[Music]

2
00:00:09,020 --> 00:00:07,170
the planets not the Masters almost

3
00:00:11,240 --> 00:00:09,030
surely have a plan

4
00:00:13,920 --> 00:00:11,250
this clearly may be something there

5
00:00:21,170 --> 00:00:13,930
beyond the realm of man

6
00:00:36,460 --> 00:00:24,920
that's true dr. Zaius

7
00:00:42,920 --> 00:00:38,130

[Music]

9
00:00:46,710 --> 00:00:45,070
how's it going good people of the

10
00:00:48,180 --> 00:00:46,720
internet drinking a little drink smoking

11
00:00:49,950 --> 00:00:48,190
a little smoke and just trying to keep

12
00:00:52,170 --> 00:00:49,960
my head above water and the times of

13
00:00:54,150 --> 00:00:52,180

rising tides from sunny San Diego I'm

14

00:00:56,010 --> 00:00:54,160

Greg Carl wood and today I just wanted

15

00:00:58,259 --> 00:00:56,020

to preface the show by saying that in

16

00:01:00,479 --> 00:00:58,269

seven years this is probably the most

17

00:01:02,729 --> 00:01:00,489

Christian based approach to conspiracy

18

00:01:04,079 --> 00:01:02,739

research we've ever had and I honestly

19

00:01:05,730 --> 00:01:04,089

wasn't expecting it

20

00:01:08,249 --> 00:01:05,740

you might remember Anthony pache

21

00:01:10,380 --> 00:01:08,259

appearing here before for a CERN portal

22

00:01:12,390 --> 00:01:10,390

to Saturn super show that I really

23

00:01:14,219 --> 00:01:12,400

really enjoyed and even though I was

24

00:01:16,170 --> 00:01:14,229

well aware of Anthony's Christian

25

00:01:18,180 --> 00:01:16,180

paradigm then we were able to leave a

26

00:01:20,310 --> 00:01:18,190

lot of that bias out of the discussion

27

00:01:21,749 --> 00:01:20,320

because especially with this audience I

28

00:01:24,389 --> 00:01:21,759

didn't think a lot of us would hold that

29

00:01:26,130 --> 00:01:24,399

worldview that said I think Anthony is a

30

00:01:28,050 --> 00:01:26,140

great speaker and he's able to give a

31

00:01:29,880 --> 00:01:28,060

clear and methodical breakdown of the

32

00:01:32,130 --> 00:01:29,890

science better than most other available

33

00:01:34,620 --> 00:01:32,140

options but in this show the focus

34

00:01:35,820 --> 00:01:34,630

didn't just stay on the science I think

35

00:01:37,529 --> 00:01:35,830

I've been vocal enough over the years

36

00:01:39,930 --> 00:01:37,539

that listeners will know how I feel

37

00:01:42,029 --> 00:01:39,940

about that but I personally still think

38

00:01:43,859 --> 00:01:42,039

we have a really important show here and

39

00:01:45,749 --> 00:01:43,869

I hope people are able to mentally cut

40

00:01:47,609 --> 00:01:45,759

around the things they might not be into

41

00:01:49,410 --> 00:01:47,619

and extract some really useful

42

00:01:52,230 --> 00:01:49,420

information about the possible dark

43

00:01:54,630 --> 00:01:52,240

agendas behind new technologies and 5g

44

00:01:56,969 --> 00:01:54,640

in particular I would also say that I do

45

00:01:58,740 --> 00:01:56,979

understand from Anthony's perspective

46

00:02:00,749 --> 00:01:58,750

why he's not able to just leave the

47

00:02:02,520 --> 00:02:00,759

religious and spiritual implications off

48

00:02:04,230 --> 00:02:02,530

the table if he really thinks we're

49

00:02:06,660 --> 00:02:04,240

approaching the time of Revelation and

50

00:02:09,150 --> 00:02:06,670

the rapture how could he be expected to

51
00:02:10,710 --> 00:02:09,160
be quiet about it so I get it and I

52
00:02:12,900 --> 00:02:10,720
understand and I hope that he

53
00:02:14,729 --> 00:02:12,910
understands my want to brace you for

54
00:02:17,190 --> 00:02:14,739
some of that and to clarify that that's

55
00:02:19,440 --> 00:02:17,200
not me but really this is a podcast

56
00:02:21,210 --> 00:02:19,450
where I invite guests on to fully

57
00:02:23,580 --> 00:02:21,220
conceptualize their research and

58
00:02:25,530 --> 00:02:23,590
worldviews to us not bend them to my

59
00:02:27,330 --> 00:02:25,540
worldview and it's actually quite

60
00:02:28,979 --> 00:02:27,340
interesting to get into this depth of

61
00:02:30,750 --> 00:02:28,989
the Christian paradigm in relation to

62
00:02:33,479 --> 00:02:30,760
the sources of Silicon Valley at least

63
00:02:35,370 --> 00:02:33,489

once and we recorded this just seven

64

00:02:37,350 --> 00:02:35,380

days ago and of course the hurricane

65

00:02:39,240 --> 00:02:37,360

hype talk has kind of died down but I

66

00:02:40,949 --> 00:02:39,250

still think my comments on how to think

67

00:02:43,740 --> 00:02:40,959

about these super storms checks out

68

00:02:45,780 --> 00:02:43,750

you'll have to see so let's get down to

69

00:02:47,729 --> 00:02:45,790

it it's time to force off the floaties

70

00:02:50,580 --> 00:02:47,739

and thrust ourselves deep into the abyss

71

00:02:52,650 --> 00:02:50,590

that is 5g technology CERN CRISPR

72

00:02:54,530 --> 00:02:52,660

geoengineering and the other ingredients

73

00:02:56,929 --> 00:02:54,540

that make up the weaponize science ooh

74

00:03:07,420 --> 00:02:56,939

with today's conspiratorial chef Anthony

75

00:03:14,699 --> 00:03:09,789

information about the secret

76
00:03:19,410 --> 00:03:17,369
woman back there no what we thought we

77
00:03:22,289 --> 00:03:19,420
knew for certain so we can see the world

78
00:03:25,360 --> 00:03:22,299
with a brand new said about you

79
00:03:30,290 --> 00:03:25,370
listening to the buyers

80
00:03:32,640 --> 00:03:30,300
[Music]

