Mike Lucas & Ken Storch

Mark Zaskey

1
00:00:56,630 --> 00:00:44,640

you

2
00:01:01,050 --> 00:00:59,580

well well welcome back to paying radio

3
00:01:03,180 --> 00:01:01,060

we're three minutes into the show and

4
00:01:04,530 --> 00:01:03,190

we're already having some technical

5
00:01:06,420 --> 00:01:04,540

difficulties but we're here

6
00:01:08,340 --> 00:01:06,430

it would be like radio without some

7
00:01:08,880 --> 00:01:08,350

technical difficulties with it right

8
00:01:10,620 --> 00:01:08,890

right

9
00:01:13,710 --> 00:01:10,630

you know that's the excitement all this

10
00:01:15,210 --> 00:01:13,720

fun stuff issues technical issues so

11
00:01:16,890 --> 00:01:15,220

welcome to the note show tonight we have

12
00:01:17,750 --> 00:01:16,900

an exciting one for you too tonight we

13
00:01:20,400 --> 00:01:17,760

have on

14

00:01:22,950 --> 00:01:20,410

cryptozoologist and Bigfoot researcher

15

00:01:25,650 --> 00:01:22,960

marks ascii coming on to talk about his

16

00:01:27,780 --> 00:01:25,660

research and talk about you know

17

00:01:29,609 --> 00:01:27,790

cryptids out there that the government

18

00:01:32,010 --> 00:01:29,619

may be covering up so i mean there may

19

00:01:34,920 --> 00:01:32,020

be some more stuff to Bigfoot then we

20

00:01:37,500 --> 00:01:34,930

don't know I I'm sure there's a ton of

21

00:01:40,410 --> 00:01:37,510

things about Bigfoot we don't know it's

22

00:01:42,630 --> 00:01:40,420

it is a mystery that never ends right

23

00:01:44,310 --> 00:01:42,640

right so we're gonna talk to mark

24

00:01:46,740 --> 00:01:44,320

tonight and talk about his research and

25

00:01:50,460 --> 00:01:46,750

final you know what is really going on

26
00:01:51,630 --> 00:01:50,470
with that and I know bein Babur talking

27
00:01:53,310 --> 00:01:51,640
this week you know can go into a little

28
00:01:55,050 --> 00:01:53,320
bit news but I did you know share with

29
00:01:57,780 --> 00:01:55,060
Bob that bought the possibility of a

30
00:01:59,820 --> 00:01:57,790
hypernova occurring someday in our near

31
00:02:01,290 --> 00:01:59,830
future but pretty interesting stuff Bob

32
00:02:05,669 --> 00:02:01,300
did you take a look at that the other

33
00:02:10,050 --> 00:02:05,679
night no I didn't I'm sorry I was

34
00:02:13,140 --> 00:02:10,060
I actually I was kind of occupied the

35
00:02:14,610 --> 00:02:13,150
other night I was out hiking or actually

36
00:02:16,770 --> 00:02:14,620
most of the day I was hiking and then

37
00:02:19,470 --> 00:02:16,780
when I got home I collapsed so where'd

38
00:02:24,120 --> 00:02:19,480

you go and I c'n down here in Southern

39

00:02:26,790 --> 00:02:24,130

California on the chaparral saw tons and

40

00:02:30,480 --> 00:02:26,800

tons of deer that was a beautiful

41

00:02:32,430 --> 00:02:30,490

beautiful scenery for deer sawsan Bobcat

42

00:02:34,740 --> 00:02:32,440

actually thought family Bobcat that was

43

00:02:42,480 --> 00:02:34,750

out of school as a mother and couple

44

00:02:46,860 --> 00:02:42,490

Cubs and also I see he'll talk things

45

00:02:48,480 --> 00:02:46,870

like that was very relaxing yeah and

46

00:02:50,640 --> 00:02:48,490

I've been uh I've been hard at work we

47

00:02:54,000 --> 00:02:50,650

had that big iPhone launch this week so

48

00:02:56,130 --> 00:02:54,010

um just you know working with the

49

00:02:58,530 --> 00:02:56,140

general public and pleasing them against

50

00:03:00,000 --> 00:02:58,540

is the best as I can so that's that's

51
00:03:01,500 --> 00:03:00,010
what I've been doing being real busy at

52
00:03:04,949 --> 00:03:01,510
work so they you know I haven't been

53
00:03:06,400 --> 00:03:04,959
able to do much on the other side but we

54
00:03:11,140 --> 00:03:06,410
just got a message

55
00:03:13,090 --> 00:03:11,150
music I already did we're just we're

56
00:03:15,580 --> 00:03:13,100
just a floating disaster tonight so oh

57
00:03:18,490 --> 00:03:15,590
you know it's fun no it's fine it's it's

58
00:03:19,990 --> 00:03:18,500
fun that's what this is it's always fun

59
00:03:25,900 --> 00:03:20,000
I'm gonna be putting some headsets on

60
00:03:28,660 --> 00:03:25,910
hopefully okay test you on there yeah

61
00:03:30,280 --> 00:03:28,670
there you go okay we're here at paying

62
00:03:32,740 --> 00:03:30,290
rody tonight next week we do have the

63
00:03:36,790 --> 00:03:32,750

Irish ghost hunters on so any cases

64

00:03:39,870 --> 00:03:36,800

Marquez a ski I'm looking forward to to

65

00:03:41,800 --> 00:03:39,880

talking with him they been across this

66

00:03:44,890 --> 00:03:41,810

Facebook page and he has some

67

00:03:49,150 --> 00:03:44,900

interesting things that I saw this

68

00:03:51,220 --> 00:03:49,160

afternoon regarding yeah he's you know

69

00:03:53,080 --> 00:03:51,230

he takes a different approach to it to I

70

00:03:56,230 --> 00:03:53,090

mean he looks more like at the

71

00:03:57,520 --> 00:03:56,240

scientific possibilities and no thinks

72

00:04:00,040 --> 00:03:57,530

there are you know a lot of people

73

00:04:02,020 --> 00:04:00,050

covering up things that uh you know that

74

00:04:04,450 --> 00:04:02,030

we should be talking about but like I

75

00:04:05,560 --> 00:04:04,460

said we uh you know we know a lot of

76

00:04:07,030 --> 00:04:05,570

things are covered up and we're and

77

00:04:10,480 --> 00:04:07,040

we're not we're not known as so we're

78

00:04:14,080 --> 00:04:10,490

we're pretty used to that stuff so do

79

00:04:16,780 --> 00:04:14,090

you what have you been up to recently MJ

80

00:04:18,520 --> 00:04:16,790

nothing I'm still working on a few MUFON

81

00:04:20,320 --> 00:04:18,530

cases just kind of hanging in there and

82

00:04:22,900 --> 00:04:20,330

stuff like that and I'm trying to pull

83

00:04:24,370 --> 00:04:22,910

up some information on that that little

84

00:04:25,750 --> 00:04:24,380

hypernova we were talking about the

85

00:04:29,080 --> 00:04:25,760

other night of course I can't pull a

86

00:04:31,030 --> 00:04:29,090

name now my problem I saw that yesterday

87

00:04:34,090 --> 00:04:31,040

or the day before yesterday and my

88

00:04:37,870 --> 00:04:34,100

problem with that is I have never heard

89

00:04:41,470 --> 00:04:37,880

of all read about a hypernova supernova

90

00:04:45,730 --> 00:04:41,480

yes and know that yes that a hypernova

91

00:04:49,630 --> 00:04:45,740

know and also the prediction that that

92

00:04:51,310 --> 00:04:49,640

you you you discussed I think it had to

93

00:04:55,090 --> 00:04:51,320

do with gamma-ray bursts

94

00:04:56,380 --> 00:04:55,100

yes well I'm I'm scratching my head I'm

95

00:04:59,380 --> 00:04:56,390

not a physicist I'm not an

96

00:05:01,659 --> 00:04:59,390

astrophysicist but if something is

97

00:05:05,830 --> 00:05:01,669

moving at the speed of light how would

98

00:05:09,940 --> 00:05:05,840

you have advance notice that there's a

99

00:05:13,030 --> 00:05:09,950

gamma burst coming soon I guess you

100

00:05:15,010 --> 00:05:13,040

don't if you were privileged to listen

101
00:05:17,650 --> 00:05:15,020
to art bells for our first show return

102
00:05:19,990 --> 00:05:17,660
some of us so many of us did if you did

103
00:05:20,260 --> 00:05:20,000
listen but I don't recall his guess he

104
00:05:24,940 --> 00:05:20,270
is

105
00:05:26,890 --> 00:05:24,950
I guess from what I'm gathering you know

106
00:05:29,170 --> 00:05:26,900
a supernova is a star exploding you know

107
00:05:31,900 --> 00:05:29,180
what end of life you know implodes a

108
00:05:35,290 --> 00:05:31,910
hypernova is when two two of the stars

109
00:05:37,570 --> 00:05:35,300
collide in kazakh gamma bursts oh yeah

110
00:05:39,670 --> 00:05:37,580
well that's a very rare of that for two

111
00:05:43,180 --> 00:05:39,680
stars to actually collide to usually

112
00:05:44,980 --> 00:05:43,190
what I'll do is the gravity is as a

113
00:05:46,240 --> 00:05:44,990

barrier and they just spin around each

114

00:05:48,430 --> 00:05:46,250

other they're doing that they're doing

115

00:05:49,690 --> 00:05:48,440

it at the moment and looking at the

116

00:05:51,700 --> 00:05:49,700

pictures you can kind of see the pattern

117

00:05:52,840 --> 00:05:51,710

and they're spinning around but I mean

118

00:05:55,300 --> 00:05:52,850

they're clubs

119

00:05:56,920 --> 00:05:55,310

yep I've seen mathematical models where

120

00:05:59,530 --> 00:05:56,930

two stars are coming head-on to each

121

00:06:02,050 --> 00:05:59,540

other and as as they approach if they

122

00:06:03,790 --> 00:06:02,060

basically circle circle each other the

123

00:06:06,700 --> 00:06:03,800

gravity yeah yeah so that's what they

124

00:06:08,020 --> 00:06:06,710

claim is going on you know uh and like I

125

00:06:11,140 --> 00:06:08,030

said I'd have to research the star

126

00:06:12,970 --> 00:06:11,150

system but it's they're going around in

127

00:06:15,940 --> 00:06:12,980

circles and eventually gonna collide and

128

00:06:17,590 --> 00:06:15,950

what the the scientists are saying that

129

00:06:18,820 --> 00:06:17,600

the possibility of that gamma bursts

130

00:06:21,040 --> 00:06:18,830

it's going to be coming towards our

131

00:06:24,420 --> 00:06:21,050

earth maybe with about a four-four

