exposing the truth one secret at a time

prepare yourself as we explore the

5
00:00:17,480 --> 00:00:13,769

shadow worlds of suppressed history

6
00:00:19,970 --> 00:00:17,490

secret knowledge forbidden religion and

7
00:00:36,160 --> 00:00:19,980

shine a light on the conspiracies to

8
00:00:36,170 --> 00:01:02,819

[Music]

9
00:01:02,829 --> 00:01:08,149

welcome to night-vision radio

10
00:01:13,080 --> 00:01:10,950

hey welcome everybody I'm your host

11
00:01:15,330 --> 00:01:13,090

Renee Barnett this is night vision radio

12
00:01:17,670 --> 00:01:15,340

I'm really excited about tonight's show

13
00:01:19,109 --> 00:01:17,680

because not only is it going to be

14

00:01:22,260 --> 00:01:19,119

really interesting information it's

15

00:01:24,870 --> 00:01:22,270

going to be a lot of fun I've decided to

16

00:01:28,190 --> 00:01:24,880

sort of start a new feature on night

17

00:01:31,700 --> 00:01:28,200

vision and every now and then we will be

18

00:01:33,809 --> 00:01:31,710

looking at specific locations and

19

00:01:36,950 --> 00:01:33,819

examining them for all their weird

20

00:01:41,279 --> 00:01:36,960

activity whether it be paranormal UFO

21

00:01:44,130 --> 00:01:41,289

haunts hidden history whatever the case

22

00:01:45,929 --> 00:01:44,140

may be forbidden archeology we're going

23

00:01:48,330 --> 00:01:45,939

to take a look at special places because

24

00:01:50,100 --> 00:01:48,340

I think you guys have heard me say

25

00:01:52,139 --> 00:01:50,110

several times you know of course you

26
00:01:54,690 --> 00:01:52,149
always hear me gassing on about going to

27
00:01:56,820 --> 00:01:54,700
France and of course I love to go over

28
00:01:58,460 --> 00:01:56,830
there and poke around in Europe and

29
00:02:01,980 --> 00:01:58,470
because there's so much history there

30
00:02:03,749 --> 00:02:01,990
but I also say that you know you really

31
00:02:06,410 --> 00:02:03,759
don't have to be a world traveler or not

32
00:02:10,350 --> 00:02:06,420
that I am but you don't have to go

33
00:02:13,770 --> 00:02:10,360
across the ocean to find really strange

34
00:02:17,370 --> 00:02:13,780
and interesting things as a matter of

35
00:02:19,020 --> 00:02:17,380
fact I think you can probably find them

36
00:02:23,000 --> 00:02:19,030
right in your own backyard

37
00:02:27,150 --> 00:02:23,010
so I'm going to start a feature called

38
00:02:29,129 --> 00:02:27,160

in our own backyard and tonight we're

39

00:02:31,020 --> 00:02:29,139

going to start with my home state and

40

00:02:33,860 --> 00:02:31,030

some really good friends of mine who are

41

00:02:37,650 --> 00:02:33,870

doing some amazing research there their

42

00:02:40,080 --> 00:02:37,660

UFO investigators par excellence they're

43

00:02:43,349 --> 00:02:40,090

veterans they're directors of the

44

00:02:46,400 --> 00:02:43,359

Oklahoma UFO paranormal team and they

45

00:02:49,680 --> 00:02:46,410

both have years of experience in

46

00:02:52,229 --> 00:02:49,690

investigating UFOs they were state

47

00:02:54,420 --> 00:02:52,239

directors of MUFON for a number of years

48

00:02:55,920 --> 00:02:54,430

they've continued on their own research

49

00:02:58,740 --> 00:02:55,930

and they've really dovetailed and

50

00:03:03,150 --> 00:02:58,750

expanded it into different areas that

51
00:03:05,039 --> 00:03:03,160
include forbidden history hauntings any

52
00:03:08,460 --> 00:03:05,049
kind of strangeness that you want to

53
00:03:10,500 --> 00:03:08,470
find in the state of Oklahoma and I'm so

54
00:03:13,920 --> 00:03:10,510
excited because they've just returned

55
00:03:16,349 --> 00:03:13,930
from an investigation into the infamous

56
00:03:19,020 --> 00:03:16,359
Dogman of Oklahoma which I can't wait to

57
00:03:20,780 --> 00:03:19,030
hear about so tonight without further

58
00:03:23,149 --> 00:03:20,790
ado I'd like to introduce

59
00:03:25,819 --> 00:03:23,159
Marilyn and dick Carlson hey guys thank

60
00:03:28,009 --> 00:03:25,829
you so much for joining us thanks for

61
00:03:31,030 --> 00:03:28,019
having us you know I should also mention

62
00:03:33,559 --> 00:03:31,040
we got you know our wonderful producer

63
00:03:36,199 --> 00:03:33,569

on the on the line with us at all times

64

00:03:39,080 --> 00:03:36,209

making sure everything runs properly and

65

00:03:41,960 --> 00:03:39,090

we've asked MJ to jump in at any moment

66

00:03:44,390 --> 00:03:41,970

you know because he's definitely got his

67

00:03:46,399 --> 00:03:44,400

own paranormal background and he may

68

00:03:48,860 --> 00:03:46,409

have some information to include or he

69

00:03:52,339 --> 00:03:48,870

may have some additional questions for

70

00:03:54,440 --> 00:03:52,349

our guest tonight but you know Marilyn I

71

00:03:56,479 --> 00:03:54,450

was trying to think about you know

72

00:03:59,780 --> 00:03:56,489

earlier when we first came into contact

73

00:04:01,819 --> 00:03:59,790

and her course it brought to mind our

74

00:04:06,559 --> 00:04:01,829

good friend the late great Elaine

75

00:04:08,990 --> 00:04:06,569

Douglas who was a MUFON Utah State

76
00:04:10,909 --> 00:04:09,000
Director for a number I think something

77
00:04:13,580 --> 00:04:10,919
like 25 years or something some crazy

78
00:04:17,479 --> 00:04:13,590
amount of time around a long time

79
00:04:21,370 --> 00:04:17,489
oh man and she was also headed up

80
00:04:24,439 --> 00:04:21,380
operation right - no and she was a

81
00:04:29,300 --> 00:04:24,449
fireball we lost her a couple years back

82
00:04:31,399 --> 00:04:29,310
and but I remembered her talking to me

83
00:04:34,420 --> 00:04:31,409
about Marilyn Carlson Marilyn Carlson

84
00:04:38,210 --> 00:04:34,430
was a good friend of hers and so when I

85
00:04:40,219 --> 00:04:38,220
heard from Elaine that her passing was

86
00:04:44,089 --> 00:04:40,229
eminent and I mean within a few days she

87
00:04:45,439 --> 00:04:44,099
was gone I got hold of Maryland and we

88
00:04:47,990 --> 00:04:45,449

sort of became fast friends and

89

00:04:50,089 --> 00:04:48,000

especially since she's in my home state

90

00:04:51,800 --> 00:04:50,099

of Oklahoma we have a lot to talk about

91

00:04:54,170 --> 00:04:51,810

because we know a lot of the same sights

92

00:04:57,500 --> 00:04:54,180

but I tell you Marilyn a dick have

93

00:04:59,450 --> 00:04:57,510

really gotten in there and you guys are

94

00:05:02,089 --> 00:04:59,460

onto a lot of things that I didn't even

95

00:05:04,010 --> 00:05:02,099

know about so I want to get into that

96

00:05:08,210 --> 00:05:04,020

whole Dogman investigation

97

00:05:11,469 --> 00:05:08,220

what is the Dogman what dog man is a

98

00:05:15,589 --> 00:05:11,479

creature that ranges in height from

99

00:05:20,450 --> 00:05:15,599

seven foot two and it's been reported as

100

00:05:25,070 --> 00:05:20,460

being as as tall as 12 foot it looks

101
00:05:27,670 --> 00:05:25,080
like a dog has dog face but it walks on

102
00:05:30,170 --> 00:05:27,680
its hind legs

103
00:05:33,370 --> 00:05:30,180
sometimes the legs were reported as

104
00:05:34,679 --> 00:05:33,380
appearing kind of more like human legs

105
00:05:36,739 --> 00:05:34,689
the shame

106
00:05:40,409 --> 00:05:36,749
of them more like human legs and

107
00:05:45,719 --> 00:05:40,419
sometimes the legs are more like the

108
00:05:48,989 --> 00:05:45,729
hind leg of a dog they're hairy but

109
00:05:55,469 --> 00:05:48,999
always the face looks like it has the

110
00:05:58,109 --> 00:05:55,479
snout of the dog and how long have these

111
00:06:01,409 --> 00:05:58,119
reports been coming out I know I grew up

112
00:06:04,589 --> 00:06:01,419
in southeastern Oklahoma and I did a

113
00:06:06,869 --> 00:06:04,599

documentary on Bigfoot down there in

114

00:06:11,819 --> 00:06:06,879

that same region where you guys are

115

00:06:14,100 --> 00:06:11,829

talking about and I was so amazed at the

116

00:06:16,919 --> 00:06:14,110

many stories that went back at least a

117

00:06:19,439 --> 00:06:16,929

hundred years of Bigfoot reports in the

118

00:06:20,279 --> 00:06:19,449

area but growing up there I didn't hear

119

00:06:23,339 --> 00:06:20,289

about that

120

00:06:27,029 --> 00:06:23,349

so is this another case of this is sort

121

00:06:30,149 --> 00:06:27,039

of a legendary creature that you know in

122

00:06:32,429 --> 00:06:30,159

certain communities they know about but

123

00:06:34,079 --> 00:06:32,439

you know Oklahoma can be very kind of

124

00:06:37,350 --> 00:06:34,089

cliquish and clannish and the little

125

00:06:39,659 --> 00:06:37,360

communities are kind of tight and even

126

00:06:42,269 --> 00:06:39,669

if from one even from one County to

127

00:06:44,549 --> 00:06:42,279

another I remember when we were

128

00:06:47,009 --> 00:06:44,559

investigating and you know the the

129

00:06:50,100 --> 00:06:47,019

Bigfoot thing and I would go you know

130

00:06:53,609 --> 00:06:50,110

sin like say McCurtain County and I

131

00:06:56,249 --> 00:06:53,619

would say well so and so over here told

132

00:06:57,779 --> 00:06:56,259

me this event he goes he's from Payne

133

00:07:02,100 --> 00:06:57,789

County you can't believe anybody from

134

00:07:03,869 --> 00:07:02,110

Payne County so is this one of those

135

00:07:06,089 --> 00:07:03,879

kind of deals that I just never heard

136

00:07:09,149 --> 00:07:06,099

about or is there something that's come

137

00:07:11,549 --> 00:07:09,159

up fairly recently it's actually a

138

00:07:15,329 --> 00:07:11,559

fairly recent thing that thing that

139

00:07:18,149 --> 00:07:15,339

people are starting to talk about there

140

00:07:20,159 --> 00:07:18,159

is a Pennsylvania investigator which

141

00:07:26,639 --> 00:07:20,169

were TASKE that really kind of brought

142

00:07:29,669 --> 00:07:26,649

it to the forefront about dog man and so

143

00:07:33,540 --> 00:07:29,679

more more reports came in to Oklahoma

144

00:07:38,929 --> 00:07:33,550

and we just recently went on a case in

145

00:07:44,850 --> 00:07:38,939

Talihina and it's down in southeast

146

00:07:46,589 --> 00:07:44,860

Oklahoma it's south of i-40 and kind of

147

00:07:47,759 --> 00:07:46,599

sudden they're near Haven or a lot of

148

00:07:48,400 --> 00:07:47,769

people have heard of the he've inner

149

00:07:51,550 --> 00:07:48,410

runes

150

00:07:56,350 --> 00:07:51,560

yes and itself it's south of Heavener

151
00:08:01,720 --> 00:07:56,360
actually maybe I don't know 50 75 miles

152
00:08:03,340 --> 00:08:01,730
from from Heavener and yeah we went out

153
00:08:08,650 --> 00:08:03,350
when we went over there we went through

154
00:08:10,510 --> 00:08:08,660
McAllister on that way but it's a it's a

155
00:08:16,410 --> 00:08:10,520
beautiful drive in to tell her you know

156
00:08:20,980 --> 00:08:16,420
I will will say that no it just the the

157
00:08:23,200 --> 00:08:20,990
landscape really is conducive to both

158
00:08:28,420 --> 00:08:23,210
Bigfoot and and the dog man

159
00:08:29,920 --> 00:08:28,430
and these people reported seeing a dog

160
00:08:33,870 --> 00:08:29,930
man they were sitting on their back

161
00:08:37,630 --> 00:08:33,880
porch and she was reading the paper and

162
00:08:40,420 --> 00:08:37,640
she heard this funny kind of howl kind

163
00:08:41,890 --> 00:08:40,430

of thing and she looked up and didn't

164

00:08:44,110 --> 00:08:41,900

think anything about it she thought

165

00:08:50,340 --> 00:08:44,120

maybe it was a dog way out in the woods

166

00:08:53,290 --> 00:08:50,350

and then she saw this dog man standing

167

00:08:56,770 --> 00:08:53,300

near near the lake because the woods

168

00:09:01,710 --> 00:08:56,780

went down to the lake and and actually

169

00:09:06,070 --> 00:09:01,720

is locally called Lake Tana China and

170

00:09:09,430 --> 00:09:06,080

there's another smaller lake that is

171

00:09:12,250 --> 00:09:09,440

nearby town Ahana and we couldn't get to

172

00:09:14,680 --> 00:09:12,260

actually the smaller lake the road was

173

00:09:17,530 --> 00:09:14,690

had there had been heavy rains

174

00:09:20,560 --> 00:09:17,540

previously and the road was washed out

175

00:09:24,220 --> 00:09:20,570

and there were huge boulder like rocks

176

00:09:27,280 --> 00:09:24,230

and in the in the road so we couldn't

177

00:09:30,120 --> 00:09:27,290

get to the location we really wanted to

178

00:09:35,620 --> 00:09:30,130

go to but we did investigate around

179

00:09:38,290 --> 00:09:35,630

Talihina Lake and it was difficult even

180

00:09:41,290 --> 00:09:38,300

there because the lake water was very

181

00:09:43,300 --> 00:09:41,300

high and there was no shoreline

182

00:09:47,190 --> 00:09:43,310

whatsoever except just kind of the

183

00:09:50,350 --> 00:09:47,200

straight drop down into the water and

184

00:09:57,130 --> 00:09:50,360

was a man-made lake yeah if there's a

185

00:09:59,680 --> 00:09:57,140

dam there yeah and so we we looked

186

00:10:03,410 --> 00:09:59,690

around for footprints scouted all around

187

00:10:08,590 --> 00:10:03,420

could not find any footprints they

188

00:10:13,070 --> 00:10:08,600

and the people in that region are very

189

00:10:15,410 --> 00:10:13,080

close-mouthed tight-lipped we we had to

190

00:10:18,830 --> 00:10:15,420

be very careful about going on anybody's

191

00:10:23,600 --> 00:10:18,840

property because a lot of the land there

192

00:10:27,440 --> 00:10:23,610

we noticed was posted so we we didn't

193

00:10:30,980 --> 00:10:27,450

dare go on that property and so it

194

00:10:33,440 --> 00:10:30,990

because of the posted land and the high

195

00:10:37,490 --> 00:10:33,450

water it was a little difficult to get

196

00:10:41,810 --> 00:10:37,500

in to look more for footprints but we do

197

00:10:44,750 --> 00:10:41,820

have a case that we investigated six

198

00:10:48,980 --> 00:10:44,760

months ago and it was over ten miles

199

00:10:55,250 --> 00:10:48,990

east of Ada and aedra eight is in the

200

00:10:58,910 --> 00:10:55,260

central part of the state yep and he

201
00:11:03,010 --> 00:10:58,920
reported seeing what appeared to be a

202
00:11:06,380 --> 00:11:03,020
doglike creature out by his barn and

203
00:11:09,829 --> 00:11:06,390
he's watching it and it turns and it

204
00:11:13,130 --> 00:11:09,839
looks at him he sees that the creature

205
00:11:16,790 --> 00:11:13,140
he sees that he's looking at it and it

206
00:11:20,240 --> 00:11:16,800
turns and starts menacingly walking

207
00:11:24,440 --> 00:11:20,250
towards him and that's when he could see

208
00:11:28,120 --> 00:11:24,450
then that it had a face of a Middaugh

209
00:11:31,250 --> 00:11:28,130
but it was walking on two hind legs and

210
00:11:34,040 --> 00:11:31,260
what a weird feeling would that be it

211
00:11:36,050 --> 00:11:34,050
scared the crap out of him I mean kind

212
00:11:38,630 --> 00:11:36,060
of like almost like you could almost

213
00:11:44,210 --> 00:11:38,640

except kind of a Bigfoot creature but

214

00:11:47,870 --> 00:11:44,220

that is really bizarre walking dog man

215

00:11:50,360 --> 00:11:47,880

right and we went out at first he

216

00:11:53,060 --> 00:11:50,370

thought it was just like three or four

217

00:11:56,530 --> 00:11:53,070

foot tall but when he had his son go out

218

00:11:59,750 --> 00:11:56,540

who's nearly six foot and stand out

219

00:12:02,150 --> 00:11:59,760

where he was saw the creature standing

220

00:12:05,060 --> 00:12:02,160

by his barn he realized that the

221

00:12:08,570 --> 00:12:05,070

creature was probably seven foot or more

222

00:12:10,460 --> 00:12:08,580

oh my god so I thought of what initially

223

00:12:13,280 --> 00:12:10,470

came out of the barn that was on all

224

00:12:15,460 --> 00:12:13,290

fours yeah well yeah it was walking on

225

00:12:18,370 --> 00:12:15,470

all fours but then I then it

226

00:12:23,080 --> 00:12:18,380

and walked on its hind legs towards him

227

00:12:27,820 --> 00:12:23,090

so anyway I bet that would call for some

228

00:12:34,950 --> 00:12:29,610

[Laughter]

