1  
00:00:05,090 --> 00:00:02,930  
praise be higher side Chatters it has

2  
00:00:07,130 --> 00:00:05,100  
been some time since I jumped in here

3  
00:00:09,290 --> 00:00:07,140  
before starting the show to give you any

4  
00:00:11,509 --> 00:00:09,300  
sort of information but I feel like it's

5  
00:00:13,610 --> 00:00:11,519  
worth saying right at the top that we

6  
00:00:17,210 --> 00:00:13,620  
have one of those rare situations where

7  
00:00:19,430 --> 00:00:17,220  
our guest sells products in this case to

8  
00:00:22,189 --> 00:00:19,440  
Vortex and optimize your water quality

9  
00:00:24,230 --> 00:00:22,199  
and he was kind enough to give us a THC

10  
00:00:26,870 --> 00:00:24,240  
discount code for anything in this store

11  
00:00:29,810 --> 00:00:26,880  
we didn't decide on that until after the

12  
00:00:31,730 --> 00:00:29,820  
interview so yes I can tell you about it

13  
00:00:34,130 --> 00:00:31,740

in the wrap-up but I also wanted you to

14

00:00:34,870 --> 00:00:34,140

know about it right at the top use the

15

00:00:38,990 --> 00:00:34,880

code

16

00:00:42,709 --> 00:00:39,000

thc-10 for 10 off any orders under 1500

17

00:00:44,630 --> 00:00:42,719

and use the code thc-20 for any orders

18

00:00:47,150 --> 00:00:44,640

that are over fifteen hundred dollars

19

00:00:48,830 --> 00:00:47,160

and these are serious prices I

20

00:00:51,170 --> 00:00:48,840

understand that's not really my

21

00:00:53,330 --> 00:00:51,180

department I just happen to have had

22

00:00:56,270 --> 00:00:53,340

John's work presented to me and thought

23

00:00:58,430 --> 00:00:56,280

he had a profound and esoteric even

24

00:00:59,810 --> 00:00:58,440

understanding of water that lines up

25

00:01:03,110 --> 00:00:59,820

with what a lot of our guests have

26

00:01:06,170 --> 00:01:03,120

circled our round and so I do what I do

27

00:01:07,850 --> 00:01:06,180

and present him to the crew

28

00:01:10,190 --> 00:01:07,860

but here I'm out and see what you think

29

00:01:12,590 --> 00:01:10,200

he has products for pretty much anywhere

30

00:01:14,929 --> 00:01:12,600

that water comes into your house whole

31

00:01:17,570 --> 00:01:14,939

home systems under the sink systems

32

00:01:20,570 --> 00:01:17,580

vortexing shower heads and a portable

33

00:01:22,850 --> 00:01:20,580

pour through slash pitcher product

34

00:01:24,830 --> 00:01:22,860

I was going to get myself the pitcher

35

00:01:27,469 --> 00:01:24,840

and test it out before releasing this

36

00:01:30,109 --> 00:01:27,479

one but whatever the show is ready so

37

00:01:32,330 --> 00:01:30,119

why make you wait I'll talk about my

38

00:01:34,850 --> 00:01:32,340

experience some other time

39

00:01:36,830 --> 00:01:34,860

so I don't mean to stall the action you

40

00:01:38,990 --> 00:01:36,840

can also find the coupon codes in the

41

00:01:40,969 --> 00:01:39,000

show notes but keep it in mind as you

42

00:01:43,249 --> 00:01:40,979

listen and if you like what you hear why

43

00:01:45,230 --> 00:01:43,259

not get a little discount but either way

44

00:01:46,969 --> 00:01:45,240

the magic of water is a really

45

00:01:50,149 --> 00:01:46,979

interesting topic to me and I've been

46

00:01:52,490 --> 00:01:50,159

looking for an Avenue to take it from

47

00:01:54,109 --> 00:01:52,500

just some intellectual exercise to

48

00:01:56,270 --> 00:01:54,119

something practical

49

00:01:58,969 --> 00:01:56,280

and maybe this is it we shall see but

50

00:02:11,869 --> 00:01:58,979

John is just a great guest to talk to

51  
00:02:17,510 --> 00:02:15,650  
yes known as the Fireside Chats his aim

52  
00:02:19,430 --> 00:02:17,520  
was to reassure the common man that our

53  
00:02:22,369 --> 00:02:19,440  
society would recover from its troubled

54  
00:02:24,770 --> 00:02:22,379  
times well we're far from 1930 and I

55  
00:02:27,350 --> 00:02:24,780  
deal with a different kind of fire for a

56  
00:02:30,410 --> 00:02:27,360  
new era of worldly frustration we offer

57  
00:02:34,309 --> 00:02:30,420  
a fresh conversation I'm Greg Carlwood

58  
00:02:36,650 --> 00:02:34,319  
and these are the Higher Side Chats

59  
00:02:39,350 --> 00:02:36,660  
woosa Higher Side Chatters from Sunny

60  
00:02:40,970 --> 00:02:39,360  
San Diego I'm Greg Carlwood and when we

61  
00:02:43,009 --> 00:02:40,980  
think deeply about the state of our

62  
00:02:45,710 --> 00:02:43,019  
society it seems like we barely even

63  
00:02:48,650 --> 00:02:45,720

qualify as advanced let alone number one

64

00:02:50,690 --> 00:02:48,660

sure many of our processes are complex

65

00:02:52,670 --> 00:02:50,700

but do we really need to ship cheap

66

00:02:55,369 --> 00:02:52,680

plastic Goods all the way from China to

67

00:02:57,770 --> 00:02:55,379

the local Walmart do we need disgusting

68

00:03:00,170 --> 00:02:57,780

factory farms stinking up everything for

69

00:03:01,850 --> 00:03:00,180

Miles processing animals that are barely

70

00:03:04,670 --> 00:03:01,860

propped up with another round of shots

71

00:03:06,530 --> 00:03:04,680

and antibiotics is it right to have a

72

00:03:08,089 --> 00:03:06,540

laundry list of strange and concerning

73

00:03:10,670 --> 00:03:08,099

side effects for the latest greatest

74

00:03:12,890 --> 00:03:10,680

petrochemical pill and should we really

75

00:03:14,690 --> 00:03:12,900

dismiss the less conventional interests

76

00:03:16,790 --> 00:03:14,700  
of History's brightest Minds like

77

00:03:19,250 --> 00:03:16,800  
Alchemy as just something they got into

78

00:03:21,110 --> 00:03:19,260  
as they were going crazy in old age

79

00:03:23,270 --> 00:03:21,120  
really it seems like we've been

80

00:03:25,490 --> 00:03:23,280  
corralled into complex systems because

81

00:03:27,649 --> 00:03:25,500  
they're easy to monopolize and hard for

82

00:03:29,809 --> 00:03:27,659  
others outside the robber baron class to

83

00:03:32,630 --> 00:03:29,819  
duplicate not because they're the best

84

00:03:34,610 --> 00:03:32,640  
or anything close to optimized but some

85

00:03:36,350 --> 00:03:34,620  
outside the box thinkers have looked

86

00:03:38,089 --> 00:03:36,360  
deeper at nature and realize that we

87

00:03:40,670 --> 00:03:38,099  
should have never been so quick to claim

88

00:03:42,710 --> 00:03:40,680

superiority when we've barely scratched

89

00:03:44,509 --> 00:03:42,720

the surface of the insights it gives us

90

00:03:47,449 --> 00:03:44,519

and the ways we could harness it best

91

00:03:49,309 --> 00:03:47,459

for Health Energy and abundance well one

92

00:03:51,589 --> 00:03:49,319

of the main gifts nature gives us is

93

00:03:53,210 --> 00:03:51,599

water and the latest in water science is

94

00:03:55,250 --> 00:03:53,220

some mind-blowing stuff with a wide

95

00:03:57,649 --> 00:03:55,260

range of applications that could improve

96

00:03:59,330 --> 00:03:57,659

pretty much everything and with us here

97

00:04:02,030 --> 00:03:59,340

today to talk about such things as

98

00:04:04,610 --> 00:04:02,040

Jonathan butts the CEO of natural action

99

00:04:06,589 --> 00:04:04,620

Technologies John was educated in

100

00:04:08,570 --> 00:04:06,599

nuclear power while in the Navy and had

101  
00:04:10,429 --> 00:04:08,580  
a few early experiences that tipped him

102  
00:04:12,470 --> 00:04:10,439  
off to there being a lot of unexplored

103  
00:04:14,210 --> 00:04:12,480  
depth to water and he applied his

104  
00:04:16,069 --> 00:04:14,220  
engineering skills and Research into

105  
00:04:18,530 --> 00:04:16,079  
some of the best water revitalization

106  
00:04:21,590 --> 00:04:18,540  
products money can buy so let's get into

107  
00:04:23,930 --> 00:04:21,600  
it the the H2O engineer fluid mechanics

108  
00:04:26,210 --> 00:04:23,940  
Maestro and living liquid life force

109  
00:04:27,290 --> 00:04:26,220  
technology teacher John welcome to the

110  
00:04:30,469 --> 00:04:27,300  
higher side

111  
00:04:32,390 --> 00:04:30,479  
wow that's a mouthful glad to be here

112  
00:04:34,249 --> 00:04:32,400  
yeah man thanks for taking the time this

113  
00:04:36,290 --> 00:04:34,259

is going to be great water is one of

114

00:04:39,590 --> 00:04:36,300

those side subjects that we keep coming

115

00:04:41,390 --> 00:04:39,600

back to because as I'm finding out we

116

00:04:44,450 --> 00:04:41,400

have a lot more to understand about it

117

00:04:46,850 --> 00:04:44,460

and what it can do it seems that those

118

00:04:49,430 --> 00:04:46,860

who tried to teach us about this in the

119

00:04:51,590 --> 00:04:49,440

past were sort of marginalized but now

120

00:04:53,270 --> 00:04:51,600

we have access to more information and

121

00:04:56,210 --> 00:04:53,280

there's a lot of renewed interest in

122

00:04:58,670 --> 00:04:56,220

water as more of us are wising up to the

123

00:05:01,310 --> 00:04:58,680

importance of it and the sad state of

124

00:05:02,870 --> 00:05:01,320

our water quality today but it seems

125

00:05:05,150 --> 00:05:02,880

like there were a few different points

126

00:05:07,610 --> 00:05:05,160

in your life where you got an indication

127

00:05:08,930 --> 00:05:07,620

that there was more depth and mystery to

128

00:05:12,710 --> 00:05:08,940

the substance than we're typically

129

00:05:14,390 --> 00:05:12,720

taught is that right uh 100 I think it

130

00:05:16,550 --> 00:05:14,400

kind of rolled around in the background

131

00:05:19,430 --> 00:05:16,560

until that moment

132

00:05:22,430 --> 00:05:19,440

and I think that moment was very clear

133

00:05:25,249 --> 00:05:22,440

for me where it was like okay there's

134

00:05:28,189 --> 00:05:25,259

definitely 100 percent like a deeper

135

00:05:30,409 --> 00:05:28,199

mystery and without a shadow of a doubt

136

00:05:32,810 --> 00:05:30,419

an unveiling of

137

00:05:35,870 --> 00:05:32,820

I would say a being kind of like a

138

00:05:37,550 --> 00:05:35,880

spirit the spirit of water came forward

139

00:05:40,430 --> 00:05:37,560

and

140

00:05:42,650 --> 00:05:40,440

change the polarity of the mystery you

141

00:05:46,310 --> 00:05:42,660

know of of approaching it

142

00:05:49,129 --> 00:05:46,320

as a mysterious thing that only I kind

143

00:05:52,430 --> 00:05:49,139

of was looking at and I would say that

144

00:05:55,070 --> 00:05:52,440

you know had to do with in retrograde

145

00:05:58,330 --> 00:05:55,080

looking back on where I grew up how I

146

00:06:01,129 --> 00:05:58,340

grew up my Tendencies to be around water

147

00:06:03,230 --> 00:06:01,139

and I would say that was you know more

148

00:06:06,110 --> 00:06:03,240

it had to do with like fishing

149

00:06:08,330 --> 00:06:06,120

you know fishing in my attraction to

150

00:06:09,950 --> 00:06:08,340

fishing from a very very young age like

151

00:06:12,290 --> 00:06:09,960

drew me to water

152

00:06:15,650 --> 00:06:12,300

and I thought it was about the fish and

153

00:06:17,570 --> 00:06:15,660

catching fish but as I got older and

154

00:06:20,029 --> 00:06:17,580

when that moment happened I knew it was

155

00:06:21,950 --> 00:06:20,039

about like observing water and being

156

00:06:25,010 --> 00:06:21,960

intimate with water like being on the

157

00:06:28,550 --> 00:06:25,020

water in the water trying to figure out

158

00:06:32,090 --> 00:06:28,560

how water creatures behaved it was more

159

00:06:33,650 --> 00:06:32,100

about learning about water so it came

160

00:06:34,309 --> 00:06:33,660

full circle at a certain point in my

161

00:06:36,710 --> 00:06:34,319

life

162

00:06:38,749 --> 00:06:36,720

right on the spirit of water I like that

163

00:06:41,090 --> 00:06:38,759

and I hope we get back to using that

164

00:06:43,370 --> 00:06:41,100

kind of language in our society because

165

00:06:46,070 --> 00:06:43,380

indigenous folks for a long time have

166

00:06:49,189 --> 00:06:46,080

talked about the spirit of various

167

00:06:51,590 --> 00:06:49,199

plants and the rivers and lakes and I

168

00:06:54,050 --> 00:06:51,600

just think it's even if it maybe not

169

00:06:56,390 --> 00:06:54,060

technically true and it may be it's

170

00:06:58,969 --> 00:06:56,400

still a type of language that gets us

171

00:07:01,249 --> 00:06:58,979

thinking in respectful terms rather than

172

00:07:04,249 --> 00:07:01,259

domination terms so it's good either way

173

00:07:05,749 --> 00:07:04,259

you slice it and what was that real

174

00:07:08,029 --> 00:07:05,759

turning point for you I've heard you

175

00:07:09,650 --> 00:07:08,039

mention a few things was this drinking

176

00:07:11,870 --> 00:07:09,660

the mountain spring water at one

177

00:07:14,809 --> 00:07:11,880

particular time which was an aha moment

178

00:07:17,029 --> 00:07:14,819

oh that definitely happened too okay so

179

00:07:19,430 --> 00:07:17,039

if we start there that's gonna be about

180

00:07:23,749 --> 00:07:19,440

seven years before the like

181

00:07:25,249 --> 00:07:23,759

aha moment where it was like not so much

182

00:07:28,270 --> 00:07:25,259

my

183

00:07:30,770 --> 00:07:28,280

little eccentric relationship with water

184

00:07:33,170 --> 00:07:30,780

and so

185

00:07:36,290 --> 00:07:33,180

after I got out of the service

186

00:07:38,089 --> 00:07:36,300

I was in heavy industry and I felt like

187

00:07:41,210 --> 00:07:38,099

I was missing you know deeper lessons

188

00:07:43,790 --> 00:07:41,220

from nature so my goal was is just to go

189

00:07:47,089 --> 00:07:43,800

out nature as far away from civilization

190

00:07:49,490 --> 00:07:47,099

as possible and I guess I really don't

191

00:07:50,870 --> 00:07:49,500

know why there was just a desire within

192

00:07:53,150 --> 00:07:50,880

me to go

193

00:07:55,610 --> 00:07:53,160

you know go where nobody's really

194

00:07:58,969 --> 00:07:55,620

contaminated or mess this up and get a

195

00:08:02,029 --> 00:07:58,979

clear perspective of what the Earth as a

196

00:08:05,330 --> 00:08:02,039

whole is like without

197

00:08:08,210 --> 00:08:05,340

infiltration from invention and

198

00:08:10,790 --> 00:08:08,220

more like a hardcore like technology

199

00:08:14,210 --> 00:08:10,800

right like Iron and Steel I grew up in

200

00:08:15,290 --> 00:08:14,220

an iron steel family business a big

201  
00:08:17,870 --> 00:08:15,300  
industry

202  
00:08:20,270 --> 00:08:17,880  
and kind of kept down that road and on

203  
00:08:22,490 --> 00:08:20,280  
the side I was fishing and getting on

204  
00:08:23,990 --> 00:08:22,500  
water as much as possible

205  
00:08:27,350 --> 00:08:24,000  
so

206  
00:08:30,170 --> 00:08:27,360  
at one point I'm in Montana

207  
00:08:31,909 --> 00:08:30,180  
and I'm on Horseback with a group of

208  
00:08:33,250 --> 00:08:31,919  
people kind of going through Wilderness

209  
00:08:36,230 --> 00:08:33,260  
training

210  
00:08:37,850 --> 00:08:36,240  
and seeing what that's going to be like

211  
00:08:39,829 --> 00:08:37,860  
for a career you know I'm going to leave

212  
00:08:43,209 --> 00:08:39,839  
industry I'm going to go live in the

213  
00:08:46,070 --> 00:08:43,219

mountains and disconnect from normal

214

00:08:49,610 --> 00:08:46,080

civilization that was my goal

215

00:08:51,610 --> 00:08:49,620

and it was extremely hot probably

216

00:08:54,290 --> 00:08:51,620

pushing High 90s

217

00:08:56,110 --> 00:08:54,300

altitude 8

218

00:08:59,449 --> 00:08:56,120

000 feet ish

219

00:09:00,829 --> 00:08:59,459

and I was out of water for sure at this

220

00:09:03,949 --> 00:09:00,839

point

221

00:09:06,650 --> 00:09:03,959

the horse was drenched in sweat from top

222

00:09:10,009 --> 00:09:06,660

to bottom and I remember cutting across

223

00:09:12,230 --> 00:09:10,019

a logged like clear-cut

224

00:09:14,509 --> 00:09:12,240

the Packer who was teaching us how to

225

00:09:17,030 --> 00:09:14,519

work on Horseback and work deeper in the

226

00:09:18,949 --> 00:09:17,040

mountains was like Hey we're we're all

227

00:09:20,990 --> 00:09:18,959

out of water it's hot we're gonna take a

228

00:09:22,790 --> 00:09:21,000

shortcut to get to the spring

229

00:09:25,310 --> 00:09:22,800

and so I remember you know riding the

230

00:09:27,350 --> 00:09:25,320

horse up a steep hill across a clear cut

231

00:09:30,290 --> 00:09:27,360

where they had logged

232

00:09:32,030 --> 00:09:30,300

crossing over into Wilderness Area it

233

00:09:33,290 --> 00:09:32,040

was kind of on the bubble of where

234

00:09:34,670 --> 00:09:33,300

you're allowed to do that stuff and

235

00:09:36,769 --> 00:09:34,680

where you're not

236

00:09:39,590 --> 00:09:36,779

and we got through it and it was like I

237

00:09:41,990 --> 00:09:39,600

remember hitting the clear cut and it

238

00:09:44,449 --> 00:09:42,000

was just like oh my God like 95 degrees

239

00:09:46,790 --> 00:09:44,459

just turned into like 120 it felt like

240

00:09:49,610 --> 00:09:46,800

you were in a desert in the mountains

241

00:09:51,710 --> 00:09:49,620

and then we cleared the clear cot and

242

00:09:54,470 --> 00:09:51,720

then all of a sudden this energy shift

243

00:09:55,730 --> 00:09:54,480

occurred the horse started behaving

244

00:09:58,070 --> 00:09:55,740

different

245

00:10:00,769 --> 00:09:58,080

I'm like we must be getting close to the

246

00:10:04,070 --> 00:10:00,779

spring you know it's a spring kind of

247

00:10:07,009 --> 00:10:04,080

small stream up there at high altitude

248

00:10:08,570 --> 00:10:07,019

and I remember at one point sensing and

249

00:10:11,570 --> 00:10:08,580

I could tell the horse knew it too that

250

00:10:13,790 --> 00:10:11,580

water was nearby and then over a little

251

00:10:16,570 --> 00:10:13,800

Crest you could see you know the

252

00:10:18,949 --> 00:10:16,580

different foliage surrounding the stream

253

00:10:21,290 --> 00:10:18,959

and I just jumped off the horse and

254

00:10:23,090 --> 00:10:21,300

noticed the horse didn't even hesitate

255

00:10:24,590 --> 00:10:23,100

when I got off and turned and started

256

00:10:26,030 --> 00:10:24,600

following me so I wasn't even leading

257

00:10:28,130 --> 00:10:26,040

this horse anymore

258

00:10:30,230 --> 00:10:28,140

and I wasn't afraid that this horse was

259

00:10:32,449 --> 00:10:30,240

going to run away off the lead

260

00:10:34,790 --> 00:10:32,459

and I knew the horse knew the water was

261

00:10:36,350 --> 00:10:34,800

there so we both walk over he's just

262

00:10:38,930 --> 00:10:36,360

dragging his lead

263

00:10:41,030 --> 00:10:38,940

right next to me like yeah buddy you

264

00:10:43,850 --> 00:10:41,040

could horses if you know them they kind

265

00:10:46,550 --> 00:10:43,860

of give off an excitement that makes a

266

00:10:50,030 --> 00:10:46,560

human being like get very trustworthy

267

00:10:51,290 --> 00:10:50,040

and when they get like off balance you

268

00:10:53,389 --> 00:10:51,300

can feel it right away when they're

269

00:10:56,509 --> 00:10:53,399

about to Buck you off and that's kind of

270

00:11:00,110 --> 00:10:56,519

part of learning horses

271

00:11:02,990 --> 00:11:00,120

at any rate we end up at the spring

272

00:11:05,389 --> 00:11:03,000

and I remember this like the energy of

273

00:11:07,730 --> 00:11:05,399

the horse and its eyeball I looked over

274

00:11:08,870 --> 00:11:07,740

at the horse and it's eyeball as we were

275

00:11:11,810 --> 00:11:08,880

drinking

276

00:11:14,329 --> 00:11:11,820

was like sending me a message of like oh

277

00:11:16,069 --> 00:11:14,339

you don't know about real water and at

278

00:11:19,069 --> 00:11:16,079

the same time the water was hitting my

279

00:11:20,810 --> 00:11:19,079

mouth out of the palms of my hand and I

280

00:11:22,970 --> 00:11:20,820

remember laughing and going oh my

281

00:11:25,670 --> 00:11:22,980

goodness there's like six billion people

282

00:11:28,069 --> 00:11:25,680

on Earth and I'm 24 years old and this

283

00:11:30,949 --> 00:11:28,079

is the first time I've drank water and

284

00:11:33,650 --> 00:11:30,959

most people probably never will and it

285

00:11:36,050 --> 00:11:33,660

was like a weird truth

286

00:11:37,850 --> 00:11:36,060

happening in my life about something I

287

00:11:39,530 --> 00:11:37,860

was suspicious about but I didn't have

288

00:11:42,050 --> 00:11:39,540

an explanation for

289

00:11:44,990 --> 00:11:42,060

and up until that point I wasn't really

290

00:11:48,650 --> 00:11:45,000

a big fan of drinking water or you know

291

00:11:50,690 --> 00:11:48,660

the way I just never had a consuming

292

00:11:53,030 --> 00:11:50,700

attraction to water

293

00:11:55,310 --> 00:11:53,040

and at that moment I realized that

294

00:11:58,730 --> 00:11:55,320

certain types of water were the Pinnacle

295

00:12:01,250 --> 00:11:58,740

of the fluid that I put my body and for

296

00:12:03,470 --> 00:12:01,260

me my relationship with horses and water

297

00:12:05,750 --> 00:12:03,480

like kind of culminated right there is a

298

00:12:08,329 --> 00:12:05,760

truth that I knew I'd never really be

299

00:12:10,069 --> 00:12:08,339

able to share but no matter how much I

300

00:12:13,130 --> 00:12:10,079

talk about it I can't explain what

301  
00:12:16,009 --> 00:12:13,140  
happened because my relationship with

302  
00:12:18,110 --> 00:12:16,019  
water and horses are unique and that's

303  
00:12:20,329 --> 00:12:18,120  
where they combined in a like a super

304  
00:12:22,310 --> 00:12:20,339  
deep Truth for me where I just knew I

305  
00:12:24,710 --> 00:12:22,320  
didn't need science I didn't need

306  
00:12:27,590 --> 00:12:24,720  
anybody else to tell me anything I just

307  
00:12:30,590 --> 00:12:27,600  
knew yeah yeah I think that's a great

308  
00:12:34,130 --> 00:12:30,600  
story and so later on I believe you were

309  
00:12:36,230 --> 00:12:34,140  
asked to check out a product for a steel

310  
00:12:38,509 --> 00:12:36,240  
company or something there talk to us

311  
00:12:41,389 --> 00:12:38,519  
about the real aha moment where you just

312  
00:12:42,650 --> 00:12:41,399  
fully dedicated yourself to water

313  
00:12:44,870 --> 00:12:42,660

okay

314

00:12:46,730 --> 00:12:44,880

and so this is like many years later

315

00:12:51,050 --> 00:12:46,740

I'll guess about seven or eight or

316

00:12:52,730 --> 00:12:51,060

something like that and so my dad I was

317

00:12:55,790 --> 00:12:52,740

kind of working a little bit on the

318

00:12:57,769 --> 00:12:55,800

outside of his Steel company

