24

00:01:54,090 --> 00:01:49,330

anyone who would like to find me I think

25

00:01:56,850 --> 00:01:54,100

I'm like Renee re any dot Barnett in the

26

00:01:58,620 --> 00:01:56,860

numeral the number one because there's

27

00:02:02,550 --> 00:01:58,630

two of us Renae Barnett's on there who

28

00:02:04,410 --> 00:02:02,560

spell our names exactly the same way but

29

00:02:06,990 --> 00:02:04,420

go over there and send me a friend

30

00:02:10,889 --> 00:02:07,000

request and I put a lot of articles on

31

00:02:13,700 --> 00:02:10,899

my page I also talk about the show any

32

00:02:18,120 --> 00:02:13,710

other events that i might be involved in

33

00:02:19,740 --> 00:02:18,130

and you can communicate with me and i'd

34

00:02:23,490 --> 00:02:19,750

love it if either on the night vision

35

00:02:25,949 --> 00:02:23,500

page or on my own personal page send me

36

00:02:28,890 --> 00:02:25,959

ideas about what you'd like to see what

37

00:02:31,590 --> 00:02:28,900

subjects are here rather this is not

38

00:02:33,330 --> 00:02:31,600

television Renee this is ready to go so

39

00:02:35,760 --> 00:02:33,340

what you'd like to hear about whatever

40

00:02:37,949 --> 00:02:35,770

subject matter or if you have a

41

00:02:40,890 --> 00:02:37,959

recommendation for a guest it happens

42

00:02:42,660 --> 00:02:40,900

all the time and so many times I'm so

43

00:02:44,940 --> 00:02:42,670

grateful for some of the wonderful

44

00:02:46,110 --> 00:02:44,950

guests that have been suggested or that

45

00:02:49,440 --> 00:02:46,120

I've been connected with through

46

00:02:53,070 --> 00:02:49,450

listeners so I consider this a joint

47

00:02:56,130 --> 00:02:53,080

venture so I hope that you'll hit me up

48

00:02:57,870 --> 00:02:56,140

on Facebook one way or the other on the

49

00:03:00,840 --> 00:02:57,880

night vision radio page or on my

50

00:03:02,550 --> 00:03:00,850

personal page or both and you can keep

51  
00:03:04,380 --> 00:03:02,560  
track of what's going on with night

52  
00:03:06,180 --> 00:03:04,390  
vision and what other things I might be

53  
00:03:10,590 --> 00:03:06,190  
doing there and we can talk they'd be

54  
00:03:15,030 --> 00:03:10,600  
great also I wanted to let you know for

55  
00:03:17,610 --> 00:03:15,040  
all you holy grail seekers and history

56  
00:03:19,259 --> 00:03:17,620  
especially hidden history buffs you know

57  
00:03:23,120 --> 00:03:19,269  
people who are interested in the Knights

58  
00:03:25,680 --> 00:03:23,130  
Templar and in the bloodline mysteries I

59  
00:03:26,720 --> 00:03:25,690  
apparently am going to be taking a trip

60  
00:03:29,270 --> 00:03:26,730  
in may

61  
00:03:31,490 --> 00:03:29,280  
back to the longer dock area of

62  
00:03:34,930 --> 00:03:31,500  
southwest France and I'm going to be

63  
00:03:38,930 --> 00:03:34,940

taking a small a relatively small group

64

00:03:41,330 --> 00:03:38,940

so anybody that's interested in coming

65

00:03:44,000 --> 00:03:41,340

along with me this year I'm going to

66

00:03:47,900 --> 00:03:44,010

have some great great speakers and

67

00:03:51,589 --> 00:03:47,910

guests so please let me know on facebook

68

00:03:54,140 --> 00:03:51,599

or send me an email or get if you can't

69

00:03:56,240 --> 00:03:54,150

find me I know that inception radio can

70

00:03:59,059 --> 00:03:56,250

find me so just let me know and i'll be

71

00:04:01,250 --> 00:03:59,069

happy to speak with you or to send you

72

00:04:02,809 --> 00:04:01,260

information on the trip it's going to be

73

00:04:04,849 --> 00:04:02,819

really exciting and of course will be

74

00:04:08,360 --> 00:04:04,859

with Henry Lincoln the grand master of

75

00:04:10,130 --> 00:04:08,370

the entire Da Vinci Code mystery and so

76  
00:04:12,920 --> 00:04:10,140  
much more there and he's made some new

77  
00:04:16,969 --> 00:04:12,930  
discoveries in the region recently that

78  
00:04:19,849 --> 00:04:16,979  
he will talk to us about along with of

79  
00:04:23,120 --> 00:04:19,859  
course Holy Blood Holy Grail of which he

80  
00:04:26,300 --> 00:04:23,130  
was one of the authors and in the last

81  
00:04:28,719 --> 00:04:26,310  
surviving author and which was the book

82  
00:04:32,839 --> 00:04:28,729  
that sort of kicked off that whole whole

83  
00:04:37,730 --> 00:04:32,849  
deluge of documentaries books articles

84  
00:04:39,589 --> 00:04:37,740  
on this mystery that became known as The

85  
00:04:42,020 --> 00:04:39,599  
Da Vinci Code mystery but it wasn't

86  
00:04:43,339 --> 00:04:42,030  
always known that way Henry was the one

87  
00:04:45,710 --> 00:04:43,349  
to kick it all off and of course he'll

88  
00:04:48,170 --> 00:04:45,720

be with us and I spoke earlier with Tim

89

00:04:53,510 --> 00:04:48,180

Wallace Murphy who's a best-selling

90

00:04:56,390 --> 00:04:53,520

author and a very conversant in history

91

00:04:58,969 --> 00:04:56,400

of the region particularly regarding the

92

00:05:01,659 --> 00:04:58,979

Knights Templar but we're also going to

93

00:05:04,190 --> 00:05:01,669

have some experiential stuff because the

94

00:05:05,960 --> 00:05:04,200

the energy in that region is just

95

00:05:08,390 --> 00:05:05,970

absolutely unbelievable I know you've

96

00:05:10,159 --> 00:05:08,400

heard me talk about it you've heard me

97

00:05:11,270 --> 00:05:10,169

talk about with Gloria Amendola who I

98

00:05:14,779 --> 00:05:11,280

believe is going to be there with us

99

00:05:17,960 --> 00:05:14,789

whole also about the waters there that

100

00:05:19,490 --> 00:05:17,970

are very special about the telluric

101

00:05:22,010 --> 00:05:19,500

currents in the earth there that are

102

00:05:25,600 --> 00:05:22,020

really really strong in that area has

103

00:05:29,990 --> 00:05:25,610

been a magnet for different groups from

104

00:05:33,230 --> 00:05:30,000

ancient druids to sufis to all kinds of

105

00:05:35,570 --> 00:05:33,240

people there's legends of Isis temples

106

00:05:40,340 --> 00:05:35,580

being in the regions and on the same

107

00:05:43,520 --> 00:05:40,350

locations that are now medieval churches

108

00:05:45,140 --> 00:05:43,530

so lots to see lots to do let me know if

109

00:05:47,900 --> 00:05:45,150

you're interested and i'll be happy to

110

00:05:51,500 --> 00:05:47,910

fill you in and love to have you there

111

00:05:53,720 --> 00:05:51,510

with us now without any further delay

112

00:05:58,300 --> 00:05:53,730

i'd like to introduce my guest tonight

113

00:06:01,640 --> 00:05:58,310

he's one of the originals he is a UFO

114

00:06:04,370 --> 00:06:01,650

researcher extraordinaire he was going

115

00:06:07,280 --> 00:06:04,380

back in the 50s on this thing and so

116

00:06:09,680 --> 00:06:07,290

he's got a lot to say not only about

117

00:06:12,170 --> 00:06:09,690

historically and what was going on back

118

00:06:16,300 --> 00:06:12,180

then with people like major Donald Kehoe

119

00:06:20,000 --> 00:06:16,310

and with President Eisenhower but also

120

00:06:24,350 --> 00:06:20,010

he's got evidence hard physical evidence

121

00:06:28,490 --> 00:06:24,360

of a crash a UFO crash in New Mexico and

122

00:06:31,130 --> 00:06:28,500

no i am not talking about Roswell so let

123

00:06:33,650 --> 00:06:31,140

me introduce to you tonight art Campbell

124

00:06:36,470 --> 00:06:33,660

art thank you for being here with me

125

00:06:38,810 --> 00:06:36,480

tonight buddy will do great I'm so happy

126  
00:06:40,550 --> 00:06:38,820  
that you could get you could join me and

127  
00:06:43,520 --> 00:06:40,560  
thank you so much for the package that

128  
00:06:45,170 --> 00:06:43,530  
you sent to me I did just receive it and

129  
00:06:47,330 --> 00:06:45,180  
I haven't had a chance to go all through

130  
00:06:49,550 --> 00:06:47,340  
it but I have gone through some of it

131  
00:06:52,310 --> 00:06:49,560  
and I tell you my head is spinning it's

132  
00:06:55,940 --> 00:06:52,320  
it's amazing not only your new evidence

133  
00:06:57,980 --> 00:06:55,950  
but I was really finding exciting oh the

134  
00:07:00,290 --> 00:06:57,990  
document that you sent and you sent me a

135  
00:07:04,490 --> 00:07:00,300  
post it on the top that you said Renee

136  
00:07:07,220 --> 00:07:04,500  
this was the state of UFOs in the 1950s

137  
00:07:09,970 --> 00:07:07,230  
and then there were some quotes from

138  
00:07:13,430 --> 00:07:09,980

some pretty major figures at that time

139

00:07:15,530 --> 00:07:13,440

it was very she would go to a lot of

140

00:07:17,660 --> 00:07:15,540

people around him in the early dating

141

00:07:22,760 --> 00:07:17,670

that he started his nijkamp group in 57

142

00:07:26,060 --> 00:07:22,770

I came on board at 58 59 and had war the

143

00:07:27,350 --> 00:07:26,070

first midwest nigh kappa groups we were

144

00:07:31,580 --> 00:07:27,360

in kansas city and i was a college

145

00:07:34,010 --> 00:07:31,590

student at the time and now nightcap

146

00:07:35,990 --> 00:07:34,020

stands for I know something I know the

147

00:07:39,220 --> 00:07:36,000

last two words or aerial phenomenon is

148

00:07:42,650 --> 00:07:39,230

it that right let's start beginning

149

00:07:45,860 --> 00:07:42,660

natural investigations Committee on

150

00:07:48,380 --> 00:07:45,870

aerial phenomena that's it yep and I

151  
00:07:51,590 --> 00:07:48,390  
remember hearing about that years ago

152  
00:07:54,470 --> 00:07:51,600  
and of course when I was working a UFO

153  
00:07:58,740 --> 00:07:54,480  
magazine a number of years back

154  
00:08:01,410 --> 00:07:58,750  
we ran some articles about some of the

155  
00:08:03,060 --> 00:08:01,420  
figures from the past and UFO research

156  
00:08:07,980 --> 00:08:03,070  
like major Donald Kehoe he was one of

157  
00:08:11,910 --> 00:08:07,990  
the most respected people at that time

158  
00:08:13,710 --> 00:08:11,920  
in this area of research but it all it

159  
00:08:16,110 --> 00:08:13,720  
looks like he was able to gather around

160  
00:08:18,570 --> 00:08:16,120  
some people that had some pretty high

161  
00:08:22,050 --> 00:08:18,580  
credentials that were willing to come

162  
00:08:25,230 --> 00:08:22,060  
out and say yes UFOs are real I mean

163  
00:08:27,900 --> 00:08:25,240

people like clare boothe luce who was

164

00:08:32,850 --> 00:08:27,910

the ambassador to Italy Carl Jung the

165

00:08:36,089 --> 00:08:32,860

famous psychiatrist gosh has so many a

166

00:08:39,150 --> 00:08:36,099

different people it in the military and

167

00:08:42,120 --> 00:08:39,160

others i was like Barry Goldwater

168

00:08:44,730 --> 00:08:42,130

senator barry goldwater at that time so

169

00:08:47,100 --> 00:08:44,740

it was they were actually saying you

170

00:08:49,850 --> 00:08:47,110

know yeah the real now you'd be

171

00:08:52,410 --> 00:08:49,860

hard-pressed to find a lot of people in

172

00:08:56,640 --> 00:08:52,420

Washington especially right now that

173

00:08:59,000 --> 00:08:56,650

would stand up and say that well you

174

00:09:01,830 --> 00:08:59,010

know we have a much more polarized

175

00:09:05,190 --> 00:09:01,840

political parties and government data we

176

00:09:06,900 --> 00:09:05,200

did then and I think I back at

177

00:09:10,980 --> 00:09:06,910

Eisenhower administration they seem to

178

00:09:12,690 --> 00:09:10,990

be the last real one we had that was and

179

00:09:16,800 --> 00:09:12,700

the Congress that worked with him and

180

00:09:19,620 --> 00:09:16,810

said it to to get things done that

181

00:09:22,440 --> 00:09:19,630

seemed to be the way to go in those days

182

00:09:24,540 --> 00:09:22,450

work together and get things done I

183

00:09:27,780 --> 00:09:24,550

don't think that's quite sharing through

184

00:09:31,170 --> 00:09:27,790

to today oh absolutely not a you know

185

00:09:34,320 --> 00:09:31,180

and I can see how that would add to the

186

00:09:37,170 --> 00:09:34,330

you know inability of us to get the

187

00:09:38,640 --> 00:09:37,180

information out and released and for the

188

00:09:41,400 --> 00:09:38,650

unwillingness of people to come forward

189

00:09:43,140 --> 00:09:41,410

and they're worried about their image or

190

00:09:46,530 --> 00:09:43,150

what people are going to say bait you're

191

00:09:49,770 --> 00:09:46,540

right i think back in those days there

192

00:09:52,830 --> 00:09:49,780

was more of a camaraderie or you know

193

00:09:56,910 --> 00:09:52,840

more of a spirit of america that was

194

00:09:59,010 --> 00:09:56,920

sort of cohesive rather than you know

195

00:10:02,430 --> 00:09:59,020

one party against another party like

196

00:10:05,310 --> 00:10:02,440

like it seems to be today we have the

197

00:10:06,840 --> 00:10:05,320

conferences in those days that they have

198

00:10:08,850 --> 00:10:06,850

today

199

00:10:11,069 --> 00:10:08,860

I recall one the first one was at at

200

00:10:19,290 --> 00:10:11,079

ambassador hotel Anna in Los Angeles

201  
00:10:22,590 --> 00:10:19,300  
Valley area about 1950 554 somewhere

202  
00:10:24,120 --> 00:10:22,600  
there mmm and the Georgia di she had

203  
00:10:26,220 --> 00:10:24,130  
some of the other people with contactees

204  
00:10:29,309 --> 00:10:26,230  
were there yeah there was an other one

205  
00:10:32,370 --> 00:10:29,319  
of George Van Tassel he had a little

206  
00:10:34,470 --> 00:10:32,380  
Airport and a snack bar out the middle

207  
00:10:37,650 --> 00:10:34,480  
of a desert whether the huge rock and it

208  
00:10:40,650 --> 00:10:37,660  
was named giant rock and any bill t

209  
00:10:45,110 --> 00:10:40,660  
integratron out there yeah he did he did

210  
00:10:51,540 --> 00:10:47,460  
yeah I think there was something about

211  
00:10:55,439 --> 00:10:51,550  
it that's supposed to spin around it has

212  
00:10:57,329 --> 00:10:55,449  
this lip or some you know sort of around

213  
00:11:02,990 --> 00:10:57,339

the building it's supposed to spin

214

00:11:05,910 --> 00:11:03,000

around and then the idea was to reverse

215

00:11:08,370 --> 00:11:05,920

cell aging I think that was supposed to

216

00:11:11,970 --> 00:11:08,380

be the idea and cure disease and things

217

00:11:13,920 --> 00:11:11,980

like that but he's first subject tonight

218

00:11:17,730 --> 00:11:13,930