229

00:12:39,730 --> 00:12:34,960

went out there right away and he found a

230

00:12:43,510 --> 00:12:39,740

footprint he had dumped the ashes out of

231

00:12:46,570 --> 00:12:43,520

the from the fireplace and it was out a

232

00:12:50,140 --> 00:12:46,580

little ways into the field and he found

233

00:12:53,740 --> 00:12:50,150

a footprint in where the mud and the

234

00:12:57,010 --> 00:12:53,750

ashes were and that footprint that I

235

00:12:58,810 --> 00:12:57,020

sent you a photograph of yeah we're

236

00:13:03,640 --> 00:12:58,820

holding the casting

237

00:13:08,470 --> 00:13:03,650

that's the footprint mm-hmm pretty big

238

00:13:13,930 --> 00:13:08,480

well it really was it was probably the

239

00:13:16,150 --> 00:13:13,940

size of actual great wolf print as near

240

00:13:20,190 --> 00:13:16,160

as we could tell by researching a little

241

00:13:24,610 --> 00:13:20,200

bit for the size of the print and but

242

00:13:28,560 --> 00:13:24,620

the print went down into the mud and

243

00:13:32,050 --> 00:13:28,570

ashes quite away so it weighed a lot

244

00:13:34,240 --> 00:13:32,060

whatever stepped on that one spot and

245

00:13:37,350 --> 00:13:34,250

it's just the one footprint we searched

246

00:13:42,060 --> 00:13:37,360

around for other footprints but it was

247

00:13:45,850 --> 00:13:42,070

just a little bit too rocky to find any

248

00:13:51,220 --> 00:13:45,860

find any other prints but we casted it

249

00:13:54,070 --> 00:13:51,230

and the largest dog that we had it to

250

00:13:58,900 --> 00:13:54,080

compare to is still larger than a great

251
00:14:02,079 --> 00:13:58,910
pyrenees hmm we can't we compared the

252
00:14:04,750 --> 00:14:02,089
print to that dog and even it's still

253
00:14:09,190 --> 00:14:04,760
larger cast the dog's footprint into the

254
00:14:12,100 --> 00:14:09,200
mud and then did the comparison and the

255
00:14:16,510 --> 00:14:12,110
footprint cast was larger than that Wow

256
00:14:22,800 --> 00:14:16,520
yeah you know it's funny because that's

257
00:14:27,430 --> 00:14:22,810
the same area aid Talihina broken bow

258
00:14:29,020 --> 00:14:27,440
all around that area Evenor in a cross

259
00:14:30,250 --> 00:14:29,030
over into Mina Arkin

260
00:14:33,190 --> 00:14:30,260
so you know it's right there along the

261
00:14:38,670 --> 00:14:33,200
Arkansas well that area is really in

262
00:14:41,530 --> 00:14:38,680
that point where Arkansas Oklahoma Texas

263
00:14:47,620 --> 00:14:41,540

all kind of come together and maybe

264

00:14:52,510 --> 00:14:47,630

Louisiana even into there and so it that

265

00:14:55,690 --> 00:14:52,520

area we found so many reports of you

266

00:14:57,790 --> 00:14:55,700

know cryptids but mostly what you know

267

00:14:59,410 --> 00:14:57,800

sounded to us like Bigfoot creatures I

268

00:15:02,470 --> 00:14:59,420

mean they have different names for them

269

00:15:07,120 --> 00:15:02,480

some people I have questions about is

270

00:15:07,990 --> 00:15:07,130

dog man really a Bigfoot that just has a

271

00:15:12,070 --> 00:15:08,000

snout

272

00:15:14,740 --> 00:15:12,080

I wonder or are some of these Bigfoot

273

00:15:16,990 --> 00:15:14,750

sightings really dog man sightings yes

274

00:15:18,730 --> 00:15:17,000

you know maybe people are gay maybe

275

00:15:21,310 --> 00:15:18,740

there are two different creatures down

276

00:15:23,590 --> 00:15:21,320

there and people you know kind of see

277

00:15:25,390 --> 00:15:23,600

one furry creature and you know assume

278

00:15:29,050 --> 00:15:25,400

it's a Bigfoot or something like that

279

00:15:34,990 --> 00:15:29,060

but it was it was really amazing and

280

00:15:37,930 --> 00:15:35,000

down by ADA we met with way way way out

281

00:15:42,400 --> 00:15:37,940

in this little house in the woods met

282

00:15:44,890 --> 00:15:42,410

with this Seminole medicine man and he

283

00:15:48,790 --> 00:15:44,900

talked to us about the the Bigfoot

284

00:15:51,610 --> 00:15:48,800

creatures and he said we just call them

285

00:15:53,950 --> 00:15:51,620

another tribe we don't bother them and

286

00:15:57,400 --> 00:15:53,960

they don't bother us but they walk up

287

00:15:59,380 --> 00:15:57,410

and down the rivers and the streams you

288

00:16:03,130 --> 00:15:59,390

know they walk along the the waterways

289

00:16:05,710 --> 00:16:03,140

and these were things that were just

290

00:16:07,840 --> 00:16:05,720

again right in my own backyard

291

00:16:11,380 --> 00:16:07,850

growing up in southeastern Oklahoma that

292

00:16:13,990 --> 00:16:11,390

I just did not know about and it's

293

00:16:15,700 --> 00:16:14,000

amazing you know it's got to be that way

294

00:16:19,150 --> 00:16:15,710

everywhere there's got to be hidden

295

00:16:21,580 --> 00:16:19,160

things that if you look you'll find and

296

00:16:24,910 --> 00:16:21,590

I know you guys have done a lot of work

297

00:16:28,230 --> 00:16:24,920

in not only encrypted but in hauntings

298

00:16:32,980 --> 00:16:28,240

and long long history of UFO

299

00:16:37,510 --> 00:16:32,990

investigations right yes we we fact we

300

00:16:40,420 --> 00:16:37,520

we just got a request to do an interview

301
00:16:42,489 --> 00:16:40,430
we we investigated something in

302
00:16:46,059 --> 00:16:42,499
Springfield

303
00:16:52,029 --> 00:16:46,069
Missouri it's really not here but we've

304
00:16:57,609 --> 00:16:52,039
been asked very close yeah yeah by yeah

305
00:17:00,339 --> 00:16:57,619
TV in Springfield mmm if we would if we

306
00:17:04,110 --> 00:17:00,349
would interview about a case that where

307
00:17:08,319 --> 00:17:04,120
this young nine year old girl was killed

308
00:17:10,720 --> 00:17:08,329
in it she was murdered and we went over

309
00:17:16,539 --> 00:17:10,730
to investigate it and we made contact

310
00:17:20,079 --> 00:17:16,549
with her and so we we we had that up on

311
00:17:22,539 --> 00:17:20,089
the website but we're noticing

312
00:17:25,829 --> 00:17:22,549
we just went to tonight take a look at

313
00:17:30,700 --> 00:17:25,839

it and for some reason our video of our

314

00:17:35,889 --> 00:17:30,710

contact with the girl we did it we use a

315

00:17:38,320 --> 00:17:35,899

flashlight to make contact some people

316

00:17:41,379 --> 00:17:38,330

use the spirit box I don't find it very

317

00:17:44,529 --> 00:17:41,389

trustworthy at all but yet people tell

318

00:17:49,480 --> 00:17:44,539

you well don't trust the flashlight but

319

00:17:53,590 --> 00:17:49,490

the flashlight it you know we use a mag

320

00:17:56,950 --> 00:17:53,600

light and the small the small mag light

321

00:17:59,109 --> 00:17:56,960

that you can buy right and we set it

322

00:18:03,450 --> 00:17:59,119

somewhere where it's not being disturbed

323

00:18:06,730 --> 00:18:03,460

by vibrations or or us nobody touches it

324

00:18:10,960 --> 00:18:06,740

we ask questions and we just instruct

325

00:18:13,629 --> 00:18:10,970

the spirit to touch the flashlight to

326

00:18:16,419 --> 00:18:13,639

get it to turn on to answer questions

327

00:18:21,789 --> 00:18:16,429

that are yes or no questions and we did

328

00:18:28,869 --> 00:18:21,799

that also when we investigated oh gosh

329

00:18:29,649 --> 00:18:28,879

what was his name yeah working late Jean

330

00:18:35,639 --> 00:18:29,659

Laroy heart

331

00:18:41,730 --> 00:18:35,649

yeah yes and he's he's buried up in

332

00:18:44,710 --> 00:18:41,740

Baloo which is it must be it's out of

333

00:18:48,279 --> 00:18:44,720

yeah it's out of locust Grove's grove

334

00:18:50,350 --> 00:18:48,289

yeah yeah may not know we we've actually

335

00:18:54,100 --> 00:18:50,360

on this show and you've done other shows

336

00:18:55,160 --> 00:18:54,110

on it as well gene Laroy heart was the

337

00:18:58,010 --> 00:18:55,170

main

338

00:19:05,350 --> 00:18:58,020

suspect in a murder case in Oklahoma

339

00:19:08,720 --> 00:19:05,360

back in what was it 1977 97 yeah June of

340

00:19:10,490 --> 00:19:08,730

1977 and we're three little girl scouts

341

00:19:13,490 --> 00:19:10,500

were murdered I mean that the case

342

00:19:15,980 --> 00:19:13,500

actually garnered worldwide press and

343

00:19:19,730 --> 00:19:15,990

attention and Jean art was the main

344

00:19:21,560 --> 00:19:19,740

suspect however he was acquitted huge

345

00:19:24,560 --> 00:19:21,570

huge controversy in the state of

346

00:19:28,280 --> 00:19:24,570

Oklahoma everyone has an opinion one way

347

00:19:30,710 --> 00:19:28,290

or the other but there was a lot of sort

348

00:19:33,410 --> 00:19:30,720

of paranormal things that went on during

349

00:19:37,100 --> 00:19:33,420

that investigation and had to do with

350

00:19:38,780 --> 00:19:37,110

medicine men and and yes rituals being

351

00:19:40,250 --> 00:19:38,790

performed at the courthouse and all

352

00:19:42,890 --> 00:19:40,260

kinds of really really interesting

353

00:19:45,980 --> 00:19:42,900

things the gene Hart died in a very

354

00:19:49,700 --> 00:19:45,990

mysterious way after he was acquitted

355

00:19:53,570 --> 00:19:49,710

and he is buried in a graveyard in

356

00:19:54,290 --> 00:19:53,580

Maryland has been out there and outside

357

00:19:56,450 --> 00:19:54,300

Locust Grove

358

00:19:58,640 --> 00:19:56,460

so that's who we're talking about here

359

00:20:01,160 --> 00:19:58,650

and there's a lot of hair caramel stuff

360

00:20:04,760 --> 00:20:01,170

around that story I tell ya yeah Mike

361

00:20:08,810 --> 00:20:04,770

knows about that one we we did not make

362

00:20:12,160 --> 00:20:08,820

contact with Jean Leroy Hart but we his

363

00:20:16,640 --> 00:20:12,170

mother is buried right next to him and

364

00:20:20,330 --> 00:20:16,650

we made one with her LM a buckskin LM a

365

00:20:25,730 --> 00:20:20,340

buckskin that's right and we made

366

00:20:29,450 --> 00:20:25,740

contact with her and so it's still an

367

00:20:31,760 --> 00:20:29,460

open investigation the files have not

368

00:20:35,050 --> 00:20:31,770

been closed on that case because they

369

00:20:38,540 --> 00:20:35,060

have not found the individual who

370

00:20:42,380 --> 00:20:38,550

because he was acquitted of the murders

371

00:20:47,150 --> 00:20:42,390

let me say this Jean Louie Roy Hart was

372

00:20:49,130 --> 00:20:47,160

not a man Iceman no he when he died he

373

00:20:54,440 --> 00:20:49,140

died in prison and he was there because

374

00:20:58,430 --> 00:20:54,450

he was convicted of a kidnapping and

375

00:21:00,500 --> 00:20:58,440

rape and raping a couple women and they

376

00:21:05,630 --> 00:21:00,510

were young young young young pregnant

377

00:21:08,850 --> 00:21:05,640

women right and so he was convicted of

378

00:21:14,760 --> 00:21:08,860

that crime so it wasn't be

379

00:21:17,610 --> 00:21:14,770

on him to kidnap even a young child or

380

00:21:21,480 --> 00:21:17,620

go in and and commit the murders of

381

00:21:24,419 --> 00:21:21,490

those young girls but because he was

382

00:21:29,430 --> 00:21:24,429

acquitted that there was apparently not

383

00:21:32,880 --> 00:21:29,440

enough evidence and there there is a guy

384

00:21:34,980 --> 00:21:32,890

that wrote tent number eight presented

385

00:21:38,030 --> 00:21:34,990

down here in Lexington

386

00:21:42,840 --> 00:21:38,040

there's a gentleman that has a bookstore

387

00:21:45,020 --> 00:21:42,850

down here and he he has frequent people

388

00:21:48,630 --> 00:21:45,030

come in and and guests come in and talk

389

00:21:51,240 --> 00:21:48,640

about their books he prefers authors but

390

00:21:54,180 --> 00:21:51,250

he won't we're gonna we're not authors

391

00:21:57,590 --> 00:21:54,190

and we're gonna go down on the 4th of

392

00:22:02,130 --> 00:21:57,600

August and do a presentation on UFOs

393

00:22:06,930 --> 00:22:02,140

because he he's doing a weekend thing

394

00:22:09,570 --> 00:22:06,940

called saucers over Oklahoma oh yeah and

395

00:22:11,270 --> 00:22:09,580

so we're gonna go down and and present

396

00:22:15,020 --> 00:22:11,280

about some of our Oklahoma

397

00:22:18,630 --> 00:22:15,030

investigations a UFO investigations so

398

00:22:23,159 --> 00:22:18,640

and there's there's been quite a few of

399

00:22:26,820 --> 00:22:23,169

those we've we were actually at the

400

00:22:29,490 --> 00:22:26,830

Runestone and we were sky watching and

401
00:22:31,080 --> 00:22:29,500
we caught something we do not know what

402
00:22:34,020 --> 00:22:31,090
it was we could see it was a naked eye

403
00:22:37,590 --> 00:22:34,030
it was a brilliant bright light it was

404
00:22:38,390 --> 00:22:37,600
down in the valley low below them the

405
00:22:41,280 --> 00:22:38,400
Runestone

406
00:22:43,860 --> 00:22:41,290
there's a huge parking lot that's up

407
00:22:46,190 --> 00:22:43,870
kind of on the point and off to the left

408
00:22:49,140 --> 00:22:46,200
is a campground

409
00:22:52,470 --> 00:22:49,150
it used to be owned by the state that

410
00:22:55,289 --> 00:22:52,480
the state closed it and somebody else

411
00:22:57,360 --> 00:22:55,299
took over trying to support the

412
00:23:01,409 --> 00:22:57,370
campground but there is a campground

413
00:23:05,700 --> 00:23:01,419

there and we were up there and we saw

414

00:23:09,060 --> 00:23:05,710

this light come just drifting across the

415

00:23:10,590 --> 00:23:09,070

valley was not moving real fast we could

416

00:23:15,900 --> 00:23:10,600

see it with the naked eye and we caught

417

00:23:17,880 --> 00:23:15,910

it on our night-vision cameras so there

418

00:23:22,590 --> 00:23:17,890

is activity there there's UFO activity

419

00:23:24,870 --> 00:23:22,600

there in that area as well so

420

00:23:29,190 --> 00:23:24,880

and then we have another case that was

421

00:23:32,310 --> 00:23:29,200

reported to us near Ada and this woman

422

00:23:37,860 --> 00:23:32,320

was driving down the road and she saw

423

00:23:40,590 --> 00:23:37,870

dog man climb over the fence and run

424

00:23:43,770 --> 00:23:40,600

