thank you so much for coming on

82

00:03:41,110 --> 00:03:38,799

i'm glad to be here uh for those who

83

00:03:42,470 --> 00:03:41,120

don't know who you are

84

00:03:45,670 --> 00:03:42,480

can you tell us a little bit about

85

00:03:51,750 --> 00:03:48,470

well i was uh born in

86

00:03:52,710 --> 00:03:51,760

northern wisconsin a small

87

00:03:57,350 --> 00:03:52,720

logging

88

00:03:59,670 --> 00:03:57,360

village called lugerville

89

00:04:02,229 --> 00:03:59,680

just on the outskirts of

90

00:04:05,750 --> 00:04:02,239

phillips in between phillips and park

91

00:04:09,429 --> 00:04:06,789

at the

92

00:04:11,750 --> 00:04:09,439

young age i started

93

00:04:13,670 --> 00:04:11,760

instruction from a family friend ben

94

00:04:15,750 --> 00:04:13,680

standing crow which was an iroquois

95

00:04:18,229 --> 00:04:15,760

shaman

96

00:04:19,830 --> 00:04:18,239

i started i had visions a lot of visions

97

00:04:22,790 --> 00:04:19,840

in my uh

98

00:04:23,670 --> 00:04:22,800

childhood and that led him to believe

99

00:04:26,390 --> 00:04:23,680

that

100

00:04:29,270 --> 00:04:26,400

i could be someday a great shaman so he

101
00:04:31,110 --> 00:04:29,280
started to take me under his wing

102
00:04:34,870 --> 00:04:31,120
and

103
00:04:37,749 --> 00:04:34,880
by the time probably i'd say i was 23

104
00:04:39,270 --> 00:04:37,759
24 years old something like that when i

105
00:04:41,510 --> 00:04:39,280
completed

106
00:04:45,749 --> 00:04:41,520
his instruction

107
00:04:50,150 --> 00:04:45,759
and i became a third high staff shaman

108
00:04:52,070 --> 00:04:50,160
under the false false face society

109
00:04:55,430 --> 00:04:52,080
and

110
00:05:02,230 --> 00:04:58,550
visions in mind about the uh genocide or

111
00:05:03,430 --> 00:05:02,240
the sasquatch i've also had

112
00:05:05,670 --> 00:05:03,440
countless

113
00:05:08,390 --> 00:05:05,680

sightings and encounters throughout my

114

00:05:11,670 --> 00:05:08,400

life starting when i was a child

115

00:05:13,350 --> 00:05:11,680

of both the uh

116

00:05:16,310 --> 00:05:13,360

different types that are out there both

117

00:05:18,390 --> 00:05:16,320

the physical and the energy forms of the

118

00:05:19,670 --> 00:05:18,400

sasquatch

119

00:05:22,469 --> 00:05:19,680

um

120

00:05:24,390 --> 00:05:22,479

took me four years to write a book about

121

00:05:27,270 --> 00:05:24,400

my life story

122

00:05:29,510 --> 00:05:27,280

and uh i titled the trail of sasquatch a

123

00:05:31,749 --> 00:05:29,520

shaman's journey

124

00:05:33,830 --> 00:05:31,759

um

125

00:05:36,230 --> 00:05:33,840

well that's about it

126
00:05:39,350 --> 00:05:36,240
yeah we have that book here like i said

127
00:05:41,830 --> 00:05:39,360
and uh

128
00:05:43,430 --> 00:05:41,840
it's big it's thick

129
00:05:45,110 --> 00:05:43,440
it's got uh

130
00:05:46,230 --> 00:05:45,120
and you got a lot of impressive pictures

131
00:05:49,189 --> 00:05:46,240
in here

132
00:05:52,390 --> 00:05:50,469
of

133
00:05:56,629 --> 00:05:52,400
various things

134
00:06:01,909 --> 00:05:59,189
go ahead a lot of doctors in there are

135
00:06:04,309 --> 00:06:01,919
uh stills from the actual videos that

136
00:06:06,870 --> 00:06:04,319
i've uh captured like there's the one

137
00:06:09,990 --> 00:06:06,880
out there that is the baby bigfoot

138
00:06:12,150 --> 00:06:10,000

which uh stunned both the uh skeptics

139

00:06:14,790 --> 00:06:12,160

the scientific world

140

00:06:16,550 --> 00:06:14,800

and other bigfoot groups they

141

00:06:18,230 --> 00:06:16,560

all pretty much freaked out over that

142

00:06:19,510 --> 00:06:18,240

one

143

00:06:21,590 --> 00:06:19,520

that's the

144

00:06:23,110 --> 00:06:21,600

uh of the different

145

00:06:25,510 --> 00:06:23,120

uh

146

00:06:28,070 --> 00:06:25,520

thermal images i've seen

147

00:06:29,189 --> 00:06:28,080

yeah okay sasquatch that is

148

00:06:33,830 --> 00:06:29,199

uh

149

00:06:35,990 --> 00:06:33,840

it's clear

150

00:06:38,070 --> 00:06:36,000

you know also with the uh when i was

151
00:06:40,950 --> 00:06:38,080
with the bfro

152
00:06:42,870 --> 00:06:40,960
i got the what they consider the very

153
00:06:45,510 --> 00:06:42,880
first ever

154
00:06:47,590 --> 00:06:45,520
uh thermal image of a possible bigfoot

155
00:06:50,950 --> 00:06:47,600
they call it a bigfoot i call it

156
00:06:53,029 --> 00:06:50,960
possible bigfoot because even though you

157
00:06:56,309 --> 00:06:53,039
can see it running off

158
00:06:58,629 --> 00:06:56,319
by petally or bipedally

159
00:07:01,350 --> 00:06:58,639
you know it

160
00:07:03,589 --> 00:07:01,360
i don't know i was deep woods so

161
00:07:05,189 --> 00:07:03,599
it wasn't a person

162
00:07:07,110 --> 00:07:05,199
but

163
00:07:11,189 --> 00:07:07,120

i don't know unless i

164

00:07:15,749 --> 00:07:13,110

i'm not exactly going to say it was

165

00:07:18,629 --> 00:07:15,759

positively a sasquatch how did you get

166

00:07:21,029 --> 00:07:18,639

involved with the bfro

167

00:07:24,629 --> 00:07:21,039

well that was from my first sighting i

168

00:07:27,430 --> 00:07:24,639

had during a gun deer season i was out

169

00:07:28,790 --> 00:07:27,440

on a road next to my house called mount

170

00:07:31,430 --> 00:07:28,800

peely

171

00:07:33,909 --> 00:07:31,440

and i usually sneak up to the road and

172

00:07:36,070 --> 00:07:33,919

hide in the ditch looking back

173

00:07:38,950 --> 00:07:36,080

or looking down both sides because

174

00:07:40,309 --> 00:07:38,960

usually a deer will stand in the road

175

00:07:43,270 --> 00:07:40,319

and when i

176

00:07:44,790 --> 00:07:43,280

look down towards the big hill or

177

00:07:47,589 --> 00:07:44,800

there's a water hole

178

00:07:49,510 --> 00:07:47,599

i seen something there and

179

00:07:51,350 --> 00:07:49,520

i got into the middle of the road more

180

00:07:54,150 --> 00:07:51,360

and looked at it with a scope and at

181

00:07:55,830 --> 00:07:54,160

first it looked like a black bear

182

00:07:58,790 --> 00:07:55,840

just hunched over you know messing

183

00:08:01,189 --> 00:07:58,800

around by the water hole and then a car

184

00:08:02,070 --> 00:08:01,199

on the main highway in back of me went

185

00:08:03,830 --> 00:08:02,080

by

186

00:08:05,029 --> 00:08:03,840

and the thing

187

00:08:08,150 --> 00:08:05,039

stood up

188

00:08:09,670 --> 00:08:08,160

you know it's still looking like a bear

189

00:08:14,230 --> 00:08:09,680

you know because they will stand on two

190

00:08:17,110 --> 00:08:14,240

legs and uh it was apparently alerted by

191

00:08:20,230 --> 00:08:17,120

the car so when i looked

192

00:08:23,350 --> 00:08:20,240

through the scope i seen the long arms i

193

00:08:25,430 --> 00:08:23,360

seen because i had a quite

194

00:08:26,710 --> 00:08:25,440

i can't remember what the

195

00:08:29,909 --> 00:08:26,720

scopes

196

00:08:31,749 --> 00:08:29,919

power was but it was out there and i got

197

00:08:34,389 --> 00:08:31,759

up pretty close with the scope and i

198

00:08:36,389 --> 00:08:34,399

could see facial features

199

00:08:38,469 --> 00:08:36,399

but then it must have seen me standing

200

00:08:41,430 --> 00:08:38,479

there and blaze orange

201
00:08:43,029 --> 00:08:41,440
and with three bounds it

202
00:08:45,750 --> 00:08:43,039
took off to the side of the road well i

203
00:08:49,750 --> 00:08:45,760
reported all this to the bfro and they

204
00:08:52,550 --> 00:08:49,760
came out with uh investigators and a

205
00:08:54,949 --> 00:08:52,560
scientist from a university they looked

206
00:08:57,110 --> 00:08:54,959
it over real good they

207
00:08:59,030 --> 00:08:57,120
uh they took

208
00:09:01,110 --> 00:08:59,040
samples at a mud where it jumped and

209
00:09:03,990 --> 00:09:01,120
everything like that and measured the

210
00:09:07,509 --> 00:09:04,000
distance of 12 feet that it jumped

211
00:09:09,430 --> 00:09:07,519
and from there they had an expedition

212
00:09:12,630 --> 00:09:09,440
i got to meet and

213
00:09:16,070 --> 00:09:12,640

become real good friends with the bfro's

214

00:09:18,630 --> 00:09:16,080

main sponsor which was uh wallace hersam

215

00:09:20,710 --> 00:09:18,640

he still did it did to this day a very

216

00:09:24,230 --> 00:09:20,720

good friend of mine

217

00:09:26,790 --> 00:09:24,240

but uh yeah and then from there i i did

218

00:09:29,590 --> 00:09:26,800

work for them i

219

00:09:32,150 --> 00:09:29,600

worked as a tracker wildlife specialist

220

00:09:34,550 --> 00:09:32,160

they'd call me in if someone

221

00:09:37,430 --> 00:09:34,560

wasn't sure or they weren't sure whether

222

00:09:39,509 --> 00:09:37,440

it was a known animal or a sasquatch i

223

00:09:42,310 --> 00:09:39,519

would come there look at the tracks if

224

00:09:45,590 --> 00:09:42,320

it was a possible sasquatch i'd track it

