THEHIGHERSIDECHATS.COM

1
00:00:04,630 --> 00:00:02,869

[Music]

2
00:00:06,950 --> 00:00:04,640
congratulations youtube

3
00:00:08,390 --> 00:00:06,960
you did it you wore me down and you

4
00:00:10,709 --> 00:00:08,400
sucked me back in

5
00:00:12,230 --> 00:00:10,719
i have too many subscribers here just to

6
00:00:14,230 --> 00:00:12,240
walk away entirely

7
00:00:15,430 --> 00:00:14,240
especially with no alternative that

8
00:00:17,590 --> 00:00:15,440
truly stacks up

9
00:00:19,670 --> 00:00:17,600
and so many copycat channels uploading

10
00:00:22,150 --> 00:00:19,680
my shows for me anyway

11
00:00:24,150 --> 00:00:22,160
but we can't forget the thc's account

12
00:00:25,910 --> 00:00:24,160
here is on thin ice

13
00:00:28,710 --> 00:00:25,920

and so the youtube version of the show

14

00:00:31,669 --> 00:00:28,720

has to be prefaced with this little psa

15

00:00:32,950 --> 00:00:31,679

only to say that episodes that contain

16

00:00:34,709 --> 00:00:32,960

the kinds of themes that have been

17

00:00:37,670 --> 00:00:34,719

regularly banned on youtube

18

00:00:39,750 --> 00:00:37,680

will not appear here and even with that

19

00:00:41,350 --> 00:00:39,760

precaution there's already enough in the

20

00:00:43,350 --> 00:00:41,360

archive to get us removed

21

00:00:45,830 --> 00:00:43,360

so remember that the higher side chats

22

00:00:48,310 --> 00:00:45,840

could be banned or put in time out again

23

00:00:49,510 --> 00:00:48,320

at any time and i won't be able to tell

24

00:00:51,510 --> 00:00:49,520

you guys about it

25

00:00:53,270 --> 00:00:51,520

so if you feel like it's been too long

26
00:00:56,069 --> 00:00:53,280
since you've heard from me here on this

27
00:00:57,910 --> 00:00:56,079
digital dystopian draconian data mining

28
00:00:59,189 --> 00:00:57,920
monster of a police state seeking

29
00:01:00,990 --> 00:00:59,199
platform

30
00:01:03,750 --> 00:01:01,000
your first step should be to check the

31
00:01:08,789 --> 00:01:03,760
highersidechats.com for the latest shows

32
00:01:12,390 --> 00:01:10,710
embrace yourself because you're about to

33
00:01:14,230 --> 00:01:12,400
dive into another free first hour

34
00:01:15,510 --> 00:01:14,240
episode of the higher side chats

35
00:01:16,950 --> 00:01:15,520
and we just want to let you know that

36
00:01:18,630 --> 00:01:16,960
whether you're looking for a companion

37
00:01:19,910 --> 00:01:18,640
through your paranoid insomnia

38
00:01:21,670 --> 00:01:19,920

entertaining yourself through one of

39

00:01:23,190 --> 00:01:21,680

life's mundane activities

40

00:01:25,350 --> 00:01:23,200

or trying to ward off the internal

41

00:01:26,390 --> 00:01:25,360

screams of all those sad smothered souls

42

00:01:28,550 --> 00:01:26,400

around the office

43

00:01:30,149 --> 00:01:28,560

thc is here and you should know that

44

00:01:31,350 --> 00:01:30,159

every episode of the higher side chats

45

00:01:34,109 --> 00:01:31,360

has an entire second

46

00:01:35,350 --> 00:01:34,119

hour for plus members sign up at the

47

00:01:37,030 --> 00:01:35,360

highersidechats.com

48

00:01:39,350 --> 00:01:37,040

and you'll get years of plus show

49

00:01:40,950 --> 00:01:39,360

archives lifetime forum access

50

00:01:42,550 --> 00:01:40,960

a special invite to greg carlwood's

51

00:01:45,830 --> 00:01:42,560

monthly joint sessions

52

00:01:48,870 --> 00:01:45,840

mp3s of the music bonus episodes

53

00:01:50,469 --> 00:01:48,880

tour videos and 10 off t-shirts

54

00:01:52,550 --> 00:01:50,479

grinders and whatever else ends up in

55

00:01:53,990 --> 00:01:52,560

the higher side store it's eight dollars

56

00:01:55,749 --> 00:01:54,000

a month that you won't miss

57

00:01:57,590 --> 00:01:55,759

so become a plus member and treat

58

00:01:59,830 --> 00:01:57,600

yourself in these troubled times

59

00:02:01,270 --> 00:01:59,840

always action-packed and commercial-free

60

00:02:10,469 --> 00:02:01,280

which means you'll unfortunately

61

00:02:15,030 --> 00:02:13,190

in the 1930s president franklin delano

62

00:02:17,589 --> 00:02:15,040

roosevelt addressed the nation through a

63

00:02:19,270 --> 00:02:17,599

series of radio broadcasts known as the

64

00:02:21,430 --> 00:02:19,280

fireside chats

65

00:02:23,350 --> 00:02:21,440

his aim was to reassure the common man

66

00:02:24,470 --> 00:02:23,360

that our society would recover from its

67

00:02:27,110 --> 00:02:24,480

troubled times

68

00:02:28,630 --> 00:02:27,120

well we're far from 1930 and i deal with

69

00:02:31,350 --> 00:02:28,640

a different kind of fire

70

00:02:33,589 --> 00:02:31,360

for a new era of worldly frustration we

71

00:02:36,550 --> 00:02:33,599

offer a fresh conversation

72

00:02:38,630 --> 00:02:36,560

i'm greg carlwood and these are the

73

00:02:40,470 --> 00:02:38,640

higher side chats

74

00:02:42,470 --> 00:02:40,480

rock me like a hurricane higher side

75

00:02:44,869 --> 00:02:42,480

chatters how the hell are you from sunny

76

00:02:46,630 --> 00:02:44,879

san diego i'm greg carlwood just trying

77

00:02:48,229 --> 00:02:46,640

to navigate the vast and choppy

78

00:02:50,470 --> 00:02:48,239

conspiracy

79

00:02:52,309 --> 00:02:50,480

a task not made easy by our highly

80

00:02:55,030 --> 00:02:52,319

troubled times but as they say

81

00:02:55,350 --> 00:02:55,040

this too shall pass yet some mysteries

82

00:02:58,149 --> 00:02:55,360

do

83

00:03:00,229 --> 00:02:58,159

seem damn near eternal why is our planet

84

00:03:01,910 --> 00:03:00,239

so radically rich with life compared to

85

00:03:04,390 --> 00:03:01,920

every other one we can see

86

00:03:06,229 --> 00:03:04,400

why are we human so exponentially

87

00:03:07,270 --> 00:03:06,239

different from every other living being

88

00:03:09,350 --> 00:03:07,280

we know

89

00:03:11,110 --> 00:03:09,360

and as we dive deeper into a digital

90

00:03:12,949 --> 00:03:11,120

reality why does our dna

91

00:03:15,350 --> 00:03:12,959

seem more and more like some sort of

92

00:03:16,390 --> 00:03:15,360

pre-constructed intelligently engineered

93

00:03:18,070 --> 00:03:16,400

code

94

00:03:20,070 --> 00:03:18,080

it's these sort of questions that will

95

00:03:22,149 --> 00:03:20,080

always be worthy of an exploration

96

00:03:23,830 --> 00:03:22,159

because i fear that the puzzle may never

97

00:03:25,509 --> 00:03:23,840

fully be complete

98

00:03:27,509 --> 00:03:25,519

but there is a good case to be made that

99

00:03:29,350 --> 00:03:27,519

while we're told human progress has been

100

00:03:31,350 --> 00:03:29,360

a one-way trip to the top

101

00:03:33,830 --> 00:03:31,360

we've actually been devolving from a

102

00:03:36,309 --> 00:03:33,840

time when ascended masters or alien gods

103

00:03:38,229 --> 00:03:36,319

gave us the proverbial golden apple

104

00:03:40,710 --> 00:03:38,239

examinations of egyptian culture

105

00:03:42,470 --> 00:03:40,720

kabbalah hermetics greek philosophy and

106

00:03:44,309 --> 00:03:42,480

a variety of ancient texts

107

00:03:46,070 --> 00:03:44,319

do tend to seem a bit more dense in

108

00:03:48,390 --> 00:03:46,080

advance than a modern materialist

109

00:03:49,350 --> 00:03:48,400

mindset or a man-in-the-cloud spiritual

110

00:03:51,110 --> 00:03:49,360

model

111

00:03:52,949 --> 00:03:51,120

many cultures who have held tightly to

112

00:03:54,470 --> 00:03:52,959

their traditions do have myths and

113

00:03:56,869 --> 00:03:54,480

legends of sky people

114

00:03:58,710 --> 00:03:56,879

cosmic custodians or leaders depicted in

115

00:04:01,190 --> 00:03:58,720

ways that seem more than human

116

00:04:02,949 --> 00:04:01,200

and well maybe we should listen because

117

00:04:04,869 --> 00:04:02,959

good luck understanding the end of a

118

00:04:07,030 --> 00:04:04,879

movie if you missed the beginning

119

00:04:09,830 --> 00:04:07,040

well today we have with us bruce fenton

120

00:04:11,670 --> 00:04:09,840

a very savvy human story reconstructor

121

00:04:13,990 --> 00:04:11,680

who has been focused on the answers to

122

00:04:15,750 --> 00:04:14,000

these questions for quite some time

123

00:04:17,670 --> 00:04:15,760

along with his wife daniela they have

124

00:04:19,030 --> 00:04:17,680

been investigating the deepest mysteries

125

00:04:20,870 --> 00:04:19,040

of history and science

126

00:04:22,950 --> 00:04:20,880

tackling those strange holes in the

127

00:04:24,629 --> 00:04:22,960

story that are known as anomalies

128

00:04:26,469 --> 00:04:24,639

and trying to make sense of the very

129

00:04:27,749 --> 00:04:26,479

high strangeness stuff we tend to like

130

00:04:29,430 --> 00:04:27,759

around here

131

00:04:31,749 --> 00:04:29,440

bruce and daniela have traveled the

132

00:04:32,950 --> 00:04:31,759

world taking expeditions to wherever the

133

00:04:34,629 --> 00:04:32,960

mystery takes them

134

00:04:36,629 --> 00:04:34,639

and they've put out several great books

135

00:04:39,110 --> 00:04:36,639

along the way with titles like the

136

00:04:40,710 --> 00:04:39,120

forgotten exodus the into africa theory

137

00:04:43,030 --> 00:04:40,720

of human evolution

138

00:04:45,670 --> 00:04:43,040

hybrid humans scientific evidence of our

139

00:04:48,469 --> 00:04:45,680

800 000 year old alien legacy

140

00:04:49,110 --> 00:04:48,479

and most recently exogenesis hybrid

141

00:04:51,510 --> 00:04:49,120

humans

142

00:04:53,110 --> 00:04:51,520

a scientific history of extraterrestrial

143

00:04:54,950 --> 00:04:53,120

genetic manipulation

144

00:04:57,510 --> 00:04:54,960

while i could not be more sight to get

145

00:04:59,830 --> 00:04:57,520

into this and ancient aliens acolyte

146

00:05:01,830 --> 00:04:59,840

deep history detective and human story

147

00:05:03,029 --> 00:05:01,840

sage bruce fenton welcome to the higher

148

00:05:04,150 --> 00:05:03,039

side

149

00:05:05,749 --> 00:05:04,160

thank you so much greg i really

150

00:05:07,189 --> 00:05:05,759

appreciate that intros very good

151

00:05:08,390 --> 00:05:07,199

overview of the whole topic

152

00:05:10,310 --> 00:05:08,400

and look forward to it look forward to

153

00:05:13,189 --> 00:05:10,320

getting down into the data

154

00:05:14,469 --> 00:05:13,199

and the weirdness of all yes man this is

155

00:05:16,390 --> 00:05:14,479

a long time coming

156

00:05:18,070 --> 00:05:16,400

i know we've been talking about doing a

157

00:05:19,029 --> 00:05:18,080

show for a while and it's finally come

158

00:05:21,670 --> 00:05:19,039

to fruition

159

00:05:24,550 --> 00:05:21,680

but the timing is great because i really

160

00:05:26,629 --> 00:05:24,560

loved this new book exogenesis sometimes

161

00:05:27,350 --> 00:05:26,639

i get the catalogs from publishers and i

162

00:05:28,710 --> 00:05:27,360

think

163

00:05:31,029 --> 00:05:28,720

well you know i've done this sort of

164

00:05:33,670 --> 00:05:31,039

show maybe i'll pass on this one but man

165

00:05:34,629 --> 00:05:33,680

you do not just retread the old ancient

166

00:05:37,270 --> 00:05:34,639

aliens ground

167

00:05:37,990 --> 00:05:37,280

you fold in so much more and i know

168

00:05:40,070 --> 00:05:38,000

people are going to love

169

00:05:42,150 --> 00:05:40,080

it i guess to get us started give the

170

00:05:44,070 --> 00:05:42,160

people a sort of overview of how you

171

00:05:46,390 --> 00:05:44,080

approach these mysteries because

172

00:05:47,590 --> 00:05:46,400

we have those who emphasize physical

173

00:05:49,749 --> 00:05:47,600

beings building us

174

00:05:51,270 --> 00:05:49,759

as a slave species in some ancient

175

00:05:53,430 --> 00:05:51,280

frankenstein lab

176
00:05:55,189 --> 00:05:53,440
and then you have panspermia folks who

177
00:05:56,150 --> 00:05:55,199
think it's more reasonable to suggest

178
00:05:58,550 --> 00:05:56,160
some sort of

179
00:06:00,070 --> 00:05:58,560
terraforming probes could be responsible

180
00:06:02,629 --> 00:06:00,080
for the unpacking of life

181
00:06:04,309 --> 00:06:02,639
on earth and you seem to fold in both of

182
00:06:06,629 --> 00:06:04,319
these things and more

183
00:06:08,230 --> 00:06:06,639
how do you like to break people in yeah

184
00:06:09,830 --> 00:06:08,240
it's difficult i tend to take it back to

185
00:06:11,990 --> 00:06:09,840
the beginning and just

186
00:06:13,670 --> 00:06:12,000
tackle panspermia and the beginnings of

187
00:06:16,150 --> 00:06:13,680
life on earth just because

188
00:06:17,749 --> 00:06:16,160

there's a huge mystery there in which

189

00:06:19,990 --> 00:06:17,759

nobody really can

190

00:06:22,230 --> 00:06:20,000

absolutely claim to be the winner you

191

00:06:24,950 --> 00:06:22,240

know there's the conventional theory

192

00:06:27,350 --> 00:06:24,960

that we have emerged from geological and

193

00:06:29,670 --> 00:06:27,360

chemical processes through abiogenesis

194

00:06:31,110 --> 00:06:29,680

but you can't prove that there's no way

195

00:06:31,990 --> 00:06:31,120

we haven't got to replicate it in any

196

00:06:33,749 --> 00:06:32,000

experiments

197

00:06:35,670 --> 00:06:33,759

we haven't identified it happening

198

00:06:37,830 --> 00:06:35,680

anywhere on the planet you know within

199

00:06:38,950 --> 00:06:37,840

the last 4.5 billion years since the

200

00:06:42,550 --> 00:06:38,960

beginning of life

201

00:06:44,150 --> 00:06:42,560

so it's not a really a strong

202

00:06:45,270 --> 00:06:44,160

theory right where you can say oh yeah

203

00:06:46,070 --> 00:06:45,280

we've got the evidence we've done the

204

00:06:49,029 --> 00:06:46,080

experiments

205

00:06:50,390 --> 00:06:49,039

so if people come to realize that i

206

00:06:51,909 --> 00:06:50,400

think you then can say well hang on if

207

00:06:53,270 --> 00:06:51,919

the very foundations of this story are

208

00:06:55,830 --> 00:06:53,280

rather rocky

209

00:06:56,629 --> 00:06:55,840

then of course then much of that that

210

00:06:59,990 --> 00:06:56,639

follows

211

00:07:03,029 --> 00:07:00,000

may also be i'd posit that

212

00:07:06,150 --> 00:07:03,039

we are looking at most likely

213

00:07:07,189 --> 00:07:06,160

the case of directed panspermia and

214

00:07:09,909 --> 00:07:07,199

that's the

215

00:07:11,110 --> 00:07:09,919

intelligently directed seeding of life

216

00:07:13,710 --> 00:07:11,120

on earth and there's a

217

00:07:15,270 --> 00:07:13,720

a few reasons why i favor that over

218

00:07:17,909 --> 00:07:15,280

abiogenesis

219

00:07:19,110 --> 00:07:17,919

or over simply a natural panspermia

220

00:07:22,550 --> 00:07:19,120

event which would be

221

00:07:24,390 --> 00:07:22,560

life arriving on perhaps a comet or in

222

00:07:26,550 --> 00:07:24,400

cosmic dust you know happening to have

223

00:07:29,670 --> 00:07:26,560

bacteria or viruses on

224

00:07:31,749 --> 00:07:29,680

which is the more widely accepted

225

00:07:33,189 --> 00:07:31,759

panspermia model which has been largely

226

00:07:35,670 --> 00:07:33,199

proposed by

227

00:07:36,950 --> 00:07:35,680

professor wig from singer and colleagues

228

00:07:39,189 --> 00:07:36,960

which essentially is the

229

00:07:41,029 --> 00:07:39,199

the main figure in that discussion

230

00:07:42,390 --> 00:07:41,039

really is because

231

00:07:44,070 --> 00:07:42,400

i believe that if you look at this more

232

00:07:45,749 --> 00:07:44,080

closely you find that the most

233

00:07:46,950 --> 00:07:45,759

compelling argument has to be somehow

234

00:07:48,150 --> 00:07:46,960

intelligent the reason i say that is

235

00:07:50,309 --> 00:07:48,160

because we have

236

00:07:52,469 --> 00:07:50,319

now discovered that life begins on this

237

00:07:53,029 --> 00:07:52,479

planet around about 4.5 billion years

238

00:07:55,110 --> 00:07:53,039

ago

239

00:07:56,469 --> 00:07:55,120

the planet itself forms about 4.6

240

00:07:58,469 --> 00:07:56,479

billion years ago

241

00:07:59,990 --> 00:07:58,479

now that's very fast you know 100

242

00:08:02,150 --> 00:08:00,000

million years life appears

243

00:08:03,430 --> 00:08:02,160

flourishes right now if you consider

244

00:08:06,550 --> 00:08:03,440

that in the beginning

245

00:08:08,950 --> 00:08:06,560

this is kind of a barren hellscape lava

246

00:08:10,710 --> 00:08:08,960

and impacts and just mayhem so it's

247

00:08:11,270 --> 00:08:10,720

quite astonishing that it's that fast in

248

00:08:13,029 --> 00:08:11,280

fact

249

00:08:15,110 --> 00:08:13,039

it was long assumed it had taken around

250

00:08:16,629 --> 00:08:15,120

a billion years of random events

251
00:08:18,629 --> 00:08:16,639
before life emerged and we now know

252
00:08:21,430 --> 00:08:18,639
that's wrong we found fossils that are

253
00:08:22,790 --> 00:08:21,440
going back to about 4.2 billion the

254
00:08:24,469 --> 00:08:22,800
assumption there being that

255
00:08:25,990 --> 00:08:24,479
it's unlikely we found the oldest

256
00:08:27,990 --> 00:08:26,000
fossils and so they assume that they

257
00:08:31,110 --> 00:08:28,000
probably go back to 4.5

258
00:08:33,190 --> 00:08:31,120
and then separately there's been dna

259
00:08:33,750 --> 00:08:33,200
analysis a search for what's called luca

