

PSYCHOLOGY'S OUTER LIMITS

The Mind of a Pirate

Professor
Erick R. Williams

7PM Eastern 4PM Pacific

INCEPTIONRADIO.NETWORK.COM

1
00:00:54,259 --> 00:00:51,739
you're listening to psychologies outer

2
00:01:04,009 --> 00:00:54,269
limits with your host professor of

3
00:01:05,810 --> 00:01:04,019
psychology eric r williams good evening

4
00:01:09,200 --> 00:01:05,820
good afternoon and everything in between

5
00:01:11,600 --> 00:01:09,210
welcome to the July fifth 2015 in

6
00:01:14,660 --> 00:01:11,610
addition of psychologies outer limits i

7
00:01:17,630 --> 00:01:14,670
am your host professor eric williams and

8
00:01:21,530 --> 00:01:17,640
we are broadcasting the inception radio

9
00:01:24,499 --> 00:01:21,540
network com and if you do happen to be

10
00:01:27,200 --> 00:01:24,509
on the website please click on chat and

11
00:01:28,870 --> 00:01:27,210
go into our chat room we usually get a

12
00:01:32,810 --> 00:01:28,880
lot of cool interaction and great

13
00:01:35,539 --> 00:01:32,820

questions via the chat room you make

14

00:01:42,469 --> 00:01:35,549

dial in any time you want anytime you

15

00:01:46,429 --> 00:01:42,479

want to uh the number is 8 8 8 9 192 355

16

00:01:49,270 --> 00:01:46,439

and then we also have iOS apps well one

17

00:01:52,719 --> 00:01:49,280

and then an app for Android as well

18

00:01:56,359 --> 00:01:52,729

there is a Facebook page for the show

19

00:02:02,240 --> 00:01:56,369

sandaime is the show psychology's outer

20

00:02:05,179 --> 00:02:02,250

limits twitter is at or ashtag eric

21

00:02:11,060 --> 00:02:05,189

psychology and eric is spelled ER i ck

22

00:02:16,040 --> 00:02:11,070

or you can twitter at or ashtag i

23

00:02:20,510 --> 00:02:16,050

underscore our underscore n and email is

24

00:02:23,450 --> 00:02:20,520

busy brain radio at gmail com busy brain

25

00:02:26,300 --> 00:02:23,460

radio and gmail com and our producer

26

00:02:29,309 --> 00:02:26,310

this evening as always is MJ and he

27

00:02:31,960 --> 00:02:29,319

makes sure everything works because

28

00:02:35,559 --> 00:02:31,970

from my side of all this it just seems

29

00:02:38,140 --> 00:02:35,569

like magic now our topics well we have

30

00:02:40,420 --> 00:02:38,150

one topic tonight and then we're going

31

00:02:43,259 --> 00:02:40,430

to get and this will be the first guests

32

00:02:47,320 --> 00:02:43,269

for the show will be our inaugural gift

33

00:02:49,089 --> 00:02:47,330

our psychology topic is certainly on the

34

00:02:50,949 --> 00:02:49,099

outer limits of psychology because

35

00:02:53,619 --> 00:02:50,959

something that we don't understand at

36

00:02:56,680 --> 00:02:53,629

all that's and the topic is synesthesia

37

00:02:58,839 --> 00:02:56,690

and if you don't know what it is you

38

00:03:00,250 --> 00:02:58,849

will in a few minutes and we're going to

39

00:03:02,020 --> 00:03:00,260

do that tell about our break at

40

00:03:06,970 --> 00:03:02,030

seven-thirty and then we're going to

41

00:03:09,970 --> 00:03:06,980

bring on Anthony Cummins I get well he's

42

00:03:12,750 --> 00:03:09,980

actually a sea captain to see a seaman

43

00:03:16,449 --> 00:03:12,760

but he prefers to be called Anthony and

44

00:03:18,640 --> 00:03:16,459

Anthony tired out of living in Italy

45

00:03:21,190 --> 00:03:18,650

where it's very early in the morning I

46

00:03:24,819 --> 00:03:21,200

think there are six hours I'm not quite

47

00:03:27,880 --> 00:03:24,829

sure we'll ask him and Anthony is a

48

00:03:29,800 --> 00:03:27,890

retired pirate a pirate pirate like in

49

00:03:32,860 --> 00:03:29,810

the movies so I'm looking forward to

50

00:03:36,069 --> 00:03:32,870

having Anthony on and certainly uh you

51
00:03:39,280 --> 00:03:36,079
know jump in the chat room and if you

52
00:03:43,030 --> 00:03:39,290
have questions for Anthony or call in be

53
00:03:46,390 --> 00:03:43,040
even more fun the first person to call

54
00:03:48,910 --> 00:03:46,400
in for any reason will win the second

55
00:03:50,680 --> 00:03:48,920
blue tooth Speaker I was a little late

56
00:03:52,870 --> 00:03:50,690
getting the first one out I apologize

57
00:03:55,990 --> 00:03:52,880
but it is on its way so anyway that's

58
00:03:58,089 --> 00:03:56,000
our every week we'll have some kind of a

59
00:04:02,229 --> 00:03:58,099
giveaway so if you call in for any

60
00:04:03,909 --> 00:04:02,239
reason when you do counseling is it

61
00:04:06,490 --> 00:04:03,919
seems you know normal counseling I

62
00:04:08,319 --> 00:04:06,500
wasn't dealing with schizophrenics or

63
00:04:10,180 --> 00:04:08,329

people with psychosis most people to go

64

00:04:12,699 --> 00:04:10,190

to a counselor are going through I

65

00:04:16,229 --> 00:04:12,709

called bumps and life you know life has

66

00:04:20,319 --> 00:04:16,239

bumped them usually some kind of loss

67

00:04:24,790 --> 00:04:20,329

relationships probably number one so i

68

00:04:28,480 --> 00:04:24,800

came across ten the top 10 reasons for

69

00:04:33,010 --> 00:04:28,490

staying in an unhappy marriage now you

70

00:04:37,920 --> 00:04:33,020

know i can only attribute this to the

71

00:04:41,469 --> 00:04:37,930

let's see who was it hmm i found a line

72

00:04:42,590 --> 00:04:41,479

it was actually a survey from a United

73

00:04:46,700 --> 00:04:42,600

Kingdom law firm

74

00:04:50,870 --> 00:04:46,710

they had 2,000 respondents all were

75

00:04:52,820 --> 00:04:50,880

married parents and eighteen percent had

76

00:04:55,280 --> 00:04:52,830

a specific date in mind in their

77

00:04:58,910 --> 00:04:55,290

relationship but when a weird thing to

78

00:05:01,460 --> 00:04:58,920

put on your calendar September fourth

79

00:05:05,660 --> 00:05:01,470

tell her I'm out of here gotta write

80

00:05:08,270 --> 00:05:05,670

that down okay I just made that up so

81

00:05:11,960 --> 00:05:08,280

anyway top 10 reasons for staying in an

82

00:05:14,360 --> 00:05:11,970

unhappy marriage our first is number one

83

00:05:17,210 --> 00:05:14,370

is why actually no let's do this

84

00:05:20,660 --> 00:05:17,220

backwards number ten we have too many

85

00:05:22,640 --> 00:05:20,670

shared financial interests but that can

86

00:05:23,840 --> 00:05:22,650

be undone and then sin when you're

87

00:05:25,520 --> 00:05:23,850

finished you don't have that many

88

00:05:28,190 --> 00:05:25,530

financial interest could you gave all

89

00:05:29,720 --> 00:05:28,200

your money to the lawyers all right now

90

00:05:32,240 --> 00:05:29,730

that was a joke i hope some of your left

91

00:05:34,040 --> 00:05:32,250

number 9 I worry I won't meet anyone

92

00:05:37,580 --> 00:05:34,050

else now that's really big and

93

00:05:40,100 --> 00:05:37,590

counseling women in particular after a

94

00:05:44,060 --> 00:05:40,110

relationship ends whether it was their

95

00:05:48,230 --> 00:05:44,070

idea or not 10 more likely than men to

96

00:05:50,630 --> 00:05:48,240

feel unattractive unworthy I'll never

97

00:05:54,500 --> 00:05:50,640

find anybody so that one that one

98

00:05:56,660 --> 00:05:54,510

certainly strikes home I've heard that a

99

00:05:58,580 --> 00:05:56,670

lot of times number eight worried about

100

00:06:03,080 --> 00:05:58,590

how we will manage contact with the

101
00:06:08,270 --> 00:06:03,090
children that makes sense number seven

102
00:06:12,440 --> 00:06:08,280
for my partner's money no I've not been

103
00:06:14,030 --> 00:06:12,450
married to someone wealthy if you've

104
00:06:15,470 --> 00:06:14,040
been married to someone or are married

105
00:06:17,300 --> 00:06:15,480
to someone that's so wealthy that you

106
00:06:19,820 --> 00:06:17,310
won't leave but 12 please call in I

107
00:06:22,250 --> 00:06:19,830
think that'd be interesting number 6 the

108
00:06:25,250 --> 00:06:22,260
stigma of divorce is there really still

109
00:06:27,380 --> 00:06:25,260
a stigma of divorce I mean it's you I've

110
00:06:31,580 --> 00:06:27,390
been through one or two or three or four

111
00:06:33,920 --> 00:06:31,590
or 500 at least one I felt awkward it

112
00:06:36,950 --> 00:06:33,930
felt weird but I didn't feel a stigma

113
00:06:39,350 --> 00:06:36,960

and I just you know I just felt all the

114

00:06:41,510 --> 00:06:39,360

things you feel when you go through a

115

00:06:42,890 --> 00:06:41,520

divorce number five I want to give it

116

00:06:46,250 --> 00:06:42,900

some more time before making a final

117

00:06:48,620 --> 00:06:46,260

decision which I think translates to i

118

00:06:51,409 --> 00:06:48,630

don't have the courage yet to do this

119

00:06:54,770 --> 00:06:51,419

but some people probably really aren't

120

00:06:56,180 --> 00:06:54,780

sure but i have i have worked with

121

00:06:58,340 --> 00:06:56,190

people that have been

122

00:07:00,350 --> 00:06:58,350

wondering for a decade or longer

123

00:07:02,990 --> 00:07:00,360

if they should stay in their

124

00:07:05,930 --> 00:07:03,000

relationship number four I can't afford

125

00:07:07,700 --> 00:07:05,940

to go through a divorce well or you

126

00:07:13,580 --> 00:07:07,710

might not it's it's awfully expensive

127

00:07:15,710 --> 00:07:13,590

it's a i'm trying to think it's i guess

128

00:07:17,900 --> 00:07:15,720

you could easily spend three or four

129

00:07:21,260 --> 00:07:17,910

thousand dollars but if you and your

130

00:07:24,440 --> 00:07:21,270

partner are on exactly the same page you

131

00:07:27,260 --> 00:07:24,450

can you can do it without a lawyer you

132

00:07:29,330 --> 00:07:27,270

can buy a kid online and and you know

133

00:07:31,640 --> 00:07:29,340

then some couples are able to do that

134

00:07:34,340 --> 00:07:31,650

but if each of you get a lawyer yeah it

135

00:07:36,680 --> 00:07:34,350

is a it is expensive number three I

136

00:07:40,270 --> 00:07:36,690

can't afford to move out live on my own

137

00:07:43,520 --> 00:07:40,280

that is very common a lot of couples

138

00:07:45,680 --> 00:07:43,530

separate under the same roof you know

139

00:07:48,980 --> 00:07:45,690

will they each have their own bedroom a

140

00:07:51,500 --> 00:07:48,990

more or less slim their own lives the

141

00:07:53,960 --> 00:07:51,510

children are made aware that they do

142

00:07:57,500 --> 00:07:53,970

that mom and dad no longer consider

143

00:08:00,440 --> 00:07:57,510

themselves a couple but i think you know

144

00:08:03,200 --> 00:08:00,450

i think this happens a lot an awful lot

145

00:08:05,060 --> 00:08:03,210

of people because a lot of couples you

146

00:08:07,640 --> 00:08:05,070

know they're struggling as it is and

147

00:08:11,300 --> 00:08:07,650

then you know you're supposed to split

148

00:08:14,030 --> 00:08:11,310

and duplicate all those expenses i mean

149

00:08:17,600 --> 00:08:14,040

you know these days just rent and

150

00:08:19,430 --> 00:08:17,610

utilities or a house payment utilities

151
00:08:21,980 --> 00:08:19,440
that could easily be two thousand

152
00:08:24,290 --> 00:08:21,990
dollars you know as twenty four thousand

153
00:08:26,420 --> 00:08:24,300
a year that's maybe you know getting

154
00:08:28,090 --> 00:08:26,430
close to 30 that's a full-time job just

155
00:08:31,700 --> 00:08:28,100
that you know just to leave something

156
00:08:35,089 --> 00:08:31,710
number two worried about the impact on

157
00:08:39,380 --> 00:08:35,099
the children well the best predictor for

158
00:08:41,570 --> 00:08:39,390
how well children will do as a result of

159
00:08:45,560 --> 00:08:41,580
a divorce is how well the parents get

160
00:08:47,120 --> 00:08:45,570
along after the divorce so i can at

161
00:08:50,570 --> 00:08:47,130
least offer a little bit of help on that

162
00:08:52,010 --> 00:08:50,580
one if if parents get along well after

163
00:08:56,660 --> 00:08:52,020

the divorce their children will do

164

00:08:58,520 --> 00:08:56,670

pretty well i mean it's it's no fun kids

165

00:09:03,650 --> 00:08:58,530

don't like it they get a little bit

166

00:09:05,690 --> 00:09:03,660

scared but you know divorce is fairly

167

00:09:07,550 --> 00:09:05,700

prevalent I think I talked recently

168

00:09:09,620 --> 00:09:07,560

about the fact that that fifty percent

169

00:09:12,620 --> 00:09:09,630

statistic is way off

170

00:09:16,220 --> 00:09:12,630

the divorce rate is closer to between 20

171

00:09:19,460 --> 00:09:16,230

and 25 percent and then the number one

172

00:09:23,090 --> 00:09:19,470

reason is I have too much to lose and I

173

00:09:26,900 --> 00:09:23,100

wish I could have read the comments for

174

00:09:30,260 --> 00:09:26,910

that cuz I think we've covered money or

175

00:09:32,750 --> 00:09:30,270

maybe it's just belongings or all the

176

00:09:38,240 --> 00:09:32,760

stuff that the couple has done together

177

00:09:39,620 --> 00:09:38,250

over time but I think the details for

178

00:09:41,450 --> 00:09:39,630

that would have been interesting now

179

00:09:44,030 --> 00:09:41,460

they had another list the top 10 things

180

00:09:46,730 --> 00:09:44,040

parents do to keep up appearances I'll

181

00:09:49,130 --> 00:09:46,740

run through that kind of fast number one

182

