

1

00:00:00,000 --> 00:00:16,319

This series presents information based in part on theory and conjecture.

2

00:00:16,319 --> 00:00:20,844

The producer's purpose is to suggest some possible explanations, but not necessarily

3

00:00:20,844 --> 00:00:26,449

the only ones to the mysteries we will examine.

4

00:00:26,449 --> 00:00:35,659

In 1917, Tsar Nicholas and his royal family were on the brink of catastrophe.

5

00:00:35,659 --> 00:00:40,064

The sudden violence of the Russian Revolution stripped the Tsar of his power.

6

00:00:40,064 --> 00:00:44,989

The entire royal family was brutally murdered.

7

00:00:44,989 --> 00:00:50,154

A legend endures, however, that the Tsar's youngest daughter, Anastasia, escaped the

8

00:00:50,154 --> 00:01:01,967

massacre and is still alive today.

9

00:01:01,967 --> 00:01:08,013

In 1913, Russia proudly celebrated 300 years under Romanov rule.

10

00:01:08,013 --> 00:01:10,896

Tsar Nicholas was probably the richest man in the world.

11

00:01:10,896 --> 00:01:17,223

Tsarina Alexandra was a German princess whom Nicholas married against his parents' wishes.

12

00:01:17,223 --> 00:01:27,113

They have an ailing son, Alexei, and four daughters, Olga, Tautanya, Maria, and Anastasia.

13

00:01:27,113 --> 00:01:34,681

Born in 1901, Anastasia is the youngest and most exuberant of the girls.

14

00:01:34,681 --> 00:01:37,885

Life for the royal family was happy and carefree.

15

00:01:37,885 --> 00:01:46,374

Roller skating on the royal yacht was a favorite pastime for the Tsar's daughters.

16

00:01:46,374 --> 00:01:53,101

A continual flurry of extravagant social events kept the Tsarina happily occupied.

17

00:01:53,101 --> 00:01:59,107

A reluctant ruler, Tsar Nicholas found contentment in the frivolous world of family and court.

18

00:01:59,107 --> 00:02:07,716

He stayed completely isolated from the poverty and ferment of his land.

19

00:02:07,716 --> 00:02:10,840

In much of Russia, food was in short supply.

20

00:02:10,840 --> 00:02:16,045

Hunger a daily reality.

21

00:02:16,045 --> 00:02:20,450

Eighty-five percent of Russia's people were peasants.

22

00:02:20,450 --> 00:02:25,935

Tsar Nicholas's father, Alexander II, had freed them from serfdom, and now they wanted

23

00:02:25,935 --> 00:02:29,139

to own the land they farmed.

24

00:02:29,139 --> 00:02:34,785

Workers were demanding higher wages and to be treated as other than slaves.

25

00:02:34,785 --> 00:02:43,314

Yet Tsar Nicholas remained aloof in a royal world of privilege and established order.

26

00:02:43,314 --> 00:02:51,803

By 1917, the disastrous war with Germany had cost Russia uncounted millions of lives.

27

00:02:51,803 --> 00:02:53,805

Soldiers deserted by the thousands.

28

00:02:53,805 --> 00:02:57,048

They were threats of revolution.

29

00:02:57,048 --> 00:03:02,574

In the streets of St. Petersburg, angry demonstrators demanded immediate change.

30

00:03:02,574 --> 00:03:04,736

Workers went on strike.

31

00:03:04,736 --> 00:03:10,502

Soldiers joined the people.

32

00:03:10,502 --> 00:03:14,987

In a desperate attempt to restore order, the Tsar's generals asked Nicholas to renounce

33

00:03:14,987 --> 00:03:16,909

his throne.

34

00:03:16,909 --> 00:03:24,397

On March 15, 1917, Tsar Nicholas abdicated.

35

00:03:24,397 --> 00:03:28,642

To ensure their safety, Nicholas and his family were held as prisoners.

36

00:03:28,642 --> 00:03:30,844

Their fate remained uncertain.

37

00:03:30,844 --> 00:03:40,054

Everywhere, the once-sacred symbols of Tsardom were torn away.

38

00:03:40,054 --> 00:03:46,300

In Petersburg became a hotbed of political struggle among several revolutionary factions.

39

00:03:46,300 --> 00:03:52,867

All were determined to rest control of Russia, to create a new social order.

