00:00:07,430 --> 00:00:03,849

[Music]

2  
00:00:08,930 --> 00:00:07,440

the planets often masters almost surely

3  
00:00:11,270 --> 00:00:08,940

have a plan

4  
00:00:13,850 --> 00:00:11,280

this clearly made me something there

5  
00:00:17,320 --> 00:00:13,860

beyond the realm of man and if you

6  
00:00:20,480 --> 00:00:17,330

already tested every Pascal's just you

7  
00:00:28,939 --> 00:00:20,490

and the boy you think you know the less

8  
00:00:31,999 --> 00:00:28,949

you really do that's true dr. Zaius we

9  
00:00:33,279 --> 00:00:32,009

know that I do

10  
00:00:37,490 --> 00:00:33,289

[Music]

11  
00:00:39,440 --> 00:00:37,500

but we be without the

12  
00:00:42,450 --> 00:00:39,450

the science side

13  
00:00:45,400 --> 00:00:42,460

Oh God

14

00:00:46,959 --> 00:00:45,410

all right higher side chatters you hear

15

00:00:48,759 --> 00:00:46,969

people saying that everything we've been

16

00:00:50,799 --> 00:00:48,769

taught is a lie that our education

17

00:00:53,139 --> 00:00:50,809

system is little more than a propaganda

18

00:00:55,180 --> 00:00:53,149

machine and the material of science is

19

00:00:57,340 --> 00:00:55,190

just as much a religion as any of the

20

00:00:58,810 --> 00:00:57,350

others and to a large extent I do think

21

00:01:00,819 --> 00:00:58,820

they're right we're presented with

22

00:01:02,290 --> 00:01:00,829

credentialed talking-head experts that

23

00:01:04,780 --> 00:01:02,300

tell us there is nothing beyond the

24

00:01:06,520 --> 00:01:04,790

randomly self exploding universe that

25

00:01:08,830 --> 00:01:06,530

science is everything figured out and

26  
00:01:10,749 --> 00:01:08,840  
the Nazi lab coats that stock NASA have

27  
00:01:12,399 --> 00:01:10,759  
no ulterior motives than to present the

28  
00:01:14,740 --> 00:01:12,409  
public with their latest research for

29  
00:01:15,910 --> 00:01:14,750  
the good of mankind well over and over

30  
00:01:17,980 --> 00:01:15,920  
again during the course of this show

31  
00:01:19,450 --> 00:01:17,990  
I've been surprised to find the truth as

32  
00:01:21,790 --> 00:01:19,460  
I thought to be self-evident are

33  
00:01:23,859 --> 00:01:21,800  
actually conjured up to distract deceive

34  
00:01:25,719 --> 00:01:23,869  
and distort in deeper ways than many

35  
00:01:27,609 --> 00:01:25,729  
suspect and we should be careful to

36  
00:01:29,770 --> 00:01:27,619  
routinely question the things we think

37  
00:01:31,960 --> 00:01:29,780  
we know and with that said ever since

38  
00:01:33,850 --> 00:01:31,970

the infamous Eric Dubay episode I've had

39

00:01:35,770 --> 00:01:33,860

a large segment of listeners clamoring

40

00:01:38,200 --> 00:01:35,780

for more exploration of the Flat Earth

41

00:01:39,910 --> 00:01:38,210

paradigm we've also seen more and more

42

00:01:42,340 --> 00:01:39,920

researchers and guests open themselves

43

00:01:44,260 --> 00:01:42,350

up to the idea that realities construct

44

00:01:46,570 --> 00:01:44,270

is just as much of a deception as the

45

00:01:48,850 --> 00:01:46,580

moon landings false flag attacks and

46

00:01:50,859 --> 00:01:48,860

Columbus discovering America and while I

47

00:01:52,570 --> 00:01:50,869

still remain earth shape agnostic I'd

48

00:01:54,400 --> 00:01:52,580

rather hang around those who might go

49

00:01:56,410 --> 00:01:54,410

too deep as opposed to those who don't

50

00:01:59,050 --> 00:01:56,420

go deep enough and that's why today's

51  
00:02:01,210 --> 00:01:59,060  
guest is Jaron Campanella he's a fellow

52  
00:02:02,169 --> 00:02:01,220  
corporate retail held refugee that I

53  
00:02:04,389 --> 00:02:02,179  
consider to be one of the most

54  
00:02:06,669 --> 00:02:04,399  
reasonable rational voices in the Flat

55  
00:02:08,440 --> 00:02:06,679  
Earth community whose work I got into

56  
00:02:10,719 --> 00:02:08,450  
after a heavy recommendation from our

57  
00:02:12,520 --> 00:02:10,729  
good pal Marty Leeds Jaron runs the

58  
00:02:14,920 --> 00:02:12,530  
popular Flat Earth focused YouTube

59  
00:02:17,170 --> 00:02:14,930  
channel Jaron ISM with over 70,000

60  
00:02:19,330 --> 00:02:17,180  
subscribers it's a real pleasure to have

61  
00:02:21,400 --> 00:02:19,340  
him here Jaron my man welcome to the

62  
00:02:23,440 --> 00:02:21,410  
higher side hey Greg thanks for having

63  
00:02:26,050 --> 00:02:23,450

me appreciate it love the show all right

64

00:02:27,850 --> 00:02:26,060

ah man thank you and I do appreciate you

65

00:02:29,680 --> 00:02:27,860

being here like I said I tend to be

66

00:02:31,660 --> 00:02:29,690

earth shape agnostic which pisses off

67

00:02:33,759 --> 00:02:31,670

both sides because everyone is just so

68

00:02:36,820 --> 00:02:33,769

damn sure of something that I find to be

69

00:02:38,170 --> 00:02:36,830

almost too big to know but I have really

70

00:02:40,119 --> 00:02:38,180

been impressed with some of the proofs

71

00:02:42,400 --> 00:02:40,129

the Flat Earth community uses but others

72

00:02:44,229 --> 00:02:42,410

just don't seem quite as convincing so

73

00:02:46,330 --> 00:02:44,239

I'm stuck but I think the best way to

74

00:02:48,729 --> 00:02:46,340

open the door here is to show the major

75

00:02:50,739 --> 00:02:48,739

holes in the official paradigm first so

76

00:02:52,360 --> 00:02:50,749

that people can see the need to rework

77

00:02:52,869 --> 00:02:52,370

the model or question what we've been

78

00:02:54,910 --> 00:02:52,879

told

79

00:02:55,720 --> 00:02:54,920

so I guess to kick this off what do you

80

00:02:57,000 --> 00:02:55,730

consider

81

00:02:59,710 --> 00:02:57,010

some of the most convincing

82

00:03:02,500 --> 00:02:59,720

discrepancies are flaws in what we're

83

00:03:04,540 --> 00:03:02,510

told would be the mainstream model yeah

84

00:03:06,970 --> 00:03:04,550

thanks well you know all I ask from

85

00:03:09,370 --> 00:03:06,980

people is that they are open-minded and

86

00:03:11,170 --> 00:03:09,380

if they kind of understand where we're

87

00:03:12,910 --> 00:03:11,180

coming from with the whole idea of the

88

00:03:15,150 --> 00:03:12,920

Flat Earth and I think many people just

89

00:03:17,590 --> 00:03:15,160

right off the bat again dismiss it as a

90

00:03:19,120 --> 00:03:17,600

crazy conspiracy theory or something

91

00:03:22,240 --> 00:03:19,130

that we've known for thousands of years

92

00:03:24,670 --> 00:03:22,250

and really they need to look at the

93

00:03:27,339 --> 00:03:24,680

whole plate of information and kind of

94

00:03:28,960 --> 00:03:27,349

put themselves in the position of NASA

95

00:03:30,880 --> 00:03:28,970

or put themselves in the position of

96

00:03:33,009 --> 00:03:30,890

science and think about what would

97

00:03:34,870 --> 00:03:33,019

happen if at some point in your

98

00:03:37,630 --> 00:03:34,880

investigations that you realize that you

99

00:03:39,309 --> 00:03:37,640

were drastically wrong about something

100

00:03:42,100 --> 00:03:39,319

as fundamental as the shape of the earth

101  
00:03:44,259 --> 00:03:42,110  
and what would you do if you were NASA

102  
00:03:45,610 --> 00:03:44,269  
for instance you know if you realize

103  
00:03:48,009 --> 00:03:45,620  
that you couldn't go to the moon and

104  
00:03:49,240 --> 00:03:48,019  
that you never will be able to is that

105  
00:03:51,580 --> 00:03:49,250  
something that you would be able to

106  
00:03:53,860 --> 00:03:51,590  
release and the answer is probably no

107  
00:03:55,690 --> 00:03:53,870  
that you know to continue on with what

108  
00:03:57,850 --> 00:03:55,700  
you're doing and to continue your

109  
00:03:59,710 --> 00:03:57,860  
research and to continue your money to

110  
00:04:01,210 --> 00:03:59,720  
continue your funding from the

111  
00:04:03,640 --> 00:04:01,220  
government you would need to make sure

112  
00:04:05,949 --> 00:04:03,650  
that you held up that Apollo myth for as

113  
00:04:07,150 --> 00:04:05,959

long as possible and that's what it

114

00:04:09,069 --> 00:04:07,160

seems like they're doing so you need to

115

00:04:12,340 --> 00:04:09,079

kind of put yourself in that position

116

00:04:14,440 --> 00:04:12,350

first of all and then as far as the you

117

00:04:15,970 --> 00:04:14,450

know the best proof you know I would

118

00:04:18,699 --> 00:04:15,980

first of all say it's really a

119

00:04:21,550 --> 00:04:18,709

combination of all of my videos it's

120

00:04:23,290 --> 00:04:21,560

made me quote-unquote flat earther when

121

00:04:24,969 --> 00:04:23,300

you do the research and you really start

122

00:04:26,500 --> 00:04:24,979

looking into it you have to realize that

123

00:04:28,630 --> 00:04:26,510

a lot of things are going to be

124

00:04:28,930 --> 00:04:28,640

explained away by science in some way or

125

00:04:32,320 --> 00:04:28,940

another

126  
00:04:33,760 --> 00:04:32,330  
that should be expected and then once

127  
00:04:35,710 --> 00:04:33,770  
you've gone through and looked at the

128  
00:04:38,260 --> 00:04:35,720  
history of everything and you've looked

129  
00:04:40,060 --> 00:04:38,270  
at quotes from major physicists and the

130  
00:04:41,560 --> 00:04:40,070  
way that they tell you how they come

131  
00:04:44,200 --> 00:04:41,570  
across their answers and what they

132  
00:04:46,330 --> 00:04:44,210  
basically base everything on that's when

133  
00:04:48,250 --> 00:04:46,340  
you can kind of start to formulate your

134  
00:04:50,350 --> 00:04:48,260  
own opinion or your own theory and

135  
00:04:51,580 --> 00:04:50,360  
that's basically what I've done is by

136  
00:04:54,340 --> 00:04:51,590  
looking at everything you know you can

137  
00:04:56,920 --> 00:04:54,350  
go to George Ellis who is one of the

138  
00:04:58,990 --> 00:04:56,930

main stream physicists and you know he

139

00:05:01,150 --> 00:04:59,000

said that he can construct a spherically

140

00:05:03,490 --> 00:05:01,160

symmetrical universe with the earth at

141

00:05:06,130 --> 00:05:03,500

its center and you could not disprove it

142

00:05:09,070 --> 00:05:06,140

by observations and then he says that

143

00:05:11,740 --> 00:05:09,080

you know a lot of cosmology is a

144

00:05:13,719 --> 00:05:11,750

on a philosophical notion and a lot of

145

00:05:16,149 --> 00:05:13,729

cosmology tries to hide that and in that

146

00:05:17,890 --> 00:05:16,159

quote I thought to myself when I first

147

00:05:19,990 --> 00:05:17,900

saw it you know here's a mainstream

148

00:05:22,360 --> 00:05:20,000

physicist telling people that a lot of

149

00:05:24,850 --> 00:05:22,370

cosmology which is a science tries to

150

00:05:27,040 --> 00:05:24,860

hide that so when I hear that and I

151

00:05:29,529 --> 00:05:27,050

realize okay so science is trying to

152

00:05:31,689 --> 00:05:29,539

hide some things or is keeping some

153

00:05:34,149 --> 00:05:31,699

things to themselves then I started

154

00:05:36,010 --> 00:05:34,159

exploring from that point and really you

155

00:05:38,499 --> 00:05:36,020

just get to these fundamental issues

156

00:05:40,420 --> 00:05:38,509

which is like our senses you know I

157

00:05:42,999 --> 00:05:40,430

think that our senses can be trusted we

158

00:05:45,790 --> 00:05:43,009

trust them every day all day and we

159

00:05:48,070 --> 00:05:45,800

don't realize that we also allow science

160

00:05:50,350 --> 00:05:48,080

to tell us your senses can't be trusted

161

00:05:52,360 --> 00:05:50,360

that they're there to fool you or they

162

00:05:55,209 --> 00:05:52,370

will fool you but really when you break

163

00:05:58,180 --> 00:05:55,219

it down yeah but if a scientist develops

164

00:05:59,499 --> 00:05:58,190

some maybe it's an illusion that they

165

00:06:00,969 --> 00:05:59,509

tell you to look at and stare at this

166

00:06:02,559 --> 00:06:00,979

dot for a certain amount of time and

167

00:06:05,980 --> 00:06:02,569

then this dot will disappear or whatever

168

00:06:08,619 --> 00:06:05,990

you've also got other effects that they

169

00:06:10,749 --> 00:06:08,629

do and yeah those are meant to fool your

170

00:06:12,040 --> 00:06:10,759

senses so in those cases your senses do

171

00:06:14,649 --> 00:06:12,050

fail you but for the most part your

172

00:06:16,600 --> 00:06:14,659

senses are exactly and do exactly what

173

00:06:18,129 --> 00:06:16,610

they should tell you things are hot tell

174

00:06:19,629 --> 00:06:18,139

you when to cross the street when not to

175

00:06:21,909 --> 00:06:19,639

cross the street when something safe

176

00:06:24,490 --> 00:06:21,919

when it's not and unless you're fooled

177

00:06:26,320 --> 00:06:24,500

your senses always work as they're

178

00:06:28,899 --> 00:06:26,330

supposed to but when it comes to things

179

00:06:29,439 --> 00:06:28,909

in the sky when it comes to where you

180

00:06:31,420 --> 00:06:29,449

live

181

00:06:33,459 --> 00:06:31,430

all of a sudden again they tell you that

182

00:06:35,290 --> 00:06:33,469

your senses values so even though you

183

00:06:37,930 --> 00:06:35,300

can go outside look at the sky and see

184

00:06:40,089 --> 00:06:37,940

stars that look to be really close

185

00:06:43,300 --> 00:06:40,099

science tells us that the nearest star

186

00:06:45,700 --> 00:06:43,310

other than the Sun is 25 trillion miles

187

00:06:49,089 --> 00:06:45,710

away and people I think have a hard time

188

00:06:51,430 --> 00:06:49,099

even grasping what 25 trillion miles

189

00:06:54,430 --> 00:06:51,440

would be I mean you know a trillion

190

00:06:55,659 --> 00:06:54,440

seconds is thirty one thousand years so

191

00:06:58,390 --> 00:06:55,669

you know when you think about 25

192

00:07:00,399 --> 00:06:58,400

trillion miles that is just a ridiculous

193

00:07:01,600 --> 00:07:00,409

number and they tell you that that's how

194

00:07:04,300 --> 00:07:01,610

far they are and you have a choice

195

00:07:06,579 --> 00:07:04,310

either believe in what men tell you or

196

00:07:09,040 --> 00:07:06,589

to believe what your eyes tell you and

197

00:07:11,589 --> 00:07:09,050

when you look at the Sun it clearly to

198

00:07:13,869 --> 00:07:11,599

me at least traverses the sky you know

199

00:07:16,089 --> 00:07:13,879

the Sun is what's moving not the earth

200

00:07:17,829 --> 00:07:16,099

and when it comes to the spin of the

201  
00:07:20,050 --> 00:07:17,839  
earth we know nobody in the history of

202  
00:07:22,410 --> 00:07:20,060  
the world 100 billion people has ever

203  
00:07:23,730 --> 00:07:22,420  
felt the earth to be moving you

204  
00:07:25,920 --> 00:07:23,740  
they tell us that it is and at our

205  
00:07:27,240 --> 00:07:25,930  
senses again fail us so you know those

206  
00:07:30,240 --> 00:07:27,250  
are some of the biggest proofs to meet

207  
00:07:32,880 --> 00:07:30,250  
water definitely always finding its

208  
00:07:35,100 --> 00:07:32,890  
level always being flat that's something

209  
00:07:37,260 --> 00:07:35,110  
that until I see evidence in the

210  
00:07:39,540 --> 00:07:37,270  
contrary it's hard for me to just accept

211  
00:07:41,730 --> 00:07:39,550  
that the ball that they show me on TV or

212  
00:07:44,610 --> 00:07:41,740  
the ball that NASA gives me the Blue

213  
00:07:46,470 --> 00:07:44,620

Marble is something that exists in

214

00:07:48,060 --> 00:07:46,480

reality to me it looks like a depiction

215

00:07:51,570 --> 00:07:48,070

it looks like a drawing it looks like

216

00:07:53,690 --> 00:07:51,580

CGI and so when I see that and I see the

217

00:07:57,030 --> 00:07:53,700

water hanging upside down or sideways it

218

00:07:59,340 --> 00:07:57,040

tends to not meet my opinion of the

219

00:08:01,680 --> 00:07:59,350

world based on my senses and so I used

220

00:08:03,960 --> 00:08:01,690

to think that my senses do fail me often

221

00:08:05,550 --> 00:08:03,970

now I don't I now think that for the

222

00:08:07,650 --> 00:08:05,560

most part my sense is unless they're

223

00:08:09,600 --> 00:08:07,660

fooled do the job they're supposed to

224

00:08:12,390 --> 00:08:09,610

and my senses tell me that the earth is

225

00:08:14,310 --> 00:08:12,400

flat well it is interesting you bring

226

00:08:15,510 --> 00:08:14,320

out that near a star I got this was

227

00:08:17,490 --> 00:08:15,520

something I was going to get into later

228

00:08:19,620 --> 00:08:17,500

but when I was getting ready for the

229

00:08:21,090 --> 00:08:19,630

show I did a little math in regards to

230

00:08:23,280 --> 00:08:21,100

what we're told about space and the

231

00:08:26,040 --> 00:08:23,290

Stars and I do find this a little fishy

232

00:08:27,990 --> 00:08:26,050

so we're told the Sun is a little over

233

00:08:30,450 --> 00:08:28,000

eight hundred thousand miles in diameter

234

00:08:32,969 --> 00:08:30,460

it's 93 million miles away and looks

235

00:08:35,219 --> 00:08:32,979

about the size of a dime from our

236

00:08:37,680 --> 00:08:35,229

perspective on earth meanwhile these

237

00:08:40,469 --> 00:08:37,690

other stars are trillions of miles away

238

00:08:42,420 --> 00:08:40,479

in fact that nearest star and just keep

239

00:08:44,490 --> 00:08:42,430

in mind how many stars we actually see

240

00:08:47,670 --> 00:08:44,500

in the night sky thousands of them the

241

00:08:50,670 --> 00:08:47,680

next nearest is said to be 24 trillion

242

00:08:52,680 --> 00:08:50,680

miles away and all other stars would

243

00:08:54,740 --> 00:08:52,690

have to be further than that and we can

244

00:08:58,290 --> 00:08:54,750

see them I mean they're supposed to be

245

00:09:01,500 --> 00:08:58,300

24 trillion miles of line of sight in

246

00:09:04,080 --> 00:09:01,510

space in almost all directions okay

247

00:09:07,350 --> 00:09:04,090

that's that doesn't sound right to me I

248

00:09:09,210 --> 00:09:07,360

mean 24 trillion miles of line-of-sight

249

00:09:12,210 --> 00:09:09,220

and it's something you can always see

250

00:09:15,000 --> 00:09:12,220

nothing ever crosses that path I don't

251

00:09:16,950 --> 00:09:15,010

know it does seem odd yeah it's pretty

252

00:09:19,620 --> 00:09:16,960

crazy and I mean really when you look at

253

00:09:20,730 --> 00:09:19,630

the Sun being what do they say you know

254

00:09:22,290 --> 00:09:20,740

it would take eight minutes for us to

255

00:09:24,060 --> 00:09:22,300

know that it blew up or something they

256

00:09:26,970 --> 00:09:24,070

tell us because it's eight light minutes

257

00:09:28,770 --> 00:09:26,980

away so if you doubled that and then

258

00:09:31,320 --> 00:09:28,780

picture as we double this distance if

259

00:09:33,210 --> 00:09:31,330

the Sun is reducing its size so double

260

00:09:34,650 --> 00:09:33,220

that at 16 light minutes and then double

261

00:09:35,820 --> 00:09:34,660

that again now you're looking at a light

262

00:09:36,930 --> 00:09:35,830

1/2 hour

263

00:09:39,300 --> 00:09:36,940

and then double that again and you're

264

00:09:42,180 --> 00:09:39,310

looking at a light our well stars are

265

00:09:44,430 --> 00:09:42,190

light-years away yet even in the light

266

00:09:46,050 --> 00:09:44,440

our you know would you still be able to

267

00:09:47,730 --> 00:09:46,060

see the Sun after you've doubled the

268

00:09:49,710 --> 00:09:47,740

distance double the distance double the

269

00:09:52,020 --> 00:09:49,720

distance seems to me that the Sun would

270

00:09:54,630 --> 00:09:52,030

disappear relatively quick in a light

271

00:09:57,360 --> 00:09:54,640

hour maybe a light day but never be

272

00:09:59,700 --> 00:09:57,370

visible in a light year or multiple

273

00:10:02,550 --> 00:09:59,710

light years as is the case with the

274

00:10:04,470 --> 00:10:02,560

Stars mm-hmm I mean it is a curious

275

00:10:05,730 --> 00:10:04,480

thing and to kind of dive deeper into

276

00:10:08,340 --> 00:10:05,740

the the problems with the mainstream

277

00:10:10,700 --> 00:10:08,350

theory I've heard you talk about how the

278

00:10:13,890 --> 00:10:10,710

math just doesn't work for the

279

00:10:15,150 --> 00:10:13,900

heliocentric globe model what are you

280

00:10:16,410 --> 00:10:15,160

referring to there I'm sure some of

281

00:10:19,230 --> 00:10:16,420

these things we're talking about now but

282

00:10:21,270 --> 00:10:19,240

can you give us some other examples well

283

00:10:23,030 --> 00:10:21,280

as far as the math you know mostly when

284

00:10:25,590 --> 00:10:23,040

you're talking about the speeds and the

285

00:10:27,510 --> 00:10:25,600

orbits and things like that I mean I do

286

00:10:30,270 --> 00:10:27,520

think that space is a mathematical

287

00:10:32,670 --> 00:10:30,280

construct so I definitely do think the

288

00:10:34,590 --> 00:10:32,680

math itself works but that doesn't mean

289

00:10:37,320 --> 00:10:34,600

that I find it to be reality right I

290

00:10:38,700 --> 00:10:37,330

mean I've said before that if I told you

291

00:10:40,350 --> 00:10:38,710

I had four million dollars in the bank

292

00:10:42,420 --> 00:10:40,360

and that I was spending two million

293

00:10:44,220 --> 00:10:42,430

today and then a million tomorrow that

294

00:10:46,170 --> 00:10:44,230

we would all agree that I would have a

295

00:10:48,030 --> 00:10:46,180

million dollars left after that the math

296

00:10:49,020 --> 00:10:48,040

works but that's not reality I don't

297

00:10:52,320 --> 00:10:49,030

have a thousand dollars in my bank

298

00:10:54,600 --> 00:10:52,330

account you know so math works yes but

299

00:10:56,430 --> 00:10:54,610

it doesn't always imply that what you're

300

00:10:59,070 --> 00:10:56,440

talking about mathematically exists in

301  
00:11:00,960 --> 00:10:59,080  
reality so when you talk about the earth

302  
00:11:03,300 --> 00:11:00,970  
spinning at a thousand miles per hour or

303  
00:11:05,340 --> 00:11:03,310  
going around the Sun at 66,000 miles per

304  
00:11:06,870 --> 00:11:05,350  
hour or the Sun and everything going

305  
00:11:08,640 --> 00:11:06,880  
around the Milky Way at four hundred

306  
00:11:11,040 --> 00:11:08,650  
eighty thousand miles per hour these

307  
00:11:13,560 --> 00:11:11,050  
speeds are all needed in their model and

308  
00:11:15,690 --> 00:11:13,570  
the question becomes do they work in

309  
00:11:17,160 --> 00:11:15,700  
reality or are they reality really if

310  
00:11:18,690 --> 00:11:17,170  
you picture yourself getting up away

311  
00:11:21,210 --> 00:11:18,700  
from the earth right now if we kind of

312  
00:11:22,740 --> 00:11:21,220  
