you are listening to inception Radio

2  
00:00:06,559 --> 00:00:04,049  
Network voice of the fringe majority

3  
00:00:09,620 --> 00:00:06,569  
it's the weekend and have you got a

4  
00:00:11,839 --> 00:00:09,630  
special weekend edition for you we're

5  
00:00:15,799 --> 00:00:11,849  
here today with an interview with Jesse

6  
00:00:19,010 --> 00:00:15,809  
yourself Jesse are you there I am here

7  
00:00:22,400 --> 00:00:19,020  
and first in case our listeners aren't

8  
00:00:25,700 --> 00:00:22,410  
aware it's a famous name and three times

9  
00:00:29,150 --> 00:00:25,710  
a famous name so why don't you for

10  
00:00:31,220 --> 00:00:29,160  
people who aren't aware just get us into

11  
00:00:33,020 --> 00:00:31,230  
a little bit of Roswell although it's

12  
00:00:35,900 --> 00:00:33,030  
hard to imagine that many of our gentle

13  
00:00:38,270 --> 00:00:35,910

listeners aren't aware so take it Jesse

14

00:00:42,110 --> 00:00:38,280

Marcel okay I guess I could start with

15

00:00:45,380 --> 00:00:42,120

my grandfather was the lead or head

16

00:00:48,069 --> 00:00:45,390

investigator into the crash of something

17

00:00:51,529 --> 00:00:48,079

in the Roswell deserts back in 1947 and

18

00:00:53,720 --> 00:00:51,539

his name was major Jesse Marcel and that

19

00:00:57,770 --> 00:00:53,730

puts me down the line with his namesake

20

00:00:59,119 --> 00:00:57,780

as Jesse Marcel I am the third and so I

21

00:01:02,389 --> 00:00:59,129

had learned and grew up with a story

22

00:01:04,250 --> 00:01:02,399

from pretty much an infant state and I'm

23

00:01:06,590 --> 00:01:04,260

always learning actually things are

24

00:01:09,800 --> 00:01:06,600

always changing they are changing and

25

00:01:12,230 --> 00:01:09,810

it's it's interesting how something that

26  
00:01:15,950 --> 00:01:12,240  
maybe a lot of listeners aren't aware of

27  
00:01:18,920 --> 00:01:15,960  
the story the event took place in 1947

28  
00:01:22,070 --> 00:01:18,930  
but after the initial hubbub wore down

29  
00:01:25,100 --> 00:01:22,080  
it was or was taken away move along

30  
00:01:29,420 --> 00:01:25,110  
folks nothing to see here it sort of was

31  
00:01:33,819 --> 00:01:29,430  
dormant until the late 1970s yes well

32  
00:01:36,890 --> 00:01:33,829  
basically my grandfather went into his

33  
00:01:39,560 --> 00:01:36,900  
basically his role with the military and

34  
00:01:44,359 --> 00:01:39,570  
that was nothing to see here

35  
00:01:46,999 --> 00:01:44,369  
basically it was to go ahead and put it

36  
00:01:49,880 --> 00:01:47,009  
in perspective of what the military and

37  
00:01:52,039 --> 00:01:49,890  
the government wanted to believe in the

38  
00:01:54,440 --> 00:01:52,049

story is the ones were circulating when

39

00:01:56,810 --> 00:01:54,450

it was there ones were created and he

40

00:02:00,249 --> 00:01:56,820

went along with that line and didn't

41

00:02:03,889 --> 00:02:00,259

talk about it until the seventies yes

42

00:02:04,840 --> 00:02:03,899

interesting and but he did talk about it

43

00:02:07,789 --> 00:02:04,850

at home

44

00:02:10,550 --> 00:02:07,799

yes well my grandfather they they they

45

00:02:12,350 --> 00:02:10,560

were in Houma Louisiana and I grew up in

46

00:02:16,130 --> 00:02:12,360

a little town called Helena Montana

47

00:02:18,890 --> 00:02:16,140

and yes the I first learned about the

48

00:02:21,140 --> 00:02:18,900

story through the family mostly through

49

00:02:26,000 --> 00:02:21,150

my father who was a doctor Jesse Marcel

50

00:02:29,270 --> 00:02:26,010

and we had originally talked about it it

51  
00:02:31,640 --> 00:02:29,280  
kind of it came up when we were out

52  
00:02:35,030 --> 00:02:31,650  
store outside stargazing that sort of

53  
00:02:38,449 --> 00:02:35,040  
thing and and he he he taught us for a

54  
00:02:40,520 --> 00:02:38,459  
very young age to be very open minded

55  
00:02:43,430 --> 00:02:40,530  
don't be boxed in on what society might

56  
00:02:45,050 --> 00:02:43,440  
tell you or or whatever somebody else's

57  
00:02:46,970 --> 00:02:45,060  
place might be it's basically you need

58  
00:02:49,670 --> 00:02:46,980  
to go out and figure this out for

59  
00:02:51,860 --> 00:02:49,680  
yourself and it was kind of an open door

60  
00:02:54,229 --> 00:02:51,870  
to look into the heavens and perhaps

61  
00:02:55,850 --> 00:02:54,239  
there's something else out there that's

62  
00:02:58,790 --> 00:02:55,860  
paying attention to what we're doing

63  
00:03:02,000 --> 00:02:58,800

down here that's a fascinating concept

64

00:03:03,890 --> 00:03:02,010

and the fact that you guys you this was

65

00:03:06,710 --> 00:03:03,900

you know this was in your morning orange

66

00:03:10,520 --> 00:03:06,720

juice so to speak it was it was the

67

00:03:11,960 --> 00:03:10,530

ability to know the facts probably I'm

68

00:03:14,600 --> 00:03:11,970

guessing learn the Stars and the planets

69

00:03:16,280 --> 00:03:14,610

the constellations and so that you know

70

00:03:19,009 --> 00:03:16,290

by process of elimination you know

71

00:03:21,710 --> 00:03:19,019

what's what you're looking at it belongs

72

00:03:23,449 --> 00:03:21,720

there or doesn't belong there and also

73

00:03:26,620 --> 00:03:23,459

the concept of something greater

74

00:03:28,640 --> 00:03:26,630

something off planet extraterrestrials

75

00:03:30,440 --> 00:03:28,650

absolutely you know I always like to

76

00:03:33,259 --> 00:03:30,450

tell the story about how we'd sit around

77

00:03:34,460 --> 00:03:33,269

at dinner and have Star Trek playing at

78

00:03:38,539 --> 00:03:34,470

the end of the table and we'd be

79

00:03:41,060 --> 00:03:38,549

conversing about Roswell of course yes a

80

00:03:45,050 --> 00:03:41,070

new Star Trek was a a sci-fi show but it

81

00:03:47,930 --> 00:03:45,060

kind of set the mood I suppose like just

82

00:03:49,280 --> 00:03:47,940

like I said before it's I grew up with a

83

00:03:52,520 --> 00:03:49,290

very comforting feeling that there was

84

00:03:54,170 --> 00:03:52,530

another boy sitting at a table on some

85

00:03:56,539 --> 00:03:54,180

other planet with their family enjoying

86

00:03:59,350 --> 00:03:56,549

dinner as well and it was always it's

87

00:04:01,430 --> 00:03:59,360

always been a very comforting very open

88

00:04:04,190 --> 00:04:01,440

anything something to be very positive

89

