6
00:00:32,870 --> 00:00:31,599
balthaser now dennis is one of the top

7
00:00:36,950 --> 00:00:32,880
u.s

8
00:00:38,869 --> 00:00:36,960
investigators of ufo phenomenon

9
00:00:41,510 --> 00:00:38,879
okay he has worked in

10
00:00:44,630 --> 00:00:41,520
the texas highway department in el paso

11
00:00:48,389 --> 00:00:44,640
for 33 years and his interest in ufos

12
00:00:50,229 --> 00:00:48,399
led him to move to roswell new mexico

13
00:00:53,430 --> 00:00:50,239

there he became the lead investigator

14

00:00:55,350 --> 00:00:53,440

for the roswell ufo museum and also

15

00:00:56,830 --> 00:00:55,360

served on its board of directors for

16

00:00:59,910 --> 00:00:56,840

several

17

00:01:03,029 --> 00:00:59,920

years he's a certified ufo investigator

18

00:01:05,109 --> 00:01:03,039

with mufon a mutual ufo network

19

00:01:07,750 --> 00:01:05,119

and dennis has been widely recognized

20

00:01:10,550 --> 00:01:07,760

for his research in the roswell incident

21

00:01:13,109 --> 00:01:10,560

as well as area 51

22

00:01:15,190 --> 00:01:13,119

underground bases and the mysteries of

23

00:01:17,270 --> 00:01:15,200

the egyptian pyramids

24

00:01:24,950 --> 00:01:17,280

so i'd like to introduce you right now

25

00:01:28,630 --> 00:01:27,030

thank you

26

00:01:30,710 --> 00:01:28,640

for the past several years i've been

27

00:01:34,390 --> 00:01:30,720

concentrating my research

28

00:01:35,670 --> 00:01:34,400

on the 1947 russell incident area 51 up

29

00:01:37,590 --> 00:01:35,680

in nevada

30

00:01:39,749 --> 00:01:37,600

and underground basis

31

00:01:41,590 --> 00:01:39,759

and i'll talk about all those three in

32

00:01:44,310 --> 00:01:41,600

this presentation

33

00:01:47,190 --> 00:01:44,320

i'll talk about roswell because after 67

34

00:01:49,590 --> 00:01:47,200

years it refuses to go away

35

00:01:51,429 --> 00:01:49,600

area 51 because for the most part

36

00:01:53,270 --> 00:01:51,439

according to our government

37

00:01:55,109 --> 00:01:53,280

it hasn't existed

38

00:01:56,870 --> 00:01:55,119

and under grace underground basis

39

00:01:58,950 --> 00:01:56,880

because our government is simply lying

40

00:02:02,310 --> 00:01:58,960

to us about that

41

00:02:04,230 --> 00:02:02,320

in addition to that research in 2001

42

00:02:07,270 --> 00:02:04,240

i was asked to join the great pyramids

43

00:02:08,869 --> 00:02:07,280

the giza advisory board in egypt

44

00:02:10,389 --> 00:02:08,879

and that's some research i want to share

45

00:02:12,229 --> 00:02:10,399

with you also

46

00:02:14,390 --> 00:02:12,239

so we have a lot to cover and i'm

47

00:02:16,070 --> 00:02:14,400

hopeful that when i get through

48

00:02:17,750 --> 00:02:16,080

you'll find it interesting and both

49

00:02:19,750 --> 00:02:17,760

informative

50

00:02:21,990 --> 00:02:19,760

this research i've chosen

51
00:02:24,949 --> 00:02:22,000
to dedicate my life to is controversial

52
00:02:26,790 --> 00:02:24,959
at times and requires a tough older skin

53
00:02:28,710 --> 00:02:26,800
when the debunkers and the critics start

54
00:02:31,190 --> 00:02:28,720
getting after you

55
00:02:32,710 --> 00:02:31,200
trust me the research and study apology

56
00:02:34,869 --> 00:02:32,720
is more difficult

57
00:02:36,710 --> 00:02:34,879
than anything i dealt with in my 33

58
00:02:38,790 --> 00:02:36,720
years with the texas highway department

59
00:02:40,869 --> 00:02:38,800
in civil engineering

60
00:02:42,630 --> 00:02:40,879
now because of my brutal honesty i've

61
00:02:44,550 --> 00:02:42,640
been fortunate in that i've not been

62
00:02:46,229 --> 00:02:44,560
questioned too often

63
00:02:47,830 --> 00:02:46,239

and when i have been i prefer to go

64

00:02:50,150 --> 00:02:47,840

public with it

65

00:02:51,350 --> 00:02:50,160

exposing the critics reveal their true

66

00:02:54,070 --> 00:02:51,360

nature

67

00:02:56,550 --> 00:02:54,080

which in most cases is attacking people

68

00:02:57,670 --> 00:02:56,560

rather than data it's a lot easier to do

69

00:02:59,509 --> 00:02:57,680

that

70

00:03:01,190 --> 00:02:59,519

i find out through the years of sharing

71

00:03:02,790 --> 00:03:01,200

information with the public whether

72

00:03:04,630 --> 00:03:02,800

through my website

73

00:03:07,110 --> 00:03:04,640

television or radio interviews

74

00:03:08,869 --> 00:03:07,120

editorials or lectures

75

00:03:10,149 --> 00:03:08,879

there is a common denominator that

76

00:03:11,430 --> 00:03:10,159

prevails

77

00:03:12,949 --> 00:03:11,440

truth

78

00:03:15,670 --> 00:03:12,959

and allowing people to make their own

79

00:03:17,110 --> 00:03:15,680

decisions always wins out

80

00:03:18,949 --> 00:03:17,120

you're here because you have some

81

00:03:21,430 --> 00:03:18,959

interest in the subject

82

00:03:23,110 --> 00:03:21,440

or perhaps out of curiosity

83

00:03:24,390 --> 00:03:23,120

so what i'll simply be doing in this

84

00:03:27,190 --> 00:03:24,400

presentation

85

00:03:28,790 --> 00:03:27,200

is sharing some of my research with you

86

00:03:30,229 --> 00:03:28,800

that i've obtained over the years and

87

00:03:33,110 --> 00:03:30,239

i'll let you decide if you want to

88

00:03:34,949 --> 00:03:33,120

believe it or not there's a tremendous

89

00:03:37,190 --> 00:03:34,959

amount of substantial information

90

00:03:38,949 --> 00:03:37,200

available to support the fact

91

00:03:40,390 --> 00:03:38,959

that the planet has probably been and

92

00:03:43,190 --> 00:03:40,400

still is being visited by

93

00:03:45,110 --> 00:03:43,200

extraterrestrials from other worlds

94

00:03:46,630 --> 00:03:45,120

i just can't be egotistical enough to

95

00:03:48,789 --> 00:03:46,640

think that we're the only living thing

96

00:03:51,350 --> 00:03:48,799

in the universe

97

00:03:55,750 --> 00:03:51,360

curiosity in ufos in fact is the second

98

00:03:55,760 --> 00:04:00,869

we've got a roper poll here

99

00:04:05,350 --> 00:04:03,750

72 percent of americans believe that the

100

00:04:08,630 --> 00:04:05,360

government is not telling the public

101
00:04:10,789 --> 00:04:08,640
everything it knows about ufo activity

102
00:04:12,149 --> 00:04:10,799
68 of those surveyed think the

103
00:04:13,990 --> 00:04:12,159
government knows more about

104
00:04:15,589 --> 00:04:14,000
extraterrestrial life than it's letting

105
00:04:17,749 --> 00:04:15,599
on

106
00:04:19,749 --> 00:04:17,759
55 percent say that the government does

107
00:04:21,430 --> 00:04:19,759
not share enough information with the

108
00:04:24,070 --> 00:04:21,440
public in general

109
00:04:25,350 --> 00:04:24,080
and 60 said when national security is

110
00:04:26,870 --> 00:04:25,360
not at risk

111
00:04:30,150 --> 00:04:26,880
the united states government should not

112
00:04:31,670 --> 00:04:30,160
withhold information about ufo sightings

113
00:04:33,749 --> 00:04:31,680

and potential encounters with

114

00:04:35,510 --> 00:04:33,759

extraterrestrials

115

00:04:37,670 --> 00:04:35,520

now i put a note at the bottom of that

116

00:04:40,830 --> 00:04:37,680

these percentages are higher

117

00:04:44,070 --> 00:04:40,840

than politicians get elected

118

00:04:45,749 --> 00:04:44,080

by there's no doubt in my mind that the

119

00:04:47,189 --> 00:04:45,759

government not everyone in the

120

00:04:49,909 --> 00:04:47,199

government but several within our

121

00:04:51,909 --> 00:04:49,919

government and certain military leaders

122

00:04:54,469 --> 00:04:51,919

are definitely concealing information

123

00:04:56,310 --> 00:04:54,479

about the existence of ufos

124

00:04:59,030 --> 00:04:56,320

as well as other things which you and i

125

00:05:00,629 --> 00:04:59,040

as taxpayers are putting the bill for

126

00:05:03,990 --> 00:05:00,639

while being lied to about their

127

00:05:06,469 --> 00:05:04,000

existence or the truth pertaining to it

128

00:05:08,230 --> 00:05:06,479

today cover-up is a way of life whereas

129

00:05:10,550 --> 00:05:08,240

60 years ago

130

00:05:12,310 --> 00:05:10,560

people in general felt very differently

131

00:05:14,790 --> 00:05:12,320

about their leaders

132

00:05:17,510 --> 00:05:14,800

and the way our government operated

133

00:05:18,790 --> 00:05:17,520

back then the public respected them

134

00:05:20,469 --> 00:05:18,800

probably because they earned that

135

00:05:22,469 --> 00:05:20,479

respect

136

00:05:24,790 --> 00:05:22,479

i seriously doubt there's anyone in this

137

00:05:30,070 --> 00:05:24,800

audience they could name five people

138

00:05:30,080 --> 00:05:33,590

time's up

139

00:05:37,350 --> 00:05:35,430

another problem as i see it is the fact

140

00:05:40,150 --> 00:05:37,360

that many people just don't care if

141

00:05:42,550 --> 00:05:40,160

extraterrestrials exist or not

142

00:05:44,629 --> 00:05:42,560

for our young people it's no big deal

143

00:05:46,550 --> 00:05:44,639

having been raised with star wars star

144

00:05:48,390 --> 00:05:46,560

trek the x-files

145

00:05:51,270 --> 00:05:48,400

and others they pretty much accept the

146

00:05:52,870 --> 00:05:51,280

fact that et's probably exist

147

00:05:55,029 --> 00:05:52,880

it's also been proven that the more

148

00:05:55,830 --> 00:05:55,039

educated one is the more likely they

149

00:05:59,350 --> 00:05:55,840

will

150

00:06:01,189 --> 00:05:59,360

agree that there is life elsewhere

151

00:06:03,029 --> 00:06:01,199

then there's the news media

152

00:06:06,710 --> 00:06:03,039

that for the most part makes light of

153

00:06:08,550 --> 00:06:06,720

ufo events if they finally do report it

154

00:06:10,870 --> 00:06:08,560

some of us that research this subject

155

00:06:12,790 --> 00:06:10,880

and some of you have an interest in it

156

00:06:14,710 --> 00:06:12,800

however feel this could be the biggest

157

00:06:17,270 --> 00:06:14,720

story of the millennium

158

00:06:18,870 --> 00:06:17,280

and we continue to pursue it

159

00:06:20,870 --> 00:06:18,880

i for one want my children and

160

00:06:22,390 --> 00:06:20,880

grandchildren to know what their future

161

00:06:23,909 --> 00:06:22,400

might hold for them

162

00:06:26,790 --> 00:06:23,919

and if it involves a higher

163

00:06:29,189 --> 00:06:26,800

technological species than we are

164

00:06:31,029 --> 00:06:29,199

which wouldn't take much by the way

165

00:06:33,110 --> 00:06:31,039

i think they should know that and our

166

00:06:34,950 --> 00:06:33,120

government should quit lying to us about

167

00:06:36,870 --> 00:06:34,960

some of the things they do or do not

168

00:06:39,590 --> 00:06:36,880

tell us

169

00:06:41,270 --> 00:06:39,600

most of us have been raised in a box

170

00:06:43,670 --> 00:06:41,280

throughout our lives we've been told and

171

00:06:45,590 --> 00:06:43,680

taught things by others such as our

172

00:06:47,749 --> 00:06:45,600

parents or teachers

173

00:06:49,990 --> 00:06:47,759

or priests and pastors

174

00:06:51,749 --> 00:06:50,000

for many that information is enough and

175

00:06:53,670 --> 00:06:51,759

nothing is questioned

176
00:06:56,469 --> 00:06:53,680
for some of us we stray outside of the

177
00:06:59,029 --> 00:06:56,479
box and request more information as is

178
00:07:00,870 --> 00:06:59,039
the case in the study ufology and the

179
00:07:02,629 --> 00:07:00,880
fact that i believe there's a tremendous

180
00:07:05,110 --> 00:07:02,639
amount of information

181
00:07:06,790 --> 00:07:05,120
that we're not told or worse not told

182
00:07:08,790 --> 00:07:06,800
the truth

183
00:07:11,830 --> 00:07:08,800
who has given a few the authority to

184
00:07:14,230 --> 00:07:11,840
withhold this information from us

185
00:07:16,629 --> 00:07:14,240
people often ask me if there in fact are

186
00:07:18,950 --> 00:07:16,639
aliens visiting our planet why don't

187
00:07:21,990 --> 00:07:18,960
they communicate with us and my simple

188
00:07:23,749 --> 00:07:22,000

answer is why would they want to

189

00:07:25,350 --> 00:07:23,759

i don't go in the backyard and talk to

190

00:07:26,790 --> 00:07:25,360

insects

191

00:07:28,550 --> 00:07:26,800

if they can get here from wherever

192

00:07:31,430 --> 00:07:28,560

they're from they understandably have

193

00:07:33,749 --> 00:07:31,440

intelligence knowledge and technology

194

00:07:37,430 --> 00:07:33,759

far superior to ours

195

00:07:39,430 --> 00:07:37,440

since for some example we can't go there

196

00:07:41,350 --> 00:07:39,440

what do we have to offer a species so

197

00:07:43,350 --> 00:07:41,360

far advanced of us

198

00:07:45,189 --> 00:07:43,360

the human being is the only species on

199

00:07:45,990 --> 00:07:45,199

the planet that can not live with each

200

00:07:50,870 --> 00:07:46,000

other

201
00:07:52,790 --> 00:07:50,880
things as nationalities and borders

202
00:07:54,950 --> 00:07:52,800
the color of their skin religious

203
00:07:56,790 --> 00:07:54,960
beliefs etc

204
00:07:59,350 --> 00:07:56,800
we're destroying the planet as fast as

205
00:08:00,550 --> 00:07:59,360
we can the rain forest and the ozone

206
00:08:02,070 --> 00:08:00,560
layer

207
00:08:03,189 --> 00:08:02,080
so why would they want to communicate

208
00:08:05,510 --> 00:08:03,199
with us

209
00:08:07,909 --> 00:08:05,520
what can we offer to them

210
00:08:13,430 --> 00:08:07,919
very little as i see it and i hope we

211
00:08:18,390 --> 00:08:15,430
because people are more educated today

212
00:08:20,710 --> 00:08:18,400
than they were in 1947 i do not buy into

213
00:08:23,830 --> 00:08:20,720

the possibility that the government is

214

00:08:25,430 --> 00:08:23,840

afraid of panic or fear of the public

215

00:08:27,830 --> 00:08:25,440

although i do believe there would be

216

00:08:29,270 --> 00:08:27,840

some concern in the financial world the

217

00:08:32,709 --> 00:08:29,280

religions of the world and the

218

00:08:34,550 --> 00:08:32,719

leadership of several nations

219

00:08:37,269 --> 00:08:34,560

since the roswell incident research

220

00:08:39,110 --> 00:08:37,279

started in late 1970s hundreds of

221

00:08:42,149 --> 00:08:39,120

thousands of first-hand witnesses have

222

00:08:44,550 --> 00:08:42,159

been interviewed by various researchers

223

00:08:47,030 --> 00:08:44,560

i personally have talked to between 100

224

00:08:48,470 --> 00:08:47,040

and 150 first second and third hand

225

00:08:50,310 --> 00:08:48,480

witnesses

226

00:08:52,230 --> 00:08:50,320

in most cases the overwhelming

227

00:08:54,550 --> 00:08:52,240

information obtained

228

00:08:57,350 --> 00:08:54,560

leans towards an extraterrestrial craft

229

00:08:59,269 --> 00:08:57,360

of unknown origin with bodies

230

00:09:02,150 --> 00:08:59,279

crashed on the new mexico desert in

231

00:09:04,070 --> 00:09:02,160

roswell in 1947.