I'd like to have some of my agent

219

00:11:20,850 --> 00:11:17,740

reverse well wouldn't that be great if

220

00:11:24,059 --> 00:11:20,860

that could if that were true but now

221

00:11:26,009 --> 00:11:24,069

there was a story that i was reading

222

00:11:28,889 --> 00:11:26,019

among your material and you and I

223

00:11:33,600 --> 00:11:28,899

touched on the other day about President

224

00:11:37,170 --> 00:11:33,610

Eisenhower going to a meeting it had to

225

00:11:39,150 --> 00:11:37,180

do with extraterrestrials and they made

226

00:11:44,610 --> 00:11:39,160

it appear like he was going to do

227

00:11:46,170 --> 00:11:44,620

something else but he throw up and if i

228

00:11:48,689 --> 00:11:46,180

could mention my website we can talk

229

00:11:50,129 --> 00:11:48,699

about that at are you sure what we're

230

00:11:55,379 --> 00:11:50,139

talking about me i mentioned the website

231

00:11:59,850 --> 00:11:55,389

sure that's UFO crash calm right WWF

232

00:12:03,509 --> 00:11:59,860

oakridge book one word dot-com and the

233

00:12:07,309 --> 00:12:03,519

we have us at us eight page an

234

00:12:10,470 --> 00:12:07,319

eight-part series on the Eisenhower a

235

00:12:13,610 --> 00:12:10,480

Holland story that we came to us about

236

00:12:17,819 --> 00:12:13,620

two thousand six and we wrote this the

237

00:12:19,440 --> 00:12:17,829

entire thing up 45 or styles and i

238

00:12:21,150 --> 00:12:19,450

believe was

239

00:12:26,100 --> 00:12:21,160

every week for about six or seven weeks

240

00:12:29,070 --> 00:12:26,110

in 2007 though the tire thing is there

241

00:12:30,960 --> 00:12:29,080

for the readers to read about how

242

00:12:34,250 --> 00:12:30,970

Eisenhower was supposed to go hunting

243

00:12:38,070 --> 00:12:34,260

and came down with the sniffles

244

00:12:39,720 --> 00:12:38,080

according to his press secretary and a

245

00:12:43,770 --> 00:12:39,730

three hour later he shows up at holloman

246

00:12:46,800 --> 00:12:43,780

air force base in his big plane and

247

00:12:48,600 --> 00:12:46,810

there were 30 press people cooling their

248

00:12:51,780 --> 00:12:48,610

heels mostly at the bar in astrato

249

00:12:53,760 --> 00:12:51,790

billeted in Thomasville Georgia thinking

250

00:12:57,780 --> 00:12:53,770

he was out there plenty scrabble with

251  
00:12:59,190 --> 00:12:57,790  
Amy and he will since at all he's got on

252  
00:13:00,660 --> 00:12:59,200  
that plane as they sucked off the side

253  
00:13:02,850 --> 00:13:00,670  
gate of that plantation that they had a

254  
00:13:06,540 --> 00:13:02,860  
lot of gates the press were loud on

255  
00:13:07,860 --> 00:13:06,550  
there and so we're pretty sure he won't

256  
00:13:10,460 --> 00:13:07,870  
dispense the Air Force Base where he'd

257  
00:13:13,440 --> 00:13:10,470  
come in 30 miles north of Thomasville

258  
00:13:16,830 --> 00:13:13,450  
snuck out what Holland was there for day

259  
00:13:19,230 --> 00:13:16,840  
and he back and everybody said he looked

260  
00:13:22,740 --> 00:13:19,240  
well-rested and when they saw him with a

261  
00:13:25,400 --> 00:13:22,750  
lot of 24 hours later now what we're

262  
00:13:28,110 --> 00:13:25,410  
we're was there what state is that in

263  
00:13:31,230 --> 00:13:28,120

Thomasville Georgia it's of southern

264

00:13:33,540 --> 00:13:31,240

Georgia in the Special Air Force Base is

265

00:13:35,610 --> 00:13:33,550

a base that used to train pilots during

266

00:13:38,160 --> 00:13:35,620

World War Two and they left it open

267

00:13:41,070 --> 00:13:38,170

because I fear it would go down there

268

00:13:43,740 --> 00:13:41,080

bertani and the Secretary of a treasurer

269

00:13:45,240 --> 00:13:43,750

named Humphrey those days had a

270

00:13:48,210 --> 00:13:45,250

plantation where he could go if you have

271

00:13:52,140 --> 00:13:48,220

privacy total privacy so that was a good

272

00:13:55,500 --> 00:13:52,150

plus for president and there's a whole

273

00:14:00,570 --> 00:13:55,510

plane load of the press went with him

274

00:14:03,870 --> 00:14:00,580

and we were in a crucial points in of

275

00:14:07,110 --> 00:14:03,880

the Red Chinese were showing a coup boy

276

00:14:10,260 --> 00:14:07,120

and Matsu some of your older a-listers

277

00:14:12,780 --> 00:14:10,270

will remember this and Eisenhower John

278

00:14:15,030 --> 00:14:12,790

Foster Dulles said that if they started

279

00:14:17,400 --> 00:14:15,040

any invasion they would be a nuclear

280

00:14:18,990 --> 00:14:17,410

weapon to use against them now I don't

281

00:14:21,390 --> 00:14:19,000

mean I don't think they'd been an h-bomb

282

00:14:23,160 --> 00:14:21,400

on Beijing but it would be possibly

283

00:14:29,940 --> 00:14:23,170

artillery shell they developed by that

284

00:14:32,840 --> 00:14:29,950

time and other things and so also as we

285

00:14:37,890 --> 00:14:32,850

know today at Taiwan remains free

286

00:14:41,250 --> 00:14:37,900

well now when he went made this side

287

00:14:45,150 --> 00:14:41,260

trip what was it that he was what was it

288

00:14:46,560 --> 00:14:45,160

that people think that he was doing they

289

00:14:49,740 --> 00:14:46,570

thought he was a charge of hunting

290

00:14:52,440 --> 00:14:49,750

hunting birds insulin William ups to the

291

00:14:54,750 --> 00:14:52,450

press on the 9th of february and the

292

00:14:58,050 --> 00:14:54,760

whole story is there for your listeners

293

00:15:01,020 --> 00:14:58,060

if they want to read it was a comment in

294

00:15:04,260 --> 00:15:01,030

what would the what did he really do he

295

00:15:05,940 --> 00:15:04,270

went did he actually did he look at some

296

00:15:08,250 --> 00:15:05,950

guy who would let the base hospital she

297

00:15:10,620 --> 00:15:08,260

did rough you know know know who go

298

00:15:14,160 --> 00:15:10,630

ahead said he saw Eisenhower's plane

299

00:15:16,800 --> 00:15:14,170

landing Holloman Air Force Base about 4

300

00:15:18,210 --> 00:15:16,810

30 or five o'clock one evening we'd

301  
00:15:21,240 --> 00:15:18,220  
never found about the 20 secular

302  
00:15:24,180 --> 00:15:21,250  
februari and that's trough for

303  
00:15:25,740 --> 00:15:24,190  
february's therefore and we then found

304  
00:15:28,920 --> 00:15:25,750  
out that he has spoken in several places

305  
00:15:32,670 --> 00:15:28,930  
on the base and they had advertised he

306  
00:15:34,080 --> 00:15:32,680  
was coming and a roll the red carpet out

307  
00:15:35,550 --> 00:15:34,090  
but had a little sketchy don't what some

308  
00:15:39,210 --> 00:15:35,560  
of the guys holes are going to whatever

309  
00:15:40,470 --> 00:15:39,220  
and they cancel that and so everyone

310  
00:15:42,540 --> 00:15:40,480  
knew he was coming so when the whole

311  
00:15:43,920 --> 00:15:42,550  
base was a buzz it about 10,000

312  
00:15:47,820 --> 00:15:43,930  
civilians work at the home in those days

313  
00:15:50,640 --> 00:15:47,830

and about 4,500 death and military

314

00:15:52,530 --> 00:15:50,650

people and there's a lot of shops that

315

00:15:55,770 --> 00:15:52,540

repair facility stuff there at all but

316

00:15:58,170 --> 00:15:55,780

it was a big where the volatile work was

317

00:16:00,780 --> 00:15:58,180

on airplanes in the southwest and I

318

00:16:02,310 --> 00:16:00,790

stasis in Harlem they had big shops here

319

00:16:04,200 --> 00:16:02,320

to work on it and people do what they

320

00:16:06,690 --> 00:16:04,210

were doing and they knew he was coming

321

00:16:09,660 --> 00:16:06,700

so I he's playing a point circle though

322

00:16:11,700 --> 00:16:09,670

the runway if I saw it then he went to

323

00:16:15,800 --> 00:16:11,710

landed on the one runway it opened one

324

00:16:17,580 --> 00:16:15,810

big runway at Holloman and stayed on the

325

00:16:20,040 --> 00:16:17,590

runway and didn't come back to the

326

00:16:20,910 --> 00:16:20,050

hangar well the word of group people

327

00:16:22,650 --> 00:16:20,920

there waiting for him with their

328

00:16:26,610 --> 00:16:22,660

people's dear people peering out all the

329

00:16:31,050 --> 00:16:26,620

windows and this friend of mine who was

330

00:16:34,110 --> 00:16:31,060

a medic at harvin was told by his super

331

00:16:35,580 --> 00:16:34,120

supervisor that there was a UFO hanging

332

00:16:38,070 --> 00:16:35,590

over one of the hangars and though they

333

00:16:41,220 --> 00:16:38,080

didn't know what UFO was and they call

334

00:16:42,600 --> 00:16:41,230

it a disk and he had to ask about what

335

00:16:44,360 --> 00:16:42,610

kind of dish you mean like this is at

336

00:16:46,249 --> 00:16:44,370

high school it was about 25 feet across

337

00:16:48,559 --> 00:16:46,259

it's just that no one hand

338

00:16:50,840 --> 00:16:48,569

gentlemen well did he ask his permission

339

00:16:52,939 --> 00:16:50,850

to go out and see it and they've been

340

00:16:55,460 --> 00:16:52,949

told of okie Eisenhower's activities

341

00:16:58,519 --> 00:16:55,470

that of what he came and not to talk or

342

00:16:59,539 --> 00:16:58,529

do anything so he he was a diet

343

00:17:03,349 --> 00:16:59,549

permission to go out of the hospital

344

00:17:06,949 --> 00:17:03,359

area that could take a look at this UFO

345

00:17:10,909 --> 00:17:06,959

and so we live several sides of the

346

00:17:15,189 --> 00:17:10,919

story and then we found some officers

347

00:17:19,279 --> 00:17:15,199

talking at coffee coffee shops that the

348

00:17:21,139 --> 00:17:19,289

Eisenhower landed and a silver dish were

349

00:17:24,259 --> 00:17:21,149

landed somewhere in the front of his

350

00:17:26,419 --> 00:17:24,269

pointed and another guy said well when

351

00:17:27,710 --> 00:17:26,429

we understood he was he walked out he

352

00:17:29,960 --> 00:17:27,720

said what would cook tough but distance

353

00:17:34,430 --> 00:17:29,970

it was either well sure was his walk and

354

00:17:36,649 --> 00:17:34,440

of course in every war had so I a first

355

00:17:38,360 --> 00:17:36,659

year with ice tower and they said that

356

00:17:43,610 --> 00:17:38,370

he had gone aboard for about 40 minutes

357

00:17:46,039 --> 00:17:43,620

and and then this is they'll maybe 200

358

00:17:49,009 --> 00:17:46,049

feet from that from Air Force One a bus

359

00:17:52,369 --> 00:17:49,019

it come out pick up all the crew there

360

00:17:54,500 --> 00:17:52,379

about eight of them and we don't know

361

00:17:57,500 --> 00:17:54,510

how true that is we don't like was there

362

00:17:59,509 --> 00:17:57,510

we saw his plane we know we spoke he did

363

00:18:02,299 --> 00:17:59,519

not speak about the flying saucers

364

00:18:03,440 --> 00:18:02,309

though he kind of said to people several

365

00:18:05,149 --> 00:18:03,450

groups of people keep up the good work

366

00:18:07,310 --> 00:18:05,159

we know you're doing great great things

367

00:18:10,310 --> 00:18:07,320

out here so with others and he was kind

368

00:18:12,409 --> 00:18:10,320

of stalling I think so feel evening to

369

00:18:15,440 --> 00:18:12,419

it you know the times over putting back

370

00:18:18,430 --> 00:18:15,450

Bellator hidden though and in East Coast

371

00:18:21,139 --> 00:18:18,440

and so when he came in about them Oh

372

00:18:23,659 --> 00:18:21,149

1130 12 o'clock just at the big party

373

00:18:26,000 --> 00:18:23,669

was that it was a was coming to an end

374

00:18:29,509 --> 00:18:26,010

that numbers he put on for all the press

375

00:18:32,570 --> 00:18:29,519

and you made a kick out of this they had

376

00:18:35,629 --> 00:18:32,580

invited a few ladies in town who had

377

00:18:37,490 --> 00:18:35,639

been divorced it wasn't long to the

378

00:18:40,669 --> 00:18:37,500

country club where they were holding

379

00:18:44,779 --> 00:18:40,679

this of this this party for the press

380

00:18:47,259 --> 00:18:44,789

and so everybody ever divorcee a town in

381

00:18:50,509 --> 00:18:47,269

a strapless gown showed up at that BTW

382

00:18:54,460 --> 00:18:50,519

and it was free alcohol so i think the

383

00:18:57,590 --> 00:18:54,470

press well distracted that evening they

384

00:18:59,890 --> 00:18:57,600

came back in about a half day later he's

385

00:19:04,590 --> 00:18:59,900

about the press conference

386

00:19:08,980 --> 00:19:04,600

I feel better now now was this in any

387

00:19:13,120 --> 00:19:08,990

did was Philip Corso Colonel Philip

388

00:19:15,460 --> 00:19:13,130

Corso aware of of that Eisenhower visit

389

00:19:18,100 --> 00:19:15,470

I was trying to remember in the book

390

00:19:19,630 --> 00:19:18,110

that I read years ago or so I was the

391

00:19:23,410 --> 00:19:19,640

only one to research this edition in

392

00:19:28,030 --> 00:19:23,420

addition to the gentleman that that was

393

00:19:30,580 --> 00:19:28,040

it was the medic there and nearly I

394

00:19:33,010 --> 00:19:30,590

Barry was the primary researcher on it

395

00:19:39,810 --> 00:19:33,020

and we talked about it at ages burg at

396

00:19:43,870 --> 00:19:39,820

the the offers they had their in 2009

397

00:19:48,100 --> 00:19:43,880

and the listeners can get it on the

398

00:19:51,460 --> 00:19:48,110

online the talk and and the witnesses we

399

00:19:55,780 --> 00:19:51,470

dug up and just uh just google

400

00:19:59,260 --> 00:19:55,790

eisenhower campbell comes up well it's

401  
00:20:03,520 --> 00:19:59,270  
out there and that was fast a story and

402  
00:20:07,410 --> 00:20:03,530  
they were really yes some some real good

403  
00:20:11,500 --> 00:20:07,420  
boost about five six years ago when this

404  
00:20:13,450 --> 00:20:11,510  
X legislature came out to Hampshire and

405  
00:20:16,210 --> 00:20:13,460  
said that he'd read a document where

406  
00:20:22,030 --> 00:20:16,220  
Eisenhower had met with several groups

407  
00:20:23,500 --> 00:20:22,040  
of aliens in the 50s we think it's

408  
00:20:26,050 --> 00:20:23,510  
possible that one of those groups was

409  
00:20:28,750 --> 00:20:26,060  
without involving that day right it

410  
00:20:31,000 --> 00:20:28,760  
could have been that same incident did

411  
00:20:36,190 --> 00:20:31,010  
was there any further information from

412  
00:20:38,800 --> 00:20:36,200  
that source no I he got transferred six

413  
00:20:45,580 --> 00:20:38,810