132

00:06:27,070 --> 00:06:24,430

degree uh for a four percent chance at

133

00:06:30,430 --> 00:06:27,080

earth but I mean that's it's all

134

00:06:32,590 --> 00:06:30,440

speculation yeah I was gonna ask whether

135

00:06:35,500 --> 00:06:32,600

or not this was a prediction or a

136

00:06:37,510 --> 00:06:35,510

probability I think it's a probability I

137

00:06:39,490 --> 00:06:37,520

would I would I would side with that

138

00:06:40,690 --> 00:06:39,500

yeah said that is a problem the way I

139

00:06:42,850 --> 00:06:40,700

don't think I would get too worried

140

00:06:44,620 --> 00:06:42,860

about it yeah I'm gonna try to pull up

141

00:06:46,630 --> 00:06:44,630

some stuff and throw that in chat to you

142

00:06:48,010 --> 00:06:46,640

there it is let me throw up a link in

143

00:06:51,160 --> 00:06:48,020

chat so I don't know if anybody else has

144

00:06:54,280 --> 00:06:51,170

heard this in chat but let me throw up

145

00:06:55,860 --> 00:06:54,290

the Wikipedia and see what the listeners

146

00:06:58,180 --> 00:06:55,870

and the chat people think so I'm sure

147

00:07:02,980 --> 00:06:58,190

you know I made me aware just listening

148

00:07:07,600 --> 00:07:02,990

to our bell there you know yeah I looked

149

00:07:10,570 --> 00:07:07,610

up of the binary star notice though you

150

00:07:13,900 --> 00:07:10,580

there you are 104 yeah look that up and

151
00:07:17,590 --> 00:07:13,910
and right through that Wikipedia article

152
00:07:18,850 --> 00:07:17,600
and it looks like a normal binary star

153
00:07:21,820 --> 00:07:18,860
yep mm-hmm

154
00:07:24,130 --> 00:07:21,830
so so according to these this

155
00:07:27,160 --> 00:07:24,140
researchers doctor that was on art bell

156
00:07:29,020 --> 00:07:27,170
the gamma ray that excuse me with gamma

157
00:07:32,170 --> 00:07:29,030
bursts would hit the earth take off

158
00:07:34,150 --> 00:07:32,180
about 50% of the ozone layer it wouldn't

159
00:07:36,430 --> 00:07:34,160
take us out right away but you

160
00:07:38,020 --> 00:07:36,440
we basically you know put us in a slow

161
00:07:42,310 --> 00:07:38,030
cooker for about two or three weeks kill

162
00:07:44,160 --> 00:07:42,320
all vegetarian after everyone have to go

163
00:07:50,590 --> 00:07:44,170

underground so this is what I was Oh

164

00:07:52,870 --> 00:07:50,600

Merry Christmas MJ Christmas too worried

165

00:07:53,950 --> 00:07:52,880

about it yeah like you said how many how

166

00:07:56,770 --> 00:07:53,960

many times have they said we're gonna

167

00:07:58,540 --> 00:07:56,780

get hit by an asteroid or you know

168

00:08:01,630 --> 00:07:58,550

nuclear war I mean this is just

169

00:08:04,570 --> 00:08:01,640

we did have an asteroid combined I think

170

00:08:07,360 --> 00:08:04,580

it was this last week and it came in

171

00:08:10,240 --> 00:08:07,370

between the balloon and week or so

172

00:08:12,850 --> 00:08:10,250

although this is small ones episode of

173

00:08:15,450 --> 00:08:12,860

the car right yeah see I see that I

174

00:08:18,790 --> 00:08:15,460

didn't I didn't catch that news Bob no I

175

00:08:21,460 --> 00:08:18,800

I I used to catch the news quite a bit

176

00:08:23,320 --> 00:08:21,470

and I used to catch everything but I'm

177

00:08:24,520 --> 00:08:23,330

lucky if I could catch a headline like

178

00:08:24,820 --> 00:08:24,530

that you're lucky you didn't catch a

179

00:08:28,540 --> 00:08:24,830

cold

180

00:08:30,040 --> 00:08:28,550

we're cooling off up here in the

181

00:08:34,570 --> 00:08:30,050

Northland so it's getting bad up here

182

00:08:36,730 --> 00:08:34,580

but oh yeah oh I saw an interesting

183

00:08:43,209 --> 00:08:36,740

article this last week they impress my

184

00:08:45,990 --> 00:08:43,219

daughter with the two new species was

185

00:08:51,300 --> 00:08:46,000

found and you're a believer it

186

00:08:53,820 --> 00:08:51,310

what is it it was found at LAX really a

187

00:08:59,040 --> 00:08:53,830

brand-new species

188

00:09:05,140 --> 00:09:02,590

are you kidding me no no a legless

189

00:09:08,440 --> 00:09:05,150

lizard there's only a handful I think

190

00:09:12,070 --> 00:09:08,450

maybe three or four species of legless

191

00:09:14,740 --> 00:09:12,080

lizards in California and a brand new

192

00:09:19,000 --> 00:09:14,750

species of legless lizard was found in

193

00:09:23,940 --> 00:09:19,010

all the places at LAX on the tarmac I

194

00:09:26,980 --> 00:09:23,950

kid you not on the tarmac on the guy

195

00:09:28,930 --> 00:09:26,990

there's a pun but I'd kid you not it's a

196

00:09:30,970 --> 00:09:28,940

true really I've never heard of a

197

00:09:33,490 --> 00:09:30,980

legless lizard it just you know it just

198

00:09:37,480 --> 00:09:33,500

says that life is everywhere and not all

199

00:09:39,670 --> 00:09:37,490

of it is Catalan we there's so much life

200

00:09:42,579 --> 00:09:39,680

on our planet and we're still

201
00:09:45,670 --> 00:09:42,589
discovering that which you know has not

202
00:09:47,079 --> 00:09:45,680
been catalogued yeah that is right oh

203
00:09:47,769 --> 00:09:47,089
well ha what is the percentage on that

204
00:09:51,790 --> 00:09:47,779
still

205
00:09:54,030 --> 00:09:51,800
98% of all I wish I would have been

206
00:10:00,249 --> 00:09:54,040
discovered I think that's the number III

207
00:10:01,660 --> 00:10:00,259
wouldn't know it's very high number yeah

208
00:10:06,569 --> 00:10:01,670
well I'd like to do a shout out to all

209
00:10:10,030 --> 00:10:06,579
our listeners in Great Britain Ireland

210
00:10:11,439 --> 00:10:10,040
all over Europe Asia and Australia and

211
00:10:12,759 --> 00:10:11,449
Canada but basically the whole world

212
00:10:15,160 --> 00:10:12,769
thanks for listening and thanks for

213
00:10:17,019 --> 00:10:15,170

supporting inception radio network like

214

00:10:19,329 --> 00:10:17,029

to say hi to our chat friends my

215

00:10:20,049 --> 00:10:19,339

coworker Serafina how you doing and our

216

00:10:23,439 --> 00:10:20,059

regulars

217

00:10:25,509 --> 00:10:23,449

you got Rock Rachel and analog hole and

218

00:10:27,129 --> 00:10:25,519

Lorraine and the rest of everybody in

219

00:10:28,420 --> 00:10:27,139

there good to see you back danger too

220

00:10:30,429 --> 00:10:28,430

good to see you back in chat

221

00:10:32,590 --> 00:10:30,439

one more shuttle to Debra who's

222

00:10:34,679 --> 00:10:32,600

listening when a fifth listener across

223

00:10:41,439 --> 00:10:34,689

the border in the enemy land they're

224

00:10:42,730 --> 00:10:41,449

okay yes yes I can well I guess you know

225

00:10:47,739 --> 00:10:42,740

we can probably bring mark and we got

226

00:10:49,119 --> 00:10:47,749

that pretty shallow start tonight and

227

00:10:50,340 --> 00:10:49,129

your time you ready well let me read his

228

00:10:52,480 --> 00:10:50,350

file let me pull that up

229

00:10:54,189 --> 00:10:52,490

Mark's ascii has been inactive

230

00:10:56,290 --> 00:10:54,199

cryptozoologist and investigative

231

00:10:58,809 --> 00:10:56,300

journalists over 15 years he has spent

232

00:11:01,660 --> 00:10:58,819

tens of thousands of hours in the field

233

00:11:03,340 --> 00:11:01,670

on expeditions and incursions into the

234

00:11:04,569 --> 00:11:03,350

territories of the unknown investigating

235

00:11:07,360 --> 00:11:04,579

ball Sasquatch and other unidentified

236

00:11:09,220 --> 00:11:07,370

species he has interviewed hundreds of

237

00:11:10,389 --> 00:11:09,230

Bigfoot eyewitnesses on four different

238

00:11:13,210 --> 00:11:10,399

continents and has had several

239

00:11:15,220 --> 00:11:13,220

encounters of his own in 2001 he began

240

00:11:17,559 --> 00:11:15,230

investigation into the possibility that

241

00:11:19,240 --> 00:11:17,569

existence of species is being covered up

242

00:11:21,730 --> 00:11:19,250

by multiple government agencies and

243

00:11:24,429 --> 00:11:21,740

authoritative scientific organizations

244

00:11:25,929 --> 00:11:24,439

after concerning time and effort he

245

00:11:29,530 --> 00:11:25,939

recently released his findings and

246

00:11:32,650 --> 00:11:29,540

conclusions in a report entitled who

247

00:11:34,990 --> 00:11:32,660

decides what is real the report and all

248

00:11:37,900 --> 00:11:35,000

the information contained in its points

249

00:11:40,329 --> 00:11:37,910

to his so a scientific martyr curry that

250

00:11:42,639 --> 00:11:40,339

has thus far managed to contain and

251
00:11:44,499 --> 00:11:42,649
support any of the physical evidence

252
00:11:46,389 --> 00:11:44,509
that has been obtained and found in the

253
00:11:48,850 --> 00:11:46,399
form of unknown species of human type

254
00:11:50,139 --> 00:11:48,860
being including DNA so what we're gonna

255
00:11:52,960 --> 00:11:50,149
do we're gonna get mark on the line

256
00:11:56,319 --> 00:11:52,970
we're gonna talk some Bigfoot and we're

257
00:11:59,769 --> 00:11:56,329
gonna talk some species you know that we

258
00:12:00,430 --> 00:11:59,779
can okay we're gonna bring mark in let

259
00:12:03,670 --> 00:12:00,440
me grab him here

260
00:12:06,129 --> 00:12:03,680
we'll be right back and we'll provide

261
00:12:08,519 --> 00:12:06,139
