secret knowledge forbidden religion and

7
00:01:10,480 --> 00:00:27,660
shine a light on the conspiracies to

8
00:01:10,490 --> 00:01:18,690
welcome to night-vision radio

9
00:01:23,320 --> 00:01:21,160
hey everybody welcome to night vision

10
00:01:25,630 --> 00:01:23,330
radio happy you could join us this

11
00:01:29,230 --> 00:01:25,640
evening my goodness I'm so terribly

12
00:01:31,930 --> 00:01:29,240
sorry we got off to a late start the

13
00:01:34,960 --> 00:01:31,940

technical problems were just out of this

14

00:01:37,150 --> 00:01:34,970

world if I can use that term anyway it

15

00:01:40,810 --> 00:01:37,160

was really a while tonight you know we

16

00:01:42,719 --> 00:01:40,820

had a double bill for gas this evening

17

00:01:45,730 --> 00:01:42,729

and we're just having technical issues

18

00:01:49,990 --> 00:01:45,740

getting our UK guests so we're going to

19

00:01:52,120 --> 00:01:50,000

go forward with our one witness who is

20

00:01:54,609 --> 00:01:52,130

doing so much work and has done over the

21

00:01:57,790 --> 00:01:54,619

past several years but before we get to

22

00:02:01,060 --> 00:01:57,800

tonight's show I want to remind everyone

23

00:02:04,180 --> 00:02:01,070

to please if you are a music lover or

24

00:02:06,940 --> 00:02:04,190

especially if you are a songwriter or

25

00:02:09,759 --> 00:02:06,950

you know a good songwriter our friends

26

00:02:12,280 --> 00:02:09,769

over return of the troubadour calm are

27

00:02:16,630 --> 00:02:12,290

having a wonderful songwriting contest

28

00:02:19,740 --> 00:02:16,640

they're looking for a song that uplifts

29

00:02:22,539 --> 00:02:19,750

humanity or uplifts the person and

30

00:02:24,780 --> 00:02:22,549

they're willing to pay for that and the

31

00:02:27,270 --> 00:02:24,790

first prize I know it's an amazing

32

00:02:31,210 --> 00:02:27,280

collection of gold coins valued at

33

00:02:33,670 --> 00:02:31,220

\$5,000 so that's not to concede people

34

00:02:36,850 --> 00:02:33,680

anyway we're going to have some you know

35

00:02:38,500 --> 00:02:36,860

celebrity judges on the contest and it's

36

00:02:41,170 --> 00:02:38,510

going to be really great so please go

37

00:02:43,120 --> 00:02:41,180

over to return to to voter calm and also

38

00:02:45,220 --> 00:02:43,130

go to return of the troubadour on

39

00:02:46,630 --> 00:02:45,230

Facebook and like them please they're

40

00:02:49,390 --> 00:02:46,640

good people and they're doing good work

41

00:02:52,710 --> 00:02:49,400

they're just trying to promote positive

42

00:02:56,830 --> 00:02:52,720

change in the world now my guest tonight

43

00:03:00,400 --> 00:02:56,840

I was originally going to have on Larry

44

00:03:03,250 --> 00:03:00,410

Warren who's former u.s. airman who was

45

00:03:08,590 --> 00:03:03,260

stationed at Bentwaters Air Force Base

46

00:03:11,770 --> 00:03:08,600

Royal Air Force Base in England in 1980

47

00:03:15,460 --> 00:03:11,780

when some of you may be aware of a very

48

00:03:17,319 --> 00:03:15,470

strange incident that happened over a

49

00:03:20,680 --> 00:03:17,329

three-day period of time some very

50

00:03:25,000 --> 00:03:20,690

bizarre occurrences including lights and

51
00:03:27,780 --> 00:03:25,010
according to witnesses possibly alien

52
00:03:32,220 --> 00:03:27,790
beings or some sort of beings in

53
00:03:34,199 --> 00:03:32,230
in case and my guess who we were able to

54
00:03:35,789 --> 00:03:34,209
get on tonight John Burroughs has been

55
00:03:38,970 --> 00:03:35,799
at the heart of this issue since the

56
00:03:43,610 --> 00:03:38,980
very beginning he was also an airman at

57
00:03:47,309 --> 00:03:43,620
that time he is today a retired sergeant

58
00:03:50,880 --> 00:03:47,319
from the Air Force and he was stationed

59
00:03:52,679 --> 00:03:50,890
at Bentwaters and John thank you so much

60
00:03:56,490 --> 00:03:52,689
for coming I apologize I couldn't have

61
00:03:58,379 --> 00:03:56,500
your cohort on with us tonight thanks

62
00:03:59,670 --> 00:03:58,389
for having me yeah I'm sorry I was on

63
00:04:02,910 --> 00:03:59,680

the line when you guys were trying to

64

00:04:05,759 --> 00:04:02,920

work it out I know it's hard to get

65

00:04:08,220 --> 00:04:05,769

people from the UK and the other thing

66

00:04:11,759 --> 00:04:08,230

is is that this a new world as far as

67

00:04:14,550 --> 00:04:11,769

communications and Skype is it's well

68

00:04:16,409 --> 00:04:14,560

it's really odd because you know I mean

69

00:04:20,610 --> 00:04:16,419

I don't want to get conspiracy minded

70

00:04:22,830 --> 00:04:20,620

here you know I'm not generally but just

71

00:04:24,360 --> 00:04:22,840

the problems that were occurring as it

72

00:04:27,480 --> 00:04:24,370

was we were trying to reason they seemed

73

00:04:31,080 --> 00:04:27,490

really bizarre even to the plane of my

74

00:04:31,830 --> 00:04:31,090

skype what's messing up and I couldn't

75

00:04:33,899 --> 00:04:31,840

reboot it

76

00:04:35,670 --> 00:04:33,909

so that's never happened I've been on

77

00:04:38,040 --> 00:04:35,680

skype all day I was talking to a good

78

00:04:41,279 --> 00:04:38,050

friend of mine in France this afternoon

79

00:04:42,839 --> 00:04:41,289

and it was just absolutely fine and when

80

00:04:45,750 --> 00:04:42,849

I kept trying to pull it up I just kept

81

00:04:47,820 --> 00:04:45,760

getting a black screen and it's a you

82

00:04:50,370 --> 00:04:47,830

know could not launch so I don't know

83

00:04:53,070 --> 00:04:50,380

what what's going on there but maybe

84

00:04:57,240 --> 00:04:53,080

that's a coincidence then anyway it was

85

00:04:59,930 --> 00:04:57,250

an odd one but John for people that

86

00:05:02,969 --> 00:04:59,940

don't really know about the incident

87

00:05:06,300 --> 00:05:02,979

which may be quite a few know I mean I

88

00:05:08,460 --> 00:05:06,310

remember shortly after it happened

89

00:05:11,820 --> 00:05:08,470

hearing about it I was working at UFO

90

00:05:13,200 --> 00:05:11,830

magazine so naturally we were covering

91

00:05:16,170 --> 00:05:13,210

the story and that was my first

92

00:05:19,770 --> 00:05:16,180

encounter with Larry Warren which is

93

00:05:22,649 --> 00:05:19,780

that was already back in the early 90s

94

00:05:25,770 --> 00:05:22,659

maybe around 1990 so that had been 10

95

00:05:29,339 --> 00:05:25,780

years on but he was in Southern

96

00:05:31,339 --> 00:05:29,349

California at the time and I've always

97

00:05:33,020 --> 00:05:31,349

thought that it was the most amazing

98

00:05:36,930 --> 00:05:33,030

taste

99

00:05:39,839 --> 00:05:36,940

mostly because well certainly because

100

00:05:41,670 --> 00:05:39,849

what happened but mostly because of the

101

00:05:45,090 --> 00:05:41,680

witnesses that were there who

102

00:05:48,150 --> 00:05:45,100

all servicemen it was a security detail

103

00:05:51,390 --> 00:05:48,160

I mean these you would think would be

104

00:05:53,520 --> 00:05:51,400

sort of trained observers it wasn't like

105

00:05:55,560 --> 00:05:53,530

a bunch of guys out you know drinking

106

00:05:59,430 --> 00:05:55,570

again Asst you know in the field and

107

00:06:02,580 --> 00:05:59,440

seeing some white in the sky was it well

108

00:06:04,710 --> 00:06:02,590

no I mean we were the first night one

109

00:06:07,080 --> 00:06:04,720

the very first night we took happened

110

00:06:09,600 --> 00:06:07,090

yeah we were on duty and no we weren't

111

00:06:12,320 --> 00:06:09,610

drinking smoking or anything else it was

112

00:06:15,779 --> 00:06:12,330

about halfway through the shift so yeah

113

00:06:17,159 --> 00:06:15,789

I've always said it's interesting in

114

00:06:19,589 --> 00:06:17,169

fact I've talked about I just came back

115

00:06:21,960 --> 00:06:19,599

from the UK is yeah we have more

116

00:06:24,540 --> 00:06:21,970

training than the everyday guy working

117

00:06:26,490 --> 00:06:24,550

on the street but at the same time we

118

00:06:27,960 --> 00:06:26,500

weren't really trained you know we

119

00:06:29,460 --> 00:06:27,970

didn't have training and how to deal

120

00:06:32,010 --> 00:06:29,470

with what happened to us and what I mean

121

00:06:34,110 --> 00:06:32,020

by that is the experience we had was

122

00:06:36,360 --> 00:06:34,120

something that you don't deal with on a

123

00:06:42,930 --> 00:06:36,370

day-to-day basis even in security or law

124

00:06:47,159 --> 00:06:42,940

enforcement mm-hmm and can you just talk

125

00:06:50,279 --> 00:06:47,169

a little bit about what it was that that

126

00:06:54,659 --> 00:06:50,289

did occur I mean I know it started with

127

00:06:57,839 --> 00:06:54,669

with lights in the forest well okay yeah

128

00:06:59,790 --> 00:06:57,849

sure I'll go to it I didn't know how it

129

00:07:02,490 --> 00:06:59,800

started was about we came on duty

130

00:07:05,370 --> 00:07:02,500

Christmas night right before midnight so

131

00:07:08,100 --> 00:07:05,380

early in the hours of the 26th was his

132

00:07:10,100 --> 00:07:08,110

Boxing Day over there around 3 o'clock I

133

00:07:15,300 --> 00:07:10,110

was riding with my partner but Stefan's

134

00:07:18,180 --> 00:07:15,310

doing a perimeter check when when he saw

135

00:07:21,390 --> 00:07:18,190

it first and he later said to certain

136

00:07:23,939 --> 00:07:21,400

Penniston that it it landed it didn't

137

00:07:26,610 --> 00:07:23,949

crash that's in the book but but

138

00:07:28,770 --> 00:07:26,620

basically he saw something strange you

139

00:07:30,659 --> 00:07:28,780

know that was in the forest or coming

140

00:07:33,089 --> 00:07:30,669

into the forest I didn't see it actually

141

00:07:34,950 --> 00:07:33,099

when it first came in what he did when

142

00:07:37,620 --> 00:07:34,960

he got my attention I look forward I saw

143

00:07:40,050 --> 00:07:37,630

some strange lights in the forest from

144

00:07:41,700 --> 00:07:40,060

there what we did was we debated a

145

00:07:44,100 --> 00:07:41,710

little bit about what we wanted to do

146

00:07:47,129 --> 00:07:44,110

but it was close enough to the base that

147

00:07:49,499 --> 00:07:47,139

we thought we better check it out so we

148

00:07:52,080 --> 00:07:49,509

eventually departed the back gate at

149

00:07:54,330 --> 00:07:52,090

Eastgate down the service road that led

150

00:07:55,250 --> 00:07:54,340

back to Bentwaters I got out of the

151
00:07:56,960 --> 00:07:55,260
vehicle when I got

152
00:07:58,850 --> 00:07:56,970
things just didn't seem right to include

153
00:08:01,370 --> 00:07:58,860
there was like static electricity air

154
00:08:03,860 --> 00:08:01,380
and it was close enough to the edge of

155
00:08:05,540 --> 00:08:03,870
the forest itself that we decided we

156
00:08:08,390 --> 00:08:05,550
better get back up to they get caught in

157
00:08:10,400 --> 00:08:08,400
called it in they sent down the security

158
00:08:14,300 --> 00:08:10,410
supervisor to check it out also

159
00:08:16,760 --> 00:08:14,310
he saw the strange lights and from there

160
00:08:19,190 --> 00:08:16,770
contacted CSC and updated him on what

161
00:08:21,590 --> 00:08:19,200
was going on a decision was made to send

162
00:08:23,990 --> 00:08:21,600
three of us into the forest himself his

163
00:08:26,450 --> 00:08:24,000

writer and me we departed the base

164

00:08:28,480 --> 00:08:26,460

leaving our weapons with Sergeant

165

00:08:34,430 --> 00:08:28,490

Stefan's the other law enforcement role

166

00:08:39,080 --> 00:08:34,440

we got out into the forest we got out

167

00:08:43,159 --> 00:08:39,090

into the forest and and then we we went

168

00:08:45,110 --> 00:08:43,169

as far as we could actually and as we we

169

00:08:47,450 --> 00:08:45,120

got stopped in the vehicle we had to

170

00:08:50,030 --> 00:08:47,460

exit it we started going into forest

171

00:08:52,670 --> 00:08:50,040

towards whatever it was we finally got

172

00:08:54,620 --> 00:08:52,680

close enough to it did as we got came up

173

00:08:57,800 --> 00:08:54,630

over this berm down into an opening in

174

00:09:00,080 --> 00:08:57,810

the forest um the whole forest area lit

175

00:09:03,320 --> 00:09:00,090

up I hit the ground along with our

176

00:09:06,200 --> 00:09:03,330

Penniston and airman Caban sac um so our

177

00:09:08,450 --> 00:09:06,210

person was the closest to it and this is

178

00:09:10,520 --> 00:09:08,460

where we differ as far as what went on

179

00:09:11,750 --> 00:09:10,530

all I remember was the area getting

180

00:09:14,900 --> 00:09:11,760

really bright a bright white light

181

00:09:17,270 --> 00:09:14,910

hitting the area and then it seemed to

182

00:09:19,010 --> 00:09:17,280

dim down whatever it was lifted up into

183

00:09:21,230 --> 00:09:19,020

the sky and departed out towards the

184

00:09:23,120 --> 00:09:21,240

coast so iron Penniston obviously has

185

00:09:24,590 --> 00:09:23,130

gone into the fact that why all this was

186

00:09:28,250 --> 00:09:24,600

going on he was able to get up walk

187

00:09:29,600 --> 00:09:28,260

around it um stamp pictures of it he

188

00:09:32,030 --> 00:09:29,610

actually touched it it had a binary

189

00:09:34,310 --> 00:09:32,040

download he's even said as far as he

190

00:09:36,380 --> 00:09:34,320

tried to move it and then after that the

191

00:09:37,760 --> 00:09:36,390

light the lights had dimmed it during

192

00:09:40,010 --> 00:09:37,770

that point and it went up through the

193

00:09:41,960 --> 00:09:40,020

trees and departed out to the area we

194

00:09:43,880 --> 00:09:41,970

did pursue it a little bit further into

195

00:09:45,470 --> 00:09:43,890

the field actually when I just resolved

196

00:09:48,320 --> 00:09:45,480

I reconfirmed it was about five miles

197

00:09:56,510 --> 00:09:48,330

before we did we were called back to the

198

00:09:58,130 --> 00:09:56,520

base hmm now you said you know you each

199

00:10:00,080 --> 00:09:58,140

had different experiences well I mean I

200

00:10:03,920 --> 00:10:00,090

think that's always the case isn't it

201
00:10:06,020 --> 00:10:03,930
you know and I witness eyewitnesses to

202
00:10:08,450 --> 00:10:06,030
an event some people see some things

203
00:10:09,410 --> 00:10:08,460
other people see other things but do you

204
00:10:12,380 --> 00:10:09,420
think that

205
00:10:15,200 --> 00:10:12,390
it was meant to be a different

206
00:10:16,910 --> 00:10:15,210
experience for each person or do you

207
00:10:20,360 --> 00:10:16,920
think some people have sort of

208
00:10:29,390 --> 00:10:20,370
embellished on on what occurred I mean I

209
00:10:30,890 --> 00:10:29,400
don't I don't know the thing is is that

210
00:10:32,780 --> 00:10:30,900
I've done a lot of research over the

211
00:10:34,310 --> 00:10:32,790
last few years and there's some

212
00:10:36,950 --> 00:10:34,320
declassified documents that would

213
00:10:39,410 --> 00:10:36,960

explain why we chat different

214

00:10:40,880 --> 00:10:39,420

experiences you know not just three of

215

00:10:44,420 --> 00:10:40,890

us the first night but through the whole

216

00:10:47,150 --> 00:10:44,430

event you know it's uh it has to do with

217

00:10:48,620 --> 00:10:47,160

it's basically in the mo D documents

218

00:10:51,170 --> 00:10:48,630

that we're dealing with a phenomena

219

00:10:54,230 --> 00:10:51,180

disabled to affect how you see it and

220

00:10:56,870 --> 00:10:54,240

everything else so no I don't think

221

00:10:58,790 --> 00:10:56,880

anybody's embellished I think they've

222

00:11:04,270 --> 00:10:58,800

done the best that they can to explain

223

00:11:11,810 --> 00:11:09,590

well so and do you think that people

224

00:11:14,750 --> 00:11:11,820

were experiencing different feelings

225

00:11:16,610 --> 00:11:14,760

different sensations actually seeing

226

00:11:18,950 --> 00:11:16,620

different things or will you all pretty

227

00:11:21,260 --> 00:11:18,960

much seeing the same thing but then the

228

00:11:23,090 --> 00:11:21,270

experience change because like it's like

229

00:11:29,960 --> 00:11:23,100

you know Penniston did go up and touch

230

00:11:31,970 --> 00:11:29,970

it so that well I mean no I it's it's

231

00:11:34,730 --> 00:11:31,980

it's in these documents that when you

232

00:11:36,530 --> 00:11:34,740

get close to this it can affect or you

233

00:11:39,320 --> 00:11:36,540

know it affects you not only in memory

