00:00:16,070 --> 00:00:03,290  
you're listening to Ira the inception

2  
00:00:19,730 --> 00:00:16,080  
radio network Chicago Illinois you're

3  
00:00:25,370 --> 00:00:19,740  
listening to I RN 2014 orders own

4  
00:00:27,710 --> 00:00:25,380  
international yoga conference dr. Javier

5  
00:00:30,890 --> 00:00:27,720  
Morales was born in Chihuahua city and

6  
00:00:33,080 --> 00:00:30,900  
raised in Odessa Texas he raised his

7  
00:00:36,020 --> 00:00:33,090  
faces his family roots to the tiny

8  
00:00:38,540 --> 00:00:36,030  
community to my an hour's drive from

9  
00:00:41,090 --> 00:00:38,550  
here the author spent more than a decade

10  
00:00:45,529 --> 00:00:41,100  
researching the history of the kill me

11  
00:00:48,830 --> 00:00:45,539  
area cultivating in 2012 publication of

12  
00:00:51,920 --> 00:00:48,840  
his book kagami history of the American

13  
00:00:54,170 --> 00:00:51,930

settler his landmark book includes a

14

00:00:56,930 --> 00:00:54,180

chapter title unexplained phenomenon

15

00:01:01,279 --> 00:00:56,940

which covers the reported crash of a UFO

16

00:01:03,590 --> 00:01:01,289

near koyomi in 1974 as well as other

17

00:01:06,440 --> 00:01:03,600

paranormal incidents in the area about

18

00:01:08,780 --> 00:01:06,450

which he will speak this morning ladies

19

00:01:18,319 --> 00:01:08,790

and gentlemen please welcome dr. javier

20

00:01:23,700 --> 00:01:22,289

thanks everybody for coming the I was at

21

00:01:25,649 --> 00:01:23,710

the hotel this morning with my laptop

22

00:01:28,139 --> 00:01:25,659

real excited with my beautiful pictures

23

00:01:29,910 --> 00:01:28,149

on my powerpoint and some message showed

24

00:01:32,700 --> 00:01:29,920

up file corrupted I don't know what that

25

00:01:34,950 --> 00:01:32,710

means but it did not want to work this

26  
00:01:38,850 --> 00:01:34,960  
morning maybe it's part of that border

27  
00:01:40,710 --> 00:01:38,860  
border energy out here thank you for

28  
00:01:44,669 --> 00:01:40,720  
having me i want to thank the city of

29  
00:01:45,779 --> 00:01:44,679  
Presidio and most of all Brad for

30  
00:01:48,690 --> 00:01:45,789  
inviting us and putting this event

31  
00:01:51,800 --> 00:01:48,700  
together this is great I am I have you

32  
00:01:56,029 --> 00:01:51,810  
know have real long hundreds of years of

33  
00:01:58,620 --> 00:01:56,039  
blood ties to this area and so

34  
00:02:01,380 --> 00:01:58,630  
unexplained phenomena ins and paranormal

35  
00:02:03,930 --> 00:02:01,390  
that's always been at our dinner tables

36  
00:02:05,910 --> 00:02:03,940  
when we were eating dinner in you know

37  
00:02:07,559 --> 00:02:05,920  
grandparents great-grandparents

38  
00:02:09,539 --> 00:02:07,569

everything they would mention to us and

39

00:02:12,180 --> 00:02:09,549

so that's nothing new to this the people

40

00:02:14,850 --> 00:02:12,190

of this area today what I'm going to do

41

00:02:21,710 --> 00:02:14,860

is I'm going to be a small footnote in

42

00:02:24,210 --> 00:02:21,720

the lecture series the true UFO go yama

43

00:02:26,039 --> 00:02:24,220

incident research will will definitely

44

00:02:28,740 --> 00:02:26,049

give you more details and that research

45

00:02:30,479 --> 00:02:28,750

is ongoing so that's great great for

46

00:02:33,120 --> 00:02:30,489

everybody here that it's a pretty neat

47

00:02:34,830 --> 00:02:33,130

pretty neat thing and but I'm going to

48

00:02:36,750 --> 00:02:34,840

just talk to you a bit about cuyama and

49

00:02:39,110 --> 00:02:36,760

be the background information to when

50

00:02:42,870 --> 00:02:39,120

they do talk about the actual incident

51  
00:02:46,229 --> 00:02:42,880  
the we're not when I went off to be an

52  
00:02:49,289 --> 00:02:46,239  
eye doctor I went to Puerto Rico I'm

53  
00:02:51,180 --> 00:02:49,299  
originally raised in Odessa Texas when I

54  
00:02:52,380 --> 00:02:51,190  
went to Puerto Rico I you know I was a

55  
00:02:56,120 --> 00:02:52,390  
little different than everybody else

56  
00:02:59,039 --> 00:02:56,130  
there I was you know Texan Texican and

57  
00:03:01,470 --> 00:02:59,049  
so I kind of got a little homesick and

58  
00:03:03,930 --> 00:03:01,480  
started you know understand that I was

59  
00:03:06,990 --> 00:03:03,940  
different but in a way it was ok because

60  
00:03:08,160 --> 00:03:07,000  
and so I started doing research on where

61  
00:03:11,099 --> 00:03:08,170  
I came from I didn't know where I came

62  
00:03:13,110 --> 00:03:11,109  
from where my family came from and over

63  
00:03:15,180 --> 00:03:13,120

10 years I ended up being the kind of

64

00:03:17,330 --> 00:03:15,190

the one of the experts of the of this

65

00:03:20,640 --> 00:03:17,340

area on the history of this area and

66

00:03:25,020 --> 00:03:20,650

many people including one researcher

67

00:03:28,830 --> 00:03:25,030

from Los Angeles her name is she just

68

00:03:30,110 --> 00:03:28,840

passed away elisa Lujan she was a big La

69

00:03:32,190 --> 00:03:30,120

Junta

70

00:03:34,200 --> 00:03:32,200

researcher she gave me the idea to do

71

00:03:35,970 --> 00:03:34,210

the book and so I did a book about the

72

00:03:37,530 --> 00:03:35,980

history of this area it's not really

73

00:03:40,020 --> 00:03:37,540

just about cuyama is just mainly about

74

00:03:41,940 --> 00:03:40,030

the border and the people here and so

75

00:03:44,820 --> 00:03:41,950

I'm going to give you that information

76  
00:03:46,980 --> 00:03:44,830  
I've found and with that information you

77  
00:03:50,310 --> 00:03:46,990  
will understand how the people of this

78  
00:03:55,080 --> 00:03:50,320  
area interacted with you know paranormal

79  
00:03:57,420 --> 00:03:55,090  
stuff and and unexplained things as we

80  
00:04:00,949 --> 00:03:57,430  
know Native Americans have been here for

81  
00:04:03,420 --> 00:04:00,959  
a long time written records show them

82  
00:04:06,990 --> 00:04:03,430  
being approached by Europeans around

83  
00:04:09,780 --> 00:04:07,000  
1500 in this area you can imagine the

84  
00:04:12,300 --> 00:04:09,790  
valor and the incredible tenacity of

85  
00:04:15,750 --> 00:04:12,310  
these missionaries on a little burrow or

86  
00:04:17,849 --> 00:04:15,760  
you know sometimes walking just walk you

87  
00:04:19,400 --> 00:04:17,859  
know just document in all the villages

88  
00:04:21,810 --> 00:04:19,410

they found out here and all the natives

89

00:04:23,580 --> 00:04:21,820

so around 1500 you have some

90

00:04:26,250 --> 00:04:23,590

missionaries walking through here and

91

00:04:31,080 --> 00:04:26,260

finding a lot of native tribes in this

92

00:04:32,970 --> 00:04:31,090

area with once that happened in Santa

93

00:04:35,820 --> 00:04:32,980

Barbara which is the southern tip of

94

00:04:38,700 --> 00:04:35,830

Chihuahua state you have mines being

95

00:04:40,110 --> 00:04:38,710

discovered there a lot of minerals you

96

00:04:42,630 --> 00:04:40,120

know that's going to be important in the

97

00:04:45,570 --> 00:04:42,640

future of why maybe there's UFOs in this

98

00:04:47,850 --> 00:04:45,580

sightings in this area well when the

99

00:04:49,890 --> 00:04:47,860

mines were discovered you know OSHA

100

00:04:52,920 --> 00:04:49,900

didn't exist and none of the safety that

101  
00:04:54,870 --> 00:04:52,930  
we see nowadays so humans were more you

102  
00:04:57,330 --> 00:04:54,880  
know pretty much you know a lot of them

103  
00:04:59,280 --> 00:04:57,340  
dying left and right in these minds and

104  
00:05:01,380 --> 00:04:59,290  
so they needed manpower and so you

105  
00:05:04,380 --> 00:05:01,390  
started having Spaniards coming in this

106  
00:05:08,310 --> 00:05:04,390  
area and taking the Indians as slaves in

107  
00:05:11,430 --> 00:05:08,320  
the 1500s and so a little later in on

108  
00:05:12,990 --> 00:05:11,440  
the 1600s you I think about 1680 you

109  
00:05:17,070 --> 00:05:13,000  
have a gentleman by name and juan cortez

110  
00:05:20,850 --> 00:05:17,080  
el rey he was a knight of the Spanish

111  
00:05:23,540 --> 00:05:20,860  
king he came out here and he ended up he

112  
00:05:26,430 --> 00:05:23,550  
was a part of the order of santiago and

113  
00:05:28,890 --> 00:05:26,440

he was one of the kind of bodyguards of

114

00:05:30,900 --> 00:05:28,900

this king of spain and he arrived out

115

00:05:32,670 --> 00:05:30,910

here and as you know the I think Fort

