things in ic MJ is just signaling me

29
00:02:15,199 --> 00:02:14,310
that it's also available on youtube so

30
00:02:18,740 --> 00:02:15,209
that's wonderful

31
00:02:21,530 --> 00:02:18,750
no excuse for missing your night-vision

32
00:02:22,250 --> 00:02:21,540
radio or any show on inception radio

33
00:02:27,020 --> 00:02:22,260
network

34
00:02:29,509 --> 00:02:27,030
so tonight boy this is a subject that's

35
00:02:31,220 --> 00:02:29,519
rather new to me although of course it's

36
00:02:34,069 --> 00:02:31,230
a familiar symbol we're talking about

37
00:02:37,490 --> 00:02:34,079
the Celtic Cross and we're talking with

38
00:02:40,280 --> 00:02:37,500

author researcher Kryten Miller and he

39
00:02:42,620 --> 00:02:40,290
has made some discoveries about what we

40
00:02:45,280 --> 00:02:42,630
just assumed was a gravestone marker or

41
00:02:47,960 --> 00:02:45,290
a religious symbol of some kind

42
00:02:52,430 --> 00:02:47,970
generally but I find that there's always

43
00:02:54,770 --> 00:02:52,440
something behind things that people make

44
00:02:56,960 --> 00:02:54,780
or come up with and that certainly seems

45
00:03:01,370 --> 00:02:56,970
like the case with the Celtic Cross

46
00:03:04,370 --> 00:03:01,380
welcome to the show Kryten Miller thank

47
00:03:06,789 --> 00:03:04,380
you for having me well I really

48
00:03:11,210 --> 00:03:06,799
appreciate it and good morning to you

49
00:03:14,120 --> 00:03:11,220
again I've interrupted someone's sleep

50
00:03:15,949 --> 00:03:14,130
and rest in order to provide us with

51
00:03:17,870 --> 00:03:15,959
this great information so we sure

52
00:03:20,390 --> 00:03:17,880
appreciate your efforts in your research

53
00:03:23,479 --> 00:03:20,400
and as well for joining us here tonight

54
00:03:25,520 --> 00:03:23,489
or this morning for you as the case may

55
00:03:27,610 --> 00:03:25,530
be now you have a new book out it's

56
00:03:29,250 --> 00:03:27,620
called the golden thread of time and

57
00:03:31,380 --> 00:03:29,260
it's real

58
00:03:33,449 --> 00:03:31,390
about this symbol and what you

59
00:03:36,270 --> 00:03:33,459
discovered about this symbol it's not

60
00:03:38,729 --> 00:03:36,280
just a symbol it's not just a it's not

61
00:03:42,750 --> 00:03:38,739
just religious there's a much older

62
00:03:47,030 --> 00:03:42,760
older meaning and it's actually a device

63
00:03:52,170 --> 00:03:47,040

is that correct yes that's right I

64

00:03:56,940 --> 00:03:52,180

discovered the device in 1997 and got

65

00:04:00,300 --> 00:03:56,950

two British patents on it in 2000 and

66

00:04:06,449 --> 00:04:00,310

2001 as a device for astronomy

67

00:04:10,229 --> 00:04:06,459

navigation and surveying can you hear me

68

00:04:14,729 --> 00:04:10,239

yes I can now how was it that you

69

00:04:17,069 --> 00:04:14,739

initially came up with this idea what

70

00:04:19,800 --> 00:04:17,079

that prompted you to create this device

71

00:04:21,689 --> 00:04:19,810

it's fashioned on the Celtic cross how

72

00:04:23,370 --> 00:04:21,699

did that how did you get to that point I

73

00:04:26,010 --> 00:04:23,380

imagine there was a lot of years in

74

00:04:28,710 --> 00:04:26,020

between the time the idea struck you to

75

00:04:32,640 --> 00:04:28,720

start researching this and until you

76

00:04:35,790 --> 00:04:32,650

actually created your own device the

77

00:04:39,659 --> 00:04:35,800

creation of my own device was for a

78

00:04:42,750 --> 00:04:39,669

purpose scientific purpose the concept

79

00:04:45,390 --> 00:04:42,760

behind having a theory is that you then

80

00:04:48,000 --> 00:04:45,400

make a model so that's what I did I had

81

00:04:51,629 --> 00:04:48,010

a theory then I made a model and then I

82

00:04:54,839 --> 00:04:51,639

set it out to peer group review and then

83

00:04:57,540 --> 00:04:54,849

I went for patenting because patenting

84

00:04:59,580 --> 00:04:57,550

is commercial and commercially it's the

85

00:05:03,180 --> 00:04:59,590

toughest type of review you can have

86

00:05:05,370 --> 00:05:03,190

because if it's obvious or some of these

87

00:05:08,520 --> 00:05:05,380

invented before you can't get a patent

88

00:05:12,000 --> 00:05:08,530

on it that's right yeah so not a lot of

89

00:05:14,930 --> 00:05:12,010

people realize that but that also means

90

00:05:18,870 --> 00:05:14,940

that it had to already be working

91

00:05:20,490 --> 00:05:18,880

because they wouldn't patent with a

92

00:05:21,409 --> 00:05:20,500

patent here in the United States please

93

00:05:24,240 --> 00:05:21,419

forgive us

94

00:05:26,990 --> 00:05:24,250

they wouldn't they wouldn't issue a

95

00:05:29,310 --> 00:05:27,000

patent on something that didn't work so

96

00:05:33,629 --> 00:05:29,320

you must have had to prove to them that

97

00:05:35,610 --> 00:05:33,639

it works somehow absolutely and that's

98

00:05:37,620 --> 00:05:35,620

at the back of the book the whole patent

99

00:05:39,870 --> 00:05:37,630

application and all the working drawings

100

00:05:42,959 --> 00:05:39,880

at the back of the book the idea about a

101

00:05:48,259 --> 00:05:42,969

patent is that somebody can

102

00:05:52,139 --> 00:05:48,269

motley reconstruct and use the patented

103

00:05:54,509 --> 00:05:52,149

material and and so that's what what you

104

00:05:59,969 --> 00:05:54,519

can do so what you have is a universal

105

00:06:03,469 --> 00:05:59,979

patterned that proves that an item works

106

00:06:05,729 --> 00:06:03,479

and shows how to construct it and use it

107

00:06:08,959 --> 00:06:05,739

so that's quite important because it was

108

00:06:13,079 --> 00:06:08,969

issued by the British Patent Office and

109

00:06:15,119 --> 00:06:13,089

and I was awarded two patents because I

110

00:06:17,729 --> 00:06:15,129

did one on the Celtic Cross but I also

111

00:06:22,489 --> 00:06:17,739

did the other designs and all the other

112

00:06:25,889 --> 00:06:22,499

designs also apply in ancient history

113

00:06:28,529 --> 00:06:25,899

what I found after that was having done

114

00:06:31,019 --> 00:06:28,539

a total of twenty years of research is

115

00:06:35,929 --> 00:06:31,029

that the Celtic cross itself the design

116

00:06:41,479 --> 00:06:35,939

is associated with ships and its

117

00:06:45,449 --> 00:06:41,489

international and it's probably

118

00:06:47,579 --> 00:06:45,459

Neolithic in origin which really throws

119

00:06:49,769 --> 00:06:47,589

history on its head when you understand

120

00:06:51,929 --> 00:06:49,779

that it's it's so accurate in its

121

00:06:54,449 --> 00:06:51,939

measurements though they allows you to

122

00:06:56,909 --> 00:06:54,459

find your position on the planet within

123

00:06:59,159 --> 00:06:56,919

three nautical miles which is within

124

00:07:04,439 --> 00:06:59,169

sight of the horizon that's both

125

00:07:07,049 --> 00:07:04,449

latitude and longitude and you know it's

126
00:07:09,719 --> 00:07:07,059
so funny we see so many things now that

127
00:07:14,399 --> 00:07:09,729
you know we kind of pass by we look at

128
00:07:17,089 --> 00:07:14,409
and they don't really mean anything to

129
00:07:21,179 --> 00:07:17,099
us other than you know than the obvious

130
00:07:24,209 --> 00:07:21,189
but it seems like it's just like in

131
00:07:27,299 --> 00:07:24,219
language you know we sort of say words

132
00:07:29,159 --> 00:07:27,309
but we don't really think about the

133
00:07:30,839 --> 00:07:29,169
meaning of the words that that we're

134
00:07:34,619 --> 00:07:30,849
saying and when you mentioned the word

135
00:07:37,109 --> 00:07:34,629
horizon right then it struck me because

136
00:07:40,049 --> 00:07:37,119
we don't think of the true meaning of

137
00:07:42,949 --> 00:07:40,059
that word which I heard you explained in

138
00:07:45,659 --> 00:07:42,959

one of your documentaries so it could

139

00:07:49,019 --> 00:07:45,669

you know it's right on the button

140

00:07:51,809 --> 00:07:49,029

horizon the Egyptian god of time was

141

00:07:56,460 --> 00:07:51,819

called Horus the anagram of that is

142

00:08:00,030 --> 00:07:56,470

hours and zone means belt so in the

143

00:08:05,250 --> 00:08:00,040

in in translation what we're really

144

00:08:12,300 --> 00:08:05,260

talking about is the belt of time hmm

145

00:08:14,790 --> 00:08:12,310

the belt of time is zodiac I think so so

146

00:08:17,880 --> 00:08:14,800

we go take that further now then you can

147

00:08:19,350 --> 00:08:17,890

know translate now I should say this

148

00:08:20,100 --> 00:08:19,360

what you said about words is so

149

00:08:22,800 --> 00:08:20,110

important

150

00:08:25,650 --> 00:08:22,810

nearly every secret that's available to

151

00:08:28,230 --> 00:08:25,660

mankind is written down somewhere and

152

00:08:31,880 --> 00:08:28,240

one of the best places is a collagen

153

00:08:33,630 --> 00:08:31,890

dictionary so we looked up the name

154

00:08:37,740 --> 00:08:33,640

because we're looking at the etymology

155

00:08:41,089 --> 00:08:37,750

of the word as well so yeah temple comes

156

00:08:44,880 --> 00:08:41,099

from tiempo which means place of time

157

00:08:47,970 --> 00:08:44,890

what a lot of people don't realize is

158

00:08:50,790 --> 00:08:47,980

that church is the same because church

159

00:08:54,810 --> 00:08:50,800

is an old English word derived from Kirk

160

00:08:57,120 --> 00:08:54,820

and Kirk means to rule to measure but

161

00:09:02,250 --> 00:08:57,130

the combination word means measure of

162

00:09:04,410 --> 00:09:02,260

circles sailing yeah absolutely not

163

00:09:06,450 --> 00:09:04,420

that's in any dictionary well not any

164

00:09:08,010 --> 00:09:06,460

dictionary not the online ones because

165

00:09:10,020 --> 00:09:08,020

they're a little bit dumbed down but if

166

00:09:12,720 --> 00:09:10,030

you get a good college dictionary though

167

00:09:16,560 --> 00:09:12,730

then it then you can see the translation

168

00:09:21,600 --> 00:09:16,570

of those words so church comes from Kirk

169

00:09:23,490 --> 00:09:21,610

Kirk means ruler when ruler is what we

170

00:09:26,520 --> 00:09:23,500

in England I don't know what it's the

171

00:09:29,970 --> 00:09:26,530

same in the US Muse at school to measure

172

00:09:33,290 --> 00:09:29,980

things yes we absolutely do yes so a

173

00:09:37,920 --> 00:09:33,300

ruler now that also means a king or

174

00:09:41,760 --> 00:09:37,930

royalty so it rules okay our King rules

175

00:09:43,950 --> 00:09:41,770

and that word is about measure the

176

00:09:46,530 --> 00:09:43,960

measure of law the measure of distance

177

00:09:50,280 --> 00:09:46,540

the measure of money the measure of land

178

00:09:52,380 --> 00:09:50,290

and so all of these things are actually

179

00:09:56,940 --> 00:09:52,390

in the dictionary and they're also in

180

00:09:58,950 --> 00:09:56,950

some of the holy books so the the answer

181

00:10:02,610 --> 00:09:58,960

to what our ancestors did is in plain

182

00:10:05,040 --> 00:10:02,620

view but we don't see it which says

183

00:10:07,070 --> 00:10:05,050

something about our psychology what's

184

00:10:10,269 --> 00:10:07,080

happened to us

185

00:10:13,900 --> 00:10:10,279

now you say

186

00:10:18,340 --> 00:10:13,910

that this device has been around since

187

00:10:21,249 --> 00:10:18,350

Neolithic times yeah and when you know

188

00:10:25,179 --> 00:10:21,259

we probably think of people as you know

189

00:10:27,280 --> 00:10:25,189

not too sophisticated but yet this is a

190

00:10:29,619 --> 00:10:27,290

fairly simple device but it was

191

00:10:34,929 --> 00:10:29,629

brilliant that they were able to figure

192

00:10:36,970 --> 00:10:34,939

it out you also indicated that the in

193

00:10:39,670 --> 00:10:36,980

order for them to have been able to

194

00:10:42,610 --> 00:10:39,680

successfully use this device they would

195

00:10:46,889 --> 00:10:42,620

have had to known at that time that the

196

00:10:50,230 --> 00:10:46,899

earth was round that's correct

197

00:10:51,549 --> 00:10:50,240

sorry oh I'm sorry but I was just

198

00:10:53,769 --> 00:10:51,559

thinking I was having a conversation

199

00:10:57,100 --> 00:10:53,779

with a friend about this this afternoon

200

00:10:59,619 --> 00:10:57,110

and I was thinking well you know we all

201
00:11:02,590 --> 00:10:59,629
know the stories about Galileo and how

202
00:11:04,629 --> 00:11:02,600
he was regarded as a heretic because he

203
00:11:08,410 --> 00:11:04,639
was saying that the world was round and

204
00:11:13,360 --> 00:11:08,420
not flat and you know it never made a

205
00:11:17,049 --> 00:11:13,370
lot of sense to me why the church why

206
00:11:21,579 --> 00:11:17,059
that would be a heretical idea of it oh

207
00:11:24,220 --> 00:11:21,589
yeah is it that they didn't want us to

208
00:11:27,129 --> 00:11:24,230
know this so like everything else they

209
00:11:29,199 --> 00:11:27,139
scared us away from it sure let me let

210
00:11:31,900 --> 00:11:29,209
me explain something about just go back

211
00:11:37,749 --> 00:11:31,910
to patenting and how the first patent

212
00:11:42,400 --> 00:11:37,759
ever granted was in in it was in the

213
00:11:45,790 --> 00:11:42,410

14th century AD and before that there

214

00:11:48,910 --> 00:11:45,800

was the thing called Royal Assent so

215

00:11:50,740 --> 00:11:48,920

what eventually what really well that

