1  
00:00:09,289 --> 00:00:02,480  
you're locked into inception radio

2  
00:00:16,490 --> 00:00:12,920  
you're tuned in to night vision radio

3  
00:00:19,290 --> 00:00:16,500  
exposing the truth one secret at a time

4  
00:00:21,779 --> 00:00:19,300  
prepare yourself as we explore the

5  
00:00:25,470 --> 00:00:21,789  
shadow worlds of suppressed history

6  
00:00:27,810 --> 00:00:25,480  
secret knowledge forbidden religion and

7  
00:00:49,040 --> 00:00:27,820  
shine a light on the conspiracies to

8  
00:00:49,050 --> 00:01:10,820  
what

9  
00:01:20,120 --> 00:01:18,290  
welcome to night vision radio welcome to

10  
00:01:24,140 --> 00:01:20,130  
night vision radio I'm your host Renee

11  
00:01:26,540 --> 00:01:24,150  
Barnett man this has been one heck of a

12  
00:01:28,400 --> 00:01:26,550  
week I don't know if you guys have felt

13  
00:01:30,410 --> 00:01:28,410

it but it seems like somehow time is

14

00:01:32,240 --> 00:01:30,420

speeding up and since we have a

15

00:01:34,640 --> 00:01:32,250

physicist on our show tonight maybe we

16

00:01:37,820 --> 00:01:34,650

can get asked some questions about that

17

00:01:41,050 --> 00:01:37,830

why why it feels that way also when it

18

00:01:45,290 --> 00:01:41,060

reminds you that the archives are are

19

00:01:49,010 --> 00:01:45,300

located at on on inception radio network

20

00:01:50,690 --> 00:01:49,020

com so that after this show shortly the

21

00:01:52,790 --> 00:01:50,700

shows are available there the shows are

22

00:01:55,280 --> 00:01:52,800

also available on iTunes and stitcher

23

00:01:57,650 --> 00:01:55,290

there's lots of other ways to list and

24

00:02:00,070 --> 00:01:57,660

so check on inception radio network com

25

00:02:03,650 --> 00:02:00,080

for all the ways to listen to the show

26  
00:02:07,040 --> 00:02:03,660  
you know this week or this week and last

27  
00:02:10,190 --> 00:02:07,050  
week I had my email hacked and i don't

28  
00:02:12,500 --> 00:02:10,200  
know why these people get off on doing

29  
00:02:14,390 --> 00:02:12,510  
this kind of stuff but last week i was

30  
00:02:17,540 --> 00:02:14,400  
sending everybody out emails about

31  
00:02:20,540 --> 00:02:17,550  
transvaginal mesh and this week I've

32  
00:02:21,949 --> 00:02:20,550  
been sending people emails that alert

33  
00:02:24,380 --> 00:02:21,959  
them to the fact that there's a

34  
00:02:25,790 --> 00:02:24,390  
pedophile in their neighborhood not that

35  
00:02:27,830 --> 00:02:25,800  
there's not a pedophile in your

36  
00:02:30,199 --> 00:02:27,840  
neighborhood believe me there is but the

37  
00:02:32,470 --> 00:02:30,209  
email was not for me so if you got one

38  
00:02:36,110 --> 00:02:32,480

of those emails for me this week I do

39

00:02:38,660 --> 00:02:36,120

apologize and I have taken immediate

40

00:02:40,250 --> 00:02:38,670

stamps both times to change things

41

00:02:42,350 --> 00:02:40,260

around so that that doesn't happen again

42

00:02:43,970 --> 00:02:42,360

but I guess it's happening along is that

43

00:02:46,340 --> 00:02:43,980

a another couple of friends who were

44

00:02:47,960 --> 00:02:46,350

hacked in exactly the same way this week

45

00:02:51,259 --> 00:02:47,970

so we'll try to keep an eye on that and

46

00:02:53,150 --> 00:02:51,269

keep those silly emails to a minimum now

47

00:02:57,500 --> 00:02:53,160

we will go from the ridiculous to the

48

00:02:59,840 --> 00:02:57,510

sublime and our guest tonight is nuclear

49

00:03:02,030 --> 00:02:59,850

physicist Stanton Friedman I he calls

50

00:03:04,670 --> 00:03:02,040

himself the Flying Saucer physicists so

51  
00:03:09,080 --> 00:03:04,680  
I'm not being derogatory when I say that

52  
00:03:12,560 --> 00:03:09,090  
because he is a one of the few academics

53  
00:03:15,710 --> 00:03:12,570  
that are out speaking out loud about the

54  
00:03:18,740 --> 00:03:15,720  
UFO subject about government secrecy and

55  
00:03:21,860 --> 00:03:18,750  
of course he's known as the original

56  
00:03:24,620 --> 00:03:21,870  
Roswell researcher and with his book

57  
00:03:27,260 --> 00:03:24,630  
crash at Corona revealed a lot

58  
00:03:29,570 --> 00:03:27,270  
the details for the first time to the

59  
00:03:33,740 --> 00:03:29,580  
public so welcome Stanton Friedman to

60  
00:03:35,480 --> 00:03:33,750  
our show well I'm great glad to be here

61  
00:03:41,270 --> 00:03:35,490  
I've never been described as sublime

62  
00:03:45,350 --> 00:03:41,280  
before but well well certainly not

63  
00:03:46,940 --> 00:03:45,360

ridiculous i'll say that and my email

64

00:03:49,310 --> 00:03:46,950

hacking is really getting on my nerves

65

00:03:52,040 --> 00:03:49,320

but i'm going to let that go tonight and

66

00:03:55,610 --> 00:03:52,050

get into some really interesting stuff

67

00:03:58,520 --> 00:03:55,620

with you now i know that you just were

68

00:04:01,160 --> 00:03:58,530

at the anniversary of the Roswell event

69

00:04:04,460 --> 00:04:01,170

in Roswell New Mexico let this past

70

00:04:07,820 --> 00:04:04,470

weekend right yes what was the annual

71

00:04:10,550 --> 00:04:07,830

festival uh Roswell festival there over

72

00:04:14,650 --> 00:04:10,560

6,000 people came over the three or four

73

00:04:18,050 --> 00:04:14,660

days loads of lectures and panels and

74

00:04:21,380 --> 00:04:18,060

sold a lot of books uh met a lot of

75

00:04:26,720 --> 00:04:21,390

lovely people uh it was hot but that's

76

00:04:28,970 --> 00:04:26,730

Roswell but yeah so it went very well it

77

00:04:31,370 --> 00:04:28,980

was very pleased with that nobody

78

00:04:34,210 --> 00:04:31,380

brought an alien body to me to show but

79

00:04:37,220 --> 00:04:34,220

otherwise you know it wasn't it was good

80

00:04:39,440 --> 00:04:37,230

and I a lot of people think that if you

81

00:04:42,380 --> 00:04:39,450

come out strongly pro UFO you're going

82

00:04:45,680 --> 00:04:42,390

to get a hard time and I don't you know

83

00:04:49,430 --> 00:04:45,690

700-plus lectures I've had 11 hecklers

84

00:04:51,680 --> 00:04:49,440

and do them were drunk uh and you get

85

00:04:53,840 --> 00:04:51,690

that many if you talk about religion or

86

00:04:58,010 --> 00:04:53,850

sports or politics or anything like that

87

00:05:00,800 --> 00:04:58,020

so that's but that's no problem but the

88

00:05:02,330 --> 00:05:00,810

more there is a problem in ufology but

89

00:05:05,300 --> 00:05:02,340

there are all kinds of people saying all

90

00:05:08,390 --> 00:05:05,310

kinds of things and forgetting the basic

91

00:05:11,090 --> 00:05:08,400

rule which should be have facts in hand

92

00:05:14,210 --> 00:05:11,100

before putting mountain gear or computer

93

00:05:15,410 --> 00:05:14,220

in here is the case may be and a lot of

94

00:05:18,110 --> 00:05:15,420

people saying a lot of things that

95

00:05:19,730 --> 00:05:18,120

simply aren't true you know they read it

96

00:05:23,120 --> 00:05:19,740

on the internet or they saw it on

97

00:05:26,390 --> 00:05:23,130

youtube or whatever and you know my face

98

00:05:27,950 --> 00:05:26,400

is on YouTube a lot but that doesn't

99

00:05:31,010 --> 00:05:27,960

mean I think you should believe

100

00:05:34,340 --> 00:05:31,020

everything you hear on you to read on

101  
00:05:37,190 --> 00:05:34,350  
the internet for goodness sakes yeah I I

102  
00:05:38,010 --> 00:05:37,200  
have a good friend author Henry Lincoln

103  
00:05:41,460 --> 00:05:38,020  
who says

104  
00:05:43,980 --> 00:05:41,470  
believe no one not even me he said

105  
00:05:46,580 --> 00:05:43,990  
because belief is the key word don't

106  
00:05:48,990 --> 00:05:46,590  
believe it no it find out for yourself

107  
00:05:51,510 --> 00:05:49,000  
corroborate it before you go around

108  
00:05:54,149 --> 00:05:51,520  
making announcements that is a big

109  
00:05:57,570 --> 00:05:54,159  
problem in ufology and has been for a

110  
00:06:00,629 --> 00:05:57,580  
long long time yes friend it worries me

111  
00:06:03,420 --> 00:06:00,639  
greatly because you know there's a new

112  
00:06:05,969 --> 00:06:03,430  
generation growing up and they're less

113  
00:06:08,670 --> 00:06:05,979

critical I think you know if they see it

114

00:06:11,219 --> 00:06:08,680

on youtube or the internet they they

115

00:06:14,779 --> 00:06:11,229

believe it and they wouldn't put it on

116

00:06:19,770 --> 00:06:14,789

there if it wasn't true right wrong yeah

117

00:06:21,390 --> 00:06:19,780

exactly you know it there people are

118

00:06:23,339 --> 00:06:21,400

certainly showing a lot of interest in

119

00:06:26,610 --> 00:06:23,349

UFOs you can see all the shows that are

120

00:06:28,409 --> 00:06:26,620

on television himself uh that means

121

00:06:31,290 --> 00:06:28,419

something and one of the interesting

122

00:06:33,180 --> 00:06:31,300

things this weekend in Roswell was how

123

00:06:35,580 --> 00:06:33,190

many families were there people bringing

124

00:06:38,219 --> 00:06:35,590

their kids it's family entertainment if

125

00:06:43,379 --> 00:06:38,229

he will at the museum and the exhibits

126

00:06:46,550 --> 00:06:43,389

and is no tin hats and you know very

127

00:06:50,700 --> 00:06:46,560

there were several scientists there and

128

00:06:52,200 --> 00:06:50,710

interesting talks and it was a good

129

00:06:54,269 --> 00:06:52,210

opportunity and the interesting thing

130

00:06:55,769 --> 00:06:54,279

too is that the people come from all

131

00:06:57,480 --> 00:06:55,779

over the world but there's over a

132

00:07:00,330 --> 00:06:57,490

hundred countries people have come from

133

00:07:02,149 --> 00:07:00,340

could go to the Roswell UFO museum

134

00:07:04,980 --> 00:07:02,159

international UFO Museum and Research

135

00:07:06,600 --> 00:07:04,990

Center and they got one heck of a

136

00:07:09,749 --> 00:07:06,610

library if anybody wants to do with

137

00:07:11,370 --> 00:07:09,759

thesis project boy a lot of source

138

00:07:15,600 --> 00:07:11,380

material down there people have donated

139

00:07:18,450 --> 00:07:15,610

their own connections collections and so

140

00:07:20,730 --> 00:07:18,460

it's educational and in the formal sense

141

00:07:22,589 --> 00:07:20,740

as well as the informal museum you know

142

00:07:26,450 --> 00:07:22,599

walk by the exhibits and all that sort

143

00:07:28,950 --> 00:07:26,460

of stuff great place to visit but

144

00:07:31,439 --> 00:07:28,960

remember and I just this happened some

145

00:07:33,809 --> 00:07:31,449

several times some people think that

146

00:07:38,309 --> 00:07:33,819

area 51 is right next door to Roswell

147

00:07:40,379 --> 00:07:38,319

yeah that's about 600 miles away and I I

148

00:07:43,409 --> 00:07:40,389

don't recommend trying to see them both

149

00:07:47,550 --> 00:07:43,419

on the same day you know not that you

150

00:07:49,139 --> 00:07:47,560

can see much at area 51 exactly I don't

151

00:07:51,360 --> 00:07:49,149

even know if you can get out to the

152

00:07:52,860 --> 00:07:51,370

mailbox anymore I guess you can

153

00:07:56,340 --> 00:07:52,870

haven't been out there in years and

154

00:07:59,820 --> 00:07:56,350

years but they're certainly not much not

155

00:08:02,969 --> 00:07:59,830

much to see whether was there anything

156

00:08:06,570 --> 00:08:02,979

that surprised you that came out at the

157

00:08:08,400 --> 00:08:06,580

conference or any big revelations or

158

00:08:13,680 --> 00:08:08,410

anything or did was there anything new

159

00:08:16,379 --> 00:08:13,690

that you had not heard before not a lot

160

00:08:18,420 --> 00:08:16,389

that was new to me anyway you know I've

161

00:08:21,080 --> 00:08:18,430

been at this a long time read my first

162

00:08:25,230 --> 00:08:21,090

book in 1958 gave my first lecture in

163

00:08:28,140 --> 00:08:25,240

1967 been doing a monthly column for the

164

00:08:31,020 --> 00:08:28,150

new fund journal for you know ten years

165

00:08:35,250 --> 00:08:31,030

maybe something so I get a lot of

166

00:08:37,740 --> 00:08:35,260

feedback uh no I I wouldn't say that

167

00:08:40,050 --> 00:08:37,750

there was anything tremendously new

168

00:08:42,029 --> 00:08:40,060

newsworthy you know breakthrough or

169

00:08:44,430 --> 00:08:42,039

anything like that on the other hand

170

00:08:47,010 --> 00:08:44,440

there was serious discussion at the

171

00:08:51,450 --> 00:08:47,020

panel's about Roswell and stuff and

172

00:08:53,490 --> 00:08:51,460

frank temblor a research scientist has

173

00:08:55,470 --> 00:08:53,500

been examining small pieces of stuff

174

00:08:57,990 --> 00:08:55,480

that has been found out of the crash

175

00:09:00,570 --> 00:08:58,000

site we're waiting for more detailed

176

00:09:03,269 --> 00:09:00,580

results on the isotope ratios and the

177

00:09:05,820 --> 00:09:03,279

pieces to see whether gee maybe we can

178

00:09:09,510 --> 00:09:05,830

prove that their extraterrestrial which

179

00:09:11,340 --> 00:09:09,520

would be neat uh it takes a while and a

180

00:09:14,760 --> 00:09:11,350

lot of money to do some of these tests

181

00:09:16,530 --> 00:09:14,770

but that was exciting in that sense that

182

00:09:19,740 --> 00:09:16,540

he does have some pieces that look

183

00:09:21,449 --> 00:09:19,750

promising let's put it that way back

184

00:09:25,710 --> 00:09:21,459

back in the day when you were

185

00:09:29,220 --> 00:09:25,720

researching the Roswell story were you

186

00:09:33,810 --> 00:09:29,230

ever able to see or touch any of the

187

00:09:36,150 --> 00:09:33,820

materials the IR the that no no I've

188

00:09:40,560 --> 00:09:36,160

talked to people who handle the material

189

00:09:43,860 --> 00:09:40,570

who maybe Justin also jr. well Jesse

190

00:09:46,890 --> 00:09:43,870

Marcel senior first I was the first one

191

00:09:51,480 --> 00:09:46,900

to talk to him Sarah and his son Jesse

192

00:09:53,400 --> 00:09:51,490

Marcel jr. whom we lost so where are you

193

00:09:55,320 --> 00:09:53,410

you know and one of the things that's

194

00:09:59,490 --> 00:09:55,330

important about Roswell and that the

195

00:10:02,190 --> 00:09:59,500

debugger debunkers try to avoid talking

196

00:10:04,980 --> 00:10:02,200

about is that we're dealing with the

197

00:10:07,410 --> 00:10:04,990

most elite military group in the war

198

00:10:10,500 --> 00:10:07,420

rolled and I don't say that casually the

199

00:10:13,860 --> 00:10:10,510

50 ninth bomb wing which was the group

200

00:10:15,960 --> 00:10:13,870

based at roswell in 1947 they're the

201  
00:10:18,750 --> 00:10:15,970  
ones who dropped the atomic bomb on

202  
00:10:20,220 --> 00:10:18,760  