116

00:05:35,510 --> 00:05:32,680

Leaton was called Santiago it was a

117

00:05:38,850 --> 00:05:35,520

maybe a mission back in that time period

118

00:05:42,380 --> 00:05:38,860

anyway he he ended up settling he

119

00:05:45,440 --> 00:05:42,390

settles in in an area 40 miles from here

120

00:05:47,300 --> 00:05:45,450

and when he arrives it's all desert and

121

00:05:51,020 --> 00:05:47,310

then you have this value with lucious

122

00:05:53,420 --> 00:05:51,030

you know trees and a natural spring

123

00:05:54,590 --> 00:05:53,430

there everybody can hear me okay I'm

124

00:05:57,230 --> 00:05:54,600

trying to pull back the bus you don't

125

00:05:58,730 --> 00:05:57,240

get that air co effect anyway he he

126

00:06:02,600 --> 00:05:58,740

arrives there and he brings his wife

127

00:06:04,910 --> 00:06:02,610

there in that in the area he finds a

128

00:06:08,200 --> 00:06:04,920

tribe which he calls the Chilam a tribe

129

00:06:11,270 --> 00:06:08,210

and the leader of the tribe he names

130

00:06:13,700 --> 00:06:11,280

undress giving him a Spanish name in his

131

00:06:18,800 --> 00:06:13,710

last name which the the the chief of the

132

00:06:21,470 --> 00:06:18,810

tribe he said was the chief said was go

133

00:06:24,170 --> 00:06:21,480

young man well the Spaniards ended up

134

00:06:26,030 --> 00:06:24,180

konechno llame and so his name ends up

135

00:06:30,020 --> 00:06:26,040

being chief on Driscoll llame and this

136

00:06:31,970 --> 00:06:30,030

is 1680s well Chihuahua bit Chihuahua

137

00:06:34,160 --> 00:06:31,980

ends up finding some minds to our city

138

00:06:37,570 --> 00:06:34,170

ends up finding some minds as well some

139

00:06:40,250 --> 00:06:37,580

gold and silver mines they end up being

140

00:06:41,840 --> 00:06:40,260

established in a city there well then

141

00:06:45,170 --> 00:06:41,850

from there you have another gentleman

142

00:06:47,870 --> 00:06:45,180

comes out his name is Tasmania troz

143

00:06:50,510 --> 00:06:47,880

vinya is read this which if you go to

144

00:06:52,250 --> 00:06:50,520

chalky Naga across the river the main

145

00:06:54,230 --> 00:06:52,260

street there is called as vania and

146

00:06:58,160 --> 00:06:54,240

that's why it's called that way he comes

147

00:07:00,260 --> 00:06:58,170

in about 17 15 he comes on with you know

148

00:07:02,900 --> 00:07:00,270

those those types of expeditions they

149

00:07:04,430 --> 00:07:02,910

would bring other their ice chests with

150

00:07:06,380 --> 00:07:04,440

them which was like three hundred head

151  
00:07:08,510 --> 00:07:06,390  
of cows you know the cattle they'd bring

152  
00:07:10,220 --> 00:07:08,520  
with and that was their ice chest and so

153  
00:07:12,170 --> 00:07:10,230  
anyway he comes down to this area and he

154  
00:07:15,980 --> 00:07:12,180  
actually officially establishes this

155  
00:07:18,140 --> 00:07:15,990  
area that was 17 15 okay and so that's

156  
00:07:21,350 --> 00:07:18,150  
when the official name of kilometer town

157  
00:07:24,590 --> 00:07:21,360  
is actually established they do it they

158  
00:07:28,310 --> 00:07:24,600  
make it they make a mission there the

159  
00:07:30,530 --> 00:07:28,320  
the tribe and ten families arrive okay

160  
00:07:31,850 --> 00:07:30,540  
if you go to Fort Leaton in their little

161  
00:07:34,250 --> 00:07:31,860  
exhibition hall there's a picture of

162  
00:07:36,950 --> 00:07:34,260  
that church in there I saw it last night

163  
00:07:38,630 --> 00:07:36,960

I was kind of surprised anyway those ten

164

00:07:40,910 --> 00:07:38,640

families arrived and as you know when

165

00:07:43,130 --> 00:07:40,920

they arrived there was a tribe there the

166

00:07:44,690 --> 00:07:43,140

cholo matrai which I just mentioned well

167

00:07:47,690 --> 00:07:44,700

then you have the mixing of the two

168

00:07:48,920 --> 00:07:47,700

cultures which are similar you know

169

00:07:53,420 --> 00:07:48,930

they're different but they're similar

170

00:07:56,690 --> 00:07:53,430

one of the things that is similar is the

171

00:07:59,210 --> 00:07:56,700

witches as you know the Spanish they had

172

00:08:00,800 --> 00:07:59,220

the Inquisition which they burn witches

173

00:08:02,660 --> 00:08:00,810

at the stake you know if they found

174

00:08:05,150 --> 00:08:02,670

there was witches but when you have

175

00:08:06,830 --> 00:08:05,160

these people in this you know if just

176

00:08:08,480 --> 00:08:06,840

kind of pics yourself go outside right

177

00:08:11,330 --> 00:08:08,490

here and just look around imagine those

178

00:08:14,270 --> 00:08:11,340

in the you know 17 15 and look at this

179

00:08:16,280 --> 00:08:14,280

right now you're isolated you break your

180

00:08:18,530 --> 00:08:16,290

leg you're in trouble in procedure you

181

00:08:20,720 --> 00:08:18,540

know you have a major car accident out

182

00:08:24,080 --> 00:08:20,730

here you're in trouble go deeper into

183

00:08:26,810 --> 00:08:24,090

big bin Park break your leg in there no

184

00:08:28,730 --> 00:08:26,820

self sir no sales signal you know who

185

00:08:34,340 --> 00:08:28,740

you're going to call you know so imagine

186

00:08:39,800 --> 00:08:34,350

in 1715 out here all they had was their

187

00:08:42,290 --> 00:08:39,810

customs Curran data's which is a name is

188

00:08:44,750 --> 00:08:42,300

a name for a good witch then you have

189

00:08:47,300 --> 00:08:44,760

the bad witches and so you have a lot of

190

00:08:50,870 --> 00:08:47,310

sorcery which was all they had as

191

00:08:52,700 --> 00:08:50,880

medicine you know somebody got sick they

192

00:08:54,470 --> 00:08:52,710

had to get explained what was wrong with

193

00:08:58,970 --> 00:08:54,480

that person and so in those days there

194

00:09:00,440 --> 00:08:58,980

was no doctors you know and and so you

195

00:09:02,480 --> 00:09:00,450

have to understand that clash of the

196

00:09:05,420 --> 00:09:02,490

cultures was ended up being a new

197

00:09:10,280 --> 00:09:05,430

culture and so when they were out here

198

00:09:13,070 --> 00:09:10,290

they had to explain the unexplained and

199

00:09:15,110 --> 00:09:13,080

so one of the things that even in this

200

00:09:16,820 --> 00:09:15,120

you know when I was growing up and we

201  
00:09:21,770 --> 00:09:16,830  
would hear stories from my grandparents

202  
00:09:24,500 --> 00:09:21,780  
was if you ever saw a white owl that was

203  
00:09:27,410 --> 00:09:24,510  
a witch disguised as an owl you know

204  
00:09:33,950 --> 00:09:27,420  
that could come from Spanish culture or

205  
00:09:36,350 --> 00:09:33,960  
Indian culture the another thing is the

206  
00:09:37,910 --> 00:09:36,360  
remedies people would have was native

207  
00:09:40,580 --> 00:09:37,920  
american and spanish you know that's

208  
00:09:43,570 --> 00:09:40,590  
that was very important to them healing

209  
00:09:46,400 --> 00:09:43,580  
and and so in any way you have the

210  
00:09:48,710 --> 00:09:46,410  
mixing other cultures then it then

211  
00:09:51,560 --> 00:09:48,720  
borders start changing out here you know

212  
00:09:53,390 --> 00:09:51,570  
it was spanish government and it became

213  
00:09:55,130 --> 00:09:53,400

you know Mexican government and

214

00:09:59,270 --> 00:09:55,140

eventually United States government and

215

00:10:01,910 --> 00:09:59,280

so the original settlers were soldiers

216

00:10:05,180 --> 00:10:01,920

that arrived those ten families later

217

00:10:06,410 --> 00:10:05,190

more people came but this isolation is

218

00:10:09,440 --> 00:10:06,420

very unique

219

00:10:11,210 --> 00:10:09,450

and amazing that we even have ends you

220

00:10:13,250 --> 00:10:11,220

know descendants from host people

221

00:10:16,610 --> 00:10:13,260

because they survived they survived out

222

00:10:19,220 --> 00:10:16,620

here and they you know they if the land

223

00:10:21,889 --> 00:10:19,230

didn't kill him the desert out here the

224

00:10:26,509 --> 00:10:21,899

Indians did you know all the way to from

225

00:10:29,569 --> 00:10:26,519

the 1500s to the 1880s constant Indian

226  
00:10:32,360 --> 00:10:29,579  
attacks constantly being killed you know

227  
00:10:38,030 --> 00:10:32,370  
as a historian one thing that fascinates

228  
00:10:40,850 --> 00:10:38,040  
me is a gentleman captain Ronquillo he

229  
00:10:43,759 --> 00:10:40,860  
was the original land grant owner of