232

00:09:05,110 --> 00:09:04,080

very few believe it was anything of our

233

00:09:08,550 --> 00:09:05,120

government

234

00:09:10,710 --> 00:09:08,560

or the russians germans or japanese so

235

00:09:12,389 --> 00:09:10,720

who's was it

236

00:09:13,269 --> 00:09:12,399

hopefully in our lifetime we'll know the

237

00:09:15,829 --> 00:09:13,279

truth

238

00:09:17,750 --> 00:09:15,839

but as i get older that possibility

239

00:09:18,710 --> 00:09:17,760

seems less likely

240

00:09:20,870 --> 00:09:18,720

but it will

241

00:09:22,870 --> 00:09:20,880

certainly not discourage us

242

00:09:24,790 --> 00:09:22,880

from continuing to do the search for the

243

00:09:26,630 --> 00:09:24,800

truth because it's too important to know

244

00:09:28,870 --> 00:09:26,640

the truth

245

00:09:30,710 --> 00:09:28,880

we continue to lose firsthand witnesses

246

00:09:32,470 --> 00:09:30,720

as time takes its toll on some of the

247

00:09:35,190 --> 00:09:32,480

people involved

248

00:09:36,790 --> 00:09:35,200

many of those who were involved in 1947

249

00:09:38,150 --> 00:09:36,800

or now in their 80s if they're still

250

00:09:39,910 --> 00:09:38,160

alive

251
00:09:41,829 --> 00:09:39,920
others that were involved have decided

252
00:09:43,110 --> 00:09:41,839
to embellish or exaggerate their

253
00:09:46,150 --> 00:09:43,120
involvement

254
00:09:48,150 --> 00:09:46,160
that creates problems for us researchers

255
00:09:49,750 --> 00:09:48,160
still others refuse to talk about it

256
00:09:51,110 --> 00:09:49,760
after all these years

257
00:09:52,949 --> 00:09:51,120
due to their commitment to the

258
00:09:55,670 --> 00:09:52,959
government or the military by being

259
00:09:57,269 --> 00:09:55,680
sworn to secrecy many years ago

260
00:09:59,190 --> 00:09:57,279
and still have that respect for the

261
00:10:01,030 --> 00:09:59,200
original leaders and government after

262
00:10:03,190 --> 00:10:01,040
all these years

263
00:10:04,550 --> 00:10:03,200

as a research researcher that makes my

264

00:10:06,550 --> 00:10:04,560

job difficult

265

00:10:09,190 --> 00:10:06,560

but i respect them and wish that in some

266

00:10:11,590 --> 00:10:09,200

cases we had that respect for our

267

00:10:13,590 --> 00:10:11,600

leaders today

268

00:10:15,710 --> 00:10:13,600

the photographs taken to general ramy's

269

00:10:18,790 --> 00:10:15,720

office in fort worth texas in july of

270

00:10:20,949 --> 00:10:18,800

1947 by james bond johnson

271

00:10:24,710 --> 00:10:20,959

continues to be one of the smoking guns

272

00:10:27,829 --> 00:10:24,720

in resolving the roshal incident

273

00:10:30,630 --> 00:10:27,839

johnson passed away in 2006 a few years

274

00:10:32,310 --> 00:10:30,640

after i had interviewed him

275

00:10:35,509 --> 00:10:32,320

in three different interviews done by

276

00:10:37,350 --> 00:10:35,519

david rudiak kevin randall and myself

277

00:10:40,230 --> 00:10:37,360

johnson has started to embellish his

278

00:10:42,310 --> 00:10:40,240

involvement and changed his story

279

00:10:47,269 --> 00:10:42,320

the interviews are posted on my website

280

00:10:51,190 --> 00:10:49,269

several groups have attempted to analyze

281

00:10:52,949 --> 00:10:51,200

one of the photographs taken by johnson

282

00:10:54,069 --> 00:10:52,959

where general raymie is holding a piece

283

00:10:57,110 --> 00:10:54,079

of paper

284

00:10:59,269 --> 00:10:57,120

with the type words facing the camera

285

00:11:01,509 --> 00:10:59,279

david rudiak as well as several others

286

00:11:03,509 --> 00:11:01,519

are doing some excellent work and trying

287

00:11:06,230 --> 00:11:03,519

to decipher what is written on the paper

288

00:11:07,670 --> 00:11:06,240

general remy is holding

289

00:11:11,190 --> 00:11:07,680

now there's a couple things in this

290

00:11:14,870 --> 00:11:12,870

that's the memo i'm talking about the

291

00:11:15,990 --> 00:11:14,880

type on that piece of paper is facing

292

00:11:17,990 --> 00:11:16,000

the camera

293

00:11:19,910 --> 00:11:18,000

general remy had no idea that years

294

00:11:23,030 --> 00:11:19,920

later with computers would be able to

295

00:11:29,829 --> 00:11:26,630

that's colonel de bosey's assistant

296

00:11:32,790 --> 00:11:29,839

the thing i want you to notice here

297

00:11:34,949 --> 00:11:32,800

this was set up when major marcel was

298

00:11:37,670 --> 00:11:34,959

taken to fort worth to talk to general

299

00:11:39,829 --> 00:11:37,680

raymie and show him some of the debris

300

00:11:42,710 --> 00:11:39,839

when he got there they put the package

301
00:11:44,790 --> 00:11:42,720
that jesse marcel had

302
00:11:48,230 --> 00:11:44,800
behind where they're sitting

303
00:11:50,550 --> 00:11:48,240
and on the floor was a weather balloon

304
00:11:51,910 --> 00:11:50,560
now if anything had been wrapped in that

305
00:11:54,230 --> 00:11:51,920
package

306
00:11:56,069 --> 00:11:54,240
that paper would be wrinkled

307
00:11:57,990 --> 00:11:56,079
that's brand new paper off of a brand

308
00:11:59,910 --> 00:11:58,000
new roll of paper

309
00:12:01,829 --> 00:11:59,920
so we know that's a staged picture right

310
00:12:06,870 --> 00:12:01,839
there

311
00:12:08,949 --> 00:12:06,880
back here behind me uh general ramy and

312
00:12:10,389 --> 00:12:08,959
currently those is a package

313
00:12:12,230 --> 00:12:10,399

that's probably what

314

00:12:16,470 --> 00:12:12,240

major marcel brought with him when he

315

00:12:19,990 --> 00:12:17,990

there's very little doubt in the minds

316

00:12:22,949 --> 00:12:20,000

of most researchers that part of that

317

00:12:24,790 --> 00:12:22,959

memo reads victims of the wreck

318

00:12:27,190 --> 00:12:24,800

weather balloons and mogul balloons

319

00:12:28,949 --> 00:12:27,200

would not have had victims

320

00:12:31,590 --> 00:12:28,959

there's some disagreement on what the

321

00:12:34,230 --> 00:12:31,600

entire message says but it appears there

322

00:12:40,870 --> 00:12:34,240

is no disagreement on the words victims

323

00:12:43,910 --> 00:12:42,710

now there's only a few words in english

324

00:12:46,310 --> 00:12:43,920

language

325

00:12:47,670 --> 00:12:46,320

that have the letters b

326

00:12:50,310 --> 00:12:47,680

two eyes

327

00:12:52,310 --> 00:12:50,320

and an s in the same location as the

328

00:12:54,550 --> 00:12:52,320

word victims

329

00:12:55,990 --> 00:12:54,560

and we don't believe violins or virgins

330

00:12:59,670 --> 00:12:56,000

had anything to do with the christ

331

00:13:03,509 --> 00:13:01,509

other words and phrases that seem to

332

00:13:04,389 --> 00:13:03,519

appear on the message include the word

333

00:13:06,230 --> 00:13:04,399

disc

334

00:13:09,350 --> 00:13:06,240

and a reference to sending out a press

335

00:13:11,030 --> 00:13:09,360

release about weather balloons

336

00:13:12,949 --> 00:13:11,040

the analysis of that photograph

337

00:13:14,550 --> 00:13:12,959

continues today as better equipment

338

00:13:16,069 --> 00:13:14,560

becomes available

339

00:13:18,389 --> 00:13:16,079

and the clarity of the original

340

00:13:20,069 --> 00:13:18,399

photograph can be enhanced in order to

341

00:13:21,509 --> 00:13:20,079

read what is actually typed on that

342

00:13:24,550 --> 00:13:21,519

paper

343

00:13:26,230 --> 00:13:24,560

general amy covered the story up in 1947

344

00:13:27,389 --> 00:13:26,240

by stating it was simply a weather

345

00:13:30,150 --> 00:13:27,399

balloon

346

00:13:36,550 --> 00:13:30,160

misidentified by the elite 509th bomb

347

00:13:41,829 --> 00:13:39,910

47 years later in 1994 the air force

348

00:13:43,190 --> 00:13:41,839

would admit in their report that raymie

349

00:13:45,190 --> 00:13:43,200

was wrong

350

00:13:46,949 --> 00:13:45,200

about it being a weather balloon it was

351
00:13:49,430 --> 00:13:46,959
a mogul balloon

352
00:13:51,269 --> 00:13:49,440
some of us reachers can researchers that

353
00:13:52,389 --> 00:13:51,279
continue to investigate the rostral

354
00:13:54,230 --> 00:13:52,399
instrument

355
00:13:56,230 --> 00:13:54,240
are convinced that after four different

356
00:13:57,910 --> 00:13:56,240
excuses by the air force

357
00:14:00,150 --> 00:13:57,920
we still have not been told what

358
00:14:02,629 --> 00:14:00,160
actually happened near roswell and we

359
00:14:04,629 --> 00:14:02,639
continue to research it

360
00:14:06,310 --> 00:14:04,639
some of the freedom information requests

361
00:14:08,949 --> 00:14:06,320
that i've submitted to the military

362
00:14:11,110 --> 00:14:08,959
personnel record center in saint louis

363
00:14:13,910 --> 00:14:11,120

about personnel assigned to the russell

364

00:14:16,230 --> 00:14:13,920

army airfield in 1947

365

00:14:19,189 --> 00:14:16,240

continue to be returned with a generic

366

00:14:21,110 --> 00:14:19,199

stamp stating those service records

367

00:14:23,269 --> 00:14:21,120

may have been destroyed in the fire at

368

00:14:26,389 --> 00:14:23,279

the center in july of nineteen seventy

369

00:14:30,790 --> 00:14:29,030

new mexico congressman stephen schiff

370

00:14:32,949 --> 00:14:30,800

received a similar response from the

371

00:14:34,949 --> 00:14:32,959

general accounting office when he did

372

00:14:37,590 --> 00:14:34,959

his investigation into the russell

373

00:14:39,509 --> 00:14:37,600

institute in 1995.

374

00:14:41,430 --> 00:14:39,519

schiff was told that the records for the

375

00:14:42,710 --> 00:14:41,440

arousal army airfield were also

376

00:14:44,150 --> 00:14:42,720

destroyed

377

00:14:46,790 --> 00:14:44,160

but they had no knowledge of who

378

00:14:49,110 --> 00:14:46,800

destroyed them or why

379

00:14:51,030 --> 00:14:49,120

those were incoming and outgoing records

380

00:14:52,790 --> 00:14:51,040

of the only atomic bomb group in the

381

00:14:54,790 --> 00:14:52,800

world at the time

382

00:14:55,829 --> 00:14:54,800

and you can believe the gao if you want

383

00:14:57,430 --> 00:14:55,839

to

384

00:15:00,110 --> 00:14:57,440

personally i do not believe that the

385

00:15:05,189 --> 00:15:00,120

records of the only atomic bomb group in

386

00:15:09,189 --> 00:15:07,189

the location of a number of crash sites

387

00:15:10,870 --> 00:15:09,199

continues to frustrate us

388

00:15:13,750 --> 00:15:10,880

the corn ranch site just north of

389

00:15:15,829 --> 00:15:13,760

roswell and west of us285

390

00:15:19,829 --> 00:15:15,839

was made famous schmidt and randall

391

00:15:22,230 --> 00:15:19,839

spoke in the early 1900s 1990s

392

00:15:24,470 --> 00:15:22,240

some military witnesses have supported

393

00:15:26,710 --> 00:15:24,480

that site however it's my belief

394

00:15:29,430 --> 00:15:26,720

that that site has any validity it's

395

00:15:31,750 --> 00:15:29,440

only as a diversionary site

396

00:15:33,030 --> 00:15:31,760

i obtained an affidavit from the magnite

397

00:15:35,030 --> 00:15:33,040

family

398

00:15:36,949 --> 00:15:35,040

several years ago in which the mcknight

399

00:15:38,829 --> 00:15:36,959

stated that their family owned that

400

00:15:41,910 --> 00:15:38,839

ranch and lived there in

401
00:15:44,310 --> 00:15:41,920
1947 and nothing related to the russell

402
00:15:46,069 --> 00:15:44,320
incident happened on their ranch

403
00:15:49,910 --> 00:15:46,079
and in the past the current owner has

404
00:15:53,030 --> 00:15:49,920
even had a lot of tours to the site

405
00:15:54,710 --> 00:15:53,040
prior to his death in 2001 frank kaufman

406
00:15:57,189 --> 00:15:54,720
who claimed to be part of the rossville

407
00:15:59,189 --> 00:15:57,199
recovery team in 47

408
00:16:01,430 --> 00:15:59,199
changed his support to the corn ranch

409
00:16:02,949 --> 00:16:01,440
site at a location several miles further

410
00:16:05,590 --> 00:16:02,959
to the west

411
00:16:07,670 --> 00:16:05,600
toward the corona debris site

412
00:16:10,069 --> 00:16:07,680
all the conference accounts now have

413
00:16:11,990 --> 00:16:10,079

been proven to be wrong and were hoaxed

414

00:16:14,389 --> 00:16:12,000

by him

415

00:16:16,389 --> 00:16:14,399

the jim ragsdale site west of roswell in

416

00:16:19,509 --> 00:16:16,399

the capitan mountain was brought forward

417

00:16:22,470 --> 00:16:19,519

by ragsdale in 1993

418

00:16:24,870 --> 00:16:22,480

and made public in 1995.

