00:00:08,339 --> 00:00:04,750

you're tuned in to night vision radio

3  
00:00:11,109 --> 00:00:08,349

exposing the truth one secret at a time

4  
00:00:13,600 --> 00:00:11,119

prepare yourself as we explore the

5  
00:00:17,410 --> 00:00:13,610

shadow worlds of suppressed history

6  
00:00:19,810 --> 00:00:17,420

secret knowledge forbidden religion and

7  
00:00:24,840 --> 00:00:19,820

shine a light on the conspiracies to

9  
00:01:02,530 --> 00:01:07,820

welcome to night vision radio

10  
00:01:13,290 --> 00:01:11,160

hi everybody welcome to night vision

11  
00:01:15,210 --> 00:01:13,300

I'm Renee Barnett your host really

12  
00:01:18,780 --> 00:01:15,220

excited about tonight's show for a

13  
00:01:20,640 --> 00:01:18,790

number of reasons my guest tonight is a

14

00:01:22,200 --> 00:01:20,650

photojournalist an international

15

00:01:24,170 --> 00:01:22,210

photojournalist an investigative

16

00:01:26,220 --> 00:01:24,180

reporter in the field of

17

00:01:28,920 --> 00:01:26,230

extraterrestrial related phenomena

18

00:01:30,930 --> 00:01:28,930

research she's also a widely published

19

00:01:33,540 --> 00:01:30,940

freelance writer especially in Europe

20

00:01:37,710 --> 00:01:33,550

she studied extraterrestrial related

21

00:01:38,760 --> 00:01:37,720

phenomena since 1979 and is on personal

22

00:01:41,850 --> 00:01:38,770

terms with many of the leading

23

00:01:44,310 --> 00:01:41,860

researchers in the field from 80 to 86

24

00:01:45,120 --> 00:01:44,320

she assisted dr. J Allen Hynek we all

25

00:01:47,850 --> 00:01:45,130

know who that is

26

00:01:50,100 --> 00:01:47,860

with his UFO investigations and has

27

00:01:52,380 --> 00:01:50,110

interviewed many top military witnesses

28

00:01:55,530 --> 00:01:52,390

concerning their involvement in the

29

00:01:59,550 --> 00:01:55,540

government truth embargo and along that

30

00:02:02,070 --> 00:01:59,560

line in 1997 she met an interview

31

00:02:04,530 --> 00:02:02,080

Colonel Philip Corso in Roswell New

32

00:02:07,140 --> 00:02:04,540

Mexico and became a personal friend and

33

00:02:09,389 --> 00:02:07,150

confidant of his she was instrumental in

34

00:02:13,530 --> 00:02:09,399

having his book the day after Roswell

35

00:02:15,810 --> 00:02:13,540

which she wrote was bill birnes and my

36

00:02:17,460 --> 00:02:15,820

guest wrote the preface and she had it

37

00:02:18,960 --> 00:02:17,470

translated into Italian so it was

38

00:02:22,650 --> 00:02:18,970

wonderful and then she returned to

39

00:02:25,650 --> 00:02:22,660

Roswell in the summer of 2003 for the

40

00:02:28,260 --> 00:02:25,660

American debut of her book new revised

41

00:02:31,500 --> 00:02:28,270

connecting the dots making sense of the

42

00:02:33,840 --> 00:02:31,510

UFO phenomena she said since written for

43

00:02:36,390 --> 00:02:33,850

other books all historical interviews

44

00:02:39,120 --> 00:02:36,400

with important whistleblowers that's why

45

00:02:41,040 --> 00:02:39,130

I wanted to have her on tonight she

46

00:02:42,960 --> 00:02:41,050

travels to Rome and currently to Latin

47

00:02:45,360 --> 00:02:42,970

America but she lives right here in the

48

00:02:47,310 --> 00:02:45,370

US of A in Boulder Colorado she has a

49

00:02:50,100 --> 00:02:47,320

master's degree in education teaches

50

00:02:54,630 --> 00:02:50,110

history and photojournalism and online

51  
00:02:57,600 --> 00:02:54,640  
classes in XO politics man what a resume

52  
00:03:01,650 --> 00:02:57,610  
so welcome Paula Harris tonight

53  
00:03:06,180 --> 00:03:01,660  
hi Paula thank you really went through

54  
00:03:08,400 --> 00:03:06,190  
that thank you why what a resume man you

55  
00:03:12,270 --> 00:03:08,410  
you you must be a busy busy busy lady

56  
00:03:14,420 --> 00:03:12,280  
I'm so happy to have you on and you know

57  
00:03:18,120 --> 00:03:14,430  
although you and I've never talked

58  
00:03:19,920 --> 00:03:18,130  
before this week you're someone that

59  
00:03:20,880 --> 00:03:19,930  
I've followed your work through the

60  
00:03:25,140 --> 00:03:20,890  
years because

61  
00:03:27,809 --> 00:03:25,150  
my interest in the UFO field and you

62  
00:03:30,030 --> 00:03:27,819  
know it's just high time that I had you

63  
00:03:32,870 --> 00:03:30,040

on my show so I do appreciate your

64

00:03:35,430 --> 00:03:32,880

accepting my invitation thanks so much

65

00:03:37,199 --> 00:03:35,440

well I love doing it and you caught me

66

00:03:39,900 --> 00:03:37,209

just as I came back from Italy I came

67

00:03:43,230 --> 00:03:39,910

back Tuesday I've been over there for a

68

00:03:45,210 --> 00:03:43,240

month Italy and Spain and I was over

69

00:03:48,780 --> 00:03:45,220

there for the release of my new book on

70

00:03:52,890 --> 00:03:48,790

Colonel corstel called conversations

71

00:03:55,170 --> 00:03:52,900

with Colonel Corso and it because they

72

00:03:57,780 --> 00:03:55,180

had done it they did it in Italian and

73

00:03:59,910 --> 00:03:57,790

re-released the day after Roswell and

74

00:04:02,250 --> 00:03:59,920

the dawn of a new age which is original

75

00:04:04,650 --> 00:04:02,260

note so there were three course of books

76

00:04:07,890 --> 00:04:04,660

that I had to do conference on in Rome

77

00:04:11,820 --> 00:04:07,900

and then I I flew over to Barcelona

78

00:04:15,650 --> 00:04:11,830

Spain because I'm doing reporting on the

79

00:04:19,800 --> 00:04:15,660

latin-american contactees in particular

80

00:04:21,930 --> 00:04:19,810

Ricardo Gonzalez so you know I in the

81

00:04:26,219 --> 00:04:21,940

last thirty years I've gone from nuts

82

00:04:28,170 --> 00:04:26,229

and bolts you know research to the

83

00:04:31,770 --> 00:04:28,180

contact scenario which I wouldn't touch

84

00:04:35,100 --> 00:04:31,780

in the early days right I know you know

85

00:04:37,020 --> 00:04:35,110

it's it's funny because as you know I'm

86

00:04:41,130 --> 00:04:37,030

sure there's this long sort of been a

87

00:04:44,900 --> 00:04:41,140

divide in the UFO community between you

88

00:04:50,190 --> 00:04:44,910

know the so called contactees and the

89

00:04:52,469 --> 00:04:50,200

abductees or the spiritual people the

90

00:04:56,540 --> 00:04:52,479

spiritual seekers and the what we call

91

00:05:01,530 --> 00:04:56,550

the nuts and bolts UFO guys do you see a

92

00:05:03,330 --> 00:05:01,540

convergence coming about because it

93

00:05:07,560 --> 00:05:03,340

seems like when I look at your work I'm

94

00:05:09,840 --> 00:05:07,570

sort of seeing that well the only ones

95

00:05:12,090 --> 00:05:09,850

and my colleagues really that that I'm

96

00:05:16,010 --> 00:05:12,100

looking at this with this grant Cameron

97

00:05:19,290 --> 00:05:16,020

and dr. Steven Greer and Colin Andrews

98

00:05:22,230 --> 00:05:19,300

Colin Andrews who's a good friend just

99

00:05:24,180 --> 00:05:22,240

started with you know crop circles and

100

00:05:26,010 --> 00:05:24,190

his book the edge of reality is all

101  
00:05:28,770 --> 00:05:26,020  
about consciousness and consciousness

102  
00:05:30,390 --> 00:05:28,780  
raising and it's something you know when

103  
00:05:32,060 --> 00:05:30,400  
I started talking I'm gonna sound like a

104  
00:05:34,590 --> 00:05:32,070  
teacher because I got a list of books

105  
00:05:36,180 --> 00:05:34,600  
that people should read

106  
00:05:37,770 --> 00:05:36,190  
you know because because they should

107  
00:05:41,130 --> 00:05:37,780  
read we always get off the silly

108  
00:05:44,040 --> 00:05:41,140  
internet research where if it's become

109  
00:05:45,930 --> 00:05:44,050  
entertainment totally and read some of

110  
00:05:47,610 --> 00:05:45,940  
the great books that these people have

111  
00:05:51,060 --> 00:05:47,620  
written the edge of reality

112  
00:05:53,910 --> 00:05:51,070  
if the colon talks about it you know the

113  
00:05:56,130 --> 00:05:53,920

the crop circles that in the beginning

114

00:05:58,220 --> 00:05:56,140

that there were probably real and even

115

00:06:02,280 --> 00:05:58,230

the ones that are being made now are

116

00:06:05,310 --> 00:06:02,290

being inspired by somebody up there and

117

00:06:07,200 --> 00:06:05,320

he talks about consciousness as being

118

00:06:09,810 --> 00:06:07,210

the component there and then we've got

119

00:06:12,840 --> 00:06:09,820

grand Cameron who started with

120

00:06:15,180 --> 00:06:12,850

presidential stuff presidential UFO

121

00:06:18,030 --> 00:06:15,190

stuff and his last books are how the

122

00:06:20,510 --> 00:06:18,040

rock stars were downloaded by the ETS

123

00:06:23,670 --> 00:06:20,520

including John Lennon the Moody Blues

124

00:06:25,350 --> 00:06:23,680

David Bowie I mean I had him speak at my

125

00:06:27,750 --> 00:06:25,360

conference in Laughlin and he blew

126  
00:06:29,520 --> 00:06:27,760  
everybody out of the water because he

127  
00:06:32,580 --> 00:06:29,530  
moved over into that consciousness

128  
00:06:36,960 --> 00:06:32,590  
component and of course my my friend dr.

