hear my voice alright people another day

28

00:01:36,950 --> 00:01:34,560

another deep dive into this weird world

29

00:01:38,870 --> 00:01:36,960

from sunny San Diego I'm Gregor wood and

30

00:01:40,910 --> 00:01:38,880

we are no strangers to the subject of

31

00:01:43,910 --> 00:01:40,920

the ruling elite secret agendas whether

32

00:01:46,399 --> 00:01:43,920

it be they're not as advertised esoteric

33

00:01:48,770 --> 00:01:46,409

and occult practices their allegiances

34

00:01:50,660 --> 00:01:48,780

to secret societies and think tanks you

35

00:01:53,780 --> 00:01:50,670

don't hear about in the news or their

36

00:01:56,749 --> 00:01:53,790

empire expanding ever-present pursuit of

37

00:01:58,850 --> 00:01:56,759

complete globalization yes it seems in

38

00:02:00,590 --> 00:01:58,860

it nearly every time depth there's what

39

00:02:02,929 --> 00:02:00,600

the history books say and then there's

40

00:02:04,700 --> 00:02:02,939

the subtext inside stories that end up

41

00:02:07,130 --> 00:02:04,710

on the cutting room floor as to not

42

00:02:09,800 --> 00:02:07,140

expose the masses to the very subjects

43

00:02:12,110 --> 00:02:09,810

they work so hard to quarantine the lost

44

00:02:13,800 --> 00:02:12,120

history of advanced civilizations more

45

00:02:15,510 --> 00:02:13,810

developed and accurate models

46

00:02:18,570 --> 00:02:15,520

for understanding reality and man's

47

00:02:21,210 --> 00:02:18,580

place in it advanced technology ether

48

00:02:23,760 --> 00:02:21,220

physics exotic energy sources alchemical

49

00:02:25,589 --> 00:02:23,770

sciences entheogens and the kitchen sink

50

00:02:28,680 --> 00:02:25,599

of Secrets we learn a little more about

51  
00:02:30,660 --> 00:02:28,690  
each day these themes seem to be the

52  
00:02:32,160 --> 00:02:30,670  
undercurrent of so much activity

53  
00:02:34,320 --> 00:02:32,170  
throughout the human story no matter

54  
00:02:36,030 --> 00:02:34,330  
where you look so why wouldn't it be

55  
00:02:38,130 --> 00:02:36,040  
present in the life and times of

56  
00:02:40,370 --> 00:02:38,140  
Napoleon Bonaparte as well one of the

57  
00:02:42,750 --> 00:02:40,380  
most successful military men in history

58  
00:02:44,699 --> 00:02:42,760  
well that's the premise of Walter

59  
00:02:47,430 --> 00:02:44,709  
Bosley's latest book the esoteric

60  
00:02:49,680 --> 00:02:47,440  
Napoleon a fourth book in his secret

61  
00:02:52,199 --> 00:02:49,690  
mission series and a title that seems to

62  
00:02:52,949 --> 00:02:52,209  
be kicking off a multi-volume miniseries

63  
00:02:55,229 --> 00:02:52,959

of its own

64

00:02:57,180 --> 00:02:55,239

you might remember Walter from several

65

00:02:59,910 --> 00:02:57,190

previous shows covering his books

66

00:03:01,860 --> 00:02:59,920

latitude 33 keys to the kingdom which

67

00:03:04,530 --> 00:03:01,870

explores arcane science and engineering

68

00:03:07,470 --> 00:03:04,540

in the making and location of Disneyland

69

00:03:09,870 --> 00:03:07,480

and his empire of the wheel series which

70

00:03:12,180 --> 00:03:09,880

covers the Sonora Aero Club secret

71

00:03:14,820 --> 00:03:12,190

flying crafts the drawings of Charles

72

00:03:17,220 --> 00:03:14,830

del Chou Tesla tech a secret group of

73

00:03:19,860 --> 00:03:17,230

Prussian nationalists known as nimza and

74

00:03:22,380 --> 00:03:19,870

so much more he also has an interesting

75

00:03:24,330 --> 00:03:22,390

history serving as a counterintelligence

76

00:03:26,940 --> 00:03:24,340

specialist during the final years of the

77

00:03:28,470 --> 00:03:26,950

Cold War a special agent with the Air

78

00:03:31,740 --> 00:03:28,480

Force Office of Special Investigations

79

00:03:34,380 --> 00:03:31,750

and as a personal security and

80

00:03:36,630 --> 00:03:34,390

counterterrorism consultant for various

81

00:03:39,030 --> 00:03:36,640

clients around the world it's going to

82

00:03:41,759 --> 00:03:39,040

be a wild ride that I am very excited to

83

00:03:44,370 --> 00:03:41,769

take the deep state decoder and esoteric

84

00:03:46,770 --> 00:03:44,380

agenda exposure Walter Bosley welcome

85

00:03:48,539 --> 00:03:46,780

back to the higher side hey it's great

86

00:03:50,670 --> 00:03:48,549

to be here great thanks for having me

87

00:03:52,590 --> 00:03:50,680

yeah thanks for being here I think this

88

00:03:55,289 --> 00:03:52,600

is gonna be a lot of fun you've written

89

00:03:57,090 --> 00:03:55,299

about some pretty amazing material over

90

00:03:59,819 --> 00:03:57,100

the years and you're really good at

91

00:04:01,770 --> 00:03:59,829

finding new places to look when I saw

92

00:04:03,870 --> 00:04:01,780

the ISA Tarek Napoleon I knew it was

93

00:04:06,569 --> 00:04:03,880

gonna be a great read I was not very

94

00:04:08,699 --> 00:04:06,579

knowledgeable about Napoleon in general

95

00:04:10,710 --> 00:04:08,709

honestly I'd of course heard the

96

00:04:12,000 --> 00:04:10,720

provocative rumor about him spending the

97

00:04:13,500 --> 00:04:12,010

night in the King's Chamber the Great

98

00:04:15,990 --> 00:04:13,510

Pyramid and coming out all flustered

99

00:04:18,150 --> 00:04:16,000

something will definitely get into but

100

00:04:20,909 --> 00:04:18,160

to get the mental wheels turning out

101  
00:04:23,250 --> 00:04:20,919  
there tell us a bit about how Napoleon

102  
00:04:25,110 --> 00:04:23,260  
became the subject of a new book in the

103  
00:04:26,690 --> 00:04:25,120  
secret mission series and this kind of

104  
00:04:30,500 --> 00:04:26,700  
thematic thread that

105  
00:04:33,920 --> 00:04:30,510  
weaves between these books well it does

106  
00:04:38,120 --> 00:04:33,930  
have an interesting background for some

107  
00:04:42,430 --> 00:04:38,130  
years now dating back to 2014 as I

108  
00:04:45,920 --> 00:04:42,440  
recall it Joseph Ferrell and I have

109  
00:04:48,980 --> 00:04:45,930  
discussed our personal curiosities about

110  
00:04:50,960 --> 00:04:48,990  
the Louisiana Purchase and of course

111  
00:04:53,330 --> 00:04:50,970  
many may not know that Napoleon

112  
00:04:55,700 --> 00:04:53,340  
Bonaparte was the one that sold the

113  
00:04:58,490 --> 00:04:55,710

Louisiana territory to the United States

114

00:05:01,430 --> 00:04:58,500

is the one who made the deal with Thomas

115

00:05:03,080 --> 00:05:01,440

Jefferson which Congress wasn't too

116

00:05:07,010 --> 00:05:03,090

thrilled about at the time they felt

117

00:05:08,900 --> 00:05:07,020

that he exceeded his powers but when

118

00:05:11,360 --> 00:05:08,910

they saw that it doubled the size of the

119

00:05:12,260 --> 00:05:11,370

then United States they you know kinda

120

00:05:15,680 --> 00:05:12,270

went along with it

121

00:05:19,100 --> 00:05:15,690

so with our curiosities about the whys

122

00:05:21,920 --> 00:05:19,110

and wherefores of the sale I mean there

123

00:05:24,950 --> 00:05:21,930

is the known history of the political in

124

00:05:26,690 --> 00:05:24,960

the more expedient reasons why Napoleon

125

00:05:29,060 --> 00:05:26,700

sold it but you know we always wondered

126

00:05:32,000 --> 00:05:29,070

what did the French find there did they

127

00:05:34,100 --> 00:05:32,010

find something before the sale you know

128

00:05:35,750 --> 00:05:34,110

but just there's all sorts of

129

00:05:38,030 --> 00:05:35,760

interesting things not the least of

130

00:05:40,250 --> 00:05:38,040

which is the very curious death of

131

00:05:43,100 --> 00:05:40,260

Meriwether Lewis who was very likely

132

00:05:46,040 --> 00:05:43,110

murdered you know he was of the Lewis

133

00:05:47,690 --> 00:05:46,050

and Clark expedition of course that went

134

00:05:49,550 --> 00:05:47,700

and explored the Louisiana territory

135

00:05:52,340 --> 00:05:49,560

right after the purchase so with all

136

00:05:56,290 --> 00:05:52,350

these interesting mysteries Napoleon was

137

00:05:59,750 --> 00:05:56,300

kind of on my plate of curiosities and

138

00:06:04,040 --> 00:05:59,760

early last year I think it was February

139

00:06:06,680 --> 00:06:04,050

of 2018 I went to visit Joseph with

140

00:06:09,800 --> 00:06:06,690

another friend and we went to his

141

00:06:11,360 --> 00:06:09,810

favorite used book Emporium this huge it

142

00:06:14,780 --> 00:06:11,370

was even bigger before but they've

143

00:06:19,310 --> 00:06:14,790

downsized a big book Emporium where he

144

00:06:21,200 --> 00:06:19,320

lives and I happen to find an edition of

145

00:06:24,410 --> 00:06:21,210

a book that I'd heard of but I'd never

146

00:06:27,350 --> 00:06:24,420

seen titled Bonaparte in Egypt at

147

00:06:30,170 --> 00:06:27,360

Christopher Harold and there was only

148

00:06:32,750 --> 00:06:30,180

one copy so I scooped that up and I just

149

00:06:34,310 --> 00:06:32,760

got it as extra reading curiosity

150

00:06:36,830 --> 00:06:34,320

because what I was actually intending to

151

00:06:38,930 --> 00:06:36,840

work on last year was the follow-up to

152

00:06:39,810 --> 00:06:38,940

secret missions one about Juan Cabrillo

153

00:06:41,850 --> 00:06:39,820

and

154

00:06:45,390 --> 00:06:41,860

also found a book about California

155

00:06:46,080 --> 00:06:45,400

history on the same day and purchased

156

00:06:48,270 --> 00:06:46,090

that as well

157

00:06:50,460 --> 00:06:48,280

and actually read that one first before

158

00:06:53,480 --> 00:06:50,470

I picked up the Bonaparte in Egypt book

159

00:06:56,750 --> 00:06:53,490

well as I read Bonaparte in Egypt I

160

00:06:59,850 --> 00:06:56,760

realized how much I did not know

161

00:07:02,220 --> 00:06:59,860

previously about Napoleon Bonaparte all

162

00:07:05,760 --> 00:07:02,230

I knew was what we're all taught in

163

00:07:09,800 --> 00:07:05,770

school in movies and TV and popular

164

00:07:12,270 --> 00:07:09,810

culture that he was this glum fat bald

165

00:07:14,640 --> 00:07:12,280

megalomaniac and that's really all there

166

00:07:17,310 --> 00:07:14,650

was to him and of course in some extreme

167

00:07:19,920 --> 00:07:17,320

cases the Antichrist of the 19th century

168

00:07:23,160 --> 00:07:19,930

in all this well as I read the herald

169

00:07:25,950 --> 00:07:23,170

book as I said I learned things about

170

00:07:27,990 --> 00:07:25,960

Napoleon that I did not know when he

171

00:07:30,030 --> 00:07:28,000

went to Egypt he wasn't yet thirty years

172

00:07:34,110 --> 00:07:30,040

old and I'm reading that he's a

173

00:07:37,500 --> 00:07:34,120

long-haired slim great-looking guy the

174

00:07:38,850 --> 00:07:37,510

women adored him men just idolized him

175

00:07:41,460 --> 00:07:38,860

that getting this complete different

176

00:07:43,820 --> 00:07:41,470

picture of Napoleon but also in this one

177

00:07:47,670 --> 00:07:43,830

book I'm learning about his fascination

178

00:07:50,250 --> 00:07:47,680

his primary love for science and ancient

179

00:07:52,950 --> 00:07:50,260

history and and you know those kind of

180

00:07:55,770 --> 00:07:52,960

world Explorer type mysteries that are

181

00:07:57,570 --> 00:07:55,780

popular today and again this I didn't

182

00:07:59,760 --> 00:07:57,580

know about Napoleon so as I'm reading

183

00:08:02,610 --> 00:07:59,770

this book I'm realizing wait a minute

184

00:08:05,730 --> 00:08:02,620

there's a big story here and oh my gosh

185

00:08:08,490 --> 00:08:05,740

this looks like secret mission series

186

00:08:11,100 --> 00:08:08,500

material here and sure enough the more I

187

00:08:13,680 --> 00:08:11,110

read the more I became convinced that

188

00:08:15,840 --> 00:08:13,690

Napoleon Bonaparte definitely deserved

189

00:08:17,520 --> 00:08:15,850

to get what I call the secret missions

190

00:08:22,020 --> 00:08:17,530

treatment that from my series of books

191

00:08:25,710 --> 00:08:22,030

so I decided after finishing the Herold

192

00:08:27,480 --> 00:08:25,720

book I got my hands on another biography

193

00:08:30,690 --> 00:08:27,490

and before I was done with that

194

00:08:33,780 --> 00:08:30,700

biography I decided my gosh I need to

195

00:08:38,010 --> 00:08:33,790

really dig into this man's story because

196

00:08:41,250 --> 00:08:38,020

as you said that curious tale about the

197

00:08:43,320 --> 00:08:41,260

night he spent in the pyramid was one of

198

00:08:45,450 --> 00:08:43,330

those things Farrell and I would talk

199

00:08:47,910 --> 00:08:45,460

about and you know I had wondered about

200

00:08:51,150 --> 00:08:47,920

over the years and it was looking like

201  
00:08:53,070 --> 00:08:51,160  
that that was something that at least he

202  
00:08:55,050 --> 00:08:53,080  
actually did

203  
00:08:57,270 --> 00:08:55,060  
