

2014 Border Zone

UFO Conference

UFO Encounter at Rendlesham

1
00:00:21,029 --> 00:00:02,550
you're listening to irn

2
00:00:23,990 --> 00:00:21,039
2014 order zone international ufo

3
00:00:28,950 --> 00:00:26,150
he's been called the real fox mulder for

4
00:00:30,390 --> 00:00:28,960
21 years

5
00:00:31,990 --> 00:00:30,400
nick pope worked for the british

6
00:00:34,870 --> 00:00:32,000
government highly classified

7
00:00:37,670 --> 00:00:34,880
investigations into ufo sightings alien

8
00:00:39,030 --> 00:00:37,680
abductions crop circles and psychic

9
00:00:40,950 --> 00:00:39,040
phenomena

10
00:00:43,430 --> 00:00:40,960
none of the cases he worked on is as

11
00:00:45,430 --> 00:00:43,440
powerful and compelling as what is he is

12
00:00:47,990 --> 00:00:45,440
about to bring to us

13
00:00:50,310 --> 00:00:48,000

the story of an amazing ufo counter that

14

00:00:53,189 --> 00:00:50,320

happened in at the united states air

15

00:00:55,670 --> 00:00:53,199

force base in reynolds forest england

16

00:00:57,110 --> 00:00:55,680

in december of 1980

17

00:01:10,789 --> 00:00:57,120

please welcome one of the world's

18

00:01:15,910 --> 00:01:12,630

well thank you very much

19

00:01:18,390 --> 00:01:15,920

for that dennis and uh again my profound

20

00:01:21,590 --> 00:01:18,400

thanks to everyone who has worked so

21

00:01:26,149 --> 00:01:21,600

hard to put on this festival

22

00:01:27,270 --> 00:01:26,159

um to brad to noe uh to the mayor to the

23

00:01:28,310 --> 00:01:27,280

city

24

00:01:30,550 --> 00:01:28,320

um

25

00:01:32,390 --> 00:01:30,560

everyone else who has worked maybe

26

00:01:34,230 --> 00:01:32,400

behind the scenes on some of the

27

00:01:38,550 --> 00:01:34,240

organization here putting together the

28

00:01:41,190 --> 00:01:38,560

audio visual uh setting up the room etc

29

00:01:43,670 --> 00:01:41,200

i have very few slides

30

00:01:46,710 --> 00:01:43,680

for this so if if you if you want to put

31

00:01:48,069 --> 00:01:46,720

the house lights up um it's it's up to

32

00:01:49,910 --> 00:01:48,079

to you

33

00:01:51,990 --> 00:01:49,920

thank you too to

34

00:01:55,350 --> 00:01:52,000

the musicians

35

00:01:57,510 --> 00:01:55,360

i mean i i just want to say that i think

36

00:01:58,550 --> 00:01:57,520

it is a great thing

37

00:02:02,310 --> 00:01:58,560

that

38

00:02:04,630 --> 00:02:02,320

uh this this festival is more than just

39

00:02:07,749 --> 00:02:04,640

a bunch of talks interesting though i

40

00:02:10,389 --> 00:02:07,759

hope the talks are i'm really impressed

41

00:02:13,589 --> 00:02:10,399

that this is really a combination not

42

00:02:15,990 --> 00:02:13,599

just of the presentations but of a music

43

00:02:18,869 --> 00:02:16,000

festival a parade

44

00:02:22,229 --> 00:02:18,879

uh a costume party

45

00:02:24,390 --> 00:02:22,239

uh a sky watch a ghost hunt and i think

46

00:02:28,229 --> 00:02:24,400

it's really great that the city has

47

00:02:30,949 --> 00:02:28,239

gotten behind this and is uh putting

48

00:02:33,110 --> 00:02:30,959

money and effort into building something

49

00:02:35,670 --> 00:02:33,120

here and i i get the impression that

50

00:02:37,830 --> 00:02:35,680

we're in at the early years of something

51
00:02:40,150 --> 00:02:37,840
that's going to grow and grow and in

52
00:02:42,229 --> 00:02:40,160
years to come is is going to be a great

53
00:02:45,990 --> 00:02:42,239
uh thing down here

54
00:02:47,990 --> 00:02:46,000
now by the way i thank the musicians

55
00:02:50,790 --> 00:02:48,000
in my small homage

56
00:02:53,750 --> 00:02:50,800
to perhaps the southwest i am wearing my

57
00:02:58,229 --> 00:02:53,760
george strait shirt here today

58
00:03:02,869 --> 00:03:00,150
and before i left

59
00:03:04,790 --> 00:03:02,879
when my wife asked me where i was going

60
00:03:08,470 --> 00:03:04,800
i said i'll be somewhere down in texas

61
00:03:13,270 --> 00:03:10,390
okay i better not do jokes that's not

62
00:03:19,350 --> 00:03:15,350
so what i'd like to do

63
00:03:20,550 --> 00:03:19,360

is really tell the story of what i think

64

00:03:23,910 --> 00:03:20,560

is

65

00:03:26,550 --> 00:03:23,920

everyone will have their own personal

66

00:03:30,949 --> 00:03:26,560

favorites but i think it's arguably the

67

00:03:33,589 --> 00:03:30,959

world's second best known ufo incident

68

00:03:36,710 --> 00:03:33,599

after roswell

69

00:03:38,710 --> 00:03:36,720

um let's test that first of all who are

70

00:03:41,430 --> 00:03:38,720

who here has heard of the reynoldsham

71

00:03:43,030 --> 00:03:41,440

forest incident oh that's great okay

72

00:03:46,470 --> 00:03:43,040

good well

73

00:03:49,430 --> 00:03:46,480

now who here has recently seen

74

00:03:51,589 --> 00:03:49,440

more than one tv show mentioning

75

00:03:54,149 --> 00:03:51,599

rendlesham forest

76

00:03:55,910 --> 00:03:54,159

yeah this is what i'm noticing

77

00:03:59,910 --> 00:03:55,920

increasingly

78

00:04:02,309 --> 00:03:59,920

tv production companies and networks

79

00:04:04,070 --> 00:04:02,319

no disrespect to dennis and and other

80

00:04:06,789 --> 00:04:04,080

researchers but i think they're finding

81

00:04:08,630 --> 00:04:06,799

it more difficult to make new shows on

82

00:04:11,030 --> 00:04:08,640

roswell

83

00:04:12,470 --> 00:04:11,040

for the obvious reason that obviously

84

00:04:15,429 --> 00:04:12,480

many of the

85

00:04:16,550 --> 00:04:15,439

direct first-hand witnesses have now

86

00:04:17,590 --> 00:04:16,560

passed

87

00:04:21,670 --> 00:04:17,600

so

88

00:04:23,909 --> 00:04:21,680

and and in terms of what makes good tv

89

00:04:25,990 --> 00:04:23,919

networks tv networks and production

90

00:04:29,030 --> 00:04:26,000

companies tend to like a mixture of

91

00:04:32,550 --> 00:04:29,040

things you've probably seen they like

92

00:04:36,230 --> 00:04:32,560

cgi recreations

93

00:04:39,110 --> 00:04:36,240

they like documents they like

94

00:04:42,230 --> 00:04:39,120

experts but they do like

95

00:04:45,430 --> 00:04:42,240

the witnesses who are actually there who

96

00:04:47,430 --> 00:04:45,440

saw things who experience things and it

97

00:04:49,189 --> 00:04:47,440

is more difficult

98

00:04:50,950 --> 00:04:49,199

than it used to be

99

00:04:51,909 --> 00:04:50,960

for the reason that i stated to make

100

00:04:54,950 --> 00:04:51,919

shows

101
00:04:58,230 --> 00:04:54,960
about roswell and increasingly starting

102
00:04:59,990 --> 00:04:58,240
about three four five years ago

103
00:05:03,110 --> 00:05:00,000
and continuing

104
00:05:07,670 --> 00:05:05,749
there are more and more tv shows that

105
00:05:09,510 --> 00:05:07,680
are featuring the rendelsham forest

106
00:05:10,950 --> 00:05:09,520
incident really

107
00:05:21,670 --> 00:05:10,960
as

108
00:05:22,950 --> 00:05:21,680
shown down here in the states

109
00:05:25,430 --> 00:05:22,960
um

110
00:05:28,390 --> 00:05:25,440
alien encounters on

111
00:05:31,830 --> 00:05:28,400
science channel a whole bunch of other

112
00:05:34,310 --> 00:05:31,840
ones and by the way at least two more

113
00:05:36,469 --> 00:05:34,320

in the pipeline that i've been asked not

114

00:05:37,670 --> 00:05:36,479

to talk about simply because

115

00:05:38,870 --> 00:05:37,680

obviously

116

00:05:41,110 --> 00:05:38,880

networks

117

00:05:42,870 --> 00:05:41,120

don't like people kind of letting the

118

00:05:44,710 --> 00:05:42,880

cat out of the bag until they've had a

119

00:05:46,469 --> 00:05:44,720

chance to do their own publicity but

120

00:05:49,029 --> 00:05:46,479

rest assured if you like rental sham

121

00:05:50,830 --> 00:05:49,039

forest there's more to come

122

00:05:53,909 --> 00:05:50,840

and what i'm going to do

123

00:05:56,390 --> 00:05:53,919

um in this final presentation of the

124

00:05:58,870 --> 00:05:56,400

evening is basically give an overview of

125

00:05:59,909 --> 00:05:58,880

the rendersham forest incident and then

126
00:06:00,790 --> 00:05:59,919
perhaps

127
00:06:03,909 --> 00:06:00,800
when

128
00:06:06,469 --> 00:06:03,919
dennis gives me the 15-minute slot

129
00:06:10,710 --> 00:06:06,479
perhaps wherever i am in my presentation

130
00:06:13,189 --> 00:06:10,720
i'll wrap up and then take 15 minutes of

131
00:06:15,510 --> 00:06:13,199
questions and comments

132
00:06:17,430 --> 00:06:15,520
which can be about rendlesham

133
00:06:18,629 --> 00:06:17,440
but hey i'm not going to be strict about

134
00:06:20,790 --> 00:06:18,639
this if you

135
00:06:24,150 --> 00:06:20,800
wanted to ask something about my earlier

136
00:06:25,990 --> 00:06:24,160
presentation and didn't get a chance

137
00:06:29,029 --> 00:06:26,000
or if you just want to ask something

138
00:06:32,870 --> 00:06:29,039

more generally about my uh ministry of

139

00:06:35,590 --> 00:06:32,880

defense work on ufos in the uk

140

00:06:38,710 --> 00:06:35,600

happy to take that too so so when dennis

141

00:06:41,110 --> 00:06:38,720

catches my eye and says 15 minutes i'm

142

00:06:43,909 --> 00:06:41,120

i'm gonna wherever i am i'm gonna stop

143

00:06:47,029 --> 00:06:43,919

and turn it over to you for the last 15

144

00:06:51,270 --> 00:06:49,350

so let me tell you the story

145

00:06:53,830 --> 00:06:51,280

of the rendelsham forest incident and

146

00:06:55,430 --> 00:06:53,840

some of you will know it well

147

00:06:57,749 --> 00:06:55,440

but some of you

148

00:06:59,749 --> 00:06:57,759

maybe even who have seen it on tv you

149

00:07:00,790 --> 00:06:59,759

know how it is it's just a sound bite

150

00:07:04,309 --> 00:07:00,800

here or

151
00:07:06,550 --> 00:07:04,319
a little recreation there and i think

152
00:07:07,830 --> 00:07:06,560
the full story of what happened is

153
00:07:09,270 --> 00:07:07,840
incredibly

154
00:07:11,589 --> 00:07:09,280
complex

155
00:07:13,990 --> 00:07:11,599
and i'm gonna try and give you an

156
00:07:15,589 --> 00:07:14,000
overview of it

157
00:07:19,029 --> 00:07:15,599
now

158
00:07:20,230 --> 00:07:19,039
i should say one other thing

159
00:07:23,350 --> 00:07:20,240
i think

160
00:07:24,469 --> 00:07:23,360
that the rendelsham forest incident is

161
00:07:27,510 --> 00:07:24,479
almost

162
00:07:29,589 --> 00:07:27,520
what i would call a perfect storm

163
00:07:32,390 --> 00:07:29,599

of a ufo case

164

00:07:35,189 --> 00:07:32,400

almost every single factor

165

00:07:36,950 --> 00:07:35,199

that makes a ufo incident

166

00:07:38,950 --> 00:07:36,960

interesting

167

00:07:40,870 --> 00:07:38,960

compelling

168

00:07:42,230 --> 00:07:40,880

and

169

00:07:45,350 --> 00:07:42,240

something that

170

00:07:48,550 --> 00:07:45,360

that is supported not just by testimony

171

00:07:50,469 --> 00:07:48,560

but but by other things too everything

172

00:07:53,270 --> 00:07:50,479

that makes the case interesting and

173

00:07:54,390 --> 00:07:53,280

compelling almost comes together

174

00:07:56,469 --> 00:07:54,400

in this

175

00:07:57,990 --> 00:07:56,479

single incident

176

00:08:01,830 --> 00:07:58,000

and i think that's very important for a

177

00:08:04,790 --> 00:08:01,840

start it was not a single witness but it

178

00:08:07,110 --> 00:08:04,800

was a multiple witness event

179

00:08:10,070 --> 00:08:07,120

uh some people have had tried to count

180

00:08:13,029 --> 00:08:10,080

the total number of witnesses well

181

00:08:15,909 --> 00:08:13,039

even the people you know on the record

182

00:08:19,110 --> 00:08:15,919

whose name we know who were involved

183

00:08:20,230 --> 00:08:19,120

probably 20 or 30. those names that we

184

00:08:22,790 --> 00:08:20,240

don't know

185

00:08:24,790 --> 00:08:22,800

um i i wouldn't be surprised if it's

186

00:08:28,710 --> 00:08:24,800

more than a hundred

187

00:08:33,509 --> 00:08:30,710

most of those witnesses were military

188

00:08:36,070 --> 00:08:33,519

personnel now that you know there's no

189

00:08:38,389 --> 00:08:36,080

monopoly on the truth it doesn't mean

190

00:08:40,230 --> 00:08:38,399

