

1

00:00:00,000 --> 00:00:12,061

This series presents information based in part on theory and conjecture.

2

00:00:12,061 --> 00:00:16,582

The producer's purpose is to suggest some possible explanations, but not necessarily

3

00:00:16,582 --> 00:00:23,263

the only ones to the mysteries we will examine.

4

00:00:23,263 --> 00:00:31,424

On August 5, 1962, screen star Marilyn Monroe was found dead of barbiturate poisoning.

5

00:00:31,424 --> 00:00:36,025

Was it really a suicide, as her millions of fans were led to believe?

6

00:00:36,025 --> 00:00:40,146

We came to the conclusion that it was unquestionably a murder.

7

00:00:40,146 --> 00:00:44,546

I very strongly believe that Marilyn's death was an accident.

8

00:00:44,546 --> 00:00:50,707

It was our opinion that this case should most accurately be certified as suicide, or probable

9

00:00:50,707 --> 00:00:51,707

suicide.

10

00:00:51,707 --> 00:00:56,348

I know based upon my particular involvement in it that there was a cover-up of some of

11

00:00:56,348 --> 00:00:58,589

the information to the public.

12

00:00:58,589 --> 00:01:01,269

Marilyn Monroe did not commit suicide.

13

00:01:01,269 --> 00:01:05,070

She was politically assassinated.

14

00:01:05,070 --> 00:01:06,990

She was at the height of her career.

15

00:01:06,990 --> 00:01:09,430

She had everything to live for.

16

00:01:09,430 --> 00:01:12,031

Could this woman have taken her own life?

17

00:01:12,031 --> 00:01:13,791

Was it an accident?

18

00:01:13,791 --> 00:01:17,272

Or was Marilyn Monroe the victim of murder?

19

00:01:21,712 --> 00:01:35,354

Who was this product of Hollywood?

20

00:01:35,354 --> 00:01:40,235

Raised in an orphanage and foster homes, Norma Jean Baker grew up in the Hollywood of the

21

00:01:40,235 --> 00:01:41,235

30s.

22

00:01:41,235 --> 00:01:45,556

A fantasy land where anything could happen.

23

00:01:45,556 --> 00:01:52,477

Its glitter and magic filled the dreams of a troubled little girl who wanted desperately

24

00:01:52,477 --> 00:01:57,238

to be a part of it all.

25

00:01:57,238 --> 00:02:05,879

At 16, Norma Jean went off to the photographers and on to become Marilyn Monroe, one of America's

26

00:02:05,879 --> 00:02:10,880

biggest stars.

27

00:02:11,880 --> 00:02:19,362

Her life can be summed up in a series of headlines.

28

00:02:19,362 --> 00:02:22,962

The ultimate sex goddess.

29

00:02:22,962 --> 00:02:27,603

Adored by millions.

30

00:02:27,603 --> 00:02:31,844

Married to one of America's greatest athletes.

31

00:02:31,844 --> 00:02:37,525

Married to one of America's most gifted playwrights.

32

00:02:37,525 --> 00:02:41,325

Just from them both.

33

00:02:41,325 --> 00:02:50,647

The troubled little girl became a confused and often desolate woman.

34

00:02:50,647 --> 00:02:56,928

On August 5th, 1962, Marilyn Monroe died of barbiturate poisoning.

35

00:02:56,928 --> 00:03:02,689

This product of Hollywood had become its victim.

36

00:03:02,689 --> 00:03:05,729

The story of her death has been carefully pieced together.

37

00:03:05,729 --> 00:03:10,170

The information about Marilyn Monroe came from personal friends, members of her household

38

00:03:10,170 --> 00:03:13,971

staff and the first officer to arrive at the scene.

39

00:03:13,971 --> 00:03:19,051

Further information came from doctors, coroner's office personnel and others who might give

40

00:03:19,051 --> 00:03:21,372

insight into the case.

41

00:03:21,372 --> 00:03:27,053

The purpose of this investigation is not to accuse, but to examine some of the inconsistencies

42

00:03:27,053 --> 00:03:28,893

that seem to exist.