across the road and into the woods on

425

00:23:46,140 --> 00:23:43,780

the other side and it turned and looked

426

00:23:48,060 --> 00:23:46,150

at her as she was rough as it was

427

00:23:50,450 --> 00:23:48,070

running across the road and that's when

428

00:23:55,410 --> 00:23:50,460

she could see that it had a doglike face

429

00:23:58,110 --> 00:23:55,420

so that's that's another case was that

430

00:24:00,210 --> 00:23:58,120

was that day or night do you know it was

431

00:24:03,320 --> 00:24:00,220

a daytime sighting daytime oh my

432

00:24:08,310 --> 00:24:03,330

goodness that's really Wow now did you

433

00:24:13,980 --> 00:24:08,320

happen to hear the story about actor Rob

434

00:24:22,200 --> 00:24:13,990

Lowe recently yes he's doing some

435

00:24:26,160 --> 00:24:22,210

programs on yeah I saw it this this

436

00:24:28,860 --> 00:24:26,170

morning on on page six calm and it says

437

00:24:30,390 --> 00:24:28,870

that Rob Lowe says he thought he was

438

00:24:32,280 --> 00:24:30,400

going to be killed during an encounter

439

00:24:34,230 --> 00:24:32,290

with a Bigfoot creature while filming

440

00:24:37,530 --> 00:24:34,240

his new Andy docu-series

441

00:24:40,140 --> 00:24:37,540

you know where he was was he in Oklahoma

442

00:24:42,360 --> 00:24:40,150

at the time I do not know it says low

443

00:24:45,120 --> 00:24:42,370

tells Entertainment Weekly the encounter

444

00:24:47,280 --> 00:24:45,130

took place in the Ozark Mountains which

445

00:24:49,410 --> 00:24:47,290

stretched through Arkansas Missouri and

446

00:24:52,140 --> 00:24:49,420

Oklahoma he said that he and his sons

447

00:24:54,420 --> 00:24:52,150

were camping there to investigate a

448

00:24:57,570 --> 00:24:54,430

bigfoot-like creature that the locals

449

00:24:59,550 --> 00:24:57,580

called a wood ape during a shoot for his

450

00:25:01,500 --> 00:24:59,560

new series called the low files

451
00:25:03,060 --> 00:25:01,510
he said something began to approach

452
00:25:04,800 --> 00:25:03,070
their camp and he said he was lying on

453
00:25:07,410 --> 00:25:04,810
the ground thinking he was going to be

454
00:25:09,780 --> 00:25:07,420
killed and he also said these I'm fully

455
00:25:12,270 --> 00:25:09,790
aware but this story makes me sound like

456
00:25:14,820 --> 00:25:12,280
a crazy Hollywood kook but it happened

457
00:25:17,690 --> 00:25:14,830
really happened so that's really

458
00:25:21,150 --> 00:25:17,700
interesting it'll be fun to see that

459
00:25:23,220 --> 00:25:21,160
when it comes out we have a dolphin case

460
00:25:25,890 --> 00:25:23,230
in Boone County Arkansas that's been

461
00:25:30,060 --> 00:25:25,900
reported to us as well we have not gone

462
00:25:34,860 --> 00:25:30,070
over to investigate that but it's in a

463
00:25:35,940 --> 00:25:34,870

in a federal area that you know that's

464

00:25:40,230 --> 00:25:35,950

uh

465

00:25:42,540 --> 00:25:40,240

state state lands and so I will go and

466

00:25:45,750 --> 00:25:42,550

and check that out but it's gonna

467

00:25:48,480 --> 00:25:45,760

probably be a three or four day camp out

468

00:25:50,550 --> 00:25:48,490

in order to see if we kid anything a lot

469

00:25:54,570 --> 00:25:50,560

of times when you go on investigations

470

00:25:57,720 --> 00:25:54,580

like that you know you don't things just

471

00:26:00,420 --> 00:25:57,730

don't happen right away you know you

472

00:26:02,700 --> 00:26:00,430

have to be there for a little while to

473

00:26:06,360 --> 00:26:02,710

see if you're gonna get any kind of

474

00:26:08,340 --> 00:26:06,370

action or reaction for things that are

475

00:26:11,420 --> 00:26:08,350

happening in that area the only case

476
00:26:15,360 --> 00:26:11,430
that we went on where we got something

477
00:26:20,730 --> 00:26:15,370
almost immediately upon arrival is in

478
00:26:28,470 --> 00:26:20,740
Pennsylvania when Ken Storch ran into

479
00:26:31,860 --> 00:26:28,480
his Bigfoot down on on narrows Creek and

480
00:26:34,380 --> 00:26:31,870
that's in Clearfield County and there's

481
00:26:36,240 --> 00:26:34,390
a lot of there's also dog man being

482
00:26:40,200 --> 00:26:36,250
reported in Clearfield County now as

483
00:26:43,010 --> 00:26:40,210
well so we find that interesting that

484
00:26:46,320 --> 00:26:43,020
they're now seeing dog man as well so

485
00:26:49,320 --> 00:26:46,330
clearly has some unusual things going on

486
00:26:51,480 --> 00:26:49,330
now you mentioned that case down in

487
00:26:56,340 --> 00:26:51,490
Boone County Arkansas where is Boone

488
00:27:02,850 --> 00:26:56,350

County is that what's that close to well

489

00:27:05,520 --> 00:27:02,860

it's it's probably it's up in north

490

00:27:08,730 --> 00:27:05,530

I think it's in Northeast Arkansas oh

491

00:27:11,220 --> 00:27:08,740

okay don't be be where the mountains are

492

00:27:14,280 --> 00:27:11,230

starting right there's you know there's

493

00:27:18,690 --> 00:27:14,290

parts of Arkansas southern Arkansas is

494

00:27:22,140 --> 00:27:18,700

is like being down in southeast Oklahoma

495

00:27:25,080 --> 00:27:22,150

yes in Texas up along the Texas border

496

00:27:28,380 --> 00:27:25,090

it's there's a it's sort of like

497

00:27:32,070 --> 00:27:28,390

mountains but rolling rolling kinda Hill

498

00:27:40,350 --> 00:27:32,080

mountains low low mountains and a lot of

499

00:27:43,610 --> 00:27:40,360

trees brushy yeah in the area so it it's

500

00:27:47,280 --> 00:27:43,620

sometimes hard to go in and investigate

501
00:27:49,320 --> 00:27:47,290
anything where it's overgrown with with

502
00:27:52,529 --> 00:27:49,330
brush and

503
00:27:55,019 --> 00:27:52,539
so and so we we kind of like to try and

504
00:27:58,619 --> 00:27:55,029
investigate things in the fall in the

505
00:28:00,570 --> 00:27:58,629
spring before the leaves are after you

506
00:28:02,549 --> 00:28:00,580
know the once the leaves are gone or in

507
00:28:04,769 --> 00:28:02,559
the spring before the leaves really set

508
00:28:14,269 --> 00:28:04,779
on because then you can see farther back

509
00:28:20,369 --> 00:28:17,310
unfortunately when we were filming for a

510
00:28:23,759 --> 00:28:20,379
Bigfoot bill documentary down in that

511
00:28:27,049 --> 00:28:23,769
region it was in December and it was

512
00:28:29,700 --> 00:28:27,059
cold as it could be in fact we were

513
00:28:30,840 --> 00:28:29,710

staying in a cab and on top of one of

514

00:28:34,499 --> 00:28:30,850

those mountains

515

00:28:36,539 --> 00:28:34,509

I want right along talimena Drive which

516

00:28:39,119 --> 00:28:36,549

is an one of the most beautiful scenic

517

00:28:42,539 --> 00:28:39,129

drives in the country it's very well

518

00:28:46,169 --> 00:28:42,549

known and but we were off in the boonies

519

00:28:47,789 --> 00:28:46,179

in a cabin and it was just crazy so we

520

00:28:51,570 --> 00:28:47,799

were out there crunching around in the

521

00:28:56,070 --> 00:28:51,580

ice there was an ice storm and we stayed

522

00:29:00,180 --> 00:28:56,080

out all night one night down in Foggy

523

00:29:01,739 --> 00:29:00,190

Bottom on Grand Lake looking for Bigfoot

524

00:29:04,499 --> 00:29:01,749

where there had been some sightings a

525

00:29:07,799 --> 00:29:04,509

couple of police officers had had

526
00:29:10,769 --> 00:29:07,809
sightings down there and we included

527
00:29:12,930 --> 00:29:10,779
them in our in our documentary but it

528
00:29:15,359 --> 00:29:12,940
was very very cold but you're right we

529
00:29:18,090 --> 00:29:15,369
could see further because there wasn't

530
00:29:20,009 --> 00:29:18,100
the in the foliage that you would have

531
00:29:21,840 --> 00:29:20,019
even though it's absolutely gorgeous and

532
00:29:23,009 --> 00:29:21,850
fall is the time you kind of want to go

533
00:29:25,249 --> 00:29:23,019
through if you're just going for the

534
00:29:28,320 --> 00:29:25,259
scenery because it's it's just

535
00:29:33,799 --> 00:29:28,330
absolutely amazing and they're all these

536
00:29:37,440 --> 00:29:33,809
lookouts there and even those Ranger

537
00:29:39,479 --> 00:29:37,450
towers that you can climb and really

538
00:29:42,499 --> 00:29:39,489

really get a panoramic view and it's

539

00:29:44,489 --> 00:29:42,509

it's it's really breathtaking it is

540

00:29:48,450 --> 00:29:44,499

there's no doubt about it

541

00:29:54,659 --> 00:29:48,460

we also investigated a big Bigfoot case

542

00:29:59,789 --> 00:29:54,669

in Poteau oh yeah it really wasn't far

543

00:30:01,320 --> 00:29:59,799

from where the rune stones are yeah 20

544

00:30:02,910 --> 00:30:01,330

miles or something like that I think pod

545

00:30:05,850 --> 00:30:02,920

was in we were on

546

00:30:09,780 --> 00:30:05,860

the same county Leflore County now we

547

00:30:12,840 --> 00:30:09,790

were over on tram Ridge Road and these

548

00:30:15,780 --> 00:30:12,850

people got to have a cabin that's kind

549

00:30:18,690 --> 00:30:15,790

of up on the up the hill from where the

550

00:30:21,930 --> 00:30:18,700

highway is and we went up there and

551
00:30:26,550 --> 00:30:21,940
camped overnight but and we heard house

552
00:30:29,250 --> 00:30:26,560
down in the valley but didn't see any

553
00:30:31,740 --> 00:30:29,260
footprints we did cast a print we look

554
00:30:34,950 --> 00:30:31,750
we found a print and it looked like a

555
00:30:38,880 --> 00:30:34,960
big cat print and we're going like Oh is

556
00:30:41,700 --> 00:30:38,890
there big cats here in Oklahoma and it's

557
00:30:45,530 --> 00:30:41,710
it was probably the size that a Puma

558
00:30:48,240 --> 00:30:45,540
would make but supposedly there are no

559
00:30:52,320 --> 00:30:48,250
big cats like that in Oklahoma there's

560
00:30:55,770 --> 00:30:52,330
there's now the reportedly the Black

561
00:30:58,830 --> 00:30:55,780
Panther the Panther that's really bad we

562
00:31:01,320 --> 00:30:58,840
did hear about even when I was a kid and

563
00:31:05,610 --> 00:31:01,330

in fact the our school mascot was the

564

00:31:08,640 --> 00:31:05,620

Panther stickler Panthers and people

565

00:31:11,400 --> 00:31:08,650

always would tell stories about Panthers

566

00:31:12,600 --> 00:31:11,410

seeing Panthers even way way back then I

567

00:31:14,310 --> 00:31:12,610

won't tell you how many years ago that

568

00:31:16,800 --> 00:31:14,320

was but you know what it's time for us

569

00:31:18,780 --> 00:31:16,810

to take a quick break and when we come

570

00:31:21,780 --> 00:31:18,790

back we're gonna hear more from Maryland

571

00:31:25,070 --> 00:31:21,790

and dick Carlson and strange Oklahoma

572

00:31:29,370 --> 00:31:27,750

welcome back to night vision I'm your

573

00:31:32,070 --> 00:31:29,380

host Renee Barnett if you're just

574

00:31:35,180 --> 00:31:32,080

joining us we're talking tonight with

575

00:31:38,190 --> 00:31:35,190

dick and Marilyn Carlson they are

576

00:31:42,300 --> 00:31:38,200

paranormal investigators from Oklahoma

577

00:31:44,910 --> 00:31:42,310

and their website is UFO paranormal team

578

00:31:46,800 --> 00:31:44,920

comm and they have a few of their cases

579

00:31:48,140 --> 00:31:46,810

up there if you want to take a look and

580

00:31:51,210 --> 00:31:48,150

see what kind of work that they're doing

581

00:31:53,430 --> 00:31:51,220

we've been talking about their latest

582

00:31:55,580 --> 00:31:53,440

investigation okay keep your eyes closed

583

00:31:59,070 --> 00:31:55,590

okay I want to show you my first ever

584

00:32:04,140 --> 00:31:59,080

painting all right okay open your eyes

585

00:32:07,290 --> 00:32:04,150

oh that's a lot of colors and shades so

586

00:32:09,600 --> 00:32:07,300

be honest what do you think well I like

587

00:32:10,740 --> 00:32:09,610

how if you switch to Geico you could

588

00:32:11,280 --> 00:32:10,750

save hundreds of dollars on car

589

00:32:14,520 --> 00:32:11,290

insurance

590

00:32:16,259 --> 00:32:14,530

oh yeah that's that's true yeah here why

591

00:32:18,749 --> 00:32:16,269

don't I hold your paper

592

00:32:21,089 --> 00:32:18,759

while you call them Geico because saving

593

00:32:23,609 --> 00:32:21,099

15% or more on car insurance is always a

594

00:32:25,769 --> 00:32:23,619

great answer to the Dogman down in

595

00:32:28,229 --> 00:32:25,779

southeastern oklahoma we've been talking

596

00:32:31,589 --> 00:32:28,239

about Bigfoot and other creatures down

597

00:32:34,139 --> 00:32:31,599

in that same region and while we were on

598

00:32:37,169 --> 00:32:34,149

break they were telling me a very weird

599

00:32:40,769 --> 00:32:37,179

story that out of Oklahoma City which is

600

00:32:42,299 --> 00:32:40,779

amazing to me that even though it wasn't

601
00:32:45,719 --> 00:32:42,309
in the heart of downtown

602
00:32:48,180 --> 00:32:45,729
it still is amazing that in that kind of

603
00:32:50,879 --> 00:32:48,190
a populated area where there are

604
00:32:52,529 --> 00:32:50,889
businesses and residences and other

605
00:32:55,079 --> 00:32:52,539
things that something like this could

606
00:32:56,459 --> 00:32:55,089
happen so who wants to go dick you want

607
00:32:59,219 --> 00:32:56,469
to tell the story you want Maryland to

608
00:33:03,839 --> 00:32:59,229
what tell us about the lady early in the

609
00:33:08,310 --> 00:33:03,849
morning alcohol the city like I say this

610
00:33:10,139 --> 00:33:08,320
was a year wasn't forgot you know I

611
00:33:14,699 --> 00:33:10,149
can't remember the year it was probably

612
00:33:18,810 --> 00:33:14,709
about five years ago that we yeah we

613
00:33:22,649 --> 00:33:18,820

investigated this so you can yeah this

614

00:33:26,489 --> 00:33:22,659

happened in 2014 and her sighting was on

615

00:33:28,169 --> 00:33:26,499

December the 6th she was was a five

616

00:33:31,909 --> 00:33:28,179

o'clock in the morning and she was on

617

00:33:36,060 --> 00:33:31,919

her way to work over at Hobby Lobby and

618

00:33:37,979 --> 00:33:36,070

this thing came up out of from culvert

619

00:33:39,810 --> 00:33:37,989

