degree iron studio here in wisconsin

5  
00:00:59,830 --> 00:00:56,399

welcome to paying radio tonight is

6  
00:01:02,069 --> 00:00:59,840

sunday july 23rd 2017 we have a treat

7  
00:01:04,070 --> 00:01:02,079

for you tonight we have the man himself

8  
00:01:06,390 --> 00:01:04,080

stan friedman coming on in just a few

9  
00:01:08,070 --> 00:01:06,400

minutes he's standing by in very cool

10  
00:01:10,390 --> 00:01:08,080

canada and it was actually cooler back

11  
00:01:12,950 --> 00:01:10,400

here by lake superior tonight but i'm

12  
00:01:14,550 --> 00:01:12,960

with my co-host ken storage uh ken ken

13  
00:01:15,910 --> 00:01:14,560

booked this show for us and i i

14

00:01:17,590 --> 00:01:15,920

appreciate it ken thanks for reaching

15

00:01:20,230 --> 00:01:17,600

out to stan it was great for for you to

16

00:01:22,310 --> 00:01:20,240

do that oh i i'm excited about having mr

17

00:01:23,749 --> 00:01:22,320

freeman on tonight and um yeah looking

18

00:01:25,670 --> 00:01:23,759

forward to tonight's show should be

19

00:01:28,149 --> 00:01:25,680

interesting and kenny do you got any

20

00:01:30,230 --> 00:01:28,159

shout outs tonight i do i want to have a

21

00:01:33,990 --> 00:01:30,240

shout out to kevin berry i know he's

22

00:01:35,510 --> 00:01:34,000

tuned in and uh lara hunter and george

23

00:01:37,429 --> 00:01:35,520

and patty in

24

00:01:38,870 --> 00:01:37,439

springfield missouri and dick in

25

00:01:40,950 --> 00:01:38,880

maryland and

26

00:01:42,710 --> 00:01:40,960

rosie over in england rosie thanks for

27

00:01:44,390 --> 00:01:42,720

joining us tonight well that that's

28

00:01:45,910 --> 00:01:44,400

quite a long list and i'd like to thank

29

00:01:48,550 --> 00:01:45,920

all my facebook friends who have been

30

00:01:49,990 --> 00:01:48,560

downloading our app like crazy to uh you

31

00:01:52,149 --> 00:01:50,000

know listen to the voice of the fringe

32

00:01:54,469 --> 00:01:52,159

majority and there's many different ways

33

00:01:56,550 --> 00:01:54,479

to listen to iron you can listen via

34

00:01:58,709 --> 00:01:56,560

our chat download inception radio

35

00:02:00,550 --> 00:01:58,719

network mobile you can listen to us on i

36

00:02:02,230 --> 00:02:00,560

heart radio now and we'll be going live

37

00:02:04,630 --> 00:02:02,240

very soon on i heart radio plus our

38

00:02:06,310 --> 00:02:04,640

podcast we're on tune in radio stitcher

39

00:02:08,229 --> 00:02:06,320

radio roku

40

00:02:10,469 --> 00:02:08,239

you can listen to us anywhere um most

41

00:02:13,030 --> 00:02:10,479

cars are equipped with android operating

42

00:02:14,630 --> 00:02:13,040

systems download it in on that car

43

00:02:16,550 --> 00:02:14,640

listen to us and if you don't have a

44

00:02:17,510 --> 00:02:16,560

smartphone for all you people out there

45

00:02:19,110 --> 00:02:17,520

that

46

00:02:21,430 --> 00:02:19,120

still use flip phones which there are

47

00:02:23,910 --> 00:02:21,440

some people you got 401

48

00:02:25,589 --> 00:02:23,920

6700 you can listen to us on your

49

00:02:27,190 --> 00:02:25,599

speakerphone you don't need internet to

50

00:02:29,670 --> 00:02:27,200

listen to iron you can call up and

51  
00:02:31,190 --> 00:02:29,680  
listen on a speakerphone so kenny many

52  
00:02:33,190 --> 00:02:31,200  
ways to listen

53  
00:02:35,430 --> 00:02:33,200  
yeah absolutely he can't there's no

54  
00:02:37,830 --> 00:02:35,440  
excuses no excuses at all and and

55  
00:02:39,509 --> 00:02:37,840  
tonight i'm privileged um i've been

56  
00:02:42,229 --> 00:02:39,519  
watching him for for quite a long time

57  
00:02:43,670 --> 00:02:42,239  
i'm sure ken has too he is uh he's a

58  
00:02:45,430 --> 00:02:43,680  
legend himself and me and ken were

59  
00:02:46,869 --> 00:02:45,440  
talking before the show he's more like

60  
00:02:50,229 --> 00:02:46,879  
an elvis

61  
00:02:53,670 --> 00:02:50,239  
to us uh the king of ufology research

62  
00:02:55,190 --> 00:02:53,680  
he's he's he's done it all roswell mj12

63  
00:02:56,710 --> 00:02:55,200

be sure you get your questions ready in

64

00:02:59,190 --> 00:02:56,720

chat but uh we'd like to introduce stan

65

00:03:00,790 --> 00:02:59,200

friedman stan it is ultimate pleasure to

66

00:03:02,309 --> 00:03:00,800

have you on your show thanks for coming

67

00:03:04,070 --> 00:03:02,319

on tonight

68

00:03:06,149 --> 00:03:04,080

i'm delighted to be on from beautiful

69

00:03:08,630 --> 00:03:06,159

downtown fredericton new brunswick

70

00:03:11,750 --> 00:03:08,640

canada 73 miles east of beautiful

71

00:03:12,940 --> 00:03:11,760

downtown houghton maine so i share two

72

00:03:14,149 --> 00:03:12,950

countries

73

00:03:15,910 --> 00:03:14,159

[Laughter]

74

00:03:18,630 --> 00:03:15,920

you're a dual citizen

75

00:03:19,560 --> 00:03:18,640

that's right i've got two passports

76

00:03:20,710 --> 00:03:19,570

outstanding

77

00:03:22,149 --> 00:03:20,720

[Laughter]

