KEITA ANTHONY BLANCHARD

Radio

Dr. Azra Bertrand

1
00:01:03,280 --> 00:00:03,290
you're listening to Ira the inception

2
00:01:09,770 --> 00:01:07,010
see inside see the light

3
00:01:12,410 --> 00:01:09,780
welcome to centre of light radio with

4
00:01:14,959 --> 00:01:12,420
spiritual teacher intuitive musician

5
00:01:17,179 --> 00:01:14,969
composer and best-selling author of the

6
00:01:19,550 --> 00:01:17,189
Divine Principle anchoring heaven on

7
00:01:21,770 --> 00:01:19,560
earth your host Keith Anthony Blunt

8
00:01:25,609 --> 00:01:21,780
welcome the sin of light radio center of

9
00:01:30,050 --> 00:01:25,619
divine unfoldment and reinforcement

10
00:01:33,109 --> 00:01:30,060
strapping all ye spiritual astral knots

11
00:01:35,179 --> 00:01:33,119
as we launch for inner space and today

12
00:01:36,919 --> 00:01:35,189
it's going to be literally just that I'm

13
00:01:41,050 --> 00:01:36,929

really keyed up about today's show a

14

00:01:44,419 --> 00:01:41,060

heads up in few weeks from now august

15

00:01:46,789 --> 00:01:44,429

seventeenth i believe swansea this way

16

00:01:48,529 --> 00:01:46,799

yogi is going to be here god realized

17

00:01:50,089 --> 00:01:48,539

the man is going to be on the center of

18

00:01:53,960 --> 00:01:50,099

light radio and we're doing everything

19

00:01:55,880 --> 00:01:53,970

we can to make this interview up close

20

00:01:57,499 --> 00:01:55,890

and personal right in front of your face

21

00:01:59,719 --> 00:01:57,509

we're going to try to get this thing on

22

00:02:01,969 --> 00:01:59,729

a video stream so heads up about that

23

00:02:05,419 --> 00:02:01,979

that's coming down the pike I've been

24

00:02:08,680 --> 00:02:05,429

doing a lot of work today getting guests

25

00:02:12,110 --> 00:02:08,690

for the future of sin of light radio and

26
00:02:15,470 --> 00:02:12,120
they're coming they're contacting me and

27
00:02:17,930 --> 00:02:15,480
I'm doing the bio reading the bios in

28
00:02:19,849 --> 00:02:17,940
everyone looks very very powerful and

29
00:02:21,410 --> 00:02:19,859
very very awesome and I'm really excited

30
00:02:23,569 --> 00:02:21,420
about the future of center of light

31
00:02:25,309 --> 00:02:23,579
radio make sure you visit center of

32
00:02:27,530 --> 00:02:25,319
light radio website there you will find

33
00:02:30,650 --> 00:02:27,540
links to everything that I do all my

34
00:02:32,090 --> 00:02:30,660
creations also make sure you jump seat

35
00:02:34,099 --> 00:02:32,100
from center of light go to Keith Anthony

36
00:02:35,509 --> 00:02:34,109
Blanchard calm and download the free

37
00:02:38,390 --> 00:02:35,519
anchoring heaven on earth audio

38
00:02:40,580 --> 00:02:38,400

meditation done by myself some really

39
00:02:43,400 --> 00:02:40,590
cool music some stereo imaging happening

40
00:02:46,849 --> 00:02:43,410
so I do suggest headphones you can also

41
00:02:48,949 --> 00:02:46,859
go to do what you love the movie com do

42
00:02:50,509 --> 00:02:48,959
what you love the movie dot-com a path

43
00:02:53,330 --> 00:02:50,519
to passionate living this movie is about

44
00:02:55,610 --> 00:02:53,340
my life well it's really about you so

45
00:02:59,479 --> 00:02:55,620
about your life how to empower you with

46
00:03:02,300 --> 00:02:59,489
the tools that you need so that you can

47
00:03:04,580 --> 00:03:02,310
create a life of effortless and easy

48
00:03:06,050 --> 00:03:04,590
bliss just living your passion you know

49
00:03:08,629 --> 00:03:06,060
there's a belief at least in this stigma

50
00:03:10,069 --> 00:03:08,639
of this part of the world that we can't

51
00:03:12,259 --> 00:03:10,079
do what we love earn and earn a

52
00:03:14,750 --> 00:03:12,269
comfortable living it's a bunch of

53
00:03:17,719 --> 00:03:14,760
hogwash don't buy into the illusion

54
00:03:19,819 --> 00:03:17,729
trust me I'm doing it my guest is doing

55
00:03:20,780 --> 00:03:19,829
it all my guests do it that's why the

56
00:03:22,850 --> 00:03:20,790
under center of light

57
00:03:24,800 --> 00:03:22,860
they provide you with the tools and the

58
00:03:27,470 --> 00:03:24,810
power and the magic and everything you

59
00:03:30,770 --> 00:03:27,480
need just to become a blissful human

60
00:03:31,849 --> 00:03:30,780
being let's see back to my notes again I

61
00:03:33,679 --> 00:03:31,859
always have my notes and I have a

62
00:03:36,380 --> 00:03:33,689
fantastic guest tonight but I think imma

63
00:03:38,750 --> 00:03:36,390

go more so note less will let things

64

00:03:44,509 --> 00:03:38,760

just via free dance to call into the

65

00:03:47,569 --> 00:03:44,519

show down 88 89 19 to 35 5 8 8 8 9 19 2

66

00:03:49,069 --> 00:03:47,579

3 5 5 remember if you're not at home by

67

00:03:51,470 --> 00:03:49,079

your computer and you want to hear your

68

00:03:52,910 --> 00:03:51,480

favor right show you can go to the App

69

00:03:55,640 --> 00:03:52,920

Store and your phone and download the

70

00:03:58,280 --> 00:03:55,650

inception radio network app for free

71

00:04:00,740 --> 00:03:58,290

everything is at your fingertips chat

72

00:04:02,960 --> 00:04:00,750

room listen live link news podcasts and

73

00:04:05,089 --> 00:04:02,970

much more there are many many ways to

74

00:04:10,399 --> 00:04:05,099

connect to centre of light radio and

75

00:04:12,800 --> 00:04:10,409

inception radio network for sure now

76

00:04:17,599 --> 00:04:12,810

it's time to get down to center of light

77

00:04:20,689 --> 00:04:17,609

radio business tonight on the center of

78

00:04:23,740 --> 00:04:20,699

light my guess is as Robert ran and he

79

00:04:27,170 --> 00:04:23,750

and I will be discussing the womb of God

80

00:04:31,129 --> 00:04:27,180

black holes dark matter and the quantum

81

00:04:34,100 --> 00:04:31,139

birth field was our universe created

82

00:04:36,230 --> 00:04:34,110

from a big bang or big birth in this

83

00:04:38,810 --> 00:04:36,240

pivotal moment in history were beginning

84

00:04:41,659 --> 00:04:38,820

to experience a massive shift and

85

00:04:44,270 --> 00:04:41,669

collective consciousness propelled by

86

00:04:46,550 --> 00:04:44,280

new frequencies of cosmic energies that

87

00:04:48,800 --> 00:04:46,560

are bathing the earth as predicted by

88

00:04:52,189 --> 00:04:48,810

the Mayans and many other ancient

89

00:04:55,700 --> 00:04:52,199

peoples my guest tonight as a veteran MD

90

00:04:57,710 --> 00:04:55,710

has spent 20 years immersed in the

91

00:04:59,600 --> 00:04:57,720

biology of healing with a degree in

92

00:05:02,450 --> 00:04:59,610

biochemistry from university of north

93

00:05:05,120 --> 00:05:02,460

carolina a medical degree from duke

94

00:05:08,149 --> 00:05:05,130

university holding a medical residency

95

00:05:10,700 --> 00:05:08,159

in california and working at a top US

96

00:05:13,640 --> 00:05:10,710

research facility studying how nurturing

97

00:05:16,339 --> 00:05:13,650

and love affects the neural endocrine

98

00:05:19,390 --> 00:05:16,349

system he is now the pioneer of a

99

00:05:22,640 --> 00:05:19,400

powerful new healing process called soul

100

00:05:25,909 --> 00:05:22,650

medicine dedicated to help awaken our

101
00:05:29,209 --> 00:05:25,919
powerful original biological blueprint

102
00:05:33,279 --> 00:05:29,219
which is coded for us to embody profound

103
00:05:34,700 --> 00:05:33,289
states of love vitality and creative

104
00:05:38,450 --> 00:05:34,710
creativity

105
00:05:41,330 --> 00:05:38,460
but is often as he says it's off line as

106
00:05:46,370 --> 00:05:41,340
are welcome to centre of light radio

107
00:05:48,760 --> 00:05:46,380
Thank You Keith ah I i I'm really keyed

108
00:05:54,080 --> 00:05:48,770
up about this topic I'm a cosmos

109
00:05:55,970 --> 00:05:54,090
galactic I answer i would like to dive

110
00:05:58,790 --> 00:05:55,980
right into it why don't you lead us on

111
00:06:01,310 --> 00:05:58,800
lead us off into this show okay

112
00:06:03,230 --> 00:06:01,320
wonderful thanks key well I'm excited to

113
00:06:06,530 --> 00:06:03,240

be here tonight this is a topic that is

114

00:06:08,780 --> 00:06:06,540

very dear to my heart and soul and what

115

00:06:13,000 --> 00:06:08,790

we're really talking about tonight is

116

00:06:16,340 --> 00:06:13,010

the birth of a new cosmology now

117

00:06:19,400 --> 00:06:16,350

cosmology is a creation story it's the

118

00:06:22,130 --> 00:06:19,410

myth that really defines who we are as

119

00:06:23,810 --> 00:06:22,140

humans where we come from what are we

120

00:06:26,030 --> 00:06:23,820

doing here on this planet where we go

121

00:06:29,600 --> 00:06:26,040

when we die how our universe was created

122

00:06:31,700 --> 00:06:29,610

and beyond that it forms the boundaries

123

00:06:33,830 --> 00:06:31,710

of really everything we think is

124

00:06:36,980 --> 00:06:33,840

possible what's possible what's not

125

00:06:39,380 --> 00:06:36,990

possible so in our current cosmology

126

00:06:41,420 --> 00:06:39,390

it's really a scientific cosmology and

127

00:06:44,630 --> 00:06:41,430

this is the cosmology that has defined

128

00:06:46,130 --> 00:06:44,640

the way that modern Western humans have

129

00:06:50,230 --> 00:06:46,140

thought for the past several hundred

130

00:06:53,570 --> 00:06:50,240

years and this cosmology is in the kind

131

00:06:56,060 --> 00:06:53,580

pardon me it is in turbulence and it is

132

00:06:59,690 --> 00:06:56,070

being rebirth into something entirely

133

00:07:01,070 --> 00:06:59,700

new and what we are calling that what

134

00:07:03,290 --> 00:07:01,080

I'm calling that my wife and I work

135

00:07:06,440 --> 00:07:03,300

together on this on this project is a

136

00:07:09,320 --> 00:07:06,450

woom cosmology so what that means is a

137

00:07:11,540 --> 00:07:09,330

cosmology that includes the feminine

138

00:07:13,610 --> 00:07:11,550

face of God the feminine face of

139

00:07:15,530 --> 00:07:13,620

creation and what you might call the

140

00:07:19,700 --> 00:07:15,540

feminine principles that underlie the

141

00:07:21,560 --> 00:07:19,710

existence of our physical universe and

142

00:07:25,250 --> 00:07:21,570

so what what I'm talking about here is

143

00:07:28,280 --> 00:07:25,260

is is really quite literally how our

144

00:07:31,190 --> 00:07:28,290

universe was birth from the womb of a

145

00:07:35,180 --> 00:07:31,200

mother universe and how intelligence

146

00:07:37,580 --> 00:07:35,190

guides this process this process so the

147

00:07:40,340 --> 00:07:37,590

ancient shamans have always known this

148

00:07:43,910 --> 00:07:40,350

through direct shamanic communication

149

00:07:45,350 --> 00:07:43,920

and direct romanik perception and now

150

00:07:47,540 --> 00:07:45,360

modern quantum science and

151
00:07:48,679 --> 00:07:47,550
astrophysicist are essentially

152
00:07:50,899 --> 00:07:48,689
validating

153
00:07:55,129 --> 00:07:50,909
what our ancient ancestors knew and

154
00:07:57,979 --> 00:07:55,139
could once directly perceive would it be

155
00:08:02,239 --> 00:07:57,989
fair to say that the unified feel is

156
00:08:04,579 --> 00:08:02,249
always ready and would it be fair to say

157
00:08:06,619 --> 00:08:04,589
that right now that it's somewhat hyper

158
00:08:08,569 --> 00:08:06,629
fertile would that be a true statement

159
00:08:11,019 --> 00:08:08,579
you have that would be that would be a

160
00:08:13,939 --> 00:08:11,029
true statement it is hyper fertile and

161
00:08:17,029 --> 00:08:13,949
what we're what's happening now is that

162
00:08:20,179 --> 00:08:17,039
we're in a time of a massive change so

163
00:08:22,629 --> 00:08:20,189

it's a time of a paradigm shift and new

164

00:08:24,979 --> 00:08:22,639

energies are literally pouring in and

165

00:08:27,439 --> 00:08:24,989

you know this is this is something

166

00:08:29,809 --> 00:08:27,449

that's being documented by science and

167

00:08:31,639 --> 00:08:29,819

has been predicted by all kinds of

168