43

00:03:28,893 --> 00:03:34,134

These inconsistencies become apparent when we examine the evening of her death.

44

00:03:34,134 --> 00:03:39,255

Mrs. Eunice Murray, Marilyn's housekeeper, states that Marilyn retired early, closing

45

00:03:39,255 --> 00:03:42,895

the door to her bedroom after receiving a phone call from a friend.

46

00:03:42,895 --> 00:03:44,335

Her spirits were high.

47

00:03:44,335 --> 00:03:46,936

She had made plans for the following day.

48

00:03:46,936 --> 00:03:54,537

In this recreation, Mrs. Murray explains what happened later that night.

49

00:03:54,537 --> 00:04:00,618

About midnight, I stepped out of my bedroom door and noticed immediately the telephone

50

00:04:00,618 --> 00:04:09,139

cord on the floor leading to Marilyn's room, and this was an alarm.

51

00:04:09,139 --> 00:04:15,460

There was a telephone that originated in another bedroom that Marilyn took to her room, but

52

00:04:15,460 --> 00:04:19,341

when she went to bed at night, she would take the telephone itself, the instrument, back

53

00:04:19,341 --> 00:04:24,602

into the room and cover it with pillows so she wouldn't hear it ring.

54

00:04:24,602 --> 00:04:31,923

She had that telephone cord that went under her door, and that was an alarm signal, the

55

00:04:31,923 --> 00:04:34,364

only one that I had.

56

00:04:34,364 --> 00:04:40,084

So I rushed to another telephone in the other bedroom and called the doctor, told him what

57

00:04:40,084 --> 00:04:43,125

I had observed.

58

00:04:43,125 --> 00:04:48,046

He said, try the door, which I did.

59

00:04:48,046 --> 00:04:53,327

And I went back and told him that I couldn't open the door, but I would rush outside and

60

00:04:53,327 --> 00:04:58,287

see if I could separate the curtains at the window.

61

00:04:58,287 --> 00:05:06,809

And I had to come back in the house and get a poker to separate the draperies.

62

00:05:06,809 --> 00:05:12,090

I saw Marilyn lying with her face down.

63

00:05:12,090 --> 00:05:15,770

Almost immediately, it seemed to be, the doctors appeared.

64

00:05:15,770 --> 00:05:21,891

Dr. Pineson lived very near, within, what, less than two miles.

65

00:05:21,891 --> 00:05:32,173

And then Dr. Greenson tried the door, of course, then went outside and took the poker from

66

00:05:32,173 --> 00:05:37,534

my hand and broke the glass of the window that he could get into.

67

00:05:37,534 --> 00:05:42,175

One of the windows didn't have the iron grill.

68

00:05:42,175 --> 00:05:48,736

And I ran around the house and into the house and stood at the door waiting.

69

00:05:48,736 --> 00:05:54,617

And by the time he came to the door and opened it, he said we've lost her.

70

00:05:54,617 --> 00:05:59,697

My name is Jack Clemens.

71

00:05:59,697 --> 00:06:04,978

On the night Marilyn Maraud died, I was a sergeant on the Los Angeles Police Department.

72

00:06:04,978 --> 00:06:08,099

I was a watch commander of West LA Division.

73

00:06:08,099 --> 00:06:17,820

When I arrived at the house, Mrs. Murray, who was Marilyn's housekeeper, showed me in.

74

00:06:17,820 --> 00:06:21,461

I met her psychiatrist who had called me Dr. Greenson.

75

00:06:21,461 --> 00:06:26,542

I was shown the scene, shown the body, and I was shown a table alongside the bed that

76

00:06:26,542 --> 00:06:29,382

contained a considerable number of bottles.

77

00:06:29,382 --> 00:06:36,183

I was shown one empty bottle that I was told had contained approximately 45 nebgital.

78

00:06:36,183 --> 00:06:42,984

I put out a call over the police radio for two more units to meet me at the scene.

