that's big wedding and a bunch of other

77
00:04:59,150 --> 00:04:56,560
stories so if we go through these and we

78
00:05:03,690 --> 00:04:59,160
got time to do some other stuff as well

79
00:05:06,129 --> 00:05:03,700
but uh I'll pass it to Jen she can give

80
00:05:11,779 --> 00:05:06,139
us our first uh

81
00:05:15,230 --> 00:05:11,789
first story all right our first article

82
00:05:18,999 --> 00:05:15,240
comes from phantoms and monsters the

83
00:05:24,799 --> 00:05:19,009
articles dated Monday July 24th 2017

84
00:05:29,360 --> 00:05:24,809
this is a witness report Chicago phantom

85
00:05:31,119 --> 00:05:29,370
leaps from Willis Tower I received a

86
00:05:35,869 --> 00:05:31,129
telephone call from the witnessed

87
00:05:38,299 --> 00:05:35,879
Guillermo at 7:38 p.m. who states that

88
00:05:42,799 --> 00:05:38,309

he witnessed a flying human-like being

89

00:05:45,709 --> 00:05:42,809

at approximately 5:10 p.m. this was

90

00:05:49,610 --> 00:05:45,719

Central Standard Time this was a time

91

00:05:52,189 --> 00:05:49,620

difference of an hour 18 minutes between

92

00:05:54,439 --> 00:05:52,199

the sighting and the call the witness

93

00:05:57,499 --> 00:05:54,449

states that he was attempting to calm

94

00:05:59,929 --> 00:05:57,509

down and then find someone to report the

95

00:06:03,110 --> 00:05:59,939

sighting he found my telephone number

96

00:06:07,639 --> 00:06:03,120

online and then called he still seemed

97

00:06:09,499 --> 00:06:07,649

somewhat distressed when we talked the

98

00:06:13,420 --> 00:06:09,509

witness states that he was outside the

99

00:06:16,459 --> 00:06:13,430

Franklin's house on 325 South High

100

00:06:18,980 --> 00:06:16,469

Street while smoking a cigarette

101
00:06:21,230 --> 00:06:18,990
he was alone at the time though there

102
00:06:24,050 --> 00:06:21,240
were many people walking along the

103
00:06:29,829 --> 00:06:24,060
sidewalk he appeared to look up towards

104
00:06:33,260 --> 00:06:29,839
the Willis Tower at 230 third 233 South

105
00:06:35,360 --> 00:06:33,270
Wacker Drive and noticed a human-like

106
00:06:38,299 --> 00:06:35,370
figure standing near the top of the

107
00:06:41,329 --> 00:06:38,309
building in a perch position the being

108
00:06:43,519 --> 00:06:41,339
looked like a six-foot human was tall

109
00:06:46,459 --> 00:06:43,529
wings that extended a few feet above the

110
00:06:48,860 --> 00:06:46,469
body and as he watched the being leaps

111
00:06:51,920 --> 00:06:48,870
off of the building stretched out the

112
00:06:55,730 --> 00:06:51,930
wings dipped and swooped upwards a

113
00:06:59,799 --> 00:06:55,740

gained altitude as it flapped its wings

114

00:07:02,600 --> 00:06:59,809

and headed off in the northern direction

115

00:07:05,329 --> 00:07:02,610

the witness states that the beings out

116

00:07:08,689 --> 00:07:05,339

struck way outstretched wings were not

117

00:07:11,869 --> 00:07:08,699

very large maybe six to eight from tip

118

00:07:16,999 --> 00:07:11,879

to tip but we're very jagged and

119

00:07:19,670 --> 00:07:17,009

insect-like shape similar to a month the

120

00:07:21,920 --> 00:07:19,680

beam was also dark green and color

121

00:07:25,550 --> 00:07:21,930

and had a body from like that of a

122

00:07:28,990 --> 00:07:25,560

mantis the leg seemed to be human-like

123

00:07:32,840 --> 00:07:29,000

and extended me on the body while flying

124

00:07:37,689 --> 00:07:32,850

he called it a human insect and bird mix

125

00:07:40,580 --> 00:07:37,699

that seemed to mutate while in flight

126

00:07:42,770 --> 00:07:40,590

the witness tells me that he had not

127

00:07:45,560 --> 00:07:42,780

heard of any of the previous sightings

128

00:07:49,279 --> 00:07:45,570

and that other people he talked to or

129

00:07:52,250 --> 00:07:49,289

unaware of the sightings as well I asked

130

00:07:56,840 --> 00:07:52,260

this witness to stay in touch I have his

131

00:08:00,290 --> 00:07:56,850

contact information note once again

132

00:08:02,060 --> 00:08:00,300

another variation and description I have

133

00:08:04,070 --> 00:08:02,070

thought that there may have been at

134

00:08:06,730 --> 00:08:04,080

least three different beings reported I

135

00:08:10,219 --> 00:08:06,740

am now convinced that theory is correct

136

00:08:12,920 --> 00:08:10,229

this was the first sighting in July 2017

137

00:08:16,370 --> 00:08:12,930

and the first since the June 30th

138

00:08:19,610 --> 00:08:16,380

sighting and Logan Square and the June

139

00:08:22,550 --> 00:08:19,620

29th sighting an auburn gresham

140

00:08:25,070 --> 00:08:22,560

I received a message today from a friend

141

00:08:27,800 --> 00:08:25,080

on Facebook who stated I've been doing a

142

00:08:32,719 --> 00:08:27,810

lot of thinking that the Sears tower's

143

00:08:35,600 --> 00:08:32,729

is in peril in Chicago a vision if you

144

00:08:41,029 --> 00:08:35,610

will the Sears Tower was renamed Willis

145

00:08:44,930 --> 00:08:41,039

Tower on July 16th 2009 so and that was

146

00:08:46,160 --> 00:08:44,940

launched Berger reporting by the way we

147

00:08:49,550 --> 00:08:46,170

hadn't want to show a couple weeks ago

148

00:08:53,390 --> 00:08:49,560

so if you want to hear more on the

149

00:08:57,620 --> 00:08:53,400

Chicago flying phantom sightings you can

150

00:09:00,230 --> 00:08:57,630

check that out but uh 2020 some or about

151
00:09:05,510 --> 00:09:00,240
I think it's 20 reports this either of

152
00:09:08,990 --> 00:09:05,520
the swine phantom and the lon

153
00:09:11,210 --> 00:09:09,000
thinks are three of them whether it's

154
00:09:13,910 --> 00:09:11,220
one or two or three or however many

155
00:09:16,670 --> 00:09:13,920
that's a lot of sightings especially for

156
00:09:30,079 --> 00:09:16,680
metropolis area what do you guys think

157
00:09:31,569 --> 00:09:30,089
go ahead done other than the description

158
00:09:33,350 --> 00:09:31,579
of the wings

159
00:09:35,569 --> 00:09:33,360
my first thought

160
00:09:39,129 --> 00:09:35,579
maybe there's some of these adventurous

161
00:09:42,879 --> 00:09:39,139
people out there trying out there on

162
00:09:45,049 --> 00:09:42,889
where they call them bodysuit wings

163
00:09:46,280 --> 00:09:45,059

adventure people they climb to the top

164

00:09:50,780 --> 00:09:46,290

of these buildings either they

165

00:09:52,669 --> 00:09:50,790

parachuted down or they use the the

166

00:09:56,059 --> 00:09:52,679

flying wing they call it it's like a

167

00:09:59,119 --> 00:09:56,069

suit but it doesn't fit that description

168

00:10:01,999 --> 00:09:59,129

at this from what that witness was

169

00:10:04,840 --> 00:10:02,009

saying it had six-foot wings the

170

00:10:10,129 --> 00:10:04,850

wingsuit is basically almost like the

171

00:10:16,759 --> 00:10:10,139

wings of like a flying squirrels skin so

172

00:10:17,989 --> 00:10:16,769

I don't know it's interesting yeah it

173

00:10:20,629 --> 00:10:17,999

would be I wonder

174

