

EPIC VOYAGES RADIO

EXTRAORDINARY PHENOMENA INVESTIGATIONS COUNCIL

Louis Buff Parry

1
00:00:06,550 --> 00:00:02,629
you're listening to irn

2
00:00:28,390 --> 00:00:06,560
the inception radio network chicago

3
00:00:28,400 --> 00:00:42,470
to unfold

4
00:00:42,480 --> 00:01:07,030
now

5
00:01:10,830 --> 00:01:08,469
the extraordinary phenomenon

6
00:01:13,429 --> 00:01:10,840
investigations council presents epic

7
00:01:15,270 --> 00:01:13,439
voyages come join us as we hit her and

8
00:01:17,990 --> 00:01:15,280
experience the great mysteries of the

9
00:01:51,350 --> 00:01:18,000
world with tonight's host carol carl and

10
00:01:51,360 --> 00:02:08,229
tell me

11
00:02:13,830 --> 00:02:10,309
good evening everyone and welcome back

12
00:02:16,390 --> 00:02:13,840
to epic voyages radio on inception radio

13
00:02:17,830 --> 00:02:16,400

network my name is bill forte and i will

14

00:02:20,229 --> 00:02:17,840

be your host tonight

15

00:02:21,190 --> 00:02:20,239

and i'm your host your co-host carol

16

00:02:22,710 --> 00:02:21,200

carl

17

00:02:24,710 --> 00:02:22,720

okay before we begin the show i'd like

18

00:02:27,190 --> 00:02:24,720

to remind our listeners that you can

19

00:02:29,830 --> 00:02:27,200

listen to epic voyages radio every

20

00:02:32,390 --> 00:02:29,840

monday night on inception radio network

21

00:02:33,990 --> 00:02:32,400

beginning at 9 00 pm eastern time

22

00:02:37,750 --> 00:02:34,000

and epic voyages radio is also

23

00:02:41,110 --> 00:02:37,760

rebroadcast on darkmatterradio.net

24

00:02:43,750 --> 00:02:41,120

on fridays at 8pm eastern time

25

00:02:45,910 --> 00:02:43,760

and epic voyagers has recently added

26

00:02:48,790 --> 00:02:45,920

several guest hosts to our lineup

27

00:02:51,270 --> 00:02:48,800

including us and what a roster of topics

28

00:02:54,070 --> 00:02:51,280

and guests we have coming up be sure to

29

00:02:55,910 --> 00:02:54,080

go to epicvoyagers.com at least weekly

30

00:02:58,309 --> 00:02:55,920

and look at our schedule for topics and

31

00:03:00,790 --> 00:02:58,319

guests you'll definitely want to mark

32

00:03:03,030 --> 00:03:00,800

monday nights on inception radio and

33

00:03:04,869 --> 00:03:03,040

friday nights on dark matter radio

34

00:03:07,030 --> 00:03:04,879

network so that you don't make any

35

00:03:08,630 --> 00:03:07,040

missings of that action coming up in

36

00:03:10,949 --> 00:03:08,640

just the next few weeks we're going to

37

00:03:13,750 --> 00:03:10,959

be talking to some big names about some

38

00:03:17,990 --> 00:03:13,760

amazing topics they'll be ted peters and

39

00:03:20,309 --> 00:03:18,000

his book ufos god's chariots lynn caston

40

00:03:21,270 --> 00:03:20,319

in his book secret journey to planet

41

00:03:22,869 --> 00:03:21,280

serpo

42

00:03:25,990 --> 00:03:22,879

john greenwald will come on and talk

43

00:03:27,990 --> 00:03:26,000

about his site the black vault and ray

44

00:03:29,910 --> 00:03:28,000

hernandez with the foundation for

45

00:03:32,630 --> 00:03:29,920

research into extraterrestrial

46

00:03:33,990 --> 00:03:32,640

encounters or f f-r-e-e

47

00:03:36,789 --> 00:03:34,000

and all these shows are going to be

48

00:03:39,910 --> 00:03:36,799

archived at inception radio network and

49

00:03:42,710 --> 00:03:39,920

also on epic voyager's youtube channel

50

00:03:44,550 --> 00:03:42,720

so if you miss one we got you covered

51
00:03:47,110 --> 00:03:44,560
and you can also ask questions for our

52
00:03:49,270 --> 00:03:47,120
guests at the inception radio network

53
00:03:51,270 --> 00:03:49,280
chat room just be sure to put them in

54
00:03:53,589 --> 00:03:51,280
caps so that carol and i can spot them

55
00:03:59,190 --> 00:03:53,599
easier you can also call in with any

56
00:04:02,550 --> 00:04:00,550
five 888-919-2355

57
00:04:05,470 --> 00:04:02,560
okay tonight our guest will be louis

58
00:04:09,509 --> 00:04:05,480
buff parry and his website is

59
00:04:14,630 --> 00:04:09,519
louisbuffparry.com that's l o u i s

60
00:04:15,910 --> 00:04:14,640
b u f f p a r r y com and we are

61
00:04:18,710 --> 00:04:15,920
announcing

62
00:04:21,509 --> 00:04:18,720
the premiere of his new youtube channel

63
00:04:23,110 --> 00:04:21,519

tonight which is called truth in the

64

00:04:24,870 --> 00:04:23,120

buff

65

00:04:27,430 --> 00:04:24,880

right now he has two videos posted for

66

00:04:30,870 --> 00:04:27,440

viewing and they are called oak island

67

00:04:33,830 --> 00:04:30,880

confessions and omissions part one and

68

00:04:35,270 --> 00:04:33,840

two so go check that out after show um

69

00:04:37,110 --> 00:04:35,280

sounds like a perfect way to round up

70

00:04:38,310 --> 00:04:37,120

this evening oh yeah after the show i'm

71

00:04:40,950 --> 00:04:38,320

definitely going over there and checking

72

00:04:42,629 --> 00:04:40,960

that out right over there see you there

73

00:04:44,950 --> 00:04:42,639

okay lewis buff parry is an

74

00:04:48,230 --> 00:04:44,960

international scholar a renowned code

75

00:04:51,189 --> 00:04:48,240

cracker inventor and renaissance man of

76
00:04:53,270 --> 00:04:51,199
the arts and sciences tonight we will be

77
00:04:55,189 --> 00:04:53,280
discussing specifically his work with

78
00:04:57,749 --> 00:04:55,199
the cuneiform artifacts found in north

79
00:05:00,150 --> 00:04:57,759
america and also his groundbreaking

80
00:05:03,029 --> 00:05:00,160
decoding of the shepherds monument and

81
00:05:05,430 --> 00:05:03,039
the history and mystery of oak island

82
00:05:08,070 --> 00:05:05,440
and the money pit so let's bring on buff

83
00:05:10,310 --> 00:05:08,080
buff are you there i sure am bill how

84
00:05:12,950 --> 00:05:10,320
are you doing this tonight oh very well

85
00:05:15,189 --> 00:05:12,960
very well i've been before i forget uh

86
00:05:17,430 --> 00:05:15,199
for those who do uh tune in to the

87
00:05:18,390 --> 00:05:17,440
youtube channel truth in the buff there

88
00:05:21,430 --> 00:05:18,400

is a

89

00:05:23,029 --> 00:05:21,440

third part that is not posted yet and uh

90

00:05:26,150 --> 00:05:23,039

you're all going to be left hanging

91

00:05:30,629 --> 00:05:26,160

which i think my uh manager of the of

92

00:05:34,150 --> 00:05:32,550

yeah a cliffhanger

93

00:05:35,749 --> 00:05:34,160

what what type of videos do you plan on

94

00:05:38,950 --> 00:05:35,759

putting on that uh youtube channel by

95

00:05:44,070 --> 00:05:41,510

you know that we are making um

96

00:05:45,350 --> 00:05:44,080

ourselves there may be some other videos

97

00:05:47,990 --> 00:05:45,360

that we put on

98

00:05:50,629 --> 00:05:48,000

uh that are not of our own making but

99

00:05:54,070 --> 00:05:50,639

are relevant to the general themes of

100

00:05:56,550 --> 00:05:54,080

the channel so they're going to be uh uh

101
00:05:59,830 --> 00:05:56,560
a few videos where i'm um

102
00:06:01,029 --> 00:05:59,840
sort of uh rebuffering uh

103
00:06:02,870 --> 00:06:01,039
the uh

104
00:06:04,710 --> 00:06:02,880
everything

105
00:06:06,230 --> 00:06:04,720
yeah you'll be hearing this name a whole

106
00:06:08,870 --> 00:06:06,240
lot of times

107
00:06:12,629 --> 00:06:08,880
um where you know i i've received some

108
00:06:16,230 --> 00:06:12,639
uh fair amount of uh criticism and uh i

109
00:06:17,830 --> 00:06:16,240
think undeserved uh uh misunderstanding

110
00:06:19,510 --> 00:06:17,840
in in

111
00:06:20,550 --> 00:06:19,520
in a lot of the areas that i've done

112
00:06:22,629 --> 00:06:20,560
work and

113
00:06:25,430 --> 00:06:22,639

so we're going to be addressing that to

114

00:06:27,749 --> 00:06:25,440

kind of clear the air and and

115

00:06:29,029 --> 00:06:27,759

and make uh certain that that it is

116

00:06:31,590 --> 00:06:29,039

understood

117

00:06:33,749 --> 00:06:31,600

uh what it is i've been working on in

118

00:06:36,150 --> 00:06:33,759

different different fields of endeavor

119

00:06:38,469 --> 00:06:36,160

uh that seem to have

120

00:06:40,950 --> 00:06:38,479

have locked me in as the you know one of

121

00:06:42,070 --> 00:06:40,960

the head illuminati members and things

122

00:06:43,749 --> 00:06:42,080

like that

123

00:06:45,110 --> 00:06:43,759

so in other words you want to set some

124

00:06:48,550 --> 00:06:45,120

records straight

125

00:06:50,230 --> 00:06:48,560

exactly a little authenticity please yes

126

00:06:51,589 --> 00:06:50,240

you've got it uh

127

00:06:53,350 --> 00:06:51,599

you just mentioned about your work can

128

00:06:55,110 --> 00:06:53,360

you just give our audience a brief

129

00:06:57,270 --> 00:06:55,120

summary of some of your renowned

130

00:07:00,150 --> 00:06:57,280

achievements and brown uh great breaking

131

00:07:03,029 --> 00:07:00,160

work as a scientist and coal cracker

132

00:07:06,870 --> 00:07:03,039

well right now i'm working on uh some

133

00:07:08,629 --> 00:07:06,880

new uh aspects to the boynich manuscript

134

00:07:09,749 --> 00:07:08,639

decipherment

135

00:07:11,830 --> 00:07:09,759

that's a

136

00:07:14,710 --> 00:07:11,840

complex issue it's a

137

00:07:17,670 --> 00:07:14,720

very mystifying manuscript that has been

138

00:07:20,629 --> 00:07:17,680

carbon 14 dated to about 14

139

00:07:24,309 --> 00:07:20,639

10 14 20 in terms of the age of the

140

00:07:27,110 --> 00:07:24,319

vellum uh sheets and those are of course

141

00:07:29,029 --> 00:07:27,120

made of animal hide vellum right sheets

142

00:07:31,430 --> 00:07:29,039

and and so we know that it that the

143

00:07:33,670 --> 00:07:31,440

sheets themselves go back to either the

144

00:07:35,270 --> 00:07:33,680

very early 1400s

145

00:07:36,230 --> 00:07:35,280

uh when

146

00:07:37,110 --> 00:07:36,240

ink and

147

00:07:39,510 --> 00:07:37,120

paint

148

00:07:41,350 --> 00:07:39,520

started to enter the picture you know

149

00:07:43,830 --> 00:07:41,360

obviously will come later after the book

150

00:07:45,909 --> 00:07:43,840

is assembled and then people in those

151
00:07:47,270 --> 00:07:45,919
days used to do manuscript illumination

152
00:07:49,270 --> 00:07:47,280
and things like that

153
00:07:51,029 --> 00:07:49,280
in this case it's a script that has no

154
00:07:53,350 --> 00:07:51,039
counterpart there's no you know

155
00:07:54,629 --> 00:07:53,360
comparison to it anywhere on earth

156
00:07:56,230 --> 00:07:54,639
there are a whole lot of

157
00:07:58,869 --> 00:07:56,240
images uh

158
00:08:01,110 --> 00:07:58,879
of octagons for example and sal and

159
00:08:02,469 --> 00:08:01,120
salamanders two of my favorite motifs

160
00:08:06,869 --> 00:08:02,479
through

161
00:08:08,469 --> 00:08:06,879
that said the the the

162
00:08:11,189 --> 00:08:08,479
you know what what i've put together

163
00:08:13,670 --> 00:08:11,199

more recently is the significance of the

164

00:08:15,749 --> 00:08:13,680

salamander and the octagons as guides

165

00:08:16,950 --> 00:08:15,759

with which to decipher the manuscript

166

00:08:19,510 --> 00:08:16,960

and also

167

00:08:22,390 --> 00:08:19,520

the the custodial chain of people who

168

00:08:25,029 --> 00:08:22,400

have who have had this manuscript is in

169

00:08:26,869 --> 00:08:25,039

it and of itself very telling

170

00:08:30,230 --> 00:08:26,879

about the identity of the manuscript

171

00:08:32,790 --> 00:08:30,240

itself so that's my that's my my current

172

00:08:34,790 --> 00:08:32,800

my current one of my current projects

173

00:08:36,389 --> 00:08:34,800

and that's interesting i'm sorry carol

174

00:08:39,029 --> 00:08:36,399

oh i was just going to say i stumbled

175

00:08:41,430 --> 00:08:39,039

upon those images uh on the internet

176

00:08:43,190 --> 00:08:41,440

several years ago little did i know i

177

00:08:44,149 --> 00:08:43,200

would be talking to an expert in that

178

00:08:46,949 --> 00:08:44,159

area but they're really quite

179

00:08:48,470 --> 00:08:46,959

astonishing um somebody do a

180

00:08:51,190 --> 00:08:48,480

could you spell it for everybody so they

181

00:08:52,150 --> 00:08:51,200

can do a search later um

182

00:08:53,590 --> 00:08:52,160

the

183

00:08:55,829 --> 00:08:53,600

v o y

184

00:09:22,389 --> 00:08:55,839

i

185

00:09:26,470 --> 00:09:22,399

star of asher

186

00:09:28,389 --> 00:09:26,480

this is a a an octagon uh that that is a

187

00:09:30,630 --> 00:09:28,399

very uh

188

00:09:31,350 --> 00:09:30,640

com not complex but

189

00:09:34,070 --> 00:09:31,360

uh

190

00:09:37,030 --> 00:09:34,080

stylized type of octagon not like a

191

00:09:38,870 --> 00:09:37,040

normal uh octagon if there is such a

192

00:09:43,509 --> 00:09:38,880

thing as a normal octagon

193

00:09:46,470 --> 00:09:43,519

um the star of asher is is uh on the uh

194

00:09:49,110 --> 00:09:46,480

flag of the the uh syrian people

195

00:09:51,670 --> 00:09:49,120

assyrian people are the last really the

196

00:09:55,110 --> 00:09:51,680

only truly indigenous

197

00:09:56,550 --> 00:09:55,120

people of iraq and syria although kurds

198

00:09:59,269 --> 00:09:56,560

would consider themselves to be

199

00:10:01,030 --> 00:09:59,279

indigenous and a yazidi group

200

00:10:02,550 --> 00:10:01,040

also is uh

201
00:10:04,069 --> 00:10:02,560
is is

202
00:10:05,430 --> 00:10:04,079
thought to be indigenous certainly by

203
00:10:08,630 --> 00:10:05,440
themselves but the

204
00:10:10,710 --> 00:10:08,640
but the uh the assyrians are definitely

205
00:10:12,150 --> 00:10:10,720
indigenous they've had a continuous

206
00:10:14,069 --> 00:10:12,160
occupation of

207
00:10:15,910 --> 00:10:14,079
approximately the same lands for

208
00:10:17,590 --> 00:10:15,920
thousands and thousands and thousands of

209
00:10:20,230 --> 00:10:17,600
years so they

210
00:10:23,590 --> 00:10:20,240
they have found the assyrians themselves

211
00:10:26,069 --> 00:10:23,600
have found a striking similarity uh with

212
00:10:31,750 --> 00:10:26,079
the with the chief

213
00:10:33,269 --> 00:10:31,760

of the nest pierce back in the 1870s to

214

00:10:36,550 --> 00:10:33,279

chief joseph

215

00:10:39,430 --> 00:10:36,560

and a beaded star of asher on one of his

216

00:10:43,590 --> 00:10:39,440

pouches that that that attaches to that

217

00:10:45,910 --> 00:10:43,600

attached to his belt but he also had uh

218

00:10:47,590 --> 00:10:45,920

when he was arrested this was at the end

219

00:10:50,230 --> 00:10:47,600

of the what were called the indian wars

220

00:10:52,790 --> 00:10:50,240

in america and he was arrested right

221

00:10:54,550 --> 00:10:52,800

almost on the border what is now the

222

00:10:55,829 --> 00:10:54,560

province i live in alberta and the state

223

00:10:58,069 --> 00:10:55,839

of montana

224

00:11:00,389 --> 00:10:58,079

um when he was arrested the general who

225

00:11:02,069 --> 00:11:00,399

arrested him found a a

226

00:11:05,430 --> 00:11:02,079

clay

227

00:11:07,269 --> 00:11:05,440

tablet that was approximately an inch

228

00:11:08,230 --> 00:11:07,279

in in all directions

229

00:11:09,350 --> 00:11:08,240

and

230

00:11:10,389 --> 00:11:09,360

it uh

231

00:11:12,630 --> 00:11:10,399

it bore

232

00:11:15,030 --> 00:11:12,640

a cuneiform inscription

233

00:11:17,590 --> 00:11:15,040

and the cuneiform inscription was was

234

00:11:19,670 --> 00:11:17,600

was uh impressed on both sides of this

235

00:11:22,470 --> 00:11:19,680

clay tablet obviously when the clay was

236

00:11:23,509 --> 00:11:22,480

still wet that's how cuneiform uh worked

237

00:11:25,430 --> 00:11:23,519

when it was

238

00:11:27,590 --> 00:11:25,440

impressed into clay

239

00:11:28,790 --> 00:11:27,600

uh the clay had to still be relatively

240

00:11:29,590 --> 00:11:28,800

moist so

241

00:11:31,750 --> 00:11:29,600

the

242

00:11:34,470 --> 00:11:31,760

it's it's a very interesting item and

243

00:11:37,430 --> 00:11:34,480

it's attached to at least in my mind to

244

00:11:39,670 --> 00:11:37,440

a couple of other well actually four

245

00:11:41,829 --> 00:11:39,680

other artifacts that have been found in

246

00:11:44,470 --> 00:11:41,839

north america

247

00:11:47,750 --> 00:11:44,480

two cuneiform inscribed

248

00:11:49,509 --> 00:11:47,760

items in georgia one in ohio the one

249

00:11:51,670 --> 00:11:49,519

that i just mentioned

250

00:11:52,870 --> 00:11:51,680

and then um

251
00:11:55,030 --> 00:11:52,880
what's called

252
00:11:57,190 --> 00:11:55,040
a dillman

253
00:11:59,910 --> 00:11:57,200
ironstone artifact

254
00:12:01,990 --> 00:11:59,920
that was found on shawnee creek in in

255
00:12:04,150 --> 00:12:02,000
oklahoma so

256
00:12:05,990 --> 00:12:04,160
i mean we could keep going on this or or

257
00:12:08,230 --> 00:12:06,000
maybe wind ourselves

258
00:12:11,430 --> 00:12:08,240
actually actually i wanted you to touch

259
00:12:13,910 --> 00:12:11,440
first on the chief joseph tablet because

260
00:12:16,870 --> 00:12:13,920
not only uh it's about his pouch but

261
00:12:19,190 --> 00:12:16,880
also on the stone itself doesn't it

262
00:12:21,670 --> 00:12:19,200
indicate uh a lamb or

263
00:12:24,949 --> 00:12:21,680

uh some type of uh indication to the

264

00:12:27,110 --> 00:12:24,959

priestess of some kind on that stone yes

265

00:12:31,269 --> 00:12:27,120

it's a uh

266

00:12:33,509 --> 00:12:31,279

it's a recording of a transaction of one

267

00:12:36,710 --> 00:12:33,519

sacrificial lamb

268

00:12:38,790 --> 00:12:36,720

for a ceremony that that in my opinion

269

00:12:41,590 --> 00:12:38,800

and my interpretation is a ceremony that

270

00:12:44,949 --> 00:12:41,600

was celebrated each year

271

00:12:47,990 --> 00:12:44,959

on the same day of the same month

272

00:12:51,110 --> 00:12:48,000

and it would be the initiation of

273

00:12:52,710 --> 00:12:51,120

of young women into a priesthood

274

00:12:54,629 --> 00:12:52,720

or priestess hood

275

00:12:58,230 --> 00:12:54,639

but i'm i'm going to stay up with the

276

00:13:01,269 --> 00:12:58,240

age that we're in now and we'll just say

277

00:13:06,550 --> 00:13:02,949

there's another artifact that kind of

278

00:13:08,710 --> 00:13:06,560

matches that description um and that's

279

00:13:11,110 --> 00:13:08,720

what's called the the lead tablet that

280

00:13:11,829 --> 00:13:11,120

was found in georgia

281

00:13:13,990 --> 00:13:11,839

so

282

00:13:17,190 --> 00:13:14,000

except in that case the references to

283

00:13:19,269 --> 00:13:17,200

several lambs and uh and goats for

284

00:13:22,069 --> 00:13:19,279

sacrificial purposes

285

00:13:24,389 --> 00:13:22,079

now the one that it was found in georgia

286

00:13:27,829 --> 00:13:24,399

i i believe miss hearn found that in a

287

00:13:31,350 --> 00:13:27,839

flower garden while she was digging for

288

00:13:33,829 --> 00:13:31,360

an amazing talk about americana here's a

289

00:13:36,150 --> 00:13:33,839

woman presumably with a shovel by

290

00:13:37,590 --> 00:13:36,160

herself and was it flowers she was

291

00:13:40,150 --> 00:13:37,600

planting do we know that or or

292

00:13:42,150 --> 00:13:40,160

vegetables yeah well i i had i am on

293

00:13:43,350 --> 00:13:42,160

record saying vegetable garden but i can

294

00:13:45,189 --> 00:13:43,360

tell you no

295

00:13:48,470 --> 00:13:45,199

it is definitely a flower garden that

296

00:13:50,470 --> 00:13:48,480

she was preparing i i i made one slight

297

00:13:52,470 --> 00:13:50,480

error in my uh

298

00:13:55,269 --> 00:13:52,480

my recall of what it was that she was

299

00:13:57,030 --> 00:13:55,279

preparing the the garden bed for and of

300

00:13:58,710 --> 00:13:57,040

course there are some there are some

301
00:14:00,389 --> 00:13:58,720
edible flowers so we have to kind of

302
00:14:05,030 --> 00:14:00,399
maybe

303
00:14:10,230 --> 00:14:08,150
i was a flower eater oh really or you've

304
00:14:12,629 --> 00:14:10,240
heard of the lotus eaters i was about to

305
00:14:13,990 --> 00:14:12,639
say is there a connection there

306
00:14:16,470 --> 00:14:14,000
if there is we're not going to get into

307
00:14:19,110 --> 00:14:16,480
it all right

308
00:14:20,550 --> 00:14:19,120
and that stone uh that's the the second

309
00:14:22,710 --> 00:14:20,560
stone that was speaking about the

310
00:14:24,069 --> 00:14:22,720
hernstone is that similar in size or is

311
00:14:26,629 --> 00:14:24,079
it larger

312
00:14:28,470 --> 00:14:26,639
it's it's much larger than the the the

313
00:14:31,110 --> 00:14:28,480

chief joseph stone that you the chief

314

00:14:33,350 --> 00:14:31,120

joseph tablet the you know they're of

315

00:14:34,870 --> 00:14:33,360

the three there's really only one stone

316

00:14:36,870 --> 00:14:34,880

that we're talking about the three that

317

00:14:39,350 --> 00:14:36,880

i'm focusing on the most and it's the

318

00:14:41,350 --> 00:14:39,360

iron stone that has the dillman

319

00:14:43,110 --> 00:14:41,360

inscription and and the dillman

320

00:14:45,910 --> 00:14:43,120

inscription is dilman

321

00:14:48,310 --> 00:14:45,920

symbols that together

322

00:14:51,350 --> 00:14:48,320

