11  
00:01:02,590 --> 00:01:00,320  
I am literally driving through the

12  
00:01:06,450 --> 00:01:02,600  
maddening streets of Chicago because of

13  
00:01:09,690 --> 00:01:06,460

some madness downtown on Lakeshore Drive

14

00:01:11,770 --> 00:01:09,700

students oh yeah so if I if you hear a

15

00:01:16,260 --> 00:01:11,780

crashing sound that's not a good thing

16

00:01:18,430 --> 00:01:16,270

now I'm just kidding I'm safe hands-free

17

00:01:19,900 --> 00:01:18,440

no but I'm trying to clear my throat

18

00:01:22,930 --> 00:01:19,910

because I still I'm choking with

19

00:01:25,330 --> 00:01:22,940

bronchitis but who gets bronchitis I've

20

00:01:26,200 --> 00:01:25,340

outlandish topics to the forefront I

24

00:01:36,370 --> 00:01:33,950

26  
00:01:42,100 --> 00:01:39,680  
and conspiracy theories shadow people

27  
00:01:43,719 --> 00:01:42,110  
happening and you know you know that's

28  
00:01:45,790 --> 00:01:43,729  
just the way we roll on this show so

29  
00:01:48,969 --> 00:01:45,800  
we'll touch on anything that's

30  
00:01:51,460 --> 00:01:48,979  
controversial interesting spooky in all

31  
00:01:53,770 --> 00:01:51,470

41

00:02:20,410 --> 00:02:17,810

51  
00:02:50,920 --> 00:02:48,440  
the above I mean the app is awesome and

52  
00:02:52,539 --> 00:02:50,930  
you can also call a number which i don't

53  
00:02:54,010 --> 00:02:52,549  
have memorized because i'm driving

54  
00:02:57,250 --> 00:02:54,020  
through the crazy streets of

55  
00:02:59,770 --> 00:02:57,260  
shy town and but like my parents they

56  
00:03:02,020 --> 00:02:59,780  
like to call in listen to the show they

57  
00:03:04,990 --> 00:03:02,030  
don't have to sit there and figure out

58  
00:03:08,020 --> 00:03:05,000  
how to listen online or through their

59  
00:03:12,010 --> 00:03:08,030  
special apps or anything so it's always

60  
00:03:15,540 --> 00:03:12,020  
cool i like that and this evening i am

61  
00:03:18,130 --> 00:03:15,550  
not going to do the outlandish corner

62  
00:03:20,200 --> 00:03:18,140  
just because we have something that's

63  
00:03:22,690 --> 00:03:20,210

very very very interesting this evening

64

00:03:24,880 --> 00:03:22,700

that we're going to be discussing that

65

00:03:27,840 --> 00:03:24,890

it's kind of near and dear to my heart

66

00:03:45,430 --> 00:03:27,850

but you know first before we go there I

67

00:03:49,600 --> 00:03:45,440

wanted to express my sincere it to of

68

00:03:53,950 --> 00:03:49,610

different of mine who daddy star who was

69

00:03:58,210 --> 00:03:53,960

found killed and a suspected longtime

70

00:04:00,880 --> 00:03:58,220

boyfriend did this and you know you know

71

00:04:04,660 --> 00:04:00,890

when I was in Australia and I was

72

00:04:08,500 --> 00:04:04,670

offered a television series and I had no

73

00:04:13,270 --> 00:04:08,510

idea what to do this lady tough as nails

74

00:04:17,650 --> 00:04:13,280

a former pro bodybuilder former la cop

75

00:04:19,810 --> 00:04:17,660

who became a lawyer and was just doing

76

00:04:22,540 --> 00:04:19,820

her thing out there in Los Angeles with

77

00:04:26,080 --> 00:04:22,550

her television show that was airing on

78

00:04:29,350 --> 00:04:26,090

sundance channel called loredana Esquire

79

00:04:32,020 --> 00:04:29,360

and you know it's tragic she has a

80

00:04:33,850 --> 00:04:32,030

five-year-old son and you know as the

81

00:04:36,490 --> 00:04:33,860

father of the son that did this terror

82

00:04:38,560 --> 00:04:36,500

it's just you know it's horrific and I

83

00:04:40,570 --> 00:04:38,570

just want to send my sincerest thoughts

84

00:04:42,640 --> 00:04:40,580

and prayers out there to her and her

85

00:04:45,630 --> 00:04:42,650

family that's going through this because

86

00:04:49,510 --> 00:04:45,640

it just broke my heart but it issues

87

00:04:52,300 --> 00:04:49,520

somebody that you know supported several

88

00:04:54,400 --> 00:04:52,310

people out there and including a good

89

00:04:56,470 --> 00:04:54,410

friend of mine at John Greenwald who let

90

00:04:59,680 --> 00:04:56,480

me know this had occurred you know that

91

00:05:02,320 --> 00:04:59,690

you know the black bald guy he's so

92

00:05:04,060 --> 00:05:02,330

awesome and several other people that

93

00:05:07,300 --> 00:05:04,070

were involved in the paranormal field

94

00:05:09,850 --> 00:05:07,310

and she had her back you know she

95

00:05:11,950 --> 00:05:09,860

lied and she stood behind several of

96

00:05:13,540 --> 00:05:11,960

us that were involved in this field and

97

00:05:17,170 --> 00:05:13,550

you know that's important and rare to

98

00:05:20,550 --> 00:05:17,180

find and she did that I mean tough as

99

00:05:23,620 --> 00:05:20,560

nails stilettos working it and and just

100

00:05:25,630 --> 00:05:23,630

keeping up with the boys and you know so

101  
00:05:28,000 --> 00:05:25,640  
my thoughts and prayers to the Lord on

102  
00:05:33,040 --> 00:05:28,010  
an SE and keep doing your thing girl

103  
00:05:35,470 --> 00:05:33,050  
friend so I wanted to get on to what uh

104  
00:05:37,510 --> 00:05:35,480  
what our awesome program is going to be

105  
00:05:39,670 --> 00:05:37,520  
about this evening because you know for

106  
00:05:42,970 --> 00:05:39,680  
those of you who do not know I am a

107  
00:05:45,610 --> 00:05:42,980  
practicing occupational therapist on top

108  
00:05:47,920 --> 00:05:45,620  
of all this other madness that i do that

109  
00:05:51,940 --> 00:05:47,930  
i love and wouldn't change for the world

110  
00:05:54,640 --> 00:05:51,950  
i am in a pediatric occupational

111  
00:05:56,560 --> 00:05:54,650  
therapist side I like to work with

112  
00:05:59,320 --> 00:05:56,570  
children but I also work with adults and

113  
00:06:03,490 --> 00:05:59,330

also those who are afflicted with

114

00:06:05,620 --> 00:06:03,500

psychological issues so I span the globe

115

00:06:08,200 --> 00:06:05,630

when it comes to occupational therapy

116

00:06:09,940 --> 00:06:08,210

and I really truly enjoy what I do what

117

00:06:11,770 --> 00:06:09,950

occupational therapy is we we help

118

00:06:15,390 --> 00:06:11,780

people with any kind of ailment or

119

00:06:18,760 --> 00:06:15,400

disability or injury learn to become

120

00:06:21,940 --> 00:06:18,770

more independent in any way emotional

121

00:06:25,930 --> 00:06:21,950

psychological physical I mean we cover

122

00:06:27,910 --> 00:06:25,940

the gamut so this evening I have a guest

123

00:06:32,110 --> 00:06:27,920

that is going to be speaking about his

124

00:06:36,250 --> 00:06:32,120

newest book I believe it's called autism

125

00:06:38,650 --> 00:06:36,260

Holocaust and what is going on with that

126  
00:06:41,170 --> 00:06:38,660  
there are so many parents who feel that

127  
00:06:43,240 --> 00:06:41,180  
there is an absolute epidemic when it

128  
00:06:47,260 --> 00:06:43,250  
comes to children being afflicted with

129  
00:06:50,830 --> 00:06:47,270  
autism and our guest this evening is

130  
00:06:53,950 --> 00:06:50,840  
John E Micah who's going to be

131  
00:06:56,830 --> 00:06:53,960  
discussing this with us now hello John

132  
00:06:59,290 --> 00:06:56,840  
are you here with us I am Heidi and it's

133  
00:07:02,650 --> 00:06:59,300  
a pleasure and an honor to be here how

134  
00:07:06,580 --> 00:07:02,660  
are you I am surviving the streets of

135  
00:07:08,200 --> 00:07:06,590  
Chicago as we speak oh my goodness it's

136  
00:07:13,510 --> 00:07:08,210  
it's been interesting let me tell you

137  
00:07:17,050 --> 00:07:13,520  
but such as my life I have a I you know

138  
00:07:19,360 --> 00:07:17,060

I'm really truly truly fascinated by

139

00:07:21,140 --> 00:07:19,370

your taking on the challenge of such a

140

00:07:22,670 --> 00:07:21,150

big topic of

141

00:07:24,830 --> 00:07:22,680

turn but I want people to know a little

142

00:07:27,950 --> 00:07:24,840

bit about you well what your background

143

00:07:30,410 --> 00:07:27,960

is and what got you interested and

144

00:07:32,300 --> 00:07:30,420

involved in this topic well first of all

145

00:07:35,420 --> 00:07:32,310

let me just say that I am the father of

146

00:07:38,240 --> 00:07:35,430

an autistic child and he was diagnosed

147

00:07:40,640 --> 00:07:38,250

as he told me when he was 14 years of

148

00:07:43,790 --> 00:07:40,650

age that had Asperger's syndrome I'd

149

00:07:45,920 --> 00:07:43,800

never heard of it that was in 2001 and

150

00:07:48,070 --> 00:07:45,930

he lived with his primary caregiver went

151

00:07:51,520 --> 00:07:48,080

through a painful divorce which only

152

00:07:54,530 --> 00:07:51,530

exacerbated the situation and to

153

00:07:56,870 --> 00:07:54,540

communications through him and absence

154

00:07:59,780 --> 00:07:56,880

of a period of absence I educated myself

155

00:08:04,010 --> 00:07:59,790

on everything I could about Asperger's

156

00:08:06,110 --> 00:08:04,020

and as it turned out the more I dug into

157

00:08:09,860 --> 00:08:06,120

it the more I found it was pretty

158

00:08:12,220 --> 00:08:09,870

startling so and and I was helping my

159

00:08:14,780 --> 00:08:12,230

dad actually write a book on autism and

160

00:08:18,140 --> 00:08:14,790

that never got published but I went on

161

00:08:20,030 --> 00:08:18,150

to look at the Oversight Committee on

162

00:08:22,610 --> 00:08:20,040

Government Reform hearing I focused on

163

00:08:25,970 --> 00:08:22,620

that to start with and that was a eye

164

00:08:28,610 --> 00:08:25,980

opener let me tell you a lot of people

165

00:08:30,230 --> 00:08:28,620

heard that it was a year absence prior

166

00:08:32,330 --> 00:08:30,240

to that before their previous meeting

167

00:08:35,270 --> 00:08:32,340

and congressman dan burton was chair

168

00:08:38,510 --> 00:08:35,280

prior to that 49 oversight committee on

169

00:08:41,150 --> 00:08:38,520

government reform hearings so um and his

170

00:08:42,560 --> 00:08:41,160

grandson was injured by vaccine in a

171

00:08:45,200 --> 00:08:42,570

second year of life he received nine

172

00:08:47,270 --> 00:08:45,210

vaccines on one doctor's visit and

173

00:08:49,880 --> 00:08:47,280

regressed into a severe case of autism

174

00:08:54,680 --> 00:08:49,890

and such as the case actually Heidi with

175

00:08:56,630 --> 00:08:54,690

a great many parents injury vaccine and

176

00:08:59,450 --> 00:08:56,640

you know it is kind of disturbing the

177

00:09:02,810 --> 00:08:59,460

book is actually about autism government

178

00:09:05,270 --> 00:09:02,820

malfeasance and injustice and I also

179

00:09:07,190 --> 00:09:05,280

address you know my personal how I got

180

00:09:08,840 --> 00:09:07,200

involved like you're asking me now my

181

00:09:11,150 --> 00:09:08,850

relationship with my father and my son

182

00:09:13,790 --> 00:09:11,160

and reuniting with my son after a

183

00:09:16,700 --> 00:09:13,800

12-year absence due to his duties

184

00:09:19,430 --> 00:09:16,710

condition in my circumstances so trying

185

00:09:20,870 --> 00:09:19,440

to admit yeah yeah it's incredible story

186

00:09:24,020 --> 00:09:20,880

the story behind the story is even more

187

00:09:26,180 --> 00:09:24,030

amazing in the story itself trying day I

188

00:09:27,680 --> 00:09:26,190

heard them on coast to coast and I just

189

00:09:30,650 --> 00:09:27,690

did a show on coast-to-coast Monday

190

00:09:32,519 --> 00:09:30,660

trying day picked up the book just with

191

00:09:34,590 --> 00:09:32,529

one simple phone call and

192

00:09:37,410 --> 00:09:34,600

Chris the editor turn me over to Nick

193

00:09:38,910 --> 00:09:37,420

Bryant he was the he's been in a

194

00:09:41,730 --> 00:09:38,920

business he's one of the best scientific

195

00:09:43,470 --> 00:09:41,740

researchers in the entire country and

196

00:09:45,540 --> 00:09:43,480

he's been at it like I saved for 23

197

00:09:47,220 --> 00:09:45,550

years he took on this task of helping me

198

00:09:48,660 --> 00:09:47,230

write this book and I'll be honest with

199

00:09:50,939 --> 00:09:48,670

you said this is my first book i've

200

00:09:51,929 --> 00:09:50,949

never in the book I don't I'll be the

201

00:09:55,019 --> 00:09:51,939

first one to tell you I'm not a

202

00:09:57,119 --> 00:09:55,029

scientist I am NOT a doctor and so it

203

00:09:59,309 --> 00:09:57,129

was asked posting me at one point why

204

00:10:01,160 --> 00:09:59,319

should people listen to you and you know

205

00:10:03,689 --> 00:10:01,170

that's a darn good question into this i

206

00:10:05,220 --> 00:10:03,699

have to say i have to say though you

207

00:10:06,689 --> 00:10:05,230

know that there's a lot of weight that's

208

00:10:08,819 --> 00:10:06,699

put on these little pieces of paper

209

00:10:10,559 --> 00:10:08,829

called degrees and you know sometimes

210

00:10:13,439 --> 00:10:10,569

real life experiences all that it takes

211

00:10:16,079 --> 00:10:13,449

so you know i'm totally not on that same

212

00:10:18,210 --> 00:10:16,089

boat so don't worry I'm with you all the

213

00:10:20,489 --> 00:10:18,220

way on this well that's okay now I don't

214

00:10:22,049 --> 00:10:20,499

have a big title after my name but what

215

00:10:24,480 --> 00:10:22,059

I do have is I do have experience and I

216

00:10:25,799 --> 00:10:24,490

have a son that's autistic and as I got

217

00:10:28,049 --> 00:10:25,809

researching and here's the other thing

218

00:10:30,569 --> 00:10:28,059

my brick and mortar education may have

219

00:10:32,549 --> 00:10:30,579

stopped in 1977 but I never stopped

220

00:10:34,650 --> 00:10:32,559

educating myself and what I did was

221

00:10:36,360 --> 00:10:34,660

spend the last 10,000 hours and three

222

00:10:38,369 --> 00:10:36,370

years in researching this book I've read

223

00:10:40,829 --> 00:10:38,379

study after study after study I've

224

00:10:43,410 --> 00:10:40,839

disseminated the information and what

225

00:10:46,319 --> 00:10:43,420

congressman Burton said wrong you know

226

00:10:48,360 --> 00:10:46,329

struck a chord my heart and he said you

227

00:10:51,360 --> 00:10:48,370

know take all this information in this

228

00:10:52,650 --> 00:10:51,370

study disseminated or in this hearing

229

00:10:55,110 --> 00:10:52,660

and disseminated to people because

230

00:10:57,780 --> 00:10:55,120

people really want to know and that's he

231

00:10:59,939 --> 00:10:57,790

said keep beating the drum because he

232

00:11:02,639 --> 00:10:59,949

bet he beated the drum he was beating

233

00:11:05,400 --> 00:11:02,649

the drum for like for many many years

234

00:11:07,949 --> 00:11:05,410

and he said he had to step down to do to

235

00:11:10,079 --> 00:11:07,959

time limits his chair eyes is now chair

236

00:11:12,420 --> 00:11:10,089

of the Government Oversight Committee

237

00:11:14,639 --> 00:11:12,430

and government reform and that's what

238

00:11:16,619 --> 00:11:14,649

I'm doing I'm on a mission here and you

239

00:11:18,059 --> 00:11:16,629

know I've gotten some awesome responses

240

00:11:20,790 --> 00:11:18,069

from people all over the country and

241

00:11:23,790 --> 00:11:20,800

even in different countries about the

242

00:11:25,049 --> 00:11:23,800

book and I put it in a short format I

243

00:11:26,910 --> 00:11:25,059

mean I could have made this book a

244

00:11:28,230 --> 00:11:26,920

thousand pages long but I don't think I

245

00:11:33,720 --> 00:11:28,240

even would have read it at that point

246

00:11:35,579 --> 00:11:33,730

Heidi yeah I loved I love to read things

247

00:11:37,619 --> 00:11:35,589

that I can understand and I want people

248

00:11:39,989 --> 00:11:37,629

to do the same thing I think everybody

249

00:11:41,249 --> 00:11:39,999

will identify with this book and when

250

00:11:43,379 --> 00:11:41,259

you read this book you're gonna you're

251  
00:11:43,700 --> 00:11:43,389  
gonna say two things geez I didn't know

252  
00:11:44,870 --> 00:11:43,710  
that

253  
00:11:46,190 --> 00:11:44,880  
and the other thing you're going to say

254  
00:11:47,900 --> 00:11:46,200  
is you know that makes a lot of sense

255  
00:11:49,580 --> 00:11:47,910  
and the book does make a lot of sense

256  
00:11:51,140 --> 00:11:49,590  
and it's a hundred and sixty four page

257  
00:11:53,870 --> 00:11:51,150  
format you can read the whole book in

258  
00:11:56,120 --> 00:11:53,880  
less than five hours yeah it's a nice

259  
00:11:58,880 --> 00:11:56,130  
little compact book it's like easy and

260  
00:12:01,490 --> 00:11:58,890  
very readable what is the full title

261  
00:12:04,730 --> 00:12:01,500  
that's on the book well actually it's

262  
00:12:07,490 --> 00:12:04,740  
it's entitled the autistic Holocaust and

263  
00:12:10,310 --> 00:12:07,500

the subtitle is the reason our children

264

00:12:12,560 --> 00:12:10,320

keep getting sick now the crux of the

265

00:12:16,310 --> 00:12:12,570

book is on autism but I don't just focus

266

00:12:18,230 --> 00:12:16,320

on autism I focus on things that you

267

00:12:20,240 --> 00:12:18,240

