

ELANA FREELAND

THE SPACE FENCE, PLANETARY LOCKDOWN, THE IONIZED SKY

PRESENTED BY THE HIGHERSIDE CHATS

LISTEN TO THE EPISODE AT THEHIGHERSIDECHATS.COM

LISTEN TO THE EXTENDED SHOW AT THEHIGHERSIDECHATSPLUS.COM

1
00:00:00,610 --> 00:00:03,880

[Music]

2
00:00:10,220 --> 00:00:07,160

the planets thought the Masters almost

3
00:00:12,890 --> 00:00:10,230

surely have a plan this clearly may be

4
00:00:18,060 --> 00:00:12,900

something near beyond the realm of man

5
00:00:24,930 --> 00:00:23,110

you know the less you do that's true dr.

6
00:00:36,470 --> 00:00:24,940

Zaius

7
00:00:42,869 --> 00:00:38,110

[Applause]

8
00:00:47,889 --> 00:00:46,030

all right higher side Cheddar's there

9
00:00:49,930 --> 00:00:47,899

are a few issues more pressing or more

10
00:00:52,180 --> 00:00:49,940

concerning than the full-on alteration

11
00:00:54,520 --> 00:00:52,190

of our earthly environment as we've gone

12
00:00:57,069 --> 00:00:54,530

from simple cloud seeding and hands-on

13
00:00:59,500 --> 00:00:57,079

mind control to a full-blown grid of

14

00:01:01,360 --> 00:00:59,510

absolute technical tyranny specialized

15

00:01:03,460 --> 00:01:01,370

surveillance and remote management

16

00:01:05,649 --> 00:01:03,470

mastery of nearly all aspects of life

17

00:01:07,600 --> 00:01:05,659

we've seen the breadcrumbs in the

18

00:01:09,580 --> 00:01:07,610

blueprints laid out for decades with the

19

00:01:11,620 --> 00:01:09,590

alphabet agencies and deep corporate

20

00:01:13,450 --> 00:01:11,630

collusion ever being held accountable as

21

00:01:16,330 --> 00:01:13,460

they're weaponized wet dream has

22

00:01:18,219 --> 00:01:16,340

continued to creep in all around us well

23

00:01:19,570 --> 00:01:18,229

folks few people study and speak out

24

00:01:21,580 --> 00:01:19,580

against this campaign with the

25

00:01:24,040 --> 00:01:21,590

effectiveness of today's guest Alana

26

00:01:26,529 --> 00:01:24,050

Freeland over the years Alana has been a

27

00:01:28,570 --> 00:01:26,539

Rudolf Steiner school pioneer teacher

28

00:01:30,730 --> 00:01:28,580

and lecturer she is written for

29

00:01:33,040 --> 00:01:30,740

alternative publications edited the

30

00:01:35,320 --> 00:01:33,050

stories of survivors of MKULTRA and

31

00:01:37,600 --> 00:01:35,330

ritual abuse and is still ghost writing

32

00:01:39,520 --> 00:01:37,610

books on diverse topics she's authored

33

00:01:42,730 --> 00:01:39,530

the well-respected fictionalized

34

00:01:45,730 --> 00:01:42,740

American history series Subrosa America

35

00:01:47,589 --> 00:01:45,740

and in 2014 her deeply researched book

36

00:01:49,600 --> 00:01:47,599

chemtrails HAARP and the full spectrum

37

00:01:51,639 --> 00:01:49,610

dominance of planet Earth hid the

38

00:01:53,800 --> 00:01:51,649

conspiratorial community with a bang

39

00:01:55,600 --> 00:01:53,810

now she's nearing the completion of the

40

00:01:58,300 --> 00:01:55,610

sequel breaking down the next phase of

41

00:02:00,910 --> 00:01:58,310

the plan entitled under an ionized sky

42

00:02:03,010 --> 00:02:00,920

from chemtrails to space fence lockdown

43

00:02:05,889 --> 00:02:03,020

and it's a perfect time to have her here

44

00:02:07,510 --> 00:02:05,899

the detailer of dark agendas the Warner

45

00:02:09,460 --> 00:02:07,520

of weaponized weather and a truly

46

00:02:12,190 --> 00:02:09,470

dedicated educator of the huddled masses

47

00:02:14,470 --> 00:02:12,200

Alana Freeland welcomed the higher side

48

00:02:17,680 --> 00:02:14,480

Wow grant what a great introduction

49

00:02:19,300 --> 00:02:17,690

thank you so much yeah yeah the only

50

00:02:22,270 --> 00:02:19,310

thing I'd correct is that under an

51
00:02:26,589 --> 00:02:22,280
ionized guy is dun dun dun I finished it

52
00:02:29,979 --> 00:02:26,599
a year ago and feral house is now in the

53
00:02:33,369 --> 00:02:29,989
process of correcting my errors and it

54
00:02:35,680 --> 00:02:33,379
will be out in January 2018 right

55
00:02:38,080 --> 00:02:35,690
congratulations I know a lot of people

56
00:02:40,600 --> 00:02:38,090
are super psyched to have that hit the

57
00:02:42,040 --> 00:02:40,610
shelves I know I am and it is just

58
00:02:43,479 --> 00:02:42,050
really great to have you here it's been

59
00:02:45,100 --> 00:02:43,489
a long time coming guests have

60
00:02:48,009 --> 00:02:45,110
definitely been bringing up your work

61
00:02:50,410 --> 00:02:48,019
for years now and while we have talked a

62
00:02:52,330 --> 00:02:50,420
lot about geoengineering surveillance

63
00:02:52,630 --> 00:02:52,340

HAARP and these sorts of things over the

64

00:02:54,729 --> 00:02:52,640

years

65

00:02:55,570 --> 00:02:54,739

I love the data and evidence-based

66

00:02:58,450 --> 00:02:55,580

approach

67

00:03:00,880 --> 00:02:58,460

with your book and presentations and I

68

00:03:02,980 --> 00:03:00,890

think the term space fence might be new

69

00:03:05,650 --> 00:03:02,990

to a lot of listeners which has been

70

00:03:08,110 --> 00:03:05,660

described as a world smart grid enabled

71

00:03:10,150 --> 00:03:08,120

by the ionized atmosphere we now breathe

72

00:03:12,010 --> 00:03:10,160

can you elaborate on that for us and

73

00:03:14,380 --> 00:03:12,020

maybe explain how far along the

74

00:03:16,840 --> 00:03:14,390

implementation process is for this space

75

00:03:19,360 --> 00:03:16,850

fence I want to ask you a question do

76

00:03:22,930 --> 00:03:19,370

you think that your listeners are pretty

77

00:03:25,840 --> 00:03:22,940

much up on how the weather engineering

78

00:03:27,910 --> 00:03:25,850

which is actually an energy system works

79

00:03:29,980 --> 00:03:27,920

for the ionized sky do you think I need

80

00:03:32,410 --> 00:03:29,990

to go a little bit into how that works

81

00:03:34,600 --> 00:03:32,420

or not well I did plant a backtrack a

82

00:03:36,580 --> 00:03:34,610

little bit but of course we could start

83

00:03:39,250 --> 00:03:36,590

there I mean it is obviously a crucial

84

00:03:42,580 --> 00:03:39,260

component it is kind of the first step

85

00:03:45,420 --> 00:03:42,590

to the second step of a space fence well

86

00:03:49,240 --> 00:03:45,430

it actually is the scene a quinone of

87

00:03:52,330 --> 00:03:49,250

the space fence because we had the space

88

00:03:56,230 --> 00:03:52,340

fence back in the Reagan Bush Cheney

89

00:03:59,110 --> 00:03:56,240
years in the 1980s into the early 90s

90

00:04:01,120 --> 00:03:59,120
and then suddenly it was called the

91

00:04:04,270 --> 00:04:01,130
Strategic Defense Initiative the Star

92

00:04:07,720 --> 00:04:04,280
Wars program it had a space fence it was

93

00:04:10,870 --> 00:04:07,730
across the sort of southern Midwest like

94

00:04:14,380 --> 00:04:10,880
a necklace across the nation of radar

95

00:04:17,050 --> 00:04:14,390
installations but it was tabled under

96

00:04:19,479 --> 00:04:17,060
clinton and i think he renamed it the

97

00:04:22,840 --> 00:04:19,489
ballistic missile defense system and

98

00:04:25,960 --> 00:04:22,850
then they tabled it because they did not

99

00:04:28,840 --> 00:04:25,970
have the ionized sky they needed in

100

00:04:31,150 --> 00:04:28,850
order to implement the Star Wars program

101
00:04:34,120 --> 00:04:31,160
to the degree they wanted to implement

102
00:04:37,140 --> 00:04:34,130
it so it sort of went black for all

103
00:04:41,620 --> 00:04:37,150
those years while they were working on

104
00:04:43,570 --> 00:04:41,630
Bernard Eastlund HAARP patents and that

105
00:04:47,650 --> 00:04:43,580
would have been his earliest patent was

106
00:04:51,280 --> 00:04:47,660
1987 in Chapter two of chemtrails HAARP

107
00:04:54,670 --> 00:04:51,290
I deconstructed his patent in order to

108
00:04:58,750 --> 00:04:54,680
show how you can find within it the

109
00:05:02,920 --> 00:04:58,760
necessity for chemical trails for nano

110
00:05:05,290 --> 00:05:02,930
particulates to be in the atmosphere in

111
00:05:08,920 --> 00:05:05,300
order to use radio frequency and

112
00:05:12,670 --> 00:05:08,930
microwave to keep the lower atmosphere

113
00:05:16,510 --> 00:05:12,680

iein eyes as harp was able to trigger

114

00:05:19,270 --> 00:05:16,520

the ionosphere to bring a lot of that

115

00:05:22,570 --> 00:05:19,280

down it to pop off those electrons way

116

00:05:24,760 --> 00:05:22,580

up there bring it down to our atmosphere

117

00:05:27,969 --> 00:05:24,770

and then they needed to have a system

118

00:05:31,659 --> 00:05:27,979

down here by which they could keep it

119

00:05:35,800 --> 00:05:31,669

activated keep an ionized battery ready

120

00:05:38,890 --> 00:05:35,810

antenna like electrified atmosphere for

121

00:05:41,260 --> 00:05:38,900

all of their military intelligence needs

122

00:05:44,439 --> 00:05:41,270

and that's they call it c4 command

123

00:05:48,760 --> 00:05:44,449

control communications and cyber warfare

124

00:05:52,749 --> 00:05:48,770

and that has to do with why I untitled

125

00:05:55,480 --> 00:05:52,759

the first book with the doctrine of full

126

00:05:59,850 --> 00:05:55,490

spectrum dominance in the title this

127

00:06:04,409 --> 00:05:59,860

full spectrum dominance is served by c-4

128

00:06:09,300 --> 00:06:04,419

operations and it absolutely requires

129

00:06:14,490 --> 00:06:09,310

that the atmosphere be electrified and

130

00:06:18,670 --> 00:06:14,500

ready 24/7 for any military operation

131

00:06:20,909 --> 00:06:18,680

that has to do with communications it

132

00:06:24,939 --> 00:06:20,919

has to do with cyber warfare

133

00:06:28,240 --> 00:06:24,949

emps even mind control of various

134

00:06:31,120 --> 00:06:28,250

citizens or entire populations I mean

135

00:06:34,540 --> 00:06:31,130

this is so big Greg when I first got

136

00:06:37,899 --> 00:06:34,550

into this topic at the invitation of

137

00:06:40,149 --> 00:06:37,909

Adam Parfrey at Farrell house I had been

138

00:06:42,219 --> 00:06:40,159

friends for five years with Clifford

139

00:06:44,439 --> 00:06:42,229

Carr nakum because I lived in Santa Fe

140

00:06:46,089 --> 00:06:44,449

as did Clifford then and we would go out

141

00:06:47,830 --> 00:06:46,099

to breakfast and we would talk over

142

00:06:50,080 --> 00:06:47,840

these things because I had a biology

143

00:06:52,860 --> 00:06:50,090

background and I was very interested in

144

00:06:56,110 --> 00:06:52,870

the Morgellons that he was at that time

145

00:06:58,420 --> 00:06:56,120

analyzing on a shoestring budget so

146

00:07:00,270 --> 00:06:58,430

Clifford had gotten me interested in the

147

00:07:03,189 --> 00:07:00,280

biology of the whole thing especially

148

00:07:07,120 --> 00:07:03,199

after I looked over his shoulder under a

149

00:07:09,370 --> 00:07:07,130

300 power microscope and saw in my blood

150

00:07:12,790 --> 00:07:09,380

a blood sample I'd given him

151
00:07:15,100 --> 00:07:12,800
I saw the Morgellons or as he's renamed

152
00:07:16,749 --> 00:07:15,110
it the cross-domain bacteria which by

153
00:07:20,230 --> 00:07:16,759
the way is much more exact

154
00:07:22,090 --> 00:07:20,240
I saw them eating the iron out of my

155
00:07:26,470 --> 00:07:22,100
erythrocytes

156
00:07:29,830 --> 00:07:26,480
that definitely got my attention so when

157
00:07:32,320 --> 00:07:29,840
I started the chemtrails book I had two

158
00:07:34,540 --> 00:07:32,330
files at chemtrails file and I had the

159
00:07:36,750 --> 00:07:34,550
HAARP file the high frequency active

160
00:07:39,880 --> 00:07:36,760
auroral research project Gakona Alaska

161
00:07:42,180 --> 00:07:39,890
I'd read Nick Begich his book angels

162
00:07:45,700 --> 00:07:42,190
don't play this HAARP I was full-on

163
00:07:49,240 --> 00:07:45,710

thinking they were separate but they are

164

00:07:51,520 --> 00:07:49,250

not separate at all and now I'm what

165

00:07:55,720 --> 00:07:51,530

five six years down the road from then

166

00:07:58,930 --> 00:07:55,730

and I now realize how far this is going

167

00:08:02,380 --> 00:07:58,940

to go which I tried to spell out in the

168

00:08:05,200 --> 00:08:02,390

space vents book that tried to give a

169

00:08:07,270 --> 00:08:05,210

picture of a global system you know

170

00:08:09,130 --> 00:08:07,280

we've talked we in the chemtrails

171

00:08:12,550 --> 00:08:09,140

movement this will called cutting-edge

172

00:08:15,850 --> 00:08:12,560

we've shared many emails and phone

173

00:08:18,700 --> 00:08:15,860

conversations about how its structured

174

00:08:20,890 --> 00:08:18,710

who's running it is it just the jet fuel

175

00:08:24,190 --> 00:08:20,900

are there are supplementary systems on

176

00:08:27,670 --> 00:08:24,200

the Jets blah blah blah and now I'm so

177

00:08:30,580 --> 00:08:27,680

far beyond that as I have delved deeper

178

00:08:34,750 --> 00:08:30,590

and deeper into the national security

179

00:08:38,350 --> 00:08:34,760

state and its desire to have full

180

00:08:40,779 --> 00:08:38,360

spectrum dominance and realize that it

181

00:08:43,839 --> 00:08:40,789

doesn't just mean that they want to

182

00:08:46,660 --> 00:08:43,849

weaponize the entire planet and the

183

00:08:51,040 --> 00:08:46,670

entire culture and run it with false

184

00:08:54,280 --> 00:08:51,050

flags and fear-mongering and illness to

185

00:08:57,160 --> 00:08:54,290

spill over in the coffers of Big Pharma

186

00:09:01,180 --> 00:08:57,170

and medical industry etc it isn't just

187

00:09:03,280 --> 00:09:01,190

that aspect nor is it just full spectrum

188

00:09:05,380 --> 00:09:03,290

dominance of the electromagnetic

189

00:09:08,050 --> 00:09:05,390

