

CRROW 777

CENSORSHIP, SOLAR LIES, HIDDEN LANDS, & THE BIG CONSTRUCT
PRESENTED BY THE HIGHERSIDE CHATS

LISTEN TO THE EPISODE AT THEHIGHERSIDECHATS.COM

LISTEN TO THE EXTENDED SHOW AT THEHIGHERSIDECHATSPLUS.COM

1
00:00:03,480 --> 00:00:12,560

[Music]

2
00:00:18,690 --> 00:00:15,869

the planets puppet-masters almost sure

3
00:00:21,410 --> 00:00:18,700

you have a plan it's clearly maybe

4
00:00:24,300 --> 00:00:21,420

something there beyond the realm of man

5
00:00:27,450 --> 00:00:24,310

till we've thoroughly tested every last

6
00:00:29,980 --> 00:00:27,460

clip just did you find the ball you

7
00:00:32,190 --> 00:00:29,990

think you know less you really do

8
00:00:36,140 --> 00:00:32,200

[Music]

9
00:00:50,090 --> 00:00:39,330

we know the lying to us just don't know

10
00:01:05,000 --> 00:01:02,600

okay car wouldn't come here we go our

11
00:01:06,770 --> 00:01:05,010

side shatters welcome to the year of the

12
00:01:09,680 --> 00:01:06,780

dog which you just heard is the plate

13
00:01:11,170 --> 00:01:09,690

scrapers version of the THC intro big

14

00:01:13,420 --> 00:01:11,180

thanks to those guys for doing that

15

00:01:16,280 --> 00:01:13,430

always nice to have a little diversity

16

00:01:17,719 --> 00:01:16,290

without losing the familiarity I'll

17

00:01:19,969 --> 00:01:17,729

probably flip back and forth between

18

00:01:22,130 --> 00:01:19,979

those two from time to time along with

19

00:01:24,980 --> 00:01:22,140

any other quality covers that I get

20

00:01:26,660 --> 00:01:24,990

along the way but man it is so great to

21

00:01:28,279 --> 00:01:26,670

be back in the swing of things I was

22

00:01:29,779 --> 00:01:28,289

pretty bedridden with the plague for the

23

00:01:32,240 --> 00:01:29,789

first week of the year nothing a little

24

00:01:34,100 --> 00:01:32,250

vitamin C couldn't knock out but we also

25

00:01:37,130 --> 00:01:34,110

had some technical issues that you might

26
00:01:39,290 --> 00:01:37,140
have noticed and sadly the fan-made THC

27
00:01:41,660 --> 00:01:39,300
app is officially broken it's just too

28
00:01:44,029 --> 00:01:41,670
outdated at this point but there is good

29
00:01:47,180 --> 00:01:44,039
news and that is that plus people who

30
00:01:49,700 --> 00:01:47,190
need a better iPhone solution they now

31
00:01:51,950 --> 00:01:49,710
have one the native podcasts app now

32
00:01:54,620 --> 00:01:51,960
accepts premium feeds and it works

33
00:01:55,850 --> 00:01:54,630
exactly like we'd want it to if you need

34
00:01:58,940 --> 00:01:55,860
instructions on how to get it working

35
00:02:03,230 --> 00:01:58,950
there is a great step-by-step breakdown

36
00:02:06,590 --> 00:02:03,240
on the FAQ help page for THC plus know

37
00:02:09,859 --> 00:02:06,600
that and so I'm psyched minor internal

38
00:02:12,229 --> 00:02:09,869

crisis quickly solved and here we are

39

00:02:14,569 --> 00:02:12,239

I can finally emerge from my sick den

40

00:02:16,160 --> 00:02:14,579

and things are looking up no pun

41

00:02:18,710 --> 00:02:16,170

intended of course because we're kicking

42

00:02:20,960 --> 00:02:18,720

off 2018 with the return of our sky

43

00:02:22,819 --> 00:02:20,970

watcher and construct Deconstructor

44

00:02:23,449 --> 00:02:22,829

extraordinaire and i think you're gonna

45

00:02:25,610 --> 00:02:23,459

love it

46

00:02:27,289 --> 00:02:25,620

i just wanted to pop in and tell you why

47

00:02:29,390 --> 00:02:27,299

you were hearing a different intro why

48

00:02:31,250 --> 00:02:29,400

the shows take me so long to get out and

49

00:02:34,370 --> 00:02:31,260

what was going on on the technical side

50

00:02:35,750 --> 00:02:34,380

but after the pages and pages of emails

51
00:02:38,270 --> 00:02:35,760
i might have talked to each of you

52
00:02:40,310 --> 00:02:38,280
individually anyway so why stall any

53
00:02:42,229 --> 00:02:40,320
longer park your ass and pack your glass

54
00:02:44,180 --> 00:02:42,239
or let your mind go free while the body

55
00:02:45,949 --> 00:02:44,190
works that old broken in routine

56
00:02:48,289 --> 00:02:45,959
nine-to-five whatever gets you through

57
00:02:49,940 --> 00:02:48,299
the day and here's the plate scrapers

58
00:02:51,920 --> 00:02:49,950
one more time to fire off that

59
00:02:54,199 --> 00:02:51,930
proverbial flare gun and kick this thing

60
00:02:56,810 --> 00:02:54,209
off like only they can here we go

61
00:02:58,970 --> 00:02:56,820
censorship solar lies hidden lands and

62
00:03:01,490 --> 00:02:58,980
the big construct break it down to

63
00:03:02,740 --> 00:03:01,500

complete control of time and space with

64

00:03:05,090 --> 00:03:02,750

our main man crow

65

00:03:12,830 --> 00:03:05,100

on the other side boom

66

00:03:16,940 --> 00:03:12,840

[Music]

67

00:03:20,589 --> 00:03:16,950

a key the park in 2mins barking does

68

00:03:22,960 --> 00:03:20,599

print about to open up your man

69

00:03:24,920 --> 00:03:22,970

information about the secret

70

00:03:27,850 --> 00:03:24,930

manipulation and the wine assist

71

00:03:30,040 --> 00:03:27,860

aficionados he can find

72

00:03:32,350 --> 00:03:30,050

when you going back there normally

73

00:03:35,440 --> 00:03:32,360

thought we get dessert so we can see the

74

00:03:38,980 --> 00:03:35,450

world with a brand new said about you

75

00:03:43,800 --> 00:03:38,990

miss named to the higher

76

00:03:46,990 --> 00:03:43,810

[Music]