uh make up an image and the image is the

323

00:14:55,189 --> 00:14:51,360

image of the goddess inanna who was in

324

00:14:56,870 --> 00:14:55,199

in in effect the first major paramount

325

00:14:59,110 --> 00:14:56,880

goddess in

326

00:15:01,110 --> 00:14:59,120

in in human history in terms of a

327

00:15:03,829 --> 00:15:01,120

goddess that was recorded and she she

328

00:15:05,590 --> 00:15:03,839

started the continuum that led to

329

00:15:06,790 --> 00:15:05,600

ultimately to venus

330

00:15:08,389 --> 00:15:06,800

wow

331

00:15:10,949 --> 00:15:08,399

now how far back does the gentleman

332

00:15:13,350 --> 00:15:10,959

civilization uh what is the error for

333

00:15:15,269 --> 00:15:13,360

that how long ago uh buff is that

334

00:15:17,910 --> 00:15:15,279

well it could i mean it could go back

335

00:15:20,150 --> 00:15:17,920

eight thousand two hundred years i i i

336

00:15:20,870 --> 00:15:20,160

fixed that date because that is the date

337

00:15:27,350 --> 00:15:20,880

when

338

00:15:30,870 --> 00:15:27,360

was was uh in engulfed in water and

339

00:15:33,509 --> 00:15:30,880

because there was a water level rise

340

00:15:34,629 --> 00:15:33,519

around the world due to the pulse

341

00:15:38,310 --> 00:15:34,639

pulsing

342

00:15:40,790 --> 00:15:38,320

um exiting of the flood backup

343

00:15:43,269 --> 00:15:40,800

flood waters from the melt melting of

344

00:15:45,910 --> 00:15:43,279

the glaciers right here in canada and

345

00:15:48,389 --> 00:15:45,920

hudson strait uh had a dam and ice dam

346

00:15:50,470 --> 00:15:48,399

that collapsed and the these you know

347

00:15:53,829 --> 00:15:50,480

miles high uh

348

00:15:56,790 --> 00:15:53,839

water levels went gushing into the

349

00:15:59,509 --> 00:15:56,800

atlantic and that that caused the this

350

00:16:01,829 --> 00:15:59,519

collect collective all around the world

351

00:16:04,069 --> 00:16:01,839

uh rise of the of

352

00:16:06,870 --> 00:16:04,079

the water level and so

353

00:16:08,389 --> 00:16:06,880

in that gulf area there used to be an

354

00:16:10,710 --> 00:16:08,399

oasis and

355

00:16:12,710 --> 00:16:10,720

this is now proven by a

356

00:16:14,470 --> 00:16:12,720

friend and colleague of mine

357

00:16:15,829 --> 00:16:14,480

uh

358

00:16:17,670 --> 00:16:15,839

jeremy i

359

00:16:20,870 --> 00:16:17,680

rose and

360

00:16:22,470 --> 00:16:20,880

the the oasis was a very fertile oasis

361

00:16:25,590 --> 00:16:22,480

the tigers and euphrates

362

00:16:28,230 --> 00:16:25,600

drained to the north through what's

363

00:16:30,069 --> 00:16:28,240

today called iraq into what is today

364

00:16:31,430 --> 00:16:30,079

called the persian gulf or arable

365

00:16:35,189 --> 00:16:31,440

persian gulf

366

00:16:39,189 --> 00:16:35,199

and and so as the water rose it engulfed

367

00:16:41,189 --> 00:16:39,199

this oasis and the the the operating

368

00:16:43,110 --> 00:16:41,199

theory which really to me is no longer a

369

00:16:44,949 --> 00:16:43,120

theory but we'll call it that

370

00:16:48,069 --> 00:16:44,959

the the operating theory is that the

371

00:16:51,030 --> 00:16:48,079

people who lived on that oasis on this

372

00:16:54,069 --> 00:16:51,040

super fertile uh oasis more fertile than

373

00:16:56,790 --> 00:16:54,079

the you know the Nile delta and so on

374

00:16:59,030 --> 00:16:56,800

um had obviously had time to get in

375

00:17:01,749 --> 00:16:59,040

their reed boats and

376

00:17:04,150 --> 00:17:01,759

and uh you know sail to the shores

377

00:17:07,029 --> 00:17:04,160

whether it would be the western shore or

378

00:17:08,390 --> 00:17:07,039

the eastern shore from this oasis and if

379

00:17:11,110 --> 00:17:08,400

it was the eastern shore then we're

380

00:17:12,710 --> 00:17:11,120

talking about today's iran if we're if

381

00:17:15,510 --> 00:17:12,720

it's the western shore we're talking

382

00:17:19,990 --> 00:17:15,520

about saudi arabia you know even kuwait

383

00:17:23,029 --> 00:17:22,230

as you go further south in the emirates

384

00:17:29,830 --> 00:17:23,039

and

385

00:17:32,470 --> 00:17:29,840

know dillman our part of me it used to

386

00:17:35,510 --> 00:17:32,480

be called dillman and dilma nituki but

387

00:17:39,110 --> 00:17:35,520

but bahrain uh is seen as one of the

388

00:17:41,909 --> 00:17:39,120

major centers of of where these people

389

00:17:43,430 --> 00:17:41,919

who then well you know formulated if

390

00:17:46,549 --> 00:17:43,440

they hadn't already

391

00:17:48,630 --> 00:17:46,559

the gilman script um where they where

392

00:17:51,270 --> 00:17:48,640

they lived and and did that and made

393

00:17:53,430 --> 00:17:51,280

gilman seals and things like that for

394

00:17:55,590 --> 00:17:53,440

for royalty and

395

00:17:58,230 --> 00:17:55,600

and the like now this is also to be

396

00:18:01,190 --> 00:17:58,240

referred to as natoki i believe

397

00:18:03,029 --> 00:18:01,200

yes the the in the in the sumerian

398

00:18:04,390 --> 00:18:03,039

uh cuneiform

399

00:18:06,950 --> 00:18:04,400

writings

400

00:18:08,470 --> 00:18:06,960

there there is a reference to dilman

401
00:18:09,510 --> 00:18:08,480
natoki

402
00:18:11,909 --> 00:18:09,520
and so

403
00:18:13,190 --> 00:18:11,919
dillman is the it would be the empire if

404
00:18:15,750 --> 00:18:13,200
you will

405
00:18:18,549 --> 00:18:15,760
similar to the phoenician empire being a

406
00:18:20,230 --> 00:18:18,559
a trade sort of mercantile you know

407
00:18:21,750 --> 00:18:20,240
empire

408
00:18:24,230 --> 00:18:21,760
and natoki

409
00:18:27,110 --> 00:18:24,240
is a is a reference uh

410
00:18:31,350 --> 00:18:27,120
to an island a sacred island of fire or

411
00:18:34,150 --> 00:18:31,360
a glowing illuminated sacred island and

412
00:18:36,390 --> 00:18:34,160
when you break down the knee took key

413
00:18:38,390 --> 00:18:36,400

that's exactly what you get the knee

414

00:18:41,350 --> 00:18:38,400

stands for what becomes

415

00:18:43,270 --> 00:18:41,360

you know the term bitumen

416

00:18:45,110 --> 00:18:43,280

and that's that's to me really really

417

00:18:46,310 --> 00:18:45,120

fascinating for all kinds of reasons we

418

00:18:48,230 --> 00:18:46,320

probably don't have time to get into

419

00:18:50,710 --> 00:18:48,240

tonight but the res there were the other

420

00:18:54,310 --> 00:18:50,720

two routes uh it you know combined into

421

00:18:56,710 --> 00:18:54,320

this tri-consonantal root term where a

422

00:18:57,590 --> 00:18:56,720

word constructed to come out come out to

423

00:19:00,710 --> 00:18:57,600

mean

424

00:19:03,830 --> 00:19:00,720

the island the sacred island of fire or

425

00:19:06,390 --> 00:19:03,840

the sacred glowing island you know a few

426

00:19:07,830 --> 00:19:06,400

different combinations like that okay

427

00:19:10,230 --> 00:19:07,840

now i just want to know a little bit

428

00:19:13,669 --> 00:19:10,240

more about the dillman civilization that

429

00:19:15,909 --> 00:19:13,679

encompassed bahrain bahrain kuwait qatar

430

00:19:18,630 --> 00:19:15,919

and the eastern province of saudi arabia

431

00:19:20,070 --> 00:19:18,640

and their trading center and how they

432

00:19:23,110 --> 00:19:20,080

traded with the indus valley

433

00:19:26,710 --> 00:19:23,120

civilization and pre and co-dynastic

434

00:19:27,909 --> 00:19:26,720

egyptians back during that period

435

00:19:31,590 --> 00:19:27,919

okay

436

00:19:35,830 --> 00:19:31,600

the the the word bahrain

437

00:19:38,549 --> 00:19:35,840

in arabic means where the waters meet

438

00:19:41,510 --> 00:19:38,559

oh majima

439

00:19:44,390 --> 00:19:41,520

is the is the fullest um

440

00:19:47,590 --> 00:19:44,400

uh uh expression of

441

00:19:50,470 --> 00:19:47,600

of where they meet so bahrain you know

442

00:19:52,549 --> 00:19:50,480

literally means two waters but it but it

443

00:19:54,710 --> 00:19:52,559

it implies where they where the two

444

00:19:56,870 --> 00:19:54,720

waters meet some people think that that

445

00:19:59,750 --> 00:19:56,880

has to do with the fresh sweet water

446

00:20:01,590 --> 00:19:59,760

that came up from and through the island

447

00:20:02,789 --> 00:20:01,600

filtered and all the rest

448

00:20:05,830 --> 00:20:02,799

mixed with

449

00:20:08,070 --> 00:20:05,840

the the the salt water of the uh of the

450

00:20:10,390 --> 00:20:08,080

gulf and

451
00:20:12,149 --> 00:20:10,400
so um

452
00:20:15,590 --> 00:20:12,159
the what was your question again i mean

453
00:20:20,149 --> 00:20:18,230
very intense the reason no the reason i

454
00:20:21,830 --> 00:20:20,159
got off track is that i see some

455
00:20:23,510 --> 00:20:21,840
questions that are flashing up here as

456
00:20:26,630 --> 00:20:23,520
buff read the works of john ackermann or

457
00:20:28,950 --> 00:20:26,640
barry valen totally distracted

458
00:20:30,789 --> 00:20:28,960
from the chat room so oh yeah hello

459
00:20:32,549 --> 00:20:30,799
everybody and chad hello you guys

460
00:20:34,950 --> 00:20:32,559
they're amazing yeah good friends in the

461
00:20:36,950 --> 00:20:34,960
chat oh my goodness well we'll pass

462
00:20:38,070 --> 00:20:36,960
those questions as they come in so uh

463
00:20:38,870 --> 00:20:38,080

you don't have to

464

00:20:41,909 --> 00:20:38,880

uh

465

00:20:47,270 --> 00:20:41,919

i'm not i won't read them anymore

466

00:20:50,310 --> 00:20:49,350

is the name of an island

467

00:20:52,950 --> 00:20:50,320

uh

468

00:20:54,870 --> 00:20:52,960

and and it's actually an archipelago

469

00:20:56,630 --> 00:20:54,880

there's the largest island of the

470

00:20:59,110 --> 00:20:56,640

archipelago called bahrain and then

471

00:21:01,750 --> 00:20:59,120

there's these smaller little islands

472

00:21:04,390 --> 00:21:01,760

that go uh almost in all directions from

473

00:21:07,669 --> 00:21:04,400

the maid major central island

474

00:21:10,470 --> 00:21:07,679

that island was the trade hub

475

00:21:11,750 --> 00:21:10,480

of the indus valley civilization

476
00:21:13,750 --> 00:21:11,760
right uh

477
00:21:16,470 --> 00:21:13,760
and that's to the east so you have to

478
00:21:18,149 --> 00:21:16,480
come out the indus river in boats and

479
00:21:21,190 --> 00:21:18,159
ships whatever and

480
00:21:22,630 --> 00:21:21,200
find your way coming west and then up

481
00:21:24,950 --> 00:21:22,640
into the gulf

482
00:21:26,390 --> 00:21:24,960
and and then to the island of bahrain

483
00:21:27,830 --> 00:21:26,400
that would be for the people coming out

484
00:21:30,549 --> 00:21:27,840
of the indus valley

485
00:21:32,070 --> 00:21:30,559
indus valley civilization then sumer

486
00:21:34,310 --> 00:21:32,080
straight to the north

487
00:21:35,669 --> 00:21:34,320
just one tiny tiny interruption of how

488
00:21:38,149 --> 00:21:35,679

long would something like that

489

00:21:39,590 --> 00:21:38,159

approximately take how are we talking

490

00:21:42,789 --> 00:21:39,600

months or

491

00:21:45,270 --> 00:21:42,799

no no no no no just no a matter of weeks

492

00:21:48,149 --> 00:21:45,280

weeks okay okay if you look on the map

493

00:21:49,750 --> 00:21:48,159

and you see where the indus indus river

494

00:21:52,630 --> 00:21:49,760

flows out

495

00:21:55,350 --> 00:21:52,640

into the sea the arabian sea

496

00:21:57,590 --> 00:21:55,360

and they just follow follow the coast to

497

00:21:59,669 --> 00:21:57,600

the west and then up the into the gulf

498

00:22:02,070 --> 00:21:59,679

yeah so that's that's

499

00:22:05,750 --> 00:22:02,080

okay that's the indus valley then

500

00:22:08,950 --> 00:22:05,760

straight north of bahrain would be sumer

501
00:22:10,470 --> 00:22:08,960
and and and well dillman and sumer and

502
00:22:12,870 --> 00:22:10,480
you know first stillman and then sumer

503
00:22:16,549 --> 00:22:12,880
and dillman was coexistent with

504
00:22:17,990 --> 00:22:16,559
with the indus valley uh civilization's

505
00:22:20,070 --> 00:22:18,000
original roots and they have a

506
00:22:22,950 --> 00:22:20,080
relationship actually in some of the

507
00:22:26,630 --> 00:22:22,960
writing forms but so so but super was a

508
00:22:28,710 --> 00:22:26,640
really big civilization and that was uh

509
00:22:31,190 --> 00:22:28,720
you know up around iraq and iran and not

510
00:22:33,510 --> 00:22:31,200
to forget this whole persian side of it

511
00:22:37,029 --> 00:22:33,520
because they that they were also part of

512
00:22:39,510 --> 00:22:37,039
the dillman you know period and and and

513
00:22:41,270 --> 00:22:39,520

show some of the same artifacts so that

514

00:22:43,909 --> 00:22:41,280

so we've got those two main

515

00:22:47,110 --> 00:22:43,919

civilizations of the uh of the indus

516

00:22:48,630 --> 00:22:47,120

valley and of sumer now look

517

00:22:49,590 --> 00:22:48,640

so we have east

518

00:22:51,510 --> 00:22:49,600

north

519

00:22:54,390 --> 00:22:51,520

go west and you've got

520

00:22:56,950 --> 00:22:54,400

uh egypt right there there's there's

521

00:22:59,350 --> 00:22:56,960

evidence in the bear in the graves that

522

00:23:00,950 --> 00:22:59,360

have been excavated the pre-dynastic

523

00:23:05,029 --> 00:23:00,960

egyptian graves

524

00:23:08,470 --> 00:23:05,039

that that uh lapis lazuli uh had been

525

00:23:12,230 --> 00:23:08,480

traded to egyptians even before the

526

00:23:13,029 --> 00:23:12,240

theirs their dynastic civilization rose

527

00:23:15,430 --> 00:23:13,039

so

528

00:23:18,789 --> 00:23:15,440

where did that uh that piece lazily come

529

00:23:22,390 --> 00:23:18,799

from it came from what's today then the

530

00:23:24,710 --> 00:23:22,400

easternmost extension of afghanistan

531

00:23:26,950 --> 00:23:24,720

that that borders with china

532

00:23:29,590 --> 00:23:26,960

that's the that's the world's trove

533

00:23:32,230 --> 00:23:29,600

treasure trove of lapis lazuli which was

534

00:23:33,669 --> 00:23:32,240

probably one of the most valued

535

00:23:36,390 --> 00:23:33,679

uh gems

536

00:23:38,870 --> 00:23:36,400

not semi-precious but truly precious

537

00:23:41,510 --> 00:23:38,880

gems in those days

538

00:23:43,110 --> 00:23:41,520

to all of those civilizations so that

539

00:23:45,830 --> 00:23:43,120

means we have

540

00:23:47,510 --> 00:23:45,840

and and and they wouldn't that the bulk

541

00:23:49,830 --> 00:23:47,520

of that lapis lazuli would have been

542

00:23:52,789 --> 00:23:49,840

brought to bahrain for for trade

543

00:23:54,470 --> 00:23:52,799

purposes by the dildman party by the

544

00:23:55,590 --> 00:23:54,480

indus valley

545

00:23:57,909 --> 00:23:55,600

people

546

00:24:00,310 --> 00:23:57,919

in exchange with the dillman and then

547

00:24:02,950 --> 00:24:00,320

then the subsequent uh sumerians and

548

00:24:06,149 --> 00:24:02,960

others who came to rule you know

549

00:24:09,510 --> 00:24:06,159

bahrain so so at one time

550

00:24:12,390 --> 00:24:09,520

the especially once the the dynastic

551
00:24:13,430 --> 00:24:12,400
rise occurred in egyptian history you've

552
00:24:16,549 --> 00:24:13,440
got

553
00:24:19,190 --> 00:24:16,559
early dynastic egyptian traders you've

554
00:24:20,950 --> 00:24:19,200
got sumerian traders and you have

555
00:24:23,830 --> 00:24:20,960
traders from the indus valley the three

556
00:24:26,230 --> 00:24:23,840
huge civilizations that had that totally

557
00:24:27,750 --> 00:24:26,240
impacted the world and still uh

558
00:24:29,830 --> 00:24:27,760
they still do in

559
00:24:32,390 --> 00:24:29,840
in a reverberating kind of resonating

560
00:24:33,190 --> 00:24:32,400
way yes um you know

561
00:24:39,750 --> 00:24:33,200
all

562
00:24:41,669 --> 00:24:39,760
bahrain but but also qatar

563
00:24:43,269 --> 00:24:41,679

not to forget qatar is just right next

564

00:24:45,830 --> 00:24:43,279

to bahrain and

565

00:24:47,350 --> 00:24:45,840

and it projects out as well into the

566

00:24:49,669 --> 00:24:47,360

into the gulf so

567

00:24:51,750 --> 00:24:49,679

sort of projects out

568

00:24:52,950 --> 00:24:51,760

those two sites would be the major i

569

00:24:55,909 --> 00:24:52,960

think you know

570

00:24:57,750 --> 00:24:55,919

locus of of uh where the major trade

571

00:25:00,070 --> 00:24:57,760

happened and most people

572

00:25:02,710 --> 00:25:00,080

conclude that the majority of that would

573

00:25:04,870 --> 00:25:02,720

was on the island of bahrain

574

00:25:07,510 --> 00:25:04,880

now uh buff i just have a similar

575

00:25:08,789 --> 00:25:07,520

question dealing with uh the sumerians

576

00:25:11,269 --> 00:25:08,799

in a way here

577

00:25:12,950 --> 00:25:11,279

in the mesopotamian poem gilgamesh the

578

00:25:14,630 --> 00:25:12,960

sumerians described dillman as a

579

00:25:16,549 --> 00:25:14,640

paradise garden

580

00:25:19,510 --> 00:25:16,559

could this have inspired the garden of

581

00:25:21,430 --> 00:25:19,520

eden in the book of genesis

582

00:25:25,430 --> 00:25:21,440

absolutely

583

00:25:27,110 --> 00:25:25,440

ultimate garden would have been the

584

00:25:29,190 --> 00:25:27,120

would have been that oasis i mentioned

585

00:25:32,310 --> 00:25:29,200

that got flooded by the rising waters

586

00:25:34,789 --> 00:25:32,320

right um and then and then all the the

587

00:25:36,310 --> 00:25:34,799

legends and the romance and the motifs

588

00:25:38,789 --> 00:25:36,320

and all the rest of it

589

00:25:42,070 --> 00:25:38,799

um just got translated onto and

590

00:25:44,710 --> 00:25:42,080

transferred onto onto uh onto bahrain

591

00:25:47,909 --> 00:25:44,720

and and and and region

592

00:25:49,510 --> 00:25:47,919

so the the there are all sorts of uh

593

00:25:52,870 --> 00:25:49,520

indicators

594

00:25:55,590 --> 00:25:52,880

that that really genesis in particular

595

00:25:57,669 --> 00:25:55,600

barashi does as as it would be called in

596

00:25:59,269 --> 00:25:57,679

hebrew in the beginning in the beginning

597

00:26:00,230 --> 00:25:59,279

that's what that means

598

00:26:01,190 --> 00:26:00,240

um

599

00:26:05,830 --> 00:26:01,200

that

600

00:26:10,630 --> 00:26:05,840

accounts were taken

601
00:26:12,870 --> 00:26:10,640
from the cuneiform uh in inscribed

602
00:26:14,549 --> 00:26:12,880
sumerian records

603
00:26:17,269 --> 00:26:14,559
and that would include

604
00:26:18,470 --> 00:26:17,279
you know the the the the flood

605
00:26:20,230 --> 00:26:18,480
even

606
00:26:23,430 --> 00:26:20,240
and we know the flood memory would have

607
00:26:25,110 --> 00:26:23,440
been much fresher than if in eight

608
00:26:30,149 --> 00:26:25,120
thousand two hundred

609
00:26:32,710 --> 00:26:30,159
there was this massive flood

610
00:26:36,070 --> 00:26:32,720
that that you know engulfed the the

611
00:26:37,110 --> 00:26:36,080
oasis of the arrival persian gulf

612
00:26:39,029 --> 00:26:37,120
um

613
00:26:40,870 --> 00:26:39,039

you know that that's still in terms of

614

00:26:43,510 --> 00:26:40,880

oral traditions and so forth that's

615

00:26:46,710 --> 00:26:43,520

still you know pretty much in the memory

616

00:26:48,390 --> 00:26:46,720

so the the first accounting of the flood

617

00:26:50,310 --> 00:26:48,400

you can find with the gilgamesh and

618

00:26:51,669 --> 00:26:50,320

kaidu napishtim

619

00:26:53,110 --> 00:26:51,679

story

620

00:26:55,590 --> 00:26:53,120

uh a real quick

621

00:27:00,470 --> 00:26:55,600

and curious uh coincidence if we want to

622

00:27:05,110 --> 00:27:02,950

the old man kind of the wise man of the

623

00:27:08,070 --> 00:27:05,120

hill you know that seems to appear in

624

00:27:10,630 --> 00:27:08,080

all of these legends and stories

625

00:27:13,029 --> 00:27:10,640

he his name

626
00:27:13,909 --> 00:27:13,039
means the

627
00:27:15,350 --> 00:27:13,919
where

628
00:27:16,310 --> 00:27:15,360
the

629
00:27:19,269 --> 00:27:16,320
male

630
00:27:23,750 --> 00:27:21,029
are

631
00:27:26,070 --> 00:27:23,760
so if you're if you have a if you have a

632
00:27:26,950 --> 00:27:26,080
big boat and you're trying to get you

633
00:27:29,029 --> 00:27:26,960
know

634
00:27:31,269 --> 00:27:29,039
male and female together you want to you

635
00:27:33,510 --> 00:27:31,279
know you're going to be looking for the

636
00:27:36,310 --> 00:27:33,520
you know for male studs of all the

637
00:27:39,669 --> 00:27:36,320
species that you could get onto the boat

638
00:27:41,750 --> 00:27:39,679

now now in in the cree language of north

639

00:27:44,389 --> 00:27:41,760

america and the kree people are the

640

00:27:46,710 --> 00:27:44,399

second largest first nation of north

641

00:27:48,950 --> 00:27:46,720

america second only to the navajo apache

642

00:27:50,549 --> 00:27:48,960

which are the part of the same really

643

00:27:52,470 --> 00:27:50,559

they're they are virtually the same the

644

00:27:55,830 --> 00:27:52,480

navajo and the apache

645

00:27:57,909 --> 00:27:55,840

um in the cree language uh which is not

646

00:27:59,029 --> 00:27:57,919

directly related to the navajo apache

647