234

00:11:41,060 --> 00:11:39,330

or in time I mean everything else it's

235

00:11:49,070 --> 00:11:41,070

in these you know declassified documents

236

00:11:50,570 --> 00:11:49,080

in part secondo I'm sorry I mean you

237

00:11:53,270 --> 00:11:50,580

know a lot of people said well stories

238

00:11:55,310 --> 00:11:53,280

have changed well I mean there's little

239

00:11:56,390 --> 00:11:55,320

factors that you can say that people

240

00:11:58,070 --> 00:11:56,400

have said differently in different

241

00:12:01,430 --> 00:11:58,080

interviews and stuff I'm not arguing

242

00:12:03,260 --> 00:12:01,440

that but ultimately um there's a lot of

243

00:12:05,540 --> 00:12:03,270

people not only in the first night but

244

00:12:07,220 --> 00:12:05,550

the third night that have actually

245

00:12:08,510 --> 00:12:07,230

different memories and perceptions of

246

00:12:11,540 --> 00:12:08,520

what they saw and what they dealt with

247

00:12:13,940 --> 00:12:11,550

and by all means that's one of the

248

00:12:15,980 --> 00:12:13,950

things that I caught on to and have been

249

00:12:17,990 --> 00:12:15,990

working on and that's why I think it's

250

00:12:19,970 --> 00:12:18,000

important hopefully someday we can all

251
00:12:22,970 --> 00:12:19,980
sit down together and go over it because

252
00:12:24,410 --> 00:12:22,980
I think if you go into the papers and it

253
00:12:25,730 --> 00:12:24,420
thing else will start making better

254
00:12:28,340 --> 00:12:25,740
sense of it I don't know if it'll ever

255
00:12:31,220 --> 00:12:28,350
happen - probably won't but I mean

256
00:12:32,840 --> 00:12:31,230
everyone over the years like I said a

257
00:12:36,160 --> 00:12:32,850
lot of different people saw the same

258
00:12:37,810 --> 00:12:36,170
thing that they perceived a different

259
00:12:41,660 --> 00:12:37,820
Dandan

260
00:12:45,800 --> 00:12:41,670
now when you describe what happened that

261
00:12:50,000 --> 00:12:45,810
was the first night right yes and this

262
00:12:54,800 --> 00:12:50,010
happened over a 3:9 period what was

263
00:12:55,819 --> 00:12:54,810

going on during the day I mean we worked

264

00:13:01,340 --> 00:12:55,829

midnight shift

265

00:13:03,800 --> 00:13:01,350

when we got off after I went to bed I

266

00:13:05,660 --> 00:13:03,810

went back up there I did go back up to

267

00:13:07,879 --> 00:13:05,670

Saturday morning found out something at

268

00:13:09,319 --> 00:13:07,889

Friday night and then we all went out in

269

00:13:11,150 --> 00:13:09,329

the woods there's me and two other guys

270

00:13:13,040 --> 00:13:11,160

went out in the woods Saturday night to

271

00:13:14,990 --> 00:13:13,050

try and figure out good a better idea

272

00:13:16,610 --> 00:13:15,000

what was going on and that event on the

273

00:13:18,620 --> 00:13:16,620

third night had already started so I

274

00:13:20,480 --> 00:13:18,630

have no idea what went on during the day

275

00:13:22,850 --> 00:13:20,490

on Friday overall Sattar your study

276

00:13:23,960 --> 00:13:22,860

other than I know through reports after

277

00:13:25,430 --> 00:13:23,970

we went out there they brought the

278

00:13:27,500 --> 00:13:25,440

British police out they look around in

279

00:13:28,939 --> 00:13:27,510

the area and there's no doubt because of

280

00:13:30,800 --> 00:13:28,949

what was going on they were they were

281

00:13:34,129 --> 00:13:30,810

looking at this further but I can't say

282

00:13:38,000 --> 00:13:34,139

exactly how what took place now if this

283

00:13:40,519 --> 00:13:38,010

was investigated by the US military I

284

00:13:45,800 --> 00:13:40,529

would imagine and by the British

285

00:13:48,590 --> 00:13:45,810

military and also by the local points

286

00:13:51,110 --> 00:13:48,600

right well yeah the police were called

287

00:13:52,910 --> 00:13:51,120

out right after why we were out there on

288

00:13:54,680 --> 00:13:52,920

the first night they showed up as it was

289

00:13:57,920 --> 00:13:54,690

ending and then they were called back

290

00:14:00,170 --> 00:13:57,930

out later on Friday morning but as far

291

00:14:02,150 --> 00:14:00,180

as what their involvement was after that

292

00:14:03,889 --> 00:14:02,160

like I said I if the third that when I

293

00:14:06,110 --> 00:14:03,899

went out there that Saturday night into

294

00:14:07,910 --> 00:14:06,120

Sunday morning I was off-duty and I had

295

00:14:10,100 --> 00:14:07,920

no idea what was taking place was taking

296

00:14:11,960 --> 00:14:10,110

place until I got out there so I have no

297

00:14:14,329 --> 00:14:11,970

idea the long gistic behind who was

298

00:14:15,620 --> 00:14:14,339

exactly there I know we were out there

299

00:14:17,540 --> 00:14:15,630

but there may have been some other

300

00:14:19,370 --> 00:14:17,550

people also involved to a matter of

301

00:14:21,079 --> 00:14:19,380

factors reports from locals to say the

302

00:14:22,790 --> 00:14:21,089

British police had some roads blocked

303

00:14:27,129 --> 00:14:22,800

off and everything else but I wasn't

304

00:14:32,000 --> 00:14:27,139

privy to seeing any of that mm-hmm and

305

00:14:36,230 --> 00:14:32,010

after that first night you know how did

306

00:14:38,630 --> 00:14:36,240

you feel the next day well I mean

307

00:14:40,670 --> 00:14:38,640

it's point on I mean it didn't seem

308

00:14:42,980 --> 00:14:40,680

right in it was something I had never

309

00:14:45,199 --> 00:14:42,990

seen before or like I said a few minutes

310

00:14:48,079 --> 00:14:45,209

ago I was like yeah we may have training

311

00:14:49,610 --> 00:14:48,089

but it wasn't like it wasn't like that

312

00:14:54,310 --> 00:14:49,620

kind of training as far as dealing with

313

00:14:57,290 --> 00:14:54,320

something that bizarre like oh so I mean

314

00:15:00,800 --> 00:14:57,300

so I mean I I couldn't explain it

315

00:15:02,840 --> 00:15:00,810

I mean flat-out couldn't explain it knew

316

00:15:04,550 --> 00:15:02,850

that we knew we had a problem going back

317

00:15:06,860 --> 00:15:04,560

because we were on the force for a

318

00:15:09,560 --> 00:15:06,870

couple hours and at one point they lost

319

00:15:12,110 --> 00:15:09,570

contact with this for approximately 45

320

00:15:13,490 --> 00:15:12,120

minutes or longer so we were gonna have

321

00:15:15,350 --> 00:15:13,500

to do some explaining and we just

322

00:15:17,720 --> 00:15:15,360

couldn't we didn't have the answers we

323

00:15:20,720 --> 00:15:17,730

just saw something strange didn't know

324

00:15:22,370 --> 00:15:20,730

how to deal with it and didn't really

325

00:15:24,560 --> 00:15:22,380

want to deal with it and at least I did

326

00:15:27,139 --> 00:15:24,570

and I I you know like I said I was young

327

00:15:28,610 --> 00:15:27,149

kid that was enjoying life and this was

328

00:15:30,800 --> 00:15:28,620

something I wasn't expecting to have

329

00:15:32,750 --> 00:15:30,810

happen and there was really no logical

330

00:15:34,970 --> 00:15:32,760

answer for what I saw what we were

331

00:15:36,590 --> 00:15:34,980

dealing with and and then the times in

332

00:15:38,240 --> 00:15:36,600

the military you know this kind of stuff

333

00:15:40,430 --> 00:15:38,250

wasn't a good thing anyway because I

334

00:15:42,889 --> 00:15:40,440

mean it was already you don't explain

335

00:15:44,480 --> 00:15:42,899

which led to UFOs stories coming out and

336

00:15:46,310 --> 00:15:44,490

stuff and when you can't come in and

337

00:15:48,139 --> 00:15:46,320

explain what happened it just doesn't

338

00:15:50,150 --> 00:15:48,149

you know doesn't bounce well you know

339

00:15:52,699 --> 00:15:50,160

period for anything that's going on

340

00:15:57,079 --> 00:15:52,709

no there were there were nuclear

341

00:15:59,090 --> 00:15:57,089

missiles on that base Ryder III will go

342

00:16:03,319 --> 00:15:59,100

into what the ordinates were the base oh

343

00:16:07,370 --> 00:16:03,329

I see are you still under some kind of

344

00:16:10,340 --> 00:16:07,380

directives confidentiality well all I

345

00:16:13,280 --> 00:16:10,350

can tell you about it answer it this way

346

00:16:16,130 --> 00:16:13,290

there are certain things no matter where

347

00:16:18,620 --> 00:16:16,140

you're located at that you're not

348

00:16:20,480 --> 00:16:18,630

supposed to talk about so and that

349

00:16:22,310 --> 00:16:20,490

doesn't end you know just because you

350

00:16:25,100 --> 00:16:22,320

leave the base so you do sign paperwork

351

00:16:28,069 --> 00:16:25,110

and you it's called national security

352

00:16:32,030 --> 00:16:28,079

and you have to follow those rules there

353

00:16:35,720 --> 00:16:32,040

are tones isn't that base now gone yeah

354

00:16:37,430 --> 00:16:35,730

the business it's not there anymore so

355

00:16:40,730 --> 00:16:37,440

in being as a matter of national

356

00:16:42,470 --> 00:16:40,740

security or would it be still I mean

357

00:16:45,140 --> 00:16:42,480

national security covers a broad

358

00:16:47,660 --> 00:16:45,150

spectrum of things but ultimately they

359

00:16:49,730 --> 00:16:47,670

when you're at a base if there's a

360

00:16:51,530 --> 00:16:49,740

directive put down on a certain

361

00:16:53,750 --> 00:16:51,540

things involving that base no matter

362

00:16:55,610 --> 00:16:53,760

where the closes are not later until

363

00:16:57,560 --> 00:16:55,620

whatever is going on there's

364

00:17:01,280 --> 00:16:57,570

Declassified you're not allowed to talk

365

00:17:02,780 --> 00:17:01,290

about I understand like my son was in

366

00:17:05,360 --> 00:17:02,790

the Air Force for ten years and he

367

00:17:08,750 --> 00:17:05,370

worked in a vault inside a vault and I

368

00:17:15,020 --> 00:17:08,760

still don't know what he did so I I

369

00:17:18,080 --> 00:17:15,030

totally get it but no okay so you you

370

00:17:20,330 --> 00:17:18,090

went out in and you're working at night

371

00:17:23,210 --> 00:17:20,340

obviously this all happened and at night

372

00:17:25,880 --> 00:17:23,220

you went back eventually did you get

373

00:17:28,090 --> 00:17:25,890

some sleep after the perk first incident

374

00:17:31,130 --> 00:17:28,100

or were you just completely

375

00:17:33,320 --> 00:17:31,140

discombobulated no I was available to

376

00:17:35,300 --> 00:17:33,330

eventually fall asleep I mean it was the

377

00:17:36,710 --> 00:17:35,310

first day of break you know we do you

378

00:17:37,430 --> 00:17:36,720

know sometimes I stayed up sometimes I

379

00:17:39,350 --> 00:17:37,440

went to sleep

380

00:17:41,180 --> 00:17:39,360

I stayed up for a while and stuff and

381

00:17:43,400 --> 00:17:41,190

then later on the afternoon I went sleep

382

00:17:48,560 --> 00:17:43,410

and I slept through early in the morning

383

00:17:51,530 --> 00:17:48,570

on Saturday and then you got up and you

384

00:17:54,950 --> 00:17:51,540

were back on duty again no I was off

385

00:17:57,350 --> 00:17:54,960

duty I went up to the morning just got

386

00:17:59,120 --> 00:17:57,360

up and went up to the base and I went up

387

00:18:01,220 --> 00:17:59,130

to the desk when I got up on the base

388

00:18:03,020 --> 00:18:01,230

and the guy told me did something

389

00:18:05,180 --> 00:18:03,030

strange happen the next night you know

390

00:18:07,550 --> 00:18:05,190

Friday night Saturday morning you know

391

00:18:09,500 --> 00:18:07,560

he was kind of joking around me and at

392

00:18:11,900 --> 00:18:09,510

that point I was like a kid mean I took

393

00:18:13,280 --> 00:18:11,910

a look at the report he briefed me kind

394

00:18:15,410 --> 00:18:13,290

of what was going on you know talking

395

00:18:18,650 --> 00:18:15,420

gave me an idea what happened and that

396

00:18:20,060 --> 00:18:18,660

was when I really was like wow I mean we

397

00:18:23,060 --> 00:18:20,070

went back out there Friday morning we

398

00:18:25,820 --> 00:18:23,070

saw some damage to the area so it was

399

00:18:28,250 --> 00:18:25,830

like it went from what I saw which was

400

00:18:29,930 --> 00:18:28,260

just light - there have been some damage

401
00:18:33,260 --> 00:18:29,940
and then you hear some more stuff went

402
00:18:35,060 --> 00:18:33,270
on now you was even more intrigued in I

403
00:18:36,350 --> 00:18:35,070
said well I went over to the dorm and I

404
00:18:38,390 --> 00:18:36,360
found a couple of my friends I was

405
00:18:40,550 --> 00:18:38,400
working with and I told him what

406
00:18:43,040 --> 00:18:40,560
happened and we decided ourselves not

407
00:18:44,870 --> 00:18:43,050
knowing something else happen again to

408
00:18:46,220 --> 00:18:44,880
go ahead and go out and try to get an

409
00:18:47,990 --> 00:18:46,230
idea what we were dealing with

410
00:18:50,000 --> 00:18:48,000
I mean Colonel Hall likes to say when he

411
00:18:51,650 --> 00:18:50,010
went out there to bunk it I wasn't going

412
00:18:53,360 --> 00:18:51,660
out through the bunk anything I was just

413
00:18:55,190 --> 00:18:53,370

going to go out try to make some sense

414

00:18:56,930 --> 00:18:55,200

of what was going on you know what had

415

00:18:58,850 --> 00:18:56,940

happened to us the first night then it

416

00:19:00,200 --> 00:18:58,860

happened again which you know normally

417

00:19:02,250 --> 00:19:00,210

doesn't happen you don't have strange

418

00:19:06,300 --> 00:19:02,260

occurrences two nights or let alone

419

00:19:08,550 --> 00:19:06,310

three exactly now I mean the reason I

420

00:19:11,090 --> 00:19:08,560

was actually asking about the missiles

421

00:19:13,710 --> 00:19:11,100

was because now I don't know if this was

422

00:19:17,000 --> 00:19:13,720

true or something that was just going

423

00:19:20,640 --> 00:19:17,010

around at the time but I can remember

424

00:19:23,970 --> 00:19:20,650

hearing that the some of those things

425

00:19:26,130 --> 00:19:23,980

had been disabled by whatever they felt

426

00:19:29,670 --> 00:19:26,140

by whatever this experience was or

427

00:19:31,110 --> 00:19:29,680

doesn't that was well I mean there has

428

00:19:33,120 --> 00:19:31,120

been stuff put out I mean Robert

429

00:19:35,790 --> 00:19:33,130

Hastings does a lot of work on the

430

00:19:38,850 --> 00:19:35,800

connection with UFOs and nuclear weapons

431

00:19:40,920 --> 00:19:38,860

and he's supposedly uncovered some

432

00:19:43,980 --> 00:19:40,930

officer that wouldn't give his name but

433

00:19:45,390 --> 00:19:43,990

said that there was some kind of

434

00:19:47,480 --> 00:19:45,400

activity that took place with the

435

00:19:49,590 --> 00:19:47,490

ordinance which caused some problems

436

00:19:51,000 --> 00:19:49,600

Colonel Hall is going to step further

437

00:19:53,100 --> 00:19:51,010

and said he talked to that guy named

438

00:19:55,530 --> 00:19:53,110

believes him Colonel Hall it's also at

439

00:19:57,750 --> 00:19:55,540

different times mentioned I think he did

440

00:19:59,520 --> 00:19:57,760

a Hastings conference that something

441

00:20:02,490 --> 00:19:59,530

beamed down into the weapons storage

442

00:20:05,100 --> 00:20:02,500

area and it cost versa FEX on the

443

00:20:07,950 --> 00:20:05,110

ordinance there but I mean as far as

444

00:20:10,650 --> 00:20:07,960

that goes I have no direct knowledge of

445

00:20:12,330 --> 00:20:10,660

what did or didn't happen as far as if

446

00:20:14,400 --> 00:20:12,340

anything did directly happen to your

447

00:20:15,680 --> 00:20:14,410

soar now I'm just basing it on here

448

00:20:21,150 --> 00:20:15,690

saying what I was told

449

00:20:23,640 --> 00:20:21,160

yeah and okay so you go out there ii the

450

00:20:25,410 --> 00:20:23,650

day after the first incident in your you

451
00:20:28,620 --> 00:20:25,420
see some damage done you see some

452
00:20:30,780 --> 00:20:28,630
evidence that something did occur out

453
00:20:34,320 --> 00:20:30,790
there in the forest and the forest where

454
00:20:36,600 --> 00:20:34,330
this occurred was actually adjacent to

455
00:20:45,780 --> 00:20:36,610
the base right it wasn't on the base it

456
00:20:47,750 --> 00:20:45,790
was but public land the British

457
00:20:50,790 --> 00:20:47,760
government

458
00:20:52,560 --> 00:20:50,800
now I'm not sure I believe it still was

459
00:20:54,330 --> 00:20:52,570
it belonged to the forest division back

460