81
00:03:34,470 --> 00:03:32,650
here we go higher side chatters I don't

82
00:03:36,030 --> 00:03:34,480
think it surprises anyone anymore to say

83
00:03:37,800 --> 00:03:36,040
that the latest technology has some

84
00:03:39,570 --> 00:03:37,810
pretty dark implications and why

85
00:03:41,580 --> 00:03:39,580
wouldn't it when the first question as

86
00:03:43,080 --> 00:03:41,590
always can it be weaponized and most of

87
00:03:44,880 --> 00:03:43,090
it comes from the Nexus of deep state

88
00:03:46,920 --> 00:03:44,890

military intelligence and the criminal

89

00:03:48,330 --> 00:03:46,930

corporations they work with anyway the

90

00:03:50,460 --> 00:03:48,340

story seems to be the same

91

00:03:52,620 --> 00:03:50,470

we have mind-altering and people

92

00:03:55,170 --> 00:03:52,630

pacifying products like television and

93

00:03:56,850 --> 00:03:55,180

gaming consoles the unnecessary chemical

94

00:03:59,250 --> 00:03:56,860

engineering of the food supply a

95

00:04:00,840 --> 00:03:59,260

criss-crossing of high-frequency fields

96

00:04:02,460 --> 00:04:00,850

everywhere you look at an emerging

97

00:04:04,500 --> 00:04:02,470

picture of clarity that the internet

98

00:04:06,540 --> 00:04:04,510

isn't the savior of mankind but the slow

99

00:04:09,150 --> 00:04:06,550

roll of total control and a data

100

00:04:10,590 --> 00:04:09,160

collecting digital prison well when it

101
00:04:12,300 --> 00:04:10,600
comes down to the dissection of these

102
00:04:14,250 --> 00:04:12,310
dark agendas few do it better than the

103
00:04:15,900 --> 00:04:14,260
great Anthony patch he's a researcher

104
00:04:17,820 --> 00:04:15,910
author and speaker as well as the

105
00:04:19,830 --> 00:04:17,830
producer of entangled magazine who has

106
00:04:21,630 --> 00:04:19,840
been here once before talking about CERN

107
00:04:23,250 --> 00:04:21,640
the electric universe model and the

108
00:04:25,110 --> 00:04:23,260
agenda to tear open the fabric of

109
00:04:27,480 --> 00:04:25,120
reality and allowing some entities we

110
00:04:29,190 --> 00:04:27,490
probably don't want here it was a wild

111
00:04:30,930 --> 00:04:29,200
ride to say the least and I'm psyched to

112
00:04:33,210 --> 00:04:30,940
see us strapped in for another one so

113
00:04:35,250 --> 00:04:33,220

let's do it decoder of demonic agendas

114

00:04:37,350 --> 00:04:35,260

and translator of technologies arcane

115

00:04:39,600 --> 00:04:37,360

language Anthony patch welcome back to

116

00:04:41,159 --> 00:04:39,610

the higher side well I don't think

117

00:04:43,080 --> 00:04:41,169

anybody could ask for a nicer

118

00:04:46,590 --> 00:04:43,090

introduction than that my friend and

119

00:04:49,290 --> 00:04:46,600

slow roll of control that's poetic way

120

00:04:51,630 --> 00:04:49,300

to go baby thank you thank you I do what

121

00:04:54,420 --> 00:04:51,640

I can I try it's good to be back with

122

00:04:56,250 --> 00:04:54,430

you yeah man absolutely I think we all

123

00:04:57,900 --> 00:04:56,260

learned a lot last time and of course

124

00:05:00,150 --> 00:04:57,910

they've always got something new for us

125

00:05:01,890 --> 00:05:00,160

to be worried about but it has been 2

126
00:05:04,470 --> 00:05:01,900
years since that first show even though

127
00:05:05,700 --> 00:05:04,480
it seems like just yesterday and for a

128
00:05:07,320 --> 00:05:05,710
little while it looked like you weren't

129
00:05:08,460 --> 00:05:07,330
gonna be speaking publicly about these

130
00:05:10,020 --> 00:05:08,470
things anymore you'd made some

131
00:05:12,780 --> 00:05:10,030
statements and I got a lot of messages

132
00:05:14,430 --> 00:05:12,790
from concerned listeners about it now it

133
00:05:16,860 --> 00:05:14,440
seems like you're doing quite well which

134
00:05:18,450 --> 00:05:16,870
obviously is great but I got to ask you

135
00:05:21,120 --> 00:05:18,460
was there a period of time where things

136
00:05:23,700 --> 00:05:21,130
just seemed too hot to talk about they

137
00:05:26,360 --> 00:05:23,710
did in my good friend Clyde Lewis from

138
00:05:29,580 --> 00:05:26,370

Ground Zero radio he and I were

139

00:05:33,630 --> 00:05:29,590

attending a conference that he sponsored

140

00:05:35,850 --> 00:05:33,640

called Ground Zero University and we had

141

00:05:38,730 --> 00:05:35,860

a couple of gentlemen in the audience

142

00:05:42,239 --> 00:05:38,740

who met myself and then a few minutes

143

00:05:43,859 --> 00:05:42,249

later Clyde Lewis and basically asked us

144

00:05:45,749 --> 00:05:43,869

what we were doing what they said to me

145

00:05:49,049 --> 00:05:45,759

was we like what you're saying but we'd

146

00:05:51,119 --> 00:05:49,059

like you to stop I got the hint and what

147

00:05:52,799 --> 00:05:51,129

really the icing on the cake was 20

148

00:05:56,219 --> 00:05:52,809

minutes later they met with Clyde Lewis

149

00:05:59,189 --> 00:05:56,229

and they shook his hand interestingly

150

00:06:01,529 --> 00:05:59,199

they did not shake mine thirty minutes

151

00:06:03,629 --> 00:06:01,539

dear Clyde Lewis is in hospital in the

152

00:06:07,079 --> 00:06:03,639

emergency room near death suffering from

153

00:06:10,199 --> 00:06:07,089

a transfer poisoning to the bomb Wow

154

00:06:12,079 --> 00:06:10,209

so we backtracked that little event a

155

00:06:14,850 --> 00:06:12,089

little bit and determined where we

156

00:06:17,100 --> 00:06:14,860

strongly believe these guys came from

157

00:06:19,499 --> 00:06:17,110

and it was not an intelligence agency

158

00:06:22,499 --> 00:06:19,509

but I'm not going to state the name of

159

00:06:25,289 --> 00:06:22,509

the private company which has to do with

160

00:06:27,179 --> 00:06:25,299

quantum computing that it was two

161

00:06:29,309 --> 00:06:27,189

gentlemen from this quantum computing

162

00:06:31,859 --> 00:06:29,319

company and I was talking about things

163

00:06:34,199 --> 00:06:31,869

there were about six months ahead of

164

00:06:36,600 --> 00:06:34,209

what they wanted publicly released and

165

00:06:38,369 --> 00:06:36,610

so that was a little bit of detective

166

00:06:39,839 --> 00:06:38,379

work that Clyde and I did on that but

167

00:06:42,059 --> 00:06:39,849

that's about as far as I'm gonna go as

168

00:06:45,269 --> 00:06:42,069

far as identifying where we suspect they

169

00:06:47,009 --> 00:06:45,279

came from she's well obviously it's

170

00:06:48,569 --> 00:06:47,019

great you guys are both do it all right

171

00:06:49,859 --> 00:06:48,579

there's no shortage of people who are

172

00:06:51,989 --> 00:06:49,869

thankful to have you fighting the good

173

00:06:54,509 --> 00:06:51,999

fight and sharing this stuff with us

174

00:06:56,100 --> 00:06:54,519

obviously these are highly charged times

175

00:06:58,709 --> 00:06:56,110

and we've got a lot of things going on

176
00:07:00,269 --> 00:06:58,719
the West Coast is burning other parts of

177
00:07:02,579 --> 00:07:00,279
the country are dealing with hurricane

178
00:07:05,100 --> 00:07:02,589
season one for the record books and

179
00:07:08,009 --> 00:07:05,110
we're recording just a few days before

180
00:07:10,649 --> 00:07:08,019
we really know where Emma is gonna hit

181
00:07:12,299 --> 00:07:10,659
but no denying it's a record setter you

182
00:07:16,049 --> 00:07:12,309
know scary stuff for people in those

183
00:07:18,919 --> 00:07:16,059
areas men yeah in fact a good friend of

184
00:07:22,589 --> 00:07:18,929
mine Dane Wigington you may know of from

185
00:07:24,600 --> 00:07:22,599
geoengineering watch.org he has been on

186
00:07:27,289 --> 00:07:24,610
my show on truth frequency radio a

187
00:07:29,639 --> 00:07:27,299
couple of times now and he has a

188
00:07:31,379 --> 00:07:29,649

outstanding breakdown on his YouTube

189

00:07:33,539 --> 00:07:31,389

channel Dane Wigington CEO and

190

00:07:36,449 --> 00:07:33,549

engineering YouTube channel regarding

191

00:07:38,999 --> 00:07:36,459

not just suspicions but I think outright

192

00:07:41,549 --> 00:07:39,009

bold statements and evidence good

193

00:07:44,850 --> 00:07:41,559

evidence empirical evidence that this is

194

00:07:47,059 --> 00:07:44,860

a man-made geo engineered storm on both

195

00:07:50,939 --> 00:07:47,069

this one and the one in Texas and I

196

00:07:53,009 --> 00:07:50,949

agree with him and we will feature Dane

197

00:07:55,379 --> 00:07:53,019

Wigington as one of my speakers at an

198

00:07:56,189 --> 00:07:55,389

upcoming conference that I'm putting

199

00:07:58,890 --> 00:07:56,199

together

200

00:08:00,149 --> 00:07:58,900

September 16th and 17th and we will be

201

00:08:02,640 --> 00:08:00,159

speaking specifically about

202

00:08:05,219 --> 00:08:02,650

geoengineering amongst a whole host of

203

00:08:07,649 --> 00:08:05,229

other topics including my Haffer

204

00:08:09,779 --> 00:08:07,659

mentioned friend Clyde Lewis we'll be

205

00:08:10,769 --> 00:08:09,789

talking about the occult origins of

206

00:08:13,469 --> 00:08:10,779

high-technology

207

00:08:16,080 --> 00:08:13,479

mm-hmm I saw that line up it does look

208

00:08:18,300 --> 00:08:16,090

great and of course being a conspiracy

209

00:08:19,860 --> 00:08:18,310

guy anytime something like this happens

210

00:08:21,540 --> 00:08:19,870

you know I get a lot of messages just

211

00:08:24,390 --> 00:08:21,550

like you do asking if this was a

212

00:08:26,670 --> 00:08:24,400

weaponized weather situation and I

213

00:08:29,640 --> 00:08:26,680

really can't say I really am NOT a big

214

00:08:31,709 --> 00:08:29,650

fan of generally over sensationalizing

215

00:08:33,060 --> 00:08:31,719

something when I got friends and family

216

00:08:35,579 --> 00:08:33,070

that are actually hitting the road right

217

00:08:37,519 --> 00:08:35,589

now but like you said there are some

218

00:08:40,110 --> 00:08:37,529

indications out there and I've also seen

219

00:08:42,060 --> 00:08:40,120

enough to feel very confident that the

220

00:08:44,970 --> 00:08:42,070

military has the technology to move

221

00:08:47,430 --> 00:08:44,980

storms around and has for decades so if

222

00:08:49,650 --> 00:08:47,440

they aren't using it to protect Houston

223

00:08:52,860 --> 00:08:49,660

or the Virgin Islands or Florida well I

224

00:08:55,019 --> 00:08:52,870

mean that alone is kind of telling yeah

225

00:08:55,500 --> 00:08:55,029

and we look at not only the present

226

00:08:58,439 --> 00:08:55,510

storm

227

00:09:00,449 --> 00:08:58,449

irma with its track in its intensities

228

00:09:04,290 --> 00:09:00,459

in its formation it actually has a

229

00:09:06,870 --> 00:09:04,300

double wall eye which has never been

230

00:09:09,870 --> 00:09:06,880

seen before so two concentric rings

231

00:09:12,750 --> 00:09:09,880

forming the eye of the hurricane much

232

00:09:16,259 --> 00:09:12,760

less the 185 mile an hour sustained

233

00:09:18,120 --> 00:09:16,269

winds for now well over 36 hours which

234

00:09:22,259 --> 00:09:18,130

broke all the records the previous was

235

00:09:24,329 --> 00:09:22,269

13 hours of sustained winds at 185 plus

236

00:09:26,490 --> 00:09:24,339

and then of course the track of the

237

00:09:28,590 --> 00:09:26,500

hurricane that went through Texas it

238

00:09:31,139 --> 00:09:28,600

parked itself for four days over San

239

00:09:33,720 --> 00:09:31,149

Antonio and did a loop and had it back

240

00:09:35,970 --> 00:09:33,730

offshore which again Weather Channel

241

00:09:38,550 --> 00:09:35,980

guys were all saying we've never seen

242

00:09:40,680 --> 00:09:38,560

this before this is unprecedented 50

243

00:09:42,900 --> 00:09:40,690

inches of water on the ground I mean

244

00:09:44,309 --> 00:09:42,910

come on the evidence is there I'm not

245

00:09:46,920 --> 00:09:44,319

beating you up I'm sort of being

246

00:09:49,050 --> 00:09:46,930

rhetorical here sure I'm just saying

247

00:09:51,750 --> 00:09:49,060

that the evidence is pretty clear-cut

248

00:09:54,360 --> 00:09:51,760

that these are not natural and I think

249

00:09:57,210 --> 00:09:54,370

anybody observing this would agree the

250

00:09:59,040 --> 00:09:57,220

source of it being unnatural can we say

251

00:10:02,250 --> 00:09:59,050

it's actually the military industrial

252

00:10:04,650 --> 00:10:02,260

complex of any government around the

253

00:10:06,750 --> 00:10:04,660

world at play well you have to have the

254

00:10:08,910 --> 00:10:06,760

evidence but I go to a guy like Dane

255

00:10:10,400 --> 00:10:08,920

Wigington who's really focused on that

256

00:10:12,290 --> 00:10:10,410

and look at his Evan

257

00:10:16,040 --> 00:10:12,300

said he presents at geoengineering

258

00:10:18,740 --> 00:10:16,050

watch.org myself I focus on things like

259

00:10:21,170 --> 00:10:18,750

you know quantum mechanics particle

260

00:10:23,960 --> 00:10:21,180

physics DNA manipulation and quantum

261

00:10:26,720 --> 00:10:23,970

computing but I certainly concede the

262

00:10:28,519 --> 00:10:26,730

fingerprints not of the gods but of the

263

00:10:30,829 --> 00:10:28,529

demons involved in this if you will

264

00:10:32,809 --> 00:10:30,839

because I am a Christian and I look at

265

00:10:36,410 --> 00:10:32,819

things through the lens of biblical

266

00:10:37,759 --> 00:10:36,420

scripture so sure and also I think

267

00:10:40,280 --> 00:10:37,769

there's probably a case to be made that

268

00:10:41,960 --> 00:10:40,290

parallels the war on terror if you're

269

00:10:43,389 --> 00:10:41,970

constantly saying that we have a war on

270

00:10:45,679 --> 00:10:43,399

terror then you're gonna need

271

00:10:47,569 --> 00:10:45,689

high-profile terror of ends to support

272

00:10:49,189 --> 00:10:47,579

that claim and if you're ringing the

273

00:10:51,470 --> 00:10:49,199

Climate Change alarm bells

274

00:10:54,110 --> 00:10:51,480

you're gonna need record-setting storms

275

00:10:55,369 --> 00:10:54,120

to support that claim as well so it

276

00:10:57,319 --> 00:10:55,379

makes sense it's just hard to know to

277

00:11:00,379 --> 00:10:57,329

what extent the manipulation goes when

278

00:11:02,360 --> 00:11:00,389

it comes to specific cases yeah it

279

00:11:04,790 --> 00:11:02,370

really does and you and I are on the

280

00:11:07,670 --> 00:11:04,800

same page in terms of fear-mongering we

281

00:11:09,710 --> 00:11:07,680

do not want to promote fear we're about

282

00:11:12,379 --> 00:11:09,720

providing information that then becomes

283

00:11:15,050 --> 00:11:12,389

solutions and guidance and a heads up

284

00:11:17,480 --> 00:11:15,060

and I agree with your family I have

285

00:11:20,210 --> 00:11:17,490

friends that are in Florida as well that

286

00:11:21,679 --> 00:11:20,220

are already on the road so yeah we're

287

00:11:23,749 --> 00:11:21,689

not playing around we're not trying to

288

00:11:25,579 --> 00:11:23,759

needlessly scare anybody I think your

289

00:11:28,610 --> 00:11:25,589

mission and my mission is simply to

290

00:11:31,160 --> 00:11:28,620

raise awareness through education right

291

00:11:33,290 --> 00:11:31,170

cheers to that one other point I wanted

292

00:11:35,629 --> 00:11:33,300

to make and as you know there's often

293

00:11:37,069 --> 00:11:35,639

times esoteric and symbolic aspects to

294

00:11:39,019 --> 00:11:37,079

these things and someone pointed out to

295

00:11:41,360 --> 00:11:39,029

me that the name Harvey is a French

296

00:11:43,490 --> 00:11:41,370

origin meaning battle-worthy and the

297

00:11:46,429 --> 00:11:43,500

record-setting emma is a german name

298

00:11:49,400 --> 00:11:46,439

meaning war goddess it's also a Teutonic

299

00:11:50,929 --> 00:11:49,410

name meaning serpents and those things

300

00:11:53,650 --> 00:11:50,939

sort of blew my mind man the meaning of

301
00:11:56,809 --> 00:11:53,660
era in particular is pretty on the nose

302
00:11:59,540 --> 00:11:56,819
yeah interesting that the theme is

303
00:12:01,819 --> 00:11:59,550
battle because the conference that I'm

304
00:12:03,769 --> 00:12:01,829
putting together with my host of

305
00:12:06,379 --> 00:12:03,779
speakers in their relative areas of

306
00:12:09,679 --> 00:12:06,389
research is called full spectrum

307
00:12:13,189 --> 00:12:09,689
dominance which is a military term and

308
00:12:16,340 --> 00:12:13,199
it is a subheading of a divine battle

309
00:12:21,139 --> 00:12:16,350
plan and we are taking the principles

310
00:12:24,190 --> 00:12:21,149
and the theories and strategies from the

311
00:12:26,110 --> 00:12:24,200
art of war by Sun Tzu

312
00:12:28,510 --> 00:12:26,120
I think you'll agree with me Greg by

313
00:12:31,150 --> 00:12:28,520

your introduction here we are stepping

314

00:12:32,710 --> 00:12:31,160