months later to a air-sea rescue unit

414

00:20:50,350 --> 00:20:45,590

did used to Japan I thank you leaning

415

00:20:51,970 --> 00:20:50,360

into the North organism yeah and so he

416

00:20:54,600 --> 00:20:51,980

talked with you people who were two at

417

00:20:57,160 --> 00:20:54,610

the scene Eisenhower to her and speak

418

00:21:00,580 --> 00:20:57,170

but they wouldn't talk about what I was

419

00:21:03,010 --> 00:21:00,590

saying I'm sure it wasn't about the

420

00:21:05,040 --> 00:21:03,020

flying saucer other things a lot of

421

00:21:09,010 --> 00:21:05,050

secret take the Parliament still so are

422

00:21:10,780 --> 00:21:09,020

yeah but he's gone and I don't know but

423

00:21:12,860 --> 00:21:10,790

he's still with us nice time I heard he

424

00:21:14,810 --> 00:21:12,870

was taking chemotherapy but

425

00:21:20,240 --> 00:21:14,820

of it was a good man named Bill Kirkman

426

00:21:22,760 --> 00:21:20,250

and he he he said something you said up

427

00:21:25,580 --> 00:21:22,770

listen he's a wasabi I explained coming

428

00:21:31,010 --> 00:21:25,590

over the barracks and it was only one

429

00:21:33,020 --> 00:21:31,020

plane office so in those days now did

430

00:21:36,530 --> 00:21:33,030

anyone ever come out with any

431

00:21:40,120 --> 00:21:36,540

information on what that meeting might

432

00:21:45,830 --> 00:21:40,130

have been about or how it was conducted

433

00:21:48,049 --> 00:21:45,840

well the third hand Renee its third hand

434

00:21:49,760 --> 00:21:48,059

so it's pretty hard to guess what went

435

00:21:52,610 --> 00:21:49,770

on third hand you a third hand for that

436

00:21:55,430 --> 00:21:52,620

fit that this guy heard some officers

437

00:21:57,110 --> 00:21:55,440

talking that's first had it happen first

438

00:21:58,820 --> 00:21:57,120

first hand that somebody talked about it

439

00:22:02,299 --> 00:21:58,830

that he talked about the biz I think the

440

00:22:07,010 --> 00:22:02,309

third hand right so not many people knew

441

00:22:08,480 --> 00:22:07,020

that he went on the meeting and and we

442

00:22:11,000 --> 00:22:08,490

pulled that out we assume that he

443

00:22:13,880 --> 00:22:11,010

might've go on with our research and the

444

00:22:18,410 --> 00:22:13,890

your listeners can read the story wow

445

00:22:23,260 --> 00:22:18,420

that's that's amazing now back in those

446

00:22:26,600 --> 00:22:23,270

days in the in the 50s when you know the

447

00:22:29,840 --> 00:22:26,610

ufology I guess as we term it today was

448

00:22:32,810 --> 00:22:29,850

kind of a new new area because i think

449

00:22:37,940 --> 00:22:32,820

this sprang out of like the UFO flaps in

450

00:22:42,549 --> 00:22:37,950

the late 40s and in the 50s at the time

451  
00:22:45,740 --> 00:22:42,559  
that you were actually researching UFOs

452  
00:22:48,590 --> 00:22:45,750  
did you come upon any current cases or

453  
00:22:50,780 --> 00:22:48,600  
any evidence that what was happening

454  
00:22:54,320 --> 00:22:50,790  
right then and there that you were able

455  
00:22:57,919 --> 00:22:54,330  
to look into her uh I guess you know the

456  
00:23:02,299 --> 00:22:57,929  
one contact e 40 portrait for a keyhole

457  
00:23:06,140 --> 00:23:02,309  
and on the back of the book he ho makes

458  
00:23:08,540 --> 00:23:06,150  
a very nice comment of our work and and

459  
00:23:09,890 --> 00:23:08,550  
if you have to have it might be there

460  
00:23:13,160 --> 00:23:09,900  
i'm not going to a what it says that you

461  
00:23:14,960 --> 00:23:13,170  
easily hostess and at those days there

462  
00:23:16,880 --> 00:23:14,970  
was a big mix-up between contact these

463  
00:23:21,950 --> 00:23:16,890

and people who are scientifically

464

00:23:24,940 --> 00:23:21,960

serious and identity came to Georgia day

465

00:23:26,470 --> 00:23:24,950

as he came to kansas city and

466

00:23:29,010 --> 00:23:26,480

and had a meeting and then went to

467

00:23:31,720 --> 00:23:29,020

davenport iowa and came back by airplane

468

00:23:34,720 --> 00:23:31,730

and he told his secretary who was at the

469

00:23:37,240 --> 00:23:34,730

airport with the friends of his study

470

00:23:39,520 --> 00:23:37,250

club weekend city at the airport that

471

00:23:41,530 --> 00:23:39,530

she gets his tickets cash to end because

472

00:23:44,190 --> 00:23:41,540

he was taken to davenport the Flying

473

00:23:47,740 --> 00:23:44,200

Saucer a little train stopped he got off

474

00:23:49,420 --> 00:23:47,750

well I wrote dr. I got all the doctor

475

00:23:51,580 --> 00:23:49,430

major Keyhoe on the phone and I said

476  
00:23:54,280 --> 00:23:51,590  
would you like me to look into this is I

477  
00:23:56,470 --> 00:23:54,290  
sarah would and i said i want to send

478  
00:23:57,730 --> 00:23:56,480  
you a badge i said no go to swerve ENT

479  
00:24:00,070 --> 00:23:57,740  
Lorna was this a bad you'll get you

480  
00:24:02,290 --> 00:24:00,080  
never wear well it did we go think about

481  
00:24:04,120 --> 00:24:02,300  
three inches long and watch case back

482  
00:24:05,860 --> 00:24:04,130  
half investigator febrile court they may

483  
00:24:10,570 --> 00:24:05,870  
be said it back to him that was kind of

484  
00:24:12,790 --> 00:24:10,580  
painful we were able to get a five

485  
00:24:15,850 --> 00:24:12,800  
people or the railroad to make

486  
00:24:19,060 --> 00:24:15,860  
statements including a tower operator an

487  
00:24:21,430 --> 00:24:19,070  
engineer the conductor to Charak origins

488  
00:24:25,570 --> 00:24:21,440

that the plane Oh train only stopped for

489

00:24:28,630 --> 00:24:25,580

a couple seconds which was an FCC FAA

490

00:24:30,910 --> 00:24:28,640

rule that one cracked set of track was

491

00:24:32,970 --> 00:24:30,920

going perpendicular to another and any

492

00:24:36,930 --> 00:24:32,980

train coming to that spot had to stop

493

00:24:39,040 --> 00:24:36,940

and look you know and which is spark so

494

00:24:43,270 --> 00:24:39,050

he would have had time to get off to

495

00:24:46,300 --> 00:24:43,280

anything and he later was that summer

496

00:24:48,550 --> 00:24:46,310

went to England and a some guy had

497

00:24:50,770 --> 00:24:48,560

gotten ahold of an i have article at

498

00:24:52,660 --> 00:24:50,780

confetti with us but this material and

499

00:24:55,180 --> 00:24:52,670

he tried to grab the papers and

500

00:24:57,490 --> 00:24:55,190

everything they will pull himself and

501  
00:25:00,910 --> 00:24:57,500  
you're talking about a damn ski yes I am

502  
00:25:05,500 --> 00:25:00,920  
s George Adamski yeah I just buy a nice

503  
00:25:08,770 --> 00:25:05,510  
manner is a his mother was polish III

504  
00:25:13,000 --> 00:25:08,780  
think this Egyptian and his dad was

505  
00:25:15,460 --> 00:25:13,010  
polish and a Georgia the nds that time

506  
00:25:21,430 --> 00:25:15,470  
and world war one in the cavalry hmm

507  
00:25:26,020 --> 00:25:21,440  
that's cavalry yeah but according to

508  
00:25:28,330 --> 00:25:26,030  
your investigation you were not able to

509  
00:25:33,070 --> 00:25:28,340  
substantiate any of his claims and in

510  
00:25:36,250 --> 00:25:33,080  
fact it's your opinion that his story

511  
00:25:38,259 --> 00:25:36,260  
was not true that's that's right we

512  
00:25:41,680 --> 00:25:38,269  
could substantiate none of these claims

513  
00:25:44,469 --> 00:25:41,690

he claimed that the vestibule was open

514

00:25:46,989 --> 00:25:44,479

defense against the law that's the steps

515

00:25:49,060 --> 00:25:46,999

the the people the old who the buyers

516

00:25:51,669 --> 00:25:49,070

will travel the trains we've ever going

517

00:25:53,259 --> 00:25:51,679

on the set of battle steps at the top of

518

00:25:55,989 --> 00:25:53,269

that was a door clicked onto the side of

519

00:25:57,639 --> 00:25:55,999

the inside of the the simple is the

520

00:25:59,289 --> 00:25:57,649

stairway and when the train was

521

00:26:02,199 --> 00:25:59,299

operational that door came down almost

522

00:26:04,229 --> 00:26:02,209

ever call closed off and you could walk

523

00:26:08,829 --> 00:26:04,239

over a little and without a window but

524

00:26:10,989 --> 00:26:08,839

vespula never was opened it was and he

525

00:26:14,499 --> 00:26:10,999

claimed that he claimed that he was down

526

00:26:16,329 --> 00:26:14,509

in the vestibule he came he got off and

527

00:26:19,539 --> 00:26:16,339

walked around for a few minutes train

528

00:26:23,349 --> 00:26:19,549

stopped is someone I love is it some of

529

00:26:24,489 --> 00:26:23,359

it had come up and said well right here

530

00:26:26,709 --> 00:26:24,499

come with me and they would have got his

531

00:26:30,069 --> 00:26:26,719

luggage which is still at the vestibule

532

00:26:32,409 --> 00:26:30,079

and trades off for two seconds and I

533

00:26:35,529 --> 00:26:32,419

don't think Superman could have done any

534

00:26:39,279 --> 00:26:35,539

good ain't done in two seconds unless

535

00:26:40,749 --> 00:26:39,289

they had missing time maybe they could

536

00:26:43,180 --> 00:26:40,759

add missing time but he thought was a

537

00:26:46,629 --> 00:26:43,190

surprise stop it that the train through

538

00:26:47,949 --> 00:26:46,639

go to that this train goes wetta lowa l

539

00:26:50,560 --> 00:26:47,959

think about three times a week they

540

00:26:54,129 --> 00:26:50,570

always stop there didn't it as a traitor

541

00:26:56,169 --> 00:26:54,139

learned late though the train was late

542

00:26:59,159 --> 00:26:56,179

because of holiday traffic this was a

543

00:27:03,669 --> 00:26:59,169

simmer of which there were third

544

00:27:06,399 --> 00:27:03,679

nineteen fifty fifty eight and there was

545

00:27:08,649 --> 00:27:06,409

a TWA strike and it showed a lot of

546

00:27:12,810 --> 00:27:08,659

people TW it was a house of those days

547

00:27:16,839 --> 00:27:12,820

intensity and it's through a lot of air

548

00:27:18,549 --> 00:27:16,849

travel plans awry and so you're lucky to

549

00:27:21,729 --> 00:27:18,559

get a ticket on the plane when there's a

550

00:27:24,339 --> 00:27:21,739

one area of town and this one strike and

551  
00:27:25,779 --> 00:27:24,349  
the big international airport hadn't

552  
00:27:29,349 --> 00:27:25,789  
opened up yet like they have non katha

553  
00:27:31,299 --> 00:27:29,359  
city but know that there were a lot of

554  
00:27:33,489 --> 00:27:31,309  
people on the train and nobody

555  
00:27:34,989 --> 00:27:33,499  
remembered him even probably was in

556  
00:27:38,579 --> 00:27:34,999  
there just reading of disfavor something

557  
00:27:44,619 --> 00:27:38,589  
which no i don't think he had any

558  
00:27:47,289 --> 00:27:44,629  
experience getting off the train or we

559  
00:27:49,119 --> 00:27:47,299  
approached by of devices of the UFO

560  
00:27:50,169 --> 00:27:49,129  
covering the trees we won't take you up

561  
00:27:54,070 --> 00:27:50,179  
there

562  
00:27:55,930 --> 00:27:54,080  
yeah somebody contacted the person up

563  
00:27:58,450 --> 00:27:55,940

there where he was supposed that they

564

00:28:00,639 --> 00:27:58,460

posted meet him and he came out of the

565

00:28:05,200 --> 00:28:00,649

crowd at the railroad station and did a

566

00:28:07,960 --> 00:28:05,210

damn fort and so they assumed he came up

567

00:28:10,239 --> 00:28:07,970

with the train that he didn't say a word

568

00:28:13,210 --> 00:28:10,249

to them because they see him come up

569

00:28:16,359 --> 00:28:13,220

that you know come up a stairway so only

570

00:28:20,080 --> 00:28:16,369

about these things you were able to find

571

00:28:22,330 --> 00:28:20,090

the people that met him that night we

572

00:28:24,759 --> 00:28:22,340

were able to find the found out that he

573

00:28:30,190 --> 00:28:24,769

arrived at the station at that board and

574

00:28:32,529 --> 00:28:30,200

on time so you folks make it probably at

575

00:28:37,629 --> 00:28:32,539

five minutes this is a ra-tard trip by

576

00:28:41,560 --> 00:28:37,639

train I don't know what they did for

577

00:28:44,560 --> 00:28:41,570

eight hours if he was it a UFO maybe

578

00:28:46,810 --> 00:28:44,570

643

00:33:09,690 --> 00:33:07,630

more about your other background what

644

00:33:12,029 --> 00:33:09,700

you were doing before you got into

645

00:33:13,289 --> 00:33:12,039

ufology and in what kind of work that

646

00:33:16,039 --> 00:33:13,299

you've been involved in because you've

647

00:33:19,350 --> 00:33:16,049

had a regular a pretty interesting life

648

00:33:22,860 --> 00:33:19,360

well I have I have a very interesting

649

00:33:25,740 --> 00:33:22,870

life and I started out pretty much like

650

00:33:27,510 --> 00:33:25,750

most people my age Leland Korean working

651  
00:33:30,600 --> 00:33:27,520  
tomorrow about time I was 18 and I

652  
00:33:33,990 --> 00:33:30,610  
picked four years of Navy and I read a

653  
00:33:36,210 --> 00:33:34,000  
few occurrences paranormal stuff on the

654  
00:33:39,090 --> 00:33:36,220  
radio I was a short station kinda bored

655  
00:33:40,919 --> 00:33:39,100  
there and I get a radio hooked up my

656  
00:33:42,659 --> 00:33:40,929  
bone so I was listening to Frank Edwards

657  
00:33:44,549 --> 00:33:42,669  
or somebody every night and I got

658  
00:33:46,350 --> 00:33:44,559  
interested in the paranormal material

659  
00:33:49,289 --> 00:33:46,360  
and it wasn't buying into all of it but

660  
00:33:51,090 --> 00:33:49,299  
I was very interested and I picked up a

661  
00:33:53,430 --> 00:33:51,100  
book by Frank Scully the first one

662  
00:33:56,549 --> 00:33:53,440  
written I think he wrote that he's 50

663  
00:33:58,409 --> 00:33:56,559

and I found it what they call a nickel

664

00:34:00,980 --> 00:33:58,419

stature which was a little fairy that

665

00:34:05,010 --> 00:34:00,990

went out to North Island from San Diego

666

00:34:07,049 --> 00:34:05,020

North I was a big pork chops a pilot now

667

00:34:09,030 --> 00:34:07,059

this branches today but we should call

668

00:34:11,669 --> 00:34:09,040

this nickel stature as it actually costs

669

00:34:13,740 --> 00:34:11,679

a dime but anyhow we can go to and from

670

00:34:15,030 --> 00:34:13,750

on the island with this oldest boat well

671