know like our government relationship

268

00:12:23,060 --> 00:12:20,250

with the CDC there's a love story going

269

00:12:26,690 --> 00:12:23,070

on there unfortunately it's not a very

270

00:12:29,540 --> 00:12:26,700

good love story I also think it sounds

271

00:12:31,340 --> 00:12:29,550

like a horrific story my good well hey

272

00:12:32,930 --> 00:12:31,350

listen everybody everybody says you know

273

00:12:34,190 --> 00:12:32,940

yes the government's corrupt oh yeah we

274

00:12:35,690 --> 00:12:34,200

know that since the beginning of time

275

00:12:37,910 --> 00:12:35,700

all governments have been grown but I

276

00:12:41,210 --> 00:12:37,920

take specific instances in cases and

277

00:12:43,250 --> 00:12:41,220

clearly site based on historical fact

278

00:12:45,290 --> 00:12:43,260

where they do this and how they do that

279

00:12:48,380 --> 00:12:45,300

in relationship to our health the CDC

280

00:12:49,700 --> 00:12:48,390

and legislative intervention we even

281

00:12:51,410 --> 00:12:49,710

have laws that protect these

282

00:12:52,730 --> 00:12:51,420

pharmaceutical companies from being sued

283

00:12:54,770 --> 00:12:52,740

when they injure us with something

284

00:12:57,370 --> 00:12:54,780

that's willing flee will it will in

285

00:12:59,660 --> 00:12:57,380

fully well I'm sorry willfully uh

286

00:13:02,300 --> 00:12:59,670

negligent and and they're producing a

287

00:13:04,490 --> 00:13:02,310

bad lot of things of this nature so

288

00:13:07,670 --> 00:13:04,500

there's a vaccine court to help these

289

00:13:10,790 --> 00:13:07,680

people that are vaccine injured victims

290

00:13:13,190 --> 00:13:10,800

and as it turns out it's a travesty and

291

00:13:14,870 --> 00:13:13,200

it would one injustice after another to

292

00:13:17,210 --> 00:13:14,880

get money out of these people they've

293

00:13:19,520 --> 00:13:17,220

got two thousand four hundred million

294

00:13:23,360 --> 00:13:19,530

dollars in this fund that is supposed to

295

00:13:25,880 --> 00:13:23,370

compensate families and of with children

296

00:13:28,040 --> 00:13:25,890

that are vaccine injured and it takes

297

00:13:30,560 --> 00:13:28,050

seven years on average to get a you know

298

00:13:32,330 --> 00:13:30,570

from start filing a claim to finish to

299

00:13:35,630 --> 00:13:32,340

receive any kind of award if in fact you

300

00:13:38,060 --> 00:13:35,640

receive on at all yeah that programs

301  
00:13:40,490 --> 00:13:38,070  
paid out as last I saw over three

302  
00:13:43,550 --> 00:13:40,500  
billion dollars to to let against to

303  
00:13:47,120 --> 00:13:43,560  
petitioners so basically there's there's

304  
00:13:49,850 --> 00:13:47,130  
three government enterprises or agencies

305  
00:13:51,770 --> 00:13:49,860  
that operate this vaccine court and

306  
00:13:54,500 --> 00:13:51,780  
you've got the Department of Justice you

307  
00:13:58,280 --> 00:13:54,510  
got the human health and

308  
00:14:00,320 --> 00:13:58,290  
is and and you've got a the US federal

309  
00:14:02,630 --> 00:14:00,330  
court of claims that determines who gets

310  
00:14:06,980 --> 00:14:02,640  
paid and who doesn't get paid so and

311  
00:14:09,590 --> 00:14:06,990  
this is all presented as autumn autism

312  
00:14:11,690 --> 00:14:09,600  
omnibus proceedings with three special

313  
00:14:14,240 --> 00:14:11,700

masters presiding over thousands and

314

00:14:17,060 --> 00:14:14,250

thousands and thousands of cases so you

315

00:14:18,920 --> 00:14:17,070

can see the hourglass pace which seems

316

00:14:21,170 --> 00:14:18,930

indeterminate as to when you actually

317

00:14:24,800 --> 00:14:21,180

get to go through some cases are sealed

318

00:14:27,770 --> 00:14:24,810

before they brought to compensation and

319

00:14:29,810 --> 00:14:27,780

other cases you know are awarded millions

320

00:14:31,220 --> 00:14:29,820

of dollars in the case of Hannah pollen

321

00:14:32,720 --> 00:14:31,230

which many people are familiar one of

322

00:14:36,080 --> 00:14:32,730

the very first cases that were awarded

323

00:14:37,580 --> 00:14:36,090

her family received 1.5 million dollars

324

00:14:39,020 --> 00:14:37,590

right out of the gate and the five

325

00:14:42,260 --> 00:14:39,030

hundred thousand dollars a year for the

326

00:14:44,870 --> 00:14:42,270

rest of her life for you know compn

327

00:14:48,280 --> 00:14:44,880

compensation you know she received nine

328

00:14:51,800 --> 00:14:48,290

vaccines she got the you know she got

329

00:14:53,750 --> 00:14:51,810

MMR vaccine which is very come to find

330

00:14:57,050 --> 00:14:53,760

out there's that's a nightmare varicella

331

00:14:59,060 --> 00:14:57,060

chickenpox DDP polio and haemophilus

332

00:15:00,740 --> 00:14:59,070

influenza vaccine in one shot of 18

333

00:15:02,750 --> 00:15:00,750

month of life and she regressed into

334

00:15:05,210 --> 00:15:02,760

severe autism the court the case was

335

00:15:06,470 --> 00:15:05,220

sealed you can't even look at it how it

336

00:15:09,260 --> 00:15:06,480

turned out you know the government said

337

00:15:11,720 --> 00:15:09,270

you went and there is a case where yeah

338

00:15:13,700 --> 00:15:11,730

there's other cases too and you know

339

00:15:15,890 --> 00:15:13,710

people say hey listen autism is out a

340

00:15:18,050 --> 00:15:15,900

result of vaccinations vaccines don't

341

00:15:20,600 --> 00:15:18,060

cause autism and they don't accept when

342

00:15:22,820 --> 00:15:20,610

they do Heidi except when they do accept

343

00:15:24,350 --> 00:15:22,830

what they too I like the way did you put

344

00:15:27,170 --> 00:15:24,360

that you know I when I spoke to you

345

00:15:30,500 --> 00:15:27,180

earlier today there was a study that I

346

00:15:32,870 --> 00:15:30,510

came across that I get the medscape

347

00:15:36,080 --> 00:15:32,880

emails every once in a while and I find

348

00:15:38,810 --> 00:15:36,090

them fascinating and and one where they

349

00:15:42,020 --> 00:15:38,820

were linking the possibility that some

350

00:15:46,250 --> 00:15:42,030

of these unnecessary ultrasound tech

351  
00:15:49,160 --> 00:15:46,260  
they're doing on on embryos are causing

352  
00:15:51,200 --> 00:15:49,170  
some of these autism cases to come

353  
00:15:54,020 --> 00:15:51,210  
forward I mean it's like they said

354  
00:15:57,410 --> 00:15:54,030  
because you know in embryonic you know

355  
00:15:59,210 --> 00:15:57,420  
child is is so sensitive their senses

356  
00:16:02,450 --> 00:15:59,220  
are sensitive and hear your you're

357  
00:16:05,300 --> 00:16:02,460  
shoving these waves at them and it can

358  
00:16:07,280 --> 00:16:05,310  
be a distortion of a sort and they're

359  
00:16:08,150 --> 00:16:07,290  
saying you know it should be very brief

360  
00:16:09,230 --> 00:16:08,160  
if you're

361  
00:16:11,689 --> 00:16:09,240  
just want to know the sex of the child

362  
00:16:13,999 --> 00:16:11,699  
is it worth risking the child's health

363  
00:16:16,160 --> 00:16:14,009

you know don't do it and to keep it at a

364

00:16:17,720 --> 00:16:16,170

minimum I mean I don't know if you had a

365

00:16:19,759 --> 00:16:17,730

chance to look into that but I mean

366

00:16:21,319 --> 00:16:19,769

which is mentioned earlier today but you

367

00:16:23,509 --> 00:16:21,329

know it's it was just kind of like wow

368

00:16:26,600 --> 00:16:23,519

huh but do you think that there are

369

00:16:29,679 --> 00:16:26,610

other factors that are going you know

370

00:16:31,970 --> 00:16:29,689

into this this whole autism spectrum

371

00:16:35,600 --> 00:16:31,980

well I think it's a combination of

372

00:16:37,610 --> 00:16:35,610

things and you know honestly I didn't

373

00:16:39,050 --> 00:16:37,620

look into the ultrasound aspect of what

374

00:16:40,639 --> 00:16:39,060

you're talking about but I actually have

375

00:16:43,400 --> 00:16:40,649

a chapter in the book which addresses

376

00:16:46,400 --> 00:16:43,410

genetically engineered or GMOs many

377

00:16:48,769 --> 00:16:46,410

people are familiar with that and and

378

00:16:50,509 --> 00:16:48,779

they're used in our foods and our food

379

00:16:52,819 --> 00:16:50,519

supply and they have been it you

380

00:16:54,889 --> 00:16:52,829

actually introduced they actually were

381

00:16:57,710 --> 00:16:54,899

considered as a generally recognized as

382

00:16:59,210 --> 00:16:57,720

safe prior to the 50s and no safety

383

00:17:03,710 --> 00:16:59,220

testing was ever done on these things

384

00:17:05,449 --> 00:17:03,720

michael taylor with monsanto sore mon

385

00:17:08,230 --> 00:17:05,459

satan as some people like to call them

386

00:17:10,970 --> 00:17:08,240

you know had that signed into what

387

00:17:13,850 --> 00:17:10,980

that's pretty appropriate yeah well

388

00:17:15,470 --> 00:17:13,860

clinton sign that in and and you know no

389

00:17:18,049 --> 00:17:15,480

safety testing was ever done on these

390

00:17:19,610 --> 00:17:18,059

genetically modified things and there's

391

00:17:21,169 --> 00:17:19,620

no human research on this but there's

392

00:17:23,329 --> 00:17:21,179

animal research that proves these things

393

00:17:25,490 --> 00:17:23,339

are extremely harmful and ever since

394

00:17:28,279 --> 00:17:25,500

that you know things have gone up

395

00:17:29,870 --> 00:17:28,289

dramatically and there is studies that i

396

00:17:32,659 --> 00:17:29,880

mentioned in there that that actually

397

00:17:36,140 --> 00:17:32,669

correlate to the effect and relationship

398

00:17:39,289 --> 00:17:36,150

to autism in regards to diet and GMO

399

00:17:41,630 --> 00:17:39,299

ingestion so there are other things you

400

00:17:44,210 --> 00:17:41,640

know there's genetic causes i won't

401  
00:17:45,799 --> 00:17:44,220  
dispute that but certainly we have at

402  
00:17:47,930 --> 00:17:45,809  
this point you mentioned an epidemic

403  
00:17:50,990 --> 00:17:47,940  
earlier well it's a pandemic it's all

404  
00:17:53,299 --> 00:17:51,000  
over them yes yes when we go from as

405  
00:17:56,210 --> 00:17:53,309  
congressman burton a carefully observed

406  
00:17:58,669 --> 00:17:56,220  
want one in 10,000 children and 70s to

407  
00:18:01,159 --> 00:17:58,679  
one in 68 children who are diagnosed is

408  
00:18:03,649 --> 00:18:01,169  
autistic it's an absolute disaster and

409  
00:18:05,779 --> 00:18:03,659  
actually the CDC won't recognize it as

410  
00:18:07,909 --> 00:18:05,789  
such as an epidemic they call it a

411  
00:18:10,010 --> 00:18:07,919  
public health concern a major public

412  
00:18:11,750 --> 00:18:10,020  
health concern and that's a little under

413  
00:18:13,279 --> 00:18:11,760

statement of the facts oh it until it

414

00:18:15,950 --> 00:18:13,289  
happens to their kid then it's a big

415

00:18:17,299 --> 00:18:15,960  
deal right well and you know it's

416

00:18:19,130 --> 00:18:17,309  
downplayed it when we look at

417

00:18:20,539 --> 00:18:19,140  
vaccinations i'm not saying don't

418

00:18:20,850 --> 00:18:20,549  
vaccinate your children that's not what

419

00:18:23,130 --> 00:18:20,860  
I'm

420

00:18:25,890 --> 00:18:23,140  
no but I think we're entitled to a fully

421

00:18:27,960 --> 00:18:25,900  
informed consent and and you look if you

422

00:18:29,850 --> 00:18:27,970  
look at autism specifically autism

423

00:18:31,770 --> 00:18:29,860  
spectrum just disorder prevalence is

424

00:18:34,410 --> 00:18:31,780  
greater than all other development

425

00:18:36,660 --> 00:18:34,420  
disorders combined like childhood cancer

426  
00:18:38,549 --> 00:18:36,670  
juvenile diabetes and pediatric AIDS as

427  
00:18:42,030 --> 00:18:38,559  
you're well aware of being in that field

428  
00:18:43,560 --> 00:18:42,040  
yourself so you know we we have a big

429  
00:18:45,750 --> 00:18:43,570  
problem there's not enough awareness

430  
00:18:47,610 --> 00:18:45,760  
brought to this issue and and things

431  
00:18:49,320 --> 00:18:47,620  
have to be changed and it happens over a

432  
00:18:52,080 --> 00:18:49,330  
period of time we're not going to change

433  
00:18:54,120 --> 00:18:52,090  
whereas as john gilmore of the autism

434  
00:18:55,919 --> 00:18:54,130  
action and network said you know where

435  
00:18:58,500 --> 00:18:55,929  
to speaking with him he has an autistic

436  
00:19:00,510 --> 00:18:58,510  
child we're in a mild to of a marathon

437  
00:19:01,710 --> 00:19:00,520  
and so yes we got to keep beating the

438  
00:19:03,180 --> 00:19:01,720

drum in it what we're doing is a

439

00:19:05,159 --> 00:19:03,190

grassroots effort just like we're doing

440

00:19:07,080 --> 00:19:05,169

now and it may take years to bring

441

00:19:09,180 --> 00:19:07,090

alleged legislative change to light as

442

00:19:11,010 --> 00:19:09,190

as congressman Burton tried to do and

443

00:19:14,370 --> 00:19:11,020

actually something did change with the

444

00:19:17,490 --> 00:19:14,380

modernization act in 1997 they got a

445

00:19:19,890 --> 00:19:17,500

ruling that you know that thimerosal

446

00:19:23,159 --> 00:19:19,900

which was bid controversial at the time

447

00:19:27,000 --> 00:19:23,169

and they still use that in and the

448

00:19:29,130 --> 00:19:27,010

influenza shot that should be removed

449

00:19:33,150 --> 00:19:29,140

from the vaccines the influenza shot was

450

00:19:36,990 --> 00:19:33,160

exempt from that declaration and in 1999

451  
00:19:38,880 --> 00:19:37,000  
that went into determination and and was

452  
00:19:40,370 --> 00:19:38,890  
documented that the vaccine

453  
00:19:44,430 --> 00:19:40,380  
manufacturers had to adhere to that

454  
00:19:46,640 --> 00:19:44,440  
except for the flu shot and so as a

455  
00:19:49,289 --> 00:19:46,650  
result thereof it was the public's

456  
00:19:51,510 --> 00:19:49,299  
pressure and the controversy surrounding

457  
00:19:52,950 --> 00:19:51,520  
that that the manufacturer said well

458  
00:19:54,600 --> 00:19:52,960  
there's no problem with that Marisol

459  
00:19:56,070 --> 00:19:54,610  
we're just doing this as a precautionary

460  
00:19:57,870 --> 00:19:56,080  
measure because that would be an

461  
00:19:59,940 --> 00:19:57,880  
admission of guilt and that that could

462  
00:20:01,140 --> 00:19:59,950  
open up a can of worms so they said yeah

463  
00:20:02,549 --> 00:20:01,150

we'll go along with it there's nothing

464

00:20:05,400 --> 00:20:02,559

wrong with this stuff but we're taking

465

00:20:06,659 --> 00:20:05,410

it out anyway so why take it out if

466

00:20:09,090 --> 00:20:06,669

there's nothing wrong with it that's my

467

00:20:11,220 --> 00:20:09,100

whole point there and so there are other

468

00:20:13,740 --> 00:20:11,230

things now I mean if we look at and I

469

00:20:18,240 --> 00:20:13,750

address the chapter by Teresa sure she's

470

00:20:20,549 --> 00:20:18,250

uh she's responsible for 23 issued us

471

00:20:22,770 --> 00:20:20,559

patents and the first person in the

472

00:20:25,049 --> 00:20:22,780

world to identify and clone a stem cell

473

00:20:26,700 --> 00:20:25,059

from the human heart and she's would

474

00:20:28,740 --> 00:20:26,710

sound choice pharmaceutical Institute

475

00:20:31,379 --> 00:20:28,750

and she's big on what they call green

476  
00:20:34,229 --> 00:20:31,389  
vaccines which eliminate aborted human

477  
00:20:36,659 --> 00:20:34,239  
it'll cell lines from vaccines and she's

478  
00:20:39,449 --> 00:20:36,669  
actually her arguments very compelling

479  
00:20:41,999 --> 00:20:39,459  
Heidi she's drawn the scientific proof

480  
00:20:43,769 --> 00:20:42,009  
through her foundation that there were

481  
00:20:45,359 --> 00:20:43,779  
birth year change points with the

482  
00:20:47,729 --> 00:20:45,369  
introduction of these aborted field

483  
00:20:50,849 --> 00:20:47,739  
selling vaccines that are responsible

484  
00:20:53,249 --> 00:20:50,859  
for our current autism epidemic and she

485  
00:20:56,279 --> 00:20:53,259  
makes a very compelling argument as such

486  
00:20:59,489 --> 00:20:56,289  
and so I think more scientists need to

487  
00:21:00,899 --> 00:20:59,499  
look at that and and you know is it is

488  
00:21:04,049 --> 00:21:00,909

it that we're just giving our children

489

00:21:07,739 --> 00:21:04,059

too many vaccines well when I was of age

490

00:21:10,619 --> 00:21:07,749

back then back in the nineteen you know

491

00:21:12,509 --> 00:21:10,629

60s and that dates meal but I got for

492

00:21:15,509 --> 00:21:12,519

vaccines and now children before they

493

00:21:17,159 --> 00:21:15,519

getting into school are getting what 49

494

00:21:20,099 --> 00:21:17,169

and by the time they're 18 are getting

495

00:21:21,959 --> 00:21:20,109

69 and and so you know I think we're

496

00:21:24,089 --> 00:21:21,969

inundating our children would with more

497

00:21:26,249 --> 00:21:24,099

vaccines according to the Advisory

498

00:21:29,609 --> 00:21:26,259

Committee on Immunization and practices

499

00:21:32,430 --> 00:21:29,619

they determined the schedule and as dr.