took off in a little spacecraft and got

313  
00:11:25,290 --> 00:11:22,750

outside of the earth and we're looking

314

00:11:27,790 --> 00:11:25,300

at the whole say solar system everything

315

00:11:30,310 --> 00:11:27,800

would actually be standing still

316

00:11:31,509 --> 00:11:30,320

that crazy speed seems crazy but it's

317

00:11:33,670 --> 00:11:31,519

because of the distance we have to

318

00:11:35,920 --> 00:11:33,680

travel right and we have to go 66,000

319

00:11:40,150 --> 00:11:35,930

miles per hour to get all the way around

320

00:11:41,800 --> 00:11:40,160

the I think it's 585 million mile yearly

321

00:11:44,710 --> 00:11:41,810

track that we have to go around the Sun

322

00:11:46,449 --> 00:11:44,720

and it's crazy that sounds and as fast

323

00:11:48,040 --> 00:11:46,459

as that sounds if you got up and we're

324

00:11:48,550 --> 00:11:48,050

looking at the whole system right now in

325

00:11:50,079 --> 00:11:48,560

real-time

326

00:11:52,810 --> 00:11:50,089

everything would be standing still

327

00:11:54,819 --> 00:11:52,820

because the distances are so vast that

328

00:11:56,620 --> 00:11:54,829

that's why the speed numbers are so big

329

00:11:59,079 --> 00:11:56,630

so it really seems to me to be a

330

00:12:02,350 --> 00:11:59,089

construct anybody who tells me the Sun

331

00:12:04,360 --> 00:12:02,360

that's in the sky is 93 million miles

332

00:12:06,220 --> 00:12:04,370

away and that it's a million times

333

00:12:08,769 --> 00:12:06,230

bigger than the earth that's pretty

334

00:12:11,259 --> 00:12:08,779

crazy and they better have a lot of

335

00:12:13,329 --> 00:12:11,269

evidence and proof to show me that and I

336

00:12:15,100 --> 00:12:13,339

don't think that they've ever gone that

337

00:12:16,780 --> 00:12:15,110

route it's not like they waited until we

338

00:12:18,940 --> 00:12:16,790

were old enough to question things to

339

00:12:20,410 --> 00:12:18,950

teach us these numbers in the way that

340

00:12:22,720 --> 00:12:20,420

the globe works they taught it to us

341

00:12:24,880 --> 00:12:22,730

when we were in you know first and

342

00:12:27,190 --> 00:12:24,890

second grade at a period in time where

343

00:12:28,960 --> 00:12:27,200

none of us had the capacity to even

344

00:12:30,759 --> 00:12:28,970

understand what they were telling us and

345

00:12:34,240 --> 00:12:30,769

when you don't have a chance of coming

346

00:12:36,130 --> 00:12:34,250

out of 4th 5th 6th grade without being a

347

00:12:38,380 --> 00:12:36,140

staunch believer in the globe model

348

00:12:40,480 --> 00:12:38,390

really it's a great setup if you're

349

00:12:42,040 --> 00:12:40,490

trying to deceive people because you

350

00:12:43,540 --> 00:12:42,050

know you get to this age and when you

351  
00:12:45,519 --> 00:12:43,550  
bring it up to people they will not even

352  
00:12:47,470 --> 00:12:45,529  
want to hear you because of what it

353  
00:12:49,630 --> 00:12:47,480  
implies and that implies that everything

354  
00:12:52,720 --> 00:12:49,640  
that they believe their entire life may

355  
00:12:55,210 --> 00:12:52,730  
not necessarily be the truth mm-hmm-hmm

356  
00:12:57,490 --> 00:12:55,220  
and what I do love about your channel

357  
00:12:59,290 --> 00:12:57,500  
and your work is you have the numbers

358  
00:13:01,900 --> 00:12:59,300  
and the details of the conventional

359  
00:13:04,090 --> 00:13:01,910  
paradigm down pat and it's just so funny

360  
00:13:06,550 --> 00:13:04,100  
because you bring this up to a lot of

361  
00:13:08,230 --> 00:13:06,560  
regular folks and they'll be like oh

362  
00:13:10,269 --> 00:13:08,240  
this is ridiculous the earth is clearly

363  
00:13:12,069 --> 00:13:10,279

round you say ok well what's the

364

00:13:13,720 --> 00:13:12,079

diameter of the circumference of the

365

00:13:15,579 --> 00:13:13,730

earth like what are what are any of

366

00:13:17,470 --> 00:13:15,589

these numbers that you take blind faith

367

00:13:19,300 --> 00:13:17,480

in you just think oh they've got it but

368

00:13:21,130 --> 00:13:19,310

you really don't know anything about it

369

00:13:23,439 --> 00:13:21,140

but you're so sure that's the way it is

370

00:13:25,960 --> 00:13:23,449

it's like you can actually tell them

371

00:13:28,180 --> 00:13:25,970

you're supposed to be 25,000 miles

372

00:13:29,769 --> 00:13:28,190

around and it's just interesting that

373

00:13:31,840 --> 00:13:29,779

they don't even know these things and

374

00:13:34,000 --> 00:13:31,850

you know their paradigm better than the

375

00:13:35,550 --> 00:13:34,010

so-called true believers it's it's the

376

00:13:38,410 --> 00:13:35,560

way you have to do this kind of research

377

00:13:41,380 --> 00:13:38,420

yeah you have to know what it is that

378

00:13:43,240 --> 00:13:41,390

you are saying isn't true

379

00:13:44,740 --> 00:13:43,250

for me that was a big part of it is

380

00:13:46,420 --> 00:13:44,750

going through and actually looking at

381

00:13:48,700 --> 00:13:46,430

these numbers and just coming into some

382

00:13:52,270 --> 00:13:48,710

some strange ones I mean for instance

383

00:13:54,040 --> 00:13:52,280

the idea that the Sun you know as far as

384

00:13:56,410 --> 00:13:54,050

seasons they say that seasons are based

385

00:13:59,200 --> 00:13:56,420

off the angle of the Sun because during

386

00:14:01,630 --> 00:13:59,210

our summer are you in North America yes

387

00:14:04,120 --> 00:14:01,640

San Diego ok ok so we're both in

388

00:14:05,800 --> 00:14:04,130

California so when the Sun is and this

389

00:14:08,380 --> 00:14:05,810

will be something you can tell me what

390

00:14:10,630 --> 00:14:08,390

you think but the Sun would seem to me

391

00:14:12,820 --> 00:14:10,640

to be much closer during the summer it

392

00:14:14,920 --> 00:14:12,830

seems to be definitely more above my

393

00:14:16,960 --> 00:14:14,930

head during the summer it's definitely

394

00:14:19,720 --> 00:14:16,970

further south and it's lower in the sky

395

00:14:22,180 --> 00:14:19,730

seems like it's further away if I go out

396

00:14:24,670 --> 00:14:22,190

and look at a sunrise during the summer

397

00:14:26,200 --> 00:14:24,680

I can feel the heat on my face whereas

398

00:14:27,820 --> 00:14:26,210

if I go out during the winter when the

399

00:14:30,220 --> 00:14:27,830

Sun is a Zenith you know which would be

400

00:14:31,840 --> 00:14:30,230

a 12 o'clock I don't really feel the Sun

401

00:14:33,910 --> 00:14:31,850

I can see it off in the distance but it

402

00:14:36,430 --> 00:14:33,920

doesn't feel warm to me so the

403

00:14:39,400 --> 00:14:36,440

mainstream belief is that the Sun is

404

00:14:42,580 --> 00:14:39,410

actually 3 million miles closer during

405

00:14:44,620 --> 00:14:42,590

our winter and that to me is just crazy

406

00:14:46,240 --> 00:14:44,630

and 3 million miles may not seem like

407

00:14:49,720 --> 00:14:46,250

much when you're talking 93 million

408

00:14:51,940 --> 00:14:49,730

miles but then again it's 375 earth

409

00:14:55,180 --> 00:14:51,950

diameters so if you picture you know the

410

00:14:57,130 --> 00:14:55,190

earth is a ball and then make 375 more

411

00:15:00,100 --> 00:14:57,140

of those balls that's how closer the Sun

412

00:15:02,530 --> 00:15:00,110

is during the winter for us and I mean

413

00:15:04,840 --> 00:15:02,540

that to me doesn't seem to be the truth

414

00:15:07,000 --> 00:15:04,850

it just doesn't seem like it's a fact

415

00:15:09,100 --> 00:15:07,010

and that's what they tell us and so for

416

00:15:10,570 --> 00:15:09,110

me it's easier when I look at the Flat

417

00:15:12,880 --> 00:15:10,580

Earth model and I look at how that's

418

00:15:14,260 --> 00:15:12,890

been laid out for us and the ideas that

419

00:15:17,530 --> 00:15:14,270

people are starting to come to around

420

00:15:19,060 --> 00:15:17,540

the idea of the Flat Earth that's one in

421

00:15:20,980 --> 00:15:19,070

which it shows that the Sun is clearly

422

00:15:22,630 --> 00:15:20,990

closer to me during this summer and so

423

00:15:25,990 --> 00:15:22,640

you know I have to go with what evidence

424

00:15:28,050 --> 00:15:26,000

best fits my reality mmm and then as a

425

00:15:30,280 --> 00:15:28,060

conspiracy enthusiast I'm always

426  
00:15:32,320 --> 00:15:30,290  
frustrated in an argument when someone

427  
00:15:33,970 --> 00:15:32,330  
responds with well it's just too big of

428  
00:15:35,770 --> 00:15:33,980  
a secret there would be too many people

429  
00:15:38,470 --> 00:15:35,780  
involved I've heard that on everything

430  
00:15:40,090 --> 00:15:38,480  
from 9/11 to the moon landing and it's a

431  
00:15:42,700 --> 00:15:40,100  
pretty big assumption to hang your

432  
00:15:44,830 --> 00:15:42,710  
beliefs on but at the same time I do

433  
00:15:47,350 --> 00:15:44,840  
find myself making this very argument

434  
00:15:49,630 --> 00:15:47,360  
about the Flat Earth model however when

435  
00:15:51,010 --> 00:15:49,640  
you consider career fields that would

436  
00:15:53,230 --> 00:15:51,020  
involve the shape of the earth like

437  
00:15:55,390 --> 00:15:53,240  
surveying you do find some interesting

438  
00:15:57,670 --> 00:15:55,400

things to quote your website you say

439

00:15:59,320 --> 00:15:57,680

you would think that a surveyor one who

440

00:16:01,120 --> 00:15:59,330

is attempting to retrieve the most

441

00:16:03,580 --> 00:16:01,130

accurate results of the ground they are

442

00:16:05,230 --> 00:16:03,590

surveying would have to adjust for or

443

00:16:07,510 --> 00:16:05,240

take into account the curvature of the

444

00:16:07,960 --> 00:16:07,520

earth but this is simply not how it is

445

00:16:10,450 --> 00:16:07,970

done

446

00:16:12,610 --> 00:16:10,460

notice to begin chapter two below from

447

00:16:15,070 --> 00:16:12,620

the basic surveying methods guide it

448

00:16:17,320 --> 00:16:15,080

states that most surveying activities

449

00:16:19,120 --> 00:16:17,330

are performed with the pseudo assumption

450

00:16:21,730 --> 00:16:19,130

that measurements are being made with

451

00:16:24,610 --> 00:16:21,740

reference to a flat horizontal surface

452

00:16:27,490 --> 00:16:24,620

then in diagram 2.1 comes the classic

453

00:16:30,550 --> 00:16:27,500

line quote by definition the curved

454

00:16:33,070 --> 00:16:30,560

surface of a sphere is termed a level

455

00:16:36,400 --> 00:16:33,080

surface and I mean that's a fairly

456

00:16:37,660 --> 00:16:36,410

strange statement you got to admit yeah

457

00:16:39,670 --> 00:16:37,670

there's a lot of them like that I mean

458

00:16:42,640 --> 00:16:39,680

really when you look at it it's

459

00:16:45,130 --> 00:16:42,650

basically a war of words because if you

460

00:16:47,890 --> 00:16:45,140

ask somebody who's a globe believer you

461

00:16:50,530 --> 00:16:47,900

know why is it sea level at say San

462

00:16:52,180 --> 00:16:50,540

Diego and also sea level in Australia

463

00:16:55,510 --> 00:16:52,190

and they'll tell you that both of those

464

00:16:56,950 --> 00:16:55,520

positions are level that's the word that

465

00:16:58,780 --> 00:16:56,960

they will use and so you're like okay

466

00:17:01,870 --> 00:16:58,790

well then the earth is flat is a plane

467

00:17:03,850 --> 00:17:01,880

and they'll say no because both areas

468

00:17:05,800 --> 00:17:03,860

the sea level in San Diego and in

469

00:17:07,990 --> 00:17:05,810

Australia are both equal distant from

470

00:17:10,690 --> 00:17:08,000

the center of the earth and therefore

471

00:17:12,250 --> 00:17:10,700

their level and that's where a lot of

472

00:17:13,660 --> 00:17:12,260

people just get to the point where you

473

00:17:16,180 --> 00:17:13,670

have to kind of throw up your hands and

474

00:17:18,250 --> 00:17:16,190

say well if that's allowed then you're

475

00:17:20,020 --> 00:17:18,260

right you'll never be disproven as far

476  
00:17:23,920 --> 00:17:20,030  
as the globe because you're just able to

477  
00:17:26,079 --> 00:17:23,930  
use metaphysical ideas and to me the

478  
00:17:28,840 --> 00:17:26,089  
whole idea of a ball and things pulling

479  
00:17:30,550 --> 00:17:28,850  
to the center of a sphere and gravity

480  
00:17:33,340 --> 00:17:30,560  
pulling to the center those things have

481  
00:17:35,110 --> 00:17:33,350  
not been proven as should be required of

482  
00:17:37,570 --> 00:17:35,120  
things before they're taught to first

483  
00:17:39,880 --> 00:17:37,580  
graders I've asked people before you

484  
00:17:41,830 --> 00:17:39,890  
know show me where things pull to the

485  
00:17:43,780 --> 00:17:41,840  
center of a sphere and they'll pull up

486  
00:17:45,700 --> 00:17:43,790  
some picture from the ISS where these

487  
00:17:48,250 --> 00:17:45,710  
guys are squeezing water out of a straw

488  
00:17:50,020 --> 00:17:48,260

into a little ball and I'll say okay now

489

00:17:51,820 --> 00:17:50,030

that's them squeezing the water into a

490

00:17:54,460 --> 00:17:51,830

ball why don't you dump a pitcher of

491

00:17:56,230 --> 00:17:54,470

water in the you know space station well

492

00:17:58,300 --> 00:17:56,240

the pitcher of water would never get

493

00:18:00,640 --> 00:17:58,310

together and form a sphere it would be a

494

00:18:03,520 --> 00:18:00,650

disgusting mess all over the place and

495

00:18:05,800 --> 00:18:03,530

I've actually seen them drop like 30,000

496

00:18:07,600 --> 00:18:05,810

ping-pong balls inside of one of these

497

00:18:09,310 --> 00:18:07,610

parabolic flights and they didn't join

498

00:18:10,990 --> 00:18:09,320

together and make any kind of

499

00:18:12,700 --> 00:18:11,000

here they went all over the place until

500

00:18:15,220 --> 00:18:12,710

the plane came out of its parabolic arc

501  
00:18:17,470 --> 00:18:15,230  
and and they felled the floor so to me

502  
00:18:19,149 --> 00:18:17,480  
those are things that if I saw evidence

503  
00:18:21,210 --> 00:18:19,159  
that things pulled to the center of a

504  
00:18:23,680 --> 00:18:21,220  
sphere and you know these massive

505  
00:18:26,259 --> 00:18:23,690  
conglomerations of mass would then

506  
00:18:28,149 --> 00:18:26,269  
generate more things to the surface of

507  
00:18:30,159 --> 00:18:28,159  
the sphere then I might start to believe

508  
00:18:32,080 --> 00:18:30,169  
it but to me I don't ever see that I

509  
00:18:33,820 --> 00:18:32,090  
don't see any evidence of that I don't

510  
00:18:35,830 --> 00:18:33,830  
see any evidence that there can exist a

511  
00:18:38,560 --> 00:18:35,840  
sphere with water on its surface that

512  
00:18:40,210 --> 00:18:38,570  
doesn't fall off or these are the kind

513  
00:18:42,519 --> 00:18:40,220

of things that you make you have to say

514

00:18:45,970 --> 00:18:42,529

is this really the truth or is it a

515

00:18:47,799 --> 00:18:45,980

metaphysical mathematical concept that

516

00:18:49,899 --> 00:18:47,809

they've convinced people was true and

517

00:18:51,369 --> 00:18:49,909

really isn't backed by the kind of

518

00:18:52,680 --> 00:18:51,379

evidence that should be required of

519

00:18:56,350 --> 00:18:52,690

anything that's considered scientific

520

00:19:00,340 --> 00:18:56,360

hmm and you know the gravity thing is

521

00:19:03,460 --> 00:19:00,350

where a lot of the debate on flat earth

522

00:19:05,409 --> 00:19:03,470

and round earth seem to devolve into to

523

00:19:07,149 --> 00:19:05,419

further your point there another quote

524

00:19:08,830 --> 00:19:07,159

from your site as you say a balloon

525

00:19:10,629 --> 00:19:08,840

filled with hydrogen which is the

526

00:19:12,610 --> 00:19:10,639

lightest of the gases and lighter than

527

00:19:15,159 --> 00:19:12,620

nitrogen oxygen and the rest of the

528

00:19:17,619 --> 00:19:15,169

elements that make up air will rise if

529

00:19:19,810 --> 00:19:17,629

release a balloon with helium will do

530

00:19:21,940 --> 00:19:19,820

the same because it is also lighter than

531

00:19:24,600 --> 00:19:21,950

the air around it but it will rise up

532

00:19:27,039 --> 00:19:24,610

slightly slower if however you have

533

00:19:29,680 --> 00:19:27,049

baseball and release it it will fall to

534

00:19:30,369 --> 00:19:29,690

the ground not because of gravity as you

535

00:19:32,350 --> 00:19:30,379

were taught

536

00:19:34,869 --> 00:19:32,360

but because the baseball weighs more

537

00:19:36,820 --> 00:19:34,879

than the air around it gravity is simply

538

00:19:38,409 --> 00:19:36,830

a magical word used for an

539

00:19:40,299 --> 00:19:38,419

all-encompassing force that does

540

00:19:42,999 --> 00:19:40,309

whatever is needed of it and in most

541

00:19:45,340 --> 00:19:43,009

cases it is used to prove a ball earth I

542

00:19:47,740 --> 00:19:45,350

think that's a fairly decent summary of

543

00:19:49,810 --> 00:19:47,750

what gravity would mean or what this

544

00:19:52,779 --> 00:19:49,820

force would be to a flat earth or in

545

00:19:54,940 --> 00:19:52,789

their model yeah and the only argument

546

00:19:57,759 --> 00:19:54,950

I've really got based on my opinion of

547

00:20:00,009 --> 00:19:57,769

low gravity is the continuing question

548

00:20:01,629 --> 00:20:00,019

of well why does it fall down you know

549

00:20:03,789 --> 00:20:01,639

why doesn't it fall up or why doesn't it

550

00:20:06,580 --> 00:20:03,799

fall to the side and to me it's just not

551

00:20:08,200 --> 00:20:06,590

a fair argument because if it did fall

552

00:20:10,269 --> 00:20:08,210

any other direction then that would be

553

00:20:12,759 --> 00:20:10,279

down so it's not you know that's not

554

00:20:14,769 --> 00:20:12,769

really a good argument against what I'm

555

00:20:17,799 --> 00:20:14,779

saying what I'm saying is simply the

556

00:20:19,570 --> 00:20:17,809

earth seems to be constructed the way

557

00:20:22,060 --> 00:20:19,580

that you would expect which is the

558

00:20:24,430 --> 00:20:22,070

heavier elements being at the ball

559

00:20:26,590 --> 00:20:24,440

and as you go up things get lighter and

560

00:20:28,390 --> 00:20:26,600

those things help me explain you know

561

00:20:31,030 --> 00:20:28,400

like you said a helium balloon which

562

00:20:33,790 --> 00:20:31,040

clearly has mass but it weighs less than

563

00:20:35,830 --> 00:20:33,800

the air that's around it so it rises up

564

00:20:37,450 --> 00:20:35,840

and I've yet to hurt anybody who

565

00:20:39,940 --> 00:20:37,460

believes in the conventional idea of

566

00:20:41,950 --> 00:20:39,950

gravity be able to explain a helium

567

00:20:44,320 --> 00:20:41,960

balloon because to me if you're

568

00:20:46,540 --> 00:20:44,330

believing in the Newtonian you know idea

569

00:20:48,790 --> 00:20:46,550

of gravity then you have two things of

570

00:20:51,070 --> 00:20:48,800

mass the earth and the balloon filled

571

00:20:52,780 --> 00:20:51,080

with helium and they should be attracted

572

00:20:55,120 --> 00:20:52,790

to each other that's what gravity is

573

00:20:57,580 --> 00:20:55,130

it's at pulling force to pull those two

574

00:21:00,280 --> 00:20:57,590

things of mass together so why is the

575

00:21:02,200 --> 00:21:00,290

helium balloon allowed to disrespect

576

00:21:03,880 --> 00:21:02,210

gravity and do what it wants and move

577

00:21:05,200 --> 00:21:03,890

away from it and that's something I

578

00:21:06,850 --> 00:21:05,210

haven't heard they'll bring in buoyancy

579

00:21:08,740 --> 00:21:06,860

and they'll bring in other things like

580

00:21:11,170 --> 00:21:08,750

that but they still don't answer the

581

00:21:13,960 --> 00:21:11,180

question of why have you described a

582

00:21:16,750 --> 00:21:13,970

force a pulling force between two things

583

00:21:19,030 --> 00:21:16,760

of mass yet in this case it's allowed to

584

00:21:20,650 --> 00:21:19,040

go against that so to me it just makes

585

00:21:22,030 --> 00:21:20,660

more sense than when you really look at

586

00:21:25,000 --> 00:21:22,040

the word gravity which comes from

587

00:21:27,250 --> 00:21:25,010

gravitas which means weight that's what

588

00:21:30,550 --> 00:21:27,260

I think essentially you know gravity is

589

00:21:31,960 --> 00:21:30,560

it's simply the weight of items and if

590

00:21:34,060 --> 00:21:31,970

they are heavier than their surrounding

591

00:21:36,100 --> 00:21:34,070

area they're going to fall down and if

592

00:21:37,660 --> 00:21:36,110

they're lighter they rise up and it's

593

00:21:39,430 --> 00:21:37,670

that simple and I think that yeah the

594

00:21:42,280 --> 00:21:39,440

idea of gravity is kind of a magical

595

00:21:44,980 --> 00:21:42,290

word and they need it and when they

596

00:21:47,740 --> 00:21:44,990

looked at the universe and saw galaxies

597

00:21:49,330 --> 00:21:47,750

and things in the distance didn't act as

598

00:21:51,430 --> 00:21:49,340

they were supposed to her as gravity

599

00:21:52,720 --> 00:21:51,440

dictates well they didn't go back like

600

00:21:55,510 --> 00:21:52,730

you're supposed to in science and

601  
00:21:58,270 --> 00:21:55,520  
reevaluate your theory of gravity

602  
00:22:00,460 --> 00:21:58,280  
instead they just made up dark energy

603  
00:22:02,350 --> 00:22:00,470  
and dark matter and just said these

604  
00:22:04,510 --> 00:22:02,360  
things exist we've never observed them

605  
00:22:06,460 --> 00:22:04,520  
but they must exist and the reason why

606  
00:22:09,520 --> 00:22:06,470  
for that ultimately is because they know

607  
00:22:11,500 --> 00:22:09,530  
they can't go back and examine gravity

608  
00:22:14,350 --> 00:22:11,510  
or else how is the earth about to start

609  
00:22:16,990 --> 00:22:14,360  
but I mean that's an interesting point

610  
00:22:19,690 --> 00:22:17,000  
and so a lot of the time when trying to

611  
00:22:21,940 --> 00:22:19,700  
make a case for a huge widely accepted

612  
00:22:24,670 --> 00:22:21,950  
lie I find it helpful to go back to the

613  
00:22:26,830 --> 00:22:24,680

origins of that lie and lay out where it

614

00:22:28,150 --> 00:22:26,840

comes from how it was spread can you

615

00:22:30,610 --> 00:22:28,160

talk to us a little bit about the

616

00:22:32,050 --> 00:22:30,620

heliocentric globe model and how such a

617

00:22:33,730 --> 00:22:32,060

paradigm change could have been

618

00:22:35,869 --> 00:22:33,740

accomplished I mean what can be said

619

00:22:37,579 --> 00:22:35,879

about the people involved in their field

620