00:08:34,999 --> 00:08:31,649

different shamans and indigenous groups

169

00:08:37,850 --> 00:08:35,009

and and for example the Mayans the

170

00:08:41,199 --> 00:08:37,860

Mayans and there are two thousand years

171

00:08:44,119 --> 00:08:41,209

of incredibly precise astronomical and

172

00:08:46,850 --> 00:08:44,129

shamanic and and astrological

173

00:08:50,110 --> 00:08:46,860

predictions said that in December on

174

00:08:53,389 --> 00:08:50,120

December solstice 2012 we were changing

175

00:08:55,490 --> 00:08:53,399

ages that's the end of a 26,000 years

176
00:08:58,100 --> 00:08:55,500
cycle in the beginning of a new one and

177
00:09:01,249 --> 00:08:58,110
quite literally a new birth and that

178
00:09:02,780 --> 00:09:01,259
from the galactic center from the black

179
00:09:04,600 --> 00:09:02,790
hole at the center of our galaxy there

180
00:09:07,460 --> 00:09:04,610
would be emitting all kinds of

181
00:09:10,790 --> 00:09:07,470
frequencies of consciousness and actual

182
00:09:12,530 --> 00:09:10,800
physical energy that would change the

183
00:09:14,629 --> 00:09:12,540
nature of human consciousness for those

184
00:09:16,579 --> 00:09:14,639
who are ready so that's that's one

185
00:09:19,280 --> 00:09:16,589
exciting piece of it yeah absolutely

186
00:09:21,199 --> 00:09:19,290
it's a very very fertile very fertile

187
00:09:24,170 --> 00:09:21,209
universe at this moment is what's

188
00:09:26,749 --> 00:09:24,180

happening with us the changes the

189

00:09:30,499 --> 00:09:26,759

upheavals everything being brought to

190

00:09:32,929 --> 00:09:30,509

the top of the pot so all the quote not

191

00:09:36,470 --> 00:09:32,939

good stuff being scooped out is it

192

00:09:40,280 --> 00:09:36,480

because of this type of fertile field or

193

00:09:44,540 --> 00:09:40,290

are we triggering the field into such

194

00:09:46,460 --> 00:09:44,550

fertilization we are the field hey we're

195

00:09:49,790 --> 00:09:46,470

at these hands right that's the answer

196

00:09:52,160 --> 00:09:49,800

yeah yeah yeah I know it's it's this

197

00:09:54,319 --> 00:09:52,170

incredible incredible thing where the

198

00:09:56,480 --> 00:09:54,329

field informs us yet we are part of the

199

00:09:58,490 --> 00:09:56,490

field so we're active participants and

200

00:10:00,379 --> 00:09:58,500

then so this is creating a feedback loop

201
00:10:02,770 --> 00:10:00,389
it's curving within itself through us

202
00:10:04,630 --> 00:10:02,780
and we we're at the

203
00:10:06,910 --> 00:10:04,640
the point to where we can actually

204
00:10:10,330 --> 00:10:06,920
become participants of writing such

205
00:10:12,160 --> 00:10:10,340
current yes yeah absolutely absolutely

206
00:10:14,530 --> 00:10:12,170
and this is this is the incredible

207
00:10:17,410 --> 00:10:14,540
really revolution that's happening in

208
00:10:19,210 --> 00:10:17,420
cosmology so it used to be that the way

209
00:10:21,880 --> 00:10:19,220
we viewed the world our creation stories

210
00:10:24,400 --> 00:10:21,890
where and when you in times of our

211
00:10:26,500 --> 00:10:24,410
indigenous ancestors they didn't have

212
00:10:28,630 --> 00:10:26,510
anything to do with what we think of as

213
00:10:31,390 --> 00:10:28,640

modern science they came from direct

214

00:10:34,090 --> 00:10:31,400

perception and actually direct

215

00:10:36,790 --> 00:10:34,100

participation in the universe we lived

216

00:10:38,290 --> 00:10:36,800

we used to feel all humans used to feel

217

00:10:41,200 --> 00:10:38,300

that we lived in a participatory

218

00:10:43,560 --> 00:10:41,210

universe that as Aboriginal Australian

219

00:10:47,590 --> 00:10:43,570

said we dreamed the world into being and

220

00:10:49,450 --> 00:10:47,600

at some point we forgot the dream we

221

00:10:51,910 --> 00:10:49,460

lost it we lost touch with this and this

222

00:10:54,880 --> 00:10:51,920

has been happening as a process over the

223

00:10:56,860 --> 00:10:54,890

past say three to five thousand years

224

00:10:59,230 --> 00:10:56,870

and particularly over the last 2,000

225

00:11:02,050 --> 00:10:59,240

years there's been a force that's come

226

00:11:05,170 --> 00:11:02,060

in that has separated us from this dream

227

00:11:06,940 --> 00:11:05,180

time dimension or some people might call

228

00:11:08,890 --> 00:11:06,950

this a feminine dimension or a lunar

229

00:11:12,010 --> 00:11:08,900

dimension or a magical or enchanted

230

00:11:14,590 --> 00:11:12,020

dimension and so now is the time when we

231

00:11:16,450 --> 00:11:14,600

are as a collective beginning to

232

00:11:18,880 --> 00:11:16,460

re-enter this dimension those who are

233

00:11:20,980 --> 00:11:18,890

ready and those who make the choice you

234

00:11:25,360 --> 00:11:20,990

have to make the choice but for those

235

00:11:29,520 --> 00:11:25,370

are ready it's here now Ezra is a

236

00:11:32,740 --> 00:11:29,530

wormhole in a black hole the same thing

237

00:11:35,020 --> 00:11:32,750

they are related you know they're

238

00:11:38,530 --> 00:11:35,030

related and this black holes are really

239

00:11:41,200 --> 00:11:38,540

at the center of the mystery and and

240

00:11:43,800 --> 00:11:41,210

here's the amazing thing about black

241

00:11:47,020 --> 00:11:43,810

holes so let me tell you let me tell you

242

00:11:48,940 --> 00:11:47,030

one thing that one of the most well one

243

00:11:51,370 --> 00:11:48,950

of the most well-known physicists of the

244

00:11:53,920 --> 00:11:51,380

modern era said and this this man is

245

00:11:56,860 --> 00:11:53,930

named John Archibald wheeler so he's he

246

00:11:59,440 --> 00:11:56,870

was a physicist a theoretical physicist

247

00:12:02,380 --> 00:11:59,450

at Princeton who was the mentor to five

248

00:12:04,180 --> 00:12:02,390

Nobel Prize winning physicist including

249

00:12:06,510 --> 00:12:04,190

Richard Feynman and a bunch of a bunch

250

00:12:08,950 --> 00:12:06,520

of others and what he said is this a

251

00:12:12,160 --> 00:12:08,960

black hole is the source of

252

00:12:13,780 --> 00:12:12,170

enlightenment now notice he didn't say a

253

00:12:15,250 --> 00:12:13,790

black hole is the source of all these

254

00:12:16,390 --> 00:12:15,260

different physical phenomena but he's

255

00:12:18,550 --> 00:12:16,400

using a word

256

00:12:21,850 --> 00:12:18,560

that's referring to a spiritual process

257

00:12:23,440 --> 00:12:21,860

and so so so what does that mean you

258

00:12:27,010 --> 00:12:23,450

know what what's what's happening here

259

00:12:29,830 --> 00:12:27,020

and it turns out that at a black hole at

260

00:12:33,060 --> 00:12:29,840

the center of a black hole all the known

261

00:12:36,220 --> 00:12:33,070

laws of physics completely collapse and

262

00:12:38,260 --> 00:12:36,230

at the at the boundary of a black hole

263

00:12:41,230 --> 00:12:38,270

which is called the event horizon and

264

00:12:45,400 --> 00:12:41,240

physical and physics terms it is a

265

00:12:49,330 --> 00:12:45,410

membrane of transformation and so when

266

00:12:51,610 --> 00:12:49,340

we cross that we act we transform now at

267

00:12:53,410 --> 00:12:51,620

black holes what they do is they they

268

00:12:55,300 --> 00:12:53,420

lead us and actually into a different

269

00:12:56,470 --> 00:12:55,310

universe or a different dimension and

270

00:12:59,650 --> 00:12:56,480

experience and this is what the

271

00:13:02,710 --> 00:12:59,660

physicists are saying so there's you

272

00:13:05,620 --> 00:13:02,720

know everyone from Stephen Hawking to

273

00:13:07,960 --> 00:13:05,630

almost every prominent physicist is

274

00:13:10,900 --> 00:13:07,970

saying the same thing that black holes

275

00:13:12,220 --> 00:13:10,910

at black holes we go from what would be

276

00:13:15,700 --> 00:13:12,230

we would consider the known universe

277

00:13:18,250 --> 00:13:15,710

into the mystery and now a wormhole is

278

00:13:22,720 --> 00:13:18,260

related to a black hole and that a

279

00:13:25,900 --> 00:13:22,730

wormhole is a basically a huge rift or a

280

00:13:29,350 --> 00:13:25,910

bridge in space and time that would

281

00:13:31,900 --> 00:13:29,360

theoretically allow us to travel across

282

00:13:33,940 --> 00:13:31,910

space and time in ways that are faster

283

00:13:37,090 --> 00:13:33,950

than speed of light we'll go back or

284

00:13:38,470 --> 00:13:37,100

forward in time and of course we've seen

285

00:13:40,750 --> 00:13:38,480

this for those who've seen the movie

286

00:13:43,390 --> 00:13:40,760

interstellar they talk about and they

287

00:13:44,920 --> 00:13:43,400

show an astronaut's journey that the

288

00:13:47,110 --> 00:13:44,930

character Murph they show his journey

289

00:13:48,430 --> 00:13:47,120

through a wormhole and two different

290

00:13:51,970 --> 00:13:48,440

section of the universe and they also

291

00:13:54,280 --> 00:13:51,980

show his journey into a black hole which

292

00:13:57,790 --> 00:13:54,290

is more than just a physical experience

293

00:14:01,360 --> 00:13:57,800

it is a shamanic experience and in this

294

00:14:04,990 --> 00:14:01,370

black hole he receives he accesses

295

00:14:06,790 --> 00:14:05,000

essentially mystical knowledge he has he

296

00:14:08,620 --> 00:14:06,800

receives revelations of the nature of

297

00:14:10,330 --> 00:14:08,630

the universe and then from that he

298

00:14:12,730 --> 00:14:10,340

shares it with the world he travels back

299

00:14:15,310 --> 00:14:12,740

in time shares it with his daughter and

300

00:14:19,540 --> 00:14:15,320

it saves the earth and so the black hole

301
00:14:21,520 --> 00:14:19,550
is not just a physically incredible and

302
00:14:24,970 --> 00:14:21,530
anomalous energy but on a spiritual and

303
00:14:27,550 --> 00:14:24,980
shamanic level it really forms one of

304
00:14:29,830 --> 00:14:27,560
the most direct portals to the infinite

305
00:14:32,410 --> 00:14:29,840
and so this has been recognized

306
00:14:34,090 --> 00:14:32,420
obviously not just by by all of the

307
00:14:36,490 --> 00:14:34,100
theoretical physicists and

308
00:14:37,810 --> 00:14:36,500
astrophysicists who are spending so much

309
00:14:42,370 --> 00:14:37,820
time and energy trying to investigate

310
00:14:44,950 --> 00:14:42,380
black holes but by shamans by by humans

311
00:14:48,970 --> 00:14:44,960
for many thousands of years have known

312
00:14:51,070 --> 00:14:48,980
this and I felt this you have answered

313
00:14:55,620 --> 00:14:51,080

my question I was in the lead in with

314

00:14:58,600 --> 00:14:55,630

next so if the laws of physics collapse

315

00:15:02,140 --> 00:14:58,610

inside of a black hole black holes could

316

00:15:05,050 --> 00:15:02,150

be considered portals or inlets to the

317

00:15:07,960 --> 00:15:05,060

god body yes yeah absolutely and so

318

00:15:11,050 --> 00:15:07,970

that's that's the big point here and and

319

00:15:14,800 --> 00:15:11,060

this is what's one of the most exciting

320

00:15:16,270 --> 00:15:14,810

things is that for a long time most

321

00:15:18,040 --> 00:15:16,280

people over the last several hundred

322

00:15:20,500 --> 00:15:18,050

years have really whether they've known

323

00:15:24,640 --> 00:15:20,510

it or not have bought into this idea

324

00:15:26,950 --> 00:15:24,650

that science has all the answers that if

325

00:15:30,370 --> 00:15:26,960

you want facts you have to prove it with

326

00:15:34,120 --> 00:15:30,380

the scientific method and etc and it is

327

00:15:38,770 --> 00:15:34,130

at black holes that science melts it

328

00:15:40,810 --> 00:15:38,780

implode this is the event horizon of

329

00:15:44,010 --> 00:15:40,820

black holes literally swallows up

330

00:15:46,390 --> 00:15:44,020

science it's the mother of science

331

00:15:48,940 --> 00:15:46,400

science didn't create black holes black

332

00:15:51,010 --> 00:15:48,950

holes created science and this is the

333