00:10:22,639 --> 00:10:20,639

I mean if it's happening this year is

175

00:10:25,009 --> 00:10:22,649

there anything else you can tie into

176

00:10:28,039 --> 00:10:25,019

these sightings I mean it we could look

177

00:10:29,389 --> 00:10:28,049

at some databases of I don't know is

178

00:10:31,999 --> 00:10:29,399

there any is there been an increase in

179

00:10:34,249 --> 00:10:32,009

Sasquatch sightings and Illinois even

180

00:10:36,319 --> 00:10:34,259

Kevin that you know over dawn anything

181

00:10:39,019 --> 00:10:36,329

like that or increased activity of every

182

00:10:40,309 --> 00:10:39,029

type or is it just this a single alt

183

00:10:42,319 --> 00:10:40,319

thing you know it would be cool to see

184

00:10:44,329 --> 00:10:42,329

if we could tie in any other loose ends

185

00:10:47,289 --> 00:10:44,339

that might you know it might be found

186

00:10:53,090 --> 00:10:47,299

phenomenal working together who knows

187

00:10:56,780 --> 00:10:53,100

you know there was going on I was gonna

188

00:11:01,669 --> 00:10:56,790

say as far as my area goes the activity

189

00:11:05,889 --> 00:11:01,679

with the sasquatches no increase no

190

00:11:08,449 --> 00:11:05,899

decrease you know part of me wonders

191

00:11:11,780 --> 00:11:08,459

when when I hear about stuff like that

192

00:11:14,359 --> 00:11:11,790

if there's gonna be some kind of an

193

00:11:17,509 --> 00:11:14,369

event that's gonna happen in Chicago I

194

00:11:19,460 --> 00:11:17,519

mean you know we we can use the Mothman

195

00:11:21,350 --> 00:11:19,470

with the Silver Bridge collapse as a

196

00:11:24,019 --> 00:11:21,360

perfect example I think it'll be

197

00:11:28,609 --> 00:11:24,029

interesting to see if if anything

198

00:11:33,829 --> 00:11:28,619

happens as these sightings are being

199

00:11:37,009 --> 00:11:33,839

reported I know that I hadn't heard

200

00:11:38,569 --> 00:11:37,019

through the grapevine um and of course

201
00:11:41,419 --> 00:11:38,579
it doesn't confirm so I'm like a clearly

202
00:11:44,359 --> 00:11:41,429
named Rand but uh that there were a

203
00:11:47,860 --> 00:11:44,369
couple settings in Milwaukee of a flying

204
00:11:53,960 --> 00:11:50,570
in them cases I guess they reported

205
00:11:56,900 --> 00:11:53,970
green eyes which is different than the

206
00:12:00,500 --> 00:11:56,910
red eyes being reported in Chicago but

207
00:12:02,630 --> 00:12:00,510
they're still behind creatures but like

208
00:12:08,660 --> 00:12:02,640
I said that's speculation and I don't

209
00:12:12,110 --> 00:12:08,670
know that's confirmed but you know the

210
00:12:19,070 --> 00:12:12,120
people we're discussing are credible so

211
00:12:23,360 --> 00:12:19,080
it you know it's possible and uh the

212
00:12:27,440 --> 00:12:23,370
next story comes to us let's see her or

213
00:12:31,699 --> 00:12:27,450

we acts science alert calm and this is

214

00:12:36,769 --> 00:12:31,709

lie twenty-fourth this is uh when I rent

215

00:12:42,019 --> 00:12:36,779

this I I it was pretty funny so oh let's

216

00:12:45,280 --> 00:12:42,029

see how am i sellable okay ah here we

217

00:12:48,400 --> 00:12:45,290

are we've ever needed a timely reminder

218

00:12:50,930 --> 00:12:48,410

that our world is an academic publishing

219

00:12:52,639 --> 00:12:50,940

that in the world of academic publishing

220

00:12:53,180 --> 00:12:52,649

not all scientific journals are created

221

00:12:56,960 --> 00:12:53,190

equal

222

00:13:01,519 --> 00:12:56,970

now we have it to test just how low the

223

00:13:04,490 --> 00:13:01,529

quality bar for explorative predatory

224

00:13:07,460 --> 00:13:04,500

journals a prominent neuroscientist has

225

00:13:11,930 --> 00:13:07,470

tricked for publications into accepting

226

00:13:15,680 --> 00:13:11,940

a totally fake paper about MIDI clarity

227

00:13:17,930 --> 00:13:15,690

Chloe begins the entirely fictional life

228

00:13:21,290 --> 00:13:17,940

forms and star wars that make the force

229

00:13:23,480 --> 00:13:21,300

possible Euroskeptic a working

230

00:13:25,850 --> 00:13:23,490

neuroscientists who anomaly blogs about

231

00:13:30,050 --> 00:13:25,860

science for discover set up the standing

232

00:13:32,600 --> 00:13:30,060

submitting the nonsensical study to nine

233

00:13:36,230 --> 00:13:32,610

specific journals scientific journals

234

00:13:42,620 --> 00:13:36,240

only to help or them accepted the

235

00:13:45,139 --> 00:13:42,630

journal approached are among the

236

00:13:47,990 --> 00:13:45,149

journals approach are among those

237

00:13:49,550 --> 00:13:48,000

sometimes described as predatory in

238

00:13:52,550 --> 00:13:49,560

science circles because they exploit

239

00:13:55,490 --> 00:13:52,560

researchers into paying fees to have the

240

00:13:57,380 --> 00:13:55,500

papers published in them but in this

241

00:13:58,730 --> 00:13:57,390

case three of the publication's just

242

00:13:59,379 --> 00:13:58,740

went ahead and published the big paper

243

00:14:02,480 --> 00:13:59,389

straight

244

00:14:06,410 --> 00:14:02,490

clearly not even reading or checking it

245

00:14:09,259 --> 00:14:06,420

first even without requiring a payment

246

00:14:12,679 --> 00:14:09,269

or feet another the American Journal for

247

00:14:15,679 --> 00:14:12,689

medical and biological research also

248

00:14:18,530 --> 00:14:15,689

accepted the paper but demanded a 360

249

00:14:20,780 --> 00:14:18,540

dollar fee before publishing it the

250

00:14:23,990 --> 00:14:20,790

absurd thing as nirach skeptic explains

251
00:14:26,420 --> 00:14:24,000
is every human being would only need

252
00:14:28,670 --> 00:14:26,430
about 5 minutes or less with the paper

253
00:14:30,980 --> 00:14:28,680
to see that it's entirely bogus and

254
00:14:35,030 --> 00:14:30,990
riddled with inexplicable Star Wars

255
00:14:36,860 --> 00:14:35,040
references for a start it's written by

256
00:14:40,059 --> 00:14:36,870
none other than the decidedly

257
00:14:44,809 --> 00:14:40,069
fishy-looking dr. Lucas McGeorge and

258
00:14:46,879 --> 00:14:44,819
doctor Anakin Kennedy and while at a

259
00:14:50,059 --> 00:14:46,889
very quick scan of my past for a

260
00:14:51,769 --> 00:14:50,069
chemistry discussion that's only because

261
00:14:54,259 --> 00:14:51,779
near a skeptic

262
00:14:57,530 --> 00:14:54,269
ok Kevin for the grand prize of 1

263
00:15:01,129 --> 00:14:57,540

million dollars what color is the White

264

00:15:05,900 --> 00:15:01,139

House I know this I know this I know

265

00:15:07,579 --> 00:15:05,910

this five seconds Oh switching to Geico

266

00:15:08,290 --> 00:15:07,589

could save you a bunch of money on car

267

00:15:16,540 --> 00:15:08,300

insurance

268

00:15:19,340 --> 00:15:16,550

okay judges that's true congratulations

269

00:15:21,259 --> 00:15:19,350

Geico because saving 15% or more on car

270

00:15:25,549 --> 00:15:21,269

insurance is always a great answer

271

00:15:32,540 --> 00:15:25,559