00:20:56,970 --> 00:20:54,340
then but I don't want to say it didn't

461
00:20:57,840 --> 00:20:56,980
it did but basically it would have been

462
00:21:00,480 --> 00:20:57,850
British land

463
00:21:02,280 --> 00:21:00,490

yes public you know federal I we say

464

00:21:04,950 --> 00:21:02,290

federal but you know belonging to their

465

00:21:07,170 --> 00:21:04,960

government is one of the to one of the

466

00:21:09,330 --> 00:21:07,180

two things that yeah we were off base

467

00:21:11,010 --> 00:21:09,340

and that's one of the points we never

468

00:21:13,140 --> 00:21:11,020

would have been allowed to go off in the

469

00:21:15,990 --> 00:21:13,150

first place on the first night because

470

00:21:18,060 --> 00:21:16,000

it was still op AIDS except for the fact

471

00:21:19,980 --> 00:21:18,070

I didn't bring up was the fact that

472

00:21:21,840 --> 00:21:19,990

during all the conversations going back

473

00:21:24,120 --> 00:21:21,850

forth on how to deal with it reported

474

00:21:25,560 --> 00:21:24,130

and everything they actually checked in

475

00:21:27,330 --> 00:21:25,570

with radar and they got a couple

476
00:21:30,750 --> 00:21:27,340
confirmations from a couple different

477
00:21:32,700 --> 00:21:30,760
things that they saw something red or

478
00:21:36,480 --> 00:21:32,710
disappear just outside our perimeter in

479
00:21:39,030 --> 00:21:36,490
the forest so after some consultation to

480
00:21:41,430 --> 00:21:39,040
shift commander made the call to send us

481
00:21:43,470 --> 00:21:41,440
out into the forest to see if you know

482
00:21:46,080 --> 00:21:43,480
an airplane or something crashed because

483
00:21:47,820 --> 00:21:46,090
it was lost on radar otherwise we never

484
00:21:49,350 --> 00:21:47,830
would have loved the base there was not

485
00:21:50,940 --> 00:21:49,360
a direct threat at that moment to the

486
00:21:52,260 --> 00:21:50,950
base but the fact that something may

487
00:21:55,370 --> 00:21:52,270
have crashed is the reason why we were

488
00:21:57,150 --> 00:21:55,380

allowed to go out and investigate hmm

489

00:22:01,620 --> 00:21:57,160

interesting

490

00:22:02,960 --> 00:22:01,630

and then okay so the second night you

491

00:22:06,330 --> 00:22:02,970

stayed on base

492

00:22:08,100 --> 00:22:06,340

no I what I did was okay I'll split it

493

00:22:10,020 --> 00:22:08,110

up the first night we came on duty on

494

00:22:12,840 --> 00:22:10,030

the 25th the incident happened in early

495

00:22:14,670 --> 00:22:12,850

in the morning at 26 the second night we

496

00:22:16,140 --> 00:22:14,680

went on break Friday morning after that

497

00:22:18,090 --> 00:22:16,150

we were off Friday Saturday and Sunday

498

00:22:19,830 --> 00:22:18,100

the second night the shift that was on

499

00:22:22,470 --> 00:22:19,840

swing shift the night we were on meds

500

00:22:24,330 --> 00:22:22,480

took over meds well they had an incident

501
00:22:26,670 --> 00:22:24,340
where they saw strange lights from what

502
00:22:28,860 --> 00:22:26,680
I was told the shift commander and the

503
00:22:30,180 --> 00:22:28,870
on duty flights you start bottling or

504
00:22:32,490 --> 00:22:30,190
going back up during the third night

505
00:22:34,380 --> 00:22:32,500
also went out to investigate at one

506
00:22:36,450 --> 00:22:34,390
point there were some blue lights that

507
00:22:37,560 --> 00:22:36,460
they were observing one of them went

508
00:22:40,470 --> 00:22:37,570
through the vehicle the shift commander

509
00:22:42,420 --> 00:22:40,480
was in shut off to shut the vehicle down

510
00:22:44,640 --> 00:22:42,430
which freaked her out you know upset her

511
00:22:48,330 --> 00:22:44,650
and she went home she was caught what's

512
00:22:49,800 --> 00:22:48,340
called word leave to duty she she went

513
00:22:50,940 --> 00:22:49,810

off duty the rest of the night I wasn't

514

00:22:52,110 --> 00:22:50,950

on duty the next night because she

515

00:22:54,270 --> 00:22:52,120

should have been out there on the next

516

00:22:56,430 --> 00:22:54,280

night and there's some people that have

517

00:22:58,590 --> 00:22:56,440

confirmed this besides what I heard that

518

00:22:59,970 --> 00:22:58,600

they were on duty that night and they

519

00:23:01,650 --> 00:22:59,980

actually heard you shift commander out

520

00:23:03,390 --> 00:23:01,660

there act you know on the radio I can

521

00:23:05,400 --> 00:23:03,400

scare there's been an investigation of

522

00:23:08,040 --> 00:23:05,410

that so I was the second night the third

523

00:23:10,830 --> 00:23:08,050

night was on Saturday night going into

524

00:23:12,450 --> 00:23:10,840

Sunday morning and there was already a

525

00:23:14,280 --> 00:23:12,460

couple people out there so our nevels

526
00:23:17,760 --> 00:23:14,290
and the lieutenant England we're already

527
00:23:19,830 --> 00:23:17,770
out there snooping around and of her

528
00:23:22,320 --> 00:23:19,840
Colonel Conrad to voice our nevels tells

529
00:23:24,870 --> 00:23:22,330
it and then more life showed up they

530
00:23:27,630 --> 00:23:24,880
came back onto the base notified there's

531
00:23:29,640 --> 00:23:27,640
a wing party going on notified them

532
00:23:31,230 --> 00:23:29,650
commander the base commander and the

533
00:23:33,450 --> 00:23:31,240
Wing Commander did something was going

534
00:23:34,860 --> 00:23:33,460
on again colonel how it was picked and

535
00:23:35,520 --> 00:23:34,870
he picked a few people to go out into

536
00:23:37,980 --> 00:23:35,530
the forest

537
00:23:40,560 --> 00:23:37,990
Colonel halts word was words are he was

538
00:23:42,330 --> 00:23:40,570

out there to debunk it so he went out

539

00:23:43,770 --> 00:23:42,340

there but after he was finished it

540

00:23:50,750 --> 00:23:43,780

changed his whole world of reality

541

00:23:53,550 --> 00:23:50,760

according to him so well now at the time

542

00:23:56,430 --> 00:23:53,560

there are a lot of people a lot of

543

00:24:00,330 --> 00:23:56,440

airmen you know a good number of people

544

00:24:03,870 --> 00:24:00,340

who were witnessing this and did they

545

00:24:06,870 --> 00:24:03,880

all talk at the time or was there

546

00:24:09,840 --> 00:24:06,880

already you know with the lid already

547

00:24:12,810 --> 00:24:09,850

being put down on this thing were you

548

00:24:16,350 --> 00:24:12,820

told not to say anything or were you

549

00:24:19,680 --> 00:24:16,360

asked what you saw well for as far as it

550

00:24:21,750 --> 00:24:19,690

went with me I mean we when we when we

551
00:24:23,820 --> 00:24:21,760
when we went up in size shift commander

552
00:24:25,290 --> 00:24:23,830
right afterwards he's told us that

553
00:24:27,290 --> 00:24:25,300
Friday morning we probably have to write

554
00:24:30,210 --> 00:24:27,300
something down but we went on break um

555
00:24:32,340 --> 00:24:30,220
Monday I was informed to write a

556
00:24:34,260 --> 00:24:32,350
statement which I did and sorry

557
00:24:38,100 --> 00:24:34,270
Penniston and airman commands tech also

558
00:24:40,050 --> 00:24:38,110
wrote some I think the the flight chief

559
00:24:42,120 --> 00:24:40,060
our security flight chief and shift

560
00:24:44,730 --> 00:24:42,130
commander wrote statements each on the

561
00:24:47,730 --> 00:24:44,740
incident because they had to justify why

562
00:24:50,190 --> 00:24:47,740
we left the base so you know over the

563
00:24:51,570 --> 00:24:50,200

years I'm not sure how many other people

564

00:24:53,880 --> 00:24:51,580

wrote statements there's been different

565

00:24:55,590 --> 00:24:53,890

people saying they did I didn't see him

566

00:24:57,780 --> 00:24:55,600

I didn't say they did but those haven't

567

00:24:59,430 --> 00:24:57,790

seen the light of day the ones who saw

568

00:25:00,350 --> 00:24:59,440

the light of day were the shift

569

00:25:04,050 --> 00:25:00,360

commanders

570

00:25:05,340 --> 00:25:04,060

and the security flight chief myself

571

00:25:08,280 --> 00:25:05,350

said I'm Penniston and airman command

572

00:25:10,860 --> 00:25:08,290

Zak um I I know for a fact what I

573

00:25:12,930 --> 00:25:10,870

remember was going in rudder statements

574

00:25:15,510 --> 00:25:12,940

saw Colonel Hall went into Colonel

575

00:25:17,940 --> 00:25:15,520

Conrad's eventually ended up in general

576

00:25:20,130 --> 00:25:17,950

or Colonel Williams office handed a

577

00:25:24,180 --> 00:25:20,140

statements over started Penniston did a

578

00:25:26,220 --> 00:25:24,190

basic he told each level he was on doing

579

00:25:27,870 --> 00:25:26,230

the talking he was a guy that was in

580

00:25:29,910 --> 00:25:27,880

charge of his Staff Sergeant we were

581

00:25:31,890 --> 00:25:29,920

just Airmen and we were happy to let him

582

00:25:33,150 --> 00:25:31,900

do that that story protocol was anyway

583

00:25:35,190 --> 00:25:33,160

and

584

00:25:36,960 --> 00:25:35,200

but there's been different people you

585

00:25:39,700 --> 00:25:36,970

know that said they were brought in and

586

00:25:41,710 --> 00:25:39,710

you know interrogated

587

00:25:43,960 --> 00:25:41,720

so I'm Penniston under hypnosis brings

588

00:25:45,940 --> 00:25:43,970

it up so there was a definitely

589

00:25:47,860 --> 00:25:45,950

investigation went on afterwards and

590

00:25:49,840 --> 00:25:47,870

there's no doubt it peers some people

591

00:25:52,480 --> 00:25:49,850

we're interrogating to do including

592

00:25:55,180 --> 00:25:52,490

possible sodium pentathol Ameth all were

593

00:26:02,310 --> 00:25:55,190

used to try to uncover what happened to

594

00:26:05,620 --> 00:26:02,320

us well and okay so we're we're now

595

00:26:10,150 --> 00:26:05,630

after the second night you must have

596

00:26:13,240 --> 00:26:10,160

surely just totally have been had your

597

00:26:18,520 --> 00:26:13,250

mind blown because it didn't happen once

598

00:26:20,650 --> 00:26:18,530

it happened again and coming up on the

599

00:26:23,500 --> 00:26:20,660

third night really sort of expecting

600

00:26:27,010 --> 00:26:23,510

something or were you looking for it by

601
00:26:28,900 --> 00:26:27,020
this time well no like I said it blew me

602
00:26:30,940 --> 00:26:28,910
away did something happen again I found

603
00:26:32,770 --> 00:26:30,950
out about it and what we were going to

604
00:26:34,480 --> 00:26:32,780
try to do was simply go out there not

605
00:26:37,150 --> 00:26:34,490
like I said we weren't you I don't use

606
00:26:39,040 --> 00:26:37,160
bonk I just said well first night we got

607
00:26:40,360 --> 00:26:39,050
caught up in and what I mean by that was

608
00:26:42,549 --> 00:26:40,370
we want you to do something happen we

609
00:26:44,140 --> 00:26:42,559
had react what I was hoping to do that

610
00:26:45,340 --> 00:26:44,150
night was to go out there and calmly

611
00:26:46,630 --> 00:26:45,350
walk through everything and it's not

612
00:26:49,210 --> 00:26:46,640
like we were out of control the first

613
00:26:50,770 --> 00:26:49,220

night per se but you know it you had to

614

00:26:52,960 --> 00:26:50,780

react to something you have any time to

615

00:26:55,299 --> 00:26:52,970

think about it prepare for it so we went

616

00:26:56,590 --> 00:26:55,309

out did our job but that on the third

617

00:26:58,720 --> 00:26:56,600

night what I was planning on doing was

618

00:26:59,320 --> 00:26:58,730

going out to it goes real slow step by

619

00:27:01,600 --> 00:26:59,330

step

620

00:27:04,150 --> 00:27:01,610

being able to survey the area look at

621

00:27:05,590 --> 00:27:04,160

the whole area and take a hard look at

622

00:27:07,419 --> 00:27:05,600

you know what we were dealing with them

623

00:27:08,799 --> 00:27:07,429

but when I got out there the stuff had

624

00:27:13,390 --> 00:27:08,809

already started they were already having

625

00:27:15,280 --> 00:27:13,400

stuff going on so so yeah so I wasn't

626
00:27:18,040 --> 00:27:15,290
expecting anything again and like I said

627
00:27:20,950 --> 00:27:18,050
even after the first night my viewpoint

628
00:27:24,669 --> 00:27:20,960
on it was I couldn't explain it but and

629
00:27:26,500 --> 00:27:24,679
I and I wasn't happy that happen but you

630
00:27:27,790 --> 00:27:26,510
know I didn't expect anything to find

631
00:27:29,799 --> 00:27:27,800
out the second or third that would

632
00:27:31,210 --> 00:27:29,809
happen and I mean now through the years

633
00:27:33,130 --> 00:27:31,220
I found out stuff had happened before

634
00:27:34,750 --> 00:27:33,140
our event people had seen stuff

635
00:27:36,370 --> 00:27:34,760
different people have come forward and

636
00:27:38,650 --> 00:27:36,380
then there's been stuff going on to this

637
00:27:42,040 --> 00:27:38,660
very day strange activity in the forest

638
00:27:44,110 --> 00:27:42,050

out there still there do you think it

639

00:27:47,290 --> 00:27:44,120

has something to do with you know sort

640

00:27:49,450 --> 00:27:47,300

of the geophysical makeup of that area

641

00:27:51,970 --> 00:27:49,460

for some reasons you know dislike you

642

00:27:53,520 --> 00:27:51,980

know people claim that certain areas are

643

00:27:56,300 --> 00:27:53,530

power supplies and

644

00:27:59,160 --> 00:27:56,310

maybe you know tell your it currents

645

00:28:01,080 --> 00:27:59,170

that are very powerful in certain areas

646

00:28:03,690 --> 00:28:01,090

things like that do you think it has

647

00:28:04,980 --> 00:28:03,700

something to do with that area or do you

648

00:28:08,280 --> 00:28:04,990

think it has something to do with the

649

00:28:11,370 --> 00:28:08,290

airbase well I mean it's still going on

650

00:28:14,490 --> 00:28:11,380

so obviously I mean if it's still going

651

00:28:15,900 --> 00:28:14,500

after the base closes I think there's

652

00:28:18,180 --> 00:28:15,910

some other person once there was some

653

00:28:20,880 --> 00:28:18,190

kind of contamination from the base

654

00:28:23,100 --> 00:28:20,890

well no no there's uh what's interesting

655

00:28:24,930 --> 00:28:23,110

is the investigation that I've been

656

00:28:26,190 --> 00:28:24,940

conducting and going on and I just found

657

00:28:29,760 --> 00:28:26,200

some more stuff out when I was over in

658

00:28:31,920 --> 00:28:29,770

the UK this past weekend um is there's

659

00:28:34,410 --> 00:28:31,930

one thing and I kind of try to break it

660

00:28:36,210 --> 00:28:34,420

down step by step number one there was

661

00:28:38,340 --> 00:28:36,220

facilities out there that were

662

00:28:39,690 --> 00:28:38,350

conducting what I call they're called a

663

00:28:42,150 --> 00:28:39,700

special access programs they were

664

00:28:44,370 --> 00:28:42,160

clearly working on military weaponry

665

00:28:45,570 --> 00:28:44,380

now in saying that does that mean I'm

666

00:28:47,670 --> 00:28:45,580

saying what happened to us was all

667

00:28:49,980 --> 00:28:47,680

military know what I'm trying to say is

668

00:28:52,800 --> 00:28:49,990

it started back earlier on Cobra miss

669

00:28:54,960 --> 00:28:52,810

was located there it was a highly

670

00:28:57,330 --> 00:28:54,970

developed over the horizon radar they

671

00:28:58,950 --> 00:28:57,340

were working on and they had problems

672

00:29:00,660 --> 00:28:58,960

with it and it didn't work right and

673

00:29:02,070 --> 00:29:00,670

they spent a lot of money and I don't

674

00:29:04,320 --> 00:29:02,080

want to give a figure of me wrong but it

675

00:29:05,790 --> 00:29:04,330

was a lot of money back then and they

676

00:29:07,200 --> 00:29:05,800

couldn't get it to work right and the

677

00:29:09,210 --> 00:29:07,210

the reasoning behind it was there was

678

00:29:12,110 --> 00:29:09,220

inland interference they brought a team

679

00:29:16,290 --> 00:29:12,120

from SR I Stanford Research and see that

680

00:29:18,450 --> 00:29:16,300

are you still there alright that's okay

681

00:29:20,520 --> 00:29:18,460

they brought a team in to look at the

682

00:29:22,830 --> 00:29:20,530

cause of it and they identified in in my

683

00:29:24,390 --> 00:29:22,840

problem they shut the thing down was

684

00:29:26,670 --> 00:29:24,400

like I said they never got an

685

00:29:28,200 --> 00:29:26,680

operationally operational but they kept

686

00:29:29,790 --> 00:29:28,210

Stanford Research Institute they're

687

00:29:31,590 --> 00:29:29,800

working on some stuff there was a

688

00:29:34,590 --> 00:29:31,600

