Suspicious Observers

Art Webb
Marik Schwartz

TruthFunders Radio

HOSTS: Art Webb & Mark Schwartz

1
00:00:15,760 --> 00:00:02,240
you're locked into inception radio

2
00:00:19,099 --> 00:00:15,770
network superior Wisconsin this is

3
00:00:21,830 --> 00:00:19,109
funders radio on the inception radio

4
00:00:23,570 --> 00:00:21,840
network a weekly audio Safari that

5
00:00:25,580 --> 00:00:23,580
features the newest in paranormal

6
00:00:28,220 --> 00:00:25,590
discoveries while highlighting the

7
00:00:31,460 --> 00:00:28,230
latest and not to be missed truth funder

8
00:00:33,709 --> 00:00:31,470
com projects for truth seekers and true

9
00:00:38,479 --> 00:00:33,719
believers this week's truth butters

10
00:00:40,190 --> 00:00:38,489
starts now readings bonjour à la welcome

11
00:00:42,380 --> 00:00:40,200
and hello this is the truth hunters

12
00:00:45,290 --> 00:00:42,390
radio show live on the inception radio

13
00:00:46,760 --> 00:00:45,300

network my name is art web and i am your

14

00:00:48,110 --> 00:00:46,770

host for this weekly look at truth

15

00:00:49,459 --> 00:00:48,120

funders and everything that is the

16

00:00:52,220 --> 00:00:49,469

paranormal the metaphysical that is

17

00:00:54,290 --> 00:00:52,230

universal and of course essentially good

18

00:00:55,790 --> 00:00:54,300

it is all about the light here you can

19

00:00:57,200 --> 00:00:55,800

listen to two thunders on the inception

20

00:00:59,479 --> 00:00:57,210

radio network by downloading their

21

00:01:01,010 --> 00:00:59,489

amazing app you can listen to inception

22

00:01:03,049 --> 00:01:01,020

radio shows all week long and the

23

00:01:03,979 --> 00:01:03,059

library of past truth Thunder shows if

24

00:01:06,170 --> 00:01:03,989

that's something you want to get into

25

00:01:07,670 --> 00:01:06,180

and you can just go download that

26

00:01:09,380 --> 00:01:07,680

wherever you download apps from i think

27

00:01:11,030 --> 00:01:09,390

it's the junkyard down the street I

28

00:01:12,800 --> 00:01:11,040

don't know odd number two you can listen

29

00:01:14,200 --> 00:01:12,810

to Roku if the you know you got one of

30

00:01:17,480 --> 00:01:14,210

those Roku boxes they're pretty snappy

31

00:01:20,660 --> 00:01:17,490

new piece of technology and uh if you

32

00:01:22,190 --> 00:01:20,670

just engage your Roku box you can I

33

00:01:23,660 --> 00:01:22,200

don't I don't have one so honestly I

34

00:01:24,800 --> 00:01:23,670

don't know how to do it so you the

35

00:01:26,450 --> 00:01:24,810

people that do I'm sure you can figure

36

00:01:29,179 --> 00:01:26,460

it out or you can listen live by going

37

00:01:33,080 --> 00:01:29,189

to inception radio com / listen listen

38

00:01:34,969 --> 00:01:33,090

rather dash live listen dash alive as

39

00:01:36,649 --> 00:01:34,979

always I'm joined by the CEO and founder

40

00:01:39,020 --> 00:01:36,659

of truth thunders calm his name is mark

41

00:01:41,539 --> 00:01:39,030

schwartz and mark i'm sure this is a

42

00:01:43,550 --> 00:01:41,549

much more comfortable position for you

43

00:01:46,130 --> 00:01:43,560

to be sitting in this week as opposed to

44

00:01:48,170 --> 00:01:46,140

last week when I just completely no call

45

00:01:50,929 --> 00:01:48,180

no showed due to a personal emergency

46

00:01:53,149 --> 00:01:50,939

that I unfortunately was really bummed

47

00:01:54,770 --> 00:01:53,159

out to have you know mr. show and to be

48

00:01:56,959 --> 00:01:54,780

not reliable like that that's not very

49

00:01:58,280 --> 00:01:56,969

adult of me but it was a personal

50

00:01:59,990 --> 00:01:58,290

emergency and that's all I'm going to

51
00:02:02,539 --> 00:02:00,000
say but I'm sure it is nice to have me

52
00:02:04,730 --> 00:02:02,549
back it is fantastic to have you back

53
00:02:06,590 --> 00:02:04,740
and I think the show went really well

54
00:02:08,779 --> 00:02:06,600
last week where there were a couple of

55
00:02:12,140 --> 00:02:08,789
technical glitches because you were not

56
00:02:13,910 --> 00:02:12,150
here but um you know I I think that

57
00:02:16,100 --> 00:02:13,920
David Schwartz he was really interesting

58
00:02:17,809 --> 00:02:16,110
guests that we had on and there are a

59
00:02:19,550 --> 00:02:17,819
lot of questions going on in the chat

60
00:02:21,410 --> 00:02:19,560
room and there is going to be a lot of

61
00:02:23,610 --> 00:02:21,420
questions going on tonight as well

62
00:02:25,800 --> 00:02:23,620
because we have an amazing guest

63
00:02:28,800 --> 00:02:25,810

you introduce I what about the phone /

64

00:02:30,600 --> 00:02:28,810

first if you don't mind 8 8 8 9 19 2 3 5

65

00:02:34,949 --> 00:02:30,610

5 is the telephone number here at truth

66

00:02:36,509 --> 00:02:34,959

funders radio 88 89 192 355 to reach the

67

00:02:38,460 --> 00:02:36,519

inception radio network write that

68

00:02:39,960 --> 00:02:38,470

number just write it down I'm not

69

00:02:41,399 --> 00:02:39,970

kidding write the number down because

70

00:02:42,720 --> 00:02:41,409

you know what's gonna happen I know what

71

00:02:44,399 --> 00:02:42,730

you're what you're gonna do because you

72

00:02:45,809 --> 00:02:44,409

know this is what you do to your like I

73

00:02:46,800 --> 00:02:45,819

can remember that you know if I got

74

00:02:48,119 --> 00:02:46,810

something I want to add or find

75

00:02:50,039 --> 00:02:48,129

something comes up like oh man I want to

76
00:02:52,259 --> 00:02:50,049
ask guests that we have coming up here

77
00:02:54,270 --> 00:02:52,269
who is on a big deal I want to ask him a

78
00:02:56,190 --> 00:02:54,280
question I'll remember 88 89 19 to 35

79
00:02:58,050 --> 00:02:56,200
guess what you're not going to but if

80
00:02:59,670 --> 00:02:58,060
you just let stupid thing down and then

81
00:03:01,170 --> 00:02:59,680
yeah maybe sometime during the show

82
00:03:02,460 --> 00:03:01,180
you're like oh man that's interesting i

83
00:03:03,420 --> 00:03:02,470
want to comment on that guess what you

84
00:03:05,670 --> 00:03:03,430
get the phone number in front of you

85
00:03:08,399 --> 00:03:05,680
right ahead into the right into the show

86
00:03:11,130 --> 00:03:08,409
so please please please uh give us a

87
00:03:13,289 --> 00:03:11,140
call provide your input to end you know

88
00:03:15,869 --> 00:03:13,299

your your reactions to things as they're

89

00:03:17,309 --> 00:03:15,879

happening here live on the show and we

90

00:03:19,470 --> 00:03:17,319

do encourage you to listen live every

91

00:03:21,720 --> 00:03:19,480

week we are on every wednesday evening

92

00:03:23,610 --> 00:03:21,730

and a lot of this consumption here is

93

00:03:25,289 --> 00:03:23,620

being done via podcast I we do

94

00:03:28,259 --> 00:03:25,299

appreciate those of you determine in

95

00:03:31,500 --> 00:03:28,269

live and we value your patronage as well

96

00:03:35,039 --> 00:03:31,510

our guest tonight is a huge deal i mean

97

00:03:38,430 --> 00:03:35,049

i cannot even begin to properly describe

98

00:03:40,289 --> 00:03:38,440

how excited I am about this particular

99

00:03:42,990 --> 00:03:40,299

episode that god was it was this week

100

00:03:44,940 --> 00:03:43,000

you're a man boy I thought oh and by

101
00:03:46,170 --> 00:03:44,950
this I'm gonna [h__h] all over this whole

102
00:03:50,009 --> 00:03:46,180
thing I'm telling you it is a phenomenal

103
00:03:52,020 --> 00:03:50,019
phenomenal human being that he has this

104
00:03:53,909 --> 00:03:52,030
guy here's the thing like I have been

105
00:03:57,659 --> 00:03:53,919
following Ben Davidson and the

106
00:03:59,580 --> 00:03:57,669
suspicious observers project for a the

107
00:04:02,460 --> 00:03:59,590
better part of three years now since

108
00:04:03,449 --> 00:04:02,470
2012 I think they did that was towards

109
00:04:04,770 --> 00:04:03,459
the beginning of when he started we'll

110
00:04:07,500 --> 00:04:04,780
get we'll get into that with him in just

111
00:04:09,720 --> 00:04:07,510
a moment but i have seen the evolution

112
00:04:12,900 --> 00:04:09,730
of this project and i have seen the

113
00:04:14,460 --> 00:04:12,910

growth and it's a lot like a butterfly I

114

00:04:17,939 --> 00:04:14,470

mean it started out as something so

115

00:04:20,520 --> 00:04:17,949

simple and so clearly a project of

116

00:04:24,620 --> 00:04:20,530

passion and it has evolved into this

117

00:04:27,420 --> 00:04:24,630

place now of having a significantly

118

00:04:29,939 --> 00:04:27,430

credible following and he just the

119

00:04:31,980 --> 00:04:29,949

content that he creates as a producer of

120

00:04:34,290 --> 00:04:31,990

content as somebody that looks at

121

00:04:35,839 --> 00:04:34,300

showmanship and looks at what works and

122

00:04:37,730 --> 00:04:35,849

what it is that

123

00:04:40,279 --> 00:04:37,740

you need in order to engage in a mass

124

00:04:42,109 --> 00:04:40,289

following this guy Ben he does it with

125

00:04:43,639 --> 00:04:42,119

such grace in such ease and with such

126

00:04:45,109 --> 00:04:43,649

natural abilities that I don't even

127

00:04:47,029 --> 00:04:45,119

think he knows half of the things that

128

00:04:49,939 --> 00:04:47,039

he does that he does right he just

129

00:04:52,339 --> 00:04:49,949

doesn't and he has such a compelling

130

00:04:55,129 --> 00:04:52,349

theories that he is putting other and he

131

00:04:57,709 --> 00:04:55,139

every morning these videos every single

132

00:04:59,719 --> 00:04:57,719

every goddamn day without failure I've

133

00:05:02,179 --> 00:04:59,729

never seen a product McDonald's is

134

00:05:04,609 --> 00:05:02,189

restless reliable product as as Ben's

135

00:05:07,010 --> 00:05:04,619

product every morning these YouTube

136

00:05:08,869 --> 00:05:07,020

videos about what's going on with this

137

00:05:10,459 --> 00:05:08,879

space weather and their planet and all

138

00:05:13,249 --> 00:05:10,469

these things that he gets out as early

139

00:05:15,649 --> 00:05:13,259

as you could possibly imagine they just

140

00:05:16,820 --> 00:05:15,659

look you and they become part of your

141

00:05:19,549 --> 00:05:16,830

daily routine in such way that you

142

00:05:20,869 --> 00:05:19,559

missed them if you don't show up to

143

00:05:22,279 --> 00:05:20,879

watch them because I guarantee you he's

144

00:05:23,719 --> 00:05:22,289

not gonna not have the video up there he

145

00:05:25,279 --> 00:05:23,729

gets him up there every single time and

146

00:05:28,279 --> 00:05:25,289

there's so many things that I want to

147

00:05:30,320 --> 00:05:28,289

get into with men and I just I wasn't me

148

00:05:32,689 --> 00:05:30,330

I'm like I got him cocaine you are your

149

00:05:36,350 --> 00:05:32,699

sand boy and that's okay that's great i

150

00:05:37,639 --> 00:05:36,360

love hearing your excitement um and you

151
00:05:40,999 --> 00:05:37,649
know he does follow this rigorous

152
00:05:43,399 --> 00:05:41,009
schedule because one when i was talking

153
00:05:46,759 --> 00:05:43,409
with him about booking him for the show

154
00:05:48,619 --> 00:05:46,769
um you know he goes to sleep early he

155
00:05:51,529 --> 00:05:48,629
goes to sleep super early so he would

156
00:05:53,629 --> 00:05:51,539
have to do it is yeah you get some out

157
00:05:55,100 --> 00:05:53,639
by I think it's like six a.m. east coast

158
00:05:57,290 --> 00:05:55,110
time so they're up by three or four in

159
00:05:59,149 --> 00:05:57,300
the morning here and let me write I tell

160
00:06:00,499 --> 00:05:59,159
you I tell you right now that there are

161
00:06:02,809 --> 00:06:00,509
nights that I don't sleep because I've

162
00:06:03,649 --> 00:06:02,819
some issues with like wanting to work in

163
00:06:05,239 --> 00:06:03,659

the middle the night I think it's

164

00:06:06,679 --> 00:06:05,249

quieter and I am able to get things done

165

00:06:07,879 --> 00:06:06,689

creatively that way and i'll be up and

166

00:06:09,529 --> 00:06:07,889

i'll be i got you know what it's like

167

00:06:12,379 --> 00:06:09,539

four thirty in the morning three clock

168

00:06:14,600 --> 00:06:12,389

for you know be 13 morning I wonder the

169

00:06:16,489 --> 00:06:14,610

videos posted yet in every time there

170

00:06:19,279 --> 00:06:16,499

they are and they are as a source of

171

00:06:21,139 --> 00:06:19,289

comfort for me at this point and um you

172

00:06:23,029 --> 00:06:21,149

know there's it the underlying like

173

00:06:28,040 --> 00:06:23,039

thing I think with men is there is such

174

00:06:30,980 --> 00:06:28,050

a genuineness in such a general feeling

175

00:06:32,959 --> 00:06:30,990

of truthfulness in what he presents

176
00:06:35,540 --> 00:06:32,969
every day and how he presents it and and

177
00:06:38,480 --> 00:06:35,550
the ways in which he engages with his

178
00:06:39,709 --> 00:06:38,490
users that it's it's almost impossible

179
00:06:43,339 --> 00:06:39,719
not to fall in love with it immediately

180
00:06:45,589 --> 00:06:43,349
and I want to give out his um website

181
00:06:49,620 --> 00:06:45,599
which is suspicious observers dot org

182
00:06:52,860 --> 00:06:49,630
its dot o RG and the o is spelled

183
00:06:54,270 --> 00:06:52,870
e 0 you know what MJ I was gonna I was

184
00:06:55,740 --> 00:06:54,280
gonna catch up with mark but honestly I

185
00:06:57,120 --> 00:06:55,750
have so much I want to get into I know

186
00:06:58,620 --> 00:06:57,130
when I have enough time go ahead and

187
00:07:02,460 --> 00:06:58,630
bring been on now if we could because I

188
00:07:06,030 --> 00:07:02,470

want to ask him uh first and foremost if

189

00:07:09,150 --> 00:07:06,040

the zero in observers was intended and

190

00:07:12,030 --> 00:07:09,160

if it has become a bit of a double-edged

191

00:07:13,530 --> 00:07:12,040

sword in terms of how to market the

192

00:07:15,480 --> 00:07:13,540

brand and all of that because it seems

193

00:07:18,630 --> 00:07:15,490

kinda complicated and where come like y0

194

00:07:20,550 --> 00:07:18,640

not a not a no Ben are you there yes I

195

00:07:21,930 --> 00:07:20,560

am here alright thanks for joining us so

196

00:07:25,170 --> 00:07:21,940

much on the show here truth vendors it's

197

00:07:28,350 --> 00:07:25,180

a huge honor absolutely it's good to be

198

00:07:29,820 --> 00:07:28,360

here so why the 0 first and foremost why

199

00:07:32,100 --> 00:07:29,830

the 0 where did the 0 come from and

200

00:07:34,890 --> 00:07:32,110

suspicious observers with a zero not the

201
00:07:37,920 --> 00:07:34,900
letter o well interestingly enough if

202
00:07:40,080 --> 00:07:37,930
you accidentally put an O in observers

203
00:07:43,050 --> 00:07:40,090
instead of a zero when you're going to

204
00:07:45,360 --> 00:07:43,060
suspicious observers org it now

205
00:07:47,430 --> 00:07:45,370
redirects to the correct lows oh great

206
00:07:49,440 --> 00:07:47,440
so you can feel safe in them it's asking

207
00:07:51,690 --> 00:07:49,450
it won't work on YouTube but won't work

208
00:07:53,580 --> 00:07:51,700
if you're trying to send an email to me

209
00:07:54,950 --> 00:07:53,590
but you're looking for the website or

210
00:07:57,300 --> 00:07:54,960
you're just trying to put it into google

211
00:07:59,010 --> 00:07:57,310
google at this point has figured out

212
00:08:01,830 --> 00:07:59,020
that if even if you put the O in there

213
00:08:04,470 --> 00:08:01,840

you what you're looking for me do you

214

00:08:08,490 --> 00:08:04,480

find that that that hurts hurts your

215

00:08:10,950 --> 00:08:08,500

traffic or it actually helps you know I

216

00:08:13,110 --> 00:08:10,960

hadn't really thought about it something

217

00:08:17,150 --> 00:08:13,120

that is not never leaving the back of my

218

00:08:22,890 --> 00:08:17,160

mind is the discovery of vacuum energy

219

00:08:24,960 --> 00:08:22,900

which is the zero-point energy it's it's

220

00:08:27,780 --> 00:08:24,970

something that I wanted to give a shout

221

00:08:29,910 --> 00:08:27,790

out to in some tiny little way even if

222

00:08:32,670 --> 00:08:29,920

it's symbolically using a zero instead

223

00:08:38,779 --> 00:08:32,680

of an 0 for the zero-point energy this

224

00:08:42,270 --> 00:08:38,789

is a non particle eyes diversion of the

225

00:08:45,180 --> 00:08:42,280

particle ether that electric universe

226

00:08:46,740 --> 00:08:45,190

opponents were looking for all you know

227

00:08:49,830 --> 00:08:46,750

way back when and we're never able to

228

00:08:51,540 --> 00:08:49,840

find it's just not quite what it's an

229

00:08:53,220 --> 00:08:51,550

essential element of your what you

230

00:08:55,350 --> 00:08:53,230

discuss and what your product is I mean

231

00:08:56,700 --> 00:08:55,360

you that is that all ties back into the

232

00:08:58,350 --> 00:08:56,710

electric universe because as I was

233

00:09:00,480 --> 00:08:58,360

preparing for the show I was trying to

234

00:09:02,250 --> 00:09:00,490

come up with and obviously the question

235

00:09:03,390 --> 00:09:02,260

was going to ask you but in trying to

236

00:09:05,490 --> 00:09:03,400

come up with a general

237

00:09:07,380 --> 00:09:05,500

summary or thesis of what it is you

238

00:09:09,090 --> 00:09:07,390

discuss every day in your videos and all

239

00:09:11,580 --> 00:09:09,100

the other content that you put out on

240

00:09:13,560 --> 00:09:11,590

top of the daily videos it's the

241

00:09:17,010 --> 00:09:13,570

electric universe really is the phrase

242

00:09:22,010 --> 00:09:17,020

that sums it all up yes um in a way yes

243

00:09:24,240 --> 00:09:22,020

very different than the way that modern

244

00:09:27,630 --> 00:09:24,250

electric universe proponents are going

245

00:09:30,570 --> 00:09:27,640

about it there you know some of them are

246

00:09:32,460 --> 00:09:30,580

are in a lab and technically you know

247

00:09:34,950 --> 00:09:32,470

Billy yelverton is on our team and he

248

00:09:38,700 --> 00:09:34,960

runs the electricity and plasma lab down

249

00:09:42,330 --> 00:09:38,710

in Georgia but you know the things I'm

250

00:09:44,610 --> 00:09:42,340

looking for are really the waves that

251
00:09:46,770 --> 00:09:44,620
Earth and Sun are connected and so I'm

252
00:09:48,900 --> 00:09:46,780
not really doing so much of the science

253
00:09:52,320 --> 00:09:48,910
but the the patterns and the

254
00:09:55,250 --> 00:09:52,330
correlations and the dependence of Earth

255
00:09:57,690 --> 00:09:55,260
events on solar and cosmic activity

256
00:09:59,940 --> 00:09:57,700
would not be possible without the

257
00:10:01,530 --> 00:09:59,950
underlying electric universe theories

258
00:10:04,970 --> 00:10:01,540
and so while I'm not necessarily as

259
00:10:08,580 --> 00:10:04,980
active in the electric universe world

260
00:10:12,180 --> 00:10:08,590
I'm a bit more than tangentially

261
00:10:13,920 --> 00:10:12,190
involved to be sure and a lot of the

262
00:10:15,840 --> 00:10:13,930
correlations for how the Sun is

263
00:10:18,480 --> 00:10:15,850

affecting storms and earthquakes and

264

00:10:21,930 --> 00:10:18,490

volcanoes in the ways that we talked

265

00:10:25,860 --> 00:10:21,940

about day in and day out really requires

266

00:10:27,810 --> 00:10:25,870

a more electrical a way of thinking in

267

00:10:30,750 --> 00:10:27,820

order to explain these things that

268

00:10:33,090 --> 00:10:30,760

really otherwise seemed impossible so

269

00:10:34,260 --> 00:10:33,100

it's a part of the greater whole of the

270

00:10:36,150 --> 00:10:34,270

electric universe theory you're just

271

00:10:38,190 --> 00:10:36,160

you're focusing on specific aspects that

272

00:10:39,660 --> 00:10:38,200

in ways that they directly affect us

273

00:10:41,550 --> 00:10:39,670

here on the planet in the way we go

274

00:10:43,320 --> 00:10:41,560

about our day to day lives whether or

275

00:10:45,180 --> 00:10:43,330

not we have control over it or not which

276

00:10:46,470 --> 00:10:45,190

it seems we don't you know at the end of

277

00:10:47,850 --> 00:10:46,480