into a battlefield we're already engaged

315

00:12:36,130 --> 00:12:32,720

in a battle but we're stepping into a

316

00:12:37,990 --> 00:12:36,140

brand-new battlefield and I'm just gonna

317

00:12:39,990 --> 00:12:38,000

quote a short piece of scripture from

318

00:12:42,810 --> 00:12:40,000

the announcement at Anthony patch.com

319

00:12:45,990 --> 00:12:42,820

regarding this full spectrum dominance

320

00:12:48,790 --> 00:12:46,000

conference and that is Ephesians 6:12

321

00:12:51,730 --> 00:12:48,800

for we wrestle not against flesh and

322

00:12:55,210 --> 00:12:51,740

blood but against powers against

323

00:12:58,210 --> 00:12:55,220

principalities against the rulers of the

324

00:13:00,490 --> 00:12:58,220

darkness of this world against spiritual

325

00:13:03,520 --> 00:13:00,500

wickedness in high places

326

00:13:05,710 --> 00:13:03,530

no I think that pretty well sums it up

327

00:13:07,750 --> 00:13:05,720

we have a physical and a spiritual

328

00:13:10,300 --> 00:13:07,760

battlefield that we are engaged in and

329

00:13:12,520 --> 00:13:10,310

our purpose of this conference is to

330

00:13:14,560 --> 00:13:12,530

provide what we call tip of the spear

331

00:13:17,470 --> 00:13:14,570

brand-new information never been

332

00:13:19,840 --> 00:13:17,480

released in public from each of these

333

00:13:23,110 --> 00:13:19,850

speakers we have David hevener who's a

334

00:13:25,840 --> 00:13:23,120

30-year history of movie production in

335

00:13:28,720 --> 00:13:25,850

Hollywood talking about the media a Lana

336

00:13:30,940 --> 00:13:28,730

Freeland who like with Dane Wigington is

337

00:13:33,460 --> 00:13:30,950

all about full spectrum dominance about

338

00:13:35,980 --> 00:13:33,470

geoengineering Alana has her slice of

339

00:13:37,750 --> 00:13:35,990

research on that Cathleen Kerik art is a

340

00:13:40,330 --> 00:13:37,760

public author we'll be speaking to the

341

00:13:42,250 --> 00:13:40,340

spiritual side Sydney burns a noted

342

00:13:45,100 --> 00:13:42,260

engineer we'll be talking about his

343

00:13:46,390 --> 00:13:45,110

threat matrix which encompasses many of

344

00:13:48,700 --> 00:13:46,400

the things you and I are going to talk

345

00:13:51,730 --> 00:13:48,710

about today which has to do with quantum

346

00:13:53,950 --> 00:13:51,740

computing fly G technology artificial

347

00:13:56,410 --> 00:13:53,960

intelligence and of course Clyde Lewis

348

00:13:59,590 --> 00:13:56,420

talking about the occult aspects to high

349

00:14:02,500 --> 00:13:59,600

technology so we're giving you a broad

350

00:14:04,870 --> 00:14:02,510

approach of topics but we're in a battle

351
00:14:07,660 --> 00:14:04,880
field and we're here to provide people

352
00:14:10,030 --> 00:14:07,670
with information so that they can make

353
00:14:12,040 --> 00:14:10,040
their own decisions how best to deal

354
00:14:14,560 --> 00:14:12,050
with what we are being confronted with

355
00:14:16,570 --> 00:14:14,570
and from the Christian perspective we

356
00:14:19,720 --> 00:14:16,580
are definitely stepping into the last

357
00:14:23,350 --> 00:14:19,730
few moments of the last days dare I say

358
00:14:25,450 --> 00:14:23,360
September 23rd related to revelation 12

359
00:14:29,040 --> 00:14:25,460
the birthing of Jupiter and the

360
00:14:31,300 --> 00:14:29,050
constellation Virgo possibly possibly

361
00:14:35,470 --> 00:14:31,310
indicates the beginning of the seven

362
00:14:37,540 --> 00:14:35,480
year tribulation geez yeah well I can

363
00:14:38,800 --> 00:14:37,550

definitely align with fighting the good

364

00:14:42,610 --> 00:14:38,810

right of course and that conference

365

00:14:44,139 --> 00:14:42,620

lineup seems pretty spectacular and to

366

00:14:46,030 --> 00:14:44,149

switch gears a little bit and get more

367

00:14:48,009 --> 00:14:46,040

into the things that are in your

368

00:14:50,230 --> 00:14:48,019

wheelhouse the reason we got together is

369

00:14:52,900 --> 00:14:50,240

that I recently heard you breaking down

370

00:14:55,300 --> 00:14:52,910

that technology and agenda behind the 5g

371

00:14:56,980 --> 00:14:55,310

rollout and I have to say that for a

372

00:14:59,740 --> 00:14:56,990

while now I've had real reservations

373

00:15:01,389 --> 00:14:59,750

about cell phones and Wi-Fi I can't say

374

00:15:03,670 --> 00:15:01,399

I've done much about it in my personal

375

00:15:05,259 --> 00:15:03,680

life but how many of us would really be

376

00:15:07,090 --> 00:15:05,269

surprised if we found out cell

377

00:15:09,220 --> 00:15:07,100

technology became the cigarettes style

378

00:15:11,259 --> 00:15:09,230

cancer-causing scandal of our times and

379

00:15:13,990 --> 00:15:11,269

now how kind to them they're kicking it

380

00:15:16,030 --> 00:15:14,000

up a notch for us aren't they they

381

00:15:18,009 --> 00:15:16,040

really are they're many of the

382

00:15:20,889 --> 00:15:18,019

proponents in the corporate world that

383

00:15:25,480 --> 00:15:20,899

say that that 5g on the commercial end

384

00:15:28,019 --> 00:15:25,490

will roll out fully roll out by 2020

385

00:15:31,720 --> 00:15:28,029

when in fact where I'm sitting right now

386

00:15:35,440 --> 00:15:31,730

when I log into my Wi-Fi system I can

387

00:15:38,530 --> 00:15:35,450

see Phi G systems Phi G hotspots that

388

00:15:40,889 --> 00:15:38,540

are in my neighborhood already so that's

389

00:15:43,180 --> 00:15:40,899

just a taste of it but I have in my

390

00:15:45,819 --> 00:15:43,190

entangled magazine which is an online

391

00:15:48,460 --> 00:15:45,829

magazine that I publish every month with

392

00:15:50,889 --> 00:15:48,470

a number of notable contributors I have

393

00:15:54,160 --> 00:15:50,899

an article that I composed that is

394

00:15:56,410 --> 00:15:54,170

entitled brain hacking and that is in

395

00:15:59,350 --> 00:15:56,420

the entangled magazine September issue

396

00:16:02,319 --> 00:15:59,360

and there I break it down in terms of

397

00:16:06,250 --> 00:16:02,329

the topic of 5g which is a millimeter

398

00:16:09,940 --> 00:16:06,260

wave system of Wi-Fi broadcasting and

399

00:16:12,610 --> 00:16:09,950

merge that with the topic of mind

400

00:16:16,630 --> 00:16:12,620

control and I actually get into the

401
00:16:19,690 --> 00:16:16,640
specifics from the physiological side as

402
00:16:22,960 --> 00:16:19,700
well as from the electromagnetic

403
00:16:25,930 --> 00:16:22,970
spectrum side of how do you actually

404
00:16:28,689 --> 00:16:25,940
achieve through 5g systems of broadcast

405
00:16:31,990 --> 00:16:28,699
how do you actually target individuals

406
00:16:34,569 --> 00:16:32,000
and manipulate their brain such that you

407
00:16:36,819 --> 00:16:34,579
can direct their motor activity with

408
00:16:40,000 --> 00:16:36,829
their body direct their thoughts and

409
00:16:42,340 --> 00:16:40,010
implant thoughts and change memories and

410
00:16:45,670 --> 00:16:42,350
I break all that down in my article in

411
00:16:48,370 --> 00:16:45,680
an entangled magazine Wow I mean that is

412
00:16:50,680 --> 00:16:48,380
an intense weapon but I guess really it

413
00:16:51,340 --> 00:16:50,690

seems like it's a two-step process right

414

00:16:53,580 --> 00:16:51,350

because summaries

415

00:16:55,960 --> 00:16:53,590

and we've already got these

416

00:16:58,780 --> 00:16:55,970

nanoparticles these nano particulates in

417

00:17:00,750 --> 00:16:58,790

our body and that 5g is what's going to

418

00:17:03,250 --> 00:17:00,760

activate them is that right

419

00:17:07,240 --> 00:17:03,260

absolutely yes when you and I last spoke

420

00:17:10,590 --> 00:17:07,250

two years ago I broke the entire story

421

00:17:14,650 --> 00:17:10,600

and scenario of nano sized particles

422

00:17:18,460 --> 00:17:14,660

that will actually be activated by a 5g

423

00:17:21,130 --> 00:17:18,470

signal and those nanoparticles do resort

424

00:17:24,610 --> 00:17:21,140

it in our bodies because we have inhaled

425

00:17:26,950 --> 00:17:24,620

them through the aerosol into brain we

426

00:17:29,530 --> 00:17:26,960

have ingested them through the GMO foods

427

00:17:31,740 --> 00:17:29,540

we have absorbed them through the skin

428

00:17:33,660 --> 00:17:31,750

because they are nano sized which is a

429

00:17:36,990 --> 00:17:33,670

billionth of a meter

430

00:17:40,090 --> 00:17:37,000

that's the scale we're talking about and

431

00:17:43,090 --> 00:17:40,100

that will once those dormant

432

00:17:46,570 --> 00:17:43,100

nanoparticles are triggered by 5g

433

00:17:50,410 --> 00:17:46,580

broadcast signal will result in the

434

00:17:55,000 --> 00:17:50,420

activation and replication of a third

435

00:17:58,450 --> 00:17:55,010

strand of DNA which will then render the

436

00:18:01,320 --> 00:17:58,460

person under the full control of what is

437

00:18:07,000 --> 00:18:01,330

known as the sentient world simulation

438

00:18:08,890 --> 00:18:07,010

SWS hmm Wow so when 5g activates these

439

00:18:11,110 --> 00:18:08,900

nano particulates is this something that

440

00:18:13,440 --> 00:18:11,120

we'll be able to notice or feel when

441

00:18:16,930 --> 00:18:13,450

it's not actively being used against us

442

00:18:19,990 --> 00:18:16,940

no in fact what it does is it renders an

443

00:18:21,610 --> 00:18:20,000

individual completely unaware that they

444

00:18:25,630 --> 00:18:21,620

have been changed that they have been

445

00:18:27,450 --> 00:18:25,640

modified and this falls under the whole

446

00:18:29,530 --> 00:18:27,460

discussion of the hive mentality

447

00:18:31,600 --> 00:18:29,540

something that has been kicked around

448

00:18:34,150 --> 00:18:31,610

for a couple of years now in the truth

449

00:18:37,660 --> 00:18:34,160

community if you want to call it that so

450

00:18:40,630 --> 00:18:37,670

to achieve this one world government one

451
00:18:43,570 --> 00:18:40,640
world religion one world dictator system

452
00:18:47,140 --> 00:18:43,580
in which they want everyone to be part

453
00:18:50,020 --> 00:18:47,150
of the hive mentality you have to have a

454
00:18:53,230 --> 00:18:50,030
DNA modification that also affects the

455
00:18:55,840 --> 00:18:53,240
brain and again I break that down to the

456
00:18:58,870 --> 00:18:55,850
physiological aspects the components and

457
00:19:02,140 --> 00:18:58,880
the processes even down to the quantum

458
00:19:05,350 --> 00:19:02,150
level I explain how the mind is

459
00:19:07,840 --> 00:19:05,360
physically changed and altered through

460
00:19:11,289 --> 00:19:07,850
these nanoparticles that are triggered

461
00:19:13,539 --> 00:19:11,299
by fly gee Wow so there really is no

462
00:19:16,180 --> 00:19:13,549
limit if we're talking about controlling

463
00:19:18,210 --> 00:19:16,190

someone's body controlling their motor

464

00:19:20,500 --> 00:19:18,220

function and their mind I mean

465

00:19:23,320 --> 00:19:20,510

full-spectrum dominance is pretty much

466

00:19:25,120 --> 00:19:23,330

the only term that would apply yeah and

467

00:19:27,120 --> 00:19:25,130

again that's a military term in which

468

00:19:31,270 --> 00:19:27,130

you want to have control over the skies

469

00:19:34,390 --> 00:19:31,280

the seas and the land and that includes

470

00:19:36,460 --> 00:19:34,400

your of course electromagnetic spectrum

471

00:19:39,340 --> 00:19:36,470

of communications that you are able

472

00:19:42,190 --> 00:19:39,350

through all of the spectra be able to

473

00:19:45,220 --> 00:19:42,200

dominate that in so far as blocking

474

00:19:48,130 --> 00:19:45,230

other communications cracking encoded

475

00:19:52,480 --> 00:19:48,140

communications and transmission of your

476
00:19:54,430 --> 00:19:52,490
own uniquely coded transmissions in my

477
00:19:56,620 --> 00:19:54,440
discussions I present things such as

478
00:20:00,130 --> 00:19:56,630
quantum computers that have the ability

479
00:20:02,440 --> 00:20:00,140
to have uniquely encoded transmissions

480
00:20:06,669 --> 00:20:02,450
while at the same time being able to

481
00:20:09,700 --> 00:20:06,679
decode decrypt the communications that

482
00:20:13,510 --> 00:20:09,710
have been encoded by quote the enemy so

483
00:20:15,150 --> 00:20:13,520
a lot of this is in entangled magazine

484
00:20:17,650 --> 00:20:15,160
I've been published in this since June

485
00:20:19,419 --> 00:20:17,660
giving all the details of it but we'll

486
00:20:22,480 --> 00:20:19,429
hit some of the key points here today

487
00:20:24,970 --> 00:20:22,490
sure and a lot of people are talking

488
00:20:27,190 --> 00:20:24,980

about the Morgellons condition as being

489

00:20:28,960 --> 00:20:27,200

the first sign of seeing these foreign

490

00:20:31,120 --> 00:20:28,970

things in our body they see them as

491

00:20:33,250 --> 00:20:31,130

fibers but has anyone really been able

492

00:20:36,340 --> 00:20:33,260

to show these nanoparticles in the body

493

00:20:39,669 --> 00:20:36,350

or in body fluid samples or anything

494

00:20:41,740 --> 00:20:39,679

like that well I think when we talk

495

00:20:44,530 --> 00:20:41,750

about Morgellons disease what we're

496

00:20:47,530 --> 00:20:44,540

looking at are things that are on the

497

00:20:50,049 --> 00:20:47,540

let's say the atomic molecular scale and

498

00:20:53,830 --> 00:20:50,059

above so essentially they're visible

499

00:20:56,350 --> 00:20:53,840

with natural eyesight unaided and also

500

00:20:58,090 --> 00:20:56,360

under a microscope but when we get into

501
00:20:59,710 --> 00:20:58,100
talking about the nano scale where

502
00:21:03,850 --> 00:20:59,720
you're talking about something that's

503
00:21:06,789 --> 00:21:03,860
five to ten nanometers and scale that

504
00:21:09,549 --> 00:21:06,799
requires a scanning electron microscope

505
00:21:11,650 --> 00:21:09,559
to be able to see these so the only time

506
00:21:14,680 --> 00:21:11,660
you're going to see a nano particle of

507
00:21:17,890 --> 00:21:14,690
that size within a sample of human

508
00:21:20,530 --> 00:21:17,900
tissue be it blood or skin or other

509
00:21:22,780 --> 00:21:20,540
is actually in the laboratory and

510
00:21:25,990 --> 00:21:22,790
they're certainly not going to allow us

511
00:21:28,750 --> 00:21:26,000
to label that those nanoparticles as

512
00:21:32,940 --> 00:21:28,760
related to more Gillen's disease but the

513
00:21:35,350 --> 00:21:32,950

visible naked eye observation these are

514

00:21:37,900 --> 00:21:35,360

definitely growing from the

515

00:21:39,640 --> 00:21:37,910

nanoparticles those are the evidence of

516

00:21:42,490 --> 00:21:39,650

the smaller particles that are already

517

00:21:45,520 --> 00:21:42,500

embedded in the body what I'm talking

518

00:21:48,520 --> 00:21:45,530

about are nanoparticles that not only

519

00:21:51,160 --> 00:21:48,530

result on the skin but also are

520

00:21:53,860 --> 00:21:51,170

literally attached to our DNA in our

521

00:21:56,710 --> 00:21:53,870

bodies right now and once they're

522

00:22:00,340 --> 00:21:56,720

triggered we'll enjoying themselves as a

523

00:22:03,850 --> 00:22:00,350

third strand around each double helical

524

00:22:07,870 --> 00:22:03,860

strand of present DNA within our bodies

525

00:22:10,660 --> 00:22:07,880

thus controlling our bodies mechanically

526

00:22:13,210 --> 00:22:10,670

if you will but also from a

527

00:22:15,130 --> 00:22:13,220

psychological standpoint from a brain

528

00:22:19,020 --> 00:22:15,140

function they will actually be able to

529

00:22:21,520 --> 00:22:19,030

control our brain through 5g Wi-Fi

530

00:22:24,400 --> 00:22:21,530

broadcasting signals not only to trigger

531

00:22:28,180 --> 00:22:24,410

the activation of the third strand but

532

00:22:32,170 --> 00:22:28,190

also implanting thoughts on a continuous

533

00:22:34,780 --> 00:22:32,180

basis not just memories hmm and that

534

00:22:36,850 --> 00:22:34,790

phrase activate a third strand of DNA

535

00:22:39,790 --> 00:22:36,860

you know a lot of New Agers talked about

536

00:22:41,290 --> 00:22:39,800

that like it's a natural or positive

537

00:22:43,510 --> 00:22:41,300

change for Humanity you've probably

538

00:22:45,760 --> 00:22:43,520

heard him saying that but what is it

539

00:22:48,010 --> 00:22:45,770

activation really looked like when

540

00:22:50,500 --> 00:22:48,020

something as simple as one chromosome

541

00:22:52,210 --> 00:22:50,510

difference is observable as Down

542

00:22:56,260 --> 00:22:52,220

syndrome you would think a third strand

543

00:22:58,720 --> 00:22:56,270

entirely would be pretty radical it

544

00:23:02,350 --> 00:22:58,730

would because within the third strand is

545

00:23:04,240 --> 00:23:02,360

also information that is embedded DNA is