230  
00:10:45,379 --> 00:10:43,769  
this area and I was reading the diary of

231  
00:10:47,870 --> 00:10:45,389  
one of his soldiers the other day

232  
00:10:49,460 --> 00:10:47,880  
somebody got me and that they found here

233  
00:10:51,949 --> 00:10:49,470  
in Presidio and one of the things that

234  
00:10:54,410 --> 00:10:51,959  
was interesting was when he had a young

235  
00:10:56,139 --> 00:10:54,420  
family arrived here they would go out

236  
00:11:00,350 --> 00:10:56,149  
and start building their little one-room

237  
00:11:02,810 --> 00:11:00,360  
adobe house young family you know small

238  
00:11:07,329 --> 00:11:02,820

kids and instantly they would get a

239

00:11:10,009 --> 00:11:07,339

report to dr. to Capitan Ronquillo sir

240

00:11:12,410 --> 00:11:10,019

remember the so-and-so family that

241

00:11:15,380 --> 00:11:12,420

arrived here three months ago they just

242

00:11:17,660 --> 00:11:15,390

killed the husband and the wife and they

243

00:11:19,790 --> 00:11:17,670

kidnapped the kids the Comanches or the

244

00:11:21,740 --> 00:11:19,800

Apaches and there he goes he would load

245

00:11:23,900 --> 00:11:21,750

up at ten o'clock at night I mean you

246

00:11:25,460 --> 00:11:23,910

know how dark it is out here he would

247

00:11:27,860 --> 00:11:25,470

load up his Calvary at ten o'clock at

248

00:11:30,470 --> 00:11:27,870

night go look for those Indians report

249

00:11:33,949 --> 00:11:30,480

after report after report you know in

250

00:11:35,840 --> 00:11:33,959

the 1700s that that's what they did that

251  
00:11:38,389 --> 00:11:35,850  
was their job the Calvary soldiers

252  
00:11:40,100 --> 00:11:38,399  
imagine trying to run a horse through

253  
00:11:42,110 --> 00:11:40,110  
those mountains in the middle of night

254  
00:11:43,850 --> 00:11:42,120  
with no moon imagine how tough that

255  
00:11:48,019 --> 00:11:43,860  
would be on the horse on the you know

256  
00:11:50,530 --> 00:11:48,029  
and and so you know it it's amazing to

257  
00:11:53,059 --> 00:11:50,540  
me that the history of that with that

258  
00:11:55,939 --> 00:11:53,069  
that gives you a little bit of history

259  
00:12:02,629 --> 00:11:55,949  
of why the people on the border here or

260  
00:12:05,629 --> 00:12:02,639  
like they are that I you know that the

261  
00:12:08,059 --> 00:12:05,639  
term you know pioneer stock have you

262  
00:12:10,970 --> 00:12:08,069  
ever heard that where it's just so tough

263  
00:12:13,579 --> 00:12:10,980

that nothing nothing ever you know makes

264

00:12:15,860 --> 00:12:13,589

them complain about anything and so

265

00:12:18,800 --> 00:12:15,870

that's that's what you know the culture

266

00:12:24,080 --> 00:12:18,810

here and and and my descendants my

267

00:12:25,519 --> 00:12:24,090

my furthest back is jose morales and he

268

00:12:28,190 --> 00:12:25,529

was a Calvary soldiers arrived in

269

00:12:31,180 --> 00:12:28,200

qayamat you know with with that group I

270

00:12:35,990 --> 00:12:31,190

a year after they built that church in

271

00:12:38,540 --> 00:12:36,000

1715 it probably took ten years to build

272

00:12:40,460 --> 00:12:38,550

it a year after that the Apache came in

273

00:12:42,140 --> 00:12:40,470

and killed everybody and burned the

274

00:12:43,970 --> 00:12:42,150

church down and so it was abandoned for

275

00:12:46,910 --> 00:12:43,980

a long time it was probably rebuilt

276

00:12:50,120 --> 00:12:46,920

behind them you know probably made to

277

00:12:53,240 --> 00:12:50,130

you know mid 1770s around there it was

278

00:12:54,860 --> 00:12:53,250

rebuilt there's no true you know written

279

00:12:56,600 --> 00:12:54,870

report but it was when it was rebuilt at

280

00:12:59,269 --> 00:12:56,610

Calvary arrived the Spanish Calvary and

281

00:13:01,670 --> 00:12:59,279

they never burned it down again okay so

282

00:13:04,820 --> 00:13:01,680

they were able to fend off the Apache

283

00:13:06,560 --> 00:13:04,830

and in eighteen eighty the that same

284

00:13:08,360 --> 00:13:06,570

group of soldiers that future

285

00:13:11,090 --> 00:13:08,370

generations ended up killing the last

286

00:13:14,150 --> 00:13:11,100

Apache chief Victoria there in co yeah

287

00:13:16,780 --> 00:13:14,160

me and they the rest of the patches were

288

00:13:20,810 --> 00:13:16,790

put in reservations in the United States

289

00:13:22,310 --> 00:13:20,820

1880 and so that's a little history of

290

00:13:25,700 --> 00:13:22,320

koyama that's kind of why I was your

291

00:13:28,640 --> 00:13:25,710

speaker tonight so today so when the

292

00:13:29,870 --> 00:13:28,650

true UFO enthusiast researchers talk to

293

00:13:32,090 --> 00:13:29,880

you about cuyama you have an idea of

294

00:13:33,980 --> 00:13:32,100

where it is what it what it's like it's

295

00:13:35,810 --> 00:13:33,990

just kind of like here just kind of

296

00:13:37,610 --> 00:13:35,820

isolated but what you have in that

297

00:13:39,440 --> 00:13:37,620

little valley of work or llaman is it's

298

00:13:41,300 --> 00:13:39,450

just that there's a natural spring there

299

00:13:43,700 --> 00:13:41,310

that's been given water for hundreds of

300

00:13:45,320 --> 00:13:43,710

years right now they tapped into it and

301  
00:13:46,880 --> 00:13:45,330  
that's their actual water source and it

302  
00:13:50,630 --> 00:13:46,890  
hasn't run out and then the whole town

303  
00:13:53,570 --> 00:13:50,640  
lives off that water source and farming

304  
00:13:56,630 --> 00:13:53,580  
to the and so it's never run out that

305  
00:13:58,070 --> 00:13:56,640  
little spring and so what I'm going to

306  
00:14:00,260 --> 00:13:58,080  
do now that's the kind of the history of

307  
00:14:02,810 --> 00:14:00,270  
it what I'm going to mention to you now

308  
00:14:06,079 --> 00:14:02,820  
is some of the items they said I

309  
00:14:10,310 --> 00:14:06,089  
mentioned in my chapter qayamat

310  
00:14:11,990 --> 00:14:10,320  
phenomenons because that you know they

311  
00:14:17,000 --> 00:14:12,000  
might be tied into why there might have

312  
00:14:20,150 --> 00:14:17,010  
been a possible UFO crash in cuyama the

313  
00:14:23,090 --> 00:14:20,160

the most common thing people mentioned

314

00:14:25,310 --> 00:14:23,100

is when you ask them when you're there

315

00:14:27,140 --> 00:14:25,320

and you ask them have you ever seen

316

00:14:28,490 --> 00:14:27,150

anything weird here in co llame to them

317

00:14:30,350 --> 00:14:28,500

it's not weird anymore because they see

318

00:14:31,269 --> 00:14:30,360

it all the time they see stuff all the

319

00:14:36,069 --> 00:14:31,279

time

320

00:14:38,710 --> 00:14:36,079

and so the when I was doing my research

321

00:14:39,910 --> 00:14:38,720

on the book I would just ask people hey

322

00:14:41,530 --> 00:14:39,920

what do you want to contribute to the

323

00:14:43,059 --> 00:14:41,540

book and the number one thing was all

324

00:14:44,679 --> 00:14:43,069

this weird stuff we see all the time you

325

00:14:45,999 --> 00:14:44,689

know what can we can we talk about that

326

00:14:48,129 --> 00:14:46,009

just don't tell anybody I told you

327

00:14:50,590 --> 00:14:48,139

they're real you know their Christian

328

00:14:51,850 --> 00:14:50,600

beliefs you don't you don't makes those

329

00:14:54,340 --> 00:14:51,860

things you know you don't say you saw a

330

00:14:56,350 --> 00:14:54,350

UFO lanyard you know you're hardcore

331

00:14:58,410 --> 00:14:56,360

Catholic that doesn't they don't want

332

00:15:02,379 --> 00:14:58,420

public key people to know that and so

333

00:15:03,939 --> 00:15:02,389

the the one thing I'm going to tell you

334

00:15:06,759 --> 00:15:03,949

first is what my mom and grandma

335

00:15:08,650 --> 00:15:06,769

personally saw my grandma is still to

336

00:15:11,170 --> 00:15:08,660

today she still covers her head to go

337

00:15:14,259 --> 00:15:11,180

into church she's very very traditional

338

00:15:16,569 --> 00:15:14,269

Catholic and she never has agreed or

339

00:15:19,720 --> 00:15:16,579

disagreed with the stories my mom saw in

340

00:15:22,119 --> 00:15:19,730

her presence and so I've never been able

341

00:15:24,189 --> 00:15:22,129

to to say grandma was that true cuz she

342

00:15:25,960 --> 00:15:24,199

never she never agrees with it she

343

00:15:29,519 --> 00:15:25,970

thinks that's bad that that's the devil

