1
00:00:10,270 --> 00:00:06,829
there are over 1000 UFO sightings

2
00:00:12,560 --> 00:00:10,280
reported around the world every month

3
00:00:17,000 --> 00:00:12,570
90% of these sightings can be explained

4
00:00:18,710 --> 00:00:17,010
but 10% and not officially and

5
00:00:22,820 --> 00:00:18,720
unofficially the US government has been

6
00:00:24,620 --> 00:00:22,830
investigating UFOs since 1940 say your

7
00:00:28,910 --> 00:00:24,630
top-secret goal is to find out what's

8
00:00:34,979 --> 00:00:32,130
the Pentagon classifies these as unusual

9
00:00:36,130 --> 00:00:34,989
airborne anomalies but a better term is

10
00:00:39,920 --> 00:00:36,140
X Files

11
00:00:43,530 --> 00:00:39,930
[Music]

12
00:00:46,799 --> 00:00:43,540
join us as Mac one more and commend the

13
00:00:48,750 --> 00:00:46,809

Cobra it's for these unsolved cases UFO

14

00:00:52,770 --> 00:00:48,760

incidents that even baffle the US

15

00:00:54,680 --> 00:00:52,780

military this is met Melones military

16

00:01:00,569 --> 00:00:54,690

x-files

17

00:01:01,890 --> 00:01:00,579

and now here's Mack baloney well good

18

00:01:04,469 --> 00:01:01,900

evening everyone and welcome tonight

19

00:01:06,600 --> 00:01:04,479

mommy's military stuff show here on the

20

00:01:07,350 --> 00:01:06,610

distant Thunder radio network hey this

21

00:01:09,750 --> 00:01:07,360

is Mac Maloney

22

00:01:12,510 --> 00:01:09,760

we have an interesting show for you

23

00:01:15,120 --> 00:01:12,520

tonight however let's introduce the gang

24

00:01:18,149 --> 00:01:15,130

first the posse the very famous Millan

25

00:01:20,370 --> 00:01:18,159

want you see a 14 weeks you know that's

26

00:01:22,800 --> 00:01:20,380

right I'm keeping cow - it's a record

27

00:01:24,719 --> 00:01:22,810

it's a it's broken you know how to be

28

00:01:26,370 --> 00:01:24,729

duplicated as we said a couple weeks ago

29

00:01:28,020 --> 00:01:26,380

last time you skip school here it's

30

00:01:29,609 --> 00:01:28,030

Noah's on the ground that's right and

31

00:01:31,740 --> 00:01:29,619

now it's like many degrees out in the

32

00:01:37,530 --> 00:01:31,750

Archie Bunker needs to be cleaned and

33

00:01:39,540 --> 00:01:37,540

renovated and yeah the cat took it over

34

00:01:43,680 --> 00:01:39,550

oh the cats yeah well then everything

35

00:01:47,250 --> 00:01:43,690

should be okay also from an undisclosed

36

00:01:49,649 --> 00:01:47,260

location somewhere north of here man -

37

00:01:51,750 --> 00:01:49,659

Carver isn't with us I don't mean to

38

00:01:54,380 --> 00:01:51,760

upset your Boy Scout skills there but

39

00:01:56,940 --> 00:01:54,390

I'm actually salted he syrupy thawing

40

00:01:59,180 --> 00:01:56,950

establishments Elton yeah he's flying

41

00:02:01,920 --> 00:01:59,190

off your home today okay oh that's right

42

00:02:03,240 --> 00:02:01,930

you did I did see you going over you

43

00:02:05,300 --> 00:02:03,250

were heading it looked to me like due

44

00:02:07,289 --> 00:02:05,310

west or something not the usual

45

00:02:08,160 --> 00:02:07,299

direction or was I mistaken that's

46

00:02:09,930 --> 00:02:08,170

correct there was not the usual

47

00:02:11,580 --> 00:02:09,940

direction busy there's a tip his wings

48

00:02:14,670 --> 00:02:11,590

like this from the Flies over well you

49

00:02:16,710 --> 00:02:14,680

know Sky King I really wanted to come

50

00:02:19,020 --> 00:02:16,720

low and give him a good flyby but I had

51
00:02:20,880 --> 00:02:19,030
guests on board the aircraft that we're

52
00:02:22,670 --> 00:02:20,890
working as technicians and I didn't want

53
00:02:26,309 --> 00:02:22,680
them to throw up in the old plastic bags

54
00:02:27,960 --> 00:02:26,319
himself you know whenever you can avoid

55
00:02:34,110 --> 00:02:27,970
that I could imagine that makes four you

56
00:02:36,809 --> 00:02:34,120
could fly low enough to drop a drop

57
00:02:39,900 --> 00:02:36,819
something on his deck right why would

58
00:02:41,220 --> 00:02:39,910
you want to do just unless it's a bag to

59
00:02:44,850 --> 00:02:41,230
show accuracy

60
00:02:47,910 --> 00:02:44,860
yeah you know why this brings back a

61
00:02:49,559 --> 00:02:47,920
very very interesting one one brings

62
00:02:51,300 --> 00:02:49,569
back an interesting story that we always

63
00:02:53,339 --> 00:02:51,310

would joke when you would fly over your

64

00:02:54,930 --> 00:02:53,349

home or self hey let's see who's in your

65

00:02:56,670 --> 00:02:54,940

driveway type thing you know and we had

66

00:02:58,860 --> 00:02:56,680

the sensors and we'd swing it over and

67

00:03:00,150 --> 00:02:58,870

on one of the aircraft I flew which was

68

00:03:01,890 --> 00:03:00,160

armed we're coming back from our

69

00:03:03,979 --> 00:03:01,900

offshore range and there was someone

70

00:03:07,680 --> 00:03:03,989

else's car in the driveway and that

71

00:03:10,949 --> 00:03:07,690

wasn't supposed to be there and then

72

00:03:13,050 --> 00:03:10,959

then the then wife of the individual

73

00:03:14,250 --> 00:03:13,060

stepped out and was an embrace well but

74

00:03:15,420 --> 00:03:14,260

none the gentleman that was not her

75

00:03:19,259 --> 00:03:15,430

husband because her husband was sitting

76
00:03:22,250 --> 00:03:19,269
next to me and husbands the husband's in

77
00:03:26,160 --> 00:03:22,260
the plane with you yes oh yeah okay

78
00:03:28,080 --> 00:03:26,170
broadcasting the picture of compassion

79
00:03:30,030 --> 00:03:28,090
and all I made sure is that we save

80
00:03:33,330 --> 00:03:30,040
every gun on board and we've drove right

81
00:03:35,520 --> 00:03:33,340
for the airfield oh man I started a very

82
00:03:39,240 --> 00:03:35,530
long evening yeah very that was good

83
00:03:40,830 --> 00:03:39,250
work yeah yeah the best part was because

84
00:03:42,420 --> 00:03:40,840
of the noise the helicopters and we were

85
00:03:44,520 --> 00:03:42,430
you know just ripping past it you know

86
00:03:47,940 --> 00:03:44,530
that max blow that we could get out of

87
00:03:48,990 --> 00:03:47,950
those aircraft they looked up I mean

88
00:03:50,069 --> 00:03:49,000

there wasn't even like you could say

89

00:03:52,020 --> 00:03:50,079

well that wasn't me

90

00:03:53,640 --> 00:03:52,030

Yeah right like you never saw my face

91

00:03:55,170 --> 00:03:53,650

bingo okay so what do you think that

92

00:03:57,900 --> 00:03:55,180

were they having coitus in there is that

93

00:04:00,420 --> 00:03:57,910

the yeah I think there's a graphic

94

00:04:02,220 --> 00:04:00,430

that's a very it's a very proper way to

95

00:04:06,390 --> 00:04:02,230

put it but I'm pretty sure that it was

96

00:04:08,610 --> 00:04:06,400

post those types relations so this is

97

00:04:11,699 --> 00:04:08,620

the aftermath whether you have to glow

98

00:04:13,830 --> 00:04:11,709

depending on your point of view anyway

99

00:04:16,469 --> 00:04:13,840

well so he solved the bus he did fly

100

00:04:18,029 --> 00:04:16,479

over my house interesting a number of

101
00:04:20,490 --> 00:04:18,039
times today in fact no be very safe

102
00:04:25,200 --> 00:04:20,500
today times okay that's good it's good

103
00:04:26,580 --> 00:04:25,210
to be safe while I'm napping your eye in

104
00:04:28,800 --> 00:04:26,590
the sky you're personally in the sky I

105
00:04:29,969 --> 00:04:28,810
have to see mrs. Cobra because she's

106
00:04:31,469 --> 00:04:29,979
driving the boat this summer

107
00:04:33,510 --> 00:04:31,479
oh no I'm like what like says she's

108
00:04:36,029 --> 00:04:33,520
driving a ferry boat and I was pretty

109
00:04:37,230 --> 00:04:36,039
excited cuz I thought you saw because I

110
00:04:38,909 --> 00:04:37,240
was actually able to descend down for

111
00:04:45,719 --> 00:04:38,919
her and I called her after she goes I

112
00:04:47,339 --> 00:04:45,729
didn't see you anyway hey listen so

113
00:04:49,380 --> 00:04:47,349

tonight on the show this it's already a

114

00:04:50,320 --> 00:04:49,390

really good show but now it's even gonna

115

00:04:53,410 --> 00:04:50,330

get better

116

00:04:57,100 --> 00:04:53,420

Mary Joyce one of our favorite yes is

117

00:04:59,170 --> 00:04:57,110

gonna be joining us she has a website

118

00:05:00,550 --> 00:04:59,180

it's the best website in my opinion

119

00:05:02,350 --> 00:05:00,560

there's a lot of you don't kind of cramp

120

00:05:04,750 --> 00:05:02,360

up there this is really a good website

121

00:05:06,880 --> 00:05:04,760

it's called UFOs over Kashi is or

122

00:05:10,090 --> 00:05:06,890

something we'll have her mmm do you know

123

00:05:11,470 --> 00:05:10,100

what it is exactly that coma I'm sorry

124

00:05:13,000 --> 00:05:11,480

you don't either run that past me one

125

00:05:15,700 --> 00:05:13,010

more time

126

00:05:19,420 --> 00:05:15,710

cut them asleep on the job no I that

127

00:05:21,580 --> 00:05:19,430

time something up here what's the name

128

00:05:24,820 --> 00:05:21,590

of married races a website is it like a

129

00:05:27,430 --> 00:05:24,830

sure it's over saucers over the cash

130

00:05:28,960 --> 00:05:27,440

flow that's it alright Phil but always

131

00:05:30,640 --> 00:05:28,970

really kind of cool stuff and [h__\h]

132

00:05:32,860 --> 00:05:30,650

there's one on now recently where

133

00:05:35,050 --> 00:05:32,870

someone has found and there's really

134

00:05:38,260 --> 00:05:35,060

good photographic evidence for what you

135

00:05:40,630 --> 00:05:38,270

can believe of train tracks on - yeah

136

00:05:43,270 --> 00:05:40,640

okay maybe it's the MBTA up there in

137

00:05:45,040 --> 00:05:43,280

another boondoggle or something but

138

00:05:46,360 --> 00:05:45,050

that's interesting you look at the

139

00:05:49,900 --> 00:05:46,370

pension Eagle while they do look like it

140

00:05:52,540 --> 00:05:49,910

could be either the railroad I always

141

00:05:55,480 --> 00:05:52,550

went there oh yeah and rode the trains

142

00:05:58,180 --> 00:05:55,490

trains that have the big chicken yeah

143

00:05:59,260 --> 00:05:58,190

chicken meal yeah right really huge Wow

144

00:06:01,270 --> 00:05:59,270

that's right yeah there'd be a million

145

00:06:02,860 --> 00:06:01,280

people there with the picnic tables yeah

146

00:06:05,080 --> 00:06:02,870

yeah and they just we putting the

147

00:06:06,190 --> 00:06:05,090

chicken out and people lapping it up and

148

00:06:10,200 --> 00:06:06,200

then leaving the next crowd would come

149

00:06:12,640 --> 00:06:10,210

in yeah yeah experience yeah Harbor

150

00:06:15,130 --> 00:06:12,650

carpets right near Rome at go through

151
00:06:15,550 --> 00:06:15,140
the cranberry bogs yeah right Santa

152
00:06:17,610 --> 00:06:15,560
Claus

153
00:06:21,280 --> 00:06:17,620
during the holidays that's rain there

154
00:06:25,840 --> 00:06:21,290
it's totally memorable anyone outside of

155
00:06:28,120 --> 00:06:25,850
New England in the thrill of self I

156
00:06:29,410 --> 00:06:28,130
thought I thought Carver and either

157
00:06:32,320 --> 00:06:29,420
Dover Road was better than Disneyland

158
00:06:35,850 --> 00:06:32,330
yeah well yeah well then went to Disney

159
00:06:38,470 --> 00:06:35,860
Manson there's a kid did you know how

160
00:06:40,360 --> 00:06:38,480
would you know because I know okay I

161
00:06:43,720 --> 00:06:40,370
didn't have to go there to know this

162
00:06:46,990 --> 00:06:43,730
that's true yeah awesome

163
00:06:50,050 --> 00:06:47,000

primo kids loved it yeah I loved it as a

164

00:06:52,300 --> 00:06:50,060

kid later on in the show we're gonna be

165

00:06:54,880 --> 00:06:52,310

talking to John Dwyer who is the author

166

00:06:55,589 --> 00:06:54,890

of a world war two novel called short

167

00:06:59,100 --> 00:06:55,599

grass

168

00:07:00,299 --> 00:06:59,110

which I know Cobra is well into very

169

00:07:02,519 --> 00:07:00,309

much saw him right at the point where

170

00:07:06,149 --> 00:07:02,529

he's getting ready to go into flight

171

00:07:08,189 --> 00:07:06,159

training it's very good okay and it's an

172

00:07:10,109 --> 00:07:08,199

interesting story and John knows a lot

173

00:07:13,350 --> 00:07:10,119

about World War two we're looking for

174

00:07:15,299 --> 00:07:13,360

with the like um later on Rob back

175

00:07:18,989 --> 00:07:15,309

housing of Juarez Laurens gonna be

176
00:07:22,409 --> 00:07:18,999
talking about a tiny worship with a huge

177
00:07:26,939 --> 00:07:22,419
come on it sounds kind of dirty in a way

178
00:07:27,530 --> 00:07:26,949
but a Greek worship shoot this one's for

179
00:07:30,769 --> 00:07:27,540
a fun

180
00:07:34,879 --> 00:07:30,779
[Laughter]

181
00:07:39,420 --> 00:07:34,889
this is for fighting this is for fun and

182
00:07:41,760 --> 00:07:39,430
also switchblade Steve one he did us a

183
00:07:43,769 --> 00:07:41,770
solid as they say the kids say he went

184
00:07:46,699 --> 00:07:43,779
the Monster Mash man about Monster Mash

185
00:07:50,429 --> 00:07:46,709
he went there and he wore the t-shirt oh

186
00:07:53,009 --> 00:07:50,439
good and even maybe as a direct result

187
00:07:54,149 --> 00:07:53,019
may be a coincidence they approached him

188
00:07:56,219 --> 00:07:54,159

and he's gonna be one of the speakers at

189

00:07:56,999 --> 00:07:56,229

the Mothman festival next you know

190

00:07:59,339 --> 00:07:57,009

that's great yeah

191

00:08:02,879 --> 00:07:59,349

so which if we need to have in-depth

192

00:08:04,949 --> 00:08:02,889

coverage yeah we need to say is stirring

193

00:08:07,079 --> 00:08:04,959

her out there that I thought that this

194

00:08:08,730 --> 00:08:07,089

is the one if it's all possible I

195

00:08:11,129 --> 00:08:08,740

have to be down there yes see him do it

196

00:08:13,170 --> 00:08:11,139

because yes he's been he's been working

197

00:08:15,509 --> 00:08:13,180

Mothman with us so yes that's a big

198

00:08:17,519 --> 00:08:15,519

that's a big stuff congratulations to

199

00:08:19,199 --> 00:08:17,529

switchblade yeah definitely well we

200

00:08:21,299 --> 00:08:19,209

might have Pistol Pete on in another

201
00:08:22,920 --> 00:08:21,309
segment we can ask him asking him for

202
00:08:27,559 --> 00:08:22,930
the funds now yeah it's gonna say who's

203
00:08:31,949 --> 00:08:27,569
gonna be on that trip gonna have to go

204
00:08:35,699 --> 00:08:31,959
anyway so we'll he'll be joining us and

205
00:08:39,179 --> 00:08:35,709
that's the show now I did one bring this

206
00:08:41,219 --> 00:08:39,189
up one as you know one I'm a very famous

207
00:08:42,809 --> 00:08:41,229
writer you are a very prolific and

208
00:08:45,210 --> 00:08:42,819
famous write and write in fact would

209
00:08:47,160 --> 00:08:45,220
there be a recent opus of yours that

210
00:08:50,990 --> 00:08:47,170
mean for sale bring me an eighteen Bella

211
00:08:53,389 --> 00:08:51,000
for America on sale everywhere and I

212
00:08:56,189 --> 00:08:53,399
hope that was a sound effect in that him

213
00:08:59,670 --> 00:08:56,199

really damned abdun okay all right give

214

00:09:00,929 --> 00:08:59,680

me a Cobra I'm a little a little plies

215

00:09:03,150 --> 00:09:00,939

they would have been did you fall off

216

00:09:06,350 --> 00:09:03,160

your chair no I just get really excited

217

00:09:09,859 --> 00:09:06,360

well no really burger huh

218

00:09:12,769 --> 00:09:09,869

so everyone had some great reviews it

219

00:09:16,460 --> 00:09:12,779

has some outstanding reviews okay I'll

220

00:09:18,949 --> 00:09:16,470

thank my all my relatives so those so

221

00:09:22,309 --> 00:09:18,959

anyway everyone's still abuzz about the

222

00:09:24,590 --> 00:09:22,319

big win an eighteen book giveaway which

223

00:09:26,509 --> 00:09:24,600

we completed last week got a lot of

224

00:09:27,799 --> 00:09:26,519

letters afterwards yeah you're wanting

225

00:09:30,259 --> 00:09:27,809

to get into the fishbowl a little bit

226

00:09:33,229 --> 00:09:30,269

too late so maybe we'll do it again next

227

00:09:34,939 --> 00:09:33,239

in a few weeks or a few months no but I

228

00:09:36,710 --> 00:09:34,949

wanted to read to you one of the letters

229

00:09:38,689 --> 00:09:36,720

that people wrote back okay so they

230

00:09:40,759 --> 00:09:38,699

found nothing one all right and this is

231

00:09:43,129 --> 00:09:40,769

where we have to give Jeff Christmas

232

00:09:43,910 --> 00:09:43,139

bonus this Christmas because I'm gonna

233

00:09:45,530 --> 00:09:43,920

read it verbatim

234

00:09:47,840 --> 00:09:45,540

you have your trouble with the first

235

00:09:52,009 --> 00:09:47,850

word now I have my sound effects I know

236

00:09:54,169 --> 00:09:52,019

it here we go hey man you're the [h__h]

