

**JIM CHESNAR**  
 THE BOCK SAGA RETURNS, HIDDEN HELSINKI ARTIFACTS, & TOR HIMSELF  
 PRESENTED BY THE HIGHERSIDE CHATS

LISTEN TO THE EPISODE AT [THEHIGHERSIDECHATS.COM](http://THEHIGHERSIDECHATS.COM)  
 LISTEN TO THE EXTENDED SHOW AT [THEHIGHERSIDECHATSPUS.COM](http://THEHIGHERSIDECHATSPUS.COM)

1  
00:00:05,340 --> 00:00:02,810

[Music]

2  
00:00:07,589 --> 00:00:05,350

congratulations YouTube you did it

3  
00:00:10,499 --> 00:00:07,599

you wore me down and you sucked me back

4  
00:00:13,259 --> 00:00:10,509

in I have too many subscribers here just

5  
00:00:15,810 --> 00:00:13,269

to walk away entirely especially with no

6  
00:00:18,000 --> 00:00:15,820

alternative that truly stacks up and so

7  
00:00:21,390 --> 00:00:18,010

many copycat channels uploading my shows

8  
00:00:24,570 --> 00:00:21,400

for me anyway but we can't forget the th

9  
00:00:26,190 --> 00:00:24,580

C's account here is on thin ice and so

10  
00:00:29,280 --> 00:00:26,200

the YouTube version of the show has to

11  
00:00:32,190 --> 00:00:29,290

be prefaced with this little PSA only to

12  
00:00:33,390 --> 00:00:32,200

say that episodes that contain the kinds

13  
00:00:35,880 --> 00:00:33,400

of themes that have been regularly

14

00:00:38,700 --> 00:00:35,890

banned on YouTube will not appear here

15

00:00:40,650 --> 00:00:38,710

and even with that precaution there's

16

00:00:42,930 --> 00:00:40,660

already enough in the archive to get us

17

00:00:45,300 --> 00:00:42,940

removed so remember that the higher side

18

00:00:48,090 --> 00:00:45,310

chats could be banned or put in timeout

19

00:00:50,220 --> 00:00:48,100

again at any time and I won't be able to

20

00:00:51,990 --> 00:00:50,230

tell you guys about it so if you feel

21

00:00:53,490 --> 00:00:52,000

like it's been too long since you've

22

00:00:56,610 --> 00:00:53,500

heard from me here on this digital

23

00:00:59,430 --> 00:00:56,620

dystopian draconian data-mining monster

24

00:01:00,900 --> 00:00:59,440

of a police state seeking platform your

25

00:01:03,170 --> 00:01:00,910

first step should be to check the higher

26

00:01:08,580 --> 00:01:03,180

side chats calm for the latest shows

27

00:01:10,289 --> 00:01:08,590

alright alright enjoy embrace yourself

28

00:01:12,209 --> 00:01:10,299

because you're about to dive into

29

00:01:14,099 --> 00:01:12,219

another free first hour episode of the

30

00:01:15,300 --> 00:01:14,109

higher side chats and we just want to

31

00:01:16,919 --> 00:01:15,310

let you know that whether you're looking

32

00:01:18,929 --> 00:01:16,929

for a companion through your paranoid

33

00:01:21,059 --> 00:01:18,939

insomnia entertaining yourself through

34

00:01:22,679 --> 00:01:21,069

one of life's mundane activities or

35

00:01:24,749 --> 00:01:22,689

trying to ward off the internal scream

36

00:01:27,510 --> 00:01:24,759

to all those sad smothered Souls around

37

00:01:28,739 --> 00:01:27,520

the office THC is here and you should

38

00:01:30,719 --> 00:01:28,749

know that every episode of the higher

39

00:01:33,149 --> 00:01:30,729

side chats has an entire second hour

40

00:01:35,789 --> 00:01:33,159

four plus members sign up at the higher

41

00:01:38,309 --> 00:01:35,799

side chats plus calm and you get years

42

00:01:40,379 --> 00:01:38,319

of plus show archives lifetime forum

43

00:01:43,410 --> 00:01:40,389

access the special invite to Greg Carl

44

00:01:47,219 --> 00:01:43,420

woods monthly joint sessions mp3s of THC

45

00:01:49,589 --> 00:01:47,229

music bonus episodes for videos and 10%

46

00:01:52,199 --> 00:01:49,599

off t-shirts grinders and whatever else

47

00:01:54,179 --> 00:01:52,209

ends up in the higher side store it's \$8

48

00:01:56,010 --> 00:01:54,189

a month that you won't miss so become a

49

00:01:58,409 --> 00:01:56,020

plus member and treat yourself in these

50

00:02:00,089 --> 00:01:58,419

troubled times always action-packed and

51  
00:02:05,030 --> 00:02:00,099  
commercial for you which means ill

52  
00:02:05,040 --> 00:02:15,550  
[Music]

53  
00:02:22,460 --> 00:02:18,890  
the planets puppet-masters on my shirt

54  
00:02:25,399 --> 00:02:22,470  
have a plan it's clearly maybe something

55  
00:02:27,259 --> 00:02:25,409  
there beyond the realm of man until

56  
00:02:30,440 --> 00:02:27,269  
we've thoroughly tested every last

57  
00:02:36,020 --> 00:02:30,450  
clothes just did you find them all you

58  
00:02:41,040 --> 00:02:36,030  
think you know much you really do where

59  
00:03:02,899 --> 00:02:48,810  
[Music]