market of the show so hang in there

262
00:12:11,740 --> 00:12:08,529
folks be right back

263
00:12:14,259 --> 00:12:11,750

and welcome back to paying radio and we

264

00:12:16,059 --> 00:12:14,269

have marx ascii cryptozoologists and

265

00:12:17,699 --> 00:12:16,069

Bigfoot research on our line welcome to

266

00:12:20,139 --> 00:12:17,709

the show mark hey Mark

267

00:12:22,720 --> 00:12:20,149

preciate appreciate it good to be here

268

00:12:24,069 --> 00:12:22,730

good to be here mark so um I always like

269

00:12:26,590 --> 00:12:24,079

to start mark out what got you

270

00:12:28,090 --> 00:12:26,600

interested in you know the the cryptids

271

00:12:29,590 --> 00:12:28,100

in in the Bigfoot well you know there's

272

00:12:31,619 --> 00:12:29,600

had to be a story behind all this can

273

00:12:36,280 --> 00:12:31,629

you share that with our listeners

274

00:12:40,360 --> 00:12:36,290

absolutely well I grew up in in

275

00:12:42,790 --> 00:12:40,370

Northeastern Ohio and there was always

276

00:12:45,249 --> 00:12:42,800

some kind of story from the southeastern

277

00:12:50,619 --> 00:12:45,259

portion of the state my family was all

278

00:12:52,990 --> 00:12:50,629

big deer hunters and you know it just

279

00:12:55,629 --> 00:12:53,000

was a common topic I remember vividly

280

00:12:57,579 --> 00:12:55,639

when I was about seven I think a movie

281

00:13:00,220 --> 00:12:57,589

called sasquatch er or I think was

282

00:13:02,619 --> 00:13:00,230

sasquatch came out and we paid those

283

00:13:03,850 --> 00:13:02,629

snuck in in and went to go see it my

284

00:13:05,290 --> 00:13:03,860

parents didn't know where darlin but

285

00:13:09,280 --> 00:13:05,300

from that day on I was hooked on the

286

00:13:11,949 --> 00:13:09,290

idea and just fascinated by the subject

287

00:13:16,840 --> 00:13:11,959

and not only that but from an early age

288

00:13:20,199 --> 00:13:16,850

I was intrigued with the the attitude

289

00:13:22,090 --> 00:13:20,209

that science had regarding it so that's

290

00:13:23,650 --> 00:13:22,100

kind of where it all started you know

291

00:13:26,319 --> 00:13:23,660

when I was a kid you know

292

00:13:30,040 --> 00:13:26,329

yeah go ahead Bob you're you were aghast

293

00:13:31,990 --> 00:13:30,050

or shocked that science was not using

294

00:13:35,639 --> 00:13:32,000

using the opportunity to investigate

295

00:13:38,620 --> 00:13:35,649

whether rather than just cover it off

296

00:13:42,040 --> 00:13:38,630

well at that time I wasn't you know I

297

00:13:43,600 --> 00:13:42,050

wasn't really aware of of you know so

298

00:13:47,319 --> 00:13:43,610

many of the things that I'm aware of now

299

00:13:49,389 --> 00:13:47,329

and have been for so long but you know

300

00:13:51,429 --> 00:13:49,399

at that time it was more like you know I

301
00:13:53,350 --> 00:13:51,439
don't understand why this isn't you know

302
00:13:55,960 --> 00:13:53,360
important I mean I'm learning about you

303
00:13:59,110 --> 00:13:55,970
know the potential or the possibility of

304
00:14:00,759 --> 00:13:59,120
a missing link in school and it just

305
00:14:02,410 --> 00:14:00,769
seems to me I mean I'm you know eight

306
00:14:03,970 --> 00:14:02,420
years old and I'm thinking that like why

307
00:14:05,829 --> 00:14:03,980
are they not looking into this this is

308
00:14:08,679 --> 00:14:05,839
an essentially the missing link you know

309
00:14:11,170 --> 00:14:08,689
for evolution so it never made any sense

310
00:14:14,050 --> 00:14:11,180
to me you know growing up that you know

311
00:14:15,580 --> 00:14:14,060
they would say that you know the forest

312
00:14:19,410 --> 00:14:15,590
couldn't support an animal that size

313
00:14:22,420 --> 00:14:19,420

when supposedly from what they say

314

00:14:27,190 --> 00:14:22,430

thousands and in tribes and in plans of

315

00:14:28,720 --> 00:14:27,200

loss existed on in those same regions so

316

00:14:31,600 --> 00:14:28,730

you know they just always made sense to

317

00:14:34,270 --> 00:14:31,610

me that it was real you know you know

318

00:14:36,460 --> 00:14:34,280

mark this is MJ - I uh but Ron the same

319

00:14:38,290 --> 00:14:36,470

age I I just happened to get fascinated

320

00:14:39,880 --> 00:14:38,300

with that and go to the library and you

321

00:14:41,380 --> 00:14:39,890

know and there was that little row in

322

00:14:43,450 --> 00:14:41,390

the corner where they had your Bigfoot

323

00:14:45,970 --> 00:14:43,460

in your and usual stuff and I'd always

324

00:14:46,990 --> 00:14:45,980

rent them out and people would the kids

325

00:14:48,310 --> 00:14:47,000

would always look at me like why are you

326

00:14:50,020 --> 00:14:48,320

reading that stuff I go yeah I don't

327

00:14:51,610 --> 00:14:50,030

know you know that because it could be

328

00:14:53,680 --> 00:14:51,620

real we don't know I mean it just to me

329

00:14:55,120 --> 00:14:53,690

it always was fascinated me that there

330

00:14:57,220 --> 00:14:55,130

were books out there about a creature

331

00:14:59,500 --> 00:14:57,230

you know that supposedly doesn't doesn't

332

00:15:01,090 --> 00:14:59,510

exist I just been fascinated myself I

333

00:15:03,730 --> 00:15:01,100

mean since the pulp the same age I just

334

00:15:05,350 --> 00:15:03,740

can't believe that science doesn't open

335

00:15:08,350 --> 00:15:05,360

its mind and actually you know look into

336

00:15:10,990 --> 00:15:08,360

this you know scientifically well you

337

00:15:12,640 --> 00:15:11,000

know I mean over the years you know my

338

00:15:14,590 --> 00:15:12,650

fascination kind of grew with that but

339

00:15:17,350 --> 00:15:14,600

then with like everybody else I mean

340

00:15:19,420 --> 00:15:17,360

life takes on its whatever it is and you

341

00:15:21,310 --> 00:15:19,430

know I went in the military when I was

342

00:15:26,020 --> 00:15:21,320

17 I actually turned 18 in basic

343

00:15:28,630 --> 00:15:26,030

training and and you know I got focused

344

00:15:31,300 --> 00:15:28,640

on a new you know a whole new you know

345

00:15:34,270 --> 00:15:31,310

paradigm in my life and and it was you

346

00:15:36,520 --> 00:15:34,280

know it wasn't something that that was

347

00:15:38,290 --> 00:15:36,530

very positive for me being the type of

348

00:15:41,230 --> 00:15:38,300

person I'm I'm very creative and I'm

349

00:15:44,410 --> 00:15:41,240

very artistic and very science minded at

350

00:15:46,360 --> 00:15:44,420

the same time so it kind of that kind of

351

00:15:49,570 --> 00:15:46,370

stirred me up inside the whole thing of

352

00:15:53,410 --> 00:15:49,580

the military book coming out you know I

353

00:15:55,930 --> 00:15:53,420

my parents moved us down here in 79 in

354

00:15:59,680 --> 00:15:55,940

Florida in South Florida I'm from West

355

00:16:02,530 --> 00:15:59,690

Palm Beach area okay and back then most

356

00:16:05,710 --> 00:16:02,540

of where we lived were dirt roads and

357

00:16:08,590 --> 00:16:05,720

and swampy forests and it was still very

358

00:16:11,100 --> 00:16:08,600

much undeveloped and when I got down

359

00:16:14,170 --> 00:16:11,110

here the first year uh never forget it

360

00:16:16,000 --> 00:16:14,180

we came to live on a ranch with my aunt

361

00:16:18,100 --> 00:16:16,010

and uncle they owned Arabian horses and

362

00:16:20,920 --> 00:16:18,110

they had a huge property and it was

363

00:16:23,740 --> 00:16:20,930

surrounded by you know real thick jungle

364

00:16:25,990 --> 00:16:23,750

canopy you know and and it was in an

365

00:16:27,190 --> 00:16:26,000

area that was very undeveloped and there

366

00:16:31,210 --> 00:16:27,200

were always

367

00:16:33,850 --> 00:16:31,220

stories you know about the horses you

368

00:16:36,760 --> 00:16:33,860

know being scratched or killed or you

369

00:16:39,760 --> 00:16:36,770

know dragged off and and I remember that

370

00:16:41,350 --> 00:16:39,770

you know so that was like one of those

371

00:16:42,700 --> 00:16:41,360

things that just kind of add it to it

372

00:16:44,410 --> 00:16:42,710

and I've always kept track of all that

373

00:16:46,540 --> 00:16:44,420

stuff you know for some reason in the

374

00:16:49,720 --> 00:16:46,550

back online but that's that's really

375

00:16:52,570 --> 00:16:49,730

where it all started with me right right

376

00:16:54,070 --> 00:16:52,580

yeah that's uh you know it just makes

377

00:16:57,670 --> 00:16:54,080

you think you know what is really out

378

00:16:59,350 --> 00:16:57,680

there now now did you decide to at a

379

00:17:01,000 --> 00:16:59,360

certain age start a team or really get

380

00:17:02,350 --> 00:17:01,010

into a deep into the research and you

381

00:17:07,180 --> 00:17:02,360

want to kind of fill us in when it's

382

00:17:09,069 --> 00:17:07,190

really started to get heavy well I like

383

00:17:11,890 --> 00:17:09,079

everybody else pretty much I mean when I

384

00:17:13,569 --> 00:17:11,900

knew about it was from what I saw on

385

00:17:17,050 --> 00:17:13,579

television or what I heard in the news

386

00:17:19,900 --> 00:17:17,060

and I was always disenchanted with the

387

00:17:21,310 --> 00:17:19,910

way the report was you know the

388

