1
00:00:07,460 --> 00:00:03,880

[Music]

2
00:00:08,990 --> 00:00:07,470

the planets up the Masters almost surely

3
00:00:11,240 --> 00:00:09,000

have a plan

4
00:00:13,509 --> 00:00:11,250

this clearly maybe something there

5
00:00:18,090 --> 00:00:13,519

beyond the realm of man

6
00:00:24,920 --> 00:00:22,900

you know the less you do that's true dr.

7
00:00:36,470 --> 00:00:24,930

Zaius

8
00:00:38,660 --> 00:00:36,480

[Music]

9
00:00:42,959 --> 00:00:38,670

[Applause]

10
00:00:48,069 --> 00:00:45,880

all right higher side chatters after all

11
00:00:49,569 --> 00:00:48,079

the suppressed technology secret science

12
00:00:51,790 --> 00:00:49,579

and alchemical effects we've talked

13
00:00:53,470 --> 00:00:51,800

about it becomes obvious that there are

14

00:00:54,790 --> 00:00:53,480

pockets of the power pyramid that have

15

00:00:56,470 --> 00:00:54,800

kept enough of these things to

16

00:00:58,060 --> 00:00:56,480

themselves through the years to justify

17

00:01:00,160 --> 00:00:58,070

the terms we use like breakaway

18

00:01:02,889 --> 00:01:00,170

civilization and secret space program

19

00:01:04,899 --> 00:01:02,899

well with us again almost a year to the

20

00:01:07,510 --> 00:01:04,909

date is a great researcher in this vein

21

00:01:09,639 --> 00:01:07,520

Walter Bosley the product of a military

22

00:01:11,649 --> 00:01:09,649

family himself he's worked serving as a

23

00:01:13,930 --> 00:01:11,659

counterintelligence agent for the FBI a

24

00:01:16,150 --> 00:01:13,940

special agent for the Air Force and a

25

00:01:18,370 --> 00:01:16,160

consultant in the private sector he's

26

00:01:20,469 --> 00:01:18,380

also used his training military insight

27

00:01:21,850 --> 00:01:20,479

and investigative skills to dig deeper

28

00:01:24,219 --> 00:01:21,860

into several pieces of the big

29

00:01:26,350 --> 00:01:24,229

conspiracy pie but most notably this

30

00:01:27,609 --> 00:01:26,360

very notion of a breakaway civilization

31

00:01:29,200 --> 00:01:27,619

in our last show

32

00:01:30,999 --> 00:01:29,210

Walter broke down how a group of

33

00:01:33,309 --> 00:01:31,009

hermetic Prussian nationalists known as

34

00:01:35,260 --> 00:01:33,319

the nimza likely developed advanced

35

00:01:37,120 --> 00:01:35,270

technology based on their rediscovery of

36

00:01:39,160 --> 00:01:37,130

something ancient and then an aligned

37

00:01:41,200 --> 00:01:39,170

group called the Sonora Aero Club way

38

00:01:42,969 --> 00:01:41,210

back in the mid 19th century seems to

39

00:01:44,680 --> 00:01:42,979

have created exotic flying machines in

40

00:01:46,449 --> 00:01:44,690

the California desert that could have

41

00:01:48,580 --> 00:01:46,459

been responsible for the vast Aero ship

42

00:01:50,710 --> 00:01:48,590

sightings 40 years later and might have

43

00:01:53,400 --> 00:01:50,720

even resulted in a Tesla developed craft

44

00:01:55,839 --> 00:01:53,410

capable of making it to Mars in 1903

45

00:01:57,699 --> 00:01:55,849

it's a lot to unpack but in the years

46

00:01:59,320 --> 00:01:57,709

since that interview new developments

47

00:02:01,119 --> 00:01:59,330

have come to light that very well may

48

00:02:02,830 --> 00:02:01,129

tie this underground network to the

49

00:02:04,839 --> 00:02:02,840

family of the President himself and

50

00:02:06,369 --> 00:02:04,849

that's what I call the sweet spot ladies

51
00:02:08,559 --> 00:02:06,379
and gentlemen back in the saddle for

52
00:02:10,540 --> 00:02:08,569
another wild ride the author of several

53
00:02:12,369 --> 00:02:10,550
great books the deep state decoder

54
00:02:14,290 --> 00:02:12,379
himself the man who knows the plan

55
00:02:16,990 --> 00:02:14,300
Walter Bosley welcome back to the higher

56
00:02:19,059 --> 00:02:17,000
side hey Greg it's great to be here I'm

57
00:02:20,890 --> 00:02:19,069
looking forward to this yeah me too

58
00:02:22,720 --> 00:02:20,900
thanks for doing it your work is just

59
00:02:25,270 --> 00:02:22,730
really stuck with me and when it comes

60
00:02:27,400 --> 00:02:25,280
to tracking back the progression of

61
00:02:29,470 --> 00:02:27,410
secret flying machines exotic fuel

62
00:02:31,720 --> 00:02:29,480
sources and this connection to German

63
00:02:34,180 --> 00:02:31,730

nationalists you have made really huge

64

00:02:35,949 --> 00:02:34,190

contributions and rather than talking

65

00:02:38,110 --> 00:02:35,959

about the same old bullet point

66

00:02:40,270 --> 00:02:38,120

surrounding the Nazi bell or the reverse

67

00:02:42,009 --> 00:02:40,280

engineering of the Roswell craft you

68

00:02:44,050 --> 00:02:42,019

have fleshed out this story and filled

69

00:02:46,479 --> 00:02:44,060

in a lot of the holes there and it just

70

00:02:47,979 --> 00:02:46,489

seems to go much deeper and I guess in

71

00:02:49,509 --> 00:02:47,989

the interest of leaving no man behind

72

00:02:52,059 --> 00:02:49,519

can we give the people just a little

73

00:02:54,220 --> 00:02:52,069

more context about the nimza Sonora Aero

74

00:02:55,270 --> 00:02:54,230

Club Nexus and set up the story for the

75

00:02:57,070 --> 00:02:55,280

pieces we're going to add

76
00:02:58,420 --> 00:02:57,080
help maybe refresh their memories a bit

77
00:03:00,810 --> 00:02:58,430
if you could what should we know about

78
00:03:04,660 --> 00:03:00,820
this group and that time period between

79
00:03:06,700 --> 00:03:04,670
1850 and the early 1900s well

80
00:03:10,600 --> 00:03:06,710
fortunately the book I'm currently

81
00:03:13,199 --> 00:03:10,610
working on is going to go into greater

82
00:03:16,120 --> 00:03:13,209
detail than I've ever had before

83
00:03:18,790 --> 00:03:16,130
regarding this organization nimza so

84
00:03:21,850 --> 00:03:18,800
there's that to look forward to in about

85
00:03:23,890 --> 00:03:21,860
another month or so so this conversation

86
00:03:25,840 --> 00:03:23,900
is timed really well it's going to kind

87
00:03:28,449 --> 00:03:25,850
of whet the appetite of the listeners

88
00:03:31,330 --> 00:03:28,459

but essentially when we're talking about

89

00:03:34,030 --> 00:03:31,340

the 19th century period leading into the

90

00:03:39,190 --> 00:03:34,040

20th we're talking about specifically

91

00:03:41,830 --> 00:03:39,200

the Russian nationalists who it is

92

00:03:45,390 --> 00:03:41,840

believed called themselves nimza and

93

00:03:48,570 --> 00:03:45,400

were pursuing a development of

94

00:03:52,479 --> 00:03:48,580

technology that it appears they believed

95

00:03:55,330 --> 00:03:52,489

would give them greater leverage in

96

00:03:58,660 --> 00:03:55,340

pushing towards a unified Germany which

97

00:04:03,160 --> 00:03:58,670

of course eventually happened and then

98

00:04:07,199 --> 00:04:03,170

went much farther in the early 20th

99

00:04:10,740 --> 00:04:07,209

century rise of the Nazi Party and

100

00:04:13,300 --> 00:04:10,750

essentially this 19th century nimza

101
00:04:17,400 --> 00:04:13,310
according to the original source we have

102
00:04:21,030 --> 00:04:17,410
on a Charles Dell shall was a German

103
00:04:24,340 --> 00:04:21,040
headquartered organization that had

104
00:04:27,780 --> 00:04:24,350
apparently several little groups under

105
00:04:31,210 --> 00:04:27,790
its wing under its ages and they would

106
00:04:33,040 --> 00:04:31,220
finance and provide you know various

107
00:04:35,260 --> 00:04:33,050
resources for these little groups to

108
00:04:37,870 --> 00:04:35,270
develop this particular technology and

109
00:04:41,290 --> 00:04:37,880
the case in point that Dell shall

110
00:04:43,090 --> 00:04:41,300
focused on was a little group of German

111
00:04:45,340 --> 00:04:43,100
immigrants to the United States that

112
00:04:48,100 --> 00:04:45,350
called themselves the Sonora Aero Club

113
00:04:52,320 --> 00:04:48,110

and they operated out of Tuolumne County

114

00:04:56,969 --> 00:04:52,330

just west of Yosemite National Park and

115

00:05:00,040 --> 00:04:56,979

these guys in the 1850s were allegedly

116

00:05:02,920 --> 00:05:00,050

building what I would call proof of

117

00:05:04,510 --> 00:05:02,930

concept flying machines okay I want you

118

00:05:06,460 --> 00:05:04,520

to think of the automobile

119

00:05:08,800 --> 00:05:06,470

okay the history of the automobile and I

120

00:05:12,129 --> 00:05:08,810

want you to go back to the Ford

121

00:05:14,620 --> 00:05:12,139

tt-that was just a car right four wheels

122

00:05:17,350 --> 00:05:14,630

motor and a place to fit in a steering

123

00:05:18,580 --> 00:05:17,360

wheel but basic car proof of concept I

124

00:05:21,190 --> 00:05:18,590

mean particularly when you compare that

125

00:05:24,730 --> 00:05:21,200

to cars 3040 years later in them today

126

00:05:27,460 --> 00:05:24,740

that's what these Sonora Aero Club

127

00:05:32,890 --> 00:05:27,470

flying contraptions were proof of

128

00:05:35,800 --> 00:05:32,900

concept now where nimza came in was that

129

00:05:39,520 --> 00:05:35,810

they were the group that had some type

130

00:05:41,950 --> 00:05:39,530

of oversight involvement which the

131

00:05:45,280 --> 00:05:41,960

leaders the guys in the Sonora Aero Club

132

00:05:48,100 --> 00:05:45,290

ultimately rejected okay they ultimately

133

00:05:50,469 --> 00:05:48,110

did not want to go the way that nimza

134

00:05:52,390 --> 00:05:50,479

wanted them to go consider nimza to be

135

00:05:54,940 --> 00:05:52,400

the first true military industrial

136

00:05:56,440 --> 00:05:54,950

complex hmm you know in modern times

137

00:05:58,240 --> 00:05:56,450

because that's really what they were

138

00:06:00,850 --> 00:05:58,250

putting together in my books i theorize

139

00:06:04,390 --> 00:06:00,860

and effect I lay out several of the

140

00:06:08,560 --> 00:06:04,400

suspects that were top industrialists

141

00:06:11,379 --> 00:06:08,570

you know and financial leaders and guys

142

00:06:13,540 --> 00:06:11,389

who were very much into alchemy and the

143

00:06:15,850 --> 00:06:13,550

occult sciences and such these are the

144

00:06:17,980 --> 00:06:15,860

guys that I lay out as suspects who

145

00:06:21,790 --> 00:06:17,990

would have been the members of this

146

00:06:24,450 --> 00:06:21,800

Prussian group nimza okay and they were

147

00:06:26,710 --> 00:06:24,460

really putting together literally this

148

00:06:28,420 --> 00:06:26,720

military industrial complex they were

149

00:06:31,150 --> 00:06:28,430

using their resources to develop this

150

00:06:33,820 --> 00:06:31,160

technology and what they wanted to do

151
00:06:36,159 --> 00:06:33,830
was have these guys of the Sonora Aero

152
00:06:37,960 --> 00:06:36,169
Club and probably the others that we

153
00:06:40,420 --> 00:06:37,970
don't hear about from del shell other

154
00:06:43,900 --> 00:06:40,430
than a mentioned nimza wanted them to

155
00:06:46,060 --> 00:06:43,910
equip these flying machines for military

156
00:06:48,100 --> 00:06:46,070
application with weapons and such and

157
00:06:50,379 --> 00:06:48,110
the guys in the Sonora Aero Club didn't

158
00:06:52,060 --> 00:06:50,389
want to they rejected that that's a

159
00:06:53,650 --> 00:06:52,070
whole interesting other story the leader

160
00:06:56,260 --> 00:06:53,660
of the Sonora Aero Club Peter Menace

161
00:06:58,590 --> 00:06:56,270
ended up allegedly dying in an explosion

162
00:07:00,129 --> 00:06:58,600
and crash of one of these things

163
00:07:01,870 --> 00:07:00,139

possible that it could have been

164

00:07:03,879 --> 00:07:01,880

murdered it's possible that he might

165

00:07:06,850 --> 00:07:03,889

have faked his death to you know escape

166

00:07:08,350 --> 00:07:06,860

the nimza but this was in the 1850s now

167

00:07:13,000 --> 00:07:08,360

the decade before the American Civil War

168

00:07:16,810 --> 00:07:13,010

so when the 1890 specifically 1896 1897

169

00:07:18,880 --> 00:07:16,820

airship mystery emerges I personally

170

00:07:20,350 --> 00:07:18,890

think that that was a product of an

171

00:07:23,170 --> 00:07:20,360

American group

172

00:07:27,670 --> 00:07:23,180

that had been developing this airship

173

00:07:32,790 --> 00:07:27,680

technology but we have other sources

174

00:07:37,209 --> 00:07:32,800

that have nimza emerging in the New York

175

00:07:39,820 --> 00:07:37,219

esoteric a coat milieu of the 1890s

176

00:07:42,659 --> 00:07:39,830

we're talking John W Keeley

177

00:07:46,020 --> 00:07:42,669

we're talking Clara Bloomfield Moore and

178

00:07:48,929 --> 00:07:46,030

Elena Blavatsky and that group and that

179

00:07:52,600 --> 00:07:48,939

included the German mystics at the time

180

00:07:54,850 --> 00:07:52,610

and here we have nimza allegedly still

181

00:07:56,409 --> 00:07:54,860

existing and being involved with things

182

00:08:00,219 --> 00:07:56,419

to do with this flying machine

183

00:08:03,550 --> 00:08:00,229

technology and of course that milieu is

184

00:08:06,369 --> 00:08:03,560

a link into the 20th century early 20th

185

00:08:09,879 --> 00:08:06,379

century German mystics who were involved

186

00:08:11,790 --> 00:08:09,889

with the guys who founded the Nazi Party

187

00:08:16,089 --> 00:08:11,800

and of course the rest is history

188

00:08:21,700 --> 00:08:16,099

so as you can see and all of that nimza

189

00:08:24,480 --> 00:08:21,710

is this shadowy organization that was

190

00:08:27,579 --> 00:08:24,490

really operating like a breakaway

191

00:08:29,499 --> 00:08:27,589

because they obviously had their own

192

00:08:32,139 --> 00:08:29,509

resources and wealth enough to be

193

00:08:34,000 --> 00:08:32,149

independent now when I say national was

194

00:08:36,339 --> 00:08:34,010

crushin nationalists they weren't an

195

00:08:37,959 --> 00:08:36,349

official you know there was no Prussian

196

00:08:40,029 --> 00:08:37,969

single government because it was before

197

00:08:42,730 --> 00:08:40,039

Germany was unified but even after they

198

00:08:44,259 --> 00:08:42,740

unified they weren't particularly you

199

00:08:45,819 --> 00:08:44,269

know a German government agency they

200

00:08:49,240 --> 00:08:45,829

weren't part of the German military they

201
00:08:50,620 --> 00:08:49,250
were still their own thing so that's

202
00:08:54,540 --> 00:08:50,630
what we're talking about here that's the

203
00:08:57,280 --> 00:08:54,550
context it was very Russian in its

204
00:09:00,100 --> 00:08:57,290
membership it was crushing in its goals

205
00:09:03,730 --> 00:09:00,110
and objectives and its main objective

206
00:09:06,939 --> 00:09:03,740
was a unified Germany that dominated

207
00:09:09,280 --> 00:09:06,949
globally okay and when you see their

208
00:09:11,280 --> 00:09:09,290
roots into the formation of a Nazi Party

209
00:09:14,800 --> 00:09:11,290
it becomes obvious what they were about

210
00:09:17,380 --> 00:09:14,810
however all that said that context of

211
00:09:21,400 --> 00:09:17,390
19th century and early 20th century all

212
00:09:23,290 --> 00:09:21,410
that said I still say and I go into this

213
00:09:25,920 --> 00:09:23,300

in my books and I'm especially going

214

00:09:30,030 --> 00:09:25,930

into this end of a new one there was a

215

00:09:32,230 --> 00:09:30,040

nimza that was a bigger larger

216

00:09:34,120 --> 00:09:32,240

organization in the background of back

217

00:09:36,730 --> 00:09:34,130

in other words the Prussian

218

00:09:38,759 --> 00:09:36,740

the Charles L shall talked about that

219

00:09:42,730 --> 00:09:38,769

we've just been talking about that was a

220

00:09:45,220 --> 00:09:42,740

subordinate group within a larger more

221

00:09:46,990 --> 00:09:45,230

secretive group and I've already gone

222

00:09:50,350 --> 00:09:47,000

into that and stuff I've already done

223

00:09:54,309 --> 00:09:50,360

but like I said new details and much

224

00:09:56,439 --> 00:09:54,319

more coming forth well that is some

225

00:09:58,509 --> 00:09:56,449

great context for sure and I definitely

226

00:10:01,059 --> 00:09:58,519

plan to have a few questions for you

227

00:10:03,069 --> 00:10:01,069

about that higher capstone group and

228

00:10:05,680 --> 00:10:03,079

this is a hell of a structure with like

229

00:10:07,569 --> 00:10:05,690

you said tons of subgroups but I also