260
00:08:36,230 --> 00:08:33,760
the

261
00:08:37,430 --> 00:08:36,240
last universal common ancestor of all

262
00:08:39,589 --> 00:08:37,440
life on this planet

263
00:08:41,269 --> 00:08:39,599

now in that research they also concluded

264

00:08:41,990 --> 00:08:41,279

that all of the organisms that we know

265

00:08:44,949 --> 00:08:42,000

today

266

00:08:46,230 --> 00:08:44,959

go back to an ancestor living 4.5

267

00:08:46,710 --> 00:08:46,240

billion years ago so there you've got

268

00:08:49,990 --> 00:08:46,720

the

269

00:08:52,790 --> 00:08:50,000

genetic data

270

00:08:53,430 --> 00:08:52,800

merging right so that seems surprisingly

271

00:08:55,509 --> 00:08:53,440

fast and

272

00:08:56,630 --> 00:08:55,519

incredibly convenient it just happens to

273

00:08:58,630 --> 00:08:56,640

be the moment the crust

274

00:09:00,310 --> 00:08:58,640

is ready for it right so that's why i

275

00:09:01,670 --> 00:09:00,320

said i i fave the idea that

276
00:09:03,910 --> 00:09:01,680
it's been deliberately seeded you know

277
00:09:04,310 --> 00:09:03,920
when the plant is ready life is seeded

278
00:09:07,190 --> 00:09:04,320
here

279
00:09:07,590 --> 00:09:07,200
and plans to flourish now i recognize

280
00:09:09,670 --> 00:09:07,600
that

281
00:09:10,870 --> 00:09:09,680
for the very devout religious they'll

282
00:09:13,350 --> 00:09:10,880
say you know

283
00:09:13,990 --> 00:09:13,360
this is a creation story you know god

284
00:09:15,430 --> 00:09:14,000
does this

285
00:09:17,110 --> 00:09:15,440
you know waiver the magic hand or

286
00:09:18,550 --> 00:09:17,120
whatever and then conversely the a

287
00:09:21,030 --> 00:09:18,560
biogenesis people will

288
00:09:22,150 --> 00:09:21,040

die hardly you know doggedly stick to

289

00:09:24,550 --> 00:09:22,160

their model

290

00:09:26,389 --> 00:09:24,560

and at the moment you can't really say

291

00:09:28,310 --> 00:09:26,399

anyone wins i just think the logic

292

00:09:29,590 --> 00:09:28,320

better supports this model we can go

293

00:09:33,030 --> 00:09:29,600

from from that

294

00:09:35,509 --> 00:09:33,040

into you know a ongoing relationship

295

00:09:39,190 --> 00:09:35,519

that i see existing with intelligences

296

00:09:40,630 --> 00:09:39,200

from beyond this planet yes i'm glad you

297

00:09:41,829 --> 00:09:40,640

stopped there because that's exactly

298

00:09:42,470 --> 00:09:41,839

what i was going to bring up next of

299

00:09:44,790 --> 00:09:42,480

course

300

00:09:46,470 --> 00:09:44,800

the first chapter of any good story is

301
00:09:47,430 --> 00:09:46,480
interesting but it is just the first

302
00:09:50,230 --> 00:09:47,440
chapter

303
00:09:52,310 --> 00:09:50,240
and sometimes the insinuation is that we

304
00:09:53,750 --> 00:09:52,320
are the product of a handful of events

305
00:09:55,910 --> 00:09:53,760
that are so old

306
00:09:57,750 --> 00:09:55,920
that they have no real connection to our

307
00:09:59,990 --> 00:09:57,760
times except to say that

308
00:10:01,269 --> 00:10:00,000
humans spiraled out of them hundreds of

309
00:10:03,509 --> 00:10:01,279
thousands of years ago

310
00:10:05,509 --> 00:10:03,519
but i find it much more intriguing that

311
00:10:08,550 --> 00:10:05,519
we are in some sort of

312
00:10:11,190 --> 00:10:08,560
cosmic zoo or alien energy farm

313
00:10:13,670 --> 00:10:11,200

or just that modern alien abductions and

314

00:10:16,150 --> 00:10:13,680

craft sightings are very much related

315

00:10:19,110 --> 00:10:16,160

to human origins that there is some

316

00:10:21,190 --> 00:10:19,120

involvement from these beings still

317

00:10:23,509 --> 00:10:21,200

and that seems to be something you

318

00:10:25,910 --> 00:10:23,519

entertain as well right

319

00:10:27,670 --> 00:10:25,920

absolutely i think that the best

320

00:10:28,550 --> 00:10:27,680

visualization for people use is that of

321

00:10:30,829 --> 00:10:28,560

a garden

322

00:10:32,069 --> 00:10:30,839

you know that you go out and you plant

323

00:10:34,550 --> 00:10:32,079

various

324

00:10:35,750 --> 00:10:34,560

different trees and shrubs and

325

00:10:38,630 --> 00:10:35,760

vegetables in your garden

326

00:10:40,710 --> 00:10:38,640

and you tend it but you don't spend all

327

00:10:41,590 --> 00:10:40,720

day every day 24 7 out in your garden

328

00:10:43,829 --> 00:10:41,600

right you know you leave

329

00:10:45,430 --> 00:10:43,839

some fertilizers you do certain things

330

00:10:47,509 --> 00:10:45,440

you tend to you may

331

00:10:48,949 --> 00:10:47,519

cross species with each other you know

332

00:10:50,230 --> 00:10:48,959

produce you know particular types of

333

00:10:52,069 --> 00:10:50,240

flowers and the rest we know that we do

334

00:10:54,550 --> 00:10:52,079

all this in our gardens

335

00:10:56,150 --> 00:10:54,560

there is that ongoing kind of you know

336

00:10:57,750 --> 00:10:56,160

let's remove a weed this plant on the

337

00:10:59,110 --> 00:10:57,760

planet and that's how i look at earth i

338

00:11:00,870 --> 00:10:59,120

think that what we have here is after

339

00:11:03,190 --> 00:11:00,880

this seeding event

340

00:11:05,110 --> 00:11:03,200

that at least one intelligence i would

341

00:11:06,790 --> 00:11:05,120

suggest more than one intelligence

342

00:11:08,230 --> 00:11:06,800

is taking an interesting progression of

343

00:11:10,949 --> 00:11:08,240

life on this planet

344

00:11:12,470 --> 00:11:10,959

we see certain events for example the

345

00:11:14,470 --> 00:11:12,480

cambrian explosion which has been

346

00:11:17,910 --> 00:11:14,480

highlighted as anomalous

347

00:11:20,150 --> 00:11:17,920

that mesh very well with the idea of

348

00:11:22,470 --> 00:11:20,160

sort of temporally spaced intercessions

349

00:11:24,310 --> 00:11:22,480

into our story where we have

350

00:11:26,550 --> 00:11:24,320

what we call singer and his colleagues

351
00:11:29,110 --> 00:11:26,560
suggest is a moment where

352
00:11:29,829 --> 00:11:29,120
new information enters the evolutionary

353
00:11:32,949 --> 00:11:29,839
system

354
00:11:36,470 --> 00:11:32,959
most likely through a retrovirus

355
00:11:38,150 --> 00:11:36,480
coming from space infecting life on our

356
00:11:40,310 --> 00:11:38,160
planet at that time

357
00:11:41,910 --> 00:11:40,320
bringing new information into the system

358
00:11:44,550 --> 00:11:41,920
and that's why we have this sudden

359
00:11:46,710 --> 00:11:44,560
explosion of new organisms appearing in

360
00:11:49,110 --> 00:11:46,720
the fossil record without precursors

361
00:11:50,870 --> 00:11:49,120
and this has long been a point of debate

362
00:11:53,110 --> 00:11:50,880
between creationists and

363
00:11:54,470 --> 00:11:53,120

the materialists and so on as to what is

364

00:11:55,990 --> 00:11:54,480

actually going on in that moment

365

00:11:57,350 --> 00:11:56,000

well the one thing we say for sure is

366

00:11:58,150 --> 00:11:57,360

there's new information you know

367

00:12:00,230 --> 00:11:58,160

evolution

368

00:12:01,829 --> 00:12:00,240

producing new life forms requires some

369

00:12:03,110 --> 00:12:01,839

kind of new information in the system

370

00:12:05,030 --> 00:12:03,120

where is that coming from vikram

371

00:12:06,550 --> 00:12:05,040

singer's argument is the best you know

372

00:12:08,790 --> 00:12:06,560

coming from outside unless there's a

373

00:12:09,990 --> 00:12:08,800

miraculous occurrence here then it must

374

00:12:13,829 --> 00:12:10,000

be coming from somewhere i.e

375

00:12:15,990 --> 00:12:13,839

outside and a modified or a natural

376

00:12:17,350 --> 00:12:16,000

virus is the best way of explaining this

377

00:12:19,030 --> 00:12:17,360

i would suggest here again

378

00:12:20,870 --> 00:12:19,040

that unlike his contention that it's

379

00:12:24,069 --> 00:12:20,880

perhaps just random

380

00:12:27,110 --> 00:12:24,079

arrival of dust carrying viruses that

381

00:12:28,629 --> 00:12:27,120

again i see this more likely to be

382

00:12:30,870 --> 00:12:28,639

deliberate that we have these moments

383

00:12:33,110 --> 00:12:30,880

where modified retroviruses

384

00:12:34,310 --> 00:12:33,120

are seeded into the upper atmosphere and

385

00:12:36,550 --> 00:12:34,320

they then rain down

386

00:12:38,389 --> 00:12:36,560

they infect organisms and they cause

387

00:12:38,710 --> 00:12:38,399

these sudden jumps and mutations like

388

00:12:40,629 --> 00:12:38,720

this

389

00:12:41,829 --> 00:12:40,639

punctuated equilibrium model of

390

00:12:43,430 --> 00:12:41,839

evolution

391

00:12:45,509 --> 00:12:43,440

and i think we can see a number of these

392

00:12:46,470 --> 00:12:45,519

events across time

393

00:12:48,790 --> 00:12:46,480

and they explain a lot of the other

394

00:12:49,670 --> 00:12:48,800

anomalies in evolution in fact if you

395

00:12:51,910 --> 00:12:49,680

look at

396

00:12:53,670 --> 00:12:51,920

for example the evolution of the wing

397

00:12:55,350 --> 00:12:53,680

right is this idea that you know if you

398

00:12:57,910 --> 00:12:55,360

have a random mutation

399

00:12:59,269 --> 00:12:57,920

like you know stubs of a wing but why

400

00:12:59,670 --> 00:12:59,279

those are going to persist they have no

401
00:13:04,949 --> 00:12:59,680
use

402
00:13:06,550 --> 00:13:04,959
allow you to glide or fly

403
00:13:07,670 --> 00:13:06,560
you just have two flaps of skin sticking

404
00:13:09,350 --> 00:13:07,680
off the side of you those are actually

405
00:13:10,389 --> 00:13:09,360
an encumbrance more likely to be grabbed

406
00:13:12,150 --> 00:13:10,399
by predators

407
00:13:14,150 --> 00:13:12,160
they're using up energy they have no use

408
00:13:14,710 --> 00:13:14,160
so why do these persist until the point

409
00:13:16,389 --> 00:13:14,720
where they

410
00:13:17,829 --> 00:13:16,399
evolve into entire wing oh hang on a

411
00:13:19,030 --> 00:13:17,839
minute if they come as leaps

412
00:13:21,030 --> 00:13:19,040
you know new information in the system

413
00:13:22,230 --> 00:13:21,040

causing radical mutations then you start

414

00:13:23,670 --> 00:13:22,240

to see why things like the eye

415

00:13:26,069 --> 00:13:23,680

and wings and all sorts of strange

416

00:13:28,629 --> 00:13:26,079

things that are not useful in an

417

00:13:29,190 --> 00:13:28,639

intermediary stage might just suddenly

418

00:13:31,350 --> 00:13:29,200

appear

419

00:13:33,269 --> 00:13:31,360

right that we have these radical leaps

420

00:13:35,750 --> 00:13:33,279

in evolution these are all throughout

421

00:13:37,430 --> 00:13:35,760

the entire timeline i'd only suggest

422

00:13:37,829 --> 00:13:37,440

camera explosions it's a very obvious

423

00:13:39,590 --> 00:13:37,839

one

424

00:13:41,509 --> 00:13:39,600

we just have an unbelievable number of

425

00:13:44,389 --> 00:13:41,519

changes at once

426

00:13:46,870 --> 00:13:44,399

yeah man it seems like we are kind of

427

00:13:50,069 --> 00:13:46,880

predisposed to divide ourselves into

428

00:13:51,509 --> 00:13:50,079

camps and directed panspermia seems like

429

00:13:53,590 --> 00:13:51,519

the perfect story

430

00:13:56,710 --> 00:13:53,600

to come to when you reverse engineer

431

00:13:59,590 --> 00:13:56,720

those science first religion camps for a

432

00:14:00,150 --> 00:13:59,600

common ideological ancestor so to speak

433

00:14:02,389 --> 00:14:00,160

it's

434

00:14:05,509 --> 00:14:02,399

pretty perfect and i really do like that

435

00:14:08,870 --> 00:14:05,519

idea in terms of things going on

436

00:14:12,069 --> 00:14:08,880

today or clues today that could

437

00:14:13,750 --> 00:14:12,079

back up this potential epic story let me

438

00:14:15,110 --> 00:14:13,760

give people a quote from the book here

439

00:14:17,430 --> 00:14:15,120

where you write

440

00:14:20,069 --> 00:14:17,440

daniella and i are among those people

441

00:14:22,150 --> 00:14:20,079

impacted by alien abduction experiences

442

00:14:23,110 --> 00:14:22,160

my first relevant experience occurred in

443

00:14:25,189 --> 00:14:23,120

the form of

444

00:14:27,030 --> 00:14:25,199

recurrent vivid nightmares as a very

445

00:14:28,790 --> 00:14:27,040

young child i would find myself dreaming

446

00:14:29,990 --> 00:14:28,800

that i was on a metal table surrounded

447

00:14:31,910 --> 00:14:30,000

by strange humanoid

448

00:14:33,670 --> 00:14:31,920

entities one of them reminded me of the

449

00:14:35,030 --> 00:14:33,680

star wars character chewbacca and

450

00:14:38,150 --> 00:14:35,040

another of the vampire

451
00:14:38,550 --> 00:14:38,160
count dracula but my own alien abduction

452
00:14:41,269 --> 00:14:38,560
type

453
00:14:42,389 --> 00:14:41,279
experiences pale in comparison to those

454
00:14:44,790 --> 00:14:42,399
of daniella's

455
00:14:45,829 --> 00:14:44,800
to be perfectly honest all the accounts

456
00:14:48,230 --> 00:14:45,839
i have read fall

457
00:14:49,269 --> 00:14:48,240
short of the intense things daniella has

458
00:14:50,870 --> 00:14:49,279
been through

459
00:14:53,189 --> 00:14:50,880
well you know i gotta ask you to

460
00:14:53,670 --> 00:14:53,199
elaborate on that what could you tell us

461
00:14:56,629 --> 00:14:53,680
about

462
00:14:57,430 --> 00:14:56,639
her experiences that surpass the typical

463
00:14:59,350 --> 00:14:57,440

stories

464

00:15:01,269 --> 00:14:59,360

an audience like this is probably well

465

00:15:04,310 --> 00:15:01,279

familiar with and how could they

466

00:15:07,110 --> 00:15:04,320

relate to this bigger topic of alien

467

00:15:09,430 --> 00:15:07,120

involvement in the human story

468

00:15:10,870 --> 00:15:09,440

sure yeah i'm quickly um sidetracking to

469

00:15:13,670 --> 00:15:10,880

that for you

470

00:15:14,790 --> 00:15:13,680

daniel is a person who's had experiences

471

00:15:18,389 --> 00:15:14,800

really from

472

00:15:21,509 --> 00:15:18,399

toddler years onwards some of her

473

00:15:23,750 --> 00:15:21,519

early memories are of being in her crib

474

00:15:25,269 --> 00:15:23,760

seeing entities in the room including

475

00:15:28,389 --> 00:15:25,279

what looked like a kind of

476

00:15:30,230 --> 00:15:28,399

which was an ape-like entity that would

477

00:15:31,030 --> 00:15:30,240

jump around manic and jump around the

478

00:15:32,470 --> 00:15:31,040

room

479

00:15:34,069 --> 00:15:32,480

essentially you know scare i don't know

480

00:15:34,870 --> 00:15:34,079

if it's just scaring for the sake of

481

00:15:36,470 --> 00:15:34,880

scaring or

482

00:15:38,150 --> 00:15:36,480

but she had the sense of that you know

483

00:15:38,710 --> 00:15:38,160

did he want to maybe grab her unless it

484

00:15:40,790 --> 00:15:38,720

was

485

00:15:42,470 --> 00:15:40,800

kind of a frightening figure she'd also

486

00:15:44,629 --> 00:15:42,480

had experiences of

487

00:15:45,749 --> 00:15:44,639

flying out of her car so i mean this is

488

00:15:47,269 --> 00:15:45,759

some kind of astral

489

00:15:49,269 --> 00:15:47,279

travel type you know how body

490

00:15:50,949 --> 00:15:49,279

experiences that she had

491

00:15:52,230 --> 00:15:50,959

from around one or two years old you

492

00:15:55,430 --> 00:15:52,240

know she remembers that started very

493

00:15:58,470 --> 00:15:55,440

early in her life she's also always had

494

00:15:58,949 --> 00:15:58,480

the ability to see spirits of deceased

495

00:16:03,749 --> 00:15:58,959

people

496

00:16:05,670 --> 00:16:03,759

you know that through a childhood she

497

00:16:07,590 --> 00:16:05,680

recalls seeing he's like a tall

498

00:16:09,670 --> 00:16:07,600

shadow man that would be sometimes in

499

00:16:12,389 --> 00:16:09,680

the room an entity that looked

500

00:16:12,870 --> 00:16:12,399

a bit like a sort of a tall grey grey

501
00:16:14,870 --> 00:16:12,880
aliens

502
00:16:16,710 --> 00:16:14,880
so a bit like that and again alongside

503
00:16:18,150 --> 00:16:16,720
this would have experiences of seeing

504
00:16:20,470 --> 00:16:18,160
deceased people

505
00:16:22,069 --> 00:16:20,480
so that really was from her early years

506
00:16:24,189 --> 00:16:22,079
onwards now

507
00:16:25,670 --> 00:16:24,199
that i suppose in itself is not

508
00:16:27,030 --> 00:16:25,680
completely

509
00:16:29,590 --> 00:16:27,040
you know it's certainly not a bit unique

510
00:16:31,670 --> 00:16:29,600
i mean it's rare perhaps that someone

511
00:16:33,110 --> 00:16:31,680
has that intense level of experiences

512
00:16:35,509 --> 00:16:33,120
ongoing from

513
00:16:36,870 --> 00:16:35,519

so early in life but clearly obviously

514

00:16:39,350 --> 00:16:36,880

there are people who are

515

00:16:40,790 --> 00:16:39,360

psychic throughout life the herdsmen has

516

00:16:42,069 --> 00:16:40,800

become particularly more bizarre i

517

00:16:44,389 --> 00:16:42,079

suppose in the last

518

00:16:45,590 --> 00:16:44,399

decade when we had well a series of

519

00:16:46,389 --> 00:16:45,600

events particularly for her i mean it

520

00:16:50,150 --> 00:16:46,399

began

521

00:16:51,030 --> 00:16:50,160

really with me when i went to egypt back

522

00:16:54,230 --> 00:16:51,040

in

523

00:16:56,550 --> 00:16:54,240

november 2011.