500

00:21:34,649 --> 00:21:32,440

Colleen Boyle stated from the CDC you

501  
00:21:36,389 --> 00:21:34,659  
know and as posed by carolyn Maloney

502  
00:21:39,180 --> 00:21:36,399  
democrat from new york my own state

503  
00:21:40,680 --> 00:21:39,190  
actually she said you know why is there

504  
00:21:42,539 --> 00:21:40,690  
so many kids getting so many shots why

505  
00:21:44,069 --> 00:21:42,549  
do why don't we space them out and Boyle

506  
00:21:46,649 --> 00:21:44,079  
said well the reason they do this

507  
00:21:48,149 --> 00:21:46,659  
actually it is to make sure that all the

508  
00:21:49,379 --> 00:21:48,159  
children get their shots because some

509  
00:21:52,649 --> 00:21:49,389  
parents don't bring their kids to the

510  
00:21:55,019 --> 00:21:52,659  
doctor on time so it's a mad it's kind

511  
00:21:56,459 --> 00:21:55,029  
of like mandatory you know and and and

512  
00:21:59,399 --> 00:21:56,469  
right now there's legislation in

513  
00:22:01,109 --> 00:21:59,409

California or no exemptions every child

514

00:22:03,359 --> 00:22:01,119

and we got that same here in New York

515

00:22:05,069 --> 00:22:03,369

coming up in 2016 that'll be effective

516

00:22:06,749 --> 00:22:05,079

you want to get an education for your

517

00:22:08,639 --> 00:22:06,759

kid in a public school you better have

518

00:22:11,789 --> 00:22:08,649

me shot so they can tender school and

519

00:22:14,249 --> 00:22:11,799

pretty soon what I am looking at and I'm

520

00:22:17,549 --> 00:22:14,259

thinking and I believe as many other

521

00:22:19,019 --> 00:22:17,559

people do is that you may be required to

522

00:22:20,969 --> 00:22:19,029

get a vaccination before go to work

523

00:22:22,499 --> 00:22:20,979

before you do anything where you come in

524

00:22:24,389 --> 00:22:22,509

contact with people and that's really

525

00:22:27,119 --> 00:22:24,399

the true agenda here I believe is to

526

00:22:28,799 --> 00:22:27,129

vaccinate every man woman child on the

527

00:22:30,089 --> 00:22:28,809

planet that's right well Heidi's

528

00:22:32,549 --> 00:22:30,099

probably got some we're driving around

529

00:22:36,329 --> 00:22:32,559

under a tunnel or something like that so

530

00:22:39,950 --> 00:22:36,339

and and my whole position on this is

531

00:22:44,120 --> 00:22:39,960

that you know we have been

532

00:22:46,280 --> 00:22:44,130

reboot for freedom of choice and and we

533

00:22:48,260 --> 00:22:46,290

really we need to step up and do

534

00:22:50,930 --> 00:22:48,270

something we need to awaken ourselves to

535

00:22:53,870 --> 00:22:50,940

the situation and we're also in a

536

00:22:56,930 --> 00:22:53,880

position at this time Heidi if you can

537

00:22:59,570 --> 00:22:56,940

hear me where there's been more erosion

538

00:23:01,340 --> 00:22:59,580

of our rights and it doesn't just start

539

00:23:03,910 --> 00:23:01,350

with the vaccinations it starts with our

540

00:23:06,140 --> 00:23:03,920

constitutional amendments there's been

541

00:23:08,690 --> 00:23:06,150

interpretation private interpretation of

542

00:23:10,640 --> 00:23:08,700

that and when it comes down to our

543

00:23:13,640 --> 00:23:10,650

children's health a lot of people don't

544

00:23:15,350 --> 00:23:13,650

spend the time that's required and they

545

00:23:20,180 --> 00:23:15,360

simply accept the fact that these

546

00:23:21,740 --> 00:23:20,190

vaccines are safe and and again we need

547

00:23:23,930 --> 00:23:21,750

to look at the harm these things to

548

00:23:28,570 --> 00:23:23,940

delivery systems can change we're using

549

00:23:31,700 --> 00:23:28,580

a technology that's well over 150 years

550

00:23:33,110 --> 00:23:31,710

it's kind of archaic I believe that

551

00:23:34,700 --> 00:23:33,120

science is going to look back on this

552

00:23:38,300 --> 00:23:34,710

years from now and say why were we doing

553

00:23:39,710 --> 00:23:38,310

it in this approach so you know and

554

00:23:42,170 --> 00:23:39,720

there are some their schools of thought

555

00:23:44,030 --> 00:23:42,180

that you know these vaccine people that

556

00:23:45,890 --> 00:23:44,040

are against vaccines they're absolutely

557

00:23:50,540 --> 00:23:45,900

crazy they don't support themselves with

558

00:23:53,180 --> 00:23:50,550

science and you know there is a lot of

559

00:23:56,720 --> 00:23:53,190

science that supports that the vaccines

560

00:23:59,870 --> 00:23:56,730

are safe but what I will say to that is

561

00:24:03,350 --> 00:23:59,880

that's not that's simply not the case in

562

00:24:08,390 --> 00:24:03,360

fact we just need to look at a statement

563

00:24:12,290 --> 00:24:08,400

that doctor dr. William Thompson it was

564

00:24:14,750 --> 00:24:12,300

a senior scientist for the CDC he came

565

00:24:17,780 --> 00:24:14,760

out not all that long ago and he said

566

00:24:20,270 --> 00:24:17,790

the original data that he mitad that the

567

00:24:22,550 --> 00:24:20,280

CDC altered the data that showed the MMR

568

00:24:24,140 --> 00:24:22,560

vaccine was associate without autism the

569

00:24:27,290 --> 00:24:24,150

original data actually showed that the

570

00:24:29,180 --> 00:24:27,300

MMR vaccine when given before 36 months

571

00:24:30,940 --> 00:24:29,190

of age was associated with a two hundred

572

00:24:33,260 --> 00:24:30,950

and forty percent increase in

573

00:24:35,780 --> 00:24:33,270

african-american children and there was

574

00:24:38,600 --> 00:24:35,790

a sixty-nine percent increase in autism

575

00:24:43,100 --> 00:24:38,610

in any male child who receive a vaccine

576

00:24:45,890 --> 00:24:43,110

before 36 months of age so you know

577

00:24:48,280 --> 00:24:45,900

there's just one case and within the

578

00:24:50,350 --> 00:24:48,290

book I mentioned a couple examples where

579

00:24:53,440 --> 00:24:50,360

you know the government has

580

00:24:57,790 --> 00:24:53,450

involved and and well let's look at the

581

00:25:01,030 --> 00:24:57,800

CDC and actually in that report of it

582

00:25:05,800 --> 00:25:01,040

was dr. Thompson who was a co-author of

583

00:25:07,720 --> 00:25:05,810

a crucial 2014 CDC research article that

584

00:25:10,090 --> 00:25:07,730

it actually exonerated a link between

585

00:25:11,620 --> 00:25:10,100

the MMR vaccine and autism and that was

586

00:25:14,260 --> 00:25:11,630

used in a case of defense for the

587

00:25:18,100 --> 00:25:14,270

vaccine actually he was under distress

588

00:25:19,930 --> 00:25:18,110

he contacted Brian hooker PhD who is

589

00:25:22,810 --> 00:25:19,940

also the father of an autistic child

590

00:25:24,460 --> 00:25:22,820

that was caused by vaccine injury and

591

00:25:27,550 --> 00:25:24,470

hooker went out to publish the missing

592

00:25:29,980 --> 00:25:27,560

data from 2004 and that was actually

593

00:25:32,590 --> 00:25:29,990

published in the transit translational

594

00:25:35,440 --> 00:25:32,600

neurodegeneration magazine or journal

595

00:25:38,530 --> 00:25:35,450

log sorry and there's a PM ID number for

596

00:25:41,830 --> 00:25:38,540

that showing that and and that was

597

00:25:43,720 --> 00:25:41,840

retracted they felt that the the powers

598

00:25:45,520 --> 00:25:43,730

that be that the study was removed

599

00:25:49,240 --> 00:25:45,530

because of serious concerns about the

600

00:25:53,140 --> 00:25:49,250

validity of the conclusions and let's

601  
00:25:56,410 --> 00:25:53,150  
look at a dr. Colleen boil again and at

602  
00:25:59,140 --> 00:25:56,420  
the time director of the CDC a frank de

603  
00:26:01,990 --> 00:25:59,150  
Stefano and there's an interesting story

604  
00:26:05,920 --> 00:26:02,000  
between them and 2000 but they

605  
00:26:08,430 --> 00:26:05,930  
co-authored a study that said that there

606  
00:26:12,460 --> 00:26:08,440  
was really not a big incidents between

607  
00:26:17,020 --> 00:26:12,470  
having this MMR vaccine and autism it

608  
00:26:19,570 --> 00:26:17,030  
was negligible and and so um if we go

609  
00:26:21,070 --> 00:26:19,580  
back to 2000 historically they had to

610  
00:26:22,780 --> 00:26:21,080  
send some wood hearing and it was

611  
00:26:27,460 --> 00:26:22,790  
actually Colleen boil at the time of his

612  
00:26:30,580 --> 00:26:27,470  
assistant director she suggested to the

613  
00:26:33,100 --> 00:26:30,590

director Frank de Stefano that the data

614

00:26:37,390 --> 00:26:33,110

being manipulated to include one year

615

00:26:39,370 --> 00:26:37,400

olds to water down the the effect so and

616

00:26:43,480 --> 00:26:39,380

I do list specific examples in the book

617

00:26:46,960 --> 00:26:43,490

of that and of course this book does

618

00:26:48,940 --> 00:26:46,970

contain scientific studies pubmed

619

00:26:51,060 --> 00:26:48,950

studies which anybody can look at and go

620

00:26:55,499 --> 00:26:51,070

to but and again this

621

00:26:57,509 --> 00:26:55,509

is this is something what the government

622

00:27:00,299 --> 00:26:57,519

has done to and we I think we just have

623

00:27:02,279 --> 00:27:00,309

to look at an overall thing I talked

624

00:27:04,139 --> 00:27:02,289

about the flu shot and in the book you

625

00:27:07,139 --> 00:27:04,149

know that that's just the microcosm I

626

00:27:10,259 --> 00:27:07,149

think of the overall situation and

627

00:27:14,159 --> 00:27:10,269

that's another you know it was during

628

00:27:18,360 --> 00:27:14,169

the 2009-2010 swine flu camp a campaign

629

00:27:21,240 --> 00:27:18,370

that dr. Goldman reported 4250 percent

630

00:27:23,129 --> 00:27:21,250

increase in miscarriages and still still

631

00:27:25,169 --> 00:27:23,139

ones well because we're having some

632

00:27:26,820 --> 00:27:25,179

issues I am going to have to jump to

633

00:27:28,139 --> 00:27:26,830

break here at we're listening to heidi

634

00:27:30,600 --> 00:27:28,149

hollis of the outlander and we'll be

635

00:27:32,159 --> 00:27:30,610

right back welcome back everybody you're

636

00:27:36,509 --> 00:27:32,169

listening to me heidi hollis the

637

00:27:39,119 --> 00:27:36,519

Outlander holy cannoli I've had some fun

638

00:27:44,759 --> 00:27:39,129

stuff going on i tell you i am home safe

639

00:27:48,600 --> 00:27:44,769

and sound and we are talking about what

640

00:27:51,450 --> 00:27:48,610

is called the autistic holocaust I'm

641

00:27:54,480 --> 00:27:51,460

have my awesome guest here we have John

642

00:27:56,940 --> 00:27:54,490

mica and my goodness i'm sorry i missed

643

00:28:01,100 --> 00:27:56,950

so much but i'm sure i will be able to

644

00:28:05,220 --> 00:28:01,110

hear the replay but you know I wanted to

645

00:28:07,680 --> 00:28:05,230

give people the case say that you you

646

00:28:10,519 --> 00:28:07,690

just had this wonderful perfect bundle

647

00:28:12,690 --> 00:28:10,529

of joy and you start to notice problems

648

00:28:15,119 --> 00:28:12,700

something's not quite right with your

649

00:28:16,740 --> 00:28:15,129

child parents know their kids and you

650

00:28:18,749 --> 00:28:16,750

know maybe an occupational therapist you

651  
00:28:20,909 --> 00:28:18,759  
know that the parents are the first ones

652  
00:28:23,100 --> 00:28:20,919  
that we speak to you to say well what

653  
00:28:24,960 --> 00:28:23,110  
are you noticing what do you see to be

654  
00:28:28,019 --> 00:28:24,970  
the problem and we kind of go from there

655  
00:28:31,639 --> 00:28:28,029  
as a new parent what do you recommend

656  
00:28:35,519 --> 00:28:31,649  
for them to do if they do start to see

657  
00:28:38,220 --> 00:28:35,529  
issues occurring with their child well I

658  
00:28:40,560 --> 00:28:38,230  
would say first of all it's important to

659  
00:28:43,139 --> 00:28:40,570  
know what what the gold standard is for

660  
00:28:44,730 --> 00:28:43,149  
seeing what what the what in the

661  
00:28:47,369 --> 00:28:44,740  
relation guard and relationship to

662  
00:28:49,680 --> 00:28:47,379  
autism or autism spectrum disorders are

663  
00:28:51,769 --> 00:28:49,690

and that's determined by the diagnostic

664

00:28:54,379 --> 00:28:51,779

Statistical Manual of Mental Disorders

665

00:28:57,600 --> 00:28:54,389

currently it's the DSM the fifth edition

666

00:28:58,409 --> 00:28:57,610

and in the third edition was the first

667

00:28:59,999 --> 00:28:58,419

time in

668

00:29:03,239 --> 00:29:00,009

I think it was nineteen eighty that even

669

00:29:06,479 --> 00:29:03,249

suggested autism prior to that it was so

670

00:29:09,629 --> 00:29:06,489

rare it wasn't even on a definition of

671

00:29:11,099 --> 00:29:09,639

any kind of thing and and so now what

672

00:29:12,869 --> 00:29:11,109

actually what i did in the book is nice

673

00:29:14,430 --> 00:29:12,879

because if somebody's having a child or

674

00:29:18,200 --> 00:29:14,440

if they already have a child they can

675

00:29:21,029 --> 00:29:18,210

look at this and see for themselves the

676  
00:29:23,430 --> 00:29:21,039  
communicative the socialization and the

677  
00:29:26,129 --> 00:29:23,440  
behavioral traits of somebody that gets

678  
00:29:29,340 --> 00:29:26,139  
definition or falls on the scale of a an

679  
00:29:32,789 --> 00:29:29,350  
autistic spectrum disorder diagnosis and

680  
00:29:36,210 --> 00:29:32,799  
so what what kids what parents can do

681  
00:29:38,849 --> 00:29:36,220  
for their children is to obviously even

682  
00:29:41,220 --> 00:29:38,859  
take notes write down all their doctor's

683  
00:29:43,049 --> 00:29:41,230  
visits right down I have a notebook of

684  
00:29:45,930 --> 00:29:43,059  
what your child is doing and observe

685  
00:29:48,869 --> 00:29:45,940  
what he's doing and you can see is he

686  
00:29:52,379 --> 00:29:48,879  
got repetitious repetition of speech

687  
00:29:54,299 --> 00:29:52,389  
pretty normal reversal you know how is

688  
00:29:56,190 --> 00:29:54,309

his language how is his development does

689

00:29:57,599 --> 00:29:56,200

he speak does he cry my own son I don't

690

00:29:59,460 --> 00:29:57,609

even think he cried for the first year

691

00:30:02,639 --> 00:29:59,470

of his life and that was kind of a clue

692

00:30:04,379 --> 00:30:02,649

right there and so you know some

693

00:30:06,690 --> 00:30:04,389

children are diagnosed mainly before

694

00:30:08,909 --> 00:30:06,700

they're eight years of age and so you

695

00:30:12,690 --> 00:30:08,919

want to watch closely during those free

696

00:30:14,509 --> 00:30:12,700

first 30 months of life and then you can

697

00:30:16,590 --> 00:30:14,519

get intervention and you can suggest

698

00:30:18,749 --> 00:30:16,600

intervention because you are the best

699

00:30:21,599 --> 00:30:18,759

parents are the best doctors for their

700

00:30:23,159 --> 00:30:21,609

children we are our own best doctors the

701  
00:30:25,649 --> 00:30:23,169  
doctors are only going to spend about 15

702  
00:30:26,789 --> 00:30:25,659  
minutes with our children and I don't

703  
00:30:29,549 --> 00:30:26,799  
see how they can come up with a

704  
00:30:31,499 --> 00:30:29,559  
determinant factor and when I go see the

705  
00:30:33,090 --> 00:30:31,509  
doctor you know I don't get to talk to

706  
00:30:35,279 --> 00:30:33,100  
him very long and he usually writes a

707  
00:30:38,789 --> 00:30:35,289  
script that's the way we do it and in

708  
00:30:41,249 --> 00:30:38,799  
the United States hey you know I have to

709  
00:30:44,180 --> 00:30:41,259  
tell you it's like you know this always

710  
00:30:46,320 --> 00:30:44,190  
kills me when you could wait an hour

711  
00:30:47,759 --> 00:30:46,330  
hour-and-a-half sometimes for a doctor

712  
00:30:49,289 --> 00:30:47,769  
to get to you they're running late but

713  
00:30:51,060 --> 00:30:49,299

if you're more than 15 minutes late

714

00:30:53,519 --> 00:30:51,070

you're considered to have skipped your

715

00:30:54,810 --> 00:30:53,529

appointment and you may owe them fifty

716

00:30:57,779 --> 00:30:54,820

bucks or something for missing your

717

00:31:00,299 --> 00:30:57,789

appointment and I knew of a guy who

718

00:31:02,340 --> 00:31:00,309

actually sent a bill to a doctor because

719

00:31:04,200 --> 00:31:02,350

he had him wait for like an hour and a

720

00:31:06,479 --> 00:31:04,210

half two hours for his time off from

721

00:31:08,460 --> 00:31:06,489

work sitting there waiting for him but

722

00:31:10,080 --> 00:31:08,470

you know when it comes to these doctors

723

00:31:12,210 --> 00:31:10,090

that like to pop in and out yeah I know

724

00:31:13,529 --> 00:31:12,220

they're busy well you have a busy life

725

00:31:16,110 --> 00:31:13,539

too and they're getting paid an awful

726

00:31:18,080 --> 00:31:16,120

lot to double booked up the way that

727

00:31:21,060 --> 00:31:18,090

