stay tuned for a special presentation of

15

00:00:39,030 --> 00:00:35,360

mac maloney's military x-file show the

16

00:00:41,830 --> 00:00:39,040

mystery of twa flight 800 accident

17

00:01:03,750 --> 00:00:41,840

terrorist attack or was it shot down by

18

00:01:08,390 --> 00:01:06,230

there are 1 000 ufo sightings reported

19

00:01:11,670 --> 00:01:08,400

around the world every month

20

00:01:13,109 --> 00:01:11,680

90 of these sightings can be explained

21

00:01:14,390 --> 00:01:13,119

but 10

22

00:01:17,109 --> 00:01:14,400

cannot

23

00:01:19,749 --> 00:01:17,119

officially and unofficially the us

24

00:01:22,070 --> 00:01:19,759

military has been investigating ufos

25

00:01:24,230 --> 00:01:22,080

since 1947.

26

00:01:26,630 --> 00:01:24,240

their top secret goal is to find out

27

00:01:27,749 --> 00:01:26,640

what's behind these unexplained

28

00:01:31,109 --> 00:01:27,759

sightings

29

00:01:33,109 --> 00:01:31,119

the pentagon classifies them as unusual

30

00:01:34,789 --> 00:01:33,119

airborne anomalies

31

00:01:37,109 --> 00:01:34,799

but a better term

32

00:01:40,390 --> 00:01:37,119

is x-files

33

00:01:43,830 --> 00:01:40,400

join us as we explore these unsolved

34

00:01:47,190 --> 00:01:43,840

cases ufo incidents that baffle even the

35

00:01:50,069 --> 00:01:47,200

u.s military this is mcmaloney's

36

00:01:51,109 --> 00:01:50,079

military x-files

37

00:01:56,710 --> 00:01:51,119

and now

38

00:01:59,670 --> 00:01:57,990

well good evening everyone and welcome

39

00:02:01,109 --> 00:01:59,680

to pack maloney's military x-file show

40

00:02:03,190 --> 00:02:01,119

here on the distant thunder radio

41

00:02:05,109 --> 00:02:03,200

network this is macaloni we're doing a

42

00:02:09,430 --> 00:02:05,119

special show tonight we're looking into

43

00:02:11,910 --> 00:02:09,440

the mystery of twa flight 800. uh this

44

00:02:16,470 --> 00:02:11,920

was an airplane that taken off from jfk

45

00:02:18,070 --> 00:02:16,480

airport on july 17 1996 heading to paris

46

00:02:20,229 --> 00:02:18,080

and then on to rome there were more than

47

00:02:23,670 --> 00:02:20,239

240 people on board

48

00:02:25,270 --> 00:02:23,680

and after it was uh around 15 000 feet

49

00:02:27,350 --> 00:02:25,280

it had only been in the air about 11

50

00:02:28,070 --> 00:02:27,360

minutes or so this thing suddenly blew

51  
00:02:30,229 --> 00:02:28,080  
up

52  
00:02:32,790 --> 00:02:30,239  
and um killed everyone on board crashed

53  
00:02:33,750 --> 00:02:32,800  
into the ocean many many witnesses many

54  
00:02:35,990 --> 00:02:33,760  
um

55  
00:02:38,550 --> 00:02:36,000  
airline pilot witnesses but also people

56  
00:02:41,190 --> 00:02:38,560  
on the ground people at the beaches

57  
00:02:42,790 --> 00:02:41,200  
people in air traffic control towers no

58  
00:02:45,910 --> 00:02:42,800  
one really knows what happened to this

59  
00:02:47,030 --> 00:02:45,920  
airplane this is pre-911 so it was uh

60  
00:02:48,869 --> 00:02:47,040  
though there were people who thought

61  
00:02:50,150 --> 00:02:48,879  
that it might have been a terrorist act

62  
00:02:52,309 --> 00:02:50,160  
there are people think that it might

63  
00:02:53,509 --> 00:02:52,319

have been a an assassination attempt

64

00:02:54,790 --> 00:02:53,519

believe it or not

65

00:02:56,550 --> 00:02:54,800

but a lot of people think that the us

66

00:02:58,550 --> 00:02:56,560

navy actually shot this thing down by

67

00:02:59,830 --> 00:02:58,560

mistake and there's been a huge cover up

68

00:03:03,110 --> 00:02:59,840

that's what we're going to talk about

69

00:03:04,710 --> 00:03:03,120

tonight the mystery of twa 800 in the

70

00:03:06,710 --> 00:03:04,720

studio with us tonight the very famous

71

00:03:09,910 --> 00:03:06,720

won one is here oh mack

72

00:03:11,750 --> 00:03:09,920

also in a not so undisclosed location

73

00:03:14,710 --> 00:03:11,760

commander cobra is on board good evening

74

00:03:17,750 --> 00:03:14,720

gentlemen and uh also very special guest

75

00:03:19,430 --> 00:03:17,760

agent x is here with us hello mac agent

76  
00:03:20,949 --> 00:03:19,440  
x is someone who works for a company

77  
00:03:22,550 --> 00:03:20,959  
that works very closely with u.s

78  
00:03:25,110 --> 00:03:22,560  
intelligence agencies we're also going

79  
00:03:26,869 --> 00:03:25,120  
to be talking to switchblade steve ward

80  
00:03:28,949 --> 00:03:26,879  
who believe it or not tells us that

81  
00:03:30,630 --> 00:03:28,959  
there's a ufo angle connected to this

82  
00:03:33,190 --> 00:03:30,640  
we'll be talking to rob beckhausen of

83  
00:03:34,869 --> 00:03:33,200  
juarez boring about if this airliner was

84  
00:03:36,070 --> 00:03:34,879  
shot down by some kind of a weapon what

85  
00:03:37,750 --> 00:03:36,080  
kind of weapon

86  
00:03:39,509 --> 00:03:37,760  
could it be and also a special guest

87  
00:03:41,670 --> 00:03:39,519  
later on will be jack cashel who's

88  
00:03:44,070 --> 00:03:41,680

written a book on this a very extensive

89

00:03:46,470 --> 00:03:44,080

books called twa 800 the crash the

90

00:03:48,309 --> 00:03:46,480

cover-up and the conspiracy he is

91

00:03:51,430 --> 00:03:48,319

probably the world's leading expert on

92

00:03:53,990 --> 00:03:51,440

what happened to twa 800. we don't know

93

00:03:55,830 --> 00:03:54,000

there's a lot of um theories out there

94

00:03:57,670 --> 00:03:55,840

conspiracy theories all kinds of

95

00:03:59,990 --> 00:03:57,680

theories as we say including ufo

96

00:04:02,390 --> 00:04:00,000

theories so sit back and listen for the

97

00:04:04,070 --> 00:04:02,400

next two hours and uh try to discover or

98

00:04:05,830 --> 00:04:04,080

try to think about what could have

99

00:04:07,110 --> 00:04:05,840

happened to this along with us we're

100

00:04:08,710 --> 00:04:07,120

going to be learning as you are learning

101  
00:04:10,470 --> 00:04:08,720  
so you're listening to mac morning's

102  
00:04:12,229 --> 00:04:10,480  
military exile show here

103  
00:04:15,910 --> 00:04:12,239  
on the distant thunder radio network

104  
00:04:17,509 --> 00:04:15,920  
special on twa flight 800 what happened

105  
00:04:19,430 --> 00:04:17,519  
to it listen to these commercials now

106  
00:04:22,710 --> 00:04:19,440  
and we'll be right back

107  
00:04:25,350 --> 00:04:22,720  
america has lost world war iii

108  
00:04:28,629 --> 00:04:25,360  
terrorists control the countryside

109  
00:04:33,990 --> 00:04:28,639  
air pirates rule our skies the united

110  
00:04:38,710 --> 00:04:36,230  
but just when it seems like freedom is a

111  
00:04:41,270 --> 00:04:38,720  
thing of the past a new hero emerges

112  
00:04:43,670 --> 00:04:41,280  
from the ashes a true american who

113  
00:04:46,550 --> 00:04:43,680

stands up for what's right a fighter

114

00:04:57,030 --> 00:04:46,560

pilot who can defeat any foe anytime

115

00:05:02,150 --> 00:04:59,189

follow the adventures of hawk hunter the

116

00:05:04,629 --> 00:05:02,160

wingman as he fights to revive the idea

117

00:05:07,029 --> 00:05:04,639

of america through 17 action-packed

118

00:05:10,230 --> 00:05:07,039

books hunter battles all those who would

119

00:05:12,629 --> 00:05:10,240

tread on old glory in the air on the sea

120

00:05:15,670 --> 00:05:12,639

or on the ground his dream is to put the

121

00:05:16,710 --> 00:05:15,680

united states back together again or die

122

00:05:18,469 --> 00:05:16,720

trying

123

00:05:20,550 --> 00:05:18,479

for some of the greatest aerial action

124

00:05:22,950 --> 00:05:20,560

you'll ever experience

125

00:05:26,230 --> 00:05:22,960

strap in and hold on

126  
00:05:34,010 --> 00:05:26,240  
wingman by mac maloney now available for

127  
00:05:34,020 --> 00:06:04,070  
[Music]

