[Music]

2
00:00:07,570 --> 00:00:05,330

congratulations YouTube you did it

3
00:00:10,509 --> 00:00:07,580

you wore me down and you sucked me back

4
00:00:13,270 --> 00:00:10,519

in I have too many subscribers here just

5
00:00:15,789 --> 00:00:13,280

to walk away entirely especially with no

6
00:00:18,009 --> 00:00:15,799

alternative that truly stacks up and so

7
00:00:21,399 --> 00:00:18,019

many copycat channels uploading my shows

8
00:00:24,579 --> 00:00:21,409

for me anyway but we can't forget the th

9
00:00:26,409 --> 00:00:24,589

C's account here is on thin ice and so

10
00:00:29,290 --> 00:00:26,419

the YouTube version of the show has to

11
00:00:32,200 --> 00:00:29,300

be prefaced with this little PSA only to

12
00:00:33,369 --> 00:00:32,210

say that episodes that contain the kinds

13
00:00:36,250 --> 00:00:33,379

of themes that have been regularly

14

00:00:38,709 --> 00:00:36,260

banned on YouTube will not appear here

15

00:00:40,660 --> 00:00:38,719

and even with that precaution there's

16

00:00:42,939 --> 00:00:40,670

already enough in the archive to get us

17

00:00:45,310 --> 00:00:42,949

removed so remember that the higher side

18

00:00:48,160 --> 00:00:45,320

chats could be banned or put in timeout

19

00:00:50,200 --> 00:00:48,170

again at any time and I won't be able to

20

00:00:52,000 --> 00:00:50,210

tell you guys about it so if you feel

21

00:00:53,500 --> 00:00:52,010

like it's been too long since you've

22

00:00:56,590 --> 00:00:53,510

heard from me here on this digital

23

00:00:59,410 --> 00:00:56,600

dystopian draconian data-mining monster

24

00:01:00,910 --> 00:00:59,420

25

00:01:03,180 --> 00:01:00,920

commercial for you which means ill

[Music]

53
00:02:24,129 --> 00:02:21,309
the planets puppet-masters almost sure

54
00:02:26,770 --> 00:02:24,139
you have a plan which clearly maybe

55
00:02:29,709 --> 00:02:26,780
something there beyond the realm of man

56
00:02:32,890 --> 00:02:29,719
until we've thoroughly tested every last

57
00:02:35,420 --> 00:02:32,900
close just did you find the more you

58
00:02:37,730 --> 00:02:35,430
think you know much you really do

[Music]

60
00:02:44,530 --> 00:02:40,599
where will we be

61
00:02:47,699 --> 00:02:44,540
see we know the lying to us just don't

62
00:02:49,930 --> 00:02:47,709
know what to green where would we be

63
00:02:55,530 --> 00:02:49,940

without this

64

00:02:55,540 --> 00:03:01,660

okay car wooden company

65

00:03:08,230 --> 00:03:06,000

[Music]

66

00:03:10,780 --> 00:03:08,240

drinking a little drink smoking a little

67

00:03:12,550 --> 00:03:10,790

smoke and dusting off that old opener to

68

00:03:15,190 --> 00:03:12,560

kick off a new chapter in the THC

69

00:03:17,320 --> 00:03:15,200

journey on the four-year anniversary of

70

00:03:19,210 --> 00:03:17,330

my personal chain breaking and yoke

71

00:03:21,190 --> 00:03:19,220

offloading I hope you're all making

72

00:03:22,840 --> 00:03:21,200

similar progress because the oily

73

00:03:24,580 --> 00:03:22,850

appendages of the nefarious view and

74

00:03:26,770 --> 00:03:24,590

their slow roll of total control are

75

00:03:29,080 --> 00:03:26,780

wasting no time and the constant

76
00:03:31,870 --> 00:03:29,090
bombardment on your mind body and soul

77
00:03:34,600 --> 00:03:31,880
and their technocratic electrostatic is

78
00:03:37,150 --> 00:03:34,610
aimed at making us more erratic but dr.

79
00:03:39,160 --> 00:03:37,160
Seuss style rhymes aside I am serious

80
00:03:41,440 --> 00:03:39,170
when I say that we sit in a place where

81
00:03:43,540 --> 00:03:41,450
the human condition has been

82
00:03:45,390 --> 00:03:43,550
fundamentally changed because we spend

83
00:03:48,010 --> 00:03:45,400
an increasing number of hours each day

84
00:03:49,840 --> 00:03:48,020
merging further with what is actually a

85
00:03:51,940 --> 00:03:49,850
highly tuned surveillance and data

86
00:03:54,130 --> 00:03:51,950
collection network with a not so

87
00:03:55,900 --> 00:03:54,140
altruistic goal of ratcheting up

88
00:03:58,360 --> 00:03:55,910

everything you don't really want your

89

00:04:00,460 --> 00:03:58,370

life monitoring your movements under the

90

00:04:02,380 --> 00:04:00,470

watchful eye of Google controlling your

91

00:04:04,510 --> 00:04:02,390

brain chemistry and happiness levels

92

00:04:06,520 --> 00:04:04,520

with little red notifications learning

93

00:04:08,800 --> 00:04:06,530

to make marketing and advertising more

94

00:04:11,110 --> 00:04:08,810

effective than it already is controlling

95

00:04:12,729 --> 00:04:11,120

the information you see and shoehorning

96

00:04:14,949 --> 00:04:12,739

you into world views that suit the

97

00:04:17,380 --> 00:04:14,959

system and pulling us further away from

98

00:04:19,420 --> 00:04:17,390

the natural world and the best medicine

99

00:04:21,430 --> 00:04:19,430

we have for this encroaching digital

100

00:04:23,440 --> 00:04:21,440

death machine and if that wasn't enough

101
00:04:25,659 --> 00:04:23,450
it's all pulsing radiation into our

102
00:04:27,820 --> 00:04:25,669
bodies like a silent jackhammer subtly

103
00:04:29,920 --> 00:04:27,830
sending us to our early graves and in

104
00:04:31,960 --> 00:04:29,930
this context it's no wonder we can't

105
00:04:34,330 --> 00:04:31,970
think straight but put on your mental

106
00:04:35,680 --> 00:04:34,340
jockstrap sweat bands and ankle weights

107
00:04:38,140 --> 00:04:35,690
because we're gonna work it all out

108
00:04:40,060 --> 00:04:38,150
today with the reigning champion of THC

109
00:04:42,969 --> 00:04:40,070
appearances my friend and yours the

110
00:04:45,670 --> 00:04:42,979
great Gordon magic makin Wight making

111
00:04:47,290 --> 00:04:45,680
his most magical night appearance on THC

112
00:04:49,930 --> 00:04:47,300
and we're going to try to talk through

113
00:04:53,050 --> 00:04:49,940

some frustrations properly orient

114

00:04:55,120 --> 00:04:53,060

ourselves amongst the chaos profile the

115

00:04:57,940 --> 00:04:55,130

important ways the world is changing and

116

00:05:00,250 --> 00:04:57,950

offer up some ways to armor ourselves

117

00:05:02,140 --> 00:05:00,260

from the big bombardment halfway through

118

00:05:03,850 --> 00:05:02,150

the first year of cultivating his farm

119

00:05:06,280 --> 00:05:03,860

at the edge of the world one of my

120

00:05:08,860 --> 00:05:06,290

favorite esoteric explorers to wash up

121

00:05:10,930 --> 00:05:08,870

on our earthly reef a useful teacher in

122

00:05:13,779 --> 00:05:10,940

the era of free-range totalitarianism

123

00:05:16,250 --> 00:05:13,789

the Tasmanian devil himself Gordon my

124

00:05:19,040 --> 00:05:16,260

good man welcome back as a

125

00:05:20,630 --> 00:05:19,050

thank you very much happy birthday mr.