319

00:13:01,389 --> 00:12:57,779

I'd help out every now and then but it

320

00:13:04,670 --> 00:13:01,399

really wasn't my deal and at some point

321

00:13:06,110 --> 00:13:04,680

it kind of came back full circle I was

322

00:13:08,569 --> 00:13:06,120

on the road with my dad in Texas

323

00:13:09,470 --> 00:13:08,579

visiting different steel mills down

324

00:13:11,810 --> 00:13:09,480

there

325

00:13:13,610 --> 00:13:11,820

and he said to me you know we've been

326

00:13:15,350 --> 00:13:13,620

running our product for like 20 some

327

00:13:18,230 --> 00:13:15,360

years now

328

00:13:20,210 --> 00:13:18,240

I really want you to get involved and we

329

00:13:22,370 --> 00:13:20,220

need to come up with a new product

330

00:13:24,350 --> 00:13:22,380

something that helps the steel mills out

331

00:13:26,389 --> 00:13:24,360

that's valuable you know and I said all

332

00:13:28,430 --> 00:13:26,399

right I don't know the steel mill

333

00:13:29,750 --> 00:13:28,440

process as well as I should to answer

334

00:13:31,970 --> 00:13:29,760

that question

335

00:13:34,370 --> 00:13:31,980

but if you're willing to broaden you

336

00:13:37,190 --> 00:13:34,380

know what we design and manufacture I'll

337

00:13:39,769 --> 00:13:37,200

find somewhere in the steel mill that we

338

00:13:43,190 --> 00:13:39,779

can improve something to the point where

339

00:13:45,470 --> 00:13:43,200

it has value for them and she said all

340

00:13:47,629 --> 00:13:45,480

right and then I said give me a year to

341

00:13:49,190 --> 00:13:47,639

study the process in detail the whole

342

00:13:52,490 --> 00:13:49,200

steel process

343

00:13:53,629 --> 00:13:52,500

how I feel I need to and I'll see what

344

00:13:56,449 --> 00:13:53,639

comes up

345

00:13:58,129 --> 00:13:56,459

and he said all right go do it and about

346

00:14:00,590 --> 00:13:58,139

a month later

347

00:14:03,290 --> 00:14:00,600

I was doing some side work on some weird

348

00:14:05,690 --> 00:14:03,300

electric cars this is like it's like

349

00:14:07,190 --> 00:14:05,700

some kind of French electric car and

350

00:14:09,110 --> 00:14:07,200

some people called me that I had

351  
00:14:11,150 --> 00:14:09,120  
previously known from racing and they

352  
00:14:12,829 --> 00:14:11,160  
were running a business with golf carts

353  
00:14:15,590 --> 00:14:12,839  
electric cars

354  
00:14:17,090 --> 00:14:15,600  
automotive service

355  
00:14:21,230 --> 00:14:17,100  
you know they were out in the country

356  
00:14:23,810 --> 00:14:21,240  
kind of in Farmland doing this ATV

357  
00:14:27,650 --> 00:14:23,820  
kind of a wide range full service just

358  
00:14:30,110 --> 00:14:27,660  
like you know mechanic electrical take

359  
00:14:32,210 --> 00:14:30,120  
care of people in that sense

360  
00:14:33,769 --> 00:14:32,220  
and I did a little work for them on the

361  
00:14:37,310 --> 00:14:33,779  
side every now and then when things were

362  
00:14:39,410 --> 00:14:37,320  
slow and so they called me one day and I

363  
00:14:41,689 --> 00:14:39,420

had done you know work for them recently

364

00:14:43,850 --> 00:14:41,699

in the past so that's how they knew

365

00:14:45,829 --> 00:14:43,860

and they were like hey we came across

366

00:14:49,250 --> 00:14:45,839

this technology that we want to install

367

00:14:51,290 --> 00:14:49,260

on people's vehicles that you know

368

00:14:52,310 --> 00:14:51,300

reduces emissions and increases fuel

369

00:14:55,850 --> 00:14:52,320

mileage

370

00:15:00,050 --> 00:14:55,860

and this is somewhere in the 0807 range

371

00:15:02,389 --> 00:15:00,060

oh 708 right and this individual was a

372

00:15:05,509 --> 00:15:02,399

Vietnam vet and I always admired him he

373

00:15:07,189 --> 00:15:05,519

always gave me good advice and I kind of

374

00:15:09,590 --> 00:15:07,199

knew his family through racing and

375

00:15:11,870 --> 00:15:09,600

making hot rods and performance

376

00:15:14,389 --> 00:15:11,880

application stuff that I used to be into

377

00:15:15,470 --> 00:15:14,399

as uh Hobby and a little bit of a

378

00:15:18,230 --> 00:15:15,480

profession

379

00:15:20,090 --> 00:15:18,240

and I said all right I'll look at it I

380

00:15:21,769 --> 00:15:20,100

said well how what's the basis of it and

381

00:15:24,710 --> 00:15:21,779

they said well basically you just pour

382

00:15:28,250 --> 00:15:24,720

water in it and

383

00:15:31,250 --> 00:15:28,260

turn it on and there's some tricks to it

384

00:15:33,710 --> 00:15:31,260

some engine stuff and I I was always

385

00:15:36,769 --> 00:15:33,720

fascinated with race engines so I

386

00:15:38,629 --> 00:15:36,779

studied race engines which largely

387

00:15:40,129 --> 00:15:38,639

worked from vibrations and how the

388

00:15:42,590 --> 00:15:40,139

vibrations combined within the engine

389

00:15:44,930 --> 00:15:42,600

and break the laws of physics so

390

00:15:47,990 --> 00:15:44,940

mind you I already knew that I already

391

00:15:48,889 --> 00:15:48,000

had a pretty deep experience in nuclear

392

00:15:51,590 --> 00:15:48,899

power

393

00:15:54,710 --> 00:15:51,600

which also breaks a lot of the laws of

394

00:15:57,170 --> 00:15:54,720

normal physics Newtonian physics even

395

00:15:58,370 --> 00:15:57,180

with what we call corrective factors

396

00:16:00,829 --> 00:15:58,380

that we

397

00:16:02,449 --> 00:16:00,839

kind of do to make the physics work when

398

00:16:04,850 --> 00:16:02,459

we get into the fluid flow and

399

00:16:07,490 --> 00:16:04,860

engineering and science background of it

400

00:16:09,170 --> 00:16:07,500

so it's not like I'm unqualified to take

401  
00:16:11,870 --> 00:16:09,180  
a look at this

402  
00:16:14,750 --> 00:16:11,880  
I know Automotive engines very well Way

403  
00:16:16,930 --> 00:16:14,760  
Beyond the general Automotive World deep

404  
00:16:19,610 --> 00:16:16,940  
into the racing history deep into

405  
00:16:22,069 --> 00:16:19,620  
Charles Taylor who's considered the

406  
00:16:24,710 --> 00:16:22,079  
Godfather of the ice engine which is

407  
00:16:28,610 --> 00:16:24,720  
internal combustion engine and so I had

408  
00:16:29,990 --> 00:16:28,620  
studied MIT level ice engines down to

409  
00:16:32,030 --> 00:16:30,000  
the T

410  
00:16:34,790 --> 00:16:32,040  
I've been involved in professional

411  
00:16:37,090 --> 00:16:34,800  
racing at the NASCAR level and engine

412  
00:16:39,889 --> 00:16:37,100  
building at the highest levels as far as

413  
00:16:41,569 --> 00:16:39,899

actual output figures output

414

00:16:43,910 --> 00:16:41,579

efficiencies right

415

00:16:45,470 --> 00:16:43,920

so these guys know I'm qualified to take

416

00:16:47,810 --> 00:16:45,480

a look at this and they tell me it's

417

00:16:49,790 --> 00:16:47,820

water and it makes this substance called

418

00:16:51,710 --> 00:16:49,800

HHO

419

00:16:55,249 --> 00:16:51,720

and so I'm thinking about it and I'm

420

00:16:59,210 --> 00:16:55,259

going well HHO I never heard of that

421

00:17:01,490 --> 00:16:59,220

but let's explore into it so

422

00:17:04,010 --> 00:17:01,500

I follow the group a little bit that's

423

00:17:07,189 --> 00:17:04,020

selling this technology

424

00:17:08,949 --> 00:17:07,199

get firsthand with them and they have

425

00:17:12,350 --> 00:17:08,959

pretty poor explanations of everything

426

00:17:14,689 --> 00:17:12,360

in my opinion from what is available for

427

00:17:17,090 --> 00:17:14,699

conventional knowledge Beyond Newtonian

428

00:17:19,669 --> 00:17:17,100

physics like nuclear power stuff that's

429

00:17:22,069 --> 00:17:19,679

already done to scale things that are

430

00:17:26,030 --> 00:17:22,079

producing in the Thousand megawatt range

431

00:17:28,789 --> 00:17:26,040

reliably 24 7. so it's not like this is

432

00:17:31,690 --> 00:17:28,799

Theory or modeling this is qualified

433

00:17:34,070 --> 00:17:31,700

application to a degree of reliability

434

00:17:36,830 --> 00:17:34,080

that is Way Beyond what your

435

00:17:39,169 --> 00:17:36,840

conventional person considers operating

436

00:17:42,650 --> 00:17:39,179

in what I would call more civilian

437

00:17:44,150 --> 00:17:42,660

territory with unclassified projects

438

00:17:46,490 --> 00:17:44,160

so

439

00:17:48,230 --> 00:17:46,500

I'm like I'll give this a wing I talk to

440

00:17:50,870 --> 00:17:48,240

some people technical from their side

441

00:17:52,669 --> 00:17:50,880

some of the guys seem to be

442

00:17:55,669 --> 00:17:52,679

knowledgeable know what they're doing so

443

00:17:56,870 --> 00:17:55,679

yes I will assess this for you so I

444

00:17:58,909 --> 00:17:56,880

purchase

445

00:18:00,049 --> 00:17:58,919

the technology and joint with this

446

00:18:03,049 --> 00:18:00,059

company

447

00:18:06,049 --> 00:18:03,059

and do an assessment

448

00:18:08,870 --> 00:18:06,059

and immediately with minor adjustments

449

00:18:11,029 --> 00:18:08,880

the vehicle doubles fuel mileage and

450

00:18:14,150 --> 00:18:11,039

runs way better across the board and it

451  
00:18:16,130 --> 00:18:14,160  
did take some intricate knowledge of how

452  
00:18:18,110 --> 00:18:16,140  
to tune and what a motor looks for and

453  
00:18:20,690 --> 00:18:18,120  
what it's doing but I mean it was like

454  
00:18:23,510 --> 00:18:20,700  
right out of the box uh 2003 Jeep

455  
00:18:25,789 --> 00:18:23,520  
Cherokee 4 liter never got better than

456  
00:18:29,150 --> 00:18:25,799  
20 miles to a gallon and on the freeway

457  
00:18:31,669 --> 00:18:29,160  
I was turning 43 within two weeks of

458  
00:18:34,549 --> 00:18:31,679  
tuning and installing probably about 40

459  
00:18:37,610 --> 00:18:34,559  
hours worth of work to find the limits

460  
00:18:40,250 --> 00:18:37,620  
so the Under and Over and that amazed me

461  
00:18:43,190 --> 00:18:40,260  
and at that point I said well I can tell

462  
00:18:45,470 --> 00:18:43,200  
you one thing for certain it is not

463  
00:18:48,490 --> 00:18:45,480

powered by hydrogen there's something

464

00:18:51,350 --> 00:18:48,500

else going on here because hydrogen

465

00:18:53,810 --> 00:18:51,360

cannot account the way we understand it

466

00:18:56,330 --> 00:18:53,820

the way the equations work the way

467

00:18:59,390 --> 00:18:56,340

electrolysis works on a separation

468

00:19:01,610 --> 00:18:59,400

Factor separating hydrogen from oxygen

469

00:19:03,409 --> 00:19:01,620

but I knew we weren't by the design of

470

00:19:04,190 --> 00:19:03,419

the thing I knew we were bleeding a

471

00:19:07,070 --> 00:19:04,200

whole

472

00:19:09,409 --> 00:19:07,080

hydrogen oxygen situation into the motor

473

00:19:13,310 --> 00:19:09,419

at a certain rate which

474

00:19:15,350 --> 00:19:13,320

by conventional burning and BTU value of

475

00:19:16,850 --> 00:19:15,360

hydrogen and that's this is where

476

00:19:19,430 --> 00:19:16,860

everybody goes wrong in their

477

00:19:21,409 --> 00:19:19,440

programming is burning the word burning

478

00:19:24,890 --> 00:19:21,419

or oxidation

479

00:19:26,450 --> 00:19:24,900

the level of oxidation or burning so I

480

00:19:29,150 --> 00:19:26,460

said you know what the automotive

481

00:19:31,490 --> 00:19:29,160

world's a headache

482

00:19:33,710 --> 00:19:31,500

you know Ford's already involved in this

483

00:19:35,930 --> 00:19:33,720

Boeing's already involved in this this

484

00:19:37,850 --> 00:19:35,940

is a political nightmare these are some

485

00:19:40,610 --> 00:19:37,860

things I knew from researching into it

486

00:19:43,250 --> 00:19:40,620

that actually were recorded collectively

487

00:19:45,350 --> 00:19:43,260

so all this can be verified some of it

488

00:19:48,950 --> 00:19:45,360

was on the news some of it was on 60

489

00:19:51,529 --> 00:19:48,960

Minutes but in the end I thought

490

00:19:54,590 --> 00:19:51,539

whatever this is is operating on a

491

00:19:56,750 --> 00:19:54,600

totally different principle and screw

492

00:19:58,730 --> 00:19:56,760

trying to install these on automobiles

493

00:20:00,650 --> 00:19:58,740

and fighting the machine because we're

494

00:20:02,270 --> 00:20:00,660

never going to win that fight and

495

00:20:04,850 --> 00:20:02,280

everybody's gonna blame you when the

496

00:20:07,789 --> 00:20:04,860

slightest thing goes wrong with this

497

00:20:09,890 --> 00:20:07,799

and this group is not ready for scale

498

00:20:11,990 --> 00:20:09,900

introduction they're just in a war with

499

00:20:13,970 --> 00:20:12,000

the oil companies introducing

500

00:20:17,990 --> 00:20:13,980

technologies that are probably over 100

501  
00:20:20,990 --> 00:20:18,000  
years old to date with my research

502  
00:20:23,630 --> 00:20:21,000  
and so what I say is I want to know more

503  
00:20:27,350 --> 00:20:23,640  
about this stuff and I want to see like

504  
00:20:30,230 --> 00:20:27,360  
how it so-called Burns so I took the

505  
00:20:32,990 --> 00:20:30,240  
unit out of the automobile put it in my

506  
00:20:35,870 --> 00:20:33,000  
garage you know kind of laboratory that

507  
00:20:38,270 --> 00:20:35,880  
I normally use for building race engines

508  
00:20:41,390 --> 00:20:38,280  
and I said I'm going to put this in a

509  
00:20:44,510 --> 00:20:41,400  
nozzle and see how it burns

510  
00:20:46,370 --> 00:20:44,520  
and so I just hooked up a little setup

511  
00:20:48,049 --> 00:20:46,380  
and started measuring some stuff and I

512  
00:20:50,510 --> 00:20:48,059  
turned the gas on

513  
00:20:52,610 --> 00:20:50,520

you know it's a little setup with a

514

00:20:55,190 --> 00:20:52,620

battery and some other in between

515

00:20:59,450 --> 00:20:55,200

devices to change the vibrations minorly

516

00:21:01,310 --> 00:20:59,460

and I lit it and the moment it lit up I

517

00:21:04,250 --> 00:21:01,320

knew I was witnessing something that was

518

00:21:07,669 --> 00:21:04,260

truly unique that was not discussed even

519

00:21:10,070 --> 00:21:07,679

at the specified project levels in the

520

00:21:12,049 --> 00:21:10,080

military because I had those reasonable

521

00:21:13,669 --> 00:21:12,059

clearances in nuclear power where you

522

00:21:14,930 --> 00:21:13,679

learn about stuff that they normally

523

00:21:19,310 --> 00:21:14,940

don't teach

524

00:21:20,930 --> 00:21:19,320

and that moment was like bing okay now

525

00:21:23,630 --> 00:21:20,940

I'm up till three in the morning working

526  
00:21:26,630 --> 00:21:23,640  
two jobs every day to not only just pay

527  
00:21:28,310 --> 00:21:26,640  
for my bills in life and I recently just

528  
00:21:30,830 --> 00:21:28,320  
got married too so this all wasn't

529  
00:21:35,930 --> 00:21:30,840  
working out too good for that

530  
00:21:38,690 --> 00:21:35,940  
but I was locked in and I was working as

531  
00:21:41,510 --> 00:21:38,700  
much as possible in a 20 probably 18 to

532  
00:21:43,250 --> 00:21:41,520  
20 hours out of a day making them I was

533  
00:21:45,830 --> 00:21:43,260  
driven to make more money than ever

534  
00:21:47,810 --> 00:21:45,840  
before to afford the research and

535  
00:21:48,890 --> 00:21:47,820  
development to find out more about what

536  
00:21:52,130 --> 00:21:48,900  
this was

537  
00:21:53,690 --> 00:21:52,140  
and in the end I very affordably did

538  
00:21:56,690 --> 00:21:53,700

some simple testing because I couldn't

539

00:21:59,390 --> 00:21:56,700

afford really expensive stuff like deep

540

00:22:01,430 --> 00:21:59,400

Mass spectral testing to validate

541

00:22:03,770 --> 00:22:01,440

in the end I did a simple experiment

542

00:22:05,750 --> 00:22:03,780

looking at the availability of oxygen

543

00:22:08,210 --> 00:22:05,760

within the gas

544

00:22:10,850 --> 00:22:08,220

which is easy to do and in the end I

545

00:22:13,669 --> 00:22:10,860

found out the oxygen was unavailable

546

00:22:16,070 --> 00:22:13,679

through a 3000 degree burn meaning I

547

00:22:19,010 --> 00:22:16,080

could take this vapor and Bleed it

548

00:22:22,370 --> 00:22:19,020

through a 3000 degree flame and it would

549

00:22:24,110 --> 00:22:22,380

not react with the flame which if I just

550

00:22:25,850 --> 00:22:24,120

took oxygen and shoved it in there the

551  
00:22:27,590 --> 00:22:25,860  
flame would totally change its Behavior

552  
00:22:29,090 --> 00:22:27,600  
so this

553  
00:22:32,810 --> 00:22:29,100  
vapor

554  
00:22:35,029 --> 00:22:32,820  
as it is properly understood is coherent

555  
00:22:37,789 --> 00:22:35,039  
enough to travel through 3000 degrees

556  
00:22:39,049 --> 00:22:37,799  
and keep the hydrogen oxygen bonds

557  
00:22:40,850 --> 00:22:39,059  
stable

558  
00:22:43,070 --> 00:22:40,860  
as a vapor

559  
00:22:44,870 --> 00:22:43,080  
and that took about 50 bucks to run that

560  
00:22:46,070 --> 00:22:44,880  
test meanwhile universities and

561  
00:22:48,590 --> 00:22:46,080  
everybody else

562  
00:22:51,770 --> 00:22:48,600  
are getting and spending millions of

563  
00:22:54,649 --> 00:22:51,780

dollars not correctly describing what's

564

00:22:57,950 --> 00:22:54,659

going on which just led to a Cascade of

565

00:23:00,230 --> 00:22:57,960

studying liquid water ice the behavior

566

00:23:04,490 --> 00:23:00,240

of water everywhere and anywhere and

567

00:23:06,649 --> 00:23:04,500

what is this new force that is not

568

00:23:09,649 --> 00:23:06,659

widely taught even to somebody who has

569

00:23:12,649 --> 00:23:09,659

postgraduate practical knowledge of

570

00:23:16,250 --> 00:23:12,659

things in physics that are Beyond and

571

00:23:18,890 --> 00:23:16,260

the chase is on at that point in 2009

572

00:23:22,850 --> 00:23:18,900

about is when that happened

573

00:23:24,710 --> 00:23:22,860

I love it I love it and so to broaden

574

00:23:27,590 --> 00:23:24,720

this out to

575

00:23:30,529 --> 00:23:27,600

the way we use water in society the

576

00:23:33,890 --> 00:23:30,539

plumbing system versus what you saw in

577

00:23:36,529 --> 00:23:33,900

the mountain with the horse and just how

578

00:23:38,630 --> 00:23:36,539

it affects our body and how not all

579

00:23:41,169 --> 00:23:38,640

water is created equal when you compare

580

00:23:45,470 --> 00:23:41,179

and contrast water in the natural world

581

00:23:47,390 --> 00:23:45,480

versus our city water obviously we know

582

00:23:49,789 --> 00:23:47,400

it's worse quality because of the

583

00:23:52,250 --> 00:23:49,799

contaminants in it the fluoride the

584

00:23:53,810 --> 00:23:52,260

chlorine the Pharmaceuticals that have

585

00:23:56,690 --> 00:23:53,820

been flushed down the toilet the forever

586

00:23:58,370 --> 00:23:56,700

chemicals that are in it but that's not

587

00:24:00,830 --> 00:23:58,380

really what we're talking about here

588

00:24:03,890 --> 00:24:00,840

that's like a 101 understanding yeah you

589

00:24:06,710 --> 00:24:03,900

shouldn't pump dead water through lead

590

00:24:08,750 --> 00:24:06,720

pipes to people's houses got it uh

591

00:24:11,210 --> 00:24:08,760

that's a very simple understanding but

592

00:24:13,789 --> 00:24:11,220

there's these other more magical

593

00:24:17,029 --> 00:24:13,799

processes that seem to emerge from

594

00:24:18,770 --> 00:24:17,039

nature and changing the quality of the

595

00:24:20,810 --> 00:24:18,780

water some people say fourth phase of

596

00:24:24,529 --> 00:24:20,820

water some people say gel State

597

00:24:26,690 --> 00:24:24,539

structured water you were told HHO

598

00:24:28,070 --> 00:24:26,700

there's all these terms and maybe they

599

00:24:30,649 --> 00:24:28,080

are different things maybe there's

600

00:24:32,930 --> 00:24:30,659

multiple aspects of water that are

601  
00:24:35,090 --> 00:24:32,940  
hidden from us but in terms of like the

602  
00:24:36,830 --> 00:24:35,100  
way our City Water Works versus nature

603  
00:24:39,350 --> 00:24:36,840  
how would you compare and contrast that

604  
00:24:42,950 --> 00:24:39,360  
and and like now knowing what you know

605  
00:24:44,990 --> 00:24:42,960  
how would you design a water system for

606  
00:24:47,330 --> 00:24:45,000  
a mid-sized City

607  
00:24:49,970 --> 00:24:47,340  
okay yeah interesting that's like real

608  
00:24:51,950 --> 00:24:49,980  
scale level stuff which is different

609  
00:24:54,049 --> 00:24:51,960  
than say what we do when we're treating

610  
00:24:56,270 --> 00:24:54,059  
water with your home a half inch pipe a

611  
00:24:58,730 --> 00:24:56,280  
three-quarter pipe a one inch pipe

612  
00:25:02,029 --> 00:24:58,740  
totally different mechanics

613  
00:25:04,669 --> 00:25:02,039

but the same air right moving water in a

614

00:25:07,190 --> 00:25:04,679

straight line under pressure

615

00:25:10,370 --> 00:25:07,200

and it's not that water doesn't like or

616

00:25:11,570 --> 00:25:10,380

can't take pressure it does but not in

617

00:25:14,149 --> 00:25:11,580

that way

618

00:25:16,810 --> 00:25:14,159

but you know in a central system we need

619

00:25:18,409 --> 00:25:16,820

the pressure to get the water to people

620

00:25:20,810 --> 00:25:18,419

and

621

00:25:24,169 --> 00:25:20,820

that's really the name of the game there

622

00:25:26,750 --> 00:25:24,179

is rotation is completely starved out of

623

00:25:29,330 --> 00:25:26,760

the equation it's rotation and even if

624

00:25:32,330 --> 00:25:29,340

you look at the Bernoulli's energy

625

00:25:35,210 --> 00:25:32,340

balance in physics if you look at any of

626  
00:25:37,850 --> 00:25:35,220  
the mathematics in electrical Dynamics

627  
00:25:41,210 --> 00:25:37,860  
none of them allow for rotation along

628  
00:25:44,090 --> 00:25:41,220  
the line of intention which means I want

629  
00:25:48,169 --> 00:25:44,100  
to get this from here to there what's

630  
00:25:50,750 --> 00:25:48,179  
the best way to do it and the caveman in

631  
00:25:52,669 --> 00:25:50,760  
US says go in a straight line but the

632  
00:25:54,769 --> 00:25:52,679  
caveman who walks the mountains in the

633  
00:25:57,049 --> 00:25:54,779  
forest knows there's no such thing as a

634  
00:25:58,970 --> 00:25:57,059  
straight line and so everything's always

635  
00:26:00,830 --> 00:25:58,980  
moving from left to right and right to

636  
00:26:03,110 --> 00:26:00,840  
left over and over and over again and

637  
00:26:04,310 --> 00:26:03,120  
when it does it in an organized spin

638  
00:26:07,070 --> 00:26:04,320

equation