79

00:06:42,984 --> 00:06:48,465

And another sergeant to take charge of the scene and a field unit to protect the scene

80

00:06:48,465 --> 00:06:56,147

because when the press, etc., began to arrive, this would be necessary.

81

00:06:56,147 --> 00:07:01,107

There were two things at the scene that disturbed me.

82

00:07:01,107 --> 00:07:06,028

One was a time element between the discovery of the body and the cause of the police station.

83

00:07:06,028 --> 00:07:11,309

As I was told, the housekeeper had discovered Marilyn's body at approximately 11.30 or

84

00:07:11,309 --> 00:07:16,990

midnight, but they had not phoned the police until about 4.30 a.m.

85

00:07:16,990 --> 00:07:24,111

I was told by Dr. Greenson that this was because I had checked with the publicity department

86

00:07:24,111 --> 00:07:26,311

at the studio.

87

00:07:26,311 --> 00:07:29,872

That didn't make much sense.

88

00:07:29,872 --> 00:07:37,193

The other thing that would have obviously occurred had the situation been as it had represented

89

00:07:37,193 --> 00:07:41,754

to me was that there would have been vomit from her because you simply cannot swallow

90

00:07:41,754 --> 00:07:45,355

that much barbiturates without throwing some of it up later on.

91

00:07:45,355 --> 00:07:49,395

It has a very violent reaction in the stomach.

92

00:07:49,395 --> 00:07:52,596

Experts throughout the country became intrigued with the case.

93

00:07:52,596 --> 00:07:57,917

Dr. Sidney Weinberg, coroner of Suffolk County, New York, questioned the finding of the suicide

94

00:07:57,917 --> 00:08:00,317

investigation team.

95

00:08:00,317 --> 00:08:11,799

People who have died as a result of excessive ingestion by mouth of barbiturates is that

96

00:08:11,799 --> 00:08:21,200

in their agonal stages as they're dying, they throw up, they have regurgitation and this

97

00:08:21,200 --> 00:08:29,482

regurgitated material comes out onto the pillowcase or whatever they're resting on.

98

00:08:29,482 --> 00:08:34,483

A member of the suicide investigation team was psychiatrist Robert Littman.

99

00:08:34,483 --> 00:08:40,524

No, people don't go through contortions.

100

00:08:40,524 --> 00:08:43,004

They seldom vomit.

101

00:08:43,004 --> 00:08:47,605

It depends on how much water they need to take down the pills.

102

00:08:47,605 --> 00:08:53,446

The absence of agreement between expert opinions and the facts he observed led Jack Clemens

103

00:08:53,446 --> 00:08:56,206

to begin an investigation of his own.

104

00:08:56,206 --> 00:09:02,407

Part of an unofficial investigation you might see, an association with several civilians.

105

00:09:02,407 --> 00:09:08,208

No one on the police department was involved in this except myself.

106

00:09:08,208 --> 00:09:12,729

We came to the conclusion that it was unquestionably a murder.

107

00:09:12,729 --> 00:09:21,050

The reason being quite simply the fact that the coroner's report did not show a trace of

108

00:09:21,050 --> 00:09:24,771

barbiturates any place in her digestive tract.

109

00:09:24,771 --> 00:09:28,411

At the autopsy her stomach was empty.

110

00:09:28,411 --> 00:09:36,373

What that means is that a considerable period of time, several hours had elapsed between

111

00:09:36,373 --> 00:09:42,054

the time she ingested the fatal pills and the time she died.

112

00:09:42,054 --> 00:09:43,894

But that is quite common.

113

00:09:43,894 --> 00:09:47,614

Now this is the perplexing thing.

114

00:09:47,614 --> 00:09:58,656

It's inconceivable that a person could take that amount of pentobarbital by mouth and

115

00:09:58,656 --> 00:10:03,217

not have any trace of it chemically in the stomach.

116

00:10:03,217 --> 00:10:07,618

There would have been some residue in the digestive tract and there was none.