00:17:23,260 --> 00:17:21,320

witnesses seemed like they were always

389

00:17:26,650 --> 00:17:23,270

being discredited before the report was

390

00:17:29,500 --> 00:17:26,660

even mm-hmm no covered it was you know I

391

00:17:32,860 --> 00:17:29,510

noticed things I was very sharp like

392

00:17:34,660 --> 00:17:32,870

that I always noticed the words that

393

00:17:37,180 --> 00:17:34,670

people use when they described accounts

394

00:17:39,660 --> 00:17:37,190

and and so it for some reason it always

395

00:17:43,020 --> 00:17:39,670

stuck with me and when I originally fir

396

00:17:45,430 --> 00:17:43,030

for getting into the research was and

397

00:17:48,370 --> 00:17:45,440

welcome back to paying radio we lost

398

00:17:51,280 --> 00:17:48,380

mark and Bob so we are back with both

399

00:17:53,470 --> 00:17:51,290

mark and Bob mark mentioned that this

400

00:17:56,409 --> 00:17:53,480

happens on occasion to him whenever he

401
00:18:03,130 --> 00:17:56,419
live show so this is uh it's all your

402
00:18:04,780 --> 00:18:03,140
fault mark yeah yeah so mark where did

403
00:18:05,799 --> 00:18:04,790
we leave off you were talking about you

404
00:18:07,150 --> 00:18:05,809
know when you were starting your

405
00:18:08,470 --> 00:18:07,160
research and stuff like that so if you

406
00:18:10,539 --> 00:18:08,480
wanna I'm trying to think where we left

407
00:18:14,110 --> 00:18:10,549
off but if you can kind of recall how we

408
00:18:16,120 --> 00:18:14,120
started how you got into it well really

409
00:18:19,830 --> 00:18:16,130
what kind of shoe of the deal for me was

410
00:18:22,360 --> 00:18:19,840
when I was about 17 I had a friend

411
00:18:24,010 --> 00:18:22,370
yeah it's Lauren I grew up running

412
00:18:26,080 --> 00:18:24,020
around barefoot in the canals in the

413
00:18:27,909 --> 00:18:26,090

rural areas and you know we survived

414

00:18:30,130 --> 00:18:27,919

ATC's in third place we were constantly

415

00:18:32,350 --> 00:18:30,140

in the outdoors like way as far as we

416

00:18:34,810 --> 00:18:32,360

could get away from where we you know

417

00:18:36,580 --> 00:18:34,820

we're living was where we were I mean we

418

00:18:38,080 --> 00:18:36,590

take our fishing poles back at lunch and

419

00:18:39,970 --> 00:18:38,090

we were gone so it's fun came that you

420

00:18:42,460 --> 00:18:39,980

know went down and then trying to find

421

00:18:44,890 --> 00:18:42,470

our way home basically but I had a

422

00:18:47,590 --> 00:18:44,900

friend that his mother actually they

423

00:18:50,590 --> 00:18:47,600

were out picking air plants in an area

424

00:18:52,180 --> 00:18:50,600

that was really undeveloped off of PGA

425

00:18:54,400 --> 00:18:52,190

Boulevard it's actually right now it's

426

00:18:59,080 --> 00:18:54,410

PGA National where Tiger Woods plays

427

00:19:01,409 --> 00:18:59,090

stall okay but she if she was very

428

00:19:03,940 --> 00:19:01,419

shaken up and she said that a monkey man

429

00:19:05,409 --> 00:19:03,950

had come down out of a tree that they

430

00:19:06,940 --> 00:19:05,419

were gonna pick an airplane out up and

431

00:19:08,740 --> 00:19:06,950

chase them off that all the way back to

432

00:19:12,130 --> 00:19:08,750

their truck and that it physically

433

00:19:14,169 --> 00:19:12,140

chased them and and she was not someone

434

00:19:16,060 --> 00:19:14,179

actually the woman freaked me out most

435

00:19:19,210 --> 00:19:16,070

the time because she was a very serious

436

00:19:22,180 --> 00:19:19,220

person and and you know I think she may

437

00:19:23,470 --> 00:19:22,190

be viewed me as like you know a bad

438

00:19:25,210 --> 00:19:23,480

influence on our son for those

439

00:19:27,310 --> 00:19:25,220

constantly taking him you know with me

440

00:19:30,220 --> 00:19:27,320

out and we were gone for a you know 10

441

00:19:32,530 --> 00:19:30,230

15 hours so but I believed her you know

442

00:19:34,960 --> 00:19:32,540

and he was shook up he was with her so

443

00:19:36,549 --> 00:19:34,970

like from that minute on I was that's

444

00:19:38,350 --> 00:19:36,559

what I really started looking into and I

445

00:19:41,020 --> 00:19:38,360

anything I could get my hands on I I

446

00:19:44,860 --> 00:19:41,030

studied vigorously and and I really

447

00:19:47,980 --> 00:19:44,870

found that everything I looked at left

448

00:19:49,480 --> 00:19:47,990

me with nothing but questions and very

449

00:19:52,060 --> 00:19:49,490

few answers and I think that you know

450

00:19:53,770 --> 00:19:52,070

that was and still to this day a lot of

451

00:19:56,740 --> 00:19:53,780

what we see is to like that it's the

452

00:19:59,620 --> 00:19:56,750

nature of it is that you know because we

453

00:20:01,690 --> 00:19:59,630

rely on mainstream science for solid

454

00:20:03,880 --> 00:20:01,700

answers and I was seeing that

455

00:20:05,649 --> 00:20:03,890

correlation even back then that you know

456

00:20:07,360 --> 00:20:05,659

these people aren't even looking into

457

00:20:08,530 --> 00:20:07,370

this and you know I know

458

00:20:09,910 --> 00:20:08,540

people who've seen it you know I know

459

00:20:12,150 --> 00:20:09,920

this thing is real stout of you out

460

00:20:14,770 --> 00:20:12,160

there so you know I had an attitude

461

00:20:16,840 --> 00:20:14,780

already you know I started to develop it

462

00:20:18,549 --> 00:20:16,850

sort of an attitude with mainstream

463

00:20:20,680 --> 00:20:18,559

science because there were so many holes

464

00:20:23,140 --> 00:20:20,690

in so many of the things that they were

465

00:20:26,560 --> 00:20:23,150

teaching us and things were constantly

466

00:20:28,510 --> 00:20:26,570

changing so for me it was it was always

467

00:20:33,370 --> 00:20:28,520

a very serious subject from that time on

468

00:20:35,770 --> 00:20:33,380

and serious research wise you know I

469

00:20:40,360 --> 00:20:35,780

didn't start even going into the field

470

00:20:43,210 --> 00:20:40,370

until probably about five years ago okay

471

00:20:47,110 --> 00:20:43,220

I did almost all of my research on

472

00:20:51,820 --> 00:20:47,120

existing databases of sightings

473

00:20:54,730 --> 00:20:51,830

sightings databases and in maps and I

474

00:20:56,560 --> 00:20:54,740

developed my own theories on you know

475

00:20:58,150 --> 00:20:56,570

where they would come and where they

476
00:20:59,770 --> 00:20:58,160
would be or where I could potentially go

477
00:21:02,260 --> 00:20:59,780
find you know evidence that they were in

478
00:21:04,570 --> 00:21:02,270
the area based off of what I read and

479
00:21:08,530 --> 00:21:04,580
learned from the sightings catalog that

480
00:21:10,330 --> 00:21:08,540
we had primarily I studied a lot on the

481
00:21:13,600 --> 00:21:10,340
BFRO but there were several other ones

482
00:21:16,180 --> 00:21:13,610
and you know specially here in the state

483
00:21:17,730 --> 00:21:16,190
of Florida because really it's not as

484
00:21:20,260 --> 00:21:17,740
undeveloped as it used to be I mean

485
00:21:22,780 --> 00:21:20,270
agriculture down here boomed in the in

486
00:21:24,820 --> 00:21:22,790
the 50s and the 60s and a lot of that

487
00:21:26,470 --> 00:21:24,830
you know swampy area that was you know

488
00:21:29,410 --> 00:21:26,480

they would run around and back in those

489

00:21:32,200 --> 00:21:29,420

days was just basically destroyed and

490

00:21:33,549 --> 00:21:32,210

the sugarcane industry came in and in

491

00:21:35,440 --> 00:21:33,559

and they you know for certain

492

00:21:37,900 --> 00:21:35,450

agriculture in that area and there were

493

00:21:39,760 --> 00:21:37,910

a lot of farms in western Palm Beach

494

00:21:42,760 --> 00:21:39,770

County at that time as well food farms

495

00:21:45,669 --> 00:21:42,770

and in like I said horse ranches and so

496

00:21:48,130 --> 00:21:45,679

you know my theory started to develop in

497

00:21:51,430 --> 00:21:48,140

in Florida specifically with that

498

00:21:54,910 --> 00:21:51,440

because I saw proof that they were

499

00:21:58,150 --> 00:21:54,920

actually you know encountering humans

500

00:22:01,480 --> 00:21:58,160

most of the time near human habitations

501
00:22:04,780 --> 00:22:01,490
and and having interaction with with

502
00:22:06,580 --> 00:22:04,790
human habitations and agriculture so you

503
00:22:08,890 --> 00:22:06,590
know for me to you know take that point

504
00:22:11,080 --> 00:22:08,900
of view when I went online I started a

505
00:22:12,970 --> 00:22:11,090
research and I would you know hear most

506
00:22:14,500 --> 00:22:12,980
of what people would say about how you

507
00:22:17,410 --> 00:22:14,510
had to go way out in the forest that

508
00:22:19,600 --> 00:22:17,420
wasn't true for me you know my research

509
00:22:20,980 --> 00:22:19,610
was completely the opposite and it was

510
00:22:23,140 --> 00:22:20,990
mainly because they really

511
00:22:25,120 --> 00:22:23,150
have no choice down here we are

512
00:22:27,669 --> 00:22:25,130
infringing absolutely on their

513
00:22:29,620 --> 00:22:27,679

territories and and you know my

514

00:22:33,250 --> 00:22:29,630

encounters in the state of Florida have

515

00:22:35,470 --> 00:22:33,260

