00:00:12,350 --> 00:00:10,830  
your paranoid insomnia entertaining

7  
00:00:14,360 --> 00:00:12,360  
yourself through one of life's mundane

8  
00:00:16,070 --> 00:00:14,370  
activities we're trying to ward off the

9  
00:00:18,680 --> 00:00:16,080  
internal screams of all those sad

10  
00:00:20,420 --> 00:00:18,690  
smothered Souls around the office THC is

11  
00:00:22,099 --> 00:00:20,430  
here and you should know that every

action-packed and commercial free which

26  
00:01:00,920 --> 00:00:53,910  
means you'll unfortunately never hear my

27  
00:01:06,200 --> 00:01:04,070  
in the 1930s President Franklin Delano

28  
00:01:08,780 --> 00:01:06,210  
Roosevelt addressed the nation through a

29  
00:01:11,690 --> 00:01:08,790  
series of radio broadcast known as the

30  
00:01:13,700 --> 00:01:11,700  
fireside chats his aim was to reassure

31  
00:01:15,590 --> 00:01:13,710  
the common man that our society would

32  
00:01:18,170 --> 00:01:15,600  
recover from its troubled times

33  
00:01:21,410 --> 00:01:18,180  
well we're far from 1930 and I deal with

34  
00:01:23,450 --> 00:01:21,420  
a different kind of fire worldly

35  
00:01:30,440 --> 00:01:23,460  
frustration we offer a brush

36  
00:01:32,000 --> 00:01:30,450  
conversation I'm Carl wood and here we

37  
00:01:33,950 --> 00:01:32,010  
go higher side cheddar some sunny San

38  
00:01:36,230 --> 00:01:33,960

Diego I'm Greg Carl would most likely

39

00:01:38,180 --> 00:01:36,240

come into you through your own personal

40

00:01:40,040 --> 00:01:38,190

digital death machine the little black

41

00:01:42,290 --> 00:01:40,050

monolith Stanley Kubrick warned us about

42

00:01:44,000 --> 00:01:42,300

and it's getting harder and harder to

43

00:01:46,609 --> 00:01:44,010

live in the Western world without this

44

00:01:48,740 --> 00:01:46,619

little phone familiar sidekick with many

45

00:01:51,530 --> 00:01:48,750

modern conveniences completely cut off

46

00:01:53,960 --> 00:01:51,540

from those who opt out uber lyft bird

47

00:01:56,000 --> 00:01:53,970

scooters food delivery traffic avoidance

48

00:01:58,250 --> 00:01:56,010

apps making reservations and even

49

00:02:00,020 --> 00:01:58,260

listening to yours truly are all made

50

00:02:02,300 --> 00:02:00,030

more difficult by trying to work around

51  
00:02:04,040 --> 00:02:02,310  
the smart phone invasion your social

52  
00:02:05,990 --> 00:02:04,050  
life will most likely be affected too

53  
00:02:08,210 --> 00:02:06,000  
and with the nine-to-five squeezing more

54  
00:02:10,310 --> 00:02:08,220  
out of us each day it's nice to feel as

55  
00:02:12,410 --> 00:02:10,320  
if we get things done a little faster

56  
00:02:14,060 --> 00:02:12,420  
with the help of these conveniences to

57  
00:02:17,270 --> 00:02:14,070  
chisel out a bit more of our already

58  
00:02:19,250 --> 00:02:17,280  
diminishing free time look I like all

59  
00:02:20,990 --> 00:02:19,260  
these things but more and more data is

60  
00:02:23,030 --> 00:02:21,000  
coming out all the time that suggests

61  
00:02:25,520 --> 00:02:23,040  
we're paying a very heavy cost already

62  
00:02:27,770 --> 00:02:25,530  
and with the 5g rollout the smart grid

63  
00:02:29,300 --> 00:02:27,780

and the Internet of Things the costs are

64

00:02:32,199 --> 00:02:29,310

only getting more obvious and the

65

00:02:34,640 --> 00:02:32,209

ability to opt out almost gone entirely

66

00:02:36,860 --> 00:02:34,650

soon it seems that everywhere we go will

67

00:02:39,110 --> 00:02:36,870

be awash in more signals frequencies and

68

00:02:41,120 --> 00:02:39,120

radiation than ever before in a digital

69

00:02:43,070 --> 00:02:41,130

revolution that will probably escalate

70

00:02:45,140 --> 00:02:43,080

until we merge with the machine itself

71

00:02:46,729 --> 00:02:45,150

well it takes a special kind of

72

00:02:48,740 --> 00:02:46,739

cognitive dissonance to believe this

73

00:02:50,509 --> 00:02:48,750

will all be without consequence and

74

00:02:53,000 --> 00:02:50,519

personally I'd rather face the beast

75

00:02:54,800 --> 00:02:53,010

head-on and that is why we're speaking

76  
00:02:56,630 --> 00:02:54,810  
once again to the great Matt Landman

77  
00:02:58,030 --> 00:02:56,640  
Matt was here once before breaking down

78  
00:03:00,830 --> 00:02:58,040  
his chemtrails and geoengineering

79  
00:03:03,080 --> 00:03:00,840  
documentary Franken Skies one of the

80  
00:03:04,940 --> 00:03:03,090  
best of its kind detailing the ongoing

81  
00:03:06,860 --> 00:03:04,950  
terraforming of the human terrarium and

82  
00:03:08,660 --> 00:03:06,870  
in the time since he's dedicated himself

83  
00:03:11,390 --> 00:03:08,670  
to the research rabbit hold that his

84  
00:03:13,400 --> 00:03:11,400  
five G smart phone radiation Wi-Fi

85  
00:03:14,640 --> 00:03:13,410  
Bluetooth and the multitude of different

86  
00:03:17,640 --> 00:03:14,650  
frequencies and signals

87  
00:03:19,589 --> 00:03:17,650  
blasted with now on a daily basis his

88  
00:03:22,289 --> 00:03:19,599

findings are the inspiration behind his

89

00:03:25,050 --> 00:03:22,299

new crowdfunded EMF and RF radiation

90

00:03:26,759 --> 00:03:25,060

protection clothing line and will be the

91

00:03:28,949 --> 00:03:26,769

subject of a new documentary which is

92

00:03:30,750 --> 00:03:28,959

coming soon you can check out more of

93

00:03:33,449 --> 00:03:30,760

his work at the central hub that is

94

00:03:35,039 --> 00:03:33,459

actual activist comm so let's do the

95

00:03:37,110 --> 00:03:35,049

damn thing the man who knows the plan

96

00:03:39,809 --> 00:03:37,120

the father of Franken skies mr.