00:04:05,570 --> 00:04:04,200

about we you don't know that everything

90

00:04:06,770 --> 00:04:05,580

that happened to our family and you know

91

00:04:08,900 --> 00:04:06,780

there are some things that weren't we're

92

00:04:11,030 --> 00:04:08,910

kind of ugly but from outside influences

93

00:04:14,840 --> 00:04:11,040

but for the most part it was it was a

94

00:04:17,590 --> 00:04:14,850

very very positive and open way to grow

95

00:04:21,800 --> 00:04:17,600

up is in fact I'm very proud of it and

96

00:04:25,780 --> 00:04:21,810

and I think my family is too oh I am

97

00:04:28,240 --> 00:04:25,790

sure on every plane of where they may be

98

00:04:31,150 --> 00:04:28,250

and it's interesting the these negative

99

00:04:34,690 --> 00:04:31,160

outside influences are you comfortable

100

00:04:37,600 --> 00:04:34,700

talking about that well yeah the world's

101  
00:04:40,810 --> 00:04:37,610  
evolves it is this this was more back in

102  
00:04:42,700 --> 00:04:40,820  
the early 90s the it used to be more

103  
00:04:44,470 --> 00:04:42,710  
alone Alliance if you can't disprove

104  
00:04:47,140 --> 00:04:44,480  
something then you attack the individual

105  
00:04:49,630 --> 00:04:47,150  
and that was going on and it wasn't so

106  
00:04:51,880 --> 00:04:49,640  
much it wasn't really against me it was

107  
00:04:53,080 --> 00:04:51,890  
you know at that time obviously my

108  
00:04:55,600 --> 00:04:53,090  
father was still alive he was a

109  
00:04:59,500 --> 00:04:55,610  
spotlight and he'd be attacked every so

110  
00:05:01,870 --> 00:04:59,510  
often but his is almost beyond reproach

111  
00:05:04,630 --> 00:05:01,880  
you know they they went down to the

112  
00:05:06,460 --> 00:05:04,640  
point of trying to say well he was a

113  
00:05:11,590 --> 00:05:06,470

motorcycle rider well you know he was

114

00:05:13,270 --> 00:05:11,600

yeah he liked to climb mountains so

115

00:05:14,620 --> 00:05:13,280

those are the kind of things they said

116

00:05:18,610 --> 00:05:14,630

well how can you believe in someone it's

117

00:05:19,990 --> 00:05:18,620

like this and it is but that that's as

118

00:05:23,070 --> 00:05:20,000

far as they could stretch it just shows

119

00:05:26,260 --> 00:05:23,080

you a lot that yes those kind of things

120

00:05:30,070 --> 00:05:26,270

and it shows a lot of your father's

121

00:05:31,540 --> 00:05:30,080

incredible integrity the fact that he

122

00:05:34,060 --> 00:05:31,550

re-enlisted

123

00:05:37,750 --> 00:05:34,070

during the Vietnam War what are those

124

00:05:42,070 --> 00:05:37,760

facts he he pretty much never left the

125

00:05:45,510 --> 00:05:42,080

military when he joined he went into the

126

00:05:48,760 --> 00:05:45,520

Navy originally I went to school LSU and

127

00:05:51,610 --> 00:05:48,770

pretty much never stopped either was

128

00:05:54,190 --> 00:05:51,620

either full time or you know doing

129

00:05:58,060 --> 00:05:54,200

basically the you know the weekend kind

130

00:06:01,450 --> 00:05:58,070

of thing his duties in the Navy Jesse a

131

00:06:03,370 --> 00:06:01,460

medical doctor right that's that's what

132

00:06:05,350 --> 00:06:03,380

yes flight surgeon did that that is that

133

00:06:06,910 --> 00:06:05,360

correct well yes she only became a

134

00:06:09,400 --> 00:06:06,920

flight surgeon much later in life but he

135

00:06:10,630 --> 00:06:09,410

started working in medicine yeah I

136

00:06:12,000 --> 00:06:10,640

honestly I don't know you're working on

137

00:06:14,110 --> 00:06:12,010

ships and that kind of thing and doing

138

00:06:15,090 --> 00:06:14,120

physicals and treating people and that

139

00:06:21,310 --> 00:06:15,100

sort of thing

140

00:06:23,860 --> 00:06:21,320

interesting and just like later later in

141

00:06:24,670 --> 00:06:23,870

life he joined it interesting enough out

142

00:06:26,830 --> 00:06:24,680

of hello I know there was something

143

00:06:28,720 --> 00:06:26,840

colon attack battalion which is kind of

144

00:06:30,430 --> 00:06:28,730

a army kind of Air Force it wasn't an

145

00:06:32,620 --> 00:06:30,440

exact designation it I suppose be close

146

00:06:33,850 --> 00:06:32,630

to army if you put it that way and it

147

00:06:36,910 --> 00:06:33,860

gave him a chance to go fly helicopters

148

00:06:39,460 --> 00:06:36,920

so you'd learn to become a pilot just

149

00:06:42,790 --> 00:06:39,470

loved it and he get a count of god back

150

00:06:44,440 --> 00:06:42,800

to it more in that direction and yeah

151

00:06:47,430 --> 00:06:44,450

like I said he loved it he loved a

152

00:06:51,930 --> 00:06:47,440

service country he was the oldest

153

00:06:58,480 --> 00:06:55,420

that's right post-vietnam way post yeah

154

00:07:00,220 --> 00:06:58,490

and and that's a major point in spite of

155

00:07:02,200 --> 00:07:00,230

all you know shall we say slings and

156

00:07:04,750 --> 00:07:02,210

arrows hurled in his direction and

157

00:07:08,890 --> 00:07:04,760

sometimes by perhaps unnamed military

158

00:07:11,800 --> 00:07:08,900

people he persisted what a patriot yeah

159

00:07:13,180 --> 00:07:11,810

I mean his thing was you know he was at

160

00:07:15,130 --> 00:07:13,190

the time he went to Iraq I mean his

161

00:07:17,260 --> 00:07:15,140

story was pretty simple it's like you

162

00:07:18,940 --> 00:07:17,270

know I'm 72 years old if I can go over

163

00:07:20,830 --> 00:07:18,950

here and keep some young kid from coming

164

00:07:23,080 --> 00:07:20,840

over here I'm gonna do it so I mean

165

00:07:24,580 --> 00:07:23,090

literally that's that's that's that kind

166

00:07:27,970 --> 00:07:24,590

of sums up my father and a sentence or

167

00:07:30,430 --> 00:07:27,980

two fantastic now back to Roswell

168

00:07:33,250 --> 00:07:30,440

your father was how old I've read

169

00:07:35,350 --> 00:07:33,260

everything between 9:00 to 12:00 when he

170

00:07:38,500 --> 00:07:35,360

was awakened in the middle of the night

171

00:07:43,120 --> 00:07:38,510

by his father yeah 11 turning 12 and

172

00:07:46,630 --> 00:07:43,130

yeah he was he was at home asleep his

173

00:07:49,510 --> 00:07:46,640

mother in Roswell New Mexico and his

174

00:07:52,240 --> 00:07:49,520

father my grandfather I had just been

175

00:07:53,920 --> 00:07:52,250

tasked the duty to go out and check on

176  
00:07:57,250 --> 00:07:53,930  
something that crashed out in the fields