419

00:16:27,030 --> 00:16:24,880

unfortunately he provided two affidavits

420

00:16:29,350 --> 00:16:27,040

having different descriptions of where

421

00:16:32,389 --> 00:16:29,360

he was and what he witnessed

422

00:16:33,829 --> 00:16:32,399

since rastel passed away in 1995 we may

423

00:16:36,870 --> 00:16:33,839

never know which if any of his

424

00:16:38,710 --> 00:16:36,880

affidavits were true personally i cannot

425

00:16:42,550 --> 00:16:38,720

without much more research but any

426

00:16:42,560 --> 00:16:47,590

now the three sites i'm talking about

427

00:16:52,949 --> 00:16:50,470

down here is roswell in the corner

428

00:16:57,030 --> 00:16:52,959

corn ranch site is about 22 miles north

429

00:16:58,710 --> 00:16:57,040

on 285 about six miles to the west

430

00:17:00,790 --> 00:16:58,720

the ragsdale site is out here in the

431

00:17:02,949 --> 00:17:00,800

capitan mountain

432

00:17:04,789 --> 00:17:02,959

corona is probably the only site that i

433

00:17:07,909 --> 00:17:04,799

put any confidence in that's where the

434

00:17:09,909 --> 00:17:07,919

rancher mike brassell found the debris

435

00:17:15,270 --> 00:17:09,919

that's the town of corona it's about 12

436

00:17:15,280 --> 00:17:20,949

the corona debris field

437

00:17:24,710 --> 00:17:22,470

it's on balance

438

00:17:28,150 --> 00:17:24,720

the corona debris field site located on

439

00:17:30,390 --> 00:17:28,160

what was the foster ranch in 1947

440

00:17:33,190 --> 00:17:30,400

is to me based on years of research by

441

00:17:35,270 --> 00:17:33,200

many individuals the official crash site

442

00:17:37,029 --> 00:17:35,280

for the rossul incident

443

00:17:39,190 --> 00:17:37,039

that was the location that's described

444

00:17:41,350 --> 00:17:39,200

by ranch foreman mack brazel

445

00:17:43,830 --> 00:17:41,360

where he found debris scattered over an

446

00:17:46,549 --> 00:17:43,840

area several hundred yards wide

447

00:17:48,630 --> 00:17:46,559

by three quarters of a mile long

448

00:17:51,110 --> 00:17:48,640

that's also the site where major jesse

449

00:17:52,710 --> 00:17:51,120

marcel and captain cabot

450

00:17:54,630 --> 00:17:52,720

went to investigate the scene and

451
00:17:57,190 --> 00:17:54,640
collected some of the debris prior to

452
00:17:59,110 --> 00:17:57,200
the military cleaning it up

453
00:18:01,510 --> 00:17:59,120
there's a very strong possibility that

454
00:18:03,430 --> 00:18:01,520
there's another site existed a short

455
00:18:05,510 --> 00:18:03,440
distance from the debris field where the

456
00:18:07,430 --> 00:18:05,520
actual bodies were found

457
00:18:09,990 --> 00:18:07,440
that will continue to be investigated

458
00:18:12,070 --> 00:18:10,000
and hopefully verified

459
00:18:14,230 --> 00:18:12,080
stanton friedman the original civilian

460
00:18:16,230 --> 00:18:14,240
ross oil investigator has for years

461
00:18:19,270 --> 00:18:16,240
mentioned the possibility

462
00:18:21,190 --> 00:18:19,280
of two crafts having a mid-air collision

463
00:18:24,070 --> 00:18:21,200

with one craft going down on the plains

464

00:18:25,750 --> 00:18:24,080

of saint augustine west of socorro

465

00:18:28,870 --> 00:18:25,760

and the other crashing at the corona

466

00:18:31,029 --> 00:18:28,880

debris field

467

00:18:32,870 --> 00:18:31,039

the last excuse given by the air force

468

00:18:34,549 --> 00:18:32,880

was case closed

469

00:18:35,669 --> 00:18:34,559

where they said the bodies recovered in

470

00:18:38,630 --> 00:18:35,679

the russell incident were

471

00:18:40,310 --> 00:18:38,640

anthropomorphic crash test dummies

472

00:18:42,310 --> 00:18:40,320

the air force however didn't mention

473

00:18:44,630 --> 00:18:42,320

that the crash test dummies weren't used

474

00:18:47,430 --> 00:18:44,640

until 1953

475

00:18:49,029 --> 00:18:47,440

six years after the russell incident

476

00:18:51,430 --> 00:18:49,039

but that's a minor point when you're

477

00:18:53,270 --> 00:18:51,440

lying for 60 years

478

00:18:55,430 --> 00:18:53,280

perhaps now you can understand the

479

00:18:58,150 --> 00:18:55,440

difficult task we researchers have with

480

00:18:59,750 --> 00:18:58,160

several crash sites to investigate

481

00:19:01,909 --> 00:18:59,760

the witnesses that embellish their

482

00:19:05,510 --> 00:19:01,919

experience or involvement

483

00:19:07,669 --> 00:19:05,520

or due to having age and memory problems

484

00:19:09,430 --> 00:19:07,679

and those that flat refuse to talk about

485

00:19:11,430 --> 00:19:09,440

it at all

486

00:19:13,430 --> 00:19:11,440

we continue to search for new witnesses

487

00:19:14,789 --> 00:19:13,440

and confirm the information already

488

00:19:16,470 --> 00:19:14,799

obtained

489

00:19:18,230 --> 00:19:16,480

will not give up

490

00:19:20,390 --> 00:19:18,240

because something happened near roswell

491

00:19:22,549 --> 00:19:20,400

in july 1947

492

00:19:24,630 --> 00:19:22,559

and 60 some years later our government

493

00:19:25,830 --> 00:19:24,640

and military have not satisfactory

494

00:19:31,190 --> 00:19:25,840

explained it

495

00:19:35,590 --> 00:19:33,029

now for a place that hasn't officially

496

00:19:36,789 --> 00:19:35,600

existed for many years according to the

497

00:19:39,430 --> 00:19:36,799

government

498

00:19:41,590 --> 00:19:39,440

area 51 has been referred to by a lot of

499

00:19:43,990 --> 00:19:41,600

names over the years

500

00:19:45,190 --> 00:19:44,000

some of those names include groom lake

501
00:19:46,870 --> 00:19:45,200
dreamland

502
00:19:50,150 --> 00:19:46,880
paradise ranch

503
00:19:52,630 --> 00:19:50,160
west watertown strip the box the pig

504
00:19:55,029 --> 00:19:52,640
farm and several others

505
00:19:57,590 --> 00:19:55,039
many people do not know how or when area

506
00:19:58,630 --> 00:19:57,600
51 came into existence in the nevada

507
00:20:02,630 --> 00:19:58,640
desert

508
00:20:04,549 --> 00:20:02,640
some 85 miles northwest las vegas nevada

509
00:20:05,430 --> 00:20:04,559
most people believe it was a military

510
00:20:07,270 --> 00:20:05,440
base

511
00:20:11,270 --> 00:20:07,280
when in fact it was originally opened by

512
00:20:12,870 --> 00:20:11,280
the cia the central intelligence agency

513
00:20:15,750 --> 00:20:12,880

president truman through the national

514

00:20:17,510 --> 00:20:15,760

security act of 1947

515

00:20:19,350 --> 00:20:17,520

set up both the national security

516

00:20:20,789 --> 00:20:19,360

council and the central intelligence

517

00:20:22,870 --> 00:20:20,799

agency

518

00:20:25,669 --> 00:20:22,880

back then the director of the cia

519

00:20:29,669 --> 00:20:25,679

answered directly to the president

520

00:20:32,549 --> 00:20:29,679

in 1949 the caia was act was passed

521

00:20:34,870 --> 00:20:32,559

which stipulated that not only would cia

522

00:20:36,470 --> 00:20:34,880

activities be classified

523

00:20:37,990 --> 00:20:36,480

but that its budget would also be

524

00:20:39,830 --> 00:20:38,000

classified

525

00:20:42,630 --> 00:20:39,840

the united states government could also

526

00:20:47,190 --> 00:20:42,640

deny any responsibility for the cia

527

00:20:51,350 --> 00:20:49,270

after world war ii the united states was

528

00:20:54,310 --> 00:20:51,360

very concerned about whether the soviet

529

00:20:56,630 --> 00:20:54,320

union had developed an atomic bomb

530

00:20:58,710 --> 00:20:56,640

one way to find out would be to overfly

531

00:21:01,830 --> 00:20:58,720

the soviet union in a high altitude

532

00:21:04,070 --> 00:21:01,840

aircraft equipped with cameras

533

00:21:06,470 --> 00:21:04,080

lockheed's kelly johnson designed such

534

00:21:07,909 --> 00:21:06,480

an aircraft and went directly to the cia

535

00:21:09,510 --> 00:21:07,919

with it

536

00:21:11,430 --> 00:21:09,520

normally such an aircraft would have

537

00:21:13,270 --> 00:21:11,440

been test flown at edwards air force

538

00:21:15,270 --> 00:21:13,280

base in california

539

00:21:17,669 --> 00:21:15,280

but with the security required for such

540

00:21:19,669 --> 00:21:17,679

a top secret project is this

541

00:21:22,390 --> 00:21:19,679

it was decided to look for a new secure

542

00:21:24,310 --> 00:21:22,400

site somewhere in the southwest

543

00:21:26,630 --> 00:21:24,320

a dozen sites were looked at before

544

00:21:32,310 --> 00:21:26,640

deciding on groom lake nevada

545

00:21:36,470 --> 00:21:34,230

this area was previously controlled by

546

00:21:38,149 --> 00:21:36,480

the atomic energy commission for testing

547

00:21:40,789 --> 00:21:38,159

atomic weapons

548

00:21:45,510 --> 00:21:40,799

was expanded to include groom lake and

549

00:21:48,549 --> 00:21:45,520

by july 1955 the cia had its sacred base

550

00:21:50,870 --> 00:21:48,559

a fake construction firm clj

551
00:21:52,390 --> 00:21:50,880
was formed to oversee the construction

552
00:21:53,909 --> 00:21:52,400
of the base mostly done by

553
00:21:56,789 --> 00:21:53,919
subcontractors

554
00:21:59,750 --> 00:21:56,799
to build hangers a mile long runway

555
00:22:02,070 --> 00:21:59,760
ramps control tower mess hall and other

556
00:22:03,430 --> 00:22:02,080
required structures

557
00:22:06,070 --> 00:22:03,440
the airplane that

558
00:22:09,190 --> 00:22:06,080
was designed by kelly johnson was known

559
00:22:12,310 --> 00:22:09,200
as the aquatone by the cia

560
00:22:14,470 --> 00:22:12,320
and his angel by lockheed

561
00:22:17,029 --> 00:22:14,480
the first prototype was called article

562
00:22:19,789 --> 00:22:17,039
341 and flown to groom lake in a

563
00:22:21,590 --> 00:22:19,799

transport plane on july 24

564

00:22:23,909 --> 00:22:21,600
1955.

