like another offshoot of

762  
00:30:26,260 --> 00:30:24,530  
Judaism Rothschild Zionism basically

763  
00:30:29,020 --> 00:30:26,270

they created their own family religion

764

00:30:30,910 --> 00:30:29,030

that's how powerful they are and they

765

00:30:34,270 --> 00:30:30,920

passed this down you know from person to

766

00:30:35,560 --> 00:30:34,280

person within the family and the way I

767

00:30:37,510 --> 00:30:35,570

see it is it's basically a set of

768

00:30:38,950 --> 00:30:37,520

ideologies that are created to maintain

769

00:30:40,750 --> 00:30:38,960

the wealth it's like a kind of

770

00:30:44,590 --> 00:30:40,760

ideological immune system for the

771

00:30:47,530 --> 00:30:44,600

Rothschild so they can use these ideas

772

00:30:49,570 --> 00:30:47,540

to kind of bulwark their wealth against

773

00:30:51,280 --> 00:30:49,580

the masses or and try and take it from

774

00:30:53,320 --> 00:30:51,290

them basically and so they've kind of

775

00:30:54,460 --> 00:30:53,330

taken this religion and they call it

776

00:30:56,830 --> 00:30:54,470

Judaism and

777

00:30:58,360 --> 00:30:56,840

they push it a lot and talk about you

778

00:30:59,980 --> 00:30:58,370

know and it's to the point the

779

00:31:01,480 --> 00:30:59,990

impression I get is that they basically

780

00:31:04,029 --> 00:31:01,490

won't do business with anyone who

781

00:31:07,120 --> 00:31:04,039

doesn't hold the ideology of Rothschild

782

00:31:08,529 --> 00:31:07,130

Zionism to some degree but let's talk

783

00:31:11,200 --> 00:31:08,539

about the word Zionism I guess too

784

00:31:13,299 --> 00:31:11,210

because a lot of people mix Zionism and

785

00:31:16,090 --> 00:31:13,309

Judaism as if they were the same thing

786

00:31:17,710 --> 00:31:16,100

or even worse they'll see Zionism is

787

00:31:21,070 --> 00:31:17,720

like some kind of racist dog-whistle

788

00:31:23,230 --> 00:31:21,080

term for Jews which it's not although

789

00:31:25,510 --> 00:31:23,240

some people do use that way which goes

790

00:31:29,710 --> 00:31:25,520

back to muddying the waters again but

791

00:31:33,100 --> 00:31:29,720

anyways Zionism to me is basically

792

00:31:35,799 --> 00:31:33,110

stripped down it's the desire to own

793

00:31:38,980 --> 00:31:35,809

Mount Zion which is what it's named at

794

00:31:41,320 --> 00:31:38,990

of course so Mount Zion is the mountain

795

00:31:43,570 --> 00:31:41,330

in the middle of Jerusalem in Israel so

796

00:31:47,020 --> 00:31:43,580

the way it is right now if you look at a

797

00:31:48,640 --> 00:31:47,030

map Israel has half of your Islamic

798

00:31:52,020 --> 00:31:48,650

split in half like at the Wailing Wall

799

00:31:55,149 --> 00:31:52,030

which is at the top of Mount Zion and

800

00:31:56,740 --> 00:31:55,159

basically the Jewish people had control

801  
00:31:58,450 --> 00:31:56,750  
of Mount Zion where they had the Temple

802  
00:32:01,450 --> 00:31:58,460  
of Solomon and then it got destroyed

803  
00:32:03,610 --> 00:32:01,460  
because 1500 years ago right and then it

804  
00:32:07,000 --> 00:32:03,620  
got replaced by the dome on the rock

805  
00:32:10,570 --> 00:32:07,010  
which is filled by Muslims and the

806  
00:32:12,490 --> 00:32:10,580  
Palestinians basically so the Israelites

807  
00:32:13,899 --> 00:32:12,500  
basically want control of Mount Zion

808  
00:32:16,539 --> 00:32:13,909  
which means they want control of

809  
00:32:20,890 --> 00:32:16,549  
Jerusalem and which means they want the

810  
00:32:24,430 --> 00:32:20,900  
Palestinians out so this is what modern

811  
00:32:26,289 --> 00:32:24,440  
Zionism means historically Zionism was

812  
00:32:28,330 --> 00:32:26,299  
more like you know that you need a

813  
00:32:30,370 --> 00:32:28,340

place to stay like they can call their

814

00:32:32,560 --> 00:32:30,380

own Shore but now we've got to a point

815

00:32:35,200 --> 00:32:32,570

where there's two states and there's the

816

00:32:37,779 --> 00:32:35,210

borders have been drawn but they're

817

00:32:39,850 --> 00:32:37,789

still kind of encroaching going on

818

00:32:42,640 --> 00:32:39,860

Israel still doing all these settlements

819

00:32:45,640 --> 00:32:42,650

in the West Bank right just kind of

820

00:32:47,560 --> 00:32:45,650

eroding the Palestinian hold and it's

821

00:32:51,360 --> 00:32:47,570

very clear that the ultimate desire is

822

00:32:54,190 --> 00:32:51,370

to retake Jerusalem for Israel right

823

00:32:56,380 --> 00:32:54,200

yeah it is a tangled web but it does

824

00:32:58,899 --> 00:32:56,390

seem like obviously on this show we've

825

00:33:00,700 --> 00:32:58,909

talked about groups hiding within larger

826

00:33:02,770 --> 00:33:00,710

groups I think it is a tactic that's

827

00:33:06,430 --> 00:33:02,780

used all the time and obviously this is

828

00:33:07,640 --> 00:33:06,440

the template for that and I guess is the

829

00:33:09,950 --> 00:33:07,650

theory that

830

00:33:12,830 --> 00:33:09,960

Hitler was actually helping the

831

00:33:14,870 --> 00:33:12,840

Rothschilds by perpetuating that idea

832

00:33:16,940 --> 00:33:14,880

that it's all Jews that are the problem

833

00:33:20,350 --> 00:33:16,950

were they an allegiance to some degree

834

00:33:22,700 --> 00:33:20,360

you know I honestly haven't studied this

835

00:33:24,530 --> 00:33:22,710

particular thing enough to really be

836

00:33:26,540 --> 00:33:24,540

able to say one way or the other but I

837

00:33:30,530 --> 00:33:26,550

would not be surprised that there was

838

00:33:32,630 --> 00:33:30,540

funding that was backing this situation

839

00:33:34,700 --> 00:33:32,640

but the thing is they don't want it if

840

00:33:36,320 --> 00:33:34,710

it's the Rothschilds own a country they

841

00:33:37,850 --> 00:33:36,330

don't want to destabilize that country

842

00:33:39,560 --> 00:33:37,860

it's only when they lose control that

843

00:33:42,890 --> 00:33:39,570

they want to destabilize it so they can

844

00:33:45,590 --> 00:33:42,900

regain control right right so and then a

845

00:33:49,310 --> 00:33:45,600

good way to control any revolution is to

846

00:33:51,770 --> 00:33:49,320

spearhead the opposition so it seems

847

00:33:53,810 --> 00:33:51,780

likely to me that they were spearheading

848

00:33:56,570 --> 00:33:53,820

the opposition and then maybe it got out

849

00:33:59,210 --> 00:33:56,580

of control or went away they didn't

850

00:34:00,470 --> 00:33:59,220

expect or something like that but from

851

00:34:02,690 --> 00:34:00,480

what I understand they got run out of

852

00:34:06,740 --> 00:34:02,700

Germany basically and had to go to

853

00:34:10,760 --> 00:34:06,750

Austria and none of them were you know

854

00:34:12,649 --> 00:34:10,770

prosecuted for what they did right it's

855

00:34:14,450 --> 00:34:12,659

you know they just basically got away

856

00:34:15,889 --> 00:34:14,460

and then they just blame the Jews that

857

00:34:19,580 --> 00:34:15,899

are going to focused on the Jews and

858

00:34:21,320 --> 00:34:19,590

then that became the story yeah it's it

859

00:34:23,120 --> 00:34:21,330

seems like a situation basically I got

860

00:34:24,590 --> 00:34:23,130

out of control for them they might have

861

00:34:26,419 --> 00:34:24,600

been pushing things one way or the other

862

00:34:29,419 --> 00:34:26,429

trying to steer the opposition but I do

863

00:34:31,580 --> 00:34:29,429

think it seems like they went too far

864

00:34:33,710 --> 00:34:31,590

they they lost control of the situation

865

00:34:35,210 --> 00:34:33,720

because they they did get pretty much

866

00:34:36,950 --> 00:34:35,220

kicked out for a while and that the

867

00:34:39,310 --> 00:34:36,960

situation obviously got pretty out of

868

00:34:42,950 --> 00:34:39,320

control fair enough and then there are

869

00:34:45,710 --> 00:34:42,960

maybe some critics to this narrative

870

00:34:48,380 --> 00:34:45,720

that say well the Rothschild interests

871

00:34:50,780 --> 00:34:48,390

basically were dismantled during that

872

00:34:53,540 --> 00:34:50,790

World War two period but like you noted

873

00:34:55,669 --> 00:34:53,550

earlier the head of the British branch

874

00:34:58,610 --> 00:34:55,679

is still a Rothschild we still see their

875

00:35:02,090 --> 00:34:58,620

name around a lot and does the paper

876  
00:35:04,910 --> 00:35:02,100  
trail suggest that they did reclaim some

877  
00:35:06,920 --> 00:35:04,920  
of their banking power once World War

878  
00:35:09,440 --> 00:35:06,930  
Two was over do the Allies give them

879  
00:35:12,590 --> 00:35:09,450  
back a lot of their assets

880  
00:35:16,100 --> 00:35:12,600  
yeah well it's it is clear Germany lost

881  
00:35:19,400 --> 00:35:16,110  
and then the the West won basically and

882  
00:35:21,560 --> 00:35:19,410  
so knowing that the UK branch is

883  
00:35:24,740 --> 00:35:21,570  
basically unbroken up a modern day

884  
00:35:27,470 --> 00:35:24,750  
the amount of power that the UK had

885  
00:35:29,990 --> 00:35:27,480  
