UFO Headline News Friday May 19th,
2017

1
00:00:07,400 --> 00:00:05,090
hello it's Friday May 19 2017 you are

2
00:00:10,339 --> 00:00:07,410
listening to inception Radio Network

3
00:00:15,530 --> 00:00:10,349
voice of the fringe majority this is

4
00:00:18,710 --> 00:00:15,540
Carol Carl with UFO has I news tonight

5
00:00:20,540 --> 00:00:18,720
let's gather our paraphernalia and go

6
00:00:23,359 --> 00:00:20,550
out and look for a constellation that's

7
00:00:27,200 --> 00:00:23,369
easy to see on the skies dome if your

8
00:00:30,290 --> 00:00:27,210
sky is dark enough Corona borealis aka

9
00:00:33,470 --> 00:00:30,300
the northern crown is exciting to find

10
00:00:36,139 --> 00:00:33,480
it's an almost perfect semicircle of

11
00:00:38,270 --> 00:00:36,149
stars you'll find this beautiful pattern

12
00:00:41,119 --> 00:00:38,280
in the evening sky from now until

13
00:00:44,119 --> 00:00:41,129

October the constellation Corona

14

00:00:47,360 --> 00:00:44,129

borealis is located more or less along a

15

00:00:49,310 --> 00:00:47,370

line between two bright stars Arcturus

16

00:00:52,610 --> 00:00:49,320

in the constellation Bootes the herdsman

17

00:00:55,729 --> 00:00:52,620

and Vega in the constellation Lyra the

18

00:00:58,459 --> 00:00:55,739

harp at nightfall and early evening you

19

00:01:00,740 --> 00:00:58,469

can see Arcturus fairly high the East to

20

00:01:03,609 --> 00:01:00,750

Northeast sky noticeable for its

21

00:01:06,380 --> 00:01:03,619

brightness and that yellow orange color

22

00:01:09,260 --> 00:01:06,390

Vega will be rather low in the Northeast

23

00:01:11,719 --> 00:01:09,270

bright and blue white in color the

24

00:01:14,090 --> 00:01:11,729

northern crown is more or less between

25

00:01:17,060 --> 00:01:14,100

these two bright stars it's going to be

26

00:01:19,730 --> 00:01:17,070

a semicircle of stars a very noticeable

27

00:01:22,100 --> 00:01:19,740

provided the sky's dark enough the

28

00:01:27,800 --> 00:01:22,110

brightest star in Corona borealis is

29

00:01:31,940 --> 00:01:27,810

alphecca will spell that al phe CCA also

30

00:01:35,140 --> 00:01:31,950

known as JAMA ge MMA sometimes called

31

00:01:37,460 --> 00:01:35,150

the pearl of the crown the name alphecca

32

00:01:40,700 --> 00:01:37,470

originated with a description of Corona

33

00:01:43,190 --> 00:01:40,710

borealis as the broken one in reference

34

00:01:45,859 --> 00:01:43,200

to the fact that these stars appear in a

35

00:01:48,800 --> 00:01:45,869

semicircle rather than a full circle

36

00:01:51,620 --> 00:01:48,810

alphecca is a blue-white star with an

37

00:01:54,319 --> 00:01:51,630

intrinsic luminosity some 60 times that

38

00:01:56,780 --> 00:01:54,329

of our Sun it's located about 75

39

00:01:59,780 --> 00:01:56,790

light-years from Earth bottom line

40

00:02:02,120 --> 00:01:59,790

you'll need a fairly dark sky to see

41

00:02:05,600 --> 00:02:02,130

Corona borealis between those two

42

00:02:10,070 --> 00:02:05,610

brilliant stars Vega and Arcturus Corona

43

00:02:13,760 --> 00:02:10,080

borealis the northern crown cool try

44

00:02:16,370 --> 00:02:13,770

this on for cool headline NASA

45

00:02:20,530 --> 00:02:16,380

just discovered a bizarre bubble around

46

00:02:22,070 --> 00:02:20,540

earth and humans accidentally created it

47

00:02:26,270 --> 00:02:22,080

mike Waner

48

00:02:29,090 --> 00:02:26,280

writes this for BGR news.com most of the

49

00:02:31,070 --> 00:02:29,100

time NASA spends its days searching for

50

00:02:33,830 --> 00:02:31,080

and studying things in space that

51
00:02:36,950 --> 00:02:33,840
resulted from natural phenomena like

52
00:02:39,410 --> 00:02:36,960
creepy valleys on Mars yeah we talked

53
00:02:41,780 --> 00:02:39,420
about perseverance Valley on Mars just

54
00:02:44,860 --> 00:02:41,790
yesterday here on UFO headline news

55
00:02:48,050 --> 00:02:44,870
also things like vast oceans on Europa

56
00:02:50,480 --> 00:02:48,060
but its newest discovery is quite

57
00:02:53,900 --> 00:02:50,490
different in a new paper published in

58
00:02:56,660 --> 00:02:53,910
space science reviews researchers reveal

59
00:02:59,420 --> 00:02:56,670
the existence of a man-made bubble

60
00:03:03,170 --> 00:02:59,430
created by a specific type of radio

61
00:03:04,670 --> 00:03:03,180
communication technology however unlike

62
00:03:06,500 --> 00:03:04,680
most of the things humans have

63
00:03:08,810 --> 00:03:06,510

accidentally created on earth

64

00:03:11,990 --> 00:03:08,820

this particular shield could actually

65

00:03:13,490 --> 00:03:12,000

prove to be beneficial as long as we

66

00:03:17,000 --> 00:03:13,500

know how to control it

67

00:03:20,210 --> 00:03:17,010

this bubble which humanity has created

68

00:03:23,410 --> 00:03:20,220

without even realizing it was VLF in

69

00:03:26,270 --> 00:03:23,420

other words very low frequency radio

70

00:03:28,550 --> 00:03:26,280

communications these types of signals

71

00:03:31,910 --> 00:03:28,560

have a long history and were once used