225

00:09:47,670 --> 00:09:45,600

as far as i possibly could

226

00:09:49,829 --> 00:09:47,680

i've been with them for

227

00:09:53,110 --> 00:09:49,839

quite a long time i can't even remember

228

00:09:55,990 --> 00:09:53,120

i think it was since 2005

229

00:09:57,350 --> 00:09:56,000

something like that i'm not sure

230

00:09:59,509 --> 00:09:57,360

um

231

00:10:02,389 --> 00:09:59,519

and you know i i kind of distanced

232

00:10:05,670 --> 00:10:02,399

myself from them because of certain

233

00:10:08,230 --> 00:10:05,680

remarks made by a couple of the

234

00:10:10,630 --> 00:10:08,240

vfro high members

235

00:10:11,750 --> 00:10:10,640

which was one of the remarks were that

236

00:10:15,509 --> 00:10:11,760

they

237

00:10:19,269 --> 00:10:15,519

believe that all native american beliefs

238

00:10:23,829 --> 00:10:19,279

in the sasquatch are just bogus and that

239

00:10:26,230 --> 00:10:23,839

that i took that as a massive insult

240

00:10:29,829 --> 00:10:26,240

so i just distanced myself from them

241

00:10:35,750 --> 00:10:33,670

yeah so i was with them

242

00:10:38,150 --> 00:10:35,760

that's a and you were considered for the

243

00:10:40,230 --> 00:10:38,160

show too right at one point

244

00:10:42,550 --> 00:10:40,240

and then they uh say that again say it

245

00:10:44,470 --> 00:10:42,560

again you were considered for their

246

00:10:47,509 --> 00:10:44,480

their show finding things yeah yeah i

247

00:10:49,829 --> 00:10:47,519

was they were matt was gonna have me as

248

00:10:51,670 --> 00:10:49,839

one of the four

249

00:10:54,790 --> 00:10:51,680

and uh

250

00:10:56,630 --> 00:10:54,800

yeah i i considered it but then

251
00:10:58,470 --> 00:10:56,640
i turned it down

252
00:10:59,509 --> 00:10:58,480
it was just after

253
00:11:01,190 --> 00:10:59,519
i just

254
00:11:06,710 --> 00:11:01,200
it wasn't for me

255
00:11:09,990 --> 00:11:06,720
it's too much of a

256
00:11:12,829 --> 00:11:10,000
publicity show that it's there's not

257
00:11:14,389 --> 00:11:12,839
very much research as i can see going

258
00:11:22,470 --> 00:11:14,399
on

259
00:11:25,829 --> 00:11:22,480
and yes i was

260
00:11:28,470 --> 00:11:25,839
on monster quest several several

261
00:11:29,829 --> 00:11:28,480
episodes they had me on there as a

262
00:11:33,350 --> 00:11:29,839
wildlife

263
00:11:37,430 --> 00:11:33,360

specialist a tracker and a witness

264

00:11:39,750 --> 00:11:37,440

and uh yeah i was i was in one one

265

00:11:42,389 --> 00:11:39,760

episode with uh

266

00:11:43,750 --> 00:11:42,399

doug hijack

267

00:11:47,190 --> 00:11:43,760

uh

268

00:11:49,110 --> 00:11:47,200

dr greg babanek and now the cameraman

269

00:11:51,670 --> 00:11:49,120

ivan and we were

270

00:11:54,150 --> 00:11:51,680

looking through certain areas

271

00:11:57,269 --> 00:11:54,160

of the forest and and that and we found

272

00:11:59,509 --> 00:11:57,279

a bedding ground we found some hair

273

00:12:02,310 --> 00:11:59,519

good good amount of hair it took us

274

00:12:03,910 --> 00:12:02,320

quite a quite a few hours off of camera

275

00:12:05,110 --> 00:12:03,920

to search these beds and we finally

276
00:12:07,670 --> 00:12:05,120
found

277
00:12:10,389 --> 00:12:07,680
hairs that were in the range of anywhere

278
00:12:12,470 --> 00:12:10,399
from three to six inches in length well

279
00:12:15,910 --> 00:12:12,480
they sent it to a

280
00:12:18,230 --> 00:12:15,920
lab or a hair analyst

281
00:12:19,910 --> 00:12:18,240
and he came back saying that it was

282
00:12:23,030 --> 00:12:19,920
brown bear

283
00:12:26,629 --> 00:12:23,040
well that in i got enraged over that and

284
00:12:28,310 --> 00:12:26,639
i called up doug and he says well

285
00:12:30,629 --> 00:12:28,320
nothing we can do about it that's what

286
00:12:33,670 --> 00:12:30,639
he says it is well i'm in wisconsin

287
00:12:35,269 --> 00:12:33,680
there are no brown bear there are no

288
00:12:37,430 --> 00:12:35,279

grizzly

289

00:12:39,590 --> 00:12:37,440

once in a while we will have what is

290

00:12:43,190 --> 00:12:39,600

called a cinnamon bear

291

00:12:44,629 --> 00:12:43,200

that's a black bear with the very tips

292

00:12:46,150 --> 00:12:44,639

of their hair

293

00:12:48,069 --> 00:12:46,160

has a

294

00:12:51,190 --> 00:12:48,079

reddish

295

00:12:53,030 --> 00:12:51,200

tint to it but the rest of the hair

296

00:12:53,829 --> 00:12:53,040

is still black

297

00:12:55,829 --> 00:12:53,839

so

298

00:12:57,269 --> 00:12:55,839

for him to say and and they don't have

299

00:12:59,269 --> 00:12:57,279

any hair that's

300

00:13:01,190 --> 00:12:59,279

six inches long

301
00:13:03,509 --> 00:13:01,200
so that was uh

302
00:13:06,069 --> 00:13:03,519
i believe anyway that was a cover up

303
00:13:08,790 --> 00:13:06,079
they they got evidence

304
00:13:12,230 --> 00:13:08,800
and they basically

305
00:13:14,069 --> 00:13:12,240
just said it was a brown bear

306
00:13:15,030 --> 00:13:14,079
um yeah

307
00:13:17,910 --> 00:13:15,040
so

308
00:13:18,829 --> 00:13:17,920
established establishment narrative

309
00:13:21,030 --> 00:13:18,839
uh

310
00:13:22,870 --> 00:13:21,040
yeah now that the same episode because

311
00:13:24,550 --> 00:13:22,880
we were talking before

312
00:13:26,069 --> 00:13:24,560
uh and you had brought up something

313
00:13:27,110 --> 00:13:26,079

really interesting

314

00:13:30,069 --> 00:13:27,120

that uh

315

00:13:32,470 --> 00:13:30,079

we found uh amazing um

316

00:13:34,949 --> 00:13:32,480

and that was the same episode actually

317

00:13:37,269 --> 00:13:34,959

the werewolf in wisconsin

318

00:13:40,150 --> 00:13:37,279

yeah that was the other thing when they

319

00:13:42,069 --> 00:13:40,160

when doug came out and he contacted me

320

00:13:45,030 --> 00:13:42,079

for that episode

321

00:13:48,470 --> 00:13:45,040

he wanted to do the tr the uh

322

00:13:51,910 --> 00:13:48,480

reenactment of where i had the uh

323

00:13:54,790 --> 00:13:51,920

territorial tree shake with one

324

00:13:57,750 --> 00:13:54,800

and he wanted to do the scene on the on

325

00:13:59,750 --> 00:13:57,760

the mount peeley road so i figured okay

326

00:14:02,310 --> 00:13:59,760

we can do all this

327

00:14:04,710 --> 00:14:02,320

so we we did all the reenactments and

328

00:14:07,509 --> 00:14:04,720

then he left and uh

329

00:14:08,629 --> 00:14:07,519

then later on he had an interview

330

00:14:10,550 --> 00:14:08,639

at the

331

00:14:12,949 --> 00:14:10,560

dr beminik's

332

00:14:15,030 --> 00:14:12,959

office and he started to talk about

333

00:14:17,269 --> 00:14:15,040

werewolves well i didn't see any of this

334

00:14:19,189 --> 00:14:17,279

until the show actually aired

335

00:14:22,389 --> 00:14:19,199

he started to talk about wearables then

336

00:14:27,590 --> 00:14:24,550

linda godfrey on there talking about the

337

00:14:30,230 --> 00:14:27,600

bray road and stuff like that next thing

338

00:14:33,670 --> 00:14:30,240

i know when the show comes out they're

339

00:14:35,430 --> 00:14:33,680

characterizing my sighting into the

340

00:14:38,069 --> 00:14:35,440

category of

341

00:14:40,230 --> 00:14:38,079

dog men and werewolves

342

00:14:43,189 --> 00:14:40,240

and

343

00:14:44,470 --> 00:14:43,199

so that was another

344

00:14:50,949 --> 00:14:44,480

strike again

345

00:14:51,670 --> 00:14:50,959

it was mainly with that that i started

346

00:14:53,829 --> 00:14:51,680

to

347

00:14:55,990 --> 00:14:53,839

shun away from them the average person

348

00:14:58,389 --> 00:14:56,000

spends hours a week at the grocery store

349

00:14:59,910 --> 00:14:58,399

361

00:15:27,829 --> 00:15:25,199

the app today media because i'm trying

362

00:15:31,189 --> 00:15:27,839

to do real research here and they just

363

00:15:33,670 --> 00:15:31,199

turn everything around i can see that i

364

00:15:35,269 --> 00:15:33,680

do and you know that's uh

365

00:15:37,189 --> 00:15:35,279

i remember watching the episode and i

366

00:15:38,870 --> 00:15:37,199

remember the two things

367

00:15:41,189 --> 00:15:38,880

um

368

00:15:42,949 --> 00:15:41,199

about the story you just told one was

369

00:15:46,150 --> 00:15:42,959

the tree shaking i remember in the

370

00:15:48,550 --> 00:15:46,160

episode when they had mentioned that

371

00:15:49,829 --> 00:15:48,560

i thought that's odd i've never heard

372

00:15:53,189 --> 00:15:49,839

tree shaking

373

00:15:54,790 --> 00:15:53,199

in werewolf or cognac reports

374

00:15:56,310 --> 00:15:54,800

not that they wouldn't do it wasn't what

375

00:16:00,069 --> 00:15:56,320

that was is

376

00:16:03,430 --> 00:16:00,079

it it was simply a uh territorial

377

00:16:04,790 --> 00:16:03,440

uh dispute between a physical sasquatch

378

00:16:07,269 --> 00:16:04,800

and me

379

00:16:10,310 --> 00:16:07,279