639

00:26:09,230 --> 00:26:07,080

not only the substance that's doing it

640

00:26:12,169 --> 00:26:09,240

changes but the environment around it

641

00:26:14,810 --> 00:26:12,179

changes even without direct contact and

642

00:26:17,149 --> 00:26:14,820

it turns out there's quite a large

643

00:26:20,269 --> 00:26:17,159

historical study of this physics

644

00:26:24,169 --> 00:26:20,279

phenomenon that's not quite as rigid as

645

00:26:26,690 --> 00:26:24,179

the Grid or the A to B analysis so in a

646

00:26:29,870 --> 00:26:26,700

way the intention should be to deliver

647

00:26:33,350 --> 00:26:29,880

high quality water to the residents of a

648

00:26:37,010 --> 00:26:33,360

mid-sized City it is obvious that water

649

00:26:39,769 --> 00:26:37,020

never ever ever moves in the way we

650

00:26:41,510 --> 00:26:39,779

choose to move it and it is obvious that

651  
00:26:43,850 --> 00:26:41,520  
the water spends most of its energy

652  
00:26:45,470 --> 00:26:43,860  
trying to break out of the pipe

653  
00:26:47,750 --> 00:26:45,480  
hmm

654  
00:26:49,730 --> 00:26:47,760  
and that means the why it's like you

655  
00:26:53,570 --> 00:26:49,740  
trying to break out of a room constantly

656  
00:26:56,210 --> 00:26:53,580  
right a jail cell being handcuffed being

657  
00:26:58,730 --> 00:26:56,220  
in a straight jacket it's literally like

658  
00:27:02,029 --> 00:26:58,740  
you're trying to free yourself up so you

659  
00:27:04,070 --> 00:27:02,039  
can move the way you want to move and

660  
00:27:07,190 --> 00:27:04,080  
what I say is how does water want to

661  
00:27:10,250 --> 00:27:07,200  
move rather than going this is random

662  
00:27:13,669 --> 00:27:10,260  
this is a forced condition I loved your

663  
00:27:16,669 --> 00:27:13,679

intro because it hit on the idea that

664

00:27:19,310 --> 00:27:16,679

somehow humankind thinks it can dominate

665

00:27:23,149 --> 00:27:19,320

over the laws of the universe and that

666

00:27:25,190 --> 00:27:23,159

is a feudal pathogenic self-destructive

667

00:27:28,250 --> 00:27:25,200

Behavior and the whole Collective human

668

00:27:31,130 --> 00:27:28,260

race can feel it the biggest way to

669

00:27:33,230 --> 00:27:31,140

unveil that or unwind that in my opinion

670

00:27:36,350 --> 00:27:33,240

is through the master element which I

671

00:27:38,690 --> 00:27:36,360

call water and we watch how it likes to

672

00:27:40,370 --> 00:27:38,700

move because it carves its own pathway

673

00:27:42,409 --> 00:27:40,380

through nature

674

00:27:44,450 --> 00:27:42,419

and you know when you're watching a

675

00:27:47,090 --> 00:27:44,460

river that's been around for a million

676  
00:27:49,490 --> 00:27:47,100  
years you're watching the wisdom

677  
00:27:51,710 --> 00:27:49,500  
that's the simple wisdom that's in the

678  
00:27:53,570 --> 00:27:51,720  
water as it reshapes rocks to make the

679  
00:27:56,029 --> 00:27:53,580  
Rock and the elements that are in it

680  
00:27:58,070 --> 00:27:56,039  
better to make the water better to make

681  
00:28:00,710 --> 00:27:58,080  
the Rock and the elements better it's a

682  
00:28:03,289 --> 00:28:00,720  
Synergy this doesn't cause that they

683  
00:28:04,549 --> 00:28:03,299  
happen simultaneously moving forward to

684  
00:28:06,830 --> 00:28:04,559  
higher quality

685  
00:28:09,649 --> 00:28:06,840  
I suppose that's the transition we need

686  
00:28:11,930 --> 00:28:09,659  
to face as human beings right now so

687  
00:28:14,029 --> 00:28:11,940  
that's it in a nutshell we're moving the

688  
00:28:15,590 --> 00:28:14,039

water incorrectly by forcing it into

689

00:28:18,409 --> 00:28:15,600

straight lines

690

00:28:21,110 --> 00:28:18,419

in a saturated mode like there's no

691

00:28:23,570 --> 00:28:21,120

looseness in the water there's no gas

692

00:28:25,789 --> 00:28:23,580

there's no air in there if you watch

693

00:28:28,909 --> 00:28:25,799

water in a clear pipe under pumping

694

00:28:30,470 --> 00:28:28,919

pressure you can't even tell it's moving

695

00:28:32,029 --> 00:28:30,480

you would think that the water was

696

00:28:34,490 --> 00:28:32,039

sitting still in the pipe when you're

697

00:28:38,930 --> 00:28:34,500

moving it at 100 gallons a minute at 200

698

00:28:41,029 --> 00:28:38,940

PSI and that tells you it's stuffed you

699

00:28:42,830 --> 00:28:41,039

know right on yes

700

00:28:46,310 --> 00:28:42,840

you know there's a lot of people who

701  
00:28:48,649 --> 00:28:46,320  
probably think water is boring just not

702  
00:28:50,810 --> 00:28:48,659  
that interesting but I really want them

703  
00:28:52,549 --> 00:28:50,820  
to see it in a new light because I've

704  
00:28:56,330 --> 00:28:52,559  
heard you talk about how we should think

705  
00:28:58,610 --> 00:28:56,340  
of water as a living substance as an

706  
00:29:00,350 --> 00:28:58,620  
intelligent substance I mean you started

707  
00:29:01,190 --> 00:29:00,360  
by saying the spirit of water well what

708  
00:29:03,710 --> 00:29:01,200  
is that

709  
00:29:07,370 --> 00:29:03,720  
indicate it means it has some kind of

710  
00:29:10,130 --> 00:29:07,380  
intelligence to it and you've used terms

711  
00:29:12,529 --> 00:29:10,140  
like exhausted water or dead water or

712  
00:29:15,890 --> 00:29:12,539  
stressed water in terms of what comes

713  
00:29:19,610 --> 00:29:15,900

out of our pipes and really it needs to

714

00:29:21,710 --> 00:29:19,620

be massaged and folded in vortexed as

715

00:29:24,169 --> 00:29:21,720

you would see in a stream maybe kneading

716

00:29:28,130 --> 00:29:24,179

dough or a Taffy puller might be a good

717

00:29:29,930 --> 00:29:28,140

analogy for what water needs or likes to

718

00:29:34,370 --> 00:29:29,940

create more energy I believe you've said

719

00:29:36,049 --> 00:29:34,380

that the qualities of this structured

720

00:29:38,570 --> 00:29:36,059

optimized water that we're talking about

721

00:29:42,049 --> 00:29:38,580

it comes from not necessarily the

722

00:29:43,549 --> 00:29:42,059

pulling apart but it wants so much to

723

00:29:46,310 --> 00:29:43,559

get back together

724

00:29:48,470 --> 00:29:46,320

that that's kind of what what causes the

725

00:29:52,370 --> 00:29:48,480

magic help me out here

726

00:29:55,010 --> 00:29:52,380

yeah and I think like there's a broad

727

00:29:56,930 --> 00:29:55,020

and I like the human race as a whole to

728

00:29:59,630 --> 00:29:56,940

know that I think these types of

729

00:30:00,769 --> 00:29:59,640

principles should be in education as

730

00:30:02,750 --> 00:30:00,779

young

731

00:30:05,090 --> 00:30:02,760

once you've seen the world a little bit

732

00:30:06,710 --> 00:30:05,100

these are very very very simple things

733

00:30:09,049 --> 00:30:06,720

so

734

00:30:11,690 --> 00:30:09,059

when we look at what water likes and

735

00:30:13,730 --> 00:30:11,700

what doesn't like and we start talking

736

00:30:16,490 --> 00:30:13,740

about extremes like oh don't stress the

737

00:30:19,490 --> 00:30:16,500

water right well actually water likes a

738

00:30:22,370 --> 00:30:19,500

little bit of rhythmic stress

739

00:30:24,470 --> 00:30:22,380

but there's a threshold to it so water

740

00:30:27,049 --> 00:30:24,480

likes to move apart and come back

741

00:30:28,029 --> 00:30:27,059

together again and each time it does

742

00:30:30,710 --> 00:30:28,039

that

743

00:30:33,649 --> 00:30:30,720

gets moved apart and comes back together

744

00:30:36,230 --> 00:30:33,659

it raises its quality and it's a

745

00:30:37,789 --> 00:30:36,240

measurable not very easily measured

746

00:30:39,529 --> 00:30:37,799

because it's hard to get instruments

747

00:30:40,789 --> 00:30:39,539

into the water without affecting the

748

00:30:44,090 --> 00:30:40,799

water so you get into like the

749

00:30:45,889 --> 00:30:44,100

Heisenberg Principle The Observer starts

750

00:30:47,450 --> 00:30:45,899

to affect the end result which is very

751  
00:30:49,669 --> 00:30:47,460  
true with water

752  
00:30:52,430 --> 00:30:49,679  
it makes the science difficult when

753  
00:30:56,149 --> 00:30:52,440  
people start making stuff up

754  
00:31:00,610 --> 00:30:56,159  
in order to explain and sell things

755  
00:31:03,710 --> 00:31:00,620  
versus share the foundational spiritual

756  
00:31:06,669 --> 00:31:03,720  
essence of the equation that gets to the

757  
00:31:09,950 --> 00:31:06,679  
soul of yourself and the soul of water

758  
00:31:12,230 --> 00:31:09,960  
which largely those two coincide

759  
00:31:15,110 --> 00:31:12,240  
together in your body

760  
00:31:17,029 --> 00:31:15,120  
and can also operate at a distance from

761  
00:31:19,310 --> 00:31:17,039  
your body but it's all kind of the same

762  
00:31:21,529 --> 00:31:19,320  
thing like The Ether

763  
00:31:24,470 --> 00:31:21,539

so in order to create with a higher

764

00:31:26,510 --> 00:31:24,480

quality water likes a certain amount of

765

00:31:29,870 --> 00:31:26,520

threshold of stress and then let go and

766

00:31:33,850 --> 00:31:29,880

Rewind together so hydrogen and oxygen

767

00:31:36,889 --> 00:31:33,860

are not like a chemical and  $\text{H}_2\text{O}$

768

00:31:39,590 --> 00:31:36,899

that's not really the spirit of water at

769

00:31:40,850 --> 00:31:39,600

all those are the physical manifests of

770

00:31:43,130 --> 00:31:40,860

the spirit

771

00:31:45,769 --> 00:31:43,140

and when we're done destroying that

772

00:31:47,269 --> 00:31:45,779

Spirit as much as we can what's left is

773

00:31:50,870 --> 00:31:47,279

$\text{H}_2\text{O}$

774

00:31:54,289 --> 00:31:50,880

and that's not even true Gerald Pollock

775

00:31:56,690 --> 00:31:54,299

is theorizing on  $\text{H}_2\text{O}$  there's no fact to

776

00:31:59,450 --> 00:31:56,700

it whatsoever and I could actually break

777

00:32:01,909 --> 00:31:59,460

down the fact of chemical compounds and

778

00:32:04,549 --> 00:32:01,919

molecules in the mass spectral and UV

779

00:32:07,130 --> 00:32:04,559

spectromic spectrometer analysis which

780

00:32:09,409 --> 00:32:07,140

is the way we kind of claim that we have

781

00:32:11,930 --> 00:32:09,419

proof that this atom exists or doesn't

782

00:32:13,970 --> 00:32:11,940

exist and what we have proof of is a

783

00:32:15,049 --> 00:32:13,980

probability for a circumstance meaning

784

00:32:17,630 --> 00:32:15,059

if we

785

00:32:20,649 --> 00:32:17,640

destroy the water with Force the highest

786

00:32:24,590 --> 00:32:20,659

probability leftover part is going to be

787

00:32:27,230 --> 00:32:24,600

H<sub>2</sub>O so that may like give somebody a

788

00:32:29,330 --> 00:32:27,240

reference for like what science is what

789

00:32:32,990 --> 00:32:29,340

science isn't science is more like the

790

00:32:36,049 --> 00:32:33,000

probable perspective given X conditions

791

00:32:39,470 --> 00:32:36,059

and so conditions of breaking things

792

00:32:42,169 --> 00:32:39,480

apart intentionally lead to parts of

793

00:32:44,330 --> 00:32:42,179

Acts that are the most solid but if we

794

00:32:45,649 --> 00:32:44,340

take the perspective of putting things

795

00:32:48,590 --> 00:32:45,659

together

796

00:32:51,649 --> 00:32:48,600

then we end up with the new end product

797

00:32:53,810 --> 00:32:51,659

which is more like water so if you take

798

00:32:56,269 --> 00:32:53,820

that idea of how do we put water

799

00:32:58,850 --> 00:32:56,279

together not

800

00:33:01,490 --> 00:32:58,860

like even put it back together but just

801  
00:33:04,970 --> 00:33:01,500  
say how does water put itself together

802  
00:33:07,909 --> 00:33:04,980  
in nature we end up with

803  
00:33:10,730 --> 00:33:07,919  
we use integrals in the real analysis

804  
00:33:12,649 --> 00:33:10,740  
which is the area under the curve and

805  
00:33:16,190 --> 00:33:12,659  
what it ends up with is asymmetrical

806  
00:33:18,350 --> 00:33:16,200  
waveforms that indicate impulses

807  
00:33:20,570 --> 00:33:18,360  
with information

808  
00:33:22,610 --> 00:33:20,580  
like I'm going to send an impulse and on

809  
00:33:24,169 --> 00:33:22,620  
it is a packet of information that gives

810  
00:33:27,350 --> 00:33:24,179  
you an instruction kind of like a zip

811  
00:33:30,169 --> 00:33:27,360  
folder like a zip file like I sent you

812  
00:33:32,810 --> 00:33:30,179  
the zip file you unzip it and out comes

813  
00:33:35,690 --> 00:33:32,820

a bunch more information and this is

814

00:33:38,750 --> 00:33:35,700

precisely how water carries itself and

815

00:33:41,450 --> 00:33:38,760

how water communicates and if you put

816

00:33:45,110 --> 00:33:41,460

water under too much stress for too long

817

00:33:47,330 --> 00:33:45,120

it adapts and changes its mode of

818

00:33:49,789 --> 00:33:47,340

operation actually hardens itself to

819

00:33:51,590 --> 00:33:49,799

protect itself which is kind of what we

820

00:33:53,810 --> 00:33:51,600

call like the eggshell layer that

821

00:33:56,810 --> 00:33:53,820

everybody calls hexagonal water

822

00:34:00,529 --> 00:33:56,820

so the history of mukshi Koon

823

00:34:02,509 --> 00:34:00,539

the Kangen water all that stuff like the

824

00:34:04,250 --> 00:34:02,519

harder stuff they were able to measure

825

00:34:07,130 --> 00:34:04,260

because when they tried breaking it

826  
00:34:09,230 --> 00:34:07,140  
apart using conventional science it had

827  
00:34:11,570 --> 00:34:09,240  
bigger pieces of the different side of

828  
00:34:14,389 --> 00:34:11,580  
itself and they were on to that but then

829  
00:34:16,369 --> 00:34:14,399  
everybody over bit into that equation

830  
00:34:18,349 --> 00:34:16,379  
and kind of went back to the hardened

831  
00:34:20,629 --> 00:34:18,359  
story like the eggshell and threw away

832  
00:34:22,129 --> 00:34:20,639  
the yolk and the whites and now we're

833  
00:34:23,690 --> 00:34:22,139  
studying the eggshell that's like that's

834  
00:34:26,510 --> 00:34:23,700  
what Gerald Pollock's doing with easy

835  
00:34:29,869 --> 00:34:26,520  
water and it's not a debate it's a fact

836  
00:34:32,210 --> 00:34:29,879  
he has measurements that hey we're going

837  
00:34:33,950 --> 00:34:32,220  
to talk about less than one percent of

838  
00:34:36,649 --> 00:34:33,960

the total body of the water

839

00:34:38,869 --> 00:34:36,659

in the scientific side of it that being

840

00:34:41,450 --> 00:34:38,879

said Gerald Pollock

841

00:34:43,669 --> 00:34:41,460

I've heard in private does have a more

842

00:34:45,829 --> 00:34:43,679

spiritual discussion of water but what's

843

00:34:48,530 --> 00:34:45,839

in print and what's facing outward is a

844

00:34:52,010 --> 00:34:48,540

tiny tiny bit of the principle of water

845

00:34:54,230 --> 00:34:52,020

and that opens up the door kind of more

846

00:34:56,329 --> 00:34:54,240

to the Native American side and the

847

00:34:58,670 --> 00:34:56,339

indigenous cultures and the aerobic

848

00:35:01,070 --> 00:34:58,680

right so now I'm like an industrial

849

00:35:03,530 --> 00:35:01,080

technical race car engine builder guy

850

00:35:06,050 --> 00:35:03,540

who's who has always been interested in

851

00:35:08,530 --> 00:35:06,060

fishing and being in nature and then

852

00:35:11,450 --> 00:35:08,540

studied Native American

853

00:35:14,030 --> 00:35:11,460

principle ever since I was a kid because

854

00:35:16,069 --> 00:35:14,040

my mom read these big books on the topic

855

00:35:17,870 --> 00:35:16,079

and used to kind of teach me a little

856

00:35:20,150 --> 00:35:17,880

bit about you know our country and what

857

00:35:24,349 --> 00:35:20,160

it was like before our family started

858

00:35:27,290 --> 00:35:24,359

coming here right the Immigrant story so

859

00:35:30,170 --> 00:35:27,300

there you go with like how it starts to

860

00:35:32,510 --> 00:35:30,180

come full circle with my own Spirit how

861

00:35:34,310 --> 00:35:32,520

for everyone like you know we're mostly

862

00:35:37,250 --> 00:35:34,320

water and so is the planet so we're

863

00:35:39,470 --> 00:35:37,260

literally water beings and the planet is

864

00:35:41,270 --> 00:35:39,480

a water being whereas you could go to

865

00:35:43,130 --> 00:35:41,280

another planet and the frequencies are

866

00:35:45,109 --> 00:35:43,140

different and we wouldn't recognize what

867

00:35:47,089 --> 00:35:45,119

the water was there other than what's

868

00:35:50,270 --> 00:35:47,099

the life force that drives this planet

869

00:35:54,109 --> 00:35:50,280

that's most concrete that expresses the

870

00:35:56,329 --> 00:35:54,119

desire and manifest equally as the

871

00:35:59,210 --> 00:35:56,339

universe does as we all observe it

872

00:36:01,430 --> 00:35:59,220

mm-hmm well said it seems like you were

873

00:36:04,310 --> 00:36:01,440

totally primed to be in this position

874

00:36:06,290 --> 00:36:04,320

and it is strange because water is so

875

00:36:08,690 --> 00:36:06,300

ubiquitous in our bodies and our

876

00:36:10,490 --> 00:36:08,700

environment that it's odd that it has

877

00:36:13,250 --> 00:36:10,500

these qualities that have gone pretty

878

00:36:14,890 --> 00:36:13,260

under the radar until recent years and

879

00:36:16,730 --> 00:36:14,900

it's not that it's completely

880

00:36:17,990 --> 00:36:16,740

undiscovered because you have said in

881

00:36:19,490 --> 00:36:18,000

previous interviews you thought you

882

00:36:21,710 --> 00:36:19,500

discovered something but then you went

883

00:36:24,770 --> 00:36:21,720

back through the history and realized

884

00:36:27,410 --> 00:36:24,780

there were plenty of people who are onto

885

00:36:29,510 --> 00:36:27,420

this stuff too in their day and we know

886

00:36:31,730 --> 00:36:29,520

a bit about Victor shawberger obviously

887

00:36:33,349 --> 00:36:31,740

a big name in water but can you tell us

888

00:36:35,750 --> 00:36:33,359

about some of the others that you

889

00:36:37,550 --> 00:36:35,760

learned about from studying the history

890

00:36:41,329 --> 00:36:37,560

or some things that people just might be

891

00:36:44,870 --> 00:36:41,339

interested in in terms of water and what

892

00:36:46,490 --> 00:36:44,880

never makes it into our textbooks yeah

893

00:36:48,109 --> 00:36:46,500

sure I think

894

00:36:50,390 --> 00:36:48,119

just kind of give a hexagonal

895

00:36:52,370 --> 00:36:50,400

perspective of water for some case a

896

00:36:54,950 --> 00:36:52,380

parody is

897

00:36:57,290 --> 00:36:54,960

so in physics there's always been four

898

00:36:59,630 --> 00:36:57,300

phases and only four phases and four

899

00:37:01,849 --> 00:36:59,640

kind of represents logic

900

00:37:03,829 --> 00:37:01,859

so it's like where the mind and the

901  
00:37:06,410 --> 00:37:03,839  
physical world meet to wrap their head

902  
00:37:10,910 --> 00:37:06,420  
around reality so you have a liquid

903  
00:37:13,190 --> 00:37:10,920  
you have a solid and you have a gas and

904  
00:37:15,530 --> 00:37:13,200  
basically if you look at those

905  
00:37:16,910 --> 00:37:15,540  
the major difference is density and

906  
00:37:19,550 --> 00:37:16,920  
volume

907  
00:37:22,250 --> 00:37:19,560  
which kind of go hand in hand

908  
00:37:24,710 --> 00:37:22,260  
and then you have a fourth phase which

909  
00:37:26,690 --> 00:37:24,720  
every scientist and physicist and person

910  
00:37:31,310 --> 00:37:26,700  
especially in today's terms like

911  
00:37:33,530 --> 00:37:31,320  
defaults to which is called plasma and

912  
00:37:35,510 --> 00:37:33,540  
so you know when I first heard about

913  
00:37:37,609 --> 00:37:35,520

plasma my dad started teaching me about

914

00:37:39,950 --> 00:37:37,619

superconductors and plasma probably when

915

00:37:43,750 --> 00:37:39,960

I was 10 years old he was a chemist and

916

00:37:47,089 --> 00:37:43,760

kind of a unified field

917

00:37:49,010 --> 00:37:47,099

Seeker but I really became deep with

918

00:37:50,390 --> 00:37:49,020

that what's this unified field how does

919

00:37:52,849 --> 00:37:50,400

it work that's what I want to know

920

00:37:54,170 --> 00:37:52,859

what's an atom what's the idea of the

921

00:37:57,650 --> 00:37:54,180

physical world

922

00:37:59,690 --> 00:37:57,660

and so this logical Foundation is those

923

00:38:01,670 --> 00:37:59,700

cases so when somebody says there's a

924

00:38:03,650 --> 00:38:01,680

fourth phase of water

925

00:38:05,750 --> 00:38:03,660

the only thing it could mean to me

926

00:38:08,450 --> 00:38:05,760

because we have to agree on some form of

927

00:38:11,089 --> 00:38:08,460

logic is the plasma form of water

928

00:38:14,030 --> 00:38:11,099

so what does plasma really mean and they

929

00:38:17,030 --> 00:38:14,040

say it's a state of matter transition so

930

00:38:19,849 --> 00:38:17,040

okay plasma is transition and transition

931

00:38:22,130 --> 00:38:19,859

is the unknown it's changing and we

932

00:38:25,609 --> 00:38:22,140

don't exactly know how it's changing if

933

00:38:28,490 --> 00:38:25,619

we haven't defined what water exactly is

934

00:38:31,130 --> 00:38:28,500

and so that's kind of my drive is to

935

00:38:33,230 --> 00:38:31,140

Define what water is and Shaw Burger

936

00:38:36,650 --> 00:38:33,240

basically

937

00:38:39,710 --> 00:38:36,660

came from observing nature he was a

938

00:38:42,589 --> 00:38:39,720

Woodsman a Forester a huntsman and made

939

00:38:45,109 --> 00:38:42,599

some big mistakes using water to help

940

00:38:46,910 --> 00:38:45,119

the forest industry and I think he was

941

00:38:48,650 --> 00:38:46,920

one of those guys that was like wow I

942

00:38:50,930 --> 00:38:48,660

just became the like biggest hypocrite

943

00:38:53,810 --> 00:38:50,940

in my life because I use water to kill

944

00:38:56,089 --> 00:38:53,820

water and I watched it happen basically

945

00:38:57,589 --> 00:38:56,099

chopped down the trees moved him out of

946

00:38:59,390 --> 00:38:57,599

the woods around a Waterway and then the

947

00:39:01,430 --> 00:38:59,400

Waterway died because of the sunlight

948

00:39:03,470 --> 00:39:01,440

and everybody's always like oh sunlight

949

00:39:05,690 --> 00:39:03,480

you know that's the thing that drives

950

00:39:09,170 --> 00:39:05,700

everything well so does Darkness

951  
00:39:11,450 --> 00:39:09,180  
that's not one it's how the balance work

952  
00:39:13,790 --> 00:39:11,460  
together how the breathing in and

953  