78

00:03:25,030 --> 00:03:22,159

good for you

79

00:03:27,190 --> 00:03:25,040

oh man hey well won't we just uh go

80

00:03:28,949 --> 00:03:27,200

ahead and uh jump right in the middle of

81

00:03:30,390 --> 00:03:28,959

it what do you say i'm jay yeah go ahead

82

00:03:32,710 --> 00:03:30,400

ken i'm gonna hand it over to you you

83

00:03:35,910 --> 00:03:32,720

did the pleasure of booking uh mr mr

84

00:03:37,990 --> 00:03:35,920

stan here yeah you know uh mr friedman i

85

00:03:39,430 --> 00:03:38,000

you know i want to tell everybody i'm uh

86

00:03:41,830 --> 00:03:39,440

uh i read

87

00:03:44,390 --> 00:03:41,840

all of your uh articles in the mufon

88

00:03:47,509 --> 00:03:44,400

magazine uh perceptions

89

00:03:49,990 --> 00:03:47,519

yeah good yeah yeah and i uh i truly

90

00:03:52,789 --> 00:03:50,000

enjoy some of your comments and i

91

00:03:55,110 --> 00:03:52,799

appreciate your humor too so

92

00:03:57,030 --> 00:03:55,120

uh i know that sometimes it goes over

93

00:04:00,789 --> 00:03:57,040

like a lead balloon in the ufology with

94

00:04:03,190 --> 00:04:00,799

some people being um

95

00:04:07,190 --> 00:04:03,200

a little sensitive you mean huh yeah a

96

00:04:10,229 --> 00:04:07,200

little thin skin uh you know we had uh

97

00:04:12,630 --> 00:04:10,239

kevin randall on a couple of weeks ago

98

00:04:17,749 --> 00:04:12,640

and he got i mentioned your name and he

99

00:04:22,950 --> 00:04:20,310

well and and uh you know uh we

100

00:04:26,070 --> 00:04:22,960

we were referring to his uh latest book

101

00:04:27,430 --> 00:04:26,080

roswell in the 21st century

102

00:04:30,310 --> 00:04:27,440

and uh

103

00:04:32,550 --> 00:04:30,320

he got yeah he was a little testy um i'm

104

00:04:35,510 --> 00:04:32,560

not sure exactly why other than it may

105

00:04:37,189 --> 00:04:35,520

be uh a jealousy factor i don't know i

106

00:04:39,430 --> 00:04:37,199

mean i respect kevin randle don't make

107

00:04:41,510 --> 00:04:39,440

any mistake about that but

108

00:04:43,430 --> 00:04:41,520

he's written more than 80 books so i got

109

00:04:47,909 --> 00:04:43,440

to respect anybody who can do that but

110

00:04:51,270 --> 00:04:49,990

well i have yet to write one i don't

111

00:04:53,110 --> 00:04:51,280

know

112

00:04:54,950 --> 00:04:53,120

get around to it but

113

00:04:56,230 --> 00:04:54,960

i haven't written any fiction yet i've

114

00:04:59,110 --> 00:04:56,240

written them

115

00:05:01,350 --> 00:04:59,120

my name is on six non-fiction books but

116

00:05:06,150 --> 00:05:04,390

at least i hope to non-fiction

117

00:05:09,590 --> 00:05:06,160

well no and

118

00:05:11,430 --> 00:05:09,600

you know mj and i were talking excuse me

119

00:05:13,830 --> 00:05:11,440

prior to the show

120

00:05:15,909 --> 00:05:13,840

and it's true you

121

00:05:18,070 --> 00:05:15,919

um you

122

00:05:20,230 --> 00:05:18,080

i think this is my opinion but i think

123

00:05:22,790 --> 00:05:20,240

you broke the whole topic

124

00:05:24,870 --> 00:05:22,800

of ufology wide open uh with your

125

00:05:29,029 --> 00:05:24,880

interview of uh

126  
00:05:30,790 --> 00:05:29,039  
major marcel and exposing uh roswell

127  
00:05:33,189 --> 00:05:30,800  
and i think

128  
00:05:35,590 --> 00:05:33,199  
that all the hardcore skeptics that are

129  
00:05:39,510 --> 00:05:35,600  
tuned in and listening

130  
00:05:41,350 --> 00:05:39,520  
that if they could any way shape

131  
00:05:42,629 --> 00:05:41,360  
would

132  
00:05:45,110 --> 00:05:42,639  
overturn

133  
00:05:48,390 --> 00:05:45,120  
the perception of roswell they'd find

134  
00:05:50,830 --> 00:05:48,400  
one piece of excuse me evidence

135  
00:05:52,390 --> 00:05:50,840  
that would

136  
00:05:54,710 --> 00:05:52,400  
basically

137  
00:05:57,270 --> 00:05:54,720  
uh turn the light out on ufology because

138  
00:05:58,790 --> 00:05:57,280

i think roswell is the keystone i i've

139

00:06:00,550 --> 00:05:58,800

said that on on

140

00:06:02,629 --> 00:06:00,560

a number of occasions

141

00:06:04,469 --> 00:06:02,639

of ufology if you can

142

00:06:06,309 --> 00:06:04,479

show that

143

00:06:08,070 --> 00:06:06,319

you know that roswell was nothing more

144

00:06:09,350 --> 00:06:08,080

than a balloon

145

00:06:10,230 --> 00:06:09,360

uh

146

00:06:15,830 --> 00:06:10,240

or

147

00:06:18,070 --> 00:06:15,840

we brought back from europe then

148

00:06:20,230 --> 00:06:18,080

you know the whole well

149

00:06:22,469 --> 00:06:20,240

you know it's kind of funny i read my

150

00:06:25,510 --> 00:06:22,479

first the first book i read about ufos

151  
00:06:26,710 --> 00:06:25,520  
way back in 1958

152  
00:06:28,790 --> 00:06:26,720  
and uh

153  
00:06:31,590 --> 00:06:28,800  
i didn't hear about roswell really until

154  
00:06:36,230 --> 00:06:31,600  
the 70s so i was active as

155  
00:06:37,510 --> 00:06:36,240  
in ufology uh starting pretty early

156  
00:06:39,510 --> 00:06:37,520  
and uh

157  
00:06:41,110 --> 00:06:39,520  
roswell wasn't part of the picture i

158  
00:06:41,990 --> 00:06:41,120  
didn't know anything about roswell until

159  
00:06:46,550 --> 00:06:42,000  
i

160  
00:06:49,350 --> 00:06:46,560  
up and

161  
00:06:51,830 --> 00:06:49,360  
everything else changed but uh

162  
00:06:53,590 --> 00:06:51,840  
you know uh as as a nuclear physicist

163  
00:06:56,309 --> 00:06:53,600

i'm concerned about facts and data and

164

00:06:58,390 --> 00:06:56,319

solid information and uh

165

00:06:59,990 --> 00:06:58,400

uh and you know that

166

00:07:01,990 --> 00:07:00,000

in a sense the difference between kevin

167

00:07:03,430 --> 00:07:02,000

and me is that i have never written any

168

00:07:04,870 --> 00:07:03,440

fiction

169

00:07:08,309 --> 00:07:04,880

uh well

170

00:07:11,670 --> 00:07:08,319

yeah and i i think that uh you are a

171

00:07:15,110 --> 00:07:11,680

avid researcher uh you obviously have a

172

00:07:18,309 --> 00:07:15,120

eye for detail i uh like i said i enjoy

173

00:07:21,350 --> 00:07:18,319

reading uh in the in the perceptions

174

00:07:22,309 --> 00:07:21,360

when you comment you seem to always back

175

00:07:24,550 --> 00:07:22,319

it up

176

00:07:27,110 --> 00:07:24,560

uh with information where an individual

177

00:07:28,469 --> 00:07:27,120

can go and look it up for themselves

178

00:07:30,469 --> 00:07:28,479

well that's what i tried to do have

179

00:07:33,270 --> 00:07:30,479

facts in hand before putting mouth and

180

00:07:35,430 --> 00:07:33,280

gear is my rule

181

00:07:37,270 --> 00:07:35,440

oh yeah my mom would say sometimes the

182

00:07:39,510 --> 00:07:37,280

only time i open my mouth is to change

183

00:07:41,589 --> 00:07:39,520

feet

184

00:07:44,629 --> 00:07:41,599

you know but that's a good line i like

185

00:07:47,110 --> 00:07:44,639

that yeah yeah and and so

186

00:07:48,950 --> 00:07:47,120

you know the the fact that uh you seem

187

00:07:51,350 --> 00:07:48,960

to be able to back it up

188

00:07:54,230 --> 00:07:51,360

and i i noticed that a lot of your

189

00:07:55,350 --> 00:07:54,240

critics uh really don't respond when

190

00:07:56,550 --> 00:07:55,360

when you

191

00:07:58,950 --> 00:07:56,560

present

192

00:08:01,749 --> 00:07:58,960

uh facts and figures to them

193

00:08:02,550 --> 00:08:01,759

uh in in the you know on the topic they

194

00:08:04,869 --> 00:08:02,560

they

195

00:08:07,749 --> 00:08:04,879

seem to be armchair quarterbacks

196

00:08:10,070 --> 00:08:07,759

and don't really uh do the research and

197

00:08:11,589 --> 00:08:10,080

and make all kinds of accusations but

198

00:08:13,990 --> 00:08:11,599

they don't have anything to back it up

199

00:08:15,990 --> 00:08:14,000

and what they do they only they cherry

200

00:08:17,350 --> 00:08:16,000

pick they don't give you the whole the

201  
00:08:19,510 --> 00:08:17,360  
whole picture at least that's my

202  
00:08:22,070 --> 00:08:19,520  
interpretation that's how i see it i i

203  
00:08:24,309 --> 00:08:22,080  
think you're right and i

204  
00:08:25,309 --> 00:08:24,319  
this is too important a subject to leave

205  
00:08:28,790 --> 00:08:25,319  
it to

206  
00:08:29,670 --> 00:08:28,800  
fictionalizing and to hoping and wishing

207  
00:08:30,710 --> 00:08:29,680  
uh

208  
00:08:32,949 --> 00:08:30,720  
you know

209  
00:08:34,949 --> 00:08:32,959  
i've been at this a long time

210  
00:08:36,949 --> 00:08:34,959  
and i'm like i say reading the first

211  
00:08:38,829 --> 00:08:36,959  
book in 1958

212  
00:08:43,029 --> 00:08:38,839  
and

213  
00:08:45,750 --> 00:08:43,039

i have lived with uh

214

00:08:49,670 --> 00:08:45,760

ufology for a long time

215

00:08:51,829 --> 00:08:49,680

and what i find is that uh people

216

00:08:54,230 --> 00:08:51,839

have difficulty understanding that you

217

00:08:57,190 --> 00:08:54,240

should get the facts in hand first i've

218

00:08:59,190 --> 00:08:57,200

been to 20 archives for example i love

219

00:09:02,230 --> 00:08:59,200

archives somebody pay me i'd spend all

220

00:09:03,350 --> 00:09:02,240

my time in our lives but

221

00:09:06,230 --> 00:09:03,360

yeah

222

00:09:08,870 --> 00:09:06,240

well you know it goes with the story of

223

00:09:11,110 --> 00:09:08,880

being a scientist uh

224

00:09:13,350 --> 00:09:11,120

it isn't enough to have an idea it isn't

225

00:09:14,389 --> 00:09:13,360

enough to want to believe something is

226

00:09:16,070 --> 00:09:14,399

true

227

00:09:19,430 --> 00:09:16,080

and you know

228

00:09:22,389 --> 00:09:19,440

the the big noises in ufology have been

229

00:09:24,470 --> 00:09:22,399

people well philip class uh

230

00:09:26,470 --> 00:09:24,480

fine writer we've senior avionics editor

231

00:09:27,430 --> 00:09:26,480

for aviation week in space technology

232

00:09:29,350 --> 00:09:27,440

but

233

00:09:31,190 --> 00:09:29,360

uh he

234

00:09:33,430 --> 00:09:31,200

he started with the proposition all

235

00:09:34,790 --> 00:09:33,440

sightings can be explained

236

00:09:36,949 --> 00:09:34,800

and it doesn't matter if you get your

237

00:09:37,670 --> 00:09:36,959

facts right because

238

00:09:41,430 --> 00:09:37,680

they

239

00:09:44,150 --> 00:09:41,440

explanations

240

00:09:46,389 --> 00:09:44,160

and i i get a great laugh at my lectures

241

00:09:48,070 --> 00:09:46,399

when i show a copy of a check he had to

242

00:09:50,949 --> 00:09:48,080

write me

243

00:09:52,230 --> 00:09:50,959

for proving him wrong flat out dead

244

00:09:55,509 --> 00:09:52,240

wrong

245

00:09:57,750 --> 00:09:55,519

about some mj12 document

246

00:10:00,550 --> 00:09:57,760

uh and you know it illustrates the

247

00:10:02,829 --> 00:10:00,560

problem he uh challenged me

248

00:10:06,470 --> 00:10:02,839

this is a brief memo which

249

00:10:09,350 --> 00:10:06,480

uh was exciting it's a memo from bobby

250

00:10:10,630 --> 00:10:09,360

cutler ike's national security advisor

251  
00:10:11,910 --> 00:10:10,640  
uh

252  
00:10:14,069 --> 00:10:11,920  
and

253  
00:10:16,069 --> 00:10:14,079  
bill said uh well

254  
00:10:17,750 --> 00:10:16,079  
the memo is obviously a fraud because

255  
00:10:19,829 --> 00:10:17,760  
it's done in the large

256  
00:10:22,230 --> 00:10:19,839  
fica type but the national security

257  
00:10:25,030 --> 00:10:22,240  
council whose name is on the top only

258  
00:10:27,190 --> 00:10:25,040  
use a leap type and i've got nine

259  
00:10:29,509 --> 00:10:27,200  
documents to prove it he sent copies of

260  
00:10:32,069 --> 00:10:29,519  
the nine and he challenged me

261  
00:10:34,470 --> 00:10:32,079  
to find any genuine documents done on

262  
00:10:35,670 --> 00:10:34,480  
the same size and style type you'd think

263  
00:10:36,870 --> 00:10:35,680

he knew what he was talking about

264

00:10:37,990 --> 00:10:36,880

wouldn't you

265

00:10:39,829 --> 00:10:38,000

and so

266

00:10:42,470 --> 00:10:39,839

he offered me a hundred dollars each

267

00:10:44,230 --> 00:10:42,480

i'll pay you 100 each up to a maximum of

268

00:10:46,310 --> 00:10:44,240

10

269

00:10:48,630 --> 00:10:46,320

and he gave all the criteria that it had

270

00:10:49,750 --> 00:10:48,640

to meet requirements and so forth

271

00:10:53,030 --> 00:10:49,760

and uh

272

00:10:56,310 --> 00:10:53,040

i first thing i did was look at my files

273

00:10:58,710 --> 00:10:56,320

and i had more than 20 documents done

274

00:10:59,670 --> 00:10:58,720

from the national security council

275

00:11:01,750 --> 00:10:59,680

in

276

00:11:04,069 --> 00:11:01,760

psychotype but they didn't meet all his

277

00:11:05,110 --> 00:11:04,079

criteria only two did

278

00:11:06,870 --> 00:11:05,120

uh

279

00:11:09,670 --> 00:11:06,880

so i know i was going to the eisenhower

280

00:11:11,350 --> 00:11:09,680

library so i went there uh

281

00:11:12,630 --> 00:11:11,360

i live on the east coast eisenhower

282

00:11:13,509 --> 00:11:12,640

libraries in the middle of the country

283

00:11:17,829 --> 00:11:13,519

you know

284

00:11:20,710 --> 00:11:17,839

minutes in a car to get there

285

00:11:24,069 --> 00:11:20,720

anyway i went there i dug out 14

286

00:11:25,910 --> 00:11:24,079

documents that met all his criteria

287

00:11:27,590 --> 00:11:25,920

made copies

288

00:11:29,910 --> 00:11:27,600

sent him an invoice for a thousand

289

00:11:31,269 --> 00:11:29,920

dollars he said a maximum of 10 that he

290

00:11:33,350 --> 00:11:31,279

would pay for

291

00:11:35,829 --> 00:11:33,360

and he paid me and then he got mattered

292

00:11:39,030 --> 00:11:35,839

heck when i published a copy of his

293

00:11:43,509 --> 00:11:41,190

but rightly so

294

00:11:45,030 --> 00:11:43,519

and you know the funny thing is i hadn't

295

00:11:46,550 --> 00:11:45,040

didn't find this out until a little

296

00:11:49,190 --> 00:11:46,560

later

297

00:11:51,910 --> 00:11:49,200

uh because i know phil isn't stupid uh

298

00:11:53,590 --> 00:11:51,920

how could he be so far off i i found out

299

00:11:56,630 --> 00:11:53,600

he'd never been to the eisenhower

300

00:11:58,550 --> 00:11:56,640

library i spent weeks there

301

00:12:00,550 --> 00:11:58,560

uh you know how could he make a

302

00:12:03,590 --> 00:12:00,560

challenge like that

303

00:12:06,150 --> 00:12:03,600

without having any any facts in hand

304

00:12:08,629 --> 00:12:06,160

oh he was fine

305

00:12:10,949 --> 00:12:08,639

yeah and as another example of thing you

306

00:12:13,590 --> 00:12:10,959

got to watch out for in this field

307

00:12:15,910 --> 00:12:13,600

one of the other big debunkers actually

308

00:12:18,230 --> 00:12:15,920

preceding class because he was older

309

00:12:21,190 --> 00:12:18,240

was dr donald howard menzel harvard

310

00:12:24,629 --> 00:12:21,200

university professor of astronomy

311

00:12:27,110 --> 00:12:24,639

he wrote three anti-ufo books

312

00:12:28,710 --> 00:12:27,120

and i couldn't understand i had one run

313

00:12:30,310 --> 00:12:28,720

in with him

314

00:12:31,110 --> 00:12:30,320

uh

315

00:12:33,190 --> 00:12:31,120

and

316

00:12:35,110 --> 00:12:33,200

it wasn't friendly

317

00:12:38,470 --> 00:12:35,120

and i didn't understand what the heck

318

00:12:41,190 --> 00:12:38,480

was going on because he was too smart to

319

00:12:42,470 --> 00:12:41,200

have done all this accidentally so to

320

00:12:46,470 --> 00:12:42,480

speak

321

00:12:49,350 --> 00:12:46,480

and then i found a mention of a legal

322

00:12:51,670 --> 00:12:49,360

situation and somebody else's papers is

323

00:12:53,670 --> 00:12:51,680

about the mj-12 stuff

324

00:12:56,629 --> 00:12:53,680

and

325

00:13:00,949 --> 00:12:58,710

dr menzel

326

00:13:03,590 --> 00:13:00,959

and it was a letter from a lawyer

327

00:13:07,910 --> 00:13:05,110

venevar bush

328

00:13:09,190 --> 00:13:07,920

for all his work and getting

329

00:13:10,949 --> 00:13:09,200

uh

330

00:13:11,750 --> 00:13:10,959

menzel cleared

331

00:13:13,910 --> 00:13:11,760

uh

332

00:13:15,269 --> 00:13:13,920

and allowed to keep his security

333

00:13:17,030 --> 00:13:15,279

clearance and i'm wondering what the

334

00:13:17,990 --> 00:13:17,040

heck why would mental have a security

335

00:13:22,550 --> 00:13:18,000

clearance

336

00:13:25,190 --> 00:13:22,560

teach astronomy at harvard or any place

337

00:13:27,110 --> 00:13:25,200

else as far as i know

338

00:13:28,470 --> 00:13:27,120

so i followed up with the attorney who

339

00:13:29,990 --> 00:13:28,480  
had written the letter thanking

340

00:13:31,509 --> 00:13:30,000  
vandervar bush

341

00:13:33,750 --> 00:13:31,519  
and found out oh there's a thousand

342

00:13:35,990 --> 00:13:33,760  
pages in the men's papers at harvard

343

00:13:37,190 --> 00:13:36,000  
menzel was dead already

344

00:13:39,350 --> 00:13:37,200  
so i had to get permission from three

345

00:13:41,670 --> 00:13:39,360  
different people i'll cut to the chase

346

00:13:43,750 --> 00:13:41,680  
to see menzel's papers and i did that

347

00:13:45,670 --> 00:13:43,760  
written permission mind you

348

00:13:47,509 --> 00:13:45,680  
got a little grant from the fund for ufo

349

00:13:48,949 --> 00:13:47,519  
research went there the first thing i

350

00:13:50,310 --> 00:13:48,959  
looked at there was i didn't know where

351  
00:13:52,790 --> 00:13:50,320  
to look because i knew that most of his

352  
00:13:54,310 --> 00:13:52,800  
ufo stuff was not at harvard

353  
00:13:56,870 --> 00:13:54,320  
it was at the american philosophical

354  
00:13:58,470 --> 00:13:56,880  
society library in philadelphia

355  
00:14:03,030 --> 00:13:58,480  
and uh

356  
00:14:05,110 --> 00:14:03,040  
first thing i looked at was a folder jfk

357  
00:14:05,990 --> 00:14:05,120  
wonder what that's all about

358  
00:14:08,550 --> 00:14:06,000  
well

359  
00:14:09,990 --> 00:14:08,560  
menzel and john f kennedy

360  
00:14:11,350 --> 00:14:10,000  
the president

361  
00:14:13,590 --> 00:14:11,360  
to be

362  
00:14:15,590 --> 00:14:13,600  
he knew him before that

363  
00:14:17,750 --> 00:14:15,600

were good old buddies

364

00:14:21,030 --> 00:14:17,760

knew each other very well wrote

365

00:14:23,509 --> 00:14:21,040

called each other by first names uh

366

00:14:25,990 --> 00:14:23,519

and even had breakfast together in

367

00:14:28,790 --> 00:14:26,000

the you know cambridge area

368

00:14:30,550 --> 00:14:28,800

and and his one of his first letters

369

00:14:32,470 --> 00:14:30,560

that i ran across

370

00:14:34,550 --> 00:14:32,480

he mentions that there's kennedy had

371

00:14:36,389 --> 00:14:34,560

already just been elected that there's

372

00:14:38,389 --> 00:14:36,399

one area where i may be able to be of

373

00:14:39,189 --> 00:14:38,399

assistance to you it's with regard to

374

00:14:41,829 --> 00:14:39,199

the

375

00:14:44,069 --> 00:14:41,839

national security agency

376

00:14:46,710 --> 00:14:44,079

i've had a longer continuous association

377

00:14:49,189 --> 00:14:46,720

with them 30 years of anybody

378

00:14:52,389 --> 00:14:49,199

when we are properly cleared to each

379

00:14:53,509 --> 00:14:52,399

other i can tell you more

380

00:14:55,590 --> 00:14:53,519

wow

381

00:14:57,110 --> 00:14:55,600

what the heck was this

382

00:14:59,430 --> 00:14:57,120

so i did a lot of digging in to make a

383

00:15:01,910 --> 00:14:59,440

long story short it turns out menzel it

384

00:15:04,389 --> 00:15:01,920

did work for the nsa

385

00:15:06,949 --> 00:15:04,399

uh for over 30 years

386

00:15:09,829 --> 00:15:06,959

he did all kinds of classified work

387

00:15:11,509 --> 00:15:09,839

he did some work for the cia

388

00:15:13,430 --> 00:15:11,519

this none of this was known on the

389

00:15:15,350 --> 00:15:13,440

outside

390

00:15:18,069 --> 00:15:15,360

uh when i found out he was dead already

391

00:15:18,949 --> 00:15:18,079

so uh but i had the paperwork to prove

392

00:15:21,030 --> 00:15:18,959

it

393

00:15:23,670 --> 00:15:21,040

and i there were people in ufology who

394

00:15:25,430 --> 00:15:23,680

told me uh ah come on stan he couldn't

395

00:15:27,670 --> 00:15:25,440

let a double life

396

00:15:29,670 --> 00:15:27,680

i pointed out that their burgess philby

397

00:15:31,509 --> 00:15:29,680

and mclean were three

398