237

00:10:03,199 --> 00:09:54,179

man this is the first [h__h] thing I've

238

00:10:05,449 --> 00:10:03,209

ever won really write more you PS say hi

239

00:10:15,489 --> 00:10:05,459

to one one hey you know my bad so we

240

00:10:18,229 --> 00:10:15,499

have that's that's all yes so anyway

241

00:10:26,569 --> 00:10:18,239

yeah yeah why didn't ya I had to write

242

00:10:31,879 --> 00:10:26,579

it down yeah well so anyway so and they

243

00:10:34,579 --> 00:10:31,889

say people don't read anymore yeah so

244

00:10:36,859 --> 00:10:34,589

anyway so in he brought up Cobra brought

245

00:10:38,749 --> 00:10:36,869

up the reviews on Amazon you know

246

00:10:43,460 --> 00:10:38,759

whichever some of them are interesting

247

00:10:46,129 --> 00:10:43,470

let's say and some of them are funny but

248

00:10:46,999 --> 00:10:46,139

I'm glad I did you took a look at

249

00:10:48,739 --> 00:10:47,009

because I know you were staying away for

250

00:10:50,629 --> 00:10:48,749

a while you've been you've been

251
00:10:52,549 --> 00:10:50,639
generating a lot of good energy yeah I

252
00:10:53,989 --> 00:10:52,559
did you should be really happy this is a

253
00:11:00,559 --> 00:10:53,999
great return a lot of people thought

254
00:11:04,819 --> 00:11:00,569
that series I am having hitch don't so

255
00:11:08,150 --> 00:11:04,829
this is one posted yesterday okay okay

256
00:11:10,699 --> 00:11:08,160
interested in this I'm sure well I admit

257
00:11:12,470 --> 00:11:10,709
I am a super fan of meth mony but I will

258
00:11:15,529 --> 00:11:12,480
also have that I was prepared not to

259
00:11:17,539 --> 00:11:15,539
love this book as much as I did the

260
00:11:19,250 --> 00:11:17,549
first thing that struck me was how many

261
00:11:21,980 --> 00:11:19,260
genres he covers

262
00:11:23,990 --> 00:11:21,990
not just sci-fi post-world War II

263
00:11:25,550 --> 00:11:24,000

military escapism but he manages the

264

00:11:28,310 --> 00:11:25,560

sneak in pod soap opera pod

265

00:11:31,820 --> 00:11:28,320

action-adventure Patton metaphysical by

266

00:11:35,660 --> 00:11:31,830

pulp fiction and pod just plain fun okay

267

00:11:37,490 --> 00:11:35,670

great so full of it so firstly Maloney's

268

00:11:40,910 --> 00:11:37,500

hero how can't the smell suspiciously

269

00:11:43,910 --> 00:11:40,920

like he was based on his co-host on the

270

00:11:48,950 --> 00:11:43,920

mac morning military show no command to

271

00:11:51,230 --> 00:11:48,960

cope humble but bold whip smart and fast

272

00:11:57,860 --> 00:11:51,240

on his feet and of course sexy but not

273

00:11:58,490 --> 00:11:57,870

wrench oh come here to wrote that you

274

00:12:05,810 --> 00:11:58,500

wrote that

275

00:12:09,200 --> 00:12:05,820

let me I'm not done somebody hacked into

276

00:12:10,910 --> 00:12:09,210

his email okay so it does go on a little

277

00:12:12,080 --> 00:12:10,920

bit more but when I sent this to him

278

00:12:14,540 --> 00:12:12,090

yesterday I'm gonna ask the same

279

00:12:16,490 --> 00:12:14,550

question I asked you yesterday okay and

280

00:12:17,840 --> 00:12:16,500

I think a lot of think it's fun another

281

00:12:21,970 --> 00:12:17,850

story does it always have to be about

282

00:12:25,550 --> 00:12:21,980

him yeah we just have to be crazy man

283

00:12:26,930 --> 00:12:25,560

anyway he like took over the show it did

284

00:12:28,490 --> 00:12:26,940

take over the show but they gave us a

285

00:12:31,640 --> 00:12:28,500

good six that's a good one that's funny

286

00:12:33,380 --> 00:12:31,650

so listen now we'll have to put some the

287

00:12:36,470 --> 00:12:33,390

best \$20 I ever spent

288

00:12:42,260 --> 00:12:36,480

I mean laughter so this sound effects on

289

00:12:48,290 --> 00:12:42,270

your machine there we're gonna have to

290

00:12:49,550 --> 00:12:48,300

sweet man up at the end so when we do

291

00:12:51,620 --> 00:12:49,560

this when we take it commercial break

292

00:12:53,360 --> 00:12:51,630

now and we'll be back with this

293

00:12:54,980 --> 00:12:53,370

fascinating show you listening to make

294

00:12:57,620 --> 00:12:54,990

noise real tracks outro here on the

295

00:13:00,170 --> 00:12:57,630

distant Thunder radio network we'll be

296

00:13:13,050 --> 00:13:00,180

right back after this

297

00:13:18,920 --> 00:13:16,050

I'm Sean Connery and you're wishing to

298

00:13:26,700 --> 00:13:18,930

Mack Maloney military x-files show a

299

00:13:28,860 --> 00:13:26,710

distant from the radio network radio

300

00:13:30,780 --> 00:13:28,870

networks missing in the studio with us

301
00:13:33,300 --> 00:13:30,790
tonight very famous Juan Juan is here of

302
00:13:36,750 --> 00:13:33,310
Americans it going command Cobra is at

303
00:13:38,040 --> 00:13:36,760
his southern undisclosed location good

304
00:13:40,350 --> 00:13:38,050
evening gentlemen is that right am i

305
00:13:41,460 --> 00:13:40,360
right about that summon so yes we are

306
00:13:43,320 --> 00:13:41,470
himself with where you are that's

307
00:13:45,090 --> 00:13:43,330
correct okay I got the hangar facility -

308
00:13:46,770 --> 00:13:45,100
very good days of testing completely

309
00:13:48,300 --> 00:13:46,780
okay here it's probably the South

310
00:13:51,240 --> 00:13:48,310
Pacific somewhere

311
00:13:52,850 --> 00:13:51,250
have you done Manteca also very special

312
00:13:55,590 --> 00:13:52,860
guests it's just popped in in the studio

313
00:13:59,310 --> 00:13:55,600

just two feet the owner of the vast

314

00:14:01,320 --> 00:13:59,320

Oconee entertainment Empire yeah just

315

00:14:12,180 --> 00:14:01,330

checking up on you guys yeah modern

316

00:14:14,160 --> 00:14:12,190

monitor yeah I've heard reports the

317

00:14:19,080 --> 00:14:14,170

woman who owns gum drops the dogs over

318

00:14:21,810 --> 00:14:19,090

here who attacked me someone said what

319

00:14:29,600 --> 00:14:21,820

are those guys doing in there they see

320

00:14:44,520 --> 00:14:42,420

flashing lights we lit the station where

321

00:14:47,760 --> 00:14:44,530

we broadcast from where we record this

322

00:14:49,470 --> 00:14:47,770

as WN BP in new report mass I don't

323

00:14:51,420 --> 00:14:49,480

think we've ever really said where we

324

00:14:53,940 --> 00:14:51,430

were you know we credit for it ok we try

325

00:14:56,160 --> 00:14:53,950

to be mysterious as you know but every

326

00:14:59,400 --> 00:14:56,170

year there is a cost show in the middle

327

00:15:01,320 --> 00:14:59,410

of August near that station is how is

328

00:15:04,340 --> 00:15:01,330

the station involved in it well we wear

329

00:15:06,900 --> 00:15:04,350

the lead organizer of it along with the

330

00:15:12,090 --> 00:15:06,910

Chamber of Commerce in the city of

331

00:15:15,030 --> 00:15:12,100

Newburyport Massachusetts and we are

332

00:15:18,750 --> 00:15:15,040

really the organizers of it and we

333

00:15:20,790 --> 00:15:18,760

attract I don't know it's about 250 of

334

00:15:22,830 --> 00:15:20,800

the cream of the crop classic cars in

335

00:15:24,180 --> 00:15:22,840

downtown new report yep yep so they have

336

00:15:26,790 --> 00:15:24,190

to fill an application to get in the

337

00:15:32,609 --> 00:15:26,800

show right it really is sort of in

338

00:15:35,189 --> 00:15:32,619

only we have a guy who is really keen on

339

00:15:37,769 --> 00:15:35,199

the hobby and does a number of other

340

00:15:39,419 --> 00:15:37,779

shows around New England that organizes

341

00:15:42,269 --> 00:15:39,429

the thing and when he goes to the other

342

00:15:44,970 --> 00:15:42,279

shows he'll see a very interesting car

343

00:15:47,579 --> 00:15:44,980

or a rare classic car can hand them an

344

00:15:49,499 --> 00:15:47,589

entry blank basically Wow okay because

345

00:15:51,929 --> 00:15:49,509

what I should say is that this this is

346

00:15:53,549 --> 00:15:51,939

grown okay and I know this from people

347

00:15:55,350 --> 00:15:53,559

who were in the car so one thing about

348

00:15:56,939 --> 00:15:55,360

everyone on the show were only the cars

349

00:15:58,019 --> 00:15:56,949

which is which is really kind of weird

350

00:16:00,900 --> 00:15:58,029

you know yeah that's all right

351
00:16:02,340 --> 00:16:00,910
and um and but other people I know like

352
00:16:03,960 --> 00:16:02,350
Porsche collectors and stuff they said

353
00:16:05,639 --> 00:16:03,970
oh man you can't yeah they're gonna have

354
00:16:07,949 --> 00:16:05,649
skips let's say but they said don't miss

355
00:16:10,410 --> 00:16:07,959
the one in new one in August you know

356
00:16:12,179 --> 00:16:10,420
because it's widely known as the best in

357
00:16:13,889 --> 00:16:12,189
the area you just walk up and down that

358
00:16:16,470 --> 00:16:13,899
street and every car is different than

359
00:16:17,970 --> 00:16:16,480
you know build Chevy's the new Chevy

360
00:16:21,210 --> 00:16:17,980
everything every car is different in

361
00:16:23,369 --> 00:16:21,220
some way excellently restored yeah

362
00:16:25,169 --> 00:16:23,379
yeah and they it's the only time of year

363
00:16:27,629 --> 00:16:25,179

that they actually close two or three of

364

00:16:30,479 --> 00:16:27,639

the streets downtown to allow these cars

365

00:16:33,210 --> 00:16:30,489

to park I mean if you look at it and and

366

00:16:35,220 --> 00:16:33,220

just the the landscape of downtown

367

00:16:37,650 --> 00:16:35,230

Newburyport the beautiful old brick

368

00:16:41,220 --> 00:16:37,660

buildings with all the retail down there

369

00:16:42,960 --> 00:16:41,230

and all that it really looks like you're

370

00:16:45,030 --> 00:16:42,970

walking through a night out of the 50s

371

00:16:46,949 --> 00:16:45,040

yeah oh yeah yeah you know those cars

372

00:16:49,980 --> 00:16:46,959

parked there yeah and then add thousands

373

00:16:51,809 --> 00:16:49,990

of people and and we don't purposely we

374

00:16:59,699 --> 00:16:51,819

don't create sort of a circus atmosphere

375

00:17:01,590 --> 00:16:59,709

so we don't have like food vendors yeah

376

00:17:03,419 --> 00:17:01,600

we don't we don't want to turn it into

377

00:17:07,019 --> 00:17:03,429

that kind of atmosphere furthermore we

378

00:17:10,620 --> 00:17:07,029

want people to patronize some of the

379

00:17:12,240 --> 00:17:10,630

great restaurants there are food

380

00:17:13,590 --> 00:17:12,250

available you just patronize the

381

00:17:15,240 --> 00:17:13,600

restaurants that have been there around

382

00:17:17,399 --> 00:17:15,250

town all those restaurants and

383

00:17:19,769 --> 00:17:17,409

everything so yeah it's not a circus

384

00:17:21,750 --> 00:17:19,779

atmosphere we have a oldies band comes

385

00:17:23,699 --> 00:17:21,760

and plays like in the square right

386

00:17:26,490 --> 00:17:23,709

they're good at the bottom of the thing

387

00:17:28,289 --> 00:17:26,500

they play for a couple of hours and the

388

00:17:31,080 --> 00:17:28,299

radio station broadcast live from there

389

00:17:33,510 --> 00:17:31,090

and it just did you know it turns out to

390

00:17:36,299 --> 00:17:33,520

be a great night this year it is August

391

00:17:39,870 --> 00:17:36,309

17th for the rain date of August 24th

392

00:17:40,590 --> 00:17:39,880

but it goes from 5 to 8 p.m. are the

393

00:17:42,720 --> 00:17:40,600

public

394

00:17:45,600 --> 00:17:42,730

hours the cars start coming in about two

395

00:17:47,159 --> 00:17:45,610

o'clock and then the streets well the

396

00:17:49,260 --> 00:17:47,169

streets get closed off about two o'clock

397

00:17:51,570 --> 00:17:49,270

the cars come in an hour later and they

398

00:17:53,279 --> 00:17:51,580

were all staged and you're welcome to a

399

00:17:54,930 --> 00:17:53,289

walk around free admission for your

400

00:17:58,320 --> 00:17:54,940

mission yeah the best bad free admission

401
00:18:00,600 --> 00:17:58,330
and and you write the atmosphere that

402
00:18:02,100 --> 00:18:00,610
everything all these little things great

403
00:18:03,720 --> 00:18:02,110
just a really good atmosphere I kind of

404
00:18:05,430 --> 00:18:03,730
sad one away I'm so glad to hear that

405
00:18:06,330 --> 00:18:05,440
you don't put you know food vendors

406
00:18:08,370 --> 00:18:06,340
there because then you'd have people

407
00:18:11,430 --> 00:18:08,380
like messy hamburgers dropping the stuff

408
00:18:14,760 --> 00:18:11,440
on this like works of art anyway we want

409
00:18:18,450 --> 00:18:14,770
the people to patronize the businesses

410
00:18:20,149 --> 00:18:18,460
that are downtown and there are many not

411
00:18:23,190 --> 00:18:20,159
just the restaurants but all the shops

412
00:18:25,500 --> 00:18:23,200
retail shops and knick-knack shops and

413
00:18:28,169 --> 00:18:25,510

right and the antique shops and all of

414

00:18:30,450 --> 00:18:28,179

that so it really is quite a good draw

415

00:18:32,549 --> 00:18:30,460

thousands of people so it really if I

416

00:18:34,260 --> 00:18:32,559

have to be so bold as to add one comment

417

00:18:36,210 --> 00:18:34,270

because I attended to show a couple

418

00:18:38,010 --> 00:18:36,220

years back and I'm not one that makes

419

00:18:39,750 --> 00:18:38,020

these shows too often but one thing

420

00:18:42,000 --> 00:18:39,760

that's really different about this it's

421

00:18:43,320 --> 00:18:42,010

probably your selection process know

422

00:18:45,000 --> 00:18:43,330

ones that are actually trying to sell

423

00:18:47,279 --> 00:18:45,010

their cars which just happens and a lot

424

00:18:49,820 --> 00:18:47,289

of the shows I go to mmm-hmm it's

425

00:18:52,380 --> 00:18:49,830

everything's for sale you know that and

426

00:18:56,120 --> 00:18:52,390

everything is very finished these are

427

00:18:58,169 --> 00:18:56,130

not projects that are underway that

428

00:19:00,270 --> 00:18:58,179

someone's trying to impress you with you

429

00:19:02,730 --> 00:19:00,280

know what they found these are primo and

430

00:19:05,310 --> 00:19:02,740

the folks that they're are so eager to

431

00:19:07,289 --> 00:19:05,320

share with you yeah it really makes it

432

00:19:08,850 --> 00:19:07,299

worth the time they'll do this just

433

00:19:10,950 --> 00:19:08,860

don't lean on it you know what I mean

434

00:19:12,539 --> 00:19:10,960

absolutely there's a certain decorum

435

00:19:14,010 --> 00:19:12,549

that's definitely one of them don't put

436

00:19:15,899 --> 00:19:14,020

your fingers although most people like

437

00:19:17,880 --> 00:19:15,909

that but and and yeah we're selective

438

00:19:19,380 --> 00:19:17,890

about the cars so we don't end up with

439

00:19:21,049 --> 00:19:19,390

10 57 Chevys

440

00:19:24,330 --> 00:19:21,059

right yeah that sort of thing

441

00:19:26,130 --> 00:19:24,340

unfortunately a lot of people are turned

442

00:19:28,500 --> 00:19:26,140

away that want to get into the show but

443

00:19:30,750 --> 00:19:28,510

it's because we already have really

444

00:19:39,830 --> 00:19:30,760

their crowds limit our well no I mean by

445

00:19:44,010 --> 00:19:39,840

kumar's big crane on one one Wow about

446

00:19:45,600 --> 00:19:44,020

250 to 255 I think of a number of cars

447

00:19:48,090 --> 00:19:45,610

which is just what we could allow

448

00:19:49,680 --> 00:19:48,100

downtown in the streets I mean again we

449

00:19:51,630 --> 00:19:49,690

could probably put four or five hundred

450

00:19:53,130 --> 00:19:51,640

cars or more in there because that's how

451
00:19:54,570 --> 00:19:53,140
many want to come but we've got a

452
00:19:56,220 --> 00:19:54,580
limited space on the streets

453
00:19:58,880 --> 00:19:56,230
they close off and obviously gotta leave

454
00:20:03,029 --> 00:19:58,890
some of the speaks for the patron of the

455
00:20:05,220 --> 00:20:03,039
spectators to park and write it's always

456
00:20:09,750 --> 00:20:05,230
a good time it's always just fascinating

457
00:20:11,610 --> 00:20:09,760
you know I'd love doing it I love you're

458
00:20:13,529 --> 00:20:11,620
listening to love advice with Liane

459
00:20:15,389 --> 00:20:13,539
caller you're on the air

460
00:20:16,380 --> 00:20:15,399
hi Leanne longtime listener first-time

461
00:20:18,960 --> 00:20:16,390
caller

462
00:20:21,029 --> 00:20:18,970
why in your professional opinion do you

463
00:20:24,090 --> 00:20:21,039

never take my calls off the air is this

464

00:20:25,470 --> 00:20:24,100

Carl yep it's Carl I mean we had a few

465

00:20:29,039 --> 00:20:25,480

dates everything was great I thought

466

00:20:31,139 --> 00:20:29,049

well you know when you switch to Geico

467

00:20:31,710 --> 00:20:31,149

you could save a lot of money on car

468

00:20:34,680 --> 00:20:31,720

insurance

469

00:20:37,019 --> 00:20:34,690

okay awesome you should call them I will

470

00:20:39,539 --> 00:20:37,029

Geico because saving 15% or more on car

471

00:20:41,070 --> 00:20:39,549

insurance is always a great answer tend

472

00:20:43,610 --> 00:20:41,080

to pay attention to every kind because

473

00:20:46,889 --> 00:20:43,620

it's just so nice a different or unusual

474

00:20:49,409 --> 00:20:46,899

seconds we do themes yeah we did one

475

00:20:55,860 --> 00:20:49,419

saluting Henry Ford I think last year

476

00:20:57,000 --> 00:20:55,870

and we had one section was imports we

477

00:20:59,070 --> 00:20:57,010

did an alley way up there that

478

00:21:00,960 --> 00:20:59,080

pedestrian walkway had a lot of the

479

00:21:03,330 --> 00:21:00,970

British sports cars and it was a

480

00:21:08,720 --> 00:21:03,340

Vauxhall in there and yeah cars that you

481

00:21:11,549 --> 00:21:08,730

don't see often in these people MGB

482

00:21:13,710 --> 00:21:11,559

running boards yes they had so the best

483

00:21:16,110 --> 00:21:13,720

collection of Jags that I have seen over

484

00:21:19,139 --> 00:21:16,120

the years objection yeah and we did a

485

00:21:20,730 --> 00:21:19,149

last year in the bank parking lot which

486

00:21:22,620 --> 00:21:20,740

was where one of the places we put

487

00:21:28,710 --> 00:21:22,630

special displays it was a salute to the

488

00:21:36,210 --> 00:21:28,720

woodies all right woody all right again

489

00:21:40,159 --> 00:21:36,220

it's whatever you utter is there a

490

00:21:49,620 --> 00:21:43,590

has really been revealed I mean we had

491

00:21:51,509 --> 00:21:49,630

the original Batmobile happened to be in

492

00:21:56,159 --> 00:21:51,519

the area at the time and they brought

493

00:21:59,610 --> 00:21:56,169

that and we had the back to the 80s Back

494

00:22:04,139 --> 00:21:59,620

to the Future car a couple years ago the

495

00:22:05,879 --> 00:22:04,149

the DeLorean yeah so again we'll mix it

496

00:22:07,790 --> 00:22:05,889

up somehow this year yeah yeah so it's

497

00:22:09,290 --> 00:22:07,800

August 17th just kind

498

00:22:11,180 --> 00:22:09,300

do we put mass I mean yeah they're

499

00:22:12,830 --> 00:22:11,190

really yeah just because don't worry

500

00:22:14,630 --> 00:22:12,840

you'll find it yeah you'll find it just

501
00:22:17,150 --> 00:22:14,640
come to Newby boy document yeah downtown

502
00:22:18,800 --> 00:22:17,160
right off of reports right off a 95

503
00:22:20,930 --> 00:22:18,810
which is easy just before the New

504
00:22:22,820 --> 00:22:20,940
Hampshire border yeah and come right

505
00:22:24,530 --> 00:22:22,830
downtown by the waterfront and that's

506
00:22:26,480 --> 00:22:24,540
where it all happened right and if ever

507
00:22:28,340 --> 00:22:26,490
you know you just try to make up in your

508
00:22:30,320 --> 00:22:28,350
mind with it what a touristy town looks

509
00:22:33,230 --> 00:22:30,330
like just comes in the report you got it

510
00:22:40,280 --> 00:22:33,240
you guys have redeemed yourselves by

511
00:22:41,750 --> 00:22:40,290
having me on the show like that so

512
00:22:46,430 --> 00:22:41,760
you're good for another few weeks of

513
00:22:48,200 --> 00:22:46,440

studio all right that's good looking

514

00:22:50,330 --> 00:22:48,210

forward to it he's gonna climb into his

515

00:22:52,310 --> 00:22:50,340

limo now and his driver to bring them

516

00:23:00,110 --> 00:22:52,320

into the night it's the Jag or a penalty

517

00:23:01,730 --> 00:23:00,120

that he has it's both yeah it's it's we

518

00:23:02,960 --> 00:23:01,740

kid around but it is very classy

519

00:23:05,510 --> 00:23:02,970

actually looking forward to this you

520

00:23:07,190 --> 00:23:05,520

know and I just can't wait and just you

521

00:23:08,780 --> 00:23:07,200

know bring a camera just take pictures I

522

00:23:11,480 --> 00:23:08,790

love looking at the pictures of it I

523

00:23:14,660 --> 00:23:11,490

gravitate to the Mustangs first and then

524

00:23:17,510 --> 00:23:14,670

I turn in my stance I like the old

525

00:23:18,350 --> 00:23:17,520

Chevy's I like the early 67 you know it

526

00:23:20,090 --> 00:23:18,360

looked so weird

527

00:23:21,500 --> 00:23:20,100

but I can remember them as a kid you

528

00:23:23,270 --> 00:23:21,510

just watch them go by you never thought

529

00:23:24,920 --> 00:23:23,280

that they'd be collectors items no my

530

00:23:26,930 --> 00:23:24,930

dad had a couple of um you don't really

531

00:23:29,000 --> 00:23:26,940

yeah you didn't think that you were

532

00:23:31,850 --> 00:23:29,010

gonna say goodbye to them Yeah right

533

00:23:35,150 --> 00:23:31,860

yep anyway so she went Bel Air has seen

534

00:23:36,950 --> 00:23:35,160

them all yeah Impala Bel Air he had not

535

00:23:38,620 --> 00:23:36,960

Woody's but he was a station wagon guy

536

00:23:41,240 --> 00:23:38,630

too

537

00:23:46,310 --> 00:23:41,250

we've had a couple Woody's right wait

538

00:23:48,740 --> 00:23:46,320

man why don't we take a commercial break

539

00:23:51,440 --> 00:23:48,750

now at the surface and we'll be right

540

00:23:53,390 --> 00:23:51,450

back with another fascinating yes Thank

541

00:23:55,220 --> 00:23:53,400

You Pistol Pete and you're listening to

542

00:23:57,590 --> 00:23:55,230

make noise Mill tracks a show here on

543

00:24:00,440 --> 00:23:57,600

the distant Thunder radio network we

544

00:24:00,830 --> 00:24:00,450

will be right back after this over the

545

00:24:03,050 --> 00:24:00,840

years

546

00:24:05,030 --> 00:24:03,060

airforce meteor Hawk Hunter and his band

547

00:24:06,980 --> 00:24:05,040

of patriotic fighter pilots have fought

548

00:24:09,260 --> 00:24:06,990

tirelessly to reunite a fractured

549

00:24:10,549 --> 00:24:09,270

America devastated by a Russian sneak

550

00:24:13,039 --> 00:24:10,559

attack

551
00:24:15,860 --> 00:24:13,049
now returning from a mysterious Space

552
00:24:18,230 --> 00:24:15,870
Odyssey hunter finds a huge Russian army

553
00:24:20,989 --> 00:24:18,240
occupying New York City ready to invade

554
00:24:22,820 --> 00:24:20,999
the rest of America buzzing through the

555
00:24:25,039 --> 00:24:22,830
city skyscraper canyons in a tiny

556
00:24:27,169 --> 00:24:25,049
top-secret ghost plane and seeing the

557
00:24:29,029 --> 00:24:27,179
invaders massive weaponry for himself

558
00:24:30,950 --> 00:24:29,039
Hawk realizes he's up against the

559
00:24:31,690 --> 00:24:30,960
greatest danger his homeland has ever

560
00:24:34,310 --> 00:24:31,700
faced

561
00:24:35,869 --> 00:24:34,320
but equally alarming are reports

562
00:24:37,820 --> 00:24:35,879
claiming that Hawks former girlfriend

563
00:24:39,619 --> 00:24:37,830

dominique is living with the head of the

564

00:24:42,799 --> 00:24:39,629

Russian secret police in a Manhattan

565

00:24:45,980 --> 00:24:42,809

penthouse is she is prisoner or is she

566

00:24:47,960 --> 00:24:45,990

something else with the woman in the

567

00:24:50,090 --> 00:24:47,970

country he loves in dire peril hawk

Thunder radio network in the studio with

590

00:26:00,440 --> 00:25:56,790

us tonight for 14th or 15th week 14 14th

591

00:26:02,960 --> 00:26:00,450

week in a row 1 1 is here in person I

592

00:26:04,400 --> 00:26:02,970

love being an eerie person and he has of

593

00:26:07,250 --> 00:26:04,410

course his Patriots hat on

594

00:26:08,690 --> 00:26:07,260

that's right you were almost

595

00:26:10,450 --> 00:26:08,700

embarrassing last week when you were

596

00:26:13,010 --> 00:26:10,460

talking about Tom Brady do you know that

597

00:26:14,990 --> 00:26:13,020

well I get that way I get very for klimt

598

00:26:18,110 --> 00:26:15,000

when I talk about Tom Brady okay yeah

599

00:26:23,210 --> 00:26:18,120

he's the man that's out in every way

600

00:26:28,070 --> 00:26:23,220

that's a secret word in Israel how about

601
00:26:31,360 --> 00:26:28,080
that that's not racist no no y-you they

602
00:26:34,850 --> 00:26:31,370
yeah now that's racist no it's not

603
00:26:37,310 --> 00:26:34,860
anyway we have on the line with all in

604
00:26:39,380 --> 00:26:37,320
command Cobra of course freedom he's

605
00:26:41,420 --> 00:26:39,390
coming in from a sudden undisclosed

606
00:26:42,710 --> 00:26:41,430
location these days at least tonight

607
00:26:44,900 --> 00:26:42,720
Cobra you there

608
00:26:46,880 --> 00:26:44,910
on the way I am I'm on the way Donnelly

609
00:26:48,560 --> 00:26:46,890
I was over your house earlier but yes

610
00:26:51,530 --> 00:26:48,570
I'm on the way over my house about four

611
00:26:57,850 --> 00:26:51,540
or five times today you know it's that

612
00:27:02,180 --> 00:27:00,620
bag of flour or something first couple

613
00:27:03,890 --> 00:27:02,190

times it's exciting I'm a bit with a

614

00:27:06,760 --> 00:27:03,900

flag and wave in you know get the

615

00:27:09,710 --> 00:27:06,770

neighborhood kids to wave to think yeah

616

00:27:11,990 --> 00:27:09,720

but then the kids are saying what's he

617

00:27:16,070 --> 00:27:12,000

doing what's he doing skywriting just

618

00:27:21,770 --> 00:27:16,080

you know it sure is your friend strafing

619

00:27:24,080 --> 00:27:21,780

us but they just dummy bullets anyway on

620

00:27:26,510 --> 00:27:24,090

the line with this is one of my favorite

621

00:27:29,210 --> 00:27:26,520

guests Mary Joyce down there in North

622

00:27:32,210 --> 00:27:29,220

Carolina right Mary that's right yes

623

00:27:35,180 --> 00:27:32,220

okay hi Mary and and you know the Juan

624

00:27:37,610 --> 00:27:35,190

Juan is here and also the Colburn it

625

00:27:42,200 --> 00:27:37,620

just just start off by telling people

626
00:27:43,670 --> 00:27:42,210
your website please okay I'll say it and

627
00:27:46,490 --> 00:27:43,680
I'll spell part of it it's Sky ships

628
00:27:49,220 --> 00:27:46,500
over cashiers calm and cashiers are

629
00:27:51,260 --> 00:27:49,230
spelled like the cashiers at Walmart's

630
00:27:53,690 --> 00:27:51,270
they just pronounce it differently and

631
00:27:56,150 --> 00:27:53,700
that's a mountaintop community here that

632
00:27:58,310 --> 00:27:56,160
is real popular this time of year okay

633
00:28:01,700 --> 00:27:58,320
real popular with tourists or with

634
00:28:04,070 --> 00:28:01,710
aliens or both or probably both because

635
00:28:05,810 --> 00:28:04,080
we've always seen a lot of UFOs up there

636
00:28:07,430 --> 00:28:05,820
and it's the place where all the

637
00:28:08,480 --> 00:28:07,440
Flatlanders like to come when it's too

638
00:28:11,210 --> 00:28:08,490

hot in the flatlands

639

00:28:13,100 --> 00:28:11,220

or when the leaves are changing so the

640

00:28:16,460 --> 00:28:13,110

population increases this time of year

641

00:28:18,260 --> 00:28:16,470

right okay you know we've we've talked a

642

00:28:20,390 --> 00:28:18,270

number of times before and where you

643

00:28:22,760 --> 00:28:20,400

you're talking about cashiers North

644

00:28:25,520 --> 00:28:22,770

Carolina it's enough Carolina right it

645

00:28:27,409 --> 00:28:25,530

is it's in the western mountains west of

646

00:28:29,720 --> 00:28:27,419

Asheville which you know many people

647

00:28:32,150 --> 00:28:29,730

would know where that is right did you

648

00:28:32,780 --> 00:28:32,160

see or maybe you're just confirming what

649

00:28:35,350 --> 00:28:32,790

we just talked about

650

00:28:37,970 --> 00:28:35,360

do they have seasonal rises and the

651
00:28:43,610 --> 00:28:37,980
reports of UFOs there is a constant all

652
00:28:45,230 --> 00:28:43,620
year round up there it's it's kind of a

653
00:28:47,299 --> 00:28:45,240
wave I actually haven't been able to

654
00:28:49,190 --> 00:28:47,309
track it to the point where I can say

655
00:28:51,680 --> 00:28:49,200
hey this is the way it always works like

656
00:28:54,110 --> 00:28:51,690
but there are times when we definitely

657
00:28:56,659 --> 00:28:54,120
seem to see more a few months back the

658
00:28:58,549 --> 00:28:56,669
the gal Glennis who's up there and

659
00:29:01,490 --> 00:28:58,559
watches the skies for us on the regular

660
00:29:03,830 --> 00:29:01,500
basis was seen them like every night for

661
00:29:05,450 --> 00:29:03,840
a while there and then sometimes you

662
00:29:07,760 --> 00:29:05,460
know you'll go for quite a while we

663
00:29:09,919 --> 00:29:07,770

don't even post all the ones that we see

664

00:29:12,200 --> 00:29:09,929

because you know a single light in this

665

00:29:14,390 --> 00:29:12,210

guy has become rather boring so she has

666

00:29:16,130 --> 00:29:14,400

to you know capture something on film

667

00:29:17,330 --> 00:29:16,140

that you know I was a little bit

668

00:29:19,669 --> 00:29:17,340

different a little bit more out of the

669

00:29:21,260 --> 00:29:19,679

ordinary other she go does she go to a

670

00:29:23,450 --> 00:29:21,270

certain location or does she do it from

671

00:29:25,820 --> 00:29:23,460

her front porch or her back yard

672

00:29:27,680 --> 00:29:25,830

well she lives on the outskirts of

673

00:29:28,730 --> 00:29:27,690

cashers and she has seen things right

674

00:29:30,620 --> 00:29:28,740

around where she lives

675

00:29:32,240 --> 00:29:30,630

she's gone through the center of town at

676
00:29:35,299 --> 00:29:32,250
night and captured something over the

677
00:29:36,710 --> 00:29:35,309
library I mean there's a number of

678
00:29:39,350 --> 00:29:36,720
different mountain peaks around there

679
00:29:41,419 --> 00:29:39,360
and she just has a camera with her and

680
00:29:44,419 --> 00:29:41,429
if she sees something she tries to

681
00:29:45,799 --> 00:29:44,429
capture it well and so I guess my

682
00:29:48,200 --> 00:29:45,809
question isn't one of them is why Kay

683
00:29:50,690 --> 00:29:48,210
she is you know like why is it a hot

684
00:29:53,140 --> 00:29:50,700
spot have you ever tried to you know

685
00:29:55,100 --> 00:29:53,150
there's a couple of things number one

686
00:29:57,470 --> 00:29:55,110
there's a mountain they're called

687
00:29:59,720 --> 00:29:57,480
Whiteside Mountain and it is white

688
00:30:01,490 --> 00:29:59,730

crystalline and many people have

689

00:30:02,419 --> 00:30:01,500

speculated on the idea that it might

690

00:30:06,590 --> 00:30:02,429

have

691

00:30:08,029 --> 00:30:06,600

be used like an omni and you know there

692

00:30:09,830 --> 00:30:08,039

might be some truth to that I'd love to

693

00:30:11,570 --> 00:30:09,840

know what the commander thinks about

694

00:30:13,700 --> 00:30:11,580

that idea well that's him over to you

695

00:30:18,080 --> 00:30:13,710

commander I think it's a very strong

696

00:30:20,810 --> 00:30:18,090

possibility so cashiers is this big

697

00:30:22,999 --> 00:30:20,820

white embankment and when you look at it

698

00:30:25,700 --> 00:30:23,009

from the south side looking up it's just

699

00:30:27,139 --> 00:30:25,710

you know this obviously a white side and

700

00:30:28,820 --> 00:30:27,149

from the other side you don't notice

701
00:30:30,950 --> 00:30:28,830
that but there's lots of crystals in

702
00:30:31,399 --> 00:30:30,960
that area and that seems to be a hub for

703
00:30:35,210 --> 00:30:31,409
it

704
00:30:37,100 --> 00:30:35,220
now there's other things a very short

705
00:30:39,499 --> 00:30:37,110
distance from there at least by air is

706
00:30:42,320 --> 00:30:39,509
one of the underground facilities that

707
00:30:44,749 --> 00:30:42,330
we know of as we call it Perry but it

708
00:30:49,159 --> 00:30:44,759
stands for Vista astronomical Research

709
00:30:51,440 --> 00:30:49,169
Institute and so there have been UFOs

710
00:30:54,529 --> 00:30:51,450
that have been seen over that particular

711
00:30:56,600 --> 00:30:54,539
facility and also going into a lake

712
00:30:59,330 --> 00:30:56,610
that's just to the west of that facility

713
00:31:03,320 --> 00:30:59,340

so that could be another thing that has

714

00:31:07,279 --> 00:31:03,330

a draw right so what is the name of that

715

00:31:11,289 --> 00:31:07,289

on-the-ground facility again I refer to

716

00:31:14,659 --> 00:31:11,299

a despair EPA R stands for fisca

717

00:31:16,549 --> 00:31:14,669

astronomical Research Institute so why

718