post-world War two over Germany shows

886  
00:35:32,870 --> 00:35:30,000  
that you know the Rothschild basically

887  
00:35:34,790 --> 00:35:32,880  
retook control Germany after the war it

888  
00:35:39,560 --> 00:35:34,800

seems pretty clear from my perspective

889

00:35:41,180 --> 00:35:39,570

right on cool man so that is a lot of

890

00:35:43,850 --> 00:35:41,190

great information and now we wanted to

891

00:35:46,580 --> 00:35:43,860

talk about kind of the corporate ah

892

00:35:49,700 --> 00:35:46,590

crazy or how things have maybe flexed a

893

00:35:52,070 --> 00:35:49,710

little bit or evolved in modern times

894

00:35:54,320 --> 00:35:52,080

and we see a lot of the same templates

895

00:35:56,270 --> 00:35:54,330

but yet they're applied in a slightly

896

00:35:58,490 --> 00:35:56,280

different way as I would how you might

897

00:36:00,530 --> 00:35:58,500

describe it yeah that's a very good way

898

00:36:02,420 --> 00:36:00,540

of putting it you know this whole

899

00:36:06,050 --> 00:36:02,430

template of central banking came about

900

00:36:07,610 --> 00:36:06,060

you know in the early 1800s basically so

901  
00:36:08,780 --> 00:36:07,620  
it's been around for 200 years so

902  
00:36:10,580 --> 00:36:08,790  
there's been you know a lot of people

903  
00:36:12,470 --> 00:36:10,590  
have observed what the Rothschilds have

904  
00:36:13,940 --> 00:36:12,480  
been doing and people with a lot of

905  
00:36:16,310 --> 00:36:13,950  
powered money I started to play this

906  
00:36:17,450 --> 00:36:16,320  
game too so it's not as though the

907  
00:36:19,640 --> 00:36:17,460  
Rothschilds have a complete monopoly

908  
00:36:20,720 --> 00:36:19,650  
over everything they just have a one

909  
00:36:24,470 --> 00:36:20,730  
hundred and fifty year head start

910  
00:36:26,690 --> 00:36:24,480  
basically but yeah so looking at more

911  
00:36:28,160 --> 00:36:26,700  
corporate aqua sees another country

912  
00:36:31,400 --> 00:36:28,170  
that's very interesting is the country

913  
00:36:34,190 --> 00:36:31,410

of Chad it's just to the west of Sudan

914

00:36:35,690 --> 00:36:34,200

most people know Chad is just a lot of

915

00:36:38,120 --> 00:36:35,700

military action there a lot of fighting

916

00:36:41,500 --> 00:36:38,130

and it's just not a very nice country

917

00:36:45,020 --> 00:36:41,510

and that's maybe all people know however

918

00:36:49,340 --> 00:36:45,030

there is a very interesting story with

919

00:36:52,100 --> 00:36:49,350

Chad and regards to their exports 96% of

920

00:36:54,500 --> 00:36:52,110

Chad's exports are crude petroleum so

921

00:36:57,590 --> 00:36:54,510

this comes from oil extraction

922

00:37:02,030 --> 00:36:57,600

infrastructure in Chad that's owned 75%

923

00:37:04,880 --> 00:37:02,040

by Exxon and 25% by Chevron which

924

00:37:07,180 --> 00:37:04,890

actually just sold their 25 percent

925

00:37:11,330 --> 00:37:07,190

stake to the chating government in 2014

926  
00:37:13,060 --> 00:37:11,340  
for 1.3 billion dollars this loan was

927  
00:37:16,550 --> 00:37:13,070  
funded by another company

928  
00:37:19,960 --> 00:37:16,560  
Glencore who is the 14th largest company

929  
00:37:23,300 --> 00:37:19,970  
in the world who funded Chad to buy

930  
00:37:25,850 --> 00:37:23,310  
Chevron's piece basically so however

931  
00:37:28,370 --> 00:37:25,860  
Exxon still 75 percent of the

932  
00:37:29,480 --> 00:37:28,380  
infrastructure right so basically two

933  
00:37:31,790 --> 00:37:29,490  
corporations

934  
00:37:34,599 --> 00:37:31,800  
fighting over the carcass that is the

935  
00:37:38,079 --> 00:37:34,609  
country of Chad basically and then

936  
00:37:40,239 --> 00:37:38,089  
when chevron sold their 25% you know to

937  
00:37:42,700 --> 00:37:40,249  
give independence to Chad to give

938  
00:37:44,920 --> 00:37:42,710

control that 25% of the chating

939

00:37:46,660 --> 00:37:44,930

government that cost 1.3 billion dollars

940

00:37:49,569 --> 00:37:46,670

they don't have that money so they had

941

00:37:51,640 --> 00:37:49,579

to borrow it from Glencore which then

942

00:37:54,579 --> 00:37:51,650

immediately puts them into debt so

943

00:37:55,839 --> 00:37:54,589

they're again in heavy debt to a company

944

00:37:57,009 --> 00:37:55,849

you know so they're not any more

945

00:37:59,259 --> 00:37:57,019

independent than they were previously

946

00:38:00,549 --> 00:37:59,269

right and especially looking at the

947

00:38:03,309 --> 00:38:00,559

terms of this loan they're supposed to

948

00:38:07,660 --> 00:38:03,319

repay the 1.3 billion dollars in four

949

00:38:09,220 --> 00:38:07,670

years so just doesn't seem like it's

950

00:38:12,640 --> 00:38:09,230

going to happen I mean and then when

951  
00:38:14,470 --> 00:38:12,650  
they aren't able to do that then equal

952  
00:38:17,259 --> 00:38:14,480  
nCore can basically come come along and

953  
00:38:18,789 --> 00:38:17,269  
you know start negotiating terms about

954  
00:38:20,710 --> 00:38:18,799  
this money they can't pay back which

955  
00:38:22,630 --> 00:38:20,720  
effectively gets them partial control

956  
00:38:24,910 --> 00:38:22,640  
over the government so you know they can

957  
00:38:26,890 --> 00:38:24,920  
say oh what if we could drill in this

958  
00:38:28,269 --> 00:38:26,900  
national park or you know something like

959  
00:38:29,950 --> 00:38:28,279  
that and it's like well you have to say

960  
00:38:33,160 --> 00:38:29,960  
yes because you owe us 1.3 billion

961  
00:38:36,309 --> 00:38:33,170  
dollars and it's due so that's coming up

962  
00:38:38,259 --> 00:38:36,319  
so that's due in 2018 for Chad so

963  
00:38:40,690 --> 00:38:38,269

they're scrambling right now so actually

964

00:38:43,720 --> 00:38:40,700

Chad just filed the largest lawsuit in

965

00:38:46,989 --> 00:38:43,730

world history so chad is right now suing

966

00:38:49,690 --> 00:38:46,999

Exxon for 74 billion dollars which is

967

00:38:52,390 --> 00:38:49,700

five times the GDP of the entire country

968

00:38:55,059 --> 00:38:52,400

so they're trying to reclaim all this

969

00:38:59,259 --> 00:38:55,069

money that they think Exxon stole from

970

00:39:02,109 --> 00:38:59,269

them and basically in order to get money

971

00:39:05,920 --> 00:39:02,119

to pay off the Glencore bill so they can

972

00:39:09,099 --> 00:39:05,930

own their 25% right so this is all like

973

00:39:11,650 --> 00:39:09,109

been unfolding November 2016 was when

974

00:39:13,809 --> 00:39:11,660

this lawsuit was announced and they're

975

00:39:15,519 --> 00:39:13,819

still working on terms Exxon saying

976  
00:39:17,769 --> 00:39:15,529  
they're not going to pay because Exxon's

977  
00:39:19,720 --> 00:39:17,779  
profits are their profits or sixteen

978  
00:39:21,670 --> 00:39:19,730  
billion dollars a year so if they were

979  
00:39:23,289 --> 00:39:21,680  
to pay the full 74 billion it would eat

980  
00:39:25,539 --> 00:39:23,299  
up all their profits for you know five

981  
00:39:26,650 --> 00:39:25,549  
years or something like that so they

982  
00:39:29,049 --> 00:39:26,660  
don't want to do that so they would

983  
00:39:30,099 --> 00:39:29,059  
rather cease operations and Chad but I

984  
00:39:31,989 --> 00:39:30,109  
don't think they're going to cease

985  
00:39:34,150 --> 00:39:31,999  
operations I think they've worked out

986  
00:39:35,799 --> 00:39:34,160  
some sort of settlement with Chad to

987  
00:39:37,509 --> 00:39:35,809  
kind of kick the can down the road for a

988  
00:39:38,829 --> 00:39:37,519

little more course but I think they're

989

00:39:41,769 --> 00:39:38,839

going to try and settle for lower than

990

00:39:43,479 --> 00:39:41,779

74 billion but I'm curious to see how

991

00:39:47,109 --> 00:39:43,489

flexible the Chad government is the

992

00:39:48,220 --> 00:39:47,119

chating government if they don't flex at

993

00:39:50,980 --> 00:39:48,230

all

994

00:39:54,640 --> 00:39:50,990

and just say 74 billion or get out of

995

00:39:56,800 --> 00:39:54,650

here then Exxon might either be forced

996

00:39:59,740 --> 00:39:56,810

to turn over all their equipment to the

997

00:40:02,530 --> 00:39:59,750

chating government or more likely they

998

00:40:05,410 --> 00:40:02,540

would bring in troops to defend Exxon's

999

00:40:07,060 --> 00:40:05,420

interests and would basically put the

1000

00:40:09,280 --> 00:40:07,070

chating government back into the box

1001  
00:40:12,849 --> 00:40:09,290  
that they want them to be in absolutely

1002  
00:40:15,160 --> 00:40:12,859  
and that's what that book Confessions of

1003  
00:40:17,020 --> 00:40:15,170  
an economic hitman is all about is being

1004  
00:40:18,910 --> 00:40:17,030  
a part of the team that goes around and

1005  
00:40:21,099 --> 00:40:18,920  
and does that kind of stuff when these

1006  
00:40:23,650 --> 00:40:21,109  
countries try to act like they have some

1007  
00:40:25,840 --> 00:40:23,660  
kind of autonomy or something exactly

1008  