77

00:03:48,790 --> 00:03:47,000

all right higher side Cheddar's we live

78

00:03:50,440 --> 00:03:48,800

in a time where people are questioning

79

00:03:52,270 --> 00:03:50,450

all aspects of reality from the

80

00:03:53,830 --> 00:03:52,280

narratives we see on the nightly news to

81

00:03:56,470 --> 00:03:53,840

the Sun Moon stars in the earthly

82

00:03:58,090 --> 00:03:56,480

environment itself and how can we not we

83

00:04:00,070 --> 00:03:58,100

know the school system were forced into

84

00:04:01,660 --> 00:04:00,080

is crafted with deception rather than a

85

00:04:03,790 --> 00:04:01,670

true attempt to cultivate the best and

86

00:04:05,260 --> 00:04:03,800

brightest we know think tanks and

87

00:04:07,780 --> 00:04:05,270

backdoor cabal's have steered our

88

00:04:09,309 --> 00:04:07,790

culture to their liking for years we've

89

00:04:11,050 --> 00:04:09,319

heard thousands of accounts of strange

90

00:04:12,910 --> 00:04:11,060

objects in the sky but have been

91

00:04:15,130 --> 00:04:12,920

stonewalled when it comes to answers and

92

00:04:17,050 --> 00:04:15,140

we don't even know how to feed or take

93

00:04:19,060 --> 00:04:17,060

care of ourselves on the most basic of

94

00:04:20,860 --> 00:04:19,070

levels it seems all we can really do is

95

00:04:22,390 --> 00:04:20,870

observe the holes in the official story

96

00:04:24,280 --> 00:04:22,400

while the world around us drinks the

97

00:04:26,650 --> 00:04:24,290

proverbial kool-aid of our consensus

98

00:04:29,290 --> 00:04:26,660

reality cult because it's clear nearly

99

00:04:32,110 --> 00:04:29,300

every aspect of time and space has been

100

00:04:33,550 --> 00:04:32,120

twisted for control but lucky for us we

101
00:04:35,800 --> 00:04:33,560
have a light in the darkness with his

102
00:04:37,690 --> 00:04:35,810
cameras aimed at the sky a man working

103
00:04:38,440 --> 00:04:37,700
to peel the onion of Lies down to it's

104
00:04:40,060 --> 00:04:38,450
very core

105
00:04:42,010 --> 00:04:40,070
he's been here plenty of times before

106
00:04:43,780 --> 00:04:42,020
making the shortlist of guests whose

107
00:04:46,090 --> 00:04:43,790
appearances exceed what I can count on

108
00:04:48,130 --> 00:04:46,100
one hand the Papa Bear of the lunar wave

109
00:04:50,290 --> 00:04:48,140
mr. belief is the enemy and knowing

110
00:04:52,390 --> 00:04:50,300
himself my friend and yours breaking in

111
00:04:55,750 --> 00:04:52,400
the new year Crowe welcome back to the

112
00:04:57,340 --> 00:04:55,760
higher side all right man thanks for

113
00:04:59,860 --> 00:04:57,350

having me Greg good to talk to you again

114

00:05:02,320 --> 00:04:59,870

yeah great to have you here everybody

115

00:05:04,840 --> 00:05:02,330

loves a Crowe show and I know you've

116

00:05:06,760 --> 00:05:04,850

been busy doing your thing and it's been

117

00:05:08,590 --> 00:05:06,770

a while since we've recorded a show

118

00:05:10,840 --> 00:05:08,600

together but you mentioned that you've

119

00:05:13,150 --> 00:05:10,850

been having some YouTube troubles which

120

00:05:15,130 --> 00:05:13,160

really doesn't surprise me but we hear

121

00:05:17,409 --> 00:05:15,140

people harping on about net neutrality

122

00:05:19,630 --> 00:05:17,419

while alternative voices are slowly

123

00:05:22,000 --> 00:05:19,640

moved to the back of the bus or kicked

124

00:05:23,830 --> 00:05:22,010

off entirely and of course Google is

125

00:05:25,870 --> 00:05:23,840

really nobody's friend but we all seem

126
00:05:27,670 --> 00:05:25,880
to keep feeding the beast anyway give us

127
00:05:28,810 --> 00:05:27,680
an update on these censorship issues

128
00:05:31,180 --> 00:05:28,820
you've been facing this year because it

129
00:05:32,440 --> 00:05:31,190
seems to be right near the top of the

130
00:05:35,560 --> 00:05:32,450
list of things you've been dealing with

131
00:05:37,540 --> 00:05:35,570
well I got Community Guidelines strikes

132
00:05:39,340 --> 00:05:37,550
they accused me of bullying on two clips

133
00:05:41,680 --> 00:05:39,350
that had been up for more than two years

134
00:05:43,510 --> 00:05:41,690
and then they finally terminated my

135
00:05:45,370 --> 00:05:43,520
YouTube channel over a lunar wave clip

136
00:05:47,620 --> 00:05:45,380
that I didn't even shoot by the way a

137
00:05:50,740 --> 00:05:47,630
guy in North Carolina shot the clip that

138
00:05:53,170 --> 00:05:50,750

got my money channel terminated and I

139

00:05:55,659 --> 00:05:53,180

had nearly 80,000 followers at the time

140

00:05:59,320 --> 00:05:55,669

it's kind of stunning the way they did

141

00:06:01,119 --> 00:05:59,330

and I had some contacts that could talk

142

00:06:03,670 --> 00:06:01,129

straight to Google that were running the

143

00:06:05,200 --> 00:06:03,680

third-party person running the ads on my

144

00:06:06,999 --> 00:06:05,210

YouTube channel not that you make any

145

00:06:08,559 --> 00:06:07,009

money as I don't know why I bother you

146

00:06:10,959 --> 00:06:08,569

don't make any money YouTube makes all

147

00:06:13,570 --> 00:06:10,969

the money on the ads but I hired them

148

00:06:14,230 --> 00:06:13,580

because they have a direct line to to

149

00:06:17,230 --> 00:06:14,240

YouTube

150

00:06:19,929 --> 00:06:17,240

they tried I tried I fought the strikes

151
00:06:22,420 --> 00:06:19,939
everything failed and I was told that I

152
00:06:24,820 --> 00:06:22,430
was terminated and then to top it off we

153
00:06:27,610 --> 00:06:24,830
got an email that I shared on my podcast

154
00:06:30,309 --> 00:06:27,620
with Jason that basically accused me of

155
00:06:32,290 --> 00:06:30,319
using hate speech that I'd crossed a

156
00:06:34,600 --> 00:06:32,300
zero-tolerance policy for hate speech

157
00:06:36,490 --> 00:06:34,610
and just to be clear I don't engage in

158
00:06:39,249 --> 00:06:36,500
hate speech I don't harm any living

159
00:06:41,649 --> 00:06:39,259
thing in this world I live very

160
00:06:44,260 --> 00:06:41,659
carefully in my life not to injure other

161
00:06:46,029 --> 00:06:44,270
people and to top it off two of those

162
00:06:48,730 --> 00:06:46,039
strikes were for bullying which is also

163
00:06:50,619 --> 00:06:48,740

nonsense but lo and behold I went out on

164

00:06:52,240 --> 00:06:50,629

every platform that would have me as a

165

00:06:54,640 --> 00:06:52,250

matter of fact you and I had scheduled

166

00:06:56,890 --> 00:06:54,650

back then we just had to reschedule so

167

00:06:57,579 --> 00:06:56,900

many times but the the community stood

168

00:06:59,769 --> 00:06:57,589

up man

169

00:07:02,529 --> 00:06:59,779

hundreds thousands I don't even know how

170

00:07:04,689 --> 00:07:02,539

many people complain to YouTube one day

171

00:07:06,399 --> 00:07:04,699

when I had to cancel with you last time

172

00:07:08,619 --> 00:07:06,409

I had the flu this is when I get the

173

00:07:10,990 --> 00:07:08,629

email that says you've got a copyright

174

00:07:13,149 --> 00:07:11,000

strike on a Greg Carl would clip and I'm

175

00:07:15,519 --> 00:07:13,159

all wet I don't even have a channel how

176

00:07:17,079 --> 00:07:15,529

can I have a strike hmm that they had

177

00:07:18,820 --> 00:07:17,089

nailed one of the old interviews we did

178

00:07:20,740 --> 00:07:18,830

some part of the music it was not

179

00:07:23,529 --> 00:07:20,750

actually a strike but a copyright

180

00:07:26,589 --> 00:07:23,539

whatever you call a not strike I log in

181

00:07:28,029 --> 00:07:26,599

and my channels live again and over the

182

00:07:30,610 --> 00:07:28,039

following days I kind of pieced together

183

00:07:32,589 --> 00:07:30,620

that enough of the community stood up

184

00:07:34,570 --> 00:07:32,599

for free speech that that channel was

185

00:07:37,209 --> 00:07:34,580

reinstated so there it is flat out man

186

00:07:38,950 --> 00:07:37,219

people do have power and if you see

187

00:07:40,959 --> 00:07:38,960

people terminated you should stand up

188

00:07:43,629 --> 00:07:40,969

for any channel in my view that gets

189

00:07:45,909 --> 00:07:43,639

terminated yeah I mean it's interesting

190

00:07:47,170 --> 00:07:45,919

that they brought you back you know why

191

00:07:50,139 --> 00:07:47,180

not keep you gone I guess there were

192

00:07:51,550 --> 00:07:50,149

enough complaints but are you gonna stop

193

00:07:52,779 --> 00:07:51,560

giving them your content and your

194

00:07:55,329 --> 00:07:52,789

audience I mean we're talking about

195

00:07:58,269 --> 00:07:55,339

Google here um this is what we're doing

196

00:08:00,129 --> 00:07:58,279

we you know I'm God I don't know roughly

197

00:08:02,950 --> 00:08:00,139

eighty thousand subs at this point

198

00:08:04,839 --> 00:08:02,960

according to them I've lost over 37,000

199

00:08:06,550 --> 00:08:04,849

or a thirty thousand subs over the life

200

00:08:08,950 --> 00:08:06,560

of my channel according to their

201
00:08:11,950 --> 00:08:08,960
statistics which are questionable

202
00:08:14,770 --> 00:08:11,960
we post the first hour like you do of

203
00:08:16,659 --> 00:08:14,780
our podcast on on YouTube and we don't

204
00:08:18,159 --> 00:08:16,669
censor it and I've stated flat out as a

205
00:08:20,350 --> 00:08:18,169
matter of fact most episodes I stayed

206
00:08:22,240 --> 00:08:20,360
out in the beginning or down in the

207
00:08:24,249 --> 00:08:22,250
description that we will speak freely we

208
00:08:26,620 --> 00:08:24,259
will not censor and we injure no one cuz

209
00:08:28,629 --> 00:08:26,630
I'm I'm facing them down they have no

210
00:08:30,400 --> 00:08:28,639
right to tell me I've engaged in hate

211
00:08:33,159 --> 00:08:30,410
speech that's a flat-out lie they have

212
00:08:34,719 --> 00:08:33,169
no rights tell me I bullied people if I

213
00:08:36,190 --> 00:08:34,729

bullied someone there's an injured party

214

00:08:37,860 --> 00:08:36,200

in this world produce them you know

215

00:08:40,690 --> 00:08:37,870

that's the way I look at it any help

216

00:08:42,339 --> 00:08:40,700

mm-hmm yeah I was gonna ask who did you

217

00:08:43,899 --> 00:08:42,349

bully but exact words these things are

218

00:08:44,500 --> 00:08:43,909

always vague and they never have real

219

00:08:46,600 --> 00:08:44,510

answers

220

00:08:48,010 --> 00:08:46,610

maybe NASA was bullied because they

221

00:08:49,449 --> 00:08:48,020

don't like the lunar wave I don't know

222

00:08:51,010 --> 00:08:49,459

it's a crazy thing I didn't even I

223

00:08:52,960 --> 00:08:51,020

didn't even shoot that lunar wave they

224

00:08:55,090 --> 00:08:52,970

turned and terminated my channel for a

225

00:08:56,740 --> 00:08:55,100

guy in North Carolina shot it and said

226

00:08:59,560 --> 00:08:56,750

hey will you run this so a lot of people

227

00:09:01,180 --> 00:08:59,570

could see it and I said sure but anyhow

228

00:09:03,130 --> 00:09:01,190

yeah I don't know you know do you know

229

00:09:05,440 --> 00:09:03,140

who Randy from Houston is that was one

230

00:09:08,650 --> 00:09:05,450

of the other clips they nailed and he is

231

00:09:10,690 --> 00:09:08,660

the most polite man you'll ever meet in

232

00:09:12,820 --> 00:09:10,700

your life that was one of the clips they

233

00:09:14,440 --> 00:09:12,830

nailed was an interview I did with Randy

234

00:09:17,500 --> 00:09:14,450

from Houston who's also shot the lunar

235

00:09:19,540 --> 00:09:17,510

wave hmmm well when we know the internet

236

00:09:21,220 --> 00:09:19,550

was built as a military project for

237

00:09:24,670 --> 00:09:21,230

surveillance and data collection can we

238

00:09:26,710 --> 00:09:24,680

really be that surprised I I guess not

239

00:09:29,199 --> 00:09:26,720

but nonetheless people need to demand

240

00:09:31,300 --> 00:09:29,209

better I mean come on we are they always

241

00:09:33,490 --> 00:09:31,310

refer you to Community Guidelines when

242

00:09:35,500 --> 00:09:33,500

we are that community right so we should

243

00:09:37,389 --> 00:09:35,510

have a voice in this and truly the

244

00:09:40,060 --> 00:09:37,399

really ridiculous part of this is as

245

00:09:42,069 --> 00:09:40,070

well I was waiting for my channel to be

246

00:09:45,130 --> 00:09:42,079

wiped out because I had to bullying

247

00:09:47,050 --> 00:09:45,140

strikes I get to copyright strikes on

248

00:09:48,970 --> 00:09:47,060

International Space Station video I'd

249

00:09:51,310 --> 00:09:48,980

posted trying to show folks why that's

250

00:09:53,010 --> 00:09:51,320

all nonsense believe it or not the

251
00:09:55,150 --> 00:09:53,020
copyright holder was believed

252
00:09:58,329 --> 00:09:55,160
entertainment on an International Space

253
00:09:59,590 --> 00:09:58,339
Station video but they nailed those in

254
00:10:01,210 --> 00:09:59,600
the same way they nailed the interview

255
00:10:03,250 --> 00:10:01,220
we did for some music you could run

256
00:10:04,840 --> 00:10:03,260
apparently but there's no strike it goes

257
00:10:07,269 --> 00:10:04,850
to show if something's a problem they

258
00:10:08,949 --> 00:10:07,279
could just remove the video if they had

259
00:10:10,590 --> 00:10:08,959
some / they they always point to

260
00:10:13,389 --> 00:10:10,600
pedophilia and all these other things

261
00:10:15,250 --> 00:10:13,399
terrorism trying to you know get people

262
00:10:17,980 --> 00:10:15,260
to lose their minds and quit thinking

263
00:10:18,970 --> 00:10:17,990

the truth is as anyone goes into any

264

00:10:20,680 --> 00:10:18,980

forum on a

265

00:10:22,960 --> 00:10:20,690

product and starts talking in a

266

00:10:25,090 --> 00:10:22,970

pedophilic way someone in that community

267

00:10:26,949 --> 00:10:25,100

is going to flag them more than just one

268

00:10:28,900 --> 00:10:26,959

person they could be removed easily

269

00:10:31,420 --> 00:10:28,910

that's not what they see that's not what

270

00:10:33,009 --> 00:10:31,430

we see here and that clearly points to

271

00:10:35,590 --> 00:10:33,019

the fact that they're trying to control

272

00:10:38,439 --> 00:10:35,600

what's being said as a matter of fact

273

00:10:40,420 --> 00:10:38,449

two days after the Vegas event and by

274

00:10:42,670 --> 00:10:40,430

the way that was the last clip on the

275

00:10:44,889 --> 00:10:42,680

podcast we posted covering Vegas that

276

00:10:47,680 --> 00:10:44,899

they terminated my channel locked me out

277

00:10:49,990 --> 00:10:47,690

then terminated it we know for a fact

278

00:10:52,540 --> 00:10:50,000

that the algorithms at Google and

279

00:10:54,460 --> 00:10:52,550

Facebook were rewritten to catch any

280

00:10:56,500 --> 00:10:54,470

conversation of people talking about

281

00:10:59,230 --> 00:10:56,510

Vegas so this is just wholly about

282

00:11:01,689 --> 00:10:59,240

controlling speech and censorship in my

283

00:11:03,910 --> 00:11:01,699

view you're so right and you're spot on

284

00:11:06,970 --> 00:11:03,920

when you say people should demand better

285

00:11:09,879 --> 00:11:06,980

it just sucks because we don't if we did

286

00:11:12,579 --> 00:11:09,889

the 90% of web traffic wouldn't be going

287

00:11:15,250 --> 00:11:12,589

to Facebook Google and Twitter like

288

00:11:17,710 --> 00:11:15,260

that's the data you can't say it any

289

00:11:19,569 --> 00:11:17,720

other way we just we complain but these

290

00:11:21,250 --> 00:11:19,579

are private companies that don't really

291

00:11:24,250 --> 00:11:21,260

owe us anything and it's sad that we've

292

00:11:25,990 --> 00:11:24,260

given them so much power but I guess if

293

00:11:27,639 --> 00:11:26,000

YouTube can't be trusted we got to stop

294

00:11:29,199 --> 00:11:27,649

putting our content on that platform

295

00:11:31,449 --> 00:11:29,209

because we're cutting off our nose to

296

00:11:33,400 --> 00:11:31,459

spite our face there are kind of these

297

00:11:35,139 --> 00:11:33,410

new alternatives like I'm sure you've

298

00:11:36,340 --> 00:11:35,149

heard of steam it but there's also D

299

00:11:38,769 --> 00:11:36,350

tube which is kind of part of that

300

00:11:40,960 --> 00:11:38,779

network which is D tube stands for

301

00:11:44,019 --> 00:11:40,970

decentralized tube and it's these

302

00:11:45,939 --> 00:11:44,029

basically social media and YouTube

303

00:11:49,090 --> 00:11:45,949

networks that are now on the blockchain

304

00:11:51,309 --> 00:11:49,100

based technology and you know they're

305

00:11:54,430 --> 00:11:51,319

small and new they do have some bugs and

306

00:11:56,949 --> 00:11:54,440

they don't have the biggest library of

307

00:11:59,110 --> 00:11:56,959

content or the largest community but if

308

00:12:01,780 --> 00:11:59,120

the content creators go there and they

309

00:12:03,309 --> 00:12:01,790

do pay you for your content you actually

310

00:12:04,960 --> 00:12:03,319

instead of a view counter you have a

311

00:12:08,079 --> 00:12:04,970

money counter of how much you've made

312

00:12:10,600 --> 00:12:08,089

but if content creators go there so will

313

00:12:11,949 --> 00:12:10,610

the viewers and then we can be saying

314

00:12:13,660 --> 00:12:11,959

we're doing something different then we

315

00:12:16,210 --> 00:12:13,670

can have a little bit of our power back

316

00:12:18,430 --> 00:12:16,220

well let me take the opposite side of

317

00:12:21,189 --> 00:12:18,440

that argument which is actually my view

318

00:12:23,160 --> 00:12:21,199

look we're coming to a time when

319

00:12:25,780 --> 00:12:23,170

corporations are going to control all

320

00:12:28,179 --> 00:12:25,790

information systems and that's a problem

321

00:12:30,160 --> 00:12:28,189

anyone who goes look looks at the

322

00:12:31,420 --> 00:12:30,170

definitions for free speech is going to

323

00:12:32,840 --> 00:12:31,430

learn very quickly if they didn't

324

00:12:34,129 --> 00:12:32,850

already know the base

325

00:12:36,019 --> 00:12:34,139

it's saying your government can't

326

00:12:37,519 --> 00:12:36,029

abridge your free speech all right well

327

00:12:39,799 --> 00:12:37,529

there's a problem with even that because

328

00:12:41,359 --> 00:12:39,809

we know this is not the United States of

329

00:12:43,729 --> 00:12:41,369

America this is United States it's

330

00:12:45,529 --> 00:12:43,739

corporation so basically even though we

331

00:12:47,629 --> 00:12:45,539

have these laws saying government can't

332

00:12:50,090 --> 00:12:47,639

abridge free speech free expression this

333

00:12:51,889 --> 00:12:50,100

type of thing it's a corporation that

334

00:12:53,509 --> 00:12:51,899

makes the laws in this country so how

335

00:12:57,979 --> 00:12:53,519

are they any different from Google I

336

00:13:00,650 --> 00:12:57,989

would say to hell with any open forum

337

00:13:03,229 --> 00:13:00,660

for public speech to hide behind

338

00:13:04,849 --> 00:13:03,239

I own this I'm a private corporation you

339

00:13:07,759 --> 00:13:04,859

want to you'll use the shield of

340

00:13:09,829 --> 00:13:07,769

corporation to abridge free speech I'll

341

00:13:12,289 --> 00:13:09,839

take you on I've got a problem with that

342

00:13:14,989 --> 00:13:12,299

and even though we know when we go to a

343

00:13:16,849 --> 00:13:14,999

job that corporation that we work at can

344

00:13:18,859 --> 00:13:16,859

in fact in bridge our free speech while

345

00:13:21,349 --> 00:13:18,869

we're on their clock so I mean it is a

346

00:13:24,949 --> 00:13:21,359

dicey argument but my main point here is

347

00:13:27,169 --> 00:13:24,959

we are nanoseconds away from every

348

00:13:29,389 --> 00:13:27,179

single major purveyor of information

349

00:13:32,359 --> 00:13:29,399

from being a corporation if we let this

350

00:13:34,159 --> 00:13:32,369

stand I'll tell you what the kids that

351

00:13:35,989 --> 00:13:34,169

are not born yet or the kids that are

352

00:13:38,090 --> 00:13:35,999

just born now they're gonna live in a

353

00:13:40,159 --> 00:13:38,100

damn different world than we do where

354

00:13:41,629 --> 00:13:40,169

the what they're allowed to search on

355

00:13:43,340 --> 00:13:41,639

the internet what they're allowed to say

356

00:13:44,719 --> 00:13:43,350

on the Internet is going to be a whole

357

00:13:46,309 --> 00:13:44,729

different world than you and I grew up

358

00:13:47,960 --> 00:13:46,319

in and I'm not down with it I'll fight

359

00:13:50,960 --> 00:13:47,970

against that tooth and nail to the day I

360

00:13:53,029 --> 00:13:50,970

drop oh yeah I mean its technological

361

00:13:54,799 --> 00:13:53,039

zombification and slavery I was just

362

00:13:57,769 --> 00:13:54,809

listening to a guy the other day and he

363

00:13:59,449 --> 00:13:57,779

made the point I forgot his name he was

364

00:14:02,869 --> 00:13:59,459

on Joe Rogan's podcast but he made the

365

00:14:06,259 --> 00:14:02,879

point if you could go back 20 years and

366

00:14:08,419 --> 00:14:06,269

make yourself the offer of a smart phone

367

00:14:10,039 --> 00:14:08,429

and say oh you're gonna be able to do

368

00:14:12,679 --> 00:14:10,049

things more conveniently you'll have

369

00:14:15,379 --> 00:14:12,689

maps you'll have text you'll have access

370

00:14:17,149 --> 00:14:15,389

to entertainment in your pocket but

371

00:14:18,349 --> 00:14:17,159

you're also going to be bugging yourself

372

00:14:20,989 --> 00:14:18,359

you're gonna be putting a surveillance

373

00:14:22,819 --> 00:14:20,999

device in your own pocket you're gonna

374

00:14:24,889 --> 00:14:22,829

develop an addiction that's worse than

375

00:14:27,139 --> 00:14:24,899

nicotine and it's gonna dominate your

376

00:14:28,579 --> 00:14:27,149

life and your thought cycles would you

377

00:14:29,479 --> 00:14:28,589

make that deal because if you didn't

378

00:14:30,979 --> 00:14:29,489

know what you were missing you'd

379

00:14:32,809 --> 00:14:30,989

probably be like [h__h] that can you

380

00:14:34,819 --> 00:14:32,819

imagine people in the 80s saying yeah I

381

00:14:36,559 --> 00:14:34,829

want to bug myself please put a device

382

00:14:39,139 --> 00:14:36,569

on me to track me they wouldn't do it

383

00:14:40,860 --> 00:14:39,149

but you've given access to Netflix and

384

00:14:44,220 --> 00:14:40,870

they're all eager to do it

385

00:14:46,050 --> 00:14:44,230