216

00:11:52,530 --> 00:11:50,750

really means is there anything that was

217

00:11:57,280 --> 00:11:52,540

good for the king or the ruler of

218

00:12:00,610 --> 00:11:57,290

royalty and good for society they would

219

00:12:03,790 --> 00:12:00,620

then issue a royal decree on it securing

220

00:12:08,160 --> 00:12:03,800

it for the person who invented it later

221

00:12:11,410 --> 00:12:08,170

we invented patenting and prior to

222

00:12:16,259 --> 00:12:11,420

patenting there were there was no

223

00:12:23,950 --> 00:12:19,960

what happened was they found guilt and

224

00:12:27,630 --> 00:12:23,960

secret societies so if he were a

225

00:12:32,080 --> 00:12:27,640

rpenter or you were a Mason or you were

226

00:12:34,570 --> 00:12:32,090

anything that was useful to society then

227

00:12:37,870 --> 00:12:34,580

you would have a secret society in which

228

00:12:42,580 --> 00:12:37,880

use to war are to keep us the secrets of

229

00:12:45,670 --> 00:12:42,590

your trade about it to defend that

230

00:12:49,660 --> 00:12:45,680

before patenting if you if you cross the

231

00:12:52,420 --> 00:12:49,670

line you end up in a violence that you

232

00:12:54,670 --> 00:12:52,430

were creating a mission so when you look

233

00:12:56,380 --> 00:12:54,680

back in the terrible things that were

234

00:12:59,340 --> 00:12:56,390

done to people who step too far

235

00:13:02,020 --> 00:12:59,350

against the rulership or the control

236

00:13:03,540 --> 00:13:02,030

then you're talking about people being

237

00:13:07,630 --> 00:13:03,550

burnt at the stake

238

00:13:09,370 --> 00:13:07,640

all of this excommunicated in other

239

00:13:11,440 --> 00:13:09,380

words you know they weren't afraid of

240

00:13:15,310 --> 00:13:11,450

death but it were afraid of losing their

241

00:13:17,410 --> 00:13:15,320

souls so there were terrible threats put

242

00:13:20,140 --> 00:13:17,420

upon people that made a buck the system

243

00:13:24,220 --> 00:13:20,150

and so that's what we saw in the case of

244

00:13:26,140 --> 00:13:24,230

da Vinci in Galileo they were all in

245

00:13:29,800 --> 00:13:26,150

difficulty over things that are ever

246

00:13:32,740 --> 00:13:29,810

saying so we have a basic thing we know

247

00:13:35,230 --> 00:13:32,750

let me just take you to how true it

248

00:13:37,710 --> 00:13:35,240

would be that the world they knew the

249

00:13:42,700 --> 00:13:37,720

world was ranked the Egyptians

250

00:13:45,880 --> 00:13:42,710

Mesopotamians they all invented the idea

251
00:13:47,860 --> 00:13:45,890
of astrology or what we would call

252
00:13:52,900 --> 00:13:47,870
before it was named astrology were

253
00:13:54,910 --> 00:13:52,910
primitive astronomy the most important

254
00:13:57,490 --> 00:13:54,920
thing to understand about that is that

255
00:14:00,490 --> 00:13:57,500
they were able to say what your birth

256
00:14:02,290 --> 00:14:00,500
saying was and they were able to do that

257
00:14:05,020 --> 00:14:02,300
two or three thousand years ago when

258
00:14:07,420 --> 00:14:05,030
they built the pyramids now that doesn't

259
00:14:10,090 --> 00:14:07,430
seem much except you must understand

260
00:14:13,600 --> 00:14:10,100
that your birth sign is the sign in

261
00:14:16,360 --> 00:14:13,610
which the Sun is in on the day that you

262
00:14:18,670 --> 00:14:16,370
were born now common sense will tell you

263
00:14:24,700 --> 00:14:18,680

if you walk out and look at the sky at

264

00:14:28,450 --> 00:14:24,710

the Sun in a sign you can't see it sure

265

00:14:32,710 --> 00:14:28,460

you get that absolutely if you can't see

266

00:14:34,900 --> 00:14:32,720

it how could they see it and how they

267

00:14:37,280 --> 00:14:34,910

could see it was that they could look at

268

00:14:41,450 --> 00:14:37,290

midnight night sky

269

00:14:43,940 --> 00:14:41,460

okay to midnight 12 hours before and

270

00:14:47,360 --> 00:14:43,950

know where the Sun was at noon in

271

00:14:50,870 --> 00:14:47,370

daylight consequently knew they were on

272

00:14:54,560 --> 00:14:50,880

a revolving planet which looked out into

273

00:15:01,160 --> 00:14:54,570

space at one stage and then looked in

274

00:15:03,770 --> 00:15:01,170

towards the Sun during the day you have

275

00:15:05,810 --> 00:15:03,780

the proof in the fact that that that

276

00:15:08,900 --> 00:15:05,820

astrology was used that they knew the

277

00:15:11,360 --> 00:15:08,910

world was bright yeah so when we come to

278

00:15:14,900 --> 00:15:11,370

the Celtic Cross the Celtic crosses a

279

00:15:17,450 --> 00:15:14,910

circle with four spokes each of the

280

00:15:20,570 --> 00:15:17,460

spokes represents the four seasons of

281

00:15:24,350 --> 00:15:20,580

the year and they also represent the

282

00:15:29,960 --> 00:15:24,360

four parts of the day morning you know

283

00:15:32,690 --> 00:15:29,970

morning afternoon evening night so it

284

00:15:37,220 --> 00:15:32,700

really is a model of the solar system

285

00:15:41,060 --> 00:15:37,230

that they made an instrument out of it's

286

00:15:44,630 --> 00:15:41,070

a copy it's in alchemic terms you would

287

00:15:47,300 --> 00:15:44,640

say as above so below what is it heaven

288

00:15:50,690 --> 00:15:47,310

is on earth the same as it says of the

289

00:15:56,090 --> 00:15:50,700

Lord's Prayer yeah let your kingdom come

290

00:15:59,450 --> 00:15:56,100

on earth it's the same meaning so didn't

291

00:16:01,730 --> 00:15:59,460

you say something or was that the 23rd

292

00:16:07,190 --> 00:16:01,740

psalm about something that was in there

293

00:16:08,810 --> 00:16:07,200

that related to oh yea though I walk

294

00:16:09,650 --> 00:16:08,820

through the valley of the shadow of

295

00:16:15,380 --> 00:16:09,660

death

296

00:16:18,740 --> 00:16:15,390

Psalm 23.4 yes but because it's a number

297

00:16:22,550 --> 00:16:18,750

in the Bible which is is the number of

298

00:16:27,110 --> 00:16:22,560

our life it's life on Earth you see the

299

00:16:29,570 --> 00:16:27,120

earth is tilted 23.4 degrees and so as

300

00:16:31,550 --> 00:16:29,580

it goes through the year through the

301

00:16:34,010 --> 00:16:31,560

circle of the outside of the Celtic

302

00:16:36,650 --> 00:16:34,020

Cross or if you like through the circle

303

00:16:39,830 --> 00:16:36,660

it tilts away from the Sun in the winter

304

00:16:42,290 --> 00:16:39,840

in the north and then at the equinox it

305

00:16:44,090 --> 00:16:42,300

lies the earth lies horizontal to the

306

00:16:47,000 --> 00:16:44,100

Sun and then in the summer

307

00:16:50,000 --> 00:16:47,010

the earth is tilted towards the center

308

00:16:52,640 --> 00:16:50,010

of the Sun but the tilt is twenty three

309

00:16:55,860 --> 00:16:52,650

point four degrees

310

00:16:58,740 --> 00:16:55,870

that's what what is the meaning of what

311

00:17:00,630 --> 00:16:58,750

follows it says you know by rod and thy

312

00:17:03,480 --> 00:17:00,640

staff they comfort me is that a

313

00:17:06,780 --> 00:17:03,490

reference or this device or absolutely

314

00:17:10,860 --> 00:17:06,790

and and the reason is we what people

315

00:17:12,270 --> 00:17:10,870

don't realize is the word rod actually

316

00:17:14,340 --> 00:17:12,280

means a ruler

317

00:17:17,340 --> 00:17:14,350

it's a measuring stick it comes from

318

00:17:21,870 --> 00:17:17,350

Egyptian word for read and a read is a

319

00:17:25,319 --> 00:17:21,880

segmented piece of grass which they used

320

00:17:28,860 --> 00:17:25,329

to measure with so Reed became rod and

321

00:17:34,050 --> 00:17:28,870

in Scotland rod became rude and rude

322

00:17:36,000 --> 00:17:34,060

means cross o Holyrood is the Scottish

323

00:17:38,700 --> 00:17:36,010

Parliament and the Queen's place in

324

00:17:42,720 --> 00:17:38,710

Edinburgh but and that's called the holy

325

00:17:44,970 --> 00:17:42,730

root meaning the holy measuring stage so

326

00:17:49,680 --> 00:17:44,980

it's an ancient word for measurement is

327

00:17:51,960 --> 00:17:49,690

root and so is rod and that is in any

328

00:17:54,090 --> 00:17:51,970

dictionary you can find out a Wikipedia

329

00:17:56,430 --> 00:17:54,100

if you want just put the meaning of root

330

00:17:59,400 --> 00:17:56,440

the meaning of rod in and it will tell

331

00:18:01,650 --> 00:17:59,410

you is it in one hand that it's cross

332

00:18:06,090 --> 00:18:01,660

and the other hand that it's a measuring

333

00:18:09,660 --> 00:18:06,100

stick mm you know we know when when I

334

00:18:11,910 --> 00:18:09,670

heard that reference made about the rod

335

00:18:14,490 --> 00:18:11,920

and the staff in my mind I thought okay

336

00:18:17,880 --> 00:18:14,500

that's two sticks and so cross them and

337

00:18:20,310 --> 00:18:17,890

they make a cross absolutely but one

338

00:18:25,410 --> 00:18:20,320

stick is a measuring stick and the other

339

00:18:28,920 --> 00:18:25,420

staff mounted on yes everything's in the

340

00:18:30,950 --> 00:18:28,930

Bible that but we can't understand that

341

00:18:33,630 --> 00:18:30,960

because we don't understand that all

342

00:18:35,610 --> 00:18:33,640

civilizations on the planet prehistoric

343

00:18:39,890 --> 00:18:35,620

civilizations were based on astrology

344

00:18:43,920 --> 00:18:39,900

the Maya the Chinese the Egyptians

345

00:18:47,160 --> 00:18:43,930

they're all astrological societies and

346

00:18:51,450 --> 00:18:47,170

our whole concepts in religion -

347

00:18:55,560 --> 00:18:51,460

sentiment now you know we powerful

348

00:18:57,540 --> 00:18:55,570

instrument well it seems to be in you

349

00:19:00,090 --> 00:18:57,550

know as you said you know it's it's

350

00:19:02,810 --> 00:19:00,100

about time and being able to keep time

351
00:19:07,060 --> 00:19:02,820
and measure time and

352
00:19:10,909 --> 00:19:07,070
space I guess so

353
00:19:14,810 --> 00:19:10,919
you know we hear a lot in few weeks ago

354
00:19:19,009 --> 00:19:14,820
we did a show on the great cross adonde

355
00:19:22,310 --> 00:19:19,019
and you know what's our so called

356
00:19:25,610 --> 00:19:22,320
apocalyptic cross upon day is there a

357
00:19:29,509 --> 00:19:25,620
relation because there seems to be an

358
00:19:32,470 --> 00:19:29,519
indication of time on that cross or at

359
00:19:35,149 --> 00:19:32,480
least according to people's

360
00:19:37,789 --> 00:19:35,159
interpretation and there seems to also

361
00:19:41,450 --> 00:19:37,799
be a relationship between that cross and

362
00:19:43,269 --> 00:19:41,460
the clock and I'm now it's failing me

363
00:19:47,169 --> 00:19:43,279

what the name of the church is in

364

00:19:52,399 --> 00:19:47,179

Cornwall that has the clock that says

365

00:19:54,259 --> 00:19:52,409

watch and pray time Haste's away and I

366

00:19:56,419 --> 00:19:54,269

guess there must be some indicator that

367

00:19:57,950 --> 00:19:56,429

points to this clock or something like

368

00:20:00,889 --> 00:19:57,960

that at least some people have made that

369

00:20:05,379 --> 00:20:00,899

connection is this all part and parcel

370

00:20:08,590 --> 00:20:05,389

of the same thing yes

371

00:20:12,919 --> 00:20:08,600

apocalyptic means literally means

372

00:20:15,980 --> 00:20:12,929

revelation of course yes so the cross

373

00:20:19,759 --> 00:20:15,990

the cross when it comes okay is a

374

00:20:24,310 --> 00:20:19,769

revelation and we expect to have things

375

00:20:28,639 --> 00:20:24,320

revealed to us that's what were promised

376

00:20:33,379 --> 00:20:28,649

yes so we're what's revealed to us is

377

00:20:37,129 --> 00:20:33,389

the nature of time Wow our place in the

378

00:20:39,200 --> 00:20:37,139

universe and our ancestors knew the

379

00:20:43,999 --> 00:20:39,210

nature of time although science is still

380

00:20:45,980 --> 00:20:44,009

seeking it now so what's happening a

381

00:20:47,539 --> 00:20:45,990

science is seeking the nature of time

382

00:20:52,129 --> 00:20:47,549

and the answer to everything

383

00:20:56,090 --> 00:20:52,139

whereas our ancestors already knew yes I

384

00:21:00,440 --> 00:20:56,100

know a couple so the first lines of

385

00:21:04,220 --> 00:21:00,450

Genesis when you read the Bible mentions

386

00:21:08,600 --> 00:21:04,230

the three sixes so God made the earth in

387

00:21:13,549 --> 00:21:08,610

six days and the morning and the evening

388

00:21:16,100 --> 00:21:13,559

worth were the first game so six days

389

00:21:20,690 --> 00:21:16,110

times six hours times six

390

00:21:23,660 --> 00:21:20,700

is three sixes hmm yeah so the very

391

00:21:26,240 --> 00:21:23,670

first lane in the Bible that you with

392

00:21:28,180 --> 00:21:26,250

the the number that people are supposed

393

00:21:30,370 --> 00:21:28,190

to be afraid of reveals all the

394

00:21:32,870 --> 00:21:30,380

mathematical numbers of the universe

395

00:21:35,840 --> 00:21:32,880

well that's another that's another

396

00:21:41,419 --> 00:21:35,850

example then possibly of you know they

397

00:21:44,210 --> 00:21:41,429

made something that was useful and that

398

00:21:46,690 --> 00:21:44,220

had been used they made it evil so that

399

00:21:49,880 --> 00:21:46,700

we would stay away from who's gonna

400

00:21:52,640 --> 00:21:49,890

associate with the 666 if they think

401
00:21:54,740 --> 00:21:52,650