72

00:03:33,890 --> 00:03:31,920

for long-range radio communication today

73

00:03:36,290 --> 00:03:33,900

they're used largely in communicating

74

00:03:38,660 --> 00:03:36,300

with submarines but the signals find

75

00:03:39,620 --> 00:03:38,670

their way into space as well and when

76

00:03:41,990 --> 00:03:39,630

they do so

77

00:03:44,870 --> 00:03:42,000

researchers realize that they have the

78

00:03:47,660 --> 00:03:44,880

power to affect the radiation bombarding

79

00:03:52,160 --> 00:03:47,670

Earth from space by creating a sort of

80

00:03:53,960 --> 00:03:52,170

shield that repels it quote a number of

81

00:03:55,520 --> 00:03:53,970

experiments and observations have

82

00:03:58,190 --> 00:03:55,530

figured out that under the right

83

00:04:01,370 --> 00:03:58,200

conditions radio communication signals

84

00:04:03,980 --> 00:04:01,380

in the VLF frequency range can in fact

85

00:04:06,170 --> 00:04:03,990

affect the properties of the high-energy

86

00:04:07,070 --> 00:04:06,180

radiation environment around the earth

87

00:04:09,320 --> 00:04:07,080

end quote

88

00:04:10,729 --> 00:04:09,330

that's from Phil Erickson he's an

89

00:04:13,430 --> 00:04:10,739

assistant director at the Massachusetts

90

00:04:16,099 --> 00:04:13,440

Institute of Technology's haystack

91

00:04:19,010 --> 00:04:16,109

observatory what's particularly

92

00:04:22,430 --> 00:04:19,020

interesting is that now that NASA knows

93

00:04:24,320 --> 00:04:22,440

that VLF signals have this power they

94

00:04:26,750 --> 00:04:24,330

could be used to shield astronauts

95

00:04:27,560 --> 00:04:26,760

satellites from spikes and radiation

96

00:04:31,700 --> 00:04:27,570

awry

97

00:04:32,600 --> 00:04:31,710

into Earth from the Sun hooray for happy

98

00:04:36,710 --> 00:04:32,610

accidents

99

00:04:39,620 --> 00:04:36,720

to that we add viva serendipity here's

100

00:04:42,350 --> 00:04:39,630

an update at least two years ago

101
00:04:45,530 --> 00:04:42,360
although it hardly seems that long there

102
00:04:47,780 --> 00:04:45,540
was information and a big case carried

103
00:04:50,240 --> 00:04:47,790
by mainstream media as well it was the

104
00:04:53,540 --> 00:04:50,250
death of Jeffrey Allen Lash in the Los

105
00:04:56,030 --> 00:04:53,550
Angeles California area Jeffrey who was

106
00:04:59,270 --> 00:04:56,040
known to have told people he was a

107
00:05:01,400 --> 00:04:59,280
hybrid alien working with a three-letter

108
00:05:03,380 --> 00:05:01,410
agency in the United States government

109
00:05:06,620 --> 00:05:03,390
and that on the event of his death or

110
00:05:08,870 --> 00:05:06,630
anything seriously wrong with him his

111
00:05:13,310 --> 00:05:08,880
body would be taken care of by said

112
00:05:14,870 --> 00:05:13,320
agency it wasn't it was found in a van

113
00:05:18,140 --> 00:05:14,880

by the Los Angeles Police Department

114

00:05:21,050 --> 00:05:18,150

after some calls and to make a long

115

00:05:24,830 --> 00:05:21,060

story short in his condominium was found

116

00:05:27,020 --> 00:05:24,840

at least \$20,000 in cash an Arsenal that

117

00:05:30,380 --> 00:05:27,030

the Los Angeles Police Department found

118

00:05:33,170 --> 00:05:30,390

jaw-dropping there was indication he had

119

00:05:35,150 --> 00:05:33,180

several storage areas filled with

120

00:05:38,300 --> 00:05:35,160

various kinds of cars one of them

121

00:05:39,920 --> 00:05:38,310

capable of driving under water and when

122

00:05:42,650 --> 00:05:39,930

queried upon this Jeffrey Allen lash

123

00:05:44,630 --> 00:05:42,660

would tell people that was because he

124

00:05:47,690 --> 00:05:44,640

worked with agents who at the drop of a

125

00:05:50,750 --> 00:05:47,700

hat might have an urgent need for such a

126

00:05:52,850 --> 00:05:50,760

vehicle enter Jack brewer he's a

127

00:05:55,250 --> 00:05:52,860

journalist and a ufologist who's been

128

00:05:58,250 --> 00:05:55,260

following this and making requests to

129

00:06:02,240 --> 00:05:58,260

the Department of Justice for whys

130

00:06:05,860 --> 00:06:02,250

here's an update dated May 11th about

131

00:06:08,390 --> 00:06:05,870

this FOIA information appeal here we go

132

00:06:10,570 --> 00:06:08,400

Department of Justice responds to

133

00:06:13,730 --> 00:06:10,580

Freedom of Information Act appeal

134

00:06:17,570 --> 00:06:13,740

directs FBI to search further for lash

135

00:06:19,460 --> 00:06:17,580

files a May 10th email from the

136

00:06:21,530 --> 00:06:19,470

Department of Justice stated Jack

137

00:06:24,260 --> 00:06:21,540

Brewers appeal for files on Jeffrey

138

00:06:26,200 --> 00:06:24,270

Allen lash quote has been processed with

139

00:06:29,900 --> 00:06:26,210

the following final deposition

140

00:06:32,570 --> 00:06:29,910

completely rivers slashed remanded and

141

00:06:34,430 --> 00:06:32,580

quotes this email was from the

142

00:06:37,040 --> 00:06:34,440

Department of Justice office of

143

00:06:39,500 --> 00:06:37,050