00:09:52,280 --> 00:09:49,140

keeping problems bottled up rather than

183

00:09:53,900 --> 00:09:52,290

discussing them yep number two argue in

184

00:09:56,540 --> 00:09:53,910

a different room away from the children

185

00:09:58,960 --> 00:09:56,550

oh if you got out argue don't do it in

186

00:10:01,790 --> 00:09:58,970

front of kids that they do find scary

187

00:10:05,600 --> 00:10:01,800

enjoy family Christmas and birthdays

188

00:10:08,630 --> 00:10:05,610

sleep in the same bed go on family

189

00:10:10,880 --> 00:10:08,640

holidays go on family day trips cuddle

190

00:10:13,370 --> 00:10:10,890

up on the sofa to watch TV in front of

191

00:10:15,350 --> 00:10:13,380

the children kiss each other goodbye in

192

00:10:19,430 --> 00:10:15,360

the mornings hold hands go on date

193

00:10:22,460 --> 00:10:19,440

nights so I since it's called the top 10

194

00:10:24,500 --> 00:10:22,470

list parents do to keep up appearances I

195

00:10:29,090 --> 00:10:24,510

think this is when they're faking the

196

00:10:30,890 --> 00:10:29,100

marriage I don't know but twenty to

197

00:10:31,940 --> 00:10:30,900

twenty-five percent of you that it was

198

00:10:34,360 --> 00:10:31,950

thing had probably been through a

199

00:10:38,090 --> 00:10:34,370

divorce so I'm sure a lot of those

200

00:10:42,160 --> 00:10:38,100

struck the board with you alright let's

201

00:10:46,280 --> 00:10:42,170

get let's get back over here to

202

00:10:50,060 --> 00:10:46,290

computers and a tablet and a dog the dog

203

00:10:51,650 --> 00:10:50,070

goes asleep I hope she stays I'm worried

204

00:10:54,620 --> 00:10:51,660

is gonna be a noise outside and then

205

00:10:56,840 --> 00:10:54,630

she's gonna go she's going to go nuts um

206

00:10:59,570 --> 00:10:56,850

I want to talk about this evening our

207

00:11:03,620 --> 00:10:59,580

topic is then synesthesia and

208

00:11:08,600 --> 00:11:03,630

synesthesia is first of all it's it has

209

00:11:13,280 --> 00:11:08,610

to be neurological it occurs when of two

210

00:11:16,820 --> 00:11:13,290

or more of our senses commingle or kind

211

00:11:20,889 --> 00:11:16,830

of trade places a very common form of

212

00:11:24,220 --> 00:11:20,899

synesthesia is colors and numbers

213

00:11:27,069 --> 00:11:24,230

for example there are people that have

214

00:11:30,340 --> 00:11:27,079

these these incredible math abilities

215

00:11:33,429 --> 00:11:30,350

and when their question about how did

216

00:11:36,069 --> 00:11:33,439

you solve such a complicated problem

217

00:11:39,549 --> 00:11:36,079

they'll say well i just i just read back

218

00:11:44,619 --> 00:11:39,559

the colors so if you ask them for

219

00:11:47,980 --> 00:11:44,629

example you know what's 75×92 they see

220

00:11:50,859 --> 00:11:47,990

colors and let's say you know the color

221

00:11:54,489 --> 00:11:50,869

yellow is 5 and the color red is 3

222

00:11:56,259 --> 00:11:54,499

whatever they just read off the the

223

00:11:59,619 --> 00:11:56,269

colors so we have two things going on

224

00:12:03,879 --> 00:11:59,629

there one we have we have colors that

225

00:12:07,329 --> 00:12:03,889

that are that are our numbers and the

226

00:12:10,150 --> 00:12:07,339

person isn't consciously aware of even

227

00:12:15,040 --> 00:12:10,160

doing the math I hear a problem and then

228

00:12:20,379 --> 00:12:15,050

they basically sing a rainbow I want it

229

00:12:22,720 --> 00:12:20,389

fine let's see this is a job a short

230

00:12:25,749 --> 00:12:22,730

little thing i found this is hot i'm

231

00:12:28,720 --> 00:12:25,759

guessing that this girl was either a

232

00:12:31,239 --> 00:12:28,730

teen or a preteen but she writes I know

233

00:12:33,329 --> 00:12:31,249

that the number four is yellow but I

234

00:12:36,369 --> 00:12:33,339

have a friend who insists for his red

235

00:12:38,350 --> 00:12:36,379

she also says for has a motherly

236

00:12:41,350 --> 00:12:38,360

personality and my four has no

237

00:12:43,809 --> 00:12:41,360

personality none of my numbers do but

238

00:12:46,720 --> 00:12:43,819

all of my numbers have colors and so do

239

00:12:49,210 --> 00:12:46,730

my letters days and months my friend and

240

00:12:51,850 --> 00:12:49,220

I both have synesthesia perceptual

241

00:12:53,759 --> 00:12:51,860

condition in which the stimulation of

242

00:12:57,309 --> 00:12:53,769

one sense triggers an automatic

243

00:13:00,549 --> 00:12:57,319

involuntary experience and another sense

244

00:13:02,559 --> 00:13:00,559

and synesthesia can occur between just

245

00:13:05,169 --> 00:13:02,569

about any combination of a sudden there

246

00:13:06,639 --> 00:13:05,179

are people that taste sounds there are

247

00:13:08,769 --> 00:13:06,649

people they can't hear a certain sound

248

00:13:11,199 --> 00:13:08,779

because you know they feel like they

249

00:13:15,280 --> 00:13:11,209

have a mouthful dog poop or whatever a

250

00:13:18,519 --> 00:13:15,290

person who has this condition I mean I

251

00:13:20,169 --> 00:13:18,529

don't know if it's a disorder I'm not

252

00:13:26,379 --> 00:13:20,179

sure what to call it are called

253

00:13:28,539 --> 00:13:26,389

synesthetes set of states oh and select

254

00:13:31,090 --> 00:13:28,549

that's I guess I could be the plural to

255

00:13:33,340 --> 00:13:31,100

they met may see sounds tastes words

256

00:13:34,070 --> 00:13:33,350

feel a sensation on their skin when they

257

00:13:38,000 --> 00:13:34,080

smell it

258

00:13:41,180 --> 00:13:38,010

sent or hear something they may also see

259

00:13:43,820 --> 00:13:41,190

abstract concepts like time projected in

260

00:13:47,480 --> 00:13:43,830

the space around them such as looking at

261

00:13:49,220 --> 00:13:47,490

it ended image and many sent estates

262

00:13:52,130 --> 00:13:49,230

experienced more than one form of the

263

00:13:54,860 --> 00:13:52,140

condition she goes on to say for example

264

00:14:01,310 --> 00:13:54,870

my friend and i both have grapheme it's

265

00:14:05,750 --> 00:14:01,320

a gra pheme color synesthesia numbers

266

00:14:07,310 --> 00:14:05,760

and letters trigger color experience she

267

00:14:09,230 --> 00:14:07,320

says because her numbers have

268

00:14:12,850 --> 00:14:09,240

personality she also has a form of

269

00:14:16,550 --> 00:14:12,860

synesthesia known as ordinal linguistic

270

00:14:20,060 --> 00:14:16,560

personification born police i was able

271

00:14:22,730 --> 00:14:20,070

to say that that was pretty good anyway

272

00:14:24,050 --> 00:14:22,740

David Eagleman a neuroscientist and

273

00:14:26,060 --> 00:14:24,060

director of the laboratory for

274

00:14:28,490 --> 00:14:26,070

perception and action at the baylor

275

00:14:32,360 --> 00:14:28,500

college of medicine he's not a sin

276

00:14:35,510 --> 00:14:32,370

estate but he he does study them his

277

00:14:36,800 --> 00:14:35,520

analogy is when you see a photo and the

278

00:14:40,490 --> 00:14:36,810

article there's a picture of President

279

00:14:42,890 --> 00:14:40,500

Obama when you see this photo you think

280

00:14:44,570 --> 00:14:42,900

President Obama even though those words

281

00:14:47,510 --> 00:14:44,580

aren't written anywhere on the picture

282

00:14:49,640 --> 00:14:47,520

your brain automatically generates that

283

00:14:52,370 --> 00:14:49,650

for you it makes that connection with

284

00:14:55,040 --> 00:14:52,380

its it's called the Association cortex

285

00:14:57,740 --> 00:14:55,050

of the occipital region of the brain

286

00:15:01,370 --> 00:14:57,750

kinda its collects like Google you know

287

00:15:03,530 --> 00:15:01,380

little it looks things up 47 states this

288

00:15:05,750 --> 00:15:03,540

can happen just right out in front of

289

00:15:07,820 --> 00:15:05,760

them now that is really interesting

290

00:15:09,470 --> 00:15:07,830

about forty percent of set of states

291

00:15:11,990 --> 00:15:09,480

have a first degree relative with

292

00:15:14,180 --> 00:15:12,000

synesthesia so that it's kind of an

293

00:15:20,600 --> 00:15:14,190

argument for at least a certain degree

294

00:15:23,870 --> 00:15:20,610

of genetic transmission Oh most sent

295

00:15:27,290 --> 00:15:23,880

estates recall having synesthesia for as

296

00:15:28,940 --> 00:15:27,300

long as they can remember let's see this

297

00:15:30,440 --> 00:15:28,950

is I think this is the same girl again I

298

00:15:32,510 --> 00:15:30,450

was definitely playing with it when I

299

00:15:34,390 --> 00:15:32,520

was five or six because I remember

300

00:15:37,160 --> 00:15:34,400

raiding my parents record cabinet

301

00:15:40,700 --> 00:15:37,170

searching for records that i liked to

302

00:15:44,180 --> 00:15:40,710

listen to four colors different person

303

00:15:47,750 --> 00:15:44,190

okay CSG associate scholars with sounds

304

00:15:50,060 --> 00:15:47,760

and tastes Eagleman slab is searching

305

00:15:52,130 --> 00:15:50,070

for the genes at trigger synesthesia and

306

00:15:54,890 --> 00:15:52,140

he's already identified a region on

307

00:15:58,550 --> 00:15:54,900

chromosome 16 that's linked to graphene

308

00:16:00,680 --> 00:15:58,560

colored synesthesia it's possible no we

309

00:16:02,900 --> 00:16:00,690

could all do this there's this phrase

310

00:16:05,150 --> 00:16:02,910

called the tyranny of the frontal lobes

311

00:16:06,950 --> 00:16:05,160

that when your frontal lobes which is

312

00:16:10,040 --> 00:16:06,960

where you do all your heavy-duty

313

00:16:13,850 --> 00:16:10,050

thinking is working it kind of turns

314

00:16:15,500 --> 00:16:13,860

down the other parts of your brain like

315

00:16:20,150 --> 00:16:15,510

your occipital lobe when your parietal

316

00:16:21,980 --> 00:16:20,160

lobes and does its processing but this

317

00:16:23,870 --> 00:16:21,990

may not be happening the cinna stix

318

00:16:26,510 --> 00:16:23,880

their their various senses may be

319

00:16:30,680 --> 00:16:26,520

allowed to sort of keep running but not

320

00:16:34,700 --> 00:16:30,690

in in the background so and it makes you

321

00:16:39,310 --> 00:16:34,710

wonder if in the future we could we

322

00:16:42,290 --> 00:16:39,320

could create synesthesia people here's

323

00:16:43,940 --> 00:16:42,300

here's one person who said if you tell

324

00:16:48,080 --> 00:16:43,950

me that your letter j is a very

325

00:16:50,300 --> 00:16:48,090

particular no this is the experimenter

326

00:16:52,160 --> 00:16:50,310

if you did if you tell him that the

327

00:16:54,800 --> 00:16:52,170

letter j is a very particular shade of

328

00:16:58,070 --> 00:16:54,810

powder blue then he tests them on that

329

00:16:59,630 --> 00:16:58,080

for a very precise shade and you know

330

00:17:01,850 --> 00:16:59,640

there can be thousands and thousands of

331

00:17:03,920 --> 00:17:01,860

shades and if you're just being poetic

332

00:17:05,890 --> 00:17:03,930

or metaphorical or making something up

333

00:17:08,960 --> 00:17:05,900

then you can capture those colors again

334

00:17:11,360 --> 00:17:08,970

but if you're really synesthetic then

335

00:17:15,740 --> 00:17:11,370

when you come back several years later

336

00:17:18,530 --> 00:17:15,750

and go to letter j they'll go to that

337

00:17:20,510 --> 00:17:18,540

very very same shade as really

338

00:17:23,810 --> 00:17:20,520

interesting so right now they're using

339

00:17:26,990 --> 00:17:23,820

really high-tech imaging like positron

340

00:17:32,210 --> 00:17:27,000

emission tomography and it sits in a way

341

00:17:35,060 --> 00:17:32,220

it's like an MRI to try to find out what

342

00:17:38,780 --> 00:17:35,070

parts of the brain or sort of lighting

343

00:17:41,270 --> 00:17:38,790

up interestingly enough i read that some

344

00:17:44,660 --> 00:17:41,280

car companies are hiring synesthetes

345

00:17:47,870 --> 00:17:44,670

because the way they experience colors

346

00:17:50,720 --> 00:17:47,880

and sounds helps the car company make

347

00:17:52,430 --> 00:17:50,730

decisions about what colors they may

348

00:17:55,760 --> 00:17:52,440

want to use and you know that i'm not

349

00:17:58,760 --> 00:17:55,770

sure if all I don't do this but up some

350

00:18:00,630 --> 00:17:58,770

electric cars have speakers that make an

351

00:18:02,880 --> 00:18:00,640

engine kind of sound

352

00:18:06,120 --> 00:18:02,890

because an electric car doesn't make any

353

00:18:10,260 --> 00:18:06,130

sound it would be really easy to run

354

00:18:12,870 --> 00:18:10,270

over somebody so they have to they have

355

00:18:15,540 --> 00:18:12,880

to they have to create up create a sound

356

00:18:18,180 --> 00:18:15,550

I wonder if there would be a way to you

357

00:18:20,970 --> 00:18:18,190

know maybe the sin estates help them

358

00:18:25,650 --> 00:18:20,980

figure out what sounds you know the most

359

00:18:28,590 --> 00:18:25,660

like a car catching up to you in 2005

360

00:18:34,560 --> 00:18:28,600

daniel Tammet set the european record

361

00:18:37,710 --> 00:18:34,570

for pi memorization I know 3.14159

362

00:18:41,930 --> 00:18:37,720