129  
00:06:40,440 --> 00:06:36,970  
Steven Greer I was in his film serious I

130  
00:06:42,570 --> 00:06:40,450  
was in the film plus I was a consultant

131  
00:06:45,630 --> 00:06:42,580  
on unacknowledged that just came out and

132  
00:06:48,480 --> 00:06:45,640  
Steven has always been of the of the

133  
00:06:51,690 --> 00:06:48,490  
mind that the consciousness component is

134  
00:06:53,910 --> 00:06:51,700  
what we have in common with the ETS and

135  
00:06:56,820 --> 00:06:53,920  
that's what needs to happen for for

136  
00:06:58,860 --> 00:06:56,830  
contact so you know those colleagues

137  
00:07:01,080 --> 00:06:58,870  
have gone there the other ones you know

138  
00:07:02,910 --> 00:07:01,090

have a lot of them are stayed with nuts

139

00:07:06,300 --> 00:07:02,920

and bolts I mean specially the Roswell

140

00:07:10,110 --> 00:07:06,310

people are nuts and bolts and documents

141

00:07:13,080 --> 00:07:10,120

and a lot of the others conspiracy

142

00:07:16,140 --> 00:07:13,090

theory which you know conspiracy theory

143

00:07:18,810 --> 00:07:16,150

I've lived to do a lot of situations

144

00:07:21,330 --> 00:07:18,820

where I know it's true it's just that I

145

00:07:23,100 --> 00:07:21,340

don't take time to do it because it

146

00:07:25,500 --> 00:07:23,110

doesn't raise consciousness it's more

147

00:07:29,280 --> 00:07:25,510

beer based and I'm trying to get away

148

00:07:32,550 --> 00:07:29,290

from the fear-based ufology that really

149

00:07:34,920 --> 00:07:32,560

tends to be more entertainment and I'm

150

00:07:38,790 --> 00:07:34,930

trying to look at the reason for the

151

00:07:41,730 --> 00:07:38,800

visitations on the planet well that

152

00:07:44,370 --> 00:07:41,740

that's great to hear I totally get it

153

00:07:47,430 --> 00:07:44,380

and and I think you know the field of

154

00:07:48,300 --> 00:07:47,440

ufology like every other research field

155

00:07:50,550 --> 00:07:48,310

of I've kind of

156

00:07:53,580 --> 00:07:50,560

involved in could stand a little bit of

157

00:07:55,320 --> 00:07:53,590

an overhaul in some ways or another and

158

00:07:57,360 --> 00:07:55,330

I mean there's you're right there's some

159

00:08:00,150 --> 00:07:57,370

fabulous work that's been done out there

160

00:08:02,310 --> 00:08:00,160

some books and things but there is sort

161

00:08:05,790 --> 00:08:02,320

of that you know carnival element

162

00:08:08,250 --> 00:08:05,800

sometimes that does destroy I always you

163

00:08:10,230 --> 00:08:08,260

know what I said is you know some of

164

00:08:12,810 --> 00:08:10,240

these conferences and I won't ever do

165

00:08:15,150 --> 00:08:12,820

that at Laughlin when you have these

166

00:08:16,500 --> 00:08:15,160

statues of these gray aliens and you're

167

00:08:19,140 --> 00:08:16,510

supposed to have your picture taken and

168

00:08:22,890 --> 00:08:19,150

they're no lobby of some hotel I don't

169

00:08:25,770 --> 00:08:22,900

think any self-respecting scientist or

170

00:08:27,420 --> 00:08:25,780

astronomer or Stephen Hawking or anybody

171

00:08:29,400 --> 00:08:27,430

like that would even walk in the room

172

00:08:32,400 --> 00:08:29,410

and that's what I'm trying to invite is

173

00:08:34,470 --> 00:08:32,410

the outside world because it can't be

174

00:08:36,780 --> 00:08:34,480

just a bunch of people that alike a fan

175

00:08:38,790 --> 00:08:36,790

base and they all hang out together and

176

00:08:42,120 --> 00:08:38,800

it because we will never get disclosure

177

00:08:44,190 --> 00:08:42,130

like that I mean what we want is it we

178

00:08:47,220 --> 00:08:44,200

want it in the mainstream we don't want

179

00:08:49,920 --> 00:08:47,230

just it being like a you know everybody

180

00:08:53,070 --> 00:08:49,930

have a party type thing we want it in

181

00:08:54,870 --> 00:08:53,080

the mainstream it is and I will state

182

00:08:57,510 --> 00:08:54,880

this the most important question for

183

00:09:00,570 --> 00:08:57,520

mankind and when you have all these

184

00:09:03,060 --> 00:09:00,580

statues in these cartoons and these you

185

00:09:06,120 --> 00:09:03,070

know t-shirts and all the merchandising

186

00:09:07,350 --> 00:09:06,130

around it but especially the the statues

187

00:09:09,840 --> 00:09:07,360

of the gray aliens

188

00:09:14,400 --> 00:09:09,850

everybody needs suppose next to it puts

189

00:09:16,350 --> 00:09:14,410

it in a level of not serious study in

190

00:09:19,050 --> 00:09:16,360

since I have a master's in education

191

00:09:22,860 --> 00:09:19,060

what I love to see is a university class

192

00:09:24,420 --> 00:09:22,870

on on on the whole UFO phenomena I'm

193

00:09:28,260 --> 00:09:24,430

starting with the anthropological

194

00:09:31,800 --> 00:09:28,270

ancient alien stuff oh you know that's

195

00:09:34,440 --> 00:09:31,810

really interesting last week I had on

196

00:09:38,820 --> 00:09:34,450

Chris Hardy dr. Chris Hardy from France

197

00:09:41,880 --> 00:09:38,830

who you may know and she's done a lot of

198

00:09:44,760 --> 00:09:41,890

work in which she was at Princeton and

199

00:09:48,360 --> 00:09:44,770

she's done a lot of work on the sort of

200

00:09:50,960 --> 00:09:48,370

citchen material on ancient aliens in

201  
00:09:53,660 --> 00:09:50,970  
what she's done is sort of that sort of

202  
00:09:56,160 --> 00:09:53,670  
psychological and anthropological

203  
00:09:59,370 --> 00:09:56,170  
examinations of these characters not

204  
00:10:01,350 --> 00:09:59,380  
only in these ancient texts that Sitchin

205  
00:10:01,689 --> 00:10:01,360  
talked about these cuneiform texts and

206  
00:10:05,139 --> 00:10:01,699  
things

207  
00:10:07,419 --> 00:10:05,149  
like that but also in the Bible in other

208  
00:10:10,119 --> 00:10:07,429  
religious texts and she sort of did

209  
00:10:12,759 --> 00:10:10,129  
personality profiles and things and not

210  
00:10:16,299 --> 00:10:12,769  
only on individuals but sort of on the

211  
00:10:18,909 --> 00:10:16,309  
cultures of the time and it really helps

212  
00:10:22,299 --> 00:10:18,919  
to put things into context that way it's

213  
00:10:23,949 --> 00:10:22,309

very very revealing and it's interesting

214

00:10:26,889 --> 00:10:23,959

work that I hadn't really seen anybody

215

00:10:30,189 --> 00:10:26,899

do to the extent that she's working on

216

00:10:35,710 --> 00:10:30,199

that but I couldn't agree with you more

217

00:10:37,150 --> 00:10:35,720

I see your work and this conference that

218

00:10:40,269 --> 00:10:37,160

you have coming up I think this is what

219

00:10:44,049 --> 00:10:40,279

the fourth year now for the story yeah

220

00:10:48,299 --> 00:10:44,059

and it it's basically scene based last

221

00:10:50,919 --> 00:10:48,309

year it was music art in UFOs and we had

222

00:10:53,729 --> 00:10:50,929

of course I told you grant Cameron talk

223

00:10:56,470 --> 00:10:53,739

about the download of the we had people

224

00:11:00,309 --> 00:10:56,480

you know performing music from South

225

00:11:02,109 --> 00:11:00,319

America the we had an art shuttle and

226

00:11:05,799 --> 00:11:02,119

you'd mentioned Paul Davis we had his

227

00:11:08,349 --> 00:11:05,809

art on the wall and and it's still fun

228

00:11:11,889 --> 00:11:08,359

but it's fun in a serious kind of

229

00:11:15,629 --> 00:11:11,899

cultural way and we have a red carpet

230

00:11:19,539 --> 00:11:15,639

this is the aquarius hotel in in

231

00:11:22,119 --> 00:11:19,549

Laughlin Nevada it's kind of the old you

232

00:11:25,419 --> 00:11:22,129

know I started by the first couple years

233

00:11:28,929 --> 00:11:25,429

bringing Bob Brown and and he'll be back

234

00:11:30,699 --> 00:11:28,939

this year just as a friend trying to

235

00:11:34,119 --> 00:11:30,709

because I was on the board of directors

236

00:11:37,629 --> 00:11:34,129

of the hola UFO so I wanted to go back

237

00:11:41,199 --> 00:11:37,639

to the Aquarius and and so it seemed

238

00:11:43,090 --> 00:11:41,209

bass number one it's only three days but

239

00:11:44,499 --> 00:11:43,100

we have a gala dinner and we have

240

00:11:46,749 --> 00:11:44,509

cocktail party

241

00:11:50,259 --> 00:11:46,759

that's not extra it's part of it with

242

00:11:52,239 --> 00:11:50,269

Georgia narrative coast-to-coast and in

243

00:11:55,449 --> 00:11:52,249

this year George and this year's theme

244

00:11:56,979 --> 00:11:55,459

is time for truth so for the first time

245

00:11:59,229 --> 00:11:56,989

we're going to put Clifford stone on

246

00:12:01,509 --> 00:11:59,239

stage and have George question him and

247

00:12:04,029 --> 00:12:01,519

you know he's crash retrieval

248

00:12:06,939 --> 00:12:04,039

I was instrumental and having his book

249

00:12:09,609 --> 00:12:06,949

eyes only published and and this is a

250

00:12:11,759 --> 00:12:09,619

man who did 12 crash retrievals he's

251

00:12:15,310 --> 00:12:11,769

darn serious I mean there's nothing

252

00:12:19,420 --> 00:12:15,320

entertaining about doing crash retrieval

253

00:12:23,290 --> 00:12:19,430

and you know and communicating with live

254

00:12:26,980 --> 00:12:23,300

aliens so he's going to be you know the

255

00:12:29,500 --> 00:12:26,990

focus and it's and then we had talked

256

00:12:34,720 --> 00:12:29,510

about this I really really want to

257

00:12:37,060 --> 00:12:34,730

promote women in ufology and in this

258

00:12:41,350 --> 00:12:37,070

field so there's always nine men and

259

00:12:43,570 --> 00:12:41,360

nine women or it may be fewer women in

260

00:12:47,170 --> 00:12:43,580

the future because they're so hard to

261

00:12:54,150 --> 00:12:47,180

find but I you know I'm kind of tired of

262

00:13:00,490 --> 00:12:58,000

saw your yeah and I laughed I literally

263

00:13:02,110 --> 00:13:00,500

was sitting there by myself and I

264

00:13:04,030 --> 00:13:02,120

laughed out loud when you said I'm tired

265

00:13:05,620 --> 00:13:04,040

of seeing 39 men in Linda Moulton Howe

266

00:13:08,260 --> 00:13:05,630

and I thought how true is that

267

00:13:11,080 --> 00:13:08,270

especially back in the day you know and

268

00:13:15,760 --> 00:13:11,090

I guess it's still true and I was

269

00:13:21,550 --> 00:13:15,770

thinking Oh French parliament he's you

270

00:13:23,860 --> 00:13:21,560

know president you know she's amazing

271

00:13:25,570 --> 00:13:23,870

she's absolutely great but what happens

272

00:13:28,570 --> 00:13:25,580

when you know we're almost the same age

273

00:13:31,240 --> 00:13:28,580

I mean what happens when we're not here

274

00:13:32,590 --> 00:13:31,250

are there no more women I mean what's

275

00:13:34,990 --> 00:13:32,600

gonna happen is going to be a

276

00:13:38,200 --> 00:13:35,000

male-dominated field only have to like

277

00:13:40,300 --> 00:13:38,210

can the baton to future women don't we

278

00:13:45,630 --> 00:13:40,310

have to like encourage women to get

279

00:13:48,940 --> 00:13:45,640

involved it and so I really I'm really

280

00:13:52,030 --> 00:13:48,950

encouraging women to get involved in the

281

00:13:54,640 --> 00:13:52,040

field in whichever way they they can in

282

00:13:59,530 --> 00:13:54,650

a very serious way you know in other

283

00:14:02,050 --> 00:13:59,540

words information not just contactees

284

00:14:04,330 --> 00:14:02,060

and so forth because it traditionally

285

00:14:06,940 --> 00:14:04,340

has been women that have been abducted

286

00:14:10,000 --> 00:14:06,950

or contactees in that but there has

287

00:14:13,930 --> 00:14:10,010

there has to be some scholars some

288

00:14:16,300 --> 00:14:13,940

researchers some you know this year we

289

00:14:18,790 --> 00:14:16,310

have an incredible astrologer from New

290

00:14:22,570 --> 00:14:18,800

York City who writes plays in that

291

00:14:25,270 --> 00:14:22,580

feather area and she's she just amazing

292

00:14:28,870 --> 00:14:25,280

and so I've incorporated some of that

293

00:14:31,510 --> 00:14:28,880

and Andrea Peron is the author

294

00:14:34,630 --> 00:14:31,520

of house of darkness house of light

295

00:14:36,760 --> 00:14:34,640

around which the conjuring movie was

296

00:14:39,490 --> 00:14:36,770

made and she's there and then of course

297

00:14:42,790 --> 00:14:39,500

Regina Meredith from Gaia television

298

00:14:45,540 --> 00:14:42,800

that you know Andrea just loved the UFO

299

00:14:48,340 --> 00:14:45,550

question and she's passionate about

300

00:14:51,730 --> 00:14:48,350

disclosure and she was like one of my

301  
00:14:54,310 --> 00:14:51,740  
greatest proponents for when we had

302  
00:14:56,710 --> 00:14:54,320  
Steve Steve acids because she supported

303  
00:15:00,000 --> 00:14:56,720  
him a 100% so the people in the

304  
00:15:05,140 --> 00:15:00,010  
paranormal field of come on board to

305  
00:15:08,170 --> 00:15:05,150  
work with disclosure issues also and I

306  
00:15:10,210 --> 00:15:08,180  
you know and kind of made one big happy

307  
00:15:13,600 --> 00:15:10,220  
family out of all of them and and

308  
00:15:16,270 --> 00:15:13,610  
they're really surprised that they can

309  
00:15:18,070 --> 00:15:16,280  
all and what's one of the requirements

310  
00:15:20,110 --> 00:15:18,080  
even of the speakers that they sit and

311  
00:15:21,940 --> 00:15:20,120  
listen to each other's lectures because

312  
00:15:22,960 --> 00:15:21,950  
if this isn't about doing your show and

313  
00:15:25,720 --> 00:15:22,970

walking it out you don't learn anything

314

00:15:28,120 --> 00:15:25,730

like that you you want to you want to be

315

00:15:30,580 --> 00:15:28,130

with a group of people and just get

316

00:15:33,400 --> 00:15:30,590

excited about what they're doing and and

317

00:15:36,190 --> 00:15:33,410

this is what I want to really really

318

00:15:38,500 --> 00:15:36,200

work with is a dialogue or a roundtable

319

00:15:41,110 --> 00:15:38,510

or I have to usually I have two panels

320

00:15:43,420 --> 00:15:41,120

where they're all discussing things and

321

00:15:45,940 --> 00:15:43,430

and and not just you know promoting

322

00:15:49,540 --> 00:15:45,950

their own book but discussing an issue

323

00:15:51,340 --> 00:15:49,550

like how can we change the paradigm how

324

00:15:54,490 --> 00:15:51,350

can we have more consciousness based

325

00:15:58,720 --> 00:15:54,500

learning the questions are like very

326

00:16:00,880 --> 00:15:58,730

profound and and so it's really

327

00:16:03,940 --> 00:16:00,890

stimulating the people that come out of

328

00:16:06,280 --> 00:16:03,950

the starwars Laughlin conference and

329

00:16:07,810 --> 00:16:06,290

this happened last year they signed up

330

00:16:11,410 --> 00:16:07,820

the following year right on the spot

331

00:16:12,940 --> 00:16:11,420

versus webcast and and they go we want

332

00:16:15,220 --> 00:16:12,950

we want more of this this is like

333

00:16:18,970 --> 00:16:15,230

different this is like you know we all

334

00:16:21,670 --> 00:16:18,980

feel a part of this this new paradigm we

335

00:16:23,530 --> 00:16:21,680

want to make a change of whether it be

336

00:16:25,540 --> 00:16:23,540

you because I will tell you right here

337

00:16:28,060 --> 00:16:25,550

and now that the message is coming out

338

00:16:29,800 --> 00:16:28,070

of Latin America with the ETS that are

339

00:16:32,110 --> 00:16:29,810

walking off the ships and speaking to

340

00:16:34,750 --> 00:16:32,120

contact these are that there's going to

341

00:16:38,160 --> 00:16:34,760

be an ecological disaster that we have

342

00:16:42,280 --> 00:16:38,170

problems on this planet ecologically and

343

00:16:45,369 --> 00:16:42,290

and you know and also

344

00:16:47,829 --> 00:16:45,379

conflictual II and it's a geopolitical

345

00:16:49,989 --> 00:16:47,839

problem and you know we ought to know

346

00:16:52,929 --> 00:16:49,999

that that they they're still watching

347

00:16:55,150 --> 00:16:52,939

the planet because the planet is not

348

00:16:58,239 --> 00:16:55,160

settled hmm

349

00:17:00,689 --> 00:16:58,249

no it's very very unsettled in fact you

350

00:17:03,969 --> 00:17:00,699

know I know it seems like every every

351

00:17:06,669 --> 00:17:03,979

during every period it always seems like

352

00:17:08,620 --> 00:17:06,679

all things are terrible you know and

353

00:17:10,899 --> 00:17:08,630

they've never been this bad and you know

354

00:17:13,539 --> 00:17:10,909

the world's going to end or or whatever

355

00:17:16,629 --> 00:17:13,549

but you know I've lived long enough now

356

00:17:20,199 --> 00:17:16,639

to have experienced you know several

357

00:17:23,470 --> 00:17:20,209

different periods of life and I do feel

358

00:17:26,889 --> 00:17:23,480

like it's very very chaotic and very

359

00:17:30,279 --> 00:17:26,899

messed up and I just saw an article I

360

00:17:32,110 --> 00:17:30,289

think it was yesterday where or maybe

361

00:17:34,750 --> 00:17:32,120

it's even this morning where Antarctica

362

00:17:39,639 --> 00:17:34,760

is getting ready to break off in in

363

00:17:41,649 --> 00:17:39,649

hours literally hours or days and you

364

00:17:44,730 --> 00:17:41,659

know to obviously do - you know the

365

00:17:48,610 --> 00:17:44,740

ecology and climate change and whatever

366

00:17:50,769 --> 00:17:48,620

so these things are even he has closer

367

00:17:53,649 --> 00:17:50,779

to home because I was just in Europe and

368

00:17:55,299 --> 00:17:53,659

June was the hottest month they've ever

369

00:17:57,310 --> 00:17:55,309

experienced and that usually happens in

370

00:17:58,990 --> 00:17:57,320

August so they're starting to ration

371

00:18:02,049 --> 00:17:59,000

water they're starting to ration water

372

00:18:05,649 --> 00:18:02,059

and for Italians they're not used to

373

00:18:09,129 --> 00:18:05,659

rationing anything so it's like yeah you

374

00:18:12,820 --> 00:18:09,139

can't use water and in Spain it was so

375

00:18:16,389 --> 00:18:12,830

hot and apart from all of that I think

376

00:18:18,460 --> 00:18:16,399

that what they were what the ETS want or

377

00:18:23,100 --> 00:18:18,470

what they what the cosmic cultures want

378

00:18:25,869 --> 00:18:23,110

is us to kind of evolved to a situation

379

00:18:28,269 --> 00:18:25,879

where we take care of the planet just

380

00:18:31,149 --> 00:18:28,279

like the Native Americans believed we

381

00:18:33,850 --> 00:18:31,159

take care of ourselves we evolve those

382

00:18:35,680 --> 00:18:33,860

people and then we can have some kind of

383

00:18:37,659 --> 00:18:35,690

dialogue with them they're not

384

00:18:43,450 --> 00:18:37,669

interested in speaking to us the way we

385

00:18:46,690 --> 00:18:43,460

are now can you imagine imagine if they

386

00:18:48,399 --> 00:18:46,700

if they came here highly evolved I mean

387

00:18:49,720 --> 00:18:48,409

they would have to be otherwise because

388

00:18:52,240 --> 00:18:49,730

they'd probably been through all these

389

00:18:54,090 --> 00:18:52,250

periods their plants have been destroyed

390

00:18:56,050 --> 00:18:54,100

they've gone through all this and

391

00:18:58,240 --> 00:18:56,060

somehow they're able to get

392

00:19:00,760 --> 00:18:58,250

here and I'm talking about human type