00:40:29,260 --> 00:40:25,850  
exactly it's just fascinating this

1009  
00:40:32,380 --> 00:40:29,270  
particular tug of war because you have

1010  
00:40:34,599 --> 00:40:32,390  
the government of Chad behind that 25

1011  
00:40:36,820 --> 00:40:34,609  
percent that wasn't owned by Exxon and

1012  
00:40:38,800 --> 00:40:36,830  
they're taking that loan from Glencore

1013  
00:40:41,320 --> 00:40:38,810

and because they're taking that huge

1014

00:40:43,780 --> 00:40:41,330

loan now they're clearly on the puppet

1015

00:40:46,810 --> 00:40:43,790

strings of Glencore and then what do

1016

00:40:51,010 --> 00:40:46,820

they do they file this ridiculously

1017

00:40:53,410 --> 00:40:51,020

large lawsuit against ExxonMobil well no

1018

00:40:55,780 --> 00:40:53,420

[h\_\_\h] because this is probably with a gun

1019

00:40:58,420 --> 00:40:55,790

to their head through Glenn core because

1020

00:41:01,030 --> 00:40:58,430

Glenn course trying to they're basically

1021

00:41:03,760 --> 00:41:01,040

fighting a tug of war with another

1022

00:41:05,590 --> 00:41:03,770

multinational corporation and they're

1023

00:41:08,770 --> 00:41:05,600

just using Chad as a middleman and it's

1024

00:41:11,890 --> 00:41:08,780

just so interesting to see that unfold

1025

00:41:13,570 --> 00:41:11,900

yeah that's exactly right yeah it's just

1026

00:41:17,310 --> 00:41:13,580

company vs. company with these

1027

00:41:21,040 --> 00:41:17,320

governmental facades in a lot of cases I

1028

00:41:23,770 --> 00:41:21,050

love it man so you know as we maybe talk

1029

00:41:27,340 --> 00:41:23,780

about this umbrella of company nations

1030

00:41:30,010 --> 00:41:27,350

is interesting as it is have you seen

1031

00:41:32,620 --> 00:41:30,020

any other examples of this besides Chad

1032

00:41:34,420 --> 00:41:32,630

Zimbabwe and Botswana obviously there's

1033

00:41:36,580 --> 00:41:34,430

speculation I mean pretty

1034

00:41:38,080 --> 00:41:36,590

well-established speculation that even

1035

00:41:40,540 --> 00:41:38,090

the United States of America and these

1036

00:41:43,750 --> 00:41:40,550

major countries are at the behest of

1037

00:41:45,820 --> 00:41:43,760

these same private bankers but have you

1038

00:41:48,010 --> 00:41:45,830

seen other parallel examples too maybe

1039

00:41:50,470 --> 00:41:48,020

smaller nations in the same way you've

1040

00:41:53,140 --> 00:41:50,480

seen these three another example would

1041

00:41:54,580 --> 00:41:53,150

be like Iraq when we invaded Iraq you

1042

00:41:56,770 --> 00:41:54,590

know we destroyed the country basically

1043

00:41:58,570 --> 00:41:56,780

and then after it was destroyed it

1044

00:42:00,520 --> 00:41:58,580

needed to be rebuilt so there's all

1045

00:42:02,110 --> 00:42:00,530

these building contractors that got very

1046

00:42:04,720 --> 00:42:02,120

lucrative jobs in

1047

00:42:06,910 --> 00:42:04,730

that was like the major industry in Iraq

1048

00:42:09,220 --> 00:42:06,920

for many years and in fact the largest

1049

00:42:12,850 --> 00:42:09,230

us the largest embassy in the world is a

1050

00:42:15,520 --> 00:42:12,860

US Embassy in Iraq it's over a million

1051

00:42:17,710 --> 00:42:15,530

square feet and they paid some

1052

00:42:20,470 --> 00:42:17,720

outrageous sum for this building and

1053

00:42:22,000 --> 00:42:20,480

it's it's pseudo money-laundering

1054

00:42:24,160 --> 00:42:22,010

basically they destroy the

1055

00:42:26,490 --> 00:42:24,170

military-industrial complex comes in and

1056

00:42:28,750 --> 00:42:26,500

destroys the building and then the

1057

00:42:31,360 --> 00:42:28,760

contractors come in and rebuild the

1058

00:42:33,220 --> 00:42:31,370

building so both people are making money

1059

00:42:35,410 --> 00:42:33,230

and then they can continue the cycle

1060

00:42:38,890 --> 00:42:35,420

over and over again and it's very

1061

00:42:41,890 --> 00:42:38,900

profitable so it's not only is it like

1062

00:42:44,410 --> 00:42:41,900

Chad we're talking about there's one

1063

00:42:45,700 --> 00:42:44,420

company it's like Exxon owns everything

1064

00:42:48,520 --> 00:42:45,710

you know they have ninety six percent of

1065

00:42:50,470 --> 00:42:48,530

the except 75% of the ninety six percent

1066

00:42:53,080 --> 00:42:50,480

of the export market which is a third of

1067

00:42:54,460 --> 00:42:53,090

the entire economy of Chad so that

1068

00:42:56,800 --> 00:42:54,470

that's a lot of control for one

1069

00:42:59,740 --> 00:42:56,810

something but however other countries

1070

00:43:01,450 --> 00:42:59,750

there's a more diversified form of

1071

00:43:04,210 --> 00:43:01,460

control so there might be like ten

1072

00:43:06,310 --> 00:43:04,220

companies like a McDonald's a Walmart a

1073

00:43:07,930 --> 00:43:06,320

housing contractor whatever you've got

1074

00:43:10,300 --> 00:43:07,940

each industry might have its own

1075

00:43:12,100 --> 00:43:10,310

monopoly and then once you set the stage

1076

00:43:13,810 --> 00:43:12,110

for those to come in all those

1077

00:43:15,820 --> 00:43:13,820

monopolies can come and take over their

1078

00:43:17,800 --> 00:43:15,830

respective industries so the media

1079

00:43:20,050 --> 00:43:17,810

companies can come in and set up you

1080

00:43:22,660 --> 00:43:20,060

know zimbabwean media are chatty and

1081

00:43:25,270 --> 00:43:22,670

media or whatever you know they can set

1082

00:43:27,610 --> 00:43:25,280

up McDonald's there in Chad they can set

1083

00:43:29,680 --> 00:43:27,620

up car dealerships they can sell housing

1084

00:43:31,390 --> 00:43:29,690

they can start giving loans you know

1085

00:43:33,520 --> 00:43:31,400

there's all this stuff that can start to

1086

00:43:36,820 --> 00:43:33,530

take place once they've got their foot

1087

00:43:39,070 --> 00:43:36,830

in the door yeah man I mean you're

1088

00:43:41,650 --> 00:43:39,080

laying it out very clearly and I don't

1089

00:43:43,750 --> 00:43:41,660

know how someone could argue with it and

1090

00:43:45,930 --> 00:43:43,760

sticking with the corporate takeover

1091

00:43:48,250 --> 00:43:45,940

theme we also wanted to talk about

1092

00:43:50,620 --> 00:43:48,260

regulatory capture which is something

1093

00:43:53,470 --> 00:43:50,630

that I think we talk about often on the

1094

00:43:55,510 --> 00:43:53,480

show but the term is fairly new to me do

1095

00:43:57,930 --> 00:43:55,520

you tell this for us and some proper

1096

00:44:01,840 --> 00:43:57,940

examples if you could yeah sure

1097

00:44:05,080 --> 00:44:01,850

regulatory capture is basically when the

1098

00:44:07,120 --> 00:44:05,090

companies take over the regulation that

1099

00:44:10,060 --> 00:44:07,130

it's supposed to be watching them it's a

1100

00:44:11,980 --> 00:44:10,070

very advanced form of corporate takeover

1101

00:44:14,350 --> 00:44:11,990

so instead of the corporation just

1102

00:44:15,670 --> 00:44:14,360

flat-out running the government they

1103

00:44:18,280 --> 00:44:15,680

will instead takeover

1104

00:44:21,640 --> 00:44:18,290

the lobbying agencies so if you're

1105

00:44:25,750 --> 00:44:21,650

Monsanto for example you can take over

1106

00:44:28,540 --> 00:44:25,760

the USDA or the FDA and then if you have

1107

00:44:31,870 --> 00:44:28,550

some questionable pesticides that you're

1108

00:44:33,609 --> 00:44:31,880

using then that might not mean approval

1109

00:44:35,770 --> 00:44:33,619

otherwise if you're in control of the

1110

00:44:37,839 --> 00:44:35,780

regulatory agency not only can you

1111

00:44:40,059 --> 00:44:37,849

approve your chemical but you can write

1112

00:44:42,700 --> 00:44:40,069

laws that make it so your chemicals the

1113

00:44:44,319 --> 00:44:42,710

only legal chemical and no one else can

1114

00:44:48,130 --> 00:44:44,329

use any chemicals so you've given

1115

00:44:50,829 --> 00:44:48,140

yourself a legal monopoly by taking over

1116

00:44:54,160 --> 00:44:50,839

the mechanism that is supposed to limit

1117

00:44:55,329 --> 00:44:54,170

you from doing that so by concentrating

1118

00:44:58,150 --> 00:44:55,339

all this power in the regulatory

1119

00:45:00,510 --> 00:44:58,160

agencies they just open the door for

1120

00:45:03,190 --> 00:45:00,520

these companies to kind of step in and

1121

00:45:04,839 --> 00:45:03,200

regulate themselves but with the

1122

00:45:06,670 --> 00:45:04,849

pretense of the government's doing it

1123

00:45:09,160 --> 00:45:06,680

and someone's watching and so on and so

1124

00:45:11,160 --> 00:45:09,170

forth right so the the amount of

1125

00:45:13,809 --> 00:45:11,170

regulatory capture that has happened is

1126  
00:45:17,400 --> 00:45:13,819  
pretty outlandish when you really really

1127  
00:45:20,740 --> 00:45:17,410  
look at it for example the VP of Pfizer

1128  
00:45:22,810 --> 00:45:20,750  
was on the National Security Council the

1129  
00:45:23,880 --> 00:45:22,820  
corporate council lobbyist for Pfizer

1130  
00:45:26,620 --> 00:45:23,890  
[Music]