that's as far as I can get anyway he

363

00:18:45,540 --> 00:18:41,940

memorized 20 2514 bigots in five hours

364

00:18:47,910 --> 00:18:45,550

and he attributed the this fate to his

365

00:18:51,150 --> 00:18:47,920

ability see numbers would caller to him

366

00:18:53,880 --> 00:18:51,160

when he was thinking about pie it was

367

00:18:56,520 --> 00:18:53,890

like the world's longest train going by

368

00:18:58,380 --> 00:18:56,530

and every car was a different color and

369

00:19:01,980 --> 00:18:58,390

one yellow when he saw yellow we'd say

370

00:19:03,450 --> 00:19:01,990

to and when he saw ready say four but to

371

00:19:06,800 --> 00:19:03,460

me what's just as interesting is that

372

00:19:09,600 --> 00:19:06,810

his brain is calculating pi 2 over

373

00:19:13,320 --> 00:19:09,610

22,000 digits and he didn't make any

374

00:19:16,050 --> 00:19:13,330

hairs so the synesthesia itself is

375

00:19:19,290 --> 00:19:16,060

interesting that people would sort of

376

00:19:21,720 --> 00:19:19,300

conjoined there are other senses but

377

00:19:27,890 --> 00:19:21,730

what's just as interesting to me is the

378

00:19:36,240 --> 00:19:31,920

cognitive feats for about four years i

379

00:19:39,210 --> 00:19:36,250

worked with young adults 18 to 21 that

380

00:19:40,740 --> 00:19:39,220

were mentally well we have a

381

00:19:43,890 --> 00:19:40,750

new term now we use intellectual

382

00:19:45,780 --> 00:19:43,900

disability they could stay in school in

383

00:19:48,720 --> 00:19:45,790

the high school system till they were 21

384

00:19:50,940 --> 00:19:48,730

and I worked with them in groups of

385

00:19:53,040 --> 00:19:50,950

eight or ten we met for about six weeks

386

00:19:55,500 --> 00:19:53,050

once a week for three or four hours and

387

00:19:59,370 --> 00:19:55,510

just just on just on living skills and

388

00:20:02,610 --> 00:19:59,380

stuff like that but a couple of the

389

00:20:04,950 --> 00:20:02,620

folks i work with were autistic you know

390

00:20:07,680 --> 00:20:04,960

autism's on a spectrum now you know it's

391

00:20:09,450 --> 00:20:07,690

like a speedometer if you barely have it

392

00:20:11,690 --> 00:20:09,460

you know you got two miles an hour worth

393

00:20:14,370 --> 00:20:11,700

of autism and if you've got the really

394

00:20:16,650 --> 00:20:14,380

severe forms or you know

395

00:20:19,830 --> 00:20:16,660

you might hurt yourself you got 120

396

00:20:22,590 --> 00:20:19,840

miles per hour worth of autism but there

397

00:20:24,780 --> 00:20:22,600

was um this one fellow in particular is

398

00:20:27,510 --> 00:20:24,790

very hard to communicate he'd allow a

399

00:20:31,100 --> 00:20:27,520

lot of what we call echolalia he just

400

00:20:34,530 --> 00:20:31,110

simply repeated what you said but he um

401
00:20:36,750 --> 00:20:34,540
if you gave him a date he could tell you

402
00:20:39,030 --> 00:20:36,760
what day of the week it was I remember

403
00:20:41,220 --> 00:20:39,040
when someone told me that I want my

404
00:20:42,780 --> 00:20:41,230
called him over and I said if I tell you

405
00:20:45,540 --> 00:20:42,790
my birthday can you tell me what day of

406
00:20:48,270 --> 00:20:45,550
the week it is and he just nodded so I

407
00:20:52,590 --> 00:20:48,280
said January first nineteen fifty-eight

408
00:20:54,060 --> 00:20:52,600
and I I swear to God that the eighth was

409
00:20:56,910 --> 00:20:54,070
still floating in the air when he said

410
00:21:00,210 --> 00:20:56,920
Wednesday you know that's a savant

411
00:21:03,210 --> 00:21:00,220
ability you know I mean I what in the

412
00:21:07,010 --> 00:21:03,220
world is going on in his brain he was

413
00:21:09,720 --> 00:21:07,020

also a map savant he couldn't forget

414

00:21:12,920 --> 00:21:09,730

basically any kind of map he's saying I

415

00:21:16,260 --> 00:21:12,930

live in the east coast in Maryland and I

416

00:21:18,840 --> 00:21:16,270

haven't seen the young man in four or

417

00:21:21,660 --> 00:21:18,850

five years but he could probably tell

418

00:21:27,920 --> 00:21:21,670

you the name of every road and at least

419

00:21:30,990 --> 00:21:27,930

a 100 mile radius of frederick city and

420

00:21:34,440 --> 00:21:31,000

all things along the road and when they

421

00:21:37,620 --> 00:21:34,450

were built so on hand he had some very

422

00:21:39,720 --> 00:21:37,630

incredible gifts he could do the math

423

00:21:43,590 --> 00:21:39,730

thing today the week thing he had this

424

00:21:45,480 --> 00:21:43,600

this gift for math maps but on the other

425

00:21:47,810 --> 00:21:45,490

hand it was almost impossible to

426

00:21:50,520 --> 00:21:47,820

communicate with him he was uh he

427

00:21:53,760 --> 00:21:50,530

struggled to say hello and yet he

428

00:21:56,550 --> 00:21:53,770

somehow had a personality he was I

429

00:22:00,390 --> 00:21:56,560

really enjoyed him I remember running

430

00:22:03,180 --> 00:22:00,400

into him in the mall and he walked up to

431

00:22:05,730 --> 00:22:03,190

me very robotic like put put his hand

432

00:22:07,710 --> 00:22:05,740

out and said hello mr. Williams and

433

00:22:10,380 --> 00:22:07,720

shook my hand because I don't think he

434

00:22:16,890 --> 00:22:10,390

can I'm not sure this kid can forget

435

00:22:20,610 --> 00:22:16,900

anything sometimes people aren't born

436

00:22:24,660 --> 00:22:20,620

with synesthesia sometimes they acquire

437

00:22:27,070 --> 00:22:24,670

it through an accident or an injury so

438

00:22:30,490 --> 00:22:27,080

there was this guy in Toronto

439

00:22:32,350 --> 00:22:30,500

after he had a stroke it says about nine

440

00:22:34,450 --> 00:22:32,360

months after suffering a stroke the

441

00:22:37,180 --> 00:22:34,460

patient noticed that words written in a

442

00:22:39,639 --> 00:22:37,190

certain shade of blue evoke the strong

443

00:22:42,279 --> 00:22:39,649

feeling of disgust yellow was only

444

00:22:44,830 --> 00:22:42,289

slightly better raspberries which he

445

00:22:47,500 --> 00:22:44,840

never used to which he had never used to

446

00:22:50,100 --> 00:22:47,510

eat very often now tasted like blue and

447

00:22:53,860 --> 00:22:50,110

blue tasted like raspberries

448

00:22:55,750 --> 00:22:53,870

high-pitched brass instruments elicited

449

00:22:58,720 --> 00:22:55,760

feelings of ecstasy and light blue

450

00:23:01,120 --> 00:22:58,730

flashes in his peripheral vision caused

451

00:23:04,450 --> 00:23:01,130

large parts of his brain to light up on

452

00:23:06,340 --> 00:23:04,460

an MRI so you know again if we have this

453

00:23:09,370 --> 00:23:06,350

incredible technology we can put a

454

00:23:12,129 --> 00:23:09,380

person in an MRI and then you know show

455

00:23:14,500 --> 00:23:12,139

them colors or play sounds and and their

456

00:23:17,259 --> 00:23:14,510

brain isn't lighting up the way it would

457

00:23:20,560 --> 00:23:17,269

if they didn't have this particular you

458

00:23:22,539 --> 00:23:20,570

know this condition because i'm not i'm

459

00:23:25,810 --> 00:23:22,549

just not sure if it's a disorder you

460

00:23:29,289 --> 00:23:25,820

know schizophrenia is a disorder anxiety

461

00:23:32,080 --> 00:23:29,299

depression but some of these folks have

462

00:23:36,250 --> 00:23:32,090

you know along with the synesthesia they

463

00:23:38,620 --> 00:23:36,260

have incredible incredible gifts but

464

00:23:40,810 --> 00:23:38,630

most synesthetes are bored with the

465

00:23:44,320 --> 00:23:40,820

condition but there's been at least two

466

00:23:48,039 --> 00:23:44,330

people this this neurologist said that

467

00:23:50,759 --> 00:23:48,049

develop synesthesia after experiencing a

468

00:23:53,830 --> 00:23:50,769

stroke I thought I wrote about one who

469

00:23:59,680 --> 00:23:53,840

picked up the condition after a car

470

00:24:04,360 --> 00:23:59,690

accident absolutely amazing stuff it's I

471

00:24:09,399 --> 00:24:04,370

i had another young man i knew that had

472

00:24:11,320 --> 00:24:09,409

a he was autistic its and again you know

473

00:24:14,620 --> 00:24:11,330

you really have to pay attention to the

474

00:24:18,399 --> 00:24:14,630

spectrum of autism because on the one

475

00:24:21,759 --> 00:24:18,409

hand he has all of the typical issues

476
00:24:25,779 --> 00:24:21,769
that many autistic people have and and

477
00:24:30,310 --> 00:24:25,789
and that's social stuff yet you know

478
00:24:32,649 --> 00:24:30,320
waving if you're waving to him he may

479
00:24:34,269 --> 00:24:32,659
not know if you're shooting a fly away

480
00:24:36,399 --> 00:24:34,279
pointing to something you know the

481
00:24:38,249 --> 00:24:36,409
social niceties of the world don't quite

482
00:24:42,459 --> 00:24:38,259
make sense

483
00:24:45,969 --> 00:24:42,469
sometimes a very hard time focusing on

484
00:24:48,849 --> 00:24:45,979
more than one thing it's it's like

485
00:24:51,219 --> 00:24:48,859
they're like like there's a volume

486
00:24:53,139 --> 00:24:51,229
control for attention it's turned up and

487
00:24:56,289 --> 00:24:53,149
everything gets equal attention which is

488
00:24:59,739 --> 00:24:56,299

why you often see autistic people sort

489

00:25:01,959 --> 00:24:59,749

of burry themselves but you could you

490

00:25:05,339 --> 00:25:01,969

could walk over to a piano and just play

491

00:25:07,869 --> 00:25:05,349

anything either an actual song or a

492

00:25:09,999 --> 00:25:07,879

something random and then he would sit

493

00:25:13,769 --> 00:25:10,009

down and play it back precisely the way

494

00:25:16,479 --> 00:25:13,779

you played it now he couldn't read music

495

00:25:18,819 --> 00:25:16,489

so it's not like you could put music in

496

00:25:21,039 --> 00:25:18,829

front of him and say play this but if

497

00:25:23,139 --> 00:25:21,049

he'd heard a song before he could just

498

00:25:26,139 --> 00:25:23,149

sit down and play it you know it's

499

00:25:29,499 --> 00:25:26,149

interesting that so many times in people

500

00:25:32,199 --> 00:25:29,509

with wit with autism and something and

501
00:25:34,869 --> 00:25:32,209
other intellectual disorders like what

502
00:25:38,679 --> 00:25:34,879
we used to call mental retardation she's

503
00:25:43,359 --> 00:25:38,689
generally an IQ below 70 there's also

504
00:25:45,699 --> 00:25:43,369
like a savant kind of thing so there's a

505
00:25:48,699 --> 00:25:45,709
little bit of gift I'm not sure if it's

506
00:25:50,649 --> 00:25:48,709
there to offset the autism or not but

507
00:25:53,709 --> 00:25:50,659
I've had quite a bit of experience with

508
00:25:55,359 --> 00:25:53,719
autistic folks and and generally what I

509
00:25:57,849 --> 00:25:55,369
was trying to do was to help them with

510
00:25:59,589 --> 00:25:57,859
dead social stuff that you know to say

511
00:26:03,219 --> 00:25:59,599
thank you when the cashier hands you

512
00:26:06,519 --> 00:26:03,229
change don't let the door at the mall

513
00:26:08,259 --> 00:26:06,529

you know slam shut on eye on you know

514

00:26:12,369 --> 00:26:08,269

the person behind them you know little

515

00:26:14,439 --> 00:26:12,379

things like that st. you just noticing

516

00:26:20,369 --> 00:26:14,449

people that's very very very hard for

517

00:26:25,329 --> 00:26:22,659

okay we're going to go random here for a

518

00:26:28,269 --> 00:26:25,339

second all right I wanted to talk about

519

00:26:30,879 --> 00:26:28,279

this last week and I forgot to this is

520

00:26:34,089 --> 00:26:30,889

again this is this is a condition or

521

00:26:38,649 --> 00:26:34,099

disorder it's called pica and and this

522

00:26:40,779 --> 00:26:38,659

is when people eat a non-food non

523

00:26:42,969 --> 00:26:40,789

nutritious things okay I'm not talking

524

00:26:45,459 --> 00:26:42,979

you know that someone eats something you

525

00:26:47,829 --> 00:26:45,469

don't like like fried chicken lizard

526

00:26:49,929 --> 00:26:47,839

gizzards Oh fried chicken lizards

527

00:26:51,779 --> 00:26:49,939

wouldn't that be something but anyway

528

00:26:55,859 --> 00:26:51,789

this was Pablo

529

00:26:59,340 --> 00:26:55,869

jun 26 doctors extract five foot long

530

00:27:01,349 --> 00:26:59,350

hair ball from girl's stomach a teenage

531

00:27:04,139 --> 00:27:01,359

girl in Indiana's recovering from a

532

00:27:07,139 --> 00:27:04,149

surgery during which a surgery during

533

00:27:10,499 --> 00:27:07,149

which doctors removed a five foot long

534

00:27:14,599 --> 00:27:10,509

hair ball from her stomach I can't even

535

00:27:18,930 --> 00:27:14,609

pronounce her name she's 15 years old

536

00:27:22,169 --> 00:27:18,940

and her thing was air she a tear she ate

537

00:27:24,930 --> 00:27:22,179

her hair shade her friends hair she ate

538

00:27:28,019 --> 00:27:24,940

hair that she thought that she would

539

00:27:30,299 --> 00:27:28,029

find on the ground or in hair brushes

540

00:27:33,810 --> 00:27:30,309

and I guess I would have thought you

541

00:27:36,960 --> 00:27:33,820

would digest it but you don't the masses

542

00:27:40,320 --> 00:27:36,970

the hair for ms Mathis and your GI tract