well I mean people who have not taken

386

00:14:47,430 --> 00:14:46,060

the time to really assess where we're at

387

00:14:48,630 --> 00:14:47,440

because it's a bit like the frog in

388

00:14:50,850 --> 00:14:48,640

boiling water isn't it

389

00:14:52,290 --> 00:14:50,860

in the 80s we would not have stood for

390

00:14:53,730 --> 00:14:52,300

this and the 70s people would have been

391

00:14:55,620 --> 00:14:53,740

whipping out their shotguns and going

392

00:14:57,690 --> 00:14:55,630

out to their porch that with

393

00:14:59,460 --> 00:14:57,700

surveillance at the level we see it now

394

00:15:01,080 --> 00:14:59,470

but from the 80s forward that was

395

00:15:03,810 --> 00:15:01,090

implemented slowly I can even show you

396

00:15:07,080 --> 00:15:03,820

clips of Steve Jobs using using the

397

00:15:08,910 --> 00:15:07,090

language that he hopes to seduce the

398

00:15:11,130 --> 00:15:08,920

people into using his products but at

399

00:15:14,040 --> 00:15:11,140

the main point I guess I would point out

400

00:15:15,930 --> 00:15:14,050

here is as far back as 1999 we've got

401
00:15:17,940 --> 00:15:15,940
people like the CEO of Sun Microsystems

402
00:15:20,040 --> 00:15:17,950
standing up and saying guess what

403
00:15:22,740 --> 00:15:20,050
privacy no longer exists in this world

404
00:15:24,480 --> 00:15:22,750
and by the way if you give us all your

405
00:15:26,820 --> 00:15:24,490
data I think it was maybe the Google CEO

406
00:15:28,740 --> 00:15:26,830
that said this if you give us all your

407
00:15:30,780 --> 00:15:28,750
data we'll give you all these cool

408
00:15:32,640 --> 00:15:30,790
things like free email maps and all the

409
00:15:33,750 --> 00:15:32,650
things you just mentioned but there's no

410
00:15:36,750 --> 00:15:33,760
getting around it man

411
00:15:39,210 --> 00:15:36,760
data is king now used to be a time when

412
00:15:41,010 --> 00:15:39,220
you were alive and and I was I'm a bit

413
00:15:44,070 --> 00:15:41,020

older than you but in my lifetime when

414

00:15:47,130 --> 00:15:44,080

cash was king that's no longer King data

415

00:15:48,540 --> 00:15:47,140

is king now and with social media and

416

00:15:51,870 --> 00:15:48,550

all the things we've been referencing

417

00:15:54,300 --> 00:15:51,880

here someone has a more complete map of

418

00:15:56,880 --> 00:15:54,310

humanity than has ever been drawn and

419

00:15:58,800 --> 00:15:56,890

what that does is with algorithms that

420

00:16:01,080 --> 00:15:58,810

were created maybe as far back as the

421

00:16:03,330 --> 00:16:01,090

late 1800s certainly into the early

422

00:16:05,940 --> 00:16:03,340

1900's they can predict the future

423

00:16:08,310 --> 00:16:05,950

it's a bit like a weatherman trying to

424

00:16:10,380 --> 00:16:08,320

predict the weather for tomorrow and he

425

00:16:11,790 --> 00:16:10,390

gets it wrong and everyone says what the

426
00:16:13,500 --> 00:16:11,800
hell man you told us it was going to be

427
00:16:14,910 --> 00:16:13,510
sunny today and we all got rained on and

428
00:16:17,490 --> 00:16:14,920
the weatherman turns around and tells

429
00:16:20,190 --> 00:16:17,500
all the people look man if I could put a

430
00:16:21,900 --> 00:16:20,200
weather sensor every 15 feet all over

431
00:16:24,450 --> 00:16:21,910
the face of this world I'd get it right

432
00:16:26,490 --> 00:16:24,460
a hundred percent every day it's a bit

433
00:16:28,290 --> 00:16:26,500
like that you see all these data points

434
00:16:31,320 --> 00:16:28,300
that are being collected but when their

435
00:16:33,270 --> 00:16:31,330
data mined and put in algorithms they

436
00:16:35,880 --> 00:16:33,280
can predict the future in a lot of cases

437
00:16:38,340 --> 00:16:35,890
to maybe a 98 or 99 percent certainty

438
00:16:41,370 --> 00:16:38,350

it's it's crazy to even consider what's

439

00:16:44,190 --> 00:16:41,380

going on with all our data well it's

440

00:16:45,570 --> 00:16:44,200

easy to make computer-based predictions

441

00:16:48,600 --> 00:16:45,580

when we might be in a computer-based

442

00:16:51,240 --> 00:16:48,610

simulation so the pattern is not that

443

00:16:53,190 --> 00:16:51,250

hard to decode apparently yeah I mean

444

00:16:53,700 --> 00:16:53,200

what what what if it is inception we're

445

00:16:55,740 --> 00:16:53,710

already

446

00:16:57,630 --> 00:16:55,750

deep and how they're creating another

447

00:16:59,100 --> 00:16:57,640

level you think about these things you

448

00:17:00,750 --> 00:16:59,110

know I've thought about yet the matrix

449

00:17:02,220 --> 00:17:00,760

idea for a long time I just don't know

450

00:17:04,199 --> 00:17:02,230

how you would ever prove it out one way

451

00:17:06,270 --> 00:17:04,209

or the other it's such an insidious

452

00:17:08,010 --> 00:17:06,280

thing to try to prove whether you're

453

00:17:10,890 --> 00:17:08,020

laying on a table somewhere in your mind

454

00:17:12,540 --> 00:17:10,900

is just creating this reality oh right I

455

00:17:14,280 --> 00:17:12,550

think about that with gaming all the

456

00:17:17,010 --> 00:17:14,290

time because I'm a gaming addict and

457

00:17:20,699 --> 00:17:17,020

it's like we spend all this time in

458

00:17:22,980 --> 00:17:20,709

these fairly rudimentary artificial

459

00:17:25,140 --> 00:17:22,990

realities that are projected on a 2d

460

00:17:27,329 --> 00:17:25,150

screen when we got this one that were

461

00:17:28,920 --> 00:17:27,339

you know we have this body and right now

462

00:17:30,540 --> 00:17:28,930

that's a much more persistent illusion

463

00:17:34,230 --> 00:17:30,550

so I don't know why we're obsessed with

464

00:17:37,440 --> 00:17:34,240

making polygons all crude versions of

465

00:17:41,850 --> 00:17:37,450

reality to waste our time then when this

466

00:17:43,470 --> 00:17:41,860

simulation is pretty lifelike why

467

00:17:45,180 --> 00:17:43,480

there's a reason for that to man it's

468

00:17:47,070 --> 00:17:45,190

about brain cycles isn't it for every

469

00:17:49,410 --> 00:17:47,080

brain cycle of human being waste that's

470

00:17:51,450 --> 00:17:49,420

a brain cycle that main you know was not

471

00:17:53,250 --> 00:17:51,460

able to do something that might matter

472

00:17:55,440 --> 00:17:53,260

like figure out how to make this place

473

00:17:57,900 --> 00:17:55,450

better get out of this place or whatever

474

00:18:00,480 --> 00:17:57,910

a human might want to try to do so you

475

00:18:02,220 --> 00:18:00,490

know in my lifetime when I was young

476

00:18:04,110 --> 00:18:02,230

almost all my time was spent out in

477

00:18:07,500 --> 00:18:04,120

nature when I look at my nephews now I'd

478

00:18:09,630 --> 00:18:07,510

say a good 80% of their free time is is

479

00:18:11,610 --> 00:18:09,640

spent in it you know an artificial world

480

00:18:12,420 --> 00:18:11,620

of gaming and not only that it's about

481

00:18:14,400 --> 00:18:12,430

to get better

482

00:18:17,280 --> 00:18:14,410

for sure you know virtual reality is

483

00:18:20,490 --> 00:18:17,290

coming mm-hmm we're just continuing to

484

00:18:23,610 --> 00:18:20,500

be dumbed down and distracted oh man

485

00:18:26,550 --> 00:18:23,620

very positive way to start but I'm also

486

00:18:28,380 --> 00:18:26,560

curious about your sky watching this

487

00:18:30,630 --> 00:18:28,390

past year has anything changed are you

488

00:18:33,660 --> 00:18:30,640

still capturing strange chemtrails

489

00:18:35,700 --> 00:18:33,670

spewing orbs and lunar waves well since

490

00:18:38,340 --> 00:18:35,710

I've come to the East Coast I just don't

491

00:18:39,720 --> 00:18:38,350

have as much free time I have to

492

00:18:41,820 --> 00:18:39,730

actually take care of someone here and

493

00:18:44,520 --> 00:18:41,830

the weather is drastically different

494

00:18:46,050 --> 00:18:44,530

than San Diego the truth is if you want

495

00:18:47,850 --> 00:18:46,060

to catch things at the level I was

496

00:18:50,190 --> 00:18:47,860

catching them you got to put in six

497

00:18:52,200 --> 00:18:50,200

eight hours every time you can each and

498

00:18:54,390 --> 00:18:52,210

I think you can the last thing that I

499

00:18:55,680 --> 00:18:54,400

filmed was the complete solar eclipse

500

00:18:58,200 --> 00:18:55,690

and I don't know if you caught up on

501
00:18:59,880 --> 00:18:58,210
some of the I did come to some Cluj ins

502
00:19:01,440 --> 00:18:59,890
on the tail of that last solar eclipse

503
00:19:03,810 --> 00:19:01,450
but I don't know if you've kind of

504
00:19:05,430 --> 00:19:03,820
caught that work yet well a little bit

505
00:19:06,480 --> 00:19:05,440
but that was definitely on my list of

506
00:19:07,080 --> 00:19:06,490
questions for you

507
00:19:09,090 --> 00:19:07,090
is

508
00:19:11,430 --> 00:19:09,100
the solar eclipse because it was such a

509
00:19:13,409 --> 00:19:11,440
huge event regardless of the weirdness

510
00:19:15,269 --> 00:19:13,419
there it was just cool to have people

511
00:19:18,119 --> 00:19:15,279
across the country looking up from those

512
00:19:20,279 --> 00:19:18,129
smartphones in awe together despite our

513
00:19:22,529 --> 00:19:20,289

increasingly polarized times but I've

514

00:19:25,110 --> 00:19:22,539

gotten hit with dozens of people saying

515

00:19:27,659 --> 00:19:25,120

that it was either blocked by chemtrails

516

00:19:29,310 --> 00:19:27,669

or it just didn't seem right for one

517

00:19:30,930 --> 00:19:29,320

reason or another I know you've said in

518

00:19:32,940 --> 00:19:30,940

our last show that the moon plays no

519

00:19:35,369 --> 00:19:32,950

role in solar eclipses and that was

520

00:19:37,259 --> 00:19:35,379

before the one we had so I guess I would

521

00:19:40,649 --> 00:19:37,269

ask you what were your observations did

522

00:19:42,060 --> 00:19:40,659

that statement hold up well I can prove

523

00:19:44,279 --> 00:19:42,070

it now it's demonstrable

524

00:19:45,690 --> 00:19:44,289

in other words of a guy from NASA walked

525

00:19:46,889 --> 00:19:45,700

into my room right now and wanted to

526

00:19:49,350 --> 00:19:46,899

talk about it I could look him straight

527

00:19:51,119 --> 00:19:49,360

in the eye and the moon does play no

528

00:19:52,739 --> 00:19:51,129

role in solar eclipses and you can't

529

00:19:55,080 --> 00:19:52,749

talk your way out of it because I've got

530

00:19:57,749 --> 00:19:55,090

the evidence but before I jump in here

531

00:19:59,399 --> 00:19:57,759

that the chem trilling was out of hand I

532

00:20:01,739 --> 00:19:59,409

talked with people all over the country

533

00:20:03,509 --> 00:20:01,749

and for me to film here where I was

534

00:20:06,180 --> 00:20:03,519

three hours before the Eclipse started

535

00:20:09,029 --> 00:20:06,190

the plane started spraying I had put a

536

00:20:11,850 --> 00:20:09,039

full-spectrum camera on a solar scope

537

00:20:13,830 --> 00:20:11,860

and I also used other equipment and I

538

00:20:15,779 --> 00:20:13,840

filmed it in its entirety with the one

539

00:20:18,119 --> 00:20:15,789

system I just described in most of it

540

00:20:20,460 --> 00:20:18,129

with another just optical system but

541

00:20:22,080 --> 00:20:20,470

here's what I can tell you way back when

542

00:20:24,869 --> 00:20:22,090

I was in San Diego when you and I were

543

00:20:28,230 --> 00:20:24,879

talking about this I was already getting

544

00:20:29,639 --> 00:20:28,240

ready to say the moon plays no role but

545

00:20:31,919 --> 00:20:29,649

you know you need a certain amount of

546

00:20:34,159 --> 00:20:31,929

evidence back then what I had done is

547

00:20:37,950 --> 00:20:34,169

taking everything I had to bear scopes

548

00:20:41,249 --> 00:20:37,960

full-spectrum cameras you know filters

549

00:20:44,580 --> 00:20:41,259

of this type or that type solar scopes

550

00:20:46,889 --> 00:20:44,590

in h-alpha and to do one thing to detect

551
00:20:49,049 --> 00:20:46,899
the moon approaching what we're told is

552
00:20:50,519 --> 00:20:49,059
the solar eclipse so people understand

553
00:20:52,049 --> 00:20:50,529
we're being told that the moon's going

554
00:20:54,989 --> 00:20:52,059
to cover the Sun from our point of view

555
00:20:56,549 --> 00:20:54,999
so I reasoned that if the moon is a

556
00:20:58,560 --> 00:20:56,559
quarter of a million miles away

557
00:21:00,330 --> 00:20:58,570
accepting the NASA data data which i

558
00:21:02,489 --> 00:21:00,340
think is alive but just to accept it for

559
00:21:04,019 --> 00:21:02,499
the argument okay we have a rock in

560
00:21:05,999 --> 00:21:04,029
space at roughly a quarter of a million

561
00:21:07,560 --> 00:21:06,009
miles that's being backlit by the

562
00:21:10,470 --> 00:21:07,570
brightest thing we know called the Sun

563
00:21:12,389 --> 00:21:10,480

at 93 million miles so this is what I

564

00:21:14,609 --> 00:21:12,399

did and I couldn't detect it well in

565

00:21:16,740 --> 00:21:14,619

this last one I went on at whole-hog and

566

00:21:18,340 --> 00:21:16,750

here's what I can tell you you cannot

567

00:21:20,350 --> 00:21:18,350

detect the moon

568

00:21:23,020 --> 00:21:20,360

going into the eclipse you cannot detect

569

00:21:25,270 --> 00:21:23,030

it during the Eclipse when you see that

570

00:21:27,310 --> 00:21:25,280

little you know circular bite taken out

571

00:21:28,930 --> 00:21:27,320

of the Sun that blacked-out portion you

572

00:21:30,789 --> 00:21:28,940

can't detect them on and then you can't

573

00:21:32,680 --> 00:21:30,799

detect it as the Klipsch is ending you

574

00:21:35,289 --> 00:21:32,690

can't detect the moon after it's all

575

00:21:36,669 --> 00:21:35,299

over and you cannot detect the moon now

576

00:21:38,500 --> 00:21:36,679

if you have something that's only a

577

00:21:41,080 --> 00:21:38,510

quarter of a million miles away which

578

00:21:42,850 --> 00:21:41,090

again I feel is a lie and it's backlit

579

00:21:44,740 --> 00:21:42,860

by something at 93 million you should

580

00:21:46,240 --> 00:21:44,750

absolutely be able to detect it with the

581

00:21:48,900 --> 00:21:46,250

tools I had particularly the full

582

00:21:51,310 --> 00:21:48,910

spectrum tools but it gets better

583

00:21:53,860 --> 00:21:51,320

science tells us that the Sun is an

584

00:21:56,049 --> 00:21:53,870

infinite light source as a lot of people

585

00:21:58,720 --> 00:21:56,059

who follow me know I spent most of the

586

00:22:00,310 --> 00:21:58,730

90s as a roadie traveling with bands and

587

00:22:02,080 --> 00:22:00,320

I met a lot of lighting people who

588

00:22:04,600 --> 00:22:02,090

taught me a lot of things so this isn't

589

00:22:06,490 --> 00:22:04,610

just me taking Sciences word I have a

590

00:22:08,080 --> 00:22:06,500

lot of experience with lighting because

591

00:22:10,990 --> 00:22:08,090

I worked around a lot of stages in the

592

00:22:13,060 --> 00:22:11,000

90s if you take a point source light or

593

00:22:15,520 --> 00:22:13,070

what's usually called a spot light and

594

00:22:17,950 --> 00:22:15,530

you put it on a person it'll cast a

595

00:22:20,080 --> 00:22:17,960

certain size shadow if you move a

596

00:22:23,350 --> 00:22:20,090

spotlight closer to that person the

597

00:22:25,659 --> 00:22:23,360

shadow will grow now what's called

598

00:22:28,390 --> 00:22:25,669

infinite source lights like the Sun

599

00:22:31,810 --> 00:22:28,400

don't do that regardless of the position

600

00:22:34,450 --> 00:22:31,820

of an infinite source light it will cast

601
00:22:36,669 --> 00:22:34,460
a shadow the size of the object casting

602
00:22:38,260 --> 00:22:36,679
it so now when we go back apply this to

603
00:22:40,840 --> 00:22:38,270
the Sun this is what we can know for

604
00:22:42,460 --> 00:22:40,850
certain well providing that the Sun is

605
00:22:44,380 --> 00:22:42,470
an infinite light source and science

606
00:22:46,480 --> 00:22:44,390
does say that it is it's harder to find

607
00:22:48,820 --> 00:22:46,490
this now but all my life I've been

608
00:22:50,320 --> 00:22:48,830
looking this up and historically we have

609
00:22:52,029 --> 00:22:50,330
been told the Sun is an infinite light

610
00:22:54,700 --> 00:22:52,039
source and I think that's correct anyhow

611
00:22:56,529 --> 00:22:54,710
the shadow of the Eclipse we were told

612
00:22:58,180 --> 00:22:56,539
was roughly seventy miles across you

613
00:22:59,950 --> 00:22:58,190

know what that tells us tells us that

614

00:23:02,860 --> 00:22:59,960

whatever eclipses the Sun is 70 miles

615

00:23:05,830 --> 00:23:02,870

wide these are not arguable points I

616

00:23:07,360 --> 00:23:05,840

defy anyone to detect the moon I use

617

00:23:09,520 --> 00:23:07,370

some of the best tools I could get my

618

00:23:12,399 --> 00:23:09,530

hands on took me half a lifetime to get

619

00:23:14,560 --> 00:23:12,409

that kind of power in one place at one

620

00:23:16,720 --> 00:23:14,570

time and then if we just take the basic

621

00:23:19,360 --> 00:23:16,730

physics of light and science we can

622

00:23:21,760 --> 00:23:19,370

demonstrate that in that infinite light

623

00:23:24,630 --> 00:23:21,770

source cast a shadow of the size of the

624

00:23:25,750 --> 00:23:24,640

object casting it so there's all that

625

00:23:29,260 --> 00:23:25,760

mm-hmm

626

00:23:32,170 --> 00:23:29,270

man yeah I think the official story is

627

00:23:33,880 --> 00:23:32,180

that the Sun will burn out but it'll be

628

00:23:35,530 --> 00:23:33,890

billions or trillions of years from now

629

00:23:37,750 --> 00:23:35,540

I mean that's basically infinite from a

630

00:23:39,850 --> 00:23:37,760

lifespan of a hundred years but I guess

631

00:23:42,760 --> 00:23:39,860

I'd ask what is transiting the Sun

632

00:23:45,280 --> 00:23:42,770

during that Eclipse anything I think the

633

00:23:47,320 --> 00:23:45,290

best descriptions that I've heard and

634

00:23:49,360 --> 00:23:47,330

I'm not an expert in this I have started

635

00:23:52,960 --> 00:23:49,370

to look at it is the ancient Indian

636

00:23:55,330 --> 00:23:52,970

ideas of nodes and Rahu and Ketu

637

00:23:57,580 --> 00:23:55,340

I think that's worth people's time if

638

00:24:00,070 --> 00:23:57,590

they want to look into that and try to

639

00:24:02,170 --> 00:24:00,080

start to crawl into all that information

640

00:24:05,200 --> 00:24:02,180

and work out whether that is a possible

641

00:24:06,910 --> 00:24:05,210

explanation my cursory looks it looks

642

00:24:08,680 --> 00:24:06,920

like it's got legs it looks like there's

643

00:24:10,180 --> 00:24:08,690

it they're there but it's like you know

644

00:24:11,680 --> 00:24:10,190

look look what I did with the Eclipse

645

00:24:13,870 --> 00:24:11,690

Greg you and I've been talking for years

646

00:24:16,750 --> 00:24:13,880

look how long it took me to come out to

647

00:24:18,550 --> 00:24:16,760

say if actually there is no moon

648

00:24:19,530 --> 00:24:18,560

involved in a solar eclipse so just

649

00:24:22,030 --> 00:24:19,540

these things take time

650

00:24:23,470 --> 00:24:22,040

mm-hmm well let me ask you maybe you

651
00:24:26,170 --> 00:24:23,480
could elaborate a little bit I know it

652
00:24:27,250 --> 00:24:26,180
might be a big thing to untangle but

653
00:24:29,890 --> 00:24:27,260
what aspects of

654
00:24:32,160 --> 00:24:29,900
their description do you think jive like

655
00:24:35,200 --> 00:24:32,170
what what excites you about their

656
00:24:38,530 --> 00:24:35,210
perspective what resonates okay to be

657
00:24:41,650 --> 00:24:38,540
perfectly fair I'm not educated enough

658
00:24:43,750 --> 00:24:41,660
to go very far into this but my cursory

659
00:24:47,140 --> 00:24:43,760
glances watching other people make this

660
00:24:48,640 --> 00:24:47,150
claim well let me back off getting into

661
00:24:50,740 --> 00:24:48,650
the technical reasons for it

662
00:24:52,480 --> 00:24:50,750
what I have found since I've been doing

663
00:24:54,700 --> 00:24:52,490

all these years of research is that many

664

00:24:57,010 --> 00:24:54,710

times the oldest information you can get

665

00:24:59,170 --> 00:24:57,020

your hands on is often the most valuable

666

00:25:01,360 --> 00:24:59,180

information in other words you know like

667

00:25:03,450 --> 00:25:01,370

you opened up this this podcast talking

668

00:25:06,160 --> 00:25:03,460

about what school is these days I

669

00:25:08,410 --> 00:25:06,170

presume there was a time way way back

670

00:25:09,880 --> 00:25:08,420

some time when school was not what it is

671

00:25:12,610 --> 00:25:09,890

now when it was truly meant to educate

672

00:25:15,250 --> 00:25:12,620

you I'll leave it at that to say that

673

00:25:16,450 --> 00:25:15,260

these older ways often have legs for

674

00:25:19,200 --> 00:25:16,460

people who want to know the nuts and

675

00:25:21,460 --> 00:25:19,210

bolts of the idea of the Indian

676

00:25:23,470 --> 00:25:21,470

astrological nodes and KATU and Rahu

677

00:25:25,030 --> 00:25:23,480

just look it up and start to get into it

678

00:25:27,100 --> 00:25:25,040

I'll talk about it more but I feel like

679

00:25:29,710 --> 00:25:27,110

I need to expand my knowledge base

680

00:25:31,450 --> 00:25:29,720

before I you know record myself talking

681

00:25:35,560 --> 00:25:31,460

about it mm-hmm

682

00:25:38,560 --> 00:25:35,570

fair enough so does anyone have pictures

683

00:25:41,710 --> 00:25:38,570

of the Moon during that solar eclipse

684

00:25:43,450 --> 00:25:41,720

somewhere else in the sky well you see

685

00:25:45,789 --> 00:25:43,460

the moon would be what's called new and

686

00:25:47,289 --> 00:25:45,799

that plays into it too in the same way

687

00:25:48,820 --> 00:25:47,299

I made the announcement I don't know

688

00:25:50,139 --> 00:25:48,830

what it's been a couple years maybe I

689

00:25:51,820 --> 00:25:50,149

don't remember I was in Rhode Island

690

00:25:53,950 --> 00:25:51,830

when I did it so probably within the

691

00:25:55,960 --> 00:25:53,960

last two years that it's quite likely

692

00:25:57,639 --> 00:25:55,970

spaces water that was another thing that

693

00:25:59,379 --> 00:25:57,649

I've been working on all these years

694

00:26:01,149 --> 00:25:59,389

what I finally did is took apart

695

00:26:03,729 --> 00:26:01,159

language when my telescope couldn't get