60  
00:03:07,530 --> 00:03:05,849  
all right higher side chatters I know I

61  
00:03:09,720 --> 00:03:07,540  
don't have to tell you about our harsh

62  
00:03:12,149 --> 00:03:09,730  
and bloody history the centuries-old war

63  
00:03:14,000 --> 00:03:12,159

on ideas the system is waged as it's

64

00:03:16,920 --> 00:03:14,010

steamrolled culture after culture

65

00:03:18,929 --> 00:03:16,930

tradition after tradition and we see

66

00:03:21,569 --> 00:03:18,939

campaigns like the various crusades

67

00:03:23,520 --> 00:03:21,579

European expansion the holy roman empire

68

00:03:25,740 --> 00:03:23,530

the American colonialists and the

69

00:03:28,589 --> 00:03:25,750

conquistadors conquest of Mexico and

70

00:03:31,500 --> 00:03:28,599

Peru as some of the major steps towards

71

00:03:34,110 --> 00:03:31,510

our modern monotheistic monoculture and

72

00:03:37,289 --> 00:03:34,120

the root cause for the destruction of so

73

00:03:39,080 --> 00:03:37,299

many indigenous pagan Celtic Native

74

00:03:42,089 --> 00:03:39,090

American and Gnostic worldviews

75

00:03:44,610 --> 00:03:42,099

cosmologies and magical traditions and

76

00:03:46,589 --> 00:03:44,620

most of these deep and rich systems have

77

00:03:49,140 --> 00:03:46,599

a lot more depth than meaning then their

78

00:03:50,849 --> 00:03:49,150

destroyers would have you believe much

79

00:03:53,610 --> 00:03:50,859

of which is still fractured and

80

00:03:55,979 --> 00:03:53,620

incomplete and some sadly beyond repair

81

00:03:58,110 --> 00:03:55,989

so I for one perk up when I hear about

82

00:04:00,569 --> 00:03:58,120

an oral tradition that has managed to

83

00:04:02,280 --> 00:04:00,579

stay intact after hiding itself away

84

00:04:03,960 --> 00:04:02,290

from those who would destroy it and that

85

00:04:06,000 --> 00:04:03,970

seems to be the case with the body of

86

00:04:09,719 --> 00:04:06,010

knowledge known as the Box saga

87

00:04:12,089 --> 00:04:09,729

it is a cosmology a language a mythology

88

00:04:14,250 --> 00:04:12,099

and a history all wrapped into one a

89

00:04:16,199 --> 00:04:14,260

corpus of concealed information that

90

00:04:17,839 --> 00:04:16,209

claims to be the oldest on the planet

91

00:04:19,920 --> 00:04:17,849

and the true origin from which

92

00:04:22,560 --> 00:04:19,930

Scandinavian and Finnish cultures

93

00:04:24,839 --> 00:04:22,570

emerged the Box saga was a

94

00:04:27,180 --> 00:04:24,849

multi-generational secret told orally

95

00:04:28,800 --> 00:04:27,190

through the bak family bloodline until

96

00:04:31,649 --> 00:04:28,810

the last remaining member of the family

97

00:04:33,930 --> 00:04:31,659

er bak knew he wouldn't have anyone to

98

00:04:36,089 --> 00:04:33,940

pass the saga on to and began teaching

99

00:04:38,279 --> 00:04:36,099

it to a trusted handful of friends with

100

00:04:41,189 --> 00:04:38,289

whom it resonated and in turn they

101  
00:04:43,860 --> 00:04:41,199  
became its teachers and advocates he or

102  
00:04:45,659 --> 00:04:43,870  
died in 2010 after being stabbed by his

103  
00:04:47,159 --> 00:04:45,669  
own assistants and one of the last

104  
00:04:49,500 --> 00:04:47,169  
remaining knowledgeable tellers of the

105  
00:04:51,519 --> 00:04:49,510  
material is today's returning guest Jim

106  
00:04:53,319 --> 00:04:51,529  
Chester Jim is an elder

107  
00:04:55,779 --> 00:04:53,329  
leader of the order of the Gnostics and

108  
00:04:58,449 --> 00:04:55,789  
the passionate advocate of the box Agha

109  
00:05:01,419 --> 00:04:58,459  
who in his previous appearance on THC

110  
00:05:03,879 --> 00:05:01,429  
broke down the cosmology root language

111  
00:05:05,949 --> 00:05:03,889  
and the story of the hellhole in

112  
00:05:07,899 --> 00:05:05,959  
Helsinki that is the Earth's original

113  
00:05:09,819 --> 00:05:07,909

North Pole and the entrance to the

114

00:05:12,579 --> 00:05:09,829

Hollow Earth from which man first

115

00:05:14,289 --> 00:05:12,589

emerged today he returns to talk about a

116

00:05:16,389 --> 00:05:14,299

few more threads that this material has

117

00:05:18,609 --> 00:05:16,399

to offer and I'm psyched to get down to

118

00:05:20,679 --> 00:05:18,619

it the preserver of lost knowledge and

119

00:05:23,469 --> 00:05:20,689

the bona fide bar to the box saga Jim

120

00:05:25,659 --> 00:05:23,479

welcome back to the higher side thank

121

00:05:28,299 --> 00:05:25,669

you so much Greg I really appreciate all

122

00:05:29,439 --> 00:05:28,309

this you got it man I think this is

123

00:05:31,599 --> 00:05:29,449

gonna be a lot of fun

124

00:05:34,179 --> 00:05:31,609

I do find this information to be really

125

00:05:37,449 --> 00:05:34,189

compelling it's deep and internally

126  
00:05:39,789 --> 00:05:37,459  
consistent and anything that the powers

127  
00:05:41,559 --> 00:05:39,799  
that be tried to kill off I want to help

128  
00:05:43,679 --> 00:05:41,569  
bring back out of spite more than

129  
00:05:45,759 --> 00:05:43,689  
anything else and this material

130  
00:05:47,799 --> 00:05:45,769  
incorporates the Hollow Earth so that's

131  
00:05:50,739 --> 00:05:47,809  
just icing on the cosmological cake if

132  
00:05:53,439 --> 00:05:50,749  
you ask me and this is gonna be a part

133  
00:05:55,269 --> 00:05:53,449  
two that probably requires a listen to

134  
00:05:56,799 --> 00:05:55,279  
part one for people to have all the

135  
00:05:58,989 --> 00:05:56,809  
context because we can't rehash it all

136  
00:06:01,659 --> 00:05:58,999  
here but I've gotten a few emails from

137  
00:06:04,299 --> 00:06:01,669  
people over the years two years since we

138  
00:06:05,889 --> 00:06:04,309

did the last show who really loved the

139

00:06:08,139 --> 00:06:05,899

story and I've actually made the trip to

140

00:06:10,239 --> 00:06:08,149

house inky to visit the entrance of the

141

00:06:12,519 --> 00:06:10,249

Buried temple which houses the BOK

142

00:06:14,769 --> 00:06:12,529

family treasures and artifacts preserved

143

00:06:17,379 --> 00:06:14,779

they say since the beginning of time

144

00:06:19,899 --> 00:06:17,389

leading deep into the earth via that

145

00:06:22,179 --> 00:06:19,909

golden staircase and that's sort of what

146

00:06:25,359 --> 00:06:22,189

set off this part - were having today of

147

00:06:27,519 --> 00:06:25,369

course to my knowledge the temple has

148

00:06:29,829 --> 00:06:27,529

still yet to be excavated but it's been

149

00:06:32,979 --> 00:06:29,839

two years are there any updates on

150

00:06:34,719 --> 00:06:32,989

getting in there yes not last summer but

151  
00:06:36,369 --> 00:06:34,729  
the summer before last they went and

152  
00:06:38,439 --> 00:06:36,379  
they cleared all the trees and stuff

153  
00:06:40,779 --> 00:06:38,449  
that have grown around the entrance so

154  
00:06:43,929 --> 00:06:40,789  
it's all ready to start and we do have a

155  
00:06:47,169 --> 00:06:43,939  
financial backer again after so many

156  
00:06:48,669 --> 00:06:47,179  
years of no active involvement there but

157  
00:06:51,369 --> 00:06:48,679  
now I think this next summer they're

158  
00:06:54,579 --> 00:06:51,379  
gonna go back in and it should start the

159  
00:06:56,799 --> 00:06:54,589  
excavation again beautiful beautiful and

160  
00:07:01,629 --> 00:06:56,809  
just to provide a little more context

161  
00:07:04,730 --> 00:07:01,639  
the temple was closed in 987 AD due to

162  
00:07:07,100 --> 00:07:04,740  
the invading Christian armies and one

163  
00:07:09,020 --> 00:07:07,110

to preserve it before they got there it

164

00:07:11,059 --> 00:07:09,030

was then that permission was given to

165

00:07:13,059 --> 00:07:11,069

the last remaining Bock to reopen the

166

00:07:16,279 --> 00:07:13,069

temple a thousand years later which was

167

00:07:17,930 --> 00:07:16,289

1987 well you know that hasn't happened

168

00:07:19,909 --> 00:07:17,940

yet though you've tried and I pulled

169

00:07:23,150 --> 00:07:19,919

this off the box saga website but

170

00:07:25,219 --> 00:07:23,160

regarding the excavation it says in 1991

171

00:07:27,529 --> 00:07:25,229

the foundations last sponsor stopped

172

00:07:29,839 --> 00:07:27,539

supporting the project later that same

173

00:07:31,700 --> 00:07:29,849

year a geophysical analysis of the

174

00:07:34,850 --> 00:07:31,710

location was conducted using a

175

00:07:35,450 --> 00:07:34,860

subsurface radar system 25 metres below

176

00:07:37,909 --> 00:07:35,460

the ground

177

00:07:40,040 --> 00:07:37,919

at a coordinate designated by E or Bach

178

00:07:42,830 --> 00:07:40,050

the radar system picked up a dome-shaped

179

00:07:45,080 --> 00:07:42,840

hollow space with a roof potentially

180

00:07:46,850 --> 00:07:45,090

made of metal a picture of the ground

181

00:07:49,219 --> 00:07:46,860

conducted at the excavation site

182

00:07:51,800 --> 00:07:49,229

indicated that there were only a few

183

00:07:54,439 --> 00:07:51,810

meters of excavation needed for an

184

00:07:55,820 --> 00:07:54,449

actual breakthrough to be achieved as of

185

00:07:58,820 --> 00:07:55,830

the time of this writing in February

186

00:08:01,100 --> 00:07:58,830

2002 this breakthrough has not yet been

187

00:08:03,050 --> 00:08:01,110

achieved and so obviously that's been

188

00:08:05,689 --> 00:08:03,060

some time and it is great that you now

189

00:08:07,040 --> 00:08:05,699

have a financial backer and the brush is

190

00:08:09,020 --> 00:08:07,050

cleared and it sounds like something's

191

00:08:11,719 --> 00:08:09,030

about to get going there but it does not

192

00:08:13,450 --> 00:08:11,729

seem like it's even that big of a job

193

00:08:16,399 --> 00:08:13,460

and you could probably get this done on

194

00:08:18,740 --> 00:08:16,409

GoFundMe for relatively cheap but I was

195

00:08:21,170 --> 00:08:18,750

curious about those radar images are

196

00:08:24,589 --> 00:08:21,180

those available online anywhere because

197

00:08:27,140 --> 00:08:24,599

if those images are real and you were to

198

00:08:28,839 --> 00:08:27,150

get them out there this whole thing I

199

00:08:31,300 --> 00:08:28,849

would think would just get a lot more

200

00:08:34,370 --> 00:08:31,310

attention and support are they out there

201  
00:08:36,350 --> 00:08:34,380  
you know Greg I haven't really seen it

202  
00:08:38,899 --> 00:08:36,360  
you know I was there when they did the

203  
00:08:41,719 --> 00:08:38,909  
test and I have seen the result I've

204  
00:08:44,300 --> 00:08:41,729  
seen the dome but I don't know that it's

205  
00:08:46,400 --> 00:08:44,310  
posted at all maybe I'll do something

206  
00:08:49,010 --> 00:08:46,410  
about that see if I can find someone who

207  
00:08:53,000 --> 00:08:49,020  
has that material yeah I mean it seems

208  
00:08:54,590 --> 00:08:53,010  
fairly useful and is there a timeline I

209  
00:08:57,590 --> 00:08:54,600  
guess we're ready to start digging again

210  
00:08:59,890 --> 00:08:57,600  
but have they got any date set for

211  
00:09:03,280 --> 00:08:59,900  
unearthing this thing

212  
00:09:05,590 --> 00:09:03,290  
our friend Eric Edney there in San Diego

213  
00:09:07,150 --> 00:09:05,600

he's helping to do this you know he's

214

00:09:09,220 --> 00:09:07,160

financing much of this

215

00:09:11,470 --> 00:09:09,230

there's last summer we just couldn't do

216

00:09:13,330 --> 00:09:11,480

anything but yeah I mean we're ready to

217

00:09:15,420 --> 00:09:13,340

go there's a huge stone on the

218

00:09:19,000 --> 00:09:15,430

right-hand side there's two Hills there

219

00:09:20,350 --> 00:09:19,010

the hill on the left is a granite hill

220

00:09:24,010 --> 00:09:20,360

it's called

221

00:09:26,170 --> 00:09:24,020

Cebu barrier see means to Cebu means a

222

00:09:28,720 --> 00:09:26,180

nest and Bari means a hill so it's the

223

00:09:33,190 --> 00:09:28,730

you see the nest hill on the other side

224

00:09:36,040 --> 00:09:33,200

there's a huge huge granite stone that's

225

00:09:37,870 --> 00:09:36,050

balanced on three other stones and it's

226

00:09:40,810 --> 00:09:37,880

on the side of a hill called goon boob

227

00:09:43,780 --> 00:09:40,820

area which goon is old woman boom is the

228

00:09:46,120 --> 00:09:43,790

nest and buried is hill this is all in

229

00:09:48,100 --> 00:09:46,130

root language that I'm speaking so there

230

00:09:50,350 --> 00:09:48,110

are these two Hills and on one side is

231

00:09:53,170 --> 00:09:50,360

this monster stone it's called the

232

00:09:54,700 --> 00:09:53,180

sundial stone and so we want to clean

233

00:09:56,950 --> 00:09:54,710

out from underneath that and show that

234

00:09:59,680 --> 00:09:56,960

it's balanced on three stones right on

235

00:10:03,670 --> 00:09:59,690

the edge of this hill that's what our

236

00:10:06,370 --> 00:10:03,680

next objective is great and obviously

237

00:10:08,890 --> 00:10:06,380

it's always hard to get a smoking gun to

238

00:10:10,990 --> 00:10:08,900

prove that some alternative knowledge

239

00:10:13,810 --> 00:10:11,000

has value I know the box saga gets a lot

240

00:10:15,760 --> 00:10:13,820

of mixed reviews out there but I look

241

00:10:18,040 --> 00:10:15,770

for things on the edges to try to make

242

00:10:19,780 --> 00:10:18,050

these sorts of judgment calls and here

243

00:10:22,000 --> 00:10:19,790

are a few things that made me more

244

00:10:23,440 --> 00:10:22,010

curious we all know Wikipedia just

245

00:10:25,900 --> 00:10:23,450

sticks to the mainstream and tries to

246

00:10:28,210 --> 00:10:25,910

minimize the alternative but even on the

247

00:10:30,880 --> 00:10:28,220

box sagas Wikipedia page it says a

248

00:10:34,210 --> 00:10:30,890

number of digs in the cave were made on

249

00:10:37,080 --> 00:10:34,220

various occasions from 1987 to 1998

250

00:10:40,210 --> 00:10:37,090

after two summers of excavation an

251  
00:10:42,490 --> 00:10:40,220  
entrance into the mountain was actually

252  
00:10:45,330 --> 00:10:42,500  
revealed the following years a hallway

253  
00:10:48,460 --> 00:10:45,340  
of granite walls floor and ceiling

254  
00:10:51,040 --> 00:10:48,470  
filled with clay mix sand and gravel was

255  
00:10:52,930 --> 00:10:51,050  
excavated about 50 meters beyond the

256  
00:10:55,300 --> 00:10:52,940  
entrance the statement made by the

257  
00:10:57,730 --> 00:10:55,310  
family and saga of the subterranean

258  
00:11:00,190 --> 00:10:57,740  
hallway was actually proven to exist

259  
00:11:03,700 --> 00:11:00,200  
moreover the excavated area has also

260  
00:11:06,550 --> 00:11:03,710  
proven to be by far the largest cave

261  
00:11:08,290 --> 00:11:06,560  
ever found in Finland inside there are

262  
00:11:11,680 --> 00:11:08,300  
straight walls with the ceiling and

263  
00:11:13,240 --> 00:11:11,690

floor consisting of granite so I mean

264

00:11:16,060 --> 00:11:13,250

that's a lot of Confirmation and

265

00:11:19,300 --> 00:11:16,070

I start to wonder how could a or have

266

00:11:23,110 --> 00:11:19,310

known such a big discovery was there any

267

00:11:25,750 --> 00:11:23,120

other way it seems like that is a little

268

00:11:28,720 --> 00:11:25,760

bit of context that helps to verify this

269

00:11:30,250 --> 00:11:28,730

story yeah I mean his family you know

270

00:11:33,490 --> 00:11:30,260

they went through a lot of effort to

271

00:11:35,470 --> 00:11:33,500

pass this information down and they gave

272

00:11:37,510 --> 00:11:35,480

pretty well detail about you know I mean

273

00:11:40,660 --> 00:11:37,520

they their family closed it up a

274

00:11:42,850 --> 00:11:40,670

thousand and thirty four years ago they

275

00:11:44,920 --> 00:11:42,860

explained what was inside who was

276

00:11:46,660 --> 00:11:44,930

responsible for building it who was

277

00:11:50,260 --> 00:11:46,670

responsible for filling it up with all

278

00:11:52,840 --> 00:11:50,270

this beautiful artwork and the purpose

279

00:11:55,540 --> 00:11:52,850

of the temple and the temple itself it's

280

00:11:57,550 --> 00:11:55,550

very small it's only for two people but

281

00:11:59,950 --> 00:11:57,560

the storehouse underneath it is what we

282

00:12:02,740 --> 00:11:59,960

would call the Hollow Earth that huge

283

00:12:04,690 --> 00:12:02,750

cavern it's at the North Pole I mean

284

00:12:07,450 --> 00:12:04,700

it's a piece of art I mean they cut away

285

00:12:09,370 --> 00:12:07,460

the walls they plated it all with gold a

286

00:12:12,700 --> 00:12:09,380

golden pathway that goes down and one

287

00:12:14,920 --> 00:12:12,710

spear I'll borrow fifty thousands of

288

00:12:17,410 --> 00:12:14,930

kilometers it took this temple as

289

00:12:19,690 --> 00:12:17,420

millions of years old it's not built you

290

00:12:23,410 --> 00:12:19,700

know in a few years it's over many many

291

00:12:25,570 --> 00:12:23,420

many generations of the family right and

292

00:12:28,540 --> 00:12:25,580

last time I talked to you we kind of

293

00:12:30,730 --> 00:12:28,550

jumped right into the cosmology and the

294

00:12:33,700 --> 00:12:30,740

structure of the universe and how this

295

00:12:36,220 --> 00:12:33,710

all came to be and that is great but we

296

00:12:37,870 --> 00:12:36,230

didn't really talk about he or much at

297

00:12:39,940 --> 00:12:37,880

all and I've learned a little bit and I

298

00:12:42,100 --> 00:12:39,950

wanted to make this point because your

299

00:12:44,500 --> 00:12:42,110

bak was attacked several times during

300

00:12:48,400 --> 00:12:44,510

his life after he started spreading this

301  
00:12:49,900 --> 00:12:48,410  
story in 1999 an attack in his home left

302  
00:12:51,790 --> 00:12:49,910  
him a quadriplegic

303  
00:12:54,790 --> 00:12:51,800  
and ten years later he was actually

304  
00:12:58,150 --> 00:12:54,800  
killed just to use Wikipedia again it

305  
00:13:00,010 --> 00:12:58,160  
says in October 2010 your bak was

306  
00:13:02,440 --> 00:13:00,020  
stabbed to death in his apartment in

307  
00:13:05,530 --> 00:13:02,450  
Helsinki police arrested two male

308  
00:13:07,750 --> 00:13:05,540  
suspects of Indian origin who had shared