565

00:22:24,830 --> 00:22:23,919
eventually that aircraft became known as

566

00:22:29,909 --> 00:22:24,840
the

567

00:22:32,070 --> 00:22:29,919
inception of area 51 it was not

568

00:22:34,310 --> 00:22:32,080
originally an air force base

569

00:22:37,110 --> 00:22:34,320
but rather that lockheed and the cia

570

00:22:38,950 --> 00:22:37,120
were in charge not the military

571

00:22:41,750 --> 00:22:38,960
pilots for the youtube are recruited

572

00:22:43,590 --> 00:22:41,760
from the f-84 pilots from top secret

573

00:22:44,950 --> 00:22:43,600
clearances from the strategic air

574

00:22:47,350 --> 00:22:44,960
command

575

00:22:49,830 --> 00:22:47,360
if they became u-2 pilots they resigned

576

00:22:51,510 --> 00:22:49,840

from the air force and became cia

577

00:22:53,510 --> 00:22:51,520

employees

578

00:22:56,950 --> 00:22:53,520

the first mission over the soviet union

579

00:22:58,549 --> 00:22:56,960

took place on july 4th 1956

580

00:23:00,630 --> 00:22:58,559

and the missions were quite effective

581

00:23:02,789 --> 00:23:00,640

due to the higher speed and high

582

00:23:05,669 --> 00:23:02,799

altitude capabilities

583

00:23:07,510 --> 00:23:05,679

until may 1st 1960 when francis gary

584

00:23:09,270 --> 00:23:07,520

powers were shot down

585

00:23:13,430 --> 00:23:09,280

by a soviet missile

586

00:23:15,590 --> 00:23:13,440

captured and forced to admit to spying

587

00:23:18,149 --> 00:23:15,600

that same day the first american spy

588

00:23:20,310 --> 00:23:18,159

satellites film was retrieved which

589

00:23:22,549 --> 00:23:20,320

showed more information about the soviet

590

00:23:24,630 --> 00:23:22,559

union than all the previous u2 flights

591

00:23:26,470 --> 00:23:24,640

combined

592

00:23:28,549 --> 00:23:26,480

the satellites however did not put an

593

00:23:32,870 --> 00:23:28,559

end to our spy planes being developed

594

00:23:37,270 --> 00:23:34,950

with project ox court which eventually

595

00:23:39,830 --> 00:23:37,280

became the sr-71

596

00:23:41,909 --> 00:23:39,840

a longer runway was needed at area 51

597

00:23:44,789 --> 00:23:41,919

and in fact a small town was built for

598

00:23:47,190 --> 00:23:44,799

the support personnel assigned there

599

00:23:50,789 --> 00:23:47,200

today the base has four runways one of

600

00:23:53,750 --> 00:23:50,799

which is 30 000 feet long that's almost

601
00:23:55,590 --> 00:23:53,760
six miles of runway

602
00:23:57,830 --> 00:23:55,600
when kelly johnson of the skunk works

603
00:23:59,430 --> 00:23:57,840
was asked to build the oxcart aircraft

604
00:24:02,549 --> 00:23:59,440
by the cia

605
00:24:04,789 --> 00:24:02,559
which later was named the sr-71

606
00:24:06,710 --> 00:24:04,799
they required an aircraft that could fly

607
00:24:09,590 --> 00:24:06,720
at three and a half times the speed of

608
00:24:12,390 --> 00:24:09,600
sound that's a half mile per second

609
00:24:17,110 --> 00:24:12,400
with a range of 4100 miles

610
00:24:20,549 --> 00:24:17,120
at an altitude of 84 to 97 000 feet

611
00:24:23,750 --> 00:24:20,559
flying at a speed of 2200 miles per hour

612
00:24:25,590 --> 00:24:23,760
that airplane required 186 miles to make

613
00:24:29,070 --> 00:24:25,600

a u-turn

614

00:24:32,630 --> 00:24:29,080

the sr-71 was originally designed as the

615

00:24:34,149 --> 00:24:32,640

rs-71 blackbird but president johnson in

616

00:24:36,070 --> 00:24:34,159

a public speech

617

00:24:38,710 --> 00:24:36,080

accidentally inverted the letters and

618

00:24:40,230 --> 00:24:38,720

since the president israeli corrected

619

00:24:43,430 --> 00:24:40,240

the air force changed his letter

620

00:24:45,510 --> 00:24:43,440

designation to sr-71

621

00:24:47,590 --> 00:24:45,520

the original letters rs stood for

622

00:24:49,590 --> 00:24:47,600

reconnaissance strike

623

00:24:50,870 --> 00:24:49,600

the pentagon originally termed the name

624

00:24:52,870 --> 00:24:50,880

blackbird

625

00:24:54,710 --> 00:24:52,880

black because he had developed it in the

626
00:24:58,630 --> 00:24:54,720
dark by the c.i.a

627
00:25:03,110 --> 00:25:01,510
the stealth f-117 fighter which by the

628
00:25:05,669 --> 00:25:03,120
way was taken out of service and

629
00:25:07,750 --> 00:25:05,679
replaced with the f-22 raptor

630
00:25:08,710 --> 00:25:07,760
south of roswell at holloman air force

631
00:25:10,710 --> 00:25:08,720
base

632
00:25:13,590 --> 00:25:10,720
was first on the design drawing boards

633
00:25:15,110 --> 00:25:13,600
in 1973 and referred to as project

634
00:25:16,870 --> 00:25:15,120
harvey

635
00:25:19,110 --> 00:25:16,880
because of the flat surfaces on the

636
00:25:20,070 --> 00:25:19,120
plane to reflect radar away from their

637
00:25:22,070 --> 00:25:20,080
source

638
00:25:23,269 --> 00:25:22,080

such as the appearance of facets on a

639

00:25:25,350 --> 00:25:23,279

diamond

640

00:25:26,710 --> 00:25:25,360

lockheed named the project the hopeless

641

00:25:29,029 --> 00:25:26,720

diamond

642

00:25:32,549 --> 00:25:29,039

it was renamed have blue when the

643

00:25:35,590 --> 00:25:32,559

prototypes began arriving at area 51

644

00:25:37,269 --> 00:25:35,600

in 1977 for testing

645

00:25:38,950 --> 00:25:37,279

the american public and the rest of the

646

00:25:42,390 --> 00:25:38,960

world found out about the stealth

647

00:25:46,789 --> 00:25:42,400

fighter in 1991 during the gulf war

648

00:25:48,630 --> 00:25:46,799

18 years after the secret project began

649

00:25:51,750 --> 00:25:48,640

other aircraft that have been test flown

650

00:25:53,830 --> 00:25:51,760

at area 51 include the a-10 the a-12 the

651
00:25:55,430 --> 00:25:53,840
b-1 the b-2

652
00:25:57,350 --> 00:25:55,440
and several others

653
00:26:01,510 --> 00:25:57,360
captured a foreign airplane are also

654
00:26:03,430 --> 00:26:01,520
flown there such as the russian mig-21

655
00:26:06,070 --> 00:26:03,440
we believe under development and being

656
00:26:09,269 --> 00:26:06,080
test flown there today are such names

657
00:26:12,950 --> 00:26:09,279
as the tr-3a the black mana

658
00:26:15,029 --> 00:26:12,960
the pump pumpkin seed and the aurora

659
00:26:16,870 --> 00:26:15,039
within the flash past few years

660
00:26:17,830 --> 00:26:16,880
contrails have been seen that leave a

661
00:26:20,390 --> 00:26:17,840
trail

662
00:26:22,230 --> 00:26:20,400
that looked like doughnuts on a rope

663
00:26:24,870 --> 00:26:22,240

which is believed to be a pulsating

664

00:26:26,630 --> 00:26:24,880

propulsion system possibly from the

665

00:26:28,710 --> 00:26:26,640

royal

666

00:26:31,750 --> 00:26:28,720

the top drawing is the artist's

667

00:26:33,669 --> 00:26:31,760

conception of what the aurora looks like

668

00:26:36,710 --> 00:26:33,679

the bottom is an actual photograph i

669

00:26:39,269 --> 00:26:36,720

took in roswell several years ago

670

00:26:40,310 --> 00:26:39,279

of a contrail that looks like donuts on

671

00:26:42,230 --> 00:26:40,320

a rope

672

00:26:43,830 --> 00:26:42,240

meaning it has a circle every so often

673

00:26:47,750 --> 00:26:43,840

down that contrail

674

00:26:49,590 --> 00:26:47,760

could be a pulsating propulsion system

675

00:26:51,909 --> 00:26:49,600

several researchers have indicated that

676
00:26:53,669 --> 00:26:51,919
debris from the crash saucer at roswell

677
00:26:56,310 --> 00:26:53,679
originally taken to right field in

678
00:26:59,350 --> 00:26:56,320
dayton ohio in 1947

679
00:27:02,390 --> 00:26:59,360
may today be at every 51.

680
00:27:06,310 --> 00:27:02,400
other reports indicate that every 51

681
00:27:08,070 --> 00:27:06,320
has as many as 22 levels below ground

682
00:27:10,789 --> 00:27:08,080
the secret base was brought to the

683
00:27:12,470 --> 00:27:10,799
forefront involving ufos when bob lazar

684
00:27:15,190 --> 00:27:12,480
claimed to have been there

685
00:27:17,350 --> 00:27:15,200
to back engineer a ufo propulsion system

686
00:27:20,630 --> 00:27:17,360
in another area of the base

687
00:27:22,549 --> 00:27:20,640
known as s4 at patpoo's lake

688
00:27:25,110 --> 00:27:22,559

no real evidence of this has come to

689

00:27:27,430 --> 00:27:25,120

light and lazarus has been seriously

690

00:27:30,630 --> 00:27:27,440

questioned about his credibility his

691

00:27:32,789 --> 00:27:30,640

education and his knowledge

692

00:27:34,789 --> 00:27:32,799

like lieutenant colonel carso co-author

693

00:27:37,350 --> 00:27:34,799

of the day after roswell

694

00:27:39,750 --> 00:27:37,360

who i met on three separate occasions

695

00:27:41,830 --> 00:27:39,760

and several other also witnesses

696

00:27:43,669 --> 00:27:41,840

lazarus is one of those type individuals

697

00:27:45,669 --> 00:27:43,679

that i'd like to believe

698

00:27:48,870 --> 00:27:45,679

but cannot without a significant more

699

00:27:50,950 --> 00:27:48,880

amount of verification of his claims

700

00:27:52,149 --> 00:27:50,960

credibility and verification and

701
00:27:56,549 --> 00:27:52,159
validity

702
00:27:58,310 --> 00:27:56,559
remain the cornerstone of ufo research

703
00:28:01,190 --> 00:27:58,320
rumors have been rampant for some time

704
00:28:03,430 --> 00:28:01,200
that the base is or has moved

705
00:28:06,149 --> 00:28:03,440
that's not true as i was at the base in

706
00:28:06,789 --> 00:28:06,159
2006 when i did two lectures in the town

707
00:28:07,830 --> 00:28:06,799
of

708
00:28:09,190 --> 00:28:07,840
rachel

709
00:28:11,110 --> 00:28:09,200
next to the base

710
00:28:13,350 --> 00:28:11,120
and one of my sources of information

711
00:28:15,909 --> 00:28:13,360
recently informed me that a new gigantic

712
00:28:18,789 --> 00:28:15,919
water storage tank has recently been

713
00:28:20,710 --> 00:28:18,799

constructed at area 51.