696

00:26:05,619 --> 00:26:03,739

me any further down the road and what I

697

00:26:07,210 --> 00:26:05,629

took apart was the JFK we're going to

698

00:26:09,460 --> 00:26:07,220

the moon speech but most people have

699

00:26:12,220 --> 00:26:09,470

heard that story to get back to what you

700

00:26:13,629 --> 00:26:12,230

asked me the moon is called is what's

701

00:26:16,690 --> 00:26:13,639

called new in other words it's

702

00:26:18,909 --> 00:26:16,700

completely blacked out I would invite

703

00:26:20,769 --> 00:26:18,919

anyone when there's a fully new moon

704

00:26:22,269 --> 00:26:20,779

wholly new in other words completely

705

00:26:24,159 --> 00:26:22,279

blacked out see if you can detect it

706

00:26:25,810 --> 00:26:24,169

quite often we get reports of people

707

00:26:27,789 --> 00:26:25,820

seeing stars where it should be or

708

00:26:29,289 --> 00:26:27,799

seeing through it but I'll take you to

709

00:26:31,359 --> 00:26:29,299

language again why the hell do we call

710

00:26:32,680 --> 00:26:31,369

it a new moon isn't that the moon that's

711

00:26:34,830 --> 00:26:32,690

been in the sky for millions and

712

00:26:37,779 --> 00:26:34,840

billions of years as a matter of fact

713

00:26:40,269 --> 00:26:37,789

when we get past new moon we start to

714

00:26:42,700 --> 00:26:40,279

call it a young moon I would maintain

715

00:26:44,950 --> 00:26:42,710

that language has meaning and we say

716

00:26:46,690 --> 00:26:44,960

these words for a reason they may not be

717

00:26:49,029 --> 00:26:46,700

obvious to all of us right now but we're

718

00:26:51,909 --> 00:26:49,039

working in that direction what I can

719

00:26:54,190 --> 00:26:51,919

tell you is is apparently and I've tried

720

00:26:56,560 --> 00:26:54,200

a number of times to film a new moon

721

00:26:57,909 --> 00:26:56,570

because when a moon is new or very young

722

00:27:00,430 --> 00:26:57,919

there are many reports of it being

723

00:27:02,499 --> 00:27:00,440

see-through and so you can see the crux

724

00:27:04,599 --> 00:27:02,509

of where this this conversation go is

725

00:27:06,009 --> 00:27:04,609

just by you know deductive reasoning I

726

00:27:08,200 --> 00:27:06,019

guess I don't I don't really need to go

727

00:27:10,659 --> 00:27:08,210

any further I guess mm-hmm well I have

728

00:27:12,940 --> 00:27:10,669

had more and more guests actually saying

729

00:27:15,190 --> 00:27:12,950

that they believe that the moon gives

730

00:27:18,090 --> 00:27:15,200

off its own light and I just think

731

00:27:21,009 --> 00:27:18,100

that's pretty wild I mean that's such a

732

00:27:23,710 --> 00:27:21,019

interesting thing for people to be

733

00:27:26,789 --> 00:27:23,720

willing to put themselves out there on I

734

00:27:28,960 --> 00:27:26,799

mean that's a real bold claim but

735

00:27:31,570 --> 00:27:28,970

surprisingly more and more people are

736

00:27:33,940 --> 00:27:31,580

saying it and I did interview Sophie a

737

00:27:36,609 --> 00:27:33,950

small storm who talked about life and

738

00:27:39,310 --> 00:27:36,619

death and the sepsis cycle this idea

739

00:27:41,859 --> 00:27:39,320

that we have cycles of growth and decay

740

00:27:44,320 --> 00:27:41,869

Sun and Moon and that the agenda is to

741

00:27:45,940 --> 00:27:44,330

keep us in biological darkness but

742

00:27:49,029 --> 00:27:45,950

really the point would be that the moon

743

00:27:52,119 --> 00:27:49,039

as a counter to the Sun has light that

744

00:27:54,700 --> 00:27:52,129

comes from it that actually facilitates

745

00:27:56,710 --> 00:27:54,710

that decay side of the coin and it's a

746

00:27:58,509 --> 00:27:56,720

lot to take in but she's basing that off

747

00:27:59,070 --> 00:27:58,519

ancient accounts as well like you

748

00:28:01,409 --> 00:27:59,080

mentioned

749

00:28:03,450 --> 00:28:01,419

some people are saying that there's so

750

00:28:04,889 --> 00:28:03,460

many games being played today you got to

751

00:28:07,710 --> 00:28:04,899

go to the ancient stuff to get a good

752

00:28:09,539 --> 00:28:07,720

idea of reality the older stuff you can

753

00:28:11,549 --> 00:28:09,549

get your hands on in my view the more

754

00:28:13,499 --> 00:28:11,559

value you will find if it is avoided the

755

00:28:15,269 --> 00:28:13,509

modern edit in terms of what you just

756

00:28:16,799 --> 00:28:15,279

described I don't have a problem with a

757

00:28:18,869 --> 00:28:16,809

person going at it like that I think

758

00:28:21,539 --> 00:28:18,879

it's helpful I think it's literally

759

00:28:23,190 --> 00:28:21,549

helpful I will back anyone who wants to

760

00:28:24,810 --> 00:28:23,200

come on and say the moon generates its

761

00:28:26,759 --> 00:28:24,820

own light I think that's probably what's

762

00:28:29,220 --> 00:28:26,769

correct I've even got at it with prisms

763

00:28:31,379 --> 00:28:29,230

taking apart sunlight and taking apart

764

00:28:33,509 --> 00:28:31,389

moonlight through my skull these are not

765

00:28:35,759 --> 00:28:33,519

easy things to do but there's also the

766

00:28:37,979 --> 00:28:35,769

whole idea that moonlight is cool in

767

00:28:39,539 --> 00:28:37,989

other words if you were to measure the

768

00:28:41,580 --> 00:28:39,549

temperature and direct moonlight and

769

00:28:43,710 --> 00:28:41,590

then in the shade on the same night that

770

00:28:45,299 --> 00:28:43,720

the moonlight temperature would be

771

00:28:47,070 --> 00:28:45,309

actually cooler than the shaded portion

772

00:28:48,899 --> 00:28:47,080

there's people that are started to go

773

00:28:51,570 --> 00:28:48,909

down this road I've never seen it kind

774

00:28:53,580 --> 00:28:51,580

of completely quantified out so we can

775

00:28:55,649 --> 00:28:53,590

say case closed but I've seen enough to

776

00:28:58,649 --> 00:28:55,659

know there's probably are there there in

777

00:29:00,749 --> 00:28:58,659

my view it's probably not even possible

778

00:29:02,489 --> 00:29:00,759

to walk on the moon when people ask me

779

00:29:04,080 --> 00:29:02,499

you know a long time ago after I shot

780

00:29:05,999 --> 00:29:04,090

the lunar wave I made the mistake of

781

00:29:07,590 --> 00:29:06,009

trying to describe it as a hologram I

782

00:29:09,389 --> 00:29:07,600

wish I hadn't had done that because so

783

00:29:11,700 --> 00:29:09,399

many people got wrapped up in the

784

00:29:13,590 --> 00:29:11,710

technology of a hologram and so then I

785

00:29:15,119 --> 00:29:13,600

immediately changed how I was trying to

786

00:29:17,249 --> 00:29:15,129

describe what I didn't have language

787

00:29:18,899 --> 00:29:17,259

where I called her a facade and that was

788

00:29:20,789 --> 00:29:18,909

kind of problematic in the same way so

789

00:29:23,310 --> 00:29:20,799

this is what I now say about the moon

790

00:29:24,629 --> 00:29:23,320

the moon is not a rock in space it's a

791

00:29:27,210 --> 00:29:24,639

hell of a lot closer than we've been

792

00:29:30,349 --> 00:29:27,220

told it is and it likely generates its

793

00:29:34,320 --> 00:29:30,359

own light that's what I say now mm-hmm

794

00:29:35,849 --> 00:29:34,330

man that's wild and I've heard you of

795

00:29:37,799 --> 00:29:35,859

course say that the moon is interesting

796

00:29:41,249 --> 00:29:37,809

but the real key to figuring out the

797

00:29:43,049 --> 00:29:41,259

construct is the Sun and I do like that

798

00:29:46,979 --> 00:29:43,059

I think that is where the focus should

799

00:29:50,039 --> 00:29:46,989

be but have we gotten any closer to

800

00:29:52,590 --> 00:29:50,049

knowing what that is other than a big

801
00:29:55,320 --> 00:29:52,600
ball of gas a gigantic nuclear furnace

802
00:29:57,419 --> 00:29:55,330
outside of the Eclipse window what's the

803
00:29:59,789 --> 00:29:57,429
sun's general purpose other than you

804
00:30:01,590 --> 00:29:59,799
know what we're told I can tell you that

805
00:30:03,840 --> 00:30:01,600
I don't accept the the giant ball of

806
00:30:06,690 --> 00:30:03,850
burning nuclear gas I don't accept any

807
00:30:07,549 --> 00:30:06,700
of that in my view space is misdescribed

808
00:30:09,470 --> 00:30:07,559
even the world

809
00:30:11,090 --> 00:30:09,480
handing on his misdescribed and while

810
00:30:11,779 --> 00:30:11,100
I'm not a member of the flatter of

811
00:30:14,960 --> 00:30:11,789
community

812
00:30:17,779 --> 00:30:14,970
out there challenging because I

813
00:30:20,090 --> 00:30:17,789

wholeheartedly will state anywhere that

814

00:30:22,249 --> 00:30:20,100

this place we live is misdescribed I've

815

00:30:24,019 --> 00:30:22,259

proved it I can see too far I've proved

816

00:30:26,330 --> 00:30:24,029

it with good optics over a lake in the

817

00:30:27,649 --> 00:30:26,340

desert but to get back to the point here

818

00:30:29,840 --> 00:30:27,659

with the Sun I think you're absolutely

819

00:30:31,700 --> 00:30:29,850

right there's the Sun in the same way

820

00:30:33,799 --> 00:30:31,710

the lunar wave was an important piece of

821

00:30:36,499 --> 00:30:33,809

footage that I accidentally captured in

822

00:30:38,419 --> 00:30:36,509

2012 I think the Sun may be the next big

823

00:30:40,879 --> 00:30:38,429

thing and we got glimpses of that during

824

00:30:42,859 --> 00:30:40,889

the Eclipse there were plenty of plenty

825

00:30:46,730 --> 00:30:42,869

of people who got footage that showed

826

00:30:49,869 --> 00:30:46,740

like this miniaturized exact replica of

827

00:30:52,700 --> 00:30:49,879

the Eclipse that you could see going on

828

00:30:54,859 --> 00:30:52,710

just to the right of the moon and it was

829

00:30:56,930 --> 00:30:54,869

not camera flare it was not internal

830

00:30:59,330 --> 00:30:56,940

mechanics of the camera it was actually

831

00:31:01,009 --> 00:30:59,340

there locked in frame the movement of

832

00:31:02,570 --> 00:31:01,019

the cameras told us everything we needed

833

00:31:04,549 --> 00:31:02,580

to know and I've become pretty expert at

834

00:31:06,409 --> 00:31:04,559

that having had to defend the lunar wave

835

00:31:08,720 --> 00:31:06,419

all those years you know camera movement

836

00:31:10,730 --> 00:31:08,730

and how things get captured becomes

837

00:31:12,499 --> 00:31:10,740

critical in understanding whether you

838

00:31:15,200 --> 00:31:12,509

filmed an event or whether something

839

00:31:16,879 --> 00:31:15,210

else is going on but there's also plenty

840

00:31:19,159 --> 00:31:16,889

of people who have claimed to film

841

00:31:20,869 --> 00:31:19,169

things around the Sun that they want to

842

00:31:22,430 --> 00:31:20,879

make the claim the Sun is artificial I

843

00:31:24,320 --> 00:31:22,440

don't know what to do with that because

844

00:31:26,720 --> 00:31:24,330

I'm a guy who needs to do it firsthand

845

00:31:28,279 --> 00:31:26,730

or at least be very good friends with

846

00:31:29,749 --> 00:31:28,289

the people who did it so I understand

847

00:31:32,539 --> 00:31:29,759

what they're telling me as a true thing

848

00:31:34,389 --> 00:31:32,549

but to cut to the chase I agree with you

849

00:31:36,580 --> 00:31:34,399

I think the Sun will be key in

850

00:31:39,590 --> 00:31:36,590

unraveling things a little further

851
00:31:42,109 --> 00:31:39,600
mm-hmm and you said you're not part of

852
00:31:44,419 --> 00:31:42,119
the Flat Earth community I respect that

853
00:31:46,879 --> 00:31:44,429
but you have said that you don't think

854
00:31:49,279 --> 00:31:46,889
we can get out into space that space

855
00:31:52,820 --> 00:31:49,289
moves around us rather than us moving

856
00:31:56,149 --> 00:31:52,830
around it and that this seems like a

857
00:31:57,289 --> 00:31:56,159
plane of existence so it seems like even

858
00:31:59,869 --> 00:31:57,299
though you might not be part of that

859
00:32:02,299 --> 00:31:59,879
community at least conceptually you're

860
00:32:04,730 --> 00:32:02,309
more in line with that model than the

861
00:32:06,980 --> 00:32:04,740
traditional well I guess that model

862
00:32:09,200 --> 00:32:06,990
would be a little bit closer to what is

863
00:32:11,359 --> 00:32:09,210

probably going on but I'll stay it for

864

00:32:13,279 --> 00:32:11,369

the record I suspect that if there is

865

00:32:15,889 --> 00:32:13,289

ever a time we understand where we exist

866

00:32:17,749 --> 00:32:15,899

the truth will be so damn shocking that

867

00:32:18,140 --> 00:32:17,759

everything we ever knew in a day will

868

00:32:20,030 --> 00:32:18,150

change

869

00:32:21,560 --> 00:32:20,040

everything we ever did in a day will

870

00:32:23,120 --> 00:32:21,570

change it will be that kind of

871

00:32:26,420 --> 00:32:23,130

earth-shattering that type of

872

00:32:27,950 --> 00:32:26,430

information what I can say is from all

873

00:32:29,270 --> 00:32:27,960

the observation I've done from all the

874

00:32:30,920 --> 00:32:29,280

deductions I've done from all the

875

00:32:33,290 --> 00:32:30,930

filming with high-end telescopes I've

876

00:32:35,390 --> 00:32:33,300

done it appears that nothing goes out of

877

00:32:38,030 --> 00:32:35,400

our atmosphere or nothing not satellites

878

00:32:39,440 --> 00:32:38,040

not people not machines and that there's

879

00:32:41,240 --> 00:32:39,450

some kind of a hard fast barrier

880

00:32:44,150 --> 00:32:41,250

religious people like to say well we

881

00:32:46,280 --> 00:32:44,160

told you that's the the firmament but I

882

00:32:48,200 --> 00:32:46,290

would point out and while it does say

883

00:32:50,780 --> 00:32:48,210

that and in my view is probably likely

884

00:32:52,340 --> 00:32:50,790

pretty close to correct it's not the

885

00:32:54,020 --> 00:32:52,350

only major religion that does that

886

00:32:57,110 --> 00:32:54,030

there's a number of them that talk about

887

00:32:58,760 --> 00:32:57,120

waters being separated from waters even

888

00:33:02,150 --> 00:32:58,770

if we go back to things like Oh mark I

889

00:33:04,370 --> 00:33:02,160

am and the Arabic writings from you know

890

00:33:06,800 --> 00:33:04,380

that Aragon by where he says things in

891

00:33:08,990 --> 00:33:06,810

the Rubaiyat like in this inverted bowl

892

00:33:11,450 --> 00:33:09,000

we call the sky under which crawling

893

00:33:13,550 --> 00:33:11,460

cooped we live and die something to the

894

00:33:15,590 --> 00:33:13,560

effect of don't bother to pray to these

895

00:33:18,170 --> 00:33:15,600

things because there is impotent as you

896

00:33:20,800 --> 00:33:18,180

or I there's all these references in the

897

00:33:23,240 --> 00:33:20,810

older kind of scriptural text or even

898

00:33:25,160 --> 00:33:23,250

things like the Rubaiyat of Omar Khayyam

899

00:33:27,680 --> 00:33:25,170

which I just tried to quote badly I

900

00:33:29,300 --> 00:33:27,690

might add on that point to what I'm what

901
00:33:31,370 --> 00:33:29,310
I'm talking about here there does appear

902
00:33:33,230 --> 00:33:31,380
to be some kind of a hard fast boundary

903
00:33:34,880 --> 00:33:33,240
for my money nothing goes through it

904
00:33:37,700 --> 00:33:34,890
we've never sent anything out of our

905
00:33:40,190 --> 00:33:37,710
atmosphere man or machine now what about

906
00:33:42,500 --> 00:33:40,200
the ISS because I've seen a lot of

907
00:33:44,330 --> 00:33:42,510
footage that seems clearly fake where

908
00:33:46,220 --> 00:33:44,340
women have their hair up and hairspray

909
00:33:47,480 --> 00:33:46,230
you think it would be netted or

910
00:33:49,970 --> 00:33:47,490
something because this is supposed to be

911
00:33:51,920 --> 00:33:49,980
a sterile environment so I feel like

912
00:33:54,770 --> 00:33:51,930
that's a little bit strange but I see

913
00:33:56,990 --> 00:33:54,780

plenty of footage that is faked but also

914

00:33:59,210 --> 00:33:57,000

when you look up in the sky and you look

915

00:34:02,720 --> 00:33:59,220

online at where the ISS is supposed to

916

00:34:06,530 --> 00:34:02,730

be you can see something that looks like

917

00:34:08,659 --> 00:34:06,540

it so I don't know what that is and it

918

00:34:10,280 --> 00:34:08,669

makes me feel like maybe I should walk

919

00:34:12,889 --> 00:34:10,290

back some of this stuff because how do

920

00:34:14,750 --> 00:34:12,899

you put something in the sky that looks

921

00:34:17,210 --> 00:34:14,760

like what's being described even if this

922

00:34:19,399 --> 00:34:17,220

footage a lot of it might be fake well

923

00:34:21,080 --> 00:34:19,409

let's use a little deductive reasoning

924

00:34:23,240 --> 00:34:21,090

and by the way seeing a light in the sky

925

00:34:25,280 --> 00:34:23,250

does not make a spaceship you can see a

926
00:34:26,419 --> 00:34:25,290
light in the sky any night fair but it's

927
00:34:28,940 --> 00:34:26,429
more than just a light

928
00:34:31,280 --> 00:34:28,950
well I wait to I will agree with you

929
00:34:31,909 --> 00:34:31,290
that there is a light that comes by at

930
00:34:34,069 --> 00:34:31,919
times we can

931
00:34:35,359 --> 00:34:34,079
see I've tried to film and it's not an

932
00:34:36,789 --> 00:34:35,369
easy thing to do with the scope there

933
00:34:39,079 --> 00:34:36,799
are others who have showed us pictures

934
00:34:41,510 --> 00:34:39,089
if what they're showing us is to be

935
00:34:43,579 --> 00:34:41,520
trusted then in fact the shape we expect

936
00:34:45,619 --> 00:34:43,589
to see is similar what we'd expect to

937
00:34:48,109 --> 00:34:45,629
see but I've done enough work with

938
00:34:50,809 --> 00:34:48,119

things you know taking optical values

939

00:34:52,760 --> 00:34:50,819

apart when I had to defend against like

940

00:34:54,950 --> 00:34:52,770

the huffington post attacking me telling

941

00:34:57,319 --> 00:34:54,960

me I was filming satellites and half

942

00:34:59,329 --> 00:34:57,329

geosynchronous orbit when I got optics

943

00:35:01,670 --> 00:34:59,339

experts together to break it all down we

944

00:35:03,230 --> 00:35:01,680

began to show that if in fact this thing

945

00:35:04,789 --> 00:35:03,240

they're telling me is eleven thousand

946

00:35:06,589 --> 00:35:04,799

miles away it was in fact eleven

947

00:35:08,120 --> 00:35:06,599

thousand miles away it'd be three four

948

00:35:10,520 --> 00:35:08,130

times the size of the International

949

00:35:11,960 --> 00:35:10,530

Space Station which is by far supposed

950

00:35:13,849 --> 00:35:11,970

to be the biggest thing we've ever put

951
00:35:17,569 --> 00:35:13,859
up but let's set all that aside for a

952
00:35:20,359 --> 00:35:17,579
second I can demonstrate with almost any

953
00:35:22,069 --> 00:35:20,369
image I'm ever handed that supposed was

954
00:35:24,079 --> 00:35:22,079
supposedly taken in space I could take

955
00:35:25,789 --> 00:35:24,089
it apart sometimes it's as easy as

956
00:35:27,740 --> 00:35:25,799
putting it in Photoshop and jackin

957
00:35:30,349 --> 00:35:27,750
levels to show all the Edit marks and

958
00:35:32,500 --> 00:35:30,359
all the the kind of tomfoolery that's

959
00:35:35,630 --> 00:35:32,510
gone into making a constructed image

960
00:35:38,089 --> 00:35:35,640
usually it's not that hard but when they

961
00:35:39,440 --> 00:35:38,099
do a good job at it then you go at it in

962
00:35:41,569 --> 00:35:39,450
a different way and you start to show

963
00:35:43,760 --> 00:35:41,579

that these were done by artists how is

964

00:35:46,069 --> 00:35:43,770

it that we don't have endless pictures

965

00:35:48,950 --> 00:35:46,079

of this world from space at this point

966

00:35:50,960 --> 00:35:48,960

in time you know how is it that an

967

00:35:53,539 --> 00:35:50,970

International Space Station astronaut

968

00:35:56,299 --> 00:35:53,549

hasn't bothered to poke a camera out the

969

00:35:58,039 --> 00:35:56,309

window to show us the 15 or 20 thousand

970

00:36:00,410 --> 00:35:58,049

satellites orbiting the planet yeah

971

00:36:02,569 --> 00:36:00,420

there is no image of a satellite in

972

00:36:04,130 --> 00:36:02,579

space doing what satellites supposedly

973

00:36:07,039 --> 00:36:04,140

do but let's get back to the Earth image

974

00:36:08,720 --> 00:36:07,049

for a minute Apollo 16 Hasselblad out

975

00:36:11,270 --> 00:36:08,730

the window of a capsule in space took a

976
00:36:14,120 --> 00:36:11,280
picture Earth Apollo 17 same thing they

977
00:36:16,339 --> 00:36:14,130
stayed at the time they did that 2002

978
00:36:18,859 --> 00:36:16,349
the supposed blue marble we can prove

979
00:36:20,839 --> 00:36:18,869
beyond argument that each of those is

980
00:36:23,690 --> 00:36:20,849
faked with the - from the Apollo

981
00:36:25,520 --> 00:36:23,700
missions it's as easy as cheesy you

982
00:36:27,500 --> 00:36:25,530
compare them the land masses are wrong

983
00:36:30,200 --> 00:36:27,510
they don't mass mass the mapping

984
00:36:31,940 --> 00:36:30,210
geodetic survey data we can show clouds

985
00:36:34,609 --> 00:36:31,950
were cloned that these are constructed

986
00:36:36,109 --> 00:36:34,619
images in the case of Apollo 17 they

987
00:36:37,880 --> 00:36:36,119
gave us the time the image was snapped

988
00:36:39,289 --> 00:36:37,890

in the modern age someone just rolled

989

00:36:42,140 --> 00:36:39,299

the clock forward to show that the wrong

990

00:36:43,940 --> 00:36:42,150

portion of the earth was lit we jump up

991

00:36:45,680 --> 00:36:43,950

to the 2002 Blue Marble

992

00:36:47,960 --> 00:36:45,690

we can tell you the damn name of the

993

00:36:50,780 --> 00:36:47,970

artist who made the image and the quote

994

00:36:52,849 --> 00:36:50,790

that he is attributed something to the

995

00:36:54,380 --> 00:36:52,859

effect of NASA gave me data so I made

996

00:36:56,329 --> 00:36:54,390

this image and the way I thought earth

997

00:36:59,030 --> 00:36:56,339

should look and again the clone cloud

998

00:37:01,819 --> 00:36:59,040

problem you've never seen a real image

999

00:37:03,859 --> 00:37:01,829

of this world from space why is that

1000

00:37:06,230 --> 00:37:03,869

you've never seen a real image of

1001
00:37:08,510 --> 00:37:06,240
anything from space you've never seen a

1002
00:37:11,030 --> 00:37:08,520
real footage of a satellite when you put

1003
00:37:13,549 --> 00:37:11,040
all this other deductive logic around

1004
00:37:15,500 --> 00:37:13,559