picked on content of the Wikipedia page

272

00:15:34,490 --> 00:15:32,550

on my toe conjured hurryin like I can't

273

00:15:36,650 --> 00:15:34,500

say that properly I know there was real

274

00:15:40,999 --> 00:15:36,660

and rewarded at changing that to

275

00:15:42,860 --> 00:15:41,009

midi-chlorian not so real so the words

276

00:15:46,040 --> 00:15:42,870

are very close and similar but not

277

00:15:48,350 --> 00:15:46,050

identical to further make things obvious

278

00:15:49,670 --> 00:15:48,360

just in case any peer reviewers working

279

00:15:52,850 --> 00:15:49,680

for the publication will actually pay

280

00:15:55,369 --> 00:15:52,860

attention neuro skeptic drop an entire

281

00:15:58,579 --> 00:15:55,379

passage ripped off the whole sale from

282

00:16:02,990 --> 00:15:58,589

Star Wars inserting them not so subtly

283

00:16:06,379 --> 00:16:03,000

to the text and let's see it middle

284

00:16:08,840 --> 00:16:06,389

Clarion's this is middle audience oh it

285

00:16:10,490 --> 00:16:08,850

starts off with its give me an example

286

00:16:13,010 --> 00:16:10,500

of what was in the thing it's the middle

287

00:16:16,820 --> 00:16:13,020

Corden's mediated oxygen

288

00:16:19,600 --> 00:16:16,830

stress paws cardio pathy and type 2

289

00:16:21,710 --> 00:16:19,610

diabetics there's more fatty acids

290

00:16:24,980 --> 00:16:21,720

delivered into the heart and into the

291

00:16:27,350 --> 00:16:24,990

Accardo Miyaichi is the oxidation of

292

00:16:29,330 --> 00:16:27,360

fatty acids and he cells increases the

293

00:16:32,960 --> 00:16:29,340

paper reads sounding kind of legit and

294

00:16:34,790 --> 00:16:32,970

sciency but then suddenly did you ever

295

00:16:36,290 --> 00:16:34,800

hear of the tragedy of Darth Plagueis

296

00:16:39,530 --> 00:16:36,300

the lights

297

00:16:42,530 --> 00:16:39,540

I thought not it's not a story that God

298

00:16:45,620 --> 00:16:42,540

I would tell you it was a Sith legend

299

00:16:47,810 --> 00:16:45,630

Darth Plagueis was a Dark Lord of the

300

00:16:49,610 --> 00:16:47,820

Sith so powerful and so wise he could

301

00:16:53,510 --> 00:16:49,620

use the Force to influence my court

302

00:16:55,490 --> 00:16:53,520

engine to do light to create light if

303

00:16:58,580 --> 00:16:55,500

that wasn't enough to twig the the peer

304

00:17:00,770 --> 00:16:58,590

reviewers an admission in the study that

305

00:17:03,410 --> 00:17:00,780

the majority of the text from current

306

00:17:05,780 --> 00:17:03,420

paper was in fact stolen from Wikipedia

307

00:17:07,490 --> 00:17:05,790

surely should have set them should have

308

00:17:10,100 --> 00:17:07,500

let them know something was up but again

309

00:17:13,250 --> 00:17:10,110

nothing at least not part of the journal

310

00:17:16,910 --> 00:17:13,260

that was accepted people accepted his

311

00:17:18,949 --> 00:17:16,920

paper some of the other journals who did

312

00:17:21,560 --> 00:17:18,959

accept the paper did pick up on the Star

313

00:17:23,900 --> 00:17:21,570

Wars references but puzzlingly the earth

314

00:17:27,260 --> 00:17:23,910

skeptic was asked to simply revise the

315

00:17:29,450 --> 00:17:27,270

text and resubmit it including

316

00:17:33,820 --> 00:17:29,460

suggestions to revert the spelling of

317

00:17:37,400 --> 00:17:33,830

Michael Guardians back to Mike the Mitel

318

00:17:41,240 --> 00:17:37,410

Condrey oh I have trouble saying both of

319

00:17:44,420 --> 00:17:41,250

them or so I apologize that but anyways

320

00:17:47,450 --> 00:17:44,430

uh wrap this up it's funny is it as

321

00:17:50,570 --> 00:17:47,460

funny as it is to see this dysfunction

322

00:17:53,930 --> 00:17:50,580

homepure of your process they bare by

323

00:17:55,580 --> 00:17:53,940

such over bakery it also highlights a

324

00:17:57,380 --> 00:17:55,590

serious breach that hurts science

325

00:18:00,140 --> 00:17:57,390

because the existence of this kind of

326

00:18:01,820 --> 00:18:00,150

published publishing scam exploits real

327

00:18:03,770 --> 00:18:01,830

researchers who are trying to get their

328

00:18:07,610 --> 00:18:03,780

work noticed that brings a whole notion

329

00:18:10,160 --> 00:18:07,620

of peer review into disrepute it's just

330

00:18:11,000 --> 00:18:10,170

a reminder that some peer reviewed

331

00:18:12,860 --> 00:18:11,010

journals

332

00:18:17,420 --> 00:18:12,870

there was really no meaningful peer

333

00:18:19,550 --> 00:18:17,430

review at all this matters because

334

00:18:22,190 --> 00:18:19,560

scientific publications are companies

335

00:18:26,090 --> 00:18:22,200

selling a product and that product is a

336

00:18:27,110 --> 00:18:26,100

peer review throughout this up the

337

00:18:33,410 --> 00:18:27,120

findings

338

00:18:36,650 --> 00:18:33,420

they are reported in other words the

339

00:18:39,740 --> 00:18:36,660

journals that published the fake paper

340

00:18:45,260 --> 00:18:39,750

off international journal Molecular

341

00:18:48,590 --> 00:18:45,270

Biology open access austin journal of

342

00:18:50,420 --> 00:18:48,600

pharmacology and therapeutics the

343

00:18:56,420 --> 00:18:50,430

american research journal for

344

00:18:57,980 --> 00:18:56,430

Biosciences so you guys think about that

345

00:19:09,080 --> 00:18:57,990

do you think somebody's been watching

346

00:19:13,820 --> 00:19:09,090

too much Star Wars but it really does uh

347

00:19:17,330 --> 00:19:13,830

you know them you know American research

348

00:19:18,620 --> 00:19:17,340

Journal of Biosciences and the Austin

349

00:19:21,020 --> 00:19:18,630

Journal pharmacology and therapeutics

350

00:19:24,680 --> 00:19:21,030

now they sound like like you know

351

00:19:26,750 --> 00:19:24,690

prestigious you know Journal is it that

352

00:19:30,320 --> 00:19:26,760

you would assume would not only be

353

00:19:32,990 --> 00:19:30,330

reviewed but by many people and you know

354

00:19:35,620 --> 00:19:33,000

approved but you know whoever or

355

00:19:40,190 --> 00:19:35,630

whatever before it would get published

356

00:19:45,220 --> 00:19:40,200

the fact that we undermine actual real

357

00:19:47,900 --> 00:19:45,230

scientist and anyone doing any credible

358

00:19:50,780 --> 00:19:47,910

research this would undermine them

359

00:19:54,080 --> 00:19:50,790

completely because once this is found

360

00:19:59,480 --> 00:19:54,090

out to be fraudulent anyone that has any

361

00:20:02,620 --> 00:19:59,490

kind of theories surrounding any kind of

362

00:20:05,510 --> 00:20:02,630

stuff like that would be thrown out

363

00:20:08,390 --> 00:20:05,520

alright so our next article comes from

364

00:20:12,440 --> 00:20:08,400

the cult of the weird and it was

365

00:20:18,320 --> 00:20:12,450

published by Charlie Hills on July 18th

366

00:20:23,660 --> 00:20:18,330

to 2017 h-h-h-home skeleton found and

367

00:20:26,900 --> 00:20:23,670

concrete was brain intact what was found

368

00:20:29,270 --> 00:20:26,910