information policy and addressed an

144

00:06:41,450 --> 00:06:39,510

appeal filed due to the FBI previously

145

00:06:44,930 --> 00:06:41,460

reporting requested record

146

00:06:47,270 --> 00:06:44,940

were unable to be identified and here is

147

00:06:49,760 --> 00:06:47,280

Jack Brewers summary of the geoffrey

148

00:06:52,070 --> 00:06:49,770

alan lash case again the story of a man

149

00:06:54,680 --> 00:06:52,080

found dead in a vehicle in the los

150

00:06:57,320 --> 00:06:54,690

angeles upscale community of pacific

151

00:06:59,809 --> 00:06:57,330

palisades the bizarre saga involved a

152

00:07:01,969 --> 00:06:59,819

stash of millions of dollars in weapons

153

00:07:05,240 --> 00:07:01,979

and ammo about a quarter of a million

154

00:07:07,790 --> 00:07:05,250

dollars in cash and testimonies that the

155

00:07:09,920 --> 00:07:07,800

deceased had claimed to be an ET human

156

00:07:12,890 --> 00:07:09,930

hybrid working with United States

157

00:07:16,550 --> 00:07:12,900

intelligence agencies among other odd

158

00:07:19,370 --> 00:07:16,560

plot twists apparently this post by Jack

159

00:07:21,860 --> 00:07:19,380

Brewer has been favorited constantly in

160

00:07:24,800 --> 00:07:21,870

spite of it having been posted two years

161

00:07:27,170 --> 00:07:24,810

ago Jack Brewers request to the FBI for

162

00:07:30,589 --> 00:07:27,180

records on the lash case was filed in

163

00:07:33,020 --> 00:07:30,599

2016 he was subsequently informed by the

164

00:07:36,860 --> 00:07:33,030

Bureau in a letter dated December 15

165

00:07:39,649 --> 00:07:36,870

2016 that records were unable to be

166

00:07:41,779 --> 00:07:39,659

identified but it was added that the

167

00:07:44,870 --> 00:07:41,789

quote response neither confirmed nor

168

00:07:48,290 --> 00:07:44,880

denied the existence of your subjects

169

00:07:50,810 --> 00:07:48,300

name on any watch lists and quotes it

170

00:07:53,659 --> 00:07:50,820

was also clarified to be a standard

171

00:07:55,610 --> 00:07:53,669

notification and quote should not be

172

00:07:59,560 --> 00:07:55,620

taken as an indication that excluded

173

00:08:02,779 --> 00:07:59,570

records do or do not exist end quotes

174

00:08:04,700 --> 00:08:02,789

the letter further stated quote if you

175

00:08:07,159 --> 00:08:04,710

have additional information pertaining

176

00:08:09,020 --> 00:08:07,169

to the subject that you believe was of

177

00:08:11,749 --> 00:08:09,030

investigative interest to the bureau

178

00:08:13,689 --> 00:08:11,759

please provide us the details and we

179

00:08:17,930 --> 00:08:13,699

will conduct an additional search and

180

00:08:19,700 --> 00:08:17,940

quote the article continues in Jack

181

00:08:22,430 --> 00:08:19,710

Brewers own words quote I therefore

182

00:08:25,550 --> 00:08:22,440

pointed out that the Guardian in an

183

00:08:27,800 --> 00:08:25,560

article dated 23rd of July 2015

184

00:08:30,469 --> 00:08:27,810

reported the late mr. lash believed he

185

00:08:33,050 --> 00:08:30,479

was quote a secret government operative

186

00:08:36,709 --> 00:08:33,060

under constant surveillance by the CIA

187

00:08:38,839 --> 00:08:36,719

the FBI or both end quotes and then

188

00:08:40,490 --> 00:08:38,849

there's a link to that article Jack

189

00:08:43,010 --> 00:08:40,500

Brewer also pointed out to them that

190

00:08:45,350 --> 00:08:43,020

similarly the Washington Times covered

191

00:08:47,690 --> 00:08:45,360

the story reporting that lash identified

192

00:08:50,090 --> 00:08:47,700

himself to his neighbors as Bob Smith

193

00:08:53,180 --> 00:08:50,100

there's a link to that article as well

194

00:08:55,160 --> 00:08:53,190

the Los Angeles Times many other media

195

00:08:57,710 --> 00:08:55,170

outlets reported similar sir

196

00:08:59,060 --> 00:08:57,720

stances files available for release are

197

00:09:01,129 --> 00:08:59,070

therefore requested on any

198

00:09:05,000 --> 00:09:01,139

investigations the bureau may have

199

00:09:07,910 --> 00:09:05,010

conducted of Jeffrey Allen lash as well

200

00:09:12,139 --> 00:09:07,920

as any interest in or relationships with

201
00:09:16,189 --> 00:09:12,149
ash that's the summation of Jack Brewers

202
00:09:18,379 --> 00:09:16,199
latest hit on the agencies involved he

203
00:09:19,970 --> 00:09:18,389
closes this article by writing let's

204
00:09:22,670 --> 00:09:19,980
hope a further search for Responsive

205
00:09:24,949 --> 00:09:22,680
records at the FBI turns up something

206
00:09:27,410 --> 00:09:24,959
interesting something available for

207
00:09:29,120 --> 00:09:27,420
release for those of you following the

208
00:09:31,129 --> 00:09:29,130
political sword rattling taking place

209
00:09:33,500 --> 00:09:31,139
between the White House and the FBI it

210
00:09:36,350 --> 00:09:33,510
might be worth noting that the letter

211
00:09:38,600 --> 00:09:36,360
received in the May 10th email says Jack

212
00:09:42,350 --> 00:09:38,610
brewer was actually contained in a PDF