that subjects it doesn't mean that uh

191

00:08:43,670 --> 00:08:40,240

sightings from the general public are

192

00:08:46,310 --> 00:08:43,680

any less trustworthy but i think when it

193

00:08:49,750 --> 00:08:46,320

comes to particularly when it comes to

194

00:08:52,310 --> 00:08:49,760

talking to the skeptics about this

195

00:08:54,550 --> 00:08:52,320

it's actually quite compelling when you

196

00:08:56,470 --> 00:08:54,560

can turn around and say well hey by the

197

00:08:59,350 --> 00:08:56,480

way if you think it's just crazy people

198

00:09:01,430 --> 00:08:59,360

who see ufos you can dip into the files

199

00:09:03,750 --> 00:09:01,440

at the ministry of defense of other

200

00:09:07,750 --> 00:09:03,760

nations that have investigated this you

201
00:09:10,070 --> 00:09:07,760
can find police officers pilots military

202
00:09:12,790 --> 00:09:10,080
personnel um

203
00:09:15,509 --> 00:09:12,800
you know who have who have seen these

204
00:09:17,509 --> 00:09:15,519
things sometimes up close and personal

205
00:09:19,509 --> 00:09:17,519
so i think it is another interesting

206
00:09:21,910 --> 00:09:19,519
part of the story that most of the

207
00:09:24,070 --> 00:09:21,920
witnesses and certainly the witnesses

208
00:09:26,949 --> 00:09:24,080
whose story i'm going to tell you now

209
00:09:29,509 --> 00:09:26,959
are military personnel that i think is

210
00:09:33,350 --> 00:09:29,519
important in of itself multiple

211
00:09:34,870 --> 00:09:33,360
witnesses military witnesses

212
00:09:37,030 --> 00:09:34,880
a multiple

213
00:09:39,430 --> 00:09:37,040

not just witness event in terms of how

214

00:09:43,590 --> 00:09:39,440

many people saw this but this wasn't one

215

00:09:45,269 --> 00:09:43,600

night this was three consecutive nights

216

00:09:48,389 --> 00:09:45,279

again

217

00:09:51,190 --> 00:09:48,399

just things that make a case

218

00:09:54,150 --> 00:09:51,200

compelling

219

00:09:56,470 --> 00:09:54,160

government documents backing up a lot of

220

00:09:58,710 --> 00:09:56,480

this and

221

00:10:02,150 --> 00:09:58,720

government documents the provenance of

222

00:10:05,670 --> 00:10:02,160

which is not disputed later on i'm gonna

223

00:10:07,910 --> 00:10:05,680

tell you about a couple of documents

224

00:10:10,310 --> 00:10:07,920

skeptics don't say hey i think these

225

00:10:11,829 --> 00:10:10,320

things might be forged uh they'd look

226

00:10:13,110 --> 00:10:11,839

pretty silly if they tried because you

227

00:10:15,350 --> 00:10:13,120

can read them on the government's

228

00:10:19,110 --> 00:10:15,360

website these documents are real and

229

00:10:21,910 --> 00:10:19,120

they back up a good part of the story

230

00:10:24,150 --> 00:10:21,920

physical trace evidence this ufo was

231

00:10:25,829 --> 00:10:24,160

briefly tracked on radar

232

00:10:27,910 --> 00:10:25,839

and

233

00:10:29,269 --> 00:10:27,920

when we come on to talk about the heart

234

00:10:30,790 --> 00:10:29,279

of the case

235

00:10:33,030 --> 00:10:30,800

you'll see that there's physical trace

236

00:10:36,310 --> 00:10:33,040

evidence in terms of things like

237

00:10:39,110 --> 00:10:36,320

indentations in the ground

238

00:10:42,230 --> 00:10:39,120

burn marks on the trees and high levels

239

00:10:44,630 --> 00:10:42,240

of radioactivity because this was not

240

00:10:47,590 --> 00:10:44,640

just lights in the sky this was a

241

00:10:50,389 --> 00:10:47,600

structured craft

242

00:10:53,509 --> 00:10:50,399

up close and personal and actually on

243

00:10:55,350 --> 00:10:53,519

the first night landed

244

00:10:57,350 --> 00:10:55,360

so this is why i say it's a perfect

245

00:11:00,550 --> 00:10:57,360

storm and you you could make a list of

246

00:11:03,670 --> 00:11:00,560

things that make a a ufo case perhaps

247

00:11:06,310 --> 00:11:03,680

important and you know you'd pick things

248

00:11:08,949 --> 00:11:06,320

maybe like uh government documents

249

00:11:11,269 --> 00:11:08,959

backing it up radar evidence military

250

00:11:14,630 --> 00:11:11,279

witnesses all of those things are

251
00:11:19,190 --> 00:11:14,640
present in this one case

252
00:11:22,790 --> 00:11:19,200
it takes place in england

253
00:11:27,350 --> 00:11:25,430
in december 1980

254
00:11:28,630 --> 00:11:27,360
as i mentioned over a series of three

255
00:11:31,509 --> 00:11:28,640
nights

256
00:11:35,750 --> 00:11:31,519
and at the heart of

257
00:11:38,230 --> 00:11:35,760
this story are two military bases bent

258
00:11:41,750 --> 00:11:38,240
waters and woodbridge

259
00:11:44,150 --> 00:11:41,760
now although these bases are in england

260
00:11:46,550 --> 00:11:44,160
they are actually united states air

261
00:11:48,710 --> 00:11:46,560
force bases uh

262
00:11:50,870 --> 00:11:48,720
starting in the second world war and

263
00:11:54,790 --> 00:11:50,880

continuing to this day though on a

264

00:11:57,990 --> 00:11:54,800

smaller scale there has been a huge

265

00:12:00,310 --> 00:11:58,000

united states military presence

266

00:12:01,829 --> 00:12:00,320

in the united kingdom part of that was

267

00:12:03,750 --> 00:12:01,839

involved in

268

00:12:05,829 --> 00:12:03,760

helping us brits win the second world

269

00:12:07,670 --> 00:12:05,839

war

270

00:12:10,949 --> 00:12:07,680

okay

271

00:12:13,829 --> 00:12:10,959

and of course when the second world war

272

00:12:14,629 --> 00:12:13,839

segued into the cold war

273

00:12:31,829 --> 00:12:14,639

the

274

00:12:35,509 --> 00:12:31,839

greater numbers of tanks uh westwards

275

00:12:38,389 --> 00:12:35,519

and uh arguably preventing a third world

276

00:12:41,350 --> 00:12:38,399

war through that military that american

277

00:12:43,269 --> 00:12:41,360

military presence in europe and you know

278

00:12:44,310 --> 00:12:43,279

by the way um

279

00:12:45,750 --> 00:12:44,320

i think

280

00:12:48,389 --> 00:12:45,760

in

281

00:12:50,710 --> 00:12:48,399

the world today there is an awful lot of

282

00:12:53,269 --> 00:12:50,720

what i would call knocking the united

283

00:12:55,670 --> 00:12:53,279

states uh believe me

284

00:12:57,829 --> 00:12:55,680

though the voices and the critics might

285

00:13:00,310 --> 00:12:57,839

be quite loud let me tell you that us

286

00:13:01,829 --> 00:13:00,320

brits for example are extremely grateful

287

00:13:04,230 --> 00:13:01,839

to the americans and the american

288

00:13:06,949 --> 00:13:04,240

military in particular for the second

289

00:13:10,069 --> 00:13:06,959

world war for the cold war and hopefully

290

00:13:13,190 --> 00:13:10,079

for preventing the third world war um so

291

00:13:15,030 --> 00:13:13,200

thanks from a brit who now by the way is

292

00:13:17,590 --> 00:13:15,040

an honored guest in your country i

293

00:13:22,470 --> 00:13:17,600

married an american four years ago and

294

00:13:26,710 --> 00:13:23,750

i've

295

00:13:29,110 --> 00:13:26,720

lived here in america for uh

296

00:13:31,430 --> 00:13:29,120

three years now we spend our time

297

00:13:33,990 --> 00:13:31,440

between san jose where my wife is a

298

00:13:36,069 --> 00:13:34,000

professor at the university and tucson

299

00:13:38,949 --> 00:13:36,079

where we have a beautiful place out in

300

00:13:40,389 --> 00:13:38,959

the desert so i am an honored guest in

301
00:13:41,430 --> 00:13:40,399
your country

302
00:13:43,829 --> 00:13:41,440
so

303
00:13:47,670 --> 00:13:43,839
bent waters and woodbridge are these

304
00:13:50,629 --> 00:13:47,680
twin united states air force bases in

305
00:13:52,310 --> 00:13:50,639
county of suffolk england and i say twin

306
00:13:54,710 --> 00:13:52,320
bases

307
00:13:57,110 --> 00:13:54,720
they are extremely close together

308
00:14:00,470 --> 00:13:57,120
geographically literally there are just

309
00:14:04,790 --> 00:14:00,480
a few hundred yards between them and in

310
00:14:05,990 --> 00:14:04,800
between them lies rendelsham forest

311
00:14:08,629 --> 00:14:06,000
and for the

312
00:14:10,710 --> 00:14:08,639
historians amongst you i mentioned the

313
00:14:14,310 --> 00:14:10,720

second world war ben waters and

314

00:14:17,509 --> 00:14:14,320

woodbridge were basically uh emergency

315

00:14:18,550 --> 00:14:17,519

air aircraft um

316

00:14:21,269 --> 00:14:18,560

uh

317

00:14:23,269 --> 00:14:21,279

landing bases from the second world war

318

00:14:26,550 --> 00:14:23,279

when um

319

00:14:30,150 --> 00:14:26,560

planes had been on bombing missions over

320

00:14:33,030 --> 00:14:30,160

nazi germany and other parts of um

321

00:14:36,150 --> 00:14:33,040

nazi occupied europe

322

00:14:38,629 --> 00:14:36,160

when bombers were damaged and were

323

00:14:41,590 --> 00:14:38,639

limping back to the uk

324

00:14:42,949 --> 00:14:41,600

they needed very long and wide runways

325

00:14:45,990 --> 00:14:42,959

uh very

326

00:14:47,829 --> 00:14:46,000

close to the east coast and bent waters

327

00:14:49,430 --> 00:14:47,839

and woodbridge were built with that in

328

00:14:52,310 --> 00:14:49,440

mind so that's the history of these

329

00:14:54,870 --> 00:14:52,320

bases but they are i call them twin

330

00:14:56,710 --> 00:14:54,880

bases and because they are so close

331

00:14:59,750 --> 00:14:56,720

together

332

00:15:03,269 --> 00:14:59,760

for command and control purposes in the

333

00:15:05,829 --> 00:15:03,279

us military the twin bases were treated

334

00:15:09,269 --> 00:15:05,839

as a single entity so there is a there

335

00:15:11,750 --> 00:15:09,279

was a single officer in overall command

336

00:15:14,870 --> 00:15:11,760

and uh that of course made a a great

337

00:15:17,910 --> 00:15:14,880

deal of sense so if you ever get

338

00:15:20,230 --> 00:15:17,920

slightly confused by uh

339

00:15:23,030 --> 00:15:20,240

people talking about bent waters

340

00:15:26,310 --> 00:15:23,040

woodbridge rendelsham forest the twin

341

00:15:28,470 --> 00:15:26,320

bases it's all basically this the same

342

00:15:32,310 --> 00:15:28,480

place

343

00:15:35,350 --> 00:15:32,320

and just to put this in some sort of uh

344

00:15:38,710 --> 00:15:35,360

historical context for you

345

00:15:44,230 --> 00:15:38,720

december 1980 was a time of some

346

00:15:49,670 --> 00:15:46,710

arguably we were coming up to the

347

00:15:53,430 --> 00:15:49,680

greatest period of danger of a third

348

00:15:55,350 --> 00:15:53,440

world war since the cuban missile crisis

349

00:15:58,310 --> 00:15:55,360

and a big

350

00:16:01,670 --> 00:15:58,320

cause of this danger was

351

00:16:05,189 --> 00:16:01,680

the soviet reaction to the rise

352

00:16:07,990 --> 00:16:05,199

in power and popularity of the polish

353

00:16:10,230 --> 00:16:08,000

trade union solidarity

354

00:16:12,550 --> 00:16:10,240

and

355

00:16:17,189 --> 00:16:12,560

there was still the very hard-line

356

00:16:19,030 --> 00:16:17,199

soviet regime of the ailing president

357

00:16:21,590 --> 00:16:19,040

leonard brezhnev

358

00:16:24,870 --> 00:16:21,600

but ranged against him

359

00:16:27,030 --> 00:16:24,880

was the newly elected hard-line prime

360

00:16:30,550 --> 00:16:27,040

minister of the united kingdom margaret

361

00:16:33,430 --> 00:16:30,560

thatcher who was taking a very tough

362

00:16:35,350 --> 00:16:33,440

stance with the soviets and of course in

363

00:16:37,670 --> 00:16:35,360

december 1980

364

00:16:40,150 --> 00:16:37,680

though he had not just not yet been

365

00:16:42,710 --> 00:16:40,160

inaugurated

366

00:16:45,350 --> 00:16:42,720

president ronald reagan had won the

367

00:16:46,629 --> 00:16:45,360

election and was making it very clear

368

00:16:48,870 --> 00:16:46,639

that he too

369

00:16:52,550 --> 00:16:48,880

was going to take a tough line with the

370

00:16:53,430 --> 00:16:52,560

soviets and indeed that that combination

371

00:16:55,990 --> 00:16:53,440

of

372

00:16:58,629 --> 00:16:56,000

ronald reagan and margaret thatcher was

373

00:17:00,710 --> 00:16:58,639

a a political double act the

374