714

00:28:23,269 --> 00:28:20,720

employees are moved around from base to

715

00:28:25,190 --> 00:28:23,279

base when their projects are completed

716

00:28:27,110 --> 00:28:25,200

so the number of employees at the base

717

00:28:29,830 --> 00:28:27,120

varies from time to time depending on

718

00:28:31,750 --> 00:28:29,840

what projects are being done there

719

00:28:33,669 --> 00:28:31,760

daytime stealth is one of the projects

720

00:28:34,789 --> 00:28:33,679

we believe is currently being tested at

721

00:28:36,549 --> 00:28:34,799

the base

722

00:28:39,510 --> 00:28:36,559

which if successful would make the

723

00:28:41,190 --> 00:28:39,520

surface of an aircraft appear invisible

724

00:28:43,110 --> 00:28:41,200

by taking on the appearance of the

725

00:28:45,430 --> 00:28:43,120

background sky

726

00:28:51,430 --> 00:28:45,440

also being tested there today

727

00:28:54,630 --> 00:28:52,870

each year the president of the united

728

00:28:57,110 --> 00:28:54,640

states has issued a presidential

729

00:28:59,750 --> 00:28:57,120

determination pertaining to a classified

730

00:29:01,590 --> 00:28:59,760

information concerning the air force

731

00:29:03,029 --> 00:29:01,600

operating location near groomed lake

732

00:29:05,269 --> 00:29:03,039

nevada

733

00:29:07,269 --> 00:29:05,279

basically that determination states that

734

00:29:08,549 --> 00:29:07,279

information concerning activities at

735

00:29:10,310 --> 00:29:08,559

groomed lake

736

00:29:12,389 --> 00:29:10,320

have been properly determined to be

737

00:29:15,110 --> 00:29:12,399

classified and disclosure would be

738

00:29:17,190 --> 00:29:15,120

harmful to national security

739

00:29:19,269 --> 00:29:17,200

continued protection of this information

740

00:29:22,070 --> 00:29:19,279

is therefore in the paramount interest

741

00:29:23,430 --> 00:29:22,080

of the united states

742

00:29:25,350 --> 00:29:23,440

president clinton started this

743

00:29:27,669 --> 00:29:25,360

presidential determination when two

744

00:29:29,510 --> 00:29:27,679

women tried to sue the government

745

00:29:31,990 --> 00:29:29,520

because their husbands who were employed

746

00:29:34,070 --> 00:29:32,000

at area 51 died due rate due to

747

00:29:36,230 --> 00:29:34,080

radiation exposure

748

00:29:37,669 --> 00:29:36,240

from toxic waste being burned above the

749

00:29:39,510 --> 00:29:37,679

ground

750

00:29:41,669 --> 00:29:39,520

the case was thrown out due to the fact

751
00:29:43,350 --> 00:29:41,679
that the base where they work doesn't

752
00:29:45,190 --> 00:29:43,360
exist

753
00:29:47,190 --> 00:29:45,200
president bush continued to the yearly

754
00:29:50,230 --> 00:29:47,200
determination but have not been able to

755
00:29:52,070 --> 00:29:50,240
find any signed by president obama

756
00:29:55,350 --> 00:29:52,080
indicating they're either no longer

757
00:29:57,029 --> 00:29:55,360
issued or no longer made public

758
00:29:58,789 --> 00:29:57,039
as a side note the environmental

759
00:30:00,710 --> 00:29:58,799
protection agency

760
00:30:03,269 --> 00:30:00,720
doesn't permit the burning of toxic

761
00:30:06,070 --> 00:30:03,279
waste above ground at any other location

762
00:30:07,990 --> 00:30:06,080
in the united states

763
00:30:09,590 --> 00:30:08,000

as a taxpayer who has helped pay for the

764

00:30:11,350 --> 00:30:09,600

base over the years

765

00:30:13,590 --> 00:30:11,360

i certainly would be disturbed if the

766

00:30:15,350 --> 00:30:13,600

base were to shut down or moved

767

00:30:18,310 --> 00:30:15,360

particularly after we've been lied to

768

00:30:20,950 --> 00:30:18,320

about his existence for many years

769

00:30:23,350 --> 00:30:20,960

i do have mixed emotions about area 51

770

00:30:25,990 --> 00:30:23,360

however as i look at the base as a

771

00:30:28,070 --> 00:30:26,000

catch-22 situation

772

00:30:30,310 --> 00:30:28,080

as a world leader our country needs a

773

00:30:32,230 --> 00:30:30,320

place to test newly developed aircraft

774

00:30:33,750 --> 00:30:32,240

and other technology

775

00:30:35,350 --> 00:30:33,760

because we certainly don't want our

776
00:30:36,630 --> 00:30:35,360
adversaries knowing what we're

777
00:30:39,029 --> 00:30:36,640
developing

778
00:30:41,669 --> 00:30:39,039
but if an alien craft or beings are kept

779
00:30:43,590 --> 00:30:41,679
there i think we deserve to know it

780
00:30:45,350 --> 00:30:43,600
i also think the base should be required

781
00:30:48,710 --> 00:30:45,360
to comply with all environmental

782
00:30:51,029 --> 00:30:48,720
policies imposed on other industries and

783
00:30:53,430 --> 00:30:51,039
explain why employees are dying due to

784
00:30:57,510 --> 00:30:53,440
radiation exposure at the base

785
00:30:59,269 --> 00:30:57,520
as has been reported in recent years

786
00:31:01,190 --> 00:30:59,279
because of our government's past record

787
00:31:03,350 --> 00:31:01,200
i highly suspicious that they're hiding

788
00:31:05,110 --> 00:31:03,360

something other than the development of

789

00:31:07,830 --> 00:31:05,120

new aircraft

790

00:31:11,350 --> 00:31:07,840

as recently as 1995 the department of

791

00:31:14,149 --> 00:31:11,360

the interior withdrew 4 000 acres

792

00:31:16,310 --> 00:31:14,159

of blm land from public access creating

793

00:31:18,230 --> 00:31:16,320

an even larger buffer loan

794

00:31:19,909 --> 00:31:18,240

to prevent the public from seeing any

795

00:31:21,990 --> 00:31:19,919

activities at groom lake from the

796

00:31:24,310 --> 00:31:22,000

adjacent mountains

797

00:31:26,230 --> 00:31:24,320

this means the area of land incorporated

798

00:31:28,630 --> 00:31:26,240

into area 51

799

00:31:30,549 --> 00:31:28,640

is now the size of connecticut

800

00:31:33,110 --> 00:31:30,559

and the restricted airspace above the

801
00:31:35,190 --> 00:31:33,120
base and closes several thousand square

802
00:31:37,029 --> 00:31:35,200
miles

803
00:31:38,389 --> 00:31:37,039
security at the base continues to be

804
00:31:40,230 --> 00:31:38,399
some of the most strengthened of

805
00:31:42,310 --> 00:31:40,240
anywhere in the world

806
00:31:44,149 --> 00:31:42,320
in addition to the white grand cherokees

807
00:31:46,149 --> 00:31:44,159
we heard about for years

808
00:31:48,549 --> 00:31:46,159
the guards are now also using ford and

809
00:31:52,789 --> 00:31:48,559
chevy pickups as i found out when i was

810
00:31:58,149 --> 00:31:55,110
highly sophisticated sensing devices are

811
00:32:00,950 --> 00:31:58,159
in place as well using cameras motion

812
00:32:02,870 --> 00:32:00,960
detectors and sensors that can determine

813
00:32:05,830 --> 00:32:02,880

the difference between human

814

00:32:08,789 --> 00:32:05,840

and animal odour and perspiration

815

00:32:11,350 --> 00:32:08,799

f-16s and black blackhawk helicopter

816

00:32:14,389 --> 00:32:11,360

gunships fly around the perimeter of the

817

00:32:16,710 --> 00:32:14,399

base to keep the curious people out the

818

00:32:18,630 --> 00:32:16,720

signs posted at the two entrances still

819

00:32:19,909 --> 00:32:18,640

say the use of deadly force is

820

00:32:25,350 --> 00:32:19,919

authorized

821

00:32:30,549 --> 00:32:27,029

if you look at the very bottom corner

822

00:32:33,269 --> 00:32:30,559

that picture in red letters says the use

823

00:32:35,029 --> 00:32:33,279

of deadly force is authorized

824

00:32:39,350 --> 00:32:35,039

for people that don't understand english

825

00:32:45,509 --> 00:32:41,509

that's one of the listening devices up

826

00:32:50,470 --> 00:32:47,909

that's about the 13 mile road that gets

827

00:32:52,470 --> 00:32:50,480

off the extraterrestrial highway

828

00:32:55,509 --> 00:32:52,480

goes straight back by that mountain to

829

00:32:55,519 --> 00:32:59,750

that's not one of the guards

830

00:33:05,269 --> 00:33:01,909

that's the back gate that was kind of

831

00:33:09,990 --> 00:33:07,190

i walked down that there is no fence

832

00:33:10,630 --> 00:33:10,000

around every 51 every so often they have

833

00:33:25,990 --> 00:33:10,640

a

834

00:33:27,990 --> 00:33:26,000

pole

835

00:33:29,750 --> 00:33:28,000

well every time i'd stop

836

00:33:31,590 --> 00:33:29,760

that camera would be on me

837

00:33:33,830 --> 00:33:31,600

we did that about three times and i

838

00:33:35,269 --> 00:33:33,840

finally turned around i waved at them

839

00:33:37,029 --> 00:33:35,279

let them know i know you're looking at

840

00:33:40,389 --> 00:33:37,039

me so don't worry about it

841

00:33:41,830 --> 00:33:40,399

but that's all they have to do out there

842

00:33:43,669 --> 00:33:41,840

so for those of you that thought our

843

00:33:44,870 --> 00:33:43,679

government can't keep secrets i've just

844

00:33:47,029 --> 00:33:44,880

presented

845

00:33:50,389 --> 00:33:47,039

with a few examples of some secrets that

846

00:33:52,470 --> 00:33:50,399

have been kept at least at area 51.

847

00:33:54,310 --> 00:33:52,480

the base of the land area the size of

848

00:33:57,190 --> 00:33:54,320

the state of connecticut

849

00:33:59,830 --> 00:33:57,200

existed under the control of the cia

850

00:34:01,430 --> 00:33:59,840

for some 25 or 30 years before anything

851

00:34:03,029 --> 00:34:01,440

public was acknowledged about his

852

00:34:04,789 --> 00:34:03,039

existence

853

00:34:06,710 --> 00:34:04,799

today we're told that the base exists

854

00:34:09,109 --> 00:34:06,720

there but nothing else

855

00:34:11,909 --> 00:34:09,119

we found out about the stealth f-117

856

00:34:14,389 --> 00:34:11,919

during the gulf war in 1991.

857

00:34:17,750 --> 00:34:14,399

when in fact it had been test flown

858

00:34:18,710 --> 00:34:17,760

that area 51 in 1977 under the name have

859

00:34:22,629 --> 00:34:18,720

blue

860

00:34:25,109 --> 00:34:22,639

and its development had begun in 1973.

861

00:34:27,190 --> 00:34:25,119

with other projects going on at area 51

862

00:34:29,669 --> 00:34:27,200

including radioactive projects and the

863

00:34:31,750 --> 00:34:29,679

fact that as taxpayers

864

00:34:34,790 --> 00:34:31,760

we are helping to fund those projects i

865

00:34:36,950 --> 00:34:34,800

feel you and i have every right to know

866

00:34:39,430 --> 00:34:36,960

and to be suspicious and should continue

867

00:34:44,389 --> 00:34:39,440

to seek whatever information we can

868

00:34:48,230 --> 00:34:46,310

speaking of being suspicious about what

869

00:34:49,589 --> 00:34:48,240

our government does and says let me

870

00:34:51,669 --> 00:34:49,599

assure you

871

00:34:53,430 --> 00:34:51,679

that not all of my suspicion involves

872

00:34:54,950 --> 00:34:53,440

strange opportunity in the sky that we

873

00:34:57,109 --> 00:34:54,960

can't identify

874

00:34:58,550 --> 00:34:57,119

but also involves things deep within the

875

00:35:00,630 --> 00:34:58,560

earth

876

00:35:02,870 --> 00:35:00,640

my engineering background is responsible

877

00:35:05,109 --> 00:35:02,880

for the portion of my research

878

00:35:07,670 --> 00:35:05,119

as i wondered for years whether rumors

879

00:35:08,710 --> 00:35:07,680

about underground facilities were really

880

00:35:09,990 --> 00:35:08,720

true

881

00:35:11,510 --> 00:35:10,000

and if they were how were they

882

00:35:14,470 --> 00:35:11,520

facilities built

883

00:35:16,630 --> 00:35:14,480

who built them and for what purpose

884

00:35:18,550 --> 00:35:16,640

apparently black project money is one of

885

00:35:19,430 --> 00:35:18,560

the largest expenditures our government

886

00:35:21,190 --> 00:35:19,440

has

887

00:35:23,670 --> 00:35:21,200

and it appears at least to me there's

888

00:35:25,670 --> 00:35:23,680

very little accountability

889

00:35:27,670 --> 00:35:25,680

on those projects

890

00:35:28,829 --> 00:35:27,680

to obtain funding for a black project

891

00:35:31,349 --> 00:35:28,839

such as

892

00:35:33,750 --> 00:35:31,359

catchphrases as national security and

893

00:35:35,829 --> 00:35:33,760

research and development are used to

894

00:35:37,750 --> 00:35:35,839

obtain the funding

895

00:35:39,030 --> 00:35:37,760

with very few questions being asked

896

00:35:41,190 --> 00:35:39,040

since there won't be any answers

897

00:35:42,630 --> 00:35:41,200

forthcoming anyway

898

00:35:44,790 --> 00:35:42,640

underground facilities have been

899

00:35:47,030 --> 00:35:44,800

constructed for years not only by the

900

00:35:48,150 --> 00:35:47,040

united states but also by many other

901
00:35:49,829 --> 00:35:48,160
countries

902
00:35:52,550 --> 00:35:49,839
and many of those projects involve

903
00:35:54,150 --> 00:35:52,560
high-tech engineering to accomplish

904
00:35:55,990 --> 00:35:54,160
through different means of obtaining

905
00:35:58,230 --> 00:35:56,000
information we know that the russians

906
00:36:00,310 --> 00:35:58,240
the north koreans the chinese the

907
00:36:03,190 --> 00:36:00,320
vietnamese and many other countries have

908
00:36:05,270 --> 00:36:03,200
subterranean tunnel systems and bases

909
00:36:07,430 --> 00:36:05,280
located underground

910
00:36:09,510 --> 00:36:07,440
the experience and technology required

911
00:36:11,589 --> 00:36:09,520
is commonplace today

912
00:36:13,670 --> 00:36:11,599
and with the advent of new technology

913
00:36:19,030 --> 00:36:13,680

underground facilities will be even more

914

00:36:23,109 --> 00:36:21,030

a workforce is readily available for

915

00:36:25,030 --> 00:36:23,119

doing underground projects with years of

916

00:36:27,589 --> 00:36:25,040

experience in mining

917

00:36:30,069 --> 00:36:27,599

for such things as diamonds coal salt

918

00:36:31,750 --> 00:36:30,079

and many other common products

919

00:36:33,670 --> 00:36:31,760

equipment has been developed over the

920

00:36:36,310 --> 00:36:33,680

years to the point where very large

921

00:36:37,510 --> 00:36:36,320

boring machines can now work below

922

00:36:39,030 --> 00:36:37,520

ground

923

00:36:40,870 --> 00:36:39,040

under the earth's surface with no

924

00:36:42,630 --> 00:36:40,880

knowledge above ground that anything is

925

00:36:44,230 --> 00:36:42,640

taking place

926
00:36:47,510 --> 00:36:44,240
several companies such as the rain

927
00:36:49,670 --> 00:36:47,520
corporation dawn engineering bechtel and

928
00:36:51,829 --> 00:36:49,680
others have been heavily involved in

929
00:36:53,670 --> 00:36:51,839
tunneling for years

930
00:36:54,870 --> 00:36:53,680
so if we have technology to tunnel and

931
00:36:56,630 --> 00:36:54,880
bore through

932
00:36:59,670 --> 00:36:56,640
mountains and deep within the earth for

933
00:37:01,750 --> 00:36:59,680
mining constructing highways railroads

934
00:37:04,069 --> 00:37:01,760
drainage systems etc

935
00:37:07,190 --> 00:37:04,079
why not also for secretive projects we

936
00:37:08,710 --> 00:37:07,200
taxpayers know very little about

937
00:37:13,270 --> 00:37:08,720
i want to share some of the equipment

938
00:37:13,280 --> 00:37:17,349

that's one of the flame jets

939

00:37:20,630 --> 00:37:18,790

some of these pictures i'm just showing

940

00:37:22,310 --> 00:37:20,640

you the relationship of the size of the

941

00:37:23,750 --> 00:37:22,320

equipment compared to the men that

942

00:37:27,510 --> 00:37:23,760

operate them

943

00:37:34,550 --> 00:37:30,069

and this one

944

00:37:36,630 --> 00:37:34,560

has a patent date of september 1972.