230

00:10:10,689 --> 00:10:07,579

wanted to ask you a little bit more

231

00:10:13,720 --> 00:10:10,699

about the 1903 group I guess that's the

232

00:10:15,490 --> 00:10:13,730

term that you give them yeah I guess

233

00:10:18,249 --> 00:10:15,500

they came out of dissolving the sin or

234

00:10:19,809 --> 00:10:18,259

our arrow club and then turned into this

235

00:10:24,249 --> 00:10:19,819

other group tell us a little bit about

236

00:10:29,259 --> 00:10:24,259

them and kind of how that ties into the

237

00:10:33,309 --> 00:10:29,269

Tesla story well and again this is how I

238

00:10:36,069 --> 00:10:33,319

have pieced this together okay if you go

239

00:10:38,769 --> 00:10:36,079

to an excellent book by a gentleman

240

00:10:41,800 --> 00:10:38,779

named Michael Busby titled solving the

241

00:10:43,329 --> 00:10:41,810

1896 or 1897 I'd have to look at the

242

00:10:48,009 --> 00:10:43,339

book it's not sitting in front of me

243

00:10:52,360 --> 00:10:48,019

solving the 1896 airship mystery busby

244

00:10:55,679 --> 00:10:52,370

provides some excellent data involved in

245

00:10:59,410 --> 00:10:55,689

all this stuff that was going on around

246

00:11:03,610 --> 00:10:59,420

people seeing these airships in the

247

00:11:05,079 --> 00:11:03,620

skies over several cities west of the

248

00:11:06,429 --> 00:11:05,089

Mississippi in the United States I mean

249

00:11:10,120 --> 00:11:06,439

they were all over the place from the

250

00:11:11,860 --> 00:11:10,130

Midwest down to Texas Utah California I

251
00:11:14,290 --> 00:11:11,870
mean it was amazing now remember we're

252
00:11:15,670 --> 00:11:14,300
talking the 1890s people in the 1890s

253
00:11:18,759 --> 00:11:15,680
knew the difference between a hot air

254
00:11:21,639 --> 00:11:18,769
balloon a dirigible and these airships

255
00:11:24,249 --> 00:11:21,649
they were describing okay they knew the

256
00:11:25,720 --> 00:11:24,259
difference and when you really get into

257
00:11:27,970 --> 00:11:25,730
the reports and read the descriptions

258
00:11:31,269 --> 00:11:27,980
you'll see that there's clearly a

259
00:11:33,759 --> 00:11:31,279
difference in the details of these

260
00:11:36,850 --> 00:11:33,769
things and how they operate and how they

261
00:11:39,790 --> 00:11:36,860
function what's interesting is Busbee

262
00:11:41,949 --> 00:11:39,800
points out an actual guy there's a photo

263
00:11:47,139 --> 00:11:41,959

oven in the book a man named Solomon

264

00:11:47,890 --> 00:11:47,149

Andrews who went to Abraham Lincoln's

265

00:11:49,510 --> 00:11:47,900

admit

266

00:11:53,140 --> 00:11:49,520

raishin I believe he wrote Lincoln

267

00:11:54,220 --> 00:11:53,150

directly and said he had developed a

268

00:11:56,800 --> 00:11:54,230

flying machine

269

00:12:00,720 --> 00:11:56,810

that would be good for reconnaissance

270

00:12:05,530 --> 00:12:00,730

and such and I think this was 1863 and

271

00:12:08,170 --> 00:12:05,540

Lincoln was intrigued and instructed his

272

00:12:11,110 --> 00:12:08,180

war secretary Edwin Stanton to take a

273

00:12:13,090 --> 00:12:11,120

look at Solomon Andrews flying

274

00:12:15,000 --> 00:12:13,100

contraption well according to the news

275

00:12:17,470 --> 00:12:15,010

reports of the day Solomon Andrews

276
00:12:21,460 --> 00:12:17,480
demonstrated this flying machine which

277
00:12:25,350 --> 00:12:21,470
he called the air on the AE ro n the air

278
00:12:27,940 --> 00:12:25,360
on he demonstrated it for several

279
00:12:30,160 --> 00:12:27,950
officers from the War Department and

280
00:12:33,040 --> 00:12:30,170
journalists is Washington DC journalists

281
00:12:34,660 --> 00:12:33,050
of the day they talked about it flying

282
00:12:38,460 --> 00:12:34,670
and its maneuverability and such now

283
00:12:41,890 --> 00:12:38,470
history tells us that Edwin Stanton told

284
00:12:43,960 --> 00:12:41,900
Andrews thanks but no thanks we're in

285
00:12:45,340 --> 00:12:43,970
the middle of this war you know I don't

286
00:12:48,520 --> 00:12:45,350
see where there's an application here

287
00:12:50,260 --> 00:12:48,530
thank you very much goodbye and we're

288
00:12:51,610 --> 00:12:50,270

told the story ends right there

289

00:12:53,560 --> 00:12:51,620

we're Solomon Andrews and his flying

290

00:12:57,010 --> 00:12:53,570

machine are concerned well I disagree

291

00:13:02,530 --> 00:12:57,020

with that because thirty years later you

292

00:13:05,020 --> 00:13:02,540

have the airship mystery okay and there

293

00:13:07,030 --> 00:13:05,030

is a smoking gun which connects it back

294

00:13:10,210 --> 00:13:07,040

in my opinion to the US War Department

295

00:13:12,580 --> 00:13:10,220

and this is why I think this was a

296

00:13:16,300 --> 00:13:12,590

result of the first American black

297

00:13:20,680 --> 00:13:16,310

project and that is this in the 1890s

298

00:13:23,200 --> 00:13:20,690

history there is a report of a witness

299

00:13:26,080 --> 00:13:23,210

who encountered one of these airships on

300

00:13:28,900 --> 00:13:26,090

the ground and had a lengthy

301
00:13:31,450 --> 00:13:28,910
conversation with the two men who were

302
00:13:35,470 --> 00:13:31,460
manning it who were flying it and those

303
00:13:38,920 --> 00:13:35,480
two men were Colonel Samuel Tillman US

304
00:13:41,440 --> 00:13:38,930
Army and professor Amos dole bear now

305
00:13:43,300 --> 00:13:41,450
Amos dole bear you can look up both

306
00:13:45,130 --> 00:13:43,310
these guys by the way they're on the

307
00:13:46,750 --> 00:13:45,140
internet look them up they really live

308
00:13:49,300 --> 00:13:46,760
there's photos of them the whole resume

309
00:13:51,610 --> 00:13:49,310
of what they did dole bear one of the

310
00:13:52,870 --> 00:13:51,620
things he did one of his inventions was

311
00:13:55,840 --> 00:13:52,880
a telephone

312
00:13:58,120 --> 00:13:55,850
prior to Alexander Graham Bell's version

313
00:14:00,670 --> 00:13:58,130

fact I believe Colbert had even sued

314

00:14:02,200 --> 00:14:00,680

Bell over the issue so

315

00:14:05,079 --> 00:14:02,210

golde there's a real guy in history

316

00:14:07,360 --> 00:14:05,089

Tilman US army officer was a

317

00:14:10,420 --> 00:14:07,370

cartographer a geographer he was a

318

00:14:13,030 --> 00:14:10,430

chemist he was an explorer all the

319

00:14:15,690 --> 00:14:13,040

things that are interestingly that are

320

00:14:18,370 --> 00:14:15,700

involved in the airship history

321

00:14:22,540 --> 00:14:18,380

regarding propulsion and how these

322

00:14:25,090 --> 00:14:22,550

things fly Samuel Tillman was an expert

323

00:14:27,250 --> 00:14:25,100

in he ended up being Commandant of West

324

00:14:28,810 --> 00:14:27,260

Point when World War one broke out this

325

00:14:32,110 --> 00:14:28,820

is a real guy now here's what's

326

00:14:34,750 --> 00:14:32,120

interesting in this 1890s incident it is

327

00:14:37,180 --> 00:14:34,760

Tillman and Dole there who show this guy

328

00:14:39,430 --> 00:14:37,190

their airship explain how it works

329

00:14:42,100 --> 00:14:39,440

basically and offer to give them a

330

00:14:43,870 --> 00:14:42,110

flight and such and I mean these were

331

00:14:45,970 --> 00:14:43,880

human beings these were real actual guys

332

00:14:47,740 --> 00:14:45,980

now what's interesting is Tillman and

333

00:14:50,889 --> 00:14:47,750

dole bear it's not like they were famous

334

00:14:52,840 --> 00:14:50,899

celebrities okay so why if someone's

335

00:14:55,300 --> 00:14:52,850

going to make this up they would pull

336

00:14:58,300 --> 00:14:55,310

those guys out of a hat you know is

337

00:15:00,760 --> 00:14:58,310

interesting but when you look at the

338

00:15:05,100 --> 00:15:00,770

fact that it was Tillman involved in one

339

00:15:08,560 --> 00:15:05,110

of these reports to me that indicates a

340

00:15:11,320 --> 00:15:08,570

connection somehow to that u.s. War

341

00:15:14,079 --> 00:15:11,330

Department story and Solomon Andrews now

342

00:15:16,600 --> 00:15:14,089

the scenario that I extrapolate out of

343

00:15:18,340 --> 00:15:16,610

this and I admit it's speculation but

344

00:15:22,000 --> 00:15:18,350

the scenario I extrapolate out of this

345

00:15:25,720 --> 00:15:22,010

is that Stanton did not reject Solomon

346

00:15:28,510 --> 00:15:25,730

Andrews technology it's that we were

347

00:15:31,000 --> 00:15:28,520

indeed in the middle of a war that had

348

00:15:34,360 --> 00:15:31,010

to be taken care of first and what I

349

00:15:36,070 --> 00:15:34,370

suggest is once the war was over the US

350

00:15:38,740 --> 00:15:36,080

government said hey you know what let's

351
00:15:40,210 --> 00:15:38,750
do something with this now why would it

352
00:15:42,640 --> 00:15:40,220
be a black project why would it be

353
00:15:44,590 --> 00:15:42,650
secret well you know various political

354
00:15:47,650 --> 00:15:44,600
intrigues there were still countries in

355
00:15:49,780 --> 00:15:47,660
Europe and such that really would like

356
00:15:52,630 --> 00:15:49,790
to have seen us fail there were British

357
00:15:54,490 --> 00:15:52,640
bankers that were pumping money to the

358
00:15:57,100 --> 00:15:54,500
Confederacy privately you know they

359
00:15:59,350 --> 00:15:57,110
wanted to see the u.s. fail so you know

360
00:16:01,389 --> 00:15:59,360
this was in those days where well if

361
00:16:03,670 --> 00:16:01,399
we've got this technology this could be

362
00:16:07,630 --> 00:16:03,680
an edge let's keep it secret another

363
00:16:09,790 --> 00:16:07,640

angle could be that because the war had

364

00:16:12,100 --> 00:16:09,800

just ended we were in the Reconstruction

365

00:16:14,450 --> 00:16:12,110

period how would it have looked if when

366

00:16:15,980 --> 00:16:14,460

the CAF the country needed to be rebuilt

367

00:16:17,960 --> 00:16:15,990

they're spending money on this

368

00:16:20,870 --> 00:16:17,970

contraption like something out of a

369

00:16:22,790 --> 00:16:20,880

Jules Verne story so there are a few

370

00:16:24,830 --> 00:16:22,800

legitimate reasons why this would have

371

00:16:27,830 --> 00:16:24,840

been our first black project why they

372

00:16:30,050 --> 00:16:27,840

would have kept it secret and I say that

373

00:16:34,340 --> 00:16:30,060

between what Solomon Andrews

374

00:16:37,880 --> 00:16:34,350

demonstrated in 1863 or four and what

375

00:16:40,520 --> 00:16:37,890

people were recording in the 1890s I say

376

00:16:43,940 --> 00:16:40,530

you had 30 years of development so

377

00:16:46,720 --> 00:16:43,950

Solomon Andrews rudimentary Aaron had

378

00:16:50,660 --> 00:16:46,730

developed into the more complicated

379

00:16:54,290 --> 00:16:50,670

airships like what Hillman and Dole bear

380

00:16:57,020 --> 00:16:54,300

were reportedly flying around okay now

381

00:16:59,960 --> 00:16:57,030

the world was changing America was

382

00:17:03,040 --> 00:16:59,970

changing as we were leaving the 19th

383

00:17:06,260 --> 00:17:03,050

century and going into the 20th century

384

00:17:09,740 --> 00:17:06,270

people could see the direction things

385

00:17:12,949 --> 00:17:09,750

were going and certainly I think some of

386

00:17:16,490 --> 00:17:12,959

these guys who were involved with these

387

00:17:19,880 --> 00:17:16,500

airships in the 1890s I don't think they

388

00:17:25,670 --> 00:17:19,890

liked where things were going so we get

389

00:17:29,350 --> 00:17:25,680

into 1903 the year in question there is

390

00:17:32,000 --> 00:17:29,360

a legend out there a rumored legend that

391

00:17:35,630 --> 00:17:32,010

Nikola Tesla had designed an airship

392

00:17:38,000 --> 00:17:35,640

that these guys built and possibly flew

393

00:17:40,700 --> 00:17:38,010

to Mars and they flew away and they were

394

00:17:45,560 --> 00:17:40,710

never seen again now as crazy as that

395

00:17:49,520 --> 00:17:45,570

sounds we do have Tesla having had

396

00:17:54,980 --> 00:17:49,530

worked on his ideas of anti-gravity and

397

00:17:58,420 --> 00:17:54,990

flying machines and such so there is a

398

00:18:00,980 --> 00:17:58,430

sliver a margin of possibility that

399

00:18:04,550 --> 00:18:00,990

Tesla would have been involved in an

400

00:18:07,250 --> 00:18:04,560

attempt to do this now of course by 1903

401
00:18:09,260 --> 00:18:07,260
the 1890s airship mystery had been all

402
00:18:11,840 --> 00:18:09,270
over the newspapers so one could argue

403
00:18:14,810 --> 00:18:11,850
that the whole Tesla airship to Mars

404
00:18:17,780 --> 00:18:14,820
thing was just a big fantasy inspired by

405
00:18:20,270 --> 00:18:17,790
that of course that is possible but

406
00:18:22,010 --> 00:18:20,280
we're talking about you know being

407
00:18:24,590 --> 00:18:22,020
within a context here that these things

408
00:18:27,180 --> 00:18:24,600
possibly happen and we have the evidence

409
00:18:29,490 --> 00:18:27,190
like Samuel Tillman being

410
00:18:31,920 --> 00:18:29,500
one of the identified pilots of these

411
00:18:33,450 --> 00:18:31,930
things so we go to the 20th century and

412
00:18:37,110 --> 00:18:33,460
let's continue on the limb of

413
00:18:40,230 --> 00:18:37,120

speculation and say that this theory is

414

00:18:42,420 --> 00:18:40,240

right that there was this you know group

415

00:18:44,640 --> 00:18:42,430

that had developed these things the next

416

00:18:47,280 --> 00:18:44,650

logical thing for them to attempt I

417

00:18:50,670 --> 00:18:47,290

could see would be flying one of these

418

00:18:54,090 --> 00:18:50,680

things off the planet the most obvious

419

00:18:56,370 --> 00:18:54,100

target would have been the moon but why

420

00:18:59,360 --> 00:18:56,380

not Mars Mars had been looked at for

421

00:19:03,390 --> 00:18:59,370

years and all this interesting stuff

422

00:19:09,030 --> 00:19:03,400

imagined and proposed about it so why

423

00:19:13,850 --> 00:19:09,040

not Mars well supposing that they

424

00:19:16,800 --> 00:19:13,860

attempted this and it worked okay and

425

00:19:19,110 --> 00:19:16,810

let's say they survived what's

426

00:19:22,050 --> 00:19:19,120

interesting is a decade later or so

427

00:19:24,660 --> 00:19:22,060

Tesla writes an article in which he

428

00:19:28,080 --> 00:19:24,670

talks about receiving what he believes

429

00:19:30,870 --> 00:19:28,090

were intelligent signals from space from

430

00:19:32,700 --> 00:19:30,880

Mars a researcher a guy named Jonathan

431

00:19:36,870 --> 00:19:32,710

Battista brought it to my attention

432

00:19:39,030 --> 00:19:36,880

one day and he suggested what if these

433

00:19:41,730 --> 00:19:39,040

signals that Tesla was talking about in

434

00:19:44,520 --> 00:19:41,740

that article were actually

435

00:19:46,020 --> 00:19:44,530

communications from this group that

436

00:19:50,030 --> 00:19:46,030

attempted their flight to Mars

437

00:19:53,760 --> 00:19:50,040

what if they survived what if it worked

438

00:19:57,930 --> 00:19:53,770

therein lies the little speck of

439

00:20:01,470 --> 00:19:57,940

possibility that I proposed this

440

00:20:03,870 --> 00:20:01,480

breakaway that I call the 1903 obviously

441

00:20:07,620 --> 00:20:03,880

I call them the 1903 because that's the

442

00:20:11,400 --> 00:20:07,630

year associated with this crazy story of

443

00:20:12,630 --> 00:20:11,410

guys flying a Tesla airship to Mars you

444

00:20:16,050 --> 00:20:12,640

know if it worked

445

00:20:18,180 --> 00:20:16,060

my theory is they saw what they had who

446

00:20:20,270 --> 00:20:18,190

knows what they found on Mars consider

447

00:20:23,190 --> 00:20:20,280

what we think we're finding on Mars now

448

00:20:25,470 --> 00:20:23,200

now just have fun with this just have

449

00:20:28,680 --> 00:20:25,480

fun with this let's say 104 years ago

450

00:20:30,750 --> 00:20:28,690

these guys really got there and they

451

00:20:33,120 --> 00:20:30,760

found the same remnants of the

452

00:20:36,600 --> 00:20:33,130

civilization that we think we're finding

453

00:20:38,970 --> 00:20:36,610

today okay what would you know what

454

00:20:40,860 --> 00:20:38,980

would they have done well I say that

455

00:20:43,230 --> 00:20:40,870

that was the decision point