00:15:52,990 --> 00:15:51,020

astounding thing so it's a it's a the

334

00:15:55,720 --> 00:15:53,000

portal where what we would consider

335

00:15:58,060 --> 00:15:55,730

physical reality begins to merge with

336

00:16:00,280 --> 00:15:58,070

the Inchon it begins to emerge with what

337

00:16:02,380 --> 00:16:00,290

you might call God consciousness or

338

00:16:04,420 --> 00:16:02,390

infinite consciousness or even

339

00:16:06,970 --> 00:16:04,430

consciousness you know it's it is at

340

00:16:10,120 --> 00:16:06,980

this membrane where where we begin to

341

00:16:11,910 --> 00:16:10,130

see a deeper level of reality that

342

00:16:14,650 --> 00:16:11,920

encompasses what we would call science

343

00:16:18,430 --> 00:16:14,660

but also encompasses the spiritual

344

00:16:21,340 --> 00:16:18,440

science and begins to share with us what

345

00:16:23,290 --> 00:16:21,350

we have known as humans what are sure

346

00:16:25,540 --> 00:16:23,300

monic ancestors and what are most

347

00:16:27,730 --> 00:16:25,550

spiritually in touch ancestors have

348

00:16:32,170 --> 00:16:27,740

known for a long time so this is a quote

349

00:16:34,900 --> 00:16:32,180

from Lao Zhu from and it's the Dow is

350

00:16:37,150 --> 00:16:34,910

called the Great Mother empty yet

351
00:16:40,240 --> 00:16:37,160
exhaustible it gives birth to infinite

352
00:16:42,730 --> 00:16:40,250
worlds it's like the eternal void filled

353
00:16:43,810 --> 00:16:42,740
with infinite possibilities I don't know

354
00:16:47,380 --> 00:16:43,820
who gave birth to

355
00:16:50,740 --> 00:16:47,390
it's older than God and so what we're

356
00:16:52,840 --> 00:16:50,750
talking about is black holes lead us to

357
00:16:54,520 --> 00:16:52,850
this incredible birthing portal you know

358
00:16:58,110 --> 00:16:54,530
here's something that most people don't

359
00:17:02,110 --> 00:16:58,120
know about black holes as it black holes

360
00:17:05,590 --> 00:17:02,120
give birth to stars so in our own galaxy

361
00:17:07,600 --> 00:17:05,600
so in the Milky Way galaxy we are on a

362
00:17:10,000 --> 00:17:07,610
little a little spiral arm of the Milky

363
00:17:12,610 --> 00:17:10,010

Way galaxy about two-thirds from the

364

00:17:14,740 --> 00:17:12,620

center and in the middle is a super

365

00:17:17,470 --> 00:17:14,750

massive black hole when I say

366

00:17:21,550 --> 00:17:17,480

supermassive I mean it has the mass of

367

00:17:25,689 --> 00:17:21,560

4.3 million of our sons all right that's

368

00:17:29,440 --> 00:17:25,699

a massive body of energy and this black

369

00:17:32,020 --> 00:17:29,450

hole is what in terms of spiritual and

370

00:17:33,570 --> 00:17:32,030

language it's one of the most feminine

371

00:17:36,040 --> 00:17:33,580

you might call the most feminine

372

00:17:39,610 --> 00:17:36,050

structures in the universe and that it's

373

00:17:42,880 --> 00:17:39,620

completely receptive it is completely

374

00:17:44,710 --> 00:17:42,890

magnetic it draws everything to it when

375

00:17:46,540 --> 00:17:44,720

when something crosses the event horizon

376

00:17:49,900 --> 00:17:46,550

whether it's light or matter anything

377

00:17:52,630 --> 00:17:49,910

it's drawn inexorably into the center it

378

00:17:55,690 --> 00:17:52,640

cannot escape but through that Center

379

00:17:58,600 --> 00:17:55,700

it's actually birthed out the other side

380

00:18:00,040 --> 00:17:58,610

into a new universe and so there's this

381

00:18:04,300 --> 00:18:00,050

idea that on the other side of black

382

00:18:06,550 --> 00:18:04,310

holes there may well be white holes that

383

00:18:11,020 --> 00:18:06,560

literally give birth to new universe and

384

00:18:14,080 --> 00:18:11,030

and this is it this is a one piece of

385

00:18:16,450 --> 00:18:14,090

this thread of new knowledge that's been

386

00:18:19,420 --> 00:18:16,460

coming through the the physics community

387

00:18:22,570 --> 00:18:19,430

over the last 20 or 30 years that

388

00:18:26,080 --> 00:18:22,580

completely undoes what we think we know

389

00:18:28,840 --> 00:18:26,090

about the universe so in school we're

390

00:18:31,330 --> 00:18:28,850

still taught about the standard model of

391

00:18:33,130 --> 00:18:31,340

cosmology and the big bang theory of

392

00:18:37,360 --> 00:18:33,140

creation we're taught that this is a

393

00:18:39,040 --> 00:18:37,370

fact well it turns out that physicists

394

00:18:41,770 --> 00:18:39,050

for the last 30 years have known this is

395

00:18:44,140 --> 00:18:41,780

complete rubbish and so one of the the

396

00:18:46,810 --> 00:18:44,150

men who helped create it and really and

397

00:18:49,450 --> 00:18:46,820

really put the backbone of the science

398

00:18:52,000 --> 00:18:49,460

behind it was Stephen Hawking and he's

399

00:18:55,150 --> 00:18:52,010

yes he spent a long time trying to prove

400

00:18:57,220 --> 00:18:55,160

this big bang theory and then about 20

401
00:18:57,460 --> 00:18:57,230
years ago this is not recently but 20

402
00:18:59,799 --> 00:18:57,470
years

403
00:19:03,669 --> 00:18:59,809
ago he said you know what guys there is

404
00:19:06,039 --> 00:19:03,679
no way that it happened like this and by

405
00:19:08,110 --> 00:19:06,049
the way this theory that we're supposed

406
00:19:10,240 --> 00:19:08,120
that's supposed to explain the birth of

407
00:19:12,460 --> 00:19:10,250
the universe you know what it doesn't

408
00:19:14,529 --> 00:19:12,470
even start at the beginning it starts

409
00:19:15,940 --> 00:19:14,539
partway through it doesn't even try to

410
00:19:18,789 --> 00:19:15,950
explain what happened in the beginning

411
00:19:23,500 --> 00:19:18,799
because it can't it completely falls on

412
00:19:25,120 --> 00:19:23,510
its face it's fatally flawed I can see

413
00:19:29,260 --> 00:19:25,130

that clearly you know as above so below

414

00:19:31,570 --> 00:19:29,270

you'd mentioned that black holes or the

415

00:19:33,490 --> 00:19:31,580

place where the laws of physics collapse

416

00:19:37,960 --> 00:19:33,500

well that being said if we look within

417

00:19:42,370 --> 00:19:37,970

ourselves if we can find that void the

418

00:19:44,440 --> 00:19:42,380

empty space we would reach the same the

419

00:19:46,990 --> 00:19:44,450

same place because you know if the black

420

00:19:49,539 --> 00:19:47,000

hole is a inland or portal to God that

421

00:19:51,159 --> 00:19:49,549

would be true for us as well there's

422

00:19:54,850 --> 00:19:51,169

something from the Divine Principle I'd

423

00:19:57,130 --> 00:19:54,860

like to read I think that the old

424

00:19:58,390 --> 00:19:57,140

paradigm scientists you know they they

425

00:20:00,340 --> 00:19:58,400

really didn't have much of a

426

00:20:02,830 --> 00:20:00,350

spirituality about them just to set per

427

00:20:05,169 --> 00:20:02,840

se but I think that's all changing this

428

00:20:07,180 --> 00:20:05,179

is from the Divine Principle one of my

429

00:20:08,529 --> 00:20:07,190

communications with spirit it is common

430

00:20:10,210 --> 00:20:08,539

knowledge that when astronomers and

431

00:20:12,190 --> 00:20:10,220

other scientists look into deep space to

432

00:20:14,500 --> 00:20:12,200

study cosmic occurrences they're

433

00:20:16,630 --> 00:20:14,510

witnessing light from events that

434

00:20:19,240 --> 00:20:16,640

actually took place long ago all their

435

00:20:21,820 --> 00:20:19,250

high-tech equipment might help prove

436

00:20:24,970 --> 00:20:21,830

some of their theories but without inner

437

00:20:26,710 --> 00:20:24,980

vision these experts will stay unaware

438

00:20:28,810 --> 00:20:26,720

of what is presently taking place

439

00:20:31,149 --> 00:20:28,820

throughout the universe as long as they

440

00:20:33,340 --> 00:20:31,159

remain in a spiritually myopic state

441

00:20:35,799 --> 00:20:33,350

they will not be able to harness the

442

00:20:38,440 --> 00:20:35,809

power that true cosmic knowledge can

443

00:20:40,810 --> 00:20:38,450

bring on the other hand spiritualist

444

00:20:42,909 --> 00:20:40,820

shamans and the like understand that

445

00:20:45,070 --> 00:20:42,919

light is the product of a pure

446

00:20:47,529 --> 00:20:45,080

enlightened consciousness and so they

447

00:20:49,990 --> 00:20:47,539

dedicate their lives to achieving just

448

00:20:52,750 --> 00:20:50,000

that the more they develop themselves

449

00:20:55,060 --> 00:20:52,760

and begin to consciously connect to the

450

00:20:57,520 --> 00:20:55,070

omnipresent spirit the more they are

451
00:20:59,919 --> 00:20:57,530
able to witness the grandeur of the

452
00:21:01,930 --> 00:20:59,929
universe here and now and I asked a

453
00:21:04,480 --> 00:21:01,940
question to spirit so are you saying

454
00:21:06,760 --> 00:21:04,490
that light has no velocity none

455
00:21:10,000 --> 00:21:06,770
whatsoever light is everywhere at all

456
00:21:10,700 --> 00:21:10,010
times or no time should I say just like

457
00:21:13,340 --> 00:21:10,710
a hologram

458
00:21:16,039 --> 00:21:13,350
the whole is inherent in every fragment

459
00:21:18,799 --> 00:21:16,049
of light throughout the entire cosmos

460
00:21:22,310 --> 00:21:18,809
you might say that God cosmos asst is

461
00:21:24,289 --> 00:21:22,320
taking place everywhere yeah beautiful

462
00:21:26,750 --> 00:21:24,299
beautiful and that's exactly true and

463
00:21:28,700 --> 00:21:26,760

that's exactly what the most modern

464

00:21:32,419 --> 00:21:28,710

science and quantum science in

465

00:21:34,789 --> 00:21:32,429

particular proofs is that everything is

466

00:21:37,340 --> 00:21:34,799

interconnected there is no such thing as

467

00:21:40,190 --> 00:21:37,350

separation or in the language of physics

468

00:21:41,570 --> 00:21:40,200

is that we are all entangled or another

469

00:21:44,330 --> 00:21:41,580

way of saying that is what happens to

470

00:21:47,510 --> 00:21:44,340

one of us happens affects all of us it's

471

00:21:49,070 --> 00:21:47,520

like this incredible cosmic web a little

472

00:21:51,769 --> 00:21:49,080

bit like a spider web when there's a

473

00:21:53,269 --> 00:21:51,779

vibration and one part of it it's felt

474

00:21:57,649 --> 00:21:53,279

it ripples throughout the whole and

475

00:21:59,990 --> 00:21:57,659

that's exactly true what about dark

476

00:22:03,769 --> 00:22:00,000

matter do they let's talk about dark

477

00:22:05,720 --> 00:22:03,779

matter I love I seen it on social media

478

00:22:08,720 --> 00:22:05,730

recently disposed that's been floating

479

00:22:10,909 --> 00:22:08,730

around they show gray matter and then

480

00:22:14,990 --> 00:22:10,919

they show dark matter and they look so

481

00:22:17,450 --> 00:22:15,000

identical mmm yeah yeah it's incredible

482

00:22:19,490 --> 00:22:17,460

it's incredible to see this and this is

483

00:22:23,230 --> 00:22:19,500

one of the things that we're really

484

00:22:25,279 --> 00:22:23,240

beginning to see how our universe is

485

00:22:28,370 --> 00:22:25,289

intelligent it's an intelligent

486

00:22:31,490 --> 00:22:28,380

evolutionary super organism and when you

487

00:22:32,870 --> 00:22:31,500

look at the vast cosmic superstructure

488

00:22:34,850 --> 00:22:32,880

and when I say superstructure what I

489

00:22:37,669 --> 00:22:34,860

mean is that architecture of the

490

00:22:39,769 --> 00:22:37,679

universe how galaxies darpa galaxies are

491

00:22:42,080 --> 00:22:39,779

clustered together how things are

492

00:22:44,810 --> 00:22:42,090

arranged on the grandest scale what you

493

00:22:48,019 --> 00:22:44,820

see are these incredible filaments of

494

00:22:51,860 --> 00:22:48,029

light and particles and these nodes of

495

00:22:54,019 --> 00:22:51,870

of galaxies that look exactly like a

496

00:22:56,510 --> 00:22:54,029

neuro a neuronal network or a neural

497

00:22:59,810 --> 00:22:56,520

network of the brain so if you look at a

498

00:23:01,519 --> 00:22:59,820

