action-packed and commercial free which

27  
00:01:08,530 --> 00:01:02,430  
means you'll unfortunately never hear my

28  
00:01:13,810 --> 00:01:11,680  
in the 1930s President Franklin Delano

29  
00:01:16,390 --> 00:01:13,820  
Roosevelt addressed the nation through a

30  
00:01:19,300 --> 00:01:16,400  
series of radio broadcast known as the

31  
00:01:21,310 --> 00:01:19,310  
fireside chats his aim was to reassure

32  
00:01:23,200 --> 00:01:21,320  
the common man that our society would

33  
00:01:25,780 --> 00:01:23,210  
recover from its troubled times

34  
00:01:29,020 --> 00:01:25,790  
well we're far from 1930 and I deal with

35  
00:01:31,060 --> 00:01:29,030  
a different kind of fire worldly

36  
00:01:32,140 --> 00:01:31,070  
frustration we offer a fresh

37  
00:01:38,290 --> 00:01:32,150  
conversation

38  
00:01:40,060 --> 00:01:38,300

I'm Greg Carr would and hey there hello

39

00:01:42,580 --> 00:01:40,070

and hallelujah good people the Internet

40

00:01:44,290 --> 00:01:42,590

Greg Carl would hear and it is not often

41

00:01:46,870 --> 00:01:44,300

anymore that I preface these episodes

42

00:01:48,820 --> 00:01:46,880

with any sort of preamble unless we do

43

00:01:51,120 --> 00:01:48,830

something out of the ordinary and I

44

00:01:53,590 --> 00:01:51,130

think today sort of qualifies for that

45

00:01:56,410 --> 00:01:53,600

firstly you might remember that we've

46

00:01:58,900 --> 00:01:56,420

had Patrick Jordan on once before where

47

00:02:00,940 --> 00:01:58,910

we did what I thought was one hell of a

48

00:02:03,520 --> 00:02:00,950

show about his research into the medical

49

00:02:05,350 --> 00:02:03,530

machine as a weapon both in modern times

50

00:02:08,080 --> 00:02:05,360

and distant eras that are much more

51  
00:02:09,609 --> 00:02:08,090  
surprising and I do enjoy Patrick's

52  
00:02:11,890 --> 00:02:09,619  
perspective it is one of the most

53  
00:02:13,840 --> 00:02:11,900  
extreme positions I've heard someone

54  
00:02:16,630 --> 00:02:13,850  
take on this show when it comes to

55  
00:02:18,790 --> 00:02:16,640  
issues like this and I salute him for

56  
00:02:20,800 --> 00:02:18,800  
that rebellious Ness but what's

57  
00:02:23,560 --> 00:02:20,810  
different about today is that we're also

58  
00:02:25,780 --> 00:02:23,570  
joined by a net who is a member of his

59  
00:02:29,229 --> 00:02:25,790  
research group he calls the little red

60  
00:02:31,449 --> 00:02:29,239  
hens just regular folks studying and

61  
00:02:33,490 --> 00:02:31,459  
researching as best they can out of

62  
00:02:35,110 --> 00:02:33,500  
personal interest and dedication to

63  
00:02:38,199 --> 00:02:35,120

seeking out these hidden truths and

64

00:02:40,120 --> 00:02:38,209

having a net join us was a real treat

65

00:02:42,699 --> 00:02:40,130

because she's been through the medical

66

00:02:45,220 --> 00:02:42,709

wringer firsthand she's seen one

67

00:02:47,320 --> 00:02:45,230

condition turn into another get treated

68

00:02:50,380 --> 00:02:47,330

by pharmaceuticals that make the problem

69

00:02:52,630 --> 00:02:50,390

worse and the new things go wrong etc

70

00:02:54,580 --> 00:02:52,640

etc and she's going to tell you all

71

00:02:57,280 --> 00:02:54,590

about it but I'm sure we all know

72

00:03:00,670 --> 00:02:57,290

someone in our circles who has similar

73

00:03:02,830 --> 00:03:00,680

experiences and it's very sad to see but

74

00:03:05,410 --> 00:03:02,840

from a podcast production perspective

75

00:03:08,140 --> 00:03:05,420

hearing a person's personal medical

76

00:03:10,930 --> 00:03:08,150

history can be a bit dry I'm aware of

77

00:03:13,690 --> 00:03:10,940

that but in Annette's sections I think

78

00:03:15,900 --> 00:03:13,700

she describes a template that while the

79

00:03:18,699 --> 00:03:15,910

details are pretty personal and specific

80

00:03:22,280 --> 00:03:18,709

tends to represent a big chunk of

81

00:03:25,160 --> 00:03:22,290

Americans especially our aging friends

82

00:03:27,229 --> 00:03:25,170

family and I thank her for making the

83

00:03:29,599 --> 00:03:27,239

effort to be on the line I know it

84

00:03:31,849 --> 00:03:29,609

wasn't particularly easy as she's still

85

00:03:34,550 --> 00:03:31,859

dealing with so much in the way of her

86

00:03:37,670 --> 00:03:34,560

health it is kind of a lot to ask them

87

00:03:39,710 --> 00:03:37,680

to speak about this stuff on air but

88

00:03:42,259 --> 00:03:39,720

it's all firsthand validation that

89

00:03:44,509 --> 00:03:42,269

Patrick has some things right so I think

90

00:03:47,050 --> 00:03:44,519

her presence is important and adds a

91

00:03:49,460 --> 00:03:47,060

layer of credibility to the overall case

92

00:03:51,379 --> 00:03:49,470

plus I wanted to say that as you start

93

00:03:53,990 --> 00:03:51,389

listening you might hear some bad lags

94

00:03:56,179 --> 00:03:54,000

in Patrick's connection but I had us all

95

00:03:57,740 --> 00:03:56,189

reestablished the call after a few

96

00:04:00,740 --> 00:03:57,750

minutes and luckily we cleared that

97

00:04:03,979 --> 00:04:00,750

issue right up so do not worry it is not

98

00:04:06,170 --> 00:04:03,989

the whole show and as you know THC has a

99

00:04:08,720 --> 00:04:06,180

lengthy editing process where we try to

100

00:04:12,679 --> 00:04:08,730

make these conversations as fluid and

101  
00:04:14,569 --> 00:04:12,689  
engaging as we can but I do hope content

102  
00:04:16,460 --> 00:04:14,579  
wise it's all good food for thought and

103  
00:04:19,099 --> 00:04:16,470  
some added perspective for your own

104  
00:04:20,749 --> 00:04:19,109  
models I know it was kind of exciting

105  
00:04:23,210 --> 00:04:20,759  
for them because they brought to the

106  
00:04:24,980 --> 00:04:23,220  
table some research and findings that

107  
00:04:28,189 --> 00:04:24,990  
they have not spoken about publicly

108  
00:04:31,129 --> 00:04:28,199  
anywhere really and the implications are

109  
00:04:33,140 --> 00:04:31,139  
pretty epic so that's really all I just

110  
00:04:34,939 --> 00:04:33,150  
wanted to set you up with some context

111  
00:04:36,890 --> 00:04:34,949  
now that I have finished this episode

112  
00:04:38,990 --> 00:04:36,900  
but I don't want to start repeating

113  
00:04:41,360 --> 00:04:39,000

things that I say in the actual intro so

114

00:04:43,399 --> 00:04:41,370

let's just dive into it right after I

115

00:04:48,970 --> 00:04:43,409

resurrect a little bumper music that we

116

00:04:58,870 --> 00:04:53,840

the market to little sparkles about to

117

00:05:01,760 --> 00:04:58,880

open up information about the secret

118

00:05:03,830 --> 00:05:01,770

manipulation and the wisest aficionados

119

00:05:06,440 --> 00:05:03,840

he

120

00:05:08,480 --> 00:05:06,450

woman back care now what we thought we

121

00:05:11,360 --> 00:05:08,490

knew for certain so we can see the world

122

00:05:19,910 --> 00:05:11,370

with a brand new said about you

123

00:05:25,230 --> 00:05:23,010

sweets Ola busca people how we doin from

124

00:05:27,300 --> 00:05:25,240

sunny San Diego I'm Greg Carl wood and

125

00:05:29,670 --> 00:05:27,310

over the years we've been unpacking many

126

00:05:31,980 --> 00:05:29,680

unconventional boxes from 5g in the

127

00:05:34,770 --> 00:05:31,990

five-pointed star to our cons aliens and

128

00:05:37,110 --> 00:05:34,780

AI but one of my favorite conspiratorial

129

00:05:40,020 --> 00:05:37,120

categories has become those things that

130

00:05:41,760 --> 00:05:40,030

reside within the medical sphere because

131

00:05:43,650 --> 00:05:41,770

to realize the dark Wizards of the

132

00:05:45,870 --> 00:05:43,660

Western medical monopoly are not your

133

00:05:48,240 --> 00:05:45,880

friends at all is a dark and startling

134

00:05:50,100 --> 00:05:48,250

thing to come to grips with but should

135

00:05:51,870 --> 00:05:50,110

we be that surprised when we turn our

136

00:05:53,820 --> 00:05:51,880

wartime chemical companies into the

137

00:05:56,970 --> 00:05:53,830

faces of Big Pharma and food production

138

00:05:58,920 --> 00:05:56,980

when we let oil tycoon sweep nature

139

00:06:01,680 --> 00:05:58,930

under the rug and offer up oil only

140

00:06:03,750 --> 00:06:01,690

solutions when we go to a hotbed of Mad

141

00:06:06,210 --> 00:06:03,760

German scientists conducting human

142

00:06:08,160 --> 00:06:06,220

experimentation psychological torture

143

00:06:10,620 --> 00:06:08,170

and eugenics campaigns and give them

144

00:06:12,540 --> 00:06:10,630

jobs running our system well when you

145

00:06:14,880 --> 00:06:12,550

reflect on some of these questions the

146

00:06:16,440 --> 00:06:14,890

denial starts to wash away and you start

147

00:06:18,630 --> 00:06:16,450

to see that this couldn't have really

148

00:06:20,580 --> 00:06:18,640

turned into anything but the big mess we

149

00:06:22,410 --> 00:06:20,590

have today put all this under the

150

00:06:24,870 --> 00:06:22,420

capitalist umbrella and the words of

151

00:06:26,850 --> 00:06:24,880

Chris Rock ring truer than ever there

152

00:06:29,130 --> 00:06:26,860

ain't no money in the cure the money's

153

00:06:31,860 --> 00:06:29,140

in the comeback and within this overall

154

00:06:34,470 --> 00:06:31,870

context we have many smaller sagas full

155

00:06:36,900 --> 00:06:34,480

of injected bovine proteins monkey

156

00:06:39,600 --> 00:06:36,910

viruses regulatory capture people and

157

00:06:41,360 --> 00:06:39,610

pain and good doctors suspended which is

158

00:06:44,280 --> 00:06:41,370

all in the mix of today's medical

159

00:06:46,110 --> 00:06:44,290

microcosm the topic of Lyme disease and

160

00:06:48,300 --> 00:06:46,120

who better to break it all down than

161

00:06:50,070 --> 00:06:48,310

returning guest Patrick Jordan because

162

00:06:52,080 --> 00:06:50,080

Patrick has been breaking down the

163

00:06:54,450 --> 00:06:52,090

attack that is modern medicine for years

164

00:06:57,500 --> 00:06:54,460

he's written over a dozen books on the

165

00:07:00,180 --> 00:06:57,510

subject including icd-9 nine-nine

166

00:07:02,280 --> 00:07:00,190

vaccine induced diseases the chronic

167

00:07:04,920 --> 00:07:02,290

serum sickness postulate which we talked

168

00:07:07,220 --> 00:07:04,930

about last time as well as titles like

169

00:07:09,870 --> 00:07:07,230

operator's manual for the human body

170

00:07:11,730 --> 00:07:09,880

assaulted and same Pig different

171

00:07:14,280 --> 00:07:11,740

lipstick he also runs the website

172

00:07:16,980 --> 00:07:14,290

vaccine fraud calm and you know we had

173

00:07:18,600 --> 00:07:16,990

to snag that domain early joining him

174

00:07:20,850 --> 00:07:18,610

today is his good friend and fellow

175

00:07:23,280 --> 00:07:20,860

researcher Annette someone who's been

176

00:07:25,560 --> 00:07:23,290

listening to THC for several years

177

00:07:27,810 --> 00:07:25,570

helped me to first get mr. Jordan on the

178

00:07:30,240 --> 00:07:27,820

show and unfortunately has been through

179

00:07:31,679 --> 00:07:30,250

the ringer of the medical machine she's

180

00:07:33,269 --> 00:07:31,689

dealt with the devil over Antigua

181

00:07:35,189 --> 00:07:33,279

presents and has also been diagnosed

182

00:07:37,259 --> 00:07:35,199

with lupus for which she's been working

183

00:07:39,929 --> 00:07:37,269

with Patrick to treat as a manifestation

184

00:07:41,789 --> 00:07:39,939

of Lyme disease with some success I

185

00:07:44,279 --> 00:07:41,799

think this is going to be some powerful

186

00:07:47,039 --> 00:07:44,289

i opening stuff so let's do it Patrick

187

00:07:49,369 --> 00:07:47,049

and Annette welcome to the show thank

188

00:07:52,829 --> 00:07:49,379

you very much Greg it's good to be here

189

00:07:55,769 --> 00:07:52,839

thanks Greg I really appreciate this you

190

00:07:59,039 --> 00:07:55,779

actually have the scoop on us releasing

191

00:08:02,939 --> 00:07:59,049

other than my low viewership views you'd

192

00:08:06,119 --> 00:08:02,949

of concepts major concepts that are

193

00:08:08,609 --> 00:08:06,129

going to absolutely destroy medicine and

194

00:08:11,040 --> 00:08:08,619

alternative medicine for all time so

195

00:08:14,549 --> 00:08:11,050

this for me is a big show and I

196

00:08:17,009 --> 00:08:14,559

appreciate you having it on Wow Wow yes

197

00:08:19,919 --> 00:08:17,019

I am honored to play a small role in

198

00:08:21,359 --> 00:08:19,929

getting the word out and Patrick so

199

00:08:23,159 --> 00:08:21,369