the day don't these are things that we

278

00:10:50,310 --> 00:10:47,860

do not altima tlie have control over

279

00:10:52,350 --> 00:10:50,320

right right and you know I I am a bit

280

00:10:53,850 --> 00:10:52,360

biased because it's what I do day in and

281

00:10:55,200 --> 00:10:53,860

day out but I happen to think that this

282

00:10:57,540 --> 00:10:55,210

is one of the things that could really

283

00:10:59,670 --> 00:10:57,550

propel some of these new electric

284

00:11:02,670 --> 00:10:59,680

universe theories into the limelight

285

00:11:04,680 --> 00:11:02,680

because what better way to demonstrate

286

00:11:06,320 --> 00:11:04,690

that I mean it's one thing if you can do

287

00:11:09,000 --> 00:11:06,330

an experiment in the lab and say see

288

00:11:11,100 --> 00:11:09,010

this works this is an alternative

289

00:11:13,740 --> 00:11:11,110

explanation it's another thing to see

290

00:11:16,440 --> 00:11:13,750

something like time and time again a

291

00:11:17,369 --> 00:11:16,450

specific feature on the Sun causing an

292

00:11:19,409 --> 00:11:17,379

earthquake

293

00:11:22,529 --> 00:11:19,419

or time and time again a different

294

00:11:25,289 --> 00:11:22,539

feature on the Sun being correlated with

295

00:11:27,499 --> 00:11:25,299

mass tropical storm formation or

296

00:11:32,549 --> 00:11:27,509

intensification the kind of things that

297

00:11:35,939 --> 00:11:32,559

without the the electrical explanations

298

00:11:38,819 --> 00:11:35,949

there is not a current candidate for how

299

00:11:40,199 --> 00:11:38,829

this would be possible and so I yeah I'm

300

00:11:42,299 --> 00:11:40,209

a little biased because it's what I do

301

00:11:45,059 --> 00:11:42,309

day in and day out but I really think

302

00:11:46,949 --> 00:11:45,069

that that the stuff I do and the stuff

303

00:11:48,839 --> 00:11:46,959

that dr. Kong Pabu yen does and there's

304

00:11:51,509 --> 00:11:48,849

a number of others as well who are

305

00:11:52,710 --> 00:11:51,519

involved in doing this I think it's

306

00:11:57,419 --> 00:11:52,720

important for the electric universe

307

00:11:59,939 --> 00:11:57,429

world going forward and so so um then

308

00:12:03,839 --> 00:11:59,949

for the for the layman out there who

309

00:12:08,129 --> 00:12:03,849

might not understand a lot about geology

310

00:12:10,559 --> 00:12:08,139

or or space science and science in

311

00:12:13,199 --> 00:12:10,569

general use are very like science heavy

312

00:12:15,599 --> 00:12:13,209

I mean you don't very very go go into

313

00:12:17,129 --> 00:12:15,609

them you know I didn't know about I mean

314

00:12:18,629 --> 00:12:17,139

[h__h] man you thrown charts up there in

315

00:12:20,279 --> 00:12:18,639

colors and pictures and I'm watching

316

00:12:21,659 --> 00:12:20,289

these things going man I these look

317

00:12:22,829 --> 00:12:21,669

awesome i really wish i could understand

318

00:12:24,299 --> 00:12:22,839

what's going on here but the great thing

319

00:12:26,849 --> 00:12:24,309

about the way you present them is that

320

00:12:28,529 --> 00:12:26,859

because you do it so reliably day in and

321

00:12:31,829 --> 00:12:28,539

day out and because you do it on such a

322

00:12:34,499 --> 00:12:31,839

structure that is built upon a routine

323

00:12:36,599 --> 00:12:34,509

that you i become as user more

324

00:12:38,460 --> 00:12:36,609

comfortable with seeing it as days go on

325

00:12:39,749 --> 00:12:38,470

and more comfortable with the idea of

326

00:12:41,759 --> 00:12:39,759

what i'm looking at and just by nature

327

00:12:43,499 --> 00:12:41,769

of like being around and exposed to it

328

00:12:45,210 --> 00:12:43,509

these things become a little bit more

329

00:12:47,549 --> 00:12:45,220

understandable but that doesn't mean

330

00:12:49,979 --> 00:12:47,559

that they are the most like universally

331

00:12:51,419 --> 00:12:49,989

easily understood concepts so i think

332

00:12:54,419 --> 00:12:51,429

the question that mark was getting into

333

00:12:57,659 --> 00:12:54,429

is is what I but what was the question

334

00:12:59,969 --> 00:12:57,669

mean it is complicated sure sure so um

335

00:13:02,639 --> 00:12:59,979

you know for the person who doesn't know

336

00:13:05,369 --> 00:13:02,649

science very well but wants to learn

337

00:13:09,929 --> 00:13:05,379

about what it is you're trying to

338

00:13:12,329 --> 00:13:09,939

demonstrate what what is there a couple

339

00:13:14,729 --> 00:13:12,339

sentences or something that you could a

340

00:13:18,419 --> 00:13:14,739

way that you could phrase it that would

341

00:13:23,689 --> 00:13:18,429

make sense to to the listening audience

342

00:13:26,519 --> 00:13:23,699

right now well absolutely a lot of the

343

00:13:28,710 --> 00:13:26,529

newest proposed answers to some of the

344

00:13:31,260 --> 00:13:28,720

unanswered questions in astrophysics

345

00:13:32,970 --> 00:13:31,270

cosmology the interactions

346

00:13:36,510 --> 00:13:32,980

between the Earth and Sun planetary

347

00:13:38,070 --> 00:13:36,520

science solar science in general are

348

00:13:40,950 --> 00:13:38,080

beginning to be answered in an

349

00:13:45,090 --> 00:13:40,960

electrical way what I have tended to

350

00:13:47,280 --> 00:13:45,100

focus on and what I'm very very humbled

351

00:13:50,850 --> 00:13:47,290

and proud to say I was a part of with

352

00:13:53,580 --> 00:13:50,860

dr. Kong pappu yen as well was helping

353

00:13:56,940 --> 00:13:53,590

to further some of the understanding of

354

00:13:59,970 --> 00:13:56,950

just how the Sun affects the planet

355

00:14:03,540 --> 00:13:59,980

earth whether it's single day weather

356

00:14:05,280 --> 00:14:03,550

events long-term climate major storm

357

00:14:07,410 --> 00:14:05,290

events like tornado outbreaks or

358

00:14:10,290 --> 00:14:07,420

hurricanes or earthquakes and volcanoes

359

00:14:12,810 --> 00:14:10,300

all these things are not just you know

360

00:14:16,560 --> 00:14:12,820

we've moved beyond the hypothesis stage

361

00:14:19,710 --> 00:14:16,570

in many of these and had the data the

362

00:14:23,640 --> 00:14:19,720

correlations the dependence confirmed by

363

00:14:25,740 --> 00:14:23,650

professional statisticians and now it's

364

00:14:27,150 --> 00:14:25,750

really interesting to figure this out

365

00:14:29,760 --> 00:14:27,160

and you know seriously you were saying

366

00:14:31,680 --> 00:14:29,770

that earlier about how once you get

367

00:14:34,200 --> 00:14:31,690

through it and you start watching it

368

00:14:36,900 --> 00:14:34,210

after a few days weeks you start to get

369

00:14:38,430 --> 00:14:36,910

it you know there are hundreds thousands

370

00:14:40,530 --> 00:14:38,440

of people who are now predicting

371

00:14:42,330 --> 00:14:40,540

earthquakes right alongside of me I get

372

00:14:44,430 --> 00:14:42,340

hundreds of these emails every week of

373

00:14:46,590 --> 00:14:44,440

people pointing out the factors saying

374

00:14:48,270 --> 00:14:46,600

hey I see this this and this set to line

375

00:14:50,460 --> 00:14:48,280

up for this day is there going to be an

376

00:14:52,590 --> 00:14:50,470

earthquake watch Wow yeah I really do I

377

00:14:54,660 --> 00:14:52,600

really do treat us truly see you as an

378

00:14:57,360 --> 00:14:54,670

innovator and a leader in such a like

379

00:14:58,920 --> 00:14:57,370

you have you've gathered this group of

380

00:15:00,540 --> 00:14:58,930

people that is growing on a daily I mean

381

00:15:02,520 --> 00:15:00,550

it must be so rewarding for you because

382

00:15:04,230 --> 00:15:02,530

this up from what I can tell started as

383

00:15:06,120 --> 00:15:04,240

a passion project it was something that

384

00:15:07,020 --> 00:15:06,130

you were doing because I don't know why

385

00:15:08,850 --> 00:15:07,030

I would like to ask you about that

386

00:15:10,170 --> 00:15:08,860

actually it but it seems like this was

387

00:15:12,540 --> 00:15:10,180

not your intended goal to make this your

388

00:15:14,820 --> 00:15:12,550

everyday life and turning it into a

389

00:15:17,190 --> 00:15:14,830

career so the amount of reward that you

390

00:15:19,320 --> 00:15:17,200

must feel as a result of dedicating the

391

00:15:21,690 --> 00:15:19,330

time that you had clearly like I mean

392

00:15:25,020 --> 00:15:21,700

it's it blows my mind how you can get

393

00:15:27,690 --> 00:15:25,030

such a reliable content out every single

394

00:15:30,630 --> 00:15:27,700

day you just must not have a life that I

395

00:15:32,640 --> 00:15:30,640

just thought you have a life outside of

396

00:15:35,220 --> 00:15:32,650

this and your families just I don't have

397

00:15:37,740 --> 00:15:35,230

enough hours and dots oh there's really

398

00:15:43,080 --> 00:15:37,750

no life outside of this and my family

399

00:15:45,060 --> 00:15:43,090

and I but you know work for me doubles

400

00:15:47,940 --> 00:15:45,070

as pure

401
00:15:51,090 --> 00:15:47,950
bliss yes is the way it should be yeah I

402
00:15:53,490 --> 00:15:51,100
wake up and I I love what I do since the

403
00:15:55,140 --> 00:15:53,500
day I quit my job in the real world

404
00:15:57,150 --> 00:15:55,150
which you know I don't have everything

405
00:15:59,850 --> 00:15:57,160
but I do remember that happens you know

406
00:16:02,250 --> 00:15:59,860
that was December 31st 2013 and so I

407
00:16:04,320 --> 00:16:02,260
started the first day of 2014 out of my

408
00:16:06,780 --> 00:16:04,330
own and I don't have anything bad to say

409
00:16:10,140 --> 00:16:06,790
about my previous job necessarily a

410
00:16:12,450 --> 00:16:10,150
great bunch of guys really stimulating

411
00:16:15,120 --> 00:16:12,460
work but since that day I don't feel

412
00:16:17,370 --> 00:16:15,130
like I have worked a moment even though

413
00:16:20,100 --> 00:16:17,380

let you know I haven't missed a single

414

00:16:22,260 --> 00:16:20,110

day weekend called across the country

415

00:16:24,210 --> 00:16:22,270

and all that stuff do I mean 2 g's yeah

416

00:16:27,630 --> 00:16:24,220

but you know it doesn't feel like work

417

00:16:29,160 --> 00:16:27,640

it's very very enjoyable and i do want

418

00:16:30,600 --> 00:16:29,170

to before we kind of get further into

419

00:16:32,100 --> 00:16:30,610

like the theories and stuff like that i

420

00:16:34,620 --> 00:16:32,110

just want to get in a general

421

00:16:38,070 --> 00:16:34,630

understanding of where the motivation

422

00:16:39,330 --> 00:16:38,080

for you came from to end up in the place

423

00:16:40,680 --> 00:16:39,340

where you're at now what was the

424

00:16:42,570 --> 00:16:40,690

antithesis that brought you to even

425

00:16:44,820 --> 00:16:42,580

starting to do these daily videos did

426

00:16:46,440 --> 00:16:44,830

you see a void in discussion on this

427

00:16:47,640 --> 00:16:46,450

topic is you're already you're

428

00:16:49,170 --> 00:16:47,650

interested in reading about it and

429

00:16:51,510 --> 00:16:49,180

researching it and you just decided well

430

00:16:55,980 --> 00:16:51,520

hell I'll start doing this because you

431

00:16:57,390 --> 00:16:55,990

had zero kind of um announcer or at your

432

00:17:00,150 --> 00:16:57,400

voice I I there's something about your

433

00:17:02,070 --> 00:17:00,160

voices I love and a lot it just it it

434

00:17:04,230 --> 00:17:02,080

captivates in it brings you in and

435

00:17:07,260 --> 00:17:04,240

there's such a trustworthiness to it

436

00:17:09,240 --> 00:17:07,270

that it is so naturally delivered that I

437

00:17:11,100 --> 00:17:09,250

don't see you as having been in any kind

438

00:17:13,500 --> 00:17:11,110

of you know presentation like

439

00:17:15,600 --> 00:17:13,510

showmanship stuff prior to this at all

440

00:17:17,010 --> 00:17:15,610

and I don't what I want to know where it

441

00:17:19,860 --> 00:17:17,020

came from just the inspiration for

442

00:17:23,880 --> 00:17:19,870

everything uh that's actually a good

443

00:17:26,370 --> 00:17:23,890

question about the voice stuff I I have

444

00:17:28,170 --> 00:17:26,380

a lifelong battle with a speech

445

00:17:30,390 --> 00:17:28,180

impediment I doubt I'll ever kick

446

00:17:34,200 --> 00:17:30,400

completely but I would never ever

447

00:17:36,240 --> 00:17:34,210

against nine a million years yeah it

448

00:17:41,130 --> 00:17:36,250

doesn't come out too often anymore but

449

00:17:44,550 --> 00:17:41,140

it happens a in a way you could boil it

450

00:17:46,800 --> 00:17:44,560

down to I didn't see enough discussion

451
00:17:48,450 --> 00:17:46,810
on some of these topics so I wanted to

452
00:17:53,310 --> 00:17:48,460
help stimulate the discussion on these

453
00:17:56,400 --> 00:17:53,320
topics in reality this started a very

454
00:17:58,560 --> 00:17:56,410
long time ago the journey towards this

455
00:18:02,310 --> 00:17:58,570
when I got out of high school

456
00:18:05,039 --> 00:18:02,320
I went to Penn State University and I

457
00:18:07,019 --> 00:18:05,049
was taking a lot of physics I was taking

458
00:18:10,350 --> 00:18:07,029
a lot of biology and I was taking a lot

459
00:18:13,259 --> 00:18:10,360
of meteorology I wanted to be the

460
00:18:15,029 --> 00:18:13,269
weatherman interestingly enough i kept

461
00:18:17,340 --> 00:18:15,039
getting into disagreements with my

462
00:18:19,259 --> 00:18:17,350
professors about how the weather was

463
00:18:20,850 --> 00:18:19,269

forecast i feel like you like this a lot

464

00:18:24,779 --> 00:18:20,860

of people off in college actually said

465

00:18:27,659 --> 00:18:24,789

yeah yeah you could probably just delete

466

00:18:30,330 --> 00:18:27,669

in college from that sentence which

467

00:18:34,440 --> 00:18:30,340

describes my life but um it's like you

468

00:18:37,440 --> 00:18:34,450

it got to the point where I you know I

469

00:18:41,810 --> 00:18:37,450

was pretty certain within a few weeks I

470

00:18:45,629 --> 00:18:41,820

understood why uh every once in a while

471

00:18:48,690 --> 00:18:45,639

weathermen got this got the weather so

472

00:18:52,549 --> 00:18:48,700

wrong like a song is still a bad time

473

00:18:54,990 --> 00:18:52,559

but at the same time these same models

474

00:18:56,970 --> 00:18:55,000

had gotten to the point where they could

475

00:19:00,169 --> 00:18:56,980

literally do minute by minute storm

476

00:19:02,970 --> 00:19:00,179

tracking you know across the city I

477

00:19:05,909 --> 00:19:02,980

understood how the Houthis these

478

00:19:09,899 --> 00:19:05,919

diametric opposite could coexist very

479

00:19:12,210 --> 00:19:09,909

very quickly and it's to be simple it

480

00:19:16,470 --> 00:19:12,220

has a lot to do with math and computer

481

00:19:18,419 --> 00:19:16,480

modeling but one of the things that you

482

00:19:23,639 --> 00:19:18,429

know meteorologists are not trained to

483

00:19:28,499 --> 00:19:23,649

do is look at the the wind flows look at

484

00:19:32,060 --> 00:19:28,509

the atmospheric total electron content

485

00:19:35,009 --> 00:19:32,070

look at the the vertical ionic delay

486

00:19:39,259 --> 00:19:35,019

basically the electric aspects of the

487

00:19:43,230 --> 00:19:39,269

ionosphere and so when their models say

488

00:19:46,649 --> 00:19:43,240

you know this is what the atmosphere the

489

00:19:48,509 --> 00:19:46,659

the pressure and the dynamics I'll say

490

00:19:50,850 --> 00:19:48,519

is supposed to happen if there's a

491

00:19:52,529 --> 00:19:50,860

significant event in the ionosphere or

492

00:19:53,970 --> 00:19:52,539

electrically in the atmosphere they

493

00:19:55,470 --> 00:19:53,980

don't get to pick up on it because it's

494

00:19:57,299 --> 00:19:55,480

not part of their models it's not what

495

00:20:00,180 --> 00:19:57,309

they're looking for it's not a tool in

496

00:20:01,440 --> 00:20:00,190

their tool belt so to speak and so they

497

00:20:03,389 --> 00:20:01,450

miss that and then they get it wrong

498

00:20:05,549 --> 00:20:03,399

makes the whole equation in it make you

499

00:20:07,230 --> 00:20:05,559

retire wait and really the only thing

500

00:20:09,659 --> 00:20:07,240

that can affect stuff like that is space

501
00:20:11,680 --> 00:20:09,669
weather the Sun or galactic cosmic rays

502
00:20:13,629 --> 00:20:11,690
so they're just not so decided

503
00:20:16,360 --> 00:20:13,639
enough of the planet being the box is

504
00:20:17,769 --> 00:20:16,370
literally right right seaboard giant

505
00:20:20,259 --> 00:20:17,779
step back and look at the planet as a

506
00:20:22,240 --> 00:20:20,269
whole in the way that the outside of the

507
00:20:23,409 --> 00:20:22,250
planet space is affecting what is going

508
00:20:25,240 --> 00:20:23,419
into it as well because there is a

509
00:20:27,490 --> 00:20:25,250
balance to that in how it works.2 it's

510
00:20:30,820 --> 00:20:27,500
just not earthen that's it I gotta know

511
00:20:32,230 --> 00:20:30,830
now why do you think so we had David

512
00:20:35,049 --> 00:20:32,240
Schwartz from the United States

513
00:20:37,330 --> 00:20:35,059

Geological Survey on last week and when

514

00:20:39,730 --> 00:20:37,340

we asked him about space weather you

515

00:20:42,580 --> 00:20:39,740

know he said that it probably has some

516

00:20:45,879 --> 00:20:42,590

sort of effect but they haven't done any

517

00:20:49,840 --> 00:20:45,889

studies on it just to sort of see what

518

00:20:52,299 --> 00:20:49,850

type of effect it it does have and and I

519

00:20:54,700 --> 00:20:52,309

asked him I said well kind of what are

520

00:20:57,460 --> 00:20:54,710

the reasons why is it is it budget and

521

00:21:00,220 --> 00:20:57,470

the the USGS you know they have one of

522

00:21:02,409 --> 00:21:00,230

the lowest budgets yeah in the country

523

00:21:04,629 --> 00:21:02,419

when it comes to being funded by the

524

00:21:07,419 --> 00:21:04,639

government so they can't they have to

525

00:21:11,110 --> 00:21:07,429

really I guess pick and choose what it

526

00:21:14,289 --> 00:21:11,120

is that they study and and what their

527

00:21:15,669 --> 00:21:14,299

studies into it has oh go ahead no just

528

00:21:18,820 --> 00:21:15,679

say frankly we shouldn't be putting the

529

00:21:22,210 --> 00:21:18,830

entire burden on them because they're

530

00:21:26,139 --> 00:21:22,220

their job really lies mostly beneath our

531

00:21:29,769 --> 00:21:26,149

feet and too right absolutely more than

532

00:21:33,789 --> 00:21:29,779

you know this requires a truly

533

00:21:35,860 --> 00:21:33,799

interdisciplinary study to understand

534

00:21:37,869 --> 00:21:35,870

how this entire thing works it's a home

535

00:21:40,119 --> 00:21:37,879

field really I mean I've dupli they

536

00:21:42,029 --> 00:21:40,129

could create a whole new salad

537

00:21:44,560 --> 00:21:42,039

government especially for this

538

00:21:46,299 --> 00:21:44,570

absolutely you know they recently the

539

00:21:49,090 --> 00:21:46,309

government recently asked for public

540

00:21:53,499 --> 00:21:49,100

comment on their new draft of the

541

00:21:55,389 --> 00:21:53,509

National Space Weather strategy and you

542

00:22:01,450 --> 00:21:55,399

know this was one of the things I I

543

00:22:04,779 --> 00:22:01,460

suggested in my comment so yeah and and

544

00:22:06,430 --> 00:22:04,789

it's um do you think that you know I

545

00:22:09,879 --> 00:22:06,440

look at things from an entertainment

546

00:22:14,310 --> 00:22:09,889

perspective so you have something like

547

00:22:16,690 --> 00:22:14,320

fox fox news it's different than fox

548

00:22:19,450 --> 00:22:16,700

movies and it's different than fox

549

00:22:21,820 --> 00:22:19,460

searchlight pictures they're all fox but

550

00:22:24,129 --> 00:22:21,830

they exist in different locations and

551
00:22:25,010 --> 00:22:24,139
they don't actually talk to each other

552
00:22:27,350 --> 00:22:25,020
and they have

553
00:22:30,500 --> 00:22:27,360