543

00:27:43,649 --> 00:27:40,330

and it just clogs anyway there's been

544

00:27:45,089 --> 00:27:43,659

fewer than 40 cases of this reported but

545

00:27:48,869 --> 00:27:45,099

can you imagine that a five foot long

546

00:27:52,979 --> 00:27:48,879

hair ball other people will you know

547

00:27:56,969 --> 00:27:52,989

they'll eat kind of heard of them eating

548

00:28:01,200 --> 00:27:56,979

things like windshield wipers or they

549

00:28:04,680 --> 00:28:01,210

they might like cloth or pencils I mean

550

00:28:07,469 --> 00:28:04,690

it's it's surprising that that their

551

00:28:09,899 --> 00:28:07,479

body does it at all i'm surprised that

552

00:28:11,999 --> 00:28:09,909

we don't hear of more deaths but our

553

00:28:14,129 --> 00:28:12,009

bodies are pretty pretty amazing

554

00:28:16,619 --> 00:28:14,139

mechanism and in cases like this it just

555

00:28:19,889 --> 00:28:16,629

deals with it sometimes our body will

556

00:28:23,639 --> 00:28:19,899

simply coat something try to stick it

557

00:28:25,499 --> 00:28:23,649

off to one side but I I just can't

558

00:28:27,210 --> 00:28:25,509

imagine what a five-foot-long hairball

559

00:28:30,359 --> 00:28:27,220

look like I'm guessing that it didn't

560

00:28:33,680 --> 00:28:30,369

look real good anyway that's called pyka

561

00:28:39,239 --> 00:28:33,690

you've probably heard of that in a way

562

00:28:42,749 --> 00:28:39,249

I'm pregnant women develop it's not

563

00:28:45,799 --> 00:28:42,759

really pyka what happens is that as the

564

00:28:51,539 --> 00:28:45,809

growing fetus needs and a nutrition

565

00:28:54,719 --> 00:28:51,549

something along those lines the mom's

566

00:28:56,820 --> 00:28:54,729

brain will look up a food that has it so

567

00:28:58,349 --> 00:28:56,830

I'm going to make this up I do this in

568

00:29:00,239 --> 00:28:58,359

class all the time let's say mom needs

569

00:29:04,259 --> 00:29:00,249

you know vitamin D and her brain those

570

00:29:06,050 --> 00:29:04,269

grapes has vitamin D so mom develops a

571

00:29:09,060 --> 00:29:06,060

craving for grapes

572

00:29:10,350 --> 00:29:09,070

okay and the random stuff we're going to

573

00:29:12,300 --> 00:29:10,360

take a break and then when we come back

574

00:29:15,630 --> 00:29:12,310

from our break we're going to have

575

00:29:17,970 --> 00:29:15,640

Anthony Cummings with us I apologize for

576
00:29:20,400 --> 00:29:17,980
mispronouncing words allergies are bad

577
00:29:22,170 --> 00:29:20,410
sitting and nose is clogged up anyway

578
00:29:24,810 --> 00:29:22,180
get yourself some tea drink go to

579
00:29:27,570 --> 00:29:24,820
bathroom take a stretch and I'll be back

580
00:29:29,940 --> 00:29:27,580
in just a few moments and we're back

581
00:29:31,590 --> 00:29:29,950
folks hope you got a nice snack or

582
00:29:34,020 --> 00:29:31,600
something the drinker went to the

583
00:29:37,380 --> 00:29:34,030
bathroom or whatever it is you're doing

584
00:29:39,000 --> 00:29:37,390
on this nice sunday evening and oh gosh

585
00:29:41,730 --> 00:29:39,010
you know we didn't even talk about the

586
00:29:44,250 --> 00:29:41,740
fourth of July I love fireworks the

587
00:29:48,180 --> 00:29:44,260
weather wasn't great for it anyway we

588
00:29:51,720 --> 00:29:48,190

have with us from Italy where it is 130

589

00:29:53,910 --> 00:29:51,730

in the morning eastern time Anthony

590

00:29:59,300 --> 00:29:53,920

Cummins and Anthony is our guest tonight

591

00:30:03,180 --> 00:29:59,310

Anthony is a a captain a retired pilot

592

00:30:04,530 --> 00:30:03,190

ypres pirate he refers simply to be

593

00:30:07,020 --> 00:30:04,540

called Anthony so that's what I'm going

594

00:30:09,870 --> 00:30:07,030

to do and Anthony said he wanted to open

595

00:30:14,190 --> 00:30:09,880

with a question of his own so go ahead

596

00:30:16,800 --> 00:30:14,200

Anthony a good evening Erica good

597

00:30:21,300 --> 00:30:16,810

evening to your listeners on inception

598

00:30:24,480 --> 00:30:21,310

radio network this is a kind of a first

599

00:30:29,880 --> 00:30:24,490

for me because I'm going to tell you

600

00:30:36,140 --> 00:30:29,890

that i have a problem that falls right

601
00:30:41,850 --> 00:30:36,150
and within the bounds of your work Eric

602
00:30:47,760 --> 00:30:41,860
psychometry yes and it's like this all

603
00:30:52,550 --> 00:30:47,770
my life during my my days of work I'm

604
00:30:57,960 --> 00:30:52,560
now retired very recently I had to hide

605
00:31:01,910 --> 00:30:57,970
Who I am what I do you're at the Hydra

606
00:31:05,270 --> 00:31:01,920
profession of course and it got worse

607
00:31:08,340 --> 00:31:05,280
you know I would visit my parents and

608
00:31:11,250 --> 00:31:08,350
we'd end up at the golf club and there's

609
00:31:14,760 --> 00:31:11,260
the local mayor or the doctor or the

610
00:31:16,580 --> 00:31:14,770
lawyer or the judge and they say ah your

611
00:31:21,740 --> 00:31:16,590
father tells me you're you're

612
00:31:25,180 --> 00:31:21,750
captain and I have to then pretend to be

613
00:31:31,220 --> 00:31:25,190

something that I'm not you're a captain

614

00:31:37,149 --> 00:31:31,230

yes so all my life I've had to pretend

615

00:31:43,730 --> 00:31:37,159

to be something that I'm not finally

616

00:31:45,890 --> 00:31:43,740

recently I retired so I decided okay for

617

00:31:49,130 --> 00:31:45,900

the first time in my life I'm going to

618

00:31:53,440 --> 00:31:49,140

open up I'm going to tell the world I am

619

00:31:58,430 --> 00:31:53,450

a pirate that rather be a big decision

620

00:32:04,700 --> 00:31:58,440

it was kind of wonderful Eric it was

621

00:32:12,080 --> 00:32:04,710

lovely it was uh Wow very well what was

622

00:32:15,409 --> 00:32:12,090

it did you feel free ya feel proud proud

623

00:32:21,529 --> 00:32:15,419

to room yes very proud you were very

624

00:32:25,970 --> 00:32:21,539

proud and what happened was that nobody

625

00:32:28,760 --> 00:32:25,980

believed me Eric so you came out of the

626

00:32:30,740 --> 00:32:28,770

closet so to speak and told people I am

627

00:32:33,830 --> 00:32:30,750

a retired pirate just like in the movies

628

00:32:36,110 --> 00:32:33,840

and they chuckled and said oh you're

629

00:32:39,130 --> 00:32:36,120

just putting me on yeah you smoke too

630

00:32:45,130 --> 00:32:39,140

much yeah you know it's your fantasy or

631

00:32:51,019 --> 00:32:45,140

anyway and I laughed and kept on saying

632

00:32:53,360 --> 00:32:51,029

Who I am and I ended up putting the

633

00:32:57,190 --> 00:32:53,370

website you you saw the my website i

634

00:33:01,519 --> 00:32:57,200

think i have it up right now yeah it's a

635

00:33:04,639 --> 00:33:01,529

captain tones t om z dot com captain

636

00:33:09,139 --> 00:33:04,649

towns com what does the T 0 and z stand

637

00:33:15,200 --> 00:33:09,149

for haha you know what I have to say so

638

00:33:17,960 --> 00:33:15,210

prospective here I'll come to that I it

639

00:33:21,830 --> 00:33:17,970

depends where you work in the world you

640

00:33:25,110 --> 00:33:21,840

you take on you take on a name Oh what

641

00:33:27,990 --> 00:33:25,120

like a nickname okay yeah Seneca

642

00:33:33,900 --> 00:33:28,000

and you know when I was in the Red Sea I

643

00:33:36,540 --> 00:33:33,910

was I was kept in Arab own with general

644

00:33:40,830 --> 00:33:36,550

Marcus other yeah which in effect is

645

00:33:44,510 --> 00:33:40,840

Arab 12 the two words Aaron one put

646

00:33:51,360 --> 00:33:44,520

together how're those are sooo not know

647

00:33:57,410 --> 00:33:51,370

when I was in the South China Sea they

648

00:34:00,360 --> 00:33:57,420

would call me and captain Tony gummies

649

00:34:04,520 --> 00:34:00,370

they couldn't say Cummings which is my

650

00:34:09,720 --> 00:34:04,530

name they ended up saying gummies

651
00:34:11,580 --> 00:34:09,730
commerce it's yeah so do i I couldn't

652
00:34:14,669 --> 00:34:11,590
correct them because of they were

653
00:34:20,010 --> 00:34:14,679
Filipino in the Indonesian and whatever

654
00:34:25,440 --> 00:34:20,020
and so it got changed to Tony gummies

655
00:34:30,149 --> 00:34:25,450
became tons oh I see and that was I've

656
00:34:32,220 --> 00:34:30,159
been kept atones for about nearly 30

657
00:34:35,700 --> 00:34:32,230
years and then how do you pronounce the

658
00:34:41,580 --> 00:34:35,710
word is it pirate pirate pirate or pyria

659
00:34:45,119 --> 00:34:41,590
I'm a PRN Piron okay doesn't that mean

660
00:34:49,050 --> 00:34:45,129
pirate also appear and is the Greek word

661
00:34:51,869 --> 00:34:49,060
for the word pirate okay it's the

662
00:34:56,240 --> 00:34:51,879
original meaning of the word pirate okay

663
00:34:59,550 --> 00:34:56,250

it was termed by the great sage soul on

664

00:35:04,260 --> 00:34:59,560

five hundred and fifty years before

665

00:35:07,580 --> 00:35:04,270

Jesus Christ and he formed the word and

666

00:35:11,730 --> 00:35:07,590

he formed an association of the Piron

667

00:35:15,480 --> 00:35:11,740

uh-huh and then he sailed with them for

668

00:35:19,860 --> 00:35:15,490

10 years that he start piracy for the

669

00:35:22,620 --> 00:35:19,870

kind of investor or so yes okay we're

670

00:35:26,610 --> 00:35:22,630

talking about a great sage who had a

671

00:35:31,470 --> 00:35:26,620

reason for this and what what he taught

672

00:35:34,680 --> 00:35:31,480

these Aaron who later the word became

673

00:35:38,020 --> 00:35:34,690

romanized and then bastardized into

674

00:35:43,960 --> 00:35:38,030

pirata and finally into today's English

675

00:35:47,800 --> 00:35:43,970

pirate all right yes the the word Piron

676

00:35:51,910 --> 00:35:47,810

its history starts Piron that around

677

00:35:54,700 --> 00:35:51,920

pirate 2,500 years ago and now it's

678

00:36:00,040 --> 00:35:54,710

pirate farm exciting a pirate pirate

679

00:36:06,120 --> 00:36:00,050

yeah but I really that is my problem my

680

00:36:11,040 --> 00:36:06,130

problem is that regardless of my website

681

00:36:15,900 --> 00:36:11,050

I'm been in contact with Hollywood and

682

00:36:19,390 --> 00:36:15,910

people who are making films of pirates

683

00:36:22,360 --> 00:36:19,400

to be consultant with them we are in

684

00:36:27,210 --> 00:36:22,370

contact but they don't go any further

685

00:36:30,130 --> 00:36:27,220

because they don't believe I'm a virus

686

00:36:32,590 --> 00:36:30,140

is the problem is how do you provide

687

00:36:35,680 --> 00:36:32,600

evidence that you were a pirate that has

688

00:36:39,100 --> 00:36:35,690

to be difficult well ask me a question

689

00:36:40,360 --> 00:36:39,110

you know if people ask me a question

690

00:36:43,870 --> 00:36:40,370

then they're going to get the evidence

691

00:36:46,540 --> 00:36:43,880

you know we don't go around with with an

692

00:36:50,530 --> 00:36:46,550

iPad and take photographs and surface of

693

00:36:52,750 --> 00:36:50,540

ourselves while we're working so there

694

00:36:55,890 --> 00:36:52,760

are no records of what we do but there

695

00:36:59,220 --> 00:36:55,900

are I mean everything on my website is

696

00:37:01,510 --> 00:36:59,230

true and can be checked out by anybody

697

00:37:04,410 --> 00:37:01,520

anybody could check it out if they have

698

00:37:08,170 --> 00:37:04,420

the will to check me out but until now

699

00:37:13,080 --> 00:37:08,180

they don't and okay how many years were

700

00:37:17,260 --> 00:37:13,090

you a pirate I became a I went to see I

701
00:37:21,280 --> 00:37:17,270
ran away from home at 14 yards ask I

702
00:37:27,730 --> 00:37:21,290
went to see at 15 and things happened

703
00:37:30,010 --> 00:37:27,740
that caused me to end up in Sweden 15 I

704
00:37:31,990 --> 00:37:30,020
went on the ship way around the world

705
00:37:35,020 --> 00:37:32,000
Australia New Zealand all kinds of

706
00:37:38,620 --> 00:37:35,030
things bad things happen I ended up in

707
00:37:43,290 --> 00:37:38,630
Sweden and I became a pirate more or

708
00:37:48,280 --> 00:37:43,300
less I was 18 and a half nearly 19 okay

709
00:37:51,010 --> 00:37:48,290
so all my life on the sea I have

710
00:37:55,510 --> 00:37:51,020
virtually been pirate

711
00:37:58,600 --> 00:37:55,520
so so you were absent a lot oh yes and

712
00:38:01,060 --> 00:37:58,610
your family you how would you explain

713
00:38:05,740 --> 00:38:01,070

your absences just you or pot you you

714

00:38:07,780 --> 00:38:05,750

were ship's captain well you know

715

00:38:10,840 --> 00:38:07,790

without going into details personal

716

00:38:12,850 --> 00:38:10,850

details of I've been married three times

717

00:38:14,530 --> 00:38:12,860

and I got children and all kinds of

718

00:38:19,330 --> 00:38:14,540

stuff going on in England it's every

719

00:38:21,430 --> 00:38:19,340

everywhere so yes I'm away and back and

720

00:38:25,060 --> 00:38:21,440

I'm away and I'm back and then sometimes

721

00:38:29,380 --> 00:38:25,070

of course people really you know people

722

00:38:32,380 --> 00:38:29,390

are unfortunately the imagination of

723

00:38:36,340 --> 00:38:32,390