we've done this once before and just to

200

00:08:24,989 --> 00:08:23,169

give people a little reminder we talked

201  
00:08:26,939 --> 00:08:24,999  
about your position that medicine has

202  
00:08:28,949 --> 00:08:26,949  
always been a military offensive

203  
00:08:32,279 --> 00:08:28,959  
operation not about helping people

204  
00:08:33,749 --> 00:08:32,289  
the reason battlefields were always so

205  
00:08:35,670 --> 00:08:33,759  
full of disease is that soldiers were

206  
00:08:39,179 --> 00:08:35,680  
given injections so that even if they

207  
00:08:40,619 --> 00:08:39,189  
died out they would still keep killing

208  
00:08:41,819 --> 00:08:40,629  
in a sense you know once they've been

209  
00:08:44,189 --> 00:08:41,829  
injected that's something that really

210  
00:08:45,629 --> 00:08:44,199  
stuck out to me but the overall theme

211  
00:08:47,460 --> 00:08:45,639  
was that many many of these conditions

212  
00:08:50,309 --> 00:08:47,470  
we call disease come actually from

213  
00:08:52,590 --> 00:08:50,319

vaccine reactions sometimes even decades

214

00:08:55,290 --> 00:08:52,600

later this is all a creation of the

215

00:08:58,499 --> 00:08:55,300

system and my second question will go to

216

00:09:00,799 --> 00:08:58,509

Annette but Patrick how do you frame up

217

00:09:05,040 --> 00:09:00,809

this conversation about Lyme disease

218

00:09:08,910 --> 00:09:05,050

okay it came to us and that's why I want

219

00:09:10,530 --> 00:09:08,920

to make a net and her screen name as one

220

00:09:14,280 --> 00:09:10,540

of the little red hands that's part of

221

00:09:17,100 --> 00:09:14,290

my unpaid research team we were working

222

00:09:19,949 --> 00:09:17,110

on her health for about three years and

223

00:09:23,730 --> 00:09:19,959

we got her to a certain level of health

224

00:09:26,950 --> 00:09:23,740

when she decided to on her own taper

225

00:09:31,870 --> 00:09:26,960

from antidepressants

226

00:09:32,590 --> 00:09:31,880

in that process it unmasked lupus from

227

00:09:35,680 --> 00:09:32,600

lupus

228

00:09:39,550 --> 00:09:35,690

we divined so to speak that there was a

229

00:09:42,010 --> 00:09:39,560

connection with Lyme and so well I have

230

00:09:44,710 --> 00:09:42,020

done over the years is the best a theory

231

00:09:47,330 --> 00:09:44,720

all continual that everything is

232

00:09:50,750 --> 00:09:47,340

connected to everything else

233

00:09:53,780 --> 00:09:50,760

and Louis Pasteur who I think is an

234

00:09:56,510 --> 00:09:53,790

insane monster he had a pair of his

235

00:09:59,870 --> 00:09:56,520

quote that goes chance favors the

236

00:10:01,880 --> 00:09:59,880

prepared mind so as we were working with

237

00:10:04,490 --> 00:10:01,890

a net and that's why I want to make her

238

00:10:08,870 --> 00:10:04,500

center stage here as we were working

239

00:10:12,110 --> 00:10:08,880

with her we were able to deconstruct all

240

00:10:15,140 --> 00:10:12,120

of medicine and alternative medicine to

241

00:10:19,090 --> 00:10:15,150

the place where everything that I had

242

00:10:21,610 --> 00:10:19,100

studied and was taught since 1978

243

00:10:24,320 --> 00:10:21,620

completely went out the window and we

244

00:10:27,590 --> 00:10:24,330

collectively the red hands and I have

245

00:10:30,380 --> 00:10:27,600

been learning biophysics from the ground

246

00:10:33,230 --> 00:10:30,390

up only because we had to throw out all

247

00:10:34,210 --> 00:10:33,240

the lies and I actually forgot what your

248

00:10:36,770 --> 00:10:34,220

question was

249

00:10:40,460 --> 00:10:36,780

was just about framing things up which

250

00:10:44,030 --> 00:10:40,470

you did quite well okay good mm-hmm

251  
00:10:45,940 --> 00:10:44,040  
so and that you can jump in here as well

252  
00:10:49,070 --> 00:10:45,950  
you know how did you get involved with

253  
00:10:51,590 --> 00:10:49,080  
Patrick's research group and how have

254  
00:10:55,250 --> 00:10:51,600  
you felt in your firsthand experience

255  
00:10:57,410 --> 00:10:55,260  
that this treatment alternative has been

256  
00:11:00,380 --> 00:10:57,420  
working as opposed to what was offered

257  
00:11:02,690 --> 00:11:00,390  
up from the medical machine when I first

258  
00:11:05,270 --> 00:11:02,700  
discovered Patrick while listening to

259  
00:11:08,650 --> 00:11:05,280  
Clint Richardson when he was on our BN

260  
00:11:12,440 --> 00:11:08,660  
radio it's really synchronistic because

261  
00:11:15,590 --> 00:11:12,450  
my son's name was Patrick and my

262  
00:11:18,260 --> 00:11:15,600  
mother's maiden name was Jordan I loved

263  
00:11:21,950 --> 00:11:18,270

his personality I loved his knowledge I

264

00:11:25,390 --> 00:11:21,960

loved his insight into medicine and

265

00:11:28,190 --> 00:11:25,400

prion disease and his whole philosophy

266

00:11:32,450 --> 00:11:28,200

vaccine fraud issues and all of that I

267

00:11:34,610 --> 00:11:32,460

really appreciated that so I checked out

268

00:11:38,240 --> 00:11:34,620

his website and found out that he did

269

00:11:42,020 --> 00:11:38,250

consoles and I was having a lot of

270

00:11:45,170 --> 00:11:42,030

health issues so I contacted him and

271

00:11:48,730 --> 00:11:45,180

told him how I'd learned of him and we

272

00:11:52,310 --> 00:11:48,740

started working together September of

273

00:11:54,320 --> 00:11:52,320

2015 so it's been three and a half years

274

00:11:56,600 --> 00:11:54,330

now almost

275

00:12:01,340 --> 00:11:56,610

did a complete bio of my medical history

276

00:12:04,700 --> 00:12:01,350

I was a really very sickly child I had

277

00:12:07,960 --> 00:12:04,710

really bad asthma this was back in the

278

00:12:11,920 --> 00:12:07,970

50s before they were asthma drugs

279

00:12:14,510 --> 00:12:11,930

there weren't any albuterol inhaler czar

280

00:12:17,570 --> 00:12:14,520

cortisone inhalers or any that type of

281

00:12:20,900 --> 00:12:17,580

stuff and I grew up in the Houston area

282

00:12:24,490 --> 00:12:20,910

on the east side of Houston close to the

283

00:12:28,220 --> 00:12:24,500

Houston Ship Channel and that is where

284

00:12:31,880 --> 00:12:28,230

there's so much all the oil refineries

285

00:12:34,100 --> 00:12:31,890

and there's a lot of during that time at

286

00:12:35,960 --> 00:12:34,110

night they would let out all of the crap

287

00:12:39,590 --> 00:12:35,970

that was created during the day and

288

00:12:42,980 --> 00:12:39,600

they'd fill the air and in the 50s there

289

00:12:45,050 --> 00:12:42,990

was no air conditioning so sleeping at

290

00:12:46,820 --> 00:12:45,060

night with the window open I would get

291

00:12:49,010 --> 00:12:46,830

really really sick in the middle of the

292

00:12:51,410 --> 00:12:49,020

night and have to be rushed to the

293

00:12:53,800 --> 00:12:51,420

emergency room to get a shot of

294

00:12:56,750 --> 00:12:53,810

adrenaline because I couldn't breathe

295

00:12:59,600 --> 00:12:56,760

so all of my problems started out when I

296

00:13:01,880 --> 00:12:59,610

was very young with asthma

297

00:13:03,889 --> 00:13:01,890

and one of the things that Patrick and I

298

00:13:08,210 --> 00:13:03,899

discovered during our consultation

299

00:13:11,600 --> 00:13:08,220

together was that I probably didn't

300

00:13:16,090 --> 00:13:11,610

really have allergies and asthma per se

301

00:13:22,819 --> 00:13:16,100

it was more a mast cell disorder and

302

00:13:28,519 --> 00:13:22,829

mast cells mas T the mast cell controls

303

00:13:31,100 --> 00:13:28,529

the release of histamine and so that was

304

00:13:34,030 --> 00:13:31,110

one of the first big breakthroughs in my

305

00:13:35,690 --> 00:13:34,040

health was discovering that all of the

306

00:13:37,970 --> 00:13:35,700

antihistamines that I've been taking

307

00:13:40,060 --> 00:13:37,980

over the years all of the allergy

308

00:13:43,759 --> 00:13:40,070

testing that I had over the years

309

00:13:45,800 --> 00:13:43,769

allergy shots none of that helped me and

310

00:13:48,620 --> 00:13:45,810

Annette let me interrupt for a second

311

00:13:51,920 --> 00:13:48,630

tell everybody how long you had taking

312

00:13:57,319 --> 00:13:51,930

antihistamines with absolutely no relief

313

00:14:00,980 --> 00:13:57,329

most of my life about 40 years 40 years

314

00:14:04,699 --> 00:14:00,990

of a poison with no results we came

315

00:14:06,560 --> 00:14:04,709

across the idea of masala disorder and I

316

00:14:08,920 --> 00:14:06,570

suggested it to Annette and I said hey

317

00:14:11,269 --> 00:14:08,930

how about we pursued this avenue of

318

00:14:13,009 --> 00:14:11,279

treatment remedy because there's certain

319

00:14:15,470 --> 00:14:13,019

things that can't say because I'm not a

320

00:14:17,780 --> 00:14:15,480

doctor can't give medical advice so it's

321

00:14:22,160 --> 00:14:17,790

like okay we found mast cell

322

00:14:24,319 --> 00:14:22,170

stabilization remedies and you tell them

323

00:14:25,819 --> 00:14:24,329

how it work you know how many grams

324

00:14:28,460 --> 00:14:25,829

you're taking per day and how many

325

00:14:31,310 --> 00:14:28,470

you're taking now well when I first

326

00:14:34,519 --> 00:14:31,320

started taking the mast cell stabilizer

327

00:14:38,540 --> 00:14:34,529

which it's a natural bioflavonoids it's

328

00:14:44,509 --> 00:14:38,550

found abundantly in onion it's called

329

00:14:46,960 --> 00:14:44,519

quercetin qu ER c ET i n is that correct

330

00:14:50,930 --> 00:14:46,970

Patrick yep okay

331

00:14:54,740 --> 00:14:50,940

the max limit is you can take up to 8

332

00:14:57,450 --> 00:14:54,750

grams a day and I was taking between 6

333

00:15:01,530 --> 00:14:57,460

and 8 grams a day

334

00:15:03,600 --> 00:15:01,540

I would take like 1500 milligrams three

335

00:15:05,540 --> 00:15:03,610

or four times a day to keep my allergies

336

00:15:08,600 --> 00:15:05,550

in check

337

00:15:10,970 --> 00:15:08,610

and I'm at a point now to where I take

338

00:15:13,970 --> 00:15:10,980

two in the morning I take a thousand

339

00:15:16,480 --> 00:15:13,980

milligrams a day and it's all and I

340

00:15:19,220 --> 00:15:16,490

don't even really feel that I need those

341

00:15:22,940 --> 00:15:19,230

but I take it just to be on the safe

342

00:15:26,330 --> 00:15:22,950

side but I really low allergy problems

343

00:15:28,670 --> 00:15:26,340

no sneezing the horrible allergies

344

00:15:30,470 --> 00:15:28,680

difference that I had experience most of

345

00:15:34,670 --> 00:15:30,480

my life have pretty much gone away with

346

00:15:37,970 --> 00:15:34,680

this natural bioflavonoids mmm and so

347

00:15:40,310 --> 00:15:37,980

1000 milligrams of grams so he's on 1/8

348

00:15:42,950 --> 00:15:40,320

of the dose that she needed the state

349

00:15:46,520 --> 00:15:42,960

bought her condition and it worked

350

00:15:46,850 --> 00:15:46,530

famously for granny Annie I love to call

351  
00:15:49,400 --> 00:15:46,860  
her that

352  
00:15:52,310 --> 00:15:49,410  
who's that the screening work you know

353  
00:15:56,600 --> 00:15:52,320  
really well for her but another one of

354  
00:16:00,380 --> 00:15:56,610  
our people had tried quarter teaspoon of

355  
00:16:03,460 --> 00:16:00,390  
course eaten and it just about made her

356  
00:16:07,790 --> 00:16:03,470  
pass out so the thing that is is

357  
00:16:09,530 --> 00:16:07,800  
individual tailoring of whatever it is

358  
00:16:12,200 --> 00:16:09,540  
that you need to get from point A to

359  
00:16:14,270 --> 00:16:12,210  
point B so everything that we say is not

360  
00:16:16,580 --> 00:16:14,280  
going to work for everybody all the time

361  
00:16:18,950 --> 00:16:16,590  
and that's the one thing that

362  
00:16:20,960 --> 00:16:18,960  
alternative medicine does not do they

363  
00:16:24,020 --> 00:16:20,970

will push something like course eaten

364

00:16:26,480 --> 00:16:24,030

like it's the second coming and never

365

00:16:29,060 --> 00:16:26,490

give you like I just did the other side

366

00:16:29,510 --> 00:16:29,070

of the coin that it may not be for

367

00:16:31,930 --> 00:16:29,520

everybody

368

00:16:34,970 --> 00:16:31,940

mmm that makes a lot of sense and so

369

00:16:37,220 --> 00:16:34,980

Annette was diagnosed with lupus and

370

00:16:40,330 --> 00:16:37,230

Annette you send me a lot of overall

371

00:16:43,220 --> 00:16:40,340

material on really the Lyme disease

372

00:16:45,890 --> 00:16:43,230

situation and it seems like this guy dr.