hiroshima and nagasaki they dropped two

203  
00:10:22,740 --> 00:10:20,230  
more than exterior at operation

204  
00:10:25,110 --> 00:10:22,750  
crossroads they were the only group in

205  
00:10:28,620 --> 00:10:25,120  
the world at that time that had any

206  
00:10:31,410 --> 00:10:28,630  
nuclear weapons either for explosion or

207  
00:10:32,579 --> 00:10:31,420  
storage or waiting whatever and people

208  
00:10:35,610 --> 00:10:32,589  
want to forget that there were

209  
00:10:37,920 --> 00:10:35,620  
hand-picked officers hand-picked men all

210  
00:10:40,650 --> 00:10:37,930  
of high-level security clearances and

211  
00:10:46,260 --> 00:10:40,660  
the best of the best I mean for example

212  
00:10:49,949 --> 00:10:46,270  
the base commander I was a West Point

213  
00:10:54,389 --> 00:10:49,959

graduate he was a colonel Blanchard was

214

00:10:57,720 --> 00:10:54,399

his name he went on after Roswell to get

215

00:11:01,170 --> 00:10:57,730

four more promotions to be a four-star

216

00:11:03,480 --> 00:11:01,180

general and was vice chief of staff of

217

00:11:06,990 --> 00:11:03,490

the Air Force when he died of a massive

218

00:11:09,840 --> 00:11:07,000

heart attack at the Pentagon now I've

219

00:11:11,880 --> 00:11:09,850

had people call him a loose cannon how

220

00:11:14,760 --> 00:11:11,890

can I call a guy a loose cannon who got

221

00:11:18,440 --> 00:11:14,770

that far every promotion after Colonel

222

00:11:21,810 --> 00:11:18,450

has to be approved by Congress hi and

223

00:11:24,690 --> 00:11:21,820

all those guys had nuclear weapons under

224

00:11:28,590 --> 00:11:24,700

their control Blanchard when he was on

225

00:11:31,560 --> 00:11:28,600

his way up was I Strategic Air Command

226

00:11:33,810 --> 00:11:31,570

and and thousands of the clear weapons

227

00:11:35,610 --> 00:11:33,820

under his control night it gotta be

228

00:11:37,440 --> 00:11:35,620

careful about who you put in those

229

00:11:39,690 --> 00:11:37,450

positions is like the people who work at

230

00:11:41,639 --> 00:11:39,700

the missile launch sites you don't just

231

00:11:43,470 --> 00:11:41,649

go around the street and say hey anybody

232

00:11:45,180 --> 00:11:43,480

want to work at the missile site you got

233

00:11:47,400 --> 00:11:45,190

to stay down underground for a while

234

00:11:49,980 --> 00:11:47,410

that's not how it happens they all get

235

00:11:52,889 --> 00:11:49,990

tested and looked after and we should be

236

00:11:54,650 --> 00:11:52,899

glad about that you know I you don't

237

00:11:57,980 --> 00:11:54,660

want somebody with an itchy finger

238

00:12:01,530 --> 00:11:57,990

finger on the button so to speak so uh

239

00:12:04,769 --> 00:12:01,540

the the people at the base now Jesse

240

00:12:06,360 --> 00:12:04,779

Marcel jr. for example he was only 11

241

00:12:09,329 --> 00:12:06,370

when he handled pieces of the wreckage

242

00:12:13,740 --> 00:12:09,339

but it went on to be a medical doctor a

243

00:12:15,720 --> 00:12:13,750

flight surgeon uh he was called back

244

00:12:18,090 --> 00:12:15,730

into the military he'd been in the

245

00:12:18,830 --> 00:12:18,100

reserve for a long time served in

246

00:12:20,420 --> 00:12:18,840

Cambodia

247

00:12:23,570 --> 00:12:20,430

you know the place that we were never at

248

00:12:27,740 --> 00:12:23,580

UH the Vietnam War while he was shot

249

00:12:33,800 --> 00:12:27,750

down there is called back ended 68 to

250

00:12:37,370 --> 00:12:33,810

serve in Iraq and he flew 225 combat

251  
00:12:42,250 --> 00:12:37,380  
hours in helicopters temperature up to

252  
00:12:47,960 --> 00:12:42,260  
130 uh at age 68 he was called back in

253  
00:12:49,700 --> 00:12:47,970  
and so I respect him so greatly I've

254  
00:12:51,770 --> 00:12:49,710  
been in his home I was in his father's

255  
00:12:54,920 --> 00:12:51,780  
home his father was the intelligence

256  
00:12:56,810 --> 00:12:54,930  
officer as well I which is how he

257  
00:12:59,150 --> 00:12:56,820  
happened to handle material it wasn't

258  
00:13:02,360 --> 00:12:59,160  
that it was Declassified at the time his

259  
00:13:04,280 --> 00:13:02,370  
dad came back from out and on the ranch

260  
00:13:07,750 --> 00:13:04,290  
were the pieces were found the stuff

261  
00:13:11,300 --> 00:13:07,760  
wasn't classified yet until the next day

262  
00:13:13,940 --> 00:13:11,310  
you know official ruling and all essa so

263  
00:13:16,730 --> 00:13:13,950

I you get people like that you get

264

00:13:19,130 --> 00:13:16,740

impressed and I've had people attack the

265

00:13:22,540 --> 00:13:19,140

public information officer guy named

266

00:13:27,380 --> 00:13:22,550

Walter out and they said what one guy a

267

00:13:28,810 --> 00:13:27,390

debunker said Oh an unnamed Pio public

268

00:13:32,510 --> 00:13:28,820

information officer released an

269

00:13:34,850 --> 00:13:32,520

unauthorized press story total baloney

270

00:13:37,070 --> 00:13:34,860

he didn't even know the name of altering

271

00:13:40,760 --> 00:13:37,080

its in all the serious books a proper

272

00:13:44,930 --> 00:13:40,770

place and it was authorized by Colonel

273

00:13:46,940 --> 00:13:44,940

Blanchard and he was more than a Pio 20

274

00:13:50,240 --> 00:13:46,950

bombing missions is a bomba dear in

275

00:13:52,790 --> 00:13:50,250

World War two and chosen to drop the

276

00:13:58,790 --> 00:13:52,800

instrument package during one of the

277

00:14:00,590 --> 00:13:58,800

atom bomb tests in 1946 and you choose

278

00:14:02,600 --> 00:14:00,600

your best guys to do that because

279

00:14:06,740 --> 00:14:02,610

without the instrument package that test

280

00:14:09,050 --> 00:14:06,750

is worthless animal so you got to be

281

00:14:12,140 --> 00:14:09,060

careful about listening to the debunkers

282

00:14:13,910 --> 00:14:12,150

I want to debunk the debunkers and they

283

00:14:15,560 --> 00:14:13,920

don't do their homework because I know

284

00:14:18,770 --> 00:14:15,570

there's no evidence you see and they

285

00:14:20,990 --> 00:14:18,780

make proclamations research by

286

00:14:24,100 --> 00:14:21,000

Proclamation is not scientific or

287

00:14:26,090 --> 00:14:24,110

rational or journalistically okay its

288

00:14:29,750 --> 00:14:26,100

investigation that we mean that's why

289

00:14:32,510 --> 00:14:29,760

I've been to 20 archives I big arguments

290

00:14:37,730 --> 00:14:32,520

going on about operation majestic 12

291

00:14:41,930 --> 00:14:37,740

named after your guy there hi MJ our

292

00:14:45,530 --> 00:14:41,940

producer who's secretly in mj-12 spy and

293

00:14:48,260 --> 00:14:45,540

that the people who are they keep saying

294

00:14:50,840 --> 00:14:48,270

well this document can't be real because

295

00:14:53,060 --> 00:14:50,850

and I've got a gunner art where listen

296

00:14:56,270 --> 00:14:53,070

12 because it's all of which I could

297

00:14:58,160 --> 00:14:56,280

demonstrate we're totally false by going

298

00:15:01,040 --> 00:14:58,170

to archives and getting factual

299

00:15:04,610 --> 00:15:01,050

information and yeah it's painstaking

300

00:15:06,410 --> 00:15:04,620

and it but it's exciting every once in a

301  
00:15:10,880 --> 00:15:06,420  
while you make a discovery that makes it

302  
00:15:13,910 --> 00:15:10,890  
all worthwhile a typical one is that one

303  
00:15:18,620 --> 00:15:13,920  
of the listed members of this mj-12

304  
00:15:20,600 --> 00:15:18,630  
group which I think was real and I think

305  
00:15:23,120 --> 00:15:20,610  
still exists but with a new name because

306  
00:15:24,860 --> 00:15:23,130  
whenever a code name gets publicized you

307  
00:15:28,190 --> 00:15:24,870  
change the name that's true i worked

308  
00:15:30,380 --> 00:15:28,200  
under security for 14 years when the

309  
00:15:33,190 --> 00:15:30,390  
most interesting people was dr. Donald

310  
00:15:35,900 --> 00:15:33,200  
Menzel a Harvard University astronomer

311  
00:15:39,290 --> 00:15:35,910  
and in verse pleasures say how could

312  
00:15:42,890 --> 00:15:39,300  
that be he was a total debunker he wrote

313  
00:15:44,990 --> 00:15:42,900

three anti UFO books you don't need a

314

00:15:48,620 --> 00:15:45,000

high level security clearance to teach

315

00:15:50,570 --> 00:15:48,630

astronomy at Harvard obviously and so

316

00:15:53,270 --> 00:15:50,580

everybody else we could tell just by

317

00:15:56,300 --> 00:15:53,280

their job so you know directors of CIA

318

00:15:58,760 --> 00:15:56,310

in cheapest at the Air Force and people

319

00:16:00,800 --> 00:15:58,770

like that uh they all had high level

320

00:16:02,930 --> 00:16:00,810

security clearances so how does mental

321

00:16:06,710 --> 00:16:02,940

fit in there obviously the documents are

322

00:16:09,650 --> 00:16:06,720

fraud well I found one little mention of

323

00:16:11,510 --> 00:16:09,660

him in another file contacted Harvard

324

00:16:14,450 --> 00:16:11,520

had to get permission from three

325

00:16:16,310 --> 00:16:14,460

different people to see his papers and I

326

00:16:18,290 --> 00:16:16,320

didn't like him while he was alive I had

327

00:16:21,350 --> 00:16:18,300

one run-in with them invited into a

328

00:16:23,450 --> 00:16:21,360

lecture I was giving at Harvard and he

329

00:16:25,790 --> 00:16:23,460

he said oh I know all about you I gave

330

00:16:27,950 --> 00:16:25,800

my name we'd never met I didn't oh you

331

00:16:29,990 --> 00:16:27,960

saw my congressional testimony next to

332

00:16:31,400 --> 00:16:30,000

yours oh I've seen letters and memos I

333

00:16:36,110 --> 00:16:31,410

didn't find out what that meant until

334

00:16:38,300 --> 00:16:36,120

last year's matter but on and his next

335

00:16:40,040 --> 00:16:38,310

statement set me off he said you can't

336

00:16:43,580 --> 00:16:40,050

be a scientist and believe in flying

337

00:16:46,300 --> 00:16:43,590

saucers at which I left here surely here

338

00:16:47,950 --> 00:16:46,310

not series you know and he got angry

339

00:16:49,750 --> 00:16:47,960

and he started a rant and rave and I

340

00:16:52,030 --> 00:16:49,760

said look I just called out of courtesy

341

00:16:53,769 --> 00:16:52,040

to invite you to my lecture tonight I

342

00:16:55,269 --> 00:16:53,779

didn't know whether they Dundee was to

343

00:16:56,530 --> 00:16:55,279

an engineering alumni group I didn't

344

00:16:58,510 --> 00:16:56,540

know whether they've done the advance

345

00:17:01,810 --> 00:16:58,520

publicity you know on campus as opposed

346

00:17:04,329 --> 00:17:01,820

to for their group oh well of course I

347

00:17:07,480 --> 00:17:04,339

won't go so I told the story at the

348

00:17:09,910 --> 00:17:07,490

lecture so I was not inclined to believe

349

00:17:11,829 --> 00:17:09,920

that he could have anything genuine to

350

00:17:16,270 --> 00:17:11,839

do with flying saucers until i get to

351  
00:17:18,189 --> 00:17:16,280  
Harvard and to my total shock I had seen

352  
00:17:20,110 --> 00:17:18,199  
as UFO correspondence at him Aaron

353  
00:17:22,540 --> 00:17:20,120  
philosophical society library nothing

354  
00:17:25,750 --> 00:17:22,550  
exciting there except the bunkering kind

355  
00:17:30,160 --> 00:17:25,760  
of thing but I go to his papers there's

356  
00:17:34,990 --> 00:17:30,170  
a file labeled JFK and holding you the

357  
00:17:37,690 --> 00:17:35,000  
Holy Grail uh Ian Kennedy was on the

358  
00:17:39,640 --> 00:17:37,700  
board of overseers at Harvard and his

359  
00:17:41,680 --> 00:17:39,650  
area of interest was astronomy so that's

360  
00:17:43,600 --> 00:17:41,690  
how he got to know Donald mental and

361  
00:17:45,790 --> 00:17:43,610  
they got to know each other pretty well

362  
00:17:48,880 --> 00:17:45,800  
even had breakfast together from looking

363  
00:17:52,840 --> 00:17:48,890

at the files and stuff anyway uh there's

364

00:17:55,090 --> 00:17:52,850

a letter from Menzel to Kennedy saying

365

00:17:59,740 --> 00:17:55,100

that there's one area in which I may be

366

00:18:03,150 --> 00:17:59,750

able to be of assistance that is with

367

00:18:07,060 --> 00:18:03,160

regard to the National Security Agency

368

00:18:09,520 --> 00:18:07,070

you know the big spy agency never says

369

00:18:15,250 --> 00:18:09,530

anything no such agency mr. Snowden's

370

00:18:17,680 --> 00:18:15,260

outfit if you will and he mental says I

371

00:18:20,200 --> 00:18:17,690

had a longer continuous association with

372

00:18:22,810 --> 00:18:20,210

this organization than anybody in the

373

00:18:25,510 --> 00:18:22,820

country 30 years and it's navy

374

00:18:29,710 --> 00:18:25,520

predecessor when we are properly cleared

375

00:18:33,010 --> 00:18:29,720

to each other I can tell you more well

376

00:18:34,210 --> 00:18:33,020

this was a total shock uh and people say

377

00:18:35,770 --> 00:18:34,220

well you could have found it on your

378

00:18:37,750 --> 00:18:35,780

computer at home no I couldn't those

379

00:18:40,810 --> 00:18:37,760

files haven't been scanned at that time

380

00:18:42,669 --> 00:18:40,820

certainly they weren't and so I went on

381

00:18:44,590 --> 00:18:42,679

to find out a lot more about mental

382

00:18:46,900 --> 00:18:44,600

there was an unpublished autobiography

383

00:18:50,980 --> 00:18:46,910

and stuff it turns out he was a

384

00:18:52,540 --> 00:18:50,990

world-class cryptographer codebreaker he

385

00:18:55,030 --> 00:18:52,550

taught cryptography

386

00:18:59,590 --> 00:18:55,040

he did classified work for a whole bunch

387

00:19:01,690 --> 00:18:59,600

of agencies nobody knew that two special

388

00:19:03,490 --> 00:19:01,700

issues of sky and telescope which

389

00:19:06,390 --> 00:19:03,500

basically published by Harvard

390

00:19:09,070 --> 00:19:06,400

Smithsonian Institution then hovered and

391

00:19:11,020 --> 00:19:09,080

neither one of them mentioned any of the

392

00:19:14,560 --> 00:19:11,030

classified work he did after World War

393

00:19:18,100 --> 00:19:14,570

two he served in the Navy intelligence

394

00:19:21,040 --> 00:19:18,110

work but who knew about all this other

395

00:19:23,440 --> 00:19:21,050

stuff nobody and there were people in

396

00:19:26,260 --> 00:19:23,450

ufology telling me outstanding gotta be

397

00:19:29,190 --> 00:19:26,270

kidney couldn't lead a double life well

398

00:19:31,810 --> 00:19:29,200

none of them went to Harvard to look and

399

00:19:35,020 --> 00:19:31,820

we all know people who lead double lives

400

00:19:37,210 --> 00:19:35,030

think of all the spies yeah 3 named

401  
00:19:40,080 --> 00:19:37,220  
three names that come to mind Burgess