yeah it looked like a culvert well we

620

00:33:42,899 --> 00:33:39,820

went back out and investigated it is a

621

00:33:45,629 --> 00:33:42,909

culvert and it came up and she slowed

622

00:33:47,849 --> 00:33:45,639

down the car and stopped and it just

623

00:33:49,889 --> 00:33:47,859

kind of walked its way right across in

624

00:33:52,680 --> 00:33:49,899

front of her and went down the other

625

00:33:57,389 --> 00:33:52,690

side which of course there's a the other

626

00:34:02,009 --> 00:33:57,399

side of the culvert and how did she

627

00:34:07,309 --> 00:34:02,019

describe it let me let me actually bring

628

00:34:13,649 --> 00:34:11,399

East and about 1/10 1/10 mile west of

629

00:34:15,659 --> 00:34:13,659

Council Road so anybody knows Oklahoma

630

00:34:17,339 --> 00:34:15,669

City knows where that is she saw an

631

00:34:20,039 --> 00:34:17,349

animal come up the bank and start to

632

00:34:22,079 --> 00:34:20,049

walk down onto the road she slows that

633

00:34:23,849 --> 00:34:22,089

she would not hit it and it continued to

634

00:34:26,669 --> 00:34:23,859

cross and her headlights she saw the

635

00:34:29,039 --> 00:34:26,679

creature walk on two legs the thighs and

636

00:34:29,520 --> 00:34:29,049

hips were very muscular they had a long

637

00:34:31,620 --> 00:34:29,530

tail

638

00:34:34,350 --> 00:34:31,630

with a large base the tapered like a

639

00:34:36,840 --> 00:34:34,360

whip its swished it like it was angry

640

00:34:39,180 --> 00:34:36,850

similar to how a cat will swishes tail

641

00:34:42,600 --> 00:34:39,190

what it does not does not like something

642

00:34:45,960 --> 00:34:42,610

have a small head and ears very large

643

00:34:48,480 --> 00:34:45,970

eyes skin was white tan could not see

644

00:34:50,880 --> 00:34:48,490

any hair and look more lizard like but

645

00:34:52,740 --> 00:34:50,890

was shiny in the headlight seemed to be

646

00:34:55,220 --> 00:34:52,750

intelligent as it stopped at the curb

647

00:34:58,020 --> 00:34:55,230

and then when I stopped it came across

648

00:35:00,360 --> 00:34:58,030

leisurely at a leisurely pace not really

649

00:35:02,130 --> 00:35:00,370

in any hurry temperature had been warm

650

00:35:04,650 --> 00:35:02,140

for several days prior to the sighting

651
00:35:08,970 --> 00:35:04,660
in December sixth was a full moon with

652
00:35:11,040 --> 00:35:08,980
no overcast we love people that you know

653
00:35:13,320 --> 00:35:11,050
give us this kind of information Wow

654
00:35:15,600 --> 00:35:13,330
although the time between a sighting and

655
00:35:17,820 --> 00:35:15,610
the report was 21 days Dickon Maryland

656
00:35:21,480 --> 00:35:17,830
investigated the area where the scien

657
00:35:26,630 --> 00:35:21,490
occurred and up on our website you'll

658
00:35:32,280 --> 00:35:26,640
see it's called the did I call it

659
00:35:36,360 --> 00:35:32,290
Krypton Oklahoma City ah ok so when we

660
00:35:39,210 --> 00:35:36,370
got there it was already been days the

661
00:35:41,250 --> 00:35:39,220
covert I went down and actually looked

662
00:35:45,210 --> 00:35:41,260
into the cover looking for footprints

663
00:35:46,650 --> 00:35:45,220

and didn't see any of course it was kind

664

00:35:48,900 --> 00:35:46,660

of cold when we were there because the

665

00:35:54,000 --> 00:35:48,910

little creature wants to there had ice

666

00:35:56,540 --> 00:35:54,010

on it and then there's also a settling

667

00:35:59,610 --> 00:35:56,550

pond it was right be just east of it

668

00:36:01,050 --> 00:35:59,620

right in the same area so we went all

669

00:36:02,580 --> 00:36:01,060

through that looking to see if we could

670

00:36:05,220 --> 00:36:02,590

find any kind of footprints or anything

671

00:36:09,240 --> 00:36:05,230

I only found out prints yeah as always

672

00:36:11,190 --> 00:36:09,250

found was some dog prints and then the

673

00:36:14,130 --> 00:36:11,200

covert was fairly new so I mean you know

674

00:36:17,130 --> 00:36:14,140

as a concrete covert and so had you know

675

00:36:20,700 --> 00:36:17,140

some mud at the bottom of it but it was

676

00:36:22,350 --> 00:36:20,710

just just too late to yeah we would have

677

00:36:26,480 --> 00:36:22,360

liked to have gotten out there right

678

00:36:28,770 --> 00:36:26,490

away and looked for footprints to see if

679

00:36:31,170 --> 00:36:28,780

you know what kind of prints that we

680

00:36:34,860 --> 00:36:31,180

would have found but sometimes people

681

00:36:36,840 --> 00:36:34,870

are nervous about reporting strange

682

00:36:39,060 --> 00:36:36,850

cases like that

683

00:36:42,510 --> 00:36:39,070

and she she was afraid we were gonna

684

00:36:44,029 --> 00:36:42,520

judge her as being probably crazy and of

685

00:36:46,799 --> 00:36:44,039

course

686

00:36:51,000 --> 00:36:46,809

look at you know working at Hobby Lobby

687

00:36:54,059 --> 00:36:51,010

she's probably every time you know you

688

00:36:55,680 --> 00:36:54,069

know a conservative yeah somebody could

689

00:36:58,440 --> 00:36:55,690

have thought it was a demon or something

690

00:37:00,059 --> 00:36:58,450

yeah well yeah and you know and her

691

00:37:02,400 --> 00:37:00,069

coming forward probably took a little

692

00:37:05,490 --> 00:37:02,410

bit of quite a bit of willpower to do it

693

00:37:13,170 --> 00:37:05,500

yeah and how did she find you guys I

694

00:37:15,779 --> 00:37:13,180

mean who website UFO Oklahoma paranormal

695

00:37:19,140 --> 00:37:15,789

where we're right there so yeah our

696

00:37:21,299 --> 00:37:19,150

website is UFO paranormal team comm so

697

00:37:24,839 --> 00:37:21,309

yeah that's right yellow paranormal team

698

00:37:26,460 --> 00:37:24,849

comm but she was actually going in

699

00:37:29,220 --> 00:37:26,470

search of someone that could help her

700

00:37:31,470 --> 00:37:29,230

explain what happened right she she had

701

00:37:35,970 --> 00:37:31,480

a lot of questions and [h__h] it just

702

00:37:37,890 --> 00:37:35,980

bugged her yeah we talked to her for

703

00:37:40,259 --> 00:37:37,900

quite a while we met her out there and

704

00:37:46,170 --> 00:37:40,269

she explained you know what she had gone

705

00:37:47,999 --> 00:37:46,180

through and you know telling anybody and

706

00:37:50,069 --> 00:37:48,009

then you know it was probably bugged her

707

00:37:53,089 --> 00:37:50,079

so much that she had to find out more

708

00:37:56,670 --> 00:37:53,099

and you know that's what I would

709

00:37:59,099 --> 00:37:56,680

probably be thinking now me because I

710

00:38:02,579 --> 00:37:59,109

you know in you who've been steeped in

711

00:38:04,470 --> 00:38:02,589

this material so much we'd probably you

712

00:38:06,029 --> 00:38:04,480

know certainly investigate right away or

713

00:38:08,160 --> 00:38:06,039

call the right person to do the

714

00:38:10,170 --> 00:38:08,170

investigation but you know the average

715

00:38:12,720 --> 00:38:10,180

person out there they probably don't

716

00:38:16,019 --> 00:38:12,730

have a paranormal investigator on speed

717

00:38:17,519 --> 00:38:16,029

dial you know so they have to go looking

718

00:38:20,309 --> 00:38:17,529

and then they have to kind of come to

719

00:38:23,370 --> 00:38:20,319

grips with what's happened to themselves

720

00:38:29,009 --> 00:38:23,380

but it can because it can be very very

721

00:38:30,990 --> 00:38:29,019

crazy but now down you know yeah very

722

00:38:35,880 --> 00:38:31,000

credible witness we must believe would

723

00:38:37,920 --> 00:38:35,890

she would she saw you know when you meet

724

00:38:41,190 --> 00:38:37,930

these people you know that's what I

725

00:38:44,490 --> 00:38:41,200

found you know with a lot of people and

726
00:38:47,190 --> 00:38:44,500
we interview people that were from every

727
00:38:50,339 --> 00:38:47,200
walk of life we had truck Tartars we had

728
00:38:55,099 --> 00:38:50,349
nurses we had teachers we had bankers

729
00:38:57,299 --> 00:38:55,109
these people were all you know close-up

730
00:39:02,280 --> 00:38:57,309
witnesses to

731
00:39:06,510 --> 00:39:02,290
a creature and I mean they had thing to

732
00:39:09,210 --> 00:39:06,520
gain yeah there was one one gentleman

733
00:39:14,849 --> 00:39:09,220
that was a teacher in a track coach in

734
00:39:17,490 --> 00:39:14,859
Broken Bow and he said that he had had

735
00:39:19,410 --> 00:39:17,500
so much grief you know from his friends

736
00:39:22,230 --> 00:39:19,420
about this Bigfoot sighting that he had

737
00:39:25,710 --> 00:39:22,240
that he just didn't want to do anything

738
00:39:27,960 --> 00:39:25,720

I talked to that guy for months and

739

00:39:29,970 --> 00:39:27,970

finally got him to let us just come and

740

00:39:32,609 --> 00:39:29,980

see him and then I finally got him to

741

00:39:35,280 --> 00:39:32,619

let us interview him on camera and

742

00:39:39,809 --> 00:39:35,290

there's no way this guy was making up

743

00:39:41,280 --> 00:39:39,819

the story just no way and I remember he

744

00:39:43,410 --> 00:39:41,290

had an experience he was out in the

745

00:39:45,450 --> 00:39:43,420

woods and he was you know hunting he had

746

00:39:46,770 --> 00:39:45,460

his rifle and he was you know down

747

00:39:50,819 --> 00:39:46,780

looking over it you know he was in a

748

00:39:52,620 --> 00:39:50,829

blind looking out one way and he he

749

00:39:54,630 --> 00:39:52,630

heard something he turned around and

750

00:39:56,040 --> 00:39:54,640

there was this creature standing right

751
00:39:59,040 --> 00:39:56,050
behind him and he said he was face to

752
00:40:00,960 --> 00:39:59,050
face with him and he said I could have

753
00:40:01,710 --> 00:40:00,970
shot him I could have killed him right

754
00:40:05,069 --> 00:40:01,720
there

755
00:40:08,099 --> 00:40:05,079
he said but I didn't and I said why and

756
00:40:11,039 --> 00:40:08,109
he said because I realized that he could

757
00:40:13,859 --> 00:40:11,049
have killed me so easy he came up behind

758
00:40:16,620 --> 00:40:13,869
me he could have killed me easy and he

759
00:40:19,200 --> 00:40:16,630
didn't and he said I couldn't shoot him

760
00:40:21,510 --> 00:40:19,210
and I said well tell me when you were

761
00:40:24,299 --> 00:40:21,520
looking at him were you looking at an

762
00:40:28,049 --> 00:40:24,309
animal or were you looking at a person

763
00:40:31,950 --> 00:40:28,059

and he said I was looking at a person

764

00:40:36,049 --> 00:40:31,960

you know can sort of said the same thing

765

00:40:39,960 --> 00:40:36,059

about his Bigfoot experience in in

766

00:40:42,750 --> 00:40:39,970

Pennsylvania he said it could have been

767

00:40:44,730 --> 00:40:42,760

a man you know that I was looking at

768

00:40:47,900 --> 00:40:44,740

except that it had hair all over its

769

00:40:49,950 --> 00:40:47,910

body and that way it was very powerful

770

00:40:51,630 --> 00:40:49,960

strength looked like it had a lot of

771

00:40:56,460 --> 00:40:51,640

strength it was carrying a deer on its

772

00:40:58,289 --> 00:40:56,470

back and when he saw can he turned and

773

00:41:01,170 --> 00:40:58,299

ran down the middle of the creek and

774

00:41:04,829 --> 00:41:01,180

along with probably the deer weighed

775

00:41:06,450 --> 00:41:04,839

maybe 75 80 pounds so that's no

776

00:41:10,560 --> 00:41:06,460

lightweight thing to be carrying on your

777

00:41:16,110 --> 00:41:10,570

back and running down the creek yeah

778

00:41:18,830 --> 00:41:16,120

young-shin no I asked Kenneth what would

779

00:41:22,130 --> 00:41:18,840

you do if he start

780

00:41:25,080 --> 00:41:22,140

exactly exactly

781

00:41:29,460 --> 00:41:25,090

all this Bigfoot wanted to do was get

782

00:41:32,070 --> 00:41:29,470

away from Kim and the you know he was

783

00:41:36,240 --> 00:41:32,080

just just a surprise to see Ken as Ken

784

00:41:38,970 --> 00:41:36,250

was to see yeah so you know it was just

785

00:41:41,790 --> 00:41:38,980

one of those happenstance things that he

786

00:41:46,500 --> 00:41:41,800

was down at the creek bent over looking

787

00:41:49,710 --> 00:41:46,510

for crayfish and ken came down the road

788

00:41:52,560 --> 00:41:49,720

and there was tall tall grass there and

789

00:41:55,530 --> 00:41:52,570

Bigfoot raised up and when he did they

790

00:42:00,060 --> 00:41:55,540

were practically face-to-face so he was

791

00:42:02,520 --> 00:42:00,070

probably within 30 feet of him now so we

792

00:42:04,620 --> 00:42:02,530

you know we poured which we just got

793

00:42:06,270 --> 00:42:04,630

through that afternoon and it had snowed

794

00:42:08,910 --> 00:42:06,280

the night before so it was kind of cold

795

00:42:12,300 --> 00:42:08,920

by the time we actually got down to Ken

796

00:42:13,970 --> 00:42:12,310

with the casting material it was

797

00:42:18,180 --> 00:42:13,980

actually starting to get dark and this

798

00:42:19,440 --> 00:42:18,190

this is a limestone quarry well I mean

799

00:42:22,320 --> 00:42:19,450

it's a quarry there but it's a limestone

800

00:42:24,350 --> 00:42:22,330

Creek and opens there's cliffs that are

801
00:42:26,880 --> 00:42:24,360
about a hundred foot high on both sides

802
00:42:30,300 --> 00:42:26,890
it's called narrows Creek for a reason

803
00:42:33,120 --> 00:42:30,310
because it is narrow oh I heard Lee

804
00:42:35,280 --> 00:42:33,130
toward the casting oh can we better get

805
00:42:37,260 --> 00:42:35,290
out of here so the next morning we went

806
00:42:40,620 --> 00:42:37,270
down this time I brought the FLIR with

807
00:42:42,330 --> 00:42:40,630
me and got the cast we weren't able to

808
00:42:46,440 --> 00:42:42,340
take your pull the Cousy in that night

809
00:42:52,350 --> 00:42:46,450
because it was sure it was wet so bill

810
00:42:55,380 --> 00:42:52,360
may can me yeah yeah oh no Mike was the

811
00:42:58,110 --> 00:42:55,390
Michael came down so anyway I had the

812
00:43:00,780 --> 00:42:58,120
flare with me so we pulled the casting

813
00:43:02,730 --> 00:43:00,790