00:28:04,870 --> 00:27:59,039

complex

648

00:28:08,710 --> 00:28:06,950

you have exactly the same the same two

649

00:28:11,350 --> 00:28:08,720

words means

650

00:28:13,669 --> 00:28:11,360

essentially the same thing

651
00:28:14,870 --> 00:28:13,679
where it's

652
00:28:18,870 --> 00:28:14,880
means where

653
00:28:21,909 --> 00:28:18,880
in in cree and and in dilma and sumerian

654
00:28:23,990 --> 00:28:21,919
um and then napies mean it means young

655
00:28:25,510 --> 00:28:24,000
male

656
00:28:29,510 --> 00:28:25,520
and atim

657
00:28:31,269 --> 00:28:29,520
uh means a horse or dog or a few other

658
00:28:32,389 --> 00:28:31,279
uh animals too

659
00:28:34,789 --> 00:28:32,399
so you

660
00:28:37,029 --> 00:28:34,799
you you have the same

661
00:28:40,470 --> 00:28:37,039
the same essential meaning

662
00:28:43,110 --> 00:28:40,480
and the idea of you of young you know

663
00:28:46,950 --> 00:28:43,120

young male stud animals

664

00:28:49,269 --> 00:28:46,960

it built into that that word

665

00:28:51,669 --> 00:28:49,279

that also is the name of this the you

666

00:28:55,750 --> 00:28:51,679

know of the old the old guy who's

667

00:28:58,470 --> 00:28:55,760

consulted uh uh by by gilgamesh uh after

668

00:28:59,990 --> 00:28:58,480

in kaidu uh parishes

669

00:29:01,990 --> 00:29:00,000

okay now we have a question from the

670

00:29:03,430 --> 00:29:02,000

chat room and the question is from

671

00:29:04,149 --> 00:29:03,440

wolfgall

672

00:29:06,230 --> 00:29:04,159

so

673

00:29:07,750 --> 00:29:06,240

uh are these cuneiform tablets that are

674

00:29:11,350 --> 00:29:07,760

found in north america did they

675

00:29:14,310 --> 00:29:11,360

originate from ancient samaria bahrain

676

00:29:17,029 --> 00:29:14,320

that's the question buff okay uh you

677

00:29:18,470 --> 00:29:17,039

know we we have some more testing to do

678

00:29:21,430 --> 00:29:18,480

and you know there's kind of three

679

00:29:23,190 --> 00:29:21,440

phases to this whole project uh the the

680

00:29:24,470 --> 00:29:23,200

first phase isn't really quite complete

681

00:29:26,389 --> 00:29:24,480

yet the second phase is kind of

682

00:29:27,669 --> 00:29:26,399

virtually completed even though we have

683

00:29:28,789 --> 00:29:27,679

to get through the first to get to the

684

00:29:31,510 --> 00:29:28,799

second

685

00:29:33,029 --> 00:29:31,520

what we would like to do is test uh

686

00:29:35,110 --> 00:29:33,039

chief joseph's

687

00:29:35,990 --> 00:29:35,120

clay tablet

688

00:29:39,510 --> 00:29:36,000

for

689

00:29:41,350 --> 00:29:39,520

some possible unique aspects and

690

00:29:42,230 --> 00:29:41,360

contents that would indicate where that

691

00:29:44,230 --> 00:29:42,240

clay

692

00:29:46,310 --> 00:29:44,240

you know was mined or quarried or you

693

00:29:48,310 --> 00:29:46,320

know where where it came from

694

00:29:51,750 --> 00:29:48,320

the the idea

695

00:29:54,470 --> 00:29:51,760

the prevailing idea is since these these

696

00:29:57,269 --> 00:29:54,480

artifacts have been vetted and

697

00:29:59,750 --> 00:29:57,279

particularly the chief joseph uh clay

698

00:30:01,909 --> 00:29:59,760

tablet has been completely vetted and

699

00:30:05,110 --> 00:30:01,919

there are several reasons why why it has

700

00:30:07,669 --> 00:30:05,120

to be 100 authentic the the because they

701
00:30:10,630 --> 00:30:07,679
relate to each other and and

702
00:30:11,590 --> 00:30:10,640
and speak to the same region in terms of

703
00:30:12,950 --> 00:30:11,600
their

704
00:30:15,990 --> 00:30:12,960
of the content

705
00:30:16,789 --> 00:30:16,000
of what they have to say

706
00:30:18,789 --> 00:30:16,799
uh

707
00:30:19,750 --> 00:30:18,799
you know it's my view that they came

708
00:30:21,669 --> 00:30:19,760
from

709
00:30:23,590 --> 00:30:21,679
the old world over here

710
00:30:25,669 --> 00:30:23,600
the south american examples that are

711
00:30:27,029 --> 00:30:25,679
found in brazil in in

712
00:30:29,350 --> 00:30:27,039
in chile

713
00:30:33,110 --> 00:30:29,360

and bolivia are

714

00:30:36,470 --> 00:30:33,120

mixed iconographically with the local

715

00:30:38,950 --> 00:30:36,480

indigenous motifs so you have bowls that

716

00:30:40,230 --> 00:30:38,960

have on the outside of them the

717

00:30:41,750 --> 00:30:40,240

indigenous

718

00:30:44,549 --> 00:30:41,760

you know local

719

00:30:47,269 --> 00:30:44,559

artistic representations and then on the

720

00:30:48,230 --> 00:30:47,279

inside you have pure perfect cuneiform

721

00:30:50,149 --> 00:30:48,240

writing

722

00:30:51,669 --> 00:30:50,159

and so what does that indicate it

723

00:30:54,630 --> 00:30:51,679

indicates that there was a there was

724

00:30:56,710 --> 00:30:54,640

real integration that went on between

725

00:30:58,710 --> 00:30:56,720

peoples between the first nations down

726

00:31:01,430 --> 00:30:58,720

in south america and the sumerians who

727

00:31:04,549 --> 00:31:01,440

arrived there or whomever else may have

728

00:31:09,110 --> 00:31:04,559

been you know arriving and and using uh

729

00:31:11,830 --> 00:31:09,120

cuneiform script up here right up here

730

00:31:13,909 --> 00:31:11,840

this does not suggest that there wasn't

731

00:31:15,909 --> 00:31:13,919

integration because the oral tradition

732

00:31:17,190 --> 00:31:15,919

of chief joseph was

733

00:31:19,029 --> 00:31:17,200

you know i'm going to pretend i'm him

734

00:31:22,230 --> 00:31:19,039

for a moment but

735

00:31:23,509 --> 00:31:22,240

my ancient ancestors uh received this

736

00:31:26,310 --> 00:31:23,519

item from

737

00:31:30,470 --> 00:31:26,320

from some visitors from abroad

738

00:31:32,549 --> 00:31:30,480

and uh they they went amongst us

739

00:31:34,070 --> 00:31:32,559

which implies that they

740

00:31:36,789 --> 00:31:34,080

you know integrated

741

00:31:41,990 --> 00:31:36,799

with with the nest pierce people

742

00:31:46,630 --> 00:31:44,230

that's that that's uh chief justice oral

743

00:31:49,190 --> 00:31:46,640

tradition so right so

744

00:31:51,269 --> 00:31:49,200

it seems to me that you know and i

745

00:31:53,990 --> 00:31:51,279

accept chief joseph's oral tradition

746

00:31:57,269 --> 00:31:54,000

almost completely because he because his

747

00:31:59,269 --> 00:31:57,279

item is so it's so compelling and it ha

748

00:32:02,230 --> 00:31:59,279

and there's no possible way that there

749

00:32:03,590 --> 00:32:02,240

can be any monkey business not in 1877

750

00:32:04,950 --> 00:32:03,600

after i drink a little sip of water i'll

751
00:32:07,110 --> 00:32:04,960
tell you why

752
00:32:08,149 --> 00:32:07,120
oh and also now is this the part where

753
00:32:11,590 --> 00:32:08,159
um

754
00:32:13,750 --> 00:32:11,600
uh everything in the bags were

755
00:32:15,430 --> 00:32:13,760
they were all traditionally interlinked

756
00:32:17,110 --> 00:32:15,440
there was not just something that oh

757
00:32:18,710 --> 00:32:17,120
this is bright and shiny i'll put it in

758
00:32:20,630 --> 00:32:18,720
here it was something with the meaning

759
00:32:22,710 --> 00:32:20,640
with the tradition

760
00:32:24,870 --> 00:32:22,720
from generation to generation

761
00:32:27,830 --> 00:32:24,880
we're talking about people with

762
00:32:29,909 --> 00:32:27,840
with you know profound uh ancient

763
00:32:32,549 --> 00:32:29,919

cultures and civilizations of the

764

00:32:35,029 --> 00:32:32,559

americas and you know they weren't they

765

00:32:37,190 --> 00:32:35,039

weren't crows or ravens who just

766

00:32:38,870 --> 00:32:37,200

any sparkling item you know this wasn't

767

00:32:40,950 --> 00:32:38,880

sparkled

768

00:32:44,230 --> 00:32:40,960

but that is a kind of a you know that

769

00:32:46,310 --> 00:32:44,240

that that is a not a prevailing notion

770

00:32:48,070 --> 00:32:46,320

but it's one held by a lot of people

771

00:32:50,310 --> 00:32:48,080

including academics i've dealt with

772

00:32:52,789 --> 00:32:50,320

right here at the university of alberta

773

00:32:53,990 --> 00:32:52,799

um you know that well you know

774

00:32:56,070 --> 00:32:54,000

the idea was

775

00:32:58,070 --> 00:32:56,080

you know chief joseph would have had all

776

00:33:01,190 --> 00:32:58,080

kinds of unrelated trinkets in his

777

00:33:03,590 --> 00:33:01,200

medicine bag well this is completely

778

00:33:06,230 --> 00:33:03,600

impossible and it shows the ignorance of

779

00:33:08,870 --> 00:33:06,240

so-called as specialists and academics

780

00:33:11,269 --> 00:33:08,880

in these respective fields that you know

781

00:33:12,870 --> 00:33:11,279

make you an indian expert

782

00:33:15,509 --> 00:33:12,880

um you know

783

00:33:17,509 --> 00:33:15,519

there is no possible way that that you

784

00:33:19,909 --> 00:33:17,519

would have a mixture of items in a

785

00:33:22,070 --> 00:33:19,919

medicine bag right that didn't

786

00:33:22,789 --> 00:33:22,080

intimately relate to each other one to

787

00:33:29,909 --> 00:33:22,799

the

788

00:33:32,070 --> 00:33:29,919

referred to and my understanding is that

789

00:33:34,230 --> 00:33:32,080

they're in the same location where where

790

00:33:36,789 --> 00:33:34,240

that that clay tablet is now reposed

791

00:33:40,789 --> 00:33:36,799

which is west point military academy

792

00:33:42,710 --> 00:33:40,799

uh in new york and uh uh i i want to be

793

00:33:45,269 --> 00:33:42,720

visiting there very soon which is still

794

00:33:47,590 --> 00:33:45,279

part of the phase one project

795

00:33:50,310 --> 00:33:47,600

phase one of the project to get this

796

00:33:53,590 --> 00:33:50,320

thing up and moving as a as a

797

00:33:55,909 --> 00:33:53,600

artifacts play so buff by by by phase

798

00:33:58,310 --> 00:33:55,919

one you mean that you need to go to each

799

00:34:01,590 --> 00:33:58,320

of the locations of these three

800

00:34:03,830 --> 00:34:01,600

artifacts and actually go there and uh

801
00:34:05,909 --> 00:34:03,840
do research and look them over and look

802
00:34:07,269 --> 00:34:05,919
over the documentation from the past

803
00:34:09,109 --> 00:34:07,279
people that have researched them

804
00:34:11,669 --> 00:34:09,119
themselves also what is that going to

805
00:34:14,069 --> 00:34:11,679
entail for you to do to go to to get

806
00:34:15,589 --> 00:34:14,079
possession i will just say so to speak

807
00:34:18,310 --> 00:34:15,599
so that you can present this because i

808
00:34:19,430 --> 00:34:18,320
know you're planning an exhibit uh in

809
00:34:21,270 --> 00:34:19,440
qatar

810
00:34:22,950 --> 00:34:21,280
with these three exhibits with i mean

811
00:34:24,869 --> 00:34:22,960
with these three artifacts so what is

812
00:34:26,629 --> 00:34:24,879
exactly and what is encompassed with the

813
00:34:27,909 --> 00:34:26,639

phase one aspect

814

00:34:30,389 --> 00:34:27,919

okay well let's first look at the

815

00:34:32,149 --> 00:34:30,399

minimalist and then the maximalistic

816

00:34:34,470 --> 00:34:32,159

possibility

817

00:34:36,470 --> 00:34:34,480

why not so the minimalists would be

818

00:34:39,109 --> 00:34:36,480

these three artifacts

819

00:34:42,869 --> 00:34:39,119

the maximalist would be the other two

820

00:34:45,270 --> 00:34:42,879

that we know uh are are available for

821

00:34:49,510 --> 00:34:45,280

study in north america one in ohio and

822

00:34:53,030 --> 00:34:49,520

the second one in in georgia uh and if

823

00:34:55,669 --> 00:34:53,040

it's possible include some of the uh uh

824

00:34:58,310 --> 00:34:55,679

some of the artifacts that that are in

825

00:35:00,390 --> 00:34:58,320

in bolivia and in chile

826

00:35:03,670 --> 00:35:00,400

with this because it'll show the

827

00:35:05,829 --> 00:35:03,680

difference in in visits and the types of

828

00:35:07,030 --> 00:35:05,839

visitors and that in one case there

829

00:35:08,230 --> 00:35:07,040

seems to be

830

00:35:10,069 --> 00:35:08,240

are you there

831

00:35:12,630 --> 00:35:10,079

oh yeah okay oh yeah everything just

832

00:35:13,829 --> 00:35:12,640

went blank yeah oh no

833

00:35:15,670 --> 00:35:13,839

no

834

00:35:17,990 --> 00:35:15,680

it wasn't me alone going blank believe

835

00:35:19,589 --> 00:35:18,000

me all right

836

00:35:21,910 --> 00:35:19,599

okay uh

837

00:35:23,109 --> 00:35:21,920

so you know it so that's the maximalist

838

00:35:26,390 --> 00:35:23,119

uh option

839

00:35:28,069 --> 00:35:26,400

the phase one is

840

00:35:29,349 --> 00:35:28,079

this you know the completion of the

841

00:35:32,710 --> 00:35:29,359

study phase

842

00:35:35,990 --> 00:35:32,720

we i've dealt with the the the the owner

843

00:35:38,790 --> 00:35:36,000

uh the or the titular owner of the

844

00:35:40,390 --> 00:35:38,800

of the lead uh tablet

845

00:35:42,310 --> 00:35:40,400

that is in georgia and he's the

846

00:35:44,950 --> 00:35:42,320

president of the university

847

00:35:47,670 --> 00:35:44,960

and and it's the university that really

848

00:35:49,589 --> 00:35:47,680

you know owns this uh this artifact

849

00:35:51,349 --> 00:35:49,599

that's now kept in a local museum in

850

00:35:54,710 --> 00:35:51,359

lagrange

851

00:35:57,190 --> 00:35:54,720

and uh so he he introduced to me uh some

852

00:35:59,349 --> 00:35:57,200

protocols that were required for me to

853

00:36:03,030 --> 00:35:59,359

be able to you know really negotiate

854

00:36:04,710 --> 00:36:03,040

this item to take on tour and it's it

855

00:36:07,190 --> 00:36:04,720

it's not that any it's not that he has

856

00:36:10,710 --> 00:36:07,200

said no at all but i have to meet you

857

00:36:12,390 --> 00:36:10,720

know certain uh requirements right and

858

00:36:15,589 --> 00:36:12,400

those are to read through

859

00:36:18,550 --> 00:36:15,599

in person not electronically not through

860

00:36:21,190 --> 00:36:18,560

mail or otherwise but to be there in

861

00:36:24,069 --> 00:36:21,200

georgia and read through the files that

862

00:36:27,109 --> 00:36:24,079

exist surrounding this led

863

00:36:29,990 --> 00:36:27,119

tablet the led tablet was discovered

864

00:36:30,870 --> 00:36:30,000

in in 1963

865

00:36:33,109 --> 00:36:30,880

and

866

00:36:34,470 --> 00:36:33,119

it you know again from the flower uh

867

00:36:35,589 --> 00:36:34,480

flower bed

868

00:36:37,910 --> 00:36:35,599

when missed

869

00:36:40,069 --> 00:36:37,920

yeah i missed mrs joe hearn in those

870

00:36:42,150 --> 00:36:40,079

days

871

00:36:44,950 --> 00:36:42,160

your husband's first name as well

872

00:36:46,390 --> 00:36:44,960

um and and you know she there's no

873

00:36:49,190 --> 00:36:46,400

reason to think there's anything fishy

874

00:36:52,550 --> 00:36:49,200

at all about it uh you know and she she

875

00:36:54,870 --> 00:36:52,560

was totally earnest and and and uh

876

00:36:56,870 --> 00:36:54,880

i think honest in every detail that she

877

00:36:58,870 --> 00:36:56,880

provided when she brought it in

878

00:37:01,030 --> 00:36:58,880

but you know people naturally with

879

00:37:02,710 --> 00:37:01,040

especially lead because with a lead

880

00:37:05,030 --> 00:37:02,720

tablet you have to kind of pour the

881

00:37:06,390 --> 00:37:05,040

molten lead in place to make the lead

882

00:37:08,710 --> 00:37:06,400

tablet and

883

00:37:11,109 --> 00:37:08,720

and and because of that

884

00:37:13,910 --> 00:37:11,119

um that takes a lot of work so if it did

885

00:37:16,310 --> 00:37:13,920

happen in the old country whichever

886

00:37:17,829 --> 00:37:16,320

part of you know this like sumerian

887

00:37:21,510 --> 00:37:17,839

empire

888

00:37:22,670 --> 00:37:21,520

um

889

00:37:24,790 --> 00:37:22,680

you know it may have been

890

00:37:27,190 --> 00:37:24,800

pre-manufactured a blank slate and then

891

00:37:28,470 --> 00:37:27,200

carved over here or it was on board for

892

00:37:30,870 --> 00:37:28,480

whatever reason

893

00:37:32,790 --> 00:37:30,880

um the the interrelationship between

894

00:37:35,349 --> 00:37:32,800

these three artifacts

895

00:37:36,630 --> 00:37:35,359

is is i think quite intimate and it does

896

00:37:38,950 --> 00:37:36,640

suggest that

897

00:37:41,589 --> 00:37:38,960

there was one boat

898

00:37:43,589 --> 00:37:41,599

with a number of people on it who were

899

00:37:44,950 --> 00:37:43,599

somehow part of the trading

900

00:37:47,430 --> 00:37:44,960

uh hub

901
00:37:50,230 --> 00:37:47,440
that that existed especially on the

902
00:37:51,510 --> 00:37:50,240
island of bahrain and and and on the tip

903
00:37:52,390 --> 00:37:51,520
of qatar

904
00:37:55,910 --> 00:37:52,400
um

905
00:37:57,510 --> 00:37:55,920
and that that it it for whatever reason

906
00:38:00,470 --> 00:37:57,520
you know uh

907
00:38:02,470 --> 00:38:00,480
got lost or or or was part of the

908
00:38:04,950 --> 00:38:02,480
ancient trading network there's i mean

909
00:38:07,270 --> 00:38:04,960
we can go on a tangent

910
00:38:08,950 --> 00:38:07,280
on this one i'm going to do i'll do it

911
00:38:11,030 --> 00:38:08,960
real quickly with you there are there

912
00:38:12,790 --> 00:38:11,040
are collections of what are called

913
00:38:14,630 --> 00:38:12,800

cipria moneta

914

00:38:16,870 --> 00:38:14,640

shells these are calorie

915

00:38:19,750 --> 00:38:16,880

shells moneta means money

916

00:38:21,510 --> 00:38:19,760

so calorie money shells that only grow

917

00:38:22,470 --> 00:38:21,520

from the indian ocean to the hawaiian

918

00:38:24,710 --> 00:38:22,480

islands

919

00:38:26,310 --> 00:38:24,720

on the bottom of this uh of the of the

920

00:38:28,150 --> 00:38:26,320

of the ocean of the indian ocean in the

921

00:38:29,750 --> 00:38:28,160

pacific ocean that's the oldest their

922

00:38:31,910 --> 00:38:29,760

only habitat

923

00:38:33,670 --> 00:38:31,920

so to have thousands and thousands and

924

00:38:36,710 --> 00:38:33,680

hundreds of thousands of these shells

925

00:38:38,950 --> 00:38:36,720

over in north america in the copena

926
00:38:40,710 --> 00:38:38,960
cultural collections that's the american

927
00:38:42,790 --> 00:38:40,720
southeast

928
00:38:46,470 --> 00:38:42,800
um the copina stands for copper and

929
00:38:49,109 --> 00:38:46,480
galena wait long story won't get into um

930
00:38:53,030 --> 00:38:49,119
you to have those dating back into the

931
00:38:54,470 --> 00:38:53,040
millennia of years is stunning where did

932
00:38:56,870 --> 00:38:54,480
where did they come from how did they

933
00:38:58,550 --> 00:38:56,880
get here it has to be with the trading

934
00:38:59,589 --> 00:38:58,560
mission because those shelves were used

935
00:39:03,030 --> 00:38:59,599
as money

936
00:39:04,950 --> 00:39:03,040
throughout eurasia africa and uh and and

937
00:39:08,310 --> 00:39:04,960
the asian south east

938
00:39:10,630 --> 00:39:08,320

so you know it they were money already

939

00:39:13,750 --> 00:39:10,640

and and they were obviously used hudson

940

00:39:17,510 --> 00:39:13,760

bay company adapted them as money to

941

00:39:19,589 --> 00:39:17,520

trade with indigenous trappers right

942

00:39:21,750 --> 00:39:19,599

yes but also i mean it would also

943

00:39:24,069 --> 00:39:21,760

indicate that they must also travel to

944

00:39:26,150 --> 00:39:24,079

south america and central america

945

00:39:27,910 --> 00:39:26,160

because aren't these artifacts found all

946

00:39:29,589 --> 00:39:27,920

over the americas i mean they it just

947

00:39:31,910 --> 00:39:29,599

couldn't have just been specifically

948

00:39:34,710 --> 00:39:31,920

north america they must have been all

949

00:39:36,550 --> 00:39:34,720

over the americas yeah we just we just i

950

00:39:38,390 --> 00:39:36,560

just described them

951
00:39:40,790 --> 00:39:38,400
that have been found in in chile and

952
00:39:43,349 --> 00:39:40,800
bolivia

953
00:39:45,670 --> 00:39:43,359
that that really is incredible and um i

954
00:39:47,109 --> 00:39:45,680
know recently you just had a

955
00:39:49,990 --> 00:39:47,119
presentation

956
00:39:52,950 --> 00:39:50,000
with uh at the sucker creek a first

957
00:39:55,910 --> 00:39:52,960
nation reserve in alberta with chief jim

958
00:39:57,430 --> 00:39:55,920
badger and you uh i think you proposed

959
00:39:59,990 --> 00:39:57,440
the institute for

960
00:40:01,910 --> 00:40:00,000
the studies of indigenous anomalies does

961
00:40:04,230 --> 00:40:01,920
this correlate with the artifacts what

962
00:40:06,390 --> 00:40:04,240
is the connection and what is the goal

963
00:40:09,190 --> 00:40:06,400

and the focus of this institute which is

964

00:40:12,390 --> 00:40:09,200

isa the acronym what exactly is it all

965

00:40:15,030 --> 00:40:12,400

about the isia

966

00:40:17,430 --> 00:40:15,040

it's about studying you know what what

967

00:40:18,790 --> 00:40:17,440

what the so-called specialists say

968

00:40:21,430 --> 00:40:18,800

shouldn't be here

969

00:40:23,510 --> 00:40:21,440

but are here and why they've created

970

00:40:25,829 --> 00:40:23,520

this convenient catch-all term of