373

00:16:48,110 --> 00:16:45,900

Alan McDonald was a real pioneer here

374

00:16:51,190 --> 00:16:48,120

but while the media gets us all hyped up

375

00:16:53,990 --> 00:16:51,200

about Ebola or the bird flu Lyme is

376

00:16:55,670 --> 00:16:54,000

actually infecting tens of thousands a

377

00:16:58,640 --> 00:16:55,680

year and on and that's unofficially

378

00:17:02,930 --> 00:16:58,650

because if dr. McDonald and you guys are

379

00:17:05,540 --> 00:17:02,940

correct people who have MS lupus ALS

380

00:17:08,750 --> 00:17:05,550

Parkinson's and Alzheimer's might all be

381

00:17:10,610 --> 00:17:08,760

dealing with the Lyme spirochete which

382

00:17:14,000 --> 00:17:10,620

is could be thought of maybe as like a

383

00:17:15,890 --> 00:17:14,010

parasite and so it's going to affect

384

00:17:18,670 --> 00:17:15,900

different areas of the body differently

385

00:17:21,580 --> 00:17:18,680

wherever it wants to go so that number

386

00:17:23,350 --> 00:17:21,590

really be in the hundreds of thousands

387

00:17:25,360 --> 00:17:23,360

because there's all these miss

388

00:17:27,970 --> 00:17:25,370

reporting's going on when it is a single

389

00:17:29,450 --> 00:17:27,980

cause which is this Lyme spirochete is

390

00:17:33,620 --> 00:17:29,460

that right

391

00:17:36,950 --> 00:17:33,630

correct yes the CDC in the past admitted

392

00:17:40,190 --> 00:17:36,960

to like 30,000 new cases a year they've

393

00:17:40,820 --> 00:17:40,200

now gone up to about 300,000 cases a

394

00:17:43,580 --> 00:17:40,830

year

395

00:17:49,270 --> 00:17:43,590

and according to dr. McDonald it's

396

00:17:53,540 --> 00:17:49,280

closer to 900,000 cases per year and the

397

00:17:55,940 --> 00:17:53,550

documentary under our skin they listed

398

00:17:58,610 --> 00:17:55,950

as close to about eight or nine hundred

399

00:18:01,880 --> 00:17:58,620

thousand cases a year hmm

400

00:18:04,370 --> 00:18:01,890

Greg what I would like to do is to bring

401  
00:18:06,470 --> 00:18:04,380  
the audience up in a stepwise fashion

402  
00:18:09,350 --> 00:18:06,480  
because it's not that you jumped the gun

403  
00:18:12,350 --> 00:18:09,360  
but you brought us into Alan McDonald

404  
00:18:14,960 --> 00:18:12,360  
and of all the physicians because he was

405  
00:18:18,290 --> 00:18:14,970  
a forensic medical examiner of all the

406  
00:18:22,640 --> 00:18:18,300  
physicians of all the world he blew the

407  
00:18:26,390 --> 00:18:22,650  
lid off of what line is now line is not

408  
00:18:29,270 --> 00:18:26,400  
just Borrelia spa suite he proved beyond

409  
00:18:32,240 --> 00:18:29,280  
a shadow of a doubt that when a tick

410  
00:18:35,030 --> 00:18:32,250  
bites you in its pit and I'll give you

411  
00:18:37,520 --> 00:18:35,040  
the laundry list later but among the

412  
00:18:40,580 --> 00:18:37,530  
things that a tick injects into the

413  
00:18:43,460 --> 00:18:40,590

victim our things called filarial worms

414

00:18:46,730 --> 00:18:43,470

and they are tiny they are tiny little

415

00:18:49,280 --> 00:18:46,740

round worms they're nematodes and they

416

00:18:54,350 --> 00:18:49,290

actually act as like the taxi or the

417

00:18:57,290 --> 00:18:54,360

city bus for Borrelia and nematode

418

00:18:59,120 --> 00:18:57,300

burrows into the spinal cord it can get

419

00:19:01,580 --> 00:18:59,130

into the cerebral spinal fluid it can

420

00:19:03,680 --> 00:19:01,590

either set up there or get into the

421

00:19:07,070 --> 00:19:03,690

brain and some people you know

422

00:19:10,610 --> 00:19:07,080

especially the Lyme people will know the

423

00:19:12,800 --> 00:19:10,620

word neural Verrilli ois meaning that

424

00:19:15,170 --> 00:19:12,810

the spirochete alone nobody's talking

425

00:19:17,180 --> 00:19:15,180

about the worm that's like that elephant

426

00:19:20,060 --> 00:19:17,190

in the room nobody's talking about the

427

00:19:21,020 --> 00:19:20,070

worms but they talk about the neuro

428

00:19:23,840 --> 00:19:21,030

Berlioz's

429

00:19:25,690 --> 00:19:23,850

from the spirochete organism and that

430

00:19:29,210 --> 00:19:25,700

means that you're insane in the membrane

431

00:19:30,520 --> 00:19:29,220

now what I would like to do is tie that

432

00:19:34,570 --> 00:19:30,530

in

433

00:19:37,420 --> 00:19:34,580

that people will have not just physical

434

00:19:40,930 --> 00:19:37,430

manifestations but psychiatric

435

00:19:43,840 --> 00:19:40,940

manifestations and so dating all the way

436

00:19:47,110 --> 00:19:43,850

back to 1978 I was developing this

437

00:19:49,830 --> 00:19:47,120

theory of somatotype Oh origin of

438

00:19:52,330 --> 00:19:49,840

disease now we're always taught

439

00:19:54,340 --> 00:19:52,340

psychosomatic and also did was an

440

00:19:55,920 --> 00:19:54,350

opposite day and I turn it around and

441

00:19:59,500 --> 00:19:55,930

I've been able to prove it

442

00:20:03,280 --> 00:19:59,510

disease and even mental emotional and

443

00:20:07,870 --> 00:20:03,290

psychiatric manifestations can have

444

00:20:09,820 --> 00:20:07,880

their sole root in the physical so it's

445

00:20:11,770 --> 00:20:09,830

not mental there's not anything wrong

446

00:20:13,890 --> 00:20:11,780

with your head there's something wrong

447

00:20:17,260 --> 00:20:13,900

with your body and it's manifesting

448

00:20:18,760 --> 00:20:17,270

through the way you present the warmth

449

00:20:21,480 --> 00:20:18,770

it could be anywhere in your body

450

00:20:24,040 --> 00:20:21,490

literally any organ any tissue and

451  
00:20:27,070 --> 00:20:24,050  
sometimes life with the filarial worms

452  
00:20:29,590 --> 00:20:27,080  
and the Borrelia it can literally be in

453  
00:20:32,050 --> 00:20:29,600  
your brain so what I want to do with

454  
00:20:34,570 --> 00:20:32,060  
that then and this is important I mean

455  
00:20:38,770 --> 00:20:34,580  
this is one of the biggest concepts that

456  
00:20:42,160 --> 00:20:38,780  
we have to get out today is Annette was

457  
00:20:44,980 --> 00:20:42,170  
not only having physical problems with

458  
00:20:47,170 --> 00:20:44,990  
her allergies and all that she actually

459  
00:20:50,380 --> 00:20:47,180  
got on to things like antidepressants

460  
00:20:52,840 --> 00:20:50,390  
and anti-anxiety drugs and if she could

461  
00:20:56,160 --> 00:20:52,850  
pick up the narrative there I'm going to

462  
00:20:58,770 --> 00:20:56,170  
blow the lid off of what all that means

463  
00:21:03,190 --> 00:20:58,780

that sounds great perfect

464

00:21:07,830 --> 00:21:03,200

okay I'm married very young and had a

465

00:21:10,040 --> 00:21:07,840

child at the age of 18 and my

466

00:21:13,700 --> 00:21:10,050

obstetrician

467

00:21:17,210 --> 00:21:13,710

at the age of 18 after having a child

468

00:21:20,750 --> 00:21:17,220

prescribed for me Librium which was kind

469

00:21:22,240 --> 00:21:20,760

of a precursor to benzodiazepines valium

470

00:21:26,300 --> 00:21:22,250

ativan

471

00:21:29,000 --> 00:21:26,310

xanax all of those type drugs he said

472

00:21:32,000 --> 00:21:29,010

you know being a young new mother you

473

00:21:35,870 --> 00:21:32,010

might be overwhelmed somedays so take

474

00:21:41,830 --> 00:21:35,880

this anti-anxiety drug to help you well

475

00:21:44,390 --> 00:21:41,840

I mean this was 1969 50 years ago and

476

00:21:48,320 --> 00:21:44,400

doctors were our friends doctors were

477

00:21:50,240 --> 00:21:48,330

gods doctors were wonderful people you

478

00:21:52,310 --> 00:21:50,250

know so you'd take the drug that the

479

00:21:56,570 --> 00:21:52,320

doctor gives you

480

00:22:00,470 --> 00:21:56,580

and then once valium became the drug of

481

00:22:03,470 --> 00:22:00,480

choice and given out like candy I was

482

00:22:06,770 --> 00:22:03,480

given valium and it's something that

483

00:22:09,140 --> 00:22:06,780

I've had on hand since I was 18 years

484

00:22:11,530 --> 00:22:09,150

old I didn't take it every day but I had

485

00:22:16,190 --> 00:22:11,540

it around in case I had a bad day and

486

00:22:19,940 --> 00:22:16,200

then 15 years ago I had a really bad

487

00:22:22,340 --> 00:22:19,950

family upheaval I wanted to go talk to

488

00:22:25,250 --> 00:22:22,350

the psychologist to talk through the

489

00:22:27,530 --> 00:22:25,260

pain and the issues but insurance

490

00:22:29,450 --> 00:22:27,540

doesn't pay for psychologists usually so

491

00:22:31,730 --> 00:22:29,460

they sent me to a psychiatrist and

492

00:22:34,840 --> 00:22:31,740

that's because the psychiatrist can

493

00:22:37,190 --> 00:22:34,850

prescribe drugs correct correct yes

494

00:22:38,750 --> 00:22:37,200

they're really bad at talking but

495

00:22:42,370 --> 00:22:38,760

they're really good at handing out

496

00:22:46,840 --> 00:22:42,380

prescriptions and I was put on effexor

497

00:22:50,000 --> 00:22:46,850

which is a norepinephrine serotonin

498

00:22:53,350 --> 00:22:50,010

reuptake inhibitor and NSRI

499

00:22:56,570 --> 00:22:53,360

and they say they're not addictive and

500

00:22:59,840 --> 00:22:56,580

they're not addictive in the way like

501  
00:23:03,590 --> 00:22:59,850  
opium is addictive but you still become

502  
00:23:06,250 --> 00:23:03,600  
dependent on them because getting off of

503  
00:23:10,190 --> 00:23:06,260  
them is really really difficult because

504  
00:23:17,330 --> 00:23:10,200  
having the serotonin readily available

505  
00:23:19,540 --> 00:23:17,340  
it prevents it from reuptake abreu so

506  
00:23:23,990 --> 00:23:19,550  
that it's always available to the brain

507  
00:23:25,730 --> 00:23:24,000  
so trying to get off of it and reducing

508  
00:23:28,960 --> 00:23:25,740  
the amount of serotonin in the brain

509  
00:23:32,720 --> 00:23:28,970  
causes what is called brain zaps the

510  
00:23:36,110 --> 00:23:32,730  
brain has been first working again and

511  
00:23:38,240 --> 00:23:36,120  
trying to grab hold of the serotonin

512  
00:23:41,090 --> 00:23:38,250  
rather than it always being there at the

513  
00:23:44,529 --> 00:23:41,100

ready for the brain to use and these

514

00:23:46,629 --> 00:23:44,539

brain zaps they drive you crazy

515

00:23:48,549 --> 00:23:46,639

I mean it's really really difficult to

516

00:23:51,849 --> 00:23:48,559

get off of these drugs because of those

517

00:23:54,519 --> 00:23:51,859

brain zaps and people just they'll try

518

00:23:57,909 --> 00:23:54,529

and they'll give up but I never found

519

00:24:00,039 --> 00:23:57,919

that the antidepressants didn't help me

520

00:24:04,569 --> 00:24:00,049

I wasn't depressed I was angry I was

521

00:24:06,729 --> 00:24:04,579

upset so I tried several times to get

522

00:24:08,979 --> 00:24:06,739

off of them without success

523

00:24:11,349 --> 00:24:08,989

I'd get to a certain point and the

524

00:24:14,229 --> 00:24:11,359

brains apps would just become too

525

00:24:18,250 --> 00:24:14,239

overwhelming to deal with hmm

526  
00:24:21,670 --> 00:24:18,260  
but after the 15 year upheaval

527  
00:24:23,800 --> 00:24:21,680  
and taking the antidepressants valium

528  
00:24:26,320 --> 00:24:23,810  
became a big problem I don't know if you

529  
00:24:28,180 --> 00:24:26,330  
remember the movie I'm dancing as fast

530  
00:24:31,810 --> 00:24:28,190  
as I can because they discovered how

531  
00:24:34,600 --> 00:24:31,820  
addictive valium was mmm so they created

532  
00:24:37,150 --> 00:24:34,610  
more benzos that were supposed to be

533  
00:24:41,170 --> 00:24:37,160  
less addictive and one of the next

534  
00:24:43,600 --> 00:24:41,180  
benzos they created was at a van which

535  
00:24:46,840 --> 00:24:43,610  
was supposed to be less addictive and

536  
00:24:50,860 --> 00:24:46,850  
less harmful but these drugs have

537  
00:24:53,290 --> 00:24:50,870  
half-lives and Valium has a very long

538  
00:24:56,440 --> 00:24:53,300

half-life and so it stays in your body a

539

00:24:58,570 --> 00:24:56,450

long time ativan has a very short

540

00:25:01,630 --> 00:24:58,580

half-life and only stays in your body

541

00:25:04,780 --> 00:25:01,640

maybe 24 hours

542

00:25:07,930 --> 00:25:04,790

and I only took ativan at night to help

543

00:25:11,320 --> 00:25:07,940

me sleep along with ambien so I mean I

544

00:25:14,680 --> 00:25:11,330

was unlike a triple cocktail of really

545

00:25:17,370 --> 00:25:14,690

bad pharmaceuticals that no one should

546

00:25:20,290 --> 00:25:17,380

take because they're just so harmful

547

00:25:24,250 --> 00:25:20,300

what had happened I started withdrawing

548

00:25:27,190 --> 00:25:24,260

from all of my hobbies everything that I

549

00:25:30,490 --> 00:25:27,200

enjoyed I became agoraphobic I hardly

550

00:25:33,490 --> 00:25:30,500

left the house life just held nothing

551  
00:25:36,670 --> 00:25:33,500  
for me anymore I didn't know what was

552  
00:25:39,310 --> 00:25:36,680  
wrong I didn't discuss it with anyone

553  
00:25:42,980 --> 00:25:39,320  
but Patrick because I felt no one would

554  
00:25:48,019 --> 00:25:42,990  
understand or would think I was crazy

555  
00:25:49,700 --> 00:25:48,029  
and this went on for close to a year

556  
00:25:51,769 --> 00:25:49,710  
and that was when I decided okay I'm

557  
00:25:54,780 --> 00:25:51,779  
going to get off the antidepressants I

558  
00:25:57,270 --> 00:25:54,790  
thought that was the problem

559  
00:25:58,919 --> 00:25:57,280  
it took a long time I tapered very very

560  
00:26:02,340 --> 00:25:58,929  
slowly and that's something that's very

561  
00:26:05,159 --> 00:26:02,350  
important for people to understand never

562  
00:26:07,200 --> 00:26:05,169  
ever go cold turkey off of any of these

563  
00:26:10,200 --> 00:26:07,210

pharmaceutical drugs because you caused

564

00:26:12,600 --> 00:26:10,210

you to want to kill yourself i tapered

565

00:26:16,430 --> 00:26:12,610

very very slowly off of these it took me

566

00:26:18,870 --> 00:26:16,440

probably close to nine months but

567

00:26:21,780 --> 00:26:18,880

unfortunately that didn't solve my

568

00:26:24,240 --> 00:26:21,790

agoraphobia my apathy my lack of

569

00:26:27,419 --> 00:26:24,250

motivation

570

00:26:29,220 --> 00:26:27,429

and I was on the phone with Patrick and

571

00:26:33,029 --> 00:26:29,230

he said uh Ned I don't think you're

572

00:26:36,600 --> 00:26:33,039

gonna fill yourself again until you get

573

00:26:39,060 --> 00:26:36,610

off the ativan they benzodiazepine

574

00:26:41,039 --> 00:26:39,070

and I said Patrick I just don't see how

575

00:26:43,630 --> 00:26:41,049

I can do that right now I just got off

576  
00:26:46,480 --> 00:26:43,640  
of the antidepressants

577  
00:26:48,300 --> 00:26:46,490  
and he said well sounds like addiction

578  
