73

00:04:40,030 --> 00:04:37,010

moment Bigfoot attack while filming this

74

00:04:46,990 --> 00:04:40,040

is from Felix Evelyn reporting from the

Sun Hollywood star Rob Lowe claims that

76  
00:04:51,340 --> 00:04:49,040  
he had a hairy encounter with a mythical

77  
00:04:56,710 --> 00:04:51,350  
Bigfoot well film filming a new

78  
00:04:59,740 --> 00:04:56,720  
paranormal TV show low 53 said he

79  
00:05:02,380 --> 00:04:59,750  
thought I was going to be killed as the

80  
00:05:04,030 --> 00:05:02,390  
hooking would eat moon doll from the

81

any images of the eight man but tease

84  
00:05:16,960 --> 00:05:13,520  
that he may have caught on camera while

85  
00:05:22,270 --> 00:05:16,970  
I was filming new tele series the little

86  
00:05:24,850 --> 00:05:22,280  
files the series sees the code black

87  
00:05:26,800 --> 00:05:24,860  
actor and his sons Matthew and John at

88  
00:05:29,620 --> 00:05:26,810

one hunting for evidence of paranormal

89

00:05:31,690 --> 00:05:29,630

mysteries across the u.s. for the final

90

00:05:34,120 --> 00:05:31,700

episode they were hot on the trail of

91

00:05:38,040 --> 00:05:34,130

the legendary sasquatch clean the stock

92

00:05:40,510 --> 00:05:38,050

the forests in many states the city was

93

00:05:42,850 --> 00:05:40,520

genuinely terrified or non-corporate

94

00:05:45,190 --> 00:05:42,860

with a Bigfoot charge out of the trees

95

00:05:47,860 --> 00:05:45,200

ignoring the team of armed guards as a

96

00:05:51,190 --> 00:05:47,870

headed straight for him he told

97

00:05:53,440 --> 00:05:51,200

Entertainment Weekly well I'm fully

98

00:05:57,220 --> 00:05:53,450

aware that I sound like a crazy

99

00:05:59,140 --> 00:05:57,230

Hollywood kook right now but we had an

100

00:06:01,330 --> 00:05:59,150

incredible encounter with what locals

101  
00:06:03,850 --> 00:06:01,340  
call the would need which is it Ozark

102  
00:06:07,600 --> 00:06:03,860  
Mountains and then he goes on to report

103  
00:06:09,010 --> 00:06:07,610  
he says 400 miles from the nearest town

104  
00:06:12,369 --> 00:06:09,020  
who spent 45 minutes and

105  
00:06:14,890 --> 00:06:12,379  
rugged brutal mountain trails it's 1:00

106  
00:06:16,839 --> 00:06:14,900  
in the morning there's a lot of serious

107  
00:06:19,779 --> 00:06:16,849  
form for military men with loaded

108  
00:06:22,930 --> 00:06:19,789  
weapons then something starts approach

109  
00:06:25,719 --> 00:06:22,940  
our camp that is defying the orders to

110  
00:06:28,600 --> 00:06:25,729  
stop and their warnings that they were

111  
00:06:32,439 --> 00:06:28,610  
armed I was lying on the ground thinking

112  
00:06:36,040 --> 00:06:32,449  
I was going to be killed do not reveal

113  
00:06:38,499 --> 00:06:36,050

how the counter ended asked if viewers

114

00:06:41,409 --> 00:06:38,509

finally get to see a Bigfoot owned by

115

00:06:46,809 --> 00:06:41,419

professional crew he said I don't want

116

00:06:49,800 --> 00:06:46,819

to over sell as a as a results-oriented

117

00:06:52,210 --> 00:06:49,810

show although we have incredible results

118

00:06:54,219 --> 00:06:52,220

other episodes see father and sons

119

00:06:56,379 --> 00:06:54,229

exploring an underwater alien beats in

120

00:07:00,430 --> 00:06:56,389

America's most haunted building a former

121

00:07:03,610 --> 00:07:00,440

voice war listen he had approached the

122

00:07:06,129 --> 00:07:03,620

series between true believer and skeptic

123

00:07:07,320 --> 00:07:06,139

in a fun way but is now convinced ghosts

124

00:07:09,879 --> 00:07:07,330

are real

125

00:07:11,260 --> 00:07:09,889

following his experiences while going he

126

00:07:14,050 --> 00:07:11,270

said nothing is staged nothing is

127

00:07:16,600 --> 00:07:14,060

tricked out OBS I believe there are

128

00:07:19,930 --> 00:07:16,610

probably ghosts out there Andy Abbott is

129

00:07:21,969 --> 00:07:19,940

a father-son guy bro adventure it's

130

00:07:25,930 --> 00:07:21,979

nostalgic bittersweet and badass

131

00:07:29,110 --> 00:07:25,940

adventure the little files will be

132

00:07:32,019 --> 00:07:29,120

broadcast on us channel a and E from

133

00:07:36,339 --> 00:07:32,029

August s Ujiri footage from a camera

134

00:07:38,649 --> 00:07:36,349

step up to film the Eagles Nest appeared

135

00:07:42,730 --> 00:07:38,659

on the show Bigfoot striding through the

136

00:07:46,990 --> 00:07:42,740

woods Michigan us so that is really

137

00:07:49,240 --> 00:07:47,000

interested on any thoughts you got yeah

138

00:07:52,540 --> 00:07:49,250

I guess my question would be what did he

139

00:07:54,399 --> 00:07:52,550

do to piss off a Bigfoot yeah yeah they

140

00:07:56,469 --> 00:07:54,409

just don't come at you for no apparent

141

00:08:00,999 --> 00:07:56,479

reason I would think he would have to do

142

00:08:04,089 --> 00:08:01,009

some things to provoke it then again a

143

00:08:06,640 --> 00:08:04,099

bunch of people your backyard maybe just

144

00:08:11,080 --> 00:08:06,650

that although you know I got a wondered

145

00:08:13,570 --> 00:08:11,090

man talk about publicity yeah yeah this

146

00:08:15,629 --> 00:08:13,580

is the number one Carol story now if you

147

00:08:17,909 --> 00:08:15,639

have to report it because of that

148

00:08:25,170 --> 00:08:17,919

being that this is a paranormal new

149

00:08:26,700 --> 00:08:25,180

episode and uh you know it it's you know

150

00:08:28,230 --> 00:08:26,710

not saying that that he couldn't have

151

00:08:31,080 --> 00:08:28,240

had that experience and it couldn't be

152

00:08:32,670 --> 00:08:31,090

real and if it were real and he did have

153

00:08:35,820 --> 00:08:32,680

an experience he would sing probably

154

00:08:39,180 --> 00:08:35,830

what he is saying on the other hand it's

155

00:08:43,620 --> 00:08:39,190

amazing how so many people are going

156

00:08:45,660 --> 00:08:43,630

nuts over his opinion on this or this

157

00:08:49,170 --> 00:08:45,670

and you know what does he do for a

158

00:08:52,320 --> 00:08:49,180

living he's an actor you know so like if

159

00:08:54,269 --> 00:08:52,330

anyone can fool the public with a story

160

00:08:56,160 --> 00:08:54,279

it would be an actor and I would and I

161

00:08:59,190 --> 00:08:56,170

would trust I would trust your average

162

00:09:01,380 --> 00:08:59,200

Joel Joel Alabama guy farmer out in the

163

00:09:03,840 --> 00:09:01,390

yard being charged by one telling the

164

00:09:06,150 --> 00:09:03,850

story versus a you know a plug you know

165

00:09:07,860 --> 00:09:06,160

you're right Kevin you know he's he's a

166

00:09:09,540 --> 00:09:07,870

public figure everybody's gonna listen

167

00:09:11,190 --> 00:09:09,550

to him but the poor guy that really sees

168

00:09:15,470 --> 00:09:11,200

one is going to be ignored you know by

169

00:09:18,090 --> 00:09:15,480

the newspaper and scoffed at yeah

170

00:09:21,810 --> 00:09:18,100

there's no outcome because they probably

171