971

00:40:28,069 --> 00:40:25,839

anomaly they'll call these things

972

00:40:30,150 --> 00:40:28,079

anomalies even if they're vetted proven

973

00:40:32,390 --> 00:40:30,160

to be non-hoax and you can't hoax a

974

00:40:34,790 --> 00:40:32,400

cowrie shell that you know that i mean

975

00:40:36,069 --> 00:40:34,800

that's that's dug up you know from

976

00:40:38,309 --> 00:40:36,079

several feet

977

00:40:40,150 --> 00:40:38,319

underground and in part of stratigraphy

978

00:40:42,550 --> 00:40:40,160

that's well known and identified by

979

00:40:44,550 --> 00:40:42,560

archaeologists and geologists

980

00:40:45,750 --> 00:40:44,560

you know you so

981

00:40:47,109 --> 00:40:45,760

they don't know what to do with it

982

00:40:49,510 --> 00:40:47,119

though because they don't have the

983

00:40:50,230 --> 00:40:49,520

paradigms they don't have the frameworks

984

00:40:56,950 --> 00:40:50,240

to

985

00:41:00,069 --> 00:40:56,960

them on a shelf and leave them and then

986

00:41:01,990 --> 00:41:00,079

they don't they don't bother with with

987

00:41:03,990 --> 00:41:02,000

you know what the implications are to

988

00:41:06,630 --> 00:41:04,000

these artifacts until something else

989

00:41:09,589 --> 00:41:06,640

happens so like for example when they

990

00:41:11,750 --> 00:41:09,599

found that the the vikings you know were

991

00:41:13,670 --> 00:41:11,760

here 500 years before columbus which

992

00:41:15,829 --> 00:41:13,680

totally you know rocked the hearts and

993

00:41:18,790 --> 00:41:15,839

souls of the italians and the spaniards

994

00:41:21,190 --> 00:41:18,800

who fought over whether columbus was

995

00:41:23,670 --> 00:41:21,200

italian or hispanic you know i mean that

996

00:41:26,470 --> 00:41:23,680

was devastating to both you know both of

997

00:41:29,270 --> 00:41:26,480

his fan clubs uh because he obviously

998

00:41:31,349 --> 00:41:29,280

wasn't the first european to be here and

999

00:41:34,470 --> 00:41:31,359

and i i don't think you know too very

1000

00:41:35,270 --> 00:41:34,480

many people took that very seriously

1001
00:41:37,589 --> 00:41:35,280
you know

1002
00:41:39,270 --> 00:41:37,599
for the last century without with what

1003
00:41:40,069 --> 00:41:39,280
has been found

1004
00:41:41,670 --> 00:41:40,079
so

1005
00:41:42,790 --> 00:41:41,680
um

1006
00:41:46,870 --> 00:41:42,800
the

1007
00:41:50,150 --> 00:41:46,880
institute that we want to form is going

1008
00:41:51,990 --> 00:41:50,160
to address issues of those calorie

1009
00:41:53,670 --> 00:41:52,000
shells

1010
00:41:56,230 --> 00:41:53,680
and the fact that hudson bay company

1011
00:41:58,309 --> 00:41:56,240
took them up and used them as money

1012
00:42:00,390 --> 00:41:58,319
which is literally what the the latin

1013
00:42:04,470 --> 00:42:00,400

word for that species of calorie shell

1014

00:42:05,670 --> 00:42:04,480

cypria monita the calorie money you know

1015

00:42:08,150 --> 00:42:05,680

amazing

1016

00:42:09,670 --> 00:42:08,160

it is and the indigenous people

1017

00:42:12,230 --> 00:42:09,680

already had this

1018

00:42:14,390 --> 00:42:12,240

real desire for them in use for them

1019

00:42:15,990 --> 00:42:14,400

they were fertility symbols if i may be

1020

00:42:19,270 --> 00:42:16,000

blunt and frank with

1021

00:42:21,670 --> 00:42:19,280

you uh you know speaking scientifically

1022

00:42:23,430 --> 00:42:21,680

those they look like vaginas and they

1023

00:42:26,550 --> 00:42:23,440

would travel with

1024

00:42:28,630 --> 00:42:26,560

uh another shell called dentalia that

1025

00:42:31,030 --> 00:42:28,640

was only found on the northwest coast of

1026
00:42:33,910 --> 00:42:31,040
vancouver island of this continental

1027
00:42:36,630 --> 00:42:33,920
area you know british columbia

1028
00:42:38,550 --> 00:42:36,640
and and those who are gastropods that

1029
00:42:41,030 --> 00:42:38,560
would stand upright

1030
00:42:44,150 --> 00:42:41,040
and they look like erect phalluses so

1031
00:42:46,710 --> 00:42:44,160
the two would go together money despite

1032
00:42:49,670 --> 00:42:46,720
rumors to the contrary

1033
00:42:51,349 --> 00:42:49,680
really comes out of a fertility matrix

1034
00:42:53,589 --> 00:42:51,359
it money

1035
00:42:57,109 --> 00:42:53,599
it was seen as something that would

1036
00:42:58,630 --> 00:42:57,119
enhance and extend and expand

1037
00:43:01,270 --> 00:42:58,640
fertility

1038
00:43:03,030 --> 00:43:01,280

that is its origin and out of need

1039

00:43:05,030 --> 00:43:03,040

obviously but when you get into you know

1040

00:43:08,230 --> 00:43:05,040

the surplus and the extravagant and

1041

00:43:11,829 --> 00:43:08,240

exotic aspects of trade

1042

00:43:14,550 --> 00:43:11,839

you know money comes into the picture

1043

00:43:16,069 --> 00:43:14,560

directly squared with fertility issues

1044

00:43:18,309 --> 00:43:16,079

of the culture and the in the

1045

00:43:19,270 --> 00:43:18,319

spirituality of the people who are using

1046

00:43:20,870 --> 00:43:19,280

it

1047

00:43:22,470 --> 00:43:20,880

so you know we want to we want to look

1048

00:43:25,349 --> 00:43:22,480

at those shells we want to look at these

1049

00:43:27,030 --> 00:43:25,359

these cuneiform inscribed uh artifacts

1050

00:43:29,589 --> 00:43:27,040

there's a whole there are you know

1051

00:43:31,589 --> 00:43:29,599

several different areas to to venture

1052

00:43:34,790 --> 00:43:31,599

into without getting

1053

00:43:36,309 --> 00:43:34,800

all goofed up with you know diffusionism

1054

00:43:37,670 --> 00:43:36,319

and and

1055

00:43:39,910 --> 00:43:37,680

barry fell

1056

00:43:42,150 --> 00:43:39,920

who always pops up in the picture when

1057

00:43:43,750 --> 00:43:42,160

yeah this kind of discussion you know

1058

00:43:47,829 --> 00:43:43,760

comes along i knew him i worked with him

1059

00:43:48,950 --> 00:43:47,839

i i we had terrible disagreements and

1060

00:43:50,550 --> 00:43:48,960

and

1061

00:43:53,190 --> 00:43:50,560

i'm kind of happy to say that we did

1062

00:43:55,030 --> 00:43:53,200

because you know he he did some wrongful

1063

00:43:56,069 --> 00:43:55,040

things he was a great zoologist at

1064

00:43:58,790 --> 00:43:56,079

harvard

1065

00:44:00,790 --> 00:43:58,800

uh but in this epigraphic context

1066

00:44:03,829 --> 00:44:00,800

everything was you know about diffusion

1067

00:44:05,670 --> 00:44:03,839

my my point on this very quickly is yes

1068

00:44:07,829 --> 00:44:05,680

i think indigenous people could make

1069

00:44:09,349 --> 00:44:07,839

pyramids on their own thank you they

1070

00:44:11,349 --> 00:44:09,359

didn't need

1071

00:44:13,270 --> 00:44:11,359

either annunaki or

1072

00:44:15,430 --> 00:44:13,280

ancient egyptians coming over and

1073

00:44:19,349 --> 00:44:15,440

teaching them how to do it

1074

00:44:21,589 --> 00:44:19,359

it pyramids are inherent in our psyches

1075

00:44:24,309 --> 00:44:21,599

as a geometric shape

1076
00:44:27,190 --> 00:44:24,319
and step stepped pyramids are so logical

1077
00:44:29,670 --> 00:44:27,200
they withstand all weather conditions

1078
00:44:32,230 --> 00:44:29,680
you know it just makes sense a teepee is

1079
00:44:34,390 --> 00:44:32,240
a it is a is a you know is is something

1080
00:44:35,910 --> 00:44:34,400
that has an apex to it

1081
00:44:37,750 --> 00:44:35,920
yeah i mean look at look at the

1082
00:44:41,430 --> 00:44:37,760
architecture around the world through

1083
00:44:44,069 --> 00:44:41,440
time it you know it's it's functional

1084
00:44:47,270 --> 00:44:44,079
first off

1085
00:44:48,470 --> 00:44:47,280
and then the form yeah

1086
00:44:50,309 --> 00:44:48,480
i'm not taking the magic and the

1087
00:44:52,390 --> 00:44:50,319
mysticism away from ancient egypt that's

1088
00:44:54,069 --> 00:44:52,400

not what i'm doing or from the mayans in

1089

00:44:55,670 --> 00:44:54,079

the ass no no of course buff let me ask

1090

00:44:57,270 --> 00:44:55,680

you a question i don't i mean i don't

1091

00:44:59,109 --> 00:44:57,280

want us uh i just want to be a little

1092

00:45:00,710 --> 00:44:59,119

devil's advocate here but wouldn't it be

1093

00:45:04,230 --> 00:45:00,720

possible that some of the indigenous

1094

00:45:06,069 --> 00:45:04,240

peoples back then could have if they if

1095

00:45:08,630 --> 00:45:06,079

if it was the sumerians or phoenicians

1096

00:45:10,630 --> 00:45:08,640

whoever it may have been who have had

1097

00:45:12,470 --> 00:45:10,640

this uh trade establishment here with

1098

00:45:14,309 --> 00:45:12,480

the americas could it be possible that

1099

00:45:17,430 --> 00:45:14,319

some of the indigenous peoples went over

1100

00:45:19,270 --> 00:45:17,440

there and they witnessed structures and

1101

00:45:21,270 --> 00:45:19,280

they came back and incorporated that

1102

00:45:22,710 --> 00:45:21,280

with their own style of building i mean

1103

00:45:25,750 --> 00:45:22,720

is that possible

1104

00:45:30,230 --> 00:45:25,760

you very much so you remember that 8 200

1105

00:45:32,470 --> 00:45:30,240

year figure uh 8 200 years ago or 8 200

1106

00:45:33,510 --> 00:45:32,480

bc but it's a there's a debate about

1107

00:45:37,030 --> 00:45:33,520

whether it's

1108

00:45:40,470 --> 00:45:37,040

8 000 bc or 8 200 years from now

1109

00:45:45,109 --> 00:45:42,790

we know that there was funerary

1110

00:45:48,230 --> 00:45:45,119

architecture

1111

00:45:49,990 --> 00:45:48,240

over 6 000 years ago between six and

1112

00:45:53,190 --> 00:45:50,000

seven thousand years ago

1113

00:45:56,790 --> 00:45:53,200

that that lined the the the the coast of

1114

00:45:58,630 --> 00:45:56,800

uh maritime canada a special type of

1115

00:46:00,710 --> 00:45:58,640

funeral architecture

1116

00:46:03,430 --> 00:46:00,720

that would using stones large to small

1117

00:46:06,390 --> 00:46:03,440

or small to large that and red ochre to

1118

00:46:08,470 --> 00:46:06,400

put all over the the the harpoons that

1119

00:46:10,309 --> 00:46:08,480

were used to hunt whales with and so

1120

00:46:12,870 --> 00:46:10,319

forth

1121

00:46:16,150 --> 00:46:12,880

with those are older over here than they

1122

00:46:18,870 --> 00:46:16,160

are uh on the in the breton area of

1123

00:46:22,870 --> 00:46:18,880

france where they're also found

1124

00:46:25,030 --> 00:46:22,880

they're so they're like 700 to 800 years

1125

00:46:26,790 --> 00:46:25,040

older over here

1126
00:46:29,270 --> 00:46:26,800
than the oldest ones found on the coast

1127
00:46:31,510 --> 00:46:29,280
of france so that implies that there was

1128
00:46:32,550 --> 00:46:31,520
certainly some kind of navigation going

1129
00:46:35,430 --> 00:46:32,560
on

1130
00:46:37,910 --> 00:46:35,440
between eastern north america and

1131
00:46:40,150 --> 00:46:37,920
western european atlantic coastal

1132
00:46:41,430 --> 00:46:40,160
regions right but what about going into

1133
00:46:42,470 --> 00:46:41,440
the cari what about going into the

1134
00:46:45,109 --> 00:46:42,480
mediterranean

1135
00:46:48,550 --> 00:46:45,119
well it turns out the first three words

1136
00:46:49,750 --> 00:46:48,560
used by ancient egyptians

1137
00:46:54,069 --> 00:46:49,760
for god

1138
00:46:57,349 --> 00:46:54,079

yes are are in the cree language

1139

00:47:00,150 --> 00:46:57,359

all three you know no we've already done

1140

00:47:02,230 --> 00:47:00,160

that it's just amazing that is amazing

1141

00:47:05,670 --> 00:47:02,240

totally monto

1142

00:47:09,270 --> 00:47:05,680

yeah uh in the cree language here this

1143

00:47:12,230 --> 00:47:09,280

is kichimonto and machimonto one is like

1144

00:47:14,470 --> 00:47:12,240

the good god and one is the evil god or

1145

00:47:16,550 --> 00:47:14,480

you know the devil if you will i mean

1146

00:47:19,349 --> 00:47:16,560

some people don't like that translation

1147

00:47:22,069 --> 00:47:19,359

i understand why but to use you know

1148

00:47:24,390 --> 00:47:22,079

western european religions and and

1149

00:47:26,390 --> 00:47:24,400

abrahamic religions is on you know it's

1150

00:47:28,549 --> 00:47:26,400

the the contrast of

1151
00:47:30,390 --> 00:47:28,559
black and white dark and light and you

1152
00:47:32,630 --> 00:47:30,400
know all of that

1153
00:47:34,710 --> 00:47:32,640
that that were that we're talking about

1154
00:47:38,309 --> 00:47:34,720
with the with the cree construct

1155
00:47:42,549 --> 00:47:38,319
linguistic construct of kitsimanto

1156
00:47:43,750 --> 00:47:42,559
so but munto is is is is the first word

1157
00:47:46,950 --> 00:47:43,760
for god

1158
00:47:49,750 --> 00:47:46,960
recorded in ancient egypt

1159
00:47:57,990 --> 00:47:49,760
and and then and then there's this very

1160
00:48:01,510 --> 00:47:59,910
is approximately the sound in both the

1161
00:48:03,270 --> 00:48:01,520
cree language and in ancient egyptian

1162
00:48:04,829 --> 00:48:03,280
and it means the one who owns and

1163
00:48:07,430 --> 00:48:04,839

controls all

1164

00:48:09,829 --> 00:48:07,440

things right

1165

00:48:12,069 --> 00:48:09,839

and so on so there there's

1166

00:48:14,630 --> 00:48:12,079

there's a whole lot of other uh

1167

00:48:16,950 --> 00:48:14,640

lexical examples that that would suggest

1168

00:48:19,990 --> 00:48:16,960

there was some kind of a of a trade we

1169

00:48:22,950 --> 00:48:20,000

know that the that the the navajo and an

1170

00:48:25,750 --> 00:48:22,960

apache lexicon or dictionary

1171

00:48:27,030 --> 00:48:25,760

has all kinds of items that are still

1172

00:48:30,870 --> 00:48:27,040

being spoken

1173

00:48:34,870 --> 00:48:30,880

in in eastern siberia by the cat people

1174

00:48:37,190 --> 00:48:34,880

who are under great study right now

1175

00:48:39,990 --> 00:48:37,200

because they're speaking a language that

1176

00:48:42,549 --> 00:48:40,000

is only over in north america called

1177

00:48:44,790 --> 00:48:42,559

dene which is what the navajo and apache

1178

00:48:45,750 --> 00:48:44,800

speak and many many first nations up

1179

00:48:47,270 --> 00:48:45,760

here

1180

00:48:49,670 --> 00:48:47,280

in canada

1181

00:48:52,230 --> 00:48:49,680

so you know it's there's nothing there's

1182

00:48:54,790 --> 00:48:52,240

nothing you know

1183

00:48:56,549 --> 00:48:54,800

there's no pushing of an envelope or or

1184

00:48:59,190 --> 00:48:56,559

far-fetched about

1185

00:49:01,670 --> 00:48:59,200

finding ancient linguistic

1186

00:49:03,190 --> 00:49:01,680

roots that that bind up

1187

00:49:06,470 --> 00:49:03,200

you know people around the world there

1188

00:49:08,950 --> 00:49:06,480

is something called proto-dna caucasian

1189

00:49:11,349 --> 00:49:08,960

and under that title this is in today's

1190

00:49:12,870 --> 00:49:11,359

linguistic science of linguistics

1191

00:49:14,790 --> 00:49:12,880

under that title

1192

00:49:17,270 --> 00:49:14,800

is ancient basque

1193

00:49:19,109 --> 00:49:17,280

sumerian

1194

00:49:21,829 --> 00:49:19,119

and the dna languages we're talking

1195

00:49:24,069 --> 00:49:21,839

about navajo and apache

1196

00:49:27,510 --> 00:49:24,079

so what you know i mean the linguists

1197

00:49:30,549 --> 00:49:27,520

seem to have no problem with recognizing

1198

00:49:33,190 --> 00:49:30,559

the the extent of you know cross

1199

00:49:35,109 --> 00:49:33,200

fertilization linguistically speaking

1200

00:49:36,790 --> 00:49:35,119

around the world many many many

1201
00:49:37,589 --> 00:49:36,800
thousands of years ago

1202
00:49:40,950 --> 00:49:37,599
that

1203
00:49:43,109 --> 00:49:40,960
other

1204
00:49:45,030 --> 00:49:43,119
and i use the term indian experts in a

1205
00:49:46,309 --> 00:49:45,040
very derogatory way as you may have

1206
00:49:47,589 --> 00:49:46,319
guessed by now

1207
00:49:49,349 --> 00:49:47,599
um you know

1208
00:49:51,030 --> 00:49:49,359
yes you know what's interesting i was

1209
00:49:52,069 --> 00:49:51,040
reading somewhere when i was doing the

1210
00:49:55,349 --> 00:49:52,079
research

1211
00:49:57,750 --> 00:49:55,359
and i read that the assyrians used to

1212
00:50:00,870 --> 00:49:57,760
sing a rockaway song that was sung by

1213
00:50:03,910 --> 00:50:00,880

the men and women and it's very similar

1214

00:50:05,030 --> 00:50:03,920

to that of the native americans

1215

00:50:07,589 --> 00:50:05,040

and their

1216

00:50:09,670 --> 00:50:07,599

songs enchants so i kind of found that

1217

00:50:12,150 --> 00:50:09,680

also a little connection there as far as

1218

00:50:14,150 --> 00:50:12,160

even with the music there was some type

1219

00:50:15,190 --> 00:50:14,160

of connection as well

1220

00:50:16,870 --> 00:50:15,200

i don't know if you're aware of that but

1221

00:50:19,349 --> 00:50:16,880

i found that in my research oh i like

1222

00:50:21,910 --> 00:50:19,359

that yeah that was pretty cool actually

1223

00:50:23,510 --> 00:50:21,920

uh before we get to break um

1224

00:50:27,270 --> 00:50:23,520

buff there's a question from the chat

1225

00:50:28,950 --> 00:50:27,280

room okay and it's from jb jim bob short

1226
00:50:31,190 --> 00:50:28,960
and he wants to know does the guest

1227
00:50:33,829 --> 00:50:31,200
relate to zechariah sitchin and the

1228
00:50:37,750 --> 00:50:33,839
translations of maura beglino

1229
00:50:42,309 --> 00:50:39,910
i'm aware of zechariah stitching i my

1230
00:50:43,190 --> 00:50:42,319
problem is

1231
00:50:45,430 --> 00:50:43,200
the

1232
00:50:48,230 --> 00:50:45,440
rush to

1233
00:50:50,710 --> 00:50:48,240
judgment and conclusion

1234
00:50:53,829 --> 00:50:50,720
that i find with zechariah and and with

1235
00:50:57,190 --> 00:50:53,839
others you know in his direction

1236
00:50:59,430 --> 00:50:57,200
there's so much uncertainty and mystery

1237
00:51:00,230 --> 00:50:59,440
about all of this

1238
00:51:01,430 --> 00:51:00,240

that

1239

00:51:03,910 --> 00:51:01,440

you know it's one thing to build a

1240

00:51:06,470 --> 00:51:03,920

construct that you call a theory

1241

00:51:09,270 --> 00:51:06,480

or a hypothesis it's another thing to be

1242

00:51:12,309 --> 00:51:09,280

putting forward um

1243

00:51:13,990 --> 00:51:12,319

ideas that are that are presented as

1244

00:51:16,470 --> 00:51:14,000

as true

1245

00:51:21,030 --> 00:51:16,480

and and that that you know that the the

1246

00:51:26,950 --> 00:51:24,230

so i i part company from that direction

1247

00:51:29,670 --> 00:51:26,960

i think the mysteries you know speak for

1248

00:51:31,990 --> 00:51:29,680

themselves as mysteries and need to be

1249

00:51:34,630 --> 00:51:32,000

probed and and much more deeply

1250

00:51:37,990 --> 00:51:34,640

investigated but i would not want to

1251

00:51:40,950 --> 00:51:38,000

have the an operating theory when i deal

1252

00:51:43,589 --> 00:51:40,960

with the data with the evidence

1253

00:51:46,549 --> 00:51:43,599

and only then thereby

1254

00:51:49,510 --> 00:51:46,559

prove my theory i would rather

1255

00:51:51,190 --> 00:51:49,520

just be neutral look at it all

1256

00:51:52,390 --> 00:51:51,200

know that there's something strange

1257

00:51:55,990 --> 00:51:52,400

going on

1258

00:51:56,710 --> 00:51:56,000

um and draw a conclusion after the fact

1259

00:52:02,150 --> 00:51:56,720

not

1260

00:52:04,630 --> 00:52:02,160

conclusion right and and there's just a

1261

00:52:06,549 --> 00:52:04,640

difference in approach and and so you

1262

00:52:10,309 --> 00:52:06,559

know i don't i don't condemn these

1263

00:52:12,950 --> 00:52:10,319

people but i don't really um

1264

00:52:14,790 --> 00:52:12,960

agree with their methodology and i'm a

1265

00:52:17,190 --> 00:52:14,800

little bit leery about

1266

00:52:19,750 --> 00:52:17,200

about their conclusions

1267

00:52:21,910 --> 00:52:19,760

you know in the face of wonders that are

1268

00:52:25,109 --> 00:52:21,920

out of this world literally

1269

00:52:27,750 --> 00:52:25,119

um we don't need to uh we don't need to

1270

00:52:29,910 --> 00:52:27,760

push envelopes or or push things

1271

00:52:32,069 --> 00:52:29,920

together that don't really fit

1272

00:52:34,630 --> 00:52:32,079

exactly once again i'm reminded of carl

1273

00:52:36,549 --> 00:52:34,640

sagan's the demon haunted world which is

1274

00:52:37,910 --> 00:52:36,559

really addresses that kind of thing

1275

00:52:39,109 --> 00:52:37,920

yes

1276

00:52:41,190 --> 00:52:39,119

yeah we'd like you know we want our

1277

00:52:43,910 --> 00:52:41,200

theories to be accurate

1278

00:52:47,670 --> 00:52:43,920

right but i'd rather i'd rather do the

1279

00:52:49,750 --> 00:52:47,680

study first and then come out of it all

1280

00:52:51,510 --> 00:52:49,760

with the theory which is kind of what i

1281

00:52:54,309 --> 00:52:51,520

did with yolk island

1282

00:52:57,710 --> 00:52:54,319

um you know investigations that i've

1283

00:53:00,549 --> 00:52:57,720

been uh party to since uh

1284

00:53:03,829 --> 00:53:00,559

2004 and long before that but in a real

1285

00:53:05,670 --> 00:53:03,839

active way since about 2004.