213
00:09:44,509 --> 00:09:42,360

that was dated March 23rd for whatever

214

00:09:47,120 --> 00:09:44,519

reasons the March letter was not emailed

215

00:09:50,900 --> 00:09:47,130

until the day after former director

216

00:09:52,970 --> 00:09:50,910

James Comey was fired a Jack Brewer adds

217

00:09:55,759 --> 00:09:52,980

that he mentions this because it might

218

00:09:58,250 --> 00:09:55,769

or might not indicate ripples of the

219

00:10:02,630 --> 00:09:58,260

political turbulence reaching throughout

220

00:10:06,079 --> 00:10:02,640

the FOIA staff and might somehow in some

221

00:10:08,769 --> 00:10:06,089

manner be involved adding a whole new

222

00:10:12,019 --> 00:10:08,779

meaning to that old phrase trickle-down

223

00:10:15,590 --> 00:10:12,029

who's ready to trickle down to Brazil

224

00:10:17,900 --> 00:10:15,600

for a holiday with rocker Ronnie Wood of

225

00:10:19,579 --> 00:10:17,910

Rolling Stone well we'd need a time

226

00:10:23,480 --> 00:10:19,589

machine to do that but here's the

227

00:10:26,240 --> 00:10:23,490

headline Ronnie Wood saw a UFO while he

228

00:10:29,840 --> 00:10:26,250

was on holiday in Brazil claims ex-wife

229

00:10:31,939 --> 00:10:29,850

Jo wood sub-headline the Rolling Stone

230

00:10:32,540 --> 00:10:31,949

guitarists experience was revealed in a

231

00:10:35,420 --> 00:10:32,550

chat

232

00:10:37,910 --> 00:10:35,430

Joe had with Peter Andre there's a new

233

00:10:39,530 --> 00:10:37,920

three-part series on the morning it's

234

00:10:42,680 --> 00:10:39,540

going to be about paranormal and

235

00:10:44,990 --> 00:10:42,690

supernatural hmm we need to look into

236

00:10:48,110 --> 00:10:45,000

that this article carries a byline for

237

00:10:51,019 --> 00:10:48,120

Tom Bryant for the mirror out of the

238

00:10:53,500 --> 00:10:51,029

United Kingdom Rolling Stones Ronnie

239

00:10:57,139 --> 00:10:53,510

Wood had a close encounter with a UFO

240

00:11:00,530 --> 00:10:57,149

during a holiday in Brazil the guitarist

241

00:11:03,230 --> 00:11:00,540

69 freaked out when a spaceship appeared

242

00:11:06,019 --> 00:11:03,240

and hovered over the sea shining strange

243

00:11:08,960 --> 00:11:06,029

lights this is according to Ronnie's

244

00:11:11,360 --> 00:11:08,970

ex-wife Joe the 62 year old

245

00:11:13,970 --> 00:11:11,370

split from the rocker in 2008 said quote

246

00:11:16,220 --> 00:11:13,980

I was in Recife in Brazil with Ronnie

247

00:11:18,379 --> 00:11:16,230

and our kids Ronnie had been out

248

00:11:20,600 --> 00:11:18,389

wandering around and he started chatting

249

00:11:22,790 --> 00:11:20,610

Joe Joe come here come here there's

250

00:11:25,759 --> 00:11:22,800

something weird over by the sea and

251

00:11:28,429 --> 00:11:25,769

quotes there's apparently more to this

252

00:11:31,970 --> 00:11:28,439

and also Peter Andre who is the host of

253

00:11:34,999 --> 00:11:31,980

world of weird on this morning ITV the

254

00:11:37,189 --> 00:11:35,009

Thursday's 10:30 a.m. he apparently had

255

00:11:39,800 --> 00:11:37,199

a strange experience of his own in

256

00:11:42,350 --> 00:11:39,810

America's Nevada desert he said quote

257

00:11:44,809 --> 00:11:42,360

what I saw was unbelievable I've never

258

00:11:47,030 --> 00:11:44,819

seen anything like it they were every

259

00:11:49,189 --> 00:11:47,040

attic objects going from one point in

260

00:11:51,949 --> 00:11:49,199

the sky to the other in split seconds

261

00:11:54,139 --> 00:11:51,959

disappearing and reappearing it blew my

262

00:11:56,600 --> 00:11:54,149

mind end quotes and as you're probably

263

00:11:59,240 --> 00:11:56,610

thinking yes this is undoubtedly part of

264

00:12:00,860 --> 00:11:59,250

that star-making machinery earlier this

265

00:12:04,160 --> 00:12:00,870

week the Rolling Stones announced a

266

00:12:06,829 --> 00:12:04,170

European tour with 13 shows in September

267

00:12:08,809 --> 00:12:06,839

and October there'll be a link if you

268

00:12:11,150 --> 00:12:08,819

want to check out Peter Andre's world of

269

00:12:14,769 --> 00:12:11,160

weird we will be tossing that link into

270

00:12:18,170 --> 00:12:14,779

UFO headline news calm for your perusal

271

00:12:20,509 --> 00:12:18,180

how about a trip to Michigan a trip to

272

areas of howl and the city of Taylor

279

00:12:45,799 --> 00:12:41,850

among others is going to premiere a

280

00:12:48,319 --> 00:12:45,809

281

files it's about a simple man named Otis

282

00:12:53,090 --> 00:12:51,120

played by indie horror movie veteran

283

00:12:56,780 --> 00:12:53,100

David C haze of howl

284

00:12:58,340 --> 00:12:56,790

Otis claims to have seen an alien this

285

00:13:00,379 --> 00:12:58,350

will be the first full-length feature

286

00:13:03,079 --> 00:13:00,389

film from the Lansing based muted

287

00:13:05,619 --> 00:13:03,089

madness films and the first movie script

288

00:13:07,939 --> 00:13:05,629

for Treecko J Nutkins of Shelby Township

289

00:13:10,490 --> 00:13:07,949