00:31:19,039 --> 00:31:16,559

wouldn't it why would the desert is like

719

00:31:22,340 --> 00:31:19,049

a forest okay miss divorce why would

720

00:31:24,970 --> 00:31:22,350

they put an astronomical facility in the

721

00:31:27,739 --> 00:31:24,980

ground one it doesn't it wasn't always

722

00:31:29,269 --> 00:31:27,749

known as that it was part of the Defense

723

00:31:31,820 --> 00:31:29,279

Department okay it's part of the

724

00:31:34,909 --> 00:31:31,830

tracking system of during the Cold War

725

00:31:37,159 --> 00:31:34,919

and they use radio it's a radio

726

00:31:39,950 --> 00:31:37,169

astronomy facility okay all right but is

727

00:31:43,489 --> 00:31:39,960

it underground but basically well right

728

00:31:46,609 --> 00:31:43,499

now it's more like a educational kind of

729

00:31:50,629 --> 00:31:46,619

astronomy we call it a cover-up place

730

00:31:53,720 --> 00:31:50,639

yeah because there is a six-story City

731

00:31:56,480 --> 00:31:53,730

size facility beneath that but they kind

732

00:31:57,879 --> 00:31:56,490

of cover it up by just focusing on which

733

00:32:01,820 --> 00:31:57,889

is really kind of an outdated

734

00:32:03,320 --> 00:32:01,830

astronomical facility there sometimes

735

00:32:05,210 --> 00:32:03,330

you can get on there you can just walk

736

00:32:09,470 --> 00:32:05,220

on there there's no problem there's been

737

00:32:11,960 --> 00:32:09,480

other times when people have seen men in

738

00:32:12,470 --> 00:32:11,970

Swat suits at the gate and you can't get

739

00:32:16,040 --> 00:32:12,480

in Oh

740

00:32:18,820 --> 00:32:16,050

so it's a very unpredictable place

741

00:32:23,120 --> 00:32:18,830

and don't they see up in that region the

742

00:32:25,280 --> 00:32:23,130

soldiers from other countries yes not

743

00:32:28,580 --> 00:32:25,290

right there at that facility but mostly

744

00:32:31,430 --> 00:32:28,590

in the Smoky Mountain National Park and

745

00:32:34,220 --> 00:32:31,440

around Mount Mitchell those are two

746

00:32:37,850 --> 00:32:34,230

biggie places where people have seen the

747

00:32:39,260 --> 00:32:37,860

Russians the Germans and the UN Cobra

748

00:32:42,320 --> 00:32:39,270

what do you think is going on there

749

00:32:44,150 --> 00:32:42,330

well we have talked of course the Mary

750

00:32:45,410 --> 00:32:44,160

Joyce a number of times felt this and

751
00:32:49,640 --> 00:32:45,420
there's been a couple other guests that

752
00:32:52,810 --> 00:32:49,650
we have had on different avenues that

753
00:32:56,120 --> 00:32:52,820
whole area seems to be highly developed

754
00:32:57,680 --> 00:32:56,130
underground facilities going right

755
00:33:00,700 --> 00:32:57,690
through that whole area where she's at

756
00:33:03,710 --> 00:33:00,710
all the way up to DC Virginia and

757
00:33:07,690 --> 00:33:03,720
continuing up into the basically the

758
00:33:11,900 --> 00:33:07,700
edge of Maryland and other folks have

759
00:33:15,169 --> 00:33:11,910
discussed it either it is a set up area

760
00:33:17,200 --> 00:33:15,179
for a lot of activity that is you know

761
00:33:20,120 --> 00:33:17,210
man-made military or government

762
00:33:21,770 --> 00:33:20,130
operations and there's a very strong

763
00:33:23,390 --> 00:33:21,780

case we look back going back in the

764

00:33:25,299 --> 00:33:23,400

histories there's a lot of paranormal

765

00:33:27,560 --> 00:33:25,309

activity that's been associated with it

766

00:33:30,380 --> 00:33:27,570

Mary Joyce has talked extensively about

767

00:33:33,500 --> 00:33:30,390

the Bigfoot contact there seems to have

768

00:33:35,690 --> 00:33:33,510

that interdimensional Unified Field

769

00:33:37,940 --> 00:33:35,700

thing that we always refer to how these

770

00:33:39,500 --> 00:33:37,950

things happen in one area and I don't

771

00:33:41,240 --> 00:33:39,510

know which came first I don't know which

772

00:33:43,010 --> 00:33:41,250

ones the chicken and which one's the the

773

00:33:44,210 --> 00:33:43,020

egg in this situation right but this is

774

00:33:47,930 --> 00:33:44,220

definitely one of those hotspot areas

775

00:33:49,630 --> 00:33:47,940

and as a recently I talked to a guest I

776
00:33:51,650 --> 00:33:49,640
had on my other show who talked about a

777
00:33:54,440 --> 00:33:51,660
the strong belief that there is an

778
00:33:57,380 --> 00:33:54,450
underground transport system train or

779
00:34:01,310 --> 00:33:57,390
something like that that links a large

780
00:34:06,320 --> 00:34:01,320
part of that mountain area up and down

781
00:34:07,850 --> 00:34:06,330
north to south well I know I've

782
00:34:10,040 --> 00:34:07,860
mentioned this in the past but I've done

783
00:34:12,800 --> 00:34:10,050
one book that's called underground

784
00:34:15,859 --> 00:34:12,810
military bases hidden in North Carolina

785
00:34:17,090 --> 00:34:15,869
mountains and I focused on five of them

786
00:34:19,550 --> 00:34:17,100
here in North Carolina

787
00:34:20,899 --> 00:34:19,560
in my from what I have been able to

788
00:34:24,649 --> 00:34:20,909

piece together I think they're probably

789

00:34:27,379 --> 00:34:24,659

all connected on the ground there's been

790

00:34:28,970 --> 00:34:27,389

indirect evidence that they have used

791

00:34:30,589 --> 00:34:28,980

the underground boring machine whatever

792

00:34:32,450 --> 00:34:30,599

they

793

00:34:35,210 --> 00:34:32,460

that can you know just go through

794

00:34:36,379 --> 00:34:35,220

mountains in you know I think it's like

795

00:34:38,329 --> 00:34:36,389

seven miles a day

796

00:34:41,389 --> 00:34:38,339

and there have been times when people

797

00:34:43,820 --> 00:34:41,399

have recorded these incredible

798

00:34:47,419 --> 00:34:43,830

vibrations and drilling sounds and then

799

00:34:50,839 --> 00:34:47,429

beneath the ground and then it'll stop

800

00:34:52,879 --> 00:34:50,849

and so it's like it's along the line if

801
00:34:55,310 --> 00:34:52,889
you were to draw and connect these

802
00:34:57,290 --> 00:34:55,320
different facilities and that's why it's

803
00:34:59,570 --> 00:34:57,300
kind of in direct confirmation that

804
00:35:01,370 --> 00:34:59,580
there are tunnels connecting them okay

805
00:35:03,440 --> 00:35:01,380
well it seems like if they you know

806
00:35:05,210 --> 00:35:03,450
built these incredible you know

807
00:35:07,040 --> 00:35:05,220
stretches you can call that underground

808
00:35:08,720 --> 00:35:07,050
it seems to make sense that they would

809
00:35:10,359 --> 00:35:08,730
connect them somehow you know and that

810
00:35:12,890 --> 00:35:10,369
and whatever they're doing out there is

811
00:35:14,720 --> 00:35:12,900
interesting but you know are still

812
00:35:16,220 --> 00:35:14,730
mysterious but you mentioned trains

813
00:35:19,280 --> 00:35:16,230

earlier in this is one of the things I

814

00:35:20,839 --> 00:35:19,290

really loved the your website I always

815

00:35:24,530 --> 00:35:20,849

go to it it's always entertaining and

816

00:35:27,260 --> 00:35:24,540

you learn stuff somebody has taken

817

00:35:28,970 --> 00:35:27,270

pictures of a section of Mars and it

818

00:35:30,829 --> 00:35:28,980

looks like there's train tracks up on

819

00:35:32,900 --> 00:35:30,839

Mars one one if you can believe it I

820

00:35:39,339 --> 00:35:32,910

guess they really did you know forget in

821

00:35:44,750 --> 00:35:42,170

Train the Train on miles who knows you

822

00:35:47,990 --> 00:35:44,760

know but Mary you had that on your

823

00:35:49,520 --> 00:35:48,000

website of the most recent postings if

824

00:35:52,400 --> 00:35:49,530

you go to the website sky ships over

825

00:35:55,280 --> 00:35:52,410

cashiers comm it's like the second from

826

00:35:57,829 --> 00:35:55,290

the top on what's new and what I try to

827

00:35:59,990 --> 00:35:57,839

do whenever possible is I try to find

828

00:36:02,450 --> 00:36:00,000

these places for myself if it's in Mars

829

00:36:05,359 --> 00:36:02,460

or Antarctica or on the moon and get the

830

00:36:07,099 --> 00:36:05,369

coordinates so that anybody can take

831

00:36:09,380 --> 00:36:07,109

those coordinates and go to Google Earth

832

00:36:11,270 --> 00:36:09,390

and find them right and so it took a

833

00:36:13,790 --> 00:36:11,280

little bit of effort to get the

834

00:36:15,770 --> 00:36:13,800

coordinates but I did find them and with

835

00:36:18,470 --> 00:36:15,780

the story which is titled it looks like

836

00:36:20,210 --> 00:36:18,480

a train track on Mars I provide the

837

00:36:23,510 --> 00:36:20,220

coordinates so you can go to Google

838

00:36:25,700 --> 00:36:23,520

Earth Mars and click it in and find it

839

00:36:29,599 --> 00:36:25,710

for yourself and basically it's a

840

00:36:31,460 --> 00:36:29,609

straight track and it just goes across

841

00:36:34,070 --> 00:36:31,470

like what looks like desert land and

842

00:36:36,290 --> 00:36:34,080

then there's a cluster of three craters

843

00:36:38,690 --> 00:36:36,300

that are there not in a straight line

844

00:36:41,839 --> 00:36:38,700

but this track goes through one of the

845

00:36:43,099 --> 00:36:41,849

craters and then it goes into a second

846

00:36:45,769 --> 00:36:43,109

one and it ends there

847

00:36:47,569 --> 00:36:45,779

now it takes a little bit of perhaps

848

00:36:52,190 --> 00:36:47,579

imagination but it looks like there's

849

00:36:55,009 --> 00:36:52,200

some rectangular structures in that last

850

00:36:58,519 --> 00:36:55,019

crater where the train track ends like

851
00:37:01,549 --> 00:36:58,529
there is also a what seems to be a

852
00:37:03,370 --> 00:37:01,559
little vehicle that's on the track I'm

853
00:37:05,870 --> 00:37:03,380
looking at a picture of it right now and

854
00:37:07,670 --> 00:37:05,880
everyone should try to look at this it's

855
00:37:11,569 --> 00:37:07,680
could it look like a train track unwise

856
00:37:13,130 --> 00:37:11,579
and it is you know it's it's obviously

857
00:37:14,809 --> 00:37:13,140
the the satellite view but you were

858
00:37:16,699 --> 00:37:14,819
looking down and my isn't nothing I Maya

859
00:37:18,469 --> 00:37:16,709
seems to be regular that everything

860
00:37:20,529 --> 00:37:18,479
seems to be just you know old the nation

861
00:37:23,329 --> 00:37:20,539
and there's a straight line going right

862
00:37:25,219 --> 00:37:23,339
it straight line going you know right

863
00:37:26,870 --> 00:37:25,229

through these three huge craters right

864

00:37:28,519 --> 00:37:26,880

and it does look like this you know that

865

00:37:29,959 --> 00:37:28,529

will almost be where a train would be

866

00:37:31,160 --> 00:37:29,969

different yeah with trains with a

867

00:37:33,709 --> 00:37:31,170

station because there's like three or

868

00:37:36,229 --> 00:37:33,719

four little tracks Spurs all yeah rush

869

00:37:38,509 --> 00:37:36,239

the engineering that that is required to

870

00:37:42,920 --> 00:37:38,519

make us straight as run like that is

871

00:37:45,199 --> 00:37:42,930

absolutely amazing really so yeah name

872

00:37:47,469 --> 00:37:45,209

that's my point is why how advanced I

873

00:37:50,029 --> 00:37:47,479

think it might be look on the earth and

874

00:37:53,209 --> 00:37:50,039

you'll it you're very difficult to find

875

00:37:55,039 --> 00:37:53,219

a straight track like that that's on

876
00:37:56,630 --> 00:37:55,049
them so you look at the kind of advanced

877
00:37:59,479 --> 00:37:56,640
engineering that would be required

878
00:38:01,279 --> 00:37:59,489
mm-hmm to make that work I'm really

879
00:38:02,749 --> 00:38:01,289
impressed with it he's gonna look at it

880
00:38:04,279 --> 00:38:02,759
you know aside from the fact that yep

881
00:38:06,199 --> 00:38:04,289
those things kind of fit and the stuff

882
00:38:07,789 --> 00:38:06,209
that we talked about I am taken by the

883
00:38:09,349 --> 00:38:07,799
fact that it doesn't seem to bend around

884
00:38:11,989 --> 00:38:09,359
it doesn't have to go with it it could

885
00:38:14,420 --> 00:38:11,999
be a very unique feature that it's on on

886
00:38:16,249 --> 00:38:14,430
the planet there that could be some kind

887
00:38:17,719 --> 00:38:16,259
of really interesting geology you know

888
00:38:21,469 --> 00:38:17,729

geology that's going on there a lot of

889

00:38:22,699 --> 00:38:21,479

them to do it and then when you look at

890

00:38:24,739 --> 00:38:22,709

the it looks like foundations of

891

00:38:26,809 --> 00:38:24,749

buildings I mean from that kind of

892

00:38:28,789 --> 00:38:26,819

picture right you know I've worked ops

893

00:38:31,309 --> 00:38:28,799

based on pictures like that that were

894

00:38:33,469 --> 00:38:31,319

taken by cell like that to use as your

895

00:38:35,920 --> 00:38:33,479

navigation going into an area so and it

896

00:38:38,749 --> 00:38:35,930

it does look like there's a white Volvo

897

00:38:44,539 --> 00:38:38,759

there's a white vehicle was casting a

898

00:38:48,170 --> 00:38:44,549

shadow right yeah it does look like a

899

00:38:50,029 --> 00:38:48,180

gym I showed it to Mac myself yeah okay

900

00:38:51,739 --> 00:38:50,039

so Mary I mean what what are people

901
00:38:53,150 --> 00:38:51,749
saying they do they think that this

902
00:38:54,829 --> 00:38:53,160
thing is ancient and it was something

903
00:38:56,839 --> 00:38:54,839
that is now just being uncovered I mean

904
00:38:59,699 --> 00:38:56,849
they don't think it's in operation now

905
00:39:01,380 --> 00:38:59,709
I haven't really taken the pole out at

906
00:39:03,479 --> 00:39:01,390
my own gut feeling is it looks like it's

907
00:39:05,249 --> 00:39:03,489
something current well well that would

908
00:39:05,789 --> 00:39:05,259
be an interest quickly to be who took a

909
00:39:08,150 --> 00:39:05,799
shot

910
00:39:10,469 --> 00:39:08,160
it's from the satellite it's okay it's

911
00:39:11,609 --> 00:39:10,479
alright they have to set at least two

912
00:39:13,019 --> 00:39:11,619
satellites that have been run around

913
00:39:15,089 --> 00:39:13,029

that planet for years you know and

914

00:39:16,890 --> 00:39:15,099

they've they've mapped a lot of our

915

00:39:18,209 --> 00:39:16,900

satellite well I mean no way in the

916

00:39:20,519 --> 00:39:18,219

world we would have doctored the picture

917

00:39:22,620 --> 00:39:20,529

like this no who do you think Mary I

918

00:39:25,380 --> 00:39:22,630

mean who would be up to is it aliens or

919

00:39:26,670 --> 00:39:25,390

is it some you know the Nazis who you

920

00:39:28,170 --> 00:39:26,680

know escape the earth after World War

921

00:39:30,180 --> 00:39:28,180

two is nothing I mean who could be doing

922

00:39:32,699 --> 00:39:30,190

this I don't have a hard time imagining

923

00:39:34,289 --> 00:39:32,709

that people as we know them right now

924

00:39:35,039 --> 00:39:34,299

they don't even have to be Nazis they're

925

00:39:37,769 --> 00:39:35,049

already up there

926

00:39:40,680 --> 00:39:37,779

mm-hm because we're getting you know we

927

00:39:43,079 --> 00:39:40,690

always see things like in the sci-fi

928

00:39:45,509 --> 00:39:43,089

movies like the stories about Mars and

929

00:39:47,880 --> 00:39:45,519

things like that and then we find out

930

00:39:50,969 --> 00:39:47,890

much later that those things are really

931

00:39:55,609 --> 00:39:50,979

going on so I kind of suspect that

932

00:39:58,829 --> 00:39:55,619

there's more going on from us primarily

933

00:39:59,880 --> 00:39:58,839

then we think there is they keep talking

934

00:40:01,920 --> 00:39:59,890

about it's going to be in the future

935

00:40:04,650 --> 00:40:01,930

gonna be on Mars I think we may already

936

00:40:06,329 --> 00:40:04,660

be there did would they go up there for

937

00:40:08,579 --> 00:40:06,339

um I read in the paper the other day

938

00:40:10,469 --> 00:40:08,589

that they said if if they actually mined

939

00:40:12,689 --> 00:40:10,479

the stuff and on my eyes that they think

940

00:40:14,099 --> 00:40:12,699

is there and it's not strange stuff's

941

00:40:17,039 --> 00:40:14,109

like nickel and you know that kind of

942

00:40:18,420 --> 00:40:17,049

stuff it would be worth trillions not

943

00:40:20,279 --> 00:40:18,430

even you know they're not even trillions

944

00:40:22,859 --> 00:40:20,289

they'd have to go up to you're listening

945

00:40:23,609 --> 00:40:22,869

to love advice with LeAnn caller you're

946

00:40:25,499 --> 00:40:23,619

on the air

947

00:40:28,289 --> 00:40:25,509

hi Leanne longtime listener first-time

948

00:40:30,630 --> 00:40:28,299

caller why in your professional opinion

949

00:40:33,989 --> 00:40:30,640

do you never take my calls off the air

950

00:40:35,160 --> 00:40:33,999

is this Carl yep it's Carl I mean we had

951

00:40:38,999 --> 00:40:35,170

a few dates everything was great I

952

00:40:41,009 --> 00:40:39,009

thought well you know when you switch to

953

00:40:41,819 --> 00:40:41,019

Geico you could save a lot of money on

954

00:40:44,519 --> 00:40:41,829

car insurance

955

00:40:47,099 --> 00:40:44,529

okay awesome you should call them I will

956

00:40:49,170 --> 00:40:47,109

Geico because saving 15% or more on car

957

00:40:50,849 --> 00:40:49,180

insurance is always a great answer

958

00:40:52,439 --> 00:40:50,859

because there's just so much stuff okay

959

00:40:55,079 --> 00:40:52,449

if you can I mean if you're up there

960

00:40:56,609 --> 00:40:55,089

secretly now kind of you know staking

961

00:40:58,499 --> 00:40:56,619

claims to this stuff how much is it

962

00:41:00,359 --> 00:40:58,509

gonna cost you did the whole nickel is

963

00:41:01,920 --> 00:41:00,369

like I and it is I am yeah you know all

964

00:41:04,979 --> 00:41:01,930

that back from my husband that's gonna

965

00:41:06,539 --> 00:41:04,989

be economically feasible it doesn't it

966

00:41:08,320 --> 00:41:06,549

doesn't seem it you know so why would

967

00:41:10,580 --> 00:41:08,330

they be up there

968

00:41:12,080 --> 00:41:10,590

well I don't know if it would just be

969

00:41:14,210 --> 00:41:12,090

for mining

970

00:41:16,580 --> 00:41:14,220

I honestly think they're trying to make

971

00:41:18,560 --> 00:41:16,590

it a place where human beings can live

972

00:41:20,210 --> 00:41:18,570

what we want to call it well we've

973

00:41:21,950 --> 00:41:20,220

gotten stuff I don't I don't know how to

974

00:41:23,810 --> 00:41:21,960

tell people off the top of my head of

975

00:41:25,640 --> 00:41:23,820

how to find stories in our in our

976

00:41:27,680 --> 00:41:25,650

section but all of these kind of things

977

00:41:31,730 --> 00:41:27,690

we're talking about would be under the

978

00:41:33,320 --> 00:41:31,740

section called global links and I can't

979

00:41:34,970 --> 00:41:33,330

remember you know all the different

980

00:41:37,220 --> 00:41:34,980

things we've done on Mars but there's

981

00:41:39,740 --> 00:41:37,230

been a lot right and there's been some

982

00:41:41,870 --> 00:41:39,750

that we posted again with the

983

00:41:44,300 --> 00:41:41,880

coordinates where you can see things

984

00:41:47,750 --> 00:41:44,310

that look like manmade pod structures

985

00:41:50,360 --> 00:41:47,760

that look very contemporary found in at

986

00:41:54,170 --> 00:41:50,370

least two places that we know on Mars

987

00:41:57,170 --> 00:41:54,180

well the sad news is that um a few weeks

988

00:41:59,090 --> 00:41:57,180

ago we had our friend Raja pond and at

989

00:42:00,740 --> 00:41:59,100

the end of his segment remember he had

990

00:42:03,140 --> 00:42:00,750

us go and look at a picture and it's of

991

00:42:04,970 --> 00:42:03,150

a man-made fort in England that is like

992

00:42:07,220 --> 00:42:04,980

this thousands of years old and had some

993

00:42:08,810 --> 00:42:07,230

really cool name I feel what it is do

994

00:42:10,520 --> 00:42:08,820

you remember that it's Annie yeah I can

995

00:42:12,080 --> 00:42:10,530

from the name of it the place but it's

996

00:42:13,460 --> 00:42:12,090

where you grew up it's basically if the

997

00:42:18,380 --> 00:42:13,470

county that you grew up in and you look

998

00:42:19,760 --> 00:42:18,390

at all is this story something yeah how

999

00:42:21,710 --> 00:42:19,770

can anyone build this a you couldn't

1000

00:42:23,870 --> 00:42:21,720

build it today you know and it's just

1001

00:42:25,520 --> 00:42:23,880

this huge you look at that picture and

1002

00:42:27,260 --> 00:42:25,530

you look down at some of the stuff on

1003

00:42:29,270 --> 00:42:27,270

Mars and it has like the same shape I

1004

00:42:31,610 --> 00:42:29,280

know that you know the human eye tends

1005

00:42:38,990 --> 00:42:31,620

to you know can make sense of things and

1006

00:42:40,460 --> 00:42:39,000

but I don't know last week mr. musk came

1007

00:42:42,440 --> 00:42:40,470

out and said he's gonna they were gonna

1008

00:42:43,940 --> 00:42:42,450

create a city on Mars with a million

1009

00:42:46,370 --> 00:42:43,950

inhabitants I think it's gonna happen

1010

00:42:48,140 --> 00:42:46,380

within 50 years huh I just find it

1011

00:42:50,840 --> 00:42:48,150

interesting that all these things that

1012

00:42:52,520 --> 00:42:50,850

start to leak out as a plate and it

1013

00:42:54,440 --> 00:42:52,530

seems to be building it was an

1014

00:42:56,210 --> 00:42:54,450

announcement that NASA was very close

1015

00:42:57,260 --> 00:42:56,220

the hackers got into NASA and they said

1016

00:42:59,030 --> 00:42:57,270

that they're very close to making

1017

00:43:00,800 --> 00:42:59,040

announcement about alien life I looked

1018

00:43:03,650 --> 00:43:00,810

at the article and it really was a puff

1019

00:43:05,690 --> 00:43:03,660

piece it didn't it's so legalese the way

1020

00:43:07,340 --> 00:43:05,700

they're doing it just trying to cushion

1021

00:43:09,230 --> 00:43:07,350

the blow there but then you have people

1022

00:43:12,530 --> 00:43:09,240

like musk and others out there that are

1023

00:43:14,270 --> 00:43:12,540

talking in terms you know 50 years the

1024

00:43:16,790 --> 00:43:14,280

current way that things are going right

1025

00:43:19,220 --> 00:43:16,800

now is not a long time that used to be

1026

00:43:21,080 --> 00:43:19,230

like really that was a lifetime for him

1027

00:43:23,600 --> 00:43:21,090

for most of the planet that

1028

00:43:24,980 --> 00:43:23,610

not anywhere close to it anymore are we

1029

00:43:26,990 --> 00:43:24,990

getting close to some grand announcement

1030

00:43:29,090 --> 00:43:27,000

is it is the curtain going to drop on

1031

00:43:32,570 --> 00:43:29,100

secret space program activities that are

1032

00:43:34,130 --> 00:43:32,580

on there nobody in the 1800's people

1033

00:43:35,630 --> 00:43:34,140

believed people lived on Mars when they

1034

00:43:37,670 --> 00:43:35,640

look through telescopes and they saw the

1035

00:43:39,890 --> 00:43:37,680

changes they thought they were growing

1036

00:43:40,940 --> 00:43:39,900

crops up there and they they did and

1037

00:43:42,770 --> 00:43:40,950

then all of a sudden it became very

1038

00:43:44,780 --> 00:43:42,780

passee that that couldn't possibly be it

1039

00:43:46,790 --> 00:43:44,790

so they call them Mouse they you know

1040

00:43:47,930 --> 00:43:46,800

they call them canals people will look

1041

00:43:53,080 --> 00:43:47,940

up them they still don't know what they

1042

00:43:59,600 --> 00:43:56,690

go to the if you happen to have the

1043

00:44:02,690 --> 00:43:59,610

website up go to global links and go to

1044

00:44:06,260 --> 00:44:02,700

2016 archives scroll down to a story

1045

00:44:09,080 --> 00:44:06,270

called stumps on Mars look metallic and

1046

00:44:10,730 --> 00:44:09,090

now that's when I found myself one day

1047

00:44:13,670 --> 00:44:10,740

when I just felt like cruising the

1048

00:44:16,460 --> 00:44:13,680

planet and I saw I saw this really

1049

00:44:18,800 --> 00:44:16,470

strange rash like pattern on Mars and

1050

00:44:20,660 --> 00:44:18,810

when I zoomed in it looked very metallic

1051

00:44:22,190 --> 00:44:20,670

well and I'd love for you guys to take a

1052

00:44:24,860 --> 00:44:22,200

look at it you know let me just show

1053

00:44:26,600 --> 00:44:24,870

some affair yup - Mary that just kind of

1054

00:44:29,000 --> 00:44:26,610

came to me in a way in the few minutes

1055

00:44:31,610 --> 00:44:29,010

we have left you know everyone is always

1056

00:44:32,930 --> 00:44:31,620

talking about the Wow holy cow one one

1057

00:44:34,640 --> 00:44:32,940

has just shown me the pictures of that

1058

00:44:36,770 --> 00:44:34,650

yeah that's strange man that just did

1059

00:44:38,630 --> 00:44:36,780

they don't look like natural wood create

1060

00:44:41,750 --> 00:44:38,640

that that looks you know made by

1061

00:44:43,910 --> 00:44:41,760

intelligent life but everyone says about

1062

00:44:45,110 --> 00:44:43,920

the secret space program and and I've

1063

00:44:46,550 --> 00:44:45,120

been one of them I say well how could

1064

00:44:49,550 --> 00:44:46,560

that possibly happen because you would

1065

00:44:51,440 --> 00:44:49,560

have to have the logistics of at least

1066

00:44:53,780 --> 00:44:51,450

the size of Cape Canaveral you would

1067

00:44:56,630 --> 00:44:53,790

have to have so many people involved to

1068

00:44:58,100 --> 00:44:56,640

get people to my secretly you know but

1069

00:44:59,750 --> 00:44:58,110

the people who make the spaceships the

1070

00:45:01,910 --> 00:44:59,760

people who fuel them the people such a

1071

00:45:03,920 --> 00:45:01,920

good jobs program yeah but it would be

1072

00:45:06,110 --> 00:45:03,930

in one of those people would talk they'd

1073

00:45:07,790 --> 00:45:06,120

be a half a million people how about

1074

00:45:09,350 --> 00:45:07,800

this though how about if they have found

1075

00:45:11,900 --> 00:45:09,360

the way that you can go to my eyes and

1076

00:45:13,160 --> 00:45:11,910

you don't need a rocket ship then they

1077

00:45:14,600 --> 00:45:13,170

would send me I don't think they're

1078

00:45:16,310 --> 00:45:14,610

using rockets to get there they would

1079

00:45:17,630 --> 00:45:16,320

send people like a subway to Mars or

1080

00:45:19,340 --> 00:45:17,640

something you know and they would send

1081

00:45:21,470 --> 00:45:19,350

people there and and that way they would

1082

00:45:24,050 --> 00:45:21,480

teleport you in or something like that

1083

00:45:25,490 --> 00:45:24,060

right and coming up Scotty get it ready

1084

00:45:27,080 --> 00:45:25,500

and then you makes this big announcement

1085

00:45:29,120 --> 00:45:27,090

by the way we're on Mars and it's going

1086

00:45:30,750 --> 00:45:29,130

to be habitable and you know your

1087

00:45:32,849 --> 00:45:30,760

lifetime

1088

00:45:33,750 --> 00:45:32,859

well they've got railroad tracks up

1089

00:45:42,630 --> 00:45:33,760

there what would they use railroad

1090

00:45:44,880 --> 00:45:42,640

tracks for if you have some way of using

1091

00:45:48,060 --> 00:45:44,890

a portal and you this is how you're

1092

00:45:49,349 --> 00:45:48,070

moving it it can't be an easy task so

1093

00:45:51,060 --> 00:45:49,359

you know it takes great amounts of

1094

00:45:52,500 --> 00:45:51,070

energy to do that it would seem to me

1095

00:45:53,880 --> 00:45:52,510

pretty conceivable that if that's the

1096

00:45:56,130 --> 00:45:53,890

way you're moving materials and

1097

00:45:58,560 --> 00:45:56,140

personnel back and forth that you would

1098

00:46:00,720 --> 00:45:58,570

have a fairly traditional way to to go

1099

00:46:02,460 --> 00:46:00,730

forward think back to when they were

1100

00:46:04,830 --> 00:46:02,470

exploring this planet you know you had

1101

00:46:06,720 --> 00:46:04,840

ships they got the spot they would have

1102

00:46:08,580 --> 00:46:06,730

only a few horses they'd only make a few

1103

00:46:10,260 --> 00:46:08,590

trails but they were replicating what

1104

00:46:11,849 --> 00:46:10,270

they saw when they got there they didn't

1105

00:46:13,349 --> 00:46:11,859

use the most advanced technology they

1106

00:46:14,880 --> 00:46:13,359

got them then they fell back to the most

1107

00:46:16,530 --> 00:46:14,890

common technology and when they arrived

1108

00:46:18,300 --> 00:46:16,540

at the place that they were exploring or

1109

00:46:20,370 --> 00:46:18,310

trying to build it up so wouldn't

1110

00:46:23,099 --> 00:46:20,380

surprise me that you would bring proven

1111

00:46:25,020 --> 00:46:23,109

techniques from moving men and materials

1112

00:46:29,900 --> 00:46:25,030

personnel and materials well that makes

1113

00:46:35,310 --> 00:46:33,060

Mary Joyce thanks very much for joining

1114

00:46:38,790 --> 00:46:35,320

us I can't believe the 22 minutes have

1115

00:46:40,680 --> 00:46:38,800

gone by so quickly you know yeah I love

1116

00:46:41,490 --> 00:46:40,690

your website I just go there all the

1117

00:46:47,370 --> 00:46:41,500

time

1118

00:46:49,770 --> 00:46:47,380

question one story about the the buried

1119

00:46:51,960 --> 00:46:49,780

mummy the alien mummy man yeah they

1120

00:46:55,950 --> 00:46:51,970

found an alien mummy right down in South

1121

00:46:58,849 --> 00:46:55,960

America someone put out to the public on

1122

00:47:03,840 --> 00:46:58,859

the 20th of June which was last week and

1123

00:47:06,060 --> 00:47:03,850

well they do well they test them there's

1124

00:47:07,770 --> 00:47:06,070

no results like that right I mean what

1125

00:47:09,120 --> 00:47:07,780

the plan would be to do kind of that

1126

00:47:11,550 --> 00:47:09,130

time oh absolutely

1127

00:47:13,980 --> 00:47:11,560

we in the little six minute video that

1128

00:47:15,930 --> 00:47:13,990

we include with the story they're taking

1129

00:47:17,870 --> 00:47:15,940

samples where they intend to do that and

1130

00:47:20,640 --> 00:47:17,880

when it's a really odd creature it has

1131

00:47:23,190 --> 00:47:20,650

three digits on the toes and the in the

1132

00:47:25,109 --> 00:47:23,200

hands and six bones in the fingers

1133

00:47:27,720 --> 00:47:25,119

instead of three which we have well we

1134

00:47:30,599 --> 00:47:27,730

doesn't know it would make it and it's

1135

00:47:32,700 --> 00:47:30,609

when they was open when the results come

1136

00:47:34,170 --> 00:47:32,710

out come back client that's okay we can

1137

00:47:35,970 --> 00:47:34,180

talk about it and you're gonna be on

1138

00:47:37,890 --> 00:47:35,980

coast to coast soon a competitor right

1139

00:47:43,170 --> 00:47:37,900

oh my god now he's show me a picture oh

1140

00:47:44,160 --> 00:47:43,180

that's awful I didn't say it was pretty

1141

00:47:46,680 --> 00:47:44,170

you

1142

00:47:48,480 --> 00:47:46,690

coast-to-coast will already have add

1143

00:47:50,400 --> 00:47:48,490

this year you will have already been on

1144

00:47:52,530 --> 00:47:50,410

coast to coast when the show is yet but

1145

00:47:55,799 --> 00:47:52,540

I'm sure you were great on it you know I

1146

00:48:05,150 --> 00:47:55,809

heard really good things Mary thanks for

1147

00:48:10,200 --> 00:48:08,370

okay maybe drapes man she's cool and and

1148

00:48:11,880 --> 00:48:10,210

I just love going her website because

1149

00:48:13,530 --> 00:48:11,890

it's just you know the great thing too

1150

00:48:16,020 --> 00:48:13,540

for the break in the day and she's so

1151
00:48:17,460 --> 00:48:16,030
down-home about it yeah right you just

1152
00:48:19,109 --> 00:48:17,470
love saying cashiers yeah there you go

1153
00:48:20,549 --> 00:48:19,119
and you know that if you showed up at

1154
00:48:24,270 --> 00:48:20,559
her house she treat you you know I mean

1155
00:48:26,789 --> 00:48:24,280
should you pancakes in any way or

1156
00:48:28,140 --> 00:48:26,799
dumplings dumplings at least so when you

1157
00:48:30,390 --> 00:48:28,150
know it dumplings

1158
00:48:31,950 --> 00:48:30,400
it's another secret worth another secret

1159
00:48:34,530 --> 00:48:31,960
right so why don't we take a commercial

1160
00:48:36,960 --> 00:48:34,540
break the oil in and we'll be back with

1161
00:48:39,630 --> 00:48:36,970
once again another fest and that's it

1162
00:48:41,849 --> 00:48:39,640
easy for your PCP to say fascinating yes

1163
00:48:44,250 --> 00:48:41,859

so this is mekinese mill tracks file

1164

00:48:46,319 --> 00:48:44,260

show here on the distant thunder radio

1165

00:48:50,890 --> 00:48:46,329

network you know we'll be back right

1166

00:48:50,900 --> 00:49:01,150

[Music]

Juan Juan is here in person this is

1176

00:49:30,220 --> 00:49:28,130

really a nice studio yes I like coming

1177

00:49:31,839 --> 00:49:30,230

down here you know I thought as a 14

1178

00:49:34,809 --> 00:49:31,849

weeks that's good but it's good it's a

1179

00:49:36,999 --> 00:49:34,819

good thing you were here week 12 mr.