126

00:05:22,970 --> 00:05:20,640

president ha ha ha

127

00:05:24,470 --> 00:05:22,980

thank you thank you I'm really glad you

128

00:05:26,090 --> 00:05:24,480

could be here man because I think this

129

00:05:28,610 --> 00:05:26,100

conversation is gonna be really

130

00:05:30,020 --> 00:05:28,620

refreshing for me I've gotten a bit

131

00:05:32,540 --> 00:05:30,030

exhausted with the world lately

132

00:05:34,430 --> 00:05:32,550

everything feels quite heavy I've

133

00:05:36,320 --> 00:05:34,440

watched some friends go down some bad

134

00:05:38,900 --> 00:05:36,330

roads I've dealt with some internet

135

00:05:41,270 --> 00:05:38,910

creeps and what kinda sort of felt like

136

00:05:43,790 --> 00:05:41,280

a coordinated effort to get under my

137

00:05:46,190 --> 00:05:43,800

skin so I've really just bowed out a

138

00:05:47,990 --> 00:05:46,200

social media engagement across the board

139

00:05:51,020 --> 00:05:48,000

maybe I should thank them for that right

140

00:05:52,730 --> 00:05:51,030

but mainly small things and you know how

141

00:05:55,220 --> 00:05:52,740

they can stack up and then the news is

142

00:05:57,560 --> 00:05:55,230

still nothing but Russia gate for over a

143

00:06:00,770 --> 00:05:57,570

year and with the latest trends in

144

00:06:03,710 --> 00:06:00,780

conspiracy I just feel more unaligned

145

00:06:06,260 --> 00:06:03,720

perhaps than I usually should so on

146

00:06:08,420 --> 00:06:06,270

multiple levels I could use a reset and

147

00:06:10,370 --> 00:06:08,430

a show with you does tend to make me

148

00:06:12,740 --> 00:06:10,380

feel a bit better not that this is a

149

00:06:13,820 --> 00:06:12,750

Greg Caro a therapy session but I guess

150

00:06:17,300 --> 00:06:13,830

I'm here for a new prescription

151
00:06:19,160 --> 00:06:17,310
regardless doc yeah I definitely

152
00:06:22,640 --> 00:06:19,170
resonate with what you're saying there I

153
00:06:25,550 --> 00:06:22,650
mean there's an element of cooking a

154
00:06:29,000 --> 00:06:25,560
frog right now yes and I think a lot of

155
00:06:32,120 --> 00:06:29,010
people are we're not very used to having

156
00:06:34,130 --> 00:06:32,130
longer frames of reference so when you

157
00:06:36,860 --> 00:06:34,140
look at what's going on in the world we

158
00:06:38,750 --> 00:06:36,870
have a tendency to think it is new so

159
00:06:40,250 --> 00:06:38,760
it's been a step change that's happened

160
00:06:43,100 --> 00:06:40,260
in the last 18 months or whatever but

161
00:06:45,370 --> 00:06:43,110
it's it's in fact in particular when it

162
00:06:48,770 --> 00:06:45,380
comes to the US it's sort of the

163
00:06:51,260 --> 00:06:48,780

inevitability of a 40-year neoliberal

164

00:06:52,460 --> 00:06:51,270

experiment and so I resonate with people

165

00:06:55,520 --> 00:06:52,470

out there who are like this is quite

166

00:06:57,440 --> 00:06:55,530

toxic mmm a lot of stuff doesn't seem

167

00:06:59,300 --> 00:06:57,450

all that good and it's in a weird way

168

00:07:01,790 --> 00:06:59,310

looking at how why this might be a

169

00:07:05,120 --> 00:07:01,800

glass-half-full situation is there is

170

00:07:07,640 --> 00:07:05,130

now no other option but to really sit

171

00:07:09,470 --> 00:07:07,650

with what it is you're going to do and

172

00:07:12,050 --> 00:07:09,480

how it is you're going to think with and

173

00:07:14,390 --> 00:07:12,060

be in the world because yeah discourse

174

00:07:16,910 --> 00:07:14,400

has been better mm-hmm

175

00:07:18,710 --> 00:07:16,920

it has and you said something one of

176

00:07:21,620 --> 00:07:18,720

your recent podcasts that I liked about

177

00:07:24,320 --> 00:07:21,630

how it seemed like we get addicted to

178

00:07:25,700 --> 00:07:24,330

the worry but don't do anything and then

179

00:07:28,250 --> 00:07:25,710

act surprised when the things we've

180

00:07:29,780 --> 00:07:28,260

talked about manifest and that kind of

181

00:07:32,270 --> 00:07:29,790

hit me pretty hard I think there's a lot

182

00:07:34,550 --> 00:07:32,280

truths that maybe it's why I'm having a

183

00:07:36,050 --> 00:07:34,560

harder time having fun with a show like

184

00:07:39,460 --> 00:07:36,060

this because it is all getting pretty

185

00:07:42,170 --> 00:07:39,470

real it is and that's the bit that

186

00:07:43,670 --> 00:07:42,180

surprises you particularly when you're

187

00:07:46,040 --> 00:07:43,680

talking about a conspiracy audience as

188

00:07:47,540 --> 00:07:46,050

these things in the last couple of years

189

00:07:50,960 --> 00:07:47,550

is there's been a sort of fundamental

190

00:07:53,000 --> 00:07:50,970

management change about how the global

191

00:07:55,310 --> 00:07:53,010

order is going to work for the next ten

192

00:07:56,960 --> 00:07:55,320

or so years so a lot of stuff that we've

193

00:07:59,000 --> 00:07:56,970

been historically talking about and

194

00:08:01,040 --> 00:07:59,010

looking into is sort of appearing from

195

00:08:03,200 --> 00:08:01,050

behind the curtain in various different

196

00:08:03,590 --> 00:08:03,210

forms space forces and whatever you want

197

00:08:08,230 --> 00:08:03,600

right

198

00:08:11,930 --> 00:08:08,240

not only is conspiracy as a discourse

199

00:08:14,090 --> 00:08:11,940

not great right now but so weird about

200

00:08:16,040 --> 00:08:14,100

that is that everything in the world is

201
00:08:18,680 --> 00:08:16,050
conspiracy you'd mention the Russia Gate

202
00:08:20,600 --> 00:08:18,690
stuff which the media appears to be way

203
00:08:24,200 --> 00:08:20,610
more interested in then and this is a

204
00:08:26,060 --> 00:08:24,210
positive rate than the US public so the

205
00:08:28,460 --> 00:08:26,070
more recent poll that I saw or the more

206
00:08:31,370 --> 00:08:28,470
recent survey indicated that less than

207
00:08:32,870 --> 00:08:31,380
1% of the US public considers Russian

208
00:08:34,820 --> 00:08:32,880
interference to be the most pressing

209
00:08:36,830 --> 00:08:34,830
issue facing the country but if you look

210
00:08:38,570 --> 00:08:36,840
at what's going on and Rachel Maddow

211
00:08:40,430 --> 00:08:38,580
Show for instance you would think it's

212
00:08:42,950 --> 00:08:40,440
the complete opposite so we're in this

213
00:08:44,450 --> 00:08:42,960

world where and this one is a zero

214

00:08:47,480 --> 00:08:44,460

evidence conspiracies you're aware like

215

00:08:50,420 --> 00:08:47,490

but it's the reigning discourse this

216

00:08:53,000 --> 00:08:50,430

should be our time and it's not and so

217

00:08:54,710 --> 00:08:53,010

it does make you think what were the

218

00:08:56,720 --> 00:08:54,720

psychological benefits what is the

219

00:08:59,140 --> 00:08:56,730

payoff to use it dr. Phil right what was

220

00:09:01,820 --> 00:08:59,150

a payoff for people being involved in

221

00:09:03,200 --> 00:09:01,830

Para political research and and

222

00:09:05,030 --> 00:09:03,210

interesting the kind of topics you cover

223

00:09:06,470 --> 00:09:05,040

in the show I think there is a

224

00:09:08,000 --> 00:09:06,480

difference between what I thought it was

225

00:09:11,120 --> 00:09:08,010

and I was trying to work out how the

226

00:09:12,830 --> 00:09:11,130

world works so it didn't crush me in

227

00:09:14,810 --> 00:09:12,840

many respects this is legitimate I think

228

00:09:19,010 --> 00:09:14,820

for many people it's kind of like a

229

00:09:21,830 --> 00:09:19,020

Rubik's Cube hobby and it's fine except

230

00:09:26,180 --> 00:09:21,840

here we are there are some fundamental

231

00:09:28,370 --> 00:09:26,190

changes going on in the world and you

232

00:09:29,930 --> 00:09:28,380

may want to look at whether you can use

233

00:09:32,720 --> 00:09:29,940

that Rubik's Cube for something else

234

00:09:35,090 --> 00:09:32,730

a man and I had a similar motivation in

235

00:09:37,130 --> 00:09:35,100

mine of course it was I just want to get

236

00:09:39,590 --> 00:09:37,140

out of this shitty job this job in this

237

00:09:41,510 --> 00:09:39,600

false white-picket-fence

238

00:09:43,670 --> 00:09:41,520

dream that was sold to me that isn't

239

00:09:45,620 --> 00:09:43,680

going to work out and I want to get

240

00:09:47,510 --> 00:09:45,630

out of it before I get too deep in it

241

00:09:49,490 --> 00:09:47,520

and I'm also interested in all this

242

00:09:51,560 --> 00:09:49,500

other stuff so yeah it really was

243

00:09:53,420 --> 00:09:51,570

let's work out how the world works so it

244

00:09:56,300 --> 00:09:53,430

doesn't crush us I think that's a great

245

00:09:57,889 --> 00:09:56,310

expression of that motivation yeah well

246

00:10:00,590 --> 00:09:57,899

I came to it because the world did crush

247

00:10:02,360 --> 00:10:00,600

me so I had all these money saved when

248

00:10:02,810 --> 00:10:02,370

we first moved to London and we moved to

249

00:10:04,250 --> 00:10:02,820

London

250

00:10:06,920 --> 00:10:04,260

two weeks before Lehman Brothers

251
00:10:08,600 --> 00:10:06,930
collapsed so all that money went because

252
00:10:10,370 --> 00:10:08,610
I couldn't find jobs for months and

253
00:10:11,660 --> 00:10:10,380
months and I'm watching the news and

254
00:10:14,540 --> 00:10:11,670
reading the news and I'm like I actually

255
00:10:16,880 --> 00:10:14,550
have no idea what they're talking about

256
00:10:20,269 --> 00:10:16,890
and it destroyed the world and took all

257
00:10:21,710 --> 00:10:20,279
my money and I like money so I did not

258
00:10:23,269 --> 00:10:21,720
know what a subprime mortgage was I

259
00:10:24,470 --> 00:10:23,279
didn't know how bond markets worked I

260
00:10:27,980 --> 00:10:24,480
didn't know any of this stuff and that

261
00:10:30,470 --> 00:10:27,990
was my bad because maybe if I had known

262
00:10:33,199 --> 00:10:30,480
it I wouldn't have been living on one

263
00:10:36,740 --> 00:10:33,209

pound ham sandwiches sitting or whatever

264

00:10:38,570 --> 00:10:36,750

and that was my arrival into para

265

00:10:40,370 --> 00:10:38,580

political research which is the world is

266

00:10:43,190 --> 00:10:40,380

not as advertised as we all know

267

00:10:46,040 --> 00:10:43,200

listened to the show but also as a

268

00:10:48,470 --> 00:10:46,050

result of that there are risks that you

269

00:10:51,170 --> 00:10:48,480

may not see and I certainly didn't that

270

00:10:52,550 --> 00:10:51,180

will sink your ship if you aren't paying

271

00:10:54,290 --> 00:10:52,560

attention so it's just kind of

272

00:10:55,910 --> 00:10:54,300

surprising that all of this stuff is

273

00:10:58,880 --> 00:10:55,920

happening and as we mentioned before you

274

00:11:00,410 --> 00:10:58,890

hit the record button people in so the

275

00:11:02,660 --> 00:11:00,420

macro world's talking about Russia gate

276
00:11:05,570 --> 00:11:02,670
and the conspiracy world's talking about

277
00:11:08,769 --> 00:11:05,580
flat earth what's going on Greg right

278
00:11:11,420 --> 00:11:08,779
man exactly that list was Flat Earth

279
00:11:13,660 --> 00:11:11,430
Australia is not real nuclear weapons

280
00:11:16,670 --> 00:11:13,670
are a hoax dinosaurs are a hoax and

281
00:11:18,890 --> 00:11:16,680
Trump is the god emperor reigning in

282
00:11:21,199 --> 00:11:18,900
pedophilia networks that have only

283
00:11:24,290 --> 00:11:21,209
existed because Hillary Clinton ran the

284
00:11:27,340 --> 00:11:24,300
show like it is kind of crazy and as

285
00:11:29,750 --> 00:11:27,350
someone who really wanted to elevate

286
00:11:33,350 --> 00:11:29,760
conspiratorial thinking when I started

287
00:11:36,019 --> 00:11:33,360
the show I now feel like all the biggest

288
00:11:38,120 --> 00:11:36,029

ideas have gotten away from me and they

289

00:11:40,760 --> 00:11:38,130

are big ideas I can run my numbers up

290

00:11:42,829 --> 00:11:40,770

against the Flat Earth our podcast and

291

00:11:45,829 --> 00:11:42,839

see that they're doing quite well and

292

00:11:49,160 --> 00:11:45,839

it's just weird to me because I don't

293

00:11:52,760 --> 00:11:49,170

understand why when I've kind of worn

294

00:11:55,210 --> 00:11:52,770

this badge my whole life it now doesn't

295

00:11:57,079 --> 00:11:55,220

seem to mean what I thought it meant

296

00:11:59,119 --> 00:11:57,089

well I

297

00:12:02,480 --> 00:11:59,129

and what you mean and let's look at what

298

00:12:04,239 --> 00:12:02,490

the mostly unfair claims that it

299

00:12:07,519 --> 00:12:04,249

commonly leveled it sort of

300

00:12:10,100 --> 00:12:07,529

conspiracists and the main one let's go

301
00:12:12,860 --> 00:12:10,110
back to humbler nicer times like the 90s

302
00:12:16,549 --> 00:12:12,870
ironically I don't know so what tends to

303
00:12:18,350 --> 00:12:16,559
be leveled at conspiracists is that you

304
00:12:21,860 --> 00:12:18,360
can't handle the complexity of the world

305
00:12:23,809 --> 00:12:21,870
and so you need to invent a story to

306
00:12:26,480 --> 00:12:23,819
explain it now I have always found that

307
00:12:29,360 --> 00:12:26,490
a bit rich because in fact that is what

308
00:12:30,769 --> 00:12:29,370
the normies do they can't handle the

309
00:12:33,259 --> 00:12:30,779
complexity of the world so I'll just

310
00:12:35,239 --> 00:12:33,269
watch Rachel Maddow and only in America

311
00:12:36,829 --> 00:12:35,249
is geography breaking news where she's

312
00:12:38,900 --> 00:12:36,839
pointing out the fact that North Korea

313
00:12:40,519 --> 00:12:38,910

has a border with Russia and you can sit

314

00:12:42,139 --> 00:12:40,529

there and go oh I know exactly what's

315

00:12:43,759 --> 00:12:42,149

going on because this intelligence

316

00:12:45,410 --> 00:12:43,769

operative has mentioned that North Korea

317

00:12:47,090 --> 00:12:45,420

as a border with Russia and so it's

318

00:12:49,850 --> 00:12:47,100

always been this kind of bizarre

319

00:12:51,829 --> 00:12:49,860

hypocrisy to me that people for me and

320

00:12:54,920 --> 00:12:51,839

probably you an interesting pair of

321

00:12:56,600 --> 00:12:54,930

politics and conspiracy is not just it

322

00:12:58,309 --> 00:12:56,610

doesn't just emerge out of a generalized

323

00:12:59,559 --> 00:12:58,319

suspicion of authority which has been

324

00:13:02,449 --> 00:12:59,569

baked into both of us since we were kids

325

00:13:04,129 --> 00:13:02,459

it's also I'm looking for the complexity

326

00:13:05,890 --> 00:13:04,139

in the new ones I'm not looking for the

327

00:13:08,950 --> 00:13:05,900

simplicity

328

00:13:12,730 --> 00:13:08,960

it turns out if we look at how dire some

329

00:13:14,830 --> 00:13:12,740

of the more popular memes in conspiracy

330

00:13:16,510 --> 00:13:14,840

are that they may have in fact been

331

00:13:18,280 --> 00:13:16,520

something to that accusation that the

332

00:13:21,000 --> 00:13:18,290

world is now too intense and too complex

333

00:13:25,290 --> 00:13:21,010

so let's get the dumbest down version

334

00:13:27,970 --> 00:13:25,300

vision of the world and hide in it and

335

00:13:30,520 --> 00:13:27,980

the trump god-emperor one is a very good

336

00:13:33,250 --> 00:13:30,530

example and this sort of feeds into the

337

00:13:34,960 --> 00:13:33,260

queuing thing as well it's like okay I'm

338

00:13:37,000 --> 00:13:34,970

just gonna reduce the complexity to 0

339

00:13:38,740 --> 00:13:37,010

with this invented story and sit there

340

00:13:43,390 --> 00:13:38,750

and wait for the world to get better and

341

00:13:44,800 --> 00:13:43,400

I have this unbelievably unused view and

342

00:13:46,420 --> 00:13:44,810

I think that's a psychological reaction

343

00:13:48,820 --> 00:13:46,430

because I think if you step out of it

344

00:13:50,520 --> 00:13:48,830

you realize well there is a lot of

345

00:13:53,890 --> 00:13:50,530

complexity happening economically

346

00:13:56,890 --> 00:13:53,900

geopolitically and i am either too

347

00:13:58,870 --> 00:13:56,900

scared or too intimidated to put on my

348

00:14:00,310 --> 00:13:58,880

big-boy trousers and do what i had to do

349

00:14:03,160 --> 00:14:00,320

in 2008 which is like oh i don't know

350

00:14:04,810 --> 00:14:03,170

what's going on and it's a big deal so I

351

00:14:06,100 --> 00:14:04,820

should probably do that and I think

352

00:14:08,380 --> 00:14:06,110

that's what's happening I think the fact

353

00:14:11,980 --> 00:14:08,390

that there are Britain that much kind of

354

00:14:14,230 --> 00:14:11,990

change has sort of impacted many

355

00:14:17,110 --> 00:14:14,240

amygdalas around the world and so you

356

00:14:19,180 --> 00:14:17,120

have that fear reaction and an inability

357

00:14:24,460 --> 00:14:19,190

to think clearly and that's where we are

358

00:14:27,310 --> 00:14:24,470

happy birthday oh man well it's also

359

00:14:30,430 --> 00:14:27,320

like for most of our lifetime if we're

360

00:14:33,010 --> 00:14:30,440

in our 30s it wasn't really that hard to

361

00:14:34,870 --> 00:14:33,020

see the direction that the globalists

362

00:14:37,780 --> 00:14:34,880

were going whether it was left or right

363

00:14:40,110 --> 00:14:37,790

bush or Clinton or Obama like we could

364

00:14:42,970 --> 00:14:40,120

see the consistency in that trajectory

365

00:14:45,700 --> 00:14:42,980

but there is a difference in trajectory

366

00:14:48,790 --> 00:14:45,710

now you've talked about the big Empire

367

00:14:51,910 --> 00:14:48,800

pivot I mean that does kind of make it a

368

00:14:53,380 --> 00:14:51,920

little bit harder to parse out what's

369

00:14:54,520 --> 00:14:53,390

going on and I guess you know of course

370

00:14:57,430 --> 00:14:54,530

I want to hear what you think is

371

00:15:00,040 --> 00:14:57,440

actually going on but at least I guess

372

00:15:00,820 --> 00:15:00,050

to go easy on people there is a change

373

00:15:02,620 --> 00:15:00,830

Oh

374

00:15:05,020 --> 00:15:02,630

massive change and worse than that a lot

375

00:15:07,480 --> 00:15:05,030

of sacred cows blood of conspiracy

376

00:15:09,430 --> 00:15:07,490

sacred cows turned out to not be correct

377

00:15:11,050 --> 00:15:09,440

like one of the things I mean I know

378

00:15:14,620 --> 00:15:11,060

you're a crypto nerd and whatever but

379

00:15:16,390 --> 00:15:14,630

there is a giant gold-bug presence in

380

00:15:19,950 --> 00:15:16,400

the conspiracy world and there's also

381

00:15:21,990 --> 00:15:19,960

this very 70s idea that the US needs to

382

00:15:25,140 --> 00:15:22,000

protect the petrodollar and that the

383

00:15:27,630 --> 00:15:25,150

dollar is about to collapse now the

384

00:15:29,760 --> 00:15:27,640

pivot predates Trump it predates away a

385

00:15:31,860 --> 00:15:29,770

couple of years you started to see that

386

00:15:33,990 --> 00:15:31,870

with the sort of 20% rise in the US

387

00:15:37,050 --> 00:15:34,000

dollar beginning about 2014 but also

388

00:15:38,550 --> 00:15:37,060