00:39:16,069 --> 00:39:13,800  
breathing out happened to create life

954  
00:39:18,290 --> 00:39:16,079  
and how the Synergy or the overlap or

955  
00:39:19,910 --> 00:39:18,300  
connection with the next thing like us

956  
00:39:22,069 --> 00:39:19,920  
to the Earth that's like a big simple

957  
00:39:25,430 --> 00:39:22,079  
thing and what's the earth made out of

958  
00:39:28,130 --> 00:39:25,440  
water so when I dug back into this I was

959  
00:39:30,230 --> 00:39:28,140  
absolutely elated you mentioned Shaw

960  
00:39:32,510 --> 00:39:30,240  
burger and then there's this chain

961  
00:39:34,970 --> 00:39:32,520  
whether we're talking about the vapor

962  
00:39:37,870 --> 00:39:34,980  
whether we're talking about the liquid

963  
00:39:40,910 --> 00:39:37,880

whether we're talking about the solid

964

00:39:43,490 --> 00:39:40,920

there's a case where water is almost

965

00:39:45,230 --> 00:39:43,500

always in the triple point where science

966

00:39:46,670 --> 00:39:45,240

said the triple point water is the only

967

00:39:49,670 --> 00:39:46,680

thing that can get in the triple point

968

00:39:52,730 --> 00:39:49,680

that can combine these states of matter

969

00:39:55,250 --> 00:39:52,740

that are definable liquid salt gas and

970

00:39:59,569 --> 00:39:55,260

what is the transition that was always

971

00:40:01,790 --> 00:39:59,579

my you start up an engine room and shut

972

00:40:03,410 --> 00:40:01,800

down and there's things that happen that

973

00:40:05,810 --> 00:40:03,420

are totally different than when it's

974

00:40:08,810 --> 00:40:05,820

stable and up and running due to the set

975

00:40:11,630 --> 00:40:08,820

of conditions we design upon it so I

976  
00:40:14,450 --> 00:40:11,640  
beat like Tesla in principle I became

977  
00:40:17,569 --> 00:40:14,460  
interested in Tesla because I saw

978  
00:40:19,790 --> 00:40:17,579  
electricity and water as identical

979  
00:40:22,730 --> 00:40:19,800  
because when I really learned about

980  
00:40:23,930 --> 00:40:22,740  
electricity I was told to take the view

981  
00:40:26,450 --> 00:40:23,940  
of water

982  
00:40:28,910 --> 00:40:26,460  
and that will explain electricity to you

983  
00:40:30,829 --> 00:40:28,920  
and the deeper you look at Water the

984  
00:40:33,410 --> 00:40:30,839  
more you understand how energy flows

985  
00:40:35,210 --> 00:40:33,420  
then you can start to understand how to

986  
00:40:38,810 --> 00:40:35,220  
scale like what we call higher

987  
00:40:39,589 --> 00:40:38,820  
efficiency Energy Systems which involve

988  
00:40:47,750 --> 00:40:39,599

water

989

00:40:50,870 --> 00:40:47,760

would be included in the electrogravitic

990

00:40:52,849 --> 00:40:50,880

equation in the electrodynamic equation

991

00:40:55,010 --> 00:40:52,859

and in the understanding of what

992

00:40:57,230 --> 00:40:55,020

magnetism and electricism or the

993

00:40:58,730 --> 00:40:57,240

dielectric really is or the dye magnet

994

00:41:01,130 --> 00:40:58,740

really is

995

00:41:03,770 --> 00:41:01,140

fair fair yes and I definitely want to

996

00:41:05,930 --> 00:41:03,780

talk about energy applications and over

997

00:41:07,849 --> 00:41:05,940

Unity but that's probably second hour

998

00:41:09,950 --> 00:41:07,859

stuff because I want to make sure we

999

00:41:12,530 --> 00:41:09,960

also get a good at least 15 minutes in

1000

00:41:14,510 --> 00:41:12,540

this first hour about the company and

1001  
00:41:15,349 --> 00:41:14,520  
the products you make and how it affects

1002  
00:41:17,390 --> 00:41:15,359  
health

1003  
00:41:19,630 --> 00:41:17,400  
uh the founder of the company I

1004  
00:41:23,089 --> 00:41:19,640  
understand his name was Clayton Nolte

1005  
00:41:25,310 --> 00:41:23,099  
and I assume you met him somewhere along

1006  
00:41:27,829 --> 00:41:25,320  
the way and you're now the CEO of this

1007  
00:41:30,770 --> 00:41:27,839  
company talk to us about Clayton the

1008  
00:41:33,170 --> 00:41:30,780  
initial inventor and founder of the

1009  
00:41:35,089 --> 00:41:33,180  
company and some of the products that he

1010  
00:41:36,650 --> 00:41:35,099  
developed which have now been refined

1011  
00:41:40,550 --> 00:41:36,660  
even further

1012  
00:41:43,670 --> 00:41:40,560  
yeah so I was doing the Plasma Research

1013  
00:41:46,250 --> 00:41:43,680

for the steel mill so we went into to go

1014

00:41:48,650 --> 00:41:46,260

back in the history of this definitely

1015

00:41:51,109 --> 00:41:48,660

it was obvious to everybody that the

1016

00:41:52,910 --> 00:41:51,119

water plasma which is what it is the

1017

00:41:54,890 --> 00:41:52,920

water transition

1018

00:41:57,109 --> 00:41:54,900

was implosive

1019

00:41:58,670 --> 00:41:57,119

I verified that scientifically so there

1020

00:42:02,030 --> 00:41:58,680

was a big debate amongst the community

1021

00:42:03,829 --> 00:42:02,040

between explosion and implosion and

1022

00:42:05,870 --> 00:42:03,839

nobody really knew about implosion so

1023

00:42:09,230 --> 00:42:05,880

this was the first thing to arrive in

1024

00:42:10,970 --> 00:42:09,240

the physics world where visually and

1025

00:42:12,970 --> 00:42:10,980

physically according to Newtonian

1026

00:42:16,490 --> 00:42:12,980

physics because unified field physics

1027

00:42:19,190 --> 00:42:16,500

has to also fit in the real world it has

1028

00:42:21,950 --> 00:42:19,200

to explain Newtonian physics and then go

1029

00:42:23,690 --> 00:42:21,960

beyond it and so I realized that that

1030

00:42:25,430 --> 00:42:23,700

you can't have things going on in the

1031

00:42:27,290 --> 00:42:25,440

physical world that are contrary to

1032

00:42:29,990 --> 00:42:27,300

unified model so we went through that

1033

00:42:31,970 --> 00:42:30,000

whole equation that water was primarily

1034

00:42:34,250 --> 00:42:31,980

implosive meaning it pulled things

1035

00:42:38,089 --> 00:42:34,260

inward more than it pushed things

1036

00:42:40,550 --> 00:42:38,099

outward and that symmetry was the lack

1037

00:42:43,130 --> 00:42:40,560

of death so anytime you created symmetry

1038

00:42:46,670 --> 00:42:43,140

motion would cease and it's called the

1039

00:42:48,770 --> 00:42:46,680

void and the void has room for an

1040

00:42:50,569 --> 00:42:48,780

endless supply of desire and ideas

1041

00:42:52,550 --> 00:42:50,579

coming from the universe to come through

1042

00:42:54,829 --> 00:42:52,560

so you get to this point where nothing's

1043

00:42:57,410 --> 00:42:54,839

good or nothing's bad it's just kind of

1044

00:42:59,089 --> 00:42:57,420

How the Universe behaves and it behaves

1045

00:43:02,390 --> 00:42:59,099

to predominate itself and water

1046

00:43:04,910 --> 00:43:02,400

expresses this so Nolte and I were very

1047

00:43:06,589 --> 00:43:04,920

close on the philosophy there so I got

1048

00:43:09,290 --> 00:43:06,599

along with them real good right off the

1049

00:43:11,569 --> 00:43:09,300

rip the four natural action had even

1050

00:43:14,390 --> 00:43:11,579

formally started

1051  
00:43:17,210 --> 00:43:14,400  
before I had fully understood the water

1052  
00:43:21,109 --> 00:43:17,220  
plasma to adapt that could explain

1053  
00:43:23,569 --> 00:43:21,119  
liquid water and the benefits that Nolte

1054  
00:43:27,109 --> 00:43:23,579  
seemed to claim to oh he overclaimed

1055  
00:43:29,930 --> 00:43:27,119  
I'll just flat out say it he sold it in

1056  
00:43:32,510 --> 00:43:29,940  
ways that were in my opinion

1057  
00:43:35,089 --> 00:43:32,520  
disrespectful to water because it would

1058  
00:43:37,490 --> 00:43:35,099  
discredit what water really was if you

1059  
00:43:40,490 --> 00:43:37,500  
tried to make water to be like a magic

1060  
00:43:42,829 --> 00:43:40,500  
cure for everything as magical as I

1061  
00:43:45,470 --> 00:43:42,839  
think water is that's not the role in

1062  
00:43:48,050 --> 00:43:45,480  
function to be the final decision of

1063  
00:43:51,250 --> 00:43:48,060

what happens water is more like the

1064

00:43:53,950 --> 00:43:51,260

referee the orchestrator the conductor

1065

00:43:58,010 --> 00:43:53,960

but it does not

1066

00:44:00,589 --> 00:43:58,020

dictate to participating parties what

1067

00:44:02,809 --> 00:44:00,599

they have to and cannot do it's not a

1068

00:44:05,089 --> 00:44:02,819

dictatorial government within the realm

1069

00:44:07,250 --> 00:44:05,099

of water and there's no living thing

1070

00:44:09,410 --> 00:44:07,260

that isn't primarily made up of water

1071

00:44:10,910 --> 00:44:09,420

none so there's a very simple thing

1072

00:44:13,790 --> 00:44:10,920

going on there

1073

00:44:15,410 --> 00:44:13,800

and eventually water is like the

1074

00:44:17,150 --> 00:44:15,420

physical formation I mentioned this

1075

00:44:20,809 --> 00:44:17,160

before of what I would call The Ether

1076

00:44:22,910 --> 00:44:20,819

the substrate of all manifest and what

1077

00:44:24,290 --> 00:44:22,920

the quality of that manifest and purpose

1078

00:44:27,050 --> 00:44:24,300

is going to be

1079

00:44:29,030 --> 00:44:27,060

and I just took to dolte on that

1080

00:44:31,609 --> 00:44:29,040

conversation because he seemed to have

1081

00:44:33,050 --> 00:44:31,619

that level of knowledge as we went on

1082

00:44:35,809 --> 00:44:33,060

with the company there was huge

1083

00:44:38,569 --> 00:44:35,819

disagreements and a lot with new

1084

00:44:40,849 --> 00:44:38,579

valuable Technologies there's a lot of

1085

00:44:43,430 --> 00:44:40,859

fighting a lot of devious behavior and

1086

00:44:46,490 --> 00:44:43,440

I'm talking at the professional level

1087

00:44:48,349 --> 00:44:46,500

I think that horse has been beat to

1088

00:44:50,390 --> 00:44:48,359

death and I think I have my own

1089

00:44:53,690 --> 00:44:50,400

perspective on the foul play that when

1090

00:44:56,270 --> 00:44:53,700

you get into free energy healing Health

1091

00:44:58,670 --> 00:44:56,280

better methods that

1092

00:45:01,430 --> 00:44:58,680

reduce the harvesting of physical

1093

00:45:03,470 --> 00:45:01,440

material of Earth and delays the

1094

00:45:06,290 --> 00:45:03,480

Regeneration of them right like our

1095

00:45:09,349 --> 00:45:06,300

farming practices our pharmaceutical or

1096

00:45:12,650 --> 00:45:09,359

medicinal practices and the two

1097

00:45:14,569 --> 00:45:12,660

philosophies that both have value but

1098

00:45:17,089 --> 00:45:14,579

they're highly out of balance with the

1099

00:45:18,530 --> 00:45:17,099

truth one's kind of like 90 10 and the

1100

00:45:21,109 --> 00:45:18,540

other one ten percent of the time

1101  
00:45:23,450 --> 00:45:21,119  
actually probably way less than that has

1102  
00:45:25,550 --> 00:45:23,460  
a purpose and a value other than that

1103  
00:45:28,430 --> 00:45:25,560  
it's resistance to the pathway to the

1104  
00:45:31,609 --> 00:45:28,440  
truth to a higher quality level and how

1105  
00:45:33,530 --> 00:45:31,619  
energy moves like it moves in leaps and

1106  
00:45:36,470 --> 00:45:33,540  
water behaves in this way and you asked

1107  
00:45:38,510 --> 00:45:36,480  
about the intelligence well when nothing

1108  
00:45:40,970 --> 00:45:38,520  
happens to water and the whole

1109  
00:45:43,490 --> 00:45:40,980  
scientific Community sees this at this

1110  
00:45:45,109 --> 00:45:43,500  
point that hey the protocols for the

1111  
00:45:46,609 --> 00:45:45,119  
test called for two minutes then you

1112  
00:45:48,710 --> 00:45:46,619  
knew everything about it then you shut

1113  
00:45:51,530 --> 00:45:48,720

it off but people would accidentally

1114

00:45:54,829 --> 00:45:51,540

leave testing devices on water for like

1115

00:45:57,230 --> 00:45:54,839

all of a sudden somewhere between six

1116

00:46:00,170 --> 00:45:57,240

and seven minutes you see a response

1117

00:46:02,030 --> 00:46:00,180

commonly in water from leaving some type

1118

00:46:04,490 --> 00:46:02,040

of energy input

1119

00:46:06,410 --> 00:46:04,500

on and now all of a sudden the water

1120

00:46:08,630 --> 00:46:06,420

starts breathing meaning the vibrations

1121

00:46:10,550 --> 00:46:08,640

start oscillating what was flat line

1122

00:46:13,010 --> 00:46:10,560

starts moving around

1123

00:46:14,150 --> 00:46:13,020

and then the scientist or the Observer

1124

00:46:16,790 --> 00:46:14,160

goes

1125

00:46:17,870 --> 00:46:16,800

oh something changed and it's Dynamic

1126

00:46:20,390 --> 00:46:17,880

now

1127

00:46:22,370 --> 00:46:20,400

and it's Dynamic but it has a pattern to

1128

00:46:25,309 --> 00:46:22,380

it what is the pattern

1129

00:46:27,530 --> 00:46:25,319

so I analyze the patterns that would pop

1130

00:46:30,290 --> 00:46:27,540

up and they turned out to be of Phi

1131

00:46:32,630 --> 00:46:30,300

ratios so then I started studying

1132

00:46:35,450 --> 00:46:32,640

numbers and number relationships and

1133

00:46:37,370 --> 00:46:35,460

that always plays music all my life so I

1134

00:46:40,010 --> 00:46:37,380

took the number of relationships took

1135

00:46:41,750 --> 00:46:40,020

them to that and then you see a Cascade

1136

00:46:43,670 --> 00:46:41,760

of people where if you read their work

1137

00:46:46,550 --> 00:46:43,680

they understood that that's stuff they

1138

00:46:48,829 --> 00:46:46,560

teach in like mystery school or back-end

1139

00:46:51,410 --> 00:46:48,839

you know times when like

1140

00:46:54,410 --> 00:46:51,420

uh full development and teaching of

1141

00:46:56,870 --> 00:46:54,420

learning music not just how to play the

1142

00:46:58,910 --> 00:46:56,880

instrument like Jimi Hendrix but how to

1143

00:47:01,190 --> 00:46:58,920

understand the geometry underneath it

1144

00:47:03,650 --> 00:47:01,200

when you get to that you know my family

1145

00:47:07,069 --> 00:47:03,660

were Freemasons from sandusky's on my

1146

00:47:10,309 --> 00:47:07,079

dad's side so around the home or a whole

1147

00:47:12,410 --> 00:47:10,319

bunch of geometric stuff in code

1148

00:47:15,230 --> 00:47:12,420

language but I could see the geometry

1149

00:47:17,630 --> 00:47:15,240

right so you start to see with my

1150

00:47:20,930 --> 00:47:17,640

journey a parallel pathway of all the

1151  
00:47:23,450 --> 00:47:20,940  
tools I needed culminated with water and

1152  
00:47:26,089 --> 00:47:23,460  
were useful in making a deeper

1153  
00:47:28,069 --> 00:47:26,099  
relationship with water and so when you

1154  
00:47:32,270 --> 00:47:28,079  
go back through the vapor phase you find

1155  
00:47:34,309 --> 00:47:32,280  
out that way before HHO way before Joel

1156  
00:47:37,130 --> 00:47:34,319  
Brown it's not his real name but he

1157  
00:47:39,890 --> 00:47:37,140  
named the substance after his fake name

1158  
00:47:42,770 --> 00:47:39,900  
and then before that there was roads so

1159  
00:47:45,349 --> 00:47:42,780  
there was a patent on it in the 50s and

1160  
00:47:48,170 --> 00:47:45,359  
before that Victor shawberger and Walter

1161  
00:47:50,089 --> 00:47:48,180  
Russell and Tesla were all trying to

1162  
00:47:52,550 --> 00:47:50,099  
teach everybody

1163  
00:47:54,650 --> 00:47:52,560

how all this worked and how it was much

1164

00:47:56,569 --> 00:47:54,660

simpler than we had been presented even

1165

00:47:58,190 --> 00:47:56,579

with Newtonian physics that really

1166

00:48:00,290 --> 00:47:58,200

doesn't make sense when we observe

1167

00:48:02,210 --> 00:48:00,300

nature

1168

00:48:04,849 --> 00:48:02,220

I love it yes those are some of the

1169

00:48:06,230 --> 00:48:04,859

names that I'm really intrigued by in

1170

00:48:09,230 --> 00:48:06,240

terms of the people who've been kind of

1171

00:48:12,170 --> 00:48:09,240

left out of the science story and to get

1172

00:48:14,809 --> 00:48:12,180

into your actual products you have like

1173

00:48:18,309 --> 00:48:14,819

a whole house system and under the sink

1174

00:48:22,750 --> 00:48:18,319

system shower filters even a portable

1175

00:48:26,410 --> 00:48:22,760

water revitalizer these are essentially

1176

00:48:30,050 --> 00:48:26,420

revitalizers and vortexes for the dead

1177

00:48:31,609 --> 00:48:30,060

stressed exhausted water that comes into

1178

00:48:36,609 --> 00:48:31,619

our homes right

1179

00:48:38,990 --> 00:48:36,619

correct and to parallel off of the last

1180

00:48:41,089 --> 00:48:39,000

portion of who is important in history

1181

00:48:42,950 --> 00:48:41,099

in this there's a guy by the name of

1182

00:48:46,630 --> 00:48:42,960

Andrea Schultz

1183

00:48:49,309 --> 00:48:46,640

and very different from a Moto

1184

00:48:51,410 --> 00:48:49,319

emoto's work I don't know if it's been

1185

00:48:53,270 --> 00:48:51,420

so scrubbed and twisted that it's kind

1186

00:48:55,309 --> 00:48:53,280

of like Tesla and shawberger where

1187

00:48:57,589 --> 00:48:55,319

you're gonna get like a fantasy side of

1188

00:48:59,390 --> 00:48:57,599

it in writing but when it comes time to

1189

00:49:01,609 --> 00:48:59,400

get hardcore with it it's like scrubbed

1190

00:49:03,230 --> 00:49:01,619

out of all the writing right and there's

1191

00:49:05,390 --> 00:49:03,240

more than stories behind that there's

1192

00:49:07,970 --> 00:49:05,400

factual evidence that these books were

1193

00:49:10,069 --> 00:49:07,980

all scrubbed where these people went to

1194

00:49:12,650 --> 00:49:10,079

share the more simple you know the

1195

00:49:14,030 --> 00:49:12,660

12-step method of music of how this fits

1196

00:49:16,609 --> 00:49:14,040

together and what it means when you

1197

00:49:20,569 --> 00:49:16,619

create Harmony and how Harmony has the

1198

00:49:22,910 --> 00:49:20,579

definition so basically the basis behind

1199

00:49:24,950 --> 00:49:22,920

all this technology no matter which way

1200

00:49:26,870 --> 00:49:24,960

we do it it's just like an instrument

1201

00:49:28,790 --> 00:49:26,880

like you can have a guitar that plays

1202

00:49:30,650 --> 00:49:28,800

Harmony can have a piano you can have a

1203

00:49:32,870 --> 00:49:30,660

violin you can have strings you can have

1204

00:49:35,150 --> 00:49:32,880

brass and all these instruments break

1205

00:49:36,950 --> 00:49:35,160

the laws of physics and then you put

1206

00:49:40,430 --> 00:49:36,960

them all together in an orchestra right

1207

00:49:42,710 --> 00:49:40,440

so that's water's job is to give birth

1208

00:49:44,870 --> 00:49:42,720

to the instruments and help regulate the

1209

00:49:47,150 --> 00:49:44,880

environment at which this birth occurs

1210

00:49:48,470 --> 00:49:47,160

there's a human parody that goes goes on

1211

00:49:50,390 --> 00:49:48,480

here that goes all the way to cancer

1212

00:49:53,329 --> 00:49:50,400

with this stuff and understanding what's

1213

00:49:55,309 --> 00:49:53,339

really going on which takes the fear out

1214

00:49:57,410 --> 00:49:55,319

of the equation right so if you study

1215

00:49:59,510 --> 00:49:57,420

white and black magic or just magic

1216

00:50:02,210 --> 00:49:59,520

moreover before you start judging it as

1217

00:50:05,390 --> 00:50:02,220

white or black there's a mechanism for

1218

00:50:08,329 --> 00:50:05,400

attention and intention and two

1219

00:50:10,790 --> 00:50:08,339

deceive would be black magic to trick

1220

00:50:12,290 --> 00:50:10,800

and this could be fun too like you know

1221

00:50:14,990 --> 00:50:12,300

how you pull a prank on your body and

1222

00:50:15,829 --> 00:50:15,000

it's way more fun than just telling a a

1223

00:50:17,809 --> 00:50:15,839

joke

1224

00:50:19,550 --> 00:50:17,819

that's kind of how the universe works

1225

00:50:21,290 --> 00:50:19,560

but it's like a like a little bit of

1226

00:50:22,970 --> 00:50:21,300

stress to make more humor out of this

1227

00:50:25,430 --> 00:50:22,980

and the humor and the end outweighs the

1228

00:50:26,809 --> 00:50:25,440

stress sure and sometimes you go too far

1229

00:50:29,630 --> 00:50:26,819

right and then you're like oh they

1230

00:50:31,250 --> 00:50:29,640

got hurt you know oh man I just hurt my

1231

00:50:33,589 --> 00:50:31,260

buddy and you're like man I'm so sorry

1232

00:50:35,930 --> 00:50:33,599

this was supposed to be funny you know

1233

00:50:38,270 --> 00:50:35,940

and then they get you back and you can't

1234

00:50:39,950 --> 00:50:38,280

criticize them you know and now it you

1235

00:50:43,430 --> 00:50:39,960

know it sometimes the whole thing just

1236

00:50:46,069 --> 00:50:43,440

becomes unraveled black magic is more on

1237

00:50:48,770 --> 00:50:46,079

the grounds of the way it's being

1238

00:50:50,770 --> 00:50:48,780

conducted is to deceive to the point of

1239

00:50:53,690 --> 00:50:50,780

Destruction meaning there is intention

1240

00:50:55,910 --> 00:50:53,700

to cause harm from one Spirit to another

1241

00:50:58,870 --> 00:50:55,920

it's probably best to start it there

1242

00:51:02,210 --> 00:50:58,880

rather than from one being or one human

1243

00:51:04,370 --> 00:51:02,220

or human to Planet probably best to look

1244

00:51:06,170 --> 00:51:04,380

at the Spirit side of this is what is

1245

00:51:08,630 --> 00:51:06,180

underneath this that's driving it and

1246

00:51:11,329 --> 00:51:08,640

how does that heal and how would water

1247

00:51:14,750 --> 00:51:11,339

automatically help that heal because of

1248

00:51:17,089 --> 00:51:14,760

observing what it really does what does

1249

00:51:19,250 --> 00:51:17,099

water really do you know it makes better

1250

00:51:22,010 --> 00:51:19,260

relationship with all things without

1251  
00:51:24,349 --> 00:51:22,020  
judgment and then I'm like whoa and this

1252  
00:51:26,750 --> 00:51:24,359  
is like mathematical this is geometrical

1253  
00:51:29,870 --> 00:51:26,760  
this is calculable and that's the hard

1254  
00:51:31,910 --> 00:51:29,880  
part to explain because you know in a

1255  
00:51:34,250 --> 00:51:31,920  
democracy setting where people have

1256  
00:51:36,230 --> 00:51:34,260  
opinions with no experience and it's

1257  
00:51:39,230 --> 00:51:36,240  
just all over the place it's total chaos

1258  
00:51:41,150 --> 00:51:39,240  
it's Anarchy like democracy is a way to

1259  
00:51:42,650 --> 00:51:41,160  
go to Anarchy if you ask people have no

1260  
00:51:45,410 --> 00:51:42,660  
idea what they're doing I've never

1261  
00:51:47,990 --> 00:51:45,420  
looked at it what their opinion is

1262  
00:51:50,270 --> 00:51:48,000  