inside the grave of HH Holmes researcher

369

00:20:35,750 --> 00:20:29,280

deaf Mudgett reveals the details of the

370

00:20:38,330 --> 00:20:35,760

exhumation back in May a news broke that

371

00:20:41,000 --> 00:20:38,340

the body of HH Holmes would be exhumed

372

00:20:43,220 --> 00:20:41,010

for a DNA test

373

00:20:45,350 --> 00:20:43,230

budget the great-grandson of America's

374

00:20:47,630 --> 00:20:45,360

first serial killer is hoping to

375

00:20:52,130 --> 00:20:47,640

determine whether the rumors that Holmes

376

00:20:55,190 --> 00:20:52,140

escaped the gallows in 1896 are true or

377

00:20:57,770 --> 00:20:55,200

not he believes Holmes may have been

378

00:21:00,080 --> 00:20:57,780

Jack the Ripper which is the basis of

379

00:21:03,290 --> 00:21:00,090

the History Channel series American

380

00:21:10,340 --> 00:21:03,300

Ripper and is hoping to find supporting

381

00:21:13,580 --> 00:21:10,350

evidence so what exactly did they find

382

00:21:15,680 --> 00:21:13,590

when they when they dug Holmes out of

383

00:21:21,410 --> 00:21:15,690

his unmarked grave in Philadelphia's

384

00:21:23,210 --> 00:21:21,420

Holy Cross Cemetery the dig led by

385

00:21:26,000 --> 00:21:23,220

archaeologists from the University of

386

00:21:29,540 --> 00:21:26,010

Pennsylvania first uncovered an empty

387

00:21:32,480 --> 00:21:29,550

pine box Mudgett told NBC then a few

388

00:21:34,460 --> 00:21:32,490

feet deeper they hit concrete Holmes

389

00:21:37,610 --> 00:21:34,470

feared that grave robbers would steal

390

00:21:39,710 --> 00:21:37,620

his body after burial so he requested so

391

00:21:42,140 --> 00:21:39,720

he requested to be entombed in cement

392

00:21:44,630 --> 00:21:42,150

the team cracked open the concrete

393

00:21:47,990 --> 00:21:44,640

sarcophagus and found a man's skeleton

394

00:21:50,750 --> 00:21:48,000

inside chills went up and down my spine

395

00:21:54,410 --> 00:21:50,760

Mudgett said to see the skeleton and the

396

00:21:56,300 --> 00:21:54,420

skull with the brain still inside which

397

00:21:59,990 --> 00:21:56,310

is a phenomena that scientists still

398

00:22:05,420 --> 00:22:00,000

have not explained scared the heck out

399

00:22:08,150 --> 00:22:05,430

of me anthropologists are still testing

400

00:22:10,550 --> 00:22:08,160

remains at UPenn if there is any

401
00:22:13,010 --> 00:22:10,560
substantial clues to be gleaned from the

402
00:22:17,890 --> 00:22:13,020
bones it will likely be featured in a

403
00:22:22,310 --> 00:22:17,900
future episode of American Ripper that

404
00:22:26,080 --> 00:22:22,320
comes from the cult of weird isn't that

405
00:22:33,190 --> 00:22:29,730
well you know it's not out of the

406
00:22:35,890 --> 00:22:33,200
unusual for the brain to be preserved

407
00:22:39,370 --> 00:22:35,900
especially if it was encased in cement

408
00:22:42,220 --> 00:22:39,380
for no parasites or anything or bugs can

409
00:22:45,100 --> 00:22:42,230
get to it like in a coffin you can have

410
00:22:47,170 --> 00:22:45,110
the worms and everything level clean

411
00:22:49,830 --> 00:22:47,180
it's pretty much encased in cement

412
00:22:55,230 --> 00:22:49,840
that's pretty much like a mummification

413
00:22:58,090 --> 00:22:55,240

so right that it's weird that the guy

414

00:23:01,540 --> 00:22:58,100

foreseen that and they just decided oh I

415

00:23:03,760 --> 00:23:01,550

don't want my body taken we could say it

416

00:23:19,960 --> 00:23:03,770

was well thought out if you want to you

417

00:23:23,770 --> 00:23:19,970

know make a little humor with it puns on

418

00:23:25,570 --> 00:23:23,780

this all day long oh yeah yeah yeah he's

419

00:23:28,180 --> 00:23:25,580

got a HH Holmes has really got a

420

00:23:32,250 --> 00:23:28,190

following a lot of people follow that

421

00:23:34,270 --> 00:23:32,260

that story that they're into that some

422

00:23:36,010 --> 00:23:34,280

people just are into that stuff well

423

00:23:38,170 --> 00:23:36,020

look at the history they're trying to

424

00:23:40,180 --> 00:23:38,180

figure out if he is in fact dr. Ripper

425

00:23:42,700 --> 00:23:40,190

and that wouldn't that be something if

426

00:23:44,710 --> 00:23:42,710

they they took the DNA test confirms

427

00:23:47,440 --> 00:23:44,720

that he was actually Jack the Ripper I

428

00:23:48,670 --> 00:23:47,450

don't know how they do they how would

429

00:23:51,100 --> 00:23:48,680

they be able to do that well they were

430

00:23:55,180 --> 00:23:51,110

police we please confirm who he is

431

00:23:58,380 --> 00:23:55,190

yes well if he's got any relatives that

432

00:24:02,110 --> 00:23:58,390

are still alive the Ripper

433

00:24:06,040 --> 00:24:02,120

yeah from there the DNA would just have

434

00:24:09,760 --> 00:24:06,050

to be matched to any any relative

435

00:24:15,160 --> 00:24:09,770

whether it's a great-great grandson or

436

00:24:23,680 --> 00:24:15,170

whatever granddaughter their story comes

437

00:24:27,280 --> 00:24:23,690

to us from MSM you start USA Today and

438

00:24:30,760 --> 00:24:27,290

and this one is I guess this would fall

439

00:24:33,940 --> 00:24:30,770

into the conspiracy category Wisconsin

440

00:24:39,070 --> 00:24:33,950

company to install rice sheep microchips

441

00:24:39,880 --> 00:24:39,080

into place a Wisconsin tech company

it's constant knowledge company is

buildings and purchase for food at work

451
00:25:08,110 --> 00:25:05,180
whether or not to get the chip is up to

452
00:25:09,430 --> 00:25:08,120
the employee to decide a three market

453
00:25:12,280 --> 00:25:09,440
square a company that provides

454
00:25:15,040 --> 00:25:12,290
technology for the breakroom or micro

455
00:25:18,400 --> 00:25:15,050
markets is over 50 employees who plan to

456
00:25:23,020 --> 00:25:18,410
have the devices implanted the tiny chip

457
00:25:25,810 --> 00:25:23,030
which is uses a our i d-- technology or

458
00:25:28,780 --> 00:25:25,820
radio frequency identification to be

459
00:25:31,060 --> 00:25:28,790
implanted in between or between the

thumb and forefinger within seconds

461
00:25:35,860 --> 00:25:32,360
according to a statement from the

462
00:25:38,380 --> 00:25:35,870
company the company which is based in

463
00:25:41,140 --> 00:25:38,390

River Falls Wisconsin envisions the rice

464

00:25:44,080 --> 00:25:41,150

sized microchip allowing employees to

465

00:25:47,380 --> 00:25:44,090

easily pay for items access the building

466

00:25:52,140 --> 00:25:47,390

and their computers all with the scan of

467

00:25:56,290 --> 00:25:52,150

their hand we proceed the use of the

468

00:25:59,110 --> 00:25:56,300

RFID technology to drive everything from

469

00:26:02,800 --> 00:25:59,120

making purchases in our office break

470

00:26:05,650 --> 00:26:02,810

room market opening doors use of copy

471

00:26:07,960 --> 00:26:05,660

machines logging into our office

472

00:26:09,070 --> 00:26:07,970

computers unlocking phones sharing

473