their own elements and things that they

554
00:22:33,200 --> 00:22:30,510
work on do you think that it's it's kind

555
00:22:34,760 --> 00:22:33,210
of like that with with this potential

556
00:22:36,740 --> 00:22:34,770
science that we're looking at where

557
00:22:39,650 --> 00:22:36,750
geologists they don't really talk to

558
00:22:41,750 --> 00:22:39,660
NASA about what's going on they they

559
00:22:43,940 --> 00:22:41,760
have their separate everybody has their

560
00:22:46,250 --> 00:22:43,950
separate science that there man is it

561
00:22:48,080 --> 00:22:46,260
talking to Ford right right that they

562
00:22:50,810 --> 00:22:48,090
all have their separate tool belts and

563
00:22:52,970 --> 00:22:50,820

you know I've said something similar to

564

00:22:57,980 --> 00:22:52,980

many people uh you know along the way

565

00:23:00,080 --> 00:22:57,990

yes what we have done is you know by

566

00:23:02,900 --> 00:23:00,090

many accounts fairly incredible but

567

00:23:04,460 --> 00:23:02,910

we're not geniuses I'm not any smarter

568

00:23:08,000 --> 00:23:04,470

than any one of you I just honestly

569

00:23:09,730 --> 00:23:08,010

believe I'm the first person I honestly

570

00:23:12,230 --> 00:23:09,740

just believe I'm the first person to

571

00:23:15,620 --> 00:23:12,240

intimately and with a little bit of

572

00:23:17,840 --> 00:23:15,630

obsession I might admit look at the Sun

573

00:23:21,170 --> 00:23:17,850

the weather earthquakes and volcanoes

574

00:23:23,000 --> 00:23:21,180

every single day and when you do that

575

00:23:25,400 --> 00:23:23,010

every single day it's blatantly obvious

576

00:23:27,890 --> 00:23:25,410

what's happening and so you start to

577

00:23:29,690 --> 00:23:27,900

think about it and instead of thinking

578

00:23:31,850 --> 00:23:29,700

well how in the world could they miss

579

00:23:35,900 --> 00:23:31,860

something like this you start to

580

00:23:38,240 --> 00:23:35,910

transform that into well meteorologists

581

00:23:42,110 --> 00:23:38,250

don't study earthquakes people who study

582

00:23:45,410 --> 00:23:42,120

the Sun aren't doing you know hurricane

583

00:23:48,860 --> 00:23:45,420

forecasts these people don't have an

584

00:23:51,320 --> 00:23:48,870

interdisciplinary thing I mean USGS and

585

00:23:54,350 --> 00:23:51,330

NASA they talk to each other every

586

00:23:57,740 --> 00:23:54,360

single day I promise but it's it's you

587

00:24:02,270 --> 00:23:57,750

know it's about things like ground soil

588

00:24:05,420 --> 00:24:02,280

moisture and you know measuring the the

589

00:24:08,810 --> 00:24:05,430

hillside of a potentially active volcano

590

00:24:10,850 --> 00:24:08,820

from space and you know you know help

591

00:24:12,950 --> 00:24:10,860

tracking ash clouds and looking at

592

00:24:16,910 --> 00:24:12,960

underground movement or you know

593

00:24:21,260 --> 00:24:16,920

underground magnetic anomalies things

594

00:24:23,740 --> 00:24:21,270

like that in order to fully understand

595

00:24:29,690 --> 00:24:23,750

how these things work we've had to pull

596

00:24:32,410 --> 00:24:29,700

from astrophysics from just a ton of

597

00:24:36,440 --> 00:24:32,420

different areas in physics in general

598

00:24:38,360 --> 00:24:36,450

atmospheric chemistry plans all things I

599

00:24:41,570 --> 00:24:38,370

think also that are so intangible

600

00:24:43,070 --> 00:24:41,580

so not it easily like just seen is from

601
00:24:44,120 --> 00:24:43,080
point A to point B you know a lot of

602
00:24:45,440 --> 00:24:44,130
this stuff like the ground that is in

603
00:24:47,360 --> 00:24:45,450
front of me I can touch that I can study

604
00:24:49,220 --> 00:24:47,370
that like that so many of these concepts

605
00:24:51,680 --> 00:24:49,230
are invisible to the human eye to all

606
00:24:54,380 --> 00:24:51,690
the human senses that in a way it would

607
00:24:55,760 --> 00:24:54,390
take as long as it has for everyone to

608
00:24:57,400 --> 00:24:55,770
kind of realize that we need to be

609
00:25:00,200 --> 00:24:57,410
taking a little bit from everybody and

610
00:25:02,420 --> 00:25:00,210
focusing our energies into a cumulative

611
00:25:03,950 --> 00:25:02,430
effort because of the way they all

612
00:25:05,750 --> 00:25:03,960
interact with one another it's just more

613
00:25:07,040 --> 00:25:05,760

advanced well absolutely and there's

614

00:25:10,190 --> 00:25:07,050

certainly nothing wrong with hyper

615

00:25:13,220 --> 00:25:10,200

specialization that's how you that's how

616

00:25:16,430 --> 00:25:13,230

you get the breakthroughs in one area of

617

00:25:19,070 --> 00:25:16,440

science but it can also be helpful I

618

00:25:21,980 --> 00:25:19,080

would submit to have folks that step

619

00:25:24,470 --> 00:25:21,990

back from the situation not just and and

620

00:25:26,120 --> 00:25:24,480

in you know try to pull together you

621

00:25:28,700 --> 00:25:26,130

know a literature review from all the

622

00:25:30,880 --> 00:25:28,710

sub specialties within their field but

623

00:25:33,350 --> 00:25:30,890

actually try to look you know

624

00:25:35,030 --> 00:25:33,360

interdisciplinary you know across fields

625

00:25:38,240 --> 00:25:35,040

and try to pull stuff together in terms

626
00:25:39,470 --> 00:25:38,250
of answers that way you know I think

627
00:25:42,260 --> 00:25:39,480
that and that's why the Internet has

628
00:25:44,350 --> 00:25:42,270
been so beautiful of a concept for the

629
00:25:47,270 --> 00:25:44,360
human race because it has provided a

630
00:25:49,100 --> 00:25:47,280
forum on such a global level to just

631
00:25:51,380 --> 00:25:49,110
start having conversations and when

632
00:25:53,810 --> 00:25:51,390
these conversations hit on to something

633
00:25:55,700 --> 00:25:53,820
that seemed like they might be uh worth

634
00:25:58,910 --> 00:25:55,710
investigating as what you have done sort

635
00:26:00,830 --> 00:25:58,920
of has it just explodes into new ideas

636
00:26:03,620 --> 00:26:00,840
being developed a new guy just it's it's

637
00:26:06,260 --> 00:26:03,630
really was living in such an exciting

638
00:26:08,090 --> 00:26:06,270

time for the human it's bad in a lot of

639

00:26:09,620 --> 00:26:08,100

ways but it is so universally

640

00:26:11,210 --> 00:26:09,630

revolutionary a lot of ways to something

641

00:26:12,320 --> 00:26:11,220

like this even be accomplished because

642

00:26:13,970 --> 00:26:12,330

the internet because I think the

643

00:26:17,600 --> 00:26:13,980

Internet is what ultimately brought this

644

00:26:19,850 --> 00:26:17,610

about yeah I couldn't agree more and and

645

00:26:22,700 --> 00:26:19,860

it's pretty incredible for everyone

646

00:26:26,210 --> 00:26:22,710

listening if you have not been to Ben's

647

00:26:28,310 --> 00:26:26,220

youtube videos yet what he has when

648

00:26:31,250 --> 00:26:28,320

you're watching them is you'll see clips

649

00:26:34,669 --> 00:26:31,260

and screenshots coming from the USGS

650

00:26:36,770 --> 00:26:34,679

coming from NASA different different

651
00:26:38,750 --> 00:26:36,780
websites he kind of pulls them all

652
00:26:41,510 --> 00:26:38,760
together aggregating them in one at ease

653
00:26:44,060 --> 00:26:41,520
into a narrative that makes sense and

654
00:26:47,210 --> 00:26:44,070
end is tracking the patterns of what is

655
00:26:50,630 --> 00:26:47,220
going on so you know some one question I

656
00:26:52,130 --> 00:26:50,640
have for you Ben is that you know some

657
00:26:55,790 --> 00:26:52,140
people you said earlier

658
00:26:57,530 --> 00:26:55,800
might say hey I've noticed that this is

659
00:26:59,090 --> 00:26:57,540
happening with the Sun and there's been

660
00:27:02,320 --> 00:26:59,100
a lot of earthquakes or there is an

661
00:27:04,280 --> 00:27:02,330
earthquake that happened here or there

662
00:27:06,080 --> 00:27:04,290
one thing that we do know is that

663
00:27:07,820 --> 00:27:06,090

earthquakes are always happening no

664

00:27:09,890 --> 00:27:07,830

matter what there's always little small

665

00:27:12,010 --> 00:27:09,900

ones we just don't feel them all the

666

00:27:15,140 --> 00:27:12,020

time it's when they're you know 4.0

667

00:27:17,900 --> 00:27:15,150

six-point OS 8 point 0 is that we feel

668

00:27:20,090 --> 00:27:17,910

them and it's really really big ocean

669

00:27:23,690 --> 00:27:20,100

covers more the planet than we do my

670

00:27:27,280 --> 00:27:23,700

right so so how do you measure that or

671

00:27:29,930 --> 00:27:27,290

how does is that part of your

672

00:27:32,660 --> 00:27:29,940

predictions do you do look at it at it

673

00:27:35,080 --> 00:27:32,670

like oh there's a solar flare here so we

674

00:27:39,950 --> 00:27:35,090

might get a lot of small little mini

675

00:27:42,320 --> 00:27:39,960

point 01 quakes this week and then next

676
00:27:44,600 --> 00:27:42,330
week it'll be a 2 point 0 somewhere well

677
00:27:46,820 --> 00:27:44,610
how do you kind of put that together

678
00:27:48,890 --> 00:27:46,830
well for ample that data frankly the

679
00:27:50,570 --> 00:27:48,900
only way to predict where small

680
00:27:53,240 --> 00:27:50,580
earthquakes are going to come is to look

681
00:27:54,860 --> 00:27:53,250
for where their fracking in terms of

682
00:27:57,770 --> 00:27:54,870
what we're tracking for we're just

683
00:28:00,440 --> 00:27:57,780
looking for big quakes so for the paper

684
00:28:02,120 --> 00:28:00,450
thickness yes so for the paper I wrote

685
00:28:03,770 --> 00:28:02,130
with Doctor Who yen and which was

686
00:28:06,770 --> 00:28:03,780
confirmed by the statistics department

687
00:28:09,500 --> 00:28:06,780
of the ohio state university was that

688
00:28:11,990 --> 00:28:09,510

the polar magnetic fields of the sun

689

00:28:13,880 --> 00:28:12,000

when they are really really powerful or

690

00:28:16,040 --> 00:28:13,890

when they're reversing positive to

691

00:28:17,410 --> 00:28:16,050

negative negative to positive that's

692

00:28:20,300 --> 00:28:17,420

when we get the 8th magnitude

693

00:28:22,550 --> 00:28:20,310

earthquakes the really really big ones

694

00:28:24,350 --> 00:28:22,560

now the stuff we talked about day in and

695

00:28:26,810 --> 00:28:24,360

day out with solar flares and with

696

00:28:29,360 --> 00:28:26,820

coronal holes and with certain changes

697

00:28:31,790 --> 00:28:29,370

in the solar wind that is talking about

698

00:28:34,070 --> 00:28:31,800

the ebb and flow of six magnitude

699

00:28:37,490 --> 00:28:34,080

earthquakes over a long period of time

700

00:28:39,860 --> 00:28:37,500

there will be about 36 magnitude

701
00:28:42,020 --> 00:28:39,870
earthquakes per week however it's not

702
00:28:44,300 --> 00:28:42,030
very often that you find a given week

703
00:28:46,400 --> 00:28:44,310
where you there are 36 magnitude

704
00:28:49,730 --> 00:28:46,410
earthquakes oftentimes there's none or

705
00:28:52,280 --> 00:28:49,740
there's one or there's six seven eight

706
00:28:54,110 --> 00:28:52,290
of them or more so it's not sent it by

707
00:28:55,790 --> 00:28:54,120
the way in which we as human beings have

708
00:28:57,380 --> 00:28:55,800
determined to follow the weekly

709
00:29:00,170 --> 00:28:57,390
structure what is the routine of life

710
00:29:02,900 --> 00:29:00,180
you can't use a week right as the scale

711
00:29:04,730 --> 00:29:02,910
to look at and so what we've what we've

712
00:29:05,919 --> 00:29:04,740
figured out is that by monitoring

713
00:29:09,399 --> 00:29:05,929

certain

714

00:29:11,590 --> 00:29:09,409

uh factors both mostly on the Sun and a

715

00:29:13,149 --> 00:29:11,600

little bit actually as well when you

716

00:29:16,749 --> 00:29:13,159

look at the moon and some of the other

717

00:29:19,239 --> 00:29:16,759

planets you can begin to predict that

718

00:29:21,039 --> 00:29:19,249

ebb and flow of the six magnitude

719

00:29:23,470 --> 00:29:21,049

earthquakes and that is we have been

720

00:29:25,090 --> 00:29:23,480

doing day in and day out so and we call

721

00:29:27,549 --> 00:29:25,100

an earthquake watch it means we're going

722

00:29:30,039 --> 00:29:27,559

to have an increase in six magnitude

723

00:29:32,470 --> 00:29:30,049

earthquakes or above that's the the

724

00:29:33,940 --> 00:29:32,480

threshold knob are there actually any

725

00:29:35,710 --> 00:29:33,950

does not be right there Ben because we

726

00:29:37,299 --> 00:29:35,720

need to take a break very quickly and

727

00:29:38,739 --> 00:29:37,309

this actually gives us a chance to kind

728

00:29:40,180 --> 00:29:38,749

of reset because when I come back I want

729

00:29:41,200 --> 00:29:40,190

to get more into what you're talking

730

00:29:42,609 --> 00:29:41,210

about right now and then get into the

731

00:29:45,340 --> 00:29:42,619

most recent earthquake that happened in

732

00:29:48,249 --> 00:29:45,350

Nepal and I talked about how your I'm

733

00:29:49,869 --> 00:29:48,259

sure on the videos we're waiting for

734

00:29:51,820 --> 00:29:49,879

something to come at that moment so

735

00:29:53,739 --> 00:29:51,830

right now this is truth finders radio my

736

00:29:54,940 --> 00:29:53,749

name is art web am with mark schwartz we

737

00:29:56,919 --> 00:29:54,950

are talking to ben davidson of

738

00:29:59,739 --> 00:29:56,929

suspicious observers you can go to

739

00:30:02,710 --> 00:29:59,749

suspicious observers org it is

740

00:30:03,730 --> 00:30:02,720

suspicious observers dot org and they

741

00:30:06,100 --> 00:30:03,740

are actually having their first

742

00:30:07,480 --> 00:30:06,110

observers conference observing the

743

00:30:09,369 --> 00:30:07,490

frontier it's happening in the Northeast

744

00:30:11,529 --> 00:30:09,379

October seventeenth and eighteenth of

745

00:30:13,930 --> 00:30:11,539

2015 you can buy tickets at that website

746

00:30:16,180 --> 00:30:13,940

suspicious observers org as well as see

747

00:30:18,039 --> 00:30:16,190

the daily videos that Ben puts up that

748

00:30:20,560 --> 00:30:18,049

are they went about three to five

749

00:30:21,609 --> 00:30:20,570

minutes and he covers more information

750

00:30:22,989 --> 00:30:21,619

in those three to five minutes then

751

00:30:25,779 --> 00:30:22,999

you'll probably take in the rest of the

752

00:30:28,659 --> 00:30:25,789

day I cannot encourage you enough to go

753

00:30:29,710 --> 00:30:28,669

check that out eight at 8 9 192 355 is

754

00:30:33,070 --> 00:30:29,720

the telephone number if there's anything

755

00:30:34,960 --> 00:30:33,080

you would like to add 88 89 19 to 35 5

756

00:30:36,700 --> 00:30:34,970

you are listening at to truth funders

757

00:30:38,230 --> 00:30:36,710

radio on the inception radio network my

758

00:30:41,470 --> 00:30:38,240

name is art web and will be this after

759

00:30:45,009 --> 00:30:41,480

back burners radio on the inception

760

00:30:46,760 --> 00:30:45,019

radio network are you a final inception

761

00:30:48,530 --> 00:30:46,770

radio network do you

762

00:30:50,690 --> 00:30:48,540

it's the best alternative talk radio

763

00:30:53,050 --> 00:30:50,700

station on the planet well if you do

764

00:30:55,810 --> 00:30:53,060

head to facebook.com forward slash

765

00:30:58,460 --> 00:30:55,820

inception radio network like the page

766

00:31:04,370 --> 00:30:58,470

tell your friends spread the word and

767

00:31:07,400 --> 00:31:04,380

keep listening to the best hello

768

00:31:10,280 --> 00:31:07,410

everyone Lori and Fenton here hosted the

769

00:31:12,800 --> 00:31:10,290

California MUFON radio show asking if

770

00:31:16,910 --> 00:31:12,810

you'd like special access to exclusive

771

00:31:20,300 --> 00:31:16,920

and amazing information about UFOs the

772

00:31:23,240 --> 00:31:20,310

paranormal and all things unexplained if

773

00:31:26,570 --> 00:31:23,250

you're nodding yes then join I rn's

774

00:31:29,030 --> 00:31:26,580

insider club as an insider club member

775

00:31:31,910 --> 00:31:29,040

you'll get an all-access pass to premier

776

00:31:34,070 --> 00:31:31,920

inception radio network content for only

777

00:31:37,340 --> 00:31:34,080

four dollars and ninety-nine cents a

778

00:31:39,860 --> 00:31:37,350

month this includes live UFO and

779

00:31:43,700 --> 00:31:39,870

paranormal conferences live streaming

780

00:31:46,430 --> 00:31:43,710

UFO sky watches exclusive irn radio and

781

00:31:49,640 --> 00:31:46,440

TV productions and of course paying

782

00:31:52,070 --> 00:31:49,650

radio with MJ and Ken Storch so don't

783

00:31:55,040 --> 00:31:52,080

wait any longer visit inception radio

784

00:31:58,850 --> 00:31:55,050

network calm and click on member login

785

00:32:03,410 --> 00:31:58,860

to join I rn's insider club and get your

786

00:32:07,460 --> 00:32:05,660

don't have a computer is your internet

787

00:32:09,290 --> 00:32:07,470

connection down don't worry use your

788

00:32:12,890 --> 00:32:09,300

trusty cellphone or landline and call in

789

00:32:14,510 --> 00:32:12,900

to our listen line at 40 1283 6700 to

790

00:32:18,440 --> 00:32:14,520

listen to the inception radio network

791

00:32:21,770 --> 00:32:18,450

24-7 again that Colin number is 40 1 2 a

792

00:32:26,430 --> 00:32:21,780

3 6 700 for the inception radio network

793

00:32:32,020 --> 00:32:29,230

hello inception radio network listeners

794

00:32:33,880 --> 00:32:32,030

this is Amanda remember you can take

795

00:32:36,010 --> 00:32:33,890

your inception radio shows on the go

796

00:32:38,830 --> 00:32:36,020

just download the inception radio

797

00:32:41,409 --> 00:32:38,840

network app for your iPhone iPad or

798

00:32:43,930 --> 00:32:41,419

Android smartphones and access live

799

00:32:46,450 --> 00:32:43,940

shows past shows guest lineups and much

800

00:32:48,220 --> 00:32:46,460

more just visit the itunes store or the

801
00:32:53,710 --> 00:32:48,230
google play marketplace and download it

802
00:32:55,810 --> 00:32:53,720
today for free you didn't forget what's

803
00:32:57,520 --> 00:32:55,820
coming up tonight did you hi inception

804
00:32:59,350 --> 00:32:57,530
radio network listeners this is Amanda

805
00:33:00,880 --> 00:32:59,360
never miss that interview you were

806
00:33:03,700 --> 00:33:00,890
looking forward to or the show on your

807
00:33:06,789 --> 00:33:03,710
favorite topic follow irn on twitter i

808
00:33:08,560 --> 00:33:06,799
underscore our underscore n and get

809
00:33:10,330 --> 00:33:08,570
reminders about the evenings live shows

810
00:33:12,760 --> 00:33:10,340
as well as fun and important updates

811
00:33:15,370 --> 00:33:12,770
throughout the week that's i underscore

812
00:33:29,470 --> 00:33:15,380
our underscore n and never miss a great

813
00:33:31,510 --> 00:33:29,480

show again yrn listeners this is MJ

814

00:33:33,430 --> 00:33:31,520

saying hello and sharing an awesome

815

00:33:36,850 --> 00:33:33,440

secret i discovered it's called dream

816

00:33:39,100 --> 00:33:36,860

lodge calm fresh raw organic ingredients

817

00:33:41,770 --> 00:33:39,110

are used to create all their products

818

00:33:44,860 --> 00:33:41,780

they are made in very small batches to

819

00:33:47,649 --> 00:33:44,870

ensure quality and freshness and made in

820

00:33:49,149 --> 00:33:47,659

the USA each product is created with

821

00:33:51,520 --> 00:33:49,159

care and with the finest organic

822

00:33:54,610 --> 00:33:51,530

ingredients there are no preservatives

823

00:33:59,620 --> 00:33:54,620

dies or chemicals in any product stop by

824

00:34:08,740 --> 00:33:59,630

dream lodge and relax that's dr.e am n

825

00:34:14,750 --> 00:34:11,780

you're locked into inception radio

826

00:34:17,600 --> 00:34:14,760

network superior Wisconsin truth

827

00:34:21,740 --> 00:34:17,610

Ponder's radio on the inception radio

828

00:34:23,060 --> 00:34:21,750

network and we're back here on the truth

829

00:34:24,950 --> 00:34:23,070

thunders live radio show here on

830

00:34:27,290 --> 00:34:24,960

inception radio network my name is art