393

00:19:03,550 --> 00:19:00,770

aliens and that is what my research has

394

00:19:05,620 --> 00:19:03,560

been the last two years I had when I

395

00:19:09,760 --> 00:19:05,630

started doing presentations I start from

396

00:19:13,000 --> 00:19:09,770

George Van Tassel Adamski Howard meander

397

00:19:14,860 --> 00:19:13,010

in Europe you know who genius to the

398

00:19:18,820 --> 00:19:14,870

coos of the friendship case in Italy

399

00:19:20,890 --> 00:19:18,830

dumps down in Latin America you know see

400

00:19:23,440 --> 00:19:20,900

still pauses and that Rama group all

401

00:19:25,120 --> 00:19:23,450

these are human type people they

402

00:19:28,600 --> 00:19:25,130

encountered human type people that came

403

00:19:31,600 --> 00:19:28,610

off ships that said hey you guys are you

404

00:19:35,020 --> 00:19:31,610

know distantly related to us will you

405

00:19:38,110 --> 00:19:35,030

please get a clue we we are going to

406

00:19:40,570 --> 00:19:38,120

come down and save you but we would you

407

00:19:42,030 --> 00:19:40,580

wake up or flying over we're not on

408

00:19:47,440 --> 00:19:42,040

vacation

409

00:19:49,900 --> 00:19:47,450

hmm is there if there could they

410

00:19:53,620 --> 00:19:49,910

intervene if they wanted to would

411

00:19:57,880 --> 00:19:53,630

there's it well I think they already

412

00:20:01,810 --> 00:19:57,890

have in one of my speakers last year was

413

00:20:04,060 --> 00:20:01,820

Turkish researcher Essen Sakura and she

414

00:20:07,390 --> 00:20:04,070

told me and she showed and I knew this

415

00:20:09,490 --> 00:20:07,400

anyway in several instances were meteors

416

00:20:13,750 --> 00:20:09,500

have fallen on the earth UFOs have been

417

00:20:15,790 --> 00:20:13,760

in to to kind of destroy them into

418

00:20:18,970 --> 00:20:15,800

little pieces so they don't take out a

419

00:20:22,510 --> 00:20:18,980

whole entire city if they're shutting

420

00:20:23,860 --> 00:20:22,520

down missiles in 1969 at maelstrom they

421

00:20:29,320 --> 00:20:23,870

are shutting down missiles with nuclear

422

00:20:31,690 --> 00:20:29,330

war you know nuclear warheads and it you

423

00:20:33,430 --> 00:20:31,700

may consider that an act of war but most

424

00:20:35,980 --> 00:20:33,440

of us consider that an act of peace

425

00:20:38,530 --> 00:20:35,990

they're all pointed at Russia you know

426  
00:20:42,190 --> 00:20:38,540  
these missiles with nuclear warheads and

427  
00:20:44,680 --> 00:20:42,200  
I think that that you know and if you

428  
00:20:46,870 --> 00:20:44,690  
look at the history of ufology and study

429  
00:20:49,600 --> 00:20:46,880  
it and I've interviewed so many people a

430  
00:20:52,900 --> 00:20:49,610  
lot of the sightings of pilots have are

431  
00:20:54,790 --> 00:20:52,910  
over nuclear installations nuclear power

432  
00:20:57,460 --> 00:20:54,800  
plants even the one in Stephenville

433  
00:21:00,720 --> 00:20:57,470  
Texas has had a nuclear power plant

434  
00:21:04,060 --> 00:21:00,730  
right there it's it's their way of

435  
00:21:06,910 --> 00:21:04,070  
intervening without intervening in other

436  
00:21:09,820 --> 00:21:06,920  
words it's their way of saying look

437  
00:21:12,639 --> 00:21:09,830  
we're here we're watching this it's

438  
00:21:16,180 --> 00:21:12,649

dangerous you know please understand

439

00:21:19,690 --> 00:21:16,190

that that no if you're watching us and

440

00:21:22,960 --> 00:21:19,700

look at where we are I have on my

441

00:21:26,970 --> 00:21:22,970

facebook an article about UFOs and

442

00:21:30,730 --> 00:21:26,980

Afghanistan and Jaime mal found who is a

443

00:21:34,600 --> 00:21:30,740

regular speaker at my conferences brings

444

00:21:36,970 --> 00:21:34,610

all kinds of footage from abroad every

445

00:21:39,789 --> 00:21:36,980

year and there over war areas where

446

00:21:43,810 --> 00:21:39,799

we're fighting wars like Ukraine he had

447

00:21:46,240 --> 00:21:43,820

five different different videos of UFOs

448

00:21:48,399 --> 00:21:46,250

over the Ukraine you know and again

449

00:21:51,310 --> 00:21:48,409

about the I always joke about they're

450

00:21:54,370 --> 00:21:51,320

not on vacation but as investigative

451

00:21:57,100 --> 00:21:54,380

journalists I look for patterns and that

452

00:22:00,940 --> 00:21:57,110

is a pattern there over war zones there

453

00:22:04,810 --> 00:22:00,950

overall where things could happen and so

454

00:22:07,509 --> 00:22:04,820

I think I mean it's a very dynamic study

455

00:22:10,230 --> 00:22:07,519

Renee I mean it's interesting especially

456

00:22:14,139 --> 00:22:10,240

if you if you study all of it oh

457

00:22:17,139 --> 00:22:14,149

absolutely it's it's it is very exciting

458

00:22:19,500 --> 00:22:17,149

and I'm glad to see that your conference

459

00:22:21,519 --> 00:22:19,510

is sort of aiming in that direction and

460

00:22:24,940 --> 00:22:21,529

it's really exciting now that's in

461

00:22:30,840 --> 00:22:24,950

November in Laughlin at the eleven

462

00:22:35,440 --> 00:22:33,100

when of people say when is that I go

463

00:22:38,379 --> 00:22:35,450

just remember I'm living eleven that's

464

00:22:40,659 --> 00:22:38,389

right that's an easy way well

465

00:22:42,700 --> 00:22:40,669

well we'll take a break in just a few

466

00:22:44,860 --> 00:22:42,710

minutes and I want to definitely get

467

00:22:47,740 --> 00:22:44,870

into your new book about your

468

00:22:49,629 --> 00:22:47,750

conversations with with Colonel Corso

469

00:22:52,840 --> 00:22:49,639

because I think that's really really

470

00:22:54,810 --> 00:22:52,850

interesting I remember when the book day

471

00:22:58,539 --> 00:22:54,820

after Roswell came out I think it was in

472

00:23:02,430 --> 00:22:58,549

1996 or so maybe or maybe I'm wrong

473

00:23:07,840 --> 00:23:02,440

about that but it seems like which is

474

00:23:11,289 --> 00:23:07,850

1997 and okay yeah yeah because happened

475

00:23:13,810 --> 00:23:11,299

247 so it was exactly 20 years ago cuz

476

00:23:16,210 --> 00:23:13,820

this is the 70th anniversary of the rush

477

00:23:18,549 --> 00:23:16,220

that's crazy well then when I was

478

00:23:21,970 --> 00:23:18,559

working at strange universe the TV show

479

00:23:23,440 --> 00:23:21,980

and I remember that book coming and I I

480

00:23:25,299 --> 00:23:23,450

knew bill burns speak

481

00:23:27,610 --> 00:23:25,309

I had been at UFO magazine for several

482

00:23:32,289 --> 00:23:27,620

years and that was the same time that he

483

00:23:34,240 --> 00:23:32,299

was taking that over so I read that book

484

00:23:37,629 --> 00:23:34,250

with interest and I've often wondered

485

00:23:39,490 --> 00:23:37,639

you know if there was more to know and

486

00:23:42,690 --> 00:23:39,500

if we would ever hear any more and so I

487

00:23:44,320 --> 00:23:42,700

was excited to hear about your book and

488

00:23:46,930 --> 00:23:44,330

hopefully you'll give us some

489

00:23:50,169 --> 00:23:46,940

revelations from that book a little bit

490

00:23:55,060 --> 00:23:50,179

later but before we go to the break in a

491

00:23:57,789 --> 00:23:55,070

few minutes could you tell me how is it

492

00:24:00,460 --> 00:23:57,799

that you became interested in the UFO

493

00:24:04,090 --> 00:24:00,470

field did you have an experience have

494

00:24:05,440 --> 00:24:04,100

you did you see something did what grew

495

00:24:08,220 --> 00:24:05,450

your attention I know you worked with

496

00:24:16,570 --> 00:24:08,230

with dr. Hynek but what drew you to him

497

00:24:20,110 --> 00:24:16,580

the movie I was I was movie I've since

498

00:24:22,180 --> 00:24:20,120

been to Devil's Tower so last year that

499

00:24:24,279 --> 00:24:22,190

what happened to was I watched the movie

500

00:24:27,279 --> 00:24:24,289

I was young mother with two kids and

501  
00:24:30,009 --> 00:24:27,289  
well I was teaching science fiction

502  
00:24:32,110 --> 00:24:30,019  
because I'm an English teacher and I saw

503  
00:24:34,360 --> 00:24:32,120  
the movie and at the end of the movie

504  
00:24:37,330 --> 00:24:34,370  
there's the scene with Francois Truffaut

505  
00:24:39,669 --> 00:24:37,340  
who was the director representing Jack

506  
00:24:41,259 --> 00:24:39,679  
valet and there was this contact between

507  
00:24:44,350 --> 00:24:41,269  
these beings and am you know it gives

508  
00:24:47,289 --> 00:24:44,360  
that smile and the being raises our hand

509  
00:24:50,919 --> 00:24:47,299  
and I started to cry I had an emotional

510  
00:24:53,259 --> 00:24:50,929  
to the movie and I and I said how do I

511  
00:24:56,019 --> 00:24:53,269  
you know look at this movie is it real

512  
00:24:57,700 --> 00:24:56,029  
and so I was at a wedding and I was you

513  
00:25:00,820 --> 00:24:57,710

know Illinois and I heard about the

514

00:25:02,560 --> 00:25:00,830

Center for UFO studies and I thought let

515

00:25:04,480 --> 00:25:02,570

me go in there I mean nobody will be

516

00:25:06,399 --> 00:25:04,490

there like Hynek will be there for sure

517

00:25:08,440 --> 00:25:06,409

I just want to see what it's like in

518

00:25:09,879 --> 00:25:08,450

there and sure enough he was there it

519

00:25:11,440 --> 00:25:09,889

came from around the corner with his

520

00:25:13,870 --> 00:25:11,450

pipe and he said I hear you speak

521

00:25:16,149 --> 00:25:13,880

Italian and you were born in Italy would

522

00:25:18,519 --> 00:25:16,159

you like to work with me and and he said

523

00:25:20,610 --> 00:25:18,529

he then you know sent me a typewriter

524

00:25:23,100 --> 00:25:20,620

all the files

525

00:25:25,500 --> 00:25:23,110

and that I was supposed to work on and

526

00:25:27,390 --> 00:25:25,510

yeah and I knew it was real so I you

527

00:25:30,510 --> 00:25:27,400

know it's like I see the people this is

528

00:25:33,870 --> 00:25:30,520

not like I do believe there's no belief

529

00:25:36,180 --> 00:25:33,880

this isn't religion like I knew it was

530

00:25:37,680 --> 00:25:36,190

really work for Bluebook what God he

531

00:25:40,320 --> 00:25:37,690

worked for the Air Force I was looking

532

00:25:43,799 --> 00:25:40,330

at the file that was real I mean and so

533

00:25:45,480 --> 00:25:43,809

I thought oh this is real so I started

534

00:25:48,540 --> 00:25:45,490

with the best teacher in the world oh

535

00:25:50,640 --> 00:25:48,550

absolutely that's amazing that you you

536

00:25:53,940 --> 00:25:50,650

had that opportunity and really as a

537

00:25:55,710 --> 00:25:53,950

novice at the time you just seen a movie

538

00:25:58,680 --> 00:25:55,720

and you got interested and you looked

539

00:26:01,169 --> 00:25:58,690

them up and it must have been it must

540

00:26:03,810 --> 00:26:01,179

have been fate you know for you to for

541

00:26:05,700 --> 00:26:03,820

you to do this because look how that

542

00:26:08,549 --> 00:26:05,710

changed the course of your life just

543

00:26:10,680 --> 00:26:08,559

really interesting you know who knows

544

00:26:13,200 --> 00:26:10,690

what course you would have taken maybe

545

00:26:15,000 --> 00:26:13,210

you would have continued on and done

546

00:26:18,000 --> 00:26:15,010

your studies in the field of ufology

547

00:26:20,430 --> 00:26:18,010

anyway but my goodness to have that

548

00:26:23,760 --> 00:26:20,440

opportunity to work with dr. Hynek and

549

00:26:25,410 --> 00:26:23,770

it was all all started with you watching

550

00:26:28,110 --> 00:26:25,420

the movie Close Encounters of the Third

551

00:26:32,160 --> 00:26:28,120

Kind really interesting yeah I've heard

552

00:26:33,750 --> 00:26:32,170

Steven Spielberg had some ideas you know

553

00:26:37,500 --> 00:26:33,760

about it and of course they get you know

554

00:26:39,840 --> 00:26:37,510

as you know consult with Jacques Vallee

555

00:26:44,160 --> 00:26:39,850

and actually had a character in the film

556

00:26:47,150 --> 00:26:44,170

that was based on him very prominent in

557

00:26:49,830 --> 00:26:47,160

the film the the French scientists and

558

00:26:52,620 --> 00:26:49,840

it was really good I remember having a

559

00:26:55,680 --> 00:26:52,630

similar reaction to that film when I saw

560

00:26:57,299 --> 00:26:55,690

it for the first time when it first came

561

00:26:59,640 --> 00:26:57,309

out I went to the theater went to an

562

00:27:02,700 --> 00:26:59,650

afternoon matinee with my mother who was

563

00:27:04,290 --> 00:27:02,710

out here visiting me in Los Angeles at

564

00:27:09,330 --> 00:27:04,300

the time from Oklahoma and where I'm

565

00:27:13,740 --> 00:27:09,340

from and we took my two kids and went

566

00:27:17,400 --> 00:27:13,750

and saw the the film and it was it was

567

00:27:19,560 --> 00:27:17,410

very touching and I think because one of

568

00:27:22,200 --> 00:27:19,570

the characters and forgive me I can't

569

00:27:25,590 --> 00:27:22,210

remember the the woman's name and it was

570

00:27:28,740 --> 00:27:25,600

a mom and she ended up you know getting

571

00:27:31,050 --> 00:27:28,750

so into it I think it was easy easier

572

00:27:32,850 --> 00:27:31,060

for me to relate to and it was just like

573

00:27:34,180 --> 00:27:32,860

okay these are like real people and this

574

00:27:38,499 --> 00:27:34,190

is happening and they're getting

575

00:27:41,440 --> 00:27:38,509

that thing that we regard the Aries I

576

00:27:45,249 --> 00:27:41,450

regard yeah yeah she was Richard

577

00:27:47,440 --> 00:27:45,259

Dreyfuss you know life in that and and

578

00:27:49,690 --> 00:27:47,450

and what's so interesting about that

579

00:27:51,669 --> 00:27:49,700

film is because you know I've been

580

00:27:54,730 --> 00:27:51,679

connecting dots for 30 years I'm

581

00:27:56,529 --> 00:27:54,740

studying this and I do study it I mean I

582

00:27:59,320 --> 00:27:56,539

read everybody's book I got three

583

00:28:01,570 --> 00:27:59,330

hundred books here and though I mean

584

00:28:03,100 --> 00:28:01,580

everything that comes out so that I read

585

00:28:05,049 --> 00:28:03,110

other people's research I think that's

586

00:28:08,049 --> 00:28:05,059

one of the reasons we're having problems

587

00:28:10,509 --> 00:28:08,059

is that researchers aren't reading other

588

00:28:12,430 --> 00:28:10,519

people's research aren't doing you know

589

00:28:15,519 --> 00:28:12,440

like a real study of it but going back

590

00:28:19,330 --> 00:28:15,529

to that that I learned that that there's

591

00:28:22,090 --> 00:28:19,340

some kind of hypnotic suggestion or some

592

00:28:25,180 --> 00:28:22,100

kind of messaging that the contact he's

593

00:28:27,460 --> 00:28:25,190

get you know because you remember the

594

00:28:30,070 --> 00:28:27,470

Devils Tower kept coming up in drawings

595

00:28:32,710 --> 00:28:30,080

that get coming up every which way it

596

00:28:34,450 --> 00:28:32,720

was like an obsession and I think that

597

00:28:37,180 --> 00:28:34,460

that that's very interesting

598

00:28:39,190 --> 00:28:37,190

even on a psychological level that

599

00:28:41,649 --> 00:28:39,200

should be studied how these contactees

600

00:28:43,350 --> 00:28:41,659

get these ideas about going certain

601  
00:28:47,350 --> 00:28:43,360  
places or about doing certain things

602  
00:28:51,759 --> 00:28:47,360  
these suggestions they get yeah yeah

603  
00:28:53,379 --> 00:28:51,769  
they're very very interesting and well

604  
00:28:55,710 --> 00:28:53,389  
we're going to talk about that and more

605  
00:28:58,539 --> 00:28:55,720  
after the break going to get into the

606  
00:29:02,169 --> 00:28:58,549  
Colonel Corso material which I find

607  
00:29:05,110 --> 00:29:02,179  
really interesting and exciting and see

608  
00:29:07,269 --> 00:29:05,120  
what I will learn that we don't know and

609  
00:29:09,340 --> 00:29:07,279  
also we're gonna tell you how to get

610  
00:29:12,100 --> 00:29:09,350  
that book so you can read about all of

611  
00:29:14,820 --> 00:29:12,110  
it so when we come back more with Paola

612  
00:29:19,359 --> 00:29:17,200  
welcome back to night vision I'm your

613  
00:29:21,039 --> 00:29:19,369

host Renee Barnett and if you're just

614

00:29:23,249 --> 00:29:21,049

joining us we've been talking tonight

615

00:29:27,099 --> 00:29:23,259

with powwow Harris she's a

616

00:29:31,060 --> 00:29:27,109

photojournalist an author a UFO

617

00:29:33,909 --> 00:29:31,070

phenomena researcher and she's also the

618

00:29:35,859 --> 00:29:33,919

producer of the star works conference

619

00:29:41,320 --> 00:29:35,869

and the next one is coming up in

620

00:29:43,810 --> 00:29:41,330

November 1111 in Laughlin Nevada so if

621

00:29:46,769 --> 00:29:43,820

you want to peruse that while we're

622

00:29:50,229 --> 00:29:46,779

talking that's that website is Starworks

623

00:29:51,820 --> 00:29:50,239

usa.com have a look at it and get over

624

00:29:54,279 --> 00:29:51,830

there if you can I'm gonna definitely

625

00:29:57,190 --> 00:29:54,289

try to make it this year because it

626  
00:30:00,099 --> 00:29:57,200  
sounds really really interesting we were

627  
00:30:02,950 --> 00:30:00,109  
talking about a little bit about Colonel

628  
00:30:08,169 --> 00:30:02,960  
Corso and the time that you spent with

629  
00:30:11,379 --> 00:30:08,179  
him and I was wondering you know do you

630  
00:30:14,109 --> 00:30:11,389  
feel that you were able to go further

631  
00:30:17,619 --> 00:30:14,119  
with him and get more information than

632  
00:30:21,879 --> 00:30:17,629  
what we might have learned in the the

633  
00:30:23,889 --> 00:30:21,889  
book day after Roswell I've heard that

634  
00:30:26,649 --> 00:30:23,899  
there was a you know maybe some

635  
00:30:29,349 --> 00:30:26,659  
difference in what we actually were able

636  
00:30:32,940 --> 00:30:29,359  
to learn or maybe he just later on came

637  
00:30:35,259 --> 00:30:32,950  
out with more information did you feel

638  
00:30:37,869 --> 00:30:35,269

let me give you some background because

639

00:30:40,299 --> 00:30:37,879

people are very aware that this is a

640

00:30:43,180 --> 00:30:40,309

70th anniversary because the rods will

641

00:30:46,749 --> 00:30:43,190

happen in 1947 right the day after

642

00:30:49,810 --> 00:30:46,759

Roswell came out in 1997 which was the

643

00:30:52,450 --> 00:30:49,820

50th anniversary and so he was the big

644

00:30:56,229 --> 00:30:52,460

star there I mean this came out I think

645

00:30:57,999 --> 00:30:56,239

I was in Italy my boss sent me over to

646

00:30:59,710 --> 00:30:58,009

cover the story and of course I wasn't

647

00:31:01,299 --> 00:30:59,720

ready I didn't even know current of

648

00:31:04,269 --> 00:31:01,309

course will look like I didn't know

649

00:31:06,519 --> 00:31:04,279

anything about the book and I I wasn't

650

00:31:10,450 --> 00:31:06,529

ready in my book I talk about the

651  
00:31:13,060 --> 00:31:10,460  
serendipity events that that led to my

652  
00:31:16,089 --> 00:31:13,070  
relationship with the colonel and the

653  
00:31:17,830 --> 00:31:16,099  
the thing is that at that time everybody

654  
00:31:21,159 --> 00:31:17,840  
in the world was there I mean we had

655  
00:31:24,369 --> 00:31:21,169  
John Mac and we'll East River and and