what we're being told it becomes pretty

1005
00:37:17,390 --> 00:37:15,510
bulletproof to say things like the

1006
00:37:19,670 --> 00:37:17,400
International Space Station is not in

1007
00:37:22,250 --> 00:37:19,680
space with people on it so that's where

1008
00:37:25,010 --> 00:37:22,260
I'm coming from well I think you make a

1009
00:37:27,799 --> 00:37:25,020
great point especially about the

1010
00:37:29,839 --> 00:37:27,809
pictures from the ISS because they've

1011
00:37:31,609 --> 00:37:29,849
got dozens and dozens of pictures

1012
00:37:34,250 --> 00:37:31,619
hundreds of them that all have the same

1013
00:37:38,000 --> 00:37:34,260

kind of angle and show you the same type

1014

00:37:40,970 --> 00:37:38,010

of scope which is like I don't know 25%

1015

00:37:43,180 --> 00:37:40,980

30% of the planet surface and some space

1016

00:37:46,039 --> 00:37:43,190

out there and you don't see a single

1017

00:37:47,660 --> 00:37:46,049

satellite I mean what the hell are there

1018

00:37:50,030 --> 00:37:47,670

tens of thousands out there or not

1019

00:37:51,559 --> 00:37:50,040

because they're definitely between the

1020

00:37:53,270 --> 00:37:51,569

ISS and the earth

1021

00:37:55,220 --> 00:37:53,280

well it's let's take that apart real

1022

00:37:57,349 --> 00:37:55,230

quick not too long ago I saw a

1023

00:38:00,020 --> 00:37:57,359

mathematician calculate out I think he

1024

00:38:02,030 --> 00:38:00,030

used 15,000 as the number I guess it

1025

00:38:03,200 --> 00:38:02,040

could be anywhere from 15 to 30 thousand

1026

00:38:04,789 --> 00:38:03,210

and that's not even counting all the

1027

00:38:07,549 --> 00:38:04,799

space junk or the supposed broken

1028

00:38:09,559 --> 00:38:07,559

satellites that we're told exist and he

1029

00:38:11,690 --> 00:38:09,569

calculated out using statistical

1030

00:38:14,120 --> 00:38:11,700

mathematics that if in fact there were

1031

00:38:16,309 --> 00:38:14,130

that many things orbiting this world we

1032

00:38:18,200 --> 00:38:16,319

should see something transit the moon

1033

00:38:20,390 --> 00:38:18,210

regular a number of times every

1034

00:38:22,010 --> 00:38:20,400

three-hour period I'm here to tell you

1035

00:38:23,839 --> 00:38:22,020

that I've stared at the moon for a month

1036

00:38:26,210 --> 00:38:23,849

after month after month six eight hours

1037

00:38:27,319 --> 00:38:26,220

a night and there are Playa nights when

1038

00:38:29,780 --> 00:38:27,329

I film nothing

1039

00:38:31,609 --> 00:38:29,790

plenty more more nights that I film

1040

00:38:33,470 --> 00:38:31,619

nothing then I throw on something and

1041

00:38:36,079 --> 00:38:33,480

that's putting in six to eight hours in

1042

00:38:38,270 --> 00:38:36,089

a lot of cases I'm talking about filling

1043

00:38:41,599 --> 00:38:38,280

up some hard drives with HD video you

1044

00:38:44,390 --> 00:38:41,609

know so there's these kinds of ideas the

1045

00:38:46,010 --> 00:38:44,400

problem becomes is that people have been

1046

00:38:48,079 --> 00:38:46,020

trained to accept what the guys and the

1047

00:38:50,150 --> 00:38:48,089

white lab coats are pushing when you say

1048

00:38:51,799 --> 00:38:50,160

no I'm not doing that anymore and you

1049

00:38:54,020 --> 00:38:51,809

logically go at some of the things that

1050

00:38:55,970 --> 00:38:54,030

I've pointed out here you understand

1051
00:38:57,319 --> 00:38:55,980
pretty quickly there's no subtle the

1052
00:38:59,450 --> 00:38:57,329
satellites don't exist as they're

1053
00:39:01,390 --> 00:38:59,460
described they just don't and if I'm

1054
00:39:03,559 --> 00:39:01,400
lying well then I invite any

1055
00:39:06,230 --> 00:39:03,569
International Space Station supposed

1056
00:39:08,359 --> 00:39:06,240
astronaut to poke a camera out the

1057
00:39:10,160 --> 00:39:08,369
window and show me well show me a

1058
00:39:11,780 --> 00:39:10,170
thousand of them how's that that's a

1059
00:39:13,130 --> 00:39:11,790
small percentage of what we're told is

1060
00:39:15,559 --> 00:39:13,140
there so point your camera out the

1061
00:39:17,420 --> 00:39:15,569
window for 10 minutes how about that

1062
00:39:20,839 --> 00:39:17,430
you'll never see that footage because

1063
00:39:22,190 --> 00:39:20,849

that footage can't exist man cheers to

1064

00:39:24,170 --> 00:39:22,200

that and I just looked it up because I

1065

00:39:27,079 --> 00:39:24,180

wanted to be sure but they say that

1066

00:39:31,640 --> 00:39:27,089

satellites for the most part are 200

1067

00:39:33,980 --> 00:39:31,650

miles up and the ISS is 254 miles up so

1068

00:39:36,319 --> 00:39:33,990

again in all these pictures of the earth

1069

00:39:38,180 --> 00:39:36,329

50 miles from the lens why aren't there

1070

00:39:39,410 --> 00:39:38,190

just all these boxes of tin foil

1071

00:39:40,640 --> 00:39:39,420

floating around because that's what

1072

00:39:42,770 --> 00:39:40,650

they're supposed to look like and that's

1073

00:39:44,990 --> 00:39:42,780

where they're supposed to be right well

1074

00:39:47,120 --> 00:39:45,000

I mean think about this the average

1075

00:39:49,220 --> 00:39:47,130

person listening to this has seen what

1076

00:39:50,539 --> 00:39:49,230

they're told is satellites at night you

1077

00:39:51,920 --> 00:39:50,549

know like if you're in the desert you

1078

00:39:54,079 --> 00:39:51,930

see these lights going perfectly

1079

00:39:56,930 --> 00:39:54,089

straight across the sky mm-hmm let me

1080

00:39:58,640 --> 00:39:56,940

ask you this what's lighting that

1081

00:40:00,470 --> 00:39:58,650

satellite we are being told it's

1082

00:40:02,569 --> 00:40:00,480

reflecting sunlight that's why you're

1083

00:40:04,220 --> 00:40:02,579

seeing a glimmer of light every person

1084

00:40:06,230 --> 00:40:04,230

in this world is seen an airplane fly

1085

00:40:08,680 --> 00:40:06,240

over that's not how the Sun lights an

1086

00:40:11,089 --> 00:40:08,690

object there will be brightening

1087

00:40:13,549 --> 00:40:11,099

glinting that kind of thing you won't

1088

00:40:15,950 --> 00:40:13,559

see a stabili constantly lit thing

1089

00:40:17,390 --> 00:40:15,960

horizon horizon and that's often what we

1090

00:40:19,430 --> 00:40:17,400

see with satellites occasionally you'll

1091

00:40:22,280 --> 00:40:19,440

see them to simply blink out from a

1092

00:40:25,160 --> 00:40:22,290

constant light source to a blink out but

1093

00:40:28,010 --> 00:40:25,170

yeah man think think about the movie

1094

00:40:29,450 --> 00:40:28,020

gravity you know if you had a person who

1095

00:40:31,430 --> 00:40:29,460

didn't know anything about the culture

1096

00:40:33,920 --> 00:40:31,440

of this world and you showed them that

1097

00:40:35,720 --> 00:40:33,930

movie and informed them and in fact that

1098

00:40:36,890 --> 00:40:35,730

was shot in outer space they wouldn't be

1099

00:40:38,839 --> 00:40:36,900

able to tell you any different would

1100

00:40:40,910 --> 00:40:38,849

they that's kind of where we're headed

1101
00:40:43,130 --> 00:40:40,920
so you know all this back work we've

1102
00:40:45,109 --> 00:40:43,140
done through the Apollo missions to show

1103
00:40:46,579 --> 00:40:45,119
the nonsensical nature of what we've

1104
00:40:48,859 --> 00:40:46,589
been handed it's going to get more

1105
00:40:50,690 --> 00:40:48,869
difficult to do that if in fact they

1106
00:40:52,970 --> 00:40:50,700
start putting some Hollywood might

1107
00:40:55,430 --> 00:40:52,980
behind it because I would defy anyone to

1108
00:40:58,130 --> 00:40:55,440
look at the movie gravity and you know I

1109
00:40:58,789 --> 00:40:58,140
mean it looks real everything about it

1110
00:41:01,250 --> 00:40:58,799
looks real

1111
00:41:03,440 --> 00:41:01,260
it's incredible when you think about

1112
00:41:04,819 --> 00:41:03,450
what what they've done in that movie

1113
00:41:06,010 --> 00:41:04,829

they've made up a place that doesn't

1114

00:41:07,540 --> 00:41:06,020

exist you know

1115

00:41:10,210 --> 00:41:07,550

like when we do we did an episode not

1116

00:41:12,910 --> 00:41:10,220

too long ago to show that zero the idea

1117

00:41:15,370 --> 00:41:12,920

of zero is an aberration it has no

1118

00:41:17,470 --> 00:41:15,380

natural existence in reality and we

1119

00:41:19,570 --> 00:41:17,480

acquainted it with space you see because

1120

00:41:21,400 --> 00:41:19,580

you've been you've been convinced that

1121

00:41:23,350 --> 00:41:21,410

space is a place that doesn't exist yet

1122

00:41:25,450 --> 00:41:23,360

it's right over your head you can see

1123

00:41:29,110 --> 00:41:25,460

the mind game that goes on here the

1124

00:41:32,050 --> 00:41:29,120

lowering of a complete human mind set

1125

00:41:34,360 --> 00:41:32,060

across an entire world and space plays

1126

00:41:36,400 --> 00:41:34,370

into that in my view you know make up

1127

00:41:38,260 --> 00:41:36,410

your mind is space a vacuum or they're

1128

00:41:40,060 --> 00:41:38,270

particles there where does space even

1129

00:41:42,310 --> 00:41:40,070

start go ahead try to look up where

1130

00:41:43,990 --> 00:41:42,320

space starts you might read sixty miles

1131

00:41:45,730 --> 00:41:44,000

you might read wherever the hell the

1132

00:41:48,130 --> 00:41:45,740

Karman line is you might read something

1133

00:41:49,990 --> 00:41:48,140

close to a hundred miles but then on top

1134

00:41:52,240 --> 00:41:50,000

of that you'll be told the ionosphere

1135

00:41:54,670 --> 00:41:52,250

fluctuates from thirty to forty miles

1136

00:41:56,890 --> 00:41:54,680

over your head all the way out to 1,200

1137

00:41:59,530 --> 00:41:56,900

miles well an ionosphere is charged

1138

00:42:02,140 --> 00:41:59,540

particles if space is a vacuum and it

1139

00:42:03,580 --> 00:42:02,150

starts at maybe 60 to 100 miles or

1140

00:42:05,650 --> 00:42:03,590

wherever they want to make up that line

1141

00:42:07,870 --> 00:42:05,660

at how the hell can we have charged

1142

00:42:09,790 --> 00:42:07,880

particles all the way out to 1,200 when

1143

00:42:11,370 --> 00:42:09,800

we logically go at these things we find

1144

00:42:13,540 --> 00:42:11,380

problem after problem after problem

1145

00:42:15,330 --> 00:42:13,550

using deductive reasoning we can

1146

00:42:18,550 --> 00:42:15,340

understand that we've been lied to I

1147

00:42:20,890 --> 00:42:18,560

love it man and I've also heard you talk

1148

00:42:23,530 --> 00:42:20,900

about the fact that most of the ideas

1149

00:42:26,020 --> 00:42:23,540

that we think we got from science

1150

00:42:29,410 --> 00:42:26,030

actually come from Star Trek and Star

1151

00:42:32,410 --> 00:42:29,420

Wars in 2001 a Space Odyssey especially

1152

00:42:35,190 --> 00:42:32,420

our ideas of space and the idea of

1153

00:42:38,110 --> 00:42:35,200

satellites came from HG Wells first so

1154

00:42:39,790 --> 00:42:38,120

it's just interesting to see that we

1155

00:42:41,470 --> 00:42:39,800

have all these ideas of what should and

1156

00:42:43,720 --> 00:42:41,480

shouldn't happen in space and they just

1157

00:42:45,670 --> 00:42:43,730

come from Hollywood they absolutely do

1158

00:42:46,900 --> 00:42:45,680

and you know it's I hate to even say it

1159

00:42:49,180 --> 00:42:46,910

here because we've said it so many times

1160

00:42:51,040 --> 00:42:49,190

but you've been told over and over the

1161

00:42:52,300 --> 00:42:51,050

Red Hot Chili Peppers told you not too

1162

00:42:54,040 --> 00:42:52,310

long ago a space may be the final

1163

00:42:55,750 --> 00:42:54,050

frontier but it was made in the

1164

00:42:56,440 --> 00:42:55,760

Hollywood basement sure words were never

1165

00:42:59,260 --> 00:42:56,450

spoken

1166

00:43:01,180 --> 00:42:59,270

it's just that people don't have the

1167

00:43:04,000 --> 00:43:01,190

context they need when they go through

1168

00:43:07,300 --> 00:43:04,010

school when they hear songs they need a

1169

00:43:08,770 --> 00:43:07,310

better contextual way to think about

1170

00:43:10,060 --> 00:43:08,780

what they're being presented with the

1171

00:43:12,190 --> 00:43:10,070

average person thinks well that's a

1172

00:43:13,900 --> 00:43:12,200

clever song someone wrote no they're in

1173

00:43:16,720 --> 00:43:13,910

fact telling you a pretty important

1174

00:43:18,579 --> 00:43:16,730

truth think about when is the first time

1175

00:43:20,890 --> 00:43:18,589

in modern society when we all

1176
00:43:22,509 --> 00:43:20,900
to get the image of what space looked

1177
00:43:24,339 --> 00:43:22,519
like what a spaceship would look at

1178
00:43:26,529 --> 00:43:24,349
space what would it look like if we were

1179
00:43:28,359 --> 00:43:26,539
orbiting a planet what's it look like if

1180
00:43:31,329 --> 00:43:28,369
someone goes near light speed

1181
00:43:34,329 --> 00:43:31,339
well that was 1966 wasn't it it was Star

1182
00:43:36,279 --> 00:43:34,339
Trek it was followed up in 77 with star

1183
00:43:38,620 --> 00:43:36,289
wars there have been any number of

1184
00:43:41,200 --> 00:43:38,630
things in between there to help solidify

1185
00:43:44,259 --> 00:43:41,210
this kind of dream state that's been

1186
00:43:47,229 --> 00:43:44,269
woven that convinces us all it gives us

1187
00:43:50,019 --> 00:43:47,239
almost like a primordial archetype in

1188
00:43:52,209 --> 00:43:50,029

our minds of what we expect space to be

1189

00:43:54,069 --> 00:43:52,219

what we expect to plan it to be all

1190

00:43:56,289 --> 00:43:54,079

these things but you see there's no

1191

00:43:58,660 --> 00:43:56,299

basis in reality in the same way I just

1192

00:44:00,759 --> 00:43:58,670

told you we don't have any real images

1193

00:44:02,109 --> 00:44:00,769

of a satellite you've seen pictures of

1194

00:44:04,900 --> 00:44:02,119

satellite did you watch the movie

1195

00:44:06,849 --> 00:44:04,910

gravity you see you know that really

1196

00:44:08,950 --> 00:44:06,859

tells the tale doesn't it mm-hmm

1197

00:44:11,499 --> 00:44:08,960

it does and you mentioned you're on the

1198

00:44:12,999 --> 00:44:11,509

East Coast now you might not have been

1199

00:44:14,529 --> 00:44:13,009

filming as many things in the sky but

1200

00:44:16,299 --> 00:44:14,539

have you gotten to see any rocket

1201
00:44:16,719 --> 00:44:16,309
launches in person a lot of them happen

1202
00:44:19,479 --> 00:44:16,729
out there

1203
00:44:21,430 --> 00:44:19,489
no not yet I've got people that I've got

1204
00:44:23,259 --> 00:44:21,440
to take care of right now here but I've

1205
00:44:25,120 --> 00:44:23,269
talked to people who have watched it and

1206
00:44:26,950 --> 00:44:25,130
I got you know people had sent me

1207
00:44:29,170 --> 00:44:26,960
footage and their firsthand testimony

1208
00:44:30,789 --> 00:44:29,180
answer that those Rockets are not going

1209
00:44:33,279 --> 00:44:30,799
up I've always maintained the Rockets

1210
00:44:36,039 --> 00:44:33,289
are going into the ocean as a matter of

1211
00:44:38,440 --> 00:44:36,049
fact I got frantically called a few

1212
00:44:41,979 --> 00:44:38,450
nights ago from my nephews who witnessed

1213
00:44:43,660 --> 00:44:41,989

the fake X launch and they were you know

1214

00:44:44,950 --> 00:44:43,670

calling their uncle to find out what the

1215

00:44:47,109 --> 00:44:44,960

hell were they wrote seen in the sky

1216

00:44:50,469 --> 00:44:47,119

everyone was stunned but that tells the

1217

00:44:52,089 --> 00:44:50,479

tale too if you're SpaceX and you're

1218

00:44:53,739 --> 00:44:52,099

gonna do this amazing thing you're gonna

1219

00:44:55,569 --> 00:44:53,749

send a rocket into outer space

1220

00:44:57,640 --> 00:44:55,579

wouldn't that be on the evening news for

1221

00:44:59,319 --> 00:44:57,650

the whole week until it happened so

1222

00:45:00,819 --> 00:44:59,329

everyone could go out and see the

1223

00:45:03,039 --> 00:45:00,829

amazing things you're doing this is not

1224

00:45:04,719 --> 00:45:03,049

what happens what actually happens is

1225

00:45:07,029 --> 00:45:04,729

people see this crazy-ass thing in the

1226

00:45:09,069 --> 00:45:07,039

sky some of you might get some crappy

1227

00:45:10,660 --> 00:45:09,079

cell phone footage and then they all

1228

00:45:13,120 --> 00:45:10,670

call the police and say hey man

1229

00:45:15,880 --> 00:45:13,130

something's in the sky you see this is

1230

00:45:18,130 --> 00:45:15,890

not a normal world a normal world where

1231

00:45:20,529 --> 00:45:18,140

people are doing amazing things like

1232

00:45:22,839 --> 00:45:20,539

taking a terrestrial based rocket and

1233

00:45:25,930 --> 00:45:22,849

sending it off this world into outer

1234

00:45:28,239 --> 00:45:25,940

space would be announced it would be

1235

00:45:30,400 --> 00:45:28,249

bragged about look what we can do look

1236

00:45:32,349 --> 00:45:30,410

at this amazing thing it would follow

1237

00:45:33,970 --> 00:45:32,359

one of the laws I made up out of

1238

00:45:36,789 --> 00:45:33,980

than air which i think holds water

1239

00:45:39,039 --> 00:45:36,799

anything that is amazing and the modern

1240

00:45:41,589 --> 00:45:39,049

age will be filmed in high-definition

1241

00:45:43,479 --> 00:45:41,599

if it can be filmed and you see all

1242

00:45:44,950 --> 00:45:43,489

these rules get broken when we start to

1243

00:45:47,650 --> 00:45:44,960

logically break down what we're being

1244

00:45:50,079 --> 00:45:47,660

presented with I don't disagree man and

1245

00:45:52,630 --> 00:45:50,089

last time we talked about a year ago

1246

00:45:54,759 --> 00:45:52,640

last January when it came to the earthly

1247

00:45:56,650 --> 00:45:54,769

terrarium you said it was too early to

1248

00:45:58,660 --> 00:45:56,660

start devising a new map of the

1249

00:46:01,630 --> 00:45:58,670

constructs we can see the lies but we

1250

00:46:03,549 --> 00:46:01,640

can't necessarily make a better map of

1251
00:46:04,979 --> 00:46:03,559
what it actually is what about now do we

1252
00:46:07,749 --> 00:46:04,989
know anything more

1253
00:46:09,759 --> 00:46:07,759
no and in some ways it's gotten worse

1254
00:46:11,650 --> 00:46:09,769
because you know it's that for the same

1255
00:46:13,660 --> 00:46:11,660
reason I don't belong to any groups

1256
00:46:17,229 --> 00:46:13,670
because groups get infiltrated and

1257
00:46:18,970 --> 00:46:17,239
people who want to you know stymie the

1258
00:46:20,529 --> 00:46:18,980
efforts of a legitimate group trying to

1259
00:46:22,269 --> 00:46:20,539
learn something it only takes one or two

1260
00:46:24,339 --> 00:46:22,279
people to go into that group and ruin it

1261
00:46:25,979 --> 00:46:24,349
and we see this going on in the Flat

1262
00:46:28,690 --> 00:46:25,989
Earth community which was probably

1263
00:46:30,309 --> 00:46:28,700

honestly the first version of that a

1264

00:46:31,690 --> 00:46:30,319

couple hundred years ago put together

1265

00:46:33,819 --> 00:46:31,700

for the very same reason it's quit

1266

00:46:35,650 --> 00:46:33,829

together now so that people can be

1267

00:46:37,599 --> 00:46:35,660

mislead and confused and all these other

1268

00:46:39,940 --> 00:46:37,609

things the problem is the average person

1269

00:46:42,460 --> 00:46:39,950

doesn't have a good way to get high

1270

00:46:44,319 --> 00:46:42,470

enough with good filming equipment to

1271

00:46:46,539 --> 00:46:44,329

bring home some evidence that starts to

1272

00:46:49,180 --> 00:46:46,549

show the things that are problematic

1273

00:46:50,620 --> 00:46:49,190

with what we've been told but again you

1274

00:46:52,749 --> 00:46:50,630

know when I state this over and over I

1275

00:46:55,989 --> 00:46:52,759

suspect the real truth of how we got

1276

00:46:57,849 --> 00:46:55,999

here is going to be so it for lack of a

1277

00:47:00,339 --> 00:46:57,859

better better way to describe it

1278

00:47:02,259 --> 00:47:00,349

earth-shattering that there's more than

1279

00:47:05,079 --> 00:47:02,269

one reason it's been covered up because

1280

00:47:08,079 --> 00:47:05,089

if I'm correct there's no natural

1281

00:47:10,539 --> 00:47:08,089

explanation you know if you have this

1282

00:47:13,359 --> 00:47:10,549

ball spinning around in space like nASA

1283

00:47:15,460 --> 00:47:13,369

has handed us you know it's spinning

1284

00:47:17,229 --> 00:47:15,470

faster than the speed of sound it's

1285

00:47:19,690 --> 00:47:17,239

orbiting many times the speed of a

1286

00:47:21,700 --> 00:47:19,700

bullet around the Sun the Sun is in fact

1287

00:47:23,950 --> 00:47:21,710

orbiting many many many times the speed

1288

00:47:25,630 --> 00:47:23,960

of a bullet around a galaxy the galaxy

1289

00:47:27,670 --> 00:47:25,640

is orbiting many many many many many

1290

00:47:31,029 --> 00:47:27,680

many many times this beautiful bullet in

1291

00:47:34,599 --> 00:47:31,039

ever expanding space you know if you go

1292

00:47:36,940 --> 00:47:34,609

down what that model is you can

1293

00:47:38,650 --> 00:47:36,950

naturally make up stories for it like

1294

00:47:40,239 --> 00:47:38,660

gravity pulled all the stuff together

1295

00:47:41,410 --> 00:47:40,249

and made this ball which eventually

1296

00:47:44,410 --> 00:47:41,420

became a moon

1297

00:47:47,500 --> 00:47:44,420

a world or whatever what I suspect is

1298

00:47:49,510 --> 00:47:47,510

true which I'm not really willing to

1299

00:47:50,890 --> 00:47:49,520

outline without you know a hell of a lot

1300

00:47:54,099 --> 00:47:50,900

more evidence than I have that's

1301

00:47:57,520 --> 00:47:54,109

concrete is is that there's not going to

1302

00:47:59,380 --> 00:47:57,530

be an easy natural explanation for how

1303

00:48:01,720 --> 00:47:59,390

all this came to be and then of course

1304

00:48:03,940 --> 00:48:01,730

it'll probably throw us all back into

1305

00:48:05,829 --> 00:48:03,950

the matrix argument for some period of

1306

00:48:08,200 --> 00:48:05,839

time I don't know what happens at that

1307

00:48:10,660 --> 00:48:08,210

point or if we even get there but to cut

1308

00:48:12,880 --> 00:48:10,670

to the chase Gregg someone's got to go

1309

00:48:15,039 --> 00:48:12,890

awful damn high with a really good

1310

00:48:18,069 --> 00:48:15,049

camera that doesn't have a fisheye on a

1311

00:48:20,069 --> 00:48:18,079