00:34:16,859 --> 00:34:15,040

I was sitting there waiting with a boat

672

00:34:18,659 --> 00:34:16,869

what they are look at this books and

673

00:34:20,909 --> 00:34:18,669

bought it and this I almost missed the

674

00:34:22,950 --> 00:34:20,919

boat so you guys had a vaca governor

675

00:34:24,990 --> 00:34:22,960

nabis I jump talking about ten time he

676

00:34:26,750 --> 00:34:25,000

did with her rope so that was my first

677

00:34:29,659 --> 00:34:26,760

first book

678

00:34:32,570 --> 00:34:29,669

and it was grace kelly book it's quite

679

00:34:36,740 --> 00:34:32,580

well known something like flying saucers

680

00:34:39,800 --> 00:34:36,750

are real or something like that and so I

681

00:34:43,430 --> 00:34:39,810

got out of the service and was going to

682

00:34:45,770 --> 00:34:43,440

a school in Kansas City I was originally

683

00:34:47,360 --> 00:34:45,780

started out to be an art teacher so I

684

00:34:53,419 --> 00:34:47,370

was going to a school back to call the

685

00:34:55,970 --> 00:34:53,429

Art Institute and I had pursued some of

686

00:34:58,790 --> 00:34:55,980

these interests and we had a UFO city

687

00:35:00,830 --> 00:34:58,800

club started about 1957 and I was a

688

00:35:03,530 --> 00:35:00,840

charter member that and then later on

689

00:35:05,300 --> 00:35:03,540

about a year later we moved over to

690

00:35:07,840 --> 00:35:05,310

nightcap I thought a little more meat

691

00:35:12,740 --> 00:35:07,850

there was always famous people than

692

00:35:14,540 --> 00:35:12,750

being with a Sunday afternoon since with

693

00:35:17,090 --> 00:35:14,550

a group of people I didn't really take

694

00:35:20,000 --> 00:35:17,100

you walk be with and they all talking

695

00:35:24,200 --> 00:35:20,010

with very nice people but real place was

696

00:35:25,940 --> 00:35:24,210

just read as the different ones and in

697

00:35:30,920 --> 00:35:25,950

those days a contacting were mixed in

698

00:35:32,540 --> 00:35:30,930

with religion and all kinds of things

699

00:35:35,840 --> 00:35:32,550

that that seems some people think there

700

00:35:38,120 --> 00:35:35,850

were part of the devil and so forth so

701

00:35:40,700 --> 00:35:38,130

on so it was kind of a difficult thing

702

00:35:42,830 --> 00:35:40,710

to belong to a group like that but that

703

00:35:46,130 --> 00:35:42,840

camp was pretty straightforward i had to

704

00:35:49,910 --> 00:35:46,140

get appeal to me so we couldn't remember

705

00:35:53,830 --> 00:35:49,920

involves six months or so would the dead

706

00:35:56,360 --> 00:35:53,840

if you came in to teach speech and

707

00:36:00,170 --> 00:35:56,370

correct me if i'm wrong but it seems

708

00:36:04,130 --> 00:36:00,180

like you know nightcap was sort of taken

709

00:36:08,630 --> 00:36:04,140

seriously and that i think that is

710

00:36:12,050 --> 00:36:08,640

because the big sort of misinformation

711

00:36:15,560 --> 00:36:12,060

disinformation campaign had not yet

712

00:36:18,980 --> 00:36:15,570

really begun and i think there was

713

00:36:22,280 --> 00:36:18,990

there's been sort of a i don't know if

714

00:36:24,350 --> 00:36:22,290

it's been a planned campaign but it just

715

00:36:27,740 --> 00:36:24,360

seems like there's been a way of sort of

716

00:36:31,460 --> 00:36:27,750

like anyone saying i saw a UFO or I had

717

00:36:34,610 --> 00:36:31,470

a UFO experience people have been made

718

00:36:37,940 --> 00:36:34,620

fun of and not taken seriously and think

719

00:36:40,670 --> 00:36:37,950

oh there must be crazy or some kind of a

720

00:36:42,980 --> 00:36:40,680

nut or some kind of crazy hillbilly

721

00:36:46,130 --> 00:36:42,990

farmer or something like that you know

722

00:36:48,620 --> 00:36:46,140

and that hadn't been done yet and people

723

00:36:50,870 --> 00:36:48,630

were just seeing things in the sky and

724

00:36:54,319 --> 00:36:50,880

saying okay there's something there we

725

00:36:57,069 --> 00:36:54,329

need to check that out you know I that

726

00:36:59,329 --> 00:36:57,079

was as it came it came pretty easily

727

00:37:01,549 --> 00:36:59,339

there was a to the sky and they really

728

00:37:05,089 --> 00:37:01,559

made some pictures debate some newspaper

729

00:37:07,069 --> 00:37:05,099

of the base of newspaper articles for

730

00:37:10,549 --> 00:37:07,079

the magazine articles I think Life

731

00:37:13,819 --> 00:37:10,559

magazine done 52 had a had a big long

732

00:37:17,329 --> 00:37:13,829

series of articles so what issue of war

733

00:37:19,220 --> 00:37:17,339

but are we being visited and that seems

734

00:37:22,250 --> 00:37:19,230

summer we were that's when they had to

735

00:37:24,049 --> 00:37:22,260

fly over UFOs in Washington DC I think

736

00:37:26,030 --> 00:37:24,059

you were 34 you thought was flying

737

00:37:27,670 --> 00:37:26,040

around at the background of the capital

738

00:37:29,960 --> 00:37:27,680

this is the famous pictures of it around

739

00:37:35,210 --> 00:37:29,970

and so apparently they didn't

740

00:37:37,640 --> 00:37:35,220

particularly hint at the time their

741

00:37:40,970 --> 00:37:37,650

interest in us primarily was it wasn't

742

00:37:43,370 --> 00:37:40,980

it was our nuclear capacity and they

743

00:37:45,049 --> 00:37:43,380

would manage to fly over all the sites

744

00:37:47,839 --> 00:37:45,059

where they were due clear bombs of the

745

00:37:50,630 --> 00:37:47,849

historic or where they're being made and

746

00:37:55,819 --> 00:37:50,640

that possibly may have had something to

747

00:37:58,130 --> 00:37:55,829

do with with Eisenhower in 55 and as a

748

00:38:01,880 --> 00:37:58,140

matter of fact the first world peace

749

00:38:06,980 --> 00:38:01,890

meeting was it the fall at 55 I believe

750

00:38:08,299 --> 00:38:06,990

and it took 40 years for the Soviet

751

00:38:11,599 --> 00:38:08,309

Union to collapse of other things like

752

00:38:16,910 --> 00:38:11,609

that but I think I've never been part of

753

00:38:21,470 --> 00:38:16,920

that yeah well that's pretty pretty wild

754

00:38:24,859 --> 00:38:21,480

now were you um well you did you do any

755

00:38:27,829 --> 00:38:24,869

looking into at all the the Betty and

756

00:38:31,039 --> 00:38:27,839

Barney Hill abduction case I when was

757

00:38:33,710 --> 00:38:31,049

that 69 or something like that kate

758

00:38:38,210 --> 00:38:33,720

mccann the book was 69 I think the thing

759

00:38:40,970 --> 00:38:38,220

happened to 64 I had friend here in I

760

00:38:42,770 --> 00:38:40,980

live in orem the Medford Oregon and a

761

00:38:46,700 --> 00:38:42,780

friend of mine had been corresponding

762

00:38:48,440 --> 00:38:46,710

with Betty hill and so I didn't really

763

00:38:52,609 --> 00:38:48,450

do anything more than talk to this

764

00:38:54,380 --> 00:38:52,619

friend and the read the book and they

765

00:38:56,329 --> 00:38:54,390

were was still still alive as

766

00:38:58,609 --> 00:38:56,339

in the somewhere on the East Coast so

767

00:39:01,579 --> 00:38:58,619

they didn't speak I don't think Betty

768

00:39:05,359 --> 00:39:01,589

ever spoke at least not where I could

769

00:39:10,309 --> 00:39:05,369

hear and at that time the topic of

770

00:39:12,620 --> 00:39:10,319

aliens was more taboo that the UFOs were

771

00:39:14,450 --> 00:39:12,630

right somebody had to be inside those

772

00:39:17,150 --> 00:39:14,460

days or controlling it remotely from

773

00:39:20,690 --> 00:39:17,160

somewhere but what I would start

774

00:39:22,549 --> 00:39:20,700

teaching in 1960 I said what would put

775

00:39:25,759 --> 00:39:22,559

this on the wall hang it up for a while

776

00:39:27,319 --> 00:39:25,769

and I was in small towns and there was

777

00:39:29,480 --> 00:39:27,329

hardly anybody there are interested in

778

00:39:34,579 --> 00:39:29,490

real close and so it worked out just

779

00:39:37,250 --> 00:39:34,589

fine and when I came back in there is

780

00:39:39,500 --> 00:39:37,260

all the talk was about aliens I saw a

781

00:39:42,200 --> 00:39:39,510

display of a shopping center in the

782

00:39:43,910 --> 00:39:42,210

nineteen eighty-nine I retired and I

783

00:39:45,470 --> 00:39:43,920

thought wolf would have been here this

784

00:39:48,200 --> 00:39:45,480

blue guard things these are they inside

785

00:39:49,789 --> 00:39:48,210

you know so that 30 years and I've kind

786

00:39:53,269 --> 00:39:49,799

of been left in the dust so to speak so

787

00:39:55,220 --> 00:39:53,279

I worked on the 45 years before I after

788

00:39:57,980 --> 00:39:55,230

89 when I retired for I came to the site

789

00:40:00,920 --> 00:39:57,990

and Stanton Friedman those one who told

790

00:40:03,740 --> 00:40:00,930

me not that's right that's right now I

791

00:40:07,339 --> 00:40:03,750

mean of course I don't know anybody who

792

00:40:09,680 --> 00:40:07,349

hasn't heard ad nauseam about and I

793

00:40:13,309 --> 00:40:09,690

don't mean that in a bad way about

794

00:40:16,099 --> 00:40:13,319

Roswell everybody Roswell you say just

795

00:40:22,819 --> 00:40:16,109

that name and people immediately think

796

00:40:25,099 --> 00:40:22,829

of UFO crash 1947 July but you and then

797

00:40:27,980 --> 00:40:25,109

we've heard about the crash at Corona

798

00:40:31,009 --> 00:40:27,990

we've heard of the crash at Socorro but

799

00:40:34,490 --> 00:40:31,019

you're talking about a site that Stanton

800

00:40:37,220 --> 00:40:34,500

Friedman who's a nuclear physicist was

801

00:40:41,809 --> 00:40:37,230

that his title he's a physicist I know

802

00:40:45,380 --> 00:40:41,819

that yeah I'm nuclear physicist and a

803

00:40:48,079 --> 00:40:45,390

you know long time again researcher told

804

00:40:50,749 --> 00:40:48,089

you because you said oh my gosh I wish

805

00:40:53,450 --> 00:40:50,759

I'd have gotten a chance to get at a

806

00:40:56,900 --> 00:40:53,460

crash site you know of course was that

807

00:40:59,089 --> 00:40:56,910

Renee I just uh I guess master all would

808

00:41:00,589 --> 00:40:59,099

get completely decimated already there

809

00:41:04,160 --> 00:41:00,599

wasn't anything really left there I

810

00:41:07,039 --> 00:41:04,170

guess well he'd been out there and at

811

00:41:07,700 --> 00:41:07,049

1990 and was seeing her with a guy one

812

00:41:09,560 --> 00:41:07,710

of the guys who

813

00:41:13,970 --> 00:41:09,570

discovered us in severity so I by the

814

00:41:16,490 --> 00:41:13,980

way and what was that guy's name Gerald

815

00:41:19,040 --> 00:41:16,500

Anderson Oh Gerald Anderson's when they

816

00:41:22,040 --> 00:41:19,050

discovered it he discredited himself

817

00:41:24,200 --> 00:41:22,050

early on my offering a phone bill and

818

00:41:26,060 --> 00:41:24,210

the entire UFO community was that well

819

00:41:29,570 --> 00:41:26,070

he must be a liar so who will believe

820

00:41:31,760 --> 00:41:29,580

anything he says but are now Stanton

821

00:41:36,170 --> 00:41:31,770

Friedman sub crash at Corona by the way

822

00:41:38,300 --> 00:41:36,180

was another version of Roswell the the

823

00:41:41,480 --> 00:41:38,310

the Christ material was closer to little

824

00:41:44,240 --> 00:41:41,490

town of Corona and Roswell was 75 miles

825

00:41:47,420 --> 00:41:44,250

away so he just named his to book a

826

00:41:48,890 --> 00:41:47,430

crashing rota in any case at the page 74

827

00:41:50,990 --> 00:41:48,900

your head of your blisters who have

828

00:41:53,570 --> 00:41:51,000

tragic wrote it I stand free but i

829

00:41:56,780 --> 00:41:53,580

believe Berliner was the other author I

830

00:41:59,450 --> 00:41:56,790

can turn to page 70 and see Georgia

831

00:42:02,030 --> 00:41:59,460

Anderson pointed up a hill with four men

832

00:42:06,170 --> 00:42:02,040

behind him exactly where we found UFO

833

00:42:09,500 --> 00:42:06,180

material and that is st. Augustine yes

834

00:42:12,470 --> 00:42:09,510

it is that's st. Augustine New Mexico so

835

00:42:15,020 --> 00:42:12,480

yeah hope dry like that 50 miles long

836

00:42:18,320 --> 00:42:15,030

about 8 to 10 mar 15 at 10 miles wide

837

00:42:21,290 --> 00:42:18,330

various places and a glacier had melted

838

00:42:22,490 --> 00:42:21,300

in the area during the Ice Age and don't

839

00:42:24,740 --> 00:42:22,500

work for the water to go without of this

840

00:42:27,710 --> 00:42:24,750

Basin it didn't have a river running

841

00:42:32,270 --> 00:42:27,720

into it so over about five thousand year

842

00:42:34,300 --> 00:42:32,280

period 135 165 feet of water evaporated

843

00:42:36,620 --> 00:42:34,310

every year and and this was perfect

844

00:42:40,070 --> 00:42:36,630

place for the Native Americans to come

845

00:42:42,950 --> 00:42:40,080

naked fish birds there's game they all

846

00:42:46,370 --> 00:42:42,960

feel like that so it was quite a of

847

00:42:54,620 --> 00:42:46,380

American with a lot of Indian material

848

00:42:58,849 --> 00:42:54,630

around there and but we found some areas

849

00:43:02,660 --> 00:42:58,859

aware of the lake had been a 165 feet

850

00:43:03,950 --> 00:43:02,670

evil time and the left a lot of silt we

851  
00:43:06,560 --> 00:43:03,960  
herded into it sometimes we were looking

852  
00:43:08,930 --> 00:43:06,570  
for stuff that had below that there was

853  
00:43:14,450 --> 00:43:08,940  
some chalky ground which appeared was

854  
00:43:16,960 --> 00:43:14,460  
the original of bottom of lake bed so it

855  
00:43:23,779 --> 00:43:21,620  
this is quite an effort but yeah freamon

856  
00:43:25,900 --> 00:43:23,789  
had been there and with several other

857  
00:43:28,640 --> 00:43:25,910  
well-known UFO people's a time and

858  
00:43:36,799 --> 00:43:28,650  
they're saying here 99 pointing up hill

859  
00:43:40,940 --> 00:43:36,809  
and now what this crash is how far from

860  
00:43:44,930 --> 00:43:40,950  
the so-called crash at Roswell or crash

861  
00:43:49,599 --> 00:43:44,940  
at Corona hundred sixty miles under 60

862  
00:43:51,890 --> 00:43:49,609  
miles from Roswell in narok 35 outdoors

863  
00:43:56,420 --> 00:43:51,900

and I think the briefing was about 30

864

00:43:58,609 --> 00:43:56,430

miles north mmm whoa what do they do and

865

00:44:01,519 --> 00:43:58,619

when was this crash that at st.