a microscopic slide of our neurons in

499

00:23:03,740 --> 00:23:01,529

our brain that it's almost

500

00:23:07,279 --> 00:23:03,750

indistinguishable really unless you are

501
00:23:09,500 --> 00:23:07,289
literally it is n distinct

502
00:23:12,529 --> 00:23:09,510
distinguishable I mean incredible to see

503
00:23:15,440 --> 00:23:12,539
that and what you see as above so below

504
00:23:17,269 --> 00:23:15,450
you see a whole a graphic representation

505
00:23:20,480 --> 00:23:17,279
that passes through all the levels from

506
00:23:23,419 --> 00:23:20,490
the the very tiny to the massive and you

507
00:23:24,470 --> 00:23:23,429
see this incredible what's called a fine

508
00:23:27,289 --> 00:23:24,480
tuning and I

509
00:23:30,890 --> 00:23:27,299
fine tuning or a coherence that exists

510
00:23:34,039 --> 00:23:30,900
through everything and this coherence is

511
00:23:36,770 --> 00:23:34,049
so improbable that it could have

512
00:23:38,539 --> 00:23:36,780
happened by random chance that one a

513
00:23:41,570 --> 00:23:38,549

very famous another very famous

514

00:23:44,840 --> 00:23:41,580

scientist theoretical physicist named

515

00:23:47,060 --> 00:23:44,850

Carl Penrose calculated that the odds

516

00:23:49,340 --> 00:23:47,070

that this I Roger Penrose calculated the

517

00:23:53,390 --> 00:23:49,350

odds that this could happen by chance is

518

00:23:56,450 --> 00:23:53,400

a number that's 10 to the 10 to the 123

519

00:23:59,030 --> 00:23:56,460

it's a number that's so big that you and

520

00:24:00,710 --> 00:23:59,040

couldn't counter at one time in a

521

00:24:02,630 --> 00:24:00,720

billion billion billion billion billion

522

00:24:04,520 --> 00:24:02,640

billion universes that it could have

523

00:24:07,460 --> 00:24:04,530

happened by chance there is an

524

00:24:09,380 --> 00:24:07,470

intelligent synchronized process that's

525

00:24:12,230 --> 00:24:09,390

guiding all of it and this is one of the

526

00:24:15,049 --> 00:24:12,240

this is one of the big revolutions in

527

00:24:17,270 --> 00:24:15,059

cosmology at the moment is that it's a

528

00:24:19,789 --> 00:24:17,280

standard model of cosmology and and

529

00:24:21,409 --> 00:24:19,799

really the standard model of science was

530

00:24:23,539 --> 00:24:21,419

what's been taught to us or last several

531

00:24:25,990 --> 00:24:23,549

hundred years is that there is no

532

00:24:28,669 --> 00:24:26,000

intelligence or consciousness and matter

533

00:24:31,039 --> 00:24:28,679

there's no spirit or purpose that a

534

00:24:34,280 --> 00:24:31,049

human being just like a star can be

535

00:24:36,710 --> 00:24:34,290

defined solely by its physical presence

536

00:24:39,409 --> 00:24:36,720

and that consciousness is essentially

537

00:24:41,390 --> 00:24:39,419

make believe this is what science most

538

00:24:43,789 --> 00:24:41,400

science until very recent science has

539

00:24:45,980 --> 00:24:43,799

been saying for such a long time but now

540

00:24:48,260 --> 00:24:45,990

modern science is beginning to prove

541

00:24:52,280 --> 00:24:48,270

without any kind of adopt that weathers

542

00:24:54,730 --> 00:24:52,290

something else happening here so it's

543

00:24:57,560 --> 00:24:54,740

and it's really not it's not a big bang

544

00:24:59,690 --> 00:24:57,570

you know there's this this this idea

545

00:25:02,360 --> 00:24:59,700

this that the universe was created in

546

00:25:05,780 --> 00:25:02,370

this explosion that had no consciousness

547

00:25:09,169 --> 00:25:05,790

as being really just doesn't fit the

548

00:25:11,030 --> 00:25:09,179

available data now so what birth the Big

549

00:25:14,750 --> 00:25:11,040

Bang what the science have to say about

550

00:25:17,810 --> 00:25:14,760

this all right so it's incredible to see

551
00:25:20,419 --> 00:25:17,820
that how many scientists are now saying

552
00:25:22,820 --> 00:25:20,429
and and pulling out the evidence that

553
00:25:26,000 --> 00:25:22,830
wow our universe seems to have been born

554
00:25:28,100 --> 00:25:26,010
from a mother universe that we and since

555
00:25:30,770 --> 00:25:28,110
we are universe is the is the daughter

556
00:25:33,560 --> 00:25:30,780
or son of a mother universe and that we

557
00:25:37,750 --> 00:25:33,570
actually inherited our properties

558
00:25:40,930 --> 00:25:37,760
through our mother so in Cosmo logic

559
00:25:43,090 --> 00:25:40,940
we have a mother and we were actually

560
00:25:45,430 --> 00:25:43,100
our universe was actually birth through

561
00:25:47,530 --> 00:25:45,440
the black hole of our mother universe of

562
00:25:51,700 --> 00:25:47,540
the black hole was like her womb that

563
00:25:53,710 --> 00:25:51,710

gave birth to this universe and this is

564

00:25:56,470 --> 00:25:53,720

occurring not just in a physical way but

565

00:25:59,800 --> 00:25:56,480

like you said all of us have access to

566

00:26:02,560 --> 00:25:59,810

this black hole so this being able to

567

00:26:04,270 --> 00:26:02,570

cross this threshold and enter into a

568

00:26:08,290 --> 00:26:04,280

different dimensional space it's not

569

00:26:12,310 --> 00:26:08,300

just out there but it's within us I'm

570

00:26:14,050 --> 00:26:12,320

getting high over here I mean my body is

571

00:26:18,910 --> 00:26:14,060

literally jazzed up because of my

572

00:26:20,560 --> 00:26:18,920

passion for this subject yeah I can't

573

00:26:23,320 --> 00:26:20,570

see it being any other way as above so

574

00:26:25,000 --> 00:26:23,330

below it there I just don't think that

575

00:26:27,130 --> 00:26:25,010

it it's not it's not even conceivable

576

00:26:30,970 --> 00:26:27,140

you know it's it's very difficult it

577

00:26:35,440 --> 00:26:30,980

seems difficult that it's hard for us to

578

00:26:37,660 --> 00:26:35,450

imagine that the infinity of everything

579

00:26:41,950 --> 00:26:37,670

that there was no really beginning there

580

00:26:45,640 --> 00:26:41,960

is no end as we do you think that when

581

00:26:47,920 --> 00:26:45,650

this local universe is birth from a

582

00:26:53,200 --> 00:26:47,930

mother universe that is there is some

583

00:26:55,990 --> 00:26:53,210

sort of energy release explosion to use

584

00:27:00,010 --> 00:26:56,000

a word as to why it was ever considered

585

00:27:03,490 --> 00:27:00,020

to be a big bang mmm yeah yeah so so the

586

00:27:05,470 --> 00:27:03,500

Big Bang describes a process that is

587

00:27:08,490 --> 00:27:05,480

magical and enchanting in it it

588

00:27:11,710 --> 00:27:08,500

describes it in a very kind of a

589

00:27:13,750 --> 00:27:11,720

simplistic way like it's some kind of an

590

00:27:17,530 --> 00:27:13,760

explosion i look like a bomb going off

591

00:27:21,900 --> 00:27:17,540

or something but i find it it's easier

592

00:27:24,940 --> 00:27:21,910

and a more compelling to see it as a

593

00:27:27,370 --> 00:27:24,950

incredible growth and development and so

594

00:27:31,240 --> 00:27:27,380

if you can imagine what I mean interrupt

595

00:27:33,640 --> 00:27:31,250

you sir thank you very very much you

596

00:27:35,140 --> 00:27:33,650

helped my feeble mind because I was just

597

00:27:37,390 --> 00:27:35,150

sharing with you in it can be a

598

00:27:40,480 --> 00:27:37,400

challenge to grasp the infinity of

599

00:27:43,420 --> 00:27:40,490

everything and as you explained it to me

600

00:27:45,250 --> 00:27:43,430

that way I was able to grasp it it's not

601
00:27:48,340 --> 00:27:45,260
really if we can take our minds away

602
00:27:49,120 --> 00:27:48,350
from the explosion of it all and see it

603
00:27:52,120 --> 00:27:49,130
more as

604
00:27:55,530 --> 00:27:52,130
fold Minh a girl's process and expansion

605
00:27:58,690 --> 00:27:55,540
it changes the tonality of it completely

606
00:28:01,780 --> 00:27:58,700
mmm yeah exactly exactly and really

607
00:28:05,620 --> 00:28:01,790
that's what's happening here because the

608
00:28:08,290 --> 00:28:05,630
way we perceive the world determines

609
00:28:10,930 --> 00:28:08,300
what we create in the world and so are

610
00:28:13,600 --> 00:28:10,940
our creation story is no small thing our

611
00:28:17,140 --> 00:28:13,610
cosmology is no small thing and so when

612
00:28:19,150 --> 00:28:17,150
we when we view this as wow we come from

613
00:28:21,220 --> 00:28:19,160

this incredible mother universe that

614

00:28:24,250 --> 00:28:21,230

gave birth to our universe just like our

615

00:28:26,500 --> 00:28:24,260

bodies are born from this incredible

616

00:28:29,650 --> 00:28:26,510

mother Gaia our earth as our mother our

617

00:28:31,900 --> 00:28:29,660

this universe as our mother we were born

618

00:28:35,440 --> 00:28:31,910

from this magical and mysterious womb

619

00:28:37,240 --> 00:28:35,450

and here we are in the womb just living

620

00:28:40,000 --> 00:28:37,250

in this incredible womb of earth and in

621

00:28:41,850 --> 00:28:40,010

the womb of God and in going along and

622

00:28:44,620 --> 00:28:41,860

our journeys and when our time comes

623

00:28:46,750 --> 00:28:44,630

that we leave this on incarnation we

624

00:28:49,750 --> 00:28:46,760

actually return back to this great womb

625

00:28:52,870 --> 00:28:49,760

and this is what the the Mayans said as

626

00:28:55,060 --> 00:28:52,880

well so they they called the galactic

627

00:28:56,410 --> 00:28:55,070

center that the enormous black hole at

628

00:28:58,720 --> 00:28:56,420

the galactic center that they've known

629

00:29:00,430 --> 00:28:58,730

about for at least fifteen hundred years

630

00:29:02,620 --> 00:29:00,440

but most likely many thousands of years

631

00:29:05,620 --> 00:29:02,630

even before that they call it hunab KU

632

00:29:07,990 --> 00:29:05,630

or it's also sometimes known as the

633

00:29:10,540 --> 00:29:08,000

Galactic butterfly the center of

634

00:29:12,970 --> 00:29:10,550

transformation to the butterfly is a

635

00:29:15,370 --> 00:29:12,980

metaphor for transformation or

636

00:29:19,540 --> 00:29:15,380

Transfiguration how the caterpillar is

637

00:29:21,970 --> 00:29:19,550

in folded into this room cocoon and and

638

00:29:24,940 --> 00:29:21,980

when a certain magical mysterious

639

00:29:27,520 --> 00:29:24,950

process begins it leads to this

640

00:29:30,130 --> 00:29:27,530

incredible rebirth and and the creature

641

00:29:33,760 --> 00:29:30,140

becomes something new and takes flight

642

00:29:35,170 --> 00:29:33,770

and so in this process was it was seen

643

00:29:37,930 --> 00:29:35,180

by the Mayans to happen through the

644

00:29:39,700 --> 00:29:37,940

black hole center of the universe that

645

00:29:43,390 --> 00:29:39,710

the universe rather of the galaxy of the

646

00:29:45,910 --> 00:29:43,400

Milky Way galaxy and and not only were

647

00:29:47,380 --> 00:29:45,920

we they considered and so in there and

648

00:29:48,940 --> 00:29:47,390

their cosmology they consider that all

649

00:29:51,460 --> 00:29:48,950

the planets and all the stars in our

650

00:29:53,140 --> 00:29:51,470

galaxy were born from the galactic

651
00:29:55,870 --> 00:29:53,150
center and that's what science says

652
00:29:57,910 --> 00:29:55,880
today may Sciences is that this black

653
00:30:00,210 --> 00:29:57,920
hole is giving birth to stars is giving

654
00:30:02,250 --> 00:30:00,220
birth to planets

655
00:30:05,130 --> 00:30:02,260
and they also felt that when our time

656
00:30:08,370 --> 00:30:05,140
came to die we would spiritually and

657
00:30:10,740 --> 00:30:08,380
shamanic Lee travel through this great

658
00:30:13,440 --> 00:30:10,750
womb a great vulva they also considered

659
00:30:15,930 --> 00:30:13,450
it to be a vulva and back into the great

660
00:30:18,210 --> 00:30:15,940
cosmic mother and when you look up at

661
00:30:19,710 --> 00:30:18,220
the night sky if you look up it's very

662
00:30:21,480 --> 00:30:19,720
clear night and if you're away from

663
00:30:23,760 --> 00:30:21,490