that it's the mark of the beast here be

402
00:21:58,090 --> 00:21:54,750
dragons they used to put on the old

403
00:22:01,010 --> 00:21:58,100
charts on the sailing routes to America

404
00:22:03,770 --> 00:22:01,020
you know so that the other people

405
00:22:06,650 --> 00:22:03,780
wouldn't go on their trade routes here

406
00:22:09,919 --> 00:22:06,660
be dragons exactly the same thing the

407
00:22:12,710 --> 00:22:09,929
knowledge of keeping time was power it

408
00:22:14,840 --> 00:22:12,720
tells you when to have your festivals it

409
00:22:19,039 --> 00:22:14,850
tells you when to go to work when stop

410
00:22:21,590 --> 00:22:19,049
work and the ancient people were in an

411
00:22:24,500 --> 00:22:21,600
agricultural society after the end of

412
00:22:26,780 --> 00:22:24,510
hunter gathering in the agricultural

413
00:22:33,310 --> 00:22:26,790

society when they required people to

414

00:22:37,370 --> 00:22:33,320

behave in a way that was controlled hmm

415

00:22:39,140 --> 00:22:37,380

they're common people were enslaved so

416

00:22:43,280 --> 00:22:39,150

it was completely controlled and

417

00:22:44,780 --> 00:22:43,290

enslaved and lived in mostly poverty and

418

00:22:47,570 --> 00:22:44,790

then talking about the masses and the

419

00:22:49,580 --> 00:22:47,580

reason for America being formed was that

420

00:22:55,090 --> 00:22:49,590

the Europeans were under such oppression

421

00:22:59,780 --> 00:22:55,100

that they're left found a new land yes

422

00:23:02,990 --> 00:22:59,790

and the oppression that was put on by

423

00:23:06,880 --> 00:23:03,000

controlling time the timekeepers the

424

00:23:10,010 --> 00:23:06,890

Watchers as they used to be called Wow

425

00:23:13,310 --> 00:23:10,020

okay so the Watchers have always been

426

00:23:15,740 --> 00:23:13,320

there Stonehenge as a clock the great

427

00:23:17,600 --> 00:23:15,750

pyramids are a clock and the great

428

00:23:20,600 --> 00:23:17,610

pyramids encompass exactly the same

429

00:23:23,810 --> 00:23:20,610

numbers as the Bible but people can't

430

00:23:25,700 --> 00:23:23,820

see it completely blind to it well you

431

00:23:28,549 --> 00:23:25,710

know we hear that all the time it's it's

432

00:23:28,930 --> 00:23:28,559

laid out on the earth for us to see you

433

00:23:31,930 --> 00:23:28,940

know

434

00:23:34,690 --> 00:23:31,940

we just don't see it we don't see it

435

00:23:38,710 --> 00:23:34,700

because the the genetically we've had

436

00:23:40,960 --> 00:23:38,720

generations of being controlled yes and

437

00:23:43,839 --> 00:23:40,970

there's another thing called belief now

438

00:23:45,369 --> 00:23:43,849

to lief there's a lot another one that

439

00:23:47,589 --> 00:23:45,379

can be read in the Bible what are your

440

00:23:51,129 --> 00:23:47,599

beliefs I'm sorry in the dictionaries

441

00:23:53,379 --> 00:23:51,139

belief means by love implying without

442

00:24:00,729 --> 00:23:53,389

knowledge hmm

443

00:24:03,039 --> 00:24:00,739

do you believe in God no I know that so

444

00:24:06,009 --> 00:24:03,049

religion is another one religion means

445

00:24:09,159 --> 00:24:06,019

to it comes from the Latin well this

446

00:24:12,430 --> 00:24:09,169

year from which the word ligature is

447

00:24:14,440 --> 00:24:12,440

known so it means to be tied to be bound

448

00:24:18,190 --> 00:24:14,450

but it means more than that means to be

449

00:24:22,810 --> 00:24:18,200

rebound retied so people say to me are

450

00:24:25,450 --> 00:24:22,820

you religious and I say no not religious

451
00:24:27,039 --> 00:24:25,460
because I'm not tied but they assume

452
00:24:30,070 --> 00:24:27,049
that I mean that I don't believe that

453
00:24:33,310 --> 00:24:30,080
there's a greater spirit a creator

454
00:24:35,440 --> 00:24:33,320
spirit so they assume that because I say

455
00:24:37,149 --> 00:24:35,450
I'm not religious but then they don't

456
00:24:40,060 --> 00:24:37,159
understand the words they use are the

457
00:24:42,249 --> 00:24:40,070
words I say right well you know

458
00:24:46,989 --> 00:24:42,259
certainly there was something before

459
00:24:49,479 --> 00:24:46,999
religion ever came about you know what

460
00:24:52,839 --> 00:24:49,489
we insult our ancestors when we say the

461
00:24:56,739 --> 00:24:52,849
worship the Sun you see didn't worship

462
00:25:00,669 --> 00:24:56,749
the Sun they used the Sun in

463
00:25:03,849 --> 00:25:00,679

hunter-gathering times if you know how

464

00:25:06,849 --> 00:25:03,859

to gather us like the modern Eskimo they

465

00:25:10,479 --> 00:25:06,859

go off you know and in their skin boats

466

00:25:14,680 --> 00:25:10,489

and the young Eskimos even now can

467

00:25:16,839 --> 00:25:14,690

travel 1,800 miles in the summer and

468

00:25:18,549 --> 00:25:16,849

what they do is they they used in those

469

00:25:21,460 --> 00:25:18,559

in the ancient times you use the skin

470

00:25:23,229 --> 00:25:21,470

boats as as houses so they would sail

471

00:25:25,690 --> 00:25:23,239

the boat drag it up on the lantern

472

00:25:27,580 --> 00:25:25,700

upside down you got a house and what

473

00:25:29,769 --> 00:25:27,590

they did is they followed the hurts and

474

00:25:31,389 --> 00:25:29,779

the seasons so they would travel north

475

00:25:35,710 --> 00:25:31,399

and south apparently just like the

476

00:25:37,570 --> 00:25:35,720

animals but to do that they had to

477

00:25:39,759 --> 00:25:37,580

understand where they were going and

478

00:25:42,160 --> 00:25:39,769

where they had to be which is what we

479

00:25:46,570 --> 00:25:42,170

call now logistics yeah

480

00:25:48,280 --> 00:25:46,580

yeah logistics is what gets the food on

481

00:25:50,290 --> 00:25:48,290

the shelves now I'm a fellow of the

482

00:25:53,080 --> 00:25:50,300

Chartered Institute of logistics and

483

00:25:55,570 --> 00:25:53,090

transport that's what I do I make sure

484

00:25:58,660 --> 00:25:55,580

that all the goods are on the shelves

485

00:26:01,350 --> 00:25:58,670

for as though which is Walmart and Tess

486

00:26:05,140 --> 00:26:01,360

goes over here and big retailers

487

00:26:07,330 --> 00:26:05,150

similarly so that's what I do so the

488

00:26:10,540 --> 00:26:07,340

idea behind logistics which is a black

489

00:26:13,240 --> 00:26:10,550

art is to get something to a place or

490

00:26:16,120 --> 00:26:13,250

something or somebody to a place at the

491

00:26:18,760 --> 00:26:16,130

right time and to do it you need to

492

00:26:21,130 --> 00:26:18,770

manipulate time and speed and distance

493

00:26:23,110 --> 00:26:21,140

our ancestors when they were doing

494

00:26:24,850 --> 00:26:23,120

hunter-gathering where their tribes were

495

00:26:27,370 --> 00:26:24,860

moving about the face of the earth were

496

00:26:28,840 --> 00:26:27,380

exactly the same they had to know when

497

00:26:32,230 --> 00:26:28,850

the fish were running in a particular

498

00:26:34,480 --> 00:26:32,240

area or when nuts were to be collected

499

00:26:36,130 --> 00:26:34,490

in their season in the north and then it

500

00:26:37,290 --> 00:26:36,140

would flee off back down to the south

501
00:26:41,350 --> 00:26:37,300
again to keep warm

502
00:26:45,130 --> 00:26:41,360
the last Indians that made the last Red

503
00:26:47,500 --> 00:26:45,140
Indians that made canoes did that they

504
00:26:49,330 --> 00:26:47,510
travel through Great Lakes down down

505
00:26:52,320 --> 00:26:49,340
south with their families and then came

506
00:26:55,720 --> 00:26:52,330
back up north again in the summer

507
00:27:00,190 --> 00:26:55,730
yes it we completely forgotten because

508
00:27:03,760 --> 00:27:00,200
we live in a world of airplanes and

509
00:27:08,620 --> 00:27:03,770
trains and buses and settlements sure

510
00:27:10,330 --> 00:27:08,630
that 12,000 years ago or even less the

511
00:27:18,280 --> 00:27:10,340
only way to get about was by sea or

512
00:27:20,890 --> 00:27:18,290
river yes you know so we we just do not

513
00:27:23,770 --> 00:27:20,900

understand or have any idea of what was

514

00:27:25,540 --> 00:27:23,780

needed so way they needed those things

515

00:27:26,800 --> 00:27:25,550

needed to be able to tell time and they

516

00:27:28,600 --> 00:27:26,810

needed to be able to measure the

517

00:27:33,400 --> 00:27:28,610

position of the earth to achieve what

518

00:27:37,950 --> 00:27:33,410

they did and of course diffusion is all

519

00:27:40,120 --> 00:27:37,960

about that we we know now that that

520

00:27:43,300 --> 00:27:40,130

we're now starting to find that the

521

00:27:48,970 --> 00:27:43,310

genetics of the Chinese were in in the

522

00:27:51,700 --> 00:27:48,980

west coast of America and the arguments

523

00:27:54,460 --> 00:27:51,710

on the solutrean points and the handling

524

00:27:55,340 --> 00:27:54,470

of of spear points and so forth shows

525

00:27:59,210 --> 00:27:55,350

that there was

526

00:28:01,760 --> 00:27:59,220

and interaction between the across the

527

00:28:02,690 --> 00:28:01,770

Atlantic between Europe and America we

528

00:28:05,270 --> 00:28:02,700

know that Lee

529

00:28:07,840 --> 00:28:05,280

yes you know that for a fact but then

530

00:28:11,900 --> 00:28:07,850

long before Columbus long absolutely

531

00:28:15,170 --> 00:28:11,910

yeah and fishermen were fishing off the

532

00:28:18,830 --> 00:28:15,180

great of the banks in America from

533

00:28:22,340 --> 00:28:18,840

Europe long before Columbus as well so

534

00:28:24,230 --> 00:28:22,350

then but this is a political issue yes

535

00:28:26,120 --> 00:28:24,240

it is you know great you're gonna have

536

00:28:28,400 --> 00:28:26,130

to stop right here take a quick break

537

00:28:30,110 --> 00:28:28,410

and when we come back we're gonna talk

538

00:28:34,280 --> 00:28:30,120

more about the Celtic cross its

539

00:28:37,160 --> 00:28:34,290

relationship to cultures across time and

540

00:28:39,080 --> 00:28:37,170

people like the Knights Templar so we'll

541

00:28:41,240 --> 00:28:39,090

be right back welcome back to night

542

00:28:43,910 --> 00:28:41,250

vision radio I'm your host Renee Barnett

543

00:28:46,640 --> 00:28:43,920

and if you're just joining us we are

544

00:28:49,220 --> 00:28:46,650

talking tonight with author Kryten

545

00:28:52,520 --> 00:28:49,230

Miller about his new book golden thread

546

00:28:54,470 --> 00:28:52,530

of time and all the implications that

547

00:28:57,770 --> 00:28:54,480

that brings we're talking mainly about

548

00:29:01,490 --> 00:28:57,780

the Celtic cross used by the ancients as

549

00:29:04,370 --> 00:29:01,500

a navigational device in a device for

550

00:29:05,900 --> 00:29:04,380

measuring time and space so oh my

551

00:29:08,960 --> 00:29:05,910

goodness this just covers everything

552

00:29:11,420 --> 00:29:08,970

doesn't it you know my I don't know Greg

553

00:29:14,240 --> 00:29:11,430

NIF you saw my Facebook page today but I

554

00:29:17,950 --> 00:29:14,250

posted a picture of my favorite person

555

00:29:21,530 --> 00:29:17,960

painting and it is time and truth or

556

00:29:24,050 --> 00:29:21,540

time-saving truth and to me that image

557

00:29:27,260 --> 00:29:24,060

which depicts you know I guess father

558

00:29:32,180 --> 00:29:27,270

time a white-haired although very

559

00:29:35,240 --> 00:29:32,190

muscular man ray holding in his arms and

560

00:29:37,550 --> 00:29:35,250

lifting up a figure of a woman and

561

00:29:41,350 --> 00:29:37,560

they're sort of flying upwards it's me

562

00:29:44,810 --> 00:29:41,360

that has always said to me that you know

563

00:29:47,510 --> 00:29:44,820

in time the truth will come out

564

00:29:50,330 --> 00:29:47,520

the truth will be saved you know because

565

00:29:53,090 --> 00:29:50,340

some people call that that painting time

566

00:29:56,360 --> 00:29:53,100

saving truth and it also sort of brings

567

00:29:58,640 --> 00:29:56,370

to mind the Gospel of Thomas verse that

568

00:30:01,430 --> 00:29:58,650

you know paraphrasing part of it says

569

00:30:03,950 --> 00:30:01,440

something that nothing that's covered up

570

00:30:08,259 --> 00:30:03,960

will remain that there's nothing covered

571

00:30:10,479 --> 00:30:08,269

up that won't be uncovered and but it's

572

00:30:12,430 --> 00:30:10,489

interesting because now I'm looking at

573

00:30:15,009 --> 00:30:12,440

it a little bit differently time and

574

00:30:18,310 --> 00:30:15,019

truth because the truth is about time

575

00:30:19,659 --> 00:30:18,320

yes it is so now I'm going to look at

576

00:30:22,259 --> 00:30:19,669

that painting with a little bit of a

577

00:30:24,310 --> 00:30:22,269

different a different eye I think but

578

00:30:25,810 --> 00:30:24,320

it's really interesting it really

579

00:30:28,320 --> 00:30:25,820

doesn't contradict what I thought before

580

00:30:32,259 --> 00:30:28,330

but it sort of enhances it a little bit

581

00:30:34,719 --> 00:30:32,269

so it's I mean that sort of the way it

582

00:30:37,329 --> 00:30:34,729

feels with these discoveries that you're

583

00:30:39,699 --> 00:30:37,339

making you know it's always been there

584

00:30:42,669 --> 00:30:39,709

it's been hidden and it's been buried in

585

00:30:45,369 --> 00:30:42,679

our consciousness or in the you know

586

00:30:49,029 --> 00:30:45,379

social consciousness and now it's coming