309  
00:13:09,820 --> 00:13:07,760  
his apartment and had worked as his

310  
00:13:12,370 --> 00:13:09,830  
personal assistants according to the

311  
00:13:15,430 --> 00:13:12,380  
police a quarrel had preceded the act of

312  
00:13:18,130 --> 00:13:15,440  
homicide in November the police reported

313  
00:13:20,500 --> 00:13:18,140

that the younger suspect was set free

314

00:13:23,890 --> 00:13:20,510

and no longer considered a suspect on

315

00:13:26,889 --> 00:13:23,900

September 7 2011 the finished police

316

00:13:29,799 --> 00:13:26,899

deported the other suspect a court found

317

00:13:31,989 --> 00:13:29,809

and criminally unaccountable so we have

318

00:13:33,730 --> 00:13:31,999

e or a man who was attacked multiple

319

00:13:35,980 --> 00:13:33,740

times after he started to speak out

320

00:13:38,530 --> 00:13:35,990

about this and two assistants ended up

321

00:13:40,989 --> 00:13:38,540

stabbing this quadriplegic man who was

322

00:13:44,079 --> 00:13:40,999

almost 70 and then they were released I

323

00:13:47,049 --> 00:13:44,089

mean that's a bit fishy you know that is

324

00:13:49,359 --> 00:13:47,059

pretty fishy then consider that you and

325

00:13:50,919 --> 00:13:49,369

your team were busted with hash during

326

00:13:53,079 --> 00:13:50,929

one of the excavations and you ended up

327

00:13:55,960 --> 00:13:53,089

going to prison if you read between

328

00:13:57,669 --> 00:13:55,970

these lines it looks like someone wanted

329

00:14:00,100 --> 00:13:57,679

any reason they could to shut this

330

00:14:02,949 --> 00:14:00,110

excavation down gave you a pretty harsh

331

00:14:05,350 --> 00:14:02,959

punishment for hash meanwhile a or is

332

00:14:07,780 --> 00:14:05,360

actually killed and no one faces any

333

00:14:09,730 --> 00:14:07,790

real punishment this all sounds like

334

00:14:13,030 --> 00:14:09,740

containment to me it definitely doesn't

335

00:14:15,549 --> 00:14:13,040

smell right you're absolutely right 100%

336

00:14:18,309 --> 00:14:15,559

Greg it's really not right the first boy

337

00:14:20,390 --> 00:14:18,319

was a finish point who stabbed him in

338

00:14:21,950 --> 00:14:20,400

1999

339

00:14:24,140 --> 00:14:21,960

worked his way into his apartment

340

00:14:25,960 --> 00:14:24,150

stabbed him in the chest three times and

341

00:14:29,480 --> 00:14:25,970

he died and they brought him back and

342

00:14:31,519 --> 00:14:29,490

yes he was a paraplegic but we spent

343

00:14:33,769 --> 00:14:31,529

years in India after that his mind was

344

00:14:35,240 --> 00:14:33,779

completely clear he can still smoke the

345

00:14:37,690 --> 00:14:35,250

pipe he could still drink his tea he

346

00:14:39,970 --> 00:14:37,700

just couldn't walk anymore

347

00:14:41,740 --> 00:14:39,980

and they put this guy in some nuthouse

348

00:14:42,910 --> 00:14:41,750

for six months or something they let him

349

00:14:47,110 --> 00:14:42,920

go

350

00:14:49,780 --> 00:14:47,120

and in the second attack in 2010 is two

351

00:14:52,000 --> 00:14:49,790

Indian boys from where we stay it we

352

00:14:54,129 --> 00:14:52,010

have a place in India a place called Goa

353

00:14:55,870 --> 00:14:54,139

a little village called sure poorer

354

00:14:57,730 --> 00:14:55,880

that's where the Sagar came out and

355

00:15:00,460 --> 00:14:57,740

that's where the group of us that listen

356

00:15:04,569 --> 00:15:00,470

to the saga we would go back and forth

357

00:15:08,079 --> 00:15:04,579

between Helsinki and go up and these two

358

00:15:11,230 --> 00:15:08,089

boys that were taking care for one of

359

00:15:15,310 --> 00:15:11,240

his incredible beautiful man he really

360

00:15:18,129 --> 00:15:15,320

is a Beebe I think the other boy could

361

00:15:21,850 --> 00:15:18,139

kill you or they just let him go

362

00:15:23,710 --> 00:15:21,860

you know Finland I don't know why if you

363

00:15:24,930 --> 00:15:23,720

and I went to Finland and we hurt any

364

00:15:27,189 --> 00:15:24,940

Finnish person

365

00:15:28,990 --> 00:15:27,199

we'd be in jail I mean they're very

366

00:15:32,769 --> 00:15:29,000

strict there about that kind of stuff

367

00:15:34,329 --> 00:15:32,779

and yet the two attacks on er Finland

368

00:15:37,900 --> 00:15:34,339

turned their face let both of them go

369

00:15:40,629 --> 00:15:37,910

like no penalty at all I think pennilyn

370

00:15:43,240 --> 00:15:40,639

just doesn't want a or a story to go out

371

00:15:46,540 --> 00:15:43,250

they've been giving us negative press

372

00:15:50,740 --> 00:15:46,550

and negative this since 1987 since we

373

00:15:52,569 --> 00:15:50,750

started digging the temple there and it

374

00:15:55,600 --> 00:15:52,579

is a very fishy story

375

00:15:58,710 --> 00:15:55,610

I don't know how Finland can do this but

376

00:16:01,630 --> 00:15:58,720

you know II or himself he was amazing on

377

00:16:03,550 --> 00:16:01,640

the first attack he didn't want anything

378

00:16:05,860 --> 00:16:03,560

that happened to the boy that nearly

379

00:16:09,040 --> 00:16:05,870

killed him he hope he got better and he

380

00:16:11,199 --> 00:16:09,050

could go back into society he or wasn't

381

00:16:13,630 --> 00:16:11,209

one of these people who held grudges I

382

00:16:15,430 --> 00:16:13,640

mean if somebody attacked me like that

383

00:16:17,920 --> 00:16:15,440

you know whatever I can do I'm going to

384

00:16:20,990 --> 00:16:17,930

get them back but he didn't have that

385

00:16:22,970 --> 00:16:21,000

kind of a heart about

386

00:16:24,980 --> 00:16:22,980

he understood all this was going to

387

00:16:27,920 --> 00:16:24,990

happen you know when you come out with

388

00:16:31,070 --> 00:16:27,930

such a story and such information you're

389

00:16:33,140 --> 00:16:31,080

gonna have repercussions from the powers

390

00:16:36,380 --> 00:16:33,150

that be and that's all these years I

391

00:16:38,560 --> 00:16:36,390

watched them and his government just try

392

00:16:40,550 --> 00:16:38,570

to put him on the back burner and

393

00:16:42,380 --> 00:16:40,560

absolutely I mean that's kind of what

394

00:16:45,110 --> 00:16:42,390

I'm thinking is if this is just some

395

00:16:47,480 --> 00:16:45,120

crazy kook with wild stories you'd

396

00:16:51,380 --> 00:16:47,490

expect him to just drift off into

397

00:16:55,970 --> 00:16:51,390

oblivion and die an old man but for a

398

00:16:57,620 --> 00:16:55,980

quadriplegic in his 70s to be killed and

399

00:16:59,720 --> 00:16:57,630

then that person not held accountable

400

00:17:02,000 --> 00:16:59,730

and just assured out of the country

401  
00:17:03,920 --> 00:17:02,010  
that's very fishy and again like I

402  
00:17:06,590 --> 00:17:03,930  
mentioned when you were doing an

403  
00:17:08,510 --> 00:17:06,600  
excavation they came through and found

404  
00:17:10,550 --> 00:17:08,520  
some hash and locked you guys up and

405  
00:17:12,260 --> 00:17:10,560  
it's like did they lock you up because

406  
00:17:14,540 --> 00:17:12,270  
they found hash or because they don't

407  
00:17:17,150 --> 00:17:14,550  
want this excavated it's a very curious

408  
00:17:19,780 --> 00:17:17,160  
thing these situations have happened

409  
00:17:22,460 --> 00:17:19,790  
before so it's unfortunate that we can't

410  
00:17:24,980 --> 00:17:22,470  
trust the official story because there's

411  
00:17:28,460 --> 00:17:24,990  
always a subtext and these things are

412  
00:17:30,380 --> 00:17:28,470  
all pushing the needle into the realm of

413  
00:17:33,530 --> 00:17:30,390

credibility as far as I'm concerned and

414

00:17:35,510 --> 00:17:33,540

something I also heard you mention on

415

00:17:38,960 --> 00:17:35,520

another show but we didn't talk about it

416

00:17:42,500 --> 00:17:38,970

was something about a museum being built

417

00:17:43,790 --> 00:17:42,510

by the Russians over the location well I

418

00:17:45,620 --> 00:17:43,800

don't know what the deal is with that

419

00:17:48,230 --> 00:17:45,630

but I'm confident that governments use

420

00:17:50,840 --> 00:17:48,240

this sort of tactic to cover things up

421

00:17:52,940 --> 00:17:50,850

when they can is this the case here as

422

00:17:55,520 --> 00:17:52,950

well do you think that a cover-up has

423

00:17:58,700 --> 00:17:55,530

anything to do with this museum that's

424

00:18:00,500 --> 00:17:58,710

apparently been built well the museum is

425

00:18:03,770 --> 00:18:00,510

actually built by the Russians in the

426

00:18:06,560 --> 00:18:03,780

end of the 19th century it's on the

427

00:18:08,780 --> 00:18:06,570

island where the north pole is there is

428

00:18:11,810 --> 00:18:08,790

an exact location where there is one

429

00:18:14,270 --> 00:18:11,820

hole in the very top of the pole and

430

00:18:16,700 --> 00:18:14,280

it's called the holy

431

00:18:18,860 --> 00:18:16,710

the whole he is the axle of the planet

432

00:18:21,649 --> 00:18:18,870

we call it I in English but it's a pole

433

00:18:24,500 --> 00:18:21,659

with a dot above it so that represents

434

00:18:26,990 --> 00:18:24,510

the axis of the planet the pole is a

435

00:18:31,130 --> 00:18:27,000

little dot above the pole is the North

436

00:18:33,649 --> 00:18:31,140

Star so in the very top of the axis of

437

00:18:35,419 --> 00:18:33,659

the planet it comes from one island

438

00:18:38,570 --> 00:18:35,429

about three kilometers in front of

439

00:18:42,620 --> 00:18:38,580

Helsinki called Susi sorry before called

440

00:18:44,840 --> 00:18:42,630

Island Earth the island of Eden and on

441

00:18:47,029 --> 00:18:44,850

the middle of this island is this exact

442

00:18:49,669 --> 00:18:47,039

North Pole and the Russians built a

443

00:18:52,730 --> 00:18:49,679

museum right on top of what we call

444

00:18:55,909 --> 00:18:52,740

Valhalla this hole is called Valhalla

445

00:18:57,919 --> 00:18:55,919

and mythology it's a real physical place

446

00:19:00,350 --> 00:18:57,929

it's still there today and straight

447

00:19:02,840 --> 00:19:00,360

above that is a round room where I stand

448

00:19:05,029 --> 00:19:02,850

in one of my videos and I say that this

449

00:19:07,250 --> 00:19:05,039

is the meridian line that divides the

450

00:19:10,430 --> 00:19:07,260

east from the west and so I can put one

451  
00:19:13,010 --> 00:19:10,440  
foot on the east and one foot in to the

452  
00:19:16,100 --> 00:19:13,020  
west and that line goes straight from

453  
00:19:18,560 --> 00:19:16,110  
that hole down to Poland it divides

454  
00:19:20,600 --> 00:19:18,570  
Crete in half and goes dr. round to

455  
00:19:24,409 --> 00:19:20,610  
Hawaii on this side and back to Helsinki

456  
00:19:26,840 --> 00:19:24,419  
and that's the original zero line they

457  
00:19:29,960 --> 00:19:26,850  
move the zero line over to Greenwich in

458  
00:19:33,230 --> 00:19:29,970  
the 18th century or the 19th century

459  
00:19:35,600 --> 00:19:33,240  
excuse me and it was a conscious effort

460  
00:19:37,580 --> 00:19:35,610  
that they did that up partly of what the

461  
00:19:41,000 --> 00:19:37,590  
Crimean War is about when they blew this

462  
00:19:43,370 --> 00:19:41,010  
castle up in front of Helsinki was to

463  
00:19:45,350 --> 00:19:43,380

move this so actually the whole planet

464

00:19:47,330 --> 00:19:45,360

is one hour off in time if you really

465

00:19:50,539 --> 00:19:47,340

want to be correct mm-hmm

466

00:19:52,940 --> 00:19:50,549

well I don't doubt that many things have

467

00:19:57,470 --> 00:19:52,950

been moved and obscured to hide truth

468

00:20:00,590 --> 00:19:57,480

and like we said last time this cultural

469

00:20:03,830 --> 00:20:00,600

memory or this subconscious memory of a

470

00:20:06,799 --> 00:20:03,840

holy land this was what we're talking

471

00:20:10,210 --> 00:20:06,809

about is this whole in Helsinki and

472

00:20:13,460 --> 00:20:10,220

obviously the religious authorities

473

00:20:17,630 --> 00:20:13,470

destroyed all that and moved the holy

474

00:20:20,090 --> 00:20:17,640

land to Israel but the whole idea of

475

00:20:21,830 --> 00:20:20,100

Hell being a negative place that is

476

00:20:24,350 --> 00:20:21,840

underground that you don't want to go I

477

00:20:26,539 --> 00:20:24,360

mean this is the same way they removed

478

00:20:28,070 --> 00:20:26,549

magic from culture said it's bad it's

479

00:20:31,280 --> 00:20:28,080

evil don't go there

480

00:20:33,560 --> 00:20:31,290

it seems to have a similar residue to it

481

00:20:35,360 --> 00:20:33,570

and I guess I'm also curious what is the

482

00:20:38,990 --> 00:20:35,370

name of that Museum what do you suspect

483

00:20:42,140 --> 00:20:39,000

is under that foundation I think it's

484

00:20:43,670 --> 00:20:42,150

called the Aaron sport Aaron's board he

485

00:20:45,710 --> 00:20:43,680

was the one that was responsible for

486

00:20:48,500 --> 00:20:45,720

building that is what they call sailor

487

00:20:51,200 --> 00:20:48,510

boy the castle of Sweden and Finnish

488

00:20:54,080 --> 00:20:51,210

they call it sua Molina but a castle of

489

00:20:57,020 --> 00:20:54,090

Finland it was when castle built there

490

00:20:59,930 --> 00:20:57,030

in the 1750 I think when they started to

491

00:21:02,090 --> 00:20:59,940

build it to make a fortification because

492

00:21:03,830 --> 00:21:02,100

the Sweden in the Russia was they were

493

00:21:06,920 --> 00:21:03,840

in battle with each other and the

494

00:21:09,830 --> 00:21:06,930

Russians would come over via Finland and

495

00:21:12,620 --> 00:21:09,840

these small and these rowing boats and

496

00:21:14,720 --> 00:21:12,630

they would attack Stockholm and so they

497

00:21:16,520 --> 00:21:14,730

built this castle and they had

498

00:21:18,830 --> 00:21:16,530

shipbuilding and everything in this

499

00:21:21,050 --> 00:21:18,840

castle on these seven islands and hell

500

00:21:24,380 --> 00:21:21,060

has seven hills and seven islands in

501  
00:21:25,430 --> 00:21:24,390  
front of hill and so they built this

502  
00:21:29,450 --> 00:21:25,440  
castle called

503  
00:21:32,540 --> 00:21:29,460  
swale bori so they could help stop these

504  
00:21:37,550 --> 00:21:32,550  
attacks from russia to sweden and then

505  
00:21:39,410 --> 00:21:37,560  
in 1850 by the crimean war the english

506  
00:21:41,750 --> 00:21:39,420  
and the ranch came up and they blew this

507  
00:21:44,180 --> 00:21:41,760  
island and they blew this everything of

508  
00:21:46,100 --> 00:21:44,190  
pieces because this was the ozera line

509  
00:21:48,050 --> 00:21:46,110  
and they were you know they didn't want

510  
00:21:49,610 --> 00:21:48,060  
anyone to know that hell is the zero

511  
00:21:52,340 --> 00:21:49,620  
line from before hmm

512  
00:21:53,990 --> 00:21:52,350  
so it's a very big conspiracy no one

513  
00:21:56,120 --> 00:21:54,000

knows about this except for the Bach

514

00:21:59,150 --> 00:21:56,130

Manley and of course whoever hears this

515

00:22:01,730 --> 00:21:59,160

but it was completely put underneath

516

00:22:04,910 --> 00:22:01,740

everything but Greenwich is not the zero

517

00:22:06,860 --> 00:22:04,920

line and yeah it's like that well I know

518

00:22:09,260 --> 00:22:06,870

so many things have been altered

519

00:22:12,500 --> 00:22:09,270

calendars have been altered language

520

00:22:14,600 --> 00:22:12,510

holidays it all hides the truth

521

00:22:16,310 --> 00:22:14,610

underneath and over here you know I've

522

00:22:18,200 --> 00:22:16,320

done shows talking about national parks

523

00:22:21,410 --> 00:22:18,210

that the government will place a

524

00:22:24,170 --> 00:22:21,420

national park around something that kind

525

00:22:25,850 --> 00:22:24,180

of wants to preserve yet keep secret we

526

00:22:28,550 --> 00:22:25,860

hear about people going missing in these

527

00:22:30,080 --> 00:22:28,560

parks we hear about energy nodes these

528

00:22:32,720 --> 00:22:30,090

kind of things that were important to

529

00:22:36,260 --> 00:22:32,730

Native Americans now they're roped off

530

00:22:38,360 --> 00:22:36,270

and people are charged admission to go

531

00:22:40,250 --> 00:22:38,370

on the pre-approved paths but off of

532

00:22:41,870 --> 00:22:40,260

those paths no one really knows what's

533

00:22:44,780 --> 00:22:41,880

out there except

534

00:22:46,400 --> 00:22:44,790

a few people behind the scenes maybe

535

00:22:48,470 --> 00:22:46,410

some of the indigenous people really

536

00:22:51,170 --> 00:22:48,480

know but they're afraid to say anything

537

00:22:53,060 --> 00:22:51,180

because if you say anything today

538

00:22:54,920 --> 00:22:53,070

anything can happen to your family

539

00:22:57,290 --> 00:22:54,930

anything can happen to anything so

540

00:23:00,290 --> 00:22:57,300

everybody you know there's a lot of

541

00:23:02,450 --> 00:23:00,300

information it's being kept in different

542

00:23:04,820 --> 00:23:02,460

sources it just can't come out because

543

00:23:08,300 --> 00:23:04,830

people are afraid to do it absolutely

544

00:23:10,940 --> 00:23:08,310

and one more thing to add credibility to

545

00:23:13,220 --> 00:23:10,950

this oral tradition last time you had

546

00:23:15,560 --> 00:23:13,230

mentioned that this temple is not the

547

00:23:17,270 --> 00:23:15,570

only site that houses hidden treasures

548

00:23:19,670 --> 00:23:17,280

and artifacts related to the box Agha

549

00:23:22,840 --> 00:23:19,680

and according to what I read from

550

00:23:25,910 --> 00:23:22,850

another impartial source

551

00:23:27,980 --> 00:23:25,920

Kajaani Castle is one of these places

552

00:23:29,840 --> 00:23:27,990

and they go on to say according to Bach

553

00:23:32,780 --> 00:23:29,850

a castle was situated in the place

554

00:23:35,330 --> 00:23:32,790

already in the 13th century when the

555

00:23:38,210 --> 00:23:35,340

Royal treasure of the kings of Finland

556

00:23:40,430 --> 00:23:38,220

including a golden buck statue was

557

00:23:42,770 --> 00:23:40,440

hidden in a well in the courtyard of the

558

00:23:46,040 --> 00:23:42,780

castle some excitement arose when

559

00:23:48,980 --> 00:23:46,050