1131  
00:45:29,890 --> 00:45:26,630  
became legislative assistants to

1132  
00:45:32,140 --> 00:45:29,900  
representatives the VP of global public

1133  
00:45:34,359 --> 00:45:32,150  
policy forum Eric was the US Trade

1134  
00:45:37,539 --> 00:45:34,369  
Representative under Clinton the senior

1135  
00:45:40,960 --> 00:45:37,549  
VP fellow public policy for pharmacia

1136  
00:45:45,099 --> 00:45:40,970  
was a commissioner for the FDA the CEO

1137  
00:45:50,410 --> 00:45:45,109  
of PhRMA was the US Treasury Department

1138  
00:45:52,870 --> 00:45:50,420

under Bush the CEO of Pfizer was the New

1139

00:45:54,789 --> 00:45:52,880

York Federal Reserve Bank under Obama I

1140

00:45:58,270 --> 00:45:54,799

mean these people are getting very very

1141

00:46:00,760 --> 00:45:58,280

high-level positions and they call this

1142

00:46:03,250 --> 00:46:00,770

the revolving door between regulation

1143

00:46:04,990 --> 00:46:03,260

and industry it's very lucrative if

1144

00:46:08,109 --> 00:46:05,000

you're an industry to go into regulation

1145

00:46:10,780 --> 00:46:08,119

or vice-versa most developed countries

1146

00:46:13,089 --> 00:46:10,790

make this illegal you can't transition

1147

00:46:15,670 --> 00:46:13,099

from one to the other between industry

1148

00:46:17,319 --> 00:46:15,680

and regulation sometimes not at all and

1149

00:46:19,780 --> 00:46:17,329

sometimes with the delay of like five

1150

00:46:21,450 --> 00:46:19,790

years but in the US it's just immediate

1151  
00:46:24,430 --> 00:46:21,460  
I mean it's like the second you're done

1152  
00:46:26,319 --> 00:46:24,440  
being a senator or a congressman in the

1153  
00:46:28,059 --> 00:46:26,329  
US you become a lobbyist I mean it's

1154  
00:46:29,550 --> 00:46:28,069  
like they have jobs waiting for you and

1155  
00:46:31,230 --> 00:46:29,560  
that's part of the offering

1156  
00:46:33,000 --> 00:46:31,240  
by you steak dinners they'll buy that

1157  
00:46:35,520 --> 00:46:33,010  
they can't just give you money so

1158  
00:46:38,120 --> 00:46:35,530  
instead they offer you this lobbying job

1159  
00:46:41,790 --> 00:46:38,130  
is extremely lucrative lobbying job and

1160  
00:46:45,240 --> 00:46:41,800  
this continues this revolving door of

1161  
00:46:48,870 --> 00:46:45,250  
regulatory capture basically these seven

1162  
00:46:50,640 --> 00:46:48,880  
Venn diagrams you have on the subreddit

1163  
00:46:53,040 --> 00:46:50,650

I'm not sure if you made them yourself

1164

00:46:56,520 --> 00:46:53,050

or just shared them but these seven Venn

1165

00:46:59,610 --> 00:46:56,530

diagrams are very damning to anyone who

1166

00:47:01,320 --> 00:46:59,620

would want to try to laugh about the

1167

00:47:04,830 --> 00:47:01,330

conspiratorial perspective because you

1168

00:47:08,850 --> 00:47:04,840

got Big Oil Comcast GE Goldman Sachs

1169

00:47:11,940 --> 00:47:08,860

media Monsanto and big pharma and each

1170

00:47:14,190 --> 00:47:11,950

one has a dozen cases of the revolving

1171

00:47:16,290 --> 00:47:14,200

door and it's just so well laid out I'd

1172

00:47:18,060 --> 00:47:16,300

recommend anybody take a look at it if

1173

00:47:20,520 --> 00:47:18,070

you really want to get the details of

1174

00:47:22,400 --> 00:47:20,530

that for your own personal arguments

1175

00:47:25,620 --> 00:47:22,410

with people who just think this is a

1176

00:47:28,650 --> 00:47:25,630

craziness it's just really surprising to

1177

00:47:31,350 --> 00:47:28,660

me how how blatant it is man yeah also

1178

00:47:33,090 --> 00:47:31,360

how ironclad and absolute it is there is

1179

00:47:34,740 --> 00:47:33,100

really no industry you can look at and

1180

00:47:37,740 --> 00:47:34,750

say well they have yet to get that one

1181

00:47:39,780 --> 00:47:37,750

right yeah exactly it's this has become

1182

00:47:41,240 --> 00:47:39,790

like a model of operation that's just

1183

00:47:44,700 --> 00:47:41,250

been copied from industry to industry

1184

00:47:46,170 --> 00:47:44,710

over the last 150 years so I mean we've

1185

00:47:48,510 --> 00:47:46,180

gotten ourselves to a point now where

1186

00:47:51,060 --> 00:47:48,520

it's pretty like there's not much wiggle

1187

00:47:52,730 --> 00:47:51,070

room left we're really in a corporate

1188

00:47:54,810 --> 00:47:52,740

Ock recei right now where the

1189

00:47:56,550 --> 00:47:54,820

corporations are running not only the

1190

00:47:59,580 --> 00:47:56,560

regulatory agencies but a lot of the

1191

00:48:01,140 --> 00:47:59,590

lobbying efforts and you know it's it's

1192

00:48:03,780 --> 00:48:01,150

like the banking especially looking at

1193

00:48:05,760 --> 00:48:03,790

goldman sachs like the CEO of goldman

1194

00:48:07,680 --> 00:48:05,770

sachs is jon corzine he was a u.s.