456

00:20:45,240 --> 00:20:43,240

the turning point I say that's when they

457

00:20:48,090 --> 00:20:45,250

would have looked at what they had what

458

00:20:51,690 --> 00:20:48,100

they found and that's when they decided

459

00:20:53,130 --> 00:20:51,700

to break away and make this technology

460

00:20:54,870 --> 00:20:53,140

their own because remember these are the

461

00:20:56,850 --> 00:20:54,880

guys who had developed it these are the

462

00:20:58,680 --> 00:20:56,860

guys that you know they felt kind of an

463

00:21:00,720 --> 00:20:58,690

ownership of it because they were the

464

00:21:02,690 --> 00:21:00,730

ones who had carried it thus far they

465

00:21:07,140 --> 00:21:02,700

were the one to doing these things and

466

00:21:10,200 --> 00:21:07,150

that is kind of the the basic background

467

00:21:13,200 --> 00:21:10,210

of how I came to this theory that there

468

00:21:14,850 --> 00:21:13,210

is this breakaway that I call the 1903 I

469

00:21:17,310 --> 00:21:14,860

now if they exist I don't know what they

470

00:21:21,060 --> 00:21:17,320

call themselves right I refer to them as

471

00:21:22,649 --> 00:21:21,070

the 1903 and philosophically in my

472

00:21:26,399 --> 00:21:22,659

opinion they would have been quite

473

00:21:28,710 --> 00:21:26,409

opposed to the nimza okay very much

474

00:21:31,139 --> 00:21:28,720

opposed to the names oh right on so

475

00:21:34,350 --> 00:21:31,149

that's a great story that I love and

476
00:21:37,740 --> 00:21:34,360
quite a few building blocks now how do

477
00:21:41,299 --> 00:21:37,750
we connect the dots from from here to

478
00:21:44,100 --> 00:21:41,309
the current president or his family oh

479
00:21:48,570 --> 00:21:44,110
that is a story that made my jaw drop

480
00:21:51,299 --> 00:21:48,580
you and I have Stephen Romano to thank

481
00:21:55,139 --> 00:21:51,309
for pointing it out to me Stephen Romano

482
00:21:58,980 --> 00:21:55,149
runs a gallery in New York and he and

483
00:22:02,700 --> 00:21:58,990
some other writers put together this

484
00:22:05,880 --> 00:22:02,710
book about Charles del shell which is

485
00:22:09,029 --> 00:22:05,890
primarily a large book full color plates

486
00:22:10,830 --> 00:22:09,039
of Charles del shells art his drawings

487
00:22:13,620 --> 00:22:10,840
of these flying contraptions from the

488
00:22:15,630 --> 00:22:13,630

1850 it's an astonishing book I

489

00:22:17,820 --> 00:22:15,640

recommend it highly to anyone really

490

00:22:20,100 --> 00:22:17,830

interested in this stuff and one day a

491

00:22:24,450 --> 00:22:20,110

couple years back maybe a year or so ago

492

00:22:28,680 --> 00:22:24,460

I'd have to look Steven asked me if I

493

00:22:30,930 --> 00:22:28,690

had noticed this particular little batch

494

00:22:33,389 --> 00:22:30,940

of drawings del shall did hundreds of

495

00:22:36,870 --> 00:22:33,399

these by the way I mean I have laid eyes

496

00:22:39,840 --> 00:22:36,880

on all of them still myself but Steven

497

00:22:43,440 --> 00:22:39,850

pointed out a drawing which dates back

498

00:22:46,649 --> 00:22:43,450

sometime between 1890 and 1910 that del

499

00:22:49,440 --> 00:22:46,659

shall did of one of these flying

500

00:22:52,880 --> 00:22:49,450

machines from the 1850s which was

501
00:22:54,660 --> 00:22:52,890
designed and allegedly constructed by

502
00:22:56,970 --> 00:22:54,670
one of the original

503
00:23:01,130 --> 00:22:56,980
members of the Sonora Aero Club okay and

504
00:23:05,820 --> 00:23:01,140
that man's name in the 1850s was Trump

505
00:23:09,030 --> 00:23:05,830
er UMP and there in his drawings dating

506
00:23:12,150 --> 00:23:09,040
back sometime between 1890 and 1910 is

507
00:23:14,160 --> 00:23:12,160
the arrow and it had the name Trump

508
00:23:15,690 --> 00:23:14,170
right there in the artwork I've

509
00:23:18,300 --> 00:23:15,700
published an article on this of course

510
00:23:20,310 --> 00:23:18,310
and I'll be including you know the

511
00:23:23,490 --> 00:23:20,320
discussion does in the new book but it's

512
00:23:24,930 --> 00:23:23,500
on my Empire the wheel blog spot.com you

513
00:23:25,350 --> 00:23:24,940

scroll down you'll find it you can't

514

00:23:29,100 --> 00:23:25,360

miss it

515

00:23:31,350 --> 00:23:29,110

now so there was that and that made my

516

00:23:33,900 --> 00:23:31,360

jaw drop I mean could it be we know that

517

00:23:36,090 --> 00:23:33,910

Donald Trump's family ancestors from

518

00:23:38,640 --> 00:23:36,100

Germany immigrated here in the 19th

519

00:23:40,890 --> 00:23:38,650

century was it possible that there's a

520

00:23:45,000 --> 00:23:40,900

connection between his family and this

521

00:23:48,150 --> 00:23:45,010

Trump guy in the 1850s Sonora Aero Club

522

00:23:50,010 --> 00:23:48,160

well you know if we just had that it

523

00:23:52,380 --> 00:23:50,020

would be this interesting little quirky

524

00:23:55,410 --> 00:23:52,390

thing but there's the rest of the story

525

00:23:59,160 --> 00:23:55,420

right and that's where the 1903 comes in

526
00:24:02,450 --> 00:23:59,170
now to give the quick background I argue

527
00:24:05,070 --> 00:24:02,460
that how Solomon Andrews in the 1860s

528
00:24:07,530 --> 00:24:05,080
came to know about this anti-gravity

529
00:24:10,440 --> 00:24:07,540
stuff is that it's very possible he was

530
00:24:13,190 --> 00:24:10,450
associated somehow with members of the

531
00:24:16,320 --> 00:24:13,200
Sonora Aero Club or one of the other

532
00:24:19,860 --> 00:24:16,330
groups that we don't know about the del

533
00:24:22,140 --> 00:24:19,870
shall just alluded to and so you might

534
00:24:25,230 --> 00:24:22,150
have had some of the Sonora Aero Club

535
00:24:27,000 --> 00:24:25,240
guys involved in this black project as

536
00:24:28,770 --> 00:24:27,010
post-civil war black project now

537
00:24:32,210 --> 00:24:28,780
remember Solomon Andrews called his

538
00:24:35,250 --> 00:24:32,220

flooring machine the air on a ero N and

539

00:24:37,800 --> 00:24:35,260

del shall you know he referred to the

540

00:24:39,930 --> 00:24:37,810

ones the decade priors arrows a ero

541

00:24:42,030 --> 00:24:39,940

now I know that that's a prefix having

542

00:24:45,390 --> 00:24:42,040

to do with things aeronautical aeroplane

543

00:24:47,370 --> 00:24:45,400

you know and so forth but it's

544

00:24:48,810 --> 00:24:47,380

interesting that there's this similarity

545

00:24:53,010 --> 00:24:48,820

on what they call their contraptions

546

00:24:55,770 --> 00:24:53,020

okay now what I'm saying is if the

547

00:24:57,780 --> 00:24:55,780

pedigree of this black project includes

548

00:25:00,900 --> 00:24:57,790

guys from the Sonora Aero Club of the

549

00:25:03,930 --> 00:25:00,910

1850s into this black project that stood

550

00:25:07,290 --> 00:25:03,940

up post-civil war in 1865 and was

551
00:25:08,549 --> 00:25:07,300
involved in the 1890s airship mystery we

552
00:25:15,539 --> 00:25:08,559
know

553
00:25:18,570 --> 00:25:15,549
in the United States by the 1880s if he

554
00:25:20,669 --> 00:25:18,580
is also a descendant of the Trump in the

555
00:25:24,539 --> 00:25:20,679
Sonora era club it's very possible that

556
00:25:26,850 --> 00:25:24,549
that Sonora Aaron club Trump you know

557
00:25:29,759 --> 00:25:26,860
had some contact with or something to do

558
00:25:32,489 --> 00:25:29,769
with Donald Trump's ancestor that was

559
00:25:36,060 --> 00:25:32,499
here in the 1880s and that there might

560
00:25:39,149 --> 00:25:36,070
have been a trump involved in this 1890s

561
00:25:41,909 --> 00:25:39,159
airship mystery milieu okay now that's

562
00:25:44,999 --> 00:25:41,919
not even the interesting part we get to

563
00:25:47,249 --> 00:25:45,009

this 1903 story where Tesla's I said

564

00:25:50,060 --> 00:25:47,259

before allegedly you know an airship of

565

00:25:53,700 --> 00:25:50,070

his design flies to Mars and on so forth

566

00:25:55,980 --> 00:25:53,710

we you know subsequently know that Tesla

567

00:25:58,440 --> 00:25:55,990

got involved with secret US technology

568

00:26:02,249 --> 00:25:58,450

as we got into World War two

569

00:26:05,009 --> 00:26:02,259

into that era we come to 1943 when

570

00:26:07,739 --> 00:26:05,019

Nikola Tesla dies okay he lived in a

571

00:26:08,730 --> 00:26:07,749

room in a hotel in New York City and the

572

00:26:11,940 --> 00:26:08,740

day he died

573

00:26:14,899 --> 00:26:11,950

federal agents showed up at his room and

574

00:26:19,109 --> 00:26:14,909

removed documents from his personal safe

575

00:26:21,029 --> 00:26:19,119

okay now speculation is that these

576

00:26:24,600 --> 00:26:21,039

documents involved classified technology

577

00:26:32,039 --> 00:26:24,610

that he had been doing for the Office of

578

00:26:34,320 --> 00:26:32,049

Naval Research okay and the FBI wanted

579

00:26:37,820 --> 00:26:34,330

to take a look at the time at these

580

00:26:41,190 --> 00:26:37,830

papers so they hired or enlisted an

581

00:26:42,930 --> 00:26:41,200

expert a technical expert to look at

582

00:26:44,909 --> 00:26:42,940

those documents this is history

583

00:26:47,940 --> 00:26:44,919

this is fact there's no speculation here

584

00:26:51,180 --> 00:26:47,950

the FBI hired this individual with the

585

00:26:54,119 --> 00:26:51,190

technical expertise to look at Tesla's

586

00:26:56,999 --> 00:26:54,129

papers that they were allowed to see by

587

00:27:00,359 --> 00:26:57,009

the Navy okay and I believe the

588

00:27:02,909 --> 00:27:00,369

Immigration Service at the time the guy

589

00:27:07,440 --> 00:27:02,919

that they hired to look through Tesla's

590

00:27:09,600 --> 00:27:07,450

papers was John Trump Donald Trump's

591

00:27:12,119 --> 00:27:09,610

uncle who he has spoken up on several

592

00:27:13,889 --> 00:27:12,129

occasions John Trump was I believe an

593

00:27:17,789 --> 00:27:13,899

electrical engineer he was an engineer

594

00:27:19,919 --> 00:27:17,799

and associated with MIT you can look him

595

00:27:22,200 --> 00:27:19,929

up real guy the president talked about

596

00:27:24,480 --> 00:27:22,210

him all the time he was the

597

00:27:27,240 --> 00:27:24,490

guy who would understand Tesla's papers

598

00:27:29,130 --> 00:27:27,250

now we're told that John Trump reported

599

00:27:31,380 --> 00:27:29,140

to the FBI there's nothing here that

600

00:27:34,170 --> 00:27:31,390

would be of grave importance for the war

601
00:27:39,560 --> 00:27:34,180
effort right now you know but there are

602
00:27:42,830 --> 00:27:39,570
some interesting ideas so

603
00:27:44,450 --> 00:27:42,840
that was a bombshell really that and the

604
00:27:46,970 --> 00:27:44,460
fact that there was a trump in the

605
00:27:49,250 --> 00:27:46,980
Senora arrow club so what do i

606
00:27:53,540 --> 00:27:49,260
extrapolate from this and it's it's a

607
00:27:56,360 --> 00:27:53,550
speculation I laid out for you how you

608
00:27:58,490 --> 00:27:56,370
know Donald Trump's ancestors could have

609
00:28:01,330 --> 00:27:58,500
been involved in this whole airship

610
00:28:04,090 --> 00:28:01,340
mystery technology development of the

611
00:28:08,020 --> 00:28:04,100
19th century

612
00:28:10,510 --> 00:28:08,030
if there were Trump's involved with this

613
00:28:12,700 --> 00:28:10,520

group I call the 19:03 if there were

614

00:28:17,410 --> 00:28:12,710

Trump's that knew about what these guys

615

00:28:19,840 --> 00:28:17,420

had done in going to Mars okay and uh

616

00:28:21,970 --> 00:28:19,850

you know Breaking Away establishing

617

00:28:25,210 --> 00:28:21,980

their own little secretive group it

618

00:28:28,390 --> 00:28:25,220

would be serving their interests if they

619

00:28:31,930 --> 00:28:28,400

had their family member their guy John

620

00:28:33,900 --> 00:28:31,940

Trump taking a look at Tesla's papers to

621

00:28:37,570 --> 00:28:33,910

see if there's any mention of this

622

00:28:42,190 --> 00:28:37,580

alleged flight to Mars or this 1903

623

00:28:45,130 --> 00:28:42,200

group right and if John Trump was

624

00:28:46,870 --> 00:28:45,140

involved in this or played along you

625

00:28:49,300 --> 00:28:46,880

know he might have played it down he

626
00:28:51,760 --> 00:28:49,310
might have removed the part about any

627
00:28:53,980 --> 00:28:51,770
mention of the 1903 or made sure that

628
00:28:57,510 --> 00:28:53,990
that remained secret classified whatever

629
00:28:59,950 --> 00:28:57,520
this is all of speculation but we have

630
00:29:03,550 --> 00:28:59,960
the uncle of the current president

631
00:29:05,860 --> 00:29:03,560
United States as you know he is the guy

632
00:29:10,090 --> 00:29:05,870
the FBI hired to look at Tesla's papers

633
00:29:12,010 --> 00:29:10,100
may we've got mezcla with his alleged

634
00:29:14,980 --> 00:29:12,020
connections to the airship mystery you

635
00:29:17,790 --> 00:29:14,990
see the math an interesting math starts

636
00:29:20,620 --> 00:29:17,800
to add up now people will obviously say

637
00:29:24,550 --> 00:29:20,630
did this have anything to do with Donald

638
00:29:27,640 --> 00:29:24,560

Trump becoming president my comments on

639

00:29:32,560 --> 00:29:30,610

isn't it interesting that this guy that

640

00:29:34,510 --> 00:29:32,570

set aside personal opinions or whatever

641

00:29:36,580 --> 00:29:34,520

yeah I'm not getting into a political

642

00:29:38,890 --> 00:29:36,590

discussion isn't it interesting that

643

00:29:40,720 --> 00:29:38,900

this particular guy who rubs so many

644

00:29:44,170 --> 00:29:40,730

people the wrong way and so forth and on

645

00:29:46,060 --> 00:29:44,180

he takes on the two most powerful

646

00:29:50,590 --> 00:29:46,070

political families of the last thirty

647

00:29:54,640 --> 00:29:50,600

years right and they come across like

648

00:29:56,950 --> 00:29:54,650

flaccid limp rags nothing they try works

649

00:29:59,790 --> 00:29:56,960

their hat is handed to them and they're

650

00:30:03,370 --> 00:29:59,800

told thank you bye-bye right and then

651
00:30:06,130 --> 00:30:03,380
you know Hillary hangs in there and look

652
00:30:08,230 --> 00:30:06,140
what a fool she's made to look like you

653
00:30:12,970 --> 00:30:08,240
got to ask yourself Wow

654
00:30:16,170 --> 00:30:12,980
who was powerful enough to render the

655
00:30:19,720 --> 00:30:16,180
bush dynasty and the Clinton machine as

656
00:30:23,950 --> 00:30:19,730
impotent as they clearly became I mean

657
00:30:27,430 --> 00:30:23,960
look how soon Jeb was shot down oh my

658
00:30:29,440 --> 00:30:27,440
gosh the tactics right right so you got

659
00:30:31,180 --> 00:30:29,450
to ask yourself what's interesting is

660
00:30:33,340 --> 00:30:31,190
every person who runs for president has

661
00:30:35,710 --> 00:30:33,350
a little mafia will say a little em I

662
00:30:37,540 --> 00:30:35,720
don't mean the Italian mafia or the you

663
00:30:39,820 --> 00:30:37,550

know whatever a little em you know

664

00:30:42,250 --> 00:30:39,830

they've got a powerful group you know

665

00:30:44,710 --> 00:30:42,260

power group behind them and you got to

666

00:30:48,100 --> 00:30:44,720

ask yourself okay who was behind Trump

667

00:30:49,510 --> 00:30:48,110

was it the Russians no that's friggin

668

00:30:53,140 --> 00:30:49,520

ridiculous okay

669

00:30:55,030 --> 00:30:53,150

I suggest based on all the stuff we're

670

00:30:57,910 --> 00:30:55,040

talking about this Trump and the Sonora

671

00:31:00,940 --> 00:30:57,920

Aero Club his you know Uncle John being

672

00:31:03,090 --> 00:31:00,950

the guy who got to see these famously

673

00:31:05,860 --> 00:31:03,100

mysterious Tesla papers think about that

674

00:31:08,200 --> 00:31:05,870

you've got this airship history history

675

00:31:12,130 --> 00:31:08,210

milieu you've got Trump's involved in

676

00:31:15,450 --> 00:31:12,140

that hmm baby I'm right maybe there is

677

00:31:19,870 --> 00:31:15,460

this group that yeah I call the 1903 and

678

00:31:22,600 --> 00:31:19,880

it makes a lot of sense that nimza would

679

00:31:24,400 --> 00:31:22,610

back up the Clinton machine that nimza

680

00:31:27,610 --> 00:31:24,410

would also at the same time back up the

681

00:31:29,680 --> 00:31:27,620

bush dynasty because with those two