00:17:03,269 --> 00:17:00,720

consequences of which i think

375

00:17:05,829 --> 00:17:03,279

are still being felt today in the way it

376

00:17:07,350 --> 00:17:05,839

changed the world so this was the

377

00:17:13,429 --> 00:17:07,360

backdrop

378

00:17:15,829 --> 00:17:13,439

reynoldsham forest incident and to cut

379

00:17:17,429 --> 00:17:15,839

straight to the chase

380

00:17:19,110 --> 00:17:17,439

you're probably thinking gosh he's

381

00:17:21,510 --> 00:17:19,120

spoken for about 15 minutes and he

382

00:17:23,750 --> 00:17:21,520

hasn't even got to the bit about the ufo

383

00:17:25,829 --> 00:17:23,760

yet well sorry about that but i always

384

00:17:27,590 --> 00:17:25,839

think it is

385

00:17:30,310 --> 00:17:27,600

interesting and important to

386

00:17:32,070 --> 00:17:30,320

contextualize some of this and say well

387

00:17:34,230 --> 00:17:32,080

let's not just tell the story in a

388

00:17:36,710 --> 00:17:34,240

vacuum but let's

389

00:17:39,430 --> 00:17:36,720

ask ourselves what was the backdrop

390

00:17:42,230 --> 00:17:39,440

against which all this played out

391

00:17:44,870 --> 00:17:42,240

so i hope that's been important and of

392

00:17:48,630 --> 00:17:44,880

interest to you

393

00:17:51,510 --> 00:17:48,640

so we get to the early hours

394

00:17:53,430 --> 00:17:51,520

of december 26th

395

00:17:54,710 --> 00:17:53,440

1980

396

00:17:59,750 --> 00:17:54,720

and

397

00:18:01,830 --> 00:17:59,760

personnel at the twin bases of bent

398

00:18:03,830 --> 00:18:01,840

waters and wood bridge

399

00:18:07,510 --> 00:18:03,840

on patrol

400

00:18:10,390 --> 00:18:07,520

see strange coloured lights out in

401
00:18:12,630 --> 00:18:10,400
rendelsham forest

402
00:18:15,270 --> 00:18:12,640
and their first thought

403
00:18:17,830 --> 00:18:15,280
is that maybe an aircraft has crashed

404
00:18:20,070 --> 00:18:17,840
and is burning

405
00:18:23,029 --> 00:18:20,080
not the military aircraft they knew that

406
00:18:25,990 --> 00:18:23,039
there were no military aircraft from the

407
00:18:28,549 --> 00:18:26,000
bases flying and the main aircraft that

408
00:18:30,390 --> 00:18:28,559
they flew by the way was the a-10 tank

409
00:18:33,669 --> 00:18:30,400
master

410
00:18:35,909 --> 00:18:33,679
which we by the way uh still see when

411
00:18:39,350 --> 00:18:35,919
we're at our place in tucson they're

412
00:18:40,549 --> 00:18:39,360
still based at davis-monthan and they're

413
00:18:43,750 --> 00:18:40,559

still getting

414

00:18:45,430 --> 00:18:43,760

extended year on year

415

00:18:46,950 --> 00:18:45,440

but that's another story

416

00:18:49,190 --> 00:18:46,960

so

417

00:18:51,270 --> 00:18:49,200

they see these strange lights in the

418

00:18:52,950 --> 00:18:51,280

forest

419

00:18:55,669 --> 00:18:52,960

red

420

00:18:57,430 --> 00:18:55,679

blue white

421

00:19:00,310 --> 00:18:57,440

all sorts of colors

422

00:19:03,909 --> 00:19:00,320

and they think there is this um aircraft

423

00:19:05,270 --> 00:19:03,919

crash so they seek and obtain permission

424

00:19:07,110 --> 00:19:05,280

to go out

425

00:19:09,830 --> 00:19:07,120

into the forest

426
00:19:12,150 --> 00:19:09,840
and i won't bore you with a whole load

427
00:19:15,510 --> 00:19:12,160
of jurisdictional

428
00:19:18,470 --> 00:19:15,520
kind of information but

429
00:19:21,510 --> 00:19:18,480
the situation regarding american bases

430
00:19:24,230 --> 00:19:21,520
on british soil can be quite complex

431
00:19:25,990 --> 00:19:24,240
legally and jurisdictionally but

432
00:19:28,630 --> 00:19:26,000
obviously in a situation where you think

433
00:19:31,510 --> 00:19:28,640
that lives might be in danger or that

434
00:19:33,029 --> 00:19:31,520
there might be a security situation

435
00:19:35,669 --> 00:19:33,039
you can

436
00:19:38,390 --> 00:19:35,679
go out beyond the wire and so the

437
00:19:41,750 --> 00:19:38,400
american personnel went off base out

438
00:19:44,150 --> 00:19:41,760

into the forest to see what was going on

439

00:19:48,789 --> 00:19:44,160

and if it was an aircraft crash and a

440

00:19:54,549 --> 00:19:51,350

as they drove out there in

441

00:19:59,669 --> 00:19:56,950

one of the military

442

00:20:01,750 --> 00:19:59,679

police made a comment which

443

00:20:03,830 --> 00:20:01,760

kind of disconcerted

444

00:20:05,350 --> 00:20:03,840

a lot of the other people and they were

445

00:20:07,830 --> 00:20:05,360

talking they were talking about this

446

00:20:10,070 --> 00:20:07,840

crash and one of them said

447

00:20:12,870 --> 00:20:10,080

it didn't crash

448

00:20:15,669 --> 00:20:12,880

it landed

449

00:20:17,590 --> 00:20:15,679

so with this in their minds as they went

450

00:20:19,669 --> 00:20:17,600

out there it it

451

00:20:21,830 --> 00:20:19,679

perhaps put things into a different

452

00:20:23,830 --> 00:20:21,840

light now

453

00:20:26,070 --> 00:20:23,840

the names of the people that went out

454

00:20:27,430 --> 00:20:26,080

there the key players in a lot of this

455

00:20:30,390 --> 00:20:27,440

are

456

00:20:32,630 --> 00:20:30,400

particularly john burroughs and jim

457

00:20:34,630 --> 00:20:32,640

peniston

458

00:20:35,590 --> 00:20:34,640

john was an airman

459

00:20:38,149 --> 00:20:35,600

uh

460

00:20:40,310 --> 00:20:38,159

and jim basically was the security

461

00:20:41,350 --> 00:20:40,320

supervisor that night uh he was a

462

00:20:43,270 --> 00:20:41,360

sergeant

463

00:20:45,190 --> 00:20:43,280

and um

464

00:20:47,669 --> 00:20:45,200

they were the two people that got

465

00:20:49,430 --> 00:20:47,679

closest to this ufo one of the things

466

00:20:52,390 --> 00:20:49,440

that happened as they drove out there in

467

00:20:53,990 --> 00:20:52,400

their jeep is that

468

00:20:56,310 --> 00:20:54,000

uh firstly the

469

00:20:57,909 --> 00:20:56,320

the path they were following into the

470

00:21:00,070 --> 00:20:57,919

forest got

471

00:21:01,590 --> 00:21:00,080

less and less

472

00:21:03,590 --> 00:21:01,600

accessible

473

00:21:05,190 --> 00:21:03,600

so at one point they had to basically

474

00:21:07,830 --> 00:21:05,200

stop the jeep

475

00:21:10,549 --> 00:21:07,840

because it was just um two the trees

476
00:21:14,070 --> 00:21:10,559
were too close in to continue driving

477
00:21:15,830 --> 00:21:14,080
and they had to continue on foot

478
00:21:18,470 --> 00:21:15,840
the other thing that happened is the

479
00:21:20,870 --> 00:21:18,480
radios started playing up and these were

480
00:21:22,789 --> 00:21:20,880
usually pretty reliable line of sight

481
00:21:26,390 --> 00:21:22,799
radios and yet there was a lot of

482
00:21:29,750 --> 00:21:26,400
interference so they kept leaving people

483
00:21:31,590 --> 00:21:29,760
behind to set up a communications relay

484
00:21:33,750 --> 00:21:31,600
a radio relay

485
00:21:37,029 --> 00:21:33,760
that they would only work for maybe a

486
00:21:41,590 --> 00:21:39,270
which was highly unusual

487
00:21:45,029 --> 00:21:41,600
these everyone who i've spoken to about

488
00:21:46,950 --> 00:21:45,039

the radios said well hey the radios were

489

00:21:49,110 --> 00:21:46,960

absolutely the lifeblood of what the

490

00:21:51,430 --> 00:21:49,120

security and the law enforcement

491

00:21:53,270 --> 00:21:51,440

personnel used and a whole bunch of

492

00:21:55,350 --> 00:21:53,280

other people too of course i don't have

493

00:21:57,190 --> 00:21:55,360

to tell those of you with police and

494

00:22:00,310 --> 00:21:57,200

military backgrounds how central

495

00:22:02,470 --> 00:22:00,320

communications is to operational

496

00:22:05,270 --> 00:22:02,480

effectiveness and having a reliable

497

00:22:07,510 --> 00:22:05,280

radio is is one of the most important

498

00:22:09,750 --> 00:22:07,520

things uh that you can have in that kind

499

00:22:12,950 --> 00:22:09,760

of situation these were reliable pieces

500

00:22:15,110 --> 00:22:12,960

of kit and yet it seemed that something

501
00:22:16,070 --> 00:22:15,120
was interfering with them i'll come back

502
00:22:21,430 --> 00:22:16,080
to the

503
00:22:27,029 --> 00:22:24,470
john burroughs and jim peniston

504
00:22:29,029 --> 00:22:27,039
went furthest forward

505
00:22:30,789 --> 00:22:29,039
like i say other people had been left

506
00:22:33,270 --> 00:22:30,799
back some with the jeep

507
00:22:35,990 --> 00:22:33,280
some between the jeep and where jim and

508
00:22:37,990 --> 00:22:36,000
john were pressing right on

509
00:22:40,549 --> 00:22:38,000
deep into the forest and they knew that

510
00:22:43,909 --> 00:22:40,559
they were getting incredibly close to

511
00:22:46,950 --> 00:22:43,919
this ufo uh to pardon me to this this

512
00:22:51,830 --> 00:22:46,960
thing whatever it was i i say ufo no one

513
00:22:56,470 --> 00:22:54,070

john and jim were treating it as a

514

00:22:59,510 --> 00:22:56,480

security situation a possible plane

515

00:23:04,390 --> 00:22:59,520

crash but whatever it was

516

00:23:11,909 --> 00:23:08,950

biggest and most strategically important

517

00:23:17,350 --> 00:23:14,470

military bases in the entire nato

518

00:23:20,149 --> 00:23:17,360

command structure

519

00:23:21,350 --> 00:23:20,159

self-evidently anything weird going on

520

00:23:23,909 --> 00:23:21,360

close

521

00:23:28,789 --> 00:23:23,919

to ben waters and woodbridge would of

522

00:23:29,750 --> 00:23:28,799

itself be of huge security concern

523

00:23:33,990 --> 00:23:29,760

and

524

00:23:34,789 --> 00:23:34,000

pressed forward

525

00:23:36,870 --> 00:23:34,799

and

526
00:23:39,430 --> 00:23:36,880
there came a point where the trees began

527
00:23:42,950 --> 00:23:39,440
to thin out and they came to a

528
00:23:46,789 --> 00:23:42,960
small clearing in the forest

529
00:23:49,350 --> 00:23:46,799
uh john burroughs often says that the

530
00:23:52,789 --> 00:23:49,360
the word clearing is slightly misleading

531
00:23:55,990 --> 00:23:52,799
he says you know this thing really was a

532
00:23:59,350 --> 00:23:56,000
little more than a a small gap

533
00:24:02,149 --> 00:23:59,360
in the trees maybe uh no more than

534
00:24:05,110 --> 00:24:02,159
than you know 12 15

535
00:24:07,510 --> 00:24:05,120
yards across something like that not not

536
00:24:09,029 --> 00:24:07,520
like a huge space like like this

537
00:24:11,669 --> 00:24:09,039
auditorium

538
00:24:14,710 --> 00:24:11,679

much smaller

539

00:24:16,950 --> 00:24:14,720

what they found there was not a crashed

540

00:24:19,990 --> 00:24:16,960

aircraft

541

00:24:22,710 --> 00:24:20,000

but well let me show you jim's sketch of

542

00:24:27,430 --> 00:24:25,909

that's jim peniston's sketch

543

00:24:29,510 --> 00:24:27,440

of the ufo

544

00:24:31,909 --> 00:24:29,520

taken from his

545

00:24:35,110 --> 00:24:31,919

police notebook his original police

546

00:24:36,070 --> 00:24:35,120

notebook which he still has

547

00:24:38,310 --> 00:24:36,080

and

548

00:24:41,350 --> 00:24:38,320

jim has made it perfectly clear to any

549

00:24:42,710 --> 00:24:41,360

skeptics who doubt the story that he is

550

00:24:44,870 --> 00:24:42,720

completely

551
00:24:47,669 --> 00:24:44,880
comfortable with his police notebook

552
00:24:49,350 --> 00:24:47,679
being forensicated so that it can be

553
00:24:52,070 --> 00:24:49,360
proven that the

554
00:24:55,590 --> 00:24:52,080
paper and specifically the ink on the

555
00:24:57,669 --> 00:24:55,600
paper is is um

556
00:24:59,430 --> 00:24:57,679
contemporary 1980

557
00:25:01,590 --> 00:24:59,440
and this isn't something that was added

558
00:25:04,549 --> 00:25:01,600
in later and of course for those of you

559
00:25:06,230 --> 00:25:04,559
who watch tv shows like forensic files

560
00:25:06,870 --> 00:25:06,240
you'll know that there are a whole bunch

561
00:25:09,750 --> 00:25:06,880
of

562
00:25:12,789 --> 00:25:09,760
forensic specialists who who specialize

563
00:25:15,590 --> 00:25:12,799

in document analysis so the science is

564

00:25:18,149 --> 00:25:15,600

there this can be done um