344

00:15:34,290 --> 00:15:29,529

stuffers you know and so the story was

345

00:15:37,749 --> 00:15:34,300

the the town before they had a plumbing

346

00:15:40,179 --> 00:15:37,759

they had they built a big like a little

347

00:15:41,949 --> 00:15:40,189

river little water canal all around the

348

00:15:45,129 --> 00:15:41,959

city and so the water would come out of

349

00:15:47,530 --> 00:15:45,139

that natural spring had come down into

350

00:15:49,119 --> 00:15:47,540

the the little canal and involved feet

351

00:15:50,439 --> 00:15:49,129

all the way around the town so if you

352

00:15:51,939 --> 00:15:50,449

need a water you'd have to walk all the

353

00:15:53,530 --> 00:15:51,949

way to the spring to get your pail of

354

00:15:55,960 --> 00:15:53,540

water you just grabbed it from the

355

00:15:57,160 --> 00:15:55,970

little canal so it was ten o'clock at

356

00:15:58,480 --> 00:15:57,170

night my grandma wanted to get a little

357

00:16:01,809 --> 00:15:58,490

bucket of water before they went to bed

358

00:16:04,269 --> 00:16:01,819

and so my mom and her my mom was like 11

359

00:16:05,679 --> 00:16:04,279

she got you know she said here come with

360

00:16:07,540 --> 00:16:05,689

me honey I'm gonna go get some water and

361

00:16:10,809 --> 00:16:07,550

so they both walked out of the house and

362

00:16:12,100 --> 00:16:10,819

we're walking towards the canal and as

363

00:16:14,199 --> 00:16:12,110

they were walking my grandma was walking

364

00:16:15,819 --> 00:16:14,209

a lot faster than my my mom and my mom

365

00:16:20,490 --> 00:16:15,829

just kind of heard a noise and she

366

00:16:24,400 --> 00:16:20,500

looked over and she saw a human body

367

00:16:27,059 --> 00:16:24,410

coming towards them and so she says hey

368

00:16:29,259 --> 00:16:27,069

mom there's a man coming towards us and

369

00:16:30,340 --> 00:16:29,269

then my grandma just kept walking and

370

00:16:32,530 --> 00:16:30,350

she's like her hairy we just got to get

371

00:16:34,989 --> 00:16:32,540

the bucket and then she said mom that

372

00:16:37,840 --> 00:16:34,999

guy's coming right at us and so when my

373

00:16:42,569 --> 00:16:37,850

mom looked again she noticed the human

374

00:16:44,939 --> 00:16:42,579

body was actually hovering towards them

375

00:16:49,799 --> 00:16:44,949

it was not walking like a human it was

376

00:16:51,720 --> 00:16:49,809

just hovering towards them and so my she

377

00:16:54,900 --> 00:16:51,730

also noted that the head was not like a

378

00:16:56,729 --> 00:16:54,910

normal head with the neck it was like no

379

00:16:58,259 --> 00:16:56,739

neck was present it was like the head

380

00:17:00,539 --> 00:16:58,269

was just laying on top of the shoulders

381

00:17:03,179 --> 00:17:00,549

kind of if you think about it kinda like

382

00:17:05,100 --> 00:17:03,189

an astronaut suit if you think about it

383

00:17:07,230 --> 00:17:05,110

like the helmet on the astronaut just

384

00:17:08,730 --> 00:17:07,240

goes round and then it lands on the so

385

00:17:12,299 --> 00:17:08,740

it's coming right at them and my mom

386

00:17:14,939 --> 00:17:12,309

goes mom this guy's feet aren't touching

387

00:17:17,279 --> 00:17:14,949

the ground and he doesn't have a head or

388

00:17:19,710 --> 00:17:17,289

something's wrong with him and so my

389

00:17:22,949 --> 00:17:19,720

grandma stops looks at the man he's

390

00:17:24,809 --> 00:17:22,959

approaching them turns around grabs my

391

00:17:27,449 --> 00:17:24,819

mom and goes right back home with no

392

00:17:30,210 --> 00:17:27,459

water for the evening that's it that's

393

00:17:31,860 --> 00:17:30,220

the story well after I I you know and

394

00:17:33,840 --> 00:17:31,870

last year I was invited here I did some

395

00:17:36,330 --> 00:17:33,850

research well that's really common in

396

00:17:39,419 --> 00:17:36,340

the UFO enthusiast is hovering humanoid

397

00:17:41,399 --> 00:17:39,429

figures as I wow I didn't ever know that

398

00:17:43,590 --> 00:17:41,409

and there was one in koyama walking

399

00:17:46,680 --> 00:17:43,600

through through town at night you know

400

00:17:50,250 --> 00:17:46,690

and so that's the story that my mom

401  
00:17:53,430 --> 00:17:50,260  
claims i'm positive what I saw you know

402  
00:17:55,379 --> 00:17:53,440  
I just continue here and me you and you

403  
00:17:58,139 --> 00:17:55,389  
know just between us at the dinner table

404  
00:17:59,850 --> 00:17:58,149  
don't tell anybody you know and and my

405  
00:18:01,320 --> 00:17:59,860  
grandma has never claimed that she saw

406  
00:18:05,250 --> 00:18:01,330  
it or didn't see it you know she a

407  
00:18:06,840 --> 00:18:05,260  
vaster 250 times grandma tell me and

408  
00:18:08,279 --> 00:18:06,850  
she's like I don't know what your mom's

409  
00:18:10,169 --> 00:18:08,289  
talking about I we just went to get

410  
00:18:11,430 --> 00:18:10,179  
water that night but my grandma but you

411  
00:18:13,740 --> 00:18:11,440  
didn't get any water why don't you get

412  
00:18:17,610 --> 00:18:13,750  
any water so anyway that's pretty neat

413  
00:18:19,830 --> 00:18:17,620

little story ok the other thing my mom

414

00:18:22,110 --> 00:18:19,840

has claimed she's seen in common many

415

00:18:24,539 --> 00:18:22,120

many times is some unique phenomenon

416

00:18:27,450 --> 00:18:24,549

which are called cut they call in the

417

00:18:29,700 --> 00:18:27,460

locals balls of fire and so they would

418

00:18:33,539 --> 00:18:29,710

see these balls of fire on top of

419

00:18:35,220 --> 00:18:33,549

cottonwood trees near the creek or the

420

00:18:38,279 --> 00:18:35,230

river they were always the other creek

421

00:18:39,960 --> 00:18:38,289

or the river and so you would always ask

422

00:18:42,409 --> 00:18:39,970

the locals what is that what do y'all

423

00:18:45,240 --> 00:18:42,419

think it is and they're like well it's

424

00:18:46,560 --> 00:18:45,250

witches when witches want to fly they

425

00:18:48,720 --> 00:18:46,570

turn into balls of fire and then they

426

00:18:50,610 --> 00:18:48,730

Phi when witches want to play they go

427

00:18:51,779 --> 00:18:50,620

and jump on top of tree cottonwood trees

428

00:18:53,549 --> 00:18:51,789

and they play with each other up there

429

00:18:54,390 --> 00:18:53,559

you know they play games that's the

430

00:18:57,150 --> 00:18:54,400

locals

431

00:18:58,620 --> 00:18:57,160

okay well you know when my mom was

432

00:18:59,820 --> 00:18:58,630

telling me this and I told her it last

433

00:19:00,870 --> 00:18:59,830

year when I was coming here she said you

434

00:19:03,030 --> 00:19:00,880

know what you need to tell the crowd

435

00:19:05,700 --> 00:19:03,040

then I really think when I saw him it

436

00:19:07,050 --> 00:19:05,710

might have been a ship a spaceship she

437

00:19:08,910 --> 00:19:07,060

said because now when I recall looking

438

00:19:11,160 --> 00:19:08,920

at the ball of fire was not like a real

439

00:19:14,820 --> 00:19:11,170

ball of fire it was just a real high

440

00:19:17,610 --> 00:19:14,830

energy circular round thing that was

441

00:19:19,650 --> 00:19:17,620

sitting on top of the trees just sitting

442

00:19:21,420 --> 00:19:19,660

there hovering on top of trees she said

443

00:19:24,270 --> 00:19:21,430

but you know back in the day before

444

00:19:26,670 --> 00:19:24,280

people actually even seen helicopters or

445

00:19:28,470 --> 00:19:26,680

airplanes in koihime what could they how

446

00:19:30,360 --> 00:19:28,480

could they say was a flying ship if

447

00:19:33,600 --> 00:19:30,370

they've never seen something flying in

448

00:19:35,880 --> 00:19:33,610

the air and so my mom mentions that

449

00:19:37,920 --> 00:19:35,890

every time she saw him she was always in

450

00:19:42,590 --> 00:19:37,930

the presence of somebody and one of the

451  
00:19:45,600 --> 00:19:42,600  
times there was just a good old you know

452  
00:19:47,370 --> 00:19:45,610  
the Pioneer stock man that dunce not

453  
00:19:49,080 --> 00:19:47,380  
afraid to anything and he pulled out his

454  
00:19:51,330 --> 00:19:49,090  
gun and start shooting at this ball of

455  
00:19:53,280 --> 00:19:51,340  
fire and so he kept running towards it

456  
00:19:54,990 --> 00:19:53,290  
yelling at it cussing at it and shooting

457  
00:19:56,820 --> 00:19:55,000  
at it and then it just it just you know

458  