00:15:33,430 --> 00:15:31,519

russian spies who worked for british

399

00:15:36,629 --> 00:15:33,440

intelligence

400

00:15:37,990 --> 00:15:36,639

uh for years and years many people eat

401  
00:15:40,949 --> 00:15:38,000  
double lives

402  
00:15:41,829 --> 00:15:40,959  
but finding out about menzel

403  
00:15:44,389 --> 00:15:41,839  
uh

404  
00:15:46,870 --> 00:15:44,399  
was a real shocker i didn't like him

405  
00:15:49,829 --> 00:15:46,880  
when he was alive but then i respected

406  
00:15:51,590 --> 00:15:49,839  
him for doing his country's uh work

407  
00:15:53,269 --> 00:15:51,600  
his classified work

408  
00:15:55,749 --> 00:15:53,279  
right so it means you gotta look

409  
00:15:57,509 --> 00:15:55,759  
carefully and long and hard and not jump

410  
00:16:00,310 --> 00:15:57,519  
to conclusions

411  
00:16:02,550 --> 00:16:00,320  
and not make up fictional plots if you

412  
00:16:04,230 --> 00:16:02,560  
will to explain this side of the other

413  
00:16:05,990 --> 00:16:04,240

thing

414

00:16:07,590 --> 00:16:06,000

and

415

00:16:10,230 --> 00:16:07,600

let me ask you a question

416

00:16:13,269 --> 00:16:10,240

why do you think

417

00:16:14,790 --> 00:16:13,279

menzel and and phil class i

418

00:16:16,710 --> 00:16:14,800

i had a

419

00:16:20,069 --> 00:16:16,720

heated discussion with phil class in

420

00:16:25,350 --> 00:16:22,550

at a symposium he showed up and he had

421

00:16:27,749 --> 00:16:25,360

uh buttons all over his suit jacket says

422

00:16:29,990 --> 00:16:27,759

talk to me i'm i'm an abductee uh you

423

00:16:31,990 --> 00:16:30,000

know i had another button that says uh

424

00:16:35,269 --> 00:16:32,000

you know i communicate with uh with the

425

00:16:37,910 --> 00:16:35,279

aliens on venus and stuff like that okay

426

00:16:39,350 --> 00:16:37,920

and he well he made a comment that uh

427

00:16:41,829 --> 00:16:39,360

betty cash

428

00:16:43,030 --> 00:16:41,839

and vicki landrum uh the only reason why

429

00:16:45,350 --> 00:16:43,040

they uh

430

00:16:46,310 --> 00:16:45,360

came forward with their story was to to

431

00:16:48,949 --> 00:16:46,320

gain

432

00:16:52,629 --> 00:16:48,959

uh notoriety and publicity and i had

433

00:16:54,870 --> 00:16:52,639

interviewed i reinv rei investigated the

434

00:16:55,670 --> 00:16:54,880

cash land incident

435

00:16:58,069 --> 00:16:55,680

by

436

00:17:00,790 --> 00:16:58,079

john schussler yeah and

437

00:17:02,710 --> 00:17:00,800

yeah and he asked me to do a follow-up

438

00:17:03,749 --> 00:17:02,720

investigation i interviewed those two

439

00:17:07,350 --> 00:17:03,759

ladies

440

00:17:10,549 --> 00:17:07,360

for almost eight hours i sat in betty

441

00:17:12,949 --> 00:17:10,559

cash's house on her couch i found i

442

00:17:13,990 --> 00:17:12,959

found her to be incredibly intelligent

443

00:17:16,630 --> 00:17:14,000

and

444

00:17:19,510 --> 00:17:16,640

very honest i i truly believe that they

445

00:17:21,750 --> 00:17:19,520

encountered something uh out there in in

446

00:17:23,429 --> 00:17:21,760

texas i i don't know what it was but i

447

00:17:26,230 --> 00:17:23,439

truly believe that they and they

448

00:17:28,549 --> 00:17:26,240

certainly didn't do it uh it

449

00:17:29,350 --> 00:17:28,559

it affected their health okay whatever

450

00:17:32,390 --> 00:17:29,360

they

451  
00:17:35,830 --> 00:17:32,400  
encountered uh physically uh affected

452  
00:17:37,350 --> 00:17:35,840  
them and i lit into phil class i i said

453  
00:17:39,510 --> 00:17:37,360  
you haven't talked to these ladies and i

454  
00:17:41,510 --> 00:17:39,520  
said for you to make a comment like that

455  
00:17:42,630 --> 00:17:41,520  
i said i think it's irresponsible on

456  
00:17:44,470 --> 00:17:42,640  
your part

457  
00:17:46,470 --> 00:17:44,480  
and we were sitting in the bar area of

458  
00:17:47,909 --> 00:17:46,480  
where the symposium was and a group of

459  
00:17:49,350 --> 00:17:47,919  
people got around us and i think they

460  
00:17:51,190 --> 00:17:49,360  
thought

461  
00:17:53,430 --> 00:17:51,200  
they could feel like fighting

462  
00:17:54,870 --> 00:17:53,440  
because you know i was very passionate

463  
00:17:57,430 --> 00:17:54,880

about the fact that these two ladies

464

00:18:00,470 --> 00:17:57,440

were honest and they didn't make this up

465

00:18:02,150 --> 00:18:00,480

okay and i even i said mr class i said

466

00:18:04,070 --> 00:18:02,160

you don't even know but i said it

467

00:18:06,230 --> 00:18:04,080

affected the very health of these ladies

468

00:18:08,630 --> 00:18:06,240

and ultimately it killed them they died

469

00:18:10,950 --> 00:18:08,640

as a result of uh of the radiation

470

00:18:13,029 --> 00:18:10,960

poisoning that they were exposed to

471

00:18:17,350 --> 00:18:13,039

and there was what the grandson uh colby

472

00:18:19,590 --> 00:18:17,360

colby correct yeah yeah uh no it scarred

473

00:18:22,470 --> 00:18:19,600

him not only physically stanton but it

474

00:18:24,230 --> 00:18:22,480

uh emotionally

475

00:18:26,310 --> 00:18:24,240

you know i think he was eight nine years

476

00:18:29,029 --> 00:18:26,320

old and whatever occurred out there uh

477

00:18:30,789 --> 00:18:29,039

scared the hell out of him and affected

478

00:18:33,029 --> 00:18:30,799

him emotionally

479

00:18:36,549 --> 00:18:33,039

and as you know john schussler is an

480

00:18:39,750 --> 00:18:36,559

outstanding uh engineer uh very

481

00:18:42,150 --> 00:18:39,760

responsible individual yes

482

00:18:45,510 --> 00:18:42,160

and somebody i would trust uh with my

483

00:18:47,909 --> 00:18:45,520

life i think oh he had a very long time

484

00:18:49,990 --> 00:18:47,919

i told john i said he did he did such a

485

00:18:52,789 --> 00:18:50,000

good job investigating the cash land it

486

00:18:55,029 --> 00:18:52,799

was a hell of a research investigation

487

00:18:57,430 --> 00:18:55,039

i mean he crossed his t's and dotted his

488

00:18:59,830 --> 00:18:57,440

eyes and i was thoroughly impressed

489

00:19:03,190 --> 00:18:59,840

and i found that whatever

490

00:19:06,230 --> 00:19:03,200

uh what whatever those two ladies uh uh

491

00:19:07,430 --> 00:19:06,240

happen upon out there in uh in texas uh

492

00:19:09,190 --> 00:19:07,440

i'm 100

493

00:19:10,630 --> 00:19:09,200

believe that uh

494

00:19:11,669 --> 00:19:10,640

that had happened to him that it was a

495

00:19:13,669 --> 00:19:11,679

real

496

00:19:15,830 --> 00:19:13,679

life well you know what was interesting

497

00:19:19,190 --> 00:19:15,840

i interviewed the doctor i think his

498

00:19:21,750 --> 00:19:19,200

name was anderson he was uh one of three

499

00:19:25,110 --> 00:19:21,760

or four in the world that's recognized

500

00:19:28,070 --> 00:19:25,120

on uh radiation poisoning in fact our

501  
00:19:30,070 --> 00:19:28,080  
government sent him to chernobyl

502  
00:19:33,430 --> 00:19:30,080  
when they had the meltdown over there

503  
00:19:36,470 --> 00:19:33,440  
yeah to to assist the russians

504  
00:19:38,789 --> 00:19:36,480  
and i interviewed him in his office

505  
00:19:40,549 --> 00:19:38,799  
and he was befuddled

506  
00:19:43,029 --> 00:19:40,559  
he i remember him sitting back in his

507  
00:19:44,710 --> 00:19:43,039  
chair and folding his arms and he said

508  
00:19:46,150 --> 00:19:44,720  
called me a detective i was honored by

509  
00:19:49,350 --> 00:19:46,160  
that

510  
00:19:50,470 --> 00:19:49,360  
but he said he said detective he said it

511  
00:19:53,510 --> 00:19:50,480  
really

512  
00:19:57,270 --> 00:19:53,520  
uh mystifies me how these two ladies

513  
00:19:59,830 --> 00:19:57,280

um got irradiated out there in texas and

514

00:20:02,710 --> 00:19:59,840

and i said are we sure that it was he

515

00:20:04,549 --> 00:20:02,720

said it was classic radiation poisoning

516

00:20:06,390 --> 00:20:04,559

and i said well how

517

00:20:07,830 --> 00:20:06,400

how bad was it he said it would have

518

00:20:10,870 --> 00:20:07,840

been equivalent

519

00:20:13,270 --> 00:20:10,880

uh to being within several miles

520

00:20:14,870 --> 00:20:13,280

uh outside when the bomb of hiroshima

521

00:20:17,830 --> 00:20:14,880

went off he said you would have been

522

00:20:19,909 --> 00:20:17,840

irradiated and uh he said these ladies

523

00:20:22,470 --> 00:20:19,919

had the classic symptoms the the

524

00:20:25,510 --> 00:20:22,480

blistering the fever the hair falling

525

00:20:28,230 --> 00:20:25,520

out the the nausea the sickness

526  
00:20:29,350 --> 00:20:28,240  
and he just happened to be in the

527  
00:20:31,270 --> 00:20:29,360  
in the

528  
00:20:32,630 --> 00:20:31,280  
emergency room when they brought in

529  
00:20:34,390 --> 00:20:32,640  
vicki landrum

530  
00:20:36,390 --> 00:20:34,400  
excuse me betty cash it was betty cash

531  
00:20:37,909 --> 00:20:36,400  
they brought in uh into the emergency

532  
00:20:39,750 --> 00:20:37,919  
room in the houston hospital he just

533  
00:20:41,190 --> 00:20:39,760  
happened to be there and uh the

534  
00:20:42,149 --> 00:20:41,200  
emergency doctors were trying to figure

535  
00:20:44,070 --> 00:20:42,159  
out what's wrong with them and he

536  
00:20:46,149 --> 00:20:44,080  
recognized it right away that it was

537  
00:20:48,549 --> 00:20:46,159  
radiation sickness yeah

538  
00:20:50,390 --> 00:20:48,559

and so i hadn't heard that part of the

539

00:20:52,950 --> 00:20:50,400

story before i'm glad to talk to

540

00:20:54,950 --> 00:20:52,960

somebody who had that firsthand contact

541

00:20:59,029 --> 00:20:54,960

with them oh yeah

542

00:21:02,470 --> 00:20:59,039

and and uh we did a um

543

00:21:05,110 --> 00:21:02,480

a show on it uh it was uh on the

544

00:21:07,590 --> 00:21:05,120

unexplained they they did a documentary

545

00:21:10,549 --> 00:21:07,600

on the betty cash vicki landrum incident

546

00:21:12,470 --> 00:21:10,559

and it was just uh amazing uh that's

547

00:21:14,549 --> 00:21:12,480

that to me it was anyway and then have

548

00:21:16,390 --> 00:21:14,559

somebody come along like phil class and

549

00:21:18,950 --> 00:21:16,400

make statement like that it it really

550

00:21:20,470 --> 00:21:18,960

infuriated me because uh he never talked

551  
00:21:22,470 --> 00:21:20,480  
to the police he didn't even he didn't

552  
00:21:24,630 --> 00:21:22,480  
even know anything about the case other

553  
00:21:26,470 --> 00:21:24,640  
than the fact that it made national news

554  
00:21:28,789 --> 00:21:26,480  
and there had been a documentary done

555  
00:21:30,630 --> 00:21:28,799  
that's all he knew about it really

556  
00:21:32,710 --> 00:21:30,640  
remember that the basic rules for

557  
00:21:34,950 --> 00:21:32,720  
debunkers like class

558  
00:21:36,950 --> 00:21:34,960  
were one don't bother me with the facts

559  
00:21:39,110 --> 00:21:36,960  
my mind's made up

560  
00:21:41,669 --> 00:21:39,120  
two if you can't attack the data attack

561  
00:21:43,990 --> 00:21:41,679  
the people it's oh absolutely

562  
00:21:45,909 --> 00:21:44,000  
three do your research by proclamation

563  
00:21:48,390 --> 00:21:45,919

investigation is too much trouble and

564

00:21:51,430 --> 00:21:48,400

nobody will know the difference anyway

565

00:21:52,710 --> 00:21:51,440

so he followed those rules pretty well

566

00:21:54,230 --> 00:21:52,720

uh

567

00:21:55,510 --> 00:21:54,240

and he

568

00:21:57,669 --> 00:21:55,520

you know it it

569

00:21:59,750 --> 00:21:57,679

irks the irk the heck out of him when i

570

00:22:01,590 --> 00:21:59,760

was able uh you know when he had to pay

571

00:22:04,149 --> 00:22:01,600

me that money and then when i published

572

00:22:08,230 --> 00:22:04,159

he tried to sue me because i included a

573

00:22:13,830 --> 00:22:11,350

i told him phil you sent me a check

574

00:22:15,990 --> 00:22:13,840

i xeroxed it i took the check to the

575

00:22:18,549 --> 00:22:16,000

bank they cashed it i can do whatever i

576

00:22:20,310 --> 00:22:18,559

damn please with that xerox thank you i

577

00:22:22,870 --> 00:22:20,320

did take out a couple of his bank

578

00:22:24,710 --> 00:22:22,880

account numbers so that you know right

579

00:22:26,630 --> 00:22:24,720

gotta be a decent guy even though he

580

00:22:29,909 --> 00:22:26,640

doesn't deserve it but uh

581

00:22:30,870 --> 00:22:29,919

no it it it's it's amazing it's kind of

582

00:22:33,430 --> 00:22:30,880

like

583

00:22:36,390 --> 00:22:33,440

look i've i've taken on the

584

00:22:38,870 --> 00:22:36,400

names of he and i debated uh on a radio

585

00:22:41,190 --> 00:22:38,880

station in new york and i got by far the

586

00:22:44,230 --> 00:22:41,200

big part of the vote from the audience

587

00:22:45,830 --> 00:22:44,240

and then dr sesstock and i uh who's a

588

00:22:48,390 --> 00:22:45,840

much easier person to get along with

589

00:22:51,430 --> 00:22:48,400

he's from the seti community

590

00:22:52,830 --> 00:22:51,440

we debated on coast to coast radio

591

00:22:56,310 --> 00:22:52,840

and i got

592

00:22:58,470 --> 00:22:56,320

uh 57 percent of the vote he got 33

593

00:23:00,070 --> 00:22:58,480

percent of the vote and 10 said i don't

594

00:23:01,430 --> 00:23:00,080

know who won

595

00:23:02,470 --> 00:23:01,440

uh

596

00:23:03,990 --> 00:23:02,480

but

597

00:23:06,070 --> 00:23:04,000

there are certain rules i was in high

598

00:23:08,950 --> 00:23:06,080

school debating and one rule is you

599

00:23:09,750 --> 00:23:08,960

can't make up things

600

00:23:12,710 --> 00:23:09,760

you know

601  
00:23:14,710 --> 00:23:12,720  
you gotta deal with the fact right uh

602  
00:23:16,710 --> 00:23:14,720  
and also

603  
00:23:19,110 --> 00:23:16,720  
uh you know we live in a society that

604  
00:23:22,470 --> 00:23:19,120  
depends on evaluation of testimony

605  
00:23:24,950 --> 00:23:22,480  
whether it's in a court of law

606  
00:23:27,510 --> 00:23:24,960  
or there are other situations where you

607  
00:23:28,870 --> 00:23:27,520  
have to get the facts straight

608  
00:23:31,909 --> 00:23:28,880  
and you know whether you're selling

609  
00:23:35,029 --> 00:23:31,919  
property and doing all kinds of things

610  
00:23:36,710 --> 00:23:35,039  
so we have well-established procedures

611  
00:23:39,909 --> 00:23:36,720  
and sometimes we have to say we don't

612  
00:23:42,390 --> 00:23:39,919  
know okay that's the way it goes

613  
00:23:45,590 --> 00:23:42,400

and you got to ask the right questions

614

00:23:48,950 --> 00:23:45,600

the question isn't are all ufos alien

615

00:23:50,710 --> 00:23:48,960

spacecraft the question is are any

616

00:23:53,430 --> 00:23:50,720

only takes one

617

00:23:55,190 --> 00:23:53,440

well that's right and as a physicist i'm

618

00:23:57,590 --> 00:23:55,200

accustomed to dealing with things where

619

00:23:59,190 --> 00:23:57,600

there's a big disparity but well

620

00:24:01,830 --> 00:23:59,200

uranium-235

621

00:24:04,230 --> 00:24:01,840

seven tenths of one percent

622

00:24:06,549 --> 00:24:04,240

hardly anything worth talking about but

623

00:24:07,990 --> 00:24:06,559

if you want to build an atomic bomb uh

624

00:24:09,990 --> 00:24:08,000

you've got a separate you've got to

625

00:24:13,110 --> 00:24:10,000

enrich uranium

626

00:24:14,149 --> 00:24:13,120

to maybe 80 90 percent

627

00:24:18,549 --> 00:24:14,159

uh

628

00:24:19,669 --> 00:24:18,559

little and you work at it the united

629

00:24:21,830 --> 00:24:19,679

states a lot of people don't realize the

630

00:24:24,230 --> 00:24:21,840

united states during world war ii

631

00:24:26,310 --> 00:24:24,240

built a gaseous diffusion plant that was

632

00:24:28,789 --> 00:24:26,320

a mile long

633

00:24:31,750 --> 00:24:28,799

and you pump uranium hexafluoride gas

634

00:24:34,710 --> 00:24:31,760

through tiny holes and nickel plates

635

00:24:36,950 --> 00:24:34,720

mile long and because u-235 is a little

636

00:24:38,789 --> 00:24:36,960

lighter than u-238

637

00:24:40,470 --> 00:24:38,799

it goes through a little quicker and

638

00:24:42,630 --> 00:24:40,480

suddenly you take it out at one end and

639

00:24:45,590 --> 00:24:42,640

put it back in and keep doing we were

640

00:24:47,430 --> 00:24:45,600

using five percent of all the

641

00:24:49,269 --> 00:24:47,440

electricity produced in the united

642

00:24:51,590 --> 00:24:49,279

states at that time

643

00:24:53,669 --> 00:24:51,600

to separate that isotope

644

00:24:55,590 --> 00:24:53,679

in secret

645

00:24:57,190 --> 00:24:55,600

so the fact that it was only seven

646

00:24:59,269 --> 00:24:57,200

tenths of a percent to begin with is

647

00:25:01,190 --> 00:24:59,279

beside the point we needed it we figured

648

00:25:04,149 --> 00:25:01,200

out a way to get it spent a hell of a

649

00:25:08,470 --> 00:25:06,710

yeah and i i was in radiation shielding

650

00:25:10,149 --> 00:25:08,480

was my big thing working on nuclear

651  
00:25:12,310 --> 00:25:10,159  
airplanes and nuclear power plants for

652  
00:25:14,230 --> 00:25:12,320  
space and all that sort of stuff

653  
00:25:15,830 --> 00:25:14,240  
and you very quickly learn that there

654  
00:25:18,390 --> 00:25:15,840  
are enormous differences between

655  
00:25:20,710 --> 00:25:18,400  
isotopes of the same element

656  
00:25:22,470 --> 00:25:20,720  
and so it matters

657  
00:25:24,230 --> 00:25:22,480  
use a little more of this instead of

658  
00:25:26,310 --> 00:25:24,240  
that one you know

659  
00:25:28,390 --> 00:25:26,320  
you have to deal with the real world the

660  
00:25:30,950 --> 00:25:28,400  
way it is

661  
00:25:32,870 --> 00:25:30,960  
and so like i say most sightings can be

662  
00:25:34,230 --> 00:25:32,880  
explained that's about as useful as

663  
00:25:36,660 --> 00:25:34,240

telling the basketball coach you know

664

00:25:39,350 --> 00:25:36,670

most people aren't seven feet tall buddy

665

00:25:41,830 --> 00:25:39,360

[Laughter]

666

00:25:45,029 --> 00:25:41,840

give me one you know right

667

00:25:46,950 --> 00:25:45,039

yeah right yeah that and and i think

668

00:25:48,310 --> 00:25:46,960

um you know you look at the number of

669

00:25:50,310 --> 00:25:48,320

cases

670

00:25:53,590 --> 00:25:50,320

uh that come through

671

00:25:55,269 --> 00:25:53,600

uh just in the last oh since well let's

672

00:25:56,430 --> 00:25:55,279

you know let's say since

673

00:25:59,190 --> 00:25:56,440

uh

674

00:26:02,789 --> 00:25:59,200

1945 when kenneth arnold had his

675

00:26:05,990 --> 00:26:02,799

sighting to to present day 47 47 june

676

00:26:08,470 --> 00:26:06,000

24th 1944 ken you got that wrong that

677

00:26:10,789 --> 00:26:08,480

last time with uh kevin it's 47 today

678

00:26:12,390 --> 00:26:10,799

yeah yeah kevin kevin proved kevin kevin

679

00:26:15,029 --> 00:26:12,400

got on you about that one

680

00:26:16,390 --> 00:26:15,039

yeah he did yeah yeah and stan got on me

681

00:26:17,590 --> 00:26:16,400

there you go that's two of them that's

682

00:26:19,029 --> 00:26:17,600

two yeah

683

00:26:23,190 --> 00:26:19,039

well actually i did it on purpose i just

684

00:26:28,230 --> 00:26:24,390

hey

685

00:26:31,110 --> 00:26:28,240

next week i turned 83 buddy wow oh my

686

00:26:35,430 --> 00:26:31,120

gosh well happy birthday i am old i've

687

00:26:39,750 --> 00:26:37,430

i don't feel so bad then i thought i was

688

00:26:41,430 --> 00:26:39,760

old but uh

689

00:26:43,269 --> 00:26:41,440

yeah you know you know if you take a

690

00:26:45,590 --> 00:26:43,279

look at all those cases

691

00:26:47,830 --> 00:26:45,600

uh up to the present day

692

00:26:49,269 --> 00:26:47,840

and all of the uh and there's some

693

00:26:50,470 --> 00:26:49,279

sensational ones and hell there's

694

00:26:54,230 --> 00:26:50,480

probably a bunch of them we don't even

695

00:26:55,190 --> 00:26:54,240

know about but all of that voluminous

696

00:26:58,149 --> 00:26:55,200

data

697

00:27:00,950 --> 00:26:58,159

um we only need one

698

00:27:03,669 --> 00:27:00,960

and i mean uh you you refer to it as the

699

00:27:06,520 --> 00:27:03,679

cosmic watergate i like that yes

700

00:27:07,590 --> 00:27:06,530

okay because i i think you're right um

701

00:27:09,350 --> 00:27:07,600

[Music]