1195

00:48:10,200 --> 00:48:07,690

senator so I mean we've just got the CEO

1196

00:48:12,990 --> 00:48:10,210

being a senator you know and the

1197

00:48:15,450 --> 00:48:13,000

different CEO Henry Paulson was the

1198

00:48:18,210 --> 00:48:15,460

Treasury secretary under Bush and you

1199

00:48:19,710 --> 00:48:18,220

know Trump just nominated I think three

1200

00:48:22,020 --> 00:48:19,720

or four different Goldman Sachs members

1201  
00:48:25,860 --> 00:48:22,030  
to his cabinet I mean these people are

1202  
00:48:27,510 --> 00:48:25,870  
in there in there I mean they've got her

1203  
00:48:30,360 --> 00:48:27,520  
and be like it there at the highest

1204  
00:48:33,000 --> 00:48:30,370  
levels doing the advising doing the you

1205  
00:48:35,430 --> 00:48:33,010  
know bill proposing doing I mean they

1206  
00:48:38,400 --> 00:48:35,440  
are the Senators they are the lobbyists

1207  
00:48:40,140 --> 00:48:38,410  
I mean it's extremely widespread and

1208  
00:48:42,000 --> 00:48:40,150  
it's right in our faces

1209  
00:48:43,600 --> 00:48:42,010  
and I mean you see it again and again

1210  
00:48:45,660 --> 00:48:43,610  
what's the policy that comes out

1211  
00:48:48,550 --> 00:48:45,670  
very Pro corporate policy very

1212  
00:48:52,780 --> 00:48:48,560  
anti-human I mean to really boil it down

1213  
00:48:55,540 --> 00:48:52,790

yeah a madman and the the

1214

00:48:56,950 --> 00:48:55,550

military-industrial complex is another

1215

00:48:59,740 --> 00:48:56,960

part that needs to be spoken up

1216

00:49:01,180 --> 00:48:59,750

specifically sure because you know

1217

00:49:02,650 --> 00:49:01,190

Eisenhower warned about the

1218

00:49:05,440 --> 00:49:02,660

military-industrial complex in its

1219

00:49:07,600 --> 00:49:05,450

departing speech JFK warned about the

1220

00:49:08,620 --> 00:49:07,610

secret societies months before he was

1221

00:49:13,060 --> 00:49:08,630

assassinated

1222

00:49:15,580 --> 00:49:13,070

these entities need profit these are

1223

00:49:18,790 --> 00:49:15,590

business entities right if you own a

1224

00:49:22,750 --> 00:49:18,800

company that makes tanks or guns or

1225

00:49:25,120 --> 00:49:22,760

bombs you need to sell those right and

1226  
00:49:27,040 --> 00:49:25,130  
so you'd have a market yeah in order to

1227  
00:49:29,200 --> 00:49:27,050  
have a market you have to have a war

1228  
00:49:32,860 --> 00:49:29,210  
right if there's no war nobody's buying

1229  
00:49:34,630 --> 00:49:32,870  
guns really so you've got to create a

1230  
00:49:37,000 --> 00:49:34,640  
war so if you've got like the Iraq war

1231  
00:49:38,830 --> 00:49:37,010  
for example then you can sell all these

1232  
00:49:40,870 --> 00:49:38,840  
Tomahawk missiles that you know 16

1233  
00:49:42,640 --> 00:49:40,880  
million a pop or whatever and so all

1234  
00:49:45,730 --> 00:49:42,650  
these jets you can sell all this stuff

1235  
00:49:48,040 --> 00:49:45,740  
and if there was an award that stuff

1236  
00:49:51,640 --> 00:49:48,050  
wouldn't be needed so your industry

1237  
00:49:52,870 --> 00:49:51,650  
wouldn't be as valuable so there's a

1238  
00:49:56,440 --> 00:49:52,880

strong incentive by the

1239

00:49:59,380 --> 00:49:56,450

military-industrial complex to create

1240

00:50:01,630 --> 00:49:59,390

wars that are publicly supported because

1241

00:50:05,050 --> 00:50:01,640

that's how they can get the most income

1242

00:50:07,090 --> 00:50:05,060

wealth Redmayne and what's what's also

1243

00:50:08,740 --> 00:50:07,100

very interesting is that they'll play

1244

00:50:10,900 --> 00:50:08,750

both sides of this so they'll get two

1245

00:50:14,110 --> 00:50:10,910

sides to fight each other right and then

1246

00:50:16,600 --> 00:50:14,120

sell weapons both sides so right now the

1247

00:50:18,580 --> 00:50:16,610

two largest arms exporters in the world

1248

00:50:21,100 --> 00:50:18,590

of the United States and Russia they're

1249

00:50:23,080 --> 00:50:21,110

number one and two far away so a lot of

1250

00:50:25,330 --> 00:50:23,090

modern wars now we see that are proxy

1251

00:50:27,130 --> 00:50:25,340

wars are essentially the Russian

1252

00:50:29,230 --> 00:50:27,140

military industrial complex arming one

1253

00:50:31,150 --> 00:50:29,240

side and then the US military industrial

1254

00:50:33,550 --> 00:50:31,160

complex arming the other side and then

1255

00:50:35,680 --> 00:50:33,560

those two sides fight and things get

1256

00:50:38,170 --> 00:50:35,690

destroyed in the process and then having

1257

00:50:41,560 --> 00:50:38,180

to make those things again is profitable

1258

00:50:44,290 --> 00:50:41,570

be it houses or bullets right or

1259

00:50:46,210 --> 00:50:44,300

airplanes and both nations profit

1260

00:50:47,260 --> 00:50:46,220

greatly without really suffering any

1261

00:50:49,210 --> 00:50:47,270

losses because those have been

1262

00:50:53,350 --> 00:50:49,220

outsourced right exactly

1263

00:50:56,710 --> 00:50:53,360

oh man you have the work done for dirt

1264

00:50:57,580 --> 00:50:56,720

cheap and then I mean it's a pretty good

1265

00:51:00,040 --> 00:50:57,590

business model

1266

00:51:01,390 --> 00:51:00,050

your product literally explodes and then

1267

00:51:03,370 --> 00:51:01,400

you have to build a new one from scratch

1268

00:51:05,860 --> 00:51:03,380

like that I mean let's be out that's a

1269

00:51:09,340 --> 00:51:05,870

pretty good business model right right

1270

00:51:12,550 --> 00:51:09,350

it's the only way to do it really and so

1271

00:51:15,250 --> 00:51:12,560

we also wanted to kind of round out the

1272

00:51:18,010 --> 00:51:15,260

first hour here with kind of a little

1273

00:51:19,570 --> 00:51:18,020

bit about solutions and then of course

1274

00:51:21,640 --> 00:51:19,580

in the second hour we can go back

1275

00:51:23,260 --> 00:51:21,650

through and get into deeper detail about

1276

00:51:25,990 --> 00:51:23,270

some of these things but to talk about

1277

00:51:28,660 --> 00:51:26,000

solutions basically we were going to

1278

00:51:30,580 --> 00:51:28,670

talk about social control mechanisms

1279

00:51:32,620 --> 00:51:30,590

that kind of keep the status quo in

1280

00:51:34,210 --> 00:51:32,630

place and then what we could do to

1281

00:51:36,280 --> 00:51:34,220

overcome those I mean what are the

1282

00:51:37,650 --> 00:51:36,290

biggest thorns on our side that you

1283

00:51:41,350 --> 00:51:37,660

think would fall under this umbrella

1284

00:51:44,200 --> 00:51:41,360

well public education for one it said

1285

00:51:48,010 --> 00:51:44,210

that the victors write the history books

1286

00:51:50,350 --> 00:51:48,020

and so you know US history books have no

1287

00:51:53,110 --> 00:51:50,360

mention of Rothschild for example

1288

00:51:55,900 --> 00:51:53,120

despite the fact that there's so key to

1289

00:51:57,850 --> 00:51:55,910

a lot of this so they kind of paint

1290

00:51:59,290 --> 00:51:57,860

themselves out of the picture and then

1291

00:52:00,880 --> 00:51:59,300

the media is doing the same thing you

1292

00:52:03,310 --> 00:52:00,890

know there's five or six corporations

1293

00:52:06,370 --> 00:52:03,320

that own ninety five percent of US media

1294

00:52:09,010 --> 00:52:06,380

and so that's five or six CEOs and

1295

00:52:11,980 --> 00:52:09,020

boards that essentially control the

1296

00:52:13,450 --> 00:52:11,990

messaging for 95 percent of media so if

1297

00:52:14,830 --> 00:52:13,460

they don't like a show they can cancel

1298

00:52:16,750 --> 00:52:14,840

it if they want a different type of show

1299

00:52:18,790 --> 00:52:16,760

they can add it you know this is the

1300

00:52:22,210 --> 00:52:18,800

media environment we have movies it's

1301

00:52:25,090 --> 00:52:22,220

print media it's everything so they

1302

00:52:26,950 --> 00:52:25,100

control that messaging system and like

1303

00:52:29,590 --> 00:52:26,960

common core for example the u.s.