ground-penetrating radar again suggested

560

00:23:51,350 --> 00:23:48,990

that a sizeable metal object was located

561

00:23:53,830 --> 00:23:51,360

at four meters depth of the courtyard of

562

00:23:56,660 --> 00:23:53,840

the fort according to the state

563

00:23:58,370 --> 00:23:56,670

archaeologists the item was probably

564

00:24:00,050 --> 00:23:58,380

just an old cannon that could have

565

00:24:02,840 --> 00:24:00,060

fallen into the well during the

566

00:24:04,880 --> 00:24:02,850

destruction of the fort in 1716 during

567

00:24:07,640 --> 00:24:04,890

an archaeological excavation made later

568

00:24:09,710 --> 00:24:07,650

in 2006 it was noticed that an

569

00:24:12,530 --> 00:24:09,720

electrical ground cable had been dug in

570

00:24:15,800 --> 00:24:12,540

the courtyard at 40 meters depth

571

00:24:18,440 --> 00:24:15,810

according to the project manager of the

572

00:24:21,590 --> 00:24:18,450

National Board of Antiquities it was

573

00:24:23,690 --> 00:24:21,600

most probably the object noticed in the

574

00:24:26,930 --> 00:24:23,700

ground penetrating radar investigations

575

00:24:29,660 --> 00:24:26,940

so again there you have it er is saying

576

00:24:32,060 --> 00:24:29,670

hey there is something here they find it

577

00:24:33,890 --> 00:24:32,070

with radar and then official government

578

00:24:35,900 --> 00:24:33,900

archaeologists without even seeing it

579

00:24:37,610 --> 00:24:35,910

say oh it's probably nothing it's

580

00:24:40,460 --> 00:24:37,620

probably just a cannon that fell in the

581

00:24:43,220 --> 00:24:40,470

well or an electrical wire and then

582

00:24:45,140 --> 00:24:43,230

later you know it's just like no one

583

00:24:46,820 --> 00:24:45,150

seems to go actually get that thing it

584

00:24:49,160 --> 00:24:46,830

just seems very much like the sort of

585

00:24:50,900 --> 00:24:49,170

excuses they give to cover-up and

586

00:24:53,150 --> 00:24:50,910

dismiss many things that don't fit the

587

00:24:55,370 --> 00:24:53,160

narrative it's just another notch in the

588

00:24:57,529 --> 00:24:55,380

belt of credibility I would say

589

00:24:59,720 --> 00:24:57,539

yeah it's just crazy you know you go to

590

00:25:03,680 --> 00:24:59,730

the name that little castle is called

591

00:25:05,470 --> 00:25:03,690

kyani kyani kyani it's about 500

592

00:25:08,750 --> 00:25:05,480

kilometers north of hill

593

00:25:10,580 --> 00:25:08,760

it's where the bak family were part of

594

00:25:12,380 --> 00:25:10,590

the bak man they went into exile when

595

00:25:15,169 --> 00:25:12,390

the hill was destroyed in 1050 by the

596

00:25:17,299 --> 00:25:15,179

Catholic Church where the family went up

597

00:25:19,580 --> 00:25:17,309

in the very north in a place called

598

00:25:21,560 --> 00:25:19,590

korvatunturi way up in the north of

599

00:25:24,289 --> 00:25:21,570

Finland in the other part of the family

600

00:25:27,680 --> 00:25:24,299

went over to this little castle that's

601  
00:25:29,930 --> 00:25:27,690  
where they sat for 200 well from 1050 to

602  
00:25:33,140 --> 00:25:29,940  
1250 and they came back down to South

603  
00:25:35,090 --> 00:25:33,150  
Yemen but yes you know another thing -

604  
00:25:38,930 --> 00:25:35,100  
in one of my videos we go to a place

605  
00:25:41,600 --> 00:25:38,940  
called Susi Lou Ola and Finnish language

606  
00:25:45,310 --> 00:25:41,610  
in English it comes to wolf cave anyone

607  
00:25:49,190 --> 00:25:45,320  
can Google wolf cave Finland and there

608  
00:25:51,350 --> 00:25:49,200  
in 1995 they made an excavation on the

609  
00:25:54,140 --> 00:25:51,360  
actually the largest cave in Finland and

610  
00:25:56,270 --> 00:25:54,150  
they found many floors that went down

611  
00:25:58,490 --> 00:25:56,280  
and down and down and down and these are

612  
00:26:02,020 --> 00:25:58,500  
geologists archaeologists from all over

613  
00:26:04,880 --> 00:26:02,030

the planet became a dis finished and

614

00:26:07,220 --> 00:26:04,890

their findings they found tools they

615

00:26:09,080 --> 00:26:07,230

found fire building they found Mastodon

616

00:26:11,690 --> 00:26:09,090

bones that these people have been eating

617

00:26:13,190 --> 00:26:11,700

they found seal bones that they've been

618

00:26:15,409 --> 00:26:13,200

eating and this place is about I don't

619

00:26:17,299 --> 00:26:15,419

know 50 or 60 miles from the coast so

620

00:26:21,289 --> 00:26:17,309

they had gone to the coast and brought

621

00:26:24,680 --> 00:26:21,299

these seals over to cook and in this

622

00:26:27,289 --> 00:26:24,690

early Explorer that they went down to is

623

00:26:28,580 --> 00:26:27,299

around 450 thousand years in the upper

624

00:26:30,230 --> 00:26:28,590

floor is about a hundred and thirty

625

00:26:33,110 --> 00:26:30,240

thousand years so there were people

626

00:26:35,180 --> 00:26:33,120

living in this Neman half a million

627

00:26:37,640 --> 00:26:35,190

years ago that archaeologists and

628

00:26:40,370 --> 00:26:37,650

geologists who dated this excavation and

629

00:26:42,770 --> 00:26:40,380

this box akka came out many years before

630

00:26:44,180 --> 00:26:42,780

this excavation and he or was already

631

00:26:46,399 --> 00:26:44,190

talking about these people who were

632

00:26:48,860 --> 00:26:46,409

living in Finland a half a million years

633

00:26:50,870 --> 00:26:48,870

ago this is the story about where the

634

00:26:53,630 --> 00:26:50,880

white people come from the blue eyes the

635

00:26:56,630 --> 00:26:53,640

light here the white skin it's pretty

636

00:26:58,460 --> 00:26:56,640

obvious that this white race of people

637

00:27:00,320 --> 00:26:58,470

who come from the way up in the north

638

00:27:03,409 --> 00:27:00,330

somewhere but no one has a story about

639

00:27:06,080 --> 00:27:03,419

it anymore right and it does just seem

640

00:27:08,509 --> 00:27:06,090

like the remnants and fingerprints of

641

00:27:10,879 --> 00:27:08,519

the usher people are

642

00:27:12,529 --> 00:27:10,889

all over the Finland area and I know

643

00:27:14,989 --> 00:27:12,539

you're probably a little anxious to

644

00:27:16,759 --> 00:27:14,999

relay more information from the saga

645

00:27:20,180 --> 00:27:16,769

itself but I just wanted to get some of

646

00:27:22,159 --> 00:27:20,190

those details out there and also ask if

647

00:27:23,930 --> 00:27:22,169

maybe there are other sites like the

648

00:27:26,509 --> 00:27:23,940

couple we've mentioned that might also

649

00:27:29,269 --> 00:27:26,519

contain treasures or artifacts that

650

00:27:31,940 --> 00:27:29,279

could verify this story how many sites

651  
00:27:34,249 --> 00:27:31,950  
might there be well there's another

652  
00:27:37,089 --> 00:27:34,259  
place that I actually didn't put in the

653  
00:27:40,070 --> 00:27:37,099  
video is called the offer London an

654  
00:27:43,879 --> 00:27:40,080  
offer means to offer something and

655  
00:27:47,329 --> 00:27:43,889  
London means a grove of trees so it was

656  
00:27:49,249 --> 00:27:47,339  
an old outside offering place where we

657  
00:27:53,209 --> 00:27:49,259  
had an offering system before and it's

658  
00:27:56,719 --> 00:27:53,219  
near when Castle kollross supporti about

659  
00:27:59,930 --> 00:27:56,729  
80 kilometres to the west of Hell there

660  
00:28:03,169 --> 00:27:59,940  
they buried the throne of the king of

661  
00:28:06,859 --> 00:28:03,179  
Finland they buried three crystal balls

662  
00:28:09,979 --> 00:28:06,869  
one was from the paradise time before

663  
00:28:13,190 --> 00:28:09,989

Iceland one was one that they used under

664

00:28:16,579 --> 00:28:13,200

the ice and astrology system this

665

00:28:19,489 --> 00:28:16,589

astrology system and the other best of

666

00:28:21,409 --> 00:28:19,499

all it's for the future so we have these

667

00:28:23,119 --> 00:28:21,419

three periods of time in the store we

668

00:28:25,459 --> 00:28:23,129

have what we call the power IDs through

669

00:28:27,129 --> 00:28:25,469

the paradise town before the tilt of the

670

00:28:29,779 --> 00:28:27,139

planet when the whole ball was tropical

671

00:28:32,659 --> 00:28:29,789

and then we have the ice times or the

672

00:28:35,749 --> 00:28:32,669

all Plante's times when all the lands

673

00:28:38,719 --> 00:28:35,759

were ice and then we have a future story

674

00:28:40,579 --> 00:28:38,729

also about it says that this axel is

675

00:28:41,989 --> 00:28:40,589

getting ready to flip back up that we're

676

00:28:44,029 --> 00:28:41,999

going to go straight back up where

677

00:28:47,180 --> 00:28:44,039

Helsinki is will be the very North Pole

678

00:28:49,129 --> 00:28:47,190

again that's why this ice this global

679

00:28:51,739 --> 00:28:49,139

warming is all happening is because we

680

00:28:53,750 --> 00:28:51,749

have to melt this ice off before the

681

00:28:56,440 --> 00:28:53,760

planet can flip back

682

00:28:58,670 --> 00:28:56,450

and that's all for this future thing

683

00:29:02,390 --> 00:28:58,680

right I think that's a really

684

00:29:05,660 --> 00:29:02,400

fascinating part of the saga is Atlantis

685

00:29:10,550 --> 00:29:05,670

is apparently derived from all land ice

686

00:29:13,340 --> 00:29:10,560

and you say or the saga says it was a

687

00:29:15,830 --> 00:29:13,350

place and a time period it was an age

688

00:29:18,080 --> 00:29:15,840

the Ice Age I think that's really

689

00:29:20,060 --> 00:29:18,090

interesting because if Helsinki used to

690

00:29:22,130 --> 00:29:20,070

be the original North Pole and now we

691

00:29:24,800 --> 00:29:22,140

have the earth's tilt and this is all

692

00:29:27,320 --> 00:29:24,810

related to the ice or I guess the weight

693

00:29:29,750 --> 00:29:27,330

of that ice and it's melting off now

694

00:29:33,710 --> 00:29:29,760

right during the time period in which

695

00:29:37,010 --> 00:29:33,720

the saga says the ice will melt and the

696

00:29:41,180 --> 00:29:37,020

planet will self-correct and will

697

00:29:45,230 --> 00:29:41,190

re-enter the global paradise time of

698

00:29:48,110 --> 00:29:45,240

tropical lush weather is that more or

699

00:29:50,780 --> 00:29:48,120

less the case you know we have a word

700

00:29:53,800 --> 00:29:50,790

that we in English we say balance so we

701  
00:29:57,200 --> 00:29:53,810  
lose the Association because we say bow

702  
00:30:00,890 --> 00:29:57,210  
but in root language balance is called

703  
00:30:02,920 --> 00:30:00,900  
balance and ball is a ball and it's

704  
00:30:06,510 --> 00:30:02,930  
earth is one ball

705  
00:30:10,120 --> 00:30:06,520  
it's one atmosphere sphere is a ball

706  
00:30:12,460 --> 00:30:10,130  
atmosphere mousses the moister steer is

707  
00:30:15,650 --> 00:30:12,470  
a round ball and out on the end is the

708  
00:30:18,740 --> 00:30:15,660  
air so the app moves to their error

709  
00:30:21,890 --> 00:30:18,750  
so we have this ball in the middle of

710  
00:30:24,500 --> 00:30:21,900  
this ball we have one pole North Pole

711  
00:30:27,980 --> 00:30:24,510  
South Pole we can also call it one axle

712  
00:30:30,530 --> 00:30:27,990  
but we can call it one e RI in English

713  
00:30:33,590 --> 00:30:30,540

but we can also call it one Lance and

714

00:30:36,020 --> 00:30:33,600

Lance's one pole so in the middle of

715

00:30:38,750 --> 00:30:36,030

this earth is one Lance this ball and

716

00:30:41,810 --> 00:30:38,760

this Lance when the planet was sitting

717

00:30:44,740 --> 00:30:41,820

straight up and down and this Lance was

718

00:30:48,200 --> 00:30:44,750

sitting upright instead of tilted over

719

00:30:51,830 --> 00:30:48,210

the planet was in balance we were

720

00:30:55,760 --> 00:30:51,840

spinning in harmony with the moon but

721

00:30:59,930 --> 00:30:55,770

now since it tilted we're out of balance

722

00:31:02,870 --> 00:30:59,940

the Lance fell out so we're out of

723

00:31:05,420 --> 00:31:02,880

balance the the earth this story says

724

00:31:06,800 --> 00:31:05,430

that that this Lance in this ball is

725

00:31:08,270 --> 00:31:06,810

going to tilt back up here

726

00:31:11,170 --> 00:31:08,280

he or I thought it was going to happen

727

00:31:14,020 --> 00:31:11,180

his life bound but it didn't

728

00:31:16,690 --> 00:31:14,030

this whole thing about global warm it's

729

00:31:18,370 --> 00:31:16,700

all caused by the Sun it's all on

730

00:31:22,930 --> 00:31:18,380

purpose because we're getting ready to

731

00:31:25,540 --> 00:31:22,940

have the new nude paradise Ecola hmm and

732

00:31:28,600 --> 00:31:25,550

right according to the Saga the earth is

733

00:31:31,300 --> 00:31:28,610

round but there are no other planets the

734

00:31:34,330 --> 00:31:31,310

Stars are not distant Suns and there are

735

00:31:38,280 --> 00:31:34,340

no other beans we're sort of it seems

736

00:31:40,690 --> 00:31:38,290

like in an enclosure of some kind well

737

00:31:45,420 --> 00:31:40,700

according to this there's one solar

738

00:31:48,220 --> 00:31:45,430

system the Sun is the Sun is not a star

739

00:31:51,100 --> 00:31:48,230

even according to the Greeks they called

740

00:31:54,550 --> 00:31:51,110

Mars and Venus and Saturn and Mercury

741

00:31:56,260 --> 00:31:54,560

they called the wandering star it

742

00:31:59,140 --> 00:31:56,270

didn't call them the wandering planets

743

00:32:01,840 --> 00:31:59,150

so I don't know really when they started

744

00:32:03,310 --> 00:32:01,850

calling Mars and Venus planets I really

745

00:32:05,650 --> 00:32:03,320

would love to find out when that

746

00:32:08,170 --> 00:32:05,660

actually happened because in the old way

747

00:32:09,760 --> 00:32:08,180

of thinking we even called Mars and

748

00:32:12,520 --> 00:32:09,770

Venus we call them the morning and the

749

00:32:15,460 --> 00:32:12,530

evening star well you can't be a star

750

00:32:18,130 --> 00:32:15,470

and a planet and nearly every language

751  
00:32:20,410 --> 00:32:18,140  
calls in the morning star the Venus so I

752  
00:32:22,600 --> 00:32:20,420  
mean it's it can't be a star and a

753  
00:32:24,910 --> 00:32:22,610  
planet at the same time according to

754  
00:32:27,040 --> 00:32:24,920  
this there's one Sun it shines in all

755  
00:32:30,040 --> 00:32:27,050  
directions stars are made of metal ice

756  
00:32:31,690 --> 00:32:30,050  
and gas there are all millions of them

757  
00:32:33,690 --> 00:32:31,700  
but they reflect the Sun if the Sun

758  
00:32:36,610 --> 00:32:33,700  
didn't shine the stars wouldn't shine

759  
00:32:38,530 --> 00:32:36,620  
Mars wouldn't shine Venus wouldn't shine

760  
00:32:41,320 --> 00:32:38,540  
this earth would be dead everything in

761  
00:32:43,420 --> 00:32:41,330  
the universe would be black so we put it

762  
00:32:46,120 --> 00:32:43,430  
all to one Sun is the power to

763  
00:32:51,040 --> 00:32:46,130

everything that exists and we call this

764

00:32:54,190 --> 00:32:51,050

Sun Odin and our suelen everything on

765

00:32:55,720 --> 00:32:54,200

this planet every butterfly every design

766

00:32:58,270 --> 00:32:55,730

on its wing a thousand different

767

00:33:00,640 --> 00:32:58,280

butterflies full of all different kinds

768

00:33:03,310 --> 00:33:00,650

of designs and colors they're all

769

00:33:06,520 --> 00:33:03,320

consciously made by the Sun the Sun is

770

00:33:08,950 --> 00:33:06,530

the intelligent design without the sun

771

00:33:09,670 --> 00:33:08,960

shining this planet would freeze it

772

00:33:11,470 --> 00:33:09,680

would be dark

773

00:33:13,990 --> 00:33:11,480

everything would die there would be no

774

00:33:17,740 --> 00:33:14,000

soul no life no nothing no consciousness

775

00:33:20,590 --> 00:33:17,750

so the Sun is conscious you were talking

776

00:33:23,170 --> 00:33:20,600

about entities that were not human I

777

00:33:25,180 --> 00:33:23,180

would have to say the Sun would have to

778

00:33:27,400 --> 00:33:25,190

follow that one because the

779

00:33:30,070 --> 00:33:27,410

sign is not a human but yet it's

780

00:33:31,750 --> 00:33:30,080

consciously creating everything living

781

00:33:34,480 --> 00:33:31,760

on this planet and it's consciously

782

00:33:36,310 --> 00:33:34,490

given the light to the moon to what we

783

00:33:38,950 --> 00:33:36,320

call our planets which are really stars

784

00:33:41,500 --> 00:33:38,960

and every star in the universe wouldn't

785

00:33:44,110 --> 00:33:41,510

shine they're not Suns within themselves

786

00:33:47,040 --> 00:33:44,120

that's another really huge thing I mean

787

00:33:48,850 --> 00:33:47,050

they have no pictures of the surface of

788

00:33:52,780 --> 00:33:48,860

anything in deep space

789

00:33:56,320 --> 00:33:52,790

the closest star is 28 trillion miles

790

00:33:58,630 --> 00:33:56,330

and they cannot see all they really see

791

00:34:00,970 --> 00:33:58,640

with the Hubble and the most fantastic

792

00:34:03,610 --> 00:34:00,980

telescope they have they really just see

793

00:34:05,980 --> 00:34:03,620

a little light dot in a dark background

794

00:34:07,600 --> 00:34:05,990

just what we see with our eyes but just

795

00:34:10,750 --> 00:34:07,610

a little bit bigger but they see little

796

00:34:12,730 --> 00:34:10,760

colors all the colors NASA puts in these

797

00:34:15,400 --> 00:34:12,740

beautiful films they had here on earth

798

00:34:17,410 --> 00:34:15,410

it's all a fake and they have no idea

799

00:34:20,140 --> 00:34:17,420

what these stars are they think they're

800

00:34:22,480 --> 00:34:20,150

all Suns all have universe around them

801  
00:34:27,310 --> 00:34:22,490  
and I mean they just keep multiverses it

802  
00:34:29,590 --> 00:34:27,320  
says universe Unni unit unit unicycle

803  
00:34:32,110 --> 00:34:29,600  
unique so I mean you know they just

804  
00:34:34,090 --> 00:34:32,120  
these guys get paid a lot of money but

805  
00:34:35,530 --> 00:34:34,100  
they have to say something so they just

806  
00:34:39,600 --> 00:34:35,540  
say it wrong and they're teaching our

807  
00:34:44,020 --> 00:34:39,610  
University children will [h\_\_\h] no I can