524

00:16:57,350 --> 00:16:56,560

whilst there i went to a site called abu

525

00:16:58,629 --> 00:16:57,360

gurab

526

00:17:00,230 --> 00:16:58,639

which is i didn't know the time but

527

00:17:01,749 --> 00:17:00,240

there's some articles out there you'll

528

00:17:03,430 --> 00:17:01,759

find where they talk about the stargate

529

00:17:04,549 --> 00:17:03,440

abu ghraib i think particularly one by

530

00:17:07,669 --> 00:17:04,559

william henry

531

00:17:09,429 --> 00:17:07,679

the mythologist that this site

532

00:17:11,029 --> 00:17:09,439

is rumored to be amongst the most

533

00:17:13,750 --> 00:17:11,039

ancient on the giza plateau

534

00:17:14,230 --> 00:17:13,760

and it correlates with the pleiades on

535

00:17:15,750 --> 00:17:14,240

the ground

536

00:17:17,270 --> 00:17:15,760

if you look at this there's a star map

537

00:17:19,990 --> 00:17:17,280

that correlates with sites

538

00:17:20,549 --> 00:17:20,000

for giza if you mesh them up you find

539

00:17:23,029 --> 00:17:20,559

that

540

00:17:24,069 --> 00:17:23,039

this area meshes with the pleiades now

541

00:17:27,669 --> 00:17:24,079

whilst i was there

542

00:17:28,309 --> 00:17:27,679

i had this sense of connection with the

543

00:17:30,070 --> 00:17:28,319

pleiades

544

00:17:31,510 --> 00:17:30,080

of looking up i could see it rising over

545

00:17:33,750 --> 00:17:31,520

this site

546

00:17:35,190 --> 00:17:33,760

had a strong feeling that there was you

547

00:17:36,549 --> 00:17:35,200

know somebody there you know it's very

548

00:17:38,549 --> 00:17:36,559

weird is very abstract i'm not

549

00:17:40,070 --> 00:17:38,559

well you think it was a classic new ager

550

00:17:41,909 --> 00:17:40,080

who tried playing

551
00:17:44,070 --> 00:17:41,919
archurians you know be familiar with

552
00:17:45,029 --> 00:17:44,080
that kind of thing i just found myself

553
00:17:46,549 --> 00:17:45,039
saying you know

554
00:17:47,990 --> 00:17:46,559
why aren't you coming back to help you

555
00:17:48,310 --> 00:17:48,000
know why have you left the earth like

556
00:17:49,430 --> 00:17:48,320
this

557
00:17:50,630 --> 00:17:49,440
all these problems and you know it's

558
00:17:52,470 --> 00:17:50,640
really abstract but having this

559
00:17:53,110 --> 00:17:52,480
conversation in your head with just some

560
00:17:55,430 --> 00:17:53,120
stars

561
00:17:57,669 --> 00:17:55,440
rising over this temple no particular

562
00:17:59,830 --> 00:17:57,679
not like seeing a spaceship or anything

563
00:18:01,110 --> 00:17:59,840

but then afterwards you know nothing

564

00:18:02,470 --> 00:18:01,120

really happened i'd love to say you know

565

00:18:02,789 --> 00:18:02,480

spaceships throughout the air and you

566

00:18:04,070 --> 00:18:02,799

know

567

00:18:05,029 --> 00:18:04,080

lots of things happen but no it wasn't

568

00:18:06,230 --> 00:18:05,039

like that it was just you know it

569

00:18:09,029 --> 00:18:06,240

happened like that

570

00:18:09,750 --> 00:18:09,039

but then probably about two months after

571

00:18:11,750 --> 00:18:09,760

that

572

00:18:14,390 --> 00:18:11,760

i've gone back to the uk from the uk i

573

00:18:16,150 --> 00:18:14,400

went to spain where daniella was i

574

00:18:18,070 --> 00:18:16,160

was working in a school with her there

575

00:18:19,350 --> 00:18:18,080

and that's first time physically we make

576

00:18:22,070 --> 00:18:19,360

sure that we've known each other

577

00:18:23,750 --> 00:18:22,080

previous to that online and then from

578

00:18:24,549 --> 00:18:23,760

there we ended up going to ecuador where

579

00:18:26,630 --> 00:18:24,559

she has

580

00:18:28,710 --> 00:18:26,640

family so it was a little longer story

581

00:18:31,830 --> 00:18:28,720

but it's a bit more boring

582

00:18:33,750 --> 00:18:31,840

but we ended up in ecuador and so it was

583

00:18:35,430 --> 00:18:33,760

within a few days of being there

584

00:18:37,270 --> 00:18:35,440

that she had this experience where she

585

00:18:39,270 --> 00:18:37,280

became quite sort of

586

00:18:42,150 --> 00:18:39,280

ill she felt quite unwell she went to

587

00:18:43,909 --> 00:18:42,160

bed said she started a lot of pain

588

00:18:45,830 --> 00:18:43,919

and then kind of passed out from the

589

00:18:46,549 --> 00:18:45,840

pain and then she from her voice she's

590

00:18:49,350 --> 00:18:46,559

told me obviously

591

00:18:49,590 --> 00:18:49,360

experiences she found herself being kind

592

00:18:55,830 --> 00:18:49,600

of

593

00:18:56,390 --> 00:18:55,840

taken down to your atoms being torn

594

00:18:58,390 --> 00:18:56,400

apart

595

00:18:59,510 --> 00:18:58,400

almost to the nothing and then passing

596

00:19:01,510 --> 00:18:59,520

through some kind of

597

00:19:03,110 --> 00:19:01,520

energetic barrier almost like flying

598

00:19:05,190 --> 00:19:03,120

through the wall

599

00:19:08,150 --> 00:19:05,200

and that on the other side of this

600

00:19:10,870 --> 00:19:08,160

barrier re-manifesting as herself

601
00:19:12,870 --> 00:19:10,880
but being in this strange space which

602
00:19:16,070 --> 00:19:12,880
you have the sensation of it being

603
00:19:17,590 --> 00:19:16,080
kind of dome-shaped but you could see

604
00:19:18,310 --> 00:19:17,600
through the walls that kind of teal

605
00:19:19,510 --> 00:19:18,320
color

606
00:19:21,270 --> 00:19:19,520
you could see through these kind of

607
00:19:23,190 --> 00:19:21,280
stars through these walls and that

608
00:19:25,190 --> 00:19:23,200
within this structure there were beings

609
00:19:26,870 --> 00:19:25,200
you know tall humanoid beings that were

610
00:19:27,990 --> 00:19:26,880
in a kind of conference

611
00:19:29,110 --> 00:19:28,000
they were talking about kind of events

612
00:19:31,029 --> 00:19:29,120
on earth things that they said wouldn't

613
00:19:32,630 --> 00:19:31,039

come things that were happening

614

00:19:35,270 --> 00:19:32,640

some of them quite crazy kind of

615

00:19:36,390 --> 00:19:35,280

cataclysmic other things just spiritual

616

00:19:38,070 --> 00:19:36,400

and different groups having different

617

00:19:39,590 --> 00:19:38,080

conversations some of them would be

618

00:19:40,549 --> 00:19:39,600

looking at her you know others were just

619

00:19:42,870 --> 00:19:40,559

in their own

620

00:19:44,070 --> 00:19:42,880

conversations eventually some of them

621

00:19:44,630 --> 00:19:44,080

engaged and they were telling her you

622

00:19:46,070 --> 00:19:44,640

know this is

623

00:19:47,909 --> 00:19:46,080

gonna happen and you know what are you

624

00:19:51,190 --> 00:19:47,919

gonna do you know on all this and

625

00:19:52,630 --> 00:19:51,200

i really found a strange scenario

626

00:19:54,310 --> 00:19:52,640

with her all the time bear in mind she

627

00:19:55,830 --> 00:19:54,320

was wondering this point am i dead

628

00:19:57,909 --> 00:19:55,840

you know which i mean i think it's quite

629

00:19:59,270 --> 00:19:57,919

reasonable thing to think if you feel

630

00:20:01,830 --> 00:19:59,280

like you've been dismantled

631

00:20:02,470 --> 00:20:01,840

for some kind of barrier you know the

632

00:20:04,549 --> 00:20:02,480

logic

633

00:20:06,149 --> 00:20:04,559

in your mind is you know am i dead you

634

00:20:07,830 --> 00:20:06,159

know where am i

635

00:20:09,190 --> 00:20:07,840

and at the end of this experience you

636

00:20:11,430 --> 00:20:09,200

know she was

637

00:20:12,230 --> 00:20:11,440

sent back found herself back in her body

638

00:20:13,909 --> 00:20:12,240

you know

639

00:20:15,669 --> 00:20:13,919

i then asked her anything strange

640

00:20:17,190 --> 00:20:15,679

happened to her because unknown to her

641

00:20:19,190 --> 00:20:17,200

the whole time that this was going on

642

00:20:20,630 --> 00:20:19,200

she was actually mumbling you know

643

00:20:21,830 --> 00:20:20,640

unconscious she was mumbling about it

644

00:20:25,029 --> 00:20:21,840

and i could hear it from my

645

00:20:26,470 --> 00:20:25,039

free sons and coming changes and

646

00:20:27,430 --> 00:20:26,480

all sorts of stuff that i could have one

647

00:20:28,630 --> 00:20:27,440

side of what was obviously a

648

00:20:31,190 --> 00:20:28,640

conversation

649

00:20:32,950 --> 00:20:31,200

and so i was then tried to just test

650

00:20:33,510 --> 00:20:32,960

with her did she remember something odd

651
00:20:35,590 --> 00:20:33,520
happening

652
00:20:37,350 --> 00:20:35,600
i don't like to lead people to see what

653
00:20:38,549 --> 00:20:37,360
she could remember and so she told me

654
00:20:42,630 --> 00:20:38,559
about this experience

655
00:20:44,390 --> 00:20:42,640
now after that every few days

656
00:20:45,750 --> 00:20:44,400
a similar thing would happen she'd be

657
00:20:47,350 --> 00:20:45,760
taken from her body

658
00:20:49,110 --> 00:20:47,360
but instead of going to this meeting

659
00:20:50,230 --> 00:20:49,120
which we now suspect was probably in

660
00:20:52,390 --> 00:20:50,240
some kind of

661
00:20:54,549 --> 00:20:52,400
flying saucer because in this dome shape

662
00:20:56,549 --> 00:20:54,559
i mean kind of funnily enough you know

663
00:20:59,350 --> 00:20:56,559

reminds me of anything oh a lot of these

664

00:21:01,190 --> 00:20:59,360

objects seem to be dome shaped may not

665

00:21:03,029 --> 00:21:01,200

have been but that's what we assume now

666

00:21:05,990 --> 00:21:03,039

that afterwards she would instead be

667

00:21:09,669 --> 00:21:06,000

taken from her body and find herself

668

00:21:12,310 --> 00:21:09,679

in someone else's body in this tall lady

669

00:21:13,430 --> 00:21:12,320

abnormally tall about two meters or so

670

00:21:15,270 --> 00:21:13,440

tall

671

00:21:16,470 --> 00:21:15,280

and the first experience she fasted in a

672

00:21:17,750 --> 00:21:16,480

tunnel system

673

00:21:19,750 --> 00:21:17,760

somewhere and she went through these

674

00:21:20,789 --> 00:21:19,760

tunnels and found a group of other

675

00:21:23,909 --> 00:21:20,799

beings that were the

676

00:21:25,029 --> 00:21:23,919

tall humans abnormally to all humans

677

00:21:26,390 --> 00:21:25,039

having a meeting and they were all in

678

00:21:27,830 --> 00:21:26,400

this kind of native american kind of

679

00:21:29,590 --> 00:21:27,840

clothes i mean we now know

680

00:21:31,909 --> 00:21:29,600

that they're actually sort of mayan

681

00:21:33,350 --> 00:21:31,919

clothes and over a number of these

682

00:21:34,789 --> 00:21:33,360

journeys i mean again there was dozens

683

00:21:36,630 --> 00:21:34,799

and dozens of these journeys

684

00:21:38,149 --> 00:21:36,640

that she came to understand that she was

685

00:21:41,190 --> 00:21:38,159

in palenque which is

686

00:21:45,110 --> 00:21:41,200

down in yucatan and the he was

687

00:21:46,070 --> 00:21:45,120

around about around 650 to 700 a.d that

688

00:21:48,950 --> 00:21:46,080

kind of time space

689

00:21:49,750 --> 00:21:48,960
with lord pacau being the lord of

690

00:21:50,789 --> 00:21:49,760
palenque

691

00:21:52,470 --> 00:21:50,799
and that there was this whole load of

692

00:21:54,149 --> 00:21:52,480
these beings who you know given to

693

00:21:54,870 --> 00:21:54,159
understand were kind of hybrids human

694

00:21:56,230 --> 00:21:54,880
hybrids

695

00:21:58,070 --> 00:21:56,240
that have been modified by an

696

00:22:00,070 --> 00:21:58,080
extraterrestrial group and that there

697

00:22:00,630 --> 00:22:00,080
were others there that she saw tall

698

00:22:02,870 --> 00:22:00,640
greys

699

00:22:03,990 --> 00:22:02,880
that were also in areas under this city

700

00:22:05,510 --> 00:22:04,000
and meanwhile you've got the normal

701
00:22:07,669 --> 00:22:05,520
mayans these humans

702
00:22:08,630 --> 00:22:07,679
living there in the city but these lords

703
00:22:10,710 --> 00:22:08,640
of palenque

704
00:22:12,630 --> 00:22:10,720
she's anything but normal with

705
00:22:13,190 --> 00:22:12,640
incredible powers and run really fast

706
00:22:15,190 --> 00:22:13,200
they're

707
00:22:17,110 --> 00:22:15,200
incredibly strong you know all sorts of

708
00:22:19,350 --> 00:22:17,120
abnormal traits

709
00:22:21,350 --> 00:22:19,360
now she's like what do you make of that

710
00:22:22,870 --> 00:22:21,360
so she was like well

711
00:22:24,149 --> 00:22:22,880
there's no way to explain it because you

712
00:22:25,750 --> 00:22:24,159
can't really say we don't know for sure

713
00:22:28,310 --> 00:22:25,760

whether it was

714

00:22:30,149 --> 00:22:28,320

aliens taking it to the past or whether

715

00:22:32,630 --> 00:22:30,159

there's some sort of projection

716

00:22:33,590 --> 00:22:32,640

of that time into her mind by some

717

00:22:35,669 --> 00:22:33,600

intelligence

718

00:22:37,590 --> 00:22:35,679

or you know astral time travel what

719

00:22:39,029 --> 00:22:37,600

names gives us but i personally i don't

720

00:22:41,830 --> 00:22:39,039

know of anyone

721

00:22:42,710 --> 00:22:41,840

anywhere ever that's had that kind of

722

00:22:44,149 --> 00:22:42,720

experience

723

00:22:45,669 --> 00:22:44,159

where you've had people mind we're

724

00:22:46,310 --> 00:22:45,679

talking about dozens and dozens of these

725

00:22:48,149 --> 00:22:46,320

a whole

726

00:22:51,270 --> 00:22:48,159

second life that she was living

727

00:22:52,230 --> 00:22:51,280

throughout the year 2012 into early 2013

728

00:22:53,990 --> 00:22:52,240

where literally should come back

729

00:22:55,190 --> 00:22:54,000

sometimes with black eyes from being

730

00:22:57,270 --> 00:22:55,200

punched in the face there

731

00:22:58,630 --> 00:22:57,280

and have real black eyes another time

732

00:23:00,710 --> 00:22:58,640

she was given

733

00:23:02,390 --> 00:23:00,720

a liquid which she was these greys were

734

00:23:04,310 --> 00:23:02,400

trying to wipe her memory

735

00:23:05,669 --> 00:23:04,320

they gave her this liquid and she was

736

00:23:07,350 --> 00:23:05,679

starting to be ill but then she was

737

00:23:09,029 --> 00:23:07,360

vomiting in the bedroom

738

00:23:10,390 --> 00:23:09,039

like vomiting off the side of the bed so

739

00:23:11,750 --> 00:23:10,400

bear in mind you know you're given

740

00:23:15,669 --> 00:23:11,760

something in this

741

00:23:18,149 --> 00:23:15,679

hyper real vr place whatever it is

742

00:23:18,789 --> 00:23:18,159

but you're literally sick here when you

743

00:23:20,470 --> 00:23:18,799

come back

744

00:23:23,750 --> 00:23:20,480

like really ill vomiting and stuff right

745

00:23:26,310 --> 00:23:23,760

so there was a very permeable

746

00:23:27,510 --> 00:23:26,320

line between these two lives and also

747

00:23:28,070 --> 00:23:27,520

she would see another version of me

748

00:23:30,390 --> 00:23:28,080

there

749

00:23:31,430 --> 00:23:30,400

that i was essentially the war chief of

750

00:23:34,870 --> 00:23:31,440

palenque

751
00:23:37,750 --> 00:23:34,880
and second to pacao and that there

752
00:23:39,590 --> 00:23:37,760
i'm kind of i'm still her partner there

753
00:23:41,830 --> 00:23:39,600
but i'm this sort of

754
00:23:43,269 --> 00:23:41,840
kind of slightly obnoxious in a way kind

755
00:23:45,990 --> 00:23:43,279
of macho

756
00:23:46,710 --> 00:23:46,000
kind of annoying kind of guy for

757
00:23:48,310 --> 00:23:46,720
actually

758
00:23:50,310 --> 00:23:48,320
you know i guess i've shooted the times

759
00:23:52,149 --> 00:23:50,320
that you know that i was living in

760
00:23:53,830 --> 00:23:52,159
you know i'm supposed to be the kind of

761
00:23:55,269 --> 00:23:53,840
tough guy you know so it's really

762
00:23:56,710 --> 00:23:55,279
surreal though because she's seeing me

763
00:23:57,269 --> 00:23:56,720

there and then she's seeing me in her

764

00:24:00,390 --> 00:23:57,279

life

765

00:24:01,669 --> 00:24:00,400

back in the present she's got kids there

766

00:24:03,190 --> 00:24:01,679

she's got kids here

767

00:24:04,789 --> 00:24:03,200

she said you know you imagine this

768

00:24:07,510 --> 00:24:04,799

obviously this had

769

00:24:09,430 --> 00:24:07,520

permanent life-changing effects on it

770

00:24:10,789 --> 00:24:09,440

psychological changes also she feels

771

00:24:13,590 --> 00:24:10,799

physical changes

772

00:24:13,909 --> 00:24:13,600

um emotional changes because you can't

773

00:24:17,190 --> 00:24:13,919

live

774

00:24:18,549 --> 00:24:17,200

major

775

00:24:19,909 --> 00:24:18,559

impact and they gave all sorts of

776

00:24:21,669 --> 00:24:19,919

information as well you know about

777

00:24:22,710 --> 00:24:21,679

changes and showing their calendars of

778

00:24:24,789 --> 00:24:22,720

when things would happen

779

00:24:26,950 --> 00:24:24,799

and where crystal skulls were hidden in

780

00:24:28,630 --> 00:24:26,960

there rooms full of tablets with loads

781

00:24:30,390 --> 00:24:28,640

of information on you know all sorts of

782

00:24:32,149 --> 00:24:30,400

stuff there's a whole

783

00:24:33,990 --> 00:24:32,159

you know yeah it's so strange and i'd

784

00:24:35,350 --> 00:24:34,000

hear at night mumbling in mayan i would

785

00:24:37,750 --> 00:24:35,360

hear her talking in mayan

786

00:24:38,950 --> 00:24:37,760

right and kicking the wall and stuff and

787

00:24:40,310 --> 00:24:38,960

this went on for months

788

00:24:41,590 --> 00:24:40,320

so when i talk about that daniela's

789

00:24:43,190 --> 00:24:41,600

experiences are extraordinary i mean

790

00:24:44,310 --> 00:24:43,200

they're really really extraordinary to

791

00:24:45,909 --> 00:24:44,320

the point where

792

00:24:48,549 --> 00:24:45,919

i just don't know of any other

793

00:24:51,830 --> 00:24:48,559

experiences as extraordinary as that

794

00:24:53,269 --> 00:24:51,840

wow yes yes and uh the kind of artifact

795

00:24:53,909 --> 00:24:53,279

stuff you mentioned there towards the

796

00:24:55,269 --> 00:24:53,919

end is

797

00:24:56,950 --> 00:24:55,279

definitely the next thing i wanted to

798

00:24:59,350 --> 00:24:56,960

talk about but the

799

00:25:00,789 --> 00:24:59,360

ecuadorian trigger is kind of

800

00:25:03,110 --> 00:25:00,799

interesting because

801
00:25:05,190 --> 00:25:03,120
i've heard other stories of paranormal

802
00:25:08,070 --> 00:25:05,200
experiences being triggered by

803
00:25:09,190 --> 00:25:08,080
a return to someone's ancestral land you

804
00:25:11,990 --> 00:25:09,200
said she had family there

805
00:25:13,669 --> 00:25:12,000
yeah we do talk about the veil today

806
00:25:16,310 --> 00:25:13,679
being thicker than it was

807
00:25:18,710 --> 00:25:16,320
at a time in the past that communion is

808
00:25:21,190 --> 00:25:18,720
more rare than maybe it used to be

809
00:25:22,950 --> 00:25:21,200
well we also do have more people away

810
00:25:25,750 --> 00:25:22,960
from their ancestral lands than

811
00:25:27,269 --> 00:25:25,760
any other time and indigenous tribes who

812
00:25:28,950 --> 00:25:27,279
have stayed in one spot do

813
00:25:31,590 --> 00:25:28,960

also seem to have the strongest

814

00:25:33,990 --> 00:25:31,600

connection to that spirit world still

815

00:25:35,430 --> 00:25:34,000

maybe the correlation is important i i

816

00:25:36,230 --> 00:25:35,440

don't know and it seems like it'd be a

817

00:25:38,390 --> 00:25:36,240

weird one

818

00:25:39,750 --> 00:25:38,400

but there is a shape there that i've

819

00:25:41,590 --> 00:25:39,760

heard before

820

00:25:44,149 --> 00:25:41,600

well i do think there's a connection and

821

00:25:45,909 --> 00:25:44,159

what we found out later as well that

822

00:25:47,510 --> 00:25:45,919

her father had had some quite strange

823

00:25:48,310 --> 00:25:47,520

prison i don't know as exchanged as that

824

00:25:49,990 --> 00:25:48,320

but he

825

00:25:51,750 --> 00:25:50,000

told us that he remembered when he was

826
00:25:52,549 --> 00:25:51,760
younger he used to have these very vivid

827
00:25:56,149 --> 00:25:52,559
dreams

828
00:25:58,230 --> 00:25:56,159
where he was this inca some kind of lord

829
00:25:59,350 --> 00:25:58,240
in the inca right and which obviously

830
00:26:01,510 --> 00:25:59,360
you know they stretched there and

831
00:26:03,269 --> 00:26:01,520
stretched mostly across peru but at one

832
00:26:05,350 --> 00:26:03,279
point into ecuador a bit as well

833
00:26:06,630 --> 00:26:05,360
and that he would have people bowing to

834
00:26:08,789 --> 00:26:06,640
him you know bound to him and

835
00:26:10,149 --> 00:26:08,799
he wasn't he was away he wasn't like the

836
00:26:11,669 --> 00:26:10,159
inca the emperor

837
00:26:13,669 --> 00:26:11,679
but he was some senior person who was

838
00:26:15,110 --> 00:26:13,679

connected to where the treasures were

839

00:26:15,830 --> 00:26:15,120

kept you know some kind of treasure or

840

00:26:17,909 --> 00:26:15,840

something like that

841

00:26:19,669 --> 00:26:17,919

and in these repeating dreams you know

842

00:26:20,950 --> 00:26:19,679

that he would look around the city and

843

00:26:22,710 --> 00:26:20,960

he'd know where things were

844

00:26:24,549 --> 00:26:22,720

and it really echoed with it he said in

845

00:26:26,789 --> 00:26:24,559

one day he was with his family and they

846

00:26:27,750 --> 00:26:26,799

were driving him along through a town he

847

00:26:29,190 --> 00:26:27,760

was quite young

848

00:26:31,190 --> 00:26:29,200

and he's saying he looked out the window

849

00:26:34,149 --> 00:26:31,200

and he realized it was the town

850

00:26:35,669 --> 00:26:34,159

from the dreams and he was like i wonder

851
00:26:38,390 --> 00:26:35,679
if i know where the gold is

852
00:26:39,269 --> 00:26:38,400
you know in this town he said but then

853
00:26:41,110 --> 00:26:39,279
he never then

854
00:26:42,549 --> 00:26:41,120
found out where that was he couldn't you

855
00:26:43,669 --> 00:26:42,559
know he didn't know what town what he

856
00:26:44,789 --> 00:26:43,679
was doing you're driving for a town

857
00:26:46,950 --> 00:26:44,799
the sort of thing about he said he never

858
00:26:48,390 --> 00:26:46,960
again found that town but he said he

859
00:26:50,230 --> 00:26:48,400
remembers it at one point he drove for

860
00:26:51,190 --> 00:26:50,240
town he was like oh my god this is the

861
00:26:53,269 --> 00:26:51,200
town

862
00:26:54,789 --> 00:26:53,279
was in my dream you know he was sort of

863
00:26:56,710 --> 00:26:54,799

aware that maybe he still

864

00:26:57,909 --> 00:26:56,720

could find where that gold had been kept

865

00:26:59,430 --> 00:26:57,919

because he was sort of in charge

866

00:27:00,950 --> 00:26:59,440

so obviously i was kind of like can't

867

00:27:03,669 --> 00:27:00,960

you please try

868

00:27:04,149 --> 00:27:03,679

harder to remember the town because you

869

00:27:05,750 --> 00:27:04,159

know

870

00:27:07,909 --> 00:27:05,760

so i do think it's in the family and

871

00:27:10,470 --> 00:27:07,919

daniella's grandmother was a healer

872

00:27:12,230 --> 00:27:10,480

she was kind of a traditional healer his

873

00:27:13,830 --> 00:27:12,240

father also has had experience of ufos

874

00:27:14,230 --> 00:27:13,840

and this eventually came out he's not a

875

00:27:15,669 --> 00:27:14,240

very

876

00:27:17,269 --> 00:27:15,679

you know he's someone who's quite closed

877

00:27:18,789 --> 00:27:17,279

about these topics but

878

00:27:20,389 --> 00:27:18,799

in some conversations he's kind of admit

879

00:27:22,070 --> 00:27:20,399

to me that he's had experiences in the

880

00:27:24,549 --> 00:27:22,080

jungle there where

881

00:27:25,750 --> 00:27:24,559

orbs following him in his car and orbs

882

00:27:27,669 --> 00:27:25,760

would follow him

883

00:27:29,110 --> 00:27:27,679

he's in a flying saucer hovering over

884

00:27:30,630 --> 00:27:29,120

the cathedral in the middle of his

885

00:27:33,590 --> 00:27:30,640

hometown

886

00:27:35,190 --> 00:27:33,600

also with what i've said strange dreams

887

00:27:35,590 --> 00:27:35,200

so clearly there is something in that

888

00:27:39,350 --> 00:27:35,600

line

889

00:27:40,549 --> 00:27:39,360

you know is

890

00:27:42,870 --> 00:27:40,559

to do around stressful healing and

891

00:27:44,389 --> 00:27:42,880

shamanism and i mean she was recognized

892

00:27:46,310 --> 00:27:44,399

as being a shaman by the people in

893

00:27:48,549 --> 00:27:46,320

ecuador i mean one of the schwa

894

00:27:49,430 --> 00:27:48,559

shamanic asked if she would come wanted

895

00:27:51,909 --> 00:27:49,440

to come

896

00:27:53,669 --> 00:27:51,919

work with them in the jungle you know it

897

00:27:55,350 --> 00:27:53,679

didn't really fit with our life but

898

00:27:56,630 --> 00:27:55,360

they were aware from the experiences she

899

00:27:57,430 --> 00:27:56,640

was having that she was obviously a

900

00:27:59,430 --> 00:27:57,440

gifted

901
00:28:01,590 --> 00:27:59,440
shamanic healer and she's in my view

902
00:28:03,269 --> 00:28:01,600
very powerful tonight i've seen her

903
00:28:04,149 --> 00:28:03,279
remove energy problems from people and

904
00:28:05,430 --> 00:28:04,159
that you know they're throwing up you

905
00:28:06,710 --> 00:28:05,440
know she does clearing on people and

906
00:28:07,350 --> 00:28:06,720
people go tall and they're puking and

907
00:28:09,029 --> 00:28:07,360
stuff and

908
00:28:10,389 --> 00:28:09,039
clearing out so i mean it's quite

909
00:28:11,750 --> 00:28:10,399
powerful i mean

910
00:28:12,870 --> 00:28:11,760
again if you're people familiar with

911
00:28:13,669 --> 00:28:12,880
those kind of things i get there for a

912
00:28:14,389 --> 00:28:13,679
lot of people it's just you know it

913
00:28:15,909 --> 00:28:14,399

sounds like we

914

00:28:17,669 --> 00:28:15,919

sound crazy but i mean i've seen enough

915

00:28:18,470 --> 00:28:17,679

of it myself i'm aware of her

916

00:28:19,830 --> 00:28:18,480

experiences

917

00:28:21,990 --> 00:28:19,840

i'm aware of what she can do she's

918

00:28:23,669 --> 00:28:22,000

helped me a lot personally with

919

00:28:25,590 --> 00:28:23,679

my own troubles that i've had with

920

00:28:27,190 --> 00:28:25,600

negative energies all sorts of stuff

921

00:28:28,389 --> 00:28:27,200

so yeah i mean it fits with it you know

922

00:28:29,590 --> 00:28:28,399

and obviously for the people in ecuador

923

00:28:30,310 --> 00:28:29,600

this isn't the problem you sit down and

924

00:28:31,909 --> 00:28:30,320

we'd have to we

925

00:28:33,990 --> 00:28:31,919

you know we talk with sorcerers and

926

00:28:35,029 --> 00:28:34,000

healers and shamans and you know we met

927

00:28:36,549 --> 00:28:35,039

quality people like that and she's

928

00:28:38,230 --> 00:28:36,559

learned from quite a lot of people

929

00:28:40,070 --> 00:28:38,240

so for them it's not a strange

930

00:28:42,149 --> 00:28:40,080

conversation for a lot of people in

931

00:28:44,070 --> 00:28:42,159

ecuador generally you can talk about

932

00:28:45,750 --> 00:28:44,080

paranormal and metaphysical things

933

00:28:47,669 --> 00:28:45,760

without it being seen as

934

00:28:49,510 --> 00:28:47,679

crazy or ufos being seen as particularly

935

00:28:52,230 --> 00:28:49,520

strange you know these are

936

00:28:53,750 --> 00:28:52,240

fairly widely accepted topics yeah i

937

00:28:55,269 --> 00:28:53,760

mean it's quite normal to have a shaman

938

00:28:56,549 --> 00:28:55,279

having an office in the town where you

939

00:28:56,950 --> 00:28:56,559

can go to see the shaman and stuff you

940

00:28:58,960 --> 00:28:56,960

know

941

00:29:00,630 --> 00:28:58,970

so it's quite different

942

00:29:03,750 --> 00:29:00,640

[Music]