565

00:25:19,909 --> 00:25:18,159

and jim is quite happy to make this

566

00:25:22,470 --> 00:25:19,919

available and indeed i believe that he

567

00:25:26,789 --> 00:25:22,480

has already made it available uh i think

568

00:25:29,110 --> 00:25:26,799

to history channel who who made a a show

569

00:25:33,110 --> 00:25:29,120

about this some years ago so in a sense

570

00:25:35,110 --> 00:25:33,120

the forensication has already been done

571

00:25:38,390 --> 00:25:35,120

i don't have to tell you

572

00:25:40,470 --> 00:25:38,400

that that's not a crashed aircraft

573

00:25:43,830 --> 00:25:40,480

i don't have to tell you i'm sure that

574

00:25:47,510 --> 00:25:43,840

that's not a conventional aircraft

575

00:25:50,789 --> 00:25:47,520

or drone of of really any kind and

576

00:25:53,830 --> 00:25:50,799

one of the things that jim peniston

577

00:25:59,590 --> 00:25:53,840

had in his duties is he was an aircraft

578

00:26:05,510 --> 00:26:02,630

aircraft that the americans

579

00:26:08,470 --> 00:26:05,520

themselves had or whether it was

580

00:26:12,310 --> 00:26:08,480

something that the soviets or indeed

581

00:26:15,190 --> 00:26:12,320

other nations have if it flew

582

00:26:17,750 --> 00:26:15,200

jim peniston knew about it and he really

583

00:26:20,070 --> 00:26:17,760

was a deep specialist on this and he

584

00:26:22,470 --> 00:26:20,080

said this is like nothing he'd ever seen

585

00:26:25,830 --> 00:26:22,480

before in his life now the first thing

586

00:26:28,070 --> 00:26:25,840

that jim did he had a camera with him he

587

00:26:29,750 --> 00:26:28,080

shot off a whole roll of film of this

588

00:26:34,310 --> 00:26:29,760

thing but

589

00:26:38,710 --> 00:26:37,110

after he shot off his film

590

00:26:40,870 --> 00:26:38,720

um

591

00:26:43,430 --> 00:26:40,880

he because he'd ran out of film he

592

00:26:45,430 --> 00:26:43,440

sketched it in his police notebook it's

593

00:26:48,710 --> 00:26:45,440

a good job he did

594

00:26:51,510 --> 00:26:48,720

because later the base photo processing

595

00:26:53,590 --> 00:26:51,520

laboratory told him oh sorry jim your

596

00:26:55,190 --> 00:26:53,600

film didn't come out

597

00:26:56,470 --> 00:26:55,200

well

598

00:26:57,909 --> 00:26:56,480

there are a whole bunch of people who

599

00:27:00,230 --> 00:26:57,919

don't believe that

600

00:27:03,350 --> 00:27:00,240

who think that maybe the powers that be

601
00:27:04,950 --> 00:27:03,360
spirited away the film but

602
00:27:06,390 --> 00:27:04,960
jim and some of the other people

603
00:27:07,269 --> 00:27:06,400
involved say

604
00:27:08,630 --> 00:27:07,279
well

605
00:27:11,190 --> 00:27:08,640
actually

606
00:27:14,710 --> 00:27:11,200
the the light was so bright that maybe

607
00:27:17,110 --> 00:27:14,720
that was a true statement from the base

608
00:27:19,750 --> 00:27:17,120
processing lab and the other thing that

609
00:27:20,630 --> 00:27:19,760
i'm going to come on to

610
00:27:25,190 --> 00:27:20,640
is

611
00:27:27,990 --> 00:27:25,200
radiation at the landing site and

612
00:27:29,990 --> 00:27:28,000
it's quite possible that radioactivity

613
00:27:31,750 --> 00:27:30,000

was responsible for the fogging of this

614

00:27:34,390 --> 00:27:31,760

film so

615

00:27:35,990 --> 00:27:34,400

for people who are saying

616

00:27:38,070 --> 00:27:36,000

i don't believe it the government

617

00:27:40,950 --> 00:27:38,080

spirited away the film that's not

618

00:27:43,269 --> 00:27:40,960

necessarily true it might be true but it

619

00:27:44,870 --> 00:27:43,279

might be that a combination of the

620

00:27:47,110 --> 00:27:44,880

bright light

621

00:27:48,630 --> 00:27:47,120

and the radioactivity

622

00:27:50,630 --> 00:27:48,640

genuinely did

623

00:27:54,070 --> 00:27:50,640

mean that the film didn't come out in

624

00:27:57,669 --> 00:27:54,080

any usable form i don't know the answer

625

00:27:59,990 --> 00:27:57,679

to that particular part of it well

626

00:28:02,149 --> 00:28:00,000

jim

627

00:28:03,430 --> 00:28:02,159

decided that after he'd shot off his

628

00:28:05,750 --> 00:28:03,440

film and

629

00:28:08,470 --> 00:28:05,760

done his sketch he'd better get as close

630

00:28:10,789 --> 00:28:08,480

as he could so he went right up to this

631

00:28:13,830 --> 00:28:11,830

and

632

00:28:16,950 --> 00:28:13,840

it's kind of interesting if you talk to

633

00:28:18,310 --> 00:28:16,960

jim and john about what happened to them

634

00:28:20,389 --> 00:28:18,320

and if you talk to some of the other

635

00:28:21,909 --> 00:28:20,399

witnesses who went out but stayed a

636

00:28:23,510 --> 00:28:21,919

little further back

637

00:28:25,510 --> 00:28:23,520

it's kind of like a whole bunch of

638

00:28:28,149 --> 00:28:25,520

people went out into the forest that

639

00:28:29,269 --> 00:28:28,159

night they all came back with slightly

640

00:28:35,750 --> 00:28:29,279

different

641

00:28:37,269 --> 00:28:35,760

of what exactly happened to them

642

00:28:41,590 --> 00:28:37,279

john burroughs

643

00:28:45,510 --> 00:28:41,600

talks for example about a flash of light

644

00:28:49,110 --> 00:28:45,520

and suddenly just not being aware of

645

00:28:52,470 --> 00:28:49,120

where he was anymore and you'll hear

646

00:28:55,350 --> 00:28:52,480

sometimes from john the phrase

647

00:28:57,350 --> 00:28:55,360

going into the light

648

00:29:00,230 --> 00:28:57,360

well i really don't uh

649

00:29:02,230 --> 00:29:00,240

have the time to go into what i i

650

00:29:05,110 --> 00:29:02,240

suppose might almost become

651
00:29:07,110 --> 00:29:05,120
a more new age presentation but of

652
00:29:10,389 --> 00:29:07,120
course those of you who are interested

653
00:29:13,269 --> 00:29:10,399
not just in ufos but in some other

654
00:29:15,909 --> 00:29:13,279
paranormal phenomena mysteries into

655
00:29:18,389 --> 00:29:15,919
maybe more new age and spiritual things

656
00:29:20,149 --> 00:29:18,399
near-death experiences out-of-body

657
00:29:23,190 --> 00:29:20,159
experiences

658
00:29:26,389 --> 00:29:23,200
the idea of going into the light

659
00:29:28,470 --> 00:29:26,399
which is a phrase john barrows has used

660
00:29:31,029 --> 00:29:28,480
maybe has some other

661
00:29:34,549 --> 00:29:31,039
connotations which take us away from

662
00:29:37,430 --> 00:29:34,559
ufos and into the realm of some other

663
00:29:38,470 --> 00:29:37,440

phenomena but for the the time being i'm

664

00:29:40,950 --> 00:29:38,480

going to

665

00:29:42,549 --> 00:29:40,960

stick as we've got it and as it's an

666

00:29:44,710 --> 00:29:42,559

important part of the

667

00:29:47,110 --> 00:29:44,720

paper trail of this like i say this

668

00:29:49,510 --> 00:29:47,120

comes from jim peniston's police

669

00:29:51,269 --> 00:29:49,520

notebook um i'm going to stick with jim

670

00:29:53,190 --> 00:29:51,279

peniston's

671

00:29:55,750 --> 00:29:53,200

recollection of this

672

00:29:59,510 --> 00:29:55,760

he thought that he had better

673

00:30:02,549 --> 00:29:59,520

do his best to document this

674

00:30:05,190 --> 00:30:02,559

at one point jim observed a flash of

675

00:30:07,750 --> 00:30:05,200

light and he couldn't really see where

676
00:30:09,430 --> 00:30:07,760
john was and he even thought that john

677
00:30:12,549 --> 00:30:09,440
might be

678
00:30:14,389 --> 00:30:12,559
down a casualty

679
00:30:16,710 --> 00:30:14,399
and that he himself

680
00:30:19,590 --> 00:30:16,720
might if this thing whatever it was was

681
00:30:24,230 --> 00:30:19,600
hostile he might not come back from this

682
00:30:27,750 --> 00:30:26,149
i'll do some sketches

683
00:30:28,789 --> 00:30:27,760
he thought if i don't come back from

684
00:30:31,029 --> 00:30:28,799
this

685
00:30:32,389 --> 00:30:31,039
maybe they'll find the camera he didn't

686
00:30:33,269 --> 00:30:32,399
know at the time the thing about the

687
00:30:34,789 --> 00:30:33,279
film

688
00:30:37,350 --> 00:30:34,799

maybe they'll find my camera maybe

689

00:30:38,630 --> 00:30:37,360

they'll find my police notebook

690

00:30:40,630 --> 00:30:38,640

if i don't

691

00:30:42,870 --> 00:30:40,640

survive this

692

00:30:45,350 --> 00:30:42,880

which was going through his mind

693

00:30:47,830 --> 00:30:45,360

or maybe they'll find the camera in the

694

00:30:50,630 --> 00:30:47,840

notebook and maybe people will piece

695

00:30:52,470 --> 00:30:50,640

together what happened to us so he

696

00:30:54,470 --> 00:30:52,480

wanted to kind of document this to the

697

00:30:56,630 --> 00:30:54,480

best of his ability

698

00:31:00,070 --> 00:30:56,640

so he sketched

699

00:31:04,549 --> 00:31:02,310

on the side of the craft

700

00:31:07,350 --> 00:31:04,559

were strange symbols

701
00:31:11,990 --> 00:31:09,669
that he could only really liken to

702
00:31:15,430 --> 00:31:12,000
egyptian hieroglyphs

703
00:31:16,470 --> 00:31:15,440
and he sketched these these symbols too

704
00:31:28,870 --> 00:31:16,480
and

705
00:31:28,880 --> 00:31:33,750
touched

706
00:31:39,909 --> 00:31:38,230
this final symbol there the the big one

707
00:31:43,430 --> 00:31:39,919
for those of you who have seen a couple

708
00:31:46,630 --> 00:31:43,440
of the recent recreations of this on tv

709
00:31:48,710 --> 00:31:46,640
you'll know that when he touched that

710
00:31:51,029 --> 00:31:48,720
final

711
00:31:55,269 --> 00:31:51,039
symbol which was larger than the others

712
00:31:58,070 --> 00:31:56,149
and

713
00:32:01,269 --> 00:31:58,080

i'll come on later

714

00:32:02,710 --> 00:32:01,279

to what happened to him kind of in in

715

00:32:05,110 --> 00:32:02,720

his mind

716

00:32:07,029 --> 00:32:05,120

but for the time being just to keep the

717

00:32:09,029 --> 00:32:07,039

story on

718

00:32:11,350 --> 00:32:09,039

the craft

719

00:32:12,710 --> 00:32:11,360

i will say that from

720

00:32:14,950 --> 00:32:12,720

uh

721

00:32:20,630 --> 00:32:14,960

now this thing was about nine feet

722

00:32:20,640 --> 00:32:23,669

along the

723

00:32:29,830 --> 00:32:25,750

this was back engineered from roswell by

724

00:32:29,840 --> 00:32:32,789

along

725

00:32:37,190 --> 00:32:35,750

the base there

726

00:32:40,549 --> 00:32:37,200

near as we can

727

00:32:42,950 --> 00:32:40,559

figure from what jim says

728

00:32:44,389 --> 00:32:42,960

the length there is really only about

729

00:32:46,789 --> 00:32:44,399

nine feet

730

00:32:49,110 --> 00:32:46,799

now this thing is not big um bear in

731

00:32:51,509 --> 00:32:49,120

mind again what john said about how this

732

00:32:54,830 --> 00:32:51,519

wasn't even really what he would call a

733

00:32:58,470 --> 00:32:54,840

clearing more of a small opening in the

734

00:33:00,950 --> 00:32:58,480

trees so that bit was maybe

735

00:33:04,149 --> 00:33:00,960

nine feet and measured from the bottom

736

00:33:08,710 --> 00:33:05,990

that was maybe about

737

00:33:09,430 --> 00:33:08,720

nine feet two well

738

00:33:27,669 --> 00:33:09,440

i

739

00:33:29,909 --> 00:33:27,679

they actually

740

00:33:31,190 --> 00:33:29,919

poured plaster of paris

741

00:33:33,269 --> 00:33:31,200

into this

742

00:33:35,909 --> 00:33:33,279

um

743

00:33:38,870 --> 00:33:35,919

and to and and so that was part of the

744

00:33:41,509 --> 00:33:38,880

investigation to to try to make some

745

00:33:44,070 --> 00:33:41,519

calculations about uh

746

00:33:46,389 --> 00:33:44,080

the the shape of this craft and the

747

00:33:49,110 --> 00:33:46,399

shape particularly of the part of the

748

00:33:51,350 --> 00:33:49,120

craft that had actually uh been in

749

00:33:53,590 --> 00:33:51,360

contact with the ground and had made

750

00:33:56,630 --> 00:33:53,600

these indentations

751
00:34:01,590 --> 00:33:59,029
those plaster casts

752
00:34:04,789 --> 00:34:01,600
at least one of them still exists

753
00:34:07,430 --> 00:34:04,799
and again have been

754
00:34:08,950 --> 00:34:07,440
brought out for a couple of the tv shows

755
00:34:11,430 --> 00:34:08,960