945

00:37:38,550 --> 00:37:36,640

so we know they got a lot more newer

946

00:37:40,550 --> 00:37:38,560

stuff since then these things are

947

00:37:42,870 --> 00:37:40,560

gigantic that one's used to make a

948

00:37:45,190 --> 00:37:42,880

vertical hole as i stated earlier it's

949

00:37:46,710 --> 00:37:45,200

almost a necessity today to do secretive

950

00:37:48,150 --> 00:37:46,720

work underground

951
00:37:49,910 --> 00:37:48,160
because of the large number of

952
00:37:51,829 --> 00:37:49,920
satellites circling the earth with the

953
00:37:55,349 --> 00:37:51,839
ability to take a photo that can read a

954
00:37:56,950 --> 00:37:55,359
newspaper from two hundred miles up

955
00:37:59,270 --> 00:37:56,960
it's basically the only way to keep

956
00:38:02,069 --> 00:37:59,280
secrets from the public public or the

957
00:38:04,230 --> 00:38:02,079
spying eyes of our adversaries

958
00:38:06,870 --> 00:38:04,240
for our national defense missile silos

959
00:38:09,109 --> 00:38:06,880
were placed 150 to 200 feet underground

960
00:38:11,589 --> 00:38:09,119
in the early 1960s

961
00:38:14,390 --> 00:38:11,599
they had fuel water generators living

962
00:38:17,190 --> 00:38:14,400
facilities and supplies for a number of

963
00:38:19,109 --> 00:38:17,200

personnel for at least 30 days

964

00:38:21,349 --> 00:38:19,119

the initial cost of constructing these

965

00:38:23,190 --> 00:38:21,359

facilities is in the 14 million dollar

966

00:38:25,750 --> 00:38:23,200

range for each one

967

00:38:27,990 --> 00:38:25,760

and many were only used a few years

968

00:38:29,910 --> 00:38:28,000

before being deactivated

969

00:38:31,589 --> 00:38:29,920

norad the north american aerospace

970

00:38:33,589 --> 00:38:31,599

defense command is located in the

971

00:38:35,190 --> 00:38:33,599

cheyenne mountain near colorado springs

972

00:38:37,270 --> 00:38:35,200

colorado

973

00:38:39,670 --> 00:38:37,280

it became fully operational on april

974

00:38:42,069 --> 00:38:39,680

20th 1966

975

00:38:43,829 --> 00:38:42,079

replacing an above ground facility and

976

00:38:47,510 --> 00:38:43,839

air force base

977

00:38:49,589 --> 00:38:47,520

the initial cost was 142 million dollars

978

00:38:51,030 --> 00:38:49,599

today its budget exceeds that amount

979

00:38:53,510 --> 00:38:51,040

annually

980

00:38:55,190 --> 00:38:53,520

nora's job is to monitor anything in

981

00:38:57,670 --> 00:38:55,200

space which today

982

00:38:59,349 --> 00:38:57,680

includes well over 13 000 objects on

983

00:39:02,310 --> 00:38:59,359

orbit around the earth

984

00:39:05,349 --> 00:39:02,320

larger than the size of a baseball

985

00:39:07,670 --> 00:39:05,359

since space tracking began in 1957 space

986

00:39:10,069 --> 00:39:07,680

objects have been cataloged some of

987

00:39:11,750 --> 00:39:10,079

which have since long

988

00:39:13,510 --> 00:39:11,760

re-entered the earth's atmosphere and

989

00:39:16,470 --> 00:39:13,520

burned up

990

00:39:18,950 --> 00:39:16,480

this underground facility

991

00:39:20,870 --> 00:39:18,960

has almost three miles of tunnels

992

00:39:23,430 --> 00:39:20,880

three foot thick glass doors and is

993

00:39:24,790 --> 00:39:23,440

located seventeen hundred feet beneath

994

00:39:27,109 --> 00:39:24,800

the mountain

995

00:39:28,870 --> 00:39:27,119

employees over thousand military and

996

00:39:31,030 --> 00:39:28,880

civilian personnel

997

00:39:34,150 --> 00:39:31,040

and is also self-sustaining with his own

998

00:39:36,870 --> 00:39:34,160

power border air and food for over 800

999

00:39:38,950 --> 00:39:36,880

people for a 30-day period

1000

00:39:40,790 --> 00:39:38,960

rumor has it that no right will again be

1001

00:39:43,190 --> 00:39:40,800

moved and i think has been

1002

00:39:51,190 --> 00:39:43,200

due to the security have been increased

1003

00:39:55,430 --> 00:39:53,510

that is a map that shows where some

1004

00:39:57,270 --> 00:39:55,440

believe that there are underground

1005

00:40:02,790 --> 00:39:57,280

facilities in the primarily in the

1006

00:40:05,910 --> 00:40:04,069

there's two books that i highly

1007

00:40:12,150 --> 00:40:05,920

recommend on the subject of underground

1008

00:40:15,510 --> 00:40:13,829

the united states navy has published

1009

00:40:17,190 --> 00:40:15,520

articles and reports pertaining the

1010

00:40:18,950 --> 00:40:17,200

feasibility of having underwater

1011

00:40:20,069 --> 00:40:18,960

facilities with no connection to the

1012

00:40:23,190 --> 00:40:20,079

mainland

1013

00:40:24,950 --> 00:40:23,200

for basic new needs such as air water

1014

00:40:26,710 --> 00:40:24,960

and being self-sufficient for large

1015

00:40:30,310 --> 00:40:26,720

numbers of personnel

1016

00:40:35,510 --> 00:40:33,030

has our technology driven us underground

1017

00:40:36,630 --> 00:40:35,520

not really because i hope the indians of

1018

00:40:38,870 --> 00:40:36,640

arizona

1019

00:40:41,030 --> 00:40:38,880

talk about their ancestors originating

1020

00:40:42,630 --> 00:40:41,040

from within the earth and arriving

1021

00:40:45,349 --> 00:40:42,640

through a tunnel at the base of san

1022

00:40:47,190 --> 00:40:45,359

francisco peak near flagstaff

1023

00:40:49,510 --> 00:40:47,200

we're finding vast tunnel systems in

1024

00:40:51,349 --> 00:40:49,520

egypt on the giza plateau

1025

00:40:53,190 --> 00:40:51,359

that may have been used as canals with

1026
00:40:55,109 --> 00:40:53,200
water to transport items from one

1027
00:40:57,349 --> 00:40:55,119
location to another

1028
00:41:00,630 --> 00:40:57,359
so concealing things underground is not

1029
00:41:04,150 --> 00:41:02,470
at the beginning of the presentation i

1030
00:41:06,230 --> 00:41:04,160
mentioned that i had been asked to join

1031
00:41:11,030 --> 00:41:06,240
the advisory board of the great pyramids

1032
00:41:13,030 --> 00:41:11,040
of giza research association in 2001.