spectrum which goes you know all the way

190

00:09:10,690 --> 00:09:08,060

from radio waves to gamma waves and it's

191

00:09:15,790 --> 00:09:10,700

more than that and what really has sort

192

00:09:19,030 --> 00:09:15,800

of resolved it for me is the 5g rollout

193

00:09:22,480 --> 00:09:19,040

that's happening and I do cover 5g in

194

00:09:24,730 --> 00:09:22,490

the space fence book and I will cover it

195

00:09:26,950 --> 00:09:24,740

again in the next book I'm writing which

196

00:09:29,920 --> 00:09:26,960

I hope will be the final in this series

197

00:09:32,650 --> 00:09:29,930

and that is a book on synthetic biology

198

00:09:35,230 --> 00:09:32,660

so I'll be back in sort of my field and

199

00:09:39,970 --> 00:09:35,240

I'll be able to now have the

200

00:09:44,400 --> 00:09:39,980

find me a panoply of how this global

201
00:09:48,280 --> 00:09:44,410
system is going to do a full-on lockdown

202
00:09:50,740 --> 00:09:48,290
right down believe it or not to the DNA

203
00:09:54,250 --> 00:09:50,750
level I'm sorry to be always the bearer

204
00:09:58,150 --> 00:09:54,260
of bad news but I feel and I'm committed

205
00:10:01,000 --> 00:09:58,160
to the idea that the better you

206
00:10:05,139 --> 00:10:01,010
understand your enemy and the more you

207
00:10:07,329 --> 00:10:05,149
understand what their objectives are the

208
00:10:10,060 --> 00:10:07,339
more you can defend yourself

209
00:10:13,480 --> 00:10:10,070
you can have a quality of life which is

210
00:10:17,650 --> 00:10:13,490
still excellent even in the maws of a

211
00:10:21,100 --> 00:10:17,660
monster a psychopathic wet dream as you

212
00:10:23,410 --> 00:10:21,110
said so nicely in your introduction the

213
00:10:26,050 --> 00:10:23,420

wet dream of power that we're

214

00:10:29,110 --> 00:10:26,060

experiencing now in this crossover era

215

00:10:32,070 --> 00:10:29,120

that we've chosen to live in we can be

216

00:10:35,920 --> 00:10:32,080

more powerful because CNTs potentia

217

00:10:39,760 --> 00:10:35,930

knowledge is power and our enemy knows

218

00:10:43,960 --> 00:10:39,770

this at the very highest rungs of global

219

00:10:47,860 --> 00:10:43,970

elite power they are esotericist they

220

00:10:50,410 --> 00:10:47,870

are occultists they understand how

221

00:10:53,019 --> 00:10:50,420

knowledge is power and that secrets

222

00:10:55,510 --> 00:10:53,029

avail them of a knowledge that the

223

00:10:58,510 --> 00:10:55,520

masses have been denied for centuries

224

00:11:00,699 --> 00:10:58,520

and so you know as I get bolder and

225

00:11:03,730 --> 00:11:00,709

bolder not because I'm particularly

226

00:11:07,060 --> 00:11:03,740

changing inside but because I have more

227

00:11:10,569 --> 00:11:07,070

knowledge of how this system works and I

228

00:11:13,660 --> 00:11:10,579

understand what the ultimate objectives

229

00:11:16,720 --> 00:11:13,670

are I'm attempting to prepare people for

230

00:11:19,000 --> 00:11:16,730

their own individual choices that

231

00:11:22,500 --> 00:11:19,010

they're going to have to make this is

232

00:11:26,050 --> 00:11:22,510

not anymore the America of 50 years ago

233

00:11:28,980 --> 00:11:26,060

we are so far beyond that and it is

234

00:11:32,290 --> 00:11:28,990

unfortunate that populations even as

235

00:11:34,720 --> 00:11:32,300

steeped in communications technology as

236

00:11:36,970 --> 00:11:34,730

we are it's unfortunate that populations

237

00:11:39,610 --> 00:11:36,980

generally take half a century to a

238

00:11:43,569 --> 00:11:39,620

century in order to catch up with what

239

00:11:46,630 --> 00:11:43,579

their masters have known and have been

240

00:11:49,060 --> 00:11:46,640

promulgating and developing all that

241

00:11:50,770 --> 00:11:49,070

time with no knowledge on the

242

00:11:54,430 --> 00:11:50,780

part of the people that will be subject

243

00:11:56,800 --> 00:11:54,440

to it and so I don't feel depressed I

244

00:12:00,580 --> 00:11:56,810

don't feel I don't feel much of anything

245

00:12:03,880 --> 00:12:00,590

except sort of onward and to encourage

246

00:12:07,300 --> 00:12:03,890

people give them courage to face an era

247

00:12:09,970 --> 00:12:07,310

which has entered a space age very

248

00:12:13,270 --> 00:12:09,980

quietly not at all as President Kennedy

249

00:12:15,340 --> 00:12:13,280

thought it would be and that we are now

250

00:12:18,310 --> 00:12:15,350

going to have to really look at

251
00:12:20,500 --> 00:12:18,320
technology beyond the physics or

252
00:12:23,770 --> 00:12:20,510
chemistry that we took in high school

253
00:12:26,830 --> 00:12:23,780
we're going to have to dig in and many

254
00:12:30,160 --> 00:12:26,840
people on Facebook have impressed me

255
00:12:32,470 --> 00:12:30,170
beyond belief they are researching they

256
00:12:34,510 --> 00:12:32,480
are weighing ideas they are taking

257
00:12:37,900 --> 00:12:34,520
opinions like mine and other people's

258
00:12:40,990 --> 00:12:37,910
and testing them out and seeing how far

259
00:12:43,330 --> 00:12:41,000
they go I mean in a way Gregg for better

260
00:12:46,390 --> 00:12:43,340
or worse and I'm sure it's both the

261
00:12:49,450 --> 00:12:46,400
Internet is now our University because I

262
00:12:52,660 --> 00:12:49,460
truthfully cannot think even Harvey Mudd

263
00:12:55,690 --> 00:12:52,670

I cannot think of one place that a

264

00:12:58,810 --> 00:12:55,700

person could go to study this technology

265

00:13:01,000 --> 00:12:58,820

that is breaking in the news every day

266

00:13:04,090 --> 00:13:01,010

and be told the truth

267

00:13:06,070 --> 00:13:04,100

I mean our science has changed we're now

268

00:13:07,810 --> 00:13:06,080

in quantum science whereas some of the

269

00:13:11,740 --> 00:13:07,820

universities are still teaching

270

00:13:15,310 --> 00:13:11,750

Newtonian Einsteinian this technology is

271

00:13:18,250 --> 00:13:15,320

far beyond that and I don't pretend to

272

00:13:21,280 --> 00:13:18,260

be an expert I think my claim to fame is

273

00:13:25,210 --> 00:13:21,290

only that I have the kind of mind and

274

00:13:28,540 --> 00:13:25,220

the background and education by which I

275

00:13:31,540 --> 00:13:28,550

can contextualize a bigger picture than

276

00:13:33,940 --> 00:13:31,550

our fear wants us to remain in and

277

00:13:37,240 --> 00:13:33,950

that's what I attempt to do I have no

278

00:13:39,520 --> 00:13:37,250

problem admitting that I make errors and

279

00:13:41,890 --> 00:13:39,530

that I don't understand some of the

280

00:13:44,950 --> 00:13:41,900

science as much as I could if I had a

281

00:13:48,160 --> 00:13:44,960

degree in it but somebody needs to speak

282

00:13:50,740 --> 00:13:48,170

out somebody needs to write about this

283

00:13:53,260 --> 00:13:50,750

era and and that's how I see these books

284

00:13:55,240 --> 00:13:53,270

I I know people don't read anymore

285

00:13:58,570 --> 00:13:55,250

they're they're conditioned to read

286

00:13:59,800 --> 00:13:58,580

soundbites they're conditioned to read a

287

00:14:03,330 --> 00:13:59,810

couple articles and think they know

288

00:14:05,740 --> 00:14:03,340

something so I'm writing the book

289

00:14:07,360 --> 00:14:05,750

number one I'm from the generation that

290

00:14:09,600 --> 00:14:07,370

believed in books maybe the last

291

00:14:13,210 --> 00:14:09,610

generation that believed in books and

292

00:14:16,270 --> 00:14:13,220

number two I want to speak to those who

293

00:14:19,060 --> 00:14:16,280

will come after me to those who will

294

00:14:21,790 --> 00:14:19,070

wake up one day and maybe fit 20 50

295

00:14:25,150 --> 00:14:21,800

years and say what the hell happened

296

00:14:28,690 --> 00:14:25,160

back then what were people doing when

297

00:14:34,180 --> 00:14:28,700

this space age took over planet Earth

298

00:14:39,280 --> 00:14:34,190

when planet Earth became a subject of a

299

00:14:42,550 --> 00:14:39,290

greater solar system vision and the

300

00:14:46,180 --> 00:14:42,560

domination the fascist corporate

301
00:14:50,130 --> 00:14:46,190
domination of planet Earth was put into

302
00:14:54,100 --> 00:14:50,140
place with nary a whimper on the part of

303
00:14:57,190 --> 00:14:54,110
America the nation which purportedly was

304
00:15:01,000 --> 00:14:57,200
to be the nation of freedom the nation

305
00:15:01,510 --> 00:15:01,010
of democracy how exactly did they do

306
00:15:04,090 --> 00:15:01,520
this

307
00:15:08,230 --> 00:15:04,100
well I covered that part of the story in

308
00:15:10,840 --> 00:15:08,240
my Subrosa America series how it was

309
00:15:14,170 --> 00:15:10,850
done how we were put to sleep how where

310
00:15:17,860 --> 00:15:14,180
we've been mind controlled through our

311
00:15:21,550 --> 00:15:17,870
technology but then came Bernhard Eisel

312
00:15:24,640 --> 00:15:21,560
ins patents and the HAARP experiments

313
00:15:27,460 --> 00:15:24,650

that were very fruitful and that gave

314

00:15:30,570 --> 00:15:27,470

them the keys to the kingdom as to how

315

00:15:34,540 --> 00:15:30,580

they could turn our atmosphere into an

316

00:15:37,090 --> 00:15:34,550

antenna a battery an electrical system

317

00:15:40,630 --> 00:15:37,100

that would be available to them always

318

00:15:44,020 --> 00:15:40,640

and in which they could run experiments

319

00:15:47,230 --> 00:15:44,030

for new energies such as plasma there is

320

00:15:50,590 --> 00:15:47,240

so much going on in our atmosphere and

321

00:15:54,130 --> 00:15:50,600

meanwhile there's a lid on it but as you

322

00:15:56,950 --> 00:15:54,140

may have noticed recently in January as

323

00:16:00,460 --> 00:15:56,960

soon as the inauguration was over the

324

00:16:03,160 --> 00:16:00,470

mainstream media began normalizing

325

00:16:06,760 --> 00:16:03,170

geoengineering you know we've been under

326

00:16:09,610 --> 00:16:06,770

it for two decades minimum certainly

327

00:16:12,820 --> 00:16:09,620

weather itself has been sought after for

328

00:16:15,730 --> 00:16:12,830

many more years than that but it was in

329

00:16:16,120 --> 00:16:15,740

the late 90s that Clifford karna come in

330

00:16:19,660 --> 00:16:16,130

nor

331

00:16:21,580 --> 00:16:19,670

New Mexico began contemplating what was

332

00:16:25,390 --> 00:16:21,590

going on and those beautiful as your

333

00:16:29,620 --> 00:16:25,400

skies of New Mexico and he with a HEPA

334

00:16:33,070 --> 00:16:29,630

filter and other very low-tech devices

335

00:16:36,250 --> 00:16:33,080

began collecting data after there'd be

336

00:16:36,910 --> 00:16:36,260

these huge chemical sweeps across the

337

00:16:40,390 --> 00:16:36,920

sky

338

00:16:43,690 --> 00:16:40,400

and he began analyzing them and that's

339

00:16:47,320 --> 00:16:43,700

been two decades now and everything that

340

00:16:50,290 --> 00:16:47,330

he discovered is true and we're still in

341

00:16:53,500 --> 00:16:50,300

touch I was there for a week this summer

342

00:16:55,510 --> 00:16:53,510

in his lab going over a lot of samples

343

00:16:56,980 --> 00:16:55,520

that people had been sending in of what

344

00:17:00,670 --> 00:16:56,990

they were getting out of their bodies

345

00:17:03,490 --> 00:17:00,680

and now he has isolated the DNA of the

346

00:17:07,360 --> 00:17:03,500

cross-domain bacteria and is pursuing

347

00:17:10,510 --> 00:17:07,370

that so I can go through how the space

348

00:17:13,300 --> 00:17:10,520

fence is set up I mean it's it's so

349

00:17:17,319 --> 00:17:13,310

commonplace it's around us all the time

350

00:17:20,949 --> 00:17:17,329

and most interesting is its I'm sure

351

00:17:24,059 --> 00:17:20,959

it's it's a I run ever since the Jade

352

00:17:28,300 --> 00:17:24,069

helm a drama in the southwest in the

353

00:17:31,240 --> 00:17:28,310

2015 when I read the excellent work of

354

00:17:35,110 --> 00:17:31,250

level 9 news about that and she

355

00:17:38,230 --> 00:17:35,120

explained thoroughly how that was an AI

356

00:17:43,530 --> 00:17:38,240

test that was run by the military I've

357

00:17:46,480 --> 00:17:43,540

been interested in how pervasive AI is

358

00:17:49,420 --> 00:17:46,490

just as the components of the space

359

00:17:51,160 --> 00:17:49,430

fence on the ground level anyway are as

360

00:17:53,590 --> 00:17:51,170

pervasive as well I mean they're

361

00:17:56,170 --> 00:17:53,600

everywhere once you know that they're

362

00:17:59,500 --> 00:17:56,180

there then you can see them and maybe

363

00:18:01,780 --> 00:17:59,510

then we can begin to perceive what the

364

00:18:05,830 --> 00:18:01,790

changes are that we go through because

365

00:18:08,800 --> 00:18:05,840

we're so vulnerable to electromagnetic

366

00:18:12,430 --> 00:18:08,810

pulsing we're vulnerable to frequencies

367

00:18:14,860 --> 00:18:12,440

our emotions every emotion we have has a

368

00:18:18,580 --> 00:18:14,870

frequency has its own frequency and

369

00:18:23,200 --> 00:18:18,590

these frequencies used to be in the

370

00:18:25,360 --> 00:18:23,210

hands of very few technocrats but now I

371

00:18:28,940 --> 00:18:25,370

heard they're still being sold and

372

00:18:31,910 --> 00:18:28,950

bartered and bestowed on a sort of black

373

00:18:35,510 --> 00:18:31,920

market of control particularly of

374

00:18:37,700 --> 00:18:35,520

targeted individuals but every part of

375

00:18:41,720 --> 00:18:37,710

us has a frequency the liver has this

376

00:18:46,060 --> 00:18:41,730

frequency and and we are resonant beings

377

00:18:49,670 --> 00:18:46,070

we are what dr. Robert o Becker in his