1180

00:49:43,539 --> 00:49:37,009

guest visitor probably wouldn't know

1181

00:49:45,039 --> 00:49:43,549

what they'll all be documented on Mac

1182

00:49:49,539 --> 00:49:45,049

after that I'm glad I was here for that

1183

00:49:54,339 --> 00:49:49,549

yes with pictures anyway the Cobra is

1184

00:49:58,120 --> 00:49:54,349

also here virtually southern bunker

1185

00:50:00,190 --> 00:49:58,130

tonight good even gentleman thing good

1186

00:50:08,170 --> 00:50:00,200

evening Cobra did we salute him yet

1187

00:50:10,589 --> 00:50:08,180

let's say fit on the phone with us is a

1188

00:50:14,079 --> 00:50:10,599

good friend down there in Dallas the

1189

00:50:17,769 --> 00:50:14,089

capital the planet graveyard of beloved

1190

00:50:19,390 --> 00:50:17,779

presidents Dallas Texas is right back

1191

00:50:21,970 --> 00:50:19,400

housing why was boring why I was boring

1192

00:50:23,440 --> 00:50:21,980

calm best military writing on of the net

1193

00:50:27,849 --> 00:50:23,450

you made it through another week there

1194

00:50:29,740 --> 00:50:27,859

compadre I did yep I robbed hello

1195

00:50:34,960 --> 00:50:29,750

gentlemen did you see or hear any

1196

00:50:38,980 --> 00:50:34,970

gunfire no I have done there is a gang

1197

00:50:41,769 --> 00:50:38,990

war going on in 4th see you know you

1198

00:50:43,960 --> 00:50:41,779

give a subpage is one one so we got a

1199

00:50:46,299 --> 00:50:43,970

gang wha we got people hacking into

1200

00:50:51,130 --> 00:50:46,309

their air-raid sirens and we get the

1201

00:50:54,249 --> 00:50:51,140

9000 feral dogs yeah yeah mother of

1202

00:50:56,079 --> 00:50:54,259

numerous yeah I could have problems how

1203

00:50:59,309 --> 00:50:56,089

about this the Chrissy the FK the Chris

1204

00:51:02,400 --> 00:50:59,319

come on man he cursed the city of Dallas

1205

00:51:05,799 --> 00:51:02,410

right you know there if you go to the

1206

00:51:08,170 --> 00:51:05,809

Dealey Plaza there they used to they

1207

00:51:10,660 --> 00:51:08,180

used to have an X on the street where

1208

00:51:12,160 --> 00:51:10,670

which was the the moment the second was

1209

00:51:13,660 --> 00:51:12,170

the location he was sitting when the

1210

00:51:15,870 --> 00:51:13,670

second bullet that was nice of him to

1211

00:51:18,100 --> 00:51:15,880

put that as

1212

00:51:19,420 --> 00:51:18,110

ya know I thought was very interesting

1213

00:51:20,890 --> 00:51:19,430

though I mean if you you know you take

1214

00:51:22,540 --> 00:51:20,900

people there and you point out the X

1215

00:51:25,090 --> 00:51:22,550

they go and then they can look up and

1216

00:51:28,200 --> 00:51:25,100

they look at the window and um if you

1217

00:51:31,120 --> 00:51:28,210

you know if for the conventional story

1218

00:51:33,900 --> 00:51:31,130

but they they I think they repaved that

1219

00:51:37,840 --> 00:51:33,910

they repaved the street recently they

1220

00:51:39,610 --> 00:51:37,850

the X is gone no no I'm sure the Kennedy

1221

00:51:40,720 --> 00:51:39,620

family went down there and paid a few

1222

00:51:42,670 --> 00:51:40,730

people off and you know they just

1223

00:51:44,620 --> 00:51:42,680

might've been the ghost of ufk that's

1224

00:51:46,570 --> 00:51:44,630

right go next time the ghost of JFK is

1225

00:51:48,250 --> 00:51:46,580

guess we'll ask him if he is cursed now

1226

00:51:50,890 --> 00:51:48,260

alright I think it's stupid putting the

1227

00:51:52,960 --> 00:51:50,900

X on there though yeah well I actually a

1228

00:51:54,880 --> 00:51:52,970

lot of locals would get would I think

1229

00:51:56,260 --> 00:51:54,890

fed up with it because all the tourists

1230

00:51:57,700 --> 00:51:56,270

would run down the street and stand on

1231

00:51:59,170 --> 00:51:57,710

there you go yeah a picture taken I'm

1232

00:52:01,570 --> 00:51:59,180

serious and you would be driving we

1233

00:52:03,430 --> 00:52:01,580

don't we don't downtown you'd be driving

1234

00:52:05,860 --> 00:52:03,440

on the street and you know it's just you

1235

00:52:07,810 --> 00:52:05,870

know you drive by it all time and you go

1236

00:52:10,990 --> 00:52:07,820

hey gather the road you know I'm on the

1237

00:52:14,290 --> 00:52:11,000

edge damn it you start shouting you

1238

00:52:17,040 --> 00:52:14,300

don't really my theory on what happened

1239

00:52:19,510 --> 00:52:17,050

that day is you know how people have

1240

00:52:21,850 --> 00:52:19,520

uncovered lots of evidence about it that

1241

00:52:24,420 --> 00:52:21,860

cannot be disputed that something was up

1242

00:52:27,310 --> 00:52:24,430

that day other than we have you as well

1243

00:52:29,950 --> 00:52:27,320

and but there's a lot of evidence that

1244

00:52:31,750 --> 00:52:29,960

he was just acting on his own there was

1245

00:52:33,250 --> 00:52:31,760

more evidence that he was acting alone

1246

00:52:37,360 --> 00:52:33,260

than anything else that's why we'll have

1247

00:52:39,340 --> 00:52:37,370

a friend Paul Burke on to new analysis

1248

00:52:41,070 --> 00:52:39,350

yeah analysis of the interrogation of

1249

00:52:45,700 --> 00:52:41,080

Lee Harvey Oswald

1250

00:52:47,770 --> 00:52:45,710

but under the grassy knoll guy yes what

1251

00:52:50,320 --> 00:52:47,780

I think happened is I think there were

1252

00:52:52,060 --> 00:52:50,330

two people in Dealey Plaza that day two

1253

00:52:53,860 --> 00:52:52,070

assassins and neither of them knew the

1254

00:52:55,510 --> 00:52:53,870

other one was there it was just a

1255

00:52:58,870 --> 00:52:55,520

coincidence you had two people shooting

1256

00:53:02,290 --> 00:52:58,880

that's why you have all this evidence

1257

00:53:04,270 --> 00:53:02,300

that something happened but there's

1258

00:53:05,890 --> 00:53:04,280

always that missing piece well how could

1259

00:53:08,020 --> 00:53:05,900

that have happened if you know we didn't

1260

00:53:10,900 --> 00:53:08,030

see well it was just it we can't link

1261

00:53:14,200 --> 00:53:10,910

you know as well can't be linked to

1262

00:53:16,270 --> 00:53:14,210

anybody you know as hot as people try I

1263

00:53:18,190 --> 00:53:16,280

just think it's a coincidence it's a

1264

00:53:21,400 --> 00:53:18,200

college to shoot the guy so I mean I

1265

00:53:23,260 --> 00:53:21,410

hate to be so bold but they could it's a

1266

00:53:25,540 --> 00:53:23,270

good place to have an ambush let's say

1267

00:53:27,520 --> 00:53:25,550

yeah yeah it's a big subject I mean

1268

00:53:28,120 --> 00:53:27,530

we're gonna you know I wanted to burgers

1269

00:53:30,040 --> 00:53:28,130

I was gonna talk

1270

00:53:31,960 --> 00:53:30,050

some other things but I mean there was I

1271

00:53:34,060 --> 00:53:31,970

mean he was meeting in Mexico City

1272

00:53:35,530 --> 00:53:34,070

within there was these Cuban exiles and

1273

00:53:39,010 --> 00:53:35,540

he was mixed up with there's a lot of

1274

00:53:42,190 --> 00:53:39,020

really cessation stuff you know yeah I'm

1275

00:53:43,630 --> 00:53:42,200

a lone gunman theory see I think he was

1276

00:53:45,580 --> 00:53:43,640

on Mon gunman though I think he was that

1277

00:53:47,350 --> 00:53:45,590

he had the same motivation that of the

1278

00:53:50,230 --> 00:53:47,360

guy who killed John Lennon he wanted to

1279

00:53:52,240 --> 00:53:50,240

you know be famous you know and couldn't

1280

00:53:53,800 --> 00:53:52,250

keep up with the fame yeah and and he

1281

00:53:56,620 --> 00:53:53,810

tried to do everything he took a shot at

1282

00:53:58,060 --> 00:53:56,630

some right-wing general down there two

1283

00:53:59,350 --> 00:53:58,070

years before that run his name was

1284

00:54:00,910 --> 00:53:59,360

walking he was just some you know

1285

00:54:03,550 --> 00:54:00,920

right-wing guy and he shot him through

1286

00:54:05,470 --> 00:54:03,560

was through his picture window or

1287

00:54:07,210 --> 00:54:05,480

something like that you know it was like

1288

00:54:10,240 --> 00:54:07,220

hey what can make me famous you know and

1289

00:54:11,920 --> 00:54:10,250

so I'll do this Barnaby he also grew up

1290

00:54:15,520 --> 00:54:11,930

in New York City you know that because

1291

00:54:16,930 --> 00:54:15,530

well actually grew up in any accident so

1292

00:54:19,870 --> 00:54:16,940

anyway but you're right that's a yeah

1293

00:54:21,820 --> 00:54:19,880

that's another show they run so tonight

1294

00:54:24,040 --> 00:54:21,830

we're gonna talk about deep what was it

1295

00:54:27,970 --> 00:54:24,050

there cobra the big gambling on a little

1296

00:54:31,420 --> 00:54:27,980

boat or something or something hmm a lot

1297

00:54:35,580 --> 00:54:31,430

of things a lot of big cons oh another

1298

00:54:38,290 --> 00:54:35,590

one and it's Greek one one stop laughing

1299

00:54:40,240 --> 00:54:38,300

yeah okay yeah I'll jump right into it

1300

00:54:42,850 --> 00:54:40,250

uh I I came across this the other day

1301

00:54:44,610 --> 00:54:42,860

and I wrote an article about it just as

1302

00:54:48,100 --> 00:54:44,620

interest I was interested which is the

1303

00:54:52,420 --> 00:54:48,110

the was known as it was a Greek gunboat

1304

00:54:54,730 --> 00:54:52,430

during the started in the 1970s called

1305

00:54:56,470 --> 00:54:54,740

the panic optimist class it looks like

1306

00:54:58,120 --> 00:54:56,480

half a boat it looks like half a boat

1307

00:54:59,200 --> 00:54:58,130

you're right it looks like you have a PT

1308

00:55:02,680 --> 00:54:59,210

boat maybe only goes in one direction

1309

00:55:06,490 --> 00:55:02,690

tuna I mean is that very it was a small

1310

00:55:09,550 --> 00:55:06,500

fast slender very fast about 38 knots

1311

00:55:10,870 --> 00:55:09,560

yeah gunboat and what was really

1312

00:55:13,360 --> 00:55:10,880

interesting about it and there's an

1313

00:55:15,940 --> 00:55:13,370

interesting history but the technology

1314

00:55:20,560 --> 00:55:15,950

or was very simple very crude but

1315

00:55:23,860 --> 00:55:20,570

effective on top of this or in the back

1316

00:55:25,270 --> 00:55:23,870

of this this I'm gonna describe it again

1317

00:55:27,370 --> 00:55:25,280

yeah it's like a half a boat it's a

1318

00:55:32,950 --> 00:55:27,380

switch or something like that yeah which

1319

00:55:36,070 --> 00:55:32,960

in the back by the pilot house or two

1320

00:55:39,460 --> 00:55:36,080

arrays men on each side or the where the

1321

00:55:42,790 --> 00:55:39,470

pilots at and each weapons arrays and in

1322

00:55:46,090 --> 00:55:42,800

each array would be six

1323

00:55:50,350 --> 00:55:46,100

m40 recoilless rifle oh yeah 106

1324

00:55:52,720 --> 00:55:50,360

millimeter anti-tank weapon yeah us made

1325

00:55:54,970 --> 00:55:52,730

and supplied to Greece yeah why not put

1326

00:55:56,080 --> 00:55:54,980

them on a big speedboat hit that tank

1327

00:55:59,050 --> 00:55:56,090

weapon that's excellent

1328

00:56:01,480 --> 00:55:59,060

that must have maybe a dozen of these in

1329

00:56:03,550 --> 00:56:01,490

a very small very fast boat and which is

1330

00:56:05,800 --> 00:56:03,560

really weird and unusual I've never seen

1331

00:56:07,930 --> 00:56:05,810

that on any other type of right but what

1332

00:56:09,400 --> 00:56:07,940

why would the military of Greece what

1333

00:56:10,810 --> 00:56:09,410

they started in the 90s or so and they

1334

00:56:13,960 --> 00:56:10,820

built a bunch of them then I tore three

1335

00:56:17,380 --> 00:56:13,970

of them in the 90s or something oh so

1336

00:56:19,570 --> 00:56:17,390

okay so a Greek Greece and Turkey oh I

1337

00:56:22,960 --> 00:56:19,580

had a lot of beef going back a long ways

1338

00:56:25,450 --> 00:56:22,970

and remember I mean things have little

1339

00:56:28,180 --> 00:56:25,460

you know better now but in the 70s yes

1340

00:56:29,470 --> 00:56:28,190

there was the war in Cyprus yep all of

1341

00:56:31,060 --> 00:56:29,480

them right they ended two or three of

1342

00:56:33,610 --> 00:56:31,070

them one of them was really really bad

1343

00:56:34,990 --> 00:56:33,620

in 1967 it was they thought that there

1344

00:56:37,420 --> 00:56:35,000

was gonna be a war between the two NATO

1345

00:56:39,850 --> 00:56:37,430

allies meanwhile the Israeli war was

1346

00:56:42,430 --> 00:56:39,860

going on it was really crazy time right

1347

00:56:44,710 --> 00:56:42,440

so in Cyprus right this was um there was

1348

00:56:48,220 --> 00:56:44,720

a there was a coup in Cyprus by a group

1349

00:56:52,270 --> 00:56:48,230

called the yoga v which was a really

1350

00:56:55,680 --> 00:56:52,280

ultra nationalist Greek Cypriot

1351
00:56:59,400 --> 00:56:55,690
paramilitary organization was backed by

1352
00:57:03,910 --> 00:56:59,410
the Greek military Junta yes overthrew

1353
00:57:06,610 --> 00:57:03,920
the archbishop who was in charge of

1354
00:57:10,750 --> 00:57:06,620
Cyprus this precipitated a Turkish

1355
00:57:13,420 --> 00:57:10,760
invasion of Cyprus yes and today as we

1356
00:57:15,670 --> 00:57:13,430
know Cyprus is divided should stay

1357
00:57:18,190 --> 00:57:15,680
there's a southern Cyprus a majority

1358
00:57:20,950 --> 00:57:18,200
Greek and then there's northern Turkish

1359
00:57:23,860 --> 00:57:20,960
nor the puppet state that's right the

1360
00:57:27,640 --> 00:57:23,870
Greek Cypriot Navy which was you know a

1361
00:57:29,770 --> 00:57:27,650
handful torpedo boats was you know was

1362
00:57:33,910 --> 00:57:29,780
blown out by the Turkish flotilla as it

1363
00:57:37,840 --> 00:57:33,920

invaded you know scared the you know

1364

00:57:39,970 --> 00:57:37,850

freaked out the Greek generals yes and

1365

00:57:42,010 --> 00:57:39,980

say oh they if they do that to Cyprus

1366

00:57:43,480 --> 00:57:42,020

they can do this in the Aegean Sea where

1367

00:57:49,920 --> 00:57:43,490

they're you know these contested waters

1368

00:57:51,490 --> 00:57:49,930

a lot of islands yes and so that this a

1369

00:57:53,680 --> 00:57:51,500

sorry a Greek

1370

00:57:55,690 --> 00:57:53,690

naval engineer came up with this the

1371

00:57:58,150 --> 00:57:55,700

Pinet pan Agabus class

1372

00:58:00,579 --> 00:57:58,160

is you could you the Turkish Navy was

1373

00:58:03,099 --> 00:58:00,589

larger had you know larger frigates and

1374

00:58:05,890 --> 00:58:03,109

destroyers friggin and you could get

1375

00:58:09,520 --> 00:58:05,900

this you know these speed boats sailed

1376

00:58:12,220 --> 00:58:09,530

them very fast get them very close

1377

00:58:14,819 --> 00:58:12,230

getting round even behind the bishops to

1378

00:58:17,079 --> 00:58:14,829

their Stern's yeah and blasting away

1379

00:58:19,569 --> 00:58:17,089

below the minimum rains if there

1380

00:58:20,170 --> 00:58:19,579

yeah the Turkish cannons and just pummel

1381

00:58:22,900 --> 00:58:20,180

Wow

1382

00:58:24,790 --> 00:58:22,910

these ships at point-blank range so it

1383

00:58:28,120 --> 00:58:24,800

was a weird bizarre very practical

1384

00:58:31,540 --> 00:58:28,130

though and you know interesting

1385

00:58:33,819 --> 00:58:31,550

short-range wrecking machine that was a

1386

00:58:37,089 --> 00:58:33,829

very impressed I like it go around what

1387

00:58:39,460 --> 00:58:37,099

no they built three of them and one of

1388

00:58:43,120 --> 00:58:39,470

them was retired in the early 90s and

1389

00:58:46,710 --> 00:58:43,130

the other two made it to the late 90s or

1390

00:58:49,120 --> 00:58:46,720

early 2000s I 2003 I'm sorry and then

1391

00:58:51,480 --> 00:58:49,130

and then we're the final two were

1392

00:58:55,660 --> 00:58:51,490

decommissioned they were never used in

1393

00:59:03,819 --> 00:58:55,670

combat but there was a military crisis

1394

00:59:08,680 --> 00:59:03,829

in 1990 1995 December 1995 that went for

1395

00:59:11,109 --> 00:59:08,690

about two months and over a Turkish

1396

00:59:13,720 --> 00:59:11,119

cargo ship ran aground next to a Greek

1397

00:59:15,750 --> 00:59:13,730

island but that the territory is claimed

1398

00:59:19,839 --> 00:59:15,760

by Turkey so when the Greek maybe

1399

00:59:21,700 --> 00:59:19,849

rescued the ship the this.set office you

1400

00:59:23,140 --> 00:59:21,710

know you know as you've heard you know

1401

00:59:27,210 --> 00:59:23,150

many times in many different parts of

1402

00:59:30,970 --> 00:59:27,220

the world set off this this territorial

1403

00:59:33,059 --> 00:59:30,980

dispute crisis that escalated and the

1404

00:59:38,890 --> 00:59:33,069

pentagon lists the two remaining ones

1405

00:59:41,589 --> 00:59:38,900

raced into the area and actually um had

1406

00:59:45,339 --> 00:59:41,599

a standoff with a Turkish forget the

1407

00:59:48,579 --> 00:59:45,349

yabbos and got right up to on it on its

1408

00:59:51,970 --> 00:59:48,589

Stern and and you know said they try

1409

00:59:53,800 --> 00:59:51,980

something yeah right and it must be cool

1410

00:59:56,609 --> 00:59:53,810

to go out and sail and these things and

1411

00:59:58,980 --> 00:59:56,619

like shoot up that comes and everything

1412

01:00:02,640 --> 00:59:58,990

about being right

1413

01:00:04,260 --> 01:00:02,650

just think you know you know the I would

1414

01:00:06,540 --> 01:00:04,270

love to go to Greece frankly I would

1415

01:00:07,770 --> 01:00:06,550

love to go the Aegean because like say

1416

01:00:10,590 --> 01:00:07,780

there's thousands of islands are the

1417

01:00:12,870 --> 01:00:10,600

Beatles spot one and you know just to me

1418

01:00:14,430 --> 01:00:12,880

it just seems like you know paradise but

1419

01:00:15,870 --> 01:00:14,440

the Greek people have funny they first

1420

01:00:20,100 --> 01:00:15,880

of all they retire when they're 40 years

1421

01:00:24,270 --> 01:00:20,110

old okay I gotta get a gig like sp1

1422

01:00:26,640 --> 01:00:24,280

Greek that my friend and then it turns

1423

01:00:30,960 --> 01:00:26,650

out that they like of Wigan your taxes

1424

01:00:33,120 --> 01:00:30,970

is like almost like a religion so they

1425

01:00:34,470 --> 01:00:33,130

tend to kind of you know store their

1426

01:00:36,359 --> 01:00:34,480

money away and they don't declare dime

1427

01:00:38,250 --> 01:00:36,369

in taxes I think so the currency was

1428

01:00:40,170 --> 01:00:38,260

going crazy going crazy they have a lot

1429

01:00:41,850 --> 01:00:40,180

of financial problems so anyway but

1430

01:00:43,800 --> 01:00:41,860

everyone in Athens has a swimming pool

1431

01:00:45,270 --> 01:00:43,810

okay so the government came up with this

1432

01:00:46,830 --> 01:00:45,280

idea they said listen anyone who has a

1433

01:00:49,410 --> 01:00:46,840

swim pool you're gonna you gotta pay a

1434

01:00:51,540 --> 01:00:49,420

swimming pool tax and we know where yep

1435

01:00:54,150 --> 01:00:51,550

okay keep your eyes closed okay I want

1436

01:00:56,370 --> 01:00:54,160

to show you my first-ever painting all

1437

01:01:01,410 --> 01:00:56,380

right okay open your eyes

1438

01:01:04,560 --> 01:01:01,420

oh that's a lot of colors and shades so

1439

01:01:06,840 --> 01:01:04,570

be honest what do you think well I like

1440

01:01:08,010 --> 01:01:06,850

how if you switch to Geico you could

1441

01:01:08,520 --> 01:01:08,020

save hundreds of dollars on car

1442

01:01:11,760 --> 01:01:08,530

insurance

1443

01:01:14,040 --> 01:01:11,770

oh yeah that's that's true yeah here why

1444

01:01:14,640 --> 01:01:14,050

don't I hold your paintbrush while you

1445

01:01:17,130 --> 01:01:14,650

call them

1446

01:01:19,200 --> 01:01:17,140

Geico because saving 15% or more on car

1447

01:01:21,150 --> 01:01:19,210

insurance is always a great answer

1448

01:01:24,120 --> 01:01:21,160

because we've hired Google Earth and we

1449

01:01:26,670 --> 01:01:24,130

know you know the whole man the tanks

1450

01:01:28,470 --> 01:01:26,680

with tape it was some company over the

1451

01:01:30,990 --> 01:01:28,480

path in where you would put a cover over

1452

01:01:32,970 --> 01:01:31,000

your swimming pool and that's like dirt

1453

01:01:36,359 --> 01:01:32,980

yeah well it looks like this trees it

1454

01:01:38,520 --> 01:01:36,369

stuck it down so it shows like it shows

1455

01:01:41,250 --> 01:01:38,530

Athens like him you know 2015 you can

1456

01:01:47,359 --> 01:01:41,260

see all those pools in 2017 there's no

1457

01:01:52,170 --> 01:01:50,190

there's one thing I can say to add to

1458

01:01:55,220 --> 01:01:52,180

the pan a Coppola s' attack boats is

1459

01:01:58,500 --> 01:01:55,230

that the Greek military you know

1460

01:02:00,690 --> 01:01:58,510

websites and pan papers you know just

1461

01:02:03,120 --> 01:02:00,700

you know that have written all

1462

01:02:04,590 --> 01:02:03,130

historical articles about them and they

1463

01:02:06,630 --> 01:02:04,600

take a lot of pride in it you know which

1464

01:02:12,720 --> 01:02:06,640

is yeah you know it's it's kind of a

1465

01:02:16,530 --> 01:02:12,730

goofy weapon but it was their Navy

1466

01:02:18,510 --> 01:02:16,540

6,000 yes yes yeah it's critical to

1467

01:02:23,550 --> 01:02:18,520

Western civilization now it's their

1468

01:02:24,810 --> 01:02:23,560

victories no absolutely yeah so another

1469

01:02:27,030 --> 01:02:24,820

fan of the pen accomplice

1470

01:02:29,010 --> 01:02:27,040

yeah me too I'm a thin of Greeks you

1471

01:02:31,740 --> 01:02:29,020

know who was really cute I hate to bring

1472

01:02:34,320 --> 01:02:31,750

this up but remember Matt Tina syrtis

1473

01:02:37,500 --> 01:02:34,330

she was the woman on Star Trek The Next

1474

01:02:41,400 --> 01:02:37,510

Generation the capacitor Troy yeah oh it

1475

01:02:43,020 --> 01:02:41,410

was like the counselor yeah she was her

1476

01:02:46,200 --> 01:02:43,030

name orgasmic counselor Troi oh yes

1477

01:02:48,480 --> 01:02:46,210

something like that Patrick and she was

1478

01:02:49,590 --> 01:02:48,490

on Jay Leno once and she came out and is

1479

01:02:51,270 --> 01:02:49,600

the first time I had ever seen it

1480

01:02:52,800 --> 01:02:51,280

without her you know stuff on she used

1481

01:02:54,030 --> 01:02:52,810

to wear sexy stuff but she came out

1482

01:02:58,080 --> 01:02:54,040

dressed as a normal person

1483

01:03:00,870 --> 01:02:58,090

oh my goodness she was just she was just

1484

01:03:03,180 --> 01:03:00,880

beautiful you know she was just really

1485

01:03:07,280 --> 01:03:03,190

beautiful there's a memory know that

1486

01:03:14,760 --> 01:03:12,810

name counselor Troi okay counselor Troi

1487

01:03:17,430 --> 01:03:14,770

and I tell if it was a telepathic

1488

01:03:18,720 --> 01:03:17,440

counselor so anyway yes so Jay Glennon

1489

01:03:20,550 --> 01:03:18,730

when he sees it you know what he said he

1490

01:03:22,260 --> 01:03:20,560

goes wow those Greek girls they're

1491

01:03:25,740 --> 01:03:22,270

probably so dirty can you imagine this

1492

01:03:26,250 --> 01:03:25,750

guy's name is on the wiki yeah there you

1493

01:03:29,280 --> 01:03:26,260

go baby

1494

01:03:34,790 --> 01:03:29,290

yeah yes you go sir yeah exactly

1495

01:03:39,840 --> 01:03:34,800

this is probably the late 80s early 90s

1496

01:03:41,130 --> 01:03:39,850