97

00:03:42,119 --> 00:03:39,819

radiation resistor the actual activist

98

00:03:44,520 --> 00:03:42,129

whose anti transistor Matt my man

99

00:03:46,170 --> 00:03:44,530

welcome back to the higher side Greg I

100

00:03:48,119 --> 00:03:46,180

love your intros thanks so much for

101  
00:03:50,430 --> 00:03:48,129  
having me on you got it you got it it is

102  
00:03:53,250 --> 00:03:50,440  
great to talk to you again I really love

103  
00:03:56,580 --> 00:03:53,260  
the last one and this 5g digital

104  
00:03:59,520 --> 00:03:56,590  
radiation is always on my mind I'm glad

105  
00:04:01,619 --> 00:03:59,530  
this has become your new focus though we

106  
00:04:05,039 --> 00:04:01,629  
know it's all connected you know no pun

107  
00:04:07,349 --> 00:04:05,049  
intended but I've been calling like cell

108  
00:04:09,240 --> 00:04:07,359  
phones and 5g the cigarettes of our time

109  
00:04:11,729 --> 00:04:09,250  
it really feels like a generation

110  
00:04:13,949 --> 00:04:11,739  
betrayed and it's a major issue that is

111  
00:04:15,899 --> 00:04:13,959  
already completely consuming these

112  
00:04:18,330 --> 00:04:15,909  
younger generations even just from the

113  
00:04:20,190 --> 00:04:18,340

psychological sociological addiction

114

00:04:22,350 --> 00:04:20,200

standpoint then you add in all the

115

00:04:25,230 --> 00:04:22,360

health consequences and it's a very

116

00:04:27,240 --> 00:04:25,240

concerning thing isn't it yeah it really

117

00:04:29,909 --> 00:04:27,250

is and I'm glad you mentioned the

118

00:04:31,680 --> 00:04:29,919

cigarettes aspect of it because it is

119

00:04:33,420 --> 00:04:31,690

very true you know you had doctors

120

00:04:36,120 --> 00:04:33,430

pushing cigarettes at one point and now

121

00:04:38,339 --> 00:04:36,130

you've got doctors and the FCC saying

122

00:04:41,310 --> 00:04:38,349

that there are no human health impacts

123

00:04:42,659 --> 00:04:41,320

radio frequency and EMF radiation but

124

00:04:47,700 --> 00:04:42,669

there are and the studies are there show

125

00:04:49,770 --> 00:04:47,710

it mm-hmm so what I remember loving most

126  
00:04:51,570 --> 00:04:49,780  
about Franken Skies that you didn't just

127  
00:04:53,939 --> 00:04:51,580  
say look at the chemtrails see it's

128  
00:04:56,310 --> 00:04:53,949  
obvious you actually used official

129  
00:04:58,770 --> 00:04:56,320  
documentation for things like Operation

130  
00:05:00,900 --> 00:04:58,780  
Popeye as well as many clips from

131  
00:05:02,760 --> 00:05:00,910  
military interviews where they very

132  
00:05:04,439 --> 00:05:02,770  
clearly describe the types of weather

133  
00:05:06,210 --> 00:05:04,449  
modification that they have the

134  
00:05:08,760 --> 00:05:06,220  
technology for of course those

135  
00:05:10,980 --> 00:05:08,770  
interviews and disclosures sort of dried

136  
00:05:13,170 --> 00:05:10,990  
up once this agenda went into full swing

137  
00:05:14,779 --> 00:05:13,180  
but you watch that film and you don't

138  
00:05:17,670 --> 00:05:14,789

have to guess about weather modification

139

00:05:20,159 --> 00:05:17,680

you know it's a reality and I'm curious

140

00:05:22,459 --> 00:05:20,169

if you've seen even more in this realm

141

00:05:25,920 --> 00:05:22,469

of geoengineering since we last spoke

142

00:05:28,590 --> 00:05:25,930

well yeah I have it's been a wild ride

143

00:05:30,660 --> 00:05:28,600

when I first got into the G

144

00:05:32,580 --> 00:05:30,670

Engineering chemtrails space I thought

145

00:05:34,320 --> 00:05:32,590

that I would spend my entire life trying

146

00:05:36,510 --> 00:05:34,330

to convince the world that there was an

147

00:05:39,930 --> 00:05:36,520

ongoing campaign that these lines in the

148

00:05:42,750 --> 00:05:39,940

sky were not just condensation water

149

00:05:45,450 --> 00:05:42,760

that it was an actual agenda to whether

150

00:05:48,450 --> 00:05:45,460

it be din the Sun or experiment with

151

00:05:50,880 --> 00:05:48,460

biological weaponry or weather

152

00:05:53,880 --> 00:05:50,890

modification or whatever it may be but

153

00:05:56,430 --> 00:05:53,890

as it evolved okay I came on your show

154

00:05:58,680 --> 00:05:56,440

and I gave everyone the password about a

155

00:06:00,750 --> 00:05:58,690

year and a half ago for the Franken

156

00:06:04,710 --> 00:06:00,760

Skies debut which is really exciting to

157

00:06:07,010 --> 00:06:04,720

debut it on your show and since then the

158

00:06:10,320 --> 00:06:07,020

controlled media has been pushing

159

00:06:12,270 --> 00:06:10,330

geoengineering into the main reality

160

00:06:14,520 --> 00:06:12,280

that we live in it's no longer this

161

00:06:16,230 --> 00:06:14,530

realm of conspiracy chemtrails are still

162

00:06:18,390 --> 00:06:16,240

a conspiracy but geoengineering a

163

00:06:20,550 --> 00:06:18,400

synonym to chemtrails is no longer

164

00:06:24,750 --> 00:06:20,560

conspiracy and it's being called our

165

00:06:27,840 --> 00:06:24,760

savior and it's being launched as a

166

00:06:29,910 --> 00:06:27,850

solution to climate change and global

167

00:06:31,680 --> 00:06:29,920

warming I could go on a little tangent

168

00:06:35,130 --> 00:06:31,690

here but I'll just try to wrap things up

169

00:06:37,260 --> 00:06:35,140

in a nice little package so we've got

170

00:06:38,940 --> 00:06:37,270

this hug alien dialectic problem

171

00:06:41,160 --> 00:06:38,950

reaction solution that I'm sure a lot of

172

00:06:43,020 --> 00:06:41,170

your listeners are very familiar with so

173

00:06:46,260 --> 00:06:43,030

we've got global warming and climate

174

00:06:48,780 --> 00:06:46,270

change which if you really dig deep you

175

00:06:51,360 --> 00:06:48,790

can see that the weather modification

176

00:06:53,460 --> 00:06:51,370

program that began in the 1920s that's

177

00:06:55,200 --> 00:06:53,470

there in Frankin skies and it shows the

178

00:06:57,210 --> 00:06:55,210

chronological timeline to see how we got

179

00:07:00,420 --> 00:06:57,220

to where we're at because just stepping

180

00:07:02,670 --> 00:07:00,430

into this reality and being told that's

181

00:07:04,800 --> 00:07:02,680

something this large is going on such a

182

00:07:05,940 --> 00:07:04,810

large-scale conspiracy is going on you

183

00:07:07,980 --> 00:07:05,950

have to really sink your teeth into it

184

00:07:10,020 --> 00:07:07,990

by seeing the history and to see how

185

00:07:13,230 --> 00:07:10,030

their tools were refined and sharpened

186

00:07:17,760 --> 00:07:13,240

over time but now we're facing an

187

00:07:20,130 --> 00:07:17,770

inconvenient dystopian reality where the

188

00:07:22,260 --> 00:07:20,140

powers that be claim that we need to dim

189

00:07:23,700 --> 00:07:22,270

our Sun so the primary solar

190

00:07:25,710 --> 00:07:23,710

geoengineering professor his name is

191

00:07:27,870 --> 00:07:25,720

David W Keith he's out of Harvard he's

192

00:07:31,560 --> 00:07:27,880

just a professor at Harvard but he is

193

00:07:33,720 --> 00:07:31,570

the front puppet the front spokesman for

194

00:07:35,280 --> 00:07:33,730

geoengineering and he's going around

195

00:07:37,530 --> 00:07:35,290

telling the world and all these articles

196

00:07:40,830 --> 00:07:37,540

and what-have-you and even launching an

197

00:07:42,390 --> 00:07:40,840

experiment out of Tucson to dim the Sun

198

00:07:44,400 --> 00:07:42,400

he's got public back

199

00:07:46,260 --> 00:07:44,410

to the tune of tens and hundreds of

200

00:07:48,240 --> 00:07:46,270

millions of dollars from Bill Gates and

201  
00:07:51,330 --> 00:07:48,250  
he's first launching this normalization

202  
00:07:53,100 --> 00:07:51,340  
campaign out of Tucson Arizona through

203  
00:07:56,129 --> 00:07:53,110  
this company called worldview

204  
00:07:59,249 --> 00:07:56,139  
enterprises and he's calling it Scott X

205  
00:08:02,040 --> 00:07:59,259  
Co PE X it's just one of these acronyms

206  
00:08:03,360 --> 00:08:02,050  
for the spraying of chemicals in our sky

207  
00:08:06,390 --> 00:08:03,370  
this one is the stratosphere at

208  
00:08:09,420 --> 00:08:06,400  
controlled perturbation experiment and

209  
00:08:11,580 --> 00:08:09,430  
this experiment is basically to sidestep

210  
00:08:13,350 --> 00:08:11,590  
decades of trees and in my opinion and

211  
00:08:14,879 --> 00:08:13,360  
it's to normalize it to the public so

212  
00:08:17,969 --> 00:08:14,889  
that the public thinks that their

213  
00:08:20,250 --> 00:08:17,979

consent is being asked so this

214

00:08:21,750 --> 00:08:20,260

experiment unraveling is with David

215

00:08:24,060 --> 00:08:21,760

Keith and he's going up in this very

216

00:08:25,590 --> 00:08:24,070

high-tech balloon to spray different

217

00:08:28,860 --> 00:08:25,600

chemicals in front of our Sun to see

218

00:08:31,260 --> 00:08:28,870

which chemicals work best to dim the

219

00:08:33,930 --> 00:08:31,270

sunlight coming to earth to refract some

220

00:08:36,120 --> 00:08:33,940

light into space - supposedly save us

221

00:08:37,649 --> 00:08:36,130

from rising sea levels and whatever

222

00:08:39,149 --> 00:08:37,659

these different stories of climate

223

00:08:41,730 --> 00:08:39,159

change and what have you are so the

224

00:08:45,060 --> 00:08:41,740

experiment was slated for last year so I

225

00:08:47,160 --> 00:08:45,070

devoted my life to bringing attention to

226

00:08:52,380 --> 00:08:47,170

it moved down from Vancouver Canada to

227

00:08:53,579 --> 00:08:52,390

Arizona to host the third global stop

228

00:08:54,750 --> 00:08:53,589

geoengineering summit or global

229

00:08:56,970 --> 00:08:54,760

chemtrails some that have been switching

230

00:08:58,769 --> 00:08:56,980

names around to bring more people to it

231

00:09:00,810 --> 00:08:58,779

because the word chemtrails has been so

232

00:09:02,070 --> 00:09:00,820

demonized so I flip-flop from

233

00:09:03,360 --> 00:09:02,080

geoengineering and chemtrails -

234

00:09:05,370 --> 00:09:03,370

depending on who I'm speaking to

235

00:09:09,449 --> 00:09:05,380

but either way I hosted a conference in

236

00:09:11,310 --> 00:09:09,459

Tucson last May 2018 okay we had a

237

00:09:14,390 --> 00:09:11,320

conference we had a protest we had

238

00:09:17,519 --> 00:09:14,400

concert and we made some serious waves

239

00:09:20,910 --> 00:09:17,529

in Arizona and throughout the country

240

00:09:22,920 --> 00:09:20,920

and the experiment David Keith that was

241

00:09:25,620 --> 00:09:22,930

slated for last year it was postponed

242

00:09:27,300 --> 00:09:25,630

and now he's coming out saying that it's

243

00:09:29,340 --> 00:09:27,310

going to be this year well luckily

244

00:09:31,920 --> 00:09:29,350

enough this year we're getting a very

245

00:09:35,100 --> 00:09:31,930

drastic winter we've got snow in Hawaii

246

00:09:36,540 --> 00:09:35,110

and people can maybe start to think well

247

00:09:38,160 --> 00:09:36,550

maybe we don't want to dim our Sun if

248

00:09:39,840 --> 00:09:38,170

it's so cold out you know like I mean

249

00:09:41,760 --> 00:09:39,850

the Sun is gonna cool it down and maybe

250

00:09:43,890 --> 00:09:41,770

we don't need to cool it down so I'm

251  
00:09:46,019 --> 00:09:43,900  
hopeful that the waves that we made that

252  
00:09:48,240 --> 00:09:46,029  
the ripples that we made can bring some

253  
00:09:49,350 --> 00:09:48,250  
light to the people who are on the fence

254  
00:09:50,490 --> 00:09:49,360  
to the people that are wondering and

255  
00:09:53,579 --> 00:09:50,500  
maybe the people that are even making

256  
00:09:55,470 --> 00:09:53,589  
the decisions so as this campaign to

257  
00:09:56,160 --> 00:09:55,480  
normalize you engineering is launched

258  
00:09:58,440 --> 00:09:56,170  
and every single

259  
00:10:00,480 --> 00:09:58,450  
News Agency is coming out with their

260  
00:10:02,759 --> 00:10:00,490  
different twist on and it's being pumped

261  
00:10:04,740 --> 00:10:02,769  
into our social media that we need to do

262  
00:10:06,449 --> 00:10:04,750  
this it's that much more important for

263  
00:10:08,970 --> 00:10:06,459

us the people that are awake that are

264

00:10:11,190 --> 00:10:08,980

holding this beacon of light this torch

265

00:10:13,290 --> 00:10:11,200

of truth to bring the truth forward and

266

00:10:16,650 --> 00:10:13,300

to use our voice and to share it with

267

00:10:19,350 --> 00:10:16,660

the world before the agenda gets romped

268

00:10:21,930 --> 00:10:19,360

up to full scale where people are

269

00:10:24,870 --> 00:10:21,940

agreeing that we need to dim our Sun to

270

00:10:26,790 --> 00:10:24,880

save ourselves mm-hmm well segment and

271

00:10:28,920 --> 00:10:26,800

this whole issue about blocking the Sun

272

00:10:31,230 --> 00:10:28,930

it's a difficult one for me because I've

273

00:10:33,150 --> 00:10:31,240

interviewed some guests recently about

274

00:10:35,430 --> 00:10:33,160

the health benefits of the Sun and

275

00:10:37,170 --> 00:10:35,440

sunlight so it makes sense with every

276

00:10:39,210 --> 00:10:37,180

other campaign to make us sick they

277

00:10:41,400 --> 00:10:39,220

would want to block that out but also

278

00:10:43,560 --> 00:10:41,410

I've talked to some researchers who look

279

00:10:45,540 --> 00:10:43,570

at ancient civilizations and all the

280

00:10:48,509 --> 00:10:45,550

underground tunnels and infrastructure

281

00:10:51,629 --> 00:10:48,519

and the legends that suggest natural

282

00:10:53,579 --> 00:10:51,639

cycles of catastrophe which I also think

283

00:10:56,160 --> 00:10:53,589

has some truth to it but I get we are

284

00:10:58,170 --> 00:10:56,170

saying about being an apologist for the

285

00:11:00,030 --> 00:10:58,180

elite saying oh well all this stuff

286

00:11:02,250 --> 00:11:00,040

they're doing is for our benefit I mean

287

00:11:04,769 --> 00:11:02,260

how many times have we heard that script

288

00:11:08,430 --> 00:11:04,779

before I can't trust it anymore even if

289

00:11:09,900 --> 00:11:08,440

it were to be true so I definitely get

290

00:11:11,550 --> 00:11:09,910

what you're saying and it is kind of a

291

00:11:13,650 --> 00:11:11,560

tangled web because I think all these

292

00:11:16,500 --> 00:11:13,660

things are in the mix the possibility of

293

00:11:18,180 --> 00:11:16,510

catastrophe not human-made climate

294

00:11:20,880 --> 00:11:18,190

change but probably some kind of natural

295

00:11:23,970 --> 00:11:20,890

cycle of course they've twisted any real

296

00:11:25,920 --> 00:11:23,980

data they have and made us the villains

297

00:11:27,810 --> 00:11:25,930

of the story if it weren't for all you

298

00:11:30,120 --> 00:11:27,820

people using you know the products we

299

00:11:32,699 --> 00:11:30,130

gave you then you know the earth

300

00:11:35,639 --> 00:11:32,709

wouldn't be trashed obviously that's a

301  
00:11:38,069 --> 00:11:35,649  
manipulation but it is so complex with

302  
00:11:40,710 --> 00:11:38,079  
our little window of time to really know

303  
00:11:44,250 --> 00:11:40,720  
the full scope of our environment and

304  
00:11:48,689 --> 00:11:44,260  
how it acts so true and it's so deep the

305  
00:11:52,319 --> 00:11:48,699  
psychological manipulation is so complex

306  
00:11:55,079 --> 00:11:52,329  
and it's so well articulated and planned

307  
00:11:58,949 --> 00:11:55,089  
out okay so they won't come out directly

308  
00:12:01,620 --> 00:11:58,959  
and say you exhale carbon but we do we

309  
00:12:04,559 --> 00:12:01,630  
exhale carbon all right so not only are

310  
00:12:07,380 --> 00:12:04,569  
our gas-guzzling SUVs pumping carbon

311  
00:12:10,050 --> 00:12:07,390  
into the atmosphere which is plant food

312  
00:12:11,340 --> 00:12:10,060  
but we exhale carbon

313  
00:12:13,350 --> 00:12:11,350

a lot of people don't know the number

314

00:12:15,390 --> 00:12:13,360

one greenhouse gas is not carbon the

315

00:12:17,510 --> 00:12:15,400

number one greenhouse gas is water vapor

316

00:12:21,480 --> 00:12:17,520

so when you're having that conversation

317

00:12:23,460 --> 00:12:21,490

you need to know the deep facts it's

318

00:12:27,390 --> 00:12:23,470

funny because when you get into this

319

00:12:30,930 --> 00:12:27,400

argument or conversation or dialogue the

320

00:12:32,400 --> 00:12:30,940

main stream narrative always comes up

321

00:12:34,380 --> 00:12:32,410

and someone will say to me oh but you're

322

00:12:35,670 --> 00:12:34,390

not a global warming denier you know and

323

00:12:37,470 --> 00:12:35,680

I'm not even talking about global

324

00:12:39,870 --> 00:12:37,480

warming and then I'll back up I'll say

325

00:12:41,340 --> 00:12:39,880

well do you know about ionosphere

326

00:12:43,020 --> 00:12:41,350

heaters do you know about HAARP

327

00:12:44,670 --> 00:12:43,030

technology do you know about manipulated

328

00:12:46,350 --> 00:12:44,680

heat wave do you know about purposefully

329

00:12:49,020 --> 00:12:46,360

heating the atmosphere to steer around

330

00:12:50,430 --> 00:12:49,030

jet streams there is forms of global

331

00:12:53,220 --> 00:12:50,440

warming but not like we're being told

332

00:12:55,380 --> 00:12:53,230

the exacerbation of heat waves the

333

00:12:58,260 --> 00:12:55,390

formulation of high pressure to steer

334

00:13:00,450 --> 00:12:58,270

jet streams these are the ways that the

335

00:13:02,790 --> 00:13:00,460

planet is being heated purposefully okay

336

00:13:04,500 --> 00:13:02,800

and then you get this backlash in the

337

00:13:07,100 --> 00:13:04,510

environment where literally the

338

00:13:10,110 --> 00:13:07,110

hydrological system reacts and we've got

339

00:13:12,990 --> 00:13:10,120

snowstorms which how can you then go and

340

00:13:14,220 --> 00:13:13,000

pitch a snowstorm and say that this is

341

00:13:15,510 --> 00:13:14,230

part of global warming well then they

342

00:13:16,920 --> 00:13:15,520

flip it on its head and say no this is

343

00:13:18,840 --> 00:13:16,930

climate change we need to do something

344

00:13:20,220 --> 00:13:18,850

about it or we're all doomed

345

00:13:22,500 --> 00:13:20,230

you know it seems like that the

346

00:13:24,120 --> 00:13:22,510

cognitive dissonance all under the

347

00:13:26,880 --> 00:13:24,130

umbrella of they wouldn't do that to us

348

00:13:30,030 --> 00:13:26,890

the cognitive dissonance goes so deep

349

00:13:32,490 --> 00:13:30,040

that you bring up one aspect of the

350

00:13:35,040 --> 00:13:32,500

truth and then all of a sudden you're in

351

00:13:37,530 --> 00:13:35,050

these categories of oh you must be an

352

00:13:40,830 --> 00:13:37,540

anti-vaxxer Flat Earth or chemtrail

353

00:13:43,350 --> 00:13:40,840

conspiracy theorist and then you're

354

00:13:44,970 --> 00:13:43,360

literally dealing with this brick wall

355

00:13:46,740 --> 00:13:44,980

cognitive dissonance that these people

356

00:13:48,600 --> 00:13:46,750

have built and relied on throughout

357

00:13:52,710 --> 00:13:48,610

their entire life because they don't

358

00:13:55,260 --> 00:13:52,720

want to realize they were wrong you know

359

00:13:57,930 --> 00:13:55,270

but it's ok it's ok to realize that

360

00:14:01,530 --> 00:13:57,940

maybe you've been tricked it's up to you

361

00:14:03,240 --> 00:14:01,540

to come into the truth and to take truth

362

00:14:04,830 --> 00:14:03,250

as the authority rather than Authority

363

00:14:07,050 --> 00:14:04,840

is the truth you know we all have our

364

00:14:09,810 --> 00:14:07,060

awakenings some of them slower than

365

00:14:11,310 --> 00:14:09,820

others and I'm not saying that you have

366

00:14:13,290 --> 00:14:11,320

to lump it all together I'm just saying

367

00:14:15,990 --> 00:14:13,300

that the media and the powers-that-be

368

00:14:19,920 --> 00:14:16,000

they love all of these potential truths

369

00:14:22,260 --> 00:14:19,930

all of these aspects of it together so

370

00:14:23,410 --> 00:14:22,270

that it's become this polarized

371

00:14:24,880 --> 00:14:23,420

environment

372

00:14:26,290 --> 00:14:24,890

where your on one side of the fence er

373

00:14:28,060 --> 00:14:26,300

you're on the other side of the fence

374

00:14:29,800 --> 00:14:28,070

everything especially since the Trump

375

00:14:32,170 --> 00:14:29,810

administration butts gone back for

376

00:14:34,360 --> 00:14:32,180

centuries every topic becomes so

377

00:14:36,550 --> 00:14:34,370

polarized that it just becomes an

378

00:14:37,780 --> 00:14:36,560

argument no matter what you bring up no

379

00:14:38,680 --> 00:14:37,790

matter what side you're on even if

380

00:14:42,280 --> 00:14:38,690

you're trying to have a healthy debate

381

00:14:44,110 --> 00:14:42,290

yes I agree and you know there has been

382

00:14:47,050 --> 00:14:44,120

a lot of talk about directed-energy

383

00:14:49,180 --> 00:14:47,060

weapons in the recent california fire

384

00:14:50,800 --> 00:14:49,190

situation that's one thing that's real

385

00:14:52,870 --> 00:14:50,810

divisive around here when I talk to

386

00:14:54,790 --> 00:14:52,880

people about it I know my buddy Gordon

387

00:14:57,100 --> 00:14:54,800

White's farm in Tasmania was also

388

00:14:59,670 --> 00:14:57,110

threatened by widespread brush fires

389

00:15:02,380 --> 00:14:59,680

recently and in either case

390

00:15:04,120 --> 00:15:02,390

directed-energy weapons aside because

391

00:15:06,220 --> 00:15:04,130

that's a lot to explain to someone who's

392

00:15:08,230 --> 00:15:06,230

on the introductory stuff but when you

393

00:15:11,320 --> 00:15:08,240

learn that they absolutely have the

394

00:15:13,300 --> 00:15:11,330

technology to make it rain and don't you

395

00:15:15,790 --> 00:15:13,310

got a wonder if these fires aren't

396

00:15:16,330 --> 00:15:15,800

something they want I'm glad you

397

00:15:18,190 --> 00:15:16,340

mentioned that

398

00:15:20,230 --> 00:15:18,200

and I've analyzed that whole

399

00:15:22,090 --> 00:15:20,240

directed-energy weapon thing and I like

400

00:15:23,860 --> 00:15:22,100

to take a step back and try to get

401  
00:15:27,810 --> 00:15:23,870  
grounded when these situations come up

402  
00:15:31,060 --> 00:15:27,820  
and I look at what goes viral okay and

403  
00:15:33,430 --> 00:15:31,070  
personally my situation I went really

404  
00:15:35,500 --> 00:15:33,440  
hard on Facebook and got a lot of

405  
00:15:37,570 --> 00:15:35,510  
followers at one point at one point I

406  
00:15:39,670 --> 00:15:37,580  
had 10,000 followers and they saw all my

407  
00:15:41,380 --> 00:15:39,680  
posts now I have 37 followers and they

408  
00:15:43,780 --> 00:15:41,390  
don't hardly see any of my posts I go

409  
00:15:45,820 --> 00:15:43,790  
Facebook live and it's 60 people every

410  
00:15:48,370 --> 00:15:45,830  
time no matter what time of day when it

411  
00:15:50,710 --> 00:15:48,380  
is what week it is 60 people can see my

412  
00:15:53,500 --> 00:15:50,720  
Facebook live out of 37,000 followers so

413  
00:15:55,210 --> 00:15:53,510

when I post something that doesn't go

414

00:15:56,920 --> 00:15:55,220

viral and then I post something else

415

00:15:59,320 --> 00:15:56,930

that does I start to analyze well why

416

00:16:01,390 --> 00:15:59,330

did they let that go viral and then I

417

00:16:03,250 --> 00:16:01,400

dig deeper into psychology and I say oh

418

00:16:05,710 --> 00:16:03,260

actually that's part of their narrative

419

00:16:08,170 --> 00:16:05,720

that's part of that agenda so when I saw

420

00:16:10,540 --> 00:16:08,180

directed-energy weapons and this concept

421

00:16:13,360 --> 00:16:10,550

of lasers from the sky and I saw it

422

00:16:15,400 --> 00:16:13,370

going viral completely viral it was all

423

00:16:17,650 --> 00:16:15,410

over the different groups that I've host

424

00:16:20,740 --> 00:16:17,660

and different pages that I'm on and then

425

00:16:23,410 --> 00:16:20,750

I see different characters in the quote

426

00:16:26,230 --> 00:16:23,420

activism space that maybe I don't

427

00:16:27,790 --> 00:16:26,240

necessarily trust it could be controlled

428

00:16:29,560 --> 00:16:27,800

opposition maybe and then they're

429

00:16:32,170 --> 00:16:29,570

pushing the same dialogue I start to

430

00:16:35,050 --> 00:16:32,180

question and think so I got an MBA right

431

00:16:37,280 --> 00:16:35,060

I went to school obviously I'm not using

432

00:16:39,440 --> 00:16:37,290

it as far as the mainstream

433

00:16:42,620 --> 00:16:39,450

would like me to be using it but I am

434

00:16:46,610 --> 00:16:42,630

using my education and one thing that I

435

00:16:49,550 --> 00:16:46,620

learned in Business School is kis kis s

436

00:16:51,920 --> 00:16:49,560

keep it simple stupid and if you're just

437

00:16:54,470 --> 00:16:51,930

introducing someone to these realities

438

00:16:55,910 --> 00:16:54,480

of truth and you're yelling at them that

439

00:16:57,740 --> 00:16:55,920

there's laser beams coming from the sky

440

00:16:59,780 --> 00:16:57,750

what kind of reaction you think you're

441

00:17:01,760 --> 00:16:59,790

gonna get I mean let's just keep it

442

00:17:03,950 --> 00:17:01,770

simple and let's talk about the fact

443

00:17:06,079 --> 00:17:03,960

that yes we can make it rain we can also

444

00:17:08,689 --> 00:17:06,089

make clouds we can make clouds and make

445

00:17:10,460 --> 00:17:08,699

it rain on top of these fire storms we

446

00:17:13,220 --> 00:17:10,470

can also exacerbate these fire storm

447

00:17:14,870 --> 00:17:13,230

conditions by making wind storms which

448

00:17:17,180 --> 00:17:14,880

it seems like it's what is going on

449

00:17:19,640 --> 00:17:17,190

these wind storms on top of these fires

450

00:17:20,960 --> 00:17:19,650

are being geo engineered you see the

451  
00:17:22,630 --> 00:17:20,970  
footage out of these different regions

452  
00:17:24,740 --> 00:17:22,640  
that have these crazy fires and there's

453  
00:17:26,060 --> 00:17:24,750  
geoengineering right over top you can

454  
00:17:28,280 --> 00:17:26,070  
see the line from the sky and if you're

455  
00:17:32,630 --> 00:17:28,290  
looking through the right lens you start

456  
00:17:36,160 --> 00:17:32,640  
to realize that wait aluminum oxide is a

457  
00:17:38,990 --> 00:17:36,170  
patented fire accelerant aluminum oxide

458  
00:17:41,030 --> 00:17:39,000  
variable sizes of nano particulate

459  
00:17:44,030 --> 00:17:41,040  
aluminum oxide is what David Dubuque

460  
00:17:46,400 --> 00:17:44,040  
Heath is using in his experiment to test

461  
00:17:48,260 --> 00:17:46,410  
to see what works best to dim the Sun

462  
00:17:50,030 --> 00:17:48,270  
well as this unfolds he's gonna say oh

463  
00:17:51,350 --> 00:17:50,040

look aluminum works best we're gonna use

464

00:17:53,060 --> 00:17:51,360

this to dim your sky we'll wait they've

465

00:17:55,730 --> 00:17:53,070

been doing it for decades they've been

466

00:17:57,770 --> 00:17:55,740

spraying the force of California with

467

00:18:00,290 --> 00:17:57,780

tons of aluminum oxide a patented fire

468

00:18:02,000 --> 00:18:00,300

accelerant they not only don't make it

469

00:18:03,470 --> 00:18:02,010

rain but they make it windy on top of

470

00:18:05,120 --> 00:18:03,480

fire storms let's just keep it simple

471

00:18:06,800 --> 00:18:05,130

and talk about the weather modification

472

00:18:08,090 --> 00:18:06,810

history that's already intact the

473

00:18:10,490 --> 00:18:08,100

weather modification program that goes

474

00:18:12,110 --> 00:18:10,500

back to the 20s I mean whether or not

475

00:18:14,090 --> 00:18:12,120

there's directed energy weapons or laser

476  
00:18:15,530 --> 00:18:14,100  
beams coming from the sky I don't think

477  
00:18:17,570 --> 00:18:15,540  
it's very productive to bring that to

478  
00:18:19,130 --> 00:18:17,580  
people's attention especially people

479  
00:18:21,260 --> 00:18:19,140  
that are new to the topic you're gonna

480  
00:18:23,300 --> 00:18:21,270  
talk to someone who doesn't even eat

481  
00:18:25,610 --> 00:18:23,310  
organic who doesn't even know the

482  
00:18:27,380 --> 00:18:25,620  
dangers of glyphosate who doesn't know

483  
00:18:29,030 --> 00:18:27,390  
about ingredients in vaccines and all

484  
00:18:30,830 --> 00:18:29,040  
these are the truth their mentality

485  
00:18:32,960 --> 00:18:30,840  
fluoride all these things you're gonna

486  
00:18:35,720 --> 00:18:32,970  
go to them and say that laser beams are

487  
00:18:39,650 --> 00:18:35,730  
coming from the sky I think we can take

488  
00:18:42,620 --> 00:18:39,660

a step back get grounded tune into our

489

00:18:44,210 --> 00:18:42,630

humans resonance which we can talk about

490

00:18:46,100 --> 00:18:44,220

that a little later because all these

491

00:18:48,200 --> 00:18:46,110

things about frequency are really

492

00:18:50,930 --> 00:18:48,210

important you know we are beings of

493

00:18:53,149 --> 00:18:50,940

frequency and realized that we

494

00:18:57,200 --> 00:18:53,159

as the people that are away can have

495

00:19:00,019 --> 00:18:57,210

this truth we are now ambassadors of

496

00:19:01,369 --> 00:19:00,029

this truth and how do we want to carry

497

00:19:03,889 --> 00:19:01,379

it forward and bring it forward to our

498

00:19:05,210 --> 00:19:03,899

peers our family our friends passerby

499

00:19:07,219 --> 00:19:05,220

the people that we meet at the farmers

500

00:19:10,219 --> 00:19:07,229

market and what have you we keep it

501  
00:19:11,989 --> 00:19:10,229  
simple and we plant seeds I don't think

502  
00:19:14,479 --> 00:19:11,999  
it's important to talk about direct

503  
00:19:17,119 --> 00:19:14,489  
energy weapons at this juncture I don't

504  
00:19:18,919 --> 00:19:17,129  
think it's even necessarily proven I

505  
00:19:21,440 --> 00:19:18,929  
think that maybe some of these images

506  
00:19:23,450 --> 00:19:21,450  
coming out of these fires could have

507  
00:19:25,729 --> 00:19:23,460  
been cherry pick I'm not saying one way

508  
00:19:28,999 --> 00:19:25,739  
or the other being the work in progress

509  
00:19:31,009 --> 00:19:29,009  
that I am this truther awakened or

510  
00:19:35,419 --> 00:19:31,019  
almost awakened truth-seeking person

511  
00:19:37,729 --> 00:19:35,429  
that I am I don't negate any potential

512  
00:19:39,499 --> 00:19:37,739  
possibilities but what I do is I take a

513  
00:19:41,299 --> 00:19:39,509

step back I look at what's going viral I

514

00:19:42,589 --> 00:19:41,309

look what the controlled media the

515

00:19:46,310 --> 00:19:42,599

controlled social media is pushing

516

00:19:48,109 --> 00:19:46,320

around and fear okay fear-mongering is

517

00:19:50,029 --> 00:19:48,119

not getting us anywhere

518

00:19:52,129 --> 00:19:50,039

fear is a vibration we're gonna talk

519

00:19:53,539 --> 00:19:52,139

about frequency when we get into 5g but

520

00:19:56,299 --> 00:19:53,549

let's just talk about fear as a

521

00:20:00,019 --> 00:19:56,309

frequency what's fear fear is where

522

00:20:02,869 --> 00:20:00,029

victimhood lies not empowerment not

523

00:20:04,759 --> 00:20:02,879

truth truth is a high vibration truth is

524

00:20:06,950 --> 00:20:04,769

where we're empowered we're inspired and

525

00:20:09,469 --> 00:20:06,960

we're elevated to bring forward this

526

00:20:13,609 --> 00:20:09,479

truth to speak up to use our voice to

527

00:20:17,089 --> 00:20:13,619

not cower and be destroyed by this

528

00:20:18,169 --> 00:20:17,099

fear-mongering energy okay if you're in

529

00:20:19,219 --> 00:20:18,179

a place of fear you're not gonna get

530

00:20:20,960 --> 00:20:19,229

anything accomplished and that's where

531

00:20:23,810 --> 00:20:20,970

they want us to be they don't want us to

532

00:20:25,729 --> 00:20:23,820

be scared they want us to be intimidated

533

00:20:28,549 --> 00:20:25,739

and they want us to be in that vibration

534

00:20:31,009 --> 00:20:28,559

so we can rise above it we can keep it

535

00:20:34,070 --> 00:20:31,019

simple and we can play our part or we

536

00:20:36,099 --> 00:20:34,080

can play their game it's up to us well

537

00:20:40,339 --> 00:20:36,109

said man and I totally agree

538

00:20:42,139 --> 00:20:40,349

manipulation is everywhere and you know

539

00:20:45,049 --> 00:20:42,149

just between you and me and maybe the

540

00:20:46,639 --> 00:20:45,059

more advanced listeners I would just say

541

00:20:49,399 --> 00:20:46,649

that from what I understand from dr.

