26

00:01:30,160 --> 00:00:53,579

which means you'll unfortunately never

27

00:01:35,060 --> 00:01:32,899

rock me like a hurricane higher side

28

00:01:36,740 --> 00:01:35,070

shatters from sunny San Diego I'm Greg

29

00:01:38,899 --> 00:01:36,750

Carl wood and if we've learned anything

30

00:01:41,480 --> 00:01:38,909

over the years it's that the system will

31

00:01:43,850 --> 00:01:41,490

stop at nothing to keep power control

32

00:01:46,120 --> 00:01:43,860

the narrative and silence anyone whose

33

00:01:48,710 --> 00:01:46,130

presence disrupts their game plan of

34

00:01:50,660 --> 00:01:48,720

course there are many examples we could

35

00:01:53,510 --> 00:01:50,670

look at but few have faced the wrath

36

00:01:55,280 --> 00:01:53,520

like the late great well hem Reich not

37

00:01:58,969 --> 00:01:55,290

only did he discover what he called

38

00:02:01,520 --> 00:01:58,979

organ energy a glowing blue bio cosmic

39

00:02:04,999 --> 00:02:01,530

life energy that permeates from microbes

40

00:02:07,100 --> 00:02:05,009

plants animals and nature itself he also

41

00:02:09,499 --> 00:02:07,110

created devices like the organ

42

00:02:11,660 --> 00:02:09,509

accumulator that had major healing and

43

00:02:13,880 --> 00:02:11,670

immune boosting effects as well as the

44

00:02:14,330 --> 00:02:13,890

cloudbuster which could manipulate the

45

00:02:17,180 --> 00:02:14,340

org

46

00:02:20,059 --> 00:02:17,190

energy in the air to cause rain or even

47

00:02:22,400 --> 00:02:20,069

make a desert and not only that but he

48

00:02:25,340 --> 00:02:22,410

also noticed an increase in UFO activity

49

00:02:28,100 --> 00:02:25,350

during some cloudbuster trials wrote a

50

00:02:30,290 --> 00:02:28,110

book on that wrote a book on fascism and

51

00:02:32,720 --> 00:02:30,300

spoke out frequently about the

52

00:02:35,479 --> 00:02:32,730

repressive society we are participating

53

00:02:37,699 --> 00:02:35,489

in as you might imagine Reich's work

54

00:02:39,590 --> 00:02:37,709

landed him in prison until the day he

55

00:02:42,100 --> 00:02:39,600

died and his books banned from

56

00:02:44,690 --> 00:02:42,110

interstate commerce and burned in mass

57

00:02:47,540 --> 00:02:44,700

one has to wonder if he was really just

58

00:02:49,640 --> 00:02:47,550

a crackpot and his work had no value why

59

00:02:52,100 --> 00:02:49,650

such effort to eradicate it when it

60

00:02:54,500 --> 00:02:52,110

could just die out on its own well

61

00:02:56,509 --> 00:02:54,510

luckily his work does live on today with

62

00:02:58,970 --> 00:02:56,519

the bright and bold folks willing to

63

00:03:01,309 --> 00:02:58,980

carry the torch and few are as dedicated

64

00:03:02,809 --> 00:03:01,319

or as knowledgeable as today's guests

65

00:03:04,790 --> 00:03:02,819

dr. James DeMaio

66

00:03:07,340 --> 00:03:04,800

James formerly studied the Earth

67

00:03:09,530 --> 00:03:07,350

atmospheric and environmental sciences

68

00:03:11,449 --> 00:03:09,540

at Florida International University and

69

00:03:16,190 --> 00:03:11,459

the University of Kansas where he earned

70

00:03:18,440 --> 00:03:16,200

his PhD in 1986 at kayuu he openly

71

00:03:21,020 --> 00:03:18,450

undertook the first graduate level

72

00:03:22,430 --> 00:03:21,030

natural scientific research specifically

73

00:03:25,039 --> 00:03:22,440

focused on wilhelm reich s--

74

00:03:27,500 --> 00:03:25,049

controversial discoveries subjecting

75

00:03:29,810 --> 00:03:27,510

those ideas to rigorous testing with

76

00:03:32,930 --> 00:03:29,820

positive verification of the original

77

00:03:35,180 --> 00:03:32,940

findings dr. DiMaio subsequently

78

00:03:37,569 --> 00:03:35,190

undertook drought-related field research

79

00:03:41,060 --> 00:03:37,579

in the arid American Southwest Egypt

80

00:03:43,009 --> 00:03:41,070

Israel and sub-saharan Africa his

81

00:03:45,410 --> 00:03:43,019

published works include dozens of

82

00:03:47,690 --> 00:03:45,420

articles and papers as well as several

83

00:03:50,180 --> 00:03:47,700

books like his newly expanded and

84

00:03:53,270 --> 00:03:50,190

revised edition of the organ accumulator

85

00:03:55,640 --> 00:03:53,280

handbook and his most recent release the

86

00:03:57,650 --> 00:03:55,650

dynamic ether of cosmic space

87

00:04:00,590 --> 00:03:57,660

correcting a major error in modern

88

00:04:03,259 --> 00:04:00,600

science of course such work has seen

89

00:04:05,569 --> 00:04:03,269

James blacklisted and ostracized from

90

00:04:07,690 --> 00:04:05,579

the inner circle of academia but the

91

00:04:10,039 --> 00:04:07,700

work continues on at the oregon

92

00:04:13,580 --> 00:04:10,049

biophysical research lab which he

93

00:04:15,229 --> 00:04:13,590

founded in 1978 well he certainly knows

94

00:04:16,759 --> 00:04:15,239

a thing or two about a thing or two and

95

00:04:19,219 --> 00:04:16,769

I'm psyched to have him here the

96

00:04:21,050 --> 00:04:19,229

suppressed science scientists the organ

97

00:04:23,810 --> 00:04:21,060

and ether Advocate and a bona fide

98

00:04:26,210 --> 00:04:23,820

first-hand cloudbuster James welcomed

99

00:04:28,440 --> 00:04:26,220

the higher side well thank you Greg for

100

00:04:31,440 --> 00:04:28,450

that glowing endorsement

101  
00:04:34,350 --> 00:04:31,450  
yes I try and I mean you've definitely

102  
00:04:36,000 --> 00:04:34,360  
done some respectable work and I

103  
00:04:37,890 --> 00:04:36,010  
appreciate you being here been looking

104  
00:04:40,770 --> 00:04:37,900  
forward to this for a long time you were

105  
00:04:43,470 --> 00:04:40,780  
kind enough to send me signed copies of

106  
00:04:46,110 --> 00:04:43,480  
both the Oregon accumulator handbook and

107  
00:04:48,690 --> 00:04:46,120  
the dynamic ether of cosmic space very

108  
00:04:50,580 --> 00:04:48,700  
much appreciated love them both and I

109  
00:04:52,950 --> 00:04:50,590  
think the audience here is at least a

110  
00:04:54,540 --> 00:04:52,960  
little familiar with those terms but let

111  
00:04:57,150 --> 00:04:54,550  
me ask you about the relationship

112  
00:05:00,120 --> 00:04:57,160  
between them I've heard you call ether a

113  
00:05:01,650 --> 00:05:00,130

sort of cosmic life energy and life

114

00:05:04,260 --> 00:05:01,660

energy is the term used to describe

115

00:05:05,910 --> 00:05:04,270

Oregon what differentiates these two

116

00:05:09,540 --> 00:05:05,920

energies from one another because they

117

00:05:12,180 --> 00:05:09,550

do seem pretty similar to a layman well

118

00:05:15,840 --> 00:05:12,190

both originated from completely

119

00:05:19,500 --> 00:05:15,850

different starting points the idea of

120

00:05:21,960 --> 00:05:19,510

cosmic ether as a substrate in the

121

00:05:26,060 --> 00:05:21,970

universe for transmission of light waves

122

00:05:30,060 --> 00:05:26,070

that goes back to the 1700s actually the

123

00:05:33,240 --> 00:05:30,070

necessity for a medium to explain the

124

00:05:35,160 --> 00:05:33,250

wave nature of light so for example if

125

00:05:37,980 --> 00:05:35,170

you have sound waves they wave in the

126

00:05:41,070 --> 00:05:37,990

air if you have water waves they wave in

127

00:05:43,260 --> 00:05:41,080

the water so light has a distinctive set

128

00:05:45,870 --> 00:05:43,270

of wave properties it can be reflected

129

00:05:48,660 --> 00:05:45,880

refracted interfered interference you

130

00:05:51,180 --> 00:05:48,670

can make standing waves and so forth so

131

00:05:53,460 --> 00:05:51,190

what's the medium through which light is

132

00:05:56,570 --> 00:05:53,470

traveling that allows it to express

133

00:05:59,870 --> 00:05:56,580

these wave-like properties and that idea

134

00:06:03,290 --> 00:05:59,880

persisted all the way into the early

135

00:06:05,520 --> 00:06:03,300

1900's when some of the first

136

00:06:08,220 --> 00:06:05,530

instruments optical instruments were

137

00:06:11,400 --> 00:06:08,230

developed by which one could evaluate

138

00:06:14,490 --> 00:06:11,410

for the existence of the cosmic ether

139

00:06:17,190 --> 00:06:14,500

and the famous experiment of Michelson

140

00:06:19,110 --> 00:06:17,200

Morley everybody knows that's in all the

141

00:06:20,700 --> 00:06:19,120

textbooks and it the way it's described

142

00:06:23,160 --> 00:06:20,710

in the textbooks is totally bogus

143

00:06:25,800 --> 00:06:23,170

because they say Michelson Morley got a

144

00:06:28,680 --> 00:06:25,810

negative result and therefore space is

145

00:06:31,560 --> 00:06:28,690

empty and this brought in in the

146

00:06:34,260 --> 00:06:31,570

aftermath of that error in the early

147

00:06:36,960 --> 00:06:34,270

textbooks it brought in a whole series

148

00:06:40,020 --> 00:06:36,970

of new theories such as Einstein's

149

00:06:41,950 --> 00:06:40,030

relativity the big bang theory ideas

150

00:06:44,379 --> 00:06:41,960

about black holes and

151  
00:06:46,779 --> 00:06:44,389  
that are very popular today or the

152  
00:06:49,719 --> 00:06:46,789  
dominant theories today are challenged

153  
00:06:53,650 --> 00:06:49,729  
at their basic foundational level by the

154  
00:06:55,900 --> 00:06:53,660  
existence of a cosmic ether on in fact

155  
00:06:57,820 --> 00:06:55,910  
Einstein wrote that's one of the the

156  
00:07:00,339 --> 00:06:57,830  
basic starting assumptions of his

157  
00:07:03,460 --> 00:07:00,349  
relativity theory is that the ether

158  
00:07:05,529 --> 00:07:03,470  
cannot exist at least material ether

159  
00:07:06,370 --> 00:07:05,539  
with properties that can be attributed

160  
00:07:10,330 --> 00:07:06,380  
to it

161  
00:07:12,490 --> 00:07:10,340  
by contrast the idea of life energy well

162  
00:07:15,279 --> 00:07:12,500  
first of all it's an ancient concept the

163  
00:07:17,980 --> 00:07:15,289

idea of life energy almost every culture

164

00:07:21,460 --> 00:07:17,990

has some kind of a term about it you

165

00:07:24,010 --> 00:07:21,470

find all kinds of scientific experiments

166

00:07:27,029 --> 00:07:24,020

going back to Mesmer hanaman with

167

00:07:29,950 --> 00:07:27,039

homeopathy some aspects of early

168

00:07:32,830 --> 00:07:29,960

folklore and agriculture and so on speak

169

00:07:34,659 --> 00:07:32,840

about life energy and that living things

170

00:07:36,760 --> 00:07:34,669

have their own specific biological

171

00:07:38,770 --> 00:07:36,770

energy and it's not something that's

172

00:07:41,529 --> 00:07:38,780

biochemical it's something that really

173

00:07:44,559 --> 00:07:41,539

is like a radiant energy field which has

174

00:07:48,670 --> 00:07:44,569

a powerful biological influence now

175

00:07:51,189 --> 00:07:48,680

Reich was unique in that he he did more

176

00:07:53,409 --> 00:07:51,199

research on this concept of life energy

177

00:07:55,960 --> 00:07:53,419

proving that it was a real thing a

178

00:07:59,709 --> 00:07:55,970

tangible experimentally demonstrated

179

00:08:02,760 --> 00:07:59,719

thing and much in the same way that the

180

00:08:06,580 --> 00:08:02,770

early ether experimenters in the early

181

00:08:09,070 --> 00:08:06,590

1900's they also got positive result but

182

00:08:11,709 --> 00:08:09,080

it was a small result it wasn't a huge

183

00:08:14,050 --> 00:08:11,719

result as everybody expected now

184

00:08:16,209 --> 00:08:14,060

michelson-morley detected an ether drift

185

00:08:18,339 --> 00:08:16,219

speed of that the earth was moving

186

00:08:20,080 --> 00:08:18,349

through the ether of space and this

187

00:08:22,600 --> 00:08:20,090

could be detected with these optical

188

00:08:26,080 --> 00:08:22,610

interferometers and he detected a speed

189

00:08:28,390 --> 00:08:26,090

of something between or approaching five

190

00:08:30,790 --> 00:08:28,400

to seven point five kilometers per

191

00:08:33,339 --> 00:08:30,800

second now that's a pretty respectable

192

00:08:35,709 --> 00:08:33,349

speed if I said I had a an airplane that

193

00:08:38,019 --> 00:08:35,719

would move five or seven point five

194

00:08:41,620 --> 00:08:38,029

kilometers per second that would out out

195

00:08:44,050 --> 00:08:41,630

pace even the best high-performance Jets

196

00:08:47,050 --> 00:08:44,060

that are here today used various

197

00:08:49,720 --> 00:08:47,060

militaries and later another scientist

198

00:08:51,819 --> 00:08:49,730

dayton miller who is a top research

199

00:08:53,980 --> 00:08:51,829

scientist of his day he was a mainstream

200

00:08:55,690 --> 00:08:53,990

guy he was the top of his field who

201

00:08:58,300 --> 00:08:55,700

president of the American

202

00:09:00,370 --> 00:08:58,310

optical society the American ku Stickle

203

00:09:02,920 --> 00:09:00,380

Society member of the National Academy

204

00:09:05,530 --> 00:09:02,930

of Sciences and you know just on and on

205

00:09:06,910 --> 00:09:05,540

with all the awards and memberships that

206

00:09:09,610 --> 00:09:06,920

he had earned over the years for his

207

00:09:12,520 --> 00:09:09,620

work he actually detected an eleven

208

00:09:16,090 --> 00:09:12,530

point five kilometre per second

209

00:09:18,840 --> 00:09:16,100

III did so by going up high on a

210

00:09:21,520 --> 00:09:18,850

mountain Mount Wilson specifically and

211

00:09:23,100 --> 00:09:21,530

the interesting thing was is that

212

00:09:25,930 --> 00:09:23,110

there's been a number of ether

213

00:09:29,200 --> 00:09:25,940

experimenters over the years who have

214

00:09:32,140 --> 00:09:29,210

gone up high on mountains or at least at

215

00:09:34,390 --> 00:09:32,150

various elevations and the the higher up

216

00:09:36,300 --> 00:09:34,400

that they went the faster was the ether

217

00:09:39,070 --> 00:09:36,310

drift speed that they could detect and

218

00:09:41,650 --> 00:09:39,080

this if you think of the earth like you

219

00:09:44,020 --> 00:09:41,660

know just make a fist and push it

220

00:09:45,970 --> 00:09:44,030

through the air you can feel a breeze as

221

00:09:48,910 --> 00:09:45,980

you move your fists through the air but

222

00:09:51,970 --> 00:09:48,920

the speed of the wind that you're

223

00:09:54,550 --> 00:09:51,980

experiencing there is slowed down next

224

00:09:56,740 --> 00:09:54,560

to the skin surface so you want to put

225

00:09:59,860 --> 00:09:56,750

these edge effects the skin surface or

226

00:10:02,710 --> 00:09:59,870

surface effects where the ether flows

227

00:10:05,380 --> 00:10:02,720

more slowly close to the Earth's surface

228

00:10:07,480 --> 00:10:05,390

because it's a material ether and it's

229

00:10:09,430 --> 00:10:07,490

like water moving in a pipe it moves

230

00:10:12,820 --> 00:10:09,440

slowest where it comes into physical

231

00:10:15,100 --> 00:10:12,830

contact with the pipe due to friction so

232

00:10:16,750 --> 00:10:15,110

the ether has a low speed close to the

233

00:10:19,510 --> 00:10:16,760

earth and a higher speed the higher up

234

00:10:21,970 --> 00:10:19,520

you go in altitude and that aspect was

235

00:10:24,820 --> 00:10:21,980

ignored by all of the people in a Sayers

236

00:10:27,220 --> 00:10:24,830

of those ether drift experiments because

237

00:10:29,470 --> 00:10:27,230

it implied that the ether was a very

238

00:10:31,480 --> 00:10:29,480

material thing and it's hard to know the

239

00:10:34,270 --> 00:10:31,490

psychology behind why this happened but

240

00:10:36,190 --> 00:10:34,280

all of those textbooks examples where

241

00:10:38,230 --> 00:10:36,200

they say that ether was never detected

242

00:10:40,570 --> 00:10:38,240

or Michelson Morley proved the ether did

243

00:10:42,370 --> 00:10:40,580

not exist they claimed that there was no

244

00:10:44,650 --> 00:10:42,380

result at all they say there's a null

245

00:10:47,170 --> 00:10:44,660

result but if you go to their original

246

00:10:49,780 --> 00:10:47,180

paper their 1887 paper which they

247

00:10:52,360 --> 00:10:49,790

published that got everybody to look at

248

00:10:56,710 --> 00:10:52,370

their work they say very clearly they

249

00:10:59,710 --> 00:10:56,720

got this 5 to 7 point 5 km/s result and

250

00:11:01,780 --> 00:10:59,720

that it wasn't it wasn't the expected

251  
00:11:04,190 --> 00:11:01,790  
higher velocity of something like two to

252  
00:11:06,829 --> 00:11:04,200  
three hundred kilometres per second

253  
00:11:09,650 --> 00:11:06,839  