546

00:23:07,120 --> 00:23:04,250

nothing more than the data base of the

547

00:23:09,820 --> 00:23:07,130

body it contains both historical

548

00:23:11,710 --> 00:23:09,830

memories and present-day memories people

549

00:23:14,230 --> 00:23:11,720

think that memories reside in the brain

550

00:23:16,150 --> 00:23:14,240

the brain is the computer it is the

551

00:23:19,120 --> 00:23:16,160

processor of information that is

552

00:23:22,480 --> 00:23:19,130

extracted from our database which is our

553

00:23:25,900 --> 00:23:22,490

DNA when you hear the New Agers speaking

554

00:23:28,750 --> 00:23:25,910

of the Ascension of humanity this

555

00:23:31,730 --> 00:23:28,760

activation through the Kundalini process

556

00:23:35,419 --> 00:23:31,740

and this rising to the ten

557

00:23:37,520 --> 00:23:35,429

sipper out of the kabbalah tree the tree

558

00:23:40,520 --> 00:23:37,530

of life process in which you're

559

00:23:43,430 --> 00:23:40,530

ascending to the godlike status which is

560

00:23:46,730 --> 00:23:43,440

the ten Sephirot this is really

561

00:23:48,590 --> 00:23:46,740

describing through the Kabbalah practice

562

00:23:53,030 --> 00:23:48,600

or belief system and through the

563

00:23:56,840 --> 00:23:53,040

structure of the Tree of Life the actual

564

00:24:00,020 --> 00:23:56,850

change of DNA in so far as presenting

565

00:24:02,360 --> 00:24:00,030

new information that is activated from

566

00:24:06,740 --> 00:24:02,370

the third strand that third strand

567

00:24:09,799 --> 00:24:06,750

contains data data that is activated so

568

00:24:12,200 --> 00:24:09,809

you can literally now have new memories

569

00:24:14,390 --> 00:24:12,210

that you're aware of that you think are

570

00:24:16,730 --> 00:24:14,400

your own memories and this is not

571

00:24:20,360 --> 00:24:16,740

science fiction this is just implanting

572

00:24:23,090 --> 00:24:20,370

data you can have existing thoughts that

573

00:24:25,040 --> 00:24:23,100

are going on in the present time and you

574

00:24:28,700 --> 00:24:25,050

can also have thoughts that will be

575

00:24:31,690 --> 00:24:28,710

presented as dreams and suggestions into

576

00:24:33,590 --> 00:24:31,700

the future this is all done by the

577

00:24:35,870 --> 00:24:33,600

manipulation on giving it a short

578

00:24:38,960 --> 00:24:35,880

version the manipulation at the quantum

579

00:24:42,770 --> 00:24:38,970

scale of quantum particles called bosons

580

00:24:46,190 --> 00:24:42,780

fermions and bosons by changing the spin

581

00:24:49,220 --> 00:24:46,200

of quantum particles think of a top a

582

00:24:52,370 --> 00:24:49,230

toy top it spins that's called angular

583

00:24:55,700 --> 00:24:52,380

momentum when you change the spin or

584

00:24:58,730 --> 00:24:55,710

angular momentum of quantum particles in

585

00:25:01,820 --> 00:24:58,740

the brain you are actually changing the

586

00:25:04,400 --> 00:25:01,830

memories that are contained because the

587

00:25:08,240 --> 00:25:04,410

quantum particles these fermions are

588

00:25:11,299 --> 00:25:08,250

where zeros and ones binary information

589

00:25:14,960 --> 00:25:11,309

actually is imprinted on fermions

590

00:25:17,240 --> 00:25:14,970

quantum particles by changing the spin

591

00:25:20,090 --> 00:25:17,250

of the quantum particles you change the

592

00:25:23,210 --> 00:25:20,100

information this is what is embedded in

593

00:25:26,090 --> 00:25:23,220

the third strand of DNA that results in

594

00:25:29,380 --> 00:25:26,100

these memories as well as present day

595

00:25:32,540 --> 00:25:29,390

and future day thoughts and controls the

596

00:25:35,840 --> 00:25:32,550

motor responses of the body in other

597

00:25:39,200 --> 00:25:35,850

words the actions of the body but it is

598

00:25:43,730 --> 00:25:39,210

also then implanted within the existing

599

00:25:46,159 --> 00:25:43,740

two strands of DNA are inherent DNA so

600

00:25:49,399 --> 00:25:46,169

you have a complete change of the

601
00:25:51,950 --> 00:25:49,409
database and thus the database affecting

602
00:25:56,419 --> 00:25:51,960
the quantum computer known as our brain

603
00:25:59,720 --> 00:25:56,429
and how it operates as well Wow it's

604
00:26:02,060 --> 00:25:59,730
just such a detailed plan that is all

605
00:26:04,609 --> 00:26:02,070
culminating like right in this time

606
00:26:05,930 --> 00:26:04,619
frame and to bring another element in

607
00:26:07,940 --> 00:26:05,940
here I've also heard you talking about

608
00:26:10,099 --> 00:26:07,950
of course quantum computers and this

609
00:26:15,190 --> 00:26:10,109
d-wave in particular can you tell us how

610
00:26:17,690 --> 00:26:15,200
this piece fits in yeah Dee wave is the

611
00:26:20,629 --> 00:26:17,700
communication tool if you want to call

612
00:26:23,539 --> 00:26:20,639
it necromancy geomancy things like that

613
00:26:25,759 --> 00:26:23,549

all of the various forms are spatula man

614

00:26:27,049 --> 00:26:25,769

see there's water man see there's all

615

00:26:29,539 --> 00:26:27,059

these forms of what we just

616

00:26:31,389 --> 00:26:29,549

euphemistically like to say necromancy

617

00:26:33,649 --> 00:26:31,399

or communicating with the dead

618

00:26:35,149 --> 00:26:33,659

communicating specifically in this case

619

00:26:38,149 --> 00:26:35,159

with fallen angels

620

00:26:40,549 --> 00:26:38,159

this is interdimensional communication

621

00:26:43,190 --> 00:26:40,559

that's essentially what D waves quantum

622

00:26:45,229 --> 00:26:43,200

computers function as and by their own

623

00:26:47,239 --> 00:26:45,239

public statements which I've reflected

624

00:26:50,359 --> 00:26:47,249

in the entangled magazine in several

625

00:26:54,259 --> 00:26:50,369

articles I have noted in fact last month

626
00:26:56,269 --> 00:26:54,269
in the August is a transcript of a video

627
00:26:59,499 --> 00:26:56,279
that Gordie Rose one of the founders of

628
00:27:02,859 --> 00:26:59,509
D wave just recently in the last month

629
00:27:06,369 --> 00:27:02,869
publicly stated that they are accessing

630
00:27:09,289 --> 00:27:06,379
literally a thousands upon thousands of

631
00:27:12,710 --> 00:27:09,299
parallel dimensions and that they are

632
00:27:15,349 --> 00:27:12,720
extracting resources information data

633
00:27:18,440 --> 00:27:15,359
and energy from these parallel

634
00:27:21,789 --> 00:27:18,450
dimensions this is actual communication

635
00:27:24,590 --> 00:27:21,799
with parallel dimensions that they are

636
00:27:26,840 --> 00:27:24,600
presenting to the public that they are

637
00:27:29,869 --> 00:27:26,850
actually doing this is not you know

638
00:27:32,570 --> 00:27:29,879

conspiracy theory this is not wacko this

639

00:27:35,359 --> 00:27:32,580

is not science fiction these are the

640

00:27:37,430 --> 00:27:35,369

actual builders of the machines saying

641

00:27:40,129 --> 00:27:37,440

yes we're communicating with parallel

642

00:27:43,070 --> 00:27:40,139

dimensions through the lens of

643

00:27:45,259 --> 00:27:43,080

Christianity I look at the parallel

644

00:27:48,109 --> 00:27:45,269

dimensions as communication with fallen

645

00:27:49,909 --> 00:27:48,119

angels with demonic entities and what

646

00:27:54,109 --> 00:27:49,919

they're extracting and bringing into our

647

00:27:57,320 --> 00:27:54,119

reality is revising our reality which is

648

00:27:59,840 --> 00:27:57,330

the title of my third book and that as

649

00:28:04,340 --> 00:27:59,850

one slice of that revision

650

00:28:08,299 --> 00:28:04,350

reality is manifest as the Mandela

651
00:28:10,549 --> 00:28:08,309
effect right right yeah man and you know

652
00:28:13,610 --> 00:28:10,559
Christianity isn't necessarily my lens

653
00:28:16,250 --> 00:28:13,620
but I can see how the pieces fit I mean

654
00:28:18,320 --> 00:28:16,260
you make a great case for it and it's so

655
00:28:20,360 --> 00:28:18,330
wild that those statements don't get

656
00:28:21,919 --> 00:28:20,370
more attention because there's plenty of

657
00:28:23,299 --> 00:28:21,929
them you know AI does seem like it's

658
00:28:25,640 --> 00:28:23,309
gonna be the biggest issue of our time

659
00:28:27,799 --> 00:28:25,650
probably before we know it and we have

660
00:28:30,470 --> 00:28:27,809
Putin making that comment about whoever

661
00:28:32,360 --> 00:28:30,480
leads in AI is gonna dominate the future

662
00:28:33,919 --> 00:28:32,370
and I also grabbed this quote that I

663
00:28:36,799 --> 00:28:33,929

thought was pretty provocative but at

664

00:28:40,100 --> 00:28:36,809

MIT z-- 2014 Aeronautics and

665

00:28:42,080 --> 00:28:40,110

Astronautics symposium Elon Musk said

666

00:28:44,659 --> 00:28:42,090

with artificial intelligence we are

667

00:28:46,159 --> 00:28:44,669

summoning the demon you know all those

668

00:28:47,930 --> 00:28:46,169

stories where there's the guy with the

669

00:28:49,669 --> 00:28:47,940

pentagram and the holy water and he's

670

00:28:51,770 --> 00:28:49,679

sure that he can control the demon but

671

00:28:55,460 --> 00:28:51,780

it doesn't work out it's like that and

672

00:28:56,840 --> 00:28:55,470

again pretty on the nose I mean would

673

00:28:59,480 --> 00:28:56,850

you say I guess we should take that

674

00:29:01,159 --> 00:28:59,490

statement pretty literally absolutely

675

00:29:03,560 --> 00:29:01,169

literally I'll back it up with another

676

00:29:06,919 --> 00:29:03,570

statement by Gordy Rose co-founder of D

677

00:29:09,020 --> 00:29:06,929

way from 2013 in which he said that when

678

00:29:11,539 --> 00:29:09,030

you stand next to one of these this is a

679

00:29:13,070 --> 00:29:11,549

public presentation to scientists and

680

00:29:15,380 --> 00:29:13,080

venture capitalists that he's making

681

00:29:17,060 --> 00:29:15,390

these statements he said when you stand

682

00:29:19,789 --> 00:29:17,070

next to one of these which is the black

683

00:29:22,340 --> 00:29:19,799

cube enclosure of the computer it's as

684

00:29:27,350 --> 00:29:22,350

if you're standing next to the altar to

685

00:29:30,200 --> 00:29:27,360

an alien god huh so you have to take

686

00:29:34,640 --> 00:29:30,210

these things quite literally and you

687

00:29:38,720 --> 00:29:34,650

know his statements are well crafted the

688

00:29:42,260 --> 00:29:38,730

words that he use are specific and he is

689

00:29:44,390 --> 00:29:42,270

telling us read between the lines and

690

00:29:47,210 --> 00:29:44,400

you'll find out exactly what we're doing

691

00:29:51,260 --> 00:29:47,220

this is purely an advanced form of

692

00:29:54,380 --> 00:29:51,270

necromancy as I said Wow and there's us

693

00:29:57,080 --> 00:29:54,390

a long history of deep state projects

694

00:29:59,720 --> 00:29:57,090

that seemed to knock on that door to the

695

00:30:01,159 --> 00:29:59,730

other side even from the MKULTRA days in

696

00:30:03,740 --> 00:30:01,169

the 60s when they were just

697

00:30:06,620 --> 00:30:03,750

experimenting with certain compounds I

698

00:30:08,899 --> 00:30:06,630

mean it wasn't long before entity

699

00:30:11,930 --> 00:30:08,909

started to show up and that seems to be

700

00:30:13,640 --> 00:30:11,940

where the project took a turn and they

701
00:30:15,230 --> 00:30:13,650
definitely followed that

702
00:30:18,290 --> 00:30:15,240
ray'll and maybe they've been following

703
00:30:21,320 --> 00:30:18,300
it for a few decades and this is where

704
00:30:23,780 --> 00:30:21,330
that trail has led you're exactly right

705
00:30:26,450 --> 00:30:23,790
in the early sixties that you know there

706
00:30:29,090 --> 00:30:26,460
was a lot of experimentation by our own

707
00:30:31,880 --> 00:30:29,100
government on willing and unwilling

708
00:30:34,430 --> 00:30:31,890
subjects using LSD and they quickly

709
00:30:37,580 --> 00:30:34,440
determined that the chemical route

710
00:30:40,310 --> 00:30:37,590
towards this communication system in

711
00:30:42,680 --> 00:30:40,320
this mind control through chemicals was

712
00:30:44,480 --> 00:30:42,690
too unstable they really couldn't

713
00:30:47,990 --> 00:30:44,490

control it and couldn't predict the

714

00:30:50,570 --> 00:30:48,000

outcome so they went to electronics the

715

00:30:53,060 --> 00:30:50,580

end result of that today are quantum

716

00:30:55,370 --> 00:30:53,070

computers as we're talking about and you

717

00:30:57,620 --> 00:30:55,380

know in my books and in the magazine

718

00:31:00,050 --> 00:30:57,630

I've been presenting and also on my own

719

00:31:03,740 --> 00:31:00,060

radio show I present the fact that

720

00:31:05,930 --> 00:31:03,750

d-wave their public development let's

721

00:31:07,820 --> 00:31:05,940

say the latest model computer that

722

00:31:12,320 --> 00:31:07,830

they've publicly disclosed that has been

723

00:31:15,200 --> 00:31:12,330

sold is the fifth model and it has 2000

724

00:31:18,410 --> 00:31:15,210

cubits now a qubit is a quantum bit it's

725

00:31:21,320 --> 00:31:18,420

not a transistor but it has 2,000 cubits

726

00:31:24,260 --> 00:31:21,330

they started with 128 they've publicly

727

00:31:27,680 --> 00:31:24,270

disclosed 2,000 cubits and the fifth

728

00:31:31,700 --> 00:31:27,690

model but I have presented in numerous

729

00:31:34,940 --> 00:31:31,710

papers that there are 14 models and the

730

00:31:36,800 --> 00:31:34,950

latest model has one million four

731

00:31:38,840 --> 00:31:36,810

hundred and eighty five thousand five

732

00:31:40,190 --> 00:31:38,850

hundred and seventy-six qubits now let

733

00:31:42,710 --> 00:31:40,200

me just give you something that's a

734

00:31:46,040 --> 00:31:42,720

little more tangible when we go back to

735

00:31:50,060 --> 00:31:46,050

the fifth model that is 5g technology

736

00:31:53,780 --> 00:31:50,070

that has a direct correlation to what is

737

00:31:58,520 --> 00:31:53,790

called 5g but actually with the fifth

738

00:32:00,980 --> 00:31:58,530

model is 8g technology now this

739

00:32:02,870 --> 00:32:00,990

corresponds to human brains in terms of

740

00:32:05,000 --> 00:32:02,880

the number of human brains and this is

741

00:32:07,700 --> 00:32:05,010

from their own calculations in which

742

00:32:10,490 --> 00:32:07,710

they relate the number of qubits to the

743

00:32:13,040 --> 00:32:10,500

number of human brains the fifth model

744

00:32:16,990 --> 00:32:13,050

which they have released now with 2000

745

00:32:21,730 --> 00:32:17,000

qubits is its equivalent to 28 billion

746

00:32:25,700 --> 00:32:21,740

human brains in its processing power oh

747

00:32:27,170 --> 00:32:25,710

man and to revisit the Mandela effect

748

00:32:29,690 --> 00:32:27,180

that you mentioned a lot of

749

00:32:33,050 --> 00:32:29,700

people are interpreting that as timeline

750

00:32:33,770 --> 00:32:33,060

changes and physical differences in the

751
00:32:36,530 --> 00:32:33,780
universe

752
00:32:38,300 --> 00:32:36,540
or in the multiverse and like you said

753
00:32:40,820 --> 00:32:38,310
that's actually probably a

754
00:32:43,640 --> 00:32:40,830
misinterpretation right this is mental

755
00:32:45,320 --> 00:32:43,650
changes and these early threads that

756
00:32:47,720 --> 00:32:45,330
people are pulling on might be just the

757
00:32:51,920 --> 00:32:47,730
first indications of mental manipulation

758
00:32:54,200 --> 00:32:51,930
right absolutely you and your audience

759
00:32:57,640 --> 00:32:54,210
will be very familiar with things like a

760
00:33:00,740 --> 00:32:57,650
title targeted individual yes a and

761
00:33:03,080 --> 00:33:00,750
there are currently over seven billion

762
00:33:06,170 --> 00:33:03,090
humans on this planet all of which

763
00:33:08,300 --> 00:33:06,180

targeted and individuals all represented

764

00:33:11,090 --> 00:33:08,310

within the sentient world simulation

765

00:33:15,470 --> 00:33:11,100

that was produced out of developed out

766

00:33:18,350 --> 00:33:15,480

of Purdue University back in 2006 and

767

00:33:21,590 --> 00:33:18,360

2007 the sentient world simulation is

768

00:33:25,250 --> 00:33:21,600

driven by D waves quantum computing

769

00:33:27,500 --> 00:33:25,260

systems and within that system of seven

770

00:33:31,040 --> 00:33:27,510

billion people they are represented in

771

00:33:34,280 --> 00:33:31,050

the SWS as a node each person's given a

772

00:33:38,170 --> 00:33:34,290

node and an avatar according to Purdue's

773

00:33:41,050 --> 00:33:38,180

own white paper peer-reviewed documented

774

00:33:44,390 --> 00:33:41,060

information ok I'm not making this up

775

00:33:47,540 --> 00:33:44,400

targeted individuals in terms of the

776

00:33:50,600 --> 00:33:47,550

Mandela effect is every one of us we are

777

00:33:53,120 --> 00:33:50,610