542

00:20:51,589 --> 00:20:49,409

judy woods 911 work on the potential for

543

00:20:54,950 --> 00:20:51,599

a directed-energy weapon when it comes

544

00:20:59,180 --> 00:20:54,960

to that kind of laser beams from the sky

545

00:21:02,779 --> 00:20:59,190

thing that seems to be a terminology

546

00:21:04,760 --> 00:21:02,789

that got used to kind of make people

547

00:21:06,380 --> 00:21:04,770

roll their eyes at that

548

00:21:09,800 --> 00:21:06,390

Specht when in reality a directed-energy

549

00:21:11,060 --> 00:21:09,810

weapon can be a field it's actually the

550

00:21:13,520 --> 00:21:11,070

way she describes it two different

551  
00:21:16,640 --> 00:21:13,530  
fields almost creating a microwave

552  
00:21:17,870 --> 00:21:16,650  
effect over a certain area so just like

553  
00:21:19,970 --> 00:21:17,880  
a lot of the things we're gonna talk

554  
00:21:22,880 --> 00:21:19,980  
about today it's a frequency based thing

555  
00:21:25,340 --> 00:21:22,890  
that doesn't rely on something from the

556  
00:21:27,950 --> 00:21:25,350  
sky so even a flat earther can believe

557  
00:21:30,230 --> 00:21:27,960  
in directed energy weapons but let's get

558  
00:21:32,480 --> 00:21:30,240  
into that topic at hand this 5g rollout

559  
00:21:34,760 --> 00:21:32,490  
and the Internet of Things personally I

560  
00:21:37,550 --> 00:21:34,770  
think people should be concerned just

561  
00:21:40,460 --> 00:21:37,560  
because this is all so new and happening

562  
00:21:42,260 --> 00:21:40,470  
so fast our ecosystem is so complex we

563  
00:21:44,330 --> 00:21:42,270

probably shouldn't be blasting it with

564

00:21:46,040 --> 00:21:44,340

all these signals but what is the data

565

00:21:49,250 --> 00:21:46,050

show how do we make the case for people

566

00:21:51,710 --> 00:21:49,260

who might still be on the fence well

567

00:21:54,530 --> 00:21:51,720

again I've been pondering that right and

568

00:21:55,910 --> 00:21:54,540

we can come from a place of fear and say

569

00:21:59,270 --> 00:21:55,920

look at the studies look at the studies

570

00:22:02,510 --> 00:21:59,280

rats brains under an EMF field versus

571

00:22:05,240 --> 00:22:02,520

not there's an irregular abnormality

572

00:22:07,040 --> 00:22:05,250

statistical anomaly of suicide and

573

00:22:07,520 --> 00:22:07,050

utility workers the National Institute

574

00:22:09,590 --> 00:22:07,530

of Health

575

00:22:11,780 --> 00:22:09,600

they studied utility workers because

576  
00:22:14,210 --> 00:22:11,790  
there was this irregular appearance of

577  
00:22:17,240 --> 00:22:14,220  
suicide and they did a random case study

578  
00:22:20,110 --> 00:22:17,250  
where 10% of these people working on

579  
00:22:23,540 --> 00:22:20,120  
cell towers they were killing themselves

580  
00:22:25,250 --> 00:22:23,550  
10% that's such a high number and then

581  
00:22:27,890 --> 00:22:25,260  
they dig even deeper and come to find

582  
00:22:31,690 --> 00:22:27,900  
out basically what we're dealing with is

583  
00:22:35,660 --> 00:22:31,700  
light and we can see only a very small

584  
00:22:38,270 --> 00:22:35,670  
spectrum of light but still these radio

585  
00:22:40,940 --> 00:22:38,280  
waves these EMF fields this radio

586  
00:22:43,160 --> 00:22:40,950  
frequency radiation our body our

587  
00:22:46,490 --> 00:22:43,170  
endocrine system our pineal gland our

588  
00:22:49,640 --> 00:22:46,500

brain our body thinks that we're in

589

00:22:52,310 --> 00:22:49,650

light when we're around these high EMF

590

00:22:54,290 --> 00:22:52,320

fields so this is a little complicated

591

00:22:57,290 --> 00:22:54,300

but it's actually very very simple at

592

00:23:00,740 --> 00:22:57,300

the same time we're beings of frequency

593

00:23:03,110 --> 00:23:00,750

and we are tuned our ancestors were all

594

00:23:05,570 --> 00:23:03,120

outside ok think about your bloodline

595

00:23:07,460 --> 00:23:05,580

your DNA all of your ancestors were

596

00:23:08,960 --> 00:23:07,470

dialed in to the Schumann's resonance of

597

00:23:10,610 --> 00:23:08,970

the earth which is about seven point

598

00:23:13,190 --> 00:23:10,620

four seven and a half Hertz

599

00:23:14,810 --> 00:23:13,200

okay so we're tuned to that and then you

600

00:23:16,220 --> 00:23:14,820

learn about grounding and grounding

601  
00:23:18,080 --> 00:23:16,230  
yourself it's because you want to get

602  
00:23:18,640 --> 00:23:18,090  
ground in and get your biological sir

603  
00:23:20,920 --> 00:23:18,650  
Katie

604  
00:23:23,950 --> 00:23:20,930  
your biological clock tuned to this

605  
00:23:26,200 --> 00:23:23,960  
natural cycle that essentially runs your

606  
00:23:28,420 --> 00:23:26,210  
body and your body knows what time of

607  
00:23:30,820 --> 00:23:28,430  
day it is at 11:00 a.m. your body

608  
00:23:33,490 --> 00:23:30,830  
excretes certain hormones at 1:00 a.m.

609  
00:23:36,730 --> 00:23:33,500  
your body excretes certain hormones and

610  
00:23:38,620 --> 00:23:36,740  
dopamine precursors and serotonin and

611  
00:23:42,970 --> 00:23:38,630  
all these different things are on a set

612  
00:23:45,940 --> 00:23:42,980  
clock okay you're a very complex beam of

613  
00:23:48,100 --> 00:23:45,950

frequency so your body knows what time

614

00:23:49,990 --> 00:23:48,110

of day it is based on the Sun and if

615

00:23:52,120 --> 00:23:50,000

it's setting or if it's rising or if

616

00:23:54,580 --> 00:23:52,130

it's pitch black outside at midnight but

617

00:23:55,690 --> 00:23:54,590

these workers their bodies think that

618

00:23:57,430 --> 00:23:55,700

they're around bright bright bright

619

00:23:59,860 --> 00:23:57,440

light every time they're near one of

620

00:24:02,500 --> 00:23:59,870

these cell towers so even if it's 8 p.m.