831

00:34:29,750 --> 00:34:27,300

web we are joined by ben davidson of

832

00:34:32,540 --> 00:34:29,760

suspicious observers org that is

833

00:34:34,610 --> 00:34:32,550

suspicious sup not subspecies it's

834

00:34:37,250 --> 00:34:34,620

suspicious guys like I do broadcasting

835

00:34:39,290 --> 00:34:37,260

living suspicious observers dot-org it's

836

00:34:41,870 --> 00:34:39,300

a mouthful that that name of that

837

00:34:44,210 --> 00:34:41,880

project Ben but it's okay because it's

838

00:34:46,520 --> 00:34:44,220

just doesn't matter it's no effect on

839

00:34:48,530 --> 00:34:46,530

what you do what so I can say it's

840

00:34:50,290 --> 00:34:48,540

suspicious observers I can say it three

841

00:34:52,430 --> 00:34:50,300

times fast probably my all right now

842

00:34:56,360 --> 00:34:52,440

show off that's all your problem is just

843

00:34:58,790 --> 00:34:56,370

a big shot 88 89 192 355 again is the

844

00:35:00,700 --> 00:34:58,800

telephone number now before we jammed

845

00:35:03,950 --> 00:35:00,710

into the break we were discussing

846

00:35:06,770 --> 00:35:03,960

earthquake predictions and how you are

847

00:35:08,750 --> 00:35:06,780

noticing and have even now at this point

848

00:35:09,950 --> 00:35:08,760

up move beyond noticing you've now

849

00:35:13,160 --> 00:35:09,960

written a paper that has been confirmed

850

00:35:15,500 --> 00:35:13,170

the looks at the ebb and flow of how all

851
00:35:17,000 --> 00:35:15,510
this works with the Sun and it's direct

852
00:35:18,380 --> 00:35:17,010
correlation with the way the earth

853
00:35:20,540 --> 00:35:18,390
shakes when were down here so now

854
00:35:24,140 --> 00:35:20,550
looking at the Nepal earthquake that we

855
00:35:25,520 --> 00:35:24,150
just hit last week was that something

856
00:35:26,870 --> 00:35:25,530
that you anticipated and was that

857
00:35:29,660 --> 00:35:26,880
something you were discussing on your

858
00:35:32,960 --> 00:35:29,670
daily videos before going into the

859
00:35:34,430 --> 00:35:32,970
earthquake situation and if so that's

860
00:35:35,780 --> 00:35:34,440
just it's such a good reason point why

861
00:35:37,640 --> 00:35:35,790
people need to be watching your videos

862
00:35:39,920 --> 00:35:37,650
every day because it just us it's good i

863
00:35:43,940 --> 00:35:39,930

love what you do well absolutely you

864

00:35:47,300 --> 00:35:43,950

know as it turns out we end up tossing

865

00:35:49,610 --> 00:35:47,310

out an earthquake watch two to four

866

00:35:54,110 --> 00:35:49,620

times a month and they usually last a

867

00:35:56,390 --> 00:35:54,120

couple of days well the morning of april

868

00:36:01,100 --> 00:35:56,400

twenty fourth i believe i have that date

869

00:36:04,100 --> 00:36:01,110

correctly we listed the first enhanced

870

00:36:06,230 --> 00:36:04,110

earthquake watch of 2015 there was

871

00:36:09,230 --> 00:36:06,240

literally everything that we usually

872

00:36:11,030 --> 00:36:09,240

look for on the Sun and in the planets

873

00:36:15,770 --> 00:36:11,040

was coming together at the exact same

874

00:36:18,260 --> 00:36:15,780

time and and so we it was about I want

875

00:36:19,490 --> 00:36:18,270

to say probably 13 to 14 hours before

876

00:36:22,220 --> 00:36:19,500

the earthquake and the

877

00:36:25,490 --> 00:36:22,230

Paul occurred we issued the enhanced

878

00:36:28,400 --> 00:36:25,500

earthquake warning and you know it just

879

00:36:31,210 --> 00:36:28,410

couldn't have been any more of a perfect

880

00:36:34,430 --> 00:36:31,220

storm type situation I'm getting really

881

00:36:36,110 --> 00:36:34,440

getting good yeah well yeah yeah well

882

00:36:38,750 --> 00:36:36,120

you never want to see something like

883

00:36:40,730 --> 00:36:38,760

that believe me when when we call an

884

00:36:43,730 --> 00:36:40,740

earthquake watch and there's a 7-point

885

00:36:46,010 --> 00:36:43,740

oh you know in the middle of the Pacific

886

00:36:47,720 --> 00:36:46,020

Ocean somewhere there's no tsunami and

887

00:36:49,940 --> 00:36:47,730

there's not an island for a thousand

888

00:36:52,700 --> 00:36:49,950

miles in any direction believe me i'm

889

00:36:55,670 --> 00:36:52,710

all smiles but you know it's hard to

890

00:36:58,520 --> 00:36:55,680

smile when when you get such a terrible

891

00:37:00,770 --> 00:36:58,530

affirmation of of what you're working on

892

00:37:02,570 --> 00:37:00,780

it is absolutely on a bigger level

893

00:37:04,130 --> 00:37:02,580

though in a lot of ways i mean yes

894

00:37:07,010 --> 00:37:04,140

absolutely don't get me wrong it's

895

00:37:09,380 --> 00:37:07,020

devastating there's death there's so

896

00:37:10,700 --> 00:37:09,390

much horrible tragic situation

897

00:37:13,220 --> 00:37:10,710

surrounding something like that but in a

898

00:37:16,340 --> 00:37:13,230

weird way without that happening it

899

00:37:19,220 --> 00:37:16,350

doesn't give you what you need in order

900

00:37:22,310 --> 00:37:19,230

to build such a solid argument that it

901
00:37:25,790 --> 00:37:22,320
becomes what everybody knows to be fact

902
00:37:27,800 --> 00:37:25,800
and in that we then are able to on a

903
00:37:29,660 --> 00:37:27,810
global level predict this stuff and and

904
00:37:31,880 --> 00:37:29,670
then work out maybe where it might even

905
00:37:33,950 --> 00:37:31,890
happen and one day be able to prepare

906
00:37:35,900 --> 00:37:33,960
before it properly so that we can reduce

907
00:37:37,610 --> 00:37:35,910
that type of thing and I think in that

908
00:37:39,970 --> 00:37:37,620
level like it is good that you are

909
00:37:42,050 --> 00:37:39,980
getting so close it every day to just

910
00:37:44,150 --> 00:37:42,060
you know you're digging up this thing

911
00:37:46,370 --> 00:37:44,160
and it's just it's becoming such a with

912
00:37:51,500 --> 00:37:46,380
with your earthquake with your

913
00:37:55,280 --> 00:37:51,510

earthquake watch can you can you predict

914

00:37:57,140 --> 00:37:55,290

where on earth the like that that big

915

00:37:58,910 --> 00:37:57,150

earthquake will hit or is that not

916

00:38:02,570 --> 00:37:58,920

something that you guys have been able

917

00:38:06,170 --> 00:38:02,580

to sort of locate yet or or can you say

918

00:38:09,320 --> 00:38:06,180

in this part of the hemisphere it will

919

00:38:11,420 --> 00:38:09,330

happen now that that as of now is really

920

00:38:15,710 --> 00:38:11,430

really difficult it's it's interesting

921

00:38:17,300 --> 00:38:15,720

because as you look back through as you

922

00:38:20,390 --> 00:38:17,310

look back through the history of some of

923

00:38:24,010 --> 00:38:20,400

these correlated events you know there

924

00:38:26,930 --> 00:38:24,020

will be a very significant percentage of

925

00:38:29,390 --> 00:38:26,940

the time when there's a certain feature

926
00:38:32,480 --> 00:38:29,400
known as a coronal hole which are very

927
00:38:33,290 --> 00:38:32,490
very earthquake active you know where

928
00:38:39,920 --> 00:38:33,300
it'll look

929
00:38:41,990 --> 00:38:39,930
there will be a big earthquake near

930
00:38:43,790 --> 00:38:42,000
there and then other times you just look

931
00:38:50,030 --> 00:38:43,800
at it and say no no this isn't anything

932
00:38:52,730 --> 00:38:50,040
at all the only time we have really been

933
00:38:55,570 --> 00:38:52,740
looking at location specific earthquake

934
00:38:58,340 --> 00:38:55,580
warnings was when we saw for shock

935
00:39:00,980 --> 00:38:58,350
activity it happened once in the Indian

936
00:39:04,460 --> 00:39:00,990
Ocean we're out of nowhere there were

937
00:39:07,220 --> 00:39:04,470
about 35 magnitude earthquakes in one

938
00:39:09,110 --> 00:39:07,230

day after there being no activity there

939

00:39:11,240 --> 00:39:09,120

for a couple of weeks and so we issued a

940

00:39:12,860 --> 00:39:11,250

foreshock warning luckily the five

941

00:39:14,210 --> 00:39:12,870

magnitude earthquakes released all the

942

00:39:16,790 --> 00:39:14,220

pressure there was to release and there

943

00:39:19,850 --> 00:39:16,800

was not a bigger quake that has been the

944

00:39:24,260 --> 00:39:19,860

case most of the time the one time it

945

00:39:26,300 --> 00:39:24,270

was not the case was back in 2013 when

946

00:39:28,850 --> 00:39:26,310

there was a number of earthquakes up

947

00:39:31,580 --> 00:39:28,860

near the [h__h] Peninsula of Russia and

948

00:39:34,070 --> 00:39:31,590

we issued a localized warning there and

949

00:39:37,580 --> 00:39:34,080

an 8th magnitude earthquake struck that

950

00:39:40,130 --> 00:39:37,590

location but normally no it's we're not

951
00:39:41,810 --> 00:39:40,140
at the point yet where we can tell where

952
00:39:43,850 --> 00:39:41,820
the earthquake is is likely to happen

953
00:39:45,740 --> 00:39:43,860
yet being the key word I think too

954
00:39:47,480 --> 00:39:45,750
because I mean honestly five years ago

955
00:39:49,250 --> 00:39:47,490
we weren't even close to the point that

956
00:39:51,110 --> 00:39:49,260
you're right now with what you've been

957
00:39:53,120 --> 00:39:51,120
able to you know science about patterns

958
00:39:55,460 --> 00:39:53,130
and the same thing happening each time

959
00:39:57,140 --> 00:39:55,470
and anytime in the same reaction to any

960
00:39:59,060 --> 00:39:57,150
action and that is what you are just

961
00:40:01,280 --> 00:39:59,070
continuing to prove over and over and

962
00:40:03,230 --> 00:40:01,290
over again on really quickly I want to

963
00:40:04,580 --> 00:40:03,240

kind of bounce back to the the personal

964

00:40:05,840 --> 00:40:04,590

aspect of this because I do think that

965

00:40:08,420 --> 00:40:05,850

there is a certain nature to the

966

00:40:10,700 --> 00:40:08,430

personal story of your journey through

967

00:40:11,930 --> 00:40:10,710

becoming where you're at you know

968

00:40:12,890 --> 00:40:11,940

getting Tori right now and honestly

969

00:40:14,720 --> 00:40:12,900

where you're gonna be going in the

970

00:40:15,950 --> 00:40:14,730

future cuz i do see much greater things

971

00:40:18,380 --> 00:40:15,960

for you i don't think that you know in

972

00:40:19,850 --> 00:40:18,390

five years will be anywhere near getting

973

00:40:22,190 --> 00:40:19,860

you on the show I think you'll be on

974

00:40:23,720 --> 00:40:22,200

coast-to-coast like like you know hey

975

00:40:26,300 --> 00:40:23,730

are they five years from now truth

976

00:40:29,600 --> 00:40:26,310

funders will radio will be one of the

977

00:40:31,880 --> 00:40:29,610

top five radio shows out there so will

978

00:40:33,410 --> 00:40:31,890

be growing right along you know what you

979

00:40:34,820 --> 00:40:33,420

right man i really just screwed that

980

00:40:36,290 --> 00:40:34,830

whole up the whole thing up because you

981

00:40:37,460 --> 00:40:36,300

do have a very excellent point marks

982

00:40:39,500 --> 00:40:37,470

right so that's why i have you on the

983

00:40:41,570 --> 00:40:39,510

show you a lot going on here to put my

984

00:40:44,210 --> 00:40:41,580

ego in check out apps coming out there's

985

00:40:46,100 --> 00:40:44,220

all sorts of crazy things going on by

986

00:40:47,220 --> 00:40:46,110

then the truth fenders calm to see

987

00:40:49,650 --> 00:40:47,230

anything

988

00:40:50,940 --> 00:40:49,660

that you would you know want to get

989

00:40:53,340 --> 00:40:50,950

involved as the truth funders that's all

990

00:40:54,540 --> 00:40:53,350

true thunders dot-com as well but I

991

00:40:57,599 --> 00:40:54,550

getting back to your personal story but

992

00:40:59,490 --> 00:40:57,609

I want to know about your take on the

993

00:41:01,410 --> 00:40:59,500

whole concept of coming out publicly

994

00:41:04,230 --> 00:41:01,420

with your identity because from what I

995

00:41:05,370 --> 00:41:04,240

was able to ascertain from watching you

996

00:41:08,250 --> 00:41:05,380

for all these years now is that

997

00:41:10,020 --> 00:41:08,260

initially you are very private in what

998

00:41:11,970 --> 00:41:10,030

you put out there about who you were I

999

00:41:13,560 --> 00:41:11,980

mean really it was the bare bones these

1000

00:41:15,359 --> 00:41:13,570

are the facts and I'm just a voice

1001
00:41:17,670 --> 00:41:15,369
saying them to you and then and then

1002
00:41:19,260 --> 00:41:17,680
over the course of the next couple of

1003
00:41:21,240 --> 00:41:19,270
few years quitting your job and doing

1004
00:41:23,849 --> 00:41:21,250
this full time it seemed to me that you

1005
00:41:26,580 --> 00:41:23,859
were almost reluctant to come out on a

1006
00:41:28,770 --> 00:41:26,590
very personal level and identify

1007
00:41:30,000 --> 00:41:28,780
yourself and who you are in discussing

1008
00:41:32,580 --> 00:41:30,010
this kind of stuff every day because it

1009
00:41:34,980 --> 00:41:32,590
seems like there was issues with

1010
00:41:36,900 --> 00:41:34,990
different legal realities of what you're

1011
00:41:37,800 --> 00:41:36,910
doing or I'm not sure can we talk about

1012
00:41:40,770 --> 00:41:37,810
that a little bit though because I think

1013
00:41:42,060 --> 00:41:40,780

it's interesting yeah I mean at first

1014

00:41:45,420 --> 00:41:42,070

there were a number of reasons why I

1015

00:41:48,540 --> 00:41:45,430

wanted to remain anonymous I worked in a

1016

00:41:51,480 --> 00:41:48,550

very conservative industry and so I had

1017

00:41:54,030 --> 00:41:51,490

concerns about you know whether that oh

1018

00:41:56,310 --> 00:41:54,040

not this could affect my job I didn't

1019

00:41:57,810 --> 00:41:56,320

want any of this to be about me this was

1020

00:42:01,800 --> 00:41:57,820

all about the information that was being

1021

00:42:03,599 --> 00:42:01,810

provided and it still is in terms of

1022

00:42:05,250 --> 00:42:03,609

having the identity come out that was

1023

00:42:08,370 --> 00:42:05,260

definitely not something I wanted to do

1024

00:42:12,710 --> 00:42:08,380

it was sort of forced on me there have

1025

00:42:16,680 --> 00:42:12,720

been you know there have been people who

1026

00:42:18,720 --> 00:42:16,690

mistreat Internet freedom since the

1027

00:42:21,900 --> 00:42:18,730

moment the internet came into existence

1028

00:42:25,650 --> 00:42:21,910

and you know like anybody else who is

1029

00:42:27,450 --> 00:42:25,660

pushing boundaries you know there are

1030

00:42:29,430 --> 00:42:27,460

people who really disagree with a lot of

1031

00:42:32,310 --> 00:42:29,440

things I'm doing and I'm doing it on the

1032

00:42:34,380 --> 00:42:32,320

internet so i have i'm basically open to

1033

00:42:38,160 --> 00:42:34,390

everything that the internet it has out

1034

00:42:41,790 --> 00:42:38,170

there and once I decided to start you

1035

00:42:43,740 --> 00:42:41,800

know trying to earn a little bit of

1036

00:42:46,650 --> 00:42:43,750

money for all the work I was putting

1037

00:42:48,450 --> 00:42:46,660

into it you know I knew there was no way

1038

00:42:50,160 --> 00:42:48,460

to hide my identity at that point I had

1039

00:42:53,130 --> 00:42:50,170

to make a business and do other things

1040

00:42:55,560 --> 00:42:53,140

like that but I still wasn't making it

1041

00:42:58,230 --> 00:42:55,570

public but I knew that if anybody really

1042

00:43:00,090 --> 00:42:58,240

wanted to be a creeper and and go and

1043

00:43:00,990 --> 00:43:00,100

figure out who I was it would not be

1044

00:43:03,000 --> 00:43:01,000

that difficult

1045

00:43:05,700 --> 00:43:03,010

what I hadn't planned on was that

1046

00:43:08,640 --> 00:43:05,710

somebody would you know for weeks on end

1047

00:43:11,040 --> 00:43:08,650

send me email sank we know who you are

1048

00:43:12,630 --> 00:43:11,050

Ben Davidson like we're going to expose

1049

00:43:15,960 --> 00:43:12,640

your name like we're going to tell

1050

00:43:17,820 --> 00:43:15,970

everyone who you are and I was just like

1051

00:43:19,980 --> 00:43:17,830

okay that's that's really interesting

1052

00:43:21,780 --> 00:43:19,990

and then when they when they started to

1053

00:43:24,060 --> 00:43:21,790

sit to write comments about other

1054

00:43:26,670 --> 00:43:24,070

members of my family I just decided that

1055

00:43:28,290 --> 00:43:26,680

I was loud I wasn't going to give them

1056

00:43:31,590 --> 00:43:28,300

any power anymore right know exactly

1057

00:43:33,120 --> 00:43:31,600

just took the power back yeah just came

1058

00:43:35,490 --> 00:43:33,130

out and told everyone my name and showed

1059

00:43:37,860 --> 00:43:35,500

my face and and like I thought it was

1060

00:43:40,230 --> 00:43:37,870

kind of a blessing in disguise because

1061

00:43:42,240 --> 00:43:40,240

did did you find out who does Michael

1062

00:43:44,520 --> 00:43:42,250

mark mark mark mark hold on I have a

1063

00:43:46,380 --> 00:43:44,530

point to make here I do think that it

1064

00:43:48,450 --> 00:43:46,390

was a blessing in disguise I honestly

1065

00:43:49,680 --> 00:43:48,460

believe that it was the best thing you

1066

00:43:51,720 --> 00:43:49,690

could have possibly done because as

1067

00:43:53,640 --> 00:43:51,730

important as the information is speaking

1068

00:43:55,710 --> 00:43:53,650

for itself and having it be out there

1069

00:43:58,440 --> 00:43:55,720

and having it become accessible humans

1070

00:44:00,330 --> 00:43:58,450

naturally gravitate towards someone they

1071

00:44:03,180 --> 00:44:00,340

can connect with the human connection

1072

00:44:05,040 --> 00:44:03,190

and you as a personality give them

1073

00:44:07,620 --> 00:44:05,050

something that they can relate to and

1074

00:44:09,330 --> 00:44:07,630

you are not just facts you are a human

1075

00:44:11,760 --> 00:44:09,340

being and when you can emotionally

1076

00:44:14,430 --> 00:44:11,770

invest in that side of it it makes the

1077

00:44:16,710 --> 00:44:14,440

facts much more palatable and easily to

1078

00:44:17,850 --> 00:44:16,720

you know it swallow and have a frame of

1079

00:44:19,410 --> 00:44:17,860

reference on where they're coming from

1080

00:44:22,170 --> 00:44:19,420

and I just think that that human element

1081

00:44:24,570 --> 00:44:22,180

really has boosted your entire project

1082

00:44:26,790 --> 00:44:24,580

into a whole other level because you

1083

00:44:29,010 --> 00:44:26,800

have you know and where we were forced

1084

00:44:31,320 --> 00:44:29,020

to come out but because you did that it

1085

00:44:34,130 --> 00:44:31,330

gave it it putting a face to the name

1086

00:44:37,710 --> 00:44:34,140

just really helps I think overall

1087

00:44:39,000 --> 00:44:37,720

accessibility and I I am I think it's

1088

00:44:41,220 --> 00:44:39,010

great that you can recognize that and

1089

00:44:43,620 --> 00:44:41,230

now see that because that as as I was

1090

00:44:45,270 --> 00:44:43,630

watching your story unfold this these

1091

00:44:46,620 --> 00:44:45,280

are the thoughts and I was having Marta

1092

00:44:49,170 --> 00:44:46,630

now mark was asking if you ever found

1093

00:44:50,340 --> 00:44:49,180

out who was behind all these malicious

1094

00:44:52,620 --> 00:44:50,350

like you know threats and stuff like

1095

00:44:55,950 --> 00:44:52,630

that did you come up with any names yeah

1096

00:44:58,110 --> 00:44:55,960

we knew who it was and I don't know if

1097

00:45:00,900 --> 00:44:58,120

I'm allowed to swear on this show but go

1098

00:45:02,760 --> 00:45:00,910

for it yes these are people who have

1099

00:45:06,230 --> 00:45:02,770

been up my ass since the moment I got on

1100

00:45:08,490 --> 00:45:06,240

YouTube and they're they're still there

1101
00:45:10,530 --> 00:45:08,500
still trying to worm their way up there

1102
00:45:14,609 --> 00:45:10,540
to this day I pretty much just ignore

1103
00:45:15,870 --> 00:45:14,619
them they pretty much

1104
00:45:17,009 --> 00:45:15,880
well then let's stop talking about it

1105
00:45:18,779 --> 00:45:17,019
because we don't give them any power