so because it was a small effect to the

254  
00:11:12,350 --> 00:11:09,660  
world of conventional science moved on

255  
00:11:16,400 --> 00:11:12,360  
and dismissed it and became followers of

256  
00:11:18,350 --> 00:11:16,410  
the Einstein theory of empty space and a

257  
00:11:20,689 --> 00:11:18,360  
dead universe as I like to say empty

258  
00:11:23,689 --> 00:11:20,699  
space in a dead universe and meanwhile

259  
00:11:26,780 --> 00:11:23,699  
Wilhelm Reich working in that early part

260  
00:11:29,569 --> 00:11:26,790  
of the 20th century he's reading all

261  
00:11:32,360 --> 00:11:29,579  
these things about the ether is been

262  
00:11:34,670 --> 00:11:32,370  
disproven all the mainstream people are

263  
00:11:37,250 --> 00:11:34,680

saying the ether doesn't exist and Reich

264

00:11:39,829 --> 00:11:37,260

is saying this is was a disaster for

265

00:11:43,250 --> 00:11:39,839

theoretical science in some of his later

266

00:11:44,930 --> 00:11:43,260

writings and had the ether been accepted

267

00:11:47,120 --> 00:11:44,940

at that point he might have called it a

268

00:11:50,150 --> 00:11:47,130

biological either/or that the ether had

269

00:11:52,040 --> 00:11:50,160

biological influences so instead he gave

270

00:11:55,970 --> 00:11:52,050

it a new name he called it Oregon energy

271

00:11:57,949 --> 00:11:55,980

to preserve it as a organic life energy

272

00:11:59,870 --> 00:11:57,959

but but if you look at the properties of

273

00:12:02,750 --> 00:11:59,880

these two phenomena the ether of space

274

00:12:05,180 --> 00:12:02,760

and the Oregon energy of rike the life

275

00:12:07,370 --> 00:12:05,190

energy they are both very similar

276

00:12:10,340 --> 00:12:07,380

they're both are ubiquitous phenomenon

277

00:12:12,680 --> 00:12:10,350

that they exist in all of space they

278

00:12:15,170 --> 00:12:12,690

fill all of space it has certain

279

00:12:18,110 --> 00:12:15,180

physical influences the Oregon Energy

280

00:12:20,750 --> 00:12:18,120

accumulator that Reich developed inside

281

00:12:24,079 --> 00:12:20,760

the accumulator the properties of the

282

00:12:26,569 --> 00:12:24,089

space inside it are altered because it's

283

00:12:29,900 --> 00:12:26,579

like a concentration of the ether a

284

00:12:31,639 --> 00:12:29,910

concentration of life energy so you get

285

00:12:33,850 --> 00:12:31,649

certain kinds of strange phenomenon

286

00:12:36,019 --> 00:12:33,860

happening inside such as a slight

287

00:12:38,660 --> 00:12:36,029

spontaneous increase in temperature

288

00:12:40,220 --> 00:12:38,670

which is right correctly pointed out was

289

00:12:42,740 --> 00:12:40,230

a violation of the second law of

290

00:12:45,620 --> 00:12:42,750

thermodynamics that the electrical

291

00:12:48,439 --> 00:12:45,630

density inside the organ accumulator is

292

00:12:50,930 --> 00:12:48,449

higher and this is proven by experiments

293

00:12:53,930 --> 00:12:50,940

with a standard static electroscope

294

00:12:56,059 --> 00:12:53,940

which will take longer to discharge it's

295

00:12:58,519 --> 00:12:56,069

accumulated charge then the identical

296

00:13:00,980 --> 00:12:58,529

electroscope just place a meter away

297

00:13:04,220 --> 00:13:00,990

from the accumulator in the same room

298

00:13:05,840 --> 00:13:04,230

and then you got the biological boosting

299

00:13:08,449 --> 00:13:05,850

effects I've done all kinds of

300

00:13:11,750 --> 00:13:08,459

experiments with plants and seed growing

301  
00:13:16,519 --> 00:13:11,760  
and was able to show a fairly systematic

302  
00:13:17,690 --> 00:13:16,529  
effect of about 37% increase in the

303  
00:13:20,510 --> 00:13:17,700  
growth of mung bean

304  
00:13:22,490 --> 00:13:20,520  
seeds and a few other plant species when

305  
00:13:25,610 --> 00:13:22,500  
you sprout them inside of an organ

306  
00:13:27,740 --> 00:13:25,620  
accumulator as compared to a identical

307  
00:13:29,510 --> 00:13:27,750  
group of bean seeds kept in the same

308  
00:13:32,540 --> 00:13:29,520  
temperature environment and so forth

309  
00:13:34,490 --> 00:13:32,550  
under a cardboard box so the cardboard

310  
00:13:36,650 --> 00:13:34,500  
didn't have any real effect upon the the

311  
00:13:39,530 --> 00:13:36,660  
seeds but the organ accumulator most

312  
00:13:42,380 --> 00:13:39,540  
certainly did and that particular

313  
00:13:44,720 --> 00:13:42,390

experiment reflects what the medical

314

00:13:46,750 --> 00:13:44,730

profession some of the doctors and other

315

00:13:49,430 --> 00:13:46,760

healers who use the organ accumulator

316

00:13:52,390 --> 00:13:49,440

showing that it speeds the healing of

317

00:13:55,070 --> 00:13:52,400

burns that it can in many cases

318

00:13:58,040 --> 00:13:55,080

disintegrate tumors of people who have a

319

00:14:00,080 --> 00:13:58,050

cancer that it overall boosts the immune

320

00:14:02,870 --> 00:14:00,090

system that's the best way to describe

321

00:14:05,810 --> 00:14:02,880

it such that any kind of disorder that's

322

00:14:09,050 --> 00:14:05,820

based upon an immune system dysfunction

323

00:14:11,330 --> 00:14:09,060

with the exception of a few exceptions

324

00:14:14,720 --> 00:14:11,340

which I list in my book on the organ

325

00:14:17,420 --> 00:14:14,730

accumulator our benefit so I've known

326

00:14:19,550 --> 00:14:17,430

all kinds of people sensitive before I

327

00:14:21,800 --> 00:14:19,560

wrote that book and after I wrote that

328

00:14:23,570 --> 00:14:21,810

book who've written me with thanks about

329

00:14:26,420 --> 00:14:23,580

a variety of things that they've had

330

00:14:28,610 --> 00:14:26,430

going wrong with their health and were

331

00:14:30,590 --> 00:14:28,620

benefited by sitting in the accumulator

332

00:14:32,540 --> 00:14:30,600

it's a device you sit inside it doesn't

333

00:14:34,700 --> 00:14:32,550

plug into the wall or anything it's just

334

00:14:37,040 --> 00:14:34,710

it accumulates the energy from the

335

00:14:39,980 --> 00:14:37,050

background medium of space or of the

336

00:14:43,070 --> 00:14:39,990

atmosphere so it's passive device no

337

00:14:45,200 --> 00:14:43,080

electrical plugs no transistors or coils

338

00:14:49,610 --> 00:14:45,210

or anything like that just sits there

339

00:14:51,830 --> 00:14:49,620

and it functions by virtue of how the

340

00:14:55,040 --> 00:14:51,840

life energy is attracted to all of

341

00:14:57,530 --> 00:14:55,050

matter but certain kinds of matter such

342

00:15:00,860 --> 00:14:57,540

as high dielectric materials attract and

343

00:15:02,630 --> 00:15:00,870

hold on to that charge and they will

344

00:15:04,850 --> 00:15:02,640

under those influences create an

345

00:15:07,150 --> 00:15:04,860

electrostatic field that's how you

346

00:15:09,770 --> 00:15:07,160

define a dielectric material as its

347

00:15:12,650 --> 00:15:09,780

capacity to hold an electrical charge or

348

00:15:15,560 --> 00:15:12,660

electrostatic charge and with when you

349

00:15:19,010 --> 00:15:15,570

layer that with a conductor like a steel

350

00:15:20,990 --> 00:15:19,020

or steel wool which is something that

351

00:15:22,370 --> 00:15:21,000

attracts the Oregon energy also but it

352

00:15:24,890 --> 00:15:22,380

cannot hold on to it so it doesn't

353

00:15:26,600 --> 00:15:24,900

develop an electrostatic charge it but

354

00:15:29,450 --> 00:15:26,610

it might develop a little bit of a

355

00:15:31,490 --> 00:15:29,460

magnetic property and what you find is

356

00:15:34,250 --> 00:15:31,500

that when you layer those things

357

00:15:36,250 --> 00:15:34,260

in sheets a layer of steel wool a layer

358

00:15:38,630 --> 00:15:36,260

of sheep's wool which has got a

359

00:15:41,960 --> 00:15:38,640

dielectric property due to the lanolin

360

00:15:44,660 --> 00:15:41,970

content of the sheep's wool and you make

361

00:15:46,910 --> 00:15:44,670

layers of that one after the other flat

362

00:15:48,760 --> 00:15:46,920

layers and then the inside of the

363

00:15:51,860 --> 00:15:48,770

accumulator has a ferromagnetic

364

00:15:54,650 --> 00:15:51,870

sheetmetal which is you know thin gauge

365

00:15:56,810 --> 00:15:54,660

something like 26 gauge just enough to

366

00:15:59,450 --> 00:15:56,820

give it sturdiness and support and then

367

00:16:01,520 --> 00:15:59,460

the exterior of all those layers is some

368

00:16:04,940 --> 00:16:01,530

kind of a organic material with a

369

00:16:07,070 --> 00:16:04,950

sturdiness such as a mason board or

370

00:16:08,630 --> 00:16:07,080

something like that or insulation board

371

00:16:11,570 --> 00:16:08,640

which is then painted with a high

372

00:16:13,280 --> 00:16:11,580

dielectric shellac material we use this

373

00:16:16,190 --> 00:16:13,290

bullseye shellac which is very natural

374

00:16:19,550 --> 00:16:16,200

shellac material and of course each

375

00:16:21,380 --> 00:16:19,560

panel has a framework like a picture

376

00:16:24,410 --> 00:16:21,390

frame going around to just give it

377

00:16:27,170 --> 00:16:24,420

physical support and then these panels

378

00:16:30,440 --> 00:16:27,180

are organized like like the six sides of

379

00:16:32,930 --> 00:16:30,450

a box one of the larger panels you put

380

00:16:34,460 --> 00:16:32,940

on hinges so it's a door and then you

381

00:16:36,740 --> 00:16:34,470

have a window in that door so you can

382

00:16:38,240 --> 00:16:36,750

look out and get some air and when you

383

00:16:40,970 --> 00:16:38,250

sit in these things I mean that's that's

384

00:16:43,460 --> 00:16:40,980

all there is to it there's no no magic

385

00:16:46,150 --> 00:16:43,470

to it but it's just based on the

386

00:16:47,780 --> 00:16:46,160

properties of these layered materials

387

00:16:49,820 --> 00:16:47,790

mm-hmm mm-hmm

388

00:16:51,650 --> 00:16:49,830

yeah great breakdown and I think that is

389

00:16:54,620 --> 00:16:51,660

one of the weirdest aspects of the

390

00:16:57,170 --> 00:16:54,630

accumulator is that you just don't plug

391

00:17:00,110 --> 00:16:57,180

it in it's really just building a box

392

00:17:03,020 --> 00:17:00,120

with alternating layers of metal and non

393

00:17:06,110 --> 00:17:03,030

metal organic material and that's enough

394

00:17:08,210 --> 00:17:06,120

to concentrate this energy just from the

395

00:17:10,040 --> 00:17:08,220

air just from the environment and you

396

00:17:12,470 --> 00:17:10,050

mentioned this working really well on

397

00:17:15,140 --> 00:17:12,480

burns and I have this quote in my notes

398

00:17:17,059 --> 00:17:15,150

I believe from a German doctor I won't

399

00:17:19,550 --> 00:17:17,069

even try to pronounce this name but he

400

00:17:21,980 --> 00:17:19,560

said failure to use the Oregon

401  
00:17:25,790 --> 00:17:21,990  
accumulator in the case of severe burns

402  
00:17:27,920 --> 00:17:25,800  
constitutes medical malpractice which is

403  
00:17:30,050 --> 00:17:27,930  
a pretty bold statement but that's true

404  
00:17:32,120 --> 00:17:30,060  
if the medical community is ignoring

405  
00:17:34,460 --> 00:17:32,130  
something that works you gotta call a

406  
00:17:37,070 --> 00:17:34,470  
spade a spade I just wanted to add that

407  
00:17:39,170 --> 00:17:37,080  
in but all of this context for how the

408  
00:17:42,650 --> 00:17:39,180  
accumulator works and how it's made

409  
00:17:44,660 --> 00:17:42,660  
using no outside power it does make this

410  
00:17:47,570 --> 00:17:44,670  
Oregon Energy seem

411  
00:17:49,550 --> 00:17:47,580  
very plentiful and abundant yet we still

412  
00:17:53,120 --> 00:17:49,560  
have a hard time moving the needle of

413  
00:17:55,580 --> 00:17:53,130

acceptance how can we approach our more

414

00:17:58,340 --> 00:17:55,590

skeptical friends and family with this I

415

00:18:00,770 --> 00:17:58,350

mean what can we point them to so that

416

00:18:03,770 --> 00:18:00,780

they can entertain something like organ

417

00:18:05,990 --> 00:18:03,780

energy or ether because there are a few

418

00:18:08,360 --> 00:18:06,000

places we can get a glimpse of it you

419

00:18:10,010 --> 00:18:08,370

write about the dancing dot phenomenon

420

00:18:12,290 --> 00:18:10,020

where you're in a dark room but you can

421

00:18:14,390 --> 00:18:12,300

see a little bit of glow and then of

422

00:18:17,060 --> 00:18:14,400

course there are some natural places in

423

00:18:20,750 --> 00:18:17,070

nature that are relatively untouched by

424

00:18:23,120 --> 00:18:20,760

humanity and sometimes this energy

425

00:18:26,390 --> 00:18:23,130

charge builds up there too and they have

426

00:18:28,820 --> 00:18:26,400

an exceptionally blue look or glow to

427

00:18:31,400 --> 00:18:28,830

them and these are good examples these

428

00:18:34,370 --> 00:18:31,410

are good points but for such an abundant

429

00:18:36,890 --> 00:18:34,380

energy it seems hard to confirm where

430

00:18:41,180 --> 00:18:36,900

should we tell people to look if they

431

00:18:43,690 --> 00:18:41,190

want to see or sense this well it's an

432

00:18:46,820 --> 00:18:43,700

energy that as Reich argued underlays

433

00:18:49,010 --> 00:18:46,830

cognition and perception it is the

434

00:18:52,130 --> 00:18:49,020

medium through which we we feel

435

00:18:55,250 --> 00:18:52,140

connection to the natural world so for

436

00:18:57,680 --> 00:18:55,260

example a good way to contrast the

437

00:18:59,960 --> 00:18:57,690

bioenergetic feelings is firstly to

438

00:19:02,690 --> 00:18:59,970

realize that the organ energy has

439

00:19:05,750 --> 00:19:02,700

different states of activity or

440

00:19:08,930 --> 00:19:05,760

qualitative States to it so for example

441

00:19:12,860 --> 00:19:08,940

the the energy that you would find in a

442

00:19:15,440 --> 00:19:12,870

forest area or in a dry condition in the

443

00:19:18,020 --> 00:19:15,450

Pacific redwood forests for example

444

00:19:20,960 --> 00:19:18,030

people talk about hugging trees well

445

00:19:22,940 --> 00:19:20,970

they feel something I felt this - you go

446

00:19:25,220 --> 00:19:22,950

up near some of these big redwoods and

447

00:19:27,740 --> 00:19:25,230

you lean against them my gosh you feel

448

00:19:30,200 --> 00:19:27,750

this radiant energy that's what you feel

449

00:19:32,420 --> 00:19:30,210

inside the oregon accumulator same thing

450

00:19:34,130 --> 00:19:32,430

some people claim healing effects from

451

00:19:36,230 --> 00:19:34,140

from doing that I can't speak to that

452

00:19:38,330 --> 00:19:36,240

because most of the reports are just

453

00:19:41,270 --> 00:19:38,340

very subjective but the kind of reports

454

00:19:43,010 --> 00:19:41,280

that I'm I deal with in my book and by

455

00:19:45,800 --> 00:19:43,020

the way I give full instructions on how

456

00:19:48,350 --> 00:19:45,810

to build these but the reports that I'm

457

00:19:50,630 --> 00:19:48,360

quoting from and that I'm citing to

458

00:19:53,630 --> 00:19:50,640

build the argument are our published

459

00:19:56,570 --> 00:19:53,640

articles in research journals by medical

460

00:19:59,120 --> 00:19:56,580

and other health professionals

461

00:20:02,419 --> 00:19:59,130

serious phd-level scientists I'm a

462

00:20:04,250 --> 00:20:02,429

classically trained PhD scientist I've

463

00:20:06,860 --> 00:20:04,260

taught in different departments of

464

00:20:09,049 --> 00:20:06,870

geography and geology and so forth my

465

00:20:11,779 --> 00:20:09,059

specialty was deserts and desert

466

00:20:13,789 --> 00:20:11,789

desertification which is how I got most

467

00:20:15,769 --> 00:20:13,799

decidedly interested in Russia's work

468

00:20:17,570 --> 00:20:15,779

but the discovery of the Oregon

469

00:20:19,880 --> 00:20:17,580

accumulator I mean one of Russia's

470

00:20:21,590 --> 00:20:19,890

associates to make another quote he said

471

00:20:23,630 --> 00:20:21,600

that the Oregon accumulator is the most

472

00:20:27,380 --> 00:20:23,640

important discovery in the history of

473

00:20:30,470 --> 00:20:27,390

Medicine Bar None and I think he's right

474

00:20:32,690 --> 00:20:30,480

because you look at all the crazy things

475

00:20:35,269 --> 00:20:32,700

the deadly things that are going on in

476

00:20:37,460 --> 00:20:35,279

the hospitals today I mean they are

477

00:20:39,529 --> 00:20:37,470

chopping off woman's breasts healthy