702

00:27:11,510 --> 00:27:09,360

i think you know there's a number of

703

00:27:14,149 --> 00:27:11,520

cases that i think you can point to

704

00:27:16,070 --> 00:27:14,159

that demonstrate that uh e.t has been

705

00:27:18,630 --> 00:27:16,080

here is coming here and i'm one of those

706

00:27:20,470 --> 00:27:18,640

people that believe that at least one

707

00:27:23,269 --> 00:27:20,480

race continues

708

00:27:25,510 --> 00:27:23,279

to be here and you know with all of that

709

00:27:26,390 --> 00:27:25,520

information and all that data

710

00:27:27,990 --> 00:27:26,400

why

711

00:27:30,470 --> 00:27:28,000

here's my question where i'm leading up

712

00:27:32,830 --> 00:27:30,480

to why would people like phil class

713

00:27:35,830 --> 00:27:32,840

and menzo they have to know

714

00:27:37,909 --> 00:27:35,840

that stanton they they have access to

715

00:27:39,110 --> 00:27:37,919

the same information that we do so why

716

00:27:41,430 --> 00:27:39,120

would they do that or do you think

717

00:27:43,590 --> 00:27:41,440

they're government uh

718

00:27:45,190 --> 00:27:43,600

well like i say with menzel

719

00:27:49,350 --> 00:27:45,200

uh

720

00:27:51,430 --> 00:27:49,360

he worked with the nsa for 30 years

721

00:27:53,430 --> 00:27:51,440

and i have it in writing he wrote jack

722

00:27:56,630 --> 00:27:53,440

kennedy about that

723

00:28:00,149 --> 00:27:56,640

uh and so i can understand menzel and as

724

00:28:03,190 --> 00:28:00,159

a matter of fact we had we tangled once

725

00:28:05,190 --> 00:28:03,200

uh in person well on the phone anyway i

726

00:28:07,430 --> 00:28:05,200

was speaking at harvard

727

00:28:09,269 --> 00:28:07,440

a number of years ago and i called him

728

00:28:11,750 --> 00:28:09,279

when i was on campus a little early and

729

00:28:14,630 --> 00:28:11,760

i had no idea whether the sponsor

730

00:28:17,590 --> 00:28:14,640

an engineering alumni group

731

00:28:19,510 --> 00:28:17,600

not the student activities office uh

732

00:28:22,070 --> 00:28:19,520

i had no idea whether they had done any

733

00:28:23,269 --> 00:28:22,080

publicity besides to their own members

734

00:28:25,750 --> 00:28:23,279

or not

735

00:28:27,750 --> 00:28:25,760

so i called menzel

736

00:28:31,269 --> 00:28:27,760

and and gave my name oh i know all about

737

00:28:33,350 --> 00:28:31,279

you he said that surprised me uh

738

00:28:36,230 --> 00:28:33,360

i've seen letter i said oh you saw my

739

00:28:38,389 --> 00:28:36,240

congressional testimony next to your

740

00:28:42,310 --> 00:28:38,399

uh i've seen letters and memos i didn't

741

00:28:44,789 --> 00:28:42,320

find out what that meant for 40 years

742

00:28:47,669 --> 00:28:44,799

it turns out ed condon had given him

743

00:28:50,549 --> 00:28:47,679

copies of letters that i had sent condon

744

00:28:52,630 --> 00:28:50,559

but uh he said to me you can't be a

745

00:28:55,750 --> 00:28:52,640

scientist and believe in flying saucers

746

00:28:57,430 --> 00:28:55,760

at which i left i couldn't help it

747

00:28:59,510 --> 00:28:57,440

and he started a rant and rave i said

748

00:29:01,909 --> 00:28:59,520

documents i didn't call to argue with

749

00:29:03,990 --> 00:29:01,919

you i called out of courtesy i was

750

00:29:05,830 --> 00:29:04,000

speaking on your campus

751  
00:29:07,350 --> 00:29:05,840  
i wanted to make sure you knew i was

752  
00:29:09,750 --> 00:29:07,360  
going to be speaking at eight o'clock at

753  
00:29:12,789 --> 00:29:09,760  
the whatever the name of all was

754  
00:29:14,870 --> 00:29:12,799  
oh well of course i won't be there uh i

755  
00:29:17,269 --> 00:29:14,880  
didn't know at that time that he had

756  
00:29:19,590 --> 00:29:17,279  
done all his classified work for the nsa

757  
00:29:21,029 --> 00:29:19,600  
and the cia and all kinds of other

758  
00:29:23,430 --> 00:29:21,039  
people

759  
00:29:24,870 --> 00:29:23,440  
uh he was in naval intelligence during

760  
00:29:28,710 --> 00:29:24,880  
the war

761  
00:29:31,350 --> 00:29:28,720  
so i changed my attitude about him

762  
00:29:33,669 --> 00:29:31,360  
he died along the way uh he was doing a

763  
00:29:34,950 --> 00:29:33,679

job for his country okay i can i can

764

00:29:36,950 --> 00:29:34,960

handle that

765

00:29:39,590 --> 00:29:36,960

so i can understand him

766

00:29:41,669 --> 00:29:39,600

i never did find what agency phil class

767

00:29:45,350 --> 00:29:41,679

was working for

768

00:29:46,789 --> 00:29:45,360

uh if he was but i i felt that there had

769

00:29:48,389 --> 00:29:46,799

to be

770

00:29:49,909 --> 00:29:48,399

some something going on in the

771

00:29:52,070 --> 00:29:49,919

background there and i don't know what

772

00:29:56,789 --> 00:29:52,080

it was now there are suggestions there's

773

00:29:59,430 --> 00:29:56,799

one book the fortet conspiracy

774

00:30:01,590 --> 00:29:59,440

which is loosely covered up truth and he

775

00:30:03,029 --> 00:30:01,600

portrays phil as

776

00:30:05,430 --> 00:30:03,039

i mean it was obvious phil he was

777

00:30:07,190 --> 00:30:05,440

talking about the author uh as

778

00:30:10,230 --> 00:30:07,200

homosexual

779

00:30:13,269 --> 00:30:10,240

and i wondered whether there wasn't some

780

00:30:14,549 --> 00:30:13,279

blackmailing going on in the background

781

00:30:17,110 --> 00:30:14,559

you know what i mean

782

00:30:21,590 --> 00:30:17,120

yeah well and i mean that may very well

783

00:30:23,350 --> 00:30:21,600

be a a possibility i i know that i

784

00:30:24,710 --> 00:30:23,360

i got into a heated discussion with

785

00:30:27,430 --> 00:30:24,720

richard hall

786

00:30:28,310 --> 00:30:27,440

and he was associated with nycap

787

00:30:30,310 --> 00:30:28,320

and

788

00:30:33,029 --> 00:30:30,320

uh

789

00:30:35,190 --> 00:30:33,039

you know i made a statement we were

790

00:30:36,630 --> 00:30:35,200

in a hotel room in the lobby and i said

791

00:30:38,870 --> 00:30:36,640

well you know

792

00:30:40,789 --> 00:30:38,880

if i was in charge of a government

793

00:30:43,510 --> 00:30:40,799

agency um

794

00:30:45,990 --> 00:30:43,520

pick one one of the alphabet boys fbi

795

00:30:47,590 --> 00:30:46,000

cia nsa or whatever

796

00:30:48,389 --> 00:30:47,600

and i knew that

797

00:30:53,350 --> 00:30:48,399

the

798

00:30:55,750 --> 00:30:53,360

uh was a serious matter that it needed

799

00:30:57,830 --> 00:30:55,760

to be taken seriously although you know

800

00:31:01,190 --> 00:30:57,840

the government got out of it apparently

801  
00:31:03,110 --> 00:31:01,200  
or so they say but i would infiltrate

802  
00:31:07,430 --> 00:31:03,120  
organizations like

803  
00:31:10,870 --> 00:31:07,440  
mufon or nycap nightcap apro yes yeah

804  
00:31:12,710 --> 00:31:10,880  
absolutely and he took a defensive

805  
00:31:14,310 --> 00:31:12,720  
position with me and i mean it got

806  
00:31:16,470 --> 00:31:14,320  
really heated

807  
00:31:18,870 --> 00:31:16,480  
i knew i touched a nerve and i'm not so

808  
00:31:21,190 --> 00:31:18,880  
sure that that you know he he knew about

809  
00:31:23,190 --> 00:31:21,200  
it or may have been associated with it i

810  
00:31:25,510 --> 00:31:23,200  
don't have any thing to support that but

811  
00:31:27,990 --> 00:31:25,520  
i know that i touched a nerve because he

812  
00:31:30,149 --> 00:31:28,000  
took a real uh his whole facial

813  
00:31:31,269 --> 00:31:30,159

expression and his posture changed

814

00:31:33,830 --> 00:31:31,279

dramatically

815

00:31:36,789 --> 00:31:33,840

okay kevin for the grand prize of one

816

00:31:38,870 --> 00:31:36,799

million dollars what color is the white

817

00:31:41,509 --> 00:31:38,880

house um

818

00:31:44,230 --> 00:31:41,519

i know this i know this i know this

819

00:31:45,909 --> 00:31:44,240

um five seconds oh

820

00:31:48,070 --> 00:31:45,919

switching to geico could save you a

821

00:31:49,110 --> 00:31:48,080

bunch of money on car insurance

822

00:31:50,789 --> 00:31:49,120

okay

823

00:31:52,830 --> 00:31:50,799

judges

824

00:31:56,310 --> 00:31:52,840

that's true kevin they'll allow it

825

00:31:58,789 --> 00:31:56,320

congratulations you're a winner

826

00:32:01,430 --> 00:31:58,799

geico because saving 15 or more on car

827

00:32:04,789 --> 00:32:01,440

insurance is always the great answer

828

00:32:06,310 --> 00:32:04,799

and and i sense that that the the nerve

829

00:32:08,789 --> 00:32:06,320

was exposed

830

00:32:11,509 --> 00:32:08,799

and and i believe that to be true if i

831

00:32:13,029 --> 00:32:11,519

hey if i'm if i why

832

00:32:14,789 --> 00:32:13,039

why wouldn't you do that

833

00:32:16,950 --> 00:32:14,799

because you're going to have you would

834

00:32:18,710 --> 00:32:16,960

if it's important

835

00:32:20,230 --> 00:32:18,720

obviously it is or they wouldn't say

836

00:32:22,549 --> 00:32:20,240

some of the ridiculous things they've

837

00:32:23,509 --> 00:32:22,559

said and take the measures that they've

838

00:32:26,830 --> 00:32:23,519

taken

839

00:32:29,509 --> 00:32:26,840  
to confuse and try to defuse to

840

00:32:31,190 --> 00:32:29,519  
misrepresent that it must be important

841

00:32:32,549 --> 00:32:31,200  
if they're doing that

842

00:32:34,549 --> 00:32:32,559  
so you know

843

00:32:36,950 --> 00:32:34,559  
let me give you an example of that when

844

00:32:39,190 --> 00:32:36,960  
people may think i'm just

845

00:32:41,590 --> 00:32:39,200  
making big noises but

846

00:32:43,669 --> 00:32:41,600  
uh one of the important moments for me

847

00:32:45,909 --> 00:32:43,679  
in my search for truth about ufos was

848

00:32:49,269 --> 00:32:45,919  
stumbling across a copy of project blue

849

00:32:51,190 --> 00:32:49,279  
book special report number 14

850

00:32:53,669 --> 00:32:51,200  
at the university of california berkeley

851  
00:32:54,830 --> 00:32:53,679  
library i'd already read 10 books this

852  
00:32:57,509 --> 00:32:54,840  
is about

853  
00:32:59,110 --> 00:32:57,519  
1961. i'd read about 10 books and none

854  
00:33:01,350 --> 00:32:59,120  
of them had mentioned this and here we

855  
00:33:02,230 --> 00:33:01,360  
have this huge study

856  
00:33:04,230 --> 00:33:02,240  
and

857  
00:33:07,110 --> 00:33:04,240  
the version included a press release

858  
00:33:08,870 --> 00:33:07,120  
that went out when it was completed in

859  
00:33:11,029 --> 00:33:08,880  
the mid-50s

860  
00:33:12,870 --> 00:33:11,039  
and in the press release we have the

861  
00:33:15,269 --> 00:33:12,880  
following statement from the secretary

862  
00:33:16,870 --> 00:33:15,279  
of the air force mind you not just any

863  
00:33:19,430 --> 00:33:16,880

dink you know

864

00:33:21,110 --> 00:33:19,440

and he said on the basis of this study

865

00:33:23,830 --> 00:33:21,120

which did not give the title of the

866

00:33:25,350 --> 00:33:23,840

report special report 14 if some

867

00:33:26,630 --> 00:33:25,360

reporter had seen that he said what

868

00:33:28,070 --> 00:33:26,640

happened to one through 13 we've never

869

00:33:29,669 --> 00:33:28,080

heard anything about them oh well

870

00:33:32,230 --> 00:33:29,679

they're all classified maybe not

871

00:33:35,669 --> 00:33:32,240

entitled anyway

872

00:33:38,310 --> 00:33:35,679

the quote was on the basis of this study

873

00:33:40,549 --> 00:33:38,320

we believe that no objects such as those

874

00:33:43,029 --> 00:33:40,559

properly described as flying saucers

875

00:33:46,470 --> 00:33:43,039

have overflowed the united states

876

00:33:47,830 --> 00:33:46,480

even the unknown three percent

877

00:33:50,630 --> 00:33:47,840

could have been identified as

878

00:33:52,630 --> 00:33:50,640

conventional phenomena or illusions if

879

00:33:54,149 --> 00:33:52,640

more complete observational data had

880

00:33:55,750 --> 00:33:54,159

been available

881

00:33:57,029 --> 00:33:55,760

now that sounds like that really takes

882

00:34:00,310 --> 00:33:57,039

care of the matter doesn't it the

883

00:34:02,149 --> 00:34:00,320

trouble is i had a copy of the report

884

00:34:03,990 --> 00:34:02,159

uh which didn't incidentally give the

885

00:34:06,070 --> 00:34:04,000

title of the author the name of the

886

00:34:08,230 --> 00:34:06,080

author didn't say that the work was done

887

00:34:09,589 --> 00:34:08,240

under the auspices of the patel memorial

888

00:34:11,829 --> 00:34:09,599

institute

889

00:34:14,389 --> 00:34:11,839

in columbus ohio a very well respected

890

00:34:16,710 --> 00:34:14,399

research and development firm

891

00:34:17,829 --> 00:34:16,720

i know i had professional dealings with

892

00:34:18,629 --> 00:34:17,839

them

893

00:34:21,270 --> 00:34:18,639

uh

894

00:34:23,510 --> 00:34:21,280

now you look in the report

895

00:34:25,030 --> 00:34:23,520

and it's chock full of graphs tables

896

00:34:26,629 --> 00:34:25,040

charts maps

897

00:34:28,710 --> 00:34:26,639

loaded with data

898

00:34:31,030 --> 00:34:28,720

you look in the report and you find out

899

00:34:32,950 --> 00:34:31,040

that the unknowns weren't three percent

900

00:34:34,869 --> 00:34:32,960

they were 21.5

901  
00:34:37,990 --> 00:34:34,879  
which sure isn't three percent rounded

902  
00:34:41,829 --> 00:34:40,310  
they had a quality evaluation of all the

903  
00:34:43,829 --> 00:34:41,839  
sightings

904  
00:34:47,510 --> 00:34:43,839  
you find that the better the quality the

905  
00:34:49,909 --> 00:34:47,520  
more likely to be unexplainable right

906  
00:34:51,430 --> 00:34:49,919  
they asked an obvious question they had

907  
00:34:53,109 --> 00:34:51,440  
all this data

908  
00:34:55,430 --> 00:34:53,119  
they said is there really any difference

909  
00:34:57,589 --> 00:34:55,440  
between the unknowns the only ones we're

910  
00:34:59,670 --> 00:34:57,599  
interested in and the nouns let's do a

911  
00:35:01,510 --> 00:34:59,680  
statistical cross comparison a

912  
00:35:03,349 --> 00:35:01,520  
chi-square analysis for any

913  
00:35:04,950 --> 00:35:03,359

mathematicians out there

914

00:35:06,870 --> 00:35:04,960

they looked at things like apparent size

915

00:35:08,630 --> 00:35:06,880

color shape speed that sort of thing six

916

00:35:10,630 --> 00:35:08,640

different characteristics

917

00:35:13,190 --> 00:35:10,640

they found that the probability that the

918

00:35:16,790 --> 00:35:13,200

unknowns were just misknowns

919

00:35:18,950 --> 00:35:16,800

was less than one percent

920

00:35:22,950 --> 00:35:18,960

in other words not even close

921

00:35:25,190 --> 00:35:22,960

but they also uh found that uh the

922

00:35:27,510 --> 00:35:25,200

duration of observation was longer for

923

00:35:29,990 --> 00:35:27,520

the unknowns than for the knowns and

924

00:35:32,630 --> 00:35:30,000

they had a separate category called

925

00:35:34,069 --> 00:35:32,640

insufficient information

926

00:35:35,349 --> 00:35:34,079

so the notion that the sightings were

927

00:35:37,829 --> 00:35:35,359

just the ones for which there wasn't

928

00:35:41,030 --> 00:35:37,839

enough data was totally false these are

929

00:35:42,390 --> 00:35:41,040

flat out lies from the secretary of the

930

00:35:43,750 --> 00:35:42,400

air force

931

00:35:46,230 --> 00:35:43,760

now i'm not saying somebody else didn't

932

00:35:48,150 --> 00:35:46,240

write him them for him you know he may

933

00:35:49,829 --> 00:35:48,160

have known nothing but

934

00:35:53,150 --> 00:35:49,839

that's what he said

935

00:35:55,109 --> 00:35:53,160

that is clear and unambiguous

936

00:35:57,190 --> 00:35:55,119

misrepresentation to the public from the

937

00:35:58,390 --> 00:35:57,200

secretary of the air force

938

00:36:01,349 --> 00:35:58,400

it's one of the things that really

939

00:36:03,030 --> 00:36:01,359

turned me on i don't like being lied to

940

00:36:04,950 --> 00:36:03,040

yeah you and me

941

00:36:07,270 --> 00:36:04,960

i had a security clearance sometimes you

942

00:36:08,870 --> 00:36:07,280

have to tiptoe around the truth a little

943

00:36:11,750 --> 00:36:08,880

bit uh

944

00:36:12,550 --> 00:36:11,760

but that's not the same as

945

00:36:13,349 --> 00:36:12,560

uh

946

00:36:18,390 --> 00:36:13,359

well

947

00:36:20,150 --> 00:36:18,400

i mean that that's kind of like in your

948

00:36:21,910 --> 00:36:20,160

face lie

949

00:36:24,230 --> 00:36:21,920

okay i mean it's one thing it's one

950

00:36:27,589 --> 00:36:24,240

thing to stretch the truth or

951

00:36:30,710 --> 00:36:27,599

uh be evasive in in your answer

952

00:36:32,870 --> 00:36:30,720

okay but to just come out and flat out

953

00:36:34,790 --> 00:36:32,880

in your face lie

954

00:36:37,030 --> 00:36:34,800

yeah that's what that's what it is

955

00:36:38,950 --> 00:36:37,040

that's what turned me on i mean

956

00:36:41,990 --> 00:36:38,960

it made me angry

957

00:36:44,790 --> 00:36:42,000

again i i was young and uh you know

958

00:36:47,829 --> 00:36:44,800

bushy-eyed and bushy-tailed right right

959

00:36:50,950 --> 00:36:47,839

right right and i expected better from

960

00:36:53,510 --> 00:36:50,960

my government as a scientist you know

961

00:36:55,190 --> 00:36:53,520

i i don't expect people to lie to me and

962

00:36:57,430 --> 00:36:55,200

the work that i was doing and i looked i

963

00:36:59,990 --> 00:36:57,440

worked in radiation shielding for

964

00:37:02,069 --> 00:37:00,000

nuclear airplanes for fishing rockets or

965

00:37:04,310 --> 00:37:02,079

fusion rockets

966

00:37:07,270 --> 00:37:04,320

nuclear power plants of all kinds

967

00:37:09,750 --> 00:37:07,280

i was interested in facts and data

968

00:37:11,109 --> 00:37:09,760

and as a matter of fact

969

00:37:12,710 --> 00:37:11,119

funny story

970

00:37:14,950 --> 00:37:12,720

uh

971

00:37:17,270 --> 00:37:14,960

about two weeks before we were supposed

972

00:37:19,109 --> 00:37:17,280

to test our nuclear rocket engine

973

00:37:20,630 --> 00:37:19,119

westinghouse astronuclear lab in

974

00:37:22,550 --> 00:37:20,640

pittsburgh

975

00:37:24,630 --> 00:37:22,560

guys come to me from the projects and

976  
00:37:26,790 --> 00:37:24,640  
say i was working on radiation shielding

977  
00:37:28,470 --> 00:37:26,800  
for this system stan can you give us a

978  
00:37:30,230 --> 00:37:28,480  
better handle on the heating and the

979  
00:37:33,109 --> 00:37:30,240  
control veins

980  
00:37:35,109 --> 00:37:33,119  
uh we don't really want to melt them but

981  
00:37:37,109 --> 00:37:35,119  
we don't have any data

982  
00:37:38,710 --> 00:37:37,119  
because it's hard to calculate that the

983  
00:37:40,550 --> 00:37:38,720  
geometry stuff and all those sort of

984  
00:37:42,790 --> 00:37:40,560  
things so okay

985  
00:37:44,470 --> 00:37:42,800  
i'll see what i can do we had a mock-up

986  
00:37:46,150 --> 00:37:44,480  
system where i could i talked to the

987  
00:37:47,670 --> 00:37:46,160  
people down there

988  
00:37:49,750 --> 00:37:47,680

15 miles away

989

00:37:52,870 --> 00:37:49,760

uh we i set up a bunch of experiments

990

00:37:55,510 --> 00:37:52,880

and within three days we had data

991

00:37:56,630 --> 00:37:55,520

that seemed to indicate they were not in

992

00:37:58,630 --> 00:37:56,640

trouble

993

00:38:01,270 --> 00:37:58,640

uh it was okay

994

00:38:02,950 --> 00:38:01,280

and then we ran the test and i suddenly

995

00:38:05,670 --> 00:38:02,960

realized

996

00:38:08,790 --> 00:38:05,680

uh gee whiz if this thing melts they're

997

00:38:13,910 --> 00:38:11,910

and i was kind of worried

998

00:38:16,550 --> 00:38:13,920

uh you know because there are

999

00:38:18,550 --> 00:38:16,560

implications here uh we asked you to get

1000

00:38:23,190 --> 00:38:18,560

us data and you did and

1001

00:38:27,670 --> 00:38:26,069

mr friedman let me

1002

00:38:29,190 --> 00:38:27,680

you believe i

1003

00:38:31,750 --> 00:38:29,200

and i do that

1004

00:38:35,190 --> 00:38:31,760

something extraordinary crashed

1005

00:38:36,950 --> 00:38:35,200

in 1947 out there in roswell and well

1006

00:38:38,390 --> 00:38:36,960

actually near corona

1007

00:38:39,750 --> 00:38:38,400

right right

1008

00:38:40,870 --> 00:38:39,760

right yes

1009

00:38:46,630 --> 00:38:40,880

and

1010

00:38:48,710 --> 00:38:46,640

um

1011

00:38:51,109 --> 00:38:48,720

explanations uh from you know like the

1012

00:38:52,950 --> 00:38:51,119

air force well and let me before we go

1013

00:38:54,790 --> 00:38:52,960

any further one of the things that uh

1014

00:38:55,750 --> 00:38:54,800

kevin and i got into a heated discussion

1015

00:38:57,270 --> 00:38:55,760

about

1016

00:38:59,910 --> 00:38:57,280

um you know the

1017

00:39:00,710 --> 00:38:59,920

roswell daily record the next day says

1018

00:39:04,390 --> 00:39:00,720

that

1019

00:39:07,109 --> 00:39:04,400

the raf captures flying saucer on ranch

1020

00:39:09,990 --> 00:39:07,119

in roswell and he he

1021

00:39:12,870 --> 00:39:10,000

qualified that and in his book

1022

00:39:16,870 --> 00:39:12,880

roswell in the 21st century he said well

1023

00:39:19,589 --> 00:39:16,880

you know flying saucer didn't mean alien

1024

00:39:21,670 --> 00:39:19,599