around the world you had the German

389

00:15:40,350 --> 00:15:38,560

Chancellor I'm sure will not translate

390

00:15:42,150 --> 00:15:40,360

the economics ministers show by saying

391

00:15:44,580 --> 00:15:42,160

the debt growth model is over the debt

392

00:15:46,920 --> 00:15:44,590

growth model is the Empire right so you

393

00:15:49,320 --> 00:15:46,930

actually see the realization that the

394

00:15:52,920 --> 00:15:49,330

way that the world has run on this kind

395

00:15:56,520 --> 00:15:52,930

of Bretton Woods scheme is no longer in

396

00:15:58,140 --> 00:15:56,530

particular America's benefit so we're

397

00:16:00,750 --> 00:15:58,150

now pivoting off a way of running the

398

00:16:03,540 --> 00:16:00,760

world that has worked for 40 or 50 years

399

00:16:05,550 --> 00:16:03,550

and people are and whatever you can like

400

00:16:08,280 --> 00:16:05,560

gold or all that kind of stuff but

401
00:16:10,410 --> 00:16:08,290
please be aware that a lot of people are

402
00:16:12,840 --> 00:16:10,420
emotionally attached to petrodollar

403
00:16:15,030 --> 00:16:12,850
analysis dollar collapse goldberg and

404
00:16:18,210 --> 00:16:15,040
it's wearing an opposite the US has been

405
00:16:19,890 --> 00:16:18,220
trying to get off the patrick and gold

406
00:16:22,170 --> 00:16:19,900
is irrelevant and the dollar is going to

407
00:16:26,280 --> 00:16:22,180
strengthen the way I saw the world

408
00:16:29,550 --> 00:16:26,290
economically work is not what's

409
00:16:32,340 --> 00:16:29,560
happening ago Australia doesn't exist

410
00:16:35,550 --> 00:16:32,350
that's an easier place to live well in

411
00:16:37,680 --> 00:16:35,560
terms of the u.s. getting off the petro

412
00:16:41,040 --> 00:16:37,690
dollar are trying to what are the

413
00:16:45,780 --> 00:16:41,050

indications that that's the case the

414

00:16:48,450 --> 00:16:45,790

petro dollar was a post-war soul that

415

00:16:50,730 --> 00:16:48,460

allowed American energy security for

416

00:16:53,400 --> 00:16:50,740

growth but also a kind of long arm way

417

00:16:55,770 --> 00:16:53,410

of managing remnants of imperial

418

00:16:57,450 --> 00:16:55,780

colonies in the Middle East it's a

419

00:16:59,790 --> 00:16:57,460

component in a way of the Bretton Woods

420

00:17:01,530 --> 00:16:59,800

system so after the war what happens was

421

00:17:03,720 --> 00:17:01,540

America has basically all the money

422

00:17:04,890 --> 00:17:03,730

Europe's and ruins no one else has

423

00:17:06,690 --> 00:17:04,900

anything America is this enormous

424

00:17:08,670 --> 00:17:06,700

economy that they're about to pivot back

425

00:17:10,980 --> 00:17:08,680

from being a war machine into a consumer

426

00:17:14,280 --> 00:17:10,990

economy so seventy percent of world GDP

427

00:17:15,780 --> 00:17:14,290

was in the US after the war and the

428

00:17:17,699 --> 00:17:15,790

major problem it was publicly facing

429

00:17:18,470 --> 00:17:17,709

that was the Soviet Union so here's the

430

00:17:20,579 --> 00:17:18,480

deal

431

00:17:23,010 --> 00:17:20,589

countries around the world get free

432

00:17:25,890 --> 00:17:23,020

access to the American consumer for

433

00:17:27,720 --> 00:17:25,900

acquiescing to American geopolitical

434

00:17:29,760 --> 00:17:27,730

goals which is principally to fight

435

00:17:32,370 --> 00:17:29,770

against communism and that was the deal

436

00:17:33,810 --> 00:17:32,380

so everyone got to sell stuff to the

437

00:17:35,520 --> 00:17:33,820

American consumer and

438

00:17:37,410 --> 00:17:35,530

grow their economies as a result and

439

00:17:40,020 --> 00:17:37,420

they just kind of had to sit on their

440

00:17:44,190 --> 00:17:40,030

hands while America's sort of Imperial

441

00:17:47,370 --> 00:17:44,200

adventurism wrecked half the planet that

442

00:17:50,760 --> 00:17:47,380

model is very expensive and over because

443

00:17:53,640 --> 00:17:50,770

one communism is done but to the side

444

00:17:55,430 --> 00:17:53,650

effect of this is with the American Navy

445

00:17:59,340 --> 00:17:55,440

in particular but it's military

446

00:18:01,380 --> 00:17:59,350

essentially funds the security of global

447

00:18:03,570 --> 00:18:01,390

training so that's what Bretton Woods is

448

00:18:05,070 --> 00:18:03,580

America keeps the world safe and you get

449

00:18:07,950 --> 00:18:05,080

to put your stuff on a ship from China

450

00:18:10,590 --> 00:18:07,960

or Brazil and take it to the US and sell

451
00:18:11,820 --> 00:18:10,600
it to Americans now at any other time in

452
00:18:13,770 --> 00:18:11,830
history except this is the British

453
00:18:17,010 --> 00:18:13,780
Imperial model so this is how Britain

454
00:18:18,720 --> 00:18:17,020
managed to have a laissez faire global

455
00:18:21,150 --> 00:18:18,730
economic growth but still remain

456
00:18:23,460 --> 00:18:21,160
dominant until the end of the empire was

457
00:18:26,340 --> 00:18:23,470
the British Navy the Royal Navy kept the

458
00:18:29,370 --> 00:18:26,350
sea lanes safe so here's a situation

459
00:18:32,000 --> 00:18:29,380
where the Americans American taxpayers

460
00:18:34,920 --> 00:18:32,010
are paying for Navy that protects

461
00:18:38,310 --> 00:18:34,930
economies that are now competing with

462
00:18:39,840 --> 00:18:38,320
and catching up to the US principally

463
00:18:41,520 --> 00:18:39,850

China of course in your will and

464

00:18:43,869 --> 00:18:41,530

American companies are assuring their

465

00:18:46,359 --> 00:18:43,879

jobs there do you think this model

466

00:18:48,789 --> 00:18:46,369

this is no longer something that suits

467

00:18:51,009 --> 00:18:48,799

America's medium-term interests and so

468

00:18:54,099 --> 00:18:51,019

what we have is a pivot around that but

469

00:18:56,499 --> 00:18:54,109

the petrodollar was the kind of way you

470

00:18:59,649 --> 00:18:56,509

could run the geopolitics of the world

471

00:19:01,899 --> 00:18:59,659

to keep the US dollar dominant of a gold

472

00:19:04,659 --> 00:19:01,909

standard in particular one of the things

473

00:19:06,249 --> 00:19:04,669

that we're seeing now as the u.s. is and

474

00:19:08,259 --> 00:19:06,259

certainly by the end of the year the

475

00:19:11,049 --> 00:19:08,269

world's largest energy producer and

476

00:19:13,359 --> 00:19:11,059

exporter so it beats the Saudis they

477

00:19:15,999 --> 00:19:13,369

don't need to force the rest of the

478

00:19:17,739 --> 00:19:16,009

world to buy Middle East and oil in US

479

00:19:20,229 --> 00:19:17,749

dollars because they're selling the

480

00:19:21,969 --> 00:19:20,239

energy so either it's the same cost for

481

00:19:24,309 --> 00:19:21,979

them because you know you guys are

482

00:19:26,529 --> 00:19:24,319

actually making it or you have to use

483

00:19:28,629 --> 00:19:26,539

the dollar because the US is exporting

484

00:19:31,059 --> 00:19:28,639

it so this kind of way of managing

485

00:19:34,239 --> 00:19:31,069

middle-east and geopolitics is a petro

486

00:19:36,729 --> 00:19:34,249

dollar hasn't really been something that

487

00:19:38,349 --> 00:19:36,739

has been useful especially as it tends

488

00:19:40,299 --> 00:19:38,359

to bring the dollar up hasn't really

489

00:19:43,299 --> 00:19:40,309

been useful for a while so you have all

490

00:19:46,089 --> 00:19:43,309

these sacred cows that power politically

491

00:19:48,399 --> 00:19:46,099

interested folk have relied on for

492

00:19:48,999 --> 00:19:48,409

analysis of the world for a very long

493

00:19:52,769 --> 00:19:49,009

time

494

00:19:56,199 --> 00:19:52,779

that is clearly being rearranged from a

495

00:19:57,579 --> 00:19:56,209

monolithic Imperial model which is again

496

00:20:01,209 --> 00:19:57,589

a British Imperial model to some sort of

497

00:20:02,559 --> 00:20:01,219

balance of power approach of running the

498

00:20:03,999 --> 00:20:02,569

world so rather than invading and

499

00:20:06,279 --> 00:20:04,009

putting military bases everywhere which

500

00:20:07,930 --> 00:20:06,289

is really expensive and no longer

501
00:20:10,989 --> 00:20:07,940
providing the return on investment given

502
00:20:12,309 --> 00:20:10,999
that communism has been defeated you now

503
00:20:13,629 --> 00:20:12,319
in a situation doing all right well

504
00:20:17,409 --> 00:20:13,639
we're the biggest economy in the world

505
00:20:19,449 --> 00:20:17,419
I am repricing access to it and I'm

506
00:20:21,729 --> 00:20:19,459
going to kind of use Special Forces and

507
00:20:23,589 --> 00:20:21,739
the rest of it to keep people running

508
00:20:25,539 --> 00:20:23,599
countries the way I want them but we're

509
00:20:26,859 --> 00:20:25,549
not going to invade and in fact when we

510
00:20:29,439 --> 00:20:26,869
have the money and we have the energy

511
00:20:31,930 --> 00:20:29,449
and we have the biggest economy we will

512
00:20:34,449 --> 00:20:31,940
tell you where you are in the order of

513
00:20:35,979 --> 00:20:34,459

usefulness to America and that is a much

514

00:20:38,009 --> 00:20:35,989

cheaper way of running an empire and

515

00:20:40,479 --> 00:20:38,019

we're kind of moving into that

516

00:20:42,909 --> 00:20:40,489

geopolitical direction you see that with

517

00:20:46,029 --> 00:20:42,919

Trump's treatment of NATO you see that

518

00:20:48,279 --> 00:20:46,039

with various world quite good and

519

00:20:50,499 --> 00:20:48,289

believable threats around things like

520

00:20:52,329 --> 00:20:50,509

trade wars in each case what you're

521

00:20:54,159 --> 00:20:52,339

seeing there is a renegotiation

522

00:20:56,440 --> 00:20:54,169

of the Bretton Woods arrangement on a

523

00:20:58,629 --> 00:20:56,450

country-by-country basis because

524

00:21:02,229 --> 00:20:58,639

it's over it's just a cost for America

525

00:21:05,529 --> 00:21:02,239

now and this is why maybe certain

526

00:21:07,239 --> 00:21:05,539

elements are rallying around just this

527

00:21:09,700 --> 00:21:07,249

roast fest of Trump and the

528

00:21:11,320 --> 00:21:09,710

administration because it's getting more

529

00:21:15,700 --> 00:21:11,330

expensive for them that access is

530

00:21:18,220 --> 00:21:15,710

getting more expensive yeah so let's say

531

00:21:21,489 --> 00:21:18,230

you are a joint chief and your job is

532

00:21:26,590 --> 00:21:21,499

actually national security now if you

533

00:21:28,720 --> 00:21:26,600

look at where the centrist neoliberal

534

00:21:31,810 --> 00:21:28,730

imperial project was going to go

535

00:21:33,369 --> 00:21:31,820

including a lead up to a war with the

536

00:21:36,039 --> 00:21:33,379

world or any other sort of credible

537

00:21:38,799 --> 00:21:36,049

nuclear power as a way of running Oratia

538

00:21:41,229 --> 00:21:38,809

that's the empire model very expensive

539

00:21:43,720 --> 00:21:41,239

makes the fulfillment layer extremely

540

00:21:45,940 --> 00:21:43,730

rich so that sort of Clinton Network

541

00:21:48,489 --> 00:21:45,950

layer which isn't I'm not being partisan

542

00:21:50,109 --> 00:21:48,499

about that she took money the Clinton

543

00:21:51,909 --> 00:21:50,119

Foundation took money from anyone yeah

544

00:21:55,090 --> 00:21:51,919

but if you look at what happened say

545

00:21:59,529 --> 00:21:55,100

after you use Hillary's State Department

546

00:22:01,509 --> 00:21:59,539

to install Nazis in Ukraine and Crimea

547

00:22:03,489 --> 00:22:01,519

gets siphoned off but you also get like

548

00:22:04,869 --> 00:22:03,499

Biden's kid then running the energy

549

00:22:07,299 --> 00:22:04,879

company that's in there so you have this

550

00:22:10,570 --> 00:22:07,309

fulfill a lot of people got really

551
00:22:11,680 --> 00:22:10,580
really really rich on this central

552
00:22:13,299 --> 00:22:11,690
banking warfare model that's what

553
00:22:16,119 --> 00:22:13,309
Katherine Fritz would call it which is

554
00:22:18,039 --> 00:22:16,129
you collapse a country and you move

555
00:22:21,129 --> 00:22:18,049
American companies in that have access

556
00:22:22,960 --> 00:22:21,139
to essentially free money from a raising

557
00:22:25,509 --> 00:22:22,970
of debt perspective you collapse the

558
00:22:27,489 --> 00:22:25,519
country and you basically harvested by

559
00:22:29,919 --> 00:22:27,499
using money that you create so a lot of

560
00:22:32,649 --> 00:22:29,929
people got rich doing this and this is a

561
00:22:34,720 --> 00:22:32,659
sort of if you picture at pyramid like

562
00:22:36,940 --> 00:22:34,730
the pyramid this is what I call the

563
00:22:39,310 --> 00:22:36,950

fulfillment layer of empire so it's that

564

00:22:42,369 --> 00:22:39,320

sort of Bilderberg layer of people who

565

00:22:44,169 --> 00:22:42,379

do the heavy lifting and they got very

566

00:22:47,950 --> 00:22:44,179

rich doing it and it probably didn't get

567

00:22:51,070 --> 00:22:47,960

the memo from the national security

568

00:22:54,669 --> 00:22:51,080

senior management layer which is this

569

00:22:58,479 --> 00:22:54,679

model is making America poorer and less

570

00:23:01,330 --> 00:22:58,489

safe and my job is national security

571

00:23:02,289 --> 00:23:01,340

so we defeated comunit like you have to

572

00:23:04,869 --> 00:23:02,299

think about it from that point of view

573

00:23:07,029 --> 00:23:04,879

because I can't see how Trump would have

574

00:23:08,440 --> 00:23:07,039

won at anything as Russians Trump would

575

00:23:09,919 --> 00:23:08,450

not have won without military

576
00:23:13,549 --> 00:23:09,929
intelligence support right

577
00:23:16,720 --> 00:23:13,559
and so that's kind of where you follow

578
00:23:19,340 --> 00:23:16,730
the thread along to who is in fact

579
00:23:21,619 --> 00:23:19,350
making this decision and why and from a

580
00:23:23,060 --> 00:23:21,629
national security perspective because I

581
00:23:26,029 --> 00:23:23,070
know most of relations here American the

582
00:23:27,350 --> 00:23:26,039
thing is it not pro Trump or any net

583
00:23:28,820 --> 00:23:27,360
self in the least but the thing is

584
00:23:30,680 --> 00:23:28,830
they're actually correct the Empire was

585
00:23:31,220 --> 00:23:30,690
too expensive it makes the world less

586
00:23:36,980 --> 00:23:31,230
safe

587
00:23:38,720 --> 00:23:36,990
America poor so it needs to shift

588
00:23:40,580 --> 00:23:38,730

because you were running on a model that

589

00:23:42,409 --> 00:23:40,590

was designed to defeat communism and you

590

00:23:43,009 --> 00:23:42,419

ran on it for like 20 years longer than

591

00:23:45,440 --> 00:23:43,019

you needed to

592

00:23:47,779 --> 00:23:45,450

so now we're at that shift if I don't

593

00:23:51,230 --> 00:23:47,789

know why then the urgency was there to

594

00:23:53,539 --> 00:23:51,240

get that done in 2016 no idea probably

595

00:23:55,700 --> 00:23:53,549

has something to do with space given

596

00:23:57,470 --> 00:23:55,710

what subsequently happened including and

597

00:24:00,529 --> 00:23:57,480

I'll just describe that two things in

598

00:24:01,970 --> 00:24:00,539

particular it looked like and we've

599

00:24:03,499 --> 00:24:01,980

spoken about this I think last time when

600

00:24:07,669 --> 00:24:03,509

it comes to to the Stars Academy it

601
00:24:10,220 --> 00:24:07,679
looked like there was the appearance of

602
00:24:12,529 --> 00:24:10,230
all that kind of privatized underground

603
00:24:15,470 --> 00:24:12,539
based stuff the electrogravitics and all

604
00:24:18,409 --> 00:24:15,480
the toys we're going to sort of onboard

605
00:24:21,200 --> 00:24:18,419
into the global economy under a presumed

606
00:24:23,239 --> 00:24:21,210
Clinton regime where it can come through

607
00:24:24,710 --> 00:24:23,249
private means particularly the likes of

608
00:24:27,139 --> 00:24:24,720
Elon Musk and so on and if you look at

609
00:24:31,190 --> 00:24:27,149
what to the stars Academy's role I think

610
00:24:34,279 --> 00:24:31,200
was it was to be air cover and narrative

611
00:24:35,690 --> 00:24:34,289
for this onboarding of the really cool

612
00:24:37,190 --> 00:24:35,700
stuff that we used to talk about in

613
00:24:38,720 --> 00:24:37,200

conspiracy land about yeah

614

00:24:40,279 --> 00:24:38,730

electrogravitics and directed-energy

615

00:24:42,999 --> 00:24:40,289

weapons and all that those things which

616

00:24:44,960 --> 00:24:43,009

still exist even if Australia doesn't

617

00:24:48,350 --> 00:24:44,970

but if you look at what subsequently

618

00:24:49,789 --> 00:24:48,360

happened Elon Musk is now who was gonna

619

00:24:50,810 --> 00:24:49,799

be one of the principal vectors quite

620

00:24:52,580 --> 00:24:50,820

clearly I mean he was talking about

621

00:24:56,330 --> 00:24:52,590

hyper loops and all that kind of crazy

622

00:24:57,859 --> 00:24:56,340

Cold War tech he's gone insane might be

623

00:24:59,629 --> 00:24:57,869

mind control I don't know where the

624

00:25:01,730 --> 00:24:59,639

point is the Mandate of Heaven has been

625

00:25:04,129 --> 00:25:01,740

pulled from him and then if you look at

626

00:25:08,320 --> 00:25:04,139

those nomic comments Trump made about

627

00:25:10,820 --> 00:25:08,330

space force I would not be surprised if

628

00:25:13,159 --> 00:25:10,830

that was in fact describing a force

629

00:25:14,720 --> 00:25:13,169

majeure which is to say because there's

630

00:25:16,430 --> 00:25:14,730

already a lot of stuff up there most of

631

00:25:19,039 --> 00:25:16,440

which are in private hands as we know

632

00:25:20,720 --> 00:25:19,049

because of the various Freedom of

633

00:25:22,220 --> 00:25:20,730

Information Act responses which allowed

634

00:25:22,980 --> 00:25:22,230

for the privatization of things like

635

00:25:25,799 --> 00:25:22,990

everything else

636

00:25:27,660 --> 00:25:25,809

taxpayers pay for into corporate hands

637

00:25:31,020 --> 00:25:27,670

into military industrial hands away from

638

00:25:32,490 --> 00:25:31,030

FOIA reach and a force majeure is

639

00:25:34,830 --> 00:25:32,500

essentially because he's the thing if

640

00:25:37,740 --> 00:25:34,840

you are military intelligence and let's

641

00:25:41,070 --> 00:25:37,750

say Raytheon or Intel or whatever has

642

00:25:42,840 --> 00:25:41,080

some toys that are in private hands you

643

00:25:44,130 --> 00:25:42,850

can take them because what are they

644

00:25:46,710 --> 00:25:44,140

going to do take you to court they're

645

00:25:49,230 --> 00:25:46,720

not supposed to exist and I just wonder

646

00:25:51,150 --> 00:25:49,240

if when Trump was talking about space

647

00:25:52,650 --> 00:25:51,160

force that sounds at military

648

00:25:54,600 --> 00:25:52,660

intelligence Force Majeure to me which

649

00:25:57,299 --> 00:25:54,610

as I will in fact we are asserting

650

00:25:59,400 --> 00:25:57,309

military control over stuff that had

651
00:26:01,890 --> 00:25:59,410