587

00:30:53,709 --> 00:30:49,039

out again yes thing uncovered again it's

588

00:30:56,129 --> 00:30:53,719

a kind of resurrection it is and that's

589

00:31:00,099 --> 00:30:56,139

true of everything nothing can be hidden

590

00:31:03,819 --> 00:31:00,109

forever time will always turn it back up

591

00:31:07,119 --> 00:31:03,829

again because time is not as we

592

00:31:11,139 --> 00:31:07,129

experience it we we have to experience

593

00:31:13,209 --> 00:31:11,149

time in a kind of linear way and so we

594

00:31:16,209 --> 00:31:13,219

think about the past and we think about

595

00:31:18,249 --> 00:31:16,219

the future we're going towards whereas

596

00:31:21,369 --> 00:31:18,259

the our ancestors didn't think about

597

00:31:25,479 --> 00:31:21,379

tithing in that way the cross reveals

598

00:31:29,349 --> 00:31:25,489

that they thought of time as being if

599

00:31:32,019 --> 00:31:29,359

you like time was just that changes so

600

00:31:36,219 --> 00:31:32,029

everything is static but it just changes

601
00:31:38,829 --> 00:31:36,229
and we measure the changes and that's

602
00:31:42,699 --> 00:31:38,839
quite hard to get your head around yes

603
00:31:45,369 --> 00:31:42,709
but it's easily experimented with and

604
00:31:48,849 --> 00:31:45,379
you can do that and I do that in my book

605
00:31:50,649 --> 00:31:48,859
I say well what you do is you hear a jet

606
00:31:55,779 --> 00:31:50,659
plane go over but you see the jet plane

607
00:31:58,359 --> 00:31:55,789
is not in the same place as as the sound

608
00:32:00,310 --> 00:31:58,369
is coming from in the same way that what

609
00:32:03,279 --> 00:32:00,320
you're doing is they're looking you're

610
00:32:04,899 --> 00:32:03,289
hearing something that's in the past but

611
00:32:07,599 --> 00:32:04,909
also you're looking at something's in

612
00:32:09,909 --> 00:32:07,609
the past so you're looking at a jet

613
00:32:12,759 --> 00:32:09,919

plane or a star in the sky you're only

614

00:32:15,310 --> 00:32:12,769

seeing what was there or long ago as the

615

00:32:18,489 --> 00:32:15,320

light signals come to your eye as you

616

00:32:19,749 --> 00:32:18,499

receive who you receive the light so

617

00:32:21,610 --> 00:32:19,759

you're looking at the past but that's

618

00:32:23,799 --> 00:32:21,620

true of your own finger if you

619

00:32:26,230 --> 00:32:23,809

shiron knows with your own finger the

620

00:32:28,150 --> 00:32:26,240

signal goes from your finger up your arm

621

00:32:31,450 --> 00:32:28,160

and into your brain so she touched your

622

00:32:33,250 --> 00:32:31,460

nose so even your fingers in the past as

623

00:32:36,490 --> 00:32:33,260

far as your perceptions are concerned

624

00:32:39,100 --> 00:32:36,500

well it's interesting it is exactly

625

00:32:42,160 --> 00:32:39,110

right yeah and there's no get now they

626

00:32:44,020 --> 00:32:42,170

understood that and so in understanding

627

00:32:46,630 --> 00:32:44,030

that they know more than our modern

628

00:32:49,990 --> 00:32:46,640

science people do they're still

629

00:32:53,590 --> 00:32:50,000

stumbling out of the restrictions of the

630

00:32:56,830 --> 00:32:53,600

church and the great franchises I like

631

00:32:59,110 --> 00:32:56,840

to call it what I mean by the great

632

00:33:01,980 --> 00:32:59,120

franchises there was a deal done after

633

00:33:04,630 --> 00:33:01,990

Constantine with the kings of Europe

634

00:33:07,510 --> 00:33:04,640

that they would pay to the church to

635

00:33:10,480 --> 00:33:07,520

serve the amount of money from from

636

00:33:14,970 --> 00:33:10,490

their taxes to be part of that franchise

637

00:33:19,480 --> 00:33:14,980

it was a bigger franchise than Donald

638

00:33:21,370 --> 00:33:19,490

so the rulers knew about how to measure

639

00:33:24,490 --> 00:33:21,380

time and control it but the people

640

00:33:27,870 --> 00:33:24,500

didn't so now science is struggling to

641

00:33:30,750 --> 00:33:27,880

catch up to what was once already known

642

00:33:32,410 --> 00:33:30,760

tremendous damage done to humanity oh

643

00:33:35,350 --> 00:33:32,420

absolutely

644

00:33:38,680 --> 00:33:35,360

but we kicked it over that the ordinary

645

00:33:41,860 --> 00:33:38,690

people kicked over the traces and then

646

00:33:44,980 --> 00:33:41,870

they became free and that was the idea

647

00:33:46,930 --> 00:33:44,990

behind America and it was also what

648

00:33:49,750 --> 00:33:46,940

caused most of the kings and queens of

649

00:33:52,210 --> 00:33:49,760

Europe to be deposed or murdered in the

650

00:33:54,490 --> 00:33:52,220

case of the French Revolution but the

651
00:33:56,950 --> 00:33:54,500
people then have been free when

652
00:34:00,250 --> 00:33:56,960
absolutely nuts and [h__\h] slaughtering

653
00:34:03,250 --> 00:34:00,260
each other by millions to fight out into

654
00:34:06,010 --> 00:34:03,260
a sense of being free as we are free now

655
00:34:09,460 --> 00:34:06,020
but we're not free because our minds are

656
00:34:11,139 --> 00:34:09,470
still tied that's right we free our

657
00:34:14,470 --> 00:34:11,149
bodies we have freedom of speech

658
00:34:16,810 --> 00:34:14,480
otherwise I couldn't talk to you to on

659
00:34:20,230 --> 00:34:16,820
the radio modern we have freedom of

660
00:34:22,600 --> 00:34:20,240
speech but what about our minds well

661
00:34:24,070 --> 00:34:22,610
we're we're imprisoned you know I've

662
00:34:28,270 --> 00:34:24,080
always said you know people talk about

663
00:34:33,129 --> 00:34:28,280

in these days and sort of a the New Age

664

00:34:35,470 --> 00:34:33,139

I guess term of awakening Island I don't

665

00:34:38,139 --> 00:34:35,480

like it it to an awakening so much as a

666

00:34:40,720 --> 00:34:38,149

breaking out of jail it's like a

667

00:34:44,649 --> 00:34:40,730

breaking out jail in a lot of ways

668

00:34:46,569 --> 00:34:44,659

surely there are thinkers and there are

669

00:34:50,139 --> 00:34:46,579

seekers but they're few and far between

670

00:34:52,419 --> 00:34:50,149

I mean we're so programmed I mean

671

00:34:54,550 --> 00:34:52,429

whether we're religious or not we're

672

00:34:58,690 --> 00:34:54,560

still subject to whatever programming

673

00:35:00,400 --> 00:34:58,700

that we had the last religion for a

674

00:35:03,609 --> 00:35:00,410

second because I've covered that earlier

675

00:35:06,579 --> 00:35:03,619

the word religious means to be tied yes

676

00:35:08,589 --> 00:35:06,589

if you're an atheist you're religious if

677

00:35:10,569 --> 00:35:08,599

you're a scientist you're religious if

678

00:35:12,460 --> 00:35:10,579

you believe in Darwin or modernism

679

00:35:18,099 --> 00:35:12,470

you're a religious person because you're

680

00:35:20,170 --> 00:35:18,109

tied to that belief yes so to be truly

681

00:35:22,030 --> 00:35:20,180

sovereign which is the first line of my

682

00:35:25,839 --> 00:35:22,040

book I am the sovereign soul

683

00:35:27,160 --> 00:35:25,849

cuz I'm tied to nothing No and faith is

684

00:35:29,280 --> 00:35:27,170

another word if you look in the

685

00:35:32,980 --> 00:35:29,290

dictionary faith means to follow a man

686

00:35:38,920 --> 00:35:32,990

why would I follow on that everybody's

687

00:35:41,280 --> 00:35:38,930

his flaw desire yeah do you do you feel

688

00:35:44,200 --> 00:35:41,290

that that holds true for things like

689

00:35:47,020 --> 00:35:44,210

joining secret orders and things like

690

00:35:50,710 --> 00:35:47,030

that I've always had kind of just had

691

00:35:53,620 --> 00:35:50,720

that gut instinct naturally and have

692

00:35:57,190 --> 00:35:53,630

never joined any organizations because I

693

00:35:59,859 --> 00:35:57,200

felt like that if I did I would have to

694

00:36:01,480 --> 00:35:59,869

have some allegiance to that

695

00:36:02,950 --> 00:36:01,490

organization and it might be an

696

00:36:06,309 --> 00:36:02,960

organization that I really find

697

00:36:07,720 --> 00:36:06,319

interesting and maybe I do agree with a

698

00:36:11,140 --> 00:36:07,730

lot of what they stand for

699

00:36:14,500 --> 00:36:11,150

but what if I did it you know would I be

700

00:36:18,339 --> 00:36:14,510

free or would i acquiesce to to the

701

00:36:24,040 --> 00:36:18,349

group yes I would think so

702

00:36:26,579 --> 00:36:24,050

so yeah so just instinctively and then

703

00:36:31,150 --> 00:36:26,589

of course originally I used to do news

704

00:36:34,120 --> 00:36:31,160

on the radio news newscaster so I felt

705

00:36:36,190 --> 00:36:34,130

that you know as a journalist you know

706

00:36:38,890 --> 00:36:36,200

it wouldn't be right for me to be

707

00:36:42,069 --> 00:36:38,900

affiliated with any organizations or

708

00:36:45,370 --> 00:36:42,079

anything like that that would slant me

709

00:36:48,630 --> 00:36:45,380

one way or the other but then just in my

710

00:36:52,740 --> 00:36:48,640

life I'm no longer a journalist I mean I

711

00:36:55,650 --> 00:36:52,750

the show not to be journalism but just

712

00:36:59,819 --> 00:36:55,660

sort of infotainment I guess you might

713

00:37:03,870 --> 00:36:59,829

want to call it and but I still hold

714

00:37:09,359 --> 00:37:03,880

that that gut feeling that I have to

715

00:37:12,480 --> 00:37:09,369

stay free yes and and that's absolutely

716

00:37:15,000 --> 00:37:12,490

right if you if you join you have to

717

00:37:17,880 --> 00:37:15,010

acquiesce but then you can you're a

718

00:37:20,759 --> 00:37:17,890

human being and that means being life

719

00:37:25,380 --> 00:37:20,769

being human human being is life being

720

00:37:27,299 --> 00:37:25,390

human and so life is existence in all

721

00:37:30,630 --> 00:37:27,309

sorts of ways and shapes and forms

722

00:37:35,880 --> 00:37:30,640

within our planet and perhaps the

723

00:37:37,980 --> 00:37:35,890

universe and so we are life being human

724

00:37:42,210 --> 00:37:37,990

and that's about as much attachment as I

725

00:37:44,460 --> 00:37:42,220

would want to give to anything yes yes

726

00:37:48,240 --> 00:37:44,470

you know when we were on the break you

727

00:37:49,910 --> 00:37:48,250

and I were talking and I had recalled

728

00:37:54,019 --> 00:37:49,920

something that I had heard you say

729

00:37:57,029 --> 00:37:54,029

regarding Eve in the Garden of Eden and

730

00:38:01,410 --> 00:37:57,039

the show called Apple or the fruit of

731

00:38:03,660 --> 00:38:01,420

the forbidden tree of knowledge yeah can

732

00:38:07,440 --> 00:38:03,670

I just don't you about that please

733

00:38:09,870 --> 00:38:07,450

please first what we have to understand

734

00:38:15,349 --> 00:38:09,880

is that our religions come from

735

00:38:18,569 --> 00:38:15,359

astrology the first Genesis 1 verse 14

736

00:38:21,450 --> 00:38:18,579

tells you that God put the Sun and the

737

00:38:26,490 --> 00:38:21,460

moon in the sky and the stars in the sky

738

00:38:28,319 --> 00:38:26,500

and signs the stars to be signs from

739

00:38:30,359 --> 00:38:28,329

which we would tell the days and the

740

00:38:32,190 --> 00:38:30,369

weeks and the years that's not an exact

741

00:38:35,759 --> 00:38:32,200

translation but if you look at Genesis

742

00:38:37,789 --> 00:38:35,769

14 you'll see the word is signs so we

743

00:38:42,210 --> 00:38:37,799

now know that it's an astrological

744

00:38:45,059 --> 00:38:42,220

Society that this teaching came from so

745

00:38:47,700 --> 00:38:45,069

when we look at astrology there's the

746

00:38:50,130 --> 00:38:47,710

ecliptic plane now that's very much in

747

00:38:52,289 --> 00:38:50,140

the news at the moment because Pluto is

748

00:38:56,160 --> 00:38:52,299

sitting in Sagittarius and we've just

749

00:38:59,160 --> 00:38:56,170

done a flyby so yeah it's very very

750

00:39:02,670 --> 00:38:59,170

important so Sagittarius each of the

751

00:39:05,040 --> 00:39:02,680

signs is 30 degrees long

752

00:39:08,520 --> 00:39:05,050

starts with Orion the right hand of

753

00:39:13,290 --> 00:39:08,530

Orion travels around 360 degrees and

754

00:39:16,200 --> 00:39:13,300

that is a circle of manmade signs in

755

00:39:18,240 --> 00:39:16,210

which the Sun sets in the middle and we

756

00:39:21,030 --> 00:39:18,250

travel Remzi at night and day night and

757

00:39:24,930 --> 00:39:21,040

day night day as we go around our orbit

758

00:39:27,660 --> 00:39:24,940

and on the planet so now we know that

759

00:39:31,080 --> 00:39:27,670

it's an astrological teaching we now can

760

00:39:35,220 --> 00:39:31,090

look at the story of Eve and so in the

761

00:39:39,360 --> 00:39:35,230

story of Eve it's the fruit of the tree

762

00:39:43,950 --> 00:39:39,370

of knowledge of good and evil so a fruit

763

00:39:46,230 --> 00:39:43,960

is a product so it's a product of the

764

00:39:48,420 --> 00:39:46,240

tree of knowledge which means that when

765

00:39:50,190 --> 00:39:48,430

they wrote that it was already a tree of

766

00:39:52,920 --> 00:39:50,200

knowledge it was knowledge it come down

767

00:39:55,170 --> 00:39:52,930

to them when they wrote the Bible it's

768

00:39:58,740 --> 00:39:55,180

the put so we're looking at the fruit of

769

00:40:02,040 --> 00:39:58,750

a tree of knowledge but the is the tree

770

00:40:05,010 --> 00:40:02,050

of knowledge of good and evil now we in