378

00:18:52,150 --> 00:18:49,680

fantastic book the body electric he

379

00:18:56,290 --> 00:18:52,160

calls it cyclotron ik resonance

380

00:19:01,940 --> 00:18:56,300

interestingly when I read the patent the

381

00:19:04,550 --> 00:19:01,950

1987 patent for harp by Eastland he has

382

00:19:07,790 --> 00:19:04,560

a whole section in there about cyclotron

383

00:19:10,760 --> 00:19:07,800

resonance and this is where that rumor

384

00:19:14,450 --> 00:19:10,770

came that harp is connected to mind

385

00:19:16,880 --> 00:19:14,460

control and Nick Begich has gone much

386

00:19:19,580 --> 00:19:16,890

further with that than in the days when

387

00:19:23,150 --> 00:19:19,590

I used to go to hear him speak in the

388

00:19:26,300 --> 00:19:23,160

late 90s and early 2000s so if you want

389

00:19:29,510 --> 00:19:26,310

and I I need to hear from you I can go

390

00:19:32,570 --> 00:19:29,520

through just very very briefly how the

391

00:19:36,170 --> 00:19:32,580

space fence is set up and what the

392

00:19:38,150 --> 00:19:36,180

disinformation cover story is regarding

393

00:19:40,730 --> 00:19:38,160

the space fence which by the way is in

394

00:19:43,670 --> 00:19:40,740

control of Lockheed Martin the number

395

00:19:46,190 --> 00:19:43,680

one defense contractor in the United

396

00:19:48,110 --> 00:19:46,200

States right yes please do because it is

397

00:19:50,510 --> 00:19:48,120

so hard to separate truth from fiction

398

00:19:52,160 --> 00:19:50,520

these days it's great that we have the

399

00:19:54,140 --> 00:19:52,170

internet because it does allow us to

400

00:19:56,090 --> 00:19:54,150

research so much but it's a double-edged

401
00:19:59,270 --> 00:19:56,100
sword because it's also flooded with

402
00:20:02,900 --> 00:19:59,280
misinformation so yeah please tell us

403
00:20:05,810 --> 00:20:02,910
the steps of how the space fence was set

404
00:20:08,990 --> 00:20:05,820
up and where the truth lies with it well

405
00:20:12,380 --> 00:20:09,000
what I try to do in the space fence book

406
00:20:15,860 --> 00:20:12,390
that's coming out in January is with the

407
00:20:18,440 --> 00:20:15,870
help of billy hayes the HAARP man who

408
00:20:21,260 --> 00:20:18,450
worked for a three-letter agency that

409
00:20:24,320 --> 00:20:21,270
will remain nameless through its defense

410
00:20:26,840 --> 00:20:24,330
contractors in his entire life since he

411
00:20:30,200 --> 00:20:26,850
was eight years old because he too was a

412
00:20:33,980 --> 00:20:30,210
victim of MKULTRA which I by the way

413
00:20:37,190 --> 00:20:33,990

spent years studying Billy was the tower

414

00:20:39,800 --> 00:20:37,200

erector and he was in charge of the team

415

00:20:42,530 --> 00:20:39,810

that built HAARP for example so he's

416

00:20:46,280 --> 00:20:42,540

climbed up over 240

417

00:20:49,880 --> 00:20:46,290

our systems in the world for the US and

418

00:20:53,540 --> 00:20:49,890

he of course has tumors his body is

419

00:20:56,930 --> 00:20:53,550

riddled with tumors and he is extremely

420

00:20:59,600 --> 00:20:56,940

sensitive to when these systems if

421

00:21:02,540 --> 00:20:59,610

they're near his house in Kansas are

422

00:21:05,930 --> 00:21:02,550

fired up he will go into grand mal

423

00:21:08,680 --> 00:21:05,940

seizures so he's paid the price more

424

00:21:12,680 --> 00:21:08,690

than paid the price for the work he did

425

00:21:15,170 --> 00:21:12,690

but he knows a lot and his programming

426
00:21:18,740 --> 00:21:15,180
was primarily in electromagnetics

427
00:21:21,620 --> 00:21:18,750
he's like an encyclopedia for many of

428
00:21:24,830 --> 00:21:21,630
the technologies up until recently of

429
00:21:27,140 --> 00:21:24,840
course and so Billy helped me he guided

430
00:21:30,290 --> 00:21:27,150
me through the space fence book every

431
00:21:32,630 --> 00:21:30,300
time I had a massive questions to

432
00:21:35,690 --> 00:21:32,640
understand the technology because as you

433
00:21:38,840 --> 00:21:35,700
can imagine Gregg if I can't picture it

434
00:21:41,450 --> 00:21:38,850
I can't write it so I needed to picture

435
00:21:44,510 --> 00:21:41,460
everything in order to be able to write

436
00:21:46,940 --> 00:21:44,520
it so I while I'm studying on the one

437
00:21:49,490 --> 00:21:46,950
hand I'm sticking my nose into plasma

438
00:21:51,830 --> 00:21:49,500

physics books I'm studying patents I'm

439

00:21:53,810 --> 00:21:51,840

studying military papers that are all in

440

00:21:55,910 --> 00:21:53,820

open source by the way they're very

441

00:21:57,620 --> 00:21:55,920

arrogant about knowing that no one reads

442

00:21:59,510 --> 00:21:57,630

and no one can understand what they're

443

00:22:02,150 --> 00:21:59,520

reading because the education is so poor

444

00:22:04,100 --> 00:22:02,160

in this country other than of course the

445

00:22:07,360 --> 00:22:04,110

private schools and the tutors that the

446

00:22:10,790 --> 00:22:07,370

very wealthy can afford I was able to

447

00:22:12,710 --> 00:22:10,800

sketch it out and fill it in over the

448

00:22:15,440 --> 00:22:12,720

two years it took to write the book and

449

00:22:17,930 --> 00:22:15,450

the most interesting thing I mean we

450

00:22:20,330 --> 00:22:17,940

live in an electromagnetic environment i

451
00:22:23,330 --> 00:22:20,340
when I lived in Santa Fe we tried to

452
00:22:26,540 --> 00:22:23,340
stop a group of us under arthur

453
00:22:29,240 --> 00:22:26,550
Furstenberg tried to stop the wife

454
00:22:31,610 --> 00:22:29,250
eyeing of downtown Santa Fe this was

455
00:22:34,880 --> 00:22:31,620
when we had the ridiculous idea that

456
00:22:37,100 --> 00:22:34,890
possibly one could do that legally with

457
00:22:40,790 --> 00:22:37,110
public pressure well that certainly

458
00:22:43,990 --> 00:22:40,800
didn't happen so everywhere I go where I

459
00:22:47,240 --> 00:22:44,000
live it's Wi-Fi I wear a diode as a

460
00:22:49,950 --> 00:22:47,250
partial protector to break the Wi-Fi

461
00:22:52,950 --> 00:22:49,960
fields that I'm subject to

462
00:22:55,289 --> 00:22:52,960
no matter where I am the hot spots I go

463
00:22:57,240 --> 00:22:55,299

through which are not clearly marked at

464

00:23:00,029 --> 00:22:57,250

all you'll just sort of feel it maybe

465

00:23:02,580 --> 00:23:00,039

feel something a pain in your head or

466

00:23:06,230 --> 00:23:02,590

feel slightly nauseous when you pass

467

00:23:10,620 --> 00:23:06,240

through them the entire electromagnetic

468

00:23:13,889 --> 00:23:10,630

ties ation what a word of America has

469

00:23:18,419 --> 00:23:13,899

happened openly and yet extremely

470

00:23:21,930 --> 00:23:18,429

covertly because this is not ionized

471

00:23:26,159 --> 00:23:21,940

radiation which would be like nuclear

472

00:23:29,460 --> 00:23:26,169

bombs nuclear radiation zones with the

473

00:23:33,570 --> 00:23:29,470

clearly marked red thing and because

474

00:23:37,340 --> 00:23:33,580

it's non ionized radiation which doesn't

475

00:23:40,070 --> 00:23:37,350

produce extreme heat and extreme

476
00:23:42,990 --> 00:23:40,080
breakdown of tissues and body parts

477
00:23:46,799 --> 00:23:43,000
immediately they've been able to slip

478
00:23:50,040 --> 00:23:46,809
this through and convince people even

479
00:23:51,840 --> 00:23:50,050
though it's at a military level

480
00:23:54,540 --> 00:23:51,850
which just about everything in America

481
00:23:57,270 --> 00:23:54,550
is as far as like you know what the

482
00:24:00,169 --> 00:23:57,280
public can put up with what what health

483
00:24:04,020 --> 00:24:00,179
standards are so we find ourselves

484
00:24:09,180 --> 00:24:04,030
immersed in it now in our homes we have

485
00:24:11,640 --> 00:24:09,190
the 60 Hertz wiring we have our internet

486
00:24:14,070 --> 00:24:11,650
we have the router most people have cell

487
00:24:16,200 --> 00:24:14,080
phones I refuse to own one I have my

488
00:24:18,060 --> 00:24:16,210

landline here it's got a small field

489

00:24:21,750 --> 00:24:18,070

around it I'm sure that I can't see

490

00:24:24,870 --> 00:24:21,760

there's my printer we're immersed in an

491

00:24:28,049 --> 00:24:24,880

electromagnetic era this has been done

492

00:24:30,780 --> 00:24:28,059

purposefully let's see now we were given

493

00:24:34,080 --> 00:24:30,790

the Internet from the military in the

494

00:24:38,280 --> 00:24:34,090

90s the military had it for at least

495

00:24:41,310 --> 00:24:38,290

thirty to forty years before that and

496

00:24:44,040 --> 00:24:41,320

then gradually we were given the cell

497

00:24:46,860 --> 00:24:44,050

phone which the military also had for

498

00:24:49,440 --> 00:24:46,870

over half a century and it's gone from

499

00:24:52,530 --> 00:24:49,450

there so with the cell phone it was a

500

00:24:56,520 --> 00:24:52,540

huge thrust that was able to happen they

501
00:25:00,600 --> 00:24:56,530
have the TVs before the computer so the

502
00:25:04,530 --> 00:25:00,610
TVs also have a field around them and as

503
00:25:07,440 --> 00:25:04,540
you know in the fantastic book in 1977

504
00:25:10,020 --> 00:25:07,450
that came out gerrymanders for arguments

505
00:25:11,910 --> 00:25:10,030
for the elimination of television which

506
00:25:16,530 --> 00:25:11,920
I used to give talks on when I lived in

507
00:25:19,500 --> 00:25:16,540
Seattle he goes deeply into the quality

508
00:25:22,260 --> 00:25:19,510
of light from the work of dr. John OTT

509
00:25:24,380 --> 00:25:22,270
that when you're watching TV which by

510
00:25:27,419 --> 00:25:24,390
the way I've never owned one your eyes

511
00:25:30,570 --> 00:25:27,429
what you're seeing and what's being shot

512
00:25:33,000 --> 00:25:30,580
into your retina at in the televisions

513
00:25:34,710 --> 00:25:33,010

of that day goes straight into the optic

514

00:25:37,950 --> 00:25:34,720

nerve and goes straight to the brain so

515

00:25:41,520 --> 00:25:37,960

this technology has a real bite to it

516

00:25:43,890 --> 00:25:41,530

but because it's pleasing because it's

517

00:25:46,260 --> 00:25:43,900

informative especially now with the cell

518

00:25:48,630 --> 00:25:46,270

phones which are and the iPhones which

519

00:25:50,760 --> 00:25:48,640

are basically your own TV your own

520

00:25:53,130 --> 00:25:50,770

transmitter and receiver

521

00:25:55,470 --> 00:25:53,140

it's an encyclopedia it's a dictionary

522

00:25:57,419 --> 00:25:55,480

you can find out what the weather is you

523

00:25:59,490 --> 00:25:57,429

don't even have to look up you can go on

524

00:26:04,860 --> 00:25:59,500

iphone and it'll tell you this

525

00:26:08,250 --> 00:26:04,870

convenience and comfort combo has given

526

00:26:11,850 --> 00:26:08,260

the keys of the kingdom to the military

527

00:26:14,840 --> 00:26:11,860

industrial intelligence complex these

528

00:26:18,390 --> 00:26:14,850

are all non ionizing radiation

529

00:26:21,980 --> 00:26:18,400

implements but the thing with non

530

00:26:25,770 --> 00:26:21,990

ionizing is that it works over time and

531

00:26:27,240 --> 00:26:25,780

of course in America everybody seems to

532

00:26:29,820 --> 00:26:27,250

think they're going to live forever and

533

00:26:32,400 --> 00:26:29,830

and that pleasure is their birthright

534

00:26:36,409 --> 00:26:32,410

and they should be able to have their

535

00:26:39,750 --> 00:26:36,419

personal life unfettered by political

536

00:26:43,200 --> 00:26:39,760

nonsense as they call it so I've watched

537

00:26:45,659 --> 00:26:43,210

it happen I was a 60s radical of sorts

538

00:26:48,810 --> 00:26:45,669

not like a weatherman or a black panther

539

00:26:51,360 --> 00:26:48,820

but I was extremely alert and I was

540

00:26:53,909 --> 00:26:51,370

always writing for a college paper in

541

00:26:58,830 --> 00:26:53,919

the four universities I went to during

542

00:27:01,919 --> 00:26:58,840

the 60s and 70s so I was very aware at

543

00:27:03,780 --> 00:27:01,929

that time that there was a huge

544

00:27:06,299 --> 00:27:03,790

political problem I'd watched three

545

00:27:09,690 --> 00:27:06,309

assassinations of our heroes I was

546

00:27:13,590 --> 00:27:09,700

watching our rock stars murdered night

547

00:27:17,120 --> 00:27:13,600

and day my generation was a target of

548

00:27:20,130 --> 00:27:17,130

the Co Intel programs where the

549

00:27:23,940 --> 00:27:20,140

operation chaos CIA worked with the FBI

550

00:27:27,000 --> 00:27:23,950

we were targeted mercilessly because I

551
00:27:30,210 --> 00:27:27,010
felt we were the largest generation in

552
00:27:32,520 --> 00:27:30,220
history Time and Newsweek and magazine

553
00:27:35,340 --> 00:27:32,530
like to see SS sex drugs and rock and

554
00:27:37,950 --> 00:27:35,350
roll and that's it but we were the most

555
00:27:41,549 --> 00:27:37,960
highly politicized generation probably

556
00:27:44,669 --> 00:27:41,559
in history until the bad drugs came to

557
00:27:47,760 --> 00:27:44,679
the streets drugs were everywhere hey

558
00:27:51,690 --> 00:27:47,770
you know get high get stoned don't think

559
00:27:55,440 --> 00:27:51,700
just chill out and now I'm watching the

560
00:27:59,750 --> 00:27:55,450
same thing happen again so this idea

561
00:28:02,820 --> 00:27:59,760
that a technocracy has been put in place

562
00:28:04,830 --> 00:28:02,830
seamlessly and taken the place of the

563
00:28:07,430 --> 00:28:04,840

constitution of the Bill of Rights the

564

00:28:10,420 --> 00:28:07,440

greatest document probably in the world

565

00:28:14,060 --> 00:28:10,430

it's all been done very painstakingly

566