682

00:31:31,360 --> 00:31:29,690

groups we're talking about globalists

683

00:31:34,320 --> 00:31:31,370

we're talking about Neil Kahn's we're

684

00:31:36,670 --> 00:31:34,330

talking you know about modern fascists

685

00:31:39,520 --> 00:31:36,680

socialists you know two sides of the

686

00:31:41,770 --> 00:31:39,530

same coin that want to do the same thing

687

00:31:46,450 --> 00:31:41,780

with their power in the war

688

00:31:49,750 --> 00:31:46,460

they are clear nimza cut out in my

689

00:31:51,730 --> 00:31:49,760

perspective so you would have a ninja

690

00:31:53,800 --> 00:31:51,740

behind them well who could stand up to

691

00:31:57,400 --> 00:31:53,810

ninja theoretically with all this stuff

692

00:32:00,270 --> 00:31:57,410

I've said so far today who could stand

693

00:32:03,310 --> 00:32:00,280

up to ninja possibly the splinter group

694

00:32:04,720 --> 00:32:03,320

that's right this other group the 19:03

695

00:32:07,420 --> 00:32:04,730

that what did I say about them before

696

00:32:09,940 --> 00:32:07,430

they would have I firmly believe they

697

00:32:13,810 --> 00:32:09,950

would have and do if they exist oppose

698

00:32:17,470 --> 00:32:13,820

nimza and apparently they can match

699

00:32:20,380 --> 00:32:17,480

their power because I suggest that

700

00:32:24,040 --> 00:32:20,390

that's who the Mafia behind Donald

701

00:32:25,900 --> 00:32:24,050

Trump's winning the presidency that's

702

00:32:28,690 --> 00:32:25,910

who was behind that who helped him

703

00:32:30,790 --> 00:32:28,700

confidently take on I mean cuz look at

704

00:32:33,400 --> 00:32:30,800

the court in dynasty or the bush dynasty

705

00:32:34,960 --> 00:32:33,410

and the Clinton machine you know clearly

706

00:32:39,720 --> 00:32:34,970

they're both willing to do ruthless

707

00:32:43,690 --> 00:32:39,730

things right okay and they look like

708

00:32:47,350 --> 00:32:43,700

fools up against you know Trump's

709

00:32:48,490 --> 00:32:47,360

machine that's true one other element I

710

00:32:52,420 --> 00:32:48,500

wanted to bring up to you I don't know

711

00:32:55,680 --> 00:32:52,430

if you saw this but John G Trump gave an

712

00:32:57,940 --> 00:32:55,690

interview for a school of radionics

713

00:32:59,140 --> 00:32:57,950

archival library you can find it on

714

00:33:00,940 --> 00:32:59,150

YouTube it's an old black-and-white

715

00:33:03,580 --> 00:33:00,950

interview where they got him at an old

716

00:33:06,280 --> 00:33:03,590

age have you seen this no I haven't oh

717

00:33:08,470 --> 00:33:06,290

it is amazing because there's so many

718

00:33:10,690 --> 00:33:08,480

keywords in it he talks about working

719

00:33:12,040 --> 00:33:10,700

for Weston when that became Bell Labs

720

00:33:16,270 --> 00:33:12,050

when they changed their name to Bell

721

00:33:18,400 --> 00:33:16,280

Labs he also mentions himself in the

722

00:33:21,220 --> 00:33:18,410

first person on camera he mentions

723

00:33:24,670 --> 00:33:21,230

consulting Vannevar Bush personally on

724

00:33:26,410 --> 00:33:24,680

his thesis and then Vannevar recommended

725

00:33:27,940 --> 00:33:26,420

that he connect with another scientist

726

00:33:29,830 --> 00:33:27,950

whose name I can't remember and hadn't

727

00:33:32,200 --> 00:33:29,840

heard before but another scientist who

728

00:33:34,810 --> 00:33:32,210

was working on some wild theories that

729

00:33:38,560 --> 00:33:34,820

Vannevar said he checked out and they

730

00:33:40,870 --> 00:33:38,570

seem to have some merit so he has this

731

00:33:43,300 --> 00:33:40,880

problem he can't solve in his thesis he

732

00:33:45,040 --> 00:33:43,310

goes to van of her Bush and Vannevar

733

00:33:47,620 --> 00:33:45,050

Bush recommends this guy who's working

734

00:33:50,680 --> 00:33:47,630

on wild theories so that key term wild

735

00:33:53,020 --> 00:33:50,690

theories he sets off all kinds of alarm

736

00:33:54,190 --> 00:33:53,030

bells in my head and it is so

737

00:33:55,200 --> 00:33:54,200

interesting to see that particular

738

00:33:57,570 --> 00:33:55,210

interview

739

00:34:01,710 --> 00:33:57,580

and it ties it right into this nexus but

740

00:34:04,140 --> 00:34:01,720

I guess my only confusion or contention

741

00:34:06,240 --> 00:34:04,150

would be that it seems like maybe we

742

00:34:08,610 --> 00:34:06,250

have a criminal or an underground

743

00:34:10,440 --> 00:34:08,620

network who just changed the horses they

744

00:34:13,230 --> 00:34:10,450

were going to back because Goldman Sachs

745

00:34:15,360 --> 00:34:13,240

is funding both sides in a large way we

746

00:34:17,820 --> 00:34:15,370

have this interview where John G Trump

747

00:34:19,830 --> 00:34:17,830

is working in the same building as

748

00:34:22,260 --> 00:34:19,840

Vannevar bush I wonder if for some

749

00:34:24,720 --> 00:34:22,270

reason they just said out with the old

750

00:34:27,030 --> 00:34:24,730

we're gonna go a different direction but

751
00:34:28,950 --> 00:34:27,040
it's still the same mafia or at least

752
00:34:31,200 --> 00:34:28,960
elements of it at the top things are so

753
00:34:33,060 --> 00:34:31,210
interconnected it's really hard to

754
00:34:37,020 --> 00:34:33,070
separate out two groups but you know you

755
00:34:40,440 --> 00:34:37,030
would know better than me unless unless

756
00:34:42,780 --> 00:34:40,450
you come from the perspective I'm going

757
00:34:45,060 --> 00:34:42,790
to share to maybe you know illuminate

758
00:34:48,360 --> 00:34:45,070
this with an example now for three years

759
00:34:50,160 --> 00:34:48,370
when I was an OSI agent for my three

760
00:34:51,870 --> 00:34:50,170
years at wright-patterson Air Force Base

761
00:34:54,030 --> 00:34:51,880
I was chief of a counter espionage

762
00:34:57,330 --> 00:34:54,040
operations branch what that is double

763
00:35:00,240 --> 00:34:57,340

agent operations okay now in the

764

00:35:03,060 --> 00:35:00,250

intelligence world you have spooks of

765

00:35:07,380 --> 00:35:03,070

opposing factions many times working

766

00:35:13,050 --> 00:35:07,390

side by side in a third party group all

767

00:35:16,470 --> 00:35:13,060

the time and so you know number one

768

00:35:19,320 --> 00:35:16,480

there is potentially a big explanation

769

00:35:21,870 --> 00:35:19,330

for what you just pointed out so it can

770

00:35:24,060 --> 00:35:21,880

be confusing if you're outside this

771

00:35:25,530 --> 00:35:24,070

whole perspective you know well how come

772

00:35:27,720 --> 00:35:25,540

these guys are working the same place

773

00:35:29,550 --> 00:35:27,730

they must be in cahoots and that might

774

00:35:33,420 --> 00:35:29,560

not have been the case it might have

775

00:35:36,440 --> 00:35:33,430

been that you have Group A and Group B

776

00:35:41,190 --> 00:35:36,450

okay let's say they want to infiltrate

777

00:35:45,450 --> 00:35:41,200

the FBI now then when I say infiltrate

778

00:35:47,520 --> 00:35:45,460

they just want their guys to kind of be

779

00:35:49,250 --> 00:35:47,530

in the whole mix there and maybe move up

780

00:35:51,120 --> 00:35:49,260

the management structure right

781

00:35:53,120 --> 00:35:51,130

eventually some point have some

782

00:35:55,800 --> 00:35:53,130

influence over the FBI well group a

783

00:35:58,050 --> 00:35:55,810

recruits their young recruits their

784

00:35:59,460 --> 00:35:58,060

young candidates and you know they get

785

00:36:02,130 --> 00:35:59,470

them to apply and they get them to

786

00:36:04,590 --> 00:36:02,140

become agents and they help their career

787

00:36:07,350 --> 00:36:04,600

where they can now during the course of

788

00:36:08,880 --> 00:36:07,360

the day the duty day these people you

789

00:36:10,440 --> 00:36:08,890

know and let's say Group B does

790

00:36:11,790 --> 00:36:10,450

same thing in Group A and B oppose each

791

00:36:13,830 --> 00:36:11,800

other but they each have their own young

792

00:36:17,730 --> 00:36:13,840

folks becoming FBI agents okay

793

00:36:20,580 --> 00:36:17,740

now during the day their Duty day these

794

00:36:23,040 --> 00:36:20,590

agents who each respectively represent

795

00:36:25,530 --> 00:36:23,050

who they are Group B they are FBI agents

796

00:36:27,410 --> 00:36:25,540

and they go about their duties in an

797

00:36:29,700 --> 00:36:27,420

honest way they're legitimately

798

00:36:32,460 --> 00:36:29,710

following the law and they're doing what

799

00:36:35,520 --> 00:36:32,470

FBI agents do and such right but behind

800

00:36:38,540 --> 00:36:35,530

them is this group from which they've

801
00:36:41,490 --> 00:36:38,550
been you know recruited to become an FBI

802
00:36:43,500 --> 00:36:41,500
agent and wherever they hop around in

803
00:36:45,720 --> 00:36:43,510
their career be at the FBI be at the

804
00:36:49,230 --> 00:36:45,730
military whatever you know and it's a CI

805
00:36:53,310 --> 00:36:49,240
or whatever they are still group days

806
00:36:56,700 --> 00:36:53,320
boy or group B's boy okay they're not

807
00:36:58,800 --> 00:36:56,710
being traitors they're not telling

808
00:37:01,290 --> 00:36:58,810
secrets they shouldn't tell they just

809
00:37:03,420 --> 00:37:01,300
have that association now Group A and

810
00:37:05,580 --> 00:37:03,430
Group B oppose each other they might

811
00:37:09,480 --> 00:37:05,590
each have their boys their respective

812
00:37:11,340 --> 00:37:09,490
agents on the same squad working bank

813
00:37:15,570 --> 00:37:11,350

robberies or working national security

814

00:37:17,490 --> 00:37:15,580

or whatever on the same squad you know

815

00:37:18,750 --> 00:37:17,500

from opposing factions but in the course

816

00:37:21,090 --> 00:37:18,760

of their duties they're doing for the

817

00:37:22,530 --> 00:37:21,100

FBI their overt duties they're doing it

818

00:37:25,470 --> 00:37:22,540

right they're doing it legally they're

819

00:37:28,290 --> 00:37:25,480

doing it right yet they're still

820

00:37:30,060 --> 00:37:28,300

associated with different factions to

821

00:37:32,400 --> 00:37:30,070

what degree they're each you know these

822

00:37:36,690 --> 00:37:32,410

agent representatives would be aware

823

00:37:39,450 --> 00:37:36,700

that they were really you know recruited

824

00:37:41,970 --> 00:37:39,460

by these groups that differs but what

825

00:37:43,890 --> 00:37:41,980

I'm saying is yeah I'm going to say that

826
00:37:46,860 --> 00:37:43,900
goes on a lot more than people would

827
00:37:50,430 --> 00:37:46,870
realize and that could explain why you

828
00:37:52,770 --> 00:37:50,440
have John G Trump the same plays in

829
00:37:53,370 --> 00:37:52,780
Vannevar Bush and whoever else you know

830
00:37:55,950 --> 00:37:53,380
yeah

831
00:37:59,700 --> 00:37:55,960
the other issue here's the contention I

832
00:38:02,520 --> 00:37:59,710
have with my own theory if this 19:03

833
00:38:04,890 --> 00:38:02,530
broke away had this technology where the

834
00:38:07,230 --> 00:38:04,900
heck were they during the world wars

835
00:38:10,380 --> 00:38:07,240
true we really could have used them

836
00:38:12,270 --> 00:38:10,390
during World War two especially and I of

837
00:38:15,600 --> 00:38:12,280
course argued that nimza being behind

838
00:38:19,080 --> 00:38:15,610

the Nazis you know nimza was the real

839

00:38:19,710 --> 00:38:19,090

big enemy as well as the Nazis in World

840

00:38:22,620 --> 00:38:19,720

War two

841

00:38:25,200 --> 00:38:22,630

where was this 1903 well in my opinion

842

00:38:28,410 --> 00:38:25,210

the answer to that was they had just

843

00:38:32,759 --> 00:38:28,420

broken away in 1903 the Prussian nimza

844

00:38:35,279 --> 00:38:32,769

had 70 or 80 years on them okay when the

845

00:38:38,039 --> 00:38:35,289

1903 breaks away they still had to

846

00:38:40,980 --> 00:38:38,049

develop themselves and their technology

847

00:38:44,789 --> 00:38:40,990

and make their things stronger this is

848

00:38:47,549 --> 00:38:44,799

why I argue that they emerged you know

849

00:38:51,809 --> 00:38:47,559

around 2015 in our political process

850

00:38:54,839 --> 00:38:51,819

because they finally could I argue that

851

00:38:57,539 --> 00:38:54,849

this is when they finally stood up and

852

00:39:02,160 --> 00:38:57,549

said we're here and we're here to play

853

00:39:05,759 --> 00:39:02,170

hard and that kind of took the ninja by

854

00:39:07,859 --> 00:39:05,769

surprise so that too could explain how

855

00:39:10,769 --> 00:39:07,869

you have a guy like John Trump if he's

856

00:39:13,980 --> 00:39:10,779

affiliated with the 1903 working in the

857

00:39:15,950 --> 00:39:13,990

same places as these guys who we know

858

00:39:19,650 --> 00:39:15,960

we're military industrial complex

859

00:39:24,390 --> 00:39:19,660

associated Neal on neo-nazi associated

860

00:39:26,819 --> 00:39:24,400

nimza associated okay because 1903 was

861

00:39:29,160 --> 00:39:26,829

developing itself and so think about it

862

00:39:32,339 --> 00:39:29,170

you get your agents your double agents

863

00:39:34,289 --> 00:39:32,349

into Westinghouse or excuse me Bell Labs

864

00:39:35,849 --> 00:39:34,299

or you know you get them into the

865

00:39:39,329 --> 00:39:35,859

military-industrial complex

866

00:39:40,799 --> 00:39:39,339

to see what they're developing because

867

00:39:42,450 --> 00:39:40,809

you know it's my contention that our

868

00:39:44,309 --> 00:39:42,460

military-industrial complex

869

00:39:47,009 --> 00:39:44,319

obviously with its Operation Paperclip

870

00:39:49,259 --> 00:39:47,019

Nazi history in its foundation right I

871

00:39:51,990 --> 00:39:49,269

argue that that's an Enzo

872

00:39:54,029 --> 00:39:52,000

okay anywhere you see post-world War two

873

00:39:56,880 --> 00:39:54,039

Nazi military-industrial complex

874

00:39:59,339 --> 00:39:56,890

that's just thrown in on there in the

875

00:40:01,620 --> 00:39:59,349

background so naturally if the 1903 is

876

00:40:04,650 --> 00:40:01,630

trying to build itself up to be able to

877

00:40:06,599 --> 00:40:04,660

match the nimza and you know come at

878

00:40:09,839 --> 00:40:06,609

them well they're going to put their

879

00:40:11,849 --> 00:40:09,849

guys as close to what nimza is doing in

880

00:40:14,759 --> 00:40:11,859

this military-industrial complex

881

00:40:16,529 --> 00:40:14,769

okay so that they can kind of do a

882

00:40:19,529 --> 00:40:16,539

little corporate espionage so to speak

883

00:40:22,650 --> 00:40:19,539

and what they're doing so that they can

884

00:40:25,079 --> 00:40:22,660

tailor their own development so that's

885

00:40:27,539 --> 00:40:25,089

the best explanation I'd come up with so

886

00:40:29,460 --> 00:40:27,549

far for the question where were these

887

00:40:31,920 --> 00:40:29,470

guys during the world wars when we could

888

00:40:36,480 --> 00:40:31,930

have used them they just weren't able to

889

00:40:38,670 --> 00:40:36,490

take on nimza and the Nazis Wow not

890

00:40:40,440 --> 00:40:38,680

man you make a really compelling case

891

00:40:42,840 --> 00:40:40,450

and of course counterintelligence is

892

00:40:45,359 --> 00:40:42,850

your expertise so we have to strongly

893

00:40:47,940 --> 00:40:45,369

consider the way you break this down the

894

00:40:50,490 --> 00:40:47,950

way you see it and I wanted to throw on

895

00:40:53,070 --> 00:40:50,500

a couple added elements to the del Chou

896

00:40:56,280 --> 00:40:53,080

drawing that reads Trump because it is

897

00:40:58,770 --> 00:40:56,290

so eerily similar to the way they stamp

898

00:41:02,130 --> 00:40:58,780

Trump right across Trump Tower it's

899

00:41:04,590 --> 00:41:02,140

right in the very top similar type font

900

00:41:07,350 --> 00:41:04,600

I mean there's just a real synchronicity

901
00:41:08,640 --> 00:41:07,360
in the way it's displayed and what is

902
00:41:10,620 --> 00:41:08,650
the deal with these Trump's they've just

903
00:41:12,330 --> 00:41:10,630
got to stamp their name on everything

904
00:41:15,930 --> 00:41:12,340
that seems to be something that's part

905
00:41:19,109 --> 00:41:15,940
of their DNA and also another

906
00:41:22,020 --> 00:41:19,119
synchronicity that it's just too wild to