866

00:44:03,739 --> 00:44:01,529

Augustine when did that happen july

867

00:44:06,380 --> 00:44:03,749

second 1947 was when it was first

868

00:44:07,880 --> 00:44:06,390

discovered so the day before on it or

869

00:44:14,150 --> 00:44:07,890

the rival with her was brought to town

870

00:44:16,749 --> 00:44:14,160

oh just uh oh wow so it was before so

871

00:44:22,039 --> 00:44:16,759

you don't think it was all one event

872

00:44:23,959 --> 00:44:22,049

well it's possibly they collided and one

873

00:44:26,839 --> 00:44:23,969

went down they could have collided over

874

00:44:29,509 --> 00:44:26,849

tau Socorro what what the roswell one

875

00:44:31,700 --> 00:44:29,519

was out here and we just was discovered

876

00:44:35,599 --> 00:44:31,710

roswell and one was just maybe

877

00:44:39,799 --> 00:44:35,609

discovered before the other one well we

878

00:44:42,799 --> 00:44:39,809

think this was an isolated place hard to

879

00:44:44,479 --> 00:44:42,809

get into there was a lot of locked gates

880

00:44:45,979 --> 00:44:44,489

there don't worry about cattle getting

881

00:44:50,180 --> 00:44:45,989

out where the rustlers coming in with a

882

00:44:51,890 --> 00:44:50,190

big problem and we think an

883

00:44:53,420 --> 00:44:51,900

inexperienced military unit came up

884

00:44:55,819 --> 00:44:53,430

there and tried to cover over everything

885

00:44:59,509 --> 00:44:55,829

with some sanity of all dirt they got

886

00:45:02,390 --> 00:44:59,519

all the Royal and somebody didn't tell

887

00:45:04,120 --> 00:45:02,400

their 14 inches rain every year hmm and

888

00:45:08,029 --> 00:45:04,130

some material we found on the surface

889

00:45:11,749 --> 00:45:08,039

hmm literally found on the surface yeah

890

00:45:13,729 --> 00:45:11,759

I know you their photographs of some of

891

00:45:15,769 --> 00:45:13,739

those materials on your website if

892

00:45:21,160 --> 00:45:15,779

people want to hop over there and have a

893

00:45:25,849 --> 00:45:21,170

look that UFO crash book.com you know

894

00:45:27,500 --> 00:45:25,859

kind of a running narration thereof on

895

00:45:30,800 --> 00:45:27,510

the side of the

896

00:45:33,590 --> 00:45:30,810

the left hand side of the margin we saw

897

00:45:37,670 --> 00:45:33,600

at least seven or eight items that we

898

00:45:41,800 --> 00:45:37,680

found there and then we have chapters

899

00:45:46,250 --> 00:45:41,810

down below that it read numbers and

900

00:45:47,660 --> 00:45:46,260

every red number or there is a chapter

901  
00:45:52,280 --> 00:45:47,670  
of the book tell you what's in it

902  
00:45:56,240 --> 00:45:52,290  
doesn't something sketch of it okay now

903  
00:45:59,420 --> 00:45:56,250  
can you just describe for people who may

904  
00:46:01,940 --> 00:45:59,430  
not be looking at her for people that

905  
00:46:04,220 --> 00:46:01,950  
you that are what are some of the

906  
00:46:07,010 --> 00:46:04,230  
objects are some of the materials that

907  
00:46:10,250 --> 00:46:07,020  
you did fine first stuff we found was

908  
00:46:13,100 --> 00:46:10,260  
foil and it was a row the leg of all

909  
00:46:14,810 --> 00:46:13,110  
over the place and and we win was

910  
00:46:16,850 --> 00:46:14,820  
checked it out to see if it could be

911  
00:46:19,520 --> 00:46:16,860  
barbecue for something like that they

912  
00:46:21,650 --> 00:46:19,530  
didn't sell foiled in that area to the

913  
00:46:23,360 --> 00:46:21,660

ranch wives they had their own ways of

914

00:46:26,180 --> 00:46:23,370

putting up produce those data they can

915

00:46:28,610 --> 00:46:26,190

they eat fresh meat they'd have a so

916

00:46:31,250 --> 00:46:28,620

that didn't have power to nineteen

917

00:46:33,620 --> 00:46:31,260

eighty eighty nine so they could dis

918

00:46:36,260 --> 00:46:33,630

readers so the the Western way of

919

00:46:37,960 --> 00:46:36,270

preserving food was was they did quite

920

00:46:41,060 --> 00:46:37,970

well with our for I was first that one

921

00:46:43,550 --> 00:46:41,070

found that seen advertised a dis papers

922

00:46:45,470 --> 00:46:43,560

and one ranch lady said well we gotta

923

00:46:48,590 --> 00:46:45,480

roll it were home at class about

924

00:46:51,380 --> 00:46:48,600

nineteen fifty-five years old and we

925

00:46:52,790 --> 00:46:51,390

thought what do with it and somebody

926  
00:46:56,810 --> 00:46:52,800  
bake cookies already said it didn't last

927  
00:46:59,420 --> 00:46:56,820  
longer to that so they had team used and

928  
00:47:01,520 --> 00:46:59,430  
so there weren't enough people out there

929  
00:47:04,460 --> 00:47:01,530  
to have barbecues there would be more

930  
00:47:06,470 --> 00:47:04,470  
doesn't be the living tomorrow away and

931  
00:47:08,570 --> 00:47:06,480  
what's always fall day here what turned

932  
00:47:13,520 --> 00:47:08,580  
out the floor was had some coatings on

933  
00:47:15,830 --> 00:47:13,530  
it important of elements on one side it

934  
00:47:19,400 --> 00:47:15,840  
was mostly aluminum and on the one side

935  
00:47:22,460 --> 00:47:19,410  
will be 35 or 40 different elements on

936  
00:47:24,230 --> 00:47:22,470  
that once other side of the foil and we

937  
00:47:25,970 --> 00:47:24,240  
think about a dozen of them where main

938  
00:47:28,190 --> 00:47:25,980

element says that aliens had it for

939

00:47:29,540 --> 00:47:28,200

whatever reason and the rest of our

940

00:47:33,440 --> 00:47:29,550

trace elements that have to be in

941

00:47:37,010 --> 00:47:33,450

aluminum they were music hmm now did

942

00:47:40,700 --> 00:47:37,020

that have any qualities that metal like

943

00:47:41,450 --> 00:47:40,710

the metal that we heard Jesse Marcel

944

00:47:46,400 --> 00:47:41,460

talking

945

00:47:48,290 --> 00:47:46,410

out from the yes it was it was it what

946

00:47:50,960 --> 00:47:48,300

we're what we're hearing called memory

947

00:47:53,060 --> 00:47:50,970

metal one of our chat room members is

948

00:47:57,020 --> 00:47:53,070

asking the same question he says memory

949

00:47:59,780 --> 00:47:57,030

metal get the questions office and you

950

00:48:03,410 --> 00:47:59,790

don't remember any memory metal and as a

951  
00:48:05,210 --> 00:48:03,420  
matter of fact the foil we found you

952  
00:48:08,510 --> 00:48:05,220  
could want it up put your plug in a big

953  
00:48:11,060 --> 00:48:08,520  
a wonderful potato water throat school

954  
00:48:14,060 --> 00:48:11,070  
it's but come one fold if you wanted to

955  
00:48:15,800 --> 00:48:14,070  
so okay so what we found I think the

956  
00:48:19,490 --> 00:48:15,810  
story is true but this for Betemit or

957  
00:48:21,980 --> 00:48:19,500  
sixty years and whatever quality divide

958  
00:48:23,780 --> 00:48:21,990  
have had on it we thought pieces a sort

959  
00:48:25,790 --> 00:48:23,790  
of like the old fashioned wood shingles

960  
00:48:27,470 --> 00:48:25,800  
and we think they were kind of late

961  
00:48:28,790 --> 00:48:27,480  
inside the craft for whatever reason we

962  
00:48:32,030 --> 00:48:28,800  
don't know why and each one was

963  
00:48:36,079 --> 00:48:32,040

different and each one had a different

964

00:48:39,200 --> 00:48:36,089

formula and again you listed if they get

965

00:48:42,640 --> 00:48:39,210

to a button on the internet on the web

966

00:48:46,910 --> 00:48:42,650

site called metal analysis covert

967

00:48:50,060 --> 00:48:46,920

they'll find how we how what a wonderful

968

00:48:53,000 --> 00:48:50,070

job he did of of analyzing these this

969

00:48:56,870 --> 00:48:53,010

was these pieces of oil and it's 42 page

970

00:49:01,880 --> 00:48:56,880

report there or the first six pieces of

971

00:49:06,710 --> 00:49:01,890

metal we had 50 profile in date what was

972

00:49:09,470 --> 00:49:06,720

it England out horrible yeah was there

973

00:49:13,030 --> 00:49:09,480

something unusual about it that didn't

974

00:49:17,390 --> 00:49:13,040

make it seem like it came from Earth

975

00:49:20,120 --> 00:49:17,400

well yeah it was different thicknesses

976

00:49:25,970 --> 00:49:20,130

and we did a piper work with it with the

977

00:49:28,550 --> 00:49:25,980

overflow adestria they came to up and up

978

00:49:30,079 --> 00:49:28,560

and coming because of the amount of

979

00:49:32,089 --> 00:49:30,089

aluminum that was left over World War

980

00:49:35,450 --> 00:49:32,099

two that's how the foil companies got

981

00:49:39,460 --> 00:49:35,460

started and if you could buy a roll of

982

00:49:42,020 --> 00:49:39,470

Alcoa or a Reynolds Wrap at the store

983

00:49:47,660 --> 00:49:42,030

they will probably die nine percent

984

00:49:50,240 --> 00:49:47,670

aluminum maybe a half percent iron and a

985

00:49:54,430 --> 00:49:50,250

half percent of silicon it's almost pure

986

00:49:59,349 --> 00:49:54,440

aluminum write these things had

987

00:50:02,200 --> 00:49:59,359

up to 40 different Elvis on one side and

988

00:50:04,510 --> 00:50:02,210

it was amazing we did whiskey we get big

989

00:50:07,300 --> 00:50:04,520

enough we don't what it was it and mr.