943

00:29:07,029 --> 00:29:03,760

yeah i mean i love it and to get into

944

00:29:08,710 --> 00:29:07,039

artifacts or treasures you also write

945

00:29:11,110 --> 00:29:08,720

about the long history of

946

00:29:13,110 --> 00:29:11,120

psychic communication alien abduction

947

00:29:13,590 --> 00:29:13,120

information download and this sort of

948

00:29:16,070 --> 00:29:13,600

thing

949

00:29:17,830 --> 00:29:16,080

and note that the messages are often

950

00:29:20,149 --> 00:29:17,840

similar as if there is some sort of

951
00:29:21,909 --> 00:29:20,159
higher intelligence or multi-dimensional

952
00:29:24,070 --> 00:29:21,919
beings calling up the earth to check and

953
00:29:26,710 --> 00:29:24,080
see if we're ready for wider contact

954
00:29:27,269 --> 00:29:26,720
but even more interesting is this idea

955
00:29:30,070 --> 00:29:27,279
that we have

956
00:29:31,669 --> 00:29:30,080
physical objects that have aspects of

957
00:29:34,710 --> 00:29:31,679
this deep history

958
00:29:36,549 --> 00:29:34,720
or these messages embedded within them

959
00:29:38,310 --> 00:29:36,559
obviously you mentioned crystal skulls

960
00:29:39,430 --> 00:29:38,320
earlier that's an example people might

961
00:29:42,310 --> 00:29:39,440
be familiar with

962
00:29:43,029 --> 00:29:42,320
but maybe there's even some sentient

963
00:29:44,789 --> 00:29:43,039

projected

964

00:29:47,029 --> 00:29:44,799

consciousness inside of them to give

965

00:29:49,190 --> 00:29:47,039

people an example of such an object can

966

00:29:53,909 --> 00:29:49,200

you tell us about this story

967

00:29:55,909 --> 00:29:53,919

from a tibetan zogchen master norbu i

968

00:29:58,230 --> 00:29:55,919

guess this is his uncle's story but

969

00:30:00,230 --> 00:29:58,240

it's a story i hadn't heard before

970

00:30:01,590 --> 00:30:00,240

what's the deal there

971

00:30:03,190 --> 00:30:01,600

yeah i think that's an awesome story

972

00:30:04,389 --> 00:30:03,200

because apart from anything else it's

973

00:30:06,549 --> 00:30:04,399

really just

974

00:30:08,710 --> 00:30:06,559

you know it's in a book about buddhism

975

00:30:09,830 --> 00:30:08,720

and you know some experiences of this

976

00:30:11,269 --> 00:30:09,840

master and who knows

977

00:30:13,350 --> 00:30:11,279

it really it has nothing to do with what

978

00:30:15,269 --> 00:30:13,360

we think of you know aliens or

979

00:30:16,549 --> 00:30:15,279

you know kind of that kind of stuff so

980

00:30:18,149 --> 00:30:16,559

he's you know he's not telling

981

00:30:19,669 --> 00:30:18,159

us a preface by saying he's not telling

982

00:30:21,510 --> 00:30:19,679

this story in a way that

983

00:30:23,830 --> 00:30:21,520

would aggrandize him or it's important

984

00:30:24,470 --> 00:30:23,840

to his life narrative right or to

985

00:30:26,310 --> 00:30:24,480

buddhism

986

00:30:27,990 --> 00:30:26,320

he just kind of uses examples one of the

987

00:30:31,269 --> 00:30:28,000

strange things that happened

988

00:30:32,630 --> 00:30:31,279

whilst he was becoming a meditation

989

00:30:34,630 --> 00:30:32,640

master in tibet

990

00:30:36,070 --> 00:30:34,640

so it turns out yeah that his uncle has

991

00:30:37,909 --> 00:30:36,080

this dream they're both you know

992

00:30:39,990 --> 00:30:37,919

meditation masters but obviously his

993

00:30:43,190 --> 00:30:40,000

uncle is more senior and has had

994

00:30:44,389 --> 00:30:43,200

he's revered as a great teacher now his

995

00:30:45,990 --> 00:30:44,399

uncle has this kind of dream and it

996

00:30:47,669 --> 00:30:46,000

becomes aware where there's a sacred

997

00:30:49,909 --> 00:30:47,679

object now there's a tradition in the

998

00:30:50,710 --> 00:30:49,919

himalayas that these meditation masters

999

00:30:53,510 --> 00:30:50,720

will often

1000

00:30:55,269 --> 00:30:53,520

have visions or dreams or encounters

1001
00:30:57,509 --> 00:30:55,279
that give them information

1002
00:30:58,310 --> 00:30:57,519
where they can find hidden texts and

1003
00:30:59,909 --> 00:30:58,320
this is

1004
00:31:01,509 --> 00:30:59,919
very well understood that sometimes a

1005
00:31:04,070 --> 00:31:01,519
meditation master will hide

1006
00:31:05,669 --> 00:31:04,080
a scroll okay that's not useful to

1007
00:31:07,350 --> 00:31:05,679
people now but that teaching will be

1008
00:31:10,470 --> 00:31:07,360
great in 600 years time

1009
00:31:11,909 --> 00:31:10,480
so i put it there and the way they work

1010
00:31:14,389 --> 00:31:11,919
somehow will set up a

1011
00:31:16,710 --> 00:31:14,399
situation that that will be found in 600

1012
00:31:18,549 --> 00:31:16,720
years right through consciousness and

1013
00:31:20,389 --> 00:31:18,559

strange stuff that most people work at

1014

00:31:21,029 --> 00:31:20,399

the fathom but essentially that there

1015

00:31:22,470 --> 00:31:21,039

will be

1016

00:31:25,350 --> 00:31:22,480

you know an event like you know dream

1017

00:31:27,110 --> 00:31:25,360

vision and then the master offering oh

1018

00:31:29,190 --> 00:31:27,120

now i've seen where i can find one of

1019

00:31:30,630 --> 00:31:29,200

these scrolls or one of these objects

1020

00:31:32,630 --> 00:31:30,640

so this happens and this guy sort of

1021

00:31:33,669 --> 00:31:32,640

goes to his nephew and says you know

1022

00:31:35,750 --> 00:31:33,679

what you think we should do should i

1023

00:31:37,750 --> 00:31:35,760

just go there and we check it out we see

1024

00:31:39,750 --> 00:31:37,760

if it's there you know see what it is

1025

00:31:40,870 --> 00:31:39,760

or should we go with a few people and

1026
00:31:41,669 --> 00:31:40,880
then if it's there and there's something

1027
00:31:43,750 --> 00:31:41,679
interesting

1028
00:31:45,029 --> 00:31:43,760
they can all see it kind of being found

1029
00:31:46,870 --> 00:31:45,039
and so you know the nephew kind of says

1030
00:31:49,669 --> 00:31:46,880
well if we go and take

1031
00:31:51,909 --> 00:31:49,679
everyone and you know reveal this object

1032
00:31:53,830 --> 00:31:51,919
it will kind of give everyone a greater

1033
00:31:55,669 --> 00:31:53,840
faith and commitment within the buddhist

1034
00:31:58,070 --> 00:31:55,679
practice they can see you know you've

1035
00:31:59,430 --> 00:31:58,080
brought this great object out and so he

1036
00:32:00,870 --> 00:31:59,440
says i understand that's a good idea so

1037
00:32:01,750 --> 00:32:00,880
he takes a whole load of villagers and

1038
00:32:03,110 --> 00:32:01,760

off they go

1039

00:32:05,269 --> 00:32:03,120

and they head off to this area in the

1040

00:32:06,950 --> 00:32:05,279

mountains and when he gets to the spot

1041

00:32:08,789 --> 00:32:06,960

he asks for one of these little sort of

1042

00:32:10,630 --> 00:32:08,799

small pickaxe like a hand pickaxe

1043

00:32:12,149 --> 00:32:10,640

takes it and he throws it up what looks

1044

00:32:13,990 --> 00:32:12,159

like just a normal cliff face

1045

00:32:15,190 --> 00:32:14,000

and this thing just sticks in and so

1046

00:32:17,190 --> 00:32:15,200

they go that's where it is

1047

00:32:18,470 --> 00:32:17,200

they put up a ladder someone goes up and

1048

00:32:20,549 --> 00:32:18,480

breaks through it seems like what looks

1049

00:32:22,389 --> 00:32:20,559

like a wall just crumbles away

1050

00:32:24,549 --> 00:32:22,399

he says well don't touch the object

1051

00:32:27,509 --> 00:32:24,559

itself so they use like a

1052

00:32:28,389 --> 00:32:27,519

cloth goes in covers this object brings

1053

00:32:30,549 --> 00:32:28,399

it down

1054

00:32:32,710 --> 00:32:30,559

and when they open up this is perfect

1055

00:32:34,630 --> 00:32:32,720

sphere this luminous white orb

1056

00:32:35,909 --> 00:32:34,640

sphere just lying on the blanket he says

1057

00:32:37,029 --> 00:32:35,919

no you know not to touch this be really

1058

00:32:38,630 --> 00:32:37,039

careful with it

1059

00:32:39,590 --> 00:32:38,640

and then they take this and obviously

1060

00:32:41,110 --> 00:32:39,600

everyone sees them so obviously

1061

00:32:43,190 --> 00:32:41,120

strengthens their belief that

1062

00:32:44,310 --> 00:32:43,200

his knowledge and his abilities and they

1063

00:32:45,669 --> 00:32:44,320

take it and they take it back to his

1064

00:32:47,590 --> 00:32:45,679

home he says he doesn't think that it's

1065

00:32:49,269 --> 00:32:47,600

ready to reveal its secrets just yet so

1066

00:32:51,110 --> 00:32:49,279

they lock it away in a cabinet

1067

00:32:52,549 --> 00:32:51,120

and then they put his wax seals on it

1068

00:32:54,870 --> 00:32:52,559

and everything puts it away

1069

00:32:56,710 --> 00:32:54,880

and sometime later he goes back to check

1070

00:32:57,190 --> 00:32:56,720

on it and when they open it this thing

1071

00:32:58,710 --> 00:32:57,200

is gone

1072

00:33:01,029 --> 00:32:58,720

he says it has been taken away by the

1073

00:33:01,669 --> 00:33:01,039

divas and these the divas are

1074

00:33:03,909 --> 00:33:01,679

essentially

1075

00:33:04,870 --> 00:33:03,919

entities spiritual entities so we have

1076

00:33:06,789 --> 00:33:04,880

this idea of these

1077

00:33:07,909 --> 00:33:06,799

tradition of artifacts that are hidden

1078

00:33:11,430 --> 00:33:07,919

on this planet that

1079

00:33:13,590 --> 00:33:11,440

seem to be some kind of unknown

1080

00:33:15,590 --> 00:33:13,600

bizarre technologies i mean we assume

1081

00:33:17,110 --> 00:33:15,600

it's some sort of technology

1082

00:33:19,190 --> 00:33:17,120

that is just you know hidden from some

1083

00:33:20,230 --> 00:33:19,200

past time and that these occasions you

1084

00:33:21,269 --> 00:33:20,240

know these turn up

1085

00:33:23,509 --> 00:33:21,279

you know this one like you know

1086

00:33:24,870 --> 00:33:23,519

particular store yeah because it has no

1087

00:33:26,230 --> 00:33:24,880

you know it's not like you because then

1088

00:33:27,909 --> 00:33:26,240

you know claiming something it's just

1089

00:33:29,509 --> 00:33:27,919

you know he's a meditation master and

1090

00:33:31,110 --> 00:33:29,519

his teacher just happens to mention in

1091

00:33:31,509 --> 00:33:31,120

his book and this it kind of stood out

1092

00:33:34,149 --> 00:33:31,519

to me

1093

00:33:36,149 --> 00:33:34,159

now i will add as well that the same

1094

00:33:37,590 --> 00:33:36,159

teacher who kind of tells his story

1095

00:33:38,630 --> 00:33:37,600

he also mentions one i guess i think

1096

00:33:39,190 --> 00:33:38,640

this is quite an important one as well

1097

00:33:42,549 --> 00:33:39,200

where

1098

00:33:44,149 --> 00:33:42,559

in his

1099

00:33:45,590 --> 00:33:44,159

lucid dreams he says basically he had

1100

00:33:47,590 --> 00:33:45,600

lucid dreams every night when you get to

1101

00:33:49,509 --> 00:33:47,600

a certain level of meditation practice

1102

00:33:50,710 --> 00:33:49,519

you can stay conscious you know aware

1103

00:33:52,950 --> 00:33:50,720

throughout your sleep

1104

00:33:55,669 --> 00:33:52,960

so every night is a kind of lucid dream

1105

00:33:58,389 --> 00:33:55,679

now it says during his night

1106

00:33:59,669 --> 00:33:58,399

the divas come to him one of these divas

1107

00:34:01,350 --> 00:33:59,679

gives him a little scroll

1108

00:34:04,310 --> 00:34:01,360

he says you know this is like for your

1109

00:34:05,029 --> 00:34:04,320

uncle puts the scroll in his hand and he

1110

00:34:06,789 --> 00:34:05,039

sort of holds

1111

00:34:08,629 --> 00:34:06,799

it and clamps his other hand over he

1112

00:34:10,869 --> 00:34:08,639

said in the morning when he wakes up

1113

00:34:12,790 --> 00:34:10,879

properly he sees his hands are still

1114

00:34:13,510 --> 00:34:12,800

clasped he opens his hands and there's

1115

00:34:16,069 --> 00:34:13,520

the scroll

1116

00:34:17,349 --> 00:34:16,079

in his hand right so he's astonished so

1117

00:34:18,230 --> 00:34:17,359

even though this is someone who has no

1118

00:34:20,710 --> 00:34:18,240

strange things happen

1119

00:34:22,310 --> 00:34:20,720

he's astonished so he goes takes his

1120

00:34:23,190 --> 00:34:22,320

scroll goes up to the cave where his

1121

00:34:24,869 --> 00:34:23,200

uncle is

1122

00:34:25,909 --> 00:34:24,879

and kind of shouts for him he says

1123

00:34:26,310 --> 00:34:25,919

normally you wouldn't do that you

1124

00:34:27,750 --> 00:34:26,320

shouldn't

1125

00:34:29,109 --> 00:34:27,760

interrupt these masters when they're

1126

00:34:30,310 --> 00:34:29,119

meditating in the morning because he's

1127

00:34:31,589 --> 00:34:30,320

too excited

1128

00:34:33,430 --> 00:34:31,599

so his uncle comes to the door and he's

1129

00:34:35,349 --> 00:34:33,440

like you know what is it

1130

00:34:37,190 --> 00:34:35,359

uncle look you know i had this dream the

1131

00:34:37,669 --> 00:34:37,200

divas came they said there was a scroll

1132

00:34:39,589 --> 00:34:37,679

for you

1133

00:34:41,750 --> 00:34:39,599

and you know it's here and he gives it

1134

00:34:45,349 --> 00:34:41,760

his ah i was expecting that

1135

00:34:47,909 --> 00:34:45,359

he just walks away wow

1136

00:34:49,030 --> 00:34:47,919

that's what he's so normal to him

1137

00:34:50,470 --> 00:34:49,040

whereas you imagine how

1138

00:34:52,470 --> 00:34:50,480

mind-bending that is for the average

1139

00:34:53,990 --> 00:34:52,480

western materialist

1140

00:34:55,589 --> 00:34:54,000

the idea that you know for someone else

1141

00:34:57,430 --> 00:34:55,599

it's totally normal to get a scroll

1142

00:34:58,470 --> 00:34:57,440

given by a diva in a dream and have it

1143

00:35:00,550 --> 00:34:58,480

manifest

1144

00:35:02,150 --> 00:35:00,560

into your waking day and just go off to

1145

00:35:03,190 --> 00:35:02,160

read it right like again the newspaper

1146

00:35:05,349 --> 00:35:03,200

in the morning

1147

00:35:07,750 --> 00:35:05,359

yeah it would be amazing to have that

1148

00:35:10,470 --> 00:35:07,760

analyzed is it made from the same stuff

1149

00:35:11,910 --> 00:35:10,480

as our world is it what language is it

1150

00:35:12,470 --> 00:35:11,920

written in all that kind of stuff it'd

1151

00:35:15,349 --> 00:35:12,480

be

1152

00:35:15,990 --> 00:35:15,359

awesome to dig into that absolutely i do

1153

00:35:17,109 --> 00:35:16,000

like that i'm

1154

00:35:18,710 --> 00:35:17,119

sure that there's a thousand stories

1155

00:35:21,270 --> 00:35:18,720

like that from the himalayas but you

1156

00:35:22,790 --> 00:35:21,280

know i certainly there are stories of

1157

00:35:23,990 --> 00:35:22,800

i've heard of plants that have come back

1158

00:35:25,349 --> 00:35:24,000

from shambhala and that they say

1159

00:35:27,910 --> 00:35:25,359

shambhala is

1160

00:35:28,630 --> 00:35:27,920

not quite within our vibration you know

1161

00:35:31,109 --> 00:35:28,640

it's not

1162

00:35:32,390 --> 00:35:31,119

necessarily really here and they'd be

1163

00:35:33,829 --> 00:35:32,400

people have brought back things from

1164

00:35:35,750 --> 00:35:33,839

shambhala and as a guy

1165

00:35:37,270 --> 00:35:35,760

mentions having like a flower on the

1166

00:35:39,109 --> 00:35:37,280

mantelpiece which is you know his father

1167

00:35:41,589 --> 00:35:39,119

brought back from shambhala he's like so

1168

00:35:43,589 --> 00:35:41,599

within that area you know there seems to

1169

00:35:45,349 --> 00:35:43,599

be an acceptance that you can bring back

1170

00:35:48,230 --> 00:35:45,359

objects from the other dimensions and

1171

00:35:50,150 --> 00:35:48,240

other planes of existence

1172

00:35:52,230 --> 00:35:50,160

hell yeah man and i guess what happens

1173

00:35:54,150 --> 00:35:52,240

in the himalayas stays in his life

1174

00:35:55,829 --> 00:35:54,160

way more so than vegas yeah we don't get

1175

00:35:57,349 --> 00:35:55,839

those artifacts brought to us to analyze

1176

00:35:59,829 --> 00:35:57,359

unfortunately so

1177

00:36:00,710 --> 00:35:59,839

yeah and that story or the first part of

1178

00:36:04,069 --> 00:36:00,720

it you know with the

1179

00:36:05,829 --> 00:36:04,079

orb that came out of the cliff side that

1180

00:36:08,470 --> 00:36:05,839

rhymes with a lot of other stories too i

1181

00:36:10,390 --> 00:36:08,480

remember diana posalka's book american

1182

00:36:12,710 --> 00:36:10,400

cosmic where she is briefed on some of

1183

00:36:13,030 --> 00:36:12,720

this stuff by the silicon valley elite

1184

00:36:15,190 --> 00:36:13,040

or

1185

00:36:16,390 --> 00:36:15,200

a modern invisible college who have been

1186

00:36:17,990 --> 00:36:16,400

brought in to wrestle

1187

00:36:20,310 --> 00:36:18,000

with these very same things in the

1188

00:36:20,950 --> 00:36:20,320

corporate world and one of the anonymous

1189

00:36:23,430 --> 00:36:20,960

sources

1190

00:36:24,710 --> 00:36:23,440

mentions that not far from his desk

1191

00:36:26,550 --> 00:36:24,720

there's some

1192

00:36:28,069 --> 00:36:26,560

artifacts that they keep behind this

1193

00:36:31,109 --> 00:36:28,079

massive vault door

1194

00:36:32,870 --> 00:36:31,119

but he can still feel it reach out or

1195

00:36:34,150 --> 00:36:32,880

reading his mind or trying to

1196

00:36:36,310 --> 00:36:34,160

communicate something

1197

00:36:38,470 --> 00:36:36,320

some sort of faint telepathic thing

1198

00:36:39,109 --> 00:36:38,480

going on and i'm sure as you say there's

1199

00:36:41,990 --> 00:36:39,119

many of these

1200

00:36:44,069 --> 00:36:42,000

artifacts potentially squirreled away in

1201
00:36:45,270 --> 00:36:44,079
deep state basements that we'll never

1202
00:36:47,510 --> 00:36:45,280
ever hear about but

1203
00:36:49,190 --> 00:36:47,520
it's awesome when we do absolutely

1204
00:36:50,230 --> 00:36:49,200
that's where we get a bit lucky with the

1205
00:36:52,470 --> 00:36:50,240
core of

1206
00:36:55,030 --> 00:36:52,480
exogenesis which is of course tackling

1207
00:36:57,589 --> 00:36:55,040
an encounter with one of these artifacts

1208
00:36:58,310 --> 00:36:57,599
charinga now if you're happy for me i

1209
00:37:00,550 --> 00:36:58,320
can

1210
00:37:02,390 --> 00:37:00,560
go into that a little bit absolutely

1211
00:37:04,950 --> 00:37:02,400
it's uh the next thing on my list so

1212
00:37:05,430 --> 00:37:04,960
dive right in and i would say here just

1213
00:37:06,710 --> 00:37:05,440

very quickly

1214

00:37:08,390 --> 00:37:06,720

so i think that the crystal skulls and

1215

00:37:09,030 --> 00:37:08,400

some of these other artifacts are very

1216

00:37:10,950 --> 00:37:09,040

much

1217

00:37:12,710 --> 00:37:10,960

the same or very similar especially if

1218

00:37:14,630 --> 00:37:12,720

you consider this the crystal skulls

1219

00:37:15,910 --> 00:37:14,640

are silica and in fact when

1220

00:37:17,349 --> 00:37:15,920

hewlett-packard

1221

00:37:19,270 --> 00:37:17,359

examined i think it was the mitchell

1222

00:37:20,790 --> 00:37:19,280

hedges skull that they said it was in

1223

00:37:22,470 --> 00:37:20,800

fact you know exactly the kind of you

1224

00:37:24,470 --> 00:37:22,480

know perfect quality crystal

1225

00:37:26,150 --> 00:37:24,480

that could be utilized for storing

1226

00:37:27,910 --> 00:37:26,160

information and that in theory it could

1227

00:37:29,589 --> 00:37:27,920

be holding all kinds of information but

1228

00:37:31,109 --> 00:37:29,599

we just don't know how to access it

1229

00:37:33,030 --> 00:37:31,119

right and i think that's a really

1230

00:37:34,230 --> 00:37:33,040

crucial understanding before i even go

1231

00:37:35,190 --> 00:37:34,240

into the next week just that you know

1232

00:37:36,550 --> 00:37:35,200

that you've got

1233

00:37:38,710 --> 00:37:36,560

leading edge thinkers kind of saying you

1234

00:37:40,550 --> 00:37:38,720

know yes these things could be

1235

00:37:42,390 --> 00:37:40,560

technologies that we don't understand to

1236

00:37:44,630 --> 00:37:42,400

have information in them

1237

00:37:45,990 --> 00:37:44,640

right there is a precedent there there

1238

00:37:48,630 --> 00:37:46,000

is yeah and so

1239

00:37:49,270 --> 00:37:48,640

with the charingas we have this whole

1240

00:37:51,510 --> 00:37:49,280

law

1241

00:37:53,109 --> 00:37:51,520

mythology history and it depends on

1242

00:37:54,870 --> 00:37:53,119

where you're coming at it from

1243

00:37:56,790 --> 00:37:54,880

that these artifacts now tringer is

1244

00:37:59,510 --> 00:37:56,800

essentially a tablet

1245

00:38:00,470 --> 00:37:59,520

like object you know sort of oval or

1246

00:38:03,349 --> 00:38:00,480

tablet-shaped

1247

00:38:04,630 --> 00:38:03,359

um objects that appear to be sort of

1248

00:38:07,430 --> 00:38:04,640

stone-like

1249

00:38:09,270 --> 00:38:07,440

but again i would suggest silica objects

1250

00:38:11,349 --> 00:38:09,280

and that these have a mythology that

1251
00:38:12,710 --> 00:38:11,359
they go back to the al jaringa time i

1252
00:38:14,310 --> 00:38:12,720
mean our trigger time is what

1253
00:38:16,550 --> 00:38:14,320
someone's might refer to as the dream

1254
00:38:19,190 --> 00:38:16,560
time beginning times the creation time

1255
00:38:21,030 --> 00:38:19,200
where a lot of the different animals and

1256
00:38:22,550 --> 00:38:21,040
certainly humans and stuff were created

1257
00:38:24,069 --> 00:38:22,560
parts of the landscape were created so

1258
00:38:25,270 --> 00:38:24,079
you have these stories of these outer

1259
00:38:26,069 --> 00:38:25,280
inga beings who are walking the

1260
00:38:29,430 --> 00:38:26,079
landscape

1261
00:38:31,589 --> 00:38:29,440
they're involved in the creation now

1262
00:38:32,710 --> 00:38:31,599
some of these beings apparently they

1263
00:38:34,710 --> 00:38:32,720

transform into

1264

00:38:36,710 --> 00:38:34,720

charingas so they take a form that will

1265

00:38:38,390 --> 00:38:36,720

persist against the weathering of time

1266

00:38:41,190 --> 00:38:38,400

so they become these objects

1267

00:38:42,310 --> 00:38:41,200

these are living beings now as

1268

00:38:43,910 --> 00:38:42,320

tringerstones

1269

00:38:45,829 --> 00:38:43,920

and that they in some sense carry

1270

00:38:46,710 --> 00:38:45,839

information and knowledge they're highly

1271

00:38:48,470 --> 00:38:46,720

sacred they're

1272

00:38:50,470 --> 00:38:48,480

kept away from the general population

1273

00:38:52,550 --> 00:38:50,480

they're only interacted with by

1274

00:38:53,510 --> 00:38:52,560

the clever fellas which are essentially

1275

00:38:55,430 --> 00:38:53,520

kind of shamans

1276

00:38:58,069 --> 00:38:55,440

he's the highest initiate shamans in

1277

00:39:01,030 --> 00:38:58,079

these particularly people

1278

00:39:01,589 --> 00:39:01,040

around uluru and the rmt language group

1279

00:39:04,150 --> 00:39:01,599

now

1280

00:39:05,510 --> 00:39:04,160

are being but they said the original

1281

00:39:06,710 --> 00:39:05,520

there are original ones that go all the

1282

00:39:07,990 --> 00:39:06,720

way back to the arduino time and there

1283

00:39:09,349 --> 00:39:08,000

are others that are copies

1284

00:39:11,510 --> 00:39:09,359

but they still consider those copies to

1285

00:39:13,510 --> 00:39:11,520

be sacred almost in the way that the

1286

00:39:14,550 --> 00:39:13,520

energy of it the consciousness of it can

1287

00:39:17,510 --> 00:39:14,560

you know

1288

00:39:17,990 --> 00:39:17,520

move into others or include them within

1289

00:39:19,910 --> 00:39:18,000

its

1290

00:39:22,069 --> 00:39:19,920

influence so that those are also shaking

1291

00:39:23,829 --> 00:39:22,079

and they're not as ancient

1292

00:39:25,589 --> 00:39:23,839

now there was a situation where one of

1293

00:39:27,829 --> 00:39:25,599

these objects was found in a

1294

00:39:28,630 --> 00:39:27,839

cave going back my fingers around about

1295

00:39:30,150 --> 00:39:28,640

a century ago

1296

00:39:31,910 --> 00:39:30,160

i don't know exactly but one of these

1297

00:39:33,349 --> 00:39:31,920

objects was found in a cave by someone

1298

00:39:35,430 --> 00:39:33,359

who was involved in the

1299

00:39:36,550 --> 00:39:35,440

the camel trader kind of roots where it

1300

00:39:37,270 --> 00:39:36,560

used to be that you know camels were

1301

00:39:39,589 --> 00:39:37,280

used to move

1302

00:39:40,310 --> 00:39:39,599

things across the desert and the afghan

1303

00:39:42,310 --> 00:39:40,320

traders

1304

00:39:43,510 --> 00:39:42,320

in australia were using them to you know

1305

00:39:45,109 --> 00:39:43,520

take goods around

1306

00:39:47,030 --> 00:39:45,119

and someone found one of these strings a

1307

00:39:49,190 --> 00:39:47,040

glowing tablet-like

1308

00:39:51,349 --> 00:39:49,200

object in a cave again this glowing

1309

00:39:53,109 --> 00:39:51,359

thing like we had with the other story

1310

00:39:55,109 --> 00:39:53,119

and that this object was taken and it

1311

00:39:56,710 --> 00:39:55,119

was kept within a family

1312

00:39:58,870 --> 00:39:56,720

now at some point it comes into the

1313

00:40:01,109 --> 00:39:58,880

hands of a person who wants to go back

1314

00:40:03,030 --> 00:40:01,119

to the traditional keepers they're

1315

00:40:05,829 --> 00:40:03,040

trying to get it back to kind of uluru

1316

00:40:07,030 --> 00:40:05,839

now this lady who holds it she becomes

1317

00:40:09,030 --> 00:40:07,040

very ill

1318

00:40:10,309 --> 00:40:09,040

she hasn't been going on life she wants

1319

00:40:12,390 --> 00:40:10,319

someone to temporarily

1320

00:40:14,150 --> 00:40:12,400

look after it and she ends up connecting

1321

00:40:17,510 --> 00:40:14,160

with people valerie barrow

1322

00:40:18,710 --> 00:40:17,520

who basically is kind of a hystic healer

1323

00:40:20,630 --> 00:40:18,720

regression therapist you know the

1324

00:40:21,589 --> 00:40:20,640

alternative so the person if you would

1325

00:40:24,150 --> 00:40:21,599

say to you know

1326
00:40:25,270 --> 00:40:24,160