478

00:20:43,279 --> 00:20:39,539

breasts on the basis of genetic

479

00:20:46,250 --> 00:20:43,289

hocus-pocus based upon oh you might get

480

00:20:48,470 --> 00:20:46,260

cancer so let's cut them off now I mean

481

00:20:50,210 --> 00:20:48,480

can you imagine if men were told that

482

00:20:53,629 --> 00:20:50,220

about their testicles you know oh you

483

00:20:57,230 --> 00:20:53,639

might get testicle cancer so let's cut

484

00:20:58,909 --> 00:20:57,240

them off now I don't think you'd have a

485

00:21:01,159 --> 00:20:58,919

riot you know this wouldn't happen but

486

00:21:02,750 --> 00:21:01,169

women somehow are lining up to have this

487

00:21:05,600 --> 00:21:02,760

kind of thing done to themselves or

488

00:21:09,080 --> 00:21:05,610

their daughters it is sick absolutely

489

00:21:11,090 --> 00:21:09,090

sick or now god forbid you know they're

490

00:21:14,389 --> 00:21:11,100

they're castrating children in the

491

00:21:16,789 --> 00:21:14,399

hospitals on this transgender stuff it

492

00:21:19,580 --> 00:21:16,799

is totally insane totally absolutely

493

00:21:20,180 --> 00:21:19,590

insane the medical profession has gone

494

00:21:22,340 --> 00:21:20,190

nuts

495

00:21:24,139 --> 00:21:22,350

and it's part of the reason why I

496

00:21:26,600 --> 00:21:24,149

thought they went nuts when they burned

497

00:21:28,370 --> 00:21:26,610

the Byrne righteous books you know a lot

498

00:21:31,009 --> 00:21:28,380

of the medical doctors and psychiatrists

499

00:21:33,460 --> 00:21:31,019

stood up and applauded when Reich went

500

00:21:36,019 --> 00:21:33,470

to prison and his books were burned and

501  
00:21:38,480 --> 00:21:36,029  
you know he isn't the only medical

502  
00:21:40,159 --> 00:21:38,490  
heretic to run afoul of the food and

503  
00:21:42,620 --> 00:21:40,169  
drug people in the medical licensing

504  
00:21:44,990 --> 00:21:42,630  
boards and so I always advise people to

505  
00:21:49,190 --> 00:21:45,000  
stay away from the hospitals especially

506  
00:21:51,769 --> 00:21:49,200  
if you're sick yeah I hear ya you know I

507  
00:21:54,500 --> 00:21:51,779  
mean if you get hit by a car okay yeah

508  
00:21:56,090 --> 00:21:54,510  
these guys are good for repairing sewing

509  
00:21:57,919 --> 00:21:56,100  
you up or whatever there's a lot of

510  
00:22:00,649 --> 00:21:57,929  
expertise there but when it comes to

511  
00:22:02,870 --> 00:22:00,659  
degenerative illness they haven't a clue

512  
00:22:05,240 --> 00:22:02,880  
and the reason is is that they

513  
00:22:08,779 --> 00:22:05,250

throughout the discovery of the life

514

00:22:10,350 --> 00:22:08,789

energy back in 1957 when Reich was it

515

00:22:12,810 --> 00:22:10,360

thrown in prison

516

00:22:15,840 --> 00:22:12,820

so the discovery of the life energy was

517

00:22:18,810 --> 00:22:15,850

something that was part of the of the

518

00:22:21,659 --> 00:22:18,820

historical progress of science as it

519

00:22:24,600 --> 00:22:21,669

developed step by step to understand

520

00:22:28,409 --> 00:22:24,610

biology in the areas of biology and

521

00:22:30,899 --> 00:22:28,419

medicine and suddenly this sledge hammer

522

00:22:33,630 --> 00:22:30,909

came down BAM which said no you cannot

523

00:22:35,850 --> 00:22:33,640

touch the issue of life energy it is

524

00:22:38,460 --> 00:22:35,860

taboo it is forbidden and it was thrown

525

00:22:40,560 --> 00:22:38,470

out so much likes it ether how the ether

526

00:22:42,509 --> 00:22:40,570

changed physics they threw out the ether

527

00:22:45,000 --> 00:22:42,519

and now you got empty space and you got

528

00:22:46,860 --> 00:22:45,010

a dead universe so they reference

529

00:22:50,279 --> 00:22:46,870

mystical things that nobody has ever

530

00:22:52,830 --> 00:22:50,289

seen like Einstein's space-time curved

531

00:22:55,560 --> 00:22:52,840

space-time has anybody seen that made a

532

00:22:57,779 --> 00:22:55,570

photograph of it no it's all totally

533

00:22:59,700 --> 00:22:57,789

hypothetical or black holes I mean they

534

00:23:02,129 --> 00:22:59,710

got one very bogus kind of thing that

535

00:23:04,950 --> 00:23:02,139

recently was released with a big cupola

536

00:23:06,779 --> 00:23:04,960

in the press but you know black holes

537

00:23:09,269 --> 00:23:06,789

they're everywhere every time they find

538

00:23:12,750 --> 00:23:09,279

a gravitational anomaly they stick a

539

00:23:16,049 --> 00:23:12,760

hypothetical black hole in there the

540

00:23:19,200 --> 00:23:16,059

whole of science has gone off into a

541

00:23:21,149 --> 00:23:19,210

cul-de-sac in my opinion following the

542

00:23:25,230 --> 00:23:21,159

premature dismissal of the ether and

543

00:23:28,340 --> 00:23:25,240

following the sledgehammer approach to

544

00:23:30,269 --> 00:23:28,350

obliterating William righteous work yeah

545

00:23:33,899 --> 00:23:30,279

could have been a whole different world

546

00:23:36,450 --> 00:23:33,909

it's really sad to see that and it's

547

00:23:38,310 --> 00:23:36,460

just I am kind of awestruck at how it

548

00:23:40,889 --> 00:23:38,320

even happens I mean the papers are

549

00:23:42,810 --> 00:23:40,899

published the data is there the results

550

00:23:45,330 --> 00:23:42,820

are verified it should be pretty

551  
00:23:47,310 --> 00:23:45,340  
standard science at that point I

552  
00:23:49,200 --> 00:23:47,320  
understand it upsets the financial

553  
00:23:51,720 --> 00:23:49,210  
applecart of some corporate interest but

554  
00:23:53,399 --> 00:23:51,730  
I would assume I think it's just it

555  
00:23:55,289 --> 00:23:53,409  
seems like a huge undertaking to

556  
00:23:59,029 --> 00:23:55,299  
suppress something that has been

557  
00:24:01,289 --> 00:23:59,039  
verified it is and of course the

558  
00:24:03,539 --> 00:24:01,299  
establishment or the Orthodox or I

559  
00:24:06,950 --> 00:24:03,549  
shouldn't say orthodoxy the conventional

560  
00:24:09,720 --> 00:24:06,960  
thinkers have the media on their side

561  
00:24:12,210 --> 00:24:09,730  
they have the Internet people on their

562  
00:24:14,159 --> 00:24:12,220  
side you know right now Facebook Google

563  
00:24:16,740 --> 00:24:14,169

Twitter and so on they're organizing

564

00:24:19,230 --> 00:24:16,750

well they're already suppressing

565

00:24:21,269 --> 00:24:19,240

conservative speech maybe you heard that

566

00:24:23,500 --> 00:24:21,279

jr. Rowling the woman who wrote all

567

00:24:26,020 --> 00:24:23,510

those books on Harry Potter

568

00:24:28,840 --> 00:24:26,030

she made some Twitter comment two days

569

00:24:31,450 --> 00:24:28,850

ago about how she thought that the

570

00:24:34,000 --> 00:24:31,460

transgender men are taking over women's

571

00:24:35,350 --> 00:24:34,010

sports and invading women's private

572

00:24:38,230 --> 00:24:35,360

space and she didn't think that was a

573

00:24:41,560 --> 00:24:38,240

good idea and she's been banned now

574

00:24:44,920 --> 00:24:41,570

she's been totally D platformed just for

575

00:24:47,170 --> 00:24:44,930

saying something simple like that so I

576

00:24:49,870 --> 00:24:47,180

mean we're losing freedom of speech on a

577

00:24:51,700 --> 00:24:49,880

whole variety of things but the fact of

578

00:24:55,410 --> 00:24:51,710

the matter is is that the science and

579

00:24:58,810 --> 00:24:55,420

the medical system has been practicing

580

00:25:01,180 --> 00:24:58,820

censorship on not just rike and medical

581

00:25:03,280 --> 00:25:01,190

things but look at the co2 theory the

582

00:25:06,640 --> 00:25:03,290

co2 theory is a biochemical it's like

583

00:25:09,670 --> 00:25:06,650

biochemical medicine the solar theory of

584

00:25:12,460 --> 00:25:09,680

climate changes appears rational and

585

00:25:14,650 --> 00:25:12,470

real because it's it's verified and

586

00:25:16,780 --> 00:25:14,660

we've got real climate changes but they

587

00:25:19,180 --> 00:25:16,790

happened you know over hundreds of years

588

00:25:22,480 --> 00:25:19,190

not something just recently from

589

00:25:24,880 --> 00:25:22,490

industrial co2 and yet how many of the

590

00:25:27,550 --> 00:25:24,890

media venues allow anybody who is a

591

00:25:29,560 --> 00:25:27,560

critic of the co2 theory to come on for

592

00:25:32,230 --> 00:25:29,570

an interview well they don't

593

00:25:33,850 --> 00:25:32,240

it's totally censored out oh you got to

594

00:25:36,220 --> 00:25:33,860

go to the internet to get that kind of

595

00:25:38,890 --> 00:25:36,230

info and even there it's difficult

596

00:25:41,010 --> 00:25:38,900

unless you know what to look for people

597

00:25:43,870 --> 00:25:41,020

go to Wikipedia which is the worst

598

00:25:46,120 --> 00:25:43,880

misinformation website one can go to a

599

00:25:48,790 --> 00:25:46,130

lot of a lot of the old-style professors

600

00:25:51,220 --> 00:25:48,800

like me you cite Wikipedia and you're

601  
00:25:52,930 --> 00:25:51,230  
going to get a flunk in grade well when

602  
00:25:54,730 --> 00:25:52,940  
I was still teaching in the Universities

603  
00:25:57,280 --> 00:25:54,740  
this was before internet really got

604  
00:25:59,440 --> 00:25:57,290  
going but I always mention that in my

605  
00:26:01,960 --> 00:25:59,450  
seminars that anybody who relies on

606  
00:26:04,060 --> 00:26:01,970  
Wikipedia is going to be terribly

607  
00:26:08,050 --> 00:26:04,070  
ignorant of what's going on in the real

608  
00:26:10,540 --> 00:26:08,060  
world and with respect to reich all the

609  
00:26:12,880 --> 00:26:10,550  
pages on will and reich are totally

610  
00:26:16,180 --> 00:26:12,890  
filled with slander the same kind of

611  
00:26:18,630 --> 00:26:16,190  
slander and nastiness that was appearing

612  
00:26:21,730 --> 00:26:18,640  
in the mainstream media back in the

613  
00:26:23,980 --> 00:26:21,740

1940s and 50s when Reich was making his

614

00:26:26,890 --> 00:26:23,990

work in the United States Yahoo he fled

615

00:26:29,110 --> 00:26:26,900

Europe to get away from the the Nazis

616

00:26:30,940 --> 00:26:29,120

who had put him on their death list but

617

00:26:33,820 --> 00:26:30,950

the Communists also put him on their

618

00:26:35,710 --> 00:26:33,830

death lists in 1936 they the Comintern

619

00:26:36,830 --> 00:26:35,720

was going after him they wanted to

620

00:26:39,200 --> 00:26:36,840

arrest him

621

00:26:41,269 --> 00:26:39,210

and send him off to the gulag and he had

622

00:26:44,269 --> 00:26:41,279

been thrown out of the International

623

00:26:46,610 --> 00:26:44,279

psychoanalytic Association his theories

624

00:26:49,220 --> 00:26:46,620

his ideas upset everybody and whenever

625

00:26:51,590 --> 00:26:49,230

you find somebody who's like that whose

626

00:26:54,320 --> 00:26:51,600

ideas are upsetting everybody left right

627

00:26:56,130 --> 00:26:54,330

center whatever well you probably got a

628

00:26:57,720 --> 00:26:56,140

truth-teller

629

00:26:59,730 --> 00:26:57,730

probably got somebody who's really

630

00:27:01,380 --> 00:26:59,740

important and they're onto something and

631

00:27:03,899 --> 00:27:01,390

that was one of the things that

632

00:27:05,669 --> 00:27:03,909

attracted me to Reich originally back in

633

00:27:08,360 --> 00:27:05,679

the nineteen I guess it was around

634

00:27:11,730 --> 00:27:08,370

nineteen sixty nine seventy when I first

635

00:27:14,279 --> 00:27:11,740

read one of brushes books today it's

636

00:27:15,840 --> 00:27:14,289

available as selected writings that's

637

00:27:17,789 --> 00:27:15,850

one of the interesting books that

638

00:27:20,519 --> 00:27:17,799

there's a good starting place for people

639

00:27:23,039 --> 00:27:20,529

to read about right right on right on

640

00:27:25,860 --> 00:27:23,049

yes I am attracted to those kind of

641

00:27:29,430 --> 00:27:25,870

personalities as well and you mentioned

642

00:27:32,159 --> 00:27:29,440

the study and experiment that you did

643

00:27:34,560 --> 00:27:32,169

with seeds and got 37 percent increase

644

00:27:36,629 --> 00:27:34,570

in seed growth with the ones that were

645

00:27:38,789 --> 00:27:36,639

germinated inside the accumulator

646

00:27:40,680 --> 00:27:38,799

there's also another study we can look

647

00:27:43,019 --> 00:27:40,690

at with rats I believe that's pretty

648

00:27:44,430 --> 00:27:43,029

impressive tell people about that so

649

00:27:47,159 --> 00:27:44,440

that they can kind of get an idea of

650

00:27:50,639 --> 00:27:47,169

what has been verified with these

651  
00:27:53,279 --> 00:27:50,649  
devices yeah laboratory mice rice did a

652  
00:27:56,039 --> 00:27:53,289  
very elaborated experiment on that where

653  
00:27:57,810 --> 00:27:56,049  
he took one group of these are cancer

654  
00:28:00,360 --> 00:27:57,820  
mice that are being experimented with

655  
00:28:01,980 --> 00:28:00,370  
they call them technically of a ch4

656  
00:28:04,490 --> 00:28:01,990  
Mouse it's something where they're

657  
00:28:08,610 --> 00:28:04,500  
inbred sufficiently in number of times

658  
00:28:10,889 --> 00:28:08,620  
that they develop mammary tumors usually

659  
00:28:13,440 --> 00:28:10,899  
within the first couple of weeks of life

660  
00:28:15,180 --> 00:28:13,450  
and it's almost a hundred percent

661  
00:28:17,220 --> 00:28:15,190  
assured that they're going to get these

662  
00:28:20,220 --> 00:28:17,230  
tumors so this is this is kind of mouse

663  
00:28:22,230 --> 00:28:20,230

they use it so it's got kind of poor

664

00:28:24,240 --> 00:28:22,240

mice you know I feel for them but this

665

00:28:26,909 --> 00:28:24,250

is what the scientific research and

666

00:28:29,340 --> 00:28:26,919

medicine uses typically as an

667

00:28:32,070 --> 00:28:29,350

experimental animal so if you give them

668

00:28:34,529 --> 00:28:32,080

a some kind of an influence that is more

669

00:28:38,340 --> 00:28:34,539

toxic than presumably it will create the

670

00:28:41,370 --> 00:28:38,350

tumors in greater proportion if you give

671

00:28:43,740 --> 00:28:41,380

them something that is in opposition to

672

00:28:46,950 --> 00:28:43,750

cancer then it will delay their deaths

673

00:28:53,560 --> 00:28:46,960

or the growth of their tumors so Reich

674

00:28:57,220 --> 00:28:53,570

took these ch4 mice these cancer mice

675

00:28:59,260 --> 00:28:57,230

half of the group into a control

676  
00:29:01,180 --> 00:28:59,270  
situation where nothing was done other

677  
00:29:04,150 --> 00:29:01,190  
than feeding and caring for them and it

678  
00:29:06,430 --> 00:29:04,160  
in the usual way giving them plenty of

679  
00:29:08,800 --> 00:29:06,440  
food and water and so forth and the

680  
00:29:11,980 --> 00:29:08,810  
other group also got the same treatment

681  
00:29:15,160 --> 00:29:11,990  
but with an in additional one hour a day

682  
00:29:16,540 --> 00:29:15,170  
they were put into small sized or gonna

683  
00:29:18,940 --> 00:29:16,550  
Kim you later these are organic

684  
00:29:21,160 --> 00:29:18,950  
emulators that were sort of mouths sized

685  
00:29:22,660 --> 00:29:21,170  
you know they're not really big one of

686  
00:29:24,310 --> 00:29:22,670  
the things with the accumulator is you

687  
00:29:26,980 --> 00:29:24,320  
don't want it too big you want it close

688  
00:29:29,710 --> 00:29:26,990

enough to the wall the radiant effect

689

00:29:32,800 --> 00:29:29,720

from the walls will be close to your

690

00:29:36,310 --> 00:29:32,810

skin so this experiment he showed the

691

00:29:38,710 --> 00:29:36,320

mice had 300% extension of their

692

00:29:43,240 --> 00:29:38,720

lifespan with the organ accumulator

693

00:29:45,400 --> 00:29:43,250

three times as long as the control group

694

00:29:47,500 --> 00:29:45,410

now that experiment was replicated in

695

00:29:50,110 --> 00:29:47,510

more recent years by a physician

696

00:29:51,910 --> 00:29:50,120

Richard blast man and a couple of

697

00:29:53,530 --> 00:29:51,920

Brazilian scientists I can't remember

698

00:29:55,180 --> 00:29:53,540

the names right now but it's all it's

699

00:29:58,510 --> 00:29:55,190

all been published and there's the

700

00:30:03,040 --> 00:29:58,520

citations are in my my book and they got

701  
00:30:06,010 --> 00:30:03,050  
about 200% increase in longevity now

702  
00:30:08,110 --> 00:30:06,020  
contrast that to what goes on today if