facility that's still there today called

689

00:29:36,300 --> 00:29:34,600

Mars from Heath now it was BT it was

690

00:29:37,920 --> 00:29:36,310

British and American the American parts

691

00:29:40,380 --> 00:29:37,930

closed with the British site still there

692

00:29:42,780 --> 00:29:40,390

so they were working on stuff and it

693

00:29:45,090 --> 00:29:42,790

goes really deep into this to include

694

00:29:46,200 --> 00:29:45,100

the fact that you know some people say

695

00:29:48,840 --> 00:29:46,210

they were taken to an underground

696

00:29:50,550 --> 00:29:48,850

facility and what's interesting is there

697

00:29:52,980 --> 00:29:50,560

was a couple people have commented it's

698

00:29:53,850 --> 00:29:52,990

not possible and are they my name is

699

00:29:56,400 --> 00:29:53,860

Colonel halt

700

00:29:57,870 --> 00:29:56,410

sir Penniston well going back over this

701
00:30:01,080 --> 00:29:57,880
last weekend there's an underground

702
00:30:02,820 --> 00:30:01,090
facility there and where it's at it goes

703
00:30:05,190 --> 00:30:02,830
two stories down and there's tunnels

704
00:30:07,620 --> 00:30:05,200
growing out into all different locations

705
00:30:09,750 --> 00:30:07,630
now the problem was they claimed it was

706
00:30:12,420 --> 00:30:09,760
the water table which is true there's

707
00:30:14,490 --> 00:30:12,430
that water table there but this the

708
00:30:16,440 --> 00:30:14,500
underground two-level facilities they're

709
00:30:19,920 --> 00:30:16,450
the tunnels are starting to get water in

710
00:30:21,420 --> 00:30:19,930
them and what happened was that they

711
00:30:22,650 --> 00:30:21,430
obviously the system is showed there

712
00:30:24,210 --> 00:30:22,660
were pumps air we're keeping the water

713
00:30:26,490 --> 00:30:24,220

out now that it's not active because

714

00:30:29,520 --> 00:30:26,500

this particular facility is closed out -

715

00:30:32,780 --> 00:30:29,530

but there's tunnels there and there's an

716

00:30:35,400 --> 00:30:32,790

underground facility yet people said um

717

00:30:36,900 --> 00:30:35,410

people said it wasn't possible but it is

718

00:30:39,390 --> 00:30:36,910

there's an underground facility there

719

00:30:41,790 --> 00:30:39,400

and it seems and it could very well tie

720

00:30:44,760 --> 00:30:41,800

into all this from all the research I'm

721

00:30:47,970 --> 00:30:44,770

doing so what do you say you know I mean

722

00:30:51,060 --> 00:30:47,980

yeah and do I think it was the ordinance

723

00:30:54,210 --> 00:30:51,070

no I think that what I think through my

724

00:30:55,920 --> 00:30:54,220

research looking at condign looking at

725

00:30:57,750 --> 00:30:55,930

these documents the fact of the matter

726

00:31:00,630 --> 00:30:57,760

was there was two guys down there from

727

00:31:02,220 --> 00:31:00,640

emod already looking at that area at the

728

00:31:04,440 --> 00:31:02,230

phenomenon was there they had identified

729

00:31:08,280 --> 00:31:04,450

that area as a hot area they were down

730

00:31:10,020 --> 00:31:08,290

in research what happened and then

731

00:31:11,370 --> 00:31:10,030

there's all this stuff in condign which

732

00:31:13,920 --> 00:31:11,380

is over 400 pages long

733

00:31:17,790 --> 00:31:13,930

that area is a hot spot not because of

734

00:31:20,010 --> 00:31:17,800

the bases itself because of the area now

735

00:31:21,510 --> 00:31:20,020

could the facilities outside of

736

00:31:22,860 --> 00:31:21,520

Bentwaters Woodbridge being involved is

737

00:31:24,990 --> 00:31:22,870

that you bet could they've been doing

738

00:31:27,600 --> 00:31:25,000

something to cause some of this yes

739

00:31:29,250 --> 00:31:27,610

matter fact if you go into condign one

740

00:31:30,840 --> 00:31:29,260

of the things it says is when this stuff

741

00:31:33,240 --> 00:31:30,850

shows itself and things are going on

742

00:31:35,280 --> 00:31:33,250

there's a high amount of possible meteor

743

00:31:38,520 --> 00:31:35,290

activity and stuff over that three-day

744

00:31:41,370 --> 00:31:38,530

period there was humongous amount of

745

00:31:42,750 --> 00:31:41,380

meteor period of activity to include the

746

00:31:44,400 --> 00:31:42,760

first night there was all kinds of

747

00:31:45,990 --> 00:31:44,410

meteor activity going on and it

748

00:31:49,050 --> 00:31:46,000

triggered some of the stuff on top of

749

00:31:54,030 --> 00:31:49,060

the area itself Wow

750

00:31:56,970 --> 00:31:54,040

why would you think it that would be

751
00:31:59,250 --> 00:31:56,980
involved I mean look what do you see ash

752
00:32:00,930 --> 00:31:59,260
do you see any meaning behind there we

753
00:32:03,690 --> 00:32:00,940
figured out anything that's why that

754
00:32:05,340 --> 00:32:03,700
would be well a part of the condom

755
00:32:07,470 --> 00:32:05,350
report says they're weaponized they're

756
00:32:08,970 --> 00:32:07,480
not just America and the British but all

757
00:32:10,380 --> 00:32:08,980
these countries they're aware of the

758
00:32:13,200 --> 00:32:10,390
phenomenon there were over kids

759
00:32:16,560 --> 00:32:13,210
capabilities and they're looking to take

760
00:32:18,030 --> 00:32:16,570
advantage of it and weaponize it so that

761
00:32:20,130 --> 00:32:18,040
would be one of the reasons they keep it

762
00:32:20,730 --> 00:32:20,140
quiet it since they knew that was an

763
00:32:21,990 --> 00:32:20,740

area they had

764

00:32:24,419 --> 00:32:22,000

facilities there that could have worked

765

00:32:27,690 --> 00:32:24,429

on it and done some work around it

766

00:32:30,270 --> 00:32:27,700

trying to figure it out more so the

767

00:32:31,770 --> 00:32:30,280

answer is yeah I mean yeah they're

768

00:32:33,360 --> 00:32:31,780

they're working on they were working on

769

00:32:35,450 --> 00:32:33,370

a debt they're still working on it now

770

00:32:38,160 --> 00:32:35,460

there's all kinds of stuff going on

771

00:32:39,810 --> 00:32:38,170

involving this phenomenon and it just

772

00:32:41,400 --> 00:32:39,820

doesn't tie into that area but it does

773

00:32:46,549 --> 00:32:41,410

appear to tie into other areas of the

774

00:32:50,100 --> 00:32:46,559

world - yes well have you drawn any

775

00:32:54,060 --> 00:32:50,110

correlation between the events that

776
00:32:57,299 --> 00:32:54,070
happen at Bentwaters and the reported

777
00:33:00,270 --> 00:32:57,309
events that happened at that ranch in

778
00:33:04,350 --> 00:33:00,280
Utah now known as skinwalker ranch is to

779
00:33:06,419 --> 00:33:04,360
be called Sherman ranch that's a good

780
00:33:11,310 --> 00:33:06,429
question that's that's out of the blue

781
00:33:13,290 --> 00:33:11,320
yes is that that was clear the

782
00:33:15,960 --> 00:33:13,300
government was studying that up there

783
00:33:18,480 --> 00:33:15,970
and then Bigelow came into it and they

784
00:33:22,049 --> 00:33:18,490
were looking at the effects on both the

785
00:33:23,250 --> 00:33:22,059
animals and personnel and yes some of

786
00:33:26,669 --> 00:33:23,260
the descriptions that come out of

787
00:33:29,310 --> 00:33:26,679
skinwalker do go back towards project

788
00:33:32,040 --> 00:33:29,320

condign and what we were dealing with

789

00:33:33,690 --> 00:33:32,050

and it does appear that there's a lot of

790

00:33:36,540 --> 00:33:33,700

places in the world that have these

791

00:33:43,620 --> 00:33:36,550

effects you know and with the phenomena

792

00:33:47,669 --> 00:33:43,630

itself yeah I just reminded me of it

793

00:33:49,770 --> 00:33:47,679

because if it sounds I don't know what

794

00:33:52,680 --> 00:33:49,780

it did it sort of smacks to me of like

795

00:33:54,690 --> 00:33:52,690

interdimensional travel or something

796

00:33:56,520 --> 00:33:54,700

like that I don't even know exactly why

797

00:33:58,650 --> 00:33:56,530

I say Venice of course I'm no expert in

798

00:34:00,450 --> 00:33:58,660

any of that but that's just what it

799

00:34:02,460 --> 00:34:00,460

reminded me of and then I was thinking

800

00:34:05,790 --> 00:34:02,470

about some of the things that were seen

801
00:34:08,909 --> 00:34:05,800
and the activities you know that they

802
00:34:14,280 --> 00:34:08,919
claimed were going on over at skinwalker

803
00:34:16,800 --> 00:34:14,290
ranch I mean I was able to talk with the

804
00:34:19,290 --> 00:34:16,810
schurmans before they actually moved

805
00:34:23,129 --> 00:34:19,300
away from the ranch right after the

806
00:34:25,800 --> 00:34:23,139
story kind of broken before the sale was

807
00:34:29,220 --> 00:34:25,810
complete to rob with datalove of the

808
00:34:30,570 --> 00:34:29,230
ranch and I mean to me

809
00:34:32,070 --> 00:34:30,580
you know they sounded like they were

810
00:34:33,599 --> 00:34:32,080
telling the truth I mean it would be the

811
00:34:34,619 --> 00:34:33,609
first time I've been through it but you

812
00:34:36,539 --> 00:34:34,629
know it did

813
00:34:39,509 --> 00:34:36,549

like they were very nervous about what

814

00:34:41,549 --> 00:34:39,519

was going on and some of the things that

815

00:34:43,379 --> 00:34:41,559

they described remind me of some of

816

00:34:46,639 --> 00:34:43,389

those things that you and others have

817

00:34:55,799 --> 00:34:46,649

described as happening there at

818

00:34:59,099 --> 00:34:57,450

there's things right now that I'm real

819

00:35:01,170 --> 00:34:59,109

careful about what I'm talking about

820

00:35:03,329 --> 00:35:01,180

I've got a lot of stuff going and you

821

00:35:05,489 --> 00:35:03,339

know irons in the fire and I don't like

822

00:35:06,870 --> 00:35:05,499

to go into it you know unless I can back

823

00:35:11,069 --> 00:35:06,880

it up and I'll give you an example

824

00:35:15,180 --> 00:35:11,079

no I started doing FOIA on not only

825

00:35:17,430 --> 00:35:15,190

foyer with in America on this and it did

826

00:35:22,049 --> 00:35:17,440

it through attorney Patras going on that

827

00:35:24,269 --> 00:35:22,059

by despoil with the mo D any information

828

00:35:26,809 --> 00:35:24,279

ax or anybody that might not know right

829

00:35:29,849 --> 00:35:26,819

and what's interesting is is that

830

00:35:32,489 --> 00:35:29,859

through the mo D I went through I went

831

00:35:34,410 --> 00:35:32,499

after condign and the working papers and

832

00:35:36,930 --> 00:35:34,420

stuff and what's interesting number one

833

00:35:38,489 --> 00:35:36,940

is the mo D likes to come out and say a

834

00:35:40,859 --> 00:35:38,499

couple things they said it about retinol

835

00:35:42,599 --> 00:35:40,869

stone they've said it about UFOs in

836

00:35:45,660 --> 00:35:42,609

general and whether the interesting

837

00:35:49,019 --> 00:35:45,670

findings is number one they changed from

838

00:35:50,519 --> 00:35:49,029

UFOs you ap's I think it was early 2000

839

00:35:52,469 --> 00:35:50,529

I've taught my head on the documents

840

00:35:54,959 --> 00:35:52,479

they were going with us for a long time

841

00:35:56,940 --> 00:35:54,969

they changed you a piece what they did

842

00:35:58,440 --> 00:35:56,950

was they came out and they said about a

843

00:36:00,329 --> 00:35:58,450

year ago they were done they've reached

844

00:36:02,789 --> 00:36:00,339

other documents everything that they had

845

00:36:04,289 --> 00:36:02,799

was out and they had a spokesman do it

846

00:36:06,779 --> 00:36:04,299

through the neck our National Archives

847

00:36:08,749 --> 00:36:06,789

was the name of David Clarke and he came

848

00:36:10,829 --> 00:36:08,759

out and said you know everything's out

849

00:36:12,420 --> 00:36:10,839

everything rests the way it is somewhere

850

00:36:13,890 --> 00:36:12,430

along the lines like here you go folks

851

00:36:15,150 --> 00:36:13,900

take a look at it there's really nothing

852

00:36:17,759 --> 00:36:15,160

to it don't worry about it

853

00:36:20,160 --> 00:36:17,769

mo Dee's got nothing to it well through

854

00:36:21,959 --> 00:36:20,170

my FOIA I found out otherwise and what

855

00:36:26,009 --> 00:36:21,969

I'm saying is you're holding on to at

856

00:36:26,489 --> 00:36:26,019

least 18 more files on this I got into a

857

00:36:28,769 --> 00:36:26,499

minute

858

00:36:30,059 --> 00:36:28,779

and I've been talking about it I did a

859

00:36:31,289 --> 00:36:30,069

little bit in the States nobody in the

860

00:36:33,359 --> 00:36:31,299

States was able to get anything out of

861

00:36:35,789 --> 00:36:33,369

it right before I went over said another

862

00:36:38,700 --> 00:36:35,799

press kit out I sent it to you and

863

00:36:40,620 --> 00:36:38,710

magically the mo D now is admitted that

864

00:36:43,920 --> 00:36:40,630

they're holding at least 18 more files

865

00:36:45,269 --> 00:36:43,930

and what people don't understand is and

866

00:36:47,910 --> 00:36:45,279

they got these people out there and I

867

00:36:49,410 --> 00:36:47,920

don't understand it they act like they

868

00:36:51,240 --> 00:36:49,420

Clarence's they don't know what they're

869

00:36:52,620 --> 00:36:51,250

talking about other than they'll be a

870

00:36:54,630 --> 00:36:52,630

spokesperson I'll say well that's all

871

00:36:56,790 --> 00:36:54,640

the files well how do they know because

872

00:36:59,760 --> 00:36:56,800

first of all when you read acts stuff

873

00:37:01,530 --> 00:36:59,770

it's classified now the thing is is even

874

00:37:03,240 --> 00:37:01,540

here Modi says in this release they're

875

00:37:06,180 --> 00:37:03,250

gonna have to redact this stuff first

876

00:37:07,620 --> 00:37:06,190

that they don't want out in these files

877

00:37:10,170 --> 00:37:07,630

then they'll release the rest of the

878

00:37:11,790 --> 00:37:10,180

files which means even then technically

879

00:37:13,770 --> 00:37:11,800

they still haven't really saw the files

880

00:37:15,960 --> 00:37:13,780

because when you have anything that you

881

00:37:18,150 --> 00:37:15,970

redact and you hold back it's classified

882

00:37:20,220 --> 00:37:18,160

which by the way most of the working

883

00:37:23,940 --> 00:37:20,230

stuff in content is at least classified

884

00:37:25,740 --> 00:37:23,950

um defense which oh by the way this is

885

00:37:28,470 --> 00:37:25,750

not a defense significance according to

886

00:37:29,970 --> 00:37:28,480

the mo D it's just blatantly wrong and

887

00:37:31,890 --> 00:37:29,980

you need to take a hard look at that

888

00:37:33,960 --> 00:37:31,900

they're classifying stuff that they

889

00:37:36,330 --> 00:37:33,970

won't release his defense but UFOs or

890

00:37:37,140 --> 00:37:36,340

slice your EPS or not a defense nature

891

00:37:38,880 --> 00:37:37,150

or worry

892

00:37:41,220 --> 00:37:38,890

then why is this stuff all classified

893

00:37:43,140 --> 00:37:41,230

defense and I've got proof of that and I

894

00:37:45,180 --> 00:37:43,150

got him I got him to cave and they've

895

00:37:46,680 --> 00:37:45,190

admitted it now but when they first told

896

00:37:47,190 --> 00:37:46,690

me it was going to be sometime dinner

897

00:37:49,110 --> 00:37:47,200

this year

898

00:37:50,910 --> 00:37:49,120

now they pushed it all the way back into

899

00:37:52,440 --> 00:37:50,920

September of next year and the

900

00:37:54,060 --> 00:37:52,450

interesting thing is when I got this

901
00:37:55,200 --> 00:37:54,070
exchange with them they didn't really

902
00:37:56,610 --> 00:37:55,210
want to admit to it I think what

903
00:37:58,830 --> 00:37:56,620
happened was the way I was approaching

904
00:38:00,750 --> 00:37:58,840
it somebody got caught off guard and

905
00:38:03,210 --> 00:38:00,760
admitted to one thing to cover something

906
00:38:04,620 --> 00:38:03,220
else and and he shouldn't even admitted

907
00:38:06,150 --> 00:38:04,630
to that then all of a sudden somebody

908
00:38:07,680 --> 00:38:06,160
worried about got into the middle of

909
00:38:09,690 --> 00:38:07,690
this but now at least they finally

910
00:38:12,300 --> 00:38:09,700
admitted that they lied and it's

911
00:38:14,760 --> 00:38:12,310
embarrassing and yet no one seems to

912
00:38:16,800 --> 00:38:14,770
care no one seems to worry though once

913
00:38:18,660 --> 00:38:16,810

again they're cleaning nothing there's

914

00:38:20,070 --> 00:38:18,670

nothing to UFOs you AP's and there's

915

00:38:21,990 --> 00:38:20,080

nothing to them but in defense

916