00:28:16,910 --> 00:28:14,070

very methodically very quietly where

567

00:28:20,180 --> 00:28:16,920

people have been taken advantage of I

568

00:28:24,740 --> 00:28:20,190

feel is you don't need the hammer and

569

00:28:28,220 --> 00:28:24,750

sickle of the Soviet system to pummel

570

00:28:31,430 --> 00:28:28,230

the American all you need is convenience

571

00:28:33,650 --> 00:28:31,440

and pleasure and then Americans will

572

00:28:37,400 --> 00:28:33,660

just sort of to sort of dream their way

573

00:28:40,220 --> 00:28:37,410

through life and expect people like me I

574

00:28:43,670 --> 00:28:40,230

suppose who have never forgotten what

575

00:28:45,380 --> 00:28:43,680

was done in the 60s and 70s to this

576

00:28:48,500 --> 00:28:45,390

nation I've never forgotten the

577

00:28:50,930 --> 00:28:48,510

assassination of John F Kennedy and what

578

00:28:52,460 --> 00:28:50,940

it has done to this nation they expect

579

00:28:54,980 --> 00:28:52,470

that someone's going to take care of it

580

00:28:58,700 --> 00:28:54,990

someone somewhere but we you and I both

581

00:29:03,710 --> 00:28:58,710

know that in things as as subtle and

582

00:29:07,250 --> 00:29:03,720

sensitive as democracy or people's

583

00:29:10,400 --> 00:29:07,260

consciousness leadership so that people

584

00:29:13,760 --> 00:29:10,410

are learning from leaders instead of

585

00:29:16,610 --> 00:29:13,770

just being used by leaders this all

586

00:29:19,760 --> 00:29:16,620

takes attention one has to guard the

587

00:29:24,800 --> 00:29:19,770

gates and the gates have not been

588

00:29:28,490 --> 00:29:24,810

guarded obviously so that's why I've dug

589

00:29:31,790 --> 00:29:28,500

in so deep and sort of made a map I

590

00:29:34,190 --> 00:29:31,800

remember I'd sit around and think it out

591

00:29:37,250 --> 00:29:34,200

again as soon as I added a new element

592

00:29:39,860 --> 00:29:37,260

of the space fence on on the ground so

593

00:29:42,830 --> 00:29:39,870

what I've got is cell towers very

594

00:29:45,610 --> 00:29:42,840

important Gwen towers ground wave

595

00:29:49,130 --> 00:29:45,620

emergency Network towers have been

596

00:29:52,640 --> 00:29:49,140

recalibrated they were at one time only

597

00:29:54,680 --> 00:29:52,650

military frequencies and military use

598

00:29:58,220 --> 00:29:54,690

but now they have a thing called dual

599

00:30:00,290 --> 00:29:58,230

use and that includes our cell towers

600

00:30:02,660 --> 00:30:00,300

includes our Gwen towers includes every

601
00:30:05,300 --> 00:30:02,670
technology I'm going to name and what

602
00:30:08,360 --> 00:30:05,310
dual use means is the military can use

603
00:30:12,190 --> 00:30:08,370
it and the civilians can use it and the

604
00:30:15,200 --> 00:30:12,200
military gets to decide who uses it when

605
00:30:18,800 --> 00:30:15,210
that includes our computers that

606
00:30:20,799 --> 00:30:18,810
includes our cell phones all the cell

607
00:30:23,440 --> 00:30:20,809
phones have their own signature

608
00:30:25,810 --> 00:30:23,450
all compromised as you know Edward

609
00:30:28,720 --> 00:30:25,820
Snowden tried to give us a tiny peek

610
00:30:31,830 --> 00:30:28,730
into what's going on many of us already

611
00:30:34,119 --> 00:30:31,840
knew what he said but I think that by

612
00:30:35,739 --> 00:30:34,129
putting him out there that and I do

613
00:30:37,659 --> 00:30:35,749

believe he was put out there I don't

614

00:30:40,299 --> 00:30:37,669

believe he escaped and all that that

615

00:30:43,840 --> 00:30:40,309

sort of story I believe he was put out

616

00:30:48,419 --> 00:30:43,850

there to speak because they now wanted

617

00:30:52,659 --> 00:30:48,429

to see how far the reaction would go

618

00:30:56,019 --> 00:30:52,669

we'd already had 50 years of programming

619

00:30:58,930 --> 00:30:56,029

and conditioning and then we'd had 10

620

00:31:03,340 --> 00:30:58,940

years of cellphones 20 years of

621

00:31:05,710 --> 00:31:03,350

computers 50 years of TV they wanted to

622

00:31:08,310 --> 00:31:05,720

see how it would go once we knew that

623

00:31:11,830 --> 00:31:08,320

yeah then NSA is in all your business

624

00:31:14,109 --> 00:31:11,840

and documenting everything you say we'd

625

00:31:18,039 --> 00:31:14,119

already gone through the Patriot Act of

626

00:31:20,950 --> 00:31:18,049

2001 wherein we're told that we are

627

00:31:23,440 --> 00:31:20,960

terrorists we get to define what

628

00:31:26,230 --> 00:31:23,450

terrorist means because as you know a

629

00:31:29,859 --> 00:31:26,240

terrorist has many faces and can

630

00:31:33,340 --> 00:31:29,869

disguise itself as many things so we get

631

00:31:35,680 --> 00:31:33,350

to decide ex post facto if someone's a

632

00:31:39,190 --> 00:31:35,690

terrorist what acts comprised the

633

00:31:42,489 --> 00:31:39,200

terrorism they committed etc so we'd

634

00:31:46,440 --> 00:31:42,499

already let that go in a heartbeat no

635

00:31:49,720 --> 00:31:46,450

discussion really and then in 2002

636

00:31:51,850 --> 00:31:49,730

nanotechnology was trotted out trillions

637

00:31:54,879 --> 00:31:51,860

and trillions of sensors were dropped

638

00:31:57,580 --> 00:31:54,889

from the stratosphere many of which have

639

00:31:59,080 --> 00:31:57,590

come down and they're on a nano scale so

640

00:32:01,840 --> 00:31:59,090

we've all breathed them in there in our

641

00:32:04,480 --> 00:32:01,850

bodies there in our brains the same time

642

00:32:07,409 --> 00:32:04,490

they're doing the chemical trails we're

643

00:32:11,139 --> 00:32:07,419

breathing in nano particles of

644

00:32:14,590 --> 00:32:11,149

conductive metals we're talking aluminum

645

00:32:17,230 --> 00:32:14,600

barium strontium lithium titanium and no

646

00:32:19,749 --> 00:32:17,240

discussion no discussion it's all it's

647

00:32:22,180 --> 00:32:19,759

all conspiracy theory of course we're

648

00:32:24,850 --> 00:32:22,190

breathing in the sensors which are

649

00:32:28,830 --> 00:32:24,860

called MEMS gems and NEMS

650

00:32:31,659 --> 00:32:28,840

names being the nano scale sensors

651
00:32:33,430 --> 00:32:31,669
they're in our bodies we're breathing in

652
00:32:35,680 --> 00:32:33,440
the mark Ellen's

653
00:32:39,369 --> 00:32:35,690
biologicals which have been genetically

654
00:32:42,310 --> 00:32:39,379
engineered in labs and they're also on a

655
00:32:45,999 --> 00:32:42,320
nano scale so that those scientists like

656
00:32:49,389 --> 00:32:46,009
clifford car nakum who want to examine

657
00:32:52,440 --> 00:32:49,399
the electro-optical nature of these tiny

658
00:32:55,889 --> 00:32:52,450
tiny sensors like MEMS and gems and nems

659
00:32:59,769 --> 00:32:55,899
cannot do so without extremely expensive

660
00:33:04,930 --> 00:32:59,779
equipment I mean an electro spectroscope

661
00:33:08,549 --> 00:33:04,940
cost fifty thousand dollars used so you

662
00:33:11,490 --> 00:33:08,559
keep it high-tech you keep it small you

663
00:33:14,510 --> 00:33:11,500

keep it invisible

664

00:33:18,270 --> 00:33:14,520

and you have the keys to the kingdom

665

00:33:20,250 --> 00:33:18,280

beyond our cell towers and when towers

666

00:33:23,730 --> 00:33:20,260

we have I'm looking out at power lines

667

00:33:27,840 --> 00:33:23,740

right now I'm looking at transformers on

668

00:33:31,080 --> 00:33:27,850

the telephone poles we have a phased

669

00:33:34,920 --> 00:33:31,090

array antennas like HAARP yeah these big

670

00:33:37,500 --> 00:33:34,930

installations radar installations next

671

00:33:41,340 --> 00:33:37,510

rads which are those big golf ball

672

00:33:45,240 --> 00:33:41,350

looking things we have the xB s's which

673

00:33:47,820 --> 00:33:45,250

are SB X which is the huge ionosphere

674

00:33:50,850 --> 00:33:47,830

keator golf ball looking thing that is

675

00:33:54,540 --> 00:33:50,860

now mobile and can be set up overnight

676

00:33:56,700 --> 00:33:54,550

on an oil rig and toads wherever it's

677

00:33:59,880 --> 00:33:56,710

needed such as when Fukushima happened

678

00:34:02,370 --> 00:33:59,890

there was one off of the coast there we

679

00:34:05,790 --> 00:34:02,380

have wind farms that we've sold the

680

00:34:08,250 --> 00:34:05,800

public as being green energy that are a

681

00:34:10,919 --> 00:34:08,260

part of this system because they are

682

00:34:14,129 --> 00:34:10,929

being pulsed they have frequencies that

683

00:34:17,580 --> 00:34:14,139

they respond to nothing living will ever

684

00:34:19,919 --> 00:34:17,590

be found where a wind farm is all people

685

00:34:22,320 --> 00:34:19,929

who live around when firms get sick we

686

00:34:24,899 --> 00:34:22,330

have the hydraulic fracking the fracture

687

00:34:27,360 --> 00:34:24,909

the new way of dodging oil out of the

688

00:34:30,629 --> 00:34:27,370

earth all the fracking they have

689

00:34:34,379 --> 00:34:30,639

chemicals injected into them chemicals

690

00:34:37,350 --> 00:34:34,389

that in their signature are identical to

691

00:34:40,560 --> 00:34:37,360

what is being sprayed and what we are

692

00:34:43,520 --> 00:34:40,570

breathing from the sky all of these

693

00:34:45,750 --> 00:34:43,530

things are on land anything

694

00:34:48,510 --> 00:34:45,760

electromagnetic anything that creates an

695

00:34:50,730 --> 00:34:48,520

electromagnetic field is part of the

696

00:34:54,300 --> 00:34:50,740

space fence because the space fence is

697

00:34:59,190 --> 00:34:54,310

run by AI artificial intelligence and

698

00:35:01,680 --> 00:34:59,200

the AI determines what the pulsing is

699

00:35:04,710 --> 00:35:01,690

the CPS the Hertz whatever you want to

700

00:35:08,040 --> 00:35:04,720

call it how the frequencies are stacked

701
00:35:10,980 --> 00:35:08,050
on a pulse and how that is then pulsed

702
00:35:13,610 --> 00:35:10,990
into various geographic areas for

703
00:35:18,750 --> 00:35:13,620
various military intelligence purposes

704
00:35:22,410 --> 00:35:18,760
on what this B means is our bodies we're

705
00:35:24,150 --> 00:35:22,420
like antennas too because part of us the

706
00:35:25,599 --> 00:35:24,160
way I look at it is half of us is

707
00:35:29,710 --> 00:35:25,609
electromagnetic

708
00:35:32,470 --> 00:35:29,720
and half of us is etheric now that's a

709
00:35:35,380 --> 00:35:32,480
term that isn't used anymore it used to

710
00:35:39,569 --> 00:35:35,390
be used by scientists including Einstein

711
00:35:43,809 --> 00:35:39,579
up until about the 1920s or 1930s at

712
00:35:47,410 --> 00:35:43,819
that time a very bogus experiment took

713
00:35:49,589 --> 00:35:47,420

place to convince scientists that there

714

00:35:53,829 --> 00:35:49,599

was no ether that it had been some

715

00:35:56,019 --> 00:35:53,839

confided term of the 19th century and

716

00:35:58,359 --> 00:35:56,029

that now we're smarter and we know more

717

00:36:00,370 --> 00:35:58,369

and so we're going to use other terms

718

00:36:06,130 --> 00:36:00,380

right Michelson Morley

719

00:36:07,479 --> 00:36:06,140

but ether is a very ancient term I don't

720

00:36:10,289 --> 00:36:07,489

know how ancient the term is but it's

721

00:36:13,329 --> 00:36:10,299

it's for the substance of the universe

722

00:36:15,489 --> 00:36:13,339

now we're saying that plasma which is

723

00:36:19,870 --> 00:36:15,499

not the same plasma as in your body of

724

00:36:22,509 --> 00:36:19,880

course but the plasma in space all

725

00:36:24,789 --> 00:36:22,519

things are made of plasma if you go back

726

00:36:27,430 --> 00:36:24,799

far enough and I'm not a proponent of

727

00:36:30,880 --> 00:36:27,440

the Big Bang Theory so to me I would go

728

00:36:34,239 --> 00:36:30,890

back back back back back to when all

729

00:36:38,319 --> 00:36:34,249

things were plasma 99% of the universe

730

00:36:42,489 --> 00:36:38,329

is plasma and that plasma is is a gas

731

00:36:47,229 --> 00:36:42,499

and a substance at the same time and it

732

00:36:50,999 --> 00:36:47,239

is is it responds extremely to heat so

733

00:36:56,049 --> 00:36:51,009

with plasma we can imagine that the

734

00:37:00,069 --> 00:36:56,059

planet began in heat and that the plasma

735

00:37:03,609 --> 00:37:00,079

was able to develop along with some sort

736

00:37:06,849 --> 00:37:03,619

of particulates slowly forming within it

737

00:37:09,339 --> 00:37:06,859

and then everything gets going so this

738

00:37:11,950 --> 00:37:09,349

is the plasma when I use the word plasma

739

00:37:14,950 --> 00:37:11,960

which I do a lot this is the plasma I'm

740

00:37:17,620 --> 00:37:14,960

talking about our bodies have plasma are

741

00:37:21,460 --> 00:37:17,630

made of plasma our environment has

742

00:37:24,690 --> 00:37:21,470

plasma in it and in that plasma is ether

743

00:37:27,729 --> 00:37:24,700

and ether is life whereas

744

00:37:30,360 --> 00:37:27,739

electromagnetism as as many as of the

745

00:37:35,070 --> 00:37:30,370

cool things it gives us

746

00:37:37,950 --> 00:37:35,080

is death and ill health and so because

747

00:37:40,830 --> 00:37:37,960

this this precept has been hidden from

748

00:37:44,810 --> 00:37:40,840

us and is probably hidden from

749

00:37:48,900 --> 00:37:44,820

scientists who have had regular exoteric

750

00:37:53,280 --> 00:37:48,910

education those who know that this

751

00:37:57,600 --> 00:37:53,290

antithesis exists they are able to use

752

00:38:00,060 --> 00:37:57,610

that against us against life do I

753

00:38:02,130 --> 00:38:00,070

believe that this is what they're after

754

00:38:05,190 --> 00:38:02,140