1033
00:41:14,630 --> 00:41:13,040
i suppose many of you are wondering how

1034
00:41:17,430 --> 00:41:14,640
ufologists would fit in with the

1035
00:41:19,510 --> 00:41:17,440
research of the pyramids of egypt

1036
00:41:20,950 --> 00:41:19,520
dr john desalvo is the director of the

1037
00:41:22,630 --> 00:41:20,960
association

1038
00:41:25,030 --> 00:41:22,640

and he has organized some of the most

1039

00:41:27,030 --> 00:41:25,040

prominent researchers in the world

1040

00:41:28,790 --> 00:41:27,040

within the past few years to research

1041

00:41:30,710 --> 00:41:28,800

the history of the pyramids and study

1042

00:41:32,309 --> 00:41:30,720

the effects the pyramids supposedly

1043

00:41:34,230 --> 00:41:32,319

possess

1044

00:41:35,829 --> 00:41:34,240

currently the advisory board consists of

1045

00:41:39,829 --> 00:41:35,839

30 individuals

1046

00:41:42,230 --> 00:41:39,839

from canada ukraine italy india france

1047

00:41:44,230 --> 00:41:42,240

malta and the united states

1048

00:41:45,750 --> 00:41:44,240

comprised of scientists physicists

1049

00:41:48,710 --> 00:41:45,760

egyptologists

1050

00:41:53,510 --> 00:41:48,720

engineers and now ufologists

1051
00:41:57,349 --> 00:41:55,589
dr salvo recently published his second

1052
00:41:59,270 --> 00:41:57,359
book on pyramid research which i

1053
00:42:01,109 --> 00:41:59,280
consider one of the most detailed and

1054
00:42:02,630 --> 00:42:01,119
informative books ever written on the

1055
00:42:04,390 --> 00:42:02,640
subject

1056
00:42:06,230 --> 00:42:04,400
being involved with this research has

1057
00:42:08,069 --> 00:42:06,240
truly been fascinating

1058
00:42:09,589 --> 00:42:08,079
in this presentation i'll share some of

1059
00:42:11,510 --> 00:42:09,599
that

1060
00:42:13,589 --> 00:42:11,520
one of our board members stephen mueller

1061
00:42:17,030 --> 00:42:13,599
has done extensive research

1062
00:42:18,870 --> 00:42:17,040
on a civilization known as commissions

1063
00:42:21,190 --> 00:42:18,880

that existed well over ten thousand

1064

00:42:23,349 --> 00:42:21,200

years ago that he described in his book

1065

00:42:25,430 --> 00:42:23,359

the land of osiris

1066

00:42:27,510 --> 00:42:25,440

he and others believe it was a black

1067

00:42:28,950 --> 00:42:27,520

advanced prehistoric civilization in

1068

00:42:31,510 --> 00:42:28,960

north africa

1069

00:42:33,270 --> 00:42:31,520

which today is egypt

1070

00:42:34,870 --> 00:42:33,280

could the commission civilization have

1071

00:42:36,870 --> 00:42:34,880

been involved in building the three

1072

00:42:39,589 --> 00:42:36,880

pyramids of giza

1073

00:42:41,589 --> 00:42:39,599

mueller thinks the answer could be yes

1074

00:42:43,910 --> 00:42:41,599

and his research supports that of others

1075

00:42:45,990 --> 00:42:43,920

that say the great pyramids were never

1076

00:42:46,950 --> 00:42:46,000

intended to be a tomb for an egyptian

1077

00:42:49,510 --> 00:42:46,960

king

1078

00:42:53,910 --> 00:42:49,520

but a machine to transform generate and

1079

00:42:57,510 --> 00:42:55,109

the theories on the commission's

1080

00:42:59,109 --> 00:42:57,520

civilization by some researchers goes as

1081

00:43:01,270 --> 00:42:59,119

far as stating that they may have had

1082

00:43:03,190 --> 00:43:01,280

contact with star people

1083

00:43:05,910 --> 00:43:03,200

because it appears they had technology

1084

00:43:08,230 --> 00:43:05,920

and tools that were superior to anything

1085

00:43:09,990 --> 00:43:08,240

the egyptians had or any other old

1086

00:43:11,829 --> 00:43:10,000

civilization

1087

00:43:13,750 --> 00:43:11,839

the use of water and or sound may

1088

00:43:15,910 --> 00:43:13,760

someday prove to have been a key factor

1089

00:43:17,910 --> 00:43:15,920

in the building of the pyramids as a

1090

00:43:19,750 --> 00:43:17,920

means of overcoming gravity to handle

1091

00:43:22,630 --> 00:43:19,760

the massive stones and to build the

1092

00:43:24,829 --> 00:43:22,640

pyramids with the precise accuracy used

1093

00:43:27,829 --> 00:43:24,839

to cut

1094

00:43:29,190 --> 00:43:27,839

them no mummy or remains of any kind

1095

00:43:30,470 --> 00:43:29,200

have ever been found in the great

1096

00:43:32,950 --> 00:43:30,480

pyramid

1097

00:43:33,910 --> 00:43:32,960

when first entered by the arabs in 820

1098

00:43:35,750 --> 00:43:33,920

a.d

1099

00:43:37,750 --> 00:43:35,760

the only thing discovered was an empty

1100

00:43:39,109 --> 00:43:37,760

granted box and a king's chamber called

1101

00:43:41,349 --> 00:43:39,119

a coffer

1102

00:43:43,270 --> 00:43:41,359

that empty lidless box was uninscribed

1103

00:43:45,270 --> 00:43:43,280

and undecorated and most certainly the

1104

00:43:47,190 --> 00:43:45,280

chamber would have been covered with

1105

00:43:49,270 --> 00:43:47,200

hieroglyphics and paintings and

1106

00:43:51,750 --> 00:43:49,280

possessions had a pharaoh been placed in

1107

00:43:53,670 --> 00:43:51,760

it as was the custom of the egyptians

1108

00:43:56,790 --> 00:43:53,680

when preparing their pharaohs

1109

00:43:58,870 --> 00:43:56,800

for burial to enter the afterlife

1110

00:44:01,030 --> 00:43:58,880

it's the only pyramid both ascending and

1111

00:44:02,950 --> 00:44:01,040

descending passages

1112

00:44:04,390 --> 00:44:02,960

other pyramids only have descending

1113

00:44:07,349 --> 00:44:04,400

passages

1114

00:44:12,470 --> 00:44:07,359

dead ferris don't need air so why air

1115

00:44:15,990 --> 00:44:14,390

originally the great pyramid was covered

1116

00:44:18,150 --> 00:44:16,000

with highly polished

1117

00:44:20,230 --> 00:44:18,160

limestone casing stones

1118

00:44:21,349 --> 00:44:20,240

which acted like gigantic mirrors which

1119

00:44:23,270 --> 00:44:21,359

would have been

1120

00:44:24,870 --> 00:44:23,280

reflected to sunlight

1121

00:44:26,870 --> 00:44:24,880

and so powerful that it would have been

1122

00:44:28,790 --> 00:44:26,880

visible from the moon

1123

00:44:30,790 --> 00:44:28,800

the arabs removed most of the casing

1124

00:44:33,030 --> 00:44:30,800

stones from the pyramids in the 14th

1125

00:44:36,150 --> 00:44:33,040

century to build their own masks and

1126

00:44:40,309 --> 00:44:38,069

uh the casting stones the only one you

1127

00:44:41,990 --> 00:44:40,319

can see them on any day today is that

1128

00:44:43,670 --> 00:44:42,000

middle uh middle one

1129

00:44:45,430 --> 00:44:43,680

at the very top some of those casing

1130

00:44:47,349 --> 00:44:45,440

stones are still there

1131

00:44:49,270 --> 00:44:47,359

and if you notice the flat top on the

1132

00:44:51,030 --> 00:44:49,280

big one here in the front

1133

00:44:55,109 --> 00:44:51,040

and also the alignment

1134

00:44:57,109 --> 00:44:55,119

is exactly like the constellation orion

1135

00:44:59,589 --> 00:44:57,119

it's been assumed by many that the great

1136

00:45:02,829 --> 00:44:59,599

pyramid was built for khufu the pharah

1137

00:45:06,150 --> 00:45:02,839

of the fourth dynasty about 2600

1138

00:45:08,390 --> 00:45:06,160

bc but records indicate that khufu was

1139

00:45:11,190 --> 00:45:08,400

not buried in the great pyramid

1140

00:45:12,870 --> 00:45:11,200

the only statue ever found of khufu is

1141

00:45:14,950 --> 00:45:12,880

in the cairo museum

1142

00:45:16,790 --> 00:45:14,960

is only three inches tall

1143

00:45:19,589 --> 00:45:16,800

being found many miles away from the

1144

00:45:21,349 --> 00:45:19,599

pyramid it is therefore our belief that

1145

00:45:23,030 --> 00:45:21,359

the three pyramids of giza and the

1146

00:45:25,829 --> 00:45:23,040

sphinx are much older than we've been

1147

00:45:28,470 --> 00:45:25,839

told by modern day egyptologists

1148

00:45:30,630 --> 00:45:28,480

many have researched the pyramids during

1149

00:45:34,710 --> 00:45:30,640

that past four or five hundred years

1150

00:45:36,630 --> 00:45:34,720

including napoleon bonaparte in 1798

1151
00:45:38,950 --> 00:45:36,640
whose expedition was accompanied not

1152
00:45:40,230 --> 00:45:38,960
only by his military but also by his

1153
00:45:42,630 --> 00:45:40,240
engineers

1154
00:45:44,390 --> 00:45:42,640
surveyors astronomers artists and

1155
00:45:46,390 --> 00:45:44,400
archaeologists

1156
00:45:49,190 --> 00:45:46,400
their work was published in many volumes

1157
00:45:51,109 --> 00:45:49,200
from 1809 to 1822

1158
00:45:53,670 --> 00:45:51,119
by order of napoleon

1159
00:45:55,670 --> 00:45:53,680
napoleon himself was supposedly shaken

1160
00:45:56,630 --> 00:45:55,680
after spending time alone in the king's