656  
00:31:27,070 --> 00:31:24,379  
Linda and and oh God everybody was there

657  
00:31:28,570 --> 00:31:27,080  
but Hopkins everybody was there because

658  
00:31:31,650 --> 00:31:28,580  
the 50th anniversary

659  
00:31:34,150 --> 00:31:31,660  
but Colonel Corso was really the the

660  
00:31:38,650 --> 00:31:34,160  
curiosity was I think it even made a

661  
00:31:41,020 --> 00:31:38,660  
Time magazine cover because the and I

662  
00:31:43,270 --> 00:31:41,030  
ended up and this is like this starts my

663  
00:31:45,070 --> 00:31:43,280

book my life was Colonel Carson that I

664

00:31:47,650 --> 00:31:45,080

ended up in the room next to Colonel

665

00:31:50,230 --> 00:31:47,660

Corso when the whole place was sold out

666

00:31:54,490 --> 00:31:50,240

I got the room next to him at the very

667

00:31:56,170 --> 00:31:54,500

last minute night if you've been

668

00:31:59,140 --> 00:31:56,180

thinking about updating your old

669

00:32:01,420 --> 00:31:59,150

appliances now's the time because now at

670

00:32:03,460 --> 00:32:01,430

Lowe's you'll find great deals like up

671

00:32:05,620 --> 00:32:03,470

to forty percent off select appliance

672

00:32:07,720 --> 00:32:05,630

special values that's up to forty

673

00:32:09,610 --> 00:32:07,730

percent off some of the best brand-name

674

00:32:12,070 --> 00:32:09,620

appliances with all the bells and

675

00:32:14,680 --> 00:32:12,080

whistles to help bring your kitchen and

676  
00:32:15,730 --> 00:32:14,690  
laundry room up to date all projects

677  
00:32:17,680 --> 00:32:15,740  
have a starting point

678  
00:32:18,850 --> 00:32:17,690  
start with Lowe's thousand six twenty

679  
00:32:21,420 --> 00:32:18,860  
one through seven twelve us only

680  
00:32:26,710 --> 00:32:21,430  
exclusions applied see store for details

681  
00:32:28,990 --> 00:32:26,720  
and from that a you know precedence yeah

682  
00:32:30,490 --> 00:32:29,000  
I know I couldn't believe it everybody

683  
00:32:32,620 --> 00:32:30,500  
was trying to get them and he was in

684  
00:32:34,300 --> 00:32:32,630  
Myra it was in the room next to me so I

685  
00:32:35,500 --> 00:32:34,310  
was able to get an interview because he

686  
00:32:39,490 --> 00:32:35,510  
just walked out of the room and walked

687  
00:32:42,310 --> 00:32:39,500  
into my room but the the thing about the

688  
00:32:44,890 --> 00:32:42,320

the importance of this Renee was that

689

00:32:46,720 --> 00:32:44,900

this man who did work at research and

690

00:32:51,190 --> 00:32:46,730

development in the Pentagon in the

691

00:32:54,070 --> 00:32:51,200

nineteen sixties was given was given the

692

00:32:57,880 --> 00:32:54,080

artifacts from the Roswell crash to back

693

00:32:59,620 --> 00:32:57,890

engineer and and back engineer to take

694

00:33:02,970 --> 00:32:59,630

two companies which is the

695

00:33:05,740 --> 00:33:02,980

military-industrial complex to copy and

696

00:33:08,460 --> 00:33:05,750

in nineteen fifty is really late

697

00:33:11,470 --> 00:33:08,470

considering that the first crash of 1947

698

00:33:14,590 --> 00:33:11,480

so some of his detractors say well all

699

00:33:17,080 --> 00:33:14,600

that stuff the night vision component

700

00:33:19,630 --> 00:33:17,090

the transistor the fiber optics the high

701  
00:33:22,090 --> 00:33:19,640  
tenacity fibers were already in the

702  
00:33:24,880 --> 00:33:22,100  
mainstream well of course if you have

703  
00:33:29,050 --> 00:33:24,890  
the army in the Air Force being one unit

704  
00:33:31,090 --> 00:33:29,060  
in in 1947 and they split off in 1948

705  
00:33:32,380 --> 00:33:31,100  
the Air Force is going to give some of

706  
00:33:35,920 --> 00:33:32,390  
that stuff and they're going to start

707  
00:33:38,760 --> 00:33:35,930  
back engineering way before the army did

708  
00:33:41,850 --> 00:33:38,770  
and so it's already they're already

709  
00:33:43,799 --> 00:33:41,860  
playing with that before the

710  
00:33:47,070 --> 00:33:43,809  
you know that of course Oh got it from

711  
00:33:49,710 --> 00:33:47,080  
general Trudeau in the in geologically

712  
00:33:51,900 --> 00:33:49,720  
people use their logic when you have

713  
00:33:55,860 --> 00:33:51,910

these crashes and there was not just one

714

00:33:58,950 --> 00:33:55,870

crash I mean in my in my recent book I

715

00:34:01,200 --> 00:33:58,960

talked about the 1945 crashing in San

716

00:34:03,480 --> 00:34:01,210

Antonio New Mexico which spent five

717

00:34:07,710 --> 00:34:03,490

years researching there are many many

718

00:34:09,780 --> 00:34:07,720

crashes when you get a craft you are not

719

00:34:11,540 --> 00:34:09,790

going to throw it in the garbage you are

720

00:34:13,619 --> 00:34:11,550

not going to throw all that stuff away

721

00:34:15,570 --> 00:34:13,629

logically you're not going to do that

722

00:34:18,090 --> 00:34:15,580

you're going to try to figure out how it

723

00:34:20,879 --> 00:34:18,100

slides what's inside what's the use of

724

00:34:22,859 --> 00:34:20,889

it so the detractors would say well a

725

00:34:26,490 --> 00:34:22,869

lot of that you know like the transition

726

00:34:30,690 --> 00:34:26,500

was already in the in the in the you

727

00:34:32,909 --> 00:34:30,700

know main in in they were already

728

00:34:34,980 --> 00:34:32,919

playing with it we're already using if

729

00:34:36,780 --> 00:34:34,990

they were already experimenting with it

730

00:34:39,960 --> 00:34:36,790

it should look at the fact that the Army

731

00:34:42,599 --> 00:34:39,970

near for split in 1948 now of course oh

732

00:34:45,629 --> 00:34:42,609

god these things from General Trudeau

733

00:34:47,940 --> 00:34:45,639

and what happened was he was general to

734

00:34:50,220 --> 00:34:47,950

del Corso were very close because Corso

735

00:34:53,399 --> 00:34:50,230

did the Korean War II new general

736

00:34:56,190 --> 00:34:53,409

macarthur parcel was a heavy hitter he's

737

00:34:59,220 --> 00:34:56,200

not just somebody off the street he's a

738

00:35:01,680 --> 00:34:59,230

military man who worked in intelligence

739

00:35:04,020 --> 00:35:01,690

in rome in 1945 when we brought him to

740

00:35:06,270 --> 00:35:04,030

rome i I dragged him all over the city

741

00:35:08,280 --> 00:35:06,280

so he could tell me where his office was

742

00:35:10,290 --> 00:35:08,290

where he he you know where his

743

00:35:12,900 --> 00:35:10,300

headquarters were I took him to all the

744

00:35:15,510 --> 00:35:12,910

places that he said he worked in and he

745

00:35:17,420 --> 00:35:15,520

told the truth and he was telling the

746

00:35:21,000 --> 00:35:17,430

truth plus we researched his background

747

00:35:24,420 --> 00:35:21,010

so as the head of intelligence he had

748

00:35:27,900 --> 00:35:24,430

intelligence background and in 1945 he

749

00:35:30,480 --> 00:35:27,910

was at 47 he was at Fort Riley Kansas

750

00:35:33,690 --> 00:35:30,490

and at the back of the book I have all

751

00:35:36,330 --> 00:35:33,700

his records of where he was and he says

752

00:35:40,349 --> 00:35:36,340

he was at Fort Riley Kansas in 47 it

753

00:35:42,780 --> 00:35:40,359

says Fort Riley Kansas 1947 when a cargo

754

00:35:44,520 --> 00:35:42,790

came by that was put in the veterinary

755

00:35:47,640 --> 00:35:44,530

quarters and he went there and one of

756

00:35:50,430 --> 00:35:47,650

the the cases had a being in there

757

00:35:53,670 --> 00:35:50,440

floating in liquid and he talks about

758

00:35:55,650 --> 00:35:53,680

that he said that he saw it and he put

759

00:35:58,049 --> 00:35:55,660

the you know the top down and

760

00:36:00,390 --> 00:35:58,059

in the back of his mind for later usage

761

00:36:04,470 --> 00:36:00,400

and he said that what was coming across

762

00:36:07,289 --> 00:36:04,480

Fort Riley came from Roswell area may

763

00:36:11,190 --> 00:36:07,299

not have been the exact being but I mean

764

00:36:13,200 --> 00:36:11,200

evidently there were many crashes so he

765

00:36:21,630 --> 00:36:13,210

that was his first

766

00:36:25,200 --> 00:36:21,640

this UFO situation and then later on in

767

00:36:26,329 --> 00:36:25,210

life in 1960 Trudeau who knew him very

768

00:36:30,859 --> 00:36:26,339

well

769

00:36:33,599 --> 00:36:30,869

gave him the responsibility of taking

770

00:36:37,260 --> 00:36:33,609

these artifacts that were given to him

771

00:36:39,029 --> 00:36:37,270

to big companies asking any names them

772

00:36:41,490 --> 00:36:39,039

and in the book I I named what he told

773

00:36:44,549 --> 00:36:41,500

me where he took them and he said he

774

00:36:46,079 --> 00:36:44,559

took envelopes full of money to pay

775

00:36:48,900 --> 00:36:46,089

these companies so there will be no

776

00:36:52,140 --> 00:36:48,910

paper trail in other words the army

777

00:36:53,910 --> 00:36:52,150

would give these companies and one

778

00:36:56,579 --> 00:36:53,920

example for you which would be really

779

00:36:59,299 --> 00:36:56,589

good is the night screening device which

780

00:37:01,740 --> 00:36:59,309

was the lens of the being the bit that

781

00:37:04,529 --> 00:37:01,750

circular lens the being had which

782

00:37:07,200 --> 00:37:04,539

everybody thinks is the I was a night

783

00:37:09,510 --> 00:37:07,210

screaming lens which collected light and

784

00:37:11,400 --> 00:37:09,520

he said he used to play with that

785

00:37:13,440 --> 00:37:11,410

because they you walk up and down the

786

00:37:16,349 --> 00:37:13,450

halls of the Pentagon and could see in

787

00:37:17,640 --> 00:37:16,359

the dark so you know these are you know

788

00:37:19,589 --> 00:37:17,650

if they're if they're doing night

789

00:37:22,920 --> 00:37:19,599

screening and this is the army all

790

00:37:24,960 --> 00:37:22,930

remember its own the army he developed

791

00:37:27,390 --> 00:37:24,970

these things and in the book which

792

00:37:29,849 --> 00:37:27,400

people I added that he talked to me

793

00:37:31,829 --> 00:37:29,859

about the German scientists that worked

794

00:37:33,539 --> 00:37:31,839

with him he mentioned oberus and he

795

00:37:36,690 --> 00:37:33,549

mentioned a Tsar buckler

796

00:37:39,180 --> 00:37:36,700

and so my book is based on audio tapes

797

00:37:42,150 --> 00:37:39,190

of conversations we had with him in

798

00:37:44,640 --> 00:37:42,160

Italy my boss and I'm outtie to Biot I

799

00:37:47,519 --> 00:37:44,650

and and when I was alone I taped him

800

00:37:50,970 --> 00:37:47,529

because I never remember all this and so

801

00:37:54,200 --> 00:37:50,980

I got his exact words in the book of

802

00:37:57,690 --> 00:37:54,210

things he'd say like you know he go to

803

00:38:00,630 --> 00:37:57,700

Bell Labs or whatever and take whatever

804

00:38:03,539 --> 00:38:00,640

he was taking the transistor or whatever

805

00:38:07,049 --> 00:38:03,549

and he would see how far they came and

806

00:38:09,000 --> 00:38:07,059

if they would he said first developed it

807

00:38:10,410 --> 00:38:09,010

for the use of war and

808

00:38:12,870 --> 00:38:10,420

there's one thing he was very sad about

809

00:38:15,390 --> 00:38:12,880

he said he said the greatest gift that

810

00:38:17,730 --> 00:38:15,400

was given to humanity was the alien body

811

00:38:20,610 --> 00:38:17,740

the the being which he called a

812

00:38:22,560 --> 00:38:20,620

biological entity it was not it was a

813

00:38:27,080 --> 00:38:22,570

little machine it was clone it was a

814

00:38:29,970 --> 00:38:27,090

clone and in my book he he has the

815

00:38:34,650 --> 00:38:29,980

description that it had four lobes in

816

00:38:38,250 --> 00:38:34,660

the brain it had two chips in the in two

817

00:38:41,880 --> 00:38:38,260

of the lobes it had one long it had and

818

00:38:44,880 --> 00:38:41,890

it talks about one very small heart it

819

00:38:47,730 --> 00:38:44,890

was created to fly the ship and there's

820

00:38:50,160 --> 00:38:47,740

also a drawing there that he had because

821

00:38:53,550 --> 00:38:50,170

he said on the hand was like suction

822

00:38:55,950 --> 00:38:53,560

cups so that this being and this being

823

00:38:58,380 --> 00:38:55,960

also were a band around its head a

824

00:39:00,090 --> 00:38:58,390

silver band and he added that they had

825

00:39:01,770 --> 00:39:00,100

quite a few of them at the Pentagon so

826

00:39:05,730 --> 00:39:01,780

I'm wondering about how much they're

827

00:39:08,070 --> 00:39:05,740

really you know telling us and he said

828

00:39:09,690 --> 00:39:08,080

that these disband would go around the

829

00:39:11,280 --> 00:39:09,700

being said and the being would be one

830

00:39:13,970 --> 00:39:11,290

with the craft and would fly the craft

831

00:39:16,980 --> 00:39:13,980

is like blind the craft with your mind

832

00:39:22,440 --> 00:39:16,990

and so he talked about all of these

833

00:39:24,960 --> 00:39:22,450

details and about his role is going into

834

00:39:28,800 --> 00:39:24,970

these companies and asking that these

835

00:39:31,500 --> 00:39:28,810

things be first for the use of the army

836

00:39:33,810 --> 00:39:31,510

and then given to the general public and

837

00:39:37,280 --> 00:39:33,820

there's details I mean he tells me about

838

00:39:39,930 --> 00:39:37,290

a pen that could suture and cut that

839

00:39:44,070 --> 00:39:39,940

physicians could use that were that yet

840

00:39:45,720 --> 00:39:44,080

it was like a laser pen and so there's

841

00:39:48,720 --> 00:39:45,730

all these details in there about the

842

00:39:51,180 --> 00:39:48,730

actual artifacts and I really want to

843

00:39:54,150 --> 00:39:51,190

stress if people want to read his real

844

00:39:57,870 --> 00:39:54,160

notes and have he had contact with a

845

00:39:59,910 --> 00:39:57,880

being in white sands in in the missile

846

00:40:03,120 --> 00:39:59,920

range at White Sands at near red canyon

847

00:40:06,870 --> 00:40:03,130

they want to read that they his real

848

00:40:09,240 --> 00:40:06,880

notes as its on open minds TV you have

849

00:40:11,760 --> 00:40:09,250

to download it the name of the book is

850

00:40:15,230 --> 00:40:11,770

the dawn of a new age that is his real

851  
00:40:17,430 --> 00:40:15,240  
manuscript so when he came to Italy in

852  
00:40:19,680 --> 00:40:17,440  
1997 because I invited him to a

853  
00:40:22,360 --> 00:40:19,690  
conference he gave us that manuscript

854  
00:40:24,490 --> 00:40:22,370  
and we printed the book in Italian

855  
00:40:26,290 --> 00:40:24,500  
and the people that were back here that

856  
00:40:28,150 --> 00:40:26,300  
we're reading the day after Roscoe were

857  
00:40:30,940 --> 00:40:28,160  
complaining about mistakes that were in

858  
00:40:33,100 --> 00:40:30,950  
there and those were not his original

859  
00:40:35,650 --> 00:40:33,110  
notes I mean what he was talking about

860  
00:40:37,690 --> 00:40:35,660  
her things that he was involved in but

861  
00:40:42,340 --> 00:40:37,700  
he was never at Rob Lowe he was at Fort

862  
00:40:46,330 --> 00:40:42,350  
Riley Kansas in 1947 so Carol core so

863  
00:40:50,230 --> 00:40:46,340

you know basically was important for

864

00:40:53,410 --> 00:40:50,240

this reason that I never understood what

865

00:40:55,240 --> 00:40:53,420

the value of the secrecy was and why

866

00:40:57,250 --> 00:40:55,250

everything was being kept secret I

867

00:40:59,500 --> 00:40:57,260

thought oh it's the church

868

00:41:01,900 --> 00:40:59,510

it's the downfall of society or they're

869

00:41:03,670 --> 00:41:01,910

afraid about the aliens they think

870

00:41:06,370 --> 00:41:03,680

they're monsters or something you know I

871

00:41:10,390 --> 00:41:06,380

I thought that's their secret no the

872

00:41:12,820 --> 00:41:10,400

secret is economic and its economic I

873

00:41:14,920 --> 00:41:12,830

mean because at night if we have the

874

00:41:18,580 --> 00:41:14,930

ability to have free energy as Steven

875

00:41:19,810 --> 00:41:18,590

Greer says yeah since 1950 you know it's

876

00:41:22,480 --> 00:41:19,820

going to bring down our whole economic

877

00:41:25,120 --> 00:41:22,490

system because these things do not fly

878

00:41:28,540 --> 00:41:25,130

on oil and gas of course there was the

879

00:41:29,800 --> 00:41:28,550

turning point so for me kernel Corsa was

880

00:41:33,640 --> 00:41:29,810

the turning point because they

881

00:41:35,020 --> 00:41:33,650

understood the secrecy why it at the

882

00:41:37,660 --> 00:41:35,030

United States's I don't think any

883

00:41:40,000 --> 00:41:37,670

president could ever stand up front of

884

00:41:41,890 --> 00:41:40,010

everybody say UFOs exist we have all the

885

00:41:44,110 --> 00:41:41,900

technology we're just keeping it on the

886

00:41:46,390 --> 00:41:44,120

back burner till the time to use a bit

887

00:41:49,750 --> 00:41:46,400

that's illogical that's never going to

888

00:41:51,640 --> 00:41:49,760

happen so that's why there's secrecy

889

00:41:54,070 --> 00:41:51,650

around this subject and also why they

890

00:41:56,560 --> 00:41:54,080

love whoever's managing the subject

891

00:41:58,660 --> 00:41:56,570

loves for people under fear and talk

892

00:42:01,480 --> 00:41:58,670

just about abductions and that's it our

893

00:42:03,100 --> 00:42:01,490

show the little gray alien which trail

894

00:42:05,800 --> 00:42:03,110

pourcel said they were more afraid of

895

00:42:07,660 --> 00:42:05,810

who created that little clone than the

896

00:42:09,640 --> 00:42:07,670

clone because they were afraid that

897

00:42:13,630 --> 00:42:09,650

whoever created it was walking the halls

898

00:42:18,070 --> 00:42:13,640

of the Pentagon mm-hmm because we're

899

00:42:20,230 --> 00:42:18,080

people yeah human I mean they're human

900

00:42:22,840 --> 00:42:20,240

lucky most everything that I studied

901  
00:42:24,820 --> 00:42:22,850  
from the fifties to today there's these

902  
00:42:26,710 --> 00:42:24,830  
people they come off ships they walk

903  
00:42:28,840 --> 00:42:26,720  
there they're normal they're you know

904  
00:42:31,900 --> 00:42:28,850  
they're they're human looking and I

905  
00:42:34,030 --> 00:42:31,910  
think that it's very comfortable for us

906  
00:42:36,700 --> 00:42:34,040  
to be fear-based so we look bond with

907  
00:42:39,130 --> 00:42:36,710  
those people and if there he comes

908  
00:42:40,780 --> 00:42:39,140  
to have it be in the realm of

909  
00:42:43,870 --> 00:42:40,790  
entertainment because then we don't take

910  
00:42:48,220 --> 00:42:43,880  
it seriously so you know it's very

911  
00:42:50,310 --> 00:42:48,230  
difficult this this whole UFO you know

912  
00:42:53,609 --> 00:42:50,320  
subject matter if it's not studied

913  
00:42:57,700 --> 00:42:53,619

academically it's it gets the crazy

914

00:43:00,010 --> 00:42:57,710

crazy it really does I mean you know

915

00:43:02,349 --> 00:43:00,020

it's funny I mean I'm sure you're

916

00:43:06,310 --> 00:43:02,359

absolutely right there's got to be an

917

00:43:07,690 --> 00:43:06,320

economic reason for it otherwise we

918

00:43:11,410 --> 00:43:07,700

would have known about it a long time

919

00:43:13,450 --> 00:43:11,420

ago and I had a conversation with dr.