on this

756
00:34:15,030 --> 00:34:12,950
the other thing

757
00:34:16,389 --> 00:34:15,040
that they saw at the landing site while

758
00:34:19,270 --> 00:34:16,399
they were waiting for the lighthouse to

759
00:34:22,790 --> 00:34:19,280
come out was that um

760
00:34:25,270 --> 00:34:22,800
the sides of the trees

761
00:34:27,909 --> 00:34:25,280
facing the clearing

762
00:34:30,470 --> 00:34:27,919
seemed to be damaged

763
00:34:31,750 --> 00:34:30,480

branches had been smashed off and just

764

00:34:34,470 --> 00:34:31,760

exactly

765

00:34:38,389 --> 00:34:34,480

uh in a way that would be consistent

766

00:34:40,470 --> 00:34:38,399

with what jim said about this this craft

767

00:34:43,270 --> 00:34:40,480

uh

768

00:34:46,950 --> 00:34:43,280

jim said that really the hole in the

769

00:34:49,270 --> 00:34:46,960

canopy was really only inches bigger

770

00:34:49,990 --> 00:34:49,280

than this craft itself

771

00:34:52,710 --> 00:34:50,000

so

772

00:34:55,030 --> 00:34:52,720

it it really did have to maneuver as it

773

00:34:57,030 --> 00:34:55,040

moved up he didn't see it of course

774

00:34:59,030 --> 00:34:57,040

maneuver come in in the first place it

775

00:35:01,430 --> 00:34:59,040

was already on the ground by the time he

776

00:35:04,870 --> 00:35:01,440

got to the clearing but um

777

00:35:07,270 --> 00:35:04,880

it was pretty obvious to him that

778

00:35:10,310 --> 00:35:07,280

the branches that had been smashed off

779

00:35:13,430 --> 00:35:10,320

the trees had been knocked off

780

00:35:15,910 --> 00:35:13,440

by this craft as it had come down and as

781

00:35:18,150 --> 00:35:15,920

it took off again afterwards and again

782

00:35:20,630 --> 00:35:18,160

that was one thing that colonel holt and

783

00:35:22,630 --> 00:35:20,640

his team were able to document when they

784

00:35:25,670 --> 00:35:22,640

went out there

785

00:35:27,270 --> 00:35:25,680

was that this this tree damage had

786

00:35:29,349 --> 00:35:27,280

occurred

787

00:35:31,270 --> 00:35:29,359

so we had the indentations

788

00:35:33,510 --> 00:35:31,280

on the ground we had the branches

789

00:35:36,310 --> 00:35:33,520

smashed off

790

00:35:38,950 --> 00:35:36,320

really disconcertingly the sides of the

791

00:35:41,750 --> 00:35:38,960

trees facing inwards

792

00:35:44,390 --> 00:35:41,760

so so the the inward

793

00:35:45,270 --> 00:35:44,400

sides of the trees that had been

794

00:35:48,390 --> 00:35:45,280

really

795

00:35:51,910 --> 00:35:48,400

adjacent to this craft were kind of

796

00:35:57,030 --> 00:35:55,030

as if a high heat source had been there

797

00:35:58,710 --> 00:35:57,040

and perhaps it was only the fact that it

798

00:36:02,310 --> 00:35:58,720

was pretty cold and

799

00:36:05,190 --> 00:36:02,320

wet had actually prevented a fire

800

00:36:08,470 --> 00:36:05,200

but again the scorch marks

801
00:36:11,829 --> 00:36:08,480
were obvious to the the naked eye to the

802
00:36:12,710 --> 00:36:11,839
people um examining this this landing

803
00:36:17,430 --> 00:36:12,720
site

804
00:36:23,030 --> 00:36:19,589
one of the people out there in colonel

805
00:36:26,390 --> 00:36:23,040
holt's team was

806
00:36:28,710 --> 00:36:26,400
the disaster preparedness officer now

807
00:36:30,470 --> 00:36:28,720
he's not done too many interviews but he

808
00:36:33,430 --> 00:36:30,480
has recently

809
00:36:37,030 --> 00:36:33,440
begun to to do a couple on on this and

810
00:36:39,109 --> 00:36:37,040
his name is monroe neville's

811
00:36:41,109 --> 00:36:39,119
and he's a very important part of this

812
00:36:43,270 --> 00:36:41,119
story because as the disaster

813
00:36:46,710 --> 00:36:43,280

preparedness officer

814

00:36:49,829 --> 00:36:46,720

one of the things that he brought out

815

00:36:50,710 --> 00:36:49,839

was a geiger counter

816

00:36:53,430 --> 00:36:50,720

and

817

00:36:55,750 --> 00:36:53,440

colonel hall basically told monroe

818

00:36:58,150 --> 00:36:55,760

neville's i want you to

819

00:36:59,990 --> 00:36:58,160

run the geiger counter around the

820

00:37:01,510 --> 00:37:00,000

landing site and see if you pick

821

00:37:04,150 --> 00:37:01,520

anything up

822

00:37:06,870 --> 00:37:04,160

well he got some moderate readings from

823

00:37:08,550 --> 00:37:06,880

the clearing but when he

824

00:37:09,349 --> 00:37:08,560

zoomed in

825

00:37:13,430 --> 00:37:09,359

on

826
00:37:15,589 --> 00:37:13,440
in the ground

827
00:37:18,470 --> 00:37:15,599
and by the way i forgot to mention my

828
00:37:21,349 --> 00:37:18,480
apologies a central

829
00:37:23,510 --> 00:37:21,359
but slightly less profound depression in

830
00:37:24,630 --> 00:37:23,520
the middle of those three

831
00:37:27,030 --> 00:37:24,640
marks

832
00:37:29,910 --> 00:37:27,040
he found that he got spikes of

833
00:37:31,030 --> 00:37:29,920
radioactivity

834
00:37:33,910 --> 00:37:31,040
and

835
00:37:36,390 --> 00:37:33,920
when he ran the geya counter along the

836
00:37:39,430 --> 00:37:36,400
trees that were facing inwards that had

837
00:37:46,230 --> 00:37:39,440
the scorch marks on again

838
00:37:50,950 --> 00:37:49,349

at that point and i'll come back to the

839

00:37:52,069 --> 00:37:50,960

the radioactivity because this is

840

00:37:53,910 --> 00:37:52,079

important

841

00:37:56,950 --> 00:37:53,920

but at that point as they were

842

00:38:00,230 --> 00:37:56,960

documenting all of this the tree damage

843

00:38:02,390 --> 00:38:00,240

the indentations the radioactivity

844

00:38:04,950 --> 00:38:02,400

one of them shouted out hey look over

845

00:38:07,030 --> 00:38:04,960

there through the trees and before they

846

00:38:09,910 --> 00:38:07,040

got the chance to light everything up

847

00:38:12,550 --> 00:38:09,920

with the light holes

848

00:38:16,630 --> 00:38:12,560

they actually saw through the

849

00:38:20,790 --> 00:38:16,640

through the forest a bright light

850

00:38:23,349 --> 00:38:20,800

and it was moving erratically and

851

00:38:24,470 --> 00:38:23,359

my apologies i don't have this set up

852

00:38:25,910 --> 00:38:24,480

but

853

00:38:27,829 --> 00:38:25,920

some of you may be familiar with the

854

00:38:30,230 --> 00:38:27,839

fact that colonel hall one of the things

855

00:38:33,270 --> 00:38:30,240

that colonel holt

856

00:38:36,310 --> 00:38:33,280

often did was that he took with him a

857

00:38:38,390 --> 00:38:36,320

handheld cassette recorder a bit like i

858

00:38:40,630 --> 00:38:38,400

don't know those of you who remember the

859

00:38:42,790 --> 00:38:40,640

tv series twin peaks

860

00:38:44,150 --> 00:38:42,800

uh well the

861

00:38:46,310 --> 00:38:44,160

lead

862

00:38:49,910 --> 00:38:46,320

character there special agent dale

863

00:38:51,910 --> 00:38:49,920

cooper often carried with him a handheld

864

00:38:54,470 --> 00:38:51,920

cassette recorder and colonel halt did

865

00:38:56,870 --> 00:38:54,480

the same thing and basically what he

866

00:39:00,069 --> 00:38:56,880

used to do is in his duties he used to

867

00:39:01,910 --> 00:39:00,079

go around and uh if something happened

868

00:39:03,750 --> 00:39:01,920

he would document it

869

00:39:05,990 --> 00:39:03,760

and if he had

870

00:39:08,550 --> 00:39:06,000

observations or thoughts he would he

871

00:39:10,710 --> 00:39:08,560

would speak into his his handheld

872

00:39:12,790 --> 00:39:10,720

cassette recorder and

873

00:39:15,510 --> 00:39:12,800

this is all

874

00:39:17,109 --> 00:39:15,520

captured on tape and if you go on to

875

00:39:19,990 --> 00:39:17,119

youtube

876
00:39:22,310 --> 00:39:20,000
and you put in the phrase halt tape and

877
00:39:27,190 --> 00:39:22,320
it's h-a-l-t

878
00:39:29,510 --> 00:39:27,200
you'll you can find a 17-minute

879
00:39:31,109 --> 00:39:29,520
he was out there for hours but um

880
00:39:33,030 --> 00:39:31,119
obviously he wasn't

881
00:39:33,710 --> 00:39:33,040
recording all the time but you can find

882
00:39:52,230 --> 00:39:33,720
a

883
00:39:54,950 --> 00:39:52,240
getting

884
00:39:57,190 --> 00:39:54,960
some some levels off this

885
00:40:00,390 --> 00:39:57,200
and then you'll hear them say look over

886
00:40:04,150 --> 00:40:01,910
and you can hear

887
00:40:06,550 --> 00:40:04,160
the fear and tension in their voice as

888
00:40:08,950 --> 00:40:06,560

this ufo gets closer and closer to them

889

00:40:11,030 --> 00:40:08,960

and at one point in the tape

890

00:40:14,870 --> 00:40:11,040

you can hear them say it's coming this

891

00:40:19,190 --> 00:40:14,880

way it's definitely coming this way

892

00:40:22,150 --> 00:40:19,200

now they didn't see it quite as close as

893

00:40:25,510 --> 00:40:22,160

jim peniston got on the first night

894

00:40:27,030 --> 00:40:25,520

but at one point

895

00:40:29,430 --> 00:40:27,040

the ufo was

896

00:40:32,950 --> 00:40:29,440

high up in the sky

897

00:40:35,190 --> 00:40:32,960

performing erratic maneuvers

898

00:40:37,910 --> 00:40:35,200

um

899

00:40:39,670 --> 00:40:37,920

firing beams of light down at the ground

900

00:40:41,829 --> 00:40:39,680

colonel holt said it was almost like it

901
00:40:44,870 --> 00:40:41,839
was looking for something it was almost

902
00:40:48,470 --> 00:40:44,880
as if this thing was conducting a grid

903
00:40:50,790 --> 00:40:48,480
search of some point of some kind and

904
00:40:52,230 --> 00:40:50,800
then

905
00:40:53,829 --> 00:40:52,240
just when they thought it couldn't get

906
00:40:57,030 --> 00:40:53,839
more strange

907
00:40:58,150 --> 00:40:57,040
a pencil thin beam of light like a laser

908
00:41:00,550 --> 00:40:58,160
beam

909
00:41:02,790 --> 00:41:00,560
shone down from the ufo

910
00:41:06,790 --> 00:41:02,800
and struck the ground

911
00:41:08,710 --> 00:41:06,800
just yards in front of them

912
00:41:11,430 --> 00:41:08,720
and looking back

913
00:41:15,510 --> 00:41:11,440

in later years on this

914

00:41:19,349 --> 00:41:15,520

colonel holt has has asked the question

915

00:41:21,910 --> 00:41:19,359

and he speculated was this a weapon

916

00:41:24,470 --> 00:41:21,920

was this communication

917

00:41:26,150 --> 00:41:24,480

was this a warning

918

00:41:28,710 --> 00:41:26,160

what was this

919

00:41:30,390 --> 00:41:28,720

and he doesn't know

920

00:41:32,870 --> 00:41:30,400

but

921

00:41:34,630 --> 00:41:32,880

what colonel holt and remember he went

922

00:41:37,430 --> 00:41:34,640

out there as the skeptic to try and

923

00:41:39,190 --> 00:41:37,440

debunk what he called this ufo nonsense

924

00:41:42,550 --> 00:41:39,200

and he finds himself right in the middle

925

00:41:44,630 --> 00:41:42,560

of it and he finds himself arguably to

926

00:41:47,510 --> 00:41:44,640

this date

927

00:41:51,030 --> 00:41:47,520

possibly the most senior ranking

928

00:41:55,670 --> 00:41:51,040

military officer ever to see and report

929

00:42:01,030 --> 00:41:57,750

colonel holt has said you know i don't

930

00:42:03,349 --> 00:42:01,040

know what this thing is

931

00:42:04,950 --> 00:42:03,359

but whatever it is i can tell you one

932

00:42:08,710 --> 00:42:04,960

thing

933

00:42:10,870 --> 00:42:08,720

it was under intelligent control

934

00:42:14,950 --> 00:42:10,880

and it was performing speeds and

935

00:42:18,150 --> 00:42:14,960

maneuvers that even now in 2014 with all

936

00:42:21,030 --> 00:42:18,160

the spy planes and the drones that you

937

00:42:21,990 --> 00:42:21,040

you see and read about even now he said

938

00:42:28,630 --> 00:42:22,000

i

939

00:42:30,230 --> 00:42:28,640

not have that technology

940

00:42:31,589 --> 00:42:30,240

i don't know where it comes from i don't

941

00:42:33,030 --> 00:42:31,599

know what it is

942

00:42:34,870 --> 00:42:33,040

but

943

00:42:36,870 --> 00:42:34,880

kind of

944

00:42:38,470 --> 00:42:36,880

doesn't seem to be us

945

00:42:40,950 --> 00:42:38,480

so if not us

946

00:42:43,430 --> 00:42:40,960

who else

947

00:42:46,710 --> 00:42:43,440

halt and his team were out there in the

948

00:42:49,589 --> 00:42:46,720