703  
00:30:10,840 --> 00:30:08,120  
somebody has a new pharmaceutical drug

704  
00:30:13,690 --> 00:30:10,850  
and they talk about a 5% increase in

705  
00:30:16,450 --> 00:30:13,700  
longevity it makes the news all over the

706  
00:30:19,210 --> 00:30:16,460  
world you know my god 5% increase whoa

707  
00:30:20,830 --> 00:30:19,220  
this is important know you know make

708  
00:30:24,100 --> 00:30:20,840  
more of those pills you know charge

709  
00:30:25,750 --> 00:30:24,110  
people \$100 a pill or whatever and here

710  
00:30:30,210 --> 00:30:25,760  
he's got the studies with the

711  
00:30:32,880 --> 00:30:30,220  
accumulator 200% 300%

712  
00:30:34,740 --> 00:30:32,890  
extension of life in the clinical

713  
00:30:37,409 --> 00:30:34,750

studies on this just as a general

714

00:30:39,810 --> 00:30:37,419

observation the people I know who use

715

00:30:43,230 --> 00:30:39,820

the accumulator regularly they live in

716

00:30:45,630 --> 00:30:43,240

290 a hundred years old or more and I

717

00:30:48,450 --> 00:30:45,640

use an Oregon energy accumulator in a

718

00:30:50,039 --> 00:30:48,460

blanket regularly and you know it's it's

719

00:30:52,799 --> 00:30:50,049

something where you sit inside of it

720

00:30:55,020 --> 00:30:52,809

half an hour 45 minutes a day most or

721

00:30:56,970 --> 00:30:55,030

you can use an Oregon blanket and you

722

00:30:59,460 --> 00:30:56,980

can bring that to bed with you sleep

723

00:31:02,520 --> 00:30:59,470

under it and I haven't been to a doctor

724

00:31:04,169 --> 00:31:02,530

I guess in about 50 years have very few

725

00:31:07,320 --> 00:31:04,179

colds or flu or anything like that

726

00:31:09,149 --> 00:31:07,330

sometimes I get down when I do some kind

727

00:31:11,490 --> 00:31:09,159

of long distance traveling in the

728

00:31:13,799 --> 00:31:11,500

airplanes and so on but it's a miracle

729

00:31:16,289 --> 00:31:13,809

kind of thing I mean I I don't want to

730

00:31:20,220 --> 00:31:16,299

call it it isn't really a miracle it's a

731

00:31:23,340 --> 00:31:20,230

scientifically proven thing that boosts

732

00:31:25,350 --> 00:31:23,350

your immune system and whatever kind of

733

00:31:28,049 --> 00:31:25,360

problem you have what is an immune

734

00:31:30,659 --> 00:31:28,059

system back in righteous day they didn't

735

00:31:34,320 --> 00:31:30,669

have the word immune system they simply

736

00:31:36,899 --> 00:31:34,330

called it the resistance to disease but

737

00:31:38,940 --> 00:31:36,909

now we got autoimmune systems which is

738

00:31:41,580 --> 00:31:38,950

another kind of thing so they it isn't

739

00:31:44,190 --> 00:31:41,590

really resistance to disease in some

740

00:31:46,860 --> 00:31:44,200

cases your immune system as they say is

741

00:31:48,720 --> 00:31:46,870

overactive well we would call this from

742

00:31:50,700 --> 00:31:48,730

Raj's point of view an overcharge

743

00:31:53,669 --> 00:31:50,710

situation is what in other words you've

744

00:31:55,950 --> 00:31:53,679

got too much energy and he developed

745

00:31:58,230 --> 00:31:55,960

some steps and procedures to reduce that

746

00:31:59,880 --> 00:31:58,240

which go back to some of the old-school

747

00:32:00,990 --> 00:31:59,890

kind of medical therapies such as

748

00:32:02,909 --> 00:32:01,000

hydrotherapy

749

00:32:06,180 --> 00:32:02,919

in other words if you have a lot of

750

00:32:08,640 --> 00:32:06,190

energy too much energy this can lead you

751  
00:32:11,820 --> 00:32:08,650  
into hypertension but if you soak in the

752  
00:32:14,909 --> 00:32:11,830  
bath with some mineral salts or

753  
00:32:18,210 --> 00:32:14,919  
something do that once every night a lot

754  
00:32:21,720 --> 00:32:18,220  
of this overcharge hypertension anxiety

755  
00:32:24,960 --> 00:32:21,730  
reactions and so forth fade away they're

756  
00:32:26,880 --> 00:32:24,970  
not in every case but it can be helped

757  
00:32:29,490 --> 00:32:26,890  
by things like that and water is

758  
00:32:32,940 --> 00:32:29,500  
something that Reich found absorbs the

759  
00:32:35,669 --> 00:32:32,950  
organ energy whatever has an overcharge

760  
00:32:39,270 --> 00:32:35,679  
of energy you dunk it in water and it

761  
00:32:40,590 --> 00:32:39,280  
sort of calms it out similar to how if

762  
00:32:42,299 --> 00:32:40,600  
your hands are wet and you touch

763  
00:32:44,310 --> 00:32:42,309

something that has an electrical charge

764

00:32:47,220 --> 00:32:44,320

or electrostatic charge sort of

765

00:32:50,070 --> 00:32:47,230

to pates it right off but yeah there's a

766

00:32:52,830 --> 00:32:50,080

number of things from Russia's work on

767

00:32:55,740 --> 00:32:52,840

what he called the biopsies and he's bio

768

00:32:58,940 --> 00:32:55,750

Pathak diseases as he termed them were

769

00:33:02,249 --> 00:32:58,950

bio energetic in their basic structure

770

00:33:04,440 --> 00:33:02,259

so that includes a lot of a lot of the

771

00:33:07,190 --> 00:33:04,450

major degenerative illnesses that modern

772

00:33:09,720 --> 00:33:07,200

science has not been able to fathom

773

00:33:11,549 --> 00:33:09,730

right right and I wanted to ask you a

774

00:33:14,039 --> 00:33:11,559

little more about that orgone

775

00:33:15,330 --> 00:33:14,049

relationship with water because it's

776

00:33:17,310 --> 00:33:15,340

quite interesting and I know you're

777

00:33:19,499 --> 00:33:17,320

aware of dr. Gerald Pollock's work on

778

00:33:21,090 --> 00:33:19,509

structured water and some of the living

779

00:33:23,639 --> 00:33:21,100

water science it's being done out there

780

00:33:26,279 --> 00:33:23,649

and I've heard you talk about healing

781

00:33:28,499 --> 00:33:26,289

Springs that the Native Americans use

782

00:33:32,580 --> 00:33:28,509

them and early American settlers picked

783

00:33:34,710 --> 00:33:32,590

this up too and at a time in the past we

784

00:33:37,470 --> 00:33:34,720

actually had maybe even hundreds of

785

00:33:41,220 --> 00:33:37,480

these natural healing Springs or spas

786

00:33:43,230 --> 00:33:41,230

built on these natural places and this

787

00:33:47,100 --> 00:33:43,240

is another aspect of our history that

788

00:33:49,560 --> 00:33:47,110

was shut down and erased right yes

789

00:33:52,200 --> 00:33:49,570

indeed I have a short chapter on that in

790

00:33:54,930 --> 00:33:52,210

my accumulator handbook about living

791

00:33:56,749 --> 00:33:54,940

water and of course the term living

792

00:33:59,850 --> 00:33:56,759

water I got from schauberger and

793

00:34:02,340 --> 00:33:59,860

schauberger was a genius in terms of the

794

00:34:04,139 --> 00:34:02,350

properties of water and from structuring

795

00:34:06,779 --> 00:34:04,149

water and getting the understanding of

796

00:34:10,339 --> 00:34:06,789

how when water is world in a vortex

797

00:34:12,599 --> 00:34:10,349

fashion its structure has changed and

798

00:34:14,819 --> 00:34:12,609

that has got some laboratory

799

00:34:18,599 --> 00:34:14,829

confirmation Gerald [h\_\_h] with his

800

00:34:21,750 --> 00:34:18,609

easy water is easy exclusion zone water

801  
00:34:24,720 --> 00:34:21,760  
this is a new scientific discovery and

802  
00:34:26,970 --> 00:34:24,730  
breakthrough that helps to add substance

803  
00:34:29,460 --> 00:34:26,980  
to the idea that water isn't merely just

804  
00:34:32,040 --> 00:34:29,470  
some dead chemical it is a chemical to

805  
00:34:36,240 --> 00:34:32,050  
be sure but there are energetic

806  
00:34:38,639 --> 00:34:36,250  
properties that infuse into water which

807  
00:34:42,569 --> 00:34:38,649  
can change its its structure its

808  
00:34:44,460 --> 00:34:42,579  
viscosity its thermal reactivity and all

809  
00:34:47,819 --> 00:34:44,470  
different kinds of properties of water

810  
00:34:50,010 --> 00:34:47,829  
can be modified by some different

811  
00:34:52,559 --> 00:34:50,020  
methods one is whirling or vortexing

812  
00:34:56,010 --> 00:34:52,569  
water the other is exposing it to

813  
00:34:57,990 --> 00:34:56,020

certain high dielectric materials such

814

00:35:01,800 --> 00:34:58,000

as the nación material that

815

00:35:03,570 --> 00:35:01,810

Kapali uses and I did a set of

816

00:35:05,640 --> 00:35:03,580

experiments which were published in the

817

00:35:09,210 --> 00:35:05,650

water journal that he is the editor of

818

00:35:11,460 --> 00:35:09,220

where if you put the water in side and

819

00:35:13,590 --> 00:35:11,470

Oregon energy accumulator it develops

820

00:35:16,080 --> 00:35:13,600

spectral qualities and changes in

821

00:35:18,900 --> 00:35:16,090

structure that are identical in the same

822

00:35:21,630 --> 00:35:18,910

direction for example if you Oregon

823

00:35:24,750 --> 00:35:21,640

charge water will have a strong

824

00:35:27,630 --> 00:35:24,760

ultraviolet absorption a strong

825

00:35:30,960 --> 00:35:27,640

ultraviolet absorption in the mid to far

826

00:35:34,320 --> 00:35:30,970

range UV between around Oh approximately

827

00:35:37,170 --> 00:35:34,330

200 to 300 nanometers and that's in the

828

00:35:39,780 --> 00:35:37,180

invisible ultraviolet if you look at the

829

00:35:43,170 --> 00:35:39,790

fluorescence of Oregon charge water it

830

00:35:44,940 --> 00:35:43,180

is a little bit higher longer wave

831

00:35:47,730 --> 00:35:44,950

frequencies you wind up with a

832

00:35:51,300 --> 00:35:47,740

fluorescent effect from Oregon charge

833

00:35:55,970 --> 00:35:51,310

water that's somewhere around 350 to 500

834

00:35:59,370 --> 00:35:55,980

nanometers 400 500 now that is a visible

835

00:36:01,200 --> 00:35:59,380

quality it's the near UV and the blue

836

00:36:03,540 --> 00:36:01,210

frequencies and this is something that

837

00:36:06,000 --> 00:36:03,550

rock talked about about the Oregon

838

00:36:09,180 --> 00:36:06,010

energy having this blue dark blue color

839

00:36:11,610 --> 00:36:09,190

as seen in in different natural contexts

840

00:36:15,060 --> 00:36:11,620

I was able to prove it out using

841

00:36:18,930 --> 00:36:15,070

standard methods of UV and visible light

842

00:36:21,300 --> 00:36:18,940

spectroscopy and I wrote this rather

843

00:36:22,950 --> 00:36:21,310

long paper it's not cited in the

844

00:36:26,250 --> 00:36:22,960

accumulator book because this is only

845

00:36:30,480 --> 00:36:26,260

recent research but if you go to my

846

00:36:36,030 --> 00:36:30,490

website which is organ lab org who are

847

00:36:38,370 --> 00:36:36,040

Jibo and E lab dot org I give citations

848

00:36:40,890 --> 00:36:38,380

there one can follow my work and my

849

00:36:43,830 --> 00:36:40,900

research from that website it also asks

850

00:36:47,280 --> 00:36:43,840

you to if you want to add your email to

851

00:36:49,710 --> 00:36:47,290

my newsletter so there's there's all

852

00:36:52,890 --> 00:36:49,720

kinds of interesting work done on this

853

00:36:55,110 --> 00:36:52,900

issue of water structure and I did a lot

854

00:36:57,720 --> 00:36:55,120

of this research myself and showed that

855

00:36:59,790 --> 00:36:57,730

the organ accumulator can create these

856

00:37:02,130 --> 00:36:59,800

kind of reactions as well which is quite

857

00:37:04,110 --> 00:37:02,140

astonishing too because it's by

858

00:37:05,460 --> 00:37:04,120

conventional skepticism it's just an

859

00:37:08,370 --> 00:37:05,470

empty box all right they say oh it's

860

00:37:11,070 --> 00:37:08,380

just a box you know but it isn't just a

861

00:37:14,010 --> 00:37:11,080

box it does all these interesting things

862

00:37:17,520 --> 00:37:14,020

now you mentioned the spa's and the

863

00:37:20,010 --> 00:37:17,530

united states have dozens of hot spring

864

00:37:22,410 --> 00:37:20,020

natural healing spots very much like

865

00:37:25,440 --> 00:37:22,420

what Germany and other places in Europe

866

00:37:28,800 --> 00:37:25,450

still have they call them these Healing

867

00:37:30,540 --> 00:37:28,810

spas of where they have mineral waters

868

00:37:33,180 --> 00:37:30,550

that come straight out of the ground and

869

00:37:37,050 --> 00:37:33,190

they mark it off with a food so that the

870

00:37:40,140 --> 00:37:37,060

water flows into a pool or into at least

871

00:37:43,770 --> 00:37:40,150

a basin of some kind and if you sit and

872

00:37:47,070 --> 00:37:43,780

you rest inside these hot mineral rich

873

00:37:49,380 --> 00:37:47,080

waters something goes on bio

874

00:37:51,660 --> 00:37:49,390

energetically it's not just a bunch of a

875

00:37:54,210 --> 00:37:51,670

soup of chemicals there's some kind of

876

00:37:57,600 --> 00:37:54,220

an energetic property of the water that

877

00:38:00,420 --> 00:37:57,610

has a healing effect and this is a real

878

00:38:03,510 --> 00:38:00,430

thing it's not some mystical new-age

879

00:38:05,370 --> 00:38:03,520

kind of hypothesis there are people all

880

00:38:07,680 --> 00:38:05,380

over the world who are flocking to these

881

00:38:09,120 --> 00:38:07,690

spas and in some places they're

882

00:38:11,400 --> 00:38:09,130

privately owned and you have to pay

883

00:38:14,970 --> 00:38:11,410

money to get in there but nevertheless

884

00:38:16,800 --> 00:38:14,980

it's cheaper than hospitals and with a

885

00:38:19,260 --> 00:38:16,810

lot of really kind of remarkable things

886

00:38:23,730 --> 00:38:19,270

I never was sick enough to test that out

887

00:38:26,700 --> 00:38:23,740

but I do remember once I had a strain in

888

00:38:29,100 --> 00:38:26,710

my hand from lifting a very very heavy

889

00:38:31,470 --> 00:38:29,110

object and afterwards it hurt and every

890

00:38:33,500 --> 00:38:31,480

time I open and close my fist it hurt

891

00:38:36,690 --> 00:38:33,510

really bad and I tried all kinds of

892

00:38:39,240 --> 00:38:36,700

liniment sand rub ons things and nothing

893

00:38:42,360 --> 00:38:39,250

ever really helped it but I went into a

894

00:38:44,280 --> 00:38:42,370

hot mineral hot spring somewhere in Utah

895

00:38:48,000 --> 00:38:44,290

I believe it was just as an overnight

896

00:38:50,460 --> 00:38:48,010

thing traveling and the guy who ran this

897

00:38:52,650 --> 00:38:50,470

hotel you know there's this lovely hot

898

00:38:54,540 --> 00:38:52,660

spring up there and I said why don't you

899

00:38:56,040 --> 00:38:54,550

advertise he says well we can't

900

00:38:57,750 --> 00:38:56,050

advertise anymore the Food and Drug

901  
00:39:00,210 --> 00:38:57,760  
Administration came here and they said

902  
00:39:02,730 --> 00:39:00,220  
they put me in jail I said we had a

903  
00:39:04,950 --> 00:39:02,740  
healing hot spring and apparently this

904  
00:39:07,440 --> 00:39:04,960  
was a place that had the signs healing

905  
00:39:10,020 --> 00:39:07,450  
hot spring for years and years so I went

906  
00:39:12,060 --> 00:39:10,030  
up there and I rested in the water and I

907  
00:39:14,130 --> 00:39:12,070  
got up and walked in walking out and

908  
00:39:17,760 --> 00:39:14,140  
suddenly I realized that this painful

909  
00:39:20,070 --> 00:39:17,770  
thing in my hand was totally gone and it

910  
00:39:21,690 --> 00:39:20,080  
never returned now this is one of the

911  
00:39:23,850 --> 00:39:21,700  
things they always were advertised in

912  
00:39:24,510 --> 00:39:23,860  
the in the older advertisement before

913  
00:39:27,180 --> 00:39:24,520

the food

914

00:39:29,430 --> 00:39:27,190

drug administration was formed or given

915

00:39:32,340 --> 00:39:29,440

police actions I should say you could

916

00:39:35,430 --> 00:39:32,350

find advertisements for for healing

917

00:39:38,580 --> 00:39:35,440

Springs all over the place and it was

918

00:39:41,970 --> 00:39:38,590

something that marked the landscape of

919

00:39:43,670 --> 00:39:41,980

American society of the United States of

920

00:39:46,590 --> 00:39:43,680

America and they were all over the place

921

00:39:50,100 --> 00:39:46,600

many of them originally used by the

922

00:39:53,040 --> 00:39:50,110

Native Americans as you say and they all

923

00:39:55,110 --> 00:39:53,050

were shut down to the point we're trying

924

00:39:58,050 --> 00:39:55,120

to remember there's one famous one

925

00:40:00,900 --> 00:39:58,060

somewhere in Kentucky or I don't

926  
00:40:03,690 --> 00:40:00,910  
remember exactly where where it's the

927  
00:40:06,480 --> 00:40:03,700  
