

Paul & Ben Eno

THE KEVIN
COOK SHOW

TUESDAY 9PM EASTERN
6PM PACIFIC

Listen on

inceptionradionetwork.com

1
00:00:04,640 --> 00:00:01,189
well it's gonna be back with you again

2
00:00:07,160 --> 00:00:04,650
we've got a great guest and Paulino and

3
00:00:10,190 --> 00:00:07,170
then you know on to guests and they

4
00:00:12,560 --> 00:00:10,200
written a new book on monsters and and

5
00:00:14,539 --> 00:00:12,570
the shortage of those will will be

6
00:00:16,910 --> 00:00:14,549
overjoyed to have them on pretty soon

7
00:00:20,689 --> 00:00:16,920
and Heidi it's good to have you back

8
00:00:23,960 --> 00:00:20,699
indeed Fanta cago got some great news

9
00:00:26,210 --> 00:00:23,970
stories here and the first the first one

10
00:00:28,519 --> 00:00:26,220
is a religious issue now you know we had

11
00:00:31,790 --> 00:00:28,529
Russ Brio on last week with the Shroud

12
00:00:34,069 --> 00:00:31,800
and what the latest story on spirit

13
00:00:37,520 --> 00:00:34,079

daily.com as they found in ancient

14

00:00:39,830 --> 00:00:37,530

Hebrew the word lamb when they did a

15

00:00:42,619 --> 00:00:39,840

holographic imaging of the Shroud this

16

00:00:44,450 --> 00:00:42,629

recently and for those interested they

17

00:00:46,910 --> 00:00:44,460

go to spirit daily.com and they'll have

18

00:00:48,410 --> 00:00:46,920

this news story there but I mean there's

19

00:00:51,049 --> 00:00:48,420

all kinds of stuff connected with this

20

00:00:54,200 --> 00:00:51,059

shroud that the point to points to its

21

00:00:59,029 --> 00:00:54,210

authenticity and this this just came up

22

00:01:01,849 --> 00:00:59,039

last couple days yeah that's pretty

23

00:01:06,260 --> 00:01:01,859

amazing now North Korea course shot at

24

00:01:07,850 --> 00:01:06,270

ICBM and the drink but I mean the study

25

00:01:10,640 --> 00:01:07,860

of it showed that it could probably hit

26
00:01:15,230 --> 00:01:10,650
Chicago maybe even New York which would

27
00:01:18,109 --> 00:01:15,240
be much worse and they any rate Trump is

28
00:01:22,030 --> 00:01:18,119
met with Prime Minister Abe II of Japan

29
00:01:24,620 --> 00:01:22,040
and their I'll quarter nikki Haley the

30
00:01:27,020 --> 00:01:24,630
UN representative they're talking they

31
00:01:28,700 --> 00:01:27,030
said she said quote the talking is over

32
00:01:31,730 --> 00:01:28,710
which would supposedly indicate some

33
00:01:36,710 --> 00:01:31,740
kind of genuine military effort against

34
00:01:38,030 --> 00:01:36,720
these little rascals and I mean I don't

35
00:01:39,880 --> 00:01:38,040
know but anyway it supposedly could hit

36
00:01:42,950 --> 00:01:39,890
Chicago and potentially even New York

37
00:01:45,530 --> 00:01:42,960
might be why that bet creature or

38
00:01:48,170 --> 00:01:45,540

Mothman is flapping around here I don't

39

00:01:50,630 --> 00:01:48,180

know I don't know but the mob will come

40

00:01:52,520 --> 00:01:50,640

out this is exactly the issues that

41

00:01:54,170 --> 00:01:52,530

falls gonna be talking about because he

42

00:01:56,810 --> 00:01:54,180

and Ben have written a book behind the

43

00:01:58,990 --> 00:01:56,820

paranormal - Bigfoot Mothman and

44

00:02:01,459 --> 00:01:59,000

monsters you've never heard of so a

45

00:02:06,859 --> 00:02:01,469

little Chicago monsters will probably

46

00:02:09,260 --> 00:02:06,869

included in that let's hope well I don't

47

00:02:12,130 --> 00:02:09,270

know but you know my girl maked Kelly

48

00:02:17,410 --> 00:02:12,140

had a very good show this past week

49

00:02:19,780 --> 00:02:17,420

Oh finally okay okay she's trying to be

50

00:02:21,280 --> 00:02:19,790

sweet beautiful she looks she's trying

51
00:02:24,940 --> 00:02:21,290
to bite her tongue and be sweet let her

52
00:02:28,180 --> 00:02:24,950
be sweet but both CBS and megyn kelly

53
00:02:34,420 --> 00:02:28,190
both highlighted how bad the airlines

54
00:02:36,790 --> 00:02:34,430
are giving us the shaft and actually CBS

55
00:02:39,970 --> 00:02:36,800
had a comparable story to Megan's and

56
00:02:42,910 --> 00:02:39,980
that they had a midweek show I think it

57
00:02:47,400 --> 00:02:42,920
was last night we're out yeah it was

58
00:02:49,870 --> 00:02:47,410
last night that they they had

59
00:02:51,729 --> 00:02:49,880