117

00:10:07,618 --> 00:10:11,938

Therefore, she could only have gotten it through another method.

118

00:10:11,938 --> 00:10:14,779

Specifically, there are two ways she could have gotten it.

119

00:10:14,779 --> 00:10:16,619

One was a hypodermic needle.

120

00:10:16,619 --> 00:10:20,120

The other was a suppository.

121

00:10:20,120 --> 00:10:23,820

There is a very high rate of absorption from a suppository.

122

00:10:23,820 --> 00:10:28,621

She had a lethal dose in her blood that she did not swallow.

123

00:10:28,621 --> 00:10:31,942

Therefore it had to be given to her by somebody else.

124

00:10:31,942 --> 00:10:35,382

That person she had to know and she had to trust.

125

00:10:35,382 --> 00:10:44,184

Now if the death was caused by injection and she did it herself, then where is the syringe?

126

00:10:44,184 --> 00:10:46,664

It was not present at the scene.

127

00:10:46,664 --> 00:10:50,905

And if she didn't do it, then someone else had to do it.

128

00:10:50,905 --> 00:10:55,105

So I do not hesitate at all to call this what it simply is.

129

00:10:55,105 --> 00:10:57,106

It is a murder.

130

00:10:57,106 --> 00:11:03,787

And I do not hesitate at all to further go and say that a conspiracy existed between

131

00:11:03,787 --> 00:11:09,188

the police department, between the coroner's office and between the L.A. County District

132

00:11:09,188 --> 00:11:15,949

Attorney's Office to conceal this murder and pass it off as a suicide.

133

00:11:15,949 --> 00:11:19,549

My name is Lionel Grandison and I was in Deputy's Corner's Aid at the time of Marilyn

134

00:11:19,549 --> 00:11:21,110

Monroe's death.

135

00:11:21,110 --> 00:11:25,110

I believe that there was a cover-up of Marilyn Monroe's death.

136

00:11:25,110 --> 00:11:30,151

It is not really clear to me if she was murdered or if in fact it was suicide.

137

00:11:30,151 --> 00:11:36,072

But I know based upon my particular involvement that there was a cover-up of some of the information

138

00:11:36,072 --> 00:11:38,632

to the public.

139

00:11:38,632 --> 00:11:40,793

And I signed her death certificate.

140

00:11:40,793 --> 00:11:45,794

The person who signed the death certificate is their responsibility to look through the

141

00:11:45,794 --> 00:11:51,194

file, be sure that all the information pertaining to the death is in the file and that if it

142

00:11:51,194 --> 00:11:53,475

is not you go and seek it out.

143

00:11:53,475 --> 00:11:57,836

But supposedly when it gets to that death all the information is there.

144

00:11:57,836 --> 00:12:00,156

But in Marilyn's case it was not there.

145

00:12:00,156 --> 00:12:07,877

So looking to do my job again, I went through the various suicide teams report, the medical

146

00:12:07,877 --> 00:12:12,478

examiners report, the toxicologists report, all the various reporters are supposed to

147

00:12:12,478 --> 00:12:14,438

be a part of a folder.

148

00:12:14,438 --> 00:12:15,958

Okay, I went to seek them out.

149

00:12:15,958 --> 00:12:19,719

And everywhere I went I found that there was no information on it.

150

00:12:19,719 --> 00:12:22,720

Why should I sign the death certificate without the information?

151

00:12:22,720 --> 00:12:28,681

But when I went to Dr. Curfee to ask him about this file he told me that it was not my responsibility

152

00:12:28,681 --> 00:12:32,161

to ask questions about it, to sign the death certificate.

153

00:12:32,161 --> 00:12:38,362

We made our report to Dr. Theodore Curfee who was the medical examiner at that time.

154

00:12:38,362 --> 00:12:42,523

Immediately upon receiving our report he did call a press conference and we announced

155

00:12:42,523 --> 00:12:45,043

our findings to the press.

156

00:12:45,043 --> 00:12:50,044

No one in the office ever saw this report from the suicide team.