402  
00:19:44,920 --> 00:19:40,090  
Philby and McClain these were three

403  
00:19:48,480 --> 00:19:44,930  
Englishmen who were spies for the Soviet

404  
00:19:51,040 --> 00:19:48,490  
Union who served in British intelligence

405  
00:19:55,960 --> 00:19:51,050  
now boy that's leading a double life

406  
00:19:59,160 --> 00:19:55,970  
isn't it Wow it is you know so anyway I

407  
00:20:02,190 --> 00:19:59,170  
get upset at people who raise objections

408  
00:20:06,310 --> 00:20:02,200  
based on proclamation rather than

409  
00:20:08,170 --> 00:20:06,320  
investigations I it's tedious but well I

410  
00:20:10,720 --> 00:20:08,180  
go into some of this I've got it on one

411  
00:20:15,940 --> 00:20:10,730  
of my other books is top secret magic

412  
00:20:17,830 --> 00:20:15,950  
Maj IC which is the story of mj-12 and I

413  
00:20:20,980 --> 00:20:17,840

raised the objections and demolished

414

00:20:23,290 --> 00:20:20,990

them you can't ignore them Stanton ball

415

00:20:27,310 --> 00:20:23,300

for people who might not be as familiar

416

00:20:33,430 --> 00:20:27,320

with the UFO field could you just give a

417

00:20:36,580 --> 00:20:33,440

brief description of what mj-12 was well

418

00:20:39,060 --> 00:20:36,590

it basically majestic-12 was a group

419

00:20:42,820 --> 00:20:39,070

established by President coolin in

420

00:20:45,190 --> 00:20:42,830

September 1947 in response to the

421

00:20:49,090 --> 00:20:45,200

recovery of the Roswell wreckage and

422

00:20:51,150 --> 00:20:49,100

bodies and there had to be consideration

423

00:20:53,470 --> 00:20:51,160

about where do we go from here and

424

00:20:56,440 --> 00:20:53,480

obviously they didn't know what were the

425

00:20:58,660 --> 00:20:56,450

intentions of the aliens where they come

426  
00:21:00,700 --> 00:20:58,670  
from what do they want and especially

427  
00:21:03,250 --> 00:21:00,710  
what can we learn from the wreckage we

428  
00:21:04,930 --> 00:21:03,260  
have that we don't want anybody else to

429  
00:21:06,370 --> 00:21:04,940  
learn because these guys could fly

430  
00:21:08,890 --> 00:21:06,380  
circles around

431  
00:21:10,960 --> 00:21:08,900  
you know Roswell the big newspaper

432  
00:21:14,680 --> 00:21:10,970  
headline was July eighth nineteen

433  
00:21:16,990 --> 00:21:14,690  
forty-seven Kenneth Arnold citing the

434  
00:21:18,850 --> 00:21:17,000  
Pacific Northwest we saw nine objects

435  
00:21:20,590 --> 00:21:18,860  
moving as a saucer would have be skipped

436  
00:21:23,830 --> 00:21:20,600  
it across the water that was generally

437  
00:21:25,570 --> 00:21:23,840  
forth two weeks earlier so there were

438  
00:21:27,400 --> 00:21:25,580

about a thousand sightings in between

439

00:21:29,410 --> 00:21:27,410

there when we come back and check but

440

00:21:31,720 --> 00:21:29,420

wasn't again was the kenneth arnold

441

00:21:34,510 --> 00:21:31,730

signing it was made public at that time

442

00:21:36,460 --> 00:21:34,520

wasn't it oh yeah i was made public and

443

00:21:38,080 --> 00:21:36,470

so I guess they probably thought oh gosh

444

00:21:41,220 --> 00:21:38,090

this is getting out of hand we've got to

445

00:21:44,080 --> 00:21:41,230

start squelching squelching this stuff

446

00:21:45,700 --> 00:21:44,090

well well just when you find bodies in

447

00:21:47,440 --> 00:21:45,710

wreckage suddenly you're not confronted

448

00:21:50,880 --> 00:21:47,450

with a high-performance aircraft your

449

00:21:53,710 --> 00:21:50,890

concern I'm fronted with a civilization

450

00:21:56,170 --> 00:21:53,720

what stick a key things that i was

451  
00:21:57,910 --> 00:21:56,180  
getting it was at arnold time the flight

452  
00:21:59,980 --> 00:21:57,920  
of these object from in front of

453  
00:22:03,640 --> 00:21:59,990  
mountain a two in front of mountain be

454  
00:22:05,410 --> 00:22:03,650  
he was flying yeah you know a good clear

455  
00:22:07,870 --> 00:22:05,420  
day looking around he was looking for a

456  
00:22:10,600 --> 00:22:07,880  
downed aircraft there's a reward if you

457  
00:22:14,620 --> 00:22:10,610  
found the aircraft and he timed these

458  
00:22:17,380 --> 00:22:14,630  
objects flight is very curious uh what's

459  
00:22:19,840 --> 00:22:17,390  
going on here because the speed record

460  
00:22:23,740 --> 00:22:19,850  
at that time was under 700 miles an hour

461  
00:22:26,320 --> 00:22:23,750  
we hadn't gone supersonic get even I and

462  
00:22:28,470 --> 00:22:26,330  
yet when he timed with the double

463  
00:22:32,080 --> 00:22:28,480

o'clock on the dashboard so to speak and

464

00:22:36,160 --> 00:22:32,090

they were going about 1,500 miles an

465

00:22:37,780 --> 00:22:36,170

hour so suddenly hey what the heck is

466

00:22:40,800 --> 00:22:37,790

going on here and his thought was that

467

00:22:43,810 --> 00:22:40,810

they were secret America government

468

00:22:45,610 --> 00:22:43,820

vehicles so line of them you don't

469

00:22:48,160 --> 00:22:45,620

usually if you're developing a new

470

00:22:52,390 --> 00:22:48,170

aircraft you test one or two you don't

471

00:22:54,700 --> 00:22:52,400

test my and so that was only two weeks

472

00:22:56,920 --> 00:22:54,710

earlier than Roswell and there were

473

00:22:59,140 --> 00:22:56,930

airline pilot sightings and other stuff

474

00:23:02,140 --> 00:22:59,150

all in that intermediate two weeks so

475

00:23:05,590 --> 00:23:02,150

when you get a rancher coming in with

476

00:23:09,730 --> 00:23:05,600

crazy wreckage to the sheriff's office

477

00:23:12,790 --> 00:23:09,740

in Roswell uh you want to know they call

478

00:23:14,230 --> 00:23:12,800

a base and major Jesse Marcel on checks

479

00:23:17,110 --> 00:23:14,240

out the sheriff's office and looks at

480

00:23:18,610 --> 00:23:17,120

this crazy wreckage and Commander

481

00:23:21,760 --> 00:23:18,620

Blanchard

482

00:23:24,340 --> 00:23:21,770

base commander sends Jesse out with

483

00:23:26,250 --> 00:23:24,350

interestingly enough he was intelligence

484

00:23:28,840 --> 00:23:26,260

officer but he was sent out with a

485

00:23:31,299 --> 00:23:28,850

counterintelligence Corps guy shirred

486

00:23:34,120 --> 00:23:31,309

Cabot because Colonel Blanchard was

487

00:23:36,700 --> 00:23:34,130

concerned about maybe there's some spies

488

00:23:38,290 --> 00:23:36,710

involved here after all this was the

489

00:23:42,130 --> 00:23:38,300

only base in the world that had nuclear

490

00:23:45,220 --> 00:23:42,140

weapons on it I you want to be careful

491

00:23:46,840 --> 00:23:45,230

you know and we knew uh it turns out

492

00:23:49,000 --> 00:23:46,850

that the Russians had spies at Los

493

00:23:52,840 --> 00:23:49,010

Alamos on the nuclear weapons program

494

00:23:55,710 --> 00:23:52,850

some people forget that two people were

495

00:23:58,660 --> 00:23:55,720

given the death penalty the Rosenbergs

496

00:24:03,160 --> 00:23:58,670

for being spies for the Soviet Union at

497

00:24:05,590 --> 00:24:03,170

Los all right fo Rosenberg many people

498

00:24:09,130 --> 00:24:05,600

aren't aware you mean we executed a

499

00:24:13,150 --> 00:24:09,140

woman you darn right we did whoa you

500

00:24:15,820 --> 00:24:13,160

know so there was great concern and you

501  
00:24:17,020 --> 00:24:15,830  
certainly couldn't go public with when

502  
00:24:18,580 --> 00:24:17,030  
you don't have answers to the key

503  
00:24:19,960 --> 00:24:18,590  
questions what do they want where are

504  
00:24:22,510 --> 00:24:19,970  
they from are they working with anybody

505  
00:24:24,070 --> 00:24:22,520  
here you know those are rather important

506  
00:24:26,919 --> 00:24:24,080  
questions two years after Pearl Harbor

507  
00:24:29,799 --> 00:24:26,929  
when half the world was starving the

508  
00:24:31,600 --> 00:24:29,809  
Marshall Plan hoping the feed Europe was

509  
00:24:35,890 --> 00:24:31,610  
just beginning at the same time this

510  
00:24:37,690 --> 00:24:35,900  
happened so you know it wasn't a world

511  
00:24:39,460 --> 00:24:37,700  
in which everybody was happy well the

512  
00:24:42,570 --> 00:24:39,470  
war is over now we can live happily ever

513  
00:24:45,250 --> 00:24:42,580

after most people were starving I

514

00:24:47,410 --> 00:24:45,260

because you know people forget how

515

00:24:50,169 --> 00:24:47,420

terrible well and could probably weren't

516

00:24:53,860 --> 00:24:50,179

alive but they forget how terrible world

517

00:24:57,820 --> 00:24:53,870

war two was and look at it from an alien

518

00:25:01,260 --> 00:24:57,830

viewpoint we Earthlings killed 50

519

00:25:05,290 --> 00:25:01,270

million of our own kind we destroyed

520

00:25:07,840 --> 00:25:05,300

1700 city and people may not be aware

521

00:25:12,040 --> 00:25:07,850

but after the war and in Hiroshima and

522

00:25:15,160 --> 00:25:12,050

Nagasaki to atomic bombs we exploded we

523

00:25:17,970 --> 00:25:15,170

Earthlings exploded two thousand nuclear

524

00:25:22,690 --> 00:25:17,980

weapons fortunately no more on people

525

00:25:24,730 --> 00:25:22,700

but from an outsider's view point mystic

526

00:25:27,970 --> 00:25:24,740

primitive society whose major activity

527

00:25:29,800 --> 00:25:27,980

is tribal warfare maybe they're coming

528

00:25:33,040 --> 00:25:29,810

down punish us

529

00:25:35,230 --> 00:25:33,050

who knows what that love oh boy on that

530

00:25:38,380 --> 00:25:35,240

note we need to go to that break right

531

00:25:41,680 --> 00:25:38,390

now you just ponder that people for a

532

00:25:43,960 --> 00:25:41,690

moment and we'll be right back with

533

00:25:45,700 --> 00:25:43,970

Stanton Friedman hi there welcome back

534

00:25:47,950 --> 00:25:45,710

you're listening to night vision radio

535

00:25:50,170 --> 00:25:47,960

if you're just joining us we're talking

536

00:25:52,810 --> 00:25:50,180

with nuclear physicist Stanton Friedman

537

00:25:56,170 --> 00:25:52,820

we've been talking about one of his

538

00:26:00,640 --> 00:25:56,180

great areas of research the Roswell

539

00:26:03,790 --> 00:26:00,650

event back in 1947 and he's sharing some

540

00:26:07,780 --> 00:26:03,800

stories with us the details about that

541

00:26:11,040 --> 00:26:07,790

event and the last thing you said was

542

00:26:14,080 --> 00:26:11,050

you know maybe someone was a little bit

543

00:26:17,080 --> 00:26:14,090

angry with us and maybe might want to

544

00:26:22,630 --> 00:26:17,090

attack us so I'll let you carry on and

545

00:26:24,790 --> 00:26:22,640

hopefully we aren't under attack well I

546

00:26:28,060 --> 00:26:24,800

hope not I they're kind of slow about it

547

00:26:30,550 --> 00:26:28,070

if they are there are many indications

548

00:26:32,470 --> 00:26:30,560

that they are concerned about our

549

00:26:35,110 --> 00:26:32,480

activities not only all the surveillance

550

00:26:39,990 --> 00:26:35,120

were military and nuclear installations

551

00:26:43,030 --> 00:26:40,000

but things like turning off missiles on

552

00:26:48,450 --> 00:26:43,040

mounts from Air Force Base way back in

553

00:26:51,690 --> 00:26:48,460

the 60s UFO shows up at the base and the

554

00:26:54,940 --> 00:26:51,700

captain up there was based security

555

00:26:57,730 --> 00:26:54,950

radios down to the or telephones down

556

00:26:59,770 --> 00:26:57,740

really to the bottom of the pit you know

557

00:27:03,220 --> 00:26:59,780

where the missiles her I'm ready to go

558

00:27:05,160 --> 00:27:03,230

and tell them about the saucer and guy

559

00:27:07,420 --> 00:27:05,170

didn't take it too seriously down there

560

00:27:10,150 --> 00:27:07,430

and then he calls back in two minutes

561

00:27:12,730 --> 00:27:10,160

and now he's very upset it's right over

562

00:27:15,040 --> 00:27:12,740

the front gate and then suddenly seven

563

00:27:19,450 --> 00:27:15,050

missiles Minuteman missiles with nuclear

564

00:27:21,640 --> 00:27:19,460

warheads on them poised to retaliate in

565

00:27:25,300 --> 00:27:21,650

the case of launch from the Soviet Union

566

00:27:28,570 --> 00:27:25,310

go offline 1m the other now

567

00:27:31,870 --> 00:27:28,580

theoretically that cannot happen but it

568

00:27:34,360 --> 00:27:31,880

did and there was great consternation

569

00:27:36,190 --> 00:27:34,370

and it's happened in several other

570

00:27:37,780 --> 00:27:36,200

places in the United States and also in

571

00:27:40,030 --> 00:27:37,790

the Soviet Union except in the Soviet

572

00:27:42,730 --> 00:27:40,040

Union went the other way suddenly a

573

00:27:45,430 --> 00:27:42,740

bunch of missiles were turned on

574

00:27:47,440 --> 00:27:45,440

and the guy in charge how to think

575

00:27:49,480 --> 00:27:47,450

clearly enough to I don't know what's

576

00:27:52,780 --> 00:27:49,490

going on here but better at these darn

577

00:27:54,400 --> 00:27:52,790

things off you know so and there's the

578

00:27:56,700 --> 00:27:54,410

famous case on the west coast were a

579

00:28:00,970 --> 00:27:56,710

missile launch down the coast from

580

00:28:03,850 --> 00:28:00,980

Vandenberg Air Force Base down I had a

581

00:28:05,680 --> 00:28:03,860

simulated warhead in and of course and

582

00:28:09,210 --> 00:28:05,690

along comes the there's a guy

583

00:28:11,590 --> 00:28:09,220

photographing this with new equipment

584

00:28:16,840 --> 00:28:11,600

it's not so easy to catch a missile

585

00:28:19,270 --> 00:28:16,850

going downrange high speed and the UFO

586

00:28:23,070 --> 00:28:19,280

flies around the thing and send some

587

00:28:27,250 --> 00:28:23,080

beams of light added and dislodges the

588

00:28:28,419 --> 00:28:27,260

simulated warhead and the guy didn't

589

00:28:31,330 --> 00:28:28,429

know he was photographing this he

590

00:28:34,060 --> 00:28:31,340

couldn't see it and then the next day

591

00:28:37,390 --> 00:28:34,070

when the film was being watched by his

592

00:28:40,150 --> 00:28:37,400

boss he comes over to him as it what

593

00:28:41,890 --> 00:28:40,160

were you filming yesterday and shows it

594

00:28:45,669 --> 00:28:41,900

to him and that's when he realizes that

595

00:28:48,370 --> 00:28:45,679

this thing had come along and going as

596

00:28:50,260 --> 00:28:48,380

fast as the missile obviously and was

597

00:28:53,950 --> 00:28:50,270

able to dislodge something that was on

598

00:28:55,450 --> 00:28:53,960

the missile nose cone and that's kind of

599

00:28:58,720 --> 00:28:55,460

scary stuff if you're a military

600

00:29:03,010 --> 00:28:58,730

commander right and there are a number

601  
00:29:06,310 --> 00:29:03,020  
of cases were well orders were given