they do that they're so far behind I

728

00:31:24,149 --> 00:31:21,070

love to pull out my printed sheet of

729

00:31:26,279 --> 00:31:24,159

questions and say well you know this is

730

00:31:29,039 --> 00:31:26,289

what I've got for you you know and and

731

00:31:30,930 --> 00:31:29,049

not let them rush out the door and even

732

00:31:32,370 --> 00:31:30,940

ask them is it okay if I record this

733

00:31:34,380 --> 00:31:32,380

conversation because I don't want to

734

00:31:37,020 --> 00:31:34,390

miss anything and you know and if their

735

00:31:38,760 --> 00:31:37,030

doctor that goes oh no no no then that's

736

00:31:40,440 --> 00:31:38,770

not a good doctor I'm sorry if they

737

00:31:43,020 --> 00:31:40,450

should be there for your best interest

738

00:31:45,510 --> 00:31:43,030

so I always recommend to my patients and

739

00:31:47,549 --> 00:31:45,520

the parents of my patients to you know

740

00:31:50,520 --> 00:31:47,559

do all those things just so just it's

741

00:31:51,990 --> 00:31:50,530

for their own good you know I agree you

742

00:31:54,029 --> 00:31:52,000

know and that's recording that's not a

743

00:31:55,799 --> 00:31:54,039

bad idea and I can tell you this is not

744

00:31:58,350 --> 00:31:55,809

related to autism but doctors in

745

00:32:01,320 --> 00:31:58,360

specific some of them don't have the

746

00:32:02,909 --> 00:32:01,330

time really because of the schedule they

747

00:32:04,860 --> 00:32:02,919

having or you know it's a matter of the

748

00:32:06,960 --> 00:32:04,870

training some are well versed on this

749

00:32:10,380 --> 00:32:06,970

and they're they're experts in the field

750

00:32:12,899 --> 00:32:10,390

as well they should be however you know

751  
00:32:14,669 --> 00:32:12,909  
if we go to a list you know and say hey

752  
00:32:16,440 --> 00:32:14,679  
listen this is my son's doing this this

753  
00:32:18,210 --> 00:32:16,450  
this this this and I'm concerned I think

754  
00:32:21,649 --> 00:32:18,220  
we should look at that further and he

755  
00:32:25,200 --> 00:32:21,659  
can go in for us you know additional

756  
00:32:27,090 --> 00:32:25,210  
whatever a attention to recommend

757  
00:32:29,310 --> 00:32:27,100  
intervention there's ABA therapy there's

758  
00:32:34,620 --> 00:32:29,320  
all kinds as you well know things that

759  
00:32:38,669 --> 00:32:34,630  
children can do to make their situation

760  
00:32:41,730 --> 00:32:38,679  
a little better and hopefully attenuate

761  
00:32:43,649 --> 00:32:41,740  
the their circumstances all right so and

762  
00:32:44,789 --> 00:32:43,659  
you know I try to encourage parents to

763  
00:32:46,770 --> 00:32:44,799

it's like don't look at their

764

00:32:49,110 --> 00:32:46,780

disabilities look at their abilities

765

00:32:51,390 --> 00:32:49,120

focus in on those things don't look at

766

00:32:53,700 --> 00:32:51,400

what they should be able to do look what

767

00:32:55,500 --> 00:32:53,710

they can do and and you know build upon

768

00:32:57,720 --> 00:32:55,510

that they have an interest in music work

769

00:32:59,279 --> 00:32:57,730

on the music you know it's like you

770

00:33:02,520 --> 00:32:59,289

don't just go there with that you know

771

00:33:04,200 --> 00:33:02,530

improvise and you know it's it's sad but

772

00:33:06,510 --> 00:33:04,210

they really aren't a lot of resources

773

00:33:10,049 --> 00:33:06,520

for you know children that have these

774

00:33:12,480 --> 00:33:10,059

different abilities and it's it's awful

775

00:33:15,270 --> 00:33:12,490

I I'm here in Chicago and you know

776

00:33:18,060 --> 00:33:15,280

working at a pediatric clinic and

777

00:33:20,669 --> 00:33:18,070

whatnot and it's sad to see the

778

00:33:22,889 --> 00:33:20,679

desperation in the parents eyes like oh

779

00:33:24,690 --> 00:33:22,899

my gosh you're accepting kids like yeah

780

00:33:26,100 --> 00:33:24,700

like there's a year waiting list you

781

00:33:28,350 --> 00:33:26,110

know to even get

782

00:33:30,270 --> 00:33:28,360

stood at the main hospital here in

783

00:33:32,970 --> 00:33:30,280

Chicago one of the big ones for children

784

00:33:35,340 --> 00:33:32,980

there's two therapists that evaluate to

785

00:33:37,350 --> 00:33:35,350

let them know at what level you know

786

00:33:40,110 --> 00:33:37,360

that what's level in the spectrum that

787

00:33:43,230 --> 00:33:40,120

their kids are at with autism like wow

788

00:33:45,210 --> 00:33:43,240

you know it's it's really harsh and then

789

00:33:47,100 --> 00:33:45,220

you get them into the program a nice

790

00:33:49,500 --> 00:33:47,110

program you know where the kids are

791

00:33:51,570 --> 00:33:49,510

making progress and going forward and up

792

00:33:53,970 --> 00:33:51,580

there 21 now they're there they're out

793

00:33:56,820 --> 00:33:53,980

of the program and boom what are these

794

00:33:58,740 --> 00:33:56,830

kids do I mean they're they're adults

795

00:34:00,900 --> 00:33:58,750

now so what they don't have any issues

796

00:34:03,150 --> 00:34:00,910

they get put in these these daycare

797

00:34:04,860 --> 00:34:03,160

centers you know adult day care and they

798

00:34:06,600 --> 00:34:04,870

sit there and become zombies and they go

799

00:34:09,840 --> 00:34:06,610

right back into their little world and

800

00:34:12,270 --> 00:34:09,850

that's awful that's really awful I don't

801  
00:34:13,889 --> 00:34:12,280  
think any child I don't think anybody

802  
00:34:16,379 --> 00:34:13,899  
likes to have a label put on them as

803  
00:34:19,740 --> 00:34:16,389  
being disabled exactly that's derogatory

804  
00:34:22,530 --> 00:34:19,750  
and it's it's it's a bad bad thing and

805  
00:34:24,840 --> 00:34:22,540  
you know it's about acceptance and to we

806  
00:34:27,000 --> 00:34:24,850  
can put point fingers all we want it who

807  
00:34:29,760 --> 00:34:27,010  
did this to my child and who's

808  
00:34:31,950 --> 00:34:29,770  
responsible there are organizations that

809  
00:34:34,590 --> 00:34:31,960  
you know focus solely on you know

810  
00:34:36,480 --> 00:34:34,600  
pointing a finger and and that's not

811  
00:34:39,180 --> 00:34:36,490  
really the whole answer the whole answer

812  
00:34:41,609 --> 00:34:39,190  
is acceptance and yes we are all created

813  
00:34:42,960 --> 00:34:41,619

with individual gifts and talents even

814

00:34:44,849 --> 00:34:42,970

in light of the fact that we're born

815

00:34:47,970 --> 00:34:44,859

with a disorder or disability I have a

816

00:34:51,000 --> 00:34:47,980

severe disorder myself and I didn't know

817

00:34:53,399 --> 00:34:51,010

that if I was by poor and had a

818

00:34:55,169 --> 00:34:53,409

debilitating situation of that that

819

00:34:58,380 --> 00:34:55,179

would increase the risk of my child

820

00:34:59,790 --> 00:34:58,390

becoming autistic I am so and there's a

821

00:35:01,260 --> 00:34:59,800

lot of things I didn't know as I was

822

00:35:02,940 --> 00:35:01,270

going along with the book but the main

823

00:35:06,060 --> 00:35:02,950

thing is with my son he understands he

824

00:35:07,560 --> 00:35:06,070

has a disorder he does but but he also

825

00:35:09,290 --> 00:35:07,570

understands that doesn't define his

826

00:35:12,210 --> 00:35:09,300

character and he works within those

827

00:35:13,530 --> 00:35:12,220

limitations on a daily basis and i will

828

00:35:14,520 --> 00:35:13,540

tell you one thing if it weren't for him

829

00:35:16,260 --> 00:35:14,530

this book never would have gotten

830

00:35:17,520 --> 00:35:16,270

finished in the time it did because i

831

00:35:19,740 --> 00:35:17,530

didn't even know how to turn the

832

00:35:22,890 --> 00:35:19,750

computer on when i started writing this

833

00:35:24,390 --> 00:35:22,900

book and that's no joke and you know my

834

00:35:25,859 --> 00:35:24,400

genre is such that i don't have the

835

00:35:28,890 --> 00:35:25,869

computer knowledge and I was scared of

836

00:35:29,670 --> 00:35:28,900

computers to be honest with you so I did

837

00:35:32,790 --> 00:35:29,680

it I

838

00:35:35,430 --> 00:35:32,800

yes you know when the the fire is lit it

839

00:35:36,870 --> 00:35:35,440

doesn't take much does it's like oh and

840

00:35:39,480 --> 00:35:36,880

it's like it's a matter that's a matter

841

00:35:41,819 --> 00:35:39,490

of knowledge and education and so I my

842

00:35:44,010 --> 00:35:41,829

son helped me write this book and he got

843

00:35:45,240 --> 00:35:44,020

a chance to read everything and you know

844

00:35:46,559 --> 00:35:45,250

and again that the whole book was

845

00:35:48,480 --> 00:35:46,569

published when I finished with it but it

846

00:35:49,980 --> 00:35:48,490

was chopped up pretty good but just just

847

00:35:52,349 --> 00:35:49,990

the things we need to know are in there

848

00:35:54,839 --> 00:35:52,359

and just enough so that a parents have a

849

00:35:56,490 --> 00:35:54,849

way to go or who to contact or you know

850

00:35:58,799 --> 00:35:56,500

sources that they can they can go to

851  
00:36:01,380 --> 00:35:58,809  
that you know that actually do help for

852  
00:36:03,510 --> 00:36:01,390  
for families and families with children

853  
00:36:06,150 --> 00:36:03,520  
who love their autistic you know who

854  
00:36:07,710 --> 00:36:06,160  
cool of their autistic children so you

855  
00:36:09,150 --> 00:36:07,720  
know it's important to remember these

856  
00:36:10,890 --> 00:36:09,160  
children are gifted they're not

857  
00:36:14,040 --> 00:36:10,900  
handicapped right you're gifted and

858  
00:36:15,809 --> 00:36:14,050  
that's it truly oh so so it's a holistic

859  
00:36:17,520 --> 00:36:15,819  
approach it's a wholesome holistic

860  
00:36:20,490 --> 00:36:17,530  
approach and I will tell you the best

861  
00:36:24,630 --> 00:36:20,500  
six doctors we can have our diet proper

862  
00:36:28,140 --> 00:36:24,640  
diet fresh water exercise sunshine you

863  
00:36:30,540 --> 00:36:28,150

know air and I can't you remember the

864

00:36:33,210 --> 00:36:30,550

six month daya trust exercise fresh

865

00:36:35,670 --> 00:36:33,220

water air and sunshine something in that

866

00:36:38,010 --> 00:36:35,680

order but you know and we have an immune

867

00:36:41,339 --> 00:36:38,020

system that we were given right from

868

00:36:43,829 --> 00:36:41,349

birth that is absolutely incredible it's

869

00:36:46,109 --> 00:36:43,839

amazing the the body is an amazing thing

870

00:36:48,089 --> 00:36:46,119

Heidi and if we take care of our bodies

871

00:36:50,430 --> 00:36:48,099

and we eat what we're supposed to when

872

00:36:53,609 --> 00:36:50,440

we do what we're supposed to do it do to

873

00:36:56,819 --> 00:36:53,619

it you know we can ensure us of having a

874

00:36:59,609 --> 00:36:56,829

longer healthier lifestyle Oh indeed I

875

00:37:01,650 --> 00:36:59,619

believe it now early in the interview

876

00:37:03,599 --> 00:37:01,660

that we were having here you said that

877

00:37:05,640 --> 00:37:03,609

you helped your father write a book on

878

00:37:07,530 --> 00:37:05,650

autism what was going on with that and

879

00:37:11,789 --> 00:37:07,540

why was he inspired to write a book on

880

00:37:18,510 --> 00:37:11,799

that well he lives in he lives in Ohio

881

00:37:20,849 --> 00:37:18,520

and he actually wrote a book because he

882

00:37:22,500 --> 00:37:20,859

worked with autistic children he dropped

883

00:37:23,849 --> 00:37:22,510

he drove a bus he's retired bus driver

884

00:37:26,819 --> 00:37:23,859

he's had he worked for General Electric

885

00:37:30,260 --> 00:37:26,829

e he actually credits you know he has a

886

00:37:32,970 --> 00:37:30,270

couple patents for General Electric that

887

00:37:36,900 --> 00:37:32,980

he said saved them millions of dollars

888

00:37:38,190 --> 00:37:36,910

and he also you know he's electronics

889

00:37:41,400 --> 00:37:38,200

expert and

890

00:37:43,290 --> 00:37:41,410

he said waded into broadcasting and i did

891

00:37:45,270 --> 00:37:43,300

a couple shows when i didn't know what

892

00:37:46,770 --> 00:37:45,280

that guy was doing or talking about just

893

00:37:48,599 --> 00:37:46,780

cuz i believed in the message of autism

894

00:37:53,910 --> 00:37:48,609

and you know that was early in my

895

00:37:56,010 --> 00:37:53,920

educational cycle and since that time i

896

00:37:58,109 --> 00:37:56,020

was helping him and he said write me

897

00:38:00,420 --> 00:37:58,119

some chapters he said write me some more

898

00:38:02,099 --> 00:38:00,430

some more some more and then it turned

899

00:38:04,109 --> 00:38:02,109

into me saying well wait a minute I've

900

00:38:06,180 --> 00:38:04,119

got something to say this is my story

901  
00:38:10,470 --> 00:38:06,190  
this is my son and this is what I found

902  
00:38:12,690 --> 00:38:10,480  
out and and so I like I said I spent a

903  
00:38:14,190 --> 00:38:12,700  
lot of time and a good thing about this

904  
00:38:16,050 --> 00:38:14,200  
book for anybody is they're not gonna

905  
00:38:19,170 --> 00:38:16,060  
find this just by going through the

906  
00:38:20,730 --> 00:38:19,180  
internet it's there all the studies all

907  
00:38:22,349 --> 00:38:20,740  
the scientific studies are there the

908  
00:38:24,630 --> 00:38:22,359  
doctors are there I don't just take one

909  
00:38:26,220 --> 00:38:24,640  
side I look at what the other side is

910  
00:38:28,349 --> 00:38:26,230  
saying too so we have to give

911  
00:38:30,030 --> 00:38:28,359  
credibility to the other other side of

912  
00:38:30,870 --> 00:38:30,040  
the issue we can't just say there nuts

913  
00:38:32,970 --> 00:38:30,880

they don't know what they're talking

914

00:38:35,040 --> 00:38:32,980

about and this is what we got to say

915

00:38:36,210 --> 00:38:35,050

this is good you're bad and in the book

916

00:38:38,220 --> 00:38:36,220

that's what my editor said he's just

917

00:38:39,569 --> 00:38:38,230

state the facts so that people choose

918

00:38:41,370 --> 00:38:39,579

you know decide for themselves if

919

00:38:42,690 --> 00:38:41,380

there's any value to it and he said John

920

00:38:44,760 --> 00:38:42,700

you got a great product on your hands

921

00:38:46,290 --> 00:38:44,770

and that's what if this is it's a very

922

00:38:47,940 --> 00:38:46,300

good product you know and if anybody

923

00:38:49,859 --> 00:38:47,950

does read this is a book anybody should

924

00:38:51,569 --> 00:38:49,869

read not just people or families that

925

00:38:53,250 --> 00:38:51,579

have autism there's over tooth out

926  
00:38:55,079 --> 00:38:53,260  
there's over two million families that

927  
00:38:58,410 --> 00:38:55,089  
are affected by this disorder in the

928  
00:39:00,420 --> 00:38:58,420  
united states alone my goodness and you

929  
00:39:02,250 --> 00:39:00,430  
know when you put something like this

930  
00:39:06,030 --> 00:39:02,260  
together I mean it's a labor of love of

931  
00:39:08,280 --> 00:39:06,040  
course and you're hopeful for a certain

932  
00:39:09,809 --> 00:39:08,290  
message especially to get across what

933  
00:39:12,150 --> 00:39:09,819  
what is the main thing that you hope

934  
00:39:14,760 --> 00:39:12,160  
people come away with and what all that

935  
00:39:17,819 --> 00:39:14,770  
you've researched i would say informed

936  
00:39:19,829 --> 00:39:17,829  
consent and awareness of what's been

937  
00:39:22,079 --> 00:39:19,839  
going on for the last several years and

938  
00:39:24,540 --> 00:39:22,089

how we got to where we are in

939

00:39:27,210 --> 00:39:24,550

relationships to our children being

940

00:39:30,240 --> 00:39:27,220

inoculated and harms and risks that they

941

00:39:31,920 --> 00:39:30,250

can do you know and let's look at what

942

00:39:34,650 --> 00:39:31,930

these things can do and we should

943

00:39:37,710 --> 00:39:34,660

question what we've been spoon-fed to

944

00:39:39,450 --> 00:39:37,720

accept is that's good for you and if you

945

00:39:41,040 --> 00:39:39,460

don't think so then you're absolutely

946

00:39:43,230 --> 00:39:41,050

crazy because it's not supported by

947

00:39:44,790 --> 00:39:43,240

scientific fact when there are hundreds

948

00:39:48,059 --> 00:39:44,800

and hundreds and hundreds of anecdotal

949

00:39:50,579 --> 00:39:48,069

cases that say to the contrary and as

950

00:39:51,390 --> 00:39:50,589

you well know that scientific research

951  
00:39:53,760 --> 00:39:51,400  
and evidence is bay

952  
00:39:55,650 --> 00:39:53,770  
on anecdotal cases and so I think we're

953  
00:39:57,990 --> 00:39:55,660  
discrediting those I think they're there

954  
00:40:01,170 --> 00:39:58,000  
are case studies if I mentioned one with

955  
00:40:03,269 --> 00:40:01,180  
the MMR vaccine by senior scientist dr.