1106
00:45:20,099 --> 00:45:18,789
even in this form honestly I don't that

1107
00:45:21,720 --> 00:45:20,109
you and you're absolutely right the best

1108
00:45:23,700 --> 00:45:21,730
thing to do is to just completely ignore

1109
00:45:24,630 --> 00:45:23,710
and just you know if they want to

1110
00:45:27,029 --> 00:45:24,640
threaten you with something to own it

1111
00:45:29,130 --> 00:45:27,039
onslow and one thing I'd say to that too

1112
00:45:33,720 --> 00:45:29,140
is you really did take the power back

1113
00:45:35,220 --> 00:45:33,730

because by coming out and and revealing

1114

00:45:37,319 --> 00:45:35,230

your name you're able to put your name

1115

00:45:39,569 --> 00:45:37,329

on scientific papers and work with

1116

00:45:41,390 --> 00:45:39,579

scientists now right it's a good point

1117

00:45:45,269 --> 00:45:41,400

has now brought you to that as well

1118

00:45:47,249 --> 00:45:45,279

right yeah I mean that's a that is nice

1119

00:45:51,359 --> 00:45:47,259

and you know I actually didn't want to

1120

00:45:53,789 --> 00:45:51,369

even go that route because frankly um as

1121

00:45:56,609 --> 00:45:53,799

far as I was concerned this wasn't for

1122

00:45:58,829 --> 00:45:56,619

for people who needed it everything to

1123

00:46:02,670 --> 00:45:58,839

be all prim and proper and they didn't

1124

00:46:04,620 --> 00:46:02,680

need to you know go through these routes

1125

00:46:07,739 --> 00:46:04,630

music official routes that really are

1126

00:46:10,319 --> 00:46:07,749

restrictive and they do not open

1127

00:46:12,620 --> 00:46:10,329

themselves up to you know letting

1128

00:46:14,789 --> 00:46:12,630

everyone contribute and things like that

1129

00:46:16,620 --> 00:46:14,799

antiquated their antiquated technique

1130

00:46:18,420 --> 00:46:16,630

yeah I in ideas and thought forms and

1131

00:46:19,979 --> 00:46:18,430

practices honestly because they yeah

1132

00:46:22,289 --> 00:46:19,989

they they're so close minded they're so

1133

00:46:23,789 --> 00:46:22,299

married to what they believe as having

1134

00:46:27,660 --> 00:46:23,799

been the truth because honestly at that

1135

00:46:29,640 --> 00:46:27,670

time in their origins that was generally

1136

00:46:31,799 --> 00:46:29,650

accepted truth and as you get older you

1137

00:46:33,569 --> 00:46:31,809

just you want to stick with what you

1138

00:46:35,370 --> 00:46:33,579

know and I can understand how they've

1139

00:46:36,390 --> 00:46:35,380

become antiquated but if you can't

1140

00:46:38,640 --> 00:46:36,400

equate in such a way that is now

1141

00:46:40,079 --> 00:46:38,650

inhibiting our forward movement as a

1142

00:46:43,079 --> 00:46:40,089

country as a plan in as everything else

1143

00:46:45,089 --> 00:46:43,089

right well that's absolutely right and

1144

00:46:46,710 --> 00:46:45,099

you know I wish that this wasn't that

1145

00:46:50,299 --> 00:46:46,720

wasn't the world that we live in but a

1146

00:46:53,309 --> 00:46:50,309

it became clear to me that my one-sided

1147

00:46:55,259 --> 00:46:53,319

approach to to this was not exactly

1148

00:46:57,089 --> 00:46:55,269

reasonable that something somewhere in

1149

00:46:59,430 --> 00:46:57,099

the middle of the road was more

1150

00:47:01,529 --> 00:46:59,440

reasonable and if I really wanted this

1151
00:47:04,019 --> 00:47:01,539
thing to be taken seriously and I wanted

1152
00:47:06,989 --> 00:47:04,029
science to and you know if I truly in my

1153
00:47:09,569 --> 00:47:06,999
heart was caring about you know getting

1154
00:47:11,130 --> 00:47:09,579
this science to move forward so that it

1155
00:47:13,170 --> 00:47:11,140
could one day be used to save people's

1156
00:47:15,630 --> 00:47:13,180
lives then I had to do everything I

1157
00:47:18,299 --> 00:47:15,640
could to make sure this that this study

1158
00:47:22,109 --> 00:47:18,309
was taken seriously and so I had to get

1159
00:47:24,269 --> 00:47:22,119
you know the you develop the rules you

1160
00:47:26,059 --> 00:47:24,279
follow the rules yeah and so you know at

1161
00:47:28,300 --> 00:47:26,069
that time i was living in columbus ohio

1162
00:47:30,130 --> 00:47:28,310
so you know deal

1163
00:47:33,310 --> 00:47:30,140

Iowa State University Statistics

1164

00:47:39,190 --> 00:47:33,320

Department were the best people in my

1165

00:47:41,740 --> 00:47:39,200

backyard so to speak and they were there

1166

00:47:45,160 --> 00:47:41,750

just really really kind and talented

1167

00:47:46,630 --> 00:47:45,170

individuals over there if I ever if I

1168

00:47:49,090 --> 00:47:46,640

ever need this again I'll be going back

1169

00:47:50,680 --> 00:47:49,100

to them for sure a little bit later on

1170

00:47:53,200 --> 00:47:50,690

here in the show maybe in the next I

1171

00:47:54,610 --> 00:47:53,210

don't know definitely between the top of

1172

00:47:55,720 --> 00:47:54,620

the hour and the end of the show 30

1173

00:47:57,550 --> 00:47:55,730

minutes after that we're going to talk

1174

00:47:59,110 --> 00:47:57,560

about a brand new project that I didn't

1175

00:48:01,300 --> 00:47:59,120

even know existed that Ben is going to

1176
00:48:02,980 --> 00:48:01,310
be announcing and I am excited to talk

1177
00:48:04,630 --> 00:48:02,990
about that but before we get into that I

1178
00:48:05,890 --> 00:48:04,640
got it up ten minutes here I want to

1179
00:48:08,860 --> 00:48:05,900
talk about the mobile Observatory

1180
00:48:10,810 --> 00:48:08,870
project and what that came from and how

1181
00:48:14,230 --> 00:48:10,820
you were able to raise enough money to

1182
00:48:15,730 --> 00:48:14,240
buy yourself an entire I mean I don't

1183
00:48:17,050 --> 00:48:15,740
want to call it a motor or a bus or

1184
00:48:19,810 --> 00:48:17,060
anything like that you you actually

1185
00:48:22,540 --> 00:48:19,820
outfitted an observatory in out of some

1186
00:48:23,890 --> 00:48:22,550
kind of RV and you went across the

1187
00:48:25,510 --> 00:48:23,900
entire country talking to people like

1188
00:48:27,760 --> 00:48:25,520

that's so awesome these are the things

1189

00:48:29,170 --> 00:48:27,770

that they buy coming out like have

1190

00:48:31,270 --> 00:48:29,180

allowed you to do that as well I mean

1191

00:48:33,070 --> 00:48:31,280

that the reach in the connection and

1192

00:48:35,200 --> 00:48:33,080

your commitment to getting out there and

1193

00:48:37,810 --> 00:48:35,210

just making as much noise about this as

1194

00:48:39,070 --> 00:48:37,820

possible is so admirable and I want to

1195

00:48:41,680 --> 00:48:39,080

talk about what that experience was like

1196

00:48:43,960 --> 00:48:41,690

and how you have come back from that and

1197

00:48:46,240 --> 00:48:43,970

grown and changed me some of the ways

1198

00:48:50,140 --> 00:48:46,250

you're going about doing well if my wife

1199

00:48:51,760 --> 00:48:50,150

had if my wife had not you know become

1200

00:48:55,690 --> 00:48:51,770

pregnant that you know not that it

1201
00:48:57,790 --> 00:48:55,700
wasn't my fault you played hard that do

1202
00:49:00,040 --> 00:48:57,800
but yeah you know if my wife hadn't gone

1203
00:49:01,960 --> 00:49:00,050
and gotten pregnant we would definitely

1204
00:49:04,360 --> 00:49:01,970
still be on the road this was one of the

1205
00:49:09,460 --> 00:49:04,370
most fun things ever I was just out

1206
00:49:12,100 --> 00:49:09,470
there a different city every day no no

1207
00:49:13,900 --> 00:49:12,110
chains holding us back my wife my two

1208
00:49:16,510 --> 00:49:13,910
dogs and I it was absolutely wonderful

1209
00:49:20,620 --> 00:49:16,520
you know when I when I quit my job at

1210
00:49:22,780 --> 00:49:20,630
the end of 2013 started 2014 it quickly

1211
00:49:25,690 --> 00:49:22,790
became apparent to me that I could

1212
00:49:27,850 --> 00:49:25,700
continue doing the Daily News continued

1213
00:49:30,700 --> 00:49:27,860

doing suspicious observers org and all

1214

00:49:33,070 --> 00:49:30,710

the other content that you know gets put

1215

00:49:34,180 --> 00:49:33,080

on that website which is an astronomical

1216

00:49:35,620 --> 00:49:34,190

amount as well and I don't know if a lot

1217

00:49:36,850 --> 00:49:35,630

of time to get into all that is but it's

1218

00:49:39,610 --> 00:49:36,860

there and people should check it out for

1219

00:49:41,110 --> 00:49:39,620

sure was I had time for more and the

1220

00:49:42,130 --> 00:49:41,120

only way to really kick this up a notch

1221

00:49:44,680 --> 00:49:42,140

was too

1222

00:49:46,690 --> 00:49:44,690

go around the country and meet the

1223

00:49:48,670 --> 00:49:46,700

people who have been involved and been

1224

00:49:51,789 --> 00:49:48,680

so supportive to meet the scientists who

1225

00:49:54,430 --> 00:49:51,799

I've been collaborating with you know

1226

00:49:57,400 --> 00:49:54,440

just over the Internet I gave a lot of

1227

00:50:00,309 --> 00:49:57,410

talks at schools Museum Science Center's

1228

00:50:04,230 --> 00:50:00,319

universities planetariums it was a lot

1229

00:50:07,779 --> 00:50:04,240

of fun we had 75 events we had 41 states

1230

00:50:11,650 --> 00:50:07,789

I actually had two more on a little West

1231

00:50:14,890 --> 00:50:11,660

Coast Swing just a couple weeks ago and

1232

00:50:20,559 --> 00:50:14,900

four provinces in Canada and it was just

1233

00:50:23,349 --> 00:50:20,569

a ton of fun actually my wife and I had

1234

00:50:26,230 --> 00:50:23,359

bought the RV ourselves and then we

1235

00:50:27,789 --> 00:50:26,240

started a Kickstarter campaign in order

1236

00:50:29,079 --> 00:50:27,799

to turn this before through thousands

1237

00:50:31,599 --> 00:50:29,089

existed by the way I need to I need to

1238

00:50:34,930 --> 00:50:31,609

say this say what I said this is before

1239

00:50:36,279 --> 00:50:34,940

truth funders existed because we thing

1240

00:50:38,799 --> 00:50:36,289

like we just need to make sure that fair

1241

00:50:41,019 --> 00:50:38,809

enough yeah yeah so my wife and I took

1242

00:50:43,269 --> 00:50:41,029

the leap of faith and bought the RV and

1243

00:50:46,720 --> 00:50:43,279

we figured no matter what we have this

1244

00:50:50,279 --> 00:50:46,730

new found freedom why don't we go around

1245

00:50:54,099 --> 00:50:50,289

the country and just see this stuff and

1246

00:50:56,380 --> 00:50:54,109

I said well if we're going to do it we

1247

00:50:59,009 --> 00:50:56,390

should at least try to do it right and

1248

00:51:02,980 --> 00:50:59,019

so we did a Kickstarter campaign to

1249

00:51:06,819 --> 00:51:02,990

really a retrofit the mobile observatory

1250

00:51:09,640 --> 00:51:06,829

to be able to have us live on the road

1251

00:51:12,700 --> 00:51:09,650

for you know it live in at full time for

1252

00:51:14,079 --> 00:51:12,710

months on end for us to be able to you

1253

00:51:16,450 --> 00:51:14,089

know for me to be able to produce the

1254

00:51:18,160 --> 00:51:16,460

content do the recordings to hold a

1255

00:51:19,809 --> 00:51:18,170

bunch of scientific equipment that would

1256

00:51:22,930 --> 00:51:19,819

be cool to have along the road and

1257

00:51:24,460 --> 00:51:22,940

frankly to pay for a lot more gas money

1258

00:51:26,680 --> 00:51:24,470

than we would otherwise be able to

1259

00:51:30,220 --> 00:51:26,690

afford with that big thing so that we

1260

00:51:32,620 --> 00:51:30,230

could hit all of those places that have

1261

00:51:36,150 --> 00:51:32,630

five different events that brings up to

1262

00:51:40,720 --> 00:51:36,160

questions for me one is was the campaign

1263

00:51:43,870 --> 00:51:40,730

successful and number two was do you do

1264

00:51:46,059 --> 00:51:43,880

you make money doing your videos do you

1265

00:51:48,249 --> 00:51:46,069

monetize your videos on YouTube is that

1266

00:51:51,279 --> 00:51:48,259

is that sort of how you get part of your

1267

00:51:53,319 --> 00:51:51,289

revenue for it yeah you know I I think I

1268

00:51:55,420 --> 00:51:53,329

probably get about a tenth of a penny

1269

00:51:56,080 --> 00:51:55,430

every time somebody watches a video on

1270

00:51:57,970 --> 00:51:56,090

youtube

1271

00:51:59,410 --> 00:51:57,980

like a musician your records get a tenth

1272

00:52:02,830 --> 00:51:59,420

opinion you go out on the road and live

1273

00:52:04,780 --> 00:52:02,840

out on tour right right the kickstarter

1274

00:52:06,220 --> 00:52:04,790

campaign was very successful the way

1275

00:52:07,950 --> 00:52:06,230

Kickstarter works is you have to tell

1276
00:52:11,320 --> 00:52:07,960
them how much money you're trying to

1277
00:52:13,600 --> 00:52:11,330
raise if you raise that amount of money

1278
00:52:15,340 --> 00:52:13,610
you get everything that you've raised if

1279
00:52:18,970 --> 00:52:15,350
you don't hit that amount of money you

1280
00:52:21,070 --> 00:52:18,980
get nothing at all and we hit our target

1281
00:52:25,270 --> 00:52:21,080
amount of 35,000 in just under three

1282
00:52:27,070 --> 00:52:25,280
days now we ended up almost doubling the

1283
00:52:28,630 --> 00:52:27,080
amount that we were looking for which is

1284
00:52:31,420 --> 00:52:28,640
the reason why we were able to push it

1285
00:52:34,140 --> 00:52:31,430
into Canada and we were able to do so

1286
00:52:37,900 --> 00:52:34,150
much so money so many different cities

1287
00:52:39,340 --> 00:52:37,910
you know all over them and do you think

1288
00:52:41,290 --> 00:52:39,350

you were able to have that success

1289

00:52:45,610 --> 00:52:41,300

because you already had success with

1290

00:52:49,560 --> 00:52:45,620

your videos probably I mean it's it's

1291

00:52:52,240 --> 00:52:49,570

the kind of thing where most of the time

1292

00:52:56,050 --> 00:52:52,250

Kickstarter campaigns are not as

1293

00:52:58,510 --> 00:52:56,060

successful as this I believe me within a

1294

00:53:01,180 --> 00:52:58,520

couple of days I had tons of emails from

1295

00:53:04,540 --> 00:53:01,190

from people asking you know what's the

1296

00:53:07,180 --> 00:53:04,550

secret to creating a successful you know

1297

00:53:08,950 --> 00:53:07,190

Kickstarter campaign and you know I

1298

00:53:11,230 --> 00:53:08,960

thought it was hilarious I had literally

1299

00:53:13,570 --> 00:53:11,240

been on Kickstarter for the first time

1300

00:53:15,160 --> 00:53:13,580

ever six days before that and these

1301
00:53:17,380 --> 00:53:15,170
people were treating me like an expert

1302
00:53:20,140 --> 00:53:17,390
and so my response was having enormous

1303
00:53:23,110 --> 00:53:20,150
following before you start your campaign

1304
00:53:24,850 --> 00:53:23,120
definitely definitely tell you're able

1305
00:53:27,910 --> 00:53:24,860
to believe in your product your campaign

1306
00:53:29,590 --> 00:53:27,920
you know even your balloons I think

1307
00:53:31,540 --> 00:53:29,600
that's really important to and for

1308
00:53:34,420 --> 00:53:31,550
people creating truth funders projects

1309
00:53:36,010 --> 00:53:34,430
it's the same way and if you create a

1310
00:53:38,620 --> 00:53:36,020
project and you don't have that

1311
00:53:40,630 --> 00:53:38,630
following you have to create that

1312
00:53:42,490 --> 00:53:40,640
following you have to generate it or you

1313
00:53:44,530 --> 00:53:42,500

really have to market yourself otherwise

1314

00:53:46,260 --> 00:53:44,540

you could have the best project in the

1315

00:53:49,660 --> 00:53:46,270

world but if it's not getting out there

1316

00:53:52,870 --> 00:53:49,670

nobody's going to nobody's going to see

1317

00:53:54,940 --> 00:53:52,880

it so that's really great i'm really

1318

00:53:57,730 --> 00:53:54,950

happy to hear that you had so much

1319

00:53:59,380 --> 00:53:57,740

success with your crowdfunding it it

1320

00:54:01,660 --> 00:53:59,390

always brings a smile to my face when

1321

00:54:04,000 --> 00:54:01,670

when I hear people you know have that

1322

00:54:05,530 --> 00:54:04,010

sort of success money where their mouth

1323

00:54:07,630 --> 00:54:05,540

was I mean honestly I do think that

1324

00:54:08,260 --> 00:54:07,640

you're following is very loyal because

1325

00:54:11,950 --> 00:54:08,270

you respect

1326

00:54:13,750 --> 00:54:11,960

audience in such a way that you are so

1327

00:54:16,360 --> 00:54:13,760

reliable with the daily videos and you

1328

00:54:19,090 --> 00:54:16,370

on when you're sick you do the videos

1329

00:54:20,530 --> 00:54:19,100

and when you are unable to get them done

1330

00:54:22,060 --> 00:54:20,540

because you're somewhere in the road you

1331

00:54:24,490 --> 00:54:22,070

find a way to get the damn things up and

1332

00:54:26,320 --> 00:54:24,500

that is that shows a level of commitment

1333

00:54:27,580 --> 00:54:26,330

and loyalty to your audience that they

1334

00:54:29,440 --> 00:54:27,590

will turn around and give that right

1335

00:54:32,500 --> 00:54:29,450

back to you and that's why I think you

1336

00:54:34,150 --> 00:54:32,510

are met with such openness from everyone

1337

00:54:35,680 --> 00:54:34,160

that follows you and by the way when you

1338

00:54:37,210 --> 00:54:35,690

hit the road and you went to all these

1339

00:54:38,890 --> 00:54:37,220

different cities I mean was there a city

1340

00:54:40,960 --> 00:54:38,900

where you felt like the reception was

1341

00:54:43,870 --> 00:54:40,970

lukewarm at best even or was it all

1342

00:54:46,660 --> 00:54:43,880

pretty unanimously like warm and you

1343

00:54:48,250 --> 00:54:46,670

know hospitable you know it when you

1344

00:54:51,280 --> 00:54:48,260

spend enough time on the internet you

1345

00:54:54,700 --> 00:54:51,290

can begin to think the entire world is

1346

00:54:57,430 --> 00:54:54,710

full of these angry trollee bullies but

1347

00:54:58,990 --> 00:54:57,440

the internet is yeah but but you realize

1348

00:55:00,640 --> 00:54:59,000

that these people only have their

1349

00:55:02,430 --> 00:55:00,650

cojones when they're standing behind a

1350

00:55:05,410 --> 00:55:02,440

computer screen and they got a keyboard

1351

00:55:08,410 --> 00:55:05,420

he said it you said it I love that you

1352

00:55:10,300 --> 00:55:08,420

say most of the time you know these

1353

00:55:12,520 --> 00:55:10,310

people didn't have the balls to come up

1354

00:55:15,580 --> 00:55:12,530

and say anything and even if they did

1355

00:55:17,470 --> 00:55:15,590

you know I was usually surrounded by 20

1356

00:55:19,690 --> 00:55:17,480

or 30 observers like what are they

1357

00:55:22,540 --> 00:55:19,700

really going to do there was one guy in

1358

00:55:24,280 --> 00:55:22,550

in Calgary and this shouldn't cast a bad

1359

00:55:26,560 --> 00:55:24,290

light on Calgary that was a heck of a

1360

00:55:28,810 --> 00:55:26,570

stop I really loved my time in Calgary

1361

00:55:31,570 --> 00:55:28,820

but there was one guy in Calgary who

1362

00:55:34,960 --> 00:55:31,580

came up and he started spouting like

1363

00:55:36,850 --> 00:55:34,970

some of the the most ludicrous nonsense

1364

00:55:39,280 --> 00:55:36,860

I mean stuff that even the people who I

1365

00:55:42,220 --> 00:55:39,290

think need to rein their conspiracy

1366

00:55:45,070 --> 00:55:42,230

theories in a little bit even stuff even

1367

00:55:47,560 --> 00:55:45,080

stuff that they recognize is crazy this

1368

00:55:51,430 --> 00:55:47,570

guy was spouting it and then trying to

1369

00:55:53,230 --> 00:55:51,440

yell at me about evidence it was it was

1370

00:55:54,850 --> 00:55:53,240

quite the thing it lasted about two

1371

00:55:57,940 --> 00:55:54,860

minutes and then he just sort of walked

1372

00:55:59,350 --> 00:55:57,950

walked away I can only imagine what the

1373

00:56:01,600 --> 00:55:59,360

other side of that is like in terms of

1374

00:56:04,690 --> 00:56:01,610

what you do get on a daily basis from

1375

00:56:06,820 --> 00:56:04,700

people online and just the the that wild

1376
00:56:10,330 --> 00:56:06,830
wild craziness that must be thrown your

1377