00:22:39,379 --> 00:22:37,589

Asians that might cause us to be more

621

00:22:42,229 --> 00:22:39,389

skeptical of their motivations you're

622

00:22:44,059 --> 00:22:42,239

like who's behind this yeah it just

623

00:22:46,399 --> 00:22:44,069

depends on whose evidence you believe

624

00:22:49,309 --> 00:22:46,409

because really now what science has done

625

00:22:51,019 --> 00:22:49,319

is they've taken away the idea of the

626

00:22:53,629 --> 00:22:51,029

Flat Earth and said no which is the

627

00:22:55,729 --> 00:22:53,639

concept that was invented and it never

628

00:22:57,349 --> 00:22:55,739

was believed that you know people have

629

00:22:59,389 --> 00:22:57,359

known for thousands of years when really

630

00:23:00,949 --> 00:22:59,399

if you look at it and do some of your

631

00:23:02,749 --> 00:23:00,959

own research you'll see books that

632

00:23:04,579 --> 00:23:02,759

clearly were written in the 1800s that

633

00:23:07,519 --> 00:23:04,589

talked about the fact that Columbus was

634

00:23:10,159 --> 00:23:07,529

somebody saying that he thought that it

635

00:23:11,659 --> 00:23:10,169

wasn't true and he could go around and

636

00:23:13,789 --> 00:23:11,669

there was a lot of people at the time

637

00:23:15,769 --> 00:23:13,799

Spanish queens and kings and people like

638

00:23:17,119 --> 00:23:15,779

that they were a believer that if you

639

00:23:18,619 --> 00:23:17,129

went off that direction that you would

640

00:23:20,269 --> 00:23:18,629

just disappear you would fall off the

641

00:23:22,999 --> 00:23:20,279

edge or whatever they believed I was

642

00:23:24,709 --> 00:23:23,009

taught that yeah exactly and that seems

643

00:23:26,419 --> 00:23:24,719

like it was kind of the truth now at a

644

00:23:28,729 --> 00:23:26,429

certain point they want people to stop

645

00:23:31,039 --> 00:23:28,739

believing that so they said oh no with

646

00:23:32,869 --> 00:23:31,049

Washington Carver and he made up the

647

00:23:35,419 --> 00:23:32,879

story about Columbus thinking this and

648

00:23:37,430 --> 00:23:35,429

really people have always known but if

649

00:23:38,930 --> 00:23:37,440

you think about it I mean the printing

650

00:23:41,709 --> 00:23:38,940

press didn't come into you know

651

00:23:44,959 --> 00:23:41,719

existence until the 1600s so before that

652

00:23:46,549 --> 00:23:44,969

nobody was really a learned scholar you

653

00:23:48,739 --> 00:23:46,559

would add scribes that knew had a reason

654

00:23:50,659 --> 00:23:48,749

right but besides that most people were

655

00:23:52,369 --> 00:23:50,669

illiterate so anything that they would

656

00:23:54,049 --> 00:23:52,379

have thought or believed would have been

657

00:23:55,069 --> 00:23:54,059

by word of mouth and so there wasn't a

658

00:23:57,169 --> 00:23:55,079

general idea

659

00:23:59,239 --> 00:23:57,179

oh all these scholars believe this or

660

00:24:01,129 --> 00:23:59,249

that I think what happened was is that

661

00:24:03,169 --> 00:24:01,139

they realized when they started printing

662

00:24:05,239 --> 00:24:03,179

books that they could print whatever

663

00:24:07,939 --> 00:24:05,249

they wanted and I do agree with the idea

664

00:24:09,469 --> 00:24:07,949

a little bit where you say well this is

665

00:24:11,389 --> 00:24:09,479

too big of a conspiracy because it

666

00:24:13,399 --> 00:24:11,399

certainly seems like this is so

667

00:24:15,769 --> 00:24:13,409

monumental and so big about the very

668

00:24:17,509 --> 00:24:15,779

foundation of where we live but really

669

00:24:20,149 --> 00:24:17,519

when you take a look and step back and

670

00:24:23,149 --> 00:24:20,159

see that by putting it in books it would

671

00:24:25,430 --> 00:24:23,159

have taken but one generation to have

672

00:24:27,709 --> 00:24:25,440

the people who were taught that become

673

00:24:29,959 --> 00:24:27,719

your teachers and then they teach the

674

00:24:31,609 --> 00:24:29,969

new students and from there you know the

675

00:24:32,959 --> 00:24:31,619

whole story would kind of go on its own

676  
00:24:35,359 --> 00:24:32,969  
and that's kind of what I think happened

677  
00:24:37,279 --> 00:24:35,369  
and you know if you ask me personally I

678  
00:24:38,930 --> 00:24:37,289  
do think that they originally some of

679  
00:24:41,599 --> 00:24:38,940  
these guys of science thought that the

680  
00:24:43,459 --> 00:24:41,609  
earth was a ball they saw boats go off

681  
00:24:45,169 --> 00:24:43,469  
in the distance they would slowly

682  
00:24:46,909 --> 00:24:45,179  
disappear and to them it would look like

683  
00:24:49,339 --> 00:24:46,919  
they disappeared from the bottom up and

684  
00:24:49,610 --> 00:24:49,349  
then when it they said all those people

685  
00:24:50,930 --> 00:24:49,620  
must

686  
00:24:52,549 --> 00:24:50,940  
they'll offer they you know who knows

687  
00:24:54,290 --> 00:24:52,559  
what well when the people came back they

688  
00:24:55,700 --> 00:24:54,300

said we're worried where'd you go they

689

00:24:57,560 --> 00:24:55,710

said we just went that way and they so

690

00:24:59,270 --> 00:24:57,570

we thought you disappeared they said no

691

00:25:01,760 --> 00:24:59,280

you just keep going so they kind of said

692

00:25:03,710 --> 00:25:01,770

oh well they must be going around a ball

693

00:25:06,020 --> 00:25:03,720

so I do think that they believed that

694

00:25:07,880 --> 00:25:06,030

for a period of time now when they would

695

00:25:09,290 --> 00:25:07,890

have realized that wasn't the truth I'm

696

00:25:12,140 --> 00:25:09,300

not really sure if it would have been

697

00:25:13,820 --> 00:25:12,150

you know 1718 hundreds I don't know when

698

00:25:15,370 --> 00:25:13,830

that would have been but when they did

699

00:25:19,160 --> 00:25:15,380

realize that I think that they realized

700

00:25:21,260 --> 00:25:19,170

shoot if we admit this now after they

701  
00:25:22,730 --> 00:25:21,270  
kind of you know outs the church and

702  
00:25:24,350 --> 00:25:22,740  
told the church you were wrong and

703  
00:25:26,060 --> 00:25:24,360  
science is better than the church which

704  
00:25:27,620 --> 00:25:26,070  
I agree with and I don't want to live in

705  
00:25:29,000 --> 00:25:27,630  
a world that you know run by the

706  
00:25:30,740 --> 00:25:29,010  
Catholic Church either so you know I

707  
00:25:33,080 --> 00:25:30,750  
appreciate science for doing what they

708  
00:25:34,460 --> 00:25:33,090  
did in that regard but at a certain

709  
00:25:35,750 --> 00:25:34,470  
point when they realized they were wrong

710  
00:25:37,880 --> 00:25:35,760  
about something they should have been

711  
00:25:39,500 --> 00:25:37,890  
upfront about it and said you know our

712  
00:25:41,270 --> 00:25:39,510  
investigations have shown that this is

713  
00:25:43,580 --> 00:25:41,280

actually true and then they go on from

714

00:25:45,890 --> 00:25:43,590

there but I really think that the idea

715

00:25:48,830 --> 00:25:45,900

of a flat earth kind of leads to the

716

00:25:51,470 --> 00:25:48,840

idea of a creator or a purpose or a

717

00:25:53,540 --> 00:25:51,480

reason or a specialness about the earth

718

00:25:55,220 --> 00:25:53,550

and I think that science was always

719

00:25:57,410 --> 00:25:55,230

afraid of that and then always afraid

720

00:25:59,270 --> 00:25:57,420

that they would be doing themselves a

721

00:26:00,710 --> 00:25:59,280

disservice by admitting that they were

722

00:26:02,210 --> 00:26:00,720

wrong about that and I think they took

723

00:26:03,710 --> 00:26:02,220

the lesser of two evils they just

724

00:26:06,950 --> 00:26:03,720

figured we'll keep up with this lie and

725

00:26:09,470 --> 00:26:06,960

we'll be able to continue our march of

726

00:26:11,750 --> 00:26:09,480

science as long as we don't tell people

727

00:26:13,640 --> 00:26:11,760

this truth you know and that's where it

728

00:26:15,290 --> 00:26:13,650

becomes anybody's guess it depends on

729

00:26:18,860 --> 00:26:15,300

the you know the research that you do

730

00:26:21,169 --> 00:26:18,870

whether or not you see that same kind of

731

00:26:24,049 --> 00:26:21,179

feeling but it looks to me like a lot of

732

00:26:26,600 --> 00:26:24,059

science has always tried to be in every

733

00:26:28,760 --> 00:26:26,610

facet against the idea of a creator or

734

00:26:31,070 --> 00:26:28,770

any question that comes to mind that

735

00:26:32,060 --> 00:26:31,080

they can't answer so the whole idea of

736

00:26:33,980 --> 00:26:32,070

the earth being the center of the

737

00:26:36,380 --> 00:26:33,990

universe is the same thing that they

738

00:26:37,790 --> 00:26:36,390

will never allow anything to be anywhere

739

00:26:39,590 --> 00:26:37,800

close to the earth being at the center

740

00:26:41,330 --> 00:26:39,600

because the next question becomes you

741

00:26:43,160 --> 00:26:41,340

know who put us here or why why are we

742

00:26:45,140 --> 00:26:43,170

the center and that something science

743

00:26:47,360 --> 00:26:45,150

can't answer so instead they would

744

00:26:49,880 --> 00:26:47,370

rather push us out to the outskirts of

745

00:26:51,500 --> 00:26:49,890

some arm of the Milky Way and say that

746

00:26:53,000 --> 00:26:51,510

you know over on a balloon and it's

747

00:26:55,640 --> 00:26:53,010

expanding and so everything's moving

748

00:26:57,530 --> 00:26:55,650

away from us because really all things

749

00:26:59,240 --> 00:26:57,540

can be explained much easier by saying

750

00:27:01,310 --> 00:26:59,250

we're the center of the universe then it

751  
00:27:03,350 --> 00:27:01,320  
makes sense that all galaxies move away

752  
00:27:05,330 --> 00:27:03,360  
from us because we're the center

753  
00:27:07,880 --> 00:27:05,340  
there's a lot of observations that prove

754  
00:27:09,260 --> 00:27:07,890  
that but science won't even consider

755  
00:27:11,390 --> 00:27:09,270  
that thought and that's what tells me

756  
00:27:12,620 --> 00:27:11,400  
that they're not exactly science you

757  
00:27:15,130 --> 00:27:12,630  
know it's not science like we were

758  
00:27:17,419 --> 00:27:15,140  
taught with the scientific method and

759  
00:27:19,520 --> 00:27:17,429  
not being biased I mean they're

760  
00:27:21,919 --> 00:27:19,530  
completely biased again I understand why

761  
00:27:24,919 --> 00:27:21,929  
I mean I think my wife said it the other

762  
00:27:28,460 --> 00:27:24,929  
day she said that peer review is just a

763  
00:27:30,710 --> 00:27:28,470

veiled word for conspiracy and it kind

764

00:27:34,130 --> 00:27:30,720

of is yeah the idea of peer review is

765

00:27:35,330 --> 00:27:34,140

really just men getting together who and

766

00:27:37,220 --> 00:27:35,340

we have to understand that they're human

767

00:27:40,310 --> 00:27:37,230

beings I think we were taught this idea

768

00:27:42,590 --> 00:27:40,320

of scientists like they're above petty

769

00:27:44,299 --> 00:27:42,600

human thoughts and opinions when really

770

00:27:46,130 --> 00:27:44,309

they are humans and all of us have to

771

00:27:48,169 --> 00:27:46,140

agree that you know Neil deGrasse Tyson

772

00:27:50,630 --> 00:27:48,179

or somebody like that is never going to

773

00:27:52,669 --> 00:27:50,640

consider the thought that maybe they've

774

00:27:54,590 --> 00:27:52,679

been lying to people for thirty years

775

00:27:56,360 --> 00:27:54,600

that maybe the things that they studied

776

00:27:57,650 --> 00:27:56,370

in school aren't the truth and maybe

777

00:28:01,520 --> 00:27:57,660

they've been standing up in front of

778

00:28:03,919 --> 00:28:01,530

audiences for years and teaching a false

779

00:28:05,659 --> 00:28:03,929

idea they could never even consider that

780

00:28:07,520 --> 00:28:05,669

thought and because all their friends

781

00:28:10,130 --> 00:28:07,530

are in the scientific community all

782

00:28:12,350 --> 00:28:10,140

their family considers them smart and so

783

00:28:14,510 --> 00:28:12,360

you know that's where I start to see oh

784

00:28:17,210 --> 00:28:14,520

okay that makes sense to me that a peer

785

00:28:20,150 --> 00:28:17,220

review group which is say thirty guys

786

00:28:22,370 --> 00:28:20,160

say 300 guys doesn't matter who have

787

00:28:23,900 --> 00:28:22,380

spent their entire careers building

788

00:28:26,750 --> 00:28:23,910

their ideas and thoughts and papers

789

00:28:28,789 --> 00:28:26,760

around a certain foundation and so any

790

00:28:31,159 --> 00:28:28,799

paper that comes across their desk that

791

00:28:32,870 --> 00:28:31,169

is questioning that very foundation I

792

00:28:36,409 --> 00:28:32,880

don't think they're in a position to

793

00:28:38,750 --> 00:28:36,419

even question that truthfully right yeah

794

00:28:39,919 --> 00:28:38,760

you're even being pretty kind giving

795

00:28:42,080 --> 00:28:39,929

them the benefit of the doubt because I

796

00:28:44,539 --> 00:28:42,090

would think a guy in a position like

797

00:28:47,659 --> 00:28:44,549

Neil deGrasse Tyson would be a willful

798

00:28:50,060 --> 00:28:47,669

deceiver rather than just someone who's

799

00:28:52,730 --> 00:28:50,070

stubborn on something they know we're

800

00:28:55,460 --> 00:28:52,740

taught in school but you are right about

801  
00:28:57,049 --> 00:28:55,470  
those pretty serious spiritual

802  
00:28:58,610 --> 00:28:57,059  
implications for the Flat Earth model

803  
00:29:01,789 --> 00:28:58,620  
and I'm honestly not in love with them

804  
00:29:04,430 --> 00:29:01,799  
but I can see how if the elites goal was

805  
00:29:06,860 --> 00:29:04,440  
to distract humanity from the idea of a

806  
00:29:08,750 --> 00:29:06,870  
Creator God you would have to go to

807  
00:29:11,270 --> 00:29:08,760  
these lengths to do it you would have to

808  
00:29:13,400 --> 00:29:11,280  
create an entire narrative and paradigm

809  
00:29:15,820 --> 00:29:13,410  
that could explain the emergence of our

810  
00:29:17,830 --> 00:29:15,830  
reality without that creator

811  
00:29:19,840 --> 00:29:17,840  
it seems very difficult to do and

812  
00:29:22,990 --> 00:29:19,850  
they've had to go to great lengths to do

813  
00:29:25,779 --> 00:29:23,000

it but there are also apparently deep

814

00:29:28,060 --> 00:29:25,789

esoteric deceptions promoted by

815

00:29:30,880 --> 00:29:28,070

Freemasonry even to the point that the

816

00:29:33,009 --> 00:29:30,890

square and compass their symbol I mean a

817

00:29:36,190 --> 00:29:33,019

square measures things on a flat surface

818

00:29:39,399 --> 00:29:36,200

the compass makes a circle and I think

819

00:29:43,630 --> 00:29:39,409

it was manly P Hall said that at the

820

00:29:45,850 --> 00:29:43,640

deepest levels of Freemasonry it has to

821

00:29:47,799 --> 00:29:45,860

do with the shape of the earth that flat

822

00:29:49,629 --> 00:29:47,809

is for the profane masses and a sphere

823

00:29:51,039 --> 00:29:49,639

is enlightened and I think this is

824

00:29:53,560 --> 00:29:51,049

almost just like their religious

825

00:29:56,350 --> 00:29:53,570

doctrine they're trying to force out

826

00:29:58,029 --> 00:29:56,360

into the culture but it is weird the

827

00:30:00,340 --> 00:29:58,039

deeper you get into conspiracy the more

828

00:30:02,110 --> 00:30:00,350

intertwined religion spirituality and

829

00:30:04,810 --> 00:30:02,120

the cult do seem to be at the center of

830

00:30:07,509 --> 00:30:04,820

so much we have these ancient myths and

831

00:30:09,490 --> 00:30:07,519

archetypes also of characters trying to

832

00:30:11,889 --> 00:30:09,500

get one over on the gods or overcome

833

00:30:14,110 --> 00:30:11,899

this Creator who regulated us to this

834

00:30:15,430 --> 00:30:14,120

construct and I have had a lot of guests

835

00:30:17,500 --> 00:30:15,440

talking about their thoughts on the

836

00:30:19,930 --> 00:30:17,510

elites true agenda to sort of jailbreak

837

00:30:21,909 --> 00:30:19,940

our environment which sort of lines up

838

00:30:23,310 --> 00:30:21,919

with these mythological stories maybe

839

00:30:26,289 --> 00:30:23,320

it's a pattern that just keeps repeating

840

00:30:28,210 --> 00:30:26,299

but do you consider that some aspect of

841

00:30:30,399 --> 00:30:28,220

the elites agenda that it might be in

842

00:30:32,220 --> 00:30:30,409

line with this idea of busting out of

843

00:30:34,840 --> 00:30:32,230

here or at least trying to

844

00:30:37,690 --> 00:30:34,850

yeah and I've seen a lot of evidence of

845

00:30:40,360 --> 00:30:37,700

it one of the places that NASA is called

846

00:30:42,129 --> 00:30:40,370

the neutral buoyancy lab it's where

847

00:30:43,419 --> 00:30:42,139

they've got that huge pool it's like one

848

00:30:45,370 --> 00:30:43,429

of the biggest pools in the world and

849

00:30:47,529 --> 00:30:45,380

they do all their training for

850

00:30:49,899 --> 00:30:47,539

spacewalks inside of it and there's this

851  
00:30:52,269 --> 00:30:49,909  
big mural on the side of the wall that's

852  
00:30:54,310 --> 00:30:52,279  
got kind of the Vitruvian Man and he's

853  
00:30:56,259 --> 00:30:54,320  
inside of this circle and then there's a

854  
00:30:59,110 --> 00:30:56,269  
scuba diver swimming to them and handing

855  
00:31:02,200 --> 00:30:59,120  
them a tool and in the upper corner is a

856  
00:31:04,659 --> 00:31:02,210  
rocket that is breaking out of a glass

857  
00:31:07,509 --> 00:31:04,669  
enclosure that is closing this man in

858  
00:31:10,120 --> 00:31:07,519  
and so yeah I see it everywhere and you

859  
00:31:12,759 --> 00:31:10,130  
know one of the Masonic terms that they

860  
00:31:15,009 --> 00:31:12,769  
use or one of their little sayings is on

861  
00:31:16,750 --> 00:31:15,019  
the level that the Masons are on the

862  
00:31:19,810 --> 00:31:16,760  
level and I've always considered that

863  
00:31:21,279 --> 00:31:19,820

and interesting right and so yeah seems

864

00:31:23,440 --> 00:31:21,289

like the whole idea of the square and

865

00:31:25,750 --> 00:31:23,450

compass and the way that the Sun rises

866

00:31:27,490 --> 00:31:25,760

and sets is all tied together I mean

867

00:31:27,890 --> 00:31:27,500

that whole angle that they have of the

868

00:31:30,800 --> 00:31:27,900

cup

869

00:31:33,320 --> 00:31:30,810

is the angle difference between the Sun

870

00:31:34,970 --> 00:31:33,330

rising at each of the solstices from

871

00:31:37,040 --> 00:31:34,980

your location meaning that there's that

872

00:31:39,290 --> 00:31:37,050

same angle if you look at where it rises

873

00:31:41,300 --> 00:31:39,300

those two different times a year so I

874

00:31:43,070 --> 00:31:41,310

think that it definitely is encoded in

875

00:31:45,830 --> 00:31:43,080

these ancient beliefs and these ancient

876

00:31:47,330 --> 00:31:45,840

thoughts it's pretty obvious to me and a

877

00:31:49,850 --> 00:31:47,340

lot of people just want to ignore the

878

00:31:53,120 --> 00:31:49,860

connections with NASA and the occult

879

00:31:55,100 --> 00:31:53,130

Jack Parsons in the occult and it's you

880

00:31:57,260 --> 00:31:55,110

seen it more than anybody that it is

881

00:31:59,210 --> 00:31:57,270

everywhere right and another thing I

882

00:32:00,800 --> 00:31:59,220

found interesting in your videos is the

883

00:32:03,680 --> 00:32:00,810

breakdown of how much science fiction

884

00:32:07,130 --> 00:32:03,690

actually inspired the quote real science

885

00:32:08,690 --> 00:32:07,140

for example arthur c clarke he came up

886

00:32:10,580 --> 00:32:08,700

with the idea for satellites in an

887

00:32:13,120 --> 00:32:10,590

article about hypothetical future

888

00:32:15,830 --> 00:32:13,130

technology nasa seems to have

889

00:32:17,840 --> 00:32:15,840

constructed the moon landing missions

890

00:32:19,820 --> 00:32:17,850

around a template from a Jules Verne

891

00:32:22,400 --> 00:32:19,830

book like three American astronauts

892

00:32:24,560 --> 00:32:22,410

multiple similarities they recovered the

893

00:32:26,660 --> 00:32:24,570

pod from the ocean it's like they just

894

00:32:28,850 --> 00:32:26,670

copied what he wrote and then did a

895

00:32:31,580 --> 00:32:28,860

staged version of it and promoted it as

896

00:32:32,840 --> 00:32:31,590

real and also William S Burroughs went

897

00:32:35,390 --> 00:32:32,850

so far as to say in a speech that

898

00:32:38,210 --> 00:32:35,400

science fiction writers quote laid the

899

00:32:39,410 --> 00:32:38,220

blueprint for the Space Age and it does

900

00:32:42,350 --> 00:32:39,420

start to get you thinking how strange

901  
00:32:44,150 --> 00:32:42,360  
would it be for real technologies to

902  
00:32:46,580 --> 00:32:44,160  
actually follow behind works of fiction

903  
00:32:47,990 --> 00:32:46,590  
so closely yeah it's really strange

904  
00:32:50,120 --> 00:32:48,000  
especially like you said the Jules Verne

905  
00:32:51,890 --> 00:32:50,130  
book and there's a lot of instances

906  
00:32:54,170 --> 00:32:51,900  
where people who have called certain

907  
00:32:57,830 --> 00:32:54,180  
events hoaxes seem to have been

908  
00:32:58,910 --> 00:32:57,840  
basically crafted after some story that

909  
00:33:00,260 --> 00:32:58,920  
was written years earlier I don't know

910  
00:33:03,620 --> 00:33:00,270  
if you've heard about the book that

911  
00:33:04,610 --> 00:33:03,630  
Titan mmm-hmm the Titanic right which is

912  
00:33:07,010 --> 00:33:04,620  
the book that was written about the

913  
00:33:09,470 --> 00:33:07,020

Titanic and was about a boat the Titan

914

00:33:11,210 --> 00:33:09,480

that was sailing in between London and

915

00:33:12,860 --> 00:33:11,220

New York and it sees almost the exact

916

00:33:14,930 --> 00:33:12,870

same story they didn't have enough

917

00:33:17,660 --> 00:33:14,940

lifeboats to you know save everyone on

918

00:33:19,760 --> 00:33:17,670

board it's just crazy that these events

919

00:33:20,810 --> 00:33:19,770

would happen right after these books

920

00:33:22,610 --> 00:33:20,820

were written and when you go and look

921

00:33:26,090 --> 00:33:22,620

into these authors they're usually a

922

00:33:28,370 --> 00:33:26,100

part of these Masonic clubs or groups so

923

00:33:29,690 --> 00:33:28,380

yeah definitely interesting stuff there

924

00:33:32,480 --> 00:33:29,700

and you're right about arthur c clarke

925

00:33:34,220 --> 00:33:32,490

and the idea of satellites and really

926

00:33:37,070 --> 00:33:34,230