602  
00:29:09,190 --> 00:29:06,320  
back in 1952 which was the busiest year

603  
00:29:12,010 --> 00:29:09,200  
in the old Project Blue Book history to

604  
00:29:14,020 --> 00:29:12,020  
shoot them down if they don't land when

605  
00:29:16,299 --> 00:29:14,030  
instructed to do so now you can argue

606  
00:29:18,250 --> 00:29:16,309  
how do you know an alien to get is the

607  
00:29:21,880 --> 00:29:18,260  
Prince losser down on the ground but

608  
00:29:23,890 --> 00:29:21,890  
whatever it is I have had seven

609  
00:29:27,190 --> 00:29:23,900  
different instances in which people

610  
00:29:28,870 --> 00:29:27,200  
after my lectures have quietly come up

611  
00:29:32,770 --> 00:29:28,880  
to me and told me about being in a

612  
00:29:36,669 --> 00:29:32,780  
military base where airplanes were

613  
00:29:39,610 --> 00:29:36,679

scrambled a plane was scrambled set up

614

00:29:41,919 --> 00:29:39,620

to chase a UFO and never came back and

615

00:29:44,110 --> 00:29:41,929

if I've heard seven cases obviously

616

00:29:47,500 --> 00:29:44,120

there are a lot more than that that out

617

00:29:50,710 --> 00:29:47,510

there okay you're saying that planes

618

00:29:52,450 --> 00:29:50,720

were scrambled to go and and find out

619

00:29:56,110 --> 00:29:52,460

what this was or chase it away or

620

00:29:59,020 --> 00:29:56,120

whatever market is down and the plane

621

00:30:02,320 --> 00:29:59,030

disappeared yes disintegrated and

622

00:30:04,050 --> 00:30:02,330

disappeared were the terms used in

623

00:30:08,530 --> 00:30:04,060

several articles the New York Times

624

00:30:12,550 --> 00:30:08,540

between 51 and 56 described how there

625

00:30:15,100 --> 00:30:12,560

were 200 fatal military plane crashes in

626

00:30:17,170 --> 00:30:15,110

the United States and words like

627

00:30:21,130 --> 00:30:17,180

disintegrated and disappeared kind of

628

00:30:25,300 --> 00:30:21,140

strong words and five of the pilots had

629

00:30:27,460 --> 00:30:25,310

a hundred missions or more in Korea

630

00:30:28,570 --> 00:30:27,470

which what they were good pilots because

631

00:30:30,400 --> 00:30:28,580

they were MiG's trying to shoot them

632

00:30:32,470 --> 00:30:30,410

down and you don't survive 100 missions

633

00:30:34,930 --> 00:30:32,480

unless you know what you're doing they

634

00:30:39,390 --> 00:30:34,940

come back the United States no bigs they

635

00:30:42,130 --> 00:30:39,400

have a fatal military crash hmm and so I

636

00:30:44,350 --> 00:30:42,140

there was consternation there was never

637

00:30:47,800 --> 00:30:44,360

any signs that these were intentionally

638

00:30:50,920 --> 00:30:47,810

offensive attacks because I've talked

639

00:30:52,780 --> 00:30:50,930

directly to some people a fascinating

640

00:30:55,140 --> 00:30:52,790

story one of the guys I talked to had

641

00:30:56,890 --> 00:30:55,150

been in a Navy base in South Carolina

642

00:30:58,960 --> 00:30:56,900

scrambled you know you're sitting around

643

00:31:01,690 --> 00:30:58,970

waiting with nothing to do airplanes on

644

00:31:04,420 --> 00:31:01,700

the runway ready to go and a radio call

645

00:31:06,070 --> 00:31:04,430

comes in and there's an unknown bogeys

646

00:31:08,860 --> 00:31:06,080

at nine o'clock you know you've heard it

647

00:31:11,020 --> 00:31:08,870

on the air on and so they scramble this

648

00:31:14,350 --> 00:31:11,030

guy and it goes up and he's talking to

649

00:31:16,720 --> 00:31:14,360

the radio operator on the ground and he

650

00:31:18,970 --> 00:31:16,730

gets up about 20,000 feet and he says

651  
00:31:22,870 --> 00:31:18,980  
okay where is he well he's coming up to

652  
00:31:25,690 --> 00:31:22,880  
you buddy and he looks up and ahead of

653  
00:31:27,760 --> 00:31:25,700  
them there's his bright light coming

654  
00:31:31,150 --> 00:31:27,770  
right at him it's so bright that he puts

655  
00:31:33,070 --> 00:31:31,160  
his hand up and you can see the bones in

656  
00:31:35,470 --> 00:31:33,080  
his hand which is kind of a scary

657  
00:31:38,560 --> 00:31:35,480  
thought when you think about it and so

658  
00:31:40,780 --> 00:31:38,570  
he figures I'm being attacked here what

659  
00:31:42,660 --> 00:31:40,790  
am I supposed to do well you pull the

660  
00:31:46,030 --> 00:31:42,670  
trigger on the guns that's what you do

661  
00:31:47,740 --> 00:31:46,040  
uh unfortunately that turns out the guns

662  
00:31:51,280 --> 00:31:47,750  
hadn't been loaded if you can believe

663  
00:31:53,770 --> 00:31:51,290

that and so he's talking on the radio to

664

00:31:56,320 --> 00:31:53,780

the ground and you know it describes

665

00:31:58,750 --> 00:31:56,330

this happen come take very long and then

666

00:32:01,960 --> 00:31:58,760

he the UFO is gone they're watching on

667

00:32:05,590 --> 00:32:01,970

radar down there the UFO is gone and he

668

00:32:08,560 --> 00:32:05,600

lands and he gets interrogated by two

669

00:32:11,350 --> 00:32:08,570

guys in uniform and two guys in suits

670

00:32:13,269 --> 00:32:11,360

and details he didn't know with who

671

00:32:16,450 --> 00:32:13,279

these suits were where they were from

672

00:32:19,180 --> 00:32:16,460

they reported to I believe mj-12 of

673

00:32:22,049 --> 00:32:19,190

course but when we talked about it and

674

00:32:24,610 --> 00:32:22,059

this is umpteen years later of course uh

675

00:32:27,879 --> 00:32:24,620

we agreed that he probably wouldn't be

676

00:32:29,830 --> 00:32:27,889

alive if his guns had been loaded uh he

677

00:32:31,240 --> 00:32:29,840

was a lawyer incidentally you know to

678

00:32:35,529 --> 00:32:31,250

some people I mean you can't believe

679

00:32:37,889 --> 00:32:35,539

anything but you know what I'm saying

680

00:32:41,860 --> 00:32:37,899

that the some respectable individual

681

00:32:43,990 --> 00:32:41,870

officer of the court absolutely wasn't

682

00:32:47,850 --> 00:32:44,000

he wasn't looking for attention or

683

00:32:52,330 --> 00:32:47,860

publicity and I just got a report on

684

00:32:54,970 --> 00:32:52,340

well two weeks ago a navy guy on a ship

685

00:32:57,129 --> 00:32:54,980

in the Pacific we're a bunch of knights

686

00:32:59,200 --> 00:32:57,139

on the deck of the ship and they picked

687

00:33:02,139 --> 00:32:59,210

the radar guy reports I mean they're out

688

00:33:05,619 --> 00:33:02,149

there you know monitoring the skies is

689

00:33:07,930 --> 00:33:05,629

in the middle of Pacific all right and

690

00:33:11,110 --> 00:33:07,940

so they watch something coming in on the

691

00:33:13,899 --> 00:33:11,120

radar and it goes you know just past the

692

00:33:18,669 --> 00:33:13,909

ship and they raid our guy time did I

693

00:33:23,669 --> 00:33:18,679

checked its velocity as 3500 miles an

694

00:33:26,080 --> 00:33:23,679

hour it's back in the 60s and they

695

00:33:28,090 --> 00:33:26,090

visually looked at it and timed it from

696

00:33:30,700 --> 00:33:28,100

that point to that point and they come

697

00:33:33,820 --> 00:33:30,710

up with over 3,000 miles an hour to and

698

00:33:36,249 --> 00:33:33,830

a report was made they never heard

699

00:33:38,980 --> 00:33:36,259

anything more about it at all one-way

700

00:33:41,560 --> 00:33:38,990

street information in that's the end of

701  
00:33:43,930 --> 00:33:41,570  
that now this makes sense that is

702  
00:33:48,730 --> 00:33:43,940  
something on there was an Air Force

703  
00:33:50,889 --> 00:33:48,740  
general named Bohlander Carol Bohlander

704  
00:33:53,710 --> 00:33:50,899  
he was an engineer worked on the lunar

705  
00:33:59,230 --> 00:33:53,720  
excursion module and we landed on the

706  
00:34:01,240 --> 00:33:59,240  
moon in 1969 and on july and earlier

707  
00:34:02,860 --> 00:34:01,250  
that year the condom report the

708  
00:34:04,690 --> 00:34:02,870  
university of colorado study had

709  
00:34:06,909 --> 00:34:04,700  
recommended that project Bluebook

710  
00:34:10,180 --> 00:34:06,919  
ostensibly the only air force group

711  
00:34:12,879 --> 00:34:10,190  
concerned with UFOs for many years up to

712  
00:34:15,129 --> 00:34:12,889  
that time be closed because it wasn't

713  
00:34:17,829 --> 00:34:15,139

producing information worthwhile from an

714

00:34:21,159 --> 00:34:17,839

intelligence or technology viewpoint and

715

00:34:22,270 --> 00:34:21,169

so they asked the airport's ask general

716

00:34:25,030 --> 00:34:22,280

Bohlander now

717

00:34:28,240 --> 00:34:25,040

the landed on the moon and his he wasn't

718

00:34:31,300 --> 00:34:28,250

working 12-hour days anymore as I when I

719

00:34:33,610 --> 00:34:31,310

doctor let me mention that anyway he was

720

00:34:35,409 --> 00:34:33,620

asked with a totally clean slate in

721

00:34:37,899 --> 00:34:35,419

other words he had no had not worked

722

00:34:39,520 --> 00:34:37,909

with project to look at all what should

723

00:34:41,740 --> 00:34:39,530

we do should we close it what should we

724

00:34:44,169 --> 00:34:41,750

do about blue book he wrote a memo which

725

00:34:46,450 --> 00:34:44,179

we didn't see until 10 years later was

726  
00:34:50,140 --> 00:34:46,460  
released under Freedom of Information I

727  
00:34:53,140 --> 00:34:50,150  
think by mistake but anyway in in the

728  
00:34:54,730 --> 00:34:53,150  
memo he said this resulted in the

729  
00:34:58,510 --> 00:34:54,740  
closure of Project Blue Book at the end

730  
00:35:00,790 --> 00:34:58,520  
of 69 in the memo says a moreover

731  
00:35:03,790 --> 00:35:00,800  
reports of ufos which could affect

732  
00:35:07,650 --> 00:35:03,800  
national security are made in accordance

733  
00:35:12,220 --> 00:35:07,660  
with jnet joint army navy air force

734  
00:35:17,440 --> 00:35:12,230  
publication 146 or airforce manual 55

735  
00:35:20,170 --> 00:35:17,450  
dash 11 and are not part of the blue

736  
00:35:22,300 --> 00:35:20,180  
book system that's an astonishing

737  
00:35:25,240 --> 00:35:22,310  
statement we've been told many years

738  
00:35:26,980 --> 00:35:25,250

before that many all your sins Blue Book

739

00:35:29,310 --> 00:35:26,990

was the Air Force group concern with us

740

00:35:32,110 --> 00:35:29,320

the only group in two paragraphs later

741

00:35:34,690 --> 00:35:32,120

he said if we close Project Blue Book

742

00:35:37,780 --> 00:35:34,700

the public won't have a place to report

743

00:35:39,850 --> 00:35:37,790

UFO sightings however as previously

744

00:35:43,450 --> 00:35:39,860

noted reports which could affect

745

00:35:45,400 --> 00:35:43,460

national security will continue to be

746

00:35:47,800 --> 00:35:45,410

investigated using the procedures

747

00:35:50,320 --> 00:35:47,810

designed for that purpose the Air

748

00:35:52,900 --> 00:35:50,330

Force's said one global repose I said we

749

00:35:54,850 --> 00:35:52,910

haven't done anything more well I was so

750

00:35:57,820 --> 00:35:54,860

curious when I saw this ten years later

751

00:36:00,550 --> 00:35:57,830

I decided I wanted to find one general

752

00:36:02,830 --> 00:36:00,560

Bohlander and I did I like looking for

753

00:36:05,950 --> 00:36:02,840

people with unusual names you know don't

754

00:36:07,900 --> 00:36:05,960

ask me to find John Smith and not going

755

00:36:11,020 --> 00:36:07,910

to manage it and I talked to him by

756

00:36:13,420 --> 00:36:11,030

fault he's dead now so you can't

757

00:36:15,490 --> 00:36:13,430

interview him for the program well at

758

00:36:19,690 --> 00:36:15,500

least I content maybe there are people

759

00:36:21,460 --> 00:36:19,700

who can reach out that way anyway I gave

760

00:36:23,200 --> 00:36:21,470

him a little background you know I was a

761

00:36:25,510 --> 00:36:23,210

scientist I'd worked under security for

762

00:36:27,580 --> 00:36:25,520

14 years and strong interest in UFOs was

763

00:36:29,380 --> 00:36:27,590

very intrigued with his memo I said it

764

00:36:31,390 --> 00:36:29,390

seems to me like you're saying that

765

00:36:34,480 --> 00:36:31,400

there were two separate channels for

766

00:36:35,920 --> 00:36:34,490

communications about UFOs one will

767

00:36:37,870 --> 00:36:35,930

reports that could affect me

768

00:36:40,060 --> 00:36:37,880

security and I just heard when I told

769

00:36:42,130 --> 00:36:40,070

them about a saucer going down the

770

00:36:43,750 --> 00:36:42,140

runway at a strategic air command base

771

00:36:45,940 --> 00:36:43,760

where nuclear weapons are stored by

772

00:36:47,740 --> 00:36:45,950

definition that's a national security

773

00:36:51,280 --> 00:36:47,750

problem not supposed to be anybody there

774

00:36:53,170 --> 00:36:51,290

and the other fer if my wife and I go

775

00:36:56,320 --> 00:36:53,180

outside and that's standing at the end

776

00:36:59,650 --> 00:36:56,330

of the driveway and UFO flies over big

777

00:37:01,720 --> 00:36:59,660

deal happens all the time he agreed with

778

00:37:06,160 --> 00:37:01,730

me two separate channels of

779

00:37:08,800 --> 00:37:06,170

communication now many remarkable now

780

00:37:12,010 --> 00:37:08,810

the question of course is so where did

781

00:37:15,480 --> 00:37:12,020

those reports go and this is where

782

00:37:17,650 --> 00:37:15,490

majestic-12 fills the bill very neatly

783

00:37:20,890 --> 00:37:17,660

how to be a place with high-level

784

00:37:23,320 --> 00:37:20,900

security and think of it as a Western

785

00:37:24,880 --> 00:37:23,330

wagon wheel without the rim you got all

786

00:37:28,000 --> 00:37:24,890

these spokes going to the hub you know

787

00:37:32,200 --> 00:37:28,010

and so the information goes to the hub

788

00:37:36,220 --> 00:37:32,210

but it doesn't go around in other words

789

00:37:38,770 --> 00:37:36,230

everything is compartmentalized and it's

790

00:37:42,220 --> 00:37:38,780

pretty obvious that you need certain

791

00:37:44,290 --> 00:37:42,230

kinds of follow-up on UFO sightings for

792

00:37:46,660 --> 00:37:44,300

example if you got wreckage it's got to

793

00:37:48,370 --> 00:37:46,670

be analyzed in a classified lab by

794

00:37:50,470 --> 00:37:48,380

people with my level clearances and

795

00:37:52,930 --> 00:37:50,480

great competence we have a number of

796

00:37:57,070 --> 00:37:52,940

those nuclear weapons labs national labs

797

00:38:01,960 --> 00:37:57,080

etc secondly you have to have people who

798

00:38:04,150 --> 00:38:01,970

analyze instrumentation data now the

799

00:38:05,980 --> 00:38:04,160

public doesn't know many I mean I don't

800

00:38:09,340 --> 00:38:05,990

own the radar I don't think either of

801  
00:38:10,930 --> 00:38:09,350  