old building very beautiful old building

928  
00:40:08,430 --> 00:40:06,490  
where people would stay get a room and

929  
00:40:11,400 --> 00:40:08,440  
so on while they were soaking in the

930  
00:40:14,400 --> 00:40:11,410  
baths it's like a historical monument

931  
00:40:16,800 --> 00:40:14,410  
and you can go there and you can look at

932  
00:40:20,700 --> 00:40:16,810  
this health spa like a tourist and it

933  
00:40:22,350 --> 00:40:20,710  
roped off the tour guide and you can

934  
00:40:26,520 --> 00:40:22,360  
look at the water but you're not allowed

935  
00:40:29,100 --> 00:40:26,530  
to go in it you're forbidden from going

936  
00:40:32,070 --> 00:40:29,110  
in the wheeling water you can look at it

937  
00:40:34,710 --> 00:40:32,080  
though I mean it I'm laughing but it's

938  
00:40:38,310 --> 00:40:34,720

it's instead we've got these polished

939

00:40:41,280 --> 00:40:38,320

chrome steel and whites and sparkling

940

00:40:43,620 --> 00:40:41,290

white hospitals everywhere and it's

941

00:40:46,320 --> 00:40:43,630

obscene it is really obscene what has

942

00:40:48,660 --> 00:40:46,330

happened I could add to that maybe

943

00:40:50,880 --> 00:40:48,670

you've heard of harry hoxsey yeah the

944

00:40:54,900 --> 00:40:50,890

name does sound familiar but give us a

945

00:40:57,840 --> 00:40:54,910

reminder yeah harry hoxsey was somebody

946

00:41:03,030 --> 00:40:57,850

who had from his father inherited a

947

00:41:06,210 --> 00:41:03,040

recipe for healing from native american

948

00:41:09,000 --> 00:41:06,220

herbs and he was a nun it was not an

949

00:41:11,130 --> 00:41:09,010

educated man he was a I can't remember

950

00:41:14,010 --> 00:41:11,140

what he did but before he got involved

951  
00:41:15,960 --> 00:41:14,020  
in in using this this Native American

952  
00:41:18,600 --> 00:41:15,970  
herbal preparation but he started making

953  
00:41:20,580 --> 00:41:18,610  
this available to people and found that

954  
00:41:24,480 --> 00:41:20,590  
all kinds of skin problems and even

955  
00:41:27,270 --> 00:41:24,490  
cancers were cured or I should say that

956  
00:41:30,300 --> 00:41:27,280  
the tumors disappeared when people used

957  
00:41:32,880 --> 00:41:30,310  
the recipe of these herbs and he set up

958  
00:41:35,280 --> 00:41:32,890  
hospital and people flocked to it and it

959  
00:41:38,400 --> 00:41:35,290  
got known all around the United States

960  
00:41:40,770 --> 00:41:38,410  
and we at some point in the 1920s

961  
00:41:43,230 --> 00:41:40,780  
there must have been about a dozen of

962  
00:41:45,300 --> 00:41:43,240  
the hoxsey clinics all around the United

963  
00:41:47,100 --> 00:41:45,310

States and they were using this

964

00:41:49,890 --> 00:41:47,110

preparation and a few other things of

965

00:41:52,380 --> 00:41:49,900

course for healing of cancer and they

966

00:41:54,780 --> 00:41:52,390

were all shut down by the FDA every last

967

00:41:56,220 --> 00:41:54,790

one of them right right yeah that's

968

00:41:58,520 --> 00:41:56,230

where it came up is we had a previous

969

00:42:00,870 --> 00:41:58,530

show where we went down the list of

970

00:42:02,730 --> 00:42:00,880

alternative therapies for cancer or

971

00:42:05,300 --> 00:42:02,740

these stories that you hear and that was

972

00:42:07,500 --> 00:42:05,310

a big one SC acti it was another one oh

973

00:42:09,870 --> 00:42:07,510

and there's no shortage of them really

974

00:42:13,290 --> 00:42:09,880

when you start digging which is so crazy

975

00:42:14,880 --> 00:42:13,300

but to jump over to the cloudbuster

976

00:42:16,650 --> 00:42:14,890

because it's kind of related to water

977

00:42:19,410 --> 00:42:16,660

because it actually needs to be grounded

978

00:42:21,300 --> 00:42:19,420

in living water to work you've had

979

00:42:22,950 --> 00:42:21,310

first-hand experience with this I've

980

00:42:25,770 --> 00:42:22,960

heard you talk about the results it's

981

00:42:28,680 --> 00:42:25,780

pretty amazing that this technology can

982

00:42:31,350 --> 00:42:28,690

just end a drought I've seen videos of

983

00:42:33,480 --> 00:42:31,360

demonstrations it's as real as can be

984

00:42:35,490 --> 00:42:33,490

and I guess you might have even made a

985

00:42:38,520 --> 00:42:35,500

lake in the Sahara Desert is that right

986

00:42:40,920 --> 00:42:38,530

well all that is true when I read

987

00:42:43,410 --> 00:42:40,930

Russia's work the first things I did was

988

00:42:45,630 --> 00:42:43,420

to build accumulators and study it and I

989

00:42:47,700 --> 00:42:45,640

also got this right hand therapy I went

990

00:42:49,530 --> 00:42:47,710

into his right hand therapy which helped

991

00:42:51,810 --> 00:42:49,540

me to see things more clearly

992

00:42:54,930 --> 00:42:51,820

let's put it that way it's an emotional

993

00:42:58,020 --> 00:42:54,940

release therapy method where you any

994

00:43:00,540 --> 00:42:58,030

kind of bottle of emotion you have anger

995

00:43:02,820 --> 00:43:00,550

rage crying whatever you you vent it out

996

00:43:04,980 --> 00:43:02,830

on the couch in a controlled environment

997

00:43:07,560 --> 00:43:04,990

with a therapist who knows what they're

998

00:43:09,240 --> 00:43:07,570

doing so I had that therapy and Wow made

999

00:43:13,380 --> 00:43:09,250

me feel so much better I could breathe

1000

00:43:16,320 --> 00:43:13,390

deeper see clear my goals in life were

1001  
00:43:18,150 --> 00:43:16,330  
were achievable or suddenly I lost all

1002  
00:43:20,370 --> 00:43:18,160  
the pessimism about that kind of thing

1003  
00:43:22,170 --> 00:43:20,380  
so I wound up going to back to the

1004  
00:43:24,840 --> 00:43:22,180  
University I had graduated high school

1005  
00:43:27,120 --> 00:43:24,850  
and never went to to the University but

1006  
00:43:28,470 --> 00:43:27,130  
I decided I want to do this so I was a

1007  
00:43:32,640 --> 00:43:28,480  
late bloomer I went back to the

1008  
00:43:35,310 --> 00:43:32,650  
University and I was interested in Reich

1009  
00:43:37,070 --> 00:43:35,320  
and I told my professors I want to study

1010  
00:43:40,010 --> 00:43:37,080  
this because

1011  
00:43:43,010 --> 00:43:40,020  
if Reika is correct then it's a major

1012  
00:43:44,570 --> 00:43:43,020  
major breakthrough so I found a couple

1013  
00:43:48,200 --> 00:43:44,580

of professors at the University of

1014

00:43:51,040 --> 00:43:48,210

Kansas who are interested in this also

1015

00:43:54,340 --> 00:43:51,050

and they they said yes let's do this and

1016

00:43:56,690 --> 00:43:54,350

so we developed a research protocol to

1017

00:44:00,340 --> 00:43:56,700

experimentally Kennelly test the most

1018

00:44:03,590 --> 00:44:00,350

heretical his ideas why go half way

1019

00:44:05,480 --> 00:44:03,600

let's take the the most outlandish thing

1020

00:44:09,050 --> 00:44:05,490

that he claimed which is the cloud

1021

00:44:12,050 --> 00:44:09,060

luster and test it out over one summer I

1022

00:44:14,870 --> 00:44:12,060

built this cloud Buster and it was

1023

00:44:20,690 --> 00:44:14,880

tested out over a period of two years

1024

00:44:22,910 --> 00:44:20,700

in 1977 to 1978 and we tested it out for

1025

00:44:27,860 --> 00:44:22,920

effects upon rainfall and cloud cover

1026  
00:44:30,530 --> 00:44:27,870  
over the area near the University and lo

1027  
00:44:33,470 --> 00:44:30,540  
and behold it it showed it an effect

1028  
00:44:35,660 --> 00:44:33,480  
a profound effect for boosting of clouds

1029  
00:44:39,050 --> 00:44:35,670  
and increasing in rainfall within about

1030  
00:44:41,360 --> 00:44:39,060  
24 hours of the operation and it wasn't

1031  
00:44:44,840 --> 00:44:41,370  
just isolated to the university area it

1032  
00:44:47,090 --> 00:44:44,850  
was over the whole state of canvas so it

1033  
00:44:49,580 --> 00:44:47,100  
had a very wide-ranging influence as

1034  
00:44:52,160 --> 00:44:49,590  
Reich said it's a triggering device that

1035  
00:44:54,890 --> 00:44:52,170  
can trigger influences and he was

1036  
00:44:57,140 --> 00:44:54,900  
arguing that it isn't so much a powerful

1037  
00:45:00,140 --> 00:44:57,150  
effect of the device itself it's the

1038  
00:45:03,410 --> 00:45:00,150

atmosphere has this energy continuum in

1039

00:45:06,140 --> 00:45:03,420

it that is excitable and as the energy

1040

00:45:08,210 --> 00:45:06,150

moves and the atmosphere moves it's like

1041

00:45:11,510 --> 00:45:08,220

there's this bio energetic substrate

1042

00:45:14,770 --> 00:45:11,520

which governs weather and he worked out

1043

00:45:17,330 --> 00:45:14,780

a whole science on this right did so I

1044

00:45:19,340 --> 00:45:17,340

tested it out and by the way I also

1045

00:45:22,100 --> 00:45:19,350

studied with a number of people who had

1046

00:45:25,280 --> 00:45:22,110

years earlier studied Reich and some who

1047

00:45:26,990 --> 00:45:25,290

knew Reich and so I was in a good

1048

00:45:29,950 --> 00:45:27,000

position to learn from the horse's mouth

1049

00:45:34,610 --> 00:45:29,960

directly to the methods and techniques

1050

00:45:36,800 --> 00:45:34,620

and got very good result and published

1051

00:45:40,340 --> 00:45:36,810

it as a master's thesis it got me to a

1052

00:45:42,670 --> 00:45:40,350

master science degree and Wow we thought

1053

00:45:44,960 --> 00:45:42,680

we were in on the ground floor of some

1054

00:45:46,090 --> 00:45:44,970

breakthrough into the universities on

1055

00:45:48,700 --> 00:45:46,100

this

1056

00:45:51,300 --> 00:45:48,710

and I put in actually another year of

1057

00:45:53,710 --> 00:45:51,310

research making new findings and

1058

00:45:55,420 --> 00:45:53,720

documentation of this phenomenon Reich

1059

00:45:58,480 --> 00:45:55,430

made all kinds of experiments and

1060

00:46:02,020 --> 00:45:58,490

published them on his cloud busting work

1061

00:46:05,200 --> 00:46:02,030

but he never had the access to the kind

1062

00:46:08,140 --> 00:46:05,210

of research instrumentation such as

1063

00:46:10,600 --> 00:46:08,150

weather stations and right on-site and

1064

00:46:12,700 --> 00:46:10,610

different kinds of electrometers and so

1065

00:46:14,560 --> 00:46:12,710

on to test out what was going on well I

1066

00:46:16,210 --> 00:46:14,570

did while I was at the University so I

1067

00:46:19,270 --> 00:46:16,220

was able to do a lot of things like that

1068

00:46:21,640 --> 00:46:19,280

and what happened was is that the people

1069

00:46:25,360 --> 00:46:21,650

at the National Academy got wind of what

1070

00:46:27,010 --> 00:46:25,370

I had done and instead of with saying

1071

00:46:30,400 --> 00:46:27,020

wow this is great how can we support

1072

00:46:32,650 --> 00:46:30,410

your work they called the Dean of the

1073

00:46:35,230 --> 00:46:32,660

University and told them if you guys

1074

00:46:37,360 --> 00:46:35,240

want to get one more penny of research

1075

00:46:39,220 --> 00:46:37,370

funding from the National Academy you'll

1076

00:46:43,570 --> 00:46:39,230

find a way to get rid of that DeMeo

1077

00:46:46,090 --> 00:46:43,580

study and so I was called into the

1078

00:46:48,370 --> 00:46:46,100

office one day and all these somber

1079

00:46:51,160 --> 00:46:48,380

professors you know some of my

1080

00:46:54,460 --> 00:46:51,170

supporters told me well we can't support

1081

00:46:56,350 --> 00:46:54,470

this work openly anymore so I was

1082

00:46:59,020 --> 00:46:56,360

dejected but I wound up doing another

1083

00:47:00,970 --> 00:46:59,030

study for my PhD on deserts and

1084

00:47:03,460 --> 00:47:00,980

desertification it was actually a

1085

00:47:06,250 --> 00:47:03,470

breakthrough study of its own actually I

1086

00:47:09,370 --> 00:47:06,260

documented what was the biggest natural

1087

00:47:11,830 --> 00:47:09,380

real climate change that had occurred

1088

00:47:14,500 --> 00:47:11,840

since the end of the last ice age which

1089

00:47:17,410 --> 00:47:14,510

was not one in temperature but one in

1090

00:47:21,130 --> 00:47:17,420

rainfall parameters which created the

1091

00:47:23,200 --> 00:47:21,140

big Sahara and other Asian deserts that

1092

00:47:27,280 --> 00:47:23,210

are connected to it the what I call

1093

00:47:29,140 --> 00:47:27,290

Sahar Asia and that study is still not

1094

00:47:31,000 --> 00:47:29,150

widely known because it's extremely

1095

00:47:33,550 --> 00:47:31,010

controversial in and of itself

1096

00:47:35,590 --> 00:47:33,560

yes actually figured maybe we could

1097

00:47:40,540 --> 00:47:35,600

touch on that just because the subtitle

1098

00:47:43,330 --> 00:47:40,550

for that book is the 4000 BCE origins of

1099

00:47:45,310 --> 00:47:43,340

child abuse sex repression warfare and

1100

00:47:49,170 --> 00:47:45,320

social violence in the deserts of the

1101  
00:47:51,190 --> 00:47:49,180  
old world and it seems pretty epic and

1102  
00:47:55,210 --> 00:47:51,200  
definitely Reich was very much about

1103  
00:47:56,920 --> 00:47:55,220  
human nature and re-establishing what

1104  
00:47:59,650 --> 00:47:56,930  
that's all about as opposed to the

1105  
00:48:02,470 --> 00:47:59,660  
violence you know we're just

1106  
00:48:04,510 --> 00:48:02,480  
of apes and man suits now and we still

1107  
00:48:06,849 --> 00:48:04,520  
have these reptilian brains and it's all

1108  
00:48:08,740 --> 00:48:06,859  
violence and and scarcity that's not

1109  
00:48:11,980 --> 00:48:08,750  
necessarily the case is what your study

1110  
00:48:14,710 --> 00:48:11,990  
seems to indicate well it very clearly

1111  
00:48:17,370 --> 00:48:14,720  
indicated it and it also showed that the

1112  
00:48:21,190 --> 00:48:17,380  
origins of human violence is most

1113  
00:48:25,390 --> 00:48:21,200

identifiable starting around 4000 to

1114

00:48:29,740 --> 00:48:25,400

3500 BC within these big large desert

1115

00:48:33,039 --> 00:48:29,750

areas which prior to 4000 BC were very

1116

00:48:34,779 --> 00:48:33,049

lush wet garden environments and you

1117

00:48:36,609 --> 00:48:34,789

know I'm not alone in this there are a

1118

00:48:38,620 --> 00:48:36,619

couple of other researchers who have

1119

00:48:41,529 --> 00:48:38,630

done research on this a guy named

1120

00:48:43,900 --> 00:48:41,539

Griffin's Rianna Eisler marry again

1121

00:48:46,890 --> 00:48:43,910

Buddhist they all talked about how the

1122

00:48:50,140 --> 00:48:46,900

earliest human societies were peaceful

1123

00:48:52,960 --> 00:48:50,150

egalitarian violence isn't the natural

1124

00:48:56,559 --> 00:48:52,970

human condition but if you look around

1125

00:48:59,470 --> 00:48:56,569

today it seems to be so what's going on

1126  
00:49:02,740 --> 00:48:59,480  
there what happened around this 4,000

1127  
00:49:06,089 --> 00:49:02,750  
marker date and what I showed is that

1128  
00:49:09,010 --> 00:49:06,099  
the archaeological and paleo

1129  
00:49:11,829 --> 00:49:09,020  
climatological evidence shows massive

1130  
00:49:15,480 --> 00:49:11,839  
environmental changes which then

1131  
00:49:19,059 --> 00:49:15,490  
affected the earliest human societies by

1132  
00:49:22,120 --> 00:49:19,069  
starvation by famine which created

1133  
00:49:24,460 --> 00:49:22,130  
massive migrations massive deaths the

1134  
00:49:27,190 --> 00:49:24,470  
abandonment of the earliest city-states

1135  
00:49:29,440 --> 00:49:27,200  
and villages and you can see the results

1136  
00:49:31,510 --> 00:49:29,450  
of this in some of the dry lands of the

1137  
00:49:33,490 --> 00:49:31,520  
Sahara society called the garamantes

1138  
00:49:35,589 --> 00:49:33,500

which very well developed civil

1139

00:49:38,349 --> 00:49:35,599

civilization and today there's nothing

1140

00:49:40,779 --> 00:49:38,359

left of it some places in Arabia are

1141

00:49:44,019 --> 00:49:40,789

like that the old Sabah II in society

1142

00:49:46,120 --> 00:49:44,029

which built the first big huge dam for

1143

00:49:49,809 --> 00:49:46,130

water irrigation and had a big

1144

00:49:52,870 --> 00:49:49,819

productive trade society based on

1145

00:49:57,819 --> 00:49:52,880

agriculture and so on totally wiped out

1146

00:50:00,279 --> 00:49:57,829

once the climate went from wet to dry so

1147

00:50:03,250 --> 00:50:00,289

my work saw her Asia did a global study

1148

00:50:05,260 --> 00:50:03,260

on that basis from the historical and

1149