00:19:58,560 --> 00:19:56,830  
just flew away but he was not afraid one

459  
00:20:00,540 --> 00:19:58,570  
of the coyame residents he got out of

460  
00:20:02,970 --> 00:20:00,550  
his rifle and start shooting shooting as

461  
00:20:04,590 --> 00:20:02,980  
hard as fast as he could to try to see

462  
00:20:07,860 --> 00:20:04,600  
what the hell is this we've been seeing

463  
00:20:10,850 --> 00:20:07,870

for so many years you know one of the

464

00:20:14,400 --> 00:20:10,860

unique things about those balls of fire

465

00:20:17,780 --> 00:20:14,410

they the reaction the animals have when

466

00:20:20,430 --> 00:20:17,790

they see them dogs bark Adam you know

467

00:20:22,080 --> 00:20:20,440

cattle makes weird noises when they see

468

00:20:24,450 --> 00:20:22,090

them so it's apparently not just the

469

00:20:26,460 --> 00:20:24,460

humans actually seeing it but the

470

00:20:31,460 --> 00:20:26,470

animals also experience these you know

471

00:20:34,410 --> 00:20:31,470

these these balls of fire another

472

00:20:37,530 --> 00:20:34,420

interesting thing is people have seen

473

00:20:39,780 --> 00:20:37,540

them we're in qayamat it's real common

474

00:20:42,150 --> 00:20:39,790

that the the ground has a lot of energy

475

00:20:44,760 --> 00:20:42,160

in co yummy and so you have a lot of

476  
00:20:47,160 --> 00:20:44,770  
just holes in the ground that emit hot

477  
00:20:49,260 --> 00:20:47,170  
air that comes out of them you know and

478  
00:20:52,440 --> 00:20:49,270  
so people have seen that hot air

479  
00:20:54,270 --> 00:20:52,450  
sometimes turn blue like a blue hue

480  
00:20:56,910 --> 00:20:54,280  
coming out of the ground and so people

481  
00:21:00,180 --> 00:20:56,920  
have seen them those balls of fire next

482  
00:21:03,270 --> 00:21:00,190  
to those holes were hot air or blue blue

483  
00:21:06,020 --> 00:21:03,280  
hue gas comes out of the of the ground

484  
00:21:08,070 --> 00:21:06,030  
in the canyons so there's a you know

485  
00:21:10,289 --> 00:21:08,080  
relationship between seeing

486  
00:21:12,889 --> 00:21:10,299  
the balls of fire you know along the

487  
00:21:15,990 --> 00:21:12,899  
river where there's water or creeks and

488  
00:21:18,210 --> 00:21:16,000

also coming out of those those gases

489

00:21:24,659 --> 00:21:18,220

they see in the in the in the and the

490

00:21:28,039 --> 00:21:24,669

holes in the ground one of the unique

491

00:21:32,009 --> 00:21:28,049

things I've seen recently in Kalama is

492

00:21:33,659 --> 00:21:32,019

there's an interest in mining and so

493

00:21:35,250 --> 00:21:33,669

apparently there there's been a new mind

494

00:21:39,500 --> 00:21:35,260

that was established there in koihime

495

00:21:42,960 --> 00:21:39,510

and you know I don't know if there's a

496

00:21:46,019 --> 00:21:42,970

relationship with they found a lot of

497

00:21:47,759 --> 00:21:46,029

uranium in qayamat so no there's a

498

00:21:50,220 --> 00:21:47,769

relationship with all these phenomenons

499

00:21:52,950 --> 00:21:50,230

of possible UFO sightings with their

500

00:21:55,320 --> 00:21:52,960

uranium present in that area you know

501  
00:21:57,240 --> 00:21:55,330  
also when people have seen these

502  
00:21:59,370 --> 00:21:57,250  
hovering crafts I'm going to tell you

503  
00:22:01,620 --> 00:21:59,380  
three stories of people that actually

504  
00:22:03,930 --> 00:22:01,630  
saw him that word look that did look

505  
00:22:05,879 --> 00:22:03,940  
like a disc flying disc there's always

506  
00:22:07,710 --> 00:22:05,889  
been like a smell of sulfur when they

507  
00:22:09,720 --> 00:22:07,720  
saw this which is kind of unique and

508  
00:22:11,669 --> 00:22:09,730  
interesting the smell they would that

509  
00:22:13,289 --> 00:22:11,679  
they would they would see that they

510  
00:22:15,180 --> 00:22:13,299  
would they would feel when when they

511  
00:22:16,590 --> 00:22:15,190  
were there anyway there's a current mind

512  
00:22:18,060 --> 00:22:16,600  
that opened up and that the main

513  
00:22:20,009 --> 00:22:18,070

ingredient of the main mineral they're

514

00:22:22,230 --> 00:22:20,019

pulling out is uranium out of gamma

515

00:22:24,180 --> 00:22:22,240

which is pretty interesting also the

516

00:22:26,100 --> 00:22:24,190

connection with water that's pretty much

517

00:22:28,470 --> 00:22:26,110

the only area of that whole section

518

00:22:29,850 --> 00:22:28,480

where there's water is kuya me there's

519

00:22:32,100 --> 00:22:29,860

no you know you kind of get out of there

520

00:22:33,930 --> 00:22:32,110

and it's just bare desert but right

521

00:22:36,620 --> 00:22:33,940

there there's the conscious river and

522

00:22:40,759 --> 00:22:36,630

the spring right in that in that area

523

00:22:43,500 --> 00:22:40,769

where all the sightings have been seen

524

00:22:48,389 --> 00:22:43,510

1968 now a family told me this story

525

00:22:50,669 --> 00:22:48,399

they were they were they had just had

526

00:22:54,590 --> 00:22:50,679

dinner and they sat outside their porch

527

00:22:58,440 --> 00:22:54,600

in the you know nice summer night and

528

00:22:59,759 --> 00:22:58,450

huge craft came over their house flying

529

00:23:03,120 --> 00:22:59,769

discs you know just hi everybody

530

00:23:06,060 --> 00:23:03,130

mentions I'm and not knowing what it was

531

00:23:08,570 --> 00:23:06,070

the bright light just overtook their

532

00:23:13,190 --> 00:23:08,580

house and the dad

533

00:23:15,320 --> 00:23:13,200

dead hurry kids we got to run inside the

534

00:23:17,029 --> 00:23:15,330

world's about to end this is what the

535

00:23:20,630 --> 00:23:17,039

Bible says is going to be the end of the

536

00:23:23,570 --> 00:23:20,640

world so they all ran inside the huge

537

00:23:26,000 --> 00:23:23,580

blinding light and you know kind of just

538

00:23:27,740 --> 00:23:26,010

start praying the rosary and you know a

539

00:23:31,130 --> 00:23:27,750

few seconds later it was gone to light

540

00:23:33,019 --> 00:23:31,140

but it was so blinding the kids that

541

00:23:39,320 --> 00:23:33,029

were little that saw it told me the

542

00:23:43,759 --> 00:23:39,330

story okay 1968 another 1970s story is

543

00:23:45,500 --> 00:23:43,769

an uncle of mine they were in the big

544

00:23:47,750 --> 00:23:45,510

industry in common the old days was

545

00:23:50,539 --> 00:23:47,760

candelilla wax they would pull these

546

00:23:52,100 --> 00:23:50,549

little cactus type of plants and they

547

00:23:53,659 --> 00:23:52,110

would extract the wax and they would

548

00:23:56,480 --> 00:23:53,669

sell it to the US and they would use it

549

00:23:58,970 --> 00:23:56,490

as a type of waterproofing on on wings

550

00:24:01,220 --> 00:23:58,980

of airplanes for the military on tarps

551

00:24:03,620 --> 00:24:01,230

military tarps so it was a big industry

552

00:24:05,810 --> 00:24:03,630

back in the 60s and 70s so he was out

553

00:24:07,850 --> 00:24:05,820

there with a team of of men working

554

00:24:09,169 --> 00:24:07,860

pulling out the Camellia wax and what

555

00:24:10,909 --> 00:24:09,179

they had to do is just kind of camp out

556

00:24:12,740 --> 00:24:10,919

wherever their site was their work site

557

00:24:14,720 --> 00:24:12,750

and they were just there you know having

558

00:24:17,840 --> 00:24:14,730

dinner on a little bonfire and eating

559

00:24:20,600 --> 00:24:17,850

dinner and a huge round craft came right

560

00:24:22,039 --> 00:24:20,610

over them and everybody started

561

00:24:23,659 --> 00:24:22,049

screaming like little kids you know all

562

00:24:25,250 --> 00:24:23,669

these grown men because they didn't know

563

00:24:27,560 --> 00:24:25,260

what to do and it came right over him

564

00:24:28,909 --> 00:24:27,570

and just stood there over him and what

565

00:24:31,220 --> 00:24:28,919

was interesting my uncle said is it

566

00:24:33,230 --> 00:24:31,230

didn't make any noise the craft for how

567

00:24:35,330 --> 00:24:33,240

humongous it was it did not make any

568

00:24:38,509 --> 00:24:35,340

noise and so all they did is they just

569

00:24:39,860 --> 00:24:38,519

you know just all went into the fetal

570

00:24:41,450 --> 00:24:39,870

position because they thought they were

571

00:24:43,159 --> 00:24:41,460

going to die and then a few seconds

572

00:24:45,649 --> 00:24:43,169

later they look up and it was gone they