907
00:41:24,690 --> 00:41:22,030
believe almost but this particular photo

908
00:41:27,930 --> 00:41:24,700
is in Delhi series 4500 if I'm not

909
00:41:32,010 --> 00:41:27,940
mistaken it is and Trump's the 45th

910
00:41:34,140 --> 00:41:32,020
president ain't that interesting right

911
00:41:36,390 --> 00:41:34,150
that's a whole conversation right there

912
00:41:38,880 --> 00:41:36,400
Gregg that has to do with the number

913
00:41:42,120 --> 00:41:38,890

nine and that's a whole conversation and

914

00:41:44,370 --> 00:41:42,130

I am not surprised you know I was aware

915

00:41:47,010 --> 00:41:44,380

that the whole election that whoever

916

00:41:48,660 --> 00:41:47,020

would win would be the 45th president

917

00:41:50,910 --> 00:41:48,670

and just with the nine thing alone and

918

00:41:52,530 --> 00:41:50,920

the fact when Stephen Romano pointed

919

00:41:55,530 --> 00:41:52,540

those plates out to me and it's in the

920

00:41:57,960 --> 00:41:55,540

4500 series I laughed out loud because I

921

00:41:59,400 --> 00:41:57,970

said well of course now to go back to

922

00:42:03,210 --> 00:41:59,410

the name I want you to think about

923

00:42:05,609 --> 00:42:03,220

something think of the esoteric magical

924

00:42:09,270 --> 00:42:05,619

implications of that name okay the name

925

00:42:11,790 --> 00:42:09,280

of Trump okay I ask you what did Donald

926

00:42:13,560 --> 00:42:11,800

Trump do in the primaries what did he do

927

00:42:16,200 --> 00:42:13,570

to Hillary Clinton what did he do to all

928

00:42:18,750 --> 00:42:16,210

of them he clumped them just like in the

929

00:42:21,150 --> 00:42:18,760

card game and we used the term trumping

930

00:42:24,990 --> 00:42:21,160

and it's been used for years as kind of

931

00:42:26,970 --> 00:42:25,000

a euphemism for I whip your ass yeah so

932

00:42:29,520 --> 00:42:26,980

think about it you got this guy his

933

00:42:32,250 --> 00:42:29,530

name's Trump so when you plaster that

934

00:42:36,030 --> 00:42:32,260

name on your stuff you're bringing the

935

00:42:37,230 --> 00:42:36,040

power of that concept okay this is magic

936

00:42:39,480 --> 00:42:37,240

this is a form of magic it's

937

00:42:42,650 --> 00:42:39,490

psychological yeah but it works you're

938

00:42:45,480 --> 00:42:42,660

saying boom I'm trumping you I Trump you

939

00:42:48,330 --> 00:42:45,490

right and so when you see my name in all

940

00:42:49,380 --> 00:42:48,340

caps and red letters of gold and boom

941

00:42:50,370 --> 00:42:49,390

there it is

942

00:42:52,530 --> 00:42:50,380

basically

943

00:42:54,750 --> 00:42:52,540

saying whatever you can do I will do

944

00:42:57,930 --> 00:42:54,760

better in a whoop your ass proving it

945

00:42:59,400 --> 00:42:57,940

and to me there is why when you say

946

00:43:00,930 --> 00:42:59,410

what's up with these guys you know I

947

00:43:03,720 --> 00:43:00,940

would venture to say if we each had a

948

00:43:05,790 --> 00:43:03,730

name like that we might use it the same

949

00:43:08,460 --> 00:43:05,800

way I mean my first name when I was a

950

00:43:12,510 --> 00:43:08,470

kid and learned what Walter means strong

951
00:43:15,120 --> 00:43:12,520
ruler Varney oh hell yeah I love that I

952
00:43:18,360 --> 00:43:15,130
have fun with that all the time that's

953
00:43:21,840 --> 00:43:18,370
why I don't go by Walt or Wally I go by

954
00:43:26,070 --> 00:43:21,850
Walter because it's that strong strong

955
00:43:28,620 --> 00:43:26,080
role of army so it's the same thing and

956
00:43:31,440 --> 00:43:28,630
I think that's why Donald does it you

957
00:43:34,590 --> 00:43:31,450
know on his down the car and then you

958
00:43:38,880 --> 00:43:34,600
know look we live in an era where we

959
00:43:42,030 --> 00:43:38,890
demonize healthy ego even we demonize

960
00:43:45,690 --> 00:43:42,040
healthy aggression you know we want to

961
00:43:48,300 --> 00:43:45,700
take the teeth in the musculature off of

962
00:43:52,170 --> 00:43:48,310
the males in our society okay we want to

963
00:43:52,920 --> 00:43:52,180

neuter them make them gentle but nature

964

00:43:55,380 --> 00:43:52,930

says otherwise

965

00:43:58,860 --> 00:43:55,390

now I don't advocate running around

966

00:44:03,320 --> 00:43:58,870

being a brute okay bullies everybody in

967

00:44:06,150 --> 00:44:03,330

such blah blah blah but it's this whole

968

00:44:11,100 --> 00:44:06,160

there is healthy ego there is you know

969

00:44:14,610 --> 00:44:11,110

just healthy rah rah you know the thing

970

00:44:16,950 --> 00:44:14,620

that had been very productive in a

971

00:44:18,990 --> 00:44:16,960

positive way but we live in a time where

972

00:44:20,820 --> 00:44:19,000

we're supposed to deny that be polite

973

00:44:22,860 --> 00:44:20,830

and deny that well you know my view is

974

00:44:24,990 --> 00:44:22,870

I'm almost 54 years old I gave up on

975

00:44:28,950 --> 00:44:25,000

that polite crap years ago because I see

976

00:44:30,930 --> 00:44:28,960

I will not be murdered fair enough man

977

00:44:33,210 --> 00:44:30,940

that's a mind frame that you know

978

00:44:35,070 --> 00:44:33,220

there's other guys that learn it early

979

00:44:37,740 --> 00:44:35,080

on yeah you're not going to neuter me

980

00:44:41,580 --> 00:44:37,750

and look what I can accomplish and you

981

00:44:43,860 --> 00:44:41,590

know that's kind of my mindset I also

982

00:44:45,870 --> 00:44:43,870

wanted to throw in a couple of elements

983

00:44:48,690 --> 00:44:45,880

of Internet speculation here with this

984

00:44:51,090 --> 00:44:48,700

Trump saga but in several situations

985

00:44:53,100 --> 00:44:51,100

we've seen fiction that mirrors real

986

00:44:54,450 --> 00:44:53,110

events and real covert projects one

987

00:44:56,520 --> 00:44:54,460

well-known example would be the book

988

00:44:58,410 --> 00:44:56,530

about the mighty ship the Titan and it's

989

00:45:00,750 --> 00:44:58,420

crashed in the iceberg written fourteen

990

00:45:03,240 --> 00:45:00,760

years before the Titanic saga yeah well

991

00:45:04,680 --> 00:45:03,250

a parallel theme comes up in this saga

992

00:45:08,010 --> 00:45:04,690

too and I'm curious to get your thoughts

993

00:45:10,260 --> 00:45:08,020

on it because in 1893 right in the heart

994

00:45:13,110 --> 00:45:10,270

of all this stuff a woman living in New

995

00:45:15,030 --> 00:45:13,120

York named Inger Sol Lockwood wrote a

996

00:45:17,160 --> 00:45:15,040

book called Baron Trump's marvelous

997

00:45:18,630 --> 00:45:17,170

underground journey where this boy goes

998

00:45:21,240 --> 00:45:18,640

down into the Inner Earth through a

999

00:45:23,880 --> 00:45:21,250

tunnel in Russia the same author also

1000

00:45:25,950 --> 00:45:23,890

wrote several other books in this barren

1001

00:45:29,010 --> 00:45:25,960

Trump series including one called the

1002

00:45:31,500 --> 00:45:29,020

last president which describes severely

1003

00:45:34,080 --> 00:45:31,510

polarized American crowds rioting and

1004

00:45:36,120 --> 00:45:34,090

the riots start at a hotel on Fifth

1005

00:45:37,890 --> 00:45:36,130

Avenue could that be Trump Tower now to

1006

00:45:40,260 --> 00:45:37,900

add icing on this cake the book

1007

00:45:42,630 --> 00:45:40,270

describes the riots starting on the day

1008

00:45:46,080 --> 00:45:42,640

of November 3rd which just so happens to

1009

00:45:48,870 --> 00:45:46,090

fall on the next election day in 2020 so

1010

00:45:51,630 --> 00:45:48,880

if the German last name of the 45th

1011

00:45:53,970 --> 00:45:51,640

president appears in series 4,500 of the

1012

00:45:57,320 --> 00:45:53,980

secret German airship drawings what the

1013

00:46:01,890 --> 00:45:57,330

hell is going on with this book series

1014

00:46:03,150 --> 00:46:01,900

isn't that extremely delightful I love

1015

00:46:07,380 --> 00:46:03,160

this kind of stuff

1016

00:46:10,890 --> 00:46:07,390

look there is most definitely something

1017

00:46:14,190 --> 00:46:10,900

going on what it is exactly I couldn't

1018

00:46:17,810 --> 00:46:14,200

tell you the whole thing I will say the

1019

00:46:21,420 --> 00:46:17,820

reason I am convinced of this is

1020

00:46:23,730 --> 00:46:21,430

personally is do two things that I

1021

00:46:27,710 --> 00:46:23,740

personally stumbled upon for myself

1022

00:46:30,750 --> 00:46:27,720

years ago and that has to do with why I

1023

00:46:32,580 --> 00:46:30,760

wrote a now I found the threads to pull

1024

00:46:34,260 --> 00:46:32,590

in the Empire the wheel books that I've

1025

00:46:37,710 --> 00:46:34,270

written and really and everything I've

1026

00:46:40,410 --> 00:46:37,720

read but I don't have enough to you know

1027

00:46:42,030 --> 00:46:40,420

go forward and say completely why I'm

1028

00:46:43,770 --> 00:46:42,040

convinced there's something going on but

1029

00:46:45,990 --> 00:46:43,780

this kind of thing we're talking about

1030

00:46:49,410 --> 00:46:46,000

these ingersoll-rand books are just a

1031

00:46:52,100 --> 00:46:49,420

tiny example of the kinds of things that

1032

00:46:54,720 --> 00:46:52,110

are out there some people have suggested

1033

00:46:56,460 --> 00:46:54,730

time travel okay

1034

00:46:58,800 --> 00:46:56,470

you know like there's some time-travel

1035

00:47:03,390 --> 00:46:58,810

machine and on and on so forth you know

1036

00:47:05,460 --> 00:47:03,400

I don't lean towards that I do for grins

1037

00:47:10,050 --> 00:47:05,470

and chuckles entertain the possibility

1038

00:47:13,410 --> 00:47:10,060

that you know looking three times within

1039

00:47:14,790 --> 00:47:13,420

a remote viewing context you know well

1040

00:47:17,640 --> 00:47:14,800

maybe there's something like that going

1041

00:47:19,500 --> 00:47:17,650

on but indeed at first when I heard this

1042

00:47:22,500 --> 00:47:19,510

I thought all these books can't be real

1043

00:47:24,900 --> 00:47:22,510

this yeah no pun intended trumped-up I

1044

00:47:26,340 --> 00:47:24,910

had to buy one did you get one yeah I

1045

00:47:28,710 --> 00:47:26,350

bought a physical copy because I

1046

00:47:30,720 --> 00:47:28,720

couldn't believe it and it's real right

1047

00:47:33,120 --> 00:47:30,730

oh it's real yeah that's my

1048

00:47:35,609 --> 00:47:33,130

understanding - that is real well it

1049

00:47:37,109 --> 00:47:35,619

could be let's have fun with this let's

1050

00:47:39,599 --> 00:47:37,119

look from the remote viewing perspective

1051
00:47:42,930 --> 00:47:39,609
you know by no means was remote viewing

1052
00:47:46,170 --> 00:47:42,940
the basic concept of it non-existent

1053
00:47:46,800 --> 00:47:46,180
before the SSRI guys did it for the male

1054
00:47:49,680 --> 00:47:46,810
famous

1055
00:47:52,020 --> 00:47:49,690
army operation remote viewing and it's

1056
00:47:57,300 --> 00:47:52,030
concept has been going on since humans

1057
00:48:01,320 --> 00:47:57,310
began I would say maybe these guys were

1058
00:48:06,450 --> 00:48:01,330
able to remote view across time I don't

1059
00:48:10,020 --> 00:48:06,460
know or maybe they understood something

1060
00:48:12,810 --> 00:48:10,030
about the mathematics of reality the

1061
00:48:16,620 --> 00:48:12,820
fabric of reality and how certain

1062
00:48:17,940 --> 00:48:16,630
numbers are indicators of destinies and

1063
00:48:21,240 --> 00:48:17,950

fates okay

1064

00:48:23,849 --> 00:48:21,250

and maybe they understood how to put the

1065

00:48:25,980 --> 00:48:23,859

pins so to speak in the fabric of

1066

00:48:28,500 --> 00:48:25,990

reality can cause the ripples down the

1067

00:48:30,870 --> 00:48:28,510

line now I'm getting you know some very

1068

00:48:33,150 --> 00:48:30,880

esoteric things here but maybe they

1069

00:48:35,340 --> 00:48:33,160

understood how to manipulate that now

1070

00:48:37,620 --> 00:48:35,350

there is this concept I was introduced

1071

00:48:38,460 --> 00:48:37,630

to it by Setia a and forgive me I can't

1072

00:48:40,590 --> 00:48:38,470

remember the name of the guy who

1073

00:48:44,010 --> 00:48:40,600

originated it that he got it from but

1074

00:48:46,170 --> 00:48:44,020

there's this concept of the let me see

1075

00:48:49,070 --> 00:48:46,180

if I get this right yep the axis of

1076

00:48:53,130 --> 00:48:49,080

circumstance and the vector of desire

1077

00:48:55,859 --> 00:48:53,140

okay now Setia reads interpretation that

1078

00:48:58,260 --> 00:48:55,869

we have discussed a great length

1079

00:48:59,880 --> 00:48:58,270

is that you have this axis of

1080

00:49:02,280 --> 00:48:59,890

circumstances or all the lines of the

1081

00:49:03,750 --> 00:49:02,290

factors of your personal life that are

1082

00:49:05,700 --> 00:49:03,760

out of your control like who your

1083

00:49:07,920 --> 00:49:05,710

parents are like you know when you were

1084

00:49:09,900 --> 00:49:07,930

a kid where they had you live

1085

00:49:11,130 --> 00:49:09,910

things like that right and the things in

1086

00:49:12,390 --> 00:49:11,140

the greater world out there that you

1087

00:49:15,870 --> 00:49:12,400

don't control those are the

1088

00:49:18,660 --> 00:49:15,880

circumstances with which in your life

1089

00:49:23,180 --> 00:49:18,670

you have to deal with the vector of

1090

00:49:26,190 --> 00:49:23,190

desire is the degree to which your will

1091

00:49:29,940 --> 00:49:26,200

affects your life within the context of

1092

00:49:33,330 --> 00:49:29,950

those circumstances now maybe somebody

1093

00:49:35,730 --> 00:49:33,340

in Trump's family past understood

1094

00:49:40,620 --> 00:49:35,740

something about that vector of desire

1095

00:49:43,710 --> 00:49:40,630

and how it could affect or alter or set

1096

00:49:47,160 --> 00:49:43,720

that axis of circumstances for someone

1097

00:49:48,960 --> 00:49:47,170

down their line okay now we're getting

1098

00:49:51,300 --> 00:49:48,970

into weird stuff because quite frankly

1099

00:49:55,500 --> 00:49:51,310

the existence of that book is damn weird

1100

00:49:57,390 --> 00:49:55,510

okay so it demands that we get weird and

1101

00:50:00,450 --> 00:49:57,400

get way outside the box on that

1102

00:50:03,920 --> 00:50:00,460

speculative Lin what do I think is going

1103

00:50:06,270 --> 00:50:03,930

on I'm not quite sure but I am certain

1104

00:50:08,850 --> 00:50:06,280

something's going on there right

1105

00:50:12,570 --> 00:50:08,860

something going on there and I think

1106

00:50:15,060 --> 00:50:12,580

that it involves the true story of the

1107

00:50:16,500 --> 00:50:15,070

20th century the true great mystery of

1108

00:50:18,900 --> 00:50:16,510

our times you know all these people say

1109

00:50:21,060 --> 00:50:18,910

you know UFOs the greatest mystery of

1110

00:50:23,690 --> 00:50:21,070

our time please give me a break the

1111

00:50:27,360 --> 00:50:23,700

mystery of the UFO is a subset of

1112

00:50:30,120 --> 00:50:27,370

something bigger right okay Burton a UFO

1113

00:50:31,740 --> 00:50:30,130

is not the big deal folks let me valet

1114

00:50:34,080 --> 00:50:31,750

said that that's not original with me

1115

00:50:36,540 --> 00:50:34,090

that UFOs I think he said that UFOs are

1116

00:50:38,340 --> 00:50:36,550

a subset of something larger the whole

1117

00:50:40,470 --> 00:50:38,350

extraterrestrial thing that's just a

1118

00:50:42,300 --> 00:50:40,480

subset folks that's not the end-all

1119

00:50:43,730 --> 00:50:42,310

be-all answer to what we're talking

1120

00:50:46,860 --> 00:50:43,740

about here we're talking about

1121

00:50:50,760 --> 00:50:46,870

something's been going on specifically

1122

00:50:53,610 --> 00:50:50,770

for the last hundred and twenty hundred

1123

00:50:58,140 --> 00:50:53,620

and fifty years something's been going

1124

00:51:00,360 --> 00:50:58,150

on that you can catch glimpses of when

1125

00:51:05,490 --> 00:51:00,370

you really look close at the fabric of

1126

00:51:08,490 --> 00:51:05,500

reality and it's elusive and it just

1127

00:51:10,140 --> 00:51:08,500

hasn't really it's elusive for a reason

1128

00:51:12,180 --> 00:51:10,150

and that's because I think the way

1129

00:51:15,260 --> 00:51:12,190

things work and somebody has figured out