cleaned it up and pretty good casting

814

00:43:05,580 --> 00:43:02,740

John so then we started looking around

815

00:43:07,860 --> 00:43:05,590

for hair and broken bushes and grass

816

00:43:12,680 --> 00:43:07,870

that was bent and everything else and we

817

00:43:14,940 --> 00:43:12,690

kind of separated out and also to me

818

00:43:16,470 --> 00:43:14,950

even though I had to flirt with me and I

819

00:43:21,840 --> 00:43:16,480

kind of looked yeah you're talking about

820

00:43:24,539 --> 00:43:21,850

a flare camera yes okay so that's there

821

00:43:28,079 --> 00:43:24,549

was a warm body there

822

00:43:30,299 --> 00:43:28,089

but you know I was there Oh presents

823

00:43:32,219 --> 00:43:30,309

good all by myself and a little bit of

824

00:43:36,479 --> 00:43:32,229

fear came in to me like somebody was

825

00:43:41,160 --> 00:43:36,489

watching me no I couldn't see anything

826

00:43:43,319 --> 00:43:41,170

with the FLIR right just let me explain

827

00:43:46,319 --> 00:43:43,329

this dick is not the kind of person that

828

00:43:50,130 --> 00:43:46,329

he gets spooked real easy like that and

829

00:43:53,729 --> 00:43:50,140

so I think his his gut instinct was that

830

00:43:55,199 --> 00:43:53,739

he really was being watched so I'm a

831

00:44:00,269 --> 00:43:55,209

hair standing up on the back of your

832

00:44:03,839 --> 00:44:00,279

neck kind of yes yeah yeah I mean to me

833

00:44:07,499 --> 00:44:03,849

the woods are scary scarier than

834

00:44:09,870 --> 00:44:07,509

anything or being way out I mean I'd

835

00:44:13,019 --> 00:44:09,880

rather fight my way through Los Angeles

836

00:44:16,469 --> 00:44:13,029

you know the worst be out in the woods

837

00:44:20,339 --> 00:44:16,479

by myself I tell you and one night we

838

00:44:21,749 --> 00:44:20,349

had just finished our our production we

839

00:44:24,809 --> 00:44:21,759

just finished filming our whole

840

00:44:29,009 --> 00:44:24,819

documentary the Bigfoot documentary my

841

00:44:31,380 --> 00:44:29,019

business partner who was a British film

842

00:44:35,819 --> 00:44:31,390

director and our crew was all from Great

843

00:44:38,539 --> 00:44:35,829

Britain they all took off and I headed

844

00:44:42,150 --> 00:44:38,549

out we had left my car over in Ada and

845

00:44:45,029 --> 00:44:42,160

went picked up my car and it was late at

846

00:44:47,579 --> 00:44:45,039

night it was around midnight and I was

847

00:44:50,099 --> 00:44:47,589

headed and I okay it's really too late

848

00:44:53,519 --> 00:44:50,109

to pop in on my parents who were about

849

00:44:55,890 --> 00:44:53,529

you know maybe an hour away and I was

850

00:44:59,400 --> 00:44:55,900

thinking oh should I go here go there so

851
00:45:01,880 --> 00:44:59,410
I said no I'm just gonna go you know to

852
00:45:05,370 --> 00:45:01,890
the like the nearest town and and get

853
00:45:07,769 --> 00:45:05,380
get a motel room for the night and I was

854
00:45:11,489 --> 00:45:07,779
driving along that road and it was so

855
00:45:14,609 --> 00:45:11,499
dark and there were no other cars and

856
00:45:16,949 --> 00:45:14,619
all of a sudden a car pulled out just as

857
00:45:20,819 --> 00:45:16,959
I was passing by from a little dirt road

858
00:45:23,069 --> 00:45:20,829
and just tailed me and it was just you

859
00:45:26,069 --> 00:45:23,079
we're going on this curvy road it was a

860
00:45:30,029 --> 00:45:26,079
dark dark night and I got so scared and

861
00:45:33,779 --> 00:45:30,039
I thought man I'd rather be in LA you

862
00:45:36,989 --> 00:45:33,789
know whatever at least I could see them

863
00:45:37,920 --> 00:45:36,999

you know but it can be very very scary

864

00:45:39,630 --> 00:45:37,930

out there tour core

865

00:45:42,210 --> 00:45:39,640

you know we just been out there with all

866

00:45:45,900 --> 00:45:42,220

kinds of creatures and everything else

867

00:45:47,940 --> 00:45:45,910

it was already on my mind some of those

868

00:45:50,280 --> 00:45:47,950

roads and Oklahoma really don't have

869

00:45:53,690 --> 00:45:50,290

good places to really pull off the road

870

00:45:56,760 --> 00:45:53,700

because you got the ditch and yeah and

871

00:46:00,109 --> 00:45:56,770

the only turn offs are to go down a

872

00:46:02,990 --> 00:46:00,119

farmer's Lane or you know and there's

873

00:46:08,609 --> 00:46:03,000

there far and few between in some places

874

00:46:12,740 --> 00:46:08,619

so you continue on with by 16 we should

875

00:46:15,839 --> 00:46:12,750

finish what what there the next year

876
00:46:17,430 --> 00:46:15,849
because of what you know the experience

877
00:46:19,680 --> 00:46:17,440
we had you know five 16 a little bit

878
00:46:25,589 --> 00:46:19,690
everything had UFOs it had you know

879
00:46:27,299 --> 00:46:25,599
Bigfoot and had it was that has a Indian

880
00:46:28,650 --> 00:46:27,309
burial ground right there right on the

881
00:46:31,370 --> 00:46:28,660
property so it had all these things

882
00:46:33,660 --> 00:46:31,380
there anyway we went back the next year

883
00:46:35,970 --> 00:46:33,670
unfortunately Kim couldn't make it but

884
00:46:40,099 --> 00:46:35,980
this time we brought in we bought some

885
00:46:43,349 --> 00:46:40,109
meat we brought crawfish oil because the

886
00:46:45,450 --> 00:46:43,359
creature had crawfish in his mouth and

887
00:46:47,880 --> 00:46:45,460
then honeysuckle we brought some

888
00:46:50,549 --> 00:46:47,890

honeysuckle candles Julia so we said

889

00:46:52,530 --> 00:46:50,559

well we're gonna bake this thing well we

890

00:46:54,690 --> 00:46:52,540

we knew where the you know where we did

891

00:46:58,440 --> 00:46:54,700

the casting and we knew pretty much work

892

00:47:00,690 --> 00:46:58,450

inside so and my son was with me and so

893

00:47:05,460 --> 00:47:00,700

we went down and we hung you know some

894

00:47:07,710 --> 00:47:05,470

ribs or some meat up on the trees and we

895

00:47:10,049 --> 00:47:07,720

put out the crawfish oil and then we put

896

00:47:13,380 --> 00:47:10,059

out the game camera and all that sort of

897

00:47:15,690 --> 00:47:13,390

thing and the game camera and the next

898

00:47:18,870 --> 00:47:15,700

day we went down to got it and it had

899

00:47:20,490 --> 00:47:18,880

deer it had crows trying to figure out

900

00:47:23,390 --> 00:47:20,500

how to get the meat out of the trees

901
00:47:26,160 --> 00:47:23,400
that there was no Bigfoot

902
00:47:28,380 --> 00:47:26,170
so then we move further up Narrows Creek

903
00:47:32,299 --> 00:47:28,390
and kind of set it up again again all we

904
00:47:35,880 --> 00:47:32,309
had was nothing rose watching to meet

905
00:47:37,500 --> 00:47:35,890
our sunset up down and what they the

906
00:47:44,430 --> 00:47:37,510
family called the campground and they

907
00:47:46,770 --> 00:47:44,440
have like a one-sided shed that they use

908
00:47:49,920 --> 00:47:46,780
they have a table in there and they used

909
00:47:51,720 --> 00:47:49,930
it for doing family picnics and stuff

910
00:47:54,210 --> 00:47:51,730
our sons went

911
00:47:57,240 --> 00:47:54,220
there that night and he threw out his

912
00:48:01,380 --> 00:47:57,250
sleeping bag and he was laying down in

913
00:48:04,920 --> 00:48:01,390

underneath that the the roof part I know

914

00:48:08,280 --> 00:48:04,930

I know but he did and something started

915

00:48:12,780 --> 00:48:08,290

throwing dirt clods at the backside of

916

00:48:14,970 --> 00:48:12,790

that that building oh he called us and

917

00:48:16,770 --> 00:48:14,980

when we went and investigated not only

918

00:48:19,440 --> 00:48:16,780

did they had they broken off sticks and

919

00:48:21,810 --> 00:48:19,450

threw but there were big clumps of dirt

920

00:48:24,960 --> 00:48:21,820

clods that they had thrown at the

921

00:48:28,560 --> 00:48:24,970

backside of the building so something

922

00:48:30,870 --> 00:48:28,570

was there you know that's what drew us

923

00:48:33,690 --> 00:48:30,880

down to that area in the very first

924

00:48:36,270 --> 00:48:33,700

place for the documentary because the

925

00:48:39,780 --> 00:48:36,280

very first story we heard was from these

926
00:48:42,990 --> 00:48:39,790
guys out of town Nina and they lived

927
00:48:44,790 --> 00:48:43,000
outside out in the country and there

928
00:48:46,950 --> 00:48:44,800
they were saying that these Bigfoot

929
00:48:49,950 --> 00:48:46,960
creatures were coming in throwing rocks

930
00:48:53,480 --> 00:48:49,960
at their house I'm scaring their dogs

931
00:48:55,980 --> 00:48:53,490
and you know all kinds of things and

932
00:48:59,640 --> 00:48:55,990
it's funny because this is not the first

933
00:49:02,010 --> 00:48:59,650
and that wasn't the only time that I've

934
00:49:04,230 --> 00:49:02,020
also heard that they throw stuff at you

935
00:49:07,380 --> 00:49:04,240
it's like they I don't know if they're

936
00:49:10,290 --> 00:49:07,390
trying to scare you away or if they're

937
00:49:11,670 --> 00:49:10,300
just playing I don't think they're

938
00:49:13,560 --> 00:49:11,680

playing I think they're trying to say

939

00:49:18,540 --> 00:49:13,570

get out of my territory they probably

940

00:49:22,920 --> 00:49:18,550

are but I tell you I did speak with some

941

00:49:25,920 --> 00:49:22,930

people in fact it was a nurse in in Ada

942

00:49:28,070 --> 00:49:25,930

and we interviewed her right there at

943

00:49:31,200 --> 00:49:28,080

the hospital on the hospital grounds and

944

00:49:33,330 --> 00:49:31,210

she talked about how you know she grew

945

00:49:36,510 --> 00:49:33,340

up in the woods and a cabin in the woods

946

00:49:38,580 --> 00:49:36,520

and she said that they used to play with

947

00:49:38,970 --> 00:49:38,590

she said we used to play with the little

948

00:49:44,160 --> 00:49:38,980

ones

949

00:49:45,960 --> 00:49:44,170

yeah yeah yeah I have to get your copy

950

00:49:47,250 --> 00:49:45,970

of that documentary Marilyn so you can

951

00:49:48,240 --> 00:49:47,260

see the people that we talked to it

952

00:49:51,720 --> 00:49:48,250

could be somebody you might want to

953

00:49:55,200 --> 00:49:51,730

follow up with I would love to to see it

954

00:49:58,470 --> 00:49:55,210

so yeah I'll burn you a copy yeah we we

955

00:50:01,470 --> 00:49:58,480

went over to Lake Stanley Draper bill

956

00:50:05,640 --> 00:50:01,480

and Julie were out there with their dogs

957

00:50:12,029 --> 00:50:05,650

and they found we're sad um it's

958

00:50:19,890 --> 00:50:12,039

up by Norman Owen okay yeah but not not

959

00:50:27,510 --> 00:50:19,900

that far yeah it's yeah right

960

00:50:31,019 --> 00:50:27,520

just Lots smaller yeah same and they

961

00:50:32,940 --> 00:50:31,029

they had found these footprints looked

962

00:50:35,579 --> 00:50:32,950

like barefoot and they weren't sure if

963

00:50:38,190 --> 00:50:35,589

they had a big foot so they called us

964

00:50:40,019 --> 00:50:38,200

and we went out there and we went looked

965

00:50:42,269 --> 00:50:40,029

everywhere around the area where the

966

00:50:45,210 --> 00:50:42,279

footprints were and there were just a

967

00:50:47,819 --> 00:50:45,220

few prints of of Rights right foot left

968

00:50:52,140 --> 00:50:47,829

foot right foot left foot and then they

969

00:50:54,510 --> 00:50:52,150

just sort of there wasn't any and we

970

00:50:57,359 --> 00:50:54,520

couldn't see where they came off the

971

00:51:01,980 --> 00:50:57,369

lake like somebody beached a boat and

972

00:51:05,339 --> 00:51:01,990

you know walked along the road but we

973

00:51:08,609 --> 00:51:05,349

casted the prints but in further further

974

00:51:12,809 --> 00:51:08,619

study and looking at them the little toe

975

00:51:15,299 --> 00:51:12,819

curved in on it which is human so they

976
00:51:17,819 --> 00:51:15,309
they were shoes yeah if you're it's from

977
00:51:20,160 --> 00:51:17,829
wearing shoes that causes the little toe

978
00:51:25,069 --> 00:51:20,170
to Kirby and a little bit with big foot

979
00:51:28,680 --> 00:51:25,079
the toes kind of spread out some and so

980
00:51:30,450 --> 00:51:28,690
anyway hmm it turned out not to be

981
00:51:33,180 --> 00:51:30,460
Bigfoot so that's one of the cases that

982
00:51:35,309 --> 00:51:33,190
we went on where it wasn't what we

983
00:51:37,980 --> 00:51:35,319
thought it was it was interesting

984
00:51:40,529 --> 00:51:37,990
because I mean it was folklore about

985
00:51:44,730 --> 00:51:40,539
what two or three miles in there yeah it

986
00:51:46,740 --> 00:51:44,740
was always walking barefoot yeah I would

987
00:51:54,029 --> 00:51:46,750
have been walking barefoot I mean it

988
00:51:57,450 --> 00:51:54,039

wasn't a running stride yeah hmm really

989

00:52:00,870 --> 00:51:57,460

interesting stuff now you know there was

990

00:52:02,789 --> 00:52:00,880

a case in western Oklahoma

991

00:52:04,490 --> 00:52:02,799

I think west of Oklahoma City and I'm

992

00:52:07,170 --> 00:52:04,500

trying to remember the name of the town

993

00:52:10,200 --> 00:52:07,180

it might come to me but lucky Star

994

00:52:14,069 --> 00:52:10,210

Casino does that to you there's a

995

00:52:16,349 --> 00:52:14,079

Bigfoot case out there now I remember

996

00:52:17,819 --> 00:52:16,359

there was a story about a Bigfoot you

997

00:52:18,360 --> 00:52:17,829

know coming and getting into the grease

998

00:52:20,820 --> 00:52:18,370

bin

999

00:52:23,340 --> 00:52:20,830

behind the restaurant at the casino and

1000

00:52:28,020 --> 00:52:23,350

there was some there was some CCTV

1001
00:52:31,050 --> 00:52:28,030
footage that captured it then somehow

1002
00:52:33,120 --> 00:52:31,060
the footage got confiscated somebody

1003
00:52:36,300 --> 00:52:33,130
said it got accidentally erased at the

1004
00:52:39,990 --> 00:52:36,310
police department I'll tell you what you

1005
00:52:42,120 --> 00:52:40,000
know and our our research on this they

1006
00:52:44,160 --> 00:52:42,130
actually because they don't want anybody

1007
00:52:46,290 --> 00:52:44,170
out there looking for Bigfoot and