128  
00:06:07,350 --> 00:06:05,510  
welcome back everyone to mcmillan's

129  
00:06:08,469 --> 00:06:07,360  
military exile show here on the distant

130  
00:06:10,790 --> 00:06:08,479  
thunder

131  
00:06:13,029 --> 00:06:10,800  
radio network this is mac maloney

132  
00:06:16,070 --> 00:06:13,039  
and we are doing a special tonight on

133  
00:06:17,189 --> 00:06:16,080  
the mystery of twa flight

134  
00:06:19,430 --> 00:06:17,199  
800

135  
00:06:21,590 --> 00:06:19,440  
joining us on the phone as he does every

136  
00:06:23,029 --> 00:06:21,600  
week right now is rob beckhausen of war

137  
00:06:24,309 --> 00:06:23,039  
is boring how are you doing there

138  
00:06:26,150 --> 00:06:24,319

tonight rob

139

00:06:27,749 --> 00:06:26,160

uh hey i'm pretty good okay we have a

140

00:06:29,670 --> 00:06:27,759

full house here tonight juan juan is

141

00:06:31,670 --> 00:06:29,680

with us commander cobra is here and also

142

00:06:33,430 --> 00:06:31,680

agent x is here

143

00:06:34,710 --> 00:06:33,440

and um we're just going to discuss what

144

00:06:35,830 --> 00:06:34,720

happened

145

00:06:38,390 --> 00:06:35,840

uh to

146

00:06:40,870 --> 00:06:38,400

uh twa-800 there's a lot of theories one

147

00:06:43,510 --> 00:06:40,880

of them is that it was shot down by

148

00:06:44,469 --> 00:06:43,520

our own government shot down maybe by a

149

00:06:46,629 --> 00:06:44,479

navy

150

00:06:48,469 --> 00:06:46,639

uh missile could you just you know fill

151

00:06:51,029 --> 00:06:48,479

us in if if something

152

00:06:53,110 --> 00:06:51,039

was shot at it what could it be how big

153

00:06:55,430 --> 00:06:53,120

of a weapon would it have to be to bring

154

00:06:58,070 --> 00:06:55,440

down a jumbo jet right so this is a

155

00:06:59,189 --> 00:06:58,080

really interesting question and um

156

00:07:00,790 --> 00:06:59,199

uh

157

00:07:02,469 --> 00:07:00,800

so there's been a lot of theories about

158

00:07:03,909 --> 00:07:02,479

what type of weapon

159

00:07:05,830 --> 00:07:03,919

uh could

160

00:07:08,070 --> 00:07:05,840

have you know brought down brought down

161

00:07:09,990 --> 00:07:08,080

the plane um and these range from you

162

00:07:12,390 --> 00:07:10,000

know even electromagnetic interference

163

00:07:14,390 --> 00:07:12,400

which uh the military has weaponized to

164

00:07:15,749 --> 00:07:14,400

you know really you know more

165

00:07:19,670 --> 00:07:15,759

radical

166

00:07:21,990 --> 00:07:19,680

super secret uh uh theories about ufos

167

00:07:23,990 --> 00:07:22,000

and and um but the most uh the one

168

00:07:26,070 --> 00:07:24,000

that's got the most traction is uh

169

00:07:27,510 --> 00:07:26,080

surface air missile

170

00:07:30,710 --> 00:07:27,520

so um

171

00:07:33,110 --> 00:07:30,720

so three years ago um you know six ntsb

172

00:07:34,710 --> 00:07:33,120

guys who worked on the

173

00:07:37,350 --> 00:07:34,720

uh investigation

174

00:07:37,990 --> 00:07:37,360

um came out and said that they believed

175

00:07:53,029 --> 00:07:38,000

a

176

00:07:55,589 --> 00:07:53,039

ntsb people

177

00:07:56,869 --> 00:07:55,599

yeah i mean and um yeah and that's

178

00:08:00,070 --> 00:07:56,879

that's what

179

00:08:01,510 --> 00:08:00,080

uh got a lot of attention and and um

180

00:08:03,749 --> 00:08:01,520

you know their their

181

00:08:05,189 --> 00:08:03,759

theory was that um you know so what kind

182

00:08:06,950 --> 00:08:05,199

of missile right so

183

00:08:08,790 --> 00:08:06,960

uh you know surface-to-air missile you

184

00:08:11,430 --> 00:08:08,800

have shoulder-fired missiles

185

00:08:13,589 --> 00:08:11,440

um we call them man pads um and then

186

00:08:15,589 --> 00:08:13,599

there's also the bigger anti-air

187

00:08:16,950 --> 00:08:15,599

missiles that uh

188

00:08:18,950 --> 00:08:16,960

you know like the one that shot down the

189

00:08:21,110 --> 00:08:18,960

plane in over ukraine uh the one that

190

00:08:22,469 --> 00:08:21,120

down the iranian airlines flight from a

191

00:08:24,390 --> 00:08:22,479

u.s warship

192

00:08:25,350 --> 00:08:24,400

in the 80s the um

193

00:08:29,909 --> 00:08:25,360

so

194

00:08:30,869 --> 00:08:29,919

uh the man the the ntsb guys were not

195

00:08:32,230 --> 00:08:30,879

um

196

00:08:34,149 --> 00:08:32,240

really sure about the man pack i mean

197

00:08:36,070 --> 00:08:34,159

these are shorter range i mean the

198

00:08:37,110 --> 00:08:36,080

airplane was about 14 000 feet when it

199

00:08:38,790 --> 00:08:37,120

was hit

200

00:08:43,269 --> 00:08:38,800

um

201  
00:08:44,790 --> 00:08:43,279  
outside the range of some man pads but

202  
00:08:45,910 --> 00:08:44,800  
it's pushing it a bit

203  
00:08:48,790 --> 00:08:45,920  
um

204  
00:08:51,190 --> 00:08:48,800  
from my understanding also most man pads

205  
00:08:51,910 --> 00:08:51,200  
uh have impact fuses so when they hit

206  
00:08:55,910 --> 00:08:51,920  
the

207  
00:08:58,790 --> 00:08:55,920  
um

208  
00:09:01,750 --> 00:08:58,800  
uh the fbi ruled that out the ntsb guys

209  
00:09:03,190 --> 00:09:01,760  
were not sure about that but a proximity

210  
00:09:05,990 --> 00:09:03,200  
fuse warhead

211  
00:09:08,949 --> 00:09:06,000  
which explodes away from the aircraft

212  
00:09:10,070 --> 00:09:08,959  
perforating it with shrapnel or whatever

213  
00:09:11,750 --> 00:09:10,080

right um

214

00:09:13,750 --> 00:09:11,760

uh this is what down the malaysian

215

00:09:16,870 --> 00:09:13,760

airline malaysia airlines flight over

216

00:09:18,949 --> 00:09:16,880

ukraine two years ago okay um that uh

217

00:09:21,509 --> 00:09:18,959

they they believe that was consistent

218

00:09:23,829 --> 00:09:21,519

with what they saw okay debris

219

00:09:25,829 --> 00:09:23,839

so a weapon like that obviously wouldn't

220

00:09:27,509 --> 00:09:25,839

be on a speedboat let's say i know some

221

00:09:29,750 --> 00:09:27,519

people said that terror they spotted

222

00:09:32,389 --> 00:09:29,760

people out in speedboats and they would

223

00:09:33,430 --> 00:09:32,399

have these you know kind of smaller man

224

00:09:34,550 --> 00:09:33,440

pack

225

00:09:36,230 --> 00:09:34,560

sams

226

00:09:38,230 --> 00:09:36,240

but we're talking about something that's

227

00:09:38,949 --> 00:09:38,240

a substantial weapon and would have to

228

00:09:40,870 --> 00:09:38,959

be

229

00:09:42,949 --> 00:09:40,880

on a ship or whatever

230

00:09:45,430 --> 00:09:42,959

yeah a warship i mean the u.s navy uses

231

00:09:49,350 --> 00:09:45,440

these on on board warships um you know

232

00:09:51,990 --> 00:09:49,360

very powerful very long range um

233

00:09:53,590 --> 00:09:52,000

uh proximity fuse

234

00:09:54,790 --> 00:09:53,600

uh missiles

235

00:09:58,230 --> 00:09:54,800

and um

236

00:09:59,910 --> 00:09:58,240

and so and and and also um

237

00:10:02,230 --> 00:09:59,920

you know occam's razor right this you

238

00:10:03,829 --> 00:10:02,240

know you you want a simple simpler

239

00:10:05,670 --> 00:10:03,839

theories or better no it's not a

240

00:10:08,150 --> 00:10:05,680

scientific rule you know the simplest

241

00:10:10,230 --> 00:10:08,160

theory is the conv is the accepted you

242

00:10:11,990 --> 00:10:10,240

know the official theory right that it

243

00:10:13,110 --> 00:10:12,000

was just an explosion in the field tank

244

00:10:14,790 --> 00:10:13,120

right um

245

00:10:15,990 --> 00:10:14,800

occam's razor is not a scientific law

246

00:10:17,990 --> 00:10:16,000

the simplest theory is not always the

247

00:10:20,230 --> 00:10:18,000

correct one you know but it's you know a

248

00:10:21,910 --> 00:10:20,240

general rule that well would terrorists

249

00:10:23,269 --> 00:10:21,920

have gone out on a boat

250

00:10:24,790 --> 00:10:23,279

you know to fire it when they could have

251  
00:10:25,750 --> 00:10:24,800  
just done it outside of an airport had a

252  
00:10:27,670 --> 00:10:25,760  
much

253  
00:10:28,550 --> 00:10:27,680  
greater chance of breaking down an

254  
00:10:30,550 --> 00:10:28,560  
airplane

255  
00:10:32,470 --> 00:10:30,560  
so we're talking about so this uh let's

256  
00:10:34,069 --> 00:10:32,480  
say it's a missile from uh navy

257  
00:10:36,550 --> 00:10:34,079  
destroyer let's say it's one of these

258  
00:10:38,069 --> 00:10:36,560  
proximity fuse missiles substantial

259  
00:10:39,590 --> 00:10:38,079  
warhead on this thing much bigger than

260  
00:10:41,190 --> 00:10:39,600  
like a stinger missile or something

261  
00:10:42,150 --> 00:10:41,200  
right

262  
00:10:44,790 --> 00:10:42,160  
oh yeah

263  
00:10:46,949 --> 00:10:44,800

could a stinger missile

264

00:10:50,710 --> 00:10:46,959

shoot down a 747 i'm going to ask you

265

00:10:53,750 --> 00:10:50,720

first then i'm going to ask agent x

266

00:10:56,069 --> 00:10:53,760

uh it i think if you if you hit if you

267

00:10:57,110 --> 00:10:56,079

manage if you hit one yeah you could um

268

00:10:58,630 --> 00:10:57,120

now whether or not that would have

269

00:11:00,630 --> 00:10:58,640

caused the i'm not sure whether or not

270

00:11:02,630 --> 00:11:00,640

it caused the catastrophic

271

00:11:04,790 --> 00:11:02,640

damage that occurred that everyone saw

272

00:11:07,350 --> 00:11:04,800

in the night sky agent x stinger missile

273

00:11:10,389 --> 00:11:07,360

could it take down a 747 and cause like

274

00:11:12,069 --> 00:11:10,399

this huge fireball in the sky and stuff

275

00:11:14,310 --> 00:11:12,079

absolutely really yeah if what if you

276

00:11:15,990 --> 00:11:14,320

hit it just right type of thing it can't

277

00:11:18,230 --> 00:11:16,000

happen okay yes i'm not saying that's

278

00:11:19,670 --> 00:11:18,240

what happened but it could it could okay

279

00:11:21,910 --> 00:11:19,680

now would there be any difference in

280

00:11:23,509 --> 00:11:21,920

what the witnesses saw between a stinger

281

00:11:25,990 --> 00:11:23,519

missile hitting it and one of these you

282

00:11:27,430 --> 00:11:26,000

know large s stands that are fired from

283

00:11:33,829 --> 00:11:27,440

a

284

00:11:35,190 --> 00:11:33,839

this like incredible explosion i'm not

285

00:11:36,630 --> 00:11:35,200

just talking about people drinking on

286

00:11:38,150 --> 00:11:36,640

the beach i'm talking about other

287

00:11:39,350 --> 00:11:38,160

airline pilots and everything they saw

288

00:11:41,990 --> 00:11:39,360

this is a

289

00:11:43,590 --> 00:11:42,000

fantastic explosion part of the airplane

290

00:11:45,590 --> 00:11:43,600

go start descending the other part

291

00:11:47,110 --> 00:11:45,600

starts going down i mean you know i

292

00:11:49,430 --> 00:11:47,120

understand stinger missiles could

293

00:11:51,829 --> 00:11:49,440

disable a plane and eventually you know

294

00:11:53,910 --> 00:11:51,839

cause it to crash but this seems like

295

00:11:55,269 --> 00:11:53,920

this thing was hit by something or

296

00:11:57,190 --> 00:11:55,279

whatever happened and it was like

297

00:11:58,710 --> 00:11:57,200

destroyed immediately and debris came

298

00:12:00,710 --> 00:11:58,720

down

299

00:12:02,949 --> 00:12:00,720

right back uh from commander corporal's

300

00:12:05,269 --> 00:12:02,959

uh little uh cubby here listening to

301  
00:12:07,110 --> 00:12:05,279  
this the big difference that i find is

302  
00:12:09,430 --> 00:12:07,120  
that the plume that was witnessed by so

303  
00:12:10,389 --> 00:12:09,440  
many people sounds like a much larger

304  
00:12:12,150 --> 00:12:10,399  
system

305  
00:12:14,470 --> 00:12:12,160  
if indeed it is from the surface up to

306  
00:12:16,629 --> 00:12:14,480  
the air uh the distances of people

307  
00:12:19,110 --> 00:12:16,639  
reporting seeing that uh

308  
00:12:22,710 --> 00:12:19,120  
the flame and the smoke trail going up

309  
00:12:25,590 --> 00:12:22,720  
right you don't see a a stinger or a

310  
00:12:27,350 --> 00:12:25,600  
sa seven slash fourteen a stella

311  
00:12:29,509 --> 00:12:27,360  
showing that kind for anything like the

312  
00:12:31,350 --> 00:12:29,519  
distance it goes away agent x is giving

313  
00:12:33,750 --> 00:12:31,360

a thumbs up on that agent x

314

00:12:35,509 --> 00:12:33,760

roger yeah um which is not

315

00:12:38,310 --> 00:12:35,519

impossible i mean i've seen

316

00:12:40,150 --> 00:12:38,320

uh altitude you know ranges for man pads

317

00:12:42,629 --> 00:12:40,160

going up higher than that okay but you

318

00:12:44,310 --> 00:12:42,639

know it it's uh

319

00:12:46,470 --> 00:12:44,320

you know it's pretty high up for a

320

00:12:48,870 --> 00:12:46,480

manpad i mean these are three miles

321

00:12:49,509 --> 00:12:48,880

that's the outer envelope

322

00:12:51,269 --> 00:12:49,519

yeah

323

00:12:53,829 --> 00:12:51,279

right okay so it would have to be like

324

00:12:57,990 --> 00:12:53,839

an exact freaking shot i don't know uh i

325

00:13:00,870 --> 00:12:58,000

can show you pictures of sa7s and sa-7

326

00:13:02,550 --> 00:13:00,880

variants being shot from a speedboat oh

327

00:13:03,509 --> 00:13:02,560

really okay all right

328

00:13:06,150 --> 00:13:03,519

um

329

00:13:07,990 --> 00:13:06,160

okay so now a question for you rob let's

330

00:13:11,350 --> 00:13:08,000

say it was terrorists okay now this is

331

00:13:13,110 --> 00:13:11,360

all pre 911 this is 1996 but it's post

332

00:13:14,389 --> 00:13:13,120

uh the first attack on the world trade

333

00:13:15,750 --> 00:13:14,399

center so

334

00:13:17,269 --> 00:13:15,760

uh you know terrorists were certainly

335

00:13:20,310 --> 00:13:17,279

out there doing stuff they just hadn't

336

00:13:22,550 --> 00:13:20,320

done anything so spectacular as 911 why

337

00:13:23,829 --> 00:13:22,560

then wouldn't the terrorist organization

338

00:13:26,069 --> 00:13:23,839

who did it why wouldn't they they've

339

00:13:27,750 --> 00:13:26,079

been just bragging about it you know two

340

00:13:29,190 --> 00:13:27,760

minutes after the plane

341

00:13:31,990 --> 00:13:29,200

hit the ocean

342

00:13:33,750 --> 00:13:32,000

that's a good question

343

00:13:35,590 --> 00:13:33,760

i don't know the answer you know see if

344

00:13:38,069 --> 00:13:35,600

i if i knew who you know who was

345

00:13:39,670 --> 00:13:38,079

responsible if somebody was responsible

346

00:13:41,750 --> 00:13:39,680

for you know deliberately downing this

347

00:13:43,750 --> 00:13:41,760

aircraft i won the field surprise right

348

00:13:45,190 --> 00:13:43,760

right right true but uh you'd be on your

349

00:13:47,269 --> 00:13:45,200

own book tour and everything yeah i hope

350

00:13:51,190 --> 00:13:47,279

you thank us from the podium please i

351  
00:13:55,269 --> 00:13:53,590  
but you know i mean i you know that's

352  
00:13:57,110 --> 00:13:55,279  
you know there's so many

353  
00:13:59,430 --> 00:13:57,120  
okay well so

354  
00:14:01,350 --> 00:13:59,440  
this is i i don't

355  
00:14:04,389 --> 00:14:01,360  
i tend to be skeptical of conspiracy

356  
00:14:05,910 --> 00:14:04,399  
theories you know you in general but you

357  
00:14:07,829 --> 00:14:05,920  
know there are

358  
00:14:09,269 --> 00:14:07,839  
look i mean you know the when this it's

359  
00:14:12,069 --> 00:14:09,279  
pretty conclusive that the malaysian

360  
00:14:13,829 --> 00:14:12,079  
airlines flight which was downed in 2014

361  
00:14:15,829 --> 00:14:13,839  
over ukraine was shot down by a russian

362  
00:14:17,990 --> 00:14:15,839  
surface air missile right right well the

363  
00:14:20,069 --> 00:14:18,000

russian government has you know

364

00:14:22,470 --> 00:14:20,079

completely covered you know denied this

365

00:14:23,509 --> 00:14:22,480

and and is just

366

00:14:24,310 --> 00:14:23,519

you know

367

00:14:26,790 --> 00:14:24,320

uh

368

00:14:27,829 --> 00:14:26,800

it's kind of gone away it's a lie lately

369

00:14:32,230 --> 00:14:27,839

about

370

00:14:34,310 --> 00:14:32,240

have done this and will have covered it

371

00:14:35,590 --> 00:14:34,320

up so it's sort of well

372

00:14:38,069 --> 00:14:35,600

the other thing is that you know when

373

00:14:39,590 --> 00:14:38,079

these ntsb guys came out

374

00:14:41,110 --> 00:14:39,600

you know i was watching on it was on fox

375

00:14:42,710 --> 00:14:41,120

it was hunt megan kelly right on fox

376

00:14:45,110 --> 00:14:42,720

news uh the document the chief

377

00:14:46,949 --> 00:14:45,120

documentary filmmaker who made this film

378

00:14:47,670 --> 00:14:46,959

um he was laying out the evidence and

379

00:14:48,550 --> 00:14:47,680

the

380

00:14:50,949 --> 00:14:48,560

uh

381

00:14:54,069 --> 00:14:50,959

james carlstrom is the fbi director at

382

00:14:57,350 --> 00:14:54,079

the time was on to respond and he just i

383

00:14:59,269 --> 00:14:57,360

mean he just uh said oh you know what um

384

00:15:00,550 --> 00:14:59,279

you know you ntsb guys if you had come

385

00:15:01,910 --> 00:15:00,560

out back then

386

00:15:03,750 --> 00:15:01,920

you know with this with these we could

387

00:15:05,509 --> 00:15:03,760

have gotten to the bottom of it if so

388

00:15:07,189 --> 00:15:05,519

but if you but you just weren't man

389

00:15:08,310 --> 00:15:07,199

enough and it just these ad hominem

390

00:15:10,310 --> 00:15:08,320

attacks

391

00:15:12,310 --> 00:15:10,320

bizarre and weird and

392

00:15:14,069 --> 00:15:12,320

and just just uh just really just

393

00:15:16,230 --> 00:15:14,079

straight that kind of behavior never

394

00:15:17,590 --> 00:15:16,240

fuels a conspiracy right exactly if you

395

00:15:18,870 --> 00:15:17,600

had brought up 10 years ago we could

396

00:15:20,949 --> 00:15:18,880

have done something about it but we've

397

00:15:22,389 --> 00:15:20,959

moved on to other things rob we're going

398

00:15:24,150 --> 00:15:22,399

to ask you to hang in you know while we

399

00:15:26,949 --> 00:15:24,160

discuss this but let me just direct one

400

00:15:29,030 --> 00:15:26,959

more question to you and is like

401  
00:15:30,949 --> 00:15:29,040  
if let's say it was

402  
00:15:33,430 --> 00:15:30,959  
a stray navy

403  
00:15:34,230 --> 00:15:33,440  
sam missile which some people theorize

404  
00:15:35,910 --> 00:15:34,240  
okay

405  
00:15:37,350 --> 00:15:35,920  
i mean stray meaning went off by

406  
00:15:39,030 --> 00:15:37,360  
accident went off by action and there

407  
00:15:41,509 --> 00:15:39,040  
was you know trying to hit something

408  
00:15:42,550 --> 00:15:41,519  
else or whatever all right um

409  
00:15:43,990 --> 00:15:42,560  
you know

410  
00:15:45,829 --> 00:15:44,000  
do you think the government would have

411  
00:15:48,230 --> 00:15:45,839  
been better off

412  
00:15:50,629 --> 00:15:48,240  
just admitting it you know i mean

413  
00:15:52,230 --> 00:15:50,639

instead of of course maybe not now that

414

00:15:53,990 --> 00:15:52,240

i've asked the question maybe the

415

00:15:55,749 --> 00:15:54,000

government can't get sued

416

00:15:58,470 --> 00:15:55,759

it went away and people kind of believe

417

00:16:00,389 --> 00:15:58,480

this uh you know fuel tank vapors thing

418

00:16:02,150 --> 00:16:00,399

you know so um

419

00:16:03,990 --> 00:16:02,160

i don't know so let me ask you robin

420

00:16:05,110 --> 00:16:04,000

once again hang in with us but you know

421

00:16:06,470 --> 00:16:05,120

what do you think what do you think

422

00:16:09,430 --> 00:16:06,480

happened

423

00:16:11,110 --> 00:16:09,440

your first question is with the

424

00:16:12,470 --> 00:16:11,120

government been better off i i mean i

425

00:16:15,509 --> 00:16:12,480

think i think we as a country would have

426

00:16:17,749 --> 00:16:15,519

been better off if it was uh uh you know

427

00:16:19,189 --> 00:16:17,759

a military exercise gone awry

428

00:16:21,749 --> 00:16:19,199

and i think we as a country would better

429

00:16:23,269 --> 00:16:21,759

off um we'd be better off um i think if

430

00:16:25,910 --> 00:16:23,279

you know this would have

431

00:16:28,550 --> 00:16:25,920

uh what this was an uh this would have

432

00:16:30,790 --> 00:16:28,560

uh cost clinton's reelection

433

00:16:33,509 --> 00:16:30,800

you know that year um

434

00:16:34,629 --> 00:16:33,519

agent x is sticking his thumb up in my

435

00:16:35,910 --> 00:16:34,639

eye

436

00:16:37,110 --> 00:16:35,920

okay you know so i mean there would have

437

00:16:38,389 --> 00:16:37,120

been consequences for people in the

438

00:16:40,629 --> 00:16:38,399

government if that happened and they

439

00:16:43,110 --> 00:16:40,639

covered it up and or or if they just

440

00:16:44,470 --> 00:16:43,120

came openly disclosed it right i mean

441

00:16:45,749 --> 00:16:44,480

their heads would have rolled right

442

00:16:47,910 --> 00:16:45,759

that's true so it would be bad for some

443

00:16:49,670 --> 00:16:47,920

people's careers certainly but um you

444

00:16:52,790 --> 00:16:49,680

know if that was what happened and i

445

00:16:54,949 --> 00:16:52,800

don't know um i'm not saying it was but

446

00:16:56,470 --> 00:16:54,959

you know i think i think we as a

447

00:16:57,590 --> 00:16:56,480

society would be better off of you know

448

00:16:59,350 --> 00:16:57,600

our government as it wouldn't hide

449

00:17:01,110 --> 00:16:59,360

things like that if they did if it was a

450

00:17:02,790 --> 00:17:01,120

terrorist attack would they have covered

451

00:17:04,949 --> 00:17:02,800

it up

452

00:17:06,630 --> 00:17:04,959

why why would they well why did they

453

00:17:08,069 --> 00:17:06,640

cover up the terrorist activity they

454

00:17:09,350 --> 00:17:08,079

went out of benghazi because you don't

455

00:17:11,590 --> 00:17:09,360

want to throw an election you said that

456

00:17:12,870 --> 00:17:11,600

robert ah okay well now we're going down

457

00:17:14,069 --> 00:17:12,880

another stream

458

00:17:16,069 --> 00:17:14,079

i don't want to no down on the street

459

00:17:17,270 --> 00:17:16,079

you asked the question there uh captain

460

00:17:19,669 --> 00:17:17,280

where are you if i could see you i'd

461

00:17:21,590 --> 00:17:19,679

take a swing at you where are you

462

00:17:23,510 --> 00:17:21,600

from an undisclosed okay hey rob uh hang

463

00:17:24,630 --> 00:17:23,520

in with us and you can be the referee

464

00:17:26,230 --> 00:17:24,640

okay

465

00:17:27,990 --> 00:17:26,240

rob beckhausen of war is boring we have

466

00:17:29,430 --> 00:17:28,000

to plug juarez boring the best military

467

00:17:31,909 --> 00:17:29,440

writing on

468

00:17:33,270 --> 00:17:31,919

the planet yep it really isn't it is

469

00:17:35,110 --> 00:17:33,280

some really there's been some really

470

00:17:37,190 --> 00:17:35,120

crazy stories man lately i just love

471

00:17:38,549 --> 00:17:37,200

reading it i think agent x aren't you

472

00:17:40,470 --> 00:17:38,559

the person who turned me on to that

473

00:17:43,350 --> 00:17:40,480

agenda no

474

00:17:44,870 --> 00:17:43,360

agent x i am jumping all over you mister

475

00:17:46,710 --> 00:17:44,880

oh are you screwing are you kidding me

476

00:17:48,390 --> 00:17:46,720

luckily you're in a uh undisclosed

477

00:17:50,310 --> 00:17:48,400

location yeah and a straight jacket with

478

00:17:51,190 --> 00:17:50,320

only the ability to talk into the mic

479

00:17:52,230 --> 00:17:51,200

perfect

480

00:17:53,750 --> 00:17:52,240

well

481

00:17:57,029 --> 00:17:53,760

is he in there okay

482

00:17:58,870 --> 00:17:57,039

all right okay um okay well um let's

483

00:18:01,110 --> 00:17:58,880

let's talk about that

484

00:18:03,430 --> 00:18:01,120

now for one second i just want to say

485

00:18:05,510 --> 00:18:03,440

agent x

486

00:18:07,830 --> 00:18:05,520

right on it okay

487

00:18:09,350 --> 00:18:07,840

okay so um let's forget about benghazi

488

00:18:11,830 --> 00:18:09,360

for a second let's just go back to

489

00:18:14,310 --> 00:18:11,840  
something that that rob just said

490

00:18:16,070 --> 00:18:14,320  
if it was a terrorist attack okay and

491

00:18:17,830 --> 00:18:16,080  
and let's just factor out beyonce for a

492

00:18:19,510 --> 00:18:17,840  
minute if it was a terrorist attack on

493

00:18:22,310 --> 00:18:19,520  
the on the level of i mean you know

494

00:18:24,549 --> 00:18:22,320  
killing more than 200 people

495

00:18:27,350 --> 00:18:24,559  
uh but there was no terrorist no

496

00:18:28,870 --> 00:18:27,360  
terrorist claimed responsibility for it

497

00:18:31,029 --> 00:18:28,880  
so doesn't that kind of tell you i mean

498

00:18:33,190 --> 00:18:31,039  
why commit a terrorist act if you don't

499

00:18:35,029 --> 00:18:33,200  
claim responsibility for it so therefore

500

00:18:37,029 --> 00:18:35,039  
maybe there's a good chance it wasn't

501  
00:18:38,470 --> 00:18:37,039  
terrorism yes no

502  
00:18:40,870 --> 00:18:38,480  
uh commander

503  
00:18:42,390 --> 00:18:40,880  
well i'll jump in with this i don't

504  
00:18:44,230 --> 00:18:42,400  
think it was a terrorist attack but i

505  
00:18:45,750 --> 00:18:44,240  
can easily see

506  
00:18:47,750 --> 00:18:45,760  
our government not wanting to

507  
00:18:49,750 --> 00:18:47,760  
acknowledge a terrorist attack when we

508  
00:18:51,990 --> 00:18:49,760  
said peace dividend

509  
00:18:55,669 --> 00:18:52,000  
uh we cut military spending to the

510  
00:18:58,150 --> 00:18:55,679  
absolute bear we had a crap show that

511  
00:19:00,150 --> 00:18:58,160  
ran into into bosnia when we did that we

512  
00:19:03,029 --> 00:19:00,160  
were shooting missiles all over the all

513  
00:19:04,470 --> 00:19:03,039

over the world trying to get bin laden

514

00:19:06,470 --> 00:19:04,480

when you run into election and you're

515

00:19:08,390 --> 00:19:06,480

running as the peace guy the uniter of

516

00:19:10,870 --> 00:19:08,400

the world tell me where we've heard this

517

00:19:13,350 --> 00:19:10,880

before it happens about every 30 years i

518

00:19:15,110 --> 00:19:13,360

easily see why we would say nothing's

519

00:19:17,110 --> 00:19:15,120

here maybe

520

00:19:18,470 --> 00:19:17,120

maybe it's coercion by the government

521

00:19:20,390 --> 00:19:18,480

that did it

522

00:19:22,789 --> 00:19:20,400

to prove they could still pull it off

523

00:19:24,470 --> 00:19:22,799

and in those days terrorism was not the

524

00:19:25,909 --> 00:19:24,480

act that it is now they didn't get on

525

00:19:29,590 --> 00:19:25,919

the internet they didn't pull all this

526

00:19:32,310 --> 00:19:29,600

crap over to to to get

527

00:19:33,909 --> 00:19:32,320

their cause on tv and quite frankly the

528

00:19:36,310 --> 00:19:33,919

press didn't go along with it the press

529

00:19:38,950 --> 00:19:36,320

was more you know not being on the side

530

00:19:40,470 --> 00:19:38,960

of a lot of this crap now everything is

531

00:19:42,710 --> 00:19:40,480

featured news

532

00:19:44,470 --> 00:19:42,720

so i can easily see why

533

00:19:45,830 --> 00:19:44,480

the temptation would be not to take it

534

00:19:48,390 --> 00:19:45,840

on the chin all right i'm going to ask

535

00:19:50,310 --> 00:19:48,400

juan one question because he was

536

00:19:53,350 --> 00:19:50,320

in navy working with navy intelligence

537

00:19:56,390 --> 00:19:53,360

right is that a correct uh yeah okay

538

00:19:58,390 --> 00:19:56,400

sideway if it was a cover-up of a navy

539

00:20:00,150 --> 00:19:58,400

missile being you know navy missile

540

00:20:01,830 --> 00:20:00,160

shooting this thing down

541

00:20:03,430 --> 00:20:01,840

everybody on the ship

542

00:20:05,029 --> 00:20:03,440

would know about it would know about it

543

00:20:07,350 --> 00:20:05,039

and you we know how things are these

544

00:20:09,270 --> 00:20:07,360

days i mean fire control technicians all

545

00:20:10,150 --> 00:20:09,280

the uh gunnery people right down to the

546

00:20:11,510 --> 00:20:10,160

guy who

547

00:20:13,270 --> 00:20:11,520

cooks the cabinets they wouldn't be able

548

00:20:15,590 --> 00:20:13,280

to live their lives uh keeping that a

549

00:20:17,510 --> 00:20:15,600

secret right so why why haven't we heard

550

00:20:19,510 --> 00:20:17,520

i mean we heard from the from the guys

551

00:20:21,190 --> 00:20:19,520

who whacked bin laden sealed team six

552

00:20:22,630 --> 00:20:21,200

was not supposed to talk about anything

553

00:20:24,230 --> 00:20:22,640

two of them wrote books why would these

554

00:20:27,590 --> 00:20:24,240

guys in some you know destroy us

555

00:20:29,590 --> 00:20:27,600

somewhere why would all of them clam up

556

00:20:31,350 --> 00:20:29,600

uh they would have to be paid large sums

557

00:20:32,789 --> 00:20:31,360

of money to all clam up and they'd still

558

00:20:34,390 --> 00:20:32,799

be impossible to clam up yeah because

559

00:20:37,190 --> 00:20:34,400

then you'd be claiming up above being

560

00:20:39,270 --> 00:20:37,200

paid a large sum of money you know right

561

00:20:40,470 --> 00:20:39,280

i mean so that no i mean it's impossible

562

00:20:43,590 --> 00:20:40,480

it wouldn't have been possible yeah it's

563

00:20:45,430 --> 00:20:43,600

impossible uh agent next do you agree

564

00:20:46,830 --> 00:20:45,440

i agree i

565

00:20:49,430 --> 00:20:46,840

first of all i agree with the

566

00:20:51,350 --> 00:20:49,440

geopolitical situation that

567

00:20:53,430 --> 00:20:51,360

rob

568

00:20:55,750 --> 00:20:53,440

shop lowe's for hot summer savings on

569

00:20:57,590 --> 00:20:55,760

all things outdoor make your patio a

570

00:21:00,149 --> 00:20:57,600

happen in hangout for family and friends

571

00:21:02,390 --> 00:21:00,159

with up to 50 off select patio furniture

572

00:21:04,470 --> 00:21:02,400

and outdoor decor and take care of those

573

00:21:06,470 --> 00:21:04,480

uninvited weeds and get a free refill

574

00:21:08,870 --> 00:21:06,480

with purchase of roundup or ortho home

575

00:21:11,190 --> 00:21:08,880

defense with comfort wand all projects

576

00:21:12,710 --> 00:21:11,200

have a starting point start with lows

577

00:21:15,190 --> 00:21:12,720

how do you offer valid while supplies

578

00:21:20,149 --> 00:21:15,200

last refill offer valid 628-710 while

579

00:21:22,870 --> 00:21:21,909

described at the time

580

00:21:26,070 --> 00:21:22,880

and

581

00:21:27,430 --> 00:21:26,080

secondly i i agree

582

00:21:29,750 --> 00:21:27,440

that

583

00:21:30,789 --> 00:21:29,760

you could not cover something up like

584

00:21:33,830 --> 00:21:30,799

that

585

00:21:37,590 --> 00:21:33,840

if it was a a real no kidding

586

00:21:40,149 --> 00:21:37,600

naval military ship that did that

587

00:21:42,390 --> 00:21:40,159

i just think it was kinetic of one type

588

00:21:45,029 --> 00:21:42,400

or another

589

00:21:45,990 --> 00:21:45,039

but i'm not even going to speculate

590

00:21:49,990 --> 00:21:46,000

about

591

00:21:51,750 --> 00:21:50,000

who or what who or what did that so i'm

592

00:21:53,510 --> 00:21:51,760

in violent agreement with the two last

593

00:21:56,470 --> 00:21:53,520

speakers

594

00:21:58,549 --> 00:21:56,480

all right commander go ahead

595

00:22:00,549 --> 00:21:58,559

why do we think it had to be just the

596

00:22:02,230 --> 00:22:00,559

standard navy ship

597

00:22:04,870 --> 00:22:02,240

we don't have anything that ever goes on

598

00:22:06,789 --> 00:22:04,880

with other agencies that have their own

599

00:22:09,029 --> 00:22:06,799

capabilities they have their own

600

00:22:10,789 --> 00:22:09,039

aircraft or they control their own

601  
00:22:13,029 --> 00:22:10,799  
aircraft and in the case we're going to

602  
00:22:14,950 --> 00:22:13,039  
speak about tonight that agency which

603  
00:22:16,950 --> 00:22:14,960  
has no jurisdiction within the united

604  
00:22:18,950 --> 00:22:16,960  
states took a leading role in

605  
00:22:21,830 --> 00:22:18,960  
controlling this investigation and that

606  
00:22:25,190 --> 00:22:21,840  
was oh the clinton foundation some kind

607  
00:22:27,110 --> 00:22:25,200  
of rogue agency no that rogue agency

608  
00:22:28,710 --> 00:22:27,120  
that's your words not mine it's a

609  
00:22:31,110 --> 00:22:28,720  
central intelligence okay well that

610  
00:22:33,190 --> 00:22:31,120  
stepped in and took a major controlling

611  
00:22:34,950 --> 00:22:33,200  
role in this investigation right and

612  
00:22:37,750 --> 00:22:34,960  
rolled over everybody starting with the

613  
00:22:39,669 --> 00:22:37,760

fbi right and so the fundamentals

614

00:22:41,029 --> 00:22:39,679

did none of these activities go on i'm

615

00:22:42,230 --> 00:22:41,039

not even going to put agent x on the

616

00:22:44,149 --> 00:22:42,240

spot

617

00:22:45,909 --> 00:22:44,159

both of us have similar careers in a lot

618

00:22:49,350 --> 00:22:45,919

of areas where a lot of these things go

619

00:22:50,950 --> 00:22:49,360

on that i can easily see why we would

620

00:22:53,029 --> 00:22:50,960

not want this up

621

00:22:54,390 --> 00:22:53,039

especially in a presidency that is

622

00:22:57,510 --> 00:22:54,400

preaching

623

00:22:59,909 --> 00:22:57,520

the world is a better place and it's all

624

00:23:01,669 --> 00:22:59,919

peace right i can easily understand that

625

00:23:03,510 --> 00:23:01,679

you know and the terrorism was not on

626

00:23:05,270 --> 00:23:03,520

that on the par where they are today

627

00:23:07,110 --> 00:23:05,280

okay um

628

00:23:09,270 --> 00:23:07,120

you know what you say i agree with you

629

00:23:10,149 --> 00:23:09,280

100 because i remember

630

00:23:12,390 --> 00:23:10,159

you know

631

00:23:15,350 --> 00:23:12,400

how this investigation dragged on and on

632

00:23:16,710 --> 00:23:15,360

on its most expensive aircraft accident

633

00:23:18,310 --> 00:23:16,720

investigation there were millions

634

00:23:20,230 --> 00:23:18,320

millions of dollars they put the

635

00:23:21,510 --> 00:23:20,240

freaking plane back together again in a

636

00:23:23,110 --> 00:23:21,520

hangar somewhere

637

00:23:25,750 --> 00:23:23,120

and then all of a sudden

638

00:23:27,270 --> 00:23:25,760

on uh either 60 minutes or something on

639

00:23:29,590 --> 00:23:27,280

tv it might have been like the discovery

640

00:23:31,669 --> 00:23:29,600

channel it's like here's the cia's

641

00:23:33,510 --> 00:23:31,679

presentation of what happened i'm going

642

00:23:36,710 --> 00:23:33,520

why would the cia be involved and they

643

00:23:39,029 --> 00:23:36,720

had this elaborate uh animation of it

644

00:23:41,909 --> 00:23:39,039

they talk to people it was the most

645

00:23:43,669 --> 00:23:41,919

in-depth thing you'd ever want to see

646

00:23:45,029 --> 00:23:43,679

but at the end of it you'd say

647

00:23:47,510 --> 00:23:45,039

man that isn't what happened that's

648

00:23:49,029 --> 00:23:47,520

crazy you know that this once again this

649

00:23:53,510 --> 00:23:49,039

kind of odd

650

00:23:55,270 --> 00:23:53,520

explanation that a a fully loaded 747

651  
00:23:58,070 --> 00:23:55,280  
flying from new york

652  
00:23:59,110 --> 00:23:58,080  
to paris and then rome would take off

653  
00:24:02,470 --> 00:23:59,120  
without

654  
00:24:04,549 --> 00:24:02,480  
gas in its you know big tank and then

655  
00:24:06,630 --> 00:24:04,559  
you know uh there's vapors in there and

656  
00:24:07,990 --> 00:24:06,640  
then there's uh you know a spark and so

657  
00:24:10,070 --> 00:24:08,000  
on you know it's kind of like what rob

658  
00:24:11,750 --> 00:24:10,080  
was saying it's not occam's razor it's

659  
00:24:12,549 --> 00:24:11,760  
like yeah there's a lot of moving parts

660  
00:24:14,630 --> 00:24:12,559  
to

661  
00:24:16,549 --> 00:24:14,640  
buy that explanation you know

662  
00:24:17,510 --> 00:24:16,559  
and and you put that together with the

663  
00:24:19,669 --> 00:24:17,520

um

664

00:24:22,070 --> 00:24:19,679

eyewitness information

665

00:24:23,590 --> 00:24:22,080

i don't know it just doesn't seem to me

666

00:24:25,590 --> 00:24:23,600

to be the explanation i don't know what

667

00:24:26,789 --> 00:24:25,600

the explanation is obviously the only

668

00:24:28,870 --> 00:24:26,799

people that bought it were the people

669

00:24:30,390 --> 00:24:28,880

that did the video i guess yeah i mean

670

00:24:31,669 --> 00:24:30,400

the video was spectacular i mean it

671

00:24:33,510 --> 00:24:31,679

looked like something from a movie you

672

00:24:35,190 --> 00:24:33,520

know and and you could tell boy there's

673

00:24:36,630 --> 00:24:35,200

a lot of money spent on this thing

674

00:24:39,029 --> 00:24:36,640

trying to convince people and it was

675

00:24:40,310 --> 00:24:39,039

just this presentation that i don't know

676

00:24:42,149 --> 00:24:40,320

didn't convince me but maybe it

677

00:24:43,350 --> 00:24:42,159

convinced a lot of people because it's

678

00:24:45,190 --> 00:24:43,360

gone away

679

00:24:46,549 --> 00:24:45,200

it's going away it happened in 1996 and

680

00:24:48,870 --> 00:24:46,559

then we had you know

681

00:24:51,669 --> 00:24:48,880

911 and you know i guess that kind of

682

00:24:54,470 --> 00:24:51,679

overshadowed it but yeah it's buried

683

00:24:56,630 --> 00:24:54,480

right okay let's go on to uh one other

684

00:24:57,909 --> 00:24:56,640

you know possible conspiracy okay and i

685

00:24:59,350 --> 00:24:57,919

know this is a favorite of the

686

00:25:00,789 --> 00:24:59,360

commanders

687

00:25:02,390 --> 00:25:00,799

and it's funny that i can't see him even

688

00:25:03,830 --> 00:25:02,400

though he's just over there right is he

689

00:25:04,789 --> 00:25:03,840

right yep he's right there okay all

690

00:25:08,070 --> 00:25:04,799

right

691

00:25:10,390 --> 00:25:08,080

um this idea that maybe that the reason

692

00:25:12,390 --> 00:25:10,400

it was shot down by our government was

693

00:25:14,710 --> 00:25:12,400

that there was somebody on board that

694

00:25:16,789 --> 00:25:14,720

they wanted to terminate with

695

00:25:18,789 --> 00:25:16,799

extreme prejudice that this was an

696

00:25:20,470 --> 00:25:18,799

assassination

697

00:25:22,230 --> 00:25:20,480

that took a lot of

698

00:25:24,310 --> 00:25:22,240

innocent people with

699

00:25:25,909 --> 00:25:24,320

down with it now my question is is would

700

00:25:28,149 --> 00:25:25,919

the u.s government who can you know

701  
00:25:30,630 --> 00:25:28,159  
barely get out of its way in a lot of

702  
00:25:33,029 --> 00:25:30,640  
you know instances somalia and places

703  
00:25:36,390 --> 00:25:33,039  
like that would they have their

704  
00:25:39,750 --> 00:25:36,400  
act together enough to and would they be

705  
00:25:43,590 --> 00:25:39,760  
cruel enough to shoot down a a

706  
00:25:45,350 --> 00:25:43,600  
an airliner with 250 odd americans on it

707  
00:25:47,190 --> 00:25:45,360  
just to kill one person

708  
00:25:49,750 --> 00:25:47,200  
commander

709  
00:25:50,789 --> 00:25:49,760  
okay let me back up just a tiny bit on

710  
00:25:53,110 --> 00:25:50,799  
that

711  
00:25:54,789 --> 00:25:53,120  
what if it wasn't the target aircraft

712  
00:25:57,190 --> 00:25:54,799  
what if it changed sequence before it

713  
00:25:58,630 --> 00:25:57,200

left the uh it's on takeoff and the

714

00:25:59,710 --> 00:25:58,640

aircraft they wanted to hit was in the

715

00:26:02,070 --> 00:25:59,720

wrong spot

716

00:26:03,830 --> 00:26:02,080

kl-007 over korea when they flew the

717

00:26:07,510 --> 00:26:03,840

wrong way the russians thought they had

718

00:26:10,390 --> 00:26:07,520

caught a kc-135 correction on rc 135

719

00:26:12,390 --> 00:26:10,400

and ended up taking down a 747

720

00:26:14,870 --> 00:26:12,400

and you know world condemnation that was

721

00:26:16,710 --> 00:26:14,880

during the reagan years so

722

00:26:20,070 --> 00:26:16,720

does it necessarily mean

723

00:26:21,110 --> 00:26:20,080

that we don't have uh a missed target

724

00:26:22,710 --> 00:26:21,120

and

725

00:26:24,470 --> 00:26:22,720

who says it has to be a person could

726  
00:26:26,789 --> 00:26:24,480  
have been something on board

727  
00:26:29,590 --> 00:26:26,799  
could it be i there's a lot of reasons

728  
00:26:31,510 --> 00:26:29,600  
that i can uneasily see people

729  
00:26:33,830 --> 00:26:31,520  
uh who are not going to be directly

730  
00:26:36,070 --> 00:26:33,840  
affected in the shadows would say throw

731  
00:26:37,350 --> 00:26:36,080  
the switch and do it i there's no

732  
00:26:39,029 --> 00:26:37,360  
question in my mind about it's the

733  
00:26:40,549 --> 00:26:39,039  
number one thing that we talk about it's

734  
00:26:43,510 --> 00:26:40,559  
probably the greatest energy behind all

735  
00:26:45,669 --> 00:26:43,520  
conspiracies because we know how dark

736  
00:26:47,269 --> 00:26:45,679  
and how poor a decision can be made from

737  
00:26:48,710 --> 00:26:47,279  
time to time but commander what about

738  
00:26:50,549 --> 00:26:48,720

all this collateral damage that we're

739

00:26:52,950 --> 00:26:50,559

always so concerned about

740

00:26:55,029 --> 00:26:52,960

i mean that was a given that there'd be

741

00:26:57,110 --> 00:26:55,039

a ton of collateral damage they didn't

742

00:27:00,789 --> 00:26:57,120

give a rat's behind about that

743

00:27:02,950 --> 00:27:00,799

i i can easily see someone convincing

744

00:27:04,470 --> 00:27:02,960

people at the highest levels of power

745

00:27:07,029 --> 00:27:04,480

look at how we started our involvement

746

00:27:09,029 --> 00:27:07,039

in vietnam and the carnage that that

747

00:27:11,430 --> 00:27:09,039

extended there we had the medic

748

00:27:13,430 --> 00:27:11,440

supposedly attacked and we know today

749

00:27:15,190 --> 00:27:13,440

that that is a falsehood

750

00:27:17,830 --> 00:27:15,200

we know it's a complete fault we don't

751  
00:27:19,830 --> 00:27:17,840  
talk about that anymore

752  
00:27:22,710 --> 00:27:19,840  
okay so let's say you know it was an

753  
00:27:25,669 --> 00:27:22,720  
assassination attempt and um

754  
00:27:27,350 --> 00:27:25,679  
and it would just seem to

755  
00:27:28,470 --> 00:27:27,360  
reason and we talked about this earlier

756  
00:27:29,669 --> 00:27:28,480  
off there

757  
00:27:32,950 --> 00:27:29,679  
um

758  
00:27:35,190 --> 00:27:32,960  
that someone would go through the

759  
00:27:37,590 --> 00:27:35,200  
manifest of whoever was on that plane

760  
00:27:39,669 --> 00:27:37,600  
and look at every single person who was

761  
00:27:41,029 --> 00:27:39,679  
on that plane and think

762  
00:27:42,549 --> 00:27:41,039  
why would the u.s government want to

763  
00:27:44,470 --> 00:27:42,559

kill this guy why would they want to

764

00:27:45,990 --> 00:27:44,480

kill that guy

765

00:27:47,750 --> 00:27:46,000

you know it just seems like there's an

766

00:27:49,350 --> 00:27:47,760

easier way to do it you know what i mean

767

00:27:51,110 --> 00:27:49,360

i mean just uh

768

00:27:52,470 --> 00:27:51,120

you know whack him under a street light

769

00:27:54,549 --> 00:27:52,480

some night or something like that why

770

00:27:57,590 --> 00:27:54,559

would you take down a whole plane full

771

00:27:59,269 --> 00:27:57,600

of innocent us citizens assuming it was

772

00:28:01,029 --> 00:27:59,279

the plane

773

00:28:03,190 --> 00:28:01,039

i i can't give you a good answer for

774

00:28:03,990 --> 00:28:03,200

that mac but i do know

775

00:28:07,990 --> 00:28:04,000

that

776

00:28:10,230 --> 00:28:08,000

doing the right thing

777

00:28:11,990 --> 00:28:10,240

we will make bad decisions

778

00:28:12,950 --> 00:28:12,000

and that's happened a number of times

779

00:28:13,990 --> 00:28:12,960

wow

780

00:28:16,389 --> 00:28:14,000

um

781

00:28:18,470 --> 00:28:16,399

rob beckhausen juar is boring any chance

782

00:28:20,549 --> 00:28:18,480

i mean in your mind assassination

783

00:28:21,830 --> 00:28:20,559

attempt any chance that that is what

784

00:28:24,070 --> 00:28:21,840

might have happened

785

00:28:26,230 --> 00:28:24,080

uh i don't buy it

786

00:28:27,590 --> 00:28:26,240

okay i mean well i mean

787

00:28:29,029 --> 00:28:27,600

look i mean the

788

00:28:31,669 --> 00:28:29,039

does the us government assassinate

789

00:28:33,909 --> 00:28:31,679

people yes

790

00:28:35,590 --> 00:28:33,919

right i mean bin laden osama bin laden

791

00:28:36,630 --> 00:28:35,600

okay

792

00:28:37,990 --> 00:28:36,640

would it

793

00:28:39,669 --> 00:28:38,000

you know is there easier are there

794

00:28:42,470 --> 00:28:39,679

easier ways to assassinate people than

795

00:28:43,909 --> 00:28:42,480

taking out an airplane with them on it

796

00:28:46,470 --> 00:28:43,919

yes

797

00:28:48,549 --> 00:28:46,480

right so uh and and why why would you

798

00:28:49,909 --> 00:28:48,559

think oh boy okay now this is this is

799

00:28:51,590 --> 00:28:49,919

going to work and we're not going to get

800

00:28:54,789 --> 00:28:51,600

caught and we've not left any you know

801

00:28:56,470 --> 00:28:54,799

loose ends behind no no paper trail

802

00:28:57,990 --> 00:28:56,480

you know it just seems like if someone's

803

00:29:00,549 --> 00:28:58,000

sitting there saying oh we want to whack

804

00:29:02,549 --> 00:29:00,559

this particular guy for whatever reason

805

00:29:03,990 --> 00:29:02,559

and someone says you know let's do it in

806

00:29:05,990 --> 00:29:04,000

a bar some night with a hooker with the

807

00:29:06,789 --> 00:29:06,000

you know with the with the poisonous pin

808

00:29:09,029 --> 00:29:06,799

or something

809

00:29:11,990 --> 00:29:09,039

an operative playing as a hooker right

810

00:29:14,230 --> 00:29:12,000

yeah instead of shooting

811

00:29:17,110 --> 00:29:14,240

right you know can i can i add i mean

812

00:29:19,269 --> 00:29:17,120

well does the military does the does the

813

00:29:22,230 --> 00:29:19,279

us government is it willing to trade

814

00:29:26,310 --> 00:29:22,240

civilian life for target

815

00:29:27,510 --> 00:29:26,320

uh yeah you know and yes um depending on

816

00:29:29,190 --> 00:29:27,520

you know there are certain there are you

817

00:29:30,149 --> 00:29:29,200

know factors that are that go into those

818

00:29:33,590 --> 00:29:30,159

decisions

819

00:29:37,029 --> 00:29:35,350

go ahead rob we only have to look back

820

00:29:39,590 --> 00:29:37,039

to uh janet reno and the branch

821

00:29:40,789 --> 00:29:39,600

dauidians taking out david koresh yeah

822

00:29:43,190 --> 00:29:40,799

well that that's

823

00:29:45,029 --> 00:29:43,200

even even eisenhower i think wouldn't

824

00:29:45,909 --> 00:29:45,039

have uh planned that kind of escapade

825

00:29:47,350 --> 00:29:45,919

well

826

00:29:49,590 --> 00:29:47,360

that's another

827

00:29:51,190 --> 00:29:49,600

the movie 12 monkeys with the with the

828

00:29:52,230 --> 00:29:51,200

virus is going to kill everybody on an

829

00:29:53,750 --> 00:29:52,240

airplane

830

00:29:55,909 --> 00:29:53,760

you know if you know if that you know if

831

00:29:57,350 --> 00:29:55,919

there was a uh

832

00:29:58,870 --> 00:29:57,360

you know if there was like a you know a

833

00:30:00,549 --> 00:29:58,880

doomsday weapon

834

00:30:01,590 --> 00:30:00,559

was there a movie about this they're

835

00:30:03,350 --> 00:30:01,600

going to shoot down the plane because

836

00:30:05,510 --> 00:30:03,360

it's got a nuke on board you know yeah

837

00:30:06,230 --> 00:30:05,520

there's been about five or five or six

838

00:30:08,630 --> 00:30:06,240

years

839

00:30:10,149 --> 00:30:08,640

i'm going to throw these agent x and i

840

00:30:12,389 --> 00:30:10,159

want you to get right on that microphone

841

00:30:14,789 --> 00:30:12,399

what a chance is up and down that this

842

00:30:16,310 --> 00:30:14,799

was just some vast assassination attempt

843

00:30:19,350 --> 00:30:16,320

by the u.s government

844

00:30:22,070 --> 00:30:19,360

i think as somebody said that uh we we

845

00:30:25,110 --> 00:30:22,080

will especially recently take out u.s

846

00:30:26,950 --> 00:30:25,120

citizens but taking out alawaki and

847

00:30:29,750 --> 00:30:26,960

yemen

848

00:30:35,350 --> 00:30:29,760

is not the same as shooting down

849

00:30:36,870 --> 00:30:35,360

at twa 800 in a manner that was so

850

00:30:37,750 --> 00:30:36,880

blatant

851  
00:30:41,750 --> 00:30:37,760  
and

852  
00:30:43,830 --> 00:30:41,760  
just

853  
00:30:46,310 --> 00:30:43,840  
it's the long way around the bond i'm

854  
00:30:50,230 --> 00:30:46,320  
just not buying that either okay yeah we

855  
00:30:52,470 --> 00:30:50,240  
never know notwithstanding

856  
00:30:54,789 --> 00:30:52,480  
situation that rob described earlier

857  
00:30:57,430 --> 00:30:54,799  
which was pretty bad at the time i'm not

858  
00:31:00,070 --> 00:30:57,440  
buying that there's easier ways to do it

859  
00:31:02,070 --> 00:31:00,080  
precisely okay all right

860  
00:31:03,669 --> 00:31:02,080  
rob beckhausen of war is boring thank

861  
00:31:05,190 --> 00:31:03,679  
you for joining us for this discussion

862  
00:31:06,389 --> 00:31:05,200  
tonight how's things down there in

863  
00:31:08,310 --> 00:31:06,399

dallas

864

00:31:09,830 --> 00:31:08,320

uh hey it's fine it's cooled off a bit

865

00:31:11,350 --> 00:31:09,840

so okay um

866

00:31:13,350 --> 00:31:11,360

so

867

00:31:15,909 --> 00:31:13,360

not too not too violent been to the gun

868

00:31:17,990 --> 00:31:15,919

range lately

869

00:31:19,269 --> 00:31:18,000

uh not yet no okay we're still working

870

00:31:20,149 --> 00:31:19,279

on that we're gonna have a special show

871

00:31:21,909 --> 00:31:20,159

where

872

00:31:23,510 --> 00:31:21,919

rob is going to the gun range with the

873

00:31:25,269 --> 00:31:23,520

gopro camera and he's gonna pick up

874

00:31:27,029 --> 00:31:25,279

girls at the gun range we're convinced

875

00:31:30,149 --> 00:31:27,039

one one and i can vote

876

00:31:31,510 --> 00:31:30,159

it's the perfect place to pick up women

877

00:31:33,909 --> 00:31:31,520

it's primary

878

00:31:36,149 --> 00:31:33,919

that in church agent x is giving me two

879

00:31:37,509 --> 00:31:36,159

thumbs up saying i did that so you know

880

00:31:39,750 --> 00:31:37,519

what what do we need

881

00:31:41,750 --> 00:31:39,760

uh rob thanks for joining us tonight and

882

00:31:43,990 --> 00:31:41,760

we will talk to you next week

883

00:31:46,470 --> 00:31:44,000

hey thank you robin beckhausen why i was

884

00:31:49,029 --> 00:31:46,480

boring the best military writing on the

885

00:31:50,549 --> 00:31:49,039

internet bon non thanks for joining us

886

00:31:51,990 --> 00:31:50,559

and uh why don't we take a break now

887

00:31:53,830 --> 00:31:52,000

you'll listen to mcmurray's military

888

00:31:56,470 --> 00:31:53,840

x-files show special presentation that

889

00:31:58,310 --> 00:31:56,480

disappears the mystery of twa

890

00:31:59,350 --> 00:31:58,320

flight 800 what happened to it stay

891

00:32:02,389 --> 00:31:59,360

tuned

892

00:32:04,950 --> 00:32:02,399

sky club tells the story of a space man

893

00:32:07,909 --> 00:32:04,960

deserted on a far away world comforted

894

00:32:10,470 --> 00:32:07,919

in his final days only by a music device

895

00:32:11,669 --> 00:32:10,480

containing his favorite music to remind

896

00:32:15,350 --> 00:32:11,679

him of home

897

00:32:18,149 --> 00:32:15,360

take the children and yourself and hide

898

00:32:22,389 --> 00:32:18,159

out in the cellar

899

00:32:26,149 --> 00:32:22,399

but now the fire will be closed at hand

900

00:32:33,460 --> 00:32:30,070

step on the stones

901  
00:32:39,190 --> 00:32:33,470  
flesh becomes water

902  
00:32:41,430 --> 00:32:39,200  
[Music]

903  
00:32:43,830 --> 00:32:41,440  
thousands of years later his remains are

904  
00:32:46,310 --> 00:32:43,840  
discovered by an alien race and from his

905  
00:32:47,350 --> 00:32:46,320  
belongings discover something called

906  
00:32:56,870 --> 00:32:47,360  
music

907  
00:33:01,830 --> 00:32:59,350  
[Music]

908  
00:33:04,789 --> 00:33:01,840  
sky club a self-titled cd with mac

909

926

00:34:36,950 --> 00:34:34,399

the studio very special guest agent

927

00:34:39,990 --> 00:34:36,960

accessory agent x works for a company

928

00:34:41,750 --> 00:34:40,000

that works for u.s intelligence agencies

929

00:34:43,750 --> 00:34:41,760

he is here to tell us whether we are on

930

00:34:45,109 --> 00:34:43,760

the right track of the run track

931

00:34:47,750 --> 00:34:45,119

as we discuss

932

00:34:48,869 --> 00:34:47,760

the mystery of flight 800 twa flight

933

00:34:51,270 --> 00:34:48,879

800.