40

00:03:52,867 --> 00:03:59,434

The radical Bolsheviks, led by Lenin, won the ruthless battle for power when they stormed

41

00:03:59,434 --> 00:04:01,076

the Winter Palace.

42

00:04:01,076 --> 00:04:12,808

A Russian film heroically dramatized their conquest.

43

00:04:12,808 --> 00:04:19,295

The royal family was now taken to the small Ural mountain town of Ekaterinburg.

44

00:04:19,295 --> 00:04:26,863

They were housed in a mansion under strict Bolshevik guard.

45

00:04:26,863 --> 00:04:32,589

According to history, on July 17, 1918, the entire royal family was brought to the basement

46

00:04:32,589 --> 00:04:37,554

of the mansion and murdered.

47

00:04:37,554 --> 00:04:46,203

Their bodies were then hacked apart and tossed into a mineshaft.

48

00:04:46,203 --> 00:04:52,210

More than 50 years after the Romanov massacre, two British journalists, Tony Summers and

49

00:04:52,210 --> 00:04:57,656

Tom Mangold, uncovered startling new historical facts about the fate of the Russian royal

50

00:04:57,656 --> 00:04:59,257

family.

51

00:04:59,257 --> 00:05:02,901

We got started on this in the way that most journalists start a story, which is reading

52

00:05:02,901 --> 00:05:06,064

somebody else's story or reading the mail or reading newspapers.

53

00:05:06,064 --> 00:05:11,790

In our case, we read a letter in the times of London which asked what had happened to

54

00:05:11,790 --> 00:05:16,035

the relics of the last Tsar of Russia, where were they now in Europe?

55

00:05:16,035 --> 00:05:19,759

And we thought that was vaguely interesting, where indeed were the relics, and what had

56

00:05:19,759 --> 00:05:24,284

really happened to the last Tsar of Russia and his family in the Romanovs.

57

00:05:24,284 --> 00:05:28,288

We thought it was an interesting area which had never been fully investigated and we set

58

00:05:28,288 --> 00:05:29,289

about it.

59

00:05:29,289 --> 00:05:33,854

We thought it would take about two weeks, turn out to take about six years.

60

00:05:33,854 --> 00:05:38,979

But the high point of the investigation was finding the original files of the white Russian

61

00:05:38,979 --> 00:05:44,505

investigator Sokolov, who gave history of the version of what happened to the Romanovs.

62

00:05:44,505 --> 00:05:47,868

We found these files at Harvard University in the States.

63

00:05:47,868 --> 00:05:53,795

And we found very quickly that he had cheated in what he had given to the world.

64

00:05:53,795 --> 00:05:59,120

In other words, the truth was not as everybody thought the truth had been.

65

00:05:59,120 --> 00:06:03,925

A devout anti-Bolshevik, Nikolai Sokolov, explored the mineshaft where the Romanovs

66

00:06:03,925 --> 00:06:08,050

were said to be buried.

67

00:06:08,050 --> 00:06:13,576

Numerous bodies were unearthed, but none were those of the royal family.

68

00:06:13,576 --> 00:06:18,741

But based on scant and tenuous evidence which included fragments of bones, several sets

69

00:06:18,741 --> 00:06:24,827

of corset stays, a denture which may have belonged to the Tsar's physician, and a dismembered

70

00:06:24,827 --> 00:06:30,914

finger, perhaps the Tsarina's, Sokolov brashly concluded that the entire royal family had

71

00:06:30,914 --> 00:06:35,919

been slaughtered by Bolshevik soldiers.

72

00:06:35,919 --> 00:06:41,885

Our evidence collected from a mass of testimony in many different sources, in Germany, Britain,

73

00:06:41,885 --> 00:06:46,090

and in the Harvard Files, suggests that the females of the imperial family, that's the

74

00:06:46,090 --> 00:06:51,976

Tsarina and her four daughters, including the famous Anastasia, did not die at a Katrinberg,

75

00:06:51,976 --> 00:06:58,623

but were taken away by the retreating Bolsheviks to a town about 300 miles northwest.

76

00:06:58,623 --> 00:07:05,150

And that there they were held for three or four months after their supposed deaths.

77

00:07:05,150 --> 00:07:09,074

We know they were alive from the evidence of relatives of guards, people who'd been

78

00:07:09,074 --> 00:07:15,201

able to catch glimpses of them, but apparently reliable witnesses, witnesses whose evidence

79

00:07:15,201 --> 00:07:19,165

was completely suppressed in the official inquiry in the twenties.