177  
00:07:58,540 --> 00:07:57,260  
out in the desert and it was significant

178  
00:08:00,460 --> 00:07:58,550  
enough that they wanted to send their

179  
00:08:02,200 --> 00:08:00,470  
top basically intelligence officer out

180  
00:08:06,250 --> 00:08:02,210  
there because they didn't know what this

181  
00:08:08,740 --> 00:08:06,260  
thing was they'd they had the person

182  
00:08:11,350 --> 00:08:08,750  
that had brought it back Mac Brazel had

183  
00:08:12,820 --> 00:08:11,360  
had discovered it brought some parts

184  
00:08:15,190 --> 00:08:12,830  
eventually admitted and made it back to

185  
00:08:18,760 --> 00:08:15,200  
a sheriff in Roswell they couldn't make

186  
00:08:20,080 --> 00:08:18,770  
heads or tails and it's and it my

187  
00:08:21,640 --> 00:08:20,090  
grandfather went took a look at those

188  
00:08:23,920 --> 00:08:21,650

pieces couldn't make heads or tails of

189

00:08:25,390 --> 00:08:23,930

it so they got a couple of jeeps the

190

00:08:28,080 --> 00:08:25,400

dist information officer and headed out

191

00:08:32,529 --> 00:08:28,090

to the field and when he was out there

192

00:08:35,290 --> 00:08:32,539

he he was able to ascertain that what he

193

00:08:37,360 --> 00:08:35,300

was looking at is he would always say or

194

00:08:39,300 --> 00:08:37,370

I'll said originally that whatever this

195

00:08:41,620 --> 00:08:39,310

was it was not made by human hands and

196

00:08:45,550 --> 00:08:41,630

he's stuck with that from that day back

197

00:08:48,130 --> 00:08:45,560

in 1947 through his passing but he knew

198

00:08:50,949 --> 00:08:48,140

enough about what would happen it was a

199

00:08:52,340 --> 00:08:50,959

very significant event that whatever

200

00:08:56,240 --> 00:08:52,350

this stuff was that

201

00:08:59,420 --> 00:08:56,250

it would be absorbed in the military

202

00:09:00,770 --> 00:08:59,430

quite quickly and he thought that it was

203

00:09:02,630 --> 00:09:00,780

important enough for him to break

204

00:09:05,900 --> 00:09:02,640

protocol yeah you know literally break

205

00:09:08,630 --> 00:09:05,910

brick you know break his orders yes home

206

00:09:12,170 --> 00:09:08,640

and show his son and his wife very

207

00:09:14,120 --> 00:09:12,180

telling it is he wasn't the kind of you

208

00:09:17,120 --> 00:09:14,130

know yeah how was didn't read it reaches

209

00:09:19,370 --> 00:09:17,130

position for stepping out of line like

210

00:09:20,060 --> 00:09:19,380

that right it wasn't in his nature to go

211

00:09:23,000 --> 00:09:20,070

rogue

212

00:09:24,500 --> 00:09:23,010

no no it's basically he he was trusted

213

00:09:26,390 --> 00:09:24,510

with the secrets of our nuclear bombing

214

00:09:28,100 --> 00:09:26,400

program you know he was a top

215

00:09:30,020 --> 00:09:28,110

intelligence officer involved in the you

216

00:09:32,570 --> 00:09:30,030

know what at that time in the early

217

00:09:35,870 --> 00:09:32,580

forties you know he he was even involved

218

00:09:36,920 --> 00:09:35,880

in in tasking the the flight crews of

219

00:09:39,290 --> 00:09:36,930

the Boxcar about where they're gonna

220

00:09:41,450 --> 00:09:39,300

drop the bomb you know he was you know

221

00:09:42,890 --> 00:09:41,460

at the highest level the highest trust

222

00:09:45,590 --> 00:09:42,900

of the military and our government to do

223

00:09:48,050 --> 00:09:45,600

that and he stepped out of line so he

224

00:09:49,760 --> 00:09:48,060

could show his son and his wife that

225

00:09:52,070 --> 00:09:49,770

whatever this was that it's very

226

00:09:54,290 --> 00:09:52,080

significant and perhaps you know in our

227

00:09:56,120 --> 00:09:54,300

humanity and that was more important to

228

00:09:58,580 --> 00:09:56,130

him than the possible repercussions of

229

00:10:01,450 --> 00:09:58,590

that sort of action and that speaks

230

00:10:03,890 --> 00:10:01,460

volumes yes he is some some some

231

00:10:06,350 --> 00:10:03,900

deep-seated feeling that he had that

232

00:10:09,170 --> 00:10:06,360

this was something definitely as you

233

00:10:10,850 --> 00:10:09,180

said significant right yeah he'd bring

234

00:10:12,920 --> 00:10:10,860

it home but he brought home a box of

235

00:10:14,540 --> 00:10:12,930

materials and spread it out over the

236

00:10:16,730 --> 00:10:14,550

kitchen floor and and woke up his son

237

00:10:19,520 --> 00:10:16,740

and wife and had them take a look at

238

00:10:21,200 --> 00:10:19,530

look at it and and said you know

239

00:10:23,600 --> 00:10:21,210

whatever the stuff is it's you know he

240

00:10:25,340 --> 00:10:23,610

he absolutely believed that it was part

241

00:10:28,130 --> 00:10:25,350

of some kind of a UFO some kind of a

242

00:10:30,890 --> 00:10:28,140

spacecraft yes then there's that iconic

243

00:10:32,720 --> 00:10:30,900

photo later in a different situation of

244

00:10:34,730 --> 00:10:32,730

your father holding the material are you

245

00:10:37,700 --> 00:10:34,740

grant yes you're your grandfather yes my

246

00:10:41,230 --> 00:10:37,710

grandfather yeah he actually for a

247

00:10:44,180 --> 00:10:41,240

moment thought that perhaps this debris

248

00:10:46,700 --> 00:10:44,190

it that would made it to the mates at

249

00:10:47,900 --> 00:10:46,710

office basically that they were going to

250

00:10:50,510 --> 00:10:47,910

come out and talk about it and which

251  
00:10:51,770 --> 00:10:50,520  
really surprised him and when he walked

252  
00:10:54,140 --> 00:10:51,780  
into the room he realized that that

253  
00:10:56,210 --> 00:10:54,150  
wasn't the truth that there was pre

254  
00:10:58,430 --> 00:10:56,220  
placed items that there was parts of

255  
00:11:00,650 --> 00:10:58,440  
what was called a Rowand target sitting

256  
00:11:02,660 --> 00:11:00,660  
on the floor and he was told to go ahead

257  
00:11:04,760 --> 00:11:02,670  
and you know smile and take some

258  
00:11:05,990 --> 00:11:04,770  
pictures with it and he basically knew

259  
00:11:08,330 --> 00:11:06,000  
at that point that things were

260  
00:11:09,590 --> 00:11:08,340  
where he expected him to go you have

261  
00:11:10,700 --> 00:11:09,600  
nothing he was happy about it but he

262  
00:11:11,600 --> 00:11:10,710  
pretty much knew that was going to

263  
00:11:13,880 --> 00:11:11,610

happen I thought that was gonna happen

264

00:11:17,030 --> 00:11:13,890