you know that's one that I think is

927

00:33:39,200 --> 00:33:37,080

really gets people upset when you say

928

00:33:41,420 --> 00:33:39,210

that satellites don't exist and when I

929

00:33:42,650 --> 00:33:41,430

say that you know I don't just

930

00:33:44,450 --> 00:33:42,660

in order to say that they can't put

931

00:33:46,130 --> 00:33:44,460

balloons up that stay up for an

932

00:33:49,130 --> 00:33:46,140

incredible amount of time they can

933

00:33:51,230 --> 00:33:49,140

basically control their rising and

934

00:33:52,910 --> 00:33:51,240

falling such a small amount that they

935

00:33:54,920 --> 00:33:52,920

can keep them up for you know up to a

936

00:33:57,860 --> 00:33:54,930

year at a time so I don't discredit that

937

00:33:59,630 --> 00:33:57,870

our Direct TV satellite could be pointed

938

00:34:01,430 --> 00:33:59,640

towards some balloon in the sky

939

00:34:03,170 --> 00:34:01,440

that's not out of the realm of

940

00:34:04,640 --> 00:34:03,180

possibilities at all but what is out of

941

00:34:07,370 --> 00:34:04,650

the realm of possibilities in my opinion

942

00:34:09,410 --> 00:34:07,380

is the huge metal crafts that go up and

943

00:34:11,810 --> 00:34:09,420

get placed into orbit because they're

944

00:34:15,170 --> 00:34:11,820

all based on basically arthur c clarke

945

00:34:16,970 --> 00:34:15,180

and Newton and Newton basically told a

946

00:34:18,590 --> 00:34:16,980

thought experiment where he said if you

947

00:34:20,600 --> 00:34:18,600

had a cannon at the top of the earth and

948

00:34:22,820 --> 00:34:20,610

if you shot it short it would hit the

949

00:34:24,890 --> 00:34:22,830

earth and if you shot it too far too

950

00:34:27,530 --> 00:34:24,900

fast it would go out into space but if

951  
00:34:29,720 --> 00:34:27,540  
you shot it at the perfect speed that it

952  
00:34:32,930 --> 00:34:29,730  
would fall and just continue to fall

953  
00:34:34,490 --> 00:34:32,940  
around the earth for all time and I

954  
00:34:37,250 --> 00:34:34,500  
think that that is something that again

955  
00:34:39,020 --> 00:34:37,260  
hasn't been proven to the level that I

956  
00:34:40,880 --> 00:34:39,030  
think it should be if we're going to all

957  
00:34:42,950 --> 00:34:40,890  
believe in these satellites that would

958  
00:34:45,020 --> 00:34:42,960  
be out there getting pelted by solar

959  
00:34:47,900 --> 00:34:45,030  
storms would be getting hit by micro

960  
00:34:50,720 --> 00:34:47,910  
meteoroids and all this damage should be

961  
00:34:52,910 --> 00:34:50,730  
done in the very hot thermosphere right

962  
00:34:54,350 --> 00:34:52,920  
and it just seems crazy and they have

963  
00:34:56,660 --> 00:34:54,360

these little jets on them that keeps

964

00:34:58,610 --> 00:34:56,670

them in orbit and I know people say they

965

00:35:00,050 --> 00:34:58,620

see them but again you don't know what

966

00:35:01,670 --> 00:35:00,060

you're seeing it could be a balloon it

967

00:35:04,340 --> 00:35:01,680

could be a balloon that's glistening in

968

00:35:06,530 --> 00:35:04,350

the sunlight that's up not even as high

969

00:35:08,960 --> 00:35:06,540

as they tell us but yeah for all that

970

00:35:10,880 --> 00:35:08,970

they give us with GPS and I mean if you

971

00:35:13,010 --> 00:35:10,890

believe in GPS the idea of these

972

00:35:15,440 --> 00:35:13,020

satellites that are up there that are

973

00:35:17,210 --> 00:35:15,450

basically triangulating your location

974

00:35:19,790 --> 00:35:17,220

you have to believe that these things

975

00:35:21,890 --> 00:35:19,800

are measuring the time that it takes to

976

00:35:24,110 --> 00:35:21,900

send things by the speed of light and

977

00:35:26,480 --> 00:35:24,120

then multiplying that a lot when really

978

00:35:29,960 --> 00:35:26,490

we know how triangulation works and you

979

00:35:32,780 --> 00:35:29,970

can just simply do it on a 2d plane with

980

00:35:34,460 --> 00:35:32,790

three locations basically three points

981

00:35:36,470 --> 00:35:34,470

and then wherever you're at you send out

982

00:35:37,760 --> 00:35:36,480

these beams and by using those three

983

00:35:40,430 --> 00:35:37,770

points you can narrow it down to one

984

00:35:42,440 --> 00:35:40,440

spot by just using radiuses of circles

985

00:35:44,510 --> 00:35:42,450

that if you have point number a and

986

00:35:46,340 --> 00:35:44,520

there's a radius around it well now you

987

00:35:48,440 --> 00:35:46,350

know that this person is located at a

988

00:35:50,390 --> 00:35:48,450

certain radius from that circle and then

989

00:35:52,760 --> 00:35:50,400

you go another circle from another tower

990

00:35:54,510 --> 00:35:52,770

and wherever it's at now you're narrowed

991

00:35:56,100 --> 00:35:54,520

down to two locations because

992

00:35:57,930 --> 00:35:56,110

those two circles would only cross at

993

00:35:59,760 --> 00:35:57,940

two points and then you do it again from

994

00:36:02,460 --> 00:35:59,770

the third location and that will give

995

00:36:04,020 --> 00:36:02,470

you your exact location so this is

996

00:36:05,340 --> 00:36:04,030

something that I think the Loran system

997

00:36:07,860 --> 00:36:05,350

and GLONASS and these kind of things

998

00:36:09,890 --> 00:36:07,870

there's been papers written that hey if

999

00:36:12,840 --> 00:36:09,900

we do this kind of GPS from ground-based

1000

00:36:15,600 --> 00:36:12,850

stations it would be exponentially

1001  
00:36:16,770 --> 00:36:15,610  
cheaper and so to believe in satellites

1002  
00:36:18,630 --> 00:36:16,780  
you have to believe that we want to do

1003  
00:36:21,240 --> 00:36:18,640  
things more expensively we want to take

1004  
00:36:23,100 --> 00:36:21,250  
into account the speed of light when

1005  
00:36:25,800 --> 00:36:23,110  
these beams are going through atmosphere

1006  
00:36:28,740 --> 00:36:25,810  
and and weather which would you think

1007  
00:36:30,420 --> 00:36:28,750  
slow down these beams yet people want to

1008  
00:36:32,430 --> 00:36:30,430  
believe in the idea of satellites for

1009  
00:36:35,810 --> 00:36:32,440  
whatever reason when I think it was just

1010  
00:36:38,190 --> 00:36:35,820  
a story and a way to steal money

1011  
00:36:39,960 --> 00:36:38,200  
provocative man and I've also looked

1012  
00:36:42,630 --> 00:36:39,970  
pretty heavily into the accounts of

1013  
00:36:44,160 --> 00:36:42,640

early explorers especially around the

1014

00:36:45,840 --> 00:36:44,170

polar regions because I've been a fan of

1015

00:36:47,400 --> 00:36:45,850

the Hollow Earth theory for a long time

1016

00:36:49,950 --> 00:36:47,410

and when you read what some of these

1017

00:36:51,960 --> 00:36:49,960

explorers have said about birds around

1018

00:36:55,800 --> 00:36:51,970

the North Pole migrating further north

1019

00:36:57,720 --> 00:36:55,810

or warm polar seas you find a lot that

1020

00:36:59,820 --> 00:36:57,730

you wouldn't expect to find in the

1021

00:37:01,530 --> 00:36:59,830

traditional model and the treaties and

1022

00:37:03,420 --> 00:37:01,540

regulations that keep people away from

1023

00:37:05,160 --> 00:37:03,430

these areas only adds fuel to the

1024

00:37:07,080 --> 00:37:05,170

speculation but I've heard you talk

1025

00:37:09,570 --> 00:37:07,090

about explorers like Captain Cook and

1026  
00:37:11,610 --> 00:37:09,580  
Magellan and that their logs actually

1027  
00:37:14,100 --> 00:37:11,620  
support a Flat Earth model can you

1028  
00:37:15,390 --> 00:37:14,110  
elaborate on that a little bit yeah and

1029  
00:37:17,760 --> 00:37:15,400  
I think that's you know a tough subject

1030  
00:37:20,220 --> 00:37:17,770  
because when those guys got back and

1031  
00:37:22,530 --> 00:37:20,230  
turned their logbooks over to the king

1032  
00:37:24,930 --> 00:37:22,540  
or queen it was years until those

1033  
00:37:26,840 --> 00:37:24,940  
logbooks were made public so it's hard

1034  
00:37:29,730 --> 00:37:26,850  
to know what exactly was changed

1035  
00:37:32,550 --> 00:37:29,740  
especially like cooks second journey

1036  
00:37:34,200 --> 00:37:32,560  
which was the one where supposedly he

1037  
00:37:35,790 --> 00:37:34,210  
claims to have not found the southern

1038  
00:37:38,580 --> 00:37:35,800

continent and says that you know

1039

00:37:40,860 --> 00:37:38,590

basically one doesn't exist but when he

1040

00:37:42,720 --> 00:37:40,870

got back and turned his logs over it

1041

00:37:45,180 --> 00:37:42,730

wasn't until after he was dead until

1042

00:37:47,040 --> 00:37:45,190

that logbook even came out which was on

1043

00:37:49,170 --> 00:37:47,050

his third journey so that's how long it

1044

00:37:51,180 --> 00:37:49,180

takes for these logs to even come out so

1045

00:37:52,350 --> 00:37:51,190

you know that's the kind of thing where

1046

00:37:54,990 --> 00:37:52,360

I start questioning but yeah when you

1047

00:37:58,710 --> 00:37:55,000

look at the distances that they traveled

1048

00:38:01,590 --> 00:37:58,720

Magellan or cook cook did I think almost

1049

00:38:03,240 --> 00:38:01,600

60,000 miles on his second journey and

1050

00:38:04,860 --> 00:38:03,250

when you look it up online you'll find

1051  
00:38:06,510 --> 00:38:04,870  
the path that they'll show you the path

1052  
00:38:08,100 --> 00:38:06,520  
but it's basically like he just wandered

1053  
00:38:10,200 --> 00:38:08,110  
around going nor

1054  
00:38:12,150 --> 00:38:10,210  
going south going north going south same

1055  
00:38:14,220 --> 00:38:12,160  
thing with Magellan who didn't even make

1056  
00:38:16,650 --> 00:38:14,230  
it back he died on that journey as well

1057  
00:38:19,050 --> 00:38:16,660  
and then you look at the British ship

1058  
00:38:21,720 --> 00:38:19,060  
challenger which went around the south

1059  
00:38:23,670 --> 00:38:21,730  
and I think it came back at 69 thousand

1060  
00:38:25,500 --> 00:38:23,680  
miles so when you hear that and you

1061  
00:38:29,220 --> 00:38:25,510  
realize okay well with an equator of

1062  
00:38:32,280 --> 00:38:29,230  
24,000 901 journey around the southern

1063  
00:38:34,800 --> 00:38:32,290

latitudes should be less than that I

1064

00:38:36,240 --> 00:38:34,810

could see it being equal to that if you

1065

00:38:37,530 --> 00:38:36,250

were not quite sure where you were going

1066

00:38:39,780 --> 00:38:37,540

and you were traveling north and south

1067

00:38:41,460 --> 00:38:39,790

but to think that it would be 3 or 4

1068

00:38:43,650 --> 00:38:41,470

times the circumference of the globe

1069

00:38:45,510 --> 00:38:43,660

seems ridiculous to me

1070

00:38:47,520 --> 00:38:45,520

and it makes more sense when you look at

1071

00:38:50,580 --> 00:38:47,530

the Flat Earth model that they were

1072

00:38:53,760 --> 00:38:50,590

traveling in a circle around the Flat

1073

00:38:55,890 --> 00:38:53,770

Earth and the Rings yeah right it's

1074

00:38:57,150 --> 00:38:55,900

interested in of course every case for

1075

00:38:59,250 --> 00:38:57,160

the Hollow Earth is going to bring up

1076

00:39:01,230 --> 00:38:59,260

Admiral Byrd before long but how do you

1077

00:39:03,990 --> 00:39:01,240

interpret that saga from a flowers

1078

00:39:05,340 --> 00:39:04,000

perspective yeah you know for me I have

1079

00:39:07,740 --> 00:39:05,350

a hard time putting any faith in any

1080

00:39:10,650 --> 00:39:07,750

kind of mason fair enough so it would

1081

00:39:13,050 --> 00:39:10,660

bird I have never really put much into

1082

00:39:14,820 --> 00:39:13,060

him because I think also the journey the

1083

00:39:16,470 --> 00:39:14,830

logbook that talks about him going into

1084

00:39:18,330 --> 00:39:16,480

the earth I think was written by his

1085

00:39:20,550 --> 00:39:18,340

nephew if I'm not mistaken or not

1086

00:39:23,010 --> 00:39:20,560

written by his nephew rilette you found

1087

00:39:24,480 --> 00:39:23,020

yeah right and said that you know it was

1088

00:39:27,860 --> 00:39:24,490

written by Byrd but we can't be sure of

1089

00:39:31,350 --> 00:39:27,870

that but you know as far as the idea of

1090

00:39:33,240 --> 00:39:31,360

going north and finding lush lands and

1091

00:39:35,700 --> 00:39:33,250

mountains and you know I definitely

1092

00:39:37,950 --> 00:39:35,710

don't discredit that I think for my

1093

00:39:39,330 --> 00:39:37,960

opinion of the Flat Earth is a little

1094

00:39:42,240 --> 00:39:39,340

different you know a lot of people draw

1095

00:39:44,610 --> 00:39:42,250

the idea of the Gleason's map well I

1096

00:39:46,560 --> 00:39:44,620

tend to think that if you really took a

1097

00:39:49,080 --> 00:39:46,570

plane of existence kind of picture all

1098

00:39:50,970 --> 00:39:49,090

these continents on a plane and you

1099

00:39:53,370 --> 00:39:50,980

created this idea of longitude and

1100

00:39:56,610 --> 00:39:53,380

latitude with the center being the North

1101  
00:39:59,130 --> 00:39:56,620  
Pole that you could trap people in that

1102  
00:40:01,230 --> 00:39:59,140  
area as a circle because anywhere you

1103  
00:40:03,090 --> 00:40:01,240  
travel your compass has to adjust to the

1104  
00:40:04,710 --> 00:40:03,100  
north and so you're basically just going

1105  
00:40:07,350 --> 00:40:04,720  
to be doing circles around the north and

1106  
00:40:09,120 --> 00:40:07,360  
that's what it looks like they did so as

1107  
00:40:11,580 --> 00:40:09,130  
far as if you went further into the

1108  
00:40:12,870 --> 00:40:11,590  
north and who knows what your compass

1109  
00:40:14,700 --> 00:40:12,880  
would do I've never been there I can't

1110  
00:40:17,040 --> 00:40:14,710  
say but maybe somebody thought they were

1111  
00:40:19,470 --> 00:40:17,050  
going into the earth and did see lush

1112  
00:40:21,420 --> 00:40:19,480  
gardens or lush mountains and animals

1113  
00:40:21,940 --> 00:40:21,430

and so those are the kind of things I

1114

00:40:23,560 --> 00:40:21,950

mean I'm

1115

00:40:26,440 --> 00:40:23,570

have you looked into the idea of the

1116

00:40:27,280 --> 00:40:26,450

iron republic you read that book yet no

1117

00:40:29,140 --> 00:40:27,290

I have not

1118

00:40:31,599 --> 00:40:29,150

very interesting so yeah there's this

1119

00:40:35,800 --> 00:40:31,609

guy JT Ellington I think or JP Ellington

1120

00:40:38,349 --> 00:40:35,810

who wrote in a 1902 issue or a volume of

1121

00:40:42,280 --> 00:40:38,359

the Florida magazine which only lasted

1122

00:40:44,530 --> 00:40:42,290

1902 1903 and in that magazine he wrote

1123

00:40:46,120 --> 00:40:44,540

a story called the iron Republican at

1124

00:40:48,970 --> 00:40:46,130

the beginning of it he talks about how

1125

00:40:50,319 --> 00:40:48,980

when the story is over that the ideas of

1126

00:40:53,140 --> 00:40:50,329

science are going to need to be

1127

00:40:55,329 --> 00:40:53,150

rewritten to a site etic method because

1128

00:40:56,980 --> 00:40:55,339

the earth is a plane and then he goes on

1129

00:40:59,530 --> 00:40:56,990

to tell a story that basically he lost

1130

00:41:01,450 --> 00:40:59,540

some election and bought a boat and went

1131

00:41:03,550 --> 00:41:01,460

down south and when they were traveling

1132

00:41:05,530 --> 00:41:03,560

down there they saw this opening like an

1133

00:41:07,270 --> 00:41:05,540

inlet and they went into it and there

1134

00:41:08,440 --> 00:41:07,280

was like a such a strong current that it

1135

00:41:09,810 --> 00:41:08,450

carried him all the way through this

1136

00:41:11,770 --> 00:41:09,820

Inlet when they came out the other side

1137

00:41:13,839 --> 00:41:11,780

they didn't know where they were they

1138

00:41:16,359 --> 00:41:13,849

just kept traveling after a month or two

1139

00:41:17,170 --> 00:41:16,369

they ran into a new continent called the

1140

00:41:19,150 --> 00:41:17,180

iron Republic

1141

00:41:21,300 --> 00:41:19,160

sounds like a fantastical story but the

1142

00:41:25,390 --> 00:41:21,310

more you read it he starts talking about

1143

00:41:28,150 --> 00:41:25,400

airplanes and magnetic levitation being

1144

00:41:30,970 --> 00:41:28,160

used as means of mass transit talks

1145

00:41:31,359 --> 00:41:30,980

about basically like Siri or those kind

1146

00:41:33,280 --> 00:41:31,369

of things

1147

00:41:34,960 --> 00:41:33,290

you know basically a box it sits on your

1148

00:41:36,520 --> 00:41:34,970

desk that tells you the news and things

1149

00:41:38,530 --> 00:41:36,530

like that so he's talking about all

1150

00:41:40,569 --> 00:41:38,540

these things in 1902 actually this story

1151  
00:41:43,510 --> 00:41:40,579  
was written around that time 1902 or

1152  
00:41:45,190 --> 00:41:43,520  
1901 so it seems crazy that he would

1153  
00:41:47,829 --> 00:41:45,200  
ever tell the story and it was over the

1154  
00:41:49,870 --> 00:41:47,839  
course of several issues and then at the

1155  
00:41:51,370 --> 00:41:49,880  
end of the story he's kind of coming

1156  
00:41:53,559 --> 00:41:51,380  
back and saying okay I'm coming back

1157  
00:41:57,099 --> 00:41:53,569  
home and he starts talking about the

1158  
00:41:59,859 --> 00:41:57,109  
24-hour son and how the globe works it

1159  
00:42:02,680 --> 00:41:59,869  
completely seems like a new author and

1160  
00:42:04,630 --> 00:42:02,690  
for anybody who reads like I do you can

1161  
00:42:06,430 --> 00:42:04,640  
tell an author's writing style and I can

1162  
00:42:08,410 --> 00:42:06,440  
tell that the end of this story is

1163  
00:42:10,450 --> 00:42:08,420

written by somebody else it's not the

1164

00:42:12,220 --> 00:42:10,460

same author so crazy things like that

1165

00:42:15,910 --> 00:42:12,230

and basically he was saying is that

1166

00:42:18,819 --> 00:42:15,920

there is another side or you know more

1167

00:42:20,829 --> 00:42:18,829

water beyond Antarctica that he went

1168

00:42:21,910 --> 00:42:20,839

through this so-called ice wall because

1169

00:42:23,589 --> 00:42:21,920

it opened up and so then I started

1170

00:42:26,500 --> 00:42:23,599

thinking about the whole idea of global

1171

00:42:28,809 --> 00:42:26,510

warming and are they afraid that maybe

1172

00:42:31,359 --> 00:42:28,819

during certain times they get so warm

1173

00:42:33,550 --> 00:42:31,369

that chunks of the Antarctic continent

1174

00:42:35,890 --> 00:42:33,560

or ice ring whatever fall off and maybe

1175

00:42:39,160 --> 00:42:35,900

inlets open and they want to really make

1176

00:42:40,870 --> 00:42:39,170

sure that nobody notices or sees that

1177

00:42:42,400 --> 00:42:40,880

they can go through that to another side

1178

00:42:44,410 --> 00:42:42,410

so there's lots of things that are

1179

00:42:46,809 --> 00:42:44,420

interesting about the Hollow Earth or

1180

00:42:49,029 --> 00:42:46,819

people called it puddle theory which is

1181

00:42:51,460 --> 00:42:49,039

basically like we are a puddle right in

1182

00:42:53,170 --> 00:42:51,470

the middle of ice right yeah and the ice

1183

00:42:55,750 --> 00:42:53,180

walls are just barriers between

1184

00:42:58,900 --> 00:42:55,760

different pens for Humanity right yeah

1185

00:43:00,220 --> 00:42:58,910

it's crazy man I love that kind of stuff

1186

00:43:03,099 --> 00:43:00,230

and in one of your videos you also

1187

00:43:05,049 --> 00:43:03,109

talked about a few Arctic explorers that

1188

00:43:06,670 --> 00:43:05,059

recorded scene land in the North had

1189

00:43:08,950 --> 00:43:06,680

never made it on the official maps for

1190

00:43:11,230 --> 00:43:08,960

example Perry said he discovered a new

1191

00:43:12,819 --> 00:43:11,240

land mass he called Crocker land and

1192

00:43:14,950 --> 00:43:12,829

then there was another Explorer who

1193

00:43:16,990 --> 00:43:14,960

recorded a place he called Bradley land

1194

00:43:19,900 --> 00:43:17,000

I guess you could say that these were

1195

00:43:21,519 --> 00:43:19,910

possibly misidentified places but what

1196

00:43:24,160 --> 00:43:21,529

are your thoughts on those records and

1197

00:43:25,630 --> 00:43:24,170

what actually might be in what we refer

1198

00:43:27,400 --> 00:43:25,640

to as the North but I guess would

1199

00:43:29,620 --> 00:43:27,410

actually be the center of the bullseye

1200

00:43:31,690 --> 00:43:29,630

in the Flat Earth model yeah and I think

1201  
00:43:33,490 --> 00:43:31,700  
that when it comes down to there is that

1202  
00:43:36,250 --> 00:43:33,500  
it's hard to trust any of that right

1203  
00:43:38,349 --> 00:43:36,260  
because we don't know it and so for me I

1204  
00:43:41,769 --> 00:43:38,359  
just think it's so important that we get

1205  
00:43:43,720 --> 00:43:41,779  
actual real explorers who are willing to

1206  
00:43:45,760 --> 00:43:43,730  
go out and look for these things now and

1207  
00:43:47,289 --> 00:43:45,770  
not just go with the mainstream

1208  
00:43:49,120 --> 00:43:47,299  
narrative which is everything's been

1209  
00:43:52,000 --> 00:43:49,130  
discovered we live on this ball every

1210  
00:43:53,260 --> 00:43:52,010  
piece of it's been explored and just

1211  
00:43:55,329 --> 00:43:53,270  
drop it at that you know I think that

1212  
00:43:57,760 --> 00:43:55,339  
there's so much more that can be

1213  
00:44:00,640 --> 00:43:57,770

traversed or looked into or researched

1214

00:44:02,470 --> 00:44:00,650

and they're clearly not allowing that

1215

00:44:04,510 --> 00:44:02,480

kind of research like Antarctica is the

1216

00:44:06,640 --> 00:44:04,520

key to whether or not the earth is a

1217

00:44:08,620 --> 00:44:06,650

globe and they have the Antarctic Treaty

1218

00:44:10,180 --> 00:44:08,630

people think you can just go down there

1219

00:44:12,549 --> 00:44:10,190

but it's not that easy you know they've

1220

00:44:14,980 --> 00:44:12,559

got laws saying you can't carry fuel

1221

00:44:16,690 --> 00:44:14,990

below 60 degrees and if that's the case

1222

00:44:18,400 --> 00:44:16,700

then you can't go down there for any

1223

00:44:20,680 --> 00:44:18,410

amount of time because you'll run out of

1224

00:44:21,849 --> 00:44:20,690

fuel so you basically can go down there

1225

00:44:23,620 --> 00:44:21,859

cruise around for a little bit and you

1226

00:44:25,269 --> 00:44:23,630

have to get right back up all the

1227

00:44:27,339 --> 00:44:25,279

cruises that go down there all go to

1228

00:44:29,410 --> 00:44:27,349

that little I know what you want to call

1229

00:44:31,779 --> 00:44:29,420

a little island tale that kind of pops

1230

00:44:33,549 --> 00:44:31,789