990

00:50:11,740 --> 00:50:07,310

Rawat advised organizations paid for

991

00:50:14,920 --> 00:50:11,750

hows about things I've analyzed well and

992

00:50:18,280 --> 00:50:14,930

they came up with a all these coatings

993

00:50:22,030 --> 00:50:18,290

and they could be seen in that that

994

00:50:24,099 --> 00:50:22,040

report and what was the most compelling

995

00:50:28,109 --> 00:50:24,109

piece of evidence that you found there

996

00:50:31,420 --> 00:50:28,119

or I guess maybe the most unusual thing

997

00:50:35,890 --> 00:50:31,430

well you know we expect to find metal

998

00:50:37,660 --> 00:50:35,900

around a plane crash and Leasing living

999

00:50:40,150 --> 00:50:37,670

metal there think people are the two

1000

00:50:44,140 --> 00:50:40,160

things that come to mind down about

1001  
00:50:46,690 --> 00:50:44,150  
halfway down on the roof of pictures are

1002  
00:50:49,780 --> 00:50:46,700  
my website are two things that we call

1003  
00:50:54,150 --> 00:50:49,790  
honeycombs and they're like a thick wasp

1004  
00:50:56,890 --> 00:50:54,160  
nest and about it should have fixed and

1005  
00:51:00,339 --> 00:50:56,900  
apparently they SAT between an inner and

1006  
00:51:01,930 --> 00:51:00,349  
outer layer on the craft and interact

1007  
00:51:05,710 --> 00:51:01,940  
something interacted inside the

1008  
00:51:09,250 --> 00:51:05,720  
honeycomb causing probably some power to

1009  
00:51:10,900 --> 00:51:09,260  
be generated possibly higher gravity and

1010  
00:51:13,630 --> 00:51:10,910  
so they're actually used these aluminum

1011  
00:51:16,780 --> 00:51:13,640  
honeycombs to produce power at the

1012  
00:51:20,730 --> 00:51:16,790  
bottom of the craft because the craft

1013  
00:51:22,780 --> 00:51:20,740

came in anniston straight off baby all

1014

00:51:24,819 --> 00:51:22,790

something about the size of a card table

1015

00:51:27,000 --> 00:51:24,829

at the bottom of it and that's this

1016

00:51:29,950 --> 00:51:27,010

material some of that material we found

1017

00:51:32,470 --> 00:51:29,960

and that was fascinating then the other

1018

00:51:37,109 --> 00:51:32,480

thing is called the artifact and it's

1019

00:51:41,440 --> 00:51:37,119

down lower in the sequence has an actual

1020

00:51:44,680 --> 00:51:41,450

bottom there and so possible ET artifact

1021

00:51:46,960 --> 00:51:44,690

or body part and this is work in kurtal

1022

00:51:51,280 --> 00:51:46,970

courcel comes in he said that they the

1023

00:51:53,650 --> 00:51:51,290

army rd had taken had discovered that

1024

00:51:57,609 --> 00:51:53,660

the alien bodies some of whom had

1025

00:52:02,349 --> 00:51:57,619

artificial parts and this may be an

1026  
00:52:05,559 --> 00:52:02,359  
artificial part of a clone maybe it's

1027  
00:52:07,780 --> 00:52:05,569  
about the size of your fist and that we

1028  
00:52:10,330 --> 00:52:07,790  
got inside there i found

1029  
00:52:13,150 --> 00:52:10,340  
some very interesting and stuff found a

1030  
00:52:16,150 --> 00:52:13,160  
little gold wire time to go wire other

1031  
00:52:18,610 --> 00:52:16,160  
stuff but we've never cut it open so we

1032  
00:52:20,680 --> 00:52:18,620  
we don't know exactly we don't want to

1033  
00:52:25,150 --> 00:52:20,690  
get a nobody diesel it relative isn't

1034  
00:52:27,430 --> 00:52:25,160  
opened but another one that will a lot

1035  
00:52:28,960 --> 00:52:27,440  
of women arrested is this brings out the

1036  
00:52:31,900 --> 00:52:28,970  
paternal aspect of the whole thing is

1037  
00:52:35,020 --> 00:52:31,910  
they found a side issue so it's at the

1038  
00:52:37,690 --> 00:52:35,030

bottom of the website homepage it looks

1039

00:52:38,920 --> 00:52:37,700

pink but I try to get faded red it's

1040

00:52:41,680 --> 00:52:38,930

pretty hard to make something faded red

1041

00:52:44,620 --> 00:52:41,690

it's not pink but we found that that

1042

00:52:47,860 --> 00:52:44,630

fabric on that shoe for the outer fabric

1043

00:52:51,610 --> 00:52:47,870

we pull some underneath the soul and was

1044

00:52:53,380 --> 00:52:51,620

read more morose and here's the whale is

1045

00:52:56,560 --> 00:52:53,390

running around with great uniforms and

1046

00:53:01,420 --> 00:52:56,570

pink and pink shoes that one must be the

1047

00:53:03,820 --> 00:53:01,430

patient staples itself and we don't

1048

00:53:06,370 --> 00:53:03,830

think the shoot probably was maybe not

1049

00:53:08,740 --> 00:53:06,380

have been warned third Colonel course

1050

00:53:11,590 --> 00:53:08,750

will thought that the alien body had

1051  
00:53:13,840 --> 00:53:11,600  
some circuitry going through it and they

1052  
00:53:16,290 --> 00:53:13,850  
were able to control the craft by leg

1053  
00:53:19,150 --> 00:53:16,300  
and certain part of the circuitry and

1054  
00:53:21,850 --> 00:53:19,160  
manipulating the controls it wasn't for

1055  
00:53:24,010 --> 00:53:21,860  
like one of our planes and rubber shoes

1056  
00:53:26,320 --> 00:53:24,020  
wouldn't work that well what the work

1057  
00:53:27,520 --> 00:53:26,330  
for the in that specific current which

1058  
00:53:30,220 --> 00:53:27,530  
was it come through and wouldn't gone

1059  
00:53:32,860 --> 00:53:30,230  
through your feet so we think that is

1060  
00:53:38,850 --> 00:53:32,870  
somewhere if they in the little craft

1061  
00:53:41,680 --> 00:53:38,860  
contiguous about 25 30 feet cross that

1062  
00:53:44,230 --> 00:53:41,690  
the shoes were blown off of an alien or

1063  
00:53:47,470 --> 00:53:44,240

which storage and they came out one to

1064

00:53:50,560 --> 00:53:47,480

wonder when the was a big split inside

1065

00:53:54,190 --> 00:53:50,570

of the craft and those found four bodies

1066

00:53:56,280 --> 00:53:54,200

came out three bodies and uh and they

1067

00:54:00,550 --> 00:53:56,290

think maybe that I blows one of those

1068

00:54:03,340 --> 00:54:00,560

and unusual because it's fork seven

1069

00:54:06,760 --> 00:54:03,350

eight inches long and it's only an inch

1070

00:54:08,740 --> 00:54:06,770

to quarter wide front of the heel now

1071

00:54:11,200 --> 00:54:08,750

all of us have grown through for it

1072

00:54:15,280 --> 00:54:11,210

seven they said split but it's also

1073

00:54:18,310 --> 00:54:15,290

three inches wide and we set this

1074

00:54:21,750 --> 00:54:18,320

material off to about 3 30 different

1075

00:54:28,500 --> 00:54:21,760

shoe companies and they had no ID

1076  
00:54:31,260 --> 00:54:28,510  
it was well they had no idea what the

1077  
00:54:36,090 --> 00:54:31,270  
material was oh we do what material was

1078  
00:54:38,940 --> 00:54:36,100  
we have that job at a diagram and in the

1079  
00:54:42,540 --> 00:54:38,950  
book that we broke down the hall of

1080  
00:54:45,300 --> 00:54:42,550  
material and his nine layers of a

1081  
00:54:48,230 --> 00:54:45,310  
different stuff there semin was

1082  
00:54:51,300 --> 00:54:48,240  
cellulose whistle indentation cotton

1083  
00:54:56,700 --> 00:54:51,310  
some all had something added to it we

1084  
00:55:00,990 --> 00:54:56,710  
couldn't identify the the the fibers

1085  
00:55:02,910 --> 00:55:01,000  
were coated with some material that was

1086  
00:55:05,430 --> 00:55:02,920  
unidentifiable two of the people who

1087  
00:55:09,720 --> 00:55:05,440  
were doing our work we had some very

1088  
00:55:11,940 --> 00:55:09,730

famous labs working on it and McCrone

1089

00:55:13,520 --> 00:55:11,950

associates in the Chicago area was the

1090

00:55:17,190 --> 00:55:13,530

one that did both of our work with you

1091

00:55:20,070 --> 00:55:17,200

and I had to do if I just say one found

1092

00:55:23,130 --> 00:55:20,080

in the state's top listen which never

1093

00:55:25,710 --> 00:55:23,140

seen it like this now the you know you

1094

00:55:30,900 --> 00:55:25,720

said it was a like a small shoe sole

1095

00:55:37,370 --> 00:55:30,910

right so yeah so yeah each other and

1096

00:55:40,470 --> 00:55:37,380

then how about how big was it 47 HSS law

1097

00:55:44,580 --> 00:55:40,480

the inning Harris part for the heel was

1098

00:55:47,820 --> 00:55:44,590

wanted in four pitches it's not mean

1099

00:55:51,120 --> 00:55:47,830

[h\_\_\h] just like a shoe sorry for those

1100

00:55:55,290 --> 00:55:51,130

who care for those who can't see their

1101  
00:55:57,570 --> 00:55:55,300  
the website at the moment is it shaped

1102  
00:55:59,040 --> 00:55:57,580  
just like a regular shoe so I mean was

1103  
00:56:01,830 --> 00:55:59,050  
that how you knew it was a shoe sole

1104  
00:56:04,860 --> 00:56:01,840  
because it's that was shaped we were

1105  
00:56:07,820 --> 00:56:04,870  
sure it was because uh she sold is a

1106  
00:56:10,740 --> 00:56:07,830  
pretty common and everybody wear them

1107  
00:56:13,590 --> 00:56:10,750  
and you thought well did you think at

1108  
00:56:16,140 --> 00:56:13,600  
first maybe this is a child's soon so

1109  
00:56:18,600 --> 00:56:16,150  
I'm not maybe possibly at first invited

1110  
00:56:20,220 --> 00:56:18,610  
a child and then I was in a residence

1111  
00:56:24,390 --> 00:56:20,230  
researcher found out the child's feet

1112  
00:56:27,330 --> 00:56:24,400  
grow outward also about the time they

1113  
00:56:30,240 --> 00:56:27,340

start running around the meat wines are

1114

00:56:32,010 --> 00:56:30,250

the archers develop and by the way the

1115

00:56:35,130 --> 00:56:32,020

shoot is not with this are both side of

1116

00:56:40,070 --> 00:56:35,140

an arch support so

1117

00:56:42,870 --> 00:56:40,080

oh and I forgot to fill at 91 time and

1118

00:56:45,330 --> 00:56:42,880

they said well we can't look at anybody

1119

00:56:47,490 --> 00:56:45,340

any other shoes been made by anybody

1120

00:56:49,320 --> 00:56:47,500

else and I said well I just thought I'd

1121

00:56:51,630 --> 00:56:49,330

drop by have some questions and all we

1122

00:56:53,250 --> 00:56:51,640

can't help you so some guy came to me at

1123

00:56:56,670 --> 00:56:53,260

the park announced they say can I mean

1124

00:56:59,820 --> 00:56:56,680

if economy after what is useful yet so I

1125

00:57:03,810 --> 00:56:59,830

married a starbuck were a cup of coffee

1126

00:57:05,250 --> 00:57:03,820

and he said where'd you get this will we

1127

00:57:08,010 --> 00:57:05,260

found out the desert did I tell you

1128

00:57:09,330 --> 00:57:08,020

about youth older though and he said we

1129

00:57:11,640 --> 00:57:09,340

couldn't make sure like this make any

1130

00:57:12,810 --> 00:57:11,650

profit I don't who could make a shoe at

1131

00:57:16,230 --> 00:57:12,820

nine layers like this would make a

1132

00:57:21,330 --> 00:57:16,240

profit and I didn't have a heart telling

1133

00:57:22,650 --> 00:57:21,340

it wasn't fog made here and you did but

1134

00:57:24,890 --> 00:57:22,660

you said you did check with shoe

1135

00:57:28,140 --> 00:57:24,900

manufacturers and you couldn't identify

1136

00:57:30,450 --> 00:57:28,150

exactly that would make it to adults

1137

00:57:35,970 --> 00:57:30,460

cowboy blues boxes we wrote letter

1138

00:57:39,750 --> 00:57:35,980

almost 30 of them her mom got 15 amor

1139

00:57:41,550 --> 00:57:39,760

today i justyou for pick me and I looked

1140

00:57:46,260 --> 00:57:41,560

them up they got very wide feet what

1141

00:57:48,480 --> 00:57:46,270

does that yeah who so it was a mystery

1142

00:57:51,720 --> 00:57:48,490

it will always remain a mystery until we

1143

00:57:55,650 --> 00:57:51,730

fired the footage isset yeah yeah got

1144

00:57:58,770 --> 00:57:55,660

hold of rest over day now yup it's

1145

00:58:02,640 --> 00:57:58,780

actually about time for our second break

1146

00:58:05,640 --> 00:58:02,650

here so I think this is a good time for

1147

00:58:09,570 --> 00:58:05,650

it I hope that my producer MJ concurs

1148

00:58:12,990 --> 00:58:09,580

with that and we are talking with art

1149

00:58:16,560 --> 00:58:13,000

1151  
00:58:22,710 --> 00:58:18,220  
case that he's talking about right now

1152  
00:58:24,750 --> 00:58:22,720

truth one secret at a time when

I

1196

01:01:34,609 --> 01:01:32,070

your host Renee Barnett and we're

1197

01:01:40,070 --> 01:01:34,619

talking tonight with art Campbell about

1198

01:01:44,599 --> 01:01:40,080

UFOs in particular UFOs from the 50s the

1199

01:01:47,359 --> 01:01:44,609

60s and forward and especially a case

1200

01:01:52,580 --> 01:01:47,369

that art has put a lot of time in over

1201

01:01:58,340 --> 01:01:52,590

the past several years to of a crash

1202

01:02:00,640 --> 01:01:58,350

site in st. Augustine New Mexico just a

1203

01:02:03,050 --> 01:02:00,650

short distance from the Roswell crash

1204

01:02:05,390 --> 01:02:03,060

could have been part of that same

1205

01:02:09,140 --> 01:02:05,400

incident we don't know whether to UFOs

1206

01:02:11,420 --> 01:02:09,150

might have crash together somebody had

1207

01:02:13,580 --> 01:02:11,430

mentioned the idea to me today art when

1208

01:02:16,880 --> 01:02:13,590

I was telling him about the show tonight

1209

01:02:21,670 --> 01:02:16,890

that they were wondering whether or not

1210

01:02:24,790 --> 01:02:21,680

it could have been one craft that

1211

01:02:28,310 --> 01:02:24,800

exploded in the sky and maybe there was

1212

01:02:32,120 --> 01:02:28,320

two or three explosions before it was

1213

01:02:33,470 --> 01:02:32,130

finally all all the debris fell to fell

1214

01:02:36,859 --> 01:02:33,480

to the earth do you think that's a

1215

01:02:38,810 --> 01:02:36,869

possibility of researchers thought that

1216

01:02:42,010 --> 01:02:38,820

the plaintiffs on Augustus might have

1217

01:02:44,180 --> 01:02:42,020

been part of the Roswell crash

1218

01:02:47,120 --> 01:02:44,190

apparently there were two crafts as the

1219

01:02:49,640 --> 01:02:47,130

craft at Roswell was not a disk it was

1220

01:02:51,770 --> 01:02:49,650

something like of like a flat glider I

1221

01:02:54,200 --> 01:02:51,780

feel a paper airplane ooh bacon great

1222

01:02:56,570 --> 01:02:54,210

school or something and then aren't with

1223

01:03:02,630 --> 01:02:56,580

around distant was probably four or five

1224

01:03:06,470 --> 01:03:02,640

tons a as it sat to sat there and and it

1225

01:03:08,990 --> 01:03:06,480

has been it has been explored but

1226

01:03:11,750 --> 01:03:09,000

nothing's ever come of it they did find

1227

01:03:14,720 --> 01:03:11,760

some small four pieces of foil over on

1228

01:03:18,980 --> 01:03:14,730

the roseville of debris field that are

1229

01:03:21,500 --> 01:03:18,990

very similar to ours we had about 12

1230

01:03:23,300 --> 01:03:21,510

every kinds of foil different

1231

01:03:25,460 --> 01:03:23,310

thicknesses different types as they did

1232

01:03:28,609 --> 01:03:25,470

find a tiny little bit of over of the

1233

01:03:31,040 --> 01:03:28,619

Roswell debris fields but apparently for

1234

01:03:32,300 --> 01:03:31,050

closure system a fraud all by there

1235

01:03:33,890 --> 01:03:32,310

there's a lot of where the engine is

1236

01:03:35,450 --> 01:03:33,900

reflecting that will try to reflect

1237

01:03:37,989 --> 01:03:35,460

energy and I don't know but what was

1238

01:03:40,389 --> 01:03:37,999

before but

1239

01:03:42,069 --> 01:03:40,399

anyhow we found quite a bit other stuff

1240

01:03:44,799 --> 01:03:42,079

it's one of the more fascinating things

1241

01:03:46,269 --> 01:03:44,809

those who have the website up there's a

1242

01:03:50,199 --> 01:03:46,279

thing in the middle go to too honey

1243

01:03:52,419 --> 01:03:50,209

combs and what if you just let me just

1244

01:03:54,729 --> 01:03:52,429

say this art if you're just tuning in or

1245

01:03:56,139 --> 01:03:54,739

you didn't catch it before the site that

1246

01:03:59,499 --> 01:03:56,149

arts talking about right now that he's

1247

01:04:01,659 --> 01:03:59,509

referring to is UFO crash book calm so

1248

01:04:03,039 --> 01:04:01,669

you can go there and see exactly what

1249

01:04:04,599 --> 01:04:03,049

he's talking about right now and you can

1250

01:04:07,089 --> 01:04:04,609

also order this book on that site so I'm

1251

01:04:08,469 --> 01:04:07,099

sorry interrupt you go ahead art yeah we

1252

01:04:12,729 --> 01:04:08,479

probably get some people at the car or

1253

01:04:14,379 --> 01:04:12,739

two don't have the computers but they go

1254

01:04:17,109 --> 01:04:14,389

home and all I got to remember is UFO

1255

01:04:18,699 --> 01:04:17,119

crash book and and and put it in there

1256

01:04:23,919 --> 01:04:18,709

and as almost up comes up with a

1257

01:04:26,259 --> 01:04:23,929

homepage in any case we found that the

1258

01:04:29,669 --> 01:04:26,269

honeycomb we found in 2012 or the

1259

01:04:33,669 --> 01:04:29,679

blazing sun exhausted was identical to

1260

01:04:36,759 --> 01:04:33,679

Honeycomb found in Japan in 1971 when

1261

01:04:38,979 --> 01:04:36,769

someone saw you'll explode and we show

1262

01:04:43,239 --> 01:04:38,989

pictures of it right there on the

1263

01:04:49,419 --> 01:04:43,249

left-hand side of the the home page and

1264

01:04:52,629 --> 01:04:49,429

one of his 71 and wanted 2012 hmm the 71

1265

01:04:54,069 --> 01:04:52,639

was an explosion a guy saw it explode

1266

01:04:56,619 --> 01:04:54,079

and he went over the next day and picked

1267

01:04:59,759 --> 01:04:56,629

up some thanks about 20 inches by maybe

1268

01:05:02,439 --> 01:04:59,769

about 15 or 20 inches the other way and

1269

01:05:05,459 --> 01:05:02,449

somebody came and photograph that put it

1270

01:05:10,809 --> 01:05:05,469

in a book and 1980 it's out of print now

1271

01:05:13,329 --> 01:05:10,819

chameleon honey but outcome fine the

1272

01:05:16,209 --> 01:05:13,339

focus was a to Australian Writers Tim

1273

01:05:18,249 --> 01:05:16,219

horizon and petite Minh take-home ibly