00:56:11,890 --> 00:56:10,340
way from last tweets to videos and the

1378
00:56:14,950 --> 00:56:11,900
whole thing we're talking to bed

1379
00:56:16,570 --> 00:56:14,960
Davidson's suspicious observers org need

1380
00:56:18,400 --> 00:56:16,580
to take a break in a couple minutes here

1381
00:56:20,710 --> 00:56:18,410
before we come back and talk the brand

1382
00:56:21,790 --> 00:56:20,720
new project all I want to I do want to

1383
00:56:23,530 --> 00:56:21,800
say

1384
00:56:25,150 --> 00:56:23,540
very quickly I think we need to

1385
00:56:26,830 --> 00:56:25,160
acknowledge his wife because just our

1386
00:56:28,120 --> 00:56:26,840
coming out of this stuff I want to

1387
00:56:29,770 --> 00:56:28,130
acknowledge your wife and like the kind

1388
00:56:32,020 --> 00:56:29,780

of support that your wife has given you

1389

00:56:33,460 --> 00:56:32,030

in doing this and Heidi I mean that

1390

00:56:34,720 --> 00:56:33,470

really is cool and honestly you probably

1391

00:56:37,150 --> 00:56:34,730

couldn't be doing any of this without

1392

00:56:38,590 --> 00:56:37,160

the side of it that she's doing silently

1393

00:56:40,750 --> 00:56:38,600

and I just think it is important to

1394

00:56:44,380 --> 00:56:40,760

acknowledge that oh absolutely you know

1395

00:56:47,530 --> 00:56:44,390

she she was the navigator you know we

1396

00:56:49,480 --> 00:56:47,540

get done with an event and I would sit

1397

00:56:52,810 --> 00:56:49,490

behind the wheel the RV and say where we

1398

00:56:55,540 --> 00:56:52,820

going you know she she coordinated

1399

00:56:57,760 --> 00:56:55,550

everything she coordinated our stops she

1400

00:57:00,670 --> 00:56:57,770

handled a ton of the email she learned

1401
00:57:04,510 --> 00:57:00,680
Weebly in six hours and built that

1402
00:57:08,440 --> 00:57:04,520
website in for thereafter she completely

1403
00:57:12,280 --> 00:57:08,450
maintained observatory project com she

1404
00:57:15,210 --> 00:57:12,290
is indispensable she spent the last

1405
00:57:19,750 --> 00:57:15,220
couple months of it doing it pregnant

1406
00:57:24,160 --> 00:57:19,760
you know I I had a I had a pretty good

1407
00:57:28,330 --> 00:57:24,170
job but so did she and she quit for me

1408
00:57:32,230 --> 00:57:28,340
to support me on this journey I have had

1409
00:57:34,600 --> 00:57:32,240
many times felt very bad about asking

1410
00:57:37,090 --> 00:57:34,610
her to do that the fact that she so

1411
00:57:40,050 --> 00:57:37,100
quickly was willing to just drop

1412
00:57:43,450 --> 00:57:40,060
everything and support me but I I also

1413
00:57:45,790 --> 00:57:43,460

you know I i can say that my eyes show

1414

00:57:48,910 --> 00:57:45,800

appreciation as much as i can because

1415

00:57:50,770 --> 00:57:48,920

she's respected appreciated love and

1416

00:57:53,230 --> 00:57:50,780

like I said in the morning news a couple

1417

00:57:56,650 --> 00:57:53,240

of days ago she's about to show why

1418

00:57:59,020 --> 00:57:56,660

she's tougher than me yes whatever she

1419

00:58:00,430 --> 00:57:59,030

gives birth to our little daughter here

1420

00:58:02,830 --> 00:58:00,440

well I think a lot of your success has

1421

00:58:04,900 --> 00:58:02,840

to do with that at home support and add

1422

00:58:06,430 --> 00:58:04,910

home nurturing and loving of the concept

1423

00:58:08,650 --> 00:58:06,440

because honestly if there was any

1424

00:58:10,420 --> 00:58:08,660

friction or you know anything other than

1425

00:58:12,220 --> 00:58:10,430

what you've experienced I think it would

1426
00:58:14,410 --> 00:58:12,230
show in the product and overall just the

1427
00:58:16,630 --> 00:58:14,420
pace in which you've grown and all that

1428
00:58:18,130 --> 00:58:16,640
so I do think that it was important to

1429
00:58:19,360 --> 00:58:18,140
mention that okay mark what were you get

1430
00:58:21,640 --> 00:58:19,370
started to say before we go take the

1431
00:58:22,930 --> 00:58:21,650
breaker yeah well I wanted to ask a

1432
00:58:25,870 --> 00:58:22,940
couple of questions that the audience

1433
00:58:28,090 --> 00:58:25,880
was asking so um I don't know if we have

1434
00:58:29,680 --> 00:58:28,100
time anymore but maybe let's take a

1435
00:58:30,790 --> 00:58:29,690
break so let's take up okay let's let's

1436
00:58:32,320 --> 00:58:30,800
take the break early because we got a

1437
00:58:33,340 --> 00:58:32,330
minute left here and then we'll come

1438
00:58:34,780 --> 00:58:33,350

back and we'll juice the audience

1439

00:58:35,170 --> 00:58:34,790

questions and them also talk about Ben's

1440

00:58:36,370 --> 00:58:35,180

new

1441

00:58:38,170 --> 00:58:36,380

object that I have no idea what it is

1442

00:58:39,730 --> 00:58:38,180

but he seems to be incredibly excited

1443

00:58:41,920 --> 00:58:39,740

about it so it's exciting Ravens

1444

00:58:45,339 --> 00:58:41,930

exciting things not not exciting thing

1445

00:58:47,230 --> 00:58:45,349

uh it not just it's not not exciting

1446

00:58:48,700 --> 00:58:47,240

very good okay let's say the truth

1447

00:58:50,349 --> 00:58:48,710

lenders radio on the inception radio

1448

00:58:52,780 --> 00:58:50,359

network check out ben david's annette

1449

00:58:55,630 --> 00:58:52,790

suspicious observers org his daily news

1450

00:58:58,450 --> 00:58:55,640

videos they are phenomenal and also you

1451

00:59:00,010 --> 00:58:58,460

can see him on October seventeenth and

1452

00:59:01,780 --> 00:59:00,020

eighteenth of 2015 in Pittsburgh

1453

00:59:04,329 --> 00:59:01,790

Pittsburgh Pennsylvania for the first

1454

00:59:05,890 --> 00:59:04,339

observers conference and you can get

1455

00:59:08,380 --> 00:59:05,900

tickets for that online at suspicious

1456

00:59:09,790 --> 00:59:08,390

observers org listener questions and new

1457

00:59:12,579 --> 00:59:09,800

announcements coming up when we get back

1458

00:59:16,569 --> 00:59:12,589

on the show will be right back [\h__\h]

1459

00:59:19,059 --> 00:59:16,579

radio on the inception radio network are

1460

00:59:20,650 --> 00:59:19,069

you a fan of inception radio network do

1461

00:59:23,020 --> 00:59:20,660

you reckon it's the best alternative

1462

00:59:25,240 --> 00:59:23,030

talk radio station on the planet well if

1463

00:59:28,530 --> 00:59:25,250

you do head to facebook.com forward

1464

00:59:31,180 --> 00:59:28,540

slash inception radio network like page

1465

00:59:37,059 --> 00:59:31,190

tell your friends spread the word and

1466

00:59:40,089 --> 00:59:37,069

keep listening to the best hello

1467

00:59:43,000 --> 00:59:40,099

everyone Lori and fenton here hosted the

1468

00:59:45,490 --> 00:59:43,010

California MUFON radio show asking if

1469

00:59:49,599 --> 00:59:45,500

you'd like special access to exclusive

1470

00:59:53,260 --> 00:59:49,609

and amazing information about UFOs the

1471

00:59:55,930 --> 00:59:53,270

paranormal and all things unexplained if

1472

00:59:59,260 --> 00:59:55,940

you're nodding yes then join I rn's

1473

01:00:01,720 --> 00:59:59,270

insider club as an insider club member

1474

01:00:04,599 --> 01:00:01,730

you'll get an all-access pass to premier

1475

01:00:06,760 --> 01:00:04,609

inception radio network content for only

1476

01:00:10,059 --> 01:00:06,770

four dollars and ninety-nine cents a

1477

01:00:12,549 --> 01:00:10,069

month this includes live UFO and

1478

01:00:14,779 --> 01:00:12,559

paranormal conferences live streaming

1479

01:00:17,779 --> 01:00:14,789

UFO sky watches

1480

01:00:21,019 --> 01:00:17,789

elusive irn radio and TV productions and

1481

01:00:23,749 --> 01:00:21,029

of course paying radio with MJ and Ken

1482

01:00:26,839 --> 01:00:23,759

Storch so don't wait any longer visit

1483

01:00:30,349 --> 01:00:26,849

inception radio network com and click on

1484

01:00:36,070 --> 01:00:30,359

member login to join I rn's insider club

1485

01:00:40,240 --> 01:00:38,410

don't have a computer is your internet

1486

01:00:42,040 --> 01:00:40,250

connection down don't worry use your

1487

01:00:45,670 --> 01:00:42,050

trusty cellphone or landline and call in

1488

01:00:47,260 --> 01:00:45,680

to our listen line at 40 128 367 00 to

1489

01:00:51,190 --> 01:00:47,270

listen to the inception radio network

1490

01:00:54,220 --> 01:00:51,200

24-7 again that caller number is 40 1 2

1491

01:00:59,200 --> 01:00:54,230

a 3 6 700 for the inception radio

1492

01:01:04,790 --> 01:01:02,000

hello inception radio network listeners

1493

01:01:06,620 --> 01:01:04,800

this is Amanda remember you can take

1494

01:01:08,750 --> 01:01:06,630

your inception radio shows on the go

1495

01:01:11,600 --> 01:01:08,760

just download the inception radio

1496

01:01:14,180 --> 01:01:11,610

network app for your iPhone iPad or

1497

01:01:16,700 --> 01:01:14,190

Android smartphones and access live

1498

01:01:19,220 --> 01:01:16,710

shows past shows guest lineups and much

1499

01:01:20,990 --> 01:01:19,230

more just visit the itunes store or the

1500

01:01:26,510 --> 01:01:21,000

google play marketplace and download it

1501
01:01:28,580 --> 01:01:26,520
today for free you didn't forget what's

1502
01:01:30,320 --> 01:01:28,590
coming up tonight did you hi inception

1503
01:01:32,150 --> 01:01:30,330
radio network listeners this is Amanda

1504
01:01:33,680 --> 01:01:32,160
never miss that interview you were

1505
01:01:36,470 --> 01:01:33,690
looking forward to or the show on your

1506
01:01:39,560 --> 01:01:36,480
favorite topic follow irn on twitter i

1507
01:01:41,360 --> 01:01:39,570
underscore our underscore n I get

1508
01:01:43,100 --> 01:01:41,370
reminders about the evenings live shows

1509
01:01:45,560 --> 01:01:43,110
as well as fun and important updates

1510
01:01:48,170 --> 01:01:45,570
throughout the week that's i underscore

1511
01:01:59,470 --> 01:01:48,180
our underscore n and never miss a great

1512
01:02:04,609 --> 01:02:02,900
yrn listeners this is MJ saying hello

1513
01:02:07,450 --> 01:02:04,619

and sharing an awesome secret i

1514

01:02:10,280 --> 01:02:07,460

discovered it's called dream rog com

1515

01:02:12,680 --> 01:02:10,290

fresh raw organic ingredients are used

1516

01:02:14,900 --> 01:02:12,690

to create all their products they are

1517

01:02:17,630 --> 01:02:14,910

made in very small batches to ensure

1518

01:02:20,660 --> 01:02:17,640

quality and freshness and made in the

1519

01:02:22,270 --> 01:02:20,670

USA each product is created with care

1520

01:02:24,800 --> 01:02:22,280

and with the finest organic ingredients

1521

01:02:27,620 --> 01:02:24,810

there are no preservatives dyes or

1522

01:02:34,480 --> 01:02:27,630

chemicals in any product stop by dream

1523

01:02:42,950 --> 01:02:34,490

lodge and lacs that's dr e am nua GE com

1524

01:02:45,829 --> 01:02:42,960

simple raw organic you're locked into

1525

01:02:48,890 --> 01:02:45,839

inception radio network superior

1526

01:02:53,240 --> 01:02:48,900

Wisconsin truth funders radio on the

1527

01:02:54,859 --> 01:02:53,250

inception radio network you are

1528

01:02:57,020 --> 01:02:54,869

listening to the truth lenders radio

1529

01:02:58,849 --> 01:02:57,030

show Radio know where my name is our web

1530

01:03:00,829 --> 01:02:58,859

thank you so much for tuning in we are

1531

01:03:02,150 --> 01:03:00,839

here with Ben Davidson and of course

1532

01:03:04,730 --> 01:03:02,160

mark Schwartz who is with me every

1533

01:03:07,730 --> 01:03:04,740

single week truth finders calm

1534

01:03:09,440 --> 01:03:07,740

suspicious observers dot org alright bad

1535

01:03:11,300 --> 01:03:09,450

let's see what's up mark very quickly

1536

01:03:14,270 --> 01:03:11,310

couple listener questions before we get

1537

01:03:18,410 --> 01:03:14,280

into Ben's announcement sure so you

1538

01:03:21,650 --> 01:03:18,420

could call in 88 89 1923 55 we probably

1539

01:03:23,960 --> 01:03:21,660

have time for one actual real call so

1540

01:03:25,670 --> 01:03:23,970

this is probably probably be your only

1541

01:03:32,000 --> 01:03:25,680

time talk to Ben so if you have a

1542

01:03:33,980 --> 01:03:32,010

question call in now 88 89 1923 55 um we

1543

01:03:39,470 --> 01:03:33,990

have so many questions here in the chat

1544

01:03:43,099 --> 01:03:39,480

room one of them is from let's just

1545

01:03:45,109 --> 01:03:43,109

scroll down here droopy droopy asks what

1546

01:03:47,480 --> 01:03:45,119

about static electricity below the

1547

01:03:49,790 --> 01:03:47,490

ground as a prediction or predicting

1548

01:03:53,240 --> 01:03:49,800

earthquakes is there any do you know

1549

01:03:56,480 --> 01:03:53,250

anything about that absolutely uh I

1550

01:03:59,270 --> 01:03:56,490

actually was contacted by a researcher

1551
01:04:01,520 --> 01:03:59,280
in British Columbia who's actually one

1552
01:04:04,220 --> 01:04:01,530
of the individuals who is looking into

1553
01:04:07,810 --> 01:04:04,230
that another such individual i believe

1554
01:04:09,859 --> 01:04:07,820
is eric dollard because of the volume of

1555
01:04:10,740 --> 01:04:09,869
emails who were getting while we were on

1556
01:04:12,570 --> 01:04:10,750
the road

1557
01:04:14,460 --> 01:04:12,580
I actually didn't get that email until

1558
01:04:17,820 --> 01:04:14,470
we had actually just passed through

1559
01:04:21,000 --> 01:04:17,830
where he was but essentially their

1560
01:04:23,910 --> 01:04:21,010
search for that is one of the inevitable

1561
01:04:27,000 --> 01:04:23,920
outcomes of the work we're doing it's

1562
01:04:30,960 --> 01:04:27,010
the kind of thing where they would need

1563
01:04:34,200 --> 01:04:30,970

to basically create and a global network

1564

01:04:38,100 --> 01:04:34,210

of these static sensors beneath the

1565

01:04:40,920 --> 01:04:38,110

ground it is indeed that static

1566

01:04:45,000 --> 01:04:40,930

electricity that we believe is built up

1567

01:04:49,590 --> 01:04:45,010

is energized is triggered by the space

1568

01:04:52,170 --> 01:04:49,600

weather events and you know this this is

1569

01:04:54,360 --> 01:04:52,180

actually India now that I promise is not

1570

01:04:55,970 --> 01:04:54,370

my dog hey somebody's upset about what

1571

01:04:58,710 --> 01:04:55,980

you're saying I don't know who it is but

1572

01:05:00,900 --> 01:04:58,720

yeah see the dog no to go empty bunk but

1573

01:05:06,810 --> 01:05:00,910

the truth Saunders mascot I'm going on

1574

01:05:08,880 --> 01:05:06,820

mute yeah but yeah in the paper that I

1575

01:05:11,190 --> 01:05:08,890

actually wrote with that we've been

1576

01:05:13,590 --> 01:05:11,200

talking about here one of the things we

1577

01:05:17,730 --> 01:05:13,600

mentioned is the fact that they'll

1578

01:05:21,140 --> 01:05:17,740

sometimes notice a million ampere surges

1579

01:05:24,360 --> 01:05:21,150

of electricity through the ground

1580

01:05:26,820 --> 01:05:24,370

involved with earthquakes if you can

1581

01:05:28,560 --> 01:05:26,830

find a very very I mean I don't know

1582

01:05:30,090 --> 01:05:28,570

what kind of antique shop you'd have to

1583

01:05:32,370 --> 01:05:30,100

go to to find this but if you find a

1584

01:05:34,680 --> 01:05:32,380

very very old barometer like some of the

1585

01:05:36,750 --> 01:05:34,690

first ones ever made the lowest end of

1586

01:05:40,350 --> 01:05:36,760

the of the pressure scale says

1587

01:05:42,680 --> 01:05:40,360

earthquake weather and you know all of

1588

01:05:46,710 --> 01:05:42,690

these things are related to one another

1589

01:05:49,440 --> 01:05:46,720

the same thing that proceeds earthquakes

1590

01:05:51,210 --> 01:05:49,450

not just is there the the static

1591

01:05:54,480 --> 01:05:51,220

involved with the triggering of the

1592

01:05:57,270 --> 01:05:54,490

release but somewhat related to that is

1593

01:05:59,340 --> 01:05:57,280

the positive ion release there's

1594

01:06:02,370 --> 01:05:59,350

positive ion release from the ground

1595

01:06:04,590 --> 01:06:02,380

before earthquakes before tornadoes this

1596

01:06:07,290 --> 01:06:04,600

is how you would modify the weather with

1597

01:06:09,650 --> 01:06:07,300

positive ion release sent up into the

1598

01:06:15,660 --> 01:06:09,660

atmosphere that will make it rain more

1599

01:06:17,580 --> 01:06:15,670

you know and so the question is is a

1600

01:06:19,200 --> 01:06:17,590

great one it's right on point and it's

1601
01:06:24,069 --> 01:06:19,210
actually something that we've included

1602
01:06:27,420 --> 01:06:24,079
in our work thus far that's great

1603
01:06:30,549 --> 01:06:27,430
that's I mean what an incredible answer

1604
01:06:32,859 --> 01:06:30,559
another another question we have is and

1605
01:06:34,989 --> 01:06:32,869
this will be the last question unless we

1606
01:06:36,549 --> 01:06:34,999
get a caller because I want you to be

1607
01:06:40,809 --> 01:06:36,559
able to have time to talk about your

1608
01:06:43,059 --> 01:06:40,819
project so last week we talked to the to

1609
01:06:45,400 --> 01:06:43,069
David Schwartz from the USGS and we

1610
01:06:47,620 --> 01:06:45,410
talked about animal behavior and

1611
01:06:51,459 --> 01:06:47,630
earthquakes and he said you know that

1612
01:06:56,109 --> 01:06:51,469
that's it's pretty much a myth it's hard

1613
01:06:58,479 --> 01:06:56,119

to really define if anything is going on

1614

01:07:01,539 --> 01:06:58,489

there there was a geologist he said that

1615

01:07:05,769 --> 01:07:01,549

did do some research on it and couldn't

1616

01:07:08,109 --> 01:07:05,779

find any conclusive results but carol

1617

01:07:10,569 --> 01:07:08,119

from the chat room asks how does Ben

1618

01:07:13,359 --> 01:07:10,579

feel about frequently observed unusual

1619

01:07:15,400 --> 01:07:13,369

animal behavior and earthquakes yeah

1620

01:07:17,799 --> 01:07:15,410

it's interesting there's not a lot of

1621

01:07:22,120 --> 01:07:17,809

literature on this if you're looking in

1622

01:07:24,069 --> 01:07:22,130

the geology forms if you're looking or

1623

01:07:25,329 --> 01:07:24,079

in you know in the geology journals

1624

01:07:28,199 --> 01:07:25,339

which is I'm sure where they were

1625

01:07:30,670 --> 01:07:28,209

looking if you start to look in other

1626

01:07:36,069 --> 01:07:30,680

scientific areas you begin to find these

1627

01:07:38,620 --> 01:07:36,079

things and it once again I can't believe

1628

01:07:41,650 --> 01:07:38,630

we get to come right back to this it is

1629

01:07:46,569 --> 01:07:41,660

that positive ion release from the earth

1630

01:07:50,140 --> 01:07:46,579

that signals to the animals to go that

1631

01:07:54,069 --> 01:07:50,150

is that's how they know i i'm i'm a firm

1632

01:07:55,870 --> 01:07:54,079

believer that this is very real I I will

1633

01:07:59,680 --> 01:07:55,880

accept that there's not a lot of it in

1634

01:08:02,380 --> 01:07:59,690

the geologic literature but you know in

1635

01:08:05,459 --> 01:08:02,390

the biological literature and it's in

1636

01:08:09,039 --> 01:08:05,469

some other areas of science this is

1637

01:08:11,349 --> 01:08:09,049

documented well enough that you know you

1638

01:08:14,859 --> 01:08:11,359

can't really be surprised and when you

1639

01:08:17,919 --> 01:08:14,869

know that you know this positive ion

1640

01:08:20,169 --> 01:08:17,929

released is very well documented and

1641

01:08:22,300 --> 01:08:20,179

nobody would dispute that you really

1642

01:08:24,910 --> 01:08:22,310

begin to see the mechanism for how all

1643

01:08:27,149 --> 01:08:24,920

these things begin to take place it's

1644

01:08:31,180 --> 01:08:27,159

also the pathway for how electricity

1645

01:08:33,430 --> 01:08:31,190

could flow from the upper atmosphere the

1646

01:08:34,749 --> 01:08:33,440

ionosphere down through the ground it's

1647

01:08:36,609 --> 01:08:34,759

amazing that we live in a world where we

1648

01:08:36,950 --> 01:08:36,619

can actually answer in discipline would

1649

01:08:41,420 --> 01:08:36,960

it

1650

01:08:42,860 --> 01:08:41,430

is they're sensing we can put up [h__\h]