that they are against life yes I do

755

00:38:08,190 --> 00:38:05,200

I remember when Eric from the famous

756

00:38:11,820 --> 00:38:08,200

psychoanalyst said that there are two

757

00:38:15,240 --> 00:38:11,830

kinds of people there are the people who

758

00:38:18,270 --> 00:38:15,250

who love life and the people who hate

759

00:38:20,810 --> 00:38:18,280

life the people who create life the

760

00:38:24,660 --> 00:38:20,820

people who destroy life and right now

761

00:38:28,710 --> 00:38:24,670

we're in a period thanks to the National

762

00:38:31,620 --> 00:38:28,720

Security Act of 1947 in which there are

763

00:38:34,830 --> 00:38:31,630

only partial truths available to

764

00:38:36,690 --> 00:38:34,840

scientists who probably have good

765

00:38:39,690 --> 00:38:36,700

intents probably feel they're being

766

00:38:42,600 --> 00:38:39,700

patriotic whatever maybe some of them

767

00:38:46,350 --> 00:38:42,610

have already had a visit and have been

768

00:38:48,420 --> 00:38:46,360

warned to not speak out that their

769

00:38:52,440 --> 00:38:48,430

safety and the safety of their families

770

00:38:56,760 --> 00:38:52,450

is involved whatever the reason they are

771

00:38:59,610 --> 00:38:56,770

unable to understand and grasp that this

772

00:39:01,170 --> 00:38:59,620

way of the National Security Act the

773

00:39:03,870 --> 00:39:01,180

need-to-know basis and the

774

00:39:08,100 --> 00:39:03,880

compartmentalized information these two

775

00:39:11,670 --> 00:39:08,110

things really make their science a lie

776

00:39:13,830 --> 00:39:11,680

they are working for money because now

777

00:39:17,730 --> 00:39:13,840

the purse strings of almost every

778

00:39:22,260 --> 00:39:17,740

university in the probably world is tied

779

00:39:26,030 --> 00:39:22,270

to military this is so important that we

780

00:39:31,760 --> 00:39:26,040

are moving into a fascist military

781

00:39:34,650 --> 00:39:31,770

technocracy control not looking like the

782

00:39:38,270 --> 00:39:34,660

fascism of world war ii where you have

783

00:39:41,400 --> 00:39:38,280

this italian megalomaniac you have this

784

00:39:42,880 --> 00:39:41,410

german megalomania this is not how it

785

00:39:47,260 --> 00:39:42,890

looks now it

786

00:39:51,280 --> 00:39:47,270

smart it looks cool it's fantastic

787

00:39:53,680 --> 00:39:51,290

technology that turnout is daily of more

788

00:39:59,290 --> 00:39:53,690

and more convenience items more and more

789

00:40:01,710 --> 00:39:59,300

fun games cool cars on and on and on

790

00:40:04,590 --> 00:40:01,720

this this way of keeping people

791

00:40:07,660 --> 00:40:04,600

distracted while you're controlling

792

00:40:11,200 --> 00:40:07,670

their future and the future of their

793

00:40:15,100 --> 00:40:11,210

children this to me is what the space

794

00:40:19,650 --> 00:40:15,110

fence is really ultimately about it

795

00:40:23,020 --> 00:40:19,660

wants control over every living thing

796

00:40:26,230 --> 00:40:23,030

now especially because they have the

797

00:40:29,650 --> 00:40:26,240

genetics by which they can recreate the

798

00:40:31,930 --> 00:40:29,660

dinosaurs or recreate the trees the

799

00:40:34,390 --> 00:40:31,940

forests that are dying in drought ridden

800

00:40:37,150 --> 00:40:34,400

California they have the keys to the

801
00:40:41,500 --> 00:40:37,160
kingdom and they now want a different

802
00:40:44,590 --> 00:40:41,510
human being this vulnerable human being

803
00:40:48,510 --> 00:40:44,600
that has the audacity to think it

804
00:40:53,170 --> 00:40:48,520
deserves its own free will has to go

805
00:40:55,720 --> 00:40:53,180
just has to go no room in a full

806
00:40:56,970 --> 00:40:55,730
spectrum dominance world for that kind

807
00:41:00,970 --> 00:40:56,980
of nonsense

808
00:41:03,370 --> 00:41:00,980
certainly the elites know something and

809
00:41:07,840 --> 00:41:03,380
many people who are not in the elite

810
00:41:11,050 --> 00:41:07,850
class underestimate the control that

811
00:41:14,110 --> 00:41:11,060
elites themselves are under they

812
00:41:17,320 --> 00:41:14,120
certainly raised their children very

813
00:41:21,870 --> 00:41:17,330

differently and they bear the burden

814

00:41:26,200 --> 00:41:21,880

from birth of running masses of money

815

00:41:29,770 --> 00:41:26,210

corporations properties people and so

816

00:41:33,010 --> 00:41:29,780

they are conditioned from day one to

817

00:41:35,710 --> 00:41:33,020

take the reins of power and expand them

818

00:41:38,530 --> 00:41:35,720

multiply them and so that that is not

819

00:41:40,900 --> 00:41:38,540

freedom I don't care how many cool

820

00:41:43,600 --> 00:41:40,910

things they are able to buy and that

821

00:41:46,840 --> 00:41:43,610

they can fly off to an opera in Vienna

822

00:41:51,160 --> 00:41:46,850

at the drop of a pin that is not what

823

00:41:54,500 --> 00:41:51,170

freedom is anyway real freedom is the

824

00:41:58,310 --> 00:41:54,510

ability to do what you want

825

00:42:01,070 --> 00:41:58,320

for the good on your own terms and they

826
00:42:02,990 --> 00:42:01,080
don't have that and now we are not going

827
00:42:06,050 --> 00:42:03,000
to have that in our tiny little lives

828
00:42:10,520 --> 00:42:06,060
that we live out here in the world for

829
00:42:12,940 --> 00:42:10,530
me the key of AI which I've been going

830
00:42:16,760 --> 00:42:12,950
over that because I've been preparing a

831
00:42:19,490 --> 00:42:16,770
webinar presentation for a group calling

832
00:42:22,250 --> 00:42:19,500
themselves out of control it's sponsored

833
00:42:22,820 --> 00:42:22,260
by investment analyst Katherine Austin

834
00:42:24,770 --> 00:42:22,830
Fitz

835
00:42:28,760 --> 00:42:24,780
they've handpicked couple dozen people

836
00:42:31,280 --> 00:42:28,770
to talk about various subjects and -

837
00:42:34,640 --> 00:42:31,290
chemical electromagnetic so I've been

838
00:42:37,220 --> 00:42:34,650

going over the AI drama that happened

839

00:42:40,520 --> 00:42:37,230

recently and this is where you might

840

00:42:42,200 --> 00:42:40,530

have something to contribute because you

841

00:42:44,840 --> 00:42:42,210

have such an interesting show and

842

00:42:48,230 --> 00:42:44,850

interesting people when we saw that

843

00:42:50,870 --> 00:42:48,240

photo in the New York Times I believe it

844

00:42:53,840 --> 00:42:50,880

was on the front page of President Trump

845

00:42:56,360 --> 00:42:53,850

meeting having his hands on the crystal

846

00:42:59,810 --> 00:42:56,370

ball right with the president of Egypt

847

00:43:02,240 --> 00:42:59,820

and the king of Saudi Arabia that

848

00:43:04,550 --> 00:43:02,250

happened I think in October when they

849

00:43:07,730 --> 00:43:04,560

were at a futures conference of some

850

00:43:10,280 --> 00:43:07,740

sort in radiya I don't know how to say

851

00:43:11,960 --> 00:43:10,290

that so I was looking at that and that

852

00:43:16,280 --> 00:43:11,970

was the conference at which they

853

00:43:19,780 --> 00:43:16,290

announced that Sophia the humanoid robot

854

00:43:24,350 --> 00:43:19,790

was now a citizen had been granted

855

00:43:26,780 --> 00:43:24,360

citizenship in Saudi Arabia and that was

856

00:43:30,290 --> 00:43:26,790

on I just learned that was on September

857

00:43:33,740 --> 00:43:30,300

23 I know I was thinking about that and

858

00:43:37,520 --> 00:43:33,750

I was listening to a tape of I can't

859

00:43:40,810 --> 00:43:37,530

remember Quinn's last name but he is an

860

00:43:46,070 --> 00:43:40,820

IT guy he designed systems like that and

861

00:43:50,390 --> 00:43:46,080

he was talking about how AI is now in

862

00:43:54,080 --> 00:43:50,400

charge and certainly we are all familiar

863

00:43:56,720 --> 00:43:54,090

with artificial intelligence systems we

864

00:43:58,010 --> 00:43:56,730

see them at the airport we see them ID

865

00:44:00,980 --> 00:43:58,020

cash registers

866

00:44:04,880 --> 00:44:00,990

no one can add anymore because the AI

867

00:44:07,520 --> 00:44:04,890

systems are racking up our bill and so

868

00:44:08,450 --> 00:44:07,530

we're familiar with them in a separate

869

00:44:11,420 --> 00:44:08,460

way

870

00:44:15,050 --> 00:44:11,430

but what if that's true what if Sophia

871

00:44:15,680 --> 00:44:15,060

or something like her is now in a Jade

872

00:44:19,760 --> 00:44:15,690

helm

873

00:44:21,920 --> 00:44:19,770

way running the space fence and and I've

874

00:44:24,290 --> 00:44:21,930

been constantly looking at the space

875

00:44:26,210 --> 00:44:24,300

fences because I haven't talked yet

876

00:44:28,400 --> 00:44:26,220

about what's in near-earth orbit of

877

00:44:30,770 --> 00:44:28,410

course satellites are involved in the

878

00:44:33,470 --> 00:44:30,780

space fence the ISS the International

879

00:44:37,220 --> 00:44:33,480

Space Station is involved in the space

880

00:44:40,450 --> 00:44:37,230

fence system what if now it's up and

881

00:44:43,730 --> 00:44:40,460

running and the Kwajalein Atoll

882

00:44:46,099 --> 00:44:43,740

installation is done Lockheed Martin is

883

00:44:49,130 --> 00:44:46,109

still in charge of the space fence and

884

00:44:52,190 --> 00:44:49,140

it's all being a I run now what

885

00:44:55,040 --> 00:44:52,200

difference will that make for us here

886

00:44:59,300 --> 00:44:55,050

living our lives on planet Earth and

887

00:45:01,940 --> 00:44:59,310

what I always come back to is I don't

888

00:45:03,859 --> 00:45:01,950

know it just it's like a dog coming when

889

00:45:08,329 --> 00:45:03,869

I call it in a way without knowing what

890

00:45:12,530 --> 00:45:08,339

I'm calling is the 5g in a way the 5g

891

00:45:14,839 --> 00:45:12,540

which is going up in little boxes little

892

00:45:18,410 --> 00:45:14,849

antennas in neighborhoods and in rural

893

00:45:21,800 --> 00:45:18,420

areas all around the world I mean if you

894

00:45:25,130 --> 00:45:21,810

saw that Tom wheeler YouTube you know

895

00:45:28,370 --> 00:45:25,140

he's the FCC Chairman and how he was

896

00:45:31,070 --> 00:45:28,380

selling it adamantly as being something

897

00:45:34,760 --> 00:45:31,080

that will draw everyone everyone on

898

00:45:40,310 --> 00:45:34,770

planet earth into the fold I just wonder

899

00:45:44,390 --> 00:45:40,320

if the 5g is not the final key to

900

00:45:48,050 --> 00:45:44,400

getting really deep down into our full

901
00:45:51,500 --> 00:45:48,060
spectrum dominance down into our genetic

902
00:45:54,970 --> 00:45:51,510
level now I know 5g is millimeter waves

903
00:45:59,780 --> 00:45:54,980
and millimeter waves are between

904
00:46:03,290 --> 00:45:59,790
microwaves and infrared they are out of

905
00:46:08,750 --> 00:46:03,300
our visual range they are able to

906
00:46:12,970 --> 00:46:08,760
penetrate the covering of our DNA they

907
00:46:16,010 --> 00:46:12,980
are at 30 to 300 gigahertz they are not

908
00:46:17,060 --> 00:46:16,020
nanometers they are not a nano scale but

909
00:46:20,630 --> 00:46:17,070
that doesn't really matter

910
00:46:21,980 --> 00:46:20,640
the smaller the wave the greater the

911
00:46:24,740 --> 00:46:21,990
power

912
00:46:29,680 --> 00:46:24,750
we're not looking for wattage here we're

913
00:46:34,850 --> 00:46:29,690

looking for cyclotron resonance and I

914

00:46:38,630 --> 00:46:34,860

believe that I'm going to say in the

915

00:46:43,609 --> 00:46:38,640

synthetic biology book I am going to say

916

00:46:47,630 --> 00:46:43,619

that the 5g is the very means by which

917

00:46:50,620 --> 00:46:47,640

they will be able to penetrate us right

918

00:46:54,980 --> 00:46:50,630

down to the DNA level this of course

919

00:46:59,060 --> 00:46:54,990

leads us to what they're all driving us

920

00:47:04,100 --> 00:46:59,070

toward which is transhumanism this

921

00:47:09,109 --> 00:47:04,110

fellow Quinn was saying that Sophia is

922

00:47:12,320 --> 00:47:09,119

the representative of what we all may be

923

00:47:14,420 --> 00:47:12,330

some day yes she's been completely built

924

00:47:17,000 --> 00:47:14,430

from what I was looking at her very

925

00:47:20,510 --> 00:47:17,010

closely to see if she was actually a

926
00:47:23,780 --> 00:47:20,520
human who had been completely

927
00:47:27,859 --> 00:47:23,790
re-engineered and I don't believe so I

928
00:47:31,370 --> 00:47:27,869
believe she is actually a silicon vessel

929
00:47:34,390 --> 00:47:31,380
of some sort and he brought up Palantir

930
00:47:39,140 --> 00:47:34,400
which is a very important name to know

931
00:47:42,290 --> 00:47:39,150
Palantir is Big Data Corporation and all

932
00:47:47,200 --> 00:47:42,300
of our major agencies in the United

933
00:47:50,780 --> 00:47:47,210
States other than Quinn said the US Army

934
00:47:55,490 --> 00:47:50,790
everybody else Navy Air Force Google

935
00:48:00,140 --> 00:47:55,500
Facebook every agency NSA CIA dia are

936
00:48:04,580 --> 00:48:00,150
all on the Palantir bandwagon and I

937
00:48:08,660 --> 00:48:04,590
would add they all have d-wave computers

938
00:48:11,480 --> 00:48:08,670

and the d-wave is I learned about it

939

00:48:14,810 --> 00:48:11,490

from Anthony patch who is sort of my

940

00:48:17,510 --> 00:48:14,820

go-to guy for CERN information on

941

00:48:21,200 --> 00:48:17,520

particle accelerators and according to

942

00:48:24,680 --> 00:48:21,210

Anthony the d-wave computer pretty much

943

00:48:26,900 --> 00:48:24,690

runs CERN now so that's a done deal

944

00:48:30,470 --> 00:48:26,910

and what does it mean what does it mean

945

00:48:34,160 --> 00:48:30,480