808  
00:34:46,630 --> 00:34:44,030  
well obviously I find any alternative

809  
00:34:49,120 --> 00:34:46,640  
model to be really provocative you say

810  
00:34:53,050 --> 00:34:49,130  
according to the Saga the stars are made

811  
00:34:56,410 --> 00:34:53,060  
of metal ice and gas are they floating

812  
00:35:00,370 --> 00:34:56,420  
out in the ether are they attached to

813  
00:35:02,530 --> 00:35:00,380

some type of enclosure are they just

814

00:35:04,390 --> 00:35:02,540

disembodied what are they can you give

815

00:35:07,600 --> 00:35:04,400

us some more details or elaborate on

816

00:35:10,270 --> 00:35:07,610

what those little lights in the sky are

817

00:35:12,550 --> 00:35:10,280

supposed to be well all three of these

818

00:35:15,240 --> 00:35:12,560

materials were highly reflective all ice

819

00:35:18,420 --> 00:35:15,250

gas and metal

820

00:35:20,910 --> 00:35:18,430

so they're all just reflecting the Sun I

821

00:35:24,000 --> 00:35:20,920

mean they're in a vacuum they're in a

822

00:35:27,330 --> 00:35:24,010

space the farther away from the Sun you

823

00:35:29,730 --> 00:35:27,340

go the colder gets so we do know that

824

00:35:31,830 --> 00:35:29,740

life can exist here on this earth but

825

00:35:33,720 --> 00:35:31,840

you go the next ball out it's too cold

826

00:35:37,349 --> 00:35:33,730

when the next ball ends to hot so we're

827

00:35:40,320 --> 00:35:37,359

really in a ideal situation I offer

828

00:35:42,089 --> 00:35:40,330

today I still offer five thousand

829

00:35:44,490 --> 00:35:42,099

dollars for anyone to bring me a picture

830

00:35:46,770 --> 00:35:44,500

of another Sun it doesn't exist they

831

00:35:50,250 --> 00:35:46,780

just do not happen it does not exist

832

00:35:52,080 --> 00:35:50,260

they're just saying that they know but

833

00:35:55,290 --> 00:35:52,090

according to this yeah if the Sun didn't

834

00:35:56,790 --> 00:35:55,300

shine there's an old saying I don't know

835

00:35:59,700 --> 00:35:56,800

if we really want to go into this but

836

00:36:01,730 --> 00:35:59,710

there's an old point in English very old

837

00:36:04,930 --> 00:36:01,740

and he goes like this

838

00:36:09,819 --> 00:36:04,940

Budhan is a ring

839

00:36:14,620 --> 00:36:09,829

Budhan is ever reading Budhan has always

840

00:36:18,160 --> 00:36:14,630

been in Odin will always be in Odin as

841

00:36:20,920 --> 00:36:18,170

the Sun so into saga we say there was no

842

00:36:22,839 --> 00:36:20,930

Big Bang and there certainly wasn't some

843

00:36:24,839 --> 00:36:22,849

invisible guy who made it all in six

844

00:36:27,790 --> 00:36:24,849

days who lives up there somewhere

845

00:36:32,150 --> 00:36:27,800

for us we say that the universe has

846

00:36:34,789 --> 00:36:32,160

always been and it will always be

847

00:36:37,609 --> 00:36:34,799

it had no beginning it will have no

848

00:36:39,950 --> 00:36:37,619

ending there never was a time of total

849

00:36:42,849 --> 00:36:39,960

darkness there never will be a time of

850

00:36:46,160 --> 00:36:42,859

total darkness and this is called

851  
00:36:48,529 --> 00:36:46,170  
eternity no beginning and no end in the

852  
00:36:50,150 --> 00:36:48,539  
time and when you look out into the

853  
00:36:53,120 --> 00:36:50,160  
space into the night into those

854  
00:36:56,120 --> 00:36:53,130  
beautiful stars those stars go forever

855  
00:37:00,160 --> 00:36:56,130  
and ever and ever there's no end to them

856  
00:37:03,620 --> 00:37:00,170  
and that's called eternity hmm no indeed

857  
00:37:07,220 --> 00:37:03,630  
so the universe in itself is the

858  
00:37:11,059 --> 00:37:07,230  
Eternity it is the infinity it is the

859  
00:37:13,609 --> 00:37:11,069  
hall and a source of all is the Sun if

860  
00:37:15,770 --> 00:37:13,619  
the Sun didn't shine this planet would

861  
00:37:17,839 --> 00:37:15,780  
be dead moon wouldn't shine Mars

862  
00:37:21,529 --> 00:37:17,849  
wouldn't shine the Stars wouldn't shine

863  
00:37:23,690 --> 00:37:21,539

it would be total black total life so

864

00:37:26,299 --> 00:37:23,700

for us this is not some kind of just

865

00:37:28,700 --> 00:37:26,309

ball of gas up there that you know we

866

00:37:31,010 --> 00:37:28,710

can go find another place to live and

867

00:37:33,680 --> 00:37:31,020

all this no it's really this is all on

868

00:37:35,900 --> 00:37:33,690

purpose the human being is not an

869

00:37:38,120 --> 00:37:35,910

accident we're created on this planet

870

00:37:40,970 --> 00:37:38,130

the saga explains how the human came

871

00:37:43,069 --> 00:37:40,980

into existence we're not coming in on a

872

00:37:45,710 --> 00:37:43,079

spaceship or anything else it's from the

873

00:37:47,240 --> 00:37:45,720

light of the Sun and they said well we

874

00:37:49,010 --> 00:37:47,250

wouldn't have water we wouldn't have

875

00:37:51,380 --> 00:37:49,020

life yeah but if we don't have the Sun

876

00:37:54,260 --> 00:37:51,390

the water is ice and you can't drink the

877

00:37:56,650 --> 00:37:54,270

glass of ice so and with no light this

878

00:38:00,410 --> 00:37:56,660

planet would just freeze and die so I

879

00:38:03,300 --> 00:38:00,420

always tell people look I understand as

880

00:38:05,460 --> 00:38:03,310

the Sun is the creation of life

881

00:38:06,750 --> 00:38:05,470

I don't believe that so it's a

882

00:38:10,110 --> 00:38:06,760

difference now some people believe

883

00:38:12,390 --> 00:38:10,120

someone made the Sun now that goes into

884

00:38:15,800 --> 00:38:12,400

belief the difference between believing

885

00:38:18,270 --> 00:38:15,810

and understanding is proof that evidence

886

00:38:21,000 --> 00:38:18,280

believing requires no proof and no

887

00:38:22,590 --> 00:38:21,010

evidence but understanding you must have

888

00:38:25,350 --> 00:38:22,600

evidence or proof or you cannot

889

00:38:28,020 --> 00:38:25,360

understand anything right obviously the

890

00:38:28,440 --> 00:38:28,030

Sun is crucial for life can't argue with

891

00:38:35,190 --> 00:38:28,450

that

892

00:38:37,020 --> 00:38:35,200

gave humanity quote special gifts and we

893

00:38:39,090 --> 00:38:37,030

didn't really get to talk about what

894

00:38:44,070 --> 00:38:39,100

those gifts were are you talking about

895

00:38:47,220 --> 00:38:44,080

forms of magic no if you go to the first

896

00:38:49,350 --> 00:38:47,230

man and a first woman because we don't

897

00:38:51,330 --> 00:38:49,360

tell the history backwards like they try

898

00:38:53,250 --> 00:38:51,340

to today we come from the beginning to

899

00:38:55,650 --> 00:38:53,260

now you don't read a book when the back

900

00:38:58,620 --> 00:38:55,660

to the front so we give the history from

901  
00:39:00,510 --> 00:38:58,630  
the beginning so in the saga we explain

902  
00:39:02,430 --> 00:39:00,520  
about how these first two people were

903  
00:39:04,860 --> 00:39:02,440  
born in this North Pole in this whole

904  
00:39:08,790 --> 00:39:04,870  
and what we call Valhalla or this whole

905  
00:39:12,120 --> 00:39:08,800  
that's above this empty tavern and his

906  
00:39:15,660 --> 00:39:12,130  
first masculine was called Bray and his

907  
00:39:18,090 --> 00:39:15,670  
sister was called Freya and pray was to

908  
00:39:20,520 --> 00:39:18,100  
God what we call the good in root

909  
00:39:26,190 --> 00:39:20,530  
language we have a English name called

910  
00:39:28,590 --> 00:39:26,200  
God pray to God pray so these two people

911  
00:39:31,770 --> 00:39:28,600  
had come from a combination of a monkey

912  
00:39:33,750 --> 00:39:31,780  
an eight and a goat so we say the

913  
00:39:37,350 --> 00:39:33,760

missing link to the human we know where

914

00:39:39,150 --> 00:39:37,360

95 percent eight but there was something

915

00:39:41,910 --> 00:39:39,160

else that was missing and we say in this

916

00:39:43,650 --> 00:39:41,920

story there was a one time happening

917

00:39:46,830 --> 00:39:43,660

usually in the nature animals do not

918

00:39:50,430 --> 00:39:46,840

crossbreed but the son decided to create

919

00:39:53,010 --> 00:39:50,440

this new thing called human being and so

920

00:39:55,640 --> 00:39:53,020

it was a combination of one eight and

921

00:39:58,530 --> 00:39:55,650

one nanny goat when female goat and

922

00:40:00,870 --> 00:39:58,540

inside these animals they do not have

923

00:40:04,329 --> 00:40:00,880

what we call sperm or what we call

924

00:40:06,089 --> 00:40:04,339

Sparrow ma end a story

925

00:40:09,370 --> 00:40:06,099

they have something called in block

926

00:40:12,459 --> 00:40:09,380

which is like parama but it's different

927

00:40:15,759 --> 00:40:12,469

it's a different quality but it says

928

00:40:19,660 --> 00:40:15,769

that in this English we call the sound

929

00:40:21,459 --> 00:40:19,670

pair the father so we're all sons and

930

00:40:26,249 --> 00:40:21,469

we're all daughters of pair we're pair

931

00:40:28,299 --> 00:40:26,259

sons persons' pair sons and the sound ma

932

00:40:30,849 --> 00:40:28,309

mom means mother

933

00:40:33,789 --> 00:40:30,859

we all say most languages say mama and

934

00:40:36,819 --> 00:40:33,799

the word mama comes from the word magma

935

00:40:40,150 --> 00:40:36,829

in English we say magma so we lose the

936

00:40:44,769 --> 00:40:40,160

association with the act but it's M are

937

00:40:47,200 --> 00:40:44,779

gay M R and in the middle is the G or

938

00:40:51,910 --> 00:40:47,210

the gay and if you pull the G down you

939

00:40:54,489 --> 00:40:51,920

have ma ma the mama is made of mod mark

940

00:40:57,900 --> 00:40:54,499

the ground is made of magma and as our

941

00:41:01,989 --> 00:40:57,910

mama so the sound ma means the mother

942

00:41:05,410 --> 00:41:01,999

mm-hmm so in that saga it says it when

943

00:41:09,160 --> 00:41:05,420

to sprayed his first boy was seven years

944

00:41:11,069 --> 00:41:09,170

old the son gave to him very very

945

00:41:14,900 --> 00:41:11,079

special gift

946

00:41:19,049 --> 00:41:14,910

and it's in our language to sound ASAS

947

00:41:21,390 --> 00:41:19,059

means suelen or son the sound para means

948

00:41:24,420 --> 00:41:21,400

father where sons a pair where pair of

949

00:41:28,259 --> 00:41:24,430

sons and mom means the earth or the

950

00:41:30,959 --> 00:41:28,269

mother so the son gave to the first pair

951  
00:41:35,219 --> 00:41:30,969  
in the first month something called

952  
00:41:39,870 --> 00:41:35,229  
espera mom Sara mom this is how this

953  
00:41:43,199 --> 00:41:39,880  
linguistics worked and so in pray in his

954  
00:41:47,430 --> 00:41:43,209  
balls on his seventh birthday he got the

955  
00:41:50,130 --> 00:41:47,440  
seed from the Sun and in this seed was

956  
00:41:52,620 --> 00:41:50,140  
twenty nine sounds what we call the root

957  
00:41:54,599 --> 00:41:52,630  
language so before we had the word we

958  
00:41:57,299 --> 00:41:54,609  
had to have the sounds to make the word

959  
00:42:02,699 --> 00:41:57,309  
right so he was given these twenty nine

960  
00:42:09,390 --> 00:42:02,709  
sounds which go e aa base a day a FK o

961  
00:42:16,439 --> 00:42:09,400  
ee co LM in a poop out of este ooh they

962  
00:42:19,769 --> 00:42:16,449  
X 800 and and these 29 sounds were given

963  
00:42:21,779 --> 00:42:19,779

to the first man on his planet he got

964

00:42:25,410 --> 00:42:21,789

the all ha ha

965

00:42:29,160 --> 00:42:25,420

bet all is everything ba is the father

966

00:42:31,589 --> 00:42:29,170

and Bette means to bait your hook so he

967

00:42:32,670 --> 00:42:31,599

was the Alpha he was the alpha male he

968

00:42:36,620 --> 00:42:32,680

was the owl father

969

00:42:41,219 --> 00:42:36,630

so this first alpha got the alphabet

970

00:42:43,469 --> 00:42:41,229

from the Sun and he and his sister they

971

00:42:45,239 --> 00:42:43,479

created what they call the root language

972

00:42:48,539 --> 00:42:45,249

the first language on the planet so we

973

00:42:51,809 --> 00:42:48,549

had language from the very beginning so

974

00:42:53,999 --> 00:42:51,819

this language was one gift that the son

975

00:42:56,489 --> 00:42:54,009

gave to the human being that didn't give

976

00:42:58,709 --> 00:42:56,499

to the animal they can't explain a tree

977

00:43:00,689 --> 00:42:58,719

and the color of the leaf and the shape

978

00:43:03,209 --> 00:43:00,699

of the leaf and the small little vein

979

00:43:06,689 --> 00:43:03,219

that goes down and they can't do that so

980

00:43:08,699 --> 00:43:06,699

this linguistics is an incredible gift

981

00:43:11,039 --> 00:43:08,709

that the son gave to the human being

982

00:43:12,660 --> 00:43:11,049

they didn't give to the animals there

983

00:43:15,059 --> 00:43:12,670

were three other things that the son

984

00:43:18,180 --> 00:43:15,069

gave to us that the animals didn't get

985

00:43:20,910 --> 00:43:18,190

and one was the linguistic second was

986

00:43:23,759 --> 00:43:20,920

fire the animal he didn't get the fire

987

00:43:25,020 --> 00:43:23,769

but the first woman on the planet Freya

988

00:43:27,330 --> 00:43:25,030

was given fire

989

00:43:30,360 --> 00:43:27,340

from the Sun and Bo one lightning bolt

990

00:43:33,240 --> 00:43:30,370

and the women they needed to inspire

991

00:43:35,310 --> 00:43:33,250

because it was tropical so they didn't

992

00:43:38,610 --> 00:43:35,320

need so much for heat but they needed to

993

00:43:41,220 --> 00:43:38,620

extract what we call Tay and Tay they

994

00:43:44,100 --> 00:43:41,230

took one stone pot they built one fire

995

00:43:45,810 --> 00:43:44,110

underneath the stone pot they fill it

996

00:43:49,290 --> 00:43:45,820

full of water and they collected leaves

997

00:43:52,230 --> 00:43:49,300

from the nature and inside the word leaf

998

00:43:55,890 --> 00:43:52,240

is the word life so to our word life

999

00:43:59,130 --> 00:43:55,900

comes from the word leaf hmm and inside

1000

00:44:01,980 --> 00:43:59,140

these leaves is a property today we call

1001

00:44:05,730 --> 00:44:01,990

it a Ain in the root language we call it

1002

00:44:08,610 --> 00:44:05,740

saab in finnish language we call it maja

1003

00:44:10,350 --> 00:44:08,620

and in English we call it SAP so there's

1004

00:44:12,300 --> 00:44:10,360

our energy that's in the leaf of the tea

1005

00:44:15,150 --> 00:44:12,310

not to being in the coffee but the leaf

1006

00:44:17,550 --> 00:44:15,160

of the tea and he's woman would boil

1007

00:44:19,260 --> 00:44:17,560

this water when it became to a boil they

1008

00:44:21,480 --> 00:44:19,270

would take one stick out but you never

1009

00:44:23,460 --> 00:44:21,490

want to boil the life out of the leaf

1010

00:44:25,380 --> 00:44:23,470

and then they would put these leaves in

1011

00:44:27,060 --> 00:44:25,390

and they drank his tea in the morning to

1012

00:44:31,110 --> 00:44:27,070

the night it was petrol for the brain

1013

00:44:33,240 --> 00:44:31,120

and the man drank today also so this

1014

00:44:35,760 --> 00:44:33,250

fire was important for the human being

1015

00:44:37,140 --> 00:44:35,770

because we needed to make this heat from

1016

00:44:39,950 --> 00:44:37,150

the beginning the women needed

1017

00:44:43,770 --> 00:44:39,960

especially the third thing that we got

1018

00:44:46,140 --> 00:44:43,780

the Linguistics the fire was something

1019

00:44:49,800 --> 00:44:46,150

called Monta Marty what we call

1020

00:44:52,680 --> 00:44:49,810

mathematics and Marty Marty has to do

1021

00:44:56,250 --> 00:44:52,690

with ma ma ma Tama so the women were

1022

00:44:56,970 --> 00:44:56,260

given the Matamata pop up we were given

1023

00:44:59,880 --> 00:44:56,980

something else

1024

00:45:01,470 --> 00:44:59,890

so without mathematics you know we

1025

00:45:04,250 --> 00:45:01,480

couldn't have anything that we have

1026

00:45:06,840 --> 00:45:04,260

today it's all based on masters but

1027

00:45:09,810 --> 00:45:06,850

fourth thing that we got was in the

1028

00:45:12,300 --> 00:45:09,820

nature when an animal cannot fly a bird

1029

00:45:15,510 --> 00:45:12,310

cannot fly an animal cannot walk and a

1030

00:45:17,550 --> 00:45:15,520

fish cannot swim they fall down and it's

1031

00:45:20,700 --> 00:45:17,560

their last day their soul goes back into

1032

00:45:23,580 --> 00:45:20,710

the earth but the human being in the

1033

00:45:26,070 --> 00:45:23,590

nature time we could wake up one day

1034

00:45:29,040 --> 00:45:26,080

cannot walk anymore but we could get one

1035

00:45:30,720 --> 00:45:29,050

stick a walking stick and we could still

1036

00:45:33,600 --> 00:45:30,730

walk for a little while longer

1037

00:45:35,460 --> 00:45:33,610

and so it can nature give that the

1038

00:45:37,290 --> 00:45:35,470

animals couldn't have that stick but the

1039

00:45:38,670 --> 00:45:37,300