uh craft back in 1947 there were a

1025

00:39:24,470 --> 00:39:21,680

number of articles

1026

00:39:26,829 --> 00:39:24,480

written by journalists

1027

00:39:29,190 --> 00:39:26,839

that didn't necessarily equate flying

1028

00:39:31,829 --> 00:39:29,200

saucer uh to

1029

00:39:33,990 --> 00:39:31,839

uh or excuse me a flying saucer to et

1030

00:39:36,310 --> 00:39:34,000

technology and i said yeah but the

1031

00:39:37,349 --> 00:39:36,320

problem kevin i said though in the front

1032

00:39:40,310 --> 00:39:37,359

page

1033

00:39:42,870 --> 00:39:40,320

uh uh in the body of the of the uh of

1034

00:39:44,950 --> 00:39:42,880

the newspaper it's a it refers to it as

1035

00:39:46,950 --> 00:39:44,960

a flying disc

1036

00:39:48,550 --> 00:39:46,960

and i said if you put flying saucer and

1037

00:39:52,390 --> 00:39:48,560

flying this together i don't care if

1038

00:39:54,550 --> 00:39:52,400

it's 1947 or 2017. people are going to

1039

00:39:56,390 --> 00:39:54,560

equate that with something

1040

00:39:57,750 --> 00:39:56,400

that's not on this planet or comes from

1041

00:39:59,270 --> 00:39:57,760

this planet

1042

00:40:01,430 --> 00:39:59,280

and he goes oh no that's not that's

1043

00:40:04,069 --> 00:40:01,440

incorrect and i don't i disagree i think

1044

00:40:05,829 --> 00:40:04,079

in 1947 if you'd have told somebody that

1045

00:40:07,670 --> 00:40:05,839

you saw a flying saucer that they would

1046

00:40:10,790 --> 00:40:07,680

think that you saw something

1047

00:40:11,990 --> 00:40:10,800

uh excited to disagree with you

1048

00:40:14,069 --> 00:40:12,000

uh

1049

00:40:16,230 --> 00:40:14,079

i couldn't find any coverage in those

1050

00:40:17,589 --> 00:40:16,240

early days and i looked a lot of people

1051

00:40:19,910 --> 00:40:17,599

think that article was only in the

1052

00:40:23,190 --> 00:40:19,920

roswell paper but it was in the chicago

1053

00:40:25,349 --> 00:40:23,200

daily news in the sacramento bee the

1054

00:40:27,430 --> 00:40:25,359

spokane chronicle and a whole bunch of

1055

00:40:30,470 --> 00:40:27,440

other papers it it really was from

1056

00:40:32,550 --> 00:40:30,480

chicago west the original story came out

1057

00:40:34,310 --> 00:40:32,560

too late for the morning papers you know

1058

00:40:35,270 --> 00:40:34,320

for the east and for the east coast

1059

00:40:37,510 --> 00:40:35,280

papers

1060

00:40:39,670 --> 00:40:37,520

right but uh you don't find people

1061

00:40:42,390 --> 00:40:39,680

talking about little green men aliens

1062

00:40:45,670 --> 00:40:42,400

none of that shows up at that time

1063

00:40:47,670 --> 00:40:45,680

uh flying saucer because kenneth arnold

1064

00:40:49,910 --> 00:40:47,680

said they moved as a saucer would if you

1065

00:40:53,349 --> 00:40:49,920

skipped it across the water

1066

00:40:56,150 --> 00:40:53,359

so it was a descriptive of shape

1067

00:40:58,390 --> 00:40:56,160

but not source in other words not from

1068

00:41:01,430 --> 00:40:58,400

aliens or anything like that

1069

00:41:03,829 --> 00:41:01,440

that's a point well made yeah

1070

00:41:06,550 --> 00:41:03,839

well i i've looked at those early papers

1071

00:41:08,230 --> 00:41:06,560

partly because i had a guy who wound up

1072

00:41:09,750 --> 00:41:08,240

being a congressman who told me well it

1073

00:41:11,510 --> 00:41:09,760

couldn't have been a big story because

1074

00:41:13,190 --> 00:41:11,520

it appeared only in that little tiny

1075

00:41:14,470 --> 00:41:13,200

roswell paper

1076

00:41:17,190 --> 00:41:14,480

and i had sent

1077

00:41:19,430 --> 00:41:17,200

the station copies of headline articles

1078

00:41:21,270 --> 00:41:19,440

from other papers much

1079

00:41:23,990 --> 00:41:21,280

every paper is bigger than the roswell

1080

00:41:25,670 --> 00:41:24,950

uh

1081

00:41:26,870 --> 00:41:25,680

so

1082

00:41:32,870 --> 00:41:26,880

uh

1083

00:41:34,550 --> 00:41:32,880

that flying saucer didn't mean alien

1084

00:41:36,630 --> 00:41:34,560

uh but

1085

00:41:37,670 --> 00:41:36,640

that's beside the point

1086

00:41:41,109 --> 00:41:37,680

really

1087

00:41:42,950 --> 00:41:41,119

uh and also r-a-a-f somebody tried to

1088

00:41:45,349 --> 00:41:42,960

tell me that's royal australian air

1089

00:41:48,630 --> 00:41:45,359

force stan and i said no

1090

00:41:49,430 --> 00:41:48,640

army airfield airport yeah airfield yeah

1091

00:41:51,990 --> 00:41:49,440

yeah

1092

00:41:55,270 --> 00:41:52,000

you know people make mistakes

1093

00:41:56,390 --> 00:41:55,280

but remember again that

1094

00:41:58,470 --> 00:41:56,400

kevin

1095

00:42:01,589 --> 00:41:58,480

writing fiction has the luxury of making

1096

00:42:03,829 --> 00:42:01,599

plots come out any way he wants them to

1097

00:42:04,630 --> 00:42:03,839

and i envy him that

1098

00:42:06,390 --> 00:42:04,640

uh

1099

00:42:07,589 --> 00:42:06,400

let me give you an example to see the

1100

00:42:09,109 --> 00:42:07,599

difference here

1101  
00:42:11,589 --> 00:42:09,119  
he uh

1102  
00:42:13,349 --> 00:42:11,599  
said that the mj 12 documents are phony

1103  
00:42:15,430 --> 00:42:13,359  
because

1104  
00:42:17,750 --> 00:42:15,440  
uh

1105  
00:42:21,109 --> 00:42:17,760  
it says admiral

1106  
00:42:23,109 --> 00:42:21,119  
hillen roscoe hillen coder

1107  
00:42:27,109 --> 00:42:23,119  
and the briefing for uh

1108  
00:42:28,550 --> 00:42:27,119  
from truman i mean for eisenhower on

1109  
00:42:31,270 --> 00:42:28,560  
and

1110  
00:42:34,870 --> 00:42:31,280  
i say that but that's

1111  
00:42:38,230 --> 00:42:34,880  
not the point at all because

1112  
00:42:41,109 --> 00:42:38,240  
we use generic ranks for all kinds of

1113  
00:42:42,630 --> 00:42:41,119

people it's standard practice

1114

00:42:45,109 --> 00:42:42,640

and when i went to the eisenhower

1115

00:42:48,230 --> 00:42:45,119

library i dug out a bunch of

1116

00:42:49,589 --> 00:42:48,240

memcon's they're called miranda

1117

00:42:50,870 --> 00:42:49,599

communications

1118

00:42:53,030 --> 00:42:50,880

something like that

1119

00:42:56,829 --> 00:42:53,040

that general good pastor

1120

00:42:59,430 --> 00:42:56,839

wrote for eisenhower he was his staff

1121

00:43:01,589 --> 00:42:59,440

secretary and he was a general and he

1122

00:43:02,470 --> 00:43:01,599

listed at the beginning of each of these

1123

00:43:04,230 --> 00:43:02,480

things

1124

00:43:07,190 --> 00:43:04,240

the attendees

1125

00:43:10,710 --> 00:43:07,200

always using only generic ranks you know

1126  
00:43:13,109 --> 00:43:10,720  
admiral general not rear admiral not the

1127  
00:43:15,190 --> 00:43:13,119  
lieutenant general but

1128  
00:43:19,349 --> 00:43:15,200  
standard generic ranks

1129  
00:43:21,109 --> 00:43:19,359  
but he signed he called himself general

1130  
00:43:23,270 --> 00:43:21,119  
good pastor

1131  
00:43:24,950 --> 00:43:23,280  
but he was really only a brigadier

1132  
00:43:27,270 --> 00:43:24,960  
general

1133  
00:43:29,430 --> 00:43:27,280  
but it was he signed it

1134  
00:43:31,270 --> 00:43:29,440  
brigadier general

1135  
00:43:33,109 --> 00:43:31,280  
but there's kevin saying that the

1136  
00:43:36,550 --> 00:43:33,119  
biggest reason for saying the document's

1137  
00:43:40,069 --> 00:43:36,560  
phony and kevin had a 20 years he worked

1138  
00:43:42,150 --> 00:43:40,079

for the military yeah he was a criminal

1139

00:43:44,550 --> 00:43:42,160

i mean i get credit for that you know he

1140

00:43:45,430 --> 00:43:44,560

knows about the military and i you know

1141

00:43:49,910 --> 00:43:45,440

i

1142

00:43:50,790 --> 00:43:49,920

long story but uh

1143

00:43:54,550 --> 00:43:50,800

so

1144

00:43:57,270 --> 00:43:54,560

good

1145

00:43:58,710 --> 00:43:57,280

it's true he was not a

1146

00:44:01,910 --> 00:43:58,720

uh full

1147

00:44:03,670 --> 00:44:01,920

admiral he was a rear admiral but that's

1148

00:44:05,990 --> 00:44:03,680

no excuse to say the documents funny

1149

00:44:12,470 --> 00:44:06,000

because all the ranks were generic ranks

1150

00:44:15,750 --> 00:44:14,470

kind of a flat foot cop but it makes

1151

00:44:18,309 --> 00:44:15,760

sense to me

1152

00:44:20,870 --> 00:44:18,319

um i operate under the kiss principle

1153

00:44:22,710 --> 00:44:20,880

keep it simple stupid but it makes sense

1154

00:44:23,910 --> 00:44:22,720

it makes sense to me

1155

00:44:26,309 --> 00:44:23,920

that

1156

00:44:29,109 --> 00:44:26,319

if something as

1157

00:44:30,950 --> 00:44:29,119

important something as critical as

1158

00:44:34,230 --> 00:44:30,960

having a

1159

00:44:35,589 --> 00:44:34,240

saucer type craft fall into your lap

1160

00:44:37,510 --> 00:44:35,599

that the government wouldn't put

1161

00:44:39,910 --> 00:44:37,520

together a special

1162

00:44:41,349 --> 00:44:39,920

panel a special organization in order to

1163

00:44:43,190 --> 00:44:41,359

deal with it

1164

00:44:44,870 --> 00:44:43,200

yeah i i mean there's there's a whole

1165

00:44:46,550 --> 00:44:44,880

bunch of examples

1166

00:44:49,670 --> 00:44:46,560

of where the government has done just

1167

00:44:52,550 --> 00:44:49,680

that in terms of putting together a

1168

00:44:55,430 --> 00:44:52,560

special panel to to deal with something

1169

00:44:57,270 --> 00:44:55,440

uh whether it's you know the uh cuban

1170

00:45:00,230 --> 00:44:57,280

missile crisis or

1171

00:45:02,550 --> 00:45:00,240

or whatever it they i mean

1172

00:45:05,190 --> 00:45:02,560

the president needs

1173

00:45:07,270 --> 00:45:05,200

advisories he needs a panel to advise

1174

00:45:09,349 --> 00:45:07,280

him and something as important as exotic

1175

00:45:10,309 --> 00:45:09,359

as this makes sense that they would put

1176  
00:45:12,150 --> 00:45:10,319  
together

1177  
00:45:14,150 --> 00:45:12,160  
uh an mj12

1178  
00:45:14,870 --> 00:45:14,160  
type of panel and how to deal with it

1179  
00:45:16,790 --> 00:45:14,880  
yeah

1180  
00:45:18,630 --> 00:45:16,800  
i'm in full agreement with that and you

1181  
00:45:22,550 --> 00:45:18,640  
know i've written a whole book top

1182  
00:45:24,710 --> 00:45:22,560  
secret slash magic about mj 12

1183  
00:45:25,670 --> 00:45:24,720  
and that that's one of the points that i

1184  
00:45:27,589 --> 00:45:25,680  
made

1185  
00:45:29,589 --> 00:45:27,599  
we had a lot of questions that we needed

1186  
00:45:31,109 --> 00:45:29,599  
answers for what do these guys want

1187  
00:45:32,790 --> 00:45:31,119  
where are they from what are they what

1188  
00:45:33,910 --> 00:45:32,800

are their intentions the cold war was

1189

00:45:35,829 --> 00:45:33,920

heating up

1190

00:45:39,190 --> 00:45:35,839

they're little guys maybe uh they're

1191

00:45:41,109 --> 00:45:39,200

working with the chinese who knows uh

1192

00:45:42,470 --> 00:45:41,119

it could not and

1193

00:45:44,550 --> 00:45:42,480

what are you gonna tell the public we

1194

00:45:46,470 --> 00:45:44,560

just had the world's worst war

1195

00:45:48,230 --> 00:45:46,480

killed 50 million of our own kind we

1196

00:45:51,030 --> 00:45:48,240

nice earthlings did

1197

00:45:53,510 --> 00:45:51,040

destroyed 1700 cities

1198

00:45:54,470 --> 00:45:53,520

dropping bombs all over the place

1199

00:45:56,069 --> 00:45:54,480

uh

1200

00:45:57,510 --> 00:45:56,079

and we're going to tell the people oh we

1201  
00:45:59,349 --> 00:45:57,520  
thought you'd like to know you don't

1202  
00:46:02,069 --> 00:45:59,359  
have enough troubles a good part of the

1203  
00:46:04,069 --> 00:46:02,079  
world was starving still in 47

1204  
00:46:05,109 --> 00:46:04,079  
but they're these alien visitors and we

1205  
00:46:06,710 --> 00:46:05,119  
don't know what they want where they're

1206  
00:46:08,230 --> 00:46:06,720  
from but we thought you'd like to be

1207  
00:46:10,950 --> 00:46:08,240  
aware of that i mean and we can't do

1208  
00:46:12,470 --> 00:46:10,960  
anything about them so to get used to it

1209  
00:46:14,630 --> 00:46:12,480  
yeah i mean

1210  
00:46:16,950 --> 00:46:14,640  
president truman couldn't possibly do

1211  
00:46:19,510 --> 00:46:16,960  
that and you know we talk about secrecy

1212  
00:46:22,309 --> 00:46:19,520  
people forget he didn't know about the

1213  
00:46:24,390 --> 00:46:22,319

manhattan project no and yet

1214

00:46:26,550 --> 00:46:24,400  
and he had been in the senate

1215

00:46:29,349 --> 00:46:26,560  
and was vice president

1216

00:46:32,710 --> 00:46:29,359  
and he didn't find out he got briefed 13

1217

00:46:35,190 --> 00:46:32,720  
days after roosevelt died because he had

1218

00:46:36,550 --> 00:46:35,200  
to make the decision to drop the atomic

1219

00:46:38,069 --> 00:46:36,560  
bomb well there were thousands of people

1220

00:46:39,430 --> 00:46:38,079  
that worked on the manhattan project

1221

00:46:42,150 --> 00:46:39,440  
they didn't have any idea what the hell

1222

00:46:43,829 --> 00:46:42,160  
they were working on i mean they had

1223

00:46:45,750 --> 00:46:43,839  
they were compartmentalized and they had

1224

00:46:48,069 --> 00:46:45,760  
a little piece of the puzzle but very

1225

00:46:49,990 --> 00:46:48,079  
few people knew the whole picture

1226

00:46:52,710 --> 00:46:50,000

that's right and it's a good thing they

1227

00:46:56,790 --> 00:46:52,720

didn't uh you know oh yeah

1228

00:46:58,150 --> 00:46:56,800

as it was uh sometimes we make mistakes

1229

00:47:00,470 --> 00:46:58,160

a general

1230

00:47:02,069 --> 00:47:00,480

the guy who was head of the manhattan

1231

00:47:08,150 --> 00:47:02,079

project

1232

00:47:10,150 --> 00:47:08,160

groves leslie groves was asked in 1948

1233

00:47:12,950 --> 00:47:10,160

how long do you think it'll be before

1234

00:47:15,109 --> 00:47:12,960

the russians have the atomic bomb

1235

00:47:16,150 --> 00:47:15,119

because the cold war was heating up

1236

00:47:17,910 --> 00:47:16,160

certainly

1237

00:47:20,069 --> 00:47:17,920

and he hemmed in hard and said well look

1238

00:47:22,309 --> 00:47:20,079

they lost 20 million people during the

1239

00:47:24,550 --> 00:47:22,319

war their industrial capacity was was

1240

00:47:27,349 --> 00:47:24,560

badly hurt they don't have a system for

1241

00:47:29,670 --> 00:47:27,359

dropping it for delivering it

1242

00:47:31,829 --> 00:47:29,680

probably take about eight years

1243

00:47:35,270 --> 00:47:31,839

but would you believe that that was in

1244

00:47:36,829 --> 00:47:35,280

48 that in 1949 the russians tested

1245

00:47:39,990 --> 00:47:36,839

their first vehicle caught us

1246

00:47:42,710 --> 00:47:40,000

flat-footed and about the method for

1247

00:47:43,829 --> 00:47:42,720

delivering we had left the b-29 over

1248

00:47:47,589 --> 00:47:43,839

there

1249

00:47:49,589 --> 00:47:47,599

uh used wartime len lease you know

1250

00:47:51,430 --> 00:47:49,599

and they had

1251  
00:47:53,190 --> 00:47:51,440  
made chinese copies of it if you want to

1252  
00:47:55,349 --> 00:47:53,200  
put it that way

1253  
00:47:57,270 --> 00:47:55,359  
remember how we used to talk about the

1254  
00:47:59,349 --> 00:47:57,280  
japanese i guess it was

1255  
00:48:01,270 --> 00:47:59,359  
uh well they're

1256  
00:48:03,430 --> 00:48:01,280  
they're russian backfire bomber what

1257  
00:48:04,829 --> 00:48:03,440  
they what they called was a duplicate

1258  
00:48:08,309 --> 00:48:04,839  
basically of the

1259  
00:48:10,069 --> 00:48:08,319  
b-29 i mean they they copied it

1260  
00:48:12,230 --> 00:48:10,079  
you have to understand

1261  
00:48:13,910 --> 00:48:12,240  
that we were very much concerned we

1262  
00:48:15,910 --> 00:48:13,920  
didn't even have a radar net around the

1263  
00:48:18,230 --> 00:48:15,920

united states what's the need what's the

1264

00:48:20,470 --> 00:48:18,240

rush we got the ground observer core

1265

00:48:22,069 --> 00:48:20,480

they can see the russian planes coming

1266

00:48:23,670 --> 00:48:22,079

except the risks don't have any points

1267

00:48:24,549 --> 00:48:23,680

and nothing to worry about you know

1268

00:48:28,309 --> 00:48:24,559

right

1269

00:48:29,829 --> 00:48:28,319

president truman was in a difficult

1270

00:48:31,190 --> 00:48:29,839

situation

1271

00:48:32,150 --> 00:48:31,200

he certainly

1272

00:48:32,829 --> 00:48:32,160

couldn't

1273

00:48:36,470 --> 00:48:32,839

go

1274

00:48:38,950 --> 00:48:36,480

public with alien spacecraft unknown

1275

00:48:39,829 --> 00:48:38,960

objective unknown source

1276

00:48:41,910 --> 00:48:39,839

uh

1277

00:48:43,829 --> 00:48:41,920

couldn't possibly do that the world was

1278

00:48:45,750 --> 00:48:43,839

in terrible shape at the time was the

1279

00:48:47,190 --> 00:48:45,760

last thing we needed

1280

00:48:49,430 --> 00:48:47,200

and also

1281

00:48:50,790 --> 00:48:49,440

uh maybe we can figure out how these

1282

00:48:52,950 --> 00:48:50,800

things work

1283

00:48:54,710 --> 00:48:52,960

so we can build better airplanes

1284

00:48:56,230 --> 00:48:54,720

and how can we put anything out on the

1285

00:48:58,150 --> 00:48:56,240

table if the other guy doesn't put

1286

00:48:59,829 --> 00:48:58,160

anything out on the table you know so he

1287

00:49:01,589 --> 00:48:59,839

knows what we know and we don't know

1288

00:49:02,390 --> 00:49:01,599

what he knows

1289

00:49:03,270 --> 00:49:02,400

so

1290

00:49:10,870 --> 00:49:03,280

i

1291

00:49:13,670 --> 00:49:10,880

mean that

1292

00:49:15,589 --> 00:49:13,680

but you had a situation which required

1293

00:49:17,990 --> 00:49:15,599

some careful thought

1294

00:49:19,670 --> 00:49:18,000

and real determination where do we want

1295

00:49:21,829 --> 00:49:19,680

to go with this

1296

00:49:24,790 --> 00:49:21,839

you know how much danger is the planet

1297

00:49:27,990 --> 00:49:24,800

in that's not a trivial question no it's

1298

00:49:31,349 --> 00:49:28,000

not and i mean and what what are their

1299

00:49:32,309 --> 00:49:31,359

intentions i mean why why are they here

1300

00:49:34,790 --> 00:49:32,319

okay

1301

00:49:36,630 --> 00:49:34,800

i i mean are are they interested in us

1302

00:49:38,549 --> 00:49:36,640

or the planet itself and if it's the

1303

00:49:40,230 --> 00:49:38,559

planet or themselves

1304

00:49:42,150 --> 00:49:40,240

then you know they may just sweep us

1305

00:49:43,589 --> 00:49:42,160

aside like a broom and said you know we

1306

00:49:44,870 --> 00:49:43,599

don't need these

1307

00:49:46,710 --> 00:49:44,880

earthlings

1308

00:49:48,630 --> 00:49:46,720

well let me that kind of leads me up to

1309

00:49:50,710 --> 00:49:48,640

my next question

1310

00:49:53,430 --> 00:49:50,720

what about today

1311

00:49:56,230 --> 00:49:53,440

why why still put the facade and

1312

00:49:57,670 --> 00:49:56,240

continue to lie i i under i mean i get

1313

00:49:59,829 --> 00:49:57,680

it you know once you tell a lie you got

1314

00:50:02,309 --> 00:49:59,839

to tell another lie to cover up that lie

1315

00:50:05,589 --> 00:50:02,319

or perpetuate it but i mean now we're in

1316

00:50:07,109 --> 00:50:05,599

the 2017 where you know we've got

1317

00:50:08,549 --> 00:50:07,119

mars landers

1318

00:50:10,870 --> 00:50:08,559

people are talking about going back to

1319

00:50:13,109 --> 00:50:10,880

the moon and stuff so why perpetuate it

1320

00:50:15,190 --> 00:50:13,119

why not um

1321

00:50:16,790 --> 00:50:15,200

basically i don't mean necessarily walk

1322

00:50:18,870 --> 00:50:16,800

out on the stage and go okay guys you

1323

00:50:20,549 --> 00:50:18,880

know here's a story but at least

1324

00:50:23,030 --> 00:50:20,559

leak out

1325

00:50:25,030 --> 00:50:23,040

the necessary information so that it's

1326

00:50:27,670 --> 00:50:25,040

out in the open and that we can have an

1327

00:50:31,030 --> 00:50:27,680

honest debate and discussion why

1328

00:50:33,109 --> 00:50:31,040

well i think one primary reason is what

1329

00:50:34,710 --> 00:50:33,119

i mentioned before about technology

1330

00:50:36,710 --> 00:50:34,720

every air force would like to be able to

1331

00:50:38,150 --> 00:50:36,720

duplicate the flying characteristics of

1332

00:50:41,190 --> 00:50:38,160

a flying saucer

1333

00:50:44,630 --> 00:50:41,200

right up down back forth silence

1334

00:50:47,109 --> 00:50:44,640

right very high speed uh etc etc

1335

00:50:48,390 --> 00:50:47,119

well we can't put out on the table what

1336

00:50:50,950 --> 00:50:48,400

we know

1337

00:50:52,710 --> 00:50:50,960

if our enemies don't put out what they

1338

00:50:55,349 --> 00:50:52,720

know why should we give them what we

1339

00:50:56,630 --> 00:50:55,359

have and they all give us what they have

1340

00:51:00,710 --> 00:50:56,640

secondly

1341

00:51:02,390 --> 00:51:00,720

there is real concern on this planet

1342

00:51:04,549 --> 00:51:02,400

we don't know how to make the transition

1343

00:51:06,950 --> 00:51:04,559

from a nationalistically oriented planet

1344

00:51:08,549 --> 00:51:06,960

what do we i don't know 195 countries i

1345

00:51:11,510 --> 00:51:08,559

don't know what the latest number is but

1346

00:51:12,790 --> 00:51:11,520

it's it's it's a number close to 200.