you do I you know we don't have our own

802  
00:38:13,660 --> 00:38:10,940  
radars that those are government-owned

803  
00:38:17,860 --> 00:38:13,670  
facilities there was an instrumentation

804  
00:38:19,930 --> 00:38:17,870  
onboard aircraft which chases Russian

805  
00:38:22,830 --> 00:38:19,940  
aircraft we want to not only take

806  
00:38:24,700 --> 00:38:22,840  
pictures but electronic signatures

807  
00:38:27,160 --> 00:38:24,710  
electromagnetic signatures you make

808  
00:38:31,840 --> 00:38:27,170  
measurements somebody's got to handle

809  
00:38:33,970 --> 00:38:31,850  
that data and so I there's a need for an

810  
00:38:37,120 --> 00:38:33,980  
mj-12 and if there wasn't going to have

811  
00:38:41,080 --> 00:38:37,130  
to invent one but I think it fits right

812  
00:38:43,210 --> 00:38:41,090  
in with general Boulder and you know

813  
00:38:45,280 --> 00:38:43,220

it's kind of amazing that the press

814

00:38:45,900 --> 00:38:45,290

still hasn't picked up on the bowling of

815

00:38:48,390 --> 00:38:45,910

memo

816

00:38:50,400 --> 00:38:48,400

I've talked about it a lot of places and

817

00:38:52,380 --> 00:38:50,410

well the New York Times and The

818

00:38:56,220 --> 00:38:52,390

Washington Post neither one carried that

819

00:38:58,289 --> 00:38:56,230

story in 1952 about shoot them down if

820

00:39:01,529 --> 00:38:58,299

they don't land when instructed to do so

821

00:39:06,440 --> 00:39:01,539

even a number of papers but not those

822

00:39:09,630 --> 00:39:06,450

two the big guy yeah and you wonder why

823

00:39:11,609 --> 00:39:09,640

now President Kennedy wished that the

824

00:39:13,849 --> 00:39:11,619

New York Times which had the story that

825

00:39:16,529 --> 00:39:13,859

we were going to the Bay of Pigs thing

826  
00:39:20,370 --> 00:39:16,539  
they wish they had run it so they would

827  
00:39:22,849 --> 00:39:20,380  
have done that but save them some

828  
00:39:27,809 --> 00:39:22,859  
embarrassment but so you wonder is

829  
00:39:29,220 --> 00:39:27,819  
somebody controlling the press I a lot

830  
00:39:33,839 --> 00:39:29,230  
of people realize you know that there

831  
00:39:38,099 --> 00:39:33,849  
was a an office of censorship set up

832  
00:39:40,079 --> 00:39:38,109  
within two weeks of pearl harbor on the

833  
00:39:41,819 --> 00:39:40,089  
press couldn't cover certain subjects

834  
00:39:45,510 --> 00:39:41,829  
couldn't use certain the word uranium

835  
00:39:48,420 --> 00:39:45,520  
for example was prohibited it couldn't

836  
00:39:50,039 --> 00:39:48,430  
use it in a story I you couldn't talk

837  
00:39:54,359 --> 00:39:50,049  
about the Japanese few gold balloons

838  
00:39:55,950 --> 00:39:54,369

which were carrying bonds I've landed in

839

00:39:58,440 --> 00:39:55,960

the United States didn't do much damage

840

00:40:01,769 --> 00:39:58,450

we didn't want them to know how much

841

00:40:04,769 --> 00:40:01,779

damage they did or didn't do uh you know

842

00:40:08,010 --> 00:40:04,779

so one wonders how much censorship there

843

00:40:10,109 --> 00:40:08,020

has been since and especially I hope

844

00:40:13,190 --> 00:40:10,119

people remember the Church Committee and

845

00:40:16,380 --> 00:40:13,200

congressional committee in the early 70s

846

00:40:18,359 --> 00:40:16,390

which was investigating reports that

847

00:40:21,329 --> 00:40:18,369

maybe there were some journalists that

848

00:40:23,819 --> 00:40:21,339

actually worked for the CIA can you

849

00:40:28,470 --> 00:40:23,829

imagine well it turns out there were

850

00:40:31,680 --> 00:40:28,480

over 300 journalists especially those

851

00:40:36,029 --> 00:40:31,690

working overseas who were actually

852

00:40:37,650 --> 00:40:36,039

reporting to the CIA and I'm someone on

853

00:40:40,170 --> 00:40:37,660

the payroll and that's with full

854

00:40:44,039 --> 00:40:40,180

cooperation from Life magazine you know

855

00:40:47,579 --> 00:40:44,049

and other publications so if the

856

00:40:52,079 --> 00:40:47,589

government had spies working for them if

857

00:40:54,299 --> 00:40:52,089

you will I it wouldn't be surprising if

858

00:40:57,920 --> 00:40:54,309

information about UFOs was being

859

00:41:00,650 --> 00:40:57,930

channeled outside normal channels if

860

00:41:02,990 --> 00:41:00,660

will so you know I'm not talking

861

00:41:06,829 --> 00:41:03,000

conspiracy theory here I'm talking about

862

00:41:08,329 --> 00:41:06,839

the real world in which we live I you

863

00:41:14,680 --> 00:41:08,339

know and for people who wonder about

864

00:41:17,480 --> 00:41:14,690

such things I the NSA Snowden's outfit I

865

00:41:19,400 --> 00:41:17,490

we went after them in quite a law under

866

00:41:23,240 --> 00:41:19,410

Freedom of Information and eventually

867

00:41:24,920 --> 00:41:23,250

they agreed they had 156 UFO documents

868

00:41:28,430 --> 00:41:24,930

but they were classified could not be

869

00:41:32,240 --> 00:41:28,440

released so follow up legal action was

870

00:41:37,099 --> 00:41:32,250

taken and they finally released the text

871

00:41:40,099 --> 00:41:37,109

of these 156 top secret umbra UFO

872

00:41:42,760 --> 00:41:40,109

documents Wow there was a little problem

873

00:41:46,760 --> 00:41:42,770

you could read one sentence per page

874

00:41:50,660 --> 00:41:46,770

everything else was whited out believe

875

00:41:55,010 --> 00:41:50,670

it or not and the CIA took us years to

876

00:41:57,020 --> 00:41:55,020

get their top secret material and it was

877

00:42:00,890 --> 00:41:57,030

all blacked out except a few words per

878

00:42:02,780 --> 00:42:00,900

page I and people say oh there's no

879

00:42:04,970 --> 00:42:02,790

cover up Stan well tell me what's under

880

00:42:08,120 --> 00:42:04,980

the whiteout only what's under the black

881

00:42:10,960 --> 00:42:08,130

ink and as matt fraction can't because

882

00:42:13,220 --> 00:42:10,970

they use to black out the documents

883

00:42:15,589 --> 00:42:13,230

eventually dissolved what was underneath

884

00:42:20,599 --> 00:42:15,599

and I'm sorry we don't have any original

885

00:42:23,809 --> 00:42:20,609

saying you know a pretty damn stupid if

886

00:42:27,319 --> 00:42:23,819

you want an honest opinion but anybody

887

00:42:28,670 --> 00:42:27,329

who says there's no cover-up has to say

888

00:42:33,020 --> 00:42:28,680

well except for all that data that

889

00:42:36,950 --> 00:42:33,030

they're not releasing you know minor

890

00:42:40,960 --> 00:42:36,960

detail and I just got something uh two

891

00:42:45,890 --> 00:42:40,970

weeks ago I had received a very

892

00:42:48,260 --> 00:42:45,900

interesting report from a navy guy and I

893

00:42:51,440 --> 00:42:48,270

decided you know I had talked to a naval

894

00:42:54,920 --> 00:42:51,450

historian back at least ten years ago

895

00:42:57,589 --> 00:42:54,930

and wanted their UFO information and he

896

00:42:59,870 --> 00:42:57,599

says we don't have any well i sent him a

897

00:43:01,609 --> 00:42:59,880

report that have been prepared by Air

898

00:43:04,099 --> 00:43:01,619

Force intelligence and Office of Naval

899

00:43:06,079 --> 00:43:04,109

Intelligence thank you for the

900

00:43:07,910 --> 00:43:06,089

interesting reporting said but as I told

901  
00:43:11,190 --> 00:43:07,920  
you we don't have any information about

902  
00:43:14,390 --> 00:43:11,200  
UFOs well okay if

903  
00:43:16,980 --> 00:43:14,400  
getting this good navy report I filed a

904  
00:43:19,349 --> 00:43:16,990  
Freedom of Information Act requests for

905  
00:43:21,960 --> 00:43:19,359  
information i'm quoting now concerning

906  
00:43:24,470 --> 00:43:21,970  
unidentified flying objects unidentified

907  
00:43:27,960 --> 00:43:24,480  
aerial phenomena flying saucers

908  
00:43:31,589 --> 00:43:27,970  
unidentified submerged objects just for

909  
00:43:34,020 --> 00:43:31,599  
the period 2005 to the present okay i

910  
00:43:37,319 --> 00:43:34,030  
get a response back the Office of Naval

911  
00:43:42,930 --> 00:43:37,329  
Intelligence oh and I is the oldest of

912  
00:43:45,240 --> 00:43:42,940  
the intelligence agencies 1882 i jus and

913  
00:43:47,040 --> 00:43:45,250

the ocean is pretty large you know we

914

00:43:50,490 --> 00:43:47,050

they had a lot of ground to cover a lot

915

00:43:53,819 --> 00:43:50,500

of water to cover they confirmed that oh

916

00:43:55,710 --> 00:43:53,829

and I has 00 the Office of Naval

917

00:43:58,980 --> 00:43:55,720

Intelligence coordinated your request

918

00:44:04,069 --> 00:43:58,990

with the Nimitz operational intelligence

919

00:44:07,980 --> 00:44:04,079

center oh I see operational intelligence

920

00:44:10,550 --> 00:44:07,990

they confirmed oh and I has no records

921

00:44:12,930 --> 00:44:10,560

related to unidentified flying objects

922

00:44:15,180 --> 00:44:12,940

they don't say anything about flying

923

00:44:17,640 --> 00:44:15,190

saucers and identified aerial phenomena

924

00:44:21,540 --> 00:44:17,650

unidentified submerged objects so I'm

925

00:44:26,849 --> 00:44:21,550

going to file an appeal but you can

926

00:44:29,609 --> 00:44:26,859

appeal it says um no now think about it

927

00:44:31,650 --> 00:44:29,619

for a minute if you look up the Navy and

928

00:44:33,870 --> 00:44:31,660

non Wikipedia or wherever you want to

929

00:44:36,359 --> 00:44:33,880

look it up it's a huge organization with

930

00:44:38,970 --> 00:44:36,369

you know loads of ships loads of planes

931

00:44:40,740 --> 00:44:38,980

bases all over the place monitoring

932

00:44:43,040 --> 00:44:40,750

three quarters of the planet that is the

933

00:44:47,370 --> 00:44:43,050

part that's covered with oceans and

934

00:44:48,750 --> 00:44:47,380

they're trying to say that we don't have

935

00:44:51,900 --> 00:44:48,760

any wreckage related to unidentified

936

00:44:53,819 --> 00:44:51,910

flying objects and talk about those

937

00:44:56,099 --> 00:44:53,829

other things but you know that's absurd

938

00:45:00,960 --> 00:44:56,109

on its face i have talked to dozens of

939

00:45:05,579 --> 00:45:00,970

former naval people and ships um you

940

00:45:07,410 --> 00:45:05,589

know it's a closed system so it can be a

941

00:45:10,680 --> 00:45:07,420

dozen guys on the deck of the ship when

942

00:45:15,300 --> 00:45:10,690

something goes over right so they're

943

00:45:19,800 --> 00:45:15,310

either they're lying flat out or the

944

00:45:22,060 --> 00:45:19,810

records go someplace else like operation

945

00:45:25,520 --> 00:45:22,070

majestic 12

946

00:45:27,470 --> 00:45:25,530

because the of the original 12 there

947

00:45:30,920 --> 00:45:27,480

were bunch of Navy guys Air Force guys

948

00:45:34,100 --> 00:45:30,930

army guys and scientists but there were

949

00:45:37,580 --> 00:45:34,110

Navy Admirals on that committee so I'm

950

00:45:39,200 --> 00:45:37,590

suggesting that we need a Woodward and

951

00:45:43,609 --> 00:45:39,210

Bernstein I don't know where to find

952

00:45:45,770 --> 00:45:43,619

them but you know way more great yeah

953

00:45:47,630 --> 00:45:45,780

well I think it wouldn't take more than

954

00:45:52,850 --> 00:45:47,640

six months to establish that there was a

955

00:45:55,790 --> 00:45:52,860

massive cover-up I and obviously well

956

00:46:00,109 --> 00:45:55,800

obviously that the press coverage has

957

00:46:02,450 --> 00:46:00,119

been lousy uninformed one of the dozen

958

00:46:04,850 --> 00:46:02,460

or so PhD theses and people look at me

959

00:46:07,760 --> 00:46:04,860

what do you mean PhD theses it was more

960

00:46:09,920 --> 00:46:07,770

than a dozen about UFOs one of them was

961

00:46:12,020 --> 00:46:09,930

about press coverage of the subject by

962

00:46:14,600 --> 00:46:12,030

dr. Hurwitz Trent's went on to be a Dean

963

00:46:17,780 --> 00:46:14,610

of the School of Journalism not at Drake

964

00:46:19,370 --> 00:46:17,790

University got his degree his thesis was

965

00:46:22,070 --> 00:46:19,380

done at Northwestern University when

966

00:46:24,740 --> 00:46:22,080

Allen Hynek was there and would you

967

00:46:28,690 --> 00:46:24,750

believe he read 10,000 clippings about

968

00:46:31,849 --> 00:46:28,700

UFOs that would drive me up the wall Wow

969

00:46:34,460 --> 00:46:31,859

and he had some very strong comments to

970

00:46:36,710 --> 00:46:34,470

make about the inadequacy the failure to

971

00:46:40,550 --> 00:46:36,720

deal with the proper sources to take

972

00:46:43,849 --> 00:46:40,560

action and so forth so we're stuck at a

973

00:46:46,940 --> 00:46:43,859

crazy situation there's ample data but

974

00:46:50,210 --> 00:46:46,950

for some reason they've created a

975

00:46:54,320 --> 00:46:50,220

laughter curtain which keeps people from

976  
00:46:57,590 --> 00:46:54,330  
reporting their sightings uh and keeps

977  
00:47:00,590 --> 00:46:57,600  
journalists from digging into them yeah

978  
00:47:02,720 --> 00:47:00,600  
if you wanted to get reports I tried

979  
00:47:04,490 --> 00:47:02,730  
this once on a radio station Seattle my

980  
00:47:07,220 --> 00:47:04,500  
phone now almost say well are any

981  
00:47:10,250 --> 00:47:07,230  
sightings around I said look if you ask

982  
00:47:12,410 --> 00:47:10,260  
for people to call you in call in to you

983  
00:47:14,210 --> 00:47:12,420  
with their sightings I'll bet you'd get

984  
00:47:16,820 --> 00:47:14,220  
loads of I don't think so there weren't

985  
00:47:18,920 --> 00:47:16,830  
any sightings going on a new fund had

986  
00:47:23,599 --> 00:47:18,930  
what over a thousand reports last month

987  
00:47:25,849 --> 00:47:23,609  
incident on and so she said well okay

988  
00:47:27,590 --> 00:47:25,859

I'll try so we went to a commercial and

989

00:47:29,450 --> 00:47:27,600

she asked anybody to call and the rest

990

00:47:32,510 --> 00:47:29,460

of the program was people calling them

991

00:47:33,770 --> 00:47:32,520

with great sightings why and she was

992

00:47:35,810 --> 00:47:33,780

astonished

993

00:47:37,300 --> 00:47:35,820

and I get people saying what haven't

994

00:47:41,510 --> 00:47:37,310

heard anything about saucers and munch

995

00:47:43,610 --> 00:47:41,520

sometimes I've heard years well if you

996

00:47:45,530 --> 00:47:43,620

get seven hundred to a thousand reports

997

00:47:47,180 --> 00:47:45,540

a month there's plenty going on because

998

00:47:50,750 --> 00:47:47,190

most people don't report your sightings

999

00:47:52,820 --> 00:47:50,760

that's right and so you know it's

1000

00:47:54,830 --> 00:47:52,830

frustrating on the one hand when i check

1001  
00:47:57,170 --> 00:47:54,840  