pirates is Treasure Island and jolly

724

00:38:39,360 --> 00:38:36,350

deck and quite honestly that all they

725

00:38:42,100 --> 00:38:39,370

can see when you say the word pirate and

726

00:38:46,720 --> 00:38:42,110

this is the problem the problem is to

727

00:38:51,640 --> 00:38:46,730

break through this false vision of what

728

00:38:56,580 --> 00:38:51,650

is pirate to to understand that pirates

729

00:39:01,870 --> 00:38:56,590

have changed the world and they have an

730

00:39:05,680 --> 00:39:01,880

immense amount of information I think

731

00:39:07,990 --> 00:39:05,690

that I think that modern-day people when

732

00:39:10,690 --> 00:39:08,000

they think of pirates their mind will

733

00:39:15,790 --> 00:39:10,700

immediately go to the Somalia version of

734

00:39:20,140 --> 00:39:15,800

piracy which is kind of ugly but clearly

735

00:39:21,480 --> 00:39:20,150

it's it's you know the fabric of what of

736

00:39:24,640 --> 00:39:21,490

the work you did was a little more

737

00:39:27,040 --> 00:39:24,650

complex and textured than that well I've

738

00:39:28,900 --> 00:39:27,050

worked I've worked with I've worked with

739

00:39:31,120 --> 00:39:28,910

all kinds of pirates and including

740

00:39:33,100 --> 00:39:31,130

Somalian pirates and I've been to

741

00:39:36,880 --> 00:39:33,110

Somalia and I've worked in Somalia and

742

00:39:40,900 --> 00:39:36,890

I've done business there and let me tell

743

00:39:44,770 --> 00:39:40,910

you that with the greatest respect to

744

00:39:48,220 --> 00:39:44,780

Tom Hanks and his film captain phillips

745

00:39:53,650 --> 00:39:48,230

and I love Tom Hanks but the store

746

00:39:57,490 --> 00:39:53,660

hearts the story is something else I've

747

00:40:01,810 --> 00:39:57,500

put a youtube video on youtube on my

748

00:40:03,810 --> 00:40:01,820

channel which explains Somali piracy and

749

00:40:07,590 --> 00:40:03,820

the reasons for it

750

00:40:11,510 --> 00:40:07,600

Somali pirates however do not belong to

751

00:40:16,220 --> 00:40:11,520

any world brethren or Brotherhood of

752

00:40:20,820 --> 00:40:16,230

pirates there they are a separate entity

753

00:40:24,900 --> 00:40:20,830

born of their reasoning which we have

754

00:40:28,830 --> 00:40:24,910

empathy and sympathy bit but of which we

755

00:40:31,550 --> 00:40:28,840

are not connected my deals with Somali

756

00:40:38,640 --> 00:40:31,560

pirates pirates whistles basically

757

00:40:43,800 --> 00:40:38,650

contraband right oh I see contrib okay

758

00:40:45,210 --> 00:40:43,810

so I mean it's one thing to steal a card

759

00:40:54,200 --> 00:40:45,220

and it's another thing to steal

760

00:41:04,290 --> 00:40:54,210

marijuana or guns well I contraband

761

00:41:08,130 --> 00:41:04,300

camps I took several hundred in fact

762

00:41:13,980 --> 00:41:08,140

almost a thousand comes I'll camp haha

763

00:41:18,420 --> 00:41:13,990

yes camels camels yeah like the

764

00:41:20,730 --> 00:41:18,430

four-legged things yeah alive oh my gosh

765

00:41:23,610 --> 00:41:20,740

dangerous cargo and incredibly dangerous

766

00:41:25,800 --> 00:41:23,620

cargo Eric you have to be awake all

767

00:41:28,320 --> 00:41:25,810

night but that's that's in my website

768

00:41:31,620 --> 00:41:28,330

and the camel you know it's it's it's

769

00:41:35,610 --> 00:41:31,630

just normal work well I'm here for is

770

00:41:38,820 --> 00:41:35,620

not really normal work it's even ask me

771

00:41:42,150 --> 00:41:38,830

as many questions about as you like I I

772

00:41:45,450 --> 00:41:42,160

just want the people or somebody out

773

00:41:47,730 --> 00:41:45,460

there to believe well I think I think

774

00:41:50,430 --> 00:41:47,740

that you know like everybody else I'm

775

00:41:52,050 --> 00:41:50,440

wondering well how does this guy prove

776

00:41:55,290 --> 00:41:52,060

it and you know Anthony had never

777

00:41:57,270 --> 00:41:55,300

occurred to me not to believe you you

778

00:42:00,030 --> 00:41:57,280

know I exchanged some emails I looked at

779

00:42:02,430 --> 00:42:00,040

your website pirates exists I don't I

780

00:42:04,260 --> 00:42:02,440

guess I'm wondering what the difficulty

781

00:42:06,750 --> 00:42:04,270

is people haven't believing is it

782

00:42:09,360 --> 00:42:06,760

because you covered up so well well

783

00:42:13,460 --> 00:42:09,370

possibly I don't know but the thing is

784

00:42:17,540 --> 00:42:13,470

that if I have information and I do have

785

00:42:26,760 --> 00:42:22,170

great great importance to humanity to

786

00:42:29,250 --> 00:42:26,770

knowledge then this information if it

787

00:42:32,040 --> 00:42:29,260

comes from somebody who is unbelievable

788

00:42:37,500 --> 00:42:32,050

they are not gonna believe the message

789

00:42:42,540 --> 00:42:37,510

are they maybe not right so let me give

790

00:42:54,089 --> 00:42:42,550

you message one go right ahead thank you

791

00:42:58,380 --> 00:42:54,099

allora this planet is made of magma it's

792

00:43:05,540 --> 00:42:58,390

a molten ball of magma upon which there

793

00:43:16,770 --> 00:43:10,440

this shell however is cracked in many

794

00:43:19,790 --> 00:43:16,780

places and relic like fissures on the

795

00:43:30,510 --> 00:43:19,800

bottom of the sea exactly Eric exactly

796

00:43:36,089 --> 00:43:30,520

now tides pull the season oceans towards

797

00:43:42,420 --> 00:43:36,099

the Sun and the moon yes so as the Earth

798

00:43:46,020 --> 00:43:42,430

turns we experienced a high and a low

799

00:43:50,069 --> 00:43:46,030

tide as our part where we are standing

800

00:43:53,520 --> 00:43:50,079

on the planet enters and exits this high

801
00:43:56,760 --> 00:43:53,530
tide mark which is being pulled by the

802
00:44:02,069 --> 00:43:56,770
Sun and the moon are we clear on this

803
00:44:05,790 --> 00:44:02,079
Eric yes so far okay what people don't

804
00:44:09,300 --> 00:44:05,800
stand because they can't see it is that

805
00:44:12,569 --> 00:44:09,310
beneath our feet is in an ocean a

806
00:44:14,970 --> 00:44:12,579
zillion times bigger than the sea which

807
00:44:19,200 --> 00:44:14,980
they can see coming in and rising and

808
00:44:21,450 --> 00:44:19,210
going down and they can understand the

809
00:44:24,000 --> 00:44:21,460
sea is being pulled by the Sun and the

810
00:44:27,050 --> 00:44:24,010
moon which makes it do this but they

811
00:44:31,230 --> 00:44:27,060
don't understand that beneath their feet

812
00:44:35,250 --> 00:44:31,240
the liquid magma is doing the exact

813
00:44:38,030 --> 00:44:35,260

same thing I'd never occurred to me well

814

00:44:40,650 --> 00:44:38,040

that bit is she to put this on the table

815

00:44:45,060 --> 00:44:40,660

but it doesn't liquid so sure I guess

816

00:44:47,100 --> 00:44:45,070

that makes sense now this happens for

817

00:44:48,930 --> 00:44:47,110

thousands and thousands of years we get

818

00:44:51,120 --> 00:44:48,940

an earthquake here and an earthquake

819

00:44:53,670 --> 00:44:51,130

there volcano eruption here it's all

820

00:44:58,520 --> 00:44:53,680

kind of in the normality of the

821

00:45:04,620 --> 00:44:58,530

situation of the planet however lately

822

00:45:09,090 --> 00:45:04,630

we've noticed a an incredibly large

823

00:45:12,660 --> 00:45:09,100

increase in volcanic and earthquake

824

00:45:15,690 --> 00:45:12,670

activity on the can't I seemed to hear a

825

00:45:19,080 --> 00:45:15,700

lot about earthquakes lately this is

826

00:45:22,790 --> 00:45:19,090

increasing and the part that is

827

00:45:26,160 --> 00:45:22,800

interesting is that earthquakes are

828

00:45:30,390 --> 00:45:26,170

occurring where normally they don't

829

00:45:34,140 --> 00:45:30,400

occur which some people are tribute to

830

00:45:36,210 --> 00:45:34,150

things like Oh what is that thing they

831

00:45:39,990 --> 00:45:36,220

do to get oil out of the ground cracking

832

00:45:42,840 --> 00:45:40,000

yes but the earthquakes we're talking

833

00:45:46,620 --> 00:45:42,850

about are real ones which are caused by

834

00:45:49,380 --> 00:45:46,630

the pressure of the magma okay Russia

835

00:45:52,800 --> 00:45:49,390

which is pushing from underneath up

836

00:45:56,160 --> 00:45:52,810

against the shell during the high tide

837

00:46:00,050 --> 00:45:56,170

so these are the quakes occur one hour

838

00:46:03,810 --> 00:46:00,060

before or one hour after a high tide

839

00:46:06,060 --> 00:46:03,820

nearest to that point on the planet no l

840

00:46:08,400 --> 00:46:06,070

had not heard of that before well this

841

00:46:11,310 --> 00:46:08,410

is the new information on putting on the

842

00:46:14,670 --> 00:46:11,320

table for people for the people to

843

00:46:19,700 --> 00:46:14,680

understand what is happening and this

844

00:46:24,810 --> 00:46:19,710

equation now reason there are more

845

00:46:28,830 --> 00:46:24,820

volcanic eruptions and earthquakes late

846

00:46:34,130 --> 00:46:28,840

is simply because the magma that is

847

00:46:39,800 --> 00:46:34,140

underneath our feet is being pulled

848

00:46:44,310 --> 00:46:39,810

slightly differently because something

849

00:46:47,580 --> 00:46:44,320

has possibly entered into

850

00:46:50,670 --> 00:46:47,590

the solar system okay that sounds

851
00:46:58,920 --> 00:46:50,680
intriguing no that's my message number

852
00:47:03,600 --> 00:46:58,930
10 the drill that you learned us as a

853
00:47:06,330 --> 00:47:03,610
result of a captain of an IRA yes you do

854
00:47:10,740 --> 00:47:06,340
you understand to see you speak to the

855
00:47:13,080 --> 00:47:10,750
sea you become one with the sea and you

856
00:47:16,680 --> 00:47:13,090
understand the animals in the sea you

857
00:47:18,270 --> 00:47:16,690
speak to them you understand the color

858
00:47:23,940 --> 00:47:18,280
of the sea you know what's happening

859
00:47:27,390 --> 00:47:23,950
because the magma speaks to the seabed

860
00:47:29,250 --> 00:47:27,400
who speaks to the sea so by tuning into

861
00:47:33,660 --> 00:47:29,260
the sea you can understand what's

862
00:47:36,180 --> 00:47:33,670
happening in the make every not know is

863
00:47:40,220 --> 00:47:36,190

this part of the information that you

864

00:47:43,400 --> 00:47:40,230

want to get to Hollywood oh no

865

00:47:46,530 --> 00:47:43,410

information for Hollywood us is a

866

00:47:48,720 --> 00:47:46,540

ridiculous Hollywood information oh okay

867

00:47:51,990 --> 00:47:48,730

for making movies about pirates how to

868

00:47:54,780 --> 00:47:52,000

blow Amish ganache stuff like that in

869

00:47:57,510 --> 00:47:54,790

Hollywood stuff I just mentioned

870

00:48:00,780 --> 00:47:57,520

Hollywood because should they have

871

00:48:03,240 --> 00:48:00,790

employed me Eric the film would have

872

00:48:07,050 --> 00:48:03,250

been not much better and that much more

873

00:48:09,020 --> 00:48:07,060

realistic so you like you couldn't make

874

00:48:12,540 --> 00:48:09,030

you could make things more authentic

875

00:48:15,150 --> 00:48:12,550

with what you know well of course have

876

00:48:17,550 --> 00:48:15,160

you ever seen pigs and chickens on these

877

00:48:22,830 --> 00:48:17,560

pirate ships they show you on the films

878

00:48:27,380 --> 00:48:22,840

no no no but I never heard of animals on

879

00:48:30,090 --> 00:48:27,390

the pirate ships especially camels well

880

00:48:31,740 --> 00:48:30,100

well you know when you get time you read

881

00:48:34,650 --> 00:48:31,750

the camel story because it's quite funny

882

00:48:39,780 --> 00:48:34,660

it's quite true and it's easily checked

883

00:48:43,620 --> 00:48:39,790

out I used to to run camels from Berber

884

00:48:46,530 --> 00:48:43,630

I in Somalia and you know every now then

885

00:48:51,660 --> 00:48:46,540

they have a war between between Samaria

886

00:48:54,750 --> 00:48:51,670

and Ethiopia they the border is always

887

00:48:55,500 --> 00:48:54,760

moving backwards and forwards depending

888

00:48:58,140 --> 00:48:55,510

on

889

00:49:00,480 --> 00:48:58,150

many guns they have this this week you

890

00:49:04,620 --> 00:49:00,490

know what I mean Eric right so camels

891

00:49:07,950 --> 00:49:04,630

were for transport well no because if

892

00:49:10,650 --> 00:49:07,960

the Somali is attack the Ethiopians run

893

00:49:14,970 --> 00:49:10,660

away and they leave their camels so the

894

00:49:17,070 --> 00:49:14,980

Sumerians color and they don't know what

895

00:49:20,280 --> 00:49:17,080

to do with the camels so they sell the

896

00:49:23,700 --> 00:49:20,290

camels to us and then we take the camels

897

00:49:26,550 --> 00:49:23,710

to place like Saudi Arabia where we get

898

00:49:28,970 --> 00:49:26,560

a lot of money for the camels but I'm

899

00:49:32,160 --> 00:49:28,980

curious as american dollars what does a

900

00:49:33,990 --> 00:49:32,170

camera for those days it's a long time

901
00:49:35,910 --> 00:49:34,000
ago but in those days it was two

902
00:49:40,800 --> 00:49:35,920
thousand two hundred dollars a camera

903
00:49:45,000 --> 00:49:40,810
for 11 camel yeah and you you would have