00:26:13,360 --> 00:26:09,080

business cards

474

00:26:17,950 --> 00:26:13,370

storing medical information and use as

475

00:26:20,710 --> 00:26:17,960

payment and other RFID terminals CEO

476

00:26:23,110 --> 00:26:20,720

Todd Westby said in the company

477

00:26:25,480 --> 00:26:23,120

statement eventually its technology will

478

00:26:29,080 --> 00:26:25,490

become standardized allowing you to use

479

00:26:31,950 --> 00:26:29,090

this as passport public transit and all

480

00:26:34,330 --> 00:26:31,960

purchasing opportunities are essential

481

00:26:36,580 --> 00:26:34,340

and while the micro tripping employees

482

00:26:38,740 --> 00:26:36,590

may sound like something out of a horror

483

00:26:42,190 --> 00:26:38,750

film the company is partnering with

484

00:26:45,850 --> 00:26:42,200

Swedish company bio hacks International

485

00:26:49,470 --> 00:26:45,860

which has already has many chipped

486

00:26:56,160 --> 00:26:53,160

at this time I'm sorry employees are not

487

00:26:58,110 --> 00:26:56,170

required to get the microchips and let's

488

00:27:06,000 --> 00:26:58,120

beat up the station there is no GPS

489

00:27:07,980 --> 00:27:06,010

track right yeah but you can chip

490

00:27:11,580 --> 00:27:07,990

themselves and keep that stuff away from

491

00:27:16,920 --> 00:27:11,590

me well I tell you I don't work for

492

00:27:19,070 --> 00:27:16,930

Total Recall right you know we were

493

00:27:21,030 --> 00:27:19,080

talking about this earlier this week I

494

00:27:24,000 --> 00:27:21,040

just bought the microchipping

495

00:27:26,250 --> 00:27:24,010

and you know all the talk that there is

496

00:27:28,320 --> 00:27:26,260

just in general like microchipping the

497

00:27:30,030 --> 00:27:28,330

population would be is that something

498

00:27:35,100 --> 00:27:30,040

quote - like the mark of the beast for

499

00:27:36,780 --> 00:27:35,110

example you know uh where to purchase

500

00:27:38,340 --> 00:27:36,790

anything to do anything at all you would

501
00:27:41,940 --> 00:27:38,350
need this approval from the government

502
00:27:45,230 --> 00:27:41,950
otherwise you could not and I know that

503
00:27:50,550 --> 00:27:45,240
scares a lot of people and you know um

504
00:27:52,410 --> 00:27:50,560
gratefully shut I think one guy kind of

505
00:27:55,050 --> 00:27:52,420
in other words like what Jay Leno would

506
00:27:56,790 --> 00:27:55,060
say how lazy are people getting when

507
00:27:59,280 --> 00:27:56,800
they can't reach into their pocket and

508
00:28:00,990 --> 00:27:59,290
pull out a card just swipe so they gotta

509
00:28:04,980 --> 00:28:01,000
just have it and plant it into their

510
00:28:07,470 --> 00:28:04,990
hand you're right I mean that is like

511
00:28:10,760 --> 00:28:07,480
use a copy machine really like they need

512
00:28:12,900 --> 00:28:10,770
to regulate the office to that extent

513
00:28:14,610 --> 00:28:12,910

you know what are they worried that like

514

00:28:24,150 --> 00:28:14,620

high schoolers are sneaking in and using

515

00:28:25,830 --> 00:28:24,160

the copy machine is sitting on no but

516

00:28:27,570 --> 00:28:25,840

for real though I mean you know but they

517

00:28:28,890 --> 00:28:27,580

were saying one guy at pointing out so

518

00:28:34,650 --> 00:28:28,900

I'm really interesting and he said you

519

00:28:37,890 --> 00:28:34,660

know with nanotechnology today everybody

520

00:28:39,300 --> 00:28:37,900

in since she's got nano inside because

521

00:28:41,880 --> 00:28:39,310

of the you know well the theory of the

522

00:28:43,740 --> 00:28:41,890

chemtrails it or not and if that's the

523

00:28:47,400 --> 00:28:43,750

case of course it's nanotechnology they

524

00:28:48,870 --> 00:28:47,410

see that they can actually get

525

00:28:53,700 --> 00:28:48,880

information from that they can track

526

00:28:56,220 --> 00:28:53,710

people and whatnot so um you know

527

00:28:57,720 --> 00:28:56,230

ultimately I think that is that the mark

528

00:29:01,590 --> 00:28:57,730

of the beast well I think that if

529

00:29:02,680 --> 00:29:01,600

anybody does it willingly and and you

530

00:29:05,470 --> 00:29:02,690

know

531

00:29:07,690 --> 00:29:05,480

if they're willing for that well that's

532

00:29:10,420 --> 00:29:07,700

it you know that's how that is between

533

00:29:12,310 --> 00:29:10,430

them and their maker if someone is not

534

00:29:16,090 --> 00:29:12,320

willing you know they don't support it

535

00:29:17,440 --> 00:29:16,100

but let's say they happen to be you know

536

00:29:19,180 --> 00:29:17,450

they have the Nano in them or they're

537

00:29:22,210 --> 00:29:19,190

forced to get a microchip or whatever

538

00:29:25,510 --> 00:29:22,220

that I would think that uh that would be

539

00:29:27,100 --> 00:29:25,520

you know usually say you know if you

540

00:29:28,810 --> 00:29:27,110

take the mark of the beast you won't be

541

00:29:30,190 --> 00:29:28,820

in the book life and all that I don't

542

00:29:35,950 --> 00:29:30,200

want to get in at all religion and stuff

543

00:29:39,540 --> 00:29:35,960

but it's just interesting the other

544

00:29:42,880 --> 00:29:39,550

other way to the because this is a new

545

00:29:44,890 --> 00:29:42,890

relatively new technology they've just

546

00:29:47,560 --> 00:29:44,900

recently found out that certain cell

547

00:29:50,290 --> 00:29:47,570

phones can cause cancer because of the

548

00:29:55,920 --> 00:29:50,300

mining radiation they put off now you're

549

00:29:58,390 --> 00:29:55,930

getting some kind of little tiny micro

550

00:30:01,930 --> 00:29:58,400

chip put into you

551

00:30:06,960 --> 00:30:01,940

what a lot of bodies will have an

552

00:30:09,040 --> 00:30:06,970

allergic reaction or will reject that so

553

I'm shocked I mean that's that's that's

728

00:39:38,520 --> 00:39:35,740

that to the bodies of deceased loved

731

00:39:47,220 --> 00:39:44,530

ones have no business being in this type

732

00:39:49,430 --> 00:39:47,230

of business to begin with it makes me

733

00:39:53,550 --> 00:39:49,440

you know I gotta say first of all and

735

00:39:59,460 --> 00:39:56,290

then there's other comments too on chat

736

00:40:03,090 --> 00:39:59,470

and I agree this has been a shutdown way

737

00:40:04,320 --> 00:40:03,100

before I mean how many you know how many

738

00:40:05,730 --> 00:40:04,330

inspections were there how many

739

00:40:06,450 --> 00:40:05,740

complaints were there how long has this

740

00:40:08,460 --> 00:40:06,460

been going on

741

00:40:10,740 --> 00:40:08,470

it makes you realize what these places

742

00:40:13,170 --> 00:40:10,750

can actually get away with right I would

743

00:40:14,580 --> 00:40:13,180

think like one unfettered by for a

744

00:40:17,070 --> 00:40:14,590

couple weeks would be all it would take

745

00:40:19,500 --> 00:40:17,080

or even just for a few days I mean or

746

00:40:22,770 --> 00:40:19,510

just something you know but to the but

747