forest for about three or four hours

949

00:42:50,870 --> 00:42:49,599

firstly documenting the landing site

950

00:42:53,589 --> 00:42:50,880

secondly

951
00:42:56,150 --> 00:42:53,599
themselves having their own encounter

952
00:42:59,670 --> 00:42:56,160
and and i'm yeah they saw a whole bunch

953
00:43:02,309 --> 00:42:59,680
of other ufo activity in the sky i i'm

954
00:43:05,270 --> 00:43:02,319
just editing this down to try and get

955
00:43:06,870 --> 00:43:05,280
everything into a a reasonably concise

956
00:43:10,230 --> 00:43:06,880
presentation

957
00:43:13,270 --> 00:43:10,240
they went way beyond the forest out into

958
00:43:15,670 --> 00:43:13,280
a farmer's field beyond the forest

959
00:43:17,829 --> 00:43:15,680
the very last thing they saw at about

960
00:43:20,710 --> 00:43:17,839
four in the morning

961
00:43:23,190 --> 00:43:20,720
as they turned round and looked back to

962
00:43:26,870 --> 00:43:23,200
the base

963
00:43:29,349 --> 00:43:26,880

was the ufo directly over woodbridge

964

00:43:32,069 --> 00:43:29,359

firing light beams down at a

965

00:43:34,470 --> 00:43:32,079

particularly sensitive part

966

00:43:36,150 --> 00:43:34,480

of the military establishment

967

00:43:38,950 --> 00:43:36,160

and

968

00:43:41,430 --> 00:43:38,960

a number of other ufo researchers have

969

00:43:44,470 --> 00:43:41,440

actually tracked down some of the people

970

00:43:46,390 --> 00:43:44,480

who were involved in this and i i'm

971

00:43:48,870 --> 00:43:46,400

still in touch

972

00:43:50,710 --> 00:43:48,880

with colonel halt in fact i had an email

973

00:43:51,430 --> 00:43:50,720

from him just yesterday about some of

974

00:43:54,790 --> 00:43:51,440

this

975

00:43:56,790 --> 00:43:54,800

the names of the personnel who witnessed

976

00:43:59,349 --> 00:43:56,800

all this and known to him

977

00:44:02,150 --> 00:43:59,359

there were witnesses back in the control

978

00:44:03,829 --> 00:44:02,160

tower watching this and there were some

979

00:44:05,829 --> 00:44:03,839

people in

980

00:44:11,190 --> 00:44:05,839

this particularly sensitive part of the

981

00:44:13,670 --> 00:44:11,200

base who saw light beams uh strike

982

00:44:15,190 --> 00:44:13,680

a particular part of the military

983

00:44:17,109 --> 00:44:15,200

establishment and by the way if you

984

00:44:19,990 --> 00:44:17,119

think i'm being a little bit circumspect

985

00:44:21,510 --> 00:44:20,000

here it's because

986

00:44:24,630 --> 00:44:21,520

although i

987

00:44:26,309 --> 00:44:24,640

left the ministry of defense in 2006

988

00:44:28,390 --> 00:44:26,319

and although the british government is

989

00:44:31,190 --> 00:44:28,400

in the process of declassifying and

990

00:44:33,750 --> 00:44:31,200

releasing its entire archive of ufo

991

00:44:35,670 --> 00:44:33,760

files there are i'm still bound by my

992

00:44:37,990 --> 00:44:35,680

secrecy oath and there are one or two

993

00:44:39,750 --> 00:44:38,000

things that the british government and

994

00:44:43,030 --> 00:44:39,760

indeed i think the american government

995

00:44:45,109 --> 00:44:43,040

have not yet uh made public or admitted

996

00:44:46,790 --> 00:44:45,119

so uh there are plenty of things that

997

00:44:48,870 --> 00:44:46,800

some of the witnesses will talk about

998

00:44:51,190 --> 00:44:48,880

and that's their decision but there are

999

00:44:53,829 --> 00:44:51,200

one or two things which with apologies

1000

00:44:56,069 --> 00:44:53,839

i'm not going to be able to uh comment

1001

00:44:57,990 --> 00:44:56,079

on in huge detail but i'm sure you can

1002

00:45:01,190 --> 00:44:58,000

kind of guess where i'm going with this

1003

00:45:03,990 --> 00:45:01,200

when i talk about sensitive parts of the

1004

00:45:06,150 --> 00:45:04,000

the base and maybe maybe someone will

1005

00:45:08,309 --> 00:45:06,160

will ask it in question time i'm i'm

1006

00:45:11,270 --> 00:45:08,319

sure they will

1007

00:45:13,829 --> 00:45:11,280

suffice to say that for anyone that

1008

00:45:16,309 --> 00:45:13,839

thinks that whatever ufos might be that

1009

00:45:18,309 --> 00:45:16,319

this isn't a security uh

1010

00:45:20,630 --> 00:45:18,319

issue and that this isn't of extreme

1011

00:45:23,670 --> 00:45:20,640

concern to the authorities believe me

1012

00:45:25,990 --> 00:45:23,680

when i tell you it is and uh by the way

1013

00:45:28,309 --> 00:45:26,000

there's one extremely interesting part

1014

00:45:32,230 --> 00:45:28,319

of the whole rendelsham forest story

1015

00:45:33,589 --> 00:45:32,240

that kind of often gets overlooked

1016

00:45:37,750 --> 00:45:33,599

and

1017

00:45:40,150 --> 00:45:37,760

it's this it's a no it's an observation

1018

00:45:42,870 --> 00:45:40,160

but here you have i don't think any of

1019

00:45:44,150 --> 00:45:42,880

us would now dispute that this is a ufo

1020

00:45:46,630 --> 00:45:44,160

incident

1021

00:45:51,349 --> 00:45:46,640

and here you have

1022

00:45:56,150 --> 00:45:54,150

in the united states air force

1023

00:45:59,829 --> 00:45:56,160

not only witnessing

1024

00:46:01,750 --> 00:45:59,839

a ufo but documenting all of this

1025

00:46:03,030 --> 00:46:01,760

investigating all of this of course

1026

00:46:05,430 --> 00:46:03,040

checking hey

1027

00:46:07,510 --> 00:46:05,440

did anyone track this on radar yes they

1028

00:46:08,630 --> 00:46:07,520

did it turns out

1029

00:46:10,710 --> 00:46:08,640

shortly

1030

00:46:13,109 --> 00:46:10,720

before the ufo

1031

00:46:15,430 --> 00:46:13,119

was seen on the first night

1032

00:46:17,829 --> 00:46:15,440

it transpired that the british

1033

00:46:20,870 --> 00:46:17,839

authorities tracked what the radar

1034

00:46:23,430 --> 00:46:20,880

people call an uncorrelated target or

1035

00:46:26,069 --> 00:46:23,440

what i think the the u s air force would

1036

00:46:28,390 --> 00:46:26,079

call a bogey

1037

00:46:31,430 --> 00:46:28,400

on the radar screens very briefly and

1038

00:46:34,710 --> 00:46:31,440

then it disappeared from the screens

1039

00:46:36,309 --> 00:46:34,720

guess where right over the bases

1040

00:46:39,109 --> 00:46:36,319

um

1041

00:46:41,510 --> 00:46:39,119

so at the time all this was going on you

1042

00:46:43,109 --> 00:46:41,520

know the interesting point about this is

1043

00:46:44,950 --> 00:46:43,119

that you have all these american

1044

00:46:46,790 --> 00:46:44,960

military witnesses

1045

00:46:49,109 --> 00:46:46,800

seeing a ufo

1046

00:46:50,870 --> 00:46:49,119

running an investigation of military

1047

00:46:53,990 --> 00:46:50,880

people including the deputy base

1048

00:46:57,510 --> 00:46:54,000

commander out there investigating these

1049

00:46:59,829 --> 00:46:57,520

ufos there is perhaps

1050

00:47:02,390 --> 00:46:59,839

a slight disconnect there

1051
00:47:04,950 --> 00:47:02,400
remember the radioactivity i mentioned i

1052
00:47:07,270 --> 00:47:04,960
i i said that monroe neville's um

1053
00:47:10,870 --> 00:47:07,280
colonel hall ordered ordered him to run

1054
00:47:13,349 --> 00:47:10,880
the geiger counter over the uh trees

1055
00:47:15,349 --> 00:47:13,359
over the indentations

1056
00:47:17,670 --> 00:47:15,359
and he said um

1057
00:47:20,150 --> 00:47:17,680
you know do that and they documented it

1058
00:47:22,550 --> 00:47:20,160
and they sent the documents to the

1059
00:47:26,630 --> 00:47:22,560
ministry of defense bear in mind this is

1060
00:47:30,069 --> 00:47:26,640
american bases but on british soil

1061
00:47:33,910 --> 00:47:30,079
when the ministry of defense got colonel

1062
00:47:36,710 --> 00:47:33,920
holt's report which included

1063
00:47:38,309 --> 00:47:36,720

that the radioactivity readings that

1064

00:47:39,990 --> 00:47:38,319

monroe neville's had taken with the

1065

00:47:42,309 --> 00:47:40,000

geiger counter

1066

00:47:44,630 --> 00:47:42,319

the defense intelligence staff did an

1067

00:47:46,630 --> 00:47:44,640

assessment of that and

1068

00:47:49,030 --> 00:47:46,640

again the document has now been

1069

00:47:51,990 --> 00:47:49,040

declassified and released

1070

00:47:54,630 --> 00:47:52,000

it's out there on the british government

1071

00:47:56,430 --> 00:47:54,640

website national archives and it

1072

00:47:59,390 --> 00:47:56,440

basically says that the levels of

1073

00:48:01,990 --> 00:47:59,400

radioactivity recorded seem

1074

00:48:03,510 --> 00:48:02,000

significantly higher than the average

1075

00:48:05,670 --> 00:48:03,520

background

1076

00:48:08,870 --> 00:48:05,680

and that's a direct quote

1077

00:48:10,630 --> 00:48:08,880

from the mods defense intelligence staff

1078

00:48:13,510 --> 00:48:10,640

the scientific and technical

1079

00:48:15,510 --> 00:48:13,520

intelligence specialists at the ministry

1080

00:48:17,910 --> 00:48:15,520

of defense

1081

00:48:20,470 --> 00:48:17,920

uh one of the other documents in the

1082

00:48:21,990 --> 00:48:20,480

ministry of defenses file on this

1083

00:48:24,950 --> 00:48:22,000

says

1084

00:48:27,430 --> 00:48:24,960

oh shortly after the incident

1085

00:48:29,349 --> 00:48:27,440

general gabrielle

1086

00:48:32,390 --> 00:48:29,359

flew to the bases

1087

00:48:34,470 --> 00:48:32,400

was briefed on this and took items

1088

00:48:37,030 --> 00:48:34,480

relating to the investigation back to

1089

00:48:39,990 --> 00:48:37,040

his headquarters

1090

00:48:41,670 --> 00:48:40,000

who was general gabrielle

1091

00:48:44,470 --> 00:48:41,680

general gabrielle

1092

00:48:46,870 --> 00:48:44,480

was cnc usafe

1093

00:48:50,230 --> 00:48:46,880

commander in chief united states air

1094

00:48:51,430 --> 00:48:50,240

force in europe he was the

1095

00:48:54,470 --> 00:48:51,440

senior

1096

00:48:56,309 --> 00:48:54,480

united states air force officer anywhere

1097

00:48:59,270 --> 00:48:56,319

in europe

1098

00:49:01,990 --> 00:48:59,280

and shortly after this incident

1099

00:49:03,589 --> 00:49:02,000

he flew specially to the base was

1100

00:49:04,470 --> 00:49:03,599

briefed on this

1101

00:49:09,670 --> 00:49:04,480

and

1102

00:49:12,309 --> 00:49:09,680

ufos are no longer of any interest to

1103

00:49:14,710 --> 00:49:12,319

the u s government and if the phenomenon

1104

00:49:17,990 --> 00:49:14,720

has not been investigated why is the

1105

00:49:19,270 --> 00:49:18,000

senior ranking u.s air force officer in

1106

00:49:22,230 --> 00:49:19,280

europe

1107

00:49:23,349 --> 00:49:22,240

taking a personal interest in a ufo

1108

00:49:25,589 --> 00:49:23,359

sighting

1109

00:49:27,430 --> 00:49:25,599

we don't know suffice to say some ufo

1110

00:49:29,510 --> 00:49:27,440

researchers have gone after the paper

1111

00:49:32,230 --> 00:49:29,520

trail there are certainly documents in

1112

00:49:35,589 --> 00:49:32,240

the mod file confirming that general

1113

00:49:38,870 --> 00:49:35,599

gabrielle visited and was briefed but so

1114

00:49:42,630 --> 00:49:38,880

far no one has managed to find any

1115

00:49:45,109 --> 00:49:42,640

u.s air force documents or dod documents

1116

00:49:46,790 --> 00:49:45,119

that show what happened next what

1117

00:49:50,790 --> 00:49:46,800

happened when the general got back to

1118

00:49:53,030 --> 00:49:50,800

his headquarters at ramstein in germany

1119

00:49:54,710 --> 00:49:53,040

what happened what briefings were

1120

00:49:57,589 --> 00:49:54,720

demanded by

1121

00:49:59,750 --> 00:49:57,599

washington for example that

1122

00:50:02,230 --> 00:49:59,760

we don't know

1123

00:50:05,150 --> 00:50:02,240

but there is a paper trail

1124

00:50:07,510 --> 00:50:05,160

as i say that uh certainly confirms the

1125

00:50:10,150 --> 00:50:07,520

radioactivity levels and certainly

1126
00:50:12,230 --> 00:50:10,160
confirms that commander in chief united

1127
00:50:14,150 --> 00:50:12,240
states air force in europe took a close

1128
00:50:16,549 --> 00:50:14,160
personal interest

1129
00:50:17,750 --> 00:50:16,559
i'm coming up to 15 minutes now so i'm