1008
00:52:48,360 --> 00:52:46,300
disturbing Bigfoot they have great

1009
00:52:51,990 --> 00:52:48,370
respect as you know the Native Americans

1010
00:52:54,930 --> 00:52:52,000
have great respect for Bigfoot and they

1011
00:52:57,300 --> 00:52:54,940
don't want him disturbed and people out

1012
00:53:00,330 --> 00:52:57,310
there poking around and looking for him

1013
00:53:01,890 --> 00:53:00,340

so they announced that the tape got

1014

00:53:06,570 --> 00:53:01,900

erased and they don't have it anymore

1015

00:53:10,260 --> 00:53:06,580

and they really do have it they actually

1016

00:53:12,240 --> 00:53:10,270

have still have a copy of it and but

1017

00:53:15,210 --> 00:53:12,250

that you know they don't want people out

1018

00:53:19,010 --> 00:53:15,220

there looking you know so we just

1019

00:53:23,000 --> 00:53:19,020

recently were out there at the casino so

1020

00:53:27,260 --> 00:53:23,010

but we've never seen anything unusual

1021

00:53:30,390 --> 00:53:27,270

the casino sits up on on on the top of

1022

00:53:33,590 --> 00:53:30,400

the big hill kind of rich kind of thing

1023

00:53:37,380 --> 00:53:33,600

and the wind isn't it on tribal land

1024

00:53:39,660 --> 00:53:37,390

what's that isn't it on tribal land yes

1025

00:53:43,530 --> 00:53:39,670

it is it is and the wind just blows

1026
00:53:46,410 --> 00:53:43,540
there continuously no to my recollection

1027
00:53:50,100 --> 00:53:46,420
there's like one of those old abandoned

1028
00:53:55,880 --> 00:53:50,110
Indian Residential schools there is near

1029
00:53:59,100 --> 00:53:55,890
that that's extremely haunted yes yes

1030
00:54:01,520 --> 00:53:59,110
yes yeah it's over the hill from where

1031
00:54:05,700 --> 00:54:01,530
the casino is Wow

1032
00:54:08,670 --> 00:54:05,710
Wow now somebody just in the chat room

1033
00:54:10,680 --> 00:54:08,680
interestingly just brought up the boggy

1034
00:54:14,880 --> 00:54:10,690
creek story which I had forgotten about

1035
00:54:17,130 --> 00:54:14,890
but the old movie from the seventies

1036
00:54:19,920 --> 00:54:17,140
Legend of Boggy Creek where they told

1037
00:54:22,370 --> 00:54:19,930
the story of this guy named smokey

1038
00:54:25,790 --> 00:54:22,380

Crabtree who had discovered this

1039

00:54:31,170 --> 00:54:25,800

supposed creature and he had its body

1040

00:54:32,130 --> 00:54:31,180

and they used actual people residents of

1041

00:54:35,910 --> 00:54:32,140

that area near

1042

00:54:38,880 --> 00:54:35,920

broken bow to be in the film it was a

1043

00:54:42,470 --> 00:54:38,890

horrible film but it was sort of like a

1044

00:54:46,380 --> 00:54:42,480

cult classic and interestingly we were

1045

00:54:48,870 --> 00:54:46,390

doing a Bigfoot bill we went and met up

1046

00:54:51,150 --> 00:54:48,880

with smokey Crabtree and his wife who he

1047

00:54:54,030 --> 00:54:51,160

called bandit so Smokey and the Bandit

1048

00:54:56,250 --> 00:54:54,040

and went out to dinner with them and

1049

00:54:57,660 --> 00:54:56,260

everything maybe had some good rapport

1050

00:55:02,220 --> 00:54:57,670

with them and he claimed that he had

1051
00:55:05,460 --> 00:55:02,230
this big creature corpse in his garage

1052
00:55:07,230 --> 00:55:05,470
and we couldn't for love or money well

1053
00:55:10,350 --> 00:55:07,240
we could have for money but it was way

1054
00:55:12,390 --> 00:55:10,360
too much more money than we ever had we

1055
00:55:13,620 --> 00:55:12,400
didn't get a chance to see it but he

1056
00:55:15,180 --> 00:55:13,630
wouldn't let us in there to see it

1057
00:55:17,820 --> 00:55:15,190
unless we came I forgot how many

1058
00:55:20,940 --> 00:55:17,830
thousands of dollars to just have a look

1059
00:55:23,130 --> 00:55:20,950
at it but somewhere inches president

1060
00:55:28,380 --> 00:55:23,140
generous people a lot of they were out

1061
00:55:32,730 --> 00:55:28,390
of Texas that faked faked a Bigfoot on

1062
00:55:35,070 --> 00:55:32,740
on ice and yes I remember that yes yes

1063
00:55:37,830 --> 00:55:35,080

so it you know there are people out

1064

00:55:39,630 --> 00:55:37,840

there that do do that and all believe me

1065

00:55:42,120 --> 00:55:39,640

yeah they're definitely hoaxsters out

1066

00:55:43,680 --> 00:55:42,130

there yeah yeah that's for sure that's

1067

00:55:46,590 --> 00:55:43,690

why it's good to have people like you

1068

00:55:49,620 --> 00:55:46,600

guys that actually trained investigators

1069

00:55:52,830 --> 00:55:49,630

and you go out there not to prove your

1070

00:55:54,900 --> 00:55:52,840

thesis but just to see what it is yeah

1071

00:55:57,120 --> 00:55:54,910

you know keep an open mind and do the

1072

00:55:59,280 --> 00:55:57,130

investigation we've got another

1073

00:56:03,810 --> 00:55:59,290

interesting case that we went on and

1074

00:56:05,760 --> 00:56:03,820

this is we don't know where to put it it

1075

00:56:07,530 --> 00:56:05,770

wasn't you know this might be a good

1076

00:56:08,700 --> 00:56:07,540

place to take a break and because

1077

00:56:10,200 --> 00:56:08,710

otherwise I'm gonna have to interrupt

1078

00:56:12,240 --> 00:56:10,210

you right in the middle of it and I

1079

00:56:14,520 --> 00:56:12,250

don't want to do that so I hope she's

1080

00:56:17,250 --> 00:56:14,530

ready because we're gonna take a quick

1081

00:56:19,860 --> 00:56:17,260

break and when we come back more with

1082

00:56:21,240 --> 00:56:19,870

dick and Maryland

1083

00:56:23,130 --> 00:56:21,250

Carlson we're gonna hear something

1084

00:56:24,300 --> 00:56:23,140

brand-new gonna I have no idea what

1085

00:56:28,640 --> 00:56:24,310

she's gonna tell us it's gonna be

1086

00:56:33,140 --> 00:56:31,520

I will go back to night vision tonight

1087

00:56:35,990 --> 00:56:33,150

we're talking with dick and Marilyn

1088

00:56:39,710 --> 00:56:36,000

Carlson they are investigators of the

1089

00:56:42,380 --> 00:56:39,720

paranormal located in Oklahoma and my

1090

00:56:46,490 --> 00:56:42,390

home state and we're talking about all

1091

00:56:48,440 --> 00:56:46,500

things weird in Oklahoma and believe me

1092

00:56:49,790 --> 00:56:48,450

these guys have a lot of cases that

1093

00:56:52,280 --> 00:56:49,800

they've been investigating they've been

1094

00:56:52,850 --> 00:56:52,290

involved in the paranormal for a long

1095

00:56:54,800 --> 00:56:52,860

time

1096

00:56:57,800 --> 00:56:54,810

trained investigators which is what we

1097

00:57:00,140 --> 00:56:57,810

need so they were just getting ready to

1098

00:57:01,910 --> 00:57:00,150

share a brand-new story I have no idea

1099

00:57:03,590 --> 00:57:01,920

what they're going to tell us and I'm

1100

00:57:05,360 --> 00:57:03,600

all ears because dick wouldn't let

1101

00:57:11,210 --> 00:57:05,370

Maryland give me any hints on the break

1102

00:57:15,100 --> 00:57:11,220

so I'm all ears we we got a case that

1103

00:57:17,930 --> 00:57:15,110

came to us from Duncan Oklahoma and this

1104

00:57:20,390 --> 00:57:17,940

couple lived out kind of in the country

1105

00:57:23,570 --> 00:57:20,400

a little ways from the actual town of

1106

00:57:27,020 --> 00:57:23,580

Duncan and he was driving down the road

1107

00:57:30,980 --> 00:57:27,030

it was wife actually soon as yeah the

1108

00:57:33,740 --> 00:57:30,990

wife sent the email but but that they

1109

00:57:41,060 --> 00:57:33,750

were driving down the road daylight

1110

00:57:44,660 --> 00:57:41,070

daytime yeah but it was March yeah it

1111

00:57:50,570 --> 00:57:44,670

was in March it was daylight and they

1112

00:57:53,030 --> 00:57:50,580

saw this ball that was you could see

1113

00:57:57,170 --> 00:57:53,040

through it but yet it was very dark

1114

00:58:00,080 --> 00:57:57,180

smoky looking and it came across from

1115

00:58:03,770 --> 00:58:00,090

the field in front of the tree and

1116

00:58:05,690 --> 00:58:03,780

across the highway and off into the

1117

00:58:10,730 --> 00:58:05,700

field and just me and it often

1118

00:58:18,140 --> 00:58:10,740

disappeared and if the ball itself was

1119

00:58:20,720 --> 00:58:18,150

about 103 foot he says it was almost as

1120

00:58:22,370 --> 00:58:20,730

white as the car yeah so that that's

1121

00:58:23,870 --> 00:58:22,380

what I remember says there's almost as

1122

00:58:28,310 --> 00:58:23,880

white as the car here but it was a

1123

00:58:30,290 --> 00:58:28,320

perfect well it was yeah it was a

1124

00:58:32,450 --> 00:58:30,300

perfect wound ball but you could see

1125

00:58:35,300 --> 00:58:32,460

through it and it was dark and it wasn't

1126

00:58:38,720 --> 00:58:35,310

a sphere no it wasn't a sphere he

1127

00:58:40,820 --> 00:58:38,730

doesn't know yeah was it kind of like

1128

00:58:42,470 --> 00:58:40,830

articulating or was it kind of like

1129

00:58:44,720 --> 00:58:42,480

moving about like it

1130

00:58:47,180 --> 00:58:44,730

wasn't even like you say it's not a

1131

00:58:50,150 --> 00:58:47,190

sphere so it wasn't like a perfect

1132

00:58:51,860 --> 00:58:50,160

sphere it was a different shape or did

1133

00:58:57,140 --> 00:58:51,870

it kind of change shape a little bit

1134

00:59:00,580 --> 00:58:57,150

change shape it's perfectly I mean you

1135

00:59:04,250 --> 00:59:00,590

know you hear about spheres or no shiny

1136

00:59:08,270 --> 00:59:04,260

UFOs or whatever and Bryce wasn't

1137

00:59:11,180 --> 00:59:08,280

spinning or anything like that and so we

1138

00:59:14,960 --> 00:59:11,190

went down we took pictures look the area

1139

00:59:19,070 --> 00:59:14,970

over we did a thorough investigation

1140

00:59:21,310 --> 00:59:19,080

went over with many look for radiation

1141

00:59:25,010 --> 00:59:21,320

of some kind

1142

00:59:28,490 --> 00:59:25,020

there were no UFO reports from that

1143

00:59:32,420 --> 00:59:28,500

particular region at least not recently

1144

00:59:34,880 --> 00:59:32,430

he'd driven that road driving that road

1145

00:59:36,590 --> 00:59:34,890

forever and this is the first time he'd

1146

00:59:41,330 --> 00:59:36,600

ever seen anything like this and he's an

1147

00:59:45,680 --> 00:59:41,340

aeronautical engineers yes and so very

1148

00:59:50,330 --> 00:59:45,690

credible witness and so then we looked

1149

00:59:55,130 --> 00:59:50,340

into the possibility that bees will move

1150

00:59:57,290 --> 00:59:55,140

their entire hive and write that but it

1151
00:59:59,300 --> 00:59:57,300
wasn't bees there was no sound he rolled

1152
01:00:00,710 --> 00:59:59,310
his window down because he thought what

1153
01:00:02,750 --> 01:00:00,720
am i what is that

1154
01:00:05,690 --> 01:00:02,760
and there was no sound you would

1155
01:00:09,710 --> 01:00:05,700
probably at least see bees buzzing

1156
01:00:11,960 --> 01:00:09,720
around like his vehicle but he there

1157
01:00:15,500 --> 01:00:11,970
weren't any that he said it was moving

1158
01:00:17,510 --> 01:00:15,510
about 150 estimated about 150 miles an

1159
01:00:20,420 --> 01:00:17,520
hour so I mean it was moving fast yeah

1160
01:00:23,120 --> 01:00:20,430
it was got out it was there and you know

1161
01:00:26,020 --> 01:00:23,130
what across God and some of the things

1162
01:00:28,640 --> 01:00:26,030
we asked him reading it from our website

1163
01:00:31,100 --> 01:00:28,650

that I asked him are you sure wasn't a

1164

01:00:33,560 --> 01:00:31,110

solid object he said no it wasn't solid

1165

01:00:36,170 --> 01:00:33,570

the outer edge was fuzzy and even though

1166

01:00:38,330 --> 01:00:36,180

the center was black he could still see

1167

01:00:41,300 --> 01:00:38,340

through it I asked him did it appear to

1168

01:00:43,640 --> 01:00:41,310

emit any sort of light no he said it did

1169

01:00:46,610 --> 01:00:43,650

no shadow didn't appear to be on the

1170

01:00:48,320 --> 01:00:46,620

road in front of him and he said no it

1171

01:00:50,720 --> 01:00:48,330

was above the surface of the road about

1172

01:00:52,730 --> 01:00:50,730

two or three foot when I asked what size

1173

01:00:55,730 --> 01:00:52,740

do you think it was compared to your

1174

01:00:56,450 --> 01:00:55,740

vehicle which is a Ford f-150

1175

01:01:00,140 --> 01:00:56,460

they

1176

01:01:02,570 --> 01:01:00,150

and hurry 50 van yesterday it was about

1177

01:01:04,700 --> 01:01:02,580

half the width of his vehicle so about

1178

01:01:10,910 --> 01:01:04,710

four foot wide mm-hmm

1179

01:01:16,550 --> 01:01:10,920

anyway we need no sound with that it's

1180

01:01:19,820 --> 01:01:16,560

not a UFO it's not a ghost it's it it

1181

01:01:24,950 --> 01:01:19,830

didn't fall into like a shadow man or an

1182

01:01:26,780 --> 01:01:24,960

or but perfectly round not at all we

1183

01:01:29,750 --> 01:01:26,790

just didn't know what it was it was one

1184

01:01:33,890 --> 01:01:29,760

of those unusual cases that we've never

1185

01:01:37,400 --> 01:01:33,900

really solved it now an aeronautical

1186

01:01:41,570 --> 01:01:37,410

engineer did he have any theories

1187

01:01:45,260 --> 01:01:41,580

whatsoever and he was just as mystified

1188

01:01:47,870 --> 01:01:45,270

as we were he didn't play oh it could

1189

01:01:50,120 --> 01:01:47,880

have been there were no storm so you

1190

01:01:51,859 --> 01:01:50,130

know ball lightning comes into mind and

1191

01:01:54,380 --> 01:01:51,869

those sort of things but but ball

1192

01:01:58,490 --> 01:01:54,390

lightning isn't dark doesn't look like

1193

01:02:01,579 --> 01:01:58,500

that yeah you hear stories about you

1194

01:02:04,790 --> 01:02:01,589

know a big round sort of glowing object

1195

01:02:07,960 --> 01:02:04,800

or light you know that that lies by or

1196

01:02:10,670 --> 01:02:07,970

something but I haven't heard anything

1197

01:02:13,370 --> 01:02:10,680

the only thing that I've heard of that

1198

01:02:16,420 --> 01:02:13,380

it's similar to that it was out here and

1199

01:02:21,290 --> 01:02:16,430

it was in the LA area and it was in a

1200

01:02:23,660 --> 01:02:21,300

closed down hospital and they you know