out by South America all the cruises go

1231

00:44:35,170 --> 00:44:33,559

down there it's not like you can go to

1232

00:44:36,789 --> 00:44:35,180

different areas and all the people who

1233

00:44:39,880 --> 00:44:36,799

work there work in very specific

1234

00:44:41,890 --> 00:44:39,890

locations and I've even read blogs from

1235

00:44:44,049 --> 00:44:41,900

those people saying you're not even

1236

00:44:45,190 --> 00:44:44,059

allowed to go on your own anywhere you

1237

00:44:46,720 --> 00:44:45,200

always have to take somebody with you

1238

00:44:49,109 --> 00:44:46,730

and even if you do take somebody with

1239

00:44:50,789 --> 00:44:49,119

you there's only three or four

1240

00:44:52,049 --> 00:44:50,799

of trails that you have to stay on

1241

00:44:54,180 --> 00:44:52,059

you're not allowed to do your own

1242

00:44:55,680 --> 00:44:54,190

exploring so there's a lot of things set

1243

00:44:58,559 --> 00:44:55,690

up there that seem like if they were

1244

00:45:00,269 --> 00:44:58,569

trying to deceive people that's exactly

1245

00:45:02,309 --> 00:45:00,279

how they would do it and the fact that

1246

00:45:03,480 --> 00:45:02,319

you know planes fly over the south and

1247

00:45:04,950 --> 00:45:03,490

they'll tell you something about the

1248

00:45:07,410 --> 00:45:04,960

weather which makes no sense because

1249

00:45:08,970 --> 00:45:07,420

planes are thirty five thousand feet and

1250

00:45:10,890 --> 00:45:08,980

when they're up there they're at

1251  
00:45:12,239 --> 00:45:10,900  
negative you know fifty or seventy

1252  
00:45:14,190 --> 00:45:12,249  
degrees Fahrenheit anyway

1253  
00:45:16,200 --> 00:45:14,200  
so it's not like the fact that the

1254  
00:45:18,420 --> 00:45:16,210  
southern continent is cold has anything

1255  
00:45:20,999 --> 00:45:18,430  
to do with with air flight so it just

1256  
00:45:23,279 --> 00:45:21,009  
really comes down to I want people to

1257  
00:45:26,069 --> 00:45:23,289  
just explore and open their minds to the

1258  
00:45:27,660 --> 00:45:26,079  
idea that it's possible that we're being

1259  
00:45:29,910 --> 00:45:27,670  
deceived and that's when you'll get

1260  
00:45:31,769 --> 00:45:29,920  
people going out and doing their own

1261  
00:45:33,839 --> 00:45:31,779  
research and we're going to find out one

1262  
00:45:37,950 --> 00:45:33,849  
way or the other whether what we've been

1263  
00:45:41,069 --> 00:45:37,960

taught is true or whether as it and it

1264

00:45:42,539 --> 00:45:41,079

is a lot harder to wrap your head around

1265

00:45:45,029 --> 00:45:42,549

than people think it is if you look at

1266

00:45:47,819 --> 00:45:45,039

the Flat Earth map next to the globe

1267

00:45:49,140 --> 00:45:47,829

paradigm it's not you know the ice ring

1268

00:45:51,539 --> 00:45:49,150

it sounds like something that would be

1269

00:45:53,609 --> 00:45:51,549

really easy to disprove but it's really

1270

00:45:55,859 --> 00:45:53,619

not because from any continent if you go

1271

00:45:58,440 --> 00:45:55,869

quote-unquote south you would hit that

1272

00:45:59,700 --> 00:45:58,450

ice wall and in reality you would just

1273

00:46:02,009 --> 00:45:59,710

think you were on the continent of

1274

00:46:05,279 --> 00:46:02,019

Antarctica it's actually quite difficult

1275

00:46:07,680 --> 00:46:05,289

and one thing I hear both sides using

1276

00:46:10,109 --> 00:46:07,690

for evidence is flight paths and I know

1277

00:46:12,269 --> 00:46:10,119

you've done videos where you have looked

1278

00:46:15,140 --> 00:46:12,279

at very specific flights and their

1279

00:46:17,880 --> 00:46:15,150

distances and the times of arrival and

1280

00:46:20,160 --> 00:46:17,890

so you know obviously you've done the

1281

00:46:23,970 --> 00:46:20,170

research but when I look at the Flat

1282

00:46:25,829 --> 00:46:23,980

Earth map and say maybe Australia to

1283

00:46:28,170 --> 00:46:25,839

South America would be the flight that

1284

00:46:29,700 --> 00:46:28,180

might give it away I know you've been

1285

00:46:31,920 --> 00:46:29,710

through these arguments before but what

1286

00:46:33,960 --> 00:46:31,930

would you say about flight paths and

1287

00:46:37,140 --> 00:46:33,970

using that as evidence to try to

1288

00:46:38,640 --> 00:46:37,150

determine the real shape yeah and you

1289

00:46:41,190 --> 00:46:38,650

know that would have been something that

1290

00:46:44,099 --> 00:46:41,200

really led me to the idea of it being a

1291

00:46:46,259 --> 00:46:44,109

globe if it wasn't so easily dismissed

1292

00:46:47,819 --> 00:46:46,269

and I'll explain why but you know we've

1293

00:46:52,529 --> 00:46:47,829

seen somebody take the flight from

1294

00:46:54,420 --> 00:46:52,539

Sydney to South America and that flight

1295

00:46:56,519 --> 00:46:54,430

I believe it's 6,000 miles that it's

1296

00:46:58,979 --> 00:46:56,529

listed as and the flight takes about

1297

00:47:01,380 --> 00:46:58,989

eleven and a half hours going the

1298

00:47:02,720 --> 00:47:01,390

direction of East going west it takes

1299

00:47:04,730 --> 00:47:02,730

like thirteen or fourteen hours

1300

00:47:06,140 --> 00:47:04,740

which that alone you know should call

1301  
00:47:07,910 --> 00:47:06,150  
into question the globe because that's

1302  
00:47:10,640 --> 00:47:07,920  
the way the globe spins it should be the

1303  
00:47:12,829 --> 00:47:10,650  
opposite but isn't because of trade

1304  
00:47:15,530 --> 00:47:12,839  
winds and jet streams but just going

1305  
00:47:17,300 --> 00:47:15,540  
back to Sydney to South America what

1306  
00:47:19,609 --> 00:47:17,310  
we're basically saying when you look at

1307  
00:47:23,210 --> 00:47:19,619  
the idea of a globe versus the platter

1308  
00:47:25,579 --> 00:47:23,220  
that the flat earth would have more area

1309  
00:47:26,960 --> 00:47:25,589  
than a globe and people should know that

1310  
00:47:30,500 --> 00:47:26,970  
right if you took a flat piece of paper

1311  
00:47:32,839 --> 00:47:30,510  
and tried to wrap it around a ball that

1312  
00:47:34,910 --> 00:47:32,849  
you're going to have extra paper right

1313  
00:47:38,329 --> 00:47:34,920

the globe is actually less surface area

1314

00:47:40,040 --> 00:47:38,339

so in doing that idea you can see that

1315

00:47:42,829 --> 00:47:40,050

if you're going to make a flat plane

1316

00:47:45,200 --> 00:47:42,839

where we live fit to a globe you would

1317

00:47:46,700 --> 00:47:45,210

have to eliminate certain areas of that

1318

00:47:48,290 --> 00:47:46,710

flat piece of paper well you're not

1319

00:47:50,569 --> 00:47:48,300

going to eliminate land because people

1320

00:47:53,930 --> 00:47:50,579

would catch on to that but you could

1321

00:47:55,849 --> 00:47:53,940

eliminate big sections of ocean and by

1322

00:47:57,770 --> 00:47:55,859

doing that and then setting up a GPS

1323

00:48:00,560 --> 00:47:57,780

system what I was trying to point out is

1324

00:48:02,990 --> 00:48:00,570

if you have planes flying from Sydney to

1325

00:48:05,300 --> 00:48:03,000

South America that as they're flying the

1326  
00:48:07,010 --> 00:48:05,310  
only way that the plane knows how fast

1327  
00:48:09,440 --> 00:48:07,020  
it's going and the only way that the

1328  
00:48:12,710 --> 00:48:09,450  
pilots know how fast it's going is by

1329  
00:48:14,599 --> 00:48:12,720  
ground-based GPS the plane does know how

1330  
00:48:16,220 --> 00:48:14,609  
fast it's moving through the air but

1331  
00:48:19,339 --> 00:48:16,230  
we've also seen that there's jet streams

1332  
00:48:21,290 --> 00:48:19,349  
down there that move 200 or you know 250

1333  
00:48:23,300 --> 00:48:21,300  
miles per hour so once you realize that

1334  
00:48:25,490 --> 00:48:23,310  
and there's no way the plane would be

1335  
00:48:28,069 --> 00:48:25,500  
able to know that meaning the jet stream

1336  
00:48:30,950 --> 00:48:28,079  
is moving all the air in that direction

1337  
00:48:32,780 --> 00:48:30,960  
the plane is flying through the air at a

1338  
00:48:35,300 --> 00:48:32,790

certain miles per hour and it can't go

1339

00:48:37,790 --> 00:48:35,310

over the you know the speed of sound or

1340

00:48:40,700 --> 00:48:37,800

create a sonic boom but you can set a

1341

00:48:42,770 --> 00:48:40,710

plane to say 0.95 Mach and the plane

1342

00:48:44,420 --> 00:48:42,780

will maintain that speed but it doesn't

1343

00:48:46,700 --> 00:48:44,430

always mean that's the speed the planes

1344

00:48:49,040 --> 00:48:46,710

going because if it's in a jet stream

1345

00:48:51,530 --> 00:48:49,050

say it's a 200 mile per hour jet stream

1346

00:48:54,559 --> 00:48:51,540

well the planes going 650 miles per hour

1347

00:48:56,240 --> 00:48:54,569

it's at 0.95 Mach well whatever the jet

1348

00:48:58,609 --> 00:48:56,250

stream is is moving that whole mass

1349

00:49:00,620 --> 00:48:58,619

together meaning it doesn't change the

1350

00:49:02,630 --> 00:49:00,630

speed that the plane is going through

1351

00:49:04,520 --> 00:49:02,640

the air so once you realize that then

1352

00:49:07,130 --> 00:49:04,530

you realize if somebody did eliminate

1353

00:49:08,930 --> 00:49:07,140

ocean by just cutting it out of kind of

1354

00:49:11,599 --> 00:49:08,940

our map that there would be no way for

1355

00:49:13,849 --> 00:49:11,609

anyone to know except for the person who

1356

00:49:15,200 --> 00:49:13,859

did that and if you start to think about

1357

00:49:16,490 --> 00:49:15,210

that way I started thinking well

1358

00:49:19,490 --> 00:49:16,500

wouldn't GPS know

1359

00:49:21,109 --> 00:49:19,500

they're in a place it's weird that for

1360

00:49:23,630 --> 00:49:21,119

instance GPS okay this plane isn't

1361

00:49:25,670 --> 00:49:23,640

registering on any area that we know

1362

00:49:27,830 --> 00:49:25,680

exists well what's certainly interesting

1363

00:49:29,900 --> 00:49:27,840

is in the south all the planes that go

1364

00:49:33,290 --> 00:49:29,910

across the southern ocean disappear from

1365

00:49:35,000 --> 00:49:33,300

GPS for a huge amount of time like the

1366

00:49:38,210 --> 00:49:35,010

planes that goes Sydney to South America

1367

00:49:41,630 --> 00:49:38,220

they're missing from GPS tracking for

1368

00:49:43,640 --> 00:49:41,640

good 80% of the flight really yeah so

1369

00:49:45,410 --> 00:49:43,650

the question becomes why are these

1370

00:49:47,930 --> 00:49:45,420

planes disappearing and they'll describe

1371

00:49:48,440 --> 00:49:47,940

it as oh they're too far out of radar

1372

00:49:50,030 --> 00:49:48,450

range

1373

00:49:51,800 --> 00:49:50,040

which again brings into question the

1374

00:49:53,930 --> 00:49:51,810

idea of satellites I thought we had

1375

00:49:55,609 --> 00:49:53,940

satellites tracking planes then you look

1376

00:49:58,099 --> 00:49:55,619

at something like I don't know your

1377

00:50:00,320 --> 00:49:58,109

opinion of mh370 some people think it

1378

00:50:01,730 --> 00:50:00,330

was complete and total hoax I for one

1379

00:50:04,160 --> 00:50:01,740

thinks it makes more sense that the

1380

00:50:05,930 --> 00:50:04,170

plane went out and basically crashed

1381

00:50:07,460 --> 00:50:05,940

into the ocean but into one of those

1382

00:50:11,780 --> 00:50:07,470

areas that I'm talking about that has

1383

00:50:13,010 --> 00:50:11,790

been removed from existence by now you

1384

00:50:14,660 --> 00:50:13,020

know obviously they didn't remove it

1385

00:50:16,460 --> 00:50:14,670

physically but I mean if you cut it out

1386

00:50:19,609 --> 00:50:16,470

of the idea of GPS but when you have

1387

00:50:21,950 --> 00:50:19,619

boats down there searching for this lost

1388

00:50:23,750 --> 00:50:21,960

plane well they would never go to the

1389

00:50:25,130 --> 00:50:23,760

area that technically doesn't exist and

1390

00:50:27,140 --> 00:50:25,140

it might be hard for people to

1391

00:50:29,329 --> 00:50:27,150

understand that but I think once I

1392

00:50:31,339 --> 00:50:29,339

learned kind of the vastness of these

1393

00:50:32,750 --> 00:50:31,349

oceans you know we kind of picture

1394

00:50:34,820 --> 00:50:32,760

everything on such a small scale it's

1395

00:50:36,260 --> 00:50:34,830

hard for us to imagine think how big

1396

00:50:38,750 --> 00:50:36,270

your city is and then from there your

1397

00:50:40,339 --> 00:50:38,760

state these are huge areas so when

1398

00:50:42,920 --> 00:50:40,349

you're talking about the Southern Ocean

1399

00:50:46,400 --> 00:50:42,930

or the Pacific Ocean it's such a vast

1400

00:50:48,470 --> 00:50:46,410

amount of just water that it's it's kind

1401  
00:50:50,390 --> 00:50:48,480  
of easy to understand that they would be

1402  
00:50:51,589 --> 00:50:50,400  
able to remove it oh by the way the

1403  
00:50:53,000 --> 00:50:51,599  
other thing that caught me as I said oh

1404  
00:50:55,250 --> 00:50:53,010  
shoot you know I'm going to go look into

1405  
00:50:58,609 --> 00:50:55,260  
cruises because I said cruises would

1406  
00:51:00,800 --> 00:50:58,619  
ultimately prove the globe meaning since

1407  
00:51:03,109 --> 00:51:00,810  
I've now described it a plane can be

1408  
00:51:04,849 --> 00:51:03,119  
traveling that distance of six thousand

1409  
00:51:07,160 --> 00:51:04,859  
miles and really come to find out it

1410  
00:51:08,930 --> 00:51:07,170  
could be 9,000 miles and nobody would

1411  
00:51:10,670 --> 00:51:08,940  
know the difference because that 3,000

1412  
00:51:12,530 --> 00:51:10,680  
has been cut out I said that couldn't

1413  
00:51:15,530 --> 00:51:12,540

happen with cruises you'll be impossible

1414

00:51:17,270 --> 00:51:15,540

the cruise can go 20 miles per hour you

1415

00:51:19,790 --> 00:51:17,280

know if they're flooring it you know 23

1416

00:51:21,170 --> 00:51:19,800

miles per hour you know it can't go fast

1417

00:51:22,820 --> 00:51:21,180

enough to make up that kind of distance

1418

00:51:25,579 --> 00:51:22,830

why I went looking and there is no

1419

00:51:28,130 --> 00:51:25,589

cruise that travels from Australia to

1420

00:51:30,020 --> 00:51:28,140

South America if they do they go up the

1421

00:51:31,970 --> 00:51:30,030

coast of Japan go

1422

00:51:33,440 --> 00:51:31,980

and Alaska come down the west coast of

1423

00:51:36,170 --> 00:51:33,450

the United States and then go down to

1424

00:51:38,210 --> 00:51:36,180

South America but no cruise crosses that

1425

00:51:39,920 --> 00:51:38,220

water of course I get people tell me

1426

00:51:41,960 --> 00:51:39,930

well why would they do that you know

1427

00:51:44,300 --> 00:51:41,970

there's no land if something happened to

1428

00:51:46,040 --> 00:51:44,310

them they'd be stuck out there well that

1429

00:51:47,630 --> 00:51:46,050

may be the case but also there is Easter

1430

00:51:49,400 --> 00:51:47,640

Island down there you think there'd be a

1431

00:51:51,710 --> 00:51:49,410

cruise that would stop at Easter Island

1432

00:51:53,780 --> 00:51:51,720

a lot of people on cruises actually

1433

00:51:55,970 --> 00:51:53,790

enjoy the cruise atmosphere and not even

1434

00:51:57,260 --> 00:51:55,980

so much the places that you go so you

1435

00:52:00,020 --> 00:51:57,270

think that there would be people who

1436

00:52:02,120 --> 00:52:00,030

would like to take a cruise from say New

1437

00:52:03,740 --> 00:52:02,130

Zealand go across to Easter Island and

1438

00:52:05,570 --> 00:52:03,750

then from Easter Island to South America

1439

00:52:07,880 --> 00:52:05,580

and they don't exist and those are the

1440

00:52:09,350 --> 00:52:07,890

things that make me question why when I

1441

00:52:12,170 --> 00:52:09,360

do this kind of research do I keep

1442

00:52:13,520 --> 00:52:12,180

turning up things that makes sense on a

1443

00:52:16,520 --> 00:52:13,530

flat earth but don't make sense on a

1444

00:52:18,350 --> 00:52:16,530

globe well yeah the GPS thing is

1445

00:52:22,070 --> 00:52:18,360

interesting but if you were to consider

1446

00:52:24,500 --> 00:52:22,080

that GPS is done through towers that are

1447

00:52:26,660 --> 00:52:24,510

on land it would make sense that there

1448

00:52:28,490 --> 00:52:26,670

would be a large chunk of ocean outside

1449

00:52:30,950 --> 00:52:28,500

of the range and that you could kind of

1450

00:52:33,110 --> 00:52:30,960

bookend it on each end and then that

1451

00:52:35,270 --> 00:52:33,120

middle spot would be missing at a high

1452

00:52:37,580 --> 00:52:35,280

enough level in regards to the Malaysian

1453

00:52:40,160 --> 00:52:37,590

flight if someone wanted to disappear a

1454

00:52:41,930 --> 00:52:40,170

plane and they were high enough to know

1455

00:52:44,300 --> 00:52:41,940

about that that would be the place to

1456

00:52:46,580 --> 00:52:44,310

take a plane down for whatever reason

1457

00:52:48,980 --> 00:52:46,590

but right it is really interesting then

1458

00:52:51,230 --> 00:52:48,990

and just for a minute to get back to

1459

00:52:52,730 --> 00:52:51,240

mysterious lands like the Iron Republic

1460

00:52:55,160 --> 00:52:52,740

saga that you mentioned I've also heard

1461

00:52:58,900 --> 00:52:55,170

you talking about Tibetan and Hindu

1462

00:53:02,090 --> 00:52:58,910

legends like Shambhala and Meru mountain

1463

00:53:04,400 --> 00:53:02,100

stories of an imperishable sacred land

1464

00:53:07,640 --> 00:53:04,410

at the North Pole apparently multiple

1465

00:53:09,470 --> 00:53:07,650

cultures talk about this quote mountain

1466

00:53:11,870 --> 00:53:09,480

at the navel of the world and again I

1467

00:53:14,570 --> 00:53:11,880

find these polar regions mysterious and

1468

00:53:16,040 --> 00:53:14,580

fascinating in either model but I guess

1469

00:53:17,750 --> 00:53:16,050

the suggestion that I've heard from

1470

00:53:20,630 --> 00:53:17,760

people like Eric today is that there is

1471

00:53:22,460 --> 00:53:20,640

some type of magnetic mountain in the

1472

00:53:24,800 --> 00:53:22,470

middle and that that is kind of why

1473

00:53:26,990 --> 00:53:24,810

compasses Point North but what are your

1474

00:53:28,670 --> 00:53:27,000

thoughts on some of these legends like

1475

00:53:31,450 --> 00:53:28,680

Tibetan and Hindu legends and how they

1476

00:53:34,190 --> 00:53:31,460

might actually reflect something real

1477

00:53:36,410 --> 00:53:34,200

yeah I think it's just to what level are

1478

00:53:39,530 --> 00:53:36,420

they referring to reality you know there

1479

00:53:41,600 --> 00:53:39,540

is myths in every culture and we know

1480

00:53:43,430 --> 00:53:41,610

that and once you read into them though

1481

00:53:45,289 --> 00:53:43,440

you should understand it

1482

00:53:47,720 --> 00:53:45,299

the myths usually have a reason for

1483

00:53:49,400 --> 00:53:47,730

being told right mm-hmm rarely is there

1484

00:53:52,220 --> 00:53:49,410

just some myth that somebody tells it's

1485

00:53:53,539 --> 00:53:52,230

got no real underlying story that

1486

00:53:55,130 --> 00:53:53,549

they're trying to get across so when you

1487

00:53:58,789 --> 00:53:55,140

look at the idea of Shambala and the

1488

00:54:01,789 --> 00:53:58,799

idea of the Inner Earth or the naval or

1489

00:54:03,980 --> 00:54:01,799

the cosmic tree or the idea of the Tree

1490

00:54:07,099 --> 00:54:03,990

of Life you know they all seem to point

1491

00:54:09,440 --> 00:54:07,109

to the idea of Mount Meru or the center

1492

00:54:11,509 --> 00:54:09,450

location and even Mercator who was

1493

00:54:13,700 --> 00:54:11,519

considered one of the best cartographers

1494

00:54:16,279 --> 00:54:13,710

of the time he drew the map that's got

1495

00:54:18,019 --> 00:54:16,289

those four continents that seemed to be

1496

00:54:21,410 --> 00:54:18,029

right at the center which now are

1497

00:54:23,120 --> 00:54:21,420

completely erased from any maps and so

1498

00:54:24,680 --> 00:54:23,130

you know calls into question that's what

1499

00:54:27,170 --> 00:54:24,690

I would go back to is that I'm just a

1500

00:54:29,599 --> 00:54:27,180

big supporter of anybody who's willing

1501  
00:54:31,490 --> 00:54:29,609  
to go and do this kind of research

1502  
00:54:32,900 --> 00:54:31,500  
because I think it's been shut off for

1503  
00:54:34,940 --> 00:54:32,910  
months and I think the more people who

1504  
00:54:36,799 --> 00:54:34,950  
say oh no you just go up there you just

1505  
00:54:39,410 --> 00:54:36,809  
go up there then they can look into it

1506  
00:54:41,599 --> 00:54:39,420  
and see how there's a lot that blocks

1507  
00:54:44,390 --> 00:54:41,609  
you from doing what you think is just so

1508  
00:54:46,190 --> 00:54:44,400  
easy and you know the biggest thing for

1509  
00:54:48,559 --> 00:54:46,200  
me is going back to even when you said

1510  
00:54:51,319 --> 00:54:48,569  
what is one of the biggest things well

1511  
00:54:54,140 --> 00:54:51,329  
east west circumnavigation of the earth

1512  
00:54:57,289 --> 00:54:54,150  
has been done by billions of people

1513  
00:54:59,539 --> 00:54:57,299

I myself have flown from San Francisco

1514

00:55:02,029 --> 00:54:59,549

to the Philippines and my wife has flown

1515

00:55:03,799 --> 00:55:02,039

from San Francisco to Germany so I mean

1516

00:55:05,359 --> 00:55:03,809

based on all that I can say yeah people

1517

00:55:07,339 --> 00:55:05,369

can circumnavigate the earth quite

1518

00:55:09,559 --> 00:55:07,349

easily east-west but when you look at

1519

00:55:12,200 --> 00:55:09,569

the idea of north-south circumnavigation

1520

00:55:14,180 --> 00:55:12,210

there's literally two or three people

1521

00:55:15,740 --> 00:55:14,190

that claim to have done it and the one

1522

00:55:18,380 --> 00:55:15,750

who claims to have done it first it took

1523

00:55:21,769 --> 00:55:18,390

like four or five years he's a freemason

1524

00:55:23,450 --> 00:55:21,779

he's a cousin of the Queen he's the one

1525

00:55:25,339 --> 00:55:23,460

that's in the Guinness Book for it and

1526

00:55:27,259 --> 00:55:25,349

really it just doesn't make sense

1527

00:55:29,900 --> 00:55:27,269

when you look at it and say billions

1528

00:55:32,779 --> 00:55:29,910

have gone east-west and one or two or

1529

00:55:34,130 --> 00:55:32,789

three have gone north-south and I talk

1530

00:55:36,200 --> 00:55:34,140

about in 2015

1531

00:55:38,690 --> 00:55:36,210

towards the end of that year I was

1532

00:55:41,450 --> 00:55:38,700

watching this guy who was going to break

1533

00:55:43,519 --> 00:55:41,460