621

00:24:04,390 --> 00:24:02,510

their body's biological clock their

622

00:24:06,070 --> 00:24:04,400

circadian rhythm is getting reset to

623

00:24:09,310 --> 00:24:06,080

think it's high noon that this bright

624

00:24:11,260 --> 00:24:09,320

light is high noon sunlight so then if

625

00:24:13,090 --> 00:24:11,270

they're around these cell towers too

626  
00:24:15,790 --> 00:24:13,100  
much or if you're sleeping next to your

627  
00:24:17,530 --> 00:24:15,800  
Wi-Fi router too much your body thinks

628  
00:24:19,210 --> 00:24:17,540  
it's noon all the time and then all of a

629  
00:24:20,680 --> 00:24:19,220  
sudden you're not releasing dopamine

630  
00:24:22,120 --> 00:24:20,690  
you're not releasing melatonin and

631  
00:24:23,710 --> 00:24:22,130  
serotonin and all these things and you

632  
00:24:25,720 --> 00:24:23,720  
get totally depressed you don't even

633  
00:24:27,730 --> 00:24:25,730  
know why you get a tumor you don't even

634  
00:24:30,250 --> 00:24:27,740  
know why all these things are just

635  
00:24:31,810 --> 00:24:30,260  
because your clock is being reset all

636  
00:24:33,250 --> 00:24:31,820  
the time so if you want to get down to

637  
00:24:36,240 --> 00:24:33,260  
the nitty-gritty the science is there

638  
00:24:39,400 --> 00:24:36,250

there's so many different studies on how

639

00:24:41,590 --> 00:24:39,410

Candida proliferate it's in fungus and

640

00:24:43,390 --> 00:24:41,600

mold grows in an environment of EMF or

641

00:24:46,630 --> 00:24:43,400

these studies out of France where

642

00:24:50,169 --> 00:24:46,640

they've banned Wi-Fi in lower level

643

00:24:53,190 --> 00:24:50,179

schools or how China is actually

644

00:24:56,140 --> 00:24:53,200

requiring pregnant women to wear these

645

00:24:58,600 --> 00:24:56,150

EMF radiofrequency I've just learned

646

00:25:01,600 --> 00:24:58,610

this it's amazing but in China there's a

647

00:25:04,390 --> 00:25:01,610

lot of industry supporting pregnant

648

00:25:07,780 --> 00:25:04,400

women protecting their unborn baby with

649

00:25:10,660 --> 00:25:07,790

these aprons because other countries

650

00:25:12,280 --> 00:25:10,670

know and they don't call it EMF they

651  
00:25:14,500 --> 00:25:12,290  
call it radiation

652  
00:25:16,960 --> 00:25:14,510  
all right there's ionizing radiation and

653  
00:25:19,120 --> 00:25:16,970  
non ionizing radiation and being this

654  
00:25:20,830 --> 00:25:19,130  
work-in-progress that I'm I am

655  
00:25:22,840 --> 00:25:20,840  
constantly learning because I'm an

656  
00:25:24,850 --> 00:25:22,850  
activist I'm trying to keep it simple

657  
00:25:27,490 --> 00:25:24,860  
and convey these messages to the people

658  
00:25:30,400 --> 00:25:27,500  
in the way that I know how which is not

659  
00:25:32,770 --> 00:25:30,410  
dumbing it down but simplifying it a lot

660  
00:25:34,659 --> 00:25:32,780  
of countries already know about

661  
00:25:40,030 --> 00:25:34,669  
okay so you can bring it to them

662  
00:25:43,000 --> 00:25:40,040  
fact-based or in a fear way so basically

663  
00:25:45,870 --> 00:25:43,010

I think that the best way to bring it to

664

00:25:49,409 --> 00:25:45,880

their attention is in a productive

665

00:25:52,539 --> 00:25:49,419

positive solution-based

666

00:25:55,360 --> 00:25:52,549

proactive scenario so for instance

667

00:25:57,340 --> 00:25:55,370

instead of scaring them and saying that

668

00:25:58,930 --> 00:25:57,350

they can't use their phone I'm going to

669

00:26:00,640 --> 00:25:58,940

be offering a clothing line so I'm

670

00:26:02,620 --> 00:26:00,650

launching a clothing line that protects

671

00:26:04,659 --> 00:26:02,630

from this radiation that protects from

672

00:26:07,780 --> 00:26:04,669

the radiation from your smart meter from

673

00:26:11,650 --> 00:26:07,790

your Bluetooth from your Wi-Fi from this

674

00:26:14,169 --> 00:26:11,660

5g technology we are in this soup of non

675

00:26:16,720 --> 00:26:14,179

ionizing radiation ionizing radiation

676

00:26:19,080 --> 00:26:16,730

means it heats you non ionizing means it

677

00:26:21,310 --> 00:26:19,090

doesn't heat but it still does cause

678

00:26:23,880 --> 00:26:21,320

cumulative impacts so the things you

679

00:26:26,710 --> 00:26:23,890

want to worry about are cumulative and

680

00:26:29,260 --> 00:26:26,720

your proximity so how far you are away

681

00:26:31,299 --> 00:26:29,270

from like your cell tower or your Wi-Fi

682

00:26:33,159 --> 00:26:31,309

router and how often because it

683

00:26:36,340 --> 00:26:33,169

accumulates bioaccumulates in your body

684

00:26:38,470 --> 00:26:36,350

just like how tuna it bioaccumulates

685

00:26:39,730 --> 00:26:38,480

mercury by slowly eating a bunch of

686

00:26:41,770 --> 00:26:39,740

small fish and over time it gets a lot

687

00:26:43,930 --> 00:26:41,780

of mercury in it just like that your

688

00:26:45,970 --> 00:26:43,940

radiation levels will slowly grow and to

689

00:26:49,000 --> 00:26:45,980

a point where there are human health

690

00:26:50,500 --> 00:26:49,010

impacts so offering a solution based

691

00:26:52,900 --> 00:26:50,510

alternative instead of just scaring

692

00:26:54,310 --> 00:26:52,910

people it's a lot easier than an

693

00:26:55,600 --> 00:26:54,320

approach you can bring it to them at a

694

00:26:56,950 --> 00:26:55,610

place where you can basically leave the

695

00:26:58,510 --> 00:26:56,960

horse to water and they can think for

696

00:27:01,330 --> 00:26:58,520

themselves and do a little research and

697

00:27:02,740 --> 00:27:01,340

say well maybe if France and Germany and

698

00:27:05,590 --> 00:27:02,750

China and all these other countries are

699

00:27:07,990 --> 00:27:05,600

doing it and I'm seeing my friends and

700

00:27:10,930 --> 00:27:08,000

family and people or their sleep is

701  
00:27:12,610 --> 00:27:10,940  
being disrupted and so-and-so got

702  
00:27:13,810 --> 00:27:12,620  
leukemia and maybe it has something to

703  
00:27:16,570 --> 00:27:13,820  
do with this cell tower in front of the

704  
00:27:18,490 --> 00:27:16,580  
house the research is there but really

705  
00:27:20,980 --> 00:27:18,500  
people don't want to hear it they want

706  
00:27:22,539 --> 00:27:20,990  
to live their lives happy and they don't

707  
00:27:24,250 --> 00:27:22,549  
want to lose their convenience of their

708  
00:27:26,919 --> 00:27:24,260  
technology you know we love our

709  
00:27:27,970 --> 00:27:26,929  
technology so the clothing line which

710  
00:27:31,750 --> 00:27:27,980  
you can check out I'm doing a

711  
00:27:32,409 --> 00:27:31,760  
crowdfunding spero SPE ro which is Latin

712  
00:27:34,510 --> 00:27:32,419  
for hope

713  
00:27:36,460 --> 00:27:34,520

Sparrow protection clothing sparrow

714

00:27:38,409 --> 00:27:36,470

apparel it'll all be rolling out this

715

00:27:40,840 --> 00:27:38,419

year I'm really really really excited

716

00:27:42,730 --> 00:27:40,850

about it because ultimately I'm hosting

717

00:27:44,770 --> 00:27:42,740

these conferences I'm pumping out these

718

00:27:46,019 --> 00:27:44,780

flyers and DVDs I'm doing everything I

719

00:27:47,969 --> 00:27:46,029

can and bring awareness

720

00:27:51,450 --> 00:27:47,979

geoengineering and chemtrails and now

721

00:27:52,849 --> 00:27:51,460

the adverse impacts the 5g which I

722

00:27:54,839 --> 00:27:52,859

really want to get into the different

723

00:27:56,700 --> 00:27:54,849

communities that are speaking up against

724

00:27:59,599 --> 00:27:56,710

that as well but I really am excited

725

00:28:03,180 --> 00:27:59,609

about doing this so that I can have a

726

00:28:05,219 --> 00:28:03,190  
mechanism a utility that not only

727

00:28:08,310 --> 00:28:05,229  
protects people that can actually

728

00:28:11,219 --> 00:28:08,320  
produce a revenue stream that I can roll

729

00:28:12,719 --> 00:28:11,229  
over into further activism so first off

730

00:28:15,169 --> 00:28:12,729  
it's gonna be women and children first

731

00:28:18,029 --> 00:28:15,179  
so I'll be producing baby clothes and

732

00:28:20,009 --> 00:28:18,039  
maternity dresses but ultimately I'll

733

00:28:21,779 --> 00:28:20,019  
have gear for everybody t-shirts

734

00:28:24,659 --> 00:28:21,789  
sweatshirts jackets I'm gonna make it

735

00:28:27,389 --> 00:28:24,669  
stylish make it cool the GoFundMe is go

736

00:28:31,349 --> 00:28:27,399  
fund me.com slash protection clothing

737

00:28:35,009 --> 00:28:31,359  
because it protects and the idea or the

738

00:28:39,089 --> 00:28:35,019

proven technology is that the clothing

739

00:28:42,930 --> 00:28:39,099

is made out of either silver copper

740

00:28:46,109 --> 00:28:42,940

nickel or steel okay and you have it

741

00:28:48,749 --> 00:28:46,119

woven in as literal thread like you can

742

00:28:51,629 --> 00:28:48,759

have a hundred percent silver clothing

743

00:28:53,459 --> 00:28:51,639

or eighty percent and it's a blend of

744

00:28:56,190 --> 00:28:53,469

cotton and what-have-you but what

745

00:28:56,820 --> 00:28:56,200

happens is these small waves that are

746

00:28:59,009 --> 00:28:56,830

invisible

747

00:29:02,940 --> 00:28:59,019

unfortunately I mean natural gas you can

748

00:29:05,180 --> 00:29:02,950

smell but this invisible soup of

749

00:29:07,200 --> 00:29:05,190

radiation that we're now living in

750

00:29:09,329 --> 00:29:07,210

unfortunately and I really encourage

751

00:29:11,519 --> 00:29:09,339

people to get themselves in EMF RF

752

00:29:12,539 --> 00:29:11,529

meters to really see what you're being

753

00:29:13,979 --> 00:29:12,549

exposed to to see what kind of

754

00:29:15,749 --> 00:29:13,989

environment we actually live in let's

755

00:29:17,579 --> 00:29:15,759

see how much is coming off your phone

756

00:29:19,049 --> 00:29:17,589

and your smart meter and all that and

757

00:29:20,609 --> 00:29:19,059

some communities you can opt out of your

758

00:29:23,039 --> 00:29:20,619

smart meter and take some of this power

759

00:29:25,799 --> 00:29:23,049

back take some of this into your own at

760

00:29:27,690 --> 00:29:25,809

hand but ultimately what happens is

761

00:29:30,299 --> 00:29:27,700

these frequencies bounce off this

762

00:29:32,969 --> 00:29:30,309

littoral armor and the properties of

763

00:29:36,989 --> 00:29:32,979

these metals which only work with copper

764

00:29:39,629 --> 00:29:36,999

steel nickel and silver it bounces off

765

00:29:42,089 --> 00:29:39,639

and you're literally protected 99% of

766

00:29:44,759 --> 00:29:42,099

the radiation is shielded it's bounced

767

00:29:46,739 --> 00:29:44,769

off kind of like when you go and get an

768

00:29:48,479 --> 00:29:46,749

x-ray and you're wearing like a lead

769

00:29:51,359 --> 00:29:48,489

apron over your heart and what-have-you

770

00:29:53,849 --> 00:29:51,369

it's because the x-rays which are in

771

00:29:55,680 --> 00:29:53,859

that spectrum of light waves okay just

772

00:29:58,859 --> 00:29:55,690

because we don't see them x-rays are

773

00:29:59,950 --> 00:29:58,869

still defined as light all right it's

774

00:30:01,780 --> 00:29:59,960

kind of hard to wrap our

775

00:30:04,450 --> 00:30:01,790

heads around but once we start talking

776

00:30:07,510 --> 00:30:04,460

about frequency and blue light and the

777

00:30:09,580 --> 00:30:07,520

harms of these different sizes of waves

778

00:30:12,670 --> 00:30:09,590

it all starts to make sense but

779

00:30:15,580 --> 00:30:12,680

essentially these waves of harmful

780

00:30:17,170 --> 00:30:15,590

radiation waves they're deflected off of

781

00:30:20,110 --> 00:30:17,180

the metal that's embedded in this

782

00:30:23,500 --> 00:30:20,120

littoral armor that I'm producing mmm

783

00:30:25,240 --> 00:30:23,510

man I think it is a great idea of course

784

00:30:28,270 --> 00:30:25,250

as long as I can still look cool which

785

00:30:31,090 --> 00:30:28,280

you have addressed and obviously some

786

00:30:32,620 --> 00:30:31,100

protection is better than none but one

787

00:30:35,890 --> 00:30:32,630

of my concerns would be that it doesn't

788

00:30:37,750 --> 00:30:35,900

protect the head but I do think lining

789

00:30:39,190 --> 00:30:37,760

the pockets of pants where most of us

790

00:30:43,180 --> 00:30:39,200

are keeping the phone now that is a

791

00:30:45,970 --> 00:30:43,190

pretty genius idea well I'm making for

792

00:30:48,460 --> 00:30:45,980

instance a baby sleeping bag and it

793

00:30:50,770 --> 00:30:48,470

comes with either a hood or a little

794

00:30:53,320 --> 00:30:50,780

baby hat we're gonna have hats we're

795

00:30:56,560 --> 00:30:53,330

gonna have hoodies the first one that I

796

00:30:59,380 --> 00:30:56,570

developed was a copper lined sweatshirt

797

00:31:01,630 --> 00:30:59,390

with a 100 percent silver hood which

798

00:31:03,520 --> 00:31:01,640

actually is pretty gee dude it looks so

799

00:31:05,380 --> 00:31:03,530

cool but the copper wasn't really

800

00:31:07,630 --> 00:31:05,390

holding up in the wash so I'm working

801  
00:31:09,280 --> 00:31:07,640  
with some other material that holds up a

802  
00:31:11,200 --> 00:31:09,290  
little better but I'm really excited

803  
00:31:13,900 --> 00:31:11,210  
about the prototypes that I've been

804  
00:31:15,880 --> 00:31:13,910  
creating because it's all this new field

805  
00:31:17,680 --> 00:31:15,890  
especially in the United States so I'm

806  
00:31:19,060 --> 00:31:17,690  
just doing what I can I'm working with

807  
00:31:21,280 --> 00:31:19,070  
this local seamstress in Northern

808  
00:31:24,730 --> 00:31:21,290  
California and on the crowdfund I have

809  
00:31:26,920 --> 00:31:24,740  
my first line of the prototypes which

810  
00:31:28,690 --> 00:31:26,930  
I'm modeling but yeah for sure the head

811  
00:31:31,390 --> 00:31:28,700  
will be protected you'll even be able to

812  
00:31:32,950 --> 00:31:31,400  
have I'm actually wearing a silver

813  
00:31:35,140 --> 00:31:32,960

hoodie right now

814

00:31:38,020 --> 00:31:35,150  
and so I could actually hold a cell

815

00:31:40,660 --> 00:31:38,030  
phone up to my head and it deflects off

816

00:31:43,360 --> 00:31:40,670  
of the silver and the radiation doesn't

817

00:31:44,560 --> 00:31:43,370  
go into my brain if you read the

818

00:31:45,790 --> 00:31:44,570  
information on the cell phone it says

819

00:31:48,540 --> 00:31:45,800  
not to hold the thing up to your head

820

00:31:51,670 --> 00:31:48,550  
literally because the signal it will

821

00:31:53,260 --> 00:31:51,680  
impact where you hold it and people that

822

00:31:54,670 --> 00:31:53,270  
hold their phones up to their head a

823

00:31:56,470 --> 00:31:54,680  
certain side of their head all the time

824

00:31:57,430 --> 00:31:56,480  
they're experiencing right there in

825

00:31:59,920 --> 00:31:57,440  
their head they're experiencing brain

826  
00:32:01,780 --> 00:31:59,930  
tumors or even if you look into my crowd

827  
00:32:04,390 --> 00:32:01,790  
fine which I tried to make it a little

828  
00:32:06,250 --> 00:32:04,400  
research a little inspiration I mean you

829  
00:32:08,590 --> 00:32:06,260  
really do need to bring it to people in

830  
00:32:10,120 --> 00:32:08,600  
a nice light you can't pile on all the

831  
00:32:12,760 --> 00:32:10,130  
information but there's different

832  
00:32:14,139 --> 00:32:12,770  
instances where for instance women who

833  
00:32:16,659 --> 00:32:14,149  
have their phone and

834  
00:32:18,519 --> 00:32:16,669  
near their breasts in their bra right

835  
00:32:22,539 --> 00:32:18,529  
where they keep it they're developing a

836  
00:32:25,929 --> 00:32:22,549  
square version of tumors the phones that

837  
00:32:29,379 --> 00:32:25,939  
we have now are already creating impacts

838  
00:32:31,089 --> 00:32:29,389

and that's before the 5g technology can

839

00:32:32,949 --> 00:32:31,099

I segue into 5g I can talk about that

840

00:32:33,249 --> 00:32:32,959

just for a second while we get going on

841

00:32:38,709 --> 00:32:33,259

it

842

00:32:40,779 --> 00:32:38,719

you and your awesome great the thing

843

00:32:42,699 --> 00:32:40,789

about the 5g that people don't know

844

00:32:45,329 --> 00:32:42,709

because it's being pushed as this

845

00:32:48,069 --> 00:32:45,339

amazing thing fast download speeds and

846

00:32:50,289 --> 00:32:48,079

augmented reality don't you want

847

00:32:52,329 --> 00:32:50,299

arghhhh mented reality well honestly I

848

00:32:54,429 --> 00:32:52,339

could care less about augmented reality

849

00:32:56,199 --> 00:32:54,439

and self-driving cars but the way it's

850

00:32:59,769 --> 00:32:56,209

being pushed is it's the next generation

851  
00:33:02,949 --> 00:32:59,779  
you know 3G 4G 5g here we go 5g is

852  
00:33:05,019 --> 00:33:02,959  
coming and the thing about the 5g it's

853  
00:33:09,969 --> 00:33:05,029  
actually pretty primitive the technology

854  
00:33:12,339 --> 00:33:09,979  
it's one millimeter sized weighs okay so

855  
00:33:15,969 --> 00:33:12,349  
to give you some reference here a penny

856  
00:33:18,549 --> 00:33:15,979  
is one and a half millimeters thick so

857  
00:33:20,499 --> 00:33:18,559  
basically the width of a penny these

858  
00:33:22,269 --> 00:33:20,509  
little invisible laser beams are going

859  
00:33:24,549 --> 00:33:22,279  
to be shooting all over the place to

860  
00:33:26,169 --> 00:33:24,559  
transmit data and actually your cell

861  
00:33:29,079 --> 00:33:26,179  
phone will turn into an Internet of

862  
00:33:31,629 --> 00:33:29,089  
Things antenna where it'll actually be

863  
00:33:33,459 --> 00:33:31,639

receiving and sending out the signal so

864

00:33:35,169 --> 00:33:33,469

your phone is gonna be a whole new beast

865

00:33:38,259 --> 00:33:35,179

where it's actually going to be a small

866

00:33:41,349 --> 00:33:38,269

cell tower essentially and the one

867

00:33:43,659 --> 00:33:41,359

millimeter size carrier wave which was

868

00:33:46,779 --> 00:33:43,669