invitations to about four or five of the

60
00:02:53,800 --> 00:02:51,739
major airlines to send a rep and talk

61
00:02:56,320 --> 00:02:53,810
about some of the disagreement of the

62
00:02:58,810 --> 00:02:56,330
public and not one of the major five

63
00:03:01,780 --> 00:02:58,820

airlines went set a rep they all

64

00:03:03,729 --> 00:03:01,790

declined the offer for CBS which shows

65

00:03:06,250 --> 00:03:03,739

things smell a rat again with but

66

00:03:09,970 --> 00:03:06,260

basically here's what happened in the

67

00:03:14,199 --> 00:03:09,980

80s they have 38 inches between seats

68

00:03:17,920 --> 00:03:14,209

okay right it's it's shrunken down now

69

00:03:21,060 --> 00:03:17,930

to like something like 33 inches because

70

00:03:27,220 --> 00:03:21,070

the American waistline has also shrunk

71

00:03:31,060 --> 00:03:27,230

no as a matter of fact with the times

72

00:03:34,000 --> 00:03:31,070

but prices keep going up okay but the

73

00:03:35,440 --> 00:03:34,010

only one that made the show to be

74

00:03:40,060 --> 00:03:35,450

interviewed was this little weasely

75

00:03:41,920 --> 00:03:40,070

wheezy little bald sob that was a like

76

00:03:44,350 --> 00:03:41,930

the cat acted like a cat that swallowed

77

00:03:46,090 --> 00:03:44,360

the canary the chairman of Spirit

78

00:03:50,830 --> 00:03:46,100

Airlines which is the source of most

79

00:03:54,690 --> 00:03:50,840

evil in the world and his The Blair

80

00:03:56,050 --> 00:03:54,700

lines puts you 28 inches between seats

81

00:03:58,390 --> 00:03:56,060

Wow

82

00:04:03,789 --> 00:03:58,400

I mean you have to have a figure of an

83

00:04:05,710 --> 00:04:03,799

ironing board to see and it's tough too

84

00:04:07,449 --> 00:04:05,720

the only thing that he hasn't done

85

00:04:09,160 --> 00:04:07,459

because they were asked the only thing

86

00:04:11,380 --> 00:04:09,170

he doesn't charge for is using the

87

00:04:13,240 --> 00:04:11,390

restroom and that's who knows when that

88

00:04:17,259 --> 00:04:13,250

will come up

89

00:04:18,850 --> 00:04:17,269

wow that is crazy yeah that put a put a

90

00:04:20,830 --> 00:04:18,860

quarter in the door to get in that's

91

00:04:23,260 --> 00:04:20,840

what they used to have here in Chicago a

92

00:04:25,390 --> 00:04:23,270

lot of Wells out with they're not

93

00:04:27,460 --> 00:04:25,400

required to have a restroom a toilet in

94

00:04:31,690 --> 00:04:27,470

the restaurants here in Chicago so hold

95

00:04:33,670 --> 00:04:31,700

it - you know I'm serious

96

00:04:37,180 --> 00:04:33,680

so you'll be surprised when you go to

97

00:04:39,550 --> 00:04:37,190

some of them you're like hey hey hey you

98

00:04:40,660 --> 00:04:39,560

serious I think it's part of the health

99

00:04:43,710 --> 00:04:40,670

code here

100

00:04:48,010 --> 00:04:43,720

you would think go hand in hand

101

00:04:49,930 --> 00:04:48,020

Chicago's got it all man I don't they

102

00:04:52,240 --> 00:04:49,940

changed that ordinance but I've gone

103

00:04:54,520 --> 00:04:52,250

into some and yeah this is one of the

104

00:04:56,170 --> 00:04:54,530

few places it's not required and you

105

00:04:58,420 --> 00:04:56,180

used to as something like gas stations

106

00:05:00,340 --> 00:04:58,430

you have to check a quarter or two in to

107

00:05:03,490 --> 00:05:00,350

go use the bathroom I I just well I

108

00:05:06,430 --> 00:05:03,500

haven't seen those and 31 early no no

109

00:05:09,070 --> 00:05:06,440

I've seen well they used to have DC

110

00:05:13,030 --> 00:05:09,080

Airport which had eight tiles but they

111

00:05:15,280 --> 00:05:13,040

tore those out a long time ago but no

112

00:05:17,890 --> 00:05:15,290

Heidi uh they don't have that kind of

113

00:05:21,159 --> 00:05:17,900

thing around here but here's the thing

114

00:05:24,210 --> 00:05:21,169

about it there's worse issues in this

115

00:05:28,180 --> 00:05:24,220

airline thing than just the small seats

116

00:05:29,920 --> 00:05:28,190

they've got a deal were on CBS they said

117

00:05:31,300 --> 00:05:29,930

they're that not all passengers are

118

00:05:33,159 --> 00:05:31,310

considered equal like let's say you

119

00:05:35,080 --> 00:05:33,169

bought a bargain-basement fare on the