my audiences ten percent of seen one

1002  
00:48:00,230 --> 00:47:57,180  
when i asked how many reported ninety

1003  
00:48:03,590 --> 00:48:00,240  
percent of hands go down Oh fear of

1004  
00:48:05,270 --> 00:48:03,600  
ridicule is the problem and I'm hoping

1005  
00:48:06,680 --> 00:48:05,280  
we're heading into no direction but of

1006  
00:48:10,730 --> 00:48:06,690  
course it isn't helped by the city

1007  
00:48:13,370 --> 00:48:10,740  
people uh because after all they're out

1008  
00:48:14,450 --> 00:48:13,380  
of a job if aliens are visiting here why

1009  
00:48:16,130 --> 00:48:14,460  
are you going to listen for radio

1010  
00:48:20,810 --> 00:48:16,140  
signals and characteristics you don't

1011  
00:48:25,910 --> 00:48:20,820  
know you know are they using am or FM

1012  
00:48:27,440 --> 00:48:25,920  
what can I say but if aliens are coming

1013  
00:48:29,540 --> 00:48:27,450

here then maybe need to learn sign

1014

00:48:32,780 --> 00:48:29,550

language no instead of listening with

1015

00:48:35,480 --> 00:48:32,790

their radio telescope mm-hmm and if you

1016

00:48:38,600 --> 00:48:35,490

look at their books it's amazing you

1017

00:48:42,530 --> 00:48:38,610

just don't see any references to serious

1018

00:48:44,420 --> 00:48:42,540

scientific studies you know the most of

1019

00:48:46,220 --> 00:48:44,430

them are astronomers they don't talk

1020

00:48:48,050 --> 00:48:46,230

about Alan hynek's book he was all in

1021

00:48:50,840 --> 00:48:48,060

the Air Force scientific consultant to

1022

00:48:52,370 --> 00:48:50,850

Project Blue Book for 20 years and the

1023

00:48:54,980 --> 00:48:52,380

head of the Astronomy Department

1024

00:48:59,020 --> 00:48:54,990

Northwestern University you'd think

1025

00:49:01,600 --> 00:48:59,030

they'd read his book on Peter Stark

1026

00:49:05,510 --> 00:49:01,610

astrophysicist at Stanford University

1027

00:49:08,690 --> 00:49:05,520

he's got a book out a good one which he

1028

00:49:10,910 --> 00:49:08,700

surveyed astronomers and got sightings

1029

00:49:15,530 --> 00:49:10,920

by astronomers besides lots of other

1030

00:49:18,220 --> 00:49:15,540

cases and so it's aggravating that

1031

00:49:21,710 --> 00:49:18,230

people who claim to be scientists

1032

00:49:24,940 --> 00:49:21,720

behaves so unscientifically about ufos

1033

00:49:27,320 --> 00:49:24,950

they want a body you know give my body

1034

00:49:31,250 --> 00:49:27,330

why would anybody give them a body if

1035

00:49:34,510 --> 00:49:31,260

they had was you know who are they we're

1036

00:49:36,790 --> 00:49:34,520

talking national security here why

1037

00:49:38,930 --> 00:49:36,800

certainly because of the technology

1038

00:49:42,380 --> 00:49:38,940

wouldn't every country on the planet

1039

00:49:44,000 --> 00:49:42,390

love to build his own flying saucer make

1040

00:49:46,430 --> 00:49:44,010

wonderful weapons delivery and defense

1041

00:49:47,450 --> 00:49:46,440

systems we spent ten billion dollars on

1042

00:49:51,530 --> 00:49:47,460

developing the scope

1043

00:49:54,290 --> 00:49:51,540

aircraft and we used it uh you know it's

1044

00:49:57,050 --> 00:49:54,300

not a trivial matter and many people

1045

00:49:59,060 --> 00:49:57,060

have no understanding that there's one

1046

00:50:04,010 --> 00:49:59,070

heck of a lot of research that goes on

1047

00:50:06,440 --> 00:50:04,020

outside academia they think he had two

1048

00:50:08,210 --> 00:50:06,450

guys to pay separately that if Roswell

1049

00:50:09,950 --> 00:50:08,220

really happened stand there have been an

1050

00:50:13,960 --> 00:50:09,960

article in the physical review within

1051  
00:50:16,640 --> 00:50:13,970  
three months what hundred nonsense no

1052  
00:50:19,550 --> 00:50:16,650  
you know I agree with you there's a heck

1053  
00:50:22,070 --> 00:50:19,560  
of a lot of research going on by

1054  
00:50:24,350 --> 00:50:22,080  
individuals out there who are interested

1055  
00:50:26,870 --> 00:50:24,360  
in just digging away and plugging away

1056  
00:50:29,600 --> 00:50:26,880  
it doesn't mean because they don't have

1057  
00:50:31,880 --> 00:50:29,610  
a lot of letters after their names that

1058  
00:50:33,500 --> 00:50:31,890  
their evidence should be ignored I think

1059  
00:50:35,780 --> 00:50:33,510  
there's well it's not only those guys

1060  
00:50:39,650 --> 00:50:35,790  
those are the independent guys and but

1061  
00:50:41,060 --> 00:50:39,660  
I'm talking about major organizations

1062  
00:50:45,800 --> 00:50:41,070  
look when I was working on nuclear

1063  
00:50:48,200 --> 00:50:45,810

airplanes way back in the 50s 1958 a

1064

00:50:51,650 --> 00:50:48,210

general electric aircraft nuclear

1065

00:50:54,020 --> 00:50:51,660

propulsion department we spent 100

1066

00:50:57,440 --> 00:50:54,030

million dollars that year there was a

1067

00:50:59,660 --> 00:50:57,450

lot of money then we employed 3,500

1068

00:51:02,540 --> 00:50:59,670

people 1100 of them were engineers and

1069

00:51:05,680 --> 00:51:02,550

scientists it wasn't six professors and

1070

00:51:10,030 --> 00:51:05,690

12 grad students for goodness sakes I

1071

00:51:12,980 --> 00:51:10,040

the NRO National Reconnaissance Office

1072

00:51:15,140 --> 00:51:12,990

which builds satellite second spy

1073

00:51:17,750 --> 00:51:15,150

satellites it costs a half a billion

1074

00:51:22,280 --> 00:51:17,760

dollars each they had a contract with

1075

00:51:24,230 --> 00:51:22,290

Boeing to uh improve the architecture of

1076  
00:51:26,360 --> 00:51:24,240  
the satellites more bang for the pound

1077  
00:51:28,850 --> 00:51:26,370  
if you will and less energy and all that

1078  
00:51:32,660 --> 00:51:28,860  
sort of thing after they spent 13

1079  
00:51:34,190 --> 00:51:32,670  
billion dollars they decided they

1080  
00:51:37,580 --> 00:51:34,200  
weren't getting what they wanted so they

1081  
00:51:40,270 --> 00:51:37,590  
cancelled the program there durgin OB

1082  
00:51:43,040 --> 00:51:40,280  
eyes warned you hold it right there

1083  
00:51:46,280 --> 00:51:43,050  
standing and continue with this right

1084  
00:51:49,220 --> 00:51:46,290  
after this break and then also if you're

1085  
00:51:51,180 --> 00:51:49,230  
game I'm going to give you some

1086  
00:51:54,540 --> 00:51:51,190  
questions from the chat room I

1087  
00:51:56,160 --> 00:51:54,550  
miss missed a lot of them so people in

1088  
00:51:57,569 --> 00:51:56,170

the chat room if you hear me asking

1089

00:51:59,940 --> 00:51:57,579

questions and I don't get to yours

1090

00:52:02,160 --> 00:51:59,950

please repost it because you guys have a

1091

00:52:04,050 --> 00:52:02,170

lot of questions tonight we're going to

1092

00:52:05,880 --> 00:52:04,060

be right back with Stanton Friedman so

1093

00:52:07,950 --> 00:52:05,890

hang in there you're listening to night

1094

00:52:10,890 --> 00:52:07,960

vision radio I'm your host Renee Barnett

1095

00:52:13,609 --> 00:52:10,900

my guest tonight is physicist Stanton

1096

00:52:17,730 --> 00:52:13,619

Friedman we're talking about all things

1097

00:52:20,640 --> 00:52:17,740

UFO and now standing if it's okay i'm

1098

00:52:23,720 --> 00:52:20,650

going to start posing some questions to

1099

00:52:26,309 --> 00:52:23,730

you from our listeners in the chat room

1100

00:52:29,910 --> 00:52:26,319

regarding what you were saying earlier

1101

00:52:33,630 --> 00:52:29,920

about those us and russian nuclear

1102

00:52:36,569 --> 00:52:33,640

armaments being affected on bases were

1103

00:52:38,609 --> 00:52:36,579

you able to get any voya documentation

1104

00:52:42,440 --> 00:52:38,619

on that or what were your sources on

1105

00:52:46,079 --> 00:52:42,450

that that's from analog in the chat room

1106

00:52:48,809 --> 00:52:46,089

well there's a book by Robert Hastings

1107

00:52:52,950 --> 00:52:48,819

about nukes and UFOs who goes into a lot

1108

00:52:57,240 --> 00:52:52,960

of that but I also met with a Robert

1109

00:52:59,819 --> 00:52:57,250

Salas Si la s who was the commander at

1110

00:53:02,329 --> 00:52:59,829

that mounts from base where the missiles

1111

00:53:04,770 --> 00:53:02,339

went down from one after the other and

1112

00:53:08,180 --> 00:53:04,780

he's written a book I wrote the foreword

1113

00:53:11,849 --> 00:53:08,190

for the book he did a splendid job and

1114

00:53:14,040 --> 00:53:11,859

you know we pick good people to head

1115

00:53:15,780 --> 00:53:14,050

missile facilities you can't have any

1116

00:53:18,329 --> 00:53:15,790

idiot sitting there with his finger on

1117

00:53:19,859 --> 00:53:18,339

the button climate site I was very

1118

00:53:21,180 --> 00:53:19,869

favorably impressed with mom and he had

1119

00:53:26,099 --> 00:53:21,190

an outstanding career in the Air Force

1120

00:53:28,920 --> 00:53:26,109

and there are other witnesses and it

1121

00:53:30,420 --> 00:53:28,930

happened more than once you know so

1122

00:53:33,030 --> 00:53:30,430

we're not talking about an isolated

1123

00:53:35,579 --> 00:53:33,040

event with one observer there were other

1124

00:53:38,870 --> 00:53:35,589

people there at that place there was an

1125

00:53:41,940 --> 00:53:38,880

investigation Boeing was involved and

1126  
00:53:43,380 --> 00:53:41,950  
somehow bob was allowed to talk many

1127  
00:53:46,559 --> 00:53:43,390  
years later this has happened back in

1128  
00:53:48,599 --> 00:53:46,569  
the 60s you understand and he's not a

1129  
00:53:51,089 --> 00:53:48,609  
young man anymore but then I'm not

1130  
00:53:55,050 --> 00:53:51,099  
either you know so we've got good

1131  
00:53:56,760 --> 00:53:55,060  
sources on that uh now it's hard when as

1132  
00:53:59,700 --> 00:53:56,770  
soon as you start talking about nuclear

1133  
00:54:02,460 --> 00:53:59,710  
weapons and missiles you're in very

1134  
00:54:04,529 --> 00:54:02,470  
touchy territorial want to come home and

1135  
00:54:06,239 --> 00:54:04,539  
I I don't blame them for being

1136  
00:54:08,789 --> 00:54:06,249  
careful about that because I wanting

1137  
00:54:11,309 --> 00:54:08,799  
about anything that would give somebody

1138  
00:54:15,659 --> 00:54:11,319

else an idea hey maybe I could do that

1139

00:54:19,589 --> 00:54:15,669

you know what water is on all those

1140

00:54:21,779 --> 00:54:19,599

nothing isn't that what happened or was

1141

00:54:25,079 --> 00:54:21,789

alleged to have happen at their in the

1142

00:54:27,209 --> 00:54:25,089

rental rendlesham forest incident that

1143

00:54:29,339 --> 00:54:27,219

way we don't know that they stop the

1144

00:54:31,079 --> 00:54:29,349

missiles from operating but there were

1145

00:54:32,849 --> 00:54:31,089

certainly nuclear weapons at the base

1146

00:54:36,209 --> 00:54:32,859

although that had not been publicly

1147

00:54:38,219 --> 00:54:36,219

acknowledged prior that's right uh and

1148

00:54:40,709 --> 00:54:38,229

keep little secret here is there and

1149

00:54:42,539 --> 00:54:40,719

I've talked to Colonel halt who was the

1150

00:54:45,329 --> 00:54:42,549

assistant base commander and there's no

1151  
00:54:48,870 --> 00:54:45,339  
question that it was a major event there

1152  
00:54:51,839 --> 00:54:48,880  
I not only people seeing things but as

1153  
00:54:54,839 --> 00:54:51,849  
the dart thing landed and then took off

1154  
00:54:58,859 --> 00:54:54,849  
and the increased radioactivity where it

1155  
00:55:01,069 --> 00:54:58,869  
had landed and we were lucky that came

1156  
00:55:03,479 --> 00:55:01,079  
out because it was a giant American

1157  
00:55:06,439 --> 00:55:03,489  
British thing and somebody got a

1158  
00:55:08,909 --> 00:55:06,449  
document on our side of the pond and

1159  
00:55:12,659 --> 00:55:08,919  
followed up on it and now other guys

1160  
00:55:14,909 --> 00:55:12,669  
have talked I and yeah that's probably

1161  
00:55:17,789 --> 00:55:14,919  
the best case in England Nick Pope is

1162  
00:55:21,839 --> 00:55:17,799  
written about it very Warren who was

1163  
00:55:25,079 --> 00:55:21,849

there has written about it uh Rendlesham

1164

00:55:27,359 --> 00:55:25,089

forest yes it's the English Roswell but

1165

00:55:33,539 --> 00:55:27,369

of course there were no bodies sorry

1166

00:55:37,109 --> 00:55:33,549

guys no rail wreckage right and let's

1167

00:55:38,640 --> 00:55:37,119

say I forgot to write down the name of

1168

00:55:41,880 --> 00:55:38,650

who asked this question so i do

1169

00:55:44,279 --> 00:55:41,890

apologize to whichever of my chat

1170

00:55:47,249 --> 00:55:44,289

roommates I've left out here but the

1171

00:55:50,789 --> 00:55:47,259

question is in regards to Linda Moulton

1172

00:55:55,189 --> 00:55:50,799

Howes interview with an ex Air Force

1173

00:55:57,899 --> 00:55:55,199

pilot about an alleged alien base in

1174

00:56:00,390 --> 00:55:57,909

Antarctica are you familiar with that

1175

00:56:05,219 --> 00:56:00,400

and no I haven't but there have been

1176  
00:56:07,769 --> 00:56:05,229  
rumors about alien bases Nazi bases all

1177  
00:56:10,439 --> 00:56:07,779  
kinds of bases at the center of the

1178  
00:56:13,949 --> 00:56:10,449  
earth going in at the poles Antarctica

1179  
00:56:17,380 --> 00:56:13,959  
and I to put it simply there in my grey

1180  
00:56:19,210 --> 00:56:17,390  
basket maybe not enough data

1181  
00:56:21,010 --> 00:56:19,220  
right those are pretty serious things

1182  
00:56:24,880 --> 00:56:21,020  
and I don't have my own plane to go down

1183  
00:56:26,710 --> 00:56:24,890  
and check out Antarctica sorry okay yeah

1184  
00:56:28,660 --> 00:56:26,720  
no you know it's funny it keeps coming

1185  
00:56:31,420 --> 00:56:28,670  
up lately Antarctica and then it did

1186  
00:56:34,330 --> 00:56:31,430  
remind me of that i had heard what you

1187  
00:56:37,570 --> 00:56:34,340  
just said that I've heard stories about

1188  
00:56:41,800 --> 00:56:37,580

both poles that's going in and coming

1189

00:56:45,880 --> 00:56:41,810

out the other end and so forth but also

1190

00:56:50,140 --> 00:56:45,890

I know you from opined on the bob lazar

1191

00:56:53,830 --> 00:56:50,150

story and we are still a hot issue I

1192

00:56:55,930 --> 00:56:53,840

guess recently there's been a someone

1193

00:56:59,320 --> 00:56:55,940

that's come forward that claimed to have

1194

00:57:03,820 --> 00:56:59,330

worked with bob lazar uh well yeah I

1195

00:57:10,990 --> 00:57:03,830

graduate yes I'd not well okay yesterday

1196

00:57:14,380 --> 00:57:11,000

I talked with dr. Krank oh uh who has a

1197

00:57:17,800 --> 00:57:14,390

PhD from MIT and as a consultant has his

1198