human being we can still have a few more

1040

00:45:41,790 --> 00:45:38,680

weeks or months

1041

00:45:45,090 --> 00:45:41,800

with a stick so yeah like tool usage

1042

00:45:46,860 --> 00:45:45,100

basically basically yeah you had a tool

1043

00:45:48,660 --> 00:45:46,870

there do you have something to give you

1044

00:45:49,350 --> 00:45:48,670

that leg if you couldn't stand on

1045

00:45:52,410 --> 00:45:49,360

anymore

1046

00:45:55,140 --> 00:45:52,420

and today we'll talk about how we died

1047

00:45:58,560 --> 00:45:55,150

in these times because that's where this

1048

00:46:00,840 --> 00:45:58,570

story goes into right we definitely want

1049

00:46:02,580 --> 00:46:00,850

to relay more material from the saga

1050

00:46:04,890 --> 00:46:02,590

itself but we are pretty late in the

1051  
00:46:07,890 --> 00:46:04,900  
first hour at this point and I would

1052  
00:46:10,770 --> 00:46:07,900  
just say that this is pretty damn dense

1053  
00:46:12,720 --> 00:46:10,780  
material and instead of just globbing a

1054  
00:46:14,210 --> 00:46:12,730  
few more chapters on to what we talked

1055  
00:46:17,730 --> 00:46:14,220  
about last time I wanted to give people

1056  
00:46:19,890 --> 00:46:17,740  
the other context of why I think this

1057  
00:46:22,470 --> 00:46:19,900  
stuff is interesting why they might care

1058  
00:46:24,660 --> 00:46:22,480  
and if they agree they can go down the

1059  
00:46:27,630 --> 00:46:24,670  
full rabbit hole later because it is

1060  
00:46:29,340 --> 00:46:27,640  
just way too much for two hours and for

1061  
00:46:30,150 --> 00:46:29,350  
people who haven't gotten that far into

1062  
00:46:33,120 --> 00:46:30,160  
the box saga

1063  
00:46:35,610 --> 00:46:33,130

I recommend that video where Jim sits

1064

00:46:37,890 --> 00:46:35,620

down with the root alphabet in a

1065

00:46:38,970 --> 00:46:37,900

circular ring and you go through the

1066

00:46:41,790 --> 00:46:38,980

story because it's really interesting

1067

00:46:44,970 --> 00:46:41,800

how the whole deep tradition is

1068

00:46:48,450 --> 00:46:44,980

preserved in this root alphabet all in

1069

00:46:50,940 --> 00:46:48,460

order it acts as a sort of mnemonic

1070

00:46:52,680 --> 00:46:50,950

device and probably a good lesson in how

1071

00:46:55,770 --> 00:46:52,690

oral traditions can keep their integrity

1072

00:46:57,750 --> 00:46:55,780

over a long period of time anyway and I

1073

00:46:59,570 --> 00:46:57,760

know that the phonetics is a bit of a

1074

00:47:01,350 --> 00:46:59,580

gray area I don't know much about

1075

00:47:03,570 --> 00:47:01,360

linguistics and it's probably a little

1076

00:47:06,180 --> 00:47:03,580

odd to some people that this root

1077

00:47:08,130 --> 00:47:06,190

language would work so well phonetically

1078

00:47:10,350 --> 00:47:08,140

with English when English is a

1079

00:47:12,510 --> 00:47:10,360

relatively recent language and we're

1080

00:47:16,500 --> 00:47:12,520

told that things like Hebrew and

1081

00:47:18,150 --> 00:47:16,510

Sanskrit are much older but I guess

1082

00:47:20,730 --> 00:47:18,160

we're really talking about an origin

1083

00:47:24,150 --> 00:47:20,740

tradition and cosmology and mythology

1084

00:47:26,160 --> 00:47:24,160

for the Scandinavian Nordic people when

1085

00:47:27,150 --> 00:47:26,170

I boil it down to that it's a bit easier

1086

00:47:29,490 --> 00:47:27,160

to swallow

1087

00:47:32,340 --> 00:47:29,500

and again just progressing through the

1088

00:47:35,130 --> 00:47:32,350

saga using the wheel it's just

1089

00:47:37,560 --> 00:47:35,140

impressive and seems weird that someone

1090

00:47:40,770 --> 00:47:37,570

would make this up arbitrarily and be so

1091

00:47:42,960 --> 00:47:40,780

committed to it plus you know it's tied

1092

00:47:45,390 --> 00:47:42,970

into multiple areas with buried

1093

00:47:48,960 --> 00:47:45,400

artifacts and chambers that do seem

1094

00:47:50,860 --> 00:47:48,970

pretty credible it ties into why this

1095

00:47:54,190 --> 00:47:50,870

guy or Bach would have been a

1096

00:47:57,010 --> 00:47:54,200

tact multiple times and his killer not

1097

00:47:59,530 --> 00:47:57,020

held accountable and people kind of need

1098

00:48:01,240 --> 00:47:59,540

to know these things to understand why

1099

00:48:04,240 --> 00:48:01,250

they might care about the material

1100

00:48:06,490 --> 00:48:04,250

itself and I don't exactly know what to

1101  
00:48:09,370 --> 00:48:06,500  
make of the saga at all time some of it

1102  
00:48:11,080 --> 00:48:09,380  
is quite strange but I listen to a lot

1103  
00:48:13,720 --> 00:48:11,090  
of origin stories and they can be

1104  
00:48:16,660 --> 00:48:13,730  
interesting and contain truths without

1105  
00:48:18,640 --> 00:48:16,670  
becoming my new religion but let me

1106  
00:48:20,830 --> 00:48:18,650  
throw this at you because you seem like

1107  
00:48:22,960 --> 00:48:20,840  
a pretty spiritual guy a minimalist

1108  
00:48:25,990 --> 00:48:22,970  
living among nature or the healthy

1109  
00:48:28,180 --> 00:48:26,000  
meditation practice and all that walk in

1110  
00:48:30,940 --> 00:48:28,190  
the Gnostic path and earlier you

1111  
00:48:33,130 --> 00:48:30,950  
mentioned that they did have some sort

1112  
00:48:34,690 --> 00:48:33,140  
of offering system and then I asked you

1113  
00:48:36,400 --> 00:48:34,700

about non-human entities or

1114

00:48:38,380 --> 00:48:36,410

intelligences of any kind and you said

1115

00:48:41,560 --> 00:48:38,390

that according to the saga there really

1116

00:48:43,390 --> 00:48:41,570

aren't any and that's fine as far as the

1117

00:48:45,520 --> 00:48:43,400

material goes and I know you're

1118

00:48:48,040 --> 00:48:45,530

committed to it but I am curious with

1119

00:48:49,900 --> 00:48:48,050

this offering system who were these

1120

00:48:51,310 --> 00:48:49,910

offerings made to or with your

1121

00:48:54,340 --> 00:48:51,320

meditation practice have you ever

1122

00:48:56,890 --> 00:48:54,350

encountered something that made you

1123

00:48:58,510 --> 00:48:56,900

question this position on non-physical

1124

00:49:01,060 --> 00:48:58,520

intelligences or have you had an

1125

00:49:03,570 --> 00:49:01,070

out-of-body experience or any of these

1126

00:49:06,760 --> 00:49:03,580

sorts of things that tend to happen when

1127

00:49:09,400 --> 00:49:06,770

someone does develop a deep spirituality

1128

00:49:13,120 --> 00:49:09,410

and live amongst nature has anything

1129

00:49:16,450 --> 00:49:13,130

emerged from that aspect of your life

1130

00:49:17,670 --> 00:49:16,460

that might conflict with this aspect of

1131

00:49:21,640 --> 00:49:17,680

the saga

1132

00:49:23,200 --> 00:49:21,650

well okay to go into the offering system

1133

00:49:25,270 --> 00:49:23,210

we need to make that another day because

1134

00:49:28,570 --> 00:49:25,280

that's a very very big story and it's

1135

00:49:30,760 --> 00:49:28,580

kind of taboo actually in many ways so I

1136

00:49:34,450 --> 00:49:30,770

would prefer maybe not to go into that

1137

00:49:36,280 --> 00:49:34,460

offerings to it today sure as far as

1138

00:49:38,290 --> 00:49:36,290

being out of the body I don't know what

1139

00:49:39,880 --> 00:49:38,300

can be out of the body your imagination

1140

00:49:41,710 --> 00:49:39,890

can be out of your body but your brain

1141

00:49:43,630 --> 00:49:41,720

is headquarters that's where your love

1142

00:49:45,880 --> 00:49:43,640

everything is contained in your brain

1143

00:49:48,850 --> 00:49:45,890

that's your control essential now the

1144

00:49:51,230 --> 00:49:48,860

spirit and this saga the spirit is in

1145

00:49:53,839 --> 00:49:51,240

the breath is in the air

1146

00:49:58,250 --> 00:49:53,849

so when I take my last exhale as I die

1147

00:50:02,270 --> 00:49:58,260

as my last breath goes from my body

1148

00:50:05,000 --> 00:50:02,280

that's my spirit leaving the body so the

1149

00:50:07,280 --> 00:50:05,010

spirit in root language the spirit is

1150

00:50:10,880 --> 00:50:07,290

called on day and breath is called on

1151

00:50:14,299 --> 00:50:10,890

das and in Finnish language the name for

1152

00:50:18,170 --> 00:50:14,309

spirit is called Anki and breath is

1153

00:50:20,450 --> 00:50:18,180

called hanging us and Hawaiian even the

1154

00:50:23,780 --> 00:50:20,460

sound ha means breath and ha means

1155

00:50:26,450 --> 00:50:23,790

spirit so in many many languages you'll

1156

00:50:29,690 --> 00:50:26,460

get the association to breath and spirit

1157

00:50:31,670 --> 00:50:29,700

are the same now the soul is much

1158

00:50:34,579 --> 00:50:31,680

different it comes from the same thing

1159

00:50:37,630 --> 00:50:34,589

it comes from the Sun but the soul is in

1160

00:50:42,109 --> 00:50:37,640

the cell the body every living cell

1161

00:50:44,750 --> 00:50:42,119

contains soul Sun power and that's the

1162

00:50:46,579 --> 00:50:44,760

soul in the body so when I die my spirit

1163

00:50:49,819 --> 00:50:46,589

leaves and goes into the air there's a

1164

00:50:52,910 --> 00:50:49,829

story about that but my soul is still in

1165

00:50:55,460 --> 00:50:52,920

the body it doesn't leave and so before

1166

00:50:57,289 --> 00:50:55,470

all people were cremated their ashes put

1167

00:50:57,770 --> 00:50:57,299

underneath a family tree that's another

1168

00:51:00,440 --> 00:50:57,780

story

1169

00:51:03,380 --> 00:51:00,450

maybe we can go into that one today how

1170

00:51:04,789 --> 00:51:03,390

we died and these family trees but the

1171

00:51:07,789 --> 00:51:04,799

soul in the spirit there are two

1172

00:51:09,829 --> 00:51:07,799

different things you know I can sit here

1173

00:51:11,650 --> 00:51:09,839

and close my eyes and imagine that I'm

1174

00:51:15,260 --> 00:51:11,660

sitting up and a limb on the tree

1175

00:51:16,910 --> 00:51:15,270

looking down at myself now I guess you

1176

00:51:19,160 --> 00:51:16,920

could call that an out-of-body I'm

1177

00:51:20,780 --> 00:51:19,170

looking at myself standing down on the

1178

00:51:24,260 --> 00:51:20,790

ground underneath the tree and I'm up

1179

00:51:26,120 --> 00:51:24,270

but there's no really physical part of

1180

00:51:28,910 --> 00:51:26,130

me that can leave the body my

1181

00:51:30,829 --> 00:51:28,920

imagination so how the body I don't know

1182

00:51:33,440 --> 00:51:30,839

what can leave the body

1183

00:51:35,030 --> 00:51:33,450

I would debate that with other people

1184

00:51:38,000 --> 00:51:35,040

but you know I think it's just the

1185

00:51:39,799 --> 00:51:38,010

imagination that's leaving and it thinks

1186

00:51:42,200 --> 00:51:39,809

you're out there looking back or doing

1187

00:51:44,390 --> 00:51:42,210

something like that hmm even in these

1188

00:51:46,250 --> 00:51:44,400

cases of near-death experience or when

1189

00:51:48,470 --> 00:51:46,260

people are brought back from the brink

1190

00:51:49,819 --> 00:51:48,480

of death yeah I think these people they

1191

00:51:52,069 --> 00:51:49,829

you know they're on the edge of death

1192

00:51:54,280 --> 00:51:52,079

and they black out and they're you know

1193

00:51:56,870 --> 00:51:54,290

unconscious and they feel like they're

1194

00:51:59,030 --> 00:51:56,880

outside the body but I don't know that

1195

00:52:00,859 --> 00:51:59,040

the spirit is going in and out of every

1196

00:52:02,900 --> 00:52:00,869

breath and the soul can't jump out of

1197

00:52:04,819 --> 00:52:02,910

the body it's inside the cell the body

1198

00:52:07,609 --> 00:52:04,829

it can only be in the imaginary

1199

00:52:09,829 --> 00:52:07,619

as far as I'm concerned well fair enough

1200

00:52:11,420 --> 00:52:09,839

that's obviously not what we're really

1201

00:52:13,249 --> 00:52:11,430

here to talk about but I was just

1202

00:52:15,589 --> 00:52:13,259

curious and maybe we're dealing with

1203

00:52:18,019 --> 00:52:15,599

semantics or it's just an issue of

1204

00:52:20,299 --> 00:52:18,029

definitions because there are a lot of

1205

00:52:22,729 --> 00:52:20,309

cases of people being clinically dead

1206

00:52:24,680 --> 00:52:22,739

but also looking down in the room seeing

1207

00:52:26,299 --> 00:52:24,690

or hearing real things that happen and

1208

00:52:29,569 --> 00:52:26,309

relaying those things when they are

1209

00:52:31,370 --> 00:52:29,579

brought back to life and as you said I

1210

00:52:33,650 --> 00:52:31,380

mean spirit can be everywhere

1211

00:52:36,140 --> 00:52:33,660

we're obviously more than just our

1212

00:52:38,839 --> 00:52:36,150

bodies we're going to talk about spirit

1213

00:52:41,150 --> 00:52:38,849

and soul later maybe there's a field

1214

00:52:43,910 --> 00:52:41,160

there that can contain information that

1215

00:52:46,370 --> 00:52:43,920

we can extract it's a lot to unpack but

1216

00:52:49,160 --> 00:52:46,380

let's just get back to the material you

1217

00:52:52,249 --> 00:52:49,170

mentioned how we died in ancient times

1218

00:52:54,620 --> 00:52:52,259

tell us about that you know today we

1219

00:52:59,539 --> 00:52:54,630

have hospitals we have all this miracle

1220

00:53:02,779 --> 00:52:59,549

medicines surgery chemotherapy stem cell

1221

00:53:05,959 --> 00:53:02,789

so we're really mankind is getting sick

1222

00:53:08,049 --> 00:53:05,969

and they're having to find new ways to

1223

00:53:10,430 --> 00:53:08,059

try to make us to be well again because

1224

00:53:14,630 --> 00:53:10,440

the antibiotics aren't working anymore

1225

00:53:16,759 --> 00:53:14,640

the vaccines or you know about those so

1226

00:53:18,709 --> 00:53:16,769

mankind is very sick

1227

00:53:21,799 --> 00:53:18,719

you know in Tubac saga it says in the

1228

00:53:24,559 --> 00:53:21,809

Paradise nobody was sick there was no

1229

00:53:27,109 --> 00:53:24,569

people who died from illness but that's

1230

00:53:29,509 --> 00:53:27,119

another story he or his family no one

1231

00:53:31,579 --> 00:53:29,519

ever died of illness they had something

1232

00:53:34,579 --> 00:53:31,589

called their immune system which will go

1233

00:53:36,920 --> 00:53:34,589

in another day but in the nature when a

1234

00:53:40,249 --> 00:53:36,930

bird cannot fly in a fish cannot swim

1235

00:53:42,289 --> 00:53:40,259

and an animal cannot walk anymore they

1236

00:53:44,449 --> 00:53:42,299

turn over and they die right there and

1237

00:53:47,120 --> 00:53:44,459

their soul that's in the cells of their

1238

00:53:51,380 --> 00:53:47,130

body eventually goes back into the green

1239

00:53:52,519 --> 00:53:51,390

system of the earth in one system so the

1240

00:53:54,890 --> 00:53:52,529

day that they can't do these things

1241

00:53:56,779 --> 00:53:54,900

they're finished but to human being one

1242

00:53:59,150 --> 00:53:56,789

day that we wake up and we can't walk

1243

00:54:01,069 --> 00:53:59,160

anymore we're talking about a time

1244

00:54:04,009 --> 00:54:01,079

before hospitals and before all this

1245

00:54:06,349 --> 00:54:04,019

stuff so we live according to nature we

1246

00:54:07,880 --> 00:54:06,359

felt in nature was perfect and we

1247

00:54:09,529 --> 00:54:07,890

couldn't do any better than what the

1248

00:54:11,449 --> 00:54:09,539

nature was today we don't think the

1249

00:54:15,109 --> 00:54:11,459

nature is perfect anymore so we do it

1250

00:54:17,449 --> 00:54:15,119

our own way but I'll take this word acha

1251  
00:54:18,740 --> 00:54:17,459  
acha and our story is the old woman the

1252  
00:54:20,720 --> 00:54:18,750  
highest woman on the

1253  
00:54:23,780 --> 00:54:20,730  
she's called akka it's where the word

1254  
00:54:26,839 --> 00:54:23,790  
academic Academy comes from its where

1255  
00:54:30,140 --> 00:54:26,849  
Akashic records come from Alcazar Akash

1256  
00:54:33,349 --> 00:54:30,150  
and aqus tree was the ash tree it's

1257  
00:54:36,680 --> 00:54:33,359  
where Almanac all Menaka they call it

1258  
00:54:39,140 --> 00:54:36,690  
all men akka all men come from akka so

1259  
00:54:41,810 --> 00:54:39,150  
akka the names around his temple is

1260  
00:54:44,420 --> 00:54:41,820  
called akka because it was the old

1261  
00:54:46,910 --> 00:54:44,430  
woman's place I can Pez Arantes a name

1262  
00:54:49,460 --> 00:54:46,920  
for the temple Hill that we live on but

1263  
00:54:52,010 --> 00:54:49,470

were there where the temple is so one

1264

00:54:54,890 --> 00:54:52,020

day our cuz she wakes up and she's the

1265

00:54:57,880 --> 00:54:54,900

highest woman of the asar she's the

1266

00:55:01,910 --> 00:54:57,890

grandmother and she can't stand anymore

1267

00:55:03,830 --> 00:55:01,920

so this is one side and now she's coming

1268

00:55:05,839 --> 00:55:03,840

close to the end because when you can't

1269

00:55:08,210 --> 00:55:05,849