00:09:25,500 --> 00:09:21,820

ran away yeah yeah I mean if you see

172

00:09:27,930 --> 00:09:25,510

something that big coming out you can

173

00:09:29,490 --> 00:09:27,940

certainly a Bigfoot I would everyone's

174

00:09:33,300 --> 00:09:29,500

gonna be watching it I was gonna see the

175

00:09:36,720 --> 00:09:33,310

it's gonna be there they're pretty much

176

00:09:39,030 --> 00:09:36,730

they're really doing some early PR as

177

00:09:40,650 --> 00:09:39,040

far as I'm concerned it's nothing more

178

00:09:42,269 --> 00:09:40,660

than a publicity stunt from Hollywood

179

00:09:44,069 --> 00:09:42,279

yeah yeah

180

00:09:46,110 --> 00:09:44,079

like you said you you're gonna be

181

00:09:47,490 --> 00:09:46,120

watching that show and you're gonna come

182

00:09:49,170 --> 00:09:47,500

back from the commercial break and then

183

00:09:51,930 --> 00:09:49,180

you're gonna hit the last five minutes

184

00:09:54,780 --> 00:09:51,940

and they never fall in Bigfoot but he

185

00:09:56,480 --> 00:09:54,790

was there he was close right they're

186

00:10:01,139 --> 00:09:56,490

gonna show a bunch of chaos yeah

187

00:10:04,860 --> 00:10:01,149

freaking out yeah no no questioning the

188

00:10:07,230 --> 00:10:04,870

armed guards I mean Rob Lowe has that

189

00:10:09,210 --> 00:10:07,240

many armed guards around them if if

190

00:10:11,460 --> 00:10:09,220

would you think of any type of creature

191

00:10:13,590 --> 00:10:11,470

ran all the woods even it was a bear or

192

00:10:15,900 --> 00:10:13,600

a cougar or any type of creature you

193

00:10:18,210 --> 00:10:15,910

think tomorrow guards its you know shoot

194

00:10:19,710 --> 00:10:18,220

at it to kill it you know at least take

195

00:10:20,639 --> 00:10:19,720

a pop shot I know and they they're not

196

00:10:21,600 --> 00:10:20,649

gonna know what the thing is they

197

00:10:22,590 --> 00:10:21,610

probably would have thought it was a

198

00:10:23,939 --> 00:10:22,600

bear but you would have think they've

199

00:10:26,730 --> 00:10:23,949

been protective if they're there to

200

00:10:28,380 --> 00:10:26,740

protect people they would shoot if they

201  
00:10:29,400 --> 00:10:28,390  
maybe they couldn't see either if it was

202  
00:10:32,189 --> 00:10:29,410  
a creature or a Hume

203  
00:10:33,540 --> 00:10:32,199  
so I don't I don't know the situation or

204  
00:10:43,290 --> 00:10:33,550  
the how the set was set up with the

205  
00:10:49,949 --> 00:10:43,300  
armed guards though this excellent comes

206  
00:10:52,619 --> 00:10:49,959  
from channel 10 June 29 2017 DNR

207

208  
00:10:58,170 --> 00:10:55,990  
County the Michigan Department of

209  
00:11:00,869 --> 00:10:58,180  
Natural Resources has confirmed the

210  
00:11:04,110 --> 00:11:00,879  
presence of a cougar also referred to as

211  
00:11:06,960 --> 00:11:04,120  
a mountain lion in Bath Township Clinton

212  
00:11:09,540 --> 00:11:06,970

213  
00:11:13,619 --> 00:11:09,550

of a cougar has been verified by the DNR

214

00:11:17,970 --> 00:11:13,629

and Michigan's Lower Peninsula On June

215

00:11:20,100 --> 00:11:17,980

21st 2017 a hazlit resident took a

216

00:11:22,679 --> 00:11:20,110

photograph of an animal from his vehicle

217

00:11:26,970 --> 00:11:22,689

in Bath Township near the scene ours

218

00:11:29,009 --> 00:11:26,980

Rose Lake State wildlife area the

219

00:11:31,379 --> 00:11:29,019

individual reported that he spotted a

220

00:11:34,559 --> 00:11:31,389

large cat and his headlights as the

221

00:11:36,689 --> 00:11:34,569

animal attempted to cross the road he

222

00:11:39,269 --> 00:11:36,699

captured the photograph as the Cougar

223

00:11:42,809 --> 00:11:39,279

turned back from road into an area of

224

00:11:46,590 --> 00:11:42,819

thick vegetation the picture was made

225

00:11:50,280 --> 00:11:46,600

available to the DNR June 26th a field

226

00:11:54,360 --> 00:11:50,290

investigation ensued DNR biologists had

227

00:11:57,389 --> 00:11:54,370

the duo and biologists from DNR's cougar

228

00:12:00,030 --> 00:11:57,399

team reviewed the photo and visited the

229

00:12:02,749 --> 00:12:00,040

site where it was taken determining that

230

00:12:05,699 --> 00:12:02,759

the animal in the photo was a cougar

231

00:12:08,879 --> 00:12:05,709

even with this verification questions

232

00:12:12,210 --> 00:12:08,889

remain especially regarding the origins

233

00:12:14,429 --> 00:12:12,220

of the animal at Kevin Swanson DNR

Carl

293

00:15:15,879 --> 00:15:12,829

everything was great I thought well you

294

00:15:17,220 --> 00:15:15,889

know when you switch to Geico you could

295

00:15:20,229 --> 00:15:17,230

save a lot of money on car insurance

296

00:15:22,809 --> 00:15:20,239

okay awesome you should call them I will

297

00:15:31,329 --> 00:15:22,819

Geico because saving 15% or more on car

298

00:15:34,119 --> 00:15:31,339

insurance is always a great answer don't

299

00:15:36,489 --> 00:15:34,129

play dead playing dead when we were kids

300

00:15:38,639 --> 00:15:36,499

we were told a bear came around like

301

00:15:41,409 --> 00:15:38,649

that right right right

302

00:15:43,900 --> 00:15:41,419

driving driving home today to talking

303

00:15:46,090 --> 00:15:43,910

about animals and you know strange

304

00:15:50,799 --> 00:15:46,100

things we were driving between I would

305

00:15:55,269 --> 00:15:50,809

say Iron River in rural Wisconsin and I

306

00:15:59,079 --> 00:15:55,279

I looked and I seen a small lizard

307

00:16:01,239 --> 00:15:59,089

scurry across the road and I'm like wait

308

00:16:02,349 --> 00:16:01,249

a second I'm just like did I just see

309

00:16:03,970 --> 00:16:02,359

what I thought I did that thing I mean

310

00:16:05,979 --> 00:16:03,980

it shot across the road and I could see

311

00:16:07,689 --> 00:16:05,989

its little tail sticking up you know how

312

00:16:09,819 --> 00:16:07,699

lizards kind of run funny and four legs

313

00:16:12,849 --> 00:16:09,829

yeah and I thought are there even

314

00:16:14,769 --> 00:16:12,859

lizards in Wisconsin you know so tonight

315

00:16:17,019 --> 00:16:14,779

I've been just you know earlier tonight

316

00:16:18,669 --> 00:16:17,029

I was on online and doing research I

317

00:16:20,619 --> 00:16:18,679

didn't realize we had four types of

318

00:16:23,009 --> 00:16:20,629

lizards in Wisconsin you I thought they

319

00:16:25,569 --> 00:16:23,019

were all I thought lizards were

320

00:16:27,879 --> 00:16:25,579

southwestern animals but I was really

321

00:16:30,489 --> 00:16:27,889

surprised Kevin we have four four types

322

00:16:35,919 --> 00:16:30,499

of lizards in Wisconsin I know we are

323

00:16:37,269 --> 00:16:35,929

skink yeah at least by the porcupine

324

00:16:39,249 --> 00:16:37,279

mountains and stuff and that's what I

325

00:16:41,799 --> 00:16:39,259

think it was too I'm trying to look at

326

00:16:44,619 --> 00:16:41,809

the pictures online and that thing just

327