00:50:07,720 --> 00:50:05,270

the archaeological point of view but

1150

00:50:10,269 --> 00:50:07,730

also from the more contemporary point of

1151

00:50:13,089 --> 00:50:10,279

view there was a part of my spending

1152

00:50:13,660 --> 00:50:13,099

which was 1,000 over a thousand

1153

00:50:15,370 --> 00:50:13,670

different call

1154

00:50:18,849 --> 00:50:15,380

through some around the world plotted on

1155

00:50:20,819 --> 00:50:18,859

the world map and using the databases

1156

00:50:24,460 --> 00:50:20,829

from the ethnographers and

1157

00:50:26,680 --> 00:50:24,470

anthropologists that showed that all the

1158

00:50:30,130 --> 00:50:26,690

characteristics of violent societies

1159

00:50:34,150 --> 00:50:30,140

were at their peak worst condition

1160

00:50:36,220 --> 00:50:34,160

within this existing Sahara Desert and

1161

00:50:39,160 --> 00:50:36,230

the deserts of the Middle East and

1162

00:50:41,680 --> 00:50:39,170

Central Asia and you can think of for

1163

00:50:44,230 --> 00:50:41,690

example the Mongols or the Huns

1164

00:50:47,200 --> 00:50:44,240

or you know sad to say the modern

1165

00:50:50,140 --> 00:50:47,210

Islamic societies are the carriers of

1166

00:50:51,940 --> 00:50:50,150

the most violent cultural conditions and

1167

00:50:54,789 --> 00:50:51,950

just think about how they treat their

1168

00:50:56,799 --> 00:50:54,799

women is one example and by violent you

1169

00:50:58,900 --> 00:50:56,809

know in the in the right hand sense

1170

00:51:01,660 --> 00:50:58,910

we're talking about the most horribly

1171

00:51:04,030 --> 00:51:01,670

sex repressive cultures now the early

1172

00:51:06,549 --> 00:51:04,040

peaceful societies as well as the ones

1173

00:51:10,359 --> 00:51:06,559

that survived into relatively recent

1174

00:51:12,690 --> 00:51:10,369

years were not sex repressive nor were

1175

00:51:15,730 --> 00:51:12,700

they life insurance they had no

1176  
00:51:18,400 --> 00:51:15,740  
pornography or wife-swapping and they

1177  
00:51:22,000 --> 00:51:18,410  
weren't screwing right and left

1178  
00:51:24,880 --> 00:51:22,010  
everybody it was a very orderly happy

1179  
00:51:27,940 --> 00:51:24,890  
society but they had a very permissive

1180  
00:51:29,680 --> 00:51:27,950  
society with respect to sexuality they

1181  
00:51:31,359 --> 00:51:29,690  
didn't have and this is where it gets

1182  
00:51:33,160 --> 00:51:31,369  
controversial they didn't have

1183  
00:51:34,390 --> 00:51:33,170  
homosexuals they weren't any and it

1184  
00:51:36,880 --> 00:51:34,400  
wasn't because they killed them or

1185  
00:51:39,700 --> 00:51:36,890  
something like that it's just that they

1186  
00:51:41,680 --> 00:51:39,710  
allowed all the young people like Romeo

1187  
00:51:44,620 --> 00:51:41,690  
and Juliet to have their love affairs

1188  
00:51:46,710 --> 00:51:44,630

and this was look the adults look back

1189

00:51:50,859 --> 00:51:46,720

upon those early times with much

1190

00:51:53,230 --> 00:51:50,869

pleasure as opposed to today where early

1191

00:51:56,440 --> 00:51:53,240

puberty is one of great anxiety and

1192

00:51:59,049 --> 00:51:56,450

terror and fear and sadness I mean

1193

00:52:01,900 --> 00:51:59,059

sexual exploitation and pornography and

1194

00:52:05,180 --> 00:52:01,910

so on you know you as right pointed out

1195

00:52:08,359 --> 00:52:05,190

the societies that have the bizarre

1196

00:52:11,390 --> 00:52:08,369

upset kind of sexual behavior they are

1197

00:52:13,579 --> 00:52:11,400

the sex repressive in the sense that the

1198

00:52:15,650 --> 00:52:13,589

love affair of Romeo and Juliet is

1199

00:52:17,180 --> 00:52:15,660

pretty much suppressed everywhere you

1200

00:52:19,549 --> 00:52:17,190

have to realize that in the original

1201  
00:52:22,250 --> 00:52:19,559  
Shakespeare Romeo and Juliet were about

1202  
00:52:24,680 --> 00:52:22,260  
16 years old they were not older teens

1203  
00:52:27,020 --> 00:52:24,690  
they were just at the point of puberty I

1204  
00:52:30,049 --> 00:52:27,030  
mean why does nature put that strong

1205  
00:52:33,890 --> 00:52:30,059  
strong impulse into young people and

1206  
00:52:36,289 --> 00:52:33,900  
then societies repress it and that's

1207  
00:52:38,240 --> 00:52:36,299  
where the chaos comes from yes I was

1208  
00:52:41,210 --> 00:52:38,250  
gonna say it's definitely a chaotic

1209  
00:52:43,880 --> 00:52:41,220  
environment and not really the best one

1210  
00:52:46,400 --> 00:52:43,890  
for going through those stages of

1211  
00:52:48,589 --> 00:52:46,410  
puberty and not that I think the

1212  
00:52:52,789 --> 00:52:48,599  
sexuality stuff is nearly as interesting

1213  
00:52:56,390 --> 00:52:52,799

as the cloud busting or Ogrin energy

1214

00:52:59,150 --> 00:52:56,400

itself but I guess I would be inclined

1215

00:53:01,279 --> 00:52:59,160

to to push back a little bit I mean I'm

1216

00:53:04,039 --> 00:53:01,289

no expert but I've heard people saying

1217

00:53:06,859 --> 00:53:04,049

that there was a scientific basis that

1218

00:53:08,630 --> 00:53:06,869

homosexuality does go back about as far

1219

00:53:11,829 --> 00:53:08,640

as humanity goes back and you're saying

1220

00:53:14,650 --> 00:53:11,839

that maybe no it's that's not the case

1221

00:53:18,470 --> 00:53:14,660

well there are there are the more recent

1222

00:53:19,789 --> 00:53:18,480

collection of peaceful societies which I

1223

00:53:22,460 --> 00:53:19,799

was able to identify in the

1224

00:53:25,180 --> 00:53:22,470

cross-cultural literature had no

1225

00:53:29,329 --> 00:53:25,190

homosexuals that was the Trobriand

1226

00:53:33,710 --> 00:53:29,339

Islanders of Melanesia it was the Morea

1227

00:53:36,589 --> 00:53:33,720

peoples of eastern India the mozu people

1228

00:53:38,029 --> 00:53:36,599

of western China is it possible that

1229

00:53:40,099 --> 00:53:38,039

maybe it just wasn't written about

1230

00:53:42,799 --> 00:53:40,109

because it was so accepted and not a

1231

00:53:46,700 --> 00:53:42,809

thing even worth documenting because it

1232

00:53:49,339 --> 00:53:46,710

was just such a non-issue well then one

1233

00:53:51,559 --> 00:53:49,349

has to presume that anthropologists are

1234

00:53:54,230 --> 00:53:51,569

so blinded and blinkered that they

1235

00:53:56,329 --> 00:53:54,240

somehow miss this which i don't think is

1236

00:53:57,799 --> 00:53:56,339

the case I mean if you look at the

1237

00:54:00,170 --> 00:53:57,809

record of where they're talking about

1238

00:54:02,539 --> 00:54:00,180

other kinds of sexual behavior they're

1239

00:54:05,510 --> 00:54:02,549

pretty good at recording things I mean I

1240

00:54:07,760 --> 00:54:05,520

mean we know that homosexuality exists

1241

00:54:10,099 --> 00:54:07,770

in most all of the modern civilizations

1242

00:54:11,780 --> 00:54:10,109

but also does adolescent sexual

1243

00:54:14,270 --> 00:54:11,790

repression

1244

00:54:17,660 --> 00:54:14,280

I'm not arguing for pedophilia here by

1245

00:54:20,360 --> 00:54:17,670

any means pedophiles are sick people so

1246

00:54:22,400 --> 00:54:20,370

it's a this whole idea of adults having

1247

00:54:24,440 --> 00:54:22,410

a preoccupation in the sexuality of

1248

00:54:26,870 --> 00:54:24,450

their children to the point of meddling

1249

00:54:28,640 --> 00:54:26,880

with it or wanting to participate in it

1250

00:54:30,710 --> 00:54:28,650

this is a product of the sex or

1251

00:54:32,990 --> 00:54:30,720

oppressive cultures right right

1252

00:54:36,830 --> 00:54:33,000

it's definitely dicey conversation but

1253

00:54:38,930 --> 00:54:36,840

it's it's a given that kids around 16 or

1254

00:54:41,420 --> 00:54:38,940

going through puberty and yet we have

1255

00:54:43,670 --> 00:54:41,430

this abstinence-only attitude and we put

1256

00:54:45,260 --> 00:54:43,680

blinders on and this causes all kinds of

1257

00:54:47,480 --> 00:54:45,270

problems I mean they're getting all

1258

00:54:49,580 --> 00:54:47,490

backed up I mean we know we know this

1259

00:54:52,130 --> 00:54:49,590

and it should be addressed definitely

1260

00:54:55,280 --> 00:54:52,140

there's got to be some way to address it

1261

00:54:57,980 --> 00:54:55,290

I'm probably not the guy to even go down

1262

00:54:59,810 --> 00:54:57,990

that road well my study you know this is

1263

00:55:03,230 --> 00:54:59,820

another book that I would recommend is

1264

00:55:06,710 --> 00:55:03,240

my study saw her Asia that's the title

1265

00:55:10,580 --> 00:55:06,720

of the book like Sahara and Asia linked

1266

00:55:13,400 --> 00:55:10,590

together Sahar Asia or Russia's book the

1267

00:55:17,090 --> 00:55:13,410

function of the orgasm he was the top

1268

00:55:20,300 --> 00:55:17,100

clinician to do that Oh a Russia sexual

1269

00:55:22,490 --> 00:55:20,310

revolution was a very soft sexual

1270

00:55:25,370 --> 00:55:22,500

revolution it was not what we see going

1271

00:55:27,020 --> 00:55:25,380

on today I mean today we got this gender

1272

00:55:29,120 --> 00:55:27,030

ISM stuff where if you use the wrong

1273

00:55:32,210 --> 00:55:29,130

pronoun or like Rowling you know you

1274

00:55:34,400 --> 00:55:32,220

criticize the gay mafia which it is a

1275

00:55:36,980 --> 00:55:34,410

real mafia nowadays you can't say

1276

00:55:40,130 --> 00:55:36,990

anything critical even of their

1277

00:55:42,770 --> 00:55:40,140

castration agendas they're the surgical

1278

00:55:45,170 --> 00:55:42,780

castration of children like god this is

1279

00:55:47,180 --> 00:55:45,180

insane yeah you mentioned that earlier

1280

00:55:49,970 --> 00:55:47,190

and I didn't really say anything but now

1281

00:55:52,130 --> 00:55:49,980

that it's come up again I mean there's

1282

00:55:54,350 --> 00:55:52,140

definitely a lot of agenda driven stuff

1283

00:55:57,260 --> 00:55:54,360

in this area that you're talking about

1284

00:56:01,550 --> 00:55:57,270

but how often does that really happen

1285

00:56:04,340 --> 00:56:01,560

the surgical castration of children well

1286

00:56:06,760 --> 00:56:04,350

when you talk about a child who a boy

1287

00:56:10,280 --> 00:56:06,770

who says well I'm feeling like a girl

1288

00:56:12,230 --> 00:56:10,290

well a lot of young kids saved such

1289

00:56:14,270 --> 00:56:12,240

things or a girl says I feel more like a

1290

00:56:16,460 --> 00:56:14,280

boy I wish I was a boy or something like

1291

00:56:18,590 --> 00:56:16,470

that when the push of puberty comes

1292

00:56:21,710 --> 00:56:18,600

ninety five percent of those cases those

1293

00:56:23,720 --> 00:56:21,720

kids suddenly become the boy and the

1294

00:56:25,090 --> 00:56:23,730

girl that their biology is determining

1295

00:56:27,820 --> 00:56:25,100

but the

1296

00:56:31,120 --> 00:56:27,830

- activist groups want to suppress that

1297

00:56:33,700 --> 00:56:31,130

by giving the pre-pubertal children the

1298

00:56:35,050 --> 00:56:33,710

hormone suppressing drugs and that's

1299

00:56:37,210 --> 00:56:35,060

what they do they give them hormone

1300

00:56:40,360 --> 00:56:37,220

suppressing drugs and then a brainwash

1301  
00:56:43,060 --> 00:56:40,370  
where those kids are told oh you're not

1302  
00:56:45,160 --> 00:56:43,070  
your natural biological sex and after

1303  
00:56:46,600 --> 00:56:45,170  
they turn to the age of consent the

1304  
00:56:49,540 --> 00:56:46,610  
hormone drugs are going to be

1305  
00:56:53,110 --> 00:56:49,550  
supplemented with a castration surgical

1306  
00:56:56,200 --> 00:56:53,120  
operation now it's not a high number of

1307  
00:56:58,330 --> 00:56:56,210  
kids right now but these things never

1308  
00:57:01,210 --> 00:56:58,340  
remain static if you go back to the

1309  
00:57:04,120 --> 00:57:01,220  
1800s in America only a small percentage

1310  
00:57:06,490 --> 00:57:04,130  
of Jews were circumcising their children

1311  
00:57:07,990 --> 00:57:06,500  
but it caught on with the medical

1312  
00:57:09,730 --> 00:57:08,000  
profession they can make a lot of money

1313  
00:57:12,640 --> 00:57:09,740

from it and they don't really give a

1314

00:57:16,930 --> 00:57:12,650

damn about the biological naturalness of

1315

00:57:18,850 --> 00:57:16,940

the foreskin or of genitalia today so

1316

00:57:21,040 --> 00:57:18,860

the subset of the of the medical

1317

00:57:24,400 --> 00:57:21,050

profession made a lot of money and

1318

00:57:27,520 --> 00:57:24,410

peaked out where 80% of all American

1319

00:57:30,760 --> 00:57:27,530

boys were being circumcised around the

1320

00:57:32,110 --> 00:57:30,770

time of the 1950s and 60s yeah yeah I

1321

00:57:34,570 --> 00:57:32,120

think that's a damn shame

1322

00:57:37,510 --> 00:57:34,580

damn shame for sure so it went from zero

1323

00:57:40,840 --> 00:57:37,520

or near zero to 80% within about a

1324

00:57:43,120 --> 00:57:40,850

hundred years so I I look at this stuff

1325

00:57:46,120 --> 00:57:43,130

that's going on now and I have to ask I

1326

00:57:49,410 --> 00:57:46,130

feel I'm obligated to say something in

1327

00:57:52,090 --> 00:57:49,420

defensive of the kids natural biological

1328

00:57:54,310 --> 00:57:52,100

sexuality you know what is really

1329

00:57:56,950 --> 00:57:54,320

offensive is that if you dare say these

1330

00:57:59,830 --> 00:57:56,960

kinds of things to publicly that

1331

00:58:02,050 --> 00:57:59,840

suddenly you get stomped on you know I

1332

00:58:05,020 --> 00:58:02,060

mean what happened to rolling what's

1333

00:58:06,910 --> 00:58:05,030

going on I know not every homosexual

1334

00:58:09,610 --> 00:58:06,920

person agrees with this stuff there's a

1335

00:58:12,010 --> 00:58:09,620

lot of gay men I know or at least a few

1336

00:58:14,800 --> 00:58:12,020

who are deeply offended by this

1337

00:58:16,930 --> 00:58:14,810

transgender stuff and you know of course

1338

00:58:17,530 --> 00:58:16,940

they're they're taking over women's

1339

00:58:19,720 --> 00:58:17,540

sports

1340

00:58:22,270 --> 00:58:19,730

these men biological men they're

1341

00:58:24,040 --> 00:58:22,280

stronger faster they run into women's

1342

00:58:25,990 --> 00:58:24,050

sports they say I'm a woman even though

1343

00:58:27,730 --> 00:58:26,000

I look like a man with a beard and

1344

00:58:31,180 --> 00:58:27,740

everything and they win all the medals

1345

00:58:32,440 --> 00:58:31,190

and it's a catastrophe for women but

1346

00:58:34,750 --> 00:58:32,450

they're just not aware of it because

1347

00:58:37,400 --> 00:58:34,760

most of the reports on this are censored

1348

00:58:39,680 --> 00:58:37,410

from the mainstream media

1349

00:58:41,480 --> 00:58:39,690

ruling and so on that she's not the

1350

00:58:44,750 --> 00:58:41,490

first one to be banished from the

1351

00:58:46,640 --> 00:58:44,760

internet platforms for daring to say

1352

00:58:49,640 --> 00:58:46,650

something politically incorrect

1353

00:58:51,350 --> 00:58:49,650

you know I'm seven years old now I mean

1354

00:58:53,270 --> 00:58:51,360

how old do I have to be before I can

1355

00:58:55,580 --> 00:58:53,280

dare to speak out a gap about these

1356

00:58:58,820 --> 00:58:55,590

things political correctness is killing

1357

00:59:00,950 --> 00:58:58,830

us it is it is that hey I say the best

1358

00:59:03,350 --> 00:59:00,960

policy is doctor leave those kids alone

1359

00:59:05,450 --> 00:59:03,360

you know and I think they should and I

1360

00:59:08,000 --> 00:59:05,460

did want to ask you about the

1361

00:59:10,730 --> 00:59:08,010

cloudbuster a little more because the

1362

00:59:12,920 --> 00:59:10,740

conversation is connected to the UFO

1363

00:59:15,470 --> 00:59:12,930

question not only did Reich think that

1364

00:59:17,630 --> 00:59:15,480

they were somehow attracted to Oregon or

1365

00:59:19,790 --> 00:59:17,640

the use of his cloudbuster

1366

00:59:21,650 --> 00:59:19,800

you can kind of confirm that from your

1367

00:59:23,750 --> 00:59:21,660

own experience I understand and I'm just

1368

00:59:25,880 --> 00:59:23,760

curious what you think is going on here

1369

00:59:30,410 --> 00:59:25,890

it's very odd that these two things

1370

00:59:33,620 --> 00:59:30,420

would converge well Reich came to the

1371

00:59:35,510 --> 00:59:33,630

conclusion that he was working out in

1372

00:59:38,060 --> 00:59:35,520

Arizona doing a desert greening

1373