920

00:43:16,690 --> 00:43:13,460

Greer a couple years ago we were talking

921

00:43:19,780 --> 00:43:16,700

on the phone and he said that same thing

922

00:43:23,410 --> 00:43:19,790

he said do you really really think that

923

00:43:28,720 --> 00:43:23,420

we need these heavy you know jet fuel

924

00:43:30,579 --> 00:43:28,730

engines to to power our spacecraft he

925

00:43:34,540 --> 00:43:30,589

said but the reason that we're not

926

00:43:36,550 --> 00:43:34,550

seeing the the free energy use is

927

00:43:38,530 --> 00:43:36,560

because then people would start to say

928

00:43:41,950 --> 00:43:38,540

well then why can't I use that to power

929

00:43:44,710 --> 00:43:41,960

my car why can't I use that to power my

930

00:43:47,200 --> 00:43:44,720

home because then you know the cat would

931

00:43:50,200 --> 00:43:47,210

be out of the bag and there would be no

932

00:43:52,030 --> 00:43:50,210

more excuses no more excuses but you

933

00:43:55,870 --> 00:43:52,040

know the thing of it is it would cause

934

00:44:00,970 --> 00:43:55,880

an economic shift of some kind but I do

935

00:44:03,609 --> 00:44:00,980

believe as we've seen in some cases the

936

00:44:08,200 --> 00:44:03,619

the jobs and other things that would be

937

00:44:11,320 --> 00:44:08,210

developed with the new business of free

938

00:44:13,780 --> 00:44:11,330

energy the new you know figuring out how

939

00:44:16,030 --> 00:44:13,790

to harness it and you know like solar

940

00:44:19,270 --> 00:44:16,040

power that we're we're seeing so much of

941

00:44:21,609 --> 00:44:19,280

now and the in the big you know wind

942

00:44:24,670 --> 00:44:21,619

turbines and things like that that you

943

00:44:27,970 --> 00:44:24,680

see out in the California desert and all

944

00:44:28,720 --> 00:44:27,980

over France to power homes and

945

00:44:33,280 --> 00:44:28,730

businesses

946

00:44:34,870 --> 00:44:33,290

so if but if if that came on a mass

947

00:44:37,150 --> 00:44:34,880

scale yeah I could see it would

948

00:44:39,400 --> 00:44:37,160

certainly upset the applecart and ruin

949

00:44:42,730 --> 00:44:39,410

the business of certain people who are

950

00:44:44,920 --> 00:44:42,740

in power right now and so that's

951  
00:44:46,750 --> 00:44:44,930  
probably why we don't see it not that it

952  
00:44:49,750 --> 00:44:46,760  
would cause us all to go into an

953  
00:44:50,579 --> 00:44:49,760  
economic decline but because it would

954  
00:44:53,009 --> 00:44:50,589  
cause certain

955  
00:44:56,279 --> 00:44:53,019  
people and certain businesses to go into

956  
00:44:58,670 --> 00:44:56,289  
an economic decline and unfortunately

957  
00:45:01,680 --> 00:44:58,680  
those people wield a lot of power so

958  
00:45:04,650 --> 00:45:01,690  
we're still stuck with her high

959  
00:45:07,229 --> 00:45:04,660  
electrical bills at home it's all

960  
00:45:09,719 --> 00:45:07,239  
interconnected if we would suffer - I

961  
00:45:11,039 --> 00:45:09,729  
mean it's all interconnected until they

962  
00:45:13,109 --> 00:45:11,049  
figure they're going to eventually

963  
00:45:15,809 --> 00:45:13,119

release it I mean they've got it they

964

00:45:19,859 --> 00:45:15,819

got to release it but a free energy is

965

00:45:22,739 --> 00:45:19,869

going to be free I mean you may be it

966

00:45:26,670 --> 00:45:22,749

may be energy I mean then then you study

967

00:45:30,359 --> 00:45:26,680

like Tesla and all the people that you

968

00:45:32,940 --> 00:45:30,369

know that had these ideas about taking

969

00:45:36,229 --> 00:45:32,950

energy out of the void and and so forth

970

00:45:39,599 --> 00:45:36,239

and so yes we could live a happier life

971

00:45:41,579 --> 00:45:39,609

I'm very close to the former defense

972

00:45:47,700 --> 00:45:41,589

minister of Canada Paul Hellyer I've

973

00:45:50,039 --> 00:45:47,710

done oh yeah yeah and and he read the

974

00:45:55,079 --> 00:45:50,049

book and that's what stimulated him and

975

00:45:57,690 --> 00:45:55,089

he also called general here in America

976

00:45:59,279 --> 00:45:57,700

and got that of course it was real he

977

00:46:00,450 --> 00:45:59,289

was telling the truth and there was more

978

00:46:03,180 --> 00:46:00,460

and there was more

979

00:46:05,489 --> 00:46:03,190

and so Paul Hellyer has has in his book

980

00:46:07,920 --> 00:46:05,499

and see I wish people would read the

981

00:46:10,049 --> 00:46:07,930

light at the end of the tunnel describes

982

00:46:12,269 --> 00:46:10,059

how the world would change if we would

983

00:46:14,969 --> 00:46:12,279

switch over into this because there

984

00:46:17,489 --> 00:46:14,979

would be no poverty there would be no no

985

00:46:19,319 --> 00:46:17,499

need for you know these separations we

986

00:46:22,289 --> 00:46:19,329

could cooperate

987

00:46:24,440 --> 00:46:22,299

you know we'd all live easier lives and

988

00:46:27,779 --> 00:46:24,450

we'd have to change the monetary system

989

00:46:31,920 --> 00:46:27,789

and it's so logical the book is so

990

00:46:34,529 --> 00:46:31,930

logical but evidently society or

991

00:46:37,459 --> 00:46:34,539

whoever's doing the the you know the

992

00:46:40,920 --> 00:46:37,469

managing of this is not ready for it

993

00:46:44,700 --> 00:46:40,930

because there has to be a timing to all

994

00:46:46,829 --> 00:46:44,710

of this and and it's not our timing but

995

00:46:49,559 --> 00:46:46,839

I'm going to add another thing that they

996

00:46:51,089 --> 00:46:49,569

that we better be soon otherwise there

997

00:46:56,099 --> 00:46:51,099

will be no planet to have free energy

998

00:46:58,170 --> 00:46:56,109

and and and this is the this is the the

999

00:47:01,799 --> 00:46:58,180

messages that are coming out of the out

1000

00:47:03,990 --> 00:47:01,809

of South America the the et messages are

1001  
00:47:09,840 --> 00:47:04,000  
being given to people in Peru

1002  
00:47:11,970 --> 00:47:09,850  
in Chile in Brazil in Argentina and

1003  
00:47:14,400 --> 00:47:11,980  
because those people aren't interested

1004  
00:47:17,910 --> 00:47:14,410  
in technology they're interested in a

1005  
00:47:20,880 --> 00:47:17,920  
paradigm shift and because they don't

1006  
00:47:23,930 --> 00:47:20,890  
have what we have we're interested see

1007  
00:47:26,790 --> 00:47:23,940  
the the ETS that came in the 50s and 60s

1008  
00:47:31,170 --> 00:47:26,800  
they tried they tried to give the

1009  
00:47:33,870 --> 00:47:31,180  
message of anti-nuclear of you know be

1010  
00:47:36,950 --> 00:47:33,880  
careful how we operate and so far the

1011  
00:47:40,380 --> 00:47:36,960  
damn ski which is very interesting to me

1012  
00:47:43,680 --> 00:47:40,390  
grunts Declan who the Adem ski you know

1013  
00:47:46,590 --> 00:47:43,690

friend of Adamski's and so forth told me

1014

00:47:49,440 --> 00:47:46,600

that a damn skis message in the 1960s

1015

00:47:51,540 --> 00:47:49,450

and he identity knew Kennedy and he's

1016

00:47:54,300 --> 00:47:51,550

very narrow Lincoln National Cemetery he

1017

00:47:56,370 --> 00:47:54,310

said that that was part of the timeline

1018

00:47:59,550 --> 00:47:56,380

where we could switch the economy to a

1019

00:48:02,310 --> 00:47:59,560

space based economy where we could make

1020

00:48:03,930 --> 00:48:02,320

a lot of money from the spin-offs of

1021

00:48:06,360 --> 00:48:03,940

flying in the outer space

1022

00:48:09,980 --> 00:48:06,370

or we'd stay with the war economy but

1023

00:48:12,390 --> 00:48:09,990

we'd have to create the wars mm-hmm and

1024

00:48:15,360 --> 00:48:12,400

you know which can you guess which one

1025

00:48:18,060 --> 00:48:15,370

we took you know I mean if you have a

1026

00:48:21,030 --> 00:48:18,070

war economy you've got to create wars to

1027

00:48:23,100 --> 00:48:21,040

have the economy go and then then we

1028

00:48:27,810 --> 00:48:23,110

have to create all the weapons of war

1029

00:48:30,270 --> 00:48:27,820

you know the very in some of those could

1030

00:48:33,360 --> 00:48:30,280

could have been back engineered so you

1031

00:48:37,200 --> 00:48:33,370

just it's a real mess is that that's why

1032

00:48:41,070 --> 00:48:37,210

in a way the dialogue oh I would like to

1033

00:48:45,210 --> 00:48:41,080

have is a vision of a more positive

1034

00:48:47,160 --> 00:48:45,220

future and a vision of raising of

1035

00:48:49,710 --> 00:48:47,170

consciousness of humanity I think the

1036

00:48:53,040 --> 00:48:49,720

reason why beings are visiting humanity

1037

00:48:55,080 --> 00:48:53,050

and these are many many beings that are

1038

00:48:57,860 --> 00:48:55,090

visiting humanity are because they want

1039

00:49:03,510 --> 00:48:57,870

the evolution of human consciousness

1040

00:49:07,320 --> 00:49:03,520

right yeah well that would be nice we

1041

00:49:09,210 --> 00:49:07,330

need it obviously well we're kind of a

1042

00:49:14,100 --> 00:49:09,220

wake-up call it's a wake up call

1043

00:49:16,420 --> 00:49:14,110

you know in a sense yeah well it should

1044

00:49:19,780 --> 00:49:16,430

be I wonder if it is

1045

00:49:21,940 --> 00:49:19,790

and you know the people that are kind of

1046

00:49:23,020 --> 00:49:21,950

listening or all you know it's like

1047

00:49:24,640 --> 00:49:23,030

they're kind of preaching to the choir

1048

00:49:27,970 --> 00:49:24,650

they're the people that are already open

1049

00:49:32,110 --> 00:49:27,980

to those ideas but aren't they making

1050

00:49:36,820 --> 00:49:32,120

headway with the other people the people

1051  
00:49:39,550 --> 00:49:36,830  
in power that can really do something to

1052  
00:49:40,480 --> 00:49:39,560  
change I mean obviously people can make

1053  
00:49:43,420 --> 00:49:40,490  
changes too

1054  
00:49:45,790 --> 00:49:43,430  
I believe that you know each person can

1055  
00:49:48,340 --> 00:49:45,800  
make a change in their own little realm

1056  
00:49:50,710 --> 00:49:48,350  
and their you know in their own little

1057  
00:49:54,130 --> 00:49:50,720  
circle but the people that can make the

1058  
00:49:56,410 --> 00:49:54,140  
big changes are they listening are they

1059  
00:50:01,300 --> 00:49:56,420  
willing to listen or do they already

1060  
00:50:04,840 --> 00:50:01,310  
know in their railing against it well no

1061  
00:50:06,850 --> 00:50:04,850  
I think you know because you look at you

1062  
00:50:08,950 --> 00:50:06,860  
know the geopolitical situation right

1063  
00:50:11,320 --> 00:50:08,960

now and I've been trying to figure it

1064

00:50:13,780 --> 00:50:11,330

out because this is all part of it and

1065

00:50:15,850 --> 00:50:13,790

maybe this is time we're facing our

1066

00:50:18,460 --> 00:50:15,860

demons I mean this is the time where

1067

00:50:20,680 --> 00:50:18,470

something's going to happen some which

1068

00:50:22,480 --> 00:50:20,690

way every way I'm not going to predict

1069

00:50:24,970 --> 00:50:22,490

but something will happen this is not

1070

00:50:27,190 --> 00:50:24,980

normal there's no there's no normal here

1071

00:50:30,790 --> 00:50:27,200

I mean whether it be here or Europe or

1072

00:50:33,610 --> 00:50:30,800

whatever there's no normal this is this

1073

00:50:36,160 --> 00:50:33,620

is bizarre it almost looks like we're

1074

00:50:38,830 --> 00:50:36,170

going back to the 60s with Russia being

1075

00:50:42,910 --> 00:50:38,840

the the enemy and America going against

1076

00:50:48,400 --> 00:50:42,920

Russia I mean looks like deja vu but I'm

1077

00:50:52,390 --> 00:50:48,410

convinced that that if we threw a an

1078

00:50:54,010 --> 00:50:52,400

awareness and by the way all the

1079

00:50:55,870 --> 00:50:54,020

contactees that I've been interviewing

1080

00:50:58,330 --> 00:50:55,880

lately and I have a book called all the

1081

00:51:01,270 --> 00:50:58,340

above and beyond they come out last year

1082

00:51:04,330 --> 00:51:01,280

and and if it's even though it's a 300

1083

00:51:06,160 --> 00:51:04,340

page book it's got seven of the Latin

1084

00:51:10,450 --> 00:51:06,170

American contactees in there and it's

1085

00:51:13,450 --> 00:51:10,460

got a lot about time travel and I had an

1086

00:51:16,540 --> 00:51:13,460

interview dan burisch I interviewed Al

1087

00:51:18,940 --> 00:51:16,550

Bielek I interviewed I did the Charles

1088

00:51:21,520 --> 00:51:18,950

Hall case the tall white aliens I mean

1089

00:51:24,520 --> 00:51:21,530

that's all in there and these these

1090

00:51:28,870 --> 00:51:24,530

peoples these cultural people's know

1091

00:51:30,190 --> 00:51:28,880

that individuals can change a society -

1092

00:51:34,270 --> 00:51:30,200

it doesn't need to be

1093

00:51:37,960 --> 00:51:34,280

people that are ruling the world it

1094

00:51:40,780 --> 00:51:37,970

could be individuals and individual

1095

00:51:43,450 --> 00:51:40,790

thinking and I remember John Mack he's

1096

00:51:45,910 --> 00:51:43,460

such a sweetheart I love John Mack he

1097

00:51:50,190 --> 00:51:45,920

said to me unless people change their

1098

00:51:52,630 --> 00:51:50,200

worldview to accommodate this this this

1099

00:51:55,210 --> 00:51:52,640

phenomenon nothing's going to happen but

1100

00:51:57,250 --> 00:51:55,220

we need to change the way we think so

1101  
00:51:59,079 --> 00:51:57,260  
that's why Laughlin that's why I created

1102  
00:52:01,359 --> 00:51:59,089  
something like Laughlin to change the

1103  
00:52:04,780 --> 00:52:01,369  
thinking to change the way we think

1104  
00:52:07,660 --> 00:52:04,790  
about it that we're more similar than

1105  
00:52:10,180 --> 00:52:07,670  
different that we are one that we are a

1106  
00:52:12,670 --> 00:52:10,190  
human species I mean those guys up there

1107  
00:52:15,849 --> 00:52:12,680  
PT's are gone they're not going just

1108  
00:52:17,560 --> 00:52:15,859  
guys Chinese this guy's you know Spanish

1109  
00:52:23,740 --> 00:52:17,570  
just got there going that's human race

1110  
00:52:26,230 --> 00:52:23,750  
and it were one species yeah I I totally

1111  
00:52:28,750 --> 00:52:26,240  
get it I totally agree I you know it's

1112  
00:52:30,700 --> 00:52:28,760  
it's kind of crazy you know I think you

1113  
00:52:33,339 --> 00:52:30,710

know you hear all these you know

1114

00:52:36,010 --> 00:52:33,349

negative conspiracy theories about you

1115

00:52:38,559 --> 00:52:36,020

know one world is like a bad thing but

1116

00:52:41,280 --> 00:52:38,569

there's definitely a positive side to

1117

00:52:44,410 --> 00:52:41,290

thinking in terms of one world and

1118

00:52:47,170 --> 00:52:44,420

looking at everyone as though we're all

1119

00:52:48,730 --> 00:52:47,180

part of each other if we're all part of

1120

00:52:51,430 --> 00:52:48,740

each other we're all related we're all

1121

00:52:53,950 --> 00:52:51,440

part of the same group then it seems

1122

00:52:57,870 --> 00:52:53,960

like we'd be less likely to maybe kill

1123

00:53:03,700 --> 00:52:57,880

each other or wage war on each other so

1124

00:53:07,660 --> 00:53:03,710

I do see a real upside to that kind of

1125

00:53:10,450 --> 00:53:07,670

one worldview because if we don't start

1126  
00:53:14,950 --> 00:53:10,460  
thinking that way then some of us are

1127  
00:53:16,540 --> 00:53:14,960  
gonna kill all the rest of us I think

1128  
00:53:17,170 --> 00:53:16,550  
it's more likely something like that

1129  
00:53:19,059 --> 00:53:17,180  
would happen

1130  
00:53:21,339 --> 00:53:19,069  
then you know we hear a lot of you know

1131  
00:53:25,120 --> 00:53:21,349  
some kind of you know astronomical

1132  
00:53:26,890 --> 00:53:25,130  
disaster an asteroid or something

1133  
00:53:29,140 --> 00:53:26,900  
hitting the earth and destroying

1134  
00:53:32,589 --> 00:53:29,150  
everything I think it's more likely that

1135  
00:53:34,569 --> 00:53:32,599  
we're going to do it to ourselves yeah I

1136  