00:16:46,090 --> 00:16:44,629

scurried across and I think that's fine

328

00:16:47,470 --> 00:16:46,100

oh well and that might of what it was

329

00:16:49,689 --> 00:16:47,480

but it really moved and there's another

330

00:16:51,939 --> 00:16:49,699

one called a what's this other one a six

331

00:16:54,609 --> 00:16:51,949

lines race runner but seeing the speed

332

00:16:57,309 --> 00:16:54,619

of that thing I mean my gosh it it ran

333

00:16:59,019 --> 00:16:57,319

across the road probably go up 15 20

334

00:17:00,729 --> 00:16:59,029

miles an hour and I'm just like am I

335

00:17:06,460 --> 00:17:00,739

seeing things there's a lizard crossing

336

00:17:08,049 --> 00:17:06,470

Wisconsin yeah yeah are awesome down in

337

00:17:09,370 --> 00:17:08,059

Arizona you know like down in the

338

00:17:11,800 --> 00:17:09,380

southwest side I didn't

339

00:17:13,990 --> 00:17:11,810

as we had four species of you know

340

00:17:16,000 --> 00:17:14,000

lizards up here but they're all lizards

341

00:17:17,699 --> 00:17:16,010

are and it's a very sandy environment

342

00:17:19,660 --> 00:17:17,709

out there with a lot of lakes and I in

343

00:17:24,420 --> 00:17:19,670

must have been lizard that crossed the

344

00:17:34,260 --> 00:17:29,940

no talking about this cougar thing and

345

00:17:37,330 --> 00:17:34,270

we're broadcasting out of Wisconsin and

346

00:17:38,710 --> 00:17:37,340

Wisconsin's right next to Michigan and

347

00:17:41,470 --> 00:17:38,720

we have the same situation where the

348

00:17:45,660 --> 00:17:41,480

inner won't admit publicly that there is

349

00:17:50,560 --> 00:17:45,670

a pretty population of Cougars up here

350

00:17:55,990 --> 00:17:50,570

but we had an instance when I was

351

00:17:57,700 --> 00:17:56,000

growing up where my sister saw she

352

00:18:00,160 --> 00:17:57,710

reported and she was riding her bike

353

00:18:03,460 --> 00:18:00,170

home and she told my parents that a

354

00:18:06,580 --> 00:18:03,470

large cat with a really long tail jumped

355

00:18:07,900 --> 00:18:06,590

across the road in front of her and

356

00:18:11,830 --> 00:18:07,910

she's better a skipper because were so

357

00:18:13,450 --> 00:18:11,840

big and yeah I found some tracks then he

358

00:18:20,040 --> 00:18:13,460

called me an hour oh and of course came

359

00:18:24,700 --> 00:18:20,050

out the he said oh no no it's not mine

360

00:18:30,730 --> 00:18:24,710

you know and that same week I had heard

361

00:18:33,910 --> 00:18:30,740

behind of 16 get out of my car I had

362

00:18:36,280 --> 00:18:33,920

just pulled in the driveway you know

363

00:18:38,920 --> 00:18:36,290

kind of sound from behind the shed and

364

00:18:42,490 --> 00:18:38,930

it was like a cat like a feline you know

365

00:18:43,810 --> 00:18:42,500

like a tiger or something and that was

366

00:18:46,510 --> 00:18:43,820

the same week that this had happened

367

00:18:50,260 --> 00:18:46,520

with the bike and everything else and

368

00:18:53,790 --> 00:18:50,270

just you know yeah I believe that we

369

00:18:57,430 --> 00:18:53,800

have breeding population personally this

370

00:18:59,440 --> 00:18:57,440

even on you know every year we reports

371

00:19:04,690 --> 00:18:59,450

you know unconfirmed of course there

372

00:19:07,420 --> 00:19:04,700

always a confirm but uh interesting that

373

00:19:11,770 --> 00:19:07,430

they're actually admitting this and by

374

00:19:19,060 --> 00:19:11,780

the way that was from I WI I lacked news

375

00:19:24,080 --> 00:19:19,070

10 yeah Lansing Michigan Stowe

376

00:19:26,750 --> 00:19:24,090

yep and look out there dude they're

377

00:19:28,789 --> 00:19:26,760

totally big cats up here without a

378

00:19:30,080 --> 00:19:28,799

question and of course the DNR is gonna

379

00:19:36,919 --> 00:19:30,090

cover it up because that's what they do

380

00:19:39,500 --> 00:19:36,929

best you have large populations the

381

00:19:43,730 --> 00:19:39,510

captain oh no what you're seeing is not

382

00:19:47,630 --> 00:19:43,740

a big cat print maybe it's like a bear

383

00:19:52,820 --> 00:19:47,640

print that a deer stepped in give me a

384

00:19:54,950 --> 00:19:52,830

seismologists from the University of

451  
00:23:26,540 --> 00:23:23,940  
Utah said eight hundred and eighty eight

452  
00:23:28,220 --> 00:23:26,550  
hundred seventy eight events have now

453  
00:23:30,130 --> 00:23:28,230  
been recorded at Yellowstone National

456  
00:23:42,610 --> 00:23:37,380  
increased seismic activity can beat a

single volcano that is about to erupt

458  
00:23:47,990 --> 00:23:45,690  
the latest earthquake swarm snow

459  
00:23:50,509 --> 00:23:48,000  
cause for concern the swarm has slowed

460  
00:23:54,409 --> 00:23:50,519  
down considerably and the larger swarms

461  
00:23:56,480 --> 00:23:54,419  
have been recorded in the past the swarm

462  
00:23:59,779 --> 00:23:56,490  
in 2010

463  
00:24:03,649 --> 00:23:59,789

the Madison plateau lasted at least

464

00:24:06,710 --> 00:24:03,659

three weeks in 1985 there was one that

465

00:24:09,950 --> 00:24:06,720

lasted several months Yellowstone has

466

00:24:14,690 --> 00:24:09,960

had dozens of these sorts of earthquake

467

00:24:20,389 --> 00:24:14,700

swarms in the last 150 years it's been

468

00:24:27,980 --> 00:24:20,399

visited to volcanic eruption within the

469

00:24:30,259 --> 00:24:27,990

caldera was 70,000 years ago for magma

470

00:24:32,330 --> 00:24:30,269

to reach the surface a new event needs

471

00:24:37,430 --> 00:24:32,340

to be created which requires a lot of

472

00:24:41,480 --> 00:24:37,440

intense geological activity the volcano

473

00:24:43,850 --> 00:24:41,490

alert remains at Green we would need to

474

00:24:47,659 --> 00:24:43,860

see considerably more larger earthquakes

475

00:24:51,169 --> 00:24:47,669

combined with contemporaries ground

476

00:24:54,740 --> 00:24:51,179

deformation steam explosions and changes

477

00:24:57,860 --> 00:24:54,750

in gas and heat discharge prior to

478

00:25:04,009 --> 00:24:57,870

moving the alert level none of this has

479

00:25:09,249 --> 00:25:04,019

occurred Wow

480

00:25:13,490 --> 00:25:09,259

so that's up you know what these are

481

00:25:15,549 --> 00:25:13,500

the mosan in five years and what they

482

00:25:18,700 --> 00:25:15,559

say like four hundred and some yeah

483

00:25:22,720 --> 00:25:18,710

thousand no I mean the amount of

484

00:25:28,310 --> 00:25:22,730

whatever it was it was a high number and

485

00:25:31,490 --> 00:25:28,320

we got a another story down the way also

486

00:25:36,019 --> 00:25:31,500

pertaining to this and that is you know

487

00:25:39,259 --> 00:25:36,029

the idea of Yellowstone erupting if

488

00:25:43,519 --> 00:25:39,269

something were to happen again the

489

00:25:47,389 --> 00:25:43,529

article being about seismic swarm shake

490

00:25:50,169 --> 00:25:47,399

up the world well that also goes you

491

00:25:52,789 --> 00:25:50,179