been privatized and was going to make a

652
00:26:06,440 --> 00:26:01,900
fulfillment layer very very wealthy

653
00:26:09,380 --> 00:26:06,450
that's my guess as to one of the

654
00:26:12,150 --> 00:26:09,390
priorities of whoever the people behind

655
00:26:15,270 --> 00:26:12,160
putting a game show host in as president

656
00:26:17,669 --> 00:26:15,280
I think he actually believes and this is

657
00:26:19,380 --> 00:26:17,679
just excellent casting I think he

658
00:26:22,110 --> 00:26:19,390
actually genuinely believes the cover

659
00:26:24,600 --> 00:26:22,120
story so I actually think he thinks a

660
00:26:27,990 --> 00:26:24,610
trade war is good and I think they found

661
00:26:29,810 --> 00:26:28,000
someone who genuinely believes the cover

662
00:26:32,700 --> 00:26:29,820
stories they're going to use to

663
00:26:34,320 --> 00:26:32,710

reorganize the economy and again that

664

00:26:36,360 --> 00:26:34,330

has military intelligence fingers all

665

00:26:36,960 --> 00:26:36,370

over it because that's really well

666

00:26:40,200 --> 00:26:36,970

chosen

667

00:26:41,640 --> 00:26:40,210

yeah useful men that is a great

668

00:26:43,110 --> 00:26:41,650

breakdown and I really have been

669

00:26:45,750 --> 00:26:43,120

following these threads in your

670

00:26:48,480 --> 00:26:45,760

newsletter which to me every time I'm

671

00:26:50,640 --> 00:26:48,490

like okay there's what I should be

672

00:26:53,340 --> 00:26:50,650

looking for because it's really hard to

673

00:26:55,440 --> 00:26:53,350

parse out without someone who's digging

674

00:26:57,299 --> 00:26:55,450

like from the alternative perspective

675

00:26:59,340 --> 00:26:57,309

like you are because as we said most of

676

00:27:02,490 --> 00:26:59,350

the conspiracy world is distracted with

677

00:27:03,990 --> 00:27:02,500

these almost non issues when there's a

678

00:27:05,850 --> 00:27:04,000

lot of [h__h] going on and then the

679

00:27:07,919 --> 00:27:05,860

mainstream is only concerned with five

680

00:27:09,810 --> 00:27:07,929

people one of them is a porn star

681

00:27:12,540 --> 00:27:09,820

when there's billions of people and a

682

00:27:14,460 --> 00:27:12,550

lot of other stuff to look at so I just

683

00:27:17,070 --> 00:27:14,470

think that's a really good breakdown and

684

00:27:18,900 --> 00:27:17,080

the American consumers definitely got to

685

00:27:20,730 --> 00:27:18,910

be a bargaining chip we're well-trained

686

00:27:22,919 --> 00:27:20,740

we eat up the marketing we have more

687

00:27:25,470 --> 00:27:22,929

purchasing power than most populations

688

00:27:28,290 --> 00:27:25,480

yeah there's value in that in us as

689

00:27:31,440 --> 00:27:28,300

basically the American empires product

690

00:27:33,810 --> 00:27:31,450

there is an if you look at so the trade

691

00:27:36,030 --> 00:27:33,820

wall which Trump thinks and I think he

692

00:27:36,780 --> 00:27:36,040

believes this I think he believes if you

693

00:27:39,510 --> 00:27:36,790

correct

694

00:27:42,500 --> 00:27:39,520

the trade deficit with China it is

695

00:27:45,990 --> 00:27:42,510

better for the American economy now

696

00:27:48,540 --> 00:27:46,000

that's actually not what the tariffs and

697

00:27:52,110 --> 00:27:48,550

all the rest of it are for especially is

698

00:27:54,660 --> 00:27:52,120

if you if you in fact look at the stuff

699

00:27:56,940 --> 00:27:54,670

that is coming into the u.s. I mean most

700

00:27:58,260 --> 00:27:56,950

people think it's and this is true like

701
00:27:59,880 --> 00:27:58,270
the garbage and you get the little toy

702
00:28:01,740 --> 00:27:59,890
in your cereal that says Made in China

703
00:28:03,330 --> 00:28:01,750
in the bottom of it and they think China

704
00:28:05,550 --> 00:28:03,340
is actually just making actual garbage

705
00:28:08,010 --> 00:28:05,560
and tipping it into the US as a matter

706
00:28:10,590 --> 00:28:08,020
of fact a lot of the stuff that comes

707
00:28:12,930 --> 00:28:10,600
back from China is coming back because

708
00:28:15,180 --> 00:28:12,940
US companies about source manufacturing

709
00:28:18,000 --> 00:28:15,190
steps into China where it's cheaper so

710
00:28:20,280 --> 00:28:18,010
this idea of putting tariffs on US

711
00:28:24,690 --> 00:28:20,290
companies trying to bring stuff in

712
00:28:26,460 --> 00:28:24,700
right that's job but because there's

713
00:28:29,460 --> 00:28:26,470

tariffs exist those manufacturing steps

714

00:28:30,840 --> 00:28:29,470

will have to unboard so the other thing

715

00:28:32,490 --> 00:28:30,850

the stuff that comes right from China

716

00:28:34,440 --> 00:28:32,500

rather isn't garbage if you look at the

717

00:28:37,080 --> 00:28:34,450

things that the u.s. actually imports

718

00:28:39,210 --> 00:28:37,090

it's miles and miles of giant cement

719

00:28:41,790 --> 00:28:39,220

tubing and all the stuff that goes into

720

00:28:43,200 --> 00:28:41,800

building infrastructure for energy and

721

00:28:44,730 --> 00:28:43,210

the rest of it so you look at the trade

722

00:28:47,310 --> 00:28:44,740

deficit but you don't you realize that

723

00:28:51,420 --> 00:28:47,320

what's happening is US companies are

724

00:28:55,200 --> 00:28:51,430

buying cheap stuff that they need to

725

00:28:57,090 --> 00:28:55,210

grow GDP now I think he honestly thinks

726

00:28:59,190 --> 00:28:57,100

that the US should be in a trade surplus

727

00:29:02,730 --> 00:28:59,200

with China which is madness but

728

00:29:06,270 --> 00:29:02,740

nevertheless the impact of this is to

729

00:29:07,500 --> 00:29:06,280

reorganize and reshape the US economy to

730

00:29:10,110 --> 00:29:07,510

essentially be the only game in town

731

00:29:11,640 --> 00:29:10,120

that's the real reason behind tax reform

732

00:29:13,650 --> 00:29:11,650

and the next two that are coming and

733

00:29:16,190 --> 00:29:13,660

this is how you'll know it's true as

734

00:29:19,680 --> 00:29:16,200

eventually probably after the midterms

735

00:29:22,110 --> 00:29:19,690

so next year the tax reform phase two I

736

00:29:24,120 --> 00:29:22,120

suspect will include dramatic changes to

737

00:29:25,440 --> 00:29:24,130

inheritance tax and the other one you

738

00:29:27,180 --> 00:29:25,450

might have seen floating around at the

739

00:29:29,550 --> 00:29:27,190

moment I think I saw it in the intercept

740

00:29:31,830 --> 00:29:29,560

which is trumps going to give a hundred

741

00:29:35,550 --> 00:29:31,840

billion tax break to the very wealthy

742

00:29:38,070 --> 00:29:35,560

which he is that is the change to

743

00:29:40,290 --> 00:29:38,080

capital gains rules on investment in US

744

00:29:42,090 --> 00:29:40,300

shares that sounds boring but this is

745

00:29:46,350 --> 00:29:42,100

kind of why I think people have sort of

746

00:29:48,390 --> 00:29:46,360

retreated into Flat Earth NASA shell

747

00:29:49,600 --> 00:29:48,400

Goldberg the staff because you actually

748

00:29:51,729 --> 00:29:49,610

have to learn what

749

00:29:53,169 --> 00:29:51,739

interest in capital gains and so on are

750

00:29:56,009 --> 00:29:53,179

to understand what's happening but at

751

00:29:59,109 --> 00:29:56,019

the moment if you if in 1980 you put

752

00:30:01,690 --> 00:29:59,119

\$100,000 into the S&P when you try to

753

00:30:04,570 --> 00:30:01,700

sell it now you do it in real estate

754

00:30:06,879 --> 00:30:04,580

hundred in 1980 and you go to sell your

755

00:30:09,580 --> 00:30:06,889

house now you sell it for five fifty and

756

00:30:10,869 --> 00:30:09,590

you will pay capital gains on it but

757

00:30:13,419 --> 00:30:10,879

you're loading pay capital gains on the

758

00:30:16,060 --> 00:30:13,429

bit that is outside of inflation so

759

00:30:17,590 --> 00:30:16,070

you'll pay capital gains on the actual

760

00:30:20,499 --> 00:30:17,600

capital gains now if you put the money

761

00:30:22,539 --> 00:30:20,509

in shares one you'd make more money to

762

00:30:24,580 --> 00:30:22,549

be about one nine hundred to one point 1

763

00:30:28,060 --> 00:30:24,590

million if you put that hundred grand in

764

00:30:29,979 --> 00:30:28,070

the S&P rather than a house in 1980 but

765

00:30:32,769 --> 00:30:29,989

let's say it's a million you pay capital

766

00:30:34,330 --> 00:30:32,779

gains on the full nine hundred so what

767

00:30:35,889 --> 00:30:34,340

that does it's one of those perverse

768

00:30:38,710 --> 00:30:35,899

incentives that governments have

769

00:30:40,960 --> 00:30:38,720

historically used to get boomers to vote

770

00:30:43,960 --> 00:30:40,970

for them is that they made domestic

771

00:30:46,239 --> 00:30:43,970

property extremely appealing and also

772

00:30:48,940 --> 00:30:46,249

for internationals like China buying at

773

00:30:50,560 --> 00:30:48,950

US inventory as well so yes a lot of

774

00:30:52,149 --> 00:30:50,570

rich people are about to get a whole lot

775

00:30:54,549 --> 00:30:52,159

more money because if they get that

776

00:30:58,840 --> 00:30:54,559

change through you'll have to strip out

777

00:31:00,369 --> 00:30:58,850

inflation between 1980 and 2018 and then

778

00:31:01,869 --> 00:31:00,379

work out what your actual capital gains

779

00:31:04,239 --> 00:31:01,879

are and then only pay the tax on that

780

00:31:05,759 --> 00:31:04,249

but look at what signal that sends to

781

00:31:09,639 --> 00:31:05,769

the rest of the money in the world

782

00:31:12,340 --> 00:31:09,649

inheritance tax gone and we will

783

00:31:15,129 --> 00:31:12,350

quote-unquote fairly only tax you on

784

00:31:18,399 --> 00:31:15,139

actual capital gains you should buy US

785

00:31:20,560 --> 00:31:18,409

companies so you see what he's doing

786

00:31:23,289 --> 00:31:20,570

not what he's doing but what the plan is

787

00:31:26,019 --> 00:31:23,299

is a complete reorganization of a kind

788

00:31:29,440 --> 00:31:26,029

of hyper growth of an American economy

789

00:31:32,859 --> 00:31:29,450

and that's where the subtext of the

790

00:31:35,259 --> 00:31:32,869

various trade wars and smacking yuka up

791

00:31:36,820 --> 00:31:35,269

and down he's about if you're watching

792

00:31:39,279 --> 00:31:36,830

this you think he's a lunatic or an

793

00:31:41,970 --> 00:31:39,289

idiot he may well be but let me assure

794

00:31:45,549 --> 00:31:41,980

you if you actually look at the money

795

00:31:47,859 --> 00:31:45,559

someone has a plan right yeah that's

796

00:31:50,049 --> 00:31:47,869

great I totally agree with the premise

797

00:31:53,379 --> 00:31:50,059

that someone has a plan and that this is

798

00:31:55,029 --> 00:31:53,389

not the term Kuh was used in the

799

00:31:57,399 --> 00:31:55,039

beginning and I don't think Kuh is

800

00:31:59,529 --> 00:31:57,409

accurate because it's just a wiping out

801
00:32:01,119 --> 00:31:59,539
of as you say the fulfillment layer but

802
00:32:02,990 --> 00:32:01,129
the higher levels of the power pyramid

803
00:32:04,549 --> 00:32:03,000
are the ones with the stray

804
00:32:06,190 --> 00:32:04,559
and they're just kind of moving the

805
00:32:08,930 --> 00:32:06,200
marionettes in a different direction

806
00:32:10,730 --> 00:32:08,940
it's sort of a coup like you guys have

807
00:32:12,289 --> 00:32:10,740
had several though if you consider the

808
00:32:14,750 --> 00:32:12,299
bush-gore election if you consider the

809
00:32:16,279 --> 00:32:14,760
assassination of JFK like you guys are

810
00:32:19,130 --> 00:32:16,289
Rubin on and Republic when it comes to

811
00:32:22,520 --> 00:32:19,140
having coos so people who say that are

812
00:32:24,409 --> 00:32:22,530
kind of a bit correct but usually that

813
00:32:26,720 --> 00:32:24,419

comes out of the Trump is a God Emperor

814

00:32:29,840 --> 00:32:26,730

here to save the world which is wrong

815

00:32:31,370 --> 00:32:29,850

that is another correct statement but in

816

00:32:33,909 --> 00:32:31,380

a way it is kind of a coup because it

817

00:32:37,520 --> 00:32:33,919

was unexpected from the entire

818

00:32:38,840 --> 00:32:37,530

bureaucratic infrastructure of the we

819

00:32:40,450 --> 00:32:38,850

might as well call the New World Order

820

00:32:44,090 --> 00:32:40,460

but that kind of anglo-american

821

00:32:48,230 --> 00:32:44,100

technocratic EU management plan the sort

822

00:32:50,120 --> 00:32:48,240

of g7 was not expecting Trump so it is

823

00:32:51,799 --> 00:32:50,130

in that sense a coup but it's a coup as

824

00:32:53,330 --> 00:32:51,809

you rightly point out of people at a

825

00:32:54,620 --> 00:32:53,340

fulfilment layer so I just don't think

826
00:32:55,730 --> 00:32:54,630
they got the memo because I don't think

827
00:32:57,799 --> 00:32:55,740
they would have been happy with the

828
00:33:00,770 --> 00:32:57,809
change because they've got very rich

829
00:33:04,370 --> 00:33:00,780
with this central banking warfare Empire

830
00:33:07,730 --> 00:33:04,380
right right I just really appreciate

831
00:33:09,620 --> 00:33:07,740
that whole outlook and to kind of zoom

832
00:33:11,450 --> 00:33:09,630
out on things a little bit I wanted to

833
00:33:13,580 --> 00:33:11,460
read a quote from your blog that I think

834
00:33:15,860 --> 00:33:13,590
fits in well here and also refreshes the

835
00:33:18,169 --> 00:33:15,870
memory of our last show but you say I

836
00:33:20,330 --> 00:33:18,179
just keep coming back to Charles for its

837
00:33:22,700 --> 00:33:20,340
model of dominance under the dominant

838
00:33:24,860 --> 00:33:22,710

model the rules of reality really do

839

00:33:27,470 --> 00:33:24,870

change based on what is included and

840

00:33:29,299 --> 00:33:27,480

excluded as quote real there's a lot to

841

00:33:31,070 --> 00:33:29,309

be said for thinking with that notion

842

00:33:33,620 --> 00:33:31,080

when it comes to how you formulate

843

00:33:36,350 --> 00:33:33,630

change making in both your own life and

844

00:33:38,390 --> 00:33:36,360

the wider world as in all things too

845

00:33:41,090 --> 00:33:38,400

often generals are fighting the last war

846

00:33:42,950 --> 00:33:41,100

and whatever is going on whatever has

847

00:33:45,409 --> 00:33:42,960

probably always been going on is

848

00:33:47,779 --> 00:33:45,419

spiritual warfare in one sense or

849

00:33:49,070 --> 00:33:47,789

another and I really like that so two

850

00:33:51,320 --> 00:33:49,080

things there we talked about the

851
00:33:53,950 --> 00:33:51,330
dominant model last time but maybe you

852
00:33:56,630 --> 00:33:53,960
could expand on its usefulness in

853
00:33:58,669 --> 00:33:56,640
keeping that model in mind and also of

854
00:34:00,710 --> 00:33:58,679
keeping that higher game in mind as

855
00:34:01,950 --> 00:34:00,720
opposed to what the generals might be

856
00:34:06,180 --> 00:34:01,960
doing

857
00:34:08,669 --> 00:34:06,190
yes so here's the real challenge I think

858
00:34:10,710 --> 00:34:08,679
with because like you

859
00:34:12,869 --> 00:34:10,720
I've not pro-trump all the stuff that

860
00:34:15,119 --> 00:34:12,879
the anti-trump people say is true he is

861
00:34:17,870 --> 00:34:15,129
racist to his sexist he's an awful

862
00:34:19,960 --> 00:34:17,880
person he's just awful

863
00:34:22,690 --> 00:34:19,970

nevertheless

864

00:34:25,329 --> 00:34:22,700

40% of this military intelligence plan

865

00:34:27,460 --> 00:34:25,339

is good as far as I can see because Adi

866

00:34:28,809 --> 00:34:27,470

risks nuclear war with Russia and I mean

867

00:34:29,800 --> 00:34:28,819

you guys a majority American so you

868

00:34:32,680 --> 00:34:29,810

might be hearing is going well actually

869

00:34:34,750 --> 00:34:32,690

it is probably good that the global

870

00:34:35,980 --> 00:34:34,760

order is being reorganized as an

871

00:34:38,109 --> 00:34:35,990

American the global or is being

872

00:34:39,869 --> 00:34:38,119

reorganized to prioritize America for

873

00:34:43,030 --> 00:34:39,879

once because America is essentially

874

00:34:45,970 --> 00:34:43,040

harvested to fund the growth of the

875

00:34:48,040 --> 00:34:45,980

Empire like all your money left to go

876

00:34:50,050 --> 00:34:48,050

and get yield elsewhere and now that

877

00:34:53,109 --> 00:34:50,060

that game is up that money's coming back

878

00:34:56,169 --> 00:34:53,119

so some of what's happening is good now

879

00:34:57,640 --> 00:34:56,179

a lot of it isn't a lot of it really

880

00:34:58,960 --> 00:34:57,650

isn't because they're kind of at that

881

00:35:00,730 --> 00:34:58,970

point in the timeline we're at our

882

00:35:04,510 --> 00:35:00,740

fourth turning and there really is a

883

00:35:07,150 --> 00:35:04,520

tremendous amount of you know toxicity

884

00:35:08,980 --> 00:35:07,160

and outright public racism and all this

885

00:35:11,130 --> 00:35:08,990

like a lot of those concerns are also

886

00:35:14,410 --> 00:35:11,140

true so you look at it and think

887

00:35:15,849 --> 00:35:14,420

generals fighting the last war well what

888

00:35:17,980 --> 00:35:15,859

do we do about that because this stuff

889

00:35:19,750 --> 00:35:17,990

is disgusting it's gonna get worse

890

00:35:22,120 --> 00:35:19,760

- he's gonna bring out the racist sexist

891

00:35:24,130 --> 00:35:22,130

dog whistle in the lead-up to the

892

00:35:27,099 --> 00:35:24,140

midterms but I don't know if you saw the

893

00:35:29,260 --> 00:35:27,109

other week that video of him doing both

894

00:35:31,990 --> 00:35:29,270

being both racist and sexist about

895

00:35:33,640 --> 00:35:32,000

Elizabeth Warren and in also talking

896

00:35:35,859 --> 00:35:33,650

essentially about how rich she is which

897

00:35:38,140 --> 00:35:35,869

is you know get a million dollars if you

898

00:35:41,640 --> 00:35:38,150

go and get tested for First Nations

899

00:35:43,960 --> 00:35:41,650

heritage and it's this just

900

00:35:46,870 --> 00:35:43,970

magnificently vile

901
00:35:48,910 --> 00:35:46,880
combination of racism and sexism and

902
00:35:51,609 --> 00:35:48,920
throwing money around and he's so good

903
00:35:54,640 --> 00:35:51,619
at it so this stuff is there in the

904
00:35:56,530 --> 00:35:54,650
discourse and it's disgusting so what do

905
00:35:57,940 --> 00:35:56,540
you do about it and this is the generals

906
00:36:01,450 --> 00:35:57,950
fighting the last war thing you look at

907
00:36:03,849 --> 00:36:01,460
and go there is activating so being an

908
00:36:06,490 --> 00:36:03,859
activist used to be marching and

909
00:36:08,859 --> 00:36:06,500
whatever and arguably that had some

910
00:36:11,890 --> 00:36:08,869
effects during something like Vietnam or

911
00:36:12,640 --> 00:36:11,900
Korea but it doesn't no no they get

912
00:36:14,470 --> 00:36:12,650
doesn't work

913
00:36:15,910 --> 00:36:14,480

it actually makes everything worse so

914

00:36:17,980 --> 00:36:15,920

here's the strategy of it like you can

915