the record for single plane flight

1534

00:55:46,220 --> 00:55:43,529

basically being by himself a solo plane

1535

00:55:47,839 --> 00:55:46,230

flight north/south circumnavigation and

1536

00:55:49,220 --> 00:55:47,849

they had this thing called spider tracks

1537

00:55:51,769 --> 00:55:49,230

where they were going to be tracking

1538

00:55:53,870 --> 00:55:51,779

this plane so I was really interested in

1539

00:55:56,780 --> 00:55:53,880

it said okay I'll watch this guy he flew

1540

00:55:59,960 --> 00:55:56,790

from like North Carolina down to south

1541

00:56:01,430 --> 00:55:59,970

America then down to Brazil and then he

1542

00:56:04,010 --> 00:56:01,440

was supposed to be on the leg that would

1543

00:56:05,900 --> 00:56:04,020

go from Brazil across the South Pole and

1544

00:56:07,880 --> 00:56:05,910

he was supposed to come out over by New

1545

00:56:10,010 --> 00:56:07,890

Zealand and so when you're watching him

1546

00:56:12,140 --> 00:56:10,020

he goes from Brazil and hits the South

1547

00:56:13,880 --> 00:56:12,150

Pole and turns around and goes right

1548

00:56:15,290 --> 00:56:13,890

back to Brazil and everyone's like

1549

00:56:18,110 --> 00:56:15,300

what's going on why didn't you go by the

1550

00:56:19,790 --> 00:56:18,120

flight path then he flew from Brazil to

1551

00:56:23,420 --> 00:56:19,800

New Zealand across the southern ocean

1552

00:56:26,210 --> 00:56:23,430

then from New Zealand up to Alaska and

1553

00:56:27,440 --> 00:56:26,220

then Alaska back down to earth to the

1554

00:56:29,090 --> 00:56:27,450

North Pole and then back down to his

1555

00:56:31,130 --> 00:56:29,100

home in North Carolina and then they

1556

00:56:33,320 --> 00:56:31,140

gave him the record and that to me was

1557

00:56:34,970 --> 00:56:33,330

like all the evidence I needed and said

1558

00:56:38,060 --> 00:56:34,980

this is ridiculous that there's no way

1559

00:56:39,920 --> 00:56:38,070

if we lived on a globe that somebody

1560

00:56:42,290 --> 00:56:39,930

would consider what he did to be

1561

00:56:43,910 --> 00:56:42,300

circumnavigating the earth that he even

1562

00:56:46,700 --> 00:56:43,920

had a flight plan that called for him to

1563

00:56:49,280 --> 00:56:46,710

go across the South Pole he didn't do it

1564

00:56:50,300 --> 00:56:49,290

he blamed it on weather said that he got

1565

00:56:52,940 --> 00:56:50,310

there and there was such a strong

1566

00:56:55,010 --> 00:56:52,950

headwind that he wouldn't have the fuel

1567

00:56:57,140 --> 00:56:55,020

to get all the way across well that kind

1568

00:56:59,900 --> 00:56:57,150

of leads to the whole idea of the Flat

1569

00:57:01,160 --> 00:56:59,910

Earth model which would be at least in

1570

00:57:03,320 --> 00:57:01,170

my opinion the further you get away from

1571

00:57:05,180 --> 00:57:03,330

the Sun the more treacherous the weather

1572

00:57:06,830 --> 00:57:05,190

would get and so I would think you would

1573

00:57:08,630 --> 00:57:06,840

have a pretty big headwind and you would

1574

00:57:11,210 --> 00:57:08,640

need to turn around and that's basically

1575

00:57:13,220 --> 00:57:11,220

what he did and so when they give him

1576  
00:57:15,110 --> 00:57:13,230  
the record that makes me say all right

1577  
00:57:16,220 --> 00:57:15,120  
there's something wrong here that would

1578  
00:57:19,100 --> 00:57:16,230  
be something that would be disqualified

1579  
00:57:20,780 --> 00:57:19,110  
you would not win the record for doing

1580  
00:57:22,940 --> 00:57:20,790  
something that you didn't do he didn't

1581  
00:57:24,980 --> 00:57:22,950  
circumnavigate the globe north-south and

1582  
00:57:26,420 --> 00:57:24,990  
I don't think anybody has and the reason

1583  
00:57:28,910 --> 00:57:26,430  
for that would be explained pretty

1584  
00:57:32,510 --> 00:57:28,920  
easily in a flat earth model no that's

1585  
00:57:34,880 --> 00:57:32,520  
interesting and you do find that when

1586  
00:57:37,520 --> 00:57:34,890  
you get to the figureheads of aviation

1587  
00:57:39,740 --> 00:57:37,530  
and exploration and any relevant

1588  
00:57:42,380 --> 00:57:39,750

industry there's so many members of the

1589

00:57:45,590 --> 00:57:42,390

Royal Society so many Freemasons

1590

00:57:47,120 --> 00:57:45,600

and then you hear stories like oh when

1591

00:57:49,370 --> 00:57:47,130

they were on the moon they actually did

1592

00:57:51,620 --> 00:57:49,380

a Masonic ritual or you hear that when

1593

00:57:53,510 --> 00:57:51,630

they found the poles they did a Masonic

1594

00:57:55,580 --> 00:57:53,520

ritual and it's almost like Masonic

1595

00:57:59,120 --> 00:57:55,590

ritual is code for we completely made

1596

00:58:00,950 --> 00:57:59,130

this [h\_\_\h] up okay yeah all the guys that

1597

00:58:03,500 --> 00:58:00,960

did the discovering of the southern

1598

00:58:05,660 --> 00:58:03,510

northern poles were all in the same

1599

00:58:07,730 --> 00:58:05,670

organization Freemasons and from a

1600

00:58:09,860 --> 00:58:07,740

Munson and Scott and yeah it just

1601

00:58:12,290 --> 00:58:09,870

certainly seems like it is code

1602

00:58:14,870 --> 00:58:12,300

and yeah buzz aldrin you know it fully

1603

00:58:17,000 --> 00:58:14,880

admits that they did this Masonic ritual

1604

00:58:19,040 --> 00:58:17,010

with the flag on the moon and it

1605

00:58:21,080 --> 00:58:19,050

certainly seems questionable in every

1606

00:58:23,990 --> 00:58:21,090

way and you look at any of these big

1607

00:58:26,480 --> 00:58:24,000

aviation events Lindbergh crossing the

1608

00:58:28,970 --> 00:58:26,490

Atlantic all those are shrouded by so

1609

00:58:30,770 --> 00:58:28,980

much nonsense and kind of like folklore

1610

00:58:32,930 --> 00:58:30,780

and if you read the story about

1611

00:58:35,780 --> 00:58:32,940

Lindbergh it says that he fell asleep on

1612

00:58:38,000 --> 00:58:35,790

that flight and then part of the time he

1613

00:58:39,830 --> 00:58:38,010

was running out of gas and was 10 feet

1614

00:58:42,230 --> 00:58:39,840

above the waves I mean just things like

1615

00:58:43,520 --> 00:58:42,240

that that don't seem realistic that I

1616

00:58:45,820 --> 00:58:43,530

don't think somebody was flying across

1617

00:58:49,430 --> 00:58:45,830

the Atlantic ten feet above the ocean

1618

00:58:52,580 --> 00:58:49,440

you know and falling asleep in that trip

1619

00:58:54,290 --> 00:58:52,590

it just seems crazy to me but again you

1620

00:58:56,120 --> 00:58:54,300

know Who am I to question those things I

1621

00:58:58,360 --> 00:58:56,130

just think that when something doesn't

1622

00:59:00,830 --> 00:58:58,370

look right then we have every right to

1623

00:59:03,830 --> 00:59:00,840

explore it further and when you find out

1624

00:59:05,690 --> 00:59:03,840

people who are lying to you have done so

1625

00:59:07,700 --> 00:59:05,700

then those people shouldn't be trusted

1626  
00:59:11,420 --> 00:59:07,710  
anymore so for me stuff like the moon

1627  
00:59:13,160 --> 00:59:11,430  
landing is so clear and once you've

1628  
00:59:15,860 --> 00:59:13,170  
looked into it yourself and not just

1629  
00:59:17,270 --> 00:59:15,870  
simply bowed down to the intellectual

1630  
00:59:18,530 --> 00:59:17,280  
community and what they tell you you

1631  
00:59:19,610 --> 00:59:18,540  
have to believe because that's basically

1632  
00:59:21,500 --> 00:59:19,620  
what it comes down to with the moon

1633  
00:59:23,720 --> 00:59:21,510  
landings is you have to believe it if

1634  
00:59:25,130 --> 00:59:23,730  
you're going to be in the field of

1635  
00:59:27,290 --> 00:59:25,140  
science or if you're going to be

1636  
00:59:29,690 --> 00:59:27,300  
considered an intellectual and to me

1637  
00:59:32,300 --> 00:59:29,700  
that's dogma that's religion it's not

1638  
00:59:34,070 --> 00:59:32,310

true science it's not true inquiry you

1639

00:59:36,500 --> 00:59:34,080

know an inquiry is when you're actually

1640

00:59:38,120 --> 00:59:36,510

looking and you don't care about what

1641

00:59:40,370 --> 00:59:38,130

the answer is and that's really where I

1642

00:59:41,660 --> 00:59:40,380

came from I didn't look into the Flat

1643

00:59:43,100 --> 00:59:41,670

Earth and say I hope that the earth is

1644

00:59:45,350 --> 00:59:43,110

flat so I'm going to look into this and

1645

00:59:47,480 --> 00:59:45,360

find the earth to be flat it was a

1646

00:59:49,520 --> 00:59:47,490

period of time in my life where I was so

1647

00:59:50,900 --> 00:59:49,530

pissed at everything that I'd been shown

1648

00:59:54,790 --> 00:59:50,910

and everything I'd been told from

1649

00:59:56,930 --> 00:59:54,800

religion to science and saw it all as a

1650

00:59:59,420 --> 00:59:56,940

religion you know each in their own way

1651  
01:00:01,160 --> 00:59:59,430  
but with dogmatic foundations that you

1652  
01:00:02,390 --> 01:00:01,170  
had to believe in and I got frustrated

1653  
01:00:05,030 --> 01:00:02,400  
and just said well I'm just going to

1654  
01:00:06,890 --> 01:00:05,040  
research things and see and only believe

1655  
01:00:08,840 --> 01:00:06,900  
what I can prove and it just so happened

1656  
01:00:11,450 --> 01:00:08,850  
that the first thing that I was looking

1657  
01:00:13,130 --> 01:00:11,460  
into was the moon landing and when I

1658  
01:00:14,570 --> 01:00:13,140  
came to the conclusion that that didn't

1659  
01:00:16,220 --> 01:00:14,580  
happen well then you have to start

1660  
01:00:19,070 --> 01:00:16,230  
asking well wait a second so that

1661  
01:00:21,110 --> 01:00:19,080  
picture of the earth isn't true and from

1662  
01:00:23,780 --> 01:00:21,120  
there then you really start opening up

1663  
01:00:26,270 --> 01:00:23,790

your eyes - well if they lied about that

1664

01:00:27,950 --> 01:00:26,280

would they be lying to hide and from

1665

01:00:29,600 --> 01:00:27,960

there then the sliders kind of unfolds

1666

01:00:31,730 --> 01:00:29,610

right in front of you mm-hmm

1667

01:00:33,560 --> 01:00:31,740

yeah so many of the researchers that

1668

01:00:35,960 --> 01:00:33,570

have gone flatter that I've talked to

1669

01:00:37,490 --> 01:00:35,970

over the past two years they often say

1670

01:00:39,440 --> 01:00:37,500

that they started with trying to

1671

01:00:41,060 --> 01:00:39,450

disprove it and then they realize they

1672

01:00:43,010 --> 01:00:41,070

couldn't and now they're just still

1673

01:00:45,380 --> 01:00:43,020

sitting in that space or they're like no

1674

01:00:48,680 --> 01:00:45,390

I'd love it to be disproven please and

1675

01:00:50,930 --> 01:00:48,690

they just nothing seems to work and it's

1676  
01:00:52,730 --> 01:00:50,940  
interesting because I look at those you

1677  
01:00:55,160 --> 01:00:52,740  
know top ten reasons why the earth is

1678  
01:00:56,240 --> 01:00:55,170  
round lists all the time to try to get

1679  
01:00:58,040 --> 01:00:56,250  
something out of them and they always

1680  
01:01:01,190 --> 01:00:58,050  
mention a few things that I just think

1681  
01:01:03,470 --> 01:01:01,200  
are [h\_\_\h] arguments in particular the

1682  
01:01:04,730 --> 01:01:03,480  
idea of flights when people say well why

1683  
01:01:06,830 --> 01:01:04,740  
don't these people just take a flight

1684  
01:01:08,690 --> 01:01:06,840  
once in a while I have been on four

1685  
01:01:10,910 --> 01:01:08,700  
international flights in the past two

1686  
01:01:13,790 --> 01:01:10,920  
years since doing that show there today

1687  
01:01:16,280 --> 01:01:13,800  
and every time I try to pay great

1688  
01:01:18,620 --> 01:01:16,290

attention to where I think I am and it's

1689

01:01:20,840 --> 01:01:18,630

just too freaking hard honestly like I

1690

01:01:23,780 --> 01:01:20,850

can't get any real conclusive evidence

1691

01:01:25,520 --> 01:01:23,790

from those trips except that you don't

1692

01:01:27,050 --> 01:01:25,530

see curvature I can say that that

1693

01:01:29,540 --> 01:01:27,060

doesn't mean the earth is round or flat

1694

01:01:32,120 --> 01:01:29,550

but to say that you see curvature from

1695

01:01:34,100 --> 01:01:32,130

an airplane I think is disingenuous and

1696

01:01:35,630 --> 01:01:34,110

people also always try to tell me about

1697

01:01:37,550 --> 01:01:35,640

these images that we have of the Earth

1698

01:01:39,500 --> 01:01:37,560

from space like you mentioned yeah and

1699

01:01:40,940 --> 01:01:39,510

they're just not true and one of your

1700

01:01:43,250 --> 01:01:40,950

videos you do a side-by-side comparison

1701

01:01:46,070 --> 01:01:43,260

of NASA images and there are huge

1702

01:01:48,080 --> 01:01:46,080

discrepancies for example South America

1703

01:01:50,720 --> 01:01:48,090

is to the right of Florida and some

1704

01:01:52,700 --> 01:01:50,730

images and to the left and others Spain

1705

01:01:55,010 --> 01:01:52,710

and the water channels around it often

1706

01:01:57,200 --> 01:01:55,020

look quite different the Baja California

1707

01:01:59,630 --> 01:01:57,210

area of Mexico looks different on these

1708

01:02:01,970 --> 01:01:59,640

different maps you know these different

1709

01:02:03,890 --> 01:02:01,980

quote-unquote images that in fact and

1710

01:02:05,930 --> 01:02:03,900

when I talk to air today I thought some

1711

01:02:07,880 --> 01:02:05,940

of the line-of-sight examples with

1712

01:02:09,470 --> 01:02:07,890

lighthouses that you can see when they

1713

01:02:11,060 --> 01:02:09,480

should actually be below the curve of

1714

01:02:12,440 --> 01:02:11,070

the earth I thought those were pretty

1715

01:02:15,200 --> 01:02:12,450

convincing and Neil deGrasse Tyson

1716

01:02:17,090 --> 01:02:15,210

responded to that by saying the earth is

1717

01:02:19,130 --> 01:02:17,100

not a perfect circle it's no blade

1718

01:02:21,350 --> 01:02:19,140

spheroid that's shaped more like a pear

1719

01:02:22,790 --> 01:02:21,360

and so then I think okay well where's

1720

01:02:24,890 --> 01:02:22,800

that picture of the earth because you

1721

01:02:26,540 --> 01:02:24,900

only show the blue marble and you're now

1722

01:02:28,760 --> 01:02:26,550

telling me that it's a pear shape so

1723

01:02:29,960 --> 01:02:28,770

either the top astrophysicist doesn't

1724

01:02:33,070 --> 01:02:29,970

know what the hell he's talking about

1725

01:02:35,300 --> 01:02:33,080

or these images are not accurate at all

1726

01:02:37,400 --> 01:02:35,310

well and the reason I know a lot of

1727

01:02:39,380 --> 01:02:37,410

people have a different opinion of

1728

01:02:42,200 --> 01:02:39,390

grass or these guys than I do because I

1729

01:02:44,780 --> 01:02:42,210

do think that they are more beneficial

1730

01:02:46,760 --> 01:02:44,790

to let's say the elite or whoever is

1731

01:02:49,040 --> 01:02:46,770

telling this lie they're more beneficial

1732

01:02:51,530 --> 01:02:49,050

to them if they truly believe it I think

1733

01:02:53,330 --> 01:02:51,540

that if you are lying then you know

1734

01:02:55,100 --> 01:02:53,340

you've seen all these false flags that

1735

01:02:56,570 --> 01:02:55,110

have taken place that the reason we

1736

01:02:59,060 --> 01:02:56,580

usually can easily tell when it's a

1737

01:03:00,590 --> 01:02:59,070

false flag is due to the acting of the

1738

01:03:02,360 --> 01:03:00,600

people who are lying through because

1739

01:03:03,710 --> 01:03:02,370

they have such a hard time crying they

1740

01:03:05,840 --> 01:03:03,720

have such a hard time showing true

1741

01:03:08,180 --> 01:03:05,850

emotion where we all know what it would

1742

01:03:09,500 --> 01:03:08,190

be like to lose a family member or to be

1743

01:03:12,800 --> 01:03:09,510

crying because your son is missing or

1744

01:03:15,140 --> 01:03:12,810

whatever so I think that they they love

1745

01:03:16,730 --> 01:03:15,150

the people like Bill Nye and Neil

1746

01:03:19,190 --> 01:03:16,740

deGrasse that are just such firm

1747

01:03:20,900 --> 01:03:19,200

believers in what they are preaching

1748

01:03:23,090 --> 01:03:20,910

that I think they're more beneficial

1749

01:03:25,580 --> 01:03:23,100

that way like when Joe Rogan asked Neil

1750

01:03:27,920 --> 01:03:25,590

deGrasse what the curvature formula was

1751

01:03:30,110 --> 01:03:27,930

and Neil deGrasse said oh you mean the

1752

01:03:33,590 --> 01:03:30,120

gravity drop like he doesn't even

1753

01:03:36,470 --> 01:03:33,600

understand the idea of the calculation

1754

01:03:38,330 --> 01:03:36,480

for the curvature formula because once

1755

01:03:40,010 --> 01:03:38,340

you're in that business those things are

1756

01:03:42,500 --> 01:03:40,020

already assumed there is no need to

1757

01:03:44,150 --> 01:03:42,510

question the curvature formula of the

1758

01:03:46,760 --> 01:03:44,160

ball earth if you've gone into

1759

01:03:48,770 --> 01:03:46,770

astrophysics because you know that the

1760

01:03:51,050 --> 01:03:48,780

earth of all so he comes across to me as

1761

01:03:53,300 --> 01:03:51,060

somebody who has never even considered

1762

01:03:55,040 --> 01:03:53,310

the idea of the earth not being a ball

1763

01:03:57,560 --> 01:03:55,050

and he answers all his questions like

1764

01:03:59,210 --> 01:03:57,570

that he seems to be somebody who simply

1765

01:04:01,130 --> 01:03:59,220

believes in whatever he's read in the

1766

01:04:02,660 --> 01:04:01,140

book and people all say all the time

1767

01:04:04,490 --> 01:04:02,670

where are your credentials Sharon where

1768

01:04:05,900 --> 01:04:04,500

are your college credentials and I say

1769

01:04:07,400 --> 01:04:05,910

well that's a good thing that I don't

1770

01:04:09,380 --> 01:04:07,410

have those because what we're trying to

1771

01:04:11,510 --> 01:04:09,390

say is that these people have been

1772

01:04:14,630 --> 01:04:11,520

taught or had been schooled or educated

1773

01:04:16,460 --> 01:04:14,640

or indoctrinated in the lie and so of

1774

01:04:18,650 --> 01:04:16,470

course you know Neil deGrasse in terms

1775

01:04:18,830 --> 01:04:18,660

of astrophysics is much smarter than I

1776

01:04:21,170 --> 01:04:18,840

am

1777

01:04:23,360 --> 01:04:21,180

because he's read the book which I think

1778

01:04:25,220 --> 01:04:23,370

is a lie and he can repeat it verbatim

1779

01:04:27,590 --> 01:04:25,230

and he understands everything that's in

1780

01:04:29,120 --> 01:04:27,600

the book it doesn't mean it's reality

1781

01:04:31,520 --> 01:04:29,130

I think people fail to realize we've

1782

01:04:33,880 --> 01:04:31,530

given a PhD to somebody who has never

1783

01:04:36,950 --> 01:04:33,890

been to space never touch space never

1784

01:04:39,530 --> 01:04:36,960

tested things in space but yet we've

1785

01:04:42,140 --> 01:04:39,540

given them the permission to lord over

1786

01:04:44,630 --> 01:04:42,150

us that they know about these places

1787

01:04:46,700 --> 01:04:44,640

like Saturn and Jupiter and things that

1788

01:04:48,920 --> 01:04:46,710

are simply lights in the sky to all of

1789

01:04:50,780 --> 01:04:48,930

us yet somebody is going to tell us that

1790

01:04:50,990 --> 01:04:50,790

there are actual planets that are you

1791

01:04:52,310 --> 01:04:51,000

know

1792

01:04:54,170 --> 01:04:52,320

say to Pater's a hundred times the size

1793

01:04:56,270 --> 01:04:54,180

of the earth and Saturn's ten times as

1794

01:04:58,280 --> 01:04:56,280

big but we don't know those things to be

1795

01:05:00,500 --> 01:04:58,290

reality and that's what I really think

1796

01:05:02,420 --> 01:05:00,510

is missing from people is we've allowed

1797

01:05:05,060 --> 01:05:02,430

people to construct our reality with

1798

01:05:06,350 --> 01:05:05,070

words and stories and I understand why

1799

01:05:08,030 --> 01:05:06,360

you have to add things to your reality

1800

01:05:10,220 --> 01:05:08,040

that you've never experienced for

1801  
01:05:11,150 --> 01:05:10,230  
instance I do think Australia exists and

1802  
01:05:13,640 --> 01:05:11,160  
I've never been there

1803  
01:05:16,040 --> 01:05:13,650  
but I've got enough information from

1804  
01:05:17,750 --> 01:05:16,050  
pictures my mom's been there I've got

1805  
01:05:19,610 --> 01:05:17,760  
friends who've been there I can find

1806  
01:05:21,830 --> 01:05:19,620  
people who don't even know each other

1807  
01:05:24,410 --> 01:05:21,840  
that all agree that these places exist

1808  
01:05:26,300 --> 01:05:24,420  
well when it comes to planets and things

1809  
01:05:27,620 --> 01:05:26,310  
like that well then you have to look at

1810  
01:05:30,170 --> 01:05:27,630  
it and say well who is telling us that

1811  
01:05:31,490 --> 01:05:30,180  
these planets exist and that they are as

1812  
01:05:33,650 --> 01:05:31,500  
big as they say they are will really

1813  
01:05:36,050 --> 01:05:33,660

comes down to just NASA yeah you might

1814

01:05:37,850 --> 01:05:36,060

have Ross cosmos or you might have ESA

1815

01:05:41,030 --> 01:05:37,860

but these are all government-run

1816

01:05:42,650 --> 01:05:41,040

agencies that have learned that by

1817

01:05:45,110 --> 01:05:42,660

telling you things and showing you

1818

01:05:47,540 --> 01:05:45,120

pictures that certainly look like they

1819

01:05:49,970 --> 01:05:47,550

are CGI that people have adopted these

1820

01:05:51,980 --> 01:05:49,980

things into their reality and that's

1821

01:05:54,770 --> 01:05:51,990

where I think the problem lies I'm okay

1822

01:05:56,930 --> 01:05:54,780

with adopting Australia as reality in my

1823

01:05:59,990 --> 01:05:56,940

world but I'm not okay with adopting

1824

01:06:03,050 --> 01:06:00,000

Mars as a terraform planet or Saturn as

1825

01:06:05,510 --> 01:06:03,060

a gas giant with rings yeah I can see

1826

01:06:06,950 --> 01:06:05,520

Saturn in the sky I can have a camera

1827

01:06:09,320 --> 01:06:06,960

and I can zoom in and actually see what

1828

01:06:11,480 --> 01:06:09,330

looks like the Rings I can see that but

1829

01:06:12,710 --> 01:06:11,490

it doesn't tell me in any way how big

1830

01:06:14,270 --> 01:06:12,720

that is compared to the earth

1831

01:06:17,150 --> 01:06:14,280

or that it's I don't even know what a

1832

01:06:19,340 --> 01:06:17,160

gas planet is anyway but the idea of

1833

01:06:20,750 --> 01:06:19,350

these planets you know I just I struggle

1834

01:06:22,910 --> 01:06:20,760

with people adopting them into their

1835

01:06:24,380 --> 01:06:22,920

reality and people love them and yet

1836