771

00:40:07,950 --> 00:40:05,020

modern terms can look at our scientific

772

00:40:11,400 --> 00:40:07,960

ways and say that the world is made up

773

00:40:13,770 --> 00:40:11,410

of opposing forces those opposing forces

774

00:40:15,870 --> 00:40:13,780

are creation on one hand and destruction

775

00:40:18,740 --> 00:40:15,880

in the other if you want if you choose

776

00:40:24,090 --> 00:40:18,750

or you could say it's of order and chaos

777

00:40:26,340 --> 00:40:24,100

and chaos of course is entropy so what

778

00:40:31,050 --> 00:40:26,350

we're saying is that changes of time

779

00:40:35,400 --> 00:40:31,060

okay created by the tension between good

780

00:40:42,060 --> 00:40:35,410

and evil or order and chaos constant

781

00:40:47,370 --> 00:40:42,070

changes caused by conflict why we learn

782

00:40:50,250 --> 00:40:47,380

that and what gave us that was the Astra

783

00:40:54,210 --> 00:40:50,260

astrological sign of Draconis in the

784

00:40:57,300 --> 00:40:54,220

North Pole the conus is the serpent the

785

00:40:59,250 --> 00:40:57,310

dragon it's seen in every religion in

786

00:41:02,130 --> 00:40:59,260

the northern hemisphere ancient ones

787

00:41:06,360 --> 00:41:02,140

including Hindu religions and so forth

788

00:41:09,080 --> 00:41:06,370

as a serpent called or bees which is the

789

00:41:12,780 --> 00:41:09,090

serpent eating its own tail

790

00:41:14,690 --> 00:41:12,790

so as the Earth spins every day the

791

00:41:18,380 --> 00:41:14,700

serpent spins like the face of

792

00:41:21,200 --> 00:41:18,390

clock and as they as we go throughout

793

00:41:25,579 --> 00:41:21,210

the year in the night sky we see the

794

00:41:28,370 --> 00:41:25,589

serpent brokenness spinning very slowly

795

00:41:31,700 --> 00:41:28,380

one just slightly less than one degree a

796

00:41:33,890 --> 00:41:31,710

day at midnight but that was that clock

797

00:41:35,329 --> 00:41:33,900

so what we did with that is we brought

798

00:41:37,819 --> 00:41:35,339

that down and we made it into a

799

00:41:40,490 --> 00:41:37,829

mechanical clock in the 14th century and

800

00:41:43,220 --> 00:41:40,500

you can see that on the 24-hour clock at

801
00:41:44,859 --> 00:41:43,230
core lodge which is interesting because

802
00:41:48,040 --> 00:41:44,869
that's where the astronomical society

803
00:41:53,030 --> 00:41:48,050
gathers to discuss whether or not Pluto

804
00:41:54,950 --> 00:41:53,040
was a planet it's all pretty much tied

805
00:41:58,849 --> 00:41:54,960
up because they know the roots of these

806
00:42:01,250 --> 00:41:58,859
things in a lot of ways so the fruit of

807
00:42:04,910 --> 00:42:01,260
the tree of knowledge of order and chaos

808
00:42:08,720 --> 00:42:04,920
is if you plant a seed at the right time

809
00:42:11,839 --> 00:42:08,730
of year then you get a fruit from it if

810
00:42:15,140 --> 00:42:11,849
you know anything about how to plan time

811
00:42:17,839 --> 00:42:15,150
then you will receive fruit from that

812
00:42:20,540 --> 00:42:17,849
knowledge and fruit give you an example

813
00:42:22,040 --> 00:42:20,550

a motor-car is the fruit of a tree of

814

00:42:24,550 --> 00:42:22,050

knowledge going all the way back to the

815

00:42:29,359 --> 00:42:24,560

wheel it's created by millions of people

816

00:42:33,859 --> 00:42:29,369

over 6,000 years at experimenting carts

817

00:42:35,960 --> 00:42:33,869

wheels mechanics engineering horses all

818

00:42:39,349 --> 00:42:35,970

came together until you have a modern

819

00:42:44,349 --> 00:42:39,359

motorcar so motorcar is a fruit of the

820

00:42:48,770 --> 00:42:44,359

tree of knowledge mm-hmm ok it's a net

821

00:42:51,890 --> 00:42:48,780

so the teaching is quite simple that if

822

00:42:54,680 --> 00:42:51,900

you understand tea time it produces a

823

00:42:57,020 --> 00:42:54,690

fruit and she can understand why to

824

00:43:01,309 --> 00:42:57,030

protect the knowledge from the common

825

00:43:06,550 --> 00:43:01,319

person since the common person was there

826

00:43:12,319 --> 00:43:06,560

to support and produce the fruit right

827

00:43:14,660 --> 00:43:12,329

ok so that's a material for it right in

828

00:43:17,720 --> 00:43:14,670

the sense that if you understand tight

829

00:43:19,970 --> 00:43:17,730

it's used even today in speculation on

830

00:43:22,490 --> 00:43:19,980

the stock market if you understand the

831

00:43:24,410 --> 00:43:22,500

motions of time cyclical time you always

832

00:43:27,500 --> 00:43:24,420

buy at the right time over sell at right

833

00:43:28,790 --> 00:43:27,510

time it's the same with property it's

834

00:43:31,760 --> 00:43:28,800

only the ones that don't

835

00:43:33,920 --> 00:43:31,770

just and time to get caught out go into

836

00:43:40,700 --> 00:43:33,930

negative equity or lose the stocks and

837

00:43:43,150 --> 00:43:40,710

chairs yes so sorry no no I I was just

838

00:43:46,100 --> 00:43:43,160

gonna say but how so it would seem like

839

00:43:47,690 --> 00:43:46,110

everything is the fruit of the tree of

840

00:43:51,410 --> 00:43:47,700

knowledge just about everything that's

841

00:43:53,780 --> 00:43:51,420

produced yes so the next thing that

842

00:43:56,090 --> 00:43:53,790

we're told about in the Bible after that

843

00:43:58,820 --> 00:43:56,100

because the serpent was gay he was Gael

844

00:44:00,650 --> 00:43:58,830

for yeah so if look at if you look at

845

00:44:02,360 --> 00:44:00,660

the Pharaohs headdress the reason for

846

00:44:05,480 --> 00:44:02,370

having a serpent sticking out of the

847

00:44:08,330 --> 00:44:05,490

middle of your forehead and that and the

848

00:44:10,460 --> 00:44:08,340

O beard looking like a Serpent's body is

849

00:44:13,160 --> 00:44:10,470

that you after you've got serpent

850

00:44:17,270 --> 00:44:13,170

knowledge that's what it means you're

851
00:44:20,480 --> 00:44:17,280
the ruler with serpent knowledge and

852
00:44:23,960 --> 00:44:20,490
what about this whole idea of a

853
00:44:27,800 --> 00:44:23,970
reptilian race is that just a sort of

854
00:44:30,560 --> 00:44:27,810
bastardization of this whole idea kind

855
00:44:33,110 --> 00:44:30,570
of yeah look we've all got the reptile

856
00:44:38,360 --> 00:44:33,120
in us because we come we come from

857
00:44:41,750 --> 00:44:38,370
through that that change a train of life

858
00:44:43,730 --> 00:44:41,760
being something so in now we know that

859
00:44:46,490 --> 00:44:43,740
scientifically in part of our brains we

860
00:44:49,160 --> 00:44:46,500
have reptilian issues but that's got

861
00:44:52,610 --> 00:44:49,170
nothing to do with that what this is

862
00:44:56,300 --> 00:44:52,620
about rulership from a serpent point of

863
00:44:58,490 --> 00:44:56,310

view is to understand astrology and from

864

00:45:01,390 --> 00:44:58,500

astrology understand the nature of time

865

00:45:06,020 --> 00:45:01,400

which means you have to be a measurer

866

00:45:13,250 --> 00:45:06,030

yes okay so if you can measure you can

867

00:45:16,130 --> 00:45:13,260

then control which is what they did it

868

00:45:20,030 --> 00:45:16,140

doesn't seem like it's a it's a

869

00:45:25,270 --> 00:45:20,040

particularly complex idea it almost

870

00:45:28,520 --> 00:45:25,280

seems very simple which all communities

871

00:45:33,590 --> 00:45:28,530

exactly exactly

872

00:45:36,560 --> 00:45:33,600

but yet we're blind to it yes that's

873

00:45:38,270 --> 00:45:36,570

because perhaps of our fears and fitting

874

00:45:41,330 --> 00:45:38,280

in with what our parents taught us and

875

00:45:43,310 --> 00:45:41,340

lots of the taught at school my teachers

876
00:45:47,420 --> 00:45:43,320
and you know the blind end up following

877
00:45:50,000 --> 00:45:47,430
the blind yes and eventually if the

878
00:45:52,310 --> 00:45:50,010
blind sheet what walk off the edge of a

879
00:45:56,270 --> 00:45:52,320
cliff is a whole flock just because the

880
00:45:58,430 --> 00:45:56,280
front first one did everything is useful

881
00:46:01,520 --> 00:45:58,440
it doesn't matter whether society is

882
00:46:04,520 --> 00:46:01,530
built on a truth or an untruth providing

883
00:46:10,850 --> 00:46:04,530
the Society's cemented together by a

884
00:46:13,610 --> 00:46:10,860
similar concept and so but sometimes as

885
00:46:16,820 --> 00:46:13,620
time changes those concepts become

886
00:46:18,770 --> 00:46:16,830
redundant and then they're not doing for

887
00:46:24,890 --> 00:46:18,780
survival they're more destructive than

888
00:46:27,560 --> 00:46:24,900

they are protected yes and that's where

889

00:46:29,360 --> 00:46:27,570

we are as I said earlier you know in the

890

00:46:32,870 --> 00:46:29,370

last couple of hundred years we've

891

00:46:34,130 --> 00:46:32,880

managed to free ourselves but we um we

892

00:46:36,560 --> 00:46:34,140

don't know what we'd been free to

893

00:46:38,930 --> 00:46:36,570

because mostly what we've done is

894

00:46:42,740 --> 00:46:38,940

deposed and killed the people who had

895

00:46:45,350 --> 00:46:42,750

this knowledge yeah exactly

896

00:46:47,540 --> 00:46:45,360

okay so we l'd with him in the trenches

897

00:46:48,680 --> 00:46:47,550

in the First World War and died in the

898

00:46:51,590 --> 00:46:48,690

Second World War

899

00:46:56,600 --> 00:46:51,600

there's all these families that had this

900

00:46:58,850 --> 00:46:56,610

knowledge over the centuries died off so

901
00:47:01,010 --> 00:46:58,860
that even those going around professing

902
00:47:04,070 --> 00:47:01,020
they're in secret guilds like Templars

903
00:47:07,250 --> 00:47:04,080
and Freemasons they don't know that's

904
00:47:10,760 --> 00:47:07,260
right and I thought they would know and

905
00:47:13,040 --> 00:47:10,770
I thought the church would know but you

906
00:47:16,000 --> 00:47:13,050
know they don't there's no great

907
00:47:18,560 --> 00:47:16,010
conspiracy hidden by people as just

908
00:47:21,770 --> 00:47:18,570
remnants of those old families still

909
00:47:25,880 --> 00:47:21,780
trying to survive in the world and who

910
00:47:29,600 --> 00:47:25,890
are those families well we in that way

911
00:47:33,050 --> 00:47:29,610
but but those those families that once

912
00:47:36,740 --> 00:47:33,060
held power are still trying to survive

913
00:47:41,740 --> 00:47:36,750

well while the the people who are rising

914

00:47:45,440 --> 00:47:41,750

to take their own power if you like

915

00:47:47,660 --> 00:47:45,450

starting to find things out I don't know

916

00:47:51,050 --> 00:47:47,670

you know maybe you don't want to name

917

00:47:53,750 --> 00:47:51,060

names or maybe there's just too many to

918

00:47:59,300 --> 00:47:53,760

name but it brings to mind people like

919

00:48:01,460 --> 00:47:59,310

the house of habsburg yeah who Willis

920

00:48:03,670 --> 00:48:01,470

reeling and trying to come back to rule

921

00:48:05,810 --> 00:48:03,680

and seem to have some kind of

922

00:48:07,700 --> 00:48:05,820

information or something there's

923

00:48:09,530 --> 00:48:07,710

definitely something going on there

924

00:48:11,180 --> 00:48:09,540

is that the type of family you're

925

00:48:14,120 --> 00:48:11,190

talking about yes it's a bit of

926

00:48:15,859 --> 00:48:14,130

information but you see the Silesians

927

00:48:18,050 --> 00:48:15,869

the salt traders that made their

928

00:48:20,599 --> 00:48:18,060

fortunes in Europe that became the royal

929

00:48:22,280 --> 00:48:20,609

families we've known it but if you also

930

00:48:24,890 --> 00:48:22,290

have to remember that many royal

931

00:48:29,109 --> 00:48:24,900

families wouldn't necessarily know it

932

00:48:32,030 --> 00:48:29,119

because they took by force the kingship

933

00:48:34,099 --> 00:48:32,040

so back in Europe in the old days the

934

00:48:36,500 --> 00:48:34,109

kings and queens were all fighting

935

00:48:38,690 --> 00:48:36,510

killing each other so as to who had the

936

00:48:42,620 --> 00:48:38,700

most power but they would also kill off

937

00:48:46,520 --> 00:48:42,630

the knowledge it's quite standard in

938

00:48:49,630 --> 00:48:46,530

every end of every society for the the

939

00:48:52,790 --> 00:48:49,640

conquering society to get rid of that

940

00:48:55,040 --> 00:48:52,800

the knowledge of the previous Society is

941

00:48:57,710 --> 00:48:55,050

happening in the world now in the Middle

942

00:49:00,620 --> 00:48:57,720

East where ancient monuments are being

943

00:49:06,380 --> 00:49:00,630

destroyed Christians the Christians did

944

00:49:10,490 --> 00:49:06,390

it and as well way back when when they

945

00:49:13,880 --> 00:49:10,500

destroyed Alexandra oh what a loss to

946

00:49:16,580 --> 00:49:13,890

the world that was oh my god I think you

947

00:49:20,870 --> 00:49:16,590

imagine if we had that library in

948

00:49:21,950 --> 00:49:20,880

Alexandria was all that information so

949

00:49:25,370 --> 00:49:21,960

that's why they did it

950

00:49:27,859 --> 00:49:25,380

yeah and but they I mean everybody in

951

00:49:30,170 --> 00:49:27,869

science tends to point most of their

952

00:49:33,740 --> 00:49:30,180

stuff to the Greeks in terms of geometry

953

00:49:35,930 --> 00:49:33,750

and so forth and philosophy but of

954

00:49:38,450 --> 00:49:35,940

course has played to earth it wasn't

955

00:49:40,460 --> 00:49:38,460