573

00:24:47,720 --> 00:24:45,659

don't know where it went the third

574

00:24:49,190 --> 00:24:47,730

incident that people remember when I was

575

00:24:51,649 --> 00:24:49,200

doing my book I was doing a history book

576

00:24:53,659 --> 00:24:51,659

I didn't really not a UFO enthusiast

577

00:24:55,460 --> 00:24:53,669

book but people just share this this you

578

00:24:57,049 --> 00:24:55,470

need to say this this is amazing I saw

579

00:24:59,419 --> 00:24:57,059

this you need to put it in the book and

580

00:25:00,830 --> 00:24:59,429

so just don't tell anybody it was me

581

00:25:03,919 --> 00:25:00,840

that I told you you know I'm embarrassed

582

00:25:07,039 --> 00:25:03,929

to say I saw craft the other one was a

583

00:25:08,570 --> 00:25:07,049

group of teenagers that saw a craft come

584

00:25:10,820 --> 00:25:08,580

over the town as they were walking down

585

00:25:12,620 --> 00:25:10,830

the street and they saw it and it was

586

00:25:14,240 --> 00:25:12,630

coming closer and closer and what they

587

00:25:15,590 --> 00:25:14,250

did is they grabbed sticks and rocks and

588

00:25:16,130 --> 00:25:15,600

started throwing it and throw them at

589

00:25:18,440 --> 00:25:16,140

throwing

590

00:25:20,060 --> 00:25:18,450

at the craft and yelling at it and it

591

00:25:21,560 --> 00:25:20,070

just kept getting closer and closer and

592

00:25:23,090 --> 00:25:21,570

they just kept throwing rocks and then

593

00:25:25,270 --> 00:25:23,100

all of a sudden it just flew away you

594

00:25:27,380 --> 00:25:25,280

know flew away from them from the kids

595

00:25:29,630 --> 00:25:27,390

these men are already in there probably

596

00:25:33,770 --> 00:25:29,640

in their late 60s early 70s that told me

597

00:25:36,140 --> 00:25:33,780

this story the another interesting thing

598

00:25:40,040 --> 00:25:36,150

that you know might be part of the fork

599

00:25:44,090 --> 00:25:40,050

lore or their the witch sauce sorcery is

600

00:25:45,440 --> 00:25:44,100

they see an odd-looking huge black dog a

601  
00:25:48,830 --> 00:25:45,450  
lot of people have seen that multiple

602  
00:25:53,210 --> 00:25:48,840  
people with with eyes that look very odd

603  
00:25:55,430 --> 00:25:53,220  
and so remember that when nowadays we

604  
00:25:57,440 --> 00:25:55,440  
know more about UFOs that we used to or

605  
00:25:59,360 --> 00:25:57,450  
you know more educated about it but

606  
00:26:01,700 --> 00:25:59,370  
remember in the old days before there

607  
00:26:04,490 --> 00:26:01,710  
was media or newspapers or you know

608  
00:26:07,400 --> 00:26:04,500  
readily available books people just

609  
00:26:09,440 --> 00:26:07,410  
whatever they saw they try to describe

610  
00:26:11,840 --> 00:26:09,450  
it with what their personal experience

611  
00:26:13,400 --> 00:26:11,850  
was for example ball of fire if nobody

612  
00:26:14,840 --> 00:26:13,410  
had ever seen a flying saucer how could

613  
00:26:16,940 --> 00:26:14,850

they describe a flying saucer they would

614

00:26:21,710 --> 00:26:16,950

just say it's a real bright ball of fire

615

00:26:24,530 --> 00:26:21,720

and so this odd-looking horse looking

616

00:26:27,890 --> 00:26:24,540

dog that has very odd eyes that moves

617

00:26:29,570 --> 00:26:27,900

very fast you know zigzag shape is

618

00:26:31,460 --> 00:26:29,580

another thing that's very odd and you

619

00:26:33,920 --> 00:26:31,470

know all I have for you today is a ton

620

00:26:35,240 --> 00:26:33,930

of questions no answers to all this but

621

00:26:37,610 --> 00:26:35,250

I always say people would say that

622

00:26:39,830 --> 00:26:37,620

really scared me you got to put it in

623

00:26:41,330 --> 00:26:39,840

the book you know multiple people saw it

624

00:26:50,700 --> 00:26:41,340

in the town that we're living in the

625

00:26:59,610 --> 00:26:56,899

that a camping camping incident was in

626

00:27:01,289 --> 00:26:59,620

next to the bunker the lawyer wherever

627

00:27:03,000 --> 00:27:01,299

that is they're like you got it that's

628

00:27:06,389 --> 00:27:03,010

what happened that's you know write that

629

00:27:08,820 --> 00:27:06,399

down so I you know people it's amazing

630

00:27:15,419 --> 00:27:08,830

how they were so passionate about these

631

00:27:16,980 --> 00:27:15,429

stories and so any questions so far sure

632

00:27:25,740 --> 00:27:16,990

you have curiosity to go to coyame now

633

00:27:27,899 --> 00:27:25,750

and say where is this place yes sir yeah

634

00:27:29,940 --> 00:27:27,909

they just said it was an odd animal that

635

00:27:32,130 --> 00:27:29,950

you know as a you know an odd animal

636

00:27:35,430 --> 00:27:32,140

that had really odd eyes you know that

637

00:27:37,799 --> 00:27:35,440

you know and so many many stories of

638

00:27:40,220 --> 00:27:37,809

animal mutilation in co yeah me too you

639

00:27:43,139 --> 00:27:40,230

know there's a lot of cattle out there

640

00:27:47,820 --> 00:27:43,149

yeah just odd glowing eyes you know

641

00:27:51,440 --> 00:27:47,830

that's true that's true and the any

642

00:27:53,610 --> 00:27:51,450

other questions so far comments great

643

00:27:57,389 --> 00:27:53,620

you know it's telling Brad earlier that

644

00:28:00,419 --> 00:27:57,399

this festival is so appropriate for this

645

00:28:04,380 --> 00:28:00,429

area because you know I was getting a

646

00:28:07,409 --> 00:28:04,390

little education about the terlingua

647

00:28:10,049 --> 00:28:07,419

residents yesterday very very colorful

648

00:28:12,360 --> 00:28:10,059

residents there and so i won't i won't

649

00:28:13,710 --> 00:28:12,370

repeat what the locals told me that what

650

00:28:15,899 --> 00:28:13,720

they think of those people i live out

651

00:28:18,419 --> 00:28:15,909

there but this is so appropriate this

652

00:28:21,230 --> 00:28:18,429

this this festival here because it's

653

00:28:24,240 --> 00:28:21,240

it's true this is very unique very

654

00:28:26,340 --> 00:28:24,250

interesting energy here you know in the

655

00:28:28,320 --> 00:28:26,350

in the border the people that live in

656

00:28:30,029 --> 00:28:28,330

the border the many generations that

657

00:28:33,960 --> 00:28:30,039

have survived that that's the reason I'm

658

00:28:35,370 --> 00:28:33,970

here you know the we get you know I when

659

00:28:37,080 --> 00:28:35,380

I come I'm like I hope I find a

660

00:28:38,639 --> 00:28:37,090

restaurant guy I get real nervous just

661

00:28:40,680 --> 00:28:38,649

because finding a restaurant out here

662

00:28:42,750 --> 00:28:40,690

you know and so I think this is great

663

00:28:44,820 --> 00:28:42,760

the bread and the the city is putting

664

00:28:47,850 --> 00:28:44,830

this together because it is part of the

665

00:28:51,720 --> 00:28:47,860

the atmosphere atmosphere here I have

666

00:28:54,360 --> 00:28:51,730

one more thing to close with the June

667

00:28:56,340 --> 00:28:54,370

twentieth next year the week end of June

668

00:28:59,220 --> 00:28:56,350

twentieth will mark the 300th

669

00:29:01,789 --> 00:28:59,230

anniversary of koyama the gut is the

670

00:29:04,369 --> 00:29:01,799

Chihuahua government including the

671

00:29:07,489 --> 00:29:04,379

the local government is putting on a

672

00:29:09,259 --> 00:29:07,499

huge party that weekend there is a type

673

00:29:11,479 --> 00:29:09,269

of holiday inn was that was built there

674

00:29:15,019 --> 00:29:11,489

from some American investors that's a

675

00:29:17,419 --> 00:29:15,029

three-story hotel that's already sold

676  
00:29:20,029 --> 00:29:17,429  
out for the event and so apparently it's

677  
00:29:24,320 --> 00:29:20,039  
a big deal we will have our co Yama UFO

678  
00:29:26,239 --> 00:29:24,330  
experts there we will have confirmed or

679  
00:29:27,889 --> 00:29:26,249  
not confirmed we have to say that in

680  
00:29:30,979 --> 00:29:27,899  
case somebody in the public is not

681  
00:29:33,889 --> 00:29:30,989  
really an audience member part of the

682  
00:29:36,200 --> 00:29:33,899  
wreckage of the of the of the wreckage

683  
00:29:39,259 --> 00:29:36,210  
there I had a phone call from somebody

684  
00:29:43,070 --> 00:29:39,269  
called me and said they have part of an

685  
00:29:44,840 --> 00:29:43,080  
odd material that you squish and then it

686  
00:29:47,210 --> 00:29:44,850  
kind of goes back to its normal shape

687  