00:26:50,310 --> 00:26:48,310  
to me

579  
00:26:52,380 --> 00:26:50,320  
and I'd always felt that I had a

580  
00:26:55,860 --> 00:26:52,390  
dependence on these drugs but I never

581  
00:26:58,140 --> 00:26:55,870  
felt addicted and addicted is really a

582  
00:27:02,040 --> 00:26:58,150  
trigger for me because I had a son that

583  
00:27:06,630 --> 00:27:02,050  
was a drug addict and a couple of days

584  
00:27:08,610 --> 00:27:06,640  
later that statement just really upset

585  
00:27:11,250 --> 00:27:08,620  
me and I got on the internet and started

586  
00:27:39,140 --> 00:27:11,260  
researching and I discovered this

587  
00:27:46,350 --> 00:27:43,110  
from Anna van because I wasn't taking

588  
00:27:48,160 --> 00:27:46,360

enough of it I was only taking it at

589

00:27:50,230 --> 00:27:48,170

night

590

00:27:53,760 --> 00:27:50,240

and I had thrown myself into withdrawal

591

00:27:56,980 --> 00:27:53,770

and all of the symptoms the agoraphobia

592

00:27:59,680 --> 00:27:56,990

the lack of motivation the withdrawal

593

00:28:03,700 --> 00:27:59,690

from hobbies and things that I used to

594

00:28:07,500 --> 00:28:03,710

enjoy I stopped cooking for myself all

595

00:28:12,550 --> 00:28:07,510

of these things fit what happened and

596

00:28:15,880 --> 00:28:12,560

the solution per the ashton method is to

597

00:28:19,080 --> 00:28:15,890

switch from the short half-life ativan

598

00:28:23,140 --> 00:28:19,090

which the generic name is lorazepam

599

00:28:27,900 --> 00:28:23,150

switch back to valium which the generic

600

00:28:33,010 --> 00:28:27,910

name is diazepam and taper from there

601  
00:28:37,500 --> 00:28:33,020  
luckily I had a very caring primary care

602  
00:28:41,250 --> 00:28:37,510  
physician I sent her this information

603  
00:28:44,610 --> 00:28:41,260  
and she agreed to work with me so I saw

604  
00:28:47,520 --> 00:28:44,620  
her mid-april and so she wrote the

605  
00:28:50,580 --> 00:28:47,530  
prescription out for valium their taper

606  
00:28:54,090 --> 00:28:50,590  
schedules on the ash and on the benzo

607  
00:28:57,960 --> 00:28:54,100  
the UK dot org website that tell you how

608  
00:29:00,090 --> 00:28:57,970  
to slowly taper also I was thinking like

609  
00:29:03,420 --> 00:29:00,100  
two to three milligrams of ativan at

610  
00:29:07,140 --> 00:29:03,430  
night I didn't realize that one

611  
00:29:11,280 --> 00:29:07,150  
milligram of ativan was equivalent to

612  
00:29:14,580 --> 00:29:11,290  
ten milligrams of Valium hmm so when the

613  
00:29:17,480 --> 00:29:14,590

doctor switched me over she she gave me

614

00:29:21,560 --> 00:29:17,490

30 milligrams of Valium a day to take

615

00:29:24,690 --> 00:29:21,570

well my body they react very differently

616

00:29:27,540 --> 00:29:24,700

ativan is very subtle I never felt

617

00:29:30,540 --> 00:29:27,550

sleepy or I mean like if I took it

618

00:29:33,870 --> 00:29:30,550

during the day I never felt altered but

619

00:29:36,180 --> 00:29:33,880

when I started taking valium again it

620

00:29:39,420 --> 00:29:36,190

altered me considerably 10 milligrams

621

00:29:43,710 --> 00:29:39,430

made me feel like a drunk person so it

622

00:29:48,630 --> 00:29:43,720

was very easy to taper quite quickly so

623

00:29:50,880 --> 00:29:48,640

I started mid-april and by June I was

624

00:29:54,540 --> 00:29:50,890

back to myself again in fact I felt

625

00:29:58,650 --> 00:29:54,550

better than I felt in ages my motivation

626  
00:30:02,190 --> 00:29:58,660  
was back life became meaningful again I

627  
00:30:05,610 --> 00:30:02,200  
started getting out more I started back

628  
00:30:08,660 --> 00:30:05,620  
in on my research my quote conspiracy

629  
00:30:12,500 --> 00:30:08,670  
theory stuff that I love so much hmm and

630  
00:30:17,130 --> 00:30:12,510  
contacted family and I felt fantastic

631  
00:30:19,110 --> 00:30:17,140  
but I had an old back injury from an

632  
00:30:21,780 --> 00:30:19,120  
auto accident from when I was a teenager

633  
00:30:24,750 --> 00:30:21,790  
I had a bad whiplash

634  
00:30:27,570 --> 00:30:24,760  
and from time to time over the years

635  
00:30:31,520 --> 00:30:27,580  
even though I was 16 when that happened

636  
00:30:34,530 --> 00:30:31,530  
I would have really bad back problems

637  
00:30:36,770 --> 00:30:34,540  
but I could go and get a massage or two

638  
00:30:40,140 --> 00:30:36,780

and it would resolve it for months

639

00:30:43,710 --> 00:30:40,150

well the backache just got worse and

640

00:30:47,040 --> 00:30:43,720

worse and I called my former massage

641

00:30:50,730 --> 00:30:47,050

therapist who comes to the house I had

642

00:30:52,940 --> 00:30:50,740

eight massages in the timeframe of about

643

00:30:54,620 --> 00:30:52,950

two months

644

00:30:56,960 --> 00:30:54,630

and the back pain just got worse and

645

00:30:59,790 --> 00:30:56,970

worse it didn't help in fact it was

646

00:31:01,530 --> 00:30:59,800

probably making things worse

647

00:31:04,380 --> 00:31:01,540

now let's before I had the lupus

648

00:31:08,100 --> 00:31:04,390

diagnosis and so let me interrupt here

649

00:31:11,180 --> 00:31:08,110

for a second what we see from a net

650

00:31:13,320 --> 00:31:11,190

story is that she was on drugs like

651  
00:31:16,320 --> 00:31:13,330  
antihistamines for 40 years it didn't

652  
00:31:18,500 --> 00:31:16,330  
help all she wanted was counseling and

653  
00:31:21,870 --> 00:31:18,510  
she was given drugs antidepressants

654  
00:31:25,020 --> 00:31:21,880  
anti-anxiety and they didn't help in

655  
00:31:28,380 --> 00:31:25,030  
fact they not only addicted her under

656  
00:31:30,300 --> 00:31:28,390  
listed as non-addictive she couldn't get

657  
00:31:32,250 --> 00:31:30,310  
off of the damn things because they

658  
00:31:35,640 --> 00:31:32,260  
almost had a mind of their own they have

659  
00:31:38,160 --> 00:31:35,650  
a way of regulating receptor sites in

660  
00:31:41,370 --> 00:31:38,170  
the brain so even if you're flooded with

661  
00:31:43,980 --> 00:31:41,380  
serotonin if you have more receptor

662  
00:31:46,830 --> 00:31:43,990  
sites than you have serotonin even

663  
00:31:49,350 --> 00:31:46,840

during the paper you have to genetically

664

00:31:51,900 --> 00:31:49,360

down regulate those receptor sites or

665

00:31:55,470 --> 00:31:51,910

you are going to feel depressed even it

666

00:31:58,470 --> 00:31:55,480

still coming off the and I call them

667

00:32:02,190 --> 00:31:58,480

smart drugs it's almost as if the drug

668

00:32:05,310 --> 00:32:02,200

has methods and an intent to keep the

669

00:32:07,950 --> 00:32:05,320

person hooked on that drug so she was

670

00:32:12,300 --> 00:32:07,960

really deep into the talons of the

671

00:32:15,020 --> 00:32:12,310

pharmaceutical capture and she was doing

672

00:32:17,760 --> 00:32:15,030

her best effort to get away from it and

673

00:32:20,730 --> 00:32:17,770

one of the things I've seen across the

674

00:32:24,090 --> 00:32:20,740

board everybody that I work with is the

675

00:32:28,080 --> 00:32:24,100

more help you get over time the more you

676  
00:32:31,380 --> 00:32:28,090  
actively and even unconsciously pursue

677  
00:32:33,710 --> 00:32:31,390  
helpful behaviors so although I had

678  
00:32:38,190 --> 00:32:33,720  
always encouraged Annette to get off of

679  
00:32:38,880 --> 00:32:38,200  
pharmaceuticals it was her personal

680  
00:32:45,300 --> 00:32:38,890  
accident

681  
00:32:46,980 --> 00:32:45,310  
get off of the NSR eyes and then that's

682  
00:32:49,530 --> 00:32:46,990  
when we had the conversation where I

683  
00:32:52,350 --> 00:32:49,540  
said hmm you know you really need to get

684  
00:32:54,750 --> 00:32:52,360  
off of everything and I said it sounded

685  
00:32:57,090 --> 00:32:54,760  
like addiction to me and that changed

686  
00:32:59,490 --> 00:32:57,100  
her entire perspective so she went out

687  
00:33:02,190 --> 00:32:59,500  
she did the research again this was all

688  
00:33:05,280 --> 00:33:02,200

her to prove me wrong I'm not addicted

689

00:33:08,460 --> 00:33:05,290

and she found out as she had indicated

690

00:33:12,120 --> 00:33:08,470

that everything she was experiencing was

691

00:33:13,590 --> 00:33:12,130

an artifact of the drug and because she

692

00:33:16,920 --> 00:33:13,600

was getting healthy

693

00:33:17,940 --> 00:33:16,930

over time she made the decision to get

694

00:33:21,150 --> 00:33:17,950

off the drug

695

00:33:23,220 --> 00:33:21,160

well drug doesn't want to let you go and

696

00:33:24,060 --> 00:33:23,230

again they say that they're not

697

00:33:28,200 --> 00:33:24,070

addictive

698

00:33:30,420 --> 00:33:28,210

but the ativan was ten times more

699

00:33:33,060 --> 00:33:30,430

powerful than valium

700

00:33:36,330 --> 00:33:33,070

well that recipe for addiction right

701  
00:33:39,690 --> 00:33:36,340  
there and so as she was coming off of

702  
00:33:44,040 --> 00:33:39,700  
these drugs and now here is the biggest

703  
00:33:47,850 --> 00:33:44,050  
idea that we were mowing in a series on

704  
00:33:48,330 --> 00:33:47,860  
lupus and Lyme and my video on youtube

705  
00:33:52,110 --> 00:33:48,340  
called

706  
00:33:55,530 --> 00:33:52,120  
revolution is that we discovered quite

707  
00:34:00,630 --> 00:33:55,540  
by accident we were just trying to get a

708  
00:34:03,420 --> 00:34:00,640  
net better but in that pursuit and that

709  
00:34:06,810 --> 00:34:03,430  
had gotten to a really good point in her

710  
00:34:10,320 --> 00:34:06,820  
health and she had said that she had

711  
00:34:11,240 --> 00:34:10,330  
never felt emotionally better in her

712  
00:34:16,460 --> 00:34:11,250  
entire life

713  
00:34:18,960 --> 00:34:16,470

yet as she was weaning from the

714

00:34:24,390 --> 00:34:18,970

benzodiazepines after getting off the

715

00:34:28,470 --> 00:34:24,400

NSR eyes that new physical problems were

716

00:34:30,060 --> 00:34:28,480

emerging and even as myself and the red

717

00:34:32,640 --> 00:34:30,070

hands were trying to get to the bottom

718

00:34:35,730 --> 00:34:32,650

of it it was really beyond the scope of

719

00:34:38,070 --> 00:34:35,740

our understanding and so she had a

720

00:34:42,180 --> 00:34:38,080

physician probably the only doctor that

721

00:34:45,260 --> 00:34:42,190

I've ever known of that was not a white

722

00:34:49,260 --> 00:34:45,270

coated assassin and he did the

723

00:34:53,610 --> 00:34:49,270

autoimmunity test that revealed lupus

724

00:34:55,590 --> 00:34:53,620

and this is the big idea right here this

725

00:34:59,490 --> 00:34:55,600

is the saying that you're scooping the

726

00:35:04,610 --> 00:34:59,500

world on Greg is that we discovered

727

00:35:09,590 --> 00:35:04,620

because of this process that all of the

728

00:35:13,820 --> 00:35:09,600

antidepressant and anti-anxiety drugs

729

00:35:15,680 --> 00:35:13,830

they're all immunosuppressants agents

730

00:35:20,600 --> 00:35:15,690

so they're the same thing is like an

731

00:35:22,970 --> 00:35:20,610

anti rejection drug hmm so she may have

732

00:35:24,470 --> 00:35:22,980

had and you know we do regressions with

733

00:35:26,900 --> 00:35:24,480

people we'll bring them all the way back

734

00:35:29,540 --> 00:35:26,910

to the earliest years when we take a

735

00:35:31,580 --> 00:35:29,550

history and the we you know it's a

736

00:35:33,860 --> 00:35:31,590

collaborative between me and my consoles

737

00:35:36,290 --> 00:35:33,870

we'll go all the way back to like when

738

00:35:39,380 --> 00:35:36,300

and that was four years old and she had

739

00:35:42,650 --> 00:35:39,390

a kick in her ear Wow

740

00:35:46,640 --> 00:35:42,660

will come forward in time to when she

741

00:35:52,790 --> 00:35:46,650

was rescuing a feral cat and she got bit

742

00:35:57,610 --> 00:35:52,800

probably to the bone by a wild cat and

743

00:36:01,160 --> 00:35:57,620

so when did she get Lyme we don't know

744

00:36:04,100 --> 00:36:01,170

but we do know that when she got off of

745

00:36:07,190 --> 00:36:04,110

the antidepressants started to taper

746

00:36:10,250 --> 00:36:07,200

from the anti-anxiety medications that

747

00:36:12,860 --> 00:36:10,260

all the sudden this disease literally

748

00:36:16,580 --> 00:36:12,870

that had to have always been there

749

00:36:19,850 --> 00:36:16,590

smouldering was finally unmasked and

750

00:36:22,300 --> 00:36:19,860

that is the big idea that it doesn't

751  
00:36:25,280 --> 00:36:22,310  
matter what the mental and emotional

752  
00:36:27,350 --> 00:36:25,290  
impact of these drugs are that's

753  
00:36:31,250 --> 00:36:27,360  
secondary to the fact if they are

754  
00:36:33,350 --> 00:36:31,260  
purposely immunosuppressant and that

755  
00:36:36,560 --> 00:36:33,360  
means that they can then hide any

756  
00:36:38,660 --> 00:36:36,570  
disease they want in us and it will be

757  
00:36:41,240 --> 00:36:38,670  
beyond the detection of anybody that

758  
00:36:43,970 --> 00:36:41,250  
doesn't even know the look pool Wow so

759  
00:36:47,650 --> 00:36:43,980  
her doc I'll let you tell the story he

760  
00:36:50,950 --> 00:36:47,660  
ran a Sjogren's panel on her

761  
00:36:53,920 --> 00:36:50,960  
because she had certain symptoms and it

762  
00:36:57,370 --> 00:36:53,930  
didn't show up Sjogren's it showed up

763  
00:36:58,960 --> 00:36:57,380

lupus so in just a jump in here so what

764

00:37:00,970 --> 00:36:58,970

you're saying is these antidepressants

765

00:37:03,130 --> 00:37:00,980

that almost everyone knows someone who's

766

00:37:05,580 --> 00:37:03,140

taken them they're suppressing the

767

00:37:07,720 --> 00:37:05,590

immune system to the point that

768

00:37:10,600 --> 00:37:07,730

infections that the immune system is

769

00:37:13,750 --> 00:37:10,610

keeping at bay maybe for years it allows

770

00:37:17,020 --> 00:37:13,760

them to come to the surface now exactly

771

00:37:19,210 --> 00:37:17,030

we'll go with that Tom about your ENT

772

00:37:20,860 --> 00:37:19,220

and how we actually discovered this

773

00:37:24,340 --> 00:37:20,870

because if we didn't have his help we

774

00:37:31,150 --> 00:37:24,350

would have been lost my ENT I discovered

775

00:37:35,620 --> 00:37:31,160

him because I had back in 2002 I was

776

00:37:38,160 --> 00:37:35,630

diagnosed with thyroid eye disease which

777

00:37:40,030 --> 00:37:38,170

is another autoimmune disease and I have

778

00:37:41,980 --> 00:37:40,040

apologize for interrupting but

779

00:37:44,980 --> 00:37:41,990

autoimmunity because we are going to

780

00:37:50,020 --> 00:37:44,990

jump into that one too right it's a

781

00:37:54,100 --> 00:37:50,030

strange disease it's fairly rare and it

782