all targeted individuals in so far as

778

00:33:55,250 --> 00:33:53,130

talking about the Mandela effects this

779

00:33:57,410 --> 00:33:55,260

is quite literally as you've done your

780

00:33:59,720 --> 00:33:57,420

homework I can tell Gregg this is a

781

00:34:01,640 --> 00:33:59,730

psychological operation and by that I

782

00:34:05,180 --> 00:34:01,650

will define it because I don't just

783

00:34:07,460 --> 00:34:05,190

banty terms around I define and I'm

784

00:34:09,700 --> 00:34:07,470

defining a psychological operation

785

00:34:12,550 --> 00:34:09,710

taking us back to the discussion of

786

00:34:16,640 --> 00:34:12,560

changing the spin of quantum particles

787

00:34:19,910 --> 00:34:16,650

within our brains in other words as they

788

00:34:22,970 --> 00:34:19,920

change the spin they change our memories

789

00:34:25,430 --> 00:34:22,980

and they change our awareness many of us

790

00:34:28,670 --> 00:34:25,440

have the memories of let's say a piece

791

00:34:32,540 --> 00:34:28,680

of biblical scripture that we recall a

792

00:34:35,240 --> 00:34:32,550

specific way and yet when we read it in

793

00:34:36,860 --> 00:34:35,250

any one of the Bibles we look at no

794

00:34:40,010 --> 00:34:36,870

matter the publication date or

795

00:34:40,950 --> 00:34:40,020

translation or version and it reads

796

00:34:45,240 --> 00:34:40,960

differently

797

00:34:47,760 --> 00:34:45,250

from our memory that is a psychological

798

00:34:51,210 --> 00:34:47,770

operation that is induced by changing

799

00:34:53,819 --> 00:34:51,220

the spin of fermions in our brains so

800

00:34:56,099 --> 00:34:53,829

some of us see the changes some of us

801
00:34:58,380 --> 00:34:56,109
don't see the changes some of us have

802
00:35:00,990 --> 00:34:58,390
the history as to the way a piece of

803
00:35:04,069 --> 00:35:01,000
Scripture may have read and yet we're

804
00:35:06,870 --> 00:35:04,079
reading it on the paper we think

805
00:35:09,660 --> 00:35:06,880
thinking we see a physical change on the

806
00:35:12,839 --> 00:35:09,670
paper in the Bible when in fact nothing

807
00:35:15,720 --> 00:35:12,849
physically has been changed this is what

808
00:35:17,780 --> 00:35:15,730
is so insidious about this and this is

809
00:35:20,910 --> 00:35:17,790
the tip of the iceberg of the

810
00:35:23,819 --> 00:35:20,920
psychological operation itself it is not

811
00:35:26,490 --> 00:35:23,829
just a Mandela effect that is just

812
00:35:31,650 --> 00:35:26,500
showing you a taste of what's to come in

813
00:35:34,170 --> 00:35:31,660

terms of changing how we think hmm it is

814

00:35:38,609 --> 00:35:34,180

so scary to think that if these are the

815

00:35:40,200 --> 00:35:38,619

first test cases of memory changes you

816

00:35:41,940 --> 00:35:40,210

know you could extrapolate that out and

817

00:35:44,309 --> 00:35:41,950

how crazy it could get I mean there's a

818

00:35:46,770 --> 00:35:44,319

lot of small pop-culture ones like Sex

819

00:35:49,680 --> 00:35:46,780

in the City an interview with a vampire

820

00:35:51,569 --> 00:35:49,690

a lot of people remember it that way but

821

00:35:53,880 --> 00:35:51,579

apparently at Sex and the City and

822

00:35:56,309 --> 00:35:53,890

interview with the vampire and they're

823

00:35:58,559 --> 00:35:56,319

just small little tweaks and it's easy

824

00:36:00,210 --> 00:35:58,569

to kind of dismiss that and say well

825

00:36:02,160 --> 00:36:00,220

people just remember it wrong maybe it

826
00:36:04,319 --> 00:36:02,170
flows off the tongue better that way and

827
00:36:06,510 --> 00:36:04,329
over time it just kind of morphs into

828
00:36:11,609 --> 00:36:06,520
that even though it never really was but

829
00:36:13,880 --> 00:36:11,619
this other angle is quite concerning you

830
00:36:18,000 --> 00:36:13,890
know you've heard the phrase he who

831
00:36:19,980 --> 00:36:18,010
controls history controls today and

832
00:36:22,710 --> 00:36:19,990
controls the future I'm paraphrasing

833
00:36:26,609 --> 00:36:22,720
what they're literally doing is changing

834
00:36:29,250 --> 00:36:26,619
history so that it doesn't exist the way

835
00:36:31,440 --> 00:36:29,260
that we remember it and when my

836
00:36:34,859 --> 00:36:31,450
generation I'm 64 years old when my

837
00:36:37,589 --> 00:36:34,869
generation dies off there will be no

838
00:36:40,260 --> 00:36:37,599

memory of how it used to be in the Bible

839

00:36:42,059 --> 00:36:40,270

or in the pop culture I'm just being

840

00:36:45,270 --> 00:36:42,069

very simplistic with that statement but

841

00:36:47,940 --> 00:36:45,280

what I'm saying is they are showing us

842

00:36:51,030 --> 00:36:47,950

because part of the agenda with the

843

00:36:53,849 --> 00:36:51,040

Mandela effect is to create fear it is

844

00:36:54,510 --> 00:36:53,859

becoming more apparent to the average

845

00:36:57,660 --> 00:36:54,520

person

846

00:37:00,300 --> 00:36:57,670

on the street that the Mandela effect is

847

00:37:03,930 --> 00:37:00,310

real and it is reaching a tipping point

848

00:37:06,210 --> 00:37:03,940

where the public will become so aware of

849

00:37:08,670 --> 00:37:06,220

it because it's presented in popular

850

00:37:11,280 --> 00:37:08,680

culture not just in you know the YouTube

851
00:37:13,680 --> 00:37:11,290
community or in our internet blog radio

852
00:37:16,590 --> 00:37:13,690
shows but it moves out into the

853
00:37:18,930 --> 00:37:16,600
mainstream to where more people are

854
00:37:21,270 --> 00:37:18,940
aware of it and suddenly it takes them

855
00:37:22,920 --> 00:37:21,280
by surprise because they're not privy to

856
00:37:26,550 --> 00:37:22,930
the discussions that you and I are

857
00:37:27,960 --> 00:37:26,560
having and they panic and they look for

858
00:37:32,430 --> 00:37:27,970
a solution we're talking about the

859
00:37:33,810 --> 00:37:32,440
Hegelian dialectic okay problem reaction

860
00:37:36,810 --> 00:37:33,820
solution yeah

861
00:37:39,030 --> 00:37:36,820
problem reaction solution picture the

862
00:37:41,940 --> 00:37:39,040
bell curve we're coming up to the tip of

863
00:37:44,430 --> 00:37:41,950

the bell curve in terms of presenting

864

00:37:46,350 --> 00:37:44,440

the problem now we see the reaction and

865

00:37:48,570 --> 00:37:46,360

on the other side of the bell curve is

866

00:37:51,600 --> 00:37:48,580

the presented solutions by the powers

867

00:37:54,450 --> 00:37:51,610

that be so to speak they are trying to

868

00:37:56,040 --> 00:37:54,460

hype this Mandela effect up and we're

869

00:37:58,200 --> 00:37:56,050

adding to it in the fact that we're

870

00:38:00,540 --> 00:37:58,210

discussing it but we're trying to show

871

00:38:02,940 --> 00:38:00,550

the inner workings of it and the nature

872

00:38:05,100 --> 00:38:02,950

of it and where it's going what you're

873

00:38:09,150 --> 00:38:05,110

trying to do is induce in the average

874

00:38:12,420 --> 00:38:09,160

person a sense of panic and they want to

875

00:38:14,730 --> 00:38:12,430

know why are things being manipulated so

876

00:38:16,850 --> 00:38:14,740

if you can panic the population and then

877

00:38:19,710 --> 00:38:16,860

hand them a carrot hand them a solution

878

00:38:24,000 --> 00:38:19,720

the solution becomes the control

879

00:38:27,660 --> 00:38:24,010

mechanism of the greater population Wow

880

00:38:30,360 --> 00:38:27,670

well said and scary thoughts but to tie

881

00:38:32,460 --> 00:38:30,370

in another aspect of the d-wave computer

882

00:38:35,130 --> 00:38:32,470

apparently one of its other primary

883

00:38:37,650 --> 00:38:35,140

purposes will be to control the macro

884

00:38:39,480 --> 00:38:37,660

portal that CERN will open up and we

885

00:38:41,520 --> 00:38:39,490

talked about this in the last show we

886

00:38:43,140 --> 00:38:41,530

did but what sort of progress have they

887

00:38:45,720 --> 00:38:43,150

made in the last two years has anything

888

00:38:50,040 --> 00:38:45,730

opened up yet through CERN to your

889

00:38:53,250 --> 00:38:50,050

knowledge no in terms of the large what

890

00:38:56,070 --> 00:38:53,260

I call the freeway portal a macroscale

891

00:38:58,320 --> 00:38:56,080

portal that has to be controlled as it

892

00:39:00,660 --> 00:38:58,330

opens at the quantum scale it must be

893

00:39:02,670 --> 00:39:00,670

controlled by a quantum mechanism the

894

00:39:06,900 --> 00:39:02,680

quam mechanism is the quantum computer

895

00:39:08,430 --> 00:39:06,910

from d-wave which now as they said is 14

896

00:39:10,500 --> 00:39:08,440

models

897

00:39:12,540 --> 00:39:10,510

none of that scenario in terms of

898

00:39:14,430 --> 00:39:12,550

opening the portal which I'll take over

899

00:39:17,190 --> 00:39:14,440

to the Christian discussion from the

900

00:39:19,890 --> 00:39:17,200

biblical perspective it's the opening of

901
00:39:23,190 --> 00:39:19,900
the abyss that obviously has not

902
00:39:26,099 --> 00:39:23,200
happened in Revelation 9 it states that

903
00:39:28,170 --> 00:39:26,109
Satan will be cast from heaven and he'll

904
00:39:31,260 --> 00:39:28,180
be given the key to the bottomless pit

905
00:39:34,470 --> 00:39:31,270
to the abyss CERN happens to be located

906
00:39:37,410 --> 00:39:34,480
over that doorways an ancient Roman

907
00:39:40,140 --> 00:39:37,420
temple sac to god Apollo Abaddon the

908
00:39:42,780 --> 00:39:40,150
destroyer they located it there because

909
00:39:45,540 --> 00:39:42,790
that's where they believe in their

910
00:39:47,280 --> 00:39:45,550
practices they believe that that's the

911
00:39:50,609 --> 00:39:47,290
physical location in which they will

912
00:39:53,400 --> 00:39:50,619
open the abyss the key I define again I

913
00:39:56,010 --> 00:39:53,410

define everything that I can I've

914

00:40:01,290 --> 00:39:56,020

defined the key to the bottomless pit as

915

00:40:03,510 --> 00:40:01,300

a encoded message a message that can

916

00:40:06,540 --> 00:40:03,520

only be broken by using a quantum

917

00:40:11,309 --> 00:40:06,550

computer this goes to the discussion of

918

00:40:15,240 --> 00:40:11,319

Peter shor Shor's algorithm 2048 and his

919

00:40:19,140 --> 00:40:15,250

other algorithm 4096 2048 Shor's

920

00:40:22,770 --> 00:40:19,150

algorithm was broken it's a public key

921

00:40:25,650 --> 00:40:22,780

encryption code it is for RSA encoding

922

00:40:28,559 --> 00:40:25,660

the most widely used system of encoding

923

00:40:30,809 --> 00:40:28,569

communications in the world RSA is built

924

00:40:34,280 --> 00:40:30,819

on the premise that you cannot find all

925

00:40:36,960 --> 00:40:34,290

of the factors in Shor's algorithm of

926
00:40:39,660 --> 00:40:36,970
2048 the only way to crack that

927
00:40:40,260 --> 00:40:39,670
algorithm so to speak is using a quantum

928
00:40:43,170 --> 00:40:40,270
computer

929
00:40:46,319 --> 00:40:43,180
to identify all those factors if you

930
00:40:51,160 --> 00:40:46,329
identify the factors you can decrypt a

931
00:40:55,839 --> 00:40:54,339
his other algorithm 4096 is the same

932
00:40:59,410 --> 00:40:55,849
thing and that's where I want to focus

933
00:41:03,849 --> 00:40:59,420
our attention D weighs v model of

934
00:41:07,329 --> 00:41:03,859
computer the 2048 they just sold to

935
00:41:10,059 --> 00:41:07,339
Volkswagen temporal defense systems also

936
00:41:16,270 --> 00:41:10,069
their existing customer base which is

937
00:41:18,609 --> 00:41:16,280
Google Amazon Lockheed USC NSA ok the

938
00:41:21,520 --> 00:41:18,619

all public information they're gonna

939

00:41:23,789 --> 00:41:21,530

move from v model of 2048 which

940

00:41:27,280 --> 00:41:23,799

corresponds to peter Shor's algorithm

941

00:41:31,089 --> 00:41:27,290

2048 that's the number of qubits that's

942

00:41:34,000 --> 00:41:31,099

the number of factors in the encryption

943

00:41:37,210 --> 00:41:34,010

code of Shor's algorithm they're gonna

944

00:41:39,970 --> 00:41:37,220

go to vi the model which is the 4096

945

00:41:42,579 --> 00:41:39,980

that's the number of qubits it is also

946

00:41:45,010 --> 00:41:42,589

the number of factors insurers algorithm

947

00:41:48,789 --> 00:41:45,020

for encoding the key to the bottomless

948

00:41:53,020 --> 00:41:48,799

pit revelation 9 opening the abyss using

949

00:41:55,530 --> 00:41:53,030

cern utilizing D waves quantum computers

950

00:41:59,950 --> 00:41:55,540

to control the opening of that portal is

951
00:42:04,870 --> 00:41:59,960
the 4096 vi model of their computer of

952
00:42:07,059 --> 00:42:04,880
which they have 14 Wow it is so

953
00:42:10,000 --> 00:42:07,069
interesting how those pieces fit with a

954
00:42:12,309 --> 00:42:10,010
book that was written so long ago and I

955
00:42:14,520 --> 00:42:12,319
don't know how to exactly take it but

956
00:42:16,990 --> 00:42:14,530
even if you just looked at it as

957
00:42:19,720 --> 00:42:17,000
something that the elite are using as

958
00:42:21,220 --> 00:42:19,730
their action plan there'd still be value

959
00:42:23,289 --> 00:42:21,230
in looking at it of course because you

960
00:42:25,329 --> 00:42:23,299
can extrapolate a lot of things from a

961
00:42:29,140 --> 00:42:25,339
book that it seems like they're trying

962
00:42:32,170 --> 00:42:29,150
to make manifest it's a lot to take in I

963
00:42:34,319 --> 00:42:32,180

mean I appreciate even yourself who you

964

00:42:37,539 --> 00:42:34,329

have exposure to a lot of very

965

00:42:39,490 --> 00:42:37,549

well-educated guests you have people

966

00:42:42,670 --> 00:42:39,500

that do their own deep research and

967

00:42:45,250 --> 00:42:42,680

you've been you know exposed to a lot of

968

00:42:46,780 --> 00:42:45,260

different topics but even a guy like you

969

00:42:49,900 --> 00:42:46,790

that is so well informed

970

00:42:52,420 --> 00:42:49,910

it is difficult even for you to digest

971

00:42:55,599 --> 00:42:52,430

what it is that I'm just laying out here

972

00:42:57,640 --> 00:42:55,609

very quickly and very superficially and

973

00:42:59,829 --> 00:42:57,650

that's why I went to publishing

974

00:43:02,349 --> 00:42:59,839

entangled magazine to give the

975

00:43:04,930 --> 00:43:02,359

background to give the details so that

976

00:43:06,609 --> 00:43:04,940

you can slowly digest it I

977

00:43:08,349 --> 00:43:06,619

oh this sounds like you know I'm doing

978

00:43:10,720 --> 00:43:08,359

an infomercial but I'm trying to say

979

00:43:13,960 --> 00:43:10,730

that you and I are doing a public

980

00:43:16,480 --> 00:43:13,970

service you are trying to present well

981

00:43:19,420 --> 00:43:16,490

research people mm-hmm and I consider

982

00:43:21,760 --> 00:43:19,430

myself you know pat myself on the back I

983

00:43:24,280 --> 00:43:21,770

am a well researched individual I'm

984

00:43:28,059 --> 00:43:24,290

presenting factual information not

985

00:43:31,210 --> 00:43:28,069

hyperbole not conjecture from published

986

00:43:34,329 --> 00:43:31,220

papers from the universities from the

987

00:43:36,579 --> 00:43:34,339

laboratories all public information all

988

00:43:38,380 --> 00:43:36,589

it means is I've done the deep research

989

00:43:42,280 --> 00:43:38,390

to be able to put the pieces together

990

00:43:43,230 --> 00:43:42,290

and see the picture and see the agenda

991

00:43:46,960 --> 00:43:43,240

for what it is

992

00:43:50,050 --> 00:43:46,970

mm-hmm yeah I mean obviously it takes a

993

00:43:51,609 --> 00:43:50,060

lot of steps to make that case and to

994

00:43:54,160 --> 00:43:51,619

build that case because it is such dense

995

00:43:56,109 --> 00:43:54,170

material and you do a great job with it

996

00:43:57,700 --> 00:43:56,119

and in terms of the portal I know we're

997

00:43:59,620 --> 00:43:57,710

talking about a quantum scale we're

998

00:44:01,960 --> 00:43:59,630

talking about multi dimensional entities

999

00:44:05,260 --> 00:44:01,970

I'm sure to some extent things that we

1000

00:44:06,910 --> 00:44:05,270

can't see but do you suspect we'll ever

1001
00:44:09,010 --> 00:44:06,920
be a moment where we look around and we

1002
00:44:11,500 --> 00:44:09,020
can clearly see that there are other

1003
00:44:14,559 --> 00:44:11,510
entities or beans that have poured in or

1004
00:44:17,440 --> 00:44:14,569
are these going to be recognizable and

1005
00:44:20,609 --> 00:44:17,450
more of a possession type of sense yeah

1006
00:44:23,859 --> 00:44:20,619
these will be openly physical

1007
00:44:26,470 --> 00:44:23,869
manifestations of demonic entities in

1008
00:44:30,069 --> 00:44:26,480
Scripture it talks about men's hearts

1009
00:44:33,280 --> 00:44:30,079
failing them for what they behold mmm

1010
00:44:35,349 --> 00:44:33,290
the locust army is one of the

1011
00:44:39,040 --> 00:44:35,359