00:57:24,790 --> 00:57:17,810

own business in New Mexico and he was

1199

00:57:30,160 --> 00:57:24,800

mentioned by George the fine journalist

1200

00:57:33,910 --> 00:57:30,170

George Knapp from klas-tv and I talked

1201  
00:57:35,920 --> 00:57:33,920  
to dr. Krank oh and they the impression

1202  
00:57:39,960 --> 00:57:35,930  
had been given by some things that had

1203  
00:57:43,720 --> 00:57:39,970  
been written that he verified Bob Lazar

1204  
00:57:47,350 --> 00:57:43,730  
well what that really meant when I

1205  
00:57:49,660 --> 00:57:47,360  
talked to him on was that he was a

1206  
00:57:51,790 --> 00:57:49,670  
consultant that Los Alamos from time to

1207  
00:57:55,840 --> 00:57:51,800  
time and while he was there on occasion

1208  
00:57:58,330 --> 00:57:55,850  
he had noted Bob Lazar and he met him

1209  
00:58:01,210 --> 00:57:58,340  
and didn't have any close interaction or

1210  
00:58:03,280 --> 00:58:01,220  
anything but you know and he he had a

1211  
00:58:06,160 --> 00:58:03,290  
pocket protector and he looked like a

1212  
00:58:07,780 --> 00:58:06,170  
scientist and sounded like one and he

1213  
00:58:11,080 --> 00:58:07,790

obviously had a clear answer he wouldn't

1214

00:58:12,910 --> 00:58:11,090

have been there but he I checked with

1215

00:58:15,190 --> 00:58:12,920

him on this because people were saying

1216

00:58:18,070 --> 00:58:15,200

that well he verified that bob was home

1217

00:58:20,140 --> 00:58:18,080

the truth no he verified that he saw Bob

1218

00:58:23,350 --> 00:58:20,150

there and probably in a scientific

1219

00:58:28,360 --> 00:58:23,360

capacity and Bob's name is in the Los

1220

00:58:30,330 --> 00:58:28,370

Alamos phone book sir but then he worked

1221

00:58:33,810 --> 00:58:30,340

at the Maison facility

1222

00:58:36,510 --> 00:58:33,820

his sharp guy bright guy and good

1223

00:58:40,410 --> 00:58:36,520

technician he built the jet powered car

1224

00:58:43,140 --> 00:58:40,420

and runs a scientific company united

1225

00:58:46,410 --> 00:58:43,150

nuclear my name as a matter of fact but

1226

00:58:48,120 --> 00:58:46,420

when I talked to dr. Krank oh yeah he

1227

00:58:50,880 --> 00:58:48,130

knew that bobbin worked there and so

1228

00:58:56,220 --> 00:58:50,890

forth but he never verified that Bob had

1229

00:58:58,410 --> 00:58:56,230

any of the credentials and that has been

1230

00:59:02,460 --> 00:58:58,420

my problem from the start I was asked

1231

00:59:05,010 --> 00:59:02,470

about Bob 25 years ago people were

1232

00:59:06,840 --> 00:59:05,020

claiming he was claiming that he was a

1233

00:59:09,150 --> 00:59:06,850

nuclear physicist with a master's degree

1234

00:59:12,630 --> 00:59:09,160

in physics from MIT and another one

1235

00:59:14,610 --> 00:59:12,640

electronics from Caltech wow those are

1236

00:59:16,920 --> 00:59:14,620

impressive credentials so people knowing

1237

00:59:18,810 --> 00:59:16,930

that I'm a nuclear physicist and a lot

1238

00:59:21,720 --> 00:59:18,820

of older than Bob we're asking me about

1239

00:59:23,970 --> 00:59:21,730

him so I figured I better check so I did

1240

00:59:25,650 --> 00:59:23,980

several things and nobody else seems to

1241

00:59:28,560 --> 00:59:25,660

have repeated them for some crazy reason

1242

00:59:31,590 --> 00:59:28,570

but I checked with MIT I talked to five

1243

00:59:34,020 --> 00:59:31,600

different people there I they never

1244

00:59:36,840 --> 00:59:34,030

heard of them the physics department the

1245

00:59:38,430 --> 00:59:36,850

Registrar's Office I talked to the legal

1246

00:59:40,290 --> 00:59:38,440

counsel no there was no way for the

1247

00:59:44,010 --> 00:59:40,300

government to wipe out records I talked

1248

00:59:46,020 --> 00:59:44,020

to the guy who kept the theses because

1249

00:59:49,470 --> 00:59:46,030

for a master's in physics at MIT you

1250

00:59:52,050 --> 00:59:49,480

need a thesis uh and I couldn't find any

1251

00:59:53,280 --> 00:59:52,060

sign of him but I also checked with he

1252

00:59:55,290 --> 00:59:53,290

wasn't a member of the american physical

1253

00:59:58,230 --> 00:59:55,300

society or the american nuclear society

1254

00:59:59,460 --> 00:59:58,240

I checked with Cal Tech had two

1255

01:00:02,070 --> 00:59:59,470

different people there and they never

1256

01:00:03,450 --> 01:00:02,080

heard of him but I went further George

1257

01:00:04,980 --> 01:00:03,460

Knapp gave me the name of his high

1258

01:00:08,220 --> 01:00:04,990

school Bob's high school in New York

1259

01:00:12,420 --> 01:00:08,230

State and I called them and talk a woman

1260

01:00:14,220 --> 01:00:12,430

their dugout his files and I well what

1261

01:00:16,110 --> 01:00:14,230

she told me was that a he didn't

1262

01:00:19,710 --> 01:00:16,120

graduate with his class he graduated an

1263

01:00:21,840 --> 01:00:19,720

August that raises some questions more

1264

01:00:24,750 --> 01:00:21,850

importantly he only had one science

1265

01:00:26,820 --> 01:00:24,760

course chemistry even more importantly

1266

01:00:30,630 --> 01:00:26,830

he wasn't in the top ten I asked her was

1267

01:00:33,810 --> 01:00:30,640

in tennis class no top 20 no she's

1268

01:00:38,070 --> 01:00:33,820

beginning to laugh a bit top 15 no top

1269

01:00:41,070 --> 01:00:38,080

100 no and she told me he was like to 66

1270

01:00:43,770 --> 01:00:41,080

out of 360 in his high school that's the

1271

01:00:47,070 --> 01:00:43,780

bottom third you cannot get

1272

01:00:48,840 --> 01:00:47,080

into MIT if you're in the bottom third

1273

01:00:50,970 --> 01:00:48,850

of your high school class I don't care

1274

01:00:52,800 --> 01:00:50,980

how smart your honor especially with

1275

01:00:54,630 --> 01:00:52,810

just chemistry I know I was accepted to

1276

01:00:56,310 --> 01:00:54,640

MIT out of high school I was

1277

01:00:58,680 --> 01:00:56,320

valedictorian of my class I couldn't

1278

01:01:03,450 --> 01:00:58,690

afford to go it was nine hundred fifty

1279

01:01:06,960 --> 01:01:03,460

bucks a year now is 35,000 but but I

1280

01:01:09,720 --> 01:01:06,970

also checked he was at the Rachel Nevada

1281

01:01:13,800 --> 01:01:09,730

the little ealing in a hotbed of UFO

1282

01:01:15,630 --> 01:01:13,810

activity and good coffee and he was

1283

01:01:18,930 --> 01:01:15,640

there answering questions and somebody

1284

01:01:21,870 --> 01:01:18,940

asked to name any of his professors

1285

01:01:25,650 --> 01:01:21,880

that's legitimate question mit Caltech

1286

01:01:28,590 --> 01:01:25,660

any we're talking top drawer and he said

1287

01:01:32,550 --> 01:01:28,600

well let me see William dr. he'll

1288

01:01:35,040 --> 01:01:32,560

remember me from Caltech well I went the

1289

01:01:37,170 --> 01:01:35,050

I heard a tape of this I didn't hear the

1290

01:01:38,940 --> 01:01:37,180

program I went to my directing the

1291

01:01:42,990 --> 01:01:38,950

american physical society is only one

1292

01:01:44,820 --> 01:01:43,000

William ducts or I called him and he

1293

01:01:48,000 --> 01:01:44,830

never taught it counts i can only taught

1294

01:01:49,770 --> 01:01:48,010

it Pierce junior college he was angry

1295

01:01:52,650 --> 01:01:49,780

that somebody was using his name so he

1296

01:01:55,890 --> 01:01:52,660

checked and it turns out when I called

1297

01:01:58,320 --> 01:01:55,900

him back he had checked and uh he had

1298

01:02:00,360 --> 01:01:58,330

bombed in a night school course at

1299

01:02:04,140 --> 01:02:00,370

Pierce junior college at the very same

1300

01:02:08,240 --> 01:02:04,150

time when he was supposedly at MIT 2,500

1301  
01:02:11,190 --> 01:02:08,250  
miles away so that claim was nonsense

1302  
01:02:15,480 --> 01:02:11,200  
but furthermore he claimed that Los

1303  
01:02:20,670 --> 01:02:15,490  
Alamos had 500 pounds plus of element 1

1304  
01:02:22,830 --> 01:02:20,680  
15 mins element 115 now Bob didn't

1305  
01:02:26,370 --> 01:02:22,840  
invent it discover it establish its

1306  
01:02:28,850 --> 01:02:26,380  
reality physicist at an accelerator ran

1307  
01:02:32,940 --> 01:02:28,860  
accelerator for a couple of weeks and

1308  
01:02:35,010 --> 01:02:32,950  
made four atoms of the stuff and that's

1309  
01:02:37,230 --> 01:02:35,020  
good for physics says it can't do

1310  
01:02:39,720 --> 01:02:37,240  
anything with it and it has a very short

1311  
01:02:42,660 --> 01:02:39,730  
half-life all the trans uranium that is

1312  
01:02:46,620 --> 01:02:42,670  
elements with atomic numbers higher than

1313  
01:02:49,860 --> 01:02:46,630

that of uranium 92 are radioactive the

1314

01:02:52,530 --> 01:02:49,870

half-lives very but 115 as a half life

1315

01:02:56,400 --> 01:02:52,540

under two minutes that means there is no

1316

01:02:56,950 --> 01:02:56,410

possible way you could collect 500

1317

01:03:01,300 --> 01:02:56,960

pounds of

1318

01:03:03,700 --> 01:03:01,310

stuff and God you know so i guess it

1319

01:03:06,089 --> 01:03:03,710

like the big deal at your time at the

1320

01:03:11,470 --> 01:03:06,099

big deal at the time i guess was that

1321

01:03:13,810 --> 01:03:11,480

element 115 was not yet on the charts

1322

01:03:16,060 --> 01:03:13,820

and i think it was up to about element 1

1323

01:03:18,609 --> 01:03:16,070

11 or something at that time well it was

1324

01:03:21,700 --> 01:03:18,619

expecting to be found expected to be

1325

01:03:23,859 --> 01:03:21,710

found but you needed a big accelerator

1326

01:03:27,180 --> 01:03:23,869

run at high power for a long period of

1327

01:03:30,550 --> 01:03:27,190

time that's not easy it's not cheap and

1328

01:03:33,120 --> 01:03:30,560

so Bob didn't invent it discover it and

1329

01:03:35,770 --> 01:03:33,130

it had been written about an article in

1330

01:03:38,920 --> 01:03:35,780

Scientific American yours before Bob

1331

01:03:41,260 --> 01:03:38,930

said anything about 115 you know it's

1332

01:03:44,230 --> 01:03:41,270

it's a science fiction approach to the

1333

01:03:47,800 --> 01:03:44,240

problem hey maybe we've got a mysterious

1334

01:03:50,589 --> 01:03:47,810

element here mm-hmm and stuff like that

1335

01:03:54,099 --> 01:03:50,599

but you know that my bob is a bright guy

1336

01:03:56,470 --> 01:03:54,109

uh and he did work at Los Alamos were

1337

01:03:59,560 --> 01:03:56,480

short verdict time yes Lily was out at

1338

01:04:02,820 --> 01:03:59,570

area 51 and we have to give him credit

1339

01:04:05,620 --> 01:04:02,830

for making area 51 a household word

1340

01:04:09,670 --> 01:04:05,630

remember it was established for the

1341

01:04:11,710 --> 01:04:09,680

development of the you two aircraft they

1342

01:04:13,839 --> 01:04:11,720

needed a place away from people where

1343

01:04:16,420 --> 01:04:13,849

they could test the new airplane a spy

1344

01:04:19,000 --> 01:04:16,430

plane and for a whole bunch of other spy

1345

01:04:21,220 --> 01:04:19,010

planes now the most outstanding thing

1346

01:04:23,970 --> 01:04:21,230

about his claims was that he told people

1347

01:04:27,099 --> 01:04:23,980

long three successive Wednesday nights

1348

01:04:29,890 --> 01:04:27,109

that there'd be something flying at a

1349

01:04:32,079 --> 01:04:29,900

certain time it's let's say 830 and they

1350

01:04:35,050 --> 01:04:32,089

went out and I saw it what who knows

1351

01:04:38,200 --> 01:04:35,060

what it was so austere the notion that

1352

01:04:40,630 --> 01:04:38,210

he was back engineering flying saucers a

1353

01:04:43,329 --> 01:04:40,640

scoutship for so forth as no

1354

01:04:45,400 --> 01:04:43,339

substantiation behind it and I have

1355

01:04:50,620 --> 01:04:45,410

trouble believing anything said by a guy

1356

01:04:53,530 --> 01:04:50,630

who will lie about his background I you

1357

01:04:55,420 --> 01:04:53,540

know I his friend gene Haas asked me

1358

01:04:58,420 --> 01:04:55,430

well what would it take to convince you

1359

01:05:00,460 --> 01:04:58,430

bob was legit I said well this is a

1360

01:05:03,790 --> 01:05:00,470

friendly conversation I said well you

1361

01:05:05,620 --> 01:05:03,800

know copies of his diplomas the title of

1362

01:05:08,920 --> 01:05:05,630

his thesis the name of his thesis

1363

01:05:10,660 --> 01:05:08,930

advisor maybe listings in directories of

1364

01:05:13,750 --> 01:05:10,670

professional organization there are

1365

01:05:17,710 --> 01:05:13,760

resumes like that and i sent him a whole

1366

01:05:19,090 --> 01:05:17,720

bunch of stuff i think you're gonna tell

1367

01:05:22,330 --> 01:05:19,100

me that somebody has master's degree

1368

01:05:25,510 --> 01:05:22,340

from Cal Tech and MIT and doesn't have

1369

01:05:29,020 --> 01:05:25,520

them uh you know you put up on a wall

1370

01:05:31,180 --> 01:05:29,030

maybe webos does but a lot of effort

1371

01:05:33,520 --> 01:05:31,190

goes into those and also incidentally

1372

01:05:36,310 --> 01:05:33,530

bombers never said anything about having

1373

01:05:39,400 --> 01:05:36,320

a bachelor's degree I think it a masters

1374

01:05:42,870 --> 01:05:39,410

without a bachelor's haha that's that's

1375

01:05:45,670 --> 01:05:42,880

kind of difficult but you know what is

1376

01:05:50,350 --> 01:05:45,680

interesting to me you know just as a

1377

01:05:53,890 --> 01:05:50,360

side you know he came he came out

1378

01:05:58,480 --> 01:05:53,900

basically in 1989 to George Knapp yeah

1379

01:06:01,300 --> 01:05:58,490

at klas television station and a darn

1380

01:06:05,470 --> 01:06:01,310

good reporter blurted out this story

1381

01:06:08,410 --> 01:06:05,480

exactly that's my point okay George

1382

01:06:12,600 --> 01:06:08,420

Knapp is a newsman he's a news reporter

1383

01:06:16,000 --> 01:06:12,610

he's a journal darn good one yep so I'm

1384

01:06:19,300 --> 01:06:16,010

sure he must have also looked into this

1385

01:06:22,420 --> 01:06:19,310

credential question well I talked to him

1386

01:06:27,220 --> 01:06:22,430

two weeks ago he says I have no faith

1387

01:06:30,580 --> 01:06:27,230

that Bob had any of those degrees he

1388

01:06:33,430 --> 01:06:30,590

does exclaiming that he did no but but

1389

01:06:36,310 --> 01:06:33,440

does he does he believe Bob story I

1390

01:06:39,040 --> 01:06:36,320

thought he did well he believes that bob

1391

01:06:42,220 --> 01:06:39,050

was out there and that he had something

1392

01:06:44,650 --> 01:06:42,230

to do with area 51 that doesn't mean we

1393

01:06:48,670 --> 01:06:44,660

have any basis for assuming he worked on

1394

01:06:50,020 --> 01:06:48,680

back-engineering flying saucers you know

1395

01:06:51,730 --> 01:06:50,030