904
00:49:49,320 --> 00:49:45,010
a thousand no I I didn't take a thousand

905
00:49:52,440 --> 00:49:49,330
oh okay I took 300 something I don't

906
00:49:56,520 --> 00:49:52,450
really remember the number on the first

907
00:50:03,180 --> 00:49:56,530
trip on the second trip on second trip I

908
00:50:05,640 --> 00:50:03,190
I wanted to break the record so the

909
00:50:12,270 --> 00:50:05,650
record was an American guy had the

910
00:50:15,630 --> 00:50:12,280
record it a 380 390 Ken how long was the

911
00:50:19,050 --> 00:50:15,640
voyage three days so you needed three

912
00:50:21,090 --> 00:50:19,060
days worth a camel food well no we also

913
00:50:23,880 --> 00:50:21,100

had buffaloes on board with loads of

914

00:50:28,200 --> 00:50:23,890

buffaloes and sheep it was like Noah's

915

00:50:30,930 --> 00:50:28,210

Ark actually and very dangerous Eric but

916

00:50:33,450 --> 00:50:30,940

yeah we used to take the the camels and

917

00:50:35,810 --> 00:50:33,460

sell them to let that's another story

918

00:50:39,120 --> 00:50:35,820

yeah I you know that's a good one oh

919

00:50:41,610 --> 00:50:39,130

well okay but anyway it's is he it's on

920

00:50:45,240 --> 00:50:41,620

my website hey you know can still come

921

00:50:46,980 --> 00:50:45,250

give it a plug yes absolutely actually

922

00:50:51,840 --> 00:50:46,990

it's very easy it's to work captain and

923

00:50:56,460 --> 00:50:51,850

it's t 0 and z tango Oscar November said

924

00:50:58,680 --> 00:50:56,470

yeah right go right ahead Anthony so um

925

00:51:00,150 --> 00:50:58,690

yeah no I've forgotten what ter where

926
00:51:01,890 --> 00:51:00,160
were we were worried I've given you my

927
00:51:04,350 --> 00:51:01,900
message that's really cool about the

928
00:51:06,510 --> 00:51:04,360
magma I want people to understand that

929
00:51:09,240 --> 00:51:06,520
but you know when they see it come

930
00:51:13,350 --> 00:51:09,250
alta pible que no Eric they all go wow

931
00:51:15,990 --> 00:51:13,360
look at that but when they can't see it

932
00:51:19,200 --> 00:51:16,000
they're walking down where where where

933
00:51:22,350 --> 00:51:19,210
are you now Maryland I'm in Maryland yes

934
00:51:25,200 --> 00:51:22,360
I'm are from God Gary Maryland the

935
00:51:28,410 --> 00:51:25,210
people in Marin and they don't know the

936
00:51:31,410 --> 00:51:28,420
under their feet under the water under

937
00:51:34,710 --> 00:51:31,420
the or under whatever eventually under

938
00:51:38,100 --> 00:51:34,720

their feet is this memo which is a

939

00:51:40,470 --> 00:51:38,110

liquid which is moving which is speaking

940

00:51:42,390 --> 00:51:40,480

which is doing things i think when your

941

00:51:44,280 --> 00:51:42,400

love and maryland this doesn't come to

942

00:51:47,220 --> 00:51:44,290

mind exactly i know that's the problem

943

00:51:50,760 --> 00:51:47,230

and that's why I'm trying to bring to

944

00:51:53,400 --> 00:51:50,770

light the what is happening in the magma

945

00:51:56,310 --> 00:51:53,410

why the magma is creating these

946

00:51:59,700 --> 00:51:56,320

earthquakes and these volcanoes right

947

00:52:04,170 --> 00:51:59,710

now that is because the magma is

948

00:52:07,260 --> 00:52:04,180

pointing out to something that is either

949

00:52:10,350 --> 00:52:07,270

approaching or part not very very far

950

00:52:14,040 --> 00:52:10,360

away from us well you do sign your

951
00:52:19,410 --> 00:52:14,050
website you make some references to UFOs

952
00:52:22,530 --> 00:52:19,420
for example you know that is that

953
00:52:26,610 --> 00:52:22,540
connected to this it's all everything

954
00:52:28,920 --> 00:52:26,620
Arik Air that that pirates do they are

955
00:52:30,930 --> 00:52:28,930
taught from the start you know we're not

956
00:52:36,180 --> 00:52:30,940
that many there's only a few hundred of

957
00:52:39,570 --> 00:52:36,190
his left okay but I'm talking about peer

958
00:52:41,220 --> 00:52:39,580
and not just generals pirates a lot of

959
00:52:42,690 --> 00:52:41,230
people are called pirates but they're

960
00:52:44,670 --> 00:52:42,700
not appear I'm there they're just

961
00:52:49,500 --> 00:52:44,680
pirates you know like Somali pirates

962
00:52:53,670 --> 00:52:49,510
right Oh what you talk is is is to look

963
00:52:57,720 --> 00:52:53,680

at the entire situation differently the

964

00:53:02,060 --> 00:52:57,730

reason we always seem to be to win on it

965

00:53:05,430 --> 00:53:02,070

why our job see always seems so easy is

966

00:53:08,970 --> 00:53:05,440

because we do your job where we we are

967

00:53:11,790 --> 00:53:08,980

very into psychology you have to know

968

00:53:14,820 --> 00:53:11,800

your opponent before you take him on I

969

00:53:17,970 --> 00:53:14,830

wish yes I would think so huh you have

970

00:53:18,560 --> 00:53:17,980

to step into his shoes think like he

971

00:53:21,950 --> 00:53:18,570

thinks

972

00:53:25,550 --> 00:53:21,960

still like he would do and once you've

973

00:53:29,180 --> 00:53:25,560

done that you you're gonna win aren't

974

00:53:32,450 --> 00:53:29,190

you so you become a pirate through kind

975

00:53:37,130 --> 00:53:32,460

of like an apprenticeship you learn by

976

00:53:39,830 --> 00:53:37,140

doing yeah I was very very lucky you you

977

00:53:42,790 --> 00:53:39,840

don't apply to be a pirate you your

978

00:53:45,710 --> 00:53:42,800

chosen you're right he's no license no

979

00:53:47,750 --> 00:53:45,720

somebody chooses you and your move from

980

00:53:50,900 --> 00:53:47,760

one place to another and eventually you

981

00:53:54,050 --> 00:53:50,910

understand what's happening because you

982

00:53:56,750 --> 00:53:54,060

are chosen and I was lucky enough to be

983

00:54:02,710 --> 00:53:56,760

chosen but simple as that I was chosen

984

00:54:08,210 --> 00:54:02,720

when I was 18 19 and I went on under an

985

00:54:13,790 --> 00:54:08,220

incredible teacher I was in gotland in

986

00:54:18,230 --> 00:54:13,800

the Baltic okay and naturally my

987

00:54:22,420 --> 00:54:18,240

teachings were quite gothic and Templar

988

00:54:26,780 --> 00:54:22,430

in nature oh that's very interesting and

989

00:54:29,810 --> 00:54:26,790

just garlic and Templar interesting well

990

00:54:33,890 --> 00:54:29,820

you know everything is connected to Eric

991

00:54:37,580 --> 00:54:33,900

and I was lucky enough to be chosen by a

992

00:54:45,170 --> 00:54:37,590

pirate captain who I had certain skills

993

00:54:46,910 --> 00:54:45,180

that he required and I was happen to be

994

00:54:50,600 --> 00:54:46,920

the right guy at the right time that

995

00:54:52,580 --> 00:54:50,610

simple as that that's how I pirate and

996

00:54:56,600 --> 00:54:52,590

you and you said you retired recently

997

00:55:00,500 --> 00:54:56,610

with that what was that voluntarily yeah

998

00:55:03,080 --> 00:55:00,510

yeah however you know depends sometimes

999

00:55:07,820 --> 00:55:03,090

they they call me and they asked me for

1000

00:55:09,650 --> 00:55:07,830

some logistic information that's all but

1001
00:55:14,870 --> 00:55:09,660
they don't ask you to go back out to sea

1002
00:55:18,050 --> 00:55:14,880
no that's where I've retired every tired

1003
00:55:21,170 --> 00:55:18,060
from going to see now what you as a

1004
00:55:22,880 --> 00:55:21,180
result of your of your years at sea and

1005
00:55:27,040 --> 00:55:22,890
as a pirate would you describe yourself

1006
00:55:29,230 --> 00:55:27,050
as as well-off wealthy or callable

1007
00:55:35,410 --> 00:55:29,240
absolutely not

1008
00:55:38,250 --> 00:55:35,420
really oh let's get back to to the the

1009
00:55:41,680 --> 00:55:38,260
big thing yeah it's funny because

1010
00:55:44,470 --> 00:55:41,690
building oh we sit on a pirate ship out

1011
00:55:46,960 --> 00:55:44,480
there on the sea waiting for victims and

1012
00:55:50,350 --> 00:55:46,970
drinking rum and raping and pillaging

1013
00:55:53,620 --> 00:55:50,360

that's what people think well you can

1014

00:55:58,530 --> 00:55:53,630

you can wait a year two years three

1015

00:56:01,150 --> 00:55:58,540

years between jobs oh so you can be

1016

00:56:05,320 --> 00:56:01,160

unemployed as a pirate you know you're

1017

00:56:07,840 --> 00:56:05,330

not working as a pirate for even three

1018

00:56:09,490 --> 00:56:07,850

years so in the meantime you have to do

1019

00:56:12,880 --> 00:56:09,500

something else so you take you money you

1020

00:56:15,820 --> 00:56:12,890

invest it in something um you are that's

1021

00:56:18,370 --> 00:56:15,830

so you take a break and speaking of

1022

00:56:20,109 --> 00:56:18,380

breaks we need to take one right now so

1023

00:56:23,800 --> 00:56:20,119

we're gonna be back in just a moment

1024

00:56:25,900 --> 00:56:23,810

with all its anthony and give you guys a

1025

00:56:28,000 --> 00:56:25,910

chance to get something to drink or eat

1026
00:56:31,120 --> 00:56:28,010
or whatever you want to do and see you

1027
00:56:34,720 --> 00:56:31,130
in just a moment and we're back with

1028
00:56:38,609 --> 00:56:34,730
captain Anthony Cummins who is a

1029
00:56:41,980 --> 00:56:38,619
recently retired pirate but but also a a

1030
00:56:43,930 --> 00:56:41,990
sea captain and I'm here with an awful

1031
00:56:45,760 --> 00:56:43,940
lot of interesting knowledge as a matter

1032
00:56:47,920 --> 00:56:45,770
of fact we were talking a little bit

1033
00:56:51,010 --> 00:56:47,930
about this during the break that there

1034
00:56:52,510 --> 00:56:51,020
is sort of a mental template of a pirate

1035
00:56:54,640 --> 00:56:52,520
you know sitting on a chest of gold

1036
00:56:59,380 --> 00:56:54,650
coins holding a bottle of rum in one

1037
00:57:01,120 --> 00:56:59,390
hand and an eye patch and singing but it

1038
00:57:03,700 --> 00:57:01,130

doesn't sound like the reality is quite

1039

00:57:07,359 --> 00:57:03,710

like that but something else that you

1040

00:57:09,250 --> 00:57:07,369

know Anthony has talked about it's on

1041

00:57:12,490 --> 00:57:09,260

his website I think it's in his book is

1042

00:57:15,780 --> 00:57:12,500

it is is that he had some experiences or

1043

00:57:19,540 --> 00:57:15,790

at least one I don't know with with UFOs

1044

00:57:25,560 --> 00:57:19,550

Alta see do you have any you have a UFO

1045

00:57:32,440 --> 00:57:25,570

story Anthony well you know Eric UFOs

1046

00:57:34,180 --> 00:57:32,450

are becoming daily occurrence I mean if

1047

00:57:35,830 --> 00:57:34,190

people take the trouble to look up into

1048

00:57:40,630 --> 00:57:35,840

the sky sooner or later they're going to

1049

00:57:42,460 --> 00:57:40,640

see one but I anything interesting i can

1050

00:57:42,970 --> 00:57:42,470

tell you i can tell you two things first

1051
00:57:47,560 --> 00:57:42,980
of all

1052
00:57:49,960 --> 00:57:47,570
quickly some UFOs you know when you at

1053
00:57:53,560 --> 00:57:49,970
sea or wherever you are even when you're

1054
00:57:58,240 --> 00:57:53,570
not at sea you tend to look at sky the

1055
00:58:01,930 --> 00:57:58,250
night sky I would think so um so you see

1056
00:58:03,790 --> 00:58:01,940
things that people don't see why don't

1057
00:58:05,220 --> 00:58:03,800
you would see the sky more often because

1058
00:58:11,020 --> 00:58:05,230
what else are you going to look up

1059
00:58:17,080 --> 00:58:11,030
exactly area so sometimes you see what

1060
00:58:21,780 --> 00:58:17,090
we call an invisible UFO it's black like

1061
00:58:25,440 --> 00:58:21,790
the sky only it moves very slowly and

1062
00:58:30,250 --> 00:58:25,450
it's invisible because you can't see it

1063
00:58:31,960 --> 00:58:30,260

inside the cloaked Oh everywhere these

1064

00:58:37,240 --> 00:58:31,970

are the big guys these are the big ones

1065

00:58:40,450 --> 00:58:37,250

and when I say big maybe bigger than an

1066

00:58:44,440 --> 00:58:40,460

airship like a zeppole bigger than a

1067

00:58:48,070 --> 00:58:44,450

zeppole okay but they're black or

1068

00:58:50,830 --> 00:58:48,080

cloaked so you can only see them as they

1069

00:58:53,859 --> 00:58:50,840

float across the sky they black out the

1070

00:58:57,099 --> 00:58:53,869

Stars and slowly slowly after its moved

1071

00:58:59,380 --> 00:58:57,109

about 10-15 degrees you can understand

1072

00:59:02,650 --> 00:58:59,390

its shape and then this direction and

1073

00:59:05,859 --> 00:59:02,660

everything else okay so people should

1074

00:59:08,230 --> 00:59:05,869

look also for the invisible the

1075

00:59:10,870 --> 00:59:08,240

invisible ones because they're big guys

1076

00:59:15,460 --> 00:59:10,880

in really if you believe me they're not

1077

00:59:18,910 --> 00:59:15,470

really difficult see you can see most of

1078

00:59:23,230 --> 00:59:18,920

the small mostly small stuff seems to be

1079

00:59:29,500 --> 00:59:23,240

drones and most of these drones seemed

1080

00:59:32,859 --> 00:59:29,510

to be traveling in a search pattern when

1081

00:59:37,000 --> 00:59:32,869

you watch the flight path of the drone

1082

00:59:40,960 --> 00:59:37,010

it is definitely in search pattern

1083

00:59:43,510 --> 00:59:40,970