spend time in the pyramid and I realized

204  
00:08:59,870 --> 00:08:57,280  
okay I've got to dig into this and it

205  
00:09:02,880 --> 00:08:59,880  
ended up being just reading over almost

206  
00:09:06,290 --> 00:09:02,890  
6,000 pages of biographical material and

207  
00:09:09,390 --> 00:09:06,300  
Napoleon just the bio material alone and

208  
00:09:11,430 --> 00:09:09,400  
I'll tell you by halfway through it I

209  
00:09:15,780 --> 00:09:11,440  
could become to call me a bona partisan

210  
00:09:17,910 --> 00:09:15,790  
I am a fan of Napoleon Bonaparte he is I

211  
00:09:19,920 --> 00:09:17,920  
considered to be one of the most

212  
00:09:23,580 --> 00:09:19,930  
slandered and lied about historical

213  
00:09:26,310 --> 00:09:23,590

figures in known history and that's kind

214

00:09:28,530 --> 00:09:26,320

of how it happened mmm-hmm yes and I

215

00:09:30,270 --> 00:09:28,540

wanted to get into that perception of

216

00:09:31,740 --> 00:09:30,280

the man a little bit more because I did

217

00:09:33,330 --> 00:09:31,750

have it written down right here that you

218

00:09:35,400 --> 00:09:33,340

referred to him as one of the most

219

00:09:37,200 --> 00:09:35,410

slandered men in history and like you

220

00:09:39,750 --> 00:09:37,210

had mentioned the conventional view I

221

00:09:42,600 --> 00:09:39,760

think most people have is to consider

222

00:09:45,030 --> 00:09:42,610

him an aggressive egomaniac or

223

00:09:47,490 --> 00:09:45,040

tyrannical conquer hell-bent on

224

00:09:49,940 --> 00:09:47,500

expanding the Empire but you consider

225

00:09:52,650 --> 00:09:49,950

him a philosopher and an esoteric

226

00:09:55,610 --> 00:09:52,660

scientist at heart what would you tell

227

00:09:57,870 --> 00:09:55,620

people to expand on that and maybe

228

00:09:59,670 --> 00:09:57,880

countering the conventional view of him

229

00:10:01,070 --> 00:09:59,680

and making the case that he was more

230

00:10:03,780 --> 00:10:01,080

than meets the eye

231

00:10:06,000 --> 00:10:03,790

well first of all that image that

232

00:10:11,010 --> 00:10:06,010

erroneous image that we have all been

233

00:10:15,120 --> 00:10:11,020

fed that is a direct product of 19th

234

00:10:18,030 --> 00:10:15,130

century British propaganda and lies and

235

00:10:19,590 --> 00:10:18,040

when I say from now on in this

236

00:10:21,210 --> 00:10:19,600

conversation from here out in this

237

00:10:23,460 --> 00:10:21,220

conversation and when you read it in the

238

00:10:25,500 --> 00:10:23,470

book when I refer to the Brits of the

239

00:10:27,870 --> 00:10:25,510

British I am referring to the

240

00:10:30,150 --> 00:10:27,880

aristocracy I'm referring to their

241

00:10:34,500 --> 00:10:30,160

government at the time the British

242

00:10:37,260 --> 00:10:34,510

people actually kind of admired Napoleon

243

00:10:39,690 --> 00:10:37,270

just like the peoples of the countries

244

00:10:41,850 --> 00:10:39,700

that he invaded you know and defeated

245

00:10:45,180 --> 00:10:41,860

their armies he would go and he would do

246

00:10:46,560 --> 00:10:45,190

these civic improvements and the peoples

247

00:10:49,050 --> 00:10:46,570

of these countries the actual people

248

00:10:49,770 --> 00:10:49,060

himself would end up liking the guy or

249

00:10:52,980 --> 00:10:49,780

loving it

250

00:10:55,980 --> 00:10:52,990

but it was the aristocracy and between

251  
00:10:59,210 --> 00:10:55,990  
the British aristocracy and the house of

252  
00:11:03,090 --> 00:10:59,220  
SD which was the major overarching

253  
00:11:05,940 --> 00:11:03,100  
dynasty that had their members and

254  
00:11:07,890 --> 00:11:05,950  
pretty much all the thrones of Europe

255  
00:11:10,440 --> 00:11:07,900  
they were the ones they in England were

256  
00:11:12,330 --> 00:11:10,450  
the ones and primarily the British when

257  
00:11:14,430 --> 00:11:12,340  
it comes to the worst slander of it all

258  
00:11:17,550 --> 00:11:14,440  
they're the ones responsible for this

259  
00:11:20,970 --> 00:11:17,560  
image of the megalomania and it was all

260  
00:11:23,810 --> 00:11:20,980  
because at the time that Napoleon

261  
00:11:27,540 --> 00:11:23,820  
emerged the British Empire was still

262  
00:11:29,130 --> 00:11:27,550  
rising and they had just been

263  
00:11:31,830 --> 00:11:29,140

embarrassed in front of the whole world

264

00:11:34,320 --> 00:11:31,840

by the American Revolution and they

265

00:11:36,900 --> 00:11:34,330

weren't about now to let this French

266

00:11:39,540 --> 00:11:36,910

upstart as they saw him come in and

267

00:11:42,750 --> 00:11:39,550

steal their thunder and prevent their

268

00:11:44,340 --> 00:11:42,760

vision their determination for their

269

00:11:47,040 --> 00:11:44,350

empire and that's really what the

270

00:11:50,820 --> 00:11:47,050

British were all about I had never

271

00:11:54,330 --> 00:11:50,830

looked at the the British aristocracy in

272

00:11:57,300 --> 00:11:54,340

the government as being as shameful the

273

00:11:59,820 --> 00:11:57,310

shame lest I should say in how they

274

00:12:02,520 --> 00:11:59,830

handle the whole Napoleonic issue as

275

00:12:06,960 --> 00:12:02,530

they did during the 19th century it's

276

00:12:08,880 --> 00:12:06,970

it's obvious when you look closely yeah

277

00:12:10,980 --> 00:12:08,890

well I mean I'm not surprised that the

278

00:12:12,540 --> 00:12:10,990

British Empire would be capable of

279

00:12:15,180 --> 00:12:12,550

pumping out some pretty potent

280

00:12:16,950 --> 00:12:15,190

propaganda about somebody right and as

281

00:12:19,320 --> 00:12:16,960

you mentioned that when he conquered a

282

00:12:21,000 --> 00:12:19,330

place he kind of laid out his vision and

283

00:12:23,820 --> 00:12:21,010

it would make things better for the

284

00:12:26,100 --> 00:12:23,830

people as opposed to the elites almost

285

00:12:28,920 --> 00:12:26,110

like a general Robin Hood and this is

286

00:12:32,070 --> 00:12:28,930

not the perception I had I mean we use

287

00:12:35,580 --> 00:12:32,080

these terms like invader or conquer but

288

00:12:38,070 --> 00:12:35,590

apparently he only started one of the

289

00:12:40,140 --> 00:12:38,080

nine Napoleonic Wars anyway so I mean

290

00:12:41,580 --> 00:12:40,150

how can we say invader if most of the

291

00:12:45,960 --> 00:12:41,590

MER started from the other side is that

292

00:12:49,050 --> 00:12:45,970

right oh yeah that that is crazy they

293

00:12:51,120 --> 00:12:49,060

called this the Napoleonic Wars this era

294

00:12:52,920 --> 00:12:51,130

there were nine of them and he only

295

00:12:55,560 --> 00:12:52,930

started one and that was with Spain and

296

00:12:57,300 --> 00:12:55,570

that was over a legitimate violation by

297

00:13:00,060 --> 00:12:57,310

the Spanish of a treaty that they had

298

00:13:02,310 --> 00:13:00,070

signed with him with France and the

299

00:13:05,310 --> 00:13:02,320

other eight wars were started by England

300

00:13:07,440 --> 00:13:05,320

and the house of SD and their allies in

301  
00:13:10,320 --> 00:13:07,450  
Europe it really should have been called

302  
00:13:13,080 --> 00:13:10,330  
the wars of British and European

303  
00:13:14,730 --> 00:13:13,090  
dynastic aggression is what it should

304  
00:13:16,290 --> 00:13:14,740  
have been called because that's what

305  
00:13:18,180 --> 00:13:16,300  
they were and they got to the point

306  
00:13:19,110 --> 00:13:18,190  
where they openly were just stating that

307  
00:13:21,300 --> 00:13:19,120  
they were declaring

308  
00:13:23,220 --> 00:13:21,310  
I'm the man himself on Napoleon

309  
00:13:26,660 --> 00:13:23,230  
Bonaparte himself so we see the

310  
00:13:30,450 --> 00:13:26,670  
beginnings of the philosophical

311  
00:13:34,260 --> 00:13:30,460  
collectivist assault on the idea of a

312  
00:13:36,720 --> 00:13:34,270  
strongman leader okay we see that the

313  
00:13:40,470 --> 00:13:36,730

beginnings of we must always demonize

314

00:13:43,380 --> 00:13:40,480

the strong charismatic leader because a

315

00:13:46,079 --> 00:13:43,390

strong charismatic leader can do great

316

00:13:47,700 --> 00:13:46,089

evil and destructive things but the flip

317

00:13:50,519 --> 00:13:47,710

side of that coin is a strong

318

00:13:52,860 --> 00:13:50,529

charismatic leader doing good things on

319

00:13:56,400 --> 00:13:52,870

the site of good can't be beat by any

320

00:13:58,980 --> 00:13:56,410

dynasty or collectivist body and so with

321

00:14:01,910 --> 00:13:58,990

Napoleon in the Napoleonic era we see

322

00:14:04,920 --> 00:14:01,920

the beginnings of the philosophical

323

00:14:08,190 --> 00:14:04,930

collectivists kind of sharpening their

324

00:14:13,800 --> 00:14:08,200

teeth on you know how to tear down a

325

00:14:15,390 --> 00:14:13,810

great leader and it just it is it's kind

326

00:14:16,920 --> 00:14:15,400

of astonishing to some of the guy mean

327

00:14:19,230 --> 00:14:16,930

they would tell stories to their

328

00:14:21,780 --> 00:14:19,240

children you know that Napoleon

329

00:14:23,699 --> 00:14:21,790

Bonaparte will take you away and boil

330

00:14:24,930 --> 00:14:23,709

you up in a kettle and eat you and and

331

00:14:26,760 --> 00:14:24,940

that kind of are just the most

332

00:14:30,300 --> 00:14:26,770

ridiculous they just wanted to turn him

333

00:14:32,250 --> 00:14:30,310

into a boogeyman really yes that is a

334

00:14:35,400 --> 00:14:32,260

good breakdown and blaming the

335

00:14:37,980 --> 00:14:35,410

opposition is a common tactic for

336

00:14:40,410 --> 00:14:37,990

empires especially the British one but

337

00:14:43,320 --> 00:14:40,420

to play devil's advocate a little bit

338

00:14:45,150 --> 00:14:43,330

here I wonder if we are romanticizing

339

00:14:47,610 --> 00:14:45,160

him a little bit because there are

340

00:14:49,260 --> 00:14:47,620

probably lots of conquerors in history

341

00:14:51,420 --> 00:14:49,270

who think they made improvements to the

342

00:14:53,490 --> 00:14:51,430

places they invaded and I know you're a

343

00:14:55,170 --> 00:14:53,500

military guy more than myself and a lot

344

00:14:57,210 --> 00:14:55,180

of these characters in history are also

345

00:15:00,060 --> 00:14:57,220

more complex than we give them credit

346

00:15:03,480 --> 00:15:00,070

for but I have heard some critics give

347

00:15:05,550 --> 00:15:03,490

pretty insane numbers for the deaths in

348

00:15:07,320 --> 00:15:05,560

Napoleon's wake and we're not just

349

00:15:09,840 --> 00:15:07,330

talking about soldiers some people have

350

00:15:11,370 --> 00:15:09,850

even used the word exterminate when it

351

00:15:12,780 --> 00:15:11,380

comes to how Napoleon felt about

352

00:15:15,690 --> 00:15:12,790

different cultures he encountered

353

00:15:17,610 --> 00:15:15,700

especially non-european ones and I'm

354

00:15:18,870 --> 00:15:17,620

know I know nothing you know that I was

355

00:15:20,250 --> 00:15:18,880

just trying to prepare for this

356

00:15:22,800 --> 00:15:20,260

interview and I guess I'd asked you

357

00:15:25,199 --> 00:15:22,810

consider that stuff part of the

358

00:15:27,780 --> 00:15:25,209

propaganda or truth somewhere in the

359

00:15:31,380 --> 00:15:27,790

middle well it's a little bit of it's a

360

00:15:35,269 --> 00:15:31,390

little bit of both in a way

361

00:15:37,889 --> 00:15:35,279

what you've got is a bunch of propaganda

362

00:15:41,280 --> 00:15:37,899

exaggerating what did happen what you

363

00:15:43,380 --> 00:15:41,290

have are a couple of instances now we

364

00:15:45,480 --> 00:15:43,390

have to remember when I say hey I'm a

365

00:15:47,610 --> 00:15:45,490

fan of Napoleon Bonaparte by no means

366

00:15:50,400 --> 00:15:47,620

was the man perfect he did make mistakes

367

00:15:52,889 --> 00:15:50,410

like any other human leader we've ever

368

00:15:55,680 --> 00:15:52,899

had even the best of them and he would

369

00:15:57,389 --> 00:15:55,690

admit when he realized oh my gosh you

370

00:15:59,610 --> 00:15:57,399

know that was the wrong thing and he

371

00:16:04,530 --> 00:15:59,620

would try to fix that and make

372

00:16:06,630 --> 00:16:04,540

reparations so the truth is that you

373

00:16:08,069 --> 00:16:06,640

know yeah there were some things you can

374

00:16:09,900 --> 00:16:08,079

point to absolutely

375

00:16:12,300 --> 00:16:09,910

but when you read the biographical

376

00:16:15,810 --> 00:16:12,310

material it's nowhere near like the

377

00:16:17,460 --> 00:16:15,820

propaganda plays that out to be when you

378

00:16:21,420 --> 00:16:17,470

look at the circumstances in the details

379

00:16:25,680 --> 00:16:21,430

you find out that it wasn't as much as