00:36:18,700 --> 00:36:17,990

be so angry about this and no I need to

916

00:36:21,609 --> 00:36:18,710

get on the March

917

00:36:23,170 --> 00:36:21,619

the March just further reinforces the

918

00:36:25,510 --> 00:36:23,180

people that respond to the dog whistle

919

00:36:27,339 --> 00:36:25,520

that they're correct and as a result it

920

00:36:28,950 --> 00:36:27,349

further reinforces the people who might

921

00:36:30,960 --> 00:36:28,960

think they're left but they're actually

922

00:36:34,020 --> 00:36:30,970

neoliberal apologists

923

00:36:36,510 --> 00:36:34,030

for Empire they think oh well this is

924

00:36:38,130 --> 00:36:36,520

getting worse and it is getting worse so

925

00:36:39,750 --> 00:36:38,140

this entire strategy needs to be

926

00:36:40,890 --> 00:36:39,760

reconsidered this is the generals

927

00:36:42,300 --> 00:36:40,900

fighting the last war do you think well

928

00:36:44,160 --> 00:36:42,310

I'm not happy and rightly so

929

00:36:45,960 --> 00:36:44,170

about the state of discourse in the

930

00:36:48,540 --> 00:36:45,970

world but in particular the US where

931

00:36:50,910 --> 00:36:48,550

there really is a lot of gross racist

932

00:36:52,440 --> 00:36:50,920

and whatever stuff happening the

933

00:36:54,240 --> 00:36:52,450

marchers used to work now they don't so

934

00:36:56,400 --> 00:36:54,250

what do we do if they make them worse

935

00:36:59,010 --> 00:36:56,410

we need another strategy and that's kind

936

00:37:00,600 --> 00:36:59,020

of where the dominant of wider

937

00:37:01,800 --> 00:37:00,610

inclusions comes in which is well we're

938

00:37:03,810 --> 00:37:01,810

in this new world we're in a fourth

939

00:37:06,720 --> 00:37:03,820

turning and there are things we actually

940

00:37:08,310 --> 00:37:06,730

know there are things we know from 140

941

00:37:10,770 --> 00:37:08,320

years of SCI research there are things

942

00:37:11,220 --> 00:37:10,780

people who have taken their spiritual

943

00:37:14,790 --> 00:37:11,230

journey

944

00:37:17,640 --> 00:37:14,800

seriously know which is the spiritual is

945

00:37:20,070 --> 00:37:17,650

real and so as a result these wars are

946

00:37:24,090 --> 00:37:20,080

always cosmic but they are differently

947

00:37:26,760 --> 00:37:24,100

cosmic when we know that your intentions

948

00:37:28,140 --> 00:37:26,770

can fundamentally alter reality and I

949

00:37:30,060 --> 00:37:28,150

don't just mean magic I just mean

950

00:37:33,240 --> 00:37:30,070

general intentionality although

951
00:37:35,990 --> 00:37:33,250
obviously any magic and so you think

952
00:37:38,730 --> 00:37:36,000
well then how does this work if the

953
00:37:40,860 --> 00:37:38,740
collectivist let's get a big enough

954
00:37:45,270 --> 00:37:40,870
group of people and march on Washington

955
00:37:47,000 --> 00:37:45,280
strategy will fail but a decentralized

956
00:37:50,130 --> 00:37:47,010
well let's all become little Rivendell

957
00:37:52,860 --> 00:37:50,140
so let's see how can I make my sphere of

958
00:37:56,130 --> 00:37:52,870
influence better how can I make it less

959
00:37:58,230 --> 00:37:56,140
toxic the things that I can do how can i

960
00:38:00,690 --> 00:37:58,240
elevate them and then you have this kind

961
00:38:02,850 --> 00:38:00,700
of mycelial connection of a

962
00:38:05,040 --> 00:38:02,860
decentralized people trying to change

963
00:38:07,200 --> 00:38:05,050

the world of millions of little

964

00:38:10,320 --> 00:38:07,210

Rivendell because the decentralized

965

00:38:12,540 --> 00:38:10,330

model is much more that wider inclusion

966

00:38:14,160 --> 00:38:12,550

it's not the sort of pre-internet solver

967

00:38:16,650 --> 00:38:14,170

we just need to get a lot of people

968

00:38:18,540 --> 00:38:16,660

together and all in the one space and

969

00:38:20,370 --> 00:38:18,550

then someone somewhere will listen and

970

00:38:24,090 --> 00:38:20,380

things will change that the management

971

00:38:26,370 --> 00:38:24,100

of the world is not responsive at all so

972

00:38:28,590 --> 00:38:26,380

what it is you think should happen not

973

00:38:30,210 --> 00:38:28,600

at all you could get all of California

974

00:38:33,000 --> 00:38:30,220

to march on Washington and nothing would

975

00:38:34,980 --> 00:38:33,010

change it's just not going to happen

976

00:38:37,590 --> 00:38:34,990

what is surprising to me is that

977

00:38:39,960 --> 00:38:37,600

arguably except for maybe Vietnam it's

978

00:38:41,730 --> 00:38:39,970

never worked we're trying to do more

979

00:38:42,510 --> 00:38:41,740

something that not only has probably

980

00:38:43,860 --> 00:38:42,520

never worked

981

00:38:46,800 --> 00:38:43,870

looking at the kind of data of how

982

00:38:48,150 --> 00:38:46,810

history unfolds and also is definitely

983

00:38:49,560 --> 00:38:48,160

not going to work but we do have the

984

00:38:51,690 --> 00:38:49,570

data that shows that there is in fact

985

00:38:54,330 --> 00:38:51,700

something that does and so there's been

986

00:38:56,910 --> 00:38:54,340

a real challenge in navigating because

987

00:38:59,850 --> 00:38:56,920

if you approach that from a materialist

988

00:39:03,540 --> 00:38:59,860

perspective particularly if you are a

989

00:39:06,150 --> 00:39:03,550

centrist materialist it sounds like

990

00:39:07,500 --> 00:39:06,160

inaction and I have to be careful with

991

00:39:08,190 --> 00:39:07,510

these words because it's actually the

992

00:39:10,410 --> 00:39:08,200

opposite

993

00:39:11,850 --> 00:39:10,420

I see people putting their [h__h] hats on

994

00:39:14,160 --> 00:39:11,860

and going for a walk and I go that's

995

00:39:18,230 --> 00:39:14,170

inaction to me because that won't do

996

00:39:20,850 --> 00:39:18,240

anything yeah so I get the hater-aide

997

00:39:22,140 --> 00:39:20,860

because they see what I'm doing is

998

00:39:23,400 --> 00:39:22,150

inaction but I'm like I think it's

999

00:39:25,680 --> 00:39:23,410

actually the only thing that will work

1000

00:39:27,960 --> 00:39:25,690

yes like I honestly think it's the only

1001

00:39:30,720 --> 00:39:27,970

thing that will work so who's the

1002

00:39:33,150 --> 00:39:30,730

inactive one you know and what a great

1003

00:39:35,070 --> 00:39:33,160

tea up for the Bilbo stuff you know

1004

00:39:37,230 --> 00:39:35,080

right at the right time look at you

1005

00:39:39,540 --> 00:39:37,240

seasoned pro but yeah let's get into

1006

00:39:42,450 --> 00:39:39,550

some that stuff you know we talked about

1007

00:39:44,880 --> 00:39:42,460

the archetype of Jack Sparrow as a model

1008

00:39:47,610 --> 00:39:44,890

for living in a chaotic world once upon

1009

00:39:49,530 --> 00:39:47,620

a time and I think movie characters are

1010

00:39:51,450 --> 00:39:49,540

great templates for people because we're

1011

00:39:53,670 --> 00:39:51,460

all pretty familiar with them you did a

1012

00:39:56,880 --> 00:39:53,680

recent solo show that really dug into

1013

00:39:58,980 --> 00:39:56,890

Bilbo Baggins and just like Jack Sparrow

1014

00:40:00,810 --> 00:39:58,990

probably not a place where a lot of

1015

00:40:03,300 --> 00:40:00,820

people would expect to find any sort of

1016

00:40:06,780 --> 00:40:03,310

model but I think you do make some good

1017

00:40:08,490 --> 00:40:06,790

points what can we learn about the way

1018

00:40:11,080 --> 00:40:08,500

to approach the world and maybe restore

1019

00:40:15,670 --> 00:40:11,090

some hope through looking at mr. B

1020

00:40:17,650 --> 00:40:15,680

yeah I still have my 90s Chaos magic DNA

1021

00:40:19,390 --> 00:40:17,660

which is that sort of interest in pop

1022

00:40:21,490 --> 00:40:19,400

culture that tends to annoy the more

1023

00:40:25,150 --> 00:40:21,500

serious magically inclined people huh

1024

00:40:27,760 --> 00:40:25,160

that's my favorite part same I kind of

1025

00:40:31,120 --> 00:40:27,770

delight in doing that the Jack Sparrow

1026

00:40:33,550 --> 00:40:31,130

stuff still holds from a economic

1027

00:40:36,400 --> 00:40:33,560

advantage perspective and for at least

1028

00:40:39,130 --> 00:40:36,410

half the morality maybe even more what

1029

00:40:41,260 --> 00:40:39,140

Bilbo has to offer and this is when by

1030

00:40:43,540 --> 00:40:41,270

Bilbo we're obviously talking about

1031

00:40:45,250 --> 00:40:43,550

token in general and his inception of

1032

00:40:48,580 --> 00:40:45,260

middle-earth and what's important about

1033

00:40:50,380 --> 00:40:48,590

that is that he did go to war and we

1034

00:40:51,520 --> 00:40:50,390

have the premium members and I

1035

00:40:53,890 --> 00:40:51,530

definitely have a very yummy and

1036

00:40:56,350 --> 00:40:53,900

understanding of what middle-earth is

1037

00:40:58,420 --> 00:40:56,360

and what Bilbo represents and whilst

1038

00:41:00,880 --> 00:40:58,430

Tolkien himself may not have articulated

1039

00:41:03,250 --> 00:41:00,890

in those terms he asserted there was a

1040

00:41:04,450 --> 00:41:03,260

certain kind of reality to this stuff so

1041

00:41:06,450 --> 00:41:04,460

let's just say Bill there was a certain

1042

00:41:10,480 --> 00:41:06,460

archetype but there is a tremendous

1043

00:41:13,830 --> 00:41:10,490

wisdom in looking at his journey versus

1044

00:41:16,030 --> 00:41:13,840

what you might get in a more recent

1045

00:41:16,960 --> 00:41:16,040

matter we want to say action film I

1046

00:41:19,540 --> 00:41:16,970

don't even know if there's a term

1047

00:41:21,160 --> 00:41:19,550

anymore but in a more recent film that's

1048

00:41:24,580 --> 00:41:21,170

like an adventure where you have a hero

1049

00:41:26,530 --> 00:41:24,590

and what generally happens is are you

1050

00:41:29,170 --> 00:41:26,540

Star Wars as an example so you pluck

1051

00:41:31,420 --> 00:41:29,180

this little farm boy off his firm and by

1052

00:41:33,850 --> 00:41:31,430

the end of the trilogy he fights and

1053

00:41:35,170 --> 00:41:33,860

defeats the big bad guy so either

1054

00:41:37,830 --> 00:41:35,180

definitely with the emperor or whatever

1055

00:41:42,160 --> 00:41:37,840

you want and that is the hero's journey

1056

00:41:44,800 --> 00:41:42,170

so that is a sort of encapsulation of an

1057

00:41:47,380 --> 00:41:44,810

individual process it doesn't describe

1058

00:41:49,180 --> 00:41:47,390

reality very well so it's useful to kind

1059

00:41:50,950 --> 00:41:49,190

of think with the idea and whoever you

1060

00:41:52,720 --> 00:41:50,960

are you are that hero in your life but

1061

00:41:55,030 --> 00:41:52,730

if you look at earlier would it be in

1062

00:41:58,030 --> 00:41:55,040

the world and what it is we can actually

1063

00:42:00,250 --> 00:41:58,040

do what child could manage to describe

1064

00:42:01,870 --> 00:42:00,260

and whether this was intentional and

1065

00:42:03,640 --> 00:42:01,880

based on the fact that he went to war

1066

00:42:05,470 --> 00:42:03,650

and others didn't mean loss and friends

1067

00:42:07,720 --> 00:42:05,480

and and what it was people were fighting

1068

00:42:09,100 --> 00:42:07,730

for and so on easily did Bilbo and Bilbo

1069

00:42:10,840 --> 00:42:09,110

is the main character of the huh Bertram

1070

00:42:14,610 --> 00:42:10,850

he used the hobbit of The Hobbit

1071

00:42:18,490 --> 00:42:14,620

obviously and he gets swept up by the

1072

00:42:19,210 --> 00:42:18,500

forces of history so stuff is going on

1073

00:42:22,180 --> 00:42:19,220

in the world

1074

00:42:23,740 --> 00:42:22,190

I noticed it more because I hadn't after

1075

00:42:24,910 --> 00:42:23,750

I finished the Q 2 course and premium

1076

00:42:28,360 --> 00:42:24,920

members I gave myself a few

1077

00:42:30,700 --> 00:42:28,370

days to decompress and I watched I think

1078

00:42:32,740 --> 00:42:30,710

for the first time ever the extended

1079

00:42:33,760 --> 00:42:32,750

Hobbit trilogy all through in a couple

1080

00:42:35,530 --> 00:42:33,770

of days like I'd seen them all before

1081

00:42:38,410 --> 00:42:35,540

but I hadn't done it as a single session

1082

00:42:40,090 --> 00:42:38,420

situation wow I don't recommend it if

1083

00:42:42,760 --> 00:42:40,100

you busy but otherwise do recommend it

1084

00:42:44,680 --> 00:42:42,770

and there's the pieces that Peter

1085

00:42:46,300 --> 00:42:44,690

Jackson has gotten right that Tolkien

1086

00:42:48,490 --> 00:42:46,310

who had done better than told could not

1087

00:42:50,100 --> 00:42:48,500

many but there are a few and one of them

1088

00:42:55,000 --> 00:42:50,110

I think in The Hobbit is to kind of

1089

00:42:56,500 --> 00:42:55,010

build a bit more tension and importance

1090

00:42:58,660 --> 00:42:56,510

to the story because one of the

1091

00:43:00,670 --> 00:42:58,670

criticisms that was leveled at token

1092

00:43:02,140 --> 00:43:00,680

after he wrote Lord of the Rings was

1093

00:43:04,150 --> 00:43:02,150

well you've turned Gandalf into this

1094

00:43:05,920 --> 00:43:04,160

amazing character and there's this huge

1095

00:43:07,870 --> 00:43:05,930

cosmic battle going on for middle-earth

1096

00:43:10,300 --> 00:43:07,880

so why in the hell was Gandalf going on

1097

00:43:12,100 --> 00:43:10,310

effectively a treasure hunt or I heard

1098

00:43:13,870 --> 00:43:12,110

once described as an eating tour of

1099

00:43:15,340 --> 00:43:13,880

middle-earth in The Hobbit and why did

1100

00:43:16,840 --> 00:43:15,350

he not recognize the ring so it's

1101
00:43:19,300 --> 00:43:16,850
because the first book is for kids and

1102
00:43:21,370 --> 00:43:19,310
the follow-up book was once token it

1103
00:43:22,840 --> 00:43:21,380
more deeply engaged with that imaginal

1104
00:43:26,290 --> 00:43:22,850
realm the whole thing comes roaring

1105
00:43:29,190 --> 00:43:26,300
through but Bilbo is not a Luke

1106
00:43:30,690 --> 00:43:29,200
Skywalker hero he swept up

1107
00:43:33,539 --> 00:43:30,700
by the forces of history at

1108
00:43:35,700 --> 00:43:33,549
moment-by-moment wherever he is he

1109
00:43:38,400 --> 00:43:35,710
basically does the best he can

1110
00:43:40,799 --> 00:43:38,410
in that small way of hobbits he does the

1111
00:43:43,020 --> 00:43:40,809
best he can and he doesn't even end up

1112
00:43:46,230 --> 00:43:43,030
fighting the main bad guy he doesn't

1113
00:43:49,410 --> 00:43:46,240

kill the dragon and he doesn't kill Asik

1114

00:43:51,780 --> 00:43:49,420

or whatever the big oak guy that it

1115

00:43:55,349 --> 00:43:51,790

effectively Peter in Renton so he's just

1116

00:43:57,299 --> 00:43:55,359

sort of there but and this is the wisdom

1117

00:43:59,460 --> 00:43:57,309

that you get from Bilbo and middle-earth

1118

00:44:01,140 --> 00:43:59,470

and it's articulated you know strange

1119

00:44:03,270 --> 00:44:01,150

way by Galadriel in fellowship with the

1120

00:44:05,760 --> 00:44:03,280

ring even the smallest of us can change

1121

00:44:09,150 --> 00:44:05,770

the course of history because the events

1122

00:44:11,069 --> 00:44:09,160

would not have unfolded if Bilbo hadn't

1123

00:44:14,490 --> 00:44:11,079

effectively trying to do his best at

1124

00:44:17,430 --> 00:44:14,500

every moment winning or not and he's not

1125

00:44:19,980 --> 00:44:17,440

the hero he's not the guys that kill the

1126

00:44:21,319 --> 00:44:19,990

Dragons and and you know fights our on

1127

00:44:25,079 --> 00:44:21,329

and all that kind of stuff and that

1128

00:44:27,030 --> 00:44:25,089

seemed to me a really good model of or a

1129

00:44:29,730 --> 00:44:27,040

potential source of inspiration for how

1130

00:44:33,059 --> 00:44:29,740

it is how you decide to do what you can

1131

00:44:35,670 --> 00:44:33,069

do in the world because you don't get to

1132

00:44:38,309 --> 00:44:35,680

fight Celeron so you don't

1133

00:44:40,920 --> 00:44:38,319

single-handedly defeat Trump or whatever

1134

00:44:44,370 --> 00:44:40,930

it is you consider to be sour like that

1135

00:44:46,680 --> 00:44:44,380

is not for you that's not your fate but

1136

00:44:48,960 --> 00:44:46,690

nevertheless there are stuff you can do

1137

00:44:51,059 --> 00:44:48,970

and it appears that history works like

1138

00:44:54,420 --> 00:44:51,069

this it's not just middle-earth history

1139

00:44:56,670 --> 00:44:54,430

works in this nonlinear unpredictable

1140

00:44:59,579 --> 00:44:56,680

way little moments over there's actually

1141

00:45:02,069 --> 00:44:59,589

macro sweeps on a cycle basis but not

1142

00:45:04,950 --> 00:45:02,079

being rude to that waitress because you

1143

00:45:07,380 --> 00:45:04,960

had a bad day you don't actually know if

1144

00:45:09,660 --> 00:45:07,390

that isn't the thing that changes the

1145

00:45:11,460 --> 00:45:09,670

whole world and that's the kind of Bilbo

1146

00:45:13,349 --> 00:45:11,470

lesson like you do your best in these

1147

00:45:16,500 --> 00:45:13,359

situations and generally try not to be a

1148

00:45:18,569 --> 00:45:16,510

dick in that asserting sovereignties of

1149

00:45:21,210 --> 00:45:18,579

which is from the word in trying to make

1150

00:45:22,559 --> 00:45:21,220

your sphere of influence better you

1151

00:45:24,539 --> 00:45:22,569

don't know if you're Bilbo you don't

1152

00:45:27,420 --> 00:45:24,549

know if you were the thing that rules

1153

00:45:29,609 --> 00:45:27,430

the fate of many which was the kind of

1154

00:45:33,240 --> 00:45:29,619

really delightful twist in all the books

1155

00:45:36,120 --> 00:45:33,250

which is he decides not to kill Gollum

1156

00:45:37,530 --> 00:45:36,130

in The Hobbit in the book as well as the

1157

00:45:40,210 --> 00:45:37,540

movie after he's got the ring in his

1158

00:45:42,880 --> 00:45:40,220

hair invisible and he can kill

1159

00:45:45,070 --> 00:45:42,890

but doesn't and it's the pity that stays

1160

00:45:47,680 --> 00:45:45,080

real boat hand is the line and because

1161

00:45:49,210 --> 00:45:47,690

of that so Bilbo's pity ruled the fate

1162

00:45:51,730 --> 00:45:49,220

of many because obviously you jump all

1163

00:45:53,349 --> 00:45:51,740

the way to Return of the King and Gollum

1164

00:45:56,520 --> 00:45:53,359

needs to be alive for the ring to be

1165

00:45:59,890 --> 00:45:56,530

destroyed and that's that kind of weird

1166

00:46:04,349 --> 00:45:59,900

spiritual wisdom that you find in token

1167

00:46:08,620 --> 00:46:04,359

that I think suggests I think suggests a

1168

00:46:10,990 --> 00:46:08,630

more effective way of I guess being an

1169

00:46:13,660 --> 00:46:11,000

activist if we know but the collective

1170

00:46:15,130 --> 00:46:13,670

approach doesn't work you don't know if

1171

00:46:18,339 --> 00:46:15,140

whatever it is you're doing in your

1172

00:46:20,890 --> 00:46:18,349

sphere he's going to be the thing that

1173

00:46:23,470 --> 00:46:20,900

ends up destroying the ring and that's

1174