let khun's isn't new to writing however

290

00:13:12,889 --> 00:13:10,500

he's a comic book writer and one of the

291

00:13:14,869 --> 00:13:12,899

founding members of source point press

292

00:13:16,579 --> 00:13:14,879

that's one of the largest comic book

293

00:13:19,460 --> 00:13:16,589

publishers in the state of Michigan

294

00:13:21,679 --> 00:13:19,470

quote at first I only intended to write

295

00:13:22,830 --> 00:13:21,689

a short film after the first couple of

296

00:13:24,930 --> 00:13:22,840

days of filming

297

00:13:27,180 --> 00:13:24,940

the director Warren Jackson and I just

298

00:13:29,970 --> 00:13:27,190

kind of looked at each other we knew we

299

00:13:32,010 --> 00:13:29,980

were onto something big so I rewrote the

300

00:13:34,110 --> 00:13:32,020

script I added more parts so we could

301

00:13:35,280 --> 00:13:34,120

take advantage of all the talent here in

302

00:13:38,130 --> 00:13:35,290

Michigan end quote

303

00:13:41,100 --> 00:13:38,140

the company says Treecko has a real eye

304

00:13:43,590 --> 00:13:41,110

for comedy but he gets what makes people

305

00:13:45,780 --> 00:13:43,600

laugh and he allows the actors room to

306

00:13:47,579 --> 00:13:45,790

breathe their own life and ideas into

307

00:13:50,010 --> 00:13:47,589

his characters which makes his work even

308

00:13:51,750 --> 00:13:50,020

funnier it's a great cast of actors and

309

00:13:53,430 --> 00:13:51,760

I'm so honored to be in the film with

310

00:13:56,519 --> 00:13:53,440

them they had a Kickstarter campaign

311

00:13:58,290 --> 00:13:56,529

that went well you can see a trailer

312

00:14:00,360 --> 00:13:58,300

we'll put up a link for that there'll be

313

00:14:03,870 --> 00:14:00,370

pictures from the set and stills from

314

00:14:06,990 --> 00:14:03,880

the film very cool alrighty then from

315

00:14:09,180 --> 00:14:07,000

the howl theater to Hockley England hang

316

00:14:13,560 --> 00:14:09,190

on we've got a lot of water to cross

317

00:14:16,170 --> 00:14:13,570

it's MUFON case number 837 76 the date

318

00:14:19,350 --> 00:14:16,180

of this sighting is the 14th of May 2017

319

00:14:22,050 --> 00:14:19,360

it was reported two days later here's

320

00:14:27,120 --> 00:14:22,060

the summary from the witness reflective

321

00:14:31,110 --> 00:14:27,130

sphere metallic silver seen passing 747

322

00:14:34,860 --> 00:14:31,120

aircraft at cruising altitude smooth and

323

00:14:37,200 --> 00:14:34,870

steady under the category provided that

324

00:14:39,480 --> 00:14:37,210

includes sighting specifics our witness

325

00:14:42,870 --> 00:14:39,490

list of viewing distance over one mile

326

00:14:45,270 --> 00:14:42,880

the altitude over 500 feet and there

327

00:14:47,790 --> 00:14:45,280

wasn't any cloud cover the sighting

328

00:14:50,180 --> 00:14:47,800

duration here was one minute and the

329

00:14:53,070 --> 00:14:50,190

object features carry the report none

330

00:14:55,829 --> 00:14:53,080

the flight path straight line path and

331

00:14:59,940 --> 00:14:55,839

then a path that included directional

332

00:15:02,280 --> 00:14:59,950

change this object shape sphere no

333

00:15:04,350 --> 00:15:02,290

weather report accompanies this so we

334

00:15:07,500 --> 00:15:04,360

will weather that lovely British weather

335

00:15:10,079 --> 00:15:07,510

whatever here are the details of this

336

00:15:13,530 --> 00:15:10,089

sighting in our witnesses first-person

337

00:15:16,079 --> 00:15:13,540

words it was a clear dry sunny evening

338

00:15:19,440 --> 00:15:16,089

with good visibility the temperature was

339

00:15:22,079 --> 00:15:19,450

plus 16 degrees Celsius I noticed a

340

00:15:25,320 --> 00:15:22,089

large aircraft contrail heading toward

341

00:15:26,970 --> 00:15:25,330

my location at high altitude I used

342

00:15:30,720 --> 00:15:26,980

binoculars to view the over flying

343

00:15:34,920 --> 00:15:30,730

aircraft which was a 747 the aircraft

344

00:15:36,660 --> 00:15:34,930

was confirmed on radar as a cargolux 747

345

00:15:41,720 --> 00:15:36,670

freighter and the flight

346

00:15:45,570 --> 00:15:41,730

is here heading 160 degrees at altitude

347

00:15:48,180 --> 00:15:45,580

33,000 feet whilst viewing this aircraft

348

00:15:51,330 --> 00:15:48,190

through binoculars I noticed a metallic

349

00:15:54,570 --> 00:15:51,340

silver sphere shaped object which was

350

00:15:57,240 --> 00:15:54,580

reflecting the Sun this object passed in

351

00:16:00,290 --> 00:15:57,250

the opposite direction to the 747 its

352

00:16:02,610 --> 00:16:00,300

heading was approximately 360 degrees

353

00:16:06,060 --> 00:16:02,620

although the object appeared lower than

354

00:16:08,820 --> 00:16:06,070

the 747 I could not ascertain if it was

355

00:16:12,150 --> 00:16:08,830

actually beneath or higher and further

356

00:16:14,850 --> 00:16:12,160

away also this object was small not

357

00:16:18,260 --> 00:16:14,860

visible to the naked eye the object

358