i did something wrong they got mad or he

380

00:16:13,189 --> 00:16:10,320

got mad and warned me and i got out of

381

00:16:16,870 --> 00:16:15,350

what happened is basically during the

382

00:16:19,350 --> 00:16:16,880

season i

383

00:16:21,189 --> 00:16:19,360

was sitting up on a ridge i

384

00:16:22,470 --> 00:16:21,199

drank a lot of coffee i had to go and

385

00:16:25,509 --> 00:16:22,480

take a leak

386

00:16:26,470 --> 00:16:25,519

so i went probably 50 feet or so into

387

00:16:30,230 --> 00:16:26,480

the

388

00:16:32,550 --> 00:16:30,240

was hunting

389

00:16:35,110 --> 00:16:32,560

yeah i took a leak on a

390

00:16:38,150 --> 00:16:35,120

little tree out there a little maple

391

00:16:41,110 --> 00:16:38,160

i came back out to my stand

392

00:16:43,670 --> 00:16:41,120

sat down poured some more coffee

393

00:16:45,670 --> 00:16:43,680

at the bottom of the hill i seen the

394

00:16:48,389 --> 00:16:45,680

bottom

395

00:16:50,949 --> 00:16:48,399

ankle like a part of the foot and a

396

00:16:53,030 --> 00:16:50,959

buttocks walking in to the same side

397

00:16:55,590 --> 00:16:53,040

that i just went in probably i don't

398

00:16:56,629 --> 00:16:55,600

know 100 yards or so from me down the

399

00:16:59,430 --> 00:16:56,639

hill

400

00:17:02,389 --> 00:16:59,440

at first i thought it was a bear

401
00:17:05,990 --> 00:17:02,399
15 minutes 20 minutes pass

402
00:17:07,990 --> 00:17:06,000
i hear some huffing off to my right

403
00:17:10,390 --> 00:17:08,000
where i just came out of

404
00:17:11,750 --> 00:17:10,400
now within probably

405
00:17:13,429 --> 00:17:11,760
a minute

406
00:17:16,470 --> 00:17:13,439
after the huffing

407
00:17:19,590 --> 00:17:16,480
i noticed that the top of a

408
00:17:22,309 --> 00:17:19,600
tree start the whip back and forth and i

409
00:17:24,789 --> 00:17:22,319
mean it was not it wasn't just

410
00:17:26,949 --> 00:17:24,799
a little bit of a twitching here and

411
00:17:30,310 --> 00:17:26,959
there that thing was whipping

412
00:17:33,350 --> 00:17:30,320
so violently that you could hear the top

413
00:17:35,510 --> 00:17:33,360

of this tree slapping the ground and

414

00:17:36,630 --> 00:17:35,520

then as it went the other way would slap

415

00:17:38,950 --> 00:17:36,640

the ground

416

00:17:41,510 --> 00:17:38,960

and this was a little maple tree that

417

00:17:44,230 --> 00:17:41,520

basically was

418

00:17:47,029 --> 00:17:44,240

i'd say at the base

419

00:17:48,710 --> 00:17:47,039

at least three inches in diameter so

420

00:17:49,909 --> 00:17:48,720

this ain't no little

421

00:17:51,190 --> 00:17:49,919

little uh

422

00:17:53,590 --> 00:17:51,200

twig

423

00:17:57,669 --> 00:17:53,600

so i got out of there real quick i left

424

00:17:59,990 --> 00:17:57,679

my thermos left my binoculars there

425

00:18:01,990 --> 00:18:00,000

grabbed the rifle took off running got

426

00:18:04,150 --> 00:18:02,000

to the vehicle went home

427

00:18:08,630 --> 00:18:04,160

i realized i forgot everything there

428

00:18:14,710 --> 00:18:10,789

back there

429

00:18:17,350 --> 00:18:14,720

the the

430

00:18:20,390 --> 00:18:17,360

safety was off of the rifle i snuck into

431

00:18:21,830 --> 00:18:20,400

the woods and yeah the same tree that i

432

00:18:26,310 --> 00:18:21,840

took the leak

433

00:18:29,909 --> 00:18:26,320

on was the same tree that this thing was

434

00:18:33,270 --> 00:18:29,919

very aggressively thrashing around so it

435

00:18:34,549 --> 00:18:33,280

was what i consider a territorial

436

00:18:36,150 --> 00:18:34,559

uh battle

437

00:18:59,190 --> 00:18:36,160

i

438

00:19:01,590 --> 00:18:59,200

thought was odd was

439

00:19:03,430 --> 00:19:01,600

when you said i didn't shoot because my

440

00:19:05,909 --> 00:19:03,440

first impression or at least on one of

441

00:19:07,510 --> 00:19:05,919

your sightings was that it was a guy in

442

00:19:09,990 --> 00:19:07,520

a monkey suit

443

00:19:12,710 --> 00:19:10,000

yeah exactly that was my very first

444

00:19:15,110 --> 00:19:12,720

sighting on the mount peeley road when i

445

00:19:17,110 --> 00:19:15,120

when it stood there you know and i

446

00:19:18,470 --> 00:19:17,120

didn't look through the scope i thought

447

00:19:20,950 --> 00:19:18,480

for sure okay

448

00:19:22,630 --> 00:19:20,960

this is a bear when i look through the

449

00:19:25,750 --> 00:19:22,640

scope

450

00:19:27,669 --> 00:19:25,760

and seeing the arms at the side not in

451

00:19:30,870 --> 00:19:27,679

front like a bear

452

00:19:32,950 --> 00:19:30,880

and it's standing there and then run off

453

00:19:34,549 --> 00:19:32,960

yeah i could easily squeeze the round

454

00:19:35,510 --> 00:19:34,559

off and hit it

455

00:19:36,950 --> 00:19:35,520

but

456

00:19:39,510 --> 00:19:36,960

yeah

457

00:19:41,590 --> 00:19:39,520

it it looked way too much like a human

458

00:19:44,230 --> 00:19:41,600

so there was no no way i was going to

459

00:19:46,390 --> 00:19:44,240

pop a shot off at it

460

00:19:49,510 --> 00:19:46,400

but then when i got down there and i

461

00:19:53,750 --> 00:19:49,520

looked at the water hole where it jumped

462

00:19:55,909 --> 00:19:53,760

that was a 12 foot span and it did not

463

00:19:57,350 --> 00:19:55,919

touch the water

464

00:19:59,510 --> 00:19:57,360

wow

465

00:20:02,710 --> 00:19:59,520

it hit the other other shoreline and

466

00:20:05,750 --> 00:20:02,720

sunk into the uh soft shore

467

00:20:09,669 --> 00:20:07,669

touch the water at all that's when i

468

00:20:12,870 --> 00:20:09,679

knew it wasn't noah

469

00:20:15,909 --> 00:20:12,880

no human but i also know known then it

470

00:20:18,150 --> 00:20:15,919

was not a bear because a bear will not

471

00:20:20,310 --> 00:20:18,160

run off on its hind legs

472

00:20:21,750 --> 00:20:20,320

unless you know you'll see them once in

473

00:20:23,830 --> 00:20:21,760

a while on a

474

00:20:26,150 --> 00:20:23,840

on a program or something where they're

475

00:20:28,230 --> 00:20:26,160

walking around the streets and i seen

476

00:20:29,830 --> 00:20:28,240

one bear on on

477

00:20:31,350 --> 00:20:29,840

tv or something walking around but

478

00:20:34,549 --> 00:20:31,360

that's because their front legs are

479

00:20:36,710 --> 00:20:34,559

injured and they have no choice

480

00:20:39,909 --> 00:20:36,720

right they still can't they still can't

481

00:20:42,710 --> 00:20:39,919

jump like this thing they did at most

482

00:20:48,070 --> 00:20:42,720

they can probably hop about two feet

483

00:20:51,669 --> 00:20:49,669

yeah

484

00:20:54,710 --> 00:20:51,679

i have a question for you from the chat

485

00:20:57,029 --> 00:20:54,720

room and this question comes from max

486

00:20:59,510 --> 00:20:57,039

do you think as i do that the

487

00:21:02,230 --> 00:20:59,520

governments are covering up sasquatch

488

00:21:05,350 --> 00:21:02,240

and other zoological creatures as they

489

00:21:12,230 --> 00:21:08,870

i believe so i i believe that the uh

490

00:21:14,230 --> 00:21:12,240

the uh us government knows of it just

491

00:21:15,270 --> 00:21:14,240

like the uh

492

00:21:20,549 --> 00:21:15,280

russian

493

00:21:24,070 --> 00:21:20,559

knows of them that goes all the way back

494

00:21:25,270 --> 00:21:24,080

to that one incident where those uh

495

00:21:27,990 --> 00:21:25,280

hikers

496

00:21:30,630 --> 00:21:28,000

were attacked and killed up in the i

497

00:21:33,590 --> 00:21:30,640

believe it was the himalayas

498

00:21:35,669 --> 00:21:33,600

uh they they know all about it uh it's

499

00:21:38,310 --> 00:21:35,679

just that they cannot

500

00:21:40,950 --> 00:21:38,320

even with the uh

501
00:21:43,750 --> 00:21:40,960
the smallest result would be a mass

502
00:21:46,470 --> 00:21:43,760
panic if all of a sudden it came

503
00:21:48,390 --> 00:21:46,480
down to the reality that

504
00:21:50,390 --> 00:21:48,400
the government said okay we know for

505
00:21:52,230 --> 00:21:50,400
sure it's out there

506
00:21:54,390 --> 00:21:52,240
there would be mass panic

507
00:21:55,909 --> 00:21:54,400
even seasoned hunters

508
00:21:58,549 --> 00:21:55,919
would be looking over their shoulder

509
00:22:00,149 --> 00:21:58,559
when they go into the woods

510
00:22:02,390 --> 00:22:00,159
you know and they don't want that they

511
00:22:03,990 --> 00:22:02,400
don't want to trigger happy people going

512
00:22:05,830 --> 00:22:04,000
out into the woods and blasting at

513
00:22:08,470 --> 00:22:05,840

everything they see

514

00:22:10,789 --> 00:22:08,480

that would be extremely dangerous you

515

00:22:13,669 --> 00:22:10,799

would have trigger happy scared people

516

00:22:16,149 --> 00:22:13,679

running everywhere

517

00:22:21,669 --> 00:22:16,159

are you familiar with uh

518

00:22:25,510 --> 00:22:22,630

no

519