00:40:25,830 --> 00:40:22,780

they hear all this and the fines \$10,000

748

00:40:28,560 --> 00:40:25,840

per charge and how many chargers with

749

00:40:30,000 --> 00:40:28,570

her so like anybody suing them it's

750

00:40:32,880 --> 00:40:30,010

gonna be a long time before they collect

751

00:40:35,190 --> 00:40:32,890

on that I think right well then you have

752

00:40:37,320 --> 00:40:35,200

to look at I mean what's wrong with the

753

00:40:39,000 --> 00:40:37,330

funeral home aside from all that when

754

00:40:40,980 --> 00:40:39,010

you go in there expect things to your

755

00:40:43,860 --> 00:40:40,990

loved one in the casket and it's another

756

00:40:46,980 --> 00:40:43,870

body with your loved ones clothes on

757

00:40:50,220 --> 00:40:46,990

them come on and you're going what's

758

00:40:54,270 --> 00:40:50,230

that smell it's like what they did five

759

00:40:55,440 --> 00:40:54,280

to six years ago in a Jewish cemetery in

760

00:40:58,530 --> 00:40:55,450

Davie Florida

761

00:41:00,720 --> 00:40:58,540

they've got shut down because they were

762

00:41:02,280 --> 00:41:00,730

taking urns full of people's cremated

763

00:41:03,870 --> 00:41:02,290

ashes and dumping them in the garbage

764

00:41:06,990 --> 00:41:03,880

dumpster out back and telling people

765

00:41:08,790 --> 00:41:07,000

that they had did that they didn't know

766

00:41:12,590 --> 00:41:08,800

what happened to the to the actions of

767

00:41:16,980 --> 00:41:12,600

the of the their deceased loved ones I

768

00:41:19,680 --> 00:41:16,990

mean that's just yeah it's gross and I'm

769

00:41:22,650 --> 00:41:19,690

sorry if anybody ill but he needs to put

770

00:41:24,120 --> 00:41:22,660

that out there yeah ultra bizarre and in

771

00:41:26,790 --> 00:41:24,130

that case just wrong

772

00:41:33,420 --> 00:41:26,800

just right just wrong so the next story

773

00:41:39,649 --> 00:41:33,430

comes from mysterious universe Paul C

774

00:41:45,929 --> 00:41:44,219

and this has to do with well the name of

775

00:41:50,299 --> 00:41:45,939

the article is wheat killer is turning

776

00:41:55,019 --> 00:41:52,979

tail the introduction of cane toads in

777

00:41:57,390 --> 00:41:55,029

Australia and the destruction that

778

00:42:00,359 --> 00:41:57,400

followed is well known but perhaps not

779

00:42:03,120 --> 00:42:00,369

well known he not release in 1935 as a

780

00:42:07,529 --> 00:42:03,130

way to control cane beetles the venomous

781

00:42:10,370 --> 00:42:07,539

and fibia ng's rinoa Morita ignored the

782

00:42:14,189 --> 00:42:10,380

insects gorge on native species and

783

00:42:16,199 --> 00:42:14,199

non-native pet food and killed or second

784

00:42:22,769 --> 00:42:16,209

anything had tried to eat them or even

785

00:42:25,979 --> 00:42:22,779

lick including humans it's been over 60

786

00:42:28,169 --> 00:42:25,989

years more than enough time for humans

787

00:42:31,169 --> 00:42:28,179

to have learned their lesson right well

788

00:42:32,880 --> 00:42:31,179

Ron a new study found that cane toads

789

00:42:34,919 --> 00:42:32,890

are mutating into bigger and more

790

00:42:38,189 --> 00:42:34,929

dangerous monsters due to another

791

00:42:41,909 --> 00:42:38,199

foreign invader a certain chemical weed

792

00:42:46,289 --> 00:42:41,919

killer fish come as no surprise that the

793

00:42:48,479 --> 00:42:46,299

killer in question is classified a main

794

00:42:52,919 --> 00:42:48,489

ingredient and many herbicides including

795

00:42:56,689 --> 00:42:52,929

the popular roundup and made by the

796

00:42:59,459 --> 00:42:56,699

controversial chemical giant Monsanto

797

00:43:01,679 --> 00:42:59,469

according to the study published in this

798

00:43:05,669 --> 00:43:01,689

week's Proceedings of the Royal Society

799

00:43:09,390 --> 00:43:05,679

B researchers from the Hungarian Academy

800

00:43:12,089 --> 00:43:09,400

of Sciences exposed various species of

801
00:43:14,779 --> 00:43:12,099
tadpoles to classified as part of an

802
00:43:21,989 --> 00:43:14,789
ongoing worldwide test and amphibians

803
00:43:27,509 --> 00:43:21,999
whose environmentally ru+ my spot here

804
00:43:31,459 --> 00:43:27,519
whose lava whose environmentally

805
00:43:34,409 --> 00:43:31,469
included for Matiz and illness make them

806
00:43:36,959 --> 00:43:34,419
hop ant Canaries in the coal mine on

807
00:43:38,729 --> 00:43:36,969
land and water the researchers found

808
00:43:44,880 --> 00:43:38,739
that the tadpole swimming in class fate

809
00:43:47,300 --> 00:43:44,890
tainted water had high doses of oof than

810
00:43:49,580 --> 00:43:47,310
needle needles

811
00:43:52,010 --> 00:43:49,590
a natural chemical found in some plants

812
00:43:55,790 --> 00:43:52,020
and animals that evolution provided them

813
00:43:58,400 --> 00:43:55,800

with to ward off predators by making

814

00:44:01,730 --> 00:43:58,410

them taste bad are you getting a bad

815

00:44:04,670 --> 00:44:01,740

taste in your mouth to our results

816

00:44:08,020 --> 00:44:04,680

indicate that pesticide pollution by

817

00:44:10,670 --> 00:44:08,030

exaggerated exasperate the problem

818

00:44:12,680 --> 00:44:10,680

burton's east of toxic species for

819

00:44:15,020 --> 00:44:12,690

example in Australia the survival of

820

00:44:18,140 --> 00:44:15,030

native tadpole is reduced by poisoning

821

00:44:21,890 --> 00:44:18,150

from congestion for Casa cane toad eggs

822

00:44:27,220 --> 00:44:21,900

and predators suffer drastic mortality

823

00:44:35,300 --> 00:44:27,230

due to ingesting or muffin cane toads

824

00:44:39,370 --> 00:44:35,310

Wow another study Veronica

825

00:44:43,040 --> 00:44:39,380

Akane points out that Abbey's problem

826

00:44:45,800 --> 00:44:43,050

and that it says beautiful fate finally

827

00:44:48,890 --> 00:44:45,810

makes cane toad Carol's taste bad thus

828

00:44:51,650 --> 00:44:48,900

ensuring that more will survive to

829

00:44:56,330 --> 00:44:51,660

poisonous cane toad adulthood then it

830

00:44:57,920 --> 00:44:56,340

gets worse high concentrations of the

831

00:45:00,050 --> 00:44:57,930

word I can't say are also poisonous

832

00:45:02,870 --> 00:45:00,060

giving cane toads a double whammy of

833

00:45:07,100 --> 00:45:02,880

toxin scare anything away from eating

834

00:45:10,370 --> 00:45:07,110

them in crocodiles whose large size can

835

00:45:15,680 --> 00:45:10,380

generally handled world Cantone toxins

836

00:45:18,140 --> 00:45:15,690

but not bigger toads with two poisons of

837

00:45:20,210 --> 00:45:18,150

course glass of eight herbicides are

838

00:45:22,430 --> 00:45:20,220

widely used in Australian agriculture

839

00:45:24,800 --> 00:45:22,440

and keep getting anything done about it

840

00:45:27,290 --> 00:45:24,810

requires government action versus big

841

00:45:29,960 --> 00:45:27,300

business and money the European Union

842

00:45:32,570 --> 00:45:29,970

will decide in December whether to renew

843