1201

01:02:26,089 --> 01:02:23,670

we said this certain air okay Kevin for

1202

01:02:30,680 --> 01:02:26,099

the grand prize of 1 million dollars

1203

01:02:34,670 --> 01:02:30,690

what color is the White House I know

1204

01:02:37,400 --> 01:02:34,680

this into this I know this five seconds

1205

01:02:40,340 --> 01:02:37,410

oh switching to Geico could save you a

1206

01:02:44,290 --> 01:02:40,350

bunch of money on car insurance

1207

01:02:47,290 --> 01:02:44,300

judges that's true Kevin Dillon

1208

01:02:50,240 --> 01:02:47,300

congratulations you're a winner

1209

01:02:52,490 --> 01:02:50,250

Geico because saving 15% or more on car

1210

01:02:55,790 --> 01:02:52,500

insurance is always a great answer but

1211

01:02:59,090 --> 01:02:55,800

the hospital is haunted and so a guy

1212

01:03:01,550 --> 01:02:59,100

that I know set up a camera you know a

1213

01:03:06,890 --> 01:03:01,560

motion-activated camera to put in there

1214

01:03:10,280 --> 01:03:06,900

at night and this sort of black or dark

1215

01:03:13,250 --> 01:03:10,290

mass you know came by but it wasn't

1216

01:03:15,680 --> 01:03:13,260

traveling that fast and it was more sort

1217

01:03:21,860 --> 01:03:15,690

of blobby but you could see through it

1218

01:03:25,910 --> 01:03:21,870

you know that's kind of how Shadow Man

1219

01:03:27,350 --> 01:03:25,920

sometimes they have the shadow man type

1220

01:03:32,120 --> 01:03:27,360

of story

1221

01:03:34,190 --> 01:03:32,130

riah and we have seen when we've been

1222

01:03:36,140 --> 01:03:34,200

out ghost hunting we've seen what

1223

01:03:38,320 --> 01:03:36,150

appears to be and it's there and then

1224

01:03:41,000 --> 01:03:38,330

it's gone

1225

01:03:44,750 --> 01:03:41,010

something that's a dark shadow but it

1226

01:03:48,320 --> 01:03:44,760

had more of a shadow of a figure and was

1227

01:03:51,020 --> 01:03:48,330

just a blob it was it was so unique that

1228

01:03:52,580 --> 01:03:51,030

we kind of a protocol if there's

1229

01:03:55,850 --> 01:03:52,590

something like you know think it's a

1230

01:03:57,980 --> 01:03:55,860

landing or something then so the first

1231

01:04:01,430 --> 01:03:57,990

thing we did is we broke out the Geiger

1232

01:04:03,740 --> 01:04:01,440

counter and did a sweep to make sure you

1233

01:04:07,330 --> 01:04:03,750

know what to protect ourself and deceive

1234

01:04:10,370 --> 01:04:07,340

you know there is any kind of residual

1235

01:04:12,140 --> 01:04:10,380

radiation from an including up because

1236

01:04:13,280 --> 01:04:12,150

it was a barbed wire between the two

1237

01:04:16,000 --> 01:04:13,290

trees

1238

01:04:18,470 --> 01:04:16,010

so what I would even check that and

1239

01:04:21,950 --> 01:04:18,480

didn't get anything so then we could

1240

01:04:25,690 --> 01:04:21,960

start you know really investigating

1241

01:04:28,760 --> 01:04:25,700

millimeters and Trifield meters and

1242

01:04:30,590 --> 01:04:28,770

there was paws out in the field over on

1243

01:04:34,070 --> 01:04:30,600

that one side and they didn't act like

1244

01:04:35,000 --> 01:04:34,080

there was anything wrong no hmm didn't

1245

01:04:39,320 --> 01:04:35,010

pay any attention

1246

01:04:42,440 --> 01:04:39,330

no they just got grazing and like merry

1247

01:04:45,020 --> 01:04:42,450

interesting you know it caught it

1248

01:04:46,250 --> 01:04:45,030

reminds me a little bit but you know and

1249

01:04:48,020 --> 01:04:46,260

you'll know exactly what I'm talking

1250

01:04:51,020 --> 01:04:48,030

about and you'll see why it's not like

1251

01:04:53,450 --> 01:04:51,030

this but it you know it came you said it

1252

01:04:55,519 --> 01:04:53,460

was over the field remember

1253

01:04:57,769 --> 01:04:55,529

we know when people have seen things

1254

01:04:59,719 --> 01:04:57,779

sort of flying around and hovering over

1255

01:05:04,489 --> 01:04:59,729

fields that where crop circles were

1256

01:05:07,539 --> 01:05:04,499

created have you guys ever investigating

1257

01:05:12,319 --> 01:05:07,549

crop circles around that area we had one

1258

01:05:15,979 --> 01:05:12,329

crop circle report but when we went out

1259

01:05:19,489 --> 01:05:15,989

and looked at it what we could see was

1260

01:05:24,920 --> 01:05:19,499

that the field had been flooded and as

1261

01:05:28,459 --> 01:05:24,930

the water ran off that the grass had was

1262

01:05:32,930 --> 01:05:28,469

lying down where the the ground had been

1263

01:05:36,979 --> 01:05:32,940

so wet that have flowed off and into the

1264

01:05:39,979 --> 01:05:36,989

ditch area so we ruled that as weather

1265

01:05:44,599 --> 01:05:39,989

weather phenomenon and weather-related

1266

01:05:47,120 --> 01:05:44,609

rather than being a real crop circle a

1267

01:05:49,309 --> 01:05:47,130

real crop circle there was not not

1268

01:05:53,989 --> 01:05:49,319

enough of shape to it to even indicate

1269

01:05:55,519 --> 01:05:53,999

that it was an actual design now we

1270

01:06:00,709 --> 01:05:55,529

didn't have our drone there but we have

1271

01:06:02,959 --> 01:06:00,719

a drone now where we can yeah yeah now

1272

01:06:05,029 --> 01:06:02,969

had there been any crop circles in

1273

01:06:09,890 --> 01:06:05,039

Oklahoma I don't know if I've heard

1274

01:06:10,569 --> 01:06:09,900

about any um no there have not that we

1275

01:06:13,400 --> 01:06:10,579

know of

1276

01:06:16,969 --> 01:06:13,410

um it's kind of interesting with all the

1277

01:06:19,579 --> 01:06:16,979

fields you know but I guess there has

1278

01:06:25,670 --> 01:06:19,589

been up in Kansas there was some crop

1279

01:06:27,709 --> 01:06:25,680

circles but none Oklahoma so interesting

1280

01:06:30,859 --> 01:06:27,719

now it the crop circle phenomenon I know

1281

01:06:34,190 --> 01:06:30,869

you guys do in Bastrop investigate crop

1282

01:06:36,979 --> 01:06:34,200

circles is that something that is still

1283

01:06:40,729 --> 01:06:36,989

ongoing or have we kind of seen that

1284

01:06:43,069 --> 01:06:40,739

really dwindle seems like it's dwindled

1285

01:06:44,839 --> 01:06:43,079

but I don't know I always become kind of

1286

01:06:52,009 --> 01:06:44,849

kind of know there's kind of like a

1287

01:06:54,819 --> 01:06:52,019

season for that the there is um I'm

1288

01:07:01,459 --> 01:06:54,829

trying to think of her name she promotes

1289

01:07:03,559 --> 01:07:01,469

vanderbrook stuff out of Holland was the

1290

01:07:07,430 --> 01:07:03,569

gallon came and stayed with us so he

1291

01:07:13,570 --> 01:07:07,440

lived in Everett she was crop circles

1292

01:07:23,260 --> 01:07:17,360

lady I can't think of your name now I'm

1293

01:07:26,360 --> 01:07:23,270

sorry okay I just haven't seen any

1294

01:07:28,730 --> 01:07:26,370

reports recently and it seems like but

1295

01:07:30,440 --> 01:07:28,740

maybe dick also has a point there that

1296

01:07:32,960 --> 01:07:30,450

maybe you know it's sort of become a

1297

01:07:36,320 --> 01:07:32,970

comedy it's really not big big news

1298

01:07:38,360 --> 01:07:36,330

anymore you know it's like you know it

1299

01:07:41,660 --> 01:07:38,370

was for a long time while it was so

1300

01:07:45,950 --> 01:07:41,670

unusual but then there were so many it

1301
01:07:48,140 --> 01:07:45,960
was kind of commonplace there there's

1302
01:07:53,300 --> 01:07:48,150
some that there's I think it was just

1303
01:07:57,230 --> 01:07:53,310
impossible for somebody to create that

1304
01:08:00,710 --> 01:07:57,240
crop circle that you know they wouldn't

1305
01:08:05,780 --> 01:08:00,720
be seen out in the field creating it you

1306
01:08:08,750 --> 01:08:05,790
know right I think that there they are a

1307
01:08:11,330 --> 01:08:08,760
real mystery yeah I I think so too I

1308
01:08:13,640 --> 01:08:11,340
mean I I it's it's just like we said you

1309
01:08:17,329 --> 01:08:13,650
know with some of these creatures or

1310
01:08:19,249 --> 01:08:17,339
sightings or whatever some of it some of

1311
01:08:21,440 --> 01:08:19,259
those are hoaxes you know but that

1312
01:08:23,749 --> 01:08:21,450
doesn't discount that there are real

1313
01:08:26,210 --> 01:08:23,759

stories and same thing with the crop

1314

01:08:29,120 --> 01:08:26,220

circles I know that people do make them

1315

01:08:31,340 --> 01:08:29,130

I know people that have made them I know

1316

01:08:32,870 --> 01:08:31,350

people that have made huge ones and they

1317

01:08:37,249 --> 01:08:32,880

were just absolutely gorgeous

1318

01:08:38,269 --> 01:08:37,259

they even those people say that it took

1319

01:08:41,720 --> 01:08:38,279

them away or not

1320

01:08:43,999 --> 01:08:41,730

and we don't make them all and we've had

1321

01:08:46,760 --> 01:08:44,009

weird stuff happen while we've been out

1322

01:08:49,820 --> 01:08:46,770

making them they've seen weird things in

1323

01:08:51,289 --> 01:08:49,830

fact they were a guy some guys out of

1324

01:08:55,070 --> 01:08:51,299

England they called themselves the

1325

01:08:58,579 --> 01:08:55,080

circle makers and we actually had them

1326

01:09:00,559 --> 01:08:58,589

build us a crop circle and it was the

1327

01:09:02,180 --> 01:09:00,569

time of year where we had to go to a

1328

01:09:04,640 --> 01:09:02,190

place in the world where the crops were

1329

01:09:07,760 --> 01:09:04,650

right it was for an NBC special so we

1330

01:09:09,710 --> 01:09:07,770

went to New Zealand and these guys did a

1331

01:09:11,960 --> 01:09:09,720

crop circle about the size of a football

1332

01:09:12,920 --> 01:09:11,970

field and believe it or not it took him

1333

01:09:16,249 --> 01:09:12,930

about four hours

1334

01:09:19,980 --> 01:09:16,259

not very long really we showed it in

1335

01:09:23,700 --> 01:09:19,990

time-lapse photography it was beautiful

1336

01:09:27,840 --> 01:09:23,710

but those guys said hey we started

1337

01:09:30,210 --> 01:09:27,850

making them sort of in omage to the ones

1338

01:09:32,640 --> 01:09:30,220

that we believe were the real ones you

1339

01:09:35,580 --> 01:09:32,650

know it's sort of like a you know an art

1340

01:09:38,430 --> 01:09:35,590

form that we have you know that we got

1341

01:09:41,580 --> 01:09:38,440

from them and they don't discount that

1342

01:09:44,160 --> 01:09:41,590

there are real ones and in fact a part

1343

01:09:46,560 --> 01:09:44,170

of the website said weird stuff happens

1344

01:09:48,090 --> 01:09:46,570

and in Alec said but what they didn't

1345

01:09:49,800 --> 01:09:48,100

use the word stuff they used the word

1346

01:09:53,730 --> 01:09:49,810

that we probably used if we weren't on

1347

01:09:55,770 --> 01:09:53,740

the radio but it that was at an actual

1348

01:09:58,440 --> 01:09:55,780

page on their website and you click on

1349

01:10:00,510 --> 01:09:58,450

that and they tell about all the really

1350

01:10:02,550 --> 01:10:00,520

bizarre stuffs and UFO sightings that

1351

01:10:05,010 --> 01:10:02,560

they've had while they were out doing

1352

01:10:07,170 --> 01:10:05,020

stuff in the middle of the night so I

1353

01:10:09,120 --> 01:10:07,180

think first like talk about a UFO case

1354

01:10:13,020 --> 01:10:09,130

that we investigated here in Oklahoma

1355

01:10:19,190 --> 01:10:13,030

that it was in Buffalo Oklahoma where's

1356

01:10:23,370 --> 01:10:19,200

that not familiar is over by the western

1357

01:10:25,620 --> 01:10:23,380

border up close to the Panhandle oh okay

1358

01:10:29,760 --> 01:10:25,630

yeah it's just north of Woodward

1359

01:10:33,360 --> 01:10:29,770

Oklahoma North okay yeah god yeah these

1360

01:10:35,940 --> 01:10:33,370

people had a sighting they went out to

1361

01:10:39,390 --> 01:10:35,950

feed their horses that they had on

1362

01:10:45,390 --> 01:10:39,400

property that they ran it and they saw

1363

01:10:48,300 --> 01:10:45,400

this UFO come down and hover over above

1364

01:10:51,920 --> 01:10:48,310

the horses and it scared him really bad

1365

01:10:55,830 --> 01:10:51,930

so they ran and got in their car and

1366

01:10:58,710 --> 01:10:55,840

left and then they called us and

1367

01:11:06,060 --> 01:10:58,720

reported to us what what had happened to

1368

01:11:08,760 --> 01:11:06,070

him and we drove over there and the

1369

01:11:15,090 --> 01:11:08,770

horses had on their backs these round

1370

01:11:18,540 --> 01:11:15,100

circles white powdery brown circles we

1371

01:11:21,780 --> 01:11:18,550

do not know what they were we tried to

1372

01:11:27,440 --> 01:11:21,790

take samples of what they were there was

1373

01:11:31,820 --> 01:11:27,450

a spot on the in the pasture between

1374

01:11:33,630 --> 01:11:31,830

where the gate was and a big tree that

1375

01:11:36,930 --> 01:11:33,640

there was a

1376

01:11:43,560 --> 01:11:36,940

Circle that was looked like the grass

1377

01:11:46,230 --> 01:11:43,570

just died off and we we went we used the

1378

01:11:54,740 --> 01:11:46,240

Geiger counter and got no response on it

1379

01:11:59,460 --> 01:11:54,750

but the lady had on her marks on her arm

1380

01:12:02,070 --> 01:11:59,470

where it looked like a bruise that where

1381

01:12:07,350 --> 01:12:02,080

three fingers and a thumb had grabbed

1382

01:12:09,330 --> 01:12:07,360

her on her on her forearm oh geez

1383

01:12:13,170 --> 01:12:09,340

so you think there might have been some

1384

01:12:15,720 --> 01:12:13,180

missing time going on there yes they did

1385

01:12:18,450 --> 01:12:15,730

some missing time but she did not want

1386

01:12:21,210 --> 01:12:18,460

to know what happened to her she swore

1387

01:12:23,280 --> 01:12:21,220

up and down it could impossible it was

1388

01:12:26,160 --> 01:12:23,290

impossible that it was a UFO

1389

01:12:29,880 --> 01:12:26,170

she nothing happened to her she didn't

1390

01:12:33,380 --> 01:12:29,890

want to know what was their description

1391

01:12:39,480 --> 01:12:33,390

how did they describe those silver discs

1392

01:12:42,150 --> 01:12:39,490