00:22:28,470 --> 00:22:25,520

okay that was about uh people that go

520

00:22:30,870 --> 00:22:28,480

missing in state parks

521

00:22:31,750 --> 00:22:30,880

okay i i had uh heard something about

522

00:22:34,549 --> 00:22:31,760

that

523

00:22:36,390 --> 00:22:34,559

yeah yeah and he had done some research

524

00:22:38,149 --> 00:22:36,400

and he found that uh

525

00:22:40,789 --> 00:22:38,159

it was

526

00:22:42,149 --> 00:22:40,799

not only quite a few people

527

00:22:43,990 --> 00:22:42,159

but the

528

00:22:45,110 --> 00:22:44,000

state parks were

529

00:22:47,990 --> 00:22:45,120

uh

530

00:22:49,990 --> 00:22:48,000

denying him information

531

00:22:51,350 --> 00:22:50,000

okay yeah you would ask for it and so

532

00:22:54,149 --> 00:22:51,360

you would have to go over here and

533

00:22:55,510 --> 00:22:54,159

hearing something on that order any

534

00:22:56,710 --> 00:22:55,520

thoughts on that i mean that's kind of

535

00:22:59,669 --> 00:22:56,720

the same thing

536

00:23:02,070 --> 00:22:59,679

um well a lot of the a lot of the

537

00:23:04,630 --> 00:23:02,080

missing persons even though the the

538

00:23:06,630 --> 00:23:04,640

forestry department don't want to admit

539

00:23:09,990 --> 00:23:06,640

it because that would

540

00:23:12,390 --> 00:23:10,000

that would basically show negligence on

541

00:23:14,390 --> 00:23:12,400

their side a lot of the people that are

542

00:23:17,430 --> 00:23:14,400

out there have

543

00:23:19,830 --> 00:23:17,440

fallen off a cliff they got lost and

544

00:23:22,070 --> 00:23:19,840

killed or something by an animal the

545

00:23:24,630 --> 00:23:22,080

forestry department don't want to admit

546

00:23:27,270 --> 00:23:24,640

that because then they would be under a

547

00:23:29,590 --> 00:23:27,280

lot of scrutiny for negligence why can't

548

00:23:31,350 --> 00:23:29,600

you find them in your own park

549

00:23:33,110 --> 00:23:31,360

you know you've got all this and use

550

00:23:34,789 --> 00:23:33,120

this equipment you've got helicopters

551
00:23:36,310 --> 00:23:34,799
you've got search and rescue parties

552
00:23:37,590 --> 00:23:36,320
you've got dogs and everything you can't

553
00:23:39,590 --> 00:23:37,600
find them

554
00:23:42,390 --> 00:23:39,600
okay but then there's the other things

555
00:23:44,950 --> 00:23:42,400
you you got the stories that go way back

556
00:23:49,430 --> 00:23:44,960
into the

557
00:23:51,750 --> 00:23:49,440
early 1800s when the one guy got

558
00:23:54,789 --> 00:23:51,760
pulled right out of his tent i believe

559
00:23:57,110 --> 00:23:54,799
and dragged into a sasquatch cave

560
00:23:58,789 --> 00:23:57,120
the only way he got away with

561
00:24:02,310 --> 00:23:58,799
from them

562
00:24:05,590 --> 00:24:02,320
was his little can of snuff

563
00:24:08,310 --> 00:24:05,600

he basically opened it the sasquatch was

564

00:24:11,029 --> 00:24:08,320

curious they came up they grabbed it

565

00:24:13,110 --> 00:24:11,039

they ate it they started getting sick he

566

00:24:15,430 --> 00:24:13,120

took off running

567

00:24:18,470 --> 00:24:15,440

you know so there's the possibility of

568

00:24:22,149 --> 00:24:19,990

i would also

569

00:24:24,789 --> 00:24:22,159

it's it's reaching

570

00:24:27,590 --> 00:24:24,799

but i would also say that maybe there is

571

00:24:30,549 --> 00:24:27,600

some kind of portal that could be out

572

00:24:32,950 --> 00:24:30,559

there a different dimension like the

573

00:24:37,029 --> 00:24:32,960

energy sasquatch are using

574

00:24:40,470 --> 00:24:38,070

so they

575

00:24:42,070 --> 00:24:40,480

don't tell anyone about it they're

576

00:24:44,830 --> 00:24:42,080

brought through it

577

00:24:47,990 --> 00:24:44,840

i don't know it's it's

578

00:24:49,750 --> 00:24:48,000

weird so i have another question for you

579

00:24:51,350 --> 00:24:49,760

from the chat room this one comes from

580

00:24:53,990 --> 00:24:51,360

heidi

581

00:24:58,789 --> 00:24:54,000

have you ever heard of bigfoot being

582

00:25:03,909 --> 00:25:01,430

i've heard it um never talked to a

583

00:25:06,870 --> 00:25:03,919

witness though um

584

00:25:08,630 --> 00:25:06,880

yeah i've i've heard it where just like

585

00:25:12,549 --> 00:25:08,640

just like a bear

586

00:25:16,070 --> 00:25:12,559

i've i haven't heard of the manifesting

587

00:25:20,390 --> 00:25:16,080

through the energy form into a building

588

00:25:21,350 --> 00:25:20,400

i have heard of it with shape shifters

589

00:25:23,510 --> 00:25:21,360

but

590

00:25:25,269 --> 00:25:23,520

yes a sasquatch can get in your house

591

00:25:27,750 --> 00:25:25,279

through a window you can

592

00:25:29,510 --> 00:25:27,760

they're a lot a lot smarter than a bear

593

00:25:31,510 --> 00:25:29,520

and a bear can make it in your your

594

00:25:34,710 --> 00:25:31,520

front door if he wants he can make it in

595

00:25:36,950 --> 00:25:34,720

a screen door a sasquatch has hands

596

00:25:38,710 --> 00:25:36,960

he can easily walk in and the energy

597

00:25:41,190 --> 00:25:38,720

form if he wants they can just walk

598

00:25:43,430 --> 00:25:41,200

right through the door or

599

00:25:44,710 --> 00:25:43,440

appear right in your house

600

00:25:50,470 --> 00:25:44,720

but uh

601
00:25:53,990 --> 00:25:52,310
so we gotta ask

602
00:25:58,230 --> 00:25:54,000
uh

603
00:26:00,710 --> 00:25:59,350
i am

604
00:26:01,510 --> 00:26:00,720
no kill

605
00:26:04,549 --> 00:26:01,520
uh

606
00:26:08,149 --> 00:26:04,559
against it um

607
00:26:11,510 --> 00:26:08,159
for for a couple reasons one like it

608
00:26:13,350 --> 00:26:11,520
it's just uh i don't i don't believe in

609
00:26:16,789 --> 00:26:13,360
it it's not just because of the

610
00:26:19,350 --> 00:26:16,799
sasquatch it's any any endangered

611
00:26:21,110 --> 00:26:19,360
or unknown undiscovered animal you don't

612
00:26:23,750 --> 00:26:21,120
know how many there are

613
00:26:26,950 --> 00:26:23,760

like uh matt he'll say oh there's so

614

00:26:28,630 --> 00:26:26,960

many of them yeah okay whatever

615

00:26:31,909 --> 00:26:28,640

i don't believe so

616

00:26:35,750 --> 00:26:31,919

you know if you if you shoot one

617

00:26:38,789 --> 00:26:35,760

okay now say it's only a breeding couple

618

00:26:40,950 --> 00:26:38,799

for a thousand miles one breeding couple

619

00:26:44,789 --> 00:26:40,960

you just shot one of them

620

00:26:47,190 --> 00:26:44,799

okay if it's anything like a human

621

00:26:50,070 --> 00:26:47,200

you know that's it takes

622

00:26:52,470 --> 00:26:50,080

quite a few years before the

623

00:26:55,110 --> 00:26:52,480

breeding couple can release the young

624

00:26:56,950 --> 00:26:55,120

one to be on its own

625

00:26:59,750 --> 00:26:56,960

so they're not gonna they're not gonna

626
00:27:02,310 --> 00:26:59,760
jeopardize and grow the pod any bigger

627
00:27:04,149 --> 00:27:02,320
than they have to so yeah i'm

628
00:27:05,830 --> 00:27:04,159
fully against

629
00:27:08,149 --> 00:27:05,840
the shooting of it there's plenty of

630
00:27:09,350 --> 00:27:08,159
ways if people want dna from the

631
00:27:10,390 --> 00:27:09,360
physical

632
00:27:12,630 --> 00:27:10,400
form

633
00:27:15,750 --> 00:27:12,640
they don't have to kill it

634
00:27:16,630 --> 00:27:15,760
they can get hair samples i i showed you

635
00:27:19,590 --> 00:27:16,640
one

636
00:27:21,669 --> 00:27:19,600
way of collecting dna through the hair

637
00:27:22,870 --> 00:27:21,679
when we were on this trip over in

638
00:27:24,950 --> 00:27:22,880

drummond

639

00:27:27,430 --> 00:27:24,960

the use of a mouse trap

640

00:27:30,710 --> 00:27:27,440

yes and that was impressive in fact uh

641

00:27:32,950 --> 00:27:30,720

when we come back after a commercial

642

00:27:35,830 --> 00:27:32,960

we can get into that place yeah that was

643

00:27:37,830 --> 00:27:35,840

really cool and with that it is time for

644

00:27:39,350 --> 00:27:37,840

and cryptid researcher

688

00:29:19,510 --> 00:29:17,760

david kielman

689

00:29:21,990 --> 00:29:19,520

author of uh

690

00:29:23,510 --> 00:29:22,000

dog man israel the cry on the night

691

00:29:25,669 --> 00:29:23,520

let's see

692

00:29:27,669 --> 00:29:25,679

uh

693

00:29:30,389 --> 00:29:27,679

this segment is brought to you

694

00:29:32,470 --> 00:29:30,399

by lucas wellness and the ufo wisconsin

695

00:29:35,269 --> 00:29:32,480

research team

696

00:29:37,269 --> 00:29:35,279

okay let's bring our guests back on

697

00:29:40,789 --> 00:29:37,279

do you think they use uh do you think

698

00:29:42,389 --> 00:29:40,799

sasquatch use tools of any kind

699

00:29:44,310 --> 00:29:42,399

oh definitely

700

00:29:47,029 --> 00:29:44,320

any any uh

701
00:29:50,070 --> 00:29:47,039
primate especially the physical

702
00:29:53,029 --> 00:29:50,080