934

00:34:54,069 --> 00:34:51,280

welcome there uh agent x

935

00:34:55,030 --> 00:34:54,079

hello mac okay good to hear you

936

00:34:57,109 --> 00:34:55,040

uh

937

00:34:59,910 --> 00:34:57,119

and a nice big sound wave there that's

938

00:35:02,550 --> 00:34:59,920

uh inside radio talk on the line with us

939

00:35:04,470 --> 00:35:02,560

as our field correspondent switchblade

940

00:35:05,750 --> 00:35:04,480

steve ward up there in battle creek

941

00:35:08,150 --> 00:35:05,760

michigan how you doing there tonight's

942

00:35:09,270 --> 00:35:08,160

switch i'm doing really good that's good

943

00:35:12,069 --> 00:35:09,280

okay now

944

00:35:14,150 --> 00:35:12,079

kind of a different show tonight um

945

00:35:17,910 --> 00:35:14,160

we've been talking about what happened

946

00:35:20,230 --> 00:35:17,920

to this uh jumbo jet that somehow

947

00:35:22,230 --> 00:35:20,240

got destroyed obliterated over the

948

00:35:23,349 --> 00:35:22,240

atlantic ocean right off the coast of

949

00:35:25,670 --> 00:35:23,359

long island

950

00:35:27,670 --> 00:35:25,680

back in july in 1996.

951  
00:35:28,790 --> 00:35:27,680  
there's many many facets to this we've

952  
00:35:31,589 --> 00:35:28,800  
discussed

953  
00:35:33,750 --> 00:35:31,599  
you know and a lot of people have um

954  
00:35:35,910 --> 00:35:33,760  
conspiracy theories having to do with a

955  
00:35:37,910 --> 00:35:35,920  
terrorist shot it down the u.s navy shot

956  
00:35:40,390 --> 00:35:37,920  
it down there was a bomb on board so on

957  
00:35:42,470 --> 00:35:40,400  
and so forth but i was surprised

958  
00:35:43,589 --> 00:35:42,480  
to learn that there's actually a ufo

959  
00:35:45,750 --> 00:35:43,599  
connection

960  
00:35:47,349 --> 00:35:45,760  
to the plane that was involved in this

961  
00:35:48,870 --> 00:35:47,359  
correct

962  
00:35:51,910 --> 00:35:48,880  
yeah uh

963  
00:35:55,109 --> 00:35:51,920

four days before the incident there was

964

00:35:56,150 --> 00:35:55,119

a woman in the at atlantic highlands new

965

00:35:57,510 --> 00:35:56,160

jersey

966

00:36:00,390 --> 00:35:57,520

she and a couple other people reported

967

00:36:03,109 --> 00:36:00,400

seeing a ufo just south of long island

968

00:36:03,990 --> 00:36:03,119

kind of a classic ufo shape about 8 15

969

00:36:06,630 --> 00:36:04,000

p.m

970

00:36:09,030 --> 00:36:06,640

this was uh saturday july 13th

971

00:36:10,870 --> 00:36:09,040

it uh it held stationary in the sky for

972

00:36:12,630 --> 00:36:10,880

about 15 minutes

973

00:36:14,790 --> 00:36:12,640

and uh

974

00:36:17,589 --> 00:36:14,800

and that was really about it uh

975

00:36:19,750 --> 00:36:17,599

it uh another actually followed it

976

00:36:21,670 --> 00:36:19,760

a little bit later then it went into

977

00:36:23,829 --> 00:36:21,680

some dark clouds and they didn't see

978

00:36:27,109 --> 00:36:23,839

them anymore so it was kind of a very

979

00:36:28,390 --> 00:36:27,119

typical ufo report uh it this may have

980

00:36:29,910 --> 00:36:28,400

you know nothing to do with that the

981

00:36:30,710 --> 00:36:29,920

particular incident

982

00:36:32,790 --> 00:36:30,720

but

983

00:36:34,230 --> 00:36:32,800

uh during the incident when the plane

984

00:36:36,390 --> 00:36:34,240

did come down

985

00:36:39,030 --> 00:36:36,400

uh there were some circular there was a

986

00:36:40,790 --> 00:36:39,040

circular blip reported by air traffic

987

00:36:43,510 --> 00:36:40,800

controllers

988

00:36:45,510 --> 00:36:43,520

and then uh but that and when cbs news

989

00:36:46,310 --> 00:36:45,520

checked on it they that the pentagon

990

00:36:48,710 --> 00:36:46,320

said

991

00:36:50,310 --> 00:36:48,720

uh it had nothing to do with uh the

992

00:36:53,430 --> 00:36:50,320

incident

993

00:36:54,950 --> 00:36:53,440

and now i you know i'm hardly an expert

994

00:36:56,550 --> 00:36:54,960

on this but i did hear an interesting

995

00:36:58,390 --> 00:36:56,560

interview with james saunders and bill

996

00:36:59,589 --> 00:36:58,400

byrne because of course you know james

997

00:37:02,470 --> 00:36:59,599

saunders is one of the original

998

00:37:03,910 --> 00:37:02,480

investigators on this incident

999

00:37:06,790 --> 00:37:03,920

and uh

1000

00:37:09,109 --> 00:37:06,800

he said something about a that they use

1001  
00:37:11,349 --> 00:37:09,119  
some kind of a drone or something as

1002  
00:37:12,550 --> 00:37:11,359  
like the original targeting device

1003  
00:37:14,310 --> 00:37:12,560  
for

1004  
00:37:16,310 --> 00:37:14,320  
uh some kind of a missile system they

1005  
00:37:19,430 --> 00:37:16,320  
were testing okay

1006  
00:37:22,550 --> 00:37:19,440  
and what had happened was the uh

1007  
00:37:24,870 --> 00:37:22,560  
again not the expert but flight 800

1008  
00:37:27,190 --> 00:37:24,880  
was had actually been delayed because of

1009  
00:37:29,109 --> 00:37:27,200  
connecting flight from chicago this was

1010  
00:37:30,150 --> 00:37:29,119  
their flight 800 was going to head to

1011  
00:37:33,270 --> 00:37:30,160  
paris

1012  
00:37:34,230 --> 00:37:33,280  
uh the flight from chicago

1013  
00:37:37,109 --> 00:37:34,240

uh

1014

00:37:38,870 --> 00:37:37,119

was a little bit late so they delayed it

1015

00:37:39,910 --> 00:37:38,880

and it actually took off a little bit

1016

00:37:41,750 --> 00:37:39,920

later

1017

00:37:43,990 --> 00:37:41,760

when it when it went up to a certain

1018

00:37:46,390 --> 00:37:44,000

altitude it leveled off before it

1019

00:37:47,430 --> 00:37:46,400

normally would have because of heavy air

1020

00:37:50,710 --> 00:37:47,440

traffic

1021

00:37:53,190 --> 00:37:50,720

so the i think saunders was implying was

1022

00:37:56,310 --> 00:37:53,200

that it got into the area of a targeting

1023

00:37:57,589 --> 00:37:56,320

area and and his his theory is it had

1024

00:38:00,069 --> 00:37:57,599

was a uh

1025

00:38:00,870 --> 00:38:00,079

an accident from the u.s navy

1026

00:38:04,630 --> 00:38:00,880

so

1027

00:38:07,349 --> 00:38:04,640

accident none of this kind of

1028

00:38:09,349 --> 00:38:07,359

assassinated no no no big conspiracy

1029

00:38:10,710 --> 00:38:09,359

just a a horrific

1030

00:38:12,870 --> 00:38:10,720

accident

1031

00:38:15,829 --> 00:38:12,880

what was that the cooperative engagement

1032

00:38:18,390 --> 00:38:15,839

capability system

1033

00:38:20,950 --> 00:38:18,400

and i you know again not being an expert

1034

00:38:23,750 --> 00:38:20,960

but uh so anyway i'm i'm very it would

1035

00:38:25,750 --> 00:38:23,760

very be very wary of uh you know making

1036

00:38:27,190 --> 00:38:25,760

any you know sort of going way on the

1037

00:38:30,310 --> 00:38:27,200

limb and saying any kind of an et

1038

00:38:32,470 --> 00:38:30,320

connection right but people did see some

1039

00:38:34,550 --> 00:38:32,480

unusual objects at the time that may

1040

00:38:36,870 --> 00:38:34,560

very well have been connected to some

1041

00:38:38,790 --> 00:38:36,880

kind of a test i mean that's kind of my

1042

00:38:42,150 --> 00:38:38,800

wild guess i think there was there was

1043

00:38:43,990 --> 00:38:42,160

also a story that um this plane um it

1044

00:38:46,150 --> 00:38:44,000

had quite a history it had bounced back

1045

00:38:48,470 --> 00:38:46,160

and forth between twa eastern airlines

1046

00:38:50,630 --> 00:38:48,480

and at one point it was owned by

1047

00:38:52,950 --> 00:38:50,640

apparently the iranian airline whatever

1048

00:38:55,589 --> 00:38:52,960

that was and it was in the same area

1049

00:38:58,950 --> 00:38:55,599

as as that famous dog fight that uh

1050

00:39:00,230 --> 00:38:58,960

iranian f-14s had with the ufo and

1051  
00:39:02,310 --> 00:39:00,240  
you know somehow or rather this plane

1052  
00:39:05,109 --> 00:39:02,320  
was mixed up in that as well

1053  
00:39:08,630 --> 00:39:05,119  
right it was i guess it was in the area

1054  
00:39:11,910 --> 00:39:08,640  
it was what it was the the 153rd

1055  
00:39:13,990 --> 00:39:11,920  
747 that boeing created

1056  
00:39:17,510 --> 00:39:14,000  
they originally sold to eastern in the

1057  
00:39:18,790 --> 00:39:17,520  
early 70s it was resold to twa

1058  
00:39:21,109 --> 00:39:18,800  
they're the ones that sold it to the

1059  
00:39:23,109 --> 00:39:21,119  
royal iranian air force

1060  
00:39:26,390 --> 00:39:23,119  
and eventually it came back to twa so

1061  
00:39:28,710 --> 00:39:26,400  
yeah it's a really absolutely bizarre

1062  
00:39:29,589 --> 00:39:28,720  
history right this plane had i want to

1063  
00:39:31,990 --> 00:39:29,599

ask

1064

00:39:33,349 --> 00:39:32,000

the commander something um

1065

00:39:38,390 --> 00:39:33,359

do

1066

00:39:40,710 --> 00:39:38,400

they in constant communication with

1067

00:39:43,510 --> 00:39:40,720

let's say military air traffic control

1068

00:39:45,670 --> 00:39:43,520

very often uh you you're using you have

1069

00:39:47,270 --> 00:39:45,680

to check in with civilian controllers

1070

00:39:50,950 --> 00:39:47,280

when you're going in and out of a range

1071

00:39:52,950 --> 00:39:50,960

there are active ranges or i should say

1072

00:39:55,270 --> 00:39:52,960

choose my words carefully there's ranges

1073

00:39:56,710 --> 00:39:55,280

all along the coastal united states from

1074

00:40:00,069 --> 00:39:56,720

maine all the way down to florida gulf

1075

00:40:01,990 --> 00:40:00,079

of mexico west coast around hawaii

1076

00:40:04,230 --> 00:40:02,000

the agency that owns that say the air

1077

00:40:05,910 --> 00:40:04,240

force or dod would say it's going to go

1078

00:40:10,470 --> 00:40:05,920

active from this altitude to this

1079

00:40:11,589 --> 00:40:10,480

altitude very rarely do you shoot active

1080

00:40:14,710 --> 00:40:11,599

missiles

1081

00:40:16,710 --> 00:40:14,720

or shoot your guns from planes or some

1082

00:40:18,390 --> 00:40:16,720

ships unless you have a really large

1083

00:40:21,270 --> 00:40:18,400

block of air space going through there

1084

00:40:22,870 --> 00:40:21,280

but it's not uncommon to have and this

1085

00:40:25,109 --> 00:40:22,880

is really where the word drone comes

1086

00:40:26,230 --> 00:40:25,119

from we're talking about the

1087

00:40:27,670 --> 00:40:26,240

90s

1088

00:40:29,990 --> 00:40:27,680

this is not the kind of things that

1089

00:40:32,710 --> 00:40:30,000

you're seeing on tv that are doing the

1090

00:40:35,190 --> 00:40:32,720

uh the surveillance work and then have

1091

00:40:36,790 --> 00:40:35,200

hellfire missiles these were

1092

00:40:38,230 --> 00:40:36,800

usually a thing that looked like a very

1093

00:40:39,829 --> 00:40:38,240

much like a jet aircraft that would go

1094

00:40:41,510 --> 00:40:39,839

at high speed so that the ships could

1095

00:40:43,030 --> 00:40:41,520

track them and you could make it

1096

00:40:44,870 --> 00:40:43,040

maneuver and you could have it go

1097

00:40:45,829 --> 00:40:44,880

through all the the sequences and then

1098

00:40:48,150 --> 00:40:45,839

places

1099

00:40:49,510 --> 00:40:48,160

uh you can shoot from the surface up to

1100

00:40:52,630 --> 00:40:49,520

the air to take

1101  
00:40:55,190 --> 00:40:52,640  
down these these target drones would the

1102  
00:40:56,550 --> 00:40:55,200  
navy be you know carrying on an exercise

1103  
00:40:58,630 --> 00:40:56,560  
like this on a

1104  
00:41:01,030 --> 00:40:58,640  
you know in an airspace where they know

1105  
00:41:02,870 --> 00:41:01,040  
airline is a con

[Music]