1286

00:53:10,549 --> 00:53:05,680

yes and here that's a segue to oak

1287

00:53:14,549 --> 00:53:12,309

actually uh buff we were speaking

1288

00:53:17,349 --> 00:53:14,559

earlier off the air and you mentioned

1289

00:53:20,150 --> 00:53:17,359

that one of your students rodney

1290

00:53:22,549 --> 00:53:20,160

was at oak island i believe correct and

1291

00:53:24,230 --> 00:53:22,559

there's some type of connection between

1292

00:53:26,069 --> 00:53:24,240

uh the the

1293

00:53:28,150 --> 00:53:26,079

the pouch on

1294

00:53:30,309 --> 00:53:28,160

chief joseph and oak island so we can

1295

00:53:32,950 --> 00:53:30,319

actually touch on that also on the other

1296

00:53:35,750 --> 00:53:32,960

side absolutely but just to clarify

1297

00:53:38,390 --> 00:53:35,760

rodney was not at oak island rodney was

1298

00:53:40,829 --> 00:53:38,400

with me uh down

1299

00:53:43,270 --> 00:53:40,839

visiting the nez

1300

00:53:46,069 --> 00:53:43,280

pierce artifacts in the you know the

1301
00:53:48,230 --> 00:53:46,079
museum and and the archive center and

1302
00:53:49,990 --> 00:53:48,240
and so on and we and that's also part of

1303
00:53:50,790 --> 00:53:50,000
finishing phase one we have to go back

1304
00:53:54,710 --> 00:53:50,800
there

1305
00:53:57,109 --> 00:53:54,720
you know finishing touches that are

1306
00:53:59,750 --> 00:53:57,119
necessary to complete phase one before

1307
00:54:03,589 --> 00:53:59,760
we can really enter phase two

1308
00:54:06,549 --> 00:54:03,599
which we can also return to in uh in in

1309
00:54:07,990 --> 00:54:06,559
in in phase two of your program hey very

1310
00:54:10,870 --> 00:54:08,000
good

1311
00:54:13,829 --> 00:54:10,880
very well done and and uh buff that

1312
00:54:16,150 --> 00:54:13,839
exhibit is planned hopefully to be done

1313
00:54:18,950 --> 00:54:16,160

in qatar correct well we'd like we'd

1314

00:54:21,030 --> 00:54:18,960

like to premiere it in in qatar in a

1315

00:54:23,030 --> 00:54:21,040

museum named after one of the

1316

00:54:25,990 --> 00:54:23,040

one of the real prominent shakes of the

1317

00:54:28,390 --> 00:54:26,000

area who has an interest in ancient

1318

00:54:30,470 --> 00:54:28,400

artifacts and you know i worked i i

1319

00:54:33,829 --> 00:54:30,480

brought an artifact a piece of the

1320

00:54:34,710 --> 00:54:33,839

cofferdam from from oak island to sheikh

1321

00:54:37,349 --> 00:54:34,720

uh

1322

00:54:39,430 --> 00:54:37,359

al khalifa

1323

00:54:41,829 --> 00:54:39,440

one of the prominent sheikhs of bahrain

1324

00:54:45,510 --> 00:54:41,839

the brother-in-law of the king of

1325

00:54:48,309 --> 00:54:45,520

bahrain and his cousin as well

1326

00:54:51,750 --> 00:54:48,319

and and presented it to him in a very

1327

00:54:54,950 --> 00:54:51,760

formal ceremonial way so he had you know

1328

00:54:57,430 --> 00:54:54,960

he has a piece of of the cofferdam of

1329

00:55:00,069 --> 00:54:57,440

oak island and you know we're we're

1330

00:55:01,670 --> 00:55:00,079

looking toward that direction

1331

00:55:03,829 --> 00:55:01,680

uh for for

1332

00:55:06,549 --> 00:55:03,839

you know financing the

1333

00:55:09,190 --> 00:55:06,559

the freeze circle that would be required

1334

00:55:11,589 --> 00:55:09,200

ultimately so i think you do the kind of

1335

00:55:14,230 --> 00:55:11,599

excavation that's necessary at the

1336

00:55:15,829 --> 00:55:14,240

bottom of the money pit okay because

1337

00:55:17,910 --> 00:55:15,839

it's so extensive under there all those

1338

00:55:20,069 --> 00:55:17,920

boreholes that they've got on the island

1339

00:55:21,829 --> 00:55:20,079

and so on oak island are away from the

1340

00:55:24,470 --> 00:55:21,839

money pit but they still found things

1341

00:55:25,910 --> 00:55:24,480

even in the boreholes well that's that's

1342

00:55:27,829 --> 00:55:25,920

exactly where we're going to go in the

1343

00:55:30,309 --> 00:55:27,839

next hour we're going to go into the

1344

00:55:32,309 --> 00:55:30,319

money pit oak island and also where it

1345

00:55:34,390 --> 00:55:32,319

all began for you and that was at the

1346

00:55:36,950 --> 00:55:34,400

decoding the shepherds monument

1347

00:55:38,950 --> 00:55:36,960

and we're coming up on a break uh buff

1348

00:55:56,789 --> 00:55:38,960

so can we continue the discussion on the

1349

00:56:03,190 --> 00:55:59,270

you're listening to irn

1350

00:56:11,750 --> 00:56:03,200

the inception radio network chicago

1351

00:56:15,670 --> 00:56:13,670

looking for a cure for boredom never

1352

00:56:17,670 --> 00:56:15,680

worry irn's interactive website

1353

00:56:19,589 --> 00:56:17,680

introduces a number of ways to pass time

1354

00:56:22,309 --> 00:56:19,599

while you listen to your favorite show

1355

00:56:24,309 --> 00:56:22,319

choose anything from the irn chat lounge

1356

00:56:26,710 --> 00:56:24,319

game lounge video lounge or the mood

1357

00:56:28,710 --> 00:56:26,720

lounge these fun exciting features let

1358

00:56:31,510 --> 00:56:28,720

you chat in real time with fellow

1359

00:56:34,390 --> 00:56:31,520

listeners view live sky watches play

1360

00:56:36,630 --> 00:56:34,400

daily posted online games or pick a show

1361

00:56:39,030 --> 00:56:36,640

based on topic the choices are endless

1362

00:56:41,270 --> 00:56:39,040

so use your time wisely by keeping it

1363

00:56:43,270 --> 00:56:41,280

all on irn are you a fan of inception

1364

00:56:45,270 --> 00:56:43,280

radio network do you reckon it's the

1365

00:56:47,789 --> 00:56:45,280

best alternative talk radio station on

1366

00:56:50,230 --> 00:56:47,799

the planet well if you do head to

1367

00:56:52,789 --> 00:56:50,240

facebook.com forward slash inception

1368

00:56:54,789 --> 00:56:52,799

radio network and like the page

1369

00:57:00,470 --> 00:56:54,799

tell your friends spread the word and

1370

00:57:04,230 --> 00:57:02,230

hi inception radio network listeners

1371

00:57:06,870 --> 00:57:04,240

this is amanda just a reminder that

1372

00:57:10,069 --> 00:57:06,880

inception radio network is on twitter

1373

00:57:12,309 --> 00:57:10,079

follow us at i underscore our underscore

1374

00:57:14,230 --> 00:57:12,319

n and keep up to date about who's on

1375

00:57:16,150 --> 00:57:14,240

tonight what interviews they'll be doing

1376
00:57:18,470 --> 00:57:16,160
who's guest spotting what topics they'll

1377
00:57:20,710 --> 00:57:18,480
be covering tweet to us tweet about us

1378
00:57:22,390 --> 00:57:20,720
retweet topics to your friends and most

1379
00:57:25,190 --> 00:57:22,400
importantly never miss a great show

1380
00:57:33,750 --> 00:57:25,200
again that's i underscore our underscore

1381
00:57:39,430 --> 00:57:37,190
hi bob tarmac for mjshealthyweight.com

1382
00:57:42,309 --> 00:57:39,440
are you into vitamins nutrition meal

1383
00:57:44,390 --> 00:57:42,319
replacements health shakes

1384
00:57:46,630 --> 00:57:44,400
keeping your body in good shape your

1385
00:57:49,109 --> 00:57:46,640
internal engine going

1386
00:57:50,950 --> 00:57:49,119
boy do i have a perfect place for you

1387
00:57:53,430 --> 00:57:50,960
mj'shealthyway.com

1388
00:57:54,789 --> 00:57:53,440

they offer the best service and products

1389

00:57:56,549 --> 00:57:54,799

and they'll tell you anything you need

1390

00:57:58,950 --> 00:57:56,559

to know about any product they have to

1391

00:58:01,069 --> 00:57:58,960

offer i get all my vitamins meal

1392

00:58:05,069 --> 00:58:01,079

replacements shakes from

1393

00:58:06,630 --> 00:58:05,079

mj'shealthyway.com that's spelled mjs

1394

00:58:08,470 --> 00:58:06,640

healthywhey.com

1395

00:58:19,910 --> 00:58:08,480

there's so much more at the website

1396

00:58:23,670 --> 00:58:21,829

don't have a computer is your internet

1397

00:58:25,270 --> 00:58:23,680

connection down don't worry use your

1398

00:58:27,870 --> 00:58:25,280

trusty cell phone or landline and call

1399

00:58:29,990 --> 00:58:27,880

into our listing line at

1400

00:58:32,549 --> 00:58:30,000

401-283-6700 to listen to the inception

1401
00:58:35,190 --> 00:58:32,559
radio network 24 7. again that call and

1402
00:58:36,950 --> 00:58:35,200
number is

1403
00:58:43,270 --> 00:58:36,960
six seven 401-283-6700 zero for the

1404
00:58:48,230 --> 00:58:45,750
hello inception radio network listeners

1405
00:58:50,630 --> 00:58:48,240
this is amanda remember you can take

1406
00:58:52,309 --> 00:58:50,640
your inception radio shows on the go

1407
00:58:55,270 --> 00:58:52,319
just download the inception radio

1408
00:58:57,430 --> 00:58:55,280
network app for your iphone ipad or

1409
00:58:59,910 --> 00:58:57,440
android smartphones and access

1410
00:59:02,390 --> 00:58:59,920
live shows past shows guest lineups and

1411
00:59:04,309 --> 00:59:02,400
much more just visit the itunes store or

1412
00:59:09,349 --> 00:59:04,319
the google play marketplace and download

1413
00:59:13,670 --> 00:59:11,030

are you looking for a cure for boredom

1414

00:59:15,910 --> 00:59:13,680

never worry irn's new interactive

1415

00:59:17,349 --> 00:59:15,920

website introduces a number of ways to

1416

00:59:18,789 --> 00:59:17,359

pass time while you listen to your

1417

00:59:21,510 --> 00:59:18,799

favorite show

1418

00:59:24,230 --> 00:59:21,520

choose anything from the irn chat lounge

1419

00:59:26,789 --> 00:59:24,240

the game lounge video lounge or the mood

1420

00:59:28,470 --> 00:59:26,799

lounge these fun exciting features let

1421

00:59:30,870 --> 00:59:28,480

you chat in real time with fellow

1422

00:59:33,589 --> 00:59:30,880

listeners view live sky watches play

1423

00:59:35,750 --> 00:59:33,599

daily posted online games or pick a show

1424

00:59:37,510 --> 00:59:35,760

based on topic the choices are endless

1425

00:59:46,470 --> 00:59:37,520

use your time wisely

1426

00:59:50,390 --> 00:59:48,309

epic is extraordinary phenomenon

1427

00:59:52,950 --> 00:59:50,400

investigations counseling the forum for

1428

00:59:54,549 --> 00:59:52,960

scholars experts and those fascinated by

1429

00:59:57,829 --> 00:59:54,559

and involved in the study of ancient

1430

01:00:00,789 --> 00:59:57,839

civilizations conspiracies cryptozoology

1431

01:00:02,069 --> 01:00:00,799

ets and ufos french science the

1432

01:00:03,829 --> 01:00:02,079

paranormal and all manner of

1433

01:00:05,430 --> 01:00:03,839

extraordinary phenomena

1434

01:00:07,549 --> 01:00:05,440

please join epic as we examine the

1435

01:00:09,990 --> 01:00:07,559

mysteries of the world and beyond on

1436

01:00:12,549 --> 01:00:10,000

epicvoyagers.com and for updates on the

1437

01:00:13,990 --> 01:00:12,559

upcoming interactive video presentations

1438

01:00:16,230 --> 01:00:14,000

the latest news and discussion on the

1439

01:00:17,670 --> 01:00:16,240

epic forum as well as research

1440

01:00:19,030 --> 01:00:17,680

investigations and membership

1441

01:00:20,950 --> 01:00:19,040

opportunities

1442

01:00:22,950 --> 01:00:20,960

epic voyage's program schedule is on the

1443

01:00:31,190 --> 01:00:22,960

inception radio network thank you for

1444

01:00:36,470 --> 01:00:33,589

welcome back to epic voyages radio here

1445

01:00:39,349 --> 01:00:36,480

on inception radio network and tonight

1446

01:00:41,829 --> 01:00:39,359

our guest is louis buff parry

1447

01:00:44,069 --> 01:00:41,839

and buff when we left off i just wanted

1448

01:00:45,030 --> 01:00:44,079

to get back to uh change the topic a

1449

01:00:47,829 --> 01:00:45,040

little bit

1450

01:00:50,549 --> 01:00:47,839

and speak about shepard's monument and

1451
01:00:52,789 --> 01:00:50,559
your decoding of the monument and the

1452
01:00:54,789 --> 01:00:52,799
connection to oak island so if you may

1453
01:00:57,589 --> 01:00:54,799
you can take it from there and start

1454
01:00:59,990 --> 01:00:57,599
with shepard's monument oh yeah okay

1455
01:01:03,190 --> 01:01:00,000
since 1748

1456
01:01:05,910 --> 01:01:03,200
there's been a monument um

1457
01:01:07,829 --> 01:01:05,920
located outside of uh this

1458
01:01:08,870 --> 01:01:07,839
beautiful stately building called chug

1459
01:01:12,470 --> 01:01:08,880
borough hall

1460
01:01:14,069 --> 01:01:12,480
on litchfield estate a prominent uh

1461
01:01:16,710 --> 01:01:14,079
estate

1462
01:01:19,510 --> 01:01:16,720
in the english midlands

1463
01:01:21,510 --> 01:01:19,520

and this monument was constructed to

1464

01:01:22,390 --> 01:01:21,520

commemorate something

1465

01:01:27,430 --> 01:01:22,400

and

1466

01:01:30,789 --> 01:01:27,440

enigmatic

1467

01:01:33,109 --> 01:01:30,799

unbroken code or cipher

1468

01:01:35,030 --> 01:01:33,119

that charles darwin tried to you know

1469

01:01:37,109 --> 01:01:35,040

crack and he couldn't charles dickens

1470

01:01:39,670 --> 01:01:37,119

tried the people you know who are

1471

01:01:41,990 --> 01:01:39,680

associated with the imitation game at

1472

01:01:43,349 --> 01:01:42,000

bletchley park this great film that's

1473

01:01:45,190 --> 01:01:43,359

out now

1474

01:01:46,549 --> 01:01:45,200

they all tried to break the code they

1475

01:01:47,990 --> 01:01:46,559

couldn't do it

1476

01:01:50,470 --> 01:01:48,000

and and

1477

01:01:54,630 --> 01:01:50,480

you know no one no one could figure out

1478

01:01:55,910 --> 01:01:54,640

why on earth would all of this expense

1479

01:01:57,510 --> 01:01:55,920

you know have been

1480

01:01:59,910 --> 01:01:57,520

why would this monument have been

1481

01:02:02,069 --> 01:01:59,920

created what what could be so valuable

1482

01:02:03,750 --> 01:02:02,079

that you that this great gorgeous

1483

01:02:05,029 --> 01:02:03,760

monument would be

1484

01:02:07,270 --> 01:02:05,039

would be

1485

01:02:10,470 --> 01:02:07,280

carved out of marble and it's what it is

1486

01:02:11,589 --> 01:02:10,480

is the reverse relief of nicolas busan's

1487

01:02:16,710 --> 01:02:11,599

second

1488

01:02:18,789 --> 01:02:16,720

in arcadia ego

1489

01:02:20,710 --> 01:02:18,799

or shepherds of arcadia it goes by both

1490

01:02:24,630 --> 01:02:20,720

names there's an earlier painting that

1491

01:02:27,349 --> 01:02:24,640

has to do with with uh with lady anson

1492

01:02:29,589 --> 01:02:27,359

uh the anson family owned this estate

1493

01:02:32,470 --> 01:02:29,599

and this the chevrolet hall

1494

01:02:35,270 --> 01:02:32,480

and the monument um and she did they

1495

01:02:37,910 --> 01:02:35,280

were cultivating a lot of the arcane a

1496

01:02:39,270 --> 01:02:37,920

lot a lot of kind of raw secretion type

1497

01:02:42,069 --> 01:02:39,280

mysticism

1498

01:02:44,390 --> 01:02:42,079

flirting around with freemasonry

1499

01:02:46,870 --> 01:02:44,400

and and so a lot of people have

1500

01:02:48,710 --> 01:02:46,880

associated all of that with with the

1501
01:02:50,710 --> 01:02:48,720
with the reason why this monument was

1502
01:02:52,390 --> 01:02:50,720
created i'm gonna i'm gonna make this

1503
01:02:54,630 --> 01:02:52,400
part short because the other part is a

1504
01:02:57,589 --> 01:02:54,640
little lengthier

1505
01:02:59,990 --> 01:02:57,599
and an artifact of great renown

1506
01:03:01,589 --> 01:03:00,000
that was desired by people from many

1507
01:03:05,190 --> 01:03:01,599
different parts of the world

1508
01:03:07,109 --> 01:03:05,200
uh was secured in canada and then it was

1509
01:03:10,309 --> 01:03:07,119
retrieved from canada

1510
01:03:13,829 --> 01:03:10,319
by by what i'm saying are jacobites uh

1511
01:03:16,549 --> 01:03:13,839
jacobites who who had initiated a couple

1512
01:03:18,870 --> 01:03:16,559
of great rebellions against what they

1513
01:03:22,870 --> 01:03:18,880

considered to be the usurping

1514

01:03:25,589 --> 01:03:22,880

uh uh uh kings george king george iii

1515

01:03:27,910 --> 01:03:25,599

second first and queen mary and then

1516

01:03:32,309 --> 01:03:27,920

king william of orange who had kicked

1517

01:03:33,430 --> 01:03:32,319

off uh the throne the uh king james ii

1518

01:03:35,109 --> 01:03:33,440

so

1519

01:03:38,150 --> 01:03:35,119

and we'll get to that that brings us to

1520

01:03:42,470 --> 01:03:38,160

oak island perfectly but what what

1521

01:03:44,870 --> 01:03:42,480

happened when i uh went to to to uh to

1522

01:03:45,990 --> 01:03:44,880

the shepherds monument literally in

1523

01:03:48,150 --> 01:03:46,000

person

1524

01:03:50,710 --> 01:03:48,160

and brought with me what were already my

1525

01:03:51,910 --> 01:03:50,720

decodes of the inscription there

1526

01:03:53,750 --> 01:03:51,920

um

1527

01:03:55,029 --> 01:03:53,760

i left the decodes

1528

01:03:58,870 --> 01:03:55,039

with shov

1529

01:04:01,349 --> 01:03:58,880

with blesley park that great coding

1530

01:04:04,150 --> 01:04:01,359

cracking center again this that's

1531

01:04:05,510 --> 01:04:04,160

featured in in the imitation game right

1532

01:04:06,870 --> 01:04:05,520

uh film

1533

01:04:09,430 --> 01:04:06,880

and

1534

01:04:11,510 --> 01:04:09,440

so

1535

01:04:14,710 --> 01:04:11,520

out of many many many different people

1536

01:04:17,029 --> 01:04:14,720

who had who had uh come forward and

1537

01:04:19,510 --> 01:04:17,039

you know rose to the call they came out

1538

01:04:22,230 --> 01:04:19,520

of both shugborough hall and blessly

1539

01:04:23,589 --> 01:04:22,240

park to crack this code

1540

01:04:28,630 --> 01:04:23,599

i i

1541

01:04:31,190 --> 01:04:28,640

cracked every aspect of it that that

1542

01:04:32,789 --> 01:04:31,200

others hadn't been able to do and so i

1543

01:04:35,109 --> 01:04:32,799

was considered to be kind of like the

1544

01:04:38,309 --> 01:04:35,119

leading code cracker of all those who

1545

01:04:41,430 --> 01:04:38,319

had submitted decipherments of this very

1546

01:04:42,710 --> 01:04:41,440

strange enigmatic uh inscription that

1547

01:04:45,589 --> 01:04:42,720

goes with

1548

01:04:47,589 --> 01:04:45,599

the reverse relief of nicholas busan's

1549

01:04:48,630 --> 01:04:47,599

painting shepherds of arcadia

1550

01:04:51,670 --> 01:04:48,640

uh

1551
01:04:54,150 --> 01:04:51,680
version two and version one that a copy

1552
01:04:55,670 --> 01:04:54,160
which was kept inside of chevrolet hall

1553
01:04:58,549 --> 01:04:55,680
okay so

1554
01:05:01,510 --> 01:04:58,559
a man a journalist who handled all the

1555
01:05:04,390 --> 01:05:01,520
intelligence issues terrorism and

1556
01:05:07,029 --> 01:05:04,400
and so on named nick fielding who wrote

1557
01:05:09,270 --> 01:05:07,039
for the london times did a feature

1558
01:05:10,870 --> 01:05:09,280
spread in the first section of the

1559
01:05:13,589 --> 01:05:10,880
london times and this was one of the

1560
01:05:17,029 --> 01:05:13,599
great big sunday london times that this

1561
01:05:19,829 --> 01:05:17,039
happened in in in in late uh

1562
01:05:23,029 --> 01:05:19,839
november of 2004

1563
01:05:25,910 --> 01:05:23,039

and he he connected

1564

01:05:28,150 --> 01:05:25,920

my decipherment with the

1565

01:05:31,990 --> 01:05:28,160

oak island mystery

1566

01:05:33,270 --> 01:05:32,000

i hadn't done that i made an indirect

1567

01:05:34,870 --> 01:05:33,280

reference

1568

01:05:37,109 --> 01:05:34,880

to some of the

1569

01:05:39,910 --> 01:05:37,119

characters that are that are

1570

01:05:42,630 --> 01:05:39,920

thought to be associated with oak island

1571

01:05:45,190 --> 01:05:42,640

like francis bacon john d

1572

01:05:47,670 --> 01:05:45,200

queen elizabeth the first

1573

01:05:49,670 --> 01:05:47,680

and and and shakespeare and that whole

1574

01:05:51,349 --> 01:05:49,680

constellation because there was a lot

1575

01:05:53,670 --> 01:05:51,359

going on uh

1576

01:05:56,470 --> 01:05:53,680

with those people in relation to my

1577

01:05:58,630 --> 01:05:56,480

decipherment the the you know the the

1578

01:06:00,789 --> 01:05:58,640

the reformation counter reformation all

1579

01:06:01,829 --> 01:06:00,799

those things were starting to happen

1580

01:06:02,789 --> 01:06:01,839

anyway

1581

01:06:05,750 --> 01:06:02,799

so

1582

01:06:10,390 --> 01:06:05,760

interestingly enough

1583

01:06:11,349 --> 01:06:10,400

it now turns out that 1746 is a key key

1584

01:06:14,150 --> 01:06:11,359

date

1585

01:06:16,470 --> 01:06:14,160

when this artifact that that monument

1586

01:06:18,710 --> 01:06:16,480

was created to commemorate the arrival

1587

01:06:20,630 --> 01:06:18,720

of at litchfield estate

1588

01:06:24,069 --> 01:06:20,640

when this artifact was shipped by the

1589

01:06:27,190 --> 01:06:24,079

jesuits and this is on record and read

1590

01:06:29,109 --> 01:06:27,200

by records kept by none less than than

1591

01:06:32,710 --> 01:06:29,119

alexander von humboldt the founder of

1592

01:06:34,309 --> 01:06:32,720

modern geography ecology volcanology

1593

01:06:37,910 --> 01:06:34,319

earth sciences

1594

01:06:39,510 --> 01:06:37,920

oceanography and so on and

1595

01:06:42,710 --> 01:06:39,520

yes no no question about the

1596

01:06:45,589 --> 01:06:42,720

authenticity it's it's there right okay

1597

01:06:46,390 --> 01:06:45,599

so buff the jacobites brought it to new

1598

01:06:48,789 --> 01:06:46,400

england

1599

01:06:50,630 --> 01:06:48,799

is that which is that

1600

01:06:53,750 --> 01:06:50,640

in in

1601
01:06:57,190 --> 01:06:53,760
in 1715

1602
01:06:58,309 --> 01:06:57,200
the first major jacobite rebellion

1603
01:07:00,230 --> 01:06:58,319
happened

1604
01:07:02,390 --> 01:07:00,240
and the jacobites had won one of the

1605
01:07:05,589 --> 01:07:02,400
battles called preston panz which is in

1606
01:07:07,190 --> 01:07:05,599
eastern scotland uh close to edinboro

1607
01:07:10,069 --> 01:07:07,200
and and

1608
01:07:13,349 --> 01:07:10,079
then that when they marched with this

1609
01:07:14,390 --> 01:07:13,359
same artifact when they marched on to

1610
01:07:16,069 --> 01:07:14,400
london

1611
01:07:17,510 --> 01:07:16,079
they passed through a place called

1612
01:07:20,470 --> 01:07:17,520
preston

1613
01:07:24,069 --> 01:07:20,480

which is in northern england uh north

1614

01:07:26,309 --> 01:07:24,079

western england and and in preston they

1615

01:07:28,950 --> 01:07:26,319

were they were all they were arrested

1616

01:07:31,789 --> 01:07:28,960

they were they were momentarily defeated

1617

01:07:33,750 --> 01:07:31,799

in their rebellion and

1618

01:07:36,549 --> 01:07:33,760

1569 of them