later was it but somebody somebody the

956

00:49:43,660 --> 00:49:40,470

Egyptians went to visit the Egyptians

957

00:49:47,510 --> 00:49:43,670

and the Egyptians called Greek children

958

00:49:51,170 --> 00:49:47,520

was that Alexander had conquered Egypt

959

00:49:53,990 --> 00:49:51,180

and and then took over the country and

960

00:49:57,800 --> 00:49:54,000

so it belonged to Greece which is having

961

00:50:00,770 --> 00:49:57,810

a hard time at moment and you know and

962

00:50:01,970 --> 00:50:00,780

and they claimed it for themselves but

963

00:50:05,120 --> 00:50:01,980

the Egyptians told them they were like

964

00:50:07,490 --> 00:50:05,130

children they knew nothing and yet we

965

00:50:10,700 --> 00:50:07,500

put all our stuff back in there

966

00:50:14,690 --> 00:50:10,710

linear concept and this is where I buck

967

00:50:17,359 --> 00:50:14,700

the trend of Darwinistic concept of

968

00:50:20,210 --> 00:50:17,369

evolution in terms of it being linear

969

00:50:22,640 --> 00:50:20,220

growth something that banks and

970

00:50:24,769 --> 00:50:22,650

politicians play with the words of all

971

00:50:27,980 --> 00:50:24,779

the time I have never seen anything in

972

00:50:29,690 --> 00:50:27,990

reality that continues to grow it

973

00:50:33,289 --> 00:50:29,700

reaches its peak and then it doesn't

974

00:50:35,920 --> 00:50:33,299

grow anymore such as oak trees birds you

975

00:50:38,539 --> 00:50:35,930

know every living thing that you can see

976

00:50:43,599 --> 00:50:38,549

there is no continuous growth

977

00:50:46,160 --> 00:50:43,609

there's only cycles you can through that

978

00:50:52,220 --> 00:50:46,170

in the philosophy of the Greeks they

979

00:50:55,460 --> 00:50:52,230

also knew that well that's powerful

980

00:50:57,499 --> 00:50:55,470

powerful it's very simple the cross is a

981

00:51:01,279 --> 00:50:57,509

very simple measuring insulin but it's

982

00:51:04,819 --> 00:51:01,289

completely geometric and Jim in instance

983

00:51:07,849 --> 00:51:04,829

sent an aspherical e geometric but

984

00:51:12,499 --> 00:51:07,859

geometry means it comes from measuring

985

00:51:17,870 --> 00:51:12,509

Mother Earth geo earth natural mother

986

00:51:20,029 --> 00:51:17,880

Viet mater that's what means you really

987

00:51:22,609 --> 00:51:20,039

have to pay attention to the words don't

988

00:51:25,940 --> 00:51:22,619

you yes and that's the point in English

989

00:51:28,249 --> 00:51:25,950

we do not and we are we use that as

990

00:51:31,460 --> 00:51:28,259

children get told off by our parents

991

00:51:32,660 --> 00:51:31,470

don't make new words up use the proper

992

00:51:38,630 --> 00:51:32,670

words so that we won't be able to

993

00:51:40,549 --> 00:51:38,640

understand you yes so words are precise

994

00:51:42,349 --> 00:51:40,559

meanings and most human beings don't

995

00:51:45,680 --> 00:51:42,359

find out how to let standing in front of

996

00:51:47,480 --> 00:51:45,690

the judge loyal is the precision of

997

00:51:51,319 --> 00:51:47,490

words

998

00:51:54,529 --> 00:51:51,329

that's the rule of law that's right

999

00:51:58,519 --> 00:51:54,539

that's right I spent a lot of time in

1000

00:52:04,180 --> 00:51:58,529

another life actually part of this life

1001
00:52:07,549 --> 00:52:04,190
working in the world of law and my job

1002
00:52:11,059 --> 00:52:07,559
consisted of partly of drafting legal

1003
00:52:15,380 --> 00:52:11,069
agreements and every single word and

1004
00:52:18,380 --> 00:52:15,390
punctuation was important absolutely it

1005
00:52:21,350 --> 00:52:18,390
is and I guess that's what I'm trying to

1006
00:52:24,110 --> 00:52:21,360
say this is either in

1007
00:52:24,920 --> 00:52:24,120
ancient holy books or it's carved in

1008
00:52:31,010 --> 00:52:24,930
stone

1009
00:52:33,740 --> 00:52:31,020
yeah or it's in a dictionary yes it's no

1010
00:52:36,530 --> 00:52:33,750
great secret and and the church is put

1011
00:52:40,040 --> 00:52:36,540
in full view as well you go into any of

1012
00:52:47,570 --> 00:52:40,050
the old cathedrals in Europe and it's

1013
00:52:51,080 --> 00:52:47,580

late zodiac so if you go to Santiago de

1014

00:52:55,250 --> 00:52:51,090

Compostela yeah you'll see you'll see

1015

00:52:58,490 --> 00:52:55,260

mother Mary standing on the moon with a

1016

00:53:02,720 --> 00:52:58,500

fruit on the Serpent's head only the

1017

00:53:05,390 --> 00:53:02,730

other church controls time and if you

1018

00:53:07,280 --> 00:53:05,400

stand under the cross part because the

1019

00:53:09,290 --> 00:53:07,290

cathedrals laid out as a cross and look

1020

00:53:11,300 --> 00:53:09,300

up at the dome ceiling you'll see a

1021

00:53:14,960 --> 00:53:11,310

pyramid with the Eye of Horus

1022

00:53:18,230 --> 00:53:14,970

mm-hmm the all-seeing eye which of

1023

00:53:20,120 --> 00:53:18,240

course we use on our dollar bill our

1024

00:53:25,790 --> 00:53:20,130

money absolutely

1025

00:53:29,600 --> 00:53:25,800

the how Polaris is time time and money

1026
00:53:35,690 --> 00:53:29,610
actually the same thing yeah the Spanish

1027
00:53:39,950 --> 00:53:35,700
word for for our ours is horas hor a s

1028
00:53:42,110 --> 00:53:39,960
which yep very easily ties back to Horus

1029
00:53:44,930 --> 00:53:42,120
you know we're right at break time again

1030
00:53:47,780 --> 00:53:44,940
this is going by so quickly and when we

1031
00:53:50,090 --> 00:53:47,790
come back we're gonna get more into this

1032
00:53:53,840 --> 00:53:50,100
idea of the Celtic Cross as a navigation

1033
00:53:57,980 --> 00:53:53,850
device and how it might have been used

1034
00:54:00,830 --> 00:53:57,990
or maybe even discovered by the Knights

1035
00:54:02,180 --> 00:54:00,840
Templar during their time so hang in

1036
00:54:04,460 --> 00:54:02,190
there with us and we'll be right back

1037
00:54:05,810 --> 00:54:04,470
Craig Miller thank you for hanging in

1038
00:54:08,000 --> 00:54:05,820

there with us you're listening to night

1039

00:54:10,910 --> 00:54:08,010

vision radio we're talking with Crichton

1040

00:54:13,610 --> 00:54:10,920

Miller and about the information

1041

00:54:17,690 --> 00:54:13,620

contained in his new book golden thread

1042

00:54:20,810 --> 00:54:17,700

of time and primarily about the Celtic

1043

00:54:23,180 --> 00:54:20,820

Cross and how it was actually much more

1044

00:54:25,940 --> 00:54:23,190

than just a religious symbol that we

1045

00:54:30,560 --> 00:54:25,950

know it as its it was actually a device

1046

00:54:34,520 --> 00:54:30,570

a device for navigation and time so oh

1047

00:54:37,099 --> 00:54:34,530

goodness I wanted to get into

1048

00:54:41,150 --> 00:54:37,109

the Templars a little bit in this last

1049

00:54:43,640 --> 00:54:41,160

half-hour if we could and you know it

1050

00:54:47,650 --> 00:54:43,650

seems that the Templars you know they're

1051

00:54:51,650 --> 00:54:47,660

sort of stated raised on debt was to go

1052

00:54:54,500 --> 00:54:51,660

you know I guess accompanying pilgrims

1053

00:54:57,980 --> 00:54:54,510

on the path to Jerusalem to protect them

1054

00:55:00,230 --> 00:54:57,990

but everyone knows that that wasn't

1055

00:55:02,330 --> 00:55:00,240

really the only reason that they were

1056

00:55:05,480 --> 00:55:02,340

there and if they were found to have

1057

00:55:06,260 --> 00:55:05,490

been digging under the temple and things

1058

00:55:11,000 --> 00:55:06,270

like that

1059

00:55:14,210 --> 00:55:11,010

so was it this device that they were

1060

00:55:17,980 --> 00:55:14,220

looking for did they find it and was

1061

00:55:21,230 --> 00:55:17,990

that how they were able to navigate

1062

00:55:24,620 --> 00:55:21,240

meiosis I believe so and I'll write

1063

00:55:27,260 --> 00:55:24,630

about that in my book in some depth but

1064

00:55:31,010 --> 00:55:27,270

again let's take let's go back to the

1065

00:55:33,170 --> 00:55:31,020

word template it comes from time so

1066

00:55:37,040 --> 00:55:33,180

really their real name is Knights of

1067

00:55:39,380 --> 00:55:37,050

time that just blew my mind when you

1068

00:55:42,020 --> 00:55:39,390

were talking about temple earlier and I

1069

00:55:44,120 --> 00:55:42,030

was thinking temple Templar oh my god of

1070

00:55:47,240 --> 00:55:44,130

course time yep

1071

00:55:50,420 --> 00:55:47,250

Knights of time and you see the thing is

1072

00:55:53,540 --> 00:55:50,430

our ancestors saw God this time they

1073

00:55:57,620 --> 00:55:53,550

didn't see God as the Sun if you go to

1074

00:55:59,930 --> 00:55:57,630

Egypt they state that quite clearly and

1075

00:56:04,520 --> 00:55:59,940

this is what probably the Templars found

1076

00:56:06,920 --> 00:56:04,530

out or re rediscovered is that if you

1077

00:56:11,030 --> 00:56:06,930

look at a menorah

1078

00:56:15,140 --> 00:56:11,040

it means the Sun in the moment of Aries

1079

00:56:17,450 --> 00:56:15,150

a moon as in the end of the Lord's

1080

00:56:20,930 --> 00:56:17,460

Prayer are men that's what it means

1081

00:56:27,260 --> 00:56:20,940

so to tanka moon means tuck meaning

1082

00:56:31,160 --> 00:56:27,270

wisdom wisdom an Ankeny wife so it's of

1083

00:56:34,010 --> 00:56:31,170

a moon or Aries so he was the

1084

00:56:37,910 --> 00:56:34,020

representative of God on earth as the

1085

00:56:41,089 --> 00:56:37,920

Pharaoh as the life and wisdom of the

1086

00:56:47,570 --> 00:56:41,099

age of Aries the creative moment of the

1087

00:56:48,630 --> 00:56:47,580

Sun in time hmm and I it's it's so

1088

00:56:51,210 --> 00:56:48,640

obvious so

1089

00:56:53,540 --> 00:56:51,220

what you have in this really important

1090

00:56:57,630 --> 00:56:53,550

is that a moon was around and

1091

00:57:03,089 --> 00:56:57,640

represented the sign of Aries which

1092

00:57:06,359 --> 00:57:03,099

lasted 2160 years after that it's the

1093

00:57:08,490 --> 00:57:06,369

age of the fish which is Pisces and so

1094

00:57:10,829 --> 00:57:08,500

Jesus found fishermen to go out and

1095

00:57:12,960 --> 00:57:10,839

catch the souls of the Age of Pisces and

1096

00:57:16,980 --> 00:57:12,970

that's why if you look at the Pope's hat

1097

00:57:21,089 --> 00:57:16,990

you see it's a fish's head all right

1098

00:57:23,700 --> 00:57:21,099

Oh thought so the whole Christian faith

1099

00:57:27,599 --> 00:57:23,710

is built on the sign of the fish which

1100

00:57:30,180 --> 00:57:27,609

lasts 2160 years and still is in

1101

00:57:32,820 --> 00:57:30,190

existence today we're still at the

1102

00:57:36,300 --> 00:57:32,830

spring equinox the Sun rises in the sign

1103

00:57:39,240 --> 00:57:36,310

of Pisces before he does it

1104

00:57:41,370 --> 00:57:39,250

queries maybe go back to what I was

1105

00:57:44,460 --> 00:57:41,380

saying you have to understand that all

1106

00:57:47,460 --> 00:57:44,470

societies all ancient societies

1107

00:57:48,680 --> 00:57:47,470

including the Chinese society were built

1108

00:57:52,440 --> 00:57:48,690

on astrology

1109

00:57:55,650 --> 00:57:52,450

in that Chinese instead of using the

1110

00:57:58,560 --> 00:57:55,660

Celtic Cross used the luopan the lure

1111

00:58:02,700 --> 00:57:58,570

pound is what we use at a very shallow

1112

00:58:04,770 --> 00:58:02,710

way today to do Feng Shui but the

1113

00:58:06,720 --> 00:58:04,780

ancients hung a plumb line from the

1114

00:58:09,540 --> 00:58:06,730

center eluate pan and could measure the

1115

00:58:13,740 --> 00:58:09,550

heavens measure astrology remember the

1116

00:58:16,859 --> 00:58:13,750

nice ones the Wizards the wise ones yes

1117

00:58:19,650 --> 00:58:16,869

now that brings up a question that we

1118

00:58:22,470 --> 00:58:19,660

just got via the chat room from from red

1119

00:58:25,859 --> 00:58:22,480

who says do we see the Celtic Cross

1120

00:58:29,970 --> 00:58:25,869

anywhere else but Europe is it seen in

1121

00:58:33,349 --> 00:58:29,980

Africa or the new world for example the

1122

00:58:34,920 --> 00:58:33,359

guilty the Celtic crosses the

1123

00:58:43,800 --> 00:58:34,930

Amerindians

1124

00:58:50,880 --> 00:58:43,810

the medicine wheel in medicine wheel

1125

00:58:52,470 --> 00:58:50,890

that's exactly the same thing so you

1126

00:58:56,579 --> 00:58:52,480

talk about world white civilization

1127

00:59:00,930 --> 00:58:56,589

based on astrology and animism and

1128

00:59:02,080 --> 00:59:00,940

shamanism used so shamanism animism the

1129

00:59:05,620 --> 00:59:02,090

idea

1130

00:59:07,540 --> 00:59:05,630

very powerful word nature you see nature

1131

00:59:11,650 --> 00:59:07,550

comes from the word meta Ruth from

1132

00:59:14,560 --> 00:59:11,660

ancient Egypt and that aru was was the

1133

00:59:18,970 --> 00:59:14,570

name for God the net Aroo were the

1134

00:59:21,340 --> 00:59:18,980

nature spirits so when we say nature

1135

00:59:23,350 --> 00:59:21,350

today and separate it from our idea of

1136

00:59:25,210 --> 00:59:23,360

God and say we're at war with nature

1137

00:59:29,410 --> 00:59:25,220

were actually saying we're a war with

1138

00:59:38,680 --> 00:59:29,420

God the intelligence that creates leaves

1139

00:59:43,330 --> 00:59:38,690

and flowers and birds and us now that's

1140

00:59:45,160 --> 00:59:43,340

the teacher yeah I mean there's so much