yeah yeah snob trick was good can always

1497

01:03:44,220 --> 01:03:41,140

kind of sit down and watch one of those

1498

01:03:46,350 --> 01:03:44,230

things yeah now you're talking there see

1499

01:03:46,800 --> 01:03:46,360

you know I mean they won't I can't talk

1500

01:03:50,580 --> 01:03:46,810

right now

1501

01:03:52,490 --> 01:03:50,590

there you go so Rob in these six minutes

1502

01:03:54,840 --> 01:03:52,500

we have left what else you get to say

1503

01:03:57,690 --> 01:03:54,850

well actually you mentioned the Troy was

1504

01:03:59,610 --> 01:03:57,700

talked about yeah Marina Sirtis from

1505

01:04:04,290 --> 01:03:59,620

Star Trek yes she was a telepath I

1506

01:04:07,080 --> 01:04:04,300

actually wanted I wanted to talk about

1507

01:04:08,970 --> 01:04:07,090

the US military psychic programs oh yes

1508

01:04:11,160 --> 01:04:08,980

we knew you'd never say that this is a

1509

01:04:15,210 --> 01:04:11,170

transition right there that was very

1510

01:04:16,970 --> 01:04:15,220

suitable yeah so I believe we call that

1511

01:04:22,860 --> 01:04:16,980

a segue in the business but I don't know

1512

01:04:25,380 --> 01:04:22,870

yeah well okay so the so how do I

1513

01:04:28,190 --> 01:04:25,390

transition segue now

1514

01:04:34,680 --> 01:04:28,200

talk about the soldiers with the ESPE

1515

01:04:43,830 --> 01:04:34,690

yeah I want to explore counselor troi

1516

01:04:46,020 --> 01:04:43,840

agency that's what we're doing I could

1517

01:04:51,360 --> 01:04:46,030

bail me out like what do you need

1518

01:04:53,370 --> 01:04:51,370

crickets of booze like crickets some

1519

01:04:55,700 --> 01:04:53,380

women I get the right one for rubble

1520

01:05:01,260 --> 01:04:55,710

don't stimulates the conversation right

1521

01:05:09,090 --> 01:05:01,270

let's see I think those are breaking

1522

01:05:11,640 --> 01:05:09,100

dishes oh okay we beat that the desk you

1523

01:05:13,370 --> 01:05:11,650

thing yeah but you know if you got

1524

01:05:23,070 --> 01:05:13,380

anything Rob to report on the dishwasher

1525

01:05:25,020 --> 01:05:23,080

yeah you come to us okay so you know

1526

01:05:27,240 --> 01:05:25,030

we're familiar with how the US military

1527

01:05:29,340 --> 01:05:27,250

experimented with psychics you know

1528

01:05:32,750 --> 01:05:29,350

going back to the 60s and 70s yes you

1529

01:05:35,640 --> 01:05:32,760

know hiring regular you know to do

1530

01:05:40,230 --> 01:05:35,650

remote viewing and and other techniques

1531

01:05:42,720 --> 01:05:40,240

to help America during the Cold War most

1532

01:05:45,510 --> 01:05:42,730

of these programs the men who stare at

1533

01:05:47,580 --> 01:05:45,520

goats and and and all that well most of

1534

01:05:48,690 --> 01:05:47,590

these programs collapsed yeah right

1535

01:05:51,300 --> 01:05:48,700

under scrutiny

1536

01:05:53,340 --> 01:05:51,310

so they said uh there were you know

1537

01:05:54,630 --> 01:05:53,350

soldiers who were would you know

1538

01:05:56,130 --> 01:05:54,640

participate in the programs and then

1539

01:05:57,620 --> 01:05:56,140

meet these psychic celebrities and then

1540

01:06:00,150 --> 01:05:57,630

kind of you know

1541

01:06:01,770 --> 01:06:00,160

you know then they couldn't keep their

1542

01:06:03,120 --> 01:06:01,780

mouths closed they talked to the press

1543

01:06:05,540 --> 01:06:03,130

yes this would acquired a lot of

1544

01:06:09,630 --> 01:06:05,550

controversies and so on well we

1545

01:06:12,230 --> 01:06:09,640

discovered portions that or that the

1546

01:06:15,680 --> 01:06:12,240

Office of Naval Research which is a

1547

01:06:19,440 --> 01:06:15,690

their research to Science and Technology

1548

01:06:24,540 --> 01:06:19,450

arm of the Navy and Marine Corps revived

1549

01:06:28,560 --> 01:06:24,550

some old portions of it in 2014 and the

1550

01:06:33,140 --> 01:06:28,570

idea really started from an incident in

1551
01:06:36,450 --> 01:06:33,150
Iraq in 2006 when a US Army sergeant

1552
01:06:38,430 --> 01:06:36,460
named Martin Richburg yes I was at a

1553
01:06:41,940 --> 01:06:38,440
base in northern Iraq

1554
01:06:45,270 --> 01:06:41,950
and his intuition warned him of an

1555
01:06:47,130 --> 01:06:45,280
impending ie D attack but yet you saw

1556
01:06:49,500 --> 01:06:47,140
somebody acting kind of suspicious and

1557
01:06:52,589 --> 01:06:49,510
so on and this is not probably what we'd

1558
01:06:56,309 --> 01:06:52,599
associate with psychic powers but the

1559
01:06:59,220 --> 01:06:56,319
this one onr officer he was quoted as

1560
01:07:01,109 --> 01:06:59,230
saying you know if we can figure out the

1561
01:07:03,270 --> 01:07:01,119
into it intuitive you know

1562
01:07:06,440 --> 01:07:03,280
decision-making process and model it we

1563
01:07:09,960 --> 01:07:06,450

can you know train soldiers too and

1564

01:07:13,700 --> 01:07:09,970

Marines and to do to uh to have this

1565

01:07:16,230 --> 01:07:13,710

kind of heightened sensory awareness Wow

1566

01:07:18,809 --> 01:07:16,240

presence how to get 10 million bucks

1567

01:07:21,809 --> 01:07:18,819

from a pentagon and are there ways to

1568

01:07:23,099 --> 01:07:21,819

improve there's one quote this one onr

1569

01:07:25,890 --> 01:07:23,109

officer said are there ways to improve

1570

01:07:29,130 --> 01:07:25,900

premonition through training yeah and so

1571

01:07:32,250 --> 01:07:29,140

we got a manual that is on the website

1572

01:07:34,770 --> 01:07:32,260

that you can read which is um it is what

1573

01:07:37,589 --> 01:07:34,780

the military now calls since making

1574

01:07:40,109 --> 01:07:37,599

mmm-hmm that set of psychic powers it's

1575

01:07:42,809 --> 01:07:40,119

since making yeah ok since making sense

1576

01:07:45,569 --> 01:07:42,819

like this like you've lost your senses

1577

01:07:47,849 --> 01:07:45,579

that chemistry yes yes since making who

1578

01:07:50,609 --> 01:07:47,859

them since make who can it's but

1579

01:07:58,230 --> 01:07:50,619

military contract they came over then

1580

01:08:01,550 --> 01:07:58,240

ever there was a shot it's sort of we

1581

01:08:04,260 --> 01:08:01,560

exclude you know I was talking about the

1582

01:08:07,410 --> 01:08:04,270

it's it's it's it's really a kind of

1583

01:08:10,410 --> 01:08:07,420

military version of spidey sense yeah

1584

01:08:13,740 --> 01:08:10,420

I'll be did characterize it and it's a

1585

01:08:14,970 --> 01:08:13,750

little a lot of it's very simplistic I

1586

01:08:16,410 --> 01:08:14,980

mean a lot of it's just kind of common

1587

01:08:17,880 --> 01:08:16,420

sense you know it's be aware of your

1588

01:08:20,789 --> 01:08:17,890

surroundings

1589

01:08:25,110 --> 01:08:20,799

and they would give in the manual you

1590

01:08:26,880 --> 01:08:25,120

would advise Marines to you know say

1591

01:08:30,240 --> 01:08:26,890

your squad is patrolling outside your

1592

01:08:31,610 --> 01:08:30,250

fob in near a market near the near the

1593

01:08:35,039 --> 01:08:31,620

market you know there's some vocals

1594

01:08:37,170 --> 01:08:35,049

puzzling around and their attention is

1595

01:08:38,130 --> 01:08:37,180

fixed on this road that's exiting out of

1596

01:08:40,200 --> 01:08:38,140

the market yes

1597

01:08:41,999 --> 01:08:40,210

they see these other guys and a

1598

01:08:44,249 --> 01:08:42,009

breakaway and move in another direction

1599

01:08:46,530 --> 01:08:44,259

yes ok maybe there's something up right

1600

01:08:49,229 --> 01:08:46,540

and that that's that's not it sounds

1601
01:08:52,289 --> 01:08:49,239
more like a common sense then what did

1602
01:08:53,939 --> 01:08:52,299
you say sense making right but but

1603
01:08:56,249 --> 01:08:53,949
goes a little further where they'll say

1604
01:08:59,189 --> 01:08:56,259
well now you want to create this

1605
01:09:01,470 --> 01:08:59,199
narrative in this story in your mind

1606
01:09:03,390 --> 01:09:01,480
about you know how to make sense of the

1607
01:09:05,519 --> 01:09:03,400
situation and it creates storylines and

1608
01:09:07,620 --> 01:09:05,529
then verbalize these aloud to the other

1609
01:09:09,839 --> 01:09:07,630
Marines that's what we visit with the

1610
01:09:12,209 --> 01:09:09,849
counselor troi they are from the Deaf

1611
01:09:14,309 --> 01:09:12,219
one we've been getting fantasies and I

1612
01:09:20,010 --> 01:09:14,319
might I'm doing research narratives okay

1613
01:09:22,169 --> 01:09:20,020

right and so you know it in a way it's

1614

01:09:25,680 --> 01:09:22,179

it's a little it's a more benign version

1615

01:09:29,819 --> 01:09:25,690

maybe some of these you know attempts in

1616

01:09:32,939 --> 01:09:29,829

the past military Wow see see and have a

1617

01:09:34,200 --> 01:09:32,949

limited a yak over in the thirty seconds

1618

01:09:36,660 --> 01:09:34,210

we have left does that sound like a

1619

01:09:38,879 --> 01:09:36,670

cover to you to something that's really

1620

01:09:40,890 --> 01:09:38,889

up I mean it just seems so milk toasty

1621

01:09:42,930 --> 01:09:40,900

but that's what they be going about yeah

1622

01:09:44,970 --> 01:09:42,940

it's exactly right where my brain went

1623

01:09:46,919 --> 01:09:44,980

to because it sounds like this is the

1624

01:09:48,930 --> 01:09:46,929

reason that you have the office and you

1625

01:09:50,789 --> 01:09:48,940

you know you get some stop yeah nice

1626

01:09:53,309 --> 01:09:50,799

nice room and and you know two doors

1627

01:09:55,979 --> 01:09:53,319

down is where the people sitting around

1628

01:09:57,689 --> 01:09:55,989

the table bending spoons and drawing up

1629

01:09:59,490 --> 01:09:57,699

the mental picture zoom and whatever is

1630

01:10:01,109 --> 01:09:59,500

going on or making heads explode like

1631

01:10:02,060 --> 01:10:01,119

scanners so yeah yeah I think that

1632

01:10:05,010 --> 01:10:02,070

there's more to it

1633

01:10:07,799 --> 01:10:05,020

hey Rob hey cousin why was boring

1634

01:10:09,270 --> 01:10:07,809

dot-com just go to Wars boring Tom best

1635

1636

01:10:13,319 --> 01:10:11,139

the best military pointing and the plan

1637

01:10:15,030 --> 01:10:13,329

how would we know about the big Greek

1638

01:10:18,770 --> 01:10:15,040

shipping that was it

1639

01:10:21,479 --> 01:10:18,780

the tiny Greek public godless big guns

1640

01:10:24,060 --> 01:10:21,489

1646

01:10:40,680 --> 01:10:38,679

down there Rob so hey yeah well that was

1647

01:10:43,560 --> 01:10:40,690

an interesting wasn't it all over the

1648

01:10:45,839 --> 01:10:43,570

map yes so why don't we do this when we

1649

01:10:47,609 --> 01:10:45,849

take a commercial break now and when we

1650

01:10:49,589 --> 01:10:47,619

come back we will be with yet another

1651
01:10:51,660 --> 01:10:49,599
fascinating guest that just keep on

1652
01:10:56,520 --> 01:10:51,670
rolling yeah they're lining up to be on

1653
01:11:02,979 --> 01:10:59,979
and yes yeah and sometimes they walk

1654
01:11:04,930 --> 01:11:02,989
right into the studio yeah right yeah

1655
01:11:10,090 --> 01:11:04,940
maybe we should have secured so enamored

1656
01:11:11,290 --> 01:11:10,100
over being know my transition Annie wait

1657
01:11:12,910 --> 01:11:11,300
hey I'll tell you what we'll take him in

1658
01:11:14,500 --> 01:11:12,920
right now and we'll be back right after

1659
01:11:15,910 --> 01:11:14,510
this is Mike moaning miltank so strong

1660
01:11:18,129 --> 01:11:15,920
here on earth distant Thunder radio

1661
01:11:21,070 --> 01:11:18,139
network UFOs are found in Renaissance

1662
01:11:23,830 --> 01:11:21,080
art on ancient coins and etched on cave

1663
01:11:27,010 --> 01:11:23,840

walls they are even reported in the

1664

01:11:30,570 --> 01:11:27,020

Bible but more surprising is when UFOs

1665

01:11:33,220 --> 01:11:30,580

have seen the most in times of war

1666

01:11:34,959 --> 01:11:33,230

through centuries thousands of UFO

1667

01:11:37,390 --> 01:11:34,969

sightings have been made by high-ranking

1668

01:11:39,939 --> 01:11:37,400

officials military pilots and ordinary

1669

01:11:41,890 --> 01:11:39,949

soldiers often these fantastic

1670

01:11:45,189 --> 01:11:41,900

appearances occur at the height of great

1671

01:11:48,189 --> 01:11:45,199

battles from World War one to d-day to

1672

01:11:50,800 --> 01:11:48,199

Korea Vietnam and beyond military

1673

01:11:52,540 --> 01:11:50,810

investigators are baffled why do UFO

1674

01:11:53,379 --> 01:11:52,550

sightings spike so drastically during

1675

01:11:55,840 --> 01:11:53,389

wartime

1676

01:11:59,020 --> 01:11:55,850

could it be mistaken aircraft or as

1677

01:12:02,140 --> 01:11:59,030

someone or some thing looking in on us

1678

01:12:03,879 --> 01:12:02,150

in UFOs in wartime what they didn't want

1679

01:12:05,740 --> 01:12:03,889

you to know Mac Malone II chronicles

1680

01:12:07,840 --> 01:12:05,750

centuries of these incredible sightings

1681

01:12:10,180 --> 01:12:07,850

and tries to solve the puzzle of why so

1682

01:12:13,450 --> 01:12:10,190

many UFOs are seen while Humanity is at

1683

01:12:16,120 --> 01:12:13,460

war read about the scare ships the ghost

1684

01:12:18,970 --> 01:12:16,130

planes and the ghost rockets alien

1685

01:12:22,180 --> 01:12:18,980

Giants in the jungles of Vietnam UFOs

1686

01:12:23,859 --> 01:12:22,190

controlling our ICBM bases dogfights

1687

01:12:27,850 --> 01:12:23,869

with flying saucers during the Gulf War

1688

01:12:29,890 --> 01:12:27,860

and more 300 pages of unbelievable

1689

01:12:30,550 --> 01:12:29,900

stories along with many startling

1690

01:12:33,820 --> 01:12:30,560

photographs

1691

01:12:36,459 --> 01:12:33,830

that's UFOs in wartime what they didn't

1692

01:12:38,960 --> 01:12:36,469

want you to know by Mack Maloney on sale

1701

01:13:14,229 --> 01:13:12,650

the very famous one is here with us Matt

1702

01:13:16,540 --> 01:13:14,239

how's it going in person

1703

01:13:19,959 --> 01:13:16,550

you betcha okay I don't I would miss

1704

01:13:21,850 --> 01:13:19,969

this for the world and Cobra was with us

1705

01:13:23,200 --> 01:13:21,860

earlier or later depending on what kind

1706

01:13:25,839 --> 01:13:23,210

of the show you listening to and how we

1707

01:13:27,009 --> 01:13:25,849

throw it together what we're trying to

1708

01:13:28,899 --> 01:13:27,019

get a hold on now he's on a secret

1709

01:13:33,279 --> 01:13:28,909

mission today one of them which brought

1710

01:13:34,540 --> 01:13:33,289

five times over my house there but that

1711

01:13:37,839 --> 01:13:34,550

we're going to try to get him back on

1712

01:13:39,279 --> 01:13:37,849

the line by the cloud wave by the UNR

1713

01:13:42,759 --> 01:13:39,289

something to do a secret mission you

1714

01:13:44,229 --> 01:13:42,769

know what no probably and I'm trying to

1715

01:13:45,729 --> 01:13:44,239

tap-dance here to see if we get him back

1716

01:13:49,180 --> 01:13:45,739

online but listen why don't we plow

1717

01:13:51,640 --> 01:13:49,190

ahead our guest for this segment is John

1718

01:13:54,100 --> 01:13:51,650

Dwyer who's a writer from Oklahoma he's

1719

01:13:55,450 --> 01:13:54,110

written a book called short grass or if

1720

01:13:58,270 --> 01:13:55,460

you're from Boston you'd call it shot

1721

01:13:59,919 --> 01:13:58,280

grass shot grass it's an interesting

1722

01:14:01,899 --> 01:13:59,929

book it's about aviation it's about

1723

01:14:03,759 --> 01:14:01,909

world war two so I like both of those

1724

01:14:12,660 --> 01:14:03,769

things so we want to welcome to the show

1725

01:14:16,089 --> 01:14:14,950

you didn't read the pre-show notes night

1726

01:14:18,790 --> 01:14:16,099

I forgot to read it

1727

01:14:20,709 --> 01:14:18,800

JJ so John we're talking off here and

1728

01:14:23,020 --> 01:14:20,719

you told us that you're not only a fan

1729

01:14:26,129 --> 01:14:23,030

of Oklahoma college football but you're

1730

01:14:30,729 --> 01:14:26,139

a graduate of said University correct

1731

01:14:32,799 --> 01:14:30,739

that's right Mack I went went to school

1732

01:14:34,959 --> 01:14:32,809

at University of Oklahoma so I was

1733

01:14:37,270 --> 01:14:34,969

afflicted with the disease early in life

1734

01:14:39,939 --> 01:14:37,280

actually before that once again you know

1735

01:14:45,459 --> 01:14:39,949

it's also very important to face facts

1736

01:14:48,520 --> 01:14:45,469

to face the truth that's true I'm a

1737

01:14:51,640 --> 01:14:48,530

recovering addict and in my later life

1738

01:14:53,979 --> 01:14:51,650

here trying to you know grow into a

1739

01:14:57,669 --> 01:14:53,989

mature individual and you know I had a

1740

01:15:00,040 --> 01:14:57,679

friend his name is actually also Mac Mac

1741

01:15:01,569 --> 01:15:00,050

that this guy's a deacon in the church

1742

01:15:03,549 --> 01:15:01,579

and everything he had a heart attack

1743

01:15:07,029 --> 01:15:03,559

watch one of these games couple years

1744

01:15:13,299 --> 01:15:08,979

be careful about it here in the final

1745

01:15:15,989 --> 01:15:13,309

inning so but you guys really hate

1746

01:15:18,969 --> 01:15:15,999

Nebraska right isn't that the narrative

1747

01:15:21,520 --> 01:15:18,979

well you know it's interesting Mac we

1748

01:15:23,619 --> 01:15:21,530

have a great traditional rivalry with

1749

01:15:26,079 --> 01:15:23,629

Nebraska there was always a mutual

1750

01:15:27,279 --> 01:15:26,089

respect that means yes right well it

1751

01:15:29,619 --> 01:15:27,289

does you know they hate each other's

1752

01:15:32,469 --> 01:15:29,629

guts come on we'll just visual rivalry

1753

01:15:35,020 --> 01:15:32,479

well I was gonna say as opposed to the

1754

01:15:38,169 --> 01:15:35,030

University of Texas now there's some

1755

01:15:39,849 --> 01:15:38,179

hate for oh really yeah oh yeah that's

1756

01:15:44,020 --> 01:15:39,859

where the height is right won't they

1757

01:15:51,509 --> 01:15:44,030

shoot you the people from Texas well I

1758

01:15:53,679 --> 01:15:51,519

think we have equal numbers of dangerous

1759

01:15:58,089 --> 01:15:53,689

so when you went there you went there in

1760

01:16:00,729 --> 01:15:58,099

the late 70s on it I did graduated in 78

1761

01:16:03,609 --> 01:16:00,739

it was fun time to be there Mac and we

1762

01:16:06,549 --> 01:16:03,619

had a football coach Barry Switzer the

1763

01:16:09,609 --> 01:16:06,559

notion of rollicking rogue of a guy and

1764

01:16:11,319 --> 01:16:09,619

kept things exciting we want a couple of

1765

01:16:13,629 --> 01:16:11,329

national championships while I was here

1766

01:16:16,059 --> 01:16:13,639

so it really was an exciting time and

1767

01:16:17,529 --> 01:16:16,069

place degrees so did you say what is it

1768

01:16:19,119 --> 01:16:17,539

a rowing because that's it that's the

1769

01:16:21,849 --> 01:16:19,129

that's the only time I've ever heard

1770

01:16:23,859 --> 01:16:21,859

Barry Switzer describe like that that's

1771

01:16:26,439 --> 01:16:23,869

what I'm trying to come up with you know

1772

01:16:28,929 --> 01:16:26,449

colorful adjectives that are also you

1773

01:16:30,609 --> 01:16:28,939

know somewhat family friendly was he was

1774

01:16:34,119 --> 01:16:30,619

he ever like sanctioned by the

1775

01:16:35,559 --> 01:16:34,129

n-c-double-a I don't know about that but

1776

01:16:37,779 --> 01:16:35,569

I know that he was sanctioned by the

1777

01:16:41,409 --> 01:16:37,789

University Oklahoma in fact they

1778

01:16:43,270 --> 01:16:41,419

eventually fired him because of some is

1779

01:16:47,319 --> 01:16:43,280

one of those instance you know lack of

1780

01:16:49,449 --> 01:16:47,329

institutional control things you know we

1781

01:16:51,639 --> 01:16:49,459

said how the Old West gunfighter type

1782

01:16:54,789 --> 01:16:51,649

and he outlived his day yeah yeah yeah

1783

01:16:56,949 --> 01:16:54,799

Wow and when you were there but oh go

1784

01:16:59,079 --> 01:16:56,959

ahead please I was gonna say they call

1785

01:17:01,449 --> 01:16:59,089

him the King here he's got a nice big

1786

01:17:03,609 --> 01:17:01,459

house he built here so you know a little

1787

01:17:05,259 --> 01:17:03,619

bit of time passed and there everybody

1788

01:17:07,359 --> 01:17:05,269

forgave him forgotten he's very he's

1789

01:17:09,669 --> 01:17:07,369

very much beloved here now so that's the

1790

01:17:11,469 --> 01:17:09,679

happy ending I guess yeah it's so funny

1791

01:17:12,729 --> 01:17:11,479

that is it's an alien world compared to

1792

01:17:14,020 --> 01:17:12,739

up here in the window and I think as you

1793

01:17:16,449 --> 01:17:14,030

said off there we get just so many

1794

01:17:18,789 --> 01:17:16,459

proteins to pay attention to college

1795

01:17:20,319 --> 01:17:18,799

teams you have more fun down there I

1796

01:17:20,860 --> 01:17:20,329

mean I always said I have the people in

1797

01:17:22,180 --> 01:17:20,870

Boston

1798

01:17:29,290 --> 01:17:22,190

stop them on the sidewalk they they

1799

01:17:31,510 --> 01:17:29,300

still think Doug Flutie plays a PC like

1800

01:17:33,400 --> 01:17:31,520

a lot of folks I was I was just cheering

1801

01:17:35,350 --> 01:17:33,410

for Brady in those guys all the

1802

01:17:37,720 --> 01:17:35,360

last-minute Drive that was incredible of

1803

01:17:39,940 --> 01:17:37,730

course my ancestors are Irish my great

1804

01:17:42,070 --> 01:17:39,950

grandfather was an ogre he came over and

1805

01:17:45,010 --> 01:17:42,080

about at age 17 so they came through

1806

01:17:49,090 --> 01:17:45,020

there so a lot of maybe he's related to

1807

01:17:50,920 --> 01:17:49,100

me you know you know he won one loves

1808

01:17:53,590 --> 01:17:50,930

Tom Brady is there any vocal about it

1809

01:17:56,440 --> 01:17:53,600

yeah absolutely I say has Tom Brady

1810

01:18:08,380 --> 01:17:56,450

pajamas with the little feet on I sleep

1811

01:18:10,570 --> 01:18:08,390

with Tom Brady oh yeah you know what it

1812

01:18:12,340 --> 01:18:10,580

when it was really cold around here yes

1813

01:18:14,530 --> 01:18:12,350

and they drink a lot of water yeah and

1814

01:18:21,190 --> 01:18:14,540

any bottles in the door yes they

1815

01:18:25,300 --> 01:18:21,200

collapse like yeah it's deflated if you

1816

01:18:28,600 --> 01:18:25,310

have if one of your tires deflate a

1817

01:18:30,340 --> 01:18:28,610

little bit a little you know yeah but

1818

01:18:31,650 --> 01:18:30,350

mine does it every winter and I just

1819

01:18:33,790 --> 01:18:31,660

drive around with it and when the

1820

01:18:35,710 --> 01:18:33,800

weather gets warm again it goes away

1821

01:18:42,790 --> 01:18:35,720

it's the exact same you can meet the

1822

01:18:44,860 --> 01:18:42,800

finger but you're right I mean okay go

1823

01:18:46,900 --> 01:18:44,870

ahead it was just a hatchet job all the

1824

01:18:53,260 --> 01:18:46,910

way yeah I mean come on now yo yeah on

1825

01:18:54,820 --> 01:18:53,270

the outside I mean come on and we are I

1826

01:18:56,320 --> 01:18:54,830

think the people out here in the

1827

01:18:59,140 --> 01:18:56,330

hinterlands I mean just speaking for

1828

01:19:00,550 --> 01:18:59,150

myself I think the the rule of thumb is

1829