380

00:16:27,509 --> 00:16:25,690

is exaggerated you find out that a lot

381

00:16:30,480 --> 00:16:27,519

of it he was not personally responsible

382

00:16:34,500 --> 00:16:30,490

for and he did not approve of what was

383

00:16:35,880 --> 00:16:34,510

done in certain cases so it's kind of

384

00:16:39,540 --> 00:16:35,890

like you say the truth is somewhere

385

00:16:42,750 --> 00:16:39,550

between the adoring fans and its

386

00:16:45,329 --> 00:16:42,760

greatest critics yes as is often the

387

00:16:47,730 --> 00:16:45,339

case and that was a pretty good response

388

00:16:50,550 --> 00:16:47,740

it's just something I wanted to at least

389

00:16:53,069 --> 00:16:50,560

address pretty early on here I respect

390

00:16:54,960 --> 00:16:53,079

that you're a fan I really have no dog

391

00:16:57,389 --> 00:16:54,970

in the fight on a lot of the people we

392

00:16:59,910 --> 00:16:57,399

talk about and if they were a good or

393

00:17:02,910 --> 00:16:59,920

bad person at heart just like John Dee

394

00:17:05,340 --> 00:17:02,920

or Sir Francis Bacon or even when we

395

00:17:07,049 --> 00:17:05,350

talk about aspects of the top brass of

396

00:17:09,929 --> 00:17:07,059

the Nazi organization usually I'm

397

00:17:12,299 --> 00:17:09,939

looking past the morality stuff anyway I

398

00:17:13,799 --> 00:17:12,309

don't think I leave a lot of people in

399

00:17:16,650 --> 00:17:13,809

positions of power but I'm more

400

00:17:18,559 --> 00:17:16,660

interested at this point and just using

401

00:17:20,640 --> 00:17:18,569

these figures as a gateway to

402

00:17:23,790 --> 00:17:20,650

understanding and opening up more of

403

00:17:25,679 --> 00:17:23,800

that secret history and esoteric

404

00:17:28,799 --> 00:17:25,689

knowledge that you tend to do such a

405

00:17:31,799 --> 00:17:28,809

great job digging up here's a way to

406

00:17:35,130 --> 00:17:31,809

look at or to describe Napoleon he was

407

00:17:39,150 --> 00:17:35,140

imperfect there were some missteps he

408

00:17:41,700 --> 00:17:39,160

was by no means and Adolf Hitler nor was

409

00:17:44,910 --> 00:17:41,710

he an antichrist and that's really a way

410

00:17:46,620 --> 00:17:44,920

you can put it fair fair and

411

00:17:48,810 --> 00:17:46,630

get more into the esoteric side of

412

00:17:50,700 --> 00:17:48,820

things just as we've speculated with

413

00:17:54,180 --> 00:17:50,710

previous guests about treasures and

414

00:17:56,280 --> 00:17:54,190

artifacts in the Baghdad Museum being

415

00:17:58,860 --> 00:17:56,290

more of a priority to the invasion of

416

00:18:01,290 --> 00:17:58,870

Iraq than was advertised you suggest

417

00:18:03,330 --> 00:18:01,300

that secret codes mysteries and

418

00:18:06,090 --> 00:18:03,340

treasures might have fueled Napoleon's

419

00:18:08,580 --> 00:18:06,100

conquest particularly places in Italy to

420

00:18:11,250 --> 00:18:08,590

start what might those have been what

421

00:18:14,130 --> 00:18:11,260

could he have been seeking I think in

422

00:18:17,760 --> 00:18:14,140

general he was seeking any information

423

00:18:20,430 --> 00:18:17,770

that he could get on how I like to

424

00:18:23,100 --> 00:18:20,440

phrase it the

425

00:18:27,090 --> 00:18:23,110

lost technology of the forgotten

426

00:18:29,460 --> 00:18:27,100

civilization call it Atlantis call it

427

00:18:33,390 --> 00:18:29,470

the rum empire call it whatever you want

428

00:18:36,180 --> 00:18:33,400

but whatever that lost age or golden age

429

00:18:39,660 --> 00:18:36,190

some call it of human history is that

430

00:18:42,150 --> 00:18:39,670

left traces behind in for instance the

431

00:18:43,830 --> 00:18:42,160

megalithic structures or the out of

432

00:18:46,130 --> 00:18:43,840

place artifacts that are you know these

433

00:18:49,140 --> 00:18:46,140

these more technologically advanced

434

00:18:52,410 --> 00:18:49,150

objects that shouldn't exist in the era

435

00:18:53,370 --> 00:18:52,420

where they were found the clues are all

436

00:18:55,740 --> 00:18:53,380

over the world

437

00:19:00,150 --> 00:18:55,750

I think these mysteries fascinated him

438

00:19:02,970 --> 00:19:00,160

and the biographers say that his first

439

00:19:06,000 --> 00:19:02,980

love intellectual love with science and

440

00:19:09,480 --> 00:19:06,010

history he was much more interested in

441

00:19:11,970 --> 00:19:09,490

that than politics all the politics seem

442

00:19:14,730 --> 00:19:11,980

to be just an expedient measure or you

443

00:19:17,730 --> 00:19:14,740

know part of what he was thrust into and

444

00:19:20,010 --> 00:19:17,740

and don't mistake what I'm saying he

445

00:19:22,890 --> 00:19:20,020

excelled at that it's not that he didn't

446

00:19:27,200 --> 00:19:22,900

like that once he got into it but he

447

00:19:30,570 --> 00:19:27,210

excelled at it he was a civics genius

448

00:19:33,240 --> 00:19:30,580

Napoleonic law still is the foundation

449

00:19:35,040 --> 00:19:33,250

for French law to this day the way

450

00:19:36,870 --> 00:19:35,050

cities are laid out all sorts of

451  
00:19:38,310 --> 00:19:36,880  
interesting things even our own street

452  
00:19:41,100 --> 00:19:38,320  
address system here in the United States

453  
00:19:43,020 --> 00:19:41,110  
and other places in the world where it's

454  
00:19:45,720 --> 00:19:43,030  
even numbers on one side of the street

455  
00:19:48,180 --> 00:19:45,730  
not on the other that's Napoleon that

456  
00:19:52,470 --> 00:19:48,190  
was Napoleon's designs that came up with

457  
00:19:55,350 --> 00:19:52,480  
that so he left a lasting impression and

458  
00:19:57,690 --> 00:19:55,360  
you could say to some degree he's one of

459  
00:20:00,390 --> 00:19:57,700  
those few who helped create our modern

460  
00:20:03,870 --> 00:20:00,400  
world up there with Tesla you know in

461  
00:20:07,410 --> 00:20:03,880  
the Civic's way so here was a guy who

462  
00:20:09,690 --> 00:20:07,420  
was interested in science in ancient

463  
00:20:12,900 --> 00:20:09,700

history primarily more than anything

464

00:20:15,030 --> 00:20:12,910

else and he was a math whiz this is why

465

00:20:17,190 --> 00:20:15,040

he they say why he went into artillery

466

00:20:18,840 --> 00:20:17,200

because math is important in artillery

467

00:20:21,450 --> 00:20:18,850

and he was an artillery genius he is

468

00:20:27,910 --> 00:20:21,460

still studied in war colleges all over

469

00:20:33,040 --> 00:20:30,070

one of the things he started doing early

470

00:20:36,340 --> 00:20:33,050

when he you know was part of the

471

00:20:40,720 --> 00:20:36,350

military machine of France was he would

472

00:20:44,680 --> 00:20:40,730

target places that yeah had interests to

473

00:20:46,870 --> 00:20:44,690

him in this regard so one of the things

474

00:20:49,930 --> 00:20:46,880

he was keenly interested in was getting

475

00:20:52,480 --> 00:20:49,940

his hands on any documents that had been

476  
00:20:55,360 --> 00:20:52,490  
in possession of the Vatican he thought

477  
00:20:57,640 --> 00:20:55,370  
maybe he could glean something from on

478  
00:21:00,010 --> 00:20:57,650  
you know this ancient secret this

479  
00:21:03,370 --> 00:21:00,020  
ancient world that was lost but he was

480  
00:21:07,380 --> 00:21:03,380  
also I think very interested in his own

481  
00:21:11,140 --> 00:21:07,390  
personal history I think he suspected

482  
00:21:15,010 --> 00:21:11,150  
early on that he might have been of a

483  
00:21:17,800 --> 00:21:15,020  
very important domestic line and this

484  
00:21:20,950 --> 00:21:17,810  
was also part of why he was looking at

485  
00:21:22,660 --> 00:21:20,960  
some of these sites and pursuing some of

486  
00:21:25,480 --> 00:21:22,670  
the places and things that he pursued

487  
00:21:29,340 --> 00:21:25,490  
yes well said and definitely there is

488  
00:21:33,510 --> 00:21:29,350

this element of a Da Vinci Code type of

489

00:21:36,940 --> 00:21:33,520

encoding of arts that relates to

490

00:21:38,710 --> 00:21:36,950

nobility and bloodlines and secret

491

00:21:41,020 --> 00:21:38,720

lovers and all that kind of stuff that's

492

00:21:44,260 --> 00:21:41,030

definitely a big part of part two of

493

00:21:46,450 --> 00:21:44,270

this book and you also note that when he

494

00:21:49,120 --> 00:21:46,460

took over a place he did demand a list

495

00:21:50,770 --> 00:21:49,130

of any art uncovered paintings and

496

00:21:52,930 --> 00:21:50,780

sculptures that kind of helps to make

497

00:21:54,430 --> 00:21:52,940

the case that that was of heightened

498

00:21:55,990 --> 00:21:54,440

interest and you mentioned things from

499

00:21:57,880 --> 00:21:56,000

the Vatican I thought it was really

500

00:22:00,370 --> 00:21:57,890

interesting when he finally forged a

501  
00:22:04,180 --> 00:22:00,380  
peace treaty with Venice he demanded

502  
00:22:07,960 --> 00:22:04,190  
several Navy ships 15 million francs 20

503  
00:22:10,180 --> 00:22:07,970  
paintings and 500 Vatican manuscripts

504  
00:22:11,860 --> 00:22:10,190  
and it's like man that sounds like the

505  
00:22:13,870 --> 00:22:11,870  
real prize of course you got to throw in

506  
00:22:15,490 --> 00:22:13,880  
some ships and some cash right just to

507  
00:22:18,760 --> 00:22:15,500  
hide the fact that you really want these

508  
00:22:20,800 --> 00:22:18,770  
manuscripts or to keep your employer

509  
00:22:23,110 --> 00:22:20,810  
happy right yeah you're having this for

510  
00:22:25,570 --> 00:22:23,120  
your country and the government back

511  
00:22:28,060 --> 00:22:25,580  
home expects you to get resources so the

512  
00:22:31,180 --> 00:22:28,070  
money in the ships legitimately cover

513  
00:22:32,890 --> 00:22:31,190

that need but yeah the stuff regarding

514

00:22:35,500 --> 00:22:32,900

the manuscripts and the art that was his

515

00:22:38,230 --> 00:22:35,510

own now even the art he would forward to

516

00:22:39,990 --> 00:22:38,240

France that was to go for the National

517

00:22:42,090 --> 00:22:40,000

Museum for France's

518

00:22:44,130 --> 00:22:42,100

cultural tastes and interests and all

519

00:22:47,040 --> 00:22:44,140

the stuff but you're right the document

520

00:22:48,210 --> 00:22:47,050

that was primarily in all him and what's

521

00:22:50,880 --> 00:22:48,220

interesting is there's that little

522

00:22:53,400 --> 00:22:50,890

episode where they gave him three

523

00:22:55,830 --> 00:22:53,410

hundred manuscripts okay and he

524

00:22:58,380 --> 00:22:55,840

contacted them back and informed them no

525

00:23:01,920 --> 00:22:58,390

no the agreement was five hundred I

526

00:23:03,600 --> 00:23:01,930

expect the remaining two hundred and you

527

00:23:07,080 --> 00:23:03,610

know he got them and what's interesting

528

00:23:09,180 --> 00:23:07,090

is what he was looking for in them that

529

00:23:12,480 --> 00:23:09,190

can only be guessed at now I'll be going

530

00:23:13,800 --> 00:23:12,490

into the details in the pursuing the

531

00:23:16,350 --> 00:23:13,810

unanswered questions from this book

532

00:23:19,040 --> 00:23:16,360

regarding the art and the manuscripts in

533

00:23:21,980 --> 00:23:19,050

the second volume of this particular

534

00:23:25,200 --> 00:23:21,990

chapter of the secret missions figures

535

00:23:29,250 --> 00:23:25,210

but when you look at it even from the

536

00:23:31,080 --> 00:23:29,260

outside it's obvious okay he was looking

537

00:23:34,320 --> 00:23:31,090

for something arcane's

538

00:23:35,820 --> 00:23:34,330

clearly and the challenge will be of

539

00:23:37,290 --> 00:23:35,830

course you know in the in the next

540

00:23:41,340 --> 00:23:37,300

volume is for me to dig into those

541

00:23:43,790 --> 00:23:41,350

details mm-hmm yes and patacon archives

542

00:23:46,470 --> 00:23:43,800

are definitely provocative to me and

543

00:23:49,880 --> 00:23:46,480

speaking of employers as you mentioned

544

00:23:52,710 --> 00:23:49,890

I'm also always interested in secret

545

00:23:54,930 --> 00:23:52,720

allegiances and hidden financial backers

546

00:23:57,420 --> 00:23:54,940

and you mentioned this too to quote the

547

00:23:59,910 --> 00:23:57,430

book that remains in the material about

548

00:24:01,560 --> 00:23:59,920

Napoleon a hint of suggestion that he

549

00:24:04,080 --> 00:24:01,570

represented in interests that

550

00:24:06,750 --> 00:24:04,090

represented him from offstage where it

551  
00:24:08,760 --> 00:24:06,760  
so often counts was an unseen backer a

552  
00:24:11,430 --> 00:24:08,770  
factor in Napoleon's victory over Italy

553  
00:24:13,860 --> 00:24:11,440  
and I would ask the same question I

554  
00:24:15,750 --> 00:24:13,870  