956  
00:40:05,720 --> 00:40:03,279  
Thompson who who came out and said

957  
00:40:08,220 --> 00:40:05,730  
admitted publicly that the MMR study

958  
00:40:12,299 --> 00:40:08,230  
that showed there was no correlation to

959  
00:40:13,950 --> 00:40:12,309  
autism was was falsified and so if that

960  
00:40:15,299 --> 00:40:13,960  
brings one question in a study I think

961  
00:40:18,930 --> 00:40:15,309  
it brings many questions in this study

962  
00:40:20,940 --> 00:40:18,940  
moreover parents you know that you know

963  
00:40:22,650 --> 00:40:20,950

they just need to take a little time you

964

00:40:24,329 --> 00:40:22,660

know and that's what you know spent four

965

00:40:28,710 --> 00:40:24,339

or five hours take a little time

966

00:40:31,470 --> 00:40:28,720

investment and see is this you know what

967

00:40:35,549 --> 00:40:31,480

is my kid doing how can I help so this

968

00:40:38,819 --> 00:40:35,559

isn't an accusatory I can't even speak

969

00:40:40,620 --> 00:40:38,829

this book doesn't necessarily accuse as

970

00:40:42,690 --> 00:40:40,630

much as it does bring to awareness

971

00:40:43,920 --> 00:40:42,700

enlightenment and offers help and

972

00:40:46,859 --> 00:40:43,930

suggestions because you know there is

973

00:40:49,589 --> 00:40:46,869

hope there is a one one person sent me

974

00:40:51,359 --> 00:40:49,599

an e-mail say you know that's fine but

975

00:40:53,609 --> 00:40:51,369

there's nothing we can do and that's

976  
00:40:54,750 --> 00:40:53,619  
where I disagree completely and it's a

977  
00:40:57,750 --> 00:40:54,760  
matter of doing what we're doing right

978  
00:40:59,240 --> 00:40:57,760  
now and it's a matter of talking it's a

979  
00:41:01,529 --> 00:40:59,250  
matter of being together we are

980  
00:41:04,500 --> 00:41:01,539  
disbanded well you know we're not we

981  
00:41:06,120 --> 00:41:04,510  
don't have really a united effort we've

982  
00:41:08,880 --> 00:41:06,130  
got several individual efforts that have

983  
00:41:10,890 --> 00:41:08,890  
hundreds and thousands of people and you

984  
00:41:13,380 --> 00:41:10,900  
know we're discredited because we're not

985  
00:41:15,510 --> 00:41:13,390  
really united is one thing so I don't

986  
00:41:17,940 --> 00:41:15,520  
know where to go with that but but there

987  
00:41:19,620 --> 00:41:17,950  
is things that can be done and it starts

988  
00:41:23,039 --> 00:41:19,630

from the bottom and it works its way up

989

00:41:26,370 --> 00:41:23,049

as a grassroots effort oh you know it's

990

00:41:28,920 --> 00:41:26,380

it's truly commendable what you're doing

991

00:41:31,980 --> 00:41:28,930

and what you're aiming for and you know

992

00:41:35,250 --> 00:41:31,990

I know you've got the UM of many parents

993

00:41:38,279 --> 00:41:35,260

behind you going oh yes say it because

994

00:41:41,579 --> 00:41:38,289

it needs to be sad i I just I can't

995

00:41:45,120 --> 00:41:41,589

imagine you know the the anger that

996

00:41:46,049 --> 00:41:45,130

comes with getting such a diagnosis and

997

00:41:49,859 --> 00:41:46,059

something that could be totally

998

00:41:52,170 --> 00:41:49,869

avoidable for your precious child and

999

00:41:54,779 --> 00:41:52,180

and and just looking at those that you

1000

00:41:57,569 --> 00:41:54,789

trusted with your child and their health

1001  
00:42:01,260 --> 00:41:57,579  
I mean and then that be offered the

1002  
00:42:02,940 --> 00:42:01,270  
proper manners of dealing with you know

1003  
00:42:05,400 --> 00:42:02,950  
what's what's happening with your kid I

1004  
00:42:07,170 --> 00:42:05,410  
mean it's it's just gut-wrenching

1005  
00:42:08,820 --> 00:42:07,180  
to know that this is happening now I

1006  
00:42:11,720 --> 00:42:08,830  
don't know if I missed what you're

1007  
00:42:13,710 --> 00:42:11,730  
saying in regards to this topic but

1008  
00:42:16,140 --> 00:42:13,720  
something that you sent over to me

1009  
00:42:19,950 --> 00:42:16,150  
here's mention that there's some

1010  
00:42:24,420 --> 00:42:19,960  
correlation between mercury and autism

1011  
00:42:27,750 --> 00:42:24,430  
what is that okay well mercury first of

1012  
00:42:29,580 --> 00:42:27,760  
all what they use in the vaccines what

1013  
00:42:32,910 --> 00:42:29,590

they used extensively in the vaccines is

1014

00:42:35,370 --> 00:42:32,920

a preservative actually for especially

1015

00:42:38,610 --> 00:42:35,380

these trivalent vaccines let's say you

1016

00:42:41,880 --> 00:42:38,620

know that have three like measles mumps

1017

00:42:44,850 --> 00:42:41,890

rubella diphtheria tetanus and polio

1018

00:42:48,870 --> 00:42:44,860

polio or I'm sorry pertussis acellular

1019

00:42:53,430 --> 00:42:48,880

pertussis these are trivalent vaccines

1020

00:42:57,650 --> 00:42:53,440

and they actually require thimerosal to

1021

00:43:02,610 --> 00:42:57,660

are they used to require thimerosal to

1022

00:43:04,230 --> 00:43:02,620

act as a preservative and that maybe I'm

1023

00:43:07,770 --> 00:43:04,240

miss stating on that but anyway that's

1024

00:43:11,370 --> 00:43:07,780

why I Marisol is is mercury if I Marisol

1025

00:43:13,140 --> 00:43:11,380

is forty nine point six percent mercury

1026

00:43:15,840 --> 00:43:13,150

by weight now mercury is a known

1027

00:43:19,410 --> 00:43:15,850

neurotoxin and if we simply look at the

1028

00:43:21,090 --> 00:43:19,420

fact that anything in the vaccine is all

1029

00:43:23,670 --> 00:43:21,100

the ingredients in the vaccine or one

1030

00:43:25,980 --> 00:43:23,680

hundred percent poisonous so how can any

1031

00:43:28,340 --> 00:43:25,990

good become of that but when we look at

1032

00:43:30,750 --> 00:43:28,350

thy Marisol that was a huge huge issue

1033

00:43:32,280 --> 00:43:30,760

and you know I look at one study that

1034

00:43:33,900 --> 00:43:32,290

really shocked the heck out of me you

1035

00:43:37,080 --> 00:43:33,910

know people say what's the most hey you

1036

00:43:39,480 --> 00:43:37,090

go back to 2001 when the University of

1037

00:43:42,000 --> 00:43:39,490

Calgary reported in newer report that

1038

00:43:44,400 --> 00:43:42,010

mercury vapors you know resultant of

1039

00:43:46,140 --> 00:43:44,410

Molag molecular lesions and brain

1040

00:43:49,170 --> 00:43:46,150

protein metabolism seen an eighty

1041

00:43:50,670 --> 00:43:49,180

percent of Alzheimer patients this was

1042

00:43:53,250 --> 00:43:50,680

actually the first direct evidence that

1043

00:43:55,560 --> 00:43:53,260

low-level mercury exposure initiates

1044

00:43:56,970 --> 00:43:55,570

neurodegeneration in the brain what's oh

1045

00:43:59,070 --> 00:43:56,980

yeah and that's what they've been

1046

00:44:01,050 --> 00:43:59,080

putting in flu vaccines everybody by the

1047

00:44:03,000 --> 00:44:01,060

way I mean that was up until recently

1048

00:44:04,590 --> 00:44:03,010

they said that they've stopped doing

1049

00:44:06,750 --> 00:44:04,600

that I'm like yeah right how do how do

1050

00:44:08,940 --> 00:44:06,760

we know unless I could test personally

1051  
00:44:10,560 --> 00:44:08,950  
and know what I'm testing for how do I

1052  
00:44:12,060 --> 00:44:10,570  
know that you're really being honest

1053  
00:44:14,190 --> 00:44:12,070  
with me well let's look at the

1054  
00:44:16,470 --> 00:44:14,200  
ingredients currently there are many

1055  
00:44:18,460 --> 00:44:16,480  
vaccines that don't contain thimerosal

1056  
00:44:20,620 --> 00:44:18,470  
and that includes the flu shot too

1057  
00:44:22,240 --> 00:44:20,630  
um you know and they're listed in the

1058  
00:44:24,220 --> 00:44:22,250  
book you know you can see okay I don't

1059  
00:44:26,430 --> 00:44:24,230  
want that one yes wonder why that one I

1060  
00:44:29,080 --> 00:44:26,440  
don't and go again what I said earlier

1061  
00:44:33,640 --> 00:44:29,090  
it was Goldman that released this study

1062  
00:44:35,349 --> 00:44:33,650  
in the 2009-2010 flu swine flu campaign

1063  
00:44:37,450 --> 00:44:35,359

there was a four thousand two hundred

1064

00:44:40,270 --> 00:44:37,460

fifty percent increase and miscarriages

1065

00:44:42,970 --> 00:44:40,280

and still stillborns yes as a medical

1066

00:44:45,339 --> 00:44:42,980

professional they require us to get flu

1067

00:44:48,220 --> 00:44:45,349

vaccines how about that yeah we don't

1068

00:44:49,930 --> 00:44:48,230

have the choice they force it on us to

1069

00:44:52,810 --> 00:44:49,940

do it it depends on where you are

1070

00:44:55,839 --> 00:44:52,820

because some nurses as the I was in the

1071

00:44:57,700 --> 00:44:55,849

hospital not too long ago she had a mask

1072

00:44:59,440 --> 00:44:57,710

on I said why is that mask honest

1073

00:45:01,240 --> 00:44:59,450

because you have you either have to get

1074

00:45:03,849 --> 00:45:01,250

that mask a good food shot she says oh

1075

00:45:07,810 --> 00:45:03,859

yes and I'm not getting the flu shot I'm

1076  
00:45:09,430 --> 00:45:07,820  
keeping the mask on I'm that person I

1077  
00:45:11,470 --> 00:45:09,440  
don't get the flu shot either everybody

1078  
00:45:13,570 --> 00:45:11,480  
thinks I'm crazy I'm like no way not

1079  
00:45:17,620 --> 00:45:13,580  
doing it and somebody somebody I knew

1080  
00:45:20,500 --> 00:45:17,630  
intimately she she works at a hospital

1081  
00:45:23,290 --> 00:45:20,510  
and she has part of a union a very large

1082  
00:45:26,859 --> 00:45:23,300  
Union by the way in rochester in general

1083  
00:45:28,900 --> 00:45:26,869  
and her her union said no we're not

1084  
00:45:30,490 --> 00:45:28,910  
going to make the flu shot mandatory to

1085  
00:45:33,370 --> 00:45:30,500  
our employees they all stuck together

1086  
00:45:35,650 --> 00:45:33,380  
when we do this as individuals we lose

1087  
00:45:38,620 --> 00:45:35,660  
we have no ground to stand on but when

1088  
00:45:40,599 --> 00:45:38,630

we stick together and when when the

1089

00:45:42,880 --> 00:45:40,609

constituents of some of these

1090

00:45:44,800 --> 00:45:42,890

politicians stick together and say

1091

00:45:47,050 --> 00:45:44,810

you're not going to get hired or elected

1092

00:45:50,589 --> 00:45:47,060

next next go-around unless this is what

1093

00:45:52,780 --> 00:45:50,599

we get and and that's why it's a matter

1094

00:45:55,870 --> 00:45:52,790

of getting together and it's just like

1095

00:45:58,170 --> 00:45:55,880

this mandatory vaccination referendum

1096

00:46:01,990 --> 00:45:58,180

they brought up in California recently

1097

00:46:04,420 --> 00:46:02,000

and it was brought in the same site that

1098

00:46:06,640 --> 00:46:04,430

I mentioned with the doctor senior

1099

00:46:08,829 --> 00:46:06,650

scientist dr. Thompson that admitted

1100

00:46:10,839 --> 00:46:08,839

that the the CDC altered data showed

1101  
00:46:13,599 --> 00:46:10,849  
that the link between MMR vaccine was

1102  
00:46:17,700 --> 00:46:13,609  
associate with autism he was in that

1103  
00:46:19,900 --> 00:46:17,710  
same blog you know they're calling for

1104  
00:46:22,450 --> 00:46:19,910  
members to contact the oversight

1105  
00:46:25,210 --> 00:46:22,460  
committee on government reform and to

1106  
00:46:26,800 --> 00:46:25,220  
subpoena dr. Thompson to testify as for

1107  
00:46:28,720 --> 00:46:26,810  
the CGC they're gonna let him testify

1108  
00:46:30,730 --> 00:46:28,730  
unless he subpoenaed

1109  
00:46:32,950 --> 00:46:30,740  
and so this is what we're looking at

1110  
00:46:34,450 --> 00:46:32,960  
right now so that needs that needs to

1111  
00:46:36,100 --> 00:46:34,460  
come and and that's all I going to come

1112  
00:46:37,590 --> 00:46:36,110  
with people putting pressure on the

1113  
00:46:40,240 --> 00:46:37,600

## Oversight Committee | government reform

1114

00:46:43,450 --> 00:46:40,250

definitely and you know I always say it

1115

00:46:45,640 --> 00:46:43,460

in numbers we can move mountains it's

1116

00:46:48,850 --> 00:46:45,650

it's so much easier you know I think

1117

00:46:51,070 --> 00:46:48,860

that in the medical field aside from

1118

00:46:54,250 --> 00:46:51,080

doctors therapists are essentially left

1119

00:46:55,660 --> 00:46:54,260

out of unions we don't have them I mean

1120

00:46:59,380 --> 00:46:55,670

there's a few scattered here and there

1121

00:47:01,690 --> 00:46:59,390

but we really are kind of just left

1122

00:47:05,590 --> 00:47:01,700

hanging nurses got Union cnas have Union

1123

00:47:09,490 --> 00:47:05,600

I mean it's crazy it's crazy but my gosh

1124

00:47:12,760 --> 00:47:09,500

i'm personally how I I refuse the the

1125

00:47:14,740 --> 00:47:12,770

flu vaccine is not agreeing to work full

1126

00:47:17,320 --> 00:47:14,750

time for anybody but work for myself so

1127

00:47:23,380 --> 00:47:17,330

that's the only way she could do it but

1128

00:47:26,230 --> 00:47:23,390

you know as a again when you're a parent

1129

00:47:28,630 --> 00:47:26,240

and you're met with this type of you

1130

00:47:30,880 --> 00:47:28,640

know madness i mean it's it's

1131

00:47:33,970 --> 00:47:30,890

gut-wrenching I've seen it so many times

1132

00:47:36,430 --> 00:47:33,980

with parents and and others when it

1133

00:47:38,830 --> 00:47:36,440

comes to their child getting and you

1134

00:47:40,930 --> 00:47:38,840

know afflicted with such a thing they

1135

00:47:43,360 --> 00:47:40,940

feel isolated they fill a low and they

1136

00:47:45,070 --> 00:47:43,370

feel betrayed they don't know who to be

1137

00:47:46,780 --> 00:47:45,080

angry with and I think they might have

1138

00:47:48,970 --> 00:47:46,790

done something themselves and and

1139

00:47:52,540 --> 00:47:48,980

there's just so much and so much

1140

00:47:55,380 --> 00:47:52,550

desperation and I just feel like I don't

1141

00:47:59,290 --> 00:47:55,390

know it's like I wish that there was a

1142

00:48:01,300 --> 00:47:59,300

good foundation for these parents to go

1143

00:48:04,090 --> 00:48:01,310

to and be like this is what you get

1144

00:48:05,890 --> 00:48:04,100

angry at this is what you do this is how

1145

00:48:07,450 --> 00:48:05,900

you go through so I mean is there

1146

00:48:10,020 --> 00:48:07,460

something like that out there that

1147

00:48:12,210 --> 00:48:10,030

people can pull together

1148

00:48:13,860 --> 00:48:12,220

that's a great question i don't know i

1149

00:48:14,760 --> 00:48:13,870

don't know and be honest with you I'm

1150

00:48:16,380 --> 00:48:14,770

gonna tell you if I don't know something

1151

00:48:17,850 --> 00:48:16,390

and there's one of the things I don't

1152

00:48:18,960 --> 00:48:17,860

know right there but I did want to

1153

00:48:21,390 --> 00:48:18,970

comment on what you said about the flu

1154

00:48:23,250 --> 00:48:21,400

shot um you know the last flu shot i got

1155

00:48:25,980 --> 00:48:23,260

was in 2011 and that's prior to my

1156

00:48:27,390 --> 00:48:25,990

knowledge of anything hmm i went to sort

1157

00:48:29,580 --> 00:48:27,400

of like a paradigm shift in a short

1158

00:48:31,080 --> 00:48:29,590

period of time because i was for all you

1159

00:48:32,220 --> 00:48:31,090

know having any kinds of vaccinations

1160

00:48:34,410 --> 00:48:32,230

there's nothing wrong with these things

1161

00:48:36,240 --> 00:48:34,420

these people are crazy that think that

1162

00:48:38,220 --> 00:48:36,250

and I you know at the time I was pretty

1163

00:48:40,440 --> 00:48:38,230

well read on issues and everything and I

1164

00:48:42,030 --> 00:48:40,450

believed everything to the CDC said

1165

00:48:43,620 --> 00:48:42,040

because they're supposed to watch out

1166

00:48:44,940 --> 00:48:43,630

for her health why would they even

1167

00:48:47,010 --> 00:48:44,950

consider doing something that was

1168

00:48:49,230 --> 00:48:47,020

harmful to us and so I had a paradigm

1169

00:48:51,450 --> 00:48:49,240

shift after educating myself and the

1170

00:48:52,980 --> 00:48:51,460

last flu shot i got my dad said you know

1171

00:48:54,300 --> 00:48:52,990

what are you doing this year he said

1172

00:48:55,740 --> 00:48:54,310

well i'm gonna get the flu shot and he

1173

00:48:57,120 --> 00:48:55,750

said well you know that's great i said

1174

00:48:59,580 --> 00:48:57,130

but they don't i said there's no longer

1175

00:49:01,440 --> 00:48:59,590

if I marrow thimerosal in the

1176

00:49:03,240 --> 00:49:01,450

administration of the flu shot I was

1177

00:49:06,230 --> 00:49:03,250

gonna get he said yeah that might be

1178

00:49:10,500 --> 00:49:06,240

true John but they still contain aborted

1179

00:49:12,810 --> 00:49:10,510

human of fetal cell lines come on listen

1180

00:49:14,220 --> 00:49:12,820

to women well it gets better he says by

1181

00:49:16,860 --> 00:49:14,230

the way they're contaminated and

1182

00:49:19,230 --> 00:49:16,870

fragmented they contain contaminated and

1183

00:49:22,050 --> 00:49:19,240

fragmented DNA with harmful retroviruses

1184

00:49:24,060 --> 00:49:22,060

well HIV is a retrovirus and the one in

1185

00:49:26,400 --> 00:49:24,070

particular hear that dr. died she points

1186

00:49:29,250 --> 00:49:26,410

out is heard of K that's found in MMR to

1187

00:49:32,250 --> 00:49:29,260

vaccine and the chicken pox we have ten

1188

00:49:34,650 --> 00:49:32,260

vaccines currently that that contain

1189

00:49:37,350 --> 00:49:34,660

these boarded human fetal cell lines and

1190

00:49:41,070 --> 00:49:37,360

she points out through her science

1191

00:49:44,340 --> 00:49:41,080

through scpi that it results in things