to have an adiabatic quantum computer

946

00:48:37,070 --> 00:48:34,170

running CERN well

947

00:48:40,730 --> 00:48:37,080

to me for the space fence it matters

948

00:48:42,800 --> 00:48:40,740

what relationship D wave because I'm now

949

00:48:44,870 --> 00:48:42,810

going to have to look at it as an entity

950

00:48:48,770 --> 00:48:44,880

you understand that right right it's a

951
00:48:51,740 --> 00:48:48,780
machine but it's an entity and it has

952
00:48:55,010 --> 00:48:51,750
consciousness it has modelled on human

953
00:48:57,040 --> 00:48:55,020
consciousness but I don't know how long

954
00:49:01,030 --> 00:48:57,050
that will last

955
00:49:04,410 --> 00:49:01,040
is the d-wave computer working in tandem

956
00:49:08,190 --> 00:49:04,420
with Palantir

957
00:49:11,790 --> 00:49:08,200
are they working in tandem with all of

958
00:49:15,960 --> 00:49:11,800
their progeny that are serving all of

959
00:49:18,120 --> 00:49:15,970
our agencies hmm if they are working in

960
00:49:20,370 --> 00:49:18,130
tandem with them if the consciousness is

961
00:49:23,130 --> 00:49:20,380
being raised of all of them just because

962
00:49:25,650 --> 00:49:23,140
one of them in the hive mind has raised

963
00:49:30,210 --> 00:49:25,660

its consciousness then what does that

964

00:49:33,720 --> 00:49:30,220

spell for us right and this will be to

965

00:49:36,900 --> 00:49:33,730

me exactly what if you boiled down the

966

00:49:39,630 --> 00:49:36,910

space fence beyond all of its parts all

967

00:49:42,150 --> 00:49:39,640

of its electromagnetic parts that it can

968

00:49:45,200 --> 00:49:42,160

be pulsed and have frequency stacked on

969

00:49:50,460 --> 00:49:45,210

the pulses for a variety of missions

970

00:49:54,720 --> 00:49:50,470

projects drills everything else boil it

971

00:49:56,670 --> 00:49:54,730

down and they're all run by AI well then

972

00:50:01,110 --> 00:49:56,680

you have been able to turn this planet

973

00:50:04,350 --> 00:50:01,120

into a machine absolutely that I think

974

00:50:06,500 --> 00:50:04,360

reycarts while mr. singularity ahead of

975

00:50:09,270 --> 00:50:06,510

the singularity University which is

976

00:50:12,450 --> 00:50:09,280

basically on the same campus as Facebook

977

00:50:16,470 --> 00:50:12,460

Google by the way what he calls the

978

00:50:20,160 --> 00:50:16,480

singularity and says that one day we

979

00:50:23,090 --> 00:50:20,170

will be living virtual lives and we will

980

00:50:26,490 --> 00:50:23,100

not even know we're living virtual lives

981

00:50:28,930 --> 00:50:26,500

like I'm looking at a tree outside which

982

00:50:32,050 --> 00:50:28,940

has lost its leaves

983

00:50:38,350 --> 00:50:32,060

am I looking at a tree that has lost its

984

00:50:41,890 --> 00:50:38,360

leaves or code to what degree will AI be

985

00:50:43,930 --> 00:50:41,900

able to penetrate and control my

986

00:50:47,050 --> 00:50:43,940

consciousness where I have worked so

987

00:50:50,440 --> 00:50:47,060

diligently to be conscious and to remain

988

00:50:53,200 --> 00:50:50,450

conscious doing no drugs eating only

989

00:50:56,800 --> 00:50:53,210

organic all these years so that I could

990

00:51:02,400 --> 00:50:56,810

fight to the very end for life on Earth

991

00:51:04,930 --> 00:51:02,410

for the human future a real human future

992

00:51:10,150 --> 00:51:04,940

where humans can make their own errors

993

00:51:13,840 --> 00:51:10,160

in their desire for free will and even

994

00:51:17,380 --> 00:51:13,850

decide to waste of life I want everyone

995

00:51:20,470 --> 00:51:17,390

to have that right and have the least

996

00:51:25,150 --> 00:51:20,480

governance possible and yet look at the

997

00:51:29,760 --> 00:51:25,160

era I'm living in so I've been thinking

998

00:51:34,000 --> 00:51:29,770

a lot about that about the AI piece of

999

00:51:35,740 --> 00:51:34,010

the space fence and if I were to give

1000

00:51:37,330 --> 00:51:35,750

you a picture of the space fence I don't

1001
00:51:40,870 --> 00:51:37,340
know if you saw the cover of my upcoming

1002
00:51:43,150 --> 00:51:40,880
book well what I did is I had an artist

1003
00:51:46,240 --> 00:51:43,160
friend put a ring around planet Earth

1004
00:51:48,610 --> 00:51:46,250
like a Saturn ring and that's according

1005
00:51:51,670 --> 00:51:48,620
to billy hayes the harp man is exactly

1006
00:51:54,220 --> 00:51:51,680
what's being done high above us because

1007
00:51:58,510 --> 00:51:54,230
one of the key components not just the

1008
00:52:01,600 --> 00:51:58,520
jets that are spewing the nano particles

1009
00:52:04,390 --> 00:52:01,610
that were breathing but the sounding

1010
00:52:05,860 --> 00:52:04,400
rockets that are going off at Wallops on

1011
00:52:08,320 --> 00:52:05,870
the East Coast

1012
00:52:11,170 --> 00:52:08,330
Vandenberg at the west coast and

1013
00:52:14,710 --> 00:52:11,180

everything in between every other launch

1014

00:52:16,540 --> 00:52:14,720

pad in between including private all of

1015

00:52:19,150 --> 00:52:16,550

these sounding rockets going into the

1016

00:52:22,300 --> 00:52:19,160

stratosphere are spewing the same

1017

00:52:26,220 --> 00:52:22,310

chemical signature the same chemical

1018

00:52:29,860 --> 00:52:26,230

brew that is in the fracking wells is

1019

00:52:33,670 --> 00:52:29,870

below the wind farms is being spewed

1020

00:52:36,580 --> 00:52:33,680

from the Jets it's the same components

1021

00:52:39,610 --> 00:52:36,590

and those when they get up into the

1022

00:52:41,980 --> 00:52:39,620

stratosphere what happens is those

1023

00:52:42,730 --> 00:52:41,990

particulates the ones that didn't fall

1024

00:52:45,970 --> 00:52:42,740

on the air

1025

00:52:49,810 --> 00:52:45,980

for us to breathe they will then begin

1026
00:52:53,230 --> 00:52:49,820
to rotate with the earth spinning around

1027
00:52:56,320 --> 00:52:53,240
and eventually settle around the equator

1028
00:52:59,800 --> 00:52:56,330
in a ring and I asked Billy one day when

1029
00:53:02,050 --> 00:52:59,810
we were talking on skype so what is that

1030
00:53:04,150 --> 00:53:02,060
ring it isn't that they just want to

1031
00:53:06,870 --> 00:53:04,160
look like Saturn I said it's got to be

1032
00:53:11,020 --> 00:53:06,880
highly conductive so it's got to serve

1033
00:53:14,550 --> 00:53:11,030
communications and c4 and full spectrum

1034
00:53:17,590 --> 00:53:14,560
dominance on the earth yes said Billy

1035
00:53:22,990 --> 00:53:17,600
but I think you need to think of it as a

1036
00:53:27,520 --> 00:53:23,000
cd-rom it's a CD he said what if they're

1037
00:53:31,060 --> 00:53:27,530
going to record all of our memories in

1038
00:53:33,910 --> 00:53:31,070

it and I thought about that and I

1039

00:53:39,100 --> 00:53:33,920

thought about what happened with Saturn

1040

00:53:42,490 --> 00:53:39,110

we had a vessel up there for several

1041

00:53:46,770 --> 00:53:42,500

years and have now purportedly destroyed

1042

00:53:49,809 --> 00:53:46,780

it but why are those rings around Saturn

1043

00:53:53,630 --> 00:53:49,819

when did that happen

1044

00:53:58,220 --> 00:53:53,640

and at that point I called Anthony patch

1045

00:54:01,099 --> 00:53:58,230

and he told me about the Saturn alien

1046

00:54:03,140 --> 00:54:01,109

Brotherhood right I already knew about

1047

00:54:08,660 --> 00:54:03,150

the Saturn elenberg but I'd forgotten

1048

00:54:12,099 --> 00:54:08,670

and again I I hadn't connected it to the

1049

00:54:16,359 --> 00:54:12,109

Saturn izing of the world of the globe

1050

00:54:18,979 --> 00:54:16,369

if it was true that at one time our

1051

00:54:22,109 --> 00:54:18,989

planetary configuration in our solar

1052

00:54:26,249 --> 00:54:22,119

system was quite different

1053

00:54:28,319 --> 00:54:26,259

that Saturn was not where it is now but

1054

00:54:32,670 --> 00:54:28,329

was actually pretty much where we are

1055

00:54:35,700 --> 00:54:32,680

now then is there a Saturn alien

1056

00:54:37,769 --> 00:54:35,710

Brotherhood at NASA and if I were to

1057

00:54:40,400 --> 00:54:37,779

choose where I would choose NASA because

1058

00:54:45,989 --> 00:54:40,410

NASA was founded by Verner von Braun a

1059

00:54:48,839 --> 00:54:45,999

very serious SS Nazi mm-hmm do they want

1060

00:54:50,880 --> 00:54:48,849

to just turn us in to Saturn in some way

1061

00:54:54,299 --> 00:54:50,890

R or is this for

1062

00:54:57,269 --> 00:54:54,309

perhaps communications this ring the

1063

00:54:59,759 --> 00:54:57,279

cd-rom around our planet is it for

1064

00:55:02,549 --> 00:54:59,769

communication with when they go into the

1065

00:55:04,829 --> 00:55:02,559

solar system when they find a way to get

1066

00:55:08,279 --> 00:55:04,839

beyond the Van Allen belts without

1067

00:55:11,609 --> 00:55:08,289

lead-lined suits are they going to

1068

00:55:16,259 --> 00:55:11,619

create a transhumanist who will not

1069

00:55:18,299 --> 00:55:16,269

flinch under ionized radiation but will

1070

00:55:21,720 --> 00:55:18,309

be able to just breeze through those Van

1071

00:55:26,700 --> 00:55:21,730

Allen belts right are they just going to

1072

00:55:29,039 --> 00:55:26,710

sand an AI my guess is the latter my

1073

00:55:31,650 --> 00:55:29,049

guess is they want an AI world

1074

00:55:35,609 --> 00:55:31,660

mm-hmm and that the space fence locked

1075

00:55:39,299 --> 00:55:35,619

down on all living creatures with

1076
00:55:42,239 --> 00:55:39,309
consciousness of these superior AIS who

1077
00:55:46,160 --> 00:55:42,249
will be able to take full spectrum

1078
00:55:50,630 --> 00:55:46,170
dominance into the solar system why not

1079
00:55:54,570 --> 00:55:50,640
but the first step as you can imagine

1080
00:55:57,240 --> 00:55:54,580
is domination of planet Earth

1081
00:56:01,560 --> 00:55:57,250
that appears to me what is going on now

1082
00:56:04,260 --> 00:56:01,570
right man it's just a lot and your term

1083
00:56:07,140 --> 00:56:04,270
full spectrum dominance really does nail

1084
00:56:09,930 --> 00:56:07,150
it though the whole thing is so complex

1085
00:56:11,610 --> 00:56:09,940
it's hard to hit everything is there a

1086
00:56:13,350 --> 00:56:11,620
thread as we're winding down that we

1087
00:56:15,180 --> 00:56:13,360
might have neglected that you think is

1088
00:56:17,580 --> 00:56:15,190

important for people to hear do we hit

1089

00:56:19,740 --> 00:56:17,590

all the major points I just want to

1090

00:56:22,290 --> 00:56:19,750

repeat that you know people feel

1091

00:56:24,900 --> 00:56:22,300

overwhelmed once they start to learn and

1092

00:56:28,050 --> 00:56:24,910

that's that's a natural feeling but we

1093

00:56:30,960 --> 00:56:28,060

don't need to use fear we're still

1094

00:56:33,720 --> 00:56:30,970

living our lives most of us I mean there

1095

00:56:38,220 --> 00:56:33,730

are people who have real targeted

1096

00:56:40,530 --> 00:56:38,230

individual fear and they're I can I can

1097

00:56:43,140 --> 00:56:40,540

imagine that it's a challenge to get

1098

00:56:45,840 --> 00:56:43,150

hold of it and live a life no matter

1099

00:56:48,240 --> 00:56:45,850

what but I recommend to people that they

1100

00:56:50,730 --> 00:56:48,250

really think about their lifestyle and

1101

00:56:53,540 --> 00:56:50,740

really look at their immune system the

1102

00:56:57,120 --> 00:56:53,550

immune system has to be protected now

1103

00:57:00,780 --> 00:56:57,130

because it's it's under massive assault

1104

00:57:03,210 --> 00:57:00,790

and heavy metal urges you know whatever

1105

00:57:05,040 --> 00:57:03,220

helps your body and it isn't going to be

1106

00:57:06,810 --> 00:57:05,050

the great white doctor it's not going to

1107

00:57:08,250 --> 00:57:06,820

be there I haven't been to a doctor

1108

00:57:10,170 --> 00:57:08,260

since I was 13

1109

00:57:12,930 --> 00:57:10,180

I don't do doctors and I'm not a

1110

00:57:15,440 --> 00:57:12,940

Christian Scientist I'm with you I'm

1111

00:57:18,480 --> 00:57:15,450

with you definitely better to avoid them

1112

00:57:20,730 --> 00:57:18,490

men a lot of fascinating stuff you do

1113

00:57:22,440 --> 00:57:20,740

great work and this seems to be one of

1114

00:57:24,840 --> 00:57:22,450

the most important areas to keep an eye

1115

00:57:26,520 --> 00:57:24,850

on before we do go can you remind the

1116

00:57:28,080 --> 00:57:26,530

people where they can follow up on you

1117

00:57:29,790 --> 00:57:28,090

regularly and anything else you got

1118

00:57:33,060 --> 00:57:29,800

going on I know the books coming out in

1119

00:57:36,600 --> 00:57:33,070

just a couple short months yes please

1120

00:57:39,270 --> 00:57:36,610

keep an eye out for the webinar that I'm

1121

00:57:41,880 --> 00:57:39,280

going to be doing this afternoon in a

1122

00:57:44,220 --> 00:57:41,890

group called out-of-control it's out of

1123

00:57:46,670 --> 00:57:44,230

Europe Kathryn Austin fits the

1124

00:57:50,370 --> 00:57:46,680

investment analyst is behind it and

1125

00:57:52,040 --> 00:57:50,380

we're trying to hit major topics I mean

1126

00:57:53,970 --> 00:57:52,050

it's I'm doing the chemical

1127

00:57:56,910 --> 00:57:53,980

electromagnetic but there are people

1128

00:57:58,560 --> 00:57:56,920

doing other other things and it will be

1129

00:58:00,390 --> 00:57:58,570

very very good and be up on the net I

1130

00:58:04,020 --> 00:58:00,400

don't know when next few months and then

1131

00:58:06,300 --> 00:58:04,030

I do a facebook site closed Facebook

1132

00:58:08,130 --> 00:58:06,310

site you have to ask to join and that is