1619

01:07:38,710 --> 01:07:36,559

were exiled to new england

1620

01:07:41,510 --> 01:07:38,720

and so with them

1621

01:07:43,430 --> 01:07:41,520

was this this artifact

1622

01:07:46,069 --> 01:07:43,440

so that so they're they're all called

1623

01:07:47,670 --> 01:07:46,079

jacobites for a very convoluted reason

1624

01:07:49,990 --> 01:07:47,680

we won't get into because that'll that

1625

01:07:53,870 --> 01:07:50,000

requires a linguistics lesson and

1626

01:08:01,990 --> 01:07:57,870

think exactly exactly so okay

1627

01:08:05,430 --> 01:08:02,000

1746 is a it is an extremely important

1628

01:08:07,430 --> 01:08:05,440

year the there uh that is when

1629

01:08:10,230 --> 01:08:07,440

alexander von humboldt says the artifact

1630

01:08:11,829 --> 01:08:10,240

was released by the jesuits to be taken

1631

01:08:13,510 --> 01:08:11,839

to king

1632

01:08:15,270 --> 01:08:13,520

king louis the 15th

1633

01:08:18,149 --> 01:08:15,280

but directly into the hands of his

1634

01:08:20,870 --> 01:08:18,159

secretary of state a man named frederick

1635

01:08:21,990 --> 01:08:20,880

filippo the count of moropa they come to

1636

01:08:23,510 --> 01:08:22,000

mourinho

1637

01:08:26,870 --> 01:08:23,520

and he was also the secretary of the

1638

01:08:29,910 --> 01:08:26,880

marine so the a man named jean-chier

1639

01:08:31,110 --> 01:08:29,920

uh who was the admiral of of a french

1640

01:08:35,030 --> 01:08:31,120

fleet

1641

01:08:36,829 --> 01:08:35,040

was on route from nova scotia which you

1642

01:08:40,390 --> 01:08:36,839

know had been called

1643

01:08:42,709 --> 01:08:40,400

acadia before it was formally uh named

1644

01:08:45,430 --> 01:08:42,719

changed by the by the british by the

1645

01:08:48,470 --> 01:08:45,440

english to to to to nova scotia new

1646

01:08:50,309 --> 01:08:48,480

scotland he was he was taking

1647

01:08:51,990 --> 01:08:50,319

that he was taking that that artifact

1648

01:08:53,309 --> 01:08:52,000

with him again according to alexander

1649

01:08:55,110 --> 01:08:53,319

von humboldt

1650

01:08:58,470 --> 01:08:55,120

1746

1651
01:08:59,590 --> 01:08:58,480
and had had some altercations

1652
01:09:00,709 --> 01:08:59,600
uh

1653
01:09:03,749 --> 01:09:00,719
around

1654
01:09:08,870 --> 01:09:07,030
in two different locations and

1655
01:09:13,189 --> 01:09:08,880
ran into a storm so

1656
01:09:14,950 --> 01:09:13,199
so on route to france he was apprehended

1657
01:09:17,590 --> 01:09:14,960
some of his ships were apprehended by a

1658
01:09:19,590 --> 01:09:17,600
man named admiral anson who's the bride

1659
01:09:21,590 --> 01:09:19,600
was the brother of the person who kind

1660
01:09:24,070 --> 01:09:21,600
of was the homebody of the of the two

1661
01:09:27,349 --> 01:09:24,080
brothers at litchfield estate chugger

1662
01:09:30,470 --> 01:09:27,359
hall where they lived right and and so

1663
01:09:33,510 --> 01:09:30,480

we have admiral anson now commandeering

1664

01:09:35,189 --> 01:09:33,520

uh several of the ships of of admiral

1665

01:09:36,309 --> 01:09:35,199

legenkier

1666

01:09:37,990 --> 01:09:36,319

and

1667

01:09:40,229 --> 01:09:38,000

okay so

1668

01:09:44,630 --> 01:09:40,239

he ends up with this artifact he's

1669

01:09:46,870 --> 01:09:44,640

bringing it back but there was some gold

1670

01:09:49,829 --> 01:09:46,880

that year

1671

01:09:51,990 --> 01:09:49,839

also brought to scotland

1672

01:09:53,430 --> 01:09:52,000

up the west coast of scotland and

1673

01:09:56,470 --> 01:09:53,440

deposited

1674

01:09:58,790 --> 01:09:56,480

now we're talking again 1746

1675

01:10:00,830 --> 01:09:58,800

the last great jacobite

1676

01:10:04,310 --> 01:10:00,840

rebellion uh

1677

01:10:06,790 --> 01:10:04,320

uprising happened uh in a place called

1678

01:10:10,229 --> 01:10:06,800

collodion so it was called the battle of

1679

01:10:11,430 --> 01:10:10,239

colloden in 1746 the jacobites lost

1680

01:10:15,590 --> 01:10:11,440

horribly

1681

01:10:18,550 --> 01:10:15,600

and and this gold that was

1682

01:10:21,590 --> 01:10:18,560

quote from a french source

1683

01:10:23,910 --> 01:10:21,600

from the french start it arrives after

1684

01:10:25,430 --> 01:10:23,920

they lost the the battle it was gold

1685

01:10:27,750 --> 01:10:25,440

that was supposed to finance the

1686

01:10:30,950 --> 01:10:27,760

jacobite rebellion to the point that

1687

01:10:33,189 --> 01:10:30,960

they could reinstate the stuart dynasty

1688

01:10:34,950 --> 01:10:33,199

which is what king james was a part of

1689

01:10:36,870 --> 01:10:34,960

and king james the first who were famous

1690

01:10:38,870 --> 01:10:36,880

for the king james version of the bible

1691

01:10:41,910 --> 01:10:38,880

and so he was a steward i mean the

1692

01:10:43,110 --> 01:10:41,920

stewart line was entrenched that was the

1693

01:10:44,870 --> 01:10:43,120

rightful

1694

01:10:47,350 --> 01:10:44,880

you know heir to

1695

01:10:49,430 --> 01:10:47,360

the throne right so when these others

1696

01:10:51,270 --> 01:10:49,440

came and usurped the throne you know a

1697

01:10:53,510 --> 01:10:51,280

lot of people went against

1698

01:10:56,390 --> 01:10:53,520

the usurpers including almost all the

1699

01:10:59,990 --> 01:10:56,400

celtic people the scots the welsh the

1700

01:11:03,030 --> 01:11:00,000

irish the the people like quakers uh

1701
01:11:04,229 --> 01:11:03,040
went against the the the uh the usurpers

1702
01:11:06,229 --> 01:11:04,239
the the

1703
01:11:09,669 --> 01:11:06,239
the false monarchy if we want to call it

1704
01:11:11,990 --> 01:11:09,679
that um and the catholics and that was

1705
01:11:14,229 --> 01:11:12,000
that was what did it when the catholics

1706
01:11:15,910 --> 01:11:14,239
all started to to back

1707
01:11:17,590 --> 01:11:15,920
king james ii

1708
01:11:19,669 --> 01:11:17,600
uh the the the church of england

1709
01:11:22,470 --> 01:11:19,679
suspected king james of being you know a

1710
01:11:24,229 --> 01:11:22,480
papist as they were called some said

1711
01:11:26,070 --> 01:11:24,239
pappus some said popest they were

1712
01:11:30,229 --> 01:11:26,080
different ways

1713
01:11:32,950 --> 01:11:30,239

really insulting about it um and so uh

1714

01:11:35,030 --> 01:11:32,960

the the so he was deposed because of the

1715

01:11:36,470 --> 01:11:35,040

the fear that that you know the vatican

1716

01:11:37,750 --> 01:11:36,480

was going to get re-entrenched in

1717

01:11:39,430 --> 01:11:37,760

england which had been completely

1718

01:11:43,189 --> 01:11:39,440

catholic you know not that many years

1719

01:11:45,669 --> 01:11:43,199

before but but because of henry viii and

1720

01:11:47,590 --> 01:11:45,679

you know other forces that occurred the

1721

01:11:49,750 --> 01:11:47,600

protestant reformation

1722

01:11:51,189 --> 01:11:49,760

you know protestantism swept and and the

1723

01:11:53,910 --> 01:11:51,199

anglican church became the church of

1724

01:11:56,229 --> 01:11:53,920

england and and so on and so on yes okay

1725

01:11:58,070 --> 01:11:56,239

so the goal i'm sorry buffy yeah gold so

1726

01:12:00,630 --> 01:11:58,080

the goal you're saying pretty much came

1727

01:12:02,709 --> 01:12:00,640

from the money pit it said from a from a

1728

01:12:04,550 --> 01:12:02,719

french source so pretty much your theory

1729

01:12:05,830 --> 01:12:04,560

is that it was stored and it was taken

1730

01:12:07,430 --> 01:12:05,840

from the money pit

1731

01:12:10,470 --> 01:12:07,440

yes because the

1732

01:12:12,470 --> 01:12:10,480

sir william phipps who had been knighted

1733

01:12:14,550 --> 01:12:12,480

in 1687

1734

01:12:17,590 --> 01:12:14,560

when king james ii was still on the

1735

01:12:18,470 --> 01:12:17,600

throne was knighted because he had found

1736

01:13:09,990 --> 01:12:18,480

a

1737

01:13:11,350 --> 01:13:10,000

uh

1738

01:13:13,750 --> 01:13:11,360

over the course of all of the

1739

01:13:15,669 --> 01:13:13,760

investigations and the boreholes

1740

01:13:16,550 --> 01:13:15,679

right excuse me in various gigs that

1741

01:13:21,430 --> 01:13:16,560

that

1742

01:13:22,470 --> 01:13:21,440

so so okay

1743

01:13:25,030 --> 01:13:22,480

now

1744

01:13:26,070 --> 01:13:25,040

in 1688

1745

01:13:27,669 --> 01:13:26,080

we have

1746

01:13:29,350 --> 01:13:27,679

the the uh

1747

01:13:32,870 --> 01:13:29,360

the beginning of what was called the

1748

01:13:35,510 --> 01:13:32,880

abenaki or wabanacki confederation of

1749

01:13:37,430 --> 01:13:35,520

indigenous peoples including the mikkema

1750

01:13:40,149 --> 01:13:37,440

who lived on the island

1751

01:13:43,350 --> 01:13:40,159

and and so 1688 was a really important

1752

01:13:45,189 --> 01:13:43,360

year for mobilization of you know allies

1753

01:13:47,750 --> 01:13:45,199

who are who were with the french who

1754

01:13:49,669 --> 01:13:47,760

were with the wabanacki confederacy with

1755

01:13:51,830 --> 01:13:49,679

the scots and so forth

1756

01:13:53,189 --> 01:13:51,840

and the jacobites in general

1757

01:13:55,590 --> 01:13:53,199

and and

1758

01:13:58,310 --> 01:13:55,600

so we've got this sir william phipps who

1759

01:14:01,830 --> 01:13:58,320

obviously even if he had disagreements

1760

01:14:03,750 --> 01:14:01,840

with king james ii what you know was

1761

01:14:05,990 --> 01:14:03,760

loyal had to have been loyal to him

1762

01:14:06,950 --> 01:14:06,000

because he was made a knight by king

1763

01:14:10,390 --> 01:14:06,960

james

1764

01:14:13,189 --> 01:14:10,400
and and to to then

1765

01:14:15,590 --> 01:14:13,199
just abandon that connection when half

1766

01:14:17,990 --> 01:14:15,600
of the aristocrats of of

1767

01:14:20,790 --> 01:14:18,000
of england were fence sitters they were

1768

01:14:23,030 --> 01:14:20,800
they weren't sure if the new usurping

1769

01:14:24,790 --> 01:14:23,040
monarch you know monarchical family

1770

01:14:25,910 --> 01:14:24,800
would actually

1771

01:14:28,709 --> 01:14:25,920
survive

1772

01:14:30,390 --> 01:14:28,719
and so they they nor were they trusting

1773

01:14:32,149 --> 01:14:30,400
that the jacobites would bring the

1774

01:14:34,310 --> 01:14:32,159
steward line back onto the throne so

1775

01:14:37,910 --> 01:14:34,320
they kind of stayed in the middle

1776

01:14:40,390 --> 01:14:37,920

and and and this is what phipps did

1777

01:14:42,470 --> 01:14:40,400

when he hid the gold and this is my

1778

01:14:43,270 --> 01:14:42,480

theory that he hid the gold in the money

1779

01:14:45,990 --> 01:14:43,280

pit

1780

01:14:47,189 --> 01:14:46,000

on oak island to help

1781

01:14:49,669 --> 01:14:47,199

finance

1782

01:14:52,870 --> 01:14:49,679

the jacobite movement because after all

1783

01:14:54,470 --> 01:14:52,880

it was their leader king james ii who

1784

01:14:57,990 --> 01:14:54,480

had knighted

1785

01:15:00,470 --> 01:14:58,000

fips to begin with right so okay we have

1786

01:15:02,790 --> 01:15:00,480

the gold then uh stashed in the money

1787

01:15:05,270 --> 01:15:02,800

pit not for william of orange not for

1788

01:15:06,630 --> 01:15:05,280

the usurper king but for the for the

1789

01:15:08,709 --> 01:15:06,640

reinstatement

1790

01:15:11,110 --> 01:15:08,719

of of the stuart line through either

1791

01:15:14,470 --> 01:15:11,120

king james ii or one of his descendants

1792

01:15:17,189 --> 01:15:14,480

right the lineage right yes so so

1793

01:15:19,790 --> 01:15:17,199

cut now you know so we're jumping from

1794

01:15:24,229 --> 01:15:19,800

from 1688 to

1795

01:15:27,669 --> 01:15:24,239

1746 when this mysterious huge uh tr you

1796

01:15:29,910 --> 01:15:27,679

know uh amount of gold is delivered

1797

01:15:31,830 --> 01:15:29,920

right to where the jacobites

1798

01:15:34,470 --> 01:15:31,840

were ha you know had their last battle

1799

01:15:36,470 --> 01:15:34,480

and lost and it got there too late so it

1800

01:15:38,709 --> 01:15:36,480

was most most of it was hidden but some

1801

01:15:40,870 --> 01:15:38,719

of it wasn't there was a letter that was

1802

01:15:43,189 --> 01:15:40,880

found that some current archaeologists

1803

01:15:46,229 --> 01:15:43,199

working with with bbc

1804

01:15:49,750 --> 01:15:46,239

um you know have found the information

1805

01:15:53,189 --> 01:15:49,760

in and evidence in about this treasure

1806

01:15:54,630 --> 01:15:53,199

from a french source as far as i know

1807

01:15:56,950 --> 01:15:54,640

and i've read as much as i could

1808

01:15:58,390 --> 01:15:56,960

possibly get my eyes and hands on there

1809

01:16:00,870 --> 01:15:58,400

that no one defines what the french

1810

01:16:03,750 --> 01:16:00,880

source is well it turns out that acadia

1811

01:16:05,110 --> 01:16:03,760

which later became uh

1812

01:16:07,350 --> 01:16:05,120

nova scotia

1813

01:16:09,350 --> 01:16:07,360

was the french source

1814

01:16:11,110 --> 01:16:09,360

so it it you know it only stands to

1815

01:16:13,030 --> 01:16:11,120

reason now

1816

01:16:15,990 --> 01:16:13,040

my my young uh

1817

01:16:18,149 --> 01:16:16,000

uh research assistant uh

1818

01:16:19,910 --> 01:16:18,159

found something that is just incredible

1819

01:16:22,790 --> 01:16:19,920

for me i've been looking for years for

1820

01:16:24,709 --> 01:16:22,800

it and i haven't found such a pithy

1821

01:16:26,709 --> 01:16:24,719

summing up of the events

1822

01:16:29,110 --> 01:16:26,719

that he found and he

1823

01:16:32,550 --> 01:16:29,120

was very glib about it like incidentally

1824

01:16:34,630 --> 01:16:32,560

you know i found this thing by the way

1825

01:16:36,950 --> 01:16:34,640

this is like you know the goose that

1826

01:16:40,070 --> 01:16:36,960

laid the golden egg and it it's exact so

1827

01:16:41,750 --> 01:16:40,080

can i read to you this it's just a it's

1828

01:16:44,070 --> 01:16:41,760

not a long paragraph

1829

01:16:46,870 --> 01:16:44,080

um but it's taken directly from what

1830

01:16:48,790 --> 01:16:46,880

what uh rodney macleod found sure and

1831

01:16:50,630 --> 01:16:48,800

it's written by someone who wrote a book

1832

01:16:53,270 --> 01:16:50,640

called the rebellion and savagery the

1833

01:16:55,350 --> 01:16:53,280

jacobite rising of 1745 and the british

1834

01:16:57,110 --> 01:16:55,360

empire that he wrote just before he

1835

01:16:59,750 --> 01:16:57,120

wrote this one i'm going to quote from

1836

01:17:02,390 --> 01:16:59,760

which is titled an unsettled conquest

1837

01:17:04,709 --> 01:17:02,400

the british campaign against the people

1838

01:17:06,390 --> 01:17:04,719

peoples of acadia

1839

01:17:09,430 --> 01:17:06,400

which is remember it which is nova

1840

01:17:11,590 --> 01:17:09,440

scotia and and remember that the

1841

01:17:13,430 --> 01:17:11,600

wabanaki confederacy of indigenous

1842

01:17:15,030 --> 01:17:13,440

people who were associated with that

1843

01:17:17,430 --> 01:17:15,040

region

1844

01:17:19,270 --> 01:17:17,440

started in 1688

1845

01:17:23,270 --> 01:17:19,280

when king james was deposed that's no

1846

01:17:26,070 --> 01:17:23,280

coincidence oh and it ended in 1763 okay

1847

01:17:27,910 --> 01:17:26,080

so that's long after 1746

1848

01:17:30,550 --> 01:17:27,920

so that that's how long the wabanacki

1849

01:17:32,070 --> 01:17:30,560

confederacy existed so okay this is i'm

1850

01:17:34,310 --> 01:17:32,080

quoting from this highly acclaimed work

1851

01:17:36,630 --> 01:17:34,320

by jeffrey planck that was published in

1852

01:17:38,310 --> 01:17:36,640

the year 2000 an unsettled conquest the

1853

01:17:39,350 --> 01:17:38,320

british campaign against the peoples of

1854

01:17:44,870 --> 01:17:39,360

acadia

1855

01:17:45,830 --> 01:17:44,880

permanently renamed nova scotia by the

1856

01:17:47,830 --> 01:17:45,840

british

1857

01:17:50,390 --> 01:17:47,840

when they began an ambitious occupation

1858

01:17:52,310 --> 01:17:50,400

of the territory in 1710

1859

01:17:54,870 --> 01:17:52,320

witnessed one of the bitterest struggles

1860

01:17:57,350 --> 01:17:54,880

in the british empire

1861

01:17:59,669 --> 01:17:57,360

for in nova scotia

1862

01:18:02,070 --> 01:17:59,679

which is arcadia at this point the

1863

01:18:04,630 --> 01:18:02,080

mikmaq that mikma

1864

01:18:07,110 --> 01:18:04,640

uh the the native local population and

1865

01:18:09,110 --> 01:18:07,120

the acadians uh

1866

01:18:11,910 --> 01:18:09,120

descendants of the original french

1867

01:18:13,110 --> 01:18:11,920

settlers had coexisted for more than a

1868

01:18:15,189 --> 01:18:13,120

century

1869

01:18:17,990 --> 01:18:15,199

prior to the british conquest and their

1870

01:18:20,630 --> 01:18:18,000

friendships family ties common catholic

1871

01:18:22,550 --> 01:18:20,640

religion and commercial relationships

1872

01:18:25,189 --> 01:18:22,560

proved resistant

1873

01:18:27,830 --> 01:18:25,199

to british enforced change

1874

01:18:30,550 --> 01:18:27,840

despite numerous attempts efforts at

1875

01:18:32,870 --> 01:18:30,560

separating acadians from the mikma

1876

01:18:37,110 --> 01:18:32,880

the authorities took drastic steps in

1877

01:18:39,350 --> 01:18:37,120

the 1750s this is after 1746 keep in

1878

01:18:42,470 --> 01:18:39,360

mind right this is after the final

1879

01:18:45,270 --> 01:18:42,480

jacobi rebellion okay forcibly depart

1880

01:18:47,590 --> 01:18:45,280

deporting the acadians to other british

1881

01:18:49,510 --> 01:18:47,600

colonies and systematically decimating

1882

01:18:52,550 --> 01:18:49,520

the native population well i want to

1883

01:18:55,110 --> 01:18:52,560

tell you that the word cajun

1884

01:18:57,590 --> 01:18:55,120

it down new orleans way yeah

1885

01:19:04,709 --> 01:18:57,600

if i'm gonna say in french the acadians

1886

01:19:04,719 --> 01:19:15,750

the cajun cajun that's right

1887

01:19:19,750 --> 01:19:18,070

this etymology so okay

1888

01:19:21,750 --> 01:19:19,760

but here's what here's what those

1889

01:19:22,630 --> 01:19:21,760

english people did

1890

01:19:25,750 --> 01:19:22,640

you know

1891

01:19:28,149 --> 01:19:25,760

forgive forgive my bigotry here but uh

1892

01:19:29,669 --> 01:19:28,159

uh here's what they did

1893

01:19:32,630 --> 01:19:29,679

to people called

1894

01:19:35,030 --> 01:19:32,640

the baotoks who are the sibling to the

1895

01:19:37,110 --> 01:19:35,040

mikmah but up in newfoundland which is

1896

01:19:38,870 --> 01:19:37,120

just north of nova scotia

1897

01:19:40,630 --> 01:19:38,880

they they

1898

01:19:44,149 --> 01:19:40,640

would have you know how the british they

1899

01:19:47,030 --> 01:19:44,159

like to do their fox hunts on sunday

1900

01:19:47,830 --> 01:19:47,040

well instead of hunting down fox

1901

01:19:51,430 --> 01:19:47,840

wow

1902

01:19:54,470 --> 01:19:51,440

they hunted down baotok people who had

1903

01:19:55,669 --> 01:19:54,480

no horses no way to flee and they hunted

1904

01:19:58,550 --> 01:19:55,679

them down

1905

01:20:01,590 --> 01:19:58,560

in the forests and in in the in you know

1906

01:20:05,110 --> 01:20:01,600

in the bushy areas of newfoundland

1907

01:20:07,030 --> 01:20:05,120

and to the last one murdered them all

1908

01:20:08,550 --> 01:20:07,040

it's a genocide it's simply genocide

1909

01:20:10,629 --> 01:20:08,560

that's what it comes down to

1910

01:20:13,270 --> 01:20:10,639

it is and then look at the what the

1911

01:20:16,070 --> 01:20:13,280

french did on the other hand how close

1912

01:20:19,189 --> 01:20:16,080

they got with the with with the mikma

1913

01:20:22,310 --> 01:20:19,199

yeah and with the all the earlier french

1914

01:20:24,870 --> 01:20:22,320

settlers it became known as the catian

1915

01:20:25,750 --> 01:20:24,880

the the the people of acadia

1916

01:20:27,030 --> 01:20:25,760

uh

1917

01:20:29,990 --> 01:20:27,040

you know

1918

01:20:32,870 --> 01:20:30,000

it's it's not for no reason that america

1919

01:20:34,629 --> 01:20:32,880

had uh the revolution in you know in in

1920

01:20:35,350 --> 01:20:34,639

1776

1921

01:20:37,350 --> 01:20:35,360

and

1922

01:20:38,950 --> 01:20:37,360

i call that the final victory of the

1923

01:20:40,790 --> 01:20:38,960

jacobites because

1924

01:20:42,070 --> 01:20:40,800

the americans supported the jacobite

1925

01:20:43,350 --> 01:20:42,080

movement not the

1926

01:20:45,350 --> 01:20:43,360

certainly not the

1927

01:20:46,390 --> 01:20:45,360

you know the usurpers of the british

1928

01:20:48,629 --> 01:20:46,400

crown

1929

01:20:51,270 --> 01:20:48,639

to the extent that that that george

1930

01:20:53,430 --> 01:20:51,280

washington sent four emissaries to rome

1931

01:20:55,510 --> 01:20:53,440

to bring the son of bonnie prince

1932

01:20:57,990 --> 01:20:55,520

charles edward stewart

1933

01:20:59,030 --> 01:20:58,000

to america to become america's first

1934

01:21:01,110 --> 01:20:59,040

king

1935

01:21:02,629 --> 01:21:01,120

this is in the mana water papers it's in

1936

01:21:04,470 --> 01:21:02,639

the congressional record the

1937

01:21:07,030 --> 01:21:04,480

congressional archives there are four

1938

01:21:10,070 --> 01:21:07,040

different sources that attest to this

1939

01:21:11,350 --> 01:21:10,080

fact that george washington was going to

1940

01:21:13,270 --> 01:21:11,360

have

1941

01:21:16,070 --> 01:21:13,280

the stewart line

1942

01:21:17,750 --> 01:21:16,080

enthroned once again but in america in

1943

01:21:19,270 --> 01:21:17,760

the same way that the rosicrucians and

1944

01:21:22,390 --> 01:21:19,280

the freemasons

1945

01:21:25,830 --> 01:21:22,400

shifted their orientation quite a bit

1946

01:21:27,590 --> 01:21:25,840

on on this side of the of the puddle

1947

01:21:28,709 --> 01:21:27,600

not so much in canada but certainly in

1948

01:21:31,270 --> 01:21:28,719

america

1949

01:21:34,149 --> 01:21:31,280

uh compared to the rosicrucians and the

1950

01:21:36,390 --> 01:21:34,159

freemasons of of europe

1951

01:21:38,070 --> 01:21:36,400

so yale where the voynich manuscript is

1952

01:21:41,510 --> 01:21:38,080

kept right now you know

1953

01:21:45,270 --> 01:21:41,520

has has skull and bones that they that

1954

01:21:48,390 --> 01:21:45,280

skull of bones came from a german

1955

01:21:51,669 --> 01:21:48,400

masonic lodge model and it was