1130

00:51:17,400 --> 00:51:15,270

how to manipulate it and as I argue

1131

00:51:19,320 --> 00:51:17,410

usually when I'm being critical of

1132

00:51:21,700 --> 00:51:19,330

quarry building Wilcock and all these

1133

00:51:24,370 --> 00:51:21,710

alleged whistleblowers look

1134

00:51:26,470 --> 00:51:24,380

argue if you've figured out how to

1135

00:51:29,800 --> 00:51:26,480

travel through time or influence time or

1136

00:51:32,980 --> 00:51:29,810

whatever I argue that you're likely

1137

00:51:35,740 --> 00:51:32,990

going to consider not blabbing it not

1138

00:51:38,890 --> 00:51:35,750

going on a damn radio show like whatever

1139

00:51:41,230 --> 00:51:38,900

not this one of course and saying I'm a

1140

00:51:43,060 --> 00:51:41,240

time traveler I mean that's why I raised

1141

00:51:44,800 --> 00:51:43,070

the BS flag on those guys first of all

1142

00:51:46,540 --> 00:51:44,810

if it were true they would have been

1143

00:51:47,770 --> 00:51:46,550

silenced before they got to that point

1144

00:51:49,599 --> 00:51:47,780

where they would have been silenced

1145

00:51:52,300 --> 00:51:49,609

after the very first time they were in

1146

00:51:55,000 --> 00:51:52,310

their mouths like that okay I don't care

1147

00:51:58,270 --> 00:51:55,010

what they say or what their advocates

1148

00:52:01,089 --> 00:51:58,280

used to argue my point is somebody for

1149

00:52:04,000 --> 00:52:01,099

the last hundred years or so has really

1150

00:52:06,099 --> 00:52:04,010

figured out how to send ripple down the

1151
00:52:09,660 --> 00:52:06,109
line a time in space and they've been

1152
00:52:14,589 --> 00:52:09,670
messaging with that and it's a deep deep

1153
00:52:16,480 --> 00:52:14,599
secret yeah man I agree for sure and I

1154
00:52:18,370 --> 00:52:16,490
wanted to get back to your work

1155
00:52:20,260 --> 00:52:18,380
specifically too but the last thing I

1156
00:52:22,540 --> 00:52:20,270
wanted to say about this is that the

1157
00:52:25,120 --> 00:52:22,550
writer of Back to the Future has also

1158
00:52:27,190 --> 00:52:25,130
clearly stated that Biff Tannen is based

1159
00:52:30,160 --> 00:52:27,200
on Donald Trump and it's probably the

1160
00:52:32,410 --> 00:52:30,170
most famous time travel movie in history

1161
00:52:34,089 --> 00:52:32,420
our most famous time travel series in

1162
00:52:36,099 --> 00:52:34,099
history and that's a pretty interesting

1163
00:52:38,770 --> 00:52:36,109

coincidence too when you think about it

1164

00:52:40,599 --> 00:52:38,780

okay my question and I understand the

1165

00:52:42,940 --> 00:52:40,609

whole thing about this and now what he

1166

00:52:44,380 --> 00:52:42,950

becomes in the second one my favorite

1167

00:52:46,660 --> 00:52:44,390

one of those is the third one by the way

1168

00:52:48,700 --> 00:52:46,670

oh gee it's in the Old West and it

1169

00:52:52,470 --> 00:52:48,710

retrospectively kind of feels like the

1170

00:52:56,050 --> 00:52:52,480

whole Senora caverro right but anyway was

1171

00:52:58,720 --> 00:52:56,060

the writer of that saying this before

1172

00:53:00,790 --> 00:52:58,730

the whole Trump became president era or

1173

00:53:03,640 --> 00:53:00,800

is this been something he said after

1174

00:53:04,480 --> 00:53:03,650

that I do think it's something that he

1175

00:53:07,450 --> 00:53:04,490

said

1176

00:53:10,210 --> 00:53:07,460

I mean it's maybe slightly before the

1177

00:53:11,560 --> 00:53:10,220

election time but I think there's some

1178

00:53:13,690 --> 00:53:11,570

similarities if you look at their

1179

00:53:14,050 --> 00:53:13,700

hairstyles for sure if you look at the

1180

00:53:16,750 --> 00:53:14,060

fatter

1181

00:53:19,329 --> 00:53:16,760

Biff was a casino guy right in the movie

1182

00:53:22,420 --> 00:53:19,339

he has like a big Trump like a so that's

1183

00:53:24,730 --> 00:53:22,430

why I'm curious because if this what

1184

00:53:26,829 --> 00:53:24,740

he's saying predates Trump becoming

1185

00:53:29,170 --> 00:53:26,839

president then that does indeed make

1186

00:53:31,870 --> 00:53:29,180

that whole development of those three

1187

00:53:33,880 --> 00:53:31,880

films all the more interesting he could

1188

00:53:35,259 --> 00:53:33,890

be trying to capitalize you know just on

1189

00:53:37,329 --> 00:53:35,269

a popular

1190

00:53:39,519 --> 00:53:37,339

cultural motif you know you can't rule

1191

00:53:41,949 --> 00:53:39,529

that out for sure but when you add those

1192

00:53:43,479 --> 00:53:41,959

elements of the hairstyle the attitude

1193

00:53:45,759 --> 00:53:43,489

in general the fact that he has the

1194

00:53:48,519 --> 00:53:45,769

casinos and the fact that he has that

1195

00:53:51,069 --> 00:53:48,529

painting of himself above his desk

1196

00:53:52,899 --> 00:53:51,079

that's a very Trump type of thing so I'm

1197

00:53:56,019 --> 00:53:52,909

gonna give it to him I think well I'm

1198

00:53:58,389 --> 00:53:56,029

gonna be having it's interesting hanging

1199

00:54:01,299 --> 00:53:58,399

in the hall in my mom's house our photo

1200

00:54:05,229 --> 00:54:01,309

portraits of my sisters and I okay when

1201
00:54:07,779 --> 00:54:05,239
I had mine done I had it put on a larger

1202
00:54:10,269 --> 00:54:07,789
it's the largest picture of all of them

1203
00:54:13,839 --> 00:54:10,279
in her Hall it's mounted on you know

1204
00:54:16,479 --> 00:54:13,849
like gaya' oh not a picture frame but

1205
00:54:19,569 --> 00:54:16,489
when you get your pictures I'm sorry

1206
00:54:22,179 --> 00:54:19,579
it's my 53 year old mind I guess anyway

1207
00:54:24,489 --> 00:54:22,189
you know I did it as a goof and it's

1208
00:54:26,319 --> 00:54:24,499
placed I what I did was when I hung it

1209
00:54:28,659 --> 00:54:26,329
in the hall it hangs higher than all the

1210
00:54:30,339 --> 00:54:28,669
other photos right that's what you get

1211
00:54:33,189 --> 00:54:30,349
with the only boy in the family named

1212
00:54:36,309 --> 00:54:33,199
Walter of all me and I'm going to be

1213
00:54:39,459 --> 00:54:36,319

having another large kind of portrait

1214

00:54:42,159 --> 00:54:39,469

size done from my official book cover

1215

00:54:44,049 --> 00:54:42,169

authors photo done and I do these things

1216

00:54:46,689 --> 00:54:44,059

kind of halfway you know really as a

1217

00:54:48,429 --> 00:54:46,699

goof I even was joking with my sister

1218

00:54:51,009 --> 00:54:48,439

there's a place online where you can get

1219

00:54:52,449 --> 00:54:51,019

a bust made of yourself oh right oh

1220

00:54:56,620 --> 00:54:52,459

that's going to be the Christmas present

1221

00:54:58,569 --> 00:54:56,630

for everybody oh yeah yeah I totally get

1222

00:55:01,359 --> 00:54:58,579

you I did the same thing in high school

1223

00:55:04,209 --> 00:55:01,369

I got my mom a cardboard cutout of

1224

00:55:07,989 --> 00:55:04,219

myself and I got my dad a tie with my

1225

00:55:10,929 --> 00:55:07,999

picture all over it so they I get the

1226

00:55:12,489 --> 00:55:10,939

appeal um yeah that's part of it is that

1227

00:55:13,809 --> 00:55:12,499

boyish man and you know when you're

1228

00:55:15,969 --> 00:55:13,819

talking about a guy like Trump you know

1229

00:55:17,559 --> 00:55:15,979

look wait look I know they say oh he's

1230

00:55:19,599 --> 00:55:17,569

done all these bankruptcies well let me

1231

00:55:21,309 --> 00:55:19,609

tell you something he's made a hell a

1232

00:55:24,579 --> 00:55:21,319

lot more money than I ever had or

1233

00:55:26,349 --> 00:55:24,589

probably ever will you know so right you

1234

00:55:28,509 --> 00:55:26,359

gotta let roosters crow a little bit

1235

00:55:30,370 --> 00:55:28,519

it's funny how and again not in

1236

00:55:32,289 --> 00:55:30,380

political discussion but it's funny how

1237

00:55:33,909 --> 00:55:32,299

when it's your own rooster you let them

1238

00:55:35,349 --> 00:55:33,919

crow and sing all day when it's the

1239

00:55:38,109 --> 00:55:35,359

other guy's rooster you wanted to shut

1240

00:55:40,479 --> 00:55:38,119

the hell up right you know fair enough

1241

00:55:41,829 --> 00:55:40,489

both sides do this both sides do this

1242

00:55:44,199 --> 00:55:41,839

what's really going on people is

1243

00:55:46,899 --> 00:55:44,209

political magic okay where we're being

1244

00:55:48,640 --> 00:55:46,909

divided for a reason because they don't

1245

00:55:51,609 --> 00:55:48,650

want us really coming to get

1246

00:55:54,309 --> 00:55:51,619

that is true I'll side with you on that

1247

00:55:56,559 --> 00:55:54,319

for sure and I definitely also agree

1248

00:55:58,809 --> 00:55:56,569

with you about the use of healthy ego

1249

00:56:01,109 --> 00:55:58,819

especially humor in regards to that too

1250

00:56:03,970 --> 00:56:01,119

but I guess I would probably just say

1251
00:56:05,650 --> 00:56:03,980
for my own clarity that I probably split

1252
00:56:08,170 --> 00:56:05,660
with you in thinking that you know

1253
00:56:10,870 --> 00:56:08,180
Trump's motivations for his ego

1254
00:56:13,410 --> 00:56:10,880
inflation are the same as mine were in

1255
00:56:16,120 --> 00:56:13,420
that day or what I would consider to be

1256
00:56:18,069 --> 00:56:16,130
something that's healthy but that's just

1257
00:56:20,349 --> 00:56:18,079
my opinion I definitely agree with you

1258
00:56:22,539 --> 00:56:20,359
also that they are working to divide us

1259
00:56:24,400 --> 00:56:22,549
and that's probably the bigger issue but

1260
00:56:26,349 --> 00:56:24,410
I also wanted to switch gears a little

1261
00:56:27,640 --> 00:56:26,359
bit and get into some other interesting

1262
00:56:30,400 --> 00:56:27,650
things that you've been talking about I

1263
00:56:32,260 --> 00:56:30,410

know a lot of the inside information you

1264

00:56:34,299 --> 00:56:32,270

have seems to come from disclosures you

1265

00:56:35,589 --> 00:56:34,309

got from your father and a mentor that

1266

00:56:38,049 --> 00:56:35,599

you had when you were working for

1267

00:56:40,120 --> 00:56:38,059

military intelligence and since we last

1268

00:56:42,609 --> 00:56:40,130

talked you wrote a book called

1269

00:56:45,010 --> 00:56:42,619

shimmering light lost in an MKULTRA

1270

00:56:46,960 --> 00:56:45,020

House of onnu which talks about a

1271

00:56:50,440 --> 00:56:46,970

situation where your father was involved

1272

00:56:52,510 --> 00:56:50,450

in a crashed UFO retrieval in 1958 if I

1273

00:56:55,299 --> 00:56:52,520

have this right he seems to have the

1274

00:56:58,240 --> 00:56:55,309

impression that the pilots weren't alien

1275

00:57:00,490 --> 00:56:58,250

but a branch of humans that broke off

1276
00:57:02,500 --> 00:57:00,500
from humanity in ancient times and

1277
00:57:04,240 --> 00:57:02,510
colonized underground which seems to

1278
00:57:05,440 --> 00:57:04,250
vibe with a lot of the things we've been

1279
00:57:08,049 --> 00:57:05,450
talking about can you tell us a little

1280
00:57:12,880 --> 00:57:08,059
more about the story there and how it

1281
00:57:15,130 --> 00:57:12,890
ties in to maybe the larger saga sure to

1282
00:57:17,349 --> 00:57:15,140
better define actually within there

1283
00:57:20,710 --> 00:57:17,359
because it can get confusing okay he

1284
00:57:23,890 --> 00:57:20,720
encountered under the ground humans that

1285
00:57:27,069 --> 00:57:23,900
had gone underground during a surface

1286
00:57:28,839 --> 00:57:27,079
Cataclysm across the planet it is my

1287
00:57:31,930 --> 00:57:28,849
understanding and I hope the book

1288
00:57:35,700 --> 00:57:31,940

conveys this upon reading that the group

1289

00:57:38,500 --> 00:57:35,710

that was the civilization that was

1290

00:57:41,289 --> 00:57:38,510

allegedly flying the thing that crashed

1291

00:57:43,089 --> 00:57:41,299

at Roswell that was specifically a

1292

00:57:44,579 --> 00:57:43,099

different group than the humans he

1293

00:57:49,150 --> 00:57:44,589

encountered that had gone underground

1294

00:57:51,190 --> 00:57:49,160

they were yes really based underground

1295

00:57:55,329 --> 00:57:51,200

this group following the machine but

1296

00:57:58,539 --> 00:57:55,339

they were a group of humans of another

1297

00:58:02,319 --> 00:57:58,549

civilization from another place and

1298

00:58:05,410 --> 00:58:02,329

that's how I get into discussing

1299

00:58:07,719 --> 00:58:05,420

the way to Danann because they may have

1300

00:58:09,759 --> 00:58:07,729

been the group flying the device may

1301
00:58:12,130 --> 00:58:09,769
specifically have been a group of humans

1302
00:58:15,429 --> 00:58:12,140
from some other place off this planet

1303
00:58:18,759 --> 00:58:15,439
outside our world that came here in

1304
00:58:22,390 --> 00:58:18,769
ancient times and I've stayed here and

1305
00:58:23,799 --> 00:58:22,400
influenced human civilization while kind

1306
00:58:25,569 --> 00:58:23,809
of remaining separate from uh sorry I

1307
00:58:27,819 --> 00:58:25,579
should say and I get into this in the

1308
00:58:30,699 --> 00:58:27,829
new book they help develop us for a

1309
00:58:33,069 --> 00:58:30,709
while but then they withdrew and became

1310
00:58:35,380 --> 00:58:33,079
very selective with their encounters

1311
00:58:38,410 --> 00:58:35,390
with us this is all the theory and

1312
00:58:42,400 --> 00:58:38,420
speculation and this matches the lore of

1313
00:58:44,589 --> 00:58:42,410

this group called the tway Eden n I have

1314

00:58:45,880 --> 00:58:44,599

started and I go into this in the book

1315

00:58:48,370 --> 00:58:45,890

I'm not going to try to go into it here

1316

00:58:49,989 --> 00:58:48,380

even put it my thumbnail but I have

1317

00:58:53,620 --> 00:58:49,999

started referring to them as the tway

1318

00:58:55,719 --> 00:58:53,630

Danu and I explained why in the book to

1319

00:58:57,640 --> 00:58:55,729

show the distinction between the

1320

00:59:02,099 --> 00:58:57,650

original group we're talking about and

1321

00:59:06,039 --> 00:59:02,109

their human client tribes or cultures or

1322

00:59:09,459 --> 00:59:06,049

nations that they backed up okay and

1323

00:59:12,459 --> 00:59:09,469

that actually are the ones mostly

1324

00:59:14,739 --> 00:59:12,469

discussed in the Celtic lore and

1325

00:59:16,749 --> 00:59:14,749

histories of what was going on and you

1326

00:59:20,499 --> 00:59:16,759

know prehistoric Europe and on and so

1327

00:59:22,299 --> 00:59:20,509

forth it is the group that came from the

1328

00:59:26,709 --> 00:59:22,309

other world that I called it away the

1329

00:59:29,499 --> 00:59:26,719

new that is in the context of who I

1330

00:59:33,179 --> 00:59:29,509

think and exactly what my dad was

1331

00:59:36,160 --> 00:59:33,189

describing did I confuse the issue more

1332

00:59:37,839 --> 00:59:36,170

no no no because that Celtic lore is

1333

00:59:39,160 --> 00:59:37,849

exactly what I was going to ask you

1334

00:59:40,839 --> 00:59:39,170

about is its connection there because in

1335

00:59:43,059 --> 00:59:40,849

one of your youtube videos you described

1336

00:59:45,819 --> 00:59:43,069

the similarities between these

1337

00:59:48,549 --> 00:59:45,829

quote-unquote alien beings that people

1338

00:59:50,349 --> 00:59:48,559

experience and fairy lore and actually

1339

00:59:53,049 --> 00:59:50,359

some of the technology described in that

1340

00:59:54,849 --> 00:59:53,059

lore matches the kind of shape-shifting

1341

00:59:58,539 --> 00:59:54,859

cloaking technology that's talked about

1342

01:00:01,479 --> 00:59:58,549

in these experiences and I am not the

1343

01:00:04,269 --> 01:00:01,489

first to go there really the first guy

1344

01:00:08,079 --> 01:00:04,279

to go there that I was introduced to

1345

01:00:10,449 --> 01:00:08,089

this concept by was shot in LA yeah you

1346

01:00:13,419 --> 01:00:10,459

know he was famous as a UFO investigator

1347

01:00:16,010 --> 01:00:13,429

in the 60s the 70s and the 80s and into

1348

01:00:18,800 --> 01:00:16,020

the 90s and he

1349

01:00:20,870 --> 01:00:18,810

really began to see this similarity and

1350

01:00:24,080 --> 01:00:20,880

the more he dug into it the more he

1351

01:00:26,500 --> 01:00:24,090

found this group specifically the [h__h]