01:19:02,320 --> 01:19:00,560

most people believe it doesn't matter

1830

01:19:04,690 --> 01:19:02,330

how much air was in the balls Braley

1831

01:19:06,130 --> 01:19:04,700

Brady would would win anyways right

1832

01:19:07,750 --> 01:19:06,140

really we could be Society would have

1833

01:19:10,720 --> 01:19:07,760

won that's right you're right about that

1834

01:19:12,190 --> 01:19:10,730

you know but let me ask you once again

1835

01:19:19,240 --> 01:19:12,200

and outside of looking in what do you

1836

01:19:27,610 --> 01:19:19,250

think of his wife okay John can you give

1837

01:19:34,240 --> 01:19:27,620

us yeah - thumbs up on that one Wow okay

1838

01:19:38,290 --> 01:19:35,980

you better watch it will ask you to put

1839

01:19:40,120 --> 01:19:38,300

her on and I like this guy because he

1840

01:19:40,720 --> 01:19:40,130

pays attention to what's going on right

1841

01:19:43,600 --> 01:19:40,730

boy

1842

01:19:47,950 --> 01:19:43,610

so listen why did you choose to the

1843

01:19:50,050 --> 01:19:47,960

misery of writing a book I don't know if

1844

01:19:51,970 --> 01:19:50,060

you've had other authors say anything

1845

01:19:55,180 --> 01:19:51,980

like this but to me I feel like it shows

1846

01:19:57,160 --> 01:19:55,190

me Mac it was not really a conscious

1847

01:19:58,930 --> 01:19:57,170

decision you know I was you know some

1848

01:20:01,180 --> 01:19:58,940

guys grow up tinkering under the hood of

1849

01:20:04,750 --> 01:20:01,190

the car from the time they can do it and

1850

01:20:08,250 --> 01:20:04,760

in my case looking back I was writing

1851
01:20:11,080 --> 01:20:08,260
stories sports stories and other things

1852
01:20:12,850 --> 01:20:11,090
from the time that I was able to put a

1853
01:20:15,070 --> 01:20:12,860
pen on a paper I mean going back to

1854
01:20:20,110 --> 01:20:15,080
grade school so it's just kind of what

1855
01:20:22,060 --> 01:20:20,120
what my DNA was and we talked about the

1856
01:20:23,770 --> 01:20:22,070
Irish component minute ago you know I

1857
01:20:27,330 --> 01:20:23,780
kind of feel like I come from a long

1858
01:20:29,980 --> 01:20:27,340
line of depending on who you ask

1859
01:20:33,160 --> 01:20:29,990
storytellers or warranty stones or

1860
01:20:35,920 --> 01:20:33,170
whatever but so I love to tell stories a

1861
01:20:38,200 --> 01:20:35,930
lot this year exciting things that

1862
01:20:39,910 --> 01:20:38,210
people don't know about and historical

1863
01:20:42,310 --> 01:20:39,920

novels is certainly a place you can do

1864

01:20:47,050 --> 01:20:42,320

that I wanted to take you to write short

1865

01:20:49,720 --> 01:20:47,060

dress this book and I should say an

1866

01:20:52,000 --> 01:20:49,730

answer this it's actually short grass

1867

01:20:55,450 --> 01:20:52,010

and the sequel Mustang we should be a

1868

01:20:58,180 --> 01:20:55,460

next year the two were originally

1869

01:21:00,010 --> 01:20:58,190

designed to be one but in this day and

1870

01:21:01,810 --> 01:21:00,020

time I probably have to tell you guys

1871

01:21:03,910 --> 01:21:01,820

you know the interest span of the

1872

01:21:06,730 --> 01:21:03,920

average reader is not what it used to be

1873

01:21:08,910 --> 01:21:06,740

so publisher will take a look at a book

1874

01:21:11,260 --> 01:21:08,920

that a generation ago

1875

01:21:12,910 --> 01:21:11,270

700 pages they wouldn't have added an

1876

01:21:15,820 --> 01:21:12,920

eye and how they say hey that's two

1877

01:21:17,980 --> 01:21:15,830

books so sure but that's what we've got

1878

01:21:21,190 --> 01:21:17,990

to here short grass and Mustang it took

1879

01:21:24,820 --> 01:21:21,200

me seven years okay Kevin for the grand

1880

01:21:29,020 --> 01:21:24,830

prize of 1 million dollars what color is

1881

01:21:31,990 --> 01:21:29,030

the White House I know this into this I

1882

01:21:34,630 --> 01:21:32,000

know this 5 seconds

1883

01:21:36,729 --> 01:21:34,640

Oh switching to Geico could save you a

1884

01:21:40,780 --> 01:21:36,739

bunch of money on car insurance

1885

01:21:45,040 --> 01:21:40,790

okay judges that's true Kevin

1886

01:21:47,320 --> 01:21:45,050

congratulations you're a winner yeah

1887

01:21:49,780 --> 01:21:47,330

Geico because saving 15% or more on car

1888

01:21:51,820 --> 01:21:49,790

insurance is always a great answer right

1889

01:21:56,709 --> 01:21:51,830

now what looking full time on it but I

1890

01:21:58,360 --> 01:21:56,719

was working laborious ly and sold that

1891

01:22:01,090 --> 01:21:58,370

but that's for two books short grass

1892

01:22:03,010 --> 01:22:01,100

which takes place during the Great

1893

01:22:05,260 --> 01:22:03,020

Depression and Dust Bowl up through

1894

01:22:07,060 --> 01:22:05,270

Pearl Harbor and the first year world

1895

01:22:10,450 --> 01:22:07,070

war two and then Mustang the sequel that

1896

01:22:12,880 --> 01:22:10,460

launches next early next year takes you

1897

01:22:14,560 --> 01:22:12,890

through the rest of the war what right

1898

01:22:17,680 --> 01:22:14,570

up almost to the end of the war early

1899

01:22:19,270 --> 01:22:17,690

1945 now this is about gentleman who's a

1900

01:22:22,930 --> 01:22:19,280

Mennonite is that the name of the

1901

01:22:25,030 --> 01:22:22,940

religion that is that's correct I don't

1902

01:22:26,350 --> 01:22:25,040

know if you guys have many Mennonites in

1903

01:22:28,540 --> 01:22:26,360

your neck of the woods but out here in

1904

01:22:30,780 --> 01:22:28,550

Oklahoma particularly western Oklahoma

1905

01:22:33,729 --> 01:22:30,790

which is being barns where I grew up

1906

01:22:36,190 --> 01:22:33,739

there are quite a few and I know you

1907

01:22:38,110 --> 01:22:36,200

guys have Amish up there and Mennonites

1908

01:22:40,240 --> 01:22:38,120

know a little bit more moderate view

1909

01:22:42,130 --> 01:22:40,250

fact a lot of them split off the Amish

1910

01:22:45,060 --> 01:22:42,140

though they're they're more of a cross

1911

01:22:48,370 --> 01:22:45,070

between Amish and more mainstream

1912

01:22:51,330 --> 01:22:48,380

evangelical Christians and so but yeah

1913

01:22:52,770 --> 01:22:51,340

this guy he grows up in a in a pretty

1914

01:22:55,930 --> 01:22:52,780

pious

1915

01:22:59,200 --> 01:22:55,940

conservative clean living Mennonite farm

1916

01:23:01,030 --> 01:22:59,210

community in southwest Oklahoma during

1917

01:23:04,090 --> 01:23:01,040

the Dust Bowl is where we pick up the

1918

01:23:09,550 --> 01:23:04,100

story with him and where did you get the

1919

01:23:12,729 --> 01:23:09,560

idea for the book you know a combination

1920

01:23:15,160 --> 01:23:12,739

of things on teach history in half for

1921

01:23:17,350 --> 01:23:15,170

many years on a history prophet southern

1922

01:23:21,550 --> 01:23:17,360

Nazarene University in Oklahoma City and

1923

01:23:22,900 --> 01:23:21,560

so I'm you know I don't hunt or fish or

1924

01:23:26,410 --> 01:23:22,910

didn't even that kind of stuff anymore

1925

01:23:28,390 --> 01:23:26,420

my vocation and avocation guys is

1926

01:23:31,270 --> 01:23:28,400

history I love reading about it I love

1927

01:23:33,729 --> 01:23:31,280

writing it I love learning new stories

1928

01:23:35,979 --> 01:23:33,739

and so I think this story came about it

1929

01:23:38,320 --> 01:23:35,989

was several threads it was just a

1930

01:23:41,229 --> 01:23:38,330

lifelong interest and fascination with

1931

01:23:43,870 --> 01:23:41,239

world war two it was you know my own

1932

01:23:45,459 --> 01:23:43,880

Christianity and in later years some

1933

01:23:47,830 --> 01:23:45,469

just kind of fascination with the

1934

01:23:50,530 --> 01:23:47,840

Mennonites and their willingness to you

1935

01:23:53,080 --> 01:23:50,540

know to be willing to die but not kill

1936

01:23:55,240 --> 01:23:53,090

fine that is what a Christian concept

1937

01:23:58,000 --> 01:23:55,250

you're in so what has happened to that

1938

01:23:59,650 --> 01:23:58,010

yeah and then you mentioned earlier it

1939

01:24:03,130 --> 01:23:59,660

was a good good set up you're talking

1940

01:24:05,920 --> 01:24:03,140

about oh you football and that's been a

1941

01:24:09,120 --> 01:24:05,930

lifelong interest as well and so what I

1942

01:24:11,980 --> 01:24:09,130

did was I took the area where I grew up

1943

01:24:14,500 --> 01:24:11,990

married the historical interest in

1944

01:24:17,170 --> 01:24:14,510

particular in World War two with my love

1945

01:24:19,300 --> 01:24:17,180

for athletics and Oklahoma football and

1946

01:24:21,580 --> 01:24:19,310

then this kind of fascination for

1947

01:24:23,560 --> 01:24:21,590

Mennonite Christianity and stirred it

1948

01:24:25,840 --> 01:24:23,570

all up and guess what believe it or not

1949

01:24:28,150 --> 01:24:25,850

my agent which they usually tell you how

1950

01:24:30,070 --> 01:24:28,160

bad an idea is she said hey I think that

1951

01:24:33,970 --> 01:24:30,080

has enough crazy ideas in it to actually

1952

01:24:35,740 --> 01:24:33,980

work yes doesn't it feel good when they

1953

01:24:40,660 --> 01:24:35,750

say something like that - it doesn't

1954

01:24:43,150 --> 01:24:40,670

come off my response I'm pretty sure I

1955

01:24:46,900 --> 01:24:43,160

remember was pretty much you're kidding

1956

01:24:49,840 --> 01:24:46,910

me you really like it you just be a

1957

01:24:51,910 --> 01:24:49,850

modest I'm sure so so basically I don't

1958

01:24:53,410 --> 01:24:51,920

want to you know ruin the plot for tell

1959

01:24:55,150 --> 01:24:53,420

it really any really of substantial

1960

01:24:57,670 --> 01:24:55,160

things about the plot other than that

1961

01:25:00,180 --> 01:24:57,680

this Mennonite gentleman who believes

1962

01:25:02,380 --> 01:25:00,190

that has this Christian view of things

1963

01:25:04,570 --> 01:25:02,390

basically becomes a fighter pilot right

1964

01:25:07,450 --> 01:25:04,580

is that book is that the shortened well

1965

01:25:11,410 --> 01:25:07,460

well that's right what happens Mac and

1966

01:25:13,500 --> 01:25:11,420

one is that you know he he is a fairly

1967

01:25:16,480 --> 01:25:13,510

typical you know clean-cut all-american

1968

01:25:19,120 --> 01:25:16,490

Mennonite farm boy but he has a couple

1969

01:25:23,230 --> 01:25:19,130

of complications first place he is a

1970

01:25:25,210 --> 01:25:23,240

great natural athlete so that in course

1971

01:25:26,980 --> 01:25:25,220

in short grass there's debate among

1972

01:25:30,160 --> 01:25:26,990

people in his church as to whether he

1973

01:25:32,050 --> 01:25:30,170

should even play you know the rough game

1974

01:25:34,390 --> 01:25:32,060

like football and public and all this

1975

01:25:36,120 --> 01:25:34,400

stuff and once they get past that in

1976

01:25:38,860 --> 01:25:36,130

high school and so forth he ultimately

1977

01:25:40,540 --> 01:25:38,870

becomes a member of the first grade

1978

01:25:44,260 --> 01:25:40,550

Oklahoma sooner football team in the

1979

01:25:46,510 --> 01:25:44,270

late nineteen thirties yeah and who by

1980

01:25:48,730 --> 01:25:46,520

the way their play by play announcer was

1981

01:25:50,230 --> 01:25:48,740

actually Walter Cronkite in real I was

1982

01:25:52,210 --> 01:25:50,240

members

1983

01:25:54,280 --> 01:25:52,220

he's the University of Texas grad and

1984

01:25:57,550 --> 01:25:54,290

his first job was doing Oklahoma sooner

1985

01:26:00,190 --> 01:25:57,560

football on radio but so this gave them

1986

01:26:03,910 --> 01:26:00,200

kind of the the swing of the worldly

1987

01:26:06,820 --> 01:26:03,920

environs in the higher society and

1988

01:26:09,130 --> 01:26:06,830

business and glamorous girls during the

1989

01:26:10,420 --> 01:26:09,140

big band era whoo yeah and you know kind

1990

01:26:12,400 --> 01:26:10,430

of carries him away from his humble

1991

01:26:14,170 --> 01:26:12,410

beginnings and then the second

1992

01:26:18,610 --> 01:26:14,180

complication is he turns out to be a

1993

01:26:22,060 --> 01:26:18,620

great natural aviator and through some

1994

01:26:24,640 --> 01:26:22,070

you know the court advanced in the book

1995

01:26:26,590 --> 01:26:24,650

he winds up getting to know Charles

1996

01:26:28,720 --> 01:26:26,600

Lindbergh yes of course was the great

1997

01:26:32,080 --> 01:26:28,730

opponent of Franklin Roosevelt in that

1998

01:26:34,180 --> 01:26:32,090

era and that is a real strong plotline

1999

01:26:35,770 --> 01:26:34,190

running through the the second half of

2000

01:26:38,620 --> 01:26:35,780

short grass is that behind the scenes

2001

01:26:40,780 --> 01:26:38,630

battle between Lindbergh in America

2002

01:26:42,940 --> 01:26:40,790

first and then Roosevelt in his

2003

01:26:45,310 --> 01:26:42,950

intervention ISM and that sort of thing

2004

01:26:49,450 --> 01:26:45,320

so financial question it was limbering

2005

01:26:51,790 --> 01:26:49,460

kind of Nazi ish no he wasn't that's

2006

01:26:55,270 --> 01:26:51,800

been that's been the tar and feather on

2007

01:26:56,680 --> 01:26:55,280

him Mackie he even keys to that and

2008

01:26:59,710 --> 01:26:56,690

Hollywood and a lot of the usual

2009

01:27:02,230 --> 01:26:59,720

suspects and that's way that myth but

2010

01:27:04,930 --> 01:27:02,240

the one thing I would just say is I

2011

01:27:06,940 --> 01:27:04,940

think a feature of shortgrass is you

2012

01:27:09,490 --> 01:27:06,950

really get to know and burg up close and

2013

01:27:11,680 --> 01:27:09,500

personal through the eyes of our

2014

01:27:14,260 --> 01:27:11,690

protagonist that Oklahoma you know

2015

01:27:17,380 --> 01:27:14,270

cowboy football player aviator Lance

2016

01:27:19,900 --> 01:27:17,390

Rourke is his name and I I used that as

2017

01:27:22,930 --> 01:27:19,910

a way Lindburgh kind of becomes his

2018

01:27:25,120 --> 01:27:22,940

mentor and I use that partly for folks

2019

01:27:28,210 --> 01:27:25,130

to actually get to know Limburg and I'm

2020

01:27:30,790 --> 01:27:28,220

as a historian I'm just a Bearcat for

2021

01:27:32,500 --> 01:27:30,800

authenticity I don't want people may not

2022

01:27:34,000 --> 01:27:32,510

agree with everything I write but I

2023

01:27:36,130 --> 01:27:34,010

don't want it to be because they figure

2024

01:27:38,620 --> 01:27:36,140

out that it's not true so when you read

2025

01:27:40,960 --> 01:27:38,630

Lindbergh's words his thoughts his

2026

01:27:43,060 --> 01:27:40,970

actions in this book I promise you

2027

01:27:45,460 --> 01:27:43,070

they're legit and authentic another

2028

01:27:47,310 --> 01:27:45,470

research to diligently is this after the

2029

01:27:50,620 --> 01:27:47,320

kidnapping uh before the getting that

2030

01:27:52,990 --> 01:27:50,630

this is after the kidnapping and I think

2031

01:27:56,650 --> 01:27:53,000

one of the things that's happened Mack

2032

01:27:59,350 --> 01:27:56,660

is is that Limburg who was a colonel in

2033

01:28:02,590 --> 01:27:59,360

the Air Force United States Army Air

2034

01:28:06,340 --> 01:28:02,600

Forces at the time of course that made

2035

01:28:09,970 --> 01:28:06,350

the epic transatlantic flight and was

2036

01:28:13,360 --> 01:28:09,980

was military minded man a researcher of

2037

01:28:16,319 --> 01:28:13,370

scientists and and he became one of the

2038

01:28:20,129 --> 01:28:16,329

most valuable me

2039

01:28:23,729 --> 01:28:20,139

and in in America in the 30s in actually

2040

01:28:25,859 --> 01:28:23,739

researching reconning and finding out

2041

01:28:29,280 --> 01:28:25,869

what the Germans were up to with their

2042

01:28:32,910 --> 01:28:29,290

airforce women Luftwaffe he flew in any

2043

01:28:36,899 --> 01:28:32,920

109 he was the first American to fly in

2044

01:28:38,850 --> 01:28:36,909

any 109 the Germans I think this were a

2045

01:28:40,799 --> 01:28:38,860

part of that accusation comes from he

2046

01:28:42,930 --> 01:28:40,809

developed relationships with

2047

01:28:45,689 --> 01:28:42,940

high-ranking Germans but it was at the

2048

01:28:48,600 --> 01:28:45,699

behest of the American government or

2049

01:28:50,370 --> 01:28:48,610

military they wanted him to do that and

2050

01:28:52,049 --> 01:28:50,380

the Germans were in awe of him because

2051
01:28:53,660 --> 01:28:52,059
he was world fame right so that allowed

2052
01:28:56,760 --> 01:28:53,670
him to come up with all this

2053
01:28:58,859 --> 01:28:56,770
intelligence on the Luftwaffe years

2054
01:29:01,140 --> 01:28:58,869
before we got into the war that's fine

2055
01:29:03,419 --> 01:29:01,150
there's a reddit yeah already spun yeah

2056
01:29:05,939 --> 01:29:03,429
and and I think later on in the in the

2057
01:29:07,799 --> 01:29:05,949
I'm not reading later on in the law he

2058
01:29:10,200 --> 01:29:07,809
went to the Pacific Theatre I think it

2059
01:29:13,439 --> 01:29:10,210
shot down a zero or something like the

2060
01:29:17,010 --> 01:29:13,449
only time to do so or something yeah we

2061
01:29:19,910 --> 01:29:17,020
talked about that back in in some detail

2062
01:29:22,680 --> 01:29:19,920
and Mustang the sequel because Roosevelt

2063
01:29:25,709 --> 01:29:22,690

was a great he was a great politician

2064

01:29:28,379 --> 01:29:25,719

he's a very vengeful man and so he hated

2065

01:29:30,569 --> 01:29:28,389

Lindbergh Lindbergh has won a few people

2066

01:29:32,700 --> 01:29:30,579

that had the guts to stand up to him in

2067

01:29:35,390 --> 01:29:32,710

public in America in that generation and

2068

01:29:37,859 --> 01:29:35,400

so he would not even let Limburg enlist

2069

01:29:40,950 --> 01:29:37,869

in the military for the war well

2070

01:29:43,020 --> 01:29:40,960

Lindbergh did an end-run through friends

2071

01:29:46,410 --> 01:29:43,030

like Douglas MacArthur and others and he

2072

01:29:50,129 --> 01:29:46,420

got a posting in the Pacific as a test

2073

01:29:52,169 --> 01:29:50,139

pilot and he actually helped early on

2074

01:29:54,660 --> 01:29:52,179

design the Flying Fortress then he

2075

01:29:57,479 --> 01:29:54,670

helped work out the problems on the b-24

2076

01:30:00,270 --> 01:29:57,489

liberator and then he helped them the

2077

01:30:02,609 --> 01:30:00,280

fighter planes in the Pacific he would

2078

01:30:05,370 --> 01:30:02,619

fly those things and help him figure out

2079

01:30:07,530 --> 01:30:05,380

how to get more mileage out of the same

2080

01:30:09,780 --> 01:30:07,540

amount of fuel and all sorts of things

2081

01:30:12,569 --> 01:30:09,790

and so as you alluded Mack he did

2082

01:30:14,250 --> 01:30:12,579

eventually manage an even though they

2083

01:30:16,379 --> 01:30:14,260

didn't want him to he managed to find

2084

01:30:18,180 --> 01:30:16,389

his way into combat and had some

2085

01:30:20,040 --> 01:30:18,190

exciting exploit myth would have

2086

01:30:22,290 --> 01:30:20,050

happened if he you know that's a big

2087

01:30:25,049 --> 01:30:22,300

shot down and killed over there fighting

2088

01:30:26,910 --> 01:30:25,059

I mean it's such a huge controversy we

2089

01:30:28,950 --> 01:30:26,920

should just remind people that are early

2090

01:30:29,810 --> 01:30:28,960

in the thirties Lindbergh had an infant

2091

01:30:33,080 --> 01:30:29,820

son kidnapped

2092

01:30:35,060 --> 01:30:33,090

and in New York and yeah it was fine you

2093

01:30:36,589 --> 01:30:35,070

know deceased later on they found the

2094

01:30:38,689 --> 01:30:36,599

ransom money it's a whole other story

2095

01:30:40,669 --> 01:30:38,699

it's an interesting story because you

2096

01:30:42,799 --> 01:30:40,679

know there was a lot of one of these

2097

01:30:44,180 --> 01:30:42,809

things a lot of everybody saying that

2098

01:30:45,620 --> 01:30:44,190

they got the right guy but then there's

2099

01:30:48,350 --> 01:30:45,630

a lot of evidence saying they did it you

2100

01:30:50,120 --> 01:30:48,360

know so it's kind of strange hey Johnny

2101
01:30:51,649 --> 01:30:50,130
out in the country in the couple minutes

2102
01:30:55,779 --> 01:30:51,659
we have left now how can people get the

2103
01:31:03,740 --> 01:31:01,819
yeah oh yeah yeah I tell people where

2104
01:31:04,479 --> 01:31:03,750
they can get the where they can one of

2105
01:31:06,950 --> 01:31:04,489
the book

2106
01:31:08,569 --> 01:31:06,960

all right

2129

01:32:18,919 --> 01:32:16,920

Mayfield who's a Heisman candidate and

2145

what a lot of sooner fans believe was

2146

01:33:02,500 --> 01:33:01,310

was time for some new blood and the head

2147

01:33:04,810 --> 01:33:02,510

coaching position

2148

01:33:07,780 --> 01:33:04,820

military-style show here on the distant

2178

01:34:41,450 --> 01:34:39,719

Thunder radio and there with me in the

2179

01:34:43,280 --> 01:34:41,460

studio with us tonight very famous one

2180

01:34:46,420 --> 01:34:43,290

one see if what ten minutes in a row yep

2181

01:34:51,140 --> 01:34:46,430

you bet you huh what's a foreign 250 to

2182

01:34:55,160 --> 01:34:51,150

450 to blast an educational system here

2183

01:34:56,630 --> 01:34:55,170

yeah 16 yeah okay if you go to 16 that's

2184

01:34:58,820 --> 01:34:56,640

a quarter of the year that you've

2185

01:35:04,670 --> 01:34:58,830

actually showed up here hmm in person I

2186

01:35:06,140 --> 01:35:04,680

better that mark that's a milestone to

2187

01:35:07,760 --> 01:35:06,150

look forward we've lost a cobra he was

2188

01:35:09,830 --> 01:35:07,770

down at his southern bunker and for

2189

01:35:11,780 --> 01:35:09,840

something came up I hope it isn't World

2190

01:35:13,160 --> 01:35:11,790

War three but it was really I that they

2191

01:35:15,620 --> 01:35:13,170

come I'm frightened rug they're trying

2192

01:35:17,240 --> 01:35:15,630

to make emergency calls out to him he's

2193

01:35:19,100 --> 01:35:17,250

not responding and did you notice that

2194

01:35:23,959 --> 01:35:19,110

maybe jury said in was Cobra when I told

2195

01:35:26,570 --> 01:35:23,969

her you were here I was I was the

2196

01:35:28,820 --> 01:35:26,580

mistress needs the men I was a potted

2197

01:35:31,459 --> 01:35:28,830

plant than anything

2198

01:35:33,380 --> 01:35:31,469

so on the line with this now though is

2199

01:35:36,800 --> 01:35:33,390

switchblade Steve wound up the end the

2200

01:35:39,979 --> 01:35:36,810

bowl of flakes with named it again

2201
01:35:41,510 --> 01:35:39,989
Michigan that'll create that okay forget

2202
01:35:43,820 --> 01:35:41,520
that how you doing there tonight they're

2203
01:35:46,370 --> 01:35:43,830
wrong it's doing well you know what I'm

2204
01:35:47,840 --> 01:35:46,380
doing really good and the reason I'm

2205
01:35:52,270 --> 01:35:47,850
doing really good is you know tonight

2206
01:35:58,070 --> 01:35:55,580
so we went out to this when was it was

2207
01:35:59,870 --> 01:35:58,080
last weekend yes it's just this past

2208
01:36:01,490 --> 01:35:59,880
weekend okay alright and you drove a but

2209
01:36:02,830 --> 01:36:01,500
three or four hours to get to it we

2210
01:36:05,270 --> 01:36:02,840
wasn't in Pennsylvania right

2211
01:36:06,890 --> 01:36:05,280
Myra's Pennsylvania miles Pennsylvania I

2212
01:36:08,660 --> 01:36:06,900
love that okay so tell us what happened

2213