00:38:23,670 --> 00:38:22,000

significance but everything that you

917

00:38:25,920 --> 00:38:23,680

read about this and everything that you

918

00:38:27,810 --> 00:38:25,930

do is tied in to the defense and it's

919

00:38:29,790 --> 00:38:27,820

classified defense or in other different

920

00:38:34,710 --> 00:38:29,800

ways that all lead back to the defense

921

00:38:38,520 --> 00:38:34,720

and national security that's crazy yeah

922

00:38:42,210 --> 00:38:38,530

but what is their stated reason why it's

923

00:38:43,890 --> 00:38:42,220

classified if it's not pertinent they

924

00:38:46,680 --> 00:38:43,900

don't have to they don't have to tell

925

00:38:48,000 --> 00:38:46,690

you they can give you this skull it's a

926
00:38:50,370 --> 00:38:48,010
section they have different things that

927
00:38:52,770 --> 00:38:50,380
they they label what some of it has to

928
00:38:54,840 --> 00:38:52,780
do with inner like different countries

929
00:38:56,460 --> 00:38:54,850
it's classified for that but the

930
00:38:59,970 --> 00:38:56,470
majority of this stuff is classified

931
00:39:01,859 --> 00:38:59,980
defense to the UK well so how could this

932
00:39:03,900 --> 00:39:01,869
all stuff be defense

933
00:39:05,490 --> 00:39:03,910
because what the he what this guy did he

934
00:39:07,559 --> 00:39:05,500
was a private contractor it was hired

935
00:39:09,359 --> 00:39:07,569
and actually it's funny Nick Pope was

936
00:39:12,720 --> 00:39:09,369
actually when he was at the mo D desk

937
00:39:15,599 --> 00:39:12,730
actually were work to get this done and

938
00:39:19,260 --> 00:39:15,609

it was a scientific report done first

939

00:39:21,359 --> 00:39:19,270

just certain eyes only in the UK and

940

00:39:24,359 --> 00:39:21,369

they were doing a study on UFOs in your

941

00:39:26,339 --> 00:39:24,369

APS and you know how they related and

942

00:39:29,309 --> 00:39:26,349

stuff and he was looking at all the

943

00:39:30,960 --> 00:39:29,319

documents they have and like I said some

944

00:39:33,210 --> 00:39:30,970

of the documents that he was looking at

945

00:39:36,029 --> 00:39:33,220

is still classified defense well now if

946

00:39:37,680 --> 00:39:36,039

you're doing a study on UFOs you ApS but

947

00:39:39,089 --> 00:39:37,690

it's not a defense significance why

948

00:39:41,609 --> 00:39:39,099

would you still classify anything of

949

00:39:43,200 --> 00:39:41,619

Defense significance number one and what

950

00:39:44,609 --> 00:39:43,210

I also believe and this is the only

951
00:39:46,950 --> 00:39:44,619
thing I got in a little line I don't

952
00:39:49,109 --> 00:39:46,960
have proof yet but there was a whole

953
00:39:52,740 --> 00:39:49,119
bunch of policy file or documents that

954
00:39:54,750 --> 00:39:52,750
disappeared um from the D is files on

955
00:39:57,299 --> 00:39:54,760
Rendlesham it was magic they did all

956
00:39:59,809 --> 00:39:57,309
these FOIA releases right boom boom boom

957
00:40:02,579 --> 00:39:59,819
and then there was a section within the

958
00:40:04,500 --> 00:40:02,589
Rendlesham part that when they came up

959
00:40:06,720 --> 00:40:04,510
to release it they were gone they were

960
00:40:08,640 --> 00:40:06,730
destroyed and his nick says they didn't

961
00:40:10,680 --> 00:40:08,650
follow protocol they weren't supposed to

962
00:40:11,910 --> 00:40:10,690
destroy him number one if something did

963
00:40:14,370 --> 00:40:11,920

happen with them there's supposed to be

964

00:40:16,589 --> 00:40:14,380

a paper trail showing what that isn't

965

00:40:19,289 --> 00:40:16,599

there so they're missing what I'm pretty

966

00:40:21,779 --> 00:40:19,299

sure of is those are classified and they

967

00:40:22,950 --> 00:40:21,789

just said they were missing and we'll

968

00:40:25,019 --> 00:40:22,960

never see him but it's interesting

969

00:40:27,120 --> 00:40:25,029

within the Condon report the only

970

00:40:29,549 --> 00:40:27,130

instance talk about is Rendlesham forest

971

00:40:33,390 --> 00:40:29,559

incident and it goes into details of how

972

00:40:36,200 --> 00:40:33,400

we were exposed to radiation from the US

973

00:40:38,760 --> 00:40:36,210

which goes back to my condition itself

974

00:40:42,240 --> 00:40:38,770

and yeah I wanted to ask about that

975

00:40:45,180 --> 00:40:42,250

about what types of After Effects has

976

00:40:47,819 --> 00:40:45,190

people had I know there has been

977

00:40:49,890 --> 00:40:47,829

radiation exposure I know Larry said

978

00:40:53,309 --> 00:40:49,900

that he had tested positive for

979

00:40:58,819 --> 00:40:53,319

radiation exposure and you had something

980

00:41:02,789 --> 00:40:58,829

similar is it that way for others to

981

00:41:05,640 --> 00:41:02,799

tell the truth I did I I just had

982

00:41:08,039 --> 00:41:05,650

open-heart surgery and the interesting

983

00:41:10,529 --> 00:41:08,049

thing is is that I had to have a valve

984

00:41:12,480 --> 00:41:10,539

replaced and right after the incident I

985

00:41:13,830 --> 00:41:12,490

wasn't feeling well and they found a

986

00:41:15,330 --> 00:41:13,840

heart murmur

987

00:41:16,980 --> 00:41:15,340

I couldn't have gotten any air force

988

00:41:18,240 --> 00:41:16,990

with the heart murmur it's just you're

989

00:41:20,970 --> 00:41:18,250

not allowed and that's one of the

990

00:41:22,830 --> 00:41:20,980

disqualifiers I got the musical showing

991

00:41:25,410 --> 00:41:22,840

I came in clean barrel health it

992

00:41:27,510 --> 00:41:25,420

developed right afterwards and then when

993

00:41:29,160 --> 00:41:27,520

I got out in 88 from active going into

994

00:41:30,900 --> 00:41:29,170

reserves I got the physical show I got

995

00:41:32,910 --> 00:41:30,910

the heart problems but the interesting

996

00:41:35,070 --> 00:41:32,920

thing is it appears and I say it appears

997

00:41:37,020 --> 00:41:35,080

is pretty all the information I received

998

00:41:39,150 --> 00:41:37,030

from the Senators looking at it as a

999

00:41:40,530 --> 00:41:39,160

people looking into it is that my

1000

00:41:43,170 --> 00:41:40,540

records of my medical records are

1001
00:41:45,990 --> 00:41:43,180
classified and the VA won't release them

1002
00:41:48,120 --> 00:41:46,000
they won't answer for it new medical

1003
00:41:52,980 --> 00:41:48,130
records are verified

1004
00:41:54,390 --> 00:41:52,990
yes they're classified to you yeah I

1005
00:41:57,390 --> 00:41:54,400
can't get them which is a violation

1006
00:41:59,670 --> 00:41:57,400
HIPAA law and they won't release him and

1007
00:42:02,730 --> 00:41:59,680
they won't answer it started with

1008
00:42:04,980 --> 00:42:02,740
Senator Kyl retired and he's the one who

1009
00:42:07,830 --> 00:42:04,990
pointed out to probably classified then

1010
00:42:10,920 --> 00:42:07,840
went to Senator McCain's office who they

1011
00:42:12,540 --> 00:42:10,930
also feel it's classified and senator

1012
00:42:14,520 --> 00:42:12,550
Sanders the head of the VA committee

1013
00:42:16,020 --> 00:42:14,530

that I brought in and just came back and

1014

00:42:17,730 --> 00:42:16,030

says you need to go to the classified

1015

00:42:20,220 --> 00:42:17,740

records sections to acquire on your

1016

00:42:22,020 --> 00:42:20,230

records and continue have Senator McCain

1017

00:42:25,170 --> 00:42:22,030

work with you on this um there's been

1018

00:42:27,900 --> 00:42:25,180

all kinds of lies in deception to

1019

00:42:30,660 --> 00:42:27,910

Senator McCain's office from the VA they

1020

00:42:32,820 --> 00:42:30,670

now magically it's been going on and

1021

00:42:34,890 --> 00:42:32,830

they offer to do a different look at it

1022

00:42:36,960 --> 00:42:34,900

and then when the whole packet was

1023

00:42:39,480 --> 00:42:36,970

submitted now they magically lost some

1024

00:42:41,460 --> 00:42:39,490

of that again they won't answer FOIA on

1025

00:42:43,740 --> 00:42:41,470

my records or what's going on the

1026
00:42:45,510 --> 00:42:43,750
violating federal law but ultimately

1027
00:42:46,950 --> 00:42:45,520
what it comes down to is you have to go

1028
00:42:48,870 --> 00:42:46,960
in and sue them to get anything that's

1029
00:42:52,650 --> 00:42:48,880
just the way our governments working out

1030
00:42:54,900 --> 00:42:52,660
it is anyway so and then even FOIA like

1031
00:42:56,400 --> 00:42:54,910
did FOIA with State Department they've

1032
00:42:57,660 --> 00:42:56,410
been holding records on the incident

1033
00:42:59,580 --> 00:42:57,670
which we're making an international

1034
00:43:00,540 --> 00:42:59,590
incident yet they won't release them

1035
00:43:02,760 --> 00:43:00,550
because they belong to the Air Force

1036
00:43:04,500 --> 00:43:02,770
contact the Air Force to get permission

1037
00:43:06,390 --> 00:43:04,510
to release them we go to the Air Force

1038
00:43:08,910 --> 00:43:06,400

the Air Force denies errs and documents

1039

00:43:10,470 --> 00:43:08,920

so once again we don't sue then you go

1040

00:43:12,060 --> 00:43:10,480

to the CIA are you holding any

1041

00:43:13,710 --> 00:43:12,070

classified documents on the incident

1042

00:43:16,200 --> 00:43:13,720

they would can either confirm or deny

1043

00:43:18,270 --> 00:43:16,210

ever holding them I mean the instant is

1044

00:43:20,610 --> 00:43:18,280

classified still to this day it's still

1045

00:43:23,460 --> 00:43:20,620

classified within the mod-2 this day

1046

00:43:25,230 --> 00:43:23,470

it's of Defense significance they're

1047

00:43:27,160 --> 00:43:25,240

clearly weaponized in the weapons out

1048

00:43:29,380 --> 00:43:27,170

there you probably were

1049

00:43:30,630 --> 00:43:29,390

working the facilities there it could

1050

00:43:32,440 --> 00:43:30,640

have been working on understanding

1051

00:43:34,000 --> 00:43:32,450

phenomena right there there were people

1052

00:43:35,799 --> 00:43:34,010

down there from me and we'll be looking

1053

00:43:38,380 --> 00:43:35,809

at the phenomena they came in and looked

1054

00:43:40,720 --> 00:43:38,390

at it afterwards there's 400 documents

1055

00:43:43,599 --> 00:43:40,730

out there showing that this stuff is

1056

00:43:45,750 --> 00:43:43,609

classified so whatever happened to us is

1057

00:43:49,410 --> 00:43:45,760

still classified to this day defense and

1058

00:43:52,299 --> 00:43:49,420

probably never will see the light of day

1059

00:43:54,730 --> 00:43:52,309

and what you thought was going to be

1060

00:43:56,559 --> 00:43:54,740

released this year and now you found out

1061

00:43:57,240 --> 00:43:56,569

it's going to be like September of next

1062

00:43:59,890 --> 00:43:57,250

year

1063

00:44:02,829 --> 00:43:59,900

was there any stated reason for that

1064

00:44:05,319 --> 00:44:02,839

delay the just to take some more time to

1065

00:44:06,910 --> 00:44:05,329

do it I mean they have to go and redact

1066

00:44:08,920 --> 00:44:06,920

their stuff for three months and they

1067

00:44:10,809 --> 00:44:08,930

have to go to the archives with it from

1068

00:44:12,970 --> 00:44:10,819

there the archives looks at it and gets

1069

00:44:14,829 --> 00:44:12,980

it together to be released I mean this

1070

00:44:16,630 --> 00:44:14,839

was early on like in March so it should

1071

00:44:18,490 --> 00:44:16,640

have been April May June and nine months

1072

00:44:20,170 --> 00:44:18,500

should have been into this year early

1073

00:44:24,250 --> 00:44:20,180

next year now they pushed it all the way

1074

00:44:27,450 --> 00:44:24,260

back till September 2015 at the earliest

1075

00:44:29,500 --> 00:44:27,460

and what's interesting was was able to

1076

00:44:30,910 --> 00:44:29,510

when I went over there it was

1077

00:44:33,460 --> 00:44:30,920

interesting I did a big press release

1078

00:44:35,589 --> 00:44:33,470

kit and what's all the press and what's

1079

00:44:38,829 --> 00:44:35,599

funny was two things happen while I was

1080

00:44:40,390 --> 00:44:38,839

over there number one they did a BBC did

1081

00:44:42,160 --> 00:44:40,400

a thing on the fact that they built this

1082

00:44:44,799 --> 00:44:42,170

thing called a craft of unknown origin

1083

00:44:46,390 --> 00:44:44,809

and that Jim saw that he drew and

1084

00:44:48,579 --> 00:44:46,400

they're gonna put it in the forest now

1085

00:44:51,220 --> 00:44:48,589

it was internationally introduced in the

1086

00:44:53,890 --> 00:44:51,230

BBC talking about that on Saturday when

1087

00:44:56,289 --> 00:44:53,900

I was there now my press release went

1088

00:44:58,930 --> 00:44:56,299

out and one of the British newspapers

1089

00:45:01,420 --> 00:44:58,940

the day I left read an article saying

1090

00:45:03,940 --> 00:45:01,430

they admitted that Modi finally admitted

1091

00:45:07,510 --> 00:45:03,950

that they that they're still holding 18

1092

00:45:10,930 --> 00:45:07,520

files back so they got a walk online

1093

00:45:13,150 --> 00:45:10,940

they got caught lying and but that's

1094

00:45:13,630 --> 00:45:13,160

okay no big deal you know we just lie to

1095

00:45:16,240 --> 00:45:13,640

you again

1096

00:45:18,010 --> 00:45:16,250

and so yeah but you could trust us

1097

00:45:20,230 --> 00:45:18,020

anything we tell you and that's where I

1098

00:45:22,390 --> 00:45:20,240

go down the line with disclosure it

1099

00:45:24,970 --> 00:45:22,400

kills me and people are offended by this

1100

00:45:26,530 --> 00:45:24,980

maybe they should be no interesting

1101

00:45:27,940 --> 00:45:26,540

government anymore but they really

1102

00:45:29,170 --> 00:45:27,950

believe at some point in time they're

1103

00:45:32,410 --> 00:45:29,180

going to tell us what the hell is going

1104

00:45:34,120 --> 00:45:32,420

on with whatever you know you know UFOs

1105

00:45:35,770 --> 00:45:34,130

you ApS the phenomena or whatever it is

1106

00:45:38,799 --> 00:45:35,780

they're gonna come out tell us the truth

1107

00:45:40,200 --> 00:45:38,809

on it and then until they do we're not

1108

00:45:41,460 --> 00:45:40,210

going to go anywhere with

1109

00:45:42,870 --> 00:45:41,470

so we have to wait for the government to

1110

00:45:44,820 --> 00:45:42,880

tell us and that's one of the things

1111

00:45:46,109 --> 00:45:44,830

that go into confirmation and

1112

00:45:47,730 --> 00:45:46,119

confirmation has already happened

1113

00:45:49,829 --> 00:45:47,740

there's more than a proof that

1114

00:45:51,150 --> 00:45:49,839

something's going on including different

1115

00:45:53,220 --> 00:45:51,160

statements by high people in the

1116

00:45:54,510 --> 00:45:53,230

government and in generals you know they

1117

00:45:56,339 --> 00:45:54,520

don't have a fire me right now but

1118

00:45:57,810 --> 00:45:56,349

they've clearly stated enough to show

1119

00:46:00,329 --> 00:45:57,820

most people should understand

1120

00:46:01,950 --> 00:46:00,339

something's going on - including Edgar

1121

00:46:04,140 --> 00:46:01,960

Mitchell saying that we've been visited

1122

00:46:06,000 --> 00:46:04,150

by the phenomena that it's real and he

1123

00:46:07,950 --> 00:46:06,010

was you know he would know he's worked

1124

00:46:09,930 --> 00:46:07,960

on these committees and stuff and he did

1125

00:46:11,609 --> 00:46:09,940

a great interview talking about it so

1126

00:46:13,500 --> 00:46:11,619

something's going on but people are

1127

00:46:15,300 --> 00:46:13,510

still waiting for a government don't

1128

00:46:17,970 --> 00:46:15,310

want trust anymore to tell them exactly

1129

00:46:19,890 --> 00:46:17,980

what's going on until they totally

1130

00:46:21,480 --> 00:46:19,900

believe something I would normally go on

1131

00:46:24,420 --> 00:46:21,490

on and you know and everything else I

1132

00:46:25,950 --> 00:46:24,430

just find out hilarious I mean like yeah

1133

00:46:27,540 --> 00:46:25,960

we're gonna trust the government not for

1134

00:46:30,750 --> 00:46:27,550

anything else but they're gonna tell us

1135

00:46:32,310 --> 00:46:30,760

about what what's going on with us hi

1136

00:46:34,650 --> 00:46:32,320

your backup night-vision I'm your host

1137

00:46:38,010 --> 00:46:34,660

Renee Barnett and I'm talking to John

1138

00:46:40,650 --> 00:46:38,020

Burroughs one of the witnesses to the

1139

00:46:44,460 --> 00:46:40,660

Rendlesham forest incident and one who

1140

00:46:48,120 --> 00:46:44,470

has spent the last 30-plus years looking