light pollution you can see the milky

664

00:30:25,820 --> 00:30:23,770

way and you can see there's this dark

665

00:30:28,710 --> 00:30:25,830

channel in the middle of it actually

666

00:30:31,049 --> 00:30:28,720

resembles visually resembles a vulva and

667

00:30:35,520 --> 00:30:31,059

so to the Mayans this was how we

668

00:30:38,130 --> 00:30:35,530

returned back to the Great Mother we

669

00:30:40,470 --> 00:30:38,140

were speaking about black holes speaking

670

00:30:43,039 --> 00:30:40,480

about the divine or cosmic womb and

671

00:30:45,390 --> 00:30:43,049

we're also speaking a lot about mother

672

00:30:48,750 --> 00:30:45,400

everyone who listens to this program

673

00:30:50,669 --> 00:30:48,760

excuse me knows that for four years I

674

00:30:52,500 --> 00:30:50,679

was able to hang out with an alien-human

675

00:30:54,659 --> 00:30:52,510

hybrid by the name of nucleus eight and

676
00:30:58,409 --> 00:30:54,669
I've I've had the most amazing

677
00:31:01,409 --> 00:30:58,419
experiences with this being whose 4700

678
00:31:03,690 --> 00:31:01,419
probably 40 years old right now but he

679
00:31:07,649 --> 00:31:03,700
when he would be present in the body of

680
00:31:11,340 --> 00:31:07,659
star one he we share these most amazing

681
00:31:14,570 --> 00:31:11,350
tip is these juicy morsels about the

682
00:31:18,180 --> 00:31:14,580
cosmos and he told me that in his

683
00:31:22,710 --> 00:31:18,190
species there are beings called mother

684
00:31:26,010 --> 00:31:22,720
and these beings called mother they have

685
00:31:30,240 --> 00:31:26,020
the ability to literally pull you into

686
00:31:33,870 --> 00:31:30,250
themselves and have you launched to an

687
00:31:36,330 --> 00:31:33,880
entire new universe so this truly

688
00:31:39,720 --> 00:31:36,340

coalesce is in parallels with everything

689

00:31:42,149 --> 00:31:39,730

nucleus has been telling me about mother

690

00:31:44,520 --> 00:31:42,159

that they had this ability is to take

691

00:31:46,980 --> 00:31:44,530

you in with in themselves and you get to

692

00:31:49,890 --> 00:31:46,990

experience an entire universe very very

693

00:31:51,899 --> 00:31:49,900

cool ugh that's a weirdo so I'll go

694

00:31:53,520 --> 00:31:51,909

ahead sir please can just have to say

695

00:31:56,279 --> 00:31:53,530

this Keith is that so what you're

696

00:32:00,570 --> 00:31:56,289

describing is a process that the

697

00:32:03,659 --> 00:32:00,580

ancients called Oasis okay so so the

698

00:32:06,600 --> 00:32:03,669

word hor hor originally meant womb and

699

00:32:09,480 --> 00:32:06,610

it's where the the derogatory term

700

00:32:11,940 --> 00:32:09,490

comes from today but also goddess is

701
00:32:13,260 --> 00:32:11,950
like Hera and the word hora the japanese

702
00:32:13,629 --> 00:32:13,270
word for the center of our being they

703
00:32:16,089 --> 00:32:13,639
all

704
00:32:17,859 --> 00:32:16,099
come from this word horror har and so

705
00:32:21,099 --> 00:32:17,869
there was a term called her ases which

706
00:32:23,139 --> 00:32:21,109
meant enlightenment by being engulfed in

707
00:32:26,139 --> 00:32:23,149
the womb or being engulfed in the mother

708
00:32:28,690 --> 00:32:26,149
and so this was recognized how men and

709
00:32:34,169 --> 00:32:28,700
women could most easily and readily

710
00:32:36,489 --> 00:32:34,179
achieve enlightenment or awakening wow

711
00:32:38,739 --> 00:32:36,499
this is going to be lingering with me

712
00:32:40,149 --> 00:32:38,749
for the next week as are we at the

713
00:32:42,159 --> 00:32:40,159

bottom of the art would you give out

714

00:32:44,109 --> 00:32:42,169

your contact information to you and eyes

715

00:32:46,839 --> 00:32:44,119

listening on it so they can find you and

716

00:32:49,089 --> 00:32:46,849

more about the awesome work that you do

717

00:32:50,499 --> 00:32:49,099

and listening on as he does many many

718

00:32:52,599 --> 00:32:50,509

things and he does them all with

719

00:32:54,399 --> 00:32:52,609

absolute sweetness and perfection tell

720

00:32:56,829 --> 00:32:54,409

us how we can find more about you and

721

00:32:59,079 --> 00:32:56,839

your work sir so you can reach us my

722

00:33:02,560 --> 00:32:59,089

wife and I in the Fountain of Life Grail

723

00:33:05,769 --> 00:33:02,570

mystery school at ww the Fountain of

724

00:33:08,680 --> 00:33:05,779

Life in here you'll find a cds and

725

00:33:12,849 --> 00:33:08,690

online courses and books that are

726
00:33:14,949 --> 00:33:12,859
forthcoming many things have you seen

727
00:33:18,310 --> 00:33:14,959
the post that's floating around the

728
00:33:21,609 --> 00:33:18,320
social media it's a picture of the light

729
00:33:23,829 --> 00:33:21,619
at the end of the tunnel supposedly when

730
00:33:27,489 --> 00:33:23,839
we pass to the other side and next to it

731
00:33:30,279 --> 00:33:27,499
is a picture of sort of suppose it

732
00:33:34,359 --> 00:33:30,289
coming out of the birth canal and the

733
00:33:40,049 --> 00:33:34,369
question is posed when you die or you

734
00:33:46,269 --> 00:33:42,639
the hospital room where you are being

735
00:33:48,849 --> 00:33:46,279
born again yeah exactly and so this is

736
00:33:50,469 --> 00:33:48,859
the way this is the what this is what

737
00:33:52,060 --> 00:33:50,479
the ancient Egyptians thought this is

738
00:33:55,029 --> 00:33:52,070

what all the indigenous people thought

739

00:33:58,419 --> 00:33:55,039

is that what we consider death in this

740

00:34:01,239 --> 00:33:58,429

dimension is actually a rebirth into an

741

00:34:03,430 --> 00:34:01,249

incredible dimension and this is written

742

00:34:07,089 --> 00:34:03,440

about by almost every ancient cosmology

743

00:34:09,609 --> 00:34:07,099

it's written about by modern psychonauts

744

00:34:11,950 --> 00:34:09,619

and cosmonauts in it one a really

745

00:34:15,240 --> 00:34:11,960

beautiful book that i like is called

746

00:34:17,200 --> 00:34:15,250

proof of heaven by dr. eben alexander

747

00:34:19,749 --> 00:34:17,210

neurosurgeon harvard neurosurgeon and

748

00:34:23,649 --> 00:34:19,759

researcher who wrote about his journey

749

00:34:25,510 --> 00:34:23,659

to the well to basically to he called

750

00:34:27,820 --> 00:34:25,520

the great omen to the

751

00:34:30,460 --> 00:34:27,830

what felt like a feminine maternal

752

00:34:33,490 --> 00:34:30,470

loving energy on the other side and his

753

00:34:37,060 --> 00:34:33,500

great birth into that so yeah absolutely

754

00:34:41,050 --> 00:34:37,070

it's it's it's where you know we birth

755

00:34:45,040 --> 00:34:41,060

from one phase into another and where

756

00:34:47,440 --> 00:34:45,050

every day we are reborn every day we're

757

00:34:49,899 --> 00:34:47,450

not the same person yesterday we expand

758

00:34:52,419 --> 00:34:49,909

I guess we get closer to our own event

759

00:34:56,020 --> 00:34:52,429

horizon and nothing can escape the event

760

00:34:58,600 --> 00:34:56,030

horizon is that correct well yeah once

761

00:35:00,820 --> 00:34:58,610

you cross the membrane of metamorphosis

762

00:35:03,490 --> 00:35:00,830

or the membrane of transformation you

763

00:35:05,890 --> 00:35:03,500

can't go back and that's whether you're

764

00:35:08,140 --> 00:35:05,900

in a in a physical cosmology sense the

765

00:35:10,300 --> 00:35:08,150

things across this event horizon in a

766

00:35:12,940 --> 00:35:10,310

black hole can never come back they do

767

00:35:14,440 --> 00:35:12,950

get birthed out into something new but

768

00:35:16,630 --> 00:35:14,450

they can't come back and be the same

769

00:35:18,940 --> 00:35:16,640

thing they were before and spiritually

770

00:35:22,750 --> 00:35:18,950

or shamanic Lee it's the same when we

771

00:35:26,110 --> 00:35:22,760

have a an awakening or a you know a

772

00:35:29,140 --> 00:35:26,120

rebirth or some kind of a spiritual

773

00:35:32,640 --> 00:35:29,150

transformation we cannot go back and and

774

00:35:36,910 --> 00:35:32,650

be the person we were before absolutely

775

00:35:42,160 --> 00:35:36,920

so can you give me how does this all

776

00:35:45,340 --> 00:35:42,170

work black holes dark matter the quantum

777

00:35:49,810 --> 00:35:45,350

field is it what is the dance between

778

00:35:54,130 --> 00:35:49,820

all this majesty in light and infinite

779

00:35:58,240 --> 00:35:54,140

potential hmm I love that word majesty

780

00:35:59,740 --> 00:35:58,250

and that is you know I just yeah that

781

00:36:02,200 --> 00:35:59,750

looks really what we're talking about

782

00:36:04,270 --> 00:36:02,210

all right and so so here's what here's

783

00:36:06,070 --> 00:36:04,280

what particle physics says here's what

784

00:36:09,670 --> 00:36:06,080

quantum physics and the quantum field

785

00:36:12,850 --> 00:36:09,680

theory says is that at the root of

786

00:36:15,280 --> 00:36:12,860

everything there is this quantum vacuum

787

00:36:17,590 --> 00:36:15,290

or zero-point field or something that

788

00:36:20,620 --> 00:36:17,600

that I call the quantum birthing filled

789

00:36:23,650 --> 00:36:20,630

that out of this great see this great

790

00:36:26,800 --> 00:36:23,660

dark magical majestic mysterious

791

00:36:28,530 --> 00:36:26,810

e-everything emerges so all of the

792

00:36:30,640 --> 00:36:28,540

things that we think of as real

793

00:36:33,700 --> 00:36:30,650

substantial matter all the particles

794

00:36:36,430 --> 00:36:33,710

that make up our bodies actually poof in

795

00:36:39,460 --> 00:36:36,440

and out of existence all the time out of

796

00:36:41,710 --> 00:36:39,470

this great ocean of consciousness

797

00:36:45,250 --> 00:36:41,720

and so this is the same the same idea

798

00:36:48,220 --> 00:36:45,260

that the of Brahma that the ancient

799

00:36:50,589 --> 00:36:48,230

Vedic sages spoke about Oh a long time

800

00:36:53,740 --> 00:36:50,599

ago thousands of years ago that there's

801
00:36:56,710 --> 00:36:53,750
this enormous unmanifest and they often

802
00:36:59,290 --> 00:36:56,720
described it as a void or dark or

803
00:37:01,620 --> 00:36:59,300
mysterious a little bit like the womb

804
00:37:05,320 --> 00:37:01,630
that we just stated in physically and

805
00:37:07,390 --> 00:37:05,330
it's from this this this unknowable

806
00:37:10,030 --> 00:37:07,400
undefinable place where all the laws of

807
00:37:12,849 --> 00:37:10,040
physics break down that everything is

808
00:37:14,530 --> 00:37:12,859
born and so one of the things the

809
00:37:17,710 --> 00:37:14,540
scientists who have actually studied

810
00:37:19,420 --> 00:37:17,720
this who have really gone for you know

811
00:37:21,430 --> 00:37:19,430
the real the real groundbreaking

812
00:37:24,099 --> 00:37:21,440
scientists most of them have in the

813
00:37:26,650 --> 00:37:24,109

process become mystics so you can say

814

00:37:29,320 --> 00:37:26,660

this of of Albert Einstein you can say

815

00:37:31,810 --> 00:37:29,330

this of Niels Bohr and Max plankin and

816

00:37:34,240 --> 00:37:31,820

so many others is when they look at this

817

00:37:36,490 --> 00:37:34,250

they start to peer through science and

818

00:37:38,230 --> 00:37:36,500

and at the very base of it they start to

819

00:37:41,170 --> 00:37:38,240

encounter what they would call the face

820

00:37:43,839 --> 00:37:41,180

of the mystery or the face of God and so

821

00:37:47,109 --> 00:37:43,849

this this quantum birthing field or the

822

00:37:50,680 --> 00:37:47,119

quantum vacuum is one of those majestic

823

00:37:53,890 --> 00:37:50,690

places where the manifest or what we

824

00:37:56,320 --> 00:37:53,900

might call the explicate obvious

825

00:37:58,960 --> 00:37:56,330

physical material world arises out of

826

00:38:01,900 --> 00:37:58,970

this incredible birthing void so it's a

827

00:38:03,310 --> 00:38:01,910

great birthday alright and you met you

828

00:38:05,320 --> 00:38:03,320

asked about dark matter and black holes