00:16:20,970 --> 00:16:18,270

appeared no larger than a 747 engine

359

00:16:24,690 --> 00:16:20,980

this object appeared to be traveling at

360

00:16:26,820 --> 00:16:24,700

a much slower rate than this 747 and it

361

00:16:29,130 --> 00:16:26,830

was moving steadily there were no course

362

00:16:33,180 --> 00:16:29,140

deviations and there was no visible

363

00:16:35,820 --> 00:16:33,190

contrail and no sound I viewed this

364

00:16:37,770 --> 00:16:35,830

object for around 60 seconds before it

365

00:16:40,890 --> 00:16:37,780

appeared to either climb or change

366

00:16:43,650 --> 00:16:40,900

course in the direction of 0 to 0

367

00:16:45,540 --> 00:16:43,660

degrees at this point with the object

368

00:16:48,900 --> 00:16:45,550

still in view I decided to fetch my

369

00:16:51,690 --> 00:16:48,910

camera with telephoto zoom lens but when

370

00:16:54,150 --> 00:16:51,700

I returned with the camera I was unable

371

00:16:58,290 --> 00:16:54,160

to relocate the object even using

372

00:17:02,970 --> 00:16:58,300

binoculars my radar was showing no ats-v

373

00:17:04,500 --> 00:17:02,980

slash mode s /ml 80 we're hoping some of

374

00:17:06,750 --> 00:17:04,510

you gentle listeners know what that

375

00:17:11,010 --> 00:17:06,760

means there were no signals of that kind

376

00:17:12,840 --> 00:17:11,020

in the area other than the 747 the area

377

00:17:15,270 --> 00:17:12,850

in which the object was sighted lies

378

00:17:17,820 --> 00:17:15,280

within a main civil airspace corridor

379

00:17:20,430 --> 00:17:17,830

military traffic crosses this corridor

380

00:17:22,530 --> 00:17:20,440

seven miles to the north in a west to

381

00:17:27,060 --> 00:17:22,540

east direction and an east-west

382

00:17:29,760 --> 00:17:27,070

direction usually at 14,000 feet my

383

00:17:34,140 --> 00:17:29,770

initial thought on seeing the object was

384

00:17:37,050 --> 00:17:34,150

that it was a spy plane or a UAV which I

385

00:17:40,110 --> 00:17:37,060

soon dismissed this object did not have

386

00:17:43,790 --> 00:17:40,120

wings it did not have a tail and it was

387

00:17:46,140 --> 00:17:43,800

not flat like the b-2 spirit aircraft

388

00:17:48,180 --> 00:17:46,150

the witness goes on to say that he would

389

00:17:50,310 --> 00:17:48,190

be interested to hear if there are any

390

00:17:53,700 --> 00:17:50,320

thoughts on the identification

391

00:17:57,720 --> 00:17:53,710

this object that's serious equipment he

392

00:18:00,060 --> 00:17:57,730

saw it on radar hmm and this is the part

393

00:18:01,890 --> 00:18:00,070

where we should remind you that at UFO

394

00:18:04,260 --> 00:18:01,900

stalkers calm where we found this

395

00:18:06,870 --> 00:18:04,270

particular sighting and we find many

396

00:18:07,950 --> 00:18:06,880

others at the end of every entry there's

397

00:18:10,470 --> 00:18:07,960

a place where you can leave your

398

00:18:12,960 --> 00:18:10,480

comments ask your questions and even

399

00:18:15,090 --> 00:18:12,970

post your own sighting I'm sure this

400

00:18:18,600 --> 00:18:15,100

writer would love to hear anything

401
00:18:20,760 --> 00:18:18,610
anybody might have to offer so if you

402
00:18:24,180 --> 00:18:20,770
found yourselves in the area of Hockley

403
00:18:26,280 --> 00:18:24,190
England oh lucky you on the 14th of May

404
00:18:28,560 --> 00:18:26,290
and you happen to have something that

405
00:18:31,560 --> 00:18:28,570
would pertain to this sighting don't

406
00:18:34,860 --> 00:18:31,570
wait go over to UFO stalker comm and

407
00:18:38,720 --> 00:18:34,870
post it so you can get there via a link

408
00:18:41,070 --> 00:18:38,730
from UFO headline news calm by the way

409
00:18:44,040 --> 00:18:41,080
crossing over now to the United States

410
00:18:47,280 --> 00:18:44,050
will go to Baldwin Maine up in the

411
00:18:49,200 --> 00:18:47,290
northernmost part on the east coast it's

412
00:18:52,590 --> 00:18:49,210
the setting for MUFON sighting number

413
00:18:54,690 --> 00:18:52,600

eight three six three four it's an older

414

00:18:56,820 --> 00:18:54,700

sighting it's one of those things we

415

00:18:58,950 --> 00:18:56,830

think possibly triggered by some

416

00:19:02,550 --> 00:18:58,960

seasonal change the anniversary the

417

00:19:05,190 --> 00:19:02,560

sighting took place in 2011 on the 31st

418

00:19:09,480 --> 00:19:05,200

of May it wasn't reported by our witness

419

00:19:13,050 --> 00:19:09,490

until the 11th of May 2017 the summary

420

00:19:16,310 --> 00:19:13,060

observed bright saucer-shaped craft flew

421

00:19:19,860 --> 00:19:16,320

directly over me exclamation mark

422

00:19:23,400 --> 00:19:19,870

sighting specifics viewing distance 501

423

00:19:26,700 --> 00:19:23,410

feet eventually out to one mile altitude

424

00:19:29,100 --> 00:19:26,710

over 500 feet no cloud cover the

425

00:19:32,550 --> 00:19:29,110

sighting duration was one minute the

426

00:19:34,170 --> 00:19:32,560

object features had a dome the flight

427

00:19:36,390 --> 00:19:34,180