yes and and of course it is bad

265

00:11:19,700 --> 00:11:17,040

forensics but going into the look

266

00:11:22,460 --> 00:11:19,710

looking at viewing at your grandfather's

267

00:11:24,830 --> 00:11:22,470

expression in that photograph knowing

268

00:11:27,890 --> 00:11:24,840

what we kind of know now you can almost

269

00:11:30,320 --> 00:11:27,900

see it in his eyes yes you know what's

270

00:11:31,790 --> 00:11:30,330

interesting about it is that and my

271

00:11:33,830 --> 00:11:31,800

sister Denise picked us up I never did

272

00:11:36,560 --> 00:11:33,840

that but that you look at him he's never

273

00:11:39,410 --> 00:11:36,570

looking at the camera somebody yelling

274

00:11:44,050 --> 00:11:39,420

at him to barking at him too you know

275

00:11:49,550 --> 00:11:46,730

interesting even though we did have film

276

00:11:52,010 --> 00:11:49,560

and film footage was shown during news

277

00:11:55,010 --> 00:11:52,020

broadcasts at the time this was without

278

00:11:57,770 --> 00:11:55,020

any video that I'm aware of and so

279

00:12:00,260 --> 00:11:57,780

certainly no audio so yes he could they

280

00:12:03,310 --> 00:12:00,270

could have been definitely calling out

281

00:12:07,580 --> 00:12:03,320

directions to him for a staged event

282

00:12:09,620 --> 00:12:07,590

yeah that's not comfy but but sort of

283

00:12:13,579 --> 00:12:09,630

goes with the territory I guess we can

284

00:12:15,710 --> 00:12:13,589

say and now what would you say how how

285

00:12:18,140 --> 00:12:15,720

do you I'm sure this must have come in

286

00:12:22,520 --> 00:12:18,150

your direction at some event or another

287

00:12:24,470 --> 00:12:22,530

how how do you fend off those who say

288

00:12:29,030 --> 00:12:24,480

that the entire thing was disinformation

289

00:12:32,480 --> 00:12:29,040

that it was all not a UFO but rather

290

00:12:36,200 --> 00:12:32,490

some unsavory project that spun out of

291

00:12:39,200 --> 00:12:36,210

post-world War two something to do with

292

00:12:42,650 --> 00:12:39,210

using humans in balloon how do you shoot

293

00:12:47,000 --> 00:12:42,660

that down you know what I usually don't

294

00:12:48,410 --> 00:12:47,010

honestly I I basically you know I'm

295

00:12:49,730 --> 00:12:48,420

always willing to listen to somebody if

296

00:12:53,329 --> 00:12:49,740

they have a different opinion or a

297

00:12:55,370 --> 00:12:53,339

different idea you know I I'm usually

298

00:12:57,980 --> 00:12:55,380

quick to say that those don't really

299

00:12:59,510 --> 00:12:57,990

line up with the way I understand it and

300

00:13:00,680 --> 00:12:59,520

the way I've been told about it and the

301  
00:13:02,660 --> 00:13:00,690  
way it's been carried through our family

302  
00:13:04,910 --> 00:13:02,670  
you know I'm obviously a little bit

303  
00:13:07,850 --> 00:13:04,920  
prejudiced in my views I grew up with a

304  
00:13:09,860 --> 00:13:07,860  
story grew up III went fishing with my

305  
00:13:12,470 --> 00:13:09,870  
grandfather we talked about it in his

306  
00:13:14,270 --> 00:13:12,480  
home in Louisiana we we grew up with my

307  
00:13:16,430 --> 00:13:14,280  
father spent his life looking to the

308  
00:13:19,400 --> 00:13:16,440  
stars for answers you know those sort of

309  
00:13:22,879 --> 00:13:19,410  
things it's like and just just

310  
00:13:24,769 --> 00:13:22,889  
you know it's a simple fact that a

311  
00:13:27,769 --> 00:13:24,779  
grandfather and father went to their

312  
00:13:29,869 --> 00:13:27,779  
graves with the story and just and just

313  
00:13:32,889 --> 00:13:29,879

the idea that they would you know my

314

00:13:34,969 --> 00:13:32,899

grandfather would would basically

315

00:13:35,479 --> 00:13:34,979

misinforming shoulder in their entire

316

00:13:37,879 --> 00:13:35,489

lives

317

00:13:39,259 --> 00:13:37,889

a father who devoted his life it was a

318

00:13:43,789 --> 00:13:39,269

medical doctor he's also a very

319

00:13:46,669 --> 00:13:43,799

brilliant man physicist and and it just

320

00:13:50,299 --> 00:13:46,679

it just doesn't really add up that these

321

00:13:52,609 --> 00:13:50,309

brilliant men were so far off and that

322

00:13:54,589 --> 00:13:52,619

you know they they had enough going on

323

00:13:57,439 --> 00:13:54,599

in life my grandfather had a very

324

00:13:58,969 --> 00:13:57,449

interesting life with with the things he

325

00:14:00,079 --> 00:13:58,979

was part of with the things he did not

326

00:14:01,429 --> 00:14:00,089

that he was hopefully proud of

327

00:14:04,519 --> 00:14:01,439

everything he did but he did you know

328

00:14:06,079 --> 00:14:04,529

you're supposed to do but he have all

329

00:14:08,389 --> 00:14:06,089

these things and you throw this and

330

00:14:10,549 --> 00:14:08,399

there it's just it it simply doesn't

331

00:14:13,489 --> 00:14:10,559

line up the only way another story would

332

00:14:16,339 --> 00:14:13,499

work is that either my grandfather and

333

00:14:19,460 --> 00:14:16,349

father for some reason this one part of

334

00:14:21,710 --> 00:14:19,470

their life was completely falsified and

335

00:14:24,139 --> 00:14:21,720

it was some huge conspiracy of some kind

336

00:14:27,739 --> 00:14:24,149

mmm or you know that at the very least

337

00:14:29,599 --> 00:14:27,749

they believed to the end that this was

338

00:14:32,989 --> 00:14:29,609

something from somewhere else and of

339

00:14:35,899 --> 00:14:32,999

course I do too interesting oh yes

340

00:14:37,849 --> 00:14:35,909

definitely and it's it's so it's

341

00:14:42,049 --> 00:14:37,859

wonderful you have this legacy to pursue

342

00:14:44,779 --> 00:14:42,059

and and fact-finding fact-checking etc

343

00:14:47,449 --> 00:14:44,789

in the day of foe news that's very vital

344

00:14:52,219 --> 00:14:47,459

do you have Jesse do you have a takeaway

345

00:14:55,009 --> 00:14:52,229

one specific anecdote that you would put

346

00:14:57,499 --> 00:14:55,019

out there as the smoking gun shall we

347

00:14:59,479 --> 00:14:57,509

say that your grandfather and father

348

00:15:01,609 --> 00:14:59,489

believe all right

349

00:15:03,379 --> 00:15:01,619

this is Maury Moreland Morrison here to

350

00:15:06,019 --> 00:15:03,389

tell you guy Co has more than just great

351  
00:15:07,969 --> 00:15:06,029  
savings much more yes while Geico could

352  