there's no evidence of that there's no

1396

01:06:55,750 --> 01:06:51,740

piece of paper that even has a title

1397

01:06:58,690 --> 01:06:55,760

form of scientist physicist you know

1398

01:07:00,760 --> 01:06:58,700

those fancy titles you get right I had

1399

01:07:02,680 --> 01:07:00,770

titles every place I worked and it's a

1400

01:07:05,650 --> 01:07:02,690

work classification you know and is

1401

01:07:10,960 --> 01:07:05,660

you're just certain status and whatever

1402

01:07:15,160 --> 01:07:10,970

it is uh so George now remember i worked

1403

01:07:17,470 --> 01:07:15,170

in under security for 14 years hi and

1404

01:07:21,310 --> 01:07:17,480

George was not familiar with some of the

1405

01:07:23,050 --> 01:07:21,320

basics like at one time he thought if

1406

01:07:24,039 --> 01:07:23,060

you worked at Los Alamos you had to be a

1407

01:07:26,949 --> 01:07:24,049

scientist

1408

01:07:28,689 --> 01:07:26,959

sorry as I mentioned on the aircraft

1409

01:07:30,880 --> 01:07:28,699

with their propulsion program on the

1410

01:07:33,549 --> 01:07:30,890

1100 out of 3,500 employees were

1411

01:07:36,039 --> 01:07:33,559

engineers or scientists you got all

1412

01:07:38,529 --> 01:07:36,049

kinds of people and it certainly had a

1413

01:07:41,499 --> 01:07:38,539

security clearance and on the chin the

1414

01:07:43,179 --> 01:07:41,509

door I've been to Los Alamos when I was

1415

01:07:45,029 --> 01:07:43,189

working on nuclear rocket engines which

1416

01:07:48,130 --> 01:07:45,039

they were working on at the same time

1417

01:07:50,679 --> 01:07:48,140

but you your clearance gets transferred

1418

01:07:52,599 --> 01:07:50,689

you have to have a clearance so I've

1419

01:07:54,849 --> 01:07:52,609

never said that Bob didn't work at Los

1420

01:07:57,009 --> 01:07:54,859

Alamos the phone book proves that he did

1421

01:07:58,839 --> 01:07:57,019

it certainly doesn't say he did anything

1422

01:08:01,419 --> 01:07:58,849

that relates to back engineering a

1423

01:08:03,009 --> 01:08:01,429

flying saucer it worked out at the

1424

01:08:04,689 --> 01:08:03,019

Maison facility they needed people

1425

01:08:06,999 --> 01:08:04,699

because the professor's come there

1426

01:08:08,679 --> 01:08:07,009

without their grad students it's a

1427

01:08:11,759 --> 01:08:08,689

unique facilities the only one in the

1428

01:08:16,180 --> 01:08:11,769

world that is the characteristic beam

1429

01:08:18,099 --> 01:08:16,190

and he's a bright Connie I but none of

1430

01:08:21,399 --> 01:08:18,109

that means he was back engineering

1431

01:08:25,359 --> 01:08:21,409

flying saucers you know I i agree with

1432

01:08:29,859 --> 01:08:25,369

you i mean i knew bob lazar actually I

1433

01:08:32,140 --> 01:08:29,869

had a production company several years

1434

01:08:36,339 --> 01:08:32,150

ago by the name of blue book films by

1435

01:08:39,459 --> 01:08:36,349

the way and we owned the life rights of

1436

01:08:40,930 --> 01:08:39,469

bob lazar for a couple of years you were

1437

01:08:43,470 --> 01:08:40,940

gonna make a movie weren't you're gonna

1438

01:08:45,910 --> 01:08:43,480

make a movie gonna make a movie and

1439

01:08:49,329 --> 01:08:45,920

didn't get it done we did get an offer

1440

01:08:51,339 --> 01:08:49,339

for a television movie but the terms

1441

01:08:54,609 --> 01:08:51,349

weren't weren't that great so we didn't

1442

01:08:57,010 --> 01:08:54,619

do it but we always intended to do that

1443

01:08:59,109 --> 01:08:57,020

film and I was always hoping that there

1444

01:09:03,490 --> 01:08:59,119

would be more evidence emerging but but

1445

01:09:05,859 --> 01:09:03,500

so far it really hasn't has it no it had

1446

01:09:09,609 --> 01:09:05,869

look I'm as disappointed as anybody else

1447

01:09:12,990 --> 01:09:09,619

and I'm impressed with the guy and I

1448

01:09:16,899 --> 01:09:13,000

talked to dr. Frankel today and

1449

01:09:18,939 --> 01:09:16,909

yesterday sorry and was very impressed

1450

01:09:21,609 --> 01:09:18,949

he is straightforward scientist when we

1451  
01:09:24,339 --> 01:09:21,619  
talked scientific stuff and agreed about

1452  
01:09:28,799 --> 01:09:24,349  
a lot of things and some question bob

1453  
01:09:31,539 --> 01:09:28,809  
was there but being there does it mean

1454  
01:09:33,399 --> 01:09:31,549  
atlas all of us that he was working on

1455  
01:09:37,510 --> 01:09:33,409  
back engineering flying saucony use

1456  
01:09:39,730 --> 01:09:37,520  
terms like gravity wave amplifier

1457  
01:09:43,210 --> 01:09:39,740  
patient I don't know what the heck that

1458  
01:09:46,000 --> 01:09:43,220  
means to science fiction term I talked

1459  
01:09:48,130 --> 01:09:46,010  
to a radio man from Berkeley who

1460  
01:09:50,860 --> 01:09:48,140  
interviewed Bob with a physicist in

1461  
01:09:53,079 --> 01:09:50,870  
disguise along with him and every once

1462  
01:09:55,660 --> 01:09:53,089  
in a while the physicist would ask a

1463  
01:09:57,640 --> 01:09:55,670

question that Bob couldn't answer and he

1464

01:09:58,720 --> 01:09:57,650

told the interviewer that how much you

1465

01:10:00,190 --> 01:09:58,730

want to bet he doesn't show up tomorrow

1466

01:10:04,240 --> 01:10:00,200

they're supposed to do a second session

1467

01:10:07,240 --> 01:10:04,250

he didn't so you know don't ask me the

1468

01:10:10,000 --> 01:10:07,250

psychology of bob lazar I won't claim to

1469

01:10:11,860 --> 01:10:10,010

know anything about it he's a wannabe I

1470

01:10:14,710 --> 01:10:11,870

guess and he certainly was as bright as

1471

01:10:18,670 --> 01:10:14,720

most of the people around that isn't the

1472

01:10:21,070 --> 01:10:18,680

question but yes his story true you know

1473

01:10:24,250 --> 01:10:21,080

wait we just don't know we just don't

1474

01:10:26,680 --> 01:10:24,260

know now let me if you don't mind we've

1475

01:10:28,240 --> 01:10:26,690

only got about five and a half more

1476

01:10:32,830 --> 01:10:28,250

minutes let go to show and I got a

1477

01:10:38,890 --> 01:10:32,840

couple of quick questions for you one is

1478

01:10:42,580 --> 01:10:38,900

a about the changing shapes of flying

1479

01:10:45,220 --> 01:10:42,590

saucers or UFOs rather it der Hoff says

1480

01:10:48,580 --> 01:10:45,230

that in the 50s of course we saw the

1481

01:10:51,430 --> 01:10:48,590

saucers and all that and then later the

1482

01:10:54,750 --> 01:10:51,440

triangular shapes and now you know we

1483

01:10:58,420 --> 01:10:54,760

see triangles and orbs so what do you

1484

01:11:02,350 --> 01:10:58,430

are they advancing their technology or

1485

01:11:03,970 --> 01:11:02,360

are we seeing different things well you

1486

01:11:05,590 --> 01:11:03,980

know it's an interesting question I

1487

01:11:09,820 --> 01:11:05,600

think we've been under surveillance for

1488

01:11:11,830 --> 01:11:09,830

thousands of years I think every planet

1489

01:11:13,570 --> 01:11:11,840

that has finally gotten exact together

1490

01:11:16,360 --> 01:11:13,580

and connect as a planet which we

1491

01:11:19,750 --> 01:11:16,370

certainly haven't done yet is concerned

1492

01:11:21,250 --> 01:11:19,760

about a surprise attacks you know they

1493

01:11:23,650 --> 01:11:21,260

don't want to Pearl Harbor any more than

1494

01:11:27,040 --> 01:11:23,660

we would like another one so the word

1495

01:11:29,860 --> 01:11:27,050

may go out I mean a modern ear as many

1496

01:11:32,190 --> 01:11:29,870

years long and you know guys checking by

1497

01:11:34,360 --> 01:11:32,200

maybe it's a different race of people

1498

01:11:38,500 --> 01:11:34,370

maybe it's somebody else's turn to

1499

01:11:39,880 --> 01:11:38,510

monitor the idiots us who knows I don't

1500

01:11:41,380 --> 01:11:39,890

know what's going on and maybe we're

1501

01:11:44,680 --> 01:11:41,390

getting better at duplicating their

1502

01:11:49,510 --> 01:11:44,690

technology the triangles may be ours for

1503

01:11:51,100 --> 01:11:49,520

all I know I you know the inventor of

1504

01:11:56,140 --> 01:11:51,110

the

1505

01:12:01,020 --> 01:11:56,150

flying wing uh I certainly dropped his

1506

01:12:04,390 --> 01:12:01,030

name out of my mind entirely asleep I

1507

01:12:06,760 --> 01:12:04,400

one of his pilots saw a flying saucer

1508

01:12:11,080 --> 01:12:06,770

definitely wasn't one of our flying

1509

01:12:13,300 --> 01:12:11,090

wings but I it may be that we have

1510

01:12:17,440 --> 01:12:13,310

copied successfully or gotten better

1511

01:12:19,750 --> 01:12:17,450

than the b2 is kind of triangular shaped

1512

01:12:21,730 --> 01:12:19,760

so I don't know whether some of these

1513

01:12:23,980 --> 01:12:21,740

are ours and some of these might be

1514

01:12:28,000 --> 01:12:23,990

theirs and the old motherships tended to

1515

01:12:30,610 --> 01:12:28,010

be cylindrical I not big triangles on

1516

01:12:34,420 --> 01:12:30,620

the other hand that's right the big

1517

01:12:37,390 --> 01:12:34,430

cigar shape ships yeah and you know

1518

01:12:39,820 --> 01:12:37,400

we've had look if you go to all here

1519

01:12:43,600 --> 01:12:39,830

Airport don't get caught in the traffic

1520

01:12:47,890 --> 01:12:43,610

as busy ways uh you'll see many

1521

01:12:49,240 --> 01:12:47,900

different airplanes I and different

1522

01:12:50,710 --> 01:12:49,250

numbers of different airplanes you don't

1523

01:12:52,060 --> 01:12:50,720

have ten of this tended out of ten or

1524

01:12:55,000 --> 01:12:52,070

something else you might have two of

1525

01:12:57,820 --> 01:12:55,010

this and pretty on that 737s are very

1526

01:13:01,270 --> 01:12:57,830

popular these days for example so I

1527

01:13:03,250 --> 01:13:01,280

don't know what's going on and you know

1528

01:13:04,720 --> 01:13:03,260

they relieve the crew maybe maybe the

1529

01:13:06,190 --> 01:13:04,730

guys who were here coming here earlier

1530

01:13:08,680 --> 01:13:06,200

we're being punished been two months

1531

01:13:11,890 --> 01:13:08,690

near Earth boys I don't provide

1532

01:13:15,880 --> 01:13:11,900

punishment for life you know what we do

1533

01:13:18,490 --> 01:13:15,890

also there may be commercial involvement

1534

01:13:21,070 --> 01:13:18,500

here I hate to say this but the earth is

1535

01:13:22,600 --> 01:13:21,080

a densest planet in the Solar System a

1536

01:13:23,650 --> 01:13:22,610

cubic foot of Earth weighs more and it

1537

01:13:27,540 --> 01:13:23,660

could be foot of any of the other

1538

01:13:29,920 --> 01:13:27,550

planets and no they are not all alike I

1539

01:13:31,750 --> 01:13:29,930

there may be valuable minerals here

1540

01:13:34,560 --> 01:13:31,760

where the being the densest planet means

1541

01:13:37,960 --> 01:13:34,570

there's more heavy metals here iridium

1542

01:13:39,670 --> 01:13:37,970

osmium things like that that you've

1543

01:13:41,080 --> 01:13:39,680

never heard of but that a very special

1544

01:13:42,790 --> 01:13:41,090

properties they're very rare in the

1545

01:13:44,980 --> 01:13:42,800

universe because we measure the light

1546

01:13:46,540 --> 01:13:44,990

from stars and so maybe they've been

1547

01:13:49,060 --> 01:13:46,550

mining stuff and their commercial

1548

01:13:51,070 --> 01:13:49,070

operations we're getting in a way there

1549

01:13:54,010 --> 01:13:51,080

are loads of reports of objects coming

1550

01:13:55,810 --> 01:13:54,020

in and out of the water are they mining

1551

01:13:58,210 --> 01:13:55,820

something down there there are diamonds

1552

01:14:01,810 --> 01:13:58,220

near Africa there are nodules of metals

1553

01:14:03,520 --> 01:14:01,820

other places who knows what kind of what

1554

01:14:07,780 --> 01:14:03,530

reasons they're here

1555

01:14:10,510 --> 01:14:07,790

I instantly so there are many answers

1556

01:14:14,950 --> 01:14:10,520

that we don't have that I don't have

1557

01:14:18,400 --> 01:14:14,960

anything not yet anyway right maybe time

1558

01:14:21,430 --> 01:14:18,410

for one last question um you know I know

1559

01:14:24,220 --> 01:14:21,440

that you did work on the Betty and

1560

01:14:27,930 --> 01:14:24,230

Barney Hill case yes the Gorgon section

1561

01:14:31,510 --> 01:14:27,940

area right and you wrote that with

1562

01:14:33,070 --> 01:14:31,520

Betty's nice right Kathleen Martin she

1563

01:14:34,840 --> 01:14:33,080

did eighty-five percent of the work I

1564

01:14:37,030 --> 01:14:34,850

only did 15 but I did write about the

1565

01:14:40,030 --> 01:14:37,040

star map and I internet betty and barney

1566

01:14:41,680 --> 01:14:40,040

and so forth so well oh that's wonderful

1567

01:14:44,170 --> 01:14:41,690

you know I got a chance to meet Betty

1568

01:14:47,710 --> 01:14:44,180

and got a chance to have quite a few

1569

01:14:50,290 --> 01:14:47,720

conversations with her over time and I

1570

01:14:52,960 --> 01:14:50,300

asked her what she thought about you

1571

01:14:55,660 --> 01:14:52,970

know this was during the 80s and 90s

1572

01:14:58,060 --> 01:14:55,670

when there was a lot of the UFO

1573

01:15:00,130 --> 01:14:58,070

abduction cases being brought forward

1574

01:15:02,950 --> 01:15:00,140

and I asked her what she thought about

1575

01:15:07,390 --> 01:15:02,960

some of these cases and she said to me

1576

01:15:11,590 --> 01:15:07,400

that she really believed the Travis

1577

01:15:13,510 --> 01:15:11,600

Walton event and so in the chant room

1578

01:15:16,120 --> 01:15:13,520

someone would like to know what you

1579

01:15:19,170 --> 01:15:16,130

think about Travis Walton well I was

1580

01:15:24,310 --> 01:15:19,180

part of a team that interviewed him in

1581

01:15:27,430 --> 01:15:24,320

1978 in Arizona all right and I'm he's

1582

01:15:29,890 --> 01:15:27,440

in my movie UFOs are real it's listed at

1583

01:15:32,800 --> 01:15:29,900

my website triple w dot Stanton Friedman

1584

01:15:37,570 --> 01:15:32,810

com got about 20 seconds stand I'm sorry

1585

01:15:40,660 --> 01:15:37,580

okay I believe Travis entirely he's a

1586

01:15:42,940 --> 01:15:40,670

number one that's great also people are

1587

01:15:47,140 --> 01:15:42,950

asking after you how how you're doing

1588

01:15:48,850 --> 01:15:47,150

hope you're doing well and I'm doing

1589

01:15:50,890 --> 01:15:48,860

Gary well I had a heart attack a year

1590

01:15:53,980 --> 01:15:50,900

ago but it didn't knock me down for more

1591

01:15:55,900 --> 01:15:53,990

than a week and away we go good for you

1592

01:15:57,880 --> 01:15:55,910

that's wonderful thanks so much for

1593

01:15:59,560 --> 01:15:57,890

joining us and I hope everyone will join