all been within I would say either a

516

00:22:38,320 --> 00:22:35,480

thousand yards of a forest ranger

517

00:22:40,990 --> 00:22:38,330

station or a thousand yards of a major

518

00:22:43,060 --> 00:22:41,000

highway and and communities and

519

00:22:46,060 --> 00:22:43,070

apartments and and I know that sounds

520

00:22:49,600 --> 00:22:46,070

crazy but those areas are on the western

521

00:22:51,730 --> 00:22:49,610

edge of Palm Beach County and and it's

522

00:22:54,520 --> 00:22:51,740

where basically the human navigations

523

00:22:58,120 --> 00:22:54,530

end and the State Park preserves begin

524

00:23:00,430 --> 00:22:58,130

and those are you know those are the

525

00:23:02,770 --> 00:23:00,440

facts I mean I it's shocking to me and

526

00:23:05,169 --> 00:23:02,780

it was very shocking when I started to

527

00:23:08,560 --> 00:23:05,179

take my theories and put them into

528

00:23:10,930 --> 00:23:08,570

practical you know field practice and

529

00:23:13,660 --> 00:23:10,940

and that was you know the results but I

530

00:23:16,360 --> 00:23:13,670

mean on my first five expeditions I had

531

00:23:18,130 --> 00:23:16,370

four encounters and and you know got

532

00:23:21,040 --> 00:23:18,140

significant evidence that they were in

533

00:23:23,770 --> 00:23:21,050

the area and very close proximity to

534

00:23:29,200 --> 00:23:23,780

human human habitations mark I have a

535

00:23:34,620 --> 00:23:29,210

question as urban areas encroach on

536

00:23:37,980 --> 00:23:34,630

rural areas and you start to squeeze out

537

00:23:42,160 --> 00:23:37,990

species that was so like mountain lion

538

00:23:45,400 --> 00:23:42,170

you'll eventually catch a story were our

539

00:23:47,350 --> 00:23:45,410

mountain lion miles a child or we'll

540

00:23:49,380 --> 00:23:47,360

take our pets or whatever they're like

541

00:23:52,360 --> 00:23:49,390

that do you ever see that happening with

542

00:23:54,790 --> 00:23:52,370

the Bigfoot where we're encroaching on

543

00:23:58,570 --> 00:23:54,800

their territory in such a way that the

544

00:24:00,190 --> 00:23:58,580

world we are well I research actually

545

00:24:02,740 --> 00:24:00,200

gravitates towards those type of

546

00:24:04,810 --> 00:24:02,750

encounters and you know the fact is and

547

00:24:07,840 --> 00:24:04,820

if you did log onto the BFRO database

548

00:24:10,030 --> 00:24:07,850

and you searched their florida florida

549

00:24:12,850 --> 00:24:10,040

sightings map and started to read

550

00:24:14,950 --> 00:24:12,860

encounters the there are quite a few

551
00:24:16,660 --> 00:24:14,960
there more than you would you'd be

552
00:24:20,680 --> 00:24:16,670
surprised how many of our violent

553
00:24:22,870 --> 00:24:20,690
interactions and including like that

554
00:24:25,590 --> 00:24:22,880
border on the ridiculous like you know

555
00:24:28,360 --> 00:24:25,600
we've had reports from semi tractor

556
00:24:30,700 --> 00:24:28,370
tractor trailers truckers you know

557
00:24:33,850 --> 00:24:30,710
pulled over at rest areas their can

558
00:24:34,549 --> 00:24:33,860
smashed out of their cabs and and trying

559
00:24:36,919 --> 00:24:34,559
to be you know

560
00:24:40,279 --> 00:24:36,929
carried off and I mean there's there are

561
00:24:41,480 --> 00:24:40,289
quite a few the best report on record

562
00:24:44,090 --> 00:24:41,490
here in the state of Florida that I

563
00:24:47,210 --> 00:24:44,100

really think is there's two of them one

564

00:24:50,869 --> 00:24:47,220

is from a highway patrolman who was on

565

00:24:52,850 --> 00:24:50,879

i-75 which basically runs across the

566

00:24:55,519 --> 00:24:52,860

state of Florida through the Everglades

567

00:24:56,930 --> 00:24:55,529

and then back north on the rest first

568

00:24:59,389 --> 00:24:56,940

floor its back north

569

00:25:01,940 --> 00:24:59,399

when we're on i-75 in the North Pacific

570

00:25:04,909 --> 00:25:01,950

but I read the police report myself from

571

00:25:08,389 --> 00:25:04,919

the actual Department of Highway Patrol

572

00:25:10,249 --> 00:25:08,399

that it was right around dusk use on

573

00:25:15,529 --> 00:25:10,259

i-75 this is going back I think it was

574

00:25:18,649 --> 00:25:15,539

77 or 78 but he had you know turned his

575

00:25:19,940 --> 00:25:18,659

lights on and he was approaching a car

576

00:25:21,769 --> 00:25:19,950

that appeared to be full available

577

00:25:24,590 --> 00:25:21,779

thought it was a breakdown and when he

578

00:25:28,279 --> 00:25:24,600

got to the scene he saw seven to eight

579

00:25:30,560 --> 00:25:28,289

foot humanly basically trying to tear

580

00:25:32,690 --> 00:25:30,570

the front end off the car and there was

581

00:25:35,480 --> 00:25:32,700

an old man inside that had a death grip

582

00:25:38,389 --> 00:25:35,490

on the steering wheel and in this thing

583

00:25:41,090 --> 00:25:38,399

was intent on doing harm so he basically

584

00:25:45,080 --> 00:25:41,100

drew his weapon and I think fired nine

585

00:25:46,970 --> 00:25:45,090

shots into the into the creature it

586

00:25:49,940 --> 00:25:46,980

bounded off the side of the road jumped

587

00:25:52,100 --> 00:25:49,950

the fence and and took off into the

588

00:25:53,869 --> 00:25:52,110

swamp and that is often an official

589

00:25:58,279 --> 00:25:53,879

police report was signed by the witness

590

00:26:01,430 --> 00:25:58,289

well and no [h__h] knows oh yeah man you

591

00:26:03,440 --> 00:26:01,440

know that the saddest thing about this

592

00:26:06,830 --> 00:26:03,450

and this is this is really what led me

593

00:26:08,570 --> 00:26:06,840

to my current field you know the current

594

00:26:11,180 --> 00:26:08,580

side of the research that I've been

595

00:26:15,379 --> 00:26:11,190

doing for the last couple years reports

596

00:26:19,070 --> 00:26:15,389

like this cannot go unnoticed and

597

00:26:22,759 --> 00:26:19,080

somehow they have by the mainstream

598

00:26:25,639 --> 00:26:22,769

media by you know apparently by

599

00:26:28,759 --> 00:26:25,649

mainstream science but you know it

600

00:26:30,200 --> 00:26:28,769

strikes me as odd and it always did the

601
00:26:31,720 --> 00:26:30,210
officials wouldn't look further into

602
00:26:35,509 --> 00:26:31,730
this type of thing

603
00:26:38,299 --> 00:26:35,519
obviously if a nuisance raccoon is of

604
00:26:40,930 --> 00:26:38,309
importance to park officials seven to

605
00:26:44,629 --> 00:26:40,940
nine phenomena that's ripping apart a

606
00:26:47,810 --> 00:26:44,639
real person's car yeah and then it's

607
00:26:49,669 --> 00:26:47,820
been shot by a highway patrolman is

608
00:26:52,099 --> 00:26:49,679
credible exciting you know yeah and

609
00:26:55,580 --> 00:26:52,109
doesn't it doesn't go down I mean you

610
00:26:58,940 --> 00:26:55,590
you get you live a human with one or two

611
00:27:01,549 --> 00:26:58,950
shots go down there don't really this

612
00:27:05,299 --> 00:27:01,559
this thing what you was shot nine times

613
00:27:07,580 --> 00:27:05,309

and had them enough energy to bound you

614

00:27:09,289 --> 00:27:07,590

said I described it as bounding that was

615

00:27:12,109 --> 00:27:09,299

actually the word he uses it found it

616

00:27:13,580 --> 00:27:12,119

and you know Danny and you could tell

617

00:27:15,919 --> 00:27:13,590

that the police officers were shook up

618

00:27:19,279 --> 00:27:15,929

and in the report but that's just one

619

00:27:20,659 --> 00:27:19,289

and as you begin to do research the the

620

00:27:24,080 --> 00:27:20,669

other one that I wanted to tell you

621

00:27:26,180 --> 00:27:24,090

about was five archaeologists and

622

00:27:27,979 --> 00:27:26,190

anthropologists so you know two of them

623

00:27:30,409 --> 00:27:27,989

are archaeologists the real an apologist

624

00:27:32,719 --> 00:27:30,419

River scenario there was there were five

625

00:27:36,739 --> 00:27:32,729

of them and they were studying Native

626
00:27:39,229 --> 00:27:36,749
American ancient burial mounds in the

627
00:27:42,109 --> 00:27:39,239
Everglades and their entire encampment

628
00:27:44,359 --> 00:27:42,119
was raided and destroyed by a seven to

629
00:27:46,639 --> 00:27:44,369
nine foot hominid they all described it

630
00:27:49,070 --> 00:27:46,649
to park officials they all were very

631
00:27:50,289 --> 00:27:49,080
sure about what they saw they defending

632
00:27:53,960 --> 00:27:50,299
long gray hair

633
00:27:56,869 --> 00:27:53,970
I'm thinking maybe was an older one

634
00:27:59,359 --> 00:27:56,879
it was obviously pissed off and you know

635
00:28:01,460 --> 00:27:59,369
my subsequent requests with those park

636
00:28:04,279 --> 00:28:01,470
officials to produce that report have

637
00:28:06,080 --> 00:28:04,289
been denied and and and that we're

638
00:28:07,580 --> 00:28:06,090

talking about you know mainstream

639

00:28:10,789 --> 00:28:07,590

scientists that have absolutely no

640

00:28:12,529 --> 00:28:10,799

reason to discredit themselves by

641

00:28:15,139 --> 00:28:12,539

stating something like that producing

642

00:28:16,909 --> 00:28:15,149

this report so you know and that's just

643

00:28:18,680 --> 00:28:16,919

two of them I mean like I said this you