nice clear day and bring home some

1312

00:48:22,270 --> 00:48:20,079

evidence that's what it's going to take

1313

00:48:24,309 --> 00:48:22,280

man I got to get you and Eddie Bravo

1314

00:48:27,010 --> 00:48:24,319

together you guys would just fuel each

1315

00:48:29,470 --> 00:48:27,020

other for hours but that is a the

1316

00:48:31,510 --> 00:48:29,480

curious question is how it came to be we

1317

00:48:33,670 --> 00:48:31,520

don't know what it is or how it came to

1318

00:48:35,950 --> 00:48:33,680

be and that is the big mystery because

1319

00:48:38,920 --> 00:48:35,960

when it comes to the history of the

1320

00:48:40,870 --> 00:48:38,930

construct if it were a hunk of rock and

1321

00:48:42,760 --> 00:48:40,880

space at least we have a story that

1322

00:48:44,230 --> 00:48:42,770

supports how it would come into

1323

00:48:46,299 --> 00:48:44,240

existence if our environment is

1324

00:48:49,839 --> 00:48:46,309

something other than that I mean we have

1325

00:48:52,030 --> 00:48:49,849

no idea well it's a bit it's a bit like

1326
00:48:54,490 --> 00:48:52,040
being a baby in diapers right you know a

1327
00:48:56,680 --> 00:48:54,500
baby in diapers that's just learning to

1328
00:48:58,750 --> 00:48:56,690
talk can be convinced of anything by an

1329
00:49:00,940 --> 00:48:58,760
adult anything I'd no matter how

1330
00:49:03,400 --> 00:49:00,950
outlandish you can probably get that

1331
00:49:05,859 --> 00:49:03,410
very young child to believe what you're

1332
00:49:07,420 --> 00:49:05,869
putting forward in the same way if you

1333
00:49:09,400 --> 00:49:07,430
put that child in a room and turn out

1334
00:49:11,530 --> 00:49:09,410
the lights it takes almost no effort to

1335
00:49:14,140 --> 00:49:11,540
scare that child this is what's been

1336
00:49:15,760 --> 00:49:14,150
going on in this world terrorism it's

1337
00:49:17,500 --> 00:49:15,770
going to scare all us children isn't it

1338
00:49:19,240 --> 00:49:17,510

we're going to be scared with this

1339

00:49:21,430 --> 00:49:19,250

shooting or that shooting or this bomb

1340

00:49:24,069 --> 00:49:21,440

or that building blowing up or this

1341

00:49:26,470 --> 00:49:24,079

nitrogen fueled truck full of stuff into

1342

00:49:28,780 --> 00:49:26,480

the Oklahoma City Building or that

1343

00:49:30,940 --> 00:49:28,790

school where a million kids needed to be

1344

00:49:33,039 --> 00:49:30,950

killed for some reason once this week

1345

00:49:35,470 --> 00:49:33,049

because it only happened twice last week

1346

00:49:38,289 --> 00:49:35,480

this is what goes on in our world and in

1347

00:49:41,140 --> 00:49:38,299

fact what it does is it allows the

1348

00:49:43,480 --> 00:49:41,150

alchemical transmutation of human minds

1349

00:49:45,400 --> 00:49:43,490

into a fantasy based reality and that's

1350

00:49:47,170 --> 00:49:45,410

where we exist there's no getting away

1351

00:49:48,579 --> 00:49:47,180

from it and I know a lot of people think

1352

00:49:51,010 --> 00:49:48,589

that's a shocking thing to say but I'm

1353

00:49:52,780 --> 00:49:51,020

sorry it's a true thing the next morning

1354

00:49:54,490 --> 00:49:52,790

that you look up

1355

00:49:57,130 --> 00:49:54,500

wake up in the morning and turn on your

1356

00:50:00,220 --> 00:49:57,140

television and the first day that you

1357

00:50:02,560 --> 00:50:00,230

ever have a clear minded adult view you

1358

00:50:04,450 --> 00:50:02,570

will instantly understand what that

1359

00:50:06,430 --> 00:50:04,460

television is doing what it's always

1360

00:50:07,780 --> 00:50:06,440

been there for then you're going to look

1361

00:50:09,880 --> 00:50:07,790

around and you're going to turn on the

1362

00:50:11,770 --> 00:50:09,890

radio and all of a sudden you're gonna

1363

00:50:13,420 --> 00:50:11,780

understand something about the popular

1364

00:50:16,210 --> 00:50:13,430

music you've loved your whole life that

1365

00:50:18,610 --> 00:50:16,220

has eluded you your whole life this is a

1366

00:50:21,190 --> 00:50:18,620

construct this place we live as a

1367

00:50:23,440 --> 00:50:21,200

construct the people have been brought

1368

00:50:25,630 --> 00:50:23,450

up to believe in basically mother goose

1369

00:50:27,610 --> 00:50:25,640

fairy tales and the way this has been

1370

00:50:29,650 --> 00:50:27,620

accomplished is misusing alchemy to

1371

00:50:32,380 --> 00:50:29,660

transmute minds into lower forms of

1372

00:50:34,750 --> 00:50:32,390

human mentality maybe not far from what

1373

00:50:36,460 --> 00:50:34,760

Sophia small storm where you were

1374

00:50:39,340 --> 00:50:36,470

describing she was talking about this

1375

00:50:42,010 --> 00:50:39,350

kind of dim cycle but the real problem

1376

00:50:44,170 --> 00:50:42,020

here is the way it's done now mostly is

1377

00:50:46,480 --> 00:50:44,180

with fear because everyone is so damn

1378

00:50:47,710 --> 00:50:46,490

afraid of everything and you know if

1379

00:50:51,040 --> 00:50:47,720

there comes a point where we can get

1380

00:50:53,770 --> 00:50:51,050

beyond so easily being scared of

1381

00:50:55,960 --> 00:50:53,780

everything more higher minds will emerge

1382

00:50:57,940 --> 00:50:55,970

and then when more higher Minds emerge

1383

00:50:59,650 --> 00:50:57,950

this construct is not long for this

1384

00:51:02,830 --> 00:50:59,660

world because it does not take many

1385

00:51:04,900 --> 00:51:02,840

people that have woken up and can see

1386

00:51:08,350 --> 00:51:04,910

clearly to begin to chip away at that

1387

00:51:10,450 --> 00:51:08,360

stone to shame a man and another thing

1388

00:51:13,510 --> 00:51:10,460

that I really liked from our last

1389

00:51:15,310 --> 00:51:13,520

conversation is the idea of hidden

1390

00:51:17,740 --> 00:51:15,320

landmasses you had mentioned this

1391

00:51:20,140 --> 00:51:17,750

thousand-year-old Buddhist map there was

1392

00:51:21,790 --> 00:51:20,150

an earth that shows our grouping of

1393

00:51:24,340 --> 00:51:21,800

continents within an ice ring and then

1394

00:51:26,920 --> 00:51:24,350

33 other continents outside of it and

1395

00:51:29,710 --> 00:51:26,930

that is just a mind-blower man this kind

1396

00:51:32,200 --> 00:51:29,720

of thing appeals to me a lot and how

1397

00:51:33,970 --> 00:51:32,210

likely is it to hear that regardless of

1398

00:51:36,520 --> 00:51:33,980

the shape that there could be some

1399

00:51:38,380 --> 00:51:36,530

hidden land out there oh I would be

1400

00:51:39,580 --> 00:51:38,390

willing to bet and while I can't tell

1401
00:51:41,530 --> 00:51:39,590
you if the Buddhist I think there were

1402
00:51:44,200 --> 00:51:41,540
33 land masses so there's your

1403
00:51:46,450 --> 00:51:44,210
thumbprint but I can't tell you the

1404
00:51:48,310 --> 00:51:46,460
authenticity of that I know it exists

1405
00:51:48,730 --> 00:51:48,320
but I don't know the person who had it

1406
00:51:50,380 --> 00:51:48,740
last

1407
00:51:52,090 --> 00:51:50,390
I don't know the Chain of Custody I

1408
00:51:54,220 --> 00:51:52,100
don't know any of these things that I

1409
00:51:56,560 --> 00:51:54,230
would absolutely need to know to put my

1410
00:51:58,960 --> 00:51:56,570
chips on that marker but this is what I

1411
00:52:00,850 --> 00:51:58,970
can tell you if I am correct in stating

1412
00:52:04,180 --> 00:52:00,860
that this world is misdescribed

1413
00:52:05,800 --> 00:52:04,190

almost without wasting another brain

1414

00:52:06,550 --> 00:52:05,810

cycle we can deduce that there's

1415

00:52:08,320 --> 00:52:06,560

probably

1416

00:52:10,390 --> 00:52:08,330

masses we've never heard anything of we

1417

00:52:12,580 --> 00:52:10,400

even have examples of it in the supposed

1418

00:52:14,740 --> 00:52:12,590

Admiral bird down to the South Pole idea

1419

00:52:16,990 --> 00:52:14,750

we're back in the 50s we were being told

1420

00:52:19,360 --> 00:52:17,000

that beyond what they call the South

1421

00:52:22,030 --> 00:52:19,370

Pole is more land than Europe and the

1422

00:52:24,670 --> 00:52:22,040

United States combined with many times

1423

00:52:26,140 --> 00:52:24,680

the amount of resources well really how

1424

00:52:28,000 --> 00:52:26,150

come we've never heard of any of this in

1425

00:52:30,940 --> 00:52:28,010

the modern age where's all the footage

1426
00:52:32,860 --> 00:52:30,950
that we could have in HD and why our 52

1427
00:52:35,080 --> 00:52:32,870
nations guarding the border so no one

1428
00:52:36,340 --> 00:52:35,090
can go in there and while I'm at it why

1429
00:52:39,310 --> 00:52:36,350
the hell is everything named after a

1430
00:52:41,980 --> 00:52:39,320
royal person hmm but to set all that

1431
00:52:44,140 --> 00:52:41,990
aside so many people look up and they

1432
00:52:46,030 --> 00:52:44,150
see the cam trailing or they see the

1433
00:52:49,180 --> 00:52:46,040
fluoridation of water there's just the

1434
00:52:50,200 --> 00:52:49,190
wholesale destroying what we perceive as

1435
00:52:53,200 --> 00:52:50,210
natural systems

1436
00:52:55,060 --> 00:52:53,210
you know we perceive nature as a perfect

1437
00:52:56,650 --> 00:52:55,070
system from our point of view whether

1438
00:52:58,510 --> 00:52:56,660

it's natural in the way we think it is

1439

00:53:00,970 --> 00:52:58,520

or not that's true it does appear to be

1440

00:53:03,250 --> 00:53:00,980

perfect in the way and from our point of

1441

00:53:05,020 --> 00:53:03,260

view so when we see people cam trailing

1442

00:53:07,900 --> 00:53:05,030

and pouring things like fluoride into

1443

00:53:09,370 --> 00:53:07,910

water sources it's a bit befuddling and

1444

00:53:10,930 --> 00:53:09,380

the argument you always hear from people

1445

00:53:13,120 --> 00:53:10,940

is well how can this be going on because

1446

00:53:15,760 --> 00:53:13,130

why would the elite be poisoning their

1447

00:53:18,370 --> 00:53:15,770

own air why would the elite be poisoning

1448

00:53:20,020 --> 00:53:18,380

you know their own water supply or their

1449

00:53:21,310 --> 00:53:20,030

food supply look what's happened to our

1450

00:53:22,750 --> 00:53:21,320

food supply in this country I would

1451

00:53:24,700 --> 00:53:22,760

point out two things first of all

1452

00:53:27,100 --> 00:53:24,710

everyone's not the same blood type or

1453

00:53:29,080 --> 00:53:27,110

the same gene pool and in the same way

1454

00:53:31,330 --> 00:53:29,090

that certain people could drink alcohol

1455

00:53:32,500 --> 00:53:31,340

without too much adverse effects there

1456

00:53:34,240 --> 00:53:32,510

are other people that if they drink

1457

00:53:35,740 --> 00:53:34,250

alcohol it's not going to be pretty

1458

00:53:39,100 --> 00:53:35,750

because their body doesn't appreciate

1459

00:53:41,980 --> 00:53:39,110

alcohol for genetic reasons for blood

1460

00:53:44,530 --> 00:53:41,990

type reasons but if we expand this out

1461

00:53:45,880 --> 00:53:44,540

to counter the argument why would they

1462

00:53:47,710 --> 00:53:45,890

do this in a world they live in

1463

00:53:50,290 --> 00:53:47,720

what if there's land masses you've never

1464

00:53:52,060 --> 00:53:50,300

heard anything out of I can prove to you

1465

00:53:54,340 --> 00:53:52,070

right now there's at least one and

1466

00:53:57,100 --> 00:53:54,350

that's called Antarctica you've been

1467

00:53:58,930 --> 00:53:57,110

told that there is more land beyond the

1468

00:54:00,580 --> 00:53:58,940

South Pole than the United States and

1469

00:54:02,680 --> 00:54:00,590

Europe combined have you ever heard

1470

00:54:04,780 --> 00:54:02,690

about it well there's your first example

1471

00:54:06,040 --> 00:54:04,790

there's apparently a hell of a lot of

1472

00:54:08,050 --> 00:54:06,050

land that you've never seen a single

1473

00:54:09,760 --> 00:54:08,060

picture of in your lifetime and by the

1474

00:54:12,750 --> 00:54:09,770

way more resources than anyone's ever

1475

00:54:16,060 --> 00:54:12,760

seen was what we were told in the 50s so

1476

00:54:18,430 --> 00:54:16,070

there's there's that right and I get

1477

00:54:19,510 --> 00:54:18,440

that it's at the South Pole supposedly

1478

00:54:21,910 --> 00:54:19,520

but it is interesting

1479

00:54:24,990 --> 00:54:21,920

that there's a landmass that large no

1480

00:54:27,370 --> 00:54:25,000

one disputes that that has zero

1481

00:54:30,340 --> 00:54:27,380

fluctuation in its composition and has

1482

00:54:32,740 --> 00:54:30,350

zero diversity it's a landmass bigger

1483

00:54:35,020 --> 00:54:32,750

than the United States that is just ice

1484

00:54:37,180 --> 00:54:35,030

I mean that's a little weird there's no

1485

00:54:39,250 --> 00:54:37,190

other example of that really on the

1486

00:54:42,100 --> 00:54:39,260

planet everyone everywhere has a little

1487

00:54:44,770 --> 00:54:42,110

bit of diversity it seems well the

1488

00:54:46,660 --> 00:54:44,780

Admiral Byrd footage shows that it's not

1489

00:54:49,060 --> 00:54:46,670

frozen a lot of it's not frozen

1490

00:54:51,090 --> 00:54:49,070

according to the Walt Disney movie we

1491

00:54:53,500 --> 00:54:51,100

were shown from their 50s expedition

1492

00:54:56,920 --> 00:54:53,510

that's what they're claiming but I mean

1493

00:54:59,710 --> 00:54:56,930

come on man 52 Nations guarding I'm

1494

00:55:01,750 --> 00:54:59,720

pulling that number it's roughly 52 kind

1495

00:55:03,430 --> 00:55:01,760

of treaty nations I don't know how then

1496

00:55:06,190 --> 00:55:03,440

I'll recall how many there actually are

1497

00:55:07,840 --> 00:55:06,200

guarding the border and who do you see

1498

00:55:10,420 --> 00:55:07,850

go down there well Prince William will

1499

00:55:12,160 --> 00:55:10,430

show up at that silver ball Anthony

1500

00:55:14,200 --> 00:55:12,170

Bourdain will take a film crew down

1501
00:55:16,990 --> 00:55:14,210
there but guess what I'm guessing your

1502
00:55:19,900 --> 00:55:17,000
next day next to her neighbor Joe hasn't

1503
00:55:22,600 --> 00:55:19,910
been there we all know that Antarctica

1504
00:55:24,520 --> 00:55:22,610
is key to understanding something more

1505
00:55:26,380 --> 00:55:24,530
crucial about this place we live we all

1506
00:55:28,480 --> 00:55:26,390
know it the people who have studied it

1507
00:55:30,370 --> 00:55:28,490
we all have different ideas people will

1508
00:55:34,030 --> 00:55:30,380
talk about an ice wall people will talk

1509
00:55:35,620 --> 00:55:34,040
about you know an infinite plane where

1510
00:55:37,420 --> 00:55:35,630
you know if you kept walking from

1511
00:55:39,070 --> 00:55:37,430
Antarctica you would go on forever

1512
00:55:41,140 --> 00:55:39,080
there's just more land more land more

1513
00:55:42,850 --> 00:55:41,150

land I don't have a problem with any of

1514

00:55:44,590 --> 00:55:42,860

those arguments you know why because

1515

00:55:46,720 --> 00:55:44,600

they're challenging the lie we know has

1516

00:55:49,690 --> 00:55:46,730

been told that's my point of view anyhow

1517

00:55:51,100 --> 00:55:49,700

but again Admiral Byrd footage claims

1518

00:55:53,290 --> 00:55:51,110

that quite a bit of what they were

1519

00:55:55,270 --> 00:55:53,300

willing to supposedly show us was not

1520

00:55:57,010 --> 00:55:55,280

frozen at all and actually actually a

1521

00:55:59,800 --> 00:55:57,020

lot of it had lakes and things that

1522

00:56:02,650 --> 00:55:59,810

weren't frozen yeah man I keep an eye on

1523

00:56:04,330 --> 00:56:02,660

drone technology because once we get to

1524

00:56:07,480 --> 00:56:04,340

the point where I feel like we got a

1525

00:56:09,310 --> 00:56:07,490

decent range I feel like you got to send

1526
00:56:11,830 --> 00:56:09,320
something up there because whether the

1527
00:56:13,750 --> 00:56:11,840
earth is round or flat whatever I'm the

1528
00:56:16,510 --> 00:56:13,760
Hollow Earth guy at least that's what I

1529
00:56:19,000 --> 00:56:16,520
want it to be and no matter what your

1530
00:56:20,740 --> 00:56:19,010
paradigm that's how you find the answer

1531
00:56:22,360 --> 00:56:20,750
so these people who are spending a

1532
00:56:24,490 --> 00:56:22,370
couple thousand dollars to launch a

1533
00:56:26,560 --> 00:56:24,500
balloon here there it's like get near

1534
00:56:29,020 --> 00:56:26,570
Antarctica or get near the North Pole

1535
00:56:31,380 --> 00:56:29,030
get in those areas at least close to

1536
00:56:33,339 --> 00:56:31,390
them so when you have a camera going up

1537
00:56:37,180 --> 00:56:33,349
150 miles you

1538
00:56:39,700 --> 00:56:37,190

can actually see out yeah you know that

1539

00:56:41,019 --> 00:56:39,710

the technology is already there that's

1540

00:56:43,420 --> 00:56:41,029

another thing that's kind of stunning

1541

00:56:46,239 --> 00:56:43,430

and this is part of what we see the

1542

00:56:48,190 --> 00:56:46,249

censorship online it you know AI control

1543

00:56:50,349 --> 00:56:48,200

so much of what goes on or online people

1544

00:56:53,289 --> 00:56:50,359

have no idea how much of it is run by AI

1545

00:56:55,359 --> 00:56:53,299

and has been even though Aiea eye has

1546

00:56:58,900 --> 00:56:55,369

only recently made it into the news it's

1547

00:57:02,229 --> 00:56:58,910

been going on for probably decades my

1548

00:57:03,789 --> 00:57:02,239

point is this some guy somewhere uses

1549

00:57:06,249 --> 00:57:03,799

the great technology we have at our

1550

00:57:08,620 --> 00:57:06,259

disposal to do a live feed recording of

1551

00:57:09,999 --> 00:57:08,630

a camera he sends up he may not even be

1552

00:57:11,529 --> 00:57:10,009

able to recover the balloon when it

1553

00:57:13,779 --> 00:57:11,539

comes down but it doesn't matter because

1554

00:57:15,400 --> 00:57:13,789

he recorded it off the live feed so he

1555

00:57:16,930 --> 00:57:15,410

doesn't have to worry about GPS and him

1556

00:57:18,700 --> 00:57:16,940

finding the source thing that he sent up

1557

00:57:21,999 --> 00:57:18,710

in the air and then he posts it online

1558

00:57:23,410 --> 00:57:22,009

you know how easy it is for AI to make

1559

00:57:25,059 --> 00:57:23,420

it look like he's had a hundred and

1560

00:57:26,650 --> 00:57:25,069

fifty thousand views there's comments

1561

00:57:29,049 --> 00:57:26,660

under that video but like three people

1562

00:57:30,880 --> 00:57:29,059

saw it you see this is the ultimate

1563

00:57:32,079 --> 00:57:30,890

control of information systems that we

1564

00:57:35,200 --> 00:57:32,089

kind of started out in the beginning

1565

00:57:37,890 --> 00:57:35,210

this is the problem with censorship what

1566

00:57:40,089 --> 00:57:37,900

if someone already has shot this

1567

00:57:43,059 --> 00:57:40,099

incredible evidence that you and I are

1568

00:57:44,559 --> 00:57:43,069

talking about here and he thinks 200,000

1569

00:57:46,839 --> 00:57:44,569

people in the world have seen it when in

1570

00:57:49,630 --> 00:57:46,849

fact three have his Aunt Martha and his

1571

00:57:53,170 --> 00:57:49,640

brother Billy you see this is what a I

1572

00:57:54,910 --> 00:57:53,180

can do AI can do things that that a

1573

00:57:56,859 --> 00:57:54,920

human being would never be able to

1574

00:57:58,509 --> 00:57:56,869

unravel as a matter of fact AI connects

1575

00:58:00,579 --> 00:57:58,519

and blockchains as you mentioned it

1576

00:58:02,829 --> 00:58:00,589

seeks to hook up with all other AI and

1577

00:58:05,170 --> 00:58:02,839

networks on the planet it's even stated

1578

00:58:07,299 --> 00:58:05,180

in modern astronomy in my last astronomy

1579

00:58:09,609 --> 00:58:07,309

magazine the rise of AI and astronomy

1580

00:58:12,489 --> 00:58:09,619

where they're talking about the damn pay

1581

00:58:15,160 --> 00:58:12,499

I writing mathematical equations that

1582

00:58:16,599 --> 00:58:15,170

people couldn't possibly understand even

1583

00:58:18,849 --> 00:58:16,609

if you had a million of the smartest

1584

00:58:21,039 --> 00:58:18,859

guys in the same room see that's where

1585

00:58:23,440 --> 00:58:21,049

this is going so we have other problems

1586

00:58:25,089 --> 00:58:23,450

you know to be sure we we have to do

1587

00:58:27,579 --> 00:58:25,099

things like stand up against censorship

1588

00:58:29,380 --> 00:58:27,589

because the free flow of information is

1589

00:58:32,170 --> 00:58:29,390

the only thing that's going to allow

1590

00:58:33,789 --> 00:58:32,180

what I know to be propagated out to what

1591

00:58:35,499 --> 00:58:33,799

you might want to know or someone

1592

00:58:38,769 --> 00:58:35,509

listening to you might want to know and

1593

00:58:40,870 --> 00:58:38,779

when we use things like Google and you

1594

00:58:43,660 --> 00:58:40,880

know online sources where AI is

1595

00:58:46,390 --> 00:58:43,670

basically running the show probably at

1596

00:58:47,030 --> 00:58:46,400

this point you might post a video that's

1597

00:58:49,130 --> 00:58:47,040

the most amazing

1598

00:58:51,410 --> 00:58:49,140

thing ever known to man and you might

1599

00:58:54,470 --> 00:58:51,420

get a thousand comments the first day

1600

00:58:56,210 --> 00:58:54,480

when in fact a I wrote it all how would

1601
00:58:59,030 --> 00:58:56,220
you ever know how would you ever know

1602
00:59:00,590 --> 00:58:59,040
right great point that is a Thane on

1603
00:59:02,930 --> 00:59:00,600
reddit that happens they call it a

1604
00:59:04,250 --> 00:59:02,940
shadow ban they ban you and you don't

1605
00:59:05,960 --> 00:59:04,260
know you've been banned so you're

1606
00:59:08,390 --> 00:59:05,970
leaving comments and you think people

1607
00:59:10,520 --> 00:59:08,400
see them and that's how they get you and

1608
00:59:12,020 --> 00:59:10,530
ya extrapolate that out you think it

1609
00:59:13,730 --> 00:59:12,030
hasn't happened other places you think

1610
00:59:16,370 --> 00:59:13,740
it can't be more sophisticated of course

1611
00:59:18,680 --> 00:59:16,380
it can oh god you think it's you you

1612
00:59:20,570 --> 00:59:18,690
think where the sophistication will

1613
00:59:22,250 --> 00:59:20,580

certain them the most sophistication

1614

00:59:24,410 --> 00:59:22,260

will come to bear is when the most

1615

00:59:26,840 --> 00:59:24,420

important information is being outed you

1616

00:59:28,910 --> 00:59:26,850

can bet your bottom dollar on it someone

1617