829

00:38:07,720 --> 00:38:05,330

and when you're when you're ready I'll

830

00:38:11,800 --> 00:38:07,730

tell you how they're all related because

831

00:38:13,800 --> 00:38:11,810

they're I don't know if I'm pretty I do

832

00:38:17,560 --> 00:38:13,810

trono chew on this everlasting

833

00:38:20,770 --> 00:38:17,570

gobstopper yeah what we'll get ready for

834

00:38:22,089 --> 00:38:20,780

us all right so so here here's the thing

835

00:38:25,030 --> 00:38:22,099

i'm going to tell you something about

836

00:38:27,880 --> 00:38:25,040

black holes and dark matter that's

837

00:38:30,760 --> 00:38:27,890

really astounding and so are our

838

00:38:33,150 --> 00:38:30,770

universe it's so the super structure of

839

00:38:36,280 --> 00:38:33,160

our universe is held together

840

00:38:40,030 --> 00:38:36,290

orchestrated and organized by dark

841

00:38:43,710 --> 00:38:40,040

matter and black holes it's it does it

842

00:38:47,589 --> 00:38:43,720

all it pulls it all together and it's at

843

00:38:49,720 --> 00:38:47,599

dark matter is everywhere in a sense

844

00:38:51,450 --> 00:38:49,730

it's everywhere and nowhere and you say

845

00:38:53,250 --> 00:38:51,460

it's more prevalent than actual matter

846

00:38:54,870 --> 00:38:53,260

well a star

847

00:38:56,760 --> 00:38:54,880

more prevalent than actual matter and

848

00:38:58,860 --> 00:38:56,770

it's all in space let me tell you a

849

00:39:01,380 --> 00:38:58,870

couple a couple of things that these are

850

00:39:03,570 --> 00:39:01,390

a couple of facts that everybody really

851
00:39:05,820 --> 00:39:03,580
needs to understand all right and this

852
00:39:08,490 --> 00:39:05,830
is the first is actually quote by a

853
00:39:11,160 --> 00:39:08,500
brilliant cell biologist named rupert

854
00:39:13,200 --> 00:39:11,170
sheldrake so he was a former department

855
00:39:15,930 --> 00:39:13,210
chair at Cambridge University Royal

856
00:39:17,670 --> 00:39:15,940
Society member a top-notch scientist and

857
00:39:20,400 --> 00:39:17,680
here's what he says the biggest

858
00:39:22,020 --> 00:39:20,410
scientific delusion is that science

859
00:39:23,910 --> 00:39:22,030
already knows the answers that the

860
00:39:27,150 --> 00:39:23,920
fundamental questions are already

861
00:39:28,650 --> 00:39:27,160
settled that's it's the first thing the

862
00:39:31,910 --> 00:39:28,660
second thing I want to share is that

863
00:39:34,080 --> 00:39:31,920

this science as we know the top

864

00:39:36,600 --> 00:39:34,090

theoretical physicists you know the head

865

00:39:39,810 --> 00:39:36,610

of the all the academies can only

866

00:39:43,020 --> 00:39:39,820

account for four percent of the matter

867

00:39:45,540 --> 00:39:43,030

and energy in the universe the rest the

868

00:39:50,520 --> 00:39:45,550

other ninety six percent is simply

869

00:39:52,680 --> 00:39:50,530

missing so science cannot find it can't

870

00:39:55,290 --> 00:39:52,690

locate it can't describe it can explain

871

00:39:57,810 --> 00:39:55,300

what it is it can only infer its

872

00:40:00,960 --> 00:39:57,820

existence by the effects that it causes

873

00:40:04,560 --> 00:40:00,970

to everything around it and that's

874

00:40:08,430 --> 00:40:04,570

really what dark matter is and dark

875

00:40:11,100 --> 00:40:08,440

matter really is like dark matter are

876

00:40:13,740 --> 00:40:11,110

the filaments or the if you think of the

877

00:40:15,510 --> 00:40:13,750

universe as an enormous web and it's a

878

00:40:16,800 --> 00:40:15,520

really great way to think about it

879

00:40:19,050 --> 00:40:16,810

because the super structure of the

880

00:40:22,380 --> 00:40:19,060

universe is organized in some ways like

881

00:40:24,030 --> 00:40:22,390

a web and at nodes where the different

882

00:40:27,630 --> 00:40:24,040

filaments or strands of the web cross

883

00:40:29,550 --> 00:40:27,640

each other are galaxies where there is

884

00:40:32,220 --> 00:40:29,560

an enormous black hole to center so the

885

00:40:34,770 --> 00:40:32,230

dark mount are these enormous highways

886

00:40:36,330 --> 00:40:34,780

of communication and organization that

887

00:40:38,940 --> 00:40:36,340

lead to the black holes at the center

888

00:40:42,270 --> 00:40:38,950

and when you begin to touch either dark

889

00:40:44,460 --> 00:40:42,280

matter or black holes you begin to touch

890

00:40:46,410 --> 00:40:44,470

the mystery and when I say you begin to

891

00:40:49,620 --> 00:40:46,420

touch the mystery one of the things I

892

00:40:52,370 --> 00:40:49,630

mean by that is you begin to slip from

893

00:40:55,280 --> 00:40:52,380

physical science into a realm of

894

00:40:59,100 --> 00:40:55,290

spirituality or consciousness or or

895

00:41:01,080 --> 00:40:59,110

multi-dimensional intelligence and this

896

00:41:02,580 --> 00:41:01,090

is this is the thing Keith that's going

897

00:41:03,660 --> 00:41:02,590

to blow your mind and probably a lot of

898

00:41:04,980 --> 00:41:03,670

yeah you're gonna have to give me a

899

00:41:09,600 --> 00:41:04,990

moment

900

00:41:12,300 --> 00:41:09,610

bro yeah yeah well well here it is so so

901
00:41:14,130 --> 00:41:12,310
the thing about black holes in dark

902
00:41:16,760 --> 00:41:14,140
matter is that they are trying to

903
00:41:19,290 --> 00:41:16,770
communicate with us they are living

904
00:41:22,230 --> 00:41:19,300
intelligent beings trying to get a

905
00:41:24,780 --> 00:41:22,240
message to us trying to communicate just

906
00:41:27,090 --> 00:41:24,790
like in the movie interstellar and in

907
00:41:30,180 --> 00:41:27,100
not too different way than in the movie

908
00:41:32,340 --> 00:41:30,190
2001 a Space Odyssey where where this

909
00:41:35,820 --> 00:41:32,350
astronaut goes into deep space and meets

910
00:41:38,160 --> 00:41:35,830
us into incredible a super dimensional

911
00:41:41,190 --> 00:41:38,170
consciousness that and expands into this

912
00:41:43,290 --> 00:41:41,200
this vast new state of awareness well

913
00:41:46,170 --> 00:41:43,300

this is what black holes and dark matter

914

00:41:47,790 --> 00:41:46,180

are that they're trying to share this

915

00:41:50,390 --> 00:41:47,800

with us they're knocking on our door

916

00:41:52,890 --> 00:41:50,400

they're waiting for us to just to open

917

00:41:54,900 --> 00:41:52,900

to open our shamanic channels of

918

00:41:57,510 --> 00:41:54,910

communication and speak with them

919

00:41:59,850 --> 00:41:57,520

directly just like all of our ancestors

920

00:42:02,940 --> 00:41:59,860

did for thousands of years in ancient

921

00:42:04,920 --> 00:42:02,950

Egypt and the Mayan lands and and the

922

00:42:06,720 --> 00:42:04,930

European indigenous shamans did the same

923

00:42:08,599 --> 00:42:06,730

thing we see the same kinds of

924

00:42:10,890 --> 00:42:08,609

connections and the megalithic

925

00:42:14,359 --> 00:42:10,900

structures stone structures and the

926

00:42:16,650 --> 00:42:14,369

British Isles we're talking about direct

927

00:42:20,340 --> 00:42:16,660

communication with a super consciousness

928

00:42:24,900 --> 00:42:20,350

that exists in stars and black holes and

929

00:42:27,900 --> 00:42:24,910

dark matter it's incredible from the

930

00:42:29,280 --> 00:42:27,910

chat room sky 33 I'm no kidding i'm

931

00:42:32,640 --> 00:42:29,290

sitting here and i had a question for

932

00:42:36,660 --> 00:42:32,650

you or analogy we're talking about a

933

00:42:38,550 --> 00:42:36,670

dark matter and then the question I was

934

00:42:41,099 --> 00:42:38,560

going to bring up I look in the jet room

935

00:42:44,750 --> 00:42:41,109

and she's a we're in the same page would

936

00:42:47,130 --> 00:42:44,760

dark matter be considered the glue that

937

00:42:50,580 --> 00:42:47,140

holds everything in the place because

938

00:42:53,160 --> 00:42:50,590

it's the empty space between all matter

939

00:42:56,609 --> 00:42:53,170

so it would be the glue would you yes

940

00:42:59,130 --> 00:42:56,619

yeah exactly exactly so dark matter dark

941

00:43:00,780 --> 00:42:59,140

matter is like the glue that holds this

942

00:43:04,109 --> 00:43:00,790

the structure of the universe together

943

00:43:05,940 --> 00:43:04,119

and black holes are like the birthing

944

00:43:08,700 --> 00:43:05,950

portal or the bird the birthing center

945

00:43:11,340 --> 00:43:08,710

that really that bird I get it I started

946

00:43:13,920 --> 00:43:11,350

me really really grasp this dude yeah

947

00:43:16,830 --> 00:43:13,930

again and one more I'm going to take you

948

00:43:18,599 --> 00:43:16,840

one step further and it's this is that

949

00:43:21,140 --> 00:43:18,609

dark matter

950

00:43:24,509 --> 00:43:21,150

this consciousness that it represents

951
00:43:27,150 --> 00:43:24,519
responds to our desires to our deep

952
00:43:31,349 --> 00:43:27,160
sincere desires and reflects back to us

953
00:43:34,259 --> 00:43:31,359
what we desire so it is an active

954
00:43:37,049 --> 00:43:34,269
dynamic principle now some people have

955
00:43:38,940 --> 00:43:37,059
called this the divine matrix matrix

956
00:43:41,190 --> 00:43:38,950
being another word for womb so in

957
00:43:45,329 --> 00:43:41,200
Spanish the woodworm the word for womb

958
00:43:48,420 --> 00:43:45,339
is mitrice or matrix it's also a closely

959
00:43:51,420 --> 00:43:48,430
related word to matter or mother so it's

960
00:43:54,720 --> 00:43:51,430
so it is the divine matrix to find womb

961
00:43:56,660 --> 00:43:54,730
to divine mother who actually responds

962
00:43:59,700 --> 00:43:56,670
to our desire so this is not some

963
00:44:02,900 --> 00:43:59,710

impersonal force that has no care

964

00:44:05,700 --> 00:44:02,910

concern with for us but it is a very

965

00:44:09,269 --> 00:44:05,710

responsive so be careful what you

966

00:44:11,729 --> 00:44:09,279

actually wish for so these star fields

967

00:44:14,400 --> 00:44:11,739

these stellar feels being that they're

968

00:44:16,470 --> 00:44:14,410

conscious they're just incubators

969

00:44:20,190 --> 00:44:16,480

waiting to happen and they've been doing

970

00:44:23,279 --> 00:44:20,200

this you know again we have to collapse

971

00:44:26,009 --> 00:44:23,289

the laws of physics this is me what be

972

00:44:28,609 --> 00:44:26,019

on time this it is what it is it just is

973

00:44:31,349 --> 00:44:28,619

and has always been and will always be

974

00:44:33,960 --> 00:44:31,359

constantly expanding folding into itself

975

00:44:37,920 --> 00:44:33,970

expanding creating new expressions of

976

00:44:40,470 --> 00:44:37,930

itself yeah exactly so let me tell you

977

00:44:43,109 --> 00:44:40,480

something Albert Einstein said once the

978

00:44:45,509 --> 00:44:43,119

distinction between past present and

979

00:44:49,349 --> 00:44:45,519

future is only a stubbornly persistent

980

00:44:52,620 --> 00:44:49,359

illusion and it's at these portals of

981

00:44:54,630 --> 00:44:52,630

dark matter and black holes and at the

982

00:44:58,140 --> 00:44:54,640

quantum birthing field or the quantum

983

00:45:01,170 --> 00:44:58,150

vacuum that we we reach these places

984

00:45:03,479 --> 00:45:01,180

where we can actually travel forward in

985

00:45:05,609 --> 00:45:03,489

time or backwards in time or across

986

00:45:07,620 --> 00:45:05,619

distances faster than the speed of light

987

00:45:09,210 --> 00:45:07,630

and this was what was portrayed in the

988

00:45:10,829 --> 00:45:09,220

movie interstellar which if the

989

00:45:13,440 --> 00:45:10,839

listeners who haven't seen this movie

990

00:45:15,479 --> 00:45:13,450

it's a great movie it really gives you

991

00:45:18,180 --> 00:45:15,489

some insight gives you a visual physical

992

00:45:21,779 --> 00:45:18,190

picture of what this might look like and

993

00:45:24,029 --> 00:45:21,789

this is the actual reality so what we

994

00:45:24,989 --> 00:45:24,039