and I know I represent a depth of that

1263  
00:51:52,430 --> 00:51:50,280

and a controversy of that but I always

1264

00:51:54,950 --> 00:51:52,440

like to let people know it's through my

1265

00:51:57,349 --> 00:51:54,960

study because I don't believe in wasting

1266

00:51:58,309 --> 00:51:57,359

my time or anybody else's or Reinventing

1267

00:52:01,130 --> 00:51:58,319

the wheel

1268

00:52:03,109 --> 00:52:01,140

so I go back through history and not I

1269

00:52:05,270 --> 00:52:03,119

don't just read I go oh that's a great

1270

00:52:08,569 --> 00:52:05,280

idea I'm going to try that too

1271

00:52:11,030 --> 00:52:08,579

and there's no excuses no money excuses

1272

00:52:13,730 --> 00:52:11,040

no nothing let's try this and watch what

1273

00:52:15,109 --> 00:52:13,740

happens and if we're not sure in the

1274

00:52:18,170 --> 00:52:15,119

beginning let's do it over and over

1275

00:52:20,030 --> 00:52:18,180

again until we get some kind of clue of

1276

00:52:22,670 --> 00:52:20,040

what we do know about this and what we

1277

00:52:25,910 --> 00:52:22,680

don't and I think I represent a more

1278

00:52:28,130 --> 00:52:25,920

what we don't know about water at all so

1279

00:52:32,390 --> 00:52:28,140

quit trying to Define it like as easy

1280

00:52:34,910 --> 00:52:32,400

water as Brown's gas as this that or the

1281

00:52:37,549 --> 00:52:34,920

other we have to be real generic and

1282

00:52:40,609 --> 00:52:37,559

what we can say now is plasma means

1283

00:52:42,770 --> 00:52:40,619

nothing to water because water no matter

1284

00:52:45,710 --> 00:52:42,780

which phase it's in or the three phases

1285

00:52:48,790 --> 00:52:45,720

other than transition is always in

1286

00:52:52,430 --> 00:52:48,800

transition and is always supporting life

1287

00:52:54,170 --> 00:52:52,440

and it may support the life that turns

1288

00:52:56,089 --> 00:52:54,180

around and rips everything apart to

1289

00:52:58,849 --> 00:52:56,099

start over again if we don't watch out

1290

00:53:01,130 --> 00:52:58,859

so I'm not a big guy in acting like

1291

00:53:03,829 --> 00:53:01,140

water's this nice loving female

1292

00:53:07,190 --> 00:53:03,839

caressing thing that's always because

1293

00:53:09,530 --> 00:53:07,200

that's not a reality water can turn into

1294

00:53:11,569 --> 00:53:09,540

one of the most destructive things in

1295

00:53:14,270 --> 00:53:11,579

the world if it's time to tear

1296

00:53:17,030 --> 00:53:14,280

everything down and it will support the

1297

00:53:19,010 --> 00:53:17,040

pathogenic line if that's where it ends

1298

00:53:21,349 --> 00:53:19,020

up so

1299

00:53:23,930 --> 00:53:21,359

that gets pretty deep on you know what

1300

00:53:27,170 --> 00:53:23,940

it is what it isn't and the fact of what

1301

00:53:29,349 --> 00:53:27,180

our products deal with so Andrea Schultz

1302

00:53:32,690 --> 00:53:29,359

basically found a way to repetitively

1303

00:53:35,990 --> 00:53:32,700

show that when we choose to stress water

1304

00:53:37,849 --> 00:53:36,000

too much it becomes nasty and so does

1305

00:53:40,370 --> 00:53:37,859

everything in it that's kind of the

1306

00:53:43,609 --> 00:53:40,380

extreme on the flip side of the coin we

1307

00:53:46,430 --> 00:53:43,619

can also encourage it to harmonize as

1308

00:53:49,490 --> 00:53:46,440

its primary function for what we call

1309

00:53:52,089 --> 00:53:49,500

constructive energies not pathogenic

1310

00:53:55,309 --> 00:53:52,099

Behavior so there's your dipole between

1311

00:53:57,430 --> 00:53:55,319

tearing things down to try it again or

1312

00:54:00,470 --> 00:53:57,440

building things up with a higher quality

1313

00:54:02,750 --> 00:54:00,480

and without getting into the depth of

1314

00:54:04,309 --> 00:54:02,760

the science that's what every product we

1315

00:54:07,430 --> 00:54:04,319

sell and what we call the passive

1316

00:54:10,549 --> 00:54:07,440

ionization sense which is studied in

1317

00:54:13,130 --> 00:54:10,559

conventional engineering for a long time

1318

00:54:15,890 --> 00:54:13,140

basically it doesn't wear out it doesn't

1319

00:54:17,990 --> 00:54:15,900

require any chemicals that's the cool

1320

00:54:20,870 --> 00:54:18,000

part of the technology is it takes a

1321

00:54:24,230 --> 00:54:20,880

step in hey we mine a very little bit

1322

00:54:26,510 --> 00:54:24,240

from the earth and now it works forever

1323

00:54:30,470 --> 00:54:26,520

to a degree within reality of our

1324

00:54:32,870 --> 00:54:30,480

lifetimes and gets better as it works

1325

00:54:35,450 --> 00:54:32,880

because of the energy that's present

1326

00:54:37,609 --> 00:54:35,460

that the water condenses from the

1327

00:54:38,870 --> 00:54:37,619

desires of the universe which is to

1328

00:54:41,329 --> 00:54:38,880

bring life forward

1329

00:54:43,309 --> 00:54:41,339

and recently we've gotten more into

1330

00:54:45,349 --> 00:54:43,319

filtration

1331

00:54:47,510 --> 00:54:45,359

and dealing with that aspect in the

1332

00:54:49,910 --> 00:54:47,520

highest quality we've been able to study

1333

00:54:52,549 --> 00:54:49,920

over the last you know 12 years of our

1334

00:54:54,170 --> 00:54:52,559

conception and you know new products all

1335

00:54:56,210 --> 00:54:54,180

the time and kind of raising the bar a

1336

00:54:58,910 --> 00:54:56,220

little bit right now so principally

1337

00:55:01,430 --> 00:54:58,920

we're de-stressing the water and

1338

00:55:04,190 --> 00:55:01,440

bringing in life force energy and

1339

00:55:06,170 --> 00:55:04,200

instead of teaching like complex Nuclear

1340

00:55:08,870 --> 00:55:06,180

Physics which isn't any more complex

1341

00:55:11,390 --> 00:55:08,880

than music itself

1342

00:55:13,790 --> 00:55:11,400

now it's kind of like simple life force

1343

00:55:16,250 --> 00:55:13,800

energies of here's what promotes growth

1344

00:55:18,290 --> 00:55:16,260

and here's what promotes degeneration

1345

00:55:20,390 --> 00:55:18,300

and both of them are necessary for the

1346

00:55:23,150 --> 00:55:20,400

life cycle to go on it's as simple as

1347

00:55:25,430 --> 00:55:23,160

everything you can see or perceive in

1348

00:55:28,549 --> 00:55:25,440

this physical world breathes in and out

1349

00:55:30,410 --> 00:55:28,559

and the out is food for another and the

1350

00:55:32,470 --> 00:55:30,420

Inn is food from another

1351

00:55:34,849 --> 00:55:32,480

and so now we become you know

1352

00:55:37,790 --> 00:55:34,859

fundamental with our relationship as

1353

00:55:39,890 --> 00:55:37,800

beings and as human beings what we

1354

00:55:42,470 --> 00:55:39,900

physically do in contribution for the

1355

00:55:46,190 --> 00:55:42,480

whole globe you know always inherently

1356

00:55:49,490 --> 00:55:46,200

yeah I think that's a great summary and

1357

00:55:52,730 --> 00:55:49,500

when I look at the details of these

1358

00:55:56,270 --> 00:55:52,740

products and getting into the carbo Gene

1359

00:55:58,609 --> 00:55:56,280

filter I see that you use ormus which is

1360

00:56:01,910 --> 00:55:58,619

super interesting and shungite which is

1361

00:56:03,650 --> 00:56:01,920

another really interesting thing to be

1362

00:56:07,069 --> 00:56:03,660

in there you know pretty unconventional

1363

00:56:09,290 --> 00:56:07,079

from most other household filters talk

1364

00:56:11,329 --> 00:56:09,300

to us a little bit about the inclusion

1365

00:56:13,069 --> 00:56:11,339

of shung guide and ormus because ormus

1366

00:56:14,990 --> 00:56:13,079

that story is quite interesting we've

1367

00:56:18,109 --> 00:56:15,000

talked about it before it's another one

1368

00:56:19,730 --> 00:56:18,119

of those things where people are still a

1369

00:56:22,430 --> 00:56:19,740

little fuzzy on what it really is

1370

00:56:25,370 --> 00:56:22,440

monoatomic gold sure we can say that but

1371

00:56:27,770 --> 00:56:25,380

you know that doesn't really explain it

1372

00:56:29,750 --> 00:56:27,780

in layman's terms but those are just

1373

00:56:33,290 --> 00:56:29,760

interesting inclusions

1374

00:56:34,849 --> 00:56:33,300

oh I I agree and I don't think we're you

1375

00:56:37,370 --> 00:56:34,859

know at a point

1376

00:56:39,290 --> 00:56:37,380

of like a knowing where we can say this

1377

00:56:42,530 --> 00:56:39,300

is what it is hands down I think it's

1378

00:56:45,890 --> 00:56:42,540

all very transitional your intro

1379

00:56:47,750 --> 00:56:45,900

pointed out those concepts of you know

1380

00:56:50,349 --> 00:56:47,760

how like shouldn't we be asking the

1381

00:56:53,210 --> 00:56:50,359

question before we just say okay ormus

1382

00:56:55,069 --> 00:56:53,220

and so I'm coming I'll give you where

1383

00:56:58,430 --> 00:56:55,079

I'm coming from right I'm coming from an

1384

00:57:01,190 --> 00:56:58,440

atomic not a chemical or electronean

1385

00:57:03,410 --> 00:57:01,200

model right and I want to know what the

1386

00:57:05,450 --> 00:57:03,420

electron is and nobody is doing a very

1387

00:57:07,250 --> 00:57:05,460

good job explaining it in my career

1388

00:57:08,809 --> 00:57:07,260

right chemists don't explain it very

1389

00:57:10,910 --> 00:57:08,819

well when I ask Nick can answer the

1390

00:57:13,130 --> 00:57:10,920

question the atomic guys are like who

1391

00:57:15,109 --> 00:57:13,140

cares the atoms the core of it the

1392

00:57:18,049 --> 00:57:15,119

electrons have to follow along with what

1393

00:57:19,430 --> 00:57:18,059

the core does and I'm like ah okay so

1394

00:57:21,710 --> 00:57:19,440

you're saying that Adam is a

1395

00:57:25,130 --> 00:57:21,720

foundational piece not the electron

1396

00:57:26,870 --> 00:57:25,140

right and this you know relates to you

1397

00:57:29,270 --> 00:57:26,880

know where we head with oremus where we

1398

00:57:31,370 --> 00:57:29,280

head with the shungite and so this is

1399

00:57:33,710 --> 00:57:31,380

part of what I'm teaching people whether

1400

00:57:35,809 --> 00:57:33,720

you're a chemist whether you're a pH I

1401

00:57:37,730 --> 00:57:35,819

don't care what your title is like I

1402

00:57:40,370 --> 00:57:37,740

have real world experience with this

1403

00:57:44,270 --> 00:57:40,380

stuff and I know how to get the outcome

1404

00:57:46,730 --> 00:57:44,280

repeatedly so you know Hudson was the

1405

00:57:48,710 --> 00:57:46,740

guy who was farming you know I have a

1406

00:57:52,069 --> 00:57:48,720

great interest in soil in the electrical

1407

00:57:55,010 --> 00:57:52,079

nature and so my dad was a chemist and I

1408

00:57:57,470 --> 00:57:55,020

leaned towards being an atomist and

1409

00:57:59,690 --> 00:57:57,480

neither of us thought there was a lot of

1410

00:58:01,790 --> 00:57:59,700

deep truth in the way it was told to

1411

00:58:03,890 --> 00:58:01,800

either side of that and then you have

1412

00:58:06,170 --> 00:58:03,900

the point in between the two of like how

1413

00:58:08,030 --> 00:58:06,180

matter forms like you know more like

1414

00:58:10,910 --> 00:58:08,040

John Keeley and Walter Russell and

1415

00:58:12,410 --> 00:58:10,920

Victor shawberger and Tesla and on and

1416

00:58:14,630 --> 00:58:12,420

on and on those are some of the famous

1417

00:58:17,870 --> 00:58:14,640

ones but there's more you know who

1418

00:58:20,390 --> 00:58:17,880

contributed greatly steinmed well he hit

1419

00:58:22,130 --> 00:58:20,400

it in a mathematical equation what is an

1420

00:58:24,770 --> 00:58:22,140

imaginary number where did it come from

1421

00:58:26,809 --> 00:58:24,780

these are all questions right people are

1422

00:58:29,329 --> 00:58:26,819

taught math what's an imaginary number

1423

00:58:32,690 --> 00:58:29,339

math teacher doesn't know it's a

1424

00:58:34,970 --> 00:58:32,700

necessary part to explain energies that

1425

00:58:37,549 --> 00:58:34,980

weren't quantifiable that came into the

1426

00:58:39,230 --> 00:58:37,559

system and left the system so we created

1427

00:58:42,230 --> 00:58:39,240

another dimension and we called it

1428

00:58:45,289 --> 00:58:42,240

negative J and you know we put some

1429

00:58:46,789 --> 00:58:45,299

inverse functions on it real simple flip

1430

00:58:48,589 --> 00:58:46,799

it over and run it backwards and see

1431

00:58:52,130 --> 00:58:48,599

what it does is it symmetrical or not

1432

00:58:55,309 --> 00:58:52,140

you know and so now this opens up the

1433

00:58:58,430 --> 00:58:55,319

you know entire door to like you said do

1434

00:59:00,549 --> 00:58:58,440

we have an understanding of what about

1435

00:59:03,530 --> 00:59:00,559

centrifugal forces and what about

1436

00:59:05,210 --> 00:59:03,540

centripetal forces and what if both of

1437

00:59:07,130 --> 00:59:05,220

them were always going on at the same

1438

00:59:09,710 --> 00:59:07,140

time and then you get the toroid now

1439

00:59:11,210 --> 00:59:09,720

then you get Vortex based mathematics

1440

00:59:13,910 --> 00:59:11,220

and Marco Road and then you find out

1441

00:59:15,950 --> 00:59:13,920

Marco rodent in discover Vortex based

1442

00:59:17,870 --> 00:59:15,960

mathematics it was talked about 200

1443

00:59:20,030 --> 00:59:17,880

years ago and all sorts of mystery

1444

00:59:22,670 --> 00:59:20,040

schools in different ways they just

1445

00:59:24,710 --> 00:59:22,680

didn't publish it to as much people so

1446

00:59:25,609 --> 00:59:24,720

you see the same story over and over

1447

00:59:28,569 --> 00:59:25,619

again

1448

00:59:31,430 --> 00:59:28,579

I'm not a big like institutionalized

1449

00:59:33,170 --> 00:59:31,440

religious person in any way I I'm

1450

00:59:34,910 --> 00:59:33,180

educated on many different religious

1451

00:59:36,589 --> 00:59:34,920

Fashions but that's not what I'm

1452

00:59:39,109 --> 00:59:36,599

interested in I'm not interested in

1453

00:59:41,390 --> 00:59:39,119

subscribing to these institutions I'm

1454

00:59:43,490 --> 00:59:41,400

interested in where they provide Harmony

1455

00:59:46,309 --> 00:59:43,500

for each other meaning I'm interested

1456

00:59:48,230 --> 00:59:46,319

how do we put this together not take it

1457

00:59:50,089 --> 00:59:48,240

apart so we can claim ownership of a

1458

00:59:51,170 --> 00:59:50,099

piece and rename it again and confuse

1459

00:59:54,230 --> 00:59:51,180

everybody

1460

00:59:56,990 --> 00:59:54,240

right so it's the confusion of what this

1461

00:59:59,089 --> 00:59:57,000

stuff is so RMS implies something that's

1462

01:00:02,150 --> 00:59:59,099

better for something but if you use it

1463

01:00:03,710 --> 01:00:02,160

too much too much will cause imbalance

1464

01:00:05,390 --> 01:00:03,720

and now you'll start to stress the

1465

01:00:07,970 --> 01:00:05,400

system so

1466

01:00:09,530 --> 01:00:07,980

is it gold or is it the principle of

1467

01:00:12,230 --> 01:00:09,540

being stable

1468

01:00:15,530 --> 01:00:12,240

in a different spin state in other words

1469

01:00:17,270 --> 01:00:15,540

a different chord a different set of

1470

01:00:19,490 --> 01:00:17,280

frequencies because nobody's ever

1471

01:00:22,730 --> 01:00:19,500

isolated a single frequency in any

1472

01:00:25,670 --> 01:00:22,740

analysis anywhere at any time nobody's

1473

01:00:28,450 --> 01:00:25,680

ever proved absolute zero you know Tesla

1474

01:00:31,789 --> 01:00:28,460

was really interested in Crooks research

1475

01:00:34,010 --> 01:00:31,799

endures research on trying to stop

1476

01:00:36,530 --> 01:00:34,020

motion within the universe observably

1477

01:00:38,750 --> 01:00:36,540

and when they were exhausted they came

1478

01:00:40,730 --> 01:00:38,760

out and they said forever and all is

1479

01:00:44,089 --> 01:00:40,740

alive and in motion

1480

01:00:47,089 --> 01:00:44,099

this idea of controlling

1481

01:00:49,670 --> 01:00:47,099

fundamental and rudimentary energies of

1482

01:00:51,829 --> 01:00:49,680

the universe is ridiculous and why would

1483

01:00:53,569 --> 01:00:51,839

we want to stop life anyways and so they

1484

01:00:55,549 --> 01:00:53,579

all kind of went on to now let's start

1485

01:00:58,010 --> 01:00:55,559

doing things more efficiently

1486

01:01:00,589 --> 01:00:58,020

and that's what the technology embodies

1487

01:01:02,750 --> 01:01:00,599

and as far as the residence goes and as

1488

01:01:05,210 --> 01:01:02,760

far as you go we provide that across the

1489

01:01:07,910 --> 01:01:05,220

board and it's simply putting more

1490

01:01:10,309 --> 01:01:07,920

constructive free to make decisions

1491

01:01:13,190 --> 01:01:10,319

water in your body has nothing to do

1492

01:01:15,170 --> 01:01:13,200

with the atom or the you know battery

1493

01:01:17,690 --> 01:01:15,180

energy of the world those are like side

1494

01:01:19,069 --> 01:01:17,700

consequences those are like yeah of

1495

01:01:21,349 --> 01:01:19,079

course you would get a bigger battery

1496

01:01:23,210 --> 01:01:21,359

with it of course you'd get more

1497

01:01:26,210 --> 01:01:23,220

reliability of course you would get that

1498

01:01:27,710 --> 01:01:26,220

because it's a better whole unit like we

1499

01:01:30,530 --> 01:01:27,720

have a better race car we have a better

1500

01:01:33,170 --> 01:01:30,540

submarine we have a better airplane like

1501

01:01:34,849 --> 01:01:33,180

the whole thing is better and often

1502

01:01:37,069 --> 01:01:34,859

people want to know what's better about

1503

01:01:39,170 --> 01:01:37,079

the water and it's like to your senses

1504

01:01:42,950 --> 01:01:39,180

you know it's softer to your conscious

1505

01:01:45,109 --> 01:01:42,960

senses to your subconscious senses

1506

01:01:47,390 --> 01:01:45,119

it's balancing things that you don't

1507

01:01:49,130 --> 01:01:47,400

even know about and you can trust that

1508

01:01:51,349 --> 01:01:49,140

there's plenty of evidence not everyone

1509

01:01:53,210 --> 01:01:51,359

can understand it and it's that much

1510

01:01:55,250 --> 01:01:53,220

harder to present

1511

01:01:57,170 --> 01:01:55,260

to people who are programmed in a

1512

01:01:59,870 --> 01:01:57,180

certain direction of taking things apart

1513

01:02:01,670 --> 01:01:59,880

to take ownership which is largely what

1514

01:02:03,170 --> 01:02:01,680

school teaches us more or less

1515

01:02:04,849 --> 01:02:03,180

Underneath It All in the black magic

1516

01:02:07,150 --> 01:02:04,859

sense

1517

01:02:11,089 --> 01:02:07,160

yes and all that black magic you know

1518

01:02:13,370 --> 01:02:11,099

the media keeping us in a stressful fear

1519

01:02:15,770 --> 01:02:13,380

state it seems like that's a frequency

1520

01:02:18,410 --> 01:02:15,780

that is held in the water in our bodies

1521

01:02:21,049 --> 01:02:18,420

potentially it's definitely affecting a

1522

01:02:23,510 --> 01:02:21,059

ton of people and I've heard you refer

1523

01:02:26,390 --> 01:02:23,520

to your products as kind of like living

1524

01:02:28,970 --> 01:02:26,400

organ accumulators which is a

1525

01:02:31,490 --> 01:02:28,980

description that I appreciate I was a

1526

01:02:34,970 --> 01:02:31,500

big fan of some of uh The Wilhelm Reich

1527

01:02:39,049 --> 01:02:34,980

material and I guess it's just curious

1528

01:02:40,609 --> 01:02:39,059

to me so if we're looking at water and I

1529

01:02:43,910 --> 01:02:40,619

had an experience similar to yours and

1530

01:02:46,789 --> 01:02:43,920

Mount Shasta where uh the Water they say

1531

01:02:49,069 --> 01:02:46,799

takes 50 years to really come from the

1532

01:02:51,890 --> 01:02:49,079

snow at the top to the bottom pretty

1533

01:02:53,569 --> 01:02:51,900

insane it's a statistic or a fact that

1534

01:02:55,250 --> 01:02:53,579

has stuck with me because I'm like this

1535

01:02:57,650 --> 01:02:55,260

water has been traveling longer than

1536

01:03:01,849 --> 01:02:57,660

I've been alive that seems so weird but

1537

01:03:03,950 --> 01:03:01,859

it was it really was great water uh me

1538

01:03:06,430 --> 01:03:03,960

and my wife felt like as we continued on

1539

01:03:10,250 --> 01:03:06,440

our road trip it stayed cold in the jar

1540

01:03:13,370 --> 01:03:10,260

longer just a weird observation maybe it

1541

01:03:16,010 --> 01:03:13,380

was a placebo effect kind of thing but I

1542

01:03:18,650 --> 01:03:16,020

can understand how water traveling from

1543

01:03:21,109 --> 01:03:18,660

the top of Mount Shasta to the bottom is

1544

01:03:23,150 --> 01:03:21,119

filtered to such an insane degree and

1545

01:03:25,670 --> 01:03:23,160

kept at the right temperature and it

1546

01:03:28,370 --> 01:03:25,680

goes to this process and it comes out as

1547

01:03:30,349 --> 01:03:28,380

good as water could be potentially

1548

01:03:33,890 --> 01:03:30,359

that makes sense to me but it's a little

1549

01:03:36,890 --> 01:03:33,900

harder for me to wrap my mind around how

1550

01:03:36,890 --> 01:03:38,030

trash City Water full of all this

1551  
01:03:43,370 --> 01:03:40,609  
comes to our house and you've got these

1552  
01:03:46,190 --> 01:03:43,380  
products that are shorter than me I mean

1553  
01:03:48,230 --> 01:03:46,200  
they're a couple of feet and they have

1554  
01:03:49,690 --> 01:03:48,240  
this stuff inside of them it's harder

1555  
01:03:53,630 --> 01:03:49,700  
for me to understand

1556  
01:03:56,030 --> 01:03:53,640  
how that corrects the water with such a

1557  
01:04:00,710 --> 01:03:56,040  
a narrow

1558  
01:04:04,430 --> 01:04:00,720  
mean I can't see a cross section inside

1559  
01:04:05,809 --> 01:04:04,440  
of it I know you're vortexing it but you

1560  
01:04:08,210 --> 01:04:05,819  
know what I'm getting at it's like the

1561  
01:04:09,589 --> 01:04:08,220  
water is trash coming from the city and

1562  
01:04:11,750 --> 01:04:09,599  
then it comes into our house and then

1563  
01:04:13,970 --> 01:04:11,760

Boop it goes through this two foot thing

1564

01:04:17,210 --> 01:04:13,980

that you've developed and now it's back

1565

01:04:19,970 --> 01:04:17,220

to Quality water help me out there

1566

01:04:22,130 --> 01:04:19,980

yeah and it is the amazing part of it

1567

01:04:24,109 --> 01:04:22,140

where you get to

1568

01:04:26,630 --> 01:04:24,119

kind of going back to the unified model

1569

01:04:30,049 --> 01:04:26,640

this time cannot be a dictator of things

1570

01:04:32,390 --> 01:04:30,059

so that's like a program like it takes x

1571

01:04:34,549 --> 01:04:32,400