the physical form at a sasquatch would

703
00:29:55,350 --> 00:29:53,039
most definitely use uh

704
00:29:57,110 --> 00:29:55,360
simple tools you know like for uh

705
00:29:59,750 --> 00:29:57,120
grubbing or

706
00:30:02,389 --> 00:29:59,760
chasing a squirrel or a rodent out of a

707
00:30:04,950 --> 00:30:02,399
log you probably bang a stick around on

708
00:30:05,750 --> 00:30:04,960
one end or use it as a digging tool to

709
00:30:08,870 --> 00:30:05,760
get

710
00:30:10,549 --> 00:30:08,880
grubs out from under a stump

711
00:30:13,029 --> 00:30:10,559
you know it's uh

712
00:30:15,110 --> 00:30:13,039
even the simplest thing a rock clacking

713
00:30:17,750 --> 00:30:15,120

two rocks together

714

00:30:23,430 --> 00:30:20,710

you know and it's uh yeah they they use

715

00:30:25,350 --> 00:30:23,440

tools they're not they're not just not

716

00:30:27,190 --> 00:30:25,360

the average person spends hours a week

717

00:30:29,430 --> 00:30:27,200

at the grocery store but you're not an

718

00:30:31,190 --> 00:30:29,440

average person are you there's a better

719

00:30:33,350 --> 00:30:31,200

way to get fresh groceries and it's

720

00:30:35,350 --> 00:30:33,360

order of 99

729

00:30:54,870 --> 00:30:52,559

or more visit freshdirect.com or

730

00:30:57,190 --> 00:30:54,880

download the app today they're not

731

00:30:59,669 --> 00:30:57,200

sophisticated tools like bows and arrows

732

00:31:03,190 --> 00:30:59,679

or spears or anything like that right

733

00:31:05,669 --> 00:31:03,200

it's basically uh extremely crude tools

734

00:31:07,110 --> 00:31:05,679

similar to what the chimpanzees would

735

00:31:09,110 --> 00:31:07,120

would use to

736

00:31:10,950 --> 00:31:09,120

they've seen chimpanzees already taken a

737

00:31:13,830 --> 00:31:10,960

little tiny straw

738

00:31:16,870 --> 00:31:13,840

like sticks and poking them into

739

00:31:18,630 --> 00:31:16,880

the holes of termites to bring them out

740

00:31:22,389 --> 00:31:18,640

so it's

741

00:31:25,269 --> 00:31:22,399

just relatively simple tools like that

742

00:31:26,789 --> 00:31:25,279

you know uh you were mentioning the the

743

00:31:27,830 --> 00:31:26,799

rocks clacking

744

00:31:30,549 --> 00:31:27,840

and

745

00:31:32,630 --> 00:31:30,559

right before we went to break

746

00:31:34,630 --> 00:31:32,640

we were talking uh

747

00:31:36,630 --> 00:31:34,640

you have recently joined the northern

748

00:31:39,269 --> 00:31:36,640

wisconsin paranormal society

749

00:31:41,990 --> 00:31:39,279

and we are uh honored and grateful to

750

00:31:45,669 --> 00:31:42,000

have you as a member

751
00:31:47,110 --> 00:31:45,679
uh so and you took us out on a bigfoot

752
00:31:50,070 --> 00:31:47,120
call

753
00:31:51,830 --> 00:31:50,080
a couple days ago which was uh

754
00:31:53,430 --> 00:31:51,840
uh

755
00:31:54,630 --> 00:31:53,440
it was impressive

756
00:31:57,590 --> 00:31:54,640
um

757
00:31:58,710 --> 00:31:57,600
incredible witness we both thought he

758
00:32:01,029 --> 00:31:58,720
was credible

759
00:32:03,590 --> 00:32:01,039
well spoken

760
00:32:06,310 --> 00:32:03,600
and that was one of the things that he

761
00:32:10,470 --> 00:32:08,389
and i was impressed

762
00:32:12,549 --> 00:32:10,480
with with the

763
00:32:14,470 --> 00:32:12,559

scientific

764

00:32:15,750 --> 00:32:14,480
research you were doing the soil

765

00:32:18,149 --> 00:32:15,760
analysis

766

00:32:20,310 --> 00:32:18,159
and and those kind of things

767

00:32:21,830 --> 00:32:20,320
and hanging uh

768

00:32:24,549 --> 00:32:21,840
back to the when you were talking about

769

00:32:26,230 --> 00:32:24,559
dna and we don't have to kill

770

00:32:28,389 --> 00:32:26,240
any animal for dna there are different

771

00:32:30,710 --> 00:32:28,399
ways to go about it

772

00:32:33,190 --> 00:32:30,720
i know some people put them spikes on

773

00:32:34,549 --> 00:32:33,200
the on the ground so bigfoot will step

774

00:32:36,870 --> 00:32:34,559
on it yeah

775

00:32:39,909 --> 00:32:36,880
that's hard

776

00:32:44,149 --> 00:32:39,919

monster quest series they put

777

00:32:46,630 --> 00:32:44,159

screws through a board and

778

00:32:48,630 --> 00:32:46,640

then when the sasquatch stepped on it

779

00:32:50,789 --> 00:32:48,640

that was another uh

780

00:32:51,909 --> 00:32:50,799

incident where the evidence just

781

00:32:53,190 --> 00:32:51,919

disappeared

782

00:32:55,669 --> 00:32:53,200

yeah

783

00:32:57,269 --> 00:32:55,679

they had a full bloody footprint right

784

00:32:59,750 --> 00:32:57,279

in the middle of the board with all the

785

00:33:03,190 --> 00:32:59,760

nails and all the screws

786

00:33:05,110 --> 00:33:03,200

tissue and hair was on it but

787

00:33:08,549 --> 00:33:05,120

they never

788

00:33:11,669 --> 00:33:08,559

ever found out anything on it

789

00:33:12,789 --> 00:33:11,679

but uh what you did

790

00:33:14,389 --> 00:33:12,799

uh

791

00:33:21,029 --> 00:33:14,399

what what

792

00:33:27,110 --> 00:33:25,509

okay what i did was uh i took a regular

793

00:33:29,509 --> 00:33:27,120

spring-loaded

794

00:33:31,669 --> 00:33:29,519

wooden mousetrap with with the spring on

795

00:33:33,350 --> 00:33:31,679

it drilled a hole through one end so you

796

00:33:34,470 --> 00:33:33,360

can tie a string on it and then you hang

797

00:33:37,590 --> 00:33:34,480

it

798

00:33:40,230 --> 00:33:37,600

from a tree at least human head height

799

00:33:42,310 --> 00:33:40,240

that way if a deer or a bear or anything

800

00:33:43,509 --> 00:33:42,320

wander underneath it they're not gonna

801
00:33:46,549 --> 00:33:43,519
set it off

802
00:33:48,149 --> 00:33:46,559
anything that's taller now even a human

803
00:33:50,310 --> 00:33:48,159
walking through

804
00:33:52,630 --> 00:33:50,320
is gonna set it off and

805
00:33:55,269 --> 00:33:52,640
if it's got fur or hair

806
00:33:58,470 --> 00:33:55,279
it's going to cling onto the hair along

807
00:34:01,509 --> 00:33:58,480
where the spring snaps the wood i took

808
00:34:03,350 --> 00:34:01,519
rubber cement and put it there so when

809
00:34:05,029 --> 00:34:03,360
the spring hits it

810
00:34:08,470 --> 00:34:05,039
and the hair gets caught in between

811
00:34:10,790 --> 00:34:08,480
there as the animal or sasquatch moves

812
00:34:13,349 --> 00:34:10,800
away it's going to pull free and it's

813
00:34:16,470 --> 00:34:13,359

going to leave either one or a bunch of

814

00:34:19,030 --> 00:34:16,480

strands of hair there with hopefully the

815

00:34:22,149 --> 00:34:19,040

follicle still intact

816

00:34:24,550 --> 00:34:22,159

that way it can be collected later and

817

00:34:25,829 --> 00:34:24,560

sent to a

818

00:34:29,750 --> 00:34:25,839

legitimate

819

00:34:34,470 --> 00:34:33,030

i have two questions or a dna

820

00:34:36,149 --> 00:34:34,480

all right go ahead

821

00:34:37,270 --> 00:34:36,159

i have two questions for you from the

822

00:34:39,669 --> 00:34:37,280

chat room

823

00:34:45,430 --> 00:34:39,679

this one the first one comes from max

824

00:34:51,030 --> 00:34:49,589

oh that's a that's a difficult one um

825

00:34:52,149 --> 00:34:51,040

well it would definitely be catch and

826

00:34:55,109 --> 00:34:52,159

release

827

00:34:57,829 --> 00:34:55,119

any any anything that's out there

828

00:35:01,190 --> 00:34:57,839

whether sasquatch or just plain wild

829

00:35:03,910 --> 00:35:01,200

animal you can't keep them in captivity

830

00:35:07,190 --> 00:35:03,920

once they've grown as a baby like i've

831

00:35:10,310 --> 00:35:07,200

raised countless wild orphans you can do

832

00:35:13,589 --> 00:35:10,320

that but if they're a grown adult

833

00:35:17,030 --> 00:35:13,599

does the stress factor that

834

00:35:19,670 --> 00:35:17,040

is in a captured an adult animal

835

00:35:23,109 --> 00:35:19,680

is so high that

836

00:35:25,349 --> 00:35:23,119

within a couple days to a week or so

837

00:35:27,270 --> 00:35:25,359

they would just they wouldn't eat they

838

00:35:30,150 --> 00:35:27,280

would just wither away

839

00:35:33,349 --> 00:35:30,160

so you could have just like any any

840

00:35:35,510 --> 00:35:33,359

tranquilized animal or caged animal you

841

00:35:38,310 --> 00:35:35,520

can do your test real quick take a blood

842

00:35:40,630 --> 00:35:38,320

sample take a hair sample

843

00:35:42,550 --> 00:35:40,640

check for any kind of diseases stuff

844

00:35:45,109 --> 00:35:42,560

like that

845

00:35:47,990 --> 00:35:45,119

maybe even put a monitor

846

00:35:50,550 --> 00:35:48,000

or a tracker unit on

847

00:35:54,950 --> 00:35:50,560

the sasquatch and release them right

848

00:35:57,750 --> 00:35:54,960

back but do not keep it because well

849

00:35:59,540 --> 00:35:57,760

well it'd be kind of like the

850

00:36:02,630 --> 00:35:59,550

movie king kong

851
00:36:03,349 --> 00:36:02,640
[Laughter]