1304

00:52:32,410 --> 00:52:29,600

education system seems much more about

1305

00:52:35,020 --> 00:52:32,420

rote memorization than creative learning

1306

00:52:37,240 --> 00:52:35,030

or actual thinking skills but with those

1307

00:52:39,490 --> 00:52:37,250

two and then on top of it there's all

1308

00:52:42,840 --> 00:52:39,500

these other factors like debt slavery

1309

00:52:46,600 --> 00:52:42,850

for example is probably the largest

1310

00:52:47,650 --> 00:52:46,610

problem debt slavery being when you have

1311

00:52:49,180 --> 00:52:47,660

to go to work

1312

00:52:51,640 --> 00:52:49,190

because you have bills that are coming

1313

00:52:54,130 --> 00:52:51,650

due that's being trapped in debt slavery

1314

00:52:56,590 --> 00:52:54,140

because you can't stop working you can't

1315

00:52:59,260 --> 00:52:56,600

stop paying the debt so you're basically

1316

00:53:01,300 --> 00:52:59,270

obligated to contribute to the economic

1317

00:53:03,460 --> 00:53:01,310

machine they own and create value for

1318

00:53:05,950 --> 00:53:03,470

them while making some paltry sum for

1319

00:53:08,530 --> 00:53:05,960

yourself that then you're forced to pay

1320

00:53:09,940 --> 00:53:08,540

into debt that is accruing interest all

1321

00:53:10,930 --> 00:53:09,950

the time that's very difficult to pay

1322

00:53:11,950 --> 00:53:10,940

off and

1323

00:53:13,839 --> 00:53:11,960

especially with the student loan

1324

00:53:15,760 --> 00:53:13,849

situation now they've created the

1325

00:53:18,370 --> 00:53:15,770

illusion that college is a absolute

1326  
00:53:20,680 --> 00:53:18,380  
necessity for every single person and so

1327  
00:53:22,180 --> 00:53:20,690  
people will take out fifty sixty you

1328  
00:53:24,550 --> 00:53:22,190  
know hundred thousand dollars of loans

1329  
00:53:26,650 --> 00:53:24,560  
right pay his college and then they

1330  
00:53:29,800 --> 00:53:26,660  
basically got the size of a mortgage

1331  
00:53:30,880 --> 00:53:29,810  
before they even own a house and so you

1332  
00:53:33,490 --> 00:53:30,890  
know it's no wonder we have all these

1333  
00:53:35,530 --> 00:53:33,500  
people living at home now who can't pay

1334  
00:53:37,990 --> 00:53:35,540  
their bills and stuff because they're

1335  
00:53:40,120 --> 00:53:38,000  
already paying a mortgage and there's no

1336  
00:53:41,890 --> 00:53:40,130  
jobs a lot of people didn't get rewarded

1337  
00:53:44,559 --> 00:53:41,900  
in the way they thought they would for

1338  
00:53:46,660 --> 00:53:44,569

going to college so they've been trapped

1339

00:53:48,099 --> 00:53:46,670

in these bad jobs that are worse than

1340

00:53:50,020 --> 00:53:48,109

they expected earning less than they

1341

00:53:52,120 --> 00:53:50,030

expected to pay off this humongous thumb

1342

00:53:55,870 --> 00:53:52,130

that they just you know having a lot of

1343

00:53:57,400 --> 00:53:55,880

trouble actually reducing so it's kind

1344

00:54:00,190 --> 00:53:57,410

of being trapped in a way and that's the

1345

00:54:04,120 --> 00:54:00,200

kind of it's kind of a slavery really in

1346

00:54:07,120 --> 00:54:04,130

a way the old models of slavery actually

1347

00:54:09,099 --> 00:54:07,130

in 1860s when the Civil War was fought

1348

00:54:11,589 --> 00:54:09,109

slavery was actually going out of style

1349

00:54:13,809 --> 00:54:11,599

not just for moral reasons but for

1350

00:54:15,640 --> 00:54:13,819

economic reasons it actually become so

1351

00:54:17,710 --> 00:54:15,650

expensive to own a slave that it was

1352

00:54:19,540 --> 00:54:17,720

actually cheaper to hire someone to work

1353

00:54:21,670 --> 00:54:19,550

for you because when you hire someone

1354

00:54:23,200 --> 00:54:21,680

you don't have to pay for their housing

1355

00:54:24,880 --> 00:54:23,210

you don't have to pay for their food you

1356

00:54:26,829 --> 00:54:24,890

just give them money and they go home to

1357

00:54:28,210 --> 00:54:26,839

their own place at the end of the day so

1358

00:54:29,559 --> 00:54:28,220

you don't have to support all these

1359

00:54:33,460 --> 00:54:29,569

things it's actually cheaper to have

1360

00:54:36,460 --> 00:54:33,470

workers so our economy transition from a

1361

00:54:38,800 --> 00:54:36,470

slavery system to a worker base system

1362

00:54:41,950 --> 00:54:38,810

because it was cheaper absolutely

1363

00:54:44,650 --> 00:54:41,960

so taking a step back and looking at all

1364

00:54:46,720 --> 00:54:44,660

the different ways that there's all

1365

00:54:48,609 --> 00:54:46,730

these different types of control and all

1366

00:54:50,109 --> 00:54:48,619

these different narratives and cultural

1367

00:54:52,450 --> 00:54:50,119

norms and things that are trying to get

1368

00:54:55,839 --> 00:54:52,460

past that caused us to react certain

1369

00:54:59,490 --> 00:54:55,849

ways and certain events happen so if for

1370

00:55:01,660 --> 00:54:59,500

example 9/11 led to the Iraq war

1371

00:55:06,670 --> 00:55:01,670

basically but if people had been a

1372

00:55:08,380 --> 00:55:06,680

little more observant about the context

1373

00:55:10,930 --> 00:55:08,390

of it then maybe people would have not

1374

00:55:12,760 --> 00:55:10,940

been so gung-ho about invading Iraq and

1375

00:55:15,040 --> 00:55:12,770

maybe that war would have not have

1376

00:55:16,809 --> 00:55:15,050

happened and the million Iraqis that

1377

00:55:19,690 --> 00:55:16,819

died as a consequence of our invasion

1378

00:55:22,270 --> 00:55:19,700

over the next 10 years would not have

1379

00:55:24,040 --> 00:55:22,280

died but so a lot of it is I think

1380

00:55:24,760 --> 00:55:24,050

people need to be able to think for

1381

00:55:26,350 --> 00:55:24,770

themselves

1382

00:55:28,720 --> 00:55:26,360

which they basically been told their

1383

00:55:30,910 --> 00:55:28,730

whole lives not to do then punished for

1384

00:55:33,130 --> 00:55:30,920

thinking for themselves in school a lot

1385

00:55:34,960 --> 00:55:33,140

of times and you know by having opinions

1386

00:55:36,850 --> 00:55:34,970

that run counter to the media and things

1387

00:55:39,280 --> 00:55:36,860

like this so I think it's very important

1388

00:55:42,190 --> 00:55:39,290

to reclaim your own mind and reclaim

1389

00:55:45,130 --> 00:55:42,200

your own thoughts and to not be afraid

1390

00:55:47,920 --> 00:55:45,140

of trying to fit into cultural norms

1391

00:55:51,130 --> 00:55:47,930

that are often created top-down anyways

1392

00:55:55,210 --> 00:55:51,140

they're not natural they don't come from

1393

00:55:58,990 --> 00:55:55,220

the culture itself as it appears so

1394

00:56:02,140 --> 00:55:59,000

other than the mindset there's other

1395

00:56:04,600 --> 00:56:02,150

things we could do on a more essential

1396

00:56:06,700 --> 00:56:04,610

level like financially ideally we could

1397

00:56:09,880 --> 00:56:06,710

get away from the private central

1398

00:56:12,040 --> 00:56:09,890

banking system and return the money

1399

00:56:14,020 --> 00:56:12,050

creation abilities to the government so

1400

00:56:16,540 --> 00:56:14,030

the government's not in debt all the

1401  
00:56:18,970 --> 00:56:16,550  
time so that the government creates its

1402  
00:56:20,350 --> 00:56:18,980  
own money then it can't be in debt to

1403  
00:56:23,200 --> 00:56:20,360  
itself it wouldn't be a debt based

1404  
00:56:24,970 --> 00:56:23,210  
monetary system we could fix that that

1405  
00:56:27,940 --> 00:56:24,980  
would change things so that's a very top

1406  
00:56:32,020 --> 00:56:27,950  
level change right that's a tall order

1407  
00:56:34,060 --> 00:56:32,030  
so more graspable change would be I

1408  
00:56:34,840 --> 00:56:34,070  
think owning the means of production is

1409  
00:56:36,730 --> 00:56:34,850  
very important

1410  
00:56:38,740 --> 00:56:36,740  
owning money creation abilities like

1411  
00:56:41,740 --> 00:56:38,750  
owning means of production of the most

1412  
00:56:43,480 --> 00:56:41,750  
valuable commodity if you own any types

1413  
00:56:46,090 --> 00:56:43,490

of means of production like any machine

1414

00:56:48,960 --> 00:56:46,100

that can produce things creates value

1415

00:56:51,420 --> 00:56:48,970

for you I think if people start owning

1416

00:56:53,590 --> 00:56:51,430

these types of machines and bringing

1417

00:56:55,900 --> 00:56:53,600

businesses back to a level where they

1418

00:56:58,570 --> 00:56:55,910

control it rather than it being this

1419

00:57:01,060 --> 00:56:58,580

kind of hierarchical monarchy basically

1420

00:57:03,460 --> 00:57:01,070

where the CEO you know owns everything

1421

00:57:06,370 --> 00:57:03,470

and is God if we transition away from

1422

00:57:08,680 --> 00:57:06,380

this type of business system I just find

1423

00:57:10,750 --> 00:57:08,690

it funny that we've outlawed monarchy in

1424

00:57:12,700 --> 00:57:10,760

our governments for you know several

1425

00:57:14,980 --> 00:57:12,710

hundred years now but it's still the

1426

00:57:18,550 --> 00:57:14,990

de-facto standard in all corporations I

1427

00:57:20,470 --> 00:57:18,560

just I find that hilarious and I think

1428

00:57:23,470 --> 00:57:20,480

we need to definitely move into more

1429

00:57:25,990 --> 00:57:23,480

democratically own workplaces where you

1430

00:57:27,790 --> 00:57:26,000

know the shares of the company stock are

1431

00:57:29,859 --> 00:57:27,800

owned by the workers the machinery and

1432

00:57:31,780 --> 00:57:29,869

equipment are owned by the workers and

1433

00:57:33,580 --> 00:57:31,790

the profits are distributed amongst

1434

00:57:35,890 --> 00:57:33,590

everyone who works in the company rather

1435

00:57:38,500 --> 00:57:35,900

than just being collective eyes all at

1436

00:57:42,310 --> 00:57:38,510

the top so I think if we

1437

00:57:45,430 --> 00:57:42,320

focus on regain tools that make us money

1438

00:57:49,090 --> 00:57:45,440

the needs of production and then focus

1439

00:57:51,280 --> 00:57:49,100

on a long-term goal of getting rid of

1440

00:57:54,070 --> 00:57:51,290

this private central bank that loans at

1441

00:57:56,920 --> 00:57:54,080

interest to our government and then we

1442

00:57:58,750 --> 00:57:56,930

take the tack of thinking about the

1443

00:58:01,060 --> 00:57:58,760

world from a clearer perspective instead

1444

00:58:03,070 --> 00:58:01,070

of trying to fit into top-down cultural

1445

00:58:05,110 --> 00:58:03,080

norms I think it's those three things

1446

00:58:08,290 --> 00:58:05,120

are taken very seriously by enough

1447

00:58:11,770 --> 00:58:08,300

people then change would come and well

1448

00:58:13,630 --> 00:58:11,780

said and I think that is a pretty good

1449

00:58:15,850 --> 00:58:13,640

capstone on the first hour here I did

1450

00:58:18,700 --> 00:58:15,860

want to throw this out as well to quote

1451  
00:58:21,880 --> 00:58:18,710  
your piece booping' the zeitgeist which

1452  
00:58:23,170 --> 00:58:21,890  
I love a great term a great title thank

1453  
00:58:25,990 --> 00:58:23,180  
you one of my favorite scenes from

1454  
00:58:30,580 --> 00:58:26,000  
Superbad of course is the the infamous

1455  
00:58:33,160 --> 00:58:30,590  
Boop but you say I think much of the

1456  
00:58:35,650 --> 00:58:33,170  
divisiveness and polarization we've seen

1457  
00:58:38,560 --> 00:58:35,660  
come about in American society this last

1458  
00:58:41,130 --> 00:58:38,570  
decade is due to this cultural ego

1459  
00:58:43,570 --> 00:58:41,140  
crisis brought on by a failing economy

1460  
00:58:45,730 --> 00:58:43,580  
ultimately it's hard to lie to yourself

1461  
00:58:48,880 --> 00:58:45,740  
about the superiority of your culture

1462  
00:58:50,800 --> 00:58:48,890  
when you're in destitution so a lot of

1463  
00:58:52,930 --> 00:58:50,810

people are coming to sober realizations

1464

00:58:55,180 --> 00:58:52,940

about how screwed we are which creates

1465

00:58:57,070 --> 00:58:55,190

an anger that the media skillfully

1466

00:58:59,230 --> 00:58:57,080

redirects on to scapegoat

1467

00:59:01,540 --> 00:58:59,240

so the truly powerful aren't even talked

1468

00:59:03,610 --> 00:59:01,550

about this is how I'm afraid you'll go

1469

00:59:04,720 --> 00:59:03,620

down but the silver lining is the more

1470

00:59:06,550 --> 00:59:04,730

people that are aware of this

1471

00:59:10,240 --> 00:59:06,560

possibility the less likely it becomes

1472

00:59:12,970 --> 00:59:10,250

and I do think that is a great breakdown

1473

00:59:14,980 --> 00:59:12,980

of where a lot of people's mental space

1474

00:59:18,160 --> 00:59:14,990

is right now because when your

1475

00:59:20,350 --> 00:59:18,170

propaganda is so heavily especially here

1476

00:59:23,980 --> 00:59:20,360

that you're the best nation on earth and

1477

00:59:25,990 --> 00:59:23,990

then you're confronted with this economy

1478

00:59:29,560 --> 00:59:26,000

that is maybe on its last legs

1479

00:59:32,230 --> 00:59:29,570

it is tough I mean it definitely causes

1480

00:59:34,360 --> 00:59:32,240

some turmoil in the minds of people and

1481

00:59:37,240 --> 00:59:34,370

we have all this outrage and you're

1482

00:59:39,580 --> 00:59:37,250

right it's misdirected it's Blacks vs.