00:45:34,850 --> 00:45:32,580

the license forgot spits B meanwhile

844

00:45:38,180 --> 00:45:34,860

Australia's invasive killer cane toads

845

00:45:40,910 --> 00:45:38,190

increases insides numbers and toxicity

846

00:45:46,970 --> 00:45:40,920

well humans given a second chance do the

847

00:45:52,070 --> 00:45:46,980

right thing this time do they so yeah uh

848

00:45:54,440 --> 00:45:52,080

so they bring in a toad to kill the

849

00:45:57,470 --> 00:45:54,450

beetles but the toad doesn't eat the

850

00:45:59,260 --> 00:45:57,480

beetles and then the topics get affected

851

00:46:02,290 --> 00:45:59,270

by the roundup

852

00:46:05,580 --> 00:46:02,300

and become super poisonous for any other

853

00:46:08,500 --> 00:46:05,590

animals that eat them so now not only

854

00:46:10,350 --> 00:46:08,510

well first of all the the I don't know

855

00:46:14,200 --> 00:46:10,360

what happened with the beetle problem um

856

00:46:16,359 --> 00:46:14,210

but that wasn't solved by the frogs and

857

00:46:18,700 --> 00:46:16,369

now and of course you know for years now

858

00:46:21,700 --> 00:46:18,710

I know in a minute Minnesota and purcha

859

00:46:25,300 --> 00:46:21,710

Wisconsin they found mutated frogs with

860

00:46:29,500 --> 00:46:25,310

like three legs for all kinds of just

861

00:46:32,200 --> 00:46:29,510

weird stuff you know just mutations you

862

00:46:36,609 --> 00:46:32,210

know and of course these DC and Finian's

863

00:46:38,880 --> 00:46:36,619

and well mutant like amphibians are most

864

00:46:41,560 --> 00:46:38,890

acceptable obviously than other species

865

00:46:44,650 --> 00:46:41,570

how long will be before other species

866

00:46:50,680 --> 00:46:44,660

have shown signs of mutation well frogs

867

00:46:52,240 --> 00:46:50,690

is also you Paul and Phineas so it you

868

00:47:10,960 --> 00:46:52,250

know it doesn't surprise me at all but

869

00:47:13,180 --> 00:47:10,970

uh but I heard round up before it was

870

00:47:18,430 --> 00:47:13,190

around us was the same company that

871

00:47:21,430 --> 00:47:18,440

developed Agent Orange and that guy that

872

00:47:24,609 --> 00:47:21,440

Kirby yeah that's uh the guy in my Santo

873

00:47:32,140 --> 00:47:24,619

doesn't have the best reputation you

874

00:47:34,060 --> 00:47:32,150

know that's for sure he's aa swing with

875

00:47:35,830 --> 00:47:34,070

what's what what another problem with

876

00:47:38,859 --> 00:47:35,840

this - it's probably found in most of

877

00:47:41,710 --> 00:47:38,869

our foods in the u.s. non-organic you

878

00:47:44,500 --> 00:47:41,720

know so where there's this pesticide

879

00:47:46,510 --> 00:47:44,510

thing is it needs to go it's gonna kill

880

00:47:48,040 --> 00:47:46,520

the honeybees then we ink and I have

881

00:47:56,380 --> 00:47:48,050

food in about twenty five years we'll be

882

00:48:01,750 --> 00:47:56,390

screwed mm-hmm that's my thoughts right

883

00:48:10,710 --> 00:48:01,760

you're exactly correct on so the next

884

00:48:12,580 --> 00:48:10,720

story comes from us from AWA July 12

885

00:48:15,070 --> 00:48:12,590

2017

886

00:48:16,290 --> 00:48:15,080

I'm sure a lot of people heard this but

887

00:48:19,150 --> 00:48:16,300

this is very interesting

888

00:48:21,280 --> 00:48:19,160

chai the exciting scientists just

889

00:48:26,560 --> 00:48:21,290

teleported an object into Earth's orbit

890

00:48:28,870 --> 00:48:26,570

for the first time yes the idea of

891

00:48:33,100 --> 00:48:28,880

teleportation has long been considered

892

00:48:35,490 --> 00:48:33,110

only a possible in science fiction in

893

00:48:39,100 --> 00:48:35,500

fact in the early 1990s scientists

894

00:48:43,290 --> 00:48:39,110

speculated that teleportation could be

895

00:48:46,660 --> 00:48:43,300

possible with the aid of quantum physics

896

00:48:51,190 --> 00:48:46,670

since the idea was proposed experts made

897

00:48:53,260 --> 00:48:51,200

great progress in 2016 managed to

898

00:48:55,750 --> 00:48:53,270

successfully conduct the world's first

899

00:48:58,930 --> 00:48:55,760

quantum teleportation outside of the

900

00:49:00,430 --> 00:48:58,940

laboratory what experts didn't want to

901
00:49:02,730 --> 00:49:00,440
stop there

902
00:49:06,580 --> 00:49:02,740
so they stepped it up a notch now

903
00:49:09,520 --> 00:49:06,590
experts in China managed to achieve the

904
00:49:12,940 --> 00:49:09,530
unachievable coconut core after they

905
00:49:15,280 --> 00:49:12,950
successfully teleported a photon from

906
00:49:19,060 --> 00:49:15,290
our planet to a satellite orbiting Earth

907
00:49:21,400 --> 00:49:19,070
more than 500 kilometers away pretty

908
00:49:24,610 --> 00:49:21,410
awesome right this revolutionary

909
00:49:27,040 --> 00:49:24,620
experiment was conducted between the

910
00:49:28,900 --> 00:49:27,050
Messiah a Chinese quantum satellite

911
00:49:31,840 --> 00:49:28,910
named after Chinese philosopher from the

912
00:49:34,360 --> 00:49:31,850
century BC and a ground station in Asia

913
00:49:37,840 --> 00:49:34,370

where scientists managed to transfer the

914

00:49:39,460 --> 00:49:37,850

photon from earth to space the Chinese

915

00:49:44,110 --> 00:49:39,470

satellite was launched into orbit into

916

00:49:45,790 --> 00:49:44,120

2016 Visayas is equipped with

917

00:49:47,950 --> 00:49:45,800

state-of-the-art technology featuring

918

00:49:50,020 --> 00:49:47,960

super-sensitive folk on receiver which

919

00:49:52,840 --> 00:49:50,030

enables the satellite to tech contem

920

00:49:56,800 --> 00:49:52,850

speed of a single photon which is fired

921

00:49:58,840 --> 00:49:56,810

at it from earth but not only did the

922

00:50:01,980 --> 00:49:58,850

Chinese scientist teleport the first

923

00:50:06,520 --> 00:50:01,990

object ever for our planet into space

924

00:50:08,820 --> 00:50:06,530

yep y'all basically that was my

925

00:50:11,680 --> 00:50:08,830

introduction well but they basically

926
00:50:14,080 --> 00:50:11,690
created a revolutionary satellite to

927
00:50:16,240 --> 00:50:14,090
ground quantum network which eventually

928
00:50:19,290 --> 00:50:16,250
allowed them to eat the record for the

929
00:50:22,030 --> 00:50:19,300
longest distance from which entanglement

930
00:50:25,130 --> 00:50:22,040
has been measured and why is

931
00:50:27,080 --> 00:50:25,140
entanglement so important here

932
00:50:30,830 --> 00:50:27,090
because quantum teleportation relies on

933
00:50:33,020 --> 00:50:30,840
quantum entanglement a phenomenon where

934
00:50:35,120 --> 00:50:33,030
one set of objects like a photon appears

935
00:50:37,880 --> 00:50:35,130
same instant at the same point in space

936
00:50:40,850 --> 00:50:37,890
sharing the same existence furthermore

937
00:50:43,010 --> 00:50:40,860
noted by futurism this shared existence

938
00:50:46,550 --> 00:50:43,020

continues even when the photons are

939

00:50:48,140 --> 00:50:46,560

separated meaning a measurement of one

940