see in the world and perceive most

995

00:45:25,950 --> 00:45:24,999

people and most people see him

996

00:45:29,190 --> 00:45:25,960

perceiving the world is a

997

00:45:32,460 --> 00:45:29,200

three-dimensional world however what

998

00:45:35,550 --> 00:45:32,470

Einstein began to describe what

999

00:45:37,710 --> 00:45:35,560

a fourth dimensional world where space

1000

00:45:39,810 --> 00:45:37,720

and time are unfolded in this vast

1001
00:45:42,300 --> 00:45:39,820
Apocrypha that's all around us but we

1002
00:45:45,510 --> 00:45:42,310
can't actually perceive it but there's

1003
00:45:48,120 --> 00:45:45,520
an even there is even further dimensions

1004
00:45:51,080 --> 00:45:48,130
of awareness and consciousness that are

1005
00:45:53,700 --> 00:45:51,090
simply waiting for us to perceive and

1006
00:45:57,530 --> 00:45:53,710
all of this is happening around this

1007
00:46:00,000 --> 00:45:57,540
very beautiful majestic mysterious

1008
00:46:02,310 --> 00:46:00,010
phenomena that are the black holes the

1009
00:46:04,680 --> 00:46:02,320
dark matter the quantum vacuum a quantum

1010
00:46:06,990 --> 00:46:04,690
birthing field this is where all of this

1011
00:46:11,099 --> 00:46:07,000
is happening now in the what would be

1012
00:46:13,170 --> 00:46:11,109
called the macros in the macroscopic

1013
00:46:15,930 --> 00:46:13,180

world or the world of everyday reality

1014

00:46:17,790 --> 00:46:15,940

you know someone throws a baseball at

1015

00:46:19,680 --> 00:46:17,800

Shea you whack it with a bat it's a

1016

00:46:21,510 --> 00:46:19,690

predictable thing it goes a certain

1017

00:46:23,720 --> 00:46:21,520

distance in speed depending on how far

1018

00:46:26,849 --> 00:46:23,730

you hit it matter how hard you hit it

1019

00:46:28,859 --> 00:46:26,859

but above that and below that and all

1020

00:46:31,770 --> 00:46:28,869

around that is something infinite and

1021

00:46:36,510 --> 00:46:31,780

vast that's really available to us when

1022

00:46:39,270 --> 00:46:36,520

we wish to touch it have you experienced

1023

00:46:42,750 --> 00:46:39,280

the void azra that we're talking about

1024

00:46:47,520 --> 00:46:42,760

some years ago during sleep I became

1025

00:46:51,690 --> 00:46:47,530

very hyper conscious and I so much so

1026
00:46:53,430 --> 00:46:51,700
that I knew a gazillion or so miles down

1027
00:46:55,980 --> 00:46:53,440
there on the bed was the body the

1028
00:46:58,230 --> 00:46:55,990
identity on you is keep blanchard and i

1029
00:47:01,339 --> 00:46:58,240
find myself in this absolute darkness

1030
00:47:05,760 --> 00:47:01,349
this absolute void and there was this

1031
00:47:09,180 --> 00:47:05,770
profound stillness and i used to work

1032
00:47:11,160 --> 00:47:09,190
darkness but in this darkness there was

1033
00:47:15,180 --> 00:47:11,170
an illumination and that illumination

1034
00:47:18,480 --> 00:47:15,190
was my own awareness and in so knowing

1035
00:47:21,089 --> 00:47:18,490
that i had to be careful with my push i

1036
00:47:24,329 --> 00:47:21,099
wanted to send the little keith down

1037
00:47:27,200 --> 00:47:24,339
there on the earth bed some well wishes

1038
00:47:30,720 --> 00:47:27,210

and so i just sent myself an inkling of

1039

00:47:32,970 --> 00:47:30,730

support have you experienced such a

1040

00:47:35,130 --> 00:47:32,980

place in meditations or are your

1041

00:47:36,740 --> 00:47:35,140

spiritual travels be it out of body

1042

00:47:40,109 --> 00:47:36,750

experiences or you nightly excursions

1043

00:47:43,020 --> 00:47:40,119

yeah absolutely absolutely and this is

1044

00:47:45,690 --> 00:47:43,030

something that anyone who's on a

1045

00:47:46,360 --> 00:47:45,700

spiritual journey is going to experience

1046

00:47:49,660 --> 00:47:46,370

this in some

1047

00:47:53,230 --> 00:47:49,670

way shape and form and depending on how

1048

00:47:55,630 --> 00:47:53,240

far you're willing to go it depends on

1049

00:47:57,520 --> 00:47:55,640

how you experience or in other ways

1050

00:47:59,590 --> 00:47:57,530

saying this is that there are spirals of

1051
00:48:01,630 --> 00:47:59,600
experience and so the journey doesn't

1052
00:48:03,370 --> 00:48:01,640
end it's not like you you you have

1053
00:48:05,260 --> 00:48:03,380
touched of the void and and you know

1054
00:48:07,150 --> 00:48:05,270
everything to know about it it's it's

1055
00:48:10,000 --> 00:48:07,160
something that you can keep going back

1056
00:48:11,620 --> 00:48:10,010
to and yeah absolutely someone you know

1057
00:48:14,440 --> 00:48:11,630
in my own way in my own in my own

1058
00:48:15,700 --> 00:48:14,450
journeys I I have touched the void and

1059
00:48:18,940 --> 00:48:15,710
in different ways and in different

1060
00:48:21,310 --> 00:48:18,950
moments and some of them have been you

1061
00:48:23,320 --> 00:48:21,320
know many voids or and this is something

1062
00:48:25,090 --> 00:48:23,330
that all of us experience one of the

1063
00:48:27,340 --> 00:48:25,100

things you said is that look we're born

1064

00:48:30,670 --> 00:48:27,350

again every day and that's really true

1065

00:48:33,550 --> 00:48:30,680

because when we sleep on a neurologic

1066

00:48:35,800 --> 00:48:33,560

level we actually dive deep into the

1067

00:48:38,620 --> 00:48:35,810

womb of our brain so we leave what would

1068

00:48:40,990 --> 00:48:38,630

be called the masculine cerebral cortex

1069

00:48:43,240 --> 00:48:41,000

consciousness and we dive deep into the

1070

00:48:46,150 --> 00:48:43,250

back brain and hindbrain which is

1071

00:48:48,880 --> 00:48:46,160

projecting up the infinite and the world

1072

00:48:52,240 --> 00:48:48,890

of dream time and of magic into our

1073

00:48:53,980 --> 00:48:52,250

consciousness and so when you're aware

1074

00:48:55,900 --> 00:48:53,990

of your dreams and when you're when

1075

00:48:58,900 --> 00:48:55,910

you're going into this place well every

1076
00:49:02,620 --> 00:48:58,910
every night actually we can enter a kind

1077
00:49:04,990 --> 00:49:02,630
of deep magical mystical state and in my

1078
00:49:08,530 --> 00:49:05,000
own journeys us say that yes through

1079
00:49:10,470 --> 00:49:08,540
meditation through sometimes deep

1080
00:49:14,950 --> 00:49:10,480
emotional release through through

1081
00:49:19,420 --> 00:49:14,960
different kinds of toning and breath

1082
00:49:21,700 --> 00:49:19,430
work and through a sacred union with my

1083
00:49:25,030 --> 00:49:21,710
partner and through you know all kinds

1084
00:49:26,680 --> 00:49:25,040
of different ways I've I've touched this

1085
00:49:30,310 --> 00:49:26,690
place in different degrees and in

1086
00:49:32,740 --> 00:49:30,320
million different capacities and for me

1087
00:49:34,420 --> 00:49:32,750
in my own personal journey it's been

1088
00:49:37,570 --> 00:49:34,430

through the container of sacred

1089

00:49:41,620 --> 00:49:37,580

relationship that I've had the greatest

1090

00:49:45,250 --> 00:49:41,630

melt throughs into these places and have

1091

00:49:47,740 --> 00:49:45,260

actually traveled dimensionally and you

1092

00:49:50,920 --> 00:49:47,750

know be that two different black holes

1093

00:49:53,290 --> 00:49:50,930

and and stars and in different places

1094

00:49:56,190 --> 00:49:53,300

it's really been the greatest for me

1095

00:50:00,089 --> 00:49:56,200

that's been the greatest source of our

1096

00:50:03,430 --> 00:50:00,099

bridge to touching the void

1097

00:50:05,319 --> 00:50:03,440

that brings me to a very good point when

1098

00:50:09,160 --> 00:50:05,329

we in psych relationships you have a

1099

00:50:12,910 --> 00:50:09,170

partner that you have sexual activity we

1100

00:50:17,410 --> 00:50:12,920

are lint literally entering the womb and

1101
00:50:21,010 --> 00:50:17,420
I can understand how we would experience

1102
00:50:25,930 --> 00:50:21,020
such grandeur such majesty if one

1103
00:50:29,230 --> 00:50:25,940
chooses or finds a way in so to speak

1104
00:50:32,260 --> 00:50:29,240
within themselves but also its metaphor

1105
00:50:34,930 --> 00:50:32,270
for allowing yourself to experience that

1106
00:50:36,339 --> 00:50:34,940
within yourself to move out of the

1107
00:50:39,069 --> 00:50:36,349
blocks or move through the blocks

1108
00:50:40,809 --> 00:50:39,079
through said experience yes Ezra yeah

1109
00:50:42,670 --> 00:50:40,819
absolutely and so this is one of the

1110
00:50:45,849 --> 00:50:42,680
this is something that really has been

1111
00:50:47,890 --> 00:50:45,859
forgotten and the modern what would be

1112
00:50:49,089 --> 00:50:47,900
called more modern masculine religious

1113
00:50:51,549 --> 00:50:49,099

and spiritual traditions and this

1114

00:50:54,670 --> 00:50:51,559

includes everything from Christianity

1115

00:50:57,789 --> 00:50:54,680

Judaism Islam to the through the ascetic

1116

00:51:01,480 --> 00:50:57,799

practices of many of the forms of

1117

00:51:02,890 --> 00:51:01,490

Buddhism which promote enlightenment

1118

00:51:05,620 --> 00:51:02,900

through being on your own and being

1119

00:51:07,530 --> 00:51:05,630

meditating in a deep place well several

1120

00:51:11,260 --> 00:51:07,540

thousand years ago the most readily

1121

00:51:14,710 --> 00:51:11,270

access in the most most well known and

1122

00:51:16,930 --> 00:51:14,720

well taught way to to reach these states

1123

00:51:19,569 --> 00:51:16,940

of awakening and enlightenment was

1124

00:51:22,359 --> 00:51:19,579

through sacred union with our partner

1125

00:51:24,160 --> 00:51:22,369

and it's these these mysteries that are

1126

00:51:26,829 --> 00:51:24,170

at the heart of all of all of what's

1127

00:51:28,900 --> 00:51:26,839

called the mystery schools and all of

1128

00:51:31,900 --> 00:51:28,910

the secret Assad secret societies back

1129

00:51:36,039 --> 00:51:31,910

from the days of the Egyptian alchemy to

1130

00:51:38,940 --> 00:51:36,049

the now what would sometimes be

1131

00:51:42,539 --> 00:51:38,950

considered dubious world of the

1132

00:51:44,770 --> 00:51:42,549

alchemists and Rosicrucians and and

1133

00:51:47,470 --> 00:51:44,780

Hermeticists and and what would be

1134

00:51:50,470 --> 00:51:47,480

called Western magician mystery schools

1135

00:51:52,690 --> 00:51:50,480

well originally at that way and still

1136

00:51:54,910 --> 00:51:52,700

even in this in the secret the highest

1137

00:51:58,059 --> 00:51:54,920

orders and the most secret rites of

1138

00:52:01,539 --> 00:51:58,069

these of these mystery schools is this

1139

00:52:03,609 --> 00:52:01,549

is that it's through sacred sexual union

1140

00:52:06,329 --> 00:52:03,619

and you know not just the physical act

1141

00:52:10,240 --> 00:52:06,339

of of sexuality but deep heart soul

1142

00:52:13,120 --> 00:52:10,250

merging that we can achieve the most

1143

00:52:14,589 --> 00:52:13,130

profound states of union in

1144

00:52:16,809 --> 00:52:14,599

ayman and awakening and this was called

1145

00:52:19,660 --> 00:52:16,819

literally called the great work by the

1146

00:52:21,849 --> 00:52:19,670

alchemists so it's a long-standing

1147

00:52:23,620 --> 00:52:21,859

tradition that's really had to go

1148

00:52:29,740 --> 00:52:23,630

underground the last several thousand

1149

00:52:34,240 --> 00:52:29,750

years and is now emerging again wow I

1150

00:52:35,740 --> 00:52:34,250

feel so bloated I feel full when I was

1151

00:52:37,839 --> 00:52:35,750

in India as I was there for two weeks

1152

00:52:40,839 --> 00:52:37,849

and a week would have done it when I

1153

00:52:44,440 --> 00:52:40,849

left I was so impressed with information

1154

00:52:46,529 --> 00:52:44,450

I feel the same thing now we are slowly

1155

00:52:50,620 --> 00:52:46,539

but surely coming to the top of the hour

1156

00:52:52,839 --> 00:52:50,630

sadly Ezra give it to me man what do you

1157

00:52:56,859 --> 00:52:52,849

have give me some more about the quantum

1158

00:52:59,079 --> 00:52:56,869