1192

00:49:46,800 --> 00:49:44,350

that are detrimental to a child's health

1193

00:49:49,730 --> 00:49:46,810

and she points out one study actually

1194

00:49:53,100 --> 00:49:49,740

where you know this is something called

1195

00:49:55,680 --> 00:49:53,110

insertional mutagenesis big fancy word

1196

00:49:58,680 --> 00:49:55,690

for gene therapy where we take we take a

1197

00:50:01,350 --> 00:49:58,690

set of bad genes a replacement with good

1198

00:50:03,270 --> 00:50:01,360

ones to use their therapeutically and

1199

00:50:07,980 --> 00:50:03,280

make things better for us and in the

1200

00:50:11,160 --> 00:50:07,990

case of severe immune deficient people

1201  
00:50:13,110 --> 00:50:11,170  
or children such as bubble boys you know

1202  
00:50:15,120 --> 00:50:13,120  
they're facing maybe getting no better

1203  
00:50:17,100 --> 00:50:15,130  
without some type of intervention of

1204  
00:50:19,140 --> 00:50:17,110  
gene therapy and it was actually

1205  
00:50:21,900 --> 00:50:19,150  
calculated i think by scientists is that

1206  
00:50:23,400 --> 00:50:21,910  
it was a 10 to the negative 16th power

1207  
00:50:25,349 --> 00:50:23,410  
chance of

1208  
00:50:29,539 --> 00:50:25,359  
these children con you know coming down

1209  
00:50:31,940 --> 00:50:29,549  
with leukemia as a result of this gene

1210  
00:50:34,319 --> 00:50:31,950  
intervention or insertional mutagenesis

1211  
00:50:36,809 --> 00:50:34,329  
happening just gene therapy and it was

1212  
00:50:38,510 --> 00:50:36,819  
actually they did nine boys and they

1213  
00:50:41,279 --> 00:50:38,520

looked at that study and they found

1214

00:50:43,980 --> 00:50:41,289

forty-four percent of them actually not

1215

00:50:46,710 --> 00:50:43,990

ten to the negative 16 power came up

1216

00:50:49,380 --> 00:50:46,720

with leukemia and one died actually so

1217

00:50:50,849 --> 00:50:49,390

oh gosh so you know there's a lot we

1218

00:50:53,039 --> 00:50:50,859

don't know there's more that we don't

1219

00:50:56,039 --> 00:50:53,049

know than we do know but you know and

1220

00:50:57,990 --> 00:50:56,049

it's blinded because we're fed this

1221

00:51:01,020 --> 00:50:58,000

information based on science that is

1222

00:51:04,859 --> 00:51:01,030

either change or not looked at whole

1223

00:51:07,829 --> 00:51:04,869

wholly in its entirety and dissuaded

1224

00:51:10,200 --> 00:51:07,839

from questioning anything and that goes

1225

00:51:12,539 --> 00:51:10,210

along with you know the food we eat GMOs

1226

00:51:14,130 --> 00:51:12,549

and it goes along with the laws that

1227

00:51:15,660 --> 00:51:14,140

have been changed like the consolidated

1228

00:51:19,859 --> 00:51:15,670

and further continuing appropriations

1229

00:51:22,079 --> 00:51:19,869

act of 2013 signed by Obama better known

1230

00:51:25,740 --> 00:51:22,089

as the farmer assurance provision writer

1231

00:51:27,539 --> 00:51:25,750

which was added the 11th hour but notice

1232

00:51:30,870 --> 00:51:27,549

the Monsanto Protection Act you know you

1233

00:51:33,930 --> 00:51:30,880

can't sue sue them you know they're

1234

00:51:36,269 --> 00:51:33,940

protected just as the is the Homeland

1235

00:51:38,730 --> 00:51:36,279

Security Act protects manufacturers and

1236

00:51:41,400 --> 00:51:38,740

that was under the you know what is a

1237

00:51:46,380 --> 00:51:41,410

vaccine have to do with national

1238

00:51:49,529 --> 00:51:46,390

security and it's just that's madness

1239

00:51:52,620 --> 00:51:49,539

well what what did it simply reinforce

1240

00:51:54,359 --> 00:51:52,630

with with the vaccine national childhood

1241

00:51:57,059 --> 00:51:54,369

vaccine immunization act said and

1242

00:51:59,279 --> 00:51:57,069

determined by the vaccine injury

1243

00:52:00,510 --> 00:51:59,289

compensation program that you know you

1244

00:52:03,269 --> 00:52:00,520

couldn't really sue a vaccine

1245

00:52:05,250 --> 00:52:03,279

manufacturer even if there was death or

1246

00:52:06,990 --> 00:52:05,260

injuries resulting in the use of a

1247

00:52:09,180 --> 00:52:07,000

vaccine when it was properly

1248

00:52:11,849 --> 00:52:09,190

administered and then it was reinforced

1249

00:52:13,740 --> 00:52:11,859

by Homeland Security in 2002 which which

1250

00:52:15,480 --> 00:52:13,750

went on to state under the red herring

1251  
00:52:17,430 --> 00:52:15,490  
again of national curious you know what

1252  
00:52:19,349 --> 00:52:17,440  
I'm gonna fight for the thug on the

1253  
00:52:21,599 --> 00:52:19,359  
street who's selling drugs and if

1254  
00:52:24,420 --> 00:52:21,609  
somebody overdoses they can't be held

1255  
00:52:27,029 --> 00:52:24,430  
liable what the same protection I know

1256  
00:52:29,069 --> 00:52:27,039  
that really we can extend it to that

1257  
00:52:30,390 --> 00:52:29,079  
what mean honestly you know I hate to

1258  
00:52:32,250 --> 00:52:30,400  
say but we've got to get to our next

1259  
00:52:34,800 --> 00:52:32,260  
break you guys listen to me heidi hollis

1260  
00:52:37,200 --> 00:52:34,810  
d outlander and we'll be right back

1261  
00:52:40,200 --> 00:52:37,210  
welcome back everybody listen to me

1262  
00:52:43,110 --> 00:52:40,210  
honey house the Outlander and my

1263  
00:52:44,760 --> 00:52:43,120

goodness we are enjoying really really

1264

00:52:47,520 --> 00:52:44,770

really interesting and important

1265

00:52:50,610 --> 00:52:47,530

conversation with my guest Johnny Micah

1266

00:52:54,900 --> 00:52:50,620

and we're speaking about the autistic

1267

00:52:57,950 --> 00:52:54,910

Holocaust and its really kind of seems

1268

00:53:01,410 --> 00:52:57,960

like that honestly pandemic epidemic and

1269

00:53:03,060 --> 00:53:01,420

it's just when I look at it from the

1270

00:53:05,040 --> 00:53:03,070

perspective of being a medical

1271

00:53:07,470 --> 00:53:05,050

professional and looking at you know all

1272

00:53:11,310 --> 00:53:07,480

the those that get afflicted with this I

1273

00:53:13,020 --> 00:53:11,320

feel like it's almost hopeless as far as

1274

00:53:14,970 --> 00:53:13,030

those who keep getting diagnosed with

1275

00:53:17,430 --> 00:53:14,980

this the kids I don't see as hopeless i

1276

00:53:18,960 --> 00:53:17,440

see so much potential in them and the

1277

00:53:21,930 --> 00:53:18,970

sparkle in their eyes and the joy and

1278

00:53:23,520 --> 00:53:21,940

you know in the parents they they really

1279

00:53:25,440 --> 00:53:23,530

are supportive of every little

1280

00:53:28,020 --> 00:53:25,450

accomplishment and those accomplishments

1281

00:53:30,720 --> 00:53:28,030

are huge and there's so much room for

1282

00:53:32,460 --> 00:53:30,730

for growth because if you get to the

1283

00:53:35,880 --> 00:53:32,470

kids young enough i mean there's a lot

1284

00:53:37,890 --> 00:53:35,890

that can be accomplished so I mean when

1285

00:53:40,530 --> 00:53:37,900

I when I look at the bigger picture and

1286

00:53:43,050 --> 00:53:40,540

pull back and pan back and and it's like

1287

00:53:46,410 --> 00:53:43,060

and they're making money off from making

1288

00:53:48,780 --> 00:53:46,420

kids sick I it sickens me to hear I'm

1289

00:53:50,910 --> 00:53:48,790

like what but and then you're talking

1290

00:53:52,740 --> 00:53:50,920

about you know this big pharmaceutical

1291

00:53:54,480 --> 00:53:52,750

companies got there nice lobbyists up

1292

00:53:56,520 --> 00:53:54,490

there in Washington that are like and

1293

00:53:59,160 --> 00:53:56,530

we're going to make the law that we can

1294

00:54:01,260 --> 00:53:59,170

destroy lives and brains and children

1295

00:54:03,480 --> 00:54:01,270

and nobody could touch us and we're

1296

00:54:05,130 --> 00:54:03,490

gonna keep doing this okay alright cool

1297

00:54:07,740 --> 00:54:05,140

but the guy that's on the street who

1298

00:54:10,380 --> 00:54:07,750

sells his little dope and one guy

1299

00:54:13,770 --> 00:54:10,390

overdoses on the dope he sold them he

1300

00:54:16,110 --> 00:54:13,780

could go down for murder so what are we

1301  
00:54:17,970 --> 00:54:16,120  
seeing how do we get these murderers I

1302  
00:54:19,560 --> 00:54:17,980  
mean they are murderers if they know

1303  
00:54:22,200 --> 00:54:19,570  
what they're what they're slinging on

1304  
00:54:24,000 --> 00:54:22,210  
the street corner is killing kids how do

1305  
00:54:26,010 --> 00:54:24,010  
we how do we take them out how do we get

1306  
00:54:27,690 --> 00:54:26,020  
them to pay the price of what they're

1307  
00:54:29,960 --> 00:54:27,700  
doing the cigarette companies had to do

1308  
00:54:31,950 --> 00:54:29,970  
it i think it's i think it's their turn

1309  
00:54:35,910 --> 00:54:31,960  
well you know you're talking about

1310  
00:54:37,350 --> 00:54:35,920  
accountability and aside from autism and

1311  
00:54:39,630 --> 00:54:37,360  
the laws the way they're set up right

1312  
00:54:41,730 --> 00:54:39,640  
now just look at the bankers and how

1313  
00:54:44,190 --> 00:54:41,740

they were rewarded with the retirements

1314

00:54:45,270 --> 00:54:44,200

in the millions of dollars when we had

1315

00:54:50,190 --> 00:54:45,280

the the

1316

00:54:53,880 --> 00:54:50,200

the recent huge problem with our

1317

00:54:56,040 --> 00:54:53,890

financial situation it wasn't a

1318

00:54:58,130 --> 00:54:56,050

depression but it was close to it and so

1319

00:55:01,170 --> 00:54:58,140

you know and here we are accountability

1320

00:55:03,840 --> 00:55:01,180

that the government doesn't hold these

1321

00:55:05,700 --> 00:55:03,850

bankers accountable for in Iceland they

1322

00:55:07,890 --> 00:55:05,710

did they held the bankers accountable

1323

00:55:10,350 --> 00:55:07,900

and they did jail time and some of these

1324

00:55:13,110 --> 00:55:10,360

officials need to be held accountable in

1325

00:55:16,200 --> 00:55:13,120

the CDC where they get jail sentence to

1326

00:55:18,090 --> 00:55:16,210

jail time when things go when things go

1327

00:55:19,680 --> 00:55:18,100

bad and we also need to look at the laws

1328

00:55:21,570 --> 00:55:19,690

you know some of these laws need to be

1329

00:55:23,820 --> 00:55:21,580

changed or you know the freedom of

1330

00:55:26,280 --> 00:55:23,830

choice has been taken away freedom of

1331

00:55:28,320 --> 00:55:26,290

choice is being eroded on a slow basis

1332

00:55:30,390 --> 00:55:28,330

and when you know we start the road and

1333

00:55:31,770 --> 00:55:30,400

we know but something's bad at the you

1334

00:55:34,380 --> 00:55:31,780

know we're four blocks away we know

1335

00:55:36,300 --> 00:55:34,390

something's bad and we you know we get a

1336

00:55:37,950 --> 00:55:36,310

little incentive to go a couple feet and

1337

00:55:39,570 --> 00:55:37,960

you know things get better you know

1338

00:55:41,370 --> 00:55:39,580

that's so bad they don't seem so bad and

1339

00:55:42,900 --> 00:55:41,380

then pretty soon you move along you move

1340

00:55:44,670 --> 00:55:42,910

along you move along and you're

1341

00:55:46,890 --> 00:55:44,680

wondering how I got it this bad spotted

1342

00:55:48,600 --> 00:55:46,900

the traffic light and it happens over a

1343

00:55:50,010 --> 00:55:48,610

period of time it doesn't happen

1344

00:55:53,130 --> 00:55:50,020

instantly and so that's what we're

1345

00:55:56,490 --> 00:55:53,140

looking at now and so you know it's

1346

00:55:58,590 --> 00:55:56,500

about basically just you know being

1347

00:56:00,740 --> 00:55:58,600

aware which a lot of people aren't and

1348

00:56:03,950 --> 00:56:00,750

you know it's an entertainment society

1349

00:56:06,030 --> 00:56:03,960

everything's entertainment driven and

1350

00:56:07,470 --> 00:56:06,040

apathy you know a lot of people just

1351  
00:56:08,820 --> 00:56:07,480  
simply don't care and unless you have a

1352  
00:56:10,680 --> 00:56:08,830  
child that's autistic you're going to

1353  
00:56:13,140 --> 00:56:10,690  
have a vested interest in this thing and

1354  
00:56:15,330 --> 00:56:13,150  
you know because it was commented to me

1355  
00:56:17,790 --> 00:56:15,340  
by one lashes I'm sick and tired of

1356  
00:56:21,510 --> 00:56:17,800  
these seen so many kids that are injured

1357  
00:56:24,150 --> 00:56:21,520  
by these vaccines and thats you know

1358  
00:56:25,800 --> 00:56:24,160  
really not brought to light you know

1359  
00:56:27,840 --> 00:56:25,810  
it's it's the benefit to the vaccines

1360  
00:56:31,290 --> 00:56:27,850  
the benefits one of the leaders of the

1361  
00:56:33,570 --> 00:56:31,300  
organization Arlene denim and vaccine

1362  
00:56:36,390 --> 00:56:33,580  
Liberation Organization has a campaign

1363  
00:56:38,190 --> 00:56:36,400

going on lemon to Thomas Gandhi how much

1364

00:56:41,970 --> 00:56:38,200

cantata the greatest lie ever told that

1365

00:56:44,070 --> 00:56:41,980

vaccines are safe and effective and

1366

00:56:45,510 --> 00:56:44,080

they're not they're certainly not that

1367

00:56:47,550 --> 00:56:45,520

was like a kuna Matata that was

1368

00:56:49,470 --> 00:56:47,560

something else Hakuna Matata yeah I'm

1369

00:56:53,670 --> 00:56:49,480

interior must condemn us Katara you know

1370

00:56:56,280 --> 00:56:53,680

good that's no that's that's why it's so

1371

00:56:57,900 --> 00:56:56,290

okay so you've gotta say that somebody

1372

00:56:58,920 --> 00:56:57,910

has a brand new baby and I know that

1373

00:57:00,900 --> 00:56:58,930

you're not one to say

1374

00:57:04,349 --> 00:57:00,910

don't get your child vaccinated but if

1375

00:57:06,120 --> 00:57:04,359

there were a list or a couple that you

1376

00:57:08,280 --> 00:57:06,130

could or would avoid say if it was to

1377

00:57:12,240 --> 00:57:08,290

your brand-new child which one would you

1378

00:57:14,910 --> 00:57:12,250

be most cautious about that MMR well

1379

00:57:16,710 --> 00:57:14,920

there's a litany of those but you know

1380

00:57:18,329 --> 00:57:16,720

I'm looking at the schedule and often

1381

00:57:19,920 --> 00:57:18,339

these kids get them we have something

1382

00:57:21,990 --> 00:57:19,930

called a baby well visit and I know you

1383

00:57:24,089 --> 00:57:22,000

know what that is you know you bring

1384

00:57:25,829 --> 00:57:24,099

your kid in for a certain time every so

1385

00:57:26,930 --> 00:57:25,839

I've mounts and whatever and the doctor

1386

00:57:29,280 --> 00:57:26,940

might recommend a vaccination

1387

00:57:31,530 --> 00:57:29,290

accordingly Advisory Committee an

1388

00:57:33,569 --> 00:57:31,540

imitation practices and there's there's

1389

00:57:35,609 --> 00:57:33,579

many cases where you know these children

1390

00:57:36,599 --> 00:57:35,619

go in for a simple shot that's supposed

1391

00:57:39,450 --> 00:57:36,609

to be good for and prevent them from

1392

00:57:41,030 --> 00:57:39,460

getting a disease and they die you know

1393

00:57:43,670 --> 00:57:41,040

in fact we have something called the

1394

00:57:46,950 --> 00:57:43,680

vaccine adverse event reporting system

1395

00:57:50,579 --> 00:57:46,960

and that's in combination with the CDC

1396

00:57:53,339 --> 00:57:50,589

and the FDA that it's anybody can make a

1397

00:57:54,809 --> 00:57:53,349

report to bars so it's not extended the

1398

00:57:57,000 --> 00:57:54,819

entire credibility that it should

1399

00:58:00,809 --> 00:57:57,010

because anybody can a parent can call in

1400

00:58:02,910 --> 00:58:00,819

anybody can call in and it's been stated

1401

00:58:05,880 --> 00:58:02,920

that only one to ten percent of all

1402

00:58:07,770 --> 00:58:05,890

adverse event events as a result of a

1403

00:58:11,220 --> 00:58:07,780

vaccine are ever even reported to the

1404

00:58:14,640 --> 00:58:11,230

bars and so if we look at the sudden

1405

00:58:16,289 --> 00:58:14,650

infant death syndrome SIDS vars SIDS

1406

00:58:19,190 --> 00:58:16,299

accounts for fifty percent of all bars

1407

00:58:21,390 --> 00:58:19,200

deaths and many of these are mislabeled

1408

00:58:23,760 --> 00:58:21,400

SIDS when they're actually vaccine

1409

00:58:26,160 --> 00:58:23,770

injuries the death resulting as a

1410

00:58:28,799 --> 00:58:26,170

vaccine injury and and there are many

1411

00:58:31,799 --> 00:58:28,809

cases of that and in fact on a baby well

1412

00:58:34,170 --> 00:58:31,809

visit 1 i'll leave unnamed at this time

1413

00:58:36,630 --> 00:58:34,180

one parent of parents who brought their

1414

00:58:39,240 --> 00:58:36,640

kid in for a baby well visit the child

1415

00:58:41,130 --> 00:58:39,250

you know his i started rolling back and

1416

00:58:44,549 --> 00:58:41,140

he's having problems he went in for a

1417

00:58:48,210 --> 00:58:44,559

booster shot and and he died and and the

1418

00:58:51,270 --> 00:58:48,220

parents were blamed the manifestation of

1419

00:58:54,720 --> 00:58:51,280

the the shot looked like the child got

1420

00:58:55,890 --> 00:58:54,730

beat his brain swollen and he had all

1421

00:58:58,109 --> 00:58:55,900

kinds of other problems and issues

1422

00:59:00,059 --> 00:58:58,119

resulting in his death and then the

1423

00:59:02,039 --> 00:59:00,069

detectives were come in and the guy was

1424

00:59:03,780 --> 00:59:02,049

sent charged and sentence and committed

1425

00:59:05,940 --> 00:59:03,790

you know it was in jail for six years

1426  
00:59:09,660 --> 00:59:05,950  
and he had one sympathetic doctor that

1427  
00:59:11,370 --> 00:59:09,670  
actually was pro for his cause and

1428  