walk anymore before we went away from

1270

00:55:11,120 --> 00:55:08,220

the life we didn't cause a lot of

1271

00:55:13,220 --> 00:55:11,130

problems for people so one day she wakes

1272

00:55:14,839 --> 00:55:13,230

up and she can't get up but she gets a

1273

00:55:16,430 --> 00:55:14,849

stick and now she can still hobble

1274

00:55:19,220 --> 00:55:16,440

around the village and she can still get

1275

00:55:21,109 --> 00:55:19,230

around with his dick and everybody can

1276

00:55:22,940 --> 00:55:21,119

see that now and grandma she's owned a

1277

00:55:25,700 --> 00:55:22,950

stick you know so she doesn't have so

1278

00:55:28,640 --> 00:55:25,710

much time left from the life and then

1279

00:55:31,130 --> 00:55:28,650

one day grandmother akka she wakes up

1280

00:55:34,310 --> 00:55:31,140

and she gets her stick and he realizes

1281

00:55:36,349 --> 00:55:34,320

she can still stand with her stick but

1282

00:55:39,260 --> 00:55:36,359

she can't walk with it anymore her legs

1283

00:55:41,540 --> 00:55:39,270

will not travel so on this day the akka

1284

00:55:44,030 --> 00:55:41,550

she sits down and she lets the word out

1285

00:55:46,780 --> 00:55:44,040

into the family that now the grandmother

1286

00:55:49,520 --> 00:55:46,790

she can't walk anymore and one by one

1287

00:55:52,970 --> 00:55:49,530

people come to see her that have things

1288

00:55:55,220 --> 00:55:52,980

to say to the grandmother and they sit

1289

00:55:56,960 --> 00:55:55,230

down in front of her she has information

1290

00:55:58,970 --> 00:55:56,970

she may want to give them they have

1291

00:56:01,790 --> 00:55:58,980

things they want to say to her and his

1292

00:56:03,620 --> 00:56:01,800

bla bla bla bla back and forth and then

1293

00:56:05,900 --> 00:56:03,630

when there's nothing else to say to the

1294

00:56:07,790 --> 00:56:05,910

grandmother this person would look at

1295

00:56:09,950 --> 00:56:07,800

her in the eyes who was good feeling she

1296

00:56:11,900 --> 00:56:09,960

would go away in the next person and the

1297

00:56:14,960 --> 00:56:11,910

next person in the next person one by

1298

00:56:17,839 --> 00:56:14,970

one so everybody had their opportunity

1299

00:56:20,540 --> 00:56:17,849

to sit and pail or talk with the

1300

00:56:24,220 --> 00:56:20,550

grandmother in these last days of her

1301  
00:56:26,900 --> 00:56:24,230  
life and then when everybody does whole

1302  
00:56:28,970 --> 00:56:26,910  
procedure with these people coming when

1303  
00:56:31,510 --> 00:56:28,980  
nobody had anything else to say now the

1304  
00:56:33,760 --> 00:56:31,520  
grandmother sitting there they may

1305  
00:56:36,490 --> 00:56:33,770  
one day we're now the two strongest men

1306  
00:56:38,590 --> 00:56:36,500  
of the tribe of the clan would come and

1307  
00:56:40,750 --> 00:56:38,600  
everybody would be bear nobody would

1308  
00:56:42,970 --> 00:56:40,760  
wear any clothes because we come into

1309  
00:56:45,880 --> 00:56:42,980  
this world bare and we leave the world

1310  
00:56:48,430 --> 00:56:45,890  
there and these two strongest guys with

1311  
00:56:50,410 --> 00:56:48,440  
the village of the tribe they would come

1312  
00:56:52,840 --> 00:56:50,420  
and they would hold hands and it would

1313  
00:56:54,790 --> 00:56:52,850

make like an ex my holding hands like a

1314

00:56:56,860 --> 00:56:54,800

chair and they would put this

1315

00:56:59,590 --> 00:56:56,870

grandmother up into and they would carry

1316

00:57:02,950 --> 00:56:59,600

her with her stick to the top of one

1317

00:57:05,800 --> 00:57:02,960

hill or one cliff called one at the

1318

00:57:07,750 --> 00:57:05,810

stupa in the temple tape there you can

1319

00:57:09,760 --> 00:57:07,760

see this big tall stone in the back is

1320

00:57:12,340 --> 00:57:09,770

where the akka where she fell from and

1321

00:57:16,180 --> 00:57:12,350

they would carry her up to the top of

1322

00:57:18,280 --> 00:57:16,190

this cliff or this hill and there they

1323

00:57:20,140 --> 00:57:18,290

would set her down and she would stand

1324

00:57:21,820 --> 00:57:20,150

it was very important she could still

1325

00:57:23,740 --> 00:57:21,830

stand with the stick she couldn't walk

1326

00:57:25,210 --> 00:57:23,750

but she had to be able to stand she

1327

00:57:27,790 --> 00:57:25,220

didn't want to wait because she couldn't

1328

00:57:29,770 --> 00:57:27,800

stand they would put her there and there

1329

00:57:32,110 --> 00:57:29,780

she'd be standing and all the people who

1330

00:57:34,930 --> 00:57:32,120

had loved her feelings for the

1331

00:57:37,450 --> 00:57:34,940

grandmother all made one queue one line

1332

00:57:39,730 --> 00:57:37,460

behind her as they're carrying her up to

1333

00:57:41,860 --> 00:57:39,740

this hill and in when she's standing

1334

00:57:43,390 --> 00:57:41,870

there they have made a semicircle at the

1335

00:57:46,330 --> 00:57:43,400

bottom of the hill and now she could

1336

00:57:48,220 --> 00:57:46,340

look down into the eyes of her whole

1337

00:57:50,550 --> 00:57:48,230

family there was nothing to say to any

1338

00:57:53,380 --> 00:57:50,560

under she had already said it one by one

1339

00:57:55,300 --> 00:57:53,390

but she's looking down into the eyes of

1340

00:57:57,670 --> 00:57:55,310

the people who made her life to be what

1341

00:57:59,190 --> 00:57:57,680

it was and they're all looking up and

1342

00:58:02,440 --> 00:57:59,200

her eyes with their grandmother

1343

00:58:03,940 --> 00:58:02,450

matriarch so there is looking at each

1344

00:58:06,970 --> 00:58:03,950

other she's standing there with her

1345

00:58:10,840 --> 00:58:06,980

stick and off to one side they would

1346

00:58:13,210 --> 00:58:10,850

always have a ring drawn with a stick in

1347

00:58:15,910 --> 00:58:13,220

the middle and that's a ring with a pole

1348

00:58:20,530 --> 00:58:15,920

in the middle and the Sun made the

1349

00:58:23,110 --> 00:58:20,540

shadow cube it's the sundial and so she

1350

00:58:26,710 --> 00:58:23,120

could look over and when his son Odin or

1351

00:58:29,530 --> 00:58:26,720

zulan was at 12 o'clock it casts the

1352

00:58:32,740 --> 00:58:29,540

shadow on a certain line at this time

1353

00:58:35,500 --> 00:58:32,750

she would lift her stick up and point it

1354

00:58:37,780 --> 00:58:35,510

straight up to the Sun and she herself

1355

00:58:40,270 --> 00:58:37,790

would look straight to the Sun she she's

1356

00:58:42,700 --> 00:58:40,280

holding her stick up to the Sun she's

1357

00:58:44,920 --> 00:58:42,710

looking at the Sun and in this minute

1358

00:58:46,660 --> 00:58:44,930

the people on the ground they

1359

00:58:49,420 --> 00:58:46,670

don't look into her eyes this is your

1360

00:58:51,640 --> 00:58:49,430

most private second of your life they

1361

00:58:54,430 --> 00:58:51,650

also looked into the Sun so it was like

1362

00:58:57,130 --> 00:58:54,440

one communication from them their eyes

1363

00:58:59,559 --> 00:58:57,140

looking to the Sun the Sun looking down

1364

00:59:01,569 --> 00:58:59,569

on this whole story and when she lifted

1365

00:59:03,700 --> 00:59:01,579

her stick she couldn't stand anymore and

1366

00:59:06,130 --> 00:59:03,710

she fell straight off the back of this

1367

00:59:08,530 --> 00:59:06,140

cliff and on the way down the last thing

1368

00:59:11,470 --> 00:59:08,540

she saw as she was going down about five

1369

00:59:13,599 --> 00:59:11,480

six seven meters was the Sun which was

1370

00:59:17,170 --> 00:59:13,609

the creator of her life it was her soul

1371

00:59:19,420 --> 00:59:17,180

and this is how we died we were alive at

1372

00:59:21,160 --> 00:59:19,430

her own funeral people when you couldn't

1373

00:59:23,589 --> 00:59:21,170

walk with your stick anymore we went

1374

00:59:26,109 --> 00:59:23,599

away from the life and then they would

1375

00:59:28,089 --> 00:59:26,119

take this old woman they would cremate

1376

00:59:30,339 --> 00:59:28,099

her all people were cremated this is why

1377

00:59:32,410 --> 00:59:30,349

we don't find so many bones from old old

1378

00:59:35,349 --> 00:59:32,420

times because people were cremated and

1379

00:59:38,950 --> 00:59:35,359

these people said that the soul was in

1380

00:59:40,569 --> 00:59:38,960

the ash of the fire and the ash is the

1381

00:59:42,309 --> 00:59:40,579

driest thing on the planet there's

1382

00:59:44,500 --> 00:59:42,319

nothing drier than the ash and they

1383

00:59:46,540 --> 00:59:44,510

would collect this ash from the fire and

1384

00:59:49,030 --> 00:59:46,550

in this ash was the soul of the

1385

00:59:51,609 --> 00:59:49,040

grandmother and in these days we all

1386

00:59:54,490 --> 00:59:51,619

belong to family trees in the north we

1387

00:59:57,280 --> 00:59:54,500

all had the oak tree in the paradise we

1388

00:59:59,349 --> 00:59:57,290

had the palm tree but in this time we

1389

01:00:01,420 --> 00:59:59,359

had the oak tree and our ash was put

1390

01:00:03,670 --> 01:00:01,430

underneath into the roots of our tree

1391

01:00:06,520 --> 01:00:03,680

they were living memorials we didn't

1392

01:00:09,160 --> 01:00:06,530

have graveyards you could go to your

1393

01:00:12,640 --> 01:00:09,170

family tree and you knew that the ash of

1394

01:00:15,069 --> 01:00:12,650

your older brother was there on top of

1395

01:00:19,150 --> 01:00:15,079

the ash ashes to ashes to ashes to ashes

1396

01:00:21,370 --> 01:00:19,160

and this was how we ended up in the old

1397

01:00:24,490 --> 01:00:21,380

time our soul went underneath our family

1398

01:00:26,380 --> 01:00:24,500

tree and from there this soul is in the

1399

01:00:28,420 --> 01:00:26,390

earth it's in that what we call the

1400

01:00:34,140 --> 01:00:28,430

dance system because the earth is damp

1401  
01:00:37,630 --> 01:00:34,150  
and the Sun now which sucked this soul

1402  
01:00:42,039 --> 01:00:37,640  
out of this ash and to the root of the

1403  
01:00:46,839 --> 01:00:42,049  
tree and now our soul is in the tree in

1404  
01:00:49,480 --> 01:00:46,849  
the form of sob or SAP or mahalo and

1405  
01:00:51,579 --> 01:00:49,490  
Finnish language and now our soul

1406  
01:00:54,130 --> 01:00:51,589  
travels up the trunk of the tree to the

1407  
01:00:55,900 --> 01:00:54,140  
branch and from the branch it goes to

1408  
01:00:58,300 --> 01:00:55,910  
the small branch and from the small

1409  
01:01:01,240 --> 01:00:58,310  
branch it goes to the lead

1410  
01:01:05,110 --> 01:01:01,250  
so our life has gone to the leap of the

1411  
01:01:08,710 --> 01:01:05,120  
tree and now we're in the lead we be the

1412  
01:01:10,990 --> 01:01:08,720  
leaf and this is the belief system we be

1413  
01:01:14,590 --> 01:01:11,000

the leaf we be the life in the leaf and

1414

01:01:17,800 --> 01:01:14,600

now the Sun sucks our leaf our life out

1415

01:01:21,070 --> 01:01:17,810

of the lead the green in the leaf is the

1416

01:01:24,280 --> 01:01:21,080

light and this soul is sucked into the

1417

01:01:25,990 --> 01:01:24,290

air and from there in this planet

1418

01:01:28,720 --> 01:01:26,000

spinning around and what we call

1419

01:01:31,270 --> 01:01:28,730

centrifugal and root language we call it

1420

01:01:33,580 --> 01:01:31,280

centripetal force this planet is

1421

01:01:36,880 --> 01:01:33,590

spinning and the soul goes into the air

1422

01:01:39,340 --> 01:01:36,890

where our spirit also went into the air

1423

01:01:41,410 --> 01:01:39,350

and interesting when we were sitting

1424

01:01:44,440 --> 01:01:41,420

straight up and down all soul and spirit

1425

01:01:46,950 --> 01:01:44,450

were brought back to the hole in the top

1426

01:01:49,390 --> 01:01:46,960

of the axis of the planet to the holy an

1427

01:01:52,780 --> 01:01:49,400

English language they call it hell EGH

1428

01:01:56,590 --> 01:01:52,790

that means holy to hell EGH round the

1429

01:01:58,000 --> 01:01:56,600

holy ground so this was what we would

1430

01:02:00,760 --> 01:01:58,010

call the heaven it's not up in the

1431

01:02:02,440 --> 01:02:00,770

vacuum up there in space the heaven is

1432

01:02:04,720 --> 01:02:02,450

this hole on the top of the North Pole

1433

01:02:07,750 --> 01:02:04,730

this is where all soul went through all

1434

01:02:11,320 --> 01:02:07,760

spirit went to and all living things has

1435

01:02:14,110 --> 01:02:11,330

soul and spirit so dogs frogs everything

1436

01:02:15,940 --> 01:02:14,120

it dies there is no place for bad people

1437

01:02:19,960 --> 01:02:15,950

there is no place where good people also

1438

01:02:22,960 --> 01:02:19,970

goes through the hole in our story hmm

1439

01:02:24,820 --> 01:02:22,970

well I like all that it seems to jive

1440

01:02:27,790 --> 01:02:24,830

with an animist perspective to a degree

1441

01:02:31,000 --> 01:02:27,800

and it sounds like a much healthier

1442

01:02:33,310 --> 01:02:31,010

tradition than respirators and breathing

1443

01:02:36,370 --> 01:02:33,320

tubes and shitty cafeteria food and

1444

01:02:37,990 --> 01:02:36,380

these sad death rooms that are foreign

1445

01:02:41,440 --> 01:02:38,000

and cold and boring

1446

01:02:43,420 --> 01:02:41,450

you just rack up a huge bill for the

1447

01:02:45,880 --> 01:02:43,430

loved ones you leave behind that's no

1448

01:02:48,250 --> 01:02:45,890

good and I've also always loved the idea

1449

01:02:51,760 --> 01:02:48,260

of a living funeral because the way we

1450

01:02:54,160 --> 01:02:51,770

do things now where we don't pour our

1451

01:02:57,010 --> 01:02:54,170

hearts out until the person's gone it

1452

01:03:00,310 --> 01:02:57,020

just seems like the worst timing ever

1453

01:03:02,860 --> 01:03:00,320

but we just keep doing it this way man

1454

01:03:04,810 --> 01:03:02,870

it's another tangent but I've also

1455

01:03:07,810 --> 01:03:04,820

wondered if there isn't some type of

1456

01:03:09,520 --> 01:03:07,820

conspiracy angle to our modern casket in

1457

01:03:11,390 --> 01:03:09,530

the ground tradition because the

1458

01:03:13,849 --> 01:03:11,400

ancients seem to have a much better on

1459

01:03:16,670 --> 01:03:13,859

standing of the life death cycle and

1460

01:03:19,250 --> 01:03:16,680

they seem to care a lot about processing

1461

01:03:21,200 --> 01:03:19,260

their dead for that stage we know the

1462

01:03:23,299 --> 01:03:21,210

religious authorities killed off all

1463

01:03:26,089 --> 01:03:23,309

these traditions and replaced them with

1464

01:03:29,329 --> 01:03:26,099

empty meaningless husks in a lot of

1465

01:03:31,490 --> 01:03:29,339

cases maybe their funeral process does

1466

01:03:33,799 --> 01:03:31,500

more to trap our body underground or to

1467

01:03:35,420 --> 01:03:33,809

keep us from moving on just because it

1468

01:03:37,640 --> 01:03:35,430

seems like people did have a handle on

1469

01:03:40,460 --> 01:03:37,650

the process and maybe that information

1470

01:03:44,059 --> 01:03:40,470

was used to twist the traditions and

1471

01:03:45,289 --> 01:03:44,069

hold us back in this case as it has in

1472

01:03:49,910 --> 01:03:45,299

others where something more meaningful

1473

01:03:52,130 --> 01:03:49,920

and useful preceded it well I love it

1474

01:03:54,230 --> 01:03:52,140

man and I really appreciate your time it

1475

01:03:57,410 --> 01:03:54,240

was great to talk to you again I think

1476

01:03:59,480 --> 01:03:57,420

you're a really interesting Zen humble

1477

01:04:01,609 --> 01:03:59,490

and skilled storyteller who really

1478

01:04:03,769 --> 01:04:01,619

embraces that off-the-grid life and I

1479

01:04:06,049 --> 01:04:03,779

think that's awesome that you become

1480

01:04:07,609 --> 01:04:06,059

such an expert in this body of work it's

1481

01:04:11,120 --> 01:04:07,619

a bit of a rare thing to see in modern

1482

01:04:12,349 --> 01:04:11,130

times so I salute you for it and if

1483

01:04:14,539 --> 01:04:12,359

there's anything else to tell people

1484

01:04:17,089 --> 01:04:14,549

about where they can digest more

1485

01:04:19,910 --> 01:04:17,099

material please let them know Greg just

1486

01:04:22,099 --> 01:04:19,920

you know I appreciate so much you're on

1487

01:04:24,230 --> 01:04:22,109

the cutting edge I can't tell you how

1488

01:04:26,029 --> 01:04:24,240

much the planet needs people like you I

1489

01:04:27,859 --> 01:04:26,039

mean you're really something else and I

1490

01:04:29,690 --> 01:04:27,869

really appreciate it you gave me the

1491

01:04:32,269 --> 01:04:29,700

space to put a little bit more of this

1492

01:04:34,460 --> 01:04:32,279

and if you ever want to go into some

1493

01:04:36,410 --> 01:04:34,470

more stuff if I'm still breathing I'll

1494

01:04:38,870 --> 01:04:36,420

I'll do any more shows you want to do

1495

01:04:41,510 --> 01:04:38,880

and just keep up your brilliant [h\_\_h]