descriptions we will see physical

1012
00:44:42,010 --> 00:44:39,050
entities not just the spirits coming

1013
00:44:43,839 --> 00:44:42,020

through in dwelling in people but actual

1014

00:44:46,359 --> 00:44:43,849

creatures that we have never seen before

1015

00:44:49,540 --> 00:44:46,369

that will be pouring out and this comes

1016

00:44:52,839 --> 00:44:49,550

from biblical Scripture so we are

1017

00:44:54,730 --> 00:44:52,849

talking about an absolute revision to

1018

00:44:56,589 --> 00:44:54,740

our reality not just on the

1019

00:44:58,420 --> 00:44:56,599

psychological aspects of the third

1020

00:45:01,180 --> 00:44:58,430

strand of DNA and the sentient world

1021

00:45:04,300 --> 00:45:01,190

simulation that were immersed in in this

1022

00:45:07,630 --> 00:45:04,310

5g technology of broadcast signals that

1023

00:45:10,510 --> 00:45:07,640

were fully immersed in right now but we

1024

00:45:13,510 --> 00:45:10,520

are talking about actual demonic

1025

00:45:15,730 --> 00:45:13,520

entities coming out of the portal now

1026

00:45:17,920 --> 00:45:15,740

you can call that an interdimensional

1027

00:45:19,200 --> 00:45:17,930

portal because we want to look at things

1028

00:45:22,079 --> 00:45:19,210

that are tangible

1029

00:45:24,359 --> 00:45:22,089

from a human standpoint we want to look

1030

00:45:27,660 --> 00:45:24,369

at it from the standpoint of science and

1031

00:45:29,670 --> 00:45:27,670

call it a portal but these literally are

1032

00:45:32,160 --> 00:45:29,680

parallel dimensions that are being

1033

00:45:37,440 --> 00:45:32,170

opened these are dimensions in which

1034

00:45:39,809 --> 00:45:37,450

those demonic entities exist in and that

1035

00:45:42,960 --> 00:45:39,819

is what we're allowing some of them will

1036

00:45:44,400 --> 00:45:42,970

come in and possess people we know that

1037

00:45:46,799 --> 00:45:44,410

happens all the time you don't have to

1038

00:45:49,200 --> 00:45:46,809

open a portal to do that but I call it

1039

00:45:52,770 --> 00:45:49,210

the freeway portal because now you've

1040

00:45:54,839 --> 00:45:52,780

got something that is so large that has

1041

00:45:57,480 --> 00:45:54,849

never been opened before that is

1042

00:46:00,089 --> 00:45:57,490

actually allowing the creatures from the

1043

00:46:03,000 --> 00:46:00,099

abyss and if you want to define the

1044

00:46:04,680 --> 00:46:03,010

abyss as parallel dimensions rather than

1045

00:46:06,480 --> 00:46:04,690

saying oh they're opening the gates to

1046

00:46:08,130 --> 00:46:06,490

hell but what does that mean are they

1047

00:46:09,960 --> 00:46:08,140

coming out of the earth they're coming

1048

00:46:11,670 --> 00:46:09,970

out of the center of the earth do we

1049

00:46:14,010 --> 00:46:11,680

have a Hollow Earth you know that whole

1050

00:46:15,480 --> 00:46:14,020

discussion do we even have a flat earth

1051
00:46:18,120 --> 00:46:15,490
you know that's a whole nother deal a

1052
00:46:22,140 --> 00:46:18,130
flat earth the idea is that they're

1053
00:46:25,109 --> 00:46:22,150
allowing another realm to merge with

1054
00:46:27,900 --> 00:46:25,119
ours and that's really the easiest way

1055
00:46:31,289 --> 00:46:27,910
to present it we will physically see

1056
00:46:33,359 --> 00:46:31,299
these if we are still here this steps us

1057
00:46:37,289 --> 00:46:33,369
over into the theological side of

1058
00:46:40,500 --> 00:46:37,299
talking about the rapture and if there

1059
00:46:42,900 --> 00:46:40,510
is rapture if it occurs I believe in the

1060
00:46:45,029 --> 00:46:42,910
rapture I don't set any dates I do

1061
00:46:46,640 --> 00:46:45,039
believe in the mechanism of the rapture

1062
00:46:51,329 --> 00:46:46,650
I believe those that are left behind

1063
00:46:53,640 --> 00:46:51,339

will be the witnesses unfortunately to

1064

00:46:57,210 --> 00:46:53,650

the opening of this abyss the writers of

1065

00:46:59,400 --> 00:46:57,220

the next Book of Revelations yes man so

1066

00:47:00,900 --> 00:46:59,410

when we cross this point of no return

1067

00:47:02,970 --> 00:47:00,910

and the portal opens is there an element

1068

00:47:05,579 --> 00:47:02,980

of Project Blue Beam here because

1069

00:47:08,339 --> 00:47:05,589

Hollywood and sci-fi they've spent a lot

1070

00:47:10,920 --> 00:47:08,349

of time building up the space alien

1071

00:47:12,809 --> 00:47:10,930

invasion narrative has this been mental

1072

00:47:14,910 --> 00:47:12,819

conditioning so that when it happens we

1073

00:47:16,980 --> 00:47:14,920

don't look to blame the elite because

1074

00:47:18,779 --> 00:47:16,990

those aren't demons they're aliens and

1075

00:47:22,019 --> 00:47:18,789

how could the elite have known that

1076
00:47:24,299 --> 00:47:22,029
these things would come yeah I glad you

1077
00:47:27,299 --> 00:47:24,309
brought that up because this is part of

1078
00:47:31,870 --> 00:47:27,309
what in Scripture God says he will send

1079
00:47:34,720 --> 00:47:31,880
a grand delusion to the extent that

1080
00:47:36,759 --> 00:47:34,730
even the elect could be deceived the

1081
00:47:39,009 --> 00:47:36,769
elect being those that have accepted

1082
00:47:41,410 --> 00:47:39,019
Christ as their Savior and went with the

1083
00:47:44,200 --> 00:47:41,420
Holy Spirit there's a possibility

1084
00:47:47,259 --> 00:47:44,210
according to that scripture that even

1085
00:47:50,019 --> 00:47:47,269
those that are saved may be so deceived

1086
00:47:51,579 --> 00:47:50,029
by Project Blue Beam obviously the Bible

1087
00:47:54,160 --> 00:47:51,589
doesn't call it Project Blue Beam but

1088
00:47:58,620 --> 00:47:54,170

we're relating it to that yeah this is

1089

00:48:01,539 --> 00:47:58,630

the holographic projections of aliens of

1090

00:48:05,140 --> 00:48:01,549

spacecraft whatever you want to call it

1091

00:48:07,630 --> 00:48:05,150

and actual physical craft because they

1092

00:48:10,240 --> 00:48:07,640

have been constructed and that's again a

1093

00:48:13,180 --> 00:48:10,250

very deep rabbit hole of discussion but

1094

00:48:16,599 --> 00:48:13,190

to just put the cap on it of Project

1095

00:48:18,940 --> 00:48:16,609

Blue Beam yes that is something that is

1096

00:48:21,069 --> 00:48:18,950

part of this opening of the portal and

1097

00:48:22,779 --> 00:48:21,079

the way they want to present it because

1098

00:48:24,849 --> 00:48:22,789

they've tried to present it as you said

1099

00:48:28,210 --> 00:48:24,859

in popular culture movies and what not

1100

00:48:32,019 --> 00:48:28,220

is that they will try to present this as

1101

00:48:34,450 --> 00:48:32,029

a benevolent scenario that our ancestors

1102

00:48:36,549 --> 00:48:34,460

from the stars have returned if you want

1103

00:48:38,950 --> 00:48:36,559

to call them the Anunnaki or whatever

1104

00:48:42,490 --> 00:48:38,960

but they're going to try to say that all

1105

00:48:44,559 --> 00:48:42,500

of the world's problems can be solved by

1106

00:48:48,130 --> 00:48:44,569

the return of our ancestors from the

1107

00:48:51,400 --> 00:48:48,140

stars that have benevolent intentions to

1108

00:48:54,370 --> 00:48:51,410

help mankind to rid themselves of war

1109

00:48:56,559 --> 00:48:54,380

and famine pestilence you name it all

1110

00:48:59,140 --> 00:48:56,569

the way down the line and that if we

1111

00:49:02,200 --> 00:48:59,150

pull together under one leader if we

1112

00:49:05,140 --> 00:49:02,210

pull together in one religion and in one

1113

00:49:07,960 --> 00:49:05,150

world government and follow the precepts

1114

00:49:10,950 --> 00:49:07,970

follow the advice of our ancestors that

1115

00:49:14,920 --> 00:49:10,960

have just arrived as Project Blue Beam

1116

00:49:17,890 --> 00:49:14,930

then we will have our golden age of

1117

00:49:19,990 --> 00:49:17,900

Chronos we will have our utopia back and

1118

00:49:21,999 --> 00:49:20,000

again the Golden Age of Chronos I urge

1119

00:49:25,109 --> 00:49:22,009

people go look that up and study it for

1120

00:49:28,690 --> 00:49:25,119

themselves because that is their abiding

1121

00:49:32,109 --> 00:49:28,700

agenda is the recreation of that Golden

1122

00:49:34,240 --> 00:49:32,119

Age which included the original lie in

1123

00:49:37,079 --> 00:49:34,250

the Garden of Eden that ye shall be as

1124

00:49:40,269 --> 00:49:37,089

God's the defeating of death the

1125

00:49:43,950 --> 00:49:40,279

immortality through DNA modification

1126
00:49:46,000 --> 00:49:43,960
that their striving for here mmm-hmm and

1127
00:49:47,380 --> 00:49:46,010
I've heard you say that

1128
00:49:49,600 --> 00:49:47,390
it seems like we're rapidly approaching

1129
00:49:51,820 --> 00:49:49,610
the age of Noah I get why you would say

1130
00:49:53,440 --> 00:49:51,830
that and again not really a religious

1131
00:49:56,260 --> 00:49:53,450
guy but I do think it's interesting that

1132
00:49:58,330 --> 00:49:56,270
you could see how maybe we do keep

1133
00:50:01,450 --> 00:49:58,340
repeating this cycle of being compelled

1134
00:50:03,340 --> 00:50:01,460
to pursue technology getting heavy into

1135
00:50:05,470 --> 00:50:03,350
the realms of genetic manipulation and

1136
00:50:07,720 --> 00:50:05,480
maybe being led along by something on

1137
00:50:09,340 --> 00:50:07,730
the other side then building something

1138
00:50:11,350 --> 00:50:09,350

that allows these entities into our

1139

00:50:13,330 --> 00:50:11,360

world maybe even a way that merges them

1140

00:50:15,610 --> 00:50:13,340

with our bodies and at that point what

1141

00:50:17,920 --> 00:50:15,620

could be done other than a system reset

1142

00:50:21,250 --> 00:50:17,930

and religious or not maybe the Bible

1143

00:50:24,970 --> 00:50:21,260

contains a version of that ancient story

1144

00:50:27,340 --> 00:50:24,980

of this cycle repeating yeah and I

1145

00:50:29,110 --> 00:50:27,350

appreciate and I you know try not to be

1146

00:50:31,180 --> 00:50:29,120

too much of a preacher because I do

1147

00:50:34,210 --> 00:50:31,190

understand that everybody has their own

1148

00:50:38,860 --> 00:50:34,220

perspective on our reality with that

1149

00:50:41,440 --> 00:50:38,870

said we are in the days of Noah we know

1150

00:50:43,270 --> 00:50:41,450

that during that time there were what

1151
00:50:46,030 --> 00:50:43,280
are known as chimera which is the

1152
00:50:48,490 --> 00:50:46,040
mingling of human and animal DNA there

1153
00:50:50,830 --> 00:50:48,500
were the Nephilim that lots of people in

1154
00:50:53,050 --> 00:50:50,840
the prophecy sector talk about the

1155
00:50:55,690 --> 00:50:53,060
Nephilim talked about the you know

1156
00:50:58,870 --> 00:50:55,700
mating of human women with the fallen

1157
00:51:00,520 --> 00:50:58,880
angels and the result being these Giants

1158
00:51:02,950 --> 00:51:00,530
that walk the earth and there's plenty

1159
00:51:04,870 --> 00:51:02,960
of biblical scripture and evidence to

1160
00:51:07,210 --> 00:51:04,880
these giants there has been a lot of

1161
00:51:09,370 --> 00:51:07,220
information that has been covered up

1162
00:51:11,260 --> 00:51:09,380
including the skeletal remains of giants

1163
00:51:14,170 --> 00:51:11,270

that have been spirited away and covered

1164

00:51:17,590 --> 00:51:14,180

up but if we focus on DNA manipulation

1165

00:51:20,110 --> 00:51:17,600

in the laboratory as today what we are

1166

00:51:22,210 --> 00:51:20,120

seen in the laboratory of genetic

1167

00:51:26,550 --> 00:51:22,220

modification all the way down to the

1168

00:51:30,310 --> 00:51:26,560

quantum scale okay all the way down to

1169

00:51:33,640 --> 00:51:30,320

modifying DNA and RNA through the

1170

00:51:36,250 --> 00:51:33,650

digitizing of DNA this is the sequencing

1171

00:51:40,020 --> 00:51:36,260

of the double helix of the nucleotides

1172

00:51:43,410 --> 00:51:40,030

the cytosine guanine adenine and thymine

1173

00:51:46,390 --> 00:51:43,420

these are the building blocks of DNA

1174

00:51:48,370 --> 00:51:46,400

that you can actually arrange the

1175

00:51:52,120 --> 00:51:48,380

building blocks in the computer in

1176
00:51:56,260 --> 00:51:52,130
silico into a pattern of your choosing

1177
00:51:59,560 --> 00:51:56,270
and then grow literally this new life

1178
00:51:59,920 --> 00:51:59,570
form from the DNA level up this is what

1179
00:52:02,410 --> 00:51:59,930
God

1180
00:52:04,270 --> 00:52:02,420
to put an end to during the days of Noah

1181
00:52:07,750 --> 00:52:04,280
and this is what he's going to put an

1182
00:52:11,680 --> 00:52:07,760
end to in our day here that is the

1183
00:52:13,000 --> 00:52:11,690
repetition of that cycle damn and I'm

1184
00:52:15,010 --> 00:52:13,010
sure you've looked into CRISPR

1185
00:52:16,780 --> 00:52:15,020
technology too it's pretty much just in

1186
00:52:18,460 --> 00:52:16,790
line with what we're talking about but

1187
00:52:19,990 --> 00:52:18,470
that's promising to open up a whole

1188
00:52:22,060 --> 00:52:20,000

bunch of areas of genetic manipulation

1189

00:52:24,960 --> 00:52:22,070

and it's being sold as something to

1190

00:52:26,980 --> 00:52:24,970

eradicate disease and hereditary

1191

00:52:29,290 --> 00:52:26,990

predispositions and they're even going

1192

00:52:32,260 --> 00:52:29,300

so far as to say that we would be

1193

00:52:34,660 --> 00:52:32,270

morally obligated to use CRISPR on the

1194

00:52:37,960 --> 00:52:34,670

unborn if we know that we can make them

1195

00:52:40,750 --> 00:52:37,970

immune from disease and that sounds

1196

00:52:43,630 --> 00:52:40,760

philosophically ok but it also sounds

1197

00:52:45,100 --> 00:52:43,640

like a stepping stone to taking kids

1198

00:52:46,720 --> 00:52:45,110

away from their parents who wouldn't

1199

00:52:48,390 --> 00:52:46,730

want to partake in that similar to what

1200

00:52:50,730 --> 00:52:48,400

they do with vaccines now and

1201
00:52:53,440 --> 00:52:50,740
genetically manipulating the unborn

1202
00:52:56,500 --> 00:52:53,450
against the Wills of parents because you

1203
00:52:59,470 --> 00:52:56,510
have some now duty to do so I mean

1204
00:53:02,170 --> 00:52:59,480
that's a slippery slope ideologically to

1205
00:53:04,060 --> 00:53:02,180
be putting out there right now totally

1206
00:53:07,660 --> 00:53:04,070
agree with you there's always a

1207
00:53:10,060 --> 00:53:07,670
benevolent and a malevolent side to

1208
00:53:11,700 --> 00:53:10,070
technology and I'm all for it if you

1209
00:53:14,410 --> 00:53:11,710
want to take CRISPR if you want to take

1210
00:53:16,720 --> 00:53:14,420
sequencing of DNA and rearranging the

1211
00:53:20,230 --> 00:53:16,730
building blocks and getting rid of these

1212
00:53:23,350 --> 00:53:20,240
diseases and deformities I'm all for it

1213
00:53:25,330 --> 00:53:23,360

but you got to ask yourself with the

1214

00:53:29,200 --> 00:53:25,340

technology that you and I are aware of

1215

00:53:31,990 --> 00:53:29,210

be it CRISPR sequencing DNA why has not

1216

00:53:35,890 --> 00:53:32,000

all forms of cancer been eliminated

1217

00:53:38,380 --> 00:53:35,900

right and other things Alzheimer's

1218

00:53:40,180 --> 00:53:38,390

dementia whatever you want to go down

1219

00:53:42,580 --> 00:53:40,190

the list of if we have the technology

1220

00:53:44,050 --> 00:53:42,590

than we should be suppressing all of

1221

00:53:46,690 --> 00:53:44,060

these things with people that are

1222

00:53:48,520 --> 00:53:46,700

already alive right now if you want to

1223

00:53:51,010 --> 00:53:48,530

take it to the scenario you just laid

1224

00:53:54,270 --> 00:53:51,020

out in terms of you know conception and

1225

00:53:57,120 --> 00:53:54,280

then manipulation post conception

1226
00:54:00,720 --> 00:53:57,130
that's where the slippery slope is do we

1227
00:54:04,589 --> 00:54:00,730
actually modify that you know in vitro

1228
00:54:07,650 --> 00:54:04,599
or do we wait until the birth of the

1229
00:54:10,109 --> 00:54:07,660
child and then modify the DNA at which

1230
00:54:13,740 --> 00:54:10,119
point do you modify the DNA as part of

1231
00:54:16,920 --> 00:54:13,750
that philosophical theological moral and

1232
00:54:18,720 --> 00:54:16,930
ethical debate that really is not taking

1233
00:54:21,300 --> 00:54:18,730
place to the extent that it should be so

1234
00:54:24,930 --> 00:54:21,310
we pull back to 30,000 feet like I like

1235
00:54:28,470 --> 00:54:24,940
to say and look at the big picture do we

1236
00:54:31,980 --> 00:54:28,480
see a lot of debate and dialogue on the

1237
00:54:35,790 --> 00:54:31,990
moral and ethical aspects going on in

1238
00:54:38,790 --> 00:54:35,800

the world of high-tech science with DNA

1239

00:54:41,190 --> 00:54:38,800

or any of the others no we don't there's

1240

00:54:45,180 --> 00:54:41,200