00:46:25,930 --> 00:46:23,480

really encouraging that's actually glass

1175

00:46:28,150 --> 00:46:25,940

half-full yeah that's what I'm trying to

1176

00:46:30,070 --> 00:46:28,160

get across to people is this isn't

1177

00:46:32,470 --> 00:46:30,080

settling and this isn't inaction it's

1178

00:46:34,480 --> 00:46:32,480

the opposite and it's a hope because it

1179

00:46:36,160 --> 00:46:34,490

has for me my hope it provides a

1180

00:46:37,660 --> 00:46:36,170

framework for people's really

1181

00:46:39,430 --> 00:46:37,670

understandable sense of like I need to

1182

00:46:41,950 --> 00:46:39,440

do something because the world should be

1183

00:46:43,990 --> 00:46:41,960

better yes and if you have the options

1184

00:46:46,570 --> 00:46:44,000

of protesting or going you know what I'm

1185

00:46:49,420 --> 00:46:46,580

actually just gonna try and be that

1186

00:46:51,760 --> 00:46:49,430

little Rivendell see how far I can Riven

1187

00:46:55,120 --> 00:46:51,770

down my life and that's why I think

1188

00:46:57,400 --> 00:46:55,130

Bilbo is the hero for our times I love

1189

00:47:00,370 --> 00:46:57,410

it I think it's a great response to the

1190

00:47:02,530 --> 00:47:00,380

general doom and gloom and I do think

1191

00:47:04,660 --> 00:47:02,540

you're right as well I've always kind of

1192

00:47:06,520 --> 00:47:04,670

thought no matter how the conversations

1193

00:47:10,359 --> 00:47:06,530

were going on the show about how bad

1194

00:47:11,710 --> 00:47:10,369

things are that trends yeah you can pick

1195

00:47:14,290 --> 00:47:11,720

out the trend and it might be a

1196

00:47:16,300 --> 00:47:14,300

decades-long trend but trends have

1197

00:47:19,240 --> 00:47:16,310

counter reactions when they reach a

1198

00:47:21,700 --> 00:47:19,250

certain point usually and here we are

1199

00:47:24,700 --> 00:47:21,710

talking about this giant pivot and all

1200

00:47:27,250 --> 00:47:24,710

this kind of [h__\h] but on an individual

1201
00:47:30,730 --> 00:47:27,260
level man I mean what kind of Bilbo

1202
00:47:33,609 --> 00:47:30,740
esque butterfly effects as you put it

1203
00:47:36,460 --> 00:47:33,619
small things with outsized fate impacts

1204
00:47:37,870 --> 00:47:36,470
can people do in our world I know we can

1205
00:47:41,170 --> 00:47:37,880
be nice to the waitress sure but

1206
00:47:44,589 --> 00:47:41,180
anything more activist tea yeah

1207
00:47:48,820 --> 00:47:44,599
absolutely I mean if you are and I did

1208
00:47:51,880 --> 00:47:48,830
it your political leverage decreases

1209
00:47:52,510 --> 00:47:51,890
every step you go up to the point where

1210
00:47:54,340 --> 00:47:52,520
I mean

1211
00:47:55,810 --> 00:47:54,350
even at a state level it's zero but like

1212
00:47:58,570 --> 00:47:55,820
let's just say you get up to the

1213
00:48:00,820 --> 00:47:58,580

president and it's zero or negative but

1214

00:48:03,580 --> 00:48:00,830

if you are interested in like saying

1215

00:48:04,990 --> 00:48:03,590

actually I need something meteor my

1216

00:48:06,850 --> 00:48:05,000

goodness if you don't know your

1217

00:48:09,190 --> 00:48:06,860

sheriff's name and your mayor's name and

1218

00:48:11,110 --> 00:48:09,200

the rest of it that's where you start

1219

00:48:13,150 --> 00:48:11,120

you actually start at a local level and

1220

00:48:15,220 --> 00:48:13,160

this is that thing Catherine says this

1221

00:48:16,510 --> 00:48:15,230

as well like a mighty army arises when

1222

00:48:17,770 --> 00:48:16,520

you do that because think of the

1223

00:48:20,080 --> 00:48:17,780

distribution of people listening to this

1224

00:48:21,880 --> 00:48:20,090

show you must have maybe one in every

1225

00:48:25,330 --> 00:48:21,890

county in the US it's not that many

1226

00:48:28,000 --> 00:48:25,340

counties so there's a leverage

1227

00:48:30,550 --> 00:48:28,010

opportunity here of being active at a

1228

00:48:32,200 --> 00:48:30,560

lower level so it's not just trying to

1229

00:48:34,360 --> 00:48:32,210

be Jesus in your day to day life and

1230

00:48:36,450 --> 00:48:34,370

just being nice to people you actually

1231

00:48:39,790 --> 00:48:36,460

can get involved with the trouble is

1232

00:48:42,160 --> 00:48:39,800

because of how dominant this macro

1233

00:48:44,830 --> 00:48:42,170

narrative that you cannot impact is

1234

00:48:46,030 --> 00:48:44,840

people think that that's the battle and

1235

00:48:47,980 --> 00:48:46,040

that's what they need to do but you have

1236

00:48:50,740 --> 00:48:47,990

never been able to influence a president

1237

00:48:53,320 --> 00:48:50,750

over a monarch or something you've never

1238

00:48:55,030 --> 00:48:53,330

been able to and you just think can you

1239

00:48:57,010 --> 00:48:55,040

imagine like what did he die tomorrow

1240

00:48:58,570 --> 00:48:57,020

can you imagine being at the gates of

1241

00:48:59,800 --> 00:48:58,580

you know so peter's gates and you know

1242

00:49:02,050 --> 00:48:59,810

so what did you do how did you try to

1243

00:49:04,150 --> 00:49:02,060

save the world and went well i yelled at

1244

00:49:06,700 --> 00:49:04,160

the president on twitter and i was just

1245

00:49:10,180 --> 00:49:06,710

generally unbelievably toxic to people

1246

00:49:13,240 --> 00:49:10,190

around me because i was so angry and you

1247

00:49:15,670 --> 00:49:13,250

think do you try and explain your steps

1248

00:49:17,080 --> 00:49:15,680

to st. peter and see if you're heading

1249

00:49:19,600 --> 00:49:17,090

in the right direction so there's the

1250

00:49:21,400 --> 00:49:19,610

local activism there is also broadly

1251
00:49:23,860 --> 00:49:21,410
speaking spiritual warfare there's also

1252
00:49:25,990 --> 00:49:23,870
the fact that you can use prayer and

1253
00:49:28,690 --> 00:49:26,000
intentions you make the world better you

1254
00:49:30,880 --> 00:49:28,700
can also use your economic clout an

1255
00:49:33,220 --> 00:49:30,890
individual economic wrap to buy with

1256
00:49:34,570 --> 00:49:33,230
integrity now that's very often a

1257
00:49:36,430 --> 00:49:34,580
marketing scam particularly if you're

1258
00:49:38,170 --> 00:49:36,440
shopping in supermarkets and so on but

1259
00:49:40,360 --> 00:49:38,180
it need not be you just need to kind of

1260
00:49:42,610 --> 00:49:40,370
set yourself up a policy of going I'm

1261
00:49:45,880 --> 00:49:42,620
going to spend the most amount possible

1262
00:49:48,400 --> 00:49:45,890
the closest distance possible to my

1263
00:49:50,920 --> 00:49:48,410

house and it stemmed out from there on

1264

00:49:52,270 --> 00:49:50,930

everything so if you can find and

1265

00:49:54,520 --> 00:49:52,280

obviously the people you deal with have

1266

00:49:57,390 --> 00:49:54,530

that integrity and so on but there are a

1267

00:49:59,970 --> 00:49:57,400

bunch of ways that you can start

1268

00:50:02,400 --> 00:49:59,980

greening the desert by getting involved

1269

00:50:03,900 --> 00:50:02,410

politically by engaging in spiritual

1270

00:50:06,420 --> 00:50:03,910

warfare in the correct way which is

1271

00:50:09,000 --> 00:50:06,430

essentially trying to make things better

1272

00:50:11,310 --> 00:50:09,010

around you and praying for certain macro

1273

00:50:12,630 --> 00:50:11,320

stuff so not being toxic but going for

1274

00:50:15,690 --> 00:50:12,640

increased peace or increased tolerance

1275

00:50:17,760 --> 00:50:15,700

or so on these things have been proven

1276
00:50:19,710 --> 00:50:17,770
to work there are decades of research

1277
00:50:21,990 --> 00:50:19,720
behind this kind of stuff so it's not

1278
00:50:23,340 --> 00:50:22,000
inaction it's the opposite and then

1279
00:50:25,710 --> 00:50:23,350
there's the economic that the thing is

1280
00:50:27,750 --> 00:50:25,720
it depends on your context so you can

1281
00:50:29,730 --> 00:50:27,760
really only say macro things because I

1282
00:50:32,220 --> 00:50:29,740
don't know what your particular bilbo

1283
00:50:33,840 --> 00:50:32,230
experience would be in the show you

1284
00:50:36,540 --> 00:50:33,850
mentioned I also kind of say like that

1285
00:50:37,830 --> 00:50:36,550
actually scales up so we were talking

1286
00:50:39,270 --> 00:50:37,840
about the Joint Chiefs earlier like if

1287
00:50:41,820 --> 00:50:39,280
you have a very senior job at the

1288
00:50:44,880 --> 00:50:41,830

Pentagon and you are responsible for

1289

00:50:47,400 --> 00:50:44,890

things like drone striking your many

1290

00:50:49,680 --> 00:50:47,410

weddings and all the rest of it in a

1291

00:50:51,570 --> 00:50:49,690

funny way that's still a bilbo

1292

00:50:54,030 --> 00:50:51,580

experience because you have to rely on

1293

00:50:55,380 --> 00:50:54,040

your personal experience of the

1294

00:50:57,540 --> 00:50:55,390

immediate surrounds which is your

1295

00:50:59,580 --> 00:50:57,550

workplace and you want to be conscious

1296

00:51:01,950 --> 00:50:59,590

of the thoughts and that you're bringing

1297

00:51:04,770 --> 00:51:01,960

to it and consider the morality of

1298

00:51:06,510 --> 00:51:04,780

either doing this or not doing it even

1299

00:51:09,180 --> 00:51:06,520

though you were told to and so on so

1300

00:51:11,520 --> 00:51:09,190

this is kind of the bilbo experience of

1301
00:51:14,339 --> 00:51:11,530
changing the stuff you can around you in

1302
00:51:17,130 --> 00:51:14,349
fact scales up so it's almost like

1303
00:51:17,759 --> 00:51:17,140
the individual thing works at every

1304
00:51:19,229 --> 00:51:17,769
scale

1305
00:51:22,559 --> 00:51:19,239
so again if where you are in your

1306
00:51:25,650 --> 00:51:22,569
context will determine what it is you

1307
00:51:27,779 --> 00:51:25,660
can actually do and there is some good

1308
00:51:29,909 --> 00:51:27,789
stuff as well as a sense of sort of

1309
00:51:31,799 --> 00:51:29,919
waiting for there's some good stuff in

1310
00:51:34,349 --> 00:51:31,809
the collective action one of them I

1311
00:51:35,219 --> 00:51:34,359
think you guys have way too many federal

1312
00:51:37,289 --> 00:51:35,229
agencies right

1313
00:51:39,239 --> 00:51:37,299

way too many way too many people with

1314

00:51:41,370 --> 00:51:39,249

guns that can take you from your houses

1315

00:51:43,169 --> 00:51:41,380

and either deport you or whatever it is

1316

00:51:46,109 --> 00:51:43,179

there's buildup of them so you look at

1317

00:51:47,759 --> 00:51:46,119

what the centrist Democrats have decided

1318

00:51:49,380 --> 00:51:47,769

to be a wedge issue and this is the bit

1319

00:51:51,299 --> 00:51:49,390

where you have to say this Britain say

1320

00:51:52,319 --> 00:51:51,309

it's not a pro Trump statement because

1321

00:51:54,779 --> 00:51:52,329

you go to look at the glass half-full

1322

00:51:59,309 --> 00:51:54,789

which is the whole ice deportation thing

1323

00:52:01,229 --> 00:51:59,319

which is vile it is looking like I don't

1324

00:52:03,239 --> 00:52:01,239

care which federal agency you start with

1325

00:52:06,419 --> 00:52:03,249

if ice end up getting abolished great

1326
00:52:08,489 --> 00:52:06,429
now move on to ATF or DEA or any of

1327
00:52:13,640 --> 00:52:08,499
these other like dozen things that does

1328
00:52:15,689 --> 00:52:13,650
the same stuff for you which is tyranny

1329
00:52:17,669 --> 00:52:15,699
they're trying to use it as a wedge

1330
00:52:19,589 --> 00:52:17,679
issue and this is the bit that sounds

1331
00:52:23,219 --> 00:52:19,599
proton Pat isn't it's like a wedge issue

1332
00:52:25,890 --> 00:52:23,229
for a US policy that long predates the

1333
00:52:28,799 --> 00:52:25,900
current administration so that's the bit

1334
00:52:30,059 --> 00:52:28,809
where you got to be careful and seize

1335
00:52:31,289 --> 00:52:30,069
the opportunity because you don't want

1336
00:52:32,789 --> 00:52:31,299
to fall into the bait at being like

1337
00:52:34,199 --> 00:52:32,799
abolish ice but this is just a

1338
00:52:36,390 --> 00:52:34,209

continuation of policy that's getting

1339

00:52:38,130 --> 00:52:36,400

caught in and partisan weeds watch that

1340

00:52:41,819 --> 00:52:38,140

stuff and go there might in fact be an

1341

00:52:43,439 --> 00:52:41,829

opportunity to start unpicking various

1342

00:52:46,259 --> 00:52:43,449

federal agencies and it starts with oh

1343

00:52:49,469 --> 00:52:46,269

it's great so that's the sort of weirder

1344

00:52:53,279 --> 00:52:49,479

higher mind thinking that allows you to

1345

00:52:54,929 --> 00:52:53,289

combine local political action with you

1346

00:52:56,999 --> 00:52:54,939

might be in a swing state that you might

1347

00:52:59,009 --> 00:52:57,009

have someone who's promising some action

1348

00:53:02,849 --> 00:52:59,019

that you agree with when it comes to ice

1349

00:53:04,949 --> 00:53:02,859

in particular vote for them across the

1350

00:53:06,329 --> 00:53:04,959

aisle if you think this is we're in that

1351

00:53:08,969 --> 00:53:06,339

stage of being that kind of strategic

1352

00:53:11,669 --> 00:53:08,979

and is there's so much stuff we could do

1353

00:53:13,109 --> 00:53:11,679

I know it's really bad out there and I

1354

00:53:16,559 --> 00:53:13,119

know you just kind of have to take a few

1355

00:53:18,959 --> 00:53:16,569

deep breaths realize that maybe you need

1356

00:53:21,479 --> 00:53:18,969

to re-educate a reorganize your thoughts

1357

00:53:25,100 --> 00:53:21,489

about how the world is being managed and

1358

00:53:26,330 --> 00:53:25,110

just there's so much humans can't die I

1359

00:53:28,100 --> 00:53:26,340

have this conversations well you

1360

00:53:29,900 --> 00:53:28,110

actually can't be killed by what's going

1361

00:53:31,130 --> 00:53:29,910

on even if you are physically murdered

1362

00:53:33,320 --> 00:53:31,140

you're not dead

1363

00:53:37,190 --> 00:53:33,330

the thing that you really are can't be

1364

00:53:38,870 --> 00:53:37,200

destroyed so there's so much power and

1365

00:53:42,740 --> 00:53:38,880

people don't realize they're playing

1366

00:53:45,740 --> 00:53:42,750

reality in god mode because you are God

1367

00:53:48,500 --> 00:53:45,750

so it's an attitudinal adjustment that

1368

00:53:52,490 --> 00:53:48,510

allows you to live your best to build

1369

00:53:53,720 --> 00:53:52,500

their life I guess yeah well said and

1370

00:53:57,320 --> 00:53:53,730

you know I like a good video game

1371

00:53:59,840 --> 00:53:57,330

reference and something else from that

1372

00:54:02,390 --> 00:53:59,850

episode that I really liked was the

1373

00:54:03,800 --> 00:54:02,400

picture you painted of a future that

1374

00:54:05,780 --> 00:54:03,810

I've never really heard described

1375

00:54:07,490 --> 00:54:05,790

anywhere else because like you said on

1376

00:54:10,520 --> 00:54:07,500

the last show you expect antigravity

1377

00:54:13,040 --> 00:54:10,530

crafts and those sort of quarantine deep

1378

00:54:15,320 --> 00:54:13,050

state toys to start getting rolled out

1379

00:54:17,950 --> 00:54:15,330

possibly in the next two years which

1380

00:54:21,110 --> 00:54:17,960

seems incredibly soon given how

1381

00:54:23,720 --> 00:54:21,120

political timelines work but we also

1382

00:54:26,930 --> 00:54:23,730

need to get back to living amongst

1383

00:54:31,130 --> 00:54:26,940

natural system so talk to us about this

1384

00:54:32,360 --> 00:54:31,140

hobbit hole flying saucer vision of the

1385

00:54:37,070 --> 00:54:32,370

future because I thought it was quite

1386

00:54:39,770 --> 00:54:37,080

creative right if you look at how the

1387

00:54:42,260 --> 00:54:39,780

kind of stuff that's in the proverbial

1388

00:54:45,530 --> 00:54:42,270

underground bases probably works in a

1389

00:54:47,420 --> 00:54:45,540

way that is the propulsion system by

1390

00:54:49,460 --> 00:54:47,430

definition and I think dr. Laviolette is

1391

00:54:52,640 --> 00:54:49,470

probably the closest in terms of it

1392

00:54:54,200 --> 00:54:52,650

being electric Riddick it's almost a

1393

00:54:56,390 --> 00:54:54,210

development on Tesla in the sense that

1394

00:54:58,940 --> 00:54:56,400

you're dealing with using counter

1395

00:55:00,830 --> 00:54:58,950

rotation to create like a local gravity

1396

00:55:03,050 --> 00:55:00,840

affected you have that quote-unquote

1397

00:55:04,320 --> 00:55:03,060

free energy I think that's probably what

1398

00:55:05,160 --> 00:55:04,330

it is

1399

00:55:06,750 --> 00:55:05,170

I think that's probably the best

1400

00:55:09,300 --> 00:55:06,760

description it's a more accurate way of

1401
00:55:10,920 --> 00:55:09,310
saying it because inevitably he's going

1402
00:55:13,200 --> 00:55:10,930
to be wrong because he doesn't build

1403
00:55:15,210 --> 00:55:13,210
these things right well the implication

1404
00:55:17,580 --> 00:55:15,220
of that as opposed to how we use

1405
00:55:21,750 --> 00:55:17,590
hydrocarbons in a combustion engine to

1406
00:55:23,700 --> 00:55:21,760
propel things around in gravity is a

1407
00:55:26,160 --> 00:55:23,710
quote unquote Flying Saucer is

1408
00:55:28,950 --> 00:55:26,170
essentially natural because it

1409
00:55:31,530 --> 00:55:28,960
harmonizes with how the universe works

1410
00:55:32,970 --> 00:55:31,540
or else it wouldn't now you can kind of

1411
00:55:35,700 --> 00:55:32,980
make the case that hydrocarbons do

1412
00:55:37,740 --> 00:55:35,710
because you are sort of releasing their

1413
00:55:39,780 --> 00:55:37,750

stored energy in a series of small

1414

00:55:41,220 --> 00:55:39,790

explosions that will then drive Pistons

1415

00:55:43,020 --> 00:55:41,230

that will then move your car and you

1416

00:55:44,850 --> 00:55:43,030

know fine but that's not actually what I

1417

00:55:46,980 --> 00:55:44,860

mean I mean the fact that these things

1418

00:55:49,470 --> 00:55:46,990

can work continuously in at high speeds

1419

00:55:51,210 --> 00:55:49,480

in space sort of puts it in a different

1420

00:55:52,950 --> 00:55:51,220

category I mean in this free energy

1421

00:55:54,900 --> 00:55:52,960

category now you mentioned the farm at

1422

00:55:56,970 --> 00:55:54,910

the beginning of the episode the

1423

00:55:59,940 --> 00:55:56,980

beginning the year I moved on to a small

1424

00:56:01,380 --> 00:55:59,950

farm in southern Tasmania it's a very

1425

00:56:03,000 --> 00:56:01,390

green permaculture designer the

1426

00:56:06,330 --> 00:56:03,010

intention over the next few years is to

1427

00:56:07,530 --> 00:56:06,340

fully permaculture space and have the

1428

00:56:09,450 --> 00:56:07,540

house optimized from that kind of

1429

00:56:11,640 --> 00:56:09,460

perspective and one of the things that

1430

00:56:13,920 --> 00:56:11,650

you will find in the permaculture

1431

00:56:16,140 --> 00:56:13,930

designers manual in a way but also in

1432

00:56:18,570 --> 00:56:16,150

more recently retro suburbia by David

1433

00:56:20,850 --> 00:56:18,580