00:29:48,590 --> 00:29:47,220  
it's very odd so there's no be part of

688  
00:29:50,899 --> 00:29:48,600

the wreckage will be there that there

689

00:29:53,359 --> 00:29:50,909

will be also a tour of where the site is

690

00:29:55,249 --> 00:29:53,369

we have permission from the the owners

691

00:29:57,529 --> 00:29:55,259

of the wrench to have a tour if you like

692

00:29:59,749 --> 00:29:57,539

we will also have that night with them

693

00:30:02,119 --> 00:29:59,759

we're going to have a type of bond fire

694

00:30:04,820 --> 00:30:02,129

and bring out all the old timers for off

695

00:30:08,359 --> 00:30:04,830

the record personal stories of stuff

696

00:30:09,769 --> 00:30:08,369

they've seen the there you know there's

697

00:30:11,359 --> 00:30:09,779

going to be a lot of cultural events

698

00:30:15,950 --> 00:30:11,369

every night there's gonna be a band

699

00:30:21,560 --> 00:30:15,960

plane the ton of you know food booths

700

00:30:23,779 --> 00:30:21,570

the traditional Spanish rodeo just tons

701

00:30:28,789 --> 00:30:23,789

of activities if you guys like to come

702

00:30:30,320 --> 00:30:28,799

out you next to the that water spring I

703

00:30:31,789 --> 00:30:30,330

was telling you about what they did is

704

00:30:33,499 --> 00:30:31,799

they rear out some of the water and

705

00:30:35,899 --> 00:30:33,509

there's some two huge swimming pools

706

00:30:37,369 --> 00:30:35,909

people jump in and and have you know you

707

00:30:39,349 --> 00:30:37,379

can use those in the summer when you're

708

00:30:41,720 --> 00:30:39,359

there they're under underneath a bunch

709

00:30:43,249 --> 00:30:41,730

of you know 200 year old cottonwood

710

00:30:45,289 --> 00:30:43,259

trees so it's really beautiful setting

711

00:30:47,570 --> 00:30:45,299

next to that is our V spots where a lot

712

00:30:49,460 --> 00:30:47,580

of people hook up their RV or just tint

713

00:30:50,690 --> 00:30:49,470

you know put tents you could also stay

714

00:30:53,029 --> 00:30:50,700

here and it's just like a 30 minute

715

00:30:54,499 --> 00:30:53,039

drive across the border into koyama it's

716

00:30:57,229 --> 00:30:54,509

through the old highway the new highway

717

00:31:01,009 --> 00:30:57,239

the toll is you have to go to the old

718

00:31:02,659 --> 00:31:01,019

highway and nothing dangerous over there

719

00:31:04,549 --> 00:31:02,669

don't don't feel scared on this in the

720

00:31:07,090 --> 00:31:04,559

media don't listen to everything on the

721

00:31:08,650 --> 00:31:07,100

internet you know it's not

722

00:31:14,710 --> 00:31:08,660

nothing Bad's ever happened out there

723

00:31:17,560 --> 00:31:14,720

yes sir oh yeah you'll get to go through

724

00:31:18,820 --> 00:31:17,570

that baby's Canyon which is just in

725

00:31:20,440 --> 00:31:18,830

beautiful beautiful beautiful

726

00:31:22,330 --> 00:31:20,450

breathhtaking they actually have like a

727

00:31:26,320 --> 00:31:22,340

rest area at the top and you walk down

728

00:31:28,060 --> 00:31:26,330

on a path that has some rails and you

729

00:31:30,100 --> 00:31:28,070

get down there just breathtaking view of

730

00:31:32,409 --> 00:31:30,110

the conscious River through through the

731

00:31:35,680 --> 00:31:32,419

through the canyon a really nice place

732

00:31:38,890 --> 00:31:35,690

the locals are roll open to you know to

733

00:31:40,630 --> 00:31:38,900

two people visiting and the any other

734

00:31:43,870 --> 00:31:40,640

questions of like i said i'm not a UFO

735

00:31:45,789 --> 00:31:43,880

expert i just the historian and love the

736

00:31:47,830 --> 00:31:45,799

border history and and people just

737

00:31:49,810 --> 00:31:47,840

opened up to me i'm sure i could write a

738

00:31:52,029 --> 00:31:49,820

book of everything if i went in there

739

00:31:54,310 --> 00:31:52,039

and research just the phenomena could

740

00:31:57,100 --> 00:31:54,320

write a whole book from cuyama residents

741

00:31:59,500 --> 00:31:57,110

and border residents all the odd things

742

00:32:01,060 --> 00:31:59,510

you know they you have the sauna

743

00:32:03,070 --> 00:32:01,070

silencio a little area that's kind of

744

00:32:05,560 --> 00:32:03,080

odd out here that radios don't work I'm

745

00:32:08,860 --> 00:32:05,570

you you can you can do a book over and

746

00:32:10,480 --> 00:32:08,870

do a whole two days lecture over all the

747

00:32:16,419 --> 00:32:10,490

odd things in the border people see out

748

00:32:18,610 --> 00:32:16,429

here yes sir oh yeah I'm there there's a

749

00:32:21,490 --> 00:32:18,620

lot of stuff Inc o llame they have some

750

00:32:24,850 --> 00:32:21,500

caverns that they discovered that there

751  
00:32:26,409 --> 00:32:24,860  
was actually a human homemade ladder

752  
00:32:28,029 --> 00:32:26,419  
somebody made but work before the

753  
00:32:29,980 --> 00:32:28,039  
Spaniards arrived so the Indians were

754  
00:32:32,409 --> 00:32:29,990  
going in this Canyon and each there's

755  
00:32:34,060 --> 00:32:32,419  
multiple rooms in there that the locals

756  
00:32:36,279 --> 00:32:34,070  
were going to come in on that ladder go

757  
00:32:38,830 --> 00:32:36,289  
down in a rope and they throw parties

758  
00:32:40,810 --> 00:32:38,840  
like dance parties it was so big these

759  
00:32:42,070 --> 00:32:40,820  
rooms in this canyon well later the

760  
00:32:44,710 --> 00:32:42,080  
government took over and they actually

761  
00:32:46,690 --> 00:32:44,720  
made it safe with lighting and guides

762  
00:32:48,520 --> 00:32:46,700  
and you can go in there and that's

763  
00:32:50,020 --> 00:32:48,530

available to you to remember that

764

00:32:51,840 --> 00:32:50,030

there's a lot of history there to the

765

00:32:54,220 --> 00:32:51,850

mexican revolution started in koihime

766

00:32:55,990 --> 00:32:54,230

toribio ortega was born in co llame

767

00:32:57,850 --> 00:32:56,000

which was the original leader of the

768

00:33:00,850 --> 00:32:57,860

that teamed up with Pancho Villa and

769

00:33:04,000 --> 00:33:00,860

started the Mexican Revolution so that

770

00:33:06,370 --> 00:33:04,010

started in cuyama the Apache Wars ended

771

00:33:08,230 --> 00:33:06,380

in co llame where we're talking to the

772

00:33:11,919 --> 00:33:08,240

Apache tribes to see they want to come

773

00:33:13,630 --> 00:33:11,929

out and do actual peace treaty blessing

774

00:33:15,250 --> 00:33:13,640

of the site where the last Apache chief

775

00:33:17,710 --> 00:33:15,260

was killed it's called tres Castillo's

776

00:33:20,530 --> 00:33:17,720

that happened in Kiama to

777

00:33:23,170 --> 00:33:20,540

the we will have a distillery of sotol

778

00:33:25,150 --> 00:33:23,180

that's a very very very popular liquor

779

00:33:27,580 --> 00:33:25,160

that comes out of co llame there'll be

780

00:33:30,250 --> 00:33:27,590

an actual distillery in service so you

781

00:33:36,190 --> 00:33:30,260

can see how it's made we will also have

782

00:33:37,720 --> 00:33:36,200

the candelilla wax process in in the

783

00:33:40,300 --> 00:33:37,730

process actually there so you can see

784

00:33:43,780 --> 00:33:40,310

how they take the wax off the cactus

785

00:33:46,930 --> 00:33:43,790

type plant and make the product to to do

786

00:33:48,910 --> 00:33:46,940

the waterproofing of many many items so

787

00:33:53,050 --> 00:33:48,920

there'd be a lot of educational stuff

788

00:33:54,670 --> 00:33:53,060

you're welcome to go the my email I

789

00:33:57,060 --> 00:33:54,680

think will be on that website if anybody

790

00:33:59,230 --> 00:33:57,070

else has any personal questions or or

791

00:34:03,190 --> 00:33:59,240

any you know anything else you might

792

00:34:05,890 --> 00:34:03,200

want to hear from me yes sir yes go

793

00:34:12,409 --> 00:34:05,900

ahead ma'am yes there's two questions

794

00:34:12,419 --> 00:34:19,159

South year that may be

795

00:34:25,700 --> 00:34:23,839

yeah great idea that'd be good good for

796

00:34:34,940 --> 00:34:25,710

Presidio procedure might like to be

797

00:34:36,710 --> 00:34:34,950

involved in that chairs whatever you're

798

00:34:38,990 --> 00:34:36,720

at your comfort level but remember that

799

00:34:41,089 --> 00:34:39,000

from here to there 30 minutes you're not

800

00:34:43,430 --> 00:34:41,099

going you know it's just is there's

801  
00:34:44,930 --> 00:34:43,440  
going to be the ninety percent of the