00:50:50,000 --> 00:50:48,150

immediately influences to say to the

941

00:50:52,370 --> 00:50:50,010

other regardless the distance between

942

00:50:54,110 --> 00:50:52,380

them so scientists explained that this

943

00:50:56,330 --> 00:50:54,120

extra memory link is what allows us to

944

00:50:58,700 --> 00:50:56,340

transmit quantum information and simply

945

00:51:01,850 --> 00:50:58,710

by uploading and downloading the

946

00:51:05,000 --> 00:51:01,860

information assigned to one object or

947

00:51:07,640 --> 00:51:05,010

photocopy this is open entangled link to

948

00:51:09,530 --> 00:51:07,650

another photon object the second point

949

00:51:13,490 --> 00:51:09,540

on object takes the identity of the

950

00:51:15,110 --> 00:51:13,500

first in other words teleportation the

951
00:51:16,520 --> 00:51:15,120
long-distance telephone has been made

952
00:51:18,710 --> 00:51:16,530
recognized as a fundamental element

953
00:51:21,100 --> 00:51:18,720
protocols such as large-scale quantum

954
00:51:24,770 --> 00:51:21,110
networks and distributed quantum cop

955
00:51:34,760 --> 00:51:24,780
mutations report Chinese scientists to

956
00:51:36,080 --> 00:51:34,770
MIT technology review so yeah so that's

957
00:51:39,710 --> 00:51:36,090
pretty interesting stuff what do you

958
00:51:41,900 --> 00:51:39,720
guys think about that do you think it's

959
00:51:48,160 --> 00:51:41,910
been done before that's my first

960
00:51:53,270 --> 00:51:50,840
yeah that makes you know I could see

961
00:51:55,880 --> 00:51:53,280
that there being a Tyson or with them

962
00:51:59,780 --> 00:51:55,890
opening this new another new technology

963
00:52:04,760 --> 00:51:59,790

up are they going to dive into something

964

00:52:08,600 --> 00:52:04,770

where some outer space alien species

965

00:52:16,400 --> 00:52:08,610

will also intercept that and we're gonna

966

00:52:27,730 --> 00:52:16,410

be teleporting down right to us yeah how

967

00:52:37,250 --> 00:52:31,700

I don't know I would think that if

968

00:52:38,599 --> 00:52:37,260

something like that were going on why

969

00:52:42,950 --> 00:52:38,609

would they want to tell us

970

00:52:45,229 --> 00:52:42,960

think about it I mean there's so much

971

00:52:46,940 --> 00:52:45,239

out there that they know about that we

972

00:52:49,640 --> 00:52:46,950

don't know about that they keep from us

973

00:52:52,099 --> 00:52:49,650

so when I when I when I read stuff like

974

00:52:54,200 --> 00:52:52,109

this I'm on the fence about it because

975

00:52:57,289 --> 00:52:54,210

how much of it is true and how much of

976

00:52:58,880 --> 00:52:57,299

it is disinformation well in this case

977

00:53:00,170 --> 00:52:58,890

it's a you know like you said they've

978

00:53:03,319 --> 00:53:00,180

I'm sure they've done this before

979

00:53:04,809 --> 00:53:03,329

secretly black ops and secret science

980

00:53:08,359 --> 00:53:04,819

whether it's government-owned or

981

00:53:09,680 --> 00:53:08,369

possibly even corporate owned I mean

982

00:53:14,720 --> 00:53:09,690

some corporations have more money than

983

00:53:26,650 --> 00:53:14,730

some countries so you know who's to say

984

00:53:32,630 --> 00:53:29,329

transcription is something to a distant

985

00:53:37,970 --> 00:53:32,640

planet somewhere where they can explore

986

00:53:39,440 --> 00:53:37,980

for minerals or whatever else but as far

987

00:53:44,440 --> 00:53:39,450

as like what they're doing right now

988

00:53:49,210 --> 00:53:44,450

it's just on the just a starting gate

989

00:53:51,710 --> 00:53:49,220

yeah so just a couple minutes left here

990

00:53:52,819 --> 00:53:51,720

I'm just gonna read a couple doubt

991

00:53:56,630 --> 00:53:52,829

they're headlines I would not get it to

992

00:53:58,599 --> 00:53:56,640

you like giant China built 250 core

993

00:54:03,289 --> 00:53:58,609

solar farms shaped like a giant panda

994

00:54:06,309 --> 00:54:03,299

wouldn't get to that we didn't get to

995

00:54:09,440 --> 00:54:06,319

super volcano concerns arise after

996

00:54:11,650 --> 00:54:09,450

Montana hit a strongest earthquake in 20

997

00:54:14,210 --> 00:54:11,660

years

998

00:54:18,529 --> 00:54:14,220

sigh police called in to take on

999

00:54:20,630 --> 00:54:18,539

villagers female ghost scientists learn

1000

00:54:22,489 --> 00:54:20,640

ingredients up a 2000 year old Roman

1001
00:54:24,890 --> 00:54:22,499
pill bottle found an ancient shipwreck

1002
00:54:27,200 --> 00:54:24,900
Wow that you're not to be i medicine

1003
00:54:29,359 --> 00:54:27,210
this oh right

1004
00:54:33,140 --> 00:54:29,369
our guess i was at an aspirin song who

1005
00:54:36,109 --> 00:54:33,150
knew and of course in the news a man

1006
00:54:38,420 --> 00:54:36,119
took a photograph of what he thought was

1007
00:54:44,359 --> 00:54:38,430
a tasmanian tiger but many are saying it

1008
00:54:45,859 --> 00:54:44,369
was an injured fox and by sea anna

1009
00:54:51,000 --> 00:54:45,869
meteor shower explodes over south

1010
00:54:57,339 --> 00:54:54,250
Bowen had sharks may not be carnivorous

1011
00:54:59,380 --> 00:54:57,349
after all if you discovery suggests so

1012
00:55:01,750 --> 00:54:59,390
time some of the stories we didn't get

1013
00:55:03,549 --> 00:55:01,760

to there's so much news especially when

1014

00:55:07,960 --> 00:55:03,559

it comes to all the categories that we

1015

00:55:10,000 --> 00:55:07,970

covered but up for what we came across

1016

00:55:13,150 --> 00:55:10,010

this month that was some of the relevant

1017

00:55:16,020 --> 00:55:13,160

bizarre and on an unexplained or just

1018

00:55:20,670 --> 00:55:16,030

really freaky stuff that we came across

1019

00:55:26,640 --> 00:55:20,680

so thank you Mike and thank you don both

1020

00:55:29,799 --> 00:55:26,650

coming on and and doing analysis with us

1021

00:55:30,670 --> 00:55:29,809

yes yeah thank you both we really

1022

00:55:37,049 --> 00:55:30,680

appreciate it

1023

00:55:41,470 --> 00:55:37,059

no problem no problem so uh let's see

1024

00:55:45,819 --> 00:55:41,480

next week stay tuned we have another

1025

00:55:50,079 --> 00:55:45,829

awesome show lined up next month um is

1026

00:55:52,720 --> 00:55:50,089

primarily ufology I think like beer the

1027

00:55:54,400 --> 00:55:52,730

four of the shows are going to be with

1028

00:56:03,210 --> 00:55:54,410

follow Jets I know Derek Tyler's coming

1029

00:56:06,730 --> 00:56:03,220

on Paul Sinclair's coming on Deborah

1030

00:56:09,549 --> 00:56:06,740

geniuses beyond so yeah we got we have

1031

00:56:10,780 --> 00:56:09,559

good guests coming up so yeah Friday

1032

00:56:13,450 --> 00:56:10,790

night and then of course at the end of

1033

00:56:15,579 --> 00:56:13,460

the month we do our news casts

1034

00:56:17,410 --> 00:56:15,589

it's the believer the evidence is

1035

00:56:20,260 --> 00:56:17,420

overwhelming into the skeptic there will

1036

00:56:21,819 --> 00:56:20,270

never you know thank you God bless you