1483

00:59:43,480 --> 00:59:39,590

white it's men versus women

1484

00:59:46,600 --> 00:59:43,490

it's all right verse postmodernist

1485

00:59:48,880 --> 00:59:46,610

liberals and really we should focus on

1486

00:59:51,520 --> 00:59:48,890

exactly what our problems are and how to

1487

00:59:52,329 --> 00:59:51,530

have a better life for all of us which

1488

00:59:54,309 --> 00:59:52,339

really has no

1489

00:59:56,140 --> 00:59:54,319

thing to do with the legislation of

1490

00:59:58,870 --> 00:59:56,150

these other groups or putting them down

1491

01:00:01,059 --> 00:59:58,880

or whatever we could find common things

1492

01:00:02,799 --> 01:00:01,069

that we all need which is to be debt

1493

01:00:04,420 --> 01:00:02,809

free to have a better education system

1494

01:00:07,690 --> 01:00:04,430

just to have a better structure for

1495

01:00:09,370 --> 01:00:07,700

everyone if we could just focus you know

1496

01:00:12,569 --> 01:00:09,380

if we could avoid these pitfalls and

1497

01:00:16,059 --> 01:00:12,579

focus right yeah that's exactly true

1498

01:00:18,069 --> 01:00:16,069

right on so you have just written about

1499

01:00:20,529 --> 01:00:18,079

so many awesome things man and this

1500

01:00:22,959 --> 01:00:20,539

really has been a blast it really was

1501  
01:00:24,729 --> 01:00:22,969  
this Rothschild owned Zimbabwe and

1502  
01:00:26,589 --> 01:00:24,739  
Botswana posts that impressed me most

1503  
01:00:28,959 --> 01:00:26,599  
and then of course the Exxon Mobil

1504  
01:00:30,489 --> 01:00:28,969  
owning chad saga i don't think it

1505  
01:00:32,109 --> 01:00:30,499  
surprises a lot of people in the

1506  
01:00:33,910 --> 01:00:32,119  
audience but i think there they are

1507  
01:00:36,309 --> 01:00:33,920  
interesting chapters to the story that

1508  
01:00:38,019 --> 01:00:36,319  
have really yet to be laid out so big

1509  
01:00:41,380 --> 01:00:38,029  
thanks for that and i am curious if you

1510  
01:00:43,120 --> 01:00:41,390  
plan to do anything in this field beyond

1511  
01:00:45,190 --> 01:00:43,130  
your reddit post you plan to write a

1512  
01:00:48,339 --> 01:00:45,200  
book or somehow take your work in this

1513  
01:00:50,019 --> 01:00:48,349

area up a notch or two i'm probably

1514

01:00:51,999 --> 01:00:50,029

going to be starting a blog soon to get

1515

01:00:53,620 --> 01:00:52,009

things off of Reddit and then I'll

1516

01:00:55,239 --> 01:00:53,630

probably be starting a patreon or

1517

01:00:57,759 --> 01:00:55,249

something along those lines in the near

1518

01:00:59,829 --> 01:00:57,769

future so I'm looking to expand my

1519

01:01:02,829 --> 01:00:59,839

writing more perhaps is a kind of

1520

01:01:04,420 --> 01:01:02,839

freelancing thing if I can get enough

1521

01:01:06,009 --> 01:01:04,430

funding I could do it as a full-time job

1522

01:01:07,479 --> 01:01:06,019

I would love to do that but yeah

1523

01:01:10,120 --> 01:01:07,489

hopefully I'm contributing more time

1524

01:01:11,650 --> 01:01:10,130

writing to it more articles and I'm able

1525

01:01:13,539 --> 01:01:11,660

to make about one or two a week right

1526

01:01:15,339 --> 01:01:13,549

now and you know I'd love to do an

1527

01:01:17,589 --> 01:01:15,349

article on like every country and

1528

01:01:19,180 --> 01:01:17,599

explain who owns it and then put all

1529

01:01:20,920 --> 01:01:19,190

those together and have kind of a

1530

01:01:23,200 --> 01:01:20,930

narrative of how the world works I think

1531

01:01:25,719 --> 01:01:23,210

that would be amazing oh hell yeah man

1532

01:01:28,029 --> 01:01:25,729

that book does not exist yet you could

1533

01:01:31,599 --> 01:01:28,039

definitely put it in a you know one big

1534

01:01:33,430 --> 01:01:31,609

tome about basically the Encyclopedia of

1535

01:01:35,620 --> 01:01:33,440

countries and their ownership that would

1536

01:01:37,359 --> 01:01:35,630

be ambitious but it'd be pretty damn

1537

01:01:39,849 --> 01:01:37,369

awesome and you really are on that track

1538

01:01:41,769 --> 01:01:39,859

already so you know I would just say you

1539

01:01:43,839 --> 01:01:41,779

have a gift and I'm actually really

1540

01:01:47,170 --> 01:01:43,849

psyched to be able to direct the

1541

01:01:48,700 --> 01:01:47,180

audience to your subreddit

1542

01:01:53,289 --> 01:01:48,710

because they're going to learn some

1543

01:01:55,089 --> 01:01:53,299

stuff and I guess that's it I like your

1544

01:01:56,859 --> 01:01:55,099

style man I like your moves remind the

1545

01:01:58,569 --> 01:01:56,869

people where they can read that stuff if

1546

01:02:00,759 --> 01:01:58,579

they do want to dig deeper after this

1547

01:02:02,380 --> 01:02:00,769

conversation well if you want to look at

1548

01:02:04,329 --> 01:02:02,390

more writings you can go to the mag

1549

01:02:05,979 --> 01:02:04,339

Norris Evans subreddit which is you can

1550

01:02:06,190 --> 01:02:05,989

just google magna or seven or you can

1551

01:02:09,160 --> 01:02:06,200

get

1552

01:02:12,520 --> 01:02:09,170

reddit.com slash are slash Mike Norris

1553

01:02:14,500 --> 01:02:12,530

Evan boom awesome man well thanks again

1554

01:02:15,250 --> 01:02:14,510

keep doing what you do and best of luck

1555

01:02:17,020 --> 01:02:15,260

out there

1556

01:02:18,460 --> 01:02:17,030

Thank You Greg really enjoyed the

1557

01:02:23,109 --> 01:02:18,470

interview you got it

1558

01:02:25,960 --> 01:02:23,119

Wow mag Norris Evan I'm happy I love

1559

01:02:28,120 --> 01:02:25,970

this one we got a little back to basics

1560

01:02:30,520 --> 01:02:28,130

but with a twist I was actually going to

1561

01:02:32,710 --> 01:02:30,530

put something about African ownership in

1562

01:02:34,870 --> 01:02:32,720

the title because that's the most unique

1563

01:02:35,560 --> 01:02:34,880

thing about this one but it's not just

1564

01:02:38,410 --> 01:02:35,570

Africa

1565

01:02:40,839 --> 01:02:38,420

it's like [h\_\_h] everything and mag

1566

01:02:42,819 --> 01:02:40,849

Norris Evan has a real unique research

1567

01:02:45,400 --> 01:02:42,829

path I hope he does make the global

1568

01:02:47,890 --> 01:02:45,410

encyclopedia of ownership I would love

1569

01:02:49,870 --> 01:02:47,900

to see that book and nobody take his

1570

01:02:51,370 --> 01:02:49,880

idea of course I don't really know his

1571

01:02:53,829 --> 01:02:51,380

real name so I wouldn't be able to call

1572

01:02:56,530 --> 01:02:53,839

you out on it anyway but that would not

1573

01:02:58,329 --> 01:02:56,540

be cool still I mean it's just so

1574

01:03:00,280 --> 01:02:58,339

interesting also funny that in a

1575

01:03:01,960 --> 01:03:00,290

synchronistic fashion wedding and

1576

01:03:05,079 --> 01:03:01,970

engagement type of things keep popping

1577

01:03:06,760 --> 01:03:05,089

up in the shows lately definitely with

1578

01:03:08,920 --> 01:03:06,770

Connor Habib and I also feel like

1579

01:03:10,740 --> 01:03:08,930

something was said with Matt Landman but

1580

01:03:13,270 --> 01:03:10,750

I can't really remember what it was

1581

01:03:14,950 --> 01:03:13,280

stephen strong mentioned marriage and

1582

01:03:17,260 --> 01:03:14,960

not talking to your mother-in-law in the

1583

01:03:19,089 --> 01:03:17,270

Australian originals culture and today

1584

01:03:22,329 --> 01:03:19,099

we talked about the De Beers engagement

1585

01:03:24,550 --> 01:03:22,339

ring tradition scam but it's all in good

1586

01:03:27,640 --> 01:03:24,560

fun I'm really happy to be getting

1587

01:03:29,260 --> 01:03:27,650

married and that's really why I got to

1588

01:03:30,910 --> 01:03:29,270

get out of here I got friends showing up

1589

01:03:34,690 --> 01:03:30,920

in less than ten hours at this point

1590

01:03:37,510 --> 01:03:34,700

have to stay in Missouri coming out to

1591

01:03:41,620 --> 01:03:37,520

celebrate but I am glad we got three

1592

01:03:43,870 --> 01:03:41,630

shows out so early this month boom and I

1593

01:03:45,849 --> 01:03:43,880

do like all of them and so there will be

1594

01:03:47,920 --> 01:03:45,859

two more episodes coming out the last

1595

01:03:50,950 --> 01:03:47,930

week of the month when my special lady

1596

01:03:53,910 --> 01:03:50,960

and I get back from Tulum Mexico where

1597

01:03:57,190 --> 01:03:53,920

we are going to swim with dolphins

1598

01:03:59,620 --> 01:03:57,200

people I didn't want to do that for a

1599

01:04:01,809 --> 01:03:59,630

long long time and she wanted to take a

1600

01:04:03,700 --> 01:04:01,819

honeymoon and I thought this was a good

1601  
01:04:06,370 --> 01:04:03,710  
compromise between not going very far

1602  
01:04:08,530 --> 01:04:06,380  
and not get a major thing off my

1603  
01:04:10,000 --> 01:04:08,540  
freaking bucket list maybe they'll help

1604  
01:04:12,670 --> 01:04:10,010  
me catch some fish like they do in

1605  
01:04:14,380 --> 01:04:12,680  
Australia right but back to business of

1606  
01:04:16,329 --> 01:04:14,390  
course there's a plus show today what

1607  
01:04:18,609 --> 01:04:16,339  
did I talk to mag Norris Evan about in

1608  
01:04:19,960 --> 01:04:18,619  
the extended show well we got into the

1609  
01:04:21,910 --> 01:04:19,970

1627  
01:05:03,640 --> 01:05:02,090  
an expensive mess but we're good to go

1628  
01:05:05,620 --> 01:05:03,650

involved in shady business we try to get

1669

01:07:51,560 --> 01:07:47,060

a glimpse we're working on the number

1670

01:07:57,070 --> 01:07:51,570

resistance must advance the pin star

01:08:32,390 --> 01:08:27,510

I fear the kids don't the kids don't

1680

01:08:33,890 --> 01:08:32,400

stand the kids don't stand a chance hey

1681

01:08:35,870 --> 01:08:33,900

guys thanks for listening to the first

1682

01:08:38,000 --> 01:08:35,880

hour of the higher side chats podcast

1683

01:08:39,860 --> 01:08:38,010

with me Greg Carl would if you don't

1684