1274

01:05:22,269 --> 01:05:18,259

was and you said tonight the name of the

1275

01:05:25,299 --> 01:05:22,279

book alien hunting honey honey comb Oh

1276

01:05:26,739 --> 01:05:25,309

alien honeycomb first I haven't even

1277

01:05:30,279 --> 01:05:26,749

heard of that I'm gonna have to look

1278

01:05:32,489 --> 01:05:30,289

that up but it sounded I felt a print

1279

01:05:37,509 --> 01:05:32,499

out a copy so divided the horse well

1280

01:05:39,789 --> 01:05:37,519

worth it we found something that's four

1281

01:05:41,649 --> 01:05:39,799

years later identical well this was just

1282

01:05:44,559 --> 01:05:41,659

one day old cuz they saw you a voice

1283

01:05:47,529 --> 01:05:44,569

vote our was in the elements for 60

1284

01:05:50,559 --> 01:05:47,539

years on the ground and maybe stuff that

1285

01:05:51,790 --> 01:05:50,569

rocked it works it works mm-hmm no you

1286

01:05:54,490 --> 01:05:51,800

were you

1287

01:05:57,430 --> 01:05:54,500

bound up all these different pieces all

1288

01:05:59,500 --> 01:05:57,440

these different pieces of metal and and

1289

01:06:01,870 --> 01:05:59,510

and other evidence you talked about the

1290

01:06:04,180 --> 01:06:01,880

shoe sole and other things now if you

1291

01:06:08,110 --> 01:06:04,190

were to gather it all up you know like

1292

01:06:10,090 --> 01:06:08,120

could you get it all in one box and I

1293

01:06:13,060 --> 01:06:10,100

think one of those mailing boxes that

1294

01:06:18,070 --> 01:06:13,070

the post office has it that you buy

1295

01:06:21,700 --> 01:06:18,080

about 14 inches long maybe a foot wide

1296

01:06:24,880 --> 01:06:21,710

to issue 6 we can fill it up easily and

1297

01:06:27,430 --> 01:06:24,890

so there's a number of pieces of things

1298

01:06:30,520 --> 01:06:27,440

and I know one of the my chat roomies

1299

01:06:33,550 --> 01:06:30,530

here Neutron was asking you know had any

1300

01:06:36,010 --> 01:06:33,560

of your evidence ever disappeared you

1301

01:06:38,110 --> 01:06:36,020

know did somebody ever try to take any

1302

01:06:40,750 --> 01:06:38,120

of it or did you have anything

1303

01:06:42,730 --> 01:06:40,760

mysterious happening to it we were

1304

01:06:44,500 --> 01:06:42,740

trying to your investigation actually

1305

01:06:46,810 --> 01:06:44,510

we've had a few conferences and I have

1306

01:06:49,360 --> 01:06:46,820

that artifact there is it a plastic box

1307

01:06:51,580 --> 01:06:49,370

and I've done everything to chain it

1308

01:06:53,050 --> 01:06:51,590

down and I let people look at it as they

1309

01:06:55,750 --> 01:06:53,060

just don't let it get out with a gradual

1310

01:06:58,750 --> 01:06:55,760

drop it and we've never had any problems

1311

01:07:00,690 --> 01:06:58,760

at all I do have one guys who found a

1312

01:07:03,670 --> 01:07:00,700

lot of stuff who gives away pieces

1313

01:07:07,900 --> 01:07:03,680

Tuukka people uh it's kind of make

1314

01:07:09,760 --> 01:07:07,910

friends so he has some of these big

1315

01:07:13,180 --> 01:07:09,770

pieces as you see where they would cut

1316

01:07:15,130 --> 01:07:13,190

into but there's a people in the

1317

01:07:17,080 --> 01:07:15,140

laboratories to say well we could look

1318

01:07:20,110 --> 01:07:17,090

us up for you so we're so some of our

1319

01:07:22,750 --> 01:07:20,120

stuff goes out that way but we still

1320

01:07:23,980 --> 01:07:22,760

have rolled on e % left and I have

1321

01:07:27,700 --> 01:07:23,990

almost ninety nine percent of everything

1322

01:07:33,190 --> 01:07:27,710

I found out there so I'd saved it always

1323

01:07:36,190 --> 01:07:33,200

yours in that honeycomb what what is

1324

01:07:43,440 --> 01:07:36,200

that I mean what is the composition of

1325

01:07:50,200 --> 01:07:43,450

that well it's a most aluminum and has a

1326

01:07:54,190 --> 01:07:50,210

some calcium in it the one of the

1327

01:07:58,600 --> 01:07:54,200

helmets and there was a big bang at ease

1328

01:08:02,260 --> 01:07:58,610

and we found some moss growing on it and

1329

01:08:06,780 --> 01:08:02,270

a godless told us that they'd have to

1330

01:08:13,960 --> 01:08:12,190

24 months culture to the startup and we

1331

01:08:18,880 --> 01:08:13,970

went to check-in assertively and calcium

1332

01:08:20,820 --> 01:08:18,890

manganese this is awesome Papa but it is

1333

01:08:23,620 --> 01:08:20,830

brown that means without a so tight and

1334

01:08:28,300 --> 01:08:23,630

where it was laying on the ground in the

1335

01:08:30,189 --> 01:08:28,310

sunlight of the cost is green no you

1336

01:08:32,890 --> 01:08:30,199

know we thought a lot of it do a lot of

1337

01:08:37,720 --> 01:08:32,900

research about the geology and Royals

1338

01:08:40,269 --> 01:08:37,730

and just no end think you have to find

1339

01:08:43,090 --> 01:08:40,279

out together to make a pronouncement but

1340

01:08:46,240 --> 01:08:43,100

those two honeycombs of 40 years apart

1341

01:08:50,829 --> 01:08:46,250

but look pretty similar yeah a pretty

1342

01:08:54,640 --> 01:08:50,839

good of a pretty good judge of what we

1343

01:08:59,550 --> 01:08:54,650

have that is really wild very

1344

01:09:02,470 --> 01:08:59,560

interesting move now is solo category

1345

01:09:06,309 --> 01:09:02,480

but what does them going through showing

1346

01:09:09,309 --> 01:09:06,319

various saying it says now we had at one

1347

01:09:12,340 --> 01:09:09,319

time 15 people were working with three

1348

01:09:15,099 --> 01:09:12,350

metal detectors and midnight 26 people

1349

01:09:18,039 --> 01:09:15,109

involved with this project since about

1350

01:09:19,419 --> 01:09:18,049

two thousand five the reason we had a

1351

01:09:21,970 --> 01:09:19,429

crew of Navajos out there just really

1352

01:09:25,269 --> 01:09:21,980

worked hard to really work well and they

1353

01:09:28,269 --> 01:09:25,279

done did sunlight 28 test bitching about

1354

01:09:31,120 --> 01:09:28,279

three days and there is transmitted via

1355

01:09:33,329 --> 01:09:31,130

about the four feet wide Murphy long

1356

01:09:36,789 --> 01:09:33,339

four feet square at about 20 inches deep

1357

01:09:38,349 --> 01:09:36,799

anything below 20 inches was rocks so we

1358

01:09:41,320 --> 01:09:38,359

didn't find it we didn't want to go down

1359

01:09:45,760 --> 01:09:41,330

that low but we were skimming the

1360

01:09:52,120 --> 01:09:45,770

surface prepare Lee Wow now you're

1361

01:09:56,040 --> 01:09:52,130

saying on your website is that the most

1362

01:10:01,150 --> 01:09:56,050

important material was the i-beam and

1363

01:10:05,560 --> 01:10:01,160

I'm back up look at that that's not that

1364

01:10:08,860 --> 01:10:05,570

that site www UFO Kreisberg calm that's

1365

01:10:13,300 --> 01:10:08,870

right on in the chapter sexy crowded now

1366

01:10:16,959 --> 01:10:13,310

2012 and it was found in rocks alleged

1367

01:10:18,300 --> 01:10:16,969

socks and we have a whole chapter on a

1368

01:10:25,670 --> 01:10:18,310

chapter 2 half

1369

01:10:33,420 --> 01:10:29,670

metallurgy in it that we don't have hat

1370

01:10:36,660 --> 01:10:33,430

we don't have all this is our quiet I

1371

01:10:39,960 --> 01:10:36,670

fluidly don't know well amenities to

1372

01:10:41,670 --> 01:10:39,970

notice agent and a lot of silicone

1373

01:10:45,210 --> 01:10:41,680

mostly aluminum but they all would

1374

01:10:47,580 --> 01:10:45,220

always entities in it and this one had

1375

01:10:50,790 --> 01:10:47,590

us a crude holes drilled in it you can

1376

01:10:52,410 --> 01:10:50,800

see them on the third there yeah and we

1377

01:10:54,360 --> 01:10:52,420

think that they don't we don't think

1378

01:10:56,520 --> 01:10:54,370

that but the UFO is bolted together with

1379

01:11:00,120 --> 01:10:56,530

groups with holes we think that was a

1380

01:11:02,370 --> 01:11:00,130

repair they put that the i-beam probably

1381

01:11:04,440 --> 01:11:02,380

went behind the plate and it's and all

1382

01:11:06,720 --> 01:11:04,450

of those are that was honeycomb another

1383

01:11:09,510 --> 01:11:06,730

place so we think there was a bold

1384

01:11:13,020 --> 01:11:09,520

scientist type structure like cereal

1385

01:11:16,340 --> 01:11:13,030

bowl of I beams hey we had what we call

1386

01:11:20,280 --> 01:11:16,350

a light metal on on the inside of the IB

1387

01:11:21,930 --> 01:11:20,290

then we had to honeycomb and then we had

1388

01:11:26,000 --> 01:11:21,940

the heavy barrel on the inside of any

1389

01:11:30,570 --> 01:11:26,010

felt so it sort of made a sandwich hmm

1390

01:11:32,340 --> 01:11:30,580

yes sir is there some kind of engraving

1391

01:11:34,640 --> 01:11:32,350

on the side of that I beam I'm looking

1392

01:11:37,160 --> 01:11:34,650

at it and it looks like there's a a

1393

01:11:46,260 --> 01:11:37,170

triangle with a circle in the middle

1394

01:11:52,680 --> 01:11:46,270

yeah that's chapter oh no the just very

1395

01:11:55,680 --> 01:11:52,690

circusy pull it off but there was yeah

1396

01:11:57,870 --> 01:11:55,690

it's the end of chapter 6 and your

1397

01:11:59,370 --> 01:11:57,880

listeners could could click on this red

1398

01:12:01,350 --> 01:11:59,380

number six down there were the chapter

1399

01:12:03,780 --> 01:12:01,360

to listen and see a picture the IV

1400

01:12:05,730 --> 01:12:03,790

another piece of honeycomb was metal

1401

01:12:09,420 --> 01:12:05,740

stuck to it we found it there or the

1402

01:12:14,880 --> 01:12:09,430

right end a triangle it was two inches

1403

01:12:19,410 --> 01:12:14,890

high and a little bit more like an inch

1404

01:12:21,510 --> 01:12:19,420

and a half at the bottom so it was

1405

01:12:24,080 --> 01:12:21,520

isosceles triangle it was neither

1406

01:12:27,840 --> 01:12:24,090

lateral and in the middle of the circle

1407

01:12:29,610 --> 01:12:27,850

and we thought well what they tried to

1408

01:12:30,939 --> 01:12:29,620

tell us well I don't think anybody the

1409

01:12:33,009 --> 01:12:30,949

right why we say that

1410

01:12:36,189 --> 01:12:33,019

an advanced civilization the use of

1411

01:12:38,549 --> 01:12:36,199

hieroglyphics you know how were they how

1412

01:12:42,189 --> 01:12:38,559

were they do math of hieroglyphics so

1413

01:12:44,469 --> 01:12:42,199

well I assumed it was a makers mark and

1414

01:12:51,160 --> 01:12:44,479

it looked like it had been used before

1415

01:12:55,120 --> 01:12:51,170

and the holes are very crude and I one

1416

01:12:57,729 --> 01:12:55,130

guy tried to come in here from the

1417

01:13:00,669 --> 01:12:57,739

Eastern MUFON group mutual UFO network

1418

01:13:03,609 --> 01:13:00,679

and try to convince her why this was an

1419

01:13:06,790 --> 01:13:03,619

airplane part the plane crash in 1944

1420

01:13:09,520 --> 01:13:06,800

and this was three miles away from that

1421

01:13:10,509 --> 01:13:09,530

which is about do about that crash but

1422

01:13:12,459 --> 01:13:10,519

we don't have anything with this

1423

01:13:15,520 --> 01:13:12,469

excitement gravy go on it oh I think it

1424

01:13:17,469 --> 01:13:15,530

was a makers mark and then we did we did

1425

01:13:20,649 --> 01:13:17,479

this the dumb thing turned out to be

1426

01:13:25,299 --> 01:13:20,659

quite quite unfortunate we rub some

1427

01:13:26,859 --> 01:13:25,309

butter on it and then put some graphite

1428

01:13:30,250 --> 01:13:26,869

or in the black draught I can use it to

1429

01:13:33,660 --> 01:13:30,260

walk to the car the black powder right

1430

01:13:36,009 --> 01:13:33,670

and we saw additional circles behind

1431

01:13:39,520 --> 01:13:36,019

Marshall circles coming in behind the

1432

01:13:45,790 --> 01:13:39,530

triangle hmm and in the book we show how

1433

01:13:49,029 --> 01:13:45,800

it looked and so apparently we are

1434

01:13:51,459 --> 01:13:49,039

looking here at an eclipse because

1435

01:13:54,699 --> 01:13:51,469

there's no partial circles of the same

1436

01:13:56,799 --> 01:13:54,709

triangle 50 them overlapping each other

1437

01:13:58,899 --> 01:13:56,809

there was the full circle only full

1438

01:14:00,310 --> 01:13:58,909

circles in the middle so it's kind of

1439

01:14:04,000 --> 01:14:00,320

look like the eclipses having it from

1440

01:14:05,979 --> 01:14:04,010

behind and we only see partial circles

1441

01:14:10,629 --> 01:14:05,989

but they were real they were really

1442

01:14:14,100 --> 01:14:10,639

there and so surprised sassy what what

1443

01:14:17,020 --> 01:14:14,110

did you do to do this as well I think

1444

01:14:19,029 --> 01:14:17,030

positive the aliens at least some of

1445

01:14:24,100 --> 01:14:19,039

them may have great reverence for

1446

01:14:27,069 --> 01:14:24,110

celestial events well who does so you

1447

01:14:30,339 --> 01:14:27,079

know I ligan all atwitter ugly another

1448

01:14:32,319 --> 01:14:30,349

Eclipse endorsing like that so I think

1449

01:14:33,549 --> 01:14:32,329

all of us have it remembers for those

1450

01:14:36,129 --> 01:14:33,559

those those those kind of things

1451

01:14:39,339 --> 01:14:36,139

regardless of what we believe we know

1452

01:14:41,199 --> 01:14:39,349

that here is as if they have not got

1453

01:14:44,200 --> 01:14:41,209

there is it is unimportant in fact it

1454

01:14:45,820 --> 01:14:44,210

was happening so

1455

01:14:48,510 --> 01:14:45,830

that's all we could guess and then we

1456

01:14:54,790 --> 01:14:48,520

found that the UFO landed in Britain

1457

01:14:57,900 --> 01:14:54,800

called the Rendlesham forest and the

1458

01:15:03,280 --> 01:14:57,910

eighth was crafting down with a triangle

1459

01:15:06,160 --> 01:15:03,290

on it and it had a circle on two circles

1460

01:15:08,170 --> 01:15:06,170

what on a big circle world was bought

1461

01:15:10,990 --> 01:15:08,180

with it would assume that that was it

1462

01:15:14,320 --> 01:15:11,000

looked to us like a simple symbol of a

1463

01:15:17,290 --> 01:15:14,330

planet moving around his son hmm that

1464

01:15:21,550 --> 01:15:17,300

was on a craft that came down at the

1465

01:15:24,160 --> 01:15:21,560

1980 thinkin that a joint air bases in

1466

01:15:26,200 --> 01:15:24,170

the Rendlesham forest went water ee was

1467

01:15:28,860 --> 01:15:26,210

with a was yeah Bentwaters yeah we had

1468

01:15:31,270 --> 01:15:28,870

fairly recently we had John Burroughs

1469

01:15:35,560 --> 01:15:31,280

who was present at the Bentwaters

1470

01:15:41,050 --> 01:15:35,570

incident on and that was quite an

1471

01:15:43,150 --> 01:15:41,060

amazing Glen amazing yeah did you do any

1472

01:15:45,520 --> 01:15:43,160

looking into that I mean I know you've

1473

01:15:48,580 --> 01:15:45,530

spent so much time on on this particular

1474

01:15:52,990 --> 01:15:48,590

case but before I think you got started

1475

01:15:58,090 --> 01:15:53,000

on this case when in 1990 i started at

1476

01:16:03,520 --> 01:15:58,100

the site of 90 94 94 and i was there by

1477

01:16:06,280 --> 01:16:03,530

myself till 2004 yep here's i work no

1478

01:16:08,740 --> 01:16:06,290

but every of the year i got there had

1479

01:16:11,620 --> 01:16:08,750

worked and i found quite a bit of stuff

1480

01:16:13,709 --> 01:16:11,630

including the artifact the oil and other

1481

01:16:15,910 --> 01:16:13,719

things but we didn't find the big stuff

1482

01:16:18,610 --> 01:16:15,920

until we got up on the hill where the

1483

01:16:20,290 --> 01:16:18,620

craft has skipped out and it apparently

1484

01:16:22,810 --> 01:16:20,300

was skipped it drove some material at

1485

01:16:25,140 --> 01:16:22,820

the ground and apparently the cleanup

1486

01:16:30,820 --> 01:16:25,150

crew was you i was using my old actors

1487

01:16:34,150 --> 01:16:30,830

so they just covered it over and this I

1488

01:16:35,890 --> 01:16:34,160

beam was laying into rocks like it just

1489

01:16:38,140 --> 01:16:35,900

falling out of the sky and it's wedges

1490

01:16:41,400 --> 01:16:38,150

that with a couple of rocks it's 13

1491

01:16:45,670 --> 01:16:41,410

inches long by the way ways to 13 pounds

1492

01:16:48,820 --> 01:16:45,680

13 a quarter it's the flanges are two

1493

01:16:50,620 --> 01:16:48,830

inches wide on both sides and the post

1494

01:16:55,479 --> 01:16:50,630

in the middle is about one and a half

1495

01:16:57,940 --> 01:16:55,489

inches and we have a chip being like

1496

01:17:02,200 --> 01:16:57,950

this but they're made to the to disagree

1497

01:17:04,840 --> 01:17:02,210

horizontal stress not work the standard

1498

01:17:08,010 --> 01:17:04,850

i beam we find imputed skyscrapers it's

1499

01:17:11,080 --> 01:17:08,020

more sure on the flanges and this one

1500

01:17:13,150 --> 01:17:11,090

this one was made to distribute

1501  
01:17:19,090 --> 01:17:13,160  
horizontal roads which would be perfect

1502  
01:17:22,720 --> 01:17:19,100  
for UFO now who's um who owns the land

1503  
01:17:25,030 --> 01:17:22,730  
that your crash site is on well the land

1504  
01:17:29,230 --> 01:17:25,040  
out there in planes is so it's a

1505  
01:17:31,540 --> 01:17:29,240  
complicated deal you lease land from the

1506  
01:17:34,840 --> 01:17:31,550  
state the government or individuals who

1507  
01:17:37,690 --> 01:17:34,850  
are living our state and so everybody's

1508  
01:17:40,300 --> 01:17:37,700  
land looks like a patchwork quilt if you

1509  
01:17:43,330 --> 01:17:40,310  
look at map of it right I have a piece

1510  
01:17:46,030 --> 01:17:43,340  
of leo I've land this least for so much

1511  
01:17:48,310 --> 01:17:46,040  
a year you may even if they have a piece

1512  
01:17:51,330 --> 01:17:48,320  
of private land adjoining one corner of

1513  
01:17:55,900 --> 01:17:51,340

it you may have a piece of state land

1514

01:18:00,150 --> 01:17:55,910

there so the private parties US