1121

00:41:33,750 --> 00:41:31,920

simple

1122

00:41:35,670 --> 00:41:33,760

circumstances that just doesn't happen

1123

00:41:38,550 --> 00:41:35,680

occasionally you'll have planes stray

1124

00:41:40,230 --> 00:41:38,560

into the area uh i've seen exercises

1125

00:41:42,069 --> 00:41:40,240

where we've had to stop because a plane

1126

00:41:44,630 --> 00:41:42,079

will be communications out they can't

1127

00:41:46,630 --> 00:41:44,640

talk to it it's on its flight plan

1128

00:41:47,990 --> 00:41:46,640

airliners are traveling on a on a type

1129

00:41:49,510 --> 00:41:48,000

of flight plan that they go to a

1130

00:41:51,670 --> 00:41:49,520

specific route

1131

00:41:53,589 --> 00:41:51,680

and the the t the way you're taught is

1132

00:41:55,430 --> 00:41:53,599

if you can't talk to anybody you fly the

1133

00:41:57,109 --> 00:41:55,440

route that you were last cleared the

1134

00:41:58,870 --> 00:41:57,119

last point you were cleared and you have

1135

00:42:01,190 --> 00:41:58,880

certain procedures to go through if

1136

00:42:03,589 --> 00:42:01,200

someone strays into that area or even

1137

00:42:05,750 --> 00:42:03,599

like a a small civilian airplane strays

1138

00:42:07,829 --> 00:42:05,760

into that area it's all stopped the

1139

00:42:10,390 --> 00:42:07,839

signal comes out you can't you don't do

1140

00:42:13,190 --> 00:42:10,400

any kind of maneuvers and really it's

1141

00:42:15,510 --> 00:42:13,200

not for the the shooting of kinetic

1142

00:42:17,750 --> 00:42:15,520

weapons as much as it most fighter

1143

00:42:19,990 --> 00:42:17,760

aircraft will make very rapid altitude

1144

00:42:21,670 --> 00:42:20,000

changes so when they're climbing and

1145

00:42:23,270 --> 00:42:21,680

descending and turning and doing all

1146

00:42:24,790 --> 00:42:23,280

those kinds of things that's the reason

1147

00:42:25,910 --> 00:42:24,800

why they want that block of air space

1148

00:42:26,950 --> 00:42:25,920

clear because they don't want to have

1149

00:42:28,230 --> 00:42:26,960

somebody

1150

00:42:30,309 --> 00:42:28,240

going through the middle of the opera

1151  
00:42:34,470 --> 00:42:30,319  
area right now you know one thing we

1152  
00:42:38,950 --> 00:42:37,349  
my ride is here

1153  
00:42:40,630 --> 00:42:38,960  
you know there was an airliner that was

1154  
00:42:41,750 --> 00:42:40,640  
shot down by

1155  
00:42:42,950 --> 00:42:41,760  
you know

1156  
00:42:45,510 --> 00:42:42,960  
uh

1157  
00:42:47,829 --> 00:42:45,520  
united states navy no well this is right

1158  
00:42:49,510 --> 00:42:47,839  
right yeah the iranian ireland was shot

1159  
00:42:51,270 --> 00:42:49,520  
down over the persian gulf by the united

1160  
00:42:52,710 --> 00:42:51,280  
states navy they thought they were being

1161  
00:42:54,710 --> 00:42:52,720  
attacked and there was a mistake we

1162  
00:42:57,510 --> 00:42:54,720  
owned up to it but the russians shot

1163  
00:43:00,790 --> 00:42:57,520

down flight double-oh-seven over you

1164

00:43:02,470 --> 00:43:00,800

know it had strayed over russia and you

1165

00:43:04,390 --> 00:43:02,480

know and they felt that they were i

1166

00:43:06,790 --> 00:43:04,400

don't know under attack or whatever and

1167

00:43:09,349 --> 00:43:06,800

they shot it down and

1168

00:43:10,870 --> 00:43:09,359

they finally admitted it

1169

00:43:12,470 --> 00:43:10,880

i don't i don't have any record them

1170

00:43:14,069 --> 00:43:12,480

admitting it so i'm gonna have to call

1171

00:43:16,230 --> 00:43:14,079

that one in contention they have

1172

00:43:19,109 --> 00:43:16,240

constantly said that it was uh shocked

1173

00:43:21,109 --> 00:43:19,119

by the rebels uh and another reason why

1174

00:43:23,910 --> 00:43:21,119

they should be taking over no no i mean

1175

00:43:27,109 --> 00:43:23,920

uh flight double-oh-seven over kamchatka

1176

00:43:28,950 --> 00:43:27,119

you know the korean airliner oh that was

1177

00:43:30,309 --> 00:43:28,960

yeah yeah that was an air-to-air shot

1178

00:43:32,230 --> 00:43:30,319

and i i think we've talked about that

1179

00:43:34,069 --> 00:43:32,240

one in the past uh they were a little

1180

00:43:36,230 --> 00:43:34,079

bit spoofed they thought they had caught

1181

00:43:38,069 --> 00:43:36,240

one of our intelligence airplanes

1182

00:43:40,550 --> 00:43:38,079

right which used to mimic when they when

1183

00:43:42,150 --> 00:43:40,560

they kind of like mimic uh the flight of

1184

00:43:44,069 --> 00:43:42,160

the airliners too yeah what they would

1185

00:43:45,990 --> 00:43:44,079

do is they would fly a lot of times they

1186

00:43:49,430 --> 00:43:46,000

would be blacked out and they would fly

1187

00:43:51,589 --> 00:43:49,440

up behind you know the lit airliner and

1188

00:43:53,430 --> 00:43:51,599

you know try to cloak out by flying that

1189

00:43:55,190 --> 00:43:53,440

they'd fly the same routes and then they

1190

00:43:56,470 --> 00:43:55,200

would use rapid descents to get away

1191

00:43:58,470 --> 00:43:56,480

from it so that

1192

00:44:01,270 --> 00:43:58,480

um when the fighter would come up to

1193

00:44:03,270 --> 00:44:01,280

intercept them he would close in on a on

1194

00:44:04,470 --> 00:44:03,280

a airliner and see the airliner and go

1195

00:44:06,470 --> 00:44:04,480

well you know and then the other

1196

00:44:08,230 --> 00:44:06,480

airplane is departed i mean that's

1197

00:44:10,870 --> 00:44:08,240

that's fairly standard practice in the

1198

00:44:13,670 --> 00:44:10,880

world of especially the cold war years

1199

00:44:16,069 --> 00:44:13,680

uh the russians do the same then soviets

1200

00:44:17,910 --> 00:44:16,079

do the same thing all the time

1201  
00:44:20,710 --> 00:44:17,920  
so these things do happen i mean you

1202  
00:44:23,190 --> 00:44:20,720  
know airliners are shot down by

1203  
00:44:25,430 --> 00:44:23,200  
generally we have a very tight finger on

1204  
00:44:27,510 --> 00:44:25,440  
it the the the ones of that really fit

1205  
00:44:29,349 --> 00:44:27,520  
this mold are the vincennes and the

1206  
00:44:31,030 --> 00:44:29,359  
vincenz was tracking a lot of air

1207  
00:44:32,470 --> 00:44:31,040  
activity coming out of iran over the

1208  
00:44:35,109 --> 00:44:32,480  
persian gulf

1209  
00:44:37,510 --> 00:44:35,119  
uh the defcon had changed there it was a

1210  
00:44:39,589 --> 00:44:37,520  
bad call i think ultimately everyone

1211  
00:44:41,589 --> 00:44:39,599  
realizes that the captain uh made a bad

1212  
00:44:43,829 --> 00:44:41,599  
call when he made that shot but there

1213  
00:44:46,390 --> 00:44:43,839

was activity that was mimicking it and

1214

00:44:47,910 --> 00:44:46,400

it wasn't uncommon for uh the iranians

1215

00:44:49,750 --> 00:44:47,920

to fly profiles that looked like

1216

00:44:51,670 --> 00:44:49,760

airliners to come up

1217

00:44:53,990 --> 00:44:51,680

into that into that spot then you had

1218

00:44:55,990 --> 00:44:54,000

the malaysian air right after the not

1219

00:44:58,069 --> 00:44:56,000

the one that disappeared it's still the

1220

00:45:00,470 --> 00:44:58,079

big question flying over the ukraine

1221

00:45:02,230 --> 00:45:00,480

that was shot down and the russians

1222

00:45:04,230 --> 00:45:02,240

their their fingerprints are all over

1223

00:45:06,230 --> 00:45:04,240

this one and they keep saying don't

1224

00:45:08,550 --> 00:45:06,240

believe your lying eyes it was the

1225

00:45:12,390 --> 00:45:08,560

rebels that did it

1226

00:45:13,829 --> 00:45:12,400

well um did did they do it

1227

00:45:15,349 --> 00:45:13,839

did the rebels were talking about their

1228

00:45:17,270 --> 00:45:15,359

one one

1229

00:45:19,589 --> 00:45:17,280

the malaysian one yeah they cut

1230

00:45:21,349 --> 00:45:19,599

absolutely they dismantled the missile

1231

00:45:23,510 --> 00:45:21,359

and they they trucked it back across the

1232

00:45:26,550 --> 00:45:23,520

line they had invaded into uh that part

1233

00:45:27,829 --> 00:45:26,560

of the ukraine and uh they they took it

1234

00:45:29,750 --> 00:45:27,839

down and i think they took it down

1235

00:45:31,190 --> 00:45:29,760

almost in an accidental

1236

00:45:33,349 --> 00:45:31,200

mode i don't think they realized it was

1237

00:45:35,270 --> 00:45:33,359

an airliner and their part of that claim

1238

00:45:37,349 --> 00:45:35,280

was hey you flew the airplane into a

1239

00:45:39,990 --> 00:45:37,359

known combat area all this stuff's going

1240

00:45:42,470 --> 00:45:40,000

on most aircraft will go around it

1241

00:45:45,510 --> 00:45:42,480

these guys flew straight through it

1242

00:45:48,230 --> 00:45:45,520

not an excuse for it to happen in any in

1243

00:45:50,309 --> 00:45:48,240

any stretch of the imagination

1244

00:45:53,190 --> 00:45:50,319

yeah well i i didn't know that there was

1245

00:45:55,190 --> 00:45:53,200

it was proven that they did it but uh

1246

00:45:56,870 --> 00:45:55,200

it's all approval with a no

1247

00:45:59,030 --> 00:45:56,880

admission of guilt they have not stood

1248

00:46:01,510 --> 00:45:59,040

up and said they have done it and it's

1249

00:46:03,030 --> 00:46:01,520

it's pretty obvious with all the what i

1250

00:46:04,950 --> 00:46:03,040

would call circumstantial evidence

1251  
00:46:06,710 --> 00:46:04,960  
that's come out into the world press

1252  
00:46:09,270 --> 00:46:06,720  
about them moving the uh the

1253  
00:46:11,750 --> 00:46:09,280  
surface-to-air missile around that i

1254  
00:46:13,349 --> 00:46:11,760  
think you can be rest assured that this

1255  
00:46:15,829 --> 00:46:13,359  
that's how that one went down the

1256  
00:46:19,589 --> 00:46:15,839  
descends we we owned up to that one this

1257  
00:46:22,470 --> 00:46:19,599  
one has a lot of of

1258  
00:46:24,630 --> 00:46:22,480  
ahas on it that everyone is

1259  
00:46:28,309 --> 00:46:24,640  
and and the way the investigation was

1260  
00:46:30,069 --> 00:46:28,319  
closed screams conspiracy to have uh to

1261  
00:46:31,750 --> 00:46:30,079  
have it the way it went to have the

1262  
00:46:33,910 --> 00:46:31,760  
agency that took the lead on it that to

1263  
00:46:35,589 --> 00:46:33,920

make the cartoon up the simulation up to

1264

00:46:38,630 --> 00:46:35,599

show what happened

1265

00:46:40,630 --> 00:46:38,640

and then it just goes away and now

1266

00:46:43,670 --> 00:46:40,640

more witness statements come out more

1267

00:46:45,670 --> 00:46:43,680

research is done and we find ourselves

1268

00:46:47,829 --> 00:46:45,680

where we're at but i think the important

1269

00:46:49,750 --> 00:46:47,839

thing that switchblade brings to this

1270

00:46:51,910 --> 00:46:49,760

discussion tonight is

1271

00:46:54,230 --> 00:46:51,920

is the discussion of

1272

00:46:56,390 --> 00:46:54,240

these other drone activities that were

1273

00:46:58,950 --> 00:46:56,400

flying around not uncommon for that to

1274

00:47:01,030 --> 00:46:58,960

go on it doesn't normally you can have

1275

00:47:02,550 --> 00:47:01,040

uh training exercises going on all the

1276

00:47:04,470 --> 00:47:02,560

time in fact

1277

00:47:06,470 --> 00:47:04,480

i can give i can come up with a pretty

1278

00:47:08,309 --> 00:47:06,480

good reason why the navy would shoot in

1279

00:47:10,870 --> 00:47:08,319

a block of airspace or the air force or

1280

00:47:12,309 --> 00:47:10,880

anybody else a targeting drone because

1281

00:47:14,470 --> 00:47:12,319

the air traffic control is going to keep

1282

00:47:16,630 --> 00:47:14,480

all the other traffic out of it and

1283

00:47:19,030 --> 00:47:16,640

force the radar interception

1284

00:47:21,349 --> 00:47:19,040

officers to look at different pictures

1285

00:47:23,670 --> 00:47:21,359

and say okay which one is our target

1286

00:47:25,109 --> 00:47:23,680

pick it out in a complex air environment

1287

00:47:27,670 --> 00:47:25,119

with no intention of ever putting their

1288

00:47:29,430 --> 00:47:27,680

finger on a trigger to arm a missile but

1289

00:47:31,589 --> 00:47:29,440

you go through those drills all the time

1290

00:47:32,950 --> 00:47:31,599

you know that yeah you fight a fire like

1291

00:47:35,270 --> 00:47:32,960

it's the end of your life you go to

1292

00:47:36,710 --> 00:47:35,280

battle stations it's almost like a video

1293

00:47:38,150 --> 00:47:36,720

game except you're not you're not

1294

00:47:39,670 --> 00:47:38,160

actually pulling the trigger so you're

1295

00:47:41,190 --> 00:47:39,680

saying that that they go through that

1296

00:47:42,230 --> 00:47:41,200

and then someone accidentally pushed the

1297

00:47:43,990 --> 00:47:42,240

button

1298

00:47:45,750 --> 00:47:44,000

i think that that's a strong possibility

1299

00:47:47,670 --> 00:47:45,760

that that could have happened but the

1300

00:47:49,349 --> 00:47:47,680

normal procedure to arm one of those

1301  
00:47:51,109 --> 00:47:49,359  
missiles to put a standard missile

1302  
00:47:53,670 --> 00:47:51,119  
online on a ship

1303  
00:47:55,670 --> 00:47:53,680  
is about three steps down from a special

1304  
00:47:59,270 --> 00:47:55,680  
weapon like a nuke i mean you just do

1305  
00:48:02,069 --> 00:47:59,280  
not do that yeah we shoot uh guns on on

1306  
00:48:04,390 --> 00:48:02,079  
the range and what we go through before

1307  
00:48:06,870 --> 00:48:04,400  
you shoot out of a helicopter out of an

1308  
00:48:08,550 --> 00:48:06,880  
airplane on a surface-to-surface target

1309  
00:48:10,390 --> 00:48:08,560  
i mean you talk about this stuff and

1310  
00:48:12,630 --> 00:48:10,400  
it's checked four ways to sunday right

1311  
00:48:14,390 --> 00:48:12,640  
so to actually throw switches have all

1312  
00:48:15,990 --> 00:48:14,400  
this thing going have a missile take off

1313  
00:48:18,069 --> 00:48:16,000

i just i can't see how that there's a

1314

00:48:19,750 --> 00:48:18,079

lot of security handoffs before the

1315

00:48:22,150 --> 00:48:19,760

trigger is actually pulled

1316

00:48:22,950 --> 00:48:22,160

some schmuck doesn't just press oops

1317

00:48:24,790 --> 00:48:22,960

right

1318

00:48:26,870 --> 00:48:24,800

agent x please

1319

00:48:28,390 --> 00:48:26,880

what do you think a couple of things a

1320

00:48:30,790 --> 00:48:28,400

hundred percent right everybody that's

1321

00:48:33,349 --> 00:48:30,800

been talking they've got a

1322

00:48:35,670 --> 00:48:33,359

a term called weapons free

1323

00:48:38,470 --> 00:48:35,680

and when you get that that means

1324

00:48:41,190 --> 00:48:38,480

something significant and to do that in

1325

00:48:43,190 --> 00:48:41,200

an area with active uh commercial

1326

00:48:44,950 --> 00:48:43,200

aircraft would be unusual the other

1327

00:48:48,390 --> 00:48:44,960

thing i just did want to mention about

1328

00:48:52,390 --> 00:48:49,829

is pretty interesting if you want to

1329

00:48:56,230 --> 00:48:52,400

talk about conspiracies at the time

1330

00:48:57,270 --> 00:48:56,240

there was a senior u.s congressman

1331

00:48:59,589 --> 00:48:57,280

who

1332

00:49:02,790 --> 00:48:59,599

if i remember correctly his name was

1333

00:49:04,309 --> 00:49:02,800

larry mcdonald he was a very effective

1334

00:49:07,589 --> 00:49:04,319

cold warrior

1335

00:49:11,030 --> 00:49:07,599

against the soviets at the time he was

1336

00:49:13,270 --> 00:49:11,040

on that aircraft really and

1337

00:49:16,470 --> 00:49:13,280

i'm not saying i believe this but if the

1338

00:49:18,950 --> 00:49:16,480

soviets did want to take somebody out

1339

00:49:22,309 --> 00:49:18,960

he'd be the guy this guy would be one of

1340

00:49:23,829 --> 00:49:22,319

their top folks doing that but i think

1341

00:49:25,430 --> 00:49:23,839

even the soviets

1342

00:49:27,670 --> 00:49:25,440

even then

1343

00:49:30,309 --> 00:49:27,680

wouldn't do the collateral damage just

1344

00:49:32,470 --> 00:49:30,319

like we talked about earlier but that's

1345

00:49:34,470 --> 00:49:32,480

an ongoing conspiracy theory that i

1346

00:49:36,150 --> 00:49:34,480

think was it was pretty interesting at

1347

00:49:38,390 --> 00:49:36,160

the time and i remember this guy

1348

00:49:40,470 --> 00:49:38,400

mcdonald's it just seems like there are

1349

00:49:42,230 --> 00:49:40,480

easier ways to

1350

00:49:43,670 --> 00:49:42,240

take out people you know than shooting

1351

00:49:46,790 --> 00:49:43,680

down a whole airplane

1352

00:49:49,030 --> 00:49:46,800

switchboard steve ward blade switchblade

1353

00:49:49,750 --> 00:49:49,040

why do i call him switch i don't know it

1354

00:49:51,270 --> 00:49:49,760

i'm

1355

00:49:52,870 --> 00:49:51,280

constantly calling oh because i have a

1356

00:49:54,390 --> 00:49:52,880

switchboard in front of me agent x well

1357

00:49:55,829 --> 00:49:54,400

you know you know matt have been cashing

1358

00:49:58,069 --> 00:49:55,839

checks for both uh switchblade and

1359

00:50:00,069 --> 00:49:58,079

switch oh you can pay double double

1360

00:50:01,430 --> 00:50:00,079

dipping okay don't let the commander

1361

00:50:03,589 --> 00:50:01,440

yeah yeah

1362

00:50:04,390 --> 00:50:03,599

switchblade we have a listener who uh

1363

00:50:06,230 --> 00:50:04,400

who

1364

00:50:07,829 --> 00:50:06,240

writes me on a regular basis loves your

1365

00:50:09,349 --> 00:50:07,839

segment but would like you to be called

1366

00:50:11,750 --> 00:50:09,359

switchboard from time to time and i

1367

00:50:17,589 --> 00:50:11,760

think mack is finally falling under his

1368

00:50:21,750 --> 00:50:19,430

switchblade thanks very much for joining

1369

00:50:23,349 --> 00:50:21,760

us uh and adding to this discussion and

1370

00:50:24,150 --> 00:50:23,359

we will talk to you next week my friend

1371

00:50:25,270 --> 00:50:24,160

okay

1372

00:50:26,950 --> 00:50:25,280

sounds good i think we should get

1373

00:50:29,190 --> 00:50:26,960

switchblade a round of applause

1374

00:50:31,670 --> 00:50:29,200

definitely you're reporting

1375

00:50:33,750 --> 00:50:31,680

thank you switch talk to you next week

1376  
00:50:35,190 --> 00:50:33,760  
all right bye okay thank you switchblade

1377  
00:50:36,870 --> 00:50:35,200  
for that report and we're going to take

1378  
00:50:39,349 --> 00:50:36,880  
a commercial break right now stay with

1379  
00:50:41,670 --> 00:50:39,359  
us we'll be right back after this

1380  
00:50:44,230 --> 00:50:41,680  
after the events of 9 11 we thought

1381  
00:50:46,470 --> 00:50:44,240  
america would never be the same our

1382  
00:50:49,030 --> 00:50:46,480  
homeland was attacked our fellow

1383  
00:50:51,829 --> 00:50:49,040  
americans killed by terrorists it seemed

1384  
00:50:54,390 --> 00:50:51,839  
like all hope was lost

1385  
00:50:57,109 --> 00:50:54,400  
until a special group of patriots came

1386  
00:50:59,990 --> 00:50:57,119  
together and defied the pentagon and

1387  
00:51:01,030 --> 00:51:00,000  
vowed to take revenge but in their own

1388  
00:51:02,790 --> 00:51:01,040

way

1389

00:51:04,710 --> 00:51:02,800

they took the battle to the terrorist

1390

00:51:07,589 --> 00:51:04,720

doorstep turning the tables on the

1391

00:51:09,670 --> 00:51:07,599

murderers fighting with no rules taking

1392

00:51:12,549 --> 00:51:09,680

no prisoners until they became

1393

00:51:15,430 --> 00:51:12,559

terrorists themselves this is the story

1394

00:51:16,950 --> 00:51:15,440

of the super hawks soldiers so secret

1395

00:51:18,309 --> 00:51:16,960

even the president didn't know they

1396

00:51:20,470 --> 00:51:18,319

existed

1397

00:51:22,710 --> 00:51:20,480

their mission was to kill bin laden but

1398

00:51:25,430 --> 00:51:22,720

they wound up saving the world

1399

00:51:27,750 --> 00:51:25,440

super hawks a new series for kindles and

military exile show here on the distant

1404  
00:52:08,390 --> 00:52:05,680  
thunder

1405  
00:52:11,270 --> 00:52:08,400  
radio network welcome to our special

1406  
00:52:13,829 --> 00:52:11,280  
presentation on the mystery of

1407  
00:52:16,069 --> 00:52:13,839  
twa flight 800

1408  
00:52:19,670 --> 00:52:16,079  
which went down off of long island in

1409  
00:52:21,670 --> 00:52:19,680  
1996 july 1996 20 years ago

1410  
00:52:22,870 --> 00:52:21,680  
we're spending this uh two-hour special

1411  
00:52:24,549 --> 00:52:22,880  
presentation

1412  
00:52:27,190 --> 00:52:24,559  
talking about what happened what

1413  
00:52:28,230 --> 00:52:27,200

happened was it an accident was it a

1414

00:52:29,109 --> 00:52:28,240

terrorist

1415

00:52:30,790 --> 00:52:29,119

act

1416

00:52:32,710 --> 00:52:30,800

did our own government shoot it down we

1417

00:52:34,150 --> 00:52:32,720

don't know but

1418

00:52:35,670 --> 00:52:34,160

we're going to present a lot of evidence

1419

00:52:37,829 --> 00:52:35,680

and discussion tonight and maybe you can

1420

00:52:39,430 --> 00:52:37,839

make up your own mind uh in the studio

1421

00:52:42,630 --> 00:52:39,440

with us tonight the very famous juan

1422

00:52:45,589 --> 00:52:42,640

juan is here hello mark also uh at his

1423

00:52:47,270 --> 00:52:45,599

undisclosed location commander cobra

1424

00:52:49,190 --> 00:52:47,280

gentleman in the house and also a very

1425

00:52:52,950 --> 00:52:49,200

special guest with us here right in the

1426

00:52:54,390 --> 00:52:52,960

studio agent x is with us to give us

1427

00:52:55,750 --> 00:52:54,400

thumbs up a thumbs down what we're

1428

00:52:57,349 --> 00:52:55,760

talking about agent x works for a

1429

00:52:59,750 --> 00:52:57,359

company that works

1430

00:53:01,829 --> 00:52:59,760

closely directly with us intelligence

1431

00:53:03,829 --> 00:53:01,839

agencies here he is okay you want to say

1432

00:53:05,510 --> 00:53:03,839

something there agent get right on that

1433

00:53:06,950 --> 00:53:05,520

top of the evening top of the evening

1434

00:53:09,910 --> 00:53:06,960

he's uh

1435

00:53:11,829 --> 00:53:09,920

very irish as we all are except uh juan

1436

00:53:12,790 --> 00:53:11,839

juan of course i'm part irish oh are you

1437

00:53:15,270 --> 00:53:12,800

okay that's why i'm wearing this

1438

00:53:16,470 --> 00:53:15,280

collaboration oh he's oh wow come on i

1439

00:53:17,430 --> 00:53:16,480

thought you would give me the finger you

1440

00:53:20,790 --> 00:53:17,440

have uh

1441

00:53:23,109 --> 00:53:20,800

look right hmx picked it right out on um

1442

00:53:24,470 --> 00:53:23,119

well he doesn't miss he doesn't miss a

1443

00:53:27,750 --> 00:53:24,480

trick i know

1444

00:53:29,510 --> 00:53:27,760

on the um phone with us tonight is um

1445

00:53:30,710 --> 00:53:29,520

jack cashel who's somebody who has

1446

00:53:32,630 --> 00:53:30,720

written a book

1447

00:53:34,790 --> 00:53:32,640

uh actually let's just uh you know call

1448

00:53:36,390 --> 00:53:34,800

space bait he's uh recognized as the

1449

00:53:37,670 --> 00:53:36,400

number one expert on you know the

1450

00:53:41,190 --> 00:53:37,680

situation

1451

00:53:43,510 --> 00:53:41,200

the mystery of twa flight 800 jack is

1452

00:53:45,109 --> 00:53:43,520

calling us from upstate new york how you

1453

00:53:47,030 --> 00:53:45,119

doing there tonight jack

1454

00:53:49,510 --> 00:53:47,040

i'm doing well gentlemen and uh i am of

1455

00:53:51,030 --> 00:53:49,520

irish descent as well so it's all right

1456

00:53:52,390 --> 00:53:51,040

okay a bunch of micks here are just

1457

00:53:56,309 --> 00:53:52,400

hanging out

1458

00:53:58,870 --> 00:53:56,319

drinking which is right i've already

1459

00:54:00,470 --> 00:53:58,880

done that i'm just uh okay well so we so

1460

00:54:02,069 --> 00:54:00,480

that's all okay all right

1461

00:54:04,069 --> 00:54:02,079

full disclosure

1462

00:54:05,910 --> 00:54:04,079

okay jax the name of jack's book is tv

1463

00:54:08,390 --> 00:54:05,920

twa 800

1464

00:54:10,630 --> 00:54:08,400

the crash the cover-up the conspiracy uh

1465

00:54:13,030 --> 00:54:10,640

can be bought in all bookstores and on

1466

00:54:15,109 --> 00:54:13,040

amazon of course uh jack let me just ask

1467

00:54:16,710 --> 00:54:15,119

you this um how long did it take you to

1468

00:54:18,309 --> 00:54:16,720

write the book

1469

00:54:19,829 --> 00:54:18,319

well you know in a sense it took me

1470

00:54:21,910 --> 00:54:19,839

about six months to write the book but

1471

00:54:23,910 --> 00:54:21,920

i've been working on this story for 16

1472

00:54:25,990 --> 00:54:23,920

years and uh

1473

00:54:27,430 --> 00:54:26,000

so in i've been accumulating information

1474

00:54:29,030 --> 00:54:27,440

over that time

1475

00:54:31,030 --> 00:54:29,040

since i first got involved about four

1476  
00:54:33,670 --> 00:54:31,040  
years after the crash

1477  
00:54:35,910 --> 00:54:33,680  
when i met a couple james and elizabeth

1478  
00:54:37,349 --> 00:54:35,920  
sanders who had both been arrested for

1479  
00:54:40,390 --> 00:54:37,359  
conspiracy

1480  
00:54:43,109 --> 00:54:40,400  
for james's role in investigating uh the

1481  
00:54:45,030 --> 00:54:43,119  
crash back in 1997. oh my goodness so

1482  
00:54:46,150 --> 00:54:45,040  
it's a you know in fact when i met

1483  
00:54:48,630 --> 00:54:46,160  
elizabeth

1484  
00:54:49,990 --> 00:54:48,640  
who was a trainer for twa sweetest woman

1485  
00:54:52,309 --> 00:54:50,000  
on the planet

1486  
00:54:53,829 --> 00:54:52,319  
and she had her crime was to introduce

1487  
00:54:55,030 --> 00:54:53,839  
her husband was an investigative

1488  
00:54:59,109 --> 00:54:55,040

reporter

1489

00:55:00,790 --> 00:54:59,119

to her his source who was a twa manager

1490

00:55:02,069 --> 00:55:00,800

and pilot working inside the

1491

00:55:04,230 --> 00:55:02,079

investigation

1492

00:55:05,510 --> 00:55:04,240

and for that introduction

1493

00:55:07,589 --> 00:55:05,520

she was arrested and convicted of

1494

00:55:09,510 --> 00:55:07,599

conspiracy in a federal court

1495

00:55:11,270 --> 00:55:09,520

sentenced to three years of probation

1496

00:55:13,030 --> 00:55:11,280

wow and when i heard her story i

1497

00:55:15,030 --> 00:55:13,040

realized that you know maybe there's

1498

00:55:17,190 --> 00:55:15,040

more here than meets the eye in in in

1499

00:55:19,430 --> 00:55:17,200

who arrested the fbi

1500

00:55:20,630 --> 00:55:19,440

fbi arrested they bragged about it

1501  
00:55:22,549 --> 00:55:20,640  
um

1502  
00:55:24,630 --> 00:55:22,559  
and they uh tried them

1503  
00:55:26,630 --> 00:55:24,640  
on an arcane law

1504  
00:55:29,109 --> 00:55:26,640  
that was designed to prevent scavengers

1505  
00:55:31,750 --> 00:55:29,119  
from stealing airplane parts

1506  
00:55:34,790 --> 00:55:31,760  
and what happened was their their source

1507  
00:55:36,630 --> 00:55:34,800  
who was a real straight arrow 747 pilot

1508  
00:55:38,069 --> 00:55:36,640  
who was convinced that there was a

1509  
00:55:40,470 --> 00:55:38,079  
conspiracy going on that's the first

1510  
00:55:42,390 --> 00:55:40,480  
thing he told james sanders okay

1511  
00:55:44,870 --> 00:55:42,400  
was uh

1512  
00:55:47,589 --> 00:55:44,880  
sent them a pinch of foam rubber from a

1513  
00:55:49,829 --> 00:55:47,599

seat back and for that they tried them

1514

00:55:51,990 --> 00:55:49,839

as scavengers unbelievable let me just

1515

00:55:54,309 --> 00:55:52,000

ask you before we get into it um what is

1516

00:55:56,950 --> 00:55:54,319

your uh resume as far as this are you an

1517

00:55:58,710 --> 00:55:56,960

author or are you an investigator i've

1518

00:56:00,950 --> 00:55:58,720

in a way a background i have a phd from

1519

00:56:03,670 --> 00:56:00,960

purdue university and

1520

00:56:04,789 --> 00:56:03,680

i have uh written um this is i believe

1521

00:56:07,670 --> 00:56:04,799

my

1522

00:56:09,750 --> 00:56:07,680

11th book of nonfiction i've done 10 uh

1523

00:56:11,829 --> 00:56:09,760

book tvs on c-span i may have the record

1524

00:56:13,510 --> 00:56:11,839

as far as i know all right cool

1525

00:56:15,109 --> 00:56:13,520

i've written about um

1526

00:56:17,589 --> 00:56:15,119

i've also written for magazines in other

1527

00:56:19,589 --> 00:56:17,599

places and i produced documentaries as

1528

00:56:22,150 --> 00:56:19,599

well

1529

00:56:24,069 --> 00:56:22,160

so uh in europe in uh erie near lake

1530

00:56:25,829 --> 00:56:24,079

erie new york uh yeah i'm unlike your

1531

00:56:27,910 --> 00:56:25,839

near erie pennsylvania on the new york

1532

00:56:29,670 --> 00:56:27,920

state side of the state line

1533

00:56:31,190 --> 00:56:29,680

this is my hideout for the summer so no

1534

00:56:32,789 --> 00:56:31,200

one could come find me so nice don't

1535

00:56:35,430 --> 00:56:32,799

tell them my exact location okay don't

1536

00:56:37,109 --> 00:56:35,440

worry about that so you know um earlier

1537

00:56:38,789 --> 00:56:37,119

in the show we've uh talked about

1538

00:56:40,789 --> 00:56:38,799

different aspects of this we have talked

1539

00:56:42,630 --> 00:56:40,799

about we talked to someone who writes

1540

00:56:46,470 --> 00:56:42,640

about the military online whether this

1541

00:56:48,789 --> 00:56:46,480

was um a small stinger missile type um

1542

00:56:51,190 --> 00:56:48,799

you know uh weapon that might have

1543

00:56:53,750 --> 00:56:51,200

caused this thing to you know blow up uh

1544

00:56:56,230 --> 00:56:53,760

was it a larger uh sand missile that

1545

00:56:59,510 --> 00:56:56,240

might have come from the deck of a navy

1546

00:57:01,030 --> 00:56:59,520

ship uh was there a bomb on board was it

1547

00:57:02,870 --> 00:57:01,040

you know basically was it a terrorist

1548

00:57:04,870 --> 00:57:02,880

act or was it a mistake by the united

1549

00:57:06,789 --> 00:57:04,880

states government was it intentional by

1550

00:57:08,309 --> 00:57:06,799

the united states government we've even

1551  
00:57:11,270 --> 00:57:08,319  
uncovered evidence that there was like

1552  
00:57:14,069 --> 00:57:11,280  
ufo connections to this airplane but you

1553  
00:57:16,630 --> 00:57:14,079  
know uh we did all that as a preamble to

1554  
00:57:18,069 --> 00:57:16,640  
having you on now you are the expert so

1555  
00:57:19,829 --> 00:57:18,079  
what we're going to do is we're going to

1556  
00:57:21,349 --> 00:57:19,839  
have turn this over to commander cobra

1557  
00:57:22,470 --> 00:57:21,359  
he's going to ask you and you know

1558  
00:57:24,069 --> 00:57:22,480  
questions

1559  
00:57:25,670 --> 00:57:24,079  
that you know i think all of us would

1560  
00:57:27,349 --> 00:57:25,680  
ask you we'll be sitting in we'll be

1561  
00:57:29,750 --> 00:57:27,359  
listening in i'm going to turn it over

1562  
00:57:32,230 --> 00:57:29,760  
to commander cobra and let you two guys

1563  
00:57:33,910 --> 00:57:32,240

talk about you know what jack think

1564

00:57:34,870 --> 00:57:33,920

really happened that night

1565

00:57:37,589 --> 00:57:34,880

very good

1566

00:57:39,829 --> 00:57:37,599

thanks mac jack first of all thanks for

1567

00:57:41,430 --> 00:57:39,839

answering all the emails and the uh the

1568

00:57:43,270 --> 00:57:41,440

chats and all the stuff to link up and

1569

00:57:44,870 --> 00:57:43,280

finally get us to work up i deeply

1570

00:57:46,230 --> 00:57:44,880

appreciate it one of the things i've

1571

00:57:47,990 --> 00:57:46,240

been impressed on everything i've read

1572

00:57:49,910 --> 00:57:48,000

and i talk to you on a fairly frequent

1573

00:57:51,030 --> 00:57:49,920

basis with the email when i see a new

1574

00:57:53,109 --> 00:57:51,040

posting on

1575

00:57:54,549 --> 00:57:53,119

online on one of your articles from the

1576

00:57:57,670 --> 00:57:54,559

blogs and the and the different places

1577

00:58:00,710 --> 00:57:57,680

you contribute you've taken a very uh

1578

00:58:03,670 --> 00:58:00,720

scientific approach uh to this so

1579

00:58:05,910 --> 00:58:03,680

as we would say in the military briefing

1580

00:58:07,270 --> 00:58:05,920

uh bottom line up first

1581

00:58:08,950 --> 00:58:07,280

what do you think happened and then

1582

00:58:10,630 --> 00:58:08,960

we'll work backwards from there well i

1583

00:58:13,030 --> 00:58:10,640

would say a commander with 100

1584

00:58:15,670 --> 00:58:13,040

confidence that uh at least

1585

00:58:17,750 --> 00:58:15,680

two i would say certainly one probably

1586

00:58:19,670 --> 00:58:17,760

two surface-to-air missiles destroyed

1587

00:58:20,630 --> 00:58:19,680

twa flight 800.