1956

01:21:53,350 --> 01:21:51,679

transplanted over to yale because it

1957

01:21:54,870 --> 01:21:53,360

didn't function well with the you know

1958

01:21:57,669 --> 01:21:54,880

the old archaic

1959

01:21:59,430 --> 01:21:57,679

hardly archaic but but but you know i

1960

01:22:00,550 --> 01:21:59,440

guess it was by their standards then it

1961

01:22:03,750 --> 01:22:00,560

was

1962

01:22:05,510 --> 01:22:03,760

method of doing masonry in europe and

1963

01:22:07,990 --> 01:22:05,520

and in great britain same thing with

1964

01:22:10,070 --> 01:22:08,000

prosecutionism so this you know

1965

01:22:12,070 --> 01:22:10,080

secret societies abound all this

1966

01:22:13,669 --> 01:22:12,080

intrigue yes buff it's funny you bring

1967

01:22:15,189 --> 01:22:13,679

that up with the freemasons because i i

1968

01:22:18,070 --> 01:22:15,199

want to actually a little follow-up

1969

01:22:19,750 --> 01:22:18,080

question with that and i i know i'm not

1970

01:22:21,350 --> 01:22:19,760

i'm personally not a big believer in

1971

01:22:22,870 --> 01:22:21,360

this but i'm going to ask

1972

01:22:24,950 --> 01:22:22,880

this question anyway what about all the

1973

01:22:27,189 --> 01:22:24,960

speculation that the holy grail and

1974

01:22:29,110 --> 01:22:27,199

other priceless objects belonging to the

1975

01:22:31,669 --> 01:22:29,120

knights templar were relocated to the

1976

01:22:34,629 --> 01:22:32,870

well two

1977

01:22:38,870 --> 01:22:34,639

one very important

1978

01:22:43,910 --> 01:22:41,110

insignia which is

1979

01:22:46,629 --> 01:22:43,920

a reverse relief perfectly

1980

01:22:49,189 --> 01:22:46,639

of the templar cross

1981

01:22:52,310 --> 01:22:49,199

of the templar flag

1982

01:22:54,550 --> 01:22:52,320

and it's perfect i mean it is perfect so

1983

01:22:57,270 --> 01:22:54,560

that that alone can't be a coincidence

1984

01:22:59,270 --> 01:22:57,280

this there's something you know major

1985

01:23:02,310 --> 01:22:59,280

in importance about that

1986

01:23:04,709 --> 01:23:02,320

the the idea that the templars had

1987

01:23:07,350 --> 01:23:04,719

something to do with the money pit

1988

01:23:09,110 --> 01:23:07,360

goes to the issue of what happened to

1989

01:23:11,590 --> 01:23:09,120

the ark of the covenant

1990

01:23:13,189 --> 01:23:11,600

and many believe that the templars

1991

01:23:16,470 --> 01:23:13,199

actually found it

1992

01:23:18,070 --> 01:23:16,480

i i explored the area where they dug

1993

01:23:20,870 --> 01:23:18,080

underneath the temple mount i spent a

1994

01:23:22,709 --> 01:23:20,880

lot of time down there i saw where they

1995

01:23:24,709 --> 01:23:22,719

excavated the templars were kind of the

1996

01:23:27,430 --> 01:23:24,719

first western archaeologists you know

1997

01:23:29,350 --> 01:23:27,440

before egyptology was born and so on you

1998

01:23:32,310 --> 01:23:29,360

know they were they were looking for for

1999

01:23:36,070 --> 01:23:32,320

the temple treasure but they believed

2000

01:23:37,350 --> 01:23:36,080

um solomon and then his descendants when

2001

01:23:38,950 --> 01:23:37,360

the temple was

2002

01:23:41,590 --> 01:23:38,960

was still standing

2003

01:23:43,590 --> 01:23:41,600

would would have uh hidden in in the

2004

01:23:44,870 --> 01:23:43,600

event of an invasion and a destruction

2005

01:23:46,629 --> 01:23:44,880

of the temple

2006

01:23:49,270 --> 01:23:46,639

so they were looking for that and if

2007

01:23:51,430 --> 01:23:49,280

they found it

2008

01:23:54,310 --> 01:23:51,440

where would they have taken it the idea

2009

01:23:55,510 --> 01:23:54,320

the idea is that that there would be

2010

01:23:56,870 --> 01:23:55,520

locations

2011

01:23:59,030 --> 01:23:56,880

on this earth

2012

01:24:02,070 --> 01:23:59,040

that a

2013

01:24:04,310 --> 01:24:02,080

if you will a secret cabal or a secret

2014

01:24:06,229 --> 01:24:04,320

society that's existed for the time of

2015

01:24:08,149 --> 01:24:06,239

ancient samaria

2016

01:24:10,790 --> 01:24:08,159

and has not been truncated has never

2017

01:24:14,470 --> 01:24:10,800

been destroyed or broken

2018

01:24:17,110 --> 01:24:14,480

um you know has existed and and kept its

2019

01:24:18,470 --> 01:24:17,120

treasures and hidden it's it's its

2020

01:24:20,950 --> 01:24:18,480

writings and

2021

01:24:23,430 --> 01:24:20,960

all of that you know over the course of

2022

01:24:25,350 --> 01:24:23,440

many thousands of years right and i

2023

01:24:27,669 --> 01:24:25,360

don't i don't have any problem with this

2024

01:24:30,390 --> 01:24:27,679

idea because the code the code system

2025

01:24:32,390 --> 01:24:30,400

used by the templars called the abjad

2026

01:24:34,070 --> 01:24:32,400

uh system of

2027

01:24:36,149 --> 01:24:34,080

of encryption

2028

01:24:37,830 --> 01:24:36,159

was used by sargon

2029

01:24:39,270 --> 01:24:37,840

one of the one of the babylonian

2030

01:24:42,790 --> 01:24:39,280

emperors

2031

01:24:45,830 --> 01:24:42,800

in that 700 are on 700 bc

2032

01:24:48,629 --> 01:24:45,840

when when sargon applied the abjad

2033

01:24:49,830 --> 01:24:48,639

system and so if he applied it he didn't

2034

01:24:52,550 --> 01:24:49,840

invent it

2035

01:24:55,189 --> 01:24:52,560

it was it preceded him and you know

2036

01:24:58,390 --> 01:24:55,199

there's evidence of the abjad system of

2037

01:25:02,149 --> 01:24:58,400

incipient of coding going back you know

2038

01:25:04,310 --> 01:25:02,159

way before the time of sargon so that

2039

01:25:06,310 --> 01:25:04,320

you know and who so who would have used

2040

01:25:09,189 --> 01:25:06,320

codes who would have for that many

2041

01:25:10,790 --> 01:25:09,199

hundreds and thousands of years used

2042

01:25:12,470 --> 01:25:10,800

coding

2043

01:25:14,709 --> 01:25:12,480

to hide information

2044

01:25:16,709 --> 01:25:14,719

and locations of things it would have

2045

01:25:17,910 --> 01:25:16,719

been this that same

2046

01:25:23,669 --> 01:25:17,920

order

2047

01:25:26,310 --> 01:25:23,679

and it has good and bad forces about it

2048

01:25:27,350 --> 01:25:26,320

and it's forever in intention within

2049

01:25:29,750 --> 01:25:27,360

itself

2050

01:25:32,870 --> 01:25:29,760

i'm i'm quite certain of that

2051

01:25:35,830 --> 01:25:32,880

um so the money pit

2052

01:25:39,110 --> 01:25:35,840

it you know could could well have been

2053

01:25:42,310 --> 01:25:39,120

used over the millennia

2054

01:25:43,750 --> 01:25:42,320

by this same order and what about the

2055

01:25:45,510 --> 01:25:43,760

phoenician connection possibly to

2056

01:25:47,910 --> 01:25:45,520

nebuchadnezzar yes

2057

01:25:50,470 --> 01:25:47,920

well instead so instead of the knights

2058

01:25:52,950 --> 01:25:50,480

templar let's go much further back to

2059

01:25:54,629 --> 01:25:52,960

the to the destruction of the of the

2060

01:25:56,950 --> 01:25:54,639

temple of solomon

2061

01:25:58,790 --> 01:25:56,960

when we know that that we know with

2062

01:26:00,229 --> 01:25:58,800

certainty that certain of the temple

2063

01:26:02,870 --> 01:26:00,239

treasures

2064

01:26:04,629 --> 01:26:02,880

survived because later

2065

01:26:07,270 --> 01:26:04,639

when when the second temple was

2066

01:26:09,030 --> 01:26:07,280

destroyed herod's temple which was still

2067

01:26:12,229 --> 01:26:09,040

you know a jewish

2068

01:26:14,310 --> 01:26:12,239

sacred temple built on the solomonic you

2069

01:26:16,550 --> 01:26:14,320

know location and so forth

2070

01:26:19,189 --> 01:26:16,560

that that that uh

2071

01:26:21,990 --> 01:26:19,199

when the romans took the treasures uh

2072

01:26:24,310 --> 01:26:22,000

out and destroyed the temple you know 2

2073

01:26:25,430 --> 01:26:24,320

000 years ago only instead of 20

2074

01:26:28,070 --> 01:26:25,440

25

2075

01:26:30,470 --> 01:26:28,080

100 years plus ago which would have been

2076

01:26:33,350 --> 01:26:30,480

the nebuchadnezzar period

2077

01:26:37,830 --> 01:26:33,360

that there was still the sacred menorah

2078

01:26:40,790 --> 01:26:37,840

and incense uh uh uh you know apparatus

2079

01:26:43,430 --> 01:26:40,800

and and all kinds of other paraphernalia

2080

01:26:46,149 --> 01:26:43,440

that was used by the high priest in the

2081

01:26:48,470 --> 01:26:46,159

inner sanctum and and within the the

2082

01:26:49,189 --> 01:26:48,480

precincts of the temple itself

2083

01:26:50,950 --> 01:26:49,199

so

2084

01:26:53,910 --> 01:26:50,960

because those are all carved on the arch

2085

01:26:56,470 --> 01:26:53,920

of titus and that that's the famous you

2086

01:26:58,470 --> 01:26:56,480

know evidence source that that

2087

01:27:00,950 --> 01:26:58,480

everything but the ark of the covenant

2088

01:27:03,350 --> 01:27:00,960

had survived the first destruction and

2089

01:27:05,430 --> 01:27:03,360

the second destruction of the temple

2090

01:27:07,669 --> 01:27:05,440

so so that so we know the ark of the

2091

01:27:11,270 --> 01:27:07,679

covenant just goes missing it vanishes

2092

01:27:12,070 --> 01:27:11,280

completely from any record reference to

2093

01:27:15,910 --> 01:27:12,080

it

2094

01:27:18,390 --> 01:27:15,920

legends fables

2095

01:27:20,310 --> 01:27:18,400

hallucinations and so

2096

01:27:22,390 --> 01:27:20,320

um

2097

01:27:23,510 --> 01:27:22,400

even fdr had an interest in the money

2098

01:27:25,830 --> 01:27:23,520

pit

2099

01:27:28,550 --> 01:27:25,840

right but he that see

2100

01:27:29,350 --> 01:27:28,560

his interest would have been because he

2101
01:27:34,950 --> 01:27:29,360
was

2102
01:27:36,709 --> 01:27:34,960
ancient

2103
01:27:38,550 --> 01:27:36,719
secret order

2104
01:27:40,149 --> 01:27:38,560
as was george washington one out of

2105
01:27:42,709 --> 01:27:40,159
three american presidents was a

2106
01:27:44,470 --> 01:27:42,719
freemason that doesn't mean the masons

2107
01:27:46,870 --> 01:27:44,480
were able to co-opt that order because

2108
01:27:49,189 --> 01:27:46,880
they didn't it's pretty self-evident in

2109
01:27:50,470 --> 01:27:49,199
my opinion having had a lot to do with

2110
01:27:51,910 --> 01:27:50,480
masonry

2111
01:27:53,750 --> 01:27:51,920
um and i

2112
01:27:55,830 --> 01:27:53,760
i really have nothing against it but

2113
01:27:56,950 --> 01:27:55,840

they're not the keepers of the ultimate

2114

01:27:59,350 --> 01:27:56,960

secrets

2115

01:28:01,270 --> 01:27:59,360

uh they're the keepers of other things

2116

01:28:04,149 --> 01:28:01,280

some secrets but secrets that have

2117

01:28:05,350 --> 01:28:04,159

changed over time and so on the the real

2118

01:28:08,390 --> 01:28:05,360

ultimate

2119

01:28:10,870 --> 01:28:08,400

uh material and and tradition

2120

01:28:12,790 --> 01:28:10,880

um is still well kept

2121

01:28:14,390 --> 01:28:12,800

you know by a grand master and his

2122

01:28:16,310 --> 01:28:14,400

senior shawls

2123

01:28:18,149 --> 01:28:16,320

uh and and

2124

01:28:21,030 --> 01:28:18,159

that's a long story we can have it we

2125

01:28:22,709 --> 01:28:21,040

you need a separate show just uh

2126
01:28:24,790 --> 01:28:22,719
hopefully we'll have you down the line

2127
01:28:27,510 --> 01:28:24,800
in the future

2128
01:28:29,910 --> 01:28:27,520
too so that we could once and for all

2129
01:28:33,350 --> 01:28:29,920
bury this priory of scion

2130
01:28:36,149 --> 01:28:33,360
illusion and delusion it was saturated

2131
01:28:38,629 --> 01:28:36,159
by the absorbed by the jesuits

2132
01:28:40,070 --> 01:28:38,639
um and and there's no question about

2133
01:28:43,750 --> 01:28:40,080
that

2134
01:28:46,149 --> 01:28:43,760
of sicily

2135
01:28:48,229 --> 01:28:46,159
and we know when

2136
01:28:51,030 --> 01:28:48,239
the the the primary of science stopped

2137
01:28:53,350 --> 01:28:51,040
existing once once it was absorbed by

2138
01:28:55,750 --> 01:28:53,360

the jesuit order the jesuits are what

2139

01:28:58,310 --> 01:28:55,760

it's all about in terms of the voynich

2140

01:29:01,030 --> 01:28:58,320

manuscript and the you know who who were

2141

01:29:03,510 --> 01:29:01,040

the who were the ongoing transmitters of

2142

01:29:04,390 --> 01:29:03,520

some of the you know bigger secrets

2143

01:29:06,310 --> 01:29:04,400

but

2144

01:29:07,830 --> 01:29:06,320

you think a subtle pattern begins to

2145

01:29:10,070 --> 01:29:07,840

emerge there

2146

01:29:11,830 --> 01:29:10,080

absolutely absolutely i mean whatever

2147

01:29:13,910 --> 01:29:11,840

anybody wants to think about jesuits you

2148

01:29:16,229 --> 01:29:13,920

everybody should know that they were

2149

01:29:18,229 --> 01:29:16,239

kicked out of every european nation

2150

01:29:20,229 --> 01:29:18,239

um they were kicked out of the vatican

2151

01:29:22,870 --> 01:29:20,239

they couldn't even have their archives

2152

01:29:24,950 --> 01:29:22,880

mixed with vatican archives so that when

2153

01:29:27,750 --> 01:29:24,960

i did work in the jesuit archives in

2154

01:29:30,950 --> 01:29:27,760

rome i i had to go to this location that

2155

01:29:33,590 --> 01:29:30,960

was connected to the outside boundary of

2156

01:29:36,470 --> 01:29:33,600

the vatican they weren't allowed in now

2157

01:29:38,310 --> 01:29:36,480

we have two jesuit popes

2158

01:29:41,189 --> 01:29:38,320

there are some interesting prophecies

2159

01:29:43,350 --> 01:29:41,199

about that dude you know the the pope of

2160

01:29:44,390 --> 01:29:43,360

the jesuit order is called the black

2161

01:29:45,590 --> 01:29:44,400

pope

2162

01:29:48,229 --> 01:29:45,600

the the

2163

01:29:50,229 --> 01:29:48,239

and this isn't hocus pocus spooky stuff

2164

01:29:52,390 --> 01:29:50,239

okay this is just the way it is

2165

01:29:55,590 --> 01:29:52,400

that's what he's called right and now we

2166

01:29:57,350 --> 01:29:55,600

have the first jesuit pope ever

2167

01:29:59,270 --> 01:29:57,360

ever to be elected

2168

01:30:01,669 --> 01:29:59,280

which puts a chill through a lot of

2169

01:30:03,910 --> 01:30:01,679

people's you know nervous systems be

2170

01:30:05,750 --> 01:30:03,920

because of the implications that's a

2171

01:30:08,070 --> 01:30:05,760

tremendous amount of power all of a

2172

01:30:09,830 --> 01:30:08,080

sudden for the jesuit order which has

2173

01:30:12,709 --> 01:30:09,840

been seen to be up to a whole lot of

2174

01:30:14,629 --> 01:30:12,719

mischief for many many many centuries to

2175

01:30:17,110 --> 01:30:14,639

all of a sudden have they had they have

2176

01:30:19,510 --> 01:30:17,120

the club they they control the vatican

2177

01:30:22,709 --> 01:30:19,520

completely i have i have a first cousin

2178

01:30:26,390 --> 01:30:22,719

who's now deceased but he he uh he was a

2179

01:30:29,430 --> 01:30:26,400

jesuit cardinal so i have some original

2180

01:30:31,189 --> 01:30:29,440

uh tapping sources about uh yes looking

2181

01:30:34,229 --> 01:30:31,199

for the jesuits

2182

01:30:37,189 --> 01:30:34,239

okay did i answer that yes you did

2183

01:30:39,030 --> 01:30:37,199

a fair answer yes and we have about 20

2184

01:30:41,110 --> 01:30:39,040

minutes so i just want to push a couple

2185

01:30:43,669 --> 01:30:41,120

of questions uh to you

2186

01:30:46,310 --> 01:30:43,679

before we uh run out of time i wanted to

2187

01:30:49,830 --> 01:30:46,320

ask you at 60 feet in the money pit

2188

01:30:51,830 --> 01:30:49,840

itself they found coconut fibers and of

2189

01:30:53,990 --> 01:30:51,840

course we know that coconut fibers

2190

01:30:55,590 --> 01:30:54,000

aren't native to nova scotia oak and oak

2191

01:30:57,590 --> 01:30:55,600

island so

2192

01:30:59,590 --> 01:30:57,600

how do you think they got there and also

2193

01:31:01,750 --> 01:30:59,600

what use would they have been what would

2194

01:31:03,030 --> 01:31:01,760

they have been used for at the depth of

2195

01:31:04,950 --> 01:31:03,040

60 feet

2196

01:31:12,229 --> 01:31:04,960

well number one we know that coconut

2197

01:31:16,310 --> 01:31:14,629

would not have lasted

2198

01:31:18,790 --> 01:31:16,320

even though they're the most resilient

2199

01:31:20,950 --> 01:31:18,800

probably of all organic fibers almost of

2200

01:31:23,430 --> 01:31:20,960

all organic fibers they still wouldn't

2201
01:31:25,910 --> 01:31:23,440
have lasted at 60 feet down for the

2202
01:31:28,950 --> 01:31:25,920
amount of time it would have taken 60

2203
01:31:31,669 --> 01:31:28,960
feet to you know overburden that that

2204
01:31:33,990 --> 01:31:31,679
that site where the fibers were covered

2205
01:31:34,950 --> 01:31:34,000
that does you know so it has to be by

2206
01:31:40,390 --> 01:31:34,960
human

2207
01:31:42,390 --> 01:31:40,400
it that that that

2208
01:31:45,110 --> 01:31:42,400
the coconut fibers

2209
01:31:45,910 --> 01:31:45,120
ended up where it ended up

2210
01:31:47,590 --> 01:31:45,920
okay

2211
01:31:49,350 --> 01:31:47,600
so what would they what would they have

2212
01:31:51,669 --> 01:31:49,360
been used for the coconut fibers the

2213
01:31:54,790 --> 01:31:51,679

coconut fibers were found in an area

2214

01:31:57,430 --> 01:31:54,800

close to or in one of the flood tunnels

2215

01:31:59,110 --> 01:31:57,440

which is one of the booby traps

2216

01:32:04,070 --> 01:31:59,120

at oak island

2217

01:32:08,950 --> 01:32:07,350

material mixed with other materials

2218

01:32:11,350 --> 01:32:08,960

that would have kept

2219

01:32:12,950 --> 01:32:11,360

ocean

2220

01:32:15,590 --> 01:32:12,960

materials from

2221

01:32:17,830 --> 01:32:15,600

you know also mixing with the water that

2222

01:32:21,030 --> 01:32:17,840

that would have gone into

2223

01:32:23,990 --> 01:32:21,040

into the into or into the money pit so

2224

01:32:26,709 --> 01:32:24,000

so it had a

2225

01:32:27,430 --> 01:32:26,719

coconut fiber had a filtering aspect to

2226

01:32:31,510 --> 01:32:27,440

it

2227

01:32:33,830 --> 01:32:31,520

of uh

2228

01:32:35,750 --> 01:32:33,840

caulking material

2229

01:32:36,629 --> 01:32:35,760

uh

2230

01:32:38,390 --> 01:32:36,639

that

2231

01:32:41,350 --> 01:32:38,400

would seal things

2232

01:32:42,229 --> 01:32:41,360

a kind of cement almost

2233

01:32:44,149 --> 01:32:42,239

um

2234

01:32:46,709 --> 01:32:44,159

so

2235

01:32:49,510 --> 01:32:46,719

and and it was found in that form mixed

2236

01:32:51,990 --> 01:32:49,520

with other materials

2237

01:32:53,430 --> 01:32:52,000

to make insulation

2238

01:32:55,910 --> 01:32:53,440

we know that's a different no that's

2239

01:32:57,910 --> 01:32:55,920

different use the insulation is the

2240

01:32:59,990 --> 01:32:57,920

packing material

2241

01:33:02,390 --> 01:33:00,000

fibers are also used for packing so

2242

01:33:05,110 --> 01:33:02,400

let's say we have some kind of really

2243

01:33:07,590 --> 01:33:05,120

priceless artifact the ark of the

2244

01:33:10,229 --> 01:33:07,600

covenant which by the way i am not

2245

01:33:11,910 --> 01:33:10,239

propounding the theory of okay i'm just

2246

01:33:14,709 --> 01:33:11,920

saying it is a theory there's a

2247

01:33:15,990 --> 01:33:14,719

plausibility to it from two sources the

2248

01:33:17,430 --> 01:33:16,000

templars and

2249

01:33:19,510 --> 01:33:17,440

and which we didn't cover the

2250

01:33:21,510 --> 01:33:19,520

phoenicians and their relationship to

2251

01:33:23,189 --> 01:33:21,520

nebuchadnezzar and the army but let's

2252

01:33:26,070 --> 01:33:23,199

get back to that in a moment

2253

01:33:29,830 --> 01:33:26,080

um the the the coconut fibers would have

2254

01:33:32,149 --> 01:33:29,840

been used you know for for packing

2255

01:33:34,830 --> 01:33:32,159

like bubble like the bubble stuff we use

2256

01:33:38,390 --> 01:33:34,840

now to you know protect the cargo

2257

01:33:40,310 --> 01:33:38,400

exactly um you know or to use as as a

2258

01:33:43,910 --> 01:33:40,320

filtering agent

2259

01:33:44,870 --> 01:33:43,920

or to use in a mix for uh you know for a

2260

01:33:45,910 --> 01:33:44,880

kind of

2261

01:33:48,550 --> 01:33:45,920

of uh

2262

01:33:54,310 --> 01:33:48,560

elastic uh uh

2263

01:33:58,550 --> 01:33:56,470

and so so that you know that what does

2264

01:34:02,310 --> 01:33:58,560

that say that's saying that people

2265

01:34:03,910 --> 01:34:02,320

clearly were using uh coconut fibers

2266

01:34:06,390 --> 01:34:03,920

that they could only have gotten from

2267

01:34:09,030 --> 01:34:06,400

you know quite a ways south

2268

01:34:12,709 --> 01:34:09,040

caribbean from oak island

2269

01:34:13,830 --> 01:34:12,719

and and and that implies the treasure

2270

01:34:14,870 --> 01:34:13,840

ships

2271

01:34:16,709 --> 01:34:14,880

because

2272

01:34:20,470 --> 01:34:16,719

you know where if they're if they're

2273

01:34:21,830 --> 01:34:20,480

using coconut fiber for those purposes

2274

01:34:24,310 --> 01:34:21,840

you know they're getting it from the

2275

01:34:26,070 --> 01:34:24,320

area where where all the the great

2276

01:34:29,430 --> 01:34:26,080

pirates you know were

2277

01:34:31,590 --> 01:34:29,440

were found and and all that

2278

01:34:34,310 --> 01:34:31,600

all those legends grew from from from

2279

01:34:36,149 --> 01:34:34,320

that area south of oak island did the

2280

01:34:38,229 --> 01:34:36,159

kids that went there uh the three

2281

01:34:39,910 --> 01:34:38,239

teenagers uh i can't think of their

2282

01:34:42,470 --> 01:34:39,920

names offhand

2283

01:34:45,270 --> 01:34:42,480

but didn't they uh think that they were

2284

01:34:47,270 --> 01:34:45,280

gonna find king uh captain kids treasure

2285

01:34:50,310 --> 01:34:47,280

there when they were digging initially i

2286

01:34:54,070 --> 01:34:50,320

think it was in 1795 i believe exactly

2287

01:34:56,310 --> 01:34:54,080

exactly 1795. yeah the the the

2288

01:34:58,550 --> 01:34:56,320

thing to remember if i'm right about

2289

01:35:01,910 --> 01:34:58,560

about phipps uh

2290

01:35:06,149 --> 01:35:01,920

putting the gold in 1680 whatever it

2291

01:35:08,390 --> 01:35:06,159

would be 1688.89 uh into the money pit

2292

01:35:10,550 --> 01:35:08,400

um you know it

2293

01:35:14,310 --> 01:35:10,560

it would have been taken out by the

2294

01:35:18,149 --> 01:35:14,320

jankier in 1746

2295

01:35:20,950 --> 01:35:18,159

so we have 1746 to 1795.