00:59:30,710 --> 00:59:28,920

wants to come challenge this freaking

1618

00:59:32,840 --> 00:59:30,720

matrix like dream we're living in and

1619

00:59:34,730 --> 00:59:32,850

they've got solid information getting it

1620

00:59:36,800 --> 00:59:34,740

out to the people will probably be much

1621

00:59:38,810 --> 00:59:36,810

much more difficult than the actual

1622

00:59:40,760 --> 00:59:38,820

obtaining of the information that is so

1623

00:59:43,880 --> 00:59:40,770

all-important in the first place that's

1624

00:59:45,620 --> 00:59:43,890

what I would submit mm-hmm and another

1625

00:59:47,720 --> 00:59:45,630

thing I was going to point out to you or

1626

00:59:49,580 --> 00:59:47,730

mention here is that in terms of odd

1627

00:59:52,010 --> 00:59:49,590

descriptions that don't match reality

1628

00:59:53,420 --> 00:59:52,020

you know maybe I'm stretching but I

1629

00:59:55,850 --> 00:59:53,430

think it's really interesting that

1630

00:59:58,220 --> 00:59:55,860

throughout the Iliad and the Odyssey at

1631

01:00:01,070 --> 00:59:58,230

least a dozen times Homer refers to the

1632

01:00:02,600 --> 01:00:01,080

sea as wine-dark other people have used

1633

01:00:05,180 --> 01:00:02,610

that also and it just makes me wonder

1634

01:00:07,520 --> 01:00:05,190

what environment they were looking at to

1635

01:00:09,560 --> 01:00:07,530

come up with wine-dark as a description

1636

01:00:11,060 --> 01:00:09,570

because it's almost the opposite of what

1637

01:00:13,460 --> 01:00:11,070

I would think of the sea maybe it's just

1638

01:00:15,440 --> 01:00:13,470

some poetic language but it also could

1639

01:00:17,690 --> 01:00:15,450

be a different environment that's being

1640

01:00:20,870 --> 01:00:17,700

described well there's another thing to

1641

01:00:24,500 --> 01:00:20,880

consider here to Greg and in so many of

1642

01:00:26,090 --> 01:00:24,510

the older things I get my hands on many

1643

01:00:28,250 --> 01:00:26,100

years ago when I began to realize that

1644

01:00:30,620 --> 01:00:28,260

just the act of translating into the

1645

01:00:33,200 --> 01:00:30,630

language that I speak some things can't

1646

01:00:35,690 --> 01:00:33,210

be translated you lose something

1647

01:00:38,690 --> 01:00:35,700

take a night something like here's an

1648

01:00:41,780 --> 01:00:38,700

idea like the Koran anyone who is

1649

01:00:44,810 --> 01:00:41,790

Islamic will tell you if you want to

1650

01:00:46,850 --> 01:00:44,820

read the Koran as it should be read you

1651
01:00:49,970 --> 01:00:46,860
need to speak this language or you lose

1652
01:00:52,040 --> 01:00:49,980
the whole kind of poetic cadence and

1653
01:00:54,290 --> 01:00:52,050
meaning in things well we can go back to

1654
01:00:57,110 --> 01:00:54,300
maybe some of the most complex languages

1655
01:00:59,630 --> 01:00:57,120
that ever were people claim Sanskrit may

1656
01:01:00,590 --> 01:00:59,640
have been one of these things where the

1657
01:01:02,060 --> 01:01:00,600
modern mind

1658
01:01:04,190 --> 01:01:02,070
hasn't even really found them the

1659
01:01:06,170 --> 01:01:04,200
multiple meanings that could be embedded

1660
01:01:08,300 --> 01:01:06,180
in what we would consider a simple

1661
01:01:10,220 --> 01:01:08,310
sentence and on top of that many times

1662
01:01:12,530 --> 01:01:10,230
it's kind of a poetry almost like a song

1663
01:01:14,840 --> 01:01:12,540

narrative as you get to it so I would

1664

01:01:16,580 --> 01:01:14,850

point out that in fact things like

1665

01:01:18,770 --> 01:01:16,590

the Iliad and Odyssey and I first read

1666

01:01:21,380 --> 01:01:18,780

those I think when I was 16 fell in love

1667

01:01:23,570 --> 01:01:21,390

read a many times sense loved the lines

1668

01:01:26,180 --> 01:01:23,580

like rosy-fingered dawn you know all the

1669

01:01:27,830 --> 01:01:26,190

things he says but we've got to take

1670

01:01:29,750 --> 01:01:27,840

into account if they're truly as old as

1671

01:01:31,070 --> 01:01:29,760

they're said to be those were taken out

1672

01:01:33,860 --> 01:01:31,080

of at least one language before they

1673

01:01:35,360 --> 01:01:33,870

made it to us and that's problematic

1674

01:01:36,830 --> 01:01:35,370

because that means we need to go back to

1675

01:01:38,600 --> 01:01:36,840

the source find the words that were

1676

01:01:41,000 --> 01:01:38,610

translated that we think are interesting

1677

01:01:44,630 --> 01:01:41,010

and try to discover if they were

1678

01:01:47,030 --> 01:01:44,640

translated properly mm-hmm yeah great

1679

01:01:48,860 --> 01:01:47,040

points it's just that adds another layer

1680

01:01:51,400 --> 01:01:48,870

of complexity and confusion as the

1681

01:01:55,610 --> 01:01:51,410

translations nothing nothing is easy man

1682

01:01:57,740 --> 01:01:55,620

no the Sun so when it comes to space and

1683

01:01:59,990 --> 01:01:57,750

NASA we really have two big

1684

01:02:01,700 --> 01:02:00,000

announcements from them that have come

1685

01:02:03,800 --> 01:02:01,710

lately one is the presence of this

1686

01:02:07,220 --> 01:02:03,810

asteroid that they say came from outside

1687

01:02:08,540 --> 01:02:07,230

of the solar system Maura Maura or

1688

01:02:10,310 --> 01:02:08,550

something like that and then they

1689

01:02:12,590 --> 01:02:10,320

announced the discovery of a solar

1690

01:02:15,260 --> 01:02:12,600

system that's out there that has pretty

1691

01:02:17,600 --> 01:02:15,270

much the same configuration as we do and

1692

01:02:20,120 --> 01:02:17,610

these are two big stories that they've

1693

01:02:22,460 --> 01:02:20,130

given us lately we don't trust things

1694

01:02:23,960 --> 01:02:22,470

that nASA says but knowing how esoteric

1695

01:02:26,020 --> 01:02:23,970

and symbolic they can be about

1696

01:02:28,190 --> 01:02:26,030

everything why these stories just

1697

01:02:31,400 --> 01:02:28,200

perpetuating the spaceliner do they have

1698

01:02:32,960 --> 01:02:31,410

a more specific agenda behind them well

1699

01:02:35,480 --> 01:02:32,970

to talk about this we're gonna need a

1700

01:02:39,230 --> 01:02:35,490

flower and a male chicken so we can say

1701

01:02:41,870 --> 01:02:39,240

poppycock let's get to the let's cut to

1702

01:02:43,970 --> 01:02:41,880

the chase here certain lies have been

1703

01:02:45,530 --> 01:02:43,980

told like the moon landing these are

1704

01:02:47,900 --> 01:02:45,540

lies that have to be maintained to the

1705

01:02:50,120 --> 01:02:47,910

end of time you saw Bush the junior

1706

01:02:52,280 --> 01:02:50,130

helping to maintain these lies went on

1707

01:02:54,470 --> 01:02:52,290

his watch he got astronauts to stand

1708

01:02:55,820 --> 01:02:54,480

behind him and say we were going back to

1709

01:02:58,100 --> 01:02:55,830

the moment how many years has it been

1710

01:03:01,220 --> 01:02:58,110

since that can was kicked down the road

1711

01:03:04,720 --> 01:03:01,230

part of this is kind of a metaphysical

1712

01:03:08,150 --> 01:03:04,730

mind-screw where archetype symbols

1713

01:03:10,280 --> 01:03:08,160

narration narrative are all manipulating

1714

01:03:12,830 --> 01:03:10,290

in in a kind of like Pavlov's dogs

1715

01:03:13,880 --> 01:03:12,840

almost in the same way that Pavlov rang

1716

01:03:16,130 --> 01:03:13,890

his Bell and the dog

1717

01:03:18,710 --> 01:03:16,140

salivated it's a similar thing they're

1718

01:03:20,690 --> 01:03:18,720

doing here playing off all the things

1719

01:03:23,870 --> 01:03:20,700

we've experienced from television shows

1720

01:03:27,590 --> 01:03:23,880

to newscast and movies to everything to

1721

01:03:29,390 --> 01:03:27,600

spin this ever and this never-ending lie

1722

01:03:32,090 --> 01:03:29,400

that they have to maintain there's no

1723

01:03:33,830 --> 01:03:32,100

basis in reality for it you want to tell

1724

01:03:36,230 --> 01:03:33,840

me there's a space rock out there yeah

1725

01:03:38,030 --> 01:03:36,240

sure man you better have some pretty

1726

01:03:40,430 --> 01:03:38,040

damn good drugs in your bag if you want

1727

01:03:42,230 --> 01:03:40,440

me to even consider that any of it is

1728

01:03:44,900 --> 01:03:42,240

true because it's not it's just it's a

1729

01:03:46,790 --> 01:03:44,910

it's a mother Goose fairy tale right

1730

01:03:48,200 --> 01:03:46,800

yeah I mean it's not necessarily

1731

01:03:50,960 --> 01:03:48,210

something I believe but I'm really

1732

01:03:52,640 --> 01:03:50,970

interested in dissecting the game that's

1733

01:03:54,470 --> 01:03:52,650

being played or that particular thread

1734

01:03:57,200 --> 01:03:54,480

another one of these things would be

1735

01:03:59,300 --> 01:03:57,210

that recent disclosure quote-unquote

1736

01:04:00,800 --> 01:03:59,310

that came from the Pentagon there's a

1737

01:04:03,980 --> 01:04:00,810

couple of things here I mean it's kind

1738

01:04:06,620 --> 01:04:03,990

of exciting to see that stuff talked

1739

01:04:08,270 --> 01:04:06,630

about at least at the same time it's

1740

01:04:10,010 --> 01:04:08,280

like pretty transparent that it's

1741

01:04:11,960 --> 01:04:10,020

manipulation because you have Tom

1742

01:04:14,630 --> 01:04:11,970

DeLonge meeting with the CIA and John

1743

01:04:17,030 --> 01:04:14,640

Podesta and make in the media rounds now

1744

01:04:18,800 --> 01:04:17,040

and then we have this story that just

1745

01:04:20,210 --> 01:04:18,810

hit the mainstream that the Pentagon

1746

01:04:22,580 --> 01:04:20,220

admitted to running that UFO

1747

01:04:24,050 --> 01:04:22,590

investigation program for five years

1748

01:04:27,020 --> 01:04:24,060

they say it costs twenty two million

1749

01:04:30,110 --> 01:04:27,030

which is nothing by the way and pentagon

1750

01:04:32,750 --> 01:04:30,120

dollars but they actually created this

1751

01:04:36,020 --> 01:04:32,760

release and put out some quote-unquote

1752

01:04:37,460 --> 01:04:36,030

official UFO footage and you know again

1753

01:04:39,350 --> 01:04:37,470

it's exciting because it's better than

1754

01:04:41,510 --> 01:04:39,360

the usual silence but people should be

1755

01:04:44,030 --> 01:04:41,520

aware this isn't some genuine disclosure

1756

01:04:45,800 --> 01:04:44,040

this seems like part of something less

1757

01:04:47,360 --> 01:04:45,810

honest I'm sure but have you seen this

1758

01:04:50,270 --> 01:04:47,370

stuff do you have any opinion on it are

1759

01:04:51,800 --> 01:04:50,280

we being prepared for something yeah

1760

01:04:53,930 --> 01:04:51,810

you're being prepared for another lie

1761

01:04:55,550 --> 01:04:53,940

let's let's be adults in the room and

1762

01:04:58,480 --> 01:04:55,560

let's take apart what we're being handed

1763

01:05:00,710 --> 01:04:58,490

Tom DeLonge were she from he's from

1764

01:05:02,960 --> 01:05:00,720

entertainment right that's what Tom

1765

01:05:05,630 --> 01:05:02,970

belong' does he entertains let's take

1766

01:05:08,660 --> 01:05:05,640

apart that word enter to go in pain to

1767

01:05:10,340 --> 01:05:08,670

hold meant mine Tom DeLonge works in an

1768

01:05:12,410 --> 01:05:10,350

industry where the very label it is

1769

01:05:15,110 --> 01:05:12,420

given means to go in and hold your mind

1770

01:05:16,460 --> 01:05:15,120

Tom DeLonge for some reason is going to

1771

01:05:18,680 --> 01:05:16,470

go work with the CIA the

1772

01:05:21,170 --> 01:05:18,690

military-industrial complex but not just

1773

01:05:24,200 --> 01:05:21,180

any old military-industrial complex the

1774

01:05:26,180 --> 01:05:24,210

cloak-and-dagger side of that complex so

1775

01:05:26,970 --> 01:05:26,190

how in the hell is it that a guitarist

1776

01:05:28,620 --> 01:05:26,980

from a band

1777

01:05:30,510 --> 01:05:28,630

Singer whatever the hell he is a metal

1778

01:05:33,840 --> 01:05:30,520

band used to be part of is even

1779

01:05:37,380 --> 01:05:33,850

qualified or in any realistic way shape

1780

01:05:39,390 --> 01:05:37,390

or form gonna be going to meet with the

1781

01:05:41,760 --> 01:05:39,400

CIA for this big disclosure that's

1782

01:05:43,410 --> 01:05:41,770

coming it's just a mine screw and if you

1783

01:05:45,510 --> 01:05:43,420

want to be an adult in the room and look

1784

01:05:48,330 --> 01:05:45,520

at the sources and logically do what I

1785

01:05:50,520 --> 01:05:48,340

just did here what are we gonna hear any

1786

01:05:52,140 --> 01:05:50,530

true thing here III would be willing to

1787

01:05:53,580 --> 01:05:52,150

bet that the only true thing you are

1788

01:05:55,410 --> 01:05:53,590

going to hear is that they use

1789

01:05:57,000 --> 01:05:55,420

consonants and vowels from the English

1790

01:05:58,550 --> 01:05:57,010

language other than that everything

1791

01:06:01,200 --> 01:05:58,560

you're going to hear is a lie a

1792

01:06:05,520 --> 01:06:01,210

manipulation a weaving of a tale you

1793

01:06:09,060 --> 01:06:05,530

know for lord only knows what ends it's

1794

01:06:10,680 --> 01:06:09,070

it's hard to ever predict what what

1795

01:06:12,390 --> 01:06:10,690

might be coming on the tails of these

1796

01:06:14,520 --> 01:06:12,400

types of things but you know if you

1797

01:06:16,890 --> 01:06:14,530

followed the work Jason and I did we

1798

01:06:19,320 --> 01:06:16,900

basically showed that the modern ufology

1799

01:06:21,840 --> 01:06:19,330

construct is claimed lock stock and

1800

01:06:23,820 --> 01:06:21,850

barrel by the Tavistock Institute we did

1801

01:06:25,109 --> 01:06:23,830

the independent research to show the

1802

01:06:28,410 --> 01:06:25,119

gray aliens were based basically

1803

01:06:30,780 --> 01:06:28,420

invented by HG Wells we've shown endless

1804

01:06:33,210 --> 01:06:30,790

times who HG Wells was the circles he

1805

01:06:35,700 --> 01:06:33,220

was in his closeness to Tavistock and

1806

01:06:37,980 --> 01:06:35,710

royal circles we went at the reptilian

1807

01:06:39,840 --> 01:06:37,990

idea the modern reptilian idea not the

1808

01:06:41,250 --> 01:06:39,850

Kabbalah or the Emerald tablets were

1809

01:06:43,500 --> 01:06:41,260

these other things I'm not touching that

1810

01:06:45,390 --> 01:06:43,510

with a ten-foot pole and people have

1811

01:06:47,220 --> 01:06:45,400

strong feelings about it and they're

1812

01:06:49,530 --> 01:06:47,230

entitled to view these things in any way

1813

01:06:51,000 --> 01:06:49,540

they want but the modern reptilian idea

1814

01:06:53,550 --> 01:06:51,010

was brought to us by a college professor

1815

01:06:56,609 --> 01:06:53,560

who actually lifted the idea from Conan

1816

01:06:58,920 --> 01:06:56,619

the Barbarian so modern ufology has

1817

01:07:00,420 --> 01:06:58,930

exist is just more nonsense brought to

1818

01:07:03,810 --> 01:07:00,430

you by the social engineers that are

1819

01:07:05,849 --> 01:07:03,820

Tavistock i cannot tell you what may or

1820

01:07:08,160 --> 01:07:05,859

may not be alive in the universe if

1821

01:07:10,410 --> 01:07:08,170

there is such a place but I can tell you

1822

01:07:12,300 --> 01:07:10,420

flat out that modern ufology starting

1823

01:07:16,320 --> 01:07:12,310

basically the roots of all of it go to

1824

01:07:18,960 --> 01:07:16,330

Roswell on the 33rd parallel get it it's

1825

01:07:21,480 --> 01:07:18,970

all nonsense it's all brought to you by

1826

01:07:22,880 --> 01:07:21,490

basically Tom DeLonge in the CIA to put

1827

01:07:25,080 --> 01:07:22,890

it bluntly

1828

01:07:26,940 --> 01:07:25,090

and I could really just talk to you all

1829

01:07:28,530 --> 01:07:26,950

day man but we got to reach the end of

1830

01:07:30,720 --> 01:07:28,540

the road somewhere I guess I would also

1831

01:07:32,730 --> 01:07:30,730

ask you you know what what have you

1832

01:07:34,890 --> 01:07:32,740

covered this year that you think really

1833

01:07:37,440 --> 01:07:34,900

pushes the envelope further than

1834

01:07:39,520 --> 01:07:37,450

something like a facade for the moon or

1835

01:07:40,810 --> 01:07:39,530

the facade of the

1836

01:07:43,180 --> 01:07:40,820

like what do you think is the most epic

1837

01:07:44,770 --> 01:07:43,190

thing you've looked into this year well

1838

01:07:46,660 --> 01:07:44,780

the blood thing that I mentioned where

1839

01:07:48,970 --> 01:07:46,670

we were looking at our age factor was

1840

01:07:53,080 --> 01:07:48,980

certainly one of the more impactful

1841

01:07:55,090 --> 01:07:53,090

shows but again episode 70 where I

1842

01:07:58,120 --> 01:07:55,100

covered the solar the last solar eclipse

1843

01:07:59,890 --> 01:07:58,130

and then finally flat out said the moon

1844

01:08:01,840 --> 01:07:59,900

plays no role if these things are

1845

01:08:04,840 --> 01:08:01,850

correct they're foundational these are

1846

01:08:07,270 --> 01:08:04,850

big big ideas big deals they have a lot

1847

01:08:08,740 --> 01:08:07,280

to do with how we live so those are two

1848

01:08:10,810 --> 01:08:08,750

that I would point out right out of the

1849

01:08:13,180 --> 01:08:10,820

gate but we've done a ton of stuff on

1850

01:08:15,460 --> 01:08:13,190

the Tavistock Institute and even the

1851

01:08:18,190 --> 01:08:15,470

Masonic coding and and religion

1852

01:08:19,990 --> 01:08:18,200

religious scriptures we've proven these

1853

01:08:22,390 --> 01:08:20,000

things out it's not really arguable it

1854

01:08:24,990 --> 01:08:22,400

is what it is but those are the things I

1855

01:08:28,090 --> 01:08:25,000

point to within the last year I guess

1856

01:08:29,760 --> 01:08:28,100

right on all great stuff and any idea

1857

01:08:32,289 --> 01:08:29,770

what you're gonna be digging into next

1858

01:08:35,950 --> 01:08:32,299

yeah I think we're actually gonna take

1859

01:08:38,380 --> 01:08:35,960

on Team rat or Disney we were looking at

1860

01:08:40,120 --> 01:08:38,390

it and we've talked so we've done so

1861

01:08:43,120 --> 01:08:40,130

many space episodes were Verner von

1862

01:08:45,309 --> 01:08:43,130

Braun who was a Disney employee came up

1863

01:08:47,349 --> 01:08:45,319

we really started to look at the

1864

01:08:49,210 --> 01:08:47,359

crossovers of Disney propaganda and

1865

01:08:52,090 --> 01:08:49,220

wartime we're just going to dig into

1866

01:08:54,070 --> 01:08:52,100

Disney and and show because Disney is

1867

01:08:57,599 --> 01:08:54,080

for certain one of the biggest

1868

01:08:59,710 --> 01:08:57,609

entertainment corporations going so many

1869

01:09:03,070 --> 01:08:59,720

subsidiaries and tentacles and

1870

01:09:04,930 --> 01:09:03,080

franchises even having its hand you know

1871

01:09:08,800 --> 01:09:04,940

in the 80s we just did an episode on the

1872

01:09:11,079 --> 01:09:08,810

80s when the the VCR and the camcorder

1873

01:09:14,230 --> 01:09:11,089

came out that's really when porn began

1874

01:09:15,820 --> 01:09:14,240

mainstreaming when the mindset of what's

1875

01:09:17,590 --> 01:09:15,830

acceptable in our society began to

1876

01:09:18,880 --> 01:09:17,600

change very few people are aware the

1877

01:09:20,200 --> 01:09:18,890

Disney had a lot to do with the

1878

01:09:22,329 --> 01:09:20,210

mainstreaming of form because they

1879

01:09:24,579 --> 01:09:22,339

launched subsidiary named Wayne Avista

1880

01:09:26,050 --> 01:09:24,589

and Buena Vista was big into it it's

1881

01:09:28,420 --> 01:09:26,060

just that nobody understood the Buena

1882

01:09:30,010 --> 01:09:28,430

Vista was part of Disney but anyhow I'm

1883

01:09:31,510 --> 01:09:30,020

not sure where the roads even gonna lead

1884

01:09:33,910 --> 01:09:31,520

us because we're just getting into the

1885

01:09:35,770 --> 01:09:33,920

research now but you know how could it

1886

01:09:38,140 --> 01:09:35,780

not be interesting you know covering

1887

01:09:41,260 --> 01:09:38,150

Disney and the way we do hell yeah I

1888

01:09:42,970 --> 01:09:41,270

love that study well crow it's been a

1889

01:09:45,370 --> 01:09:42,980

blast talking with you again

1890

01:09:47,440 --> 01:09:45,380

I take nothing at face value I know you

1891

01:09:49,840 --> 01:09:47,450

don't do that either and that's the way

1892

01:09:51,490 --> 01:09:49,850

to be I like kicking the year off with a

1893

01:09:53,099 --> 01:09:51,500

conversation about these things that

1894

01:09:54,510 --> 01:09:53,109

you've been deconstructing and

1895

01:09:56,160 --> 01:09:54,520

really glad to know you man anything

1896

01:09:59,970 --> 01:09:56,170

else to add for the people before we go

1897

01:10:02,790 --> 01:09:59,980

crow triple7 radio yeah you can find my

1898

01:10:05,490 --> 01:10:02,800

podcast at crow triple7 radio.com the

1899

01:10:08,910 --> 01:10:05,500

word crow has two R's in it so it's CRR

1900

01:10:10,830 --> 01:10:08,920

oaw so crow triple7 radio.com and

1901
01:10:13,169 --> 01:10:10,840
believe it or not my my youtube channel

1902
01:10:15,000 --> 01:10:13,179
for now is up and running again it still

1903
01:10:18,090 --> 01:10:15,010
has two strikes against it but that's

1904
01:10:20,220 --> 01:10:18,100
just crow triple7 come check us out on

1905
01:10:24,570 --> 01:10:20,230
crow triple7 radio.com i think there's

1906
01:10:26,310 --> 01:10:24,580
what 88 free hours of content i actually

1907
01:10:28,229 --> 01:10:26,320
modeled after greg when i set this up

1908
01:10:30,479 --> 01:10:28,239
greg was one of the earliest peoples to

1909
01:10:32,100 --> 01:10:30,489
interview me and i realized that there

1910
01:10:33,510 --> 01:10:32,110
was an interest there but anyhow greg it

1911
01:10:35,459 --> 01:10:33,520
was good to catch up with you man and

1912
01:10:39,419 --> 01:10:35,469
i'm ish miss talking to you and i miss

1913
01:10:42,689 --> 01:10:39,429

my hometown man I bet you do man well

1914

01:10:44,580 --> 01:10:42,699

awesome you are the goddamn man this was

1915

01:10:47,250 --> 01:10:44,590

great take care of yourself out there

1916

01:10:50,370 --> 01:10:47,260

pimp all right man cheers Cheers

1917

01:10:52,320 --> 01:10:50,380

there we have it crow triple seven

1918

01:10:55,050 --> 01:10:52,330

dropping knowledge like a Brazil nut in

1919

01:10:57,030 --> 01:10:55,060

a crosswalk it is great to hear what

1920

01:10:59,760 --> 01:10:57,040

he's been up to it's been about a year

1921