birth field black holes and dark matter

1159

00:53:01,960 --> 00:52:59,089

that we can understand how this all

1160

00:53:03,789 --> 00:53:01,970

works together in other words what is it

1161

00:53:06,039 --> 00:53:03,799

that is important for us as the

1162

00:53:07,990 --> 00:53:06,049

listening audience to know that we can

1163

00:53:12,039 --> 00:53:08,000

use that would better our lives other

1164

00:53:15,430 --> 00:53:12,049

than just the wow factor of how grand

1165

00:53:17,410 --> 00:53:15,440

and magic majestic the University of how

1166

00:53:21,400 --> 00:53:17,420

does this play an important role in our

1167

00:53:23,410 --> 00:53:21,410

life so here's what I would say is that

1168

00:53:26,289 --> 00:53:23,420

each of us everyone who is listening to

1169

00:53:29,970 --> 00:53:26,299

this and this moment has the opportunity

1170

00:53:34,120 --> 00:53:29,980

and chance to rewrite their story to

1171

00:53:37,299 --> 00:53:34,130

rewrite their cosmology and to open into

1172

00:53:40,509 --> 00:53:37,309

a different reality and from this place

1173

00:53:43,539 --> 00:53:40,519

to birth new possibilities and that's

1174

00:53:45,579 --> 00:53:43,549

really what it's all about and so what

1175

00:53:49,630 --> 00:53:45,589

we're talking about really is re

1176
00:53:52,420 --> 00:53:49,640
enchancing the universe and I'm going to

1177
00:53:55,170 --> 00:53:52,430
share a little story with you and this

1178
00:53:58,210 --> 00:53:55,180
is a story from the kogi people of

1179
00:54:01,599 --> 00:53:58,220
Colombia who are featured in a beautiful

1180
00:54:02,950 --> 00:54:01,609
documentary movie called oh gosh from

1181
00:54:05,170 --> 00:54:02,960
the heart of the world I think it's the

1182
00:54:07,630 --> 00:54:05,180
name of it and so here is this is a

1183
00:54:10,539 --> 00:54:07,640
group of people indigenous people in

1184
00:54:14,049 --> 00:54:10,549
Colombia and South America who have one

1185
00:54:16,960 --> 00:54:14,059
of the most intact cosmologies that

1186
00:54:18,609 --> 00:54:16,970
really it encompasses all this and so

1187
00:54:21,819 --> 00:54:18,619
here's what they said here's their story

1188
00:54:25,309 --> 00:54:21,829

about how the universe worked in the

1189

00:54:27,890 --> 00:54:25,319

beginning there was blackness

1190

00:54:30,709 --> 00:54:27,900

only the great dark sea and the

1191

00:54:34,880 --> 00:54:30,719

beginning there were no plans and no

1192

00:54:38,689 --> 00:54:34,890

animals only the sea and the sea was the

1193

00:54:42,259 --> 00:54:38,699

mother she was not a person she was

1194

00:54:45,189 --> 00:54:42,269

nothing nothing at all but she was when

1195

00:54:51,430 --> 00:54:45,199

she was and she was that she was she was

1196

00:54:53,630 --> 00:54:51,440

memory and possibility she was a luna

1197

00:54:58,390 --> 00:54:53,640

the mother conceived the world in

1198

00:55:00,829 --> 00:54:58,400

darkness she conceived as his ideas

1199

00:55:03,140 --> 00:55:00,839

spinning us all in the story creating us

1200

00:55:07,910 --> 00:55:03,150

all in thought and then came to light

1201
00:55:11,689 --> 00:55:07,920
and the world was real and so this is

1202
00:55:14,630 --> 00:55:11,699
the creation story of the kogi and we

1203
00:55:21,499 --> 00:55:14,640
say look you go ahead I loved of the

1204
00:55:24,890 --> 00:55:21,509
contrast memory and possibility exactly

1205
00:55:28,640 --> 00:55:24,900
it's full circle Ed's full circle and so

1206
00:55:30,650 --> 00:55:28,650
those two words memory and possibility

1207
00:55:32,599 --> 00:55:30,660
is really what we're all doing here so

1208
00:55:35,269 --> 00:55:32,609
everyone who is listening to the show

1209
00:55:38,449 --> 00:55:35,279
was drawn here for some reason and that

1210
00:55:40,609 --> 00:55:38,459
reason is to remember something so all

1211
00:55:43,039 --> 00:55:40,619
of these ideas and concepts they're not

1212
00:55:45,229 --> 00:55:43,049
something that's outside of us there's

1213
00:55:47,989 --> 00:55:45,239

something that we can access and we can

1214

00:55:50,959 --> 00:55:47,999

know deep within us we can remember this

1215

00:55:54,049 --> 00:55:50,969

because we all have access to this

1216

00:55:56,029 --> 00:55:54,059

incredible cosmic library of the the

1217

00:55:59,390 --> 00:55:56,039

Akashic field or the quantum birthing

1218

00:56:00,890 --> 00:55:59,400

field that exists within us so we've

1219

00:56:04,099 --> 00:56:00,900

come here to remember and we've come

1220

00:56:06,529 --> 00:56:04,109

here to to open to new possibilities and

1221

00:56:08,120 --> 00:56:06,539

and really that's that's what we're

1222

00:56:10,849 --> 00:56:08,130

doing that's what it's all about what

1223

00:56:14,029 --> 00:56:10,859

I'm left with in this moment is other

1224

00:56:17,479 --> 00:56:14,039

than bliss and this high-energy buzz

1225

00:56:20,539 --> 00:56:17,489

literally going through my body is what

1226
00:56:26,089 --> 00:56:20,549
happened to me shortly ago was the

1227
00:56:28,969 --> 00:56:26,099
realization that you know where of the

1228
00:56:31,489 --> 00:56:28,979
perspective that we're here and the

1229
00:56:34,279 --> 00:56:31,499
cosmos is there what this is truly

1230
00:56:36,829 --> 00:56:34,289
anchored within me is that though I've

1231
00:56:39,050 --> 00:56:36,839
always known it but I'm feeling it is

1232
00:56:41,720 --> 00:56:39,060
tangible it's palpable for me now

1233
00:56:48,200 --> 00:56:41,730
is that it is us and when we begin to

1234
00:56:50,840 --> 00:56:48,210
think feel be from the ratio from the

1235
00:56:54,440 --> 00:56:50,850
broadness from the perspective of such

1236
00:56:56,120 --> 00:56:54,450
grandeur and majesty we can make a

1237
00:56:58,640 --> 00:56:56,130
really profound difference not only

1238
00:57:01,730 --> 00:56:58,650

within ourselves for ourselves but for

1239

00:57:03,620 --> 00:57:01,740

the entire world in this entire galaxy

1240

00:57:06,500 --> 00:57:03,630

info and and so forth and so on and

1241

00:57:09,260 --> 00:57:06,510

begin the feedback curving within the

1242

00:57:12,800 --> 00:57:09,270

self the cosmic self through the

1243

00:57:17,570 --> 00:57:12,810

individual self the expansion that takes

1244

00:57:22,130 --> 00:57:17,580

place it's just amazing absolutely

1245

00:57:25,040 --> 00:57:22,140

absolutely so what if it was true that

1246

00:57:27,500 --> 00:57:25,050

once upon a time the indigenous elders

1247

00:57:29,870 --> 00:57:27,510

in Dreamtime wisdom keepers knew the

1248

00:57:31,730 --> 00:57:29,880

minds of plans the songs of wales knew

1249

00:57:34,760 --> 00:57:31,740

the dreaming of gaia and the message of

1250

00:57:36,740 --> 00:57:34,770

the stars and knew that our cosmos was

1251

00:57:39,560 --> 00:57:36,750

birthed from the fertile belly of

1252

00:57:42,140 --> 00:57:39,570

another cosmos wombs nested within wombs

1253

00:57:44,660 --> 00:57:42,150

nested within wombs like Russian dolls

1254

00:57:47,360 --> 00:57:44,670

what if it is true that our ancient

1255

00:57:50,420 --> 00:57:47,370

mothers and fathers the wild shamanic

1256

00:57:53,870 --> 00:57:50,430

psychonauts an original scientist of

1257

00:57:55,910 --> 00:57:53,880

unconscious mind directly perceived what

1258

00:57:57,890 --> 00:57:55,920

is invisible to us now that they knew

1259

00:58:00,800 --> 00:57:57,900

the universe to be a great womb a cosmic

1260

00:58:04,400 --> 00:58:00,810

mother a vast birther pregnant with

1261

00:58:07,370 --> 00:58:04,410

infinite possibilities a dark faceless

1262

00:58:10,220 --> 00:58:07,380

void but not an empty one rather a

1263

00:58:12,170 --> 00:58:10,230

plenum than a vacuum of fullness more

1264

00:58:17,450 --> 00:58:12,180

than an emptiness humming with the

1265

00:58:20,150 --> 00:58:17,460

frequencies and music of love center of

1266

00:58:22,460 --> 00:58:20,160

light radio audience mr. Ezra Bertrand

1267

00:58:24,050 --> 00:58:22,470

here tonight on the show as room thank

1268

00:58:26,150 --> 00:58:24,060

you for the Enlightenment the

1269

00:58:28,880 --> 00:58:26,160

fulfillment the bliss and the electrical

1270

00:58:31,520 --> 00:58:28,890

charge you are welcome here anytime sir

1271

00:58:34,280 --> 00:58:31,530

Thank You Keith would you give out your

1272

00:58:37,850 --> 00:58:34,290

contact information once again sir yet

1273

00:58:42,050 --> 00:58:37,860

to reach me go to ww the Fountain of

1274

00:58:44,780 --> 00:58:42,060

Life org again my dear friend please

1275

00:58:46,670 --> 00:58:44,790

tell Syrian hello for me and have a

1276

00:58:50,300 --> 00:58:46,680

wonderful evening okay Thank You Keith

1277

00:58:51,930 --> 00:58:50,310

Thank You everyone as a rubber tree and

1278

00:58:55,050 --> 00:58:51,940

what a phenom

1279

00:58:57,660 --> 00:58:55,060

no show I think I'm probably gonna have

1280

00:58:59,580 --> 00:58:57,670

a a soul excursion tonight from all this

1281

00:59:03,510 --> 00:58:59,590

energy that's laden with hit me yet

1282

00:59:05,700 --> 00:59:03,520

right now next week how you like this

1283

00:59:09,900 --> 00:59:05,710

talk about alignment next week my guess

1284

00:59:11,430 --> 00:59:09,910

is going to be John Robinson dr. John

1285

00:59:15,870 --> 00:59:11,440

Robinson and we're going to be talking

1286

00:59:19,590 --> 00:59:15,880

about the magic and the grace of aging I

1287

00:59:22,890 --> 00:59:19,600

interviewed this gentleman last year it

1288

00:59:24,870 --> 00:59:22,900

was just truly amazing to me how if

1289

00:59:26,280 --> 00:59:24,880

since you were here tonight if you

1290

00:59:29,880 --> 00:59:26,290

definitely please come back next week

1291

00:59:31,860 --> 00:59:29,890

you will see the parallel between these

1292

00:59:34,140 --> 00:59:31,870

two shows been in a very different way

1293

00:59:35,940 --> 00:59:34,150

and hopefully the knowledge that you

1294

00:59:39,660 --> 00:59:35,950

gleaned from listening to this show is

1295

00:59:41,460 --> 00:59:39,670

going to expand you forevermore also

1296

00:59:44,070 --> 00:59:41,470

remember in a few weeks in August

1297

00:59:46,740 --> 00:59:44,080

mid-august Swansea viswa yogi is going

1298

00:59:48,180 --> 00:59:46,750

to be here God realized man maybe we can

1299

00:59:49,680 --> 00:59:48,190

play with some of these ideas as well

1300

00:59:51,720 --> 00:59:49,690

and he can actually feel in some of the

1301

00:59:54,830 --> 00:59:51,730

other gaps one that would they be

1302

00:59:57,960 --> 00:59:54,840

amazing to ask a godly lot realized man

1303

00:59:59,700 --> 00:59:57,970

to fill in some of the dark matter the

1304

01:00:01,500 --> 00:59:59,710

empty space of the conversation that

1305

01:00:04,260 --> 01:00:01,510

took place here tonight on center of

1306

01:00:05,520 --> 01:00:04,270

light radio I appreciate you all tell

1307

01:00:07,200 --> 01:00:05,530

those that you love those that you

1308

01:00:10,140 --> 01:00:07,210

really care about about sooner of light

1309

01:00:13,050 --> 01:00:10,150

radio here every Monday night 6 p.m.

1310

01:00:14,970 --> 01:00:13,060

eastern daylight time remember when you

1311

01:00:17,040 --> 01:00:14,980

lay down at night you have nothing to do

1312

01:00:24,060 --> 01:00:17,050

you might as well be doing something so

1313

01:00:26,790 --> 01:00:24,070

breathe that desiring breath for God for

1314

01:00:28,440 --> 01:00:26,800

yourself that which makes the most sense

1315

01:00:30,300 --> 01:00:28,450

to you that which makes you blister

1316

01:00:32,370 --> 01:00:30,310

breathe from that perspective watch what

1317

01:00:35,370 --> 01:00:32,380

happens to not only your sleep but to

1318

01:00:38,850 --> 01:00:35,380

your life again my name is Keith Anthony

1319

01:00:40,740 --> 01:00:38,860

blanchard center of light radio always

1320

01:00:57,520 --> 01:00:40,750

remember to spread the light and ease