path was a path that included

428

00:19:39,450 --> 00:19:36,400

directional change and this object had a

429

00:19:41,880 --> 00:19:39,460

disc shape apparently somebody went back

430

00:19:44,490 --> 00:19:41,890

and checked Baldwin Maine's weather for

431

00:19:47,040 --> 00:19:44,500

that time the maximum temperature 84

432

00:19:49,470 --> 00:19:47,050

degrees Fahrenheit 29 degrees Celsius

433

00:19:52,320 --> 00:19:49,480

dropping down to a minimum temperature

434

00:19:55,620 --> 00:19:52,330

of 51 degrees Fahrenheit 11 degrees

435

00:19:58,830 --> 00:19:55,630

Celsius the maximum visibility 10 miles

436

00:20:03,120 --> 00:19:58,840

16 kilometers dropping down to a minimum

437

00:20:03,779 --> 00:20:03,130

visibility 2 miles 3 kilometers at this

438

00:20:05,580 --> 00:20:03,789

time

439

00:20:08,489 --> 00:20:05,590

the conditions indicate nothing abnormal

440

00:20:12,779 --> 00:20:08,499

about the weather here's the account

441

00:20:13,950 --> 00:20:12,789

from 2011 I was out on my porch at my

442

00:20:17,700 --> 00:20:13,960

mountaintop home

443

00:20:21,509 --> 00:20:17,710

it was 342 a.m. when I observed a bright

444

00:20:24,899 --> 00:20:21,519

triple tiered saucer-shaped craft fly

445

00:20:28,139 --> 00:20:24,909

directly over me then it headed out over

446

00:20:31,169 --> 00:20:28,149

Sebago Lake and it turned due north and

447

00:20:34,830 --> 00:20:31,179

sped up out of my sight line in seconds

448

00:20:37,619 --> 00:20:34,840

this craft flew directly over me it was

449

00:20:41,099 --> 00:20:37,629

tilted at a 45 degree angle which

450

00:20:43,560 --> 00:20:41,109

allowed me to see it stop tears the

451
00:20:47,700 --> 00:20:43,570
craft appeared to be 100 feet wide it

452
00:20:51,149 --> 00:20:47,710
was at about 5000 feet altitude it made

453
00:20:53,909 --> 00:20:51,159
no sound at all and was moving quite

454
00:20:57,419 --> 00:20:53,919
slowly and steadily at what I would

455
00:20:59,190 --> 00:20:57,429
guess to be about 100 miles per hour the

456
00:21:02,849 --> 00:20:59,200
illumination of this thing appeared to

457
00:21:05,969 --> 00:21:02,859
be all internal about 20 minutes later a

458
00:21:08,759 --> 00:21:05,979
very unusual military aircraft which I

459
00:21:11,399 --> 00:21:08,769
was not able to identify flew over on

460
00:21:12,960 --> 00:21:11,409
the same course and direction but this

461
00:21:18,379 --> 00:21:12,970
thing was flying at a much higher

462
00:21:21,389 --> 00:21:18,389
altitude no evidence no photos too quick

463
00:21:25,649 --> 00:21:21,399

interesting it flew out over Sebago Lake

464

00:21:28,169 --> 00:21:25,659

another UFO water connection perhaps at

465

00:21:32,129 --> 00:21:28,179

cyber speed we will now trek from

466

00:21:35,789 --> 00:21:32,139

Baldwin Maine to Ontario California its

467

00:21:40,310 --> 00:21:35,799

move on case number 8 372 to the date of

468

00:21:46,099 --> 00:21:40,320

this sighting 5 7 2017 the report date

469

00:21:51,859 --> 00:21:46,109

514 2017 summary 20 to 40 feet long

470

00:21:54,989 --> 00:21:51,869

metal rectangle flew by no lights weird

471

00:21:57,960 --> 00:21:54,999

the viewing distance in this event began

472

00:22:01,109 --> 00:21:57,970

at 501 feet eventually stretching out to

473

00:22:05,009 --> 00:22:01,119

one mile the altitude was 500 feet or

474

00:22:07,700 --> 00:22:05,019

less sighting duration 30 seconds object

475

00:22:10,440 --> 00:22:07,710

features are merely reported as other

476
00:22:15,450 --> 00:22:10,450
the flight path straight-line path

477
00:22:17,190 --> 00:22:15,460
object shape square rectangular Ontario

478
00:22:19,110 --> 00:22:17,200
California weather

479
00:22:21,930 --> 00:22:19,120
maximum temperature 63 degrees

480
00:22:24,870 --> 00:22:21,940
Fahrenheit 17 degrees Celsius minimum

481
00:22:27,899 --> 00:22:24,880
temperature 46 degrees Fahrenheit 8

482
00:22:31,769 --> 00:22:27,909
degrees Celsius the maximum visibility

483
00:22:35,129 --> 00:22:31,779
10 miles 16 kilometers dropping down to

484
00:22:37,950 --> 00:22:35,139
a minimum visibility of 4 miles 6

485
00:22:40,919 --> 00:22:37,960
kilometers because unbelievably in

486
00:22:44,669 --> 00:22:40,929
Ontario California it was raining and

487
00:22:48,240 --> 00:22:44,679
thundering so here's what happened it's

488
00:22:52,919 --> 00:22:48,250

very short out in backyard smoking a

489

00:22:56,700 --> 00:22:52,929

cigarette then it flew into view a big

490

00:23:00,120 --> 00:22:56,710

dark flying rectangle no lights

491

00:23:02,779 --> 00:23:00,130

it looked metal but not the kind of

492

00:23:06,029 --> 00:23:02,789

balloon metal or plane or even

493

00:23:08,970 --> 00:23:06,039

helicopter metal I live not so far from

494

00:23:11,759 --> 00:23:08,980

Ontario Airport but it was nothing from

495

00:23:14,490 --> 00:23:11,769

there because of how our backyard is

496

00:23:18,779 --> 00:23:14,500

situated I saw this thing for about 30

497

00:23:21,600 --> 00:23:18,789