could you look after my strange artifact

1327
00:40:26,470 --> 00:40:25,280
it wouldn't immediately think like oh

1328
00:40:28,309 --> 00:40:26,480
this is crazy you know

1329
00:40:29,430 --> 00:40:28,319
an open-minded kind of person and she

1330
00:40:30,230 --> 00:40:29,440
happens to have a house called al

1331
00:40:31,750 --> 00:40:30,240
sharinga

1332
00:40:33,910 --> 00:40:31,760
right and so this is taken as a kind of

1333
00:40:35,910 --> 00:40:33,920
a sign that oh this is

1334
00:40:36,950 --> 00:40:35,920
the kind of person i can approach and so

1335
00:40:38,390 --> 00:40:36,960
they have a conversation and

1336
00:40:39,589 --> 00:40:38,400
valerie agrees that you know temporarily

1337
00:40:40,950 --> 00:40:39,599
look after him and it comes to her

1338
00:40:42,710 --> 00:40:40,960

wrapped in paper bark

1339

00:40:44,870 --> 00:40:42,720

and she's told you know please don't

1340

00:40:45,670 --> 00:40:44,880

open it the traditional law is that you

1341

00:40:48,790 --> 00:40:45,680

shouldn't

1342

00:40:50,790 --> 00:40:48,800

look on these things touch them directly

1343

00:40:52,550 --> 00:40:50,800

so she puts her away in a box in a spare

1344

00:40:53,750 --> 00:40:52,560

room and says you know go back to you

1345

00:40:56,390 --> 00:40:53,760

once you're out hospital you've got

1346

00:40:58,390 --> 00:40:56,400

you're better thinks it's all gonna be

1347

00:41:00,150 --> 00:40:58,400

normal and then soon afterwards she

1348

00:41:01,030 --> 00:41:00,160

starts having this direct voice to skull

1349

00:41:03,750 --> 00:41:01,040

communication

1350

00:41:04,710 --> 00:41:03,760

this thing saying i am al jaringa i'm a

1351
00:41:06,390 --> 00:41:04,720
living being a star

1352
00:41:08,470 --> 00:41:06,400
person that was here in the creation

1353
00:41:09,430 --> 00:41:08,480
time and started telling this whole

1354
00:41:11,030 --> 00:41:09,440
narrative

1355
00:41:12,630 --> 00:41:11,040
of a ship that has grown in a

1356
00:41:15,829 --> 00:41:12,640
crystalline matrix

1357
00:41:16,950 --> 00:41:15,839
that is inhabited by a self-aware ai

1358
00:41:18,390 --> 00:41:16,960
consciousness

1359
00:41:20,150 --> 00:41:18,400
that arrives here through what sounds

1360
00:41:20,950 --> 00:41:20,160
like to me as sometimes stargate for a

1361
00:41:23,990 --> 00:41:20,960
portal

1362
00:41:24,710 --> 00:41:24,000
from the pleiades carrying 50 000 beings

1363
00:41:26,790 --> 00:41:24,720

on board

1364

00:41:28,470 --> 00:41:26,800

and there's this whole long narrative i

1365

00:41:29,430 --> 00:41:28,480

know you want me to continue it or you

1366

00:41:31,750 --> 00:41:29,440

can

1367

00:41:33,030 --> 00:41:31,760

check anything like otherwise i go on so

1368

00:41:34,790 --> 00:41:33,040

well it's definitely

1369

00:41:36,390 --> 00:41:34,800

really interesting as another example of

1370

00:41:37,190 --> 00:41:36,400

these things and it's all throughout the

1371

00:41:40,390 --> 00:41:37,200

book you are

1372

00:41:43,750 --> 00:41:40,400

backing up with modern data

1373

00:41:44,710 --> 00:41:43,760

and information and studies the messages

1374

00:41:47,030 --> 00:41:44,720

that came

1375

00:41:48,790 --> 00:41:47,040

from this stone and again with that

1376

00:41:49,990 --> 00:41:48,800

whole idea of don't touch it you know

1377

00:41:51,990 --> 00:41:50,000

that's something that came up in the

1378

00:41:53,670 --> 00:41:52,000

earlier story it also comes up in

1379

00:41:55,510 --> 00:41:53,680

a story like the ark of the covenant

1380

00:41:57,109 --> 00:41:55,520

absolutely it's like dangerous to

1381

00:42:00,630 --> 00:41:57,119

humanity apparently

1382

00:42:03,349 --> 00:42:00,640

and what i found interesting is you

1383

00:42:04,150 --> 00:42:03,359

write about what is it that wakes these

1384

00:42:07,030 --> 00:42:04,160

artifacts

1385

00:42:07,510 --> 00:42:07,040

up and it could possibly be the touching

1386

00:42:10,790 --> 00:42:07,520

of them

1387

00:42:12,470 --> 00:42:10,800

or you even say in this quote it seems

1388

00:42:15,670 --> 00:42:12,480

quite logical to suspect

1389

00:42:18,230 --> 00:42:15,680

that the alcaringa was the personality

1390

00:42:19,750 --> 00:42:18,240

for an ai technology functioning as a

1391

00:42:21,910 --> 00:42:19,760

monitoring and recording

1392

00:42:23,349 --> 00:42:21,920

sentinel until the appropriate moment

1393

00:42:25,750 --> 00:42:23,359

for open contact

1394

00:42:27,589 --> 00:42:25,760

had been reached by our species it might

1395

00:42:28,510 --> 00:42:27,599

even be that it encountered some

1396

00:42:31,510 --> 00:42:28,520

specific

1397

00:42:33,829 --> 00:42:31,520

electromagnetic frequency associated

1398

00:42:36,230 --> 00:42:33,839

with our technological development

1399

00:42:37,430 --> 00:42:36,240

and i really liked that obviously i

1400

00:42:40,790 --> 00:42:37,440

copied it down

1401
00:42:42,950 --> 00:42:40,800
because we have our own electromagnetic

1402
00:42:44,069 --> 00:42:42,960
field so maybe we touch it and it wakes

1403
00:42:46,470 --> 00:42:44,079
it up or maybe

1404
00:42:48,870 --> 00:42:46,480
it notices that our environment is

1405
00:42:50,870 --> 00:42:48,880
changing because we do have a secular

1406
00:42:53,349 --> 00:42:50,880
environment and that could potentially

1407
00:42:56,390 --> 00:42:53,359
be picked up by one of these devices

1408
00:42:57,430 --> 00:42:56,400
but they're just fascinating topics of

1409
00:43:00,710 --> 00:42:57,440
discussion

1410
00:43:03,910 --> 00:43:00,720
it's sad that one of these can't just

1411
00:43:06,309 --> 00:43:03,920
penetrate the main stage of our world

1412
00:43:08,309 --> 00:43:06,319
the crystal skulls i guess got close

1413
00:43:09,670 --> 00:43:08,319

but why can't one of these things just

1414

00:43:12,550 --> 00:43:09,680

penetrate

1415

00:43:13,990 --> 00:43:12,560

the culture to become this household

1416

00:43:16,309 --> 00:43:14,000

item that everybody is

1417

00:43:17,349 --> 00:43:16,319

knowledgeable about because if the story

1418

00:43:19,910 --> 00:43:17,359

shakes out

1419

00:43:20,950 --> 00:43:19,920

and as you present in the book it tends

1420

00:43:22,470 --> 00:43:20,960

to shake out

1421

00:43:25,430 --> 00:43:22,480

i guess it's just hard for people to

1422

00:43:26,069 --> 00:43:25,440

fathom yeah i think it's not really even

1423

00:43:28,150 --> 00:43:26,079

an evidence

1424

00:43:29,910 --> 00:43:28,160

problem or a reasonable problem or logic

1425

00:43:32,790 --> 00:43:29,920

problem it's a problem about what we are

1426

00:43:34,710 --> 00:43:32,800

able to accept or process as kind of

1427

00:43:36,309 --> 00:43:34,720

crazed apes on a joyride through a

1428

00:43:37,510 --> 00:43:36,319

technological madness or whatever it is

1429

00:43:38,550 --> 00:43:37,520

that we're doing but

1430

00:43:39,910 --> 00:43:38,560

i don't think something to do with the

1431

00:43:42,309 --> 00:43:39,920

evidence or the logic behind this

1432

00:43:44,710 --> 00:43:42,319

because we have leading edge thinkers

1433

00:43:46,950 --> 00:43:44,720

who say hey we think that advanced

1434

00:43:47,670 --> 00:43:46,960

aliens will have bracewell probes which

1435

00:43:49,589 --> 00:43:47,680

is a

1436

00:43:51,430 --> 00:43:49,599

class of probe that's sent out with

1437

00:43:53,510 --> 00:43:51,440

these ai on board which probably have

1438

00:43:55,109 --> 00:43:53,520

like volume and self-repair and all

1439

00:43:57,270 --> 00:43:55,119

these functions and these would be sent

1440

00:43:59,270 --> 00:43:57,280

out would land on asteroids and on

1441

00:44:00,230 --> 00:43:59,280

planets and monitor for radio waves and

1442

00:44:01,910 --> 00:44:00,240

monitor for

1443

00:44:03,430 --> 00:44:01,920

signs of life and that these things

1444

00:44:04,950 --> 00:44:03,440

would act like sentinels you know

1445

00:44:06,870 --> 00:44:04,960

you know this is not something i've come

1446

00:44:08,069 --> 00:44:06,880

up with these are leading edge fingers

1447

00:44:09,030 --> 00:44:08,079

saying that this is exactly what we

1448

00:44:10,309 --> 00:44:09,040

think they would have

1449

00:44:11,270 --> 00:44:10,319

in fact in the last year i've seen a

1450

00:44:12,630 --> 00:44:11,280

couple different articles come out

1451

00:44:14,550 --> 00:44:12,640

saying you know are there

1452

00:44:16,550 --> 00:44:14,560

these probes sitting on asteroids you

1453

00:44:17,910 --> 00:44:16,560

know in our local area in fact there was

1454

00:44:19,349 --> 00:44:17,920

one asteroid that was

1455

00:44:21,030 --> 00:44:19,359

caught briefly i think in an orbit

1456

00:44:23,109 --> 00:44:21,040

around earth they were checking that for

1457

00:44:24,870 --> 00:44:23,119

signs of technologies so i mean

1458

00:44:26,790 --> 00:44:24,880

we're actually looking for these things

1459

00:44:28,710 --> 00:44:26,800

right in theory we're supposed to be

1460

00:44:31,910 --> 00:44:28,720

open to these things that's what science

1461

00:44:33,190 --> 00:44:31,920

at least pretends yet if you say that

1462

00:44:34,470 --> 00:44:33,200

hey you know it sounds like

1463

00:44:36,150 --> 00:44:34,480

the indigenous people in australia

1464

00:44:37,030 --> 00:44:36,160

encountered one and it actually has

1465

00:44:38,710 --> 00:44:37,040

activated

1466

00:44:40,390 --> 00:44:38,720

and it shared information look at the

1467

00:44:41,750 --> 00:44:40,400

look on those people's faces

1468

00:44:43,270 --> 00:44:41,760

by those same people who would write

1469

00:44:44,870 --> 00:44:43,280

those articles and would say we're

1470

00:44:45,589 --> 00:44:44,880

looking for these and we expect them to

1471

00:44:47,030 --> 00:44:45,599

be out there

1472

00:44:48,630 --> 00:44:47,040

tell them that you found one watch the

1473

00:44:50,630 --> 00:44:48,640

way their face changes

1474

00:44:52,230 --> 00:44:50,640

right right right that makes a lot of

1475

00:44:53,910 --> 00:44:52,240

sense so we have a problem there with

1476
00:44:54,870 --> 00:44:53,920
people not with the kind of technologies

1477
00:44:56,550 --> 00:44:54,880
we're describing

1478
00:44:58,390 --> 00:44:56,560
not with the behavior of it not with the

1479
00:45:00,390 --> 00:44:58,400
information it should we have a people

1480
00:45:03,589 --> 00:45:00,400
problem

1481
00:45:04,790 --> 00:45:03,599
yeah don't i know it and so you've taken

1482
00:45:07,510 --> 00:45:04,800
the insight

1483
00:45:08,870 --> 00:45:07,520
from this stone's messages and also

1484
00:45:10,950 --> 00:45:08,880
found a lot of other evidence

1485
00:45:13,030 --> 00:45:10,960
in the history in the terrain of the

1486
00:45:15,030 --> 00:45:13,040
earth and in dna itself that kind of

1487
00:45:16,390 --> 00:45:15,040
validates the story and

1488
00:45:18,069 --> 00:45:16,400

obviously we're talking about several

1489

00:45:19,829 --> 00:45:18,079

different things panspermia

1490

00:45:21,670 --> 00:45:19,839

way at the beginning but there is

1491

00:45:24,390 --> 00:45:21,680

another major chapter

1492

00:45:25,349 --> 00:45:24,400

where the big date is around seven

1493

00:45:27,349 --> 00:45:25,359

hundred thousand

1494

00:45:28,710 --> 00:45:27,359

or seven hundred and eighty thousand

1495

00:45:29,750 --> 00:45:28,720

years ago seven hundred and eighty

1496

00:45:32,230 --> 00:45:29,760

thousand years ago

1497

00:45:33,510 --> 00:45:32,240

and you found some genetic evidence that

1498

00:45:35,910 --> 00:45:33,520

there was a step

1499

00:45:36,870 --> 00:45:35,920

change in human evolution that coincides

1500

00:45:39,430 --> 00:45:36,880

with that time

1501
00:45:39,910 --> 00:45:39,440
but what's even more interesting to me

1502
00:45:43,190 --> 00:45:39,920
is

1503
00:45:44,069 --> 00:45:43,200
the prospect of and i quote material

1504
00:45:46,390 --> 00:45:44,079
evidence

1505
00:45:47,190 --> 00:45:46,400
proving that a vast crystalline

1506
00:45:50,150 --> 00:45:47,200
spaceship

1507
00:45:51,109 --> 00:45:50,160
exploded in orbit above australia around

1508
00:45:53,349 --> 00:45:51,119
this time

1509
00:45:54,550 --> 00:45:53,359
wow you got to break us in on this man

1510
00:45:57,430 --> 00:45:54,560
pretty amazing

1511
00:45:58,950 --> 00:45:57,440
sure sure and he should wiggle anyone

1512
00:46:00,150 --> 00:45:58,960
and obviously again

1513
00:46:02,069 --> 00:46:00,160

we'll go through the evidence of this

1514

00:46:03,510 --> 00:46:02,079

but what i was a pre-face again was

1515

00:46:04,069 --> 00:46:03,520

saying there will be a people problem

1516

00:46:05,829 --> 00:46:04,079

with this

1517

00:46:07,510 --> 00:46:05,839

not an evidential problem because it

1518

00:46:09,990 --> 00:46:07,520

just sounds so big

1519

00:46:11,109 --> 00:46:10,000

and for some people so ridiculous the

1520

00:46:12,150 --> 00:46:11,119

idea that you know this could be

1521

00:46:14,230 --> 00:46:12,160

not he could have happened that we could

1522

00:46:16,230 --> 00:46:14,240

find evidence in it because people like

1523

00:46:18,150 --> 00:46:16,240

their aliens far far away

1524

00:46:20,390 --> 00:46:18,160

we're using radio waves where you can

1525

00:46:20,790 --> 00:46:20,400

never you know get any direct evidence

1526
00:46:22,150 --> 00:46:20,800
of them

1527
00:46:24,069 --> 00:46:22,160
they're comfortable with that now this

1528
00:46:25,750 --> 00:46:24,079
is an uncomfortable story because it's

1529
00:46:28,390 --> 00:46:25,760
bringing it all the way to earth

1530
00:46:30,470 --> 00:46:28,400
and with physical evidence okay so we

1531
00:46:32,710 --> 00:46:30,480
are told that there is this

1532
00:46:34,230 --> 00:46:32,720
crystalline structure you know that's

1533
00:46:36,150 --> 00:46:34,240
what the information tells us so i'm

1534
00:46:38,150 --> 00:46:36,160
looking at this i'm thinking okay

1535
00:46:40,950 --> 00:46:38,160
this is describes in some detail we've

1536
00:46:42,710 --> 00:46:40,960
got this vast crystalline craft that

1537
00:46:44,230 --> 00:46:42,720
is destroyed it's hit with energy

1538
00:46:46,790 --> 00:46:44,240

weapons it says you know it basically is

1539

00:46:47,270 --> 00:46:46,800

melted and explodes and finally the last

1540

00:46:49,510 --> 00:46:47,280

stage is

1541

00:46:50,630 --> 00:46:49,520

closed like a nuclear explosion but this

1542

00:46:52,790 --> 00:46:50,640

is reduced to a

1543

00:46:54,710 --> 00:46:52,800

liquid in space like liquid glass it's

1544

00:46:57,109 --> 00:46:54,720

melted and it says some of this

1545

00:46:58,550 --> 00:46:57,119

debris this molten debris showers down

1546

00:47:00,470 --> 00:46:58,560

across the earth

1547

00:47:01,910 --> 00:47:00,480

like it's in orbit so it's destroyed it

1548

00:47:04,630 --> 00:47:01,920

showers down across the earth

1549

00:47:05,670 --> 00:47:04,640

i'm thinking okay could something like

1550

00:47:07,670 --> 00:47:05,680

that remain

1551
00:47:09,750 --> 00:47:07,680
and i think initially valerie had the

1552
00:47:10,470 --> 00:47:09,760
sensors this was somewhere towards 900

1553
00:47:12,390 --> 00:47:10,480
000 years ago

1554
00:47:14,069 --> 00:47:12,400
it's a really ancient event and i'm

1555
00:47:15,349 --> 00:47:14,079
still thinking okay

1556
00:47:17,589 --> 00:47:15,359
let's have a look you know could there

1557
00:47:19,829 --> 00:47:17,599
be something in the geological record

1558
00:47:21,109 --> 00:47:19,839
like that you know obviously metals we'd

1559
00:47:22,950 --> 00:47:21,119
expect to

1560
00:47:24,230 --> 00:47:22,960
rest away or decompose normally they

1561
00:47:26,150 --> 00:47:24,240
would but

1562
00:47:27,430 --> 00:47:26,160
silica and glasses and stuff can persist

1563
00:47:28,390 --> 00:47:27,440

a long time

1564

00:47:30,069 --> 00:47:28,400

so i had to look through and i'm

1565

00:47:31,589 --> 00:47:30,079

thinking you know i probably won't find

1566

00:47:33,030 --> 00:47:31,599

anything and i'm not very hopeful you

1567

00:47:35,190 --> 00:47:33,040

know i believe this story you know

1568

00:47:37,109 --> 00:47:35,200

for my own reasons i think it's true but

1569

00:47:39,430 --> 00:47:37,119

i don't expect to find this

1570

00:47:40,870 --> 00:47:39,440

turns out that there is a century-long

1571

00:47:42,870 --> 00:47:40,880

mystery in science

1572

00:47:44,390 --> 00:47:42,880

the australia tech type mystery you know

1573

00:47:46,790 --> 00:47:44,400

your papers with that

1574

00:47:48,630 --> 00:47:46,800

title on them but you've had basically a

1575

00:47:49,990 --> 00:47:48,640

century of different camps trying to

1576

00:47:51,829 --> 00:47:50,000

explain this material it's just like

1577

00:47:52,630 --> 00:47:51,839

tech type which is uh i saw a tektite is

1578

00:47:54,950 --> 00:47:52,640

a kind of

1579

00:47:56,710 --> 00:47:54,960

a glass a mineral glass that's been

1580

00:47:59,990 --> 00:47:56,720

produced from high energy events

1581

00:48:01,349 --> 00:48:00,000

of some sort and this unlike any other

1582

00:48:03,109 --> 00:48:01,359

field of this material the

1583

00:48:03,670 --> 00:48:03,119

australite strewn field as it's

1584

00:48:06,309 --> 00:48:03,680

called

1585

00:48:07,430 --> 00:48:06,319

stretches all the way from antarctica up

1586

00:48:10,069 --> 00:48:07,440

to southern china

1587

00:48:10,950 --> 00:48:10,079

in fact there's australite found on

1588

00:48:13,910 --> 00:48:10,960

somewhere between

1589

00:48:15,109 --> 00:48:13,920

20 to 30 percent of the earth's surface

1590

00:48:16,069 --> 00:48:15,119

now you know people should take that

1591

00:48:17,430 --> 00:48:16,079

into their brain think of that as

1592

00:48:19,430 --> 00:48:17,440

staggering for a start

1593

00:48:20,870 --> 00:48:19,440

a staggering distribution of material

1594

00:48:22,950 --> 00:48:20,880

right now

1595

00:48:25,190 --> 00:48:22,960

we don't see that from any normal

1596

00:48:26,710 --> 00:48:25,200

impacts right you know we have asteroids

1597

00:48:29,750 --> 00:48:26,720

impacts all over the planet we've had

1598

00:48:31,750 --> 00:48:29,760

those since the beginning up until now

1599

00:48:33,270 --> 00:48:31,760

we don't see that so although in one

1600

00:48:34,069 --> 00:48:33,280

camp the scientists have said we think

1601

00:48:36,150 --> 00:48:34,079

this is some kind

1602

00:48:37,829 --> 00:48:36,160

of major impact and it's thrown this

1603

00:48:38,950 --> 00:48:37,839

material up and it's managed to go all

1604

00:48:41,190 --> 00:48:38,960

the way from

1605

00:48:43,030 --> 00:48:41,200

southeast asia and down to antarctica

1606

00:48:43,750 --> 00:48:43,040

which is just extraordinary if you think

1607

00:48:45,270 --> 00:48:43,760

of

1608

00:48:47,109 --> 00:48:45,280

how far that you're talking about

1609

00:48:49,270 --> 00:48:47,119

throwing material from an impact

1610

00:48:51,349 --> 00:48:49,280

right and then there's another camp that

1611

00:48:53,349 --> 00:48:51,359

was arguing that no this maybe was lunar

1612

00:48:55,349 --> 00:48:53,359

material that suddenly hit the moon

1613

00:48:56,630 --> 00:48:55,359

bits broke off and that you know showers

1614

00:48:59,109 --> 00:48:56,640

debris reached the earth

1615

00:49:00,549 --> 00:48:59,119

and then rained down that way and this

1616

00:49:00,870 --> 00:49:00,559

was this debate they've been raging

1617

00:49:04,069 --> 00:49:00,880

right

1618

00:49:05,829 --> 00:49:04,079

for decades before i stumbled on this

1619

00:49:07,510 --> 00:49:05,839

and both of them the reason why this

1620

00:49:09,510 --> 00:49:07,520

argument continued of course is that

1621

00:49:10,950 --> 00:49:09,520

neither camp could explain all of the

1622

00:49:13,190 --> 00:49:10,960

evidence and all the anomalies

1623

00:49:14,390 --> 00:49:13,200

but each one had some strengths over the

1624

00:49:16,309 --> 00:49:14,400

other right

1625

00:49:17,670 --> 00:49:16,319

so this is why it just it persisted and

1626
00:49:19,670 --> 00:49:17,680
then what had happened in the last few

1627
00:49:21,030 --> 00:49:19,680
years was that the lunar theory had been

1628
00:49:24,309 --> 00:49:21,040
really weakened by

1629
00:49:24,710 --> 00:49:24,319
analysis of moon rocks which suggested

1630
00:49:27,190 --> 00:49:24,720
that

1631
00:49:28,309 --> 00:49:27,200
the couldn't really originate from the

1632
00:49:29,910 --> 00:49:28,319
moon

1633
00:49:32,150 --> 00:49:29,920
the composition wasn't close enough

1634
00:49:34,470 --> 00:49:32,160
right so by default

1635
00:49:35,670 --> 00:49:34,480
the impact hypothesis became the

1636
00:49:37,990 --> 00:49:35,680
preferred or you know

1637
00:49:39,910 --> 00:49:38,000
the consensus theory but not because

1638
00:49:42,309 --> 00:49:39,920

it's suddenly strengthened but just its

1639

00:49:44,390 --> 00:49:42,319

opponents kind of lost by the fact that

1640

00:49:45,910 --> 00:49:44,400

this material didn't match

1641

00:49:48,230 --> 00:49:45,920

so when you look closer though this you

1642

00:49:50,950 --> 00:49:48,240

know now accepted

1643

00:49:52,950 --> 00:49:50,960

theory it's full of holes i mean for a

1644

00:49:55,349 --> 00:49:52,960

start you've got this problem that

1645

00:49:56,470 --> 00:49:55,359

nasa did a lot of experiments with this

1646

00:49:58,069 --> 00:49:56,480

right with this tecton

1647

00:49:59,270 --> 00:49:58,079

and they found that these tech type

1648

00:50:00,309 --> 00:49:59,280

buttons that they're called now this is

1649

00:50:01,910 --> 00:50:00,319

a particular

1650

00:50:03,990 --> 00:50:01,920

shape of tactile it's only known from

1651
00:50:06,390 --> 00:50:04,000
the australian strewn field so once in

1652
00:50:08,150 --> 00:50:06,400
the whole 4.6 billion years of history

1653
00:50:09,589 --> 00:50:08,160
once do we get this material once do we

1654
00:50:11,109 --> 00:50:09,599
get it shaped in this way

1655
00:50:12,790 --> 00:50:11,119
they said that these tech type buttons

1656
00:50:16,549 --> 00:50:12,800
can only have formed

1657
00:50:18,470 --> 00:50:16,559
if a body is in orbit and explodes

1658
00:50:20,230 --> 00:50:18,480
then some of this debris enters the

1659
00:50:22,069 --> 00:50:20,240
earth's atmosphere at a shallow

1660
00:50:24,390 --> 00:50:22,079
angle it's basically like a decaying

1661
00:50:26,390 --> 00:50:24,400
orbit and slowly enters

1662
00:50:27,670 --> 00:50:26,400
so it has time for secondary heating so

1663
00:50:28,870 --> 00:50:27,680

you start off with these little spheres

1664

00:50:30,470 --> 00:50:28,880

of glass because

1665

00:50:32,150 --> 00:50:30,480

liquid in space will take a spherical

1666

00:50:34,950 --> 00:50:32,160

shape then they froze

1667

00:50:36,309 --> 00:50:34,960

so you get these spherical glass balls

1668

00:50:36,630 --> 00:50:36,319

these have started to come in and then

1669

00:50:41,510 --> 00:50:36,640

the

1670

00:50:43,430 --> 00:50:41,520

get this kind of

1671

00:50:44,950 --> 00:50:43,440

nose cone shape it's clearly shaped by

1672

00:50:46,710 --> 00:50:44,960

aerodynamic forces and that's why nasa

1673

00:50:49,349 --> 00:50:46,720

recognized this obviously was shaped by

1674

00:50:50,870 --> 00:50:49,359

aerodynamic forces design nose cones so

1675

00:50:52,549 --> 00:50:50,880

these things come in like that and then

1676

00:50:54,069 --> 00:50:52,559

they've rained down across

1677

00:50:55,910 --> 00:50:54,079

essentially all across southern

1678

00:50:57,589 --> 00:50:55,920

australia so many places they're found

1679

00:50:59,190 --> 00:50:57,599

in that form the rest of the textile

1680

00:51:00,870 --> 00:50:59,200

string fields in other forms dumbbells

1681

00:51:02,630 --> 00:51:00,880

teardrop shapes and other shapes

1682

00:51:04,309 --> 00:51:02,640

now the other problem you have here is

1683

00:51:05,109 --> 00:51:04,319

that within some of these you have

1684

00:51:08,549 --> 00:51:05,119

bubbles

1685

00:51:10,230 --> 00:51:08,559

vacuum so again

1686

00:51:11,670 --> 00:51:10,240

where you get hard vacuum you don't get

1687

00:51:14,309 --> 00:51:11,680

it on earth in an impact

1688

00:51:15,510 --> 00:51:14,319

you get that in space and another few

1689

00:51:16,790 --> 00:51:15,520

things there is there's something called

1690

00:51:18,870 --> 00:51:16,800

a mooses law

1691

00:51:20,870 --> 00:51:18,880

mooses law is to do with formations of

1692

00:51:22,790 --> 00:51:20,880

glasses and that you know when you

1693

00:51:25,270 --> 00:51:22,800

try to make a homogenous glass without

1694

00:51:26,549 --> 00:51:25,280

bubbles in it you have to kind of heat

1695

00:51:28,150 --> 00:51:26,559

in a certain way over a certain period

1696

00:51:28,870 --> 00:51:28,160

of time to make it homogeneous and get

1697

00:51:30,150 --> 00:51:28,880

rid of the bubbles

1698

00:51:32,309 --> 00:51:30,160

and we do that when we're forming

1699

00:51:33,829 --> 00:51:32,319

glasses now osteotomy is very

1700

00:51:35,109 --> 00:51:33,839

homogeneous you find that across all

1701
00:51:35,990 --> 00:51:35,119
these different pieces the composition

1702
00:51:37,990 --> 00:51:36,000
is more or less the same

1703
00:51:38,950 --> 00:51:38,000
and you don't find partly melted

1704
00:51:39,670 --> 00:51:38,960
material you know where if you have an

1705
00:51:41,510 --> 00:51:39,680
impact

1706
00:51:43,589 --> 00:51:41,520
you can imagine around the edges what

1707
00:51:46,710 --> 00:51:43,599
you have is chunks where there's rock

1708
00:51:48,230 --> 00:51:46,720
with part melt protective right so

1709
00:51:50,069 --> 00:51:48,240
you'll find that and also you'll find

1710
00:51:51,349 --> 00:51:50,079
that where you hit granite

1711
00:51:52,390 --> 00:51:51,359
you'll have more granite in a piece and

1712
00:51:53,829 --> 00:51:52,400
where it sounds down you're more

1713
00:51:55,030 --> 00:51:53,839

sensitive so you can understand anything