852
00:36:06,950 --> 00:36:03,359
okay

853
00:36:09,589 --> 00:36:06,960
it could go the wrong way too

854
00:36:12,790 --> 00:36:09,599
that is very true

855
00:36:13,829 --> 00:36:12,800
okay my next question to you comes from

856
00:36:16,390 --> 00:36:13,839
tom

857
00:36:19,349 --> 00:36:16,400
do you also believe that sasquatch can

858
00:36:22,150 --> 00:36:19,359
manifest themselves

859
00:36:24,390 --> 00:36:22,160
yes yes the energy form

860
00:36:26,390 --> 00:36:24,400
the energy forms you see there's

861
00:36:29,030 --> 00:36:26,400
there's a few different uh

862
00:36:31,750 --> 00:36:29,040
types there's the physical forms which

863
00:36:34,630 --> 00:36:31,760

vary in size and shape you get the large

864

00:36:38,230 --> 00:36:34,640

ones up north the small ones down south

865

00:36:40,630 --> 00:36:38,240

or in warmer climates then there's the

866

00:36:42,710 --> 00:36:40,640

uh the guides or the forest spirits

867

00:36:44,870 --> 00:36:42,720

those are the ones that can manifest

868

00:36:45,829 --> 00:36:44,880

they they are the

869

00:36:47,430 --> 00:36:45,839

the

870

00:36:48,870 --> 00:36:47,440

forest

871

00:36:51,270 --> 00:36:48,880

protectors

872

00:36:54,390 --> 00:36:51,280

or helpers they help the physical

873

00:36:55,670 --> 00:36:54,400

sasquatch and other animals out there to

874

00:36:58,310 --> 00:36:55,680

avoid

875

00:37:02,150 --> 00:36:58,320

danger or human contact

876

00:37:05,670 --> 00:37:02,160

you can always tell the energy

877

00:37:07,670 --> 00:37:05,680

sasquatch that would manifest by the red

878

00:37:10,950 --> 00:37:07,680

eyes if you see

879

00:37:13,430 --> 00:37:10,960

one during the daytime which is rare but

880

00:37:14,550 --> 00:37:13,440

if you see one during the day time

881

00:37:16,870 --> 00:37:14,560

and you

882

00:37:18,710 --> 00:37:16,880

there or at night we'll just we'll say

883

00:37:21,430 --> 00:37:18,720

at night and you don't have a flashlight

884

00:37:23,030 --> 00:37:21,440

or there's no external light whatsoever

885

00:37:25,190 --> 00:37:23,040

no illumination

886

00:37:27,990 --> 00:37:25,200

and the eyes are glowing

887

00:37:31,310 --> 00:37:28,000

well that's that's not a physical animal

888

00:37:34,829 --> 00:37:31,320

no physical animal out there has

889

00:37:38,150 --> 00:37:34,839

illuminating eyes without

890

00:37:40,390 --> 00:37:38,160

artificial illumination or

891

00:37:43,750 --> 00:37:40,400

any kind of external light

892

00:37:46,390 --> 00:37:43,760

because of the reflection

893

00:37:47,750 --> 00:37:46,400

right so you know there is there are the

894

00:37:53,030 --> 00:37:47,760

men

895

00:37:56,790 --> 00:37:54,630

we've thought about that too

896

00:37:58,870 --> 00:37:56,800

um with the

897

00:38:01,589 --> 00:37:58,880

just a para cryptozoology

898

00:38:02,470 --> 00:38:01,599

and uh how um

899

00:38:05,190 --> 00:38:02,480

some

900

00:38:06,710 --> 00:38:05,200

when people say well they had red eyes

901
00:38:08,150 --> 00:38:06,720
and it's like well is it are you talking

902
00:38:11,270 --> 00:38:08,160
about reflective

903
00:38:12,150 --> 00:38:11,280
red eyes or was it actually a red light

904
00:38:15,430 --> 00:38:12,160
or

905
00:38:16,710 --> 00:38:15,440
you know um something of that nature

906
00:38:17,750 --> 00:38:16,720
because you know they're two different

907
00:38:20,550 --> 00:38:17,760
things

908
00:38:23,109 --> 00:38:20,560
yeah yes there's the refractive and

909
00:38:25,109 --> 00:38:23,119
there is the just

910
00:38:27,829 --> 00:38:25,119
uh basic

911
00:38:29,910 --> 00:38:27,839
illumination which the illumination

912
00:38:32,790 --> 00:38:29,920
would be the spirit form but if you

913
00:38:37,190 --> 00:38:32,800

shine a light into an animal's eyes you

914

00:38:41,589 --> 00:38:38,950

it's totally different that would be the

915

00:38:43,910 --> 00:38:41,599

physical physical form the physical

916

00:38:46,069 --> 00:38:43,920

sasquatch can

917

00:38:48,710 --> 00:38:46,079

the you will get eye glow just like with

918

00:38:52,630 --> 00:38:48,720

a human it'll be a dark

919

00:38:55,750 --> 00:38:52,640

uh amber to a dark red

920

00:38:57,990 --> 00:38:55,760

in uh glow but the that that's the one

921

00:39:00,069 --> 00:38:58,000

with if you shine a flashlight or a

922

00:39:02,230 --> 00:39:00,079

camera flash or something like that or

923

00:39:04,230 --> 00:39:02,240

the headlights of a car

924

00:39:06,230 --> 00:39:04,240

you'll get that but if you're out in the

925

00:39:07,589 --> 00:39:06,240

woods you don't have any flashlight

926
00:39:09,750 --> 00:39:07,599
there's

927
00:39:12,550 --> 00:39:09,760
no external light

928
00:39:15,670 --> 00:39:12,560
and you see glowing eyes yeah you're

929
00:39:17,910 --> 00:39:15,680
witnessing the uh spiritual form

930
00:39:20,150 --> 00:39:17,920
and i'm i'm really looking forward

931
00:39:21,910 --> 00:39:20,160
coming up this summer

932
00:39:23,750 --> 00:39:21,920
to doing uh

933
00:39:26,470 --> 00:39:23,760
what

934
00:39:28,630 --> 00:39:26,480
wps

935
00:39:30,470 --> 00:39:28,640
with donald's

936
00:39:32,950 --> 00:39:30,480
help of course

937
00:39:37,990 --> 00:39:35,349
we're going to do a a paracrypto

938
00:39:39,589 --> 00:39:38,000

geological expedition

939

00:39:41,829 --> 00:39:39,599

this year we're not going to say exactly

940

00:39:43,990 --> 00:39:41,839

where exactly when obviously we don't

941

00:39:44,630 --> 00:39:44,000

want people showing up and messing with

942

00:39:47,030 --> 00:39:44,640

us

943

00:39:49,750 --> 00:39:47,040

but uh there's no there's no worry about

944

00:39:51,990 --> 00:39:49,760

that out in that area

945

00:39:53,510 --> 00:39:52,000

it's so secluded if a person even tried

946

00:39:55,109 --> 00:39:53,520

to find us

947

00:39:58,950 --> 00:39:55,119

we'd have to send out a search party

948

00:40:03,510 --> 00:40:01,670

and you know i believe that 100 percent

949

00:40:04,950 --> 00:40:03,520

uh just going out with you a couple days

950

00:40:05,750 --> 00:40:04,960

ago um

951
00:40:15,270 --> 00:40:05,760
uh

952
00:40:18,630 --> 00:40:15,280
out there noticed

953
00:40:20,790 --> 00:40:18,640
really opened my eyes and uh it

954
00:40:24,390 --> 00:40:20,800
totally freaked out brad too

955
00:40:25,910 --> 00:40:24,400
when she and she noticed that uh spirit

956
00:40:29,190 --> 00:40:25,920
out there and also

957
00:40:30,710 --> 00:40:29,200
uh felt or noticed the forest spirit and

958
00:40:35,750 --> 00:40:30,720
then that guy said that there was the

959
00:40:40,470 --> 00:40:38,550
yeah yeah that blew my mind too i mean i

960
00:40:42,870 --> 00:40:40,480
i tell you about jen and now we're

961
00:40:45,349 --> 00:40:42,880
talking about her like she's not here

962
00:40:48,310 --> 00:40:45,359
but for real uh you know um as her

963
00:40:50,870 --> 00:40:48,320

husband she does uh see spirit a lot you

964

00:40:52,630 --> 00:40:50,880

know um when we go out and you know uh

965

00:40:53,589 --> 00:40:52,640

and she tells me this and i hear a lot

966

00:40:54,630 --> 00:40:53,599

you know

967

00:40:56,710 --> 00:40:54,640

and uh

968

00:40:58,630 --> 00:40:56,720

but when you go in the middle of nowhere

969

00:41:01,910 --> 00:40:58,640

i mean literally we're talking

970

00:41:04,630 --> 00:41:01,920

hours and hours and hours of

971

00:41:05,589 --> 00:41:04,640

just going to the middle of nowhere

972

00:41:07,910 --> 00:41:05,599

and then

973

00:41:09,349 --> 00:41:07,920

for her to say you know there's a

974

00:41:12,790 --> 00:41:09,359

spirit

975

00:41:13,670 --> 00:41:12,800

falling

976
00:41:15,750 --> 00:41:13,680
and then

977
00:41:17,670 --> 00:41:15,760
the guy we're with where we never met

978
00:41:20,710 --> 00:41:17,680
him before you know we don't know him

979
00:41:22,710 --> 00:41:20,720
from anywhere else he doesn't know us

980
00:41:24,710 --> 00:41:22,720
you know he gets these goosebumps on his

981
00:41:25,910 --> 00:41:24,720
arms and and he goes

982
00:41:30,069 --> 00:41:25,920
uh

983
00:41:31,910 --> 00:41:30,079
older young spirit and she goes old

984
00:41:36,150 --> 00:41:31,920
and uh

985
00:41:38,309 --> 00:41:36,160
and she points to to where she saw him

986
00:41:40,470 --> 00:41:38,319
and he says you know

987
00:41:42,950 --> 00:41:40,480
i didn't tell any of you guys this

988
00:41:44,390 --> 00:41:42,960

but there uh me and my father found a

989

00:41:47,030 --> 00:41:44,400

grave out here

990

00:41:50,470 --> 00:41:47,040

a grave marker right where she pointed

991

00:41:52,790 --> 00:41:50,480