1130
00:50:20,630 --> 00:50:17,760
just going to make a couple of

1131
00:50:23,430 --> 00:50:20,640
concluding remarks before i hand it over

1132
00:50:28,950 --> 00:50:23,440
to you for comments and questions and

1133
00:50:32,549 --> 00:50:30,470
i don't know who the

1134
00:50:33,910 --> 00:50:32,559
person on the left is obviously someone

1135
00:50:36,549 --> 00:50:33,920
who snuck into the picture and

1136
00:50:38,150 --> 00:50:36,559
photobombed it but you will uh

1137
00:50:41,109 --> 00:50:38,160
see there

1138
00:50:42,870 --> 00:50:41,119

this is jim peniston and this is john

1139

00:50:46,150 --> 00:50:42,880

burroughs

1140

00:50:48,549 --> 00:50:46,160

that there we are and

1141

00:50:51,430 --> 00:50:48,559

this is a guy here

1142

00:50:54,069 --> 00:50:51,440

he's an attorney called pat frass cogner

1143

00:50:56,309 --> 00:50:54,079

who has done a lot of pro bono work on

1144

00:50:58,390 --> 00:50:56,319

this for john and jim

1145

00:51:00,870 --> 00:50:58,400

i don't have time to go into many of the

1146

00:51:03,910 --> 00:51:00,880

details on this and some of course are

1147

00:51:06,630 --> 00:51:03,920

personally confidential but both john

1148

00:51:09,750 --> 00:51:06,640

and jim who remember were the people who

1149

00:51:11,589 --> 00:51:09,760

got closest to the ufo

1150

00:51:14,150 --> 00:51:11,599

jim touched the side of it maybe not a

1151

00:51:16,230 --> 00:51:14,160

good idea

1152

00:51:18,470 --> 00:51:16,240

with hindsight

1153

00:51:21,510 --> 00:51:18,480

but both john and jim have had some

1154

00:51:24,790 --> 00:51:21,520

health issues which they attribute

1155

00:51:26,549 --> 00:51:24,800

to their close proximity to the ufo and

1156

00:51:30,069 --> 00:51:26,559

pat

1157

00:51:33,430 --> 00:51:30,079

fres cogner is a crusading attorney

1158

00:51:35,270 --> 00:51:33,440

who usually goes after corporations who

1159

00:51:36,549 --> 00:51:35,280

environmentally pollute that sort of

1160

00:51:38,549 --> 00:51:36,559

thing but

1161

00:51:41,109 --> 00:51:38,559

he's done a lot of pro bono work with

1162

00:51:44,230 --> 00:51:41,119

john and jim to try to get their

1163

00:51:45,190 --> 00:51:44,240

military medical records

1164

00:51:47,910 --> 00:51:45,200

why

1165

00:51:50,309 --> 00:51:47,920

because it turns out that

1166

00:51:52,870 --> 00:51:50,319

like i say jim and john think that some

1167

00:51:54,230 --> 00:51:52,880

of their health issues are attributable

1168

00:51:59,190 --> 00:51:54,240

to

1169

00:52:01,190 --> 00:51:59,200

turns out their middle their military

1170

00:52:03,349 --> 00:52:01,200

medical records

1171

00:52:04,950 --> 00:52:03,359

are lodged in a

1172

00:52:07,190 --> 00:52:04,960

a little known

1173

00:52:09,190 --> 00:52:07,200

classified record section of the

1174

00:52:10,870 --> 00:52:09,200

veterans administration

1175

00:52:12,549 --> 00:52:10,880

and

1176
00:52:15,430 --> 00:52:12,559
so far

1177
00:52:18,630 --> 00:52:15,440
they have not been able to get

1178
00:52:20,870 --> 00:52:18,640
get these out now this photo was taken

1179
00:52:22,710 --> 00:52:20,880
an event called the citizens hearing for

1180
00:52:27,190 --> 00:52:22,720
disclosure

1181
00:52:32,710 --> 00:52:28,790
hearings

1182
00:52:34,710 --> 00:52:32,720
organized privately by steve bassett but

1183
00:52:36,870 --> 00:52:34,720
modeled on the sort of congressional

1184
00:52:38,309 --> 00:52:36,880
hearings that people would like to see

1185
00:52:40,109 --> 00:52:38,319
on ufos

1186
00:52:44,309 --> 00:52:40,119
and the

1187
00:52:46,950 --> 00:52:44,319
multi-party panel who interrogated

1188
00:52:49,750 --> 00:52:46,960

the the witnesses here um

1189

00:52:52,549 --> 00:52:49,760

some republicans some democrats some

1190

00:52:56,230 --> 00:52:52,559

libertarians all former congressional

1191

00:52:57,589 --> 00:52:56,240

representatives they were so outraged

1192

00:52:59,030 --> 00:52:57,599

by the

1193

00:53:01,349 --> 00:52:59,040

lack

1194

00:53:03,910 --> 00:53:01,359

the inability of john and jim to get

1195

00:53:07,829 --> 00:53:03,920

their military medical records that they

1196

00:53:10,549 --> 00:53:07,839

wrote a letter both to the uh secretary

1197

00:53:12,790 --> 00:53:10,559

of the veterans administration and to

1198

00:53:15,910 --> 00:53:12,800

the president of the united states

1199

00:53:18,870 --> 00:53:15,920

this is an ongoing story

1200

00:53:21,109 --> 00:53:18,880

there may yet be a federal lawsuit

1201
00:53:22,630 --> 00:53:21,119
which involves john and jim and maybe

1202
00:53:24,870 --> 00:53:22,640
some of the other witnesses maybe

1203
00:53:26,950 --> 00:53:24,880
they'll come in with a class action i

1204
00:53:29,589 --> 00:53:26,960
don't know this is a like i say it's a

1205
00:53:30,549 --> 00:53:29,599
story which continues to this day

1206
00:53:32,470 --> 00:53:30,559
uh

1207
00:53:34,870 --> 00:53:32,480
shameless plug

1208
00:53:37,349 --> 00:53:34,880
i teamed up with john burroughs and jim

1209
00:53:40,230 --> 00:53:37,359
peniston and we wrote this book

1210
00:53:42,950 --> 00:53:40,240
uh i'm afraid that i've sold out of

1211
00:53:44,790 --> 00:53:42,960
copies and i i wasn't able to bring any

1212
00:53:47,430 --> 00:53:44,800
but you can probably it's been out for a

1213
00:53:49,829 --> 00:53:47,440

few months you can get a a few you get

1214

00:53:53,109 --> 00:53:49,839

copies quite cheaply i think on on

1215

00:53:56,390 --> 00:53:53,119

amazon so that's our our book on the

1216

00:53:57,270 --> 00:53:56,400

subject and that in a nutshell

1217

00:53:59,190 --> 00:53:57,280

is

1218

00:54:01,990 --> 00:53:59,200

the story of the rendelsham forest

1219

00:54:04,150 --> 00:54:02,000

incident and i would now like to thank

1220

00:54:06,549 --> 00:54:04,160

you very much for listening and i will

1221

00:54:08,710 --> 00:54:06,559

turn it over to you for any comments and

1222

00:54:10,150 --> 00:54:08,720

questions in the last 10 minutes or so

1223

00:54:15,910 --> 00:54:10,160

so thank you very much indeed for

1224

00:54:21,349 --> 00:54:17,349

uh

1225

00:54:25,430 --> 00:54:24,150

oh good is there a roving microphone

1226
00:54:28,069 --> 00:54:25,440
that uh

1227
00:54:32,230 --> 00:54:28,079
that questioners can use or

1228
00:54:34,470 --> 00:54:32,240
or can you just shout out loud then

1229
00:54:44,069 --> 00:54:34,480
okay if you can shout out fairly loud so

1230
00:54:44,079 --> 00:54:46,950
yes

1231
00:54:53,109 --> 00:54:49,670
not many of the witnesses who were

1232
00:54:56,230 --> 00:54:53,119
directly involved in this recount seeing

1233
00:54:57,670 --> 00:54:56,240
entities but one of the people involved

1234
00:54:59,270 --> 00:54:57,680
larry warren

1235
00:55:01,910 --> 00:54:59,280
who was certainly the first

1236
00:55:03,589 --> 00:55:01,920
whistleblower of this case

1237
00:55:05,910 --> 00:55:03,599
has reported

1238
00:55:09,510 --> 00:55:05,920

that he saw what he believes to be

1239

00:55:13,349 --> 00:55:09,520

entities of of some sort and he tells a

1240

00:55:15,750 --> 00:55:13,359

story of how on one night he believes he

1241

00:55:19,349 --> 00:55:15,760

saw what he could only perhaps describe

1242

00:55:22,150 --> 00:55:19,359

as a maybe a planned rendezvous

1243

00:55:28,710 --> 00:55:25,349

this ufo whatever it was and some of the

1244

00:55:30,069 --> 00:55:28,720

senior officers now other military

1245

00:55:32,950 --> 00:55:30,079

witnesses

1246

00:55:35,589 --> 00:55:32,960

dispute larry warren's story

1247

00:55:38,549 --> 00:55:35,599

um but

1248

00:55:40,309 --> 00:55:38,559

larry warren has his supporters too

1249

00:55:42,710 --> 00:55:40,319

and um

1250

00:55:44,710 --> 00:55:42,720

it's an interesting part of this

1251
00:55:46,630 --> 00:55:44,720
john and jim don't recall seeing

1252
00:55:49,430 --> 00:55:46,640
entities but

1253
00:55:51,109 --> 00:55:49,440
as i say larry does so who knows and i

1254
00:55:53,349 --> 00:55:51,119
think one of the interesting things

1255
00:55:56,069 --> 00:55:53,359
about all of this and one of the reasons

1256
00:55:57,030 --> 00:55:56,079
why we wrote this book was we know full

1257
00:55:58,710 --> 00:55:57,040
well

1258
00:56:01,270 --> 00:55:58,720
there are still

1259
00:56:03,829 --> 00:56:01,280
dozens of people who were directly

1260
00:56:06,630 --> 00:56:03,839
involved in this in some capacity

1261
00:56:09,190 --> 00:56:06,640
either as witnesses or as people who are

1262
00:56:13,589 --> 00:56:09,200
involved afterwards maybe as part of the

1263
00:56:15,910 --> 00:56:13,599

investigation maybe as part of the

1264

00:56:17,910 --> 00:56:15,920

lockdown of this story the containment

1265

00:56:19,589 --> 00:56:17,920

of this story well we want their stories

1266

00:56:24,870 --> 00:56:19,599

too so

1267

00:56:24,880 --> 00:56:34,710

there yes

1268

00:56:38,789 --> 00:56:35,750

um

1269

00:56:41,030 --> 00:56:38,799

there has been some limited correlation

1270

00:56:42,309 --> 00:56:41,040

of the radar data with the visual

1271

00:56:44,470 --> 00:56:42,319

sightings

1272

00:56:46,789 --> 00:56:44,480

um

1273

00:56:48,309 --> 00:56:46,799

there are the the situation is

1274

00:56:50,630 --> 00:56:48,319

complicated

1275

00:56:53,190 --> 00:56:50,640

by the fact that in the ministry of

1276

00:56:55,589 --> 00:56:53,200

defense file for this

1277

00:56:58,309 --> 00:56:55,599

there is reference to some of the

1278

00:57:00,710 --> 00:56:58,319

uh firstly the wrong dates being given

1279

00:57:04,230 --> 00:57:00,720

and therefore the incorrect dates been

1280

00:57:06,710 --> 00:57:04,240

checked and the other problem was that

1281

00:57:10,309 --> 00:57:06,720

the way that the british radar systems

1282

00:57:12,230 --> 00:57:10,319

were set up they had twin screens

1283

00:57:13,670 --> 00:57:12,240

they had a

1284

00:57:16,549 --> 00:57:13,680

a person

1285

00:57:18,710 --> 00:57:16,559

physically watching the first screen

1286

00:57:20,950 --> 00:57:18,720

and there was a second screen next to it

1287

00:57:22,309 --> 00:57:20,960

with exactly the same data being

1288

00:57:24,950 --> 00:57:22,319

displayed

1289

00:57:28,870 --> 00:57:24,960

and that was being filmed by a static

1290

00:57:33,190 --> 00:57:28,880

camera directly above it so there was a

1291

00:57:34,030 --> 00:57:33,200

kind of film record of the radar tape

1292

00:57:35,750 --> 00:57:34,040

now

1293

00:57:37,750 --> 00:57:35,760

unfortunately

1294

00:57:40,230 --> 00:57:37,760

and i know a lot of conspiracy theorists

1295

00:57:43,990 --> 00:57:40,240

don't believe this but unfortunately the

1296

00:57:45,030 --> 00:57:44,000

answer came back that the film

1297

00:57:47,910 --> 00:57:45,040

of

1298

00:57:50,630 --> 00:57:47,920

the radar tapes was faulty

1299

00:57:55,670 --> 00:57:50,640

unfortunately this whole story is a

1300

00:57:58,309 --> 00:57:55,680

a a list of faulty tapes and wrong dates

1301

00:58:00,870 --> 00:57:58,319

being checked and and

1302

00:58:03,190 --> 00:58:00,880

films not coming out and

1303

00:58:05,510 --> 00:58:03,200

documents going missing

1304

00:58:06,470 --> 00:58:05,520

there is a fine line i think with a lot

1305

00:58:09,910 --> 00:58:06,480

of this

1306

00:58:13,030 --> 00:58:09,920

between you know where does conspiracy

1307

00:58:16,630 --> 00:58:13,040

and bureaucracy where's the dividing

1308

00:58:20,710 --> 00:58:18,710

i don't know so the answer to your

1309

00:58:22,470 --> 00:58:20,720

question is there's been some limited

1310

00:58:25,190 --> 00:58:22,480

attempt to correlate

1311

00:58:27,589 --> 00:58:25,200

in the radar data

1312

00:58:29,990 --> 00:58:27,599

but the original tapes

1313

00:58:32,710 --> 00:58:30,000

and films don't survive

1314

00:58:35,190 --> 00:58:32,720

in terms of witnesses who talk about it

1315

00:58:37,589 --> 00:58:35,200

uh there's a ufo researcher i think

1316

00:58:40,230 --> 00:58:37,599

called robert hastings

1317

00:58:41,510 --> 00:58:40,240