00:37:56,530 --> 00:37:54,110

attacks the muscles behind the eyes

783

00:38:00,010 --> 00:37:56,540

and it causes them to protrude forward

784

00:38:01,990 --> 00:38:00,020

so your eyes protrude forward my eyes

785

00:38:04,520 --> 00:38:02,000

were always my best feature and it

786

00:38:06,470 --> 00:38:04,530

almost destroyed them

787

00:38:08,330 --> 00:38:06,480

I had to wear sunglasses because I

788

00:38:12,140 --> 00:38:08,340

scared small children in grocery stores

789

00:38:16,480 --> 00:38:12,150

oh it's supposed to last from 18 months

790

00:38:20,410 --> 00:38:16,490

to maybe three years mine started in

791

00:38:24,740 --> 00:38:20,420

2002 I had to have a thyroidectomy

792

00:38:28,609 --> 00:38:24,750

trying to get my thyroid under control

793

00:38:32,450 --> 00:38:28,619

so I could have additional treatment to

794

00:38:37,400 --> 00:38:32,460

my eyes so I had the thyroidectomy in

795

00:38:39,680 --> 00:38:37,410

September of 2003 and then shortly after

796

00:38:42,109 --> 00:38:39,690

that I had a series of radiation

797

00:38:45,640 --> 00:38:42,119

treatments on my eyes trying to stop the

798

00:38:49,609 --> 00:38:45,650

inflammation but that didn't help me

799

00:38:54,710 --> 00:38:49,619

so this disease went on for quite a few

800

00:38:57,010 --> 00:38:54,720

years and I discovered early 2009 that

801  
00:39:00,740 --> 00:38:57,020  
they were stable enough for me to have

802  
00:39:02,630 --> 00:39:00,750  
surgery and the surgery is extremely

803  
00:39:09,609 --> 00:39:02,640  
invasive it's called an orbital

804  
00:39:12,650 --> 00:39:09,619  
decompression and my ENT and my eye

805  
00:39:15,800 --> 00:39:12,660  
surgeon who's a plastic surgeon orbit

806  
00:39:19,190 --> 00:39:15,810  
specialists went in and what they have

807  
00:39:23,920 --> 00:39:19,200  
to do is they cut little slits at the

808  
00:39:28,970 --> 00:39:23,930  
outer corner of each eye remove bone at

809  
00:39:32,300 --> 00:39:28,980  
the temple area they water drill it to

810  
00:39:34,450 --> 00:39:32,310  
scale it down put it back and that way

811  
00:39:36,880 --> 00:39:34,460  
my eyes fall back to a more normal

812  
00:39:39,850 --> 00:39:36,890  
position

813  
00:39:43,030 --> 00:39:39,860

it's a very invasive surgery but luckily

814

00:39:45,190 --> 00:39:43,040

the eyes he'll very quickly so it put my

815

00:39:47,410 --> 00:39:45,200

eyes back in a normal position so they

816

00:39:50,950 --> 00:39:47,420

didn't bulge and protrude and scare

817

00:39:53,890 --> 00:39:50,960

small children but then I required five

818

00:39:56,050 --> 00:39:53,900

additional surgeries on my eyes so my

819

00:40:00,940 --> 00:39:56,060

sight was proper again I had double

820

00:40:05,070 --> 00:40:00,950

vision I had blurred vision so I had all

821

00:40:07,570 --> 00:40:05,080

of these surgeries between 2009 and 2010

822

00:40:10,000 --> 00:40:07,580

can I interrupt here for a second you

823

00:40:14,770 --> 00:40:10,010

got your flow because what I want to

824

00:40:17,770 --> 00:40:14,780

impress on everybody listening is you're

825

00:40:19,990 --> 00:40:17,780

not giving a laundry list of well I went

826

00:40:22,600 --> 00:40:20,000

through this and I went to that and they

827

00:40:25,840 --> 00:40:22,610

seemed to be unrelated within our world

828

00:40:28,450 --> 00:40:25,850

of continuum Annette had just cited that

829

00:40:31,450 --> 00:40:28,460

she had an autoimmune condition and we

830

00:40:35,220 --> 00:40:31,460

are going to tie this autoimmunity to

831

00:40:37,480 --> 00:40:35,230

the entire scope of lupus which has Auto

832

00:40:39,520 --> 00:40:37,490

antibodies and we're going to tie it

833

00:40:42,460 --> 00:40:39,530

back to Lyme and it's entire

834

00:40:45,040 --> 00:40:42,470

constellation of diseases and show that

835

00:40:50,230 --> 00:40:45,050

she had Foreman aiding disease that was

836

00:40:53,830 --> 00:40:50,240

related to one singular thread and that

837

00:40:56,410 --> 00:40:53,840

it affected all these systems so it's

838

00:40:59,500 --> 00:40:56,420

not just like okay and I had a thyroid

839

00:41:02,410 --> 00:40:59,510

problem and I had an eye problem and I

840

00:41:05,760 --> 00:41:02,420

had depression and I had allergies no it

841

00:41:09,670 --> 00:41:05,770

was one thing under one enormous

842

00:41:12,770 --> 00:41:09,680

umbrella and they were all discernible

843

00:41:16,130 --> 00:41:12,780

because I want to emphasize something

844

00:41:17,660 --> 00:41:16,140

and that graduated high school done that

845

00:41:19,760 --> 00:41:17,670

help me out here were you the candy

846

00:41:23,000 --> 00:41:19,770

striper did you work as a nurse's aide I

847

00:41:25,849 --> 00:41:23,010

was candy stripe and a candy striper and

848

00:41:28,339 --> 00:41:25,859

I bill myself as just a farm boy I went

849

00:41:32,710 --> 00:41:28,349

to college twice never graduated I have

850

00:41:36,920 --> 00:41:32,720

no degrees and yet we were able to

851  
00:41:39,770 --> 00:41:36,930  
destroy the entire myth of mainstream

852  
00:41:42,589 --> 00:41:39,780  
and alternative medicine by showing this

853  
00:41:46,490 --> 00:41:42,599  
continuum that all of these conditions

854  
00:41:49,370 --> 00:41:46,500  
were related possibly to one cause that

855  
00:41:52,310 --> 00:41:49,380  
one cause and you know we have stated

856  
00:41:55,700 --> 00:41:52,320  
earlier in this interview was a military

857  
00:41:59,450 --> 00:41:55,710  
weapon and that it manifests itself in

858  
00:42:01,960 --> 00:41:59,460  
multiple ways yet everybody within the

859  
00:42:05,359 --> 00:42:01,970  
medical world alternative or mainstream

860  
00:42:08,089 --> 00:42:05,369  
they will look at each separate incident

861  
00:42:11,570 --> 00:42:08,099  
as if they were completely unrelated

862  
00:42:13,430 --> 00:42:11,580  
right so go ahead and that what was it

863  
00:42:15,320 --> 00:42:13,440

that your ENT really brought to the

864

00:42:17,390 --> 00:42:15,330

table that really like was the aha

865

00:42:20,000 --> 00:42:17,400

moment for you guys and connected the

866

00:42:22,460 --> 00:42:20,010

research and that was the testing so

867

00:42:26,030 --> 00:42:22,470

take it up there and that where he did

868

00:42:28,250 --> 00:42:26,040

the testing for Bartle antibodies well

869

00:42:30,790 --> 00:42:28,260

one of the first symptoms I had was when

870

00:42:34,609 --> 00:42:30,800

I started off of the antidepressants I

871

00:42:37,249 --> 00:42:34,619

started getting really bad dry mouth

872

00:42:39,589 --> 00:42:37,259

and I had talked to my doctor she didn't

873

00:42:42,099 --> 00:42:39,599

know what was going on I went to the

874

00:42:44,479 --> 00:42:42,109

dentist to see if they could help me

875

00:42:47,569 --> 00:42:44,489

everybody was pretty much like well you

876

00:42:50,209 --> 00:42:47,579

just have dry mouth deal with it but it

877

00:42:53,180 --> 00:42:50,219

kept getting worse he kept changing and

878

00:42:55,190 --> 00:42:53,190

it was really affecting my quality of

879

00:42:58,039 --> 00:42:55,200

life I had trouble eating certain foods

880

00:43:01,339 --> 00:42:58,049

I was creating a lot of mucus in my

881

00:43:06,739 --> 00:43:01,349

mouth even though my mouth was dry I had

882

00:43:08,660 --> 00:43:06,749

a lot of mucus so I contacted my former

883

00:43:13,130 --> 00:43:08,670

ENT and he's not covered under my

884

00:43:15,259 --> 00:43:13,140

insurance and he's so kind and caring he

885

00:43:17,420 --> 00:43:15,269

still in the bay area I'm in Sacramento

886

00:43:20,209 --> 00:43:17,430

so it's like a hour-and-a-half drive to

887

00:43:23,930 --> 00:43:20,219

get to him he said a net he said I will

888

00:43:28,640 --> 00:43:23,940

see you for free which is just unheard

889

00:43:31,400 --> 00:43:28,650

of so I went to see him back on August

890

00:43:34,279 --> 00:43:31,410

3rd and he didn't really have any

891

00:43:37,640 --> 00:43:34,289

answers for me he did a complete ent

892

00:43:41,569 --> 00:43:37,650

exam endoscopically checking my throat

893

00:43:44,359 --> 00:43:41,579

checking my sinus passages for polyps

894

00:43:47,630 --> 00:43:44,369

and you know the whole gamut of an ENT

895

00:43:50,089 --> 00:43:47,640

exam he said I don't really have any

896

00:43:53,259 --> 00:43:50,099

answers for you but he said has anyone

897

00:43:56,930 --> 00:43:53,269

ever mentioned to use Sjogren's and

898

00:44:00,289 --> 00:43:56,940

Sjogren's disease is another autoimmune

899

00:44:04,759 --> 00:44:00,299

disease and one of its main symptoms is

900

00:44:08,269 --> 00:44:04,769

dry mouth so he sent me back to my

901  
00:44:11,599 --> 00:44:08,279  
primary care doctor with a list of blood

902  
00:44:14,630 --> 00:44:11,609  
tests to do and it was the Sjogren's

903  
00:44:17,900 --> 00:44:14,640  
test that does several anti-nuclear

904  
00:44:21,049 --> 00:44:17,910  
antibody testing for quite a few

905  
00:44:24,020 --> 00:44:21,059  
different autoimmune diseases and the

906  
00:44:29,840 --> 00:44:24,030  
one that showed up with lupus

907  
00:44:34,840 --> 00:44:29,850  
a value of 10 is definitive my value was

908  
00:44:38,750 --> 00:44:34,850  
28 really extreme case of lupus and

909  
00:44:41,060 --> 00:44:38,760  
that's when we started a research into

910  
00:44:43,460 --> 00:44:41,070  
what lupus was and it affects everybody

911  
00:44:46,760 --> 00:44:43,470  
differently and it can infect all organ

912  
00:44:48,890 --> 00:44:46,770  
systems and I can explain that to keep

913  
00:44:51,830 --> 00:44:48,900

going to that I can explain everything

914

00:44:55,970 --> 00:44:51,840

go ahead so it gave me a starting point

915

00:45:00,100 --> 00:44:55,980

I knew what was wrong but they send you

916

00:45:02,920 --> 00:45:00,110

to a Rheumatologist if you have livers

917

00:45:05,600 --> 00:45:02,930

so it's put under the umbrella of

918

00:45:09,740 --> 00:45:05,610

Rheumatology which is joints and

919

00:45:13,250 --> 00:45:09,750

arthritis right right and everybody that

920

00:45:16,370 --> 00:45:13,260

is in Lyme world will understand the

921

00:45:20,140 --> 00:45:16,380

meaning of that instantaneously because

922

00:45:24,650 --> 00:45:20,150

the CDC has committed a crime in

923

00:45:28,640 --> 00:45:24,660

defining Lyme as just Borrelia and just

924

00:45:30,710 --> 00:45:28,650

a swollen knee they're calling it lupus

925

00:45:33,470 --> 00:45:30,720

they're calling MS they're calling

926  
00:45:36,290 --> 00:45:33,480  
Alzheimer's are calling fibromyalgia and

927  
00:45:38,450 --> 00:45:36,300  
all of these are emerging diseases none

928  
00:45:41,750 --> 00:45:38,460  
of these diseases existed in my

929  
00:45:45,650 --> 00:45:41,760  
grandparents day and during all of our

930  
00:45:48,890 --> 00:45:45,660  
research we discovered the connection to

931  
00:45:52,160 --> 00:45:48,900  
Lyme disease once you hear Lyme and

932  
00:45:56,680 --> 00:45:52,170  
start researching Lyme you find YouTube

933  
00:45:59,420 --> 00:45:56,690  
after YouTube we found dr. Alan McDonald

934  
00:46:02,480 --> 00:45:59,430  
YouTube is just full of videos about

935  
00:46:05,210 --> 00:46:02,490  
Lyme disease the stellar ones are Lida

936  
00:46:07,430 --> 00:46:05,220  
Mad Men the world's foremost expert on

937  
00:46:09,260 --> 00:46:07,440  
spirochetes but then there's a whole

938  
00:46:11,750 --> 00:46:09,270

bunch of people in the veterinary

939

00:46:14,510 --> 00:46:11,760

community because literally the bets are

940

00:46:16,790 --> 00:46:14,520

coming down with Lyme and they're scared

941

00:46:18,680 --> 00:46:16,800

and if I said the word scared to death

942

00:46:21,620 --> 00:46:18,690

it's like yeah and they're even dying

943

00:46:23,990 --> 00:46:21,630

from it so if I can just interject here

944

00:46:27,140 --> 00:46:24,000

at a moment on that one of the things

945

00:46:30,610 --> 00:46:27,150

that set us off was

946

00:46:35,270 --> 00:46:30,620

and that was diagnosed clinically with

947

00:46:37,730 --> 00:46:35,280

anti-dna antibodies and I go how the

948

00:46:40,030 --> 00:46:37,740

hell can that be so we started looking

949

00:46:41,300 --> 00:46:40,040

at it and what I want to offer to you

950

00:46:43,640 --> 00:46:41,310

Greg

951  
00:46:46,490 --> 00:46:43,650  
and your listeners is if anybody needs

952  
00:46:49,550 --> 00:46:46,500  
supporting material of course I did a

953  
00:46:52,090 --> 00:46:49,560  
YouTube on this called revolution but if

954  
00:46:53,300 --> 00:46:52,100  
you need it in print if you need

955  
00:46:56,000 --> 00:46:53,310  
citations

956  
00:46:59,360 --> 00:46:56,010  
I will provide them to anybody that asks

957  
00:47:02,770 --> 00:46:59,370  
but we found the actual smoking gun

958  
00:47:05,410 --> 00:47:02,780  
clinical evidence that number one the

959  
00:47:07,250 --> 00:47:05,420  
antidepressants and anti-anxiety s were

960  
00:47:10,010 --> 00:47:07,260  
immunosuppressant that means that she

961  
00:47:12,830 --> 00:47:10,020  
was smoldering with this disease for who

962  
00:47:16,130 --> 00:47:12,840  
knows how long she had always had it but

963  
00:47:18,800 --> 00:47:16,140

it never manifested physically and then

964

00:47:21,920 --> 00:47:18,810

he come up to the fact that it was an

965

00:47:24,380 --> 00:47:21,930

autoimmune condition and anti DNA

966

00:47:28,520 --> 00:47:24,390

antibody and we happened to destroy

967

00:47:33,200 --> 00:47:28,530

these myths because you can't be immune

968

00:47:36,590 --> 00:47:33,210

to your own DNA hmm so when you find out

969

00:47:41,480 --> 00:47:36,600

that that is set in stone it's like then

970

00:47:45,920 --> 00:47:41,490

what DNA has this antibody been formed

971

00:47:48,200 --> 00:47:45,930

to and that's a very pregnant question

972

00:47:51,020 --> 00:47:48,210

because we are being injected with

973

00:47:54,530 --> 00:47:51,030

vaccines that have freeform DNA and RNA

974

00:47:57,020 --> 00:47:54,540

from countless organisms right

975

00:48:00,110 --> 00:47:57,030

it can't be filtered out it will always

976  
00:48:04,460 --> 00:48:00,120  
be in there so we're the antibodies from

977  
00:48:07,610 --> 00:48:04,470  
a vaccine or were they provoked by a

978  
00:48:10,760 --> 00:48:07,620  
tick bite and all the sequela that

979  
00:48:13,340 --> 00:48:10,770  
happens from that you can't be immune to

980  
00:48:17,810 --> 00:48:13,350  
your own DNA and one of the reasons is

981  
00:48:21,320 --> 00:48:17,820  
because these antibodies can't get into

982  
00:48:24,130 --> 00:48:21,330  
your own cell so if they can't get into

983  
00:48:27,440 --> 00:48:24,140  
your own cells and how can you call