01:06:26,900 --> 01:06:24,390

they'll never go there you'll never go

1837

01:06:29,450 --> 01:06:26,910

to space and yet they love it they love

1838

01:06:31,940 --> 01:06:29,460

the idea of us colonizing Mars right you

1839

01:06:33,230 --> 01:06:31,950

la musk is going to colonize Mars why

1840

01:06:35,510 --> 01:06:33,240

would you want to go somewhere where you

1841

01:06:36,770 --> 01:06:35,520

can't live why would we want to go

1842

01:06:38,360 --> 01:06:36,780

somewhere where we can't breathe there's

1843

01:06:40,070 --> 01:06:38,370

nothing to eat there's nothing to drink

1844

01:06:42,170 --> 01:06:40,080

why wouldn't we take care of the earth

1845

01:06:43,790 --> 01:06:42,180

first that we live on and when

1846

01:06:45,620 --> 01:06:43,800

everything is perfect here but no

1847

01:06:47,360 --> 01:06:45,630

children are dying from starvation when

1848

01:06:49,370 --> 01:06:47,370

there's no homelessness then if they

1849

01:06:51,380 --> 01:06:49,380

want to go out and explore the Stars by

1850

01:06:53,420 --> 01:06:51,390

all means have fun but until then I

1851

01:06:55,880 --> 01:06:53,430

think that's money that is absolutely

1852

01:06:59,990 --> 01:06:55,890

being stolen from people for basically

1853

01:07:01,880 --> 01:07:00,000

to construct a lie man I mean you make

1854

01:07:04,760 --> 01:07:01,890

interesting point and I know you've also

1855

01:07:06,740 --> 01:07:04,770

looked into Anatoly Fomenko and then

1856

01:07:08,900 --> 01:07:06,750

new chronology material this idea that

1857

01:07:11,570 --> 01:07:08,910

much of history was fabricated and much

1858

01:07:13,460 --> 01:07:11,580

of the timeline was built around records

1859

01:07:16,190 --> 01:07:13,470

and documents that nobody has the

1860

01:07:18,350 --> 01:07:16,200

originals for cooked up by the quote

1861

01:07:20,720 --> 01:07:18,360

unquote official Vatican chronologiste

1862

01:07:22,790 --> 01:07:20,730

and the Reformation period and the

1863

01:07:24,770 --> 01:07:22,800

Inquisition's could have largely been

1864

01:07:26,930 --> 01:07:24,780

about destroying contradictory records

1865

01:07:30,440 --> 01:07:26,940

in opinion I find that to be a really

1866

01:07:32,720 --> 01:07:30,450

interesting perspective and maybe it's

1867

01:07:35,030 --> 01:07:32,730

related to the heliocentric model that

1868

01:07:38,120 --> 01:07:35,040

emerged in largely the same timeframe

1869

01:07:39,800 --> 01:07:38,130

couldn't you say yeah I think again just

1870

01:07:43,280 --> 01:07:39,810

goes back to the whole idea of people

1871

01:07:45,680 --> 01:07:43,290

were illiterate and so the idea of our

1872

01:07:48,500 --> 01:07:45,690

time scale Fomenko does a great job of

1873

01:07:50,090 --> 01:07:48,510

using evidence to prove what he's saying

1874

01:07:52,190 --> 01:07:50,100

which is something I didn't get when I

1875

01:07:55,070 --> 01:07:52,200

was taught history we were just taught

1876

01:07:58,010 --> 01:07:55,080

it as it was fact and none of the heirs

1877

01:08:00,080 --> 01:07:58,020

or the miscalculations were ever even

1878

01:08:01,400 --> 01:08:00,090

mentioned or the ideas that you know a

1879

01:08:03,890 --> 01:08:01,410

lot of this doesn't really make sense

1880

01:08:05,630 --> 01:08:03,900

when you lay it out it certainly seems

1881

01:08:07,940 --> 01:08:05,640

like they taught us a history that was

1882

01:08:10,610 --> 01:08:07,950

like the Greeks existed and nobody else

1883

01:08:12,530 --> 01:08:10,620

existed and then came the Romans and the

1884

01:08:14,600 --> 01:08:12,540

Romans existed and nobody else existed

1885

01:08:16,820 --> 01:08:14,610

and before that was the Egyptians and

1886

01:08:19,280 --> 01:08:16,830

nobody else existed whereas what Fomenko

1887

01:08:21,950 --> 01:08:19,290

saying is that all these people existed

1888

01:08:23,840 --> 01:08:21,960

at the same time and he starts to lay it

1889

01:08:25,970 --> 01:08:23,850

out in a way it certainly seems to make

1890

01:08:27,620 --> 01:08:25,980

more sense he talks about one of the

1891

01:08:29,870 --> 01:08:27,630

things that I found to be the biggest

1892

01:08:31,400 --> 01:08:29,880

problem with our history is I went back

1893

01:08:34,670 --> 01:08:31,410

because I sell books I own a bookstore

1894

01:08:36,950 --> 01:08:34,680

and just an online through my house not

1895

01:08:40,460 --> 01:08:36,960

an actual brick-and-mortar but in

1896

01:08:42,260 --> 01:08:40,470

looking for these writings like say you

1897

01:08:43,730 --> 01:08:42,270

know Ptolemy or anybody like that when I

1898

01:08:45,680 --> 01:08:43,740

went back and tried to look at their

1899

01:08:47,539 --> 01:08:45,690

original writings no matter what I would

1900

01:08:49,519 --> 01:08:47,549

always find a date that they wrote it to

1901

01:08:51,620 --> 01:08:49,529

be the date that we've applied to it and

1902

01:08:53,840 --> 01:08:51,630

I kept saying well when did he say he

1903

01:08:55,460 --> 01:08:53,850

wrote it when did Josephus or these

1904

01:08:58,490 --> 01:08:55,470

people when did they say they wrote

1905

01:09:00,410 --> 01:08:58,500

these books because it'll just say 70 AD

1906

01:09:03,260 --> 01:09:00,420

but it's like well we applied that date

1907

01:09:05,210 --> 01:09:03,270

to that time way after the fact so what

1908

01:09:06,590 --> 01:09:05,220

did they say and you can't find that

1909

01:09:09,800 --> 01:09:06,600

information because it's all been

1910

01:09:11,690 --> 01:09:09,810

rewritten as of 1600 some anko claims

1911

01:09:15,650 --> 01:09:11,700

that the oldest book that we can

1912

01:09:17,030 --> 01:09:15,660

reliably count on is 1100 and when

1913

01:09:18,650 --> 01:09:17,040

people hear that they lose their mind

1914

01:09:20,750 --> 01:09:18,660

because they say there's books it away

1915

01:09:22,490 --> 01:09:20,760

but there really isn't you just have to

1916

01:09:24,320 --> 01:09:22,500

look into it and see that what you're

1917

01:09:26,660 --> 01:09:24,330

talking about is if something is copied

1918

01:09:28,820 --> 01:09:26,670

of a copy of a copy that says that it

1919

01:09:31,820 --> 01:09:28,830

was originally written in you know 250

1920

01:09:33,710 --> 01:09:31,830

BC it doesn't mean that that was written

1921

01:09:36,140 --> 01:09:33,720

in 250 BC and then people need to

1922

01:09:38,270 --> 01:09:36,150

question how we date books because books

1923

01:09:41,420 --> 01:09:38,280

are not dateable by say conventional

1924

01:09:43,910 --> 01:09:41,430

carbon dating basically we date books by

1925

01:09:45,770 --> 01:09:43,920

writing style and writing utensil so you

1926

01:09:47,990 --> 01:09:45,780

could take a piece of papyrus and you

1927

01:09:49,670 --> 01:09:48,000

know grind it up in the dirt and if you

1928

01:09:52,220 --> 01:09:49,680

knew the writing utensil that they used

1929

01:09:54,230 --> 01:09:52,230

in 250 BC and you knew the writing style

1930

01:09:56,840 --> 01:09:54,240

that you could write something stuck it

1931

01:09:58,520 --> 01:09:56,850

in a jar bury it and if it was found 50

1932

01:10:01,430 --> 01:09:58,530

years from now they would date that to

1933

01:10:03,920 --> 01:10:01,440

250 BC and that's basically the best

1934

01:10:06,220 --> 01:10:03,930

that we can get as far as dating books

1935

01:10:08,540 --> 01:10:06,230

and things like that so once I saw that

1936

01:10:10,820 --> 01:10:08,550

then you just look at our history and

1937

01:10:13,250 --> 01:10:10,830

then it makes sense with the printing

1938

01:10:15,200 --> 01:10:13,260

press coming out in 1600s and like I was

1939

01:10:16,820 --> 01:10:15,210

talking about earlier they must have

1940

01:10:18,560 --> 01:10:16,830

known at that time that whatever people

1941

01:10:19,730 --> 01:10:18,570

first read these people are now going to

1942

01:10:21,860 --> 01:10:19,740

learn how to read they're going to learn

1943

01:10:23,960 --> 01:10:21,870

how to write whatever we tell them is

1944

01:10:26,840 --> 01:10:23,970

the truth they're going to just accept

1945

01:10:28,340 --> 01:10:26,850

and when you look at the date of 0 I

1946

01:10:29,510 --> 01:10:28,350

mean that's one of the biggest things to

1947

01:10:31,310 --> 01:10:29,520

me and I always had a question about

1948

01:10:33,290 --> 01:10:31,320

that growing up but just kind of let it

1949

01:10:35,510 --> 01:10:33,300

go but really when you think about it

1950

01:10:37,460 --> 01:10:35,520

picture a period of time where you just

1951

01:10:39,320 --> 01:10:37,470

went back in the past and said we're

1952

01:10:42,350 --> 01:10:39,330

going to call this date zero yeah and

1953

01:10:43,730 --> 01:10:42,360

anything before that will be ABC and

1954

01:10:46,220 --> 01:10:43,740

anything it just would never happen

1955

01:10:47,840 --> 01:10:46,230

there's just no way nothing could happen

1956

01:10:49,760 --> 01:10:47,850

on earth it would make us at this point

1957

01:10:52,970 --> 01:10:49,770

say we're going to go back to this day

1958

01:10:54,770 --> 01:10:52,980

call it zero and just readjust all the

1959

01:10:55,160 --> 01:10:54,780

dates of everything that happened after

1960

01:10:59,360 --> 01:10:55,170

that

1961

01:11:01,820 --> 01:10:59,370

unless you were constructing a fake

1962

01:11:03,320 --> 01:11:01,830

history in which case that would be the

1963

01:11:05,210 --> 01:11:03,330

best thing to do because now you've got

1964

01:11:07,460 --> 01:11:05,220

your starting point and you write every

1965

01:11:08,720 --> 01:11:07,470

book based on that new date and that's

1966

01:11:11,900 --> 01:11:08,730

certainly what it seems like happened

1967

01:11:14,030 --> 01:11:11,910

yeah man it is so provocative and in

1968

01:11:16,370 --> 01:11:14,040

regards to the timeline and the model

1969

01:11:18,470 --> 01:11:16,380

for the earth I also sometimes consider

1970

01:11:20,780 --> 01:11:18,480

how ancient megalithic sites and their

1971

01:11:23,660 --> 01:11:20,790

astrological alignments fit into this

1972

01:11:26,030 --> 01:11:23,670

puzzle but I've heard you say that you

1973

01:11:28,190 --> 01:11:26,040

think a lot of these sites are more

1974

01:11:30,020 --> 01:11:28,200

recent inventions that Stonehenge and

1975

01:11:33,250 --> 01:11:30,030

perhaps the great pyramids are only a

1976

01:11:35,780 --> 01:11:33,260

hundred or so years old and then

1977

01:11:37,160 --> 01:11:35,790

yeah as far as the pyramids I wouldn't

1978

01:11:39,710 --> 01:11:37,170

say so much a hundred years but I would

1979

01:11:41,690 --> 01:11:39,720

say that even if they found them they

1980

01:11:42,890 --> 01:11:41,700

would have you know dress them up or

1981

01:11:44,930 --> 01:11:42,900

done something to them it's just like

1982

01:11:47,180 --> 01:11:44,940

with Stonehenge a lot of people say oh

1983

01:11:48,830 --> 01:11:47,190

well this is ancient it's 5,000 years

1984

01:11:51,350 --> 01:11:48,840

old but they don't realize we can't date

1985

01:11:52,820 --> 01:11:51,360

rocks you have to date some sort of item

1986

01:11:55,160 --> 01:11:52,830

around there so they might have some

1987

01:11:57,980 --> 01:11:55,170

ashes and date that and say okay well

1988

01:11:59,390 --> 01:11:57,990

this thing was killed at this date so

1989

01:12:01,610 --> 01:11:59,400

these rocks must have been here at that

1990

01:12:03,470 --> 01:12:01,620

time to get is not an accurate dating

1991

01:12:04,700 --> 01:12:03,480

method but they also just have so many

1992

01:12:07,010 --> 01:12:04,710

things wrong with their narrative I've

1993

01:12:09,770 --> 01:12:07,020

heard that they say that the continents

1994

01:12:11,780 --> 01:12:09,780

drift a foot per year or something like

1995

01:12:13,490 --> 01:12:11,790

that that's the continental drift and

1996

01:12:16,190 --> 01:12:13,500

you know if that were true then

1997

01:12:18,610 --> 01:12:16,200

Stonehenge has moved 5,000 feet which is

1998

01:12:20,750 --> 01:12:18,620

a mile so how would it be lined up

1999

01:12:23,420 --> 01:12:20,760

astronomically if it's moved a mile

2000

01:12:25,670 --> 01:12:23,430

right so there's a lot of good

2001

01:12:27,310 --> 01:12:25,680

oh just I agree oh yeah there's just a

2002

01:12:29,390 --> 01:12:27,320

lot of things wrong with their idea and

2003

01:12:31,130 --> 01:12:29,400

you know I'm somebody who believes that

2004

01:12:33,890 --> 01:12:31,140

the North Star has been the North Star

2005

01:12:36,020 --> 01:12:33,900

and yes they're stories of Subban used

2006

01:12:38,930 --> 01:12:36,030

to be our North Star and that it moves

2007

01:12:40,850 --> 01:12:38,940

and they base that on these pyramids and

2008

01:12:42,590 --> 01:12:40,860

they say that the pyramid is pointed in

2009

01:12:44,540 --> 01:12:42,600

a direction that Subban would have been

2010

01:12:47,000 --> 01:12:44,550

in you know whatever it is thirty five

2011

01:12:48,290 --> 01:12:47,010

hundred years ago but when I went

2012

01:12:50,720 --> 01:12:48,300

looking into it I said I wanted to find

2013

01:12:52,040 --> 01:12:50,730

the angle that these so-called tunnels

2014

01:12:54,530 --> 01:12:52,050

were at and I'm talking about the Great

2015

01:12:56,360 --> 01:12:54,540

Pyramid the Cheops and when I looked and

2016

01:12:58,310 --> 01:12:56,370

found the angle of these tunnels or

2017

01:12:59,510 --> 01:12:58,320

these shafts as they call them well they

2018

01:13:01,670 --> 01:12:59,520

were at exactly and I don't remember

2019

01:13:03,890 --> 01:13:01,680

exactly number one say thirty one point

2020

01:13:05,510 --> 01:13:03,900

something degrees and so I went and

2021

01:13:08,360 --> 01:13:05,520

looked at you know where they're located

2022

01:13:10,100 --> 01:13:08,370

and of course they're located exactly 31

2023

01:13:13,100 --> 01:13:10,110

degrees which means that these shafts

2024

01:13:15,860 --> 01:13:13,110

are pointed exactly at Polaris today so

2025

01:13:17,840 --> 01:13:15,870

again you can either believe that we

2026

01:13:20,300 --> 01:13:17,850

just happen to live in a time where it's

2027

01:13:22,460 --> 01:13:20,310

pointed at our North Star today and that

2028

01:13:24,020 --> 01:13:22,470

they were built at a period of time when

2029

01:13:26,600 --> 01:13:24,030

it was pointed at the North star Thuban

2030

01:13:29,360 --> 01:13:26,610

and it in between those two times for

2031

01:13:31,730 --> 01:13:29,370

3500 years or 4000 years it was pointed

2032

01:13:33,980 --> 01:13:31,740

at no star as those stars moved into

2033

01:13:36,140 --> 01:13:33,990

place or you can believe that it was

2034

01:13:38,930 --> 01:13:36,150

built pointed at the North Star Polaris

2035

01:13:40,880 --> 01:13:38,940

and so you know to me it's just I have

2036

01:13:42,530 --> 01:13:40,890

to look at things and weigh out what

2037

01:13:45,020 --> 01:13:42,540

makes more sense there's pictures

2038

01:13:46,520 --> 01:13:45,030

showing these pyramids and

2039

01:13:48,200 --> 01:13:46,530

sphinx and things like that being

2040

01:13:50,270 --> 01:13:48,210

repaired that's what they say they are

2041

01:13:51,710 --> 01:13:50,280

being repaired but I don't have a doubt

2042

01:13:53,900 --> 01:13:51,720

that they could have been built

2043

01:13:55,940 --> 01:13:53,910

definitely sooner and when you really go

2044

01:13:57,560 --> 01:13:55,950

back and look things like I don't think

2045

01:13:59,990 --> 01:13:57,570

as far as I know does the Bible ever

2046

01:14:01,850 --> 01:14:00,000

mention the pyramids I don't think so

2047

01:14:03,560 --> 01:14:01,860

you know I don't think so and that's the

2048

01:14:05,270 --> 01:14:03,570

book and it depends on when you want to

2049

01:14:07,370 --> 01:14:05,280

place the date on that you know for me I

2050

01:14:09,620 --> 01:14:07,380

don't date it very old but I do think

2051

01:14:11,720 --> 01:14:09,630

it's one of the older texts that we do

2052

01:14:13,430 --> 01:14:11,730

have and so you know where are the

2053

01:14:15,710 --> 01:14:13,440

pyramids in that and then when you go

2054

01:14:17,390 --> 01:14:15,720

back people will say well people wrote

2055

01:14:19,250 --> 01:14:17,400

books about it or they drew about it but

2056

01:14:21,500 --> 01:14:19,260

again follow that line of inquiry and

2057

01:14:23,450 --> 01:14:21,510

you'll get to the same thing things that

2058

01:14:26,330 --> 01:14:23,460

were printed after the fact that were

2059

01:14:27,680 --> 01:14:26,340

copies of copies of copies and you know

2060

01:14:29,180 --> 01:14:27,690

you've got people who argue with me

2061

01:14:31,460 --> 01:14:29,190

about the North Star and say but there's

2062

01:14:33,710 --> 01:14:31,470

these cave paintings these cave

2063

01:14:36,320 --> 01:14:33,720

paintings show that the new ban was the

2064

01:14:39,500 --> 01:14:36,330

North Star and again we can't date cave

2065

01:14:40,970 --> 01:14:39,510

paintings and it's very easy to Bly

2066

01:14:42,680 --> 01:14:40,980

about something like that it's very easy

2067

01:14:44,480 --> 01:14:42,690

for somebody to go into a cave paint

2068

01:14:46,040 --> 01:14:44,490

through Banias the North Star and then

2069

01:14:47,990 --> 01:14:46,050

find it a few days later and everyone

2070

01:14:50,210 --> 01:14:48,000

believe that it's an actual cave

2071

01:14:51,770 --> 01:14:50,220

painting so you know again I'm

2072

01:14:54,040 --> 01:14:51,780

definitely somebody who believes in the

2073

01:14:56,480 --> 01:14:54,050

new chronology not so much exactly as

2074

01:14:58,730 --> 01:14:56,490

Amana Coe has laid it out but I think he

2075

01:15:00,740 --> 01:14:58,740

definitely gives us a better starting

2076

01:15:02,750 --> 01:15:00,750

point and I just like to follow people's

2077

01:15:04,580 --> 01:15:02,760

line of thinking and evidence and it

2078

01:15:07,130 --> 01:15:04,590

doesn't seem to me like fomenko's got

2079

01:15:08,750 --> 01:15:07,140

this agenda driven narrative that he's

2080

01:15:11,450 --> 01:15:08,760

telling it seems like he's trying to

2081

01:15:13,790 --> 01:15:11,460

actually come up with the true history

2082

01:15:16,700 --> 01:15:13,800

of the earth and to me that makes more

2083

01:15:18,170 --> 01:15:16,710

sense than when I look at the ideas that

2084

01:15:20,630 --> 01:15:18,180

are passed through school books that

2085

01:15:22,610 --> 01:15:20,640

seem to be agenda driven mm-hmm

2086

01:15:24,650 --> 01:15:22,620

well I'm with you like the way

2087

01:15:27,940 --> 01:15:24,660

everything's supposed to be moving in

2088

01:15:30,890 --> 01:15:27,950

the galaxies and solar system with

2089

01:15:32,900 --> 01:15:30,900

tectonic plates with continental drift

2090

01:15:34,970 --> 01:15:32,910

and these alignments at the dates

2091

01:15:37,430 --> 01:15:34,980

they're supposed to be built it does not

2092

01:15:39,170 --> 01:15:37,440

match up so one of these components has

2093

01:15:41,840 --> 01:15:39,180

to be wrong and I think it's a

2094

01:15:44,750 --> 01:15:41,850

provocative idea that of fabricating

2095

01:15:46,520 --> 01:15:44,760

megalithic structures but to play

2096

01:15:48,740 --> 01:15:46,530

devil's advocate you know dozens and

2097

01:15:50,240 --> 01:15:48,750

dozens of pyramids and similar stone

2098

01:15:52,430 --> 01:15:50,250

sites have been found around the world

2099

01:15:54,260 --> 01:15:52,440

and it's usually the authorities

2100

01:15:56,750 --> 01:15:54,270

suppressing these discoveries and

2101  
01:15:58,790 --> 01:15:56,760  
blocking excavations which to me

2102  
01:16:00,859 --> 01:15:58,800  
suggests that they want to hide

2103  
01:16:02,899 --> 01:16:00,869  
how far back humanity really goes and

2104  
01:16:05,569 --> 01:16:02,909  
how advanced we actually might have been

2105  
01:16:07,310 --> 01:16:05,579  
in previous ages but noelia is hard to

2106  
01:16:08,899 --> 01:16:07,320  
say it is hard to say but that's a great

2107  
01:16:10,549 --> 01:16:08,909  
point and that's actually why I don't

2108  
01:16:13,010 --> 01:16:10,559  
I've never really done a video and said

2109  
01:16:15,020 --> 01:16:13,020  
the pyramids are only you know 200 years

2110  
01:16:17,750 --> 01:16:15,030  
old because I do think like you said

2111  
01:16:19,850 --> 01:16:17,760  
we're lied to we know that and so

2112  
01:16:21,379 --> 01:16:19,860  
anybody who is doing the kind of work

2113  
01:16:23,569 --> 01:16:21,389

that I'm doing or you're doing or

2114

01:16:25,370 --> 01:16:23,579

conspiracy researchers are doing are

2115

01:16:28,310 --> 01:16:25,380

really fighting an uphill battle

2116

01:16:31,040 --> 01:16:28,320

basically you're having to come up with

2117

01:16:33,709 --> 01:16:31,050

ideas and kind of see what fits the

2118

01:16:35,209 --> 01:16:33,719

evidence and so yes the pyramids could

2119

01:16:36,799 --> 01:16:35,219

be something that was recent but also

2120

01:16:39,200 --> 01:16:36,809

like you said they could have been

2121

01:16:41,030 --> 01:16:39,210

something that was found that was very

2122

01:16:42,500 --> 01:16:41,040

old that you know would make sense to me

2123

01:16:44,540 --> 01:16:42,510

that it was pointed at Polaris if I

2124

01:16:46,430 --> 01:16:44,550

think that Polaris has always been there

2125

01:16:49,310 --> 01:16:46,440

and so I'm not somebody who can say

2126  
01:16:51,709 --> 01:16:49,320  
whether or not the pyramids are ancient

2127  
01:16:54,080 --> 01:16:51,719  
I do think that there's tons of evidence

2128  
01:16:56,689 --> 01:16:54,090  
that humanity has been here much longer

2129  
01:16:58,939 --> 01:16:56,699  
than we think and maybe goes through

2130  
01:17:01,010 --> 01:16:58,949  
cycles and I you know I don't think this

2131  
01:17:03,470 --> 01:17:01,020  
particular cycle if you want to call it

2132  
01:17:06,169 --> 01:17:03,480  
that is very long in fact I wouldn't be

2133  
01:17:08,780 --> 01:17:06,179  
surprised if the date of 0 was kind of

2134  
01:17:11,240 --> 01:17:08,790  
the start of this particular epoch if

2135  
01:17:14,089 --> 01:17:11,250  
you will and that there is evidence of

2136  
01:17:16,640 --> 01:17:14,099  
past civilizations and maybe what

2137  
01:17:19,129 --> 01:17:16,650  
they're doing is kind of always the same

2138  
01:17:21,379 --> 01:17:19,139

thing which is lying to the people that

2139

01:17:23,720 --> 01:17:21,389

come about trying to tell them one story