actually created by the military when

869

00:33:48,369 --> 00:33:46,789

they created the Active Denial system I

870

00:33:51,939 --> 00:33:48,379

encourage people to look this up but the

871

00:33:54,429 --> 00:33:51,949

ad S Active Denial system was created by

872

00:33:56,679 --> 00:33:54,439

the military to make a frequency fence

873

00:33:58,689 --> 00:33:56,689

if you look at images of it it looks

874

00:34:01,149 --> 00:33:58,699

literally like a cell tower on top of a

875

00:34:05,109 --> 00:34:01,159

Hummer but what they do is they utilize

876

00:34:06,939 --> 00:34:05,119

the 1 millimeter wave to pulse this

877

00:34:09,489 --> 00:34:06,949

millimeter wave and anybody who goes

878

00:34:12,220 --> 00:34:09,499

into this frequency fence zone their

879

00:34:14,169 --> 00:34:12,230

skin burns so bad you know they're in so

880

00:34:17,220 --> 00:34:14,179

much pain they can't be there so they've

881

00:34:21,039 --> 00:34:17,230

had to tweak the size of the wave to be

882

00:34:22,869 --> 00:34:21,049

not that exact size but enough that it

883

00:34:24,669 --> 00:34:22,879

absorbs into your skin a little bit

884

00:34:26,200 --> 00:34:24,679

instead of burning the surface of your

885

00:34:27,970 --> 00:34:26,210

skin so this is military-grade

886

00:34:30,220 --> 00:34:27,980

technology

887

00:34:31,740 --> 00:34:30,230

but still we don't have the

888

00:34:34,540 --> 00:34:31,750

infrastructure for it to even work

889

00:34:36,760 --> 00:34:34,550

pulsing a one millimeter size wave it

890

00:34:38,220 --> 00:34:36,770

can only go a few hundred feet without

891

00:34:40,500 --> 00:34:38,230

all this infrastructure that's required

892

00:34:46,359 --> 00:34:40,510

so to give you a little bit of reference

893

00:34:50,260 --> 00:34:46,369

FM radio waves are 10 feet in height AM

894

00:34:52,149 --> 00:34:50,270

are 1,000 feet roughly in size so

895

00:34:53,980 --> 00:34:52,159

imagine a 10-foot sized wave or a

896

00:34:55,599 --> 00:34:53,990

thousand foot sized wave or even the

897

00:34:58,480 --> 00:34:55,609

waves that we're dealing with now which

898

00:35:00,250 --> 00:34:58,490

are drastically larger like ten to

899

00:35:02,440 --> 00:35:00,260

twenty to a hundred times larger than

900

00:35:04,630 --> 00:35:02,450

one millimeter in size but these waves

901  
00:35:06,130 --> 00:35:04,640  
that are being shot around everywhere

902  
00:35:08,859 --> 00:35:06,140  
that we live in that we interact with

903  
00:35:11,530 --> 00:35:08,869  
right now they don't impact our biology

904  
00:35:15,069 --> 00:35:11,540  
because of their size and the rate at

905  
00:35:17,470 --> 00:35:15,079  
which they pulse their hertz okay so the

906  
00:35:21,250 --> 00:35:17,480  
amount of times that a wave goes by in a

907  
00:35:23,109 --> 00:35:21,260  
second is there hertz discovered and

908  
00:35:26,170 --> 00:35:23,119  
especially studied by Heinrich Hertz

909  
00:35:29,560 --> 00:35:26,180  
Heinrich Hertz was exposed to so much

910  
00:35:32,319 --> 00:35:29,570  
radio frequency radiation that he died

911  
00:35:34,900 --> 00:35:32,329  
early at the age of 36 which is very

912  
00:35:37,630 --> 00:35:34,910  
much worth noting Heinrich Hertz and his

913  
00:35:40,359 --> 00:35:37,640

death so we're dealing with one

914

00:35:43,900 --> 00:35:40,369

millimeter size weight and these radio

915

00:35:46,690 --> 00:35:43,910

frequency waves they are essentially

916

00:35:50,740 --> 00:35:46,700

there in the family of light speed

917

00:35:52,780 --> 00:35:50,750

they're shooting around at 186,000 miles

918

00:35:53,920 --> 00:35:52,790

per second the speed of light okay to

919

00:35:57,099 --> 00:35:53,930

give you another reference point the

920

00:35:59,980 --> 00:35:57,109

speed of sound is 760 miles per hour so

921

00:36:02,800 --> 00:35:59,990

186,000 miles per second versus sound

922

00:36:05,710 --> 00:36:02,810

which is 760 miles per hour so we're

923

00:36:08,319 --> 00:36:05,720

being blasted by these invisible waves

924

00:36:10,390 --> 00:36:08,329

that our body is translating as light

925

00:36:12,430 --> 00:36:10,400

okay so we're absorbing them into our

926  
00:36:14,200 --> 00:36:12,440  
pineal gland and what have you and our

927  
00:36:15,760 --> 00:36:14,210  
body thinks it's high noon and I already

928  
00:36:17,859 --> 00:36:15,770  
talked about that with that can do to

929  
00:36:19,329 --> 00:36:17,869  
our bodies but what they need for this

930  
00:36:21,700 --> 00:36:19,339  
infrastructure to propagate this one

931  
00:36:25,059 --> 00:36:21,710  
millimeter wave is they need a cell

932  
00:36:26,890 --> 00:36:25,069  
tower on every street corner okay

933  
00:36:28,990 --> 00:36:26,900  
there's talk of having them every three

934  
00:36:32,260 --> 00:36:29,000  
homes there's talk of having them every

935  
00:36:34,059 --> 00:36:32,270  
500 feet and so I'm gonna back up so I

936  
00:36:36,700 --> 00:36:34,069  
moved to Arizona to host this conference

937  
00:36:38,829 --> 00:36:36,710  
about chemtrails and geoengineering last

938  
00:36:39,910 --> 00:36:38,839

year and I was living in a small town of

939

00:36:41,799 --> 00:36:39,920

Sedona Arizona

940

00:36:43,569 --> 00:36:41,809

this little spiritual communities

941

00:36:46,359 --> 00:36:43,579

by a beautiful red rocks and you're

942

00:36:49,509 --> 00:36:46,369

basically living in a national park now

943

00:36:51,370 --> 00:36:49,519

in that small vast desert community

944

00:36:53,979 --> 00:36:51,380

which is nice and spread up there's

945

00:36:55,390 --> 00:36:53,989

about three cell towers essentially

946

00:36:57,549 --> 00:36:55,400

there's one big cell tower in the middle

947

00:36:59,620 --> 00:36:57,559

of town where the tourists go but all

948

00:37:01,839 --> 00:36:59,630

over that town there's three cell towers

949

00:37:06,390 --> 00:37:01,849

well to put in the 5g infrastructure

950

00:37:10,599 --> 00:37:06,400

which it's a mandatory nationwide

951  
00:37:13,329 --> 00:37:10,609  
deployment and Trump in the FCC say that

952  
00:37:16,089 --> 00:37:13,339  
it's mandated that's gonna be nationwide

953  
00:37:18,429 --> 00:37:16,099  
and the first state to deploy to be

954  
00:37:20,439 --> 00:37:18,439  
statewide is Arizona and it will be

955  
00:37:22,179 --> 00:37:20,449  
deployed and operational in the year

956  
00:37:23,949 --> 00:37:22,189  
2020 and then there's all these cities

957  
00:37:26,499 --> 00:37:23,959  
that are rolling it out to test it such

958  
00:37:28,179 --> 00:37:26,509  
as Sacramento and Indianapolis and I

959  
00:37:30,549 --> 00:37:28,189  
even hear San Diego and what-have-you

960  
00:37:34,479 --> 00:37:30,559  
but to have this infrastructure the city

961  
00:37:36,759 --> 00:37:34,489  
of Sedona has to erect 26 new towers and

962  
00:37:39,039 --> 00:37:36,769  
hundreds and hundreds and hundreds of

963  
00:37:42,249 --> 00:37:39,049

small cell towers to clone them small

964

00:37:44,799 --> 00:37:42,259

cells and the thing that they're doing

965

00:37:46,749 --> 00:37:44,809

is disguising them there's certain rules

966

00:37:48,880 --> 00:37:46,759

that the FCC has put into place that

967

00:37:51,160 --> 00:37:48,890

they can't impact property values so

968

00:37:53,019 --> 00:37:51,170

they are disguising them as trees as

969

00:37:55,749 --> 00:37:53,029

mailbox putting them on light post and

970

00:37:59,140 --> 00:37:55,759

what-have-you the FCC has specifically

971

00:38:01,359 --> 00:37:59,150

said that local municipalities cannot

972

00:38:03,069 --> 00:38:01,369

take into consideration human health

973

00:38:05,859 --> 00:38:03,079

impacts okay

974

00:38:07,299 --> 00:38:05,869

so they're putting a cell tower you flip

975

00:38:08,799 --> 00:38:07,309

a coin you might have one on your street

976

00:38:11,019 --> 00:38:08,809

corner you might have one in front of

977

00:38:12,640 --> 00:38:11,029

your home you might have one a few

978

00:38:15,160 --> 00:38:12,650

hundred feet down the street but you'll

979

00:38:17,979 --> 00:38:15,170

have one essentially visible from your

980

00:38:21,130 --> 00:38:17,989

home and it's going to be pulsing this

981

00:38:23,829 --> 00:38:21,140

radiofrequency radiation that has not

982

00:38:27,009 --> 00:38:23,839

been properly tested well let's just

983

00:38:30,370 --> 00:38:27,019

back up it has been internationally but

984

00:38:34,150 --> 00:38:30,380

it's been not accurately tested unbiased

985

00:38:35,890 --> 00:38:34,160

in our country okay and essentially we

986

00:38:38,620 --> 00:38:35,900

are not given any sort of choice

987

00:38:41,349 --> 00:38:38,630

whatsoever so different activist

988

00:38:44,499 --> 00:38:41,359

communities who are knowledgeable who

989

00:38:46,479 --> 00:38:44,509

are aware and haven't necessarily gotten

990

00:38:50,019 --> 00:38:46,489

the towers yet they're speaking up so I

991

00:38:51,549 --> 00:38:50,029

just went to a County Board of

992

00:38:53,380 --> 00:38:51,559

Supervisors meeting so different towns

993

00:38:55,660 --> 00:38:53,390

and communities are meeting and they're

994

00:38:58,030 --> 00:38:55,670

discussing what kind of zoning ordinance

995

00:38:59,170 --> 00:38:58,040

can they put in nobody wants these

996

00:39:02,829 --> 00:38:59,180

things in front of our house when they

997

00:39:05,079 --> 00:39:02,839

learn about the potential hazards so in

998

00:39:07,660 --> 00:39:05,089

Marin County which is the county north

999

00:39:09,069 --> 00:39:07,670

of San Francisco all these different

1000

00:39:10,480 --> 00:39:09,079

towns have been meeting and having City

1001  
00:39:13,120 --> 00:39:10,490  
Council and town council meetings and

1002  
00:39:15,640 --> 00:39:13,130  
this group of activists approximately 40

1003  
00:39:19,150 --> 00:39:15,650  
people have been lining up to speak

1004  
00:39:21,609 --> 00:39:19,160  
doctors and very noteworthy speakers and

1005  
00:39:24,220 --> 00:39:21,619  
everyone gets three minutes well I went

1006  
00:39:26,079 --> 00:39:24,230  
down to one of these meetings in Marin

1007  
00:39:28,390 --> 00:39:26,089  
County Board of Supervisors about two

1008  
00:39:29,079 --> 00:39:28,400  
weeks ago and I did a little filming for

1009  
00:39:30,970 --> 00:39:29,089  
my film

1010  
00:39:34,210 --> 00:39:30,980  
which is going to be called altered

1011  
00:39:36,910 --> 00:39:34,220  
which talks about frequency past present

1012  
00:39:38,890 --> 00:39:36,920  
and future and the potential dystopian

1013  
00:39:40,329 --> 00:39:38,900

future that will be slippin ourselves

1014

00:39:42,789 --> 00:39:40,339

into if we don't bring some knowledge

1015

00:39:46,299 --> 00:39:42,799

and awareness to the world but I went

1016

00:39:48,700 --> 00:39:46,309

there and I lined up and I spoke I'm 38

1017

00:39:51,670 --> 00:39:48,710

years old I was the youngest by far in

1018

00:39:53,680 --> 00:39:51,680

that room speaking everyone in there

1019

00:39:56,109 --> 00:39:53,690

that was speaking was very knowledgeable

1020

00:39:59,220 --> 00:39:56,119

and amazing but nobody from the youth

1021

00:40:01,839 --> 00:39:59,230

was represented because the youth is I

1022

00:40:05,799 --> 00:40:01,849

don't want to say mind controlled or

1023

00:40:07,980 --> 00:40:05,809

programmed but they are conditioned to a

1024

00:40:10,359 --> 00:40:07,990

belief system that their gadgets are

1025

00:40:11,470 --> 00:40:10,369

very important to them and that download

1026

00:40:14,049 --> 00:40:11,480

speeds are very important and they're

1027

00:40:15,880 --> 00:40:14,059

not realizing the potential hazards this

1028

00:40:18,520 --> 00:40:15,890

is creating so once we gave our

1029

00:40:20,500 --> 00:40:18,530

dissertation to the Marin County Board

1030

00:40:23,260 --> 00:40:20,510

of Supervisors it was very well received

1031

00:40:26,890 --> 00:40:23,270

and the talk is that there will be

1032

00:40:28,809 --> 00:40:26,900

putting in ordinances so that the Zoning

1033

00:40:31,690 --> 00:40:28,819

Commission can say okay we can only have

1034

00:40:33,730 --> 00:40:31,700

this many towers per square mile and

1035

00:40:36,640 --> 00:40:33,740

what have you our distance from schools

1036

00:40:38,920 --> 00:40:36,650

and what have you but if you don't speak

1037

00:40:40,750 --> 00:40:38,930

up and if you don't bring this attention

1038

00:40:42,609 --> 00:40:40,760

to your local municipality your Town

1039

00:40:45,460 --> 00:40:42,619

Council what have you your city

1040

00:40:49,240 --> 00:40:45,470

officials then the telecom industry who

1041

00:40:50,349 --> 00:40:49,250

has a larger budget than Big Pharma okay

1042

00:40:52,359 --> 00:40:50,359

if you can wrap your head around that

1043

00:40:55,780 --> 00:40:52,369

the telecom industry they will come and

1044

00:40:58,809 --> 00:40:55,790

put us tower a small cell tower on your

1045

00:41:00,460 --> 00:40:58,819

block without any sort of consent so

1046

00:41:02,829 --> 00:41:00,470

essentially it's our time now to speak

1047

00:41:05,140 --> 00:41:02,839

up it's gonna be a lot harder to get

1048

00:41:07,480 --> 00:41:05,150

these towers removed than it is to just

1049

00:41:09,309 --> 00:41:07,490

put in some sort of ordinance that says

1050

00:41:11,410 --> 00:41:09,319

some rules surround

1051  
00:41:13,359 --> 00:41:11,420  
miss Marin is actually considering

1052  
00:41:15,160 --> 00:41:13,369  
banning it all together there are

1053  
00:41:16,900 --> 00:41:15,170  
nuclear free zone and they're

1054  
00:41:19,150 --> 00:41:16,910  
considering completely banning it so I

1055  
00:41:22,630 --> 00:41:19,160  
hope that happens yeah that's great news

1056  
00:41:24,430 --> 00:41:22,640  
about Marin County and I was actually

1057  
00:41:27,009 --> 00:41:24,440  
just reading before this that the San

1058  
00:41:29,650 --> 00:41:27,019  
Francisco Bay Area may be a different

1059  
00:41:33,279 --> 00:41:29,660  
County or neighboring has actually

1060  
00:41:35,739 --> 00:41:33,289  
banned 5g towers over health concerns

1061  
00:41:37,420 --> 00:41:35,749  
which is funny because that's pretty

1062  
00:41:39,549 --> 00:41:37,430  
much where the stuff comes from it's

1063  
00:41:42,069 --> 00:41:39,559

kind of like when Steve Jobs said he

1064

00:41:44,079 --> 00:41:42,079

wouldn't let his own kids use an iPad

1065

00:41:48,759 --> 00:41:44,089

it's like we don't want it this is for

1066

00:41:50,859 --> 00:41:48,769

you guys and that was a small town of

1067

00:41:52,749 --> 00:41:50,869

very rich people which I believe it's

1068

00:41:54,339 --> 00:41:52,759

like executives working for the telecom

1069

00:41:56,140 --> 00:41:54,349

industry and people out of Silicon

1070

00:41:58,479 --> 00:41:56,150

Valley it's in the town of Mill Valley

1071

00:41:59,579 --> 00:41:58,489

it's just north of San Francisco and

1072

00:42:01,900 --> 00:41:59,589

it's in the county that I've been

1073

00:42:04,029 --> 00:42:01,910

referencing Marin but yes they

1074

00:42:06,519 --> 00:42:04,039

completely banned it because they know

1075

00:42:07,809 --> 00:42:06,529

right they know the potential harmful

1076

00:42:10,299 --> 00:42:07,819

health impacts

1077

00:42:12,489 --> 00:42:10,309

once you learn about it it's that much

1078

00:42:14,410 --> 00:42:12,499

more important to speak your voice okay

1079

00:42:16,120 --> 00:42:14,420

this one millimeter technology it's

1080

00:42:19,209 --> 00:42:16,130

actually being used right now in body

1081

00:42:21,670 --> 00:42:19,219

scanners when you go to the TSA and you

1082

00:42:23,109 --> 00:42:21,680

get scanned or you opt out which I opted

1083

00:42:24,749 --> 00:42:23,119

out every time I go on a plane I don't

1084

00:42:28,930 --> 00:42:24,759

get scared I out for the pat-down

1085

00:42:32,049 --> 00:42:28,940

people have the right to opt out you can

1086

00:42:34,989 --> 00:42:32,059

opt out of not getting put inside of a

1087

00:42:38,049 --> 00:42:34,999

one millimeter size wave body scanner

1088

00:42:41,559 --> 00:42:38,059

and that's for how long five seconds ten

1089

00:42:43,569 --> 00:42:41,569

seconds so we can opt out of that but we

1090

00:42:46,599 --> 00:42:43,579

won't be able to opt out of living in

1091

00:42:48,699 --> 00:42:46,609

that environment 24/7 all right and then

1092

00:42:51,279 --> 00:42:48,709

if you start researching TSA employees

1093

00:42:53,199 --> 00:42:51,289

and cancer pockets and TSA employees

1094

00:42:56,890 --> 00:42:53,209

speaking up and saying that there have

1095

00:42:59,259 --> 00:42:56,900

been proven instances of employees being

1096

00:43:01,870 --> 00:42:59,269

impacted by working near these machines

1097

00:43:04,239 --> 00:43:01,880

the proof is in the pudding hmm

1098

00:43:07,180 --> 00:43:04,249

that's actually really smart I never

1099

00:43:09,009 --> 00:43:07,190

thought much about looking at the TSA

1100

00:43:10,329 --> 00:43:09,019

folks for health concerns because

1101  
00:43:12,249 --> 00:43:10,339  
they're near this stuff all the time

1102  
00:43:14,979 --> 00:43:12,259  
but I have definitely heard that these

1103  
00:43:17,289 --> 00:43:14,989  
airport scanners were field tests for

1104  
00:43:19,209 --> 00:43:17,299  
trying to get the technology just right

1105  
00:43:21,910 --> 00:43:19,219  
so that it affects us but we don't

1106  
00:43:23,210 --> 00:43:21,920  
necessarily notice and it's a really

1107  
00:43:25,630 --> 00:43:23,220  
dirty trick because

1108  
00:43:28,040 --> 00:43:25,640  
the whole flight process itself is

1109  
00:43:30,920 --> 00:43:28,050  
taxing on the body and so when you get

1110  
00:43:34,190 --> 00:43:30,930  
off a flight and you feel sick or weak

1111  
00:43:36,680 --> 00:43:34,200  
or tired you don't really know why you

1112  
00:43:39,770 --> 00:43:36,690  
know it's hard to pinpoint it to is it

1113  
00:43:42,740 --> 00:43:39,780

the flight packing me in like [h\_\_h]