1141

00:46:50,430 --> 00:46:48,130

into the incident and investigating all

1142

00:46:53,510 --> 00:46:50,440

the evidence and the documentation and

1143

00:46:55,950 --> 00:46:53,520

he's gotten quite a ways but he's also

1144

00:47:00,030 --> 00:46:55,960

had quite a fight getting some of the

1145

00:47:02,130 --> 00:47:00,040

information out now John as you know we

1146

00:47:04,650 --> 00:47:02,140

have a live chat room going during this

1147

00:47:06,720 --> 00:47:04,660

show and we've been getting some

1148

00:47:09,510 --> 00:47:06,730

questions through if you don't mind I'm

1149

00:47:11,070 --> 00:47:09,520

going to put about three minutes to

1150

00:47:12,570 --> 00:47:11,080

recap a couple things and I want to

1151
00:47:14,550 --> 00:47:12,580
bring up a couple points and then

1152
00:47:17,820 --> 00:47:14,560
absolutely be my guest you are my guest

1153
00:47:20,280 --> 00:47:17,830
so I am in okay to start with I'm sorry

1154
00:47:22,109 --> 00:47:20,290
Larry can beyond tonight because you

1155
00:47:23,820 --> 00:47:22,119
know there's been all kinds of issues

1156
00:47:25,440 --> 00:47:23,830
going on over the years and Larry's

1157
00:47:28,560 --> 00:47:25,450
taking the brunt of the heat from

1158
00:47:30,750 --> 00:47:28,570
everybody and you know he was the guy

1159
00:47:33,210 --> 00:47:30,760
that took this on from the beginning

1160
00:47:34,980 --> 00:47:33,220
because without him going out there

1161
00:47:38,130 --> 00:47:34,990
sticking his neck on the line talking

1162
00:47:40,200 --> 00:47:38,140
about all this and and working through a

1163
00:47:42,329 --> 00:47:40,210

couple people they got the memo out and

1164

00:47:44,370 --> 00:47:42,339

then the tape out this would never even

1165

00:47:46,050 --> 00:47:44,380

be in talked about today and then

1166

00:47:48,480 --> 00:47:46,060

there's a couple ladies that I met over

1167

00:47:50,160 --> 00:47:48,490

there and one day didn't show up but dot

1168

00:47:52,410 --> 00:47:50,170

Street Brenda but we were working on

1169

00:47:53,640 --> 00:47:52,420

this from the UK side and so is Jenny

1170

00:47:57,420 --> 00:47:53,650

Randall's Blair

1171

00:47:59,490 --> 00:47:57,430

you know he he took took charge of this

1172

00:48:02,970 --> 00:47:59,500

room again he took a lot of heat and you

1173

00:48:04,859 --> 00:48:02,980

know he was the original whistleblower I

1174

00:48:09,420 --> 00:48:04,869

hate the word whistle boy I know it's

1175

00:48:11,730 --> 00:48:09,430

been doing but he was a whistleblower in

1176

00:48:13,230 --> 00:48:11,740

the fence but he was an experiercer he

1177

00:48:15,029 --> 00:48:13,240

was somebody experienced somebody didn't

1178

00:48:16,859 --> 00:48:15,039

understand felt it wasn't right it was

1179

00:48:18,870 --> 00:48:16,869

being held back and went out and got it

1180

00:48:20,670 --> 00:48:18,880

out to the public and yeah that's a

1181

00:48:22,529 --> 00:48:20,680

whistle blowing away but you know it's

1182

00:48:23,819 --> 00:48:22,539

more than that because you know he was

1183

00:48:25,500 --> 00:48:23,829

trying to figure it out himself and he

1184

00:48:27,660 --> 00:48:25,510

still is to this day the long the rest

1185

00:48:29,880 --> 00:48:27,670

of us and stuff so yes technically he's

1186

00:48:31,680 --> 00:48:29,890

a whistleblower but he's also a guy that

1187

00:48:33,390 --> 00:48:31,690

did his best to try to understand he's

1188

00:48:34,740 --> 00:48:33,400

get it out to the public not as a

1189

00:48:36,809 --> 00:48:34,750

whistleblower per se because

1190

00:48:38,370 --> 00:48:36,819

whistleblower is a little different you

1191

00:48:39,930 --> 00:48:38,380

know I mean yeah he knew it was wrong he

1192

00:48:42,990 --> 00:48:39,940

wanted it out but he was doing it also

1193

00:48:45,180 --> 00:48:43,000

to help a lot of people and you know and

1194

00:48:46,829 --> 00:48:45,190

it's sad tonight once again for some

1195

00:48:48,480 --> 00:48:46,839

reason we couldn't get him on you know

1196

00:48:49,890 --> 00:48:48,490

and it would have been nice for him to

1197

00:48:52,589 --> 00:48:49,900

come on here and talk about some of this

1198

00:48:54,120 --> 00:48:52,599

stuff and hopefully someday maybe we can

1199

00:48:55,680 --> 00:48:54,130

get on a radio show together we've tried

1200

00:48:58,529 --> 00:48:55,690

several times and for some reason each

1201

00:49:00,839 --> 00:48:58,539

time it doesn't work out so what's the

1202

00:49:03,240 --> 00:49:00,849

biggest thing because I mean it's never

1203

00:49:04,910 --> 00:49:03,250

happened on this show it's never any

1204

00:49:08,789 --> 00:49:04,920

show of it and I've been doing this show

1205

00:49:10,650 --> 00:49:08,799

for about the past eight years and I've

1206

00:49:13,529 --> 00:49:10,660

never not been able to get hold of the

1207

00:49:15,450 --> 00:49:13,539

guests and it was like it wasn't it was

1208

00:49:18,029 --> 00:49:15,460

problems from his n problems from iron

1209

00:49:19,589 --> 00:49:18,039

and it just he just couldn't make it

1210

00:49:21,930 --> 00:49:19,599

happen and it was just the weirdest

1211

00:49:25,890 --> 00:49:21,940

thing and I'm so disappointed because

1212

00:49:28,470 --> 00:49:25,900

you know I met Larry Cox back in

1213

00:49:31,890 --> 00:49:28,480

probably 1990 when he was out here in

1214

00:49:34,079 --> 00:49:31,900

Southern California for a while and we

1215

00:49:36,480 --> 00:49:34,089

were covering that story from UFO

1216

00:49:38,460 --> 00:49:36,490

magazine at the time and I just thought

1217

00:49:41,640 --> 00:49:38,470

oh my gosh this is the most amazing

1218

00:49:46,440 --> 00:49:41,650

thing you know as far as witnesses it's

1219

00:49:49,200 --> 00:49:46,450

just you know absolutely you know the

1220

00:49:51,329 --> 00:49:49,210

black you know I know it's you know when

1221

00:49:54,150 --> 00:49:51,339

of course with Peter Robbins wrote a

1222

00:49:57,180 --> 00:49:54,160

book called left at Eastgate and have

1223

00:49:59,490 --> 00:49:57,190

you written a book on this subject John

1224

00:50:02,460 --> 00:49:59,500

yeah we we just had a book release the

1225

00:50:03,970 --> 00:50:02,470

spring it was an April Nick Pope was the

1226

00:50:06,880 --> 00:50:03,980

lead author and

1227

00:50:08,310 --> 00:50:06,890

Jim Penniston and I were co-authors and

1228

00:50:12,070 --> 00:50:08,320

it's called encounter Rendlesham forest

1229

00:50:14,770 --> 00:50:12,080

me of course and it's a broad scope of

1230

00:50:17,170 --> 00:50:14,780

our views Jim and I and Nick's

1231

00:50:18,760 --> 00:50:17,180

involvement and it goes along it goes in

1232

00:50:20,950 --> 00:50:18,770

the condign a little bit which is what I

1233

00:50:23,320 --> 00:50:20,960

wanted to hit now what I want to say I

1234

00:50:25,060 --> 00:50:23,330

talked about earlier about FOIA in MO

1235

00:50:26,830 --> 00:50:25,070

deal and stuff back well I want to go

1236

00:50:28,870 --> 00:50:26,840

into that one thing I forgot to mention

1237

00:50:31,180 --> 00:50:28,880

also want to talk about the VA problems

1238

00:50:33,220 --> 00:50:31,190

they actually altered my service records

1239

00:50:34,480 --> 00:50:33,230

and I've got proof of that and the

1240

00:50:36,550 --> 00:50:34,490

McCain's office falling either

1241

00:50:38,020 --> 00:50:36,560

turnaround because they did I my initial

1242

00:50:40,180 --> 00:50:38,030

claim based on the fact that they had no

1243

00:50:43,090 --> 00:50:40,190

medical records for the time frame or I

1244

00:50:45,849 --> 00:50:43,100

wasn't in the service from 79 to 82 and

1245

00:50:48,730 --> 00:50:45,859

they actually altered my bio service

1246

00:50:50,620 --> 00:50:48,740

records we got that changed but yeah for

1247

00:50:52,660 --> 00:50:50,630

I wasn't there so that's why I couldn't

1248

00:50:54,730 --> 00:50:52,670

have been injured or sick from it so I

1249

00:50:56,290 --> 00:50:54,740

mean this is a pretty deep thing that

1250

00:50:59,530 --> 00:50:56,300

they've gone to that extreme and say I

1251
00:51:01,870 --> 00:50:59,540
wasn't even in there so what I mean I'm

1252
00:51:05,190 --> 00:51:01,880
saying I was remembering that and I know

1253
00:51:12,840 --> 00:51:05,200
I wasn't that around the same time that

1254
00:51:16,540 --> 00:51:15,190
officially be sworn oh that's right

1255
00:51:22,780 --> 00:51:16,550
that's right there was something going

1256
00:51:25,150 --> 00:51:22,790
on knowing I heard stuff going on in

1257
00:51:26,560 --> 00:51:25,160
Ireland with IRA and stuff but it was

1258
00:51:28,480 --> 00:51:26,570
the biggest thing that was going on was

1259
00:51:30,880 --> 00:51:28,490
a solidarity movement in Poland and

1260
00:51:32,859 --> 00:51:30,890
there was some it was edgy right there

1261
00:51:36,940 --> 00:51:32,869
with the fact that Russia might invade

1262
00:51:39,640 --> 00:51:36,950
Poland and stuff yeah I remember I

1263
00:51:42,190 --> 00:51:39,650

remembered at the time hearing things

1264

00:51:45,460 --> 00:51:42,200

someone saying that Larry wasn't really

1265

00:51:47,560 --> 00:51:45,470

there that he had gone to that kid he

1266

00:51:50,410 --> 00:51:47,570

was gone for that whole weekend and so

1267

00:51:52,240 --> 00:51:50,420

he he couldn't have been a witness so it

1268

00:51:55,870 --> 00:51:52,250

sounds like sort of something something

1269

00:51:58,150 --> 00:51:55,880

similar happened to you as well they

1270

00:51:59,859 --> 00:51:58,160

actually changed your records that well

1271

00:52:03,070 --> 00:51:59,869

they no they alter my records because

1272

00:52:04,690 --> 00:52:03,080

that's why they denied my claim but the

1273

00:52:06,520 --> 00:52:04,700

interesting thing was Sarah Kane's

1274

00:52:08,470 --> 00:52:06,530

office was able to finally get that

1275

00:52:10,060 --> 00:52:08,480

change but then here comes the problem

1276

00:52:11,980 --> 00:52:10,070

now they still won't do anything or

1277

00:52:15,340 --> 00:52:11,990

answer anything about my medical records

1278

00:52:16,900 --> 00:52:15,350

so and that's still going and we'll see

1279

00:52:17,890 --> 00:52:16,910

how it goes but I wanted to go into the

1280

00:52:20,380 --> 00:52:17,900

FOIA when

1281

00:52:21,850 --> 00:52:20,390

when when I talked to Nick we'll let him

1282

00:52:23,500 --> 00:52:21,860

know that this was going on I was going

1283

00:52:25,390 --> 00:52:23,510

to release a press release he gave me an

1284

00:52:27,040 --> 00:52:25,400

interesting quote quote he said I know

1285

00:52:28,840 --> 00:52:27,050

for sure that not everything has been

1286

00:52:31,690 --> 00:52:28,850

released because by the mo D's on a

1287

00:52:32,500 --> 00:52:31,700

mission some files documents is no big

1288

00:52:34,900 --> 00:52:32,510

deal right

1289

00:52:38,080 --> 00:52:34,910

then I went in to one other thing I

1290

00:52:41,560 --> 00:52:38,090

asked them okay alright I asked him why

1291

00:52:43,600 --> 00:52:41,570

because Condon came out and a lot of

1292

00:52:46,120 --> 00:52:43,610

researchers will look at them and they

1293

00:52:48,370 --> 00:52:46,130

blew it off they go into it and it's

1294

00:52:50,470 --> 00:52:48,380

just now just now people are starting to

1295

00:52:51,910 --> 00:52:50,480

get with my work and some of the things

1296

00:52:54,790 --> 00:52:51,920

Nick's talked about maybe we need to go

1297

00:52:57,220 --> 00:52:54,800

back and readjust this oh and the thing

1298

00:52:59,620 --> 00:52:57,230

is is Nick says Nick fields in relation

1299

00:53:02,680 --> 00:52:59,630

to media process contact Robert ran 12

1300

00:53:04,300 --> 00:53:02,690

460 pages and busy journalist working on

1301
00:53:06,040 --> 00:53:04,310
tight deadlines showing enough time to

1302
00:53:08,830 --> 00:53:06,050
wade through such vast amounts of

1303
00:53:12,040 --> 00:53:08,840
material this this leads to what's

1304
00:53:13,870 --> 00:53:12,050
fairly known tricky within governments

1305
00:53:15,640 --> 00:53:13,880
when you have to release it go because

1306
00:53:17,800 --> 00:53:15,650
of the freedom of Frank's buried the

1307
00:53:20,050 --> 00:53:17,810
embarrassing being it's deep in a link

1308
00:53:21,910 --> 00:53:20,060
to report and put your key messages up

1309
00:53:23,890 --> 00:53:21,920
front in the executive summary are

1310
00:53:25,870 --> 00:53:23,900
better still in a covering press release

1311
00:53:28,060 --> 00:53:25,880
or an attention-getting quote the

1312
00:53:30,100 --> 00:53:28,070
chances are that's what a lot of media

1313
00:53:31,420 --> 00:53:30,110

outlets will run with material is thus

1314

00:53:34,840 --> 00:53:31,430

hidden in plain sight

1315

00:53:36,910 --> 00:53:34,850

it's a classic example of the old adage

1316

00:53:42,730 --> 00:53:36,920

that the best place to hide a book is in

1317

00:53:47,250 --> 00:53:42,740

the library George so Bernie Vatican

1318

00:53:51,810 --> 00:53:49,290

I say he's a fence that her you know and

1319

00:53:53,700 --> 00:53:51,820

even in my presentation advice you know

1320

00:53:56,160 --> 00:53:53,710

he sits on the fence he still is on

1321

00:53:58,950 --> 00:53:56,170

pension for me a body gas to be careful

1322

00:54:00,810 --> 00:53:58,960

because he had no stomach I can talk

1323

00:54:10,170 --> 00:54:00,820

about but even he's telling everybody

1324

00:54:12,060 --> 00:54:10,180

look you know there's no show but

1325

00:54:13,740 --> 00:54:12,070

they're holding stuff back on the whole

1326

00:54:15,930 --> 00:54:13,750

thing you know there's a lot more to

1327

00:54:17,370 --> 00:54:15,940

this and maybe people need to take a

1328

00:54:18,960 --> 00:54:17,380

little more time to look at this and not

1329

00:54:21,180 --> 00:54:18,970

scan through something oh it's no big

1330

00:54:23,900 --> 00:54:21,190

deal so that was the points I wanted to

1331

00:54:26,580 --> 00:54:23,910

make so I'd be happy to answer questions

1332

00:54:28,740 --> 00:54:26,590

wait okay cuz we've got a bunch here

1333

00:54:30,570 --> 00:54:28,750

thanks so much for clearing that episode

1334

00:54:34,380 --> 00:54:30,580

I mean it's also interesting I wish we

1335

00:54:36,170 --> 00:54:34,390

hadn't got a late start but you know get

1336

00:54:39,330 --> 00:54:36,180

several people I asked about the

1337

00:54:40,740 --> 00:54:39,340

possibility of missing time and and I

1338

00:54:41,490 --> 00:54:40,750

guess you're talking about especially on

1339

00:54:43,500 --> 00:54:41,500

that first night

1340

00:54:46,110 --> 00:54:43,510

certainly there was 45 minutes that you

1341

00:54:48,330 --> 00:54:46,120

said you could not account for well that

1342

00:54:51,240 --> 00:54:48,340

came up partly too because when they

1343

00:54:53,940 --> 00:54:51,250

were when they were when we were out

1344

00:54:56,400 --> 00:54:53,950

there what happened was that they

1345

00:54:58,170 --> 00:54:56,410

couldn't get in contact with us when Jim

1346

00:55:00,360 --> 00:54:58,180

and I came back from being out in the

1347

00:55:04,410 --> 00:55:00,370

fields we both noticed that our watches

1348

00:55:06,420 --> 00:55:04,420

were 45 minutes slow so yeah there

1349

00:55:08,190 --> 00:55:06,430

appears to be missing time and when you

1350

00:55:10,800 --> 00:55:08,200

have an interaction with this phenomena

1351
00:55:15,410 --> 00:55:10,810
part of the experience of having it with

1352
00:55:18,540 --> 00:55:15,420
it involves missing time so your watch

1353
00:55:21,680 --> 00:55:18,550
actually miss time also

1354
00:55:24,960 --> 00:55:21,690
well yeah was slow it was 45 year

1355
00:55:28,260 --> 00:55:24,970
interesting I'm in what about the idea

1356
00:55:29,700 --> 00:55:28,270
that time travel might have been

1357
00:55:32,100 --> 00:55:29,710
involved I think we mentioned you know

1358
00:55:34,020 --> 00:55:32,110
interdimensional travel is there a

1359
00:55:36,210 --> 00:55:34,030
possibility that it was up you know

1360
00:55:39,720 --> 00:55:36,220
coming back to check ourselves out or

1361
00:55:42,030 --> 00:55:39,730
the warned ourselves or something of

1362
00:55:44,520 --> 00:55:42,040
that nature well what I'll say about

1363
00:55:46,050 --> 00:55:44,530

this and I've been tied down tight I'm

1364

00:55:47,970 --> 00:55:46,060