1161
00:45:59,589 --> 00:45:56,640
chamber

1162
00:46:01,589 --> 00:45:59,599
and refused to ever talk about it again

1163
00:46:03,270 --> 00:46:01,599

some say he was given some vision of his

1164

00:46:05,990 --> 00:46:03,280

destiny while alone in the king's

1165

00:46:09,589 --> 00:46:07,990

there you see the flat top on the great

1166

00:46:11,510 --> 00:46:09,599

pyramid

1167

00:46:13,589 --> 00:46:11,520

another one of our advisory boards

1168

00:46:15,589 --> 00:46:13,599

members joe parr has spent an entire

1169

00:46:17,190 --> 00:46:15,599

night on top of the great pyramid on two

1170

00:46:20,230 --> 00:46:17,200

separate locations

1171

00:46:22,150 --> 00:46:20,240

in 1997 and 1998

1172

00:46:24,069 --> 00:46:22,160

conducting electrical magnetic and

1173

00:46:25,750 --> 00:46:24,079

radioactive measurements

1174

00:46:27,990 --> 00:46:25,760

he's been able to measure an energy

1175

00:46:29,829 --> 00:46:28,000

field or a bubble that appears to form

1176

00:46:32,150 --> 00:46:29,839

around the pyramid

1177

00:46:35,349 --> 00:46:32,160

he believes that energy field appears to

1178

00:46:37,510 --> 00:46:35,359

vary with the 11 year sunspot cycle

1179

00:46:39,190 --> 00:46:37,520

the top of the pyramid has a 30 by 30

1180

00:46:40,950 --> 00:46:39,200

foot flat area

1181

00:46:42,390 --> 00:46:40,960

and as a point of interest it appears

1182

00:46:43,510 --> 00:46:42,400

that the great pyramid was never

1183

00:46:45,430 --> 00:46:43,520

finished

1184

00:46:48,069 --> 00:46:45,440

since the top is flat and contains no

1185

00:46:50,150 --> 00:46:48,079

stop stone or capstone

1186

00:46:51,829 --> 00:46:50,160

or ukrainian board member vladimir

1187

00:46:54,309 --> 00:46:51,839

crossanolvitz and you don't know how

1188

00:46:56,390 --> 00:46:54,319

happy i am when i can say that

1189

00:46:58,230 --> 00:46:56,400

utilizing large pyramid

1190

00:47:00,710 --> 00:46:58,240

recently built by the russian national

1191

00:47:02,870 --> 00:47:00,720

academy of science in the ukraine

1192

00:47:05,510 --> 00:47:02,880

has discovered that the immune system of

1193

00:47:06,790 --> 00:47:05,520

organisms increased upon exposure in a

1194

00:47:10,950 --> 00:47:06,800

pyramid

1195

00:47:12,630 --> 00:47:10,960

up to one to five days

1196

00:47:13,910 --> 00:47:12,640

showed a thirty percent increase in

1197

00:47:16,230 --> 00:47:13,920

yield

1198

00:47:17,829 --> 00:47:16,240

violent weather seems to decrease in the

1199

00:47:19,750 --> 00:47:17,839

area of the pyramid

1200

00:47:22,470 --> 00:47:19,760

and the potency of pharmaceuticals

1201
00:47:24,710 --> 00:47:22,480
increased with decreasing side effects

1202
00:47:27,030 --> 00:47:24,720
and the pyramids

1203
00:47:30,150 --> 00:47:27,040
design the strength of various viruses

1204
00:47:32,309 --> 00:47:30,160
and bacteria decreases in the pyramids

1205
00:47:34,470 --> 00:47:32,319
ordinary water does not freeze even at

1206
00:47:37,670 --> 00:47:34,480
40 degrees below zero

1207
00:47:39,430 --> 00:47:37,680
and remains its properties for years

1208
00:47:41,109 --> 00:47:39,440
while synthesized diamonds turn out

1209
00:47:42,630 --> 00:47:41,119
harder and purer when placed in the

1210
00:47:43,829 --> 00:47:42,640
pyramids

1211
00:47:45,589 --> 00:47:43,839
since i've had an interest in the

1212
00:47:47,589 --> 00:47:45,599
pyramids and a few other subjects for

1213
00:47:50,069 --> 00:47:47,599

years i felt honored when i was

1214

00:47:52,470 --> 00:47:50,079

recommended by jeff franz the radio host

1215

00:47:55,829 --> 00:47:52,480

of sightings on the radio and asked to

1216

00:47:57,829 --> 00:47:55,839

join the advisory board with dr desalvo

1217

00:47:59,990 --> 00:47:57,839

pyramid research may well be the most

1218

00:48:01,829 --> 00:48:00,000

difficult i've ever attempted

1219

00:48:04,390 --> 00:48:01,839

after all it's not going to be easy for

1220

00:48:06,069 --> 00:48:04,400

any of us to prove much less convince

1221

00:48:08,710 --> 00:48:06,079

the world that the great pyramids of

1222

00:48:10,390 --> 00:48:08,720

egypt may not be egyptian

1223

00:48:12,390 --> 00:48:10,400

keep in mind that tourism is big

1224

00:48:13,829 --> 00:48:12,400

business and they will not relinquish

1225

00:48:16,309 --> 00:48:13,839

that easily

1226

00:48:19,030 --> 00:48:16,319

in my research i'm referring only to the

1227

00:48:20,790 --> 00:48:19,040

three pyramids of giza and the sphinx

1228

00:48:22,870 --> 00:48:20,800

i do not believe if

1229

00:48:25,589 --> 00:48:22,880

if not all of the other pyramids of

1230

00:48:27,190 --> 00:48:25,599

egypt may have been built by egyptians

1231

00:48:29,109 --> 00:48:27,200

but they're when they're studied it

1232

00:48:31,750 --> 00:48:29,119

seems obvious to me they're simply poor

1233

00:48:34,390 --> 00:48:31,760

replicas of the original three based on

1234

00:48:37,190 --> 00:48:34,400

the workmanship the much smaller size

1235

00:48:38,710 --> 00:48:37,200

and the lack of technology involved

1236

00:48:40,630 --> 00:48:38,720

none of the pyramids anywhere in the

1237

00:48:45,270 --> 00:48:40,640

world compare with the three pyramids of

1238

00:48:49,109 --> 00:48:46,790

the factual information about the

1239

00:48:51,589 --> 00:48:49,119

pyramids against someone like myself

1240

00:48:54,549 --> 00:48:51,599

that devoted 36 years to civil

1241

00:48:56,230 --> 00:48:54,559

engineering is almost incomprehensible

1242

00:48:57,750 --> 00:48:56,240

let me share a few of those facts with

1243

00:49:01,510 --> 00:48:57,760

you before we talk about some of the

1244

00:49:05,030 --> 00:49:03,510

the great pyramid of giza is composed of

1245

00:49:07,430 --> 00:49:05,040

two and a half million blocks of

1246

00:49:08,630 --> 00:49:07,440

limestone which weigh two to seventy

1247

00:49:10,390 --> 00:49:08,640

tons each

1248

00:49:13,430 --> 00:49:10,400

you could build thirty empire state

1249

00:49:16,390 --> 00:49:13,440

buildings with that much material

1250

00:49:19,190 --> 00:49:16,400

the base of the pyramid covers 13 acres

1251

00:49:20,230 --> 00:49:19,200

and has a volume of 90 million cubic

1252

00:49:25,750 --> 00:49:20,240

feet

1253

00:49:28,309 --> 00:49:25,760

equivalent to a 48 story building

1254

00:49:30,069 --> 00:49:28,319

there are 203 courses or steps to the

1255

00:49:32,150 --> 00:49:30,079

summit

1256

00:49:35,589 --> 00:49:32,160

each site slopes up right at an angle of

1257

00:49:37,589 --> 00:49:35,599

exactly 51 degrees 51 minutes and each

1258

00:49:39,990 --> 00:49:37,599

side has an area of five and a half

1259

00:49:42,870 --> 00:49:40,000

acres while less than a fiftieth of an

1260

00:49:44,630 --> 00:49:42,880

inch separates some of the stone blocks

1261

00:49:47,109 --> 00:49:44,640

construction of the great pyramids was

1262

00:49:49,910 --> 00:49:47,119

no accident whoever built them knew what

1263

00:49:53,750 --> 00:49:51,349

some of our assumptions about the

1264

00:49:56,230 --> 00:49:53,760

pyramids of giza being older than we've

1265

00:49:57,910 --> 00:49:56,240

been told are derived from the sphinx

1266

00:49:59,910 --> 00:49:57,920

for many years the body of the sphinx

1267

00:50:04,549 --> 00:49:59,920

was protected by sand that completely

1268

00:50:07,750 --> 00:50:06,390

further study the sphinx now indicates

1269

00:50:09,829 --> 00:50:07,760

to many researchers that the

1270

00:50:12,230 --> 00:50:09,839

deterioration of the sphinx

1271

00:50:15,589 --> 00:50:12,240

body was not caused by wind and sand but

1272

00:50:19,349 --> 00:50:17,510

there has not been that volume of water

1273

00:50:21,510 --> 00:50:19,359

in that area of the world for over seven

1274

00:50:23,030 --> 00:50:21,520

thousand years which predates egyptian

1275

00:50:24,950 --> 00:50:23,040

civilization

1276

00:50:32,309 --> 00:50:24,960

that today takes credit for the sphinx

1277

00:50:36,870 --> 00:50:34,230

there seems to be some similarity

1278

00:50:37,990 --> 00:50:36,880

between the face of the sphinx today

1279

00:50:40,630 --> 00:50:38,000

and

1280

00:50:43,829 --> 00:50:40,640

what it was

1281

00:50:44,870 --> 00:50:43,839

how many years back ten thousand

1282

00:50:46,790 --> 00:50:44,880

so

1283

00:50:48,710 --> 00:50:46,800

in closing

1284

00:50:50,309 --> 00:50:48,720

i'd like to close with the quota i like

1285

00:50:52,309 --> 00:50:50,319

to use

1286

00:50:54,710 --> 00:50:52,319

always telling the truth means never

1287

00:51:02,230 --> 00:50:54,720

having to remember anything