984  
00:48:29,510 --> 00:48:27,450  
auto-immunity because the antibodies

985  
00:48:32,300 --> 00:48:29,520  
would have to grab onto something and

986  
00:48:34,460 --> 00:48:32,310  
invite white blood cells or even red

987  
00:48:36,920 --> 00:48:34,470  
blood cells because they're voracious to

988  
00:48:39,650 --> 00:48:36,930

destroy it and so where is this

989

00:48:40,839 --> 00:48:39,660

destruction happening and why well this

990

00:48:44,799 --> 00:48:40,849

is the amazed

991

00:48:48,210 --> 00:48:44,809

part is when we went looking at lupus

992

00:48:51,099 --> 00:48:48,220

the first place that I went to was my

993

00:48:54,249 --> 00:48:51,109

pathophysiology book by Wilson and price

994

00:48:56,979 --> 00:48:54,259

that takes us all the way back to 2008

995

00:48:59,680 --> 00:48:56,989

that was the catalyst for me

996

00:49:02,819 --> 00:48:59,690

understanding serum sickness so this

997

00:49:07,539 --> 00:49:02,829

very book that started my media career

998

00:49:10,560 --> 00:49:07,549

10 years ago brought a full circle from

999

00:49:14,790 --> 00:49:10,570

lupus to Lyme

1000

00:49:18,810 --> 00:49:14,800

and it showed us that the process of

1001  
00:49:20,820 --> 00:49:18,820  
destruction in autoimmunity is exactly

1002  
00:49:23,340 --> 00:49:20,830  
what is serum sickness they are

1003  
00:49:24,780 --> 00:49:23,350  
circulating immune complexes and you

1004  
00:49:28,290 --> 00:49:24,790  
know I'm using big language with

1005  
00:49:29,880 --> 00:49:28,300  
breakdown it would be an antigen which

1006  
00:49:31,950 --> 00:49:29,890  
means against life something that

1007  
00:49:34,110 --> 00:49:31,960  
doesn't belong in your body and an

1008  
00:49:38,610 --> 00:49:34,120  
antibody which is something that is

1009  
00:49:43,840 --> 00:49:38,620  
created by your body to bind to that so

1010  
00:49:45,670 --> 00:49:43,850  
that it can be broken down and excreted

1011  
00:49:48,490 --> 00:49:45,680  
they're not breaking down they're

1012  
00:49:50,470 --> 00:49:48,500  
actually sticking on to cells and then

1013  
00:49:52,600 --> 00:49:50,480

the body comes by and goes oh look at

1014

00:49:54,910 --> 00:49:52,610

that mess I better burn that out the

1015

00:49:57,550 --> 00:49:54,920

body has only one trick and it's the

1016

00:49:59,620 --> 00:49:57,560

burst oxygen it's tough so when it

1017

00:50:01,930 --> 00:49:59,630

bursts oxygen at this thing that it says

1018

00:50:04,420 --> 00:50:01,940

you don't belong here you can have

1019

00:50:07,810 --> 00:50:04,430

collateral damage and so then you get

1020

00:50:11,860 --> 00:50:07,820

tissue damage so a lot of people with

1021

00:50:13,510 --> 00:50:11,870

lupus have lupus nephritis well that's

1022

00:50:16,570 --> 00:50:13,520

cause because you've got these

1023

00:50:19,990 --> 00:50:16,580

circulating immune complexes embedded in

1024

00:50:21,910 --> 00:50:20,000

your kidney tubules your immune system

1025

00:50:24,130 --> 00:50:21,920

goes hey that doesn't belong there and

1026

00:50:25,780 --> 00:50:24,140

it starts just shooting at random and

1027

00:50:28,840 --> 00:50:25,790

next thing you know your kidneys are

1028

00:50:31,510 --> 00:50:28,850

destroyed so we have just right now

1029

00:50:34,000 --> 00:50:31,520

destroyed a bunch of myth but this is

1030

00:50:37,120 --> 00:50:34,010

how we deconstructed the connection with

1031

00:50:38,870 --> 00:50:37,130

lupus and lime from my pathophysiology

1032

00:50:42,950 --> 00:50:38,880

book

1033

00:50:46,490 --> 00:50:42,960

it says of the 11 things that you can

1034

00:50:49,670 --> 00:50:46,500

tell whether or not you got Lyme that it

1035

00:50:53,710 --> 00:50:49,680

is an immunological disorder a positive

1036

00:50:59,240 --> 00:50:53,720

lupus erythematosus le cell test a

1037

00:51:03,640 --> 00:50:59,250

positive anti DNA test an anti FM test

1038

00:51:09,370 --> 00:51:03,650

or here we go a false positive

1039

00:51:13,280 --> 00:51:09,380

serological tests for syphilis that

1040

00:51:15,830 --> 00:51:13,290

single sentence is what put us on the

1041

00:51:19,040 --> 00:51:15,840

road bear in mind we're talking about

1042

00:51:23,240 --> 00:51:19,050

lupus and that was clinically diagnosed

1043

00:51:25,490 --> 00:51:23,250

as having anti-dna antibodies so she met

1044

00:51:27,890 --> 00:51:25,500

the criteria they were calling it lupus

1045

00:51:28,760 --> 00:51:27,900

but if you can get a false test for

1046

00:51:35,150 --> 00:51:28,770

syphilis

1047

00:51:37,280 --> 00:51:35,160

is Borrelia falsely labeled as line

1048

00:51:40,160 --> 00:51:37,290

because lyme can be like eleven

1049

00:51:43,310 --> 00:51:40,170

different things Borrelia is a

1050

00:51:46,490 --> 00:51:43,320

spirochete that put us on the trail and

1051  
00:51:49,280 --> 00:51:46,500  
then here we go this is what annette has

1052  
00:51:53,330 --> 00:51:49,290  
been leading up to

1053  
00:51:55,850 --> 00:51:53,340  
they have diseases that have names and

1054  
00:51:58,370 --> 00:51:55,860  
when you look up those diseases that go

1055  
00:52:00,800 --> 00:51:58,380  
well this is the disease this is how it

1056  
00:52:04,130 --> 00:52:00,810  
progresses but we don't know what causes

1057  
00:52:06,890 --> 00:52:04,140  
it why because they're covering up for a

1058  
00:52:10,070 --> 00:52:06,900  
world war two bio weapon it's a cover-up

1059  
00:52:12,140 --> 00:52:10,080  
this is a military operation so when you

1060  
00:52:13,940 --> 00:52:12,150  
have things and let me do the laundry

1061  
00:52:18,630 --> 00:52:13,950  
list for you I'll do it really quick

1062  
00:52:21,780 --> 00:52:18,640  
I'll tell you what comes in tick spit

1063  
00:52:25,310 --> 00:52:21,790

this comes from like we said earlier the

1064

00:52:28,290 --> 00:52:25,320

filarial worms that are the taxis for

1065

00:52:32,820 --> 00:52:28,300

Borrelia which are spirochetes which

1066

00:52:34,740 --> 00:52:32,830

that's the same file of syphilis then

1067

00:52:37,560 --> 00:52:34,750

you have Bartonella which is cat scratch

1068

00:52:40,500 --> 00:52:37,570

fever that can get into your red blood

1069

00:52:43,680 --> 00:52:40,510

cells and it eats collagen and it makes

1070

00:52:46,950 --> 00:52:43,690

biofilm then what I call northern

1071

00:52:49,020 --> 00:52:46,960

malaria of Babesia because you know you

1072

00:52:50,910 --> 00:52:49,030

got your tropical malaria and everybody

1073

00:52:52,470 --> 00:52:50,920

knows that you know you get the shivers

1074

00:52:54,030 --> 00:52:52,480

and shakes and you got to take quinine

1075

00:52:56,310 --> 00:52:54,040

intercepting and you know you never

1076  
00:52:58,890 --> 00:52:56,320  
really get over it gracefully you might

1077  
00:53:01,500 --> 00:52:58,900  
die from it that can infect red blood

1078  
00:53:02,970 --> 00:53:01,510  
cells and if you take the magnesium that

1079  
00:53:05,340 --> 00:53:02,980  
people are pushing like used-car

1080  
00:53:08,490 --> 00:53:05,350  
salesmen and you get night sweats at

1081  
00:53:11,340 --> 00:53:08,500  
night you might have Babesia so this

1082  
00:53:14,130 --> 00:53:11,350  
stuff crosses over on so many threshold

1083  
00:53:16,740 --> 00:53:14,140  
and hold on because I'm making a point

1084  
00:53:19,170 --> 00:53:16,750  
with this also in ticks that you can add

1085  
00:53:21,810 --> 00:53:19,180  
air Licio which is a Rickettsia and a

1086  
00:53:23,940 --> 00:53:21,820  
plasma that's a bacteria and that you

1087  
00:53:25,530 --> 00:53:23,950  
can just get from eating hamburger that

1088  
00:53:28,200 --> 00:53:25,540

they sell in north america that came

1089

00:53:30,720 --> 00:53:28,210

from south america and along with all

1090

00:53:33,420 --> 00:53:30,730

this stuff this is tics bit so it's

1091

00:53:35,790 --> 00:53:33,430

indiscriminate if drawing out your blood

1092

00:53:37,020 --> 00:53:35,800

and it's fitting into IVA along with

1093

00:53:40,200 --> 00:53:37,030

epstein-barr virus

1094

00:53:43,170 --> 00:53:40,210

cytomegalovirus hhv-6 and eight which

1095

00:53:46,380 --> 00:53:43,180

are called roseola and God knows what

1096

00:53:48,420 --> 00:53:46,390

else so the list can go on forever but

1097

00:53:51,330 --> 00:53:48,430

the thing that is is back in the day

1098

00:53:53,730 --> 00:53:51,340

when they were labeling and trying to

1099

00:53:56,630 --> 00:53:53,740

understand syphilis they called it the

1100

00:54:00,200 --> 00:53:56,640

great imitator because the symptoms

1101  
00:54:04,350 --> 00:54:00,210  
appeared to be like other diseases

1102  
00:54:07,680 --> 00:54:04,360  
they're calling Lyme and only

1103  
00:54:10,440 --> 00:54:07,690  
implicating the spirochete Borrelia the

1104  
00:54:12,240 --> 00:54:10,450  
great imitator which of course and here

1105  
00:54:14,340 --> 00:54:12,250  
we go again Greg this is one of the

1106  
00:54:16,200 --> 00:54:14,350  
biggest scoops in medicine and

1107  
00:54:19,650 --> 00:54:16,210  
alternative medicine that's one of the

1108  
00:54:21,480 --> 00:54:19,660  
biggest lies going because it's not just

1109  
00:54:23,910 --> 00:54:21,490  
Borrelia

1110  
00:54:26,099 --> 00:54:23,920  
I just gave you a handful of diseases

1111  
00:54:28,740 --> 00:54:26,109  
literal diseases that come in with ticks

1112  
00:54:32,069 --> 00:54:28,750  
that and every one of them causes a

1113  
00:54:34,589 --> 00:54:32,079

discrete physiological disruption of the

1114

00:54:36,780 --> 00:54:34,599

body so everything they're saying well

1115

00:54:38,910 --> 00:54:36,790

here's your disease here's the name and

1116

00:54:40,799 --> 00:54:38,920

we don't know what causes it is because

1117

00:54:43,380 --> 00:54:40,809

it's a cover-up they know exactly what

1118

00:54:46,380 --> 00:54:43,390

causes it and they don't want you to

1119

00:54:48,870 --> 00:54:46,390

know and so Lyme is not the great

1120

00:54:51,180 --> 00:54:48,880

imitator line is the great cover-up

1121

00:54:54,089 --> 00:54:51,190

because their labeling only Borrelia

1122

00:54:57,559 --> 00:54:54,099

ignoring everything else and all these

1123

00:55:01,140 --> 00:54:57,569

modern diseases can be tracked back to

1124

00:55:03,960 --> 00:55:01,150

not just a tick bite so here's the other

1125

00:55:08,640 --> 00:55:03,970

big thing there's overwhelming evidence

1126

00:55:11,520 --> 00:55:08,650

that anybody that has Lyme is now a

1127

00:55:14,520 --> 00:55:11,530

carrier and you can transmit it by any

1128

00:55:17,400 --> 00:55:14,530

body fluid any body fluid it is a

1129

00:55:19,260 --> 00:55:17,410

communicable disease and so the figures

1130

00:55:21,000 --> 00:55:19,270

that you guys were talking about earlier

1131

00:55:24,059 --> 00:55:21,010

where it could be upwards of nine

1132

00:55:27,000 --> 00:55:24,069

hundred thousand people a year showing

1133

00:55:29,250 --> 00:55:27,010

up with this condition let's just round

1134

00:55:34,589 --> 00:55:29,260

it up to a million or more mm-hmm

1135

00:55:36,660 --> 00:55:34,599

it is a contagious military weapon right

1136

00:55:39,000 --> 00:55:36,670

and so I did want to talk about that a

1137

00:55:41,099 --> 00:55:39,010

little bit because the conspiracy is

1138

00:55:45,359 --> 00:55:41,109

that Lyme disease came from the

1139

00:55:46,559 --> 00:55:45,369

bioweapons lab on Plum Island and I just

1140

00:55:47,970 --> 00:55:46,569

wanted to talk about that a little more

1141

00:55:49,980 --> 00:55:47,980

before we get into the second half of

1142

00:55:52,079 --> 00:55:49,990

the show but Annette you sent me a

1143

00:55:54,450 --> 00:55:52,089

little video regarding this connection

1144

00:55:56,609 --> 00:55:54,460

between the Plum Island facility and

1145

00:56:00,390 --> 00:55:56,619

Lyme and it they talked about a few

1146

00:56:02,940 --> 00:56:00,400

things first the initial case can be

1147

00:56:04,890 --> 00:56:02,950

tracked to a tick bite in the woods

1148

00:56:06,980 --> 00:56:04,900

right on the other side of the coast

1149

00:56:10,260 --> 00:56:06,990

just nine miles from the facility so

1150

00:56:12,450 --> 00:56:10,270

proximity is in play but 90% of the

1151  
00:56:15,660 --> 00:56:12,460  
cases are from States in the New England

1152  
00:56:18,690 --> 00:56:15,670  
area the history of Plum Island bio

1153  
00:56:19,859 --> 00:56:18,700  
warfare goes back to World War Two and

1154  
00:56:21,690 --> 00:56:19,869  
Project Paperclip

1155  
00:56:23,819 --> 00:56:21,700  
there have been whistleblowers

1156  
00:56:26,839 --> 00:56:23,829  
scientists that have said yes we release

1157  
00:56:30,720 --> 00:56:26,849  
some altered ticks into the wild and

1158  
00:56:32,940 --> 00:56:30,730  
also apparently 60% of chronic Lyme

1159  
00:56:35,250 --> 00:56:32,950  
patients are also infected with several

1160  
00:56:38,630 --> 00:56:35,260  
strains of something called mycoplasma

1161  
00:56:41,490 --> 00:56:38,640  
ESMA including a strain of micro plasma

1162  
00:56:43,950 --> 00:56:41,500  
ferment ants or something like that but

1163  
00:56:47,400 --> 00:56:43,960

if you look that up its patented by the

1164

00:56:49,890 --> 00:56:47,410

US Army apparently so there are a lot of

1165

00:56:51,750 --> 00:56:49,900

leads that suggest this isn't natural

1166

00:56:54,090 --> 00:56:51,760

but okay people might be listening to

1167

00:56:55,620 --> 00:56:54,100

say well yeah I mean it looks like a lot

1168

00:56:56,790 --> 00:56:55,630

of bad things can happen from a tick

1169

00:56:59,250 --> 00:56:56,800

bite but what are you supposed to do

1170

00:57:00,990 --> 00:56:59,260

ticks are out there can we make a bit

1171

00:57:02,370 --> 00:57:01,000

there anything else to say to make the

1172

00:57:05,630 --> 00:57:02,380

case that this isn't just something

1173

00:57:09,600 --> 00:57:05,640

that's in natural ticks pit that this is

1174

00:57:12,180 --> 00:57:09,610

engineered let's take a look at just the

1175

00:57:15,660 --> 00:57:12,190

spirochete because that's what everybody

1176  
00:57:18,060 --> 00:57:15,670  
focuses on so they say okay Borrelia is

1177  
00:57:21,330 --> 00:57:18,070  
a spirochete just like syphilis and it's

1178  
00:57:24,990 --> 00:57:21,340  
like really okay let's take a look at

1179  
00:57:28,110 --> 00:57:25,000  
what's called the homology which means

1180  
00:57:32,730 --> 00:57:28,120  
what is similar in the genetic makeup of

1181  
00:57:34,530 --> 00:57:32,740  
syphilis compared to Borrelia and so

1182  
00:57:37,410 --> 00:57:34,540  
there's weird things going on in

1183  
00:57:41,100 --> 00:57:37,420  
bacteria they can have a nucleus where

1184  
00:57:45,360 --> 00:57:41,110  
typically the DNA is stored and the