1352

01:00:28,900 --> 01:00:26,510

Anu tweeted an end

1353

01:00:31,190 --> 01:00:28,910

take your pick it's the two way

1354

01:00:33,920 --> 01:00:31,200

essentially is the same route that's in

1355

01:00:36,170 --> 01:00:33,930

there and what's interesting is and I'm

1356

01:00:38,810 --> 01:00:36,180

not the only guy to notice this really

1357

01:00:41,840 --> 01:00:38,820

after he reached a point where he began

1358

01:00:44,780 --> 01:00:41,850

to see this similarity between these

1359

01:00:47,330 --> 01:00:44,790

alleged extraterrestrials and the tway

1360

01:00:50,120 --> 01:00:47,340

and the fairy lore and all that he

1361

01:00:53,240 --> 01:00:50,130

really really kind of backed off of

1362

01:00:56,840 --> 01:00:53,250

writing about UFOs and doing so much of

1363

01:00:58,760 --> 01:00:56,850

that and I think that's significant and

1364

01:01:01,400 --> 01:00:58,770

I'm not the only one who's noticed this

1365

01:01:03,230 --> 01:01:01,410

and my understanding from people I know

1366

01:01:05,420 --> 01:01:03,240

who have had very recent you know

1367

01:01:07,880 --> 01:01:05,430

private conversations with him he still

1368

01:01:11,030 --> 01:01:07,890

holds that basic position now that's not

1369

01:01:12,470 --> 01:01:11,040

to say that either he nor I deny the

1370

01:01:14,480 --> 01:01:12,480

possibility or the existence of

1371

01:01:16,160 --> 01:01:14,490

extraterrestrials yes of course I think

1372

01:01:18,920 --> 01:01:16,170

this yes of course he things like this

1373

01:01:21,800 --> 01:01:18,930

yes of course they are responsible for a

1374

01:01:25,420 --> 01:01:21,810

certain percentage of UFOs

1375

01:01:28,910 --> 01:01:25,430

so to speak but it cannot be discounted

1376

01:01:31,099 --> 01:01:28,920

the cases and the encounters which

1377

01:01:34,099 --> 01:01:31,109

really reflect more this to a group now

1378

01:01:37,670 --> 01:01:34,109

that said I go into this in my book the

1379

01:01:40,400 --> 01:01:37,680

original roots of this Tway are off this

1380

01:01:41,960 --> 01:01:40,410

planet off our let's say off our reality

1381

01:01:45,320 --> 01:01:41,970

because they're either from another

1382

01:01:51,440 --> 01:01:45,330

planet or another dimension oh boy I

1383

01:01:53,590 --> 01:01:51,450

said it and yes there are things that

1384

01:01:57,560 --> 01:01:53,600

I've come across in my research and

1385

01:02:00,200 --> 01:01:57,570

other things that make me speak of this

1386

01:02:02,660 --> 01:02:00,210

confidently that I know I don't go into

1387

01:02:04,730 --> 01:02:02,670

publicly I'll write about part of that

1388

01:02:07,820 --> 01:02:04,740

is because they're things that I cannot

1389

01:02:10,400 --> 01:02:07,830

offer any documentary evidence or enough

1390

01:02:12,500 --> 01:02:10,410

that I feel it justifies you know

1391

01:02:14,180 --> 01:02:12,510

putting it you know I don't want people

1392

01:02:17,120 --> 01:02:14,190

I'm not going to ask people for money to

1393

01:02:19,820 --> 01:02:17,130

buy a book just full of pure take my

1394

01:02:23,540 --> 01:02:19,830

word for it speculation right I try in

1395

01:02:25,900 --> 01:02:23,550

my books and my talks to present the

1396

01:02:28,940 --> 01:02:25,910

things that I can point to either

1397

01:02:31,400 --> 01:02:28,950

documents or a known

1398

01:02:34,250 --> 01:02:31,410

in historical context to back it up

1399

01:02:36,770 --> 01:02:34,260

right but in the realm of those things I

1400

01:02:40,220 --> 01:02:36,780

don't talk about in won't talk about are

1401

01:02:42,260 --> 01:02:40,230

the things that convinced me of the

1402

01:02:46,190 --> 01:02:42,270

direction I'm going with this mysterious

1403

01:02:48,170 --> 01:02:46,200

way Jenny well I am intrigued men I

1404

01:02:50,990 --> 01:02:48,180

really do think you do great work I know

1405

01:02:52,760 --> 01:02:51,000

there will be comments that say there is

1406

01:02:55,520 --> 01:02:52,770

no such thing as an ex-military

1407

01:02:57,140 --> 01:02:55,530

intelligence guy and you know what all

1408

01:03:00,950 --> 01:02:57,150

those guys I hope you're listening right

1409

01:03:03,290 --> 01:03:00,960

now okay you know what I wish because

1410

01:03:05,240 --> 01:03:03,300

I'd be getting a paycheck okay if you

1411

01:03:06,740 --> 01:03:05,250

were my house right now I need cabinets

1412

01:03:09,800 --> 01:03:06,750

in the kitchen some of my drawers are

1413

01:03:12,500 --> 01:03:09,810

missing their faces you know I just

1414

01:03:14,210 --> 01:03:12,510

might my tiling I just you know my I

1415

01:03:15,920 --> 01:03:14,220

live in a house that's falling apart and

1416

01:03:19,730 --> 01:03:15,930

I don't have the money to fix it up you

1417

01:03:21,859 --> 01:03:19,740

know if I were that okay I wouldn't be

1418

01:03:26,329 --> 01:03:21,869

you know my life would be a lot

1419

01:03:28,040 --> 01:03:26,339

different there okay so here's why I

1420

01:03:29,030 --> 01:03:28,050

laugh at them they're ignorant they

1421

01:03:29,630 --> 01:03:29,040

don't know what the hell they're talking

1422

01:03:33,620 --> 01:03:29,640

about

1423

01:03:36,530 --> 01:03:33,630

okay and because I know that I'm not you

1424

01:03:38,000 --> 01:03:36,540

know this disinfo agent and of course

1425

01:03:39,950 --> 01:03:38,010

they'll say well yeah he's going to say

1426

01:03:43,010 --> 01:03:39,960

that but you know they've gone so far

1427

01:03:45,650 --> 01:03:43,020

down the paranoia stream that they need

1428

01:03:47,630 --> 01:03:45,660

to check themselves right but what can

1429

01:03:49,730 --> 01:03:47,640

we do again that's part of it crossing

1430

01:03:51,410 --> 01:03:49,740

the Rubicon they're gonna say what

1431

01:03:52,880 --> 01:03:51,420

they're going to say and maybe what I

1432

01:03:55,099 --> 01:03:52,890

put out there isn't important for them

1433

01:03:57,650 --> 01:03:55,109

to consider you know I have to consider

1434

01:04:00,319 --> 01:03:57,660

that too it just may not be anything

1435

01:04:02,990 --> 01:04:00,329

they need yeah well I understand their

1436

01:04:05,030 --> 01:04:03,000

perspective overall just because people

1437

01:04:06,800 --> 01:04:05,040

you know the community has been burned

1438

01:04:09,290 --> 01:04:06,810

in the past but I've always thought of

1439

01:04:10,940 --> 01:04:09,300

you specifically as honest about your

1440

01:04:12,530 --> 01:04:10,950

background honest about what's been

1441

01:04:14,690 --> 01:04:12,540

disclosed to you versus what's

1442

01:04:17,930 --> 01:04:14,700

speculation and when your body of work

1443

01:04:19,940 --> 01:04:17,940

is compared to the ante Vassago epic

1444

01:04:21,940 --> 01:04:19,950

tales of jump rooms to Mars or quarry

1445

01:04:25,099 --> 01:04:21,950

Goods wild stories it seems way more

1446

01:04:27,200 --> 01:04:25,109

plausible and the dots seem to have some

1447

01:04:28,550 --> 01:04:27,210

logic to their connections and it's

1448

01:04:31,250 --> 01:04:28,560

based on more than just personal

1449

01:04:33,109 --> 01:04:31,260

testimony so I appreciate it and I put

1450

01:04:35,750 --> 01:04:33,119

you in a different category and a lot of

1451

01:04:38,329 --> 01:04:35,760

that other stuff thank you I hope that

1452

01:04:41,329 --> 01:04:38,339

it would be you know my background of my

1453

01:04:42,500 --> 01:04:41,339

honesty about it that does help with my

1454

01:04:43,640 --> 01:04:42,510

credibility

1455

01:04:46,880 --> 01:04:43,650

I'm one of these guys with that

1456

01:04:49,730 --> 01:04:46,890

background you know who really does have

1457

01:04:52,100 --> 01:04:49,740

the background that I claim but who is

1458

01:04:54,650 --> 01:04:52,110

not out there trying to sell you know a

1459

01:04:56,300 --> 01:04:54,660

line of horse crap just to make a buck

1460

01:04:58,460 --> 01:04:56,310

you know there's things I could be doing

1461

01:05:01,010 --> 01:04:58,470

that we'd be making me a lot more money

1462

01:05:02,690 --> 01:05:01,020

I just found out recently that some of

1463

01:05:05,570 --> 01:05:02,700

these guys get paid when they do these

1464

01:05:07,430 --> 01:05:05,580

podcasts great I'm not going to do any

1465

01:05:09,890 --> 01:05:07,440

of them yeah what am I do we have a

1466

01:05:15,920 --> 01:05:09,900

podcast guest Union we got to shut that

1467

01:05:18,410 --> 01:05:15,930

down right now a particular researcher

1468

01:05:20,480 --> 01:05:18,420

said you know my agent makes me charge X

1469

01:05:22,910 --> 01:05:20,490

number of dollars I'm like what the wait

1470

01:05:25,580 --> 01:05:22,920

a minute going on here's what I'm doing

1471

01:05:28,100 --> 01:05:25,590

wrong well I will say that the only time

1472

01:05:31,880 --> 01:05:28,110

that's ever come up in the years of I've

1473

01:05:33,740 --> 01:05:31,890

been doing this is uh the liaisons for

1474

01:05:37,160 --> 01:05:33,750

Steven Greer asked what the compensation

1475

01:05:39,460 --> 01:05:37,170

would be and I was like oh yeah I you

1476

01:05:43,130 --> 01:05:39,470

know I look at doing these things as

1477

01:05:45,230 --> 01:05:43,140

this is promotion you know I get yeah

1478

01:05:47,440 --> 01:05:45,240

it's a win-win yeah I get to tell people

1479

01:05:50,240 --> 01:05:47,450

where to buy my books if they choose to

1480

01:05:52,640 --> 01:05:50,250

yeah it I you know I finally reluctantly

1481

01:05:55,130 --> 01:05:52,650

put a donate button on my Empire of The

1482

01:05:57,380 --> 01:05:55,140

Wheel blogspot just because you know

1483

01:05:59,780 --> 01:05:57,390

well everybody else is doing it and yeah

1484

01:06:01,460 --> 01:05:59,790

I am flat broke and it would help but

1485

01:06:02,930 --> 01:06:01,470

you've never heard me this is the first

1486

01:06:04,850 --> 01:06:02,940

time I think I've mentioned it on your

1487

01:06:06,290 --> 01:06:04,860

show ever that I have a donate button I

1488

01:06:09,410 --> 01:06:06,300

don't push the hell out of it

1489

01:06:12,170 --> 01:06:09,420

I think I just recently tweeted it well

1490

01:06:14,270 --> 01:06:12,180

everyone should get supported for their

1491

01:06:17,120 --> 01:06:14,280

work and I don't think that we should

1492

01:06:18,890 --> 01:06:17,130

segregate the conspiracy community and

1493

01:06:21,170 --> 01:06:18,900

say oh well if you're making money off

1494

01:06:23,810 --> 01:06:21,180

work in this room only then it's

1495

01:06:25,820 --> 01:06:23,820

[h__\h] but yet every other realm of

1496

01:06:28,280 --> 01:06:25,830

life people are supposed to do what

1497

01:06:30,740 --> 01:06:28,290

they're good at and what they're and

1498

01:06:32,450 --> 01:06:30,750

what they enjoy right and nowhere else

1499

01:06:34,790 --> 01:06:32,460

does it have any merit on their

1500

01:06:37,490 --> 01:06:34,800

authenticity right and I think that's a

1501
01:06:39,050 --> 01:06:37,500
serious issue for us right I remembered

1502
01:06:41,240 --> 01:06:39,060
my point but the point I was getting to

1503
01:06:43,760 --> 01:06:41,250
is I do these podcasts because I look at

1504
01:06:46,970 --> 01:06:43,770
it as promotions even when I speak at

1505
01:06:49,130 --> 01:06:46,980
events if I make any money from that

1506
01:06:50,300 --> 01:06:49,140
event you know they pay for I tell them

1507
01:06:54,410 --> 01:06:50,310
you need to pay for my transportation

1508
01:06:55,970 --> 01:06:54,420
and my lodging and give me some space to

1509
01:06:59,000 --> 01:06:55,980
sell some books

1510
01:07:01,330 --> 01:06:59,010
I swear if I make anything it's putting

1511
01:07:04,160 --> 01:07:01,340
my books on a table I'm not paid to

1512
01:07:07,550 --> 01:07:04,170
actually speak at something I haven't

1513
01:07:10,250 --> 01:07:07,560

met that I recall or if I was it was

1514

01:07:11,780 --> 01:07:10,260

like you know nominal in fact I think I

1515

01:07:14,120 --> 01:07:11,790

did one TV appearance where I just

1516

01:07:16,130 --> 01:07:14,130

discovered that I forgot to mail in you

1517

01:07:18,500 --> 01:07:16,140

know the tax info thing they need to I

1518

01:07:20,690 --> 01:07:18,510

guess pay you so I haven't even pursued

1519

01:07:22,430 --> 01:07:20,700

what it is you know the nominal fee I

1520

01:07:24,620 --> 01:07:22,440

supposed to get on that that shows you

1521

01:07:26,599 --> 01:07:24,630

do I want to make money yeah but you

1522

01:07:28,130 --> 01:07:26,609

know my perspective has been well people

1523

01:07:30,740 --> 01:07:28,140

who are interested in my stuff will

1524

01:07:32,540 --> 01:07:30,750

hopefully buy my books and that's how I

1525

01:07:34,880 --> 01:07:32,550

make my money right I don't think of

1526

01:07:37,310 --> 01:07:34,890

these boom every time I open my mouth or

1527

01:07:39,200 --> 01:07:37,320

deign to appear you know before the

1528

01:07:42,650 --> 01:07:39,210

masses that I'll get paid I mean I

1529

01:07:45,109 --> 01:07:42,660

consider it I'm lucky that you're asking

1530

01:07:46,550 --> 01:07:45,119

me to do this anybody who asked me to do

1531

01:07:49,730 --> 01:07:46,560

their show it's like oh cool

1532

01:07:52,490 --> 01:07:49,740

you know to ask them to pay me in this

1533

01:07:54,380 --> 01:07:52,500

thing I don't know I just and I feel

1534

01:07:55,700 --> 01:07:54,390

very lucky to have great guests too I

1535

01:07:57,740 --> 01:07:55,710

mean there's some excellent excellent

1536

01:07:59,240 --> 01:07:57,750

research being done out there and the

1537

01:08:01,310 --> 01:07:59,250

fact that they'll come on and spend a

1538

01:08:03,890 --> 01:08:01,320

couple hours with me is very humbling

1539

01:08:06,140 --> 01:08:03,900

too but it is a win-win the media game

1540

01:08:07,599 --> 01:08:06,150

we play it is fun to think about the

1541

01:08:10,280 --> 01:08:07,609

fact that we're addressing a crowd

1542

01:08:13,070 --> 01:08:10,290

larger than the capacity of Madison

1543

01:08:15,519 --> 01:08:13,080

Square Garden several times over and we

1544

01:08:18,680 --> 01:08:15,529

don't even have to leave the house and

1545

01:08:20,150 --> 01:08:18,690

that said man big things keep doing what

1546

01:08:21,890 --> 01:08:20,160

you do I'm really looking forward to

1547

01:08:24,289 --> 01:08:21,900

that new book coming out I'm sure we can

1548

01:08:27,019 --> 01:08:24,299

talk about more stuff in more details

1549

01:08:29,059 --> 01:08:27,029

when it does and until then keep it up

1550

01:08:30,740 --> 01:08:29,069

all righty thank you Greg for having me

1551

01:08:31,160 --> 01:08:30,750

on and I look forward to talking with

1552

01:08:33,650 --> 01:08:31,170

you again

1553

01:08:36,920 --> 01:08:33,660

you got a man have a good one hey you

1554

01:08:39,440 --> 01:08:36,930

too and boom goes the dynamite good

1555

01:08:43,010 --> 01:08:39,450

people of the internet boom indeed

1556

01:08:45,170 --> 01:08:43,020

Walter Bosley he's the goddamn man

1557

01:08:47,450 --> 01:08:45,180

and I don't know if he's critical enough

1558

01:08:49,280 --> 01:08:47,460

of Trump for half of you out there but

1559

01:08:51,470 --> 01:08:49,290

when hating a guy like Trump is so

1560

01:08:53,570 --> 01:08:51,480

fashionable you kind of got to respect a

1561

01:08:55,220 --> 01:08:53,580

contrarian I don't have a whole lot of

1562

01:08:57,140 --> 01:08:55,230

nice things to say about any president

1563

01:08:59,269 --> 01:08:57,150

but it is just funny when I know I'm

1564

01:09:00,620 --> 01:08:59,279

gonna see comments like oh I had to shut

1565

01:09:03,079 --> 01:09:00,630

this off when the guests started

1566

01:09:04,700 --> 01:09:03,089

justifying Trump's behavior as if you

1567

01:09:07,430 --> 01:09:04,710

couldn't possibly get past something

1568

01:09:08,959 --> 01:09:07,440

like that to actually hear the super

1569

01:09:09,309 --> 01:09:08,969

unique and interesting things that the

1570

01:09:11,589 --> 01:09:09,319

guests

1571

01:09:13,419 --> 01:09:11,599

does have to say it's like how do you

1572

01:09:15,729 --> 01:09:13,429

deal with your grandparents or your gun

1573

01:09:17,530 --> 01:09:15,739

love and uncle don't we all spend time

1574

01:09:19,450 --> 01:09:17,540

with friends and family that have views

1575

01:09:21,910 --> 01:09:19,460

on politics or philosophy or religion

1576

01:09:24,069 --> 01:09:21,920

that's different than us does anyone

1577

01:09:24,459 --> 01:09:24,079

actually just do a 180 and walk the

1578

01:09:27,819 --> 01:09:24,469

other way

1579

01:09:29,589 --> 01:09:27,829

we shouldn't be so rigid that's the only

1580

01:09:31,749 --> 01:09:29,599

reason I'm kind of on this thing again

1581

01:09:33,669 --> 01:09:31,759

many of us are pretty on edge right now

1582

01:09:36,280 --> 01:09:33,679

and caught up in a particular identity

1583

01:09:38,109 --> 01:09:36,290

or worldview and I'm just trying to

1584

01:09:40,450 --> 01:09:38,119

bring everybody to the table and say

1585

01:09:42,819 --> 01:09:40,460

look I don't care what each of us thinks

1586

01:09:45,309 --> 01:09:42,829

about Trump as a man or as a president I

1587

01:09:47,169 --> 01:09:45,319

just think it's [h__h] amazingly weird

1588

01:09:49,209 --> 01:09:47,179

that his name is on these Charles Dale

1589

01:09:51,160 --> 01:09:49,219

Shaw drawings I think it's [\h__\h]