come in at a time for a bomb now I'm

1365

00:55:50,730 --> 00:55:47,980

committed to the fact that we had

1366

00:55:52,620 --> 00:55:50,740

involved with this phenomena and that I

1367

00:55:54,480 --> 00:55:52,630

don't want sure yet I'm still working on

1368

00:55:57,180 --> 00:55:54,490

and I've got some insight into it but I

1369

00:55:58,650 --> 00:55:57,190

haven't got enough to prove it is that

1370

00:56:00,079 --> 00:55:58,660

there was something there we dealt with

1371

00:56:01,549 --> 00:56:00,089

it was a phenomena

1372

00:56:03,679 --> 00:56:01,559

and I'm not sure where it came from or

1373

00:56:06,709 --> 00:56:03,689

what it was but it was and it took place

1374

00:56:09,199 --> 00:56:06,719

um Jim under I know under hypnosis for

1375

00:56:10,880 --> 00:56:09,209

sure you know time travel comes up he

1376

00:56:12,439 --> 00:56:10,890

says it's from the future we've got to

1377

00:56:15,259 --> 00:56:12,449

get it right he goes and all that stuff

1378

00:56:17,599 --> 00:56:15,269

but you know the interesting thing is

1379

00:56:20,029 --> 00:56:17,609

this and now all I can say is I think

1380

00:56:22,640 --> 00:56:20,039

this is to be determined not only on the

1381

00:56:24,410 --> 00:56:22,650

binder itself but the possibility of

1382

00:56:26,150 --> 00:56:24,420

time travel and I talked about this over

1383

00:56:27,799 --> 00:56:26,160

the weekend and I keep forgetting what

1384

00:56:30,620 --> 00:56:27,809

the movie is there's a movie that was

1385

00:56:31,939 --> 00:56:30,630

done that was done in 1980 a matter of

1386

00:56:33,650 --> 00:56:31,949

fact it's pretty strange but it was

1387

00:56:36,199 --> 00:56:33,660

about a nuclear aircraft carrier and

1388

00:56:37,969 --> 00:56:36,209

what this carrier did was go back in

1389

00:56:40,309 --> 00:56:37,979

time and went through an anomaly and

1390

00:56:41,870 --> 00:56:40,319

what they did was it was the Nimitz and

1391

00:56:43,370 --> 00:56:41,880

they used this and it was a well it was

1392

00:56:44,989 --> 00:56:43,380

a good movie and a lot of people knew

1393

00:56:46,479 --> 00:56:44,999

what I was talking about what I wanted

1394

00:56:48,529 --> 00:56:46,489

people to stop and think about was this

1395

00:56:50,209 --> 00:56:48,539

let's forget about the anomaly now

1396

00:56:51,469 --> 00:56:50,219

whether I can or can't happen whether in

1397

00:56:53,329 --> 00:56:51,479

the future we'll have it it's going on

1398

00:56:54,799 --> 00:56:53,339

now but the interesting thing about the

1399

00:56:56,120 --> 00:56:54,809

part of the movie - caught my attention

1400

00:56:58,069 --> 00:56:56,130

was besides some other things was the

1401

00:57:00,199 --> 00:56:58,079

fact that just something going back from

1402

00:57:02,120 --> 00:57:00,209

1980 in 1940 because we went back to

1403

00:57:04,880 --> 00:57:02,130

write is Pearl Harbor was happening how

1404

00:57:07,910 --> 00:57:04,890

the people in 1941 or night you know 94

1405

00:57:09,739 --> 00:57:07,920

I'm sorry observed this technology there

1406

00:57:11,660 --> 00:57:09,749

was only 40 years difference and the

1407

00:57:13,519 --> 00:57:11,670

fact that aircraft carrier alone could

1408

00:57:16,969 --> 00:57:13,529

have defeated it ruled the entire world

1409

00:57:19,459 --> 00:57:16,979

and defeated the Japanese fully on its

1410

00:57:22,699 --> 00:57:19,469

own and that's just something that would

1411

00:57:25,789 --> 00:57:22,709

be a 40-year difference in technology so

1412

00:57:27,919 --> 00:57:25,799

if in fact the time anomalies are

1413

00:57:29,779 --> 00:57:27,929

possible or in the future didn't become

1414

00:57:30,679 --> 00:57:29,789

possible and something from the future

1415

00:57:34,039 --> 00:57:30,689

came back

1416

00:57:35,989 --> 00:57:34,049

it sure would tie in to possibly explain

1417

00:57:37,969 --> 00:57:35,999

someone what happened and you know and

1418

00:57:40,609 --> 00:57:37,979

like I said I only say this about time

1419

00:57:42,769 --> 00:57:40,619

travel is this the gym is more along

1420

00:57:44,390 --> 00:57:42,779

that lines like I said I believe we

1421

00:57:45,919 --> 00:57:44,400

dealt with the phenomena that I'm

1422

00:57:49,489 --> 00:57:45,929

working on Jim's working more on the

1423

00:57:57,719 --> 00:57:53,969

you know you know the the the Jim

1424

00:58:00,089 --> 00:57:57,729

Penniston the binary code this is what

1425

00:58:05,339 --> 00:58:00,099

he said was downloaded in him when he

1426

00:58:09,180 --> 00:58:05,349

touched the craft right right and what

1427

00:58:19,589 --> 00:58:09,190

do you think that it means what does it

1428

00:58:22,859 --> 00:58:19,599

mean some people are tied to crop

1429

00:58:28,380 --> 00:58:22,869

circles for time in ancient times some

1430

00:58:30,900 --> 00:58:28,390

of these sites started you know their

1431

00:58:32,700 --> 00:58:30,910

way back oh there's a guy by the name of

1432

00:58:34,799 --> 00:58:32,710

Gary Osborne is working on this

1433

00:58:37,229 --> 00:58:34,809

unfortunately the part of what he had

1434

00:58:40,049 --> 00:58:37,239

worked on it was gonna go on the book

1435

00:58:42,150 --> 00:58:40,059

didn't take you long they got cut and

1436

00:58:43,709 --> 00:58:42,160

he's gonna put something out later when

1437

00:58:45,749 --> 00:58:43,719

I was hurt and that would help clarify

1438

00:58:47,700 --> 00:58:45,759

some of this but I mean there were

1439

00:58:49,469 --> 00:58:47,710

different sites around the world and

1440

00:58:52,049 --> 00:58:49,479

again I told people were we can give a

1441

00:58:54,059 --> 00:58:52,059

chance you know I mean crazier things

1442

00:58:56,670 --> 00:58:54,069

have happened in this world you know

1443

00:58:58,950 --> 00:58:56,680

that twenty years before like I say go

1444

00:59:01,319 --> 00:58:58,960

back start cracking technology it's the

1445

00:59:03,420 --> 00:59:01,329

sixties they made fun of warp drive and

1446

00:59:05,759 --> 00:59:03,430

stuff they're working a worker there's

1447

00:59:08,219 --> 00:59:05,769

articles out the scientists are working

1448

00:59:09,599 --> 00:59:08,229

on a warp drive which would lead someday

1449

00:59:11,910 --> 00:59:09,609

do it happening I don't know how close

1450

00:59:13,319 --> 00:59:11,920

they are it's all classified but just

1451

00:59:15,479 --> 00:59:13,329

the fact that they're working on it now

1452

00:59:17,069 --> 00:59:15,489

it would have been made fun of it was

1453

00:59:19,109 --> 00:59:17,079

made fun of in the sixties in science

1454

00:59:20,910 --> 00:59:19,119

fiction but now it's possible so who

1455

00:59:24,089 --> 00:59:20,920

knows and I think there's a lot of good

1456

00:59:26,190 --> 00:59:24,099

people and even in time-travel I know

1457

00:59:28,170 --> 00:59:26,200

dr. mal it's working on the possibility

1458

00:59:29,849 --> 00:59:28,180

of time travel and then he's been out in

1459

00:59:31,559 --> 00:59:29,859

the open with that so let's see what

1460

00:59:32,819 --> 00:59:31,569

happens you know give it a chance and

1461

00:59:34,650 --> 00:59:32,829

you know maybe do some more research

1462

00:59:37,680 --> 00:59:34,660

before you're so critical on everything

1463

00:59:38,999 --> 00:59:37,690

all the time that's right yes that's

1464

00:59:43,650 --> 00:59:39,009

right there stranger things have

1465

00:59:47,069 --> 00:59:43,660

happened in you know this is something

1466

00:59:51,420 --> 00:59:47,079

like a binary code you know it's so not

1467

00:59:53,729 --> 00:59:51,430

up my alley or area of expertise in any

1468

00:59:56,579 --> 00:59:53,739

way so I have trouble you know

1469

00:59:58,559 --> 00:59:56,589

understanding that but it doesn't mean

1470

01:00:00,839 --> 00:59:58,569

there's not something to it you know so

1471

01:00:02,130 --> 01:00:00,849

I think it's best to keep an open mind

1472

01:00:03,569 --> 01:00:02,140

as much as possible

1473

01:00:05,789 --> 01:00:03,579

I mean part of the problem with this

1474

01:00:08,099 --> 01:00:05,799

case is is that anytime anyone says

1475

01:00:10,500 --> 01:00:08,109

anything that's out of the realms a

1476

01:00:13,349 --> 01:00:10,510

possibility or a little bit to the left

1477

01:00:15,120 --> 01:00:13,359

or right I mean they get attacked I mean

1478

01:00:17,160 --> 01:00:15,130

Larry said beans and they attacked him

1479

01:00:18,750 --> 01:00:17,170

and I tried to explain to him over you

1480

01:00:20,279 --> 01:00:18,760

know when we were over in UK that right

1481

01:00:21,960 --> 01:00:20,289

away beans beans a lies doesn't

1482

01:00:25,140 --> 01:00:21,970

necessarily mean but one of the things

1483

01:00:27,180 --> 01:00:25,150

in the initial CNN report Harbaugh was

1484

01:00:28,680 --> 01:00:27,190

blacked out said we saw something inside

1485

01:00:31,349 --> 01:00:28,690

the blue lights it looked like it could

1486

01:00:33,210 --> 01:00:31,359

be you know you know I don't have my

1487

01:00:34,470 --> 01:00:33,220

don't want to quote exactly what he said

1488

01:00:37,500 --> 01:00:34,480

but he implied it could be in it

1489

01:00:39,120 --> 01:00:37,510

something to do with you know something

1490

01:00:39,930 --> 01:00:39,130

you know which automatically goes right

1491

01:00:41,519 --> 01:00:39,940

back to aliens

1492

01:00:43,380 --> 01:00:41,529

Colonel Hawkes been on the record over

1493

01:00:45,509 --> 01:00:43,390

the past year saying we're not alone and

1494

01:00:48,240 --> 01:00:45,519

you know what they dealt with an

1495

01:00:50,609 --> 01:00:48,250

intelligent control that was et based so

1496

01:00:52,380 --> 01:00:50,619

you know you know as soon as you go into

1497

01:00:54,720 --> 01:00:52,390

certain areas like this you get attacked

1498

01:00:57,150 --> 01:00:54,730

right away you know well when I learned

1499

01:01:00,480 --> 01:00:57,160

Larry talked about it he even in old

1500

01:01:03,329 --> 01:01:00,490

recordings he usually says people I saw

1501

01:01:05,490 --> 01:01:03,339

these people you know or something you

1502

01:01:09,569 --> 01:01:05,500

know he images I don't know what it is

1503

01:01:11,460 --> 01:01:09,579

you know he doesn't call them aliens he

1504

01:01:14,220 --> 01:01:11,470

doesn't say that they're from outer

1505

01:01:21,509 --> 01:01:14,230

space or another planet or anything he

1506

01:01:23,359 --> 01:01:21,519

says I just know what I saw you the

1507

01:01:26,730 --> 01:01:23,369

scientific and technical memorandum

1508

01:01:28,920 --> 01:01:26,740

explains why that's possible and again I

1509

01:01:31,499 --> 01:01:28,930

mean over the weekend Richard Dolan saw

1510

01:01:33,900 --> 01:01:31,509

my work and he never he admitted he

1511

01:01:36,240 --> 01:01:33,910

never had looked at these papers you

1512

01:01:38,999 --> 01:01:36,250

know I mean so this has been overlooked

1513

01:01:40,829 --> 01:01:39,009

and the interesting thing is it's time

1514

01:01:43,009 --> 01:01:40,839

to take a closer look at the report and

1515

01:01:45,210 --> 01:01:43,019

hold a Modi in the American government

1516

01:01:47,490 --> 01:01:45,220

responsible for this because there's a

1517

01:01:50,609 --> 01:01:47,500

lot of answers in this and like I said

1518

01:01:53,099 --> 01:01:50,619

I've got him right now released

1519

01:01:55,740 --> 01:01:53,109

everything so what is it is it 18 files

1520

01:01:57,240 --> 01:01:55,750

because they initially said five then I

1521

01:01:59,880 --> 01:01:57,250

went after harder and they said there's

1522

01:02:00,990 --> 01:01:59,890

more then they eventually got to 18 well

1523

01:02:02,460 --> 01:02:01,000

what the hell is that

1524

01:02:05,039 --> 01:02:02,470

are they really hiding back and what do

1525

01:02:06,779 --> 01:02:05,049

they know but ultimately it leads down

1526

01:02:07,920 --> 01:02:06,789

to what they feel is nice to security

1527

01:02:09,509 --> 01:02:07,930

even though it's not out of defense

1528

01:02:11,430 --> 01:02:09,519

significance because they're all trying

1529

01:02:13,170 --> 01:02:11,440

to weaponize it and you know what

1530

01:02:15,749 --> 01:02:13,180

weapons no matter how you spin it

1531

01:02:17,370 --> 01:02:15,759

they're used against other people and

1532

01:02:20,639 --> 01:02:17,380

why don't we ever make it to the point

1533

01:02:24,599 --> 01:02:20,649

where we stop doing that oh I don't know

1534

01:02:27,679 --> 01:02:24,609

don't get me started on that one because

1535

01:02:30,989 --> 01:02:27,689

that is I I don't understand I mean

1536

01:02:33,209 --> 01:02:30,999

hopefully you know it does seem like

1537

01:02:35,489 --> 01:02:33,219

some people are evolving but you know

1538

01:02:37,829 --> 01:02:35,499

obviously there's so many wars and crazy

1539

01:02:39,749 --> 01:02:37,839

stuff going on around the world that

1540

01:02:40,249 --> 01:02:39,759

everybody's not getting it that's for

1541

01:02:43,559 --> 01:02:40,259

sure

1542

01:02:47,519 --> 01:02:43,569

but let's see how about another question

1543

01:02:52,049 --> 01:02:47,529

from the crowd here I think there's one

1544

01:02:54,479 --> 01:02:52,059

kind of got answered did any of the

1545

01:02:56,579 --> 01:02:54,489

witnesses for physical ailments or other

1546

01:02:59,579 --> 01:02:56,589

noticeable changes after that night well

1547

01:03:03,749 --> 01:02:59,589

you talked about your heart problems

1548

01:03:06,269 --> 01:03:03,759

what about other people and also where I

1549

01:03:09,269 --> 01:03:06,279

was more interested in almost in any

1550

01:03:13,799 --> 01:03:09,279

physical problems that you might have

1551
01:03:16,939 --> 01:03:13,809
had was any changes and you know your

1552
01:03:19,649 --> 01:03:16,949
psychological state or even in your own

1553
01:03:22,079 --> 01:03:19,659
understanding you know of your own

1554
01:03:24,389 --> 01:03:22,089
philosophy your own ideas and philosophy

1555
01:03:26,699 --> 01:03:24,399
did those kinds of things change these

1556
01:03:27,299 --> 01:03:26,709
things do you think they've changed your

1557
01:03:29,249 --> 01:03:27,309
life

1558
01:03:30,839 --> 01:03:29,259
obviously you're still talking about it

1559
01:03:35,669 --> 01:03:30,849
there is some ideas later

1560
01:03:38,399 --> 01:03:35,679
I mean to be honest early on I mean I

1561
01:03:39,989 --> 01:03:38,409
would say it didn't change my life that

1562
01:03:43,649 --> 01:03:39,999
much other than I started not feeling

1563
01:03:45,389 --> 01:03:43,659

well I had some issues but I mean I kind

1564

01:03:48,479 --> 01:03:45,399

of left it alone I mean when the memo

1565

01:03:50,729 --> 01:03:48,489

got released you know I did change my

1566

01:03:52,979 --> 01:03:50,739

life but I went on with it I you know

1567

01:03:55,439 --> 01:03:52,989

retired from the Air Force you know I'm

1568

01:03:57,749 --> 01:03:55,449

you know I have a child you know I have

1569

01:03:59,099 --> 01:03:57,759

you know actually I have two stepkids

1570

01:04:01,889 --> 01:03:59,109

and then I got married I have two

1571

01:04:04,349 --> 01:04:01,899

stepkids in in the child coming Kayden

1572

01:04:06,779 --> 01:04:04,359

you know that's you know was born you

1573

01:04:09,149 --> 01:04:06,789

know but Elm what I'm getting at is is I

1574

01:04:11,309 --> 01:04:09,159

went on my life but as years went by you

1575

01:04:11,969 --> 01:04:11,319

start hearing more about it and all this

1576

01:04:16,439 --> 01:04:11,979

other stuff

1577

01:04:18,029 --> 01:04:16,449

um you start to hear people do these

1578

01:04:19,529 --> 01:04:18,039

things that you're like no that isn't

1579

01:04:21,089 --> 01:04:19,539

right this isn't right now they don't

1580

01:04:23,069 --> 01:04:21,099

know what they're talking about you know

1581

01:04:25,199 --> 01:04:23,079

and then my physical condition has

1582

01:04:26,759 --> 01:04:25,209

gotten worse and then the more I look at

1583

01:04:28,559 --> 01:04:26,769

this the more I get into it yeah I'm

1584

01:04:29,009 --> 01:04:28,569

thinking I'm having a more understanding

1585

01:04:31,889 --> 01:04:29,019

on

1586

01:04:33,539 --> 01:04:31,899

life itself and you know and what

1587

01:04:37,169 --> 01:04:33,549

happened to us so yeah it's it's

1588