00:15:10,549 --> 00:15:07,979  
help you rack up more moolah faster than

353  
00:15:12,199 --> 00:15:10,559  
you can say metamorphosis they've also

354  
00:15:14,329 --> 00:15:12,209  
been the fastest growing auto insurer

355  
00:15:14,539 --> 00:15:14,339  
for more than 10 years that's more like

356  
00:15:16,609 --> 00:15:14,549  
it

357  
00:15:18,439 --> 00:15:16,619  
furthermore Geico has fast and friendly

358  
00:15:21,199 --> 00:15:18,449  
claims service that might seem like an

359  
00:15:23,269 --> 00:15:21,209  
oxymoron but it's not all the more

360  
00:15:24,290 --> 00:15:23,279  
reason to say no other auto insurer has

361  
00:15:26,960 --> 00:15:24,300  
more and more

362  
00:15:29,690 --> 00:15:26,970  
dico dico expect great savings and a

363  
00:15:33,830 --> 00:15:29,700

whole lot more deeply that this was

364

00:15:36,830 --> 00:15:33,840

extraterrestrial you know it'd be hard

365

00:15:38,900 --> 00:15:36,840

to tie it to one specific thing just

366

00:15:41,440 --> 00:15:38,910

that all the evidence all the research

367

00:15:44,540 --> 00:15:41,450

everything pointed in this one direction

368

00:15:46,670 --> 00:15:44,550

the kind of material it was that the

369

00:15:48,320 --> 00:15:46,680

kind of technology like my grandfather

370

00:15:51,500 --> 00:15:48,330

said in the last few days of his life

371

00:15:53,690 --> 00:15:51,510

that that even today these materials

372

00:15:56,630 --> 00:15:53,700

don't exist that I was handling back in

373

00:15:58,280 --> 00:15:56,640

1947 you know it ain't that was kind of

374

00:16:01,280 --> 00:15:58,290

you know kind of a big thing you know

375

00:16:01,700 --> 00:16:01,290

was like a a liquid type metal it you

376

00:16:03,710 --> 00:16:01,710

know

377

00:16:06,230 --> 00:16:03,720

just certain things that just even today

378

00:16:08,690 --> 00:16:06,240

we don't have and he was you know

379

00:16:12,170 --> 00:16:08,700

obviously it touched his life deeply in

380

00:16:13,610 --> 00:16:12,180

my father's uh honestly at the end of my

381

00:16:15,410 --> 00:16:13,620

grandfather's life it wasn't the biggest

382

00:16:18,020 --> 00:16:15,420

thing in his life his he liked almost

383

00:16:20,210 --> 00:16:18,030

LSU football he liked Washington game on

384

00:16:20,450 --> 00:16:20,220

Sundays you know he you need led a full

385

00:16:22,430 --> 00:16:20,460

life

386

00:16:26,510 --> 00:16:22,440

and and this was just part of it but I

387

00:16:30,230 --> 00:16:26,520

you know it's the the the biggest you

388

00:16:32,810 --> 00:16:30,240

know family portion is basically is that

389

00:16:34,910 --> 00:16:32,820

they were devout in their beliefs and

390

00:16:37,790 --> 00:16:34,920

they had the reputation to back it up

391

00:16:40,250 --> 00:16:37,800

what they saw was not from here yes and

392

00:16:42,140 --> 00:16:40,260

and that speaks to the overall take on

393

00:16:45,200 --> 00:16:42,150

their place within the community you

394

00:16:46,580 --> 00:16:45,210

know of the fact that to to cover up

395

00:16:49,340 --> 00:16:46,590

something that they for instance were

396

00:16:51,560 --> 00:16:49,350

aware of for all those years is through

397

00:16:54,560 --> 00:16:51,570

those generations it's just out of their

398

00:16:56,540 --> 00:16:54,570

character out of their nature right it's

399

00:16:59,150 --> 00:16:56,550

just I guess again it simply does not

400

00:17:00,470 --> 00:16:59,160

make sense that first of all would they

401  
00:17:03,260 --> 00:17:00,480  
would they have dragged their grandkids

402  
00:17:05,360 --> 00:17:03,270  
into it yeah and then their great ground

403  
00:17:07,910 --> 00:17:05,370  
I might you know my father's my two kids

404  
00:17:11,420 --> 00:17:07,920  
with with with that you know this this

405  
00:17:13,370 --> 00:17:11,430  
generational extension this this tale is

406  
00:17:15,140 --> 00:17:13,380  
this falling through our through our our

407  
00:17:16,910 --> 00:17:15,150  
family and of course the worldwide so

408  
00:17:18,650 --> 00:17:16,920  
that matter but it's I guess it just

409  
00:17:20,660 --> 00:17:18,660  
doesn't make sense there would be

410  
00:17:22,070 --> 00:17:20,670  
there'd be nothing to gain and if

411  
00:17:23,450 --> 00:17:22,080  
anything there's everything to lose by

412  
00:17:25,310 --> 00:17:23,460  
because you know they had to put

413  
00:17:27,260 --> 00:17:25,320

themselves out there this is not the

414

00:17:29,450 --> 00:17:27,270

norm this is not we find that this you

415

00:17:31,550 --> 00:17:29,460

know unbeknownst to me growing up I

416

00:17:33,170 --> 00:17:31,560

thought it was the norm but the reality

417

00:17:35,420 --> 00:17:33,180

was that this was not the norm that

418

00:17:37,890 --> 00:17:35,430

society did not in general to leave and

419

00:17:40,950 --> 00:17:37,900

the sort of thing that there was

420

00:17:44,549 --> 00:17:40,960

and write it in speculation and you know

421

00:17:47,340 --> 00:17:44,559

that snicker factor this is it just

422

00:17:49,140 --> 00:17:47,350

persisted you know a treating us as not

423

00:17:52,130 --> 00:17:49,150

a topic you know treating it it's not

424

00:17:54,540 --> 00:17:52,140

just non science but nonsense yeah

425

00:17:58,740 --> 00:17:54,550

honestly you know the government did a

426

00:18:00,299 --> 00:17:58,750

very good job they they they you know

427

00:18:01,710 --> 00:18:00,309

put down the story they said it was this

428

00:18:02,970 --> 00:18:01,720

rollin target they said it was weather

429

00:18:05,790 --> 00:18:02,980

balloons they said all these different

430

00:18:08,220 --> 00:18:05,800

things and they that the media stepped

431

00:18:09,960 --> 00:18:08,230

in line and did their work for them at

432

00:18:13,020 --> 00:18:09,970

that point it's basically if you believe

433

00:18:15,780 --> 00:18:13,030

in anything other than the basic facts

434

00:18:18,060 --> 00:18:15,790

of humanity that we exist on a planet in

435

00:18:19,919 --> 00:18:18,070

isolation I suppose you were a fool

436

00:18:21,870 --> 00:18:19,929

there was something to be laughed at or

437

00:18:23,580 --> 00:18:21,880

made fun of and that's what it was

438

00:18:26,610 --> 00:18:23,590

perceived of course that has changed at

439

00:18:28,230 --> 00:18:26,620

this point but it has and and I think

440

00:18:30,750 --> 00:18:28,240