right general area so he's like i gotta

992

00:41:55,349 --> 00:41:52,800

show you this so you believe me open

993

00:41:57,510 --> 00:41:55,359

this up so you know we

994

00:41:59,030 --> 00:41:57,520

uh ended up hiking over there and sure

995

00:42:01,270 --> 00:41:59,040

enough there's this marker you know

996

00:42:02,390 --> 00:42:01,280

literally the middle of nowhere this

997

00:42:04,150 --> 00:42:02,400

this

998

00:42:05,990 --> 00:42:04,160

yeah i know where it was she couldn't

999

00:42:07,190 --> 00:42:06,000

see it because that was a hundred yards

1000

00:42:08,550 --> 00:42:07,200

or so

1001
00:42:09,829 --> 00:42:08,560
through

1002
00:42:10,790 --> 00:42:09,839
thick

1003
00:42:12,950 --> 00:42:10,800
uh

1004
00:42:14,550 --> 00:42:12,960
thick forest that you can't see

1005
00:42:16,630 --> 00:42:14,560
you can't see nothing we had to drive

1006
00:42:20,390 --> 00:42:16,640
around the

1007
00:42:24,950 --> 00:42:22,470
it was it was quite amazing

1008
00:42:27,430 --> 00:42:24,960
yeah there's one question on there to go

1009
00:42:29,589 --> 00:42:27,440
back to that one the one guy is asking

1010
00:42:33,510 --> 00:42:29,599
about telepathy

1011
00:42:36,390 --> 00:42:33,520
yes yes they do have uh telepathy if you

1012
00:42:37,349 --> 00:42:36,400
can channel your own mind

1013
00:42:39,589 --> 00:42:37,359

uh

1014

00:42:41,349 --> 00:42:39,599

when you're in the woods it starts out

1015

00:42:44,230 --> 00:42:41,359

very simple when you're out in the woods

1016

00:42:45,910 --> 00:42:44,240

and you feel like you're being watched

1017

00:42:48,069 --> 00:42:45,920

just sit down

1018

00:42:49,990 --> 00:42:48,079

relax next to a

1019

00:42:52,390 --> 00:42:50,000

you know sit down next to a tree

1020

00:42:54,950 --> 00:42:52,400

completely relax yourself

1021

00:42:57,430 --> 00:42:54,960

and let everything enter your mind

1022

00:42:59,270 --> 00:42:57,440

the sound of the wind everything and yes

1023

00:43:01,670 --> 00:42:59,280

you will hear them they will start to

1024

00:43:03,109 --> 00:43:01,680

communicate it won't be words

1025

00:43:05,270 --> 00:43:03,119

they'll they'll

1026

00:43:06,870 --> 00:43:05,280

they'll communicate

1027

00:43:08,309 --> 00:43:06,880

with uh

1028

00:43:12,069 --> 00:43:08,319

images

1029

00:43:14,230 --> 00:43:12,079

and that's what they want you to see so

1030

00:43:17,109 --> 00:43:14,240

yes they do uh

1031

00:43:18,230 --> 00:43:17,119

they do communicate

1032

00:43:19,910 --> 00:43:18,240

okay all right

1033

00:43:21,829 --> 00:43:19,920

sudan from chat

1034

00:43:24,230 --> 00:43:21,839

has a question for you

1035

00:43:26,870 --> 00:43:24,240

some people have noticed many things

1036

00:43:30,470 --> 00:43:26,880

that are paranormal like space aliens

1037

00:43:31,750 --> 00:43:30,480

etc respond to prayers

1038

00:43:33,829 --> 00:43:31,760

indicating

1039

00:43:36,550 --> 00:43:33,839

they are not what they seem

1040

00:43:39,670 --> 00:43:36,560

have you had any reports of this sort of

1041

00:43:43,349 --> 00:43:39,680

thing with bigfoot

1042

00:43:44,230 --> 00:43:43,359

i am not sure i understood the question

1043

00:43:47,190 --> 00:43:44,240

um

1044

00:43:50,550 --> 00:43:47,200

i i know in myself when i've had uh

1045

00:43:52,950 --> 00:43:50,560

ceremonies like out on the bog

1046

00:43:55,750 --> 00:43:52,960

uh it's called a calling ceremony is

1047

00:43:57,589 --> 00:43:55,760

where you call in the spirits

1048

00:44:00,390 --> 00:43:57,599

uh there's also a ceremony called the

1049

00:44:03,270 --> 00:44:00,400

blood ceremony where that one is

1050

00:44:05,109 --> 00:44:03,280

basically a test but when you do these

1051

00:44:07,990 --> 00:44:05,119

calling ceremonies

1052

00:44:08,950 --> 00:44:08,000

you will have the spirit form come right

1053

00:44:11,430 --> 00:44:08,960

to you

1054

00:44:14,870 --> 00:44:11,440

i'm not sure whether or not

1055

00:44:16,390 --> 00:44:14,880

this would be classified as religious or

1056

00:44:18,309 --> 00:44:16,400

anything

1057

00:44:20,550 --> 00:44:18,319

um

1058

00:44:25,030 --> 00:44:20,560

it's a ceremony it's a native american

1059

00:44:29,190 --> 00:44:26,550

hint of

1060

00:44:32,870 --> 00:44:29,200

religious it's more or less just a

1061

00:44:34,150 --> 00:44:32,880

spirituality more than it is religion

1062

00:44:38,470 --> 00:44:34,160

i don't know if that answered the

1063

00:44:38,480 --> 00:44:41,430

answer the question

1064

00:44:41,440 --> 00:44:44,870

you know uh

1065

00:44:48,790 --> 00:44:46,470

some people

1066

00:44:50,390 --> 00:44:48,800

used to call the the bigfoot mountain

1067

00:44:52,710 --> 00:44:50,400

devils

1068

00:44:54,870 --> 00:44:52,720

you know uh not understanding really

1069

00:44:58,390 --> 00:44:54,880

what they were of course seeing one

1070

00:45:02,550 --> 00:44:59,750

me and

1071

00:45:04,550 --> 00:45:02,560

my friend uh when i was in my late

1072

00:45:06,309 --> 00:45:04,560

twenties we had a bigfoot cross the

1073

00:45:07,510 --> 00:45:06,319

highway

1074

00:45:09,750 --> 00:45:07,520

uh

1075

00:45:11,270 --> 00:45:09,760

in front of us and

1076

00:45:13,990 --> 00:45:11,280

that was actually the catalyst to

1077

00:45:15,430 --> 00:45:14,000

starting the the paranormal society

1078

00:45:17,430 --> 00:45:15,440

um

1079

00:45:19,670 --> 00:45:17,440

and that was bright that was in the

1080

00:45:21,990 --> 00:45:19,680

middle of the day it was real hot out

1081

00:45:23,990 --> 00:45:22,000

it was real hot out

1082

00:45:27,670 --> 00:45:24,000

and uh

1083

00:45:29,990 --> 00:45:27,680

yeah you know um we were in a car

1084

00:45:31,589 --> 00:45:30,000

and across the road my buddy stopped the

1085

00:45:33,109 --> 00:45:31,599

car right way across

1086

00:45:34,950 --> 00:45:33,119

and he's like you know should we go in

1087

00:45:36,230 --> 00:45:34,960

there after i'm like crazy you see how

1088

00:45:37,589 --> 00:45:36,240

big it was

1089

00:45:40,069 --> 00:45:37,599

it'll kill us

1090

00:45:42,710 --> 00:45:40,079

you know and uh we didn't go in but i

1091

00:45:44,150 --> 00:45:42,720

could see where where uh people would be

1092

00:45:48,069 --> 00:45:44,160

real scared

1093

00:45:49,910 --> 00:45:48,079

of something like that uh

1094

00:45:51,829 --> 00:45:49,920

you know and

1095

00:45:55,589 --> 00:45:51,839

that's how i judge

1096

00:45:57,589 --> 00:45:55,599

a lot of witnesses credibility

1097

00:46:00,230 --> 00:45:57,599

if a witness says

1098

00:46:02,710 --> 00:46:00,240

to me when i ask well how did you feel

1099

00:46:04,309 --> 00:46:02,720

when you seen this uh

1100

00:46:05,990 --> 00:46:04,319

creature

1101
00:46:09,990 --> 00:46:06,000
they go well

1102
00:46:11,270 --> 00:46:10,000
i didn't let it bother me oh he's lying

1103
00:46:13,750 --> 00:46:11,280
if you're

1104
00:46:17,270 --> 00:46:13,760
when you see one of these

1105
00:46:19,109 --> 00:46:17,280
whether in the physical or spirit form

1106
00:46:21,670 --> 00:46:19,119
and you say that

1107
00:46:23,430 --> 00:46:21,680
you weren't scared it didn't bother you

1108
00:46:25,190 --> 00:46:23,440
or anything like that you're lying you

1109
00:46:28,230 --> 00:46:25,200
didn't see nothing

1110
00:46:30,069 --> 00:46:28,240
you're in the woods or in the dark

1111
00:46:33,829 --> 00:46:30,079
daylight and you see something that's

1112
00:46:36,710 --> 00:46:33,839
standing eight feet tall covered in hair

1113
00:46:37,990 --> 00:46:36,720

looks like a giant android giant in a

1114

00:46:41,430 --> 00:46:38,000

damn

1115

00:46:41,440 --> 00:46:45,510

you're suit be scared

1116

00:46:51,349 --> 00:46:47,750

so anyone that says that they're scared

1117

00:46:52,630 --> 00:46:51,359

when they saying it they're credible

1118

00:46:55,190 --> 00:46:52,640

yeah

1119

00:46:58,150 --> 00:46:55,200

really quick what suit on meant by the

1120

00:46:59,750 --> 00:46:58,160

question was that have you ever ever

1121

00:47:01,910 --> 00:46:59,760

heard of anybody

1122

00:47:04,470 --> 00:47:01,920

running into a bigfoot and

1123

00:47:05,670 --> 00:47:04,480

using a prayer and saying jesus's name

1124

00:47:07,670 --> 00:47:05,680

and

1125

00:47:10,309 --> 00:47:07,680

having a big foot react in a way where

1126

00:47:12,470 --> 00:47:10,319

it would

1127

00:47:14,950 --> 00:47:12,480

absolutely flee well i guess that would

1128

00:47:16,550 --> 00:47:14,960

be like if are there evil bigfoot out

1129

00:47:19,829 --> 00:47:16,560

there maybe that would that's another