1714

00:51:56,790 --> 00:51:55,040

you have an object if it's hitting into

1715

00:51:57,750 --> 00:51:56,800

an area with mixed rock

1716

00:52:00,069 --> 00:51:57,760

you're going to have different

1717

00:52:01,190 --> 00:52:00,079

composition in different pieces

1718

00:52:03,510 --> 00:52:01,200

and you're going to have some that are

1719

00:52:05,349 --> 00:52:03,520

part rock part glass it's just

1720

00:52:07,990 --> 00:52:05,359

that's how it is yeah they fuse together

1721

00:52:10,470 --> 00:52:08,000

somewhat yeah because it's a singular

1722

00:52:11,750 --> 00:52:10,480

energy event momentary singular event

1723

00:52:13,109 --> 00:52:11,760

and so that's how well you know you've

1724

00:52:16,069 --> 00:52:13,119

got a lot of bubbles in it as well

1725

00:52:18,069 --> 00:52:16,079

a lot of bubbles instead with the

1726

00:52:20,309 --> 00:52:18,079

australia is as though the energy

1727

00:52:22,230 --> 00:52:20,319

heating is over some period of time

1728

00:52:23,270 --> 00:52:22,240

which causes the idea we're told that

1729

00:52:24,230 --> 00:52:23,280

there's an energy weapon has been

1730

00:52:26,390 --> 00:52:24,240

heating this ship

1731

00:52:27,750 --> 00:52:26,400

melting it and blows it up right and

1732

00:52:28,069 --> 00:52:27,760

that's exactly what we're seeing with

1733

00:52:32,069 --> 00:52:28,079

this

1734

00:52:33,910 --> 00:52:32,079

signs of part mel or bits of rock

1735

00:52:34,950 --> 00:52:33,920

in there nothing like that and it's got

1736

00:52:35,670 --> 00:52:34,960

vacuum bubbles so we know what's

1737

00:52:37,510 --> 00:52:35,680

happening in space

1738

00:52:39,109 --> 00:52:37,520

nasa are telling us the source body was

1739

00:52:40,710 --> 00:52:39,119

in orbit and there's a whole problem

1740

00:52:42,470 --> 00:52:40,720

with that what's it doing in orbit

1741

00:52:43,910 --> 00:52:42,480

because a huge object like that

1742

00:52:45,510 --> 00:52:43,920

shouldn't be able to be captured

1743

00:52:47,270 --> 00:52:45,520

by earth's gravity because our planet is

1744

00:52:48,950 --> 00:52:47,280

not massive enough like jupiter and

1745

00:52:50,710 --> 00:52:48,960

saturn which can capture

1746

00:52:52,150 --> 00:52:50,720

quite large objects even temporarily

1747

00:52:54,230 --> 00:52:52,160

capture comets

1748

00:52:55,589 --> 00:52:54,240

earth can't we sometimes capture things

1749

00:52:56,790 --> 00:52:55,599

car sized right

1750

00:52:59,270 --> 00:52:56,800

so we have another problem what's this

1751

00:53:02,309 --> 00:52:59,280

even doing in orbit also we have

1752

00:53:03,990 --> 00:53:02,319

80 silica no asteroids or objects in

1753

00:53:06,470 --> 00:53:04,000

space are known to have more than 60

1754

00:53:08,069 --> 00:53:06,480

silica that we've ever found so we have

1755

00:53:09,510 --> 00:53:08,079

this now again this more increasingly

1756

00:53:12,870 --> 00:53:09,520

bizarre object

1757

00:53:14,309 --> 00:53:12,880

that is matching precisely with the

1758

00:53:18,069 --> 00:53:14,319

information that this

1759

00:53:19,430 --> 00:53:18,079

object has transferred right

1760

00:53:21,349 --> 00:53:19,440

so you get to that point like hang on

1761

00:53:22,470 --> 00:53:21,359

and this is bizarre and i'm thinking in

1762

00:53:23,270 --> 00:53:22,480

the beginning this i wouldn't even find

1763

00:53:25,030 --> 00:53:23,280

any sign of it

1764

00:53:28,150 --> 00:53:25,040

instead i find that there's this mystery

1765

00:53:31,030 --> 00:53:28,160

that is only solved by it

1766

00:53:32,790 --> 00:53:31,040

i love it yes this is uh you know why i

1767

00:53:34,309 --> 00:53:32,800

do this show these kind of stories and

1768

00:53:37,030 --> 00:53:34,319

it seems like you found

1769

00:53:38,630 --> 00:53:37,040

the remnants of the mothership but who

1770

00:53:40,950 --> 00:53:38,640

blew it up how did it blow up

1771

00:53:42,150 --> 00:53:40,960

the way it did well then you get into

1772

00:53:43,910 --> 00:53:42,160

bits that yeah i can certainly give you

1773

00:53:45,030 --> 00:53:43,920

what's told i can't prove it

1774

00:53:47,030 --> 00:53:45,040

you know that's obviously the major

1775

00:53:47,990 --> 00:53:47,040

focus in the book obviously is on as you

1776

00:53:50,230 --> 00:53:48,000

know the three

1777

00:53:51,349 --> 00:53:50,240

major events which i'm able to provide

1778

00:53:53,430 --> 00:53:51,359

good evidence for

1779

00:53:54,470 --> 00:53:53,440

but we are told that yeah that there is

1780

00:53:56,630 --> 00:53:54,480

already a

1781

00:53:58,230 --> 00:53:56,640

group of advanced beings on this planet

1782

00:53:59,670 --> 00:53:58,240

what we might refer to now as crypto

1783

00:54:00,950 --> 00:53:59,680

terrestrials

1784

00:54:01,910 --> 00:54:00,960

they essentially are not even

1785

00:54:03,510 --> 00:54:01,920

necessarily what we call

1786

00:54:06,630 --> 00:54:03,520

extraterrestrial right because

1787

00:54:09,030 --> 00:54:06,640

they supposedly been here pretty much

1788

00:54:10,630 --> 00:54:09,040

since very early on in earth's history

1789

00:54:11,990 --> 00:54:10,640

right there's a group of beings here

1790

00:54:14,950 --> 00:54:12,000

that are described as kind of

1791

00:54:15,829 --> 00:54:14,960

reptilian humanoid in form now i'm sure

1792

00:54:17,349 --> 00:54:15,839

most people

1793

00:54:19,430 --> 00:54:17,359

out there that listen to your show or

1794

00:54:20,630 --> 00:54:19,440

into any of these topics are familiar

1795

00:54:22,549 --> 00:54:20,640

the idea that there are people

1796

00:54:23,190 --> 00:54:22,559

encountering reptilian-looking beings or

1797

00:54:25,510 --> 00:54:23,200

they've

1798

00:54:27,030 --> 00:54:25,520

heard about them in conspiracy theory

1799

00:54:29,270 --> 00:54:27,040

and all the rest

1800

00:54:30,150 --> 00:54:29,280

like it or not that's what we're told

1801
00:54:31,990 --> 00:54:30,160
they're like

1802
00:54:34,870 --> 00:54:32,000
and that there has been this agreement

1803
00:54:36,950 --> 00:54:34,880
between them and this visiting

1804
00:54:38,309 --> 00:54:36,960
group or a collective of beings from

1805
00:54:40,069 --> 00:54:38,319
various places in

1806
00:54:41,589 --> 00:54:40,079
the universe that have arrived in a

1807
00:54:43,670 --> 00:54:41,599
single ship there's a kind of an

1808
00:54:44,390 --> 00:54:43,680
alliance or a federation or whatever you

1809
00:54:46,390 --> 00:54:44,400
want to call it

1810
00:54:48,390 --> 00:54:46,400
this is not a ship just of one type of

1811
00:54:50,069 --> 00:54:48,400
entities but there's been an agreement

1812
00:54:51,750 --> 00:54:50,079
between them that the earth is meant to

1813
00:54:53,510 --> 00:54:51,760

be getting handed over to this alliance

1814

00:54:55,270 --> 00:54:53,520

and apparently it once was sort of under

1815

00:54:55,990 --> 00:54:55,280

their direction it was once seeded by

1816

00:54:57,589 --> 00:54:56,000

them

1817

00:54:59,510 --> 00:54:57,599

and that there has been this brokered

1818

00:55:01,670 --> 00:54:59,520

agreement to hand over the planet

1819

00:55:03,030 --> 00:55:01,680

there's a betrayal the ship is attacked

1820

00:55:04,950 --> 00:55:03,040

it's hit with what they describe as i

1821

00:55:07,109 --> 00:55:04,960

think it's electromagnetic resonance

1822

00:55:09,190 --> 00:55:07,119

weaponry and we sort of entrains

1823

00:55:10,230 --> 00:55:09,200

the ship and you know vibrates it and

1824

00:55:13,109 --> 00:55:10,240

melts it and then it

1825

00:55:14,230 --> 00:55:13,119

blows up and so we have then another

1826
00:55:15,430 --> 00:55:14,240
group on board and there's different

1827
00:55:17,190 --> 00:55:15,440
beings some of these are described as

1828
00:55:19,109 --> 00:55:17,200
silica beings that have a kind of a

1829
00:55:21,030 --> 00:55:19,119
frame like a robot frame that moves them

1830
00:55:22,309 --> 00:55:21,040
around you know they're not even

1831
00:55:24,230 --> 00:55:22,319
biological some of them don't even seem

1832
00:55:24,870 --> 00:55:24,240
to be fully in our reality they're kind

1833
00:55:26,870 --> 00:55:24,880
of

1834
00:55:28,069 --> 00:55:26,880
interdimensional beings so it's a really

1835
00:55:30,230 --> 00:55:28,079
complex

1836
00:55:31,589 --> 00:55:30,240
scenario that we're told about which it

1837
00:55:34,230 --> 00:55:31,599
should

1838
00:55:35,589 --> 00:55:34,240

sometimes we want things to be nice and

1839

00:55:37,829 --> 00:55:35,599

easy like in a movie right but

1840

00:55:39,670 --> 00:55:37,839

this is far more complex than that and

1841

00:55:41,510 --> 00:55:39,680

so we don't have a nice simple story

1842

00:55:43,750 --> 00:55:41,520

and that these beings that on earth

1843

00:55:45,589 --> 00:55:43,760

there is consequences for them

1844

00:55:46,950 --> 00:55:45,599

because we're so five years later

1845

00:55:48,710 --> 00:55:46,960

another group of extraterrestrials

1846

00:55:51,109 --> 00:55:48,720

arrive who are part of this

1847

00:55:52,710 --> 00:55:51,119

greater alliance and that they are

1848

00:55:55,829 --> 00:55:52,720

described as a leonine

1849

00:55:56,630 --> 00:55:55,839

humanoid race of warriors that have a

1850

00:55:59,990 --> 00:55:56,640

long

1851
00:56:01,190 --> 00:56:00,000
reptilians

1852
00:56:03,190 --> 00:56:01,200
and they come in and say you know you've

1853
00:56:03,910 --> 00:56:03,200
destroyed a peaceful colony ship get off

1854
00:56:05,190 --> 00:56:03,920
the planet

1855
00:56:06,470 --> 00:56:05,200
that was the agreement if you don't get

1856
00:56:06,950 --> 00:56:06,480
off the planet we're going to bombard

1857
00:56:08,789 --> 00:56:06,960
you

1858
00:56:10,390 --> 00:56:08,799
and they said most of them flee they go

1859
00:56:11,990 --> 00:56:10,400
through at stargate or orion

1860
00:56:13,910 --> 00:56:12,000
apparently it's where they come from but

1861
00:56:15,430 --> 00:56:13,920
they flee and that there's some of them

1862
00:56:16,870 --> 00:56:15,440
don't and they begin a bombardment and

1863
00:56:19,030 --> 00:56:16,880

they say but we don't use

1864

00:56:20,230 --> 00:56:19,040

lasers or anything so we pull in

1865

00:56:22,710 --> 00:56:20,240

asteroids

1866

00:56:23,589 --> 00:56:22,720

from nearby and we bombard the planet

1867

00:56:26,150 --> 00:56:23,599

with those

1868

00:56:27,589 --> 00:56:26,160

and they clarify if we want to we can

1869

00:56:30,150 --> 00:56:27,599

crack a planet open

1870

00:56:31,510 --> 00:56:30,160

no problems so think about those scales

1871

00:56:32,150 --> 00:56:31,520

the kind of things that go on out there

1872

00:56:34,390 --> 00:56:32,160

if that's you

1873

00:56:35,910 --> 00:56:34,400

accept this there's not just you know

1874

00:56:38,150 --> 00:56:35,920

people you shoot some razor

1875

00:56:40,069 --> 00:56:38,160

razor laser that no no they literally

1876

00:56:41,750 --> 00:56:40,079

just pull in some asteroids

1877

00:56:43,430 --> 00:56:41,760

send them down and so they do that and

1878

00:56:44,630 --> 00:56:43,440

they bombard these areas where they're

1879

00:56:47,589 --> 00:56:44,640

supposedly underground

1880

00:56:48,789 --> 00:56:47,599

bases of this other party and destroy

1881

00:56:51,349 --> 00:56:48,799

most of those

1882

00:56:53,030 --> 00:56:51,359

now we assumed that they are at the same

1883

00:56:54,710 --> 00:56:53,040

time protecting the areas

1884

00:56:56,150 --> 00:56:54,720

where the survivors from the first ship

1885

00:56:57,670 --> 00:56:56,160

are now based

1886

00:56:59,510 --> 00:56:57,680

and that these survivors also have

1887

00:57:00,390 --> 00:56:59,520

decided to remain not to go where they

1888

00:57:01,750 --> 00:57:00,400

offered obviously

1889

00:57:02,630 --> 00:57:01,760

to leave but they've decided they're

1890

00:57:03,589 --> 00:57:02,640

going to remain and they're going to

1891

00:57:05,510 --> 00:57:03,599

modify

1892

00:57:07,270 --> 00:57:05,520

a hominin species on the planet

1893

00:57:10,630 --> 00:57:07,280

obviously where a lot of the

1894

00:57:10,950 --> 00:57:10,640

main thrust of the book goes so i should

1895

00:57:13,030 --> 00:57:10,960

say

1896

00:57:14,789 --> 00:57:13,040

sorry that again with that asteroid

1897

00:57:15,990 --> 00:57:14,799

bombardment as i clarify this was

1898

00:57:18,549 --> 00:57:16,000

another thing i thought well

1899

00:57:19,829 --> 00:57:18,559

you know if this is real couldn't we

1900

00:57:21,589 --> 00:57:19,839

find some evidence of an asteroid

1901

00:57:22,470 --> 00:57:21,599

bombardment right

1902

00:57:23,670 --> 00:57:22,480

and again this would be quite

1903

00:57:24,950 --> 00:57:23,680

extraordinary because the last time we

1904

00:57:26,630 --> 00:57:24,960

really had

1905

00:57:28,309 --> 00:57:26,640

impacts from all sides all the time

1906

00:57:29,990 --> 00:57:28,319

regularly it was kind of the late heavy

1907

00:57:32,390 --> 00:57:30,000

bombardment going back you know over

1908

00:57:34,069 --> 00:57:32,400

3.5 billion years ago and it was kind of

1909

00:57:35,270 --> 00:57:34,079

chaos in the solar system

1910

00:57:37,109 --> 00:57:35,280

so i'm thinking well if this is

1911

00:57:38,309 --> 00:57:37,119

multi-directional bombardment surely we

1912

00:57:40,230 --> 00:57:38,319

don't know about that i mean this you

1913

00:57:41,430 --> 00:57:40,240

know we all know about the dinosaurs

1914

00:57:42,789 --> 00:57:41,440

getting whacked and

1915

00:57:44,789 --> 00:57:42,799

you know we hear about other impact

1916

00:57:46,789 --> 00:57:44,799

events surely it'd be big news they'd be

1917

00:57:48,710 --> 00:57:46,799

like nat geo specials on you know the

1918

00:57:51,829 --> 00:57:48,720

time the earth nearly died from

1919

00:57:52,710 --> 00:57:51,839

multi-directional hits right so i'm

1920

00:57:55,190 --> 00:57:52,720

thinking what

1921

00:57:56,390 --> 00:57:55,200

is that real you know can that be real

1922

00:57:57,430 --> 00:57:56,400

so i started digging into that and it

1923

00:58:01,430 --> 00:57:57,440

turned out that

1924

00:58:02,190 --> 00:58:01,440

only in 2015 that it had been detected

1925

00:58:04,309 --> 00:58:02,200

that there'd been a

1926
00:58:05,190 --> 00:58:04,319
multi-directional asteroid bombardment

1927
00:58:06,870 --> 00:58:05,200
of our planet

1928
00:58:09,109 --> 00:58:06,880
and when did it happen to be turns out

1929
00:58:10,470 --> 00:58:09,119
that it's dated to around 780 000 years

1930
00:58:13,750 --> 00:58:10,480
ago which when the australia

1931
00:58:16,150 --> 00:58:13,760
tech tight is dated to 780 000 years ago

1932
00:58:17,510 --> 00:58:16,160
right so you're like hang on what is

1933
00:58:19,190 --> 00:58:17,520
going on here so you've now you've got

1934
00:58:21,030 --> 00:58:19,200
this bizarre object breaking up

1935
00:58:22,390 --> 00:58:21,040
and you've got the multi-directional

1936
00:58:23,349 --> 00:58:22,400
asteroid bombardment and they've here in

1937
00:58:25,270 --> 00:58:23,359
central america

1938
00:58:27,030 --> 00:58:25,280

they hit down in tasmania they've hit

1939

00:58:28,230 --> 00:58:27,040

somewhere up in southeast asia

1940

00:58:30,470 --> 00:58:28,240

and the other thing about this you start

1941

00:58:31,270 --> 00:58:30,480

thinking okay was this a singular object

1942

00:58:32,870 --> 00:58:31,280

breaking up because

1943

00:58:35,030 --> 00:58:32,880

that might be an easier explanation

1944

00:58:36,470 --> 00:58:35,040

right but no because when they

1945

00:58:37,829 --> 00:58:36,480

did the analysis of different sites they

1946

00:58:39,750 --> 00:58:37,839

found the composition was different so

1947

00:58:41,349 --> 00:58:39,760

these are separate asteroids

1948

00:58:43,430 --> 00:58:41,359

coming in and that's exactly what we're

1949

00:58:44,549 --> 00:58:43,440

told in this material right it's saying

1950

00:58:46,230 --> 00:58:44,559

that you know they called in different

1951
00:58:47,030 --> 00:58:46,240
asteroids and just bombard us from all

1952
00:58:49,750 --> 00:58:47,040
sides

1953
00:58:51,109 --> 00:58:49,760
and exactly what they found bear in my

1954
00:58:52,230 --> 00:58:51,119
valerie's book that she wrote about this

1955
00:58:55,030 --> 00:58:52,240
i'm using as a source

1956
00:58:56,230 --> 00:58:55,040
is published in 2003 so she can't be

1957
00:58:57,750 --> 00:58:56,240
cherry-picking this out there making a

1958
00:58:58,549 --> 00:58:57,760
sci-fi story because it just did not

1959
00:59:00,230 --> 00:58:58,559
exist

1960
00:59:01,670 --> 00:59:00,240
at the time nobody knew this had

1961
00:59:04,230 --> 00:59:01,680
happened right

1962
00:59:05,829 --> 00:59:04,240
so you've now got another massive hit

1963
00:59:07,430 --> 00:59:05,839

and another anomalous event because

1964

00:59:09,430 --> 00:59:07,440

there's no other point in time

1965

00:59:10,710 --> 00:59:09,440

you know that we just don't see that

1966

00:59:12,069 --> 00:59:10,720

stuff happening right

1967

00:59:13,750 --> 00:59:12,079

we don't have objects every now and

1968

00:59:15,109 --> 00:59:13,760

again in orbit blowing up

1969

00:59:16,950 --> 00:59:15,119

we don't every now and again have

1970

00:59:18,630 --> 00:59:16,960

multi-directional asteroid bombers these

1971

00:59:22,069 --> 00:59:18,640

are unique

1972

00:59:25,510 --> 00:59:22,079

major anomalous events now coinciding

1973

00:59:27,589 --> 00:59:25,520

in time right and matching with

1974

00:59:29,030 --> 00:59:27,599

something that has purportedly come from

1975

00:59:30,630 --> 00:59:29,040

an intelligence that says it's next

1976

00:59:32,789 --> 00:59:30,640

stressful that knows our history

1977

00:59:33,750 --> 00:59:32,799

and is now being proven accurate and

1978

00:59:37,430 --> 00:59:33,760

accurate again

1979

00:59:39,589 --> 00:59:37,440

right right and man it is so epic

1980

00:59:41,510 --> 00:59:39,599

boring alien races i love it it's a

1981

00:59:42,710 --> 00:59:41,520

movie in itself if i had a few million i

1982

00:59:44,069 --> 00:59:42,720

wouldn't be writing a book about it i'll

1983

00:59:44,390 --> 00:59:44,079

tell you that i'm making a movie about

1984

00:59:48,309 --> 00:59:44,400

it

1985

00:59:50,870 --> 00:59:48,319

indeed and for the listeners context

1986

00:59:53,190 --> 00:59:50,880

that you know all this comes from this

1987

00:59:56,150 --> 00:59:53,200

al karinga stone

1988

00:59:57,190 --> 00:59:56,160

where is this stone today i know the

1989

00:59:59,270 --> 00:59:57,200

woman who

1990

01:00:01,510 --> 00:59:59,280

has it or communicates with it does have

1991

01:00:03,589 --> 01:00:01,520

a website seems to still be alive i mean

1992

01:00:05,270 --> 01:00:03,599

are these stories still coming out of it

1993

01:00:06,870 --> 01:00:05,280

no because it was as intended it was

1994

01:00:08,950 --> 01:00:06,880

given back to the the lady

1995

01:00:10,309 --> 01:00:08,960

to her temporarily and that it was then

1996

01:00:12,470 --> 01:00:10,319

forwarded on back to

1997

01:00:14,230 --> 01:00:12,480

the traditional custodians which are

1998

01:00:16,789 --> 01:00:14,240

zeinstein at diaries people

1999

01:00:17,990 --> 01:00:16,799

around uluru so that i imagine they

2000

01:00:20,549 --> 01:00:18,000

still have this

2001
01:00:21,430 --> 01:00:20,559
now would they come forward and share

2002
01:00:23,589 --> 01:00:21,440
maybe they will

2003
01:00:25,990 --> 01:00:23,599
you know if someone has contacts with

2004
01:00:27,670 --> 01:00:26,000
elders of the irente people

2005
01:00:29,270 --> 01:00:27,680
i want to look into that i mean i don't

2006
01:00:30,789 --> 01:00:29,280
personally have those contacts

2007
01:00:32,390 --> 01:00:30,799
but i don't know if they would tell you

2008
01:00:33,990 --> 01:00:32,400
again you're dealing with what should be

2009
01:00:35,910 --> 01:00:34,000
some of those sacred artifacts

2010
01:00:37,030 --> 01:00:35,920
of these people right so i don't know

2011
01:00:38,870 --> 01:00:37,040
whether i mean

2012
01:00:40,630 --> 01:00:38,880
if someone has that kind of connection

2013
01:00:43,990 --> 01:00:40,640

then maybe they can track it down

2014

01:00:45,270 --> 01:00:44,000

i assume it is there oh man yeah you

2015

01:00:50,069 --> 01:00:45,280

gotta try

2016

01:00:51,430 --> 01:00:50,079

a little bit more into the genetics of

2017

01:00:52,309 --> 01:00:51,440

the dna i know we're at the end of the

2018

01:00:53,910 --> 01:00:52,319

road but

2019

01:00:55,430 --> 01:00:53,920

you do a great job in the book of

2020

01:00:57,910 --> 01:00:55,440

breaking this stuff down and

2021

01:00:59,750 --> 01:00:57,920

dense dna talk and sometimes get a bit

2022

01:01:01,510 --> 01:00:59,760

too in the weeds for me but

2023

01:01:03,510 --> 01:01:01,520

are there a couple of points you'd want

2024

01:01:05,270 --> 01:01:03,520

to make people understand when it comes

2025

01:01:06,870 --> 01:01:05,280

to our genes and dna and some of the

2026

01:01:09,510 --> 01:01:06,880

weird stuff we got in there just to

2027

01:01:10,549 --> 01:01:09,520

round out our overall show today

2028

01:01:12,309 --> 01:01:10,559

sure and i think you know that's the

2029

01:01:13,990 --> 01:01:12,319

third point so the third biggie in the

2030

01:01:15,109 --> 01:01:14,000

book in terms of this narrative is that

2031

01:01:17,030 --> 01:01:15,119

you know we are a child

2032

01:01:18,630 --> 01:01:17,040

you know after having the ship destroyed

2033

01:01:19,670 --> 01:01:18,640

you know the impact we now have them

2034

01:01:21,190 --> 01:01:19,680

both dated

2035

01:01:23,190 --> 01:01:21,200

you know as soon as real events dated to

2036

01:01:24,870 --> 01:01:23,200

780 thousand years ago the third big one

2037

01:01:27,030 --> 01:01:24,880

of course is the claim that

2038

01:01:28,230 --> 01:01:27,040

the surviving extraterrestrials modify

2039

01:01:30,549 --> 01:01:28,240

an existing hominin

2040

01:01:31,430 --> 01:01:30,559

and they essentially make the first homo

2041

01:01:34,710 --> 01:01:31,440

sapiens

2042

01:01:37,190 --> 01:01:34,720

now in recent years the mainstream has

2043

01:01:39,030 --> 01:01:37,200

actually shifted their dates on this

2044

01:01:41,910 --> 01:01:39,040

they've now gone back to it being

2045

01:01:43,270 --> 01:01:41,920

somewhere in the region of 550 to 750

2046

01:01:44,870 --> 01:01:43,280

or so thousand years ago and if you look

2047

01:01:45,349 --> 01:01:44,880

at other studies they're suggesting 800

2048

01:01:46,549 --> 01:01:45,359

000

2049

01:01:48,630 --> 01:01:46,559

possibly before but there's a

2050

01:01:52,150 --> 01:01:48,640

coalescence there around this date

2051
01:01:53,589 --> 01:01:52,160
of 780 000 which happened to already be

2052
01:01:55,510 --> 01:01:53,599
known in the fossil records it was known

2053
01:01:58,230 --> 01:01:55,520
that from around 800 000 years ago

2054
01:02:00,470 --> 01:01:58,240
the human cranium goes into a mad like

2055
01:02:02,230 --> 01:02:00,480
acceleration so we knew from before

2056
01:02:04,390 --> 01:02:02,240
genetics we knew that something

2057
01:02:06,069 --> 01:02:04,400
weird happened around 800 thousand years

2058
01:02:07,750 --> 01:02:06,079
ago and the human brain just goes into

2059
01:02:10,950 --> 01:02:07,760
this off-the-scale kind of

2060
01:02:11,750 --> 01:02:10,960
acceleration structural changes size

2061
01:02:13,829 --> 01:02:11,760
changes

2062
01:02:15,430 --> 01:02:13,839
and now we have the genetics that is

2063
01:02:17,349 --> 01:02:15,440

backing that up you know we also know

2064

01:02:19,349 --> 01:02:17,359

now that homo sapiens themselves

2065

01:02:20,710 --> 01:02:19,359

are breaking off from some precursor

2066

01:02:22,630 --> 01:02:20,720

species around that time

2067

01:02:23,990 --> 01:02:22,640

we have neanderthals denisovans you know

2068

01:02:24,630 --> 01:02:24,000

modern teams all these large-brained

2069

01:02:27,270 --> 01:02:24,640

humans

2070

01:02:29,349 --> 01:02:27,280

are splitting off from a common ancestor

2071

01:02:31,510 --> 01:02:29,359

around about 780 000 years ago

2072

01:02:32,630 --> 01:02:31,520

right so that just to frame this a

2073

01:02:34,630 --> 01:02:32,640

little bit you know we now have

2074

01:02:37,430 --> 01:02:34,640

mainstream science catching up

2075

01:02:40,069 --> 01:02:37,440

with what i've put in books already

2076

01:02:41,670 --> 01:02:40,079

their dates have now slid to my dates

2077

01:02:43,109 --> 01:02:41,680

and they're now seeing that actually all

2078

01:02:44,069 --> 01:02:43,119

these different groups are splitting off

2079

01:02:46,549 --> 01:02:44,079

from some strange

2080

01:02:47,750 --> 01:02:46,559

happening around 780 thousand years ago

2081

01:02:50,069 --> 01:02:47,760

which if you think about it

2082

01:02:51,510 --> 01:02:50,079

if you've got experimentation going on

2083

01:02:53,750 --> 01:02:51,520

is it a shock that it's going to produce

2084

01:02:55,990 --> 01:02:53,760

more than one hominin lineage no

2085

01:02:57,349 --> 01:02:56,000

right because it's experimentation yeah

2086

01:02:59,190 --> 01:02:57,359

so you're ending up with different ones

2087

01:03:00,470 --> 01:02:59,200

in fact you may intend to do that to see

2088

01:03:02,230 --> 01:03:00,480

which one fares best

2089

01:03:04,150 --> 01:03:02,240

so you can make a few different lineages

2090

01:03:05,750 --> 01:03:04,160

right so we have that happening

2091

01:03:07,349 --> 01:03:05,760

so how do we validate that so if you go

2092

01:03:09,349 --> 01:03:07,359

down drill down into the

2093

01:03:10,710 --> 01:03:09,359

genomics what we find is one

2094

01:03:13,190 --> 01:03:10,720

particularly

2095

01:03:14,950 --> 01:03:13,200

compelling and important change is the

2096

01:03:16,549 --> 01:03:14,960

fusing of chromosome 2.