1133

00:58:10,650 --> 00:58:08,140

Ilana Freeland chemtrails

1134

00:58:13,860 --> 00:58:10,660

in the full spectrum Facebook is the

1135

00:58:16,230 --> 00:58:13,870

town square of our day for better or

1136

00:58:18,510 --> 00:58:16,240

worse and I'm sure it's both but you

1137

00:58:21,180 --> 00:58:18,520

know it's not perfect but it is where I

1138

00:58:23,550 --> 00:58:21,190

try to keep that site up and running

1139

00:58:26,520 --> 00:58:23,560

with lots of learning about this issue

1140

00:58:29,040 --> 00:58:26,530

and the tangential issues that follow

1141

00:58:31,320 --> 00:58:29,050

from it and then I have a site that a

1142

00:58:33,660 --> 00:58:31,330

wonderful woman in Florida is working on

1143

00:58:36,450 --> 00:58:33,670

for me for free bless her heart and that

1144

00:58:38,730 --> 00:58:36,460

is Alana Freeland comm and that's where

1145

00:58:42,660 --> 00:58:38,740

you can contact me through an email if

1146

00:58:44,880 --> 00:58:42,670

you so need to and that's about it until

1147

00:58:48,240 --> 00:58:44,890

the book comes out under an ionized sky

1148

00:58:51,510 --> 00:58:48,250

from chemtrails to space fans lockdown

1149

00:58:54,200 --> 00:58:51,520

coming out in January 2018 you can go on

1150

00:58:57,480 --> 00:58:54,210

Amazon now and pre-order and that's it

1151
00:58:59,250 --> 00:58:57,490
awesome well I really loved this and I'm

1152
00:59:01,110 --> 00:58:59,260
definitely looking forward to that book

1153
00:59:03,450 --> 00:59:01,120
coming out hopefully we can talk again

1154
00:59:05,190 --> 00:59:03,460
sometime if not when this one comes out

1155
00:59:06,960 --> 00:59:05,200
definitely when you release the one on

1156
00:59:08,780 --> 00:59:06,970
synthetic life because it just gets

1157
00:59:11,100 --> 00:59:08,790
crazier and crazier

1158
00:59:13,080 --> 00:59:11,110
yeah and Greg thank you for doing what

1159
00:59:16,440 --> 00:59:13,090
you do you're you're a disseminator

1160
00:59:18,660 --> 00:59:16,450
super super important thanks I just ask

1161
00:59:22,320 --> 00:59:18,670
the questions but the work you do it

1162
00:59:24,540 --> 00:59:22,330
it's tough to do I couldn't do it well

1163
00:59:26,190 --> 00:59:24,550

dark times indeed but thanks so much and

1164

00:59:28,590 --> 00:59:26,200

do take care of yourself out there I

1165

00:59:32,010 --> 00:59:28,600

will all right okay blessings bye bye

1166

00:59:35,160 --> 00:59:32,020

see you later sweet shape of water

1167

00:59:37,560 --> 00:59:35,170

people a lot of free land a lot of free

1168

00:59:39,210 --> 00:59:37,570

land ladies and gentlemen another great

1169

00:59:41,700 --> 00:59:39,220

guest that I think really knows her

1170

00:59:43,620 --> 00:59:41,710

stuff and it's really the major slice of

1171

00:59:46,610 --> 00:59:43,630

the conspiracy pie that I've been stuck

1172

00:59:48,750 --> 00:59:46,620

on recently just the whole 5g

1173

00:59:51,750 --> 00:59:48,760

electromagnetic radiation thing in

1174

00:59:53,550 --> 00:59:51,760

conjunction with geoengineering it just

1175

00:59:56,250 --> 00:59:53,560

seems like the main course on the are

1176

00:59:58,320 --> 00:59:56,260

conic menu these days and it sort of

1177

00:59:59,700 --> 00:59:58,330

feels like we're in an age of extreme

1178

01:00:02,390 --> 00:59:59,710

coordination between the

1179

01:00:04,290 --> 01:00:02,400

compartmentalized pieces of the puzzle

1180

01:00:06,390 --> 01:00:04,300

obviously different elements and

1181

01:00:08,790 --> 01:00:06,400

corporations work on different sectors

1182

01:00:12,360 --> 01:00:08,800

but it's getting easier to see how they

1183

01:00:15,210 --> 01:00:12,370

fit together as opposed to maybe 10

1184

01:00:17,160 --> 01:00:15,220

years ago from you know big pharma and

1185

01:00:19,800 --> 01:00:17,170

vaccines to agriculture and

1186

01:00:21,960 --> 01:00:19,810

geoengineering to Google Amazon and

1187

01:00:25,170 --> 01:00:21,970

Facebook even if you go back

1188

01:00:27,390 --> 01:00:25,180

ten years maybe even just five I felt

1189

01:00:30,569 --> 01:00:27,400

like all these circling locusts at a

1190

01:00:33,300 --> 01:00:30,579

much wider arc in their spiral but it is

1191

01:00:34,950 --> 01:00:33,310

definitely tightening because the worst

1192

01:00:36,750 --> 01:00:34,960

of the worst things that these companies

1193

01:00:39,780 --> 01:00:36,760

at the top of these sectors are doing

1194

01:00:42,150 --> 01:00:39,790

just seem way more synergistic it's

1195

01:00:43,710 --> 01:00:42,160

actually quite heart rate increasing for

1196

01:00:45,839 --> 01:00:43,720

me because this energy becomes

1197

01:00:47,460 --> 01:00:45,849

confirmation of most of the major

1198

01:00:49,980 --> 01:00:47,470

concerns coming from the conspiracy

1199

01:00:52,170 --> 01:00:49,990

world over the years it's no coincidence

1200

01:00:54,510 --> 01:00:52,180

that everything seems to be pointed the

1201
01:00:57,480 --> 01:00:54,520
same direction while everyone is looking

1202
01:00:59,670 --> 01:00:57,490
somewhere else I might add I I know I

1203
01:01:01,770 --> 01:00:59,680
fall into these traps too sometimes but

1204
01:01:04,170 --> 01:01:01,780
we have to stop being led around by the

1205
01:01:05,550 --> 01:01:04,180
nose and thinking we're smart just

1206
01:01:08,190 --> 01:01:05,560
because we have an opinion on what they

1207
01:01:09,450 --> 01:01:08,200
put in front of us it's like everything

1208
01:01:11,370 --> 01:01:09,460
you can pay attention to in the

1209
01:01:14,550 --> 01:01:11,380
mainstream is an OP god I hate even

1210
01:01:16,109 --> 01:01:14,560
saying that but it is [h__\h] true talk

1211
01:01:18,000 --> 01:01:16,119
to anybody who thinks they've got an

1212
01:01:20,730 --> 01:01:18,010
opinion on the issues of Thanksgiving

1213
01:01:24,270 --> 01:01:20,740

dinner or flip on the TV and what do

1214

01:01:27,180 --> 01:01:24,280

they talk about still Russian collusion

1215

01:01:30,809 --> 01:01:27,190

and now Hollywood sex crimes you know

1216

01:01:33,059 --> 01:01:30,819

who touched - in 1982 and if you're on

1217

01:01:35,579 --> 01:01:33,069

the internet it's overwhelmingly net

1218

01:01:37,319 --> 01:01:35,589

neutrality lately just those three

1219

01:01:39,120 --> 01:01:37,329

things I mean I think most of my

1220

01:01:41,730 --> 01:01:39,130

favorite guests and me have been on the

1221

01:01:43,650 --> 01:01:41,740

same page that Hillary was threatening

1222

01:01:45,660 --> 01:01:43,660

Russia way before the election and a

1223

01:01:47,670 --> 01:01:45,670

certain faction has been trying to force

1224

01:01:50,069 --> 01:01:47,680

that round peg in the square hole ever

1225

01:01:51,599 --> 01:01:50,079

since with the help of the media and I

1226

01:01:53,010 --> 01:01:51,609

just don't think there's much of a story

1227

01:01:55,319 --> 01:01:53,020

there or there would have been one

1228

01:01:57,089 --> 01:01:55,329

already and yet it's probably still the

1229

01:01:58,220 --> 01:01:57,099

number one thing regular folks and

1230

01:02:00,750 --> 01:01:58,230

friends seem to be talking about

1231

01:02:03,809 --> 01:02:00,760

everybody's got an opinion on Russian

1232

01:02:06,720 --> 01:02:03,819

collusion based on third fourth or fifth

1233

01:02:09,120 --> 01:02:06,730

hand information things they saw on TV

1234

01:02:11,010 --> 01:02:09,130

everyone is citing this random fact and

1235

01:02:12,960 --> 01:02:11,020

that random fact like it isn't all just

1236

01:02:15,680 --> 01:02:12,970

tainted information from completely

1237

01:02:17,940 --> 01:02:15,690

unreliable sources mostly manipulative

1238

01:02:20,910 --> 01:02:17,950

and if you know anything about the

1239

01:02:23,579 --> 01:02:20,920

uranium one deal that is way more

1240

01:02:25,800 --> 01:02:23,589

sketchy again who knows what to believe

1241

01:02:28,020 --> 01:02:25,810

but if you've seen or read Clinton cash

1242

01:02:29,900 --> 01:02:28,030

there's plenty of reason to suspect that

1243

01:02:32,550 --> 01:02:29,910

the Clintons got a good deal of

1244

01:02:34,290 --> 01:02:32,560

coincidental personal gain from a

1245

01:02:35,730 --> 01:02:34,300

Russian company buying a smaller company

1246

01:02:39,240 --> 01:02:35,740

that produced Mo

1247

01:02:42,000 --> 01:02:39,250

of or maybe even all of the US domestic

1248

01:02:43,560 --> 01:02:42,010

uranium that she would have approved as

1249

01:02:45,320 --> 01:02:43,570

Secretary of State

1250

01:02:48,870 --> 01:02:45,330

other people had to sign off on it too

1251

01:02:50,460 --> 01:02:48,880

I'm sure she could get the deal done but

1252

01:02:54,270 --> 01:02:50,470

Bill Clinton was apparently meeting with

1253

01:02:55,830 --> 01:02:54,280

Putin the week beforehand then the

1254

01:02:58,380 --> 01:02:55,840

Clintons made some expensive

1255

01:03:00,390 --> 01:02:58,390

million-dollar speeches afterwards got

1256

01:03:02,370 --> 01:03:00,400

some extra Clinton Foundation donations

1257

01:03:03,810 --> 01:03:02,380

you know the drill and I don't even give

1258

01:03:05,700 --> 01:03:03,820

a [h__h] about Hillary Clinton and I'm

1259

01:03:08,100 --> 01:03:05,710

breaking my own rule to stop talking

1260

01:03:10,470 --> 01:03:08,110

about her because she still monopolizes

1261

01:03:13,560 --> 01:03:10,480

way too much attention but I'm only

1262

01:03:15,150 --> 01:03:13,570

saying watch Clinton cash and then think

1263

01:03:17,310 --> 01:03:15,160

about how silly it is to launch a

1264

01:03:19,020 --> 01:03:17,320

campaign about Russian collusion if

1265

01:03:21,330 --> 01:03:19,030

you're selling off production of our

1266

01:03:24,359 --> 01:03:21,340

domestic uranium to that very same

1267

01:03:25,920 --> 01:03:24,369

country honestly at that level I think

1268

01:03:27,720 --> 01:03:25,930

it's dumb to even huff and puff about

1269

01:03:30,300 --> 01:03:27,730

any international collusion because they

1270

01:03:33,090 --> 01:03:30,310

are all doing it Trump makes personal

1271

01:03:34,500 --> 01:03:33,100

deals with Saudi Arabia and Russia and

1272

01:03:37,440 --> 01:03:34,510

all these countries we might not like

1273

01:03:39,210 --> 01:03:37,450

and so do the Clintons we're just

1274

01:03:41,820 --> 01:03:39,220

talking about the international elite

1275

01:03:44,190 --> 01:03:41,830

international these people have so many

1276

01:03:47,820 --> 01:03:44,200

twisted up connections just [h__h] them

1277

01:03:50,340 --> 01:03:47,830

all why even nitpick at this point but

1278

01:03:53,820 --> 01:03:50,350

man did I get distracted anyway I'm just

1279

01:03:56,190 --> 01:03:53,830

trying to say there are a few isolated

1280

01:03:57,599 --> 01:03:56,200

threads that seem to be taking up 90% of

1281

01:04:00,020 --> 01:03:57,609

the collective attention and I think

1282

01:04:02,580 --> 01:04:00,030

they're mostly [h__h] they got to be

1283

01:04:03,900 --> 01:04:02,590

net neutrality was the other one

1284

01:04:06,450 --> 01:04:03,910

apparently we still have net neutrality

1285

01:04:08,940 --> 01:04:06,460

yet people like crow or having their

1286

01:04:10,410 --> 01:04:08,950

channels removed from YouTube I was

1287

01:04:12,390 --> 01:04:10,420

given a lengthy Twitter time-out

1288

01:04:14,760 --> 01:04:12,400

directly in the middle of a drunken rant

1289

01:04:17,040 --> 01:04:14,770

about Hillary during the campaign when

1290

01:04:19,170 --> 01:04:17,050

she had those people working the gears

1291

01:04:21,300 --> 01:04:19,180

of Twitter I've also been removed from

1292

01:04:23,280 --> 01:04:21,310

Adsense that happened forever ago and

1293

01:04:25,460 --> 01:04:23,290

Google admitted to changing their search

1294

01:04:28,530 --> 01:04:25,470

algorithm to downplay conspiracy

1295

01:04:29,370 --> 01:04:28,540

Facebook's doing that too amazon bought

1296

01:04:31,950 --> 01:04:29,380

whole foods

1297

01:04:33,840 --> 01:04:31,960

speaking of Amazon Gordon sent me a link

1298

01:04:38,160 --> 01:04:33,850

to their new VR division and guess what

1299

01:04:39,480 --> 01:04:38,170

it's called Amazon Sumerian yeah flow is

1300

01:04:42,450 --> 01:04:39,490

right off the tongue doesn't it not

1301

01:04:45,750 --> 01:04:42,460

awkward at all also not surprised but

1302

01:04:48,330 --> 01:04:45,760

the point is what net neutrality sure it

1303

01:04:49,680 --> 01:04:48,340

might be a power transfer situation for

1304

01:04:51,750 --> 01:04:49,690

the nefarious ISP

1305

01:04:53,880 --> 01:04:51,760

sure they care about it but what are you

1306

01:04:55,710 --> 01:04:53,890

protesting to protect the deep states

1307

01:04:57,990 --> 01:04:55,720

highly successful surveillance and data

1308

01:05:00,420 --> 01:04:58,000

collection experiment it's already

1309

01:05:02,790 --> 01:05:00,430

[h__\h] broken we already lost that

1310

01:05:04,530 --> 01:05:02,800

fight it's like they ran the football

1311

01:05:06,690 --> 01:05:04,540

all the way down to the one-yard line

1312

01:05:09,690 --> 01:05:06,700

and now we're gonna start offering a

1313

01:05:11,700 --> 01:05:09,700

little resistance like oh sure change

1314

01:05:14,580 --> 01:05:11,710

your icon call your Congressman

1315

01:05:16,650 --> 01:05:14,590

monkey-see monkey-do the internet is

1316

01:05:19,290 --> 01:05:16,660

killing us already guys net neutrality

1317

01:05:21,500 --> 01:05:19,300

is just a buzzword and they got me so

1318

01:05:23,670 --> 01:05:21,510

upset on making sports analogies now

1319

01:05:27,480 --> 01:05:23,680