644

00:28:22,969 --> 00:28:18,690

know I looked over a lot of sightings

645

00:28:25,519 --> 00:28:22,979

and in different states and for one

646

00:28:28,639 --> 00:28:25,529

reason or another most of the violent

647

00:28:30,489 --> 00:28:28,649

encounters that I've read at all of your

648

00:28:38,509 --> 00:28:30,499

data bases are from the state of Florida

649

00:28:40,519 --> 00:28:38,519

Wow wow that was my next question with

650

00:28:42,580 --> 00:28:40,529

with obviously all the sightings across

651
00:28:45,469 --> 00:28:42,590
the United States

652
00:28:48,200 --> 00:28:45,479
the violent encounters are coming out of

653
00:28:51,019 --> 00:28:48,210
Florida you're going hmm this is a

654
00:28:52,899 --> 00:28:51,029
cultural thing going on here well you

655
00:28:55,489 --> 00:28:52,909
know I mean that dick also too you know

656
00:28:57,169 --> 00:28:55,499
the atmosphere down here it's like

657
00:28:58,580 --> 00:28:57,179
breathing underwater man in the

658
00:29:01,700 --> 00:28:58,590
summertime I'm standing outside my

659
00:29:04,220 --> 00:29:01,710
apartment right now and it's

660
00:29:08,090 --> 00:29:04,230
across the 90 degrees and it's probably

661
00:29:11,029 --> 00:29:08,100
98% humidity and it's just uncomfortable

662
00:29:14,240 --> 00:29:11,039
it's just to stand here you know I

663
00:29:17,450 --> 00:29:14,250

couldn't imagine if I had fun all over

664

00:29:20,450 --> 00:29:17,460

you you know I mean and no place to

665

00:29:22,010 --> 00:29:20,460

bathe and you know there's a myriad of

666

00:29:24,549 --> 00:29:22,020

things that would make you aggravated

667

00:29:27,740 --> 00:29:24,559

living in this environment outside oh

668

00:29:30,080 --> 00:29:27,750

yeah but i stanch your question a little

669

00:29:32,090 --> 00:29:30,090

more thoroughly I think that I think

670

00:29:33,680 --> 00:29:32,100

that there's a combination of factors

671

00:29:34,820 --> 00:29:33,690

involved in why there are violent

672

00:29:36,350 --> 00:29:34,830

encounters down here I think the

673

00:29:40,580 --> 00:29:36,360

encroachment on territories that have

674

00:29:42,710 --> 00:29:40,590

been well used in the past is probably

675

00:29:44,299 --> 00:29:42,720

one you know reason for why that's

676
00:29:48,019 --> 00:29:44,309
happening down here and has been and

677
00:29:50,889 --> 00:29:48,029
probably will continue to you know but

678
00:29:54,740 --> 00:29:50,899
then again the Park Service and the

679
00:29:56,299 --> 00:29:54,750
Department of the Interior has come down

680
00:29:58,340 --> 00:29:56,309
here in the last thirty years since

681
00:30:02,029 --> 00:29:58,350
those accounts really started to wrap up

682
00:30:04,760 --> 00:30:02,039
and borrow up tremendous tracts of land

683
00:30:08,299 --> 00:30:04,770
and just beam them off-limits to the

684
00:30:10,370 --> 00:30:08,309
public and I've been in so many of these

685
00:30:12,889 --> 00:30:10,380
tracts of land down here where you're

686
00:30:15,230 --> 00:30:12,899
not really supposed to be for one reason

687
00:30:17,419 --> 00:30:15,240
or another they never give you an excuse

688
00:30:20,570 --> 00:30:17,429

that's just units off limits you know

689

00:30:23,029 --> 00:30:20,580

and and it makes no sense but you know

690

00:30:25,940 --> 00:30:23,039

when you go in there and this is the

691

00:30:27,529 --> 00:30:25,950

strangest of all the the research that

692

00:30:31,310 --> 00:30:27,539

I've done that probably the strangest

693

00:30:34,909 --> 00:30:31,320

thing that consistently happens is that

694

00:30:37,610 --> 00:30:34,919

I'm buzzed by choppers I am under

695

00:30:39,500 --> 00:30:37,620

surveillance aircraft going all through

696

00:30:42,350 --> 00:30:39,510

these places and I don't know if they've

697

00:30:44,269 --> 00:30:42,360

got it wired but I could tell you within

698

00:30:47,269 --> 00:30:44,279

15 minutes of setting foot inside these

699

00:30:50,360 --> 00:30:47,279

areas you are being told to leave by a

700

00:30:52,549 --> 00:30:50,370

chopper Wow and that's a fact it's

701
00:30:54,500 --> 00:30:52,559
happened to me dozens of times and it's

702
00:30:57,049 --> 00:30:54,510
been happening to me almost all my life

703
00:30:58,909 --> 00:30:57,059
down here because when I came in the 70s

704
00:31:02,149 --> 00:30:58,919
and 80s was when they first started to

705
00:31:03,320 --> 00:31:02,159
set the size of charcoal inside so you

706
00:31:05,360 --> 00:31:03,330
know of course I didn't put any of that

707
00:31:07,370 --> 00:31:05,370
stuff together back then but you know

708
00:31:09,980 --> 00:31:07,380
I'm a firm believer that you know none

709
00:31:13,430 --> 00:31:09,990
of this was coincidental I mean that's

710
00:31:15,500 --> 00:31:13,440
probably you know the reason most of

711
00:31:16,400 --> 00:31:15,510
this goes uninvestigated was

712
00:31:17,840 --> 00:31:16,410
because people chalk it up to

713
00:31:20,270 --> 00:31:17,850

coincidence they don't report things

714

00:31:22,940 --> 00:31:20,280

they don't investigate and it's all you

715

00:31:24,500 --> 00:31:22,950

know I hope you Pokey to them but you

716

00:31:25,430 --> 00:31:24,510

know I'm a firm believer that nothing is

717

00:31:28,160 --> 00:31:25,440

a coincidence

718

00:31:30,650 --> 00:31:28,170

there's a reason for this you know and

719

00:31:32,240 --> 00:31:30,660

and I don't know that necessarily that's

720

00:31:34,220 --> 00:31:32,250

the reason that they're trying to keep

721

00:31:36,290 --> 00:31:34,230

these things back but I can tell you

722

00:31:39,140 --> 00:31:36,300

this much in those parts that have been

723

00:31:43,130 --> 00:31:39,150

satisfied there are a tremendous amount

724

00:31:46,190 --> 00:31:43,140

of sightings by Park officials by people

725

00:31:49,190 --> 00:31:46,200

that you know frequent the park myself

726

00:31:51,380 --> 00:31:49,200

included and these people are fully

727

00:31:52,790 --> 00:31:51,390

aware that this is going on and that

728

00:31:55,880 --> 00:31:52,800

these things aren't in there the people

729

00:31:58,430 --> 00:31:55,890

that work there the biologists the Park

730

00:31:59,870 --> 00:31:58,440

Rangers they all know what's going on I

731

00:32:02,780 --> 00:31:59,880

talked to dozens of them across the

732

00:32:06,770 --> 00:32:02,790

state of Florida and and you know it's

733

00:32:09,890 --> 00:32:06,780

just to me it's a crime it's a crime you

734

00:32:13,610 --> 00:32:09,900

know because the bottom line is is if

735

00:32:23,150 --> 00:32:13,620

this is what we think it is so in other

736

00:32:25,610 --> 00:32:23,160

species of human mark but my my pet

737

00:32:27,410 --> 00:32:25,620

theory is you open up a can of worms it

738

00:32:28,940 --> 00:32:27,420

will lead other camel cans along some

739

00:32:33,440 --> 00:32:28,950

other things that have to be answered

740

00:32:36,020 --> 00:32:33,450

okay like for example how could the

741

00:32:40,270 --> 00:32:36,030

species have existed you for so long

742

00:32:44,300 --> 00:32:40,280

without documentation or catalog so

743

00:32:47,210 --> 00:32:44,310

definitely we're where everybody has

744

00:32:49,610 --> 00:32:47,220

this whole thing backwards because the

745

00:32:51,560 --> 00:32:49,620

last time I checked these people

746

00:32:54,770 --> 00:32:51,570

salaries were paid by our tax dollars

747

00:32:57,140 --> 00:32:54,780

that these universities and a lot of

748

00:32:59,440 --> 00:32:57,150

this stuff is funded with our tax

749

00:33:02,450 --> 00:32:59,450

dollars in a lot of these foundations

750

00:33:05,060 --> 00:33:02,460

get money from you know private

751
00:33:07,790 --> 00:33:05,070
organizations unfortunately in addition

752
00:33:10,310 --> 00:33:07,800
to public funding and if you look at the

753
00:33:12,140 --> 00:33:10,320
contributions and I've done that and a

754
00:33:14,780 --> 00:33:12,150
lot of these organizations mainstream

755
00:33:17,210 --> 00:33:14,790
science you know organizations and

756
00:33:19,340 --> 00:33:17,220
foundations the majority of their

757
00:33:22,370 --> 00:33:19,350
funding is just private and when you

758
00:33:24,230 --> 00:33:22,380
were into that you run into you know

759
00:33:26,510 --> 00:33:24,240
agenda problems that's the bottom line

760
00:33:29,450 --> 00:33:26,520
you know if I'm paying somebody salary

761
00:33:35,210 --> 00:33:31,970
you know well that's the theory that's

762
00:33:39,070 --> 00:33:35,220
the theory but the the proof is in is in

763
00:33:41,720 --> 00:33:39,080

the action and honestly we as taxpayers

764

00:33:44,930 --> 00:33:41,730

may be funding all this but it doesn't

765

00:33:46,970 --> 00:33:44,940

look like we actually have more I can

766

00:33:48,350 --> 00:33:46,980

tell ya I can tell you from from the

767

00:33:50,780 --> 00:33:48,360

people that I talk to you like let's

768

00:33:52,400 --> 00:33:50,790

just take one Park in particular let's

769

00:33:55,490 --> 00:33:52,410

talk about my office State Park okay

770

00:33:58,310 --> 00:33:55,500

there's I had an encounter in 2012

771

00:34:00,890 --> 00:33:58,320

and multiple tracks I mean it was like a

772

00:34:03,440 --> 00:34:00,900