80

00:07:19,165 --> 00:07:23,449

These witnesses tell us how the family were kept alive.

81

00:07:23,449 --> 00:07:25,852

Anastasia was with them up to a certain point.

82

00:07:25,852 --> 00:07:32,739

And then sometime in the fall, probably the first or second week of September 1918, Anastasia

83

00:07:32,739 --> 00:07:36,944

made one and possibly two escape attempts.

84

00:07:36,944 --> 00:07:42,830

In February 1920, a half dead person was dragged from a Berlin canal.

85

00:07:42,830 --> 00:07:49,036

It was a young, unidentified woman who appeared about 20 years old.

86

00:07:49,036 --> 00:07:52,680

She was admitted to the Elizabeth Hospital for observation.

87

00:07:52,680 --> 00:07:59,688

She seemed frightened and bewildered and refused to reveal her identity to the doctors.

88

00:07:59,688 --> 00:08:06,455

After two years of silence, she claimed she was the grand duchess Anastasia.

89

00:08:06,455 --> 00:08:13,302

Towerger Empress Marie, the Tsar's mother, heard of the girl and sent relatives to investigate.

90

00:08:13,302 --> 00:08:18,267

None could say absolutely that the woman was Anastasia.

91

00:08:18,267 --> 00:08:24,994

They reported that at best, the ailing girl had only a few years left to live.

92

00:08:24,994 --> 00:08:29,439

Yet others recognized the girl immediately.

93

00:08:29,439 --> 00:08:34,564

Grand Duke Andre, the Tsar's cousin, identified her as Anastasia.

94

00:08:34,564 --> 00:08:40,691

Tatania Votkin, a childhood playmate, positively recognized her.

95

00:08:40,691 --> 00:08:47,778

For them and others, there was no doubt that the woman was Anastasia.

96

00:08:47,778 --> 00:08:51,943

The identity of the woman who claimed to be Anastasia became the subject of a vicious

97

00:08:51,943 --> 00:08:54,786

feud among the surviving Romanovs.

98

00:08:54,786 --> 00:09:00,912

Political intrigue and the prospect of a huge inheritance played a major role in the dispute.

99

00:09:00,912 --> 00:09:04,956

For the next 20 years, her life was unpredictable and erratic.

100

00:09:04,956 --> 00:09:07,839

She spent much of her time in and out of hospitals.

101

00:09:07,839 --> 00:09:11,483

She was pursued and celebrated by American high society.

102

00:09:11,483 --> 00:09:15,007

She lived for years as a guest of European royalty.

103

00:09:15,007 --> 00:09:23,015

Yet still, she had no official identity.

104

00:09:23,015 --> 00:09:27,500

Trapped in a Russian zone during World War II, the supposed Anastasia was rescued by

105

00:09:27,500 --> 00:09:35,388

a former German prince and given a small house in the Black Forest.

106

00:09:35,388 --> 00:09:44,518

There she lived in determined seclusion under the assumed name of Anna Anderson.

107

00:09:44,518 --> 00:09:48,723

Plays and movies based on her life had brought unwanted attention.

108

00:09:48,723 --> 00:09:55,209

She resented any intrusion and in 1968 she abruptly left her hideaway to marry an American

109

00:09:55,289 --> 00:09:58,813

and thereby achieve her first legal identity.

110

00:09:58,813 --> 00:10:05,580

Today, she and her husband are respected members of a prestigious country club in Charlottesville,

111

00:10:05,580 --> 00:10:23,759

Virginia.

112

00:10:23,759 --> 00:10:30,126

I am John E. Manahan of Charlottesville, Virginia, and this is my wife, the Grand Duchess Anastasia

113

00:10:30,126 --> 00:10:32,449

of Russia.

114

00:10:32,449 --> 00:10:39,176

We were married on July, no, on December 27, 1968.

115

00:10:39,176 --> 00:10:42,499

And we've been living here in Charlottesville and have made a number of trips around the

116

00:10:42,499 --> 00:10:44,501

country since.

117

00:10:44,501 --> 00:10:49,066

I know a lot of people are wondering how are we to believe that you are Anastasia.

118

00:10:50,067 --> 00:10:53,070

How shall I tell you who I am?

119

00:10:55,072 --> 00:10:57,075

In which way?