1114

00:43:44,450 --> 00:43:42,750

sardines or is it what I did a half hour

1115

00:43:46,820 --> 00:43:44,460

before that walking through the scanner

1116

00:43:48,830 --> 00:43:46,830

like everything our environment is so

1117

00:43:50,720 --> 00:43:48,840

full of poisons that it's hard to

1118

00:43:53,300 --> 00:43:50,730

isolate what's causing what we just know

1119

00:43:56,270 --> 00:43:53,310

we're all feeling like [h\_\_h] sick and

1120

00:43:58,460 --> 00:43:56,280

tired exactly but we can mitigate this

1121

00:44:00,170 --> 00:43:58,470

exposure we can minimize our exposure to

1122

00:44:02,420 --> 00:44:00,180

the radiation we can take our health

1123

00:44:04,340 --> 00:44:02,430

into our own hands we can do all sorts

1124

00:44:06,560 --> 00:44:04,350

of things we can chelate the heavy

1125

00:44:08,630 --> 00:44:06,570

metals that were being exposed to we can

1126

00:44:11,690 --> 00:44:08,640

mineralize ourselves so we're not

1127

00:44:13,880 --> 00:44:11,700

mineral deficient we can tune in to the

1128

00:44:16,610 --> 00:44:13,890

Schumann's resonance by grounding we can

1129

00:44:19,550 --> 00:44:16,620

learn about our biology learn about that

1130

00:44:22,910 --> 00:44:19,560

our hearts and our brains the emit

1131

00:44:25,700 --> 00:44:22,920

frequencies okay even our organs emit

1132

00:44:29,200 --> 00:44:25,710

frequency and our entire body has this

1133

00:44:31,520 --> 00:44:29,210

harmonized frequency which is our

1134

00:44:32,960 --> 00:44:31,530

resonant frequency which if you learn

1135

00:44:34,790 --> 00:44:32,970

about some of this stuff like for

1136

00:44:37,100 --> 00:44:34,800

instance binaural beats yeah

1137

00:44:39,650 --> 00:44:37,110

binaural beats which was really new to

1138

00:44:43,010 --> 00:44:39,660

me a few years ago but now I utilize

1139

00:44:46,250 --> 00:44:43,020

this binaural beats is a testament to

1140

00:44:51,200 --> 00:44:46,260

how malleable and programmable our

1141

00:44:52,430 --> 00:44:51,210

brains are our actual brains so we are

1142

00:44:56,090 --> 00:44:52,440

in a different brainwave states when

1143

00:44:58,340 --> 00:44:56,100

we're happy sad in a stressed mode or in

1144

00:45:00,740 --> 00:44:58,350

a meditative sleeping State and it's

1145

00:45:02,960 --> 00:45:00,750

easy to look up there's theta Beta Alpha

1146

00:45:05,080 --> 00:45:02,970

different brainwave states and what's

1147

00:45:07,130 --> 00:45:05,090

interesting about learning about

1148

00:45:09,470 --> 00:45:07,140

programming through the television is

1149

00:45:10,850 --> 00:45:09,480

we're put into a very susceptible brain

1150

00:45:14,540 --> 00:45:10,860

wave state when we're being programmed

1151  
00:45:17,720 --> 00:45:14,550  
okay but when you learn about binaural

1152  
00:45:20,870 --> 00:45:17,730  
beats what you see is just by putting on

1153  
00:45:23,570 --> 00:45:20,880  
these headphones the binaural beats get

1154  
00:45:25,850 --> 00:45:23,580  
your brain to calculate the differential

1155  
00:45:27,560 --> 00:45:25,860  
of what's going on in each headphone so

1156  
00:45:29,630 --> 00:45:27,570  
one headphone for instance can be 12

1157  
00:45:31,580 --> 00:45:29,640  
Hertz music playing at 12 Hertz the

1158  
00:45:33,770 --> 00:45:31,590  
other headphone could be seven Hertz

1159  
00:45:36,710 --> 00:45:33,780  
alright and then the difference

1160  
00:45:39,530 --> 00:45:36,720  
twelve minus seven which is five you are

1161  
00:45:41,300 --> 00:45:39,540  
brain waves will then equate to the

1162  
00:45:44,060 --> 00:45:41,310  
differential and then your brainwave

1163  
00:45:46,250 --> 00:45:44,070

state will gradually go into five Hertz

1164

00:45:49,280 --> 00:45:46,260

which I believe is in that range of

1165

00:45:51,050 --> 00:45:49,290

theta which in theta you're very relaxed

1166

00:45:53,450 --> 00:45:51,060

you're very tuned in and in this

1167

00:45:55,910 --> 00:45:53,460

meditative sleeping state and you can

1168

00:45:58,339 --> 00:45:55,920

get in this meditation trance state very

1169

00:46:00,740 --> 00:45:58,349

very easily you look back at World War

1170

00:46:02,089 --> 00:46:00,750

two Joseph Goebbels and I'm sure I'm

1171

00:46:03,830 --> 00:46:02,099

preaching to the choir and you've talked

1172

00:46:05,780 --> 00:46:03,840

about this a lot Greg you know I

1173

00:46:08,690 --> 00:46:05,790

appreciate your show but for the people

1174

00:46:13,400 --> 00:46:08,700

that don't know about this our music was

1175

00:46:17,180 --> 00:46:13,410

retuned by the chief propaganda minister

1176

00:46:20,950 --> 00:46:17,190

of the nazis okay Joseph Goebbels

1177

00:46:24,410 --> 00:46:20,960

so our music is turned to a 440 Hertz a

1178

00:46:26,089 --> 00:46:24,420

well before it was tuned to 432 Hertz a

1179

00:46:28,490 --> 00:46:26,099

and then once you turn the a everything

1180

00:46:30,859 --> 00:46:28,500

else is pushed up on that scale but just

1181

00:46:33,500 --> 00:46:30,869

by tweaking it eight Hertz we went from

1182

00:46:35,630 --> 00:46:33,510

music that was harmonious to music that

1183

00:46:40,000 --> 00:46:35,640

would kind of agitate us had not put us

1184

00:46:42,380 --> 00:46:40,010

in to this conducive spiritual

1185

00:46:44,510 --> 00:46:42,390

meditative amazing place because they

1186

00:46:46,950 --> 00:46:44,520

didn't want people having this amazing

1187

00:46:49,440 --> 00:46:46,960

spiritual reaction

1188

00:46:51,960 --> 00:46:49,450

you know this frequency elevated

1189

00:46:55,079 --> 00:46:51,970

reaction just by listening to music so

1190

00:46:57,420 --> 00:46:55,089

somehow this was adopted and guy balls

1191

00:46:59,040 --> 00:46:57,430

got the British music folks to pick it

1192

00:47:01,620 --> 00:46:59,050

up and here we're still rocking it but

1193

00:47:02,819 --> 00:47:01,630

you know you back up to so I'm going to

1194

00:47:05,370 --> 00:47:02,829

talk about my movie for a minute

1195

00:47:08,460 --> 00:47:05,380

so in Franken skies we started off in

1196

00:47:09,390 --> 00:47:08,470

the 1920s and if you're hurt on the fan

1197

00:47:11,579 --> 00:47:09,400

so you don't believe in weather

1198

00:47:14,450 --> 00:47:11,589

modification after just a few minutes of

1199

00:47:17,880 --> 00:47:14,460

watching Franken skies it becomes

1200

00:47:22,740 --> 00:47:17,890

self-evident that webinar modification

1201  
00:47:24,540 --> 00:47:22,750  
has been ongoing for decades for a near

1202  
00:47:26,460 --> 00:47:24,550  
century and then if you do a little

1203  
00:47:28,950 --> 00:47:26,470  
research you can realize that there's

1204  
00:47:31,170 --> 00:47:28,960  
all these ongoing programs there's the

1205  
00:47:33,180 --> 00:47:31,180  
stratospheric particle injection for

1206  
00:47:35,940 --> 00:47:33,190  
climate engineering called spice there's

1207  
00:47:37,500 --> 00:47:35,950  
a tropospheric aerosol program tap

1208  
00:47:40,049 --> 00:47:37,510  
through the Department of Energy

1209  
00:47:42,120 --> 00:47:40,059  
there's the care program charged aerosol

1210  
00:47:44,069 --> 00:47:42,130  
release experiment through NASA and NASA

1211  
00:47:46,290 --> 00:47:44,079  
has a budget of 50 million dollars per

1212  
00:47:48,690 --> 00:47:46,300  
day and they use that to spray our skies

1213  
00:47:50,609 --> 00:47:48,700

publicly there's stratospheric aerosol

1214

00:47:53,339 --> 00:47:50,619

injections si eye there's solar

1215

00:47:56,339 --> 00:47:53,349

radiation management SRM there's all

1216

00:47:57,059 --> 00:47:56,349

these programs with ongoing hidden in

1217

00:47:59,970 --> 00:47:57,069

plain sight

1218

00:48:02,549 --> 00:47:59,980

ongoing aerosol spraying in our skies

1219

00:48:04,650 --> 00:48:02,559

okay so the history is really important

1220

00:48:07,950 --> 00:48:04,660

to really grasp what's going on present

1221

00:48:10,020 --> 00:48:07,960

just like that the history for frequency

1222

00:48:12,870 --> 00:48:10,030

I'll be diving into that in my film

1223

00:48:15,359 --> 00:48:12,880

altered to talk about things like Royal

1224

00:48:18,750 --> 00:48:15,369

Raymond rife I went to the library the

1225

00:48:21,120 --> 00:48:18,760

other day I could not find a single book

1226

00:48:24,420 --> 00:48:21,130

or the librarian didn't even know who

1227

00:48:26,370 --> 00:48:24,430

roaring man rifle was okay rifle was a

1228

00:48:29,130 --> 00:48:26,380

genius he invented the first

1229

00:48:32,220 --> 00:48:29,140

high-powered microscope he literally was

1230

00:48:34,950 --> 00:48:32,230

the grandfather of frequency and he

1231

00:48:37,349 --> 00:48:34,960

developed his rifle machine and with the

1232

00:48:40,650 --> 00:48:37,359

rifle machine he utilized frequency to

1233

00:48:43,980 --> 00:48:40,660

tune frequency to the certain Hertz that

1234

00:48:48,150 --> 00:48:43,990

could destroy certain ailments viruses

1235

00:48:50,099 --> 00:48:48,160

or cancer what-have-you so just like how

1236

00:48:52,440 --> 00:48:50,109

an opera singer can tune their voice and

1237

00:48:54,900 --> 00:48:52,450

shatter a champagne glass right in front

1238

00:48:56,720 --> 00:48:54,910

of you it's that certain pitch well he

1239

00:48:59,760 --> 00:48:56,730

created this machine the rifle machine

1240

00:49:00,780 --> 00:48:59,770

that the certain pitch could destroy

1241

00:49:02,310 --> 00:49:00,790

cancer cells to

1242

00:49:05,130 --> 00:49:02,320

Troy's certain viruses what have you

1243

00:49:07,320 --> 00:49:05,140

well the FDA jailed him and I believe he

1244

00:49:10,020 --> 00:49:07,330

died mysteriously what have you but just

1245

00:49:13,410 --> 00:49:10,030

learning about him in the history of it

1246

00:49:15,660 --> 00:49:13,420

and Tesla we know Tesla's technology was

1247

00:49:18,390 --> 00:49:15,670

stolen that we don't learn about Tesla

1248

00:49:21,030 --> 00:49:18,400

for a reason Tesla was an amazing genius

1249

00:49:23,010 --> 00:49:21,040

he spoke eight languages he was celibate

1250

00:49:26,160 --> 00:49:23,020

just so he could maintain and channel

1251

00:49:28,230 --> 00:49:26,170

this energy that he was channeling of

1252

00:49:30,060 --> 00:49:28,240

all this information regarding frequency

1253

00:49:31,740 --> 00:49:30,070

and technology and if he was in the

1254

00:49:34,380 --> 00:49:31,750

history books we'd have such a better

1255

00:49:36,900 --> 00:49:34,390

understanding of this invisible world

1256

00:49:38,990 --> 00:49:36,910

that we live in of frequency but instead

1257

00:49:41,790 --> 00:49:39,000

that technology is utilized to

1258

00:49:43,620 --> 00:49:41,800

manipulate our weather to put those

1259

00:49:45,900 --> 00:49:43,630

ripples in the clouds when we see these

1260

00:49:48,960 --> 00:49:45,910

aerosol sprays and what have you so to

1261

00:49:51,090 --> 00:49:48,970

get back to the basics to talk about the

1262

00:49:54,300 --> 00:49:51,100

history of it all to bring us to the

1263

00:49:56,730 --> 00:49:54,310

present day makes it more palatable and

1264

00:49:59,400 --> 00:49:56,740

palpable to people because ultimately

1265

00:50:01,860 --> 00:49:59,410

we've been engineered and we know that I

1266

00:50:04,140 --> 00:50:01,870

mean the process of waking up that I've

1267

00:50:07,020 --> 00:50:04,150

been going through is I realize on

1268

00:50:09,690 --> 00:50:07,030

almost a monthly basis that I was very

1269

00:50:11,760 --> 00:50:09,700

boozled by another thing you know oh wow

1270

00:50:13,500 --> 00:50:11,770

the engineered consent you know Noam

1271

00:50:16,110 --> 00:50:13,510

Chomsky or you look at Edward Bernays

1272

00:50:18,450 --> 00:50:16,120

and how I mean the way that I think the

1273

00:50:19,890 --> 00:50:18,460

way that I perceive things the way that

1274

00:50:21,810 --> 00:50:19,900

I even get excited when I get a text

1275

00:50:23,820 --> 00:50:21,820

message well guess what that text

1276

00:50:26,790 --> 00:50:23,830

messages coming through produced an EMF

1277

00:50:29,550 --> 00:50:26,800

field and EMF fields create dopamine

1278

00:50:32,460 --> 00:50:29,560

reactions and you're actually addicted

1279

00:50:36,180 --> 00:50:32,470

to getting that text message EMF fields

1280

00:50:39,120 --> 00:50:36,190

actually cause arousal no you're

1281

00:50:40,800 --> 00:50:39,130

actually addicted to your device hello

1282

00:50:42,150 --> 00:50:40,810

so it's really interesting when you

1283

00:50:44,100 --> 00:50:42,160

start digging into all this and

1284

00:50:45,990 --> 00:50:44,110

realizing that some of us are so

1285

00:50:49,260 --> 00:50:46,000

suggestible because of the way that our

1286

00:50:50,030 --> 00:50:49,270

minds have been coerced and developed

1287

00:50:52,620 --> 00:50:50,040

over time

1288

00:50:55,230 --> 00:50:52,630

yeah man has so much great information

1289

00:50:57,000 --> 00:50:55,240

I've been really intrigued by binaural

1290

00:50:58,770 --> 00:50:57,010

beats myself and I'm deaf in the right

1291

00:51:01,590 --> 00:50:58,780

ear so there's really no point for me

1292

00:51:03,210 --> 00:51:01,600

but that also makes me think about those

1293

00:51:05,190 --> 00:51:03,220

ripe devices because I've been doing

1294

00:51:07,260 --> 00:51:05,200

some research there there are some cases

1295

00:51:09,360 --> 00:51:07,270

of restoring hearing with them so maybe

1296

00:51:11,190 --> 00:51:09,370

that's the one-two punch get the ripe

1297

00:51:14,280 --> 00:51:11,200

device and then I can use the binaural

1298

00:51:15,480 --> 00:51:14,290

beats and another anecdote that I really

1299

00:51:19,020 --> 00:51:15,490

think is interesting about the

1300

00:51:22,170 --> 00:51:19,030

alteration of standard tuning is some

1301  
00:51:24,900 --> 00:51:22,180  
say that Fantasia the film from Disney

1302  
00:51:28,050 --> 00:51:24,910  
was the first showcasing of this quote

1303  
00:51:31,080 --> 00:51:28,060  
superior sound experience and it did

1304  
00:51:33,360 --> 00:51:31,090  
come out in 1940 right there in the mix

1305  
00:51:36,600 --> 00:51:33,370  
of when all this was going down so I

1306  
00:51:39,180 --> 00:51:36,610  
wouldn't be surprised that mr. Disney

1307  
00:51:40,620 --> 00:51:39,190  
was commissioned to make the case for

1308  
00:51:43,290 --> 00:51:40,630  
something they wanted to do that was

1309  
00:51:45,050 --> 00:51:43,300  
fairly nefarious but I do kind of like

1310  
00:51:47,310 --> 00:51:45,060  
that because when I was younger

1311  
00:51:49,860 --> 00:51:47,320  
absorbing all the Disney cartoons I

1312  
00:51:52,590 --> 00:51:49,870  
could Fantasia always stood out as kind

1313  
00:51:55,260 --> 00:51:52,600

of strange and unnecessary but I also

1314

00:51:57,660 --> 00:51:55,270

wanted to bring up Wi-Fi and Bluetooth a

1315

00:52:00,120 --> 00:51:57,670

lot of phones now don't even have wired

1316

00:52:01,950 --> 00:52:00,130

headphone jacks and I will admit it's

1317

00:52:03,540 --> 00:52:01,960

nice not to rip the earbuds out of my

1318

00:52:06,660 --> 00:52:03,550

ear when I swing my arms and catch the

1319

00:52:09,810 --> 00:52:06,670

cord but it's not just cell phone

1320

00:52:12,240 --> 00:52:09,820

frequencies and this 5g stuff we need to

1321

00:52:15,900 --> 00:52:12,250

worry about it's these other pieces that

1322

00:52:18,830 --> 00:52:15,910

have an effect too right well yeah you

1323

00:52:22,050 --> 00:52:18,840

know it's convenience versus knowledge

1324

00:52:24,750 --> 00:52:22,060

versus the world that we live in okay

1325

00:52:26,250 --> 00:52:24,760

and wearing bluetooth headphones it's

1326  
00:52:28,320 --> 00:52:26,260  
like putting your head in a little

1327  
00:52:30,990 --> 00:52:28,330  
microwave and I'm sorry to say you know

1328  
00:52:32,610 --> 00:52:31,000  
I mean I never had Bluetooth I thought

1329  
00:52:36,030 --> 00:52:32,620  
people were trying to be you to cool or

1330  
00:52:37,740 --> 00:52:36,040  
something like that guilty but

1331  
00:52:40,170 --> 00:52:37,750  
ultimately once I learned about the

1332  
00:52:43,380 --> 00:52:40,180  
adverse impact that it can do to your

1333  
00:52:46,080 --> 00:52:43,390  
biological system to your brain and it

1334  
00:52:48,660 --> 00:52:46,090  
can literally cause addiction to the

1335  
00:52:52,650 --> 00:52:48,670  
device and then make you depressed so

1336  
00:52:54,870 --> 00:52:52,660  
here's my story two years ago I wanted

1337  
00:52:58,380 --> 00:52:54,880  
to get this film Franken Skies made I

1338  
00:53:00,630 --> 00:52:58,390

moved up to this very isolated island

1339

00:53:02,940 --> 00:53:00,640

community outside of Vancouver Canada I

1340

00:53:04,800 --> 00:53:02,950

got this little cottage with a friend of

1341

00:53:06,600 --> 00:53:04,810

mine and I locked myself in this little

1342

00:53:08,520 --> 00:53:06,610

bedroom and I said I'm gonna finish this

1343

00:53:09,750 --> 00:53:08,530

freakin movie for crying out loud he's

1344

00:53:11,550 --> 00:53:09,760

been taking me forever you know if

1345

00:53:12,810 --> 00:53:11,560

anybody's an artist out there and knows

1346

00:53:15,270 --> 00:53:12,820

the hardships of putting something

1347

00:53:17,250 --> 00:53:15,280

together like that it takes time and if

1348

00:53:19,050 --> 00:53:17,260

you're working it takes forever and if

1349

00:53:20,940 --> 00:53:19,060

you're not working it takes even longer

1350

00:53:24,420 --> 00:53:20,950

because you're broke so it's like it's

1351

00:53:27,779 --> 00:53:24,430

it's a slippery slope so I lived

1352

00:53:30,180 --> 00:53:27,789

in this small cottage I got this place

1353

00:53:31,710 --> 00:53:30,190

with my buddy we flipped a coin and

1354

00:53:32,700 --> 00:53:31,720

I said I don't even care I didn't even

1355

00:53:33,930 --> 00:53:32,710

matter if it's heads or tails I'll take

1356

00:53:35,970 --> 00:53:33,940

the small bedroom you know I don't have

1357

00:53:38,279 --> 00:53:35,980

that much stuff or whatever I ended up

1358

00:53:40,829 --> 00:53:38,289

sleeping three feet from a smart meter

1359

00:53:41,730 --> 00:53:40,839

okay after a month of not sleeping

1360

00:53:44,279 --> 00:53:41,740

properly

1361

00:53:46,349 --> 00:53:44,289

I started feeling this like electrical

1362

00:53:48,420 --> 00:53:46,359

kind of feeling in my hands when I used

1363

00:53:50,069 --> 00:53:48,430

my smartphone I started to really

1364

00:53:52,109 --> 00:53:50,079

question what the heck was going on I

1365

00:53:54,390 --> 00:53:52,119

even told one of my friends I think I

1366

00:53:56,249 --> 00:53:54,400

might be under electromagnetic

1367

00:53:58,380 --> 00:53:56,259

harassment of some sort because I wasn't

1368

00:54:02,309 --> 00:53:58,390

sleeping even at night I could hear this

1369

00:54:04,289 --> 00:54:02,319

low Wow Wow so then after two months I

1370

00:54:06,269 --> 00:54:04,299

was kind of getting a little batshit and

1371

00:54:08,039 --> 00:54:06,279

I told my landlord I was like I don't

1372

00:54:09,809 --> 00:54:08,049

know what is going on but I thought I'd

1373

00:54:11,789 --> 00:54:09,819

be totally relaxed I'm on this ocean

1374

00:54:13,799 --> 00:54:11,799

beautiful environment but I can't even

1375

00:54:16,259 --> 00:54:13,809

think straight and the Landlord said

1376  
00:54:18,509 --> 00:54:16,269  
maybe it's that new smart meter they put

1377  
00:54:20,519 --> 00:54:18,519  
in and she laughed and I had heard the

1378  
00:54:21,989 --> 00:54:20,529  
word smart meter but I never knew

1379  
00:54:25,079 --> 00:54:21,999  
anything about it but I started digging

1380  
00:54:26,640 --> 00:54:25,089  
and digging and digging and I realized

1381  
00:54:28,170 --> 00:54:26,650  
that whoa I was actually getting heart

1382  
00:54:30,779 --> 00:54:28,180  
palpitations from being near this thing

1383  
00:54:33,569 --> 00:54:30,789  
and I actually have now developed this

1384  
00:54:35,759 --> 00:54:33,579  
slight sensitivity to high EMF fields if

1385  
00:54:37,289 --> 00:54:35,769  
I'm at a coffee shop on the Wi-Fi for

1386  
00:54:39,329 --> 00:54:37,299  
like thirty minutes my heart starts to

1387  
00:54:41,519 --> 00:54:39,339  
ache you know and I mean because hmm

1388  
00:54:43,979 --> 00:54:41,529

this is just the path that I've live but

1389

00:54:45,479 --> 00:54:43,989

if you start researching these new smart

1390

00:54:48,180 --> 00:54:45,489

meters if they're right on the other

1391

00:54:51,749 --> 00:54:48,190

side of the wall of your bedroom or your

1392

00:54:53,549 --> 00:54:51,759

child's bedroom you need to know what

1393

00:54:55,920 --> 00:54:53,559

these things are doing they're

1394

00:54:58,319 --> 00:54:55,930

constantly communicating with a cell

1395

00:55:02,759 --> 00:54:58,329

phone tower upwards to 30 miles away

1396

00:55:06,089 --> 00:55:02,769

it's emitting this micro wave okay this

1397

00:55:08,789 --> 00:55:06,099

small radio frequency wave it's shooting

1398

00:55:10,559 --> 00:55:08,799

out signals sometimes it depends on the

1399

00:55:13,109 --> 00:55:10,569

model okay there all sorts of different

1400

00:55:17,430 --> 00:55:13,119

models so I really encourage people to

1401  
00:55:19,710 --> 00:55:17,440  
get an EMF radiation RF radiation meter

1402  
00:55:21,930 --> 00:55:19,720  
please don't ask me which meter to get

1403  
00:55:24,029 --> 00:55:21,940  
there's so many different ones every

1404  
00:55:25,650 --> 00:55:24,039  