157

00:12:50,044 --> 00:12:54,285

At the time when Dr. Curfee told me to sign the death certificate that was one of the

158

00:12:54,285 --> 00:12:57,005

specific questions I asked him.

159

00:12:57,005 --> 00:12:59,326

What about the report from the suicide team?

160

00:12:59,326 --> 00:13:00,326

Okay?

161

00:13:00,326 --> 00:13:04,526

He said that we recovered by the fact that we stated probable suicide.

162

00:13:04,526 --> 00:13:05,527

Okay?

163

00:13:05,527 --> 00:13:10,807

And that he had both an oral and a written report from the suicide team that would come

164

00:13:10,807 --> 00:13:13,728

into the report at a later date.

165

00:13:13,728 --> 00:13:18,929

Some experts feel the conclusion of probable suicide should be questioned.

166

00:13:18,929 --> 00:13:24,810

I'm not saying that Marilyn Monroe was murdered but I offer the possibility in view of the

167

00:13:24,810 --> 00:13:29,971

evidence that that possibility does exist.

168

00:13:29,971 --> 00:13:37,612

And unless further information can be supplied, the findings of a complete investigation until

169

00:13:37,612 --> 00:13:42,653

I would see those personally, I'm very unsatisfied with the certification.

170

00:13:42,653 --> 00:13:49,774

I believe that Marilyn did not commit suicide purposely.

171

00:13:49,774 --> 00:13:52,374

I think it was an accident.

172

00:13:52,374 --> 00:13:57,095

It's the only reasonable logical conclusion that I would have.

173

00:13:57,095 --> 00:14:04,936

And I have good reason to believe that because she had told me that if ever there came a

174

00:14:04,936 --> 00:14:10,617

time when I knew that she had taken some sedation, I should watch very carefully unless she went

175

00:14:10,617 --> 00:14:15,218

to sleep that she wouldn't take another dose of sedation.

176

00:14:15,218 --> 00:14:22,539

Her own housekeeper cannot accept the suicide charge but thinks it was an accident.

177

00:14:22,539 --> 00:14:27,180

Robert Littman reports on the findings of the psychological autopsy.

178

00:14:27,180 --> 00:14:34,101

Our main problem in this case was to distinguish between suicide and accident.

179

00:14:34,101 --> 00:14:42,542

It is quite possible for someone who is chronically or habitually using large amounts of sleeping

180

00:14:42,542 --> 00:14:47,663

pills and Ms. Monroe had a chronic difficult sleep problem.

181

00:14:47,663 --> 00:14:57,665

Such people sometimes will overdose accidentally without deliberately meaning to take the overdose.

182

00:14:57,665 --> 00:15:04,826

When people do that, usually there are signs of disarray and confusion in the room because

183

00:15:04,826 --> 00:15:08,507

they've been toxic, intoxicated.

184

00:15:08,507 --> 00:15:17,308

And there are often pills scattered around because they've lost track of them.

185

00:15:17,308 --> 00:15:22,829

And usually there are still our pills left on the scene because people who are abusing

186

00:15:22,829 --> 00:15:27,830

drugs using large amounts, the thing they dread most is to run out.

187

00:15:27,830 --> 00:15:31,150

So they always maintain a supply.

188

00:15:31,150 --> 00:15:38,751

We think of suicide then when we have someone who has made special provision to get extra

189

00:15:38,751 --> 00:15:46,193

pills which was true in this case and someone who has used up all their pills which was

190

00:15:46,193 --> 00:15:48,073

that true in this case.

191

00:15:48,073 --> 00:15:54,034

Suicide, accident or was Marilyn Monroe as some believe the victim of murder.

192

00:15:54,034 --> 00:15:56,274

A tale of intrigue has been suggested.

193

00:15:56,274 --> 00:16:02,315

A tale woven around not only the inconsistencies in the case but around wiretaps, blackmail

194

00:16:02,315 --> 00:16:07,436

and the alleged existence of the mysterious diary of Marilyn Monroe.