1141

00:59:48,610 --> 00:59:45,170

it's it's it's sort of mind-boggling

1142

00:59:52,060 --> 00:59:48,620

it's hot so the American the red Indian

1143

00:59:55,750 --> 00:59:52,070

met medicine wheel and exactly disabled

1144

00:59:58,300 --> 00:59:55,760

the Maya Maya have the cross so we've

1145

01:00:01,270 --> 00:59:58,310

got they try and call it a sign a Sun

1146

01:00:03,460 --> 01:00:01,280

symbol or the wheel of Tyrannus love we

1147

01:00:09,190 --> 01:00:03,470

love o dienes the same thing they just

1148

01:00:12,700 --> 01:00:09,200

found one at Stonehenge 4,500 years old

1149

01:00:16,600 --> 01:00:12,710

across on a gold disc with dots around

1150

01:00:21,550 --> 01:00:16,610

the outside 60 of them 60 which is the

1151

01:00:26,290 --> 01:00:21,560

number the first number in Bible 666 66

1152

01:00:30,370 --> 01:00:26,300

yes number for nature nature's numbers

1153

01:00:33,910 --> 01:00:30,380

are the numbers of two one six Oh times

1154

01:00:35,670 --> 01:00:33,920

twelve 25,920 all those numbers which

1155

01:00:40,660 --> 01:00:35,680

applaud people with are not used to it

1156

01:00:42,430 --> 01:00:40,670

so I don't do that too much but all

1157

01:00:46,720 --> 01:00:42,440

those numbers are there and there they

1158

01:00:53,050 --> 01:00:46,730

were there in every society the natural

1159

01:00:58,660 --> 01:00:53,060

numbers of nature and the growth reveals

1160

01:01:01,480 --> 01:00:58,670

it you know I've heard something and

1161

01:01:04,140 --> 01:01:01,490

admittedly you know next to nothing

1162

01:01:08,170 --> 01:01:04,150

about it but I've heard something about

1163

01:01:11,110 --> 01:01:08,180

something called prime number cross is

1164

01:01:13,480 --> 01:01:11,120

that have anything to do with the Celtic

1165

01:01:15,430 --> 01:01:13,490

Cross or is there relationship there and

1166

01:01:19,510 --> 01:01:15,440

I don't

1167

01:01:22,150 --> 01:01:19,520

by cons I do across

1168

01:01:24,010 --> 01:01:22,160

I just heard of that just this week and

1169

01:01:26,320 --> 01:01:24,020

I started looking at it and I said okay

1170

01:01:28,840 --> 01:01:26,330

I can't really get into this right now

1171

01:01:31,240 --> 01:01:28,850

I've got to get into the Celtic Cross so

1172

01:01:33,970 --> 01:01:31,250

I didn't have a chance to really get too

1173

01:01:37,570 --> 01:01:33,980

much information about it but I'm not

1174

01:01:40,630 --> 01:01:37,580

sure the problem isn't labeling it we

1175

01:01:44,680 --> 01:01:40,640

love Tehran is Odin's wheel the Celtic

1176

01:01:47,410 --> 01:01:44,690

Cross it's it's an it's a useful

1177

01:01:50,830 --> 01:01:47,420

instrument because it's a weighted

1178

01:01:53,620 --> 01:01:50,840

circle on a crossbar which allows you to

1179

01:01:57,250 --> 01:01:53,630

take geometrical measurements that's

1180

01:01:59,620 --> 01:01:57,260

right so so therefore it can have all

1181

01:02:03,700 --> 01:01:59,630

sorts of combinations but the one that I

1182

01:02:06,970 --> 01:02:03,710

discovered which is the 1872 Dixon

1183

01:02:11,170 --> 01:02:06,980

relics in the Queen's Chamber which

1184

01:02:13,180 --> 01:02:11,180

Robert without put me on to that that

1185

01:02:16,690 --> 01:02:13,190

particular cross is far more

1186

01:02:19,270 --> 01:02:16,700

sophisticated it's a simple cross like

1187

01:02:23,080 --> 01:02:19,280

the crucifix but the cross bar is

1188

01:02:26,650 --> 01:02:23,090

divided into degrees so it's easier to

1189

01:02:28,360 --> 01:02:26,660

handle and easier to to close but easy

1190

01:02:30,940 --> 01:02:28,370

and not to show if you see what I mean

1191

01:02:34,360 --> 01:02:30,950

so you can take the cross bar out the

1192

01:02:36,340 --> 01:02:34,370

measure and you can put it into a cross

1193

01:02:40,240 --> 01:02:36,350

form and hang a plumb line from it it's

1194

01:02:41,980 --> 01:02:40,250

far more accurate so even that was a

1195

01:02:44,760 --> 01:02:41,990

development now that's on the front

1196

01:02:49,180 --> 01:02:44,770

cover of my book you look at there's a

1197

01:02:52,060 --> 01:02:49,190

faceless person in a cloak and they have

1198

01:02:54,730 --> 01:02:52,070

a staff in one hand with an eerie sign

1199

01:02:57,790 --> 01:02:54,740

on the top and hanging from the belt

1200

01:03:01,660 --> 01:02:57,800

they've got a plumb bob and another

1201

01:03:04,690 --> 01:03:01,670

another wooden lat which is the the

1202

01:03:10,960 --> 01:03:04,700

measuring rod and anybody can use it

1203

01:03:13,630 --> 01:03:10,970

that was how to do it hmm yeah so that

1204

01:03:15,370 --> 01:03:13,640

that cross designed the pyramids in my

1205

01:03:17,110 --> 01:03:15,380

opinion because it was found in the

1206

01:03:22,660 --> 01:03:17,120

pyramids and the pyramid to reflect

1207

01:03:24,580 --> 01:03:22,670

every natural number in degrees people

1208

01:03:25,990 --> 01:03:24,590

always talk about the length of the

1209

01:03:29,140 --> 01:03:26,000

pyramid and the height of the pyramid

1210

01:03:33,160 --> 01:03:29,150

and they don't do it in degrees

1211

01:03:35,620 --> 01:03:33,170

really important because you've got 180

1212

01:03:38,829 --> 01:03:35,630

degrees in each triangle so each

1213

01:03:42,640 --> 01:03:38,839

triangle of one pyramid is 720 degrees

1214

01:03:44,920 --> 01:03:42,650

in total and that is how many suns and

1215

01:03:46,779 --> 01:03:44,930

moons go round the horizon it's half a

1216

01:03:48,579 --> 01:03:46,789

degree across for the moon which is why

1217

01:03:51,490 --> 01:03:48,589

we get clips --es and half a degree

1218

01:03:54,190 --> 01:03:51,500

across for the Sun which is the same

1219

01:03:56,319 --> 01:03:54,200

reason we get clips is in the 720 of

1220

01:03:59,859 --> 01:03:56,329

them in our auras are on a horizon

1221

01:04:05,289 --> 01:03:59,869

circle hmm and that's embodied into the

1222

01:04:07,750 --> 01:04:05,299

pyramid are you know you can only be

1223

01:04:10,900 --> 01:04:07,760

that skill than building that sort of a

1224

01:04:13,930 --> 01:04:10,910

thing if you have got an instrument they

1225

01:04:15,700 --> 01:04:13,940

took Petri I think it was 14 or 15

1226

01:04:18,069 --> 01:04:15,710

instruments to measure the inside the

1227

01:04:25,569 --> 01:04:18,079

King's Chamber the crust does it as one

1228

01:04:28,210 --> 01:04:25,579

instrument and what they did is that

1229

01:04:30,940 --> 01:04:28,220

tri-state years they took the zodiac and

1230

01:04:34,059 --> 01:04:30,950

they the motions of the Earth and the

1231

01:04:37,930 --> 01:04:34,069

Sun and attends to an instrument so as

1232

01:04:41,620 --> 01:04:37,940

to measure them so when I was what what

1233

01:04:44,289 --> 01:04:41,630

was above is not below yeah yes the most

1234

01:04:46,630 --> 01:04:44,299

important thing is that the first

1235

01:04:54,039 --> 01:04:46,640

natural ruler that they used was a

1236

01:04:56,319 --> 01:04:54,049

serpent skin is interesting yeah and

1237

01:04:58,269 --> 01:04:56,329

because we used everything went back

1238

01:05:01,420 --> 01:04:58,279

there and a serpent skin which they

1239

01:05:03,760 --> 01:05:01,430

slough off as they grow if you spread it

1240

01:05:07,059 --> 01:05:03,770

out on a stick it becomes a fantastic

1241

01:05:10,720 --> 01:05:07,069

ruler this exponential because every

1242

01:05:13,720 --> 01:05:10,730

living creatures built on a circle so

1243

01:05:18,069 --> 01:05:13,730

it's his little scales work perfectly

1244

01:05:20,529 --> 01:05:18,079

for measuring that's why the dragon in

1245

01:05:23,049 --> 01:05:20,539

the northern hemisphere of the serpent

1246

01:05:25,269 --> 01:05:23,059

as it's called is what we did we were

1247

01:05:25,839 --> 01:05:25,279

animistic so we throw the animal into

1248

01:05:28,720 --> 01:05:25,849

the sky

1249

01:05:30,960 --> 01:05:28,730

the first same with Taurus and Taurus

1250

01:05:33,970 --> 01:05:30,970

was because we hunted the aura and the

1251

01:05:36,430 --> 01:05:33,980

aura the sign of Taurus came up on the

1252

01:05:39,309 --> 01:05:36,440

horizon at the time that the aura were

1253

01:05:42,120 --> 01:05:39,319

migrating do we new bit of when to

1254

01:05:44,249 --> 01:05:42,130

hunter because we ate them like the

1255

01:05:51,180 --> 01:05:44,259

Erica red Indian we gave thanks to their

1256

01:05:53,730 --> 01:05:51,190

spirit for sustaining us Wow now we have

1257

01:05:57,710 --> 01:05:53,740

some lost our way haven't we oh my

1258

01:06:00,870 --> 01:05:57,720

goodness it's it's an unbelievable now

1259

01:06:02,940 --> 01:06:00,880

I'm thinking about you were mentioning

1260

01:06:06,809 --> 01:06:02,950

earlier that that's the serpent the

1261

01:06:10,950 --> 01:06:06,819

serpent eating its tail and it reminds

1262

01:06:14,490 --> 01:06:10,960

me of a book I call I read called Viking

1263

01:06:17,120 --> 01:06:14,500

serpent yeah that's how I did the pre

1264

01:06:20,970 --> 01:06:17,130

forward for that annulled bolt

1265

01:06:25,140 --> 01:06:20,980

yes I did the forward on that work for

1266

01:06:27,450 --> 01:06:25,150

Herald because he'd found all these of

1267

01:06:29,099 --> 01:06:27,460

course the the thing about the Vikings

1268

01:06:30,839 --> 01:06:29,109

was that they were the serpent

1269

01:06:33,230 --> 01:06:30,849

Christians that were thrown out of

1270

01:06:37,740 --> 01:06:33,240

Ireland by sympatric

1271

01:06:40,859 --> 01:06:37,750

you see it was a disagreeable Christian

1272

01:06:43,170 --> 01:06:40,869

sect so they they set their own churches

1273

01:06:45,749 --> 01:06:43,180

with a serpent roofs and everything up

1274

01:06:47,880 --> 01:06:45,759

in Norway and then two three hundred

1275

01:06:50,309 --> 01:06:47,890

years came back again and took Britain

1276

01:06:51,480 --> 01:06:50,319

and then when they finish taking Britain

1277

01:06:54,690 --> 01:06:51,490

they took France

1278

01:06:56,490 --> 01:06:54,700

hence the North Normandy was there what

1279

01:06:59,640 --> 01:06:56,500

they were given and then they conquered

1280

01:07:01,319 --> 01:06:59,650

Britain again from both sides and then

1281

01:07:04,380 --> 01:07:01,329

they start building cathedrals and

1282

01:07:08,670 --> 01:07:04,390

putting all our knowledge into it right

1283

01:07:11,700 --> 01:07:08,680

right okay that that that's the

1284

01:07:14,789 --> 01:07:11,710

shortened version of the idea of the

1285

01:07:19,440 --> 01:07:14,799

Serpent's being thrown out of Ireland by

1286

01:07:20,940 --> 01:07:19,450

some Patrick so they had serpents on the

1287

01:07:23,400 --> 01:07:20,950

front of their boats and they were

1288

01:07:25,890 --> 01:07:23,410

expert navigators they traveled to the

1289

01:07:27,690 --> 01:07:25,900

Baltic the Mediterranean all over the

1290

01:07:32,539 --> 01:07:27,700

place doing the trading raping and

1291

01:07:36,059 --> 01:07:32,549

pillaging did them really or was that

1292

01:07:40,230 --> 01:07:36,069

I've read they got kind of a bad rap

1293

01:07:42,569 --> 01:07:40,240

they were traders yes and they were like

1294

01:07:46,140 --> 01:07:42,579

all seafaring and this is where I go

1295

01:07:48,900 --> 01:07:46,150

back to logistics you can't trade on a

1296

01:07:50,609 --> 01:07:48,910

ship unless you can find your way and if

1297

01:07:52,589 --> 01:07:50,619

you're three miles offshore and there's

1298

01:07:55,560 --> 01:07:52,599

no mountains you can't see where you are

1299

01:07:58,050 --> 01:07:55,570

all is a sea and sky you need to

1300

01:08:00,210 --> 01:07:58,060

the user stars and you need to measure

1301

01:08:03,660 --> 01:08:00,220

the stars and you need to measure the

1302

01:08:08,670 --> 01:08:03,670

stars within arc minutes the 60 arc

1303

01:08:10,590 --> 01:08:08,680

minutes in a degree Freemasons come from

1304

01:08:12,390 --> 01:08:10,600

a knight templars but the Freemasons

1305

01:08:14,580 --> 01:08:12,400

built at the end of the day they were

1306

01:08:17,700 --> 01:08:14,590

Masons they built the holy churches they

1307

01:08:20,430 --> 01:08:17,710

had to know all this yeah they would

1308

01:08:22,920 --> 01:08:20,440

have had to sew in the inside of Rosslyn

1309

01:08:26,700 --> 01:08:22,930

Chapel have a photograph of a cross on a

1310

01:08:29,520 --> 01:08:26,710

tripod exactly the same as a Mason's

1311

01:08:34,800 --> 01:08:29,530

mark from when they built Rosslyn Chapel

1312

01:08:38,550 --> 01:08:34,810

it's a tiny cross on a tripod and it

1313

01:08:42,059 --> 01:08:38,560

shows exactly what my patient does they

1314

01:08:45,059 --> 01:08:42,069

didn't know Wow where is that in the in

1315

01:08:47,099 --> 01:08:45,069

Rosslyn it's a leper chapel down in the

1316

01:08:50,130 --> 01:08:47,109

annex to the leper chapel if you go

1317

01:08:53,520 --> 01:08:50,140

through in and then look up to look up

1318

01:08:57,900 --> 01:08:53,530

to I guess it's and you look up to the

1319

01:09:00,170 --> 01:08:57,910

west mmm it's right on the insides of

1320

01:09:04,289 --> 01:09:00,180

Masons was there something that you

1321

01:09:08,370 --> 01:09:04,299

spotted or was that showing some Brydon

1322

01:09:13,140 --> 01:09:08,380

who's deceased note and he showed to me