120

00:10:58,076 --> 00:11:00,078

Can you tell me that?

121

00:11:00,078 --> 00:11:04,082

Can you really prove to me who you are?

122

00:11:04,082 --> 00:11:06,084

I can prove who I am.

123

00:11:08,086 --> 00:11:11,089

You can believe it or you don't believe it.

124

00:11:11,089 --> 00:11:13,091

It doesn't matter.

125

00:11:13,091 --> 00:11:15,094

And no anyway whatsoever.

126

00:11:15,094 --> 00:11:22,101

Those people who hear this mess, they get up in the bed, I'll go to sleep and I'll see

127

00:11:22,101 --> 00:11:23,102

them.

128

00:11:23,102 --> 00:11:27,106

They don't know what to hear or what to see and they are not interested.

129

00:11:28,107 --> 00:11:34,114

Recently, compelling new evidence has added support to the claim that Anna Anderson Manahan

130

00:11:34,114 --> 00:11:37,117

is the Grand Duchess Anastasia.

131

00:11:38,118 --> 00:11:44,124

In a house nearly concealed by untended bushes, the Manahans live a slow and rarely interrupted

132

00:11:44,124 --> 00:11:45,125

life.

133

00:11:45,125 --> 00:11:49,130

Her numerous cats are now Mrs. Manahan's main concern.

134

00:11:49,130 --> 00:11:55,136

Mr. Manahan is a retired history professor with a passionate interest in royal genealogy.

135

00:11:55,136 --> 00:12:02,143

This is a picture she's coming at, I think, here is Anastasia as she was in 1929.

136

00:12:03,144 --> 00:12:08,150

And these are the parakeets that were brought from Honolulu by Princess Plania of Russia

137

00:12:08,150 --> 00:12:12,154

after she came on the Beringaria the year after the Prince of Wales had come on the

138

00:12:12,154 --> 00:12:13,155

same ship.

139

00:12:13,155 --> 00:12:19,161

And this is the calendar, the Russian imperial calendar showing the four sisters,

140

00:12:19,161 --> 00:12:21,163

Lizarra, Lizarina and Lizarravich.

141

00:12:21,163 --> 00:12:24,166

This is about 1913 from Russia.

142

00:12:25,168 --> 00:12:28,171

My cats must die for all of these.

143

00:12:28,171 --> 00:12:30,173

Mr. Dirt, absolutely, come on, sit down.

144

00:12:30,173 --> 00:12:33,176

This is the book Russian America about the sale of Alaska, just have a seat.

145

00:12:33,176 --> 00:12:34,177

And the pile.

146

00:12:34,177 --> 00:12:36,179

Don't put the hat on, take the hat off.

147

00:12:36,179 --> 00:12:37,180

I don't.

148

00:12:37,180 --> 00:12:38,181

I keep that hat on.

149

00:12:38,181 --> 00:12:40,183

Sit in the yellow chair, if you will.

150

00:12:40,183 --> 00:12:41,184

In which chair?

151

00:12:41,184 --> 00:12:42,185

That's done.

152

00:12:42,185 --> 00:12:44,188

No, sit in this yellow chair right here.

153

00:12:44,188 --> 00:12:45,189

I don't sit there.

154

00:12:45,189 --> 00:12:46,190

You're going to sit in that chair.

155

00:12:46,190 --> 00:12:50,194

All right, that's her favorite chair sitting, which is the one that's sitting in the chair.

156

00:12:50,194 --> 00:12:51,195

I don't sit there.

157

00:12:51,195 --> 00:12:52,196

You're going to sit in that chair.

158

00:12:52,196 --> 00:12:54,198

All right, that's her favorite chair sitting.

159

00:12:54,198 --> 00:12:56,200

Can you see her in that chair?

160

00:12:56,200 --> 00:12:57,201

Yes.

161

00:12:57,201 --> 00:12:58,202

Take the hat off.

162

00:12:58,202 --> 00:12:59,203

I won't.

163

00:12:59,203 --> 00:13:02,207

All right, now let me see what else we have to show.

164

00:13:02,207 --> 00:13:07,212

Now over here are Maria and Tatiana, and I think this is Maria.

165

00:13:07,212 --> 00:13:09,214

And I think this tall one is Tatiana.

166

00:13:09,214 --> 00:13:16,221

Now actually their hair was all closer to the red that you see of the, without your glasses,

167

00:13:16,221 --> 00:13:18,223

can you tell this apart?