it's continuing to change where

441

00:18:33,450 --> 00:18:30,760

everybody is ready a cable television

442

00:18:35,460 --> 00:18:33,460

has contributed a lot with informational

443

00:18:38,970 --> 00:18:35,470

shows some of which are credible you

444

00:18:41,540 --> 00:18:38,980

know alien hunters ancient aliens etc a

445

00:18:44,220 --> 00:18:41,550

lot of it is just sort of I think the

446

00:18:46,950 --> 00:18:44,230

marginalization factor has has been

447

00:18:48,930 --> 00:18:46,960

reduced people I think are becoming a

448

00:18:51,750 --> 00:18:48,940

little bit more open to talking about

449

00:18:54,510 --> 00:18:51,760

such and and let's fast forward into the

450

00:18:57,360 --> 00:18:54,520

future we're coming up on Roswell

451  
00:18:59,910 --> 00:18:57,370  
anniversary yes that's gonna be exciting

452  
00:19:01,650 --> 00:18:59,920  
just hit days away I can't say I'm a

453  
00:19:03,270 --> 00:19:01,660  
little bit nervous it's going to be a I

454  
00:19:05,730 --> 00:19:03,280  
think they're looking at the 70th

455  
00:19:06,960 --> 00:19:05,740  
anniversary being one the bigger you

456  
00:19:09,150 --> 00:19:06,970  
know that they're bigger festivals

457  
00:19:12,990 --> 00:19:09,160  
they've ever had so I'm looking forward

458  
00:19:14,910 --> 00:19:13,000  
to it I I'm going to speak to what a

459  
00:19:18,750 --> 00:19:14,920  
couple speeches one of them is going to

460  
00:19:21,720 --> 00:19:18,760  
be one of my father sayings is titled I

461  
00:19:22,950 --> 00:19:21,730  
know what I saw and he that's that's

462  
00:19:24,030 --> 00:19:22,960  
what he told us at that's when we grew

463  
00:19:26,340 --> 00:19:24,040

up that's kind of what he said I know

464

00:19:29,160 --> 00:19:26,350

what I saw and it's going to be a person

465

00:19:30,720 --> 00:19:29,170

to his perspective you know it's

466

00:19:32,160 --> 00:19:30,730

unfortunately he's not here to give it

467

00:19:34,590 --> 00:19:32,170

himself of course but yeah I'm gonna

468

00:19:37,950 --> 00:19:34,600

give the perspective from his eyes of

469

00:19:42,150 --> 00:19:37,960

what he saw and how he how he lived a

470

00:19:43,890 --> 00:19:42,160

life of of being of somewhat of a public

471

00:19:45,900 --> 00:19:43,900

figure being a medical doctor being a

472

00:19:48,300 --> 00:19:45,910

colonel in the military and yet he was

473

00:19:50,840 --> 00:19:48,310

very closely tied to Roswell and then

474

00:19:52,050 --> 00:19:50,850

the second one is going to be just

475

00:19:54,210 --> 00:19:52,060

generations

476

00:19:56,160 --> 00:19:54,220

going to be about how this story has

477

00:19:58,890 --> 00:19:56,170

traveled down from my grandfather father

478

00:20:02,400 --> 00:19:58,900

me and now to my kids and into their

479

00:20:03,540 --> 00:20:02,410

schools and out of the world so growing

480

00:20:05,760 --> 00:20:03,550

up Roswell

481

00:20:08,730 --> 00:20:05,770

what's the date for this when will you

482

00:20:10,560 --> 00:20:08,740

be speaking Saturday and Sunday I think

483

00:20:13,470 --> 00:20:10,570

it's the second and third if I'm correct

484

00:20:15,240 --> 00:20:13,480

right right I think so right that's

485

00:20:18,530 --> 00:20:15,250

that's going to be something and I guess

486

00:20:22,380 --> 00:20:18,540

there's been a revamping sort of a

487

00:20:24,270 --> 00:20:22,390

updating of the UFO museum there yeah

488

00:20:29,970 --> 00:20:24,280

they've been doing things that there was

489

00:20:31,830 --> 00:20:29,980

there's a Jesse Marcel section yeah our

490

00:20:33,330 --> 00:20:31,840

family would be the ones to put you know

491

00:20:35,280 --> 00:20:33,340

give them items to put in there Oh

492

00:20:37,320 --> 00:20:35,290

somebody said something in that area

493

00:20:39,060 --> 00:20:37,330

that wasn't from us but I I'm not

494

00:20:40,440 --> 00:20:39,070

familiar of any changes in that

495

00:20:43,380 --> 00:20:40,450

directory but I know they have in a

496

00:20:45,630 --> 00:20:43,390

revamping they've been amazing and it's

497

00:20:48,240 --> 00:20:45,640

it should be really interesting I you

498

00:20:50,450 --> 00:20:48,250

have to take the whole experience in a

499

00:20:53,130 --> 00:20:50,460

couple of ways there's some very serious

500

00:20:55,920 --> 00:20:53,140

speakers there no question about it some

501  
00:20:57,570 --> 00:20:55,930  
some great information to be learned you

502  
00:20:59,280 --> 00:20:57,580  
know new information nicely about

503  
00:21:01,200 --> 00:20:59,290  
Roswell not just the state of where

504  
00:21:03,240 --> 00:21:01,210  
things are in our belief structure yes

505  
00:21:06,060 --> 00:21:03,250  
and then there is the entertainment area

506  
00:21:08,730 --> 00:21:06,070  
where you know just love the the parades

507  
00:21:12,150 --> 00:21:08,740  
and and the rest of it right now is like

508  
00:21:16,110 --> 00:21:12,160  
the music just the festive experience

509  
00:21:18,860 --> 00:21:16,120  
and just people in generally in general

510  
00:21:21,360 --> 00:21:18,870  
you know embracing this this whole idea

511  
00:21:23,760 --> 00:21:21,370  
so it'll be a lot of fun at about a

512  
00:21:25,770 --> 00:21:23,770  
hundred and seven degrees oh my gosh

513  
00:21:27,660 --> 00:21:25,780

will pray for I don't know some sort of

514

00:21:29,790 --> 00:21:27,670

cloud cover perhaps to clear we go the

515

00:21:32,550 --> 00:21:29,800

full brunt of the Sun off of you now now

516

00:21:36,360 --> 00:21:32,560

you are doing something with veterans is

517

00:21:39,660 --> 00:21:36,370

that correct yeah I just in my my

518

00:21:43,020 --> 00:21:39,670

different travels I like to work with

519

00:21:43,980 --> 00:21:43,030

the the military possibly I wasn't

520

00:21:48,090 --> 00:21:43,990

personally in the military my

521

00:21:49,590 --> 00:21:48,100

grandfather obviously were and I I had

522

00:21:51,930 --> 00:21:49,600

designed a piece of jewelry so I'm

523

00:21:54,750 --> 00:21:51,940

basically a little cuff that has the

524

00:21:56,760 --> 00:21:54,760

symbols from Roswell embossed on it and

525

00:21:59,880 --> 00:21:56,770

well I was doing some speaking in

526

00:22:02,370 --> 00:21:59,890

Argentine I was in Brazil and Uruguay

527

00:22:04,380 --> 00:22:02,380

and I had made a few of them just out of

528

00:22:05,580 --> 00:22:04,390