know there are correlations between

492

00:25:55,960 --> 00:25:52,799

eruptions and two top plates obviously

493

00:26:04,400 --> 00:25:59,630

that is we'll get to the other story in

494

00:26:07,370 --> 00:26:04,410

a minute and I think well Mike do you

495

00:26:10,490 --> 00:26:07,380

have any thoughts on that yeah I was I

496

00:26:12,890 --> 00:26:10,500

was looking forward to that you know the

497

00:26:14,480 --> 00:26:12,900

effects of a supervolcano going off I'm

498

00:26:16,850 --> 00:26:14,490

sure that article coming up is going to

499

00:26:20,090 --> 00:26:16,860

explain you know more and more into that

500

00:26:24,550 --> 00:26:20,100

and that gets very very scary thinking

501

00:26:27,710 --> 00:26:24,560

that could happen very scary

502

00:26:30,110 --> 00:26:27,720

yeah it makes you it makes you wonder

503

00:26:33,050 --> 00:26:30,120

what's going on at that if they're at

504

00:26:34,220 --> 00:26:33,060

the parks like that why don't I you know

505

00:26:39,980 --> 00:26:34,230

what I'm just gonna go right through

506

00:26:45,860 --> 00:26:39,990

that so keep on topic and this one it's

507

00:26:48,320 --> 00:26:45,870

from client America calm okay yeah

508

00:26:51,350 --> 00:26:48,330

defiant America calm Yellowstone

509

00:26:56,240 --> 00:26:51,360

supervolcano could rip the guts out of

510

00:26:59,680 --> 00:26:56,250

the u.s. rise in seismic activity last

511

00:27:05,510 --> 00:26:59,690

seven days by defining America June 19th

512

00:27:06,800 --> 00:27:05,520

2017 see Durbin and 296 earthquakes in

513

00:27:08,590 --> 00:27:06,810

the vicinity of the Yellowstone

514

00:27:11,690 --> 00:27:08,600

supervolcano within the last seven days

515

00:27:14,570 --> 00:27:11,700

as possible the El Oso supervolcano is

516

00:27:16,520 --> 00:27:14,580

gearing up for a major eruption if you

517

00:27:17,900 --> 00:27:16,530

follow my work on a regular basis and

518

00:27:19,670 --> 00:27:17,910

you already know that I spent a lot of

519

00:27:22,180 --> 00:27:19,680

time documenting how the crust of our

520

00:27:26,480 --> 00:27:22,190

planet is becoming increasingly unstable

521

00:27:28,570 --> 00:27:26,490

well to the shaking most of this shaking

522

00:27:31,790 --> 00:27:28,580

is taking place far away from the

523

00:27:34,100 --> 00:27:31,800

continental US so most Americans are not

524

00:27:36,140 --> 00:27:34,110

too concerned about it we should be

525

00:27:38,360 --> 00:27:36,150

concerned about it because a major

526

00:27:41,300 --> 00:27:38,370

seismic event could change all of our

527

00:27:42,890 --> 00:27:41,310

lives in a single instant for instance a

528

00:27:45,500 --> 00:27:42,900

full-blown eruption of Yellowstone

529

00:27:49,730 --> 00:27:45,510

supervolcano would have the potential of

530

00:27:53,540 --> 00:27:49,740

beating and eat L e extinction level

531

00:27:56,180 --> 00:27:53,550

event that is what it is so alarming

532

00:27:59,600 --> 00:27:56,190

that there have been 296 earthquakes in

533

00:28:01,420 --> 00:27:59,610

the vicinity of Babel of Yellowstone

534

00:28:03,500 --> 00:28:01,430

Volcano within seven days

535

00:28:05,990 --> 00:28:03,510

scientists are trying to convince us

536

00:28:08,210 --> 00:28:06,000

that everything is going to be ok

537

00:28:10,820 --> 00:28:08,220

but there are others that are not so

538

00:28:15,110 --> 00:28:10,830

sure the biggest earthquake and the

539

00:28:18,500 --> 00:28:15,120

swarm occurred last 30 evening it was

540

00:28:21,380 --> 00:28:18,510

officially measured could be 4.5 but was

541

00:28:29,270 --> 00:28:21,390

later downgraded to 4.4 what's the

542

00:28:31,970 --> 00:28:29,280

difference it was the big biggest quake

543

00:28:34,880 --> 00:28:31,980

in the region since the magnitude or

544

00:28:37,160 --> 00:28:34,890

poor Haythe earthquake struck the Norris

545

00:28:39,590 --> 00:28:37,170

Geyser Basin in 2014

546

00:28:42,160 --> 00:28:39,600

it's magnet 4.4 earthquake was so

547

00:28:49,690 --> 00:28:42,170

powerful people felt it as far away as

548

00:28:52,070 --> 00:28:49,700

Osman the quake and aftershocks occurred

549

00:28:55,180 --> 00:28:52,080

over eight miles north east and west

550

00:29:04,610 --> 00:28:55,190

yellowstone according to the US

551  
00:29:10,160 --> 00:29:04,620  
Geological Services so yeah yep that's

552  
00:29:15,020 --> 00:29:10,170  
the other story yeah same thing you know

553  
00:29:18,770 --> 00:29:15,030  
my thought you know if we want to take

554  
00:29:21,680 --> 00:29:18,780  
conspiracy and go on this Yellowstone is

555  
00:29:28,760 --> 00:29:21,690  
such a if you look at the pictures of

556  
00:29:31,790 --> 00:29:28,770  
Yellowstone and the caldera Basin where

557  
00:29:37,010 --> 00:29:31,800  
you got you got the basin and that you

558  
00:29:37,730 --> 00:29:37,020  
got the the magma you know you also the

559  
00:29:40,130 --> 00:29:37,740  
Manta

560  
00:29:45,710 --> 00:29:40,140  
the mantle magma and and all that

561  
00:29:49,100 --> 00:29:45,720  
pushing its way up and between magma

562  
00:29:51,470 --> 00:29:49,110  
that surfaced is where all the hot

563  
00:29:52,730 --> 00:29:51,480

springs stuff is and that's where

564

00:29:57,140 --> 00:29:52,740

there's all warmed up and shooting out

565

00:30:01,370 --> 00:29:57,150

everywhere well that's also you know if

566

00:30:04,490 --> 00:30:01,380

you think about it it it's it's riddled

567

00:30:06,710 --> 00:30:04,500

like that with water and whatnot would

568

00:30:10,340 --> 00:30:06,720

it be easier to break up is a solid

569

00:30:16,520 --> 00:30:10,350

structure there's more liquid between

570

00:30:19,250 --> 00:30:16,530

the two you know yeah so anyways if I

571

00:30:19,730 --> 00:30:19,260

were either a foreign country cannot

572

00:30:22,700 --> 00:30:19,740

enter

573

00:30:25,490 --> 00:30:22,710

his beauty if you blow that up and you

574

00:30:27,560 --> 00:30:25,500

cause that here upped like this ah daddy

575

00:30:32,000 --> 00:30:27,570

where do babies come from

576

00:30:34,820 --> 00:30:32,010

uh well honey mommy went to the store oh

577

00:30:35,360 --> 00:30:34,830

well you see um well there's a mommy and

578

00:30:39,260 --> 00:30:35,370

a daddy

579

00:30:41,600 --> 00:30:39,270

all right and see when they call Geico

580

00:30:42,169 --> 00:30:41,610

they could save a bunch of money on car

581

00:30:44,810 --> 00:30:42,179

insurance

582

00:30:47,120 --> 00:30:44,820

oh really and that makes them happy yes

583

00:30:47,990 --> 00:30:47,130

that makes them very happy that's good

584

00:30:49,460 --> 00:30:48,000

yeah

585

00:30:52,760 --> 00:30:49,470

well I'm glad we could have this talk

586

00:30:54,649 --> 00:30:52,770

sunshine Geico because saving 15% or

587

00:30:57,769 --> 00:30:54,659

more on car insurance is always a great

588

00:30:59,360 --> 00:30:57,779

answer bike part of the u.s. is screwed

589