mapping lights looking yourself so

1084

00:59:47,890 --> 00:59:43,520

they're there they're smaller they're

1085

00:59:50,500 --> 00:59:47,900

drones and they appear to be dad it's me

1086

00:59:52,390 --> 00:59:50,510

what looking for something yeah they're

1087

00:59:56,200 --> 00:59:52,400

the small ones for us and and and

1088

01:00:00,010 --> 00:59:56,210

they're possibly unmanned drones

1089

01:00:03,880 --> 01:00:00,020

the interesting story I can tell you is

1090

01:00:10,300 --> 01:00:03,890

that during the time of Solon so long

1091

01:00:13,780 --> 01:00:10,310

and but when we started as an

1092

01:00:19,950 --> 01:00:13,790

association viren have been searching

1093

01:00:26,020 --> 01:00:19,960

for something that they saw okay well

1094

01:00:32,170 --> 01:00:26,030

what they saw happened in the 16th

1095

01:00:36,730 --> 01:00:32,180

century when it happened again and it

1096

01:00:41,220 --> 01:00:36,740

was simply a flying ship describes a

1097

01:00:44,950 --> 01:00:41,230

flying ship that crashed into the sea

1098

01:00:51,880 --> 01:00:44,960

not that the jobs are of that no this is

1099

01:00:57,130 --> 01:00:51,890

in the 1680 some are so the first ship

1100

01:00:59,560 --> 01:00:57,140

on scene wasn't pirate ship and there

1101
01:01:04,270 --> 01:00:59,570
wasn't much flotsam left but what there

1102
01:01:06,190 --> 01:01:04,280
was they dragged out on board that

1103
01:01:11,710 --> 01:01:06,200
information went into the pirate

1104
01:01:13,930 --> 01:01:11,720
brethren became a legend in about you

1105
01:01:17,710 --> 01:01:13,940
think those little pieces parts still

1106
01:01:23,380 --> 01:01:17,720
exist um no they don't exist today okay

1107
01:01:25,510 --> 01:01:23,390
but they were described okay they would

1108
01:01:31,120 --> 01:01:25,520
what didn't have any cameras in those

1109
01:01:36,480 --> 01:01:31,130
days so there you know right so in the

1110
01:01:38,800 --> 01:01:36,490
eighteen 1846 1847 it happened again

1111
01:01:41,859 --> 01:01:38,810
this time it happened in the South China

1112
01:01:44,980 --> 01:01:41,869
Sea and the first ship to get there was

1113
01:01:46,660 --> 01:01:44,990

a pirate ship only this time the ships

1114

01:01:50,140 --> 01:01:46,670

were faster and they got there quicker

1115

01:01:53,470 --> 01:01:50,150

and there were more things that there

1116

01:02:00,370 --> 01:01:53,480

were why more things more flotsam

1117

01:02:02,290 --> 01:02:00,380

floating around so they dragged that

1118

01:02:07,599 --> 01:02:02,300

aboard and they looked at that and then

1119

01:02:11,950 --> 01:02:07,609

again that way into pie religion okay so

1120

01:02:29,630 --> 01:02:25,750

what they found floating was the drive

1121

01:02:33,140 --> 01:02:29,640

of the u.s. you be the propulsion system

1122

01:02:35,750 --> 01:02:33,150

they found the propulsion system yes now

1123

01:02:41,300 --> 01:02:35,760

that had to be amazing especially to

1124

01:02:44,090 --> 01:02:41,310

someone in the in the mid 1800s if you

1125

01:02:45,200 --> 01:02:44,100

are they didn't know that thing they

1126

01:02:47,150 --> 01:02:45,210

didn't know they didn't know what they

1127

01:02:51,110 --> 01:02:47,160

were looking at they did they they

1128

01:02:55,130 --> 01:02:51,120

described it and that went into pirate

1129

01:02:57,830 --> 01:02:55,140

legend and this news traveled within the

1130

01:03:01,400 --> 01:02:57,840

brother well you gotta wonder where the

1131

01:03:03,770 --> 01:03:01,410

pieces ended up well the piece is ended

1132

01:03:07,580 --> 01:03:03,780

up know where the piece is ended up

1133

01:03:12,890 --> 01:03:07,590

pieces ended up in the Philippines but

1134

01:03:16,850 --> 01:03:12,900

you think okay yeah and this was really

1135

01:03:22,930 --> 01:03:16,860

fascinating Anthony yeah but the thing

1136

01:03:26,570 --> 01:03:22,940

is it's like this you know if you if you

1137

01:03:30,590 --> 01:03:26,580

imagine you invented a time machine Eric

1138

01:03:35,120 --> 01:03:30,600

I don't go and you switched it on to see

1139

01:03:36,770 --> 01:03:35,130

if it works and it came on and you went

1140

01:03:39,770 --> 01:03:36,780

oh and you grabbed the first thing

1141

01:03:42,640 --> 01:03:39,780

that you had at hand and you put that in

1142

01:03:46,790 --> 01:03:42,650

the time machine and it's a ipad

1143

01:03:50,420 --> 01:03:46,800

instruction manual and you press the

1144

01:03:52,550 --> 01:03:50,430

button and it goes back thousands well

1145

01:03:54,500 --> 01:03:52,560

that would be something well when he

1146

01:03:55,730 --> 01:03:54,510

arrived 1000 years ago the people

1147

01:03:57,500 --> 01:03:55,740

they're going to jump and they're going

1148

01:03:59,060 --> 01:03:57,510

to say it's from heaven they're going to

1149

01:04:01,100 --> 01:03:59,070

put it in a box they're going to pray to

1150

01:04:04,330 --> 01:04:01,110

it and it's going to be like very

1151
01:04:06,950 --> 01:04:04,340
religious item that sounds about right

1152
01:04:11,510 --> 01:04:06,960
now if you send that back 100 years

1153
01:04:12,950 --> 01:04:11,520
instead of thousand then the people are

1154
01:04:14,390 --> 01:04:12,960
going to say our they're going to

1155
01:04:17,000 --> 01:04:14,400
understand it we're all you're going to

1156
01:04:21,190 --> 01:04:17,010
say all this has come from a UFO or it's

1157
01:04:27,140 --> 01:04:24,200
and.and but they're gonna understand

1158
01:04:29,780 --> 01:04:27,150
anything right but I guess I'm thinking

1159
01:04:31,970 --> 01:04:29,790
that by the mid 1800s there were at

1160
01:04:34,460 --> 01:04:31,980
least a few scientists around that would

1161
01:04:36,920 --> 01:04:34,470
have been curious sure they'll be very

1162
01:04:39,290 --> 01:04:36,930
curious they'd understand something but

1163
01:04:42,650 --> 01:04:39,300

it's still gonna be an incredible thing

1164

01:04:48,170 --> 01:04:42,660

looked away the CIA the government's or

1165

01:04:53,270 --> 01:04:48,180

Secret Service gotta be protected if you

1166

01:04:58,960 --> 01:04:53,280

simplify 24 hours you send it back 24

1167

01:05:04,780 --> 01:04:58,970

hours and all it is is a worthless ipad

1168

01:05:09,370 --> 01:05:04,790

instruction right as time progresses

1169

01:05:12,820 --> 01:05:09,380

information that exists and existed a

1170

01:05:16,210 --> 01:05:12,830

hundred years ago one thousand years ago

1171

01:05:19,490 --> 01:05:16,220

today with the technology or

1172

01:05:22,900 --> 01:05:19,500

technological advantages we have we can

1173

01:05:31,700 --> 01:05:22,910

understand that much better what it was

1174

01:05:33,079 --> 01:05:31,710

we saw okay said I make sense I'm not

1175

01:05:36,589 --> 01:05:33,089

like your analogy of a thousand years

1176

01:05:38,720 --> 01:05:36,599

honor years 24 hours ago that was just

1177

01:05:42,470 --> 01:05:38,730

so your listeners can understand where

1178

01:05:45,550 --> 01:05:42,480

i'm coming from here so if we have

1179

01:05:52,430 --> 01:05:45,560

information from a thousand years ago

1180

01:05:56,210 --> 01:05:52,440

you know it's been treated as religious

1181

01:06:00,410 --> 01:05:56,220

from God gage oh so yeah who knows what

1182

01:06:02,120 --> 01:06:00,420

well now with the technology we have we

1183

01:06:06,290 --> 01:06:02,130

can understand this information simple

1184

01:06:07,970 --> 01:06:06,300

as that right but it makes me wonder if

1185

01:06:11,810 --> 01:06:07,980

something from a thousand years in the

1186

01:06:14,690 --> 01:06:11,820

future suddenly you know came floating

1187

01:06:18,890 --> 01:06:14,700

up and they brought it onto a ship why

1188

01:06:22,160 --> 01:06:18,900

would they do with it now what would

1189

01:06:26,540 --> 01:06:22,170

they do with it now if we hate it now is

1190

01:06:30,400 --> 01:06:26,550

each use it build a ship and fly after

1191

01:06:33,700 --> 01:06:30,410

these guys go after but still with that

1192

01:06:35,799 --> 01:06:33,710

sure absolutely you know I have to I

1193

01:06:37,690 --> 01:06:35,809

have to tell you I'm gonna I'm a little

1194

01:06:41,319 --> 01:06:37,700

off track here but I'm very disappointed

1195

01:06:46,569 --> 01:06:41,329

that you're not rich well I have a nice

1196

01:06:50,589 --> 01:06:46,579

house no that's good I have a dog I've

1197

01:06:52,569 --> 01:06:50,599

three ex-wives sad for children I have

1198

01:06:55,750 --> 01:06:52,579

three ex-wives can't be rich by

1199

01:06:58,750 --> 01:06:55,760

definition I have a house in thailand I

1200

01:07:00,910 --> 01:06:58,760

have a house here in Italy and I'm okay

1201

01:07:03,970 --> 01:07:00,920

I don't need a job there worked out

1202

01:07:06,190 --> 01:07:03,980

pretty good I'm okay so it's very not a

1203

01:07:07,660 --> 01:07:06,200

problem that that the important thing is

1204

01:07:12,460 --> 01:07:07,670

to try and get some of these messages

1205

01:07:15,549 --> 01:07:12,470

out that I have right so and some of the

1206

01:07:18,039 --> 01:07:15,559

information look how the Pirates think

1207

01:07:20,470 --> 01:07:18,049

what information do we have how can we

1208

01:07:22,960 --> 01:07:20,480

interpret this into your words Eric

1209

01:07:27,339 --> 01:07:22,970

because the people don't understand me I

1210

01:07:30,039 --> 01:07:27,349

speak pirate but I'm gonna give you an

1211

01:07:33,670 --> 01:07:30,049

example how many people believe the

1212

01:07:37,660 --> 01:07:33,680

first page in the Bible where it's

1213

01:07:41,710 --> 01:07:37,670

Genesis and it says on the first day God

1214

01:07:44,349 --> 01:07:41,720

made heaven and earth stop well I don't

1215

01:07:47,980 --> 01:07:44,359

even think the priests themselves

1216

01:07:50,620 --> 01:07:47,990

believe that so how can you really

1217

01:07:52,990 --> 01:07:50,630

believe that well we believe it because

1218

01:07:55,839 --> 01:07:53,000

it's very simple Eric it's very simple

1219

01:07:58,750 --> 01:07:55,849

to believe Eric because on the first day

1220

01:08:04,510 --> 01:07:58,760

the first day the first visit the first

1221

01:08:07,930 --> 01:08:04,520

time God came here we didn't exist when

1222

01:08:12,279 --> 01:08:07,940

he arrived here he put a cross on his

1223

01:08:16,570 --> 01:08:12,289

star chart to mark our position in the

1224

01:08:22,720 --> 01:08:16,580

Stars and therefore we existed and we

1225

01:08:25,030 --> 01:08:22,730

came into being can you okay so does

1226

01:08:29,950 --> 01:08:25,040

that make you a believer or non-believer

1227

01:08:34,269 --> 01:08:29,960

oh you can't be a pirate if you believe

1228

01:08:37,630 --> 01:08:34,279

in any religion all right all right so

1229

01:08:40,829 --> 01:08:37,640

are you are you an atheist you call it

1230

01:08:42,849 --> 01:08:40,839

what you like but we are we are totally

1231

01:08:45,059 --> 01:08:42,859

against any kind of it

1232

01:08:47,649 --> 01:08:45,069

okay that's close enough I get it

1233

01:08:49,780 --> 01:08:47,659

without you know without going into

1234

01:08:53,320 --> 01:08:49,790

details because you I know you have a

1235

01:08:59,260 --> 01:08:53,330

lot of religious listeners out there and

1236

01:09:02,349 --> 01:08:59,270

I actually I actually don't know oh I

1237

01:09:04,479 --> 01:09:02,359

find that a lot of people that are into

1238

01:09:07,209 --> 01:09:04,489

paranormal are actually not very

1239

01:09:09,939 --> 01:09:07,219

religious because they feel like this

1240

01:09:12,579 --> 01:09:09,949

whole system of our existence is more

1241

01:09:16,479 --> 01:09:12,589

complicated than can be accounted for

1242

01:09:19,050 --> 01:09:16,489

simply by religion so you're probably

1243

01:09:23,019 --> 01:09:19,060

speaking to a lot of like-minded people

1244

01:09:26,530 --> 01:09:23,029

well that's very nice to know you know

1245

01:09:29,800 --> 01:09:26,540

I'm really trying my best hearing to

1246

01:09:32,970 --> 01:09:29,810

keep it as light as possible without

1247

01:09:37,059 --> 01:09:32,980

going into any deep bottom line

1248

01:09:39,249 --> 01:09:37,069

situations you know because what we

1249

01:09:43,240 --> 01:09:39,259

believe is really happening right now on

1250

01:09:47,109 --> 01:09:43,250

my website there is a there is a button

1251

01:09:49,209 --> 01:09:47,119

called prophecy I'd like you know the

1252

01:09:51,700 --> 01:09:49,219

guys that anyone's listening there you

1253

01:09:55,959 --> 01:09:51,710

go to my website and click on prophecy

1254

01:09:58,419 --> 01:09:55,969

and that's happening right now so that's

1255

01:10:01,419 --> 01:09:58,429

why I'm here to tell the people what is

1256

01:10:08,500 --> 01:10:01,429

happening right now right now something

1257

01:10:12,640 --> 01:10:08,510

has entered into the solar system right

1258

01:10:14,410 --> 01:10:12,650

now right so do you believe that that

1259

01:10:17,040 --> 01:10:14,420

there's going to be some sort of an

1260

01:10:19,810 --> 01:10:17,050

event that you want people to know about

1261