1590

01:09:53,499 --> 01:09:51,170

fascinating that his uncle had the

1591

01:09:55,479 --> 01:09:53,509

career that he had let's just hold hands

1592

01:09:57,189 --> 01:09:55,489

around the digital campfire and take in

1593

01:10:00,100 --> 01:09:57,199

those incredible facts and what they

1594

01:10:02,680 --> 01:10:00,110

could mean I don't care that Walter is a

1595

01:10:04,629 --> 01:10:02,690

bit more pro-military and his outlook I

1596

01:10:06,760 --> 01:10:04,639

mean that's his world he grew up in that

1597

01:10:08,319 --> 01:10:06,770

stuff worked in that stuff and that's

1598

01:10:09,810 --> 01:10:08,329

the reason he has a lot of the insights

1599

01:10:12,490 --> 01:10:09,820

that he actually gets to share with us

1600

01:10:14,890 --> 01:10:12,500

me I'm a weak nerd who's held a gun

1601

01:10:18,129 --> 01:10:14,900

three times in his life so funny how it

1602

01:10:20,709 --> 01:10:18,139

works out right clearly our experiences

1603

01:10:22,270 --> 01:10:20,719

shape us a whole lot and it doesn't make

1604

01:10:25,419 --> 01:10:22,280

one person right and one wrong

1605

01:10:27,189 --> 01:10:25,429

necessarily regardless I did like

1606

01:10:29,140 --> 01:10:27,199

Walters explanation of how he sees the

1607

01:10:31,240 --> 01:10:29,150

shadow government operating and that

1608

01:10:33,160 --> 01:10:31,250

every candidate has its own small M

1609

01:10:35,080 --> 01:10:33,170

mafia backing them and you can have

1610

01:10:38,020 --> 01:10:35,090

agents and double agents in the same

1611

01:10:40,270 --> 01:10:38,030

groups because these operations and this

1612

01:10:42,550 --> 01:10:40,280

espionage and these plants they aren't

1613

01:10:45,010 --> 01:10:42,560

new so their strings are more and more

1614

01:10:47,919 --> 01:10:45,020

tangled as time goes on that's how I see

1615

01:10:49,959 --> 01:10:47,929

things too to a large degree but I'm

1616

01:10:51,550 --> 01:10:49,969

glad we got to do this I finally got to

1617

01:10:53,919 --> 01:10:51,560

talk to someone at length about the

1618

01:10:55,629 --> 01:10:53,929

weirdness that is Baron Trump's journey

1619

01:10:58,149 --> 01:10:55,639

to the Inner Earth and all this Tesla

1620

01:11:00,250 --> 01:10:58,159

stuff and that's another trigger that's

1621

01:11:02,919 --> 01:11:00,260

gonna set off some flat earth fans

1622

01:11:06,520 --> 01:11:02,929

how can Tesla build a craft to Mars in

1623

01:11:08,050 --> 01:11:06,530

1903 when space isn't real well we don't

1624

01:11:08,979 --> 01:11:08,060

know what's real and what isn't unless

1625

01:11:12,069 --> 01:11:08,989

we're talking about the moon landing

1626
01:11:14,080 --> 01:11:12,079
footage but it has been all the CGI and

1627
01:11:15,669 --> 01:11:14,090
fake stuff from NASA that sent me down

1628
01:11:17,729 --> 01:11:15,679
the rabbit hole more than anything else

1629
01:11:20,260 --> 01:11:17,739
and I think the more likely

1630
01:11:22,180 --> 01:11:20,270
interpretation of that [h__h]

1631
01:11:23,180 --> 01:11:22,190
is that we have shadowy groups that are

1632
01:11:25,280 --> 01:11:23,190
much further along

1633
01:11:27,110 --> 01:11:25,290
and they want us to believe and I'll

1634
01:11:29,120 --> 01:11:27,120
cite Gary McKinnon getting into the

1635
01:11:31,340 --> 01:11:29,130
Pentagon computers and seeing lists of

1636
01:11:33,620 --> 01:11:31,350
military astronauts stationed on space

1637
01:11:35,990 --> 01:11:33,630
platforms more than a decade ago and

1638
01:11:37,400 --> 01:11:36,000

there are many little conspiracy sagas

1639

01:11:40,370 --> 01:11:37,410

like Gary McKinnon's and I don't think

1640

01:11:43,000 --> 01:11:40,380

those are the psyops I think those are

1641

01:11:45,920 --> 01:11:43,010

the small tears in the veil of secrecy

1642

01:11:48,410 --> 01:11:45,930

so maybe this narrative is possible I

1643

01:11:50,240 --> 01:11:48,420

definitely like it and let's give Walter

1644

01:11:52,340 --> 01:11:50,250

some props for all the aspects of

1645

01:11:54,130 --> 01:11:52,350

subterranean life and lost cities that

1646

01:11:57,170 --> 01:11:54,140

enters into his work and his anecdotes

1647

01:11:59,300 --> 01:11:57,180

as this was going on I was thinking well

1648

01:12:01,189 --> 01:11:59,310

goddamn Walter and me have a lot more of

1649

01:12:02,900 --> 01:12:01,199

a synergy when it comes to the aspects

1650

01:12:05,780 --> 01:12:02,910

of the alternative world that we like to

1651

01:12:07,520 --> 01:12:05,790

see most I mean even go back to the

1652

01:12:10,400 --> 01:12:07,530

first show I ever did with Walter about

1653

01:12:12,260 --> 01:12:10,410

his book latitude 33 the arcane science

1654

01:12:13,189 --> 01:12:12,270

and hermetic engineering of the happiest

1655

01:12:15,979 --> 01:12:13,199

place on earth

1656

01:12:18,080 --> 01:12:15,989

that is a great topic right ley lines

1657

01:12:20,870 --> 01:12:18,090

and natural magic where Disneyland is

1658

01:12:23,030 --> 01:12:20,880

placed and his secret mission series is

1659

01:12:24,920 --> 01:12:23,040

right up my alley too so I think Walter

1660

01:12:27,170 --> 01:12:24,930

deserves more credit and attention than

1661

01:12:29,570 --> 01:12:27,180

he gets which makes me happy to have him

1662

01:12:31,160 --> 01:12:29,580

back on the higher side and also on the

1663

01:12:33,979 --> 01:12:31,170

subject of his books he did want me to

1664

01:12:36,920 --> 01:12:33,989

mention that he pulled most of his books

1665

01:12:38,930 --> 01:12:36,930

from Amazon you know we all fight our

1666

01:12:41,689 --> 01:12:38,940

battles against the various overbearing

1667

01:12:43,310 --> 01:12:41,699

titans of industry and now he sells his

1668

01:12:46,670 --> 01:12:43,320

books on lulu.com

1669

01:12:50,000 --> 01:12:46,680

that's lu-lu dot-com and then you can

1670

01:12:52,040 --> 01:12:50,010

search Walter Bosley and find his whole

1671

01:12:53,870 --> 01:12:52,050

repertoire but let him know you like

1672

01:12:55,640 --> 01:12:53,880

this show throw him some love it's hard

1673

01:12:58,550 --> 01:12:55,650

out here for a pimp we all want to feel

1674

01:13:00,290 --> 01:12:58,560

appreciated once in a while and speaking

1675

01:13:03,439 --> 01:13:00,300

of appreciation big thanks to everyone

1676

01:13:05,479 --> 01:13:03,449

who participated in my reddit AMA 95

1677

01:13:06,560 --> 01:13:05,489

percent positive comments and questions

1678

01:13:09,130 --> 01:13:06,570

so I can't complain

1679

01:13:11,990 --> 01:13:09,140

over a hundred queues were aid and

1680

01:13:14,270 --> 01:13:12,000

another bit of news people who have been

1681

01:13:16,970 --> 01:13:14,280

hoping wishing and praying for a higher

1682

01:13:20,000 --> 01:13:16,980

side live event you need pray no more

1683

01:13:22,310 --> 01:13:20,010

it's happenin the higher side chats with

1684

01:13:25,010 --> 01:13:22,320

Greg Carl Wood and the tinfoil hat with

1685

01:13:27,050 --> 01:13:25,020

Sam Tripoli are doing a joint podcast

1686

01:13:30,260 --> 01:13:27,060

live in front of an audience at the ice

1687

01:13:32,750 --> 01:13:30,270

house comedy club in Pasadena I am

1688

01:13:34,370 --> 01:13:32,760

really psyched I am really nervous you

1689

01:13:36,980 --> 01:13:34,380

don't want to throw a party that nobody

1690

01:13:39,590 --> 01:13:36,990

shows up for and I got a bit of my

1691

01:13:41,270 --> 01:13:39,600

mutation out there on the line and these

1692

01:13:43,100 --> 01:13:41,280

comics they're hoping I can actually put

1693

01:13:45,950 --> 01:13:43,110

asses and seats and people actually

1694

01:13:48,800 --> 01:13:45,960

might want to see me it's only ten bucks

1695

01:13:51,140 --> 01:13:48,810

it's on October 10th at the Ice House in

1696

01:13:53,090 --> 01:13:51,150

Pasadena please please please come if

1697

01:13:55,190 --> 01:13:53,100

you can I think there are tickets still

1698

01:13:57,050 --> 01:13:55,200

available I didn't have a couple dozen

1699

01:13:59,510 --> 01:13:57,060

people tell me they were gonna come just

1700

01:14:02,360 --> 01:13:59,520

from the social media posts but you can

1701

01:14:03,650 --> 01:14:02,370

trust about 10% of that usually I don't

1702

01:14:05,900 --> 01:14:03,660

know how we're gonna do the guests I

1703

01:14:07,400 --> 01:14:05,910

think Sam says we have Eddie Bravo for

1704

01:14:10,670 --> 01:14:07,410

all the Rogan fans out there I've never

1705

01:14:12,380 --> 01:14:10,680

met Eddie but I'm kind of psyched to so

1706

01:14:13,910 --> 01:14:12,390

that's my deal sign up for plus if you

1707

01:14:16,400 --> 01:14:13,920

want to get twice as much higher side

1708

01:14:18,920 --> 01:14:16,410

today with Walter we got into the

1709

01:14:20,780 --> 01:14:18,930

underground chamber found below carlsbad

1710

01:14:23,510 --> 01:14:20,790

caverns and the remnants of an ancient

1711

01:14:24,920 --> 01:14:23,520

civilization we talked about the story

1712

01:14:26,750 --> 01:14:24,930

of his father and the humans he

1713

01:14:29,450 --> 01:14:26,760

encountered that had gone underground

1714

01:14:31,730 --> 01:14:29,460

what Walter's military mentor told him

1715

01:14:34,700 --> 01:14:31,740

was found in Antarctica in the 1950s

1716

01:14:37,310 --> 01:14:34,710

that's pretty amazing also David Wilcock

1717

01:14:38,750 --> 01:14:37,320

and Corey good for people who know those

1718

01:14:40,670 --> 01:14:38,760

names and then we talked about other

1719

01:14:43,310 --> 01:14:40,680

stories from the subterranean realms all

1720

01:14:45,440 --> 01:14:43,320

good stuff classic higher side stuff I

1721

01:14:48,590 --> 01:14:45,450

hope you joined the club the higher side

1722

01:14:50,240 --> 01:14:48,600

chats plus calm I also posted a really

1723

01:14:52,540 --> 01:14:50,250

interesting newspaper article I found

1724

01:14:55,160 --> 01:14:52,550

from Tesla's day about one of his

1725

01:14:57,620 --> 01:14:55,170

discoveries or inventions that I'd never

1726

01:14:59,510 --> 01:14:57,630

heard of it's an eternal youth chair

1727

01:15:01,400 --> 01:14:59,520

where he's quoted in describing how

1728

01:15:02,900 --> 01:15:01,410

everyone will look forever young when

1729

01:15:05,090 --> 01:15:02,910

they get zapped by his electrical

1730

01:15:06,350 --> 01:15:05,100

current it's really interesting kind of

1731

01:15:08,300 --> 01:15:06,360

relates to what we talked about today

1732

01:15:10,850 --> 01:15:08,310

but you can see the article on the Plus

1733

01:15:12,920 --> 01:15:10,860

forums and before I really get out of

1734

01:15:14,840 --> 01:15:12,930

here there is one more thing I was

1735

01:15:16,130 --> 01:15:14,850

watching Roger stones press conference

1736

01:15:19,010 --> 01:15:16,140

today and if you haven't watched the

1737

01:15:21,230 --> 01:15:19,020

Netflix talk get me Roger stone Wow

1738

01:15:23,360 --> 01:15:21,240

you should talk about a guy who has some

1739

01:15:26,030 --> 01:15:23,370

serious influence behind the curtain but

1740

01:15:28,280 --> 01:15:26,040

he was talking to the media today about

1741

01:15:33,770 --> 01:15:28,290

the whole Russian collusion thing and he

1742

01:15:36,020 --> 01:15:33,780

made one pretty interesting remark none

1743

01:15:37,940 --> 01:15:36,030

whatsoever and I had made that public

1744

01:15:40,300 --> 01:15:37,950

yesterday we released the entire

1745

01:15:43,850 --> 01:15:40,310

exchange which takes place I believe

1746

01:15:48,200 --> 01:15:43,860

between August 15th and September ninth

1747

01:15:50,649 --> 01:15:48,210

many weeks after the publication by

1748

01:15:53,770 --> 01:15:50,659

WikiLeaks of the

1749

01:15:57,310 --> 01:15:53,780

dnc material meaning collusion with

1750

01:16:00,430 --> 01:15:57,320

gusoff err in the hacking and release of

1751

01:16:03,479 --> 01:16:00,440

that material would be impossible unless

1752

01:16:06,669 --> 01:16:03,489

I owned a time machine which I do not

1753

01:16:09,070 --> 01:16:06,679

yeah you might not Roger but you just

1754

01:16:11,140 --> 01:16:09,080

might know someone who does well that's

1755

01:16:13,209 --> 01:16:11,150

it for me folks your move time-traveling

1756

01:16:15,490 --> 01:16:13,219

Trump's NIMS and Nazis in the secret

1757

01:16:19,669 --> 01:16:15,500

order of the Martian colony you're

1758

01:16:30,160 --> 01:16:24,860

woke up this morning with light in my

1759

01:16:33,610 --> 01:16:30,170

eyes and then realize it was done

1760

01:16:48,260 --> 01:16:36,760

it was alive

1761

01:16:58,860 --> 01:16:53,700

must be those strangers that come every

1762

01:17:05,400 --> 01:16:58,870

night who's a saucer-shaped alight but

1763

01:17:11,790 --> 01:17:05,410

people obtain the blue-green footprint

1764

01:17:13,650 --> 01:17:11,800

as my glow-in-the-dark I hope they get

1765

01:17:19,450 --> 01:17:13,660

home

1766

01:17:26,750 --> 01:17:25,640

mr. spaceman won't you please take me

1767

01:17:34,910 --> 01:17:26,760

along

1768

01:17:40,580 --> 01:17:34,920

I won't do anything wrong hey mr.

1769

01:17:45,930 --> 01:17:40,590

spaceman won't you please take me along

1770

01:17:54,400 --> 01:17:50,209

hold up this morning

1771

01:17:58,220 --> 01:17:54,410

feeling quite weird I had it slide

1772

01:18:01,640 --> 01:17:58,230

in my beer my tooth pain

1773

01:18:09,440 --> 01:18:04,030

open the window

1774

01:18:11,560 --> 01:18:09,450

written my name so long

1775

01:18:20,520 --> 01:18:11,570

we'll see you

1776

01:18:23,919 --> 01:18:20,530

[Music]

1777

01:18:32,140 --> 01:18:23,929

won't you please give me

1778

01:18:35,910 --> 01:18:34,060

is the space

1779

01:18:49,340 --> 01:18:35,920

[Music]

1780

01:18:55,380 --> 01:18:49,350

this face man

1781

01:18:56,120 --> 01:18:55,390

want to please take me alone won't do

1782

01:19:03,800 --> 01:18:56,130

anything

1783

01:19:08,490 --> 01:19:03,810

[Music]

1784

01:19:15,189 --> 01:19:08,500

why don't you please take me along the

1785

01:19:15,199 --> 01:19:23,910

take me along the high