holmgren excellent book is this idea of

1434

00:56:22,380 --> 00:56:20,860

a cool cupboard now a cool cupboard is

1435

00:56:24,420 --> 00:56:22,390

pretty much just what it sounds it's a

1436

00:56:25,590 --> 00:56:24,430

fridge replacement so it's a ladder that

1437

00:56:27,710 --> 00:56:25,600

you have in your house and how it works

1438

00:56:30,570 --> 00:56:27,720

is that you dig a trench a meter deep

1439

00:56:33,120 --> 00:56:30,580

about 15 to 20 meters long and you put a

1440

00:56:34,440 --> 00:56:33,130

pipe in it and obviously sticks up so it

1441

00:56:36,870 --> 00:56:34,450

gets air in in the middle of your yard

1442

00:56:38,430 --> 00:56:36,880

or so on but this is the equivalent of

1443

00:56:40,080 --> 00:56:38,440

the flying saucer because people in

1444

00:56:44,370 --> 00:56:40,090

permaculture will describe that as a

1445

00:56:47,250 --> 00:56:44,380

low-energy solution but it's free energy

1446

00:56:50,970 --> 00:56:47,260

because it is how you are harmonizing

1447

00:56:53,160 --> 00:56:50,980

with how the universe actually runs so

1448

00:56:54,750 --> 00:56:53,170

the air comes from outside through the

1449

00:56:57,750 --> 00:56:54,760

pipe where it's deep enough and long

1450

00:56:59,550 --> 00:56:57,760

enough that obviously stored heat gets

1451
00:57:01,560 --> 00:56:59,560
stripped out so that by the time it

1452
00:57:04,380 --> 00:57:01,570
sticks up through your floor and into

1453
00:57:06,360 --> 00:57:04,390
your cool cupboard or fridge replacement

1454
00:57:08,550 --> 00:57:06,370
the air is cool and the thing is

1455
00:57:10,650 --> 00:57:08,560
refrigerators haven't actually improved

1456
00:57:12,750 --> 00:57:10,660
even though they can now text you and

1457
00:57:14,790 --> 00:57:12,760
say pick up milk or order it from Amazon

1458
00:57:15,900 --> 00:57:14,800
and all this other ridiculous monitoring

1459
00:57:17,930 --> 00:57:15,910
stuff that you don't need in your life

1460
00:57:21,020 --> 00:57:17,940
there's was science behind

1461
00:57:22,520 --> 00:57:21,030
why we refrigerate food hasn't changed

1462
00:57:24,319 --> 00:57:22,530
that much and is if anything gotten

1463
00:57:29,660 --> 00:57:24,329

worse as our food supply chains of

1464

00:57:32,030 --> 00:57:29,670

lengthened so if you talk to say I did a

1465

00:57:34,609 --> 00:57:32,040

documentary on Falun Gong off well and

1466

00:57:36,589 --> 00:57:34,619

artha a long time ago so you have

1467

00:57:38,870 --> 00:57:36,599

Chinese mystics and Chinese energy

1468

00:57:40,670 --> 00:57:38,880

workers who will tell you that for some

1469

00:57:42,170 --> 00:57:40,680

reason that she and Western stomachs is

1470

00:57:43,940 --> 00:57:42,180

really cold and slow and then they

1471

00:57:45,349 --> 00:57:43,950

worked out are you guys eat refrigerated

1472

00:57:47,750 --> 00:57:45,359

food this is not how it's supposed to

1473

00:57:50,359 --> 00:57:47,760

work but most of the stuff that we keep

1474

00:57:52,130 --> 00:57:50,369

refrigerated doesn't need to be as cold

1475

00:57:53,780 --> 00:57:52,140

as it is so cheese is a very good

1476

00:57:55,040 --> 00:57:53,790

example and it needs to breathe and

1477

00:57:56,089 --> 00:57:55,050

whatever and you just put the kind of

1478

00:57:57,800 --> 00:57:56,099

stuff that doesn't need to be

1479

00:57:59,120 --> 00:57:57,810

refrigerated towards the bottom of the

1480

00:58:01,250 --> 00:57:59,130

cool cupboard then you stack it up

1481

00:58:03,829 --> 00:58:01,260

towards things that need less of it

1482

00:58:05,120 --> 00:58:03,839

again at the top you would have leafy

1483

00:58:08,720 --> 00:58:05,130

greens and things that you're gonna eat

1484

00:58:11,180 --> 00:58:08,730

recently so this this Flying Saucer cool

1485

00:58:13,160 --> 00:58:11,190

cupboard combination is how it's again

1486

00:58:15,099 --> 00:58:13,170

one of those utopian things how can you

1487

00:58:17,680 --> 00:58:15,109

live in a way

1488

00:58:20,890 --> 00:58:17,690

that the natural functioning of the

1489

00:58:23,470 --> 00:58:20,900

universe helped you grow or improve your

1490

00:58:25,630 --> 00:58:23,480

life rather than makes it worse and

1491

00:58:28,120 --> 00:58:25,640

there's just this amazing opportunity to

1492

00:58:29,620 --> 00:58:28,130

start thinking this I think this is the

1493

00:58:32,739 --> 00:58:29,630

point of utopia is rather than to have

1494

00:58:34,989 --> 00:58:32,749

them fulfilled which never works it's to

1495

00:58:38,410 --> 00:58:34,999

kind of dangle at the edge of our

1496

00:58:40,059 --> 00:58:38,420

perception that star to follow and to

1497

00:58:42,130 --> 00:58:40,069

always be hopeful and to have it improve

1498

00:58:44,559 --> 00:58:42,140

so for me there's a lot of things you

1499

00:58:46,960 --> 00:58:44,569

can actually do just by changing your

1500

00:58:50,559 --> 00:58:46,970

perception about the kind of cosmos you

1501
00:58:53,559 --> 00:58:50,569
actually live in that invites again more

1502
00:58:55,870 --> 00:58:53,569
optimism mm-hmm yeah I just think that

1503
00:58:58,079 --> 00:58:55,880
is a great kind of utopian vision for

1504
00:59:00,690 --> 00:58:58,089
the future because it hasn't really been

1505
00:59:04,749 --> 00:59:00,700
put on the big screen you know as much

1506
00:59:06,849 --> 00:59:04,759
sci-fi dystopian utopian future driven

1507
00:59:10,029 --> 00:59:06,859
stuff we've been given I've never really

1508
00:59:12,489 --> 00:59:10,039
seen a kind of back to nature paradigm

1509
00:59:14,859 --> 00:59:12,499
with a flying saucer parked in the

1510
00:59:17,440 --> 00:59:14,869
driveway in a little hobbit I think it's

1511
00:59:19,870 --> 00:59:17,450
very cool yeah the closest you'll get is

1512
00:59:22,839 --> 00:59:19,880
a little grin some of her work but yes

1513
00:59:25,359 --> 00:59:22,849

my perfect vision for the future so my

1514

00:59:27,339 --> 00:59:25,369

utopia I think it would look like a

1515

00:59:29,799 --> 00:59:27,349

perfected Polynesian Society

1516

00:59:32,680 --> 00:59:29,809

so we're multiplanetary and you have

1517

00:59:36,039 --> 00:59:32,690

local governments organized by bioregion

1518

00:59:37,630 --> 00:59:36,049

and it's all River catchment because if

1519

00:59:39,309 --> 00:59:37,640

you did it this way you would that's

1520

00:59:41,200 --> 00:59:39,319

your soul for pollution around the world

1521

00:59:42,910 --> 00:59:41,210

literally the same thing went through a

1522

00:59:45,430 --> 00:59:42,920

Mars and so there's this kind of

1523

00:59:46,989 --> 00:59:45,440

combination of high-technology us moving

1524

00:59:48,160 --> 00:59:46,999

between multiple planets and within

1525

00:59:50,200 --> 00:59:48,170

those planets we are actually

1526
00:59:52,180 --> 00:59:50,210
harmonizing with the local biosphere and

1527
00:59:54,880 --> 00:59:52,190
having that kind of local economy and

1528
00:59:57,549 --> 00:59:54,890
food production systems that improve the

1529
00:59:59,559 --> 00:59:57,559
soil and the planet rather than make

1530
01:00:01,269 --> 00:59:59,569
them worse so the thing is as far as I

1531
01:00:03,729 --> 01:00:01,279
can tell we do have flying saucers we do

1532
01:00:06,450 --> 01:00:03,739
a permaculture whatever it's not going

1533
01:00:09,849 --> 01:00:06,460
to happen but my utopia could happen

1534
01:00:12,519 --> 01:00:09,859
yeah well that's kind of a thread that

1535
01:00:14,229 --> 01:00:12,529
I've explored on the show that kind of

1536
01:00:15,759 --> 01:00:14,239
surprised me that I didn't know I would

1537
01:00:18,940 --> 01:00:15,769
love so much and I know there's much

1538
01:00:21,309 --> 01:00:18,950

more to explore but those kind of

1539

01:00:23,890 --> 01:00:21,319

alternative scientists who looked for

1540

01:00:26,529 --> 01:00:23,900

things more in tune with nature like a

1541

01:00:28,910 --> 01:00:26,539

viktor schauberger or wilhelm reich you

1542

01:00:30,860 --> 01:00:28,920

know Tesla I guess I've done shows

1543

01:00:32,300 --> 01:00:30,870

to get into Native American abundance

1544

01:00:35,900 --> 01:00:32,310

engineering because we think they just

1545

01:00:37,970 --> 01:00:35,910

lived like huh play it as it lies but

1546

01:00:39,920 --> 01:00:37,980

that isn't the case they actually did

1547

01:00:41,840 --> 01:00:39,930

things to engineer the abundance and

1548

01:00:44,600 --> 01:00:41,850

that's like such a paradigm change and

1549

01:00:47,360 --> 01:00:44,610

so incorporating all that kind of stuff

1550

01:00:50,720 --> 01:00:47,370

with high-technology deep state toys I

1551

01:00:55,820 --> 01:00:50,730

mean that is pretty much my utopia -

1552

01:00:58,520 --> 01:00:55,830

that seems so fun right and this is a

1553

01:01:02,060 --> 01:00:58,530

pretty heavy thing to end on but I gotta

1554

01:01:04,790 --> 01:01:02,070

I gotta ask you because I think you have

1555

01:01:07,130 --> 01:01:04,800

an insight into conspiracy magic and

1556

01:01:10,070 --> 01:01:07,140

psychology which are all involved here

1557

01:01:12,860 --> 01:01:10,080

but lately I have seen more than one

1558

01:01:15,590 --> 01:01:12,870

person I know go through a classic -

1559

01:01:18,830 --> 01:01:15,600

deep down the rabbit hole psychological

1560

01:01:20,420 --> 01:01:18,840

break hospitalization in one case and it

1561

01:01:24,260 --> 01:01:20,430

weighs really heavy on me as a

1562

01:01:26,600 --> 01:01:24,270

conspiracy peddler but it also seems to

1563

01:01:28,280 --> 01:01:26,610

be an archetype of philosophers who

1564

01:01:32,030 --> 01:01:28,290

think too hard and go over the edge

1565

01:01:33,710 --> 01:01:32,040

classic the number 23 kind of stuff and

1566

01:01:37,430 --> 01:01:33,720

it happens with conspiratorial thinkers

1567

01:01:39,380 --> 01:01:37,440

and magic practitioners and we can use

1568

01:01:42,560 --> 01:01:39,390

medical terms like bipolar or

1569

01:01:44,900 --> 01:01:42,570

schizophrenic but being someone who has

1570

01:01:46,370 --> 01:01:44,910

what I think is a more accurate model

1571

01:01:48,260 --> 01:01:46,380

for things like the mind and

1572

01:01:50,000 --> 01:01:48,270

consciousness and where ideas even come

1573

01:01:52,610 --> 01:01:50,010

from and how spirits can interact with

1574

01:01:55,880 --> 01:01:52,620

us sometimes without us knowing what do

1575

01:01:58,010 --> 01:01:55,890

you think is happening to a person who

1576

01:02:00,710 --> 01:01:58,020

goes through that process and maybe

1577

01:02:03,320 --> 01:02:00,720

never comes back the same because I'm

1578

01:02:05,780 --> 01:02:03,330

really not satisfied with just the

1579

01:02:08,270 --> 01:02:05,790

clinical psychology explanation

1580

01:02:10,940 --> 01:02:08,280

yeah well that's understandable because

1581

01:02:14,060 --> 01:02:10,950

it's based on a faulty science of mind

1582

01:02:17,060 --> 01:02:14,070

which is quite materialist so I want to

1583

01:02:18,560 --> 01:02:17,070

be clear that having just said that even

1584

01:02:19,970 --> 01:02:18,570

though the classifications are arbitrary

1585

01:02:22,010 --> 01:02:19,980

for people that their mental illness is

1586

01:02:24,350 --> 01:02:22,020

a real thing etc this is Anna Tom Cruise

1587

01:02:25,790 --> 01:02:24,360

statement so there is psychotic breaks

1588

01:02:28,190 --> 01:02:25,800

and that's what I'm going to talk about

1589

01:02:29,330 --> 01:02:28,200

now in a way which is fundamentally

1590

01:02:31,700 --> 01:02:29,340

different to something like bipolar

1591

01:02:33,830 --> 01:02:31,710

disorder and what have you thoughts are

1592

01:02:35,600 --> 01:02:33,840

real Greg that's kind of what you are

1593

01:02:38,180 --> 01:02:35,610

intimating like they're real they have

1594

01:02:40,370 --> 01:02:38,190

some kind of reality if you haven't

1595

01:02:42,280 --> 01:02:40,380

improved which is the materialist one is

1596

01:02:44,890 --> 01:02:42,290

100% wrong so any

1597

01:02:46,830 --> 01:02:44,900

idealism whatever you want next step up

1598

01:02:50,350 --> 01:02:46,840

from that you're in a better situation

1599

01:02:52,510 --> 01:02:50,360

the implications of a even ninety-nine

1600

01:02:53,950 --> 01:02:52,520

percent wrong the science of mind is

1601

01:02:55,840 --> 01:02:53,960

that the thoughts have some reality

1602

01:02:58,210 --> 01:02:55,850

they're not just in your head they

1603

01:02:59,800 --> 01:02:58,220

extend beyond it thoughts may have

1604

01:03:02,800 --> 01:02:59,810

people rather than people have thoughts

1605

01:03:04,210 --> 01:03:02,810

which is a very Union idea so they're

1606

01:03:05,800 --> 01:03:04,220

real which means some of them are

1607

01:03:07,630 --> 01:03:05,810

dangerous and I don't mean dangerous

1608

01:03:09,670 --> 01:03:07,640

that you should avoid them but they can

1609

01:03:12,850 --> 01:03:09,680

fascinate you under the rocks in the

1610

01:03:13,990 --> 01:03:12,860

same way a mermaid can and as a result

1611

01:03:15,790 --> 01:03:14,000

if you're getting too involved in

1612

01:03:17,710 --> 01:03:15,800

anything and it doesn't even need to be

1613

01:03:20,140 --> 01:03:17,720

conspiracy guess what

1614

01:03:22,600 --> 01:03:20,150

first time for you meditation time for

1615

01:03:24,340 --> 01:03:22,610

you all of these things because yeah you

1616

01:03:26,950 --> 01:03:24,350

use some really good examples there of

1617

01:03:28,150 --> 01:03:26,960

just various geniuses and musical

1618

01:03:31,230 --> 01:03:28,160

prodigies and all that kind of stuff

1619

01:03:33,700 --> 01:03:31,240

other than just magicians whatever the

1620

01:03:36,370 --> 01:03:33,710

however you want to call it the imaginal

1621

01:03:40,270 --> 01:03:36,380

or the mindscape or what-have-you has a

1622

01:03:43,200 --> 01:03:40,280

reality and very often if you don't know

1623

01:03:47,260 --> 01:03:43,210

that going in you are in a situation of

1624

01:03:50,200 --> 01:03:47,270

increased risk of hitting those rocks so

1625

01:03:52,270 --> 01:03:50,210

yeah and it is a case of especially if

1626

01:03:54,490 --> 01:03:52,280

you're under situations of anxiety and

1627

01:03:57,160 --> 01:03:54,500

so on at the same time like if you want

1628

01:03:59,740 --> 01:03:57,170

to think these thoughts if you actually

1629

01:04:00,280 --> 01:03:59,750

want to follow and want is maybe the

1630

01:04:01,840 --> 01:04:00,290

wrong word

1631

01:04:03,900 --> 01:04:01,850

this is always comes back to the kind of

1632

01:04:08,650 --> 01:04:03,910

T loss of conspiracy in the first place

1633

01:04:10,900 --> 01:04:08,660

if you feel you should follow these very

1634

01:04:12,490 --> 01:04:10,910

bad people whatever they happen to be

1635

01:04:14,170 --> 01:04:12,500

from are kind of managing the world

1636

01:04:16,690 --> 01:04:14,180

perspective

1637

01:04:17,980 --> 01:04:16,700

down that route if you want to know what

1638

01:04:19,410 --> 01:04:17,990

it is they're doing and how they're

1639

01:04:21,569 --> 01:04:19,420

thinking

1640

01:04:24,000 --> 01:04:21,579

that's some really dark places that you

1641

01:04:26,420 --> 01:04:24,010

go and if you do that in a case in

1642

01:04:28,920 --> 01:04:26,430

anxiety and obsession and so on then

1643

01:04:30,809 --> 01:04:28,930

yeah you put yourself at risk in it

1644

01:04:32,880 --> 01:04:30,819

people listening to this are in that

1645

01:04:36,120 --> 01:04:32,890

situation honestly the headspace app is

1646

01:04:38,160 --> 01:04:36,130

genuinely even the free version will

1647

01:04:40,829 --> 01:04:38,170

sort you out as long as you do it it's a

1648

01:04:42,240 --> 01:04:40,839

great it is great yeah so I think that's

1649

01:04:45,059 --> 01:04:42,250

kind of what's going on I think there's

1650

01:04:47,099 --> 01:04:45,069

a sort of macro understanding of there

1651

01:04:49,289 --> 01:04:47,109

is a failure to appreciate the

1652

01:04:51,930 --> 01:04:49,299

dangerousness of thoughts because they

1653

01:04:53,279 --> 01:04:51,940

are real and that's a kind of societal

1654

01:04:54,809 --> 01:04:53,289

failure right because we don't think

1655

01:04:57,569 --> 01:04:54,819

they are we say it's just in your head

1656

01:05:02,579 --> 01:04:57,579

or it's just a dream and so we we don't

1657

01:05:04,829 --> 01:05:02,589

bring the right weariness to going down

1658

01:05:07,920 --> 01:05:04,839

those dark roads that maybe we should

1659

01:05:09,599 --> 01:05:07,930

and also because we don't think they're

1660

01:05:11,940 --> 01:05:09,609

real we don't think ok well I need to

1661

01:05:14,519 --> 01:05:11,950

you need to step back from this get some

1662

01:05:16,559 --> 01:05:14,529

forest bathing on look at the Sun not

1663

01:05:19,980 --> 01:05:16,569

like in a Trump Eclipse way but like up

1664

01:05:22,259 --> 01:05:19,990

in the morning I need to kind of get

1665

01:05:23,789 --> 01:05:22,269

back to the analog and the authentic if

1666

01:05:25,049 --> 01:05:23,799

I'm gonna do this again cuz it is like

1667

01:05:27,870 --> 01:05:25,059

that you know this I mean this is your

1668

01:05:29,160 --> 01:05:27,880

job as well like it can get intense it

1669

01:05:32,519 --> 01:05:29,170

can get really intense you get you know

1670

01:05:36,660 --> 01:05:32,529

what I need to do not any more of this

1671

01:05:39,359 --> 01:05:36,670

research for a bit cheers to them and

1672

01:05:41,309 --> 01:05:39,369

dude great answer always great talking

1673

01:05:44,009 --> 01:05:41,319

to you a good medicine all around doc

1674

01:05:46,380 --> 01:05:44,019

your podcasts have been super great

1675

01:05:48,599 --> 01:05:46,390

lately you have two new courses since we

1676
01:05:50,190 --> 01:05:48,609
last talked one on the role of Saints in

1677
01:05:52,170 --> 01:05:50,200
the European magical tradition and

1678
01:05:55,109 --> 01:05:52,180
another on the Greek magical papyri

1679
01:05:57,599 --> 01:05:55,119
these are the things that any THC fan

1680
01:06:00,180 --> 01:05:57,609
should consider it's weird but it's also

1681
01:06:01,799 --> 01:06:00,190
high-level and very educational rune

1682
01:06:03,059 --> 01:06:01,809
soup calm is the portal is there

1683
01:06:05,789 --> 01:06:03,069
anything else to tell the people about

1684
01:06:08,400 --> 01:06:05,799
your ongoing projects or impressive

1685
01:06:10,499 --> 01:06:08,410
workload no I mean it's all there it's

1686
01:06:12,509 --> 01:06:10,509
all there a Troodon soup you can find

1687
01:06:14,460 --> 01:06:12,519
the books if you're interested in the

1688
01:06:18,059 --> 01:06:14,470

membership if you are as well this

1689

01:06:20,609 --> 01:06:18,069

quarters course is on magical geography

1690

01:06:23,039 --> 01:06:20,619

and spirits of place and funnily enough

1691

01:06:24,599 --> 01:06:23,049

there'll be some first bathing data in