time I do a show and I say get a meter I

1405  
00:55:28,019 --> 00:55:25,660  
get 20 emails which meter which meter

1406  
00:55:29,759 --> 00:55:28,029  
they all work okay you can spend a

1407  
00:55:32,249 --> 00:55:29,769  
hundred bucks you can spend 400 bucks

1408  
00:55:35,519 --> 00:55:32,259  
I've got two I got a really nice one in

1409  
00:55:38,070 --> 00:55:35,529  
a kind of a not so nice one the \$400 one

1410  
00:55:40,320 --> 00:55:38,080  
is called the acoustic it were

1411  
00:55:41,940 --> 00:55:40,330  
really well and you can learn you can

1412  
00:55:44,280 --> 00:55:41,950  
literally sit next to your smart meter

1413  
00:55:46,830 --> 00:55:44,290

and see how often it's shooting out a

1414

00:55:48,720 --> 00:55:46,840

signal the smart meter on my home in

1415

00:55:51,240 --> 00:55:48,730

Canada it was firing off a signal about

1416

00:55:52,680 --> 00:55:51,250

every 7 seconds hmm every seven seconds

1417

00:55:55,260 --> 00:55:52,690

it was putting this EMF meter off the

1418

00:55:57,270 --> 00:55:55,270

charts couldn't even read it every 7

1419

00:56:00,330 --> 00:55:57,280

seconds okay so just taking some of

1420

00:56:03,330 --> 00:56:00,340

these things and learning yourself and

1421

00:56:05,640 --> 00:56:03,340

seeing like what is an EMF field another

1422

00:56:08,220 --> 00:56:05,650

thing that I learned that was amazing is

1423

00:56:10,170 --> 00:56:08,230

I took this EMF reader and I took it up

1424

00:56:11,580 --> 00:56:10,180

to a Wi-Fi router well right next to the

1425

00:56:13,770 --> 00:56:11,590

Wi-Fi router yeah there's a lot of

1426  
00:56:15,600 --> 00:56:13,780  
radiation but I get 20 feet away from it

1427  
00:56:17,850 --> 00:56:15,610  
no big deal I go in the next room

1428  
00:56:20,190 --> 00:56:17,860  
nothing I can't even read it but then I

1429  
00:56:23,130 --> 00:56:20,200  
get out my device and I connect it to

1430  
00:56:25,800 --> 00:56:23,140  
that device to that Wi-Fi router there's

1431  
00:56:28,290 --> 00:56:25,810  
an invisible cloud of radiation from A

1432  
00:56:30,210 --> 00:56:28,300  
to B okay these things aren't magic you

1433  
00:56:32,520 --> 00:56:30,220  
know they don't just work they're doing

1434  
00:56:34,470 --> 00:56:32,530  
something but it's invisible right

1435  
00:56:37,230 --> 00:56:34,480  
Wireless baby monitors

1436  
00:56:39,240 --> 00:56:37,240  
once you learn you'll realize it's near

1437  
00:56:41,100 --> 00:56:39,250  
criminal to have a wireless baby monitor

1438  
00:56:43,500 --> 00:56:41,110

right next to your infant's head they

1439

00:56:45,930 --> 00:56:43,510

don't have the blood-brain barrier that

1440

00:56:48,270 --> 00:56:45,940

we have it's developing they don't have

1441

00:56:50,700 --> 00:56:48,280

the skull that we have it's developing

1442

00:56:52,530 --> 00:56:50,710

their brains are more water and their

1443

00:56:54,780 --> 00:56:52,540

brains are more impactful and they're

1444

00:56:56,910 --> 00:56:54,790

developing their young having your kid

1445

00:56:58,890 --> 00:56:56,920

play with that iPad in their stroller

1446

00:57:01,260 --> 00:56:58,900

okay you can put that thing on airplane

1447

00:57:05,550 --> 00:57:01,270

mode and this is very simple like these

1448

00:57:07,850 --> 00:57:05,560

bits of truth they're so simple and once

1449

00:57:11,190 --> 00:57:07,860

you learn now the balls in your court

1450

00:57:13,440 --> 00:57:11,200

you can either turn a blind eye or you

1451

00:57:16,200 --> 00:57:13,450

can take that truth and really honor it

1452

00:57:18,000 --> 00:57:16,210

with integrity mm-hmm so for instance

1453

00:57:20,100 --> 00:57:18,010

I've been carrying around this EMF meter

1454

00:57:22,290 --> 00:57:20,110

and I went to my friend Carla's house

1455

00:57:25,440 --> 00:57:22,300

and we were just scoping out her place

1456

00:57:28,710 --> 00:57:25,450

and she had this old xbox that she plays

1457

00:57:32,190 --> 00:57:28,720

DVDs on sometimes and the Xbox was

1458

00:57:35,130 --> 00:57:32,200

constantly looking for a Wi-Fi signal it

1459

00:57:37,470 --> 00:57:35,140

was putting my EMF reader off the charts

1460

00:57:39,570 --> 00:57:37,480

and people that sleep in that room with

1461

00:57:41,760 --> 00:57:39,580

the Xbox they weren't able to get good

1462

00:57:43,830 --> 00:57:41,770

sleep well why because your brain

1463

00:57:46,470 --> 00:57:43,840

thought it was noon the whole time okay

1464

00:57:48,150 --> 00:57:46,480

so you plug in the Xbox and the thing

1465

00:57:49,800 --> 00:57:48,160

just goes nuts and so I made this little

1466

00:57:51,600 --> 00:57:49,810

video Xbox as a weapon and got a half

1467

00:57:51,960 --> 00:57:51,610

million views on Facebook and was really

1468

00:57:53,430 --> 00:57:51,970

excited

1469

00:57:55,020 --> 00:57:53,440

people contact me from all over the

1470

00:57:58,260 --> 00:57:55,030

place can you do the next version of

1471

00:58:00,570 --> 00:57:58,270

Xbox Playstation yeah exactly can you do

1472

00:58:02,430 --> 00:58:00,580

the PlayStation I'm like no you do the

1473

00:58:04,140 --> 00:58:02,440

price understand but I didn't I don't

1474

00:58:06,240 --> 00:58:04,150

have a Playstation but the thing is is

1475

00:58:07,920 --> 00:58:06,250

these things are emitting an invisible

1476

00:58:09,960 --> 00:58:07,930

soup of radiation and once you start to

1477

00:58:13,380 --> 00:58:09,970

realize it it's so empowering

1478

00:58:17,070 --> 00:58:13,390

you can put your tablet on airplane mode

1479

00:58:19,109 --> 00:58:17,080

I took an iPad out into the forest okay

1480

00:58:21,810 --> 00:58:19,119

to play music or whatever on a camping

1481

00:58:24,900 --> 00:58:21,820

trip and the thing is constantly every

1482

00:58:28,520 --> 00:58:24,910

second it's looking for a Wi-Fi signal

1483

00:58:30,540 --> 00:58:28,530

that means it's firing out an invisible

1484

00:58:32,849 --> 00:58:30,550

electromagnetic field which is

1485

00:58:35,520 --> 00:58:32,859

radiofrequency radiation it's firing out

1486

00:58:37,650 --> 00:58:35,530

this signal looking for its hub so it

1487

00:58:38,880 --> 00:58:37,660

can connect well if you just turn it on

1488

00:58:40,620 --> 00:58:38,890

airplane mode it's not going to be

1489

00:58:42,390 --> 00:58:40,630

radiating you and your friends and

1490

00:58:44,220 --> 00:58:42,400

family all day on your camping trip all

1491

00:58:45,630 --> 00:58:44,230

right the same goes with your baby in

1492

00:58:47,640 --> 00:58:45,640

the backseat your baby in the car seat

1493

00:58:50,880 --> 00:58:47,650

baby in the stroller and what have you

1494

00:58:53,790 --> 00:58:50,890

just these little bits of information it

1495

00:58:56,070 --> 00:58:53,800

can change your life

1496

00:58:58,859 --> 00:58:56,080

right I met a sheriff in the very small

1497

00:59:00,690 --> 00:58:58,869

town of Willow Creek California and he

1498

00:59:03,120 --> 00:59:00,700

has a son who has an autoimmune disorder

1499

00:59:05,790 --> 00:59:03,130

well they were wondering why his son was

1500

00:59:08,250 --> 00:59:05,800

getting burns on his face he was getting

1501

00:59:11,190 --> 00:59:08,260

little burn rashes on his face come to

1502

00:59:13,380 --> 00:59:11,200

find out is from the Xbox he had

1503

00:59:15,150 --> 00:59:13,390

autoimmunity so his immune system wasn't

1504

00:59:18,359 --> 00:59:15,160

up to speed but the radiation coming off

1505

00:59:20,849 --> 00:59:18,369

the Xbox was literally causing burns Wow

1506

00:59:24,660 --> 00:59:20,859

so once you start to learn a little bit

1507

00:59:27,510 --> 00:59:24,670

about this we can mitigate these impacts

1508

00:59:30,270 --> 00:59:27,520

by minimizing our exposure because our

1509

00:59:33,000 --> 00:59:30,280

exposures cumulative okay it's like

1510

00:59:36,000 --> 00:59:33,010

working at a nuclear power plant either

1511

00:59:39,030 --> 00:59:36,010

you can walk in and not gear up or you

1512

00:59:40,890 --> 00:59:39,040

go there every day in your regular PJs

1513

00:59:42,480 --> 00:59:40,900

or your blue jeans and your overalls and

1514

00:59:45,150 --> 00:59:42,490

over time you're going to develop

1515

00:59:47,040 --> 00:59:45,160

problems it's just like that in this

1516

00:59:48,750 --> 00:59:47,050

unnatural environment or in this you can

1517

00:59:51,599 --> 00:59:48,760

put your phone on airplane mode when you

1518

00:59:54,839 --> 00:59:51,609

sleep you can unplug your Wi-Fi at night

1519

00:59:57,359 --> 00:59:54,849

you can opt out of the digital smart

1520

01:00:00,150 --> 00:59:57,369

meter or even get a smart meter cover

1521

01:00:02,070 --> 01:00:00,160

that's stainless steel mesh that doesn't

1522

01:00:04,650 --> 01:00:02,080

interrupt the signal but eliminates

1523

01:00:05,760 --> 01:00:04,660

essentially the radiation you start to

1524

01:00:07,980 --> 01:00:05,770

take your power

1525

01:00:10,560 --> 01:00:07,990

by empowering yourself with the

1526

01:00:14,490 --> 01:00:10,570

information rather than being in a fear

1527

01:00:16,080 --> 01:00:14,500

victimhood mentality hmm well said and

1528

01:00:18,180 --> 01:00:16,090

sadly I know a lot of people whose

1529

01:00:21,030 --> 01:00:18,190

living rooms would probably break that

1530

01:00:24,300 --> 01:00:21,040

meter and the thing about the most

1531

01:00:27,870 --> 01:00:24,310

recent models of the videogame consoles

1532

01:00:29,820 --> 01:00:27,880

that are out there is they barely work

1533

01:00:32,100 --> 01:00:29,830

without the internet there's a lot of

1534

01:00:35,070 --> 01:00:32,110

games when you put them in you have to

1535

01:00:37,859 --> 01:00:35,080

sign in to EA sign in to Activision and

1536

01:00:40,260 --> 01:00:37,869

if you can't sign in via the Internet

1537

01:00:42,600 --> 01:00:40,270

you just bought a game that will not

1538

01:00:45,450 --> 01:00:42,610

play it's kind of ridiculous the levels

1539

01:00:47,520 --> 01:00:45,460

of data collection and logging in and

1540

01:00:50,250 --> 01:00:47,530

security measures that they have on them

1541

01:00:52,410 --> 01:00:50,260

these days but as we start coming to the

1542

01:00:54,720 --> 01:00:52,420

end of the road I do like to reiterate

1543

01:00:56,520 --> 01:00:54,730

the solutions side of things a little

1544

01:00:58,560 --> 01:00:56,530

bit because we can cut it into both

1545

01:01:00,510 --> 01:00:58,570

versions of the show and all that but

1546

01:01:04,290 --> 01:01:00,520

remind us of some of the best practices

1547

01:01:08,880 --> 01:01:04,300

for limiting our exposure to this beast

1548

01:01:10,290 --> 01:01:08,890

the best we can okay and also I want

1549

01:01:13,440 --> 01:01:10,300

everyone to know that the truth will

1550

01:01:16,020 --> 01:01:13,450

survive we will adapt no matter what

1551  
01:01:18,720 --> 01:01:16,030  
happens you know if we have to etch it

1552  
01:01:20,910 --> 01:01:18,730  
in the concrete then we will we have to

1553  
01:01:22,260 --> 01:01:20,920  
write a book you know we will the truth

1554  
01:01:26,099 --> 01:01:22,270  
will survive and it's people like you

1555  
01:01:29,400 --> 01:01:26,109  
Greg that plant these seeds in people

1556  
01:01:32,030 --> 01:01:29,410  
that will live forever even beyond our

1557  
01:01:35,430 --> 01:01:32,040  
time and we are not powerless

1558  
01:01:38,760 --> 01:01:35,440  
spero my clothing line it's Latin for

1559  
01:01:41,609 --> 01:01:38,770  
hope because there is hope and I firmly

1560  
01:01:44,490 --> 01:01:41,619  
believe that the English language has

1561  
01:01:46,230 --> 01:01:44,500  
been hijacked we don't really know the

1562  
01:01:48,660 --> 01:01:46,240  
words that were spelling out the spells

1563  
01:01:51,030 --> 01:01:48,670

that were casting the word for cure cure

1564

01:01:52,349 --> 01:01:51,040

means to preserve you know and we've

1565

01:01:53,820 --> 01:01:52,359

been told that it means something else

1566

01:01:56,910 --> 01:01:53,830

and we say it we don't even know what

1567

01:01:59,880 --> 01:01:56,920

we're saying so empowering solutions are

1568

01:02:04,050 --> 01:01:59,890

out there so I especially consider

1569

01:02:07,890 --> 01:02:04,060

health health is so important realizing

1570

01:02:10,849 --> 01:02:07,900

that we are healable and that we are

1571

01:02:15,599 --> 01:02:10,859

adjustable and that we can adapt we are

1572

01:02:19,680 --> 01:02:15,609

amazing buildings of biology and ancient

1573

01:02:22,200 --> 01:02:19,690

DNA our ancestors evolved

1574

01:02:25,829 --> 01:02:22,210

and fought to get us to where we're at

1575

01:02:28,980 --> 01:02:25,839

and we all are under the same umbrella

1576

01:02:32,400 --> 01:02:28,990

we all bleed red for all humans and this

1577

01:02:35,970 --> 01:02:32,410

truth is an opportunity for us to come

1578

01:02:38,940 --> 01:02:35,980

together to find unity because we are

1579

01:02:40,589 --> 01:02:38,950

all on the same playing field the powers

1580

01:02:43,050 --> 01:02:40,599

that be want us to think that we're weak

1581

01:02:46,230 --> 01:02:43,060

we're powerless and were divided but

1582

01:02:49,710 --> 01:02:46,240

we're not right we're all humans so

1583

01:02:52,250 --> 01:02:49,720

especially health and considering how to

1584

01:02:56,400 --> 01:02:52,260

take responsibility for your own health

1585

01:02:58,730 --> 01:02:56,410

read ingredients on your food know that

1586

01:03:03,890 --> 01:02:58,740

you can get your supplements through

1587

01:03:07,680 --> 01:03:03,900

minerals take a look at shilajit sh IL a

1588

01:03:10,470 --> 01:03:07,690

JIT it's a mineral pitch but you can get

1589

01:03:12,450 --> 01:03:10,480

different mineral supplements that give

1590

01:03:15,030 --> 01:03:12,460

you the minerals that you need because

1591

01:03:17,400 --> 01:03:15,040

once you start to learn you realize that

1592

01:03:20,280 --> 01:03:17,410

maybe our foods and our soils they've

1593

01:03:22,050 --> 01:03:20,290

been depleted and you only need in PK

1594

01:03:23,520 --> 01:03:22,060

nitrogen phosphorus potassium to grow

1595

01:03:27,660 --> 01:03:23,530

anything so there's all these other

1596

01:03:30,210 --> 01:03:27,670

minerals that we need that we can get by

1597

01:03:33,930 --> 01:03:30,220

learning how to get them and to eat our

1598

01:03:37,620 --> 01:03:33,940

greens because the central atom in the

1599

01:03:39,510 --> 01:03:37,630

chlorophyll molecule is magnesium and we

1600

01:03:42,390 --> 01:03:39,520

all need magnesium we're deficient if

1601  
01:03:43,740 --> 01:03:42,400  
we've ever eaten any sugar right we can

1602  
01:03:46,470 --> 01:03:43,750  
chelate we can get these heavy metals

1603  
01:03:49,710 --> 01:03:46,480  
out of our body through different things

1604  
01:03:53,040 --> 01:03:49,720  
like chlorella spirulina diatomaceous

1605  
01:03:56,970 --> 01:03:53,050  
earth food grade diatomaceous earth is

1606  
01:04:00,030 --> 01:03:56,980  
amazing you know so learn how to be the

1607  
01:04:03,260 --> 01:04:00,040  
healthiest person that you can be learn

1608  
01:04:06,270 --> 01:04:03,270  
about alkalinity we have a pH level

1609  
01:04:09,150 --> 01:04:06,280  
right and if you maintain your pH and

1610  
01:04:12,569 --> 01:04:09,160  
don't create an acidic environment you

1611  
01:04:15,510 --> 01:04:12,579  
won't give cancer or all these other

1612  
01:04:18,329 --> 01:04:15,520  
problems the opportunity to thrive I

1613  
01:04:20,760 --> 01:04:18,339

used to have acid reflux because I was

1614

01:04:23,010 --> 01:04:20,770

drinking beer eating pepperoni pizza and

1615

01:04:26,190 --> 01:04:23,020

having bacon in the morning and I was

1616

01:04:29,160 --> 01:04:26,200

smoking cigarettes then I learned about

1617

01:04:31,650 --> 01:04:29,170

all these things and I got rid of my

1618

01:04:33,450 --> 01:04:31,660

acid reflux not by taking the drugs that

1619

01:04:36,840 --> 01:04:33,460

the pharmacist gave

1620

01:04:40,130 --> 01:04:36,850

I took it into my own hands and I

1621

01:04:42,750 --> 01:04:40,140

learned about acidity I learned about

1622

01:04:45,930 --> 01:04:42,760

dr. seve se bi

1623

01:04:48,300 --> 01:04:45,940

he was curing everything and then he was

1624

01:04:51,690 --> 01:04:48,310

killed he was curing everything just by

1625

01:04:55,560 --> 01:04:51,700

alkalinizing the body with plants okay

1626  
01:04:58,410 --> 01:04:55,570  
an alkaline diet learn about fasting

1627  
01:05:01,740 --> 01:04:58,420  
learn about taking your health into your

1628  
01:05:05,130 --> 01:05:01,750  
own hands and if you learn about these

1629  
01:05:09,120 --> 01:05:05,140  
different soups of toxicity that we're

1630  
01:05:12,810 --> 01:05:09,130  
in such as these EMF fields also known

1631  
01:05:14,790 --> 01:05:12,820  
as radiofrequency radiation learn about

1632  
01:05:17,850 --> 01:05:14,800  
mitigating your exposure

1633  
01:05:19,950 --> 01:05:17,860  
okay certain simple things like getting

1634  
01:05:22,320 --> 01:05:19,960  
the blue light filter on your smart

1635  
01:05:26,010 --> 01:05:22,330  
device opting out of your smart meter

1636  
01:05:29,430 --> 01:05:26,020  
getting a cover for it getting an EMF RF

1637  
01:05:32,880 --> 01:05:29,440  
reader and seeing how toxic your home is

1638  
01:05:35,010 --> 01:05:32,890

and seeing how easy it is to create a

1639

01:05:35,820 --> 01:05:35,020

healthy environment it's gonna change

1640

01:05:38,040 --> 01:05:35,830

your life

1641

01:05:40,230 --> 01:05:38,050

okay these are your system is a

1642

01:05:43,410 --> 01:05:40,240

biological system that is so easily

1643

01:05:47,430 --> 01:05:43,420

repaired when you feed it with love with

1644

01:05:49,770 --> 01:05:47,440

healthy happy food and not garbage right

1645

01:05:52,290 --> 01:05:49,780

stop eating McDonald's take your health

1646

01:05:54,930 --> 01:05:52,300

into your own hands do a little research

1647

01:05:56,790 --> 01:05:54,940

check out my website actual activists

1648

01:05:58,380 --> 01:05:56,800

calm there's it's plural with an S at

1649

01:06:00,870 --> 01:05:58,390

the end because we're all included here

1650

01:06:02,970 --> 01:06:00,880

there's so many different health things

1651  
01:06:05,160 --> 01:06:02,980  
we can do we can really step up our game

1652  
01:06:09,030 --> 01:06:05,170  
in every way and once we take it all

1653  
01:06:10,980 --> 01:06:09,040  
into our own hands we went the more you

1654  
01:06:13,410 --> 01:06:10,990  
learn the more powerful you are and

1655  
01:06:16,400 --> 01:06:13,420  
knowledge knowledge is more powerful

1656  
01:06:19,609 --> 01:06:16,410  
than anything that they can hit us with

1657  
01:06:20,299 --> 01:06:19,619  
I love it men of course airplane mode on

1658  
01:06:22,249 --> 01:06:20,309  
the phone

1659  
01:06:24,620 --> 01:06:22,259  
don't keep it with you at night wired

1660  
01:06:27,289 --> 01:06:24,630  
connections I even heard about these

1661  
01:06:30,380 --> 01:06:27,299  
things called defenders shield EMF

1662  
01:06:31,969 --> 01:06:30,390  
radiation free air tube stereo

1663  
01:06:35,839 --> 01:06:31,979

headphones they're apparently these

1664

01:06:37,489 --> 01:06:35,849

headphones that apparently allow you to

1665

01:06:40,460 --> 01:06:37,499

still have an incredible listening

1666

01:06:43,759 --> 01:06:40,470

experience while eliminating EMF

1667

01:06:45,200 --> 01:06:43,769

exposure to the head who knows but those

1668

01:06:46,670 --> 01:06:45,210

things are out there I would explore all

1669

01:06:49,039 --> 01:06:46,680

that stuff we talked about light bulbs

1670

01:06:50,749 --> 01:06:49,049

today if you just google healthy light

1671

01:06:52,489 --> 01:06:50,759

bulbs you know you don't have to know

1672

01:06:54,499 --> 01:06:52,499

much about it at all and there are

1673

01:06:56,239 --> 01:06:54,509

companies out there that say based on

1674

01:06:59,450 --> 01:06:56,249

the research here's a light bulb you

1675

01:07:02,870 --> 01:06:59,460

should put in your light of your bedroom

1676

01:07:05,180 --> 01:07:02,880

that still allows you to see but it

1677

01:07:07,729 --> 01:07:05,190

actually encourages you to get a good

1678

01:07:10,849 --> 01:07:07,739

night's sleep - in the hours before bed

1679

01:07:13,549 --> 01:07:10,859

so there's all kinds of little tips and

1680

01:07:18,019 --> 01:07:13,559

tricks diet of course got to reiterate

1681

01:07:21,229 --> 01:07:18,029

that but well Matt this has been a lot

1682

01:07:23,900 --> 01:07:21,239

of fun I think your passion again is so

1683

01:07:26,690 --> 01:07:23,910

contagious before I cut you loose remind

1684

01:07:28,489 --> 01:07:26,700

people I guess about the GoFundMe for

1685

01:07:30,979 --> 01:07:28,499

your clothing of course your website

1686

01:07:32,660 --> 01:07:30,989

actual activists calm and when is this

1687

01:07:33,950 --> 01:07:32,670

documentary coming out these kind of

1688

01:07:36,259 --> 01:07:33,960

things that maybe we should leave them

1689

01:07:37,759 --> 01:07:36,269

excellent and thanks again Greg I really

1690

01:07:40,009 --> 01:07:37,769

appreciate you and your efforts and

1691

01:07:43,569 --> 01:07:40,019

having me on and I forgot to mention if

1692

01:07:46,789 --> 01:07:43,579

it's a blue sky and the sun is shining

1693

01:07:49,579 --> 01:07:46,799

get out there put your phone away for a

1694