1588

00:58:22,950 --> 00:58:20,640

um

1589

00:58:25,750 --> 00:58:22,960

and uh with that said

1590

00:58:28,870 --> 00:58:25,760

uh i say with somewhat less confidence

1591

00:58:31,750 --> 00:58:28,880

i mean not a whole lot less maybe 95

1592

00:58:33,829 --> 00:58:31,760

98 confidence that the u.s navy was

1593

00:58:36,470 --> 00:58:33,839

almost assuredly involved

1594

00:58:38,309 --> 00:58:36,480

and if they were involved it was it was

1595

00:58:39,910 --> 00:58:38,319

an accident they didn't intend to shoot

1596

00:58:40,710 --> 00:58:39,920

it out of the sky

1597

00:58:42,309 --> 00:58:40,720

okay

1598

00:58:45,109 --> 00:58:42,319

uh we've talked a little bit before we

1599

00:58:47,510 --> 00:58:45,119

got on air with you about the uh the

1600

00:58:49,030 --> 00:58:47,520

difficulty for those things to line up

1601  
00:58:52,470 --> 00:58:49,040  
to to occur

1602  
00:58:53,589 --> 00:58:52,480  
um when you what what actually motivated

1603  
00:58:56,150 --> 00:58:53,599  
you to get into this case you talked

1604  
00:58:57,670 --> 00:58:56,160  
about you met the uh the sanders right

1605  
00:58:59,829 --> 00:58:57,680  
inside

1606  
00:59:01,910 --> 00:58:59,839  
and when i met them i was

1607  
00:59:03,510 --> 00:59:01,920  
intrigued that someone like elizabeth

1608  
00:59:05,589 --> 00:59:03,520  
could be arrested

1609  
00:59:07,109 --> 00:59:05,599  
you know and made to parade through a

1610  
00:59:09,349 --> 00:59:07,119  
throng of reporters in an orange

1611  
00:59:10,309 --> 00:59:09,359  
jumpsuit she's a filipino woman she had

1612  
00:59:12,309 --> 00:59:10,319  
been a

1613  
00:59:15,270 --> 00:59:12,319

a polynesian dance instructor very

1614

00:59:17,430 --> 00:59:15,280

pretty lady sweet as can be

1615

00:59:19,750 --> 00:59:17,440

and i said what is it that it could have

1616

00:59:22,150 --> 00:59:19,760

been my sister or my mother or my

1617

00:59:24,390 --> 00:59:22,160

daughter and i thought there may be more

1618

00:59:26,630 --> 00:59:24,400

here than meets the eye i'm by nature

1619

00:59:28,549 --> 00:59:26,640

the opposite of a conspiracy theorist

1620

00:59:29,430 --> 00:59:28,559

and so i i met with the sanders and i

1621

00:59:31,510 --> 00:59:29,440

asked them if they wanted to do a

1622

00:59:33,109 --> 00:59:31,520

documentary because there hadn't been

1623

00:59:34,870 --> 00:59:33,119

one done to that point this is four

1624

00:59:35,910 --> 00:59:34,880

years after the fact

1625

00:59:40,789 --> 00:59:35,920

and then

1626  
00:59:42,710 --> 00:59:40,799  
reading all the contrary information i

1627  
00:59:44,710 --> 00:59:42,720  
was still very skeptical

1628  
00:59:46,630 --> 00:59:44,720  
so they invited me to their home in

1629  
00:59:48,470 --> 00:59:46,640  
florida and it was you know they were

1630  
00:59:50,950 --> 00:59:48,480  
both on probation at the time

1631  
00:59:52,630 --> 00:59:50,960  
uh elizabeth had lost their job they're

1632  
00:59:54,230 --> 00:59:52,640  
scrambling for funds

1633  
00:59:57,349 --> 00:59:54,240  
they're living on a

1634  
00:59:58,870 --> 00:59:57,359  
like a low-end florida condo hard by a a

1635  
01:00:00,549 --> 00:59:58,880  
canal from which

1636  
01:00:02,069 --> 01:00:00,559  
like alligators emerge to eat

1637  
01:00:04,069 --> 01:00:02,079  
neighborhood dogs and it's not a place

1638  
01:00:05,670 --> 01:00:04,079

you want to spend a lot of time

1639

01:00:07,270 --> 01:00:05,680

and they showed me something though i

1640

01:00:08,309 --> 01:00:07,280

was totally unaware of four years after

1641

01:00:10,470 --> 01:00:08,319

the fact

1642

01:00:11,910 --> 01:00:10,480

that was the witness statements right i

1643

01:00:14,230 --> 01:00:11,920

had been led to believe that there was

1644

01:00:15,990 --> 01:00:14,240

only a handful right a lot of

1645

01:00:17,589 --> 01:00:16,000

discreditation on all the different

1646

01:00:20,549 --> 01:00:17,599

witness statements

1647

01:00:22,870 --> 01:00:20,559

was just similarly suppressed for lack

1648

01:00:24,630 --> 01:00:22,880

of a better word right and i'm i follow

1649

01:00:25,829 --> 01:00:24,640

the news i was shocked i didn't know

1650

01:00:28,309 --> 01:00:25,839

this

1651  
01:00:29,109 --> 01:00:28,319  
but the ntsb someone

1652  
01:00:31,109 --> 01:00:29,119  
had

1653  
01:00:33,109 --> 01:00:31,119  
furrowed it out of the ntsb i think

1654  
01:00:35,430 --> 01:00:33,119  
probably by means illegal

1655  
01:00:36,829 --> 01:00:35,440  
the whole document of these witness

1656  
01:00:38,870 --> 01:00:36,839  
statements

1657  
01:00:41,109 --> 01:00:38,880  
258 people

1658  
01:00:43,109 --> 01:00:41,119  
told the fbi that they had seen an

1659  
01:00:44,710 --> 01:00:43,119  
object streaking off the horizon

1660  
01:00:46,710 --> 01:00:44,720  
attacking the plane

1661  
01:00:50,789 --> 01:00:46,720  
and these were military people

1662  
01:00:53,430 --> 01:00:50,799  
helicopter pilots uh fishermen um people

1663  
01:00:55,829 --> 01:00:53,440

who knew up from down and east from west

1664

01:00:57,270 --> 01:00:55,839

you know who knew what uh you know what

1665

01:00:59,349 --> 01:00:57,280

they were seeing

1666

01:01:01,829 --> 01:00:59,359

and when you read them one after another

1667

01:01:04,230 --> 01:01:01,839

after another you realized two things

1668

01:01:05,910 --> 01:01:04,240

one is they did see something and two is

1669

01:01:07,510 --> 01:01:05,920

that what they did see

1670

01:01:10,789 --> 01:01:07,520

was thoroughly suppressed by the

1671

01:01:12,710 --> 01:01:10,799

authorities in collusion with the media

1672

01:01:15,030 --> 01:01:12,720

in particular the new york times

1673

01:01:18,069 --> 01:01:15,040

jack before i have you lay out the case

1674

01:01:19,829 --> 01:01:18,079

uh and and take us through uh you know

1675

01:01:21,190 --> 01:01:19,839

basically the executive summary of what

1676

01:01:22,230 --> 01:01:21,200

you put in the book and

1677

01:01:23,190 --> 01:01:22,240

um

1678

01:02:16,710 --> 01:01:23,200

i

1679

01:02:18,069 --> 01:02:16,720

more folks

1680

01:02:19,910 --> 01:02:18,079

that i think are approaching maybe

1681

01:02:21,670 --> 01:02:19,920

retirement

1682

01:02:23,430 --> 01:02:21,680

are seeing other things going on in the

1683

01:02:25,990 --> 01:02:23,440

world that have contacted you through

1684

01:02:28,789 --> 01:02:26,000

the internet and i'd like just a really

1685

01:02:31,349 --> 01:02:28,799

a brief comment how that has been a

1686

01:02:33,030 --> 01:02:31,359

change in your

1687

01:02:35,030 --> 01:02:33,040

investigative approach the people that

1688

01:02:36,950 --> 01:02:35,040

are now coming and approaching you and

1689

01:02:38,549 --> 01:02:36,960

sifting through that information right

1690

01:02:39,990 --> 01:02:38,559

that's an excellent question because you

1691

01:02:42,150 --> 01:02:40,000

know the style of reporting today has

1692

01:02:44,630 --> 01:02:42,160

changed i mean it used to be you sat in

1693

01:02:46,789 --> 01:02:44,640

a newsroom and you gathered information

1694

01:02:48,710 --> 01:02:46,799

you went out looking for sources now the

1695

01:02:51,030 --> 01:02:48,720

sources come to you right i don't have

1696

01:02:53,910 --> 01:02:51,040

the i don't have the the ability like a

1697

01:02:56,150 --> 01:02:53,920

news new york times uh reporter does to

1698

01:02:58,150 --> 01:02:56,160

pick up a phone and say hey jim calstrom

1699

01:03:00,230 --> 01:02:58,160

is new york times we need you to call if

1700

01:03:02,150 --> 01:03:00,240

i say that to jim calstrom he is simply

1701  
01:03:03,990 --> 01:03:02,160  
going to ignore my call he was the head

1702  
01:03:05,670 --> 01:03:04,000  
of the fbi investigation

1703  
01:03:07,910 --> 01:03:05,680  
however in the month or just a little

1704  
01:03:09,270 --> 01:03:07,920  
over a month since my book's been out i

1705  
01:03:11,589 --> 01:03:09,280  
probably heard from

1706  
01:03:12,950 --> 01:03:11,599  
i'd say close to 100 people from within

1707  
01:03:14,150 --> 01:03:12,960  
the industry

1708  
01:03:15,670 --> 01:03:14,160  
several of whom worked on the

1709  
01:03:17,910 --> 01:03:15,680  
investigation

1710  
01:03:20,789 --> 01:03:17,920  
at least a half a dozen of whom have

1711  
01:03:21,990 --> 01:03:20,799  
really useful powerful inside

1712  
01:03:23,750 --> 01:03:22,000  
information

1713  
01:03:25,109 --> 01:03:23,760

and i continue to get an average of one

1714

01:03:27,190 --> 01:03:25,119

or two a day

1715

01:03:28,549 --> 01:03:27,200

and i i would invite anyone listening to

1716

01:03:30,710 --> 01:03:28,559

the show commander

1717

01:03:33,029 --> 01:03:30,720

to go to my website it's casual.com

1718

01:03:34,470 --> 01:03:33,039

c-a-s-h-i-l.com

1719

01:03:36,870 --> 01:03:34,480

and if you have information it'll tell

1720

01:03:37,990 --> 01:03:36,880

you how to reach me and uh

1721

01:03:39,029 --> 01:03:38,000

like for instance i'll give you for

1722

01:03:40,710 --> 01:03:39,039

instance

1723

01:03:42,470 --> 01:03:40,720

i had known there was you know like i

1724

01:03:44,150 --> 01:03:42,480

talked to a lot of second-hand sources

1725

01:03:46,150 --> 01:03:44,160

about what the air traffic controllers

1726

01:03:49,349 --> 01:03:46,160

saw that night

1727

01:03:51,190 --> 01:03:49,359

at a trachon in on long island well

1728

01:03:54,870 --> 01:03:51,200

one of them contacted me we had several

1729

01:03:57,430 --> 01:03:54,880

exchanges he told me exactly what he saw

1730

01:03:59,990 --> 01:03:57,440

he saw an object he said vertically uh

1731

01:04:02,470 --> 01:04:00,000

intersecting tw 800 and the second

1732

01:04:04,470 --> 01:04:02,480

before it disappeared from the screen

1733

01:04:06,230 --> 01:04:04,480

and people challenged him this is the

1734

01:04:07,829 --> 01:04:06,240

interesting thing about the internet

1735

01:04:08,870 --> 01:04:07,839

people challenge them saying

1736

01:04:10,950 --> 01:04:08,880

you're a

1737

01:04:14,150 --> 01:04:10,960

you cannot see a vertical ascent on a on

1738

01:04:15,910 --> 01:04:14,160

a on an air traffic control screen he

1739

01:04:17,750 --> 01:04:15,920

said you may not be able to see it but

1740

01:04:19,910 --> 01:04:17,760

in my years in the military i learned to

1741

01:04:21,589 --> 01:04:19,920

uh just distinguish what it looks like

1742

01:04:23,029 --> 01:04:21,599

his supervisor had asked him he goes

1743

01:04:24,789 --> 01:04:23,039

what did we just see

1744

01:04:26,470 --> 01:04:24,799

and he said we saw

1745

01:04:28,630 --> 01:04:26,480

uh he goes

1746

01:04:30,230 --> 01:04:28,640

the supervisor asked this controller

1747

01:04:32,150 --> 01:04:30,240

have you ever seen anything like this

1748

01:04:34,069 --> 01:04:32,160

before and he said yeah i was in the

1749

01:04:35,510 --> 01:04:34,079

navy we did missile tests that's exactly

1750

01:04:36,870 --> 01:04:35,520

what i was looking at

1751

01:04:40,789 --> 01:04:36,880

and

1752

01:04:42,950 --> 01:04:40,799

asked the supervisor can i review the

1753

01:04:43,829 --> 01:04:42,960

tape and the supervisor says nope it's

1754

01:04:45,349 --> 01:04:43,839

gone

1755

01:04:47,190 --> 01:04:45,359

now by law

1756

01:04:48,150 --> 01:04:47,200

that tape has to stay on site for

1757

01:04:50,150 --> 01:04:48,160

further

1758

01:04:53,109 --> 01:04:50,160

you know adjudication by the faa it was

1759

01:04:56,150 --> 01:04:53,119

gone right but very unusual it was the

1760

01:04:57,910 --> 01:04:56,160

atc's the air traffic controllers who

1761

01:04:59,910 --> 01:04:57,920

set washington a buzz that night they

1762

01:05:01,510 --> 01:04:59,920

were the first ones to report in

1763

01:05:02,230 --> 01:05:01,520

long before the witness statements came

1764

01:05:04,710 --> 01:05:02,240

in

1765

01:05:07,750 --> 01:05:04,720

that alerted the white house that

1766

01:05:10,870 --> 01:05:09,190

very interesting uh where did he go

1767

01:05:12,230 --> 01:05:10,880

where did the tape go this is mac where

1768

01:05:14,150 --> 01:05:12,240

did the tape go

1769

01:05:16,789 --> 01:05:14,160

uh probably i i imagine the fbi

1770

01:05:18,549 --> 01:05:16,799

confiscated he didn't know okay the fbi

1771

01:05:20,630 --> 01:05:18,559

confiscated an awful lot of stuff

1772

01:05:22,710 --> 01:05:20,640

there's confiscated tapes in fact from

1773

01:05:23,750 --> 01:05:22,720

all of the air control centers in that

1774

01:05:25,910 --> 01:05:23,760

area

1775

01:05:28,549 --> 01:05:25,920

and as well as

1776

01:05:29,750 --> 01:05:28,559

most critically perhaps

1777

01:05:35,670 --> 01:05:29,760

the

1778

01:05:36,470 --> 01:05:35,680

that aired a few times on msnbc that

1779

01:05:38,549 --> 01:05:36,480

evening

1780

01:05:40,069 --> 01:05:38,559

and then was confiscated it was an

1781

01:05:42,390 --> 01:05:40,079

amateur video

1782

01:05:44,789 --> 01:05:42,400

and i've talked to 100 people who saw it

1783

01:05:47,270 --> 01:05:44,799

and my best source though is a fellow a

1784

01:05:48,950 --> 01:05:47,280

747 pilot used to work at boeing and

1785

01:05:50,870 --> 01:05:48,960

missile design

1786

01:05:52,950 --> 01:05:50,880

who was laid up in a hong kong hospital

1787

01:05:54,630 --> 01:05:52,960

his wife came over to to stay with him

1788

01:05:56,549 --> 01:05:54,640

he had a back surgery

1789

01:05:59,270 --> 01:05:56,559

and he watched that he said for several

1790

01:06:01,750 --> 01:05:59,280

weeks several times a day they didn't

1791

01:06:04,789 --> 01:06:01,760

confiscate it from the hong kong station

1792

01:06:07,190 --> 01:06:04,799

he described in exquisite detail exactly

1793

01:06:09,029 --> 01:06:07,200

what the tape showed including you know

1794

01:06:10,390 --> 01:06:09,039

starting on the deck of a party

1795

01:06:13,349 --> 01:06:10,400

someone's saying oh look you know and

1796

01:06:16,069 --> 01:06:13,359

then they follow and track it i'd heard

1797

01:06:19,190 --> 01:06:16,079

that story 100 times this was the best

1798

01:06:21,430 --> 01:06:19,200

verification i have to have the same and

1799

01:06:23,029 --> 01:06:21,440

nelson demille the best-selling novelist

1800

01:06:26,470 --> 01:06:23,039

was aware of it also because he built

1801

01:06:29,109 --> 01:06:26,480

his very uh readable novel nightfall

1802

01:06:33,510 --> 01:06:29,119

around the missing tape

1803

01:06:36,069 --> 01:06:33,520

uh jack one other uh quick uh question

1804

01:06:38,150 --> 01:06:36,079

everything gets uh kind of suppressed

1805

01:06:40,390 --> 01:06:38,160

and then i remember mr schlesinger

1806

01:06:41,430 --> 01:06:40,400

hopefully saying his name correctly

1807

01:06:43,670 --> 01:06:41,440

challenger

1808

01:06:47,029 --> 01:06:43,680

pierre sallinger allen he pops up in the

1809

01:06:49,829 --> 01:06:47,039

middle of all this right uh and he is

1810

01:06:51,990 --> 01:06:49,839

very quickly and summarily just uh you

1811

01:06:53,589 --> 01:06:52,000

know dismissed as basically being a kook

1812

01:06:55,750 --> 01:06:53,599

right i mean we should say that he

1813

01:06:58,829 --> 01:06:55,760

humiliated internationally um right he

1814

01:07:00,230 --> 01:06:58,839

was jfk's pr guy he was jfk's press

1815

01:07:01,750 --> 01:07:00,240

secretary jonathan

1816

01:07:03,829 --> 01:07:01,760

right and those of us have been around

1817

01:07:05,109 --> 01:07:03,839

for a while know he was a legendary

1818

01:07:06,630 --> 01:07:05,119

figure right

1819

01:07:09,349 --> 01:07:06,640

and then he was a u.s senator from

1820

01:07:11,109 --> 01:07:09,359

california right yeah but and the

1821

01:07:13,430 --> 01:07:11,119

message they sent

1822

01:07:14,710 --> 01:07:13,440

was uh if they can do this the pure

1823

01:07:16,390 --> 01:07:14,720

salinger

1824

01:07:17,990 --> 01:07:16,400

lord only knows what they could do to me

1825

01:07:19,589 --> 01:07:18,000

right i've heard that from many many

1826

01:07:21,190 --> 01:07:19,599

people right and

1827

01:07:23,750 --> 01:07:21,200

i've also talked to all the people in

1828

01:07:27,190 --> 01:07:23,760

the supply chain who got the information

1829

01:07:29,190 --> 01:07:27,200

to salinger it was good information

1830

01:07:30,950 --> 01:07:29,200

it was solid information

1831

01:07:32,789 --> 01:07:30,960

the problem was that salinger was in a

1832

01:07:34,789 --> 01:07:32,799

little over his head yeah he was kind of

1833

01:07:36,549 --> 01:07:34,799

almost like set up don't you think i

1834

01:07:39,589 --> 01:07:36,559

don't think he was set up

1835

01:07:42,789 --> 01:07:39,599

i think he uh he was um

1836

01:07:45,349 --> 01:07:42,799

he he got in to to to accuse the u.s

1837

01:07:48,150 --> 01:07:45,359

navy of shooting down an airplane

1838

01:07:49,510 --> 01:07:48,160

you better know everything you know his

1839

01:07:52,069 --> 01:07:49,520

knowledge was a little too sketchy you

1840

01:07:53,750 --> 01:07:52,079

know too shallow his knowledge base was

1841

01:07:56,870 --> 01:07:53,760

not substantial enough to make the kind

1842

01:07:58,789 --> 01:07:56,880

of accusations he was making but i i've

1843

01:08:00,789 --> 01:07:58,799

talked to all the people in that chain

1844

01:08:02,150 --> 01:08:00,799

uh the one fellow uh jim holtzclaw and

1845

01:08:03,910 --> 01:08:02,160

they've signed after davis they'll tell

1846

01:08:05,270 --> 01:08:03,920

you this they got their information

1847

01:08:06,150 --> 01:08:05,280

straight from the air traffic control

1848

01:08:08,150 --> 01:08:06,160

center

1849

01:08:10,230 --> 01:08:08,160

and then holtzclaw forwarded to a guy

1850

01:08:12,150 --> 01:08:10,240

named dick russell as a former eastern

1851  
01:08:14,309 --> 01:08:12,160  
airline united airline pilot

1852  
01:08:16,309 --> 01:08:14,319  
and then uh old school and then what

1853  
01:08:18,470 --> 01:08:16,319  
russell did is he put it out among a

1854  
01:08:20,550 --> 01:08:18,480  
group of his friends and they made them

1855  
01:08:23,189 --> 01:08:20,560  
promise that it would not go any further

1856  
01:08:24,390 --> 01:08:23,199  
this is on email in 96 email was still

1857  
01:08:26,149 --> 01:08:24,400  
pretty novel

1858  
01:08:27,510 --> 01:08:26,159  
and only about 10 of the american people

1859  
01:08:29,749 --> 01:08:27,520  
running the internet

1860  
01:08:31,189 --> 01:08:29,759  
somehow someone one of those guys leaked

1861  
01:08:32,709 --> 01:08:31,199  
it uh

1862  
01:08:34,789 --> 01:08:32,719  
french intelligence picked it up they

1863  
01:08:36,789 --> 01:08:34,799

got it to salinger who was living in

1864

01:08:38,789 --> 01:08:36,799

france at the time and um

1865

01:08:41,030 --> 01:08:38,799

and then salinger the good democrat that

1866

01:08:43,110 --> 01:08:41,040

he was waited until the day after

1867

01:08:44,630 --> 01:08:43,120

election in november right i remember

1868

01:08:46,470 --> 01:08:44,640

that distinctly that has a lot to do

1869

01:08:48,470 --> 01:08:46,480

with everything by the way and then he

1870

01:08:51,510 --> 01:08:48,480

released the information and then it

1871

01:08:53,269 --> 01:08:51,520

just pounced on him

1872

01:08:54,630 --> 01:08:53,279

interesting all right unless the

1873

01:08:57,349 --> 01:08:54,640

gentleman uh

1874

01:08:58,950 --> 01:08:57,359

uh agent x mac and juan juan don't have

1875

01:09:00,789 --> 01:08:58,960

a particular question

1876

01:09:02,630 --> 01:09:00,799

well i have one question john now this

1877

01:09:03,829 --> 01:09:02,640

is juan juan

1878

01:09:05,030 --> 01:09:03,839

uh

1879

01:09:06,470 --> 01:09:05,040

given the

1880

01:09:08,789 --> 01:09:06,480

threats that have been floating around a

1881

01:09:11,189 --> 01:09:08,799

lot of the witnesses any direct threats

1882

01:09:13,510 --> 01:09:11,199

on your well-being john

1883

01:09:15,669 --> 01:09:13,520

no and one one i'll tell you why is i

1884

01:09:17,189 --> 01:09:15,679

don't have first-hand information

1885

01:09:18,870 --> 01:09:17,199

and every bit of information i have i

1886

01:09:20,149 --> 01:09:18,880

put it online immediately okay and i'm

1887

01:09:22,550 --> 01:09:20,159

willing to share it with anyone who

1888

01:09:24,390 --> 01:09:22,560

wants to see it uh the people who have

1889

01:09:26,709 --> 01:09:24,400

reason to fear

1890

01:09:28,070 --> 01:09:26,719

are the people who know something

1891

01:09:30,149 --> 01:09:28,080

direct

1892

01:09:32,070 --> 01:09:30,159

and there and i would say in this case

1893

01:09:35,110 --> 01:09:32,080

that's probably fewer than a dozen

1894

01:09:38,550 --> 01:09:35,120

people who really know enough

1895

01:09:39,910 --> 01:09:38,560

to uh expose this case right this is a

1896

01:09:42,709 --> 01:09:39,920

mac i mean

1897

01:09:44,870 --> 01:09:42,719

in one sentence what is the case

1898

01:09:46,309 --> 01:09:44,880

the cases that the us navy uh

1899

01:09:47,110 --> 01:09:46,319

inadvertently

1900

01:09:51,349 --> 01:09:47,120

shot

1901

01:09:53,269 --> 01:09:51,359

uh 747 out of sky killing 230 people the

1902

01:09:55,750 --> 01:09:53,279

u.s navy would not have and could not

1903

01:09:58,630 --> 01:09:55,760

have covered this up on its own

1904

01:10:00,709 --> 01:09:58,640

the imposition the cia that night

1905

01:10:02,470 --> 01:10:00,719

by the white house suggested this the

1906

01:10:03,830 --> 01:10:02,480

cover-up came from the uh

1907

01:10:05,270 --> 01:10:03,840

from the family quarters of the white

1908

01:10:07,590 --> 01:10:05,280

house and

1909

01:10:09,510 --> 01:10:07,600

although i'm sure the message that went

1910

01:10:11,910 --> 01:10:09,520

to the handful of people who knew what

1911

01:10:13,830 --> 01:10:11,920

they were doing was that this was an

1912

01:10:16,070 --> 01:10:13,840

uh and matter of the highest national

1913

01:10:17,669 --> 01:10:16,080

security the reality is it was a matter

1914

01:10:19,270 --> 01:10:17,679

of getting bill clinton re-elected okay

1915

01:10:21,590 --> 01:10:19,280

but but let me just ask you this and we

1916

01:10:22,709 --> 01:10:21,600

talked about this before is um

1917

01:10:24,550 --> 01:10:22,719

[Music]