1347

00:51:14,710 --> 00:51:12,800

uh

1348

00:51:17,109 --> 00:51:14,720

there is no earthling

1349

00:51:18,230 --> 00:51:17,119

control system

1350

00:51:19,990 --> 00:51:18,240

uh

1351

00:51:22,870 --> 00:51:20,000

you know people in power want to stay in

1352

00:51:25,030 --> 00:51:22,880

power yeah that's true and a lot of

1353

00:51:26,950 --> 00:51:25,040

people derive a lot of pleasure from

1354

00:51:29,190 --> 00:51:26,960

having the power of being headed or a

1355

00:51:29,990 --> 00:51:29,200

big shot in a country

1356

00:51:31,109 --> 00:51:30,000

so

1357

00:51:32,790 --> 00:51:31,119

you know

1358

00:51:34,630 --> 00:51:32,800

the fact that we have a skewed up

1359

00:51:36,710 --> 00:51:34,640

screwed up system

1360

00:51:39,190 --> 00:51:36,720

look the military budget this year last

1361

00:51:40,470 --> 00:51:39,200

year was a trillion dollars that's for

1362

00:51:41,910 --> 00:51:40,480

planet earth

1363

00:51:43,829 --> 00:51:41,920

united states about half of that

1364

00:51:45,589 --> 00:51:43,839

incidentally

1365

00:51:48,069 --> 00:51:45,599

uh

1366

00:51:49,750 --> 00:51:48,079

how do we go from that to a world

1367

00:51:52,230 --> 00:51:49,760

government

1368

00:51:53,430 --> 00:51:52,240

we don't know how to do that

1369

00:51:56,230 --> 00:51:53,440

you know how many kids died of

1370

00:51:58,309 --> 00:51:56,240

starvation last year oh yeah

1371

00:52:00,390 --> 00:51:58,319

we don't give a damn we got

1372

00:52:02,870 --> 00:52:00,400

a trillion we earthlings have a trillion

1373

00:52:04,710 --> 00:52:02,880

dollars worth of military going on

1374

00:52:07,349 --> 00:52:04,720

that's crazy

1375

00:52:09,670 --> 00:52:07,359

so we we are also there's a religious

1376

00:52:12,470 --> 00:52:09,680

side of the story too

1377

00:52:14,309 --> 00:52:12,480

uh i've had people ask me did jesus die

1378

00:52:15,270 --> 00:52:14,319

to save them

1379

00:52:16,950 --> 00:52:15,280

uh

1380

00:52:18,549 --> 00:52:16,960

and what if not

1381

00:52:20,630 --> 00:52:18,559

i've talked to fundamentalists who

1382

00:52:23,750 --> 00:52:20,640

insist that uh the world was created in

1383

00:52:24,710 --> 00:52:23,760

4004 bc on a thursday afternoon i think

1384

00:52:25,670 --> 00:52:24,720

it was

1385

00:52:26,870 --> 00:52:25,680

uh

1386

00:52:28,230 --> 00:52:26,880

well

1387

00:52:29,670 --> 00:52:28,240

who you know

1388

00:52:31,190 --> 00:52:29,680

are

1389

00:52:33,109 --> 00:52:31,200

totally

1390

00:52:35,589 --> 00:52:33,119

one that was it was a jerry falwell like

1391

00:52:37,030 --> 00:52:35,599

i said that all the intelligent life in

1392

00:52:37,910 --> 00:52:37,040

the universe is right here on planet

1393

00:52:40,069 --> 00:52:37,920

earth

1394

00:52:40,790 --> 00:52:40,079

oh man i hope not

1395

00:52:43,030 --> 00:52:40,800

well

1396

00:52:45,109 --> 00:52:43,040

yeah let's hope the good lord can do

1397

00:52:47,670 --> 00:52:45,119

better than that but

1398

00:52:52,069 --> 00:52:47,680

no kidding but what i'm saying is we're

1399

00:52:55,190 --> 00:52:52,079

not very good at transitioning

1400

00:52:57,589 --> 00:52:55,200

from one situation to a very very

1401

00:52:59,109 --> 00:52:57,599

different situation

1402

00:53:01,910 --> 00:52:59,119

and so

1403

00:53:03,510 --> 00:53:01,920

you know where do we go from here and

1404

00:53:05,349 --> 00:53:03,520

i'm not saying we in the russians

1405

00:53:07,670 --> 00:53:05,359

haven't and chinese haven't exchanged

1406

00:53:10,069 --> 00:53:07,680

information maybe we have

1407

00:53:13,670 --> 00:53:10,079

for all i know it's possible

1408

00:53:15,109 --> 00:53:13,680

but we we have a planet in trouble

1409

00:53:16,790 --> 00:53:15,119

on the one hand we're growing we're

1410

00:53:18,230 --> 00:53:16,800

getting smarter

1411

00:53:20,309 --> 00:53:18,240

on the other hand you have to say how

1412

00:53:22,390 --> 00:53:20,319

stupid can you get to spend all your

1413

00:53:24,390 --> 00:53:22,400

resources that way

1414

00:53:26,230 --> 00:53:24,400

instead of feeding those starving kids

1415

00:53:27,829 --> 00:53:26,240

you know well yeah and if

1416

00:53:29,910 --> 00:53:27,839

if you look at history whenever we've

1417

00:53:32,870 --> 00:53:29,920

had a technological breakthrough whether

1418

00:53:33,589 --> 00:53:32,880

it's uh the airplane or the automobile

1419

00:53:34,950 --> 00:53:33,599

or

1420

00:53:37,270 --> 00:53:34,960

uh

1421

00:53:38,870 --> 00:53:37,280

internet or whatever we have a tendency

1422

00:53:40,230 --> 00:53:38,880

to weaponize it

1423

00:53:41,670 --> 00:53:40,240

okay you're right

1424

00:53:43,510 --> 00:53:41,680

we split the atom and the first thing we

1425

00:53:44,950 --> 00:53:43,520

did is make a bomb out of it

1426  
00:53:46,870 --> 00:53:44,960  
i i mean

1427  
00:53:47,829 --> 00:53:46,880  
what else would you do

1428  
00:53:51,270 --> 00:53:47,839  
yeah

1429  
00:53:54,470 --> 00:53:51,280  
you know that

1430  
00:53:56,470 --> 00:53:54,480  
that type of uh

1431  
00:53:59,030 --> 00:53:56,480  
technology i guess or that type of

1432  
00:54:00,630 --> 00:53:59,040  
mindset is what i was looking for

1433  
00:54:02,630 --> 00:54:00,640  
yeah that you know but we're going to

1434  
00:54:04,549 --> 00:54:02,640  
take this technology and and we're going

1435  
00:54:06,069 --> 00:54:04,559  
to put it into the military industrial

1436  
00:54:08,470 --> 00:54:06,079  
complex and

1437  
00:54:10,710 --> 00:54:08,480  
and therefore we can crush our enemies

1438  
00:54:13,270 --> 00:54:10,720

uh that much faster and that much

1439

00:54:14,630 --> 00:54:13,280

thoroughly and and that's a sad state of

1440

00:54:16,230 --> 00:54:14,640

affairs really when you stop and think

1441

00:54:18,150 --> 00:54:16,240

about it

1442

00:54:21,910 --> 00:54:18,160

we're at this stage that we have the

1443

00:54:24,950 --> 00:54:21,920

ability uh probably to

1444

00:54:27,589 --> 00:54:24,960

solve the starvation problem probably be

1445

00:54:31,510 --> 00:54:27,599

able to conquer a lot of diseases

1446

00:54:33,990 --> 00:54:31,520

okay if we put our if we put our uh our

1447

00:54:35,990 --> 00:54:34,000

resources on it but

1448

00:54:38,549 --> 00:54:36,000

when you spend

1449

00:54:41,750 --> 00:54:38,559

a third or maybe half of your uh

1450

00:54:44,549 --> 00:54:41,760

uh budget in uh weaponizing uh the

1451

00:54:46,309 --> 00:54:44,559

technology you're not going to do it

1452

00:54:48,390 --> 00:54:46,319

and that's the scare i mean we we just

1453

00:54:50,150 --> 00:54:48,400

what built an aircraft carrier 13

1454

00:54:51,990 --> 00:54:50,160

billion dollars

1455

00:54:54,870 --> 00:54:52,000

is what is that what that one cost uh

1456

00:54:57,750 --> 00:54:54,880

yeah the gerald ford the uss general

1457

00:54:59,349 --> 00:54:57,760

yeah um 13 billion dollars

1458

00:55:00,950 --> 00:54:59,359

and i just kind of shook my head because

1459

00:55:02,390 --> 00:55:00,960

i'm one of those people that think that

1460

00:55:04,309 --> 00:55:02,400

the aircraft carrier is going by the

1461

00:55:07,270 --> 00:55:04,319

wayside like the battleship i think it's

1462

00:55:10,790 --> 00:55:07,280

uh it's a dinosaur and and it'll be

1463

00:55:12,710 --> 00:55:10,800

proven to be um not the uh

1464

00:55:15,030 --> 00:55:12,720

my my father-in-law

1465

00:55:17,030 --> 00:55:15,040

uh he's deceased now but he was a

1466

00:55:21,510 --> 00:55:17,040

nuclear submarine commander he commanded

1467

00:55:23,510 --> 00:55:21,520

the uss pogey and he told me that the

1468

00:55:26,870 --> 00:55:23,520

most dangerous weapon platform on the

1469

00:55:27,750 --> 00:55:26,880

planet bar none is the submarine

1470

00:55:32,230 --> 00:55:27,760

and

1471

00:55:35,910 --> 00:55:32,240

when we were having this because you

1472

00:55:38,230 --> 00:55:35,920

can't find them you understand well yeah

1473

00:55:40,549 --> 00:55:38,240

and and not only that but he back in the

1474

00:55:42,549 --> 00:55:40,559

90s i mean he was retired from the u.s

1475

00:55:44,390 --> 00:55:42,559

navy and but we got into this discussion

1476

00:55:46,870 --> 00:55:44,400

he's he he's the one that said the

1477

00:55:49,430 --> 00:55:46,880

aircraft carrier is a dinosaur

1478

00:55:51,589 --> 00:55:49,440

and i go uh uh

1479

00:55:53,510 --> 00:55:51,599

really george and he goes oh yeah he

1480

00:55:55,510 --> 00:55:53,520

said we can find the aircraft carrier

1481

00:55:57,910 --> 00:55:55,520

anytime we want he says but we can't

1482

00:55:59,829 --> 00:55:57,920

find that submarine anytime we want

1483

00:56:01,990 --> 00:55:59,839

exactly right but there is another part

1484

00:56:04,470 --> 00:56:02,000

of that remember that the aircraft

1485

00:56:07,510 --> 00:56:04,480

carrier can operate for 18 years without

1486

00:56:09,589 --> 00:56:07,520

refueling right he's right

1487

00:56:12,069 --> 00:56:09,599

and when you're a sea captain being able

1488

00:56:14,470 --> 00:56:12,079

to forget about the gas tank

1489

00:56:15,670 --> 00:56:14,480

is a very big thing because you can go

1490

00:56:18,150 --> 00:56:15,680

full speed

1491

00:56:20,470 --> 00:56:18,160

now forever that's but that's true with

1492

00:56:23,190 --> 00:56:20,480

the submarine i mean oh yes the

1493

00:56:26,069 --> 00:56:23,200

submarine is uh oh i'm not knocking the

1494

00:56:27,990 --> 00:56:26,079

nuclear submarine the fact that

1495

00:56:31,589 --> 00:56:28,000

nobody knows where it is

1496

00:56:33,910 --> 00:56:31,599

so mutually assured destruction

1497

00:56:35,990 --> 00:56:33,920

i'll get back at you buddy that's right

1498

00:56:37,990 --> 00:56:36,000

yeah and you know with the with the

1499

00:56:40,309 --> 00:56:38,000

technology i i just

1500

00:56:41,430 --> 00:56:40,319

read an article mj here about uh three

1501  
00:56:43,910 --> 00:56:41,440  
days ago

1502  
00:56:45,910 --> 00:56:43,920  
the russians are planning on building a

1503  
00:56:47,030 --> 00:56:45,920  
30 000

1504  
00:56:50,069 --> 00:56:47,040  
um

1505  
00:56:53,190 --> 00:56:50,079  
division company of robots they want 30

1506  
00:56:54,150 --> 00:56:53,200  
000 battle hard robots

1507  
00:56:57,829 --> 00:56:54,160  
yeah

1508  
00:56:59,589 --> 00:56:57,839  
and uh and and i'm you know i'm one of

1509  
00:57:01,349 --> 00:56:59,599  
those that i think that uh you know it's

1510  
00:57:02,950 --> 00:57:01,359  
going to come to pass i mean

1511  
00:57:05,030 --> 00:57:02,960  
computers and robots as like peanut

1512  
00:57:06,470 --> 00:57:05,040  
butter and jelly or beer and pizza they

1513  
00:57:08,549 --> 00:57:06,480

just go together

1514

00:57:11,190 --> 00:57:08,559

and and the military is not going to

1515

00:57:12,710 --> 00:57:11,200

pass up an opportunity to weaponize that

1516

00:57:13,910 --> 00:57:12,720

technology all we have to do is look at

1517

00:57:15,589 --> 00:57:13,920

the drones

1518

00:57:17,270 --> 00:57:15,599

gentlemen using that gentleman guess

1519

00:57:19,349 --> 00:57:17,280

what we we did miss our first break

1520

00:57:20,950 --> 00:57:19,359

because the discussion was just too good

1521

00:57:22,150 --> 00:57:20,960

to cut off but we're going to take one

1522

00:57:23,990 --> 00:57:22,160

take a five minute break you're

1523

00:57:25,430 --> 00:57:24,000

listening to stat and freeman tonight on

1524

00:57:29,990 --> 00:57:25,440

paying radio heard on the inception

1525

00:57:35,349 --> 00:57:32,309

welcome back to paying radio tonight we

1526

00:57:36,789 --> 00:57:35,359

have on the man himself the king um he

1527

00:57:38,630 --> 00:57:36,799

looks a little like elvis he's got a

1528

00:57:40,470 --> 00:57:38,640

beard maybe sort of a beard but stanton

1529

00:57:43,430 --> 00:57:40,480

freeman's with us tonight we thank him

1530

00:57:45,349 --> 00:57:43,440

for being on well stan um another

1531

00:57:47,430 --> 00:57:45,359

another good good case with a lot of

1532

00:57:48,789 --> 00:57:47,440

good evidence is shag harbor are you

1533

00:57:50,230 --> 00:57:48,799

close to shag harbor how far are you

1534

00:57:53,270 --> 00:57:50,240

away

1535

00:57:55,589 --> 00:57:53,280

well it's uh let's see over over a

1536

00:57:56,710 --> 00:57:55,599

four-hour drive okay

1537

00:58:02,230 --> 00:57:56,720

okay

1538

00:58:05,270 --> 00:58:02,240

i've talked to some of the witnesses and

1539

00:58:07,430 --> 00:58:05,280

it's a good case uh

1540

00:58:09,430 --> 00:58:07,440

partly because

1541

00:58:10,950 --> 00:58:09,440

the rcmp the royal canadian mounted

1542

00:58:12,390 --> 00:58:10,960

police got involved right after it

1543

00:58:14,470 --> 00:58:12,400

happened there were witnesses to the

1544

00:58:16,710 --> 00:58:14,480

darn thing going down in the water and

1545

00:58:18,230 --> 00:58:16,720

they thought it was an airplane

1546

00:58:20,150 --> 00:58:18,240

you know so we got to do something to

1547

00:58:21,510 --> 00:58:20,160

save the poor people in the airplane

1548

00:58:24,309 --> 00:58:21,520

that are going to drown in all that

1549

00:58:26,390 --> 00:58:24,319

water you know right and so they were on

1550

00:58:29,829 --> 00:58:26,400

site very quickly

1551

00:58:30,950 --> 00:58:29,839

and uh it didn't find any airplane and

1552

00:58:33,030 --> 00:58:30,960

stuff and

1553

00:58:34,549 --> 00:58:33,040

it was a good case there there was a

1554

00:58:37,109 --> 00:58:34,559

there's a sensitive element there

1555

00:58:40,069 --> 00:58:37,119

because that's an area south south

1556

00:58:41,430 --> 00:58:40,079

border of nova scotia there

1557

00:58:44,630 --> 00:58:41,440

where

1558

00:58:45,750 --> 00:58:44,640

the russian submarines go by and other

1559

00:58:47,030 --> 00:58:45,760

places

1560

00:58:48,789 --> 00:58:47,040

other

1561

00:58:50,789 --> 00:58:48,799

military craft

1562

00:58:52,950 --> 00:58:50,799

and so it's not a place that we like to

1563

00:58:55,829 --> 00:58:52,960

talk a lot about either government the

1564

00:58:56,870 --> 00:58:55,839

united states or uh canada

1565

00:58:58,150 --> 00:58:56,880

uh

1566

00:59:00,470 --> 00:58:58,160

and so

1567

00:59:02,630 --> 00:59:00,480

they didn't find something but i the

1568

00:59:04,789 --> 00:59:02,640

witnesses of course were younger and so

1569

00:59:06,630 --> 00:59:04,799

and many of them are still around

1570

00:59:09,589 --> 00:59:06,640

i'm satisfied they now they don't have a

1571

00:59:11,990 --> 00:59:09,599

good museum there right much of them

1572

00:59:13,589 --> 00:59:12,000

it's unlike roswell i was there three

1573

00:59:15,990 --> 00:59:13,599

weeks ago and uh

1574

00:59:18,309 --> 00:59:16,000

my goodness there were over 7000

1575

00:59:19,670 --> 00:59:18,319

visitors to roswell

1576

00:59:21,589 --> 00:59:19,680

uh

1577

00:59:22,950 --> 00:59:21,599

and considering that roswell's in the

1578

00:59:24,390 --> 00:59:22,960

middle of nowhere

1579

00:59:26,549 --> 00:59:24,400

all right right

1580

00:59:29,270 --> 00:59:26,559

it's not on the way to anywhere

1581

00:59:32,230 --> 00:59:29,280

i sold all my books uh

1582

00:59:33,589 --> 00:59:32,240

it's a proof that the people from all

1583

00:59:37,109 --> 00:59:33,599

over the world are interested because

1584

00:59:40,470 --> 00:59:38,710

and so

1585

00:59:42,150 --> 00:59:40,480

the shack arbor isn't like that it

1586

00:59:44,549 --> 00:59:42,160

doesn't have that kind of attractive

1587

00:59:46,549 --> 00:59:44,559

power and it doesn't have the freedom

1588

00:59:48,710 --> 00:59:46,559

uh for some of the discussions that have

1589

00:59:50,710 --> 00:59:48,720

taken place uh

1590

00:59:53,270 --> 00:59:50,720

because of like i say the sensitive

1591

00:59:55,589 --> 00:59:53,280

underwater uh all that sort of stuff but

1592

00:59:58,309 --> 00:59:55,599

uh no it's a good case and

1593

01:00:02,069 --> 00:59:58,319

look the the aztec case is an excellent

1594

01:00:04,069 --> 01:00:02,079

yeah scott suzanne radzi about that

1595

01:00:06,309 --> 01:00:04,079

uh they dug out all kinds of information

1596

01:00:07,510 --> 01:00:06,319

that nobody had before them

1597

01:00:08,870 --> 01:00:07,520

apparently

1598

01:00:11,270 --> 01:00:08,880

it's one of the factors that get into

1599

01:00:13,750 --> 01:00:11,280

these cases suzanne

1600

01:00:15,109 --> 01:00:13,760

his family is from around there

1601  
01:00:17,750 --> 01:00:15,119  
so

1602  
01:00:18,870 --> 01:00:17,760  
people don't aren't as ready in small

1603  
01:00:22,069 --> 01:00:18,880  
towns

1604  
01:00:23,670 --> 01:00:22,079  
to talk to strangers

1605  
01:00:26,150 --> 01:00:23,680  
but if you've got family and you know

1606  
01:00:28,789 --> 01:00:26,160  
people that it's much easier to get them

1607  
01:00:30,789 --> 01:00:28,799  
to talk so they found witnesses they

1608  
01:00:31,910 --> 01:00:30,799  
found a lot of stuff that nobody else

1609  
01:00:34,150 --> 01:00:31,920  
had found

1610  
01:00:35,910 --> 01:00:34,160  
but there was a crash in the plains of

1611  
01:00:37,190 --> 01:00:35,920  
san agustin

1612  
01:00:41,349 --> 01:00:37,200  
uh

1613  
01:00:45,589 --> 01:00:44,150

there have been crash saucers

1614

01:00:48,230 --> 01:00:45,599

many of them

1615

01:00:50,950 --> 01:00:48,240

well you know one of the uh things i run

1616

01:00:52,549 --> 01:00:50,960

into a lot when i uh talk and discuss

1617

01:00:54,549 --> 01:00:52,559

with people and they they kind of roll

1618

01:00:56,470 --> 01:00:54,559

their eyes and they go come on ken they

1619

01:00:58,549 --> 01:00:56,480

have the technology to come here and

1620

01:01:00,069 --> 01:00:58,559

then they get here and what happens

1621

01:01:01,750 --> 01:01:00,079

they crash

1622

01:01:03,270 --> 01:01:01,760

and i look at them and i said well let

1623

01:01:04,470 --> 01:01:03,280

me ask you something

1624

01:01:06,230 --> 01:01:04,480

how long do you think we've been

1625

01:01:08,230 --> 01:01:06,240

building boats

1626

01:01:11,109 --> 01:01:08,240

i said i think we've got it down pretty

1627

01:01:13,270 --> 01:01:11,119

pretty good that uh we know how to build

1628

01:01:15,910 --> 01:01:13,280

a boat and and keep it afloat but i said

1629

01:01:17,910 --> 01:01:15,920

they still sink oh yeah oh yeah can like

1630

01:01:20,309 --> 01:01:17,920

interior sucked up many of them like

1631

01:01:22,150 --> 01:01:20,319

more oh yeah yeah yeah and

1632

01:01:24,069 --> 01:01:22,160

and you know i said you know we've been

1633

01:01:27,190 --> 01:01:24,079

flying for a little over a hundred years

1634

01:01:29,190 --> 01:01:27,200

i said i i think we understand lyft and

1635

01:01:31,270 --> 01:01:29,200

and how the aircraft works but i said

1636

01:01:32,950 --> 01:01:31,280

they still crash

1637

01:01:35,910 --> 01:01:32,960

you know i said so what makes you think

1638

01:01:37,430 --> 01:01:35,920

that you know they're not infallible

1639

01:01:39,270 --> 01:01:37,440

okay i mean they

1640

01:01:41,589 --> 01:01:39,280

whoever or whatever

1641

01:01:43,910 --> 01:01:41,599

um you know if it's a machine at some

1642

01:01:46,789 --> 01:01:43,920

point in time it has the possibility of

1643

01:01:48,630 --> 01:01:46,799

of breaking down or you know in our case

1644

01:01:50,470 --> 01:01:48,640

pilot error i mean what makes you think

1645

01:01:56,309 --> 01:01:50,480

that they're so perfect that they don't

1646

01:02:01,270 --> 01:01:58,390

i think that there was probably a

1647

01:02:03,030 --> 01:02:01,280

mid-air collision

1648

01:02:05,589 --> 01:02:03,040

you're listening to love advice with

1649

01:02:07,670 --> 01:02:05,599

leanne caller you're on the air uh hi

1650

01:02:08,710 --> 01:02:07,680

leanne long time listener first time

1651  
01:02:10,630 --> 01:02:08,720  
caller

1652  
01:02:12,789 --> 01:02:10,640  
why in your professional opinion do you

1653  
01:02:13,910 --> 01:02:12,799  
never take my calls off the air is this

1654  
01:02:18,549 --> 01:02:13,920  
carl

1655  
01:02:21,589 --> 01:02:18,559  
everything was great i thought uh well

1656  
01:02:22,950 --> 01:02:21,599  
you know when you switch to geico you

1657  
01:02:25,430 --> 01:02:22,960  
could save a lot of money on car

1658  
01:02:28,390 --> 01:02:25,440  
insurance okay awesome you should call

1659  
01:02:30,230 --> 01:02:28,400  
them i will geico because saving 15 or

1660  
01:02:32,630 --> 01:02:30,240  
more on car insurance is always the

1661  
01:02:34,390 --> 01:02:32,640  
great answer planes of san agustin and

1662  
01:02:37,030 --> 01:02:34,400  
roswell that

1663  
01:02:38,470 --> 01:02:37,040

i found that there was a radar set on

1664

01:02:40,470 --> 01:02:38,480

because they were going to launch from

1665

01:02:43,510 --> 01:02:40,480

uh white sands

1666

01:02:46,309 --> 01:02:43,520

and back those days guys they were

1667

01:02:48,870 --> 01:02:46,319

vacuum tube radar systems

1668

01:02:51,829 --> 01:02:48,880

and you had to leave them on

1669

01:02:53,349 --> 01:02:51,839

otherwise you got a warm-up time

1670

01:02:55,589 --> 01:02:53,359

and so here you are in the middle of

1671

01:02:57,910 --> 01:02:55,599

nowhere and you've got a pilot and a

1672

01:03:00,470 --> 01:02:57,920

wingman aliens of course

1673

01:03:02,390 --> 01:03:00,480

and they come across this damn radar

1674

01:03:04,309 --> 01:03:02,400

beam that's sitting out there well you

1675

01:03:06,870 --> 01:03:04,319

know that's rotating you've brought that

1676

01:03:09,109 --> 01:03:06,880

up ken i mean as a theory yeah

1677

01:03:10,549 --> 01:03:09,119

my my uh

1678

01:03:12,630 --> 01:03:10,559

let me

1679

01:03:15,029 --> 01:03:12,640

dovetail here a little quick on that

1680

01:03:16,950 --> 01:03:15,039

um i asked my father-in-law i said you

1681

01:03:19,029 --> 01:03:16,960

know george i said uh when you're

1682

01:03:20,309 --> 01:03:19,039

underwater did you ever track any

1683

01:03:22,230 --> 01:03:20,319

unknowns

1684

01:03:23,670 --> 01:03:22,240

and he got a real serious look at him he

1685

01:03:25,589 --> 01:03:23,680

said all the time and that's all i'm

1686

01:03:26,470 --> 01:03:25,599

going to say about it and he knew he

1687

01:03:28,710 --> 01:03:26,480

knew where