01:08:42,050 --> 01:08:39,870

know there is a second hour to all the

1685

01:08:43,760 --> 01:08:42,060

episodes we do around here generally

1686

01:08:45,500 --> 01:08:43,770

we're able to get a lot deeper into the

1687

01:08:47,510 --> 01:08:45,510

topics and ideas that a guest is about

1688

01:08:50,630 --> 01:08:47,520

so if you enjoyed what you've heard from

1689

01:08:52,849 --> 01:08:50,640

THC for free consider signing up at the

1690

01:08:54,800 --> 01:08:52,859

higher side chats plus com to get the

1691

01:08:57,140 --> 01:08:54,810

second hour of the five shows I put

1692

01:08:59,030 --> 01:08:57,150

together each month I never really

1693

01:09:00,740 --> 01:08:59,040

wanted to be a paid subscriber podcast

1694

01:09:02,720 --> 01:09:00,750

but I really hate the idea of spending

1695

01:09:04,849 --> 01:09:02,730

airtime promoting some product that's

1696

01:09:06,500 --> 01:09:04,859

completely unrelated and telling you the

1697

01:09:09,530 --> 01:09:06,510

best way to support the show is to buy

1698

01:09:11,390 --> 01:09:09,540

an audiobook or new underwear by mail or

1699

01:09:13,670 --> 01:09:11,400

something crazy like that so instead if

1700

01:09:15,349 --> 01:09:13,680

you like the show double your time with

1701

01:09:17,210 --> 01:09:15,359

it for five bucks a month and let's cut

1702

01:09:18,829 --> 01:09:17,220

out all the other [h\_\_h] it's half the

1703

01:09:20,599 --> 01:09:18,839

price of a movie ticket and you get at

1704

01:09:23,210 --> 01:09:20,609

least an extra five hours of show a

1705

01:09:25,010 --> 01:09:23,220

month collectively it keeps us stable

1706

01:09:26,630 --> 01:09:25,020

and it frees me from wasting your time

1707

01:09:29,180 --> 01:09:26,640

with anything but the show you came to

1708

01:09:31,160 --> 01:09:29,190

listen to it's really the only way for

1709

01:09:32,960 --> 01:09:31,170

an independent one-man show to make it

1710

01:09:35,180 --> 01:09:32,970

and I do what I can so that it's worth

1711

01:09:37,160 --> 01:09:35,190

your while since we started this I've

1712

01:09:39,200 --> 01:09:37,170

always tried to use the subscriptions to

1713

01:09:41,749 --> 01:09:39,210

improve the podcast and make signups

1714

01:09:42,559 --> 01:09:41,759

more advantageous it started with just a

1715

01:09:44,089 --> 01:09:42,569

second hour

1716

01:09:46,010 --> 01:09:44,099

for the main show but now we've got a

1717

01:09:47,780 --> 01:09:46,020

nice forum going where people can get

1718

01:09:50,180 --> 01:09:47,790

deeper in conversation about the

1719

01:09:52,669 --> 01:09:50,190

episodes with other listeners submit a

1720

01:09:55,160 --> 01:09:52,679

candidate in the guest request thread or

1721

01:09:56,720 --> 01:09:55,170

share their own personal projects to get

1722

01:09:58,430 --> 01:09:56,730

out of the soul-crushing nine-to-five

1723

01:10:00,740 --> 01:09:58,440

cog in the wheel life on the

1724

01:10:02,060 --> 01:10:00,750

entrepreneurs thread the forum in the

1725

01:10:03,979 --> 01:10:02,070

Plus comments are always the first

1726

01:10:06,229 --> 01:10:03,989

places I try to go for listener

1727

01:10:08,600 --> 01:10:06,239

engagement but it does get harder as the

1728

01:10:10,459 --> 01:10:08,610

show gets more popular because of that

1729

01:10:11,899 --> 01:10:10,469

there's also a direct messaging feature

1730

01:10:14,750 --> 01:10:11,909

that you can use to reach me through the

1731

01:10:16,370 --> 01:10:14,760

plus site also but beyond the forum if

1732

01:10:18,530 --> 01:10:16,380

you like any of the music I've used for

1733

01:10:20,330 --> 01:10:18,540

THC most of it I've hired artists to

1734

01:10:22,640 --> 01:10:20,340

make and I provided all its free

1735

01:10:24,020 --> 01:10:22,650

downloads to plus members too so if you

1736

01:10:26,240 --> 01:10:24,030

like a particular song you've heard

1737

01:10:28,640 --> 01:10:26,250

close the show out recently come get the

1738

01:10:30,589 --> 01:10:28,650

mp3 I should also mention that if you

1739

01:10:32,959 --> 01:10:30,599

don't like the idea of paying \$5

1740

01:10:35,120 --> 01:10:32,969

recurring every month I get that you can

1741

01:10:37,490 --> 01:10:35,130

buy three months six months or a year

1742

01:10:39,200 --> 01:10:37,500

upfront and just be done with it I have

1743

01:10:41,780 --> 01:10:39,210

plenty of listeners who send checks and

1744

01:10:43,850 --> 01:10:41,790

money orders to the PIO box too I try to

1745

01:10:45,229 --> 01:10:43,860

make it as easy for people as I can and

1746

01:10:47,419 --> 01:10:45,239

you can read more about it on the signup

1747

01:10:49,819 --> 01:10:47,429

page also be sure to check out the FAQ

1748

01:10:51,620 --> 01:10:49,829

help page on the plus side if you have

1749

01:10:53,510 --> 01:10:51,630

any questions or concerns about how to

1750

01:10:55,879 --> 01:10:53,520

listen to a password-protected show on

1751

01:10:57,800 --> 01:10:55,889

your devices I've highlighted a lot of

1752

01:11:00,229 --> 01:10:57,810

great solutions and one of those would

1753

01:11:02,959 --> 01:11:00,239

be the iPhone app that just recently hit

1754

01:11:05,089 --> 01:11:02,969

the Apple App Store a super kind and

1755

01:11:06,919 --> 01:11:05,099

talented listener made it for us and you

1756

01:11:09,080 --> 01:11:06,929

can use it to stream or download either

1757

01:11:12,050 --> 01:11:09,090

the free or the plus show if you're on

1758

01:11:13,640 --> 01:11:12,060

Android I'd use pocket casts or podcast

1759

01:11:16,220 --> 01:11:13,650

addict and subscribe to the feed

1760

01:11:18,919 --> 01:11:16,230

manually that way I also try to throw an

1761

01:11:20,899 --> 01:11:18,929

occasional bonus shows or QA shows and

1762

01:11:23,120 --> 01:11:20,909

I've got a few other weird ideas I might

1763

01:11:25,040 --> 01:11:23,130

get to try out soon but I give you all I

1764

01:11:26,720 --> 01:11:25,050

can for five bucks and I hope you'll at

1765

01:11:28,430 --> 01:11:26,730

least give it a shot if you've listened

1766

01:11:30,200 --> 01:11:28,440

to a few free shows and you find them

1767

01:11:31,970 --> 01:11:30,210

unique or valuable I know there's a lot

1768

01:11:34,129 --> 01:11:31,980

of podcasts out there and I'm just one

1769

01:11:35,930 --> 01:11:34,139

of them but if you have any questions

1770

01:11:37,459 --> 01:11:35,940

concerns or comments about any of this

1771

01:11:40,339 --> 01:11:37,469

please get in touch with us at the

1772

01:11:42,290 --> 01:11:40,349

higher side chats team at gmail.com I

1773

01:11:43,669 --> 01:11:42,300

also wanted to plug the higher side

1774

01:11:45,500 --> 01:11:43,679

newsletter I'm going to be putting out

1775

01:11:47,959 --> 01:11:45,510

totally free for anyone who wants to

1776

01:11:50,569 --> 01:11:47,969

sign up at the main Internet web site to

1777

01:11:52,399 --> 01:11:50,579

the show the higher side chats comm you

1778

01:11:54,049 --> 01:11:52,409

can also get on that email list through

1779

01:11:56,209 --> 01:11:54,059

the higher side chats Facebook page

1780

01:11:57,620 --> 01:11:56,219

there's a button there as well but

1781

01:12:00,109 --> 01:11:57,630

the reason I'm doing this is because I

1782

01:12:02,000 --> 01:12:00,119

get tons and tons of emails after a show

1783

01:12:04,100 --> 01:12:02,010

goes up asking me about how I feel about

1784

01:12:05,689 --> 01:12:04,110

a particular guest or topic and the

1785

01:12:07,669 --> 01:12:05,699

wrap-up isn't always the best place to

1786

01:12:09,649 --> 01:12:07,679

do that especially if I have anything

1787

01:12:11,509 --> 01:12:09,659

negative to say sometimes the dust needs

1788

01:12:14,000 --> 01:12:11,519

to settle sometimes they need to hear

1789

01:12:15,560 --> 01:12:14,010

feedback from you guys first there are a

1790

01:12:17,180 --> 01:12:15,570

lot of factors but I usually have

1791

01:12:19,759 --> 01:12:17,190

something to communicate to you and I

1792

01:12:20,149 --> 01:12:19,769

just don't get to do it so on the 1st of

1793

01:12:21,620 --> 01:12:20,159

the month

1794

01:12:23,419 --> 01:12:21,630

I plan to send out a little newsletter

1795

01:12:25,520 --> 01:12:23,429

with my thoughts about the five shows

1796

01:12:27,529 --> 01:12:25,530

the previous month and talk to you about

1797

01:12:29,899 --> 01:12:27,539

anything else that's on my mind or

1798

01:12:31,430 --> 01:12:29,909

that's going on and what's probably most

1799

01:12:33,439 --> 01:12:31,440

enticing is that I'm going to give you

1800

01:12:35,629 --> 01:12:33,449

some insight into at least one guest I

1801  
01:12:37,370 --> 01:12:35,639  
have coming up in the month which people

1802  
01:12:39,649 --> 01:12:37,380  
have been begging for some posted

1803  
01:12:41,779 --> 01:12:39,659  
schedule for a long time I personally

1804  
01:12:43,580 --> 01:12:41,789  
think I'd like to surprise but sign up

1805  
01:12:45,319 --> 01:12:43,590  
for the higher side newsletter it's free

1806  
01:12:46,910 --> 01:12:45,329

1807  
01:12:49,700 --> 01:12:46,920

1808  
01:12:51,350 --> 01:12:49,710  
emails and that's it I appreciate you

1809  
01:12:53,330 --> 01:12:51,360  
listening I try to give alternative

1810  
01:12:55,850 --> 01:12:53,340  
ideas and guests a fair shake on a

1811  
01:12:57,680 --> 01:12:55,860  
high-quality podcast expose some deep

1812  
01:12:59,959 --> 01:12:57,690  
level conspiracies without the yelling

1813  
01:13:01,700 --> 01:12:59,969

and I hope to offer some inspiration

1814

01:13:03,350 --> 01:13:01,710

that even though the system relentlessly

1815

01:13:05,839 --> 01:13:03,360

suggests you should follow their

1816

01:13:07,549 --> 01:13:05,849

blueprint to mediocrity you can do your

1817

01:13:09,500 --> 01:13:07,559

own thing and live a much happier life

1818

01:13:12,319 --> 01:13:09,510

despite all the negativity in the world