1918

01:10:26,310 --> 01:10:24,560

do we know what kind of a ship that the

1919

01:10:28,870 --> 01:10:26,320

missile came from

1920

01:10:30,550 --> 01:10:28,880

uh not for sure okay in the book what i

1921

01:10:33,350 --> 01:10:30,560

do is i pull short

1922

01:10:35,510 --> 01:10:33,360

of saying things for which i don't know

1923

01:10:37,510 --> 01:10:35,520

enough to say with confidence but it's

1924

01:10:40,229 --> 01:10:37,520

it's it's something on the order of a

1925

01:10:41,669 --> 01:10:40,239

destroyer or whatever yeah okay it is uh

1926

01:10:44,149 --> 01:10:41,679

what was here's what we know was

1927

01:10:46,070 --> 01:10:44,159

happening that night uh there was a

1928

01:10:48,390 --> 01:10:46,080

cooperative engagement capability going

1929

01:10:50,870 --> 01:10:48,400

on exercise going on that night off the

1930

01:10:52,870 --> 01:10:50,880

south shore of long island we know this

1931

01:10:54,390 --> 01:10:52,880

i mean are the the evidence that should

1932

01:10:57,030 --> 01:10:54,400

have given us away immediately was the

1933

01:10:59,110 --> 01:10:57,040

fact that right above

1934

01:11:02,870 --> 01:10:59,120

about a mile above tw-800 when it

1935

01:11:05,270 --> 01:11:02,880

exploded was a navy p3 orion and the p3

1936

01:11:07,030 --> 01:11:05,280

is used in these uh missile tests to

1937

01:11:09,430 --> 01:11:07,040

coordinate information among the

1938

01:11:11,510 --> 01:11:09,440

combatants that is the ships and subs

1939

01:11:12,870 --> 01:11:11,520

involved right the navy is admitted to

1940

01:11:15,510 --> 01:11:12,880

having four

1941

01:11:17,669 --> 01:11:15,520

uh vessels in the immediate vicinity one

1942

01:11:20,709 --> 01:11:17,679

one destroyer and three uh one cruiser

1943

01:11:22,950 --> 01:11:20,719

rather and three submarines um

1944

01:11:24,470 --> 01:11:22,960

however i i'm almost positive there's

1945

01:11:27,110 --> 01:11:24,480

more involved

1946

01:11:27,990 --> 01:11:27,120

i think i know the names of one or two

1947

01:11:30,229 --> 01:11:28,000

of them

1948

01:11:31,350 --> 01:11:30,239

uh however given the fact that i'm not

1949

01:11:32,630 --> 01:11:31,360

certain

1950

01:11:35,030 --> 01:11:32,640

it makes uh

1951

01:11:36,070 --> 01:11:35,040

i'm reluctant to go forward sure i have

1952

01:11:37,270 --> 01:11:36,080

however

1953

01:11:41,189 --> 01:11:37,280

heard from

1954

01:11:43,590 --> 01:11:41,199

uh one or two actually a high-level

1955

01:11:45,189 --> 01:11:43,600

naval people who are doing investigating

1956

01:11:46,709 --> 01:11:45,199

for me right now

1957

01:11:48,630 --> 01:11:46,719

let me ask you this though i mean let's

1958

01:11:50,550 --> 01:11:48,640

say it was a destroyer one one how many

1959

01:11:56,070 --> 01:11:50,560

people want to destroy these days uh i

1960

01:12:00,149 --> 01:11:58,070

we always know where every every ship is

1961

01:12:01,590 --> 01:12:00,159

deployed which ships report at any given

1962

01:12:03,430 --> 01:12:01,600

moment so as we talked about earlier

1963

01:12:05,910 --> 01:12:03,440

though let's say there was a mistaken

1964

01:12:07,430 --> 01:12:05,920

missile fire from a navy ship i mean

1965

01:12:09,030 --> 01:12:07,440

everyone on that ship would have known

1966

01:12:10,630 --> 01:12:09,040

about it are we saying that they've all

1967

01:12:13,110 --> 01:12:10,640

kept quiet as well or have you heard

1968

01:12:14,870 --> 01:12:13,120

from any of them here's what they knew

1969

01:12:16,790 --> 01:12:14,880

is they knew that a missile was fired

1970

01:12:18,149 --> 01:12:16,800

everyone on board that ship

1971

01:12:20,470 --> 01:12:18,159

and i've talked to a couple of

1972

01:12:22,790 --> 01:12:20,480

high-level naval people who who are you

1973

01:12:25,669 --> 01:12:22,800

know who believe what i'm saying but who

1974

01:12:27,750 --> 01:12:25,679

uh confirm just what you're saying that

1975

01:12:30,070 --> 01:12:27,760

is everyone on board that ship would

1976

01:12:31,830 --> 01:12:30,080

have known that a missile was fired

1977

01:12:34,550 --> 01:12:31,840

but they would not have known at what

1978

01:12:36,950 --> 01:12:34,560

was what it was fired at where they were

1979

01:12:38,310 --> 01:12:36,960

with the outcome of the firing was

1980

01:12:39,910 --> 01:12:38,320

because they would do they do these

1981

01:12:41,430 --> 01:12:39,920

tests all the time

1982

01:12:43,830 --> 01:12:41,440

we know now that there are tests in

1983

01:12:46,470 --> 01:12:43,840

those waters on july 12th and july 7. we

1984

01:12:49,270 --> 01:12:46,480

have video of a july 12 test right off

1985

01:12:51,110 --> 01:12:49,280

the south coast of long island

1986

01:12:52,310 --> 01:12:51,120

so they they know that a missile is

1987

01:12:53,510 --> 01:12:52,320

fired they could have been 100 miles

1988

01:12:56,390 --> 01:12:53,520

away

1989

01:12:57,990 --> 01:12:56,400

the most interesting uh

1990

01:12:59,510 --> 01:12:58,000

fellow who i've spoken to and i talk

1991

01:13:01,910 --> 01:12:59,520

about him in the book i don't mention

1992

01:13:04,950 --> 01:13:01,920

his name just to protect him

1993

01:13:08,070 --> 01:13:04,960

but he was on a ship called the uss car

1994

01:13:10,070 --> 01:13:08,080

and his ship did not fire a missile but

1995

01:13:11,910 --> 01:13:10,080

he believes fully that his ship was

1996

01:13:14,229 --> 01:13:11,920

involved he knows the date he knows

1997

01:13:16,310 --> 01:13:14,239

where they were and he knows also that

1998

01:13:18,229 --> 01:13:16,320

he was working in the combat information

1999

01:13:19,430 --> 01:13:18,239

center this it's a windowless room and

2000

01:13:21,350 --> 01:13:19,440

it's probably

2001

01:13:22,149 --> 01:13:21,360

half a dozen people there

2002

01:13:24,310 --> 01:13:22,159

and

2003

01:13:27,350 --> 01:13:24,320

he described in detail the orders he got

2004

01:13:28,550 --> 01:13:27,360

to scrub everything right to erase

2005

01:13:30,870 --> 01:13:28,560

everything

2006

01:13:33,110 --> 01:13:30,880

and then he said they went to um

2007

01:13:34,709 --> 01:13:33,120

bermuda afterwards but they weren't

2008

01:13:38,070 --> 01:13:34,719

allowed to disembark

2009

01:13:40,390 --> 01:13:38,080

uh and then i checked the um the log

2010

01:13:41,990 --> 01:13:40,400

call when you say one one yeah that's

2011

01:13:43,270 --> 01:13:42,000

unusual port call to go to bermuda and

2012

01:13:45,350 --> 01:13:43,280

not get off the street and not get off

2013

01:13:47,270 --> 01:13:45,360

the ship that's cruel an unusual people

2014

01:13:49,270 --> 01:13:47,280

will be screaming about that

2015

01:13:51,270 --> 01:13:49,280

that would be in the newspaper right i

2016

01:13:53,510 --> 01:13:51,280

mean but i have to go back to this whole

2017

01:13:55,350 --> 01:13:53,520

idea that you know um let's say we're on

2018

01:13:56,070 --> 01:13:55,360

a ship let's say there's 200 people on

2019

01:13:58,550 --> 01:13:56,080

it

2020

01:13:59,910 --> 01:13:58,560

a missile goes off you know i mean no

2021

01:14:01,430 --> 01:13:59,920

matter whether you're in the combat

2022

01:14:03,189 --> 01:14:01,440

information center or whether you're the

2023

01:14:05,510 --> 01:14:03,199

cook you're going to know a missile has

2024

01:14:07,430 --> 01:14:05,520

just been shot off from your ship either

2025

01:14:08,870 --> 01:14:07,440

you've heard it or people are going to

2026

01:14:11,030 --> 01:14:08,880

tell you that you'll probably feel it

2027

01:14:12,790 --> 01:14:11,040

too you'll feel it so so let's say let's

2028

01:14:15,110 --> 01:14:12,800

say we'll know sure

2029

01:14:16,870 --> 01:14:15,120

so so we're saying that in this you know

2030

01:14:18,390 --> 01:14:16,880

conspiracy of everyone keeping quiet

2031

01:14:21,270 --> 01:14:18,400

just because clinton wants to get

2032

01:14:23,189 --> 01:14:21,280

reelected you have to shut up everybody

2033

01:14:24,870 --> 01:14:23,199

on that ship and shut up everybody in

2034

01:14:26,709 --> 01:14:24,880

there your investigation comes out and

2035

01:14:28,310 --> 01:14:26,719

says that the plane blew up because the

2036

01:14:29,510 --> 01:14:28,320

center tank wasn't filled and there was

2037

01:14:31,189 --> 01:14:29,520

a spark

2038

01:14:32,310 --> 01:14:31,199

and you know you've been part of an

2039

01:14:34,630 --> 01:14:32,320

exercise shooting missiles and you

2040

01:14:37,189 --> 01:14:34,640

haven't had hit any airplanes on on the

2041

01:14:38,709 --> 01:14:37,199

previous days going up to it you you

2042

01:14:40,709 --> 01:14:38,719

tell the crew look you don't talk about

2043

01:14:42,070 --> 01:14:40,719

this this is national well right

2044

01:14:43,510 --> 01:14:42,080

but that doesn't mean it didn't happen

2045

01:14:44,950 --> 01:14:43,520

and then the navy says we didn't do it

2046

01:14:46,550 --> 01:14:44,960

but that doesn't mean that these people

2047

01:14:48,149 --> 01:14:46,560

didn't know that it happened i mean you

2048

01:14:50,070 --> 01:14:48,159

know you're not going to want you're not

2049

01:14:51,189 --> 01:14:50,080

going to wipe their memories they're

2050

01:14:52,950 --> 01:14:51,199

going to know what happened they're

2051  
01:14:54,550 --> 01:14:52,960  
going to they're going to say something

2052  
01:14:55,669 --> 01:14:54,560  
to somebody they would contact people

2053  
01:14:57,750 --> 01:14:55,679  
like jack

2054  
01:15:00,149 --> 01:14:57,760  
well here's here's what i know is that

2055  
01:15:03,510 --> 01:15:00,159  
i've heard from at least 50 second-hand

2056  
01:15:05,510 --> 01:15:03,520  
sources someone told me right

2057  
01:15:07,110 --> 01:15:05,520  
i've only heard from i would say two

2058  
01:15:07,910 --> 01:15:07,120  
first-hand sources

2059  
01:15:10,229 --> 01:15:07,920  
now

2060  
01:15:12,950 --> 01:15:10,239  
the problem with the uh the first-hand

2061  
01:15:14,229 --> 01:15:12,960  
sources a is you know

2062  
01:15:17,189 --> 01:15:14,239  
where would they go with their

2063  
01:15:18,310 --> 01:15:17,199

information no one wanted to hear this

2064

01:15:19,430 --> 01:15:18,320

you know they saw what happened to

2065

01:15:21,030 --> 01:15:19,440

salinger

2066

01:15:23,430 --> 01:15:21,040

another thing is this i talked to people

2067

01:15:25,750 --> 01:15:23,440

who've done missile tests who were

2068

01:15:29,110 --> 01:15:25,760

involved in missile tests and they they

2069

01:15:32,950 --> 01:15:31,270

operations are always classified they

2070

01:15:35,270 --> 01:15:32,960

were always sworn to secrecy for missile

2071

01:15:37,590 --> 01:15:35,280

tests right and then finally you know

2072

01:15:40,310 --> 01:15:37,600

the word i think the uh the current

2073

01:15:42,070 --> 01:15:40,320

english word for omerta the sicilian

2074

01:15:44,149 --> 01:15:42,080

word for silence yes

2075

01:15:45,990 --> 01:15:44,159

is pension

2076

01:15:47,430 --> 01:15:46,000

right i can't tell you

2077

01:15:49,110 --> 01:15:47,440

how many times i've heard the word

2078

01:15:50,630 --> 01:15:49,120

pension used right we hear that all the

2079

01:15:51,910 --> 01:15:50,640

time because we talk to you know

2080

01:15:54,149 --> 01:15:51,920

veterans people who are in the military

2081

01:15:55,590 --> 01:15:54,159

who saw ufos for instance you know right

2082

01:15:57,669 --> 01:15:55,600

they say my pe my pension has been

2083

01:15:59,990 --> 01:15:57,679

threatened but once again just just to

2084

01:16:01,830 --> 01:16:00,000

play devil's advocate and and i i have

2085

01:16:03,189 --> 01:16:01,840

to i've written books too i know what

2086

01:16:04,630 --> 01:16:03,199

it's a pain in the neck to write a book

2087

01:16:06,709 --> 01:16:04,640

agent x has written a book you know what

2088

01:16:09,110 --> 01:16:06,719

it's like sure you know you have to do a

2089

01:16:11,110 --> 01:16:09,120

lot of research in in you know you have

2090

01:16:13,590 --> 01:16:11,120

to do something that you believe in but

2091

01:16:15,430 --> 01:16:13,600

we live in a time where even the guys

2092

01:16:17,430 --> 01:16:15,440

and we said this earlier in the show

2093

01:16:19,110 --> 01:16:17,440

even the guys who whacked bin laden

2094

01:16:21,110 --> 01:16:19,120

sealed team six these people who are not

2095

01:16:22,870 --> 01:16:21,120

supposed to talk about anything anytime

2096

01:16:24,870 --> 01:16:22,880

anywhere for the rest of their lives

2097

01:16:27,350 --> 01:16:24,880

they've written books okay they've been

2098

01:16:30,070 --> 01:16:27,360

on tv they've got publicity they've got

2099

01:16:32,310 --> 01:16:30,080

paid for it so why wouldn't one person

2100

01:16:34,390 --> 01:16:32,320

on this ship that you know launch the

2101

01:16:35,990 --> 01:16:34,400

missile by mistake or whatever you know

2102

01:16:37,830 --> 01:16:36,000

why wouldn't one of them come out why

2103

01:16:40,229 --> 01:16:37,840

wouldn't they get in touch with you

2104

01:16:41,910 --> 01:16:40,239

straight source not safe can they jump

2105

01:16:43,669 --> 01:16:41,920

in on mac here well let him answer it

2106

01:16:45,030 --> 01:16:43,679

first commander

2107

01:16:45,910 --> 01:16:45,040

first of all i'd say that's an excellent

2108

01:16:47,430 --> 01:16:45,920

question i

2109

01:16:49,430 --> 01:16:47,440

i fully

2110

01:16:50,790 --> 01:16:49,440

respect that question and i've had to

2111

01:16:53,750 --> 01:16:50,800

grapple with that

2112

01:16:55,510 --> 01:16:53,760

i would say this in 1996 about 10 of the

2113

01:16:57,189 --> 01:16:55,520

american people were on the internet so

2114

01:16:59,830 --> 01:16:57,199

there was not a natural place for them

2115

01:17:01,350 --> 01:16:59,840

to turn right now if the commander of

2116

01:17:02,709 --> 01:17:01,360

that ship walked into the new york times

2117

01:17:04,709 --> 01:17:02,719

newsroom they wouldn't want to talk to

2118

01:17:06,229 --> 01:17:04,719

him

2119

01:17:07,669 --> 01:17:06,239

at that level to make a difference i

2120

01:17:09,350 --> 01:17:07,679

disagree i think if the commander of

2121

01:17:11,669 --> 01:17:09,360

that ship walked into the new york times

2122

01:17:13,270 --> 01:17:11,679

right now in the middle of this election

2123

01:17:15,430 --> 01:17:13,280

okay seeing because clinton's wife is

2124

01:17:16,870 --> 01:17:15,440

now running for president right they you

2125

01:17:18,310 --> 01:17:16,880

wouldn't see trump on the front page of

2126

01:17:19,189 --> 01:17:18,320

the new york times for three or four

2127

01:17:21,270 --> 01:17:19,199

days

2128

01:17:23,350 --> 01:17:21,280

now you're presuming much too much good

2129

01:17:24,550 --> 01:17:23,360

of the new york times well well then he

2130

01:17:25,910 --> 01:17:24,560

wouldn't go to the new york times he'd

2131

01:17:28,310 --> 01:17:25,920

go to the wall street journal which is

2132

01:17:31,030 --> 01:17:28,320

owned by fox you know he would go to he

2133

01:17:32,229 --> 01:17:31,040

would go on fox news you know he

2134

01:17:33,910 --> 01:17:32,239

wouldn't go to the you're right he

2135

01:17:35,990 --> 01:17:33,920

wouldn't go to 60 minutes he wouldn't go

2136

01:17:37,030 --> 01:17:36,000

to the new york times

2137

01:17:39,030 --> 01:17:37,040

please here's the difference that i'm

2138

01:17:41,350 --> 01:17:39,040

going to give you mac on the bin laden

2139

01:17:43,350 --> 01:17:41,360

raid that was a positive thing that's

2140

01:17:44,950 --> 01:17:43,360

why people came out and talked about it

2141

01:17:46,390 --> 01:17:44,960

right they weren't supposed to talk

2142

01:17:49,189 --> 01:17:46,400

about it though they would they would

2143

01:17:50,790 --> 01:17:49,199

they were sworn to silence those guys

2144

01:17:52,870 --> 01:17:50,800

i'm not disagreeing with that but there

2145

01:17:54,790 --> 01:17:52,880

was some behavior that a lot of people

2146

01:17:57,030 --> 01:17:54,800

in the military saw the president do

2147

01:17:58,630 --> 01:17:57,040

post to that that generated them to go

2148

01:18:00,390 --> 01:17:58,640

forward on this i thought so you're

2149

01:18:02,630 --> 01:18:00,400

blaming obama for the fact that these

2150

01:18:05,510 --> 01:18:02,640

guys went out and cashed in on it

2151  
01:18:08,070 --> 01:18:05,520  
no i'm saying that the the difference in

2152  
01:18:11,189 --> 01:18:08,080  
our the two incidents are black and

2153  
01:18:14,790 --> 01:18:11,199  
white are are night and day in that you

2154  
01:18:16,790 --> 01:18:14,800  
have a tragic mistake that was made

2155  
01:18:18,470 --> 01:18:16,800  
and you did not have the same pervasive

2156  
01:18:20,790 --> 01:18:18,480  
environment where people can go out and

2157  
01:18:23,430 --> 01:18:20,800  
talk about it the way they do now right

2158  
01:18:25,350 --> 01:18:23,440  
and i am not justifying anything that

2159  
01:18:27,350 --> 01:18:25,360  
went on the bin laden right post by

2160  
01:18:29,350 --> 01:18:27,360  
these people talking about went on and

2161  
01:18:31,669 --> 01:18:29,360  
the the the kind of compromising of

2162  
01:18:34,229 --> 01:18:31,679  
security that goes on you do that but it

2163  
01:18:37,270 --> 01:18:34,239

is very fashionable now to throw stuff

2164

01:18:38,709 --> 01:18:37,280

around we i mean a quick parallel to

2165

01:18:40,229 --> 01:18:38,719

that is the

2166

01:18:42,310 --> 01:18:40,239

the remarks that were made about seal

2167

01:18:44,229 --> 01:18:42,320

team six being involved in the bin laden

2168

01:18:46,550 --> 01:18:44,239

raid which led to the extortion one

2169

01:18:51,110 --> 01:18:46,560

seven going down in the valley

2170

01:18:52,390 --> 01:18:51,120

uh on on an age 47 in afghanistan right

2171

01:18:54,630 --> 01:18:52,400

that went on that

2172

01:18:56,870 --> 01:18:54,640

it's easy for me to see why

2173

01:18:59,830 --> 01:18:56,880

no one wants to talk about it and if you

2174

01:19:01,430 --> 01:18:59,840

didn't think your missile hit the uh

2175

01:19:03,590 --> 01:19:01,440

the airplane because it's part of an

2176

01:19:05,910 --> 01:19:03,600

exercise and then an official report

2177

01:19:07,990 --> 01:19:05,920

comes out with beautiful animated

2178

01:19:09,590 --> 01:19:08,000

footage that shows all this you're not

2179

01:19:11,910 --> 01:19:09,600

going to put two and two together and

2180

01:19:13,830 --> 01:19:11,920

the vast majority of people on a boat

2181

01:19:15,030 --> 01:19:13,840

don't know if it hit a target or didn't

2182

01:19:16,470 --> 01:19:15,040

i know but they know that they're in the

2183

01:19:17,510 --> 01:19:16,480

area at the time and they they must know

2184

01:19:18,709 --> 01:19:17,520

the theories i'll tell you we've got to

2185

01:19:20,390 --> 01:19:18,719

take a break

2186

01:19:22,390 --> 01:19:20,400

um you're listening to mac maloney's

2187

01:19:23,750 --> 01:19:22,400

military x-files show i can see his

2188

01:19:26,470 --> 01:19:23,760

picture there and it looks like the

2189

01:19:29,110 --> 01:19:26,480

steam coming out of his ears

2190

01:19:31,350 --> 01:19:29,120

anyway um for the audience that's me not

2191

01:19:33,110 --> 01:19:31,360

uh jack jack's the uh he's the modicum

2192

01:19:35,189 --> 01:19:33,120

of composure i'm the one that's ripping

2193

01:19:37,430 --> 01:19:35,199

out my straight jacket back here mean i

2194

01:19:39,510 --> 01:19:37,440

appreciate you not for the first time

2195

01:19:41,110 --> 01:19:39,520

um we're gonna take a commercial break

2196

01:19:42,390 --> 01:19:41,120

now uh you're listening to mac maloney's

2197

01:19:44,070 --> 01:19:42,400

military x-files show here on the

2198

01:19:46,790 --> 01:19:44,080

distant thunder network we're doing a

2199

01:19:49,590 --> 01:19:46,800

special show on the mystery of flight

2200

01:19:51,510 --> 01:19:49,600

800 twa flight 800 that went down off of

2201

01:19:53,510 --> 01:19:51,520

long island 20 years ago

2202

01:19:54,550 --> 01:19:53,520

so we'll be right back after this stay

2203

01:19:57,830 --> 01:19:54,560

tuned

2204

01:20:00,470 --> 01:19:57,840

america has lost world war iii

2205

01:20:03,030 --> 01:20:00,480

terrorists control the countryside

2206

01:20:09,110 --> 01:20:03,040

air pirates rule our skies

2207

01:20:13,830 --> 01:20:11,350

but just when it seems like freedom is a

2208

01:20:16,390 --> 01:20:13,840

thing of the past a new hero emerges

2209

01:20:18,790 --> 01:20:16,400

from the ashes a true american who

2210

01:20:21,669 --> 01:20:18,800

stands up for what's right a fighter

2211

01:20:30,790 --> 01:20:21,679

pilot who can defeat any foe anytime

2212

01:20:35,910 --> 01:20:33,030

follow the adventures of hot hunter the

2213

01:20:38,470 --> 01:20:35,920

wingman as he fights to revive the idea

2214

01:20:40,870 --> 01:20:38,480

of america through 17 action-packed

2215

01:20:43,990 --> 01:20:40,880

books hunter battles all those who would

2216

01:20:46,390 --> 01:20:44,000

tread on old glory in the air on the sea

2217

01:20:48,870 --> 01:20:46,400

or on the ground his dream is to put the

2218

01:20:51,830 --> 01:20:48,880

united states back together again and

2219

01:20:53,590 --> 01:20:51,840

get laid a lot while he's doing it

2220

01:20:55,669 --> 01:20:53,600

for some of the greatest aerial action

2221

01:20:58,070 --> 01:20:55,679

you'll ever experience

2222

01:21:01,270 --> 01:20:58,080

strap in and hold on

2223

01:21:08,910 --> 01:21:01,280

wingman by mac maloney now available for

2224

01:21:08,920 --> 01:21:38,149

[Music]

2225

01:21:40,950 --> 01:21:39,110

hey welcome back everyone to

2226

01:21:42,550 --> 01:21:40,960

macillonia's military style show here on

2227

01:21:44,709 --> 01:21:42,560

the distant thunder

2228

01:21:46,950 --> 01:21:44,719

radio network this magmalooney and we

2229

01:21:50,550 --> 01:21:46,960

are doing a special presentation tonight

2230

01:21:52,390 --> 01:21:50,560

the mystery of flight twa 800 which went

2231

01:21:53,830 --> 01:21:52,400

down off of long island about 20 years

2232

01:21:56,229 --> 01:21:53,840

ago

2233

01:21:58,070 --> 01:21:56,239

really a mystery as to what happened to

2234

01:22:01,510 --> 01:21:58,080

it it blew up in the sky the the

2235

01:22:03,590 --> 01:22:01,520

official explanation was that it was

2236

01:22:05,990 --> 01:22:03,600

shop lowe's for hot summer savings on

2237

01:22:07,830 --> 01:22:06,000

all things outdoor make your patio a

2238

01:22:09,830 --> 01:22:07,840

happen in hangout for family and friends

2239

01:22:11,990 --> 01:22:09,840

with up to 50 percent off select patio

2240

01:22:13,910 --> 01:22:12,000

furniture and outdoor decor and take

2241

01:22:16,070 --> 01:22:13,920

care of those uninvited weeds and get a

2242

01:22:18,550 --> 01:22:16,080

free refill with purchase of roundup or

2243

01:22:20,390 --> 01:22:18,560

ortho home defense with comfort wand all

2244

01:22:22,470 --> 01:22:20,400

projects have a starting point start

2245

01:22:24,550 --> 01:22:22,480

with lows how do you offer valid while

2246

01:22:30,229 --> 01:22:24,560

supplies last refill offer valid 628

2247

01:22:33,910 --> 01:22:31,830

empty fuel tank

2248

01:22:35,430 --> 01:22:33,920

main fuel tank there were vapors

2249

01:22:37,430 --> 01:22:35,440

involved there was a short circuit it

2250

01:22:39,510 --> 01:22:37,440

blew up so on and so forth a lot of

2251  
01:22:41,669 --> 01:22:39,520  
people really don't buy that explanation

2252  
01:22:44,070 --> 01:22:41,679  
a lot of people saw something going up

2253  
01:22:46,470 --> 01:22:44,080  
from the surface up to the airplane as

2254  
01:22:48,070 --> 01:22:46,480  
if it was missile shooting it down

2255  
01:22:50,470 --> 01:22:48,080  
that missile might have come from a navy

2256  
01:22:52,070 --> 01:22:50,480  
ship inadvertently it might have been

2257  
01:22:53,669 --> 01:22:52,080  
terrorist activity there might have been

2258  
01:22:55,830 --> 01:22:53,679  
a bomb on board we've even talked about

2259  
01:23:00,149 --> 01:22:55,840  
ufo connections to it

2260  
01:23:03,189 --> 01:23:00,159  
20 years ago uh last month on july 1996

2261  
01:23:05,030 --> 01:23:03,199  
the disappearance the mystery of twa

2262  
01:23:07,590 --> 01:23:05,040  
flight 800 in the studio with us tonight

2263  
01:23:09,669 --> 01:23:07,600

the very famous won one is here

2264

01:23:11,350 --> 01:23:09,679

hello matt good show so far i hope so

2265

01:23:13,030 --> 01:23:11,360

got my fingers crossed also commander

2266

01:23:15,430 --> 01:23:13,040

cobra from an undisclosed location

2267

01:23:17,030 --> 01:23:15,440

though it's actually in the next room

2268

01:23:19,030 --> 01:23:17,040

it's still undisclosed still on this

2269

01:23:21,110 --> 01:23:19,040

close okay good evening gentlemen agent

2270

01:23:22,950 --> 01:23:21,120

x is here with us agent x works for a

2271

01:23:25,270 --> 01:23:22,960

company that works very closely with u.s

2272

01:23:26,310 --> 01:23:25,280

intelligence agencies asian x thanks for

2273

01:23:27,990 --> 01:23:26,320

joining us

2274

01:23:30,390 --> 01:23:28,000

thanks for having me mac

2275

01:23:34,149 --> 01:23:30,400

and on the line with us is

2276

01:23:36,790 --> 01:23:34,159

jack cashel who is the author of twa 800

2277

01:23:38,709 --> 01:23:36,800

the crash the cover-up the conspiracy

2278

01:23:41,510 --> 01:23:38,719

you can buy it at your local

2279

01:23:42,390 --> 01:23:41,520

barnes and noble or amazon.com

2280

01:23:44,310 --> 01:23:42,400

um

2281

01:23:45,910 --> 01:23:44,320

very interesting book lots of research

2282

01:23:47,430 --> 01:23:45,920

how long did it take you

2283

01:23:49,350 --> 01:23:47,440

i know you took you told us it took us

2284

01:23:50,629 --> 01:23:49,360

six months you took six months to write

2285

01:23:52,070 --> 01:23:50,639

it but what was the research how long

2286

01:23:55,030 --> 01:23:52,080

did that take well you know i've been

2287

01:23:56,950 --> 01:23:55,040

accumulating information for 16 years

2288

01:23:58,550 --> 01:23:56,960

but the real breakthrough came just

2289

01:24:01,990 --> 01:23:58,560

about a year ago

2290

01:24:04,149 --> 01:24:02,000

when i got access to this amazing cache

2291

01:24:06,629 --> 01:24:04,159

of cia documents that had recently been

2292

01:24:08,470 --> 01:24:06,639

unearthed by another researcher and who

2293

01:24:11,270 --> 01:24:08,480

shared them

2294

01:24:13,189 --> 01:24:11,280

you know i we knew the cia was involved

2295

01:24:15,350 --> 01:24:13,199

we knew the sausage at the end that was

2296

01:24:16,709 --> 01:24:15,360

this video they showed right to close

2297

01:24:18,390 --> 01:24:16,719

the case in which

2298

01:24:21,030 --> 01:24:18,400

they showed a video in which the nose of

2299

01:24:22,629 --> 01:24:21,040

the plane blows off spontaneously from a

2300

01:24:25,189 --> 01:24:22,639

fuel tank explosion

2301

01:24:28,229 --> 01:24:25,199

the plane turns upright like a rocket

2302

01:24:30,709 --> 01:24:28,239

and ascends nearly 5 000 feet

2303

01:24:32,470 --> 01:24:30,719

into space almost straight up right

2304

01:24:33,910 --> 01:24:32,480

confusing the witnesses into thinking

2305

01:24:36,390 --> 01:24:33,920

they saw a missile

2306

01:24:39,110 --> 01:24:36,400

we knew about that what the documents

2307

01:24:41,910 --> 01:24:39,120

show is the way the sausage was made

2308

01:24:45,110 --> 01:24:41,920

they showed that the cia involves itself

2309

01:24:46,310 --> 01:24:45,120

on day one of this investigation

2310

01:24:47,750 --> 01:24:46,320

what makes that all the more

2311

01:24:49,910 --> 01:24:47,760

controversial

2312

01:24:52,550 --> 01:24:49,920

is that if you recall at the 9 11

2313

01:24:54,149 --> 01:24:52,560

commission hearings in 2004

2314

01:24:56,390 --> 01:24:54,159  
they asked george tenet then the

2315

01:24:58,790 --> 01:24:56,400  
director of central intelligence

2316

01:25:00,709 --> 01:24:58,800  
why did we let september 11th happen and

2317

01:25:02,070 --> 01:25:00,719  
he said the single greatest cause was

2318

01:25:03,590 --> 01:25:02,080  
the wall

2319

01:25:06,390 --> 01:25:03,600  
this memorandum that had been written in

2320

01:25:08,550 --> 01:25:06,400  
1995 the year before the crash okay that

2321

01:25:10,229 --> 01:25:08,560  
prevented the cia and the fbi from

2322

01:25:11,189 --> 01:25:10,239  
communicating with each other why would

2323

01:25:12,870 --> 01:25:11,199  
that be

2324

01:25:14,790 --> 01:25:12,880  
and yet tenant oversaw the uh

2325

01:25:16,550 --> 01:25:14,800  
collaboration but why would that be why

2326  
01:25:17,830 --> 01:25:16,560  
wouldn't you want these two agencies

2327  
01:25:19,030 --> 01:25:17,840  
talking to each other it seems like

2328  
01:25:20,950 --> 01:25:19,040  
unnatural

2329  
01:25:22,149 --> 01:25:20,960  
it was yes it was a natural but it was a

2330  
01:25:24,310 --> 01:25:22,159  
legalism

2331  
01:25:28,070 --> 01:25:24,320  
uh and bizarrely the author of the wall

2332  
01:25:29,750 --> 01:25:28,080  
member ms jamie gorelick oversaw the tw

2333  
01:25:31,669 --> 01:25:29,760  
800 investigation from the justice

2334  
01:25:33,830 --> 01:25:31,679  
department perspective she's deputy

2335  
01:25:36,390 --> 01:25:33,840  
attorney general she's rewarded for her

2336  
01:25:37,590 --> 01:25:36,400  
effort with a the most plum job in

2337  
01:25:39,510 --> 01:25:37,600  
washington

2338  
01:25:42,149 --> 01:25:39,520

a vice chair of fannie mae she'll make

2339

01:25:42,950 --> 01:25:42,159

25 million dollars over the next six

2340

01:25:45,990 --> 01:25:42,960

years

2341

01:25:48,629 --> 01:25:46,000

then she steps down to do what

2342

01:25:50,790 --> 01:25:48,639

take a seat on the 911 commission

2343

01:25:52,629 --> 01:25:50,800

and she hears about the wall the wall

2344

01:25:54,550 --> 01:25:52,639

the wall and how problematic the wall

2345

01:25:56,629 --> 01:25:54,560

was it's not until the end of the

2346

01:25:58,870 --> 01:25:56,639

hearings when attorney general john

2347

01:26:00,629 --> 01:25:58,880

ashcroft gets up and says yes he goes

2348

01:26:01,510 --> 01:26:00,639

the greatest obstacle

2349

01:26:03,910 --> 01:26:01,520

uh

2350

01:26:05,750 --> 01:26:03,920

for us when we're trying to solve you

2351  
01:26:07,270 --> 01:26:05,760  
know to fight terrorism before september

2352  
01:26:09,189 --> 01:26:07,280  
11th was the wall

2353  
01:26:12,149 --> 01:26:09,199  
and this is in full disclosure i have to

2354  
01:26:14,550 --> 01:26:12,159  
tell you that the author of this memo

2355  
01:26:16,390 --> 01:26:14,560  
is sitting on the 911 commission she had

2356  
01:26:18,870 --> 01:26:16,400  
never mentioned that

2357  
01:26:19,990 --> 01:26:18,880  
getting scary juan juan has a question

2358  
01:26:22,550 --> 01:26:20,000  
sure

2359  
01:26:25,669 --> 01:26:22,560  
jack with all the confiscation of tapes

2360  
01:26:27,350 --> 01:26:25,679  
videos and whatnot by the feds

2361  
01:26:29,510 --> 01:26:27,360  
aren't there a ton of air traffic

2362  
01:26:31,990 --> 01:26:29,520  
controllers that would have been on duty

2363  
01:26:33,750 --> 01:26:32,000

in that particular sector of uh airspace

2364

01:26:35,189 --> 01:26:33,760

and you know approximately how many

2365

01:26:37,669 --> 01:26:35,199

would there be and are they all in

2366

01:26:39,430 --> 01:26:37,679

hiding uh none of them have come forward

2367

01:26:40,629 --> 01:26:39,440

i've heard from two of them since my

2368

01:26:42,950 --> 01:26:40,639

book came out

2369

01:26:44,470 --> 01:26:42,960

uh and they will not let me use their

2370

01:26:47,270 --> 01:26:44,480

name as one said i have dependent

2371

01:26:49,430 --> 01:26:47,280

children still you know and they're very

2372

01:26:51,669 --> 01:26:49,440

specific about their fears and these

2373

01:26:53,750 --> 01:26:51,679

people are with first-hand information

2374

01:26:55,189 --> 01:26:53,760

fear for more than just their pensions

2375

01:26:57,270 --> 01:26:55,199

they fear for their health and safety

2376

01:26:58,950 --> 01:26:57,280

and those of their children um

2377

01:27:00,950 --> 01:26:58,960

but whether their fears are justified or

2378

01:27:02,550 --> 01:27:00,960

not i can't tell you but they're

2379

01:27:04,470 --> 01:27:02,560

pervasive

2380

01:27:06,550 --> 01:27:04,480

you know throughout the industry people

2381

01:27:08,870 --> 01:27:06,560

who have firsthand information

2382

01:27:11,510 --> 01:27:08,880

for instance i i was able

2383

01:27:13,030 --> 01:27:11,520

uh one of my best contacts and this was

2384

01:27:15,270 --> 01:27:13,040

very helpful

2385

01:27:16,070 --> 01:27:15,280

was a uh this this is within the last

2386

01:27:18,229 --> 01:27:16,080

month

2387

01:27:19,990 --> 01:27:18,239

a fellow who worked for raytheon uh

2388

01:27:22,310 --> 01:27:20,000

which makes the uh was the lead

2389

01:27:24,550 --> 01:27:22,320

contractor in the production of uh

2390

01:27:26,310 --> 01:27:24,560

standard amer you know us standard

2391

01:27:27,830 --> 01:27:26,320

standard two missiles

2392

01:27:29,189 --> 01:27:27,840

and um yeah

2393

01:27:31,430 --> 01:27:29,199

i just interrupt the standard two

2394

01:27:33,270 --> 01:27:31,440

missile that's the designation for the

2395

01:27:35,350 --> 01:27:33,280

type of uh

2396

01:27:37,270 --> 01:27:35,360

missile that the navy ships surface

2397

01:27:39,030 --> 01:27:37,280

ships are carrying right anti-aircraft

2398

01:27:40,709 --> 01:27:39,040

and my uh informants in the navy say

2399

01:27:42,950 --> 01:27:40,719

that's almost assuredly the kind of

2400

01:27:44,310 --> 01:27:42,960

missile that was fired that night i say

2401

01:27:46,950 --> 01:27:44,320

almost assuredly because they can't

2402

01:27:48,550 --> 01:27:46,960

assure me but the anyhow the fellow and

2403

01:27:51,350 --> 01:27:48,560

raytheon worked with the fbi missile

2404

01:27:53,270 --> 01:27:51,360

team and he pointed out to me the fellow

2405

01:27:55,189 --> 01:27:53,280

there was one fellow on the fbi missile

2406

01:27:56,629 --> 01:27:55,199

team who stood up to

2407

01:28:00,950 --> 01:27:56,639

the cia

2408

01:28:03,350 --> 01:28:00,960

they were going to say about all these

2409

01:28:04,070 --> 01:28:03,360

eyewitnesses he refused to buy what they

2410

01:28:05,910 --> 01:28:04,080

said

2411

01:28:08,149 --> 01:28:05,920

this is you know six months into the

2412

01:28:10,629 --> 01:28:08,159

investigation and we know that now

2413

01:28:13,189 --> 01:28:10,639

through the cia memorandum he says to

2414

01:28:15,510 --> 01:28:13,199

them you know there's at least eight

2415

01:28:18,629 --> 01:28:15,520

people who saw a missile hit the

2416

01:28:20,470 --> 01:28:18,639

airplane at least 30 people saw the

2417

01:28:22,310 --> 01:28:20,480

missile going in the opposite direction

2418

01:28:24,470 --> 01:28:22,320

of flight 800. so they couldn't have

2419

01:28:26,229 --> 01:28:24,480

seen it in crippled flight they saw

2420

01:28:27,270 --> 01:28:26,239

something come at it from the opposite

2421

01:28:28,870 --> 01:28:27,280

direction

2422

01:28:30,390 --> 01:28:28,880

and he says until you can clear these up

2423

01:28:33,990 --> 01:28:30,400

and until you can clear up the radar

2424

01:28:35,350 --> 01:28:34,000

data you should absolutely withdraw

2425

01:28:37,430 --> 01:28:35,360

your um

2426

01:28:39,590 --> 01:28:37,440

your analysis which had already been

2427

01:28:40,830 --> 01:28:39,600

approved by tenant and louis free the

2428

01:28:44,310 --> 01:28:40,840

louis free head of the

2429

01:28:48,310 --> 01:28:44,320

fbi uh and so he identified that guy for

2430

01:28:50,629 --> 01:28:48,320

me i was able to find out where he lives

2431

01:28:52,310 --> 01:28:50,639

he wouldn't answer my phone call so i

2432

01:28:53,510 --> 01:28:52,320

wrote an article about him very positive

2433

01:28:54,229 --> 01:28:53,520

article

2434

01:28:56,870 --> 01:28:54,239

and

2435

01:28:58,629 --> 01:28:56,880

i sent him a letter you know so i mean

2436

01:29:00,629 --> 01:28:58,639

whoever would think snail mail would be

2437

01:29:02,390 --> 01:29:00,639

the way to communicate but maybe it is

2438

01:29:04,709 --> 01:29:02,400

i'm still waiting to hear

2439

01:29:06,390 --> 01:29:04,719

i'm not optimistic but at the same time

2440

01:29:07,270 --> 01:29:06,400

this guy his name did surface i'm going

2441

01:29:09,350 --> 01:29:07,280

to tell you his name because it's

2442

01:29:10,709 --> 01:29:09,360

surfaced in his contact his name is

2443

01:29:13,030 --> 01:29:10,719

steve bongard

2444

01:29:16,390 --> 01:29:13,040

in the summer of 2001

2445

01:29:18,870 --> 01:29:16,400

he was desperately warning his superiors

2446

01:29:21,350 --> 01:29:18,880

to break down the wall he said you know

2447

01:29:23,830 --> 01:29:21,360

because what they were they're tracing a

2448

01:29:26,070 --> 01:29:23,840

a known terrorist to be uh a foot in the

2449

01:29:27,110 --> 01:29:26,080

united states his name was al madar

2450

01:29:30,709 --> 01:29:27,120

and in

2451

01:29:32,470 --> 01:29:30,719

late august 2001

2452

01:29:33,990 --> 01:29:32,480

this guy bangart sent a memo to a

2453

01:29:36,229 --> 01:29:34,000

superior saying

2454

01:29:39,350 --> 01:29:36,239

if we're not allowed to go after

2455

01:29:41,910 --> 01:29:39,360

al madar people are going to die

2456

01:29:44,149 --> 01:29:41,920

well two weeks later al madar joined up

2457

01:29:45,910 --> 01:29:44,159

with 18 of his buddies hijacked those

2458

01:29:47,830 --> 01:29:45,920

airplanes and knocked down the world

2459

01:29:50,149 --> 01:29:47,840

trade center

2460

01:29:52,070 --> 01:29:50,159

they could have stopped him they if they

2461

01:29:55,350 --> 01:29:52,080

were allowed to pursue him and they were

2462

01:29:58,149 --> 01:29:55,360

not in the summer of 2001

2463

01:29:59,830 --> 01:29:58,159

that's just it's insanity to me

2464

01:30:01,510 --> 01:29:59,840

yeah you know that these characters are

2465

01:30:04,310 --> 01:30:01,520

in the country you know they're up to

2466

01:30:06,790 --> 01:30:04,320

absolutely no good yet there's you know

2467

01:30:08,709 --> 01:30:06,800

some kind of i don't know i don't even

2468

01:30:11,590 --> 01:30:08,719

know some kind of foolishness where the

2469

01:30:12,950 --> 01:30:11,600

the fbi can't talk protocol protocol

2470

01:30:14,709 --> 01:30:12,960

yeah there's like a legal issue it's

2471

01:30:16,790 --> 01:30:14,719

rightful protection and then it's under

2472

01:30:19,990 --> 01:30:16,800

the guise of some legalism so since the

2473

01:30:22,070 --> 01:30:20,000

legal is the quoted jack why did the cia

2474

01:30:23,750 --> 01:30:22,080

get the nod to lead this investigation

2475

01:30:25,750 --> 01:30:23,760

see that can i just add on to that

2476

01:30:26,629 --> 01:30:25,760

question okay here it is is that

2477

01:30:28,390 --> 01:30:26,639

is that

2478

01:30:30,070 --> 01:30:28,400

you know just on the simple matter of

2479

01:30:32,229 --> 01:30:30,080

things the fbi takes care of stuff

2480

01:30:34,310 --> 01:30:32,239

inside the country the cia takes care of

2481

01:30:35,590 --> 01:30:34,320

stuff outside of the country so if this

2482

01:30:37,590 --> 01:30:35,600

was something that

2483

01:30:39,990 --> 01:30:37,600

they said you know is is vapors in a

2484

01:30:41,669 --> 01:30:40,000

fuel tank why is the cia involved i'm

2485

01:30:43,510 --> 01:30:41,679

basically asking the same question why

2486

01:30:45,189 --> 01:30:43,520

would they be involved in this

2487

01:30:47,110 --> 01:30:45,199

well there is no legitimate reason for

2488

01:30:49,669 --> 01:30:47,120

their involvement we know from their

2489

01:30:51,350 --> 01:30:49,679

documents that the quote is something

2490

01:30:53,830 --> 01:30:51,360

like this the director of intelligent

2491

01:30:55,830 --> 01:30:53,840

involves itself in the missile theory

2492

01:30:57,510 --> 01:30:55,840

from day one

2493

01:31:00,390 --> 01:30:57,520

now here's what we know what happened

2494

01:31:02,550 --> 01:31:00,400

two weeks after the crash

2495

01:31:04,229 --> 01:31:02,560

the missile team the fbi missile team

2496

01:31:06,310 --> 01:31:04,239

and there's only two guys on the fbi

2497

01:31:08,070 --> 01:31:06,320

missile team that have 500 agents on the

2498

01:31:10,470 --> 01:31:08,080

case which is crazy

2499

01:31:12,390 --> 01:31:10,480

and bongart is a naval academy graduate

2500

01:31:15,350 --> 01:31:12,400

a formal naval flyer

2501  
01:31:17,430 --> 01:31:15,360  
and he meets with the cia he and his

2502  
01:31:20,470 --> 01:31:17,440  
partner meet with the cia

2503  
01:31:22,950 --> 01:31:20,480  
on uh the cia

2504  
01:31:25,669 --> 01:31:22,960  
analyst teasingly titles the

2505  
01:31:26,950 --> 01:31:25,679  
uh the summary of this meeting hold the

2506  
01:31:28,790 --> 01:31:26,960  
press

2507  
01:31:32,310 --> 01:31:28,800  
and what happens is that

2508  
01:31:34,629 --> 01:31:32,320  
uh the fbi missile team tells the cia

2509  
01:31:37,430 --> 01:31:34,639  
they've already interviewed 144

2510  
01:31:39,430 --> 01:31:37,440  
excellent their word eyewitnesses the

2511  
01:31:40,709 --> 01:31:39,440  
evidence is overwhelming

2512  
01:31:42,390 --> 01:31:40,719  
their word

2513  
01:31:45,669 --> 01:31:42,400

and it's too consistent for it to be

2514

01:31:47,910 --> 01:31:45,679

anything but a surface-to-air missile

2515

01:31:49,830 --> 01:31:47,920

the cia guy then boasts to his we're

2516

01:31:51,910 --> 01:31:49,840

reading this in the cia's guy who's

2517

01:31:54,149 --> 01:31:51,920

writing these memos he boasts to his

2518

01:31:56,790 --> 01:31:54,159

superior the names are redacted

2519

01:31:58,709 --> 01:31:56,800

that he did his best to discourage

2520

01:32:01,590 --> 01:31:58,719

the fbi from coming forward with its

2521

01:32:04,070 --> 01:32:01,600

report which was all but finished

2522

01:32:06,390 --> 01:32:04,080

well he succeeded the cia someone had

2523

01:32:07,910 --> 01:32:06,400

the cia's back it's clear because two

2524

01:32:10,070 --> 01:32:07,920

weeks later

2525

01:32:12,310 --> 01:32:10,080

when the fbi introduces to the new york

2526

01:32:13,910 --> 01:32:12,320

times the one eyewitness they'll be

2527

01:32:16,070 --> 01:32:13,920

allowed to interview

2528

01:32:18,070 --> 01:32:16,080

he's an eyewitness who saw something out

2529

01:32:19,990 --> 01:32:18,080

of the corner of his eye that struck him

2530

01:32:21,830 --> 01:32:20,000

as being a bomb because it was he didn't

2531

01:32:23,830 --> 01:32:21,840

see the missile trail leading up he just

2532

01:32:26,149 --> 01:32:23,840

saw a bright white flash

2533

01:32:28,070 --> 01:32:26,159

and for a month the fbi ran with the

2534

01:32:30,870 --> 01:32:28,080

bomb and and they said

2535

01:32:33,270 --> 01:32:30,880

at that time and two weeks after the 144

2536

01:32:35,189 --> 01:32:33,280

witnesses were down to fewer than a

2537

01:32:37,990 --> 01:32:35,199

dozen credible witnesses

2538

01:32:40,070 --> 01:32:38,000

and the this one interview the new york

2539

01:32:42,070 --> 01:32:40,080

times did the only interview they would

2540

01:32:44,790 --> 01:32:42,080

do with an eyewitness led them to

2541

01:32:46,870 --> 01:32:44,800

believe that any support for a missile

2542

01:32:48,470 --> 01:32:46,880

theory is collapsing and is almost

2543

01:32:51,830 --> 01:32:48,480

assuredly a bomb

2544

01:32:55,669 --> 01:32:51,840

this is a month after the crash

2545

01:32:58,390 --> 01:32:55,679

um agent x has a question sure

2546

01:33:00,629 --> 01:32:58,400

yeah jack i was uh pretty impressed when

2547

01:33:01,990 --> 01:33:00,639

uh mack told me that you were going to

2548

01:33:03,669 --> 01:33:02,000

be the guest

2549

01:33:05,350 --> 01:33:03,679

because i've followed some of the things

2550

01:33:06,950 --> 01:33:05,360

you've written over the years

2551

01:33:10,229 --> 01:33:06,960

this and others

2552

01:33:13,669 --> 01:33:10,239

and uh i just have a couple of questions

2553

01:33:16,790 --> 01:33:13,679

sure first you started out by saying

2554

01:33:19,510 --> 01:33:16,800

that uh you have two

2555

01:33:21,270 --> 01:33:19,520

um suppositions that you have two

2556

01:33:23,750 --> 01:33:21,280

theories one you're very confident with

2557

01:33:26,550 --> 01:33:23,760

you have high confidence that is that it

2558

01:33:28,149 --> 01:33:26,560

was taken down by a missile

2559

01:33:30,149 --> 01:33:28,159

right and um

2560

01:33:31,669 --> 01:33:30,159

and missile to me means something

2561

01:33:34,229 --> 01:33:31,679

kinetic something

2562

01:33:37,590 --> 01:33:34,239

um that's an impact

2563

01:33:39,669 --> 01:33:37,600

type of thing and and that one that one

2564

01:33:42,709 --> 01:33:39,679

seems pretty squared away

2565

01:33:46,070 --> 01:33:42,719

yeah the second one you said you have

2566

01:33:48,149 --> 01:33:46,080

less confidence and that's but that was

2567

01:33:49,590 --> 01:33:48,159

by it was the us government in this case

2568

01:33:51,750 --> 01:33:49,600

the navy

2569

01:33:53,590 --> 01:33:51,760

so um

2570

01:33:55,669 --> 01:33:53,600

the commander brought up earlier the

2571

01:33:57,430 --> 01:33:55,679

geopolitical situation at the time this

2572

01:33:58,149 --> 01:33:57,440

is 1996.