802  
00:34:47,059 --> 00:34:44,940  
people they're going to be Americans on

803  
00:34:53,030 --> 00:34:47,069  
that party ninety percent are gonna be

804  
00:34:57,920 --> 00:34:53,040  
Americans yeah yes sir jun 20th it's the

805  
00:34:59,690 --> 00:34:57,930  
weekend of June twentieth 2015 the we

806  
00:35:01,280 --> 00:34:59,700  
just had a meeting last Sunday with the

807  
00:35:03,069 --> 00:35:01,290  
majority that people putting it together

808  
00:35:05,780 --> 00:35:03,079  
Americans actually they're the

809  
00:35:13,880 --> 00:35:05,790  
organizers it's our roots we're bringing

810  
00:35:18,030 --> 00:35:15,720  
that's what telling you ninety percent

811  
00:35:23,070 --> 00:35:18,040  
of the party which is four thousand

812  
00:35:24,960 --> 00:35:23,080  
people or Americans come in I think I'm

813  
00:35:26,280 --> 00:35:24,970

think I'm more in danger in Odessa right

814

00:35:29,630 --> 00:35:26,290

now there's two deaths a day right now

815

00:35:32,520 --> 00:35:29,640

no desa it is true is this we have 36

816

00:35:36,390 --> 00:35:32,530

traffic deaths so far this year 37

817

00:35:39,420 --> 00:35:36,400

deaths traffic then cuyama hadn't had a

818

00:35:41,460 --> 00:35:39,430

death in 40 years so it's really your

819

00:35:43,770 --> 00:35:41,470

comfort level I mean the the statistics

820

00:35:45,210 --> 00:35:43,780

are there you know but the odds are

821

00:35:51,259 --> 00:35:45,220

nothing's going to happen to you you

822

00:35:54,509 --> 00:35:53,099

yes sir and I was going to leave that to

823

00:35:55,890 --> 00:35:54,519

the guys because they're the experts in

824

00:35:57,059 --> 00:35:55,900

it let me just tell you briefly because

825

00:35:58,559 --> 00:35:57,069

they're already tell me to get down from

826

00:36:00,329 --> 00:35:58,569

here but I'm going to just tell you what

827

00:36:01,440 --> 00:36:00,339

I when I interviewed people I didn't

828

00:36:03,960 --> 00:36:01,450

interview him for the crash but

829

00:36:05,160 --> 00:36:03,970

everybody's like here's a personal

830

00:36:06,559 --> 00:36:05,170

account that I know that I can share

831

00:36:11,549 --> 00:36:06,569

with you but these guys are the experts

832

00:36:14,279 --> 00:36:11,559

i was born in Chihuahua city 1973 okay

833

00:36:16,829 --> 00:36:14,289

this occurred a year later my parents

834

00:36:18,420 --> 00:36:16,839

when they got married my dad was from

835

00:36:19,920 --> 00:36:18,430

Chihuahua my mom was from cuyama they

836

00:36:23,099 --> 00:36:19,930

got married and they moved to Chihuahua

837

00:36:27,120 --> 00:36:23,109

I was born there I was a year old when

838

00:36:29,730 --> 00:36:27,130

my mom's brother called her okay 1974

839

00:36:31,529 --> 00:36:29,740

and said hey there was this wreckage and

840

00:36:33,390 --> 00:36:31,539

we went over there and it was really

841

00:36:36,599 --> 00:36:33,400

neat and that we saw a bunch of military

842

00:36:39,809 --> 00:36:36,609

there and we don't know if it was a drug

843

00:36:42,779 --> 00:36:39,819

running plain or not really neat stuff

844

00:36:44,970 --> 00:36:42,789

we also saw a flatbed truck with

845

00:36:47,249 --> 00:36:44,980

something in it something on top of it

846

00:36:49,170 --> 00:36:47,259

with a tarp that's what my uncle called

847

00:36:50,460 --> 00:36:49,180

my mom back in the nineteen seventy-four

848

00:36:52,289 --> 00:36:50,470

you didn't call it was only one phone

849

00:36:54,150 --> 00:36:52,299

inquiry on me very expensive to make

850

00:36:57,299 --> 00:36:54,160

long distance calls he took the time to

851  
00:36:59,460 --> 00:36:57,309  
pay the charge to call her to Chihuahua

852  
00:37:01,049 --> 00:36:59,470  
to tell her there's also a personal

853  
00:37:03,630 --> 00:37:01,059  
friend of mine a personal friend of the

854  
00:37:05,130 --> 00:37:03,640  
family that's in his 70s that he was

855  
00:37:06,930 --> 00:37:05,140  
says he was there when they called the

856  
00:37:09,239 --> 00:37:06,940  
police to go there and look at it he saw

857  
00:37:11,489 --> 00:37:09,249  
the whole wreckage but if you ask them

858  
00:37:13,289 --> 00:37:11,499  
to put on a book or to do a record with

859  
00:37:15,329 --> 00:37:13,299  
somebody an outsider they say what are

860  
00:37:18,479 --> 00:37:15,339  
you talking about there's no wreckage

861  
00:37:20,609 --> 00:37:18,489  
here they have two reasons to be scared

862  
00:37:22,410 --> 00:37:20,619  
either it's mafia ties and they don't

863  
00:37:26,339 --> 00:37:22,420

want to get involved with the cartels

864

00:37:28,229 --> 00:37:26,349

and snitch or the government if it's

865

00:37:29,970 --> 00:37:28,239

true the government the US government

866

00:37:32,430 --> 00:37:29,980

killed a bunch of Mexican soldiers to

867

00:37:35,430 --> 00:37:32,440

retrieve that craft they're afraid to

868

00:37:37,799 --> 00:37:35,440

say you you saw something okay come on

869

00:37:39,569 --> 00:37:37,809

you're disappearing you're not going to

870

00:37:41,519 --> 00:37:39,579

be here any longer so that's there

871

00:37:43,799 --> 00:37:41,529

that's that's there that's the two

872

00:37:47,519 --> 00:37:43,809

personal accounts I have so a lot of

873

00:37:49,349 --> 00:37:47,529

times people say your talk didn't you

874

00:37:52,829 --> 00:37:49,359

say you saw something oh yeah that

875

00:37:54,180 --> 00:37:52,839

happened in the 80s not 1974 and that's

876

00:37:56,549 --> 00:37:54,190

where it gets really confusing because

877

00:37:59,640 --> 00:37:56,559

you say the 80s no we're talking about

878

00:38:01,840 --> 00:37:59,650

1974 not the mid-80s no I was talking

879

00:38:05,380 --> 00:38:01,850

about the wreckage I saw a plane crash

880

00:38:06,880 --> 00:38:05,390

1886 you go what you're confusing me

881

00:38:09,790 --> 00:38:06,890

you're like yes I want to confuse you

882

00:38:11,920 --> 00:38:09,800

I'm smart I'm a smarter border resident

883

00:38:14,020 --> 00:38:11,930

than you think so that's what I think

884

00:38:16,450 --> 00:38:14,030

about the report these guys are going to

885

00:38:18,310 --> 00:38:16,460

fascinate you but I hope my information

886

00:38:20,140 --> 00:38:18,320

helps you understand the people that

887

00:38:22,270 --> 00:38:20,150

live out here they want to be left alone

888

00:38:24,100 --> 00:38:22,280

like the terlingua residents just leave

889

00:38:26,940 --> 00:38:24,110

me alone I'm a little crazy just leave

890

00:38:29,170 --> 00:38:26,950

me alone don't they'll come to my house

891

00:38:32,800 --> 00:38:29,180

maybe we should retire down here and

892

00:38:35,350 --> 00:38:32,810

leave Odessa and but also to understand

893

00:38:38,650 --> 00:38:35,360

that the culture you know that has to do

894

00:38:40,030 --> 00:38:38,660

with what they saw what they can and

895

00:38:43,330 --> 00:38:40,040

can't say because of the church

896

00:38:44,830 --> 00:38:43,340

influence and also that they might be

897

00:38:46,960 --> 00:38:44,840

smarter than we think those residents

898

00:38:48,490 --> 00:38:46,970

but if you go to coyame that weekend I

899

00:38:52,360 --> 00:38:48,500

don't promise you you won't get

900

00:38:54,190 --> 00:38:52,370

kidnapped or beheaded but the you will

901  
00:38:56,230 --> 00:38:54,200  
have a great time and we will have a

902  
00:38:58,540 --> 00:38:56,240  
personal tour with these guys of the

903  
00:39:00,640 --> 00:38:58,550  
site we already have somebody that could

904  
00:39:02,380 --> 00:39:00,650  
many people tell you I'll tell you where

905  
00:39:03,700 --> 00:39:02,390  
to go and off the record turn your

906  
00:39:05,170 --> 00:39:03,710  
recorder off let me tell you what I

907  
00:39:06,700 --> 00:39:05,180  
think happened and you'll have that

908  
00:39:07,960 --> 00:39:06,710  
personal account you'll see part of the

909  
00:39:10,960 --> 00:39:07,970  
wreckage that might be part of the

910  
00:39:12,370 --> 00:39:10,970  
saucer and I think you'll have a great

911  
00:39:13,420 --> 00:39:12,380  
time down there and you have my email so

912  
00:39:15,790 --> 00:39:13,430  
if you guys want to ask any other

913  
00:39:17,740 --> 00:39:15,800

questions and thank you city of Presidio

914

00:39:19,120 --> 00:39:17,750

and Brad this is great I'm glad you guys

915

00:39:27,839 --> 00:39:19,130

putting this stuff together we need this