00:53:36,220 --> 00:53:34,579  
mean all you need but you know we can

1137  
00:53:37,900 --> 00:53:36,230  
come together over catastrophe and I'm

1138  
00:53:40,210 --> 00:53:37,910

hoping that we don't because I remember

1139

00:53:42,490 --> 00:53:40,220

when there was a tsunami in the Pacific

1140

00:53:43,420 --> 00:53:42,500

everybody everybody came together they

1141

00:53:45,640 --> 00:53:43,430

they think

1142

00:53:48,849 --> 00:53:45,650

everybody was you know close to

1143

00:53:51,460 --> 00:53:48,859

everybody I mean but I don't need that I

1144

00:53:52,960 --> 00:53:51,470

mean because that catastrophe would

1145

00:53:55,809 --> 00:53:52,970

bring the whole world together in two

1146

00:53:57,730 --> 00:53:55,819

minutes I mean oh yeah a modern

1147

00:54:00,849 --> 00:53:57,740

catastrophe like a tsunami or an

1148

00:54:03,970 --> 00:54:00,859

earthquake and in the west coast of

1149

00:54:06,549 --> 00:54:03,980

America I mean can you imagine I mean

1150

00:54:08,920 --> 00:54:06,559

but what do we need to do that I don't

1151

00:54:11,200 --> 00:54:08,930

want to do it that way you know I don't

1152

00:54:14,470 --> 00:54:11,210

want to come together because of some

1153

00:54:17,500 --> 00:54:14,480

huge ecological disaster an earthquake a

1154

00:54:19,690 --> 00:54:17,510

tsunami yeah you know war something I

1155

00:54:23,230 --> 00:54:19,700

would like to come together because

1156

00:54:25,000 --> 00:54:23,240

because we are the same I mean I

1157

00:54:27,160 --> 00:54:25,010

remember at ger Mitchell and he was

1158

00:54:29,530 --> 00:54:27,170

another friend of mine he said when he

1159

00:54:32,040 --> 00:54:29,540

was out in space and he was coming

1160

00:54:36,130 --> 00:54:32,050

towards Earth he never saw any borders

1161

00:54:39,010 --> 00:54:36,140

he couldn't flower and he said he had a

1162

00:54:40,599 --> 00:54:39,020

very spiritual epiphany that he was not

1163

00:54:43,480 --> 00:54:40,609

only one with the earth but he was one

1164

00:54:50,079 --> 00:54:43,490

of the stars in the universe and I think

1165

00:54:53,260 --> 00:54:50,089

that's the basic truth well yeah it

1166

00:54:54,640 --> 00:54:53,270

sounds right to me I mean it you know

1167

00:54:59,160 --> 00:54:54,650

it's funny and we were talking a little

1168

00:55:01,780 --> 00:54:59,170

earlier about this about how there

1169

00:55:04,420 --> 00:55:01,790

sometimes the people that work in the

1170

00:55:08,140 --> 00:55:04,430

field of ufology and a lot of people

1171

00:55:11,890 --> 00:55:08,150

that have been in space like Edgar

1172

00:55:15,520 --> 00:55:11,900

Mitchell the astronaut it seems like at

1173

00:55:17,710 --> 00:55:15,530

some point you know they do you start to

1174

00:55:20,650 --> 00:55:17,720

see a convergence of the spiritual and

1175

00:55:21,970 --> 00:55:20,660

the scientific and I know that you you

1176  
00:55:25,450 --> 00:55:21,980  
know you're going to be covering that in

1177  
00:55:26,890 --> 00:55:25,460  
the in the conference I was reading

1178  
00:55:28,510 --> 00:55:26,900  
something about one of your speakers and

1179  
00:55:30,640 --> 00:55:28,520  
it was a woman that you mentioned

1180  
00:55:33,339 --> 00:55:30,650  
earlier I'm sorry I'm blanking on her

1181  
00:55:35,020 --> 00:55:33,349  
name at the moment but I had not I

1182  
00:55:37,780 --> 00:55:35,030  
wasn't familiar with her but I thought

1183  
00:55:41,349 --> 00:55:37,790  
boy I would sure like to hear what she

1184  
00:55:45,309 --> 00:55:41,359  
has to say on that because it does seem

1185  
00:55:50,559 --> 00:55:45,319  
like that there is a convergence in some

1186  
00:55:52,839 --> 00:55:50,569  
corners of people being open to it's

1187  
00:55:54,670 --> 00:55:52,849  
sort of like if you're a scientist you

1188  
00:55:57,220 --> 00:55:54,680

know you shut off the other side if

1189

00:55:59,770 --> 00:55:57,230

you're a spiritual person you shut off

1190

00:56:03,640 --> 00:55:59,780

you know the the sort of analytical side

1191

00:56:05,440 --> 00:56:03,650

but there really is something that good

1192

00:56:07,810 --> 00:56:05,450

that happens when those two join

1193

00:56:10,510 --> 00:56:07,820

together because like you were saying

1194

00:56:13,030 --> 00:56:10,520

about the the the bands that the aliens

1195

00:56:16,150 --> 00:56:13,040

would wear around their heads that made

1196

00:56:18,220 --> 00:56:16,160

them one with the with the ship I can

1197

00:56:21,460 --> 00:56:18,230

see how that could work and I've often

1198

00:56:24,190 --> 00:56:21,470

felt that way when I was like often

1199

00:56:25,599 --> 00:56:24,200

running on some research that I was

1200

00:56:27,790 --> 00:56:25,609

doing on something I was really

1201  
00:56:31,570 --> 00:56:27,800  
passionate about some magnificent

1202  
00:56:34,270 --> 00:56:31,580  
obsession I was chasing and I would feel

1203  
00:56:36,640 --> 00:56:34,280  
like I was just the right book was

1204  
00:56:38,710 --> 00:56:36,650  
falling into my hands or the right I

1205  
00:56:40,810 --> 00:56:38,720  
would just put in some search and

1206  
00:56:42,280 --> 00:56:40,820  
something I wasn't looking for popped up

1207  
00:56:44,349 --> 00:56:42,290  
but it was just the right thing that I

1208  
00:56:46,420 --> 00:56:44,359  
needed and I'd often feel like you know

1209  
00:56:50,770 --> 00:56:46,430  
kind of one with my computer at some

1210  
00:56:52,720 --> 00:56:50,780  
times or another so I can see how that

1211  
00:56:56,020 --> 00:56:52,730  
could actually work and be true and be

1212  
00:57:00,460 --> 00:56:56,030  
enhanced by technology but there's there

1213  
00:57:01,630 --> 00:57:00,470

there's so much that I want them so much

1214

00:57:04,030 --> 00:57:01,640

more than I want to ask you about

1215

00:57:06,130 --> 00:57:04,040

Colonel Corso and others that you've

1216

00:57:08,980 --> 00:57:06,140

talked to because I know he's only one

1217

00:57:11,620 --> 00:57:08,990

but he is the subject of your new book

1218

00:57:13,180 --> 00:57:11,630

so I definitely want to put that out

1219

00:57:15,010 --> 00:57:13,190

there and let people know how they can

1220

00:57:17,830 --> 00:57:15,020

get it now we're going to take a quick

1221

00:57:23,290 --> 00:57:17,840

break and when we come back more with

1222

00:57:25,080 --> 00:57:23,300

Paola Harrison stay with us welcome back

1223

00:57:28,390 --> 00:57:25,090

for the final half-hour as night vision

1224

00:57:30,580 --> 00:57:28,400

I'm your host Renee Barnett and with me

1225

00:57:33,460 --> 00:57:30,590

is Paola Harris she's a photo journalist

1226  
00:57:35,920 --> 00:57:33,470  
and author a speaker and a conference

1227  
00:57:39,250 --> 00:57:35,930  
producer and want to remind you once

1228  
00:57:41,530 --> 00:57:39,260  
again that she's got the star works USA

1229  
00:57:44,500 --> 00:57:41,540  
conference coming up at Starbucks

1230  
00:57:48,580 --> 00:57:44,510  
usa.com check it out it's coming up in

1231  
00:57:50,859 --> 00:57:48,590  
November in Laughlin and it's a I guess

1232  
00:57:52,690 --> 00:57:50,869  
you could say it's a UFO conference but

1233  
00:57:56,320 --> 00:57:52,700  
it's sort of a UFO conference of a

1234  
00:57:58,240 --> 00:57:56,330  
different kind so check it out because

1235  
00:58:00,910 --> 00:57:58,250  
it's going to be different and not your

1236  
00:58:03,240 --> 00:58:00,920  
usual fare but a lot of people you're

1237  
00:58:06,550 --> 00:58:03,250  
going to recognize and some new speakers

1238  
00:58:09,430 --> 00:58:06,560

that should be fun too because I'll know

1239

00:58:10,870 --> 00:58:09,440

there's some definite sessions in there

1240

00:58:13,299 --> 00:58:10,880

that I want to sit in on

1241

00:58:15,339 --> 00:58:13,309

I saw some great stuff as we were

1242

00:58:18,400 --> 00:58:15,349

talking about on the break Paola

1243

00:58:22,720 --> 00:58:18,410

I think we need a new way of looking at

1244

00:58:25,690 --> 00:58:22,730

things and not rejected no one side or

1245

00:58:27,519 --> 00:58:25,700

the other you know well it's a new world

1246

00:58:29,700 --> 00:58:27,529

view and that's what dark doctor John

1247

00:58:33,190 --> 00:58:29,710

Mack remember he was a medical

1248

00:58:34,930 --> 00:58:33,200

psychiatrist said yes he said that it

1249

00:58:36,910 --> 00:58:34,940

has to accommodate all this we were

1250

00:58:39,849 --> 00:58:36,920

talking and you were talking about ESP

1251

00:58:41,259 --> 00:58:39,859

and so forth and using intuition well

1252

00:58:43,599 --> 00:58:41,269

these beings when they communicate

1253

00:58:45,519 --> 00:58:43,609

they're not speaking with their mouths

1254

00:58:48,099 --> 00:58:45,529

and they're not speaking didn't go to

1255

00:58:52,809 --> 00:58:48,109

school to study Spanish and Chinese and

1256

00:58:54,880 --> 00:58:52,819

Italian and they basically the being

1257

00:58:59,519 --> 00:58:54,890

communication with ETS is done

1258

00:59:04,289 --> 00:58:59,529

telepathically and it's a direct

1259

00:59:06,759 --> 00:59:04,299

transfer a thought transfer and ESP

1260

00:59:08,950 --> 00:59:06,769

remote viewing was studied by the

1261

00:59:11,620 --> 00:59:08,960

military and if the military is spending

1262

00:59:13,930 --> 00:59:11,630

all the time remote viewing and and I

1263

00:59:16,720 --> 00:59:13,940

interviewed several people I've got a

1264

00:59:19,029 --> 00:59:16,730

whole section on my first book on remote

1265

00:59:21,160 --> 00:59:19,039

viewing and talking about Ingo Swann and

1266

00:59:24,849 --> 00:59:21,170

and I've got Courtney brown in there

1267

00:59:26,829 --> 00:59:24,859

I've got Paul Smith I've got Erie

1268

00:59:29,740 --> 00:59:26,839

Gallery I've got all these people in my

1269

00:59:31,930 --> 00:59:29,750

first book connecting the dots making

1270

00:59:36,400 --> 00:59:31,940

sense of the UFO phenomenon if the

1271

00:59:41,289 --> 00:59:36,410

military is developing ESP and and and

1272

00:59:43,859 --> 00:59:41,299

these things for you know for I'm not

1273

00:59:48,160 --> 00:59:43,869

for uses and for the military

1274

00:59:50,769 --> 00:59:48,170

why is army people making fun of ESP

1275

00:59:53,109 --> 00:59:50,779

classes or ESP or people that have an

1276

00:59:56,620 --> 00:59:53,119

intuition and so forth because it is a

1277

00:59:59,799 --> 00:59:56,630

sixth sense that is valuable to to

1278

01:00:03,069 --> 00:59:59,809

regular people just as much as it is to

1279

01:00:05,559 --> 01:00:03,079

the military and if you develop that and

1280

01:00:10,809 --> 01:00:05,569

and you have to have certain meditation

1281

01:00:14,019 --> 01:00:10,819

skills and certain skills to concentrate

1282

01:00:17,499 --> 01:00:14,029

and you develop that that that is the

1283

01:00:21,609 --> 01:00:17,509

way these being you know dialogue with

1284

01:00:24,460 --> 01:00:21,619

humans so that's why Clifford stone who

1285

01:00:27,099 --> 01:00:24,470

will be at a loss one conference was

1286

01:00:29,640 --> 01:00:27,109

chose him when he was a child he had

1287

01:00:32,710 --> 01:00:29,650

contact in the military the army knew

1288

01:00:36,070 --> 01:00:32,720

and so when that he was 16 years old and

1289

01:00:38,140 --> 01:00:36,080

he was not medically fit for the army

1290

01:00:41,320 --> 01:00:38,150

they drafted him anyway or he

1291

01:00:44,770 --> 01:00:41,330

volunteered to - he thought he was on

1292

01:00:46,570 --> 01:00:44,780

some kind of nuclear biological group

1293

01:00:49,599 --> 01:00:46,580

that was cleaning up you know nuclear

1294

01:00:52,599 --> 01:00:49,609

biological waste and he found out early

1295

01:00:55,780 --> 01:00:52,609

on that his job was to approach a craft

1296

01:00:59,890 --> 01:00:55,790

and communicate with the beings and his

1297

01:01:02,890 --> 01:00:59,900

book eyes only which I helped publish he

1298

01:01:05,140 --> 01:01:02,900

talks about cases in Vietnam and and

1299

01:01:07,240 --> 01:01:05,150

just recently I interviewed Clifford

1300

01:01:09,060 --> 01:01:07,250

again he will be interviewed by George

1301

01:01:11,589 --> 01:01:09,070

and airy at my conference and I said

1302

01:01:13,300 --> 01:01:11,599

what happened in Vietnam and he said

1303

01:01:15,609 --> 01:01:13,310

basically he was asked to go into this

1304

01:01:18,550 --> 01:01:15,619

cave where these very strange-looking

1305

01:01:20,680 --> 01:01:18,560

beings were watching the Vietnam War and

1306

01:01:22,150 --> 01:01:20,690

and they turned around to him and said

1307

01:01:25,780 --> 01:01:22,160

what are you doing fighting over here

1308

01:01:27,640 --> 01:01:25,790

and so you know it's like everybody

1309

01:01:29,530 --> 01:01:27,650

thinks they're good or evil of giving

1310

01:01:31,359 --> 01:01:29,540

them all kinds of agenda I've come to

1311

01:01:33,670 --> 01:01:31,369

the conclusion they're watching our

1312

01:01:36,640 --> 01:01:33,680

insanity and and and they're watching

1313

01:01:38,500 --> 01:01:36,650

what we're doing he has three cases that

1314

01:01:42,609 --> 01:01:38,510

he talks about his involvement in

1315

01:01:44,140 --> 01:01:42,619

Vietnam and and he and the other thing I

1316

01:01:46,720 --> 01:01:44,150

want to make clear is we've got to stop

1317

01:01:49,180 --> 01:01:46,730

throwing these beings into reptilians

1318

01:01:52,440 --> 01:01:49,190

brazen and Nordics I mean that is

1319

01:01:55,599 --> 01:01:52,450

ridiculous there are 57 different races

1320

01:01:59,320 --> 01:01:55,609

of beings and the ones in South America

1321

01:02:01,810 --> 01:01:59,330

are from a planet called Abu in the in

1322

01:02:04,990 --> 01:02:01,820

the constellation of Alpha Centauri if

1323

01:02:06,480 --> 01:02:05,000

you read Ricardo Gonzalez's book which I

1324

01:02:08,800 --> 01:02:06,490

helped him publish called

1325

01:02:12,099 --> 01:02:08,810

contact from the planet up or their

1326

01:02:13,930 --> 01:02:12,109

people and and you can't show them into

1327

01:02:16,720 --> 01:02:13,940

three categories when there's 57

1328

01:02:19,120 --> 01:02:16,730

different races I mean the other way

1329

01:02:20,740 --> 01:02:19,130

around was they'd come to the the beings

1330

01:02:23,109 --> 01:02:20,750

would come from other planets and say

1331

01:02:25,719 --> 01:02:23,119

there's three different kinds of human

1332

01:02:27,849 --> 01:02:25,729

if you've been thinking about updating

1333

01:02:30,579 --> 01:02:27,859

your old appliances now's the time

1334

01:02:33,549 --> 01:02:30,589

because now at Lowe's you'll find great

1335

01:02:36,729 --> 01:02:33,559

deals like up to 40% on select appliance

1336

01:02:38,829 --> 01:02:36,739

special values that's up to 40% off some

1337

01:02:41,200 --> 01:02:38,839

of the best brand-name appliances with

1338

01:02:43,569 --> 01:02:41,210

all the bells and whistles to help bring

1339

01:02:45,789 --> 01:02:43,579

your kitchen and laundry room up to date

1340

01:02:48,519 --> 01:02:45,799

all projects have a starting point

1341

01:02:50,109 --> 01:02:48,529

start with Lowe's about 621 through 712

1342

01:02:56,049 --> 01:02:50,119

us only exclusion supplies these store

1343

01:02:59,799 --> 01:02:56,059

for details once you know it's magatsu

1344

01:03:02,200 --> 01:02:59,809

really study this so that we are at

1345

01:03:06,459 --> 01:03:02,210

treating it like an academic subject

1346

01:03:10,479 --> 01:03:06,469

that we have accumulated the knowledge

1347

01:03:13,089 --> 01:03:10,489

from reading books that the sources you

1348

01:03:16,029 --> 01:03:13,099

know I said when I do conference a you

1349

01:03:17,709 --> 01:03:16,039

say if you were my class and I asked you

1350

01:03:20,589 --> 01:03:17,719

to do a research paper and you were

1351