1692

01:06:27,599 --> 01:06:24,609

it so if you guys are kind of looking

1693

01:06:29,910 --> 01:06:27,609

for a an updated way of thinking with

1694

01:06:31,410 --> 01:06:29,920

your local environment from a physical

1695

01:06:32,030 --> 01:06:31,420

and spiritual perspective that may be

1696

01:06:33,020 --> 01:06:32,040

your jam

1697

01:06:36,800 --> 01:06:33,030

and maybe I should have mentioned that

1698

01:06:39,470 --> 01:06:36,810

there you go q3 course nice well again

1699

01:06:41,510 --> 01:06:39,480

always much appreciated I know you're a

1700

01:06:43,430 --> 01:06:41,520

lot busier than you once were coming

1701

01:06:44,990 --> 01:06:43,440

back here for a ninth time probably

1702

01:06:47,060 --> 01:06:45,000

isn't the first thing you want to do in

1703

01:06:49,430 --> 01:06:47,070

the morning but I appreciate it all man

1704

01:06:51,410 --> 01:06:49,440

I hope the people do too best of luck on

1705

01:06:52,940 --> 01:06:51,420

the farm and take care I wouldn't be

1706

01:06:55,270 --> 01:06:52,950

anywhere else Greg so thank you very

1707

01:06:59,120 --> 01:06:55,280

much and happy birthday again

1708

01:07:02,300 --> 01:06:59,130

BAM people Gordon white number nine look

1709

01:07:05,240 --> 01:07:02,310

at that I feel a bit better and

1710

01:07:08,030 --> 01:07:05,250

thoroughly refreshed I hope it was clear

1711

01:07:10,640 --> 01:07:08,040

why we sectioned a big part of this talk

1712

01:07:13,160 --> 01:07:10,650

around the state of conspiracy culture

1713

01:07:15,530 --> 01:07:13,170

because we both enjoy it and we both

1714

01:07:17,420 --> 01:07:15,540

appreciate it I think it generally

1715

01:07:19,910 --> 01:07:17,430

offers a more accurate world view than

1716

01:07:22,670 --> 01:07:19,920

the bulk of the adopted perspectives out

1717

01:07:24,500 --> 01:07:22,680

there but I also think it has gotten a

1718

01:07:27,050 --> 01:07:24,510

little off track from things that are

1719

01:07:29,990 --> 01:07:27,060

useful and that's understandable because

1720

01:07:32,480 --> 01:07:30,000

so many things have changed so people

1721

01:07:35,480 --> 01:07:32,490

are kind of erratic and trying to latch

1722

01:07:37,550 --> 01:07:35,490

on to some new idea and I mentioned my

1723

01:07:40,550 --> 01:07:37,560

list of things that are hot topics that

1724

01:07:42,320 --> 01:07:40,560

I don't find very useful flat earth q

1725

01:07:44,720 --> 01:07:42,330

and on dinosaur hoaxes

1726

01:07:47,360 --> 01:07:44,730

Australia isn't real these sorts of

1727

01:07:50,030 --> 01:07:47,370

things and on one hand who cares about

1728

01:07:52,490 --> 01:07:50,040

definitions and labels for a show like

1729

01:07:54,740 --> 01:07:52,500

this but on the other hand if these are

1730

01:07:57,560 --> 01:07:54,750

the biggest themes today in conspiracy

1731

01:08:00,470 --> 01:07:57,570

culture by the numbers then I sort of

1732

01:08:02,990 --> 01:08:00,480

have to wonder why after many years I'm

1733

01:08:04,970 --> 01:08:03,000

so out of alignment with these themes I

1734

01:08:07,520 --> 01:08:04,980

think some of them might have a little

1735

01:08:09,530 --> 01:08:07,530

merit but most of them are silly and

1736

01:08:12,140 --> 01:08:09,540

they don't do anything to help us

1737

01:08:14,180 --> 01:08:12,150

progress it's like we're in the midst of

1738

01:08:15,830 --> 01:08:14,190

this battle but acting like the

1739

01:08:18,170 --> 01:08:15,840

disinterested kid on the soccer field

1740

01:08:20,059 --> 01:08:18,180

kicking around dirt and yelling hey do

1741

01:08:22,370 --> 01:08:20,069

you guys know these white lines are made

1742

01:08:24,349 --> 01:08:22,380

out of chalk when we should really be

1743

01:08:27,860 --> 01:08:24,359

focused on our opponents barreling down

1744

01:08:30,349 --> 01:08:27,870

a field towards us and it also really

1745

01:08:32,510 --> 01:08:30,359

gets under my skin when the advocates of

1746

01:08:34,640 --> 01:08:32,520

these positions just dismiss any

1747

01:08:36,710 --> 01:08:34,650

naysayer is oh well they're just not

1748

01:08:39,289 --> 01:08:36,720

woke or they're just not open to this no

1749

01:08:41,269 --> 01:08:39,299

I'm open to it I just don't know that a

1750

01:08:43,519 --> 01:08:41,279

lot of these things matter that much and

1751

01:08:45,200 --> 01:08:43,529

I know we've covered a lot of these

1752

01:08:45,920 --> 01:08:45,210

things and I'm sure they will come up

1753

01:08:48,770 --> 01:08:45,930

again it's

1754

01:08:51,500 --> 01:08:48,780

like these are banned topics but of what

1755

01:08:53,870 --> 01:08:51,510

real value are they and where on the

1756

01:08:56,210 --> 01:08:53,880

totem pole of ideas should they really

1757

01:08:58,820 --> 01:08:56,220

be placed I would say they're a little

1758

01:09:00,380 --> 01:08:58,830

too high right now and I said when I

1759

01:09:03,020 --> 01:09:00,390

started this show that I wanted to

1760

01:09:05,930 --> 01:09:03,030

elevate conspiracy culture and that's

1761

01:09:07,640 --> 01:09:05,940

true I try to get real career

1762

01:09:10,190 --> 01:09:07,650

professionals to talk about something

1763

01:09:12,500 --> 01:09:10,200

like MKULTRA as opposed to some

1764

01:09:14,150 --> 01:09:12,510

neckbeard in the basement because if

1765

01:09:15,530 --> 01:09:14,160

these things are true as we think they

1766

01:09:17,900 --> 01:09:15,540

are we don't need to shy away from

1767

01:09:19,880 --> 01:09:17,910

details and facts let's get in there and

1768

01:09:23,210 --> 01:09:19,890

when I started this show there were

1769

01:09:25,760 --> 01:09:23,220

fewer options I didn't think that we

1770

01:09:27,410 --> 01:09:25,770

needed the overly Christian lens of

1771

01:09:29,480 --> 01:09:27,420

coast to coast or the screaming

1772

01:09:32,240 --> 01:09:29,490

pulsating vein in the neck aggression of

1773

01:09:35,120 --> 01:09:32,250

Alex Jones I don't find either of those

1774

01:09:37,490 --> 01:09:35,130

things useful they are things at the

1775

01:09:40,310 --> 01:09:37,500

time when those were the only options

1776

01:09:43,550 --> 01:09:40,320

that were things I'd have to overlook to

1777

01:09:46,250 --> 01:09:43,560

focus on the meat which was always so

1778

01:09:47,900 --> 01:09:46,260

how can I get around this rig system how

1779

01:09:50,720 --> 01:09:47,910

can I really understand what's going on

1780

01:09:52,820 --> 01:09:50,730

and I still agree that it's good to hold

1781

01:09:55,010 --> 01:09:52,830

everything up to the light and ask the

1782

01:09:57,770 --> 01:09:55,020

unbiased question is this true

1783

01:10:00,500 --> 01:09:57,780

or was I sold a lie here but I'm finding

1784

01:10:04,130 --> 01:10:00,510

a lot more people solely focused on that

1785

01:10:06,470 --> 01:10:04,140

process and just throwing everything at

1786

01:10:09,950 --> 01:10:06,480

it and seeing what sticks or seeing what

1787

01:10:11,230 --> 01:10:09,960

generates the most attention and I think

1788

01:10:13,730 --> 01:10:11,240

a lot of these things might be

1789

01:10:16,700 --> 01:10:13,740

distractions from reality rather than

1790

01:10:20,120 --> 01:10:16,710

tools for constructing a more useful map

1791

01:10:21,980 --> 01:10:20,130

when we navigate it and I just love the

1792

01:10:24,230 --> 01:10:21,990

two-pronged approach of what's wrong

1793

01:10:26,350 --> 01:10:24,240

with conspiracy and what's the real deal

1794

01:10:29,390 --> 01:10:26,360

with this administration's agenda

1795

01:10:31,640 --> 01:10:29,400

gordon's take on the imperial pivot

1796

01:10:34,400 --> 01:10:31,650

offers a lot of clarity I would say

1797

01:10:36,650 --> 01:10:34,410

clearly something has changed but maybe

1798

01:10:39,350 --> 01:10:36,660

it's not the god emperor rounding up

1799

01:10:41,780 --> 01:10:39,360

deep state paedophile networks so his

1800

01:10:43,840 --> 01:10:41,790

break down from the economic alterations

1801

01:10:48,440 --> 01:10:43,850

to the possible rollout of the big toys

1802

01:10:50,720 --> 01:10:48,450

all kind of makes sense to me and then

1803

01:10:52,250 --> 01:10:50,730

we throw Bilbo in because it's fun and

1804

01:10:55,160 --> 01:10:52,260

there's also something in there to

1805

01:10:57,290 --> 01:10:55,170

consider as a hopeful template so all

1806

01:10:59,270 --> 01:10:57,300

three aspects I find really fitting

1807

01:11:02,510 --> 01:10:59,280

right now and very appropriate for it

1808

01:11:05,000 --> 01:11:02,520

hc' anniversary it got me thinking about

1809

01:11:07,669 --> 01:11:05,010

these concepts all week and I think

1810

01:11:09,910 --> 01:11:07,679

creating the world we want locally is a

1811

01:11:12,950 --> 01:11:09,920

lot more on the table than we realize

1812

01:11:15,260 --> 01:11:12,960

the tools of networking and influencing

1813

01:11:17,089 --> 01:11:15,270

those around us seem sort of base level

1814

01:11:19,640 --> 01:11:17,099

and boring but it's how the elite make

1815

01:11:22,490 --> 01:11:19,650

the change they want how about you try

1816

01:11:25,580 --> 01:11:22,500

it around the neighborhood another point

1817

01:11:27,589 --> 01:11:25,590

about the slow drip of disclosure there

1818

01:11:29,419 --> 01:11:27,599

was a story going around on big websites

1819

01:11:32,060 --> 01:11:29,429

that got sent to me a couple dozen times

1820

01:11:34,520 --> 01:11:32,070

about the pyramids being used for energy

1821

01:11:36,250 --> 01:11:34,530

generation something we've heard before

1822

01:11:38,899 --> 01:11:36,260

but this was coming out in a mainstream

1823

01:11:41,240 --> 01:11:38,909

rollout kind of way almost as if to say

1824

01:11:43,459 --> 01:11:41,250

oh we just figured out the pyramids so

1825

01:11:45,200 --> 01:11:43,469

now we can incorporate what we know into

1826

01:11:47,540 --> 01:11:45,210

the changes in how we produce your

1827

01:11:49,939 --> 01:11:47,550

energy you know because they got a frame

1828

01:11:52,399 --> 01:11:49,949

all this as new discoveries so I thought

1829

01:11:54,649 --> 01:11:52,409

that was pretty interesting and in terms

1830

01:11:57,290 --> 01:11:54,659

of our little recalibration of

1831

01:11:58,819 --> 01:11:57,300

conspiracy Chris Noel's must also be

1832

01:12:01,310 --> 01:11:58,829

thinking about this stuff lately because

1833

01:12:03,290 --> 01:12:01,320

on the day we recorded this show he

1834

01:12:05,870 --> 01:12:03,300

released a blog post at the secret sun

1835

01:12:09,140 --> 01:12:05,880

titled the x-files exit and the death of

1836

01:12:10,910 --> 01:12:09,150

conspiracy culture part one and it's

1837

01:12:13,010 --> 01:12:10,920

about a lot more than just what we

1838

01:12:15,109 --> 01:12:13,020

talked about today but clearly he's seen

1839

01:12:18,049 --> 01:12:15,119

conspiracy culture going off the rails

1840

01:12:21,140 --> 01:12:18,059

too and how convenient for the Empire

1841

01:12:23,120 --> 01:12:21,150

right it's almost as if they want us

1842

01:12:26,270 --> 01:12:23,130

looking into certain rabbit holes and

1843

01:12:28,370 --> 01:12:26,280

not others maybe it's just growing pains

1844

01:12:30,919 --> 01:12:28,380

I like to think that the internet you

1845

01:12:33,310 --> 01:12:30,929

know still fairly new and people's

1846

01:12:35,529 --> 01:12:33,320

ability to do all these further out

1847

01:12:38,959 --> 01:12:35,539

questionings it's just a form of

1848

01:12:40,609 --> 01:12:38,969

exercising that new ability and it's all

1849

01:12:43,069 --> 01:12:40,619

going to snap back to the important

1850

01:12:45,439 --> 01:12:43,079

stuff eventually but I think we all

1851

01:12:48,020 --> 01:12:45,449

appreciate the shows that are personally

1852

01:12:51,049 --> 01:12:48,030

useful and today we return to that in a

1853

01:12:53,299 --> 01:12:51,059

big way use your inner Jack Sparrow for

1854

01:12:55,040 --> 01:12:53,309

those smooth fluid movements towards

1855

01:12:57,770 --> 01:12:55,050

your goals on a chaotic and choppy

1856

01:12:59,330 --> 01:12:57,780

conspiracy and then how do we move

1857

01:13:02,029 --> 01:12:59,340

towards fixing the world when we don't

1858

01:13:04,430 --> 01:13:02,039

really get to fights or on the bilbo

1859

01:13:06,290 --> 01:13:04,440

model and if you only heard the first

1860

01:13:08,390 --> 01:13:06,300

hour I think there is a lot of useful

1861

01:13:10,939 --> 01:13:08,400

advice to save your life in the second

1862

01:13:12,620 --> 01:13:10,949

well worth \$8 because we told you how to

1863

01:13:16,760 --> 01:13:12,630

avoid cancer at Noah

1864

01:13:20,149 --> 01:13:16,770

additional cost but really the topics

1865

01:13:22,250 --> 01:13:20,159

included retro suburban solutions how to

1866

01:13:24,080 --> 01:13:22,260

influence your neighbors and jailbreak

1867

01:13:27,050 --> 01:13:24,090

your neighborhood into moving towards

1868

01:13:29,660 --> 01:13:27,060

Gordon's utopia pivoting towards the

1869

01:13:32,390 --> 01:13:29,670

analog by using the digital eating your

1870

01:13:34,820 --> 01:13:32,400

enemy tricks for introducing yourself as

1871

01:13:37,100 --> 01:13:34,830

professional fringe peddler forest

1872

01:13:40,010 --> 01:13:37,110

bathing Sun gazing and other beautiful

1873

01:13:41,899 --> 01:13:40,020

things so sign up for the higher side

1874

01:13:45,110 --> 01:13:41,909

chats plus if you haven't already you've

1875

01:13:47,450 --> 01:13:45,120

come this far and big thanks for all the

1876

01:13:49,280 --> 01:13:47,460

plus members being cool and patient and

1877

01:13:50,479 --> 01:13:49,290

supportive during the price change I

1878

01:13:52,550 --> 01:13:50,489

know I've talked to a lot of you

1879

01:13:54,709 --> 01:13:52,560

individually we had a couple small

1880

01:13:56,300 --> 01:13:54,719

hiccups but I'd say it was a B+

1881

01:13:58,939 --> 01:13:56,310

transition and now we're on the other

1882

01:14:02,240 --> 01:13:58,949

side of it and it's all good as for the

1883

01:14:04,399 --> 01:14:02,250

first edition of the joint sessions I'm

1884

01:14:07,459 --> 01:14:04,409

still working out exactly which program

1885

01:14:08,990 --> 01:14:07,469

to use I'm thinking zoom but I also have

1886

01:14:11,660 --> 01:14:09,000

to figure out exactly how to structure

1887

01:14:13,189 --> 01:14:11,670

it I'm not used to doing video but I

1888

01:14:15,439 --> 01:14:13,199

think that's what the people want and

1889

01:14:18,860 --> 01:14:15,449

the more I think about it the more I

1890

01:14:21,320 --> 01:14:18,870

think what we also want is for the open

1891

01:14:23,990 --> 01:14:21,330

lines to be available to everyone not

1892

01:14:26,209 --> 01:14:24,000

just plus members but then we just

1893

01:14:28,580 --> 01:14:26,219

archive the sessions for on-demand

1894

01:14:31,520 --> 01:14:28,590

viewing for the plus members because I

1895

01:14:34,910 --> 01:14:31,530

don't want to have to cut off a caller

1896

01:14:36,939 --> 01:14:34,920

or roll my eyes at something knowing

1897

01:14:39,470 --> 01:14:36,949

that every caller is a paying customer

1898

01:14:43,610 --> 01:14:39,480

I'd be forced to be on my best behavior

1899

01:14:47,870 --> 01:14:43,620

I think we would do better and have more

1900

01:14:50,270 --> 01:14:47,880

fun if we let in the crazies and all

1901

01:14:53,000 --> 01:14:50,280

that's gonna happen soon I'll probably

1902

01:14:55,820 --> 01:14:53,010

have a date and time announcement in the

1903

01:14:59,240 --> 01:14:55,830

next show I'm thinking sometime between

1904

01:15:01,850 --> 01:14:59,250

the 20th and the 30th but as for today

1905

01:15:03,040 --> 01:15:01,860

that pretty much does it I was also

1906

01:15:06,260 --> 01:15:03,050

thinking about the power of

1907

01:15:08,990 --> 01:15:06,270

manifestation and ideas and the

1908

01:15:10,970 --> 01:15:09,000

imagination realm and of course it's

1909

01:15:13,310 --> 01:15:10,980

Gordon's utopian vision that we talked

1910

01:15:16,430 --> 01:15:13,320

about today and I think the visual is

1911

01:15:19,160 --> 01:15:16,440

quite potent and we just broadcasted it

1912

01:15:23,120 --> 01:15:19,170

to a lot of people now tens of thousands

1913

01:15:25,280 --> 01:15:23,130

of people also have that vision and if

1914

01:15:26,300 --> 01:15:25,290

ideas we hold in our head can manifest

1915

01:15:28,550 --> 01:15:26,310

and our

1916

01:15:30,290 --> 01:15:28,560

ashlee real then let's water that little

1917

01:15:31,880 --> 01:15:30,300

[h__\h] and see if we can't get it

1918

01:15:34,190 --> 01:15:31,890

to sprout somewhere in the world and

1919

01:15:36,760 --> 01:15:34,200

then we can nurture it and model it out

1920

01:15:39,770 --> 01:15:36,770

and maybe I'm just on a good high and

1921

01:15:40,880 --> 01:15:39,780

inscrutably optimistic but if you can't

1922

01:15:44,240 --> 01:15:40,890

think of anything to meditate on

1923

01:15:46,760 --> 01:15:44,250

meditate on that and I'll see you next

1924

01:15:49,040 --> 01:15:46,770

time your move Jack Sparrow's Bilbo

1925

01:15:55,600 --> 01:15:49,050

Baggins --is and fellow carriers of the

1926

01:16:01,000 --> 01:15:58,690

happy holidays and Merry Christmas we're

1927

01:16:03,570 --> 01:16:01,010

going to talk about angels and miracles

1928

01:16:10,840 --> 01:16:03,580

with Rosemarie for a few hours tonight

1929

01:16:19,510 --> 01:16:13,020

[Music]

1930

01:16:21,380 --> 01:16:19,520

it's getting oh it isn't pleasing I turn

1931

01:16:33,900 --> 01:16:21,390

the station

1932

01:16:39,000 --> 01:16:33,910

[Music]

1933

01:16:42,600 --> 01:16:39,010

maybe it's not my department

1934

01:16:44,339 --> 01:16:42,610

maybe I should shut

1935

01:16:50,140 --> 01:16:44,349

[Music]

1936

01:17:08,219 --> 01:16:50,150

mr. Jones is quite the harlot it's all

1937

01:17:16,449 --> 01:17:08,229

the aunty HD I'm feeling more at home

1938

01:17:21,429 --> 01:17:16,459

then I haven't had before in the wards

1939

01:17:24,250 --> 01:17:21,439

are just drowning slowly coast to coast

1940

01:17:34,750 --> 01:17:24,260

isn't growing

1941

01:17:45,680 --> 01:17:40,540

I'm sure you must feel kind of dirty

1942

01:18:04,830 --> 01:17:52,560

tuning in at certain our banda man is

1943

01:18:09,590 --> 01:18:04,840

what I want it's not shown and I end up

1944

01:18:17,730 --> 01:18:09,600

now I'm feeling more at home

1945

01:18:23,880 --> 01:18:17,740

then I ever have be through in towards

1946

01:18:28,160 --> 01:18:23,890

our chest drowning slowly cosec amazing

1947

01:18:31,580 --> 01:18:28,170

we know where Oh these shows are just

1948

01:18:37,060 --> 01:18:31,590

drowning slowly

1949

01:18:47,830 --> 01:18:42,340

slowly coats and coats isn't growing

1950

01:18:49,450 --> 01:18:47,840

nowhere oh these shows are just drowning