120

00:05:38,430 --> 00:05:35,090

same airline you know found some special

121

00:05:41,590 --> 00:05:38,440

or whatever yeah they overbooked flights

122

00:05:43,390 --> 00:05:41,600

which they never used to do I mean they

123

00:05:46,630 --> 00:05:43,400

have they booked flights like a hundred

124

00:05:48,460 --> 00:05:46,640

and ten percent occupancy so what I'm

125

00:05:50,080 --> 00:05:48,470

saying is they could bump you from your

126
00:05:51,730 --> 00:05:50,090
flight that's been one of the sources of

127
00:05:55,030 --> 00:05:51,740
you never you've seen in recent news

128
00:05:57,040 --> 00:05:55,040
stories were dragged their heels or

129
00:06:00,190 --> 00:05:57,050
something that guy paid for that flight

130
00:06:01,690 --> 00:06:00,200
that they drugged out like that yeah you

131
00:06:04,360 --> 00:06:01,700
know it's weird like this said well we

132
00:06:06,100 --> 00:06:04,370
have to overbook because you know people

133
00:06:07,810 --> 00:06:06,110
might show not show up for their flight

134
00:06:09,700 --> 00:06:07,820
or something like that I'm like they

135
00:06:11,320 --> 00:06:09,710
don't give refunds anymore so what do

136
00:06:15,730 --> 00:06:11,330
they care it's paid for

137
00:06:18,310 --> 00:06:15,740
they don't give refunds like that that

138
00:06:19,540 --> 00:06:18,320

is criminal and the the guy that member

139

00:06:21,820 --> 00:06:19,550

the thing that got in the tussle

140

00:06:23,290 --> 00:06:21,830

feedback Uppal months ago that guy paid

141

00:06:24,610 --> 00:06:23,300

for that flight and the one they wanted

142

00:06:26,570 --> 00:06:24,620

to substitute on the flight with some

143

00:06:29,390 --> 00:06:26,580

employee that was flying the some

144

00:06:32,720 --> 00:06:29,400

they bring City on work or whatever nuts

145

00:06:35,270 --> 00:06:32,730

to them fly among a buy your own ticket

146

00:06:38,420 --> 00:06:35,280

I mean in other words that was totally

147

00:06:42,290 --> 00:06:38,430

wrong and all this all this ruckus and

148

00:06:44,900 --> 00:06:42,300

attention to some degree of consolation

149

00:06:47,960 --> 00:06:44,910

between Megan's effort and CBS's effort

150

00:06:51,260 --> 00:06:47,970

has resulted in the Congress a matter of

151
00:06:54,350 --> 00:06:51,270
fact a federal district judge just

152
00:06:55,850 --> 00:06:54,360
recently ordered the FAA to start

153
00:06:58,520 --> 00:06:55,860
bearing down on these issues

154
00:07:00,380 --> 00:06:58,530
so everybody ladies and gentlemen it has

155
00:07:04,370 --> 00:07:00,390
finally happened Kevin Cook has been

156
00:07:08,030 --> 00:07:04,380
officially taken into custody for all of

157
00:07:10,280 --> 00:07:08,040
his mobster ties and Putin is also

158
00:07:13,610 --> 00:07:10,290
trying to get his hands into it it's

159
00:07:18,590 --> 00:07:13,620
really an entertaining thing I'm

160
00:07:20,150 --> 00:07:18,600
witnessing here so I don't know what

161
00:07:23,450 --> 00:07:20,160
happened to him you fell off the planet

162
00:07:25,820 --> 00:07:23,460
it's all good but you know what we're

163
00:07:27,470 --> 00:07:25,830

gonna have a good show we've got Paul

164

00:07:29,210 --> 00:07:27,480

and Ben you know I don't think I've had

165

00:07:32,690 --> 00:07:29,220

a show have an opportunity to speak with

166

00:07:35,330 --> 00:07:32,700

Ben so pop it's like an old old family

167

00:07:37,670 --> 00:07:35,340

member here so you guys we'll be right

168

00:07:38,690 --> 00:07:37,680

back after the break this is gonna be

169

00:07:40,130 --> 00:07:38,700

really fun to know we're gonna talk

170

00:07:43,280 --> 00:07:40,140

about a lot of things that are going on

171

00:07:44,870 --> 00:07:43,290

that are really really bizarre Mothman

172

00:07:47,330 --> 00:07:44,880

is one of my favorite topics because

173

00:07:51,290 --> 00:07:47,340

hello Chicago is dealing with something

174

00:07:53,840 --> 00:07:51,300

truly the ordinary over a dozen weird

175

00:07:55,700 --> 00:07:53,850

sightings of a bat-like creature this is

176

00:07:58,580 --> 00:07:55,710

Gotham so I'm not surprised so you guys

177

00:08:00,790 --> 00:07:58,590

just hold tight and we'll be right back

178

00:08:04,550 --> 00:08:00,800

[Music]