00:31:01,820 --> 00:30:59,370

you know you're gonna have a

590

00:31:05,419 --> 00:31:01,830

supervolcano dumping ash all over the US

591

00:31:07,310 --> 00:31:05,429

and it's been a you know affect the

592

00:31:09,019 --> 00:31:07,320

whole world because it's gonna shoot so

593

00:31:12,470 --> 00:31:09,029

much for the atmosphere it could cause

594

00:31:16,519 --> 00:31:12,480

Lichter early winter or year long winter

595

00:31:20,450 --> 00:31:16,529

or however long it would take and the

596

00:31:24,950 --> 00:31:20,460

other thought to is you know some

597

00:31:27,919 --> 00:31:24,960

conspiracy analysts think that uh you

598

00:31:31,700 --> 00:31:27,929

know that's an option for the government

599

00:31:35,060 --> 00:31:31,710

that they wanted who Clara martial law

600

00:31:37,190 --> 00:31:35,070

that they can you know do a false flag

601  
00:31:38,539 --> 00:31:37,200  
event something so strong that nobody

602  
00:31:42,799 --> 00:31:38,549  
can deny that there would have to be

603  
00:31:46,130 --> 00:31:42,809  
martial law you know but then again you

604  
00:31:48,470 --> 00:31:46,140  
know that's speculation but that's you

605  
00:31:49,940 --> 00:31:48,480  
know either way it's it's I'm sure it's

606  
00:31:54,139 --> 00:31:49,950  
you know you would figure I would have

607  
00:31:57,110 --> 00:31:54,149  
to be perfected really well like more ad

608  
00:31:59,299 --> 00:31:57,120  
and all them yeah would have to be no

609  
00:32:00,260 --> 00:31:59,309  
question because yeah someone shoot a

610  
00:32:03,200 --> 00:32:00,270  
missile right at it

611  
00:32:05,450 --> 00:32:03,210  
it in the right spot you know yeah when

612  
00:32:07,310 --> 00:32:05,460  
you look at the pictures I mean you

613  
00:32:10,299 --> 00:32:07,320

realize that there's not much keeping

614

00:32:13,700 --> 00:32:10,309

the Bagwell from just coming out mm-hmm

615

00:32:16,039 --> 00:32:13,710

it's not a lot at all it's like actually

616

00:32:18,799 --> 00:32:16,049

looking it's like wow I can't believe us

617

00:32:21,110 --> 00:32:18,809

holding together like that yeah if you

618

00:32:23,659 --> 00:32:21,120

think about the implications if it does

619

00:32:26,810 --> 00:32:23,669

erupt it's gonna you know cause that

620

00:32:29,539 --> 00:32:26,820

winter it's gonna disrupt the

621

00:32:32,629 --> 00:32:29,549

breadbasket of America so all our grains

622

00:32:33,660 --> 00:32:32,639

and oats and breads you know our food

623

00:32:36,180 --> 00:32:33,670

system would be

624

00:32:38,370 --> 00:32:36,190

sickly be torn in you know and you'd

625

00:32:39,720 --> 00:32:38,380

have to I mean how would you survive

626

00:32:41,370 --> 00:32:39,730

it's gonna shut down any type of

627

00:32:43,880 --> 00:32:41,380

mechanical vehicles with all the dust

628

00:32:47,130 --> 00:32:43,890

you know nothing's gonna be able to run

629

00:32:49,080 --> 00:32:47,140

vehicle wise I mean yeah that would be

630

00:32:51,330 --> 00:32:49,090

pretty devastating to the country and

631

00:32:52,800 --> 00:32:51,340

probably effect I have a good majority

632

00:32:58,860 --> 00:32:52,810

the northern hemisphere you would think

633

00:33:04,520 --> 00:32:58,870

too okay so our next story comes from

634

00:33:07,430 --> 00:33:04,530

comes to us from WH io TV channel 7 News

635

00:33:12,030 --> 00:33:07,440

and it was published Friday June 23rd

636

00:33:17,610 --> 00:33:12,040

2017 FBI to police in Texas

637

00:33:22,980 --> 00:33:17,620

Bigfoot is most-wanted fugitive Round

638

00:33:24,600 --> 00:33:22,990

Rock Texas police chief Alan banks has

639

00:33:27,480 --> 00:33:24,610

received a special message from the

640

00:33:30,060 --> 00:33:27,490

Federal Bureau of Investigation the

641

00:33:32,250 --> 00:33:30,070

hairy man seen gallivanting around the

642

00:33:36,330 --> 00:33:32,260

Round Rock trails is a most wanted

643

00:33:38,610 --> 00:33:36,340

fugitive according to the city's Parks

644

00:33:40,860 --> 00:33:38,620

and Recreation Department which has been

645

00:33:44,100 --> 00:33:40,870

keeping residents abreast of recent

646

00:33:47,070 --> 00:33:44,110

Bigfoot sighting brown rocks top police

647

00:33:50,310 --> 00:33:47,080

official got an email from the FBI

648

00:33:55,050 --> 00:33:50,320

stating it has added Bigfoot to the ten

649

00:33:57,270 --> 00:33:55,060

most wanted fugitives list barrel is

650

00:33:59,250 --> 00:33:57,280

offering a reward of up to five hundred

651  
00:34:02,220 --> 00:33:59,260  
thousand dollars for information leading

652  
00:34:04,770 --> 00:34:02,230  
directly to the arrest of the giant

653  
00:34:07,740 --> 00:34:04,780  
hair-covered being according to the

654  
00:34:10,200 --> 00:34:07,750  
Parks and Rec Department Bigfoot was

655  
00:34:14,070 --> 00:34:10,210  
last seen on the Brushy Creek regional

656  
00:34:16,919 --> 00:34:14,080  
trail and made loud demonic like howling

657  
00:34:20,490 --> 00:34:16,929  
sounds according to the FBI most wanted

658  
00:34:22,770 --> 00:34:20,500  
poster recently some Round Rock teams

659  
00:34:25,169 --> 00:34:22,780  
and other area families have shared

660  
00:34:29,070 --> 00:34:25,179  
videos of their search the enormous

661  
00:34:32,550 --> 00:34:29,080  
quadruped ed according to the recently

662  
00:34:35,730 --> 00:34:32,560  
released FBI poster Bigfoot is a menace

663  
00:34:37,560 --> 00:34:35,740

to wildlife and is accused of

664

00:34:42,570 --> 00:34:37,570

destruction of government property

665

00:34:43,110 --> 00:34:42,580

and terrorism of campers a creature I'm

666

00:34:45,659 --> 00:34:43,120

sorry

667

00:34:46,610 --> 00:34:45,669

the creature is allegedly armed and

668

00:34:48,920 --> 00:34:46,620

dangerous

669

00:34:52,370 --> 00:34:48,930

according to the FBI message received by

670

00:34:55,520 --> 00:34:52,380

police but is in the Round Rock Harry

671

00:34:58,340 --> 00:34:55,530

man really that ferocious and ill willed

672

00:35:00,830 --> 00:34:58,350

so far there has been no evidence of

673

00:35:02,030 --> 00:35:00,840

destruction or vandalism by the big man

674

00:35:05,480 --> 00:35:02,040

on the trail

675

00:35:08,420 --> 00:35:05,490

not even any food or sign of a campsite

676  
00:35:10,880 --> 00:35:08,430  
has been found just to feel oversized

677  
00:35:14,270 --> 00:35:10,890  
footprints in the mud are the only

678  
00:35:17,600 --> 00:35:14,280  
evidence left behind by the Beast the

679  
00:35:21,850 --> 00:35:17,610  
hairy man seems to be abiding by the

680  
00:35:25,310 --> 00:35:21,860  
Leave No Trace campaigning principles

681  
00:35:29,420 --> 00:35:25,320  
respect wildlife take out what you bring

682  
00:35:33,250 --> 00:35:29,430  
in and leave what you find so is this

683  
00:35:37,420 --> 00:35:33,260  
creature brown rocks hairy man legend or

684  
00:35:41,390 --> 00:35:37,430  
viewer to come to life is it Bigfoot

685  
00:35:47,390 --> 00:35:41,400  