and it had lights on it Wow and it just

1393

01:12:47,820 --> 01:12:42,160

turns out that that area that they

1394

01:12:48,690 --> 01:12:47,830

reported seeing it is a no-fly zone for

1395

01:12:54,570 --> 01:12:48,700

the military

1396

01:12:58,440 --> 01:12:54,580

oh that's interesting yeah so we don't

1397

01:13:00,090 --> 01:12:58,450

know if she saw a real honest - cause

1398

01:13:03,210 --> 01:13:00,100

you up Bob with that belong to

1399

01:13:05,130 --> 01:13:03,220

extraterrestrials or did more she

1400

01:13:08,250 --> 01:13:05,140

witnessed to something that they were

1401

01:13:10,710 --> 01:13:08,260

testing that was ours some kind of

1402

01:13:15,150 --> 01:13:10,720

advanced technology they yeah we may be

1403

01:13:19,230 --> 01:13:15,160

developing yeah hard to know why no

1404

01:13:20,880 --> 01:13:19,240

publicity none she was afraid that you

1405

01:13:23,250 --> 01:13:20,890

know there's the fear thing again with

1406

01:13:26,220 --> 01:13:23,260

people well it's a small town and she

1407

01:13:28,950 --> 01:13:26,230

was afraid that your kids would be

1408

01:13:31,470 --> 01:13:28,960

ridiculed at school and they probably

1409

01:13:33,090 --> 01:13:31,480

would have been yeah we want to go to

1410

01:13:35,190 --> 01:13:33,100

the sheriff's department and ask the

1411

01:13:40,680 --> 01:13:35,200

estimate that scenery she wouldn't let

1412

01:13:43,980 --> 01:13:40,690

us yeah well you know that's that's a

1413

01:13:47,669 --> 01:13:43,990

believable person you know when somebody

1414

01:13:50,669 --> 01:13:47,679

wants to charge you money and get on TV

1415

01:13:53,429 --> 01:13:50,679

or something like that yeah not so much

1416

01:13:56,129 --> 01:13:53,439

but someone knew something happened to

1417

01:13:57,929 --> 01:13:56,139

this lady I really believe that somebody

1418

01:14:00,949 --> 01:13:57,939

that's just looking for answers that to

1419

01:14:05,790 --> 01:14:00,959

me is a much more believable witness and

1420

01:14:08,640 --> 01:14:05,800

oh that's really wild now was it big did

1421

01:14:15,449 --> 01:14:08,650

she have any idea of size or anything

1422

01:14:18,929 --> 01:14:15,459

like that remember was a MUFON thing in

1423

01:14:26,370 --> 01:14:18,939

the beginning yeah it came down hard

1424

01:14:31,199 --> 01:14:26,380

stir it was a start team Oh we'll never

1425

01:14:32,669 --> 01:14:31,209

know about that came out sent somebody

1426

01:14:35,459 --> 01:14:32,679

out there and investigated and they were

1427

01:14:38,819 --> 01:14:35,469

so rude to her it upset her so when they

1428

01:14:44,489 --> 01:14:38,829

had the other incident where she had the

1429

01:14:46,229 --> 01:14:44,499

marks on her arm she called us oh wait a

1430

01:14:49,379 --> 01:14:46,239

minute are you talking about two

1431

01:14:52,859 --> 01:14:49,389

incidents yes there was more than one we

1432

01:14:55,169 --> 01:14:52,869

went by the way with a Mel meter and we

1433

01:15:00,679 --> 01:14:55,179

got a we got a response with a Mel meter

1434

01:15:06,600 --> 01:15:04,350

electromagnetic field detector oh and

1435

01:15:09,629 --> 01:15:06,610

you use it when you do a lot of ghost

1436

01:15:12,060 --> 01:15:09,639

hunting right right I never heard it

1437

01:15:15,089 --> 01:15:12,070

called a Mel meter yeah I know actually

1438

01:15:16,649 --> 01:15:15,099

let me see the title does it mean

1439

01:15:21,239 --> 01:15:16,659

anything the guy needed after his

1440

01:15:25,549 --> 01:15:21,249

daughter was named all what it saw yeah

1441

01:15:28,109 --> 01:15:25,559

that's a yeah that's cool EMF EMF meter

1442

01:15:30,959 --> 01:15:28,119

was like a droid feeling yes

1443

01:15:36,169 --> 01:15:30,969

yeah that's interesting and then you got

1444

01:15:41,790 --> 01:15:36,179

a response responses on that hmm

1445

01:15:44,239 --> 01:15:41,800

interesting now what was the time length

1446

01:15:46,699 --> 01:15:44,249

of time in between these two incidents a

1447

01:15:52,350 --> 01:15:46,709

week maybe

1448

01:15:54,779 --> 01:15:52,360

really yeah and so in that week the

1449

01:15:57,060 --> 01:15:54,789

MUFON team had been out there mm-hmm

1450

01:16:04,100 --> 01:15:57,070

and then something else happened and she

1451
01:16:17,280 --> 01:16:14,100
be careful we might all disappear when I

1452
01:16:19,800 --> 01:16:17,290
humbly Lord went up there yeah yeah

1453
01:16:39,810 --> 01:16:19,810
guess that already the start team

1454
01:16:41,790 --> 01:16:39,820
already don't Marilyn she he could you

1455
01:16:44,040 --> 01:16:41,800
figured out a way to work that out you

1456
01:16:48,510 --> 01:16:44,050
know what they say happy wife happy life

1457
01:16:52,979 --> 01:16:48,520
yeah well you know she she also reported

1458
01:16:55,910 --> 01:16:52,989
that she had unusual dreams and that the

1459
01:16:59,399 --> 01:16:55,920
the kids were also having weird dreams

1460
01:17:02,180 --> 01:16:59,409
did they share any of that um

1461
01:17:09,120 --> 01:17:02,190
the dreams that she was having was that

1462
01:17:12,600 --> 01:17:09,130
she was being visited by these this

1463
01:17:18,290 --> 01:17:12,610

light and she kept saying the light came

1464

01:17:20,490 --> 01:17:18,300

into the room but I was asleep and so I

1465

01:17:22,919 --> 01:17:20,500

don't know and then of course she got

1466

01:17:29,280 --> 01:17:22,929

the marks on her arm so I really think

1467

01:17:31,320 --> 01:17:29,290

that when that UFO came hovered over him

1468

01:17:36,060 --> 01:17:31,330

you know when they were out in the field

1469

01:17:38,970 --> 01:17:36,070

with the horses I think they were zeroed

1470

01:17:42,120 --> 01:17:38,980

in on and then a week later she's had

1471

01:17:43,830 --> 01:17:42,130

this this she had strange dreams and

1472

01:17:47,640 --> 01:17:43,840

then she ended up with some marks on her

1473

01:17:50,310 --> 01:17:47,650

body she but she would not she would not

1474

01:17:55,919 --> 01:17:50,320

accept that the possibility that she was

1475

01:17:58,169 --> 01:17:55,929

an abductee I don't blame her I

1476

01:18:00,899 --> 01:17:58,179

understand that because I do work with

1477

01:18:04,110 --> 01:18:00,909

them abductees that you know I wanted

1478

01:18:06,870 --> 01:18:04,120

early get it yeah well we like to have

1479

01:18:09,120 --> 01:18:06,880

the information that's for sure yeah now

1480

01:18:13,530 --> 01:18:09,130

how long ago was this is this something

1481

01:18:16,770 --> 01:18:13,540

recent her girl is still state director

1482

01:18:19,470 --> 01:18:16,780

seven eight years ago maybe I wonder if

1483

01:18:24,410 --> 01:18:19,480

anything's happened to her since I don't

1484

01:18:27,630 --> 01:18:24,420

know I know she won't call moon phone

1485

01:18:29,670 --> 01:18:27,640

yeah ooh maybe you got a double back and

1486

01:18:32,480 --> 01:18:29,680

check up on her and see anything else

1487

01:18:36,090 --> 01:18:32,490

has gone on maybe she'll open up

1488

01:18:39,300 --> 01:18:36,100

especially if she continues to have some

1489

01:18:41,070 --> 01:18:39,310

kind of experiences she may want to do

1490

01:18:42,750 --> 01:18:41,080

something about it although she probably

1491

01:18:43,800 --> 01:18:42,760

would have called if she wanted to do

1492

01:18:46,400 --> 01:18:43,810

something about it

1493

01:18:50,220 --> 01:18:46,410

yeah I think she probably would have

1494

01:18:52,800 --> 01:18:50,230

that's an interesting story though we we

1495

01:18:55,310 --> 01:18:52,810

went on an investigation that did a

1496

01:18:59,220 --> 01:18:55,320

ghost hunt where the people did not want

1497

01:19:04,080 --> 01:18:59,230

the entity moved out that was a that was

1498

01:19:05,730 --> 01:19:04,090

one in in Springfield Missouri they said

1499

01:19:10,050 --> 01:19:05,740

she's not bothering us we just were

1500

01:19:14,490 --> 01:19:10,060

really curious about it and we don't we

1501

01:19:17,940 --> 01:19:14,500

don't want her moved out so well what

1502

01:19:21,180 --> 01:19:17,950

was the story on her well this is the

1503

01:19:23,220 --> 01:19:21,190

one in Springfield where all cry the

1504

01:19:25,500 --> 01:19:23,230

young nine year old girl made contact

1505

01:19:28,320 --> 01:19:25,510

with us she was murdered in that at that

1506

01:19:34,010 --> 01:19:28,330

time it was a home but now it's a

1507

01:19:38,490 --> 01:19:34,020

business it's a plumbing business and

1508

01:19:45,150 --> 01:19:38,500

kind of what's now considered the old

1509

01:19:47,390 --> 01:19:45,160

downtown area of Springfield but they

1510

01:19:50,640 --> 01:19:47,400

contacted us wanted to know more about

1511

01:19:57,240 --> 01:19:50,650

what was going on things were being

1512

01:19:59,580 --> 01:19:57,250

moved and things would appear and

1513

01:20:02,310 --> 01:19:59,590

disappear when they wouldn't know where

1514

01:20:09,000 --> 01:20:02,320

and then it would show up someplace else

1515

01:20:11,990 --> 01:20:09,010

and in the in the house and so my cat

1516

01:20:15,240 --> 01:20:12,000

just stepped on me are you still there

1517

01:20:17,730 --> 01:20:15,250

yes I'm still yours you stepped on the

1518

01:20:20,580 --> 01:20:17,740

computer and I'm going oh just oh my

1519

01:20:22,440 --> 01:20:20,590

goodness Oh help bunny yeah I have to

1520

01:20:24,270 --> 01:20:22,450

chain up the dogs not chained them up

1521

01:20:28,030 --> 01:20:24,280

but I have them sequestered in another

1522

01:20:31,850 --> 01:20:28,040

room one of the kids yes the dog

1523

01:20:37,280 --> 01:20:31,860

oh my dogs you to be hearing I'm if they

1524

01:20:40,990 --> 01:20:37,290

were out believe me but now have you got

1525

01:20:43,610 --> 01:20:41,000

did you guys have like initial

1526

01:20:47,390 --> 01:20:43,620

experiences or what sparked your

1527

01:20:49,250 --> 01:20:47,400

interest in in in all these kinds of

1528

01:20:51,830 --> 01:20:49,260

strange subjects all this paranormal

1529

01:20:55,190 --> 01:20:51,840

activity how did you get on to it in the

1530

01:20:58,220 --> 01:20:55,200

first place I had a very unusual

1531

01:21:03,440 --> 01:20:58,230

experience in the 90s when we were

1532

01:21:06,170 --> 01:21:03,450

living in Biloxi Mississippi and it was

1533

01:21:11,210 --> 01:21:06,180

that experience with an extraterrestrial

1534

01:21:14,990 --> 01:21:11,220

that I took a huge interest in what was

1535

01:21:17,950 --> 01:21:15,000

going on and I had and I had a

1536

01:21:20,590 --> 01:21:17,960

meditation group at that time and

1537

01:21:23,990 --> 01:21:20,600

information started coming to me about

1538

01:21:29,950 --> 01:21:24,000

et in contact with et and so forth and

1539

01:21:35,030 --> 01:21:29,960

so I'm like this girl came to our

1540

01:21:38,810 --> 01:21:35,040

meeting and she claimed to have um a lot

1541

01:21:42,680 --> 01:21:38,820

of contact with et and very personal

1542

01:21:44,500 --> 01:21:42,690

contact with et and I said to her well

1543

01:21:47,150 --> 01:21:44,510

if they really do exist

1544

01:21:51,260 --> 01:21:47,160

can you just make arrangements for a

1545

01:21:51,500 --> 01:21:51,270

flyby well I think we can do better than

1546

01:21:56,450 --> 01:21:51,510

that

1547

01:22:01,670 --> 01:21:56,460

a week later I had the experience and oh

1548

01:22:07,790 --> 01:22:01,680

my gosh yeah and it was after that that

1549

01:22:16,070 --> 01:22:10,490

ghost hunting and had done a little bit

1550

01:22:19,250 --> 01:22:16,080

of that as well so we just kind of

1551

01:22:21,410 --> 01:22:19,260

graduated from there to taking an

1552

01:22:25,460 --> 01:22:21,420

interest in Bigfoot and researching

1553

01:22:27,230 --> 01:22:25,470

Bigfoot and we weren't expecting to have

1554

01:22:30,740 --> 01:22:27,240

that experience with Bigfoot in

1555

01:22:32,270 --> 01:22:30,750

Pennsylvania but um well yeah I grew up

1556

01:22:35,270 --> 01:22:32,280

in Montana and hunted and there's

1557

01:22:38,840 --> 01:22:35,280

everything I just like ken King grew up

1558

01:22:39,709 --> 01:22:38,850

in Keller Missouri and lived in power

1559

01:22:41,930 --> 01:22:39,719

out of the car

1560

01:22:45,890 --> 01:22:41,940

and everything else neither one of us

1561

01:22:47,660 --> 01:22:45,900

believe Bigfoot at all I mean gee I

1562

01:22:49,939 --> 01:22:47,670

never saw a dead one I never saw any

1563

01:22:52,310 --> 01:22:49,949

skeleton I never saw that of course it's

1564

01:22:55,189 --> 01:22:52,320

did you ever find a skeleton of a bear

1565

01:22:58,580 --> 01:22:55,199

when you're out hunting no but anyway

1566

01:23:02,089 --> 01:22:58,590

and then he has this experience and I go

1567

01:23:06,620 --> 01:23:02,099

him I cast the footprint so also do we

1568

01:23:08,839 --> 01:23:06,630

both became believers absolutely well

1569

01:23:13,310 --> 01:23:08,849

I'm sure glad that you know something

1570

01:23:14,930 --> 01:23:13,320

sparked both your interest because you

1571

01:23:17,180 --> 01:23:14,940

know you've done such a you have such a

1572

01:23:18,680 --> 01:23:17,190

great body of work already and I can't

1573

01:23:20,779 --> 01:23:18,690

wait to hear what you guys are gonna be

1574

01:23:23,359 --> 01:23:20,789

on to next and I can't wait to hear more

1575

01:23:25,729 --> 01:23:23,369

about this dog man investigation are you

1576

01:23:27,439 --> 01:23:25,739

gonna continue on with that yes we'll

1577

01:23:31,189 --> 01:23:27,449

probably try to make a trip over to

1578

01:23:33,229 --> 01:23:31,199

Boone County and we want to do it when

1579

01:23:41,959 --> 01:23:33,239

Ken can do it right now he's really busy

1580

01:23:45,859 --> 01:23:41,969

with his campground business yep school

1581

01:23:47,359 --> 01:23:45,869

year well the music's rolling guys it's

1582

01:23:49,879 --> 01:23:47,369

gone so fast

1583

01:23:52,939 --> 01:23:49,889

thanks very much to dick and Marilyn