1688

01:03:31,589 --> 01:03:28,720

where i was coming from and one day i'm

1689

01:03:33,270 --> 01:03:31,599

at the house they he would retire there

1690

01:03:34,150 --> 01:03:33,280

on the island of oahu and i'm sitting on

1691

01:03:36,069 --> 01:03:34,160

the beach

1692

01:03:37,270 --> 01:03:36,079

looking at the bikinis walking by on the

1693

01:03:39,589 --> 01:03:37,280

on the beat

1694

01:03:41,430 --> 01:03:39,599

and not that i would do that but all of

1695

01:03:43,430 --> 01:03:41,440

a sudden he walks up behind me and he

1696

01:03:45,750 --> 01:03:43,440

hands me a book

1697

01:03:47,510 --> 01:03:45,760

he goes the book stays in the house but

1698

01:03:49,910 --> 01:03:47,520

he said it was written by my academy

1699

01:03:51,750 --> 01:03:49,920

classmate he said the navy

1700

01:03:54,150 --> 01:03:51,760

tried to keep him from publishing it and

1701

01:03:56,069 --> 01:03:54,160

at that time it was still

1702

01:03:57,829 --> 01:03:56,079

being argued in the courts

1703

01:03:59,430 --> 01:03:57,839

but he had he had one of the original

1704

01:04:01,670 --> 01:03:59,440

copies and he says i think you'll find

1705

01:04:03,990 --> 01:04:01,680

chapter 11 interesting

1706

01:04:06,390 --> 01:04:04,000

so i went right to chapter 11 and and

1707

01:04:08,470 --> 01:04:06,400

what it was about was the navy

1708

01:04:11,029 --> 01:04:08,480

during world war ii

1709

01:04:14,630 --> 01:04:11,039

the japanese had a nasty habit

1710

01:04:17,510 --> 01:04:14,640

of popping out behind thunderstorms and

1711

01:04:19,829 --> 01:04:17,520

engaging the u.s navy and in the battle

1712

01:04:22,870 --> 01:04:19,839

of okinawa the navy had to put

1713

01:04:25,029 --> 01:04:22,880

destroyers out every 26 miles

1714

01:04:26,950 --> 01:04:25,039

because the kamikazes would fly under

1715

01:04:29,190 --> 01:04:26,960

the curve because of the curvature of

1716

01:04:30,950 --> 01:04:29,200

the of the planet would fly under the

1717

01:04:33,349 --> 01:04:30,960

radar beam and then at the last moment

1718

01:04:36,630 --> 01:04:33,359

they would pop up and dive bomb into the

1719

01:04:39,510 --> 01:04:36,640

ship so the navy was trying to develop

1720

01:04:41,990 --> 01:04:39,520

over the horizon radar

1721

01:04:43,430 --> 01:04:42,000

and and they were trying to see if they

1722

01:04:46,390 --> 01:04:43,440

could pierce

1723

01:04:50,230 --> 01:04:46,400

uh thunderstorms and staten guess where

1724

01:04:54,390 --> 01:04:52,630

white sands new mexico oh

1725

01:04:56,390 --> 01:04:54,400

i should have known of course

1726

01:04:58,470 --> 01:04:56,400

yeah and and

1727

01:05:01,109 --> 01:04:58,480

you know for for him to tell me i think

1728

01:05:03,589 --> 01:05:01,119

it made me think that maybe because if

1729

01:05:06,150 --> 01:05:03,599

i'm if i'm right there was a

1730

01:05:08,630 --> 01:05:06,160

horrendous electrical storm

1731

01:05:09,829 --> 01:05:08,640

that was moving across new mexico into

1732

01:05:12,950 --> 01:05:09,839

texas

1733

01:05:14,789 --> 01:05:12,960

uh in july of that year and i could just

1734

01:05:17,270 --> 01:05:14,799

see the navy turning on their high

1735

01:05:19,829 --> 01:05:17,280

potency uh microwave radar to see if

1736

01:05:21,349 --> 01:05:19,839

they could penetrate that thunderstorm

1737

01:05:22,710 --> 01:05:21,359

and they didn't know that there was two

1738

01:05:24,470 --> 01:05:22,720

craft up there

1739

01:05:26,789 --> 01:05:24,480

and yeah you know

1740

01:05:28,870 --> 01:05:26,799

i love it i think that

1741

01:05:31,430 --> 01:05:28,880

i i think that's so true because it's

1742

01:05:33,349 --> 01:05:31,440

the unexpected you know we can talk

1743

01:05:35,109 --> 01:05:33,359

about drones and robots and all this

1744

01:05:37,349 --> 01:05:35,119

kind of stuff but

1745

01:05:40,230 --> 01:05:37,359

behavior is still something we can't go

1746

01:05:41,109 --> 01:05:40,240

100 percent on things gonna happen you

1747

01:05:42,150 --> 01:05:41,119

know

1748

01:05:44,710 --> 01:05:42,160

and so

1749

01:05:46,549 --> 01:05:44,720

uh that's what you have to

1750

01:05:48,789 --> 01:05:46,559

look out for the fact that they can get

1751

01:05:50,069 --> 01:05:48,799

here from someplace else

1752

01:05:54,710 --> 01:05:50,079

doesn't mean that they don't spill

1753

01:05:59,270 --> 01:05:57,029

i don't know where that came from but no

1754

01:06:00,789 --> 01:05:59,280

but that's a that's a point well made i

1755

01:06:02,390 --> 01:06:00,799

mean we have a tendency to think that

1756

01:06:04,630 --> 01:06:02,400

just because they have a technological

1757

01:06:06,870 --> 01:06:04,640

leap on us that they're infallible and i

1758

01:06:09,990 --> 01:06:06,880

don't see that at all

1759

01:06:11,750 --> 01:06:10,000

no and we have weather on this planet we

1760

01:06:14,470 --> 01:06:11,760

this is not a planet which is able to

1761

01:06:18,069 --> 01:06:14,480

control its weather to avoid all kinds

1762

01:06:19,670 --> 01:06:18,079

of bad sequences of things happening

1763

01:06:21,349 --> 01:06:19,680

look at the hurricanes look at the

1764

01:06:22,630 --> 01:06:21,359

typhoons

1765

01:06:23,910 --> 01:06:22,640

uh you know

1766

01:06:25,589 --> 01:06:23,920

uh

1767

01:06:27,670 --> 01:06:25,599

everything happening at just the wrong

1768

01:06:29,990 --> 01:06:27,680

time you know whenever you're gonna take

1769

01:06:32,870 --> 01:06:30,000

off or land or whatever

1770

01:06:35,670 --> 01:06:32,880

so there are unpredictable things like

1771

01:06:40,549 --> 01:06:37,510

and and and to think for one minute that

1772

01:06:42,150 --> 01:06:40,559

that's not going to impact a uh uh alien

1773

01:06:44,069 --> 01:06:42,160

race that comes here

1774

01:06:45,430 --> 01:06:44,079

um it would be ludicrous i mean they

1775

01:06:47,670 --> 01:06:45,440

they would have to i'm going to answer

1776

01:06:48,710 --> 01:06:47,680

this phone for just a second yep go

1777

01:06:51,109 --> 01:06:48,720

ahead

1778

01:06:53,270 --> 01:06:51,119

that makes that's a good point ken

1779

01:06:56,789 --> 01:06:53,280

well yeah i just think that uh you know

1780

01:06:58,870 --> 01:06:56,799

to be able to to think you know for

1781

01:07:00,150 --> 01:06:58,880

i guess naysayers or

1782

01:07:01,750 --> 01:07:00,160

or are

1783

01:07:03,430 --> 01:07:01,760

skeptics to make that

1784

01:07:05,829 --> 01:07:03,440

to make that claim

1785

01:07:07,910 --> 01:07:05,839

just doesn't um doesn't hold water it

1786

01:07:09,589 --> 01:07:07,920

doesn't wash i mean because we're we're

1787

01:07:11,670 --> 01:07:09,599

making a big assumption that they're

1788

01:07:13,349 --> 01:07:11,680

infallible that they're perfect

1789

01:07:15,109 --> 01:07:13,359

yeah and of course we're not perfect by

1790

01:07:17,670 --> 01:07:15,119

any means you know that definitely well

1791

01:07:19,990 --> 01:07:17,680

hell no and and that their equipment is

1792

01:07:23,029 --> 01:07:20,000

not going to malfunction radio

1793

01:07:25,270 --> 01:07:23,039

so i just don't see how any of that uh

1794

01:07:26,870 --> 01:07:25,280

you know holds water when it comes to

1795

01:07:28,549 --> 01:07:26,880

you know wow when i come here for mans

1796

01:07:30,470 --> 01:07:28,559

of my we don't know that they come from

1797

01:07:32,390 --> 01:07:30,480

billions of miles away either right

1798

01:07:33,910 --> 01:07:32,400

right i mean they could be just outside

1799

01:07:35,910 --> 01:07:33,920

of our solar system like i said they

1800

01:07:38,069 --> 01:07:35,920

could be nomadic and like stanton said

1801

01:07:40,069 --> 01:07:38,079

that you know they've got a mother ship

1802

01:07:43,349 --> 01:07:40,079

and you know they're just a few hours

1803

01:07:44,950 --> 01:07:43,359

away by by flight at their craft and it

1804

01:07:47,029 --> 01:07:44,960

doesn't necessarily mean that their

1805

01:07:48,390 --> 01:07:47,039

technology is infallible that it doesn't

1806

01:07:49,510 --> 01:07:48,400

make mistakes

1807

01:07:50,870 --> 01:07:49,520

they're probably they're probably

1808

01:07:53,029 --> 01:07:50,880

building right inside the earth they've

1809

01:07:55,910 --> 01:07:53,039

been here for thousands of years and

1810

01:07:57,589 --> 01:07:55,920

sorry about that yeah that's okay stand

1811

01:07:59,750 --> 01:07:57,599

yeah we were just uh we were just

1812

01:08:01,589 --> 01:07:59,760

commenting on you know the fact that uh

1813

01:08:03,349 --> 01:08:01,599

that you know just because they have a

1814

01:08:04,630 --> 01:08:03,359

technological jump on us doesn't mean

1815

01:08:06,710 --> 01:08:04,640

that they don't make mistakes and that

1816

01:08:08,230 --> 01:08:06,720

their equipment doesn't break down

1817

01:08:11,029 --> 01:08:08,240

um

1818

01:08:12,309 --> 01:08:11,039

you know i mean it just doesn't i i

1819

01:08:13,990 --> 01:08:12,319

don't understand

1820

01:08:15,670 --> 01:08:14,000

how a person would make would really

1821

01:08:17,749 --> 01:08:15,680

believe that well i can't see them

1822

01:08:19,669 --> 01:08:17,759

coming all the way here and crashing

1823

01:08:21,590 --> 01:08:19,679

well we don't know we don't know what

1824

01:08:22,550 --> 01:08:21,600

the circumstances were that caused the

1825

01:08:27,669 --> 01:08:22,560

crash

1826

01:08:29,510 --> 01:08:27,679

very sophisticated system wasn't it

1827

01:08:30,550 --> 01:08:29,520

yeah yeah it was

1828

01:08:31,510 --> 01:08:30,560

oh yeah

1829

01:08:33,590 --> 01:08:31,520

hey

1830

01:08:34,630 --> 01:08:33,600

um you know you look at the uh the

1831

01:08:37,110 --> 01:08:34,640

thresher

1832

01:08:39,829 --> 01:08:37,120

the the submarine that went down back in

1833

01:08:41,990 --> 01:08:39,839

the 60s because of a water pipe

1834

01:08:44,550 --> 01:08:42,000

and and and it flooded the front of the

1835

01:08:46,709 --> 01:08:44,560

forward compartments and and uh you know

1836

01:08:49,269 --> 01:08:46,719

george my father-in-law said that they

1837

01:08:50,550 --> 01:08:49,279

didn't anticipate

1838

01:08:51,990 --> 01:08:50,560

on on

1839

01:08:53,910 --> 01:08:52,000

the the flooding of the forward

1840

01:08:55,669 --> 01:08:53,920

compartment when it was doing a test

1841

01:08:57,829 --> 01:08:55,679

dive when the water pump when the water

1842

01:08:59,749 --> 01:08:57,839

pipe broke they didn't have any shutoff

1843

01:09:02,070 --> 01:08:59,759

valves to shut the water off

1844

01:09:03,269 --> 01:09:02,080

it was an oversight on the on you know

1845

01:09:05,430 --> 01:09:03,279

architectural

1846

01:09:08,550 --> 01:09:05,440

table when they were drawing it up

1847

01:09:10,709 --> 01:09:08,560

so yeah i i don't know you know

1848

01:09:12,789 --> 01:09:10,719

we make mistakes why don't they

1849

01:09:14,709 --> 01:09:12,799

and so yeah i see their i see them

1850

01:09:17,669 --> 01:09:14,719

having the ability to crash

1851

01:09:19,669 --> 01:09:17,679

you know you bet i i don't uh for a

1852

01:09:20,789 --> 01:09:19,679

minute think that that's not a plausible

1853

01:09:22,870 --> 01:09:20,799

explanation

1854

01:09:24,070 --> 01:09:22,880

that they're not that that they're

1855

01:09:25,189 --> 01:09:24,080

perfect

1856

01:09:27,829 --> 01:09:25,199

no

1857

01:09:29,030 --> 01:09:27,839

i agree with you uh and and

1858

01:09:31,430 --> 01:09:29,040

you know

1859

01:09:32,229 --> 01:09:31,440

but what we have to worry about here is

1860

01:09:33,430 --> 01:09:32,239

that

1861

01:09:36,630 --> 01:09:33,440

there's been

1862

01:09:39,349 --> 01:09:36,640

the planet's 4 billion years old

1863

01:09:41,189 --> 01:09:39,359

the galaxies are at least 13 billion

1864

01:09:44,229 --> 01:09:41,199

years old

1865

01:09:46,630 --> 01:09:44,239

who knows what all has gone on we

1866

01:09:48,870 --> 01:09:46,640

haven't perfected

1867

01:09:51,349 --> 01:09:48,880

perfection yet

1868

01:09:53,030 --> 01:09:51,359

and i don't expect that they will

1869

01:09:53,829 --> 01:09:53,040

no i don't either right

1870

01:09:55,430 --> 01:09:53,839

you know

1871

01:09:57,590 --> 01:09:55,440

anybody who thinks there's there must be

1872

01:10:00,070 --> 01:09:57,600

a perfect planet out there

1873

01:10:02,310 --> 01:10:00,080

the essence of humanity is not

1874

01:10:04,870 --> 01:10:02,320

perfection it's being able to deal with

1875

01:10:06,229 --> 01:10:04,880

the problems that come along

1876

01:10:08,310 --> 01:10:06,239

right

1877

01:10:10,550 --> 01:10:08,320

that's i didn't mean that to sound so

1878

01:10:12,070 --> 01:10:10,560

profound how we adapted to the problems

1879

01:10:14,390 --> 01:10:12,080

yeah

1880

01:10:16,149 --> 01:10:15,270

look

1881

01:10:18,630 --> 01:10:16,159

uh

1882

01:10:21,430 --> 01:10:18,640

the the notion

1883

01:10:24,950 --> 01:10:21,440

if you deal with the debunkers you find

1884

01:10:27,830 --> 01:10:24,960

that none of them have solid cases

1885

01:10:29,030 --> 01:10:27,840

now i'm serious uh i've debated with

1886

01:10:32,950 --> 01:10:29,040

them

1887

01:10:34,870 --> 01:10:32,960

and they haven't done their homework

1888

01:10:37,669 --> 01:10:34,880

that's the first thing

1889

01:10:38,790 --> 01:10:37,679

oh i get it i get it

1890

01:10:40,950 --> 01:10:38,800

i know i was just gonna say i get

1891

01:10:43,430 --> 01:10:40,960

infuriated when i hear academia said

1892

01:10:46,310 --> 01:10:43,440

that there is no scientific evidence

1893

01:10:48,070 --> 01:10:46,320

to prove that flying saucers exist and i

1894

01:10:50,630 --> 01:10:48,080

just shake my head and i go well project

1895

01:10:53,430 --> 01:10:50,640

identification by professor harley

1896

01:10:55,430 --> 01:10:53,440

rutledge uh if you read

1897

01:10:58,149 --> 01:10:55,440

that was a pretty uh

1898

01:10:59,910 --> 01:10:58,159

back in the early 70s that was a pretty

1899

01:11:02,630 --> 01:10:59,920

scientific study

1900

01:11:04,149 --> 01:11:02,640

and he came away with the view that yeah

1901

01:11:06,310 --> 01:11:04,159

there's definitely some type of

1902

01:11:08,470 --> 01:11:06,320

technology that we're not familiar with

1903

01:11:10,070 --> 01:11:08,480

and the other thing is is radar a

1904

01:11:12,950 --> 01:11:10,080

scientific instrument

1905

01:11:14,870 --> 01:11:12,960

well of course it is and how many cases

1906

01:11:17,270 --> 01:11:14,880

do we have where you have not one not

1907

01:11:19,750 --> 01:11:17,280

two not three radar sightings but you

1908

01:11:21,189 --> 01:11:19,760

have a half a dozen all confirming that

1909

01:11:23,030 --> 01:11:21,199

there's an object on the sky and then

1910

01:11:24,310 --> 01:11:23,040

you have to rely on the pilot that's

1911

01:11:25,750 --> 01:11:24,320

telling you what they're seeing in the

1912

01:11:28,470 --> 01:11:25,760

quadrant of the sky where you told them

1913

01:11:32,310 --> 01:11:30,470

i i i just i i

1914

01:11:34,310 --> 01:11:32,320

i it it makes me

1915

01:11:35,020 --> 01:11:34,320

i get frustrated when i hear that i know

1916

01:11:37,510 --> 01:11:35,030

the feeling

1917

01:11:39,750 --> 01:11:37,520

[Laughter]

1918

01:11:42,790 --> 01:11:39,760

it's like holy cow are you serious you

1919

01:11:44,790 --> 01:11:42,800

know come on and well radar makes miss a

1920

01:11:46,709 --> 01:11:44,800

if radar was that infallible how come

1921

01:11:48,550 --> 01:11:46,719

we're using it how many planes are in

1922

01:11:51,750 --> 01:11:48,560

the air at any given minute

1923

01:11:54,950 --> 01:11:51,760

uh come on i mean i think we we we rely

1924

01:11:56,950 --> 01:11:54,960

on radar and the sophistication

1925

01:11:59,510 --> 01:11:56,960

of it i mean we do weather forecasting

1926

01:12:00,870 --> 01:11:59,520

off of it we we our air traffic control

1927

01:12:03,110 --> 01:12:00,880

is based on it

1928

01:12:05,590 --> 01:12:03,120

um i think it's we got it down pretty

1929

01:12:08,630 --> 01:12:05,600

good so i when the radar

1930

01:12:11,110 --> 01:12:08,640

ain't perfect man no no not at all

1931

01:12:13,270 --> 01:12:11,120

absolutely that's exactly right okay and

1932

01:12:16,390 --> 01:12:13,280

and there's another case where yep it

1933

01:12:17,350 --> 01:12:16,400

makes mistakes that's a fact

1934

01:12:20,310 --> 01:12:17,360

so

1935

01:12:21,590 --> 01:12:20,320

anyway i i just think that uh well let

1936

01:12:23,990 --> 01:12:21,600

me ask you something stan why do you

1937

01:12:26,390 --> 01:12:24,000

think academia is that way

1938

01:12:31,910 --> 01:12:29,830

why are they so anti uh such a skeptic

1939

01:12:34,149 --> 01:12:31,920

on the subject that they roll their eyes

1940

01:12:35,510 --> 01:12:34,159

and uh is it because of ridicule they're

1941

01:12:37,590 --> 01:12:35,520

afraid they're gonna lose their funding

1942

01:12:40,709 --> 01:12:37,600

or what certainly are some of them

1943

01:12:42,950 --> 01:12:40,719

there's a fear of ridicule when i ask my

1944

01:12:45,910 --> 01:12:42,960

audiences at the end of my lectures and

1945

01:12:47,669 --> 01:12:45,920

i've done over more than 700 so far i

1946

01:12:49,110 --> 01:12:47,679

usually ask at the end how many here

1947

01:12:50,870 --> 01:12:49,120

believe they've seen what i would

1948

01:12:52,790 --> 01:12:50,880

consider to be a flying saucer having

1949

01:12:55,270 --> 01:12:52,800

defined my terms earlier just raise your

1950

01:12:56,630 --> 01:12:55,280

hand i just point and count

1951

01:12:58,630 --> 01:12:56,640

and uh

1952

01:13:00,390 --> 01:12:58,640

i'm not asking your names or anything

1953

01:13:03,030 --> 01:13:00,400

and typically it's ten percent of the

1954

01:13:04,950 --> 01:13:03,040

audience much to their surprise

1955

01:13:06,950 --> 01:13:04,960

and then i ask uh how many of you

1956

01:13:09,189 --> 01:13:06,960

reported what you saw

1957

01:13:10,870 --> 01:13:09,199

ninety percent of the hands go down

1958

01:13:13,030 --> 01:13:10,880

anybody left uh how many of you were in

1959

01:13:15,350 --> 01:13:13,040

the military at the time and you want to

1960

01:13:17,750 --> 01:13:15,360

tell us about it one guy in front of

1961

01:13:19,510 --> 01:13:17,760

1300 in texas says i can't they told me

1962

01:13:21,830 --> 01:13:19,520

not to say anything which was a great

1963

01:13:22,950 --> 01:13:21,840

line

1964

01:13:25,510 --> 01:13:22,960

oh yeah so

1965

01:13:29,669 --> 01:13:25,520

right the interest is there the fear of

1966

01:13:30,790 --> 01:13:29,679

ridicule is there the academics also

1967

01:13:37,510 --> 01:13:30,800

i

1968

01:13:39,830 --> 01:13:37,520

and

1969

01:13:41,510 --> 01:13:39,840

they don't seem to i've got academics

1970

01:13:43,189 --> 01:13:41,520

who don't seem to think governments can

1971

01:13:45,669 --> 01:13:43,199

keep secrets

1972

01:13:48,070 --> 01:13:45,679

oh really today with the internet and

1973

01:13:50,430 --> 01:13:48,080

the youtube you can't keep anything

1974

01:13:51,990 --> 01:13:50,440

secret stan oh really

1975

01:13:54,310 --> 01:13:52,000

[Music]

1976

01:13:56,550 --> 01:13:54,320

you know how come lockheed was able to

1977

01:13:57,750 --> 01:13:56,560

spend 10 billion developing a stealth

1978

01:13:59,110 --> 01:13:57,760

aircraft

1979

01:14:01,430 --> 01:13:59,120

in secret

1980

01:14:04,870 --> 01:14:01,440

right how come our first spy satellite

1981

01:14:05,669 --> 01:14:04,880

the corona spy satellite loved the name

1982

01:14:07,270 --> 01:14:05,679

uh

1983

01:14:13,110 --> 01:14:07,280

and i'm sure it wasn't named after the

1984

01:14:17,270 --> 01:14:14,550

well you know

1985

01:14:18,709 --> 01:14:17,280

they they had 12 failures

1986

01:14:21,669 --> 01:14:18,719

in secret

1987

01:14:23,910 --> 01:14:21,679

the 13th one worked and got more data on

1988

01:14:26,630 --> 01:14:23,920

soviet military construction than all

1989

01:14:31,110 --> 01:14:26,640

the u2 flights that had preceded it

1990

01:14:32,790 --> 01:14:31,120

and yet it was kept secret for 30 years

1991

01:14:35,030 --> 01:14:32,800

what i loved about the corona the thing

1992

01:14:37,110 --> 01:14:35,040

that really caught my attention you know

1993

01:14:40,149 --> 01:14:37,120

how they got the film back

1994

01:14:42,070 --> 01:14:40,159

they deorbited the film canisters and

1995

01:14:43,510 --> 01:14:42,080

they were picked up by airplanes flying

1996

01:14:45,350 --> 01:14:43,520

over the pacific

1997

01:14:47,669 --> 01:14:45,360

oh wow put out the net guys here it

1998

01:14:48,709 --> 01:14:47,679

comes oh wow

1999

01:14:50,550 --> 01:14:48,719

stand up

2000

01:14:52,149 --> 01:14:50,560

for you stan we're getting close to the

2001

01:14:53,830 --> 01:14:52,159

end of town we gotta let you rest but we

2002

01:14:56,310 --> 01:14:53,840

have one question in chat if you don't

2003

01:14:59,510 --> 01:14:56,320

mind asking or me asking the question we

2004

01:15:01,830 --> 01:14:59,520

this is from neutron retyped by jb jim

2005

01:15:03,430 --> 01:15:01,840

bob shorter buddy question for stanton

2006

01:15:05,270 --> 01:15:03,440

did you ever research the story and

2007

01:15:07,830 --> 01:15:05,280

documents available at the canadian

2008

01:15:10,229 --> 01:15:07,840

national archives on canadian ufo

2009

01:15:12,630 --> 01:15:10,239

researcher wilbert smith and project

2010

01:15:15,510 --> 01:15:12,640

magnet in the 40s by the way i can tell

2011

01:15:17,669 --> 01:15:15,520

you the magnets he used to try to pull

2012

01:15:19,510 --> 01:15:17,679

the ufos are still down in the concrete

2013

01:15:22,630 --> 01:15:19,520

floor of one of the buildings today at

2014

01:15:25,350 --> 01:15:22,640

shirley's bay burley bay yeah yeah i've

2015

01:15:27,669 --> 01:15:25,360

been at the canadian files uh and i was

2016

01:15:28,790 --> 01:15:27,679

very glad to look at some of that stuff

2017

01:15:31,830 --> 01:15:28,800

uh

2018

01:15:35,910 --> 01:15:31,840

and i i admire wilbur smith i don't

2019

01:15:39,430 --> 01:15:35,920

degrade him uh as some people want to

2020

01:15:41,750 --> 01:15:39,440

uh he was interested in and crazy stuff

2021

01:15:44,070 --> 01:15:41,760

you know big deal

2022

01:15:46,070 --> 01:15:44,080

[Laughter]