1651
01:08:44,360 --> 01:08:42,870
label on that what they're sensing and

1652
01:08:46,340 --> 01:08:44,370
why they're running that's crazy to me

1653
01:08:47,479 --> 01:08:46,350
they you of all people would be the one

1654
01:08:48,979 --> 01:08:47,489
that I first do that from so that's

1655
01:08:52,190 --> 01:08:48,989
that's that's an amazing answer thank

1656
01:08:54,559 --> 01:08:52,200
you absolutely um so let's talk about

1657
01:08:56,450 --> 01:08:54,569
the future from suspicious observers

1658
01:08:57,950 --> 01:08:56,460
because it seems like it is a bright one

1659
01:09:00,320 --> 01:08:57,960
what do you have coming up my friend

1660
01:09:04,039 --> 01:09:00,330
that you would like to discuss well have

1661
01:09:06,079 --> 01:09:04,049
show um you know we briefly talked about

1662
01:09:07,820 --> 01:09:06,089
or I heard you guys briefly mentioned

1663
01:09:09,499 --> 01:09:07,830

the conference that we have coming up

1664

01:09:10,370 --> 01:09:09,509

later this year been done talking about

1665

01:09:13,099 --> 01:09:10,380

it as we don't do the brakes have been

1666

01:09:15,470 --> 01:09:13,109

done promoting for you terrific I really

1667

01:09:18,289 --> 01:09:15,480

appreciate that yeah so um that is an

1668

01:09:21,499 --> 01:09:18,299

opportunity to meet and talk with not

1669

01:09:23,990 --> 01:09:21,509

just me but everybody else involved this

1670

01:09:25,660 --> 01:09:24,000

October the first one of our conferences

1671

01:09:28,340 --> 01:09:25,670

will be in pittsburgh pennsylvania

1672

01:09:31,459 --> 01:09:28,350

that's called observing the frontier and

1673

01:09:32,510 --> 01:09:31,469

as you said it's you know you can get

1674

01:09:35,840 --> 01:09:32,520

tickets at the website but it's

1675

01:09:37,450 --> 01:09:35,850

basically going to be a lot of this type

1676

01:09:40,459 --> 01:09:37,460

of stuff that we've been talking about

1677

01:09:42,709 --> 01:09:40,469

in more detail and there's going to be

1678

01:09:46,010 --> 01:09:42,719

many more speakers there who are all on

1679

01:09:48,709 --> 01:09:46,020

the same frontier and it's basically

1680

01:09:51,680 --> 01:09:48,719

going to be you know the crest of the

1681

01:09:53,660 --> 01:09:51,690

wave right here and in organizing this

1682

01:09:56,630 --> 01:09:53,670

thing's does mean yes it is my

1683

01:09:58,550 --> 01:09:56,640

conference it is the reason i called it

1684

01:10:03,080 --> 01:09:58,560

observing the frontiers because it's for

1685

01:10:05,390 --> 01:10:03,090

the observers and what I wanted to do is

1686

01:10:07,640 --> 01:10:05,400

I wanted to model this essentially after

1687

01:10:09,080 --> 01:10:07,650

with the Thunderbolts electric universe

1688

01:10:10,700 --> 01:10:09,090

conference was doing except that I

1689

01:10:12,229 --> 01:10:10,710

wanted to take it all around the country

1690

01:10:15,110 --> 01:10:12,239

and so this first one is going to be in

1691

01:10:17,720 --> 01:10:15,120

pittsburgh in october but in late

1692

01:10:20,510 --> 01:10:17,730

january of 2016 we're going to be

1693

01:10:24,440 --> 01:10:20,520

heading down to phoenix and we'll be

1694

01:10:27,020 --> 01:10:24,450

trying to hit the northwest and then the

1695

01:10:28,459 --> 01:10:27,030

southeast after that but where we'd love

1696

01:10:31,850 --> 01:10:28,469

to get it to the point where we can do

1697

01:10:33,110 --> 01:10:31,860

four of these every single year but so

1698

01:10:35,090 --> 01:10:33,120

yeah that's called observing the

1699

01:10:37,160 --> 01:10:35,100

frontier and you can either find that

1700

01:10:40,190 --> 01:10:37,170

suspicious observers org or you can

1701

01:10:43,130 --> 01:10:40,200

google observing the frontier so you you

1702

01:10:44,750 --> 01:10:43,140

let us know whenever yeah you need you

1703

01:10:46,370 --> 01:10:44,760

need anything and we'll be happy to

1704

01:10:49,580 --> 01:10:46,380

promote it put something up on the site

1705

01:10:50,750 --> 01:10:49,590

or bring you up on the truth funders

1706

01:10:52,520 --> 01:10:50,760

radio again so we could

1707

01:10:53,959 --> 01:10:52,530

talk about it and get more people

1708

01:10:55,040 --> 01:10:53,969

involved I'm coming out to one in

1709

01:10:56,330 --> 01:10:55,050

Phoenix you get me that's close enough

1710

01:11:00,799 --> 01:10:56,340

to Southern California that I can make

1711

01:11:03,500 --> 01:11:00,809

it out to so yeah it's uh we don't have

1712

01:11:04,939 --> 01:11:03,510

the the website or tickets available or

1713

01:11:08,180 --> 01:11:04,949

schedule or anything but it's pretty

1714

01:11:09,649 --> 01:11:08,190

much set up that late January 2016 we're

1715

01:11:10,819 --> 01:11:09,659

gonna be heading to Phoenix are you

1716

01:11:12,529 --> 01:11:10,829

learning all this stuff as you go to

1717

01:11:13,910 --> 01:11:12,539

like how to organize a conference and

1718

01:11:15,470 --> 01:11:13,920

how these are things that you know

1719

01:11:16,790 --> 01:11:15,480

people dedicate their entire lives to as

1720

01:11:19,040 --> 01:11:16,800

a career I mean it's such a

1721

01:11:21,439 --> 01:11:19,050

multi-faceted a world that you're living

1722

01:11:24,290 --> 01:11:21,449

in if you make it through law school and

1723

01:11:26,450 --> 01:11:24,300

then you make it through due diligence

1724

01:11:28,790 --> 01:11:26,460

work for an investment company you you

1725

01:11:30,919 --> 01:11:28,800

get used to this very quickly you see

1726

01:11:33,589 --> 01:11:30,929

what what investors like to call

1727

01:11:35,839 --> 01:11:33,599

portfolio diversification from the

1728

01:11:38,509 --> 01:11:35,849

standpoint of their research rats seems

1729

01:11:40,640 --> 01:11:38,519

like a lack of focus that causes you to

1730

01:11:44,390 --> 01:11:40,650

master a new concept every couple of

1731

01:11:47,750 --> 01:11:44,400

weeks and am so you just get used to it

1732

01:11:49,189 --> 01:11:47,760

but yeah so I it's it's challenging at

1733

01:11:52,279 --> 01:11:49,199

times but luckily there's a lot of folks

1734

01:11:56,029 --> 01:11:52,289

to help out my wife is helping out as

1735

01:11:59,390 --> 01:11:56,039

well now that I'm in Pittsburgh my best

1736

01:12:02,720 --> 01:11:59,400

friend growing up Adrian who runs the

1737

01:12:04,339 --> 01:12:02,730

suspects Caillou youtube channel he

1738

01:12:06,100 --> 01:12:04,349

lives just a couple miles away and so

1739

01:12:08,229 --> 01:12:06,110

he's able to help me with this as well

1740

01:12:10,939 --> 01:12:08,239

something else interesting were

1741

01:12:13,580 --> 01:12:10,949

suspicious observers is partnering and

1742

01:12:17,799 --> 01:12:13,590

will eventually merge completely with

1743

01:12:20,810 --> 01:12:17,809

earth changes media the very first

1744

01:12:23,000 --> 01:12:20,820

big-time space weather reporter on the

1745

01:12:24,919 --> 01:12:23,010

internet it's a man named Mitch batres

1746

01:12:26,629 --> 01:12:24,929

he's been doing this for over 20 years

1747

01:12:28,640 --> 01:12:26,639

this is something I'm sure you were

1748

01:12:31,669 --> 01:12:28,650

following that help it's not you doing

1749

01:12:33,830 --> 01:12:31,679

what you're doing right yeah so I he's

1750

01:12:35,390 --> 01:12:33,840

been he's been writing the articles and

1751

01:12:38,240 --> 01:12:35,400

tracking earth changes for a very long

1752

01:12:41,359 --> 01:12:38,250

time and so it's it's a very natural fit

1753

01:12:43,700 --> 01:12:41,369

but I he had a lot of resources that um

1754

01:12:45,290 --> 01:12:43,710

you know he was like me he was doing

1755

01:12:47,529 --> 01:12:45,300

this on his own he had a lot of

1756

01:12:51,379 --> 01:12:47,539

resources that he wasn't really able to

1757

01:12:53,060 --> 01:12:51,389

fully utilize one of those what you know

1758

01:12:55,729 --> 01:12:53,070

a number of those are web domains and

1759

01:12:58,129 --> 01:12:55,739

one of those was magnetic reversal org

1760

01:13:00,080 --> 01:12:58,139

and so with this new partnership I

1761

01:13:02,629 --> 01:13:00,090

recently took control of magnetic

1762

01:13:04,250 --> 01:13:02,639

reversal org and we just set up that

1763

01:13:04,640 --> 01:13:04,260

website right there and the whole point

1764

01:13:08,480 --> 01:13:04,650

was

1765

01:13:12,860 --> 01:13:08,490

this is supposed to be a clear clean

1766

01:13:15,290 --> 01:13:12,870

crisp and complete explanation of the

1767

01:13:17,050 --> 01:13:15,300

single most important earth change that

1768

01:13:19,610 --> 01:13:17,060

is happening right now just the polls

1769

01:13:21,290 --> 01:13:19,620

yet which is the fact that the magnetic

1770

01:13:25,670 --> 01:13:21,300

poles of Earth are in the process of a

1771

01:13:28,280 --> 01:13:25,680

reversal event and yeah so it means a

1772

01:13:29,780 --> 01:13:28,290

lot of consequences for us humans living

1773

01:13:31,730 --> 01:13:29,790

our day-to-day lives what that means

1774

01:13:33,110 --> 01:13:31,740

right have changes that we are going to

1775

01:13:34,970 --> 01:13:33,120

have to become adapt to do rather

1776

01:13:37,300 --> 01:13:34,980

quickly it's not going to be a lot of

1777

01:13:39,950 --> 01:13:37,310

fun and while the site is technically

1778

01:13:42,680 --> 01:13:39,960

its mate it's meant to literally be a

1779

01:13:44,120 --> 01:13:42,690

one page site everything is supposed to

1780

01:13:46,760 --> 01:13:44,130

be right there and we're going to add a

1781

01:13:49,460 --> 01:13:46,770

few more things to the site before it's

1782

01:13:51,440 --> 01:13:49,470

done but you know the meat is there i

1783

01:13:53,750 --> 01:13:51,450

would say the meat and the potatoes are

1784

01:13:56,680 --> 01:13:53,760

there already actually we're just

1785

01:13:59,240 --> 01:13:56,690

waiting for the after-dinner tea and

1786

01:14:01,820 --> 01:13:59,250

it's pretty much there the information

1787

01:14:04,640 --> 01:14:01,830

is there I just recorded actually a

1788

01:14:06,470 --> 01:14:04,650

little bit with Adrian that we're going

1789

01:14:08,300 --> 01:14:06,480

to put on that site as well just sort of

1790

01:14:11,180 --> 01:14:08,310

going into a bit more depth about what

1791

01:14:13,820 --> 01:14:11,190

that what that pole shift actually means

1792

01:14:15,920 --> 01:14:13,830

for us here on the planet but it's just

1793

01:14:18,530 --> 01:14:15,930

one of a number of free resources there

1794

01:14:20,600 --> 01:14:18,540

that are going to come from this

1795

01:14:23,060 --> 01:14:20,610

partnership with earth changes media so

1796

01:14:24,830 --> 01:14:23,070

um this is going to be great where you

1797

01:14:27,950 --> 01:14:24,840

know I mean it and it gives you a lot

1798

01:14:29,750 --> 01:14:27,960

more power and resources on the back end

1799

01:14:32,210 --> 01:14:29,760

as well to accomplish I'm sure what you

1800

01:14:33,740 --> 01:14:32,220

I mean I'd even have a plan are you just

1801

01:14:35,630 --> 01:14:33,750

kind of making this up as you go it'll

1802

01:14:38,930 --> 01:14:35,640

do you no longer neck I do have a little

1803

01:14:41,240 --> 01:14:38,940

bit of a plan um you know it involves

1804

01:14:44,500 --> 01:14:41,250

things you know creating things like

1805

01:14:46,940 --> 01:14:44,510

this free resource I find that while

1806

01:14:50,300 --> 01:14:46,950

communicating a lot of the stuff comes

1807

01:14:52,840 --> 01:14:50,310

fairly easily to me they they force you

1808

01:14:56,660 --> 01:14:52,850

to do that when you're in law school a

1809

01:14:59,420 --> 01:14:56,670

lot of people I talked to say how do you

1810

01:15:02,150 --> 01:14:59,430

recommend I tell people about this you

1811

01:15:04,760 --> 01:15:02,160

know I get very excited I feel like I

1812

01:15:06,350 --> 01:15:04,770

get it I feel like I understand and then

1813

01:15:09,500 --> 01:15:06,360

I go and I try to talk to somebody about

1814

01:15:11,270 --> 01:15:09,510

it and you know something goes wrong

1815

01:15:12,950 --> 01:15:11,280

whether it's they don't remember the

1816

01:15:15,050 --> 01:15:12,960

right things they get tongue-tied to get

1817

01:15:17,120 --> 01:15:15,060

too excited and their their mouths can't

1818

01:15:17,939 --> 01:15:17,130

work as fast as their brain goes or

1819

01:15:19,350 --> 01:15:17,949

whatever

1820

01:15:22,830 --> 01:15:19,360

the reasons and me this entire episode

1821

01:15:26,699 --> 01:15:22,840

you know it people have this issue and

1822

01:15:28,770 --> 01:15:26,709

it has become a real hurdle to getting

1823

01:15:32,549 --> 01:15:28,780

people to wake up well you send somebody

1824

01:15:36,779 --> 01:15:32,559

to magnetic reversal org and it is as

1825

01:15:40,100 --> 01:15:36,789

clear as day what is happening and you

1826

01:15:43,140 --> 01:15:40,110

know there are a couple very very simple

1827

01:15:46,439 --> 01:15:43,150

animations then there's a slightly more

1828

01:15:48,479 --> 01:15:46,449

complex but still very digestible and

1829

01:15:51,509 --> 01:15:48,489

consumable explanation of what's going

1830

01:15:53,549 --> 01:15:51,519

on and you know there's a list of

1831

01:15:56,250 --> 01:15:53,559

important facts and if you're curious

1832

01:15:57,989 --> 01:15:56,260

about any one of the facts you just put

1833

01:15:59,879 --> 01:15:57,999

your mouse over it click the fact and

1834

01:16:03,060 --> 01:15:59,889

it'll take you to where we got the facts

1835

01:16:05,009 --> 01:16:03,070

so you can learn more and you know dive

1836

01:16:06,779 --> 01:16:05,019

a little bit deeper on your own if you

1837

01:16:08,759 --> 01:16:06,789

choose to do so which is and that is

1838

01:16:10,080 --> 01:16:08,769

right no those you say that's been a

1839

01:16:11,790 --> 01:16:10,090

common theme for you since day one I

1840

01:16:14,009 --> 01:16:11,800

mean you provide all of the source links

1841

01:16:15,209 --> 01:16:14,019

in your daily news videos on top of the

1842

01:16:17,279 --> 01:16:15,219

more long-form videos that are available

1843

01:16:19,109 --> 01:16:17,289

on your website as well you have made an

1844

01:16:21,660 --> 01:16:19,119

excellent point of making sure that

1845

01:16:23,489 --> 01:16:21,670

people have the access to all of the

1846

01:16:25,410 --> 01:16:23,499

resources that you use and you encourage

1847

01:16:27,509 --> 01:16:25,420

them to even go deeper and to make up

1848

01:16:30,330 --> 01:16:27,519

their own opinions oh absolutely you

1849

01:16:32,520 --> 01:16:30,340

know right now for the time being my

1850

01:16:34,819 --> 01:16:32,530

soul is currently classified as human

1851

01:16:37,680 --> 01:16:34,829

and therefore not to be trusted so

1852

01:16:39,390 --> 01:16:37,690

everything I say and show must have a

1853

01:16:41,399 --> 01:16:39,400

citation otherwise I'm just some

1854

01:16:44,160 --> 01:16:41,409

lunatics screaming about stuff on the

1855

01:16:46,080 --> 01:16:44,170

internet you need to be able to fact

1856

01:16:47,549 --> 01:16:46,090

check me if I make a mistake you need to

1857

01:16:52,560 --> 01:16:47,559

be able to call me out I do make

1858

01:16:55,140 --> 01:16:52,570

mistakes all the time and you know it

1859

01:16:57,209 --> 01:16:55,150

happens Whitney you know you guys need

1860

01:17:00,000 --> 01:16:57,219

to be able to not only just check the

1861

01:17:01,199 --> 01:17:00,010

facts but go in and learn more if you

1862

01:17:03,810 --> 01:17:01,209

guys are really interested about a

1863

01:17:05,399 --> 01:17:03,820

certain topic it doesn't do you guys any

1864

01:17:07,770 --> 01:17:05,409

good to hear me tell you something

1865

01:17:10,500 --> 01:17:07,780

interesting if you can't therefore go

1866

01:17:13,859 --> 01:17:10,510

and be empowered yourself to learn more

1867

01:17:16,649 --> 01:17:13,869

about it so yeah that's very important

1868

01:17:18,120 --> 01:17:16,659

to me yeah that's what we say that's

1869

01:17:21,060 --> 01:17:18,130

what we say all the time on shoes

1870

01:17:23,790 --> 01:17:21,070

hunters radio art and I argue about they

1871

01:17:25,890 --> 01:17:23,800

don't argue we say you know for all the

1872

01:17:28,469 --> 01:17:25,900

stuff that we talk about out there it's

1873

01:17:30,390 --> 01:17:28,479

important for people to to think for

1874

01:17:31,770 --> 01:17:30,400

themselves to go and do the research

1875

01:17:34,860 --> 01:17:31,780

themselves not choose

1876

01:17:37,110 --> 01:17:34,870

just sit and watch the news and take it

1877

01:17:39,870 --> 01:17:37,120

all in but if you see something and it

1878

01:17:42,060 --> 01:17:39,880

hits you or it makes you feel something

1879

01:17:44,820 --> 01:17:42,070

and you're not quite sure what to

1880

01:17:47,790 --> 01:17:44,830

believe do the research and and find out

1881

01:17:50,220 --> 01:17:47,800

for yourself and so you know don't don't

1882

01:17:53,670 --> 01:17:50,230

believe what people preach you gotta you

1883

01:17:55,680 --> 01:17:53,680

gotta really just do the research

1884

01:17:59,130 --> 01:17:55,690

yourself and not be lazy about it and

1885

01:18:01,500 --> 01:17:59,140

you're of the mindset of a person who's

1886

01:18:04,050 --> 01:18:01,510

a go-getter and a doer and those are

1887

01:18:06,240 --> 01:18:04,060

people that are you know we we really

1888

01:18:08,610 --> 01:18:06,250

respect especially in this field and

1889

01:18:11,220 --> 01:18:08,620

this field needs a lot more of them but

1890

01:18:13,230 --> 01:18:11,230

people who get off their butt they have

1891

01:18:15,210 --> 01:18:13,240

an idea they want to do something about

1892

01:18:17,370 --> 01:18:15,220

it they make it happen they do the

1893

01:18:19,530 --> 01:18:17,380

research and so and so it's it's

1894

01:18:22,020 --> 01:18:19,540

fantastic and and we really appreciate

1895

01:18:24,570 --> 01:18:22,030

it and I know we're running out of time

1896

01:18:26,310 --> 01:18:24,580

here but over the break when we were

1897

01:18:28,710 --> 01:18:26,320

talking during the commercial break

1898

01:18:30,720 --> 01:18:28,720

there was a sort of a funny story that

1899

01:18:33,030 --> 01:18:30,730

we were talking about and and I'd like

1900

01:18:34,920 --> 01:18:33,040

to sort of end the show on that note a

1901

01:18:37,590 --> 01:18:34,930

funny note to sort of make people laugh

1902

01:18:40,020 --> 01:18:37,600

but the fact of the matter is been that

1903

01:18:42,120 --> 01:18:40,030

your research it's going to get bigger

1904

01:18:44,760 --> 01:18:42,130

and bigger and your conferences they're

1905

01:18:46,770 --> 01:18:44,770

going to grow and grow you're going to

1906

01:18:50,550 --> 01:18:46,780

continue to be on a lot of different

1907

01:18:53,180 --> 01:18:50,560

shows and you know art had asked you

1908

01:18:56,070 --> 01:18:53,190

have you been on coast to coast yet and

1909

01:18:58,260 --> 01:18:56,080

so you were telling us a little story

1910

01:19:00,390 --> 01:18:58,270

and I where were you added where did you

1911

01:19:02,370 --> 01:19:00,400

meet George where was it I was at the

1912

01:19:05,730 --> 01:19:02,380

conscious life expo in los angeles

1913

01:19:09,660 --> 01:19:05,740

california in in early february and that

1914

01:19:12,320 --> 01:19:09,670

is a that's the kind of thing where no

1915

01:19:14,640 --> 01:19:12,330

matter what it's worth going once

1916

01:19:16,320 --> 01:19:14,650

depending on how your mind goes it might

1917

01:19:17,820 --> 01:19:16,330

not be worth going again it was very

1918

01:19:21,390 --> 01:19:17,830

very interesting you definitely need

1919

01:19:23,130 --> 01:19:21,400

your filter there but I was doing a

1920

01:19:26,130 --> 01:19:23,140