think we've all seen the paintings of

555  
00:24:18,030 --> 00:24:15,760  
Napoleon with his hand in his shirt what

556  
00:24:20,880 --> 00:24:18,040  
people suspect is a hidden hands-free

557  
00:24:22,500 --> 00:24:20,890  
masonic hand gesture of some type when

558  
00:24:26,420 --> 00:24:22,510  
your thoughts on this secret backer

559  
00:24:30,510 --> 00:24:26,430  
question well that's definitely a main

560  
00:24:34,770 --> 00:24:30,520  
thread that is one of the purposes for

561  
00:24:38,820 --> 00:24:34,780  
vol ii what i think about it is we have

562  
00:24:42,650 --> 00:24:38,830  
no record that napoleon himself was a

563  
00:24:46,320 --> 00:24:42,660

Mason however he was surrounded by

564

00:24:49,260 --> 00:24:46,330

several Masons and Freemasonry back then

565

00:24:49,650 --> 00:24:49,270

was pretty open about their support of

566

00:24:53,760 --> 00:24:49,660

him

567

00:24:55,530 --> 00:24:53,770

would make little

568

00:24:56,940 --> 00:24:55,540

jokes about them he would still dine

569

00:24:59,130 --> 00:24:56,950

with them and socialize them and of

570

00:25:01,860 --> 00:24:59,140

course as I said he was surrounded by

571

00:25:03,900 --> 00:25:01,870

freemasons but what I'm thinking what

572

00:25:06,630 --> 00:25:03,910

I'm seeing and what I'm exploring and

573

00:25:09,150 --> 00:25:06,640

we're searching right now is what I see

574

00:25:12,570 --> 00:25:09,160

in all this is more of an implication of

575

00:25:15,750 --> 00:25:12,580

a more secret society than Freemasonry

576

00:25:18,690 --> 00:25:15,760

or at least one that's not so out there

577

00:25:20,430 --> 00:25:18,700

on the stage of history and digging into

578

00:25:22,350 --> 00:25:20,440

this and this is the kind of

579

00:25:25,280 --> 00:25:22,360

organization that certainly Freemasons

580

00:25:28,470 --> 00:25:25,290

would have also been a member of and

581

00:25:30,510 --> 00:25:28,480

we're looking at something a little more

582

00:25:33,300 --> 00:25:30,520

like the stories we hear about Jules

583

00:25:37,610 --> 00:25:33,310

Verne so this would have been an

584

00:25:40,290 --> 00:25:37,620

organization you know pretty dedicated

585

00:25:43,440 --> 00:25:40,300

similarly to the ideas of Freemasonry

586

00:25:47,730 --> 00:25:43,450

but a little more dedicated to the

587

00:25:50,340 --> 00:25:47,740

mission of digging into and finding and

588

00:25:54,770 --> 00:25:50,350

retrieving the evidence and knowledge of

589

00:25:58,740 --> 00:25:54,780

the past the lost past and how it could

590

00:26:01,530 --> 00:25:58,750

shape the future and as I said these

591

00:26:04,590 --> 00:26:01,540

ideas are going to be really the main

592

00:26:08,670 --> 00:26:04,600

impetus for volume two and I think

593

00:26:12,780 --> 00:26:08,680

definitely that Napoleon was being

594

00:26:14,700 --> 00:26:12,790

guided by the hand of whatever it is

595

00:26:17,280 --> 00:26:14,710

whatever it was whoever this was

596

00:26:19,980 --> 00:26:17,290

whatever the organization was and I

597

00:26:22,800 --> 00:26:19,990

think that's clear in his actions and in

598

00:26:24,510 --> 00:26:22,810

his association I also suspect the

599

00:26:27,960 --> 00:26:24,520

Knights Templar whatever form they were

600

00:26:30,480 --> 00:26:27,970

in at the time you know of course to be

601  
00:26:32,640 --> 00:26:30,490  
deeply involved in the life of Napoleon

602  
00:26:35,130 --> 00:26:32,650  
I even suggest that maybe they were

603  
00:26:37,710 --> 00:26:35,140  
involved in the matchmaking that

604  
00:26:40,890 --> 00:26:37,720  
resulted in he and his older brothers

605  
00:26:45,210 --> 00:26:40,900  
birth hmm so you have the knight Templar

606  
00:26:48,390 --> 00:26:45,220  
in the mix as well yes and I'm with you

607  
00:26:50,370 --> 00:26:48,400  
on the idea that oftentimes we have

608  
00:26:53,220 --> 00:26:50,380  
groups within groups there's so much

609  
00:26:55,740 --> 00:26:53,230  
counter espionage and infiltration you

610  
00:26:57,660 --> 00:26:55,750  
really can't use these labels another

611  
00:27:00,570 --> 00:26:57,670  
conspiracy culture tends to paint with a

612  
00:27:03,510 --> 00:27:00,580  
broad brush so it's good to break that

613  
00:27:05,940 --> 00:27:03,520

down and be more accurate and the first

614

00:27:07,470 --> 00:27:05,950

section of the three in your book for me

615

00:27:08,970 --> 00:27:07,480

is the real sweet spot

616

00:27:11,519 --> 00:27:08,980

you start off with a bang and get

617

00:27:14,190 --> 00:27:11,529

straight into his expedition of Egypt

618

00:27:15,960 --> 00:27:14,200

where he made a pit stop in Malta first

619

00:27:18,269 --> 00:27:15,970

but tell us about some of the

620

00:27:20,490 --> 00:27:18,279

preparation for this trip and the

621

00:27:23,000 --> 00:27:20,500

stopover in Malta the clues that point

622

00:27:25,590 --> 00:27:23,010

to it being more about lost secrets of

623

00:27:27,930 --> 00:27:25,600

esoterica as opposed to a general goal

624

00:27:29,910 --> 00:27:27,940

of just expanding the French Empire and

625

00:27:31,890 --> 00:27:29,920

its territories

626

00:27:34,470 --> 00:27:31,900

well here's what's interesting and I

627

00:27:38,720 --> 00:27:34,480

think this is evidence that Napoleon was

628

00:27:42,380 --> 00:27:38,730

indeed using the military and political

629

00:27:45,530 --> 00:27:42,390

aspects of this as an expedient to

630

00:27:48,210 --> 00:27:45,540

really pursue his personal interests as

631

00:27:51,780 --> 00:27:48,220

regards ancient history of the mysteries

632

00:27:55,200 --> 00:27:51,790

of our past and that is that the idea of

633

00:27:58,860 --> 00:27:55,210

France invading you know with the idea

634

00:28:01,530 --> 00:27:58,870

of colonizing Egypt had been around for

635

00:28:05,039 --> 00:28:01,540

you know at least I think a couple

636

00:28:07,740 --> 00:28:05,049

hundred years in France now there had

637

00:28:09,060 --> 00:28:07,750

been several plans over the course of

638

00:28:13,250 --> 00:28:09,070

the years in the decades leading up to

639

00:28:16,049 --> 00:28:13,260

his life his own lifetime that had been

640

00:28:18,870 --> 00:28:16,059

presented to the French government the

641

00:28:21,210 --> 00:28:18,880

French King what-have-you in his day

642

00:28:27,140 --> 00:28:21,220

there was this there emerged this thing

643

00:28:30,600 --> 00:28:27,150

called the directory and he simply

644

00:28:33,870 --> 00:28:30,610

piggybacked on a plan that existed that

645

00:28:36,840 --> 00:28:33,880

was virtually the same as his plan that

646

00:28:41,100 --> 00:28:36,850

he presented except that original plan

647

00:28:45,510 --> 00:28:41,110

had the invasion of France staged from

648

00:28:48,299 --> 00:28:45,520

Crete what Napoleon did was he entered

649

00:28:52,680 --> 00:28:48,309

the the idea of using Malta as the

650

00:28:55,230 --> 00:28:52,690

launching platform to Egypt now to us

651  
00:28:57,600 --> 00:28:55,240  
you know these days the flag goes up

652  
00:28:59,789 --> 00:28:57,610  
when we go oh isn't that interesting he

653  
00:29:02,610 --> 00:28:59,799  
you know wants to use Malta instead of

654  
00:29:06,390 --> 00:29:02,620  
Crete well this would be for the obvious

655  
00:29:10,230 --> 00:29:06,400  
reasons there were the the Knights of

656  
00:29:12,180 --> 00:29:10,240  
Malta of course were there and very much

657  
00:29:14,610 --> 00:29:12,190  
like the Knights Templar and other

658  
00:29:18,270 --> 00:29:14,620  
orders of the day these were guys who

659  
00:29:21,419 --> 00:29:18,280  
were historians they were scholars of

660  
00:29:23,280 --> 00:29:21,429  
the arcane and the very same things that

661  
00:29:25,650 --> 00:29:23,290  
you know we're talking about Napoleon

662  
00:29:27,539 --> 00:29:25,660  
was interested in Mason's are interested

663  
00:29:30,539 --> 00:29:27,549

in and such and of course we know that

664

00:29:33,750 --> 00:29:30,549

there are some pretty curious megalithic

665

00:29:37,460 --> 00:29:33,760

structures and other arcane historical

666

00:29:41,159 --> 00:29:37,470

mysteries connected with Malta and I

667

00:29:43,590 --> 00:29:41,169

argue that he was quite aware of this

668

00:29:47,100 --> 00:29:43,600

and that this was a primary

669

00:29:48,870 --> 00:29:47,110

that he chose Malta now it so happens

670

00:29:51,980 --> 00:29:48,880

that Malta was also a very good

671

00:29:54,390 --> 00:29:51,990

strategic move so it was perfect

672

00:29:57,240 --> 00:29:54,400

everything just fell into place for this

673

00:29:59,250 --> 00:29:57,250

guy the stars were right his interest is

674

00:30:03,750 --> 00:29:59,260

personal interest with a primary motive

675

00:30:08,039 --> 00:30:03,760

for personal motive for going to Egypt

676  
00:30:10,200 --> 00:30:08,049  
and it just so happened that the perfect

677  
00:30:12,150 --> 00:30:10,210  
place that he needed to go see that he

678  
00:30:15,539 --> 00:30:12,160  
wanted the stage from was also an

679  
00:30:18,210 --> 00:30:15,549  
excellent strategic choice so it made it

680  
00:30:20,940 --> 00:30:18,220  
the circumstances made it so easy for

681  
00:30:23,430 --> 00:30:20,950  
him to convince France the French

682  
00:30:26,279 --> 00:30:23,440  
government to back him on this given the

683  
00:30:29,789 --> 00:30:26,289  
resources and let him go to Egypt now

684  
00:30:32,120 --> 00:30:29,799  
let's not be naive at the time there

685  
00:30:33,270 --> 00:30:32,130  
were people in the French government

686  
00:30:36,360 --> 00:30:33,280  
Maurice

687  
00:30:39,180 --> 00:30:36,370  
Talleyrand among them who liked nothing

688  
00:30:43,320 --> 00:30:39,190

better than the idea of getting this

689

00:30:46,200 --> 00:30:43,330

this young upstart whose popularity was

690

00:30:48,990 --> 00:30:46,210

growing rapidly they loved the idea of

691

00:30:52,169 --> 00:30:49,000

getting him as far away from France as

692

00:30:53,940 --> 00:30:52,179

possible so they loved the idea they

693

00:30:56,460 --> 00:30:53,950

supported they said yes letting the put

694

00:30:58,830 --> 00:30:56,470

given the ships he needs given the army

695

00:31:01,529 --> 00:30:58,840

given all the supplies let him go to

696

00:31:03,990 --> 00:31:01,539

Egypt he'll probably die there either

697

00:31:06,539 --> 00:31:04,000

get filled or languish and then we don't

698

00:31:09,690 --> 00:31:06,549

have competition or you know anyone to

699

00:31:12,210 --> 00:31:09,700

block our political goals and aims so it

700

00:31:15,630 --> 00:31:12,220

did serve some of their more cynical

701  
00:31:17,700 --> 00:31:15,640  
desires to see him go so for all these

702  
00:31:20,130 --> 00:31:17,710  
reasons that it was good for France

703  
00:31:23,490 --> 00:31:20,140  
strategically and they wanted Napoleon

704  
00:31:25,350 --> 00:31:23,500  
out of the way they backed him now he

705  
00:31:27,330 --> 00:31:25,360  
just used that because he wasn't naive

706  
00:31:29,640 --> 00:31:27,340  
he knew what was going on with that he

707  
00:31:31,230 --> 00:31:29,650  
said great you know I'm in command of

708  
00:31:33,659 --> 00:31:31,240  
this army and they're going to give me

709  
00:31:35,190 --> 00:31:33,669  
what I need so what he did was was

710  
00:31:38,010 --> 00:31:35,200  
something that hadn't really been done

711  
00:31:39,090 --> 00:31:38,020  
on this scale since the time of

712  
00:31:40,799 --> 00:31:39,100  
Alexander the Great

713  
00:31:42,720 --> 00:31:40,809

I think a previous French King had done

714

00:31:44,460 --> 00:31:42,730

this a little bit and the various

715

00:31:46,529 --> 00:31:44,470

Knightly orders during the Crusades had

716

00:31:49,049 --> 00:31:46,539

kind of double duties in this regard but

717

00:31:51,060 --> 00:31:49,059

what Napoleon did was he took over five

718

00:31:52,850 --> 00:31:51,070

were called savants which were

719

00:31:57,340 --> 00:31:52,860

philosophers scientists engineers

720

00:32:00,850 --> 00:31:57,350

science technicians he took over 500

721

00:32:04,210 --> 00:32:00,860

of these guys on this expedition of

722

00:32:07,510 --> 00:32:04,220

conquest with him even the officers in

723

00:32:09,400 --> 00:32:07,520

his own army were just befuddled because

724

00:32:12,550 --> 00:32:09,410

they didn't understand it at first and

725

00:32:15,580 --> 00:32:12,560

the scientists were all treated like on

726

00:32:17,320 --> 00:32:15,590

the same level as officers like VIPs and

727

00:32:19,450 --> 00:32:17,330

that was the other thing some of his

728

00:32:22,540 --> 00:32:19,460

officers and soldiers realized huh

729

00:32:25,450 --> 00:32:22,550