1496

01:04:43,460 --> 01:04:41,520

work and keep that spliff smoking

1497

01:04:46,339 --> 01:04:43,470

brother hey men and Cheers

1498

01:04:50,109 --> 01:04:46,349

you are too kind well thanks again I

1499

01:04:52,940 --> 01:04:50,119

will say bock saga dotnet is a pretty

1500

01:04:55,339 --> 01:04:52,950

great website it's pretty well done

1501

01:04:58,700 --> 01:04:55,349

pretty high-quality and it does contain

1502

01:05:01,039 --> 01:04:58,710

a lot of the cliff notes at least to

1503

01:05:03,319 --> 01:05:01,049

what we've talked about so let that be

1504

01:05:06,260 --> 01:05:03,329

something people can take away of course

1505

01:05:09,769 --> 01:05:06,270

you can look up gems long long

1506

01:05:12,079 --> 01:05:09,779

multi-hour presentations and pow wows on

1507

01:05:15,890 --> 01:05:12,089

youtube also recorded in really

1508

01:05:19,130 --> 01:05:15,900

high-quality 4k video it seems so there

1509

01:05:21,049 --> 01:05:19,140

are some things out there to follow up

1510

01:05:23,930 --> 01:05:21,059

on if any of this resonated with the

1511

01:05:25,460 --> 01:05:23,940

people and Jim thanks again and take

1512

01:05:27,230 --> 01:05:25,470

care out there mister

1513

01:05:28,880 --> 01:05:27,240

would appreciate so much I would

1514

01:05:32,720 --> 01:05:28,890

appreciate you send me a link so I can

1515

01:05:37,690 --> 01:05:32,730

listen to all my mistakes indeed I will

1516

01:05:41,440 --> 01:05:37,700

have a going man Aloha Aloha

1517

01:05:44,860 --> 01:05:41,450

and boom goes that box Agha dynamite

1518

01:05:48,160 --> 01:05:44,870

people finally finally we can scratch a

1519

01:05:51,460 --> 01:05:48,170

part too with Jim Chester off the list I

1520

01:05:54,160 --> 01:05:51,470

would say he is right up there as one of

1521

01:05:57,430 --> 01:05:54,170

the most requested guests to get back

1522

01:05:59,620 --> 01:05:57,440

and I am intrigued by the box saga but

1523

01:06:02,590 --> 01:05:59,630

instead of just diving straight into its

1524

01:06:05,230 --> 01:06:02,600

contents again I wanted to talk about

1525

01:06:08,410 --> 01:06:05,240

its surrounding context this time the

1526

01:06:10,990 --> 01:06:08,420

stabblings of Eeyore Bock the radar scans

1527

01:06:12,940 --> 01:06:11,000

that seemed to check out of places that

1528

01:06:16,210 --> 01:06:12,950

a or said there would be something and

1529

01:06:18,370 --> 01:06:16,220

then there is because that surrounding

1530

01:06:20,920 --> 01:06:18,380

stuff I think is just as important as to

1531

01:06:23,620 --> 01:06:20,930

why you might want to give the material

1532

01:06:25,720 --> 01:06:23,630

a second look because you can find the

1533

01:06:27,640 --> 01:06:25,730

five hour videos of Jim laying out

1534

01:06:30,310 --> 01:06:27,650

aspects of the saga you can go to the

1535

01:06:33,180 --> 01:06:30,320

website you can look as deeply into the

1536

01:06:35,530 --> 01:06:33,190

material itself as you want without me

1537

01:06:37,210 --> 01:06:35,540

but what I thought would be unique is

1538

01:06:39,400 --> 01:06:37,220

getting into those curiosities that

1539

01:06:41,200 --> 01:06:39,410

surround it and also asking Jim a couple

1540

01:06:44,290 --> 01:06:41,210

of questions about his own thoughts and

1541

01:06:46,810 --> 01:06:44,300

ideas and life because the Box saga

1542

01:06:49,690 --> 01:06:46,820

material is so dense that you can spend

1543

01:06:52,150 --> 01:06:49,700

two hours just sticking to it and never

1544

01:06:54,010 --> 01:06:52,160

really getting to know Jim any better

1545

01:06:55,870 --> 01:06:54,020

and I think he's a fascinating guy I

1546

01:06:58,240 --> 01:06:55,880

mean he did have a better microphone

1547

01:07:00,640 --> 01:06:58,250

this time and no rooster crowing in the

1548

01:07:02,620 --> 01:07:00,650

background or maybe you know maybe I'm

1549

01:07:05,380 --> 01:07:02,630

just in it for the coffee last time as a

1550

01:07:08,260 --> 01:07:05,390

thank you Jim did send me a care package

1551

01:07:11,380 --> 01:07:08,270

from Hawaii with a lighter and a bowl

1552

01:07:14,710 --> 01:07:11,390

and some really great coffee which is

1553

01:07:16,870 --> 01:07:14,720

just a nice genuine thing to do way

1554

01:07:17,820 --> 01:07:16,880

above and beyond and you can never have

1555

01:07:20,830 --> 01:07:17,830

too much coffee

1556

01:07:22,900 --> 01:07:20,840

but yeah I know Jim is very committed of

1557

01:07:26,340 --> 01:07:22,910

course to preserving the saga and the

1558

01:07:29,350 --> 01:07:26,350

saga his life his paradigm is the saga

1559

01:07:31,900 --> 01:07:29,360

and I do appreciate that commitment I

1560

01:07:34,660 --> 01:07:31,910

don't have any real body of work that I

1561

01:07:36,990 --> 01:07:34,670

put full stock into that degree I don't

1562

01:07:39,820 --> 01:07:37,000

have that much passion about anything

1563

01:07:42,370 --> 01:07:39,830

specifically and I don't want to say

1564

01:07:44,650 --> 01:07:42,380

that I take the material with a grain of

1565

01:07:46,840 --> 01:07:44,660

salt because that's not true but if it

1566

01:07:48,970 --> 01:07:46,850

is a long-standing oral tradition it's

1567

01:07:51,500 --> 01:07:48,980

interesting enough just to unpack it

1568

01:07:53,210 --> 01:07:51,510

from that standpoint or think of it

1569

01:07:54,650 --> 01:07:53,220

like a historical archive kind of

1570

01:07:56,830 --> 01:07:54,660

situation because there are all kinds of

1571

01:08:01,510 --> 01:07:56,840

indigenous cultures that have

1572

01:08:03,560 --> 01:08:01,520

cosmologies or stories that might seem

1573

01:08:06,620 --> 01:08:03,570

outdated with the knowledge that

1574

01:08:08,870 --> 01:08:06,630

humanity has gotten in the time sense

1575

01:08:11,000 --> 01:08:08,880

but at the same time we're wrong about a

1576

01:08:13,430 --> 01:08:11,010

lot we don't have answers for a lot and

1577

01:08:15,530 --> 01:08:13,440

science is making a lot of [h\_\_h] up so

1578

01:08:17,499 --> 01:08:15,540

going back to these old stories is

1579

01:08:20,269 --> 01:08:17,509

interesting but you kind of have to

1580

01:08:24,380 --> 01:08:20,279

weigh both of those things at the same

1581

01:08:26,749 --> 01:08:24,390

time and the Box saga does have a lot in

1582

01:08:28,610 --> 01:08:26,759

it that is wildly different than the way

1583

01:08:30,829 --> 01:08:28,620

we typically think about certain things

1584

01:08:33,050 --> 01:08:30,839

but he does say it's based in

1585

01:08:36,740 --> 01:08:33,060

linguistics and logic and you can kind

1586

01:08:39,200 --> 01:08:36,750

of see where a box Augean might be

1587

01:08:41,510 --> 01:08:39,210

coming from I kind of think of it like

1588

01:08:43,670 --> 01:08:41,520

the Bible here's this big container of

1589

01:08:46,490 --> 01:08:43,680

material maybe you don't find something

1590

01:08:49,309 --> 01:08:46,500

of value in every chapter but maybe it's

1591

01:08:52,070 --> 01:08:49,319

a different lens than the one you

1592

01:08:53,210 --> 01:08:52,080

typically look through and maybe you see

1593

01:08:54,680 --> 01:08:53,220

something where you're like oh now

1594

01:08:57,980 --> 01:08:54,690

that's interesting I never thought about

1595

01:09:00,019 --> 01:08:57,990

it like that before and hopefully you

1596

01:09:01,880 --> 01:09:00,029

had a few of those moments today you

1597

01:09:04,190 --> 01:09:01,890

know Jim did follow up with me and he

1598

01:09:06,499 --> 01:09:04,200

sent me an image of an old map where the

1599

01:09:08,320 --> 01:09:06,509

original prime meridian is exactly where

1600

01:09:11,420 --> 01:09:08,330

he says it's gonna be the longitude line

1601

01:09:13,519 --> 01:09:11,430

that zero point it does pass right

1602

01:09:16,160 --> 01:09:13,529

through house inky straight on through

1603

01:09:18,140 --> 01:09:16,170

Crete and I was looking into the reason

1604

01:09:19,849 --> 01:09:18,150

that it's not there anymore and

1605

01:09:22,220 --> 01:09:19,859

understandably it was common for a

1606

01:09:24,440 --> 01:09:22,230

civilization to form their own map and

1607

01:09:27,050 --> 01:09:24,450

put themselves at that zero longitude

1608

01:09:29,840 --> 01:09:27,060

line but the reason the current

1609

01:09:31,849 --> 01:09:29,850

consensus is what it is would be because

1610

01:09:35,749 --> 01:09:31,859

of the International Meridian conference

1611

01:09:39,769 --> 01:09:35,759

in 1884 which took place in Washington

1612

01:09:41,870 --> 01:09:39,779

DC actually 25 nations came together and

1613

01:09:44,690 --> 01:09:41,880

they agreed on this new standard that

1614

01:09:47,960 --> 01:09:44,700

put surprise-surprise Greenwich England

1615

01:09:49,760 --> 01:09:47,970

at the zero mark and I don't know how

1616

01:09:51,410 --> 01:09:49,770

much there is really to unpack about

1617

01:09:54,019 --> 01:09:51,420

that but Jim might say that this was

1618

01:09:57,140 --> 01:09:54,029

because they wanted to obscure or hide

1619

01:09:59,690 --> 01:09:57,150

the importance of the Helsinki area the

1620

01:10:01,910 --> 01:09:59,700

whole the Inner Earth or you know if

1621

01:10:03,350 --> 01:10:01,920

earth-three established its balance how

1622

01:10:06,859 --> 01:10:03,360

sinky would be a

1623

01:10:08,899 --> 01:10:06,869

very important place and so why not form

1624

01:10:11,479 --> 01:10:08,909

a new standard before something like

1625

01:10:13,609 --> 01:10:11,489

that were to happen I also wasn't

1626  
01:10:15,320 --> 01:10:13,619  
kidding about several listeners who have

1627  
01:10:17,840 --> 01:10:15,330  
been to Finland and sought out some of

1628  
01:10:20,479 --> 01:10:17,850  
these areas Jim talks about that kind of

1629  
01:10:24,020 --> 01:10:20,489  
blew my mind a bit creating a show that

1630  
01:10:26,990 --> 01:10:24,030  
drives some people that far that's kind

1631  
01:10:29,720 --> 01:10:27,000  
of cool to be involved in but for me

1632  
01:10:32,750 --> 01:10:29,730  
what I need is that goddamn temple

1633  
01:10:34,879 --> 01:10:32,760  
opened I hope we get it I really do and

1634  
01:10:36,770 --> 01:10:34,889  
Jim is definitely gonna keep me posted

1635  
01:10:39,080 --> 01:10:36,780  
but a lot of the things we talked about

1636  
01:10:40,459 --> 01:10:39,090  
on this show they get to this point

1637  
01:10:43,129 --> 01:10:40,469  
where it's like oh well we could get

1638  
01:10:46,490 --> 01:10:43,139

proof if we could only do X and a lot of

1639

01:10:48,890 --> 01:10:46,500

times X is not really feasible a lot of

1640

01:10:52,120 --> 01:10:48,900

times that X is outside of our means or

1641

01:10:54,229 --> 01:10:52,130

it takes millions of dollars this X

1642

01:10:56,649 --> 01:10:54,239

seems well within the realm of

1643

01:10:59,840 --> 01:10:56,659

possibility we know exactly where to go

1644

01:11:04,310 --> 01:10:59,850

apparently we only have to dig down a

1645

01:11:06,580 --> 01:11:04,320

couple of meters let's do it it just

1646

01:11:09,200 --> 01:11:06,590

gets frustrating to me sometimes

1647

01:11:11,570 --> 01:11:09,210

digesting all this material trying to

1648

01:11:15,530 --> 01:11:11,580

get a smoking gun to validate some of it

1649

01:11:17,810 --> 01:11:15,540

and it's always just out of grasp but I

1650

01:11:20,030 --> 01:11:17,820

am trying to keep the faith guys at

1651

01:11:22,430 --> 01:11:20,040

least on a few things so if you only

1652

01:11:24,200 --> 01:11:22,440

heard the first hour with Jim which is

1653

01:11:25,910 --> 01:11:24,210

largely taken out by me trying to talk

1654

01:11:28,430 --> 01:11:25,920

about this surrounding stuff out on the

1655

01:11:31,129 --> 01:11:28,440

edges in the Plus show we did talk about

1656

01:11:34,160 --> 01:11:31,139

more of the specific material and

1657

01:11:36,649 --> 01:11:34,170

teachings in the saga stuff like what it

1658

01:11:39,260 --> 01:11:36,659

has to say about the 13 original races

1659

01:11:41,479 --> 01:11:39,270

on the planet and how we progressed the

1660

01:11:43,850 --> 01:11:41,489

truth and misunderstandings about the

1661

01:11:46,939 --> 01:11:43,860

heart the history of the hemp plant and

1662

01:11:49,189 --> 01:11:46,949

its presence in that box saga and we

1663

01:11:52,010 --> 01:11:49,199

talked about that Graham Hancock cedar

1664

01:11:53,330 --> 01:11:52,020

culture perspective that a group went

1665

01:11:55,490 --> 01:11:53,340

out and taught the rest of us some

1666

01:11:58,910 --> 01:11:55,500

things and how that might jive with the

1667

01:12:02,120 --> 01:11:58,920

Box saga as well as the sagas

1668

01:12:04,129 --> 01:12:02,130

perspective on the pyramids which was a

1669

01:12:06,379 --> 01:12:04,139

theory on the pyramids of course they're

1670

01:12:08,959 --> 01:12:06,389

all over the planet not just the Giza

1671

01:12:11,270 --> 01:12:08,969

Plateau but it was a theory that I've

1672

01:12:13,580 --> 01:12:11,280

never really heard before it's kind of

1673

01:12:16,070 --> 01:12:13,590

practical but it really makes a lot of

1674

01:12:17,150 --> 01:12:16,080

sense because it relates to the lives of

1675

01:12:18,650 --> 01:12:17,160

the people at the time

1676

01:12:21,820 --> 01:12:18,660

why would they want to build something

1677

01:12:25,460 --> 01:12:21,830

like this well his explanation I think

1678

01:12:27,200 --> 01:12:25,470

fits the mold plus people let me know

1679

01:12:28,730 --> 01:12:27,210

what you think about that because I

1680

01:12:31,670 --> 01:12:28,740

found that to be one of the most fun

1681

01:12:33,620 --> 01:12:31,680

aspects of today if you want to be a

1682

01:12:37,040 --> 01:12:33,630

plus member of the higher side chats +

1683

01:12:39,410 --> 01:12:37,050

comm signup to hear those second hours

1684

01:12:41,650 --> 01:12:39,420

you can click on the linkage right

1685

01:12:44,860 --> 01:12:41,660

through your RSS feed you're right there

1686

01:12:48,320 --> 01:12:44,870

help a brother out help yourselves out

1687

01:12:50,150 --> 01:12:48,330

or just do whatever you want but I am so

1688

01:12:52,340 --> 01:12:50,160

happy with that last show that we did

1689

01:12:54,350 --> 01:12:52,350

with Corey Daniel I know it's become a

1690

01:12:55,160 --> 01:12:54,360

new favorite for a lot of people that's

1691

01:12:57,710 --> 01:12:55,170

excellent

1692

01:13:00,890 --> 01:12:57,720

I know I had people waiting for a new

1693

01:13:02,390 --> 01:13:00,900

show for awhile and we got to talking on

1694

01:13:04,190 --> 01:13:02,400

the plus site and I commented that I'm

1695

01:13:07,370 --> 01:13:04,200

sorry for the drought but now that flood

1696

01:13:11,710 --> 01:13:07,380

is coming and you know and then we had

1697

01:13:14,090 --> 01:13:11,720

five more days of dark dreary dryness so

1698

01:13:16,640 --> 01:13:14,100

flood might have been a bit of an

1699

01:13:19,130 --> 01:13:16,650

exaggeration but really I have to have

1700

01:13:22,160 --> 01:13:19,140

five shows for you every month that is

1701

01:13:24,020 --> 01:13:22,170

my commitment and if we went 14 days

1702

01:13:27,110 --> 01:13:24,030

without a show this month and clearly

1703

01:13:29,750 --> 01:13:27,120

four more are coming before the month

1704

01:13:31,100 --> 01:13:29,760

ends so it's a flood by a certain

1705

01:13:34,460 --> 01:13:31,110

standard maybe it's more of a light

1706

01:13:37,940 --> 01:13:34,470

sprinkle but they're coming again I'm

1707

01:13:41,300 --> 01:13:37,950

sorry I had life obligations some travel

1708

01:13:44,480 --> 01:13:41,310

some sickness some family stuff some

1709

01:13:46,700 --> 01:13:44,490

editor vacation stuff but I got nothing

1710

01:13:49,100 --> 01:13:46,710

going on for the rest of the year

1711

01:13:51,650 --> 01:13:49,110

as far as I know but sitting here and

1712

01:13:54,580 --> 01:13:51,660

working on THC so once we get caught up

1713

01:13:57,110 --> 01:13:54,590

here we're going to stay caught up

1714

01:13:59,690 --> 01:13:57,120

because obviously things always unfold

1715

01:14:00,800 --> 01:13:59,700

exactly as we think they will that said

1716

01:14:03,350 --> 01:14:00,810

here we are

1717

01:14:05,090 --> 01:14:03,360

this makes two and then the next one is

1718

01:14:06,740 --> 01:14:05,100

coming soon and it's really great and

1719

01:14:09,200 --> 01:14:06,750

then the one after that's a little and

1720

01:14:09,950 --> 01:14:09,210

then the one after that is right back to

1721

01:14:13,700 --> 01:14:09,960

being great

1722

01:14:16,430 --> 01:14:13,710

sohe lots of shows in the pipeline also

1723

01:14:20,600 --> 01:14:16,440

six days until the next joint session

1724

01:14:23,090 --> 01:14:20,610

October 25th 7:00 p.m. Pacific time come

1725

01:14:25,670 --> 01:14:23,100

and tell me about your inside scoops and

1726

01:14:27,620 --> 01:14:25,680

strange experiences the sorts of things

1727

01:14:30,260 --> 01:14:27,630

that are fascinating to hear but

1728

01:14:31,270 --> 01:14:30,270

probably don't take up two hours don't

1729

01:14:34,420 --> 01:14:31,280

need a full

1730

01:14:37,180 --> 01:14:34,430

show I had a lot of people contacting me

1731

01:14:39,520 --> 01:14:37,190

actually or commenting about Native

1732

01:14:41,530 --> 01:14:39,530

American stories or insight or added

1733

01:14:43,990 --> 01:14:41,540

details things about the desert that

1734

01:14:46,030 --> 01:14:44,000

weren't in the last show and calling in

1735

01:14:49,000 --> 01:14:46,040

for the joint sessions is really the

1736

01:14:51,100 --> 01:14:49,010

perfect time to add those details to

1737

01:14:53,200 --> 01:14:51,110

talk about those things so I hope you

1738

01:14:54,940 --> 01:14:53,210

are listening and I hope you're going to

1739

01:14:57,610 --> 01:14:54,950

be available but I'm going to go ahead

1740

01:14:59,740 --> 01:14:57,620

and get out of here I've done what I can

1741

01:15:01,870 --> 01:14:59,750

your move history stealers oral

1742

01:15:02,950 --> 01:15:01,880

tradition destroyers and bock saga

1743

01:15:07,120 --> 01:15:02,960

suppressors

1744

01:15:12,850 --> 01:15:07,130

you're [h\_\_h] know the plan has always

1745

01:15:14,460 --> 01:15:12,860

been MK I'm just trying to drive you

1746

01:15:17,380 --> 01:15:14,470

insane

1747

01:15:20,470 --> 01:15:17,390

they'll explode your heart if you think

1748

01:15:25,120 --> 01:15:20,480

that's what it means you think I'm

1749

01:15:27,820 --> 01:15:25,130

answering the phone when I aim you gotta

1750

01:15:30,250 --> 01:15:27,830

keep it learner's John cuz I don't want

1751

01:15:33,280 --> 01:15:30,260

anyone thinking you're at home well

1752

01:15:37,090 --> 01:15:33,290

you're not you should tape the mail slot

1753

01:15:40,090 --> 01:15:37,100

and baby if I seem withdrawn let me sing

1754

01:15:43,900 --> 01:15:40,100

it's good I just don't wanna go and get

1755

01:15:46,390 --> 01:15:43,910

whacked maybe you should know that the

1756

01:15:50,959 --> 01:15:46,400

trauma of sex do you like it does

1757

01:15:54,500 --> 01:15:50,969

everyone it's just the game when it's

1758

01:15:57,229 --> 01:15:54,510

the world's become they want a pet

1759

01:16:01,040 --> 01:15:57,239

demand us what don't you see what's

1760

01:16:04,160 --> 01:16:01,050

going on well now you know you're better

1761

01:16:09,229 --> 01:16:04,170

came in on your bunkers you can't leave

1762

01:16:14,800 --> 01:16:09,239

the mast is lacking much Oh baby you can

1763

01:16:18,800 --> 01:16:14,810

only trust yourself and if you think the

1764

01:16:21,769 --> 01:16:18,810

systems out of touch it is and you can

1765

01:16:25,399 --> 01:16:21,779

only trust yourself

1766

01:16:29,269 --> 01:16:25,409

I hope you know really aren't your

1767

01:16:30,969 --> 01:16:29,279

friends the suck out everything from you

1768

01:16:34,579 --> 01:16:30,979

in the end

1769

01:16:38,329 --> 01:16:34,589

and if for some reason you think I might

1770

01:16:42,589 --> 01:16:38,339

be wrong I wonder where you got that

1771

01:16:45,199 --> 01:16:42,599

opinion from you gotta keep the turn

1772

01:16:48,439 --> 01:16:45,209

John cuz you don't want anyone thinking

1773

01:16:51,889 --> 01:16:48,449

you're at home well you're not you

1774

01:16:54,829 --> 01:16:51,899

should tape the mail slot and baby if I

1775

01:16:57,499 --> 01:16:54,839

sleep with John let me sing it's cuz I

1776

01:17:01,069 --> 01:16:57,509

just don't wanna go and get whacked

1777

01:17:05,569 --> 01:17:01,079

maybe you should know that the trauma

1778

01:17:08,239 --> 01:17:05,579

upsets you like it does everyone it's

1779

01:17:12,139 --> 01:17:08,249

just the game when it's were the world's

1780

01:17:15,169 --> 01:17:12,149

because they want a pat down in the

1781

01:17:16,520 --> 01:17:15,179

swamp don't you see what's going on well

1782

01:17:20,010 --> 01:17:16,530

now

1783

01:17:24,479 --> 01:17:20,020

you're better came in on your round cuz

1784

01:17:29,820 --> 01:17:24,489

you can see the Masters laughing much oh

1785

01:17:34,320 --> 01:17:29,830

baby you can only trust yourself and if

1786

01:17:36,600 --> 01:17:34,330

you think the system's out of touch it

1787

01:17:57,630 --> 01:17:36,610

is and you can only trust

1788

01:18:01,360 --> 01:17:57,640

[Music]

1789

01:18:05,890 --> 01:18:01,370

you might think that these problems are

1790

01:18:10,090 --> 01:18:05,900

small maybe they aren't registering at

1791

01:18:14,590 --> 01:18:10,100

all now they know you're naive and

1792

01:18:16,620 --> 01:18:14,600

vulnerable you won't believe all of the

1793

01:18:20,020 --> 01:18:16,630

sense that Dell poem

1794

01:18:23,620 --> 01:18:20,030

cuz you can't leave the mountains

1795

01:18:29,190 --> 01:18:23,630

there's not too much oh baby you can

1796

01:18:33,160 --> 01:18:29,200

only trust yourself and if you think the

1797

01:18:37,750 --> 01:18:33,170

systems out of touch it is and you can

1798

01:18:42,490 --> 01:18:37,760

only trust yourself because you can see

1799

01:18:46,990 --> 01:18:42,500

the Masters lied too much oh baby you

1800

01:18:51,460 --> 01:18:47,000

can only trust yourself and if you think

1801

01:18:53,900 --> 01:18:51,470

it is the system's out of touch it is