195

00:16:07,436 --> 00:16:12,797

Milo Spariglio, a private investigator with the Nick Harris detective agency.

196

00:16:12,797 --> 00:16:18,158

In 1975 a noted investigative reporter by the name of Alice Stump brought to us a gentleman

197

00:16:18,158 --> 00:16:22,318

by the name of Bob Slateser, an investigative reporter and an author.

198

00:16:22,318 --> 00:16:24,559

He had an incredible story to tell us.

199

00:16:24,559 --> 00:16:28,519

He believed that Marilyn Monroe was murdered and did not commit suicide.

200

00:16:28,519 --> 00:16:31,440

It's not very often we would investigate a client.

201

00:16:31,440 --> 00:16:34,600

In this particular case we found it necessary.

202

00:16:34,600 --> 00:16:39,121

Mr. Slatenser's story was so incredible about the death of Marilyn Monroe, the possibility

203

00:16:39,121 --> 00:16:43,722

of a homicide, probability of a famous person or persons involved.

204

00:16:43,722 --> 00:16:45,802

We checked Mr. Slatenser's story out.

205

00:16:45,802 --> 00:16:50,203

At that point we were convinced Mr. Slatenser had a story to tell and we had an investigation

206

00:16:50,203 --> 00:16:51,603

to do.

207

00:16:51,603 --> 00:16:57,604

Hollywood writer producer Robert Slatenser wrote a book on the death of Marilyn Monroe.

208

00:16:57,604 --> 00:17:03,525

Shortly before Marilyn was found dead possibly a little bit over two weeks before she had

209

00:17:03,525 --> 00:17:09,046

called me quite alarmed one afternoon and asked me if I could pick her up and drive out to

210

00:17:09,046 --> 00:17:10,046

the beach north of Malibu.

211

00:17:10,046 --> 00:17:14,247

There were some things she wanted to show me and tell me about which included the diary.

212

00:17:14,247 --> 00:17:18,288

The entries in her diary are quite interesting and involve national security which startled

213

00:17:18,288 --> 00:17:21,248

me quite frankly.

214

00:17:21,248 --> 00:17:26,249

Lionel Grandison saw Marilyn's personal effects in the county coroner's office.

215

00:17:26,249 --> 00:17:31,890

I had an occasion to look through the diary again looking and it had some pretty bizarre

216

00:17:31,890 --> 00:17:35,410

information in there that no one had spoke about at that time.

217

00:17:35,410 --> 00:17:40,251

But I do know that these notations were in that book and I know that that book only lasted

218

00:17:40,251 --> 00:17:43,932

around the coroner's office for about one day.

219

00:17:43,932 --> 00:17:51,893

I was especially concerned with Marilyn keeping that diary and I asked her if she didn't think

220

00:17:51,893 --> 00:17:55,934

if I told her I thought it was a piece of dynamite she was carrying around with her

221

00:17:55,934 --> 00:18:01,055

quite frankly and she said well don't worry about it because she said I carried my purse

222

00:18:01,055 --> 00:18:07,496

during the daytime when I'm away and so forth when I'm home it's in my file cabinet.

223

00:18:07,496 --> 00:18:11,736

Somebody else must have gotten this information too because her file cabinet had been broken

224

00:18:11,736 --> 00:18:18,657

into on two different occasions within ten days before she was found dead and it happened

225

00:18:18,657 --> 00:18:25,899

to be that many mysterious things began to happen about this time and including her fear

226

00:18:25,899 --> 00:18:30,139

of the telephone lines being tapped which were eventually proven.

227

00:18:30,139 --> 00:18:33,700

Marilyn Monroe always had a fear that her phones were tapped.

228

00:18:33,700 --> 00:18:38,381

Little did she know that her rooms were also bugged and Marilyn Monroe had a very good

229

00:18:38,381 --> 00:18:41,941

cause to believe that her phones were tapped because of her involvement with some political

230

00:18:41,941 --> 00:18:42,941

people.