00:59:39,950 --> 00:59:38,070

experiment and by the way I'll come back

1374

00:59:42,710 --> 00:59:39,960

to my own desert greening experiments

1375

00:59:44,960 --> 00:59:42,720

momentarily but Reich was observing

1376

00:59:47,000 --> 00:59:44,970

first of all that he could he could

1377

00:59:49,610 --> 00:59:47,010

bring rain in the Arizona deserts and

1378

00:59:52,970 --> 00:59:49,620

restore a lot of the grass growth in

1379

00:59:55,340 --> 00:59:52,980

areas where it was just barren and while

1380

00:59:57,850 --> 00:59:55,350

he was doing this work he observed UFOs

1381

01:00:01,430 --> 00:59:57,860

he observed these luminous objects were

1382

01:00:03,350 --> 01:00:01,440

violent moving he made photographs of

1383

01:00:05,750 --> 01:00:03,360

them showing that the tracks that they

1384

01:00:08,600 --> 01:00:05,760

made in the night sky were different

1385

01:00:10,640 --> 01:00:08,610

from the stars and this was all before

1386

01:00:12,260 --> 01:00:10,650

the satellites there weren't any

1387

01:00:14,330 --> 01:00:12,270

satellites up there nowadays nowadays

1388

01:00:15,590 --> 01:00:14,340

you look up you see things moving you

1389

01:00:17,330 --> 01:00:15,600

don't know what it is because it could

1390

01:00:20,210 --> 01:00:17,340

be a satellite and most of the things

1391

01:00:22,070 --> 01:00:20,220

you see are probably satellites but

1392

01:00:23,540 --> 01:00:22,080

Reich was seeing these things he was

1393

01:00:26,480 --> 01:00:23,550

documenting them he made a few

1394

01:00:28,160 --> 01:00:26,490

photographs of things and he claimed

1395

01:00:29,900 --> 01:00:28,170

that they were unidentified flying

1396

01:00:33,110 --> 01:00:29,910

objects he had read some of the early

1397

01:00:36,890 --> 01:00:33,120

books like that of Kehoe Ripple's book

1398

01:00:40,130 --> 01:00:36,900

if you read RuPaul's book Karl roopa was

1399

01:00:42,740 --> 01:00:40,140

an Air Force officer who was ordered to

1400

01:00:45,380 --> 01:00:42,750

make a study of the UFO phenomenon for

1401

01:00:47,360 --> 01:00:45,390

the US Air Force and it was called

1402

01:00:49,970 --> 01:00:47,370

Project Blue Book if you know anything

1403

01:00:51,230 --> 01:00:49,980

about the UFO history then everybody

1404

01:00:53,090 --> 01:00:51,240

knows about Project

1405

01:00:55,609 --> 01:00:53,100

book and in there he talks about a

1406

01:00:57,920 --> 01:00:55,619

scientist in the Arizona deserts who was

1407

01:01:00,710 --> 01:00:57,930

making all these observations and

1408

01:01:02,720 --> 01:01:00,720

documentation and that's wilheimer ike

1409

01:01:05,359 --> 01:01:02,730

he doesn't mention write by name but it

1410

01:01:07,970 --> 01:01:05,369

seems it almost certain that this was

1411

01:01:10,490 --> 01:01:07,980

right because he was there he was making

1412

01:01:12,080 --> 01:01:10,500

observations he was contacting the

1413

01:01:14,720 --> 01:01:12,090

different military bases and

1414

01:01:17,420 --> 01:01:14,730

headquarters to try and tell them about

1415

01:01:19,400 --> 01:01:17,430

what he was seeing and he also pointed

1416

01:01:23,210 --> 01:01:19,410

the cloud buster at these things and

1417

01:01:25,400 --> 01:01:23,220

they tended to dim out and move away the

1418

01:01:27,980 --> 01:01:25,410

cloud buster device works on the oregon

1419

01:01:30,710 --> 01:01:27,990

energy principles he was arguing that

1420

01:01:34,460 --> 01:01:30,720

the ufos must be powered by oregon

1421

01:01:37,100 --> 01:01:34,470

energy or the ether what's called by the

1422

01:01:41,210 --> 01:01:37,110

older name that the ether organ was

1423

01:01:44,420 --> 01:01:41,220

somehow what was powering these UFOs so

1424

01:01:47,720 --> 01:01:44,430

Wow this is a loaded group of questions

1425

01:01:49,970 --> 01:01:47,730

but it also is a loaded group of

1426

01:01:52,810 --> 01:01:49,980

opportunities and possibilities that

1427

01:01:56,390 --> 01:01:52,820

somehow organ energy functions might be

1428

01:01:59,540 --> 01:01:56,400

underlying gravity might be underlying

1429

01:02:02,000 --> 01:01:59,550

some kind of a motor force in nature and

1430

01:02:03,770 --> 01:02:02,010

Reich also built a small little device

1431

01:02:05,900 --> 01:02:03,780

she called it the Oregon motor and

1432

01:02:08,990 --> 01:02:05,910

you've got this small little motor to

1433

01:02:11,090 --> 01:02:09,000

turn by using the oregon accumulator so

1434

01:02:13,090 --> 01:02:11,100

that all this stuff is published we have

1435

01:02:16,130 --> 01:02:13,100

another book called heretics notebook

1436

01:02:18,020 --> 01:02:16,140

which carries several papers on this

1437

01:02:20,540 --> 01:02:18,030

subject including one about my own

1438

01:02:22,820 --> 01:02:20,550

personal UFO observations because i've

1439

01:02:27,890 --> 01:02:22,830

seen when i was out doing work in the

1440

01:02:30,680 --> 01:02:27,900

deserts of Arizona also overseas in

1441

01:02:32,930 --> 01:02:30,690

Israel and in Africa doing it this work

1442

01:02:36,020 --> 01:02:32,940

in some of the most desolate places in

1443

01:02:38,410 --> 01:02:36,030

the planet and you could see you could

1444

01:02:40,670 --> 01:02:38,420

occasionally see these things and

1445

01:02:44,480 --> 01:02:40,680

sometimes I've seen things that had

1446

01:02:47,240 --> 01:02:44,490

moved in non-newtonian ways you know

1447

01:02:49,940 --> 01:02:47,250

with right angle turns or with discs

1448

01:02:53,740 --> 01:02:49,950

like shapes that tumbled end-over-end

1449

01:02:56,180 --> 01:02:53,750

like a plate a saucer being flicked

1450

01:02:59,090 --> 01:02:56,190

things of that nature which didn't make

1451

01:03:01,670 --> 01:02:59,100

any sense especially the silent nature

1452

01:03:04,040 --> 01:03:01,680

of it we've seen that here in Oregon for

1453

01:03:05,120 --> 01:03:04,050

God's sake so things like that looked

1454

01:03:07,370 --> 01:03:05,130

like a big

1455

01:03:09,890 --> 01:03:07,380

transport airplane I mean at least the

1456

01:03:11,329 --> 01:03:09,900

lights you'd think it was a transport

1457

01:03:13,009 --> 01:03:11,339

airplane from the lights but then it

1458

01:03:16,519 --> 01:03:13,019

flies directly overhead and there's no

1459

01:03:18,890 --> 01:03:16,529

sound no sound at all so what's that

1460

01:03:20,870 --> 01:03:18,900

that's it's not mean it's too slow to be

1461

01:03:23,569 --> 01:03:20,880

a satellite it's too big to be a

1462

01:03:25,069 --> 01:03:23,579

satellite but totally silent

1463

01:03:27,200 --> 01:03:25,079

now of course I'm not the only one to

1464

01:03:29,539 --> 01:03:27,210

see these kind of things with the advent

1465

01:03:31,339 --> 01:03:29,549

of the cell phone all kinds of images

1466

01:03:34,220 --> 01:03:31,349

are being photographed right and left

1467

01:03:36,519 --> 01:03:34,230

and you probably have seen those videos

1468

01:03:39,499 --> 01:03:36,529

that were released by the air force of

1469

01:03:41,930 --> 01:03:39,509

some chases by high-performance jets

1470

01:03:44,359 --> 01:03:41,940

trying to catch up to these things so

1471

01:03:46,759 --> 01:03:44,369

you know there's there's an opportunity

1472

01:03:48,710 --> 01:03:46,769

for the researchers who haven't

1473

01:03:51,109 --> 01:03:48,720

interested to learn about what Reich did

1474

01:03:54,289 --> 01:03:51,119

and the whole thing that I found with

1475

01:03:56,210 --> 01:03:54,299

the ether is that what I'm arguing for

1476

01:03:58,630 --> 01:03:56,220

in my book on the dynamic ether of

1477

01:04:01,940 --> 01:03:58,640

cosmic space is that the ether ISM

1478

01:04:05,630 --> 01:04:01,950

material it moves matter because of a

1479

01:04:08,839 --> 01:04:05,640

basic frictional interaction and that it

1480

01:04:11,870 --> 01:04:08,849

vertexes it moves in a vortex spiral by

1481

01:04:15,259 --> 01:04:11,880

its own very nature and in so doing it

1482

01:04:18,009 --> 01:04:15,269

grabs on to matter and therefore you've

1483

01:04:21,200 --> 01:04:18,019

got the gravitational vortex

1484

01:04:24,170 --> 01:04:21,210

gravitational properties which come

1485

01:04:27,859 --> 01:04:24,180

directly from the ethos properties and

1486

01:04:32,270 --> 01:04:27,869

its motions so for example gravity here

1487

01:04:34,820 --> 01:04:32,280

on earth is due to the two

1488

01:04:37,880 --> 01:04:34,830

motion of the ether coming down from

1489

01:04:41,030 --> 01:04:37,890

space down to the earth surface and

1490

01:04:41,840 --> 01:04:41,040

carrying matter with it that's that's

1491

01:04:44,990 --> 01:04:41,850

the theory

1492

01:04:47,510 --> 01:04:45,000

so I outlined the evidence as best as I

1493

01:04:50,090 --> 01:04:47,520

could in that book and I think there's a

1494

01:04:52,160 --> 01:04:50,100

number of scientists who have come to

1495

01:04:55,880 --> 01:04:52,170

very similar kind of conclusions based

1496

01:04:58,670 --> 01:04:55,890

upon their own independent work indeed

1497

01:05:02,510 --> 01:04:58,680

yeah it's a fascinating subject that

1498

01:05:05,300 --> 01:05:02,520

definitely needs more study well man

1499

01:05:07,370 --> 01:05:05,310

this has been really fun you've done so

1500

01:05:10,190 --> 01:05:07,380

much great work both of these books are

1501

01:05:12,140 --> 01:05:10,200

great front to back breakdowns of these

1502

01:05:13,280 --> 01:05:12,150

energies and their functions in the

1503

01:05:16,040 --> 01:05:13,290

history of keeping them out of

1504

01:05:17,840 --> 01:05:16,050

mainstream science are there any new

1505

01:05:19,400 --> 01:05:17,850

experiments or areas where you're going

1506

01:05:22,910 --> 01:05:19,410

to be focusing your talents or

1507

01:05:25,370 --> 01:05:22,920

attentions to next well as you know I as

1508

01:05:28,550 --> 01:05:25,380

I mentioned I'm investigating this or on

1509

01:05:30,890 --> 01:05:28,560

motor question that right did another

1510

01:05:33,050 --> 01:05:30,900

breakthrough scientists in my opinion is

1511

01:05:36,230 --> 01:05:33,060

the work of Townsend Brown maybe you've

1512

01:05:36,620 --> 01:05:36,240

heard of him the guy with the gravit

1513

01:05:39,290 --> 01:05:36,630

oars

1514

01:05:41,540 --> 01:05:39,300

I'm doing a little bit of investigation

1515

01:05:44,090 --> 01:05:41,550

of that and also on the water

1516

01:05:47,030 --> 01:05:44,100

structuring questions so those three

1517

01:05:50,120 --> 01:05:47,040

areas take up what free time I have at

1518

01:05:52,040 --> 01:05:50,130

the laboratory here and I think are at

1519

01:05:54,520 --> 01:05:52,050

the cutting edge really of modern

1520

01:05:56,600 --> 01:05:54,530

scientific research absolutely although

1521

01:05:59,720 --> 01:05:56,610

you wouldn't you wouldn't know it by

1522

01:06:01,640 --> 01:05:59,730

reading the mainstream journals right

1523

01:06:04,760 --> 01:06:01,650

well hey if you crack that flying saucer

1524

01:06:06,950 --> 01:06:04,770

case we'll have to do this again I'll

1525

01:06:09,680 --> 01:06:06,960

come visit you and we can do it in

1526

01:06:11,390 --> 01:06:09,690

person I love it I love it well man I

1527

01:06:13,130 --> 01:06:11,400

really appreciate the time and your

1528

01:06:15,230 --> 01:06:13,140

efforts before we go do remind the

1529

01:06:17,270 --> 01:06:15,240

people about your website the books or

1530

01:06:18,680 --> 01:06:17,280

any appearances or demonstrations you

1531

01:06:21,290 --> 01:06:18,690

might have coming up that they could

1532

01:06:24,200 --> 01:06:21,300

attend yeah the websites my research

1533

01:06:29,780 --> 01:06:24,210

website is organ lab org

1534

01:06:31,640 --> 01:06:29,790

oh are gone and the name of my

1535

01:06:34,280 --> 01:06:31,650

laboratory is the Oregon biophysical

1536

01:06:37,670 --> 01:06:34,290

research lab we might have seminars

1537

01:06:39,740 --> 01:06:37,680

maybe a webinar which would outreach to

1538

01:06:42,620 --> 01:06:39,750

a lot more people or at least something

1539

01:06:45,710 --> 01:06:42,630

along those lines there's a web link on

1540

01:06:48,260 --> 01:06:45,720

the oregon lab dot org website on events

1541

01:06:51,860 --> 01:06:48,270

that people can consult but it better

1542

01:06:53,870 --> 01:06:51,870

that they get on our email list where we

1543

01:06:55,940 --> 01:06:53,880

send out these notifications from time

1544

01:06:57,890 --> 01:06:55,950

to time we have a book selling an

1545

01:07:00,140 --> 01:06:57,900

instrument selling website which is how

1546

01:07:05,080 --> 01:07:00,150

I pay the bills and that's natural

1547

01:07:06,940 --> 01:07:05,090

energy works dotnet natural energy works

1548

01:07:10,859 --> 01:07:06,950

net

1549

01:07:14,049 --> 01:07:10,869

and gosh I think the two books of mine I

1550

01:07:16,269 --> 01:07:14,059

would most recommend now and which are

1551

01:07:20,319 --> 01:07:16,279

the two most popular ones is the Oregon

1552

01:07:23,500 --> 01:07:20,329

accumulator handbook and the dynamic

1553

01:07:25,930 --> 01:07:23,510

ether of cosmic space those two books I

1554

01:07:29,140 --> 01:07:25,940

think cover a tremendous territory on

1555

01:07:30,670 --> 01:07:29,150

this new energy research that I believe

1556

01:07:31,109 --> 01:07:30,680

it's going to change the world for the

1557

01:07:33,730 --> 01:07:31,119

better

1558

01:07:37,450 --> 01:07:33,740

mm-hmm yes they are a great one-two

1559

01:07:38,980 --> 01:07:37,460

punch of ether and Oregon and thanks for

1560

01:07:42,160 --> 01:07:38,990

sending them out and for the time today

1561

01:07:44,170 --> 01:07:42,170

I am honored to have spent a little bit

1562

01:07:45,940 --> 01:07:44,180

of time picking your brain and I wish

1563

01:07:48,190 --> 01:07:45,950

you the best man thanks again and keep

1564

01:07:51,490 --> 01:07:48,200

doing what you do well thank you very

1565

01:07:54,370 --> 01:07:51,500

much for having me Greg and we'll look

1566

01:07:57,160 --> 01:07:54,380

forward to seeing this on the pod for

1567

01:08:02,259 --> 01:07:57,170

sure Cheers you too bye-bye

1568

01:08:06,309 --> 01:08:02,269

and once again boom goes the dynamite

1569

01:08:09,370 --> 01:08:06,319

James de Mayo doing what a James de Mayo

1570

01:08:11,740 --> 01:08:09,380

does best I have been trying to get this

1571

01:08:13,630 --> 01:08:11,750

interview for a long time now because

1572

01:08:15,880 --> 01:08:13,640

there seems to only be a few good

1573

01:08:18,820 --> 01:08:15,890

options for public speakers when it

1574

01:08:20,320 --> 01:08:18,830

comes to Reich's work especially ones

1575

01:08:23,769 --> 01:08:20,330

who have tested these things out

1576

01:08:26,079 --> 01:08:23,779

experimentally firsthand if you want to

1577

01:08:27,689 --> 01:08:26,089

hear more on the UFO side of Reich's

1578

01:08:30,729 --> 01:08:27,699

work which is definitely fascinating

1579

01:08:33,160 --> 01:08:30,739

check out an older show I did with Peter

1580

01:08:36,370 --> 01:08:33,170

Robbins because it makes a nice

1581

01:08:38,769 --> 01:08:36,380

compliment to this one and honestly in

1582

01:08:42,039 --> 01:08:38,779

both cases the conversation does drift

1583

01:08:44,050 --> 01:08:42,049

into sexuality particularly the sex

1584

01:08:47,019 --> 01:08:44,060

repressed culture that we live in and

1585

01:08:48,820 --> 01:08:47,029

how it affects children and it kind of

1586

01:08:50,979 --> 01:08:48,830

makes sense because if this energy is

1587

01:08:53,490 --> 01:08:50,989

connected to sexuality you would expect

1588

01:08:57,129 --> 01:08:53,500

there to be some kind of peak or

1589

01:09:00,399 --> 01:08:57,139

increase in it during the years of

1590

01:09:04,809 --> 01:09:00,409

puberty and maybe our sex repressed

1591

01:09:07,539 --> 01:09:04,819

culture nerfs that energy and I could

1592

01:09:10,599 --> 01:09:07,549

see an angle where it's very important

1593

01:09:13,720 --> 01:09:10,609

to manage and cultivate that energy

1594

01:09:15,459 --> 01:09:13,730

during those years of puberty because

1595

01:09:17,829 --> 01:09:15,469

maybe that has effects for the rest of

1596

01:09:20,169 --> 01:09:17,839

your life and we're talking about how

1597

01:09:22,379 --> 01:09:20,179

Oregon seems to be tied to help maybe

1598

01:09:25,180 --> 01:09:22,389