Sasquatch or is it just Harry trying to

686  
00:35:49,010 --> 00:35:47,400  
find his Hendersons I was getting the

687  
00:35:53,360 --> 00:35:49,020  
picture of Bigfoot running around with a

688  
00:35:59,720 --> 00:35:53,370

nylon on his head too if you could get

689

00:36:03,470 --> 00:35:59,730

one big enough to pull down on it I'm

690

00:36:06,140 --> 00:36:03,480

sorry what is that about the Fed when

691

00:36:09,440 --> 00:36:06,150

they list Bigfoot as the most wanted

692

00:36:12,290 --> 00:36:09,450

fugitive I mean it means he's real then

693

00:36:14,870 --> 00:36:12,300

I guess oh yeah it's interesting I mean

694

00:36:18,680 --> 00:36:14,880

this is after the government looking I

695

00:36:21,530 --> 00:36:18,690

mean this is this is actually uh if you

696

00:36:25,820 --> 00:36:21,540

think about it in this context it's

697

00:36:29,720 --> 00:36:25,830

quite interesting that uh that this is

698

00:36:32,720 --> 00:36:29,730

even-handed oh that is it that he came

699

00:36:35,660 --> 00:36:32,730

into the public like that figure it was

700

00:36:42,320 --> 00:36:35,670

a I suppose altogether have the most one

701  
00:36:44,690 --> 00:36:42,330  
but since you know so all anything

702  
00:36:50,300 --> 00:36:44,700  
Bigfoot's really done is disturb the

703  
00:36:52,670 --> 00:36:50,310  
peace right right right it's not like it

704  
00:36:56,120 --> 00:36:52,680  
just it just baffles me about all the

705  
00:36:59,130 --> 00:36:56,130  
stuff you would expect to hear not just

706  
00:37:10,440 --> 00:37:03,359  
so let's see our next story comes from

707  
00:37:16,829 --> 00:37:10,450  
IFL science Robin Andrews or ch4 is a FL

708  
00:37:19,289 --> 00:37:16,839  
science during 26 2017 this is um for

709  
00:37:21,710 --> 00:37:19,299  
Lake Monster also these something odd is

710  
00:37:24,749 --> 00:37:21,720  
going on Offshore's it's all day after

711  
00:37:27,470 --> 00:37:24,759  
supplement ceased great white sharks are

712  
00:37:30,089 --> 00:37:27,480  
turning up along a stretch of coastline

713  
00:37:32,880 --> 00:37:30,099

with their livers quite precisely

714

00:37:38,190 --> 00:37:32,890

removed from the carcasses two of them

715

00:37:42,479 --> 00:37:38,200

also missing their hearts the autopsy

716

00:37:46,190 --> 00:37:42,489

was carried out once again by dryer

717

00:37:51,749 --> 00:37:46,200

Island Conservation Trust team led by

718

00:37:54,420 --> 00:37:51,759

white shark biologist Allison hounds in

719

00:37:56,279 --> 00:37:54,430

a Facebook post marine dynamics

720

00:37:59,370 --> 00:37:56,289

explained that the carcass of the male

721

00:38:02,009 --> 00:37:59,380

was found on June 24th relatively for

722

00:38:04,380 --> 00:38:02,019

our state of decomposition was missing

723

00:38:08,849 --> 00:38:04,390

not just its liver but its stomach and

724

00:38:14,249 --> 00:38:08,859

testes to and a butt out fiercely before

725

00:38:17,960 --> 00:38:14,259

dying the carcass this time was 4 point

726

00:38:22,200 --> 00:38:17,970

1 meter which is 13 and 1/2 feet long

727

00:38:24,569 --> 00:38:22,210

which is remarkably the third largest of

728

00:38:27,059 --> 00:38:24,579

the four murder victims that appeared

729

00:38:32,339 --> 00:38:27,069

recently when we see murder victims

730

00:38:36,739 --> 00:38:32,349

course sharks the most massive was a

731

00:38:39,930 --> 00:38:36,749

16-foot female shark and took the in

732

00:38:44,150 --> 00:38:39,940

down as award for being the largest

733

00:38:47,069 --> 00:38:44,160

shark ever detected in South yet

734

00:38:49,650 --> 00:38:47,079

incredibly the culprits weren't just

735

00:38:52,079 --> 00:38:49,660

identified by the type of wounds located

736

00:38:53,910 --> 00:38:52,089

on the victim they were seen actively

737

00:38:59,309 --> 00:38:53,920

patrolling the scene of the crime for

738

00:39:02,249 --> 00:38:59,319

clean the area well what do we pin the

739

00:39:04,349 --> 00:39:02,259

pair of orcas leaves to be responsible

740

00:39:09,870 --> 00:39:04,359

or sighted off shore of danger point

741

00:39:11,120 --> 00:39:09,880

then again and ankle today the Facebook

742

00:39:14,420 --> 00:39:11,130

post

743

00:39:19,440 --> 00:39:14,430

Marine Dynamics cage diving or trick

744

00:39:21,720 --> 00:39:19,450

practicar subsequently all cage diving

745

00:39:23,910 --> 00:39:21,730

boats failed see the white sharks they

746

00:39:27,930 --> 00:39:23,920

as I believe the Starks a flood area

747

00:39:30,089 --> 00:39:27,940

once again this murderous pattern began

748

00:39:31,530 --> 00:39:30,099

early making and the latest killing

749

00:39:32,280 --> 00:39:31,540

suggests that it is likely to continue

750

00:39:34,880 --> 00:39:32,290

for some time

751  
00:39:38,370 --> 00:39:34,890  
all the orbits are effective hunters

752  
00:39:40,859 --> 00:39:38,380  
it's somewhat unusual that they're going

753  
00:39:44,370 --> 00:39:40,869  
after great whites who are the

754  
00:39:47,310 --> 00:39:44,380  
unquestionable EDX predators in the

755  
00:39:49,440 --> 00:39:47,320  
waters there are various hypotheses

756  
00:39:52,680 --> 00:39:49,450  
banded about trying to explain these

757  
00:39:54,630 --> 00:39:52,690  
well why these orcas are eating select

758  
00:40:00,570 --> 00:39:54,640  
organs of the great white rather than

759  
00:40:03,480 --> 00:40:00,580  
whole carcass as we previously noted the

760  
00:40:06,420 --> 00:40:03,490  
specificity of the organ harvesting

761  
00:40:08,520 --> 00:40:06,430  
isn't too unusual when hunting whales

762  
00:40:11,520 --> 00:40:08,530  
Orca sometimes kill their calves and

763  
00:40:14,099 --> 00:40:11,530

only eat their tummies some organs

764

00:40:16,920 --> 00:40:14,109

provide a lot more energy than the rest

765

00:40:23,420 --> 00:40:16,930

of the flesh so perhaps this is type of

766

00:40:25,859 --> 00:40:23,430

feasting this from orcas because what I

767

00:40:27,450 --> 00:40:25,869

spend a lot of energy just killing a

768

00:40:32,640 --> 00:40:27,460

great white shark in the first place

769

00:40:35,880 --> 00:40:32,650

though so this idea may be 'invalid in

770

00:40:39,030 --> 00:40:35,890

any case the purse teeth removal of

771

00:40:41,960 --> 00:40:39,040

these organs from thrashing great white

772

00:40:47,670 --> 00:40:41,970

is as mysterious as its priests and

773

00:40:50,339 --> 00:40:47,680

unprecedented yeah quite interesting I

774

00:40:52,770 --> 00:40:50,349

you know that's a good point everyone

775

00:40:55,530 --> 00:40:52,780

saying well you know not everyone but

776

00:40:58,670 --> 00:40:55,540

certainly Scott Dixon and many people

777

00:41:02,790 --> 00:40:58,680

said well this has got to be orcas and

778

00:41:04,050 --> 00:41:02,800

you know again explain how I work I mean

779

00:41:06,780 --> 00:41:04,060

I suppose it could be possible after

780

00:41:10,040 --> 00:41:06,790