1185  
00:57:48,540 --> 00:57:45,370  
nuclear DNA of Borrelia has only 46

1186  
00:57:51,900 --> 00:57:48,550  
percent homology with syphilis so it's

1187  
00:57:54,300 --> 00:57:51,910  
not even halfway like it okay that

1188  
00:57:56,340 --> 00:57:54,310

brings up a red flag to begin with but

1189

00:58:01,130 --> 00:57:56,350

the thing that puts it over the edge is

1190

00:58:03,900 --> 00:58:01,140

this crazy critter has three membrane

1191

00:58:06,570 --> 00:58:03,910

basically I look at it as a blade of

1192

00:58:09,240 --> 00:58:06,580

armour so if I was going to create a bug

1193

00:58:12,060 --> 00:58:09,250

in the laboratory I would make it into

1194

00:58:14,850 --> 00:58:12,070

one tough little son of a gun and so

1195

00:58:18,990 --> 00:58:14,860

it's got three membranes protecting it

1196

00:58:21,990 --> 00:58:19,000

and then inside our plasmid so those are

1197

00:58:27,360 --> 00:58:22,000

circular DNA and those are highly

1198

00:58:30,930 --> 00:58:27,370

infectious and those things have 90% of

1199

00:58:35,730 --> 00:58:30,940

their genetic makeup that is comparable

1200

00:58:38,580 --> 00:58:35,740

to no other life form on the planet

1201  
00:58:42,810 --> 00:58:38,590  
and so a lot of the work that I do Greg

1202  
00:58:45,300 --> 00:58:42,820  
is synthesis and so without being able

1203  
00:58:47,370 --> 00:58:45,310  
to say oh yeah and there's a patent for

1204  
00:58:49,320 --> 00:58:47,380  
this tracing all the way back to Plum

1205  
00:58:52,320 --> 00:58:49,330  
Island where they made these plasmids

1206  
00:58:54,340 --> 00:58:52,330  
you know some smoking gun like that by

1207  
00:58:57,790 --> 00:58:54,350  
inference

1208  
00:59:00,340 --> 00:58:57,800  
when you have something so completely

1209  
00:59:04,360 --> 00:59:00,350  
poor and so completely unknown that 90%

1210  
00:59:06,670 --> 00:59:04,370  
of it doesn't even match any known life

1211  
00:59:09,760 --> 00:59:06,680  
form on the planet that just screams to

1212  
00:59:12,220 --> 00:59:09,770  
me of laboratory created bug and then

1213  
00:59:15,460 --> 00:59:12,230

before at midnight tonight if you order

1214

00:59:17,710 --> 00:59:15,470

now you also get fungal antigens that

1215

00:59:20,410 --> 00:59:17,720

are presented on the outer surface

1216

00:59:26,770 --> 00:59:20,420

proteins so the lime people will know

1217

00:59:30,400 --> 00:59:26,780

them as OSP off pay off Biasi what is

1218

00:59:32,590 --> 00:59:30,410

aid spirochetes so it's not technically

1219

00:59:35,860 --> 00:59:32,600

a bacteria it's lumped in with bacteria

1220

00:59:38,710 --> 00:59:35,870

but it's its own phyla what the heck is

1221

00:59:42,250 --> 00:59:38,720

that doing with fungal antigens on its

1222

00:59:47,440 --> 00:59:42,260

surface that to me speak of like the

1223

00:59:50,320 --> 00:59:47,450

most bristling armed bioweapon that

1224

00:59:53,820 --> 00:59:50,330

anybody could create in their wildest

1225

00:59:57,490 --> 00:59:53,830

imagination another large problem

1226

01:00:02,380 --> 00:59:57,500

listening to dr. McDonald there are over

1227

01:00:06,490 --> 01:00:02,390

a hundred varieties of brown it's a

1228

01:00:09,340 --> 01:00:06,500

worldwide health problem cause it's

1229

01:00:11,890 --> 01:00:09,350

kinda Keable tape sitting at God the

1230

01:00:14,140 --> 01:00:11,900

equation if you kiss a pretty girl if

1231

01:00:16,690 --> 01:00:14,150

you have sex if you get a blood

1232

01:00:20,680 --> 01:00:16,700

transfusion if somebody sneezes on you

1233

01:00:24,280 --> 01:00:20,690

sweats on you whatever you can get Lyme

1234

01:00:26,950 --> 01:00:24,290

hmm yeah dr. McDonald I've watched

1235

01:00:31,450 --> 01:00:26,960

numerous of his lectures and he has one

1236

01:00:35,020 --> 01:00:31,460

in the UK because in the UK there are

1237

01:00:37,450 --> 01:00:35,030

health clinics and people go to these

1238

01:00:40,680 --> 01:00:37,460

clinics and there are signs in the

1239

01:00:44,440 --> 01:00:40,690

window saying if you are here for a Lyme

1240

01:00:48,920 --> 01:00:44,450

diagnosis go elsewhere we do not know

1241

01:00:51,530 --> 01:00:48,930

enough about the disease to assist you

1242

01:00:54,050 --> 01:00:51,540

and let's destroy that because I'm a

1243

01:00:56,300 --> 01:00:54,060

farm boy and that is a high school

1244

01:00:59,210 --> 01:00:56,310

graduate and look at what we've done and

1245

01:01:01,760 --> 01:00:59,220

you tell me a doctor that's their chosen

1246

01:01:04,220 --> 01:01:01,770

profession they've got all of the power

1247

01:01:06,320 --> 01:01:04,230

of science behind them and they're

1248

01:01:08,390 --> 01:01:06,330

pushing people away that means they're

1249

01:01:12,380 --> 01:01:08,400

covering up for a bio weapon that they

1250

01:01:14,480 --> 01:01:12,390

do not want exposed right that's

1251  
01:01:16,700 --> 01:01:14,490  
something that comes up a lot for me too

1252  
01:01:19,310 --> 01:01:16,710  
is I ask a lot of guests like hey I mean

1253  
01:01:21,320 --> 01:01:19,320  
if you know this how can we say the

1254  
01:01:23,180 --> 01:01:21,330  
system is ignorant there's just no way

1255  
01:01:26,210 --> 01:01:23,190  
and that's kind of across the board with

1256  
01:01:28,490 --> 01:01:26,220  
GMOs gllice of fate all kinds of issues

1257  
01:01:30,170 --> 01:01:28,500  
it's like if these researchers are able

1258  
01:01:32,150 --> 01:01:30,180  
to put it together you think Monsanto

1259  
01:01:34,060 --> 01:01:32,160  
doesn't know you think they're ignorant

1260  
01:01:36,770 --> 01:01:34,070  
of what's going on I mean we get exactly

1261  
01:01:38,510 --> 01:01:36,780  
what they want us to have that's the

1262  
01:01:40,250 --> 01:01:38,520  
same with the school system it doesn't

1263  
01:01:42,470 --> 01:01:40,260

just suck because nobody has good ideas

1264

01:01:45,110 --> 01:01:42,480

it sucks because they want it to suck

1265

01:01:47,390 --> 01:01:45,120

and the other only other thing I wanted

1266

01:01:50,780 --> 01:01:47,400

to say is with the net story that

1267

01:01:52,430 --> 01:01:50,790

component that they refused to give the

1268

01:01:55,160 --> 01:01:52,440

test they didn't want to give the test

1269

01:01:56,990 --> 01:01:55,170

that comes up time and time again a net

1270

01:01:59,360 --> 01:01:57,000

you recommended I watch this documentary

1271

01:02:01,610 --> 01:01:59,370

about Lyme victims called under our skin

1272

01:02:04,220 --> 01:02:01,620

it is free on Amazon Prime and that

1273

01:02:06,920 --> 01:02:04,230

seems to be a part of most of these

1274

01:02:08,900 --> 01:02:06,930

victims stories doctors don't want to

1275

01:02:11,600 --> 01:02:08,910

give the tests or they tell people that

1276

01:02:13,940 --> 01:02:11,610

they're crazy or that they're faking for

1277

01:02:17,210 --> 01:02:13,950

attention and it's just deny deny deny

1278

01:02:19,190 --> 01:02:17,220

and so I don't know if a government lab

1279

01:02:21,740 --> 01:02:19,200

is responsible in the end but the

1280

01:02:23,690 --> 01:02:21,750

medical system sure acts like it's got

1281

01:02:25,730 --> 01:02:23,700

something to hide here why not just test

1282

01:02:28,340 --> 01:02:25,740

and diagnose like anything else clearly

1283

01:02:31,250 --> 01:02:28,350

there's some reason they don't want us

1284

01:02:34,010 --> 01:02:31,260

to look at Lyme well I was pushed away

1285

01:02:37,160 --> 01:02:34,020

from getting additional doctors to help

1286

01:02:39,770 --> 01:02:37,170

me I was in the Sutter system here in

1287

01:02:41,320 --> 01:02:39,780

California that was what my insurance

1288

01:02:43,810 --> 01:02:41,330

covered

1289

01:02:45,370 --> 01:02:43,820

and they wanted to send me to a

1290

01:02:48,610 --> 01:02:45,380

Rheumatologist

1291

01:02:50,530 --> 01:02:48,620

there was only one rheumatologist in the

1292

01:02:53,740 --> 01:02:50,540

Sutter system accepting new patients

1293

01:02:57,040 --> 01:02:53,750

he's 71 years old and he would not

1294

01:02:59,320 --> 01:02:57,050

accept me as a patient I mentioned lime

1295

01:03:02,320 --> 01:02:59,330

and so my doctor said well let me send

1296

01:03:04,120 --> 01:03:02,330

you to an infectious disease doctor none

1297

01:03:06,220 --> 01:03:04,130

of the doctors would accept me as a

1298

01:03:09,070 --> 01:03:06,230

patient because they didn't know enough

1299

01:03:13,270 --> 01:03:09,080

about lime to help me you need a lime

1300

01:03:15,070 --> 01:03:13,280

literate doctor and I was given a list

1301

01:03:19,660 --> 01:03:15,080

of those and they're all so far away

1302

01:03:21,430 --> 01:03:19,670

it's just too far away to go and they're

1303

01:03:23,440 --> 01:03:21,440

being attacked as well according to this

1304

01:03:25,060 --> 01:03:23,450

documentary and it's coming from the

1305

01:03:26,830 --> 01:03:25,070

insurance companies because the

1306

01:03:29,590 --> 01:03:26,840

insurance companies control which

1307

01:03:32,260 --> 01:03:29,600

doctors we see so if they quarantine

1308

01:03:33,970 --> 01:03:32,270

away Lyme literate doctors who are like

1309

01:03:36,220 --> 01:03:33,980

hey we need to treat this and instead

1310

01:03:38,230 --> 01:03:36,230

they go with doctors who say oh it's

1311

01:03:40,150 --> 01:03:38,240

either one of these other things it's

1312

01:03:42,760 --> 01:03:40,160

going to be very expensive lifelong

1313

01:03:45,910 --> 01:03:42,770

treatments that's what the doctors in

1314

01:03:47,830 --> 01:03:45,920

Big Pharma wants but the insurance

1315

01:03:49,510 --> 01:03:47,840

companies they want these doctors to say

1316

01:03:52,270 --> 01:03:49,520

oh don't worry about it because the

1317

01:03:53,320 --> 01:03:52,280

cheaper the doctor the more likely

1318

01:03:55,810 --> 01:03:53,330

they're going to be in that insurance

1319

01:04:00,190 --> 01:03:55,820

Network and that's a dirty trick thank

1320

01:04:02,650 --> 01:04:00,200

capitalism for that man so we really did

1321

01:04:06,240 --> 01:04:02,660

cover just a great deal of things today

1322

01:04:09,580 --> 01:04:06,250

surrounding Lyme autoimmune issues

1323

01:04:12,370 --> 01:04:09,590

antidepressants antibiotics antioxidants

1324

01:04:14,680 --> 01:04:12,380

is there any other information to throw

1325

01:04:16,710 --> 01:04:14,690

out there for people to kind of bring it

1326

01:04:19,330 --> 01:04:16,720

all full circle and take us home

1327

01:04:21,460 --> 01:04:19,340

there's so much more to talk about it's

1328

01:04:24,400 --> 01:04:21,470

going to need another show we'd even get

1329

01:04:27,720 --> 01:04:24,410

into the infectious disease Society of

1330

01:04:31,630 --> 01:04:27,730

America and all of the harm they've done

1331

01:04:35,020 --> 01:04:31,640

there was 14 doctors on a panel that

1332

01:04:40,090 --> 01:04:35,030

made the rules for treatment of Lyme

1333

01:04:43,360 --> 01:04:40,100

disease they missed one time and kind of

1334

01:04:46,390 --> 01:04:43,370

disbanded but they found that nine of

1335

01:04:49,090 --> 01:04:46,400

them are making money off of the Lyme

1336

01:04:53,920 --> 01:04:49,100

issue they're working for the insurance

1337

01:04:57,190 --> 01:04:53,930

agencies to prevent long-term treatment

1338

01:05:01,200 --> 01:04:57,200

in the documentary under our skin it

1339

01:05:05,500 --> 01:05:01,210

takes three years of doxycycline

1340

01:05:08,140 --> 01:05:05,510

treatment with a PICC line in place to

1341

01:05:10,000 --> 01:05:08,150

get any result if you watch the

1342

01:05:11,859 --> 01:05:10,010

documentary those couple of people they

1343

01:05:13,720 --> 01:05:11,869

were on those antibiotics for three

1344

01:05:14,740 --> 01:05:13,730

years before they started feeling better

1345

01:05:16,420 --> 01:05:14,750

hmm

1346

01:05:19,210 --> 01:05:16,430

and the people were the insurance

1347

01:05:23,140 --> 01:05:19,220

companies drop them because they said

1348

01:05:26,079 --> 01:05:23,150

that you shouldn't attend to 15-day

1349

01:05:27,940 --> 01:05:26,089

course should be enough when they know

1350

01:05:31,059 --> 01:05:27,950

that it takes over a year to treat

1351

01:05:34,750 --> 01:05:31,069

tuberculosis but they're trying to limit

1352

01:05:38,319 --> 01:05:34,760

treatment for Lyme disease and they're

1353

01:05:41,289 --> 01:05:38,329

making money in the process by working

1354

01:05:43,900 --> 01:05:41,299

for the insurance companies there used

1355

01:05:46,870 --> 01:05:43,910

to be a law where researchers shared

1356

01:05:48,279 --> 01:05:46,880

their information and there was 1980 law

1357

01:05:50,289 --> 01:05:48,289

that went into effect where they don't

1358

01:05:52,329 --> 01:05:50,299

longer had to share their information so

1359

01:05:55,089 --> 01:05:52,339

these researchers were making money off

1360

01:05:57,849 --> 01:05:55,099

of their research and they weren't

1361

01:05:59,620 --> 01:05:57,859

sharing it with other researchers right

1362

01:06:02,380 --> 01:05:59,630

I think that was when they decided you

1363

01:06:05,319 --> 01:06:02,390

could patent organisms right right it

1364

01:06:07,120 --> 01:06:05,329

was all in academia wouldn't it yes like

1365

01:06:09,400 --> 01:06:07,130

you know a big research institution at a

1366

01:06:11,349 --> 01:06:09,410

college yes so they were withholding

1367

01:06:14,380 --> 01:06:11,359

their research findings so they could

1368

01:06:17,099 --> 01:06:14,390

make money off of it and things like

1369

01:06:20,559 --> 01:06:17,109

treatment for a while it's just so

1370

01:06:22,630 --> 01:06:20,569

multi-faceted I've often wondered you

1371

01:06:25,630 --> 01:06:22,640

know after 9/11 what's the next big

1372

01:06:28,930 --> 01:06:25,640

thing the next big thing was already in

1373

01:06:31,569 --> 01:06:28,940

place and I think it's Lyme disease next

1374

01:06:33,849 --> 01:06:31,579

one so let me give a shout out to these

1375

01:06:39,069 --> 01:06:33,859

ladies that came up with the website

1376

01:06:41,410 --> 01:06:39,079

lime crime CR ym and they can give you

1377

01:06:44,319 --> 01:06:41,420

the entire social political background

1378

01:06:47,200 --> 01:06:44,329

on that I'm just going to echo what

1379

01:06:51,609 --> 01:06:47,210

Annette said is that we are facing the

1380

01:06:53,859 --> 01:06:51,619

greatest biological undeclared war that

1381

01:06:56,260 --> 01:06:53,869

I've ever seen because I've been at this

1382

01:06:59,289 --> 01:06:56,270

since the year 2000 I've never seen

1383

01:07:01,630 --> 01:06:59,299

anything like this but we have unmasked

1384

01:07:04,980 --> 01:07:01,640

it and if anybody wants to make history