2097

01:03:19,109 --> 01:03:16,559

now i'm not the first person ever to

2098

01:03:22,309 --> 01:03:19,119

suggest that using chromosome 2 is a

2099

01:03:23,670 --> 01:03:22,319

marker for an alien intervention or a

2100

01:03:24,950 --> 01:03:23,680

god-like intervention if you go to the

2101
01:03:26,470 --> 01:03:24,960
creationists

2102
01:03:28,470 --> 01:03:26,480
they also the creation of scientists say

2103
01:03:29,910 --> 01:03:28,480
that chromosome 2 is you know

2104
01:03:31,270 --> 01:03:29,920
the difference between humans and all

2105
01:03:32,789 --> 01:03:31,280
the primates and why we're not really

2106
01:03:35,029 --> 01:03:32,799
primates and that we're god's

2107
01:03:36,150 --> 01:03:35,039
creation so you'll find that in there

2108
01:03:37,670 --> 01:03:36,160
but conversely also

2109
01:03:39,270 --> 01:03:37,680
you know that people like lloyd pie and

2110
01:03:41,270 --> 01:03:39,280
stuff in the past

2111
01:03:43,029 --> 01:03:41,280
suggested that chromosome 2 was a

2112
01:03:44,390 --> 01:03:43,039
signature of modification

2113
01:03:46,470 --> 01:03:44,400

but he of course unfortunately he passed

2114

01:03:47,829 --> 01:03:46,480

away before we got to the point now

2115

01:03:50,069 --> 01:03:47,839

where we can drill down and get

2116

01:03:51,589 --> 01:03:50,079

dating on this and stuff right we found

2117

01:03:52,870 --> 01:03:51,599

out now that neanderthals dinosaurs and

2118

01:03:55,510 --> 01:03:52,880

us we all share

2119

01:03:57,750 --> 01:03:55,520

this fusion of chromosome 2 so other

2120

01:03:59,349 --> 01:03:57,760

primates and other earlier humans had 48

2121

01:04:01,029 --> 01:03:59,359

chromosomes we have 46.

2122

01:04:02,950 --> 01:04:01,039

now what we find is an enzyme fusion

2123

01:04:05,109 --> 01:04:02,960

where there are deletions and additions

2124

01:04:06,549 --> 01:04:05,119

at the fusion site so it's not just

2125

01:04:08,150 --> 01:04:06,559

straight fusion it looks like someone

2126

01:04:09,990 --> 01:04:08,160

has added and taken away bits and is

2127

01:04:10,950 --> 01:04:10,000

also fused on an active gene which is

2128

01:04:12,470 --> 01:04:10,960

extraordinary

2129

01:04:15,829 --> 01:04:12,480

and that gene happens to be to do with

2130

01:04:17,109 --> 01:04:15,839

reproduction the immune system the brain

2131

01:04:18,230 --> 01:04:17,119

there's a few effects right understand

2132

01:04:19,750 --> 01:04:18,240

when chromosome confusion first of all

2133

01:04:20,390 --> 01:04:19,760

that usually when chromosomes fuse it's

2134

01:04:21,589 --> 01:04:20,400

a problem

2135

01:04:22,870 --> 01:04:21,599

that's the first thing sometimes it can

2136

01:04:23,829 --> 01:04:22,880

be neutral but usually it's a problem

2137

01:04:26,069 --> 01:04:23,839

really negative

2138

01:04:26,870 --> 01:04:26,079

now in this case is posited by the

2139

01:04:28,069 --> 01:04:26,880

academics that

2140

01:04:30,470 --> 01:04:28,079

the only way that you can have this

2141

01:04:32,150 --> 01:04:30,480

persist in the way that it has

2142

01:04:33,430 --> 01:04:32,160

is if it conferred extraordinary

2143

01:04:35,109 --> 01:04:33,440

benefits because you remember that there

2144

01:04:36,630 --> 01:04:35,119

was a total replacement all 48

2145

01:04:39,349 --> 01:04:36,640

chromosome humans disappear

2146

01:04:41,109 --> 01:04:39,359

and all we have is 46 chromosome humans

2147

01:04:42,470 --> 01:04:41,119

now you think it was a small group

2148

01:04:44,309 --> 01:04:42,480

and there's a massive population of the

2149

01:04:45,510 --> 01:04:44,319

others how does that happen right the

2150

01:04:47,029 --> 01:04:45,520

first thing they posit well it must have

2151
01:04:47,829 --> 01:04:47,039
had extraordinary benefits that meant

2152
01:04:49,750 --> 01:04:47,839
that they had

2153
01:04:50,789 --> 01:04:49,760
so much better survival abilities than

2154
01:04:52,549 --> 01:04:50,799
everyone else that they could

2155
01:04:53,829 --> 01:04:52,559
out-compete anybody

2156
01:04:55,109 --> 01:04:53,839
the second things that they probably

2157
01:04:56,950 --> 01:04:55,119
have had to have happened in a small

2158
01:04:59,430 --> 01:04:56,960
isolated population for it to become

2159
01:05:01,190 --> 01:04:59,440
first of all genetically persistent in

2160
01:05:02,549 --> 01:05:01,200
that population and not recessive you

2161
01:05:03,829 --> 01:05:02,559
need to have a small group with those

2162
01:05:05,029 --> 01:05:03,839
changes into breeding

2163
01:05:07,029 --> 01:05:05,039

it's not starting to sound to you like

2164

01:05:08,710 --> 01:05:07,039

some people in the lab right so you've

2165

01:05:09,750 --> 01:05:08,720

got this isolated small population where

2166

01:05:10,390 --> 01:05:09,760

it's becoming persistent where they're

2167

01:05:11,750 --> 01:05:10,400

intervening

2168

01:05:13,589 --> 01:05:11,760

and then when they're released out they

2169

01:05:15,109 --> 01:05:13,599

have these extraordinary benefits

2170

01:05:17,430 --> 01:05:15,119

above anyone else so they can do all

2171

01:05:18,789 --> 01:05:17,440

sorts of things but not only that i

2172

01:05:19,990 --> 01:05:18,799

think that we have here the signature of

2173

01:05:22,069 --> 01:05:20,000

something else called

2174

01:05:23,109 --> 01:05:22,079

what we would think of now is chris bar

2175

01:05:24,870 --> 01:05:23,119

gene drives

2176
01:05:26,069 --> 01:05:24,880
right now i'm gonna say it's exactly the

2177
01:05:27,670 --> 01:05:26,079
same i think we're talking about beings

2178
01:05:28,309 --> 01:05:27,680
that are well ahead but we are now just

2179
01:05:30,069 --> 01:05:28,319
on the

2180
01:05:31,829 --> 01:05:30,079
coattails of them because we have these

2181
01:05:34,470 --> 01:05:31,839
crispr gene drives where you can

2182
01:05:35,670 --> 01:05:34,480
not only can you modify the genome with

2183
01:05:37,430 --> 01:05:35,680
chris barr technologies

2184
01:05:39,190 --> 01:05:37,440
but with gene drive technologies what

2185
01:05:39,589 --> 01:05:39,200
you do is you modify in such a way is

2186
01:05:41,349 --> 01:05:39,599
that

2187
01:05:42,870 --> 01:05:41,359
when the two individuals you know the

2188
01:05:44,630 --> 01:05:42,880

male female mix

2189

01:05:46,390 --> 01:05:44,640

you don't have children instead of 50

2190

01:05:49,109 --> 01:05:46,400

information from each parent

2191

01:05:49,670 --> 01:05:49,119

like a normal scenario the modified

2192

01:05:52,549 --> 01:05:49,680

parent

2193

01:05:53,829 --> 01:05:52,559

information overwrites the other one and

2194

01:05:55,910 --> 01:05:53,839

you get a hundred percent

2195

01:05:57,270 --> 01:05:55,920

from that parent so if you imagine now

2196

01:05:58,789 --> 01:05:57,280

you've got these beans going out you

2197

01:06:00,390 --> 01:05:58,799

know they've made in our image now they

2198

01:06:00,870 --> 01:06:00,400

go forth and multiply like the biblical

2199

01:06:02,710 --> 01:06:00,880

kind of

2200

01:06:04,309 --> 01:06:02,720

these who send them out and now no

2201

01:06:05,589 --> 01:06:04,319

matter what other hominin they

2202

01:06:08,309 --> 01:06:05,599

interbreed with

2203

01:06:09,670 --> 01:06:08,319

the children will be these upgrades now

2204

01:06:11,589 --> 01:06:09,680

that makes a lot of sense especially now

2205

01:06:14,309 --> 01:06:11,599

that we know we're doing this with

2206

01:06:16,470 --> 01:06:14,319

mosquito populations experimenting with

2207

01:06:19,430 --> 01:06:16,480

funded by bill gates and darpa

2208

01:06:21,029 --> 01:06:19,440

so no worries there right of course not

2209

01:06:22,390 --> 01:06:21,039

now these are extinction technologies as

2210

01:06:24,710 --> 01:06:22,400

well because you can also

2211

01:06:26,390 --> 01:06:24,720

turn off the ability to have children

2212

01:06:27,589 --> 01:06:26,400

and stuff so if people want to be

2213

01:06:29,029 --> 01:06:27,599

worried about something

2214

01:06:31,109 --> 01:06:29,039

definitely worry about gene drives being

2215

01:06:32,630 --> 01:06:31,119

funded by darpa and bill gates

2216

01:06:34,950 --> 01:06:32,640

but we see the fingerprint for this in

2217

01:06:37,349 --> 01:06:34,960

the past and then on top of this

2218

01:06:38,950 --> 01:06:37,359

there are a number of interesting genes

2219

01:06:39,510 --> 01:06:38,960

for example there are brain genes one

2220

01:06:41,750 --> 01:06:39,520

that

2221

01:06:43,670 --> 01:06:41,760

is described as having appeared fully

2222

01:06:44,789 --> 01:06:43,680

formed out of non-coding dna and just

2223

01:06:46,950 --> 01:06:44,799

gives us these

2224

01:06:47,990 --> 01:06:46,960

amazing benefits in terms of the brain i

2225

01:06:48,309 --> 01:06:48,000

think it's the falls in the brain or

2226

01:06:49,510 --> 01:06:48,319

something

2227

01:06:52,309 --> 01:06:49,520

and there's another one which is

2228

01:06:53,109 --> 01:06:52,319

described as being a short segment of a

2229

01:06:54,630 --> 01:06:53,119

longer gene

2230

01:06:57,430 --> 01:06:54,640

that looks almost like it was cut out

2231

01:07:00,470 --> 01:06:57,440

and xeroxed and put back in their words

2232

01:07:01,190 --> 01:07:00,480

xerox like this is what we're doing now

2233

01:07:02,630 --> 01:07:01,200

and yet

2234

01:07:04,549 --> 01:07:02,640

these people looking at the genome are

2235

01:07:05,349 --> 01:07:04,559

finding those same kind of fingerprints

2236

01:07:06,870 --> 01:07:05,359

and looking like

2237

01:07:08,390 --> 01:07:06,880

pieces that literally were cut out

2238

01:07:09,829 --> 01:07:08,400

replicated put back in and gave us the

2239

01:07:11,349 --> 01:07:09,839

neocortex like the most advanced with

2240

01:07:12,870 --> 01:07:11,359

the brain the folds in the brain

2241

01:07:14,710 --> 01:07:12,880

all of this stuff that is unique to

2242

01:07:16,870 --> 01:07:14,720

modern humans and neanderthals you know

2243

01:07:18,549 --> 01:07:16,880

that was unique to homo sapiens

2244

01:07:20,230 --> 01:07:18,559

i include that denisovans and

2245

01:07:21,910 --> 01:07:20,240

neanderthals they're all homo sapiens

2246

01:07:23,029 --> 01:07:21,920

right in fact i think you saw there is

2247

01:07:24,630 --> 01:07:23,039

an article came out and said that

2248

01:07:26,390 --> 01:07:24,640

neanderthals and modern humans

2249

01:07:27,829 --> 01:07:26,400

were less different than grizzly bears

2250

01:07:28,870 --> 01:07:27,839

and polar bears which often have

2251

01:07:31,029 --> 01:07:28,880

children together

2252

01:07:32,710 --> 01:07:31,039

right right we were less different is

2253

01:07:33,349 --> 01:07:32,720

that sounding like a separate species to

2254

01:07:34,789 --> 01:07:33,359

you

2255

01:07:36,230 --> 01:07:34,799

right that we regularly could have

2256

01:07:37,109 --> 01:07:36,240

children the children were viable there

2257

01:07:38,950 --> 01:07:37,119

was no problem

2258

01:07:40,710 --> 01:07:38,960

right so we have all these large brained

2259

01:07:41,990 --> 01:07:40,720

homo sapiens that are all coming out of

2260

01:07:45,029 --> 01:07:42,000

this event and they have these

2261

01:07:45,829 --> 01:07:45,039

extraordinary gene changes chromosome

2262

01:07:47,990 --> 01:07:45,839

fusions

2263

01:07:49,349 --> 01:07:48,000

and most importantly and i'll just

2264

01:07:52,549 --> 01:07:49,359

quickly squeeze this in because

2265

01:07:54,150 --> 01:07:52,559

these hars or human accelerated regions

2266

01:07:56,150 --> 01:07:54,160

of which we now have hundreds and these

2267

01:07:56,630 --> 01:07:56,160

are regions where evolution seems to

2268

01:07:59,750 --> 01:07:56,640

have been

2269

01:08:02,150 --> 01:07:59,760

massively sped up somehow by not any

2270

01:08:03,750 --> 01:08:02,160

understood means yet understood

2271

01:08:05,750 --> 01:08:03,760

and that these are areas in the

2272

01:08:06,870 --> 01:08:05,760

non-coding dna

2273

01:08:08,870 --> 01:08:06,880

and they're also in areas that are

2274

01:08:09,829 --> 01:08:08,880

called highly conserved

2275

01:08:11,750 --> 01:08:09,839

now this is really important because

2276

01:08:12,630 --> 01:08:11,760

i'll explain in the book that if you

2277

01:08:14,230 --> 01:08:12,640

look at people that talk about you know

2278

01:08:15,029 --> 01:08:14,240

the idea of maybe aliens leaving a

2279

01:08:17,030 --> 01:08:15,039

message for us

2280

01:08:18,550 --> 01:08:17,040

in dna which mainstream people do

2281

01:08:19,749 --> 01:08:18,560

sometimes speculate on

2282

01:08:22,229 --> 01:08:19,759

he said the problem with that is you

2283

01:08:25,269 --> 01:08:22,239

know evolution removes that because

2284

01:08:29,189 --> 01:08:25,279

mutations occur changes good or bad

2285

01:08:32,789 --> 01:08:29,199

will erase those messages unless

2286

01:08:36,229 --> 01:08:32,799

the changes are made in non-coding dna

2287

01:08:38,470 --> 01:08:36,239

in highly conserved areas because those

2288

01:08:39,910 --> 01:08:38,480

almost never changed a message there or

2289

01:08:42,630 --> 01:08:39,920

change there can persist

2290

01:08:43,910 --> 01:08:42,640

to be found millions of years later now

2291

01:08:44,309 --> 01:08:43,920

funnily enough we've just started

2292

01:08:45,910 --> 01:08:44,319

finding

2293

01:08:47,990 --> 01:08:45,920

hundreds of these and i'll give you one

2294

01:08:49,669 --> 01:08:48,000

just one good example hr one the first

2295

01:08:53,829 --> 01:08:49,679

one that was detected

2296

01:08:54,950 --> 01:08:53,839

now there is a snippet of code 118 dna

2297

01:08:58,070 --> 01:08:54,960

letters long

2298

01:09:00,470 --> 01:08:58,080

and they contrasted it between chickens

2299

01:09:01,910 --> 01:09:00,480

chimpanzees and human beings now what

2300

01:09:03,189 --> 01:09:01,920

they found is that between the chicken

2301
01:09:05,430 --> 01:09:03,199
and the chimpanzee

2302
01:09:08,470 --> 01:09:05,440
there were two letters that had changed

2303
01:09:12,229 --> 01:09:08,480
over 300 million years of evolution

2304
01:09:14,870 --> 01:09:12,239
that is some stable code right yeah

2305
01:09:16,229 --> 01:09:14,880
now they then compared the chimpanzee to

2306
01:09:17,030 --> 01:09:16,239
the human that's supposed to have only

2307
01:09:19,110 --> 01:09:17,040
been set for

2308
01:09:20,309 --> 01:09:19,120
5 million 6 million years nowhere near

2309
01:09:21,669 --> 01:09:20,319
that 300 million

2310
01:09:23,749 --> 01:09:21,679
right and they said there should be no

2311
01:09:26,950 --> 01:09:23,759
difference what they found was 18

2312
01:09:27,430 --> 01:09:26,960
letters had changed so you have to sing

2313
01:09:29,189 --> 01:09:27,440

that in

2314

01:09:30,870 --> 01:09:29,199

i mean and they ran this through the

2315

01:09:32,709 --> 01:09:30,880

software and it came up with a

2316

01:09:34,149 --> 01:09:32,719

statistical chance of zero

2317

01:09:36,870 --> 01:09:34,159

but this having happened by any

2318

01:09:40,789 --> 01:09:36,880

understood evolutionary mechanisms

2319

01:09:42,309 --> 01:09:40,799

zero right so what the hell is going on

2320

01:09:43,189 --> 01:09:42,319

here and now they've found hundreds of

2321

01:09:46,789 --> 01:09:43,199

them and of course

2322

01:09:49,430 --> 01:09:46,799

what's my random mutations random

2323

01:09:50,709 --> 01:09:49,440

to me i imagine to you would be changes

2324

01:09:51,669 --> 01:09:50,719

all throughout the system right so

2325

01:09:53,430 --> 01:09:51,679

you've got changes of

2326

01:09:54,870 --> 01:09:53,440

you know elements to the kidney or the

2327

01:09:58,790 --> 01:09:54,880

skin you know

2328

01:10:00,229 --> 01:09:58,800

random right would you say that over 50

2329

01:10:02,390 --> 01:10:00,239

of these being to do with the brain

2330

01:10:05,669 --> 01:10:02,400

sounds like random to you

2331

01:10:06,790 --> 01:10:05,679

no does it sound very random to me right

2332

01:10:08,550 --> 01:10:06,800

so it turns out that's what is they

2333

01:10:09,830 --> 01:10:08,560

found over 50 percent to do with fetal

2334

01:10:11,110 --> 01:10:09,840

development of the brain

2335

01:10:12,630 --> 01:10:11,120

and also to do with these like the

2336

01:10:14,390 --> 01:10:12,640

opposable firms and stuff like that

2337

01:10:14,709 --> 01:10:14,400

we've got the things that differentiate

2338

01:10:16,229 --> 01:10:14,719

us

2339

01:10:18,149 --> 01:10:16,239

in fact a few of the articles say are

2340

01:10:19,270 --> 01:10:18,159

these hr's what make us different from

2341

01:10:20,950 --> 01:10:19,280

all of the primates

2342

01:10:22,550 --> 01:10:20,960

are these the fundamentals which is the

2343

01:10:24,550 --> 01:10:22,560

same things we said about chromosome 2.