168

00:13:18,223 --> 00:13:20,226

It's not very easy to do, is it?

169

00:13:20,226 --> 00:13:24,230

This is a rather unfamiliar thing, and it's in color.

170

00:13:24,230 --> 00:13:34,240

But I say Maria, Anastasia, Tatiana, Zarina, Zahravic, and Olga Seedy.

171

00:13:34,240 --> 00:13:39,246

And I'm pretty sure that's Olga, although she looks smaller than the other, she was actually the oldest.

172

00:13:39,246 --> 00:13:42,249

I believe that's the way we've gone over this quite often.

173

00:13:42,249 --> 00:13:45,252

I think that's what we settled.

174

00:13:45,252 --> 00:13:52,259

In 1967, the now Mrs. Manahan made a rare public appearance outside her black forest home.

175

00:13:52,259 --> 00:14:00,268

A German court was expected to rule at any time on her long-standing claim to be the grand Duchess Anastasia.

176

00:14:00,268 --> 00:14:04,272

Her court case alone had made legal history.

177

00:14:04,272 --> 00:14:11,279

Lasting 32 years, it was the longest running legal battle of the century and drew much attention.

178

00:14:11,279 --> 00:14:18,287

She was represented by some of Germany's most eminent lawyers who virtually donated their services.

179

00:14:18,287 --> 00:14:24,293

Members of European aristocracy spent small fortunes trying to disprove her claim.

180

00:14:24,293 --> 00:14:29,298

In the end, the verdict was unsatisfactory to both sides.

181

00:14:29,298 --> 00:14:36,306

The Supreme Court finally ruled that her identity as Anastasia had been neither proved nor refuted.

182

00:14:37,307 --> 00:14:43,313

Ian Lilburn, a research historian, was present at much of the Anastasia trial.

183

00:14:43,313 --> 00:14:46,316

He is the acknowledged expert on the case.

184

00:14:46,316 --> 00:14:53,324

Yes, I have studied the case now for 14 years, and although I began from a completely hostile attitude,

185

00:14:53,324 --> 00:15:01,332

I have, in the course of time, come around to believing absolutely in her identity as the grand Duchess Anastasia.

186

00:15:01,332 --> 00:15:09,341

It's not so much the evidence. There is a vast amount of circumstantial evidence in her favor,

187

00:15:09,341 --> 00:15:15,347

but the little details and anecdotes which in themselves mean nothing in a court of law

188

00:15:15,347 --> 00:15:22,354

are vastly impressive to anyone who has experienced them in her presence,

189

00:15:22,354 --> 00:15:26,359

the spontaneity of her remarks and her whole bearing and manner.

190

00:15:26,359 --> 00:15:33,366

And her character is not the character of an impostor at all.

191

00:15:33,366 --> 00:15:37,370

She never cooperated properly with her lawyers.

192

00:15:37,370 --> 00:15:44,378

She is ready to quarrel most of all with the people who have done more for her than anyone.

193

00:15:44,378 --> 00:15:50,384

An impostor would bend over backwards to try to help her friends and her lawyers.

194

00:15:50,384 --> 00:15:52,386

She's done quite the opposite.

195

00:15:53,387 --> 00:15:58,392

Today, Romanov relatives live scattered throughout the world.

196

00:15:58,392 --> 00:16:03,398

Grand Duke Vladimir spends part of each year in Paris.

197

00:16:03,398 --> 00:16:07,402

He is the assumptive heir to the Romanov throne.

198

00:16:07,402 --> 00:16:16,411

I think that it's highly unlikely that Anderson could be an assassin,

199

00:16:16,411 --> 00:16:22,418

because of course you can imagine that the question interested me very much indeed.

200

00:16:22,418 --> 00:16:30,426

And I went into it in great detail and for many reasons, I think which would be rather too long to enumerate here,

201

00:16:30,426 --> 00:16:39,436

I eventually came to the conclusion that she couldn't possibly be my cousin Anastasia.

202

00:16:39,436 --> 00:16:48,445

Prince Frederick of Sax Altenburg has been a consistent supporter of Anna Anderson Manahan.

203

00:17:09,467 --> 00:17:21,480

We've been very often and very sorely beset together and I'm absolutely convinced that she is a real Anastasia.