2573

01:34:02,070 --> 01:33:58,159

right

2574

01:34:05,350 --> 01:34:02,080

the bosnian conflict uh which was

2575

01:34:08,470 --> 01:34:05,360

a major conflict had

2576

01:34:10,709 --> 01:34:08,480

had just kind of concluded with

2577

01:34:13,830 --> 01:34:10,719

uh with with what was going on but

2578

01:34:17,270 --> 01:34:13,840

kosovo was on the way and yet to come

2579

01:34:18,390 --> 01:34:17,280

right at that time um

2580

01:34:20,790 --> 01:34:18,400

uh

2581

01:34:21,750 --> 01:34:20,800

the surface-to-air missiles whether they

2582

01:34:25,110 --> 01:34:21,760

were

2583

01:34:28,550 --> 01:34:25,120

on the cheap side the old soviet sa-7s

2584

01:34:30,830 --> 01:34:28,560

or the chinese hn-1s and the various

2585

01:34:31,750 --> 01:34:30,840

variants of those plus

2586

01:34:34,629 --> 01:34:31,760

the uh

2587

01:34:38,550 --> 01:34:34,639

a large amount of much more

2588

01:34:40,070 --> 01:34:38,560

sophisticated sa-14 and stinger missiles

2589

01:34:41,430 --> 01:34:40,080

that had been

2590

01:34:43,669 --> 01:34:41,440

passed around

2591

01:34:45,189 --> 01:34:43,679

that the low variant cost about seven

2592

01:34:47,430 --> 01:34:45,199

thousand dollars

2593

01:34:48,950 --> 01:34:47,440

in the and the on the black market i'm

2594

01:34:50,149 --> 01:34:48,960

not saying you could walk into my gun

2595

01:34:52,390 --> 01:34:50,159

shop up here

2596

01:34:53,830 --> 01:34:52,400

but on the black market and the high

2597

01:34:57,110 --> 01:34:53,840

variants were

2598

01:35:00,390 --> 01:34:57,120

uh anywhere from 11 000 to 15 000

2599

01:35:01,510 --> 01:35:00,400

right and i understand they both the low

2600

01:35:04,950 --> 01:35:01,520

the

2601  
01:35:05,910 --> 01:35:04,960  
ones

2602  
01:35:06,870 --> 01:35:05,920  
had

2603  
01:35:07,830 --> 01:35:06,880  
were

2604  
01:35:09,669 --> 01:35:07,840  
had

2605  
01:35:12,149 --> 01:35:09,679  
reduced uh

2606  
01:35:13,110 --> 01:35:12,159  
altitude envelopes and so forth

2607  
01:35:15,110 --> 01:35:13,120  
but

2608  
01:35:18,149 --> 01:35:15,120  
they still could do that

2609  
01:35:20,149 --> 01:35:18,159  
and they were all over the place i'm not

2610  
01:35:20,950 --> 01:35:20,159  
saying that's what happened

2611  
01:35:24,310 --> 01:35:20,960  
but

2612  
01:35:26,550 --> 01:35:24,320  
i'm just wondering why you were so

2613  
01:35:30,950 --> 01:35:26,560

uh quick to

2614

01:35:32,950 --> 01:35:30,960

say that it was not either a

2615

01:35:34,550 --> 01:35:32,960

sea-based or

2616

01:35:37,830 --> 01:35:34,560

land-based

2617

01:35:39,910 --> 01:35:37,840

uh man-pads missile that did that

2618

01:35:42,550 --> 01:35:39,920

and

2619

01:35:46,149 --> 01:35:42,560

would that not be more

2620

01:35:47,189 --> 01:35:46,159

likely likely or believable

2621

01:35:49,669 --> 01:35:47,199

than

2622

01:35:51,669 --> 01:35:49,679

that our own government did that

2623

01:35:53,990 --> 01:35:51,679

notwithstanding the pretty nasty

2624

01:35:55,510 --> 01:35:54,000

geopolitical situation going on sure

2625

01:35:58,390 --> 01:35:55,520

well i would say this today it's a good

2626

01:36:00,229 --> 01:35:58,400

question uh when i first got into this i

2627

01:36:01,669 --> 01:36:00,239

i presumed it was a terrorist and i was

2628

01:36:03,669 --> 01:36:01,679

kind of you know you have a kind of

2629

01:36:05,990 --> 01:36:03,679

confirmation bias when you enter an

2630

01:36:07,590 --> 01:36:06,000

investigation you would i would rather

2631

01:36:08,830 --> 01:36:07,600

it have been a terrorist

2632

01:36:11,990 --> 01:36:08,840

i was very

2633

01:36:13,990 --> 01:36:12,000

uncomfortable with accusing the navy of

2634

01:36:15,350 --> 01:36:14,000

being responsible

2635

01:36:17,510 --> 01:36:15,360

but a couple things

2636

01:36:19,430 --> 01:36:17,520

come into play here one thing is we know

2637

01:36:22,390 --> 01:36:19,440

in 1988

2638

01:36:25,030 --> 01:36:22,400

we more or less accidentally shot down

2639

01:36:27,110 --> 01:36:25,040

an iranian airbus filled with you know

2640

01:36:28,629 --> 01:36:27,120

commercial passengers right killed about

2641

01:36:29,750 --> 01:36:28,639

300 people

2642

01:36:31,510 --> 01:36:29,760

uh

2643

01:36:34,229 --> 01:36:31,520

we also know that the navy did a pretty

2644

01:36:35,510 --> 01:36:34,239

good job of trying to no one no one gets

2645

01:36:37,110 --> 01:36:35,520

goes to prison by the way you know if

2646

01:36:38,870 --> 01:36:37,120

your cop shoots someone accidentally he

2647

01:36:40,870 --> 01:36:38,880

goes to prison for the rest of his life

2648

01:36:42,790 --> 01:36:40,880

if a navy guy shoots down a plane with

2649

01:36:44,950 --> 01:36:42,800

300 people accidentally he gets a

2650

01:36:46,470 --> 01:36:44,960

training gig where no one sees it again

2651

01:36:48,629 --> 01:36:46,480

hey if wall street bank has you know

2652

01:36:50,470 --> 01:36:48,639

almost collapsed the government you know

2653

01:36:52,709 --> 01:36:50,480

martha stewart goes to jail

2654

01:36:54,870 --> 01:36:52,719

right exactly so what we know too is in

2655

01:36:57,750 --> 01:36:54,880

1992 i heard this from one of one of the

2656

01:36:59,750 --> 01:36:57,760

guys who was involved just a week ago

2657

01:37:01,910 --> 01:36:59,760

i didn't even know about this case

2658

01:37:03,990 --> 01:37:01,920

was that uh in the by the way in the

2659

01:37:06,709 --> 01:37:04,000

iranian case the airbus

2660

01:37:09,030 --> 01:37:06,719

uh the captain will rogers who might

2661

01:37:10,950 --> 01:37:09,040

contact say was trigger happy

2662

01:37:12,790 --> 01:37:10,960

pulled the trigger i mean he consciously

2663

01:37:14,310 --> 01:37:12,800

pulled the trigger and misinterpreted

2664

01:37:17,109 --> 01:37:14,320

all the data

2665

01:37:18,709 --> 01:37:17,119

the second case there was total accident

2666

01:37:21,430 --> 01:37:18,719

they couldn't believe they had done it

2667

01:37:24,070 --> 01:37:21,440

it was a lie accidental live fire during

2668

01:37:26,870 --> 01:37:24,080

a nato exercise off the coast of turkey

2669

01:37:29,270 --> 01:37:26,880

in which uh the uss saratoga

2670

01:37:31,750 --> 01:37:29,280

uh took out the command center of

2671

01:37:32,950 --> 01:37:31,760

a turkish uh cruiser right and killed

2672

01:37:35,990 --> 01:37:32,960

five people

2673

01:37:37,270 --> 01:37:36,000

that was in 92. uh so these accidents

2674

01:37:39,109 --> 01:37:37,280

can happen

2675

01:37:41,669 --> 01:37:39,119

what i would say with the uh all

2676  
01:37:44,470 --> 01:37:41,679  
together 100 confidence and navy was

2677  
01:37:46,709 --> 01:37:44,480  
doing exercises there so if there were a

2678  
01:37:49,510 --> 01:37:46,719  
terrorist involved it would almost

2679  
01:37:50,550 --> 01:37:49,520  
assuredly been at sea because of the

2680  
01:37:53,350 --> 01:37:50,560  
distance

2681  
01:37:55,430 --> 01:37:53,360  
uh the plane's at 13 000 plus feet

2682  
01:37:56,149 --> 01:37:55,440  
they're 10 miles off the coast

2683  
01:37:57,669 --> 01:37:56,159  
it's

2684  
01:37:59,910 --> 01:37:57,679  
i'm not sure there's a man pad that's

2685  
01:38:02,950 --> 01:37:59,920  
been made that could go 10 miles out in

2686  
01:38:04,870 --> 01:38:02,960  
13 000 feet up and still be effective

2687  
01:38:07,430 --> 01:38:04,880  
there might be i just it just and the

2688  
01:38:09,750 --> 01:38:07,440

outside of that envelope however for at

2689

01:38:12,149 --> 01:38:09,760

sea is another issue so i don't rule

2690

01:38:14,629 --> 01:38:12,159

that out but it would have been clever

2691

01:38:16,950 --> 01:38:14,639

enough to infiltrate this naval exercise

2692

01:38:18,070 --> 01:38:16,960

then hightail it added there

2693

01:38:20,229 --> 01:38:18,080

uh

2694

01:38:22,390 --> 01:38:20,239

to um to

2695

01:38:24,790 --> 01:38:22,400

cast the blame on the u.s navy that's

2696

01:38:26,390 --> 01:38:24,800

why i give that a very small window of

2697

01:38:27,430 --> 01:38:26,400

possibility but not

2698

01:38:28,629 --> 01:38:27,440

totally

2699

01:38:30,390 --> 01:38:28,639

impossible

2700

01:38:32,950 --> 01:38:30,400

we also talked about that no terrorist

2701  
01:38:34,390 --> 01:38:32,960  
group claim responsibility for it so you

2702  
01:38:36,390 --> 01:38:34,400  
know why do it if you don't claim

2703  
01:38:37,830 --> 01:38:36,400  
responsibility for it well some groups

2704  
01:38:39,910 --> 01:38:37,840  
did actually but that you know for

2705  
01:38:41,990 --> 01:38:39,920  
instance ramsay yousef was on trial

2706  
01:38:43,510 --> 01:38:42,000  
that very day in new york city

2707  
01:38:44,550 --> 01:38:43,520  
he was the guy who blew up the world

2708  
01:38:47,189 --> 01:38:44,560  
trade center

2709  
01:38:49,189 --> 01:38:47,199  
had been um convicted of that

2710  
01:38:52,149 --> 01:38:49,199  
and was on trial for bojinka that the

2711  
01:38:53,590 --> 01:38:52,159  
plot that would blow up airlines in fact

2712  
01:38:55,189 --> 01:38:53,600  
and the ultimate another the ultimate

2713  
01:38:56,950 --> 01:38:55,199

definition of spy he threw himself on

2714

01:38:58,629 --> 01:38:56,960

the mercy of the court saying there is

2715

01:39:00,709 --> 01:38:58,639

certainly a bias now against people who

2716

01:39:02,629 --> 01:39:00,719

blow up airplanes yeah you know well he

2717

01:39:03,669 --> 01:39:02,639

was right there wasn't he yeah

2718

01:39:05,350 --> 01:39:03,679

well

2719

01:39:06,550 --> 01:39:05,360

jack i got to interject that's the

2720

01:39:08,709 --> 01:39:06,560

second time the word hutzpa in the

2721

01:39:11,030 --> 01:39:08,719

modern definition uh that's another

2722

01:39:12,790 --> 01:39:11,040

variant coming in and i just love to add

2723

01:39:14,149 --> 01:39:12,800

the ironic twist that we're talking

2724

01:39:15,669 --> 01:39:14,159

about muslims and you're using the

2725

01:39:17,510 --> 01:39:15,679

jewish yiddish

2726

01:39:19,109 --> 01:39:17,520

uh mazel tov you know what i mean that

2727

01:39:20,149 --> 01:39:19,119

was just beautiful what it was well one

2728

01:39:21,669 --> 01:39:20,159

second

2729

01:39:24,709 --> 01:39:21,679

dot com and i found that i'm one percent

2730

01:39:28,790 --> 01:39:27,430

i have to drop these words

2731

01:39:30,870 --> 01:39:28,800

commander now that you've said it what

2732

01:39:33,189 --> 01:39:30,880

is uh what was your explanation earlier

2733

01:39:35,109 --> 01:39:33,199

at our radio meeting for the definition

2734

01:39:36,629 --> 01:39:35,119

of the guy kills his parents yes oh yeah

2735

01:39:38,229 --> 01:39:36,639

and then goes to court and fleets of the

2736

01:39:44,709 --> 01:39:38,239

judge i'm an orphan take mercy on me

2737

01:39:52,470 --> 01:39:47,189

oh my god yeah thanks that's why we pay

2738

01:39:55,030 --> 01:39:53,510

okay

2739

01:39:56,950 --> 01:39:55,040

long road for that one

2740

01:39:58,550 --> 01:39:56,960

jack let me ask you this okay now in all

2741

01:39:59,590 --> 01:39:58,560

this discussion that we've had tonight

2742

01:40:00,709 --> 01:39:59,600

already

2743

01:40:02,229 --> 01:40:00,719

uh

2744

01:40:03,990 --> 01:40:02,239

no one is brought up or no one has

2745

01:40:05,750 --> 01:40:04,000

conjectured that hey maybe there might

2746

01:40:07,510 --> 01:40:05,760

have been a bomb on board and wasn't

2747

01:40:09,830 --> 01:40:07,520

there some kind of um

2748

01:40:11,910 --> 01:40:09,840

finding later on that they found like um

2749

01:40:14,390 --> 01:40:11,920

you know residue on one of the seats

2750

01:40:15,510 --> 01:40:14,400

that had something to do with you know

2751

01:40:17,430 --> 01:40:15,520

um

2752

01:40:19,030 --> 01:40:17,440

uh explosives

2753

01:40:20,629 --> 01:40:19,040

and then someone said well you know they

2754

01:40:22,790 --> 01:40:20,639

did a training exercise or they actually

2755

01:40:24,229 --> 01:40:22,800

brought real explosives on the plane so

2756

01:40:26,709 --> 01:40:24,239

the dog could sniff them or whatever

2757

01:40:28,470 --> 01:40:26,719

what about the bomb on board theory

2758

01:40:31,270 --> 01:40:28,480

well you know what happened is that as i

2759

01:40:32,870 --> 01:40:31,280

suggested earlier uh the

2760

01:40:34,629 --> 01:40:32,880

the administration decided at some point

2761

01:40:36,870 --> 01:40:34,639

it could live with a bomb

2762

01:40:39,109 --> 01:40:36,880

so that is when the cia drilled down the

2763

01:40:41,270 --> 01:40:39,119

fbi missile team and and basically

2764

01:40:43,189 --> 01:40:41,280

forced them to go with a bomb scenario

2765

01:40:47,109 --> 01:40:43,199

yes there was explosive residue found on

2766

01:40:48,070 --> 01:40:47,119

the plane art uh rdx petn and for a

2767

01:40:51,590 --> 01:40:48,080

month

2768

01:40:53,109 --> 01:40:51,600

the new york times rode that hard on

2769

01:40:54,950 --> 01:40:53,119

august 23rd

2770

01:40:56,550 --> 01:40:54,960

the headline above the fold in new york

2771

01:40:58,950 --> 01:40:56,560

times was

2772

01:41:02,870 --> 01:40:58,960

uh prime evidence found that explosive

2773

01:41:04,950 --> 01:41:02,880

device uh in cabin destroys twa 800.

2774

01:41:05,990 --> 01:41:04,960

you know so they were they were hedging

2775

01:41:07,910 --> 01:41:06,000

their bets a little bit but they were

2776

01:41:09,189 --> 01:41:07,920

saying it's the evidence is overwhelming

2777

01:41:11,350 --> 01:41:09,199

that it's a bomb

2778

01:41:14,070 --> 01:41:11,360

and a but a small outside possibility is

2779

01:41:16,310 --> 01:41:14,080

a missile but at this time no one knew

2780

01:41:19,189 --> 01:41:16,320

about the eyewitnesses except for the

2781

01:41:21,510 --> 01:41:19,199

cia and the fbi missile team all that

2782

01:41:24,070 --> 01:41:21,520

talk had been suppressed so bomb made

2783

01:41:25,750 --> 01:41:24,080

sense and this was just before at this

2784

01:41:27,910 --> 01:41:25,760

time only 10 of the american people were

2785

01:41:29,109 --> 01:41:27,920

on the internet so they weren't aware

2786

01:41:30,950 --> 01:41:29,119

you know they weren't talking to each

2787

01:41:33,350 --> 01:41:30,960

other they could never have gotten away

2788

01:41:36,070 --> 01:41:33,360

with this today

2789

01:41:38,950 --> 01:41:36,080

and so they rode that with a bomb

2790

01:41:40,950 --> 01:41:38,960

and then on on august 23rd the day the

2791

01:41:43,590 --> 01:41:40,960

time was ran with that headline

2792

01:41:46,629 --> 01:41:43,600

the faa was ordered to look all over the

2793

01:41:49,270 --> 01:41:46,639

world to see if they could find the time

2794

01:41:53,189 --> 01:41:49,280

when the tw 800 plane

2795

01:41:54,870 --> 01:41:53,199

uh was used for a dog training exercise

2796

01:41:56,390 --> 01:41:54,880

in which explosive

2797

01:41:57,590 --> 01:41:56,400

training aids would be placed throughout

2798

01:42:00,550 --> 01:41:57,600

the plane

2799

01:42:03,270 --> 01:42:00,560

they finally thought they found one and

2800

01:42:05,350 --> 01:42:03,280

they found what they discovered was on

2801  
01:42:07,830 --> 01:42:05,360  
on six weeks or before the crash on june

2802  
01:42:11,270 --> 01:42:07,840  
10th in saint louis a dog training

2803  
01:42:13,350 --> 01:42:11,280  
exercise had taken place on a wide body

2804  
01:42:15,030 --> 01:42:13,360  
and they only gave the designation wide

2805  
01:42:16,870 --> 01:42:15,040  
body in the time

2806  
01:42:18,310 --> 01:42:16,880  
well without even talking to the police

2807  
01:42:21,030 --> 01:42:18,320  
officer in question

2808  
01:42:22,870 --> 01:42:21,040  
i neither the fbi nor the new york times

2809  
01:42:24,870 --> 01:42:22,880  
bothered to talk to him i was the first

2810  
01:42:27,109 --> 01:42:24,880  
one to talk to him six years later

2811  
01:42:29,669 --> 01:42:27,119  
they ran with the story

2812  
01:42:31,189 --> 01:42:29,679  
sloppy training exercise explains all

2813  
01:42:33,109 --> 01:42:31,199

the bomb res

starting point start with lows offer

2825

01:43:00,310 --> 01:42:56,239

valve 75 through 717 selection varies by

2826

01:43:05,270 --> 01:43:02,070

to do you know

2827

01:43:08,709 --> 01:43:05,280

but in fact we could prove easily

2828

01:43:11,030 --> 01:43:08,719

that the plane in question the tw 800

2829

01:43:13,430 --> 01:43:11,040

plane all the officer designated was his

2830

01:43:14,950 --> 01:43:13,440

time and wide body well he finished at

2831

01:43:18,070 --> 01:43:14,960

12 15

2832

01:43:19,910 --> 01:43:18,080

and an empty plane at 12 30 that plane

2833

01:43:21,910 --> 01:43:19,920

was backing out of the gate with 400

2834

01:43:22,709 --> 01:43:21,920

people on board bound for hawaii didn't

2835

01:43:25,830 --> 01:43:22,719

happen

2836

01:43:27,430 --> 01:43:25,840

sitting next to it was a uh an empty

2837

01:43:30,709 --> 01:43:27,440

747.

2838

01:43:33,350 --> 01:43:30,719

now the fbi said oh he remembered what

2839

01:43:35,189 --> 01:43:33,360

gate he was at right so the interview

2840

01:43:36,870 --> 01:43:35,199

just stopped three months later and he's

2841

01:43:39,430 --> 01:43:36,880

supposed to remember what gate did the

2842

01:43:41,590 --> 01:43:39,440

training exercise the rain man couldn't

2843

01:43:44,070 --> 01:43:41,600

remember that you know

2844

01:43:46,470 --> 01:43:44,080

so um and it would have to have been a

2845

01:43:47,750 --> 01:43:46,480

substantial bomb for what people saw

2846

01:43:49,270 --> 01:43:47,760

happen right

2847

01:43:52,629 --> 01:43:49,280

yeah i mean it's not a bomb i mean it's

2848

01:43:55,350 --> 01:43:52,639

just that was just a bogus uh

2849

01:43:57,030 --> 01:43:55,360

you know sort of diversion that the fbi

2850

01:43:58,709 --> 01:43:57,040

and the administration ran on the

2851  
01:44:01,030 --> 01:43:58,719  
american public because

2852  
01:44:02,709 --> 01:44:01,040  
a bomb you could do things about you can

2853  
01:44:04,229 --> 01:44:02,719  
you can you know you can

2854  
01:44:06,229 --> 01:44:04,239  
put in and they did put in tougher

2855  
01:44:08,070 --> 01:44:06,239  
regulations that's when they instituted

2856  
01:44:09,669 --> 01:44:08,080  
all these like screening devices and all

2857  
01:44:14,390 --> 01:44:09,679  
that sort of stuff a lot of that went

2858  
01:44:15,350 --> 01:44:14,400  
into place after 19 after uh twa 800.