1130

00:47:22,470 --> 00:47:19,839

one not i i've heard it but not with uh

1131

00:47:24,470 --> 00:47:22,480

jesus i'm sure i'm sure it has happened

1132

00:47:26,470 --> 00:47:24,480

with uh

1133

00:47:29,829 --> 00:47:26,480

with me the

1134

00:47:33,990 --> 00:47:29,839

native chant you close your eyes you say

1135

00:47:36,950 --> 00:47:34,000

the chant you open your eyes he's gone

1136

00:47:40,150 --> 00:47:36,960

so i suppose it's it's all in who

1137

00:47:42,710 --> 00:47:40,160

believes in what if you believe in

1138

00:47:44,550 --> 00:47:42,720

the white man's jesus then that will

1139

00:47:47,190 --> 00:47:44,560

work for you

1140

00:47:50,069 --> 00:47:47,200

um it's all in what you believe in if

1141

00:47:54,069 --> 00:47:50,079

you believe in a buddha and you pray to

1142

00:47:57,670 --> 00:47:55,030

okay

1143

00:47:59,750 --> 00:47:57,680

this question also comes from max

1144

00:48:01,829 --> 00:47:59,760

i live in the middle appalachian

1145

00:48:02,950 --> 00:48:01,839

mountains and there are many things out

1146

00:48:06,710 --> 00:48:02,960

there

1147

00:48:08,150 --> 00:48:06,720

in the mountains that one can hear but

1148

00:48:11,349 --> 00:48:08,160

cannot see

1149

00:48:15,510 --> 00:48:11,359

do you think this is for a spirit there

1150

00:48:20,470 --> 00:48:17,030

it could be but

1151

00:48:23,829 --> 00:48:20,480

remember that a forest spirit is not

1152

00:48:25,510 --> 00:48:23,839

always a sasquatch that can be the

1153

00:48:28,790 --> 00:48:25,520

spirit animal

1154

00:48:35,430 --> 00:48:31,270

spirit squirrel as small as that all the

1155

00:48:40,630 --> 00:48:38,470

yeah it it's most likely if you if you

1156

00:48:42,790 --> 00:48:40,640

hear the sound and it's right next to

1157

00:48:44,549 --> 00:48:42,800

you but there's nothing there oh that's

1158

00:48:50,150 --> 00:48:44,559

definitely a spirit

1159

00:48:53,750 --> 00:48:51,670

and uh

1160

00:48:55,589 --> 00:48:53,760

you know we're talking about the

1161

00:48:56,710 --> 00:48:55,599

yeah

1162

00:48:59,190 --> 00:48:56,720

when

1163

00:49:00,630 --> 00:48:59,200

let's say pericryptozoology

1164

00:49:03,589 --> 00:49:00,640

i guess uh

1165

00:49:06,630 --> 00:49:03,599

defining it as a an animal

1166

00:49:09,589 --> 00:49:06,640

or a cryptid uh encrypted with a power

1167

00:49:12,230 --> 00:49:09,599

or ability that humans

1168

00:49:14,549 --> 00:49:12,240

uh may not possess or don't possess

1169

00:49:21,349 --> 00:49:17,510

you know whether that be

1170

00:49:22,390 --> 00:49:21,359

portals or invisibility or mind speak

1171

00:49:23,750 --> 00:49:22,400

or

1172

00:49:24,790 --> 00:49:23,760

uh

1173

00:49:27,670 --> 00:49:24,800

you know

1174

00:49:29,750 --> 00:49:27,680

any number of things

1175

00:49:32,950 --> 00:49:29,760

um

1176

00:49:36,150 --> 00:49:32,960

it seems to me that

1177

00:49:38,790 --> 00:49:36,160

as time goes on

1178

00:49:40,710 --> 00:49:38,800

and i i wonder your take on this as time

1179

00:49:43,109 --> 00:49:40,720

goes on

1180

00:49:46,069 --> 00:49:43,119

it seems to me that

1181

00:49:48,230 --> 00:49:46,079

more and more people are

1182

00:49:50,309 --> 00:49:48,240

starting to give

1183

00:49:54,069 --> 00:49:50,319

the idea or the notion of para

1184

00:49:56,710 --> 00:49:54,079

cryptozoology a serious look

1185

00:49:59,109 --> 00:49:56,720

is that an accurate statement

1186

00:50:01,030 --> 00:49:59,119

they they have to because uh look at how

1187

00:50:02,870 --> 00:50:01,040

many years

1188

00:50:03,870 --> 00:50:02,880

scientists and

1189

00:50:06,230 --> 00:50:03,880

uh

1190

00:50:09,430 --> 00:50:06,240

cryptozoologists have been looking for

1191

00:50:11,270 --> 00:50:09,440

the sasquatch and have come up with

1192

00:50:12,470 --> 00:50:11,280

nothing

1193

00:50:15,190 --> 00:50:12,480

yet

1194

00:50:17,270 --> 00:50:15,200

more and more people are seeing stuff

1195

00:50:19,589 --> 00:50:17,280

out there like the glowing eyes without

1196

00:50:21,910 --> 00:50:19,599

illumination

1197

00:50:25,109 --> 00:50:21,920

that uh is impossible

1198

00:50:26,950 --> 00:50:25,119

you're seeing stuff out there

1199

00:50:28,549 --> 00:50:26,960

that is

1200

00:50:32,069 --> 00:50:28,559

not

1201

00:50:38,950 --> 00:50:35,710

so they have to start looking in

1202

00:50:40,630 --> 00:50:38,960

non-scientific methods

1203

00:50:42,630 --> 00:50:40,640

you know they start they have to start

1204

00:50:46,309 --> 00:50:42,640

looking at the

1205

00:50:51,990 --> 00:50:46,319

uh the shamans the old cultures of what

1206

00:50:57,750 --> 00:50:54,390

we have five minutes left

1207

00:51:01,349 --> 00:50:57,760

uh then before we go

1208

00:51:02,390 --> 00:51:01,359

uh we would like for you to share

1209

00:51:04,549 --> 00:51:02,400

links

1210

00:51:06,309 --> 00:51:04,559

to where people can

1211

00:51:08,470 --> 00:51:06,319

find and buy your book

1212

00:51:11,510 --> 00:51:08,480

and any uh

1213

00:51:13,030 --> 00:51:11,520

any facebook groups any uh

1214

00:51:15,190 --> 00:51:13,040

youtube

1215

00:51:16,390 --> 00:51:15,200

uh pages anything at all you wish to

1216

00:51:19,670 --> 00:51:16,400

share

1217

00:51:22,549 --> 00:51:19,680

all right well if a person wants a

1218

00:51:24,790 --> 00:51:22,559

interesting group

1219

00:51:27,829 --> 00:51:24,800

all they'd have to do is go on facebook

1220

00:51:30,870 --> 00:51:27,839

and type in kindred forest

1221

00:51:33,190 --> 00:51:30,880

it should lead them to it

1222

00:51:36,470 --> 00:51:33,200

my books website on the other hand

1223

00:51:39,030 --> 00:51:36,480

that's a it's a very long site so

1224

00:51:41,109 --> 00:51:39,040

instead i'm just going to give everyone

1225

00:51:45,750 --> 00:51:41,119

my

1226
00:51:47,510 --> 00:51:45,760
has a link on

1227
00:51:48,870 --> 00:51:47,520
one of the pages

1228
00:51:50,390 --> 00:51:48,880
for

1229
00:51:54,470 --> 00:51:50,400
my books website

1230
00:51:56,790 --> 00:51:54,480
and that is http

1231
00:51:58,390 --> 00:51:56,800
uh i think they're going to have two

1232
00:52:00,710 --> 00:51:58,400
dots colon

1233
00:52:02,829 --> 00:52:00,720
colon semicolon

1234
00:52:06,470 --> 00:52:02,839
okay

1235
00:52:09,910 --> 00:52:06,480
http dot slash

1236
00:52:11,670 --> 00:52:09,920
rep lures dot webs

1237
00:52:15,349 --> 00:52:11,680
dot com

1238
00:52:21,589 --> 00:52:15,359

and that is it's spelled r e p l e

1239

00:52:21,599 --> 00:52:25,270

and yeah

1240

00:52:29,990 --> 00:52:27,109

that should be

1241

00:52:32,549 --> 00:52:30,000

i guess easy enough

1242

00:52:34,630 --> 00:52:32,559

um yeah and that's the other thing is i

1243

00:52:36,309 --> 00:52:34,640

i started to do

1244

00:52:37,990 --> 00:52:36,319

a thing with getting a different

1245

00:52:39,750 --> 00:52:38,000

publisher

1246

00:52:42,870 --> 00:52:39,760

uh that

1247

00:52:45,750 --> 00:52:42,880

fell through so it's going to be about

1248

00:52:48,790 --> 00:52:45,760

five days before all the books and the

1249

00:52:51,510 --> 00:52:48,800

ebooks go back online

1250

00:52:53,670 --> 00:52:51,520

for anyone willing or wanting to

1251

00:52:55,670 --> 00:52:53,680

purchase one

1252

00:52:58,150 --> 00:52:55,680

awesome

1253

00:53:00,790 --> 00:52:58,160

donald thank you so much

1254

00:53:03,910 --> 00:53:00,800

for sharing your uh friday evening with

1255

00:53:06,950 --> 00:53:03,920

us yes we really appreciate it

1256

00:53:08,950 --> 00:53:06,960

oh it was all right it was fun

1257

00:53:10,470 --> 00:53:08,960

and thank you to everybody in chat for

1258

00:53:12,870 --> 00:53:10,480

hanging us as

1259

00:53:14,309 --> 00:53:12,880

hanging out with us as well and thank

1260

00:53:16,470 --> 00:53:14,319

thank you to all of you for the great

1261

00:53:21,750 --> 00:53:16,480

questions

1262

00:53:22,630 --> 00:53:21,760

sure from awesome people

1263

00:53:23,510 --> 00:53:22,640

so

1264

00:53:27,270 --> 00:53:23,520

uh

1265

00:53:29,190 --> 00:53:27,280

next week para sociologist david kielman

1266

00:53:30,790 --> 00:53:29,200

tune in for that

1267

00:53:32,790 --> 00:53:30,800

to the believer the evidence is

1268

00:53:34,960 --> 00:53:32,800

overwhelming and to the skeptic there

1269

00:53:42,790 --> 00:53:34,970

will never be enough

1270

00:53:42,800 --> 00:54:00,470

oh

1271

00:54:00,480 --> 00:54:18,470

uh

1272

00:54:18,480 --> 00:54:23,210

hello

1273

00:54:23,220 --> 00:54:35,510

[Applause]

1274

00:54:35,520 --> 00:54:56,309

oh