231

00:18:42,941 --> 00:18:50,343

In 1977 on the old Marilyn Monroe house there was a leak on the roof and they called in

232

00:18:50,343 --> 00:18:52,143

a repairment of a repairman.

233

00:18:52,143 --> 00:18:55,783

This particular gentleman worked with the signal corps of the United States government prior

234

00:18:55,783 --> 00:19:01,784

to his construction type of business and was very well familiar with wire taps and room

235

00:19:01,784 --> 00:19:06,345

bugs and he discovered a tremendous amount of wire inside the house.

236

00:19:06,345 --> 00:19:08,345

Now this is not common household wire.

237

00:19:08,345 --> 00:19:14,426

The type of wire he found was which is known as direct room bugs which is capable of keeping

238

00:19:14,426 --> 00:19:19,707

the entire house bugged for any length of time and it was believed that the wires were

239

00:19:19,707 --> 00:19:23,628

in the house way back in the 1960s.

240

00:19:23,628 --> 00:19:28,189

The barriglio told us that an article to this effect appeared in a newspaper but we were

241

00:19:28,189 --> 00:19:31,629

unable to substantiate this claim.

242

00:19:31,629 --> 00:19:36,630

After her mysterious death the attorney general of the United States ordered a raid on the

243

00:19:36,630 --> 00:19:40,871

house of a person by the name of Bernard Spender.

244

00:19:40,871 --> 00:19:45,591

He was a noted wire tapper working directly for Jimmy Hoffa.

245

00:19:45,591 --> 00:19:50,992

The raid took 12 hours and to our knowledge it was the only raid that was ever bugged.

246

00:19:50,992 --> 00:19:56,393

The first five and a half hours of it was taped by the wire tapper unbeknownst to the

247

00:19:56,393 --> 00:19:58,434

United States government.

248

00:19:58,434 --> 00:20:05,195

In those tapes they found according to very reliable sources the tapes of the actual murder

249

00:20:05,195 --> 00:20:06,195

of Marilyn Monroe.

250

00:20:06,195 --> 00:20:10,556

It was on sound, the rooms were bugged as well as the telephones.

251

00:20:10,556 --> 00:20:15,676

The New York Times reported that a raid was made on the home of Bernard Spindel.

252

00:20:15,676 --> 00:20:21,197

He claimed that the tapes of Marilyn Monroe's murder were among tapes confiscated in that

253

00:20:21,197 --> 00:20:22,958

raid.

254

00:20:22,958 --> 00:20:28,158

After Spindel was arrested for electronic eavesdropping he died in prison eliminating

255

00:20:28,158 --> 00:20:32,659

any possibility of substantiating his claim.

256

00:20:32,659 --> 00:20:37,640

In the controversy surrounding Marilyn Monroe's death both sides have made statements that

257

00:20:37,640 --> 00:20:41,080

remain unsupportable.

258

00:20:41,080 --> 00:20:46,361

Their investigation attempted to separate fact from rumored innuendo.

259

00:20:46,361 --> 00:20:48,762

But questions still remain.

260

00:20:48,762 --> 00:20:56,723

Why did so many hours elapse between the discovery of her body and the arrival of the police?

261

00:20:56,723 --> 00:21:03,124

Question did someone take the intimate details of Marilyn Monroe's private life?

262

00:21:03,124 --> 00:21:09,685

Question if a diary did exist where is it now?

263

00:21:09,685 --> 00:21:20,287

Do we ever know what really happened on the night of August 5th, 1962?

264

00:21:20,287 --> 00:21:26,008

Once upon a time in the magic land of Hollywood a troubled little girl dreamt of fame and

265

00:21:26,008 --> 00:21:28,208

stardom.

266

00:21:28,208 --> 00:21:32,049

Her dream came true.

267

00:21:32,049 --> 00:21:38,170

Marilyn Monroe was at the height of her career when her Hollywood fantasy ended in tragedy.

268

00:21:38,170 --> 00:22:01,093

A tragedy shrouded in mystery.