01:04:41,939 --> 01:04:37,179

affected me you know is it effective way

1589

01:04:46,579 --> 01:04:41,949

you look at just sort of the the family

1590

01:04:50,759 --> 01:04:46,589

is man at all did you feel more akin to

1591

01:04:54,329 --> 01:04:50,769

other humans of every race and belief in

1592

01:04:59,519 --> 01:04:54,339

ethnicity because there seems to be this

1593

01:05:01,889 --> 01:04:59,529

other going on or you know I was it what

1594

01:05:04,199 --> 01:05:01,899

was it Regan it said something about you

1595

01:05:06,469 --> 01:05:04,209

know with we would all pull together if

1596

01:05:08,149 --> 01:05:06,479

we came under attack from

1597

01:05:11,069 --> 01:05:08,159

extraterrestrials or something like that

1598

01:05:14,639 --> 01:05:11,079

did you have any feeling like that

1599

01:05:20,279 --> 01:05:14,649

they're like sort of a more of a sense

1600

01:05:23,759 --> 01:05:20,289

of belonging to the human family well

1601

01:05:25,380 --> 01:05:23,769

it's an experiment no I mean it's an

1602

01:05:27,779 --> 01:05:25,390

interesting question but I mean I don't

1603

01:05:29,579 --> 01:05:27,789

think most people do that you know I

1604

01:05:32,699 --> 01:05:29,589

think they just try to survive day by

1605

01:05:35,999 --> 01:05:32,709

day and you know the thing is is that I

1606

01:05:39,120 --> 01:05:36,009

I do see Society going down a dangerous

1607

01:05:42,349 --> 01:05:39,130

path and I mean it

1608

01:05:44,729 --> 01:05:42,359

it's scary where we're going I mean I

1609

01:05:46,949 --> 01:05:44,739

I've kind of talked about a little bit

1610

01:05:48,749 --> 01:05:46,959

there's a song out by Johnny Cash going

1611

01:05:52,169 --> 01:05:48,759

by the book in its revelations

1612

01:05:53,699 --> 01:05:52,179

revelations kind of describes where

1613

01:05:54,839 --> 01:05:53,709

things are supposed to end up where

1614

01:05:56,459 --> 01:05:54,849

we're gonna go and how it's going to

1615

01:05:58,259 --> 01:05:56,469

happen and if you really look at

1616

01:05:59,639 --> 01:05:58,269

revelations you know I don't understand

1617

01:06:02,009 --> 01:05:59,649

it totally but we're kind of hitting in

1618

01:06:03,749 --> 01:06:02,019

that path right now and I don't

1619

01:06:06,269 --> 01:06:03,759

understand why why we have to live by

1620

01:06:09,509 --> 01:06:06,279

something that was written totally but

1621

01:06:11,099 --> 01:06:09,519

in if you probably broke down society as

1622

01:06:12,959 --> 01:06:11,109

a whole in the different you know groups

1623

01:06:14,639 --> 01:06:12,969

different countries you know and all

1624

01:06:16,259 --> 01:06:14,649

that other stuff most people don't

1625

01:06:18,359 --> 01:06:16,269

really understand why we're fighting

1626

01:06:20,609 --> 01:06:18,369

each other but they're told that they're

1627

01:06:23,370 --> 01:06:20,619

supposed to so it happens and they go

1628

01:06:25,139 --> 01:06:23,380

along with it and stuff and I don't know

1629

01:06:26,279 --> 01:06:25,149

where we're going and I don't like where

1630

01:06:28,379 --> 01:06:26,289

it's going I don't like the way the

1631

01:06:30,959 --> 01:06:28,389

Earth's is being you know is falling

1632

01:06:32,249 --> 01:06:30,969

apart you know and and the fact that

1633

01:06:33,899 --> 01:06:32,259

we're getting ready to possibly have a

1634

01:06:36,089 --> 01:06:33,909

war I don't know if we are for sure but

1635

01:06:38,399 --> 01:06:36,099

it sure is leading up to that and of

1636

01:06:39,659 --> 01:06:38,409

course a lot of people say that's the

1637

01:06:41,669 --> 01:06:39,669

middle east is where it's all going to

1638

01:06:42,480 --> 01:06:41,679

end so you know I don't like where we're

1639

01:06:45,900 --> 01:06:42,490

going and

1640

01:06:47,790 --> 01:06:45,910

I don't I don't think I don't know

1641

01:06:49,140 --> 01:06:47,800

people I don't think people understand

1642

01:06:50,670 --> 01:06:49,150

why we're going that way and it just

1643

01:06:53,010 --> 01:06:50,680

seems to select small group of people

1644

01:06:57,750 --> 01:06:53,020

are controlling everything and I don't

1645

01:07:01,200 --> 01:06:57,760

think that's right either and do you

1646

01:07:04,910 --> 01:07:01,210

think that the advance were controlled

1647

01:07:07,080 --> 01:07:04,920

at night by people I mean certainly not

1648

01:07:10,380 --> 01:07:07,090

possibly all the events that were going

1649

01:07:13,320 --> 01:07:10,390

on but the involvement of those that

1650

01:07:18,030 --> 01:07:13,330

were there Larry

1651
01:07:19,440 --> 01:07:18,040
Warren seems to think it expressed to me

1652
01:07:22,650 --> 01:07:19,450
that you know nobody was here by

1653
01:07:27,090 --> 01:07:22,660
accident and he feels like it was sort

1654
01:07:28,440 --> 01:07:27,100
of planned who was there by possibly

1655
01:07:30,420 --> 01:07:28,450
things that have happened to people in

1656
01:07:32,490 --> 01:07:30,430
their earlier lives and I can only guess

1657
01:07:35,310 --> 01:07:32,500
because he didn't say it that he was

1658
01:07:40,500 --> 01:07:35,320
talking about you know I know at a young

1659
01:07:41,670 --> 01:07:40,510
age he had observed a UFO or something

1660
01:07:44,040 --> 01:07:41,680
like they had some sort of experience

1661
01:07:47,160 --> 01:07:44,050
like that and lived in a house it was

1662
01:07:51,720 --> 01:07:47,170
supposed to be haunted so do you think

1663
01:07:54,090 --> 01:07:51,730

that people were assembled to be at that

1664

01:07:59,790 --> 01:07:54,100

particular place do you feel like you

1665

01:08:02,190 --> 01:07:59,800

were sort of chosen I mean I mean the

1666

01:08:03,780 --> 01:08:02,200

first night I don't think so I think if

1667

01:08:06,900 --> 01:08:03,790

anything this is what I'm working

1668

01:08:10,170 --> 01:08:06,910

towards I think that the meteor activity

1669

01:08:12,210 --> 01:08:10,180

I think the the area itself the

1670

01:08:13,980 --> 01:08:12,220

phenomenon was known to be in that area

1671

01:08:16,680 --> 01:08:13,990

and meteor activity can trigger some of

1672

01:08:18,329 --> 01:08:16,690

this um I think our government was well

1673

01:08:20,249 --> 01:08:18,339

aware of this there was an area in there

1674

01:08:22,380 --> 01:08:20,259

because even Amod have people down there

1675

01:08:24,059 --> 01:08:22,390

looking at it so could they have been

1676

01:08:26,010 --> 01:08:24,069

working on something knowing something

1677

01:08:28,110 --> 01:08:26,020

could occur and all that yes do I think

1678

01:08:31,590 --> 01:08:28,120

they expected us to show up out there no

1679

01:08:33,269 --> 01:08:31,600

um it was a it was just the freak thing

1680

01:08:35,519 --> 01:08:33,279

that we were where we were and we saw

1681

01:08:36,780 --> 01:08:35,529

something and the funny thing is it may

1682

01:08:38,220 --> 01:08:36,790

have been seen the next night of the

1683

01:08:40,410 --> 01:08:38,230

night after I'm not saying it would but

1684

01:08:44,490 --> 01:08:40,420

on our night if we hadn't been down at

1685

01:08:46,019 --> 01:08:44,500

the gate when we were probably we never

1686

01:08:47,039 --> 01:08:46,029

would have reported it and we never

1687

01:08:48,450 --> 01:08:47,049

would have been involved

1688

01:08:50,099 --> 01:08:48,460

could they have seen something a second

1689

01:08:51,720 --> 01:08:50,109

a third night maybe but because of the

1690

01:08:53,400 --> 01:08:51,730

first night they were obviously watching

1691

01:08:55,320 --> 01:08:53,410

the second of their night which they saw

1692

01:08:55,980 --> 01:08:55,330

something for sure so we may never have

1693

01:08:57,960 --> 01:08:55,990

known

1694

01:08:59,310 --> 01:08:57,970

do I think that some of us may have been

1695

01:09:01,290 --> 01:08:59,320

naturally drawn out there because what

1696

01:09:03,030 --> 01:09:01,300

Larry says it's very possible that

1697

01:09:04,860 --> 01:09:03,040

something that happened prior could have

1698

01:09:06,570 --> 01:09:04,870

led you out there I mean even I went out

1699

01:09:08,460 --> 01:09:06,580

there another time I was one of the few

1700

01:09:10,020 --> 01:09:08,470

some ball was out there twice he's been

1701

01:09:11,460 --> 01:09:10,030

said I was the only one with some boss

1702

01:09:14,010 --> 01:09:11,470

who was out to the second or third night

1703

01:09:16,110 --> 01:09:14,020

but he was out to kill on duty I went

1704

01:09:17,970 --> 01:09:16,120

out there once off-duty but I don't know

1705

01:09:20,520 --> 01:09:17,980

I mean that stuff I'm kind of looking at

1706

01:09:22,080 --> 01:09:20,530

but it's you know and I understand Larry

1707

01:09:23,280 --> 01:09:22,090

had an experience earlier so that would

1708

01:09:24,930 --> 01:09:23,290

make him feel that way more and I don't

1709

01:09:27,300 --> 01:09:24,940

disagree with it but I don't ever

1710

01:09:29,970 --> 01:09:27,310

remember an experience prior to this you

1711

01:09:32,490 --> 01:09:29,980

know so I don't know but it is something

1712

01:09:36,930 --> 01:09:32,500

to look at it's good question right

1713

01:09:39,300 --> 01:09:36,940

I don't know for sure I mean so yeah

1714

01:09:41,730 --> 01:09:39,310

it's just all you know what would sound

1715

01:09:44,250 --> 01:09:41,740

it's a very very end of the show and I

1716

01:09:48,240 --> 01:09:44,260

and I had meant to get this question in

1717

01:09:49,890 --> 01:09:48,250

earlier someone had asked about the if

1718

01:09:51,870 --> 01:09:49,900

you could clear up the idea of the

1719

01:09:54,840 --> 01:09:51,880

lighthouse there was a lighthouse nearby

1720

01:09:58,830 --> 01:09:54,850

and I know that people that were trying

1721

01:10:01,530 --> 01:09:58,840

to close his story tried to say oh they

1722

01:10:04,860 --> 01:10:01,540

were just looking at the lighthouse but

1723

01:10:06,540 --> 01:10:04,870

it seems that so much occurred that it

1724

01:10:08,580 --> 01:10:06,550

couldn't possibly have been there could

1725

01:10:16,020 --> 01:10:08,590

you explain just real quickly we're down

1726

01:10:18,180 --> 01:10:16,030

to the last two minutes I'm sorry what

1727

01:10:19,290 --> 01:10:18,190

we saw where we were at the beginning we

1728

01:10:21,120 --> 01:10:19,300

weren't even in the area where you could

1729

01:10:24,870 --> 01:10:21,130

see the lighthouse we went out further

1730

01:10:26,250 --> 01:10:24,880

on to see if we could re you know

1731

01:10:28,590 --> 01:10:26,260

identify you know as far as we

1732

01:10:30,210 --> 01:10:28,600

established what we saw in my statement

1733

01:10:31,560 --> 01:10:30,220

I say we went past farmer's house we saw

1734

01:10:33,120 --> 01:10:31,570

a beacon we father identified his

1735

01:10:35,160 --> 01:10:33,130

lighthouse but at no time what we

1736

01:10:38,040 --> 01:10:35,170

encountered earlier was the lighthouse

1737

01:10:39,750 --> 01:10:38,050

the second night that's all you know the

1738

01:10:41,610 --> 01:10:39,760

second main night which was Colonel Hall

1739

01:10:43,800 --> 01:10:41,620

tonight on his tape he talks about it

1740

01:10:45,870 --> 01:10:43,810

being like coming down his feet you know

1741

01:10:49,500 --> 01:10:45,880

I don't know and the last but not least

1742

01:10:51,060 --> 01:10:49,510

in the mo D documents okay they talked

1743

01:10:52,470 --> 01:10:51,070

about this and I said this was the only

1744

01:10:54,240 --> 01:10:52,480

thing they really talked about this is

1745

01:10:56,580 --> 01:10:54,250

the well reported Rendlesham forest

1746

01:10:59,010 --> 01:10:56,590

so I spent waters event is an example

1747

01:11:00,960 --> 01:10:59,020

where it might be postulated the several

1748

01:11:03,510 --> 01:11:00,970

jurors will probably expose the European

1749

01:11:05,280 --> 01:11:03,520

relation for longer than normal you ap

1750

01:11:07,530 --> 01:11:05,290

signing periods now

1751
01:11:11,010 --> 01:11:07,540
to say anything about the lighthouse no

1752
01:11:12,630 --> 01:11:11,020
it's a UAP that we were exposed to so I

1753
01:11:16,710 --> 01:11:12,640
think that throws the lighthouse down

1754
01:11:18,420 --> 01:11:16,720
the toilet you know you know am i

1755
01:11:20,340 --> 01:11:18,430
hypnosis one of the interesting things

1756
01:11:22,980 --> 01:11:20,350
as a person that was involved in the

1757
01:11:25,890 --> 01:11:22,990
lighthouse theory said my hypnosis was

1758
01:11:27,150 --> 01:11:25,900
real and I didn't talk about a craft

1759
01:11:29,370 --> 01:11:27,160
you're right I did and I talked about

1760
01:11:31,080 --> 01:11:29,380
life it's all I ever said my statement

1761
01:11:32,520 --> 01:11:31,090
and everything but then when you go

1762
01:11:34,410 --> 01:11:32,530
deeper into my hypnosis what you're

1763
01:11:36,270 --> 01:11:34,420

going to post later it's just some other

1764

01:11:37,740 --> 01:11:36,280

interesting things and again nothing

1765

01:11:39,750 --> 01:11:37,750

about the lighthouse so if he's gonna

1766

01:11:41,880 --> 01:11:39,760

stake his reputation on the background

1767

01:11:48,300 --> 01:11:41,890

man how can they then turn around and

1768

01:11:52,220 --> 01:11:48,310

then still stick with - yeah yeah so

1769

01:11:58,230 --> 01:11:52,230

yeah I was watching that old Semien

1770

01:12:01,560 --> 01:11:58,240

special on on YouTube today about about

1771

01:12:03,600 --> 01:12:01,570

it and I think that kind of explained it

1772

01:12:05,610 --> 01:12:03,610

pretty well you know how it could not

1773

01:12:07,740 --> 01:12:05,620

have been alive now I mean there's

1774

01:12:09,120 --> 01:12:07,750

possible just being a lie

1775

01:12:13,320 --> 01:12:09,130

first could have been in the lighthouse

1776

01:12:19,860 --> 01:12:13,330

but didn't move you know it just

1777

01:12:21,360 --> 01:12:19,870

impossible I mean any point in time did

1778

01:12:22,890 --> 01:12:21,370

Colonel Hall on the third night that's

1779

01:12:25,380 --> 01:12:22,900

where he really tries to attack and

1780

01:12:26,700 --> 01:12:25,390

David Clarke did - was did they maybe

1781

01:12:29,310 --> 01:12:26,710

see the blinker light house whenever

1782

01:12:30,570 --> 01:12:29,320

moving around maybe but you know how

1783

01:12:32,430 --> 01:12:30,580

long does it take you to look at

1784

01:12:34,980 --> 01:12:32,440

something and figure out what it is not

1785

01:12:37,170 --> 01:12:34,990

very long I mean you know I'm saying you

1786

01:12:40,110 --> 01:12:37,180

would you would it wasn't what we saw

1787

01:12:41,790 --> 01:12:40,120

and I went back there since and have

1788

01:12:43,710 --> 01:12:41,800

looked at the lighthouse when it was

1789

01:12:45,510 --> 01:12:43,720

blinking and I wouldn't take him very

1790

01:12:48,300 --> 01:12:45,520

long to figure it out and the only

1791

01:12:50,100 --> 01:12:48,310

reason why I took longer for us is we

1792

01:12:52,950 --> 01:12:50,110

were farther to the right and we saw the

1793

01:12:54,510 --> 01:12:52,960

beacon and in when I say the beacon when

1794

01:12:57,000 --> 01:12:54,520

I say we confirmed it was a lighthouse

1795

01:12:59,610 --> 01:12:57,010

it looked like lighthouse but I wasn't

1796

01:13:01,560 --> 01:12:59,620

familiar totally with you know seeing

1797

01:13:03,090 --> 01:13:01,570

all I asked up close but when we got on

1798

01:13:04,980 --> 01:13:03,100

top of the hill and looked down it was

1799

01:13:07,170 --> 01:13:04,990

lighthouse but that was nothing that we

1800

01:13:08,580 --> 01:13:07,180

seen we were going out there further to

1801

01:13:11,400 --> 01:13:08,590

look at the area to see if we could

1802

01:13:12,960 --> 01:13:11,410

reconnect with what we had with her so

1803

01:13:14,000 --> 01:13:12,970

in the lighthouses don't go up and down

1804

01:13:17,810 --> 01:13:14,010

and shoot beams

1805

01:13:19,730 --> 01:13:17,820

that so know that I think you absolutely

1806

01:13:22,130 --> 01:13:19,740

did and thank you so much John Burroughs

1807

01:13:24,470 --> 01:13:22,140

and witness to the what's now called

1808

01:13:27,110 --> 01:13:24,480

RFID render supports incident in

1809

01:13:28,550 --> 01:13:27,120

December of 1980 sorry we couldn't have

1810

01:13:30,110 --> 01:13:28,560

Larry on that we're gonna get him on one