you know this is interesting so that

730

00:32:29,020 --> 00:32:25,460

right there speaks loudly to his intent

731

00:32:31,570 --> 00:32:29,030

of what he had planned to do in Egypt

732

00:32:33,820 --> 00:32:31,580

and sure enough once he got there and he

733

00:32:37,450 --> 00:32:33,830

deployed these guys this was the birth

734

00:32:40,360 --> 00:32:37,460

of modern Egyptology okay the Napoleon's

735

00:32:42,340 --> 00:32:40,370

Saban says he called them his scientists

736

00:32:45,010 --> 00:32:42,350

many of which were philosopher

737

00:32:48,760 --> 00:32:45,020

scientists okay Freemason type guys and

738

00:32:51,610 --> 00:32:48,770

such these guys essentially you know

739

00:32:54,220 --> 00:32:51,620

they were the first Europeans to really

740

00:32:56,470 --> 00:32:54,230

pour through Egypt and the ruins and

741

00:32:59,490 --> 00:32:56,480

document all of this and modern

742

00:33:04,420 --> 00:32:59,500

Egyptology is a direct product of

743

00:33:09,670 --> 00:33:04,430

Napoleon's expedition hmm provocative

744

00:33:11,620 --> 00:33:09,680

and let's get into hyper geum's or hyper

745

00:33:14,680 --> 00:33:11,630

geum's a little bit and this sacred

746

00:33:17,650 --> 00:33:14,690

resonance of a hundred and eleven Hertz

747

00:33:19,120 --> 00:33:17,660

this comes into play with malt a little

748

00:33:21,280 --> 00:33:19,130

bit because apparently there are two in

749

00:33:24,520 --> 00:33:21,290

France and then the oldest one might be

750

00:33:27,700 --> 00:33:24,530

in Malta maybe Napoleon had access there

751

00:33:31,150 --> 00:33:27,710

you note he was an experienced meditator

752

00:33:34,720 --> 00:33:31,160

who thought that it helped him foresee

753

00:33:36,370 --> 00:33:34,730

what might happen mm-hmm and that's

754

00:33:39,820 --> 00:33:36,380

really interesting and what makes these

755

00:33:42,940 --> 00:33:39,830

hyper geum's so important well it's

756

00:33:44,650 --> 00:33:42,950

because first of all the the period in

757

00:33:46,720 --> 00:33:44,660

which they're made I mean these things

758

00:33:50,010 --> 00:33:46,730

are ancient and the fact that they're

759

00:33:52,950 --> 00:33:50,020

carved out of rock the way they are and

760

00:33:54,599 --> 00:33:52,960

the fact that

761

00:33:57,810 --> 00:33:54,609

not only are they carved out of the rock

762

00:34:00,869 --> 00:33:57,820

the way they are just imagine one big

763

00:34:03,479 --> 00:34:00,879

gigantic huge you know mountain sized

764

00:34:06,479 --> 00:34:03,489

stone and that's how these things are

765

00:34:08,309 --> 00:34:06,489

hollowed out into rooms and nooks and

766

00:34:10,919 --> 00:34:08,319

niches and doorways and passageways and

767

00:34:13,889 --> 00:34:10,929

all this but the fact that they do it in

768

00:34:18,260 --> 00:34:13,899

such a way that the acoustics the Sonics

769

00:34:21,480 --> 00:34:18,270

of the thing are so accurate you know

770

00:34:23,220 --> 00:34:21,490

that you have to wonder what knowledge

771

00:34:25,619 --> 00:34:23,230

what scientific and technical knowledge

772

00:34:28,950 --> 00:34:25,629

did these ancients have and who were

773

00:34:30,690 --> 00:34:28,960

they Philby type poems what's

774

00:34:34,230 --> 00:34:30,700

interesting is they were also known to

775

00:34:36,180 --> 00:34:34,240

exist in Egypt and certainly when you

776

00:34:38,010 --> 00:34:36,190

look at the men around Napoleon

777

00:34:40,710 --> 00:34:38,020

Bonaparte and his own personal interests

778

00:34:43,349 --> 00:34:40,720

but his main mentor was Gaspard Monge

779

00:34:46,440 --> 00:34:43,359

who was known as you know the father of

780

00:34:48,649 --> 00:34:46,450

descriptive geometry and who himself was

781

00:34:52,589 --> 00:34:48,659

very much a philosopher scientist and

782

00:34:57,539 --> 00:34:52,599

would talk with and in school Napoleon

783

00:35:00,660 --> 00:34:57,549

in these things so Napoleon before he

784

00:35:03,000 --> 00:35:00,670

even went to Malta I argue that even

785

00:35:05,849 --> 00:35:03,010

though the Anaya was mispronounce that I

786

00:35:07,740 --> 00:35:05,859

apologize the hypogeum was not we are

787

00:35:12,180 --> 00:35:07,750

told was not discovered until after

788

00:35:14,220 --> 00:35:12,190

Napoleon's time I suggest that maybe the

789

00:35:16,380 --> 00:35:14,230

secret society is interested in these

790

00:35:19,470 --> 00:35:16,390

ancient structures already knew it was

791

00:35:21,839 --> 00:35:19,480

there because you had already for a long

792

00:35:24,210 --> 00:35:21,849

time you have the Knights of Malta on

793

00:35:26,430 --> 00:35:24,220

the island of Malta and you had

794

00:35:29,430 --> 00:35:26,440

philosopher scientists and technicians

795

00:35:33,390 --> 00:35:29,440

among them I argue that they likely

796

00:35:36,900 --> 00:35:33,400

found this hypogeum on Malta and just

797

00:35:39,750 --> 00:35:36,910

kept it secret for years so the the

798

00:35:42,089 --> 00:35:39,760

modern discovery that we're aware that's

799

00:35:44,400 --> 00:35:42,099

on the books in our time I think that

800

00:35:47,640 --> 00:35:44,410

was really just either a rediscovery or

801  
00:35:49,620 --> 00:35:47,650  
it was time to go ahead and reveal this

802  
00:35:52,740 --> 00:35:49,630  
publicly that it's there for whatever

803  
00:35:55,470 --> 00:35:52,750  
reason so I argue that I suggest I

804  
00:35:58,950 --> 00:35:55,480  
should say that Napoleon before he went

805  
00:36:00,900 --> 00:35:58,960  
to Malta he was aware of the hypogeum

806  
00:36:03,599 --> 00:36:00,910  
resistance and it was one of the things

807  
00:36:06,370 --> 00:36:03,609  
he was curious about and therefore my

808  
00:36:08,280 --> 00:36:06,380  
suggestion further implies that

809  
00:36:10,750 --> 00:36:08,290  
someone among the Knights of Malta

810  
00:36:14,190 --> 00:36:10,760  
showed it to him gave him a little tour

811  
00:36:17,650 --> 00:36:14,200  
of it remember he took several members

812  
00:36:20,830 --> 00:36:17,660  
Knights and their support staff with him

813  
00:36:23,590 --> 00:36:20,840

to Egypt so you know that further

814

00:36:25,720 --> 00:36:23,600

suggests the possibility you know who

815

00:36:28,120 --> 00:36:25,730

were these guys we don't know I argue

816

00:36:30,130 --> 00:36:28,130

that it was the again the philosopher

817

00:36:32,410 --> 00:36:30,140

scientists among the Knights of Malta I

818

00:36:35,730 --> 00:36:32,420

think we're the ones he took with him to

819

00:36:39,370 --> 00:36:35,740

Egypt so I would say that because of

820

00:36:42,280 --> 00:36:39,380

what we can legitimately suspect about

821

00:36:43,960 --> 00:36:42,290

his association with dhikr societies and

822

00:36:45,880 --> 00:36:43,970

other groups interested in the arcane

823

00:36:47,560 --> 00:36:45,890

mysteries of the past that Napoleon

824

00:36:51,690 --> 00:36:47,570

probably made quite a bit more about

825

00:36:53,170 --> 00:36:51,700

Malta than standard history offers us

826  
00:36:54,640 --> 00:36:53,180  
mm-hmm

827  
00:36:57,190 --> 00:36:54,650  
and I'm right there with you if you have

828  
00:36:59,440 --> 00:36:57,200  
an ancient site especially if it's some

829  
00:37:02,260 --> 00:36:59,450  
type of Technology I'm not surprised

830  
00:37:04,960 --> 00:37:02,270  
that groups of people privileged people

831  
00:37:07,390 --> 00:37:04,970  
know about it and keep it a secret like

832  
00:37:09,820 --> 00:37:07,400  
I said especially if it is some type of

833  
00:37:14,710 --> 00:37:09,830  
technology it has this sacred resonance

834  
00:37:17,320 --> 00:37:14,720  
of 111 Hertz and as you note modern MRI

835  
00:37:19,510 --> 00:37:17,330  
machines have shown that 111 Hertz can

836  
00:37:22,750 --> 00:37:19,520  
turn off the prefrontal cortex and

837  
00:37:24,460 --> 00:37:22,760  
deactivate the language centers and this

838  
00:37:26,920 --> 00:37:24,470

really starts to tie in nicely with

839

00:37:28,750 --> 00:37:26,930

Joseph Farrell's recent microcosm and

840

00:37:31,240 --> 00:37:28,760

medium which we covered with him a few

841

00:37:33,400 --> 00:37:31,250

weeks back but this idea of a frequency

842

00:37:35,800 --> 00:37:33,410

that plugs a person right into the

843

00:37:38,890 --> 00:37:35,810

collective unconscious this cosmic

844

00:37:41,470 --> 00:37:38,900

quantum Internet kind of thing might

845

00:37:43,840 --> 00:37:41,480

these structures unlock this type of

846

00:37:47,140 --> 00:37:43,850

gateway oh I think so

847

00:37:49,660 --> 00:37:47,150

I definitely think so and I think we do

848

00:37:52,750 --> 00:37:49,670

find this further into the story here

849

00:37:56,110 --> 00:37:52,760

when Napoleon goes into the Great

850

00:38:00,190 --> 00:37:56,120

Pyramid right and spend the time in the

851

00:38:03,370 --> 00:38:00,200

King's Chamber I think that one of the

852

00:38:05,920 --> 00:38:03,380

reasons if not the really main personal

853

00:38:09,580 --> 00:38:05,930

reason Napoleon wanted to stage from

854

00:38:14,130 --> 00:38:09,590

Malta was because he thought there would

855

00:38:17,500 --> 00:38:14,140

be some type of technological thematic

856

00:38:20,150 --> 00:38:17,510

likeness between what was in the

857

00:38:23,120 --> 00:38:20,160

hypogeum in Malta and what he would

858

00:38:24,559 --> 00:38:23,130

find in the Great Pyramid and going back

859

00:38:26,839 --> 00:38:24,569

to you know what she pointed out before

860

00:38:29,980 --> 00:38:26,849

that yes he was an enthusiastic

861

00:38:34,539 --> 00:38:29,990

meditator believer in meditation and

862

00:38:37,250 --> 00:38:34,549

this was I think his primary motive as

863

00:38:40,010 --> 00:38:37,260

regards this particular subject we're

864

00:38:41,839 --> 00:38:40,020

talking about the acoustics of these

865

00:38:44,750 --> 00:38:41,849

ancient structures I think he fully

866

00:38:49,730 --> 00:38:44,760

intended to do what I say he ultimately

867

00:38:52,240 --> 00:38:49,740

did and that was tap in to that deeper

868

00:38:54,230 --> 00:38:52,250

level or higher level of conscious

869

00:38:58,490 --> 00:38:54,240

reality or consciousness that's out

870

00:39:00,559 --> 00:38:58,500

there and available mm-hmm mm-hmm it's

871

00:39:02,930 --> 00:39:00,569

still so much over my head but I'm

872

00:39:05,240 --> 00:39:02,940

learning more and more that frequency is

873

00:39:08,270 --> 00:39:05,250

such a huge element of our reality it

874

00:39:11,510 --> 00:39:08,280

seems like really dialing in and mapping

875

00:39:14,089 --> 00:39:11,520

out these frequencies can have all sorts

876

00:39:17,260 --> 00:39:14,099  
of effects on the human body on

877

00:39:20,420 --> 00:39:17,270  
potentially levitating stones on

878

00:39:22,370 --> 00:39:20,430  
consciousness projection all sorts of

879

00:39:22,970 --> 00:39:22,380  
things and it really is fascinating I

880

00:39:25,220 --> 00:39:22,980  
mean even

881

00:39:27,559 --> 00:39:25,230  
Tesla's famously quoted as saying if you

882

00:39:30,769 --> 00:39:27,569  
want to understand the universe think in

883

00:39:32,269 --> 00:39:30,779  
terms of frequency and electricity a

884

00:39:35,359 --> 00:39:32,279  
couple other things but frequencies

885

00:39:37,069 --> 00:39:35,369  
definitely in there and let's get into

886

00:39:39,620 --> 00:39:37,079  
the great pyramid so to speak and that

887

00:39:41,539 --> 00:39:39,630  
big Didier did any question because it's

888

00:39:43,640 --> 00:39:41,549

definitely relevant to this tapping into

889

00:39:46,339 --> 00:39:43,650

the collective unconscious memory bank

890

00:39:49,099 --> 00:39:46,349

idea if a person thinks that's the sort

891

00:39:51,079 --> 00:39:49,109

of thing the pyramids were for but what

892

00:39:53,620 --> 00:39:51,089

are the available sources say about

893

00:39:56,530 --> 00:39:53,630

Napoleon in the Great Pyramid and that

894

00:40:00,040 --> 00:39:56,540

legendary rumor

895

00:40:02,230 --> 00:40:00,050

well the story as we know has been out

896

00:40:05,380 --> 00:40:02,240

there and presented usually as one of

897

00:40:08,980 --> 00:40:05,390

those apocryphal tales in other words it

898

00:40:10,390 --> 00:40:08,990

is said or someone once rumored that

899

00:40:12,190 --> 00:40:10,400

Napoleon Bonaparte

900

00:40:14,230 --> 00:40:12,200

spent a night in the Great Pyramid

901  
00:40:19,020 --> 00:40:14,240  
specifically in the King's Chamber and

902  
00:40:22,770 --> 00:40:19,030  
he came out pale and just mortified and

903  
00:40:27,010 --> 00:40:22,780  
you know just Otto lost for words and

904  
00:40:29,400 --> 00:40:27,020  