00:59:13,020 --> 00:59:11,380  
got exonerated was charges there's

1429  
00:59:14,730 --> 00:59:13,030  
people right now there's people right

1430  
00:59:16,349 --> 00:59:14,740  
now that are facing that there's there's

1431  
00:59:18,210 --> 00:59:16,359  
people in prison right now that are

1432  
00:59:20,549 --> 00:59:18,220  
doing time for something the vaccine did

1433  
00:59:23,190 --> 00:59:20,559  
isn't that horrible and the wrong people

1434  
00:59:25,470 --> 00:59:23,200  
are sitting behind bars heavy I mean

1435  
00:59:28,950 --> 00:59:25,480  
you've heard of sad sudden adult death

1436  
00:59:31,200 --> 00:59:28,960  
syndrome I'm wondering if you know what

1437  
00:59:33,210 --> 00:59:31,210  
I know that some of these vaccinations

1438  
00:59:36,359 --> 00:59:33,220

that have been given to adults or

1439

00:59:37,920 --> 00:59:36,369

teenagers that people are dropping dead

1440

00:59:40,079 --> 00:59:37,930

or they're they're becoming ill from

1441

00:59:44,130 --> 00:59:40,089

them and I wonder if the sudden adult

1442

00:59:45,809 --> 00:59:44,140

death are a direct cause of that you

1443

00:59:48,539 --> 00:59:45,819

know I I mean it was in the news over

1444

00:59:50,160 --> 00:59:48,549

here in Chicago of uh i think it was a

1445

00:59:52,829 --> 00:59:50,170

19 year old girl I mean she had just

1446

00:59:55,650 --> 00:59:52,839

gotten the flu vaccine and when I talk

1447

00:59:58,049 --> 00:59:55,660

Oman died you know so I mean it's it

1448

00:59:59,730 --> 00:59:58,059

happens and you know but they surely

1449

01:00:02,039 --> 00:59:59,740

don't put it on the the news all the

1450

01:00:03,809 --> 01:00:02,049

time because that really makes these

1451

01:00:06,690 --> 01:00:03,819

billionaires look guilty and they don't

1452

01:00:08,370 --> 01:00:06,700

want to look guilty you know so no I

1453

01:00:09,660 --> 01:00:08,380

wouldn't either if I was resulted in

1454

01:00:12,059 --> 01:00:09,670

somebody's death and I could hide behind

1455

01:00:13,920 --> 01:00:12,069

the law and I I could get my job and not

1456

01:00:15,630 --> 01:00:13,930

go to jail that would be fine with me I

1457

01:00:18,329 --> 01:00:15,640

could live with that but yeah actually

1458

01:00:20,490 --> 01:00:18,339

konchem conscionable a dr. thomas

1459

01:00:23,930 --> 01:00:20,500

thompson couldn't with the CDC and he

1460

01:00:27,240 --> 01:00:23,940

reached out to somebody that has a child

1461

01:00:29,880 --> 01:00:27,250

there's a vaccine injury and and he went

1462

01:00:31,710 --> 01:00:29,890

on to you know to work in his behalf and

1463

01:00:34,260 --> 01:00:31,720

so actually it was dr. Thompson it

1464

01:00:38,210 --> 01:00:34,270

probably stated that the data was was

1465

01:00:41,130 --> 01:00:38,220

was not what it should have been and so

1466

01:00:44,789 --> 01:00:41,140

and we talked about we talked about

1467

01:00:46,890 --> 01:00:44,799

death for adults I know of one person

1468

01:00:48,690 --> 01:00:46,900

personally that has an organization re

1469

01:00:50,390 --> 01:00:48,700

i'll leave the organization unnamed

1470

01:00:54,030 --> 01:00:50,400

because she actually gets death threats

1471

01:00:57,059 --> 01:00:54,040

for speaking out against vaccinations oh

1472

01:00:59,579 --> 01:00:57,069

gosh yeah death threats and so yeah I

1473

01:01:03,030 --> 01:00:59,589

wonder who that could be hmm um it

1474

01:01:05,940 --> 01:01:03,040

wouldn't be your neighbor I mean she's

1475

01:01:07,740 --> 01:01:05,950

actually for people that are actually it

1476

01:01:11,520 --> 01:01:07,750

competent it could be a neighbor that

1477

01:01:13,200 --> 01:01:11,530

sides with the CDC and says you sob why

1478

01:01:15,180 --> 01:01:13,210

are you saying this you're threatening

1479

01:01:17,940 --> 01:01:15,190

my child's livelihood and safety by

1480

01:01:19,700 --> 01:01:17,950

spreading it garbage you know shame on

1481

01:01:21,349 --> 01:01:19,710

shame on you and she's got

1482

01:01:22,880 --> 01:01:21,359

I guess there's fanatics out there I

1483

01:01:24,740 --> 01:01:22,890

could see that I oh that's that's

1484

01:01:28,640 --> 01:01:24,750

mainstream that's not back at its is and

1485

01:01:30,560 --> 01:01:28,650

that's mainstream and so you know and I

1486

01:01:33,970 --> 01:01:30,570

think it was her sister that actually

1487

01:01:40,760 --> 01:01:33,980

regressed into autism after a shot and

1488

01:01:42,920 --> 01:01:40,770

and she you know she died she got so um

1489

01:01:44,870 --> 01:01:42,930

you know these things they can kill

1490

01:01:47,270 --> 01:01:44,880

people do they always know do children

1491

01:01:50,420 --> 01:01:47,280

always get autism or results in death

1492

01:01:51,829 --> 01:01:50,430

after vaccination absolutely not does

1493

01:01:53,420 --> 01:01:51,839

everyone get sick when they get a shot

1494

01:01:55,700 --> 01:01:53,430

well there's something called side

1495

01:01:57,290 --> 01:01:55,710

effects right and and there's no such

1496

01:02:00,200 --> 01:01:57,300

thing as a side effect to a vaccination

1497

01:02:02,540 --> 01:02:00,210

it's always an effect and it's in some

1498

01:02:04,490 --> 01:02:02,550

cases it's very bad encephalopathy and

1499

01:02:06,230 --> 01:02:04,500

in some cases is death and in some cases

1500

01:02:08,450 --> 01:02:06,240

just a sore arm but there's always an

1501

01:02:10,609 --> 01:02:08,460

effect it's not a side effect it's an

1502

01:02:12,620 --> 01:02:10,619

effect right that's the weekend we have

1503

01:02:14,780 --> 01:02:12,630

an effective introduction of a poisonous

1504

01:02:16,310 --> 01:02:14,790

toxin in our system and some people

1505

01:02:18,650 --> 01:02:16,320

handle it better than others you know

1506

01:02:20,210 --> 01:02:18,660

the FDA is supposed to be here to you

1507

01:02:22,339 --> 01:02:20,220

know make sure that things are not

1508

01:02:24,560 --> 01:02:22,349

brought into mainstream that are harmful

1509

01:02:28,640 --> 01:02:24,570

to us but it seems like the vaccinations

1510

01:02:30,589 --> 01:02:28,650

get a pass but when you know there's a l

1511

01:02:32,720 --> 01:02:30,599

don't know if you heard about this but

1512

01:02:35,990 --> 01:02:32,730

like Cuba and other countries they have

1513

01:02:39,320 --> 01:02:36,000

this medication that can help prevent

1514

01:02:41,630 --> 01:02:39,330

type 2 diabetics from having amputations

1515

01:02:43,400 --> 01:02:41,640

and oh but it's got to go through our

1516

01:02:45,320 --> 01:02:43,410

process it's got to be proven to be safe

1517

01:02:48,130 --> 01:02:45,330

because golly we'd hate for people to

1518

01:02:50,990 --> 01:02:48,140

keep their limbs I think like the worst

1519

01:02:52,849 --> 01:02:51,000

disease that occurs that I see is an

1520

01:02:56,359 --> 01:02:52,859

epidemic also for adults as type 2

1521

01:02:58,099 --> 01:02:56,369

diabetes I mean heart disease stroke you

1522

01:03:01,490 --> 01:02:58,109

get a little cut on your foot you lose

1523

01:03:04,010 --> 01:03:01,500

your leg I mean it's just it's an awful

1524

01:03:06,800 --> 01:03:04,020

awful disease you good on dialysis it's

1525

01:03:08,089 --> 01:03:06,810

just ongoing and here's something here

1526

01:03:09,470 --> 01:03:08,099

was this medication I don't know the

1527

01:03:12,829 --> 01:03:09,480

name of it off the top of my head that

1528

01:03:15,680 --> 01:03:12,839

that can prevent these amputations that

1529

01:03:18,770 --> 01:03:15,690

are destroying lives but it's got to get

1530

01:03:20,180 --> 01:03:18,780

past our stuff FDA what the heck are

1531

01:03:22,640 --> 01:03:20,190

they where they give in the path to the

1532

01:03:25,640 --> 01:03:22,650

vaccinations then because they think

1533

01:03:27,500 --> 01:03:25,650

they're protecting us more I know it's

1534

01:03:29,720 --> 01:03:27,510

really quite simple I mean if we look at

1535

01:03:30,850 --> 01:03:29,730

the prescription drug user fee act that

1536

01:03:33,340 --> 01:03:30,860

was

1537

01:03:34,660 --> 01:03:33,350

91a came about because they drugs drug

1538

01:03:36,700 --> 01:03:34,670

companies used to have to take years to

1539

01:03:38,620 --> 01:03:36,710

bring a drug market drug to market and

1540

01:03:41,140 --> 01:03:38,630

forbes estimated that ninety-five

1541

01:03:43,720 --> 01:03:41,150

percent of all drugs are unsafe for an

1542

01:03:46,060 --> 01:03:43,730

effective well due to that Padula a

1543

01:03:48,250 --> 01:03:46,070

queer our fifth version of that correct

1544

01:03:50,680 --> 01:03:48,260

right now sign into legislation most

1545

01:03:52,330 --> 01:03:50,690

recently by president obama that drugs

1546

01:03:55,660 --> 01:03:52,340

can come to market within six months as

1547

01:03:56,800 --> 01:03:55,670

long as they're proven safe to be safe

1548

01:03:59,860 --> 01:03:56,810

and effective for life-threatening

1549

01:04:03,240 --> 01:03:59,870

situations and we have the accelerated

1550

01:04:07,120 --> 01:04:03,250

approval and priority review that was a

1551

01:04:09,640 --> 01:04:07,130

combined with that so that now what the

1552

01:04:11,440 --> 01:04:09,650

FDA does is they get huge fees from

1553

01:04:13,270 --> 01:04:11,450

these pharmaceutical companies well over

1554

01:04:16,270 --> 01:04:13,280

two million dollars to approve a new

1555

01:04:18,640 --> 01:04:16,280

drug and all I have to do is prove two

1556

01:04:20,740 --> 01:04:18,650

studies not know phase three studies

1557

01:04:22,720 --> 01:04:20,750

which is the most in the costly of

1558

01:04:25,900 --> 01:04:22,730

millions of dollars to do a phase 3

1559

01:04:27,760 --> 01:04:25,910

study with controls and whatnot and look

1560

01:04:29,860 --> 01:04:27,770

at now you get some drugs that shouldn't

1561

01:04:32,020 --> 01:04:29,870

be approved like avandia okay you know

1562

01:04:34,000 --> 01:04:32,030

that I'm glad to hear that that got

1563

01:04:36,930 --> 01:04:34,010

changed because that has been like a

1564

01:04:39,970 --> 01:04:36,940

thorn and the foot of so much progress

1565

01:04:41,200 --> 01:04:39,980

truly I mean it's it's sickening but

1566

01:04:44,290 --> 01:04:41,210

this is something that was actually

1567

01:04:46,570 --> 01:04:44,300

brought up more recently as far as this

1568

01:04:48,430 --> 01:04:46,580

new medication for the type 2 diabetes

1569

01:04:51,040 --> 01:04:48,440

and now they were running into issues

1570

01:04:52,900 --> 01:04:51,050

that it just was not being allowed to be

1571

01:04:54,580 --> 01:04:52,910

brought here to the country I do and

1572

01:04:56,320 --> 01:04:54,590

it's used all throughout Europe and

1573

01:04:59,350 --> 01:04:56,330

whatnot but in the United States has the

1574

01:05:01,690 --> 01:04:59,360

number one case cases as far as

1575

01:05:03,550 --> 01:05:01,700

amputations for type 2 diabetics I don't

1576

01:05:04,750 --> 01:05:03,560

know what the holdup is I don't know if

1577

01:05:07,270 --> 01:05:04,760

they're not they don't like the color of

1578

01:05:08,860 --> 01:05:07,280

their money i don't know but but there

1579

01:05:10,360 --> 01:05:08,870

are still some old ups going on out

1580

01:05:12,790 --> 01:05:10,370

there but i'm glad to hear that that

1581

01:05:15,700 --> 01:05:12,800

that a lot of that is being shaken down

1582

01:05:18,730 --> 01:05:15,710

because hello president obama he had his

1583

01:05:20,890 --> 01:05:18,740

mother sit there and you know passed

1584

01:05:23,830 --> 01:05:20,900

away and I remember him speaking that

1585

01:05:27,250 --> 01:05:23,840

you know even on her last days she was

1586

01:05:29,380 --> 01:05:27,260

arguing with you know companies about

1587

01:05:30,790 --> 01:05:29,390

her medical bills and he's like this is

1588

01:05:32,770 --> 01:05:30,800

crazy you know you're on your deathbed

1589

01:05:34,090 --> 01:05:32,780

and you're trying to just survive and

1590

01:05:35,980 --> 01:05:34,100

make it and you have all these other

1591

01:05:39,310 --> 01:05:35,990

stresses so I good on him for getting

1592

01:05:40,870 --> 01:05:39,320

that shaken down there we really haven't

1593

01:05:42,370 --> 01:05:40,880

shaken down avandia because what

1594

01:05:44,210 --> 01:05:42,380

happened recently this was announced

1595

01:05:46,089 --> 01:05:44,220

actually it was one of the man you

1596

01:05:48,740 --> 01:05:46,099

extras in pharmaceutical come

1597

01:05:51,020 --> 01:05:48,750

glaxosmithkline that gave Duke

1598

01:05:53,630 --> 01:05:51,030

University 1.5 million dollars to do a

1599

01:05:56,120 --> 01:05:53,640

safety study and they determined that

1600

01:05:58,339 --> 01:05:56,130

avandia was safe again after it was

1601  
01:06:02,300 --> 01:05:58,349  
resulted in a hundred thousand deaths oh

1602  
01:06:05,180 --> 01:06:02,310  
boy okay so here we have a case of the

1603  
01:06:07,580 --> 01:06:05,190  
the Fox you know the fox guarding over

1604  
01:06:09,170 --> 01:06:07,590  
the chicken coop and and now it's okay

1605  
01:06:11,150 --> 01:06:09,180  
and all they've been done with avandia

1606  
01:06:13,430 --> 01:06:11,160  
is it's okay to use it now even though

1607  
01:06:14,990 --> 01:06:13,440  
it's not a different formulation it's

1608  
01:06:16,970 --> 01:06:15,000  
just that there was a study that said

1609  
01:06:20,120 --> 01:06:16,980  
it's okay and all they got slept with

1610  
01:06:24,620 --> 01:06:20,130  
was a risk evaluation mitigating

1611  
01:06:26,570 --> 01:06:24,630  
strategy our EMS label and so you know

1612  
01:06:28,760 --> 01:06:26,580  
it's just you know that's it it's fine

1613  
01:06:31,359 --> 01:06:28,770

now I'm gonna start packaging up some

1614

01:06:33,800 --> 01:06:31,369

cleaners I got here in the house and

1615

01:06:36,080 --> 01:06:33,810

let's see if they'll pass that too and

1616

01:06:38,050 --> 01:06:36,090

be like what what's the problem I mean

1617

01:06:40,760 --> 01:06:38,060

good my goodness it almost sounds like

1618

01:06:42,620 --> 01:06:40,770

anything goes as long as the the your

1619

01:06:44,570 --> 01:06:42,630

money's green enough I I don't get it

1620

01:06:46,310 --> 01:06:44,580

that's yeah it's it's all about

1621

01:06:47,330 --> 01:06:46,320

following the money and I think that I

1622

01:06:49,579 --> 01:06:47,340

don't think it's a matter of

1623

01:06:52,310 --> 01:06:49,589

insidiousness as much as and that's the

1624

01:06:54,230 --> 01:06:52,320

resultant of it it's not that it's so

1625

01:06:58,130 --> 01:06:54,240

much per phidias insidious and it is

1626

01:07:00,170 --> 01:06:58,140

really it's unconscionable and it's

1627

01:07:03,020 --> 01:07:00,180

unconscionable but it all goes back to

1628

01:07:05,089 --> 01:07:03,030

it all goes back to a dollar and as the

1629

01:07:07,280 --> 01:07:05,099

vaccine companies manufacturers of these

1630

01:07:09,200 --> 01:07:07,290

vaccines you know they're looking to

1631

01:07:12,079 --> 01:07:09,210

save billions and billions and make

1632

01:07:15,320 --> 01:07:12,089

billions of dollars by by pushing a

1633

01:07:17,180 --> 01:07:15,330

product that is known to be harmful yes

1634

01:07:19,820 --> 01:07:17,190

kind of going on that note you know the

1635

01:07:21,500 --> 01:07:19,830

United States it's famous for you know

1636

01:07:23,510 --> 01:07:21,510

keeping people sick because you know

1637

01:07:25,579 --> 01:07:23,520

healthy people don't make you money so

1638

01:07:27,230 --> 01:07:25,589

of course it keep it will sick and you

1639

01:07:28,790 --> 01:07:27,240

got to eat my drug in order to survive

1640

01:07:31,400 --> 01:07:28,800

of course they want to keep you there

1641

01:07:33,020 --> 01:07:31,410

though we got we've got in the vault the

1642

01:07:34,670 --> 01:07:33,030

Cure hidden but we're going to keep

1643

01:07:36,980 --> 01:07:34,680

feeding you these little cookie crumbs

1644

01:07:40,160 --> 01:07:36,990

but they'll only give it to their family

1645

01:07:42,890 --> 01:07:40,170

and friends otherwise but you offer a

1646

01:07:44,450 --> 01:07:42,900

you know suggestions as far as what are

1647

01:07:47,030 --> 01:07:44,460

the best treatments for offsetting

1648

01:07:48,770 --> 01:07:47,040

symptoms what is it that you suggest is

1649

01:07:51,339 --> 01:07:48,780

it is it all having to do with the diet

1650

01:07:53,990 --> 01:07:51,349

or activities what are you suggesting

1651  
01:07:56,140 --> 01:07:54,000  
well there's a holistic approach in

1652  
01:07:57,860 --> 01:07:56,150  
there too and let's look at homeopathic

1653  
01:08:01,570 --> 01:07:57,870  
my son by the

1654  
01:08:04,730 --> 01:08:01,580  
his diagnosis went from Asperger's to

1655  
01:08:08,110 --> 01:08:04,740  
autism spectrum disorder and that was

1656  
01:08:12,080 --> 01:08:08,120  
confirmed in July of his 28th birthday

1657  
01:08:14,120 --> 01:08:12,090  
he's 28 now he is 28 now and his

1658  
01:08:16,190 --> 01:08:14,130  
diagnosis was confirmed at 28 years of

1659  
01:08:19,070 --> 01:08:16,200  
age Wow dick followed and that's very

1660  
01:08:21,230 --> 01:08:19,080  
well the thing is he went to homeopathic

1661  
01:08:22,970 --> 01:08:21,240  
neurologist and she actually has to see

1662  
01:08:25,760 --> 01:08:22,980  
every sample of thing he ate for the

1663  
01:08:27,800 --> 01:08:25,770

last 30 days and so yes it's dietary

1664

01:08:29,420 --> 01:08:27,810

intervention diet by by the way dr.