pewter on my home stove and you know

529

00:22:08,190 --> 00:22:05,590

made then you

530

00:22:10,080 --> 00:22:08,200

kind of fun gave them to some heads of

531

00:22:13,710 --> 00:22:10,090

military and that sort of thing in those

532

00:22:15,120 --> 00:22:13,720

countries and huge fascinating it was

533

00:22:17,789 --> 00:22:15,130

it's it's it's it's just really easy

534

00:22:19,140 --> 00:22:17,799

work with studying on the internet

535

00:22:21,269 --> 00:22:19,150

what's what's the tech what's a meddler

536

00:22:22,560 --> 00:22:21,279

you know it melted a little temperature

537

00:22:26,070 --> 00:22:22,570

you can actually melt it on your stove

538

00:22:28,320 --> 00:22:26,080

and design some design some molds and

539

00:22:31,680 --> 00:22:28,330

did that sort of thing and then in a

540

00:22:35,640 --> 00:22:31,690

meeting with some other people there

541

00:22:39,120 --> 00:22:35,650

there's a company's developing a just

542

00:22:40,950 --> 00:22:39,130

put it out it's a brand called m47 which

543

00:22:43,560 --> 00:22:40,960

is basically just you know I write books

544

00:22:45,690 --> 00:22:43,570

and documentaries and you know that sort

545

00:22:47,639 --> 00:22:45,700

of thing and the and I've been

546

00:22:50,700 --> 00:22:47,649

approached to go to build a brand around

547

00:22:52,529 --> 00:22:50,710

that's interesting okay I'm busy doing a

548

00:22:54,060 --> 00:22:52,539

lot of the other the actual either

549

00:22:56,370 --> 00:22:54,070

writing or speaking and that kind of

550

00:22:58,139 --> 00:22:56,380

thing and and and and I thought that's

551  
00:22:59,580 --> 00:22:58,149  
fine and I showed them one of the

552  
00:23:01,740 --> 00:22:59,590  
bracelets that I had or one of the cuffs

553  
00:23:05,010 --> 00:23:01,750  
that I had made and they went crazy over

554  
00:23:09,930 --> 00:23:05,020  
it and these folks are also tied into a

555  
00:23:11,279 --> 00:23:09,940  
vets organization and we met with them

556  
00:23:14,970 --> 00:23:11,289  
and they looked at this as an

557  
00:23:18,389 --> 00:23:14,980  
opportunity to to not only possibly give

558  
00:23:21,779 --> 00:23:18,399  
some vets jobs and foundry work in metal

559  
00:23:23,880 --> 00:23:21,789  
you know metal work but also to create a

560  
00:23:26,610 --> 00:23:23,890  
to create a product in essence and help

561  
00:23:29,340 --> 00:23:26,620  
support their endeavors so we joined and

562  
00:23:31,470 --> 00:23:29,350  
now we're working on and making these

563  
00:23:35,639 --> 00:23:31,480

cuffs and make him out of pewter and

564

00:23:38,779 --> 00:23:35,649

copper now and there if anybody wants to

565

00:23:43,409 --> 00:23:38,789

go take a look there's a website called

566

00:23:45,659 --> 00:23:43,419

veterans foundry comm veterans foundry

567

00:23:47,279 --> 00:23:45,669

dot-com yeah that's gonna that's gonna

568

00:23:49,260 --> 00:23:47,289

have some basic information and and and

569

00:23:51,210 --> 00:23:49,270

and the cough State they do more than

570

00:23:52,769 --> 00:23:51,220

that they make little emblems for

571

00:23:54,090 --> 00:23:52,779

different areas in the military

572

00:23:56,940 --> 00:23:54,100

different type branches that kind of

573

00:23:59,279 --> 00:23:56,950

thing so I'm helping develop that and I

574

00:24:01,529 --> 00:23:59,289

love the fact that that's got this

575

00:24:03,750 --> 00:24:01,539

incredible loop around to your

576

00:24:06,630 --> 00:24:03,760

grandfathers and fathers military

577

00:24:09,360 --> 00:24:06,640

connection I'm sure you do

578

00:24:11,220 --> 00:24:09,370

I like it and there I you know and

579

00:24:13,320 --> 00:24:11,230

sheepishly whatever you want to call it

580

00:24:15,270 --> 00:24:13,330

I liked it the military was the ones

581

00:24:17,880 --> 00:24:15,280

that put the boots down and stop this

582

00:24:19,270 --> 00:24:17,890

story and here we are back in the and

583

00:24:22,960 --> 00:24:19,280

people in the military are coming

584

00:24:26,530 --> 00:24:22,970

back in help us helping us create these

585

00:24:28,750 --> 00:24:26,540

mementos these items that are based on

586

00:24:30,970 --> 00:24:28,760

that same story and it's and it's going

587

00:24:33,670 --> 00:24:30,980

to be helping vets out so it's it's it's

588

00:24:36,850 --> 00:24:33,680

it's it's been a lot of fun I I also

589

00:24:39,580 --> 00:24:36,860

work with and another part of the

590

00:24:40,570 --> 00:24:39,590

company is coming called Tracy Jewelers

591

00:24:42,610 --> 00:24:40,580

they're a Joey couple they have been

592

00:24:43,720 --> 00:24:42,620

around since the 40s and they're making

593

00:24:48,280 --> 00:24:43,730

these calcium

594

00:24:49,720 --> 00:24:48,290

you know gold and silver and jewels Wow

595

00:24:51,490 --> 00:24:49,730

they're all they're busy doing that at

596

00:24:54,340 --> 00:24:51,500

that's and that's we did that that's

597

00:24:56,080 --> 00:24:54,350

called cypher jewelers calm but and

598

00:24:58,420 --> 00:24:56,090

that's they're taking off that's that's

599

00:25:00,280 --> 00:24:58,430

all fine and well but that working with

600

00:25:02,950 --> 00:25:00,290

the the working with the vets on these

601  
00:25:04,780 --> 00:25:02,960  
actually the copper and the pewter cuffs

602  
00:25:06,400 --> 00:25:04,790  
are kind of fun we're also working to

603  
00:25:09,330 --> 00:25:06,410  
stay tuned to Mexico getting them what's

604  
00:25:12,040 --> 00:25:09,340  
called in Mexico true so that they're

605  
00:25:18,250 --> 00:25:12,050  
certified as a product that New Mexico

606  
00:25:21,040 --> 00:25:18,260  
is going to stand behind its statement

607  
00:25:22,660 --> 00:25:21,050  
oh yeah journey exactly we're just about

608  
00:25:24,490 --> 00:25:22,670  
coming to the end of our journey do you

609  
00:25:27,220 --> 00:25:24,500  
have a specific website or something you

610  
00:25:30,610 --> 00:25:27,230  
want to throw out to our listeners well

611  
00:25:34,060 --> 00:25:30,620  
if you want to follow me I am I do have

612  
00:25:35,560 --> 00:25:34,070  
Jesse Marcel comm and it's and there

613  
00:25:37,600 --> 00:25:35,570

there's information about some of the

614

00:25:39,010 --> 00:25:37,610

speaking events I do on that but what

615

00:25:44,020 --> 00:25:39,020

I'm really proud of right now is I have

616