01:36:11,630 --> 01:36:08,670

which is really suitable if it's a yes

2214

01:36:13,160 --> 01:36:11,640

it's kind of a sci-fi horror convention

2215

01:36:15,979 --> 01:36:13,170

old movies that kind of thing how many

2216

01:36:17,479 --> 01:36:15,989

people live in miles would you say you

2217

01:36:20,810 --> 01:36:17,489

know what I don't know it's just another

2218

01:36:22,100 --> 01:36:20,820

big suburb in the Pittsburgh area oh all

2219

01:36:23,600 --> 01:36:22,110

right just kind of you know well you

2220

01:36:25,880 --> 01:36:23,610

know how they look wall-to-wall concrete

2221

01:36:27,650 --> 01:36:25,890

roads everything looks the same

2222

01:36:30,020 --> 01:36:27,660

so I'm not that familiar with the

2223

01:36:32,479 --> 01:36:30,030

Pittsburgh area okay yeah but no one is

2224

01:36:35,060 --> 01:36:32,489

really so good but but the reason I'm

2225

01:36:37,479 --> 01:36:35,070

doing so good is that before we get into

2226

01:36:39,470 --> 01:36:37,489

the specifics of the monster bash

2227

01:36:41,570 --> 01:36:39,480

Saturday night while I was there in the

2228

01:36:42,229 --> 01:36:41,580

lobby I got a call from Jeff walmsley

2229

01:36:44,720 --> 01:36:42,239

yes

2230

01:36:47,239 --> 01:36:44,730

Wan's Lee is the curator of the Mothman

2231

01:36:50,180 --> 01:36:47,249

museum and the co-founder of the Mothman

2232

01:36:52,580 --> 01:36:50,190

festival yes he asked me if I would like

2233

01:36:55,850 --> 01:36:52,590

to speak on Sunday at the Mothman

2234

01:36:58,100 --> 01:36:55,860

no one that's fantastic yes it is came

2235

01:36:59,899 --> 01:36:58,110

out of the blue and now you know sunday

2236

01:37:01,580 --> 01:36:59,909

is the second day and as the day wears

2237

01:37:03,620 --> 01:37:01,590

on there are fewer and fewer people

2238

01:37:05,209 --> 01:37:03,630

there but I figure even if there's only

2239

01:37:08,870 --> 01:37:05,219

12 people by the time I get up there

2240

01:37:13,129 --> 01:37:08,880

will be a nice nice nice way to practice

2241

01:37:22,310 --> 01:37:13,139

yes you I hope you held out for about 5

2242

01:37:24,500 --> 01:37:22,320

grand speaking well I think that's so

2243

01:37:27,049 --> 01:37:24,510

you actually spoke to a group of people

2244

01:37:28,609 --> 01:37:27,059

on Mothman in other words I will be yes

2245

01:37:31,100 --> 01:37:28,619

and when when will that be

2246

01:37:33,410 --> 01:37:31,110

well that's that'll be that's the third

2247

01:37:35,299 --> 01:37:33,420

weekend in September I'm not sure the

2248

01:37:36,680 --> 01:37:35,309

exact dates it's just I think the way

2249

01:37:38,899 --> 01:37:36,690

that weekend falls it's just a little

2250

01:37:40,160 --> 01:37:38,909

bit past the middle of the month okay

2251
01:37:43,580 --> 01:37:40,170
and you know how long do you have to

2252
01:37:45,439 --> 01:37:43,590
speak for it's a like an hour slot I

2253
01:37:46,850 --> 01:37:45,449
might speak for maybe I don't know 45

2254
01:37:49,250 --> 01:37:46,860
minutes or so leave some time for

2255
01:37:50,720 --> 01:37:49,260
questions and then of course time for

2256
01:37:53,450 --> 01:37:50,730
the next speaker to get on again use

2257
01:37:56,450 --> 01:37:53,460
visuals will you use visuals or yeah I

2258
01:37:56,810 --> 01:37:56,460
think so I'm a little bit inept on that

2259
01:37:58,459 --> 01:37:56,820
end

2260
01:38:02,779 --> 01:37:58,469
but everybody assures me that even

2261
01:38:04,489 --> 01:38:02,789
someone of my lack of computer knowledge

2262
01:38:06,709 --> 01:38:04,499
you know you can't figure this out you

2263
01:38:09,169 --> 01:38:06,719

have a bunch of slides like a PowerPoint

2264

01:38:10,910 --> 01:38:09,179

actually it's I did a PowerPoint once

2265

01:38:13,129 --> 01:38:10,920

that's how you know easy it is you know

2266

01:38:14,509 --> 01:38:13,139

so so well that's good that's great

2267

01:38:16,160 --> 01:38:14,519

that's great you going to and don't

2268

01:38:18,109 --> 01:38:16,170

don't assume that there will only be 12

2269

01:38:19,370 --> 01:38:18,119

people there will beat the drums for you

2270

01:38:21,589 --> 01:38:19,380

there'll be hundreds of people's right

2271

01:38:23,750 --> 01:38:21,599

well there may well be actually the the

2272

01:38:25,669 --> 01:38:23,760

festival is hauling in a lot of people

2273

01:38:27,770 --> 01:38:25,679

and many of them stay around see I'm a

2274

01:38:29,330 --> 01:38:27,780

little low on the food chain and there's

2275

01:38:31,489 --> 01:38:29,340

a lot of people very deserving people

2276

01:38:33,500 --> 01:38:31,499

there that will be speaking on Saturday

2277

01:38:35,569 --> 01:38:33,510

which is kind of the prime time and you

2278

01:38:37,640 --> 01:38:35,579

know Sunday morning and early afternoon

2279

01:38:39,169 --> 01:38:37,650

I don't really know my time slot yet so

2280

01:38:40,640 --> 01:38:39,179

it could even be Sunday morning for all

2281

01:38:44,479 --> 01:38:40,650

I know right it's not making demands

2282

01:38:46,790 --> 01:38:44,489

right away dressing

2283

01:38:48,859 --> 01:38:46,800

and you want M&Ms but no red MNO resin

2284

01:38:50,719 --> 01:38:48,869

right well I'm very very specific about

2285

01:38:52,609 --> 01:38:50,729

my cotton candy so you know I'm not

2286

01:38:54,649 --> 01:38:52,619

gonna just settle for nothing and do you

2287

01:38:59,569 --> 01:38:54,659

have any trouble speaking to groups of

2288

01:39:02,540 --> 01:38:59,579

people not really I you know I I keep it

2289

01:39:04,729 --> 01:39:02,550

back in another time period I took one

2290

01:39:06,199 --> 01:39:04,739

of the Dale Carnegie courses well not

2291

01:39:08,089 --> 01:39:06,209

the salesman course but the kind of the

2292

01:39:09,589 --> 01:39:08,099

general ones right yeah it's how to make

2293

01:39:10,790 --> 01:39:09,599

friends and influence people is that the

2294

01:39:12,679 --> 01:39:10,800

end yeah like that kind of idea sure

2295

01:39:14,600 --> 01:39:12,689

okay yeah right I have I have actually

2296

01:39:17,569 --> 01:39:14,610

spoken on Mothman of the paranormal at

2297

01:39:20,149 --> 01:39:17,579

some smaller groupings this is the big

2298

01:39:22,429 --> 01:39:20,159

break so yeah and this woman on we're

2299

01:39:25,399 --> 01:39:22,439

gonna push it we're going to a huge PR

2300

01:39:28,160 --> 01:39:25,409

machine is behind you and it's possible

2301

01:39:29,839 --> 01:39:28,170

that I might be dropping some names you

2302

01:39:31,729 --> 01:39:29,849

know during this event I don't oh I

2303

01:39:37,250 --> 01:39:31,739

don't know Mac Maloney and come on your

2304

01:39:40,479 --> 01:39:37,260

show yeah Wow might even mentioned some

2305

01:39:46,390 --> 01:39:40,489

of the Cask you know one one commander

2306

01:39:51,199 --> 01:39:49,699

No Cobra wants to go down this is a good

2307

01:39:53,540 --> 01:39:51,209

chance corporate is gonna be down there

2308

01:39:55,640 --> 01:39:53,550

oh that would be X yeah yeah he'll go

2309

01:39:57,679 --> 01:39:55,650

he'll whip up a crowd for you alright

2310

01:39:59,479 --> 01:39:57,689

but don't kill the sheriff or something

2311

01:40:00,830 --> 01:39:59,489

but he will get a crowd so all right so

2312

01:40:02,810 --> 01:40:00,840

tell us what have see you make it two

2313

01:40:05,239 --> 01:40:02,820

miles Pennsylvania the monster bash is

2314

01:40:07,339 --> 01:40:05,249

going on it's a place where you can it

2315

01:40:10,489 --> 01:40:07,349

what just tell us what happened okay

2316

01:40:13,310 --> 01:40:10,499

well they there we actually met at a

2317

01:40:15,560 --> 01:40:13,320

friend's house in Mercer on Thursday

2318

01:40:17,689 --> 01:40:15,570

night because it starts Friday morning

2319

01:40:20,149 --> 01:40:17,699

so you know if you come in Friday you're

2320

01:40:22,100 --> 01:40:20,159

gonna miss some of the events on Friday

2321

01:40:25,250 --> 01:40:22,110

it's felt all day Friday all day

2322

01:40:27,859 --> 01:40:25,260

Saturday and Sunday it wraps up about

2323

01:40:30,469 --> 01:40:27,869

four or so okay and only one also

2324

01:40:32,629 --> 01:40:30,479

mentioned you know they have of course a

2325

01:40:34,219 --> 01:40:32,639

lot of celebrities and deals with the

2326
01:40:34,699 --> 01:40:34,229
horror movie science fiction movies and

2327
01:40:36,890 --> 01:40:34,709
so forth

2328
01:40:39,439 --> 01:40:36,900
but they do have one gentleman there

2329
01:40:42,020 --> 01:40:39,449
that deals with real monsters and that's

2330
01:40:45,020 --> 01:40:42,030
our friend Stan Gordon oh yeah yeah he's

2331
01:40:46,910 --> 01:40:45,030
a local boy he lives about maybe half

2332
01:40:49,189 --> 01:40:46,920
hour 45 minutes away and so they have

2333
01:40:51,589 --> 01:40:49,199
him there every year right and and i

2334
01:40:55,160 --> 01:40:51,599
should mention he's got a new talk this

2335
01:40:58,010 --> 01:40:55,170
year which focuses on Bigfoot and the

2336
01:41:00,890 --> 01:40:58,020
stranger aspects of bigfoot buddy he's

2337
01:41:03,110 --> 01:41:00,900
writing about Kecksburg cats berg it

2338
01:41:05,840 --> 01:41:03,120

also he has he's written a book called

2339

01:41:08,210 --> 01:41:05,850

silent invasion which covers the really

2340

01:41:10,760 --> 01:41:08,220

strange UFO and Bigfoot reports that

2341

01:41:13,790 --> 01:41:10,770

occurred and I guess what southwestern

2342

01:41:15,410 --> 01:41:13,800

Pennsylvania okay in 1973 and 74 plus

2343

01:41:18,800 --> 01:41:15,420

he's got you got three books out so he's

2344

01:41:20,930 --> 01:41:18,810

got my research just look you know look

2345

01:41:22,730 --> 01:41:20,940

for Kecksburg okay I mean it's very very

2346

01:41:24,800 --> 01:41:22,740

short story is you know back in the 60s

2347

01:41:26,450 --> 01:41:24,810

people saw something land in the woods

2348

01:41:28,490 --> 01:41:26,460

near Kecksburg Pennsylvania

2349

01:41:30,640 --> 01:41:28,500

okay they started to go into the woods

2350

01:41:33,440 --> 01:41:30,650

the army shows up some civilians saw

2351

01:41:35,000 --> 01:41:33,450

what it was you know some said they saw

2352

01:41:36,650 --> 01:41:35,010

it and so on and so forth but the

2353

01:41:38,480 --> 01:41:36,660

military took it away okay

2354

01:41:39,860 --> 01:41:38,490

it was a big hub up there took it away

2355

01:41:41,060 --> 01:41:39,870

or they blocked off the whole air they

2356

01:41:44,000 --> 01:41:41,070

blocked off the area then they took it

2357

01:41:45,620 --> 01:41:44,010

away on a semi-trailer truck Kevin type

2358

01:41:47,900 --> 01:41:45,630

thing okay it looked like an ache one

2359

01:41:50,570 --> 01:41:47,910

that's what everyone decided it out now

2360

01:41:52,370 --> 01:41:50,580

if you look at a if you have a Lowe's

2361

01:41:54,110 --> 01:41:52,380

advantage card you can get an extra five

2362

01:41:55,730 --> 01:41:54,120

percent off everyday on items big or

2363

01:41:57,590 --> 01:41:55,740

small so you can save an extra five

2364

01:41:59,390 --> 01:41:57,600

percent on a new coat of paint updating

2365

01:42:01,490 --> 01:41:59,400

appliances replacing the flooring and

2366

01:42:03,380 --> 01:42:01,500

even save an extra 5% on little things

2367

01:42:05,600 --> 01:42:03,390

like cleaning supplies laundry detergent

2368

01:42:07,460 --> 01:42:05,610

and air filters the big to dues to the

2369

01:42:09,230 --> 01:42:07,470

everyday essentials you get an extra

2370

01:42:11,150 --> 01:42:09,240

five percent savings every day when you

2371

01:42:13,400 --> 01:42:11,160

use your Lowe's advantage card you don't

2372

01:42:14,120 --> 01:42:13,410

have one apply today all projects have a

2373

01:42:15,800 --> 01:42:14,130

starting point

2374

01:42:16,880 --> 01:42:15,810

start with Lowe's subjective credit

2375

01:42:18,470 --> 01:42:16,890

approval one can't be combined with any

2376

01:42:20,150 --> 01:42:18,480

other credit offers exclusions apply see

2377

01:42:22,340 --> 01:42:20,160

store for details us only yeah what the

2378

01:42:24,380 --> 01:42:22,350

Russians were shooting up into orbit

2379

01:42:25,970 --> 01:42:24,390

those days you know they had a bit a

2380

01:42:29,000 --> 01:42:25,980

special name for those things you know

2381

01:42:31,100 --> 01:42:29,010

but the the right type of rocket yeah

2382

01:42:32,660 --> 01:42:31,110

like a like not an Apollo capsule it was

2383

01:42:34,850 --> 01:42:32,670

a rush Soyuz rocket and they called

2384

01:42:37,610 --> 01:42:34,860

shooters of capsule it looks like an egg

2385

01:42:40,040 --> 01:42:37,620

good they look like a car you know so if

2386

01:42:41,870 --> 01:42:40,050

one of those happen to land you know in

2387

01:42:43,970 --> 01:42:41,880

a woods in Pennsylvania the military's

2388

01:42:45,620 --> 01:42:43,980

gonna you know cordon it off and they're

2389

01:42:47,300 --> 01:42:45,630

gonna pull it away that's fine but

2390

01:42:49,280 --> 01:42:47,310

there's a lot of like evidence that this

2391

01:42:50,840 --> 01:42:49,290

thing was not a Sawyer's craft that this

2392

01:42:52,550 --> 01:42:50,850

was you know something else and just a

2393

01:42:54,200 --> 01:42:52,560

lot of the stories are very interesting

2394

01:42:55,580 --> 01:42:54,210

and then the geysers are there's a radio

2395

01:42:57,230 --> 01:42:55,590

reporter who came out with the report

2396

01:42:58,820 --> 01:42:57,240

and they talked him out of the men and

2397

01:43:00,740 --> 01:42:58,830

black - told him to change the news

2398

01:43:02,480 --> 01:43:00,750

report and then didn't he get like hit

2399

01:43:04,430 --> 01:43:02,490

and run like a year later or something I

2400

01:43:06,710 --> 01:43:04,440

mean it's a really one of these weird

2401

01:43:09,950 --> 01:43:06,720

hit and run he was killed yeah yeah yeah

2402

01:43:10,890 --> 01:43:09,960

like a real x-files story from like the

2403

01:43:13,080 --> 01:43:10,900

TV show anyway

2404

01:43:16,260 --> 01:43:13,090

kake's bring another show but hits Tex

2405

01:43:18,060 --> 01:43:16,270

Berg okay in fact my wife saw it streak

2406

01:43:19,650 --> 01:43:18,070

across the sky Bay when we were in

2407

01:43:21,300 --> 01:43:19,660

junior high didn't know her then yeah

2408

01:43:24,000 --> 01:43:21,310

and I missed it but a lot of people saw

2409

01:43:25,710 --> 01:43:24,010

it go across Michigan and then it didn't

2410

01:43:29,640 --> 01:43:25,720

in and when I came up Pennsylvania it

2411

01:43:31,800 --> 01:43:29,650

changed it's like manoeuvred yeah and

2412

01:43:35,460 --> 01:43:31,810

so that's a lot of people still on that

2413

01:43:37,170 --> 01:43:35,470

know that gets people okay okay so I get

2414

01:43:39,300 --> 01:43:37,180

to the monster bash now there's I've

2415

01:43:40,800 --> 01:43:39,310

been there several times it's usually an

2416

01:43:44,790 --> 01:43:40,810

annual event but sometimes they have one

2417

01:43:46,530 --> 01:43:44,800

in October as well last October they had

2418

01:43:49,440 --> 01:43:46,540

a tribute to the Twilight Zone they had

2419

01:43:53,130 --> 01:43:49,450

Rod Serling's daughter there and Vincent

2420

01:43:55,680 --> 01:43:53,140

prices daughter know it's really really

2421

01:43:58,050 --> 01:43:55,690

run the gambit one of the nicest

2422

01:44:00,300 --> 01:43:58,060

surprises now there was well there was

2423

01:44:02,970 --> 01:44:00,310

Terry Moore was there she was the young

2424

01:44:04,560 --> 01:44:02,980

lady that was the heroine in the

2425

01:44:07,620 --> 01:44:04,570

original mightyjoyoung

2426

01:44:10,440 --> 01:44:07,630

Wow what's she look like I

2427

01:44:13,560 --> 01:44:10,450

she looks great she's uh and what a

2428

01:44:16,230 --> 01:44:13,570

sweet lady and you know very very sharp

2429

01:44:17,640 --> 01:44:16,240

very together mm-hmm and you see that

2430

01:44:19,800 --> 01:44:17,650

when you go to the tables they have a

2431

01:44:21,180 --> 01:44:19,810

layout of the photographs of you know

2432

01:44:23,460 --> 01:44:21,190

they build they'll sign for you from

2433

01:44:25,320 --> 01:44:23,470

different things they've done she was in

2434

01:44:27,630 --> 01:44:25,330

like several episodes of Batman that I I

2435

01:44:29,850 --> 01:44:27,640

know had forgotten ice all right she I

2436

01:44:31,590 --> 01:44:29,860

think she wanted Oscar or at least was

2437

01:44:33,660 --> 01:44:31,600

nominated for an Oscar in come back

2438

01:44:37,950 --> 01:44:33,670

little Sheba one classic we don't with

2439

01:44:42,780 --> 01:44:37,960

Burt Lancaster both so and she was

2440

01:44:46,710 --> 01:44:42,790

married to Howard Hughes quite a lady

2441

01:44:49,110 --> 01:44:46,720

yeah Bert Gordon was there a director

2442

01:44:52,890 --> 01:44:49,120

that directed such classics that I loved

2443

01:44:54,420 --> 01:44:52,900

as a kid king dinosaur oh yeah okay okay

2444

01:44:56,520 --> 01:44:54,430

you know one of the actors in that was

2445

01:44:58,590 --> 01:44:56,530

the same guy Russell oh come on with his

2446

01:45:01,890 --> 01:44:58,600

name played the professor oh yeah he was

2447

01:45:03,390 --> 01:45:01,900

yeah Russell um yeah I can't think of

2448

01:45:04,680 --> 01:45:03,400

his name yeah he was in a number of

2449

01:45:06,440 --> 01:45:04,690

science fiction movie a play the

2450

01:45:10,170 --> 01:45:06,450

professor in Gilligan's Island yeah yes

2451

01:45:13,380 --> 01:45:10,180

but so he said oh they get up they they

2452

01:45:14,850 --> 01:45:13,390

all have a have kind of an interview in

2453

01:45:16,860 --> 01:45:14,860

the from the audience and people get to

2454

01:45:18,900 --> 01:45:16,870

ask questions and so forth he talked

2455

01:45:24,210 --> 01:45:18,910

about working with Joan Collins in

2456

01:45:28,860 --> 01:45:26,850

what is it Empire of the hands yes but

2457

01:45:31,500 --> 01:45:28,870

he did the Cyclops you know regional

2458

01:45:33,990 --> 01:45:31,510

Cyclops cool a lot of you know really

2459

01:45:35,970 --> 01:45:34,000

kind of cheesy the old flicks but man

2460

01:45:37,200 --> 01:45:35,980

love the great stuff to grow up on yeah

2461

01:45:39,660 --> 01:45:37,210

love them love them

2462

01:45:42,510 --> 01:45:39,670

now that's one not a lot of several

2463

01:45:46,500 --> 01:45:42,520

people were there but a guy named Gary

2464

01:45:49,170 --> 01:45:46,510

Clark now he was in the first three

2465

01:45:53,670 --> 01:45:49,180

seasons of The Virginian along with Doug

2466

01:45:55,410 --> 01:45:53,680

McClure and James Drury yeah okay he was

2467

01:45:59,150 --> 01:45:55,420

saying another one of these great

2468

01:46:01,620 --> 01:45:59,160

classics missiles to the moon all right

2469

01:46:05,100 --> 01:46:01,630

and that's one of those where you know

2470

01:46:06,960 --> 01:46:05,110

if you were to use 50s Hollywood learn

2471

01:46:08,880 --> 01:46:06,970

about the planets you'd figure that the

2472

01:46:14,930 --> 01:46:08,890

moon was populated with a lot of

2473

01:46:22,050 --> 01:46:17,370

we think we know what do you think is up

2474

01:46:23,340 --> 01:46:22,060

there okay good and anyway he right away

2475

01:46:25,980 --> 01:46:23,350

immediately I like this guy

2476

01:46:28,020 --> 01:46:25,990

he was also he had a part in Tombstone

2477

01:46:33,450 --> 01:46:28,030

remember tombstone of what 10 15 years

2478

01:46:35,750 --> 01:46:33,460

ago Kurt Russell yeah oh yeah Eliot yeah

2479

01:46:38,910 --> 01:46:35,760

it's a good movie that's a pretty

2480

01:46:40,980 --> 01:46:38,920

excellent movie and the he got the part

2481

01:46:43,140 --> 01:46:40,990

because he was also in an old TV series

2482

01:46:46,110 --> 01:46:43,150

called Hondo you know based on the on

2483

01:46:47,820 --> 01:46:46,120

the yes John main film so somebody

2484

01:46:50,070 --> 01:46:47,830

recognized him from that and it was also

2485

01:46:53,280 --> 01:46:50,080

kind of a nod to you know the fact that

2486

01:46:55,710 --> 01:46:53,290

he was a Western star way back when and

2487

01:46:59,250 --> 01:46:55,720

again sitting next to him was another

2488

01:47:02,520 --> 01:46:59,260

Gary Gary Conway oh yeah okay yep land

2489

01:47:06,240 --> 01:47:02,530

of the giants yes he was a brick slaw

2490

01:47:08,480 --> 01:47:06,250

kind of a Brooks law a miss Burke's

2491

01:47:11,070 --> 01:47:08,490

young sidekick yeah he's a flunky yeah

2492

01:47:14,550 --> 01:47:11,080

that's right and the old guy was Regis

2493

01:47:16,380 --> 01:47:14,560

to me I remember you know okay yeah but

2494

01:47:19,200 --> 01:47:16,390

so these two Gary's are sitting next to

2495

01:47:21,270 --> 01:47:19,210

each other and their connection is they

2496

01:47:22,410 --> 01:47:21,280

were in a film now you know that there

2497

01:47:24,210 --> 01:47:22,420

was the film I was a teenage werewolf

2498

01:47:27,450 --> 01:47:24,220

yeah my the land my family in that one

2499

01:47:29,820 --> 01:47:27,460

yep okay Gary Conway was in I was a

2500

01:47:31,890 --> 01:47:29,830

teenage Frankenstein Wow nice yeah

2501
01:47:34,500 --> 01:47:31,900
following that movie was when I had not

2502
01:47:36,540 --> 01:47:34,510
seen until Saturday night they have a

2503
01:47:37,960 --> 01:47:36,550
drive-in movie at the at the hotel

2504
01:47:40,150 --> 01:47:37,970
in the outside they have

2505
01:47:43,990 --> 01:47:40,160
setup people get their chairs it's great

2506
01:47:46,270 --> 01:47:44,000
Wow how to make a monster nice and and

2507
01:47:47,950 --> 01:47:46,280
theme was the the director this this

2508
01:47:49,780 --> 01:47:47,960
director and I can't think of the

2509
01:47:52,120 --> 01:47:49,790
character actors name at the moment but

2510
01:47:54,130 --> 01:47:52,130
he he's being fired from the studio

2511
01:47:56,200 --> 01:47:54,140
right and he's the guy that makes up the

2512
01:47:59,110 --> 01:47:56,210
teenage Frankenstein and the teenage

2513
01:48:00,760 --> 01:47:59,120

werewolf now they they picked Gary Clark

2514

01:48:02,980 --> 01:48:00,770

because he had kind of a resemblance to

2515

01:48:05,050 --> 01:48:02,990

Michael Landon okay so but in the

2516

01:48:06,970 --> 01:48:05,060

premises this guy is the guy that makes

2517

01:48:08,380 --> 01:48:06,980

up these guys for the movies but he's

2518

01:48:10,210 --> 01:48:08,390

being fired and he's really ticked off

2519

01:48:12,310 --> 01:48:10,220

so he comes up with some kind of makeup

2520

01:48:14,050 --> 01:48:12,320

that what he applies it on these guys it

2521

01:48:16,330 --> 01:48:14,060

makes them very pliable and under his

2522

01:48:18,520 --> 01:48:16,340

control there is Lee he he sends him off

2523

01:48:20,620 --> 01:48:18,530

to kill people dressed as a teenage

2524

01:48:22,780 --> 01:48:20,630

Frankenstein and the teenage where we'll

2525

01:48:24,400 --> 01:48:22,790

make self a sense of moral okay the

2526

01:48:26,290 --> 01:48:24,410

thing is that both these guys starting

2527

01:48:28,150 --> 01:48:26,300

this together but they all admit to you

2528

01:48:30,820 --> 01:48:28,160

this is over a half a century ago they

2529