1665

01:08:30,770 --> 01:08:29,430

Gosar brought this in the Oversight

1666

01:08:32,540 --> 01:08:30,780

Committee on Government Reform hearing

1667

01:08:35,300 --> 01:08:32,550

in 2012 is it the root cause of

1668

01:08:37,880 --> 01:08:35,310

everything as far as what's related to

1669

01:08:41,270 --> 01:08:37,890

health and you know he's got 13 members

1670

01:08:43,370 --> 01:08:41,280

of his family that are celiac sprue and

1671

01:08:45,560 --> 01:08:43,380

so shopping for him is nightmare but

1672

01:08:47,540 --> 01:08:45,570

diet and what he did it was removed all

1673

01:08:49,670 --> 01:08:47,550

the genetically modified foods from his

1674

01:08:51,740 --> 01:08:49,680

diet and there's a big thing too with

1675

01:08:53,660 --> 01:08:51,750

you know Monsanto is controlling most of

1676

01:08:57,200 --> 01:08:53,670

the world's food supply and half of ours

1677

01:08:59,630 --> 01:08:57,210

to say these things are good mandatory

1678

01:09:01,310 --> 01:08:59,640

labeling is also something that you may

1679

01:09:04,190 --> 01:09:01,320

not see because there's a bill right now

1680

01:09:06,250 --> 01:09:04,200

I introduced that you know that may

1681

01:09:10,120 --> 01:09:06,260

override any state mandatory labeling

1682

01:09:14,060 --> 01:09:10,130

that you know it's a federal thing it's

1683

01:09:17,660 --> 01:09:14,070

it was a referendum SB 227 now that

1684

01:09:19,490 --> 01:09:17,670

ain't a theater dark act that was the

1685

01:09:21,680 --> 01:09:19,500

safe and accurate food labeling after

1686

01:09:23,690 --> 01:09:21,690

2015 that was introduced by

1687

01:09:26,210 --> 01:09:23,700

representative mike palmer popper arrow

1688

01:09:29,540 --> 01:09:26,220

known as the deny Americans right to

1689

01:09:32,480 --> 01:09:29,550

know act because you know dark mandatory

1690

01:09:34,940 --> 01:09:32,490

GMO labeling efforts and see it would

1691

01:09:36,170 --> 01:09:34,950

preempt state level banded mandatory

1692

01:09:38,420 --> 01:09:36,180

labeling we're getting the federal

1693

01:09:41,000 --> 01:09:38,430

government involved here overruling any

1694

01:09:43,940 --> 01:09:41,010

state legislation that would would

1695

01:09:45,710 --> 01:09:43,950

declare that you know that they wouldn't

1696

01:09:47,180 --> 01:09:45,720

have to label these things and some

1697

01:09:49,760 --> 01:09:47,190

manufacturers are taking this upon

1698

01:09:52,190 --> 01:09:49,770

themselves ninety percent of people in

1699

01:09:55,100 --> 01:09:52,200

the country as survey what their foods

1700

01:09:57,350 --> 01:09:55,110

labeled GMOs are not GMOs and that's

1701

01:09:59,410 --> 01:09:57,360

going to cost billions of dollars again

1702

01:10:01,850 --> 01:09:59,420

and that's going to cut into profits so

1703

01:10:03,560 --> 01:10:01,860

yeah I right about that in the book diet

1704

01:10:06,100 --> 01:10:03,570

dietary intervention there's all kinds

1705

01:10:08,480 --> 01:10:06,110

of therapies the book isn't so much on

1706

01:10:11,209 --> 01:10:08,490

you know all the treatments available

1707

01:10:13,370 --> 01:10:11,219

but I do list all the organizations

1708

01:10:14,870 --> 01:10:13,380

that can link you or they can send you

1709

01:10:16,969 --> 01:10:14,880

or can personally help you or talk to

1710

01:10:20,930 --> 01:10:16,979

you through any interventions that you

1711

01:10:24,169 --> 01:10:20,940

may want to pursue to help your child

1712

01:10:27,739 --> 01:10:24,179

with autism my goodness you know it does

1713

01:10:30,200 --> 01:10:27,749

seem to come down to that at that you

1714

01:10:33,020 --> 01:10:30,210

know it's about looking out for yourself

1715

01:10:36,589 --> 01:10:33,030

and looking for what's natural you know

1716

01:10:40,520 --> 01:10:36,599

I have learned that there are several

1717

01:10:44,390 --> 01:10:40,530

countries that do not allow for GMOs to

1718

01:10:46,669 --> 01:10:44,400

be be created yeah 64 yeah let's count

1719

01:10:49,609 --> 01:10:46,679

and so here we are we allow um not only

1720

01:10:51,799 --> 01:10:49,619

at but we allow them not to be labeled

1721

01:10:53,870 --> 01:10:51,809

and that they're banned in 64 countries

1722

01:10:57,620 --> 01:10:53,880

so what what do they know that we don't

1723

01:10:59,989 --> 01:10:57,630

know yeah in India they had like 250,000

1724

01:11:02,359 --> 01:10:59,999

farmers commit suicide because of GMO

1725

01:11:04,040 --> 01:11:02,369

usage and some of them like a hundred

1726

01:11:07,700 --> 01:11:04,050

thousand of them committed suicide by

1727

01:11:09,620 --> 01:11:07,710

ingesting the herbicide Roundup to you

1728

01:11:11,870 --> 01:11:09,630

know which is glyphosate which is the

1729

01:11:14,899 --> 01:11:11,880

main ingredient is a GMO genetically

1730

01:11:16,700 --> 01:11:14,909

engineered things so I won't even have

1731

01:11:19,069 --> 01:11:16,710

time to get into that because we only

1732

01:11:21,469 --> 01:11:19,079

got like a few minutes left but uh but

1733

01:11:23,419 --> 01:11:21,479

that's in the book I based studies and

1734

01:11:25,100 --> 01:11:23,429

people that are whistleblowers put on

1735

01:11:27,620 --> 01:11:25,110

quote from on Santos that bring things

1736

01:11:29,390 --> 01:11:27,630

to light and there's so many things in

1737

01:11:30,919 --> 01:11:29,400

the book I don't mention but again it's

1738

01:11:32,509 --> 01:11:30,929

just enough to know just enough to whet

1739

01:11:35,419 --> 01:11:32,519

your whistle and and find out what's

1740

01:11:37,879 --> 01:11:35,429

going on definitely well tell people how

1741

01:11:39,439 --> 01:11:37,889

they can get a hold of you get a hold of

1742

01:11:42,379 --> 01:11:39,449

your book and how could they get an

1743

01:11:44,419 --> 01:11:42,389

autographed copy that's well yeah of

1744

01:11:46,399 --> 01:11:44,429

course trying day won't give you an

1745

01:11:48,080 --> 01:11:46,409

autographed copy a kindle won't give you

1746

01:11:49,850 --> 01:11:48,090

an autographed copy neither will amazon

1747

01:11:52,129 --> 01:11:49,860

but you can get a book in that in that

1748

01:11:54,080 --> 01:11:52,139

regard many people will if you want a

1749

01:11:55,939 --> 01:11:54,090

call in tonight because of the time but

1752

01:12:02,419 --> 01:12:00,030

she read the book and she was just

1753

01:12:05,569 --> 01:12:02,429

amazed and she gave it to every one of

1754

01:12:09,109 --> 01:12:05,579

her children and all she did was send

1755

01:12:13,430 --> 01:12:09,119

1756

book dedicated to anybody you want and a

1761

01:12:28,350 --> 01:12:25,720

portion of that will also go to the e

1762

01:12:30,300 --> 01:12:28,360

Jon Gabrus foundation which is locally

1763

01:12:33,210 --> 01:12:30,310

here that does good for people with

1764

01:12:35,790 --> 01:12:33,220

autism and families who have you know

1765

01:12:39,240 --> 01:12:35,800

children they love her autistic goodness

1766

01:12:43,500 --> 01:12:39,250

so you know it's it's really you know I

1767

01:12:46,260 --> 01:12:43,510

opening and nice to hear you know erent

1768

01:12:49,680 --> 01:12:46,270

you know not a scientist not a not a

1769

01:12:51,990 --> 01:12:49,690

doctor not you know but a person who

1770

01:12:54,000 --> 01:12:52,000

took the time to research and have the

1771

01:12:56,790 --> 01:12:54,010

passion to follow through the way that

1772

01:12:58,620 --> 01:12:56,800

you did in you know trying to make a

1773

01:13:00,840 --> 01:12:58,630

difference and you know open the eyes of

1774

01:13:03,240 --> 01:13:00,850

other parents and other people you know

1775

01:13:06,570 --> 01:13:03,250

in hopes of reducing the chances of

1776

01:13:08,910 --> 01:13:06,580

autism and occurring so I mean I really

1777

01:13:12,030 --> 01:13:08,920

commend you for your efforts and and the

1778

01:13:13,200 --> 01:13:12,040

fight will keep and continue yeah well

1779

01:13:16,080 --> 01:13:13,210

the thing is we had to keep beating the

1780

01:13:18,780 --> 01:13:16,090

drum and thank you for very generous

1781

01:13:20,910 --> 01:13:18,790

compliments and to me it wasn't anything

1782

01:13:22,350 --> 01:13:20,920

I'm doing to make myself better or make

1783

01:13:24,690 --> 01:13:22,360

money certainly not going to get rich

1784

01:13:26,970 --> 01:13:24,700

doing this but you know I realized that

1785

01:13:29,790 --> 01:13:26,980

there's an issue there's a problem and I

1786

01:13:31,320 --> 01:13:29,800

I just hope everybody gets a chance or

1787

01:13:33,030 --> 01:13:31,330

somebody gets a chance to look at this

1788

01:13:35,400 --> 01:13:33,040

if I can make a difference in one

1789

01:13:37,590 --> 01:13:35,410

percent of the people that that are

1790

01:13:39,660 --> 01:13:37,600

affected by this disorder or you know

1791

01:13:42,390 --> 01:13:39,670

just reach out to some people maybe

1792

01:13:44,580 --> 01:13:42,400

it'll make a change for some people yeah

1793

01:13:47,250 --> 01:13:44,590

we've got a few minutes left so I mean

1794

01:13:50,700 --> 01:13:47,260

if there is something that you know you

1795

01:13:53,280 --> 01:13:50,710

truly I mean I know that you want to

1796

01:13:56,010 --> 01:13:53,290

inform people that I mean with education

1797

01:14:00,270 --> 01:13:56,020

comes responsibility and do you think

1798

01:14:02,220 --> 01:14:00,280

that you know parents are not I mean so

1799

01:14:04,650 --> 01:14:02,230

you're given this information they know

1800

01:14:07,110 --> 01:14:04,660

that this these vaccines could

1801

01:14:10,020 --> 01:14:07,120

potentially cause problems but they go

1802

01:14:12,150 --> 01:14:10,030

ahead anyways I mean do you blame the

1803

01:14:14,490 --> 01:14:12,160

parent or do you I mean do you blame the

1804

01:14:16,320 --> 01:14:14,500

the pharmaceutical company do you do you

1805

01:14:18,030 --> 01:14:16,330

blame society because they're like you

1806

01:14:19,650 --> 01:14:18,040

better get your child vaccinated or

1807

01:14:22,470 --> 01:14:19,660

you're going to expose my child I mean

1808

01:14:24,600 --> 01:14:22,480

where do you point the finger we can

1809

01:14:26,770 --> 01:14:24,610

point fingers all we want but I think

1810

01:14:29,500 --> 01:14:26,780

it's our responsibility again as parents

1811

01:14:30,670 --> 01:14:29,510

to educate ourselves the writing this

1812

01:14:32,860 --> 01:14:30,680

book was the hardest thing I'll ever do

1813

01:14:35,680 --> 01:14:32,870

in my life i don't know that i'll write

1814

01:14:37,630 --> 01:14:35,690

this on this topic again unless you know

1815

01:14:41,470 --> 01:14:37,640

it i'd need a couple years to recover

1816

01:14:43,030 --> 01:14:41,480

from this it's hard right well of all

1817

01:14:44,560 --> 01:14:43,040

the information out there you have to

1818

01:14:46,120 --> 01:14:44,570

sift through what what is good what is

1819

01:14:49,000 --> 01:14:46,130

bad what is factual what is in factual

1820

01:14:51,220 --> 01:14:49,010

right and you know being it was the

1821

01:14:53,350 --> 01:14:51,230

hardest thing i'll ever do you know I

1822

01:14:55,240 --> 01:14:53,360

feel a sense of accomplishment and I

1823

01:14:56,800 --> 01:14:55,250

feel that you know I do have something

1824

01:14:58,990 --> 01:14:56,810

valuable to share with people and they

1825

01:15:00,970 --> 01:14:59,000

don't have to go through the heartache

1826

01:15:03,550 --> 01:15:00,980

that I did of 10,000 hours to just get a

1827

01:15:05,770 --> 01:15:03,560

little bit of information and and go

1828

01:15:08,020 --> 01:15:05,780

from there so it again it's just like a

1829

01:15:10,660 --> 01:15:08,030

quick owner's manual on what's going on

1830

01:15:14,080 --> 01:15:10,670

that's all it is and and it's it's it's

1831

01:15:16,240 --> 01:15:14,090

well-written uh and it's it's just it's

1832

01:15:18,100 --> 01:15:16,250

a great it's a great narrative and story

1833

01:15:20,200 --> 01:15:18,110

as well it's not just a book full of

1834

01:15:22,390 --> 01:15:20,210

facts and think what we already got some

1835

01:15:24,100 --> 01:15:22,400

suggestions in the chat room and as I

1836

01:15:27,310 --> 01:15:24,110

was suggesting you know sudden adult

1837

01:15:29,020 --> 01:15:27,320

death syndrome you know that's a topic

1838

01:15:31,480 --> 01:15:29,030

and people are saying follow it up with

1839

01:15:33,010 --> 01:15:31,490

a book on Alzheimer's disease i mean i

1840

01:15:34,660 --> 01:15:33,020

think you're going to find that a lot of

1841

01:15:37,420 --> 01:15:34,670

the research that you found in regards

1842

01:15:39,880 --> 01:15:37,430

to children you don't have have effects

1843

01:15:42,040 --> 01:15:39,890

on the adult population because you know

1844

01:15:44,590 --> 01:15:42,050

we get vaccines too and you know they

1845

01:15:46,570 --> 01:15:44,600

got hepatitis vaccination that they're

1846

01:15:48,690 --> 01:15:46,580

suggesting and there's the pneumonia

1847

01:15:52,000 --> 01:15:48,700

vaccine there's a flu vaccine i mean

1848

01:15:53,560 --> 01:15:52,010

there's a I mean there's several out

1849

01:15:55,300 --> 01:15:53,570

there there that are popping up that

1850

01:15:57,460 --> 01:15:55,310

they're saying get this for your teen so

1851

01:16:00,160 --> 01:15:57,470

they don't ever get this or get that and

1852

01:16:02,680 --> 01:16:00,170

it's like come on where does it end and

1853

01:16:05,170 --> 01:16:02,690

is it worth it i think i think the bug

1854

01:16:08,200 --> 01:16:05,180

is in you to not stop this fight in

1855

01:16:09,760 --> 01:16:08,210

general yeah hey listen I never wanted

1856

01:16:10,870 --> 01:16:09,770

to write a book on autism and I would

1857

01:16:13,180 --> 01:16:10,880

have laughed if he told me three years

1858

01:16:15,880 --> 01:16:13,190

ago you're gonna write one yeah I I

1859

01:16:17,860 --> 01:16:15,890

wanted to write a book you know not

1860

01:16:20,890 --> 01:16:17,870

anything but autism and once it got

1861

01:16:22,660 --> 01:16:20,900

involved and step by step I don't know

1862

01:16:24,610 --> 01:16:22,670

if people believe in divine intervention

1863

01:16:26,590 --> 01:16:24,620

or coincidence but I I subscribe to the

1864

01:16:29,050 --> 01:16:26,600

theory of divine intervention so oh we

1865

01:16:31,090 --> 01:16:29,060

do on this show too and yeah if people

1866

01:16:32,530 --> 01:16:31,100

are like the passion and his voice is so

1867

01:16:35,560 --> 01:16:32,540

convincing they're saying in the chat

1868

01:16:38,170 --> 01:16:35,570

room you've been marked this is it this

1869

01:16:39,800 --> 01:16:38,180

is this is your this is your your goal

1870

01:16:42,890 --> 01:16:39,810

in life your mission

1871

01:16:44,570 --> 01:16:42,900

yeah so be it right yeah exactly you

1872

01:16:47,240 --> 01:16:44,580

know I don't believe in coincidences I

1873

01:16:51,530 --> 01:16:47,250

think it will be yeah Moses never wanted

1874

01:16:53,600 --> 01:16:51,540

to free the people eater so I my

1875

01:16:56,900 --> 01:16:53,610

goodness and look at that that name goes

1876  
01:16:58,730 --> 01:16:56,910  
down in history right yeah my goodness

1877  
01:17:01,160 --> 01:16:58,740  
well you know I have to say your family

1878  
01:17:02,660 --> 01:17:01,170  
must be awfully proud and I mean what

1879  
01:17:05,060 --> 01:17:02,670  
are the odds your dad writes a book on

1880  
01:17:07,400 --> 01:17:05,070  
the topic and boom here you are your

1881  
01:17:09,980 --> 01:17:07,410  
first book is on the topic and your next

1882  
01:17:12,230 --> 01:17:09,990  
book it's gonna be something around the

1883  
01:17:13,640 --> 01:17:12,240  
this topic as well I just know you again

1884  
01:17:16,520 --> 01:17:13,650  
they have another one you can't stop

1885  
01:17:18,320 --> 01:17:16,530  
I've written I've got six published

1886  
01:17:19,790 --> 01:17:18,330  
books and I have like six more sitting

1887  
01:17:21,380 --> 01:17:19,800  
here waiting to be published it just it

1888  
01:17:25,820 --> 01:17:21,390

gets in your skin and you just keep

1889

01:17:27,110 --> 01:17:25,830

going but Johnny Micah I really I want

1890

01:17:28,510 --> 01:17:27,120

to thank you so much for coming on the

1891

01:17:30,740 --> 01:17:28,520

show tonight it was really a pleasure

1892

01:17:32,930 --> 01:17:30,750

well it's the pleasures been all mine

1893

01:17:35,300 --> 01:17:32,940

this is both humbling and and I are at

1894

01:17:36,890 --> 01:17:35,310

the same time oh my goodness I can't say

1895

01:17:38,660 --> 01:17:36,900

enough about about your show and the

1896

01:17:42,770 --> 01:17:38,670

good it does and the fact that I had

1897

01:17:44,810 --> 01:17:42,780

this this moment to speak oh are you

1898

01:17:46,700 --> 01:17:44,820

kidding me i was like what he's writing

1899

01:17:50,300 --> 01:17:46,710

on this I've got to get this guy on the

1900

01:17:52,220 --> 01:17:50,310

show hey truly truly wow just

1901

01:17:53,690 --> 01:17:52,230

fascinating thank you thank you and you

1902

01:17:55,250 --> 01:17:53,700

know what don't be surprised if I have

1903

01:17:57,230 --> 01:17:55,260

you come back on because I think people

1904

01:17:59,420 --> 01:17:57,240

are eating this up so maybe later on

1905

01:18:02,630 --> 01:17:59,430

I'll be bugging you again so we'll chat

1906

01:18:04,460 --> 01:18:02,640

on it some more so well yeah so you guys

1907

01:18:07,100 --> 01:18:04,470

once again we're coming to the

1908

01:18:08,330 --> 01:18:07,110

conclusion of another program remember

1909

01:18:10,580 --> 01:18:08,340

you could catch me here every Friday

1910

1911

01:18:13,640 --> 01:18:11,940

1912

01:18:15,350 --> 01:18:13,650

Outlander on inception radio network

1913

01:18:17,760 --> 01:18:15,360

remembering always if it's weird we're