when asked what happened he said you

905  
00:40:32,470 --> 00:40:29,410  
wouldn't believe me if I told you and

906  
00:40:34,900 --> 00:40:32,480  
that's the tale that has been making the

907  
00:40:38,830 --> 00:40:34,910  
rounds for years you know I wondered

908  
00:40:41,710 --> 00:40:38,840  
okay is there anything to this and what

909  
00:40:44,320 --> 00:40:41,720  
you find when you do the research is

910  
00:40:49,120 --> 00:40:44,330  
that yes there's indeed something to

911  
00:40:52,000 --> 00:40:49,130  
this now the claims otherwise that it

912  
00:40:54,790 --> 00:40:52,010  
did not happen originated with a

913  
00:40:58,000 --> 00:40:54,800

gentleman named Brienne

914

00:41:00,550 --> 00:40:58,010

Berrien is last name he was a schoolmate

915

00:41:03,220 --> 00:41:00,560

of Napoleon's who in their adult years

916

00:41:04,599 --> 00:41:03,230

went on to work for Napoleon as one of

917

00:41:07,630 --> 00:41:04,609

his personal secretaries

918

00:41:11,950 --> 00:41:07,640

now unfortunately Burien had some ethics

919

00:41:16,270 --> 00:41:11,960

issues was caught you know violating

920

00:41:19,930 --> 00:41:16,280

various rules and ethics and was fired

921

00:41:22,150 --> 00:41:19,940

I believe twice by Napoleon for these

922

00:41:25,270 --> 00:41:22,160

issues and shortcomings and basically it

923

00:41:28,690 --> 00:41:25,280

kind of pissed him off so Berean is the

924

00:41:31,660 --> 00:41:28,700

source of a lot of the negative untruths

925

00:41:35,109 --> 00:41:31,670

about napoleon you know among his

926

00:41:37,960 --> 00:41:35,119

contemporaries and Berrian is widely

927

00:41:40,030 --> 00:41:37,970

recognized and has been for a while by

928

00:41:43,330 --> 00:41:40,040

modern historians as an undependable

929

00:41:46,900 --> 00:41:43,340

source so Varian is the source of the

930

00:41:48,520 --> 00:41:46,910

story that no napoleon didn't want to go

931

00:41:50,590 --> 00:41:48,530

inside the pyramid because he would have

932

00:41:53,050 --> 00:41:50,600

had to crawl through a tunnel and that

933

00:41:57,730 --> 00:41:53,060

was beneath him and then this gets

934

00:41:59,349 --> 00:41:57,740

perpetuated by early historians among

935

00:42:00,130 --> 00:41:59,359

them by the time you get in the

936

00:42:01,660 --> 00:42:00,140

twentieth century

937

00:42:03,250 --> 00:42:01,670

Christopher Harold the author of

938

00:42:07,390 --> 00:42:03,260

Bonaparte in Egypt the book I had

939

00:42:10,420 --> 00:42:07,400

mentioned earlier and since Harold wrote

940

00:42:13,329 --> 00:42:10,430

his book really Berrien as a source

941

00:42:16,059 --> 00:42:13,339

has been mostly discredited on a lot of

942

00:42:19,120 --> 00:42:16,069

things about Napoleon because when you

943

00:42:21,250 --> 00:42:19,130

look at the other sources okay all the

944

00:42:22,930 --> 00:42:21,260

other biographers the contemporary

945

00:42:24,880 --> 00:42:22,940

sources in the journals of these guys

946

00:42:27,370 --> 00:42:24,890

who were there with him and all the

947

00:42:31,000 --> 00:42:27,380

scholarship repeatedly talks about

948

00:42:33,880 --> 00:42:31,010

specific dates that he spent this day or

949

00:42:36,430 --> 00:42:33,890

the this many days or weeks at Giza

950

00:42:38,500 --> 00:42:36,440

where the pyramids are and literally at

951  
00:42:41,410 --> 00:42:38,510  
the pyramid and it talks about him

952  
00:42:43,960 --> 00:42:41,420  
getting a tour of the pyramid inside and

953  
00:42:46,059 --> 00:42:43,970  
it talks about even the history more

954  
00:42:48,069 --> 00:42:46,069  
than one source talks about how on a

955  
00:42:49,930 --> 00:42:48,079  
particular date one of the journals of

956  
00:42:53,140 --> 00:42:49,940  
his contemporaries on a particular date

957  
00:42:57,190 --> 00:42:53,150  
as Napoleon was emerging from inside the

958  
00:42:59,559 --> 00:42:57,200  
Great Pyramid he was informed of of a

959  
00:43:02,650 --> 00:42:59,569  
coming military conflict at Abu QIR Bay

960  
00:43:05,349 --> 00:43:02,660  
so you know we have all these other

961  
00:43:08,410 --> 00:43:05,359  
sources that were there that talked

962  
00:43:10,720 --> 00:43:08,420  
about Napoleon spending hours you know

963  
00:43:13,599 --> 00:43:10,730

inside these pyramids and in the Great

964

00:43:15,640 --> 00:43:13,609

Pyramid in particular you know he was

965

00:43:17,980 --> 00:43:15,650

very fascinated with it even said it was

966

00:43:20,049 --> 00:43:17,990

the thing that that fascinated him and

967

00:43:22,089 --> 00:43:20,059

scared him most of anything in the world

968

00:43:27,069 --> 00:43:22,099

that he ever saw he was quoted as saying

969

00:43:30,549 --> 00:43:27,079

that so what we have are all these

970

00:43:34,420 --> 00:43:30,559

historical reports we have the fact that

971

00:43:36,460 --> 00:43:34,430

he spent so much time in and around you

972

00:43:39,910 --> 00:43:36,470

know in Cairo and he spent so much time

973

00:43:42,700 --> 00:43:39,920

in around Giza so with his fascination

974

00:43:46,120 --> 00:43:42,710

with these reports of you know on other

975

00:43:47,890 --> 00:43:46,130

dates he was seen to emerge from being

976  
00:43:51,900 --> 00:43:47,900  
inside the pyramid and crawling all over

977  
00:43:55,720 --> 00:43:51,910  
the pyramids and such that the specific

978  
00:43:58,750 --> 00:43:55,730  
time that is associated with the seppuku

979  
00:44:02,799 --> 00:43:58,760  
folktale about the night he spent in the

980  
00:44:04,329 --> 00:44:02,809  
pyramid for seven hours specifically the

981  
00:44:07,990 --> 00:44:04,339  
circumstances of all the other

982  
00:44:10,029 --> 00:44:08,000  
historical reports support that Napoleon

983  
00:44:13,269 --> 00:44:10,039  
was indeed there at the time of the

984  
00:44:15,160 --> 00:44:13,279  
apocryphal tale and did indeed with his

985  
00:44:17,289 --> 00:44:15,170  
personal interest and think about all

986  
00:44:20,620 --> 00:44:17,299  
the effort that he had made to get to

987  
00:44:22,120 --> 00:44:20,630  
Egypt okay and all the military fighting

988  
00:44:24,130 --> 00:44:22,130

that all the stuff they had to do all

989

00:44:26,530 --> 00:44:24,140

the obstacles and he's not going to go

990

00:44:28,900 --> 00:44:26,540

inside the pyramids it's a ridiculous

991

00:44:30,850 --> 00:44:28,910

assertion that none of the you know the

992

00:44:33,580 --> 00:44:30,860

vast majority of the historians don't

993

00:44:35,650 --> 00:44:33,590

agree with that assertion either so the

994

00:44:38,350 --> 00:44:35,660

circumstances and the known facts and

995

00:44:40,330 --> 00:44:38,360

the legitimate reliable sources all

996

00:44:43,540 --> 00:44:40,340

support the idea that Napoleon did

997

00:44:46,420 --> 00:44:43,550

indeed among other times spend that

998

00:44:49,210 --> 00:44:46,430

particular night from the story that we

999

00:44:51,640 --> 00:44:49,220

hear inside the pyramid inside the

1000

00:44:54,550 --> 00:44:51,650

King's Chamber and when you look closer

1001  
00:44:56,950 --> 00:44:54,560  
at the influence of Gaspard Monge it

1002  
00:45:00,760 --> 00:44:56,960  
makes even more sense that he spent the

1003  
00:45:02,950 --> 00:45:00,770  
night in the King's Chamber hmm yes I

1004  
00:45:04,720 --> 00:45:02,960  
think that's awesome to point out all

1005  
00:45:07,630 --> 00:45:04,730  
those sources and it definitely seems

1006  
00:45:10,720 --> 00:45:07,640  
like we have more to go on that says he

1007  
00:45:12,820 --> 00:45:10,730  
was there than wasn't and I guess one of

1008  
00:45:14,800 --> 00:45:12,830  
the big questions is what the pyramids

1009  
00:45:17,170 --> 00:45:14,810  
were for without that it's kind of hard

1010  
00:45:19,960 --> 00:45:17,180  
to extrapolate anything else really the

1011  
00:45:22,390 --> 00:45:19,970  
ideas range from them being weapons or

1012  
00:45:25,060 --> 00:45:22,400  
energy sources or like we said

1013  
00:45:27,580 --> 00:45:25,070

out-of-body journey machines all that's

1014

00:45:30,520 --> 00:45:27,590

on the table I've also heard stories

1015

00:45:33,300 --> 00:45:30,530

that they found monoatomic gold in the

1016

00:45:36,550 --> 00:45:33,310

King's Chamber and we've talked about

1017

00:45:40,960 --> 00:45:36,560

alchemy before as well where do you land

1018

00:45:41,470 --> 00:45:40,970

on the pyramids oh I think it's been all

1019

00:45:44,950 --> 00:45:41,480

of it

1020

00:45:48,880 --> 00:45:44,960

kind of answer almost I think it was

1021

00:45:52,600 --> 00:45:48,890

built with an understanding of high

1022

00:45:58,800 --> 00:45:52,610

science it was built as some type of

1023

00:46:03,010 --> 00:45:58,810

machine this structure is capable of

1024

00:46:07,270 --> 00:46:03,020

serving as a kind of a huge psycho

1025

00:46:09,070 --> 00:46:07,280

tronic processor device so to speak it

1026  
00:46:10,660 --> 00:46:09,080  
can be weaponized and I think at one

1027  
00:46:14,530 --> 00:46:10,670  
time it probably was

1028  
00:46:16,600 --> 00:46:14,540  
it could also been used to power a city

1029  
00:46:18,850 --> 00:46:16,610  
of an advanced civilization it could

1030  
00:46:20,740 --> 00:46:18,860  
have been all these things I don't think

1031  
00:46:23,500 --> 00:46:20,750  
of course Napoleon didn't answer that

1032  
00:46:25,330 --> 00:46:23,510  
question of what it actually was and I

1033  
00:46:27,280 --> 00:46:25,340  
don't think that was his primary

1034  
00:46:29,290 --> 00:46:27,290  
intention to

1035  
00:46:30,910 --> 00:46:29,300  
that's such a big question right I mean

1036  
00:46:33,220 --> 00:46:30,920  
that's a big question in our day and

1037  
00:46:37,750 --> 00:46:33,230  
we're coming closer to try to answer

1038  
00:46:41,800 --> 00:46:37,760

that but I think for him he was keenly

1039

00:46:45,400 --> 00:46:41,810

interested in its psychotronic qualities

1040

00:46:50,280 --> 00:46:45,410

and possibilities and I think that was

1041

00:46:52,859 --> 00:46:50,290

his main focus and I think Gaspard Monge

1042

00:46:55,230 --> 00:46:52,869

I think Gaspard Monge had suspected

1043

00:46:59,160 --> 00:46:55,240

something based on whatever he knew

1044

00:47:01,560 --> 00:46:59,170

about the pyramid and I think Monza was

1045

00:47:03,569 --> 00:47:01,570

the one that nailed it and that's what

1046

00:47:06,359 --> 00:47:03,579

allowed Napoleon to do whatever it was

1047

00:47:08,579 --> 00:47:06,369

he did that resulted in his experience

1048

00:47:11,819 --> 00:47:08,589

that he wouldn't talk about hmm

1049

00:47:14,520 --> 00:47:11,829

yeah munch is an interesting guy does

1050

00:47:18,120 --> 00:47:14,530

seem to kind of fit that wise wizard

1051  
00:47:20,720 --> 00:47:18,130  
advisor archetype / Napoleon and you

1052  
00:47:23,700 --> 00:47:20,730  
mentioned the Mons point some

1053  
00:47:28,880 --> 00:47:23,710  
geographical proof that relates

1054  
00:47:31,500 --> 00:47:28,890  
specifically to scene layers or depth or

1055  
00:47:34,349 --> 00:47:31,510  
underpinnings of tetrahedron or a

1056  
00:47:38,069 --> 00:47:34,359  
pyramidal shape and that's a curious

1057  
00:47:40,710 --> 00:47:38,079  
connection as well yeah it's the the

1058  
00:47:43,859 --> 00:47:40,720  
Mohnish point is a point in a

1059  
00:47:46,290 --> 00:47:43,869  
tetrahedral object pyramidal object a

1060  
00:47:48,270 --> 00:47:46,300  
pyramid falls within the category of

1061  
00:47:51,900 --> 00:47:48,280  
when you dig into the Mohnish point at

1062  
00:47:53,760 --> 00:47:51,910  
that point at which multiple dimensions

1063  
00:47:55,950 --> 00:47:53,770

intersect now

1064

00:48:00,750 --> 00:47:55,960

maj of course came to this

1065

00:48:03,720 --> 00:48:00,760

mathematically and i think he wanted to

1066

00:48:06,780 --> 00:48:03,730

test his idea in the great pyramid

1067

00:48:08,190 --> 00:48:06,790

because his knowledge of the pyramid at

1068

00:48:11,099 --> 00:48:08,200

the time and then certainly what he

1069

00:48:14,790 --> 00:48:11,109

built upon between the time they first

1070

00:48:17,400 --> 00:48:14,800

arrived at giza and could actually get

1071

00:48:19,950 --> 00:48:17,410

you know their hands so to speak on the

1072

00:48:23,280 --> 00:48:19,960

pyramid and look at it and the time that

1073

00:48:24,930 --> 00:48:23,290

napoleon actually had his episode this

1074

00:48:28,500 --> 00:48:24,940

was almost a year this was several

1075

00:48:30,150 --> 00:48:28,510

months so Monge had a bunch of time to

1076

00:48:31,890 --> 00:48:30,160

look at the King's Chamber look at the

1077

00:48:35,250 --> 00:48:31,900

dimensions of everything do his

1078

00:48:38,220 --> 00:48:35,260