to 45 seconds it flew low not very fast

498

00:23:22,169 --> 00:23:21,610

there was nothing coming out of it no

499

00:23:24,810 --> 00:23:22,179

sound

500

00:23:29,970 --> 00:23:24,820

I told friends and they told me about

501
00:23:32,610 --> 00:23:29,980
you guys this was weird and you came to

502
00:23:35,970 --> 00:23:32,620
the right place for UFO weird UFO

503
00:23:40,049 --> 00:23:35,980
stalkers calm and eventually finding its

504
00:23:42,810 --> 00:23:40,059
way to UFO headline news calm meanwhile

505
00:23:44,820 --> 00:23:42,820
closeby in Covina California

506
00:23:47,490 --> 00:23:44,830
MUFON case number eight three eight zero

507
00:23:49,460 --> 00:23:47,500
six took place we're not seeing any

508
00:23:52,710 --> 00:23:49,470
connection except for the geolocation

509
00:23:55,500 --> 00:23:52,720
there's a date difference and oh boy is

510
00:23:57,899 --> 00:23:55,510
there a description difference here we

511
00:24:01,620 --> 00:23:57,909
go the summary went outside to have a

512
00:24:04,649 --> 00:24:01,630
smoke looked up saw this huge object it

513
00:24:07,830 --> 00:24:04,659

looked like a Christian cross with three

514

00:24:11,629 --> 00:24:07,840

big balls on each end and over two

515

00:24:14,820 --> 00:24:11,639

hundred windows all shining brightly and

516

00:24:16,680 --> 00:24:14,830

that's just the summary the sighting

517

00:24:20,700 --> 00:24:16,690

specifics offer of viewing distance of

518

00:24:23,610 --> 00:24:20,710

501 feet to one mile an unknown altitude

519

00:24:27,210 --> 00:24:23,620

the sighting duration was five minutes

520

00:24:29,430 --> 00:24:27,220

the object features windows as we heard

521

00:24:31,049 --> 00:24:29,440

the object flight path a straight-line

522

00:24:34,289 --> 00:24:31,059

path and the object

523

00:24:36,210 --> 00:24:34,299

shape cross at the time of the sighting

524

00:24:39,509 --> 00:24:36,220

a maximum temperature in Covina

525

00:24:41,669 --> 00:24:39,519

California was 73 degrees Fahrenheit 23

526

00:24:45,560 --> 00:24:41,679

degrees Celsius the minimum temperature

527

00:24:48,269 --> 00:24:45,570

55 degrees Fahrenheit 13 degrees Celsius

528

00:24:50,999 --> 00:24:48,279

maximum visibility was 10 miles 16

529

00:24:54,930 --> 00:24:51,009

kilometers dropping down to a minimum of

530

00:24:57,980 --> 00:24:54,940

one mile two kilometers and California

531

00:25:01,049 --> 00:24:57,990

so nothing abnormal about the weather

532

00:25:03,389 --> 00:25:01,059

this report was filled out at MUFON

533

00:25:06,149 --> 00:25:03,399

headquarters with a witness on the phone

534

00:25:08,430 --> 00:25:06,159

speaking with field investigator Linda

535

00:25:10,379 --> 00:25:08,440

Lechner it's noted that this

536

00:25:14,009 --> 00:25:10,389

conversation took place on Wednesday the

537

00:25:16,889 --> 00:25:14,019

17th 2017 here is the report from our

538

00:25:20,580 --> 00:25:16,899

witness I went outside to have a smoke

539

00:25:24,090 --> 00:25:20,590

and looked up and saw this huge object

540

00:25:27,710 --> 00:25:24,100

it looked like a Christian cross with

541

00:25:30,930 --> 00:25:27,720

big balls on the fore and it had over

542

00:25:33,779 --> 00:25:30,940

200 windows with light shining brightly

543

00:25:36,450 --> 00:25:33,789

out of them the windows were all over

544

00:25:39,509 --> 00:25:36,460

the craft the large end balls were

545

00:25:43,350 --> 00:25:39,519

reddish in color this object made no

546

00:25:46,190 --> 00:25:43,360

noise and moved very slowly over my head

547

00:25:49,799 --> 00:25:46,200

it was no more than 60 miles an hour I

548

00:25:53,159 --> 00:25:49,809

saw the back of it as well it seemed to

549

00:25:56,669 --> 00:25:53,169

be about 2,000 feet high and 300 feet or

550

00:26:00,480 --> 00:25:56,679

more in size it seemed to be heading in

551
00:26:02,879 --> 00:26:00,490
the direction of Ventura West I grew up

552
00:26:06,299 --> 00:26:02,889
in this house now my uncle owns it

553
00:26:08,759 --> 00:26:06,309
I was simply visiting him this sighting

554
00:26:11,700 --> 00:26:08,769
lasted five minutes and I lost sight of

555
00:26:14,489 --> 00:26:11,710
it behind some trees I'm a civil

556
00:26:18,840 --> 00:26:14,499
engineer and I have never seen anything

557
00:26:22,379 --> 00:26:18,850
like this since I was 14 that is when I

558
00:26:27,269 --> 00:26:22,389
was 14 in the same house I saw something

559
00:26:30,269 --> 00:26:27,279
very similar incredibly intrigued we are

560
00:26:32,999 --> 00:26:30,279
by that the fact that this house could

561
00:26:35,759 --> 00:26:33,009
be on a site that has well sightings

562
00:26:38,009 --> 00:26:35,769
oh speaking of sightings we've just

563
00:26:40,649 --> 00:26:38,019

cited the fact that all the clocks on

564

00:26:44,610 --> 00:26:40,659

the wall in all the time zones indicate

565

00:26:46,380 --> 00:26:44,620

we've got to fly because that's a wrap

566

00:26:48,720 --> 00:26:46,390

thank you for listening to inception

567

00:26:51,950 --> 00:26:48,730