1323

01:09:15,539 --> 01:09:13,150

when we were talking about the the

1324

01:09:21,450 --> 01:09:15,549

chapel and how it was built and what the

1325

01:09:27,000 --> 01:09:21,460

hidden meanings were in it now is that

1326

01:09:30,329 --> 01:09:27,010

there a musical aspect to to Rosslyn yes

1327

01:09:33,750 --> 01:09:30,339

the G it's College H my name is Kryten

1328

01:09:37,860 --> 01:09:33,760

Sam a small family clan comes from that

1329

01:09:39,539 --> 01:09:37,870

far so great in church is the next one

1330

01:09:41,190 --> 01:09:39,549

over that's a college eight church as

1331

01:09:43,890 --> 01:09:41,200

well absolutely beautiful

1332

01:09:47,520 --> 01:09:43,900

now you have to work out the angles so

1333

01:09:49,530 --> 01:09:47,530

they didn't just work out how to do

1334

01:09:52,140 --> 01:09:49,540

astrology and measure the outside the

1335

01:09:55,170 --> 01:09:52,150

buildings they needed to work out Sonics

1336

01:09:57,510 --> 01:09:55,180

or if you like how sound bounced and

1337

01:09:59,340 --> 01:09:57,520

that is about the same it's about angles

1338

01:10:02,340 --> 01:09:59,350

you need to get the right curve to

1339

01:10:05,510 --> 01:10:02,350

project the zone so it hits the audience

1340

01:10:09,210 --> 01:10:05,520

if you get a very clever setup you can

1341

01:10:11,940 --> 01:10:09,220

speak very quietly with with

1342

01:10:14,370 --> 01:10:11,950

with these things like the Maya ballpark

1343

01:10:16,230 --> 01:10:14,380

so you can sit on the curve that at one

1344

01:10:18,990 --> 01:10:16,240

end and you can hear somebody whisper it

1345

01:10:22,680 --> 01:10:19,000

you know that yes the sound is set up

1346

01:10:27,060 --> 01:10:22,690

perfectly we've lost that we're only

1347

01:10:29,160 --> 01:10:27,070

just beginning that that cleverness the

1348

01:10:29,850 --> 01:10:29,170

college a church in is like Rosslyn

1349

01:10:32,880 --> 01:10:29,860

Chapel

1350

01:10:36,180 --> 01:10:32,890

crichton Church and the many others were

1351

01:10:38,940 --> 01:10:36,190

all for about projecting sound in the

1352

01:10:41,940 --> 01:10:38,950

right way so it sounded beautiful within

1353

01:10:45,180 --> 01:10:41,950

your ears like a stereo you know like

1354

01:10:49,920 --> 01:10:45,190

stereo headphones yeah I've noticed that

1355

01:10:52,410 --> 01:10:49,930

in a lot of churches in France yeah they

1356

01:10:55,110 --> 01:10:52,420

seem to have unusual acoustics I

1357

01:10:59,040 --> 01:10:55,120

remember one time we were up at this

1358

01:11:02,990 --> 01:10:59,050

little Church in San severe which is you

1359

01:11:05,990 --> 01:11:03,000

know near the Ren Li Chateau area and

1360

01:11:13,830 --> 01:11:06,000

it's a very old I believe it was

1361

01:11:16,800 --> 01:11:13,840

originally a Celtic site but we were in

1362

01:11:21,750 --> 01:11:16,810

there and we were singing and when we

1363

01:11:26,340 --> 01:11:21,760

stopped the sound continued for the last

1364

01:11:32,220 --> 01:11:26,350

note held for the longest time it was

1365

01:11:35,130 --> 01:11:32,230

spooky yes it was it was it was amazing

1366

01:11:38,040 --> 01:11:35,140

but I was like just flabbergasted by it

1367

01:11:41,340 --> 01:11:38,050

because I kept thinking it's still going

1368

01:11:43,920 --> 01:11:41,350

it's still going it's still going and it

1369

01:11:46,580 --> 01:11:43,930

seemed like forever and I said how could

1370

01:11:49,800 --> 01:11:46,590

it carry the sound that long

1371

01:11:52,680 --> 01:11:49,810

mathematics yeah apparently well music

1372

01:11:54,930 --> 01:11:52,690

is mathematics is nothing yes it is but

1373

01:11:56,610 --> 01:11:54,940

but being able to project the sound is

1374

01:12:00,000 --> 01:11:56,620

mathematics do you need to know at what

1375

01:12:04,470 --> 01:12:00,010

degree it and how how it bounces off the

1376

01:12:08,070 --> 01:12:04,480

angle of a roof hmm then very very very

1377

01:12:09,810 --> 01:12:08,080

clever and the and they did it by simple

1378

01:12:13,080 --> 01:12:09,820

systems like the one I'm explaining

1379

01:12:15,510 --> 01:12:13,090

there's nothing complex about the Celtic

1380

01:12:17,190 --> 01:12:15,520

Cross but it got a patent because

1381

01:12:18,890 --> 01:12:17,200

there's nothing else like it on the

1382

01:12:22,380 --> 01:12:18,900

planet

1383

01:12:22,770 --> 01:12:22,390

it's just it's amazing that it's just

1384

01:12:24,899 --> 01:12:22,780

now

1385

01:12:27,720 --> 01:12:24,909

coming back out and thanks to you and

1386

01:12:32,189 --> 01:12:27,730

your good work that's wonderful I kind

1387

01:12:34,109 --> 01:12:32,199

of you but it is a bit of a burden I can

1388

01:12:36,510 --> 01:12:34,119

imagine but I'm sure it's also a labor

1389

01:12:40,859 --> 01:12:36,520

of love it is a labor of love

1390

01:12:43,770 --> 01:12:40,869

I'm totally fixed on it OCD I think they

1391

01:12:45,569 --> 01:12:43,780

call it well it's really good though I

1392

01:12:48,629 --> 01:12:45,579

mean you know it's there there are so

1393

01:12:52,669 --> 01:12:48,639

many aspects that have been you know

1394

01:12:55,709 --> 01:12:52,679

either hidden deliberately or just lost

1395

01:12:58,950 --> 01:12:55,719

it's deliberately hidden because it's

1396

01:13:01,470 --> 01:12:58,960

how people earn their living yes well

1397

01:13:03,540 --> 01:13:01,480

it's wonderful right take it back to the

1398

01:13:05,819 --> 01:13:03,550

reason why I did the Paton nobody can

1399

01:13:09,180 --> 01:13:05,829

take the cross away from me for 20 years

1400

01:13:11,430 --> 01:13:09,190

then it becomes public yes but in those

1401

01:13:13,379 --> 01:13:11,440

days if they took the cross away from

1402

01:13:15,510 --> 01:13:13,389

the person that used it they could make

1403

01:13:18,319 --> 01:13:15,520

the same living and deny that personal

1404

01:13:21,990 --> 01:13:18,329

living that's that's why it's a secret

1405

01:13:24,029 --> 01:13:22,000

it's none it's not some great conspiracy

1406

01:13:27,870 --> 01:13:24,039

about lizards with tails hanging out

1407

01:13:31,260 --> 01:13:27,880

under skirts and things it's good it's

1408

01:13:33,990 --> 01:13:31,270

it's a simple simple thing that you

1409

01:13:37,439 --> 01:13:34,000

protect people in this world nowadays

1410

01:13:39,479 --> 01:13:37,449

expect things for nothing they download

1411

01:13:42,180 --> 01:13:39,489

music for nothing that other people of

1412

01:13:44,189 --> 01:13:42,190

work taught me expect it for nothing the

1413

01:13:45,870 --> 01:13:44,199

old in the old days people were probably

1414

01:13:48,270 --> 01:13:45,880

the same but they had to protect

1415

01:13:52,229 --> 01:13:48,280

themselves and they had to protect their

1416

01:13:56,609 --> 01:13:52,239

knowledge so it's simple they hid it for

1417

01:13:59,490 --> 01:13:56,619

commercial reasons yeah in the same way

1418

01:14:02,720 --> 01:13:59,500

that I've spent 10 years working on a

1419

01:14:06,330 --> 01:14:02,730

system a computer system cloud-based

1420

01:14:09,569 --> 01:14:06,340

that manages people's work in time and

1421

01:14:11,580 --> 01:14:09,579

it's patented and it's copyrighted to

1422

01:14:12,209 --> 01:14:11,590

protect it so that nobody else can steal

1423

01:14:16,080 --> 01:14:12,219

it from me

1424

01:14:17,879 --> 01:14:16,090

right and that's commercial so we have

1425

01:14:19,830 --> 01:14:17,889

to have two heads you know we have to

1426
01:14:21,810 --> 01:14:19,840
have a commercial head in our spiritual

1427
01:14:28,049 --> 01:14:21,820
hand and if you've only got one you're

1428
01:14:30,750 --> 01:14:28,059
unbalanced yeah yeah yeah the practical

1429
01:14:33,359 --> 01:14:30,760
reasons for doing things is about

1430
01:14:35,430 --> 01:14:33,369
earning a living and looking after your

1431
01:14:36,150 --> 01:14:35,440
family or looking after your group or

1432
01:14:38,520 --> 01:14:36,160
your country

1433
01:14:41,040 --> 01:14:38,530
whatever you decide is going to be it

1434
01:14:46,080 --> 01:14:41,050
you're gonna protect it sometimes with

1435
01:14:49,650 --> 01:14:46,090
your life yeah it's like industrial

1436
01:14:52,550 --> 01:14:49,660
secrets you know and it is an industrial

1437
01:14:54,530 --> 01:14:52,560
secret Macross was an industrial secret

1438
01:14:58,200 --> 01:14:54,540

it's simple really

1439

01:14:59,880 --> 01:14:58,210

and now it's out why is it now why am I

1440

01:15:09,270 --> 01:14:59,890

being allowed to put it out because it's

1441

01:15:14,670 --> 01:15:09,280

redundant in but why now well because

1442

01:15:15,570 --> 01:15:14,680

the timing is right yes I had a feeling

1443

01:15:18,660 --> 01:15:15,580

you were gonna say that

1444

01:15:21,870 --> 01:15:18,670

yeah timings right and in our Western

1445

01:15:24,630 --> 01:15:21,880

world we just absolutely spent

1446

01:15:28,320 --> 01:15:24,640

everything we can on gratification and

1447

01:15:31,230 --> 01:15:28,330

it now sits in in Council whatever you

1448

01:15:32,730 --> 01:15:31,240

know tips and you know I mean things

1449

01:15:35,700 --> 01:15:32,740

like that all the stuff that we bought

1450

01:15:39,720 --> 01:15:35,710

and spoiled ourselves with up to 2007

1451

01:15:43,290 --> 01:15:39,730

2008 and then our money all fell apart

1452

01:15:44,550 --> 01:15:43,300

people are jaded with possessions and

1453

01:15:47,130 --> 01:15:44,560

now they need something a bit more

1454

01:15:48,510 --> 01:15:47,140

perhaps yeah well that's a good thing I

1455

01:15:54,270 --> 01:15:48,520

think so

1456

01:15:56,460 --> 01:15:54,280

that is a good thing you know yes yeah

1457

01:15:59,160 --> 01:15:56,470

so maybe that's why the timings now I

1458

01:16:01,650 --> 01:15:59,170

don't know but it's coming it's come at

1459

01:16:03,450 --> 01:16:01,660

the right time I'm sure do you does it

1460

01:16:07,110 --> 01:16:03,460

have anything to do do you think with

1461

01:16:09,030 --> 01:16:07,120

the ending of the Age of Pisces yeah the

1462

01:16:11,370 --> 01:16:09,040

idea is that people get confused about

1463

01:16:14,490 --> 01:16:11,380

worlds you know the end of the world

1464

01:16:16,050 --> 01:16:14,500

just means the end of an epoch it

1465

01:16:18,150 --> 01:16:16,060

doesn't mean the end of the planet

1466

01:16:20,250 --> 01:16:18,160

people again they get the words mixed up

1467

01:16:23,460 --> 01:16:20,260

so yeah you've got the Christians

1468

01:16:27,260 --> 01:16:23,470

fighting with the Atheist silver you

1469

01:16:30,270 --> 01:16:27,270

know the world being made in in six in

1470

01:16:33,330 --> 01:16:30,280

six thousand years well that's true

1471

01:16:37,160 --> 01:16:33,340

because the world is actually an epoch

1472

01:16:40,140 --> 01:16:37,170

we started it when we built the pyramids

1473

01:16:40,650 --> 01:16:40,150

beginning of the age of Taurus is 6,000

1474

01:16:44,460 --> 01:16:40,660

years ago

1475

01:16:48,600 --> 01:16:44,470

so we started it this current epoch if

1476

01:16:49,800 --> 01:16:48,610

you like start at 6,000 years ago but

1477

01:16:55,470 --> 01:16:49,810

not the planet

1478

01:16:57,360 --> 01:16:55,480

all right right you with me yes I am and

1479

01:17:00,600 --> 01:16:57,370

you know he's just thinking you know I

1480

01:17:02,460 --> 01:17:00,610

think we're eager testicle always we

1481

01:17:04,440 --> 01:17:02,470

think it's always about us and about our

1482

01:17:06,540 --> 01:17:04,450

time and that's probably why we always

1483

01:17:08,990 --> 01:17:06,550

think the end of the world is coming you

1484

01:17:11,760 --> 01:17:09,000

know rather than the end of an epoch

1485

01:17:14,610 --> 01:17:11,770

yeah the end of the world begins and

1486

01:17:17,490 --> 01:17:14,620

ends for one person every moment in our

1487

01:17:19,680 --> 01:17:17,500

planet a new persons born another one

1488

01:17:25,290 --> 01:17:19,690

passes away that's the end of their

1489

01:17:28,920 --> 01:17:25,300

world yes yeah oh my goodness this is so

1490

01:17:31,680 --> 01:17:28,930

a lot of information to take in and but

1491

01:17:34,290 --> 01:17:31,690

but it triggers so much you know it's

1492

01:17:37,290 --> 01:17:34,300

been triggering thoughts all day in in

1493

01:17:39,210 --> 01:17:37,300

connections and so far when I've

1494

01:17:41,280 --> 01:17:39,220

mentioned them to you they seem to be

1495

01:17:43,770 --> 01:17:41,290

there seem to be a connection and that's

1496

01:17:45,150 --> 01:17:43,780

why they were popping up for me and I

1497

01:17:46,470 --> 01:17:45,160

think you know that that's something

1498

01:17:51,450 --> 01:17:46,480

that we could all do is you know

1499

01:17:53,550 --> 01:17:51,460

consider this material and you know the

1500

01:17:56,220 --> 01:17:53,560

Cathars next time you get to front and

1501

01:17:59,160 --> 01:17:56,230

see why they were annihilated

1502

01:18:03,320 --> 01:17:59,170

and repents communicated oh my goodness

1503

01:18:05,700 --> 01:18:03,330

I may have to call you back privately

1504

01:18:07,650 --> 01:18:05,710

there's so many more things I did want

1505

01:18:11,430 --> 01:18:07,660

to ask you about but we're at the very

1506

01:18:13,850 --> 01:18:11,440