01:03:23,349 --> 01:03:20,599

quoting Internet you'd get an F you got

1352

01:03:25,180 --> 01:03:23,359

to go to the original source you have to

1353

01:03:26,979 --> 01:03:25,190

read little courses book you have to

1354

01:03:29,049 --> 01:03:26,989

read allen hynek's book you have to read

1355

01:03:31,239 --> 01:03:29,059

Charles Holmes book you have to read

1356

01:03:34,329 --> 01:03:31,249

Jacques Millais book you have to read

1357

01:03:37,329 --> 01:03:34,339

you know the books and what the original

1358

01:03:39,670 --> 01:03:37,339

source told you you read Travis Waltons

1359

01:03:42,459 --> 01:03:39,680

book fire in the sky which is totally

1360

01:03:46,329 --> 01:03:42,469

different from the movie you can just go

1361

01:03:48,579 --> 01:03:46,339

to movies and go on you know you know

1362

01:03:53,049 --> 01:03:48,589

and and and get all your information off

1363

01:03:56,289 --> 01:03:53,059

television shows and if you did that if

1364

01:03:58,979 --> 01:03:56,299

people really did that they would get

1365

01:04:02,529 --> 01:03:58,989

the answer to a lot of their questions

1366

01:04:04,630 --> 01:04:02,539

and you know and go back to putting it

1367

01:04:06,969 --> 01:04:04,640

all together one of the things about

1368

01:04:09,759 --> 01:04:06,979

Edgar Mitchell is when he came back from

1369

01:04:13,959 --> 01:04:09,769

his trip to the moon he was six man on

1370

01:04:17,009 --> 01:04:13,969

the moon Apollo 14 after you know the

1371

01:04:20,079 --> 01:04:17,019

infamous apology I mean you know he

1372

01:04:23,799 --> 01:04:20,089

didn't he went into noetic Sciences

1373

01:04:28,779 --> 01:04:23,809

which meant he financed her yellers you

1374

01:04:30,789 --> 01:04:28,789

know studies conscience yeah yeah it

1375

01:04:34,269 --> 01:04:30,799

wasn't him it was the CIA the finance

1376

01:04:36,550 --> 01:04:34,279

the study of regular in his powers and s

1377

01:04:40,450 --> 01:04:36,560

RI and and

1378

01:04:42,960 --> 01:04:40,460

noetic sciences he is part of the right

1379

01:04:45,400 --> 01:04:42,970

sizes is Dean rain and the quantum

1380

01:04:47,650 --> 01:04:45,410

physics that Dean Radin is putting out

1381

01:04:49,900 --> 01:04:47,660

which shows that everything is

1382

01:04:53,860 --> 01:04:49,910

interconnected and that isn't New Leash

1383

01:04:56,560 --> 01:04:53,870

that's modern quantum that the is that's

1384

01:04:58,750 --> 01:04:56,570

science I mean now you know we got the

1385

01:05:01,870 --> 01:04:58,760

phenomenon now we're developing the

1386

01:05:06,010 --> 01:05:01,880

science to explain it exactly science

1387

01:05:08,680 --> 01:05:06,020

that explains it so and people should

1388

01:05:12,040 --> 01:05:08,690

know that it's not whoa it's science

1389

01:05:14,260 --> 01:05:12,050

I mean it's real science that's claiming

1390

01:05:15,610 --> 01:05:14,270

that everything is one that phenomenon

1391

01:05:18,250 --> 01:05:15,620

happens when you have the head of

1392

01:05:20,110 --> 01:05:18,260

Lockheed Martin saying we could take

1393

01:05:23,860 --> 01:05:20,120

we've got the technology to take e.t

1394

01:05:28,540 --> 01:05:23,870

home and then Johar's had questions them

1395

01:05:32,860 --> 01:05:28,550

and says why you know where what's

1396

01:05:36,130 --> 01:05:32,870

missing in the guy you know the head of

1397

01:05:38,560 --> 01:05:36,140

Lockheed Martin then I think it's been

1398

01:05:42,910 --> 01:05:38,570

rich says to to Jan Harvin do you know

1399

01:05:44,800 --> 01:05:42,920

how ESP works do you know how ESP works

1400

01:05:47,650 --> 01:05:44,810

yeah you use your mind to fly the ship

1401

01:05:49,720 --> 01:05:47,660

you use you know how do you know how ESP

1402

01:05:52,200 --> 01:05:49,730

works you know and that's all he said to

1403

01:05:54,790 --> 01:05:52,210

them that and then you have to connect

1404

01:05:58,390 --> 01:05:54,800

you have to connect the dots there is

1405

01:06:03,700 --> 01:05:58,400

this there is a component in our psyche

1406

01:06:05,950 --> 01:06:03,710

that is very powerful that can it can do

1407

01:06:09,160 --> 01:06:05,960

a lot of amazing things we have this

1408

01:06:11,500 --> 01:06:09,170

conversation before you and I yeah and

1409

01:06:14,800 --> 01:06:11,510

and you know just like they've developed

1410

01:06:17,710 --> 01:06:14,810

you know artificial limbs electronic

1411

01:06:20,050 --> 01:06:17,720

limbs that are controlled by your mind

1412

01:06:21,910 --> 01:06:20,060

you think I want to pick up this glass

1413

01:06:25,390 --> 01:06:21,920

it's just like as if it was your own

1414

01:06:27,280 --> 01:06:25,400

hand and I mean they they must have

1415

01:06:28,750 --> 01:06:27,290

figured a lot of this stuff out and I

1416

01:06:33,160 --> 01:06:28,760

guess they're putting it out in a

1417

01:06:35,350 --> 01:06:33,170

limited way but when you were spending

1418

01:06:37,950 --> 01:06:35,360

time with with Colonel Corso I know you

1419

01:06:40,780 --> 01:06:37,960

you got to be you know more than just

1420

01:06:43,270 --> 01:06:40,790

interview subject and interviewee I mean

1421

01:06:46,000 --> 01:06:43,280

an interviewer you got to be close

1422

01:06:48,339 --> 01:06:46,010

friends and I know you were you you had

1423

01:06:51,430 --> 01:06:48,349

fond feelings for him

1424

01:06:55,870 --> 01:06:51,440

and so I would imagine he really opened

1425

01:06:57,670 --> 01:06:55,880

up to you at that time so can you talk

1426  
01:07:01,539 --> 01:06:57,680  
about how some of your conversations

1427  
01:07:03,519 --> 01:07:01,549  
went what was he like and I know you

1428  
01:07:06,940 --> 01:07:03,529  
probably as a journalist do the same

1429  
01:07:09,069 --> 01:07:06,950  
thing a lot of us do and or just in life

1430  
01:07:10,719 --> 01:07:09,079  
when you're talking to someone you you

1431  
01:07:12,940 --> 01:07:10,729  
know you're sort of gauging you know do

1432  
01:07:16,719 --> 01:07:12,950  
they sound believable does this seem

1433  
01:07:18,609 --> 01:07:16,729  
like a good true and honest person can

1434  
01:07:20,859 --> 01:07:18,619  
you just give us a little bit about your

1435  
01:07:26,140 --> 01:07:20,869  
perceptions about Colonel Corso what

1436  
01:07:28,150 --> 01:07:26,150  
kind of a person was he and if if you

1437  
01:07:30,700 --> 01:07:28,160  
could share something from the book that

1438  
01:07:32,170 --> 01:07:30,710

may be new to us that we didn't we

1439

01:07:36,930 --> 01:07:32,180

haven't learned yet there's probably a

1440

01:07:40,089 --> 01:07:36,940

lot well there is a lot in first of all

1441

01:07:43,180 --> 01:07:40,099

trail course so I spent Easter with him

1442

01:07:47,499 --> 01:07:43,190

in Italy because he came over a second

1443

01:07:49,390 --> 01:07:47,509

time in 1998 to a small independent

1444

01:07:53,529 --> 01:07:49,400

Republic called son that you know to

1445

01:07:55,660 --> 01:07:53,539

sign in a United Nations resolution the

1446

01:07:58,900 --> 01:07:55,670

independent Republic of somebody you

1447

01:08:02,859 --> 01:07:58,910

know like Grenada which was a small

1448

01:08:05,859 --> 01:08:02,869

country in 1979 with Sir Eric gairy they

1449

01:08:08,049 --> 01:08:05,869

all tried to open this up in in in the

1450

01:08:10,779 --> 01:08:08,059

to talk about it seriously in the United

1451

01:08:13,839 --> 01:08:10,789

Nations so when he came over in 1998 he

1452

01:08:18,059 --> 01:08:13,849

signed a paper with a lot of researchers

1453

01:08:22,479 --> 01:08:18,069

Colin Andrews was there David Jacobs oh

1454

01:08:24,070 --> 01:08:22,489

my goodness Michael husbandman people

1455

01:08:26,379 --> 01:08:24,080

from all over searchers from all over

1456

01:08:28,329 --> 01:08:26,389

the world signed the paper to open this

1457

01:08:30,550 --> 01:08:28,339

up with the United Nations and I spent

1458

01:08:33,970 --> 01:08:30,560

Easter with him that year and that was

1459

01:08:36,700 --> 01:08:33,980

the year he died in 1998 and what he

1460

01:08:39,519 --> 01:08:36,710

said what he said was that that he

1461

01:08:41,769 --> 01:08:39,529

regretted a lot of his decisions because

1462

01:08:45,789 --> 01:08:41,779

he said that when he was in the military

1463

01:08:48,669 --> 01:08:45,799

they had made him you know he regretted

1464

01:08:51,970 --> 01:08:48,679

the wars he was and he regretted a lot

1465

01:08:54,700 --> 01:08:51,980

of you know he said it was very

1466

01:08:57,760 --> 01:08:54,710

difficult on him that he saw everything

1467

01:09:01,150 --> 01:08:57,770

in retro retrospect because he did the

1468

01:09:03,640 --> 01:09:01,160

world war two he did the Korean or

1469

01:09:10,180 --> 01:09:03,650

you know he was involved with that and

1470

01:09:13,240 --> 01:09:10,190

he said that basically he saw he had a

1471

01:09:17,410 --> 01:09:13,250

different perception of what the planet

1472

01:09:19,750 --> 01:09:17,420

was like and he thought that that we

1473

01:09:23,440 --> 01:09:19,760

were being visited for reason in other

1474

01:09:25,750 --> 01:09:23,450

words that it being in Roswell was

1475

01:09:30,610 --> 01:09:25,760

because of our you got to understand

1476

01:09:32,590 --> 01:09:30,620

that Roswell that the bomb that the the

1477

01:09:38,980 --> 01:09:32,600

testing of the atomic bomb at White

1478

01:09:41,410 --> 01:09:38,990

Sands there it was in 1945 and in we had

1479

01:09:44,560 --> 01:09:41,420

a crash in 1945 it's in one of my books

1480

01:09:47,200 --> 01:09:44,570

but the five Oh ninth bomb squadron that

1481

01:09:51,690 --> 01:09:47,210

actually threw the bombs in Nagasaki and

1482

01:09:55,540 --> 01:09:51,700

Hiroshima were stationed in Roswell sure

1483

01:09:57,820 --> 01:09:55,550

planes were there you know in in so

1484

01:10:00,340 --> 01:09:57,830

these the crash that happened there was

1485

01:10:03,370 --> 01:10:00,350

it was the result of beings that were

1486

01:10:05,470 --> 01:10:03,380

watching not only our ability to blow

1487

01:10:07,990 --> 01:10:05,480

ourselves up but anything that happened

1488

01:10:10,150 --> 01:10:08,000

was in their dimension too in other

1489

01:10:14,230 --> 01:10:10,160

words when we discover something that

1490

01:10:17,320 --> 01:10:14,240

dangerous it also it also echoes in

1491

01:10:22,300 --> 01:10:17,330

their dimension it also hurt it hurts

1492

01:10:24,760 --> 01:10:22,310

them so Corso was saying you know that

1493

01:10:27,460 --> 01:10:24,770

we were work was in our decisions and

1494

01:10:29,710 --> 01:10:27,470

that he had their responsibilities was

1495

01:10:32,200 --> 01:10:29,720

he was given the responsibility to back

1496

01:10:33,970 --> 01:10:32,210

engineer these things but he at the end

1497

01:10:37,060 --> 01:10:33,980

of the book he says the biggest gift

1498

01:10:40,810 --> 01:10:37,070

that he didn't do anything with was the

1499

01:10:45,550 --> 01:10:40,820

the et body because it's faded fast he

1500

01:10:47,680 --> 01:10:45,560

said and he made you know clear allusion

1501

01:10:50,200 --> 01:10:47,690

to the fact that he actually was at

1502

01:10:53,350 --> 01:10:50,210

wright-patterson and he he made an

1503

01:10:56,950 --> 01:10:53,360

allusion that he did see bodies yeah and

1504

01:11:00,670 --> 01:10:56,960

he did anyway and the reason why he you

1505

01:11:03,130 --> 01:11:00,680

know everybody thinks that his intention

1506

01:11:05,550 --> 01:11:03,140

was books and money is not true because

1507

01:11:09,130 --> 01:11:05,560

when he died he hadn't made any money

1508

01:11:12,280 --> 01:11:09,140

later on the book you know was was more

1509

01:11:14,110 --> 01:11:12,290

popular but I said Colonel why why are

1510

01:11:15,070 --> 01:11:14,120

you doing this and he said for my

1511

01:11:19,630 --> 01:11:15,080

children child

1512

01:11:21,610 --> 01:11:19,640

the three boys Nick Andrew and Philip he

1513

01:11:25,030 --> 01:11:21,620

said you know they asked me grandpa

1514

01:11:27,070 --> 01:11:25,040

did you ever talk to et and so he said I

1515

01:11:28,840 --> 01:11:27,080

finally had to tell them the truth he

1516

01:11:30,670 --> 01:11:28,850

said and the young people can handle it

1517

01:11:33,460 --> 01:11:30,680

he said this shouldn't be hidden anymore

1518

01:11:36,670 --> 01:11:33,470

stop lying to the young people he said

1519

01:11:39,040 --> 01:11:36,680

this should be a because they can handle

1520

01:11:41,680 --> 01:11:39,050

it and they must handle it they must

1521

01:11:43,960 --> 01:11:41,690

know this is real and that was his main

1522

01:11:45,760 --> 01:11:43,970

intention and he repeated that over and

1523

01:11:46,810 --> 01:11:45,770

over again and of course when we brought

1524

01:11:48,310 --> 01:11:46,820

him to Italy we brought his

1525

01:11:51,430 --> 01:11:48,320

grandchildren there that was part of the

1526

01:11:54,010 --> 01:11:51,440

deal we had to bring him you know and we

1527

01:11:59,170 --> 01:11:54,020

had them in Italy with us and you know

1528

01:12:01,570 --> 01:11:59,180

grandpas not gonna lie you know light

1529

01:12:04,450 --> 01:12:01,580

and so the Pearl was telling the truth

1530

01:12:06,130 --> 01:12:04,460

about everything in the details around

1531

01:12:08,800 --> 01:12:06,140

the book even talks about World War two

1532

01:12:12,250 --> 01:12:08,810

Operation Paperclip bringing over the

1533

01:12:15,670 --> 01:12:12,260

German scientists how some of these like

1534

01:12:18,730 --> 01:12:15,680

Hermann Oberth had had great knowledge

1535

01:12:21,160 --> 01:12:18,740

of UFOs and he talked about the Foo

1536

01:12:22,990 --> 01:12:21,170

Fighters and these are all this is all

1537

01:12:25,780 --> 01:12:23,000

in the book he went into details about

1538

01:12:28,690 --> 01:12:25,790

all of this stuff which was not in the

1539

01:12:31,800 --> 01:12:28,700

day after Roswell but the greatest story

1540

01:12:33,940 --> 01:12:31,810

of all I can tell you is that that in

1541

01:12:36,400 --> 01:12:33,950

1957 he was the head of a missile

1542

01:12:39,190 --> 01:12:36,410

battalion and in a white van near he

1543

01:12:41,620 --> 01:12:39,200

said of Red Canyon and I sensed her I

1544

01:12:45,100 --> 01:12:41,630

tried to drive by there and he said he

1545

01:12:48,490 --> 01:12:45,110

saw a UFO that was on the ground and he

1546

01:12:50,320 --> 01:12:48,500

said he took the car the the Jeep and

1547

01:12:52,810 --> 01:12:50,330

went over to the UFO NIT was appearing

1548

01:12:55,000 --> 01:12:52,820

and disappearing and he said that he

1549

01:12:57,490 --> 01:12:55,010

threw some cactus under to see how solid

1550

01:12:59,920 --> 01:12:57,500

it was and it actually squashed the

1551

01:13:01,870 --> 01:12:59,930

cactus and he said from the left a key

1552

01:13:03,730 --> 01:13:01,880

out of cave came a being and he said he

1553

01:13:05,920 --> 01:13:03,740

pulled out his gun and he pointed it at

1554

01:13:07,660 --> 01:13:05,930

the being he's telling the truth and to

1555

01:13:09,700 --> 01:13:07,670

be and this is one of those beings with

1556

01:13:12,580 --> 01:13:09,710

the headband and he says to the being

1557

01:13:14,200 --> 01:13:12,590

friend or foe and I and he asked me in

1558

01:13:16,180 --> 01:13:14,210

the first interview he ever did with me

1559

01:13:18,640 --> 01:13:16,190

said just what he said and I said he

1560

01:13:20,890 --> 01:13:18,650

said neither in Colonel Corso said

1561

01:13:22,810 --> 01:13:20,900

that's what he said neither and and then

1562

01:13:24,400 --> 01:13:22,820

he said the being said would you shut

1563

01:13:26,860 --> 01:13:24,410

down your radars and let me go because

1564

01:13:28,420 --> 01:13:26,870

in those days they were they were told

1565

01:13:30,340 --> 01:13:28,430