204

00:17:21,480 --> 00:17:30,490

In the film Anastasia, Ingrid Bergman and Helen Hayes performed a fairy tale scene of recognition which in real life never occurred.

205

00:17:30,490 --> 00:17:35,495

He would say it was all acting. She was some cheap little actress they hired for money.

206

00:17:35,495 --> 00:17:41,501

In a way they did hire me. I was starving after I ran from the last asylum.

207

00:17:41,501 --> 00:17:45,505

I had nowhere to go. Oonin found me on the bank of the Seine.

208

00:17:45,505 --> 00:17:49,510

Maybe I should have run away from him too, but I was so tired of running.

209

00:17:51,512 --> 00:17:52,513

You are ill.

210

00:17:52,513 --> 00:17:58,519

No. I cough only because I'm a little frightened. It doesn't mean...

211

00:17:59,520 --> 00:18:00,521

Say that again.

212

00:18:03,524 --> 00:18:05,526

Did I cough when I'm frightened?

213

00:18:09,531 --> 00:18:12,534

When you were a little girl you coughed when you were frightened.

214

00:18:15,537 --> 00:18:23,546

Mayankaya. Mayankaya. You have come from so far away and I've waited so long.

215

00:18:24,547 --> 00:18:28,551

No, no, no. Don't cry. There's no need to be frightened.

216

00:18:28,551 --> 00:18:32,555

No, no, don't speak. You are safe Anastasia. You are with me.

217

00:18:37,560 --> 00:18:43,567

Recently in Munich, fresh scientific evidence about the identity of Anna Anderson Manahan was made public.

218

00:18:43,567 --> 00:18:48,572

It is information which 20 years ago might have changed the course of her life.

219

00:18:49,573 --> 00:19:03,588

One of Germany's leading identification experts, Dr. Moritz Furtmayer, has made a careful anatomical comparison of Anna Anderson Manahan and the historical Anastasia.

220

00:19:05,590 --> 00:19:11,596

By matching the cardinal points of their faces, he has discovered an overwhelming degree of

physical similarity.

221

00:19:11,596 --> 00:19:16,601

Based on facial comparisons alone, Furtmayer believes that they are one and the same.

222

00:19:17,603 --> 00:19:24,610

Yet more compelling evidence has come from the comparison of their ears, which like fingerprints are unique to each individual.

223

00:19:27,613 --> 00:19:33,619

A photograph of the historical Anastasia's ear was compared with the ear of Anna Anderson Manahan.

224

00:19:34,620 --> 00:19:44,631

Furtmayer concluded that the two were identical. The Grand Duchess Anastasia was absolutely the woman known as Anna Anderson Manahan.

225

00:19:45,632 --> 00:19:55,643

I would like to see Anastasia to live and have some reputable historians in the world say yes.

226

00:19:55,643 --> 00:20:00,648

They believe that this really is the last surviving daughter of the Tsar Anzarina.

227

00:20:01,649 --> 00:20:05,653

Would you like to see a happy resolution of this matter in your lifetime?

228

00:20:05,653 --> 00:20:07,655

I spit on you!

229

00:20:09,657 --> 00:20:16,665

And the fact remains with Anastasia, or Anna Anderson, or whoever the hell she is, we will never know it is now too late,

230

00:20:16,665 --> 00:20:24,673

even if she were to become and tell the full truth, supposing she is the Grand Duchess Anastasia, it could never be checked out.

231

00:20:24,673 --> 00:20:29,679

It is too late and all we have is the dry evidence and the hunch and that's all we're going to have.

232

00:20:34,684 --> 00:20:40,690

For over 50 years this single woman's battle for recognition has captured the public's imagination.

233

00:20:41,691 --> 00:20:52,703

Her plight has been one of history's most beguiling mysteries, yet still today only she knows for certain if she is the Grand Duchess Anastasia.

234

00:20:55,706 --> 00:21:04,715

Today for Mrs. John Manahan, the 50 year quest to establish her true identity is coming to an end.

235

00:21:04,715 --> 00:21:15,727

Weary and frustrated from a lifetime of claims, counter charges and court cases, all she now asks is to be left alone.

236

00:21:16,728 --> 00:21:26,739

Coming up next, 20th Century with Mike Wallace reports on the FBI and the controversy that surrounds its work in the era following the death of J. Edgar Hoover.

237

00:21:26,739 --> 00:21:31,744

Then weapons at war take you into battle with elite German troops of World War II.