1515

01:18:03,700 --> 01:18:00,160

government and state all own parcels so

1516

01:18:06,040 --> 01:18:03,710

the federal government the federal

1517

01:18:09,280 --> 01:18:06,050

government via the bureau of land

1518

01:18:12,030 --> 01:18:09,290

management BLM yes they would be the

1519

01:18:15,190 --> 01:18:12,040

ones who would be leasing the land right

1520

01:18:17,140 --> 01:18:15,200

boy they seem to Liesl you know the BLM

1521

01:18:21,510 --> 01:18:17,150

seems to be involved in a lot of sites

1522

01:18:25,240 --> 01:18:21,520

that are related to UFOs don't they well

1523

01:18:28,480 --> 01:18:25,250

they have a lot of light maybe that's it

1524

01:18:30,400 --> 01:18:28,490

expand on it but they certainly would be

1525

01:18:33,970 --> 01:18:30,410

a chance of fighting ufos at the right

1526

01:18:35,440 --> 01:18:33,980

kind of land that's for sure but then

1527

01:18:40,120 --> 01:18:35,450

they have it that interfere at all with

1528

01:18:42,190 --> 01:18:40,130

anything so we pretty well they're both

1529

01:18:45,400 --> 01:18:42,200

concerned about the ranchers the cattle

1530

01:18:46,780 --> 01:18:45,410

and and the ranchers tickets are the

1531

01:18:48,220 --> 01:18:46,790

interesting thing i can see some people

1532

01:18:52,750 --> 01:18:48,230

come on their land pick me the older

1533

01:18:57,100 --> 01:18:52,760

ones don't get comfy very often but they

1534

01:19:02,520 --> 01:18:57,110

still get the gates locked right right

1535

01:19:05,650 --> 01:19:02,530

right well now what are your plans for

1536

01:19:08,020 --> 01:19:05,660

your your case have you pretty much

1537

01:19:09,610 --> 01:19:08,030

researched it now as much as you're

1538

01:19:11,620 --> 01:19:09,620

going to I know you've released a book

1539

01:19:15,100 --> 01:19:11,630

on it which you can get

1540

01:19:17,590 --> 01:19:15,110

only sit on that for a while of an a no

1541

01:19:19,629 --> 01:19:17,600

least a book on it and you can get it

1542

01:19:23,680 --> 01:19:19,639

through the website there's a over the

1543

01:19:28,209 --> 01:19:23,690

book and we get some very nice comments

1544

01:19:31,030 --> 01:19:28,219

from readers so as we're selling it

1545

01:19:33,459 --> 01:19:31,040

through creative space amazon and it

1546

01:19:35,950 --> 01:19:33,469

runs right through to how to how to

1547

01:19:38,290 --> 01:19:35,960

order although the website if i recall

1548

01:19:41,410 --> 01:19:38,300

the price have been knocked down about

1549

01:19:43,240 --> 01:19:41,420

twenty to sixty five more a hundred

1550

01:19:45,310 --> 01:19:43,250

fifty facebook with dotty photographs is

1551

01:19:48,100 --> 01:19:45,320

for a good deal and it's not a little

1552

01:19:51,390 --> 01:19:48,110

book it's a its owners like eight and a

1553

01:19:56,919 --> 01:19:51,400

half by eleven page so it's it's not a

1554

01:19:58,870 --> 01:19:56,929

tiny minority thanks good wait 60 wait

1555

01:20:02,919 --> 01:19:58,880

15 ounces so i thought i have to wear a

1556

01:20:04,930 --> 01:20:02,929

veil it i had to pay for extra 10 ounces

1557

01:20:09,820 --> 01:20:04,940

yeah i see you've got lots of

1558

01:20:12,520 --> 01:20:09,830

compliments from some pretty pretty high

1559

01:20:15,550 --> 01:20:12,530

people talking about how well researched

1560

01:20:18,040 --> 01:20:15,560

it is and you know how well the evidence

1561

01:20:20,169 --> 01:20:18,050

is presented 10 years are all together

1562

01:20:22,360 --> 01:20:20,179

and it was took me about five years just

1563

01:20:23,649 --> 01:20:22,370

a planet and the problem was we started

1564

01:20:26,890 --> 01:20:23,659

fighting stuff well I thought it was

1565

01:20:29,919 --> 01:20:26,900

done and so that kinda messed up my

1566

01:20:32,530 --> 01:20:29,929

index so I got to go back at this work

1567

01:20:36,399 --> 01:20:32,540

two more work on editing and the indexes

1568

01:20:39,550 --> 01:20:36,409

avoided but we will go good night he

1569

01:20:41,919 --> 01:20:39,560

said where we want it yeah yeah yeah

1570

01:20:45,990 --> 01:20:41,929

Timothy good who everybody knows he's a

1571

01:20:48,370 --> 01:20:46,000

noted author from the UK and a

1572

01:20:52,419 --> 01:20:48,380

researcher and he says it's see it's

1573

01:20:56,260 --> 01:20:52,429

superbly researched you know and Donald

1574

01:21:00,430 --> 01:20:56,270

Kehoe and he talks about you and your

1575

01:21:03,399 --> 01:21:00,440

your good work and and so does nuclear

1576

01:21:07,030 --> 01:21:03,409

physicist Stanton Friedman so it's a

1577

01:21:11,110 --> 01:21:07,040

great thing to have to own it's a nice

1578

01:21:13,740 --> 01:21:11,120

big book so not teeny tiny writing and

1579

01:21:17,500 --> 01:21:13,750

lots of good illustrations pictures

1580

01:21:24,010 --> 01:21:17,510

statistics I mean this is the real deal

1581

01:21:25,359 --> 01:21:24,020

that's UFO crash book.com now have you

1582

01:21:27,580 --> 01:21:25,369

got any plans in

1583

01:21:30,609 --> 01:21:27,590

future to make any presentations on this

1584

01:21:32,979 --> 01:21:30,619

or going like cocoa for presentations i

1585

01:21:35,439 --> 01:21:32,989

live at this Pacific Northwest pretty

1586

01:21:38,199 --> 01:21:35,449

Isolators I don't get around quite as

1587

01:21:40,659 --> 01:21:38,209

much of the eastern ufologist do right

1588

01:21:42,909 --> 01:21:40,669

but I'll be glad to go anywhere at any

1589

01:21:45,129 --> 01:21:42,919

time so I said in your ticket oh yeah

1590

01:21:46,600 --> 01:21:45,139

maybe one of these conferences coming up

1591

01:21:50,229 --> 01:21:46,610

because I think this would be a great

1592

01:21:53,529 --> 01:21:50,239

presentation and it's certainly a few

1593

01:21:55,449 --> 01:21:53,539

conferences but apparently I've been to

1594

01:22:00,489 --> 01:21:55,459

first generation and now to avoid us

1595

01:22:05,020 --> 01:22:00,499

into a conspiracy then you know it was

1596

01:22:08,529 --> 01:22:05,030

UFO sighting in on JFK and it really

1597

01:22:11,350 --> 01:22:08,539

gets a ridiculous well I tell you you

1598

01:22:13,839 --> 01:22:11,360

know it's like I wouldn't think that it

1599

01:22:17,799 --> 01:22:13,849

would ever hurt to get you know the

1600

01:22:20,439 --> 01:22:17,809

background on this thing you know we

1601  
01:22:23,080 --> 01:22:20,449  
should be taking advantage you know in a

1602  
01:22:25,839 --> 01:22:23,090  
good way of people like you who have

1603  
01:22:28,719 --> 01:22:25,849  
been there throughout the history of the

1604  
01:22:30,489 --> 01:22:28,729  
study of UFOs I mean my goodness you

1605  
01:22:32,799 --> 01:22:30,499  
know I had a million questions for you

1606  
01:22:35,109 --> 01:22:32,809  
regarding eisenhower you know the

1607  
01:22:36,489 --> 01:22:35,119  
Roswell crash this crash other things

1608  
01:22:38,799 --> 01:22:36,499  
that you heard about you know with

1609  
01:22:40,899 --> 01:22:38,809  
that's why I was asking you about things

1610  
01:22:42,699 --> 01:22:40,909  
like Betty and Barney Hill like at the

1611  
01:22:47,560 --> 01:22:42,709  
time you know what were people saying

1612  
01:22:50,589 --> 01:22:47,570  
about it I am I know I had a chance to

1613  
01:22:52,419 --> 01:22:50,599

talk to Betty hill on several occasions

1614

01:22:56,020 --> 01:22:52,429

we got to kind of be France a little bit

1615

01:22:59,770 --> 01:22:56,030

and I'm so glad of course Barney had

1616

01:23:03,520 --> 01:22:59,780

been long gone by then he died fairly

1617

01:23:07,509 --> 01:23:03,530

early on but she struck me as being a

1618

01:23:10,569 --> 01:23:07,519

very down-to-earth lady and she was she

1619

01:23:12,219 --> 01:23:10,579

appears to be and did you remember who

1620

01:23:16,810 --> 01:23:12,229

played the part of Barney and they had a

1621

01:23:21,759 --> 01:23:16,820

movie yes James Earl Jones don't know k

1622

01:23:23,859 --> 01:23:21,769

Jojo yeah absolutely yep yep that now

1623

01:23:27,129 --> 01:23:23,869

they called the book was called

1624

01:23:29,469 --> 01:23:27,139

interrupted journey but the but the

1625

01:23:32,080 --> 01:23:29,479

movie was called something else I don't

1626

01:23:37,000 --> 01:23:32,090

remember where it was there is something

1627

01:23:38,859 --> 01:23:37,010

that happened before I asked for I left

1628

01:23:42,129 --> 01:23:38,869

you UFO they got back

1629

01:23:44,139 --> 01:23:42,139

it eventually the eyes got bigger and it

1630

01:23:46,929 --> 01:23:44,149

seems like the first time we have a

1631

01:23:50,679 --> 01:23:46,939

description of the large eyes is at the

1632

01:23:55,169 --> 01:23:50,689

Betty Lauryn Hill case s 1965 or so hmm

1633

01:23:58,600 --> 01:23:55,179

well that they were very small eyes and

1634

01:24:02,109 --> 01:23:58,610

so I suppose a large hide faith may be

1635

01:24:05,169 --> 01:24:02,119

close I don't know what if my logic or

1636

01:24:08,949 --> 01:24:05,179

not but I was wondering if they might be

1637

01:24:10,719 --> 01:24:08,959

robots or something but because people

1638

01:24:15,969 --> 01:24:10,729

talk about in moving in a sort of

1639

01:24:17,979 --> 01:24:15,979

robotic way but the other idea is ok we

1640

01:24:19,869 --> 01:24:17,989

have a lot of people who are willing to

1641

01:24:21,939 --> 01:24:19,879

accept the idea that there are things

1642

01:24:24,669 --> 01:24:21,949

you know flying around out there and

1643

01:24:27,839 --> 01:24:24,679

that they seem to be intelligently

1644

01:24:31,449 --> 01:24:27,849

controlled well that means that somebody

1645

01:24:35,020 --> 01:24:31,459

intelligent is controlling them and so

1646

01:24:37,750 --> 01:24:35,030

if we accept that accept the idea that

1647

01:24:41,259 --> 01:24:37,760

there are beings from other places

1648

01:24:43,239 --> 01:24:41,269

coming here then maybe some of them do

1649

01:24:46,060 --> 01:24:43,249

look different than others maybe they're

1650

01:24:48,129 --> 01:24:46,070

some you know that are have smaller eyes

1651

01:24:49,959 --> 01:24:48,139

maybe say you know some have bigger eyes

1652

01:24:54,009 --> 01:24:49,969

you hear people talking about the

1653

01:24:55,689 --> 01:24:54,019

different races and I mean of course of

1654

01:24:59,709 --> 01:24:55,699

our death of the soil conservation

1655

01:25:02,350 --> 01:24:59,719

engineer to discover the site describes

1656

01:25:06,699 --> 01:25:02,360

it was affirmative but I wonderfox

1657

01:25:09,879 --> 01:25:06,709

related to him I don't know he came from

1658

01:25:13,029 --> 01:25:09,889

the leave Oklahoma Texas of lies

1659

01:25:18,100 --> 01:25:13,039

somewhere in that area of Oklahoma and

1660

01:25:21,429 --> 01:25:18,110

uh oh I came from a very small town in

1661

01:25:23,830 --> 01:25:21,439

southeastern Oklahoma cult Stigler and I

1662

01:25:28,060 --> 01:25:23,840

live it's down by the Okla I'm in by the

1663

01:25:30,639 --> 01:25:28,070

Arkansas State Line in the Choctaw

1664

01:25:33,069 --> 01:25:30,649

Nation even come folk almost for sure we

1665

01:25:36,580 --> 01:25:33,079

have auto realities of around Tulsa well

1666

01:25:38,649 --> 01:25:36,590

I lived in tulsa for Pearson reasoning

1667

01:25:41,009 --> 01:25:38,659

to be addressed I came to get asked if

1668

01:25:44,560 --> 01:25:41,019

I've ever been hassled by anybody and I

1669

01:25:47,109 --> 01:25:44,570

went to my lawyer and I said what

1670

01:25:49,449 --> 01:25:47,119

happens if i hit and she said well you

1671

01:25:51,369 --> 01:25:49,459

don't have to let them in on asking our

1672

01:25:51,700 --> 01:25:51,379

answer any questions you just hand them

1673

01:25:54,820 --> 01:25:51,710

their

1674

01:25:57,040 --> 01:25:54,830

once it's my business card she had if

1675

01:25:59,020 --> 01:25:57,050

you had a questionnaire somebody's a lot

1676

01:26:00,900 --> 01:25:59,030

of questions for you this card then they

1677

01:26:03,729 --> 01:26:00,910

can't talk to you about me being present

1678

01:26:05,020 --> 01:26:03,739

another great deal hey you know so I put

1679

01:26:08,650 --> 01:26:05,030

the card by my front door of the

1680

01:26:10,570 --> 01:26:08,660

thumbtacks an hour our computer of face

1681

01:26:12,820 --> 01:26:10,580

to the sidewalk the day I saw two guys

1682

01:26:14,350 --> 01:26:12,830

in black guy without oh my god if it

1683

01:26:17,110 --> 01:26:14,360

black van parked out there in front a

1684

01:26:19,840 --> 01:26:17,120

big black briefcase and I thought well I

1685

01:26:21,250 --> 01:26:19,850

better get that card if we need it and I

1686

01:26:23,560 --> 01:26:21,260

was reaching for it as I opened the door

1687

01:26:28,450 --> 01:26:23,570

and I was never so relieved in my wife

1688

01:26:31,180 --> 01:26:28,460

to find two more missionaries and makes

1689

01:26:33,100 --> 01:26:31,190

you food I don't know what are you

1690

01:26:34,690 --> 01:26:33,110

drinking but come on in our poor it and

1691

01:26:38,200 --> 01:26:34,700

so they both have a glass of lemonade

1692

01:26:40,720 --> 01:26:38,210

with the summertime so that's what I

1693

01:26:43,330 --> 01:26:40,730

came to that's the man in black well

1694

01:26:45,430 --> 01:26:43,340

that's good you know I am you know you

1695

01:26:49,300 --> 01:26:45,440

always hear about people being harassed

1696

01:26:52,930 --> 01:26:49,310

and you know their offices broken into

1697

01:26:56,050 --> 01:26:52,940

and all that now I'm never really within

1698

01:26:58,540 --> 01:26:56,060

the UFO genre had anything like that

1699

01:27:01,420 --> 01:26:58,550

occur then you know I spent a number of

1700

01:27:03,610 --> 01:27:01,430

years at UFO magazine and it was kind of

1701

01:27:06,010 --> 01:27:03,620

a clearinghouse for a lot of the

1702

01:27:11,830 --> 01:27:06,020

information that was coming in about

1703

01:27:14,020 --> 01:27:11,840

proposed and burnshaw future theater of

1704

01:27:17,440 --> 01:27:14,030

Ottawa two weeks ago yeah absolutely

1705

01:27:21,850 --> 01:27:17,450

yeah i was there i was there pre bill

1706

01:27:24,880 --> 01:27:21,860

burns i was there from the early 90's to

1707

01:27:27,280 --> 01:27:24,890

the mid 90s and then bill and nancy came

1708

01:27:30,310 --> 01:27:27,290

not too long after that in fact i was

1709

01:27:32,709 --> 01:27:30,320

there at a couple of dinner meetings

1710

01:27:36,580 --> 01:27:32,719

with them as they were sort of passing

1711

01:27:38,620 --> 01:27:36,590

along into the running of the magazine

1712

01:27:41,890 --> 01:27:38,630

but that's when I left to go do

1713

01:27:44,380 --> 01:27:41,900

television but yeah there was a lot of

1714

01:27:46,630 --> 01:27:44,390

stuff going through our offices reports

1715

01:27:49,120 --> 01:27:46,640

you know witnesses calling different

1716

01:27:53,200 --> 01:27:49,130

things like that and we never had any

1717

01:27:56,050 --> 01:27:53,210

harassment that we could ever tell I

1718

01:28:00,010 --> 01:27:56,060

mean we did unfortunately from some of

1719

01:28:01,900 --> 01:28:00,020

the UFO people some of the ufologists

1720

01:28:05,560 --> 01:28:01,910

who was there was a lot of infighting

1721

01:28:08,140 --> 01:28:05,570

going on people

1722

01:28:09,550 --> 01:28:08,150

yeah I think that does in every what are

1723

01:28:10,899 --> 01:28:09,560

you going to do what sort of those

1724

01:28:13,390 --> 01:28:10,909

article comes out devote your whole

1725

01:28:15,490 --> 01:28:13,400

project I said we can't do it but she

1726

01:28:19,750 --> 01:28:15,500

goes to japan and talk to the guys and

1727

01:28:22,390 --> 01:28:19,760

found that the honeycomb over there my

1728

01:28:24,609 --> 01:28:22,400

mind of my job is what I've always jobs

1729

01:28:27,729 --> 01:28:24,619

i want to write something though that is

1730

01:28:30,459 --> 01:28:27,739

this coherent detailed and i want people

1731

01:28:37,569 --> 01:28:30,469

make up their own minds and that's all

1732

01:28:39,250 --> 01:28:37,579

it offer can do yeah absolutely now we

1733

01:28:40,870 --> 01:28:39,260

want to tell before we go and oh my

1734

01:28:44,319 --> 01:28:40,880

goodness we're just down to about a

1735

01:28:46,479 --> 01:28:44,329

minute I can't believe it we want to one

1736

01:28:49,419 --> 01:28:46,489

more time remind people that there is a

1737

01:28:53,319 --> 01:28:49,429

book that contains all the information

1738

01:28:57,149 --> 01:28:53,329

on the UFO crash at st. Augustine st.

1739

01:29:01,919 --> 01:28:57,159

Augustine New Mexico by art Campbell and

1740

01:29:11,760 --> 01:29:01,929

you can find that at UFO crash book.com

1741

01:29:17,169 --> 01:29:15,399

yeah I believe that I believe that I you

1742

01:29:18,459 --> 01:29:17,179

know I just received my coffee so I had

1743

01:29:20,260 --> 01:29:18,469

a chance to read the whole thing but

1744

01:29:23,080 --> 01:29:20,270

looking through it it's very

1745

01:29:25,479 --> 01:29:23,090

comprehensive and it's very interesting

1746

01:29:28,990 --> 01:29:25,489

and that shoe is just amazing that shoot

1747

01:29:31,089 --> 01:29:29,000

soul that you found that is crazy yeah

1748

01:29:34,390 --> 01:29:31,099

things I got a 25-15 laying there by it

1749

01:29:38,370 --> 01:29:34,400

and that's getting idea of the size it

1750

01:29:46,770 --> 01:29:44,220

and yeah I won't go without you here for

1751

01:29:49,160 --> 01:29:46,780

about a big enough and he probably just

1752

01:29:51,720 --> 01:29:49,170

thought it wasn't associated with the

1753

01:29:53,820 --> 01:29:51,730

there's other conservation something

1754

01:29:56,100 --> 01:29:53,830

there and this whole royal busy almost

1755

01:29:58,800 --> 01:29:56,110

dr. trashes and there's the royal is