2296

01:35:22,870 --> 01:35:20,960

so what the boys saw and described was a

2297

01:35:25,109 --> 01:35:22,880

bit of an indention

2298

01:35:27,350 --> 01:35:25,119

like a sinkhole

2299

01:35:29,510 --> 01:35:27,360

but with a lot of foliage you know with

2300

01:35:31,030 --> 01:35:29,520

some with grasses and so on growing on

2301

01:35:32,629 --> 01:35:31,040

it it would have had that there would

2302

01:35:35,750 --> 01:35:32,639

have been that much time

2303

01:35:38,070 --> 01:35:35,760

uh if the last time it was it was uh

2304

01:35:39,669 --> 01:35:38,080

used and and that would have been to

2305

01:35:42,070 --> 01:35:39,679

bring the gold out

2306

01:35:44,310 --> 01:35:42,080

um you know all that got covered over

2307

01:35:46,870 --> 01:35:44,320

again so that so there was enough time

2308

01:35:48,870 --> 01:35:46,880

for that for that growth to happen to

2309

01:35:51,270 --> 01:35:48,880

just give the image of there being an

2310

01:35:53,350 --> 01:35:51,280

into something interesting there so yeah

2311

01:35:55,669 --> 01:35:53,360

they got they got into all the romantic

2312

01:35:58,550 --> 01:35:55,679

uh pirate notions of the caribbean the

2313

01:36:00,470 --> 01:35:58,560

kids did and one thing led to another

2314

01:36:01,590 --> 01:36:00,480

but let's let's backtrack just real

2315

01:36:03,350 --> 01:36:01,600

quickly on the

2316

01:36:05,270 --> 01:36:03,360

on the arc this ark of the covenant

2317

01:36:09,109 --> 01:36:05,280

issue and then the connection between

2318

01:36:11,109 --> 01:36:09,119

these uh between these uh octagons

2319

01:36:13,510 --> 01:36:11,119

the uh uh

2320

01:36:15,350 --> 01:36:13,520

the tr the temple was destroyed under

2321

01:36:16,709 --> 01:36:15,360

nebuchadnezzar's rule who was the king

2322

01:36:17,990 --> 01:36:16,719

of babylon

2323

01:36:20,709 --> 01:36:18,000

in in

2324

01:36:21,590 --> 01:36:20,719

around 587 bc

2325

01:36:23,510 --> 01:36:21,600

so

2326

01:36:25,510 --> 01:36:23,520

if he had the ark of the covenant and

2327

01:36:27,910 --> 01:36:25,520

wanted to hide it and if he was part of

2328

01:36:29,510 --> 01:36:27,920

that cabal as well or some phoenicians

2329

01:36:31,350 --> 01:36:29,520

were and they told him about this place

2330

01:36:33,030 --> 01:36:31,360

across the atlantic

2331

01:36:37,270 --> 01:36:33,040

so the theory would go

2332

01:36:37,990 --> 01:36:37,280

he then enlisted phoenician shippers

2333

01:36:41,669 --> 01:36:38,000

to

2334

01:36:44,070 --> 01:36:41,679

over

2335

01:36:45,990 --> 01:36:44,080

that that is the only way to account for

2336

01:36:48,229 --> 01:36:46,000

for you know his role

2337

01:36:50,390 --> 01:36:48,239

uh in in securing the ark of the

2338

01:36:52,870 --> 01:36:50,400

covenant that early on

2339

01:36:55,350 --> 01:36:52,880

uh the templar theory is that they found

2340

01:36:57,830 --> 01:36:55,360

it underneath the temple mount and then

2341

01:37:00,709 --> 01:36:57,840

they they they brought it over because

2342

01:37:03,990 --> 01:37:00,719

they would have had knowledge about this

2343

01:37:07,030 --> 01:37:04,000

site from being also in and out of that

2344

01:37:09,830 --> 01:37:07,040

same continuum of secret

2345

01:37:12,070 --> 01:37:09,840

activity on the part of it of an ongoing

2346

01:37:13,990 --> 01:37:12,080

group that by any other name is the same

2347

01:37:15,350 --> 01:37:14,000

same group so you think that the lagina

2348

01:37:16,870 --> 01:37:15,360

brothers that's what they're expecting

2349

01:37:18,629 --> 01:37:16,880

to find there what do you think they're

2350

01:37:20,709 --> 01:37:18,639

expecting to find they got that series

2351
01:37:21,990 --> 01:37:20,719
on the history channel for the last two

2352
01:37:23,109 --> 01:37:22,000
years

2353
01:37:25,030 --> 01:37:23,119
i mean they're putting a lot of

2354
01:37:27,350 --> 01:37:25,040
investment money they they actually own

2355
01:37:29,830 --> 01:37:27,360
the island itself so well now the

2356
01:37:31,109 --> 01:37:29,840
tourism company that the they own the

2357
01:37:33,350 --> 01:37:31,119
group

2358
01:37:35,669 --> 01:37:33,360
they own the greater number of shares in

2359
01:37:38,550 --> 01:37:35,679
the tourism company that owns the

2360
01:37:42,229 --> 01:37:38,560
largest part of oak island okay there's

2361
01:37:44,550 --> 01:37:42,239
somebody living you know uh across

2362
01:37:47,030 --> 01:37:44,560
on the same island who you who used to

2363
01:37:49,590 --> 01:37:47,040

be very cooperative with the team that

2364

01:37:52,070 --> 01:37:49,600

was that was doing the work before

2365

01:37:54,470 --> 01:37:52,080

uh when david tobias was there with with

2366

01:37:57,270 --> 01:37:54,480

the blankships and so on in the in the

2367

01:38:00,149 --> 01:37:57,280

earlier investigations but they got in

2368

01:38:00,870 --> 01:38:00,159

in a bit of a dispute long story there

2369

01:38:05,109 --> 01:38:00,880

um

2370

01:38:07,590 --> 01:38:05,119

the the octagon uh connection is is

2371

01:38:09,830 --> 01:38:07,600

possibly significant when you when you

2372

01:38:11,750 --> 01:38:09,840

listen to what chief joseph

2373

01:38:12,550 --> 01:38:11,760

narrates in terms of the oral tradition

2374

01:38:14,950 --> 01:38:12,560

about

2375

01:38:17,350 --> 01:38:14,960

those who came to him gave him that clay

2376

01:38:18,310 --> 01:38:17,360

tablet and and all of that

2377

01:38:20,870 --> 01:38:18,320

you know

2378

01:38:23,189 --> 01:38:20,880

and that his octagon does not look like

2379

01:38:25,669 --> 01:38:23,199

the other octagons that the nez pierce

2380

01:38:28,390 --> 01:38:25,679

indigenous people use i've got i've got

2381

01:38:29,590 --> 01:38:28,400

copies of all of their octagonal motifs

2382

01:38:32,950 --> 01:38:29,600

none of them

2383

01:38:34,870 --> 01:38:32,960

are the star of asher his was

2384

01:38:36,229 --> 01:38:34,880

so there's something very strange going

2385

01:38:37,430 --> 01:38:36,239

on there

2386

01:38:40,709 --> 01:38:37,440

and and

2387

01:38:43,189 --> 01:38:40,719

it it's very close to the octagon that

2388

01:38:45,430 --> 01:38:43,199

you might have seen on the episode of

2389

01:38:47,030 --> 01:38:45,440

the laguna brothers uh

2390

01:38:49,109 --> 01:38:47,040

curse of oak island

2391

01:38:51,510 --> 01:38:49,119

uh second season i believe called the

2392

01:38:53,510 --> 01:38:51,520

eight pointed star meaning

2393

01:38:56,229 --> 01:38:53,520

an octagon like the star of asher

2394

01:38:58,149 --> 01:38:56,239

similar yeah exactly it looks it looks

2395

01:39:02,390 --> 01:38:58,159

an awful lot like it and it was said to

2396

01:39:04,790 --> 01:39:02,400

be the main uh motif of the uh of the

2397

01:39:06,229 --> 01:39:04,800

the mikma people and in fact it is

2398

01:39:09,430 --> 01:39:06,239

certainly at least one of the main

2399

01:39:12,709 --> 01:39:09,440

motifs if not the main motif so that

2400

01:39:15,350 --> 01:39:12,719

with the mikma plus the reverse you know

2401

01:39:18,070 --> 01:39:15,360

uh knights templar flag it's kind of a

2402

01:39:20,070 --> 01:39:18,080

coin bizarre coincidence

2403

01:39:22,149 --> 01:39:20,080

which i don't think it is and i do think

2404

01:39:22,950 --> 01:39:22,159

the templars were here

2405

01:39:24,870 --> 01:39:22,960

they

2406

01:39:26,790 --> 01:39:24,880

you know if i mean

2407

01:39:29,189 --> 01:39:26,800

if anybody could have come here it would

2408

01:39:31,109 --> 01:39:29,199

be the knights templar for the wealth

2409

01:39:32,390 --> 01:39:31,119

they had for what they had to secure and

2410

01:39:34,310 --> 01:39:32,400

hide

2411

01:39:36,229 --> 01:39:34,320

you know and and the way they had to in

2412

01:39:38,390 --> 01:39:36,239

order to survive since they were being

2413

01:39:40,550 --> 01:39:38,400

burned at the stake

2414

01:39:42,070 --> 01:39:40,560

for all these you know half invented

2415

01:39:43,910 --> 01:39:42,080

reasons um

2416

01:39:45,590 --> 01:39:43,920

it was just jealousy the kings and the

2417

01:39:47,830 --> 01:39:45,600

vatican didn't like the super wealth

2418

01:39:50,470 --> 01:39:47,840

that the knights templar had you know

2419

01:39:53,350 --> 01:39:50,480

had masked and and so you know that's

2420

01:39:57,669 --> 01:39:53,360

what caused the the angie templar friday

2421

01:39:59,910 --> 01:39:57,679

the 13th purge of the knights templar

2422

01:40:03,109 --> 01:39:59,920

yeah so i think that they were here i i

2423

01:40:05,030 --> 01:40:03,119

don't think that they were here

2424

01:40:07,910 --> 01:40:05,040

working against indigenous people i

2425

01:40:09,910 --> 01:40:07,920

think they integrated very well so i do

2426

01:40:12,390 --> 01:40:09,920

not think that there's this common

2427

01:40:14,390 --> 01:40:12,400

theory that has been no it's not common

2428

01:40:17,189 --> 01:40:14,400

but it was from it's been

2429

01:40:20,229 --> 01:40:17,199

promoted by someone i know who i've

2430

01:40:22,229 --> 01:40:20,239

who i uh you know corresponded with and

2431

01:40:24,470 --> 01:40:22,239

and uh i don't mean to jump all over him

2432

01:40:26,470 --> 01:40:24,480

but i really don't believe that that the

2433

01:40:29,669 --> 01:40:26,480

templars you know set out stakes of

2434

01:40:30,470 --> 01:40:29,679

territory but this is where you know

2435

01:40:32,870 --> 01:40:30,480

uh

2436

01:40:34,790 --> 01:40:32,880

there's a fellow who's doing unearthed

2437

01:40:36,629 --> 01:40:34,800

america on earth and he's suggesting

2438

01:40:38,870 --> 01:40:36,639

this that the templars laid claim to

2439

01:40:41,590 --> 01:40:38,880

this land into that and they left they

2440

01:40:43,590 --> 01:40:41,600

left these you know these memories that

2441

01:40:44,629 --> 01:40:43,600

were territorial markers like peeing in

2442

01:40:46,470 --> 01:40:44,639

the corner

2443

01:40:48,709 --> 01:40:46,480

um you know

2444

01:40:51,590 --> 01:40:48,719

that's not like anything the templars

2445

01:40:54,390 --> 01:40:51,600

would do it indicates a lack of

2446

01:40:56,470 --> 01:40:54,400

of a real tangible sense of the spirit

2447

01:40:58,070 --> 01:40:56,480

of the night's templar they they

2448

01:40:59,910 --> 01:40:58,080

wouldn't have been claiming other

2449

01:41:01,510 --> 01:40:59,920

people's land

2450

01:41:04,149 --> 01:41:01,520

they just would not have done it they

2451

01:41:06,950 --> 01:41:04,159

had so evolved out of the out of the

2452

01:41:08,310 --> 01:41:06,960

sort of imperial colonial uh uh

2453

01:41:11,430 --> 01:41:08,320

missionary

2454

01:41:14,550 --> 01:41:11,440

uh you know mode

2455

01:41:15,669 --> 01:41:14,560

that had that that they had initially

2456

01:41:17,030 --> 01:41:15,679

practiced

2457

01:41:19,270 --> 01:41:17,040

when they when they were part of the

2458

01:41:20,950 --> 01:41:19,280

crusaders when they were the first of

2459

01:41:23,109 --> 01:41:20,960

the crusaders but they completely

2460

01:41:25,750 --> 01:41:23,119

graduated out of that they got into

2461

01:41:28,870 --> 01:41:25,760

islamic mysticism the drew's

2462

01:41:31,030 --> 01:41:28,880

mystical order of druze who are muslim

2463

01:41:32,950 --> 01:41:31,040

and they're also said to be soupies

2464

01:41:35,109 --> 01:41:32,960

they came about they crystallized in

2465

01:41:37,430 --> 01:41:35,119

relation to an alliance with the knights

2466

01:41:39,430 --> 01:41:37,440

templar there there's there's this whole

2467

01:41:41,750 --> 01:41:39,440

other side of the templars if people

2468

01:41:44,390 --> 01:41:41,760

don't get a handle on they go off on

2469

01:41:48,390 --> 01:41:44,400

these kind of wacky uh you know

2470

01:41:51,510 --> 01:41:48,400

escapades of fantasy the templars were

2471

01:41:53,030 --> 01:41:51,520

so fanciful just by their nature that

2472

01:41:54,870 --> 01:41:53,040

you don't need to

2473

01:41:57,350 --> 01:41:54,880

you know push envelopes about knight's

2474

01:41:58,790 --> 01:41:57,360

templar they were they were magic

2475

01:42:01,109 --> 01:41:58,800

entities they

2476
01:42:03,109 --> 01:42:01,119
and they do things i've decoded the two

2477
01:42:05,030 --> 01:42:03,119
or three of their codes that nobody else

2478
01:42:06,870 --> 01:42:05,040
has been able to crack

2479
01:42:08,149 --> 01:42:06,880
um one at the

2480
01:42:10,390 --> 01:42:08,159
part of the round church or temple

2481
01:42:12,070 --> 01:42:10,400
church we can get into another time oh

2482
01:42:14,790 --> 01:42:12,080
yes but uh

2483
01:42:17,109 --> 01:42:14,800
yeah buff i'm sorry uh what about the

2484
01:42:19,750 --> 01:42:17,119
possibility that francis bacon designed

2485
01:42:21,590 --> 01:42:19,760
the money pit on on oak island

2486
01:42:24,550 --> 01:42:21,600
what do you think about that well that's

2487
01:42:27,270 --> 01:42:24,560
what the francis bacon society uh

2488
01:42:29,910 --> 01:42:27,280

you know believes in london

2489

01:42:32,229 --> 01:42:29,920

and they're you know i i correspond with

2490

01:42:34,390 --> 01:42:32,239

them i have a little to do with them um

2491

01:42:36,229 --> 01:42:34,400

they've been wanting me to speak uh

2492

01:42:37,590 --> 01:42:36,239

they're not sure what venue to put me

2493

01:42:39,510 --> 01:42:37,600

into but

2494

01:42:41,910 --> 01:42:39,520

but uh

2495

01:42:43,270 --> 01:42:41,920

you know because i don't uh i don't

2496

01:42:45,830 --> 01:42:43,280

abide by their

2497

01:42:48,229 --> 01:42:45,840

you know their views look francis bacon

2498

01:42:50,950 --> 01:42:48,239

was tied to a man named john d

2499

01:42:53,350 --> 01:42:50,960

john d was a mystic and a an and

2500

01:42:55,590 --> 01:42:53,360

and you know he invented cryptic forms

2501

01:42:57,990 --> 01:42:55,600

of writing and he taught he tutored

2502

01:43:00,390 --> 01:42:58,000

francis bacon how to do how to code how

2503

01:43:02,709 --> 01:43:00,400

to how to write codes

2504

01:43:03,750 --> 01:43:02,719

and and how to in you know

2505

01:43:06,470 --> 01:43:03,760

encrypt

2506

01:43:08,629 --> 01:43:06,480

information and they are said to have

2507

01:43:13,030 --> 01:43:08,639

had the voynich manuscript

2508

01:43:15,030 --> 01:43:13,040

so so i i'm you know i'm very much

2509

01:43:17,109 --> 01:43:15,040

interested in francis bacon and i'm very

2510

01:43:20,229 --> 01:43:17,119

interested in the in the francis bacon

2511

01:43:22,470 --> 01:43:20,239

society of of of great britain and i

2512

01:43:25,910 --> 01:43:22,480

respect them and they came they have a

2513

01:43:29,189 --> 01:43:25,920

secret about that year 1746

2514

01:43:32,550 --> 01:43:29,199

that and and alexander von humboldt and

2515

01:43:34,070 --> 01:43:32,560

they're flirting you know with me over

2516

01:43:35,990 --> 01:43:34,080

and over

2517

01:43:37,910 --> 01:43:36,000

and so i've decided to do an end run on

2518

01:43:40,550 --> 01:43:37,920

them and just divulge everything and you

2519

01:43:41,990 --> 01:43:40,560

know now that now they can uh now they

2520

01:43:42,950 --> 01:43:42,000

can deal with it all being out in the

2521

01:43:44,070 --> 01:43:42,960

open

2522

01:43:46,070 --> 01:43:44,080

you know

2523

01:43:48,310 --> 01:43:46,080

there is something to it it's for i'm

2524

01:43:51,109 --> 01:43:48,320

not i'm not of the view that francis

2525

01:43:53,669 --> 01:43:51,119

bacon designed the money pit i do think

2526

01:43:55,510 --> 01:43:53,679

it's older and i think it's been used by

2527

01:43:58,470 --> 01:43:55,520

you know successive

2528

01:44:01,750 --> 01:43:58,480

layering of civilizations and peoples

2529

01:44:02,950 --> 01:44:01,760

but only the knowledge of which was kept

2530

01:44:05,910 --> 01:44:02,960

within this

2531

01:44:08,070 --> 01:44:05,920

one order right again by any other name

2532

01:44:10,470 --> 01:44:08,080

it you know it's the same

2533

01:44:12,470 --> 01:44:10,480

uh now now buff the stone that was found

2534

01:44:13,669 --> 01:44:12,480

at 90 feet uh because we only have a few

2535

01:44:16,390 --> 01:44:13,679

minutes left i just want to get on that

2536

01:44:18,790 --> 01:44:16,400

stone right i believe there's two uh

2537

01:44:21,270 --> 01:44:18,800

decipherments one indicated 40 feet

2538

01:44:23,830 --> 01:44:21,280

below 2 million pounds are buried and

2539

01:44:26,870 --> 01:44:23,840

also barry fell dr barry fell had his

2540

01:44:28,070 --> 01:44:26,880

own uh decipherment uh which one do you

2541

01:44:29,830 --> 01:44:28,080

more or less

2542

01:44:32,470 --> 01:44:29,840

uh go towards

2543

01:44:34,629 --> 01:44:32,480

is there any correlation i mean between

2544

01:44:35,910 --> 01:44:34,639

the two translations like you know what

2545

01:44:37,350 --> 01:44:35,920

i'm saying what what do you think about

2546

01:44:39,189 --> 01:44:37,360

that to the translation to the

2547

01:44:41,990 --> 01:44:39,199

decipherment of those of that stone that

2548

01:44:44,070 --> 01:44:42,000

was found in 60 at uh 90 feet i'm sorry

2549

01:44:45,669 --> 01:44:44,080

i am very careful to talk about barry

2550

01:44:47,430 --> 01:44:45,679

fell in public

2551

01:44:48,470 --> 01:44:47,440

we already went over him a little bit

2552

01:44:50,870 --> 01:44:48,480

earlier

2553

01:44:52,870 --> 01:44:50,880

um i i would not uh

2554

01:44:55,910 --> 01:44:52,880

i wouldn't accept his uh

2555

01:44:58,950 --> 01:44:55,920

his his uh translation but

2556

01:45:00,950 --> 01:44:58,960

but he he did develop expertise in

2557

01:45:02,950 --> 01:45:00,960

something called tiffany

2558

01:45:04,790 --> 01:45:02,960

um which is a berber

2559

01:45:07,350 --> 01:45:04,800

indigenous peoples in north africa are

2560

01:45:10,149 --> 01:45:07,360

called berbers that berber or

2561

01:45:13,430 --> 01:45:10,159

thomasite amazing

2562

01:45:17,350 --> 01:45:13,440

they they wrote in this form that is all

2563

01:45:19,350 --> 01:45:17,360

over that that that uh artifact but so

2564

01:45:21,910 --> 01:45:19,360

is the cree syllabary

2565

01:45:24,709 --> 01:45:21,920

the cree former writing is also all over

2566

01:45:28,470 --> 01:45:24,719

and if you go to my my uh my youtube

2567

01:45:31,590 --> 01:45:28,480

channel the the second episode really

2568

01:45:33,669 --> 01:45:31,600

gets into this part of it the how

2569

01:45:35,910 --> 01:45:33,679

ancient was the cree writing form the

2570

01:45:40,070 --> 01:45:35,920

so-called crease syllabary

2571

01:45:41,750 --> 01:45:40,080

um the whole entire cree syllabary is on

2572

01:45:43,990 --> 01:45:41,760

that stone

2573

01:45:46,870 --> 01:45:44,000

so here this goes again to that same

2574

01:45:49,510 --> 01:45:46,880

that same point why have indigenous

2575

01:45:51,430 --> 01:45:49,520

people been ignored

2576

01:45:53,109 --> 01:45:51,440

they would not have allowed

2577

01:45:57,430 --> 01:45:53,119

any pro

2578

01:45:59,350 --> 01:45:57,440

uh william of orange pro queen mary pro

2579

01:46:01,430 --> 01:45:59,360

george people to take anything out of

2580

01:46:04,470 --> 01:46:01,440

the money pit during the period of the

2581

01:46:07,350 --> 01:46:04,480

wabanaki confederacy they were allied

2582

01:46:09,990 --> 01:46:07,360

with the french and and they and they

2583

01:46:12,310 --> 01:46:10,000

had control over the island as you you

2584

01:46:14,310 --> 01:46:12,320

heard what i read that my my uh my

2585

01:46:17,590 --> 01:46:14,320

research assistant found

2586

01:46:19,669 --> 01:46:17,600

um rodney the you know it it it's

2587

01:46:20,870 --> 01:46:19,679

there's no question the british were

2588

01:46:23,109 --> 01:46:20,880

were pulling their hair out trying to

2589

01:46:26,629 --> 01:46:23,119

figure out how to break up this

2590

01:46:28,470 --> 01:46:26,639

this bond that had that

2591

01:46:31,109 --> 01:46:28,480

between indigenous people

2592

01:46:35,030 --> 01:46:31,119

the french the acadians and the

2593

01:46:37,270 --> 01:46:35,040

catholics that was impossible to to to

2594

01:46:39,430 --> 01:46:37,280

separate the components of

2595

01:46:41,430 --> 01:46:39,440

and and they couldn't and they had to do

2596

01:46:43,910 --> 01:46:41,440

genocide and they had to do you know

2597

01:46:47,109 --> 01:46:43,920

these horrible things too and that was

2598

01:46:48,950 --> 01:46:47,119

after 1750 when that all when the worst

2599

01:46:50,629 --> 01:46:48,960

of it started to happen

2600

01:46:53,270 --> 01:46:50,639

so what you know

2601
01:46:55,430 --> 01:46:53,280
it's time that we get indigenous people

2602
01:46:57,830 --> 01:46:55,440
back in the center of these

2603
01:47:00,790 --> 01:46:57,840
of all this history because they were

2604
01:47:03,350 --> 01:47:00,800
pivotal they were with you know i mean

2605
01:47:06,149 --> 01:47:03,360
it every it it all goes back to them the

2606
01:47:08,470 --> 01:47:06,159
oral their oral traditions are records

2607
01:47:10,550 --> 01:47:08,480
of any strange stranger people who may

2608
01:47:12,629 --> 01:47:10,560
have come to you know the americas and

2609
01:47:14,149 --> 01:47:12,639
brought whatever including the ark of

2610
01:47:17,350 --> 01:47:14,159
the covenant you know

2611
01:47:19,590 --> 01:47:17,360
it's it's very unfair it remains unfair

2612
01:47:22,470 --> 01:47:19,600
and it's ongoing and and it's not

2613
01:47:24,790 --> 01:47:22,480

recognized in academia how much of this

2614

01:47:26,709 --> 01:47:24,800

old racism is just continuing we'll

2615

01:47:30,149 --> 01:47:26,719

learn so much more if we can just let it

2616

01:47:32,310 --> 01:47:30,159

go you know abandon it you know to

2617

01:47:34,709 --> 01:47:32,320

bring these people in with all the

2618

01:47:36,790 --> 01:47:34,719

treasures they have of knowledge and

2619

01:47:39,030 --> 01:47:36,800

writing forms and all the rest i mean

2620

01:47:41,030 --> 01:47:39,040

the ancient basque syllabary is

2621

01:47:42,390 --> 01:47:41,040

identical to the cree syllabary why is

2622

01:47:44,070 --> 01:47:42,400

that

2623

01:47:46,709 --> 01:47:44,080

identical i mean

2624

01:47:48,229 --> 01:47:46,719

you know symbol for simple for symbol

2625

01:47:50,790 --> 01:47:48,239

it can't have been invented by

2626

01:47:53,510 --> 01:47:50,800

missionaries which has been the common

2627

01:47:54,950 --> 01:47:53,520

view not held by indigenous people not

2628

01:47:56,950 --> 01:47:54,960

held by the cree

2629

01:47:59,910 --> 01:47:56,960

but by everybody else you know they

2630

01:48:01,270 --> 01:47:59,920

bought into the paradigm uh and you know

2631

01:48:03,750 --> 01:48:01,280

it's these paradigms we have to deal

2632

01:48:05,590 --> 01:48:03,760

with exactly well you know what you're

2633

01:48:07,910 --> 01:48:05,600

just so wonderful in bringing these

2634

01:48:09,109 --> 01:48:07,920

paradigms to perhaps uh screeching halt

2635

01:48:11,669 --> 01:48:09,119

as they say

2636

01:48:14,149 --> 01:48:11,679

by you know just bringing this in your

2637

01:48:16,390 --> 01:48:14,159

face kind of evidence and the more you

2638

01:48:18,149 --> 01:48:16,400

can get it out there uh think the better

2639

01:48:19,830 --> 01:48:18,159

off everybody will be yeah and the

2640

01:48:22,149 --> 01:48:19,840

creation of the institute for the

2641

01:48:23,669 --> 01:48:22,159

studies of indigenous anomalies also

2642

01:48:25,750 --> 01:48:23,679

that's going to play a pivotal role i

2643

01:48:27,270 --> 01:48:25,760

believe you know in the future in the

2644

01:48:29,750 --> 01:48:27,280

present and the future i i think what

2645

01:48:31,669 --> 01:48:29,760

you're doing buff is outstanding you

2646

01:48:33,990 --> 01:48:31,679

know i think that there needs to be a

2647

01:48:36,470 --> 01:48:34,000

voice of the indigenous peoples and i i

2648

01:48:39,030 --> 01:48:36,480

hope that the young generation as well

2649

01:48:41,350 --> 01:48:39,040

as of course the older generation by by

2650

01:48:43,030 --> 01:48:41,360

traditionally handing down this these

2651

01:48:46,149 --> 01:48:43,040

stories through you know through all

2652

01:48:49,590 --> 01:48:46,159

this time it needs to keep going i mean

2653

01:48:52,390 --> 01:48:49,600

it's so vital that their voice be heard

2654

01:48:54,629 --> 01:48:52,400

well that's why uh my research assistant

2655

01:48:56,870 --> 01:48:54,639

rodney macleod has to be

2656

01:48:57,830 --> 01:48:56,880

on that path every step of the way with

2657

01:48:59,270 --> 01:48:57,840

me

2658

01:49:01,030 --> 01:48:59,280

and when we go to

2659

01:49:02,229 --> 01:49:01,040

when we go to west point when we go to

2660

01:49:03,510 --> 01:49:02,239

lagrange

2661

01:49:05,990 --> 01:49:03,520

when we go to

2662

01:49:09,109 --> 01:49:06,000

to oklahoma to get into that inanna

2663

01:49:10,470 --> 01:49:09,119

stone which is phenomenal i mean it had

2664

01:49:12,870 --> 01:49:10,480

a little bit to do with the ultimate

2665

01:49:14,470 --> 01:49:12,880

breaking of the code of dilman writing

2666

01:49:16,229 --> 01:49:14,480

the discovery of that because it was

2667

01:49:18,149 --> 01:49:16,239

just being broken at the time that that

2668

01:49:20,390 --> 01:49:18,159

thing was found

2669

01:49:23,189 --> 01:49:20,400

i mean talk about synchronicity and

2670

01:49:25,270 --> 01:49:23,199

strange coincidences that's a huge one

2671

01:49:27,030 --> 01:49:25,280

and when you get to a nana who is she

2672

01:49:30,070 --> 01:49:27,040

she's the mother of that line of

2673

01:49:32,310 --> 01:49:30,080

goddesses that produced finally venus

2674

01:49:34,790 --> 01:49:32,320

and you you know venus is i mean

2675

01:49:37,830 --> 01:49:34,800

morningstar evening star that the this

2676
01:49:40,390 --> 01:49:37,840
wonderful woman uh whose symbol is the

2677
01:49:49,669 --> 01:49:40,400
octagon

2678
01:49:50,950 --> 01:49:49,679
you have to do is connect all eight

2679
01:49:53,350 --> 01:49:50,960
angles

2680
01:49:56,470 --> 01:49:53,360
you know octagony this is a fun little

2681
01:49:58,629 --> 01:49:56,480
story it won't take me more than oh

2682
01:50:00,149 --> 01:49:58,639
yeah we have about four minutes above

2683
01:50:02,790 --> 01:50:00,159
octane's eight

2684
01:50:05,510 --> 01:50:02,800
okay gunny how do you spell knee you you

2685
01:50:07,109 --> 01:50:05,520
know the knee on your leg spell a-n-e-e

2686
01:50:18,709 --> 01:50:07,119
okay do you ever wonder why there's a k

2687
01:50:23,189 --> 01:50:21,270
means knee in greek

2688
01:50:25,750 --> 01:50:23,199

oh my god a knee

2689

01:50:27,350 --> 01:50:25,760

uh describes an angle

2690

01:50:29,270 --> 01:50:27,360

uh usually a right angle if you're

2691

01:50:32,070 --> 01:50:29,280

sitting down

2692

01:50:34,070 --> 01:50:32,080

so you so i'll you see how this works

2693

01:50:36,470 --> 01:50:34,080

that's lovely

2694

01:50:39,189 --> 01:50:36,480

oh that's a wonderful oh thank you thank

2695

01:50:41,350 --> 01:50:39,199

you both okay buff we have a few minutes

2696

01:50:44,149 --> 01:50:41,360

left and i just want you to just refresh

2697

01:50:46,709 --> 01:50:44,159

everyone and give them a little bit uh

2698

01:50:47,910 --> 01:50:46,719

insight on this youtube page truth in

2699

01:50:50,070 --> 01:50:47,920

the buff

2700

01:50:52,149 --> 01:50:50,080

and all the current things that you're

2701

01:50:53,430 --> 01:50:52,159

going to be doing so for the next few

2702

01:50:56,310 --> 01:50:53,440

minutes maybe you can discuss a little

2703

01:51:00,070 --> 01:50:56,320

bit of that okay we have we've posted

2704

01:51:02,229 --> 01:51:00,080

episode one and two uh on on uh on truth

2705

01:51:04,870 --> 01:51:02,239

in the buff channel on youtube

2706

01:51:09,430 --> 01:51:04,880

and and this deals almost exclusively

2707

01:51:12,390 --> 01:51:09,440

with with uh oak island but also the the

2708

01:51:14,310 --> 01:51:12,400

the associated subjects like like the

2709

01:51:17,589 --> 01:51:14,320

writing forms that are associ that have

2710

01:51:19,669 --> 01:51:17,599

been found in in in relationship to the

2711

01:51:21,990 --> 01:51:19,679

money pit in oak island the cree

2712

01:51:25,270 --> 01:51:22,000

syllabary for example so so we have an

2713

01:51:27,990 --> 01:51:25,280

expert on that um who who has proven

2714

01:51:30,229 --> 01:51:28,000

he's and he's a doctor and a remarkable

2715

01:51:31,830 --> 01:51:30,239

person from the united church

2716

01:51:33,109 --> 01:51:31,840

which is the church that is supposed to

2717

01:51:36,070 --> 01:51:33,119

have produced the missionary that

2718

01:51:38,149 --> 01:51:36,080

invented the the syllabary system

2719

01:51:40,070 --> 01:51:38,159

which is such nonsense and here we have

2720

01:51:41,830 --> 01:51:40,080

someone coming right out of that saying

2721

01:51:43,669 --> 01:51:41,840

that's that is all a bunch of nonsense

2722

01:51:45,189 --> 01:51:43,679

so that that's it that's in part two

2723

01:51:48,629 --> 01:51:45,199

it's not all of it it's

2724

01:51:50,149 --> 01:51:48,639

about a quarter of it maybe part two

2725

01:51:51,910 --> 01:51:50,159

uh part three is going to be the big

2726

01:51:54,070 --> 01:51:51,920

punch line that that i encourage

2727

01:51:56,709 --> 01:51:54,080

everybody to go to and and i encourage

2728

01:51:59,669 --> 01:51:56,719

everybody to to to keep up with the

2729

01:52:01,910 --> 01:51:59,679

youtube channel of ours by subscribing

2730

01:52:03,669 --> 01:52:01,920

as well there's that option

2731

01:52:05,430 --> 01:52:03,679

because there's going to be all kinds of

2732

01:52:06,709 --> 01:52:05,440

other uh

2733

01:52:09,830 --> 01:52:06,719

other

2734

01:52:12,070 --> 01:52:09,840

subjects dealt with including uh full

2735

01:52:14,870 --> 01:52:12,080

fleshing out of the octagon

2736

01:52:17,270 --> 01:52:14,880

going back to when the octagon you know

2737

01:52:19,830 --> 01:52:17,280

was transmitted from nature to human

2738

01:52:21,990 --> 01:52:19,840

culture and why that happened how that

2739

01:52:23,830 --> 01:52:22,000

happened who did it what is the oldest

2740

01:52:27,270 --> 01:52:23,840

evidence of all of this

2741

01:52:29,990 --> 01:52:27,280

um and the salamander story which is one

2742

01:52:31,910 --> 01:52:30,000

we didn't even touch on at all is a

2743

01:52:34,629 --> 01:52:31,920

remarkable uh

2744

01:52:37,109 --> 01:52:34,639

uh account in history the relationship

2745

01:52:39,589 --> 01:52:37,119

of that shape-shifting creature that

2746

01:52:41,669 --> 01:52:39,599

becomes uh you know identified with the

2747

01:52:44,229 --> 01:52:41,679

seraphim the order of angels called the

2748

01:52:47,030 --> 01:52:44,239

serpent because seraph meant salamander

2749

01:52:48,950 --> 01:52:47,040

in its first meeting in hebrew

2750

01:52:50,790 --> 01:52:48,960

and it's described as a salamander six

2751
01:52:52,629 --> 01:52:50,800
wings you know it has these six wings

2752
01:52:55,109 --> 01:52:52,639
that catch oxygen that grow out of the

2753
01:52:57,510 --> 01:52:55,119
back of its head in one of its four

2754
01:52:58,390 --> 01:52:57,520
cycles one of its shape-shifted cycles

2755
01:53:01,109 --> 01:52:58,400
if you will

2756
01:53:02,709 --> 01:53:01,119
i mean we can go on and on about that

2757
01:53:05,189 --> 01:53:02,719
well actually buff i was going to ask

2758
01:53:07,510 --> 01:53:05,199
you maybe you can come back on epic

2759
01:53:09,270 --> 01:53:07,520
voyages down the line you know when you

2760
01:53:12,149 --> 01:53:09,280
have free time because i know you have a

2761
01:53:13,750 --> 01:53:12,159
lot going on and also uh you're going

2762
01:53:15,430 --> 01:53:13,760
over this manuscript that you mentioned

2763
01:53:17,430 --> 01:53:15,440

earlier you know i think you're working

2764

01:53:19,990 --> 01:53:17,440

on some type of decipherment with a few

2765

01:53:22,709 --> 01:53:20,000

others and also i want to speak about

2766

01:53:24,629 --> 01:53:22,719

the uh the da vinci code that you were

2767

01:53:26,629 --> 01:53:24,639

involved with

2768

01:53:30,229 --> 01:53:26,639

we definitely need to speak okay

2769

01:53:32,790 --> 01:53:30,239

my party words are this i i was i was uh

2770

01:53:35,669 --> 01:53:32,800

recruited into a profiling group in in

2771

01:53:37,589 --> 01:53:35,679

america over a major crime that happened

2772

01:53:39,270 --> 01:53:37,599

and there was a homeland security

2773

01:53:42,629 --> 01:53:39,280

officer

2774

01:53:44,709 --> 01:53:42,639

fbi agents two two police chiefs out of

2775

01:53:46,950 --> 01:53:44,719

missouri that's all i'm gonna say about

2776

01:53:50,070 --> 01:53:46,960

that yes yes and a lot of other very

2777

01:53:52,149 --> 01:53:50,080

very special people um and and the the

2778

01:53:53,669 --> 01:53:52,159

homeland security guy had also claimed

2779

01:53:55,910 --> 01:53:53,679

that he broke the code of the buoyancy

2780

01:53:58,390 --> 01:53:55,920

manuscript and i'm telling you he didn't

2781

01:54:00,229 --> 01:53:58,400

he's proven not to have we're not on the

2782

01:54:02,790 --> 01:54:00,239

best of terms with each other but we are

2783

01:54:04,790 --> 01:54:02,800

still profiling okay ruff i'm sorry to

2784

01:54:07,350 --> 01:54:04,800

interject but we got to wrap i just want

2785

01:54:09,589 --> 01:54:07,360

to thank you so much for being on with

2786

01:54:12,629 --> 01:54:09,599

us tonight here on epic voyages it was

2787

01:54:14,629 --> 01:54:12,639

an absolute pleasure and it was amazing

2788

01:54:17,189 --> 01:54:14,639

speaking with you in the future well thank

2789

01:54:19,750 --> 01:54:17,199

you carol and bill and i look forward to

2790

01:54:21,430 --> 01:54:19,760

the return okay thank you buff have a

2791

01:54:22,870 --> 01:54:21,440

great night and i would just like to

2792

01:54:24,390 --> 01:54:22,880

thank all the listeners for tuning in

2793

01:54:25,510 --> 01:54:24,400

tonight and make sure to listen to epic

2794

01:54:34,830 --> 01:54:25,520

voyages

2795

01:54:39,669 --> 01:54:37,669

east thank you for being with us tonight

2796

01:54:41,109 --> 01:54:39,679

please join us again next monday evening

2797

01:54:44,550 --> 01:54:41,119

for extraordinary phenomena

2798

01:54:49,990 --> 01:54:44,560

investigations councils epic voyages i'm

2799

01:54:55,270 --> 01:54:52,629

too much to learn