00:25:46,780 --> 00:25:44,030

all these websites abstract site.com and

617

00:25:48,790 --> 00:25:46,790

that is I'm in writing I'm working in a

618

00:25:50,650 --> 00:25:48,800

couple of feature films and and

619

00:25:51,970 --> 00:25:50,660

different documentaries that kind of

620

00:25:53,980 --> 00:25:51,980

thing stuff they go if anybody wants to

621

00:25:56,380 --> 00:25:53,990

kind of follow along you can look there

622

00:25:58,450 --> 00:25:56,390

and see what I'm up to so fantastic we

623

00:26:01,240 --> 00:25:58,460

will definitely keep all you gentle

624

00:26:03,700 --> 00:26:01,250

listeners posted on the journey of Jesse

625

00:26:05,740 --> 00:26:03,710

Marcel thank you so much for joining us

626  
00:26:07,990 --> 00:26:05,750  
this really has been extraordinary kind

627  
00:26:10,690 --> 00:26:08,000  
of an exclusive here on off the beaten

628  
00:26:13,660 --> 00:26:10,700  
path for UFO headline news at inception

629  
00:26:16,450 --> 00:26:13,670  
radio network thanks Jesse thank you

630  
00:26:18,940 --> 00:26:16,460  
well we've had an opportunity to get up

631  
00:26:21,540 --> 00:26:18,950  
close and personal with Jesse Marcel

632  
00:26:25,240 --> 00:26:21,550  
today as we went off the beaten path

633  
00:26:28,690 --> 00:26:25,250  
there are so many things aspects in this

634  
00:26:30,940 --> 00:26:28,700  
story critical factors and not just the

635  
00:26:32,560 --> 00:26:30,950  
news headlines of the day which were

636  
00:26:34,930 --> 00:26:32,570  
quickly withdrawn and

637  
00:26:37,210 --> 00:26:34,940  
other stuff was published we have things

638  
00:26:39,040 --> 00:26:37,220

like photo analysis what was going on

639

00:26:41,170 --> 00:26:39,050

politically in the United States and

640

00:26:44,260 --> 00:26:41,180

then something that even approximates

641

00:26:46,840 --> 00:26:44,270

deathbed confessions both Jesse's

642

00:26:49,090 --> 00:26:46,850

grandfather and father absolutely

643

00:26:52,750 --> 00:26:49,100

maintained their steadfast take on this

644

00:26:55,030 --> 00:26:52,760

until the day they died there was that

645

00:26:57,190 --> 00:26:55,040

sequence of events triggered by the

646

00:27:01,150 --> 00:26:57,200

crash in July of 1947

647

00:27:03,520 --> 00:27:01,160

and of course the proximity to area 51

648

00:27:07,420 --> 00:27:03,530

is definitely in the picture you know a

649

00:27:10,630 --> 00:27:07,430

lot more about that but area 51 being a

650

00:27:12,910 --> 00:27:10,640

military installation definitely their

651  
00:27:15,910 --> 00:27:12,920  
spin their take is what we heard the

652  
00:27:19,540 --> 00:27:15,920  
most of I suppose the question would

653  
00:27:22,150 --> 00:27:19,550  
remain what would this do in shall we

654  
00:27:23,140 --> 00:27:22,160  
say the court of public opinion the

655  
00:27:25,270 --> 00:27:23,150  
conspiracies

656  
00:27:27,700 --> 00:27:25,280  
well the headlines around those

657  
00:27:30,250 --> 00:27:27,710  
certainly are well read and noted by all

658  
00:27:33,490 --> 00:27:30,260  
you gentle listeners we had a witness

659  
00:27:37,930 --> 00:27:33,500  
today well a witness to the legacy of

660  
00:27:40,390 --> 00:27:37,940  
Roswell fascinating he grew up Roswell

661  
00:27:43,740 --> 00:27:40,400  
all the stories all the anecdotes dinner

662  
00:27:46,330 --> 00:27:43,750  
table fishing trip fireside stories and

663  
00:27:48,970 --> 00:27:46,340

looking at things differently with a

664

00:27:53,740 --> 00:27:48,980

more open mind well we have the likes of

665

00:27:56,680 --> 00:27:53,750

Jesse Marcel and this begs the question

666

00:27:59,830 --> 00:27:56,690

how would this hold up today if this

667

00:28:02,740 --> 00:27:59,840

story just happens to say this July for

668

00:28:05,310 --> 00:28:02,750

the first time at first blush obviously

669

00:28:08,830 --> 00:28:05,320

social media would be all over it and

670

00:28:11,410 --> 00:28:08,840

then what happened that's where it would

671

00:28:13,720 --> 00:28:11,420

become critical as we've been covering

672

00:28:16,450 --> 00:28:13,730

the UFO headline news here at inception

673

00:28:20,050 --> 00:28:16,460

radio network how many years now time

674

00:28:21,430 --> 00:28:20,060

flies and time is a human construct but

675

00:28:24,370 --> 00:28:21,440

into the bargain

676  
00:28:27,520 --> 00:28:24,380  
we seem to have come across definitely

677  
00:28:30,370 --> 00:28:27,530  
many stories taking place in the United

678  
00:28:33,310 --> 00:28:30,380  
States Southwest the very area that

679  
00:28:36,010 --> 00:28:33,320  
holds Roswell New Mexico it was the site

680  
00:28:38,710 --> 00:28:36,020  
for all kinds of early nuclear testing

681  
00:28:41,230 --> 00:28:38,720  
could that play a part bringing this

682  
00:28:44,590 --> 00:28:41,240  
into them now there are still stories

683  
00:28:45,680 --> 00:28:44,600  
coming out of that area just last week a

684  
00:28:48,169 --> 00:28:45,690  
young man a

685  
00:28:51,590 --> 00:28:48,179  
resident of Anthony New Mexico captured

686  
00:28:53,749 --> 00:28:51,600  
something on video he was in a car as a

687  
00:28:55,399 --> 00:28:53,759  
passenger as his mother drove his

688  
00:28:58,580 --> 00:28:55,409

purpose that evening was simply to

689

00:29:01,490 --> 00:28:58,590

capture content for his business and add

690

00:29:03,440 --> 00:29:01,500

it to his website but something else was

691

00:29:05,299 --> 00:29:03,450

in the bargain something else in the

692

00:29:08,840 --> 00:29:05,309

picture it made the rounds of all the

693

00:29:12,169 --> 00:29:08,850

usual suspects online so today

694

00:29:14,149 --> 00:29:12,179

how would Roswell play out it's your

695

00:29:17,330 --> 00:29:14,159

decision gentle listener lots of

696

00:29:21,830 --> 00:29:17,340

research has to go into all of that

697

00:29:24,649 --> 00:29:21,840

lots of critical discernment so we

698

00:29:27,139 --> 00:29:24,659

talked with Jesse Marcel today who has

699

00:29:30,769 --> 00:29:27,149

definitely an interesting perspective an

700

00:29:33,499 --> 00:29:30,779

up-close-and-personal for sure of what

701

00:29:36,440 --> 00:29:33,509

it was like to grow up Roswell we hope

702

00:29:38,690 --> 00:29:36,450

you enjoyed it can definitely be yours

703

00:29:41,830 --> 00:29:38,700

704

00:29:44,690 --> 00:29:41,840