who i believe has published two people

1318

00:58:46,390 --> 00:58:41,520

who were in

1319

00:58:47,270 --> 00:58:46,400

this so i believe the names are out

1320

00:58:48,630 --> 00:58:47,280

there

1321

00:58:50,950 --> 00:58:48,640

um

1322

00:58:54,549 --> 00:58:50,960

i'm afraid they slip my memory

1323

00:58:56,630 --> 00:58:54,559

i think one might be ike turner i i

1324

00:58:59,270 --> 00:58:56,640

apologize i forget one name and i might

1325

00:59:01,430 --> 00:58:59,280

be mangling the other um so the answer

1326

00:59:03,349 --> 00:59:01,440

to your question is there is some

1327

00:59:08,630 --> 00:59:03,359

correlation out there but not as much as

1328

00:59:17,750 --> 00:59:09,670

one

1329

00:59:22,390 --> 00:59:19,349

when you were working

1330

00:59:24,549 --> 00:59:22,400

with the british minister of defense

1331

00:59:25,430 --> 00:59:24,559

of the london landing

1332

00:59:29,270 --> 00:59:25,440

of

1333

00:59:32,390 --> 00:59:29,280

the london landing that was supposed to

1334

00:59:37,349 --> 00:59:34,630

no there was nothing in the ministry of

1335

00:59:40,549 --> 00:59:37,359

defense files about any

1336

00:59:44,710 --> 00:59:40,559

landing or any other event

1337

00:59:48,549 --> 00:59:44,720

associated with this i i'll qualify that

1338

00:59:52,150 --> 00:59:48,559

slightly about a month earlier

1339

00:59:53,750 --> 00:59:52,160

there was a sighting over

1340

00:59:56,870 --> 00:59:53,760

south london

1341

00:59:58,150 --> 00:59:56,880

of a kind of tetrahedral shaped

1342

01:00:01,030 --> 00:59:58,160

ufo

1343

01:00:03,190 --> 01:00:01,040

and by a bizarre coincidence one of the

1344

01:00:05,910 --> 01:00:03,200

witnesses was a fairly well-known

1345

01:00:06,789 --> 01:00:05,920

researcher ufo researcher called timothy

1346

01:00:07,990 --> 01:00:06,799

good

1347

01:00:10,630 --> 01:00:08,000

um

1348

01:00:12,870 --> 01:00:10,640

but that was that was about a month

1349

01:00:14,870 --> 01:00:12,880

before the rainbow sham forest incident

1350

01:00:17,910 --> 01:00:14,880

and it certainly didn't involve a

1351
01:00:19,430 --> 01:00:17,920
landing it was um something fairly high

1352
01:00:21,670 --> 01:00:19,440
in the sky

1353
01:00:23,990 --> 01:00:21,680
there was another

1354
01:00:26,630 --> 01:00:24,000
radar sighting involving a radar

1355
01:00:28,870 --> 01:00:26,640
operative called malcolm scara but again

1356
01:00:31,589 --> 01:00:28,880
that was at the end of november

1357
01:00:33,510 --> 01:00:31,599
i think tim good sighting

1358
01:00:36,390 --> 01:00:33,520
was i believe about somewhere between

1359
01:00:39,109 --> 01:00:36,400
the 5th and 10th of december so there

1360
01:00:41,910 --> 01:00:39,119
was absolutely nothing in any ministry

1361
01:00:47,510 --> 01:00:41,920
of defense file about a landing in

1362
01:00:47,520 --> 01:01:02,069
i'm afraid so yes indeed extreme caution

1363
01:01:05,670 --> 01:01:03,349

uh

1364

01:01:08,150 --> 01:01:05,680

larry warren who i mentioned earlier

1365

01:01:10,630 --> 01:01:08,160

co-wrote with a ufo researcher called

1366

01:01:12,870 --> 01:01:10,640

peter robbins a

1367

01:01:15,990 --> 01:01:12,880

book on this case called left at

1368

01:01:18,390 --> 01:01:16,000

eastgate that was published i believe in

1369

01:01:19,670 --> 01:01:18,400

1997.

1370

01:01:22,309 --> 01:01:19,680

our book

1371

01:01:26,230 --> 01:01:22,319

uh encounter in rendelsham forest

1372

01:01:28,470 --> 01:01:26,240

was published in march of this year

1373

01:01:30,309 --> 01:01:28,480

so that's the time difference and by the

1374

01:01:34,390 --> 01:01:30,319

way we will have a

1375

01:01:35,430 --> 01:01:34,400

paperback coming out in uh next march i

1376

01:01:38,710 --> 01:01:35,440

believe

1377

01:01:41,910 --> 01:01:38,720

there's another book on this case

1378

01:01:44,630 --> 01:01:41,920

called you can't tell the people

1379

01:01:47,829 --> 01:01:44,640

written by a friend of mine who's now

1380

01:01:50,870 --> 01:01:47,839

deceased called georgina bruni

1381

01:01:53,349 --> 01:01:50,880

so as with roswell there are a number of

1382

01:01:55,030 --> 01:01:53,359

books that have been written on this

1383

01:01:57,030 --> 01:01:55,040

case but

1384

01:01:59,349 --> 01:01:57,040

obviously in terms of

1385

01:02:01,990 --> 01:01:59,359

the books that have been written our one

1386

01:02:04,789 --> 01:02:02,000

is the the latest and it's it's one

1387

01:02:07,670 --> 01:02:04,799

written through the eyes of of john

1388

01:02:10,950 --> 01:02:07,680

burroughs and jim peniston who who got

1389

01:02:13,349 --> 01:02:10,960

closest in this the next piece of news

1390

01:02:15,430 --> 01:02:13,359

on this is that i occasionally hear

1391

01:02:17,510 --> 01:02:15,440

hints that colonel hall might finally

1392

01:02:19,829 --> 01:02:17,520

decide you know maybe i should write

1393

01:02:22,870 --> 01:02:19,839

something and have my say so if colonel

1394

01:02:26,870 --> 01:02:22,880

hulk decides to write

1395

01:02:30,390 --> 01:02:26,880

a book that will be another interesting

1396

01:02:31,910 --> 01:02:30,400

part of this story i did not have time

1397

01:02:33,910 --> 01:02:31,920

to get into

1398

01:02:34,789 --> 01:02:33,920

and dennis just showed me the five

1399

01:02:37,030 --> 01:02:34,799

minute

1400

01:02:39,990 --> 01:02:37,040

uh sign but i'm just going to maybe

1401
01:02:41,910 --> 01:02:40,000
mention this incredibly briefly because

1402
01:02:43,670 --> 01:02:41,920
otherwise you'll be one wondering for

1403
01:02:45,910 --> 01:02:43,680
those that know the story why i didn't

1404
01:02:48,870 --> 01:02:45,920
mention it

1405
01:02:51,109 --> 01:02:48,880
jim peniston when he touched the side of

1406
01:02:53,750 --> 01:02:51,119
the ufo

1407
01:02:55,670 --> 01:02:53,760
for years and years and years

1408
01:02:58,230 --> 01:02:55,680
mainly because he was afraid he would be

1409
01:03:01,109 --> 01:02:58,240
drummed out of the military as some sort

1410
01:03:05,109 --> 01:03:01,119
of psychological case something strange

1411
01:03:07,910 --> 01:03:05,119
happened to him that he kept to himself

1412
01:03:10,870 --> 01:03:07,920
when he touched that final symbol

1413
01:03:13,589 --> 01:03:10,880

not only did there was a bright flash of

1414

01:03:15,589 --> 01:03:13,599

light and the ufo slowly

1415

01:03:17,510 --> 01:03:15,599

rose up above the ground

1416

01:03:19,829 --> 01:03:17,520

but he said that as he touched that

1417

01:03:21,349 --> 01:03:19,839

symbol through his head

1418

01:03:23,510 --> 01:03:21,359

flashed

1419

01:03:27,430 --> 01:03:23,520

what he could really only describe as a

1420

01:03:29,670 --> 01:03:27,440

telepathic download of ones and zeroes

1421

01:03:31,510 --> 01:03:29,680

the so-called binary message the

1422

01:03:33,430 --> 01:03:31,520

rendelstrom code whatever you want to

1423

01:03:35,430 --> 01:03:33,440

see it it's been covered briefly in a

1424

01:03:36,870 --> 01:03:35,440

couple of the most recent

1425

01:03:38,950 --> 01:03:36,880

ufo

1426
01:03:41,510 --> 01:03:38,960
documentaries on this case i don't have

1427
01:03:45,750 --> 01:03:41,520
to tell you how hugely controversial it

1428
01:03:47,750 --> 01:03:45,760
is a computer programming expert

1429
01:03:51,670 --> 01:03:47,760
called nick sisk

1430
01:03:54,309 --> 01:03:51,680
was hired by history channel to to do a

1431
01:03:56,710 --> 01:03:54,319
kind of decode on what it might mean for

1432
01:04:00,470 --> 01:03:56,720
one of the previous

1433
01:04:04,549 --> 01:04:00,480
tv shows he came up with a decoding of

1434
01:04:05,789 --> 01:04:04,559
the 16 pages of of ones and zeros which

1435
01:04:09,510 --> 01:04:05,799
read

1436
01:04:13,829 --> 01:04:09,520
exploration of humanity

1437
01:04:17,029 --> 01:04:13,839
continuous for planetary advance

1438
01:04:20,789 --> 01:04:17,039

eyes of our eyes

1439

01:04:22,710 --> 01:04:20,799

origin year 8100

1440

01:04:23,910 --> 01:04:22,720

which many people of course have taken

1441

01:04:26,870 --> 01:04:23,920

to mean

1442

01:04:28,109 --> 01:04:26,880

origin year 8100 maybe we're talking

1443

01:04:30,549 --> 01:04:28,119

about not

1444

01:04:33,630 --> 01:04:30,559

extraterrestrials but time travelers

1445

01:04:36,069 --> 01:04:33,640

otherwise why would it say origin year

1446

01:04:38,150 --> 01:04:36,079

8100 um

1447

01:04:38,950 --> 01:04:38,160

unless that's an alien calendar i don't

1448

01:04:42,710 --> 01:04:38,960

know

1449

01:04:44,630 --> 01:04:42,720

and then following this message

1450

01:04:47,990 --> 01:04:44,640

was a series of what looked like

1451

01:04:51,109 --> 01:04:48,000

geographical coordinates

1452

01:04:54,390 --> 01:04:51,119

the nazca lines in peru

1453

01:04:56,870 --> 01:04:54,400

the temple of apollo in greece the great

1454

01:04:58,390 --> 01:04:56,880

pyramid at giza which dennis spoke about

1455

01:05:00,710 --> 01:04:58,400

earlier

1456

01:05:03,430 --> 01:05:00,720

the mythical lost

1457

01:05:06,870 --> 01:05:03,440

continent of high brazil

1458

01:05:10,150 --> 01:05:06,880

sometimes dubbed the celtic atlantis

1459

01:05:13,270 --> 01:05:10,160

again this is hugely controversial some

1460

01:05:15,670 --> 01:05:13,280

ufo researchers take great exception to

1461

01:05:16,870 --> 01:05:15,680

this they think it's far too kind of new

1462

01:05:18,549 --> 01:05:16,880

age

1463

01:05:20,549 --> 01:05:18,559

for what they believe is a nuts and

1464

01:05:22,390 --> 01:05:20,559

bolts phenomenon

1465

01:05:23,990 --> 01:05:22,400

work

1466

01:05:26,870 --> 01:05:24,000

to try and get to the bottom of this

1467

01:05:28,069 --> 01:05:26,880

so-called binary

1468

01:05:32,150 --> 01:05:28,079

code

1469

01:05:34,789 --> 01:05:32,160

you call it work is ongoing there are a

1470

01:05:37,430 --> 01:05:34,799

couple of websites devoted to this just

1471

01:05:40,710 --> 01:05:37,440

just google phrases like the rendlesham

1472

01:05:43,029 --> 01:05:40,720

binary code and you'll find them

1473

01:05:44,390 --> 01:05:43,039

it's a fascinating part of of what is

1474

01:05:45,990 --> 01:05:44,400

still

1475

01:05:48,789 --> 01:05:46,000

i think uh

1476

01:05:49,750 --> 01:05:48,799

an ongoing story a story that we haven't

1477

01:05:51,829 --> 01:05:49,760

yet

1478

01:05:53,750 --> 01:05:51,839

heard the last of

1479

01:05:56,710 --> 01:05:53,760

with that i'm afraid i think i'm going

1480

01:05:59,270 --> 01:05:56,720

to have to wrap up because um

1481

01:06:01,270 --> 01:05:59,280

dennis gave me the five minute

1482

01:06:02,870 --> 01:06:01,280

warning and i've i've probably gone on

1483

01:06:04,710 --> 01:06:02,880

but i'm going to be around

1484

01:06:08,470 --> 01:06:04,720

for a while i'm going to the dude of the

1485

01:06:11,349 --> 01:06:08,480

dead music festival of course to uh have

1486

01:06:13,829 --> 01:06:11,359

some have some south west cuisine some

1487

01:06:17,109 --> 01:06:13,839

mexican food maybe uh have a couple of

1488

01:06:19,589 --> 01:06:17,119

cold ones if there's a beer tent and so

1489

01:06:21,109 --> 01:06:19,599

with that in mind i i'm going to be

1490

01:06:23,910 --> 01:06:21,119

around for those of you that didn't get

1491

01:06:25,910 --> 01:06:23,920

to ask a a comment or a question so

1492

01:06:28,870 --> 01:06:25,920

thank you so much for listening and i

1493

01:06:32,309 --> 01:06:28,880

hope that you found the uh account of

1494

01:06:34,549 --> 01:06:32,319

the rendelsham forest incident to be as

1495

01:06:37,670 --> 01:06:34,559

fascinating as i found trying to get to

1496

01:06:40,309 --> 01:06:37,680

the bottom of what i still think is a

1497

01:06:44,150 --> 01:06:40,319

case which in years to come will be as

1498

01:06:47,349 --> 01:06:44,160

well known as and perhaps one day sorry

1499

01:06:49,029 --> 01:06:47,359

maybe even better known than roswell so

1500

01:06:51,510 --> 01:06:49,039

thank you very much for listening thank