amount of time to achieve things okay

1572

01:04:37,370 --> 01:04:34,559

whatever you say that limitation is then

1573

01:04:40,849 --> 01:04:37,380

that's likely to be the Manifest

1574

01:04:44,150 --> 01:04:40,859

the disclaimer is your tap water going

1575

01:04:45,770 --> 01:04:44,160

through our device won't be as good as

1576

01:04:48,230 --> 01:04:45,780

the Shasta water

1577

01:04:49,970 --> 01:04:48,240

and it's not because it takes 50 years

1578

01:04:53,450 --> 01:04:49,980

for the water to go through the process

1579

01:04:56,089 --> 01:04:53,460

at all it has to do with the mass

1580

01:04:58,130 --> 01:04:56,099

of the energy of the Earth at that place

1581

01:05:00,890 --> 01:04:58,140

that's always affecting the water which

1582

01:05:03,170 --> 01:05:00,900

is instantaneous devoid of time so in

1583

01:05:05,630 --> 01:05:03,180

other words we could emulate the process

1584

01:05:08,089 --> 01:05:05,640

of taking 50 years to go down the side

1585

01:05:10,730 --> 01:05:08,099

of the mountain to get to a drinking

1586

01:05:13,789 --> 01:05:10,740

status and we could accelerate that and

1587

01:05:16,370 --> 01:05:13,799

get damn close from the electrodynamic

1588

01:05:18,170 --> 01:05:16,380

equation the energy balance of the that

1589

01:05:21,049 --> 01:05:18,180

whole equation and make that water

1590

01:05:24,349 --> 01:05:21,059

contain just as much power what we

1591

01:05:26,990 --> 01:05:24,359

cannot replicate is the constant

1592

01:05:30,349 --> 01:05:27,000

evolution of the water

1593

01:05:32,270 --> 01:05:30,359

being from that spot on the earth that

1594

01:05:35,690 --> 01:05:32,280

is the different equation we can't

1595

01:05:38,510 --> 01:05:35,700

emulate but that builds up over time so

1596

01:05:41,690 --> 01:05:38,520

if you look at having units in houses

1597

01:05:43,430 --> 01:05:41,700

and in multiple houses or you talked

1598

01:05:47,150 --> 01:05:43,440

about earlier like how would you deliver

1599

01:05:49,370 --> 01:05:47,160

the water to the mid-sized City well if

1600

01:05:51,829 --> 01:05:49,380

we built our devices we'd have to mine

1601  
01:05:53,770 --> 01:05:51,839  
too much shungite we'd have to do all

1602  
01:05:56,870 --> 01:05:53,780  
this stuff right well simply in the city

1603  
01:05:59,150 --> 01:05:56,880  
every section of pipe you know could

1604  
01:06:01,069 --> 01:05:59,160  
have a section that induces left Spin

1605  
01:06:03,170 --> 01:06:01,079  
and right spin energy over and over

1606  
01:06:05,030 --> 01:06:03,180  
again you could create beats you could

1607  
01:06:06,829 --> 01:06:05,040  
create patterns like two for one like

1608  
01:06:08,750 --> 01:06:06,839  
two to the left one to the right that's

1609  
01:06:10,609 --> 01:06:08,760  
different that makes a different charge

1610  
01:06:11,990 --> 01:06:10,619  
on the water it's a different beat a

1611  
01:06:15,770 --> 01:06:12,000  
different pattern

1612  
01:06:19,010 --> 01:06:15,780  
does it make a drastic difference no

1613  
01:06:20,809 --> 01:06:19,020

I like Mount Shasta water

1614

01:06:23,030 --> 01:06:20,819

one of my favorites as far as the

1615

01:06:24,829 --> 01:06:23,040

bottled water categories so you know I

1616

01:06:27,170 --> 01:06:24,839

got onto that right quick oh bam this

1617

01:06:29,150 --> 01:06:27,180

I'm super sensitive to water so Shasta

1618

01:06:31,609 --> 01:06:29,160

water is nice it's good sit on a water

1619

01:06:33,650 --> 01:06:31,619

that's nice good you know couple others

1620

01:06:35,750 --> 01:06:33,660

right they still have properties in them

1621

01:06:37,789 --> 01:06:35,760

but the longer they sit on the Shelf in

1622

01:06:40,430 --> 01:06:37,799

that plastic bottle the more they're

1623

01:06:43,069 --> 01:06:40,440

exposed the direct sunlight for too long

1624

01:06:45,829 --> 01:06:43,079

the more they're exposed to Wi-Fi for

1625

01:06:48,950 --> 01:06:45,839

too long water's reading all that and

1626

01:06:51,589 --> 01:06:48,960

adjusting itself to adapt itself and

1627

01:06:55,190 --> 01:06:51,599

adapt the Wi-Fi believe it or not

1628

01:06:56,569 --> 01:06:55,200

it doesn't go oh this is a human being I

1629

01:06:59,510 --> 01:06:56,579

care about that it doesn't care about

1630

01:07:01,970 --> 01:06:59,520

the difference it sees all it's so

1631

01:07:03,890 --> 01:07:01,980

foundational that it sees every atom as

1632

01:07:05,510 --> 01:07:03,900

a living being and that's what it's

1633

01:07:07,190 --> 01:07:05,520

adjusting with if you get into the

1634

01:07:10,130 --> 01:07:07,200

deeper layers

1635

01:07:13,130 --> 01:07:10,140

so these atoms like ormus like Hudson

1636

01:07:15,770 --> 01:07:13,140

found out gold isn't gold

1637

01:07:17,089 --> 01:07:15,780

gold has the DNA of a vibration in it

1638

01:07:19,730 --> 01:07:17,099

that you could tell where it came from

1639

01:07:22,309 --> 01:07:19,740

on the Earth shungite is from the North

1640

01:07:24,230 --> 01:07:22,319

Pole the North Pole energy is subtly

1641

01:07:25,910 --> 01:07:24,240

different than the South Pole energy but

1642

01:07:29,529 --> 01:07:25,920

it's very different when you're looking

1643

01:07:31,390 --> 01:07:29,539

on that subtle line so these substances

1644

01:07:35,089 --> 01:07:31,400

tend to

1645

01:07:37,549 --> 01:07:35,099

cooperate with everybody's story and

1646

01:07:39,470 --> 01:07:37,559

what I found funny in my whole journey

1647

01:07:41,569 --> 01:07:39,480

with this is trying to answer the same

1648

01:07:44,270 --> 01:07:41,579

questions when I came into it that

1649

01:07:45,650 --> 01:07:44,280

you're asking you know and Schultz was

1650

01:07:48,170 --> 01:07:45,660

one of them that showed look there's

1651

01:07:50,930 --> 01:07:48,180

like an instantaneous change when you

1652

01:07:54,349 --> 01:07:50,940

trigger so there's a trigger an Impulse

1653

01:07:57,710 --> 01:07:54,359

that sends water into the right mode now

1654

01:07:59,089 --> 01:07:57,720

it's in a mode okay it's the same exact

1655

01:08:01,130 --> 01:07:59,099

function

1656

01:08:02,710 --> 01:08:01,140

this would be better for laymen for

1657

01:08:06,589 --> 01:08:02,720

people who are into health and healing

1658

01:08:08,510 --> 01:08:06,599

of autoimmune versus regular immune and

1659

01:08:11,329 --> 01:08:08,520

parasympathetic versus sympathetic

1660

01:08:13,190 --> 01:08:11,339

nervous system the water has that exact

1661

01:08:15,230 --> 01:08:13,200

same property within it from an

1662

01:08:16,249 --> 01:08:15,240

electrodynamic standpoint

1663

01:08:18,289 --> 01:08:16,259

hmm

1664

01:08:21,229 --> 01:08:18,299

so where may it be coming from in the

1665

01:08:23,269 --> 01:08:21,239

human body is autoimmune is a stuck

1666

01:08:25,430 --> 01:08:23,279

memory pattern in the blood which is due

1667

01:08:28,550 --> 01:08:25,440

to a behavior put on the water for too

1668

01:08:30,709 --> 01:08:28,560

long in my opinion and we talked about a

1669

01:08:33,349 --> 01:08:30,719

lot of high level stuff

1670

01:08:35,809 --> 01:08:33,359

just to simplify as we're wrapping up

1671

01:08:38,809 --> 01:08:35,819

what do you consider the most important

1672

01:08:40,789 --> 01:08:38,819

daily rituals to stay in health or to

1673

01:08:43,130 --> 01:08:40,799

stay in harmony obviously drinking

1674

01:08:45,289 --> 01:08:43,140

living water is there more to say

1675

01:08:48,410 --> 01:08:45,299

I would say building the relationship

1676

01:08:50,570 --> 01:08:48,420

with water however you see fit obviously

1677

01:08:52,729 --> 01:08:50,580

other people have ideas

1678

01:08:55,309 --> 01:08:52,739

but you can do whatever you want and so

1679

01:08:58,970 --> 01:08:55,319

not just like starting the day with

1680

01:09:01,309 --> 01:08:58,980

living water but putting a a

1681

01:09:03,950 --> 01:09:01,319

foundational process underneath what

1682

01:09:06,349 --> 01:09:03,960

that first morning water is or how I

1683

01:09:08,450 --> 01:09:06,359

might get it it could be like walking on

1684

01:09:10,669 --> 01:09:08,460

the dude just before the sun rises up

1685

01:09:13,189 --> 01:09:10,679

until the sun rises and a little bit to

1686

01:09:15,349 --> 01:09:13,199

the sunrise getting water through your

1687

01:09:17,150 --> 01:09:15,359

feet bottoms that's very special water

1688

01:09:20,689 --> 01:09:17,160

that just went through a pole change

1689

01:09:22,849 --> 01:09:20,699

right through the sidereal time and that

1690

01:09:25,130 --> 01:09:22,859

might be your ritual or you might have a

1691

01:09:27,650 --> 01:09:25,140

lot of rituals to start the day but what

1692

01:09:30,249 --> 01:09:27,660

you're doing is building a deeper

1693

01:09:33,950 --> 01:09:30,259

relationship using one of your physical

1694

01:09:36,590 --> 01:09:33,960

necessary and etherical necessary Master

1695

01:09:38,749 --> 01:09:36,600

elements really to connect to the earth

1696

01:09:41,570 --> 01:09:38,759

and the female energies or the mother

1697

01:09:43,729 --> 01:09:41,580

energies and that connects to the rest

1698

01:09:46,930 --> 01:09:43,739

of the universe as you go so water's

1699

01:09:49,669 --> 01:09:46,940

just like this necessary instrumental

1700

01:09:50,809 --> 01:09:49,679

fundamental thing for most people there

1701

01:09:52,610 --> 01:09:50,819

are exceptions

1702

01:09:56,390 --> 01:09:52,620

that can do this

1703

01:09:59,090 --> 01:09:56,400

provide this transition for you or uh

1704

01:10:00,770 --> 01:09:59,100

Evolution that's more of a leap it

1705

01:10:03,530 --> 01:10:00,780

happens gradual but it's more of a leap

1706

01:10:06,709 --> 01:10:03,540

and from there I think there's a a more

1707

01:10:08,090 --> 01:10:06,719

subconscious guidance that you get uh

1708

01:10:10,070 --> 01:10:08,100

for the people that are called to work

1709

01:10:12,350 --> 01:10:10,080

with water this isn't for every human

1710

01:10:14,510 --> 01:10:12,360

being I fully admit you know for some

1711

01:10:16,250 --> 01:10:14,520

people water's a chemical and that's

1712

01:10:18,650 --> 01:10:16,260

what it always be and that's not going

1713

01:10:20,570 --> 01:10:18,660

to inhibit their experience as a human

1714

01:10:22,970 --> 01:10:20,580

being through Earth in my opinion that's

1715

01:10:25,130 --> 01:10:22,980

what their choices or their being

1716

01:10:27,110 --> 01:10:25,140

this is kind of for people who go yeah

1717

01:10:29,090 --> 01:10:27,120

water's I get it that's my master

1718

01:10:30,830 --> 01:10:29,100

element if I had to make a relationship

1719

01:10:32,689 --> 01:10:30,840

with one element I guess I would choose

1720

01:10:34,850 --> 01:10:32,699

water because I'm a big water sack and

1721

01:10:37,550 --> 01:10:34,860

my brain's mostly water and everything

1722

01:10:39,590 --> 01:10:37,560

else and maybe this water's just kind of

1723

01:10:42,590 --> 01:10:39,600

like a dense ether and it's really good

1724

01:10:44,570 --> 01:10:42,600

connection to the Divine to whatever we

1725

01:10:46,729 --> 01:10:44,580

call that and we can make up our own

1726

01:10:49,310 --> 01:10:46,739

story on that canvas and we don't have

1727

01:10:50,810 --> 01:10:49,320

to become programmed or institutes so

1728

01:10:51,890 --> 01:10:50,820

there's like a freedom in it in my

1729

01:10:54,470 --> 01:10:51,900

opinion

1730

01:10:57,229 --> 01:10:54,480

and Alchemy like study Alchemy and

1731

01:10:59,090 --> 01:10:57,239

realize like the reason why Alchemy was

1732

01:11:02,390 --> 01:10:59,100

probably successful is because they

1733

01:11:05,390 --> 01:11:02,400

created rituals in-depth understanding

1734

01:11:08,810 --> 01:11:05,400

of copying nature right burning and

1735

01:11:11,990 --> 01:11:08,820

exalting and recondensing and if you do

1736

01:11:14,270 --> 01:11:12,000

that kind of thing more with water the

1737

01:11:16,970 --> 01:11:14,280

better results you get from it without a

1738

01:11:19,070 --> 01:11:16,980

shadow of a doubt and you can take a

1739

01:11:20,689 --> 01:11:19,080

scientific process and why can one human

1740

01:11:22,550 --> 01:11:20,699

get more out of it than another it's

1741

01:11:24,350 --> 01:11:22,560

like why can One race car driver make

1742

01:11:26,450 --> 01:11:24,360

that car go faster than the other even

1743

01:11:28,310 --> 01:11:26,460

though it's the same race car right it's

1744

01:11:31,729 --> 01:11:28,320

your sensing it's your desire it's

1745

01:11:34,610 --> 01:11:31,739

whatever it is for the time so 100 the

1746

01:11:38,630 --> 01:11:34,620

relationship and your limitations or

1747

01:11:40,850 --> 01:11:38,640

lack thereof is what allows water to

1748

01:11:43,430 --> 01:11:40,860

become like medicine level if that's

1749

01:11:46,070 --> 01:11:43,440

what you want to become very healing to

1750

01:11:47,930 --> 01:11:46,080

become like the indigenous people talked

1751

01:11:49,669 --> 01:11:47,940

about in like Victor schauberger talked

1752

01:11:52,669 --> 01:11:49,679

about many many other people on the

1753

01:11:54,410 --> 01:11:52,679

globe it's really your relationship and

1754

01:11:56,990 --> 01:11:54,420

you don't really even have to believe

1755

01:11:59,689 --> 01:11:57,000

just be open

1756

01:12:01,790 --> 01:11:59,699

that water is a magical substance that

1757

01:12:03,649 --> 01:12:01,800

can do things that we can't explain and

1758

01:12:06,590 --> 01:12:03,659

it's denser than most of the other ones

1759

01:12:08,990 --> 01:12:06,600

as far as immediate results go and it

1760

01:12:11,689 --> 01:12:09,000

also performs on the scientific line

1761

01:12:14,149 --> 01:12:11,699

meaning it does do enough repetition to

1762

01:12:16,130 --> 01:12:14,159

say there's valid arguments in this for

1763

01:12:18,709 --> 01:12:16,140

every positive and negative effect we

1764

01:12:21,709 --> 01:12:18,719

see happen on the planet right now right

1765

01:12:23,750 --> 01:12:21,719

on I like it and calling it a dense

1766

01:12:25,729 --> 01:12:23,760

ether is provocative I'm definitely

1767

01:12:27,530 --> 01:12:25,739

going to remember that one and just

1768

01:12:30,350 --> 01:12:27,540

before we start wrapping up and giving

1769

01:12:32,630 --> 01:12:30,360

people the links I wanted to throw this

1770

01:12:35,030 --> 01:12:32,640

in here but I understand you've done a

1771

01:12:36,950 --> 01:12:35,040

couple of Ayahuasca ceremonies and I

1772

01:12:38,810 --> 01:12:36,960

have a friend who's done several as well

1773

01:12:41,270 --> 01:12:38,820

the listeners know Gordon white really

1774

01:12:43,610 --> 01:12:41,280

well but he has a lot of great material

1775

01:12:46,189 --> 01:12:43,620

across a wide range of subjects but he

1776

01:12:48,950 --> 01:12:46,199

likes following this water science too

1777

01:12:51,110 --> 01:12:48,960

and when it comes to the Ayahuasca Purge

1778

01:12:53,810 --> 01:12:51,120

it's pretty common for people to say

1779

01:12:56,390 --> 01:12:53,820

that it's not exactly vomit there's too

1780

01:12:58,850 --> 01:12:56,400

much volume there given the stripped

1781

01:13:01,130 --> 01:12:58,860

down diet you're usually on leading up

1782

01:13:02,750 --> 01:13:01,140

to the experience and Gordon has this

1783

01:13:05,810 --> 01:13:02,760

hypothesis that maybe there's a

1784

01:13:09,229 --> 01:13:05,820

relationship between the purge and the

1785

01:13:11,689 --> 01:13:09,239

gel water in our cells and that that

1786

01:13:14,510 --> 01:13:11,699

might be part of what a person is

1787

01:13:17,390 --> 01:13:14,520

spewing up it might be part of the

1788

01:13:18,590 --> 01:13:17,400

detoxification of The Purge what do you

1789

01:13:21,590 --> 01:13:18,600

think

1790

01:13:22,610 --> 01:13:21,600

I had the same experience and I was like

1791

01:13:25,070 --> 01:13:22,620

that

1792

01:13:26,390 --> 01:13:25,080

you know a poll reversed in the equation

1793

01:13:31,430 --> 01:13:26,400

like

1794

01:13:33,110 --> 01:13:31,440

is the way I would describe it condense

1795

01:13:37,250 --> 01:13:33,120

in your core

1796

01:13:39,790 --> 01:13:37,260

and I won't go into detail but it

1797

01:13:43,130 --> 01:13:39,800

doesn't seem possible what that and and

1798

01:13:44,630 --> 01:13:43,140

I wasn't a heavy purger most of the

1799

01:13:47,390 --> 01:13:44,640

people in the room because I did like a

1800

01:13:49,550 --> 01:13:47,400

35 group circle ceremony

1801  
01:13:51,229 --> 01:13:49,560  
and most of the people in the room like

1802  
01:13:53,750 --> 01:13:51,239  
I was like I don't even know how that's

1803  
01:13:56,450 --> 01:13:53,760  
possible I was kind of like one and done

1804  
01:13:58,189 --> 01:13:56,460  
and poof off into other dimensions

1805  
01:14:00,890 --> 01:13:58,199  
learning about how the universe works

1806  
01:14:02,810 --> 01:14:00,900  
again having a good old time once I got

1807  
01:14:04,910 --> 01:14:02,820  
through my healing and my pain side of

1808  
01:14:07,910 --> 01:14:04,920  
it you know which was

1809  
01:14:10,250 --> 01:14:07,920  
a very poignant Purge so

1810  
01:14:12,229 --> 01:14:10,260  
I believe there's a memory going away

1811  
01:14:14,510 --> 01:14:12,239  
with that that has to do with the more

1812  
01:14:17,390 --> 01:14:14,520  
hardened water which kind of would be

1813  
01:14:18,950 --> 01:14:17,400

the what they try and talk about is the

1814

01:14:20,390 --> 01:14:18,960

gel water which I think is kind of

1815

01:14:23,510 --> 01:14:20,400

confusing when you look at the full

1816

01:14:27,110 --> 01:14:23,520

story of it but the more hardened like

1817

01:14:28,850 --> 01:14:27,120

hard drive memory like I believe some of

1818

01:14:30,890 --> 01:14:28,860

that is coming out

1819

01:14:32,870 --> 01:14:30,900

like same way you kind of get rid of the

1820

01:14:33,830 --> 01:14:32,880

hardness and water and erase some of its

1821

01:14:36,229 --> 01:14:33,840

memory

1822

01:14:38,810 --> 01:14:36,239

but you can never erase its identity

1823

01:14:41,149 --> 01:14:38,820

it's always going to stay the same as

1824

01:14:43,610 --> 01:14:41,159

far as that goes so

1825

01:14:45,470 --> 01:14:43,620

some truth in that and I I've looked at

1826

01:14:47,930 --> 01:14:45,480

some correlations similar I'm not

1827

01:14:50,149 --> 01:14:47,940

familiar with people's work enough to

1828

01:14:52,610 --> 01:14:50,159

speak on it but I made that correlation

1829

01:14:54,350 --> 01:14:52,620

with Ayahuasca and core memory and the

1830

01:14:56,630 --> 01:14:54,360

spinal column and

1831

01:14:58,310 --> 01:14:56,640

you know when the atomic Force

1832

01:15:00,649 --> 01:14:58,320

microscope discovered that water

1833

01:15:02,330 --> 01:15:00,659

actually grows itself into solid

1834

01:15:05,149 --> 01:15:02,340

material and has nothing to do with the

1835

01:15:07,490 --> 01:15:05,159

easy water explanation and that type of

1836

01:15:09,770 --> 01:15:07,500

gel water and it has nothing to do with

1837

01:15:12,649 --> 01:15:09,780

new phases because it's a mixture of

1838

01:15:14,689 --> 01:15:12,659

soft solids and liquids so you got two

1839

01:15:17,330 --> 01:15:14,699

phases going on in any living water

1840

01:15:19,370 --> 01:15:17,340

almost always and then if it's moving in

1841

01:15:21,229 --> 01:15:19,380

free you have a gaseous phase in there

1842

01:15:25,550 --> 01:15:21,239

too that strikes up known as water

1843

01:15:28,430 --> 01:15:25,560

plasma and now in carbon nanotubes

1844

01:15:31,610 --> 01:15:28,440

they're seeing water freeze under and

1845

01:15:33,709 --> 01:15:31,620

way off conditions like freezing at

1846

01:15:36,830 --> 01:15:33,719

boiling points and all sorts of

1847

01:15:38,390 --> 01:15:36,840

anomalies right so you got water that's

1848

01:15:40,430 --> 01:15:38,400

basically coming out and Breaking All

1849

01:15:42,649 --> 01:15:40,440

the laws of physics that were placed on

1850

01:15:45,169 --> 01:15:42,659

it by a limited physics

1851

01:15:48,229 --> 01:15:45,179

and you have a full open field and

1852

01:15:49,370 --> 01:15:48,239

canvas to paint and create on and use

1853

01:15:52,010 --> 01:15:49,380

water to

1854

01:15:53,810 --> 01:15:52,020

as your conductor of your own Orchestra

1855

01:15:56,090 --> 01:15:53,820

and all the parts and pieces that you

1856

01:15:58,250 --> 01:15:56,100

bring into your life that everybody

1857

01:16:00,169 --> 01:15:58,260

knows you want a higher quality life and

1858

01:16:02,270 --> 01:16:00,179

bring more joy and limit the suffering

1859

01:16:05,209 --> 01:16:02,280

but everybody knows suffering has a

1860

01:16:07,189 --> 01:16:05,219

purpose too right now I think the whole

1861

01:16:10,250 --> 01:16:07,199

picture and the planet is suffering too

1862

01:16:13,910 --> 01:16:10,260

much and it's been done by uh artificial

1863

01:16:14,990 --> 01:16:13,920

means that is opposing nature some 100

1864

01:16:17,630 --> 01:16:15,000

percent

1865

01:16:19,310 --> 01:16:17,640

with you on the perspective that it is

1866

01:16:22,490 --> 01:16:19,320

time and I'm just here to kind of help

1867

01:16:24,290 --> 01:16:22,500

Usher that in amen me too just trying to

1868

01:16:28,189 --> 01:16:24,300

help push that pendulum back the other

1869

01:16:30,890 --> 01:16:28,199

way yep but man I love it we covered a

1870

01:16:32,930 --> 01:16:30,900

lot of ground I really appreciate the

1871

01:16:35,330 --> 01:16:32,940

water education class we had here today

1872

01:16:38,149 --> 01:16:35,340

and on so many other things we clearly

1873

01:16:40,070 --> 01:16:38,159

got educated and I really am impressed

1874

01:16:42,290 --> 01:16:40,080

with the products you're making to

1875

01:16:44,810 --> 01:16:42,300

revitalize the water that we've been

1876  
01:16:46,310 --> 01:16:44,820  
mistreating for too long let the people

1877  
01:16:48,709 --> 01:16:46,320  
know anything else you'd like to tell

1878  
01:16:50,990 --> 01:16:48,719  
them before we go your links where to

1879  
01:16:52,610 --> 01:16:51,000  
get the products any deals or new

1880  
01:16:53,450 --> 01:16:52,620  
products in the works all that good

1881  
01:16:56,810 --> 01:16:53,460  
stuff

1882  
01:16:59,510 --> 01:16:56,820  
yeah so [naturalaction.com](http://naturalaction.com)