2859  
01:44:16,550 --> 01:44:15,360  
jack

2860  
01:44:17,910 --> 01:44:16,560  
with all the

2861  
01:44:20,470 --> 01:44:17,920  
fragments that were

2862  
01:44:22,470 --> 01:44:20,480  
found and put together don't you think

2863  
01:44:24,070 --> 01:44:22,480

that there would be some residue

2864

01:44:26,070 --> 01:44:24,080

from the device

2865

01:44:27,990 --> 01:44:26,080

that took out the

2866

01:44:31,109 --> 01:44:28,000

the plane this this the missile one of

2867

01:44:33,270 --> 01:44:31,119

the two missiles or something crap

2868

01:44:36,229 --> 01:44:33,280

you know powder or something i just

2869

01:44:39,109 --> 01:44:36,239

stumbled on across an fbi report just uh

2870

01:44:39,990 --> 01:44:39,119

two days ago i had never seen it before

2871

01:44:41,830 --> 01:44:40,000

and

2872

01:44:43,590 --> 01:44:41,840

first of all it acknowledged that there

2873

01:44:45,109 --> 01:44:43,600

were several parts of the plane that had

2874

01:44:47,109 --> 01:44:45,119

been found with explosive residue and it

2875

01:44:50,950 --> 01:44:47,119

was very thorough and and they they said

2876

01:44:52,550 --> 01:44:50,960

what it was ptn rdx nitroglycerin etc

2877

01:44:53,430 --> 01:44:52,560

then i saw something i'd never seen

2878

01:44:56,390 --> 01:44:53,440

before

2879

01:44:57,990 --> 01:44:56,400

they assigned an fbi agent to review all

2880

01:44:59,510 --> 01:44:58,000

the holes and the

2881

01:45:01,910 --> 01:44:59,520

and the fuselage

2882

01:45:04,470 --> 01:45:01,920

and these are holes all of these holes

2883

01:45:07,030 --> 01:45:04,480

were holes from the outside in

2884

01:45:09,750 --> 01:45:07,040

and some of them were they distinguished

2885

01:45:11,990 --> 01:45:09,760

them between holes in which the

2886

01:45:14,070 --> 01:45:12,000

the metal was blown out right and others

2887

01:45:16,070 --> 01:45:14,080

in which the metal was simply bent in

2888

01:45:16,990 --> 01:45:16,080

but they're all from the outside in i

2889

01:45:19,669 --> 01:45:17,000  
counted

2890

01:45:20,470 --> 01:45:19,679  
116 holes

2891

01:45:22,550 --> 01:45:20,480  
um

2892

01:45:24,790 --> 01:45:22,560  
it also happens that 116 pieces of the

2893

01:45:26,470 --> 01:45:24,800  
plane were sent to the fbi lab and never

2894

01:45:27,830 --> 01:45:26,480  
seen again i don't know that may just be

2895

01:45:30,070 --> 01:45:27,840  
a critical coincidence

2896

01:45:32,229 --> 01:45:30,080  
um there's 116 different holes and this

2897

01:45:33,590 --> 01:45:32,239  
guy accounted for a big spreadsheet he

2898

01:45:35,590 --> 01:45:33,600  
you know these guys are doing a good job

2899

01:45:37,510 --> 01:45:35,600  
they think they're doing the right thing

2900

01:45:39,990 --> 01:45:37,520  
and then their bit their little bit that

2901  
01:45:43,030 --> 01:45:40,000  
they work on gets lost or gets you know

2902  
01:45:45,109 --> 01:45:43,040  
uh shunt to the side but no that that

2903  
01:45:46,870 --> 01:45:45,119  
whole thing of notion of no physical

2904  
01:45:49,030 --> 01:45:46,880  
evidence was a croc from the beginning

2905  
01:45:52,070 --> 01:45:49,040  
commander

2906  
01:45:53,590 --> 01:45:52,080  
i uh i'm i'm an amazement man listening

2907  
01:45:56,229 --> 01:45:53,600  
to the whole thing

2908  
01:45:59,590 --> 01:45:56,239  
i i think that we have uh

2909  
01:46:01,669 --> 01:45:59,600  
a preponderance of enough facts

2910  
01:46:03,350 --> 01:46:01,679  
that i believe that the internet where

2911  
01:46:05,030 --> 01:46:03,360  
it is now

2912  
01:46:07,990 --> 01:46:05,040  
20 years later is going to probably

2913  
01:46:09,430 --> 01:46:08,000

drive sufficient information coming out

2914

01:46:11,510 --> 01:46:09,440

um i

2915

01:46:13,109 --> 01:46:11,520

don't think anybody and i

2916

01:46:15,109 --> 01:46:13,119

we talked about the possibility of

2917

01:46:17,189 --> 01:46:15,119

assassination would someone sanction

2918

01:46:19,270 --> 01:46:17,199

some kind of a shot like this

2919

01:46:20,950 --> 01:46:19,280

and i do think we're at a point as a

2920

01:46:23,189 --> 01:46:20,960

civilization that they would do it but

2921

01:46:26,709 --> 01:46:23,199

it seems obvious after hearing jack lay

2922

01:46:28,629 --> 01:46:26,719

out most of the case as he has that this

2923

01:46:30,629 --> 01:46:28,639

is probably an accident and we're not

2924

01:46:32,629 --> 01:46:30,639

gonna own up to it

2925

01:46:35,189 --> 01:46:32,639

um

2926

01:46:37,109 --> 01:46:35,199

when you saw the cia animation i

2927

01:46:38,790 --> 01:46:37,119

remember i was just like watching tv one

2928

01:46:40,390 --> 01:46:38,800

night and it was like the discovery

2929

01:46:41,590 --> 01:46:40,400

channel or the national geographic

2930

01:46:43,430 --> 01:46:41,600

channel or something they said well

2931

01:46:45,910 --> 01:46:43,440

here's you know what the cia put

2932

01:46:46,870 --> 01:46:45,920

together on this um you know on on what

2933

01:46:49,350 --> 01:46:46,880

happened

2934

01:46:51,030 --> 01:46:49,360

and as you said it showed and i'll tell

2935

01:46:52,790 --> 01:46:51,040

you the animation was great that was the

2936

01:46:54,229 --> 01:46:52,800

disney channel

2937

01:46:56,070 --> 01:46:54,239

it looked like disney you know it looked

2938

01:46:57,750 --> 01:46:56,080

real and they said you know they show it

2939

01:46:59,750 --> 01:46:57,760

and they say well you know it blew up

2940

01:47:01,990 --> 01:46:59,760

and and and the the major part of the

2941

01:47:02,709 --> 01:47:02,000

airplane like when streaking

2942

01:47:04,950 --> 01:47:02,719

up

2943

01:47:06,310 --> 01:47:04,960

a mile or something and the front part

2944

01:47:08,070 --> 01:47:06,320

fell off and everything you're watching

2945

01:47:10,070 --> 01:47:08,080

you know this is just so beautifully

2946

01:47:11,990 --> 01:47:10,080

done but it just doesn't make sense it

2947

01:47:13,510 --> 01:47:12,000

almost like it didn't make sense

2948

01:47:15,189 --> 01:47:13,520

industrial light and magic can do

2949

01:47:17,910 --> 01:47:15,199

wonderful things in those studios with

2950

01:47:19,510 --> 01:47:17,920

silicon valley right but i mean in fact

2951

01:47:21,430 --> 01:47:19,520

there are two things that set aviators

2952

01:47:23,350 --> 01:47:21,440

off one is that what they call the zoom

2953

01:47:25,350 --> 01:47:23,360

climb the cartoon the question we just

2954

01:47:27,350 --> 01:47:25,360

talked about every aviator i've ever

2955

01:47:28,790 --> 01:47:27,360

talked to i'm not a technical person i i

2956

01:47:30,629 --> 01:47:28,800

don't you know

2957

01:47:31,750 --> 01:47:30,639

when i i speak to pilot groups i say

2958

01:47:33,270 --> 01:47:31,760

everyone in this room knows more than i

2959

01:47:35,990 --> 01:47:33,280

do let's start with that when it comes

2960

01:47:37,750 --> 01:47:36,000

to technical questions but they were

2961

01:47:39,590 --> 01:47:37,760

appalled by that

2962

01:47:42,310 --> 01:47:39,600

every one of them i talked to said

2963

01:47:43,830 --> 01:47:42,320

absolutely impossible you know from a

2964

01:47:46,310 --> 01:47:43,840

narrow dynamic point of view when it

2965

01:47:47,830 --> 01:47:46,320

falls off and you jet up 5 000 no it

2966

01:47:49,910 --> 01:47:47,840

doesn't happen and i read all the

2967

01:47:51,669 --> 01:47:49,920

eyewitness statements none of them saw

2968

01:47:54,229 --> 01:47:51,679

that including the other pilots in the

2969

01:47:55,910 --> 01:47:54,239

sky both below it and above it none of

2970

01:47:57,350 --> 01:47:55,920

them saw it they all said it fell right

2971

01:47:59,350 --> 01:47:57,360

out of the sky

2972

01:48:01,350 --> 01:47:59,360

the other thing that appalls

2973

01:48:03,750 --> 01:48:01,360

and it's hard because in the last month

2974

01:48:06,390 --> 01:48:03,760

i must have heard from 20 people

2975

01:48:07,830 --> 01:48:06,400

who worked inside fuel tanks a lot of

2976

01:48:09,910 --> 01:48:07,840

them were technicians mechanics

2977

01:48:12,470 --> 01:48:09,920

engineers some said you know pilots

2978

01:48:17,270 --> 01:48:12,480

themselves they said the notion

2979

01:48:18,470 --> 01:48:17,280

that a 747 fuel tank could spontaneously

2980

01:48:20,629 --> 01:48:18,480

explode

2981

01:48:22,950 --> 01:48:20,639

is and one guy said when i heard that

2982

01:48:25,830 --> 01:48:22,960

explanation made me sick to my stomach

2983

01:48:27,510 --> 01:48:25,840

he said it is impossible enough said it

2984

01:48:28,470 --> 01:48:27,520

cannot happen

2985

01:48:29,750 --> 01:48:28,480

right and

2986

01:48:33,990 --> 01:48:29,760

uh well like you said there were too

2987

01:48:37,990 --> 01:48:36,709

this guy john calstrom right now um he

2988

01:48:39,669 --> 01:48:38,000

was the guy who

2989

01:48:41,510 --> 01:48:39,679

was his name

2990

01:48:43,830 --> 01:48:41,520

jim calhoun

2991

01:48:45,910 --> 01:48:43,840

he was the uh oh don't blame us and he

2992

01:48:47,270 --> 01:48:45,920

was the lead guy like on 911 that's

2993

01:48:48,790 --> 01:48:47,280

where he got a lot of face time during

2994

01:48:51,510 --> 01:48:48,800

911 right

2995

01:48:53,030 --> 01:48:51,520

sure did he's now still the fox's terror

2996

01:48:55,109 --> 01:48:53,040

guy you know he's their go-to guy in

2997

01:48:56,149 --> 01:48:55,119

terror so here's the thing is that you

2998

01:48:58,229 --> 01:48:56,159

know

2999

01:49:00,229 --> 01:48:58,239

he was the guy he was out there in the

3000

01:49:02,709 --> 01:49:00,239

lead saying that this was you know the

3001

01:49:05,910 --> 01:49:02,719

fuel tank blah blah blah

3002

01:49:07,830 --> 01:49:05,920

so on and um uh

3003

01:49:09,510 --> 01:49:07,840

he stayed in his job

3004

01:49:10,709 --> 01:49:09,520

right and he went on to let's say bigger

3005

01:49:12,709 --> 01:49:10,719

and better things if you want to call

3006

01:49:15,350 --> 01:49:12,719

face time bigger and better things

3007

01:49:17,669 --> 01:49:15,360

okay i mean has anyone ever like really

3008

01:49:19,350 --> 01:49:17,679

sat this guy down and say

3009

01:49:21,109 --> 01:49:19,360

you know hey listen

3010

01:49:22,950 --> 01:49:21,119

we have evidence here that you know the

3011

01:49:26,070 --> 01:49:22,960

part of the wreckage has lots of holes

3012

01:49:27,350 --> 01:49:26,080

you know it looks like shrapnel okay

3013

01:49:29,510 --> 01:49:27,360

we have lots of people who look at the

3014

01:49:32,070 --> 01:49:29,520

cia cartoon and they think it's great

3015

01:49:34,790 --> 01:49:32,080

but it makes no sense aerodynamically

3016

01:49:36,950 --> 01:49:34,800

okay i mean we have all these witnesses

3017

01:49:38,950 --> 01:49:36,960

people who are veterans you know said

3018

01:49:40,950 --> 01:49:38,960

that's a missile shot we have people who

3019

01:49:43,430 --> 01:49:40,960

are in airplanes other airline pilots

3020

01:49:45,270 --> 01:49:43,440

who you know do not buy this explanation

3021

01:49:47,430 --> 01:49:45,280

has anyone has he ever really been

3022

01:49:49,510 --> 01:49:47,440

grilled is my question no he has not

3023

01:49:50,550 --> 01:49:49,520

good question uh i would love to sit

3024

01:49:52,229 --> 01:49:50,560

down with him

3025

01:49:54,390 --> 01:49:52,239

uh here's what what's interesting i

3026

01:49:55,669 --> 01:49:54,400

think he's the the weak link in the

3027

01:49:57,830 --> 01:49:55,679

whole

3028

01:49:59,750 --> 01:49:57,840

suppression of information chain he

3029

01:50:02,149 --> 01:49:59,760

didn't want to do this

3030

01:50:03,510 --> 01:50:02,159

he was coerced into it i'm not sure i

3031

01:50:05,030 --> 01:50:03,520

talk about in the book what i think that

3032

01:50:06,229 --> 01:50:05,040

the carrot was i don't know about the

3033

01:50:08,070 --> 01:50:06,239

stick

3034

01:50:09,590 --> 01:50:08,080

but

3035

01:50:11,350 --> 01:50:09,600

because he was the public face of the

3036

01:50:13,270 --> 01:50:11,360

investigation he was the families loved

3037

01:50:16,790 --> 01:50:13,280

him and trusted him in the beginning now

3038

01:50:20,229 --> 01:50:16,800

some of them just despise him and um

3039

01:50:22,629 --> 01:50:20,239

they uh on september 11 2001

3040

01:50:25,030 --> 01:50:22,639

he was on with dan rather on one of the

3041

01:50:27,990 --> 01:50:25,040

morning shows while this was happening

3042

01:50:29,590 --> 01:50:28,000

and he blurts out the hypocrisy has got

3043

01:50:30,390 --> 01:50:29,600

to end

3044

01:50:32,950 --> 01:50:30,400

you know

3045

01:50:35,189 --> 01:50:32,960

wow and then he catches himself so i am

3046

01:50:37,669 --> 01:50:35,199

not that hypocrisy got us to this place

3047

01:50:40,149 --> 01:50:37,679

no he's a tortured soul he needs to

3048

01:50:42,390 --> 01:50:40,159

confess uh if anyone in massachusetts

3049

01:50:45,189 --> 01:50:42,400

knows jim have him contact me through my

3050

01:50:47,189 --> 01:50:45,199

website wow we'll look for him okay

3051

01:50:48,550 --> 01:50:47,199

but when he gets on the air now what

3052

01:50:50,790 --> 01:50:48,560

happens every now and then they'll trot

3053

01:50:53,189 --> 01:50:50,800

him out to defend the thesis

3054

01:50:54,870 --> 01:50:53,199

you know and he's on the air with like a

3055

01:50:58,390 --> 01:50:54,880

you know someone like uh

3056

01:50:59,590 --> 01:50:58,400

oh uh jake tapper or uh you know uh bill

3057

01:51:01,109 --> 01:50:59,600

hemmer or whatever

3058

01:51:02,470 --> 01:51:01,119

and they don't know anything right true

3059

01:51:04,390 --> 01:51:02,480

and they'll just overwhelm them with

3060

01:51:05,990 --> 01:51:04,400

like bogus information

3061

01:51:07,750 --> 01:51:06,000

i just love to talk to him i'd love to

3062

01:51:09,910 --> 01:51:07,760

sit him down see i think he wants to

3063

01:51:11,830 --> 01:51:09,920

talk jim if you're out there listening

3064

01:51:13,669 --> 01:51:11,840

call me well boy his pension will be

3065

01:51:15,030 --> 01:51:13,679

threatened you know where we got a

3066

01:51:16,870 --> 01:51:15,040

couple minutes here i just want to throw

3067

01:51:18,709 --> 01:51:16,880

out one more question okay and uh it

3068

01:51:20,709 --> 01:51:18,719

seems like we're leaning into like a

3069

01:51:23,109 --> 01:51:20,719

political thing and it seems like you

3070

01:51:24,709 --> 01:51:23,119

know from as you said that the order to

3071

01:51:26,470 --> 01:51:24,719

kind of you know start this whole

3072

01:51:27,990 --> 01:51:26,480

cover-up that the navy shot it down

3073

01:51:29,510 --> 01:51:28,000

accidentally came from the you know

3074

01:51:31,750 --> 01:51:29,520

living quarters of the white house which

3075

01:51:34,310 --> 01:51:31,760

means bill clinton right okay so my

3076

01:51:36,149 --> 01:51:34,320

question is is you know i i i still

3077

01:51:37,589 --> 01:51:36,159

can't believe that they're

3078

01:51:39,589 --> 01:51:37,599

i mean i have to believe that there are

3079

01:51:40,950 --> 01:51:39,599

just many many dozens dozens maybe

3080

01:51:43,430 --> 01:51:40,960

hundreds of people out there who

3081

01:51:45,270 --> 01:51:43,440

actually if this is what happened they

3082

01:51:47,270 --> 01:51:45,280

know what happened so

3083

01:51:48,950 --> 01:51:47,280

now that that okay so you don't want to

3084

01:51:51,430 --> 01:51:48,960

because clinton wants to get reelected

3085

01:51:53,430 --> 01:51:51,440

and so on and so forth but now

3086

01:51:55,430 --> 01:51:53,440

here's hillary clinton running for

3087

01:51:57,589 --> 01:51:55,440

president why doesn't just one person

3088

01:52:00,310 --> 01:51:57,599

come out and say you know what this was

3089

01:52:02,390 --> 01:52:00,320

ginned up by the clintons because it for

3090

01:52:05,350 --> 01:52:02,400

a political reason i mean if someone was

3091

01:52:07,830 --> 01:52:05,360

going to come out and just torpedo her

3092

01:52:09,910 --> 01:52:07,840

candidacy now this would do it why

3093

01:52:11,990 --> 01:52:09,920

doesn't that happen well the one person

3094

01:52:16,070 --> 01:52:12,000

who could do that is jim calstrom and if

3095

01:52:18,790 --> 01:52:16,080

you hear him on fox he is uh openly so

3096

01:52:20,709 --> 01:52:18,800

openly anti-clinton that megyn kelly has

3097

01:52:22,709 --> 01:52:20,719

to pull him back wow you know

3098

01:52:25,270 --> 01:52:22,719

which is very unusual yeah

3099

01:52:26,870 --> 01:52:25,280

so why doesn't he do it i mean but

3100

01:52:28,390 --> 01:52:26,880

the future of the nation in his hands

3101

01:52:30,070 --> 01:52:28,400

okay but there are other people who if

3102

01:52:31,430 --> 01:52:30,080

he knows something then you know his

3103

01:52:33,189 --> 01:52:31,440

secretary knows you know i mean there

3104

01:52:34,790 --> 01:52:33,199

are other people other than him who know

3105

01:52:36,870 --> 01:52:34,800

the truth right and they might have the

3106

01:52:38,550 --> 01:52:36,880

same political meanings as him you know

3107

01:52:40,229 --> 01:52:38,560

wouldn't this be the opportunity unless

3108

01:52:42,149 --> 01:52:40,239

it's going to be an october surprise as

3109

01:52:44,310 --> 01:52:42,159

they say wouldn't this now be the

3110

01:52:46,629 --> 01:52:44,320

opportunity to you know i know people

3111

01:52:49,030 --> 01:52:46,639

really dislike her this would be the way

3112

01:52:50,870 --> 01:52:49,040

to put the the knife in the back

3113

01:52:52,310 --> 01:52:50,880

you're absolutely right well jack what

3114

01:52:53,910 --> 01:52:52,320

about the fact i've written about that

3115

01:52:56,470 --> 01:52:53,920

possibility excuse me what about what

3116

01:52:58,149 --> 01:52:56,480

about the perjuring himself i mean you

3117

01:53:00,390 --> 01:52:58,159

have now people that have gone down a

3118

01:53:02,550 --> 01:53:00,400

path that are going to get caught for

3119

01:53:04,310 --> 01:53:02,560

their testimony that they made

3120

01:53:06,390 --> 01:53:04,320

well you know in fact calcium has tested

3121

01:53:09,270 --> 01:53:06,400

has lied before congress i could point

3122

01:53:10,870 --> 01:53:09,280

out very specifically how how he lied

3123

01:53:12,310 --> 01:53:10,880

and how egregiously alive that's not

3124

01:53:15,270 --> 01:53:12,320

going

3125

01:53:16,709 --> 01:53:15,280

that is that i know is it is that in the

3126

01:53:18,390 --> 01:53:16,719

book yeah being an original

3127

01:53:19,750 --> 01:53:18,400

massachusetts player probably that's not

3128

01:53:22,790 --> 01:53:19,760

going to work he was just calling us and

3129

01:53:26,470 --> 01:53:24,229

here's the thing though is that i would

3130

01:53:28,709 --> 01:53:26,480

i would recommend at this stage because

3131

01:53:31,030 --> 01:53:28,719

the question is who arrests who at this

3132

01:53:32,870 --> 01:53:31,040

stage i would recommend the south africa

3133

01:53:35,109 --> 01:53:32,880

style truth and reconciliation

3134

01:53:36,550 --> 01:53:35,119

commission where you just where no one

3135

01:53:38,950 --> 01:53:36,560

goes to prison right you get these

3136

01:53:41,270 --> 01:53:38,960

people together and we we get the truth

3137

01:53:43,510 --> 01:53:41,280

out finally and yeah that's a good idea

3138

01:53:45,030 --> 01:53:43,520

that's a good idea hey listen jack cash

3139

01:53:46,629 --> 01:53:45,040

really thank you very much for joining

3140

01:53:50,229 --> 01:53:46,639

us tonight thanks so much uh the name of

3141

01:53:51,910 --> 01:53:50,239

the book is twa8 twa 800 the crash the

3142

01:53:53,589 --> 01:53:51,920

cover-up the conspiracy we should also

3143

01:53:55,350 --> 01:53:53,599

point out that this put twa out of

3144

01:53:58,149 --> 01:53:55,360

business frankly right that's it and the

3145

01:53:59,510 --> 01:53:58,159

twa people are still angry to this day i

3146

01:54:02,390 --> 01:53:59,520

speak to them all time i'm speaking at

3147

01:54:04,470 --> 01:54:02,400

the twa museum next month i would say

3148

01:54:06,310 --> 01:54:04,480

also that anyone who has inside

3149

01:54:07,910 --> 01:54:06,320

information or useful information

3150

01:54:11,189 --> 01:54:07,920

contact me through my website at

3151

01:54:15,109 --> 01:54:13,189

as in the rock of casual leading

3152

01:54:16,470 --> 01:54:15,119

monument in ireland by the way so oh

3153

01:54:18,709 --> 01:54:16,480

here we go with the irish stuff again

3154

01:54:20,950 --> 01:54:18,719

the name of the book again is twa 800

3155

01:54:22,550 --> 01:54:20,960

the crash the cover-up the conspiracy

3156

01:54:24,550 --> 01:54:22,560

going to your local bookstores barnes

3157

01:54:26,629 --> 01:54:24,560

and noble bookstore i'm sure that uh

3158

01:54:28,629 --> 01:54:26,639

amazon everywhere but jack's publisher

3159

01:54:30,070 --> 01:54:28,639

wants you to go and buy that in the um

3160

01:54:30,950 --> 01:54:30,080

in the bookstore that's what they feel

3161

01:54:32,790 --> 01:54:30,960

around

3162

01:54:34,070 --> 01:54:32,800

libraries libraries forget about the

3163

01:54:36,229 --> 01:54:34,080

libraries

3164

01:54:37,589 --> 01:54:36,239

amazon.com jack thanks a lot and listen

3165

01:54:39,589 --> 01:54:37,599

if you're here you know if you if you

3166

01:54:41,109 --> 01:54:39,599

come upon any other you know nugget of

3167

01:54:42,629 --> 01:54:41,119

information just give us a buzz okay

3168

01:54:43,750 --> 01:54:42,639

we'll put you on real quick okay you

3169

01:54:45,189 --> 01:54:43,760

guys a lot of fun by the way i really

3170

01:54:46,870 --> 01:54:45,199

enjoyed doing this well we enjoyed it

3171

01:54:48,709 --> 01:54:46,880

too thank you thank you thank you jack

3172

01:54:50,470 --> 01:54:48,719

thanks okay thank you we'll talk to you

3173

01:54:51,910 --> 01:54:50,480

soon okay bye-bye

3174

01:54:54,790 --> 01:54:51,920

well there you go so what we're going to

3175

01:54:56,149 --> 01:54:54,800

do now for the rest of the show gang is

3176  
01:54:58,149 --> 01:54:56,159  
we're going to go around the table and

3177  
01:54:59,589 --> 01:54:58,159  
just you know up it down what do you

3178  
01:55:01,030 --> 01:54:59,599  
think happened okay i'm going to start

3179  
01:55:01,830 --> 01:55:01,040  
with the commander okay

3180  
01:55:04,310 --> 01:55:01,840  
okay

3181  
01:55:05,750 --> 01:55:04,320  
accidental navy shot part of the

3182  
01:55:07,030 --> 01:55:05,760  
exercise

3183  
01:55:08,950 --> 01:55:07,040  
cover-up because of the political

3184  
01:55:11,669 --> 01:55:08,960  
situation that was going on

3185  
01:55:13,270 --> 01:55:11,679  
why one yeah two i don't know too many

3186  
01:55:16,070 --> 01:55:13,280  
too many accidents would have to happen

3187  
01:55:18,629 --> 01:55:16,080  
for in personnel wise to

3188  
01:55:21,350 --> 01:55:18,639

launch a missile there's just too much

3189

01:55:22,550 --> 01:55:21,360

going on in the cic and

3190

01:55:25,030 --> 01:55:22,560

fire control i'm not saying it's

3191

01:55:26,390 --> 01:55:25,040

accidental launch i'm saying they were

3192

01:55:28,870 --> 01:55:26,400

shooting missiles as part of the

3193

01:55:31,109 --> 01:55:28,880

exercise and the plane was inadvertently

3194

01:55:33,109 --> 01:55:31,119

uh in the area and took the hit that's

3195

01:55:34,950 --> 01:55:33,119

what i'm saying yeah but it's a military

3196

01:55:37,270 --> 01:55:34,960

exercise in a kind of a densely

3197

01:55:39,189 --> 01:55:37,280

populated airspace

3198

01:55:41,270 --> 01:55:39,199

the exercise was going on we've

3199

01:55:44,229 --> 01:55:41,280

established that tonight i i know it but

3200

01:55:46,709 --> 01:55:44,239

i'm i'm skeptical about the exercise

3201

01:55:48,070 --> 01:55:46,719

going on that's a fact i'm shooting live

3202

01:55:49,910 --> 01:55:48,080

uh stuff and

3203

01:55:52,070 --> 01:55:49,920

shooting live stuff at that that point

3204

01:55:54,470 --> 01:55:52,080

in time okay all right agent x get right

3205

01:55:55,270 --> 01:55:54,480

on that microphone then my friend

3206

01:55:56,310 --> 01:55:55,280

i

3207

01:55:57,990 --> 01:55:56,320

tend to

3208

01:56:00,709 --> 01:55:58,000

i told you before i think it was

3209

01:56:03,990 --> 01:56:00,719

something kinetic i

3210

01:56:06,310 --> 01:56:04,000

tend to agree with juan juan that it's

3211

01:56:09,109 --> 01:56:06,320

one of those things that is just

3212

01:56:11,750 --> 01:56:09,119

too hard to

3213

01:56:14,790 --> 01:56:11,760

to suppress independent of

3214

01:56:17,750 --> 01:56:14,800  
pensions and all of that with 200

3215

01:56:19,030 --> 01:56:17,760  
including young navy sailors who

3216

01:56:21,109 --> 01:56:19,040  
someone will talk

3217

01:56:22,629 --> 01:56:21,119  
most part don't give a crap

3218

01:56:26,629 --> 01:56:22,639  
and

3219

01:56:29,669 --> 01:56:26,639  
i i i was glad to hear that jack

3220

01:56:31,510 --> 01:56:29,679  
gave due diligence to the hard-working

3221

01:56:34,149 --> 01:56:31,520  
law enforcement uh

3222

01:56:37,430 --> 01:56:34,159  
agents forensic analysts

3223

01:56:39,109 --> 01:56:37,440  
and uh laura and and other the street

3224

01:56:40,229 --> 01:56:39,119  
cops and

3225

01:56:42,709 --> 01:56:40,239  
and and

3226

01:56:45,430 --> 01:56:42,719

military people who helped him

3227

01:56:47,750 --> 01:56:45,440

uh and we all realize that those people

3228

01:56:50,310 --> 01:56:47,760

are not necessarily managers nor are

3229

01:56:53,270 --> 01:56:50,320

they public relations specialists

3230

01:56:55,189 --> 01:56:53,280

so yeah i'm just not uh

3231

01:56:56,870 --> 01:56:55,199

jeez i really hope

3232

01:56:58,310 --> 01:56:56,880

it could not have been our own

3233

01:57:00,390 --> 01:56:58,320

government

3234

01:57:02,470 --> 01:57:00,400

right i mean that's how i feel i i just

3235

01:57:04,149 --> 01:57:02,480

think uh as we were saying wanwan said

3236

01:57:05,109 --> 01:57:04,159

and you said is that

3237

01:57:07,589 --> 01:57:05,119

there's

3238

01:57:10,070 --> 01:57:07,599

it would just be once again it's in this

3239

01:57:11,750 --> 01:57:10,080

the times we live in i just think if

3240

01:57:15,990 --> 01:57:11,760

somebody knew if somebody had the

3241

01:57:17,830 --> 01:57:16,000

smoking gun said listen this was

3242

01:57:19,669 --> 01:57:17,840

you know a mistake by the navy but

3243

01:57:21,109 --> 01:57:19,679

clinton you know ordered them not to say

3244

01:57:22,629 --> 01:57:21,119

anything and everyone's got to shut up

3245

01:57:24,149 --> 01:57:22,639

everyone's got to you know

3246

01:57:26,390 --> 01:57:24,159

be aware of their pensions as you just

3247

01:57:28,149 --> 01:57:26,400

said some guys in the navy for you know

3248

01:57:30,790 --> 01:57:28,159

three years i mean you know

3249

01:57:32,790 --> 01:57:30,800

because who cares you know exactly so

3250

01:57:34,070 --> 01:57:32,800

bust me so here's the but here's the

3251

01:57:35,750 --> 01:57:34,080

question is

3252

01:57:37,189 --> 01:57:35,760

what happened

3253

01:57:38,950 --> 01:57:37,199

you know we've talked about this now for

3254

01:57:40,310 --> 01:57:38,960

two hours you know what happened what

3255

01:57:43,830 --> 01:57:40,320

could have happened

3256

01:57:45,589 --> 01:57:43,840

this is not the the gas tank exploding i

3257

01:57:47,430 --> 01:57:45,599

don't know anything about aviation but

3258

01:57:49,510 --> 01:57:47,440

that to me seems to be the least

3259

01:57:51,669 --> 01:57:49,520

unlikely i'm sure there's forensics

3260

01:57:54,070 --> 01:57:51,679

experts that have combed through all the

3261

01:57:55,830 --> 01:57:54,080

wreckage and dusted it for fingerprints

3262

01:57:58,470 --> 01:57:55,840

fingerprints from the

3263

01:57:59,990 --> 01:57:58,480

from the weapon

3264

01:58:01,109 --> 01:58:00,000

the contents of the weapon whatever it

3265

01:58:02,709 --> 01:58:01,119

might be

3266

01:58:04,870 --> 01:58:02,719

that should be

3267

01:58:07,270 --> 01:58:04,880

should have adhered to

3268

01:58:09,510 --> 01:58:07,280

tons of the parts that were on the plane

3269

01:58:12,070 --> 01:58:09,520

right so i'm thinking

3270

01:58:13,030 --> 01:58:12,080

what was that material

3271

01:58:14,950 --> 01:58:13,040

was it

3272

01:58:17,830 --> 01:58:14,960

uh specific to

3273

01:58:19,990 --> 01:58:17,840

something we own or was it specific to

3274

01:58:23,109 --> 01:58:20,000

one of those one of the armaments that

3275

01:58:24,229 --> 01:58:23,119

asian x mentioned foreign

3276

01:58:26,470 --> 01:58:24,239

uh

3277

01:58:28,229 --> 01:58:26,480

you know where's that evidence so you

3278

01:58:30,390 --> 01:58:28,239

you gentlemen somehow see that there's

3279

01:58:32,310 --> 01:58:30,400

some kind of chain of evidence here that

3280

01:58:35,350 --> 01:58:32,320

that that question and that statement

3281

01:58:36,950 --> 01:58:35,360

has some possibility of being in reality

3282

01:58:38,470 --> 01:58:36,960

which you're telling me that you after

3283

01:58:40,470 --> 01:58:38,480

everything we've just talked about for

3284

01:58:42,550 --> 01:58:40,480

two hours you think that if there were

3285

01:58:45,589 --> 01:58:42,560

fingerprints there oh that's going to

3286

01:58:48,950 --> 01:58:45,599

rise up 140 plus witnesses are

3287

01:58:50,629 --> 01:58:48,960

suppressed why an agency that has no

3288

01:58:52,950 --> 01:58:50,639

valid right well then then we have

3289

01:58:55,430 --> 01:58:52,960

nowhere to go

3290

01:58:57,270 --> 01:58:55,440

has no valid reason to be in this draws

3291

01:58:59,430 --> 01:58:57,280

a great cartoon

3292

01:59:01,830 --> 01:58:59,440

a disney quality cartoon that convinces

3293

01:59:03,990 --> 01:59:01,840

everybody then they go and say well we

3294

01:59:06,310 --> 01:59:04,000

think it might be a bomb now we thought

3295

01:59:09,270 --> 01:59:06,320

it was the tank it's definitely not the

3296

01:59:11,430 --> 01:59:09,280

missile and it's probably a bomb now

3297

01:59:13,350 --> 01:59:11,440

well then we're at a dead end then come

3298

01:59:15,750 --> 01:59:13,360

on we're at a dead end yeah because even

3299

01:59:17,350 --> 01:59:15,760

if you go by that then we'll never find

3300

01:59:19,510 --> 01:59:17,360

out even if you want to put the finger

3301

01:59:21,510 --> 01:59:19,520

the the clinton fingerprint on it why is

3302

01:59:22,870 --> 01:59:21,520

all these people in the cia and jim

3303

01:59:25,270 --> 01:59:22,880

calstrom and all these people who are

3304

01:59:27,350 --> 01:59:25,280

now on fox or aunt why why would they

3305

01:59:29,750 --> 01:59:27,360

stick by their story if it was uh you

3306

01:59:32,229 --> 01:59:29,760

know clinton ordered it to be done

3307

01:59:33,910 --> 01:59:32,239

someone would talk

3308

01:59:34,950 --> 01:59:33,920

more than one person would talk if that

3309

01:59:37,189 --> 01:59:34,960

was the case

3310

01:59:39,030 --> 01:59:37,199

there is a difference between that and

3311

01:59:40,390 --> 01:59:39,040

between kay's assassination we don't

3312

01:59:42,229 --> 01:59:40,400

even know what happened on lincoln's

3313

01:59:45,030 --> 01:59:42,239

assassination stuff don't come out in

3314

01:59:46,470 --> 01:59:45,040

world war ii but oh this one everybody's

3315

01:59:48,790 --> 01:59:46,480

going to jump up and tell us the truth

3316

01:59:50,950 --> 01:59:48,800

in this one all you need is one agent x

3317

01:59:52,070 --> 01:59:50,960

please no i'm just going to say

3318

01:59:53,750 --> 01:59:52,080

there is a

3319

01:59:55,430 --> 01:59:53,760

get to that mic stop turning your head

3320

01:59:57,669 --> 01:59:55,440

and get to that sorry sorry sorry it's

3321

02:00:00,629 --> 01:59:57,679

time to look at you

3322

02:00:04,950 --> 02:00:00,639

there is a difference between um

3323

02:00:08,229 --> 02:00:04,960

saying that a navy destroyer or a fairly

3324

02:00:10,070 --> 02:00:08,239

uh a fairly well-populated u.s

3325

02:00:12,629 --> 02:00:10,080

government ship

3326

02:00:13,669 --> 02:00:12,639

was totally involved in doing this

3327

02:00:16,550 --> 02:00:13,679

and

3328

02:00:19,990 --> 02:00:16,560

saying that it happened

3329

02:00:21,669 --> 02:00:20,000

for some kinetic reason and i don't know

3330

02:00:24,470 --> 02:00:21,679

what that is

3331

02:00:26,390 --> 02:00:24,480

and given the geopolitical situation at

3332

02:00:30,709 --> 02:00:26,400

the time

3333

02:00:33,270 --> 02:00:30,719

i i and and the variances of altitude

3334

02:00:35,270 --> 02:00:33,280

and capabilities and what had happened

3335

02:00:38,070 --> 02:00:35,280

in the previous 10 years

3336

02:00:40,310 --> 02:00:38,080

i i just think that i would hope is more

3337

02:00:42,310 --> 02:00:40,320

likely

3338

02:00:44,310 --> 02:00:42,320

wow well you know it's been a

3339

02:00:45,430 --> 02:00:44,320

fascinating two hours but

3340

02:00:47,109 --> 02:00:45,440

it looks like we're gonna have to do

3341

02:00:48,790 --> 02:00:47,119

another show

3342

02:00:51,510 --> 02:00:48,800

you know maybe in a year otherwise it

3343

02:00:53,109 --> 02:00:51,520

may come to fisticuffs yes right

3344

02:00:55,430 --> 02:00:53,119

what's interesting about commander cobra

3345

02:00:57,030 --> 02:00:55,440

is that he's really uh you know he's

3346

02:00:58,149 --> 02:00:57,040

dialed in he's dialed in when he's in

3347

02:01:00,629 --> 02:00:58,159

the other room i think that's

3348

02:01:02,790 --> 02:01:00,639

interesting uh i hear wedding bells uh

3349

02:01:05,189 --> 02:01:02,800

he's married to

3350

02:01:06,950 --> 02:01:05,199

all of this and i am in a way but it

3351

02:01:08,709 --> 02:01:06,960

just drives me crazy

3352

02:01:10,870 --> 02:01:08,719

that uh

3353

02:01:12,310 --> 02:01:10,880

there isn't a little bit more forensic

3354

02:01:13,910 --> 02:01:12,320

evidence right let's just be that one

3355

02:01:16,470 --> 02:01:13,920

little um you know we got all these

3356

02:01:17,669 --> 02:01:16,480

eyewitnesses we got uh witness 364 the

3357

02:01:18,550 --> 02:01:17,679

marine

3358

02:01:20,950 --> 02:01:18,560

uh

3359

02:01:22,149 --> 02:01:20,960

crew chief for a helicopter squadron you

3360

02:01:23,910 --> 02:01:22,159

know what happened to him what happened

3361

02:01:25,910 --> 02:01:23,920

to all these witnesses that have been

3362

02:01:27,589 --> 02:01:25,920

uh they're all

3363

02:01:29,189 --> 02:01:27,599

they're all uh in the witness protection

3364

02:01:30,870 --> 02:01:29,199

program in lilly hammer well even if

3365

02:01:33,350 --> 02:01:30,880

they were paid off let's say they're

3366

02:01:35,189 --> 02:01:33,360

paid off okay

3367

02:01:36,550 --> 02:01:35,199

sharing a joke in between

3368

02:01:38,390 --> 02:01:36,560

even if they were paid off once again

3369

02:01:39,830 --> 02:01:38,400

they would they'd be at least one person

3370

02:01:41,270 --> 02:01:39,840

would blow through that money at the

3371

02:01:43,109 --> 02:01:41,280

racetrack or something and then need

3372

02:01:44,709 --> 02:01:43,119

more and come and try to get more you

3373

02:01:46,709 --> 02:01:44,719

know and you just don't see evidence of

3374

02:01:48,390 --> 02:01:46,719

that anyway hey listen i want to thank

3375

02:01:49,270 --> 02:01:48,400

everyone for joining us tonight i want

3376

02:01:51,589 --> 02:01:49,280

to thank

3377

02:01:53,669 --> 02:01:51,599

um rob beckhausen of walrus morning who

3378

02:01:55,510 --> 02:01:53,679

talked to us about if it was a weapon

3379

02:01:57,350 --> 02:01:55,520

what kind of a weapon would it be

3380

02:01:58,709 --> 02:01:57,360

switchblade steve ward up there in

3381

02:02:00,629 --> 02:01:58,719

battle creek michigan near where they

3382

02:02:02,550 --> 02:02:00,639

make the conflicts talking about

3383

02:02:04,229 --> 02:02:02,560

incredibly a ufo connection to this

3384

02:02:05,430 --> 02:02:04,239

which you know i guess i shouldn't be

3385

02:02:08,790 --> 02:02:05,440

surprised

3386

02:02:10,470 --> 02:02:08,800

by but i am uh thank you to agent x for

3387

02:02:12,709 --> 02:02:10,480

joining us tonight and giving us thumbs

3388

02:02:15,109 --> 02:02:12,719

up thumbs down on what the intelligence

3389

02:02:16,709 --> 02:02:15,119

agency's take might be on this

3390

02:02:17,990 --> 02:02:16,719

uh one one thank you for joining us

3391

02:02:20,310 --> 02:02:18,000

you're welcome enjoyed every minute of

3392

02:02:23,030 --> 02:02:20,320

it and commander cobra of course

3393

02:02:24,950 --> 02:02:23,040

thank you for leading us through this

3394

02:02:26,709 --> 02:02:24,960

leading us to this swamp

3395

02:02:28,310 --> 02:02:26,719

fog or something i think we're gonna

3396

02:02:32,229 --> 02:02:28,320

have to pay the buy the drinks for him

3397

02:02:36,550 --> 02:02:34,390

one thing i want our listeners to really

3398

02:02:38,709 --> 02:02:36,560

pound this particular show on the i'd

3399

02:02:40,350 --> 02:02:38,719

like to hear from them what they think

3400

02:02:42,709 --> 02:02:40,360

folks that listen to us on

3401

02:02:44,629 --> 02:02:42,719

operationdistantthunder gmail.com i'd

3402

02:02:46,229 --> 02:02:44,639

like to get a tally of what what they're

3403

02:02:47,830 --> 02:02:46,239

thinking right right i mean where are we

3404

02:02:49,270 --> 02:02:47,840

at let's get some interactions i want

3405

02:02:51,350 --> 02:02:49,280

some definite feedback on this here's

3406

02:02:53,189 --> 02:02:51,360

the question was it an accident

3407

02:02:55,430 --> 02:02:53,199

or did the navy do it and it was a

3408

02:02:57,430 --> 02:02:55,440

cover-up that's really the only two you

3409

02:02:58,870 --> 02:02:57,440

know really weighted items we can talk

3410

02:03:01,109 --> 02:02:58,880

about i think we've dispensed with the

3411

02:03:02,790 --> 02:03:01,119

terrorist thing i think you're right

3412

02:03:04,629 --> 02:03:02,800

maybe not okay and

3413

02:03:05,830 --> 02:03:04,639

we can dispense with the navy doing it

3414

02:03:07,990 --> 02:03:05,840

on purpose

3415

02:03:10,550 --> 02:03:08,000

yes i think so yeah absolutely right

3416

02:03:11,430 --> 02:03:10,560

okay okay so well let us know what you