enough or they did it right again I'm

781

00:41:14,970 --> 00:41:10,050

gonna sit when they describe it as since

782

00:41:16,380 --> 00:41:14,980

what's they call it this a surgically

783

00:41:19,710 --> 00:41:16,390

precision

784

00:41:21,739 --> 00:41:19,720

and you gotta wonder can can orcas do

785

00:41:26,099 --> 00:41:21,749

that especially with the thrashing

786

00:41:28,859 --> 00:41:26,109

leopard maybe I don't know but it you

787

00:41:31,710 --> 00:41:28,869

know on the other or I should say not

788

00:41:34,799 --> 00:41:31,720

the other hand same token I believe in

789

00:41:38,400 --> 00:41:34,809

alien abductions the and I also believe

790

00:41:40,710 --> 00:41:38,410

and the equally and or or that the

791

00:41:42,599 --> 00:41:40,720

cattle mutilations are a fact and I

792

00:41:44,849 --> 00:41:42,609

don't know if aliens are government

793

00:41:49,349 --> 00:41:44,859

doing it somebody's doing it and my

794

00:41:51,690 --> 00:41:49,359

thought is if we have that then why one

795

00:41:54,690 --> 00:41:51,700

whoever doing it also being an aquatic

796

00:41:57,410 --> 00:41:54,700

life as well you know you have to give

797

00:42:00,779 --> 00:41:57,420

in certain parts certain reasons or I

798

00:42:02,999 --> 00:42:00,789

don't know what they do the same thing

799

00:42:05,190 --> 00:42:03,009

you know and in this case they were just

800

00:42:07,380 --> 00:42:05,200

dump the carcass back in the water but

801

00:42:10,170 --> 00:42:07,390

you're the nature would take care of it

802

00:42:16,529 --> 00:42:10,180

no one would be the wise and instead

803

00:42:18,809 --> 00:42:16,539

they wash up on shore and so you know on

804

00:42:19,769 --> 00:42:18,819

one hand yaki okra I guess that would be

805

00:42:23,549 --> 00:42:19,779

the most

806

00:42:25,920 --> 00:42:23,559

I don't know facade again like like I

807

00:42:26,609 --> 00:42:25,930

said it's not easy taking down 8 X

808

00:42:29,849 --> 00:42:26,619

predator

809

00:42:32,700 --> 00:42:29,859

no it's not in same premise workers are

810

00:42:35,279 --> 00:42:32,710

very very intelligent you know we know

811

00:42:36,739 --> 00:42:35,289

what we know about orcas is just barely

812

00:42:38,819 --> 00:42:36,749

skimming the surface

813

00:42:41,099 --> 00:42:38,829

imagine all the stuff that's out there

814

00:42:47,309 --> 00:42:41,109

that researchers have yet to find out

815

00:42:49,440 --> 00:42:47,319

about that's true any thoughts Mike you

816

00:42:52,680 --> 00:42:49,450

know what reminds me of my co-host Ken

817

00:42:54,359 --> 00:42:52,690

he's done he hates the term Academy

818

00:42:57,359 --> 00:42:54,369

lations he likes the term animal

819

00:43:00,440 --> 00:42:57,369

harvesting he feels that if it is

820

00:43:02,880 --> 00:43:00,450

another world you know entity or a world

821

00:43:05,549 --> 00:43:02,890

maybe a creature under the ocean were

822

00:43:07,859 --> 00:43:05,559

unknown about you know like you said

823

00:43:10,589 --> 00:43:07,869

Kevin they may need these parts for

824

00:43:13,079 --> 00:43:10,599

their own research or maybe their own

825

00:43:15,120 --> 00:43:13,089

survival who knows but like it's hard to

826

00:43:17,249 --> 00:43:15,130

believe that another animal could do

827

00:43:19,799 --> 00:43:17,259

that to another animal so precisely just

828

00:43:21,749 --> 00:43:19,809

just a certain organ sounds it sounds

829

00:43:23,700 --> 00:43:21,759

like there's more going on I mean like

830

00:43:27,299 --> 00:43:23,710

you said could be a government cover-up

831

00:43:29,819 --> 00:43:27,309

- that's very very you know possible

832

00:43:32,459 --> 00:43:29,829

with what's going on in our world these

833

00:43:35,400 --> 00:43:32,469

days you know sure yeah or eat of

834

00:43:37,620 --> 00:43:35,410

private company yes yeah they're kind of

835

00:43:40,559 --> 00:43:37,630

blackops and we're just private no

836

00:43:42,660 --> 00:43:40,569

companies that don't own they exist but

837

00:43:44,190 --> 00:43:42,670

they don't have publicity Verizon right

838

00:43:46,259 --> 00:43:44,200

maybe Robert Bigelow is out there

839

00:43:48,870 --> 00:43:46,269

cutting up whales - who knows you know I

840

00:43:50,160 --> 00:43:48,880

don't know you know yeah just yeah it's

841

00:43:52,410 --> 00:43:50,170

strange it could be a private company

842

00:43:54,229 --> 00:43:52,420

out there with boats and they're killing

843

00:43:56,999 --> 00:43:54,239

the whales taking them on board and

844

00:43:58,680 --> 00:43:57,009

cutting out the parts for certain

845

00:44:02,430 --> 00:43:58,690

research reasons which they you know

846

00:44:03,930 --> 00:44:02,440

they should be you know to tell you the

847

00:44:05,819 --> 00:44:03,940

truth if their ships doing that they

848

00:44:09,680 --> 00:44:05,829

should just be taken out by a US

849

00:44:16,459 --> 00:44:12,059

they should be doing that to the animals

850

00:44:20,519 --> 00:44:16,469

something like that no no yeah that is

851  
00:44:22,140 --> 00:44:20,529  
certainly unusual you know I guess they

852  
00:44:24,660 --> 00:44:22,150  
have to come up with some answer so

853  
00:44:27,449 --> 00:44:24,670  
they're gonna say orcas mm-hmm yeah yeah

854  
00:44:29,489 --> 00:44:27,459  
cover up again yes oh yeah sounds like a

855  
00:44:35,999 --> 00:44:29,499  
cover up to me the weather balloon in

856  
00:44:45,599 --> 00:44:38,370  
weather balloons are killing sharks in

857  
00:44:51,449 --> 00:44:45,609  
Wales it's like really okay our next

858  
00:45:00,689 --> 00:44:51,459  
story comes from US Army for life I

859  
00:45:02,809 --> 00:45:00,699  
count yeah this is June 22nd 2017 and

860  
00:45:08,640 --> 00:45:02,819  
you guys aren't gonna believe this one

861  
00:45:12,299 --> 00:45:08,650  
breaking oil is barrels remove Clinton

862  
00:45:20,430 --> 00:45:12,309  
property containing parts three missing

863  
00:45:23,279 --> 00:45:20,440

weapon again what mm-hmm is women who

864

00:45:25,620 --> 00:45:23,289

all went missing in the mid-1970s have

865

00:45:29,039 --> 00:45:25,630

turned up at least parts of them in a

866

00:45:33,769 --> 00:45:29,049

steel industrial 55-gallon drum buried

867

00:45:37,199 --> 00:45:33,779

on the Clinton estate in Chappaqua New

868

00:45:41,130 --> 00:45:37,209

York the barrel which contained the arms

869

00:45:43,260 --> 00:45:41,140

legs and heads of three women was filled

870

00:45:47,340 --> 00:45:43,270

with what medical examiner's call

871

00:45:49,530 --> 00:45:47,350

a crude preservative this means that

872

00:45:50,930 --> 00:45:49,540

whoever put them there wanted to be able

873

00:45:54,240 --> 00:45:50,940

to visit them later

874

00:45:56,970 --> 00:45:54,250

perhaps investigators were hoping to

875

00:45:59,490 --> 00:45:56,980

find the torsos and second big role and

876

00:46:03,359 --> 00:45:59,500

recovered but found nothing but woman's

877