lip service given to it because the

1241

00:54:48,030 --> 00:54:45,190

momentum the driving force behind all of

1242

00:54:51,060 --> 00:54:48,040

this has been building up and is at the

1243

00:54:54,120 --> 00:54:51,070

point now where you can't stop this

1244

00:54:55,920 --> 00:54:54,130

machine mm-hm and this goes over into

1245

00:54:59,400 --> 00:54:55,930

the whole discussion that parallels that

1246

00:55:02,310 --> 00:54:59,410

as to AI which I agree is you said

1247

00:55:04,829 --> 00:55:02,320

earlier according along must it is the

1248

00:55:09,270 --> 00:55:04,839

largest existential threat to mankind

1249

00:55:11,310 --> 00:55:09,280

because AI applies to DNA as well and a

1250

00:55:13,680 --> 00:55:11,320

whole host of other scientific topics

1251
00:55:17,220 --> 00:55:13,690
and disciplines we can talk about but

1252
00:55:20,780 --> 00:55:17,230
going back to your DNA if it were purely

1253
00:55:23,670 --> 00:55:20,790
for benevolent purposes to help mankind

1254
00:55:25,260 --> 00:55:23,680
and I'm not talking immortality I'm just

1255
00:55:28,430 --> 00:55:25,270
talking about the deformities and

1256
00:55:33,510 --> 00:55:28,440
diseases aspect then I'm all for it but

1257
00:55:35,579 --> 00:55:33,520
we know mankind will usually and this

1258
00:55:39,359 --> 00:55:35,589
history proves it again back to your

1259
00:55:43,050 --> 00:55:39,369
cycle scenario proves that man goes to

1260
00:55:45,420 --> 00:55:43,060
the malevolent direction because of the

1261
00:55:49,010 --> 00:55:45,430
influences in my opinion the influences

1262
00:55:52,200 --> 00:55:49,020
of evil yeah it just seems like a

1263
00:55:55,109 --> 00:55:52,210

slippery slope to find where God would

1264

00:55:57,390 --> 00:55:55,119

draw the line because I guess he'd be ok

1265

00:55:59,460 --> 00:55:57,400

with us using technology to eradicate

1266

00:56:02,670 --> 00:55:59,470

some disease and live longer but not

1267

00:56:05,460 --> 00:56:02,680

forever and if we can use technology to

1268

00:56:07,710 --> 00:56:05,470

eradicate disease is that playing God

1269

00:56:08,160 --> 00:56:07,720

like should we let God decide what

1270

00:56:11,309 --> 00:56:08,170

disease

1271

00:56:13,799 --> 00:56:11,319

there are and Arne's yeah it just seems

1272

00:56:16,020 --> 00:56:13,809

like a hard thing to figure out what he

1273

00:56:18,270 --> 00:56:16,030

would be okay with and what he wouldn't

1274

00:56:20,819 --> 00:56:18,280

to throw in deception on top of that if

1275

00:56:23,280 --> 00:56:20,829

CRISPR was something that was going to

1276

00:56:24,750 --> 00:56:23,290

be used all touristical ii i mean of

1277

00:56:27,720 --> 00:56:24,760

course in either sense they're gonna

1278

00:56:29,370 --> 00:56:27,730

tell us that it just seems like god's

1279

00:56:31,980 --> 00:56:29,380

kind of putting this in a box that we

1280

00:56:35,730 --> 00:56:31,990

really it just seems hard for us to

1281

00:56:37,589 --> 00:56:35,740

really work our way out of it is tough

1282

00:56:40,650 --> 00:56:37,599

and this really leaves our audience

1283

00:56:42,329 --> 00:56:40,660

wondering okay hold the phone here i

1284

00:56:44,370 --> 00:56:42,339

haven't heard about any of this stuff

1285

00:56:47,010 --> 00:56:44,380

i've been watching football and

1286

00:56:49,200 --> 00:56:47,020

basketball on baseball hold on guys

1287

00:56:50,700 --> 00:56:49,210

you got to slow this train down a little

1288

00:56:53,250 --> 00:56:50,710

bit i don't quite grasp what you're

1289

00:56:55,170 --> 00:56:53,260

talking about this is complex this is

1290

00:56:57,690 --> 00:56:55,180

over my head and i'm not putting the

1291

00:56:59,760 --> 00:56:57,700

audience down here i'm just saying what

1292

00:57:02,490 --> 00:56:59,770

i call the average joe bag of doughnuts

1293

00:57:04,109 --> 00:57:02,500

walking down the street has no clue and

1294

00:57:06,809 --> 00:57:04,119

all of a sudden here's you and me

1295

00:57:10,620 --> 00:57:06,819

talking about these things and they're

1296

00:57:13,500 --> 00:57:10,630

scared you know what and that's not our

1297

00:57:16,140 --> 00:57:13,510

purpose our purpose is to say the

1298

00:57:16,740 --> 00:57:16,150

debates the moral dialogue is not taking

1299

00:57:20,670 --> 00:57:16,750

place

1300

00:57:21,650 --> 00:57:20,680

things are too far along this is out of

1301
00:57:26,940 --> 00:57:21,660
control

1302
00:57:30,000 --> 00:57:26,950
like what's going on and because it's

1303
00:57:34,049 --> 00:57:30,010
gotten to that point he's gonna put an

1304
00:57:36,450 --> 00:57:34,059
end to this now let's go back beyond

1305
00:57:39,180 --> 00:57:36,460
30,000 foot elevation let's go to the

1306
00:57:42,990 --> 00:57:39,190
heavenly elevation if I may be so bold

1307
00:57:45,450 --> 00:57:43,000
sure and to say that all of this happens

1308
00:57:47,849 --> 00:57:45,460
according to God's plan it's all under

1309
00:57:51,120 --> 00:57:47,859
his umbrella of his plan and his command

1310
00:57:54,359 --> 00:57:51,130
and control and I'm gonna be a little

1311
00:57:56,760 --> 00:57:54,369
you know preacher here but Satan comes

1312
00:57:59,640 --> 00:57:56,770
to him and says this is what I'm gonna

1313
00:58:03,599 --> 00:57:59,650

do and God says thumbs up thumbs down

1314

00:58:06,510 --> 00:58:03,609

and Satan if given thumbs up goes off

1315

00:58:09,359 --> 00:58:06,520

and does it okay why does God allow evil

1316

00:58:11,430 --> 00:58:09,369

in the world why does he allow these

1317

00:58:14,849 --> 00:58:11,440

kinds of things like disasters and Wars

1318

00:58:17,579 --> 00:58:14,859

massacres happen well it's a form of

1319

00:58:19,349 --> 00:58:17,589

judgment and I'm not going to get too

1320

00:58:21,930 --> 00:58:19,359

deep into the philosophical and the

1321

00:58:24,440 --> 00:58:21,940

theological but I'm just saying that

1322

00:58:26,849 --> 00:58:24,450

none of this happens outside the purview

1323

00:58:30,780 --> 00:58:26,859

outside the control of God to create

1324

00:58:35,550 --> 00:58:30,790

himself unfortunately we've not been

1325

00:58:38,609 --> 00:58:35,560

given the mind to know God's mind hmm

1326

00:58:39,510 --> 00:58:38,619

fair enough well so to bring this back

1327

00:58:41,790 --> 00:58:39,520

down to earth

1328

00:58:43,230 --> 00:58:41,800

what what do you see the elite doing

1329

00:58:44,970 --> 00:58:43,240

when this all happens how could they

1330

00:58:46,950 --> 00:58:44,980

possibly think this is a good thing for

1331

00:58:50,250 --> 00:58:46,960

them bringing in a power that even they

1332

00:58:53,370 --> 00:58:50,260

can't control you know that speaks to

1333

00:58:56,400 --> 00:58:53,380

the level of deception that has occurred

1334

00:58:58,829 --> 00:58:56,410

if you are going to promise someone in

1335

00:59:00,180 --> 00:58:58,839

the scientific community that they can

1336

00:59:01,160 --> 00:59:00,190

achieve immortality

1337

00:59:03,120 --> 00:59:01,170

whether you want to talk about

1338

00:59:05,370 --> 00:59:03,130

transhumanism you want to talk about

1339

00:59:07,290 --> 00:59:05,380

chimera you want to talk about you know

1340

00:59:09,210 --> 00:59:07,300

merging your mind with a computer

1341

00:59:12,390 --> 00:59:09,220

uploading your consciousness that whole

1342

00:59:14,550 --> 00:59:12,400

scenario whatever defining scenario of

1343

00:59:18,240 --> 00:59:14,560

achieving immortality that you want to

1344

00:59:20,640 --> 00:59:18,250

select if you think you are working for

1345

00:59:23,099 --> 00:59:20,650

the greater good of mankind that you're

1346

00:59:26,190 --> 00:59:23,109

working towards promoting this ascension

1347

00:59:29,460 --> 00:59:26,200

of mankind to a higher level higher

1348

00:59:31,920 --> 00:59:29,470

plane of existence if you believe the

1349

00:59:34,589 --> 00:59:31,930

notion that we can defeat death through

1350

00:59:35,640 --> 00:59:34,599

technologies then you believe that what

1351

00:59:39,809 --> 00:59:35,650

you're doing in your little

1352

00:59:43,500 --> 00:59:39,819

compartmentalized area of research for

1353

00:59:46,800 --> 00:59:43,510

which you receive generous funding which

1354

00:59:50,240 --> 00:59:46,810

is always enticing and puts the blinders

1355

00:59:52,980 --> 00:59:50,250

on and pushes you into justification and

1356

00:59:56,160 --> 00:59:52,990

rationalization of what you're doing in

1357

00:59:58,430 --> 00:59:56,170

that compartmentalized box thinking that

1358

01:00:02,010 --> 00:59:58,440

this is for the benefit of mankind and

1359

01:00:04,849 --> 01:00:02,020

even down to yourself because people are

1360

01:00:08,760 --> 01:00:04,859

motivated by their own selfish desires

1361

01:00:12,410 --> 01:00:08,770

if you think even you might even achieve

1362

01:00:15,059 --> 01:00:12,420

immortality before the end of this life

1363

01:00:18,540 --> 01:00:15,069

then you're going to do everything you

1364

01:00:20,790 --> 01:00:18,550

can to see it become a reality and this

1365

01:00:24,059 --> 01:00:20,800

is where all events are capital money in

1366

01:00:28,200 --> 01:00:24,069

Silicon Valley as one example goes to is

1367

01:00:30,870 --> 01:00:28,210

the defeating of death now I just put an

1368

01:00:33,839 --> 01:00:30,880

article out last week on my show talking

1369

01:00:35,670 --> 01:00:33,849

about this sounds really gross so I just

1370

01:00:37,440 --> 01:00:35,680

want to let people know ahead

1371

01:00:41,609 --> 01:00:37,450

this may be a little disturbing but

1372

01:00:43,079 --> 01:00:41,619

there are in this public article who was

1373

01:00:45,420 --> 01:00:43,089

published I don't have it in front of me

1374

01:00:48,329 --> 01:00:45,430

but you can just go ahead and search it

1375

01:00:50,730 --> 01:00:48,339

online you'll find it the elite in

1376
01:00:56,010 --> 01:00:50,740
Silicon Valley are paying eight thousand

1377
01:00:59,339 --> 01:00:56,020
dollars per transfusion of blood blood

1378
01:01:02,520 --> 01:00:59,349
sources from young people for the

1379
01:01:05,510 --> 01:01:02,530
purpose of extending their life there's

1380
01:01:08,849 --> 01:01:05,520
a company called ambrosia that was

1381
01:01:11,250 --> 01:01:08,859
founded just for this process of taking

1382
01:01:13,829 --> 01:01:11,260
the blood from young people supposedly

1383
01:01:16,440 --> 01:01:13,839
you know donors who are generously

1384
01:01:19,049 --> 01:01:16,450
compensated for their blood and that

1385
01:01:21,089 --> 01:01:19,059
blood being transfused into people

1386
01:01:23,520 --> 01:01:21,099
paying a thousand dollars per treatment

1387
01:01:25,890 --> 01:01:23,530
to do that this is all about defeating

1388
01:01:27,930 --> 01:01:25,900

death right this is the age-old life

1389

01:01:30,780 --> 01:01:27,940

from the Garden of Eden that ye shall be

1390

01:01:32,520 --> 01:01:30,790

as gods so the rude awakening getting

1391

01:01:36,569 --> 01:01:32,530

back to your question the rude awakening

1392

01:01:39,329 --> 01:01:36,579

is coming when the portal opens the guys

1393

01:01:41,700 --> 01:01:39,339

that open it are not going to like what

1394

01:01:45,150 --> 01:01:41,710

they see coming through and it's not as

1395

01:01:48,000 --> 01:01:45,160

advertised when the defeating of death

1396

01:01:49,289 --> 01:01:48,010

turns on them and they realize as it

1397

01:01:51,990 --> 01:01:49,299

says in scripture in the book of

1398

01:01:54,870 --> 01:01:52,000

Revelation that man will be seeking

1399

01:01:56,970 --> 01:01:54,880

death for five months but will not find

1400

01:02:00,599 --> 01:01:56,980

it they will have five months of

1401
01:02:02,940 --> 01:02:00,609
immortality but they wish they could die

1402
01:02:06,780 --> 01:02:02,950
because it will be tormented by the

1403
01:02:09,210 --> 01:02:06,790
sting and scorpions that otherwise would

1404
01:02:11,819 --> 01:02:09,220
kill you this is what we're talking

1405
01:02:14,549 --> 01:02:11,829
about in the literal scientific sense

1406
01:02:15,120 --> 01:02:14,559
that biblical scripture is coming to

1407
01:02:18,750 --> 01:02:15,130
life

1408
01:02:21,510 --> 01:02:18,760
pardon the pun right now yeah man and

1409
01:02:22,770 --> 01:02:21,520
the blood transfusion thing I've been

1410
01:02:24,930 --> 01:02:22,780
hearing about that for a while it even

1411
01:02:27,990 --> 01:02:24,940
popped up on the show Silicon Valley and

1412
01:02:29,309 --> 01:02:28,000
a parody type sense but it is a creepy

1413
01:02:31,770 --> 01:02:29,319

thing and it really seems like they've

1414

01:02:33,390 --> 01:02:31,780

commercialized something that the

1415

01:02:35,760 --> 01:02:33,400

conspiracy world has thought the elite

1416

01:02:37,859 --> 01:02:35,770

have been doing for generations but as

1417

01:02:39,210 --> 01:02:37,869

we're winding down you mentioned that

1418

01:02:40,980 --> 01:02:39,220

conference is there anything else to say

1419

01:02:42,599 --> 01:02:40,990

about that and the speakers and the

1420

01:02:43,579 --> 01:02:42,609

subjects or anything else you got coming

1421

01:02:46,140 --> 01:02:43,589

on down the line

1422

01:02:49,170 --> 01:02:46,150

well I appreciate you letting me plug

1423

01:02:52,170 --> 01:02:49,180

that again I hate to sound like I'm in

1424

01:02:55,260 --> 01:02:52,180

mercial but yeah it's an important

1425

01:02:56,280 --> 01:02:55,270

important conference Clyde Lewis from

1426

01:02:59,010 --> 01:02:56,290

ground zero

1427

01:03:01,530 --> 01:02:59,020

radio one of my good friends and really

1428

01:03:03,630 --> 01:03:01,540

the guy who launched me into you know

1429

01:03:05,480 --> 01:03:03,640

being more of a public figure because I

1430

01:03:08,010 --> 01:03:05,490

didn't intend to be a public figure

1431

01:03:10,339 --> 01:03:08,020

but anyway he's going to be talking

1432

01:03:12,809 --> 01:03:10,349

again about the occult agenda and

1433

01:03:15,059 --> 01:03:12,819

origins of the technology and we've

1434

01:03:16,829 --> 01:03:15,069

touched on that a little today we're

1435

01:03:18,839 --> 01:03:16,839

going to talk about powers and

1436

01:03:20,970 --> 01:03:18,849

principalities and we divided it up

1437

01:03:22,890 --> 01:03:20,980

under four powers into artificial

1438

01:03:26,640 --> 01:03:22,900

intelligence the Internet of Things

1439

01:03:28,890 --> 01:03:26,650

5g technologies geoengineering the media

1440

01:03:31,049 --> 01:03:28,900

and geo mansi and on the principality

1441

01:03:33,030 --> 01:03:31,059

side CERN quantum computing

1442

01:03:35,760 --> 01:03:33,040

international government intelligence

1443

01:03:38,670 --> 01:03:35,770

the globalist Hollywood and the church

1444

01:03:41,430 --> 01:03:38,680

now those are just big topics what I'm

1445

01:03:44,309 --> 01:03:41,440

saying is that each speaker has

1446

01:03:47,069 --> 01:03:44,319

committed to bringing the latest tip of

1447

01:03:49,890 --> 01:03:47,079

the spear research that they have not

1448

01:03:53,030 --> 01:03:49,900

previously released to the public so

1449

01:03:57,450 --> 01:03:53,040

that includes Clyde Lewis Dane Wigington

1450

01:03:59,819 --> 01:03:57,460

David heaven or Sidney burns Alana

1451

01:04:01,950 --> 01:03:59,829

Freeland and Kathleen Burkhardt my good

1452

01:04:04,589 --> 01:04:01,960

friend kev baker will be co-hosting with

1453

01:04:06,960 --> 01:04:04,599

me from truth frequency radio and i will

1454

01:04:09,839 --> 01:04:06,970

be presenting things like phi g and

1455

01:04:12,420 --> 01:04:09,849

hours each of those days for a total of

1481

01:05:18,810 --> 01:05:16,270

six hours a week awesome

1482

01:05:20,940 --> 01:05:18,820

well you are busy and you definitely

1483

01:05:23,010 --> 01:05:20,950

make a great case for the technological

1484

01:05:25,590 --> 01:05:23,020

end times I guess all we can do is

1485

01:05:27,120 --> 01:05:25,600

educate so mission accomplished great

1486

01:05:29,760 --> 01:05:27,130

talking to you again and keep doing what

1487

01:05:31,440 --> 01:05:29,770

you do well thank you and I appreciate

1488

01:05:33,330 --> 01:05:31,450

what you're doing to reach out to other

1489

01:05:35,850 --> 01:05:33,340

subject matter experts and researchers

1490

01:05:38,400 --> 01:05:35,860

and bring their information out because

1491

01:05:40,820 --> 01:05:38,410

we're all in this together folks it's

1492

01:05:43,470 --> 01:05:40,830

one blue marble spinning through space

1493

01:05:45,450 --> 01:05:43,480

cheers to that all right man have a good

1494

01:05:47,330 --> 01:05:45,460

rest of the day thank you very much I

1495

01:05:49,980 --> 01:05:47,340

appreciate it great thank you