01:48:32,080 --> 01:48:30,830

couldn't remember anything and they

2530

01:48:35,350 --> 01:48:32,090

hadn't seen each other

2531

01:48:36,730 --> 01:48:35,360

Wow but they but they man I'll tell you

2532

01:48:38,170 --> 01:48:36,740

what when they they were up on they the

2533

01:48:41,320 --> 01:48:38,180

whole idea was to get them up on stage

2534

01:48:41,800 --> 01:48:41,330

together and these guys they just hit it

2535

01:48:44,260 --> 01:48:41,810

off

2536

01:48:47,050 --> 01:48:44,270

they were like a comedy routine yes they

2537

01:48:48,670 --> 01:48:47,060

need to take it was just I wish it was

2538

01:48:50,020 --> 01:48:48,680

would be available on YouTube or

2539

01:48:52,540 --> 01:48:50,030

something because I don't know if they

2540

01:48:54,310 --> 01:48:52,550

tape these or not but it was absolutely

2541

01:48:56,350 --> 01:48:54,320

phenomenal these guys were hysterical

2542

01:48:58,510 --> 01:48:56,360

and they they just really and you know

2543

01:48:59,830 --> 01:48:58,520

of course they're their wives were there

2544

01:49:00,580 --> 01:48:59,840

and they met each other and they just

2545

01:49:02,470 --> 01:49:00,590

had a great time

2546

01:49:04,630 --> 01:49:02,480

mm-hmm and one of the one of these

2547

01:49:06,970 --> 01:49:04,640

before I go on one of the continuing

2548

01:49:12,670 --> 01:49:06,980

themes and every time I have been there

2549

01:49:14,950 --> 01:49:12,680

is that these celebrities you know some

2550

01:49:17,650 --> 01:49:14,960

are much better known than others if but

2551

01:49:19,150 --> 01:49:17,660

they're all really grateful very happy

2552

01:49:22,180 --> 01:49:19,160

to be there I have never encountered

2553

01:49:26,110 --> 01:49:22,190

somebody who was aloof for the tour you

2554

01:49:27,130 --> 01:49:26,120

know you big would be me Yeah right you

2555

01:49:28,000 --> 01:49:27,140

know wanted to kind of hurry you along

2556

01:49:31,480 --> 01:49:28,010

yep

2557

01:49:33,790 --> 01:49:31,490

they're just so happy you know that the

2558

01:49:36,430 --> 01:49:33,800

people still remember them and enjoy

2559

01:49:38,140 --> 01:49:36,440

what they have done right so thank you

2560

01:49:40,390 --> 01:49:38,150

so many people are into those old Joe's

2561

01:49:42,400 --> 01:49:40,400

I mean oh man this is just some follow

2562

01:49:43,990 --> 01:49:42,410

me just watch them forever you know they

2563

01:49:46,120 --> 01:49:44,000

still get any good residuals on these

2564

01:49:48,460 --> 01:49:46,130

shows or is it like crap okay I think a

2565

01:49:50,320 --> 01:49:48,470

lot of them you know I remember actually

2566

01:49:51,430 --> 01:49:50,330

reading Gary Clark had a book available

2567

01:49:52,750 --> 01:49:51,440

there some

2568

01:49:54,640 --> 01:49:52,760

suggested that you know these guys they

2569

01:49:56,110 --> 01:49:54,650

tell all these anecdotes why don't you

2570

01:49:58,120 --> 01:49:56,120

put them in a book you know well he did

2571

01:50:01,300 --> 01:49:58,130

and the book is called how it happened

2572

01:50:02,890 --> 01:50:01,310

and it's really really fun read but you

2573

01:50:05,020 --> 01:50:02,900

know they were making just like peanuts

2574

01:50:07,090 --> 01:50:05,030

like a hundreds of dollars for a movie

2575

01:50:10,660 --> 01:50:07,100

you know right missile to the moon we

2576

01:50:12,340 --> 01:50:10,670

shot in 78 yeah yeah twice as long you

2577

01:50:16,630 --> 01:50:12,350

know almost rice designs it takes to get

2578

01:50:18,520 --> 01:50:16,640

there so so I mean they're in a I have a

2579

01:50:21,220 --> 01:50:18,530

vision of that movie is that the one

2580

01:50:23,560 --> 01:50:21,230

where you know they're bit tooling along

2581

01:50:24,939 --> 01:50:23,570

the special fix our rocket ship going

2582

01:50:26,830 --> 01:50:24,949

along you get the stars in the

2583

01:50:29,880 --> 01:50:26,840

background and you have smoke coming out

2584

01:50:33,880 --> 01:50:29,890

of the back of Russia but it's going up

2585

01:50:35,830 --> 01:50:33,890

you know and that's that's sometimes

2586

01:50:38,140 --> 01:50:35,840

just confused I'm sure with cat women on

2587

01:50:40,180 --> 01:50:38,150

the moon and I'm pretty sure I can't go

2588

01:50:41,320 --> 01:50:40,190

completely separate each one but here's

2589

01:50:43,209 --> 01:50:41,330

the what here's what I remember about

2590

01:50:45,729 --> 01:50:43,219

missiles on the moon when they land on

2591

01:50:48,250 --> 01:50:45,739

the moon it looks kind of like Arizona

2592

01:50:50,200 --> 01:50:48,260

you know hmm that's okay there's no

2593

01:50:52,209 --> 01:50:50,210

stars in the sky no and they're

2594

01:50:55,270 --> 01:50:52,219

immediately attacked attacked by rock

2595

01:50:57,760 --> 01:50:55,280

people Wow hey listen this just in

2596

01:51:04,080 --> 01:50:57,770

Terry Moore did you see Terry Moore

2597

01:51:10,630 --> 01:51:08,979

Adam West and org she was on three

2598

01:51:12,790 --> 01:51:10,640

episodes and I guess they later they

2599

01:51:14,680 --> 01:51:12,800

incorporated that into a film a Batman

2600

01:51:17,260 --> 01:51:14,690

film that was released in theaters okay

2601
01:51:19,689 --> 01:51:17,270
all right she was just a sweetheart okay

2602
01:51:23,020 --> 01:51:19,699
so so what did she do mighty Joe Young

2603
01:51:26,290 --> 01:51:23,030
one just it was 40 years late 40 all

2604
01:51:28,510 --> 01:51:26,300
right well one one in his you know drive

2605
01:51:28,780 --> 01:51:28,520
to be to research everything we talked

2606
01:51:30,130 --> 01:51:28,790
about

2607
01:51:31,870 --> 01:51:30,140
thank you one one we do research

2608
01:51:33,729 --> 01:51:31,880
everything has just given me looks like

2609
01:51:37,240 --> 01:51:33,739
a studio publicity picture of Terry

2610
01:51:40,360 --> 01:51:37,250
Moore when she was in my Joe Young you

2611
01:51:42,160 --> 01:51:40,370
know and she's hot what can I say you

2612
01:51:45,010 --> 01:51:42,170
know I mean she really looks like that

2613
01:51:47,370 --> 01:51:45,020

you know forties come here Belle turned

2614

01:51:53,140 --> 01:51:47,380

Howard Hughes head there you go I bet

2615

01:51:55,270 --> 01:51:53,150

that's not a filthy but that's fine so

2616

01:51:56,950 --> 01:51:55,280

um you can just imagine these guys who

2617

01:51:58,479 --> 01:51:56,960

work to making B movies and stuff the

2618

01:52:00,040 --> 01:51:58,489

stories they tell about how they would

2619

01:52:02,800 --> 01:52:00,050

probably much more interesting than what

2620

01:52:04,930 --> 01:52:02,810

you know it's huge it's a right it's the

2621

01:52:07,180 --> 01:52:04,940

way they interacted with people

2622

01:52:10,209 --> 01:52:07,190

Rico browning was there yes Rico

2623

01:52:12,370 --> 01:52:10,219

Browning wore the creature suit and The

2624

01:52:14,560 --> 01:52:12,380

Creature from the Black Lagoon expert

2625

01:52:18,490 --> 01:52:14,570

swimmers get all kinds of stunts really

2626
01:52:20,770 --> 01:52:18,500
yeah films and yeah what a you know what

2627
01:52:23,020 --> 01:52:20,780
a phenomenal feat that was okay that's a

2628
01:52:24,490 --> 01:52:23,030
that off the underwater photography in

2629
01:52:26,590 --> 01:52:24,500
the you know featured the Black Lagoon

2630
01:52:28,150 --> 01:52:26,600
is really good and it's it's it's a

2631
01:52:29,709 --> 01:52:28,160
suspenseful movie you know you never

2632
01:52:31,600 --> 01:52:29,719
know where he's gonna show up oh I

2633
01:52:36,430 --> 01:52:31,610
wanted we were talking about Bert Gordon

2634
01:52:38,680 --> 01:52:36,440
and he did the Empire of the ants King

2635
01:52:42,280 --> 01:52:38,690
dinosaur he also did the amazing

2636
01:52:42,550 --> 01:52:42,290
colossal man oh yeah okay look like mr.

2637
01:52:48,490 --> 01:52:42,560
clean

2638
01:52:51,160 --> 01:52:48,500

right yes very large yes right and earth

2639

01:52:54,310 --> 01:52:51,170

versus a spider nice okay yeah now

2640

01:52:56,080 --> 01:52:54,320

remember okay who knows what the what

2641

01:53:00,910 --> 01:52:56,090

the giant creature was in beginning of

2642

01:53:02,439 --> 01:53:00,920

the end it's it's I can tell you it's a

2643

01:53:03,280 --> 01:53:02,449

it's a creature from out of space I

2644

01:53:07,680 --> 01:53:03,290

believe right

2645

01:53:11,500 --> 01:53:07,690

no very earthly but just very big I'm

2646

01:53:18,160 --> 01:53:11,510

Peter Graves was in it uh uh uh-huh I

2647

01:53:20,410 --> 01:53:18,170

don't know what was i ant grass yeah the

2648

01:53:22,090 --> 01:53:20,420

beginning of the yes he told the story

2649

01:53:23,920 --> 01:53:22,100

about how they they had to train the

2650

01:53:25,450 --> 01:53:23,930

grasshoppers because they had to make

2651
01:53:27,070 --> 01:53:25,460
them move from left to right you know

2652
01:53:28,870 --> 01:53:27,080
get that footage and incorporated with

2653
01:53:30,820 --> 01:53:28,880
the Pina trailer and they had a hell of

2654
01:53:32,020 --> 01:53:30,830
a time they had to find the kind of food

2655
01:53:34,240 --> 01:53:32,030
they wanted they had to put them in like

2656
01:53:36,820 --> 01:53:34,250
a little thing and lift a gate up and

2657
01:53:39,310 --> 01:53:36,830
anyway you know our easels in another

2658
01:53:41,610 --> 01:53:39,320
sci-fi movie in the 50s it's a very

2659
01:53:45,370 --> 01:53:41,620
weird movie it's got red planet Mars and

2660
01:53:48,820 --> 01:53:45,380
it's about they contact someone on Mars

2661
01:53:50,350 --> 01:53:48,830
on the radio and it's yes it's God okay

2662
01:53:52,000 --> 01:53:50,360
if you want to watch something from the

2663
01:53:54,130 --> 01:53:52,010

50s and want to know a little bit of how

2664

01:53:57,610 --> 01:53:54,140

the fifties were yeah watch this movie

2665

01:53:58,990 --> 01:53:57,620

it's yeah yeah there are no special

2666

01:54:00,910 --> 01:53:59,000

effect they just think of getting

2667

01:54:02,740 --> 01:54:00,920

transmissions right at Mars yeah yeah

2668

01:54:05,920 --> 01:54:02,750

it's God yeah

2669

01:54:08,590 --> 01:54:05,930

so anyway so okay go ahead continue okay

2670

01:54:10,959 --> 01:54:08,600

let's see Chris the son of the blob was

2671

01:54:13,660 --> 01:54:10,969

there the block lovely Chris year worth

2672

01:54:15,430 --> 01:54:13,670

was the son of herbing year worth who's

2673

01:54:17,740 --> 01:54:15,440

the guy that produced and directed and

2674

01:54:18,640 --> 01:54:17,750

wrote the blob he's got all this great

2675

01:54:20,080 --> 01:54:18,650

memorabilia

2676

01:54:22,090 --> 01:54:20,090

and he tells stories when he's a little

2677

01:54:25,060 --> 01:54:22,100

kid he's helping his dad set up the sets

2678

01:54:26,860 --> 01:54:25,070

and everything and Steve McQueen started

2679

01:54:29,530 --> 01:54:26,870

in that and Anita corset

2680

01:54:33,370 --> 01:54:29,540

she was played Andy Griffith of Slovak

2681

01:54:36,730 --> 01:54:33,380

interest on you know hey Barry show real

2682

01:54:39,430 --> 01:54:36,740

uh-oh what's her name there mr. mom for

2683

01:54:48,460 --> 01:54:39,440

me yeah look this bum howdy duke was it

2684

01:54:49,960 --> 01:54:48,470

yeah yeah so so I mean are you able to

2685

01:54:51,940 --> 01:54:49,970

come up and talk to these people are all

2686

01:54:53,290 --> 01:54:51,950

yes you know that's that's one thing

2687

01:54:54,820 --> 01:54:53,300

that's great about the monster bash

2688

01:54:57,100 --> 01:54:54,830

because I have never been to a comic-con

2689

01:54:58,540 --> 01:54:57,110

or some of the bigger ones but people

2690

01:55:00,690 --> 01:54:58,550

will tell me about how you know you

2691

01:55:03,190 --> 01:55:00,700

stand in line for hours yes some of the

2692

01:55:04,810 --> 01:55:03,200

photograph the signatures are really

2693

01:55:07,000 --> 01:55:04,820

expensive depending on the level of

2694

01:55:09,250 --> 01:55:07,010

celebrity obviously and you know you

2695

01:55:10,780 --> 01:55:09,260

have very little time but here you can

2696

01:55:13,830 --> 01:55:10,790

just spend I mean I spent a lot of time

2697

01:55:19,330 --> 01:55:13,840

talking to Gary Clark and Jerry Conway

2698

01:55:22,600 --> 01:55:19,340

and and Carrie more it's just just you

2699

01:55:25,930 --> 01:55:22,610

know you have all and Joe Morrow Joe

2700

01:55:27,490 --> 01:55:25,940

Morrow was in 13 ghosts the original 13

2701

01:55:28,290 --> 01:55:27,500

goes okay they gave you enough 3d

2702

01:55:31,960 --> 01:55:28,300

glasses

2703

01:55:33,850 --> 01:55:31,970

yes and she's a really sweet lady she

2704

01:55:35,290 --> 01:55:33,860

was there last year as well and the

2705

01:55:38,230 --> 01:55:35,300

reason she was there last year was to

2706

01:55:40,240 --> 01:55:38,240

honor her co-star Charles Herbert

2707

01:55:43,570 --> 01:55:40,250

Charles Herbert played the little boy

2708

01:55:46,740 --> 01:55:43,580

and he was in things like he was in Cary

2709

01:55:50,260 --> 01:55:46,750

Grant movies what was that houseboat

2710

01:55:52,180 --> 01:55:50,270

brand was Lauren you would he was in a

2711

01:55:54,100 --> 01:55:52,190

classic Twilight Zone episode written by

2712

01:55:57,220 --> 01:55:54,110

Ray Bradbury anyway I met him a few

2713

01:55:59,350 --> 01:55:57,230

years back super nice guy all these

2714

01:56:00,340 --> 01:55:59,360

horror stories about how you know he was

2715

01:56:02,890 --> 01:56:00,350

a child star

2716

01:56:05,980 --> 01:56:02,900

his father was disabled he was the

2717

01:56:08,410 --> 01:56:05,990

breadwinner his father resented him you

2718

01:56:10,180 --> 01:56:08,420

know he he couldn't work I mean it's

2719

01:56:12,640 --> 01:56:10,190

crazy and his mother was a horrible

2720

01:56:15,310 --> 01:56:12,650

stage mother but he and just Joe Morrow

2721

01:56:17,170 --> 01:56:15,320

bonded like brother and sister so she

2722

01:56:20,140 --> 01:56:17,180

was there last year specifically to

2723

01:56:23,620 --> 01:56:20,150

honor him his his passing no mom and she

2724

01:56:25,600 --> 01:56:23,630

was in also in the three worlds of

2725

01:56:27,670 --> 01:56:25,610

Gulliver Homer's love interest oh that

2726
01:56:28,120 --> 01:56:27,680
was a great movie yes yeah that's great

2727
01:56:30,130 --> 01:56:28,130
movie

2728
01:56:31,990 --> 01:56:30,140
so you know it's just when you when some

2729
01:56:34,630 --> 01:56:32,000
of these people are

2730
01:56:36,760 --> 01:56:34,640
is as well-known like a Beverly Washburn

2731
01:56:38,680 --> 01:56:36,770
probably Annie if you don't remember she

2732
01:56:42,550 --> 01:56:38,690
was in a particular Star Trek episode

2733
01:56:43,300 --> 01:56:42,560
she was in the original Superman TV show

2734
01:56:45,190 --> 01:56:43,310
oh cool

2735
01:56:46,780 --> 01:56:45,200
and she was just a little girl she had

2736
01:56:48,820 --> 01:56:46,790
this great picture of her sitting on the

2737
01:56:51,160 --> 01:56:48,830
floor talking to the mole people let's

2738
01:56:53,910 --> 01:56:51,170

just see the freedom the first one the

2739

01:56:55,870 --> 01:56:53,920

pilot that series and she said you know

2740

01:56:57,610 --> 01:56:55,880

they just thought the little kids that

2741

01:57:00,160 --> 01:56:57,620

were on there we just thought he was the

2742

01:57:02,650 --> 01:57:00,170

real Superman yeah he was about it right

2743

01:57:04,000 --> 01:57:02,660

well he was afraid he said you know when

2744

01:57:05,500 --> 01:57:04,010

he was Superman that he's afraid

2745

01:57:11,710 --> 01:57:05,510

someone's gonna come up to him on the

2746

01:57:13,060 --> 01:57:11,720

street and shoot again it so so in that

2747

01:57:14,710 --> 01:57:13,070

in the two minutes we have left who was

2748

01:57:18,330 --> 01:57:14,720

was there anyone who was like the big

2749

01:57:21,280 --> 01:57:18,340

star was was it just lots of you know

2750

01:57:23,260 --> 01:57:21,290

let's see well you know what the the big

2751

01:57:25,420 --> 01:57:23,270

the one that really just really clicked

2752

01:57:28,780 --> 01:57:25,430

was the combination of Gary Clark and

2753

01:57:32,320 --> 01:57:28,790

Gary Conway yes right you know so I mean

2754

01:57:33,910 --> 01:57:32,330

obviously Terry Moore better known well

2755

01:57:35,380 --> 01:57:33,920

it's a certain segments I mean certain

2756

01:57:38,200 --> 01:57:35,390

generations you know you say Terry

2757

01:57:40,510 --> 01:57:38,210

Maureen say who but yeah they think

2758

01:57:42,850 --> 01:57:40,520

we're definitely I wanted to also

2759

01:57:45,490 --> 01:57:42,860

mention a couple years ago I met Felix

2760

01:57:48,370 --> 01:57:45,500

Silla a little little person played

2761

01:57:50,650 --> 01:57:48,380

cousin itch Oh was it he was in a

2762

01:57:52,540 --> 01:57:50,660

classic Bonanza episode and when I saw

2763

01:57:55,300 --> 01:57:52,550

him I recognized it right away open is

2764

01:57:56,800 --> 01:57:55,310

the one work or Hoss encounters what he

2765

01:57:58,270 --> 01:57:56,810

thinks for a bunch of leprechauns but of

2766

01:57:59,710 --> 01:57:58,280

course we're a traveling circus or

2767

01:58:01,840 --> 01:57:59,720

something what is it

2768

01:58:03,640 --> 01:58:01,850

as a kid I love that show and here I get

2769

01:58:05,560 --> 01:58:03,650

to meet Felix Silla and get my picture

2770

01:58:07,780 --> 01:58:05,570

taken with him Wow Wow was there any

2771

01:58:11,170 --> 01:58:07,790

kind of you know Irish drunk jokes in

2772

01:58:13,990 --> 01:58:11,180

that episode well it's a little hazy in

2773

01:58:16,030 --> 01:58:14,000

my memory yeah I'm guessing they were

2774

01:58:17,710 --> 01:58:16,040

but you know it was also just laughs

2775

01:58:18,910 --> 01:58:17,720

I'll tell of those things tonight and

2776

01:58:20,560 --> 01:58:18,920

you're right about Comic Con because

2777

01:58:22,360 --> 01:58:20,570

people have told me who've gone to Comic

2778

01:58:24,040 --> 01:58:22,370

Cons in New York and now I had

2779

01:58:25,510 --> 01:58:24,050

everything it's like Disneyland you know

2780

01:58:27,640 --> 01:58:25,520

you're waiting for hours that came in

2781

01:58:30,040 --> 01:58:27,650

and you know it's it's they become too

2782

01:58:31,690 --> 01:58:30,050

big in a way this is family-friendly

2783

01:58:33,910 --> 01:58:31,700

yeah the celebrities are accessible this

2784

01:58:35,470 --> 01:58:33,920

is their 20th anniversary they just do a

2785

01:58:37,360 --> 01:58:35,480

phenomenal job and I recommend it to

2786

01:58:38,980 --> 01:58:37,370

anybody but the movies that's pretty

2787

01:58:40,930 --> 01:58:38,990

good they love that craft that proud of

2788

01:58:42,420 --> 01:58:40,940

it yeah they love the fans and they talk

2789

01:58:44,130 --> 01:58:42,430

to people who know I

2790

01:58:45,720 --> 01:58:44,140

I love those old shows I love those

2791

01:58:48,330 --> 01:58:45,730

movies you know I mean I'll watch them

2792

01:58:49,800 --> 01:58:48,340

over and over I just I just love them

2793

01:58:50,970 --> 01:58:49,810

you know I guess her reminds me of my

2794

01:58:52,650 --> 01:58:50,980

youth or whatever but even when I was

2795

01:58:54,030 --> 01:58:52,660

watching them as a kid I loved them so I

2796

01:58:56,190 --> 01:58:54,040

think I had nightmares on some of them

2797

01:58:58,050 --> 01:58:56,200

that's what that makes them good yeah 50

2798

01:58:59,370 --> 01:58:58,060

gross you know movies that you know

2799

01:59:01,020 --> 01:58:59,380

there's one I forget it's called the

2800

01:59:04,740 --> 01:59:01,030

screaming skull the first thing you see

2801
01:59:06,840 --> 01:59:04,750
on the on the screen is you know if you

2802
01:59:14,250 --> 01:59:06,850
die a fright during this will pay for

2803
01:59:20,490 --> 01:59:14,260
the coffin yes right motor or those kind

2804
01:59:22,230 --> 01:59:20,500
of he did the 13 ghosts it was cool and

2805
01:59:24,870 --> 01:59:22,240
within you know we'd go we're sorry

2806
01:59:32,760 --> 01:59:24,880
theater involving 15 cents to get in and

2807
01:59:34,530 --> 01:59:32,770
they switchblade thank you very much for

2808
01:59:36,180 --> 01:59:34,540
that report we really appreciate it now

2809
01:59:39,000 --> 01:59:36,190
I want to go you know I would love to go

2810
01:59:41,040 --> 01:59:39,010
Mya's Pennsylvania monster bash it's a

2811
01:59:43,050 --> 01:59:41,050
fan friendly place to talk to people who

2812
01:59:46,020 --> 01:59:43,060
are in old movies old sci-fi movies old

2813
01:59:48,720 --> 01:59:46,030

you know Mexican monster night late

2814

01:59:51,360 --> 01:59:48,730

Friday they serve tacos you know they

2815

01:59:52,770 --> 01:59:51,370

just it's they have so many nice touches

2816

01:59:54,210 --> 01:59:52,780

it's really a great place to go

2817

01:59:55,980 --> 01:59:54,220

that's cool maybe we'll go maybe we will

2818

01:59:57,450 --> 01:59:55,990

do the show from there that'd be good oh

2819

01:59:59,730 --> 01:59:57,460

that that would be great you never you

2820

02:00:01,920 --> 01:59:59,740

have a blast having fun lots of people

2821

02:00:03,930 --> 02:00:01,930

interview to switchblade thank you very

2822

02:00:06,360 --> 02:00:03,940

much for joining us congratulations

2823

02:00:08,700 --> 02:00:06,370

again before being named a speaker at

2824

02:00:11,760 --> 02:00:08,710

the next Mothman festival in September

2825

02:00:14,310 --> 02:00:11,770

well thank you okay and we're behind you

2826

02:00:16,110 --> 02:00:14,320

there my friend okay this van we have

2827

02:00:18,120 --> 02:00:16,120

you'll get a crowd there no matter what

2828

02:00:21,030 --> 02:00:18,130

Cobra will be at your side the entire

2829

02:00:22,950 --> 02:00:21,040

weekend okay thanks

2830

02:00:24,930 --> 02:00:22,960

switchblade thanks for joining us and

2831

02:00:27,000 --> 02:00:24,940

you know this the end the show on one it

2832

02:00:28,620 --> 02:00:27,010

is sadly to say yep okay are we looking

2833

02:00:31,770 --> 02:00:28,630

forward to the next one it's a good show

2834

02:00:33,630 --> 02:00:31,780

me too okay so I'm gonna show you all

2835

02:00:35,910 --> 02:00:33,640

those movies like you did oh yeah I just

2836

02:00:37,770 --> 02:00:35,920

really I grew up on them I just and I

2837

02:00:39,570 --> 02:00:37,780

I'd have to seek them oh we lived near a

2838

02:00:43,140 --> 02:00:39,580

theater you know in the end digesters so

2839

02:00:45,630 --> 02:00:43,150

we get rid of us since there's 25 cents

2840

02:00:47,040 --> 02:00:45,640

oh you got it 25 cents you can get in

2841

02:00:48,900 --> 02:00:47,050

and get candy and stuff like that it's

2842

02:00:51,210 --> 02:00:48,910

like I remember that distinctly those

2843

02:00:53,150 --> 02:00:51,220

kind of movies the hercules type of

2844

02:00:56,540 --> 02:00:53,160

movies which are also yeah you know

2845

02:00:58,670 --> 02:00:56,550

and then either either Elvis or Jerry

2846

02:01:00,380 --> 02:00:58,680

Lewis yeah okay and and it was it was

2847

02:01:02,540 --> 02:01:00,390

always funny you'd see two movies you

2848

02:01:05,030 --> 02:01:02,550

know it would been a lot of fun the

2849