1883  
01:17:02,270 --> 01:16:59,520  
is our main website we also have a

1884  
01:17:05,390 --> 01:17:02,280  
member site that you become a member and

1885  
01:17:07,250 --> 01:17:05,400  
you can get access to like past webinars

1886  
01:17:08,930 --> 01:17:07,260  
which I do like presentations and

1887  
01:17:11,510 --> 01:17:08,940  
interviews

1888  
01:17:13,910 --> 01:17:11,520

so some of the presentations visualize

1889

01:17:16,669 --> 01:17:13,920

and show you know a little bit more like

1890

01:17:18,530 --> 01:17:16,679

graphing data and you know things to

1891

01:17:20,149 --> 01:17:18,540

more quantify what we're talking about

1892

01:17:21,649 --> 01:17:20,159

that are harder to do words with the

1893

01:17:23,630 --> 01:17:21,659

behavior of water

1894

01:17:26,090 --> 01:17:23,640

so for those who you know want to dive

1895

01:17:29,090 --> 01:17:26,100

in a little bit deeper the member site

1896

01:17:30,950 --> 01:17:29,100

is great with you know data and other

1897

01:17:34,790 --> 01:17:30,960

papers and other people's work like

1898

01:17:37,310 --> 01:17:34,800

James de mayo and Benny Johansen and

1899

01:17:38,630 --> 01:17:37,320

Andrea Schultz's work and

1900

01:17:41,030 --> 01:17:38,640

you know a little bit of the broader

1901

01:17:43,070 --> 01:17:41,040

picture and then products

1902

01:17:45,590 --> 01:17:43,080

you know we pilot products for about a

1903

01:17:48,110 --> 01:17:45,600

year we basically develop with customers

1904

01:17:49,729 --> 01:17:48,120

input so we have a pretty solid idea

1905

01:17:52,490 --> 01:17:49,739

where we want to go and why and

1906

01:17:54,649 --> 01:17:52,500

scientific evidence to boot but in the

1907

01:17:56,450 --> 01:17:54,659

end we want a customer feedback that

1908

01:17:58,850 --> 01:17:56,460

says this is what it did for me this is

1909

01:18:00,590 --> 01:17:58,860

what I like so you know the new products

1910

01:18:03,229 --> 01:18:00,600

we're out with are basically what we

1911

01:18:06,530 --> 01:18:03,239

call the Magna Ray technology that came

1912

01:18:08,570 --> 01:18:06,540

about because of the grace of manta rays

1913

01:18:11,149 --> 01:18:08,580

and the fact that we're using a magnetic

1914

01:18:13,910 --> 01:18:11,159

array in a different arrangement

1915

01:18:15,830 --> 01:18:13,920

Burke the term Magna Ray which is a

1916

01:18:18,110 --> 01:18:15,840

unique geometry

1917

01:18:19,189 --> 01:18:18,120

surrounding the water of a certain type

1918

01:18:22,850 --> 01:18:19,199

of

1919

01:18:25,070 --> 01:18:22,860

magnet design and Direction Where We

1920

01:18:27,110 --> 01:18:25,080

actually try and inhibit the amount of

1921

01:18:28,910 --> 01:18:27,120

magnetic field because

1922

01:18:30,530 --> 01:18:28,920

as our webinars are talking about

1923

01:18:31,970 --> 01:18:30,540

there's other more subtle forces

1924

01:18:33,470 --> 01:18:31,980

underneath the magnet we're more

1925

01:18:36,649 --> 01:18:33,480

interested in putting those in the water

1926

01:18:39,530 --> 01:18:36,659

than we are using magnetic force in the

1927

01:18:42,350 --> 01:18:39,540

water which also has a purpose so it's

1928

01:18:44,870 --> 01:18:42,360

our unique way of starting the zero

1929

01:18:48,590 --> 01:18:44,880

point conversation by the use of magnets

1930

01:18:50,149 --> 01:18:48,600

to bring water up to uh you know let's

1931

01:18:53,570 --> 01:18:50,159

just say more horsepower in the Life

1932

01:18:55,850 --> 01:18:53,580

horse field and it's like terrain it's

1933

01:18:57,709 --> 01:18:55,860

going to work in your body where it is

1934

01:18:59,229 --> 01:18:57,719

needed most probably not necessarily

1935

01:19:01,790 --> 01:18:59,239

where you think it's needed most but

1936

01:19:03,709 --> 01:19:01,800

y'all all can work together better when

1937

01:19:06,229 --> 01:19:03,719

that light force is in there and that's

1938

01:19:08,030 --> 01:19:06,239

a whole history of work we're covering

1939

01:19:10,430 --> 01:19:08,040

in the webinar so we're really proud of

1940

01:19:12,530 --> 01:19:10,440

the and we offer that for the whole home

1941

01:19:15,229 --> 01:19:12,540

and the portable the Magna Ray series we

1942

01:19:17,930 --> 01:19:15,239

call it the mr24 and the carbon Gene

1943

01:19:20,390 --> 01:19:17,940

and in addition there's Atomic

1944

01:19:22,130 --> 01:19:20,400

information involved that the pure Nano

1945

01:19:25,729 --> 01:19:22,140

level particle of

1946

01:19:27,410 --> 01:19:25,739

a lot of silver some ormus gold some

1947

01:19:29,330 --> 01:19:27,420

seawater ormus

1948

01:19:32,330 --> 01:19:29,340

see in other words like a lot of trace

1949

01:19:34,610 --> 01:19:32,340

minerals rather than using them up were

1950

01:19:36,649 --> 01:19:34,620

basically transcribing the vibrations of

1951

01:19:40,310 --> 01:19:36,659

those in a different state into the

1952

01:19:42,709 --> 01:19:40,320

water is a little bit beyond Theory and

1953

01:19:44,810 --> 01:19:42,719

that water carries into your body

1954

01:19:46,189 --> 01:19:44,820

works from the inside out rather than

1955

01:19:48,470 --> 01:19:46,199

the outside in if you were doing

1956

01:19:51,229 --> 01:19:48,480

vibrational treatment from outside so it

1957

01:19:52,990 --> 01:19:51,239

has somewhat of a theoretical slash

1958

01:19:56,030 --> 01:19:53,000

model view of

1959

01:19:58,310 --> 01:19:56,040

practitioning for healing but in the

1960

01:20:00,950 --> 01:19:58,320

very subtle sense those are our two new

1961

01:20:03,709 --> 01:20:00,960

hot ones we got a lot of practical stuff

1962

01:20:05,209 --> 01:20:03,719

we're doing whole home filtration with

1963

01:20:07,729 --> 01:20:05,219

whole home

1964

01:20:09,350 --> 01:20:07,739

ionization or passive ionization or

1965

01:20:11,689 --> 01:20:09,360

revitalization whatever you want to call

1966

01:20:14,810 --> 01:20:11,699

it water structuring a lot of names for

1967

01:20:17,030 --> 01:20:14,820

it just overall quality deliver and uh

1968

01:20:20,350 --> 01:20:17,040

more conscious living state is probably

1969

01:20:23,090 --> 01:20:20,360

the added periphery layer of the story

1970

01:20:25,090 --> 01:20:23,100

and really high quality filters we

1971

01:20:27,290 --> 01:20:25,100

researched for a long time and

1972

01:20:29,510 --> 01:20:27,300

combinations to make it more practical

1973

01:20:31,250 --> 01:20:29,520

to bring the overall water quality up is

1974

01:20:34,310 --> 01:20:31,260

something that's new

1975

01:20:35,689 --> 01:20:34,320

we got a wine a tabletop wine unit we're

1976

01:20:37,790 --> 01:20:35,699

coming out with believe it or not this

1977

01:20:39,530 --> 01:20:37,800

technology like highly Alters the

1978

01:20:42,890 --> 01:20:39,540

quality of wine because it's mostly

1979

01:20:44,750 --> 01:20:42,900

water so it tends to like age or mature

1980

01:20:46,430 --> 01:20:44,760

wine instantly

1981

01:20:48,410 --> 01:20:46,440

so when people want to know how it can

1982

01:20:51,290 --> 01:20:48,420

change water so fast it's like how could

1983

01:20:53,870 --> 01:20:51,300

it age wine 80 years or 100 years

1984

01:20:55,729 --> 01:20:53,880

like right now so

1985

01:20:57,649 --> 01:20:55,739

that's a new product kind of off the

1986

01:21:00,610 --> 01:20:57,659

topic of health and more in the eyes of

1987

01:21:03,830 --> 01:21:00,620

pleasure and enjoyment and agriculture

1988

01:21:05,570 --> 01:21:03,840

and I think we have a few new things on

1989

01:21:09,169 --> 01:21:05,580

the horizon yet to come I don't want to

1990

01:21:10,970 --> 01:21:09,179

mention yet but the mr24 the carbon Gene

1991

01:21:13,010 --> 01:21:10,980

really good reviews over the last year

1992

01:21:15,050 --> 01:21:13,020

from our users and we were hoping it was

1993

01:21:17,930 --> 01:21:15,060

going to be worth the Step Up

1994

01:21:19,910 --> 01:21:17,940

and then if I had to tell anybody where

1995

01:21:21,530 --> 01:21:19,920

to start I would stay start with the

1996

01:21:23,149 --> 01:21:21,540

shower and the portable

1997

01:21:25,490 --> 01:21:23,159

and there's other companies who

1998

01:21:28,669 --> 01:21:25,500

manufacture this stuff who also achieve

1999

01:21:31,250 --> 01:21:28,679

very similar things our uniqueness is in

2000

01:21:33,050 --> 01:21:31,260

our shungite recipe in our quartz and

2001

01:21:35,930 --> 01:21:33,060

the way we manufacture it and put it

2002

01:21:38,149 --> 01:21:35,940

together our flow mechanics are somewhat

2003

01:21:40,010 --> 01:21:38,159

unique on most of our like pressure line

2004

01:21:41,770 --> 01:21:40,020

units with the exception of the

2005

01:21:45,110 --> 01:21:41,780

Portables

2006

01:21:47,450 --> 01:21:45,120

and they last for a lifetime and they

2007

01:21:49,250 --> 01:21:47,460

don't require any service and if you're

2008

01:21:51,050 --> 01:21:49,260

not spiritual they're very practical and

2009

01:21:53,810 --> 01:21:51,060

if you're not practical they can be very

2010

01:21:55,790 --> 01:21:53,820

spiritual in the progression of what you

2011

01:21:59,510 --> 01:21:55,800

know the human life experience is it's

2012

01:22:01,430 --> 01:21:59,520

the changes significant for I would say

2013

01:22:04,250 --> 01:22:01,440

probably 90 plus percent of the people

2014

01:22:06,350 --> 01:22:04,260

use it and I we have like a 90 day we

2015

01:22:08,149 --> 01:22:06,360

will not hassle you at all so if you

2016

01:22:11,570 --> 01:22:08,159

don't like it send it back if it doesn't

2017

01:22:13,490 --> 01:22:11,580

you know we don't oversell generally

2018

01:22:15,890 --> 01:22:13,500

you know some people make claims that'll

2019

01:22:17,689 --> 01:22:15,900

cure you of things I don't believe in

2020

01:22:19,729 --> 01:22:17,699

that I believe the person has to decide

2021

01:22:21,890 --> 01:22:19,739

they want to heal and has to apply the

2022

01:22:23,689 --> 01:22:21,900

full measure but if there was one thing

2023

01:22:25,490 --> 01:22:23,699

that's easy to change I would say it'd

2024

01:22:27,229 --> 01:22:25,500

be this technology and water and there's

2025

01:22:29,390 --> 01:22:27,239

a set it forget it mode and there's an

2026

01:22:31,370 --> 01:22:29,400

alchemic mode to it and you can do both

2027

01:22:34,130 --> 01:22:31,380

if you want you know it doesn't hurt it

2028

01:22:36,890 --> 01:22:34,140

synergizes helps all your absorption

2029

01:22:38,890 --> 01:22:36,900

work a little bit better so even people

2030

01:22:41,450 --> 01:22:38,900

on Pharmaceutical

2031

01:22:43,430 --> 01:22:41,460

prescriptions started getting side

2032

01:22:45,590 --> 01:22:43,440

effects that they didn't have for years

2033

01:22:47,810 --> 01:22:45,600

when they start drinking like a better

2034

01:22:48,890 --> 01:22:47,820

balanced Living Water it's not the

2035

01:22:50,630 --> 01:22:48,900

water's like I'm not going to let the

2036

01:22:51,530 --> 01:22:50,640

pharmaceutical in because it's bad the

2037

01:22:53,570 --> 01:22:51,540

water is going to make the

2038

01:22:55,490 --> 01:22:53,580

pharmaceutical as effective as it can be

2039

01:22:57,830 --> 01:22:55,500

for whatever musical recipe it is or

2040

01:22:59,390 --> 01:22:57,840

isn't and they would get side effects

2041

01:23:01,610 --> 01:22:59,400

and they would say after right after I

2042

01:23:03,229 --> 01:23:01,620

started drinking that water this started

2043

01:23:04,790 --> 01:23:03,239

happening I'd be like hey it usually

2044

01:23:07,310 --> 01:23:04,800

doesn't have a big negative unless

2045

01:23:08,689 --> 01:23:07,320

you're detoxing real hard I know I don't

2046

01:23:10,610 --> 01:23:08,699

feel like I'm detoxing because I don't

2047

01:23:13,250 --> 01:23:10,620

feel bad are you on medicine

2048

01:23:15,410 --> 01:23:13,260

prescription medicine yes

2049

01:23:17,149 --> 01:23:15,420

okay we're not giving medical advice

2050

01:23:18,189 --> 01:23:17,159

here but take less of it and see what

2051

01:23:20,689 --> 01:23:18,199

happens

2052

01:23:23,030 --> 01:23:20,699

and then people would for years people

2053

01:23:25,189 --> 01:23:23,040

would call I don't like to have this

2054

01:23:27,410 --> 01:23:25,199

conversation a lot you know in the

2055

01:23:28,910 --> 01:23:27,420

public more public eye because it's like

2056

01:23:31,550 --> 01:23:28,920

you're giving medical advice to tell

2057

01:23:34,010 --> 01:23:31,560

somebody to reduce their prescription

2058

01:23:35,570 --> 01:23:34,020

and So at their own will they reduce

2059

01:23:37,790 --> 01:23:35,580

their prescription

2060

01:23:39,649 --> 01:23:37,800

and eventually they would get off of it

2061

01:23:41,750 --> 01:23:39,659

and say I don't even need it anymore

2062

01:23:43,310 --> 01:23:41,760

you know doctor says that you know this

2063

01:23:44,630 --> 01:23:43,320

is better and that's better and he'd

2064

01:23:46,010 --> 01:23:44,640

still like me to do this but I'm not

2065

01:23:48,290 --> 01:23:46,020

even going to do that because I feel so

2066

01:23:50,750 --> 01:23:48,300

much better and now I'm eating better

2067

01:23:52,790 --> 01:23:50,760

now my whole life cascaded into the

2068

01:23:55,250 --> 01:23:52,800

changes because it gave me that

2069

01:23:57,950 --> 01:23:55,260

confidence that there is a reality to a

2070

01:24:00,350 --> 01:23:57,960

lot of these statements that people make

2071

01:24:02,450 --> 01:24:00,360

but any one thing probably no but if

2072

01:24:04,550 --> 01:24:02,460

there was one thing

2073

01:24:06,169 --> 01:24:04,560

I mean that's why I changed my career I

2074

01:24:08,149 --> 01:24:06,179

mean I was an Industrial Engineer I used

2075

01:24:10,729 --> 01:24:08,159

to develop like custom machinery for

2076

01:24:13,130 --> 01:24:10,739

Aerospace you know what I mean I was

2077

01:24:14,450 --> 01:24:13,140

like boom I'm done with that I'm moving

2078

01:24:16,130 --> 01:24:14,460

to this you know I'm getting involved

2079

01:24:18,290 --> 01:24:16,140

with agriculture I'm getting involved

2080

01:24:20,810 --> 01:24:18,300

with understanding the earth and the

2081

01:24:22,370 --> 01:24:20,820

water and you know this company just

2082

01:24:24,709 --> 01:24:22,380

kind of happened to be where it worked

2083

01:24:26,689 --> 01:24:24,719

out where okay I can you know take

2084

01:24:28,550 --> 01:24:26,699

something that had a good start and a

2085

01:24:30,590 --> 01:24:28,560

lot of harassment and

2086

01:24:32,270 --> 01:24:30,600

see if we can keep this going and build

2087

01:24:34,010 --> 01:24:32,280

on a good thing and make it better so

2088

01:24:37,010 --> 01:24:34,020

that's where we're at and working with

2089

01:24:38,810 --> 01:24:37,020

folks like yourself who obviously have a

2090

01:24:41,689 --> 01:24:38,820

very deep conscious understanding of

2091

01:24:43,790 --> 01:24:41,699

what is needed if we're truly going to

2092

01:24:46,430 --> 01:24:43,800

implement the talk about wanting to take

2093

01:24:48,350 --> 01:24:46,440

care of the planet and be green right

2094

01:24:51,110 --> 01:24:48,360

now it's just a bunch of fluff you know

2095

01:24:53,530 --> 01:24:51,120

just corporate dominant fluff with kind

2096

01:24:55,910 --> 01:24:53,540

of small independent movements of people

2097

01:24:57,470 --> 01:24:55,920

and that'll build some strength because

2098

01:24:59,209 --> 01:24:57,480

they're willing to implement and we can

2099

01:25:01,669 --> 01:24:59,219

all get together and implement these

2100

01:25:04,669 --> 01:25:01,679

independent smaller movements of of

2101  
01:25:06,890 --> 01:25:04,679  
reconnecting you know vimhoff and you

2102  
01:25:09,110 --> 01:25:06,900  
know cold water therapy and breathing

2103  
01:25:11,510 --> 01:25:09,120  
and really just working in the basic

2104  
01:25:14,630 --> 01:25:11,520  
Primal sense you know yeah it's a

2105  
01:25:16,729 --> 01:25:14,640  
beautiful thing and I love your show and

2106  
01:25:19,669 --> 01:25:16,739  
and your willingness to ask the question

2107  
01:25:21,590 --> 01:25:19,679  
and go down all the roads and that's all

2108  
01:25:23,870 --> 01:25:21,600  
that stuff Beyond water has always been

2109  
01:25:25,370 --> 01:25:23,880  
what I'm you know ETS like what's up

2110  
01:25:28,070 --> 01:25:25,380  
with that you know what I mean like

2111  
01:25:29,810 --> 01:25:28,080  
let's have that conversation are we the

2112  
01:25:33,169 --> 01:25:29,820  
most Intel religion people in the

2113  
01:25:36,290 --> 01:25:33,179

universe I hope not that's a slight to

2114

01:25:39,530 --> 01:25:36,300

the universe in my opinion yes I'm with

2115

01:25:41,270 --> 01:25:39,540

you man really good stuff and you

2116

01:25:45,050 --> 01:25:41,280

mentioned James demaio I should mention

2117

01:25:47,510 --> 01:25:45,060

that he did study and endorse the

2118

01:25:49,130 --> 01:25:47,520

product that he was testing and that's

2119

01:25:50,810 --> 01:25:49,140

an endorsement I would hold in high

2120

01:25:53,570 --> 01:25:50,820

regard he's been here before so the

2121

01:25:55,610 --> 01:25:53,580

audience knows he doesn't mess around so

2122

01:25:58,550 --> 01:25:55,620

if he likes the products you're putting

2123

01:26:00,590 --> 01:25:58,560

out there that is uh probably good

2124

01:26:03,110 --> 01:26:00,600

enough for a lot of people but very cool

2125

01:26:05,570 --> 01:26:03,120

yeah James is one of the guys I consider

2126  
01:26:09,649 --> 01:26:05,580  
to be really uh legit in his work we've

2127  
01:26:12,530 --> 01:26:09,659  
never met and talked at all but like a

2128  
01:26:14,390 --> 01:26:12,540  
lot of our UV spec work cooperates with

2129  
01:26:16,370 --> 01:26:14,400  
what he reported and you know the water

2130  
01:26:18,169 --> 01:26:16,380  
magazines and has had published and

2131  
01:26:20,930 --> 01:26:18,179  
we're working on supporting that and

2132  
01:26:22,970 --> 01:26:20,940  
explaining that further and I love that

2133  
01:26:25,129 --> 01:26:22,980  
research side you know of getting with

2134  
01:26:26,930 --> 01:26:25,139  
and go asking these questions and going

2135  
01:26:29,870 --> 01:26:26,940  
how do you know how do we explain this

2136  
01:26:32,330 --> 01:26:29,880  
so you know real beautiful time for me

2137  
01:26:35,149 --> 01:26:32,340  
and my own personal like research and

2138  
01:26:36,830 --> 01:26:35,159

questions but at the same time for the

2139

01:26:38,629 --> 01:26:36,840

company and the fact that for 12 I'm

2140

01:26:40,430 --> 01:26:38,639

like man if this is around for 10 years

2141

01:26:42,530 --> 01:26:40,440

it ain't gonna go away

2142

01:26:44,629 --> 01:26:42,540

I really got to commit to this it's

2143

01:26:46,910 --> 01:26:44,639

going to stay and it's not an easy thing

2144

01:26:48,590 --> 01:26:46,920

to do you know because everybody wants a

2145

01:26:50,450 --> 01:26:48,600

push button solution and wants it for

2146

01:26:52,250 --> 01:26:50,460

everybody right now you know and it's

2147

01:26:56,090 --> 01:26:52,260

going to be a little bit of an uphill

2148

01:26:58,490 --> 01:26:56,100

hike but I'm up for it and I am very

2149

01:27:00,770 --> 01:26:58,500

thankful for platforms like this and

2150

01:27:03,590 --> 01:27:00,780

your ability to reach and educate people

2151  
01:27:06,350 --> 01:27:03,600  
and I hope I can contribute to adding

2152  
01:27:08,090 --> 01:27:06,360  
something to it and other than that I

2153  
01:27:08,990 --> 01:27:08,100  
really honored and grateful to be on

2154  
01:27:12,470 --> 01:27:09,000  
your show

2155  
01:27:14,090 --> 01:27:12,480  
Yes Man very much appreciated I like to

2156  
01:27:16,189 --> 01:27:14,100  
see people out there improving the world

2157  
01:27:18,590 --> 01:27:16,199  
instead of just bitching about how bad

2158  
01:27:20,990 --> 01:27:18,600  
it's gotten so kudos to you for doing

2159  
01:27:24,250 --> 01:27:21,000  
that and take care and also to you take

2160  