to shut their radios down

1566

01:13:31,990 --> 01:13:30,350

during certain times of the day in

1567

01:13:35,680 --> 01:13:32,000

kurtal course I hadn't shut them down

1568

01:13:37,960 --> 01:13:35,690

and so Colonel Corsa said if I shut down

1569

01:13:40,300 --> 01:13:37,970

my readers what he radars what do you

1570

01:13:42,940 --> 01:13:40,310

have to offer me and he goes the new

1571

01:13:44,680 --> 01:13:42,950

world if you can take it and that phrase

1572

01:13:46,810 --> 01:13:44,690

the new world of you can take it's been

1573

01:13:48,970 --> 01:13:46,820

used in ufology but that comes from the

1574

01:13:50,800 --> 01:13:48,980

message that the being told Colonel

1575

01:13:54,550 --> 01:13:50,810

Courcelles everybody knows about that

1576

01:13:56,530 --> 01:13:54,560

phrase and of course when they gave me

1577

01:13:57,700 --> 01:13:56,540

the first interview and I'm going to be

1578

01:13:59,230 --> 01:13:57,710

honest with you Renee

1579

01:14:02,170 --> 01:13:59,240

I didn't print it because I thought they

1580

01:14:04,840 --> 01:14:02,180

think he was crazy so I never printed it

1581

01:14:06,910 --> 01:14:04,850

until after he died so I made a

1582

01:14:08,860 --> 01:14:06,920

censorship decision that was very bad

1583

01:14:11,410 --> 01:14:08,870

for a journalist he gave me that

1584

01:14:13,120 --> 01:14:11,420

interview and when I first met him and

1585

01:14:14,650 --> 01:14:13,130

then I told him I didn't I wanted to

1586

01:14:17,590 --> 01:14:14,660

know about back-engineering and not

1587

01:14:20,170 --> 01:14:17,600

contact that anyway so and he said to me

1588

01:14:23,020 --> 01:14:20,180

Paula he said do you know what a new

1589

01:14:27,490 --> 01:14:23,030

world if you can take it means and today

1590

01:14:29,890 --> 01:14:27,500

in 2017 I know it means a change your

1591

01:14:33,100 --> 01:14:29,900

worldview and a raising of consciousness

1592

01:14:36,850 --> 01:14:33,110

and the being said that's what you we

1593

01:14:38,920 --> 01:14:36,860

can offer you so you know that's in the

1594

01:14:41,140 --> 01:14:38,930

book and then there's also a drawing of

1595

01:14:44,310 --> 01:14:41,150

the being he saw and did they give them

1596

01:14:46,570 --> 01:14:44,320

any ideas on on just how we can do that

1597

01:14:51,340 --> 01:14:46,580

did they give us an instruction manual

1598

01:14:55,030 --> 01:14:51,350

for raising know how we can do that I

1599

01:14:59,440 --> 01:14:55,040

think I think that the use of meditation

1600

01:15:01,840 --> 01:14:59,450

and silencing the mind and and you know

1601  
01:15:05,050 --> 01:15:01,850  
any any technique people who use I think

1602  
01:15:07,150 --> 01:15:05,060  
that they it look if that if DTS are

1603  
01:15:09,010 --> 01:15:07,160  
downloading musicians I'm sure if you go

1604  
01:15:11,860 --> 01:15:09,020  
out into the wilderness and just calm

1605  
01:15:13,840 --> 01:15:11,870  
your mind you'll get some ideas you know

1606  
01:15:16,420 --> 01:15:13,850  
I'm sure you from the universe because

1607  
01:15:18,460 --> 01:15:16,430  
we're all connected I'm positive you'll

1608  
01:15:20,590 --> 01:15:18,470  
get ideas but I don't think they need to

1609  
01:15:23,980 --> 01:15:20,600  
give us a manual I think we we have it

1610  
01:15:27,730 --> 01:15:23,990  
in our DNA to be more than we are we

1611  
01:15:30,070 --> 01:15:27,740  
have it in our DNA to be amazing so I

1612  
01:15:34,110 --> 01:15:30,080  
think that you know they're just saying

1613  
01:15:38,130 --> 01:15:34,120

would you guys all go be amazing please

1614

01:15:40,390 --> 01:15:38,140  
stop killing each other you know

1615

01:15:42,250 --> 01:15:40,400  
stop thinking negative you're all

1616

01:15:47,110 --> 01:15:42,260  
amazing or just turn on

1617

01:15:50,310 --> 01:15:47,120  
amazing button yeah I mean it's I was

1618

01:15:54,610 --> 01:15:50,320  
thinking you know it's like when I was

1619

01:15:58,810 --> 01:15:54,620  
very young and you know growing up and I

1620

01:16:01,810 --> 01:15:58,820  
you know I think oh I'm just there's

1621

01:16:05,500 --> 01:16:01,820  
nothing special about me and you know

1622

01:16:08,620 --> 01:16:05,510  
I'm probably lazy and you know not that

1623

01:16:10,030 --> 01:16:08,630  
good of a kid or whatever and and then I

1624

01:16:11,830 --> 01:16:10,040  
start thinking about it and I thought

1625

01:16:15,820 --> 01:16:11,840  
well what does it mean to be a good

1626

01:16:18,640 --> 01:16:15,830

person how do you be a good person well

1627

01:16:22,810 --> 01:16:18,650

you just be one you just be one and you

1628

01:16:26,200 --> 01:16:22,820

can be one starting any time and so I

1629

01:16:28,990 --> 01:16:26,210

think it's the same possibly with our

1630

01:16:32,740 --> 01:16:29,000

consciousness how do we raise it we just

1631

01:16:36,520 --> 01:16:32,750

do we just think in a more positive way

1632

01:16:40,750 --> 01:16:36,530

and we look at each other in a more

1633

01:16:43,270 --> 01:16:40,760

positive way and try to be a little bit

1634

01:16:45,490 --> 01:16:43,280

of service in this world whatever it is

1635

01:16:48,730 --> 01:16:45,500

that we do you know whatever it is that

1636

01:16:51,190 --> 01:16:48,740

we have to offer and I love your idea

1637

01:16:53,890 --> 01:16:51,200

about you know sharing of information

1638

01:16:56,980 --> 01:16:53,900

with international researchers and

1639

01:17:00,100 --> 01:16:56,990

experiencers and you know I think every

1640

01:17:03,720 --> 01:17:00,110

field of study could benefit from that

1641

01:17:06,880 --> 01:17:03,730

kind of dialogue and discourse because

1642

01:17:09,730 --> 01:17:06,890

you kind of see it you know in a lot of

1643

01:17:13,750 --> 01:17:09,740

areas it's not just ufology where people

1644

01:17:16,180 --> 01:17:13,760

sort of get you know Precious about

1645

01:17:18,880 --> 01:17:16,190

their own material and they want to you

1646

01:17:21,130 --> 01:17:18,890

know keep this this is my stuff and you

1647

01:17:25,540 --> 01:17:21,140

know they don't share information in a

1648

01:17:27,580 --> 01:17:25,550

way and I've also seen I have to say not

1649

01:17:31,210 --> 01:17:27,590

in just the UFO field but certainly in

1650

01:17:34,240 --> 01:17:31,220

the UFO field that sometimes when people

1651  
01:17:36,760 --> 01:17:34,250  
start getting a little bit of attention

1652  
01:17:38,800 --> 01:17:36,770  
over their work or their story or

1653  
01:17:39,490 --> 01:17:38,810  
whatever it is that that they're putting

1654  
01:17:42,340 --> 01:17:39,500  
out there

1655  
01:17:44,410 --> 01:17:42,350  
the ego starts getting involved at some

1656  
01:17:48,190 --> 01:17:44,420  
point I've seen it go both ways

1657  
01:17:50,560 --> 01:17:48,200  
the ego sometimes gets involved and then

1658  
01:17:52,600 --> 01:17:50,570  
they start maybe embellishing their

1659  
01:17:54,490 --> 01:17:52,610  
story a little bit and then it starts

1660  
01:17:56,050 --> 01:17:54,500  
muddying the waters and then I've also

1661  
01:17:57,760 --> 01:17:56,060  
seen it go the other way

1662  
01:18:00,550 --> 01:17:57,770  
like we were talking about with people

1663  
01:18:04,120 --> 01:18:00,560

like like Edgar Mitchell where they

1664

01:18:05,890 --> 01:18:04,130

start raising their consciousness and

1665

01:18:08,140 --> 01:18:05,900

that's really what we're talking about

1666

01:18:11,860 --> 01:18:08,150

when you're talking about him being an

1667

01:18:15,520 --> 01:18:11,870

astronaut and being mayor looking back

1668

01:18:17,710 --> 01:18:15,530

at the earth and feeling not only just

1669

01:18:20,860 --> 01:18:17,720

at one with the earth but with the stars

1670

01:18:25,180 --> 01:18:20,870

with the entire universe and you know

1671

01:18:29,620 --> 01:18:25,190

that's an amazing goal for us and all we

1672

01:18:30,940 --> 01:18:29,630

have is that would I guess yeah we don't

1673

01:18:34,120 --> 01:18:30,950

want people telling us what to do

1674

01:18:35,830 --> 01:18:34,130

especially from outer space so it's not

1675

01:18:37,930 --> 01:18:35,840

like they have to tell us anything we

1676

01:18:43,210 --> 01:18:37,940

could do it but another thing I really

1677

01:18:45,850 --> 01:18:43,220

want to say as part of this show is that

1678

01:18:48,460 --> 01:18:45,860

when things come out the new things like

1679

01:18:50,560 --> 01:18:48,470

the The Mummy be found in Nazca the

1680

01:18:52,750 --> 01:18:50,570

people stopped you know debunking it

1681

01:18:56,530 --> 01:18:52,760

before they hear all the news I mean

1682

01:18:59,560 --> 01:18:56,540

there are some real real UFO movies that

1683

01:19:02,170 --> 01:18:59,570

are on internet that are real UFOs and

1684

01:19:03,970 --> 01:19:02,180

and people think that they're experts

1685

01:19:06,310 --> 01:19:03,980

and they go it's a hoax to CGR and

1686

01:19:08,590 --> 01:19:06,320

they're silly you don't do it like that

1687

01:19:10,960 --> 01:19:08,600

you know you have to do the research I

1688

01:19:13,390 --> 01:19:10,970

mean you really need to research you

1689

01:19:15,520 --> 01:19:13,400

cannot and I'm seeing on internet that

1690

01:19:17,230 --> 01:19:15,530

right away they're going okay well you

1691

01:19:21,160 --> 01:19:17,240

know that fella hooks you know the three

1692

01:19:23,830 --> 01:19:21,170

hit they're doing DNA testing on that

1693

01:19:26,980 --> 01:19:23,840

that that particular mummy but there

1694

01:19:28,600 --> 01:19:26,990

were others found in Peru and the man

1695

01:19:31,630 --> 01:19:28,610

that actually found them is a French

1696

01:19:33,760 --> 01:19:31,640

scientist I mean is he it isn't tiny

1697

01:19:37,840 --> 01:19:33,770

Mouse on our Gaia television it's a

1698

01:19:39,820 --> 01:19:37,850

French scientist and and and they're

1699

01:19:41,830 --> 01:19:39,830

doing the work they're doing the testing

1700

01:19:43,690 --> 01:19:41,840

of the DNA and they're doing the work

1701

01:19:45,580 --> 01:19:43,700

and I see all over in our it's a house

1702

01:19:50,410 --> 01:19:45,590

it's a hog does that really we gotta

1703

01:19:57,510 --> 01:19:50,420

stop that real it we really need to go

1704

01:20:01,870 --> 01:19:59,770

detective would do it that's why I love

1705

01:20:04,090 --> 01:20:01,880

my job it's investigative journalists

1706

01:20:06,790 --> 01:20:04,100

every story I've ever done has taken me

1707

01:20:08,950 --> 01:20:06,800

two years to finish because I have to

1708

01:20:10,000 --> 01:20:08,960

investigate every part of it if I

1709

01:20:12,640 --> 01:20:10,010

started out by saying

1710

01:20:17,920 --> 01:20:12,650

yeah I think it's a I think it's not

1711

01:20:20,230 --> 01:20:17,930

thinking research is not opinion you

1712

01:20:24,160 --> 01:20:20,240

can't sort you gotta have an informed

1713

01:20:27,100 --> 01:20:24,170

opinion because it's got to be informed

1714

01:20:31,480 --> 01:20:27,110

because you did the work behind it and

1715

01:20:34,330 --> 01:20:31,490

and in it can't be I know that's CGI

1716

01:20:37,000 --> 01:20:34,340

that's not a real UFO I mean they I have

1717

01:20:40,510 --> 01:20:37,010

I have gone to Switzerland I have seen

1718

01:20:42,370 --> 01:20:40,520

the the billy meier stuff it's real the

1719

01:20:45,310 --> 01:20:42,380

difference is that it was sold to the

1720

01:20:48,550 --> 01:20:45,320

Japanese a lot of stuff the movies I saw

1721

01:20:51,490 --> 01:20:48,560

are real is no CGI and the Photoshop was

1722

01:20:53,560 --> 01:20:51,500

created in 1992 so and this was a

1723

01:20:55,150 --> 01:20:53,570

nineteen seventies story but people

1724

01:20:59,110 --> 01:20:55,160

don't get their facts straight

1725

01:21:03,210 --> 01:20:59,120

so you know the excuse the Billy Myers

1726

01:21:04,570 --> 01:21:03,220

pictures are too good I agreed the

1727

01:21:07,210 --> 01:21:04,580

Pleiadians

1728

01:21:10,090 --> 01:21:07,220

staged at all so that he would be able

1729

01:21:12,340 --> 01:21:10,100

to show to the world they staged it they

1730

01:21:14,140 --> 01:21:12,350

staged their flying over hills and

1731

01:21:16,900 --> 01:21:14,150

everything told them when to come out

1732

01:21:18,820 --> 01:21:16,910

and the reason why I did the know this

1733

01:21:20,770 --> 01:21:18,830

was because I spoke for two Wendell

1734

01:21:22,540 --> 01:21:20,780

Stevens who I consider one of the

1735

01:21:24,790 --> 01:21:22,550

greatest researchers on planet Earth

1736

01:21:28,000 --> 01:21:24,800

when he was alive I spoke to him for

1737

01:21:30,790 --> 01:21:28,010

four hours at the Tucson Airport and he

1738

01:21:32,710 --> 01:21:30,800

was a present during all of this and he

1739

01:21:35,290 --> 01:21:32,720

and Britt and Lee elders that did the

1740

01:21:37,780 --> 01:21:35,300

story on Billy Meyer and oh my colleague

1741

01:21:40,510 --> 01:21:37,790

hoax hoax hoax hoax hoax without ever

1742

01:21:43,450 --> 01:21:40,520

bothering to read the book I'm still

1743

01:21:45,850 --> 01:21:43,460

late sly which is out there by the

1744

01:21:48,730 --> 01:21:45,860

doctor with Alice bruger who was a

1745

01:21:51,430 --> 01:21:48,740

skeptic and who did the story I really

1746

01:21:53,830 --> 01:21:51,440

encourage people to do the work really

1747

01:21:59,080 --> 01:21:53,840

the background work to do the research

1748

01:22:02,170 --> 01:21:59,090

no opinion but research and and then and

1749

01:22:05,500 --> 01:22:02,180

and to read all the material that's out

1750

01:22:07,540 --> 01:22:05,510

there just to read it in whichever form

1751

01:22:10,510 --> 01:22:07,550

they want to read a Kindle or hard books

1752

01:22:11,640 --> 01:22:10,520

or whatever because that's the only way

1753

01:22:14,950 --> 01:22:11,650

you're going to get to the truth

1754

01:22:20,620 --> 01:22:14,960

Internet has really messed things up in

1755

01:22:23,770 --> 01:22:20,630

you in the UFO field yeah yeah it's it's

1756

01:22:25,689 --> 01:22:23,780

it's difficult you know because

1757

01:22:27,760 --> 01:22:25,699

you don't want to be completely

1758

01:22:30,310 --> 01:22:27,770

credulous and believe every every little

1759

01:22:33,310 --> 01:22:30,320

thing that's why as you said it's so

1760

01:22:35,439 --> 01:22:33,320

important you know don't believe it but

1761

01:22:40,240 --> 01:22:35,449

don't also dismiss it out of hand I

1762

01:22:43,060 --> 01:22:40,250

guess this is a good way to look at to

1763

01:22:44,859 --> 01:22:43,070

read the source read colonel courses

1764

01:22:47,379 --> 01:22:44,869

book in other words if you're going to

1765

01:22:49,870 --> 01:22:47,389

get in you're going to get a degree in

1766

01:22:52,149 --> 01:22:49,880

anthropology you're not going to just

1767

01:22:54,100 --> 01:22:52,159

read your own book or you're not gonna

1768

01:22:56,560 --> 01:22:54,110

read just one book they make you read

1769

01:22:58,000 --> 01:22:56,570

every book they make you do the research

1770

01:23:01,600 --> 01:22:58,010

and you get your degree in anthropology

1771

01:23:03,850 --> 01:23:01,610

Wow and you know what can't we do this

1772

01:23:06,729 --> 01:23:03,860

with you follow you what can we study it

1773

01:23:08,799 --> 01:23:06,739

we need to Paola Paola Harris thank you

1774

01:23:11,080 --> 01:23:08,809

so much for joining me the music rolling

1775

01:23:12,609 --> 01:23:11,090

and we've got to go but you got a

1776

01:23:14,379 --> 01:23:12,619

promise that you'll come back again

1777

01:23:17,379 --> 01:23:14,389

sometime because there's so much more to

1778

01:23:19,510 --> 01:23:17,389

talk about well thank you so much for

1779

01:23:21,810 --> 01:23:19,520

the invitation thank you thanks

1780

01:23:37,720 --> 01:23:21,820

everybody good night