calculations and apply this this concept

1079

00:48:40,920 --> 00:48:38,230

we call the Mohnish point to human

1080

00:48:43,620 --> 00:48:40,930

consciousness you know over human being

1081

00:48:46,500 --> 00:48:43,630

inside the pyramid and of course he used

1082

00:48:49,589 --> 00:48:46,510

his protege napoleon bonaparte

1083

00:48:52,770 --> 00:48:49,599

who was a serious practitioner of

1084

00:48:54,839 --> 00:48:52,780

meditation as the test subject now i

1085

00:48:57,150 --> 00:48:54,849

have to i say it in the book i'm going

1086

00:48:58,920 --> 00:48:57,160

to MIT right here i'm not a math guy

1087

00:49:01,050 --> 00:48:58,930

okay

1088

00:49:04,200 --> 00:49:01,060

those technical aspects of this book

1089

00:49:08,240 --> 00:49:04,210

were the most difficult for me to write

1090

00:49:11,070 --> 00:49:08,250

and I paid the most close attention as I

1091

00:49:13,710 --> 00:49:11,080

wrote those parts because I knew that

1092

00:49:16,590 --> 00:49:13,720

okay I got to get this right because

1093

00:49:18,750 --> 00:49:16,600

this is missus some deep stuff here now

1094

00:49:21,510 --> 00:49:18,760

someone like Joseph Farrell or someone

1095

00:49:24,540 --> 00:49:21,520

who's more adept at math you know will

1096

00:49:26,160 --> 00:49:24,550

more easily pick up the concepts but

1097

00:49:29,610 --> 00:49:26,170

essentially that's what we're talking

1098

00:49:32,580 --> 00:49:29,620

about was Gaspard Monge had some ideas

1099

00:49:34,980 --> 00:49:32,590

about the pyramid and he he used his

1100

00:49:39,450 --> 00:49:34,990

protege his guinea pig as it were his

1101

00:49:41,160 --> 00:49:39,460

willing guinea pig I love it man I think

1102

00:49:44,310 --> 00:49:41,170

you're absolutely right there's some

1103

00:49:48,360 --> 00:49:44,320

kind of connection between geometry and

1104

00:49:52,340 --> 00:49:48,370

mathematics on paper and how they relate

1105

00:49:55,770 --> 00:49:52,350

to the real reality it's why I think

1106

00:49:57,060 --> 00:49:55,780

masons are so tied up in esoteric

1107

00:50:00,930 --> 00:49:57,070

knowledge is because there is a

1108

00:50:04,980 --> 00:50:00,940

correlation there between the techniques

1109

00:50:07,020 --> 00:50:04,990

they use to build and unlocking reality

1110

00:50:09,260 --> 00:50:07,030

in multiple dimensions and consciousness

1111

00:50:11,970 --> 00:50:09,270

and that whole Pandora's box of

1112

00:50:14,220 --> 00:50:11,980

paranormal stuff that we talked about on

1113

00:50:16,620 --> 00:50:14,230

shows like this yeah and I didn't mean

1114

00:50:18,420 --> 00:50:16,630

to gloss over by any means you know

1115

00:50:20,760 --> 00:50:18,430

people are wondering what well what what

1116

00:50:22,290 --> 00:50:20,770

did happen is Napoleon in there and we

1117

00:50:24,360 --> 00:50:22,300

went to this Mons point have to do with

1118

00:50:26,640 --> 00:50:24,370

him what I think we're talking about

1119

00:50:30,870 --> 00:50:26,650

here here's what I suggest here's my

1120

00:50:36,000 --> 00:50:30,880

speculation is that Napoleon Bonaparte

1121

00:50:37,230 --> 00:50:36,010

the master at meditation already he goes

1122

00:50:41,640 --> 00:50:37,240

into the King's Chamber

1123

00:50:43,800 --> 00:50:41,650

he lays down inside what is popularly

1124

00:50:46,200 --> 00:50:43,810

called the sarcophagus but there was

1125

00:50:48,510 --> 00:50:46,210

never anything to indicate that this

1126  
00:50:51,240 --> 00:50:48,520  
Pyramid was a tomb the King's Chamber

1127  
00:50:56,450 --> 00:50:51,250  
was ever a tomb and he lays down inside

1128  
00:50:59,030 --> 00:50:56,460  
this thing and he begins to meditate

1129  
00:51:02,720 --> 00:50:59,040  
at the Monge point it is my argument

1130  
00:51:05,720 --> 00:51:02,730  
that the sarcophagus that is where you

1131  
00:51:07,550 --> 00:51:05,730  
find the Mons point of the Great Pyramid

1132  
00:51:11,930 --> 00:51:07,560  
and I think Gaspard Monge knew this he

1133  
00:51:13,580 --> 00:51:11,940  
had calculated it and that's why you

1134  
00:51:15,260 --> 00:51:13,590  
know he had Napoleon do that

1135  
00:51:18,070 --> 00:51:15,270  
I think Napoleon laid in that

1136  
00:51:21,860 --> 00:51:18,080  
sarcophagus and during those seven hours

1137  
00:51:25,700 --> 00:51:21,870  
he was able to connect his consciousness

1138  
00:51:27,890 --> 00:51:25,710

through meditation to be physical not

1139

00:51:31,280 --> 00:51:27,900

you know much calculated it

1140

00:51:33,680 --> 00:51:31,290

mathematically but you know the idea was

1141

00:51:36,470 --> 00:51:33,690

that there was a physical actual Mohnish

1142

00:51:38,870 --> 00:51:36,480

point there's kind of a port like a

1143

00:51:41,060 --> 00:51:38,880

computer port on the back year computer

1144

00:51:44,860 --> 00:51:41,070

that you'd plug in the USB cord to write

1145

00:51:48,260 --> 00:51:44,870

and Napoleon plugged his consciousness

1146

00:51:51,470 --> 00:51:48,270

into that maj point inside the so called

1147

00:51:54,440 --> 00:51:51,480

sarcophagus the granite box and took

1148

00:51:59,450 --> 00:51:54,450

just a wild ride of his life through

1149

00:52:01,280 --> 00:51:59,460

time and space yes I would say that's a

1150

00:52:03,560 --> 00:52:01,290

solid hypothesis it's definitely

1151  
00:52:05,750 --> 00:52:03,570  
provocative and it's definitely in the

1152  
00:52:08,930 --> 00:52:05,760  
wheelhouse of things that I would

1153  
00:52:10,490 --> 00:52:08,940  
entertain as possibilities and as we

1154  
00:52:12,080 --> 00:52:10,500  
close this thing out is there anything

1155  
00:52:14,150 --> 00:52:12,090  
else we should tell the people about new

1156  
00:52:16,790 --> 00:52:14,160  
books in the works your website or maybe

1157  
00:52:20,330 --> 00:52:16,800  
TV adaptations of your books anything we

1158  
00:52:22,790 --> 00:52:20,340  
should throw in well the dramatic series

1159  
00:52:26,120 --> 00:52:22,800  
development of the Empire the wheel

1160  
00:52:28,220 --> 00:52:26,130  
books is getting really close to the

1161  
00:52:31,220 --> 00:52:28,230  
next stage and that would be the

1162  
00:52:32,660 --> 00:52:31,230  
association with a network and such it's

1163  
00:52:35,420 --> 00:52:32,670

getting it's looking great

1164

00:52:38,510 --> 00:52:35,430

the producer has shared with me the

1165

00:52:40,310 --> 00:52:38,520

concept of the series and the historical

1166

00:52:42,590 --> 00:52:40,320

figures and the fictional characters

1167

00:52:45,800 --> 00:52:42,600

that are interwoven into it so that's

1168

00:52:48,350 --> 00:52:45,810

going really well I'm working on some

1169

00:52:50,500 --> 00:52:48,360

other publishing projects and some

1170

00:52:52,940 --> 00:52:50,510

working on a little bit of fiction I'm

1171

00:52:55,820 --> 00:52:52,950

doing of course some non-fiction

1172

00:52:58,580 --> 00:52:55,830

research at the same time on a book

1173

00:53:01,790 --> 00:52:58,590

about Asian mythology and black magic

1174

00:53:05,090 --> 00:53:01,800

and dark things Wow both about that

1175

00:53:08,450 --> 00:53:05,100

might emerge here soon and of course my

1176

00:53:09,740 --> 00:53:08,460

books are available at lulu.com lu lu

1177

00:53:12,920 --> 00:53:09,750

calm

1178

00:53:16,130 --> 00:53:12,930

and let me think I of course have the

1179

00:53:18,950 --> 00:53:16,140

Walter Bosley channel at YouTube but

1180

00:53:22,160 --> 00:53:18,960

yeah that's that's about all I can think

1181

00:53:24,109 --> 00:53:22,170

of off the top of my head right now nice

1182

00:53:26,210 --> 00:53:24,119

well you're a busy man good luck with

1183

00:53:27,650 --> 00:53:26,220

everything you wrote a great book here

1184

00:53:30,470 --> 00:53:27,660

raised a lot of interesting questions

1185

00:53:32,210 --> 00:53:30,480

and I look forward to more until then

1186

00:53:38,660 --> 00:53:32,220

take care out there and thanks again for

1187

00:53:41,450 --> 00:53:38,670

your time thank you it's a beautiful day

1188

00:53:43,520 --> 00:53:41,460

in the neighborhood a beautiful day for

1189

00:53:47,450 --> 00:53:43,530

a neighbor thanks for tuning in again

1190

00:53:51,580 --> 00:53:47,460

today people Walter Bosley the ESO Tarek

1191

00:53:53,599 --> 00:53:51,590

Napoleon just an ice off the radar

1192

00:53:55,370 --> 00:53:53,609

episode that I've been looking forward

1193

00:53:58,430 --> 00:53:55,380

to getting out to you guys for a few

1194

00:54:00,589 --> 00:53:58,440

weeks now of course a big part of my job

1195

00:54:02,990 --> 00:54:00,599

is scouring the internet for good topics

1196

00:54:04,880 --> 00:54:03,000

and oftentimes that means going back to

1197

00:54:06,890 --> 00:54:04,890

some of my favorite guests and seeing if

1198

00:54:09,020 --> 00:54:06,900

they have anything new out and I

1199

00:54:11,599 --> 00:54:09,030

contacted Walter right away when I saw

1200

00:54:13,760 --> 00:54:11,609

this book and said hey man I've already

1201  
00:54:15,170 --> 00:54:13,770  
ordered it give me a little time to read

1202  
00:54:18,230 --> 00:54:15,180  
it but you'll come back and talk to me

1203  
00:54:20,450 --> 00:54:18,240  
about this right and luckily he was

1204  
00:54:22,640 --> 00:54:20,460  
willing and able because this is a

1205  
00:54:25,460 --> 00:54:22,650  
subject matter that no one else is

1206  
00:54:27,650 --> 00:54:25,470  
researching and kudos to him for digging

1207  
00:54:29,960 --> 00:54:27,660  
these things out of history and holding

1208  
00:54:32,089 --> 00:54:29,970  
them up to the light I definitely

1209  
00:54:33,530 --> 00:54:32,099  
learned a lot every time I talk to

1210  
00:54:37,490 --> 00:54:33,540  
Walter from that first conversation

1211  
00:54:41,240 --> 00:54:37,500  
about latitude 33 all the way right up

1212  
00:54:44,230 --> 00:54:41,250  
to today the stuff about hyper geum's or

1213  
00:54:47,329 --> 00:54:44,240

hyper geum's today was really awesome

1214

00:54:49,720 --> 00:54:47,339

everything from Malta to Egypt up and

1215

00:54:52,400 --> 00:54:49,730

down the whole thing intrigues me and

1216

00:54:54,560 --> 00:54:52,410

fortunately it's a pretty natural place

1217

00:54:56,810 --> 00:54:54,570

to start an interview about a book with

1218

00:54:59,390 --> 00:54:56,820

part one of the book and praise be

1219

00:55:02,570 --> 00:54:59,400

wouldn't you know it was also my

1220

00:55:05,240 --> 00:55:02,580

favorite section Merovingian bloodlines

1221

00:55:07,460 --> 00:55:05,250

are provocative as is dodging your

1222

00:55:11,180 --> 00:55:07,470

sentencing to exile and moving to the

1223

00:55:14,960 --> 00:55:11,190

New Atlantis instead but part one really

1224

00:55:17,620 --> 00:55:14,970

really did it for me though Walter does

1225

00:55:21,050 --> 00:55:17,630

make a really great case that Napoleon

1226  
00:55:22,350 --> 00:55:21,060  
lived out his days in America not exiled

1227  
00:55:24,330 --> 00:55:22,360  
on an island

1228  
00:55:25,830 --> 00:55:24,340  
and not only is it a pretty compelling

1229  
00:55:28,470 --> 00:55:25,840  
argument on its own

1230  
00:55:31,050 --> 00:55:28,480  
it fits my general view of things that

1231  
00:55:34,200 --> 00:55:31,060  
the upper echelon never really face any

1232  
00:55:36,840 --> 00:55:34,210  
punishment sure in a war we'll let a

1233  
00:55:39,810 --> 00:55:36,850  
couple thousand soldiers die per side

1234  
00:55:42,000 --> 00:55:39,820  
but the top brass or when it comes to

1235  
00:55:44,580 --> 00:55:42,010  
assassinations anyone who's acting on

1236  
00:55:48,300 --> 00:55:44,590  
behalf of the Cabal it's generally

1237  
00:55:50,850 --> 00:55:48,310  
captured alive or they escape and just

1238  
00:55:54,600 --> 00:55:50,860

don't face a lot of consequences in most

1239

00:55:56,870 --> 00:55:54,610

cases he even Hitler of all people lived

1240

00:55:59,430 --> 00:55:56,880

out his days peacefully in Argentina

1241

00:56:01,110 --> 00:55:59,440

they tested the skull that was supposed

1242

00:56:03,300 --> 00:56:01,120

to be his and it wasn't even a man's

1243

00:56:06,120 --> 00:56:03,310

skull plus there's just so many

1244

00:56:09,150 --> 00:56:06,130

witnesses that knew him or saw him there

1245

00:56:11,580 --> 00:56:09,160

there's photographs that's probably the

1246

00:56:14,100 --> 00:56:11,590

biggest example but there's also bin

1247

00:56:16,470 --> 00:56:14,110

Laden does anyone really believe he was

1248

00:56:21,120 --> 00:56:16,480

killed in the SEAL Team six raid and

1249

00:56:23,280 --> 00:56:21,130

then buried at sea yeah sure most the

1250

00:56:26,070 --> 00:56:23,290

alternative accounts would say that he

1251  