it's tied to the immune system somehow

1599

01:09:27,490 --> 01:09:25,190

the body and these energy systems is

1600

01:09:30,490 --> 01:09:27,500

very holistic everything's not so

1601

01:09:32,620 --> 01:09:30,500

compartmentalized so if this is an

1602

01:09:35,919 --> 01:09:32,630

energy stream that comes through humans

1603

01:09:39,490 --> 01:09:35,929

and it is tie to sexuality maybe it's

1604

01:09:41,800 --> 01:09:39,500

worth the mention it is thorny stuff but

1605

01:09:43,689 --> 01:09:41,810

Oregon is called Oregon because Reich

1606

01:09:46,809 --> 01:09:43,699

thought it was somehow connected to the

1607

01:09:49,120 --> 01:09:46,819

orgasm and one has to admit the orgasm

1608

01:09:51,879 --> 01:09:49,130

is a weird thing it's a pretty

1609

01:09:55,300 --> 01:09:51,889

unparalleled feeling and I don't think

1610

01:09:57,189 --> 01:09:55,310

we have a sufficient explanation maybe

1611

01:10:00,160 --> 01:09:57,199

it is a mechanism that lets a little

1612

01:10:03,580 --> 01:10:00,170

more of that energy from the unseen side

1613

01:10:06,669 --> 01:10:03,590

of reality in and maybe that entangles

1614

01:10:09,760 --> 01:10:06,679

with our physical bodies and that's

1615

01:10:11,170 --> 01:10:09,770

where we get that jolt but you know sex

1616

01:10:13,840 --> 01:10:11,180

is often considered

1617

01:10:15,880 --> 01:10:13,850

mechanism for altered states or higher

1618

01:10:18,430 --> 01:10:15,890

levels of consciousness with Tantra and

1619

01:10:20,950 --> 01:10:18,440

all that so I don't find this shocking

1620

01:10:24,430 --> 01:10:20,960

or unusual that interviews about right

1621

01:10:26,200 --> 01:10:24,440

get to these places but number one it's

1622

01:10:29,590 --> 01:10:26,210

not the most interesting part of the

1623

01:10:32,290 --> 01:10:29,600

work to me and number two we've had a

1624

01:10:34,990 --> 01:10:32,300

lot of guests segue into thorny topics

1625

01:10:36,250 --> 01:10:35,000

lately largely without being asked which

1626

01:10:38,650 --> 01:10:36,260

I don't care

1627

01:10:42,040 --> 01:10:38,660

guests are free to speak their mind on

1628

01:10:44,320 --> 01:10:42,050

this show but the issue is the audience

1629

01:10:46,930 --> 01:10:44,330

cannot hold me or the show accountable

1630

01:10:49,000 --> 01:10:46,940

for things I didn't ask about and didn't

1631

01:10:50,710 --> 01:10:49,010

plan to talk about that's the only thing

1632

01:10:53,710 --> 01:10:50,720

that bothers me don't write me any

1633

01:10:56,800 --> 01:10:53,720

letters about this stuff I felt like I

1634

01:10:58,060 --> 01:10:56,810

was on the ropes for a lot of 2019 and

1635

01:11:01,420 --> 01:10:58,070

I'm over it

1636

01:11:04,210 --> 01:11:01,430

none of that in 2020 honestly we've been

1637

01:11:07,060 --> 01:11:04,220

around too long to still be explaining

1638

01:11:08,800 --> 01:11:07,070

this but I had been trying to get this

1639

01:11:11,110 --> 01:11:08,810

interview with James for a long time

1640

01:11:14,320 --> 01:11:11,120

because the Oregon accumulator Handbook

1641

01:11:16,390 --> 01:11:14,330

is just so great it's honestly the

1642

01:11:18,580 --> 01:11:16,400

blueprints and his experiments with

1643

01:11:22,240 --> 01:11:18,590

cloud busters are also pretty damn

1644

01:11:24,970 --> 01:11:22,250

credible and oh yeah he's also written a

1645

01:11:26,470 --> 01:11:24,980

new book on ether physics I mean come on

1646

01:11:29,290 --> 01:11:26,480

people this is some of the most exciting

1647

01:11:31,270 --> 01:11:29,300

stuff to me right now I do think the

1648

01:11:33,400 --> 01:11:31,280

world is changing and this stuff is

1649

01:11:35,980 --> 01:11:33,410

gonna have to come out and I want to be

1650

01:11:38,800 --> 01:11:35,990

ahead of the game I want us to all

1651

01:11:42,070 --> 01:11:38,810

understand that yes this is real and if

1652

01:11:43,810 --> 01:11:42,080

we can get past the wandering and if you

1653

01:11:46,270 --> 01:11:43,820

were to get the handbook you could build

1654

01:11:49,600 --> 01:11:46,280

your own devices no electrical

1655

01:11:52,330 --> 01:11:49,610

components required right while

1656

01:11:53,980 --> 01:11:52,340

everybody else is stuck in denial are

1657

01:11:59,320 --> 01:11:53,990

still trying to wrap their heads around

1658

01:12:01,900 --> 01:11:59,330

these things I want us to understand so

1659

01:12:03,340 --> 01:12:01,910

that's what's important to me the rest

1660

01:12:05,740 --> 01:12:03,350

of these shows can talk about

1661

01:12:08,950 --> 01:12:05,750

impeachment and Russia gate and queuing

1662

01:12:11,800 --> 01:12:08,960

on I'm trying to work on a different

1663

01:12:12,930 --> 01:12:11,810

level of course today James wanted to

1664

01:12:15,610 --> 01:12:12,940

spend some time talking about

1665

01:12:17,170 --> 01:12:15,620

transgender men dominating sports and

1666

01:12:19,420 --> 01:12:17,180

children who are being manipulated into

1667

01:12:22,480 --> 01:12:19,430

gender transformations through hormones

1668

01:12:24,640 --> 01:12:22,490

or surgeries or whatever and JK

1669

01:12:27,520 --> 01:12:24,650

Rowling's Twitter censorship

1670

01:12:30,160 --> 01:12:27,530

fine I don't really see those as major

1671

01:12:31,750 --> 01:12:30,170

issues that affect a ton of people I

1672

01:12:35,050 --> 01:12:31,760

mean this other stuff affects everybody

1673

01:12:38,470 --> 01:12:35,060

but there's probably something in it

1674

01:12:41,560 --> 01:12:38,480

that is definitely agenda driven it's

1675

01:12:43,600 --> 01:12:41,570

just not a priority to me definitely not

1676

01:12:46,270 --> 01:12:43,610

as high on the list as natural

1677

01:12:49,390 --> 01:12:46,280

terraforming rods that attract UFOs and

1678

01:12:51,670 --> 01:12:49,400

blueprints to healing boxes but James

1679

01:12:53,650 --> 01:12:51,680

did say afterwards that he appreciated

1680

01:12:55,510 --> 01:12:53,660

the freedom to speak openly and if I am

1681

01:12:57,940 --> 01:12:55,520

gonna run a show our guests are pretty

1682

01:13:00,670 --> 01:12:57,950

much allowed to go off-topic into these

1683

01:13:03,130 --> 01:13:00,680

sorts of things you're not going to be

1684

01:13:06,520 --> 01:13:03,140

able to hang on every word or even every

1685

01:13:09,190 --> 01:13:06,530

guest if your love for THC is gonna be

1686

01:13:11,610 --> 01:13:09,200

that fragile you might as well stop

1687

01:13:15,340 --> 01:13:11,620

listening now because you're going to be

1688

01:13:17,920 --> 01:13:15,350

rattled sooner than later it's just the

1689

01:13:21,970 --> 01:13:17,930

nature of this game this is a show for

1690

01:13:23,770 --> 01:13:21,980

people with more sense than that if you

1691

01:13:24,430 --> 01:13:23,780

know what I mean you'll take it as a

1692

01:13:26,800 --> 01:13:24,440

compliment

1693

01:13:29,920 --> 01:13:26,810

but I did like the majority of the show

1694

01:13:32,290 --> 01:13:29,930

today I kind of wanted to get more into

1695

01:13:34,270 --> 01:13:32,300

the cosmic ether material but it's

1696

01:13:36,430 --> 01:13:34,280

James's experiments that are the most

1697

01:13:38,530 --> 01:13:36,440

unique material he has and so I wanted

1698

01:13:41,380 --> 01:13:38,540

to give that as much time as it needed

1699

01:13:42,430 --> 01:13:41,390

and the Plus show we did focus more on

1700

01:13:46,450 --> 01:13:42,440

the cloudbuster

1701

01:13:48,550 --> 01:13:46,460

and it definitely blows my mind the man

1702

01:13:50,770 --> 01:13:48,560

made it rain three times in three

1703

01:13:54,870 --> 01:13:50,780

different geographical areas and he made

1704

01:13:58,150 --> 01:13:54,880

lakes and the goddamn Sahara that's nuts

1705

01:14:01,090 --> 01:13:58,160

but between James DeMaio and Trevor

1706

01:14:04,090 --> 01:14:01,100

James constable who also did this I'm

1707

01:14:05,530 --> 01:14:04,100

pretty damn convinced a couple of the

1708

01:14:08,140 --> 01:14:05,540

things we talked about in the plush show

1709

01:14:10,480 --> 01:14:08,150

would be the deadly organ energy the

1710

01:14:14,230 --> 01:14:10,490

sort of inverse energy that is

1711

01:14:16,600 --> 01:14:14,240

radioactive that comes into play we also

1712

01:14:19,090 --> 01:14:16,610

talked about the garden seed charger

1713

01:14:20,650 --> 01:14:19,100

planter box I mean if this stuff helps

1714

01:14:22,300 --> 01:14:20,660

seeds germinate why aren't we making

1715

01:14:25,390 --> 01:14:22,310

planter boxes out of it and getting

1716

01:14:28,180 --> 01:14:25,400

better yields on our crops but we also

1717

01:14:31,990 --> 01:14:28,190

talked about Oregon accumulators in our

1718

01:14:34,150 --> 01:14:32,000

highly charged electrostatic environment

1719

01:14:36,520 --> 01:14:34,160

these days the Wi-Fi signals the phone

1720

01:14:38,000 --> 01:14:36,530

signals this is stuff Reich didn't

1721

01:14:40,459 --> 01:14:38,010

really consider when working

1722

01:14:43,879 --> 01:14:40,469

with Oregon and then we talked about the

1723

01:14:46,640 --> 01:14:43,889

Oregon motor James's lightbulb study and

1724

01:14:49,279 --> 01:14:46,650

which ones are the healthiest eclipses

1725

01:14:52,459 --> 01:14:49,289

and energy and the connections there and

1726

01:14:55,609 --> 01:14:52,469

a couple of the things in the realm of

1727

01:14:56,419 --> 01:14:55,619

cosmic ether so I'm just like to get

1728

01:14:59,209 --> 01:14:56,429

this one out

1729

01:15:01,520 --> 01:14:59,219

please let James know you appreciate his

1730

01:15:04,250 --> 01:15:01,530

contribution to the Secret Sciences if

1731

01:15:06,020 --> 01:15:04,260

you do you know I think one of the big

1732

01:15:08,990 --> 01:15:06,030

problems in this area is that there's so

1733

01:15:10,279 --> 01:15:09,000

many different terms the mainstream says

1734

01:15:12,680 --> 01:15:10,289

there's nothing there so when

1735

01:15:15,109 --> 01:15:12,690

half-a-dozen people discover it they all

1736

01:15:17,240 --> 01:15:15,119

give this energy a different name is it

1737

01:15:21,109 --> 01:15:17,250

Oregon is it ether are those the same

1738

01:15:23,600 --> 01:15:21,119

thing I'm still not 100% but these

1739

01:15:26,299 --> 01:15:23,610

applications are exciting to me it's my

1740

01:15:28,520 --> 01:15:26,309

faith in these modalities that makes me

1741

01:15:31,520 --> 01:15:28,530

more open to even something like taht

1742

01:15:34,819 --> 01:15:31,530

area because a lot of these ether based

1743

01:15:39,259 --> 01:15:34,829

or over unity or electrogravitic devices

1744

01:15:41,060 --> 01:15:39,269

a lot of them are lo-fi or analog I mean

1745

01:15:43,129 --> 01:15:41,070

an Oregon accumulator again doesn't even

1746

01:15:44,799 --> 01:15:43,139

need to be plugged in so when there's a

1747

01:15:48,890 --> 01:15:44,809

theory out there that a civilization

1748

01:15:52,040 --> 01:15:48,900

used steeples or architecture to well up

1749

01:15:55,100 --> 01:15:52,050

this energy well I think that's totally

1750

01:15:56,419 --> 01:15:55,110

possible also you might have noticed

1751

01:15:58,910 --> 01:15:56,429

that I didn't ask him anything about

1752

01:16:00,319 --> 01:15:58,920

orgonite and that's because James has

1753

01:16:03,229 --> 01:16:00,329

said over and over again that he doesn't

1754

01:16:05,450 --> 01:16:03,239

think orgonite is a thing he doesn't

1755

01:16:07,399 --> 01:16:05,460

like these pendants and these orgonite

1756

01:16:09,140 --> 01:16:07,409

paperweights that people make and place

1757

01:16:12,500 --> 01:16:09,150

around their home he doesn't think that

1758

01:16:14,990 --> 01:16:12,510

they do anything so I figured I could

1759

01:16:17,779 --> 01:16:15,000

just wait till now and then tell you

1760

01:16:19,970 --> 01:16:17,789

that but I would say of all the cool

1761

01:16:22,220 --> 01:16:19,980

[h\_\_h] that listeners have made or sent to

1762

01:16:24,950 --> 01:16:22,230

me over the years orgonite is the number

1763

01:16:27,229 --> 01:16:24,960

one thing you'll see a pendant that I

1764

01:16:29,240 --> 01:16:27,239

wear that's orgonite I have this little

1765

01:16:31,009 --> 01:16:29,250

thing on my microphone that you can see

1766

01:16:33,529 --> 01:16:31,019

in the joint session that's orgonite

1767

01:16:36,680 --> 01:16:33,539

little pyramids all over the office

1768

01:16:38,209 --> 01:16:36,690

I appreciate these gifts I don't know if

1769

01:16:40,759 --> 01:16:38,219

they do anything but they remind me of

1770

01:16:43,370 --> 01:16:40,769

Reich's work anyway and so I'm into it

1771

01:16:45,700 --> 01:16:43,380

and that does remind me if you have your

1772

01:16:48,350 --> 01:16:45,710

own thing going on if you are a

1773

01:16:50,830 --> 01:16:48,360

craftsman of some kind or you sell a

1774

01:16:54,459 --> 01:16:50,840

product or you're

1775

01:16:57,910 --> 01:16:54,469

an artisan of some particular discipline

1776

01:17:00,040 --> 01:16:57,920

or craft and you want THC plus well hit

1777

01:17:02,200 --> 01:17:00,050

me up maybe we can barter maybe we can

1778

01:17:04,629 --> 01:17:02,210

cut out that money middleman and just do

1779

01:17:06,669 --> 01:17:04,639

a trade for trade I like all kinds of

1780

01:17:11,500 --> 01:17:06,679

interesting stuff and I definitely

1781

01:17:13,540 --> 01:17:11,510

appreciate artists and people who make

1782

01:17:16,689 --> 01:17:13,550

things by hand I find it impressive

1783

01:17:18,640 --> 01:17:16,699

especially in 2020 just throwing that

1784

01:17:20,439 --> 01:17:18,650

out there and also speaking of the joint

1785

01:17:25,270 --> 01:17:20,449

session I guess this month we'll do it

1786

01:17:28,120 --> 01:17:25,280

on the 20th it's a Monday and man I was

1787

01:17:31,149 --> 01:17:28,130

pretty tired and so kind of sick on the

1788

01:17:33,100 --> 01:17:31,159

last one I guess it worked out that it

1789

01:17:34,600 --> 01:17:33,110

was kind of short and a lot of lurkers

1790

01:17:37,180 --> 01:17:34,610

out there didn't really want to call in

1791

01:17:39,820 --> 01:17:37,190

and talk to me over a hundred people

1792

01:17:42,550 --> 01:17:39,830

listening but only a couple wanted to

1793

01:17:44,350 --> 01:17:42,560

talk so let's do this thing

1794

01:17:48,250 --> 01:17:44,360

don't be nervous now you know we're all

1795

01:17:50,080 --> 01:17:48,260

friends here but we'll see and with that

1796

01:17:51,399 --> 01:17:50,090

I'm getting out of here I hope we all

1797

01:17:53,830 --> 01:17:51,409

learned some stuff today

1798

01:17:55,660 --> 01:17:53,840

big thanks to James for his time and his

1799

01:17:58,209 --> 01:17:55,670

work I've done my part

1800

01:18:00,790 --> 01:17:58,219

your move ether deniers fake physics

1801  
01:18:06,239 --> 01:18:00,800  
suppliers and the whole damn scientific

1802  
01:18:10,729 --> 01:18:06,249  
cabal of liars your [h\_\_\h] move

1803  
01:18:16,049 --> 01:18:10,739  
and they built a little empire out of

1804  
01:18:21,810 --> 01:18:16,059  
some crazy garbage called the blood on

1805  
01:18:25,080 --> 01:18:21,820  
the exploited working-class but they've

1806  
01:18:28,709 --> 01:18:25,090  
overcome their shyness

1807  
01:18:36,569 --> 01:18:28,719  
now we're calling them your highness and

1808  
01:18:39,770 --> 01:18:36,579  
the world screams save me THC they

1809  
01:18:44,629 --> 01:18:39,780  
destroyed the bonds of friendship and

1810  
01:18:49,910 --> 01:18:44,639  
respect between the only people left

1811  
01:18:55,140 --> 01:18:49,920  
who'd even look them in the eye

1812  
01:18:59,279 --> 01:18:55,150  
now they laugh and make a fortune of the

1813  
01:19:03,290 --> 01:18:59,289

same ones that they torture and a world

1814

01:19:12,490 --> 01:19:03,300

screams save me THC

1815

01:19:35,810 --> 01:19:22,280

mr. Jesus away now we are the only one

1816

01:19:40,990 --> 01:19:35,820

who can tell me if it's true - they

1817

01:19:44,890 --> 01:19:41,000

built a little Empire out of some crazy

1818

01:19:49,020 --> 01:19:44,900

garbage called the blood of the

1819

01:19:54,130 --> 01:19:49,030

exploited working class

1820

01:19:58,030 --> 01:19:54,140

but they've overcome their shyness now

1821

01:20:02,500 --> 01:19:58,040

we're calling him your highness and the

1822

01:20:06,660 --> 01:20:02,510

world screams save me THC