01:07:52,160 --> 01:07:49,589

minute take off your shirt or you know

1695

01:07:53,509 --> 01:07:52,170

if you're a girl still do it yeah if

1696

01:07:56,120 --> 01:07:53,519

you're a girl take off your shirt get up

1697

01:07:58,489 --> 01:07:56,130

there breathe out an apple and enjoy the

1698

01:08:01,009 --> 01:07:58,499

Sun while we have it because there's an

1699

01:08:02,180 --> 01:08:01,019

agenda to block out our Sun permanently

1700

01:08:04,279 --> 01:08:02,190

with chemicals and it's in the

1701

01:08:06,849 --> 01:08:04,289

mainstream now so it's no longer a

1702

01:08:10,339 --> 01:08:06,859

conspiracy we really need this vitamin D

1703

01:08:12,229 --> 01:08:10,349

we really need that sunshine so really

1704

01:08:14,329 --> 01:08:12,239

take into consideration grounding

1705

01:08:16,910 --> 01:08:14,339

yourself getting out into nature I've

1706

01:08:19,189 --> 01:08:16,920

never regretted getting out into nature

1707

01:08:20,899 --> 01:08:19,199

and really just tuning my circadian

1708

01:08:23,329 --> 01:08:20,909

rhythm and connecting to the Schumann's

1709

01:08:26,689 --> 01:08:23,339

resonance of the earth so please find me

1710

01:08:29,599 --> 01:08:26,699

on youtube matt land man on facebook

1711

01:08:30,320 --> 01:08:29,609

matt land man please check out my film

1712

01:08:32,930 --> 01:08:30,330

Franken

1713

01:08:35,240 --> 01:08:32,940

on YouTube or Vimeo or please visit

1714

01:08:36,560 --> 01:08:35,250

Franken skies the movie com I've got

1715

01:08:39,160 --> 01:08:36,570

presentations that I've done on

1716

01:08:42,530 --> 01:08:39,170

geoengineering and links to resources

1717

01:08:43,940 --> 01:08:42,540

especially my film and then the clothing

1718

01:08:47,000 --> 01:08:43,950

line that I'm just now getting together

1719

01:08:51,250 --> 01:08:47,010

and launching as an alternative to

1720

01:08:54,530 --> 01:08:51,260

radiation is go fund me.com slash

1721

01:08:57,320 --> 01:08:54,540

protection clothing on there there's so

1722

01:08:59,210 --> 01:08:57,330

many resources and explanations if you

1723

01:09:01,280 --> 01:08:59,220

can take a look I really appreciate it

1724

01:09:03,290 --> 01:09:01,290

if you can share it I really appreciate

1725

01:09:05,510 --> 01:09:03,300

it if you can throw in a couple bucks

1726  
01:09:07,880 --> 01:09:05,520  
that's cool too but either way our voice

1727  
01:09:11,090 --> 01:09:07,890  
is our weapon and playing our part in

1728  
01:09:13,099 --> 01:09:11,100  
helping the truth prevail that's why

1729  
01:09:14,690 --> 01:09:13,109  
we're here and that's why we've been

1730  
01:09:15,880 --> 01:09:14,700  
privileged with this knowledge that we

1731  
01:09:19,070 --> 01:09:15,890  
hold dear

1732  
01:09:21,890 --> 01:09:19,080  
Touche good sir you are the man welcome

1733  
01:09:25,610 --> 01:09:21,900  
here any time keep up the good work out

1734  
01:09:28,460 --> 01:09:25,620  
there thanks Greg you too well happy

1735  
01:09:31,480 --> 01:09:28,470  
birthday to me dear people Matt Landman

1736  
01:09:35,480 --> 01:09:31,490  
the King of Swing the frequency fighting

1737  
01:09:37,610 --> 01:09:35,490  
fashionista gotta love him you know Matt

1738  
01:09:40,040 --> 01:09:37,620

got in touch with me said his newest

1739

01:09:41,599 --> 01:09:40,050

focus was 5g and I thought hey he killed

1740

01:09:43,640 --> 01:09:41,609

it with Franken skies I'm sure he's

1741

01:09:48,349 --> 01:09:43,650

gonna kill it with this stuff too and I

1742

01:09:50,660 --> 01:09:48,359

think he did but Matt to me is a bit of

1743

01:09:53,450 --> 01:09:50,670

a character his passion really keeps me

1744

01:09:55,790 --> 01:09:53,460

into it and we can have a few laughs but

1745

01:09:58,700 --> 01:09:55,800

still get some great details out there

1746

01:10:01,400 --> 01:09:58,710

so it is a nice blend it's really my

1747

01:10:04,610 --> 01:10:01,410

perfect recipe and he's been waiting for

1748

01:10:07,310 --> 01:10:04,620

this show to air for a while now so I do

1749

01:10:09,500 --> 01:10:07,320

appreciate his patience I knew I would

1750

01:10:11,540 --> 01:10:09,510

have guests in town from my birthday

1751

01:10:13,580 --> 01:10:11,550

weekend so I recorded some of these

1752

01:10:17,150 --> 01:10:13,590

quite early in the month and I'm finally

1753

01:10:18,950 --> 01:10:17,160

recovering from a lengthy few days of

1754

01:10:21,740 --> 01:10:18,960

indulgence and I'm getting these things

1755

01:10:23,960 --> 01:10:21,750

out which also I guess I should say

1756

01:10:26,720 --> 01:10:23,970

thanks for all the digital happy

1757

01:10:29,720 --> 01:10:26,730

birthdays and messages it's been one

1758

01:10:30,820 --> 01:10:29,730

hell of an avalanche you guys are all

1759

01:10:34,190 --> 01:10:30,830

too kind

1760

01:10:37,100 --> 01:10:34,200

I'm just a dude asking questions to

1761

01:10:39,650 --> 01:10:37,110

interesting people but I like that you

1762

01:10:42,649 --> 01:10:39,660

like it I'm not even someone who really

1763

01:10:44,930 --> 01:10:42,659

cares about birthdays very much

1764

01:10:47,870 --> 01:10:44,940

especially at 34 but it is nice to get

1765

01:10:51,620 --> 01:10:47,880

out of that infamous year 33 when even

1766

01:10:53,629 --> 01:10:51,630

just my age makes me suspect in really

1767

01:10:55,790 --> 01:10:53,639

birthdays to me are just a nice excuse

1768

01:10:58,640 --> 01:10:55,800

to get people together to do something a

1769

01:11:00,680 --> 01:10:58,650

little more elaborate than usual two

1770

01:11:03,020 --> 01:11:00,690

years in a row now I've rented the

1771

01:11:05,540 --> 01:11:03,030

Cannabis here in San Diego and just

1772

01:11:08,140 --> 01:11:05,550

taken it around town with 20 of my

1773

01:11:11,000 --> 01:11:08,150

closest friends it's really just a weed

1774

01:11:12,770 --> 01:11:11,010

friendly party bus but to be able to

1775

01:11:16,129 --> 01:11:12,780

smoke freely while getting chauffeured

1776

01:11:18,229 --> 01:11:16,139

around the city is actually quite fun we

1777

01:11:20,649 --> 01:11:18,239

followed that up with a fry party

1778

01:11:23,570 --> 01:11:20,659

because we have a deep fryer from

1779

01:11:25,669 --> 01:11:23,580

Thanksgiving that doesn't get used very

1780

01:11:28,250 --> 01:11:25,679

often and we thought hey why not have

1781

01:11:31,040 --> 01:11:28,260

everybody bring over some food that they

1782

01:11:32,990 --> 01:11:31,050

think would taste good fried and we'll

1783

01:11:35,419 --> 01:11:33,000

experiment throw some things in there

1784

01:11:39,169 --> 01:11:35,429

after four hours of weed smoking on a

1785

01:11:41,660 --> 01:11:39,179

bus not a bad idea but a little bit of a

1786

01:11:44,720 --> 01:11:41,670

nightmare to work up that motivation to

1787

01:11:48,590 --> 01:11:44,730

get it all going not really relevant but

1788

01:11:50,300 --> 01:11:48,600

a fry party is tangental e connected if

1789

01:11:52,970 --> 01:11:50,310

we're talking about just generally

1790

01:11:54,830 --> 01:11:52,980

things that aren't good for us at least

1791

01:11:57,229 --> 01:11:54,840

the city didn't shove this one down my

1792

01:12:00,290 --> 01:11:57,239

throat but anyway I know that I

1793

01:12:02,750 --> 01:12:00,300

mentioned 5g and cellphones a lot but it

1794

01:12:03,229 --> 01:12:02,760

does deserve dedicated shows now and

1795

01:12:06,260 --> 01:12:03,239

again

1796

01:12:08,149 --> 01:12:06,270

I admit that when things like nest and

1797

01:12:10,640 --> 01:12:08,159

ring were coming out I thought wow I

1798

01:12:13,220 --> 01:12:10,650

can't wait to actually own a home so I

1799

01:12:15,800 --> 01:12:13,230

can control my blinds and my lights and

1800

01:12:18,050 --> 01:12:15,810

the temperature from my phone and get

1801  
01:12:20,870 --> 01:12:18,060  
all up in the smart house stuff that you

1802  
01:12:23,870 --> 01:12:20,880  
just can't do in a rental because I like

1803  
01:12:26,270 --> 01:12:23,880  
the technology on the surface but then

1804  
01:12:29,030 --> 01:12:26,280  
on top of the health concerns you learn

1805  
01:12:30,590 --> 01:12:29,040  
that every one of these devices is

1806  
01:12:33,439 --> 01:12:30,600  
collecting and selling whatever data

1807  
01:12:35,840 --> 01:12:33,449  
they can from your smart fridge being

1808  
01:12:37,879 --> 01:12:35,850  
plugged right in the Amazon to your

1809  
01:12:40,220 --> 01:12:37,889  
Roomba mapping out your apartment and

1810  
01:12:42,140 --> 01:12:40,230  
uploading that to the cloud and it's

1811  
01:12:45,140 --> 01:12:42,150  
just wild to think about how fast this

1812  
01:12:47,689 --> 01:12:45,150  
is all moving you really can't have a

1813  
01:12:50,240 --> 01:12:47,699

dozen connected devices in your house

1814

01:12:53,090 --> 01:12:50,250

without even trying smart watches smart

1815

01:12:55,880 --> 01:12:53,100

scales smart picture frames video game

1816

01:12:57,350 --> 01:12:55,890

consoles it's a lot

1817

01:12:59,450 --> 01:12:57,360

and I've been thinking about this lately

1818

01:13:01,070 --> 01:12:59,460

because if you consider the real think

1819

01:13:03,890 --> 01:13:01,080

tank cabal is planning things out

1820

01:13:06,110 --> 01:13:03,900

generations in advance and that thing we

1821

01:13:08,000 --> 01:13:06,120

always hear about the real technology

1822

01:13:10,250 --> 01:13:08,010

being 50 years ahead of what's seen on

1823

01:13:12,680 --> 01:13:10,260

the surface think about how all this

1824

01:13:13,430 --> 01:13:12,690

happened let's do a little reverse

1825

01:13:15,920 --> 01:13:13,440

engineering

1826

01:13:18,350 --> 01:13:15,930

if this full implementation of 5g in

1827

01:13:19,730 --> 01:13:18,360

smart cities is the endgame that's

1828

01:13:21,500 --> 01:13:19,740

probably not because there's always

1829

01:13:25,010 --> 01:13:21,510

something after but just for the sake of

1830

01:13:28,310 --> 01:13:25,020

this thought exercise let's say it's 50

1831

01:13:30,320 --> 01:13:28,320

years ago 1970 you're up at the white

1832

01:13:33,290 --> 01:13:30,330

board and you're demoing the cell phone

1833

01:13:35,630 --> 01:13:33,300

rollout saying so eventually we're going

1834

01:13:37,340 --> 01:13:35,640

to covertly keep the people stressed and

1835

01:13:39,590 --> 01:13:37,350

irritated and highly controlled through

1836

01:13:42,350 --> 01:13:39,600

the unseen frequencies of our technology

1837

01:13:44,810 --> 01:13:42,360

and to get there we're gonna have to

1838

01:13:47,030 --> 01:13:44,820

make sure that we've trampled down the

1839

01:13:49,550 --> 01:13:47,040

ideas of souls light bodies

1840

01:13:52,220 --> 01:13:49,560

consciousness energy fields all that

1841

01:13:54,260 --> 01:13:52,230

kind of stuff so we have these authors

1842

01:13:56,360 --> 01:13:54,270

and thought leaders in place to roll out

1843

01:13:58,580 --> 01:13:56,370

material atheism in the decades before

1844

01:14:01,610 --> 01:13:58,590

we hit them with the technology that way

1845

01:14:03,650 --> 01:14:01,620

people are primed to dismiss concerns

1846

01:14:07,670 --> 01:14:03,660

over these attacks to the energy body

1847

01:14:09,560 --> 01:14:07,680

they won't even think it exists I mean

1848

01:14:12,740 --> 01:14:09,570

that's a reality I could see because if

1849

01:14:15,530 --> 01:14:12,750

material atheism was a coordinated op

1850

01:14:17,870 --> 01:14:15,540

and it seems like it was when Richard

1851

01:14:19,790 --> 01:14:17,880

Dawkins and Christopher Hitchens and all

1852

01:14:22,430 --> 01:14:19,800

these guys are getting national press

1853

01:14:25,970 --> 01:14:22,440

rolling out the same ideas at the same

1854

01:14:29,200 --> 01:14:25,980

time this anyone who's smart doesn't

1855

01:14:31,460 --> 01:14:29,210

believe in unseen things attitude is

1856

01:14:32,930 --> 01:14:31,470

definitely a stumbling block when it

1857

01:14:35,420 --> 01:14:32,940

comes to making the case that this

1858

01:14:38,120 --> 01:14:35,430

frequency-based technology is dangerous

1859

01:14:40,100 --> 01:14:38,130

and some people who grew up with that as

1860

01:14:41,780 --> 01:14:40,110

the dominant worldview will find the

1861

01:14:45,410 --> 01:14:41,790

conspiratorial perspective on these

1862

01:14:48,140 --> 01:14:45,420

things much easier to dismiss even when

1863

01:14:50,360 --> 01:14:48,150

people like Martin L Paul PhD and

1864

01:14:52,070 --> 01:14:50,370

professor of biochemistry and basic

1865

01:14:55,370 --> 01:14:52,080

medical sciences at Washington State

1866

01:14:58,670 --> 01:14:55,380

University calls the 5g rollout quote

1867

01:15:01,010 --> 01:14:58,680

the stupidest idea in the history of the

1868

01:15:03,560 --> 01:15:01,020

world when people tell you you're

1869

01:15:04,729 --> 01:15:03,570

paranoid that should be all you have to

1870

01:15:06,080 --> 01:15:04,739

say

1871

01:15:08,739 --> 01:15:06,090

but then again people watching the

1872

01:15:11,629 --> 01:15:08,749

nightly news or hearing things like this

1873

01:15:13,910 --> 01:15:11,639

Graham's goal has been to make San Diego

1874

01:15:17,149 --> 01:15:13,920

the largest smart city network in the

1875

01:15:18,709 --> 01:15:17,159

u.s. people here smart city and I don't

1876

01:15:20,509 --> 01:15:18,719

know if they know what that means

1877

01:15:22,489 --> 01:15:20,519

well for San Diego it means the use of

1878

01:15:24,319 --> 01:15:22,499

data and technology to improve

1879

01:15:27,200 --> 01:15:24,329

decision-making and create better lives

1880

01:15:29,330 --> 01:15:27,210

for people San Diego is in the process

1881

01:15:31,459 --> 01:15:29,340

of installing current by GE smart

1882

01:15:34,069 --> 01:15:31,469

sensors in forty two hundred of the

1883

01:15:37,370 --> 01:15:34,079

city's streetlights we just installed

1884

01:15:39,560 --> 01:15:37,380

one of the city IQ nose and that is the

1885

01:15:42,080 --> 01:15:39,570

optical auditory and environmental

1886

01:15:43,700 --> 01:15:42,090

sensor and in factory sensors in each

1887

01:15:45,290 --> 01:15:43,710

light three sensors in one with a

1888

01:15:47,750 --> 01:15:45,300

cellular connection just like your cell

1889

01:15:49,819 --> 01:15:47,760

phone and there you have it

1890

01:15:52,160 --> 01:15:49,829

cities spending millions of dollars to

1891

01:15:54,680 --> 01:15:52,170

make your lives better a story as old as

1892

01:15:58,160 --> 01:15:54,690

time and San Diego my own personal

1893

01:16:01,100 --> 01:15:58,170

military intelligence oasis is primed to

1894

01:16:03,140 --> 01:16:01,110

be the nation's smartest city which

1895

01:16:05,810 --> 01:16:03,150

means cultivating and curating the

1896

01:16:07,549 --> 01:16:05,820

nation's dumbest people because the more

1897

01:16:09,560 --> 01:16:07,559

you outsource to the grid the less

1898

01:16:12,319 --> 01:16:09,570

autonomy independence and self-reliance

1899

01:16:14,629 --> 01:16:12,329

you actually have and what I heard in

1900

01:16:17,359 --> 01:16:14,639

that clip is the street lights have been

1901

01:16:19,819 --> 01:16:17,369

converted to LEDs which are already not

1902

01:16:23,270 --> 01:16:19,829

ideal and now they're being outfitted

1903

01:16:25,189 --> 01:16:23,280

with optical auditory and environmental

1904

01:16:28,299 --> 01:16:25,199

sensors which is to say cameras and

1905

01:16:30,799 --> 01:16:28,309

microphones lining the city streets and

1906

01:16:33,379 --> 01:16:30,809

wirelessly transmitting a digital data

1907

01:16:34,970 --> 01:16:33,389

suit back to the central AI solving for

1908

01:16:38,209 --> 01:16:34,980

problems you didn't know you had and

1909

01:16:40,100 --> 01:16:38,219

maybe creating a few more nevermind the

1910

01:16:41,689 --> 01:16:40,110

dozens of homeless huddled around each

1911

01:16:43,669 --> 01:16:41,699

of these new high-tech streetlights

1912

01:16:46,709 --> 01:16:43,679

we're solving future problems with the

1913

01:16:50,160 --> 01:16:46,719

technology of tomorrow today

1914

01:16:52,020 --> 01:16:50,170

it's gross governments are run by a

1915

01:16:53,580 --> 01:16:52,030

billionaire class that just doesn't

1916

01:16:55,080 --> 01:16:53,590

spend money unless it's getting

1917

01:16:57,900 --> 01:16:55,090

something on the back end

1918

01:16:59,729 --> 01:16:57,910

they aren't fixing the water system they

1919

01:17:02,610 --> 01:16:59,739

don't care about rampant homelessness

1920

01:17:04,770 --> 01:17:02,620

and widespread opioid usage to them

1921

01:17:07,709 --> 01:17:04,780

government services are not a charity

1922

01:17:09,959 --> 01:17:07,719

that are a Trojan horse the highway

1923

01:17:11,430 --> 01:17:09,969

system wasn't a gift to the people but

1924

01:17:14,689 --> 01:17:11,440

the building of an infrastructure

1925

01:17:17,070 --> 01:17:14,699

dependent on oil pushed by oil producers

1926

01:17:19,620 --> 01:17:17,080

fluoride is not a gift for your teeth

1927

01:17:21,600 --> 01:17:19,630

it's the disposal of hazardous materials

1928

01:17:24,689 --> 01:17:21,610

from a metalworking industry that has

1929

01:17:26,850 --> 01:17:24,699

the clout to sell you their trash so

1930

01:17:30,270 --> 01:17:26,860

when I hear about millions being spent

1931

01:17:32,970 --> 01:17:30,280

to upgrade my city I know it's really a

1932

01:17:35,790 --> 01:17:32,980

network of increased control and any new

1933

01:17:37,860 --> 01:17:35,800

efficiency will directly correlate to

1934

01:17:40,680 --> 01:17:37,870

the bottom line of the nefarious view at

1935

01:17:42,270 --> 01:17:40,690

a minimum the more connected we are to

1936

01:17:45,120 --> 01:17:42,280

the electrical grid the less connected

1937

01:17:47,040 --> 01:17:45,130

we are to each other and the only thing

1938

01:17:49,650 --> 01:17:47,050

scary to the capstone cabal is our

1939

01:17:54,300 --> 01:17:49,660

numbers and the rarest of instances

1940

01:17:55,920 --> 01:17:54,310

where we might be united on something so

1941

01:17:58,200 --> 01:17:55,930

that's how I feel about it hopefully you

1942

01:17:59,880 --> 01:17:58,210

agree and enjoyed the interview today of

1943

01:18:01,890 --> 01:17:59,890

course if you just heard the first hour

1944

01:18:04,590 --> 01:18:01,900

the second hour is not to be missed we

1945

01:18:06,840 --> 01:18:04,600

talked about so much more and if you

1946

01:18:09,060 --> 01:18:06,850

like this show in general all I really

1947

01:18:12,689 --> 01:18:09,070

want for my birthday is for you to treat

1948

01:18:15,479 --> 01:18:12,699

yourself to the full experience it's \$8

1949

01:18:17,790 --> 01:18:15,489

a month for five new to our episodes

1950

01:18:20,280 --> 01:18:17,800

every 30 days plus years of archived

1951

01:18:21,930 --> 01:18:20,290

episodes and various other bonuses like

1952

01:18:26,459 --> 01:18:21,940

the air mania tour with Graham Hancock

1953

01:18:28,080 --> 01:18:26,469

videos the music the forums and more get

1954

01:18:30,959 --> 01:18:28,090

in while the getting's good the higher

1955

01:18:34,170 --> 01:18:30,969

side chats plus calm make it a happy

1956

01:18:35,790 --> 01:18:34,180

birthday for the both of us and just in

1957

01:18:38,070 --> 01:18:35,800

today's show with Matt Lam and we talked

1958

01:18:41,280 --> 01:18:38,080

about how geoengineering and 5g might

1959

01:18:44,250 --> 01:18:41,290

work together the occult aspects of the

1960

01:18:46,620 --> 01:18:44,260

technological evolution the Total Recall

1961

01:18:49,470 --> 01:18:46,630

agenda the satellite deception

1962

01:18:52,250 --> 01:18:49,480

scientific manipulation tips for

1963

01:18:55,380 --> 01:18:52,260

fighting back locally and personally

1964

01:18:58,680 --> 01:18:55,390

smart city projects and the money behind

1965

01:19:00,720 --> 01:18:58,690

them pre-crime policies and the social

1966

01:19:01,750 --> 01:19:00,730

crediting system and how other countries

1967

01:19:05,560 --> 01:19:01,760

in the world

1968

01:19:07,839 --> 01:19:05,570

fighting 5g so every episode the action

1969

01:19:10,930 --> 01:19:07,849

rolls on with or without you but we

1970

01:19:12,879 --> 01:19:10,940

prefer with drink one less ritzy

1971

01:19:15,879 --> 01:19:12,889

cocktail a month and support the show

1972

01:19:18,100 --> 01:19:15,889

you know you love and with that

1973

01:19:20,589 --> 01:19:18,110

definitely check out Matt's work and his

1974

01:19:22,479 --> 01:19:20,599

new clothing line and I'll see you soon

1975

01:19:24,399 --> 01:19:22,489

with the last show of March a

1976

01:19:27,220 --> 01:19:24,409

conspiratorial topic we talk about

1977

01:19:30,209 --> 01:19:27,230

fairly often but this one is going to

1978

01:19:32,439 --> 01:19:30,219

set a new bar for how we talk about it

1979

01:19:35,080 --> 01:19:32,449

brace yourself and I'll talk to you then

1980

01:19:37,060 --> 01:19:35,090

your move digital demons frequency

1981

01:19:43,049 --> 01:19:37,070

[h\_\_h] uppers and psychopaths of the

1982

01:19:49,500 --> 01:19:43,059

smart city roll out your [h\_\_h] maybe

1983

01:19:59,250 --> 01:19:49,510

you'll see goddamn this plan no fan

1984

01:20:06,260 --> 01:20:00,340

where

1985

01:20:11,530 --> 01:20:06,270

[Music]

1986

01:20:18,650 --> 01:20:11,540

oh no it go it gone bye-bye

1987

01:20:19,320 --> 01:20:18,660

blue I think I sink in our time don't

1988

01:20:25,190 --> 01:20:19,330

you