00:46:06,300 --> 00:46:03,369

shoes inside all brand-new and boxes

878

00:46:08,160 --> 00:46:06,310

with the tag still on the one investor

879

00:46:12,720 --> 00:46:08,170

called it the weirdest thing he'd ever

880

00:46:15,390 --> 00:46:12,730

seen the three women all of whom were in

881

00:46:19,109 --> 00:46:15,400

their late teens or early 20s were

882

00:46:21,840 --> 00:46:19,119

hitchhiking from way or checking their

883

00:46:24,090 --> 00:46:21,850

way from California to New York in 1974

884

00:46:26,640 --> 00:46:24,100

what they disappeared the last note

885

00:46:30,800 --> 00:46:26,650

Kishin before heading back onto the road

886

00:46:33,330 --> 00:46:30,810

with hotel just a separate little crowd

887

00:46:35,010 --> 00:46:33,340

is there the coincidence at all three

888

00:46:37,560 --> 00:46:35,020

pretty young girls who disappeared so

889

00:46:40,160 --> 00:46:37,570

long ago from Arkansas ended up dead and

890

00:46:43,050 --> 00:46:40,170

buried on a property in upstate New York

891

00:46:47,550 --> 00:46:43,060

it does if you talk to the Clintons PR

892

00:46:50,670 --> 00:46:47,560

people quote Bill and Hillary have

893

00:46:52,950 --> 00:46:50,680

nothing to do with this and welcome any

894

00:46:54,870 --> 00:46:52,960

investigation with open arms they've

895

00:46:57,960 --> 00:46:54,880

offered the Department of Justice their

896

00:46:59,849 --> 00:46:57,970

full cooperation you people and your

897

00:47:01,680 --> 00:46:59,859

conspiracy theories that everyone who

898

00:47:05,940 --> 00:47:01,690

dies in America must have a run-in with

899

00:47:11,430 --> 00:47:05,950

pit bull or Hillary Clinton needs down

900

00:47:14,430 --> 00:47:11,440

unquote investigators say well they

901  
00:47:16,230 --> 00:47:14,440  
don't yet have enough to charge Bill

902  
00:47:20,760 --> 00:47:16,240  
Clinton they certainly have enough

903  
00:47:22,740 --> 00:47:20,770  
evidence to question him when they

904  
00:47:25,200 --> 00:47:22,750  
approached the house to do their jobs

905  
00:47:29,460 --> 00:47:25,210  
they were met by a team of lawyers and

906  
00:47:31,680 --> 00:47:29,470  
Secret Service personnel and told that

907  
00:47:36,150 --> 00:47:31,690  
unless they have real evidence mr.

908  
00:47:39,690 --> 00:47:36,160  
Clinton was unavailable they added that

909  
00:47:41,609 --> 00:47:39,700  
he felt really bad for those girls but

910  
00:47:46,859 --> 00:47:41,619  
hope that is now their families have

911  
00:47:49,200 --> 00:47:46,869  
closure Clinton we use ignorant in the

912  
00:47:54,840 --> 00:47:49,210  
fifth amendment to once again try to get

913  
00:47:57,330 --> 00:47:54,850

away from her well again that's up that

914

00:47:57,630 --> 00:47:57,340

is creepy as heck gonna come out and say

915

00:47:59,760 --> 00:47:57,640

it

916

00:48:01,830 --> 00:47:59,770

whatever the circumstances turns out to

917

00:48:06,270 --> 00:48:01,840

me that is just creepy an area to find

918

00:48:08,580 --> 00:48:06,280

that on property like that and know like

919

00:48:12,030 --> 00:48:08,590

what that last sentence no stories

920

00:48:16,800 --> 00:48:12,040

reporter you should say you know that

921

00:48:19,680 --> 00:48:16,810

we're reporting the news so you know but

922

00:48:21,690 --> 00:48:19,690

I these views of some these people are

923

00:48:24,990 --> 00:48:21,700

not necessarily the buttes of the

924

00:48:29,640 --> 00:48:25,000

station but you know I will say though

925

00:48:33,180 --> 00:48:29,650

it's it's a coincidence that ll they're

926  
00:48:36,980 --> 00:48:33,190  
from Arkansas and be there phone in New

927  
00:48:42,240 --> 00:48:36,990  
York on property that is owned by

928  
00:48:46,500 --> 00:48:42,250  
Arkansas family mm-hmm now that in

929  
00:48:48,120 --> 00:48:46,510  
itself it's uh it's like two big dots

930  
00:48:55,410 --> 00:48:48,130  
right next to each other easily

931  
00:48:57,990 --> 00:48:55,420  
connected yeah no I hate just it's it's

932  
00:49:00,780 --> 00:48:58,000  
horrendous and it's horrible especially

933  
00:49:05,880 --> 00:49:00,790  
I don't care how many years it is to

934  
00:49:09,600 --> 00:49:05,890  
find barrows with bodies like that to

935  
00:49:11,040 --> 00:49:09,610  
know that these people that that that

936  
00:49:15,150 --> 00:49:11,050  
were murdered or whatever happened to

937  
00:49:17,850 --> 00:49:15,160  
them you know their families had no idea

938  
00:49:23,190 --> 00:49:17,860

for all these years whether they were

939

00:49:27,450 --> 00:49:23,200

alive or not it's heartbreaking yes and

940

00:49:30,210 --> 00:49:27,460

you can go into the government or shadow

941

00:49:33,150 --> 00:49:30,220

or black government conspiracy here too

942

00:49:34,980 --> 00:49:33,160

because you have your local jurisdiction

943

00:49:37,710 --> 00:49:34,990

coming in to do their job and they're

944

00:49:39,450 --> 00:49:37,720

being denied the rights you know to talk

945

00:49:41,100 --> 00:49:39,460

to an individual by you know being

946

00:49:42,990 --> 00:49:41,110

stopped or forcefully stopped almost

947

00:49:45,570 --> 00:49:43,000

like martial law where they can't even

948

00:49:48,330 --> 00:49:45,580

talk to the guy with all probably being

949

00:49:50,580 --> 00:49:48,340

shot themselves so that that in my own

950

00:49:51,960 --> 00:49:50,590

mind is kind of a strange I mean of

951  
00:49:54,060 --> 00:49:51,970  
course he's gonna have Secret Service

952  
00:49:56,130 --> 00:49:54,070  
all former presidents do but that's a

953  
00:49:58,320 --> 00:49:56,140  
strange you know kind of strange how

954  
00:50:00,050 --> 00:49:58,330  
they you know can't even approach the

955  
00:50:02,910 --> 00:50:00,060  
place without being you know stopped by

956  
00:50:05,760 --> 00:50:02,920  
numerous agents and stuff like that so

957  
00:50:08,640 --> 00:50:05,770  
it's definitely feels it's a strange

958  
00:50:09,989 --> 00:50:08,650  
yeah of course money money buys people

959  
00:50:13,979 --> 00:50:09,999  
out of everything and I'm sure

960  
00:50:15,779 --> 00:50:13,989  
that's how this will end up at some but

961  
00:50:17,429 --> 00:50:15,789  
I mean it was such an amount of evidence

962  
00:50:18,209 --> 00:50:17,439  
against them to be right now going over

963  
00:50:22,639 --> 00:50:18,219

Clinton

964

00:50:28,439 --> 00:50:25,769

you figure her yeah yeah if anyone could

965

00:50:31,819 --> 00:50:28,449

buy their way out of crumb him it's

966

00:50:34,199 --> 00:50:31,829

certainly people like that

967

00:50:35,909 --> 00:50:34,209

obviously I would like to think justice

968

00:50:38,519 --> 00:50:35,919

will catch up with them I know

969

00:50:40,259 --> 00:50:38,529

it's my personal belief in the in the

970

00:50:42,419 --> 00:50:40,269

next where that afterlife or whatever

971

00:50:55,840 --> 00:50:42,429

one just like anything like the universe

972

00:51:34,570 --> 00:51:27,980