01:27:29,810 --> 01:27:27,770  
Hallelujah people how about it obviously

2161  
01:27:32,270 --> 01:27:29,820  
water has become one of those threads

2162  
01:27:35,209 --> 01:27:32,280  
that we've looked at from an esoteric

2163  
01:27:36,830 --> 01:27:35,219

alternative perspective and it does seem

2164

01:27:39,530 --> 01:27:36,840

like there's a lot more to it than we

2165

01:27:42,530 --> 01:27:39,540

were ever taught and I think we know why

2166

01:27:45,410 --> 01:27:42,540

George Wiseman Gerald Pollock Dr Dana

2167

01:27:47,450 --> 01:27:45,420

Cohen Sherman engineer even Aaron and

2168

01:27:49,850 --> 01:27:47,460

Jeremiah just a couple shows back said

2169

01:27:50,810 --> 01:27:49,860

something about water being just a dense

2170

01:27:52,910 --> 01:27:50,820

ether

2171

01:27:55,370 --> 01:27:52,920

I'm pretty sure or did John say that

2172

01:27:56,930 --> 01:27:55,380

I've been recording a lot and some

2173

01:27:59,570 --> 01:27:56,940

comments have started to blend together

2174

01:28:00,649 --> 01:27:59,580

but somebody said it and it makes sense

2175

01:28:02,629 --> 01:28:00,659

to me

2176

01:28:04,370 --> 01:28:02,639

John did have a great analogy with

2177

01:28:06,649 --> 01:28:04,380

studying the eggshell and throwing away

2178

01:28:08,450 --> 01:28:06,659

the White and the yolk it's like science

2179

01:28:11,629 --> 01:28:08,460

has largely only studied the water

2180

01:28:12,410 --> 01:28:11,639

molecule in isolation as Gerald Pollock

2181

01:28:15,050 --> 01:28:12,420

said

2182

01:28:17,570 --> 01:28:15,060

so the communicative properties of water

2183

01:28:19,310 --> 01:28:17,580

have been completely left out I mean

2184

01:28:22,790 --> 01:28:19,320

just think about it how can you study

2185

01:28:25,370 --> 01:28:22,800

water structure with a single molecule

2186

01:28:27,590 --> 01:28:25,380

so it does seem to me that John clearly

2187

01:28:29,810 --> 01:28:27,600

studied water at a deep level and made a

2188

01:28:31,430 --> 01:28:29,820

lot of compelling points I'm excited to

2189

01:28:33,169 --> 01:28:31,440

see if I notice a difference in water

2190

01:28:35,330 --> 01:28:33,179

that has been revitalized with the

2191

01:28:38,090 --> 01:28:35,340

pitcher pour through device

2192

01:28:40,610 --> 01:28:38,100

I bought the expensive one because as I

2193

01:28:43,430 --> 01:28:40,620

always say subtle effects and changes

2194

01:28:45,410 --> 01:28:43,440

tend to go unrecognized by me

2195

01:28:47,450 --> 01:28:45,420

so I wanted to go with the most

2196

01:28:49,850 --> 01:28:47,460

supercharged products so I have the

2197

01:28:50,930 --> 01:28:49,860

greatest chance of seeing or tasting a

2198

01:28:53,330 --> 01:28:50,940

difference

2199

01:28:55,669 --> 01:28:53,340

so you know I'm neutral I just find

2200

01:28:57,169 --> 01:28:55,679

John's perspective and product offerings

2201

01:28:59,090 --> 01:28:57,179

intriguing

2202

01:29:01,910 --> 01:28:59,100

but I haven't used anything yet so I

2203

01:29:04,430 --> 01:29:01,920

can't really say one way or another

2204

01:29:06,530 --> 01:29:04,440

my product is interviews and I think in

2205

01:29:08,209 --> 01:29:06,540

that department we scored today I

2206

01:29:10,550 --> 01:29:08,219

thought it was pretty compelling

2207

01:29:12,410 --> 01:29:10,560

obviously I like to let people know what

2208

01:29:14,750 --> 01:29:12,420

was in the plush show and in this one we

2209

01:29:17,030 --> 01:29:14,760

talked about how cell water relates to

2210

01:29:19,310 --> 01:29:17,040

health the effects of some of his

2211

01:29:21,410 --> 01:29:19,320

products he has a pool filter that we

2212

01:29:23,270 --> 01:29:21,420

talked about where it's been reported

2213

01:29:25,370 --> 01:29:23,280

that it feels like you're floating in

2214

01:29:26,330 --> 01:29:25,380

gel and your aura can be sensed more

2215

01:29:28,430 --> 01:29:26,340

clearly

2216

01:29:31,490 --> 01:29:28,440

which led us to talk about the stories

2217

01:29:33,470 --> 01:29:31,500

of old natural healing Hot Springs

2218

01:29:35,870 --> 01:29:33,480

we also got into If ghosts and

2219

01:29:37,970 --> 01:29:35,880

paranormal experiences are the spiritual

2220

01:29:40,430 --> 01:29:37,980

memory of The Ether that is John's

2221

01:29:42,649 --> 01:29:40,440

Theory it's quite compelling he also did

2222

01:29:44,390 --> 01:29:42,659

some work looking into the rife

2223

01:29:47,090 --> 01:29:44,400

microscope so we talked about the

2224

01:29:49,189 --> 01:29:47,100

importance of that and pleomorphism the

2225

01:29:51,770 --> 01:29:49,199

work of Walter Russell

2226

01:29:54,169 --> 01:29:51,780

and that question of if Humanity needs

2227

01:29:55,669 --> 01:29:54,179

to be ready for this change in energy

2228

01:29:57,770 --> 01:29:55,679

systems

2229

01:29:59,930 --> 01:29:57,780

you guys know it's kind of a pet peeve

2230

01:30:02,270 --> 01:29:59,940

of mine when that response is given

2231

01:30:04,729 --> 01:30:02,280

because if the answer is well Humanity

2232

01:30:07,490 --> 01:30:04,739

has to be ready this is something we've

2233

01:30:09,590 --> 01:30:07,500

heard before as part of the answer as to

2234

01:30:12,290 --> 01:30:09,600

why we don't have so many things from

2235

01:30:15,530 --> 01:30:12,300

free energy systems to alien contact but

2236

01:30:18,590 --> 01:30:15,540

okay well how much of humanity has to be

2237

01:30:21,050 --> 01:30:18,600

ready is it every single person is it 51

2238

01:30:23,209 --> 01:30:21,060

percent of people like when you get into

2239

01:30:24,649 --> 01:30:23,219

what that means it seems a little hard

2240

01:30:26,990 --> 01:30:24,659

to pin down

2241

01:30:30,229 --> 01:30:27,000

but regardless we also talked about his

2242

01:30:32,570 --> 01:30:30,239

work on a free energy device using water

2243

01:30:34,850 --> 01:30:32,580

and how soon it might hit the market

2244

01:30:36,709 --> 01:30:34,860

sign up for plus if you like what I do I

2245

01:30:38,510 --> 01:30:36,719

think we've had some bangers lately and

2246

01:30:42,050 --> 01:30:38,520

you get a seven day free trial right off

2247

01:30:44,330 --> 01:30:42,060

the bat so no risk no loss

2248

01:30:46,250 --> 01:30:44,340

all reward all gain

2249

01:30:48,350 --> 01:30:46,260

and while we're doing pitches yeah John

2250

01:30:50,149 --> 01:30:48,360

offered us that coupon code and I just

2251  
01:30:51,790 --> 01:30:50,159  
wanted to make sure that I passed it on

2252  
01:30:56,350 --> 01:30:51,800  
to you

2253  
01:31:01,550 --> 01:30:56,360  
thc-10 for 10 off 1500 or less

2254  
01:31:03,950 --> 01:31:01,560  
thc-20 for 20 off 1500 or more

2255  
01:31:05,270 --> 01:31:03,960  
do your own research I just ask the

2256  
01:31:07,310 --> 01:31:05,280  
questions

2257  
01:31:09,590 --> 01:31:07,320  
seems cool to me though obviously or I

2258  
01:31:11,510 --> 01:31:09,600  
wouldn't have had them on where I live I

2259  
01:31:15,950 --> 01:31:11,520  
have no way to use the whole house

2260  
01:31:18,590 --> 01:31:15,960  
filter no garage no basement no place

2261  
01:31:20,090 --> 01:31:18,600  
where that could be mounted really so I

2262  
01:31:23,330 --> 01:31:20,100  
thought about the under the sink unit

2263  
01:31:25,550 --> 01:31:23,340

but that's just one faucet so it felt

2264

01:31:28,910 --> 01:31:25,560

more logical to get the pour through

2265

01:31:31,669 --> 01:31:28,920

slash pitcher device

2266

01:31:34,430 --> 01:31:31,679

so I can test it on beer and wine and

2267

01:31:36,649 --> 01:31:34,440

coffee too like he mentioned I'll drink

2268

01:31:37,970 --> 01:31:36,659

from it for a week or so and let you

2269

01:31:40,610 --> 01:31:37,980

know what I think

2270

01:31:41,990 --> 01:31:40,620

I will add this one testimonial that I

2271

01:31:44,450 --> 01:31:42,000

thought you'd like to know about but

2272

01:31:46,910 --> 01:31:44,460

John's YouTube channel has a clip from a

2273

01:31:48,709 --> 01:31:46,920

woman named Susan Decker who owns Blue

2274

01:31:51,110 --> 01:31:48,719

Star Farms

2275

01:31:53,750 --> 01:31:51,120

it's a farm in the New England area I

2276  
01:31:56,810 --> 01:31:53,760  
think and she did an experiment where

2277  
01:31:59,450 --> 01:31:56,820  
she watered crops with structured water

2278  
01:32:01,669 --> 01:31:59,460  
units from natural Action Tech versus a

2279  
01:32:03,530 --> 01:32:01,679  
control group and she said the plants

2280  
01:32:06,590 --> 01:32:03,540  
that got structured water

2281  
01:32:09,050 --> 01:32:06,600  
showed a significant difference in being

2282  
01:32:11,390 --> 01:32:09,060  
bigger taller stronger plants and that

2283  
01:32:14,450 --> 01:32:11,400  
it was obvious to the naked eye

2284  
01:32:16,370 --> 01:32:14,460  
so someone who has a farm as their

2285  
01:32:18,050 --> 01:32:16,380  
business I don't think they're messing

2286  
01:32:20,330 --> 01:32:18,060  
around I don't think she would say she

2287  
01:32:22,850 --> 01:32:20,340  
got results if she hadn't

2288  
01:32:24,830 --> 01:32:22,860

but get a product or not it is all food

2289

01:32:27,709 --> 01:32:24,840

for thought and this is just another

2290

01:32:28,430 --> 01:32:27,719

water episode to add to the stack I like

2291

01:32:30,890 --> 01:32:28,440

it

2292

01:32:33,350 --> 01:32:30,900

in higher side news join me and the

2293

01:32:35,990 --> 01:32:33,360

gramerica guys for a weekend at Mount

2294

01:32:38,510 --> 01:32:36,000

Shasta in February contact at

2295

01:32:40,189 --> 01:32:38,520

thecabin.com if you want to go the

2296

01:32:42,470 --> 01:32:40,199

details are all there you're looking for

2297

01:32:44,930 --> 01:32:42,480

the magic on the mountain event

2298

01:32:48,169 --> 01:32:44,940

bound to be a good time and let's look

2299

01:32:50,750 --> 01:32:48,179

at the calendar at hireside meetups.com

2300

01:32:53,270 --> 01:32:50,760

I'm putting this show out on October 5th

2301  
01:32:55,550 --> 01:32:53,280  
so tomorrow October 6th we got the Los

2302  
01:32:57,830 --> 01:32:55,560  
Angeles truthers going to Flame

2303  
01:32:59,689 --> 01:32:57,840  
international restaurant on Santa Monica

2304  
01:33:02,390 --> 01:32:59,699  
Boulevard in LA

2305  
01:33:04,850 --> 01:33:02,400  
still trying to work out if I can make

2306  
01:33:05,510 --> 01:33:04,860  
it up to that it is a bit of a trek you

2307  
01:33:08,689 --> 01:33:05,520  
know

2308  
01:33:11,510 --> 01:33:08,699  
but it's also fun to meet the people

2309  
01:33:13,970 --> 01:33:11,520  
anyway October 8th we got the bizarre

2310  
01:33:17,930 --> 01:33:13,980  
Tales podcast and THC

2311  
01:33:19,669 --> 01:33:17,940  
meet up at Old Lloyd's arms Pub in

2312  
01:33:22,189 --> 01:33:19,679  
Grimsley England

2313  
01:33:24,590 --> 01:33:22,199

bringing the tribes together that's what

2314

01:33:27,110 --> 01:33:24,600

it's about now on October 9th we got the

2315

01:33:30,110 --> 01:33:27,120

rising conspiracy full moon Meetup

2316

01:33:32,689 --> 01:33:30,120

people near Cleveland should know that

2317

01:33:35,390 --> 01:33:32,699

they can go to the Winking Lizard in

2318

01:33:37,790 --> 01:33:35,400

Lakewood Ohio and have a good time with

2319

01:33:40,370 --> 01:33:37,800

other THC fans

2320

01:33:43,430 --> 01:33:40,380

I also see events this month in Redlands

2321

01:33:46,370 --> 01:33:43,440

California in Des Moines Iowa another

2322

01:33:49,970 --> 01:33:46,380

one in London one in New York New York

2323

01:33:51,830 --> 01:33:49,980

one in Philly it's stacking up I love it

2324

01:33:53,870 --> 01:33:51,840

it's great to see the calendar be a

2325

01:33:56,510 --> 01:33:53,880

little less bare each month

2326

01:33:58,669 --> 01:33:56,520

so good stuff Making Friends building

2327

01:34:00,709 --> 01:33:58,679

the network and finding people you can

2328

01:34:03,110 --> 01:34:00,719

trust to not panic the next time they

2329

01:34:05,570 --> 01:34:03,120

throw a bunch of fear porn at us

2330

01:34:07,550 --> 01:34:05,580

but that's it for me [naturalaction.com](http://naturalaction.com)

2331

01:34:09,350 --> 01:34:07,560

if you want to check out what John's got

2332

01:34:10,970 --> 01:34:09,360

to offer and if you do leave me a

2333

01:34:13,310 --> 01:34:10,980

voicemail review and we'll put them all

2334

01:34:15,830 --> 01:34:13,320

out there in the next uh joint session

2335

01:34:17,750 --> 01:34:15,840

or something but until then I'm getting

2336

01:34:20,750 --> 01:34:17,760

out of here take care of you and yours

2337

01:34:22,970 --> 01:34:20,760

I've done my part your move structured

2338

01:34:25,790 --> 01:34:22,980

water suppressors water science sensors

2339

01:34:28,729 --> 01:34:25,800

and H2O authorities who don't want us to

2340

01:34:31,750 --> 01:34:28,739

know about that sweet sweet water magic

2341

01:34:35,090 --> 01:34:31,760

your mood

2342

01:34:37,209 --> 01:34:35,100

sometimes when I get down I eat a bunch

2343

01:34:41,390 --> 01:34:37,219

of corporate junk

2344

01:34:43,970 --> 01:34:41,400

process stuff that makes you fat

2345

01:34:46,270 --> 01:34:43,980

yeah it's a weak and sickly people

2346

01:34:48,790 --> 01:34:46,280

making industry

2347

01:35:08,570 --> 01:34:48,800

don't tell me

2348

01:35:11,550 --> 01:35:08,580

[Music]

2349

01:35:19,790 --> 01:35:11,560

wrong

2350

01:35:24,890 --> 01:35:22,729

got an addiction to the digital

2351

01:35:27,950 --> 01:35:24,900

technology

2352

01:35:31,669 --> 01:35:27,960

every now and then I try to quit and

2353

01:35:36,720 --> 01:35:31,679

leave it be but it's too hard to turn it

2354

01:35:54,729 --> 01:35:51,709

[Music]

2355

01:35:56,970 --> 01:35:54,739

I don't have to face it

2356

01:36:15,350 --> 01:35:56,980

that's right

2357

01:36:30,110 --> 01:36:18,960

don't tell me

2358

01:36:36,410 --> 01:36:30,120

[Music]

2359

01:36:44,470 --> 01:36:36,420

I don't have to face it that's right

2360

01:36:51,250 --> 01:36:49,129

into me try to forget and I ignore but

2361

01:36:53,580 --> 01:36:51,260

I'm just out of love

2362

01:36:54,650 --> 01:36:53,590

but I don't have to tell

2363

01:36:55,430 --> 01:36:54,660

[Applause]

2364

01:37:10,370 --> 01:36:55,440

[Music]

2365

01:37:15,410 --> 01:37:13,129

and that is another show complete

2366

01:37:17,750 --> 01:37:15,420

remember as much as you enjoyed this

2367

01:37:19,550 --> 01:37:17,760

which is just the free first hour I hope

2368

01:37:22,250 --> 01:37:19,560

you'll become a plus member to hear the

2369

01:37:24,229 --> 01:37:22,260

full two-hour interviews you also can

2370

01:37:26,750 --> 01:37:24,239

engage with other Plus members in the

2371

01:37:28,129 --> 01:37:26,760

comments and the forums and you'll find

2372

01:37:30,229 --> 01:37:28,139

your answer to one of the most common

2373

01:37:31,970 --> 01:37:30,239

questions I get which is where can I

2374

01:37:33,770 --> 01:37:31,980

find those cover songs that you use at

2375

01:37:36,169 --> 01:37:33,780

the end of the show well they are free

2376

01:37:38,270 --> 01:37:36,179

downloads for Plus members too and

2377

01:37:40,370 --> 01:37:38,280

without Plus members I can't hire the

2378

01:37:42,890 --> 01:37:40,380

occasional musician to bring these odd

2379

01:37:44,810 --> 01:37:42,900

cover song ideas to fruition Plus

2380

01:37:46,610 --> 01:37:44,820

members are how I'm able to do what I do

2381

01:37:49,490 --> 01:37:46,620

without ads and without the big machine

2382

01:37:51,649 --> 01:37:49,500

being on my back we can fit so much more

2383

01:37:53,450 --> 01:37:51,659

into a two-hour interview and I do my

2384

01:37:56,390 --> 01:37:53,460

best to make it worth your time and

2385

01:37:58,850 --> 01:37:56,400

money the conversation only gets deeper

2386

01:38:01,010 --> 01:37:58,860

weirder and more controversial in that

2387

01:38:03,229 --> 01:38:01,020

private hour how could it not the way

2388

01:38:05,209 --> 01:38:03,239

things are going but the best way to

2389

01:38:07,790 --> 01:38:05,219

sign up is at the higher sidechats.com

2390

01:38:10,729 --> 01:38:07,800

where new first-time subscribers always

2391

01:38:13,310 --> 01:38:10,739

get a free 7-Day trial because I'm just

2392

01:38:15,169 --> 01:38:13,320

that confident there's no PayPal on the

2393

01:38:17,330 --> 01:38:15,179

website but if you need to use PayPal

2394

01:38:20,030 --> 01:38:17,340

then sign up through patreon and you get

2395

01:38:21,890 --> 01:38:20,040

all the same episodes our website is a

2396

01:38:23,870 --> 01:38:21,900

credit or debit system but you can also

2397

01:38:26,870 --> 01:38:23,880

scope out the other options like a few

2398

01:38:29,149 --> 01:38:26,880

various cryptos cash or check mail to

2399

01:38:30,530 --> 01:38:29,159

the PO box and I'll even barter with

2400

01:38:32,689 --> 01:38:30,540

most people if you have your own

2401

01:38:35,149 --> 01:38:32,699

business and produce something nice that

2402

01:38:37,790 --> 01:38:35,159

my wife or kid or taste buds might like

2403

01:38:39,770 --> 01:38:37,800

but the architects of consensus reality

2404

01:38:41,629 --> 01:38:39,780

have made it clear that these themes and

2405

01:38:44,390 --> 01:38:41,639

topics aren't really welcome on the main

2406

01:38:46,010 --> 01:38:44,400

stage and so this is how we secure a

2407

01:38:47,930 --> 01:38:46,020

little counterculture corner for

2408

01:38:50,629 --> 01:38:47,940

ourselves and I hope you'll join plus

2409

01:38:53,510 --> 01:38:50,639

because that is the only way it works

2410

01:38:55,729 --> 01:38:53,520

besides you can cancel anytime right on

2411

01:38:57,830 --> 01:38:55,739

your profile page the most common

2412

01:39:00,410 --> 01:38:57,840

concern I hear is people just being

2413

01:39:02,510 --> 01:39:00,420

unsure if THC plus will work with their

2414

01:39:05,149 --> 01:39:02,520

podcast app and the answer is probably

2415

01:39:07,189 --> 01:39:05,159

yes but if not we have several

2416

01:39:09,169 --> 01:39:07,199

high-level app recommendations for

2417

01:39:11,870 --> 01:39:09,179

whatever phone you use and the website

2418

01:39:13,370 --> 01:39:11,880

is made for mobile too we're trained to

2419

01:39:14,990 --> 01:39:13,380

tip a waitress for bringing us a

2420

01:39:17,810 --> 01:39:15,000

sandwich but that tip doesn't give you

2421

01:39:19,729 --> 01:39:17,820

access to a second sandwich really I'm

2422

01:39:21,709 --> 01:39:19,739

not asking for any more than that and I

2423

01:39:23,990 --> 01:39:21,719

think I offer a better service come get

2424

01:39:25,790 --> 01:39:24,000

your second serving of tasty conspiracy

2425

01:39:28,430 --> 01:39:25,800

goodness in exchange for that small

2426

01:39:30,470 --> 01:39:28,440

token of your appreciation beyond that

2427

01:39:32,510 --> 01:39:30,480

let it also be known that we have grown

2428

01:39:34,790 --> 01:39:32,520

and survived as long as we have By Word

2429

01:39:37,250 --> 01:39:34,800

of Mouth I don't care so much about

2430

01:39:40,310 --> 01:39:37,260

social media likes or follows but tell

2431

01:39:42,470 --> 01:39:40,320

the right people about THC and not just

2432

01:39:44,330 --> 01:39:42,480

listeners but the high level figures who

2433

01:39:46,550 --> 01:39:44,340

are better suited to sit down with me

2434

01:39:48,410 --> 01:39:46,560

than most other hosts and if you can

2435

01:39:50,270 --> 01:39:48,420

help me with any of these things I can

2436

01:39:52,209 --> 01:39:50,280

work to bring you better shows which is

2437

01:39:54,530 --> 01:39:52,219

just a a win-win for both of us

2438

01:39:56,990 --> 01:39:54,540

informative entertaining and

2439

01:39:58,610 --> 01:39:57,000

action-packed it also never hurts to

2440

01:40:00,470 --> 01:39:58,620

thank a guest you liked if you have the

2441

01:40:01,970 --> 01:40:00,480

time either we want them to know people

2442

01:40:04,250 --> 01:40:01,980

are listening so they're willing to come

2443

01:40:06,410 --> 01:40:04,260

back down the road too thank you for