01:11:01,169 --> 01:10:59,770

and a year is kind of a long time but I

1922

01:11:02,939 --> 01:11:01,179

guess it's still not really fair to

1923

01:11:05,700 --> 01:11:02,949

expect him to have figured out this

1924

01:11:07,410 --> 01:11:05,710

human terrarium in 12 short months and

1925

01:11:09,209 --> 01:11:07,420

maybe we'll never have it nailed down a

1926

01:11:10,500 --> 01:11:09,219

hundred percent but I always like to see

1927

01:11:12,959 --> 01:11:10,510

where his head's at with it

1928

01:11:15,209 --> 01:11:12,969

I know he's not iring a flat earth

1929

01:11:18,899 --> 01:11:15,219

society patch on his letterman jacket

1930

01:11:21,479 --> 01:11:18,909

just yet but I heard more little hints

1931

01:11:23,490 --> 01:11:21,489

that he's leaning that way personally

1932

01:11:26,550 --> 01:11:23,500

I'm just at a loss because flat earthers

1933

01:11:28,530 --> 01:11:26,560

like Eric Dubay or Jaron ISM tend to

1934

01:11:30,419 --> 01:11:28,540

make the argument that if we can't trust

1935

01:11:32,729 --> 01:11:30,429

the scientific experts then we have to

1936

01:11:35,580 --> 01:11:32,739

trust ourselves and what we can observe

1937

01:11:38,220 --> 01:11:35,590

and no one denies the earth looks flat

1938

01:11:41,399 --> 01:11:38,230

from the ground but the problem is if

1939

01:11:43,620 --> 01:11:41,409

you leave the science NASA and the

1940

01:11:45,990 --> 01:11:43,630

Vatican astronomer deceptions out of it

1941

01:11:48,510 --> 01:11:46,000

for just a second and you move up a rung

1942

01:11:51,240 --> 01:11:48,520

on the Gnostic ladder the Demiurge ik

1943

01:11:53,459 --> 01:11:51,250

material environment is illusionary in

1944

01:11:56,160 --> 01:11:53,469

itself so I don't even know if you can

1945

01:11:57,930 --> 01:11:56,170

trust what you can see and besides if

1946

01:11:59,430 --> 01:11:57,940

you're one who entertains the Anunnaki

1947

01:12:02,339 --> 01:11:59,440

approach to human origins

1948

01:12:05,850 --> 01:12:02,349

then our bodies the very shells for our

1949

01:12:06,950 --> 01:12:05,860

non material nature are also tweaked and

1950

01:12:09,950 --> 01:12:06,960

twisted to have

1951

01:12:12,890 --> 01:12:09,960

range if we just trust the observer

1952

01:12:14,510 --> 01:12:12,900

effect do we deny the non visible light

1953

01:12:16,040 --> 01:12:14,520

spectrum I mean just because we can't

1954

01:12:18,140 --> 01:12:16,050

see it we know there's things that are

1955

01:12:20,630 --> 01:12:18,150

there if we have a stuffy nose do we

1956

01:12:23,209 --> 01:12:20,640

acknowledge that smells are still out

1957

01:12:24,350 --> 01:12:23,219

there or did they all disappear because

1958

01:12:26,810 --> 01:12:24,360

we can't smell

1959

01:12:28,729 --> 01:12:26,820

I'm only saying that our senses can be

1960

01:12:30,530 --> 01:12:28,739

deceptive of course because we don't

1961

01:12:33,110 --> 01:12:30,540

even know who built the human vessel or

1962

01:12:35,450 --> 01:12:33,120

if they had good intentions and there's

1963

01:12:38,390 --> 01:12:35,460

an argument to be made that suspiciously

1964

01:12:41,660 --> 01:12:38,400

the scale of the earth and the range of

1965

01:12:43,880 --> 01:12:41,670

our vision are just perfectly aligned so

1966

01:12:46,280 --> 01:12:43,890

that our first natural conclusion would

1967

01:12:48,830 --> 01:12:46,290

be that the earth is flat does that make

1968

01:12:51,050 --> 01:12:48,840

it accurate or is that just the

1969

01:12:53,930 --> 01:12:51,060

deceptive nature of the Demiurge right

1970

01:12:56,330 --> 01:12:53,940

there I don't know but there's still

1971

01:12:59,270 --> 01:12:56,340

quite a lot wrong with the official

1972

01:13:01,700 --> 01:12:59,280

story in fact if you have seen that one

1973

01:13:03,410 --> 01:13:01,710

photo that NASA has given us recently of

1974

01:13:05,990 --> 01:13:03,420

the dark side of the moon with the earth

1975

01:13:08,030 --> 01:13:06,000

in the background it's honestly the most

1976

01:13:10,040 --> 01:13:08,040

fake looking thing that they've ever put

1977

01:13:12,050 --> 01:13:10,050

out in my opinion it looks like the

1978

01:13:14,630 --> 01:13:12,060

cardboard from under a five dollar pizza

1979

01:13:15,200 --> 01:13:14,640

spray-painted gray the scale is all

1980

01:13:16,970 --> 01:13:15,210

weird

1981

01:13:19,220 --> 01:13:16,980

it just looks nothing like a photograph

1982

01:13:21,380 --> 01:13:19,230

well that picture was the number one

1983

01:13:23,630 --> 01:13:21,390

post on the front page of Reddit a week

1984

01:13:25,370 --> 01:13:23,640

or two ago and I immediately wanted to

1985

01:13:27,530 --> 01:13:25,380

check the comments because reddit likes

1986

01:13:29,570 --> 01:13:27,540

to [h__\h] on conspiracies and hold the

1987

01:13:33,050 --> 01:13:29,580

torch of scientism so close that it

1988

01:13:34,640 --> 01:13:33,060

burns their eyes but with this photo how

1989

01:13:36,470 --> 01:13:34,650

could at least some people not be

1990

01:13:38,810 --> 01:13:36,480

talking about how it looks like computer

1991

01:13:40,910 --> 01:13:38,820

graphics so I check it out and sure

1992

01:13:43,370 --> 01:13:40,920

enough the top post was from the

1993

01:13:45,020 --> 01:13:43,380

moderators and it said the comments on

1994

01:13:47,390 --> 01:13:45,030

this post have been locked due to a

1995

01:13:49,760 --> 01:13:47,400

flood of anti science and conspiratorial

1996

01:13:52,310 --> 01:13:49,770

comments let it be known that this will

1997

01:13:54,890 --> 01:13:52,320

not be tolerated and any anti science or

1998

01:13:58,880 --> 01:13:54,900

conspiracy remarks even if you're joking

1999

01:14:01,550 --> 01:13:58,890

will result in a band I mean wow you

2000

01:14:03,770 --> 01:14:01,560

can't even joke we're not at MIT here

2001

01:14:06,290 --> 01:14:03,780

this is a reddit comment section for

2002

01:14:09,709 --> 01:14:06,300

Christ's sake seems a bit extreme to me

2003

01:14:11,780 --> 01:14:09,719

if the image is real you should just be

2004

01:14:14,300 --> 01:14:11,790

able to stand up to criticism shouldn't

2005

01:14:16,370 --> 01:14:14,310

it when is it ever a good idea to ban

2006

01:14:18,230 --> 01:14:16,380

people's ability to question something

2007

01:14:21,200 --> 01:14:18,240

that they find off

2008

01:14:23,210 --> 01:14:21,210

it's gonna make them very suspicious so

2009

01:14:25,100 --> 01:14:23,220

that's just an anecdote that I think

2010

01:14:27,800 --> 01:14:25,110

explains the drive for some alternative

2011

01:14:30,290 --> 01:14:27,810

thinks to go to such extremes and it

2012

01:14:31,700 --> 01:14:30,300

also highlights the draconian direction

2013

01:14:34,160 --> 01:14:31,710

that reddit has been going like we

2014

01:14:36,410 --> 01:14:34,170

didn't already know something's fishy

2015

01:14:38,960 --> 01:14:36,420

for sure and the Internet is only being

2016

01:14:41,870 --> 01:14:38,970

more refined to trip us up in the search

2017

01:14:43,730 --> 01:14:41,880

anyway and speaking of the Internet you

2018

01:14:46,180 --> 01:14:43,740

know I'm really sorry that CRO has had

2019

01:14:48,500 --> 01:14:46,190

such a stressful go with YouTube lately

2020

01:14:50,780 --> 01:14:48,510

but I think the answer is to leave

2021

01:14:53,080 --> 01:14:50,790

platforms that censor alternative voices

2022

01:14:55,850 --> 01:14:53,090

not to get Google to change their ways

2023

01:14:57,740 --> 01:14:55,860

if your content is good then it's

2024

01:14:59,780 --> 01:14:57,750

valuable and if they're making life

2025

01:15:02,090 --> 01:14:59,790

harder for you then just don't give it

2026

01:15:04,010 --> 01:15:02,100

to them it's like a housewife whose

2027

01:15:06,530 --> 01:15:04,020

husband beats her so she goes to make

2028

01:15:08,270 --> 01:15:06,540

him a sandwich why are you giving your

2029

01:15:11,870 --> 01:15:08,280

work to someone who's trying to keep you

2030

01:15:13,520 --> 01:15:11,880

down they cut off my adsense early on so

2031

01:15:15,320 --> 01:15:13,530

I found a different way to make money

2032

01:15:17,960 --> 01:15:15,330

from my content but they've never really

2033

01:15:19,520 --> 01:15:17,970

taken any of my shows down or created a

2034

01:15:21,980 --> 01:15:19,530

problem in that regard I consider

2035

01:15:24,350 --> 01:15:21,990

putting the free show up on YouTube just

2036

01:15:27,260 --> 01:15:24,360

an advertisement to get people over into

2037

01:15:29,780 --> 01:15:27,270

my system but if it was a constant

2038

01:15:32,330 --> 01:15:29,790

headache to keep my channel online then

2039

01:15:34,100 --> 01:15:32,340

yeah I'd probably move personally I

2040

01:15:37,250 --> 01:15:34,110

think I'm gonna be trying out steam it

2041

01:15:38,900 --> 01:15:37,260

and D tube or D sound this year if they

2042

01:15:41,900 --> 01:15:38,910

get them working just a little bit

2043

01:15:44,630 --> 01:15:41,910

better but crow is right and that we

2044

01:15:46,400 --> 01:15:44,640

should demand better no doubt the last

2045

01:15:48,440 --> 01:15:46,410

show at gen briny was about the same

2046

01:15:51,230 --> 01:15:48,450

thing of course I would love for us to

2047

01:15:53,510 --> 01:15:51,240

demand better but I spent a lot of my

2048

01:15:55,580 --> 01:15:53,520

20s trying to rally everyone behind half

2049

01:15:57,350 --> 01:15:55,590

a dozen worthy causes while we lead some

2050

01:15:59,840 --> 01:15:57,360

charge to collective freedom through

2051

01:16:01,939 --> 01:15:59,850

demonstration and all I ended up with

2052

01:16:03,830 --> 01:16:01,949

was disappointment

2053

01:16:06,080 --> 01:16:03,840

maybe I've grown too cynical but I

2054

01:16:08,270 --> 01:16:06,090

stopped trying to change the world or to

2055

01:16:11,000 --> 01:16:08,280

get people to agree on anything and

2056

01:16:12,770 --> 01:16:11,010

organize instead I just navigate the

2057

01:16:16,160 --> 01:16:12,780

ride and the paths of least resistance

2058

01:16:18,380 --> 01:16:16,170

and maximum utility we got less than a

2059

01:16:21,770 --> 01:16:18,390

hundred short years even if you fix the

2060

01:16:23,780 --> 01:16:21,780

world by 80 you can't really enjoy it it

2061

01:16:26,479 --> 01:16:23,790

might sound defeatist but it's actually

2062

01:16:28,550 --> 01:16:26,489

quite freeing and to speak broadly about

2063

01:16:31,910 --> 01:16:28,560

something that I'd love to see change in

2064

01:16:34,250 --> 01:16:31,920

2018 it's this rigid commitment to only

2065

01:16:37,850 --> 01:16:34,260

hearing opinions that are an exact match

2066

01:16:39,770 --> 01:16:37,860

for your own so many of the THD comment

2067

01:16:41,450 --> 01:16:39,780

sections will say things like oh I

2068

01:16:43,459 --> 01:16:41,460

really enjoyed the guest up into the

2069

01:16:46,430 --> 01:16:43,469

point that they said X or Y and then I

2070

01:16:48,110 --> 01:16:46,440

had to just shut it off look I recently

2071

01:16:50,000 --> 01:16:48,120

watched the latest Dave Chappelle

2072

01:16:52,100 --> 01:16:50,010

specials and not only did they blow me

2073

01:16:55,370 --> 01:16:52,110

away on multiple levels but he makes a

2074

01:16:57,229 --> 01:16:55,380

point about imperfect allies and I think

2075

01:17:00,979 --> 01:16:57,239

that is just such a great term it's

2076

01:17:03,709 --> 01:17:00,989

spot-on let's judge people less on how

2077

01:17:06,169 --> 01:17:03,719

well their details match up exactly with

2078

01:17:08,479 --> 01:17:06,179

our own and more on the overall quality

2079

01:17:10,970 --> 01:17:08,489

of their character or at least their

2080

01:17:13,910 --> 01:17:10,980

intent do they mean well are they trying

2081

01:17:16,310 --> 01:17:13,920

their best the point is we're gonna grow

2082

01:17:18,650 --> 01:17:16,320

more and more isolated from each other

2083

01:17:21,610 --> 01:17:18,660

if we can't accept some differences if

2084

01:17:23,959 --> 01:17:21,620

we can't accept some imperfect allies

2085

01:17:26,150 --> 01:17:23,969

appreciate people for their strong

2086

01:17:28,850 --> 01:17:26,160

points for what they're good at and seek

2087

01:17:31,189 --> 01:17:28,860

common ground I might not agree with

2088

01:17:33,530 --> 01:17:31,199

someone's point about this but man did

2089

01:17:36,260 --> 01:17:33,540

they really nail that you know what I'm

2090

01:17:38,510 --> 01:17:36,270

saying sometimes I meet a person and it

2091

01:17:39,320 --> 01:17:38,520

takes a long time to find some common

2092

01:17:42,350 --> 01:17:39,330

ground

2093

01:17:43,970 --> 01:17:42,360

especially if footballs on but it's in

2094

01:17:46,459 --> 01:17:43,980

there somewhere and if you find it

2095

01:17:49,430 --> 01:17:46,469

you'll find reasons to like people

2096

01:17:50,720 --> 01:17:49,440

rather than to wall them off sometimes a

2097

01:17:52,550 --> 01:17:50,730

person thinks we should all be

2098

01:17:54,380 --> 01:17:52,560

vaccinated because they just believe

2099

01:17:56,479 --> 01:17:54,390

what they've heard and they don't want

2100

01:17:58,100 --> 01:17:56,489

to research the marisol and they just

2101

01:18:00,050 --> 01:17:58,110

can't fathom that it would be a

2102

01:18:03,910 --> 01:18:00,060

weaponized attack against the people

2103

01:18:06,770 --> 01:18:03,920

that's ok they're not a paid shill I

2104

01:18:09,050 --> 01:18:06,780

think it's better to understand for

2105

01:18:12,050 --> 01:18:09,060

example why both liberalism and

2106

01:18:14,780 --> 01:18:12,060

conservatism would appeal to different

2107

01:18:16,020 --> 01:18:14,790

people rather than just plant your flag

2108

01:18:17,879 --> 01:18:16,030

for one

2109

01:18:20,010 --> 01:18:17,889

I guess you could say the same about the

2110

01:18:22,770 --> 01:18:20,020

different opinions people have about the

2111

01:18:24,720 --> 01:18:22,780

Earth's composition can't you just hear

2112

01:18:26,220 --> 01:18:24,730

them out and say well you make a couple

2113

01:18:28,919 --> 01:18:26,230

points with this and that that are

2114

01:18:30,570 --> 01:18:28,929

interesting but I'm not convinced let's

2115

01:18:33,689 --> 01:18:30,580

just smoke a joint and watch some black

2116

01:18:36,359 --> 01:18:33,699

mirror if you ever hear someone say I

2117

01:18:39,330 --> 01:18:36,369

don't get how in the world someone could

2118

01:18:42,149 --> 01:18:39,340

ever think X well that sounds like their

2119

01:18:45,240 --> 01:18:42,159

problem sure you may disagree but if you

2120

01:18:47,700 --> 01:18:45,250

can't wrap your head around why someone

2121

01:18:50,040 --> 01:18:47,710

might have a certain ideal it's because

2122

01:18:51,149 --> 01:18:50,050

you probably haven't asked or really

2123

01:18:53,399 --> 01:18:51,159

thought about it from their perspective

2124

01:18:54,840 --> 01:18:53,409

and you just trolled them instead

2125

01:18:57,149 --> 01:18:54,850

because you're just concerned with being

2126

01:18:58,620 --> 01:18:57,159

right well being right doesn't change

2127

01:19:01,229 --> 01:18:58,630

the world around you it doesn't really

2128

01:19:03,540 --> 01:19:01,239

get you anything there's just so much

2129

01:19:07,020 --> 01:19:03,550

being fired at us these days so much

2130

01:19:09,149 --> 01:19:07,030

vitriol it's just all quite exhausting

2131

01:19:11,010 --> 01:19:09,159

and that's a unifying thread that I

2132

01:19:13,200 --> 01:19:11,020

think supersedes how a person feels

2133

01:19:16,560 --> 01:19:13,210

about the Affordable Health Care Act or

2134

01:19:18,390 --> 01:19:16,570

the goddamn fake moon but I do love

2135

01:19:20,820 --> 01:19:18,400

these types of episodes overall I think

2136

01:19:23,340 --> 01:19:20,830

crow put out a lot of great information

2137

01:19:27,330 --> 01:19:23,350

a lot of interesting things especially

2138

01:19:28,709 --> 01:19:27,340

around that eclipse I'm really glad we

2139

01:19:30,090 --> 01:19:28,719

got to talk about that I've been waiting

2140

01:19:32,580 --> 01:19:30,100

to talk to him about the eclipses for

2141

01:19:34,709 --> 01:19:32,590

quite some time I think it's a great way

2142

01:19:36,330 --> 01:19:34,719

to start the year off and in the second

2143

01:19:39,060 --> 01:19:36,340

hour today if you didn't hear it we

2144

01:19:42,090 --> 01:19:39,070

talked about questions like is the stage

2145

01:19:44,129 --> 01:19:42,100

being set for a mock alien invasion if

2146

01:19:46,200 --> 01:19:44,139

all the things crow is filmed in the sky

2147

01:19:48,149 --> 01:19:46,210

could be chalked up to human technology

2148

01:19:50,340 --> 01:19:48,159

what about the tens of thousands of

2149

01:19:52,830 --> 01:19:50,350

entity experiencers is there some

2150

01:19:55,260 --> 01:19:52,840

non-human element to our environment we

2151
01:19:58,200 --> 01:19:55,270
also got into Spielberg demons and

2152
01:20:01,740 --> 01:19:58,210
aliens the vast manipulation of time

2153
01:20:03,359 --> 01:20:01,750
alchemy nature magic I also asked crow

2154
01:20:05,340 --> 01:20:03,369
what he thinks society might look like

2155
01:20:07,470 --> 01:20:05,350
in ten to twenty years which opens up a

2156
01:20:09,600 --> 01:20:07,480
whole can of worms and we talked about

2157
01:20:12,090 --> 01:20:09,610
Admiralty law and the straw man

2158
01:20:14,879 --> 01:20:12,100
corporation and how to track it that's a

2159
01:20:17,010 --> 01:20:14,889
topic that crow has been into quite a

2160
01:20:19,950 --> 01:20:17,020
bit lately and for good measure we

2161
01:20:22,950 --> 01:20:19,960
talked about Bitcoin which crow refers

2162
01:20:27,089 --> 01:20:22,960
to as the human bait which i think is a

2163
01:20:28,840 --> 01:20:27,099

good term so I actually enjoyed asking

2164

01:20:30,700 --> 01:20:28,850

crow about a ton of

2165

01:20:34,180 --> 01:20:30,710

for things and topics that don't usually

2166

01:20:36,070 --> 01:20:34,190

relate to our usual conversation I still

2167

01:20:37,990 --> 01:20:36,080

hold out hope for Hattie bow but I guess

2168

01:20:40,900 --> 01:20:38,000

we got to find someone else who is

2169

01:20:42,970 --> 01:20:40,910

taking up that mantle but even more than

2170

01:20:45,130 --> 01:20:42,980

just this one show consider signing up

2171

01:20:47,560 --> 01:20:45,140

for Plus because January has some great

2172

01:20:50,020 --> 01:20:47,570

return guests I wanted to set the table

2173

01:20:52,090 --> 01:20:50,030

right so we'll be getting deep into the

2174

01:20:53,620 --> 01:20:52,100

song of the sirens saga part two with

2175

01:20:55,330 --> 01:20:53,630

Chris Knowles and then bringing back

2176

01:20:57,940 --> 01:20:55,340

Gordon white to drop that wizard

2177

01:20:59,890 --> 01:20:57,950

knowledge on us once again so many

2178

01:21:01,240 --> 01:20:59,900

classic guests coming in hot and I think

2179

01:21:04,450 --> 01:21:01,250

you're going to like a couple of the

2180

01:21:06,940 --> 01:21:04,460

surprises to all so now that we can plug

2181

01:21:10,090 --> 01:21:06,950

the higher side chats plus into the

2182

01:21:12,280 --> 01:21:10,100

native podcasts app for iPhone we have

2183

01:21:14,740 --> 01:21:12,290

several great options for Android and

2184

01:21:17,470 --> 01:21:14,750

we've greatly improved the plus server

2185

01:21:19,000 --> 01:21:17,480

to run faster than ever Plus has never

2186

01:21:21,460 --> 01:21:19,010

really been more convenient

2187

01:21:24,460 --> 01:21:21,470

there's also patreon checks by P o box

2188

01:21:26,440 --> 01:21:24,470

and several cryptocurrency options so I

2189

01:21:28,480 --> 01:21:26,450

don't know what else you would want pick

2190

01:21:31,570 --> 01:21:28,490

up six months for 30 bucks and test the

2191

01:21:33,970 --> 01:21:31,580

waters full archive robust forum and the

2192

01:21:36,880 --> 01:21:33,980

best goddamn conspiracy podcast that you

2193

01:21:38,800 --> 01:21:36,890

know of and that's how we bring in a new

2194

01:21:41,080 --> 01:21:38,810

year I've done my part

2195

01:21:43,060 --> 01:21:41,090

your move construct Constructors

2196

01:21:50,330 --> 01:21:43,070

consciousness suppressors and satanic

2197

01:21:56,370 --> 01:21:53,760

lucid dreams are so vivid cuz you go to

2198

01:21:59,100 --> 01:21:56,380

bed at 7:00 and your brain comes alive

2199

01:22:01,830 --> 01:21:59,110

cuz you hate and nine to five you wake

2200

01:22:04,050 --> 01:22:01,840

up with a dread and make sure your cats

2201

01:22:06,810 --> 01:22:04,060

are fed did your brain talk to a ghost

2202

01:22:10,890 --> 01:22:06,820

removed your coffee and toast as you

2203

01:22:13,500 --> 01:22:10,900

listen to the higher side chats you get

2204

01:22:16,170 --> 01:22:13,510

to your desk and your boss says it's a

2205

01:22:18,630 --> 01:22:16,180

mess and your soul slowly goes to a

2206

01:22:20,970 --> 01:22:18,640

place where nothing grows when you think

2207

01:22:26,160 --> 01:22:20,980

he's not around you insert a steady

2208

01:22:30,630 --> 01:22:26,170

sound vom says turn it down and you say

2209

01:22:32,600 --> 01:22:30,640

it's just the higher side chats oh do

2210

01:22:37,400 --> 01:22:32,610

you think you're being invited to

2211

01:22:41,820 --> 01:22:37,410

Bohemian Grove to a Bilderberg Club oh

2212

01:22:47,890 --> 01:22:41,830

do you think could be invited by Rasta

2213

01:22:50,300 --> 01:22:47,900

to a party on a submarine diving

2214

01:22:53,450 --> 01:22:50,310

to the center of the

2215

01:22:57,650 --> 01:22:53,460

to the Marianas Trench your teeth begin

2216

01:23:01,490 --> 01:22:57,660

to clench from the sulphureous stench the

2217

01:23:05,939 --> 01:23:01,500

mask you give in doesn't fit because

2218

01:23:11,500 --> 01:23:08,859

starting today you'll make plans to get

2219

01:23:13,959 --> 01:23:11,510

away there's no one to hold you down and

2220

01:23:16,839 --> 01:23:13,969

the what-ifs start to drown then you

2221

01:23:19,689 --> 01:23:16,849

wake to the glare of Akko fluorescents

2222

01:23:22,030 --> 01:23:19,699

there and the light winks at you cuz its

2223

01:23:24,910 --> 01:23:22,040

life is almost through but it's holding

2224

01:23:28,750 --> 01:23:24,920

gone to quit time just like you it's