science fiction movie the entire three

773

00:34:04,700 --> 00:34:03,450

days we were there my son and I it stood

774

00:34:05,930 --> 00:34:04,710

up walked out right in front of my son

775

00:34:08,090 --> 00:34:05,940

after we trapped it and play

776

00:34:10,760 --> 00:34:08,100

cat-and-mouse with it for about 45

777

00:34:12,440 --> 00:34:10,770

minutes okay he insisted now he's a

778

00:34:13,730 --> 00:34:12,450

non-believer first of all he thought the

779

00:34:15,820 --> 00:34:13,740

whole thing was ridiculous but it was

780

00:34:17,930 --> 00:34:15,830

time to spend with that so we went and

781

00:34:19,610 --> 00:34:17,940

you know he was completely shocked

782

00:34:22,580 --> 00:34:19,620

because we started finding trash right

783

00:34:24,680 --> 00:34:22,590

off the bat in close proximity to all of

784

00:34:27,080 --> 00:34:24,690

the areas that are used and it was the

785

00:34:29,270 --> 00:34:27,090

main trail in the park and we there were

786

00:34:31,850 --> 00:34:29,280

people walking by us you know right off

787

00:34:35,000 --> 00:34:31,860

the side of the trail 14 inches six

788

00:34:37,970 --> 00:34:35,010

inches wide big track I mean I was like

789

00:34:40,400 --> 00:34:37,980

you gotta be kidding me and we took off

790

00:34:42,560 --> 00:34:40,410

in the direction of the tracks and it

791

00:34:45,500 --> 00:34:42,570

was within 45 minutes that we had the

792

00:34:48,830 --> 00:34:45,510

the sightings he wanted to report it

793

00:34:51,650 --> 00:34:48,840

this is what got my hairs up on end

794

00:34:53,690 --> 00:34:51,660

about the whole issue we went to the

795

00:34:56,390 --> 00:34:53,700

forest rangers office and reported the

796

00:34:59,270 --> 00:34:56,400

camera you walked in the office just

797

00:35:00,920 --> 00:34:59,280

ahead of me so I need a pen or a pencil

798

00:35:02,390 --> 00:35:00,930

and a piece of paper because I need to

799

00:35:05,420 --> 00:35:02,400

draw something I just saw in the park

800

00:35:08,330 --> 00:35:05,430

right then the park ranger says is that

801
00:35:10,250 --> 00:35:08,340
thing still around and he's like yeah I

802
00:35:11,360 --> 00:35:10,260
just saw it and I can't even believe

803
00:35:14,240 --> 00:35:11,370
what's going on she's like I'm gonna

804
00:35:16,160 --> 00:35:14,250
call the park biologist so she gets over

805
00:35:18,620 --> 00:35:16,170
on the phone and I've told the story a

806
00:35:21,800 --> 00:35:18,630
few times and she gets on the phone and

807
00:35:25,100 --> 00:35:21,810
and our speakerphone called the

808
00:35:29,570 --> 00:35:25,110
biologist who's stationed and lives in

809
00:35:31,550 --> 00:35:29,580
the park the biologist with in well

810
00:35:33,890 --> 00:35:31,560
first of all he says well Tom it was a

811
00:35:35,870 --> 00:35:33,900
better she's like you're on speakerphone

812
00:35:36,770 --> 00:35:35,880
they're standing right here so she's

813
00:35:40,850 --> 00:35:36,780

like I'll be right over

814

00:35:42,440 --> 00:35:40,860

so she comes over doesn't ask to see the

815

00:35:44,630 --> 00:35:42,450

drawing doesn't ask what

816

00:35:45,950 --> 00:35:44,640

saw doesn't ask anything about that says

817

00:35:49,220 --> 00:35:45,960

where did you see it that was the only

818

00:35:50,660 --> 00:35:49,230

thing she said and my son was you know

819

00:35:53,089 --> 00:35:50,670

sort of the describe well it was I

820

00:35:54,890 --> 00:35:53,099

started popping questions off at her you

821

00:35:56,480 --> 00:35:54,900

know like you know and I started saying

822

00:36:00,290 --> 00:35:56,490

you know you got Hamid attracts all

823

00:36:01,550 --> 00:36:00,300

through this part but we found dozens of

824

00:36:04,160 --> 00:36:01,560

tracks and don't tell me you're not

825

00:36:06,319 --> 00:36:04,170

aware of this you know and she was very

826

00:36:08,480 --> 00:36:06,329

pissy about that and she was basically

827

00:36:10,040 --> 00:36:08,490

started taking my information and after

828

00:36:12,370 --> 00:36:10,050

me all kinds of questions about who I

829

00:36:14,930 --> 00:36:12,380

was and then I said well you know

830

00:36:16,940 --> 00:36:14,940

nothing and all that stuff and then

831

00:36:19,730 --> 00:36:16,950

she's like fine then that's all we have

832

00:36:22,730 --> 00:36:19,740

to talk about she took off but in the

833

00:36:26,089 --> 00:36:22,740

end of the day the maintenance personnel

834

00:36:28,130 --> 00:36:26,099

somebody called everybody although we

835

00:36:30,380 --> 00:36:28,140

were only witness to them calling the

836

00:36:32,630 --> 00:36:30,390

biologist somebody told everybody

837

00:36:34,970 --> 00:36:32,640

because there were maintenance workers

838

00:36:37,310 --> 00:36:34,980

showing up asking us questions they were

839

00:36:41,120 --> 00:36:37,320

you know so they well what's going on

840

00:36:43,849 --> 00:36:41,130

and it's better it would be and I said

841

00:36:48,290 --> 00:36:43,859

this many times it's ludicrous for us to

842

00:36:51,020 --> 00:36:48,300

think that as park visitors once a year

843

00:36:53,540 --> 00:36:51,030

we can go in the park and find evidence

844

00:36:56,120 --> 00:36:53,550

of this incredible species existence and

845

00:37:02,720 --> 00:36:56,130

the people that work and live in the

846

00:37:05,210 --> 00:37:02,730

park having no more we did get a

847

00:37:08,450 --> 00:37:05,220

question mark two quick um you know when

848

00:37:10,069 --> 00:37:08,460

the helicopters are over you what reason

849

00:37:11,480 --> 00:37:10,079

do they give you to order you to leave

850

00:37:14,510 --> 00:37:11,490

do they give you a certain reason when

851
00:37:16,720 --> 00:37:14,520
that happens well I'm obviously in an

852
00:37:20,180 --> 00:37:16,730
area not supposed to be in they have

853
00:37:23,230 --> 00:37:20,190
they have set aside a lot of water

854
00:37:26,450 --> 00:37:23,240
because for a Squatch control issues and

855
00:37:29,569 --> 00:37:26,460
so they have a tremendous flood control

856
00:37:31,370 --> 00:37:29,579
system and they've run it right through

857
00:37:34,430 --> 00:37:31,380
all of these areas that used to be prime

858
00:37:36,230 --> 00:37:34,440
habitat and basically they're like you

859
00:37:38,510 --> 00:37:36,240
know they're signs everywhere back there

860
00:37:40,069 --> 00:37:38,520
the problem is this is the choppers are

861
00:37:43,130 --> 00:37:40,079
all unmarked the vehicles that have

862
00:37:45,620 --> 00:37:43,140
followed me have never once they're not

863
00:37:47,450 --> 00:37:45,630

they're unmarked first of all which is a

864

00:37:49,670 --> 00:37:47,460

little unnerving when you're back there

865

00:37:51,500 --> 00:37:49,680

and there's an unmarked truck you know a

866

00:37:53,480 --> 00:37:51,510

black truck with ten window you can't

867

00:37:54,820 --> 00:37:53,490

see through mm-hmm you know that just

868

00:37:56,980 --> 00:37:54,830

comes like 50

869

00:37:58,450 --> 00:37:56,990

behind you and follows you out never

870

00:38:00,940 --> 00:37:58,460

comes up and says anything to you you

871

00:38:04,030 --> 00:38:00,950

know that's happened so many times all I

872

00:38:06,190 --> 00:38:04,040

know is is that you know once I started

873

00:38:07,720 --> 00:38:06,200

to see those things you know I'm picking

874

00:38:10,270 --> 00:38:07,730

up on all that and I'm just like I'm

875

00:38:11,920 --> 00:38:10,280

going home I'm writing you know and I'm

876

00:38:13,990 --> 00:38:11,930

calling these parks back you know you

877

00:38:15,610 --> 00:38:14,000

know just week after we had the sighting

878

00:38:16,810 --> 00:38:15,620

with my son I called the same park back

879

00:38:23,260 --> 00:38:16,820

and they said that there was no such

880

00:38:25,600 --> 00:38:23,270

report then they try to charge me the

881

00:38:30,990 --> 00:38:25,610

next time I wanted to go in they upped

882

00:38:34,440 --> 00:38:33,610

trying to price you out of going into

883

00:38:37,210 --> 00:38:34,450

the park

884

00:38:39,370 --> 00:38:37,220

exactly any denied me my primitive chant

885

00:38:40,780 --> 00:38:39,380

spot which was clearly open because I

886

00:38:43,210 --> 00:38:40,790

talked to one person who didn't know

887

00:38:43,900 --> 00:38:43,220

where I was booked the campsite in

888

00:38:46,030 --> 00:38:43,910

advance

889

00:38:47,560 --> 00:38:46,040

it was clearly open she booked it for me

890

00:38:48,820 --> 00:38:47,570

the next morning I got a phone call so

891

00:38:51,070 --> 00:38:48,830

that I wasn't going to be able to get

892

00:38:52,690 --> 00:38:51,080

that site and that they were going to

893

00:38:58,480 --> 00:38:52,700

need to talk with me about my future

894

00:38:59,740 --> 00:38:58,490

visits oh yeah so you know it's

895

00:39:02,080 --> 00:38:59,750

different from my point of view because

896

00:39:04,420 --> 00:39:02,090

in the end of the day this situation

897

00:39:06,220 --> 00:39:04,430

down here is different then the vast

898

00:39:07,960 --> 00:39:06,230

majority of situations that I read about

899

00:39:10,420 --> 00:39:07,970

and I talk to people about I've talked

900