01:10:22,240 --> 01:10:19,820

in my book the event is called the

1262

01:10:25,000 --> 01:10:22,250

crossover it's my book is a fairy story

1263

01:10:27,070 --> 01:10:25,010

because if I wrote it seriously Eric no

1264

01:10:29,919 --> 01:10:27,080

one would even understand would so I

1265

01:10:34,030 --> 01:10:29,929

made it into a fair a modern-day fairy

1266

01:10:36,340 --> 01:10:34,040

story okay which isn't wizards and and

1267

01:10:39,850 --> 01:10:36,350

stuff like that it's quite funny and it

1268

01:10:42,850 --> 01:10:39,860

but it carries this message it carries

1269

01:10:46,720 --> 01:10:42,860

this message of what is about to happen

1270

01:10:49,120 --> 01:10:46,730

on this planet if you'd like sure and

1271

01:10:51,220 --> 01:10:49,130

when you say about to happen you know do

1272

01:10:53,229 --> 01:10:51,230

you have it it's already nine and so I'm

1273

01:10:55,209 --> 01:10:53,239

already happening yeah it's already

1274

01:10:57,850 --> 01:10:55,219

happening I mean the

1275

01:11:00,430 --> 01:10:57,860

graham in place I mean people who went

1276

01:11:03,040 --> 01:11:00,440

we have don't stand here the people have

1277

01:11:06,339 --> 01:11:03,050

to understand when they see a UFO OIC

1278

01:11:10,660 --> 01:11:06,349

UFO okay and internets full of pictures

1279

01:11:19,509 --> 01:11:10,670

of UFOs oh and the number one number one

1280

01:11:23,770 --> 01:11:19,519

a UFO is built in a UFO factory what

1281

01:11:28,600 --> 01:11:23,780

makes sense it's materials that it's

1282

01:11:32,169 --> 01:11:28,610

made of our mind and fabricated and it's

1283

01:11:37,169 --> 01:11:32,179

got the crew and the captain and an

1284

01:11:40,810 --> 01:11:37,179

engineer and one or two other guys and

1285

01:11:44,709 --> 01:11:40,820

once you get down onto this level of

1286

01:11:48,479 --> 01:11:44,719

understanding why is this UFO going

1287

01:11:51,189 --> 01:11:48,489

there why is this UFO doing that and why

1288

01:11:56,439 --> 01:11:51,199

above all everybody must ask this

1289

01:11:59,129 --> 01:11:56,449

question why are they so silent why

1290

01:12:03,089 --> 01:11:59,139

don't they speak to us because obviously

1291

01:12:06,459 --> 01:12:03,099

they know we can see them they are

1292

01:12:09,489 --> 01:12:06,469

connected to our internet they watch our

1293

01:12:12,100 --> 01:12:09,499

television programs basically they watch

1294

01:12:16,359 --> 01:12:12,110

the adverts of our television programs

1295

01:12:20,500 --> 01:12:16,369

to co-produce the wonderful produce we

1296

01:12:22,180 --> 01:12:20,510

are making here on this planet and we're

1297

01:12:24,669 --> 01:12:22,190

at and and the commercials they probably

1298

01:12:27,189 --> 01:12:24,679

watch the commercials yeah and I think

1299

01:12:29,080 --> 01:12:27,199

we're crazy marshalls yeah commercials

1300

01:12:30,969 --> 01:12:29,090

that's the only interesting thing they

1301

01:12:34,299 --> 01:12:30,979

watch the commercial and understand

1302

01:12:36,850 --> 01:12:34,309

these guys are in a UFO it's made in a

1303

01:12:40,239 --> 01:12:36,860

UFO factory they watch the commercial

1304

01:12:45,040 --> 01:12:40,249

and they see this this commercial of

1305

01:12:47,259 --> 01:12:45,050

this really nice Napoleon brandy don't

1306

01:12:50,649 --> 01:12:47,269

you think they also they would like a

1307

01:12:53,459 --> 01:12:50,659

nice glass of Napoleon brandy so they

1308

01:12:56,350 --> 01:12:53,469

must be suffering there by being silent

1309

01:13:01,330 --> 01:12:56,360

well I'm a ceramic unless they're making

1310

01:13:07,900 --> 01:13:01,340

it themselves one of the chatroom sky 33

1311

01:13:14,650 --> 01:13:11,500

and he also at 0 sky I don't know your

1312

01:13:16,990 --> 01:13:14,660

your sex and also so first of all sky

1313

01:13:18,730 --> 01:13:17,000

wants to know what's about to happen and

1314

01:13:23,650 --> 01:13:18,740

secondly why would they want to speak to

1315

01:13:25,150 --> 01:13:23,660

us well there's a second part first and

1316

01:13:26,740 --> 01:13:25,160

no one to speak to us because they're

1317

01:13:30,130 --> 01:13:26,750

under orders not to speak because the

1318

01:13:34,300 --> 01:13:30,140

program is that there is not to be any

1319

01:13:38,860 --> 01:13:34,310

contact at this moment in time okay as

1320

01:13:45,460 --> 01:13:38,870

for the first part of the question when

1321

01:13:48,730 --> 01:13:45,470

I a pirate finds an island then if the

1322

01:13:51,940 --> 01:13:48,740

island is in such a position in such a

1323

01:13:54,690 --> 01:13:51,950

place and in such a way he will put on

1324

01:13:57,790 --> 01:13:54,700

the island two peaks and two chickens

1325

01:14:00,100 --> 01:13:57,800

two pigs and two chickens why is that oh

1326

01:14:03,880 --> 01:14:00,110

well this is normal pirate stuff that

1327

01:14:06,160 --> 01:14:03,890

they don't show you in films okay so if

1328

01:14:09,730 --> 01:14:06,170

he comes back along that Costa gain

1329

01:14:11,680 --> 01:14:09,740

after two three four five years he's

1330

01:14:16,090 --> 01:14:11,690

going to find an island full of chickens

1331

01:14:18,730 --> 01:14:16,100

and pigs so you can make breakfast as he

1332

01:14:22,240 --> 01:14:18,740

can make breakfast it can have an

1333

01:14:25,360 --> 01:14:22,250

American breakfast so it's that's right

1334

01:14:29,890 --> 01:14:25,370

I don't know if folks caught earlier on

1335

01:14:33,640 --> 01:14:29,900

that you're British so in answer to the

1336

01:14:38,770 --> 01:14:33,650

question for the chat room is it's

1337

01:14:44,460 --> 01:14:38,780

breakfast time it's breakfast time so

1338

01:14:49,360 --> 01:14:47,290

usually they put piglets because they've

1339

01:14:52,480 --> 01:14:49,370

all always got piglets on pirate ships

1340

01:14:54,250 --> 01:14:52,490

so they'll put piglets but one of them

1341

01:14:58,750 --> 01:14:54,260

has to be a may one has to be a female

1342

01:15:01,300 --> 01:14:58,760

obviously right and so they put them on

1343

01:15:03,040 --> 01:15:01,310

the island you and you know it's got be

1344

01:15:06,280 --> 01:15:03,050

an island where the pigs can eat crabs

1345

01:15:09,130 --> 01:15:06,290

they can fertilize the ground and the

1346

01:15:10,510 --> 01:15:09,140

things can grow and they know that in

1347

01:15:13,450 --> 01:15:10,520

three or four years time when they come

1348

01:15:17,620 --> 01:15:13,460

back it's it's going to be okay they got

1349

01:15:18,910 --> 01:15:17,630

pigs and everything okay panic I have

1350

01:15:19,870 --> 01:15:18,920

another question for you from the chat

1351

01:15:22,600 --> 01:15:19,880

room

1352

01:15:27,930 --> 01:15:22,610

what today see pirates steal the

1353

01:15:38,590 --> 01:15:35,230

today's sea pirates like myself we we

1354

01:15:44,560 --> 01:15:38,600

are called upon to take part in an

1355

01:15:50,350 --> 01:15:44,570

operation and who requires our special

1356

01:15:53,320 --> 01:15:50,360

services will call us in because they

1357

01:15:56,560 --> 01:15:53,330

can't find in their normal sphere of

1358

01:15:59,910 --> 01:15:56,570

operations okay SAS Gurion you nuts not

1359

01:16:03,850 --> 01:15:59,920

randomly running around looking yeah

1360

01:16:05,350 --> 01:16:03,860

people specifically uh I'm trying to

1361

01:16:11,080 --> 01:16:05,360

think of the word but they specifically

1362

01:16:15,130 --> 01:16:11,090

ask you to do a specific task yeah so

1363

01:16:18,190 --> 01:16:15,140

you know I had the honor of capturing

1364

01:16:25,990 --> 01:16:18,200

two ships at the same time in the Red

1365

01:16:29,280 --> 01:16:26,000

Sea and it was really so easy but I i

1366

01:16:32,380 --> 01:16:29,290

became a bigger pirate because of it

1367

01:16:35,980 --> 01:16:32,390

that I'd captured two ships at the same

1368

01:16:37,870 --> 01:16:35,990

time very good I captured the ships on

1369

01:16:42,160 --> 01:16:37,880

orders you know I didn't capture the

1370

01:16:46,110 --> 01:16:42,170

ships for myself right ships because I

1371

01:16:49,930 --> 01:16:46,120

was paid to go and capture these ships

1372

01:16:55,530 --> 01:16:49,940

so that was the task yeah we go captures

1373

01:16:58,570 --> 01:16:55,540

two chips were they surprised well yeah

1374

01:17:01,150 --> 01:16:58,580

they they fired her ass with everything

1375

01:17:03,070 --> 01:17:01,160

they had you know we was more surprised

1376

01:17:05,320 --> 01:17:03,080

today because we didn't expect to be

1377

01:17:09,010 --> 01:17:05,330

fired on with cannons and you know

1378

01:17:12,100 --> 01:17:09,020

did you carry a lot of armaments no uh I

1379

01:17:16,060 --> 01:17:12,110

carried absolutely no armaments tool

1380

01:17:19,750 --> 01:17:16,070

that night is it is it unusual that you

1381

01:17:23,070 --> 01:17:19,760

had such a long career I'm starting to

1382

01:17:27,070 --> 01:17:23,080

think of pirates is not living very long

1383

01:17:30,130 --> 01:17:27,080

well very game this is the myth pirates

1384

01:17:35,470 --> 01:17:33,190

some of the the world has been changed

1385

01:17:39,010 --> 01:17:35,480

by pirates I don't intend to change the

1386

01:17:43,680 --> 01:17:39,020

world if I did it would be a better

1387

01:17:47,170 --> 01:17:43,690

world I can show you but yeah I mean

1388

01:17:50,770 --> 01:17:47,180

Rory curry create changed body he gave

1389

01:17:52,720 --> 01:17:50,780

birth to Prussia and so yeah there's

1390

01:17:56,950 --> 01:17:52,730

pirates all over the place that have

1391

01:18:00,070 --> 01:17:56,960

changed world but what is happening

1392

01:18:05,280 --> 01:18:00,080

right now to the world the world can't

1393

01:18:13,350 --> 01:18:05,290

see it it's being hidden from them and

1394

01:18:19,050 --> 01:18:13,360

um it's breakfast time for whom well

1395

01:18:23,560 --> 01:18:19,060

whoever planted the breakfast here is

1396

01:18:29,530 --> 01:18:23,570

going to collect it and um it's strange

1397

01:18:33,370 --> 01:18:29,540

that the commodities we have now at 78

1398

01:18:36,550 --> 01:18:33,380

billion people on the planet all tend to

1399

01:18:39,220 --> 01:18:36,560

run at the 60 million tonne mark you

1400

01:18:45,460 --> 01:18:39,230

know this the world produces 60 million

1401

01:18:54,790 --> 01:18:45,470

tons of potatoes of rice route 66

1402

01:18:58,110 --> 01:18:54,800

million tons of milk and 66 53 million

1403

01:19:01,090 --> 01:18:58,120

tons of eggs you know it's always

1404

01:19:06,310 --> 01:19:01,100

60-something million pounds of fish and

1405

01:19:08,560 --> 01:19:06,320

so if somebody was to come here oh like

1406

01:19:12,460 --> 01:19:08,570

a pirate returning to the island with

1407

01:19:16,870 --> 01:19:12,470

all pigs on it he would find or they

1408

01:19:24,040 --> 01:19:16,880

would find a planet there is absolutely

1409

01:19:27,760 --> 01:19:24,050

fully booked with food oh and one of the

1410

01:19:31,030 --> 01:19:27,770

biggest commodities in space like on the

1411

01:19:36,820 --> 01:19:31,040

sea the same thing this is an island in

1412

01:19:38,950 --> 01:19:36,830

space is food there are microns there

1413

01:19:41,110 --> 01:19:38,960

are planets with diamonds in gold and

1414

01:19:42,950 --> 01:19:41,120

copper and all other kinds of they

1415

01:19:45,770 --> 01:19:42,960

need they go there they get

1416

01:19:47,750 --> 01:19:45,780

but I think what we'll have to do is

1417

01:19:50,990 --> 01:19:47,760

have you on again because we we only

1418

01:19:52,580 --> 01:19:51,000

have a minute left and that's okay I

1419

01:19:54,830 --> 01:19:52,590

wanted to give you time to talk about

1420

01:19:59,270 --> 01:19:54,840

your website and how people can get your

1421

01:20:03,290 --> 01:19:59,280

book well that's nice if they if they go

1422

01:20:05,240 --> 01:20:03,300

to captain turns calm the book is there

1423

01:20:09,650 --> 01:20:05,250

they can click on the book the book is

1424

01:20:13,400 --> 01:20:09,660

called the 13-day it's a fairy story and

1425

01:20:18,220 --> 01:20:13,410

explains what this secret unknown group

1426

01:20:20,900 --> 01:20:18,230

of people know is about to happen okay

1427

01:20:22,610 --> 01:20:20,910

well I'm we're going to have to end here

1428

01:20:26,240 --> 01:20:22,620

which is a shame because this is very

1429

01:20:29,209 --> 01:20:26,250

very fascinating but well well we'll

1430

01:20:32,900 --> 01:20:29,219

have you on again and i hope you get on

1431

01:20:35,330 --> 01:20:32,910

some other shows um that's that's it for

1432

01:20:38,120 --> 01:20:35,340

this week thank you very much to Anthony

1433

01:20:40,850 --> 01:20:38,130

comments bring it on to the show Thank

1434

01:20:42,950 --> 01:20:40,860

You Anthony and thank you to all of you

1435

01:20:44,840 --> 01:20:42,960

for listening and I hope you have a

1436

01:20:47,450 --> 01:20:44,850

great week remember to smile a lot

1437

01:20:49,160 --> 01:20:47,460

because it makes your brain happy and I