2344

01:10:26,070 --> 01:10:24,560

so chromosome 2 and hars are now

2345

01:10:29,030 --> 01:10:26,080

considered to be basically

2346

01:10:30,709 --> 01:10:29,040

the fundamental changes that made us

2347

01:10:32,390 --> 01:10:30,719

different to all the other primates

2348

01:10:34,229 --> 01:10:32,400

damn and it turns out that they're

2349

01:10:35,669 --> 01:10:34,239

ominous

2350

01:10:37,430 --> 01:10:35,679

you nailed it man i'm really glad you

2351
01:10:38,310 --> 01:10:37,440
brought up the fusion of chromosome 2

2352
01:10:40,470 --> 01:10:38,320
that's something i've

2353
01:10:42,070 --> 01:10:40,480
always been interested in but haven't

2354
01:10:42,390 --> 01:10:42,080
really been able to make a ton of sense

2355
01:10:47,750 --> 01:10:42,400
of

2356
01:10:50,870 --> 01:10:47,760
you talk about

2357
01:10:54,310 --> 01:10:50,880
how weird it is evolutionarily that

2358
01:10:56,790 --> 01:10:54,320
our kids are born so half baked you know

2359
01:10:58,550 --> 01:10:56,800
it kind of takes a while for the human

2360
01:11:00,630 --> 01:10:58,560
to to form and it's reliant on the

2361
01:11:02,630 --> 01:11:00,640
mother for so long as opposed to

2362
01:11:04,390 --> 01:11:02,640
other animals that are like you know day

2363
01:11:07,030 --> 01:11:04,400

two they're walking

2364

01:11:07,990 --> 01:11:07,040

they're moving around uh we're just so

2365

01:11:09,510 --> 01:11:08,000

different so

2366

01:11:11,430 --> 01:11:09,520

very interesting and we're born as a

2367

01:11:12,149 --> 01:11:11,440

fetus basically we are born and still as

2368

01:11:13,430 --> 01:11:12,159

a fetus

2369

01:11:14,870 --> 01:11:13,440

who has to continue developing outside

2370

01:11:15,990 --> 01:11:14,880

the womb otherwise our brain you know

2371

01:11:18,550 --> 01:11:16,000

our head would be too big

2372

01:11:20,310 --> 01:11:18,560

to be born i should add as well sorry

2373

01:11:23,189 --> 01:11:20,320

i've always missed the point there that

2374

01:11:24,229 --> 01:11:23,199

with chromosome 2 the dating on that as

2375

01:11:26,310 --> 01:11:24,239

well has been done

2376

01:11:27,350 --> 01:11:26,320

by the british biologist he pointed out

2377

01:11:28,709 --> 01:11:27,360

the first of all obviously if it

2378

01:11:29,830 --> 01:11:28,719

happened before the split neanderthals

2379

01:11:31,430 --> 01:11:29,840

dinosaurs and us

2380

01:11:33,910 --> 01:11:31,440

that means it has to have happened at

2381

01:11:35,830 --> 01:11:33,920

least back towards that 750 to 800

2382

01:11:37,110 --> 01:11:35,840

thousand years ago when they split

2383

01:11:39,430 --> 01:11:37,120

but then he wanted to see whether it

2384

01:11:39,990 --> 01:11:39,440

went back further and so he did a deep

2385

01:11:41,350 --> 01:11:40,000

sort of chemical

2386

01:11:43,750 --> 01:11:41,360

analysis and concluded it had to have

2387

01:11:44,470 --> 01:11:43,760

happened somewhere around 750 000 years

2388

01:11:46,550 --> 01:11:44,480

ago

2389

01:11:47,510 --> 01:11:46,560

so again the dating has been done now on

2390

01:11:49,430 --> 01:11:47,520

chromosome 2

2391

01:11:51,590 --> 01:11:49,440

and it falls back onto that same moment

2392

01:11:53,189 --> 01:11:51,600

when the neanderthals are split so it's

2393

01:11:55,430 --> 01:11:53,199

fundamentally there

2394

01:11:58,310 --> 01:11:55,440

around that again around that 780

2395

01:12:02,709 --> 01:11:59,990

yep so you got it again so you get the

2396

01:12:04,550 --> 01:12:02,719

craft blowing up you get the bombardment

2397

01:12:07,030 --> 01:12:04,560

and the genetic changes with the brain

2398

01:12:08,630 --> 01:12:07,040

all occurring at 780 000 years ago

2399

01:12:10,550 --> 01:12:08,640

just to throw in another one people it

2400

01:12:11,750 --> 01:12:10,560

just so happens that 780 thousand years

2401

01:12:13,350 --> 01:12:11,760

ago was the last time we had a full

2402

01:12:15,430 --> 01:12:13,360

magnetic reversal on this planet so it's

2403

01:12:18,149 --> 01:12:15,440

like chicka ching jing four

2404

01:12:19,189 --> 01:12:18,159

mega weird anomalous massive events

2405

01:12:21,990 --> 01:12:19,199

catastrophic and

2406

01:12:23,669 --> 01:12:22,000

earth-changing events all colliding at

2407

01:12:25,110 --> 01:12:23,679

780 000 years ago

2408

01:12:26,790 --> 01:12:25,120

and yet this is a period that i've not

2409

01:12:28,550 --> 01:12:26,800

seen any nat geo special about so what

2410

01:12:29,430 --> 01:12:28,560

the hell is going on here that

2411

01:12:32,070 --> 01:12:29,440

there seems to be some kind of

2412

01:12:34,430 --> 01:12:32,080

deliberate ignorance or ignoring of

2413

01:12:36,470 --> 01:12:34,440

this point in time where we have

2414

01:12:38,470 --> 01:12:36,480

extraordinary things happening so

2415

01:12:39,590 --> 01:12:38,480

why is this not mainstream you know even

2416

01:12:41,110 --> 01:12:39,600

if you take away

2417

01:12:42,709 --> 01:12:41,120

the aliens and anything i've said you

2418

01:12:45,590 --> 01:12:42,719

know subtract me

2419

01:12:46,870 --> 01:12:45,600

uh talking artifacts reptilians subtract

2420

01:12:48,870 --> 01:12:46,880

all that and just ask

2421

01:12:50,310 --> 01:12:48,880

why is there no nat geo special saying

2422

01:12:51,669 --> 01:12:50,320

you know seven hundred thousand years

2423

01:12:53,590 --> 01:12:51,679

ago you know the time when

2424

01:12:55,590 --> 01:12:53,600

massive asteroids were bombarding earth

2425

01:12:56,470 --> 01:12:55,600

and humans were undergoing brain changes

2426

01:13:01,910 --> 01:12:56,480

and

2427

01:13:03,350 --> 01:13:01,920

why are we not being

2428

01:13:04,790 --> 01:13:03,360

told that why are we not here why am i

2429

01:13:06,630 --> 01:13:04,800

having to find that out from some alien

2430

01:13:07,990 --> 01:13:06,640

you know a book about alien art

2431

01:13:10,630 --> 01:13:08,000

why does it take that for me to hear

2432

01:13:12,950 --> 01:13:10,640

about these things this is insane

2433

01:13:14,310 --> 01:13:12,960

yes it is a good question but of course

2434

01:13:16,229 --> 01:13:14,320

the answer is that

2435

01:13:18,550 --> 01:13:16,239

nat geo is owned and controlled by the

2436

01:13:21,189 --> 01:13:18,560

reptilian crypto terrestrials

2437

01:13:23,110 --> 01:13:21,199

but man you know dial in your time

2438

01:13:24,070 --> 01:13:23,120

machines people because we know exactly

2439

01:13:28,229 --> 01:13:24,080

where we need to go

2440

01:13:31,990 --> 01:13:28,239

now this 780 000 years ago

2441

01:13:34,310 --> 01:13:32,000

this is it but man wow my mind is

2442

01:13:36,550 --> 01:13:34,320

thoroughly blown i feel like we fit four

2443

01:13:38,470 --> 01:13:36,560

hours of content into a two-hour show

2444

01:13:40,070 --> 01:13:38,480

luckily we own the airwaves and can

2445

01:13:42,709 --> 01:13:40,080

start and stop whenever we want but i

2446

01:13:45,270 --> 01:13:42,719

just can't take up people's entire days

2447

01:13:46,950 --> 01:13:45,280

and uh man it was really great to get

2448

01:13:48,790 --> 01:13:46,960

back to an interview like this

2449

01:13:51,030 --> 01:13:48,800

given all the events of 2020. i feel

2450

01:13:53,510 --> 01:13:51,040

like i got that old thc energy back

2451

01:13:55,510 --> 01:13:53,520

so thanks for really bringing the heat

2452

01:13:56,149 --> 01:13:55,520

you are a great dance partner thank you

2453

01:13:57,990 --> 01:13:56,159

and

2454

01:13:59,990 --> 01:13:58,000

before i cut you loose give them the

2455

01:14:02,470 --> 01:14:00,000

rundown of how to get more bruce

2456

01:14:03,189 --> 01:14:02,480

fenton in their lives absolutely i mean

2457

01:14:05,510 --> 01:14:03,199

there is

2458

01:14:07,669 --> 01:14:05,520

they want to interact with me there's a

2459

01:14:09,350 --> 01:14:07,679

sanity warning on that of course

2460

01:14:13,350 --> 01:14:09,360

you can interact with me directly on

2461

01:14:15,430 --> 01:14:14,229

there's exogenesis handle i'm fairly

2462

01:14:17,270 --> 01:14:15,440

interactive probably spent too much time

2463

01:14:18,870 --> 01:14:17,280

there i'm also on facebook don't use a

2464

01:14:19,910 --> 01:14:18,880

lot but you can certainly contact me via

2465

01:14:22,229 --> 01:14:19,920

you know facebook

2466

01:14:23,830 --> 01:14:22,239

i have a few websites ancientnews.net

2467

01:14:25,830 --> 01:14:23,840

which is archaeological mostly

2468

01:14:27,189 --> 01:14:25,840

hybrid humans.net there's a few articles

2469

01:14:28,149 --> 01:14:27,199

about you know extraterrestrial stuff on

2470

01:14:30,990 --> 01:14:28,159

there um

2471

01:14:32,870 --> 01:14:31,000

bruce fenton.info my homepage and

2472

01:14:34,070 --> 01:14:32,880

daniellafenton.com which is my wife's

2473

01:14:35,990 --> 01:14:34,080

kind of professional

2474

01:14:38,310 --> 01:14:36,000

profile for her shamanic and psychical

2475

01:14:39,910 --> 01:14:38,320

work all four of those and the book can

2476

01:14:41,910 --> 01:14:39,920

be found the exchanges book can be found

2477

01:14:43,750 --> 01:14:41,920

you know wherever books are sold

2478

01:14:44,390 --> 01:14:43,760

obviously on amazon and borders and all

2479

01:14:45,590 --> 01:14:44,400

this stuff

2480

01:14:46,950 --> 01:14:45,600

but you should be out in your shop you

2481

01:14:48,550 --> 01:14:46,960

know if you go in the shop and ask them

2482

01:14:49,990 --> 01:14:48,560

you know can they order it for you or

2483

01:14:51,750 --> 01:14:50,000

tell them put it on the shelves which

2484

01:14:53,270 --> 01:14:51,760

would be nice you know it's out there

2485

01:14:55,189 --> 01:14:53,280

already said in the us i think the print

2486

01:14:57,990 --> 01:14:55,199

version is not in europe yet but the

2487

01:14:59,510 --> 01:14:58,000

audio and kindle are so you know it's

2488

01:15:00,790 --> 01:14:59,520

basically kind of everywhere everyone

2489

01:15:01,510 --> 01:15:00,800

down including did the forward was very

2490

01:15:02,950 --> 01:15:01,520

kind of him

2491

01:15:04,550 --> 01:15:02,960

i'm saying it should be in schools i

2492

01:15:06,470 --> 01:15:04,560

don't think the paradigm is quite where

2493

01:15:08,070 --> 01:15:06,480

schools will stock yet but but yeah you

2494

01:15:09,510 --> 01:15:08,080

know hopefully people will check it out

2495

01:15:10,950 --> 01:15:09,520

and i will just add as well there

2496

01:15:11,990 --> 01:15:10,960

because i know people have free stuff

2497

01:15:13,270 --> 01:15:12,000

and it's gonna say you know while you

2498

01:15:14,790 --> 01:15:13,280

write books they cost money

2499

01:15:16,070 --> 01:15:14,800

everything should be free but i mean

2500

01:15:17,990 --> 01:15:16,080

that does mean it cause me starving to

2501
01:15:19,510 --> 01:15:18,000
death in a garbage bin somewhere but

2502
01:15:22,070 --> 01:15:19,520
still i do give out free content so

2503
01:15:24,870 --> 01:15:22,080
there's a movie 780 000

2504
01:15:26,550 --> 01:15:24,880
our alien origin story i still find on

2505
01:15:27,189 --> 01:15:26,560
youtube which is totally free to view

2506
01:15:29,350 --> 01:15:27,199
and that was in

2507
01:15:30,550 --> 01:15:29,360
partnership with alexis skeptico so if

2508
01:15:32,070 --> 01:15:30,560
anyone wants to check that out

2509
01:15:33,350 --> 01:15:32,080
that is available now to see in

2510
01:15:34,550 --> 01:15:33,360
overviews a lot of what we've been

2511
01:15:36,550 --> 01:15:34,560
talking about but with

2512
01:15:37,590 --> 01:15:36,560
documents you know shown on screen and

2513
01:15:40,310 --> 01:15:37,600

stuff so they can have a look

2514

01:15:41,669 --> 01:15:40,320

at that excellent yes i look forward to

2515

01:15:43,510 --> 01:15:41,679

seeing that alex is a good friend of

2516

01:15:45,990 --> 01:15:43,520

ours he does good stuff and

2517

01:15:46,870 --> 01:15:46,000

i can't wait to dive in but man really

2518

01:15:49,430 --> 01:15:46,880

awesome work

2519

01:15:51,270 --> 01:15:49,440

fun and provocative and you make a great

2520

01:15:53,110 --> 01:15:51,280

case for some really epic stuff it's

2521

01:15:55,030 --> 01:15:53,120

very much appreciated we'll have to do

2522

01:15:55,990 --> 01:15:55,040

this again sometime but until then take

2523

01:16:00,470 --> 01:15:56,000

care man

2524

01:16:07,189 --> 01:16:04,229

wow bruce

2525

01:16:08,470 --> 01:16:07,199

fenton bring in the heat now i'm in a

2526

01:16:11,430 --> 01:16:08,480

good mood that was

2527

01:16:13,430 --> 01:16:11,440

a lot of fun i like seeing somebody make

2528

01:16:16,870 --> 01:16:13,440

a compelling case for something

2529

01:16:19,270 --> 01:16:16,880

as far out as an alien mother ship

2530

01:16:21,750 --> 01:16:19,280

exploding in the air over the earth i

2531

01:16:23,910 --> 01:16:21,760

love this sort of history

2532

01:16:24,870 --> 01:16:23,920

and again just like so many shows the

2533

01:16:27,110 --> 01:16:24,880

second hour

2534

01:16:29,030 --> 01:16:27,120

really jumped off when i asked bruce if

2535

01:16:31,110 --> 01:16:29,040

he thinks there's any chance today's

2536

01:16:34,070 --> 01:16:31,120

elite are part of a

2537

01:16:34,950 --> 01:16:34,080

draco lineage or agents of draco

2538

01:16:38,070 --> 01:16:34,960

overlords

2539

01:16:39,430 --> 01:16:38,080

and could a lot of their biotechnocratic

2540

01:16:42,070 --> 01:16:39,440

ideas come

2541

01:16:44,310 --> 01:16:42,080

out of a desire to track some sort of

2542

01:16:47,030 --> 01:16:44,320

dna marker

2543

01:16:48,070 --> 01:16:47,040

well from there it was off to the races

2544

01:16:49,990 --> 01:16:48,080

i did not know

2545

01:16:51,350 --> 01:16:50,000

he was going to be as down with that

2546

01:16:54,470 --> 01:16:51,360

sort of idea

2547

01:16:57,270 --> 01:16:54,480

to the degree that he was and i think he

2548

01:16:58,550 --> 01:16:57,280

crushed his thc appearance about as well

2549

01:17:01,270 --> 01:16:58,560

as he could

2550

01:17:04,470 --> 01:17:01,280

and he talks fast so i feel like we did

2551

01:17:06,790 --> 01:17:04,480

fit four hours into a two-hour show

2552

01:17:09,270 --> 01:17:06,800

i mean telepathic artifacts conscious

2553

01:17:10,550 --> 01:17:09,280

communication from cosmic containers of

2554

01:17:13,510 --> 01:17:10,560

knowledge

2555

01:17:15,430 --> 01:17:13,520

this is pretty unique stuff and so much

2556

01:17:18,470 --> 01:17:15,440

of this kind of material that we hear

2557

01:17:20,790 --> 01:17:18,480

does come back to the same sort of shape

2558

01:17:22,950 --> 01:17:20,800

of an alien race running from another

2559

01:17:25,830 --> 01:17:22,960

alien race in the ancient past

2560

01:17:27,910 --> 01:17:25,840

hiding out on earth seeding their dna

2561

01:17:30,709 --> 01:17:27,920

creating humans

2562

01:17:31,669 --> 01:17:30,719

echoes of this sort of story are always

2563

01:17:35,110 --> 01:17:31,679

coming around

2564

01:17:38,310 --> 01:17:35,120
from one channeler or contact d

2565

01:17:39,030 --> 01:17:38,320
or another if you fold that sort of

2566

01:17:41,750 --> 01:17:39,040
context

2567

01:17:42,630 --> 01:17:41,760
into the angels mating with human women

2568

01:17:45,669 --> 01:17:42,640
thing

2569

01:17:47,750 --> 01:17:45,679
it's all very similar stuff so

2570

01:17:49,669 --> 01:17:47,760
you know let's make it canon already and

2571

01:17:52,310 --> 01:17:49,679
that's what i say

2572

01:17:53,990 --> 01:17:52,320
i also agree with bruce when he says

2573

01:17:55,189 --> 01:17:54,000
it's not an evidence problem it's a

2574

01:17:57,430 --> 01:17:55,199
people problem

2575

01:17:58,709 --> 01:17:57,440
it's an unwillingness to access new

2576

01:18:02,709 --> 01:17:58,719

information

2577

01:18:05,110 --> 01:18:02,719

channels

2578

01:18:07,110 --> 01:18:05,120

obviously that's a big problem in many

2579

01:18:09,270 --> 01:18:07,120

ways right now

2580

01:18:10,870 --> 01:18:09,280

people are just losing their minds out

2581

01:18:13,910 --> 01:18:10,880

there i hope everything's going

2582

01:18:14,470 --> 01:18:13,920

all right for you listeners i'm probably

2583

01:18:17,350 --> 01:18:14,480

gonna get

2584

01:18:17,669 --> 01:18:17,360

repetitive when i say that we've got to

2585

01:18:20,709 --> 01:18:17,679

be

2586

01:18:23,189 --> 01:18:20,719

presenting ourselves as good examples of

2587

01:18:26,229 --> 01:18:23,199

independent alternative thinkers

2588

01:18:28,550 --> 01:18:26,239

we're getting a lot of bad pr right now

2589

01:18:30,149 --> 01:18:28,560

and as much as i do like to watch a good

2590

01:18:32,390 --> 01:18:30,159

public meltdown

2591

01:18:34,550 --> 01:18:32,400

i don't think throwing everything out of

2592

01:18:37,189 --> 01:18:34,560

your cart and screaming at the walmart

2593

01:18:38,310 --> 01:18:37,199

greeter about the pandemic as you storm

2594

01:18:40,790 --> 01:18:38,320

off

2595

01:18:42,630 --> 01:18:40,800

is a very effective strategy to fight

2596

01:18:44,630 --> 01:18:42,640

back against all this

2597

01:18:46,790 --> 01:18:44,640

just like how i imagine you wouldn't

2598

01:18:48,870 --> 01:18:46,800

change that many minds if you started

2599

01:18:50,229 --> 01:18:48,880

dropping 911 truths in the line for

2600

01:18:52,550 --> 01:18:50,239

airport security

2601
01:18:53,669 --> 01:18:52,560
i'm not even saying you're wrong but

2602
01:18:55,750 --> 01:18:53,679
we're up against the most

2603
01:18:57,750 --> 01:18:55,760
effective and highly refined propaganda

2604
01:18:58,870 --> 01:18:57,760
machine this round of human history has

2605
01:19:01,430 --> 01:18:58,880
known

2606
01:19:02,470 --> 01:19:01,440
and i don't even know if we can win but

2607
01:19:05,750 --> 01:19:02,480
i doubt

2608
01:19:06,550 --> 01:19:05,760
that's how it happens if we do i tend to

2609
01:19:09,750 --> 01:19:06,560
think that

2610
01:19:11,830 --> 01:19:09,760
calmness and stability plus time

2611
01:19:13,750 --> 01:19:11,840
is what does it it's what gets people to

2612
01:19:15,910 --> 01:19:13,760
change their minds

2613
01:19:18,470 --> 01:19:15,920

lies can't last forever and that's as

2614

01:19:20,149 --> 01:19:18,480

true for history as it is for anything

2615

01:19:22,550 --> 01:19:20,159

and i do have faith that when the

2616

01:19:24,870 --> 01:19:22,560

capstone cabal plays a big hand

2617

01:19:27,270 --> 01:19:24,880

like a once in a decade hand or a once a

2618

01:19:29,910 --> 01:19:27,280

century hand for that matter

2619

01:19:30,550 --> 01:19:29,920

it takes time but the number of people

2620

01:19:33,270 --> 01:19:30,560

who

2621

01:19:34,950 --> 01:19:33,280

lose their trust in the empire and all

2622

01:19:37,669 --> 01:19:34,960

of its institutions

2623

01:19:39,830 --> 01:19:37,679

will grow the amount of people who see

2624

01:19:42,470 --> 01:19:39,840

it for what it is or at least

2625

01:19:45,030 --> 01:19:42,480

consider the whole system incompetent

2626

01:19:47,990 --> 01:19:45,040

and its experts incompetent

2627

01:19:48,790 --> 01:19:48,000

will increase and we should make those

2628

01:19:51,510 --> 01:19:48,800

people feel

2629

01:19:52,790 --> 01:19:51,520

welcome in this new reality and not

2630

01:19:54,149 --> 01:19:52,800

alone

2631

01:19:56,390 --> 01:19:54,159

and let them know that we don't trust

2632

01:19:57,669 --> 01:19:56,400

the president either despite the picture

2633

01:20:00,870 --> 01:19:57,679

painted by pretty much

2634

01:20:02,790 --> 01:20:00,880

all media but in higher side news the

2635

01:20:03,510 --> 01:20:02,800

last of the traditional joint session

2636

01:20:06,310 --> 01:20:03,520

videos

2637

01:20:07,270 --> 01:20:06,320

is up on the plus member bonus content

2638

01:20:10,790 --> 01:20:07,280

page

2639

01:20:12,629 --> 01:20:10,800

we will still have a monthly

2640

01:20:14,310 --> 01:20:12,639

joint session maybe it needs a new name

2641

01:20:16,870 --> 01:20:14,320

now but it still

2642

01:20:17,990 --> 01:20:16,880

sort of applies because it's a solo

2643

01:20:19,430 --> 01:20:18,000

podcast episode

2644

01:20:21,990 --> 01:20:19,440

that i'll do every month for plus

2645

01:20:23,990 --> 01:20:22,000

members based on the material posted

2646

01:20:25,669 --> 01:20:24,000

in the joint session forum thread so

2647

01:20:28,470 --> 01:20:25,679

it's still

2648

01:20:30,149 --> 01:20:28,480

a combined effort that's where the joint

2649

01:20:32,229 --> 01:20:30,159

comes in

2650

01:20:33,750 --> 01:20:32,239

but there's also a q a thread if you

2651

01:20:35,590 --> 01:20:33,760

have a question for me

2652

01:20:37,669 --> 01:20:35,600

and then there is a separate joint

2653

01:20:39,910 --> 01:20:37,679

session thread for your own theories and

2654

01:20:41,590 --> 01:20:39,920

wild experiences and anything else you

2655

01:20:44,149 --> 01:20:41,600

might want to relay

2656

01:20:46,070 --> 01:20:44,159

to the plus members at large content for

2657

01:20:47,669 --> 01:20:46,080

me to talk about

2658

01:20:49,350 --> 01:20:47,679

i've been told by a lot of people they

2659

01:20:49,990 --> 01:20:49,360

have interesting things to share but

2660

01:20:51,750 --> 01:20:50,000

they either

2661

01:20:53,270 --> 01:20:51,760

can't make the live stream because of

2662

01:20:55,350 --> 01:20:53,280

work or something

2663

01:20:57,669 --> 01:20:55,360

or they're too nervous to talk on the

2664

01:20:59,750 --> 01:20:57,679

fly or they couldn't get called on

2665

01:21:01,270 --> 01:20:59,760

because i let six people take up three

2666

01:21:03,030 --> 01:21:01,280

hours

2667

01:21:05,590 --> 01:21:03,040

that does happen and i'm sorry it is

2668

01:21:08,470 --> 01:21:05,600

just the nature of taking calls

2669

01:21:10,550 --> 01:21:08,480

i don't want to be rude i'm the host so

2670

01:21:12,550 --> 01:21:10,560

this way with this new format i think we

2671

01:21:13,990 --> 01:21:12,560

get more people involved and it will be

2672

01:21:16,550 --> 01:21:14,000

easier to digest if it's

2673

01:21:17,270 --> 01:21:16,560

already in your podcast feed and i'm

2674

01:21:19,189 --> 01:21:17,280

reading

2675

01:21:20,390 --> 01:21:19,199

and editing the whole thing down like

2676

01:21:23,030 --> 01:21:20,400

normal

2677

01:21:24,550 --> 01:21:23,040

so that's what we're doing there it is

2678

01:21:27,750 --> 01:21:24,560

so go on in and fill that

2679

01:21:29,750 --> 01:21:27,760

forum up with stuff for me remember even

2680

01:21:33,270 --> 01:21:29,760

if you were just a plus member for

2681

01:21:34,229 --> 01:21:33,280

a month or two years ago your forum

2682

01:21:37,110 --> 01:21:34,239

login

2683

01:21:38,709 --> 01:21:37,120

still works it is forever so if you ever

2684

01:21:40,070 --> 01:21:38,719

gave me just eight bucks

2685

01:21:42,709 --> 01:21:40,080

you can still get in there and

2686

01:21:45,030 --> 01:21:42,719

participate in those threads

2687

01:21:46,950 --> 01:21:45,040

i'm also going to probably read some of

2688

01:21:48,470 --> 01:21:46,960

the harshest feedback that i get in

2689

01:21:50,550 --> 01:21:48,480

these joint session

2690

01:21:52,229 --> 01:21:50,560

podcast shows just because there's

2691

01:21:54,830 --> 01:21:52,239

something funny about a person reading

2692

01:21:57,590 --> 01:21:54,840

the nasty things people say about them

2693

01:21:59,750 --> 01:21:57,600

firsthand we can make comedy

2694

01:22:01,030 --> 01:21:59,760

out of the venom and that's alchemy

2695

01:22:04,149 --> 01:22:01,040

right

2696

01:22:05,110 --> 01:22:04,159

but that is the show big thanks to bruce

2697

01:22:06,790 --> 01:22:05,120

he is the man

2698

01:22:09,510 --> 01:22:06,800

of course the first hour had a lot of

2699

01:22:11,910 --> 01:22:09,520

great stuff i wanted to make sure that

2700

01:22:13,750 --> 01:22:11,920

we got through bruce's complete case for

2701
01:22:16,390 --> 01:22:13,760
this 780

2702
01:22:17,830 --> 01:22:16,400
000 year old event and then in the plush

2703
01:22:19,189 --> 01:22:17,840
show like i mentioned it got pretty

2704
01:22:21,590 --> 01:22:19,199
classic thc

2705
01:22:23,990 --> 01:22:21,600
and pretty conspiratorial but we talked

2706
01:22:27,430 --> 01:22:24,000
about stuff like indigenous knowledge

2707
01:22:29,030 --> 01:22:27,440
alien engineered retroviruses the alien

2708
01:22:32,030 --> 01:22:29,040
octopi

2709
01:22:33,189 --> 01:22:32,040
cosmic radiation and genetic mutation

2710
01:22:36,950 --> 01:22:33,199
biophotons

2711
01:22:40,310 --> 01:22:36,960
light dna and the elite reptilians

2712
01:22:41,750 --> 01:22:40,320
crypto terrestrials dracoist elite

2713
01:22:44,629 --> 01:22:41,760

sacrifice

2714

01:22:46,629 --> 01:22:44,639

bloodline tracing agendas of the elite

2715

01:22:48,310 --> 01:22:46,639

and all kinds of uh

2716

01:22:49,990 --> 01:22:48,320

really interesting stuff maybe better

2717

01:22:52,070 --> 01:22:50,000

for the inner circle so

2718

01:22:53,270 --> 01:22:52,080

sign up for plus if you want to hear my

2719

01:22:57,270 --> 01:22:53,280

full interviews

2720

01:23:00,070 --> 01:22:57,280

or just listen to the first hour ad free

2721

01:23:01,110 --> 01:23:00,080

and tell your friends if you would be so

2722

01:23:03,510 --> 01:23:01,120

bold

2723

01:23:04,790 --> 01:23:03,520

either way it's all good but that said

2724

01:23:07,590 --> 01:23:04,800

i'm getting out of here

2725

01:23:09,189 --> 01:23:07,600

if by chance you do live in san diego

2726
01:23:11,430 --> 01:23:09,199
and you happen to hear this episode in

2727
01:23:13,910 --> 01:23:11,440
the first few hours it's released

2728
01:23:15,910 --> 01:23:13,920
and you're free tonight our good friend

2729
01:23:17,750 --> 01:23:15,920
sam tripoli will be performing at the

2730
01:23:20,950 --> 01:23:17,760
american comedy company

2731
01:23:21,990 --> 01:23:20,960
outside that's cool and in fact to get

2732
01:23:26,470 --> 01:23:22,000
around

2733
01:23:29,189 --> 01:23:26,480
which businesses can

2734
01:23:31,189 --> 01:23:29,199
and can't operate it's important to say

2735
01:23:33,030 --> 01:23:31,199
that the american comedy company in san

2736
01:23:36,070 --> 01:23:33,040
diego is not doing live

2737
01:23:40,709 --> 01:23:36,080
comedy shows that would be irresponsible

2738
01:23:43,990 --> 01:23:40,719

they're hosting live comedic protests

2739

01:23:46,470 --> 01:23:44,000

loopholes right but hey sam has a

2740

01:23:48,550 --> 01:23:46,480

seven and a nine o'clock show i'll

2741

01:23:50,070 --> 01:23:48,560

probably be hanging around in between

2742

01:23:53,030 --> 01:23:50,080

them or after

2743

01:23:53,590 --> 01:23:53,040

so come say hey if you're one of those

2744

01:23:56,629 --> 01:23:53,600

like

2745

01:23:58,550 --> 01:23:56,639

10 people or so listening that

2746

01:24:00,229 --> 01:23:58,560

will meet those previously mentioned

2747

01:24:02,149 --> 01:24:00,239

prerequisites

2748

01:24:03,669 --> 01:24:02,159

but big thanks to bruce again i had a

2749

01:24:04,470 --> 01:24:03,679

lot of fun thanks to you guys for

2750

01:24:06,790 --> 01:24:04,480

listening

2751

01:24:08,470 --> 01:24:06,800

he also has that new documentary that

2752

01:24:11,750 --> 01:24:08,480

summarizes this work

2753

01:24:14,550 --> 01:24:11,760

as well with visuals put out now on

2754

01:24:16,550 --> 01:24:14,560

alex's skeptico channel do check that

2755

01:24:19,110 --> 01:24:16,560

out if you like a little more

2756

01:24:21,669 --> 01:24:19,120

and i'll see you next time your move

2757

01:24:24,550 --> 01:24:21,679

ancient alien overlords dna seeders and