00:39:12,310 --> 00:39:10,430

to hundreds of people most of the time

901
00:39:12,760 --> 00:39:12,320
they're so far out of the middle of

902
00:39:15,040 --> 00:39:12,770
nowhere

903
00:39:16,900 --> 00:39:15,050
that they're you know they're there are

904
00:39:19,360 --> 00:39:16,910
no danger of seeing a ranger or a

905
00:39:22,030 --> 00:39:19,370
wildlife officer whereas down here

906
00:39:23,650 --> 00:39:22,040
the public has encroached in so many

907
00:39:25,960 --> 00:39:23,660
areas that they've had to set these

908
00:39:28,030 --> 00:39:25,970
areas aside for one reason or another

909
00:39:30,250 --> 00:39:28,040
they've done that and they are manned

910
00:39:33,940 --> 00:39:30,260
and they are being watched

911
00:39:35,920 --> 00:39:33,950
period that is my conclusion it's all

912
00:39:37,230 --> 00:39:35,930
sounds like them the minute their

913
00:39:39,970 --> 00:39:37,240

version of the men in black they're

914

00:39:42,820 --> 00:39:39,980

watching you know all this Bigfoot in

915

00:39:45,040 --> 00:39:42,830

crypto stuff from a distance well you

916

00:39:46,510 --> 00:39:45,050

know I mean I can't put I can't point

917

00:39:48,130 --> 00:39:46,520

the finger and say that that's what

918

00:39:49,660 --> 00:39:48,140

they're doing right all I can tell you

919

00:39:53,590 --> 00:39:49,670

is this is what's been happening to me

920

00:39:56,110 --> 00:39:53,600

and two plus two is four right you know

921

00:39:59,020 --> 00:39:56,120

in my mind I'm not one of those guys I

922

00:40:00,700 --> 00:39:59,030

followed that lead so far down the trail

923

00:40:03,640 --> 00:40:00,710

and I've been so far down the rabbit

924

00:40:06,250 --> 00:40:03,650

hole this thing that I basically had to

925

00:40:08,590 --> 00:40:06,260

shut my show down I have show crypto

926
00:40:10,810 --> 00:40:08,600
reality and

927
00:40:13,840 --> 00:40:10,820
and I was threatened my computers were

928
00:40:14,290 --> 00:40:13,850
hacked I mean it went it went dad for me

929
00:40:16,360 --> 00:40:14,300
for a while

930
00:40:19,120 --> 00:40:16,370
I'm just now actually getting back on my

931
00:40:20,800 --> 00:40:19,130
feet to where you know I think my

932
00:40:23,290 --> 00:40:20,810
computers working you know I'm by other

933
00:40:26,710 --> 00:40:23,300
like I've gone through three androids in

934
00:40:28,570 --> 00:40:26,720
the last four months to where I mean

935
00:40:31,030 --> 00:40:28,580
it's just ridiculous but you know I was

936
00:40:32,860 --> 00:40:31,040
actually on the case with the National

937
00:40:35,050 --> 00:40:32,870
Academy of Sciences because they were

938
00:40:38,230 --> 00:40:35,060

subverting the study the catch of study

939

00:40:40,990 --> 00:40:38,240

so I was all up turn behinds about that

940

00:40:43,720 --> 00:40:41,000

and in with my show using my show as a

941

00:40:46,090 --> 00:40:43,730

platform to promote public involvement

942

00:40:48,490 --> 00:40:46,100

with the study so we could force them to

943

00:40:50,440 --> 00:40:48,500

do a publicly transparent peer review

944

00:40:52,960 --> 00:40:50,450

mm-hmm right and that's when it all went

945

00:40:54,520 --> 00:40:52,970

south for me but you know I written a

946

00:40:56,290 --> 00:40:54,530

report a few guys did you get a chance

947

00:40:58,080 --> 00:40:56,300

to read the report didn't get a chance

948

00:41:01,480 --> 00:40:58,090

yet mark but I'm gonna get to it yeah

949

00:41:03,910 --> 00:41:01,490

it's interesting man I mean you know

950

00:41:08,530 --> 00:41:03,920

it's very common sense and I'm not I'm

951
00:41:10,180 --> 00:41:08,540
not necessarily I'm not necessarily you

952
00:41:12,940 --> 00:41:10,190
know for some I hope who uses on people

953
00:41:16,060 --> 00:41:12,950
but I'm just saying if you ask some real

954
00:41:18,220 --> 00:41:16,070
simple questions like you know they

955
00:41:20,980 --> 00:41:18,230
study mountain lions and they study they

956
00:41:24,070 --> 00:41:20,990
put more money into snail research than

957
00:41:27,730 --> 00:41:24,080
they do into you know something that's

958
00:41:30,220 --> 00:41:27,740
so important I mean really what we're

959
00:41:32,230 --> 00:41:30,230
talking about here is the existence of

960
00:41:35,890 --> 00:41:32,240
another possibly the existence of

961
00:41:38,560 --> 00:41:35,900
another species of human typing what

962
00:41:41,620 --> 00:41:38,570
could be more pertinent to human

963
00:41:46,240 --> 00:41:41,630

existence then not being alone on planet

964

00:41:48,760 --> 00:41:46,250

earth and people will consistently you

965

00:41:52,030 --> 00:41:48,770

know downplay this issue and promote the

966

00:41:54,640 --> 00:41:52,040

dumb ape theory yeah I had a say stand

967

00:41:57,900 --> 00:41:54,650

between 30 yards over 40 feet away from

968

00:42:00,840 --> 00:41:57,910

me in the brush and mock me

969

00:42:04,690 --> 00:42:00,850

exactly in the same exact tone I used

970

00:42:08,920 --> 00:42:04,700

only on the last part of the call he

971

00:42:13,960 --> 00:42:08,930

added sarcasm and that's no that's no

972

00:42:14,710 --> 00:42:13,970

joke okay I mean this is not a dumb

973

00:42:17,350 --> 00:42:14,720

animal

974

00:42:20,500 --> 00:42:17,360

this is I agree with Native Americans

975

00:42:21,880 --> 00:42:20,510

you know this is uh this is a people a

976

00:42:26,110 --> 00:42:21,890

wild people you

977

00:42:28,840 --> 00:42:26,120

I mark I found a found of video on your

978

00:42:31,270 --> 00:42:28,850

on your Facebook page and I needed to

979

00:42:33,070 --> 00:42:31,280

ask you whether or not that was you or

980

00:42:37,110 --> 00:42:33,080

this is something you just posted it

981

00:42:40,540 --> 00:42:37,120

says Sasquatch speaks we're all that

982

00:42:42,300 --> 00:42:40,550

that's that's some of the other

983

00:42:44,890 --> 00:42:42,310

researchers that you know I've been

984

00:42:47,140 --> 00:42:44,900

talking to and have been involved with

985

00:42:50,470 --> 00:42:47,150

in you know checking out their field

986

00:42:54,220 --> 00:42:50,480

research I have a YouTube page you can

987

00:42:55,720 --> 00:42:54,230

go to Zak man on YouTube and nurse all

988

00:42:58,270 --> 00:42:55,730

kinds of I'm a musician and I'm

989

00:43:01,780 --> 00:42:58,280

professional fisherman as well but I do

990

00:43:04,510 --> 00:43:01,790

also have most of the Mayaka footage is

991

00:43:06,610 --> 00:43:04,520

in there the tracks you know I mean we

992

00:43:08,170 --> 00:43:06,620

we missed it by maybe three seconds

993

00:43:12,070 --> 00:43:08,180

catching on film he got a view of it

994

00:43:13,840 --> 00:43:12,080

from about 30 yards away for about four

995

00:43:15,610 --> 00:43:13,850

to six seconds it just walked right out

996

00:43:18,070 --> 00:43:15,620

in front of them in between two big palm

997

00:43:22,560 --> 00:43:18,080

trees look right at him and then did a

998

00:43:27,760 --> 00:43:22,570

90 and kept going along the side of this

999

00:43:30,310 --> 00:43:27,770

huge patch of saw palmetto that we had

1000

00:43:31,870 --> 00:43:30,320

just gone through and we were cut up and

1001

00:43:34,930 --> 00:43:31,880

it was just the whole thing is like

1002

00:43:36,640 --> 00:43:34,940

surreal I mean that the same night we

1003

00:43:40,420 --> 00:43:36,650

went back at like 2:30 in the morning

1004

00:43:43,600 --> 00:43:40,430

and and there was things jumping out of

1005

00:43:46,270 --> 00:43:43,610

trees that were basically lying the

1006

00:43:48,520 --> 00:43:46,280

ground I mean we were on a dock or a

1007

00:43:52,330 --> 00:43:48,530

bird walked up that led to an island and

1008

00:43:56,110 --> 00:43:52,340

I had made some calls and this thing the

1009

00:43:57,910 --> 00:43:56,120

ground shook so I mean the dock vibrated

1010

00:44:00,460 --> 00:43:57,920

my son was like I want to go home now

1011

00:44:03,340 --> 00:44:00,470

you know and it was like that freaky but

1012

00:44:06,250 --> 00:44:03,350

the whole place and there you know I'm

1013

00:44:08,500 --> 00:44:06,260

doing the documentary now okay and I'm

1014

00:44:11,440 --> 00:44:08,510

going to cover all of this in depth in

1015

00:44:14,950 --> 00:44:11,450

this documentary and I'm hoping that I

1016

00:44:17,020 --> 00:44:14,960

can get you know somebody from you know

1017

00:44:19,630 --> 00:44:17,030

from the park park officials somebody to

1018

00:44:21,850 --> 00:44:19,640

come forward and at least get honest

1019

00:44:24,370 --> 00:44:21,860

about this because I said you know I

1020

00:44:26,650 --> 00:44:24,380

mean you know the media's plays up you

1021

00:44:28,570 --> 00:44:26,660

know in a way that promotes more

1022

00:44:30,700 --> 00:44:28,580

questions because obviously if they ask

1023

00:44:32,410 --> 00:44:30,710

more questions then they gotta have

1024

00:44:32,710 --> 00:44:32,420

another show and they could sell haven't

1025

00:44:35,050 --> 00:44:32,720

I

1026

00:44:36,880 --> 00:44:35,060

yeah yeah right right well mark let's

1027

00:44:38,440 --> 00:44:36,890

take a five-minute break in we'll come

1028

00:44:41,040 --> 00:44:38,450

back and we're gonna get a little deeper

1029