2140

01:17:24,830 --> 01:17:23,730

and that's the one thing that I not fear

2141

01:17:28,040 --> 01:17:24,840

but the one thing I figure about what

2142

01:17:30,470 --> 01:17:28,050

I'm doing is am I just giving these guys

2143

01:17:32,240 --> 01:17:30,480

the answer to their problem basically by

2144

01:17:34,129 --> 01:17:32,250

pointing out things that don't work in

2145

01:17:36,049 --> 01:17:34,139

their story if they were ever to take

2146

01:17:37,549 --> 01:17:36,059

out humans again for whatever reason

2147

01:17:39,799 --> 01:17:37,559

then they could come back and their

2148

01:17:41,390 --> 01:17:39,809

story be even better that's the one

2149

01:17:43,750 --> 01:17:41,400

thing that you know makes me think about

2150

01:17:45,799 --> 01:17:43,760

what I'm doing because it seems like

2151  
01:17:47,330 --> 01:17:45,809  
sometimes that that's the goal you know

2152  
01:17:49,549 --> 01:17:47,340  
they're building underground tunnels and

2153  
01:17:52,729 --> 01:17:49,559  
building underground shelters and seed

2154  
01:17:56,209 --> 01:17:52,739  
vaults as if they're expecting some of

2155  
01:17:57,470 --> 01:17:56,219  
it right yeah I like to just bring in a

2156  
01:17:59,510 --> 01:17:57,480  
new shipment of cattle to the

2157  
01:18:02,600 --> 01:17:59,520  
slaughterhouse and they refine their

2158  
01:18:05,270 --> 01:18:02,610  
manipulation every time I mean it's a

2159  
01:18:08,120 --> 01:18:05,280  
dark idea about complete and total

2160  
01:18:10,669 --> 01:18:08,130  
control and domination but it's

2161  
01:18:12,500 --> 01:18:10,679  
a possibility you gotta consider you get

2162  
01:18:14,330 --> 01:18:12,510  
a consistent I mean for me I've always

2163  
01:18:16,100 --> 01:18:14,340

questioned the Bible not having any

2164

01:18:17,930 --> 01:18:16,110

dates in it because I've always thought

2165

01:18:19,459 --> 01:18:17,940

to myself well it seems crazy because

2166

01:18:21,020 --> 01:18:19,469

when you look at the earth and let's say

2167

01:18:23,450 --> 01:18:21,030

that they're right about the population

2168

01:18:24,950 --> 01:18:23,460

of you know seven billion or so I can't

2169

01:18:27,649 --> 01:18:24,960

picture them being able to kill seven

2170

01:18:29,060 --> 01:18:27,659

billion people but if you looked at it

2171

01:18:30,979 --> 01:18:29,070

and just said let's pretend that they

2172

01:18:32,680 --> 01:18:30,989

could wear a vast majority of those and

2173

01:18:35,479 --> 01:18:32,690

then you bring out the Bible again and

2174

01:18:37,910 --> 01:18:35,489

there's no dates in it so you could lie

2175

01:18:39,979 --> 01:18:37,920

to those people and there would be some

2176

01:18:41,600 --> 01:18:39,989

people that would still for instance

2177

01:18:43,970 --> 01:18:41,610

let's just play in pretend world that

2178

01:18:46,060 --> 01:18:43,980

something happens to everyone on the

2179

01:18:48,740 --> 01:18:46,070

United States or even it's you know it's

2180

01:18:51,260 --> 01:18:48,750

widespread destruction over say you know

2181

01:18:53,990 --> 01:18:51,270

half the the so-called globe and so all

2182

01:18:56,149 --> 01:18:54,000

these people then remember stories of

2183

01:18:57,950 --> 01:18:56,159

people who lived in America and oh what

2184

01:18:59,720 --> 01:18:57,960

a great place it wasn't it kind of

2185

01:19:02,450 --> 01:18:59,730

reminds you of the things about Atlantis

2186

01:19:04,970 --> 01:19:02,460

where there is stories being told about

2187

01:19:06,890 --> 01:19:04,980

this place in the past and where it was

2188

01:19:08,959 --> 01:19:06,900

and what kind of things took place there

2189

01:19:10,760 --> 01:19:08,969

but it seems like that memory kind of

2190

01:19:13,189 --> 01:19:10,770

gets lost and I could picture that to

2191

01:19:15,800 --> 01:19:13,199

where within a generation or two the

2192

01:19:17,660 --> 01:19:15,810

idea of what America was or who once

2193

01:19:19,970 --> 01:19:17,670

lived there or what technology they once

2194

01:19:23,510 --> 01:19:19,980

had could be erased from people's minds

2195

01:19:25,310 --> 01:19:23,520

simply by word of mouth and you know if

2196

01:19:28,100 --> 01:19:25,320

there was some sort of destruction and

2197

01:19:29,870 --> 01:19:28,110

our say our infrastructure went down or

2198

01:19:31,370 --> 01:19:29,880

the internet went down pretty quickly

2199

01:19:33,530 --> 01:19:31,380

you'd be able to have people who would

2200

01:19:35,750 --> 01:19:33,540

only talk about America as a memory a

2201  
01:19:37,399 --> 01:19:35,760  
distant past and so yeah that's probably

2202  
01:19:39,439 --> 01:19:37,409  
the one thing that you know I still

2203  
01:19:40,939 --> 01:19:39,449  
question is what is their their end goal

2204  
01:19:43,760 --> 01:19:40,949  
here because I think some things that we

2205  
01:19:45,320 --> 01:19:43,770  
pointed out with NASA are clearly seen

2206  
01:19:46,700 --> 01:19:45,330  
for anybody who's doing the research and

2207  
01:19:48,709 --> 01:19:46,710  
once they start looking into these

2208  
01:19:50,840 --> 01:19:48,719  
pictures of the earth pictures of these

2209  
01:19:53,600 --> 01:19:50,850  
other planets the idea of space travel

2210  
01:19:55,520 --> 01:19:53,610  
the idea of even the ISS orbiting Earth

2211  
01:19:57,560 --> 01:19:55,530  
that these pictures are not real and

2212  
01:19:59,600 --> 01:19:57,570  
they keep putting them out there and it

2213  
01:20:02,090 --> 01:19:59,610

makes me think that could possibly they

2214

01:20:03,370 --> 01:20:02,100

have some sort of end game where they

2215

01:20:05,780 --> 01:20:03,380

don't care because they know it's coming

2216

01:20:08,360 --> 01:20:05,790

otherwise it seems to me like they are

2217

01:20:09,669 --> 01:20:08,370

not doing the kind of work that looks

2218

01:20:12,169 --> 01:20:09,679

like they're trying to protect the lie

2219

01:20:14,360 --> 01:20:12,179

and then man I'm definitely with you

2220

01:20:16,700 --> 01:20:14,370

that there are huge inconsistencies that

2221

01:20:18,740 --> 01:20:16,710

can't be denied and I do really enjoy

2222

01:20:20,780 --> 01:20:18,750

your videos and before we get out of

2223

01:20:21,920 --> 01:20:20,790

here remind the people where they can

2224

01:20:23,750 --> 01:20:21,930

actually find those video

2225

01:20:26,030 --> 01:20:23,760

and continue the journey if they want to

2226

01:20:27,830 --> 01:20:26,040

go deeper sure I totally appreciate you

2227

01:20:29,060 --> 01:20:27,840

having me on like I said I've been a fan

2228

01:20:31,430 --> 01:20:29,070

of the show for a long time so

2229

01:20:35,540 --> 01:20:31,440

appreciate that and yeah there's jaren

2230

01:20:37,310 --> 01:20:35,550

ism comm and it's je RA n is M and then

2231

01:20:39,470 --> 01:20:37,320

I've got the YouTube channel jaren ism

2232

01:20:42,380 --> 01:20:39,480

which is youtube.com slash journalism

2233

01:20:44,540 --> 01:20:42,390

and I also do a show live on Sundays on

2234

01:20:46,310 --> 01:20:44,550

a channel called globe Buster's you can

2235

01:20:48,140 --> 01:20:46,320

search for that it's got like the

2236

01:20:51,020 --> 01:20:48,150

Ghostbusters kind of logo but with a

2237

01:20:54,440 --> 01:20:51,030

globe instead and I also do a radio show

2238

01:20:56,390 --> 01:20:54,450

from 60 M to 9 p.m. Pacific on Monday

2239

01:21:00,380 --> 01:20:56,400

nights on truth frequency radio and you

2240

01:21:00,860 --> 01:21:00,390

can find that at t FR live.com right on

2241

01:21:02,690 --> 01:21:00,870

man

2242

01:21:04,280 --> 01:21:02,700

well whatever people think about the

2243

01:21:06,410 --> 01:21:04,290

Flat Earth model you're definitely a

2244

01:21:08,630 --> 01:21:06,420

great guest and good speaker to talk

2245

01:21:10,220 --> 01:21:08,640

about it with and thanks again the

2246

01:21:12,920 --> 01:21:10,230

rabbit hole goes deep take care of

2247

01:21:13,310 --> 01:21:12,930

yourself out there man appreciate it you

2248

01:21:16,850 --> 01:21:13,320

got it

2249

01:21:20,330 --> 01:21:16,860

peace there we go guys Jaron campanella'

2250

01:21:22,430 --> 01:21:20,340

of jaren ISM I hope even non Flat Earth

2251

01:21:24,350 --> 01:21:22,440

listeners were able to enjoy that and

2252

01:21:26,750 --> 01:21:24,360

get something out of it or find some

2253

01:21:28,970 --> 01:21:26,760

common ground with Jaron or understand

2254

01:21:31,280 --> 01:21:28,980

where he's coming from at least I know

2255

01:21:33,110 --> 01:21:31,290

some people will wonder why I would do

2256

01:21:35,990 --> 01:21:33,120

another Flat Earth episode and the fact

2257

01:21:38,090 --> 01:21:36,000

is that the higher side chess is a show

2258

01:21:40,250 --> 01:21:38,100

about the full range of alternative

2259

01:21:43,190 --> 01:21:40,260

perspectives and we've had an increasing

2260

01:21:46,820 --> 01:21:43,200

number of guests go flat Sofia's small

2261

01:21:49,970 --> 01:21:46,830

storm Santos Benassi Marty leads Matt

2262

01:21:52,130 --> 01:21:49,980

Landman mark Devlin this is really no

2263

01:21:54,680 --> 01:21:52,140

small number and it's a very weird place

2264

01:21:56,720 --> 01:21:54,690

for me to be because flat earth wasn't a

2265

01:21:59,030 --> 01:21:56,730

thing five years ago so I was pretty

2266

01:22:01,810 --> 01:21:59,040

much willing to go to every edge no pun

2267

01:22:04,640 --> 01:22:01,820

intended but no rabbit hole was too deep

2268

01:22:07,190 --> 01:22:04,650

and now the envelope has been pushed out

2269

01:22:08,960 --> 01:22:07,200

even further but like I said in the

2270

01:22:11,270 --> 01:22:08,970

intro I'd rather talk with someone that

2271

01:22:12,650 --> 01:22:11,280

I feel might go a little too far rather

2272

01:22:14,030 --> 01:22:12,660

than someone who doesn't go far enough

2273

01:22:16,850 --> 01:22:14,040

because we could talk about pretty much

2274

01:22:19,250 --> 01:22:16,860

any other conspiratorial subject and be

2275

01:22:21,140 --> 01:22:19,260

in rough alignment but it's a strange

2276

01:22:23,300 --> 01:22:21,150

place for me as the host of a conspiracy

2277

01:22:26,420 --> 01:22:23,310

showed to be more in defense of the

2278

01:22:28,100 --> 01:22:26,430

mainstream perspective to a degree but I

2279

01:22:31,070 --> 01:22:28,110

hope that for the most part you trust

2280

01:22:33,740 --> 01:22:31,080

that as a curator of content and sort of

2281

01:22:35,900 --> 01:22:33,750

conspiratorial talent scout if you will

2282

01:22:37,640 --> 01:22:35,910

I'm going to get people on here that I

2283

01:22:40,370 --> 01:22:37,650

think you're going to enjoy regardless

2284

01:22:42,380 --> 01:22:40,380

to me a lot of this is just kind of a

2285

01:22:45,500 --> 01:22:42,390

thought exercise about the scope of

2286

01:22:47,240 --> 01:22:45,510

possible lies I get the idea that there

2287

01:22:49,820 --> 01:22:47,250

are so many lies out there we got to

2288

01:22:51,320 --> 01:22:49,830

just trust our senses but there's a lot

2289

01:22:54,050 --> 01:22:51,330  
of data to suggest that our brains

2290

01:22:56,270 --> 01:22:54,060  
filter out more than they let in it's

2291

01:22:58,520 --> 01:22:56,280  
how we make sense of the world but we

2292

01:23:00,500 --> 01:22:58,530  
only see a sliver of the light spectrum

2293

01:23:03,290 --> 01:23:00,510  
we clearly know there are frequencies

2294

01:23:05,420 --> 01:23:03,300  
other animals can hear that we can't so

2295

01:23:06,920 --> 01:23:05,430  
we have limited senses my eyes have

2296

01:23:09,260 --> 01:23:06,930  
played tricks on me more than a couple

2297

01:23:10,910 --> 01:23:09,270  
of times they aren't much more reliable

2298

01:23:14,090 --> 01:23:10,920  
than the brainwashing school system

2299

01:23:16,430 --> 01:23:14,100  
anyway still on one hand you can go

2300

01:23:18,320 --> 01:23:16,440  
watch a video like Eric Dubay is 200

2301

01:23:21,260 --> 01:23:18,330

proofs the earth is not a spinning ball

2302

01:23:22,490 --> 01:23:21,270

which you know 200 there should be at

2303

01:23:24,740 --> 01:23:22,500

least a couple dozen you find

2304

01:23:26,900 --> 01:23:24,750

interesting right and on the other hand

2305

01:23:30,770 --> 01:23:26,910

I think the Flat Earth movement has had

2306

01:23:33,590 --> 01:23:30,780

a rather suspicious rise from nobody

2307

01:23:34,760 --> 01:23:33,600

talking about it for decades to a time

2308

01:23:36,380 --> 01:23:34,770

where we don't get through a month of

2309

01:23:39,200 --> 01:23:36,390

shows without somebody bringing it up

2310

01:23:41,840 --> 01:23:39,210

usually not me but that's not the point

2311

01:23:43,970 --> 01:23:41,850

the point is how we have this Eric Dubay

2312

01:23:46,100 --> 01:23:43,980

guy and Thailand who makes a bunch of

2313

01:23:48,440 --> 01:23:46,110

YouTube videos not to say that

2314

01:23:50,060 --> 01:23:48,450

disparagingly that's just a technical

2315

01:23:52,670 --> 01:23:50,070

description of what he has predominantly

2316

01:23:55,490 --> 01:23:52,680

done and he's been convincing enough

2317

01:23:57,920 --> 01:23:55,500

that many many people have taken

2318

01:24:00,260 --> 01:23:57,930

everything they've ever heard from

2319

01:24:02,780 --> 01:24:00,270

anyone and weighted against the

2320

01:24:05,840 --> 01:24:02,790

obviously convincing arguments in a

2321

01:24:09,130 --> 01:24:05,850

series of videos and said I'm going to

2322

01:24:12,750 --> 01:24:09,140

go with the videos as a phenomenon

2323

01:24:14,880 --> 01:24:12,760

that's just kind of fascinating to me

2324

01:24:16,950 --> 01:24:14,890

I do like Jared a lot and he makes a

2325

01:24:19,410 --> 01:24:16,960

great point when he says the paradigm is

2326

01:24:21,720 --> 01:24:19,420

what it is many perspective that was

2327

01:24:24,060 --> 01:24:21,730

meant to deceive would have to be built

2328

01:24:26,310 --> 01:24:24,070

around that so that observation aliy it

2329

01:24:28,290 --> 01:24:26,320

made sense and that's kind of what I was

2330

01:24:30,630 --> 01:24:28,300

saying about how if the goal here is to

2331

01:24:32,730 --> 01:24:30,640

convince the population of a snowglobe

2332

01:24:34,230 --> 01:24:32,740

environment that there is no creator of

2333

01:24:36,900 --> 01:24:34,240

said snow globe

2334

01:24:39,900 --> 01:24:36,910

you'd have to construct a paradigm so

2335

01:24:42,330 --> 01:24:39,910

epic so all-encompassing as to explain

2336

01:24:44,610 --> 01:24:42,340

reality itself emerging without that

2337

01:24:46,710 --> 01:24:44,620

creator which can only be done if you

2338

01:24:48,450 --> 01:24:46,720

added space and then said the system

2339

01:24:51,530 --> 01:24:48,460

that we see is just one of many

2340

01:24:53,730 --> 01:24:51,540

so the vatican came up with a big bang i

2341

01:24:55,860 --> 01:24:53,740

see where the Flat Earth folks are

2342

01:24:57,420 --> 01:24:55,870

coming from with some of that but then

2343

01:24:59,130 --> 01:24:57,430

people smarter than me will say you can

2344

01:25:01,380 --> 01:24:59,140

prove the earth is round with a rock and

2345

01:25:03,750 --> 01:25:01,390

a piece of string but I think it's a fun

2346

01:25:05,340 --> 01:25:03,760

conversation to have like I said a lot

2347

01:25:09,510 --> 01:25:05,350

of listeners have wanted me to return to

2348

01:25:11,280 --> 01:25:09,520

it also a lot have wanted me not to but

2349

01:25:12,540 --> 01:25:11,290

I hope that one episode every once in a

2350

01:25:14,430 --> 01:25:12,550

while isn't going to kill you

2351  
01:25:17,040 --> 01:25:14,440  
we're here to challenge everything we've

2352  
01:25:19,260 --> 01:25:17,050  
been told right so I don't know but

2353  
01:25:22,200 --> 01:25:19,270  
people do get really emotional over this

2354  
01:25:23,640 --> 01:25:22,210  
topic it is strange and the next episode

2355  
01:25:25,890 --> 01:25:23,650  
is actually with the researcher who

2356  
01:25:27,750 --> 01:25:25,900  
thinks he's discovered some hidden and

2357  
01:25:30,510 --> 01:25:27,760  
fundamental qualities to the universe

2358  
01:25:32,940 --> 01:25:30,520  
but also thinks that the configuration

2359  
01:25:34,830 --> 01:25:32,950  
of space and the plants is largely in

2360  
01:25:37,440 --> 01:25:34,840  
line with the conventional ideas and

2361  
01:25:40,020 --> 01:25:37,450  
just to a point of course or he wouldn't

2362  
01:25:42,330 --> 01:25:40,030  
even be on THC but my point is we always

2363  
01:25:44,850 --> 01:25:42,340

jump around maybe it's this maybe it's

2364

01:25:47,130 --> 01:25:44,860

that I can do a cryptid episode where

2365

01:25:48,840 --> 01:25:47,140

people will say well I don't know if I

2366

01:25:50,010 --> 01:25:48,850

believe in that stuff but that was

2367

01:25:53,340 --> 01:25:50,020

definitely interesting

2368

01:25:56,280 --> 01:25:53,350

and for Flat Earth episode responses are

2369

01:25:58,800 --> 01:25:56,290

way more aggressive by the way I do have

2370

01:26:01,290 --> 01:25:58,810

a cryptid episode plan but we booked it

2371

01:26:03,600 --> 01:26:01,300

for after the Eclipse just in case

2372

01:26:05,160 --> 01:26:03,610

there's any heightened activity but

2373

01:26:07,410 --> 01:26:05,170

apparently there's been a record number

2374

01:26:09,570 --> 01:26:07,420

of flying humanoid sightings in the

2375

01:26:10,750 --> 01:26:09,580

Chicago area now we're going to talk

2376

01:26:13,240 --> 01:26:10,760

about it

2377

01:26:15,460 --> 01:26:13,250

but if you like me as a host and the

2378

01:26:17,710 --> 01:26:15,470

higher side chats overall and you find

2379

01:26:20,350 --> 01:26:17,720

that the THC way is something that you

2380

01:26:22,600 --> 01:26:20,360

value support it by signing up for the

2381

01:26:24,400 --> 01:26:22,610

higher side chats plus com for five

2382

01:26:26,800 --> 01:26:24,410

bucks a month and then you can hear the

2383

01:26:29,560 --> 01:26:26,810

second hour of each episode each

2384

01:26:31,900 --> 01:26:29,570

interview that is reserved for those who

2385

01:26:33,460 --> 01:26:31,910

are kind enough to do so today's full

2386

01:26:37,090 --> 01:26:33,470

show is actually more like two and a

2387

01:26:39,160 --> 01:26:37,100

half hours but that said it's always

2388

01:26:40,840 --> 01:26:39,170

better to get the full interview today

2389

01:26:42,880 --> 01:26:40,850

is no different and of course I had a

2390

01:26:45,220 --> 01:26:42,890

thousand questions for Jaron and in the

2391

01:26:47,710 --> 01:26:45,230

second hour what we focused on mainly

2392

01:26:50,410 --> 01:26:47,720

was the moon's oddities and its place in

2393

01:26:53,110 --> 01:26:50,420

the Flat Earth model meteors asteroids

2394

01:26:55,810 --> 01:26:53,120

and impacts using true believers as

2395

01:26:57,730 --> 01:26:55,820

disinformation and their usefulness what

2396

01:27:00,640 --> 01:26:57,740

are these stars in the Flat Earth model

2397

01:27:03,610 --> 01:27:00,650

can we use them to prove one over the

2398

01:27:06,450 --> 01:27:03,620

other also one of my favorite areas the

2399

01:27:09,040 --> 01:27:06,460

ISS the International Space Station as

2400

01:27:10,930 --> 01:27:09,050

evidence that something is fishy and

2401

01:27:14,200 --> 01:27:10,940

there's definitely fakery going on at

2402

01:27:16,570 --> 01:27:14,210

NASA and then a fun little section about

2403

01:27:19,750 --> 01:27:16,580

Donald Marshall cloning and Jared's

2404

01:27:21,400 --> 01:27:19,760

actual contact with rapper b.o.b I think

2405

01:27:23,290 --> 01:27:21,410

it's great that he's talked to Bo B

2406

01:27:24,760 --> 01:27:23,300

personally about the Flat Earth and I'm

2407

01:27:27,040 --> 01:27:24,770

glad I could ask him about it

2408

01:27:30,250 --> 01:27:27,050

and get his thoughts on cloning of all

2409

01:27:31,210 --> 01:27:30,260

things so all-around good stuff check

2410

01:27:33,730 --> 01:27:31,220

out his channel

2411

01:27:35,980 --> 01:27:33,740

jaren ISM and see what you think I'm

2412

01:27:38,020 --> 01:27:35,990

sure any higher side fan would find a

2413

01:27:39,880 --> 01:27:38,030

few things they'd like and I'll see you

2414

01:27:42,040 --> 01:27:39,890

soon with another show I've done my part

2415

01:27:44,050 --> 01:27:42,050

your move earth shaped charlatans

2416

01:27:49,720 --> 01:27:44,060

paradigm pushers and capstone con

2417

01:27:55,400 --> 01:27:52,730

lucid dreams are still vivid because you

2418

01:27:58,310 --> 01:27:55,410

go to bed at 7:00 and your brain comes

2419

01:28:00,980 --> 01:27:58,320

alive cuz your H in nine to five you

2420

01:28:03,110 --> 01:28:00,990

wake up with a dread and make sure your

2421

01:28:05,390 --> 01:28:03,120

cats are fed did your brain talk to

2422

01:28:08,980 --> 01:28:05,400

ghosts who moved your coffee and toast

2423

01:28:12,140 --> 01:28:08,990

as you listen to the higher side chats

2424

01:28:15,560 --> 01:28:12,150

you get to your desk and your boss says

2425

01:28:17,540 --> 01:28:15,570

it's a mess and your soul slowly goes to

2426

01:28:20,390 --> 01:28:17,550

a place when nothing gross when you

2427

01:28:24,830 --> 01:28:20,400

think he's not around you insert a SETI

2428

01:28:28,120 --> 01:28:24,840

sound the Oh whimpers turn it down and

2429

01:28:31,990 --> 01:28:28,130

you say it's just the higher side chats

2430

01:28:36,700 --> 01:28:32,000

how do you think you'd be invited to

2431

01:28:40,490 --> 01:28:36,710

Bohemian Grove to a Bilderberg Club oh

2432

01:28:46,310 --> 01:28:40,500

do you think you're being invited by

2433

01:28:50,270 --> 01:28:46,320

Rasta to a party on a submarine diving

2434

01:28:53,300 --> 01:28:50,280

down to the center of the earth to the

2435

01:28:57,530 --> 01:28:53,310

Marianas Trench if teeth begin to clench

2436

01:29:02,090 --> 01:28:57,540

from the sulphureous stench the mask you

2437

01:29:05,350 --> 01:29:02,100

give in doesn't it cuz you're not one of

2438

01:29:10,939 --> 01:29:08,270

starting today you'll make plans to get

2439

01:29:13,640 --> 01:29:10,949

away there's no one to hold you down and

2440

01:29:16,490 --> 01:29:13,650

the waters start to drown then you wake

2441

01:29:19,340 --> 01:29:16,500

to the glare of a Coppola resin stare

2442

01:29:21,709 --> 01:29:19,350

and the light winks at you cuz its life

2443

01:29:25,070 --> 01:29:21,719

is almost through but it's holding gone