2023

01:15:49,750 --> 01:15:46,080

yeah the canadian files were

2024

01:15:51,270 --> 01:15:49,760

i spent more time there early on uh

2025

01:15:53,270 --> 01:15:51,280

than in some of the us files i've been

2026

01:15:55,350 --> 01:15:53,280

to 20 archives

2027

01:15:57,189 --> 01:15:55,360

uh and fortunately i was able to get

2028

01:15:58,070 --> 01:15:57,199

some financial support to go to some of

2029

01:15:59,189 --> 01:15:58,080

them

2030

01:16:02,310 --> 01:15:59,199

because

2031

01:16:04,390 --> 01:16:02,320

you know i live on the eastern end of

2032

01:16:05,590 --> 01:16:04,400

canada

2033

01:16:07,510 --> 01:16:05,600

and

2034

01:16:10,790 --> 01:16:07,520

stuff isn't close but

2035

01:16:13,110 --> 01:16:10,800

yeah uh the canadian archives are are

2036

01:16:15,350 --> 01:16:13,120

worthwhile places uh

2037

01:16:17,910 --> 01:16:15,360

the eisenhower library i

2038

01:16:19,510 --> 01:16:17,920

i love archivists

2039

01:16:22,390 --> 01:16:19,520

and they keep you from getting into

2040

01:16:25,510 --> 01:16:22,400

trouble with foolish things uh

2041

01:16:27,270 --> 01:16:25,520

you know and i i check with them

2042

01:16:28,709 --> 01:16:27,280

i ask them questions and they're very

2043

01:16:29,830 --> 01:16:28,719

helpful

2044

01:16:30,790 --> 01:16:29,840

uh

2045

01:16:32,470 --> 01:16:30,800

about

2046

01:16:35,750 --> 01:16:32,480

well

2047

01:16:40,709 --> 01:16:38,790

what do you call it rank

2048

01:16:42,790 --> 01:16:40,719

uh i asked two different archivists i

2049

01:16:44,790 --> 01:16:42,800

said does it bother you is it no

2050

01:16:47,669 --> 01:16:44,800

standard practice to use

2051  
01:16:50,630 --> 01:16:47,679  
the uh you know the general or admiral

2052  
01:16:52,790 --> 01:16:50,640  
rather than the rear ride role or

2053  
01:16:55,430 --> 01:16:52,800  
regular general or whatever standard

2054  
01:16:57,270 --> 01:16:55,440  
practice they said ike used it

2055  
01:16:58,790 --> 01:16:57,280  
so i looked up in some of the books and

2056  
01:17:00,229 --> 01:16:58,800  
sure enough

2057  
01:17:02,310 --> 01:17:00,239  
and i looked at meeting notes from

2058  
01:17:04,229 --> 01:17:02,320  
mike's staff secretary of general who

2059  
01:17:05,990 --> 01:17:04,239  
called himself general even though he

2060  
01:17:07,590 --> 01:17:06,000  
was only a brigadier general he signed

2061  
01:17:11,350 --> 01:17:07,600  
brigadier general

2062  
01:17:12,149 --> 01:17:11,360  
but these guys can be very helpful

2063  
01:17:13,189 --> 01:17:12,159

uh

2064

01:17:14,870 --> 01:17:13,199

you know

2065

01:17:17,270 --> 01:17:14,880

give him a chance

2066

01:17:18,390 --> 01:17:17,280

ask for elucidation of things if you

2067

01:17:21,669 --> 01:17:18,400

will

2068

01:17:24,070 --> 01:17:21,679

and so i i like archives and

2069

01:17:25,990 --> 01:17:24,080

i like documents

2070

01:17:28,229 --> 01:17:26,000

you know uh

2071

01:17:29,990 --> 01:17:28,239

that's the physicist in me i guess and

2072

01:17:31,510 --> 01:17:30,000

the fact that i had a clearance for 14

2073

01:17:33,590 --> 01:17:31,520

years

2074

01:17:35,030 --> 01:17:33,600

so uh and when somebody tells me well

2075

01:17:37,669 --> 01:17:35,040

they never would have done it that way

2076

01:17:39,110 --> 01:17:37,679

and date format on some of the uh mj

2077

01:17:40,229 --> 01:17:39,120

drop stuff

2078

01:17:42,870 --> 01:17:40,239

uh

2079

01:17:44,310 --> 01:17:42,880

and i i have one folder from the eisner

2080

01:17:46,470 --> 01:17:44,320

library that had seven different data

2081

01:17:48,390 --> 01:17:46,480

formats in it

2082

01:17:51,430 --> 01:17:48,400

and i get guys tell me though they only

2083

01:17:53,350 --> 01:17:51,440

use this one well it's not true

2084

01:17:55,510 --> 01:17:53,360

uh and so that's why i like to ask

2085

01:17:57,430 --> 01:17:55,520

archivists

2086

01:17:59,270 --> 01:17:57,440

you know and

2087

01:18:00,870 --> 01:17:59,280

they're helpful

2088

01:18:03,510 --> 01:18:00,880

they're people you respect for their

2089

01:18:05,590 --> 01:18:03,520

knowledge and experience and they're not

2090

01:18:07,110 --> 01:18:05,600

grinding an ax and i'm not grinding an

2091

01:18:09,830 --> 01:18:07,120

eye

2092

01:18:10,709 --> 01:18:09,840

i want to get the facts and

2093

01:18:14,149 --> 01:18:10,719

i

2094

01:18:15,910 --> 01:18:14,159

you go

2095

01:18:18,070 --> 01:18:15,920

i'm sorry

2096

01:18:19,590 --> 01:18:18,080

that's great stan i'll let our listeners

2097

01:18:21,830 --> 01:18:19,600

know if you have any upcoming

2098

01:18:23,270 --> 01:18:21,840

conferences or events or or you know

2099

01:18:25,030 --> 01:18:23,280

books or tell them or your books or to

2100

01:18:28,229 --> 01:18:25,040

get your books in your website the thing

2101

01:18:31,510 --> 01:18:28,239

to do is to go to my website uh

2102

01:18:35,270 --> 01:18:33,830

and it lists all my books

2103

01:18:37,590 --> 01:18:35,280

it tells you how to get them and you can

2104

01:18:39,990 --> 01:18:37,600

use paypal and pal and one thing you get

2105

01:18:41,910 --> 01:18:40,000

from me that you don't get from amazon

2106

01:18:44,070 --> 01:18:41,920

is that i autograph all the things i

2107

01:18:45,990 --> 01:18:44,080

send out so

2108

01:18:48,070 --> 01:18:46,000

you know personally

2109

01:18:51,189 --> 01:18:48,080

i don't have an artificial

2110

01:18:55,669 --> 01:18:52,470

but uh

2111

01:18:56,870 --> 01:18:55,679

it also lists my scheduled events i will

2112

01:18:59,750 --> 01:18:56,880

be

2113

01:19:00,550 --> 01:18:59,760

uh i do have some coming up

2114

01:19:02,390 --> 01:19:00,560

uh

2115

01:19:04,149 --> 01:19:02,400

roswell was a great success this year

2116

01:19:05,030 --> 01:19:04,159

incidentally i'm very pleased about that

2117

01:19:06,149 --> 01:19:05,040

but

2118

01:19:09,030 --> 01:19:06,159

i'll be

2119

01:19:10,790 --> 01:19:09,040

uh look at the website uh it'll give you

2120

01:19:11,830 --> 01:19:10,800

dates and

2121

01:19:16,070 --> 01:19:11,840

i

2122

01:19:16,870 --> 01:19:16,080

and

2123

01:19:29,510 --> 01:19:16,880

i

2124

01:19:31,669 --> 01:19:29,520

sure everybody wants to call me

2125

01:19:34,950 --> 01:19:31,679

on the radio well you gave your number

2126

01:19:40,070 --> 01:19:36,870

yeah yeah so

2127

01:19:42,790 --> 01:19:40,080

uh i i am still i i will be going on the

2128

01:19:46,470 --> 01:19:42,800

mufan cruise incidentally

2129

01:19:49,350 --> 01:19:46,480

in early january from tampa to

2130

01:19:53,430 --> 01:19:49,360

uh cozumel and uh down that way about

2131

01:19:54,950 --> 01:19:53,440

five days and several speakers on ufos

2132

01:19:57,430 --> 01:19:54,960

right on how's that

2133

01:19:59,590 --> 01:19:57,440

that's a different event oh yeah yeah

2134

01:20:01,669 --> 01:19:59,600

excellent good for you

2135

01:20:03,189 --> 01:20:01,679

yeah well yeah i'm looking forward to it

2136

01:20:05,030 --> 01:20:03,199

because frankly at that time of year

2137

01:20:07,830 --> 01:20:05,040

it's kind of cold up here

2138

01:20:09,270 --> 01:20:07,840

yeah quite bad

2139

01:20:11,669 --> 01:20:09,280

for sure and i

2140

01:20:13,590 --> 01:20:11,679

just as soon get where it's warmer right

2141

01:20:17,669 --> 01:20:13,600

yeah i hear you there

2142

01:20:20,310 --> 01:20:17,679

so i'm still going strong i'm

2143

01:20:23,189 --> 01:20:20,320

i don't have a another book on the

2144

01:20:25,430 --> 01:20:23,199

on in my typewriter but the last one

2145

01:20:27,669 --> 01:20:25,440

came out in september it was fact

2146

01:20:30,310 --> 01:20:27,679

fiction and flying saucers

2147

01:20:32,790 --> 01:20:30,320

with kathleen martin betty hill oh yeah

2148

01:20:35,030 --> 01:20:32,800

right right and we have i have specials

2149

01:20:36,950 --> 01:20:35,040

that you'll see on the website uh

2150

01:20:38,870 --> 01:20:36,960

our book captured the betty and barney

2151

01:20:41,110 --> 01:20:38,880

hill ufo experience

2152

01:20:43,669 --> 01:20:41,120

and another book that fits in this

2153

01:20:45,990 --> 01:20:43,679

discussion science was wrong

2154

01:20:47,990 --> 01:20:46,000

14 chapters we each did seven each

2155

01:20:49,990 --> 01:20:48,000

stimulated by some very smart person

2156

01:20:52,550 --> 01:20:50,000

saying something stupid

2157

01:20:54,709 --> 01:20:52,560

uh i'm absolutely certain man will never

2158

01:20:56,229 --> 01:20:54,719

fly any distance in a vehicle said simon

2159

01:20:58,070 --> 01:20:56,239

newcombe the great astronomer in the

2160

01:20:59,750 --> 01:20:58,080

united states will never break the sound

2161

01:21:01,990 --> 01:20:59,760

barrier

2162

01:21:03,669 --> 01:21:02,000

oh yeah oh space travel is utter build

2163

01:21:09,030 --> 01:21:03,679

said the british astronomer royal in

2164

01:21:12,070 --> 01:21:10,550

and you know

2165

01:21:13,910 --> 01:21:12,080

there's something to be learned there's

2166

01:21:14,790 --> 01:21:13,920

a price to pay for paying attention to

2167

01:21:17,030 --> 01:21:14,800

people who don't know what they're

2168

01:21:20,149 --> 01:21:17,040

talking about uh

2169

01:21:21,110 --> 01:21:20,159

people who died of smallpox because

2170

01:21:23,830 --> 01:21:21,120

well

2171

01:21:24,790 --> 01:21:23,840

vaccination won't do any good

2172

01:21:26,790 --> 01:21:24,800

sure

2173

01:21:29,030 --> 01:21:26,800

you know right so

2174

01:21:31,270 --> 01:21:29,040

you got to be real careful that people

2175

01:21:32,790 --> 01:21:31,280

are dealing with a straight dick

2176

01:21:34,709 --> 01:21:32,800

and not just their own

2177

01:21:36,950 --> 01:21:34,719

if i don't know it doesn't exist you

2178

01:21:37,830 --> 01:21:36,960

know kind of attitude right

2179

01:21:39,110 --> 01:21:37,840

so

2180

01:21:40,550 --> 01:21:39,120

uh

2181

01:21:41,990 --> 01:21:40,560

there are lessons to be learned that's

2182

01:21:43,590 --> 01:21:42,000

that's why that book and then of course

2183

01:21:47,189 --> 01:21:43,600

there's my book crash at corona the

2184

01:21:48,550 --> 01:21:47,199

definitive study of the roswell incident

2185

01:21:50,709 --> 01:21:48,560

and uh

2186

01:21:53,030 --> 01:21:50,719

oh flying saucers and science which

2187

01:21:55,430 --> 01:21:53,040

covers the waterfront

2188

01:21:57,669 --> 01:21:55,440

and i got a third one out there can oh

2189

01:22:01,430 --> 01:21:57,679

top secret magic yes the story of the

2190

01:22:04,950 --> 01:22:02,870

you know

2191

01:22:05,750 --> 01:22:04,960

there's a lot of data out there

2192

01:22:07,669 --> 01:22:05,760

and

2193

01:22:11,030 --> 01:22:07,679

i was looking i i noticed in the top

2194

01:22:12,790 --> 01:22:11,040

secret metric i listed 10 phd theses

2195

01:22:15,990 --> 01:22:12,800

on ufos

2196

01:22:16,950 --> 01:22:16,000

and i've never seen that list in a book

2197

01:22:18,390 --> 01:22:16,960

uh

2198

01:22:20,149 --> 01:22:18,400

you know for people who say well there

2199

01:22:22,310 --> 01:22:20,159

isn't any data

2200

01:22:26,070 --> 01:22:22,320

well check it out folks there's a lot of

2201

01:22:28,709 --> 01:22:26,080

data right yeah a good point

2202

01:22:31,910 --> 01:22:28,719

so you know and i yeah i i always make

2203

01:22:33,669 --> 01:22:31,920

comments about uh astronomers and that

2204

01:22:35,669 --> 01:22:33,679

city stands for silly effort to

2205

01:22:37,430 --> 01:22:35,679

investigate i was waiting for that one

2206

01:22:39,669 --> 01:22:37,440

yeah

2207

01:22:41,910 --> 01:22:39,679

they have demonstrated their ignorance

2208

01:22:44,070 --> 01:22:41,920

when you give pronouncements without

2209

01:22:45,430 --> 01:22:44,080

having facts to back them up

2210

01:22:47,990 --> 01:22:45,440

i mean they don't know anything about

2211

01:22:49,910 --> 01:22:48,000

government security generally that

2212

01:22:51,350 --> 01:22:49,920

governments can't keep secrets they

2213

01:22:52,709 --> 01:22:51,360

don't know anything about interstellar

2214

01:22:55,270 --> 01:22:52,719

travel

2215

01:22:57,590 --> 01:22:55,280

i've worked on cancer more government

2216

01:23:00,229 --> 01:22:57,600

canceled programs than you could take a

2217

01:23:02,390 --> 01:23:00,239

stick at but uh and you know there's

2218

01:23:04,229 --> 01:23:02,400

another part of that astronomers don't

2219

01:23:05,830 --> 01:23:04,239

think big the universe is big but they

2220

01:23:08,070 --> 01:23:05,840

don't think big but

2221

01:23:10,310 --> 01:23:08,080

one example of that

2222

01:23:12,149 --> 01:23:10,320

is that they don't realize the size of

2223

01:23:13,910 --> 01:23:12,159

the budgets when i was working on

2224

01:23:15,750 --> 01:23:13,920

nuclear airplanes

2225

01:23:17,590 --> 01:23:15,760

general electric aircraft nuclear

2226

01:23:19,510 --> 01:23:17,600

propulsion department

2227

01:23:20,870 --> 01:23:19,520

it wasn't a black project that was the

2228

01:23:25,270 --> 01:23:20,880

name on the door

2229

01:23:29,270 --> 01:23:25,280

between 56 and 59 our budget in 1958

2230

01:23:32,550 --> 01:23:29,280

was 100 million dollars

2231

01:23:34,470 --> 01:23:32,560

we employed 3 400 people of whom 100

2232

01:23:36,310 --> 01:23:34,480

were engineers and scientists

2233

01:23:38,070 --> 01:23:36,320

we're not talking about six professors

2234

01:23:39,750 --> 01:23:38,080

and 20 grad students

2235

01:23:41,430 --> 01:23:39,760

right

2236

01:23:43,990 --> 01:23:41,440

programs cost money

2237

01:23:45,669 --> 01:23:44,000

uh you know like it or not

2238

01:23:47,189 --> 01:23:45,679

you want to build something

2239

01:23:49,350 --> 01:23:47,199

it's going to cost a lot of dough would

2240

01:23:51,189 --> 01:23:49,360

you say that aircraft carrier

2241

01:23:54,149 --> 01:23:51,199

13 billion

2242

01:23:56,070 --> 01:23:54,159

wow yeah imagine if you had that for

2243

01:23:59,189 --> 01:23:56,080

your research

2244

01:24:00,709 --> 01:23:59,199

yeah yeah you get the idea that what i'm

2245

01:24:02,870 --> 01:24:00,719

saying is if you want to get something

2246

01:24:04,310 --> 01:24:02,880

done it's going to cost you

2247

01:24:06,790 --> 01:24:04,320

and i'm not saying governments don't

2248

01:24:08,310 --> 01:24:06,800

waste money but i'm saying when they put

2249

01:24:12,070 --> 01:24:08,320

their mind to it they can get a lot of

2250

01:24:13,990 --> 01:24:12,080

accomplishment there too

2251

01:24:17,270 --> 01:24:14,000

and a lot of times the academic

2252

01:24:19,270 --> 01:24:17,280

community knows nothing about it

2253

01:24:21,510 --> 01:24:19,280

that that's what bugs me they think

2254

01:24:24,070 --> 01:24:21,520

research is only what's done in academia

2255

01:24:27,270 --> 01:24:24,080

sorry right right right right right not

2256

01:24:28,870 --> 01:24:27,280

so right and you know i

2257

01:24:30,709 --> 01:24:28,880

people think you're always looking for a

2258

01:24:33,590 --> 01:24:30,719

fight friedman well

2259

01:24:36,950 --> 01:24:33,600

700 plus lectures and i've only had 11

2260

01:24:38,229 --> 01:24:36,960

hecklers and two of them were drunk

2261

01:24:39,750 --> 01:24:38,239

and you'll get that man if you talk

2262

01:24:42,149 --> 01:24:39,760

about sports religion politics

2263

01:24:44,470 --> 01:24:42,159

absolutely absolutely you are great

2264

01:24:47,110 --> 01:24:44,480

that's exactly right so

2265

01:24:48,070 --> 01:24:47,120

it's not surprising and the thing is i

2266

01:24:49,270 --> 01:24:48,080

find

2267

01:24:51,990 --> 01:24:49,280

uh

2268

01:24:54,550 --> 01:24:52,000

most people are respectful responsive

2269

01:24:56,950 --> 01:24:54,560

sensible oh i hadn't the usual response

2270

01:24:59,110 --> 01:24:56,960

when you refute their argument is oh i

2271

01:25:01,750 --> 01:24:59,120

hadn't thought of it that way

2272

01:25:04,229 --> 01:25:01,760

well okay why should you i've spent a

2273

01:25:05,270 --> 01:25:04,239

lot half a lifetime

2274

01:25:07,350 --> 01:25:05,280

yeah

2275

01:25:09,189 --> 01:25:07,360

thinking about these things

2276

01:25:11,350 --> 01:25:09,199

so of course and when you're on the

2277

01:25:12,550 --> 01:25:11,360

stage after a lecture you can't say i'll

2278

01:25:13,830 --> 01:25:12,560

give you the answer that question

2279

01:25:15,990 --> 01:25:13,840

tomorrow

2280

01:25:17,110 --> 01:25:16,000

right you have to have be ready for it

2281

01:25:18,870 --> 01:25:17,120

now

2282

01:25:20,870 --> 01:25:18,880

right and so

2283

01:25:21,910 --> 01:25:20,880

the audience appreciates that keep your

2284

01:25:25,590 --> 01:25:21,920

cool

2285

01:25:28,390 --> 01:25:25,600

right and uh they'll take care of the uh

2286

01:25:29,350 --> 01:25:28,400

the nasty noisy negatives

2287

01:25:30,310 --> 01:25:29,360

right

2288

01:25:32,950 --> 01:25:30,320

it it

2289

01:25:35,430 --> 01:25:32,960

it's we're talking human nature here

2290

01:25:37,750 --> 01:25:35,440

if a person has taken a stand

2291

01:25:39,669 --> 01:25:37,760

strong stand publicly

2292

01:25:42,470 --> 01:25:39,679

and is in total error he doesn't want to

2293

01:25:45,030 --> 01:25:42,480

admit that really if he can avoid it

2294

01:25:46,629 --> 01:25:45,040

you know that's human nature

2295

01:25:48,709 --> 01:25:46,639

sure

2296

01:25:51,189 --> 01:25:48,719

so and also

2297

01:25:52,870 --> 01:25:51,199

there are other forces at work the

2298

01:25:54,950 --> 01:25:52,880

religious forces

2299

01:25:58,310 --> 01:25:54,960

the political one

2300

01:26:01,030 --> 01:25:58,320

uh you know you hear some of that with

2301

01:26:02,709 --> 01:26:01,040

president trump now uh

2302

01:26:03,990 --> 01:26:02,719

people pointing out

2303

01:26:05,830 --> 01:26:04,000

you know there's a lot of things that

2304

01:26:06,629 --> 01:26:05,840

aren't true that are being said

2305

01:26:09,270 --> 01:26:06,639

sure

2306

01:26:10,149 --> 01:26:09,280

yep that's a fact so

2307

01:26:12,550 --> 01:26:10,159

you know

2308

01:26:14,390 --> 01:26:12,560

there's no the fact checkers aren't

2309

01:26:18,149 --> 01:26:14,400

always working on what government guys

2310

01:26:23,430 --> 01:26:20,709

well stan thanks for coming on it's it's

2311

01:26:25,030 --> 01:26:23,440

been it's been amazing and uh i really

2312

01:26:26,550 --> 01:26:25,040

appreciate what you do for the field and

2313

01:26:28,550 --> 01:26:26,560

you're keeping it real and you're still

2314

01:26:30,149 --> 01:26:28,560

going and it's it's a great thing stan

2315

01:26:32,709 --> 01:26:30,159

thanks for coming on the show and we'll

2316

01:26:33,910 --> 01:26:32,719

have you back and maybe maybe early next

2317

01:26:34,830 --> 01:26:33,920

year sometime if you wouldn't mind

2318

01:26:39,430 --> 01:26:34,840

coming back

2319

01:26:42,470 --> 01:26:39,440

on why not oh i enjoy you know i grew up

2320

01:26:47,270 --> 01:26:42,480

with radio guys and i'll be 83 next week

2321

01:26:52,709 --> 01:26:49,750

i love it that's great oh yeah keep it

2322

01:26:54,870 --> 01:26:52,719

up you betcha thank you have fun guys

2323

01:26:56,790 --> 01:26:54,880

yes hey youtube have fun thank you very

2324

01:26:59,750 --> 01:26:56,800

much thank you all right

2325

01:27:05,430 --> 01:27:02,229

well there you go ken the legend himself

2326

01:27:07,510 --> 01:27:05,440

the uh the king of ufology

2327

01:27:09,990 --> 01:27:07,520

stan friedman he's uh he's got a great

2328

01:27:12,229 --> 01:27:10,000

sense of humor and uh wow he's a wealth

2329

01:27:14,550 --> 01:27:12,239

of information he definitely is and we

2330

01:27:16,390 --> 01:27:14,560

gave you all some bonus coverage tonight

2331

01:27:17,750 --> 01:27:16,400

you know because i'm the boss and we

2332

01:27:19,750 --> 01:27:17,760

just kind of did that well thanks for

2333

01:27:21,270 --> 01:27:19,760

everybody for coming on we're working on

2334

01:27:23,270 --> 01:27:21,280

a few

2335

01:27:25,189 --> 01:27:23,280

guests here before we hit the john ford

2336

01:27:27,910 --> 01:27:25,199

ufo nightmare which the next episode

2337

01:27:29,430 --> 01:27:27,920

would be august 13th 9 pm eastern but

2338

01:27:31,030 --> 01:27:29,440

hang in there everybody we'll work on

2339

01:27:33,189 --> 01:27:31,040

some new guests if you have suggestions

2340

01:27:35,750 --> 01:27:33,199

for guests you can always send them to

2341

01:27:37,590 --> 01:27:35,760

payingradio gmail.com we'll definitely

2342

01:27:39,669 --> 01:27:37,600

go through it and uh everybody have a

2343

01:27:41,189 --> 01:27:39,679

great week and don't forget to hang your

2344

01:27:43,430 --> 01:27:41,199

head and

2345

01:27:45,270 --> 01:27:43,440

keep at least one eye to the sky good

2346

01:27:46,629 --> 01:27:45,280

night everybody good night thanks for

2347

01:27:49,189 --> 01:27:46,639

listening

2348

01:27:52,149 --> 01:27:49,199

okay kevin for the grand prize of one

2349

01:27:54,229 --> 01:27:52,159

million dollars what color is the white