number of speeches in a number of panels

1921

01:19:28,230 --> 01:19:26,140

including the the the the george noory

1922

01:19:33,600 --> 01:19:28,240

science forum and so I'm sitting there

1923

01:19:36,780 --> 01:19:33,610

up on stage with naseem gregg Braden and

1924

01:19:39,990 --> 01:19:36,790

David Wilcock and George Noory just kind

1925

01:19:42,570 --> 01:19:40,000

of what walks up and puts his hand on my

1926

01:19:45,689 --> 01:19:42,580

shoulders and you know in in that George

1927

01:19:48,330 --> 01:19:45,699

Noory voice of his says you know Ben we

1928

01:19:51,989 --> 01:19:48,340

don't know each other very well but we

1929

01:19:54,390 --> 01:19:51,999

will and uh yeah I am still waiting my

1930

01:19:55,890 --> 01:19:54,400

callback I you know I know his producer

1931

01:19:58,080 --> 01:19:55,900

personal actually know his producer

1932

01:19:59,699 --> 01:19:58,090

personally and I will get on Dan Heiser

1933

01:20:01,020 --> 01:19:59,709

and i will say Dan Heiser god damn you

1934

01:20:02,489 --> 01:20:01,030

gotta get been on because now we have

1935

01:20:04,770 --> 01:20:02,499

had him and I've been able to talk to

1936

01:20:07,259 --> 01:20:04,780

him first now you were allowed to go in

1937

01:20:11,580 --> 01:20:07,269

Costa Coast AM you know which one he

1938

01:20:14,479 --> 01:20:11,590

looks iconic in person oh yes and nori

1939

01:20:17,129 --> 01:20:14,489

no inori is the best I mean they're I've

1940

01:20:19,290 --> 01:20:17,139

I've worked with in an in person and

1941

01:20:21,180 --> 01:20:19,300

he's he's he's one of the good ones I

1942

01:20:22,859 --> 01:20:21,190

really am admire and of course

1943

01:20:24,390 --> 01:20:22,869

appreciate his career and what he is

1944

01:20:26,549 --> 01:20:24,400

continued to do with the coast to coast

1945

01:20:30,419 --> 01:20:26,559

legacy after our Bell who obviously is

1946

01:20:32,759 --> 01:20:30,429

God to all of us what so he he stepped

1947

01:20:35,129 --> 01:20:32,769

in front of me and you know I'm sitting

1948

01:20:38,279 --> 01:20:35,139

there thinking to myself in my head Wow

1949

01:20:40,589 --> 01:20:38,289

like it almost looks like a moving

1950

01:20:43,109 --> 01:20:40,599

statue like like a robot like this

1951

01:20:45,390 --> 01:20:43,119

almost doesn't seem very very real this

1952

01:20:47,250 --> 01:20:45,400

this is kind of messed up and you know

1953

01:20:48,660 --> 01:20:47,260

he said lets you know he said what's

1954

01:20:51,689 --> 01:20:48,670

messed up and I said oh my god I said

1955

01:20:53,310 --> 01:20:51,699

that out loud and you know that didn't

1956

01:20:56,399 --> 01:20:53,320

actually happen but no seriously as the

1957

01:20:58,290 --> 01:20:56,409

point I'm making is these people have

1958

01:20:59,939 --> 01:20:58,300

have an interesting presence to him and

1959

01:21:02,009 --> 01:20:59,949

not just him but a lot of the folks that

1960

01:21:03,540 --> 01:21:02,019

were there magnanimous I mean David

1961

01:21:05,640 --> 01:21:03,550

Wilcock is that another one I mean he is

1962

01:21:07,229 --> 01:21:05,650

a fascinating human being to be sitting

1963

01:21:09,839 --> 01:21:07,239

at a table with him must have been just

1964

01:21:11,969 --> 01:21:09,849

you know interesting interesting is only

1965

01:21:14,160 --> 01:21:11,979

when I come up with when when he told

1966

01:21:17,669 --> 01:21:14,170

everyone that he remembered his past

1967

01:21:22,410 --> 01:21:17,679

lives being being Kings being beggars

1968

01:21:24,180 --> 01:21:22,420

being kind people being murderers it I

1969

01:21:26,040 --> 01:21:24,190

didn't really know what to think about

1970

01:21:28,080 --> 01:21:26,050

that at that moment but he was a very

1971

01:21:29,430 --> 01:21:28,090

nice guy and he's interesting to listen

1972

01:21:31,649 --> 01:21:29,440

to I mean the guy can captivate an

1973

01:21:34,859 --> 01:21:31,659

audience there's no more not some people

1974

01:21:37,169 --> 01:21:34,869

some people argue but uh you know either

1975

01:21:38,969 --> 01:21:37,179

way whether that I feel like there's two

1976

01:21:40,649 --> 01:21:38,979

camps right there's the Art Bell camp

1977

01:21:42,120 --> 01:21:40,659

and there's the George north camp and

1978

01:21:44,430 --> 01:21:42,130

people feel that you have to be in both

1979

01:21:47,370 --> 01:21:44,440

but they're both completely different

1980

01:21:50,129 --> 01:21:47,380

it's like apples and oranges and one

1981

01:21:52,799 --> 01:21:50,139

thing that I can respect of both of them

1982

01:21:56,729 --> 01:21:52,809

and that I do respect madly is that they

1983

01:21:58,439 --> 01:21:56,739

will go and interview people that need

1984

01:21:59,310 --> 01:21:58,449

to be interviewed in people that need to

1985

01:22:01,530 --> 01:21:59,320

be heard

1986

01:22:03,569 --> 01:22:01,540

so that partly including you and I can't

1987

01:22:05,819 --> 01:22:03,579

wait to hear you uh be able to do like a

1988

01:22:07,950 --> 01:22:05,829

four hour extended you know conversation

1989

01:22:09,060 --> 01:22:07,960

that would be just phenomenal uh we're

1990

01:22:11,640 --> 01:22:09,070

gonna let you go because we need to wrap

1991

01:22:13,500 --> 01:22:11,650

up our show here but then I cannot thank

1992

01:22:15,450 --> 01:22:13,510

you enough for joining us and I just

1993

01:22:17,189 --> 01:22:15,460

wish you nothing but continued success

1994

01:22:20,220 --> 01:22:17,199

in abundance and in manifesting

1995

01:22:21,839 --> 01:22:20,230

everybody always that you are committing

1996

01:22:24,839 --> 01:22:21,849

yourself to because I there is no

1997

01:22:26,790 --> 01:22:24,849

greater quote on the planet than you

1998

01:22:29,550 --> 01:22:26,800

know in the end the love you make is

1999

01:22:30,629 --> 01:22:29,560

equal love you take and you are doing it

2000

01:22:32,010 --> 01:22:30,639

and you are putting so much into it

2001

01:22:33,990 --> 01:22:32,020

you're just gonna continue to reap those

2002

01:22:36,600 --> 01:22:34,000

rewards and the best of luck my friend

2003

01:22:39,169 --> 01:22:36,610

thank you very much yeah thank you so

2004

01:22:42,720 --> 01:22:39,179

much Ben we really appreciate it and

2005

01:22:44,189 --> 01:22:42,730

will be Lizzie dot org you can go every

2006

01:22:45,899 --> 01:22:44,199

every morning the news videos are there

2007

01:22:46,919 --> 01:22:45,909

watch then they are they will captivate

2008

01:22:48,959 --> 01:22:46,929

you you'll watch one you'll be hooked

2009

01:22:50,550 --> 01:22:48,969

and then you can also dig deeper there's

2010

01:22:52,740 --> 01:22:50,560

long-form programming in there as well

2011

01:22:54,180 --> 01:22:52,750

that spells out things for you in such a

2012

01:22:55,770 --> 01:22:54,190

way that they are understandable just

2013

01:22:57,959 --> 01:22:55,780

like other new website say that new

2014

01:23:00,689 --> 01:22:57,969

website one more time been magnetic

2015

01:23:03,450 --> 01:23:00,699

reversal dot org just like that there's

2016

01:23:04,649 --> 01:23:03,460

all sorts of videos the Star War I mean

2017

01:23:06,000 --> 01:23:04,659

I wish we could we could have gotten

2018

01:23:07,169 --> 01:23:06,010

into star water there's so much more

2019

01:23:09,030 --> 01:23:07,179

maybe one day we'll do another one

2020

01:23:10,229 --> 01:23:09,040

because there is so much more to the

2021

01:23:12,780 --> 01:23:10,239

science but it's all it suspicious

2022

01:23:16,830 --> 01:23:12,790

observers org and thank you again Ben

2023

01:23:18,540 --> 01:23:16,840

davidson for joining us now mark i we we

2024

01:23:19,950 --> 01:23:18,550

got literally seven minutes here and

2025

01:23:21,839 --> 01:23:19,960

there's a bunch of things that we wanted

2026

01:23:23,850 --> 01:23:21,849

to hit at the top of the show that i

2027

01:23:26,430 --> 01:23:23,860

just railroaded us on but one of them in

2028

01:23:28,410 --> 01:23:26,440

particular was an email that you got and

2029

01:23:30,120 --> 01:23:28,420

honestly I'm kind of surprised that this

2030

01:23:32,459 --> 01:23:30,130

is it took this long to get one of these

2031

01:23:35,669 --> 01:23:32,469

yeah tell me about it I thought we'd be

2032

01:23:37,530 --> 01:23:35,679

getting this from from day one so first

2033

01:23:40,140 --> 01:23:37,540

of all I want to give a shout out to all

2034

01:23:43,229 --> 01:23:40,150

we get we get a lot of email every week

2035

01:23:45,120 --> 01:23:43,239

people contact us so uh some some of the

2036

01:23:47,100 --> 01:23:45,130

people that wrote to us I just want to

2037

01:23:49,379 --> 01:23:47,110

thank them real quick catherine jones

2038

01:23:52,919 --> 01:23:49,389

Bobby Frazier Kennedy chouette sir

2039

01:23:54,569 --> 01:23:52,929

Christina Henry Indra spaceboy pieces

2040

01:23:58,050 --> 01:23:54,579

of Lisa thank you for retweeting our

2041

01:24:01,229 --> 01:23:58,060

stuff Josh Brynn Adam jasa Wayne hand

2042

01:24:03,060 --> 01:24:01,239

Travis redder and Patrick Willard you

2043

01:24:06,629 --> 01:24:03,070

guys all they all wrote just really nice

2044

01:24:11,009 --> 01:24:06,639

things about you are just crazy things

2045

01:24:13,319 --> 01:24:11,019

from you know I believe you in

2046

01:24:16,049 --> 01:24:13,329

would be the correct yes you and I nice

2047

01:24:17,609 --> 01:24:16,059

compliments about the show uh they they

2048

01:24:20,639 --> 01:24:17,619

were talking about how they like our

2049

01:24:22,979 --> 01:24:20,649

banter about how you know our chemistry

2050

01:24:25,109 --> 01:24:22,989

together they like the guests that we

2051
01:24:26,879 --> 01:24:25,119
had on they had more questions for the

2052
01:24:31,079 --> 01:24:26,889
guests that I had gone on forward and

2053
01:24:33,000 --> 01:24:31,089
then we got another email and this one

2054
01:24:35,009 --> 01:24:33,010
was from and I'm gonna go ahead i think

2055
01:24:36,629 --> 01:24:35,019
his name is Brent Brent yeah it's brent

2056
01:24:39,329 --> 01:24:36,639
and it's funny how you know it really is

2057
01:24:41,099 --> 01:24:39,339
a this proves the point that the one bad

2058
01:24:43,739 --> 01:24:41,109
apple will stand out amongst all of the

2059
01:24:46,019 --> 01:24:43,749
praise in such a way that you just can't

2060
01:24:48,000 --> 01:24:46,029
notice only but that one it's great i

2061
01:24:50,250 --> 01:24:48,010
don't understand the human condition and

2062
01:24:52,859 --> 01:24:50,260
why that is the case right but but i

2063
01:24:55,589 --> 01:24:52,869

think it's awesome because look we asked

2064

01:24:58,019 --> 01:24:55,599

for people to contact us we say hey call

2065

01:25:00,629 --> 01:24:58,029

us send an email to truth funders @

2066

01:25:02,189 --> 01:25:00,639

gmail.com call us on the show let us

2067

01:25:04,529 --> 01:25:02,199

know how we're doing what do you like

2068

01:25:06,750 --> 01:25:04,539

because when we know what you like or we

2069

01:25:08,639 --> 01:25:06,760

know what you don't like we can change

2070

01:25:10,529 --> 01:25:08,649

the show we could shift things we can

2071

01:25:12,779 --> 01:25:10,539

move stuff around so I'm going to go

2072

01:25:15,659 --> 01:25:12,789

ahead and read the email that this

2073

01:25:18,119 --> 01:25:15,669

person sent which is very different than

2074

01:25:19,529 --> 01:25:18,129

what everybody else sent but I'm sure

2075

01:25:21,209 --> 01:25:19,539

there's other people who agree with him

2076

01:25:23,669 --> 01:25:21,219

somewhere out there you know I kind of

2077

01:25:27,239 --> 01:25:23,679

agree with him honestly oh yeah you

2078

01:25:29,579 --> 01:25:27,249

doing okay okay all right so when you

2079

01:25:31,289 --> 01:25:29,589

have a guest talk listen to that oh by

2080

01:25:33,750 --> 01:25:31,299

the way how do way he said he spells you

2081

01:25:36,299 --> 01:25:33,760

while he smells uh the word you with the

2082

01:25:37,619 --> 01:25:36,309

letter U yeah real [h__h] respectable

2083

01:25:39,269 --> 01:25:37,629

I'm sorry Angie I don't need to be so

2084

01:25:41,549 --> 01:25:39,279

mean on your on your own you're gonna

2085

01:25:43,589 --> 01:25:41,559

station but I said when you wouldn't

2086

01:25:45,359 --> 01:25:43,599

you're gonna criticize do it in a way to

2087

01:25:46,829 --> 01:25:45,369

dis formal and actually shows that you

2088

01:25:49,500 --> 01:25:46,839

have like a brain please you have to

2089

01:25:52,769 --> 01:25:49,510

because if you criticize and you are

2090

01:25:54,929 --> 01:25:52,779

misspelling stuff and your syntax is all

2091

01:25:58,500 --> 01:25:54,939

wrong it's hard to kind of take that

2092

01:26:01,409 --> 01:25:58,510

seriously so he writes when you just the

2093

01:26:04,529 --> 01:26:01,419

you have a guest talk and listen to them

2094

01:26:06,119 --> 01:26:04,539

period okay somebody may have a guest

2095

01:26:07,919 --> 01:26:06,129

talk and let's not when you have a guest

2096

01:26:09,989 --> 01:26:07,929

talk please listen to them when yet I

2097

01:26:13,079 --> 01:26:09,999

that's two sits two thoughts in a single

2098

01:26:15,539 --> 01:26:13,089

site then it is you had a guest on

2099

01:26:19,139 --> 01:26:15,549

wanting to talk about hollow earth yet

2100

01:26:21,750 --> 01:26:19,149

you again you that just the you went off

2101
01:26:23,309 --> 01:26:21,760
on a tangent what was the show is based

2102
01:26:24,239 --> 01:26:23,319
on tangents honestly there's no way

2103
01:26:25,479 --> 01:26:24,249
you're gonna be able to listen to a

2104
01:26:29,109 --> 01:26:25,489
truth on the show that will not

2105
01:26:31,180 --> 01:26:29,119
be built around tangents challenge our

2106
01:26:34,629 --> 01:26:31,190
brains aren't and me are built around

2107
01:26:37,750 --> 01:26:34,639
tangents we are products of the of the

2108
01:26:39,069 --> 01:26:37,760
80s over we flew TV I want to now

2109
01:26:40,149 --> 01:26:39,079
generation so when I want to say

2110
01:26:42,430 --> 01:26:40,159
something I'm not gonna wait for you to

2111
01:26:45,910 --> 01:26:42,440
finish the thought I'm the same exactly

2112
01:26:47,830 --> 01:26:45,920
exactly so so here we go so you had a

2113
01:26:50,680 --> 01:26:47,840

guest on wanting to talk about hollow

2114

01:26:55,089 --> 01:26:50,690

earth yet you went off on a tangent

2115

01:26:57,580 --> 01:26:55,099

period about you and your friends so in

2116

01:26:59,109 --> 01:26:57,590

a sentence spells out you and that one

2117

01:27:01,330 --> 01:26:59,119

you actually smell the third you he

2118

01:27:03,189 --> 01:27:01,340

spells out why are you right we know

2119

01:27:05,890 --> 01:27:03,199

he's head and he starts this new

2120

01:27:07,629 --> 01:27:05,900

sentence off it was like halfway through

2121

01:27:10,359 --> 01:27:07,639

the sentence so this new sentence says

2122

01:27:13,720 --> 01:27:10,369

about you and your friends not getting

2123

01:27:16,359 --> 01:27:13,730

along because you that the other you the

2124

01:27:19,209 --> 01:27:16,369

small little you got a job as a

2125

01:27:21,100 --> 01:27:19,219

cameraman you know and that was an antic

2126

01:27:24,040 --> 01:27:21,110

or I'm sure that I was using it to

2127

01:27:25,839 --> 01:27:24,050

prevail yeah was it was analogy I'm sure

2128

01:27:26,859 --> 01:27:25,849

I mean you and I the one thing even

2129

01:27:28,299 --> 01:27:26,869

though we tangent maybe they'll be

2130

01:27:29,739 --> 01:27:28,309

interrupt and by the way most people

2131

01:27:32,200 --> 01:27:29,749

this generation do so they're used to

2132

01:27:33,430 --> 01:27:32,210

hearing it on at least like we don't say

2133

01:27:35,560 --> 01:27:33,440

something unless there's a good goddamn

2134

01:27:38,500 --> 01:27:35,570

reason to say it exactly we're not just

2135

01:27:40,569 --> 01:27:38,510

gonna talk about crap just to talk about

2136

01:27:42,970 --> 01:27:40,579

crap there's our point for what we're

2137

01:27:45,430 --> 01:27:42,980

trying to say and sometimes it takes a

2138

01:27:47,410 --> 01:27:45,440

while on this ad degeneration to get our

2139

01:27:49,419 --> 01:27:47,420

brain from one thought to the other

2140

01:27:51,040 --> 01:27:49,429

thought to the other today I single

2141

01:27:53,049 --> 01:27:51,050

battled on market let me interrupt you

2142

01:27:55,870 --> 01:27:53,059

real quick here and provide an anecdote

2143

01:27:57,870 --> 01:27:55,880

to help further color and describe this

2144

01:27:59,979 --> 01:27:57,880

situation today I sent three emails

2145

01:28:00,970 --> 01:27:59,989

responding to one because I had three

2146

01:28:02,259 --> 01:28:00,980

different thoughts that I should have

2147

01:28:04,239 --> 01:28:02,269

formulated first and put them all in one

2148

01:28:06,700 --> 01:28:04,249

email but instead i responded with three

2149

01:28:08,350 --> 01:28:06,710

of them because i just can't wait to get

2150

01:28:13,540 --> 01:28:08,360

that all structured out and then said I

2151

01:28:18,549 --> 01:28:13,550

have no patience yes there you okk

2152

01:28:21,640 --> 01:28:18,559

reading please it's good okay so um okay

2153

01:28:25,419 --> 01:28:21,650

so i'll read again when you have a guest

2154

01:28:27,399 --> 01:28:25,429

talk and listen to them you had a guest

2155

01:28:30,910 --> 01:28:27,409

on wanting to talk about hollow earth

2156

01:28:32,680 --> 01:28:30,920

yet you went off on a tangent about you

2157

01:28:36,069 --> 01:28:32,690

and your friends not getting along

2158

01:28:37,750 --> 01:28:36,079

because you got a job as a cameraman and

2159

01:28:39,250 --> 01:28:37,760

i'm stressing you because it's all

2160

01:28:42,940 --> 01:28:39,260

spelled with you listening

2161

01:28:45,370 --> 01:28:42,950

alright we the listeners tune in to hear

2162

01:28:48,850 --> 01:28:45,380

about the theory of hollow earth not

2163

01:28:52,630 --> 01:28:48,860

your little drama I think you again you

2164

01:28:56,140 --> 01:28:52,640

just like hear yourself talk sorry bud

2165

01:29:00,130 --> 01:28:56,150

true no period no quotations know

2166

01:29:01,330 --> 01:29:00,140

anything MJ MJ I love you right

2167

01:29:02,350 --> 01:29:01,340

everyone's a [h__h] critic that's true

2168

01:29:03,760 --> 01:29:02,360

all right you're listening to chew

2169

01:29:06,010 --> 01:29:03,770

thunders radio we gotta go you can

2170

01:29:07,450 --> 01:29:06,020

follow truth funders at truth funders on

2171

01:29:09,190 --> 01:29:07,460

Twitter we're on facebook we are on

2172

01:29:10,960 --> 01:29:09,200

Instagram you can do all of that go to

2173

01:29:12,250 --> 01:29:10,970

truth finders calm my name is art web

2174

01:29:13,480 --> 01:29:12,260

we'll be back next week we got an

2175

01:29:14,410 --> 01:29:13,490

exciting show I wish we coulda told you

2176
01:29:15,760 --> 01:29:14,420
about it but we're out of time because

2177
01:29:17,830 --> 01:29:15,770
we need longer than 90 minutes

2178
01:29:19,150 --> 01:29:17,840
apparently I I think to myself oh we

2179
01:29:20,890 --> 01:29:19,160
just need to do an hour what do we not

2180
01:29:22,480 --> 01:29:20,900
even know we need two hours so maybe

2181
01:29:24,370 --> 01:29:22,490
that's some issue we're having the

2182
01:29:27,370 --> 01:29:24,380
cameraman from mythbusters on next week

2183
01:29:28,600 --> 01:29:27,380
great so another a person of substantial

2184
01:29:30,790 --> 01:29:28,610
like worth listening to turn into the

2185
01:29:32,680 --> 01:29:30,800
live show here I are in every Wednesday

2186
01:29:34,600 --> 01:29:32,690
my name is art web this is for mark

2187
01:29:38,170 --> 01:29:34,610
Schwartz saying good evening and good

2188
01:29:40,960 --> 01:29:38,180

bye to see you next time you you truth