1385

01:07:07,359 --> 01:07:04,990

by helping us find a solution to that

1386

01:07:09,640 --> 01:07:07,369

contactor um

1387

01:07:13,390 --> 01:07:09,650

we've provided you with links to all

1388

01:07:15,910 --> 01:07:13,400

these videos and various websites that

1389

01:07:18,279 --> 01:07:15,920

you can include in the show notes yes I

1390

01:07:20,859 --> 01:07:18,289

will and if we've left anything out let

1391

01:07:24,039 --> 01:07:20,869

us know and we will provide it perfect

1392

01:07:26,620 --> 01:07:24,049

and Patrick do remind the people just

1393

01:07:29,349 --> 01:07:26,630

real quick about your actual work your

1394

01:07:31,029 --> 01:07:29,359

website and your books just so they can

1395

01:07:33,099 --> 01:07:31,039

maybe get up to speed so they're even

1396

01:07:35,559 --> 01:07:33,109

able to jump in and start helping you

1397

01:07:39,519 --> 01:07:35,569

because you need this context the

1398

01:07:41,410 --> 01:07:39,529

website is vaccine fraud com it has all

1399

01:07:45,849 --> 01:07:41,420

the links of what you need to do to find

1400

01:07:49,029 --> 01:07:45,859

you know my previous book that ICD 9 9 9

1401

01:07:52,420 --> 01:07:49,039

is where this all started in 2008 and

1402

01:07:54,700 --> 01:07:52,430

here we are 10 years later going back to

1403

01:07:57,099 --> 01:07:54,710

the same source material and saying hey

1404

01:07:59,650 --> 01:07:57,109

we're back to serum sickness again and

1405

01:08:01,210 --> 01:07:59,660

so that is the best primer book because

1406

01:08:03,999 --> 01:08:01,220

everybody asked well what book should I

1407

01:08:07,029 --> 01:08:04,009

read ICD 9 9 9 will bring you up to

1408

01:08:08,890 --> 01:08:07,039

speed there's a link for my books on the

1409

01:08:11,380 --> 01:08:08,900

website and there's a bunch of other

1410

01:08:13,930 --> 01:08:11,390

stuff out there that will blow your mind

1411

01:08:18,760 --> 01:08:13,940

because the world is not what you were

1412

01:08:18,999 --> 01:08:18,770

told it was amen well said cheers to

1413

01:08:21,550 --> 01:08:19,009

that

1414

01:08:23,740 --> 01:08:21,560

and yes so many things we left on the

1415

01:08:28,269 --> 01:08:23,750

table we didn't even talk about our

1416

01:08:31,990 --> 01:08:28,279

water system also known as 50 years of

1417

01:08:34,689 --> 01:08:32,000

piss water and there's there's so much

1418

01:08:36,729 --> 01:08:34,699

there as well so we'll have to do this

1419

01:08:38,439 --> 01:08:36,739

again but very cool big thanks to both

1420

01:08:40,629 --> 01:08:38,449

of you I know it's a marathon session

1421

01:08:42,419 --> 01:08:40,639

around here but Annette I wish you the

1422

01:08:44,800 --> 01:08:42,429

best with your health and wellness

1423

01:08:47,110 --> 01:08:44,810

Patrick you're doing great stuff the

1424

01:08:49,300 --> 01:08:47,120

little red hands all you guys you know

1425

01:08:50,410 --> 01:08:49,310

keep it up it does mean a lot and I

1426

01:08:52,720 --> 01:08:50,420

think people are going to really

1427

01:08:56,729 --> 01:08:52,730

appreciate it so take care out there

1428

01:08:59,229 --> 01:08:56,739

thank you if anybody has any question

1429

01:09:04,660 --> 01:08:59,239

added in the comments and we'll be glad

1430

01:09:07,240 --> 01:09:04,670

to to respond sweet Umbrella Academy

1431

01:09:07,689 --> 01:09:07,250

chaos dear people what did you think of

1432

01:09:10,090 --> 01:09:07,699

that

1433

01:09:12,780 --> 01:09:10,100

Patrick Jordan and Annette the Little

1434

01:09:15,640 --> 01:09:12,790

Red Hen Wow

1435

01:09:18,370 --> 01:09:15,650

personally I think it's nice to get into

1436

01:09:20,090 --> 01:09:18,380

a medical show that isn't just about

1437

01:09:22,070 --> 01:09:20,100

vaccines or can

1438

01:09:24,349 --> 01:09:22,080

sir I know those things are referenced

1439

01:09:26,120 --> 01:09:24,359

and it is all in the suit but this one's

1440

01:09:29,260 --> 01:09:26,130

a little off the beaten path it's one of

1441

01:09:32,690 --> 01:09:29,270

those that I call a same but different

1442

01:09:35,030 --> 01:09:32,700

one of my favorite kind of shows and of

1443

01:09:36,980 --> 01:09:35,040

course I'm not really equipped to verify

1444

01:09:39,020 --> 01:09:36,990

a lot of these claims despite the

1445

01:09:42,230 --> 01:09:39,030

elevated pedestal some listeners might

1446

01:09:44,060 --> 01:09:42,240

put me on I'm just a guy I asked some

1447

01:09:46,730 --> 01:09:44,070

alright questions and I know I don't

1448

01:09:49,040 --> 01:09:46,740

trust the medical system I try to keep

1449

01:09:49,700 --> 01:09:49,050

as much distance from it as I can but

1450

01:09:52,610 --> 01:09:49,710

that's it

1451

01:09:55,640 --> 01:09:52,620

it's unfortunate that the CDC the FDA

1452

01:09:58,280 --> 01:09:55,650

the AMA all these corporations can't be

1453

01:10:00,860 --> 01:09:58,290

trusted because their credibility has

1454

01:10:04,010 --> 01:10:00,870

been completely compromised if they even

1455

01:10:06,800 --> 01:10:04,020

ever had any to begin with so we have to

1456

01:10:09,650 --> 01:10:06,810

go to a self-described farm boy for the

1457

01:10:12,170 --> 01:10:09,660

answers I don't know if he's 100% right

1458

01:10:14,300 --> 01:10:12,180

but I know he cares and his interest is

1459

01:10:14,780 --> 01:10:14,310

in helping people and getting to the

1460

01:10:16,910 --> 01:10:14,790

truth

1461

01:10:19,370 --> 01:10:16,920

he's not trying to make money off

1462

01:10:21,830 --> 01:10:19,380

anyone's illness like the Machine does I

1463

01:10:23,810 --> 01:10:21,840

mean he said some things that really

1464

01:10:27,590 --> 01:10:23,820

surprised me definitely in the Plus show

1465

01:10:30,230 --> 01:10:27,600

when we got into antioxidants but I feel

1466

01:10:33,290 --> 01:10:30,240

that he's good intentioned and what he

1467

01:10:35,090 --> 01:10:33,300

says makes intuitive sense to me but I

1468

01:10:38,480 --> 01:10:35,100

don't know how much my intuition is

1469

01:10:40,790 --> 01:10:38,490

really worth even we already know to

1470

01:10:42,560 --> 01:10:40,800

never take one person's word for it but

1471

01:10:44,720 --> 01:10:42,570

I hope you heard a few things that make

1472

01:10:47,360 --> 01:10:44,730

you want to dig even deeper on your own

1473

01:10:50,150 --> 01:10:47,370

and if you liked this one as much as I

1474

01:10:52,640 --> 01:10:50,160

would suspect I'm excited about getting

1475

01:10:54,860 --> 01:10:52,650

Patrick back on to talk about some of

1476

01:10:56,410 --> 01:10:54,870

those threads we left hanging like how

1477

01:10:59,630 --> 01:10:56,420

the elite are protecting themselves

1478

01:11:03,080 --> 01:10:59,640

which he said is detailed and complex

1479

01:11:06,140 --> 01:11:03,090

and therefore juicy as far as I'm

1480

01:11:08,530 --> 01:11:06,150

concerned I know Patrick considers a lot

1481

01:11:11,270 --> 01:11:08,540

of what we talked about today to be

1482

01:11:13,850 --> 01:11:11,280

revolutionary and paradigm shifting and

1483

01:11:15,740 --> 01:11:13,860

he's arrived at these conclusions not

1484

01:11:17,510 --> 01:11:15,750

only because he's been looking at this

1485

01:11:20,720 --> 01:11:17,520

work for many years and has written

1486

01:11:24,560 --> 01:11:20,730

several books but the revelations came

1487

01:11:26,660 --> 01:11:24,570

through Annette and her experiences so

1488

01:11:30,200 --> 01:11:26,670

as Patrick says we really do have her to

1489

01:11:32,300 --> 01:11:30,210

thank I find it all fascinating and as I

1490

01:11:34,330 --> 01:11:32,310

said I'm obviously skeptical the medical

1491

01:11:36,920 --> 01:11:34,340

machine surprise surprise

1492

01:11:40,010 --> 01:11:36,930

conspiracy host doesn't trust Authority

1493

01:11:42,979 --> 01:11:40,020

and I don't know exactly how far back

1494

01:11:44,810 --> 01:11:42,989

the nefariousness of it goes but Patrick

1495

01:11:47,060 --> 01:11:44,820

has blown my mind more than a few times

1496

01:11:51,229 --> 01:11:47,070

with his boldness in that regard

1497

01:11:53,060 --> 01:11:51,239

and it's very dark that's true but it's

1498

01:11:55,190 --> 01:11:53,070

hard to reach a level of darkness that

1499

01:11:57,590 --> 01:11:55,200

surprises me anymore I've heard it all I

1500

01:12:00,380 --> 01:11:57,600

don't put anything past big farm anymore

1501  
01:12:02,930 --> 01:12:00,390  
I would say watching that documentary

1502  
01:12:05,930 --> 01:12:02,940  
under our skin is a good follow up it is

1503  
01:12:07,580 --> 01:12:05,940  
on Amazon Prime for free it's one of

1504  
01:12:09,620 --> 01:12:07,590  
those conspiracy light type of

1505  
01:12:12,410 --> 01:12:09,630  
documentaries where people like us might

1506  
01:12:14,020 --> 01:12:12,420  
see it and might be much more equipped

1507  
01:12:15,920 --> 01:12:14,030  
to consider the wider and deeper

1508  
01:12:18,170 --> 01:12:15,930  
implications of what these people are

1509  
01:12:20,720 --> 01:12:18,180  
saying but you can still watch it with

1510  
01:12:22,610 --> 01:12:20,730  
your conventional friends and family but

1511  
01:12:25,220 --> 01:12:22,620  
let me know what you think as always I'm

1512  
01:12:27,530 --> 01:12:25,230  
making my guests free lifetime Plus

1513  
01:12:29,990 --> 01:12:27,540

members the plus member comments are

1514

01:12:32,660 --> 01:12:30,000

always where the best THC conversations

1515

01:12:35,390 --> 01:12:32,670

seem to be had and I'll encourage them

1516

01:12:38,390 --> 01:12:35,400

to hop in there if they can to talk to

1517

01:12:40,580 --> 01:12:38,400

you guys recently we've had a lot of

1518

01:12:42,200 --> 01:12:40,590

guests following up on their shows in

1519

01:12:45,170 --> 01:12:42,210

the comments actually I think that's

1520

01:12:47,540 --> 01:12:45,180

phenomenal I like to see that follow-up

1521

01:12:49,940 --> 01:12:47,550

from THC episodes when it happens

1522

01:12:51,800 --> 01:12:49,950

and speaking of plus the recent

1523

01:12:54,140 --> 01:12:51,810

appearance I had on Sam tripolis

1524

01:12:57,229 --> 01:12:54,150

conspiracies now which films in the

1525

01:13:00,229 --> 01:12:57,239

legendary Comedy Store basement is out

1526

01:13:02,479 --> 01:13:00,239

now for his patreon subscribers and he

1527

01:13:06,170 --> 01:13:02,489

was kind enough to let me offer it up

1528

01:13:07,400 --> 01:13:06,180

two plus members to so it is a video but

1529

01:13:09,380 --> 01:13:07,410

if you want to see me getting

1530

01:13:11,959 --> 01:13:09,390

interviewed and probably my favorite

1531

01:13:14,860 --> 01:13:11,969

building on the planet it's there for

1532

01:13:17,420 --> 01:13:14,870

you thanks to everyone who came out I

1533

01:13:20,209 --> 01:13:17,430

think we might have been one of the very

1534

01:13:24,770 --> 01:13:20,219

few shows that was free to attend and

1535

01:13:27,860 --> 01:13:24,780

you left with a joint edible that was a

1536

01:13:29,750 --> 01:13:27,870

little something special to me but I

1537

01:13:32,540 --> 01:13:29,760

love doing that interview big thanks to

1538

01:13:34,340 --> 01:13:32,550

Sam for having me and as for the plus

1539

01:13:37,490 --> 01:13:34,350

part of today's show with Patrick and

1540

01:13:40,490 --> 01:13:37,500

Annette we talked about antibiotics and

1541

01:13:43,729 --> 01:13:40,500

the cell wall of bacteria the root of

1542

01:13:46,310 --> 01:13:43,739

autoimmune issues inflammation immunity

1543

01:13:47,450 --> 01:13:46,320

and disease antioxidants like I

1544

01:13:49,940 --> 01:13:47,460

mentioned

1545

01:13:52,670 --> 01:13:49,950

the multi-generational effects of lime

1546

01:13:54,950 --> 01:13:52,680

trying to keep the infections dormant

1547

01:13:57,740 --> 01:13:54,960

and homeopathy I think there's a little

1548

01:14:00,710 --> 01:13:57,750

bit more to homeopathy than we are told

1549

01:14:03,410 --> 01:14:00,720

sometimes but I just really enjoyed it

1550

01:14:05,150 --> 01:14:03,420

I like Patrick stone and sense of humor

1551

01:14:08,270 --> 01:14:05,160

and I know he's not afraid to drop an

1552

01:14:11,120 --> 01:14:08,280

f-bomb when F bombs must be dropped but

1553

01:14:13,610 --> 01:14:11,130

that said join me for a joint session on

1554

01:14:15,590 --> 01:14:13,620

the 25th this month just a few days I

1555

01:14:17,870 --> 01:14:15,600

believe it's Monday actually 7:00 p.m.

1556

01:14:20,540 --> 01:14:17,880

Pacific time and I'll talk to you then

1557

01:14:22,790 --> 01:14:20,550

for now I've done my part

1558

01:14:24,680 --> 01:14:22,800

your move Plum Island perpetrators

1559

01:14:29,840 --> 01:14:24,690

humanity infectors and ticks bit

1560

01:14:35,710 --> 01:14:29,850

spirochetes your [h\_\_\h] move have a

1561

01:14:41,180 --> 01:14:35,720

drink enough smoke listen to the cast

1562

01:14:46,360 --> 01:14:41,190

shiny shiny spotlight but criminals on

1563

01:14:51,680 --> 01:14:46,370

blast the pinstripe man of morning and

1564

01:14:55,900 --> 01:14:51,690

families of Finance dupe on Windsor and

1565

01:15:00,320 --> 01:14:55,910

Rothschild the kids don't stand a chance

1566

01:15:04,070 --> 01:15:00,330

the kids don't the kids don't stand the

1567

01:15:07,520 --> 01:15:04,080

kids don't stand a chance I say the kids

1568

01:15:09,710 --> 01:15:07,530

don't the kids don't stand the kids

1569

01:15:13,790 --> 01:15:09,720

don't stand a chance

1570

01:15:18,660 --> 01:15:13,800

we're looking for the answer to

1571

01:15:24,300 --> 01:15:18,670

questions never asked so we come to the

1572

01:15:28,950 --> 01:15:24,310

car wood for the higher side chats the

1573

01:15:33,680 --> 01:15:28,960

pinstripe man of morning and families of

1574

01:15:37,110 --> 01:15:33,690

Finance do pawn Windsor and Rothschild

1575

01:15:41,490 --> 01:15:37,120

the kids don't stand a chance

1576

01:15:45,210 --> 01:15:41,500

the kids don't the kids don't stand the

1577

01:15:48,660 --> 01:15:45,220

kids don't stand a chance I say the kids

1578

01:16:06,830 --> 01:15:48,670

don't the kids don't stand the kids

1579

01:16:12,420 --> 01:16:06,840

don't stand a chance involved in shady

1580

01:16:16,770 --> 01:16:12,430

business we try to get a glance we're

1581

01:16:22,370 --> 01:16:16,780

working on the numbers resistance must

1582

01:16:27,630 --> 01:16:22,380

advance the pinstripe man of morning and

1583

01:16:32,160 --> 01:16:27,640

families of Finance do pawn Windsor and

1584

01:16:36,360 --> 01:16:32,170

Rothschild the kids don't stand a chance

1585

01:16:39,750 --> 01:16:36,370

the kids don't the kids don't stand the

1586

01:16:43,530 --> 01:16:39,760

kids don't stand a chance I said the

1587