1496

01:05:53,700 --> 01:05:49,990

there it is ladies and gentlemen there

1497

01:05:55,200 --> 01:05:53,710

it is Anthony patch I hope you enjoyed

1498

01:05:57,870 --> 01:05:55,210

it if you're hearing me now you

1499

01:06:00,060 --> 01:05:57,880

obviously stayed along for the ride I do

1500

01:06:01,680 --> 01:06:00,070

think Anthony is a great great guest

1501

01:06:03,900 --> 01:06:01,690

it's just tough when everything leads

1502

01:06:06,150 --> 01:06:03,910

back to a spiritual paradigm that isn't

1503

01:06:08,250 --> 01:06:06,160

your own but we do talk so much about

1504

01:06:09,720 --> 01:06:08,260

other perspectives on the show I'm sure

1505

01:06:12,810 --> 01:06:09,730

there's Christians out there that are

1506

01:06:13,590 --> 01:06:12,820

just thinking God finally a show I can

1507

01:06:16,200 --> 01:06:13,600

get behind

1508

01:06:17,520 --> 01:06:16,210

but don't get used to it I'm half

1509

01:06:19,560 --> 01:06:17,530

kidding but I don't want to be

1510

01:06:22,020 --> 01:06:19,570

disrespectful to the guests I just still

1511

01:06:24,210 --> 01:06:22,030

got to do me I also try to find ways to

1512

01:06:26,640 --> 01:06:24,220

fold certain aspects of this stuff in

1513

01:06:28,620 --> 01:06:26,650

like I mentioned somewhere in the show I

1514

01:06:30,660 --> 01:06:28,630

think there are ways in which a book

1515

01:06:32,940 --> 01:06:30,670

like the Bible could contain ancient

1516

01:06:35,640 --> 01:06:32,950

truths of a sick euler nature without

1517

01:06:38,460 --> 01:06:35,650

all the added stuff some examples of how

1518

01:06:40,860 --> 01:06:38,470

that might work would be maybe the elite

1519

01:06:43,320 --> 01:06:40,870

want to manifest it maybe a group who

1520

01:06:45,420 --> 01:06:43,330

crafted it still holds some control so

1521

01:06:47,640 --> 01:06:45,430

in times where people are leaving their

1522

01:06:50,670 --> 01:06:47,650

religious paradigms making a few things

1523

01:06:52,380 --> 01:06:50,680

happen that look like a revelation would

1524

01:06:54,930 --> 01:06:52,390

drive people back into the arms of the

1525

01:06:56,850 --> 01:06:54,940

church they have manifested other books

1526

01:06:59,340 --> 01:06:56,860

and we haven't built religions around

1527

01:07:01,500 --> 01:06:59,350

them another possibility is that it does

1528

01:07:04,530 --> 01:07:01,510

seem to be a book built largely on

1529

01:07:07,020 --> 01:07:04,540

recycled stories myths and archetypes it

1530

01:07:09,000 --> 01:07:07,030

could be a particular flavor of an

1531

01:07:11,340 --> 01:07:09,010

eternal cycle an eternal struggle

1532

01:07:12,750 --> 01:07:11,350

between the inhabitants of the human

1533

01:07:15,000 --> 01:07:12,760

terrarium and the laws of the universe

1534

01:07:16,539 --> 01:07:15,010

and somewhere along the line it was

1535

01:07:19,809 --> 01:07:16,549

compiled into the Bible

1536

01:07:22,269 --> 01:07:19,819

but you can take the wrapper off and

1537

01:07:24,660 --> 01:07:22,279

probably find something deeper and true

1538

01:07:27,609 --> 01:07:24,670

underneath I'm open to some of that and

1539

01:07:29,169 --> 01:07:27,619

then of course a Gnostic perspective if

1540

01:07:31,329 --> 01:07:29,179

I could be so presumptuous would

1541

01:07:33,400 --> 01:07:31,339

question if our God is the loving God

1542

01:07:35,140 --> 01:07:33,410

and if he strikes us all down for the

1543

01:07:37,749 --> 01:07:35,150

actions of a few because they climbed

1544

01:07:39,489 --> 01:07:37,759

too far up the technological ladder well

1545

01:07:42,400 --> 01:07:39,499

that's not justice and that sort of

1546

01:07:44,589 --> 01:07:42,410

tyrant or Demiurge if you will isn't an

1547

01:07:47,319 --> 01:07:44,599

entity that I think would deserve oil

1548

01:07:49,390 --> 01:07:47,329

servitude anyway and maybe we need to

1549

01:07:52,209 --> 01:07:49,400

just think outside of those boxes all

1550

01:07:54,249 --> 01:07:52,219

together I'm not sure I'm only pointing

1551

01:07:56,529 --> 01:07:54,259

out angles that might bridge the gap

1552

01:07:59,319 --> 01:07:56,539

between the data points of the Christian

1553

01:08:02,049 --> 01:07:59,329

perspective and some of the other

1554

01:08:03,640 --> 01:08:02,059

spiritual perspectives out there but you

1555

01:08:06,549 --> 01:08:03,650

don't even have to bring a creator or

1556

01:08:08,620 --> 01:08:06,559

theology into it to see some very creepy

1557

01:08:10,419 --> 01:08:08,630

implications just from the data and the

1558

01:08:12,939 --> 01:08:10,429

science of how these signals affect

1559

01:08:15,609 --> 01:08:12,949

biological life that's really the

1560

01:08:17,859 --> 01:08:15,619

important stuff here all indications for

1561

01:08:19,990 --> 01:08:17,869

that seem pretty negative regardless of

1562

01:08:22,839 --> 01:08:20,000

your thoughts on anything else like why

1563

01:08:24,519 --> 01:08:22,849

we got enough going on I honestly don't

1564

01:08:26,919 --> 01:08:24,529

feel like my phone needs to be any

1565

01:08:29,319 --> 01:08:26,929

faster or more connected than it is now

1566

01:08:31,329 --> 01:08:29,329

but this is one of those rare areas

1567

01:08:33,640 --> 01:08:31,339

where I do start to think that I might

1568

01:08:36,459 --> 01:08:33,650

have to completely change my life and be

1569

01:08:38,499 --> 01:08:36,469

a real weirdo if I am serious about this

1570

01:08:40,990 --> 01:08:38,509

stuff if you don't have a smartphone if

1571

01:08:43,109 --> 01:08:41,000

you don't use Wi-Fi if you only connect

1572

01:08:46,059 --> 01:08:43,119

via cables and you use a landline phone

1573

01:08:48,669 --> 01:08:46,069

you can't hide that [h__h] from people I

1574

01:08:50,349 --> 01:08:48,679

can think whatever I want about vaccines

1575

01:08:52,569 --> 01:08:50,359

and it's rarely gonna actually come up

1576

01:08:55,539 --> 01:08:52,579

where I have to make a decision about it

1577

01:08:56,890 --> 01:08:55,549

and I never really have to debate it but

1578

01:08:59,530 --> 01:08:56,900

if you don't have a cell phone if you

1579

01:09:01,870 --> 01:08:59,540

don't Oberer I think good luck getting

1580

01:09:03,879 --> 01:09:01,880

through your Friday night am I gonna

1581

01:09:05,829 --> 01:09:03,889

have to go to my wife and say you know

1582

01:09:08,200 --> 01:09:05,839

hugh jackman an enemy of the state

1583

01:09:10,269 --> 01:09:08,210

that's gonna be how we live babe I'm

1584

01:09:12,280 --> 01:09:10,279

sorry I know you signed up for a normal

1585

01:09:14,769 --> 01:09:12,290

life with a normal guy who happens to

1586

01:09:16,749 --> 01:09:14,779

have a weird job but we're gonna have to

1587

01:09:18,339 --> 01:09:16,759

go full compound and you're gonna have

1588

01:09:20,109 --> 01:09:18,349

to do it too because we just can't have

1589

01:09:22,240 --> 01:09:20,119

these goddamn signals all over the place

1590

01:09:24,039 --> 01:09:22,250

we probably can't even live in America

1591

01:09:26,319 --> 01:09:24,049

actually she's the one who wants to move

1592

01:09:28,780 --> 01:09:26,329

out of the country so maybe I got an

1593

01:09:30,249 --> 01:09:28,790

angle there but this is one of those

1594

01:09:32,529 --> 01:09:30,259

issues that if you really

1595

01:09:34,390 --> 01:09:32,539

include that this stuff is damaging the

1596

01:09:36,249 --> 01:09:34,400

ways in which your life would have to

1597

01:09:38,289 --> 01:09:36,259

change I mean what would you have to do

1598

01:09:40,450 --> 01:09:38,299

you would be the laughingstock of

1599

01:09:42,729 --> 01:09:40,460

everyone you know which is better than

1600

01:09:44,140 --> 01:09:42,739

dying it's better than brain tumors sure

1601
01:09:46,689 --> 01:09:44,150
but depending on how you handle that

1602
01:09:48,579 --> 01:09:46,699
kind of pressure not by much so it's

1603
01:09:50,529 --> 01:09:48,589
like I can stay away from Western

1604
01:09:52,419 --> 01:09:50,539
medicine unless I have an emergency I

1605
01:09:54,910 --> 01:09:52,429
can keep my kids from getting vaccinated

1606
01:09:56,620 --> 01:09:54,920
I can go to the organic grocery store

1607
01:09:59,229 --> 01:09:56,630
instead of the corporate one I could

1608
01:10:02,939 --> 01:09:59,239
watch less TV but I higher quality water

1609
01:10:05,649 --> 01:10:02,949
but what are you gonna do to avoid this

1610
01:10:07,839 --> 01:10:05,659
and I'm not trying to scare people any

1611
01:10:09,910 --> 01:10:07,849
more than I'm scared but I'm addicted to

1612
01:10:12,729 --> 01:10:09,920
this [h__\h] and I can't say I don't have

1613
01:10:15,100 --> 01:10:12,739

real concerns that we are just letting

1614

01:10:17,350 --> 01:10:15,110

them kill us slowly it's probably the

1615

01:10:19,149 --> 01:10:17,360

toughest conspiracy right now to deal

1616

01:10:21,910 --> 01:10:19,159

with right if you think there's anything

1617

01:10:23,740 --> 01:10:21,920

to it I guess we're gonna need to start

1618

01:10:26,140 --> 01:10:23,750

setting up some wired only communities

1619

01:10:28,689 --> 01:10:26,150

so we can all feel like weird neo Amish

1620

01:10:30,339 --> 01:10:28,699

together in fact the day that I'm

1621

01:10:32,080 --> 01:10:30,349

recording this ending and putting the

1622

01:10:34,540 --> 01:10:32,090

interview up was supposed to be the day

1623

01:10:36,160 --> 01:10:34,550

I recorded another interview on 5g with

1624

01:10:38,350 --> 01:10:36,170

someone who was a Harvard research

1625

01:10:40,450 --> 01:10:38,360

assistant for 10 years so she's read

1626

01:10:42,129 --> 01:10:40,460

suppressed studies she's dug out the

1627

01:10:44,740 --> 01:10:42,139

Buried data on a lot of this stuff and

1628

01:10:46,479 --> 01:10:44,750

we couldn't record because a storm

1629

01:10:48,339 --> 01:10:46,489

knocked out her power she's on the East

1630

01:10:50,560 --> 01:10:48,349

Coast somewhere I'm not quite sure where

1631

01:10:52,359 --> 01:10:50,570

but I was really excited to talk to a

1632

01:10:54,879 --> 01:10:52,369

scientist on this and I hope we can

1633

01:10:57,479 --> 01:10:54,889

reschedule but she did make me aware of

1634

01:11:00,399 --> 01:10:57,489

a group called scientists for Wired

1635

01:11:03,279 --> 01:11:00,409

scientists the number for Wired tech

1636

01:11:05,200 --> 01:11:03,289

comm is their website but it's a group

1637

01:11:08,379 --> 01:11:05,210

of concerned experts who are saying look

1638

01:11:10,359 --> 01:11:08,389

we love modern technology we like the

1639

01:11:12,040 --> 01:11:10,369

Internet as much as anyone we just want

1640

01:11:14,529 --> 01:11:12,050

to do it safely and they have a fiber

1641

01:11:16,959 --> 01:11:14,539

for all platform that we need to wire

1642

01:11:19,060 --> 01:11:16,969

that fastest [h__h] fiber internet to

1643

01:11:22,120 --> 01:11:19,070

everywhere like we did with electricity

1644

01:11:23,310 --> 01:11:22,130

and that is how we move forward and so

1645

01:11:26,500 --> 01:11:23,320

I'm kind of like a hundred percent

1646

01:11:28,209 --> 01:11:26,510

feeling that compromise I just wanted to

1647

01:11:31,270 --> 01:11:28,219

plug them because of that I think that's

1648

01:11:33,490 --> 01:11:31,280

a feasible solution we would have to get

1649

01:11:35,049 --> 01:11:33,500

pretty aggressive politically I mean go

1650

01:11:36,640 --> 01:11:35,059

ahead and tell me how pointless that is

1651

01:11:38,410 --> 01:11:36,650

but you need to make your local

1652

01:11:40,240 --> 01:11:38,420

government aware highlight the issues

1653

01:11:42,459 --> 01:11:40,250

and make fiber internet a public utility

1654

01:11:44,410 --> 01:11:42,469

in your town if you want to go that

1655

01:11:46,479 --> 01:11:44,420

route other places have done it

1656

01:11:49,450 --> 01:11:46,489

and then of course in that bill you

1657

01:11:50,950 --> 01:11:49,460

throw in some 5g blockage unless you do

1658

01:11:52,650 --> 01:11:50,960

something about the infrastructure

1659

01:11:55,660 --> 01:11:52,660

here's gonna be completely on your own

1660

01:11:57,939 --> 01:11:55,670

you know these phone companies well even

1661

01:12:00,400 --> 01:11:57,949

the just tech companies in general Apple

1662

01:12:01,030 --> 01:12:00,410

Microsoft of course AT&T has been around

1663

01:12:03,820 --> 01:12:01,040

forever

1664

01:12:05,530 --> 01:12:03,830

you got Verizon the tech they use you

1665

01:12:07,450 --> 01:12:05,540

know they're working with military

1666

01:12:09,040 --> 01:12:07,460

intelligence you know they have to

1667

01:12:12,010 --> 01:12:09,050

because they put in all those backdoors

1668

01:12:14,560 --> 01:12:12,020

and the stuff is so complex I think both

1669

01:12:16,630 --> 01:12:14,570

groups are trading data they're actually

1670

01:12:18,790 --> 01:12:16,640

working on projects together most likely

1671

01:12:21,250 --> 01:12:18,800

in a nexus that makes them hard to

1672

01:12:23,260 --> 01:12:21,260

separate and when you infiltrate a

1673

01:12:25,150 --> 01:12:23,270

corporation or you start one as a front

1674

01:12:27,280 --> 01:12:25,160

you get a situation where the groups

1675

01:12:29,590 --> 01:12:27,290

working on high-tech weaponry are now

1676

01:12:31,810 --> 01:12:29,600

running retail operations where you buy

1677

01:12:37,030 --> 01:12:31,820

the things they use on you to collect

1678

01:12:39,010 --> 01:12:37,040

your data to poison you [h__h] right okay

1679

01:12:41,050 --> 01:12:39,020

who knows you need to do your own

1680

01:12:43,390 --> 01:12:41,060

research and grab the reins of your own

1681

01:12:45,430 --> 01:12:43,400

life guys because I'm just telling you

1682

01:12:47,470 --> 01:12:45,440

how I feel about it and I really am NOT

1683

01:12:50,169 --> 01:12:47,480

an expert but I think it's an important

1684

01:12:51,910 --> 01:12:50,179

issue and of course if you just heard

1685

01:12:55,810 --> 01:12:51,920

the first hour of today's show there is

1686

01:12:57,580 --> 01:12:55,820

a second hour as always in this one we

1687

01:13:00,010 --> 01:12:57,590

had a lot more logs to the fire we get

1688

01:13:02,380 --> 01:13:00,020

into the full immersion and increased

1689

01:13:05,260 --> 01:13:02,390

connectivity aspects of the plan the

1690

01:13:07,390 --> 01:13:05,270

real power of Pokemon go what to expect

1691

01:13:09,760 --> 01:13:07,400

from a I when it no longer has a need

1692

01:13:12,370 --> 01:13:09,770

for man the personality traits of

1693

01:13:14,320 --> 01:13:12,380

current AI I asked Anthony if there's

1694

01:13:16,330 --> 01:13:14,330

any positive aspects of magic or if it's

1695

01:13:18,400 --> 01:13:16,340

just all demonic and we talked about

1696

01:13:20,590 --> 01:13:18,410

what Anthony sees between the lines of

1697

01:13:22,479 --> 01:13:20,600

Amazon buying Whole Foods something that

1698

01:13:24,880 --> 01:13:22,489

Gordon brought to my attention really in

1699

01:13:26,590 --> 01:13:24,890

that room soup interview also in the

1700

01:13:28,810 --> 01:13:26,600

Plus show Anthony made a little

1701

01:13:31,570 --> 01:13:28,820

prediction that didn't really come true

1702

01:13:33,310 --> 01:13:31,580

as far as I can tell but it did closely

1703

01:13:36,430 --> 01:13:33,320

parallel the Cassini space probe

1704

01:13:39,340 --> 01:13:36,440

situation so consider that see how you

1705

01:13:42,160 --> 01:13:39,350

come down on it I also did a reddit AMA

1706

01:13:44,890 --> 01:13:42,170

last night asked me anything for hours

1707

01:13:46,300 --> 01:13:44,900

of over a hundred questions if you want

1708

01:13:47,350 --> 01:13:46,310

to know more about my thoughts on things

1709

01:13:50,620 --> 01:13:47,360

go there

1710

01:13:52,240 --> 01:13:50,630

Google Greg Carl would AMA read it and

1711

01:13:54,100 --> 01:13:52,250

you're gonna find it if you've never

1712

01:13:56,740 --> 01:13:54,110

used read it before it's pretty simple

1713

01:13:58,270 --> 01:13:56,750

as for supporting the show sign up for

1714

01:14:00,310 --> 01:13:58,280

plus if you see the value

1715

01:14:02,710 --> 01:14:00,320

what I do I give you five hours for free

1716

01:14:04,600 --> 01:14:02,720

10 hours for 5 bucks every month you

1717

01:14:07,180 --> 01:14:04,610

take your pick I think you should get

1718

01:14:09,610 --> 01:14:07,190

the whole thing but I might be biased

1719

01:14:11,110 --> 01:14:09,620

big thanks to Anthony patch once again

1720

01:14:13,690 --> 01:14:11,120

and I'll see you guys next time

1721

01:14:15,550 --> 01:14:13,700

your move Silicon Valley sorcerer's of

1722

01:14:19,250 --> 01:14:15,560

1723

01:14:20,740 --> 01:14:19,260

technocratic apocalypse your