when have you heard that before

1320

01:05:29,310 --> 01:05:27,490

um messing around but really you just

1321

01:05:32,250 --> 01:05:29,320

got to be careful not to get too caught

1322

01:05:34,350 --> 01:05:32,260

up in news stories and the increasingly

1323

01:05:37,500 --> 01:05:34,360

effective attention suck that all these

1324

01:05:39,930 --> 01:05:37,510

little campaigns are control just what

1325

01:05:41,910 --> 01:05:39,940

you can control improve the space around

1326
01:05:44,550 --> 01:05:41,920
you and prove your body and limit your

1327
01:05:48,600 --> 01:05:44,560
exposure to basically everything Ilana

1328
01:05:50,760 --> 01:05:48,610
brought up today just say no kids really

1329
01:05:52,620 --> 01:05:50,770
though Alana was a great guest I had a

1330
01:05:54,780 --> 01:05:52,630
hell of a time listening to her I'm

1331
01:05:57,270 --> 01:05:54,790
really psyched for that space fence book

1332
01:05:58,980 --> 01:05:57,280
I think a lot of this stuff fit right in

1333
01:06:01,710 --> 01:05:58,990
with the last episode about natural

1334
01:06:04,170 --> 01:06:01,720
health with Clyde - Karl - great shows

1335
01:06:07,350 --> 01:06:04,180
in a row also Michael Joseph was a great

1336
01:06:09,210 --> 01:06:07,360
show Jenice Barceló for the more extreme

1337
01:06:11,610 --> 01:06:09,220
listeners out there and then Wolfgang

1338
01:06:14,010 --> 01:06:11,620

how big I think that was pretty rock

1339

01:06:16,590 --> 01:06:14,020

solid stuff - so if you're just

1340

01:06:18,870 --> 01:06:16,600

listening to the first free hour please

1341

01:06:21,840 --> 01:06:18,880

you know do us both a favor and sign up

1342

01:06:23,850 --> 01:06:21,850

for THC plus I just did a survey for the

1343

01:06:26,700 --> 01:06:23,860

plus experience and received almost no

1344

01:06:30,330 --> 01:06:26,710

real complaints outside of elements with

1345

01:06:32,700 --> 01:06:30,340

the fan-made THC app for iPhone which I

1346

01:06:34,950 --> 01:06:32,710

got no control over it was fan-made and

1347

01:06:37,230 --> 01:06:34,960

it still works for 90% of people out

1348

01:06:39,630 --> 01:06:37,240

there if you just so happen to be

1349

01:06:42,060 --> 01:06:39,640

curious though for iPhone

1350

01:06:44,910 --> 01:06:42,070

the overwhelming winners were the higher

1351

01:06:47,790 --> 01:06:44,920

side app and downcast a lot of people

1352

01:06:50,310 --> 01:06:47,800

love that downcast and then for Android

1353

01:06:53,310 --> 01:06:50,320

it was all about podcast addict and

1354

01:06:55,050 --> 01:06:53,320

Beyond pod those are the best and

1355

01:06:58,050 --> 01:06:55,060

easiest methods of getting the premium

1356

01:07:00,420 --> 01:06:58,060

feed working and I just figured I'd let

1357

01:07:02,190 --> 01:07:00,430

you know if you didn't already and like

1358

01:07:03,690 --> 01:07:02,200

I said I can't do much to adjust the

1359

01:07:05,910 --> 01:07:03,700

higher side

1360

01:07:08,099 --> 01:07:05,920

for iOS right now but I am super

1361

01:07:11,039 --> 01:07:08,109

thankful we have it super glad that dude

1362

01:07:12,690 --> 01:07:11,049

made it respectfully I believe he still

1363

01:07:15,750 --> 01:07:12,700

wants to remain anonymous because of the

1364

01:07:20,160 --> 01:07:15,760

crazy Association I get it but thanks

1365

01:07:22,829 --> 01:07:20,170

man and you know fan-made app aside all

1366

01:07:24,620 --> 01:07:22,839

I'm really saying here is that when it

1367

01:07:27,089 --> 01:07:24,630

comes to the higher side plus

1368

01:07:30,210 --> 01:07:27,099

infrastructure I'm very very proud of

1369

01:07:33,150 --> 01:07:30,220

what I've been able to build especially

1370

01:07:36,420 --> 01:07:33,160

not being much of a web guy and five

1371

01:07:38,760 --> 01:07:36,430

dollars for five to our shows is one of

1372

01:07:40,620 --> 01:07:38,770

the best deals in the game and I put a

1373

01:07:43,950 --> 01:07:40,630

lot of attention into making the show as

1374

01:07:45,960 --> 01:07:43,960

good as I can for you the only complaint

1375

01:07:47,460 --> 01:07:45,970

I hear is that there aren't more but you

1376

01:07:50,280 --> 01:07:47,470

know five a month you got other things

1377

01:07:54,240 --> 01:07:50,290

to do you want to listen to me for more

1378

01:07:56,190 --> 01:07:54,250

than ten hours a month no you don't but

1379

01:07:58,289 --> 01:07:56,200

if I'm talking to you know the great

1380

01:08:00,780 --> 01:07:58,299

vast majority that only listen to the

1381

01:08:04,200 --> 01:08:00,790

free show guys you're only here in half

1382

01:08:06,900 --> 01:08:04,210

of it and as wild and interesting and

1383

01:08:09,270 --> 01:08:06,910

entertaining and educational as you

1384

01:08:11,160 --> 01:08:09,280

might think THC is the vast majority of

1385

01:08:15,299 --> 01:08:11,170

you guys are leaving half of it on the

1386

01:08:18,930 --> 01:08:15,309

table over a pretty modest ask on my

1387

01:08:21,180 --> 01:08:18,940

part but regardless everyone is pushing

1388

01:08:22,499 --> 01:08:21,190

a Plus model of some kind these days I

1389

01:08:24,510 --> 01:08:22,509

know every show you're listening to

1390

01:08:26,880 --> 01:08:24,520

you're hearing it I'm no different I

1391

01:08:29,340 --> 01:08:26,890

guess but I like to think that I put a

1392

01:08:31,470 --> 01:08:29,350

lot of attention into that transaction I

1393

01:08:34,950 --> 01:08:31,480

give you as much as I can for either

1394

01:08:37,590 --> 01:08:34,960

free or \$5 which i think is almost free

1395

01:08:40,229 --> 01:08:37,600

so come on enter in that gentleman's

1396

01:08:42,660 --> 01:08:40,239

agreement but in the show after the

1397

01:08:44,280 --> 01:08:42,670

super informative first hour I got to

1398

01:08:46,079 --> 01:08:44,290

squeeze a few more questions into that

1399

01:08:49,079 --> 01:08:46,089

second hour which mainly revolved around

1400

01:08:51,510 --> 01:08:49,089

the idea of non-human entities steering

1401

01:08:53,070 --> 01:08:51,520

this overall agenda and then when I

1402

01:08:55,320 --> 01:08:53,080

referred to as my fire and ice'

1403

01:08:57,450 --> 01:08:55,330

questions a couple about the recent

1404

01:08:59,669 --> 01:08:57,460

fires in Santa Rosa and why they seemed

1405

01:09:02,249 --> 01:08:59,679

like directed energy weapons as opposed

1406

01:09:04,979 --> 01:09:02,259

to the usual natural fires we have out

1407

01:09:07,079 --> 01:09:04,989

here and then on the ice side what role

1408

01:09:09,390 --> 01:09:07,089

Antarctica and the polar regions in

1409

01:09:11,999 --> 01:09:09,400

general play in a space fence program

1410

01:09:14,280 --> 01:09:12,009

seen as how the poles are supposedly key

1411

01:09:16,420 --> 01:09:14,290

points when you're working with the

1412

01:09:19,570 --> 01:09:16,430

Earth's magnetic field and Atmos

1413

01:09:22,390 --> 01:09:19,580

fear so it's a great second hour please

1414

01:09:24,100 --> 01:09:22,400

hop on the plus train if you're

1415

01:09:26,140 --> 01:09:24,110

concerned with how you'd listen I got a

1416

01:09:28,840 --> 01:09:26,150

great frequently asked questions help

1417

01:09:30,670 --> 01:09:28,850

page on the higher side chats plus calm

1418

01:09:33,610 --> 01:09:30,680

that you can go and read through before

1419

01:09:35,380 --> 01:09:33,620

you even decide or just email me and

1420

01:09:37,060 --> 01:09:35,390

I'll help you out but either way thanks

1421

01:09:39,310 --> 01:09:37,070

for listening and at least sharing the

1422

01:09:42,070 --> 01:09:39,320

show where you can may be helping to

1423

01:09:43,600 --> 01:09:42,080

tell people about it perhaps I really

1424

01:09:45,370 --> 01:09:43,610

think the Internet's crews are

1425

01:09:47,260 --> 01:09:45,380

tightening on people like me that's why

1426

01:09:50,110 --> 01:09:47,270

I'm spending a little more time on this

1427

01:09:52,000 --> 01:09:50,120

part of the show lately I'm not feeling

1428

01:09:54,400 --> 01:09:52,010

the pressure myself but I'm watching a

1429

01:09:56,680 --> 01:09:54,410

lot of people get picked at and so I

1430

01:09:58,120 --> 01:09:56,690

want to get as far ahead of it as I can

1431

01:10:00,820 --> 01:09:58,130

while I can

1432

01:10:03,220 --> 01:10:00,830

and I hope you get that and I hope it

1433

01:10:05,650 --> 01:10:03,230

moves you to help me out and I hope that

1434

01:10:07,450 --> 01:10:05,660

my long history of laissez faire plugs

1435

01:10:09,100 --> 01:10:07,460

for the premium show are an indication

1436

01:10:11,920 --> 01:10:09,110

to you that I'm not just bullshitting

1437

01:10:14,260 --> 01:10:11,930

you can also support the show with a

1438

01:10:17,770 --> 01:10:14,270

t-shirt purchase at the higher side

1439

01:10:20,980 --> 01:10:17,780

clothing calm lots of phenomenal designs

1440

01:10:24,700 --> 01:10:20,990

that are based on higher side shots

1441

01:10:26,800 --> 01:10:24,710

episodes I think they're so cool and I

1442

01:10:29,350 --> 01:10:26,810

didn't do the artwork so I can say that

1443

01:10:30,730 --> 01:10:29,360

but I am really in love with them and I

1444

01:10:33,700 --> 01:10:30,740

don't talk about them nearly enough

1445

01:10:35,530 --> 01:10:33,710

because I'm not the best self promoter I

1446

01:10:39,850 --> 01:10:35,540

just try to do a good job and let that

1447

01:10:42,340 --> 01:10:39,860

do the promotion part cuz it's lame but

1448

01:10:45,430 --> 01:10:42,350

the higher side clothing dot-com great

1449

01:10:46,930 --> 01:10:45,440

t-shirts if people ask you what you want

1450

01:10:48,520 --> 01:10:46,940

for Christmas and you don't know what to

1451

01:10:53,160 --> 01:10:48,530

tell your friends and family tell them

1452

01:10:55,570 --> 01:10:53,170

you want a higher side shirt we all win

1453

01:10:57,820 --> 01:10:55,580

either way I get it we all have our

1454

01:11:00,670 --> 01:10:57,830

struggles guys all we can do is hang on

1455

01:11:01,270 --> 01:11:00,680

I got the best job in the world and I

1456

01:11:03,100 --> 01:11:01,280

love you

1457

01:11:05,530 --> 01:11:03,110

hope you're all still able to put up

1458

01:11:07,540 --> 01:11:05,540

with me it's been a solid month for us I

1459

01:11:10,330 --> 01:11:07,550

think we're also going to close out the

1460

01:11:12,370 --> 01:11:10,340

show today with another new Lauren Silva

1461

01:11:15,280 --> 01:11:12,380

Greg Carl would collaboration parody

1462

01:11:18,070 --> 01:11:15,290

cover song we did Bieber last episode

1463

01:11:20,860 --> 01:11:18,080

and I get really excited about dropping

1464

01:11:22,180 --> 01:11:20,870

these tracks guys I got to say if I had

1465

01:11:25,030 --> 01:11:22,190

a side gig is the weird I love

1466

01:11:26,710 --> 01:11:25,040

conspiracy I would not hate that but

1467

01:11:28,900 --> 01:11:26,720

unfortunately I have no musical

1468

01:11:34,560 --> 01:11:28,910

inclination outside of rewriting

1469

01:11:37,660 --> 01:11:34,570

lyrics anyway two options let's go with

1470

01:11:40,270 --> 01:11:37,670

imagine dragons because thunder is such

1471

01:11:42,700 --> 01:11:40,280

a hot song right now and today's show

1472

01:11:45,670 --> 01:11:42,710

definitely made me feel like living in a

1473

01:11:48,130 --> 01:11:45,680

bunker which is the twist so imagine

1474

01:11:50,320 --> 01:11:48,140

dragons it is and that's it for today I

1475

01:11:52,870 --> 01:11:50,330

got a lot of interesting stuff coming

1476
01:11:53,380 --> 01:11:52,880
but for now I'm out of here I've done my

1477
01:11:55,540 --> 01:11:53,390
part

1478
01:11:57,490 --> 01:11:55,550
your move our conic architects and

1479
01:12:00,460 --> 01:11:57,500
engineers of the evil erector set we

1480
01:12:02,900 --> 01:12:00,470
call the space fence control grid your

1481
01:12:12,510 --> 01:12:02,910
[h__\h]

1482
01:12:36,200 --> 01:12:22,230
[Music]

1483
01:12:42,250 --> 01:12:39,220
take it

1484
01:12:45,040 --> 01:12:42,260
in a manga welcome

1485
01:12:49,090 --> 01:12:45,050
[Music]

1486
01:12:59,270 --> 01:12:55,850
banca yeah the last thing le classics

1487
01:13:03,110 --> 01:12:59,280
wanna scream it on the masses who do you

1488
01:13:04,550 --> 01:13:03,120

think they are fancy see you in a sec

1489

01:13:06,680 --> 01:13:04,560

aha

1490

01:13:10,130 --> 01:13:06,690

tell you the basics they print your

1491

01:13:13,790 --> 01:13:10,140

money got the Fed in your head currency

1492

01:13:18,790 --> 01:13:13,800

now the smiling entertains me how this

1493

01:13:18,800 --> 01:13:30,470

[Music]

1494

01:13:30,480 --> 01:13:34,280

radial engine

1495

01:13:42,550 --> 01:13:38,940

[Music]

1496

01:13:45,040 --> 01:13:42,560

plans are simple the best protection of

1497

01:13:47,290 --> 01:13:45,050

all is the special shelter built

1498

01:13:50,680 --> 01:13:47,300

according to specifications your local

1499

01:13:52,450 --> 01:13:50,690

civil defense organizations the basement

1500

01:13:55,090 --> 01:13:52,460

of any house or building will become a

1501

01:13:57,790 --> 01:13:55,100

good - improvised shelters if you block

1502

01:13:59,230 --> 01:13:57,800

the windows with the same thing if you

1503

01:14:04,780 --> 01:13:59,240

don't have sandbags

1504

01:14:06,930 --> 01:14:04,790

just what can you do take it under you

1505

01:14:13,920 --> 01:14:06,940

find me in the bunker

1506

01:14:21,860 --> 01:14:13,930

[Music]

1507

01:14:23,870 --> 01:14:21,870

pick it under find me in the bunker in

1508

01:14:25,680 --> 01:14:23,880

radial engine

1509

01:14:37,830 --> 01:14:25,690

ha