00:56:29,490 --> 00:56:26,080  
died a few years before that but he was

1252  
00:56:30,870 --> 00:56:29,500  
living well until he wasn't I mean we

1253  
00:56:32,910 --> 00:56:30,880  
don't even really have to go down the

1254  
00:56:35,940 --> 00:56:32,920  
list of American presidents but Bush

1255  
00:56:38,760 --> 00:56:35,950  
Cheney both Clinton's never held

1256  
00:56:42,300 --> 00:56:38,770  
accountable of course whoever really

1257  
00:56:44,310 --> 00:56:42,310  
killed JFK also in that Club and even

1258  
00:56:46,590 --> 00:56:44,320  
John Wilkes Booth is said to have gotten

1259  
00:56:48,090 --> 00:56:46,600  
away scot-free by some alternative

1260  
00:56:51,360 --> 00:56:48,100  
accounts that we've talked about before

1261  
00:56:54,840 --> 00:56:51,370  
I mean we know this it's just example

1262  
00:56:57,270 --> 00:56:54,850  
after example sure everyone's talking

1263  
00:56:59,730 --> 00:56:57,280

about the Epstein thing now but let's

1264

00:57:02,700 --> 00:56:59,740

see who actually goes down for anything

1265

00:57:05,460 --> 00:57:02,710

and what secrets really get revealed

1266

00:57:08,580 --> 00:57:05,470

I'm skeptical but I'm watching this show

1267

00:57:12,750 --> 00:57:08,590

every day but I mean it's on MSNBC it's

1268

00:57:15,480 --> 00:57:12,760

on CNN clearly there's a want to talk

1269

00:57:18,660 --> 00:57:15,490

about it a lot of the alternative

1270

00:57:21,510 --> 00:57:18,670

threads I'm seen are generally saying

1271

00:57:25,410 --> 00:57:21,520

that Epstein seemed to be a Mossad agent

1272

00:57:29,310 --> 00:57:25,420

and he not only held the blackmail file

1273

00:57:32,790 --> 00:57:29,320

but filled it on their behalf and that

1274

00:57:36,150 --> 00:57:32,800

this pressure is going to mount because

1275

00:57:39,660 --> 00:57:36,160

they're trying to force America to

1276

00:57:43,440 --> 00:57:39,670

attack Iran and that kind of makes sense

1277

00:57:45,809 --> 00:57:43,450

to me what we're gonna see I have a show

1278

00:57:47,730 --> 00:57:45,819

on the books about this scheduled for

1279

00:57:51,779 --> 00:57:47,740

next month because I want to make sure

1280

00:57:53,819 --> 00:57:51,789

we have the full story to talk about I'd

1281

00:57:56,309 --> 00:57:53,829

rather have a show that's deep and

1282

00:57:59,370 --> 00:57:56,319

complete on this subject rather than

1283

00:58:00,839 --> 00:57:59,380

just having the one that's first so we

1284

00:58:04,289 --> 00:58:00,849

will get into it don't you worry about

1285

00:58:06,029 --> 00:58:04,299

that but anyway so the idea that

1286

00:58:08,190 --> 00:58:06,039

Napoleon's punishment would just be a

1287

00:58:10,920 --> 00:58:08,200

story we tell kids in school doesn't

1288

00:58:14,490 --> 00:58:10,930

surprise me either when very few people

1289

00:58:16,920 --> 00:58:14,500

on that top rung ever really fall but as

1290

00:58:19,680 --> 00:58:16,930

I said I really needed my memory

1291

00:58:22,829 --> 00:58:19,690

refreshed when it came to Napoleon's bio

1292

00:58:25,710 --> 00:58:22,839

in general and his conflicts I know

1293

00:58:26,160 --> 00:58:25,720

Walter considers himself a fan of the

1294

00:58:29,190 --> 00:58:26,170

man

1295

00:58:31,529 --> 00:58:29,200

and it is possible that he really did

1296

00:58:34,349 --> 00:58:31,539

make things better for the citizens of

1297

00:58:37,740 --> 00:58:34,359

the places he conquered maybe he was the

1298

00:58:39,750 --> 00:58:37,750

original breaker of chains but a lot of

1299

00:58:41,720 --> 00:58:39,760

conquerors tell themselves that they've

1300

00:58:45,569 --> 00:58:41,730

made things better for the people who

1301

00:58:48,690 --> 00:58:45,579

survived their invasion and that's easy

1302

00:58:51,569 --> 00:58:48,700

to say right I mean if your friends or

1303

00:58:53,490 --> 00:58:51,579

family died fighting him off you

1304

00:58:57,390 --> 00:58:53,500

probably wouldn't be swayed with a

1305

00:58:59,099 --> 00:58:57,400

better tax rate and as I said in the

1306

00:59:01,829 --> 00:58:59,109

interview you can read a lot of nasty

1307

00:59:03,450 --> 00:59:01,839

stuff about him and Walter isn't denying

1308

00:59:05,609 --> 00:59:03,460

that he's just saying that it's

1309

00:59:08,490 --> 00:59:05,619

propaganda cooked up by his political

1310

00:59:10,940 --> 00:59:08,500

enemies and that's where it's gonna get

1311

00:59:13,620 --> 00:59:10,950

really fuzzy because how do you sit in

1312

00:59:16,109 --> 00:59:13,630

2019 and make a conclusion that you can

1313

00:59:18,750 --> 00:59:16,119

feel comfortable about win such a thing

1314

00:59:21,569 --> 00:59:18,760

as British Imperial propaganda is on the

1315

00:59:24,660 --> 00:59:21,579

table because I'm definitely not putting

1316

00:59:26,670 --> 00:59:24,670

anything past them either so like Walter

1317

00:59:29,039 --> 00:59:26,680

said the truth is likely somewhere in

1318

00:59:31,589 --> 00:59:29,049

the middle and you definitely don't have

1319

00:59:35,309 --> 00:59:31,599

to be a fan of the guy to be interested

1320

00:59:37,980 --> 00:59:35,319

in his esoteric interests that's the

1321

00:59:41,670 --> 00:59:37,990

point here and it was a fun show I know

1322

00:59:43,410 --> 00:59:41,680

we're pretty deeply behind schedule this

1323

00:59:46,559 --> 00:59:43,420

month this is only the third show to

1324

00:59:49,109 --> 00:59:46,569

come out and it's the 23rd but our

1325

00:59:49,890 --> 00:59:49,119

editor moved on to other things so my

1326

00:59:52,740 --> 00:59:49,900

lovely why

1327

00:59:55,200 --> 00:59:52,750

has been doing it again and it's just

1328

00:59:57,630 --> 00:59:55,210

not efficient for us because if we have

1329

01:00:00,210 --> 00:59:57,640

plans together then no work is getting

1330

01:00:04,859 --> 01:00:00,220

done as opposed to having an editor who

1331

01:00:06,630 --> 01:00:04,869

would be working during that time so I'm

1332

01:00:10,170 --> 01:00:06,640

in the market again it's nice to save

1333

01:00:13,319 --> 01:00:10,180

money but I'm gonna be scouting for

1334

01:00:15,839 --> 01:00:13,329

editors for the next few weeks so we can

1335

01:00:18,180 --> 01:00:15,849

free up her time again and get back to

1336

01:00:21,750 --> 01:00:18,190

being more consistent we had it there

1337

01:00:24,029 --> 01:00:21,760

for a while but it has been a very crazy

1338

01:00:26,819 --> 01:00:24,039

and unusual month putting the finishing

1339

01:00:30,200 --> 01:00:26,829

touches on the website getting ready for

1340

01:00:33,089 --> 01:00:30,210

that launch on the 5th of August

1341

01:00:35,099 --> 01:00:33,099

comic-con was also this past weekend and

1342

01:00:37,380 --> 01:00:35,109

for the first time in the 10 years that

1343

01:00:41,099 --> 01:00:37,390

I've lived in San Diego I had a badge

1344

01:00:44,130 --> 01:00:41,109

with my name on it so that was fun it

1345

01:00:45,500 --> 01:00:44,140

was a nice little staycation and a nice

1346

01:00:48,180 --> 01:00:45,510

little distraction

1347

01:00:51,660 --> 01:00:48,190

obviously other things have factored

1348

01:00:54,200 --> 01:00:51,670

into this month as well but what can I

1349

01:00:57,510 --> 01:00:54,210

say we're hustling I promise you that

1350

01:01:00,750 --> 01:00:57,520

also in THC news this month's joint

1351

01:01:04,500 --> 01:01:00,760

session is coming up super soon the 25th

1352

01:01:08,250 --> 01:01:04,510

at 7:00 p.m. Pacific time that is this

1353

01:01:11,279 --> 01:01:08,260

Thursday so feel free to join me live or

1354

01:01:14,250 --> 01:01:11,289

join THD plus to see it on your own time

1355

01:01:16,769 --> 01:01:14,260

if you're interested and of course the

1356

01:01:19,019 --> 01:01:16,779

main attraction to being a higher side

1357

01:01:21,510 --> 01:01:19,029

chats plus member is treating yourself

1358

01:01:23,609 --> 01:01:21,520

to the full two hour episodes of THC

1359

01:01:26,160 --> 01:01:23,619

rather than just the first hour that you

1360

01:01:29,210 --> 01:01:26,170

get for free and still devoid of

1361

01:01:31,799 --> 01:01:29,220

sponsorships I would add I've had a few

1362

01:01:33,809 --> 01:01:31,809

sponsor requests this year saying that

1363

01:01:36,150 --> 01:01:33,819

I'm leaving a lot of money on the table

1364

01:01:39,599 --> 01:01:36,160

by not putting ads at least in the free

1365

01:01:41,819 --> 01:01:39,609

show and not only that but then that

1366

01:01:44,460 --> 01:01:41,829

would push people to plus because they'd

1367

01:01:47,339 --> 01:01:44,470

want to avoid the ads and I get it

1368

01:01:50,069 --> 01:01:47,349

plenty of shows do that I don't like it

1369

01:01:53,279 --> 01:01:50,079

the Plus memberships are enough for me

1370

01:01:56,309 --> 01:01:53,289

to get by on and the corporation's can't

1371

01:01:59,190 --> 01:01:56,319

buy me you will never see that happen as

1372

01:02:01,370 --> 01:01:59,200

long as we stay listener-supported and I

1373

01:02:03,780 --> 01:02:01,380

don't see any reason why we wouldn't

1374

01:02:05,820 --> 01:02:03,790

thanks to all you guys who take

1375

01:02:08,070 --> 01:02:05,830

plunge it is the best feeling in the

1376

01:02:11,160 --> 01:02:08,080

world really to know that this is my job

1377

01:02:14,190 --> 01:02:11,170

and so like every episode you can listen

1378

01:02:17,190 --> 01:02:14,200

to twice as much show today with Walter

1379

01:02:20,280 --> 01:02:17,200

where we get into stuff like the 1,000

1380

01:02:22,350 --> 01:02:20,290

year conspiracy an expose on an old

1381

01:02:25,110 --> 01:02:22,360

prussian group that loves to infiltrate

1382

01:02:25,770 --> 01:02:25,120

their enemies and then play them against

1383

01:02:29,180 --> 01:02:25,780

each other

1384

01:02:31,140 --> 01:02:29,190

known as the society of lizards

1385

01:02:33,930 --> 01:02:31,150

definitely something you don't hear

1386

01:02:37,140 --> 01:02:33,940

about every day and also very

1387

01:02:39,750 --> 01:02:37,150

fascinating and as I kind of mentioned

1388

01:02:43,680 --> 01:02:39,760

in this wrap-up we got into that

1389

01:02:46,440 --> 01:02:43,690

question of if the real Napoleon was the

1390

01:02:50,520 --> 01:02:46,450

one that was actually exiled and I'll

1391

01:02:52,890 --> 01:02:50,530

tell you I am not so sure and then

1392

01:02:55,380 --> 01:02:52,900

towards the end of the show we had to

1393

01:02:57,690 --> 01:02:55,390

save some time for ufology because it's

1394

01:03:00,330 --> 01:02:57,700

been such a staple of Walter's previous

1395

01:03:02,820 --> 01:03:00,340

appearances he has this military and

1396

01:03:05,580 --> 01:03:02,830

counterintelligence background and of

1397

01:03:08,040 --> 01:03:05,590

course it's so hot right now but we got

1398

01:03:10,800 --> 01:03:08,050

into how Walter's background actually

1399

01:03:14,610 --> 01:03:10,810

affects his thoughts and analysis of the

1400

01:03:16,620 --> 01:03:14,620

current ufology news and I appreciate

1401

01:03:18,960 --> 01:03:16,630

his analysis there as well all

1402

01:03:22,290 --> 01:03:18,970

interesting stuff I try to make it worth

1403

01:03:25,290 --> 01:03:22,300

your while in fact I tried to build THC

1404

01:03:27,150 --> 01:03:25,300

to be a triple win we focus solely on

1405

01:03:30,360 --> 01:03:27,160

the guests and promoting their work in a

1406

01:03:33,300 --> 01:03:30,370

professional fashion to a decent sized

1407

01:03:35,280 --> 01:03:33,310

audience so they win and we have the

1408

01:03:36,810 --> 01:03:35,290

Plus system so I can afford to do this

1409

01:03:38,670 --> 01:03:36,820

for a living and instead of just asking

1410

01:03:42,360 --> 01:03:38,680

you for donations and you getting

1411

01:03:44,370 --> 01:03:42,370

nothing or making you listen to ads you

1412

01:03:46,410 --> 01:03:44,380

can make the choice to say hey I like

1413

01:03:48,630 --> 01:03:46,420

THC and the way this guy interviews

1414

01:03:50,460 --> 01:03:48,640

people I got to hear those full shows

1415

01:03:52,680 --> 01:03:50,470

and right there

1416

01:03:55,080 --> 01:03:52,690

I'm counting two more wins so come over

1417

01:03:57,090 --> 01:03:55,090

the plus side you'll love it I love it

1418

01:03:58,980 --> 01:03:57,100

and we'll be best friends but I guess

1419

01:04:01,710 --> 01:03:58,990

I'm getting out of here big thanks again

1420

01:04:04,200 --> 01:04:01,720

to the Boz Walter Bosley never one to

1421

01:04:06,390 --> 01:04:04,210

disappoint and I'll see you next time

1422

01:04:08,820 --> 01:04:06,400

your move secret mission takers

1423

01:04:10,650 --> 01:04:08,830

bloodline makers and Island Exile

1424

01:04:17,039 --> 01:04:10,660