179

00:08:07,040 --> 00:08:04,560

I tell you what you know I don't have

180

00:08:08,480 --> 00:08:07,050

that many favorite yeah I guess but Paul

181

00:08:10,400 --> 00:08:08,490

is one of them Paul and then you know

182

00:08:13,610 --> 00:08:10,410

whether they're out of Woonsocket Rhode

183

00:08:16,970 --> 00:08:13,620

Island and they have a great show on

184

00:08:19,880 --> 00:08:16,980

wound 1240 and Boston Worcester

185

00:08:22,640 --> 00:08:19,890

Providence area and it's called behind

186

00:08:24,740 --> 00:08:22,650

the paranormal and they've got all kinds

187

00:08:28,520 --> 00:08:24,750

of years of experience it's a very great

188

00:08:31,130 --> 00:08:28,530

show and they've been on also the

189

00:08:36,320 --> 00:08:31,140

history travel and Discovery Channel's

190

00:08:39,650 --> 00:08:36,330

and CBS missed all kinds of interesting

191

00:08:40,430 --> 00:08:39,660

insights and Paul is educated to beat

192

00:08:43,010 --> 00:08:40,440

the band these

193

00:08:45,280 --> 00:08:43,020

graduated from two seminaries he's

194

00:08:48,080 --> 00:08:45,290

expelled for paranormal work before you

195

00:08:51,080 --> 00:08:48,090

finished ordination but such a rebel

196

00:08:53,030 --> 00:08:51,090

love it that's the way it goes it's the

197

00:08:55,280 --> 00:08:53,040

way it goes Ben's an audio engineer a

198

00:08:57,350 --> 00:08:55,290

2014 graduate of ambition College in

199

00:08:59,870 --> 00:08:57,360

Boston so there this is really a good

200

00:09:01,240 --> 00:08:59,880

way decent yeah that's pretty good just

201

00:09:07,780 --> 00:09:01,250

can't just mess with you Ben

202

00:09:10,220 --> 00:09:07,790

well usually actually uh golly Heidi uh

203

00:09:11,870 --> 00:09:10,230

you know I know you've been bedeviled

204

00:09:13,460 --> 00:09:11,880

with this hat man though I'm not sure

205

00:09:16,910 --> 00:09:13,470

where he I think thief it's more in the

206

00:09:20,780 --> 00:09:16,920

Amanat category than cryptid he does

207

00:09:22,850 --> 00:09:20,790

yeah but now Paul Ben have just put out

208

00:09:25,070 --> 00:09:22,860

a book behind the paranormal - Bigfoot

209

00:09:32,870 --> 00:09:25,080

Mothman and monsters you never heard of

210

00:09:35,860 --> 00:09:32,880

and now Paul Paul I think I did some

211

00:09:38,090 --> 00:09:35,870

growing up in Florida and we had what

212

00:09:41,840 --> 00:09:38,100

wasn't the skunk ape they call him down

213

00:09:43,330 --> 00:09:41,850

there yes because that was mostly

214

00:09:46,820 --> 00:09:43,340

slithering around glades

215

00:09:48,740 --> 00:09:46,830

and I guess they've got a different

216

00:09:53,600 --> 00:09:48,750

version in different different states I

217

00:09:56,960 --> 00:09:53,610

suppose of Vsauce

218

00:09:59,150 --> 00:09:56,970

well you know that's true well thank you

219

00:10:14,780 --> 00:09:59,160

for your welcome Kevin and Heidi and

220

00:10:16,900 --> 00:10:14,790

it's great does have lots of names in

221

00:10:19,400 --> 00:10:16,910

different parts of the country it's

222

00:10:21,770 --> 00:10:19,410

really quite yeah there's the skunk ape

223

00:10:23,900 --> 00:10:21,780

of course and then of course Sasquatch

224

00:10:28,010 --> 00:10:23,910

which is a native native name and that

225

00:10:30,950 --> 00:10:28,020

there's all sorts of other kinds and

226

00:10:32,840 --> 00:10:30,960

there are even in in the flap areas as

227

00:10:36,170 --> 00:10:32,850

we call them that we investigate areas

228

00:10:38,240 --> 00:10:36,180

where there is seemingly very frequent

229

00:10:39,680 --> 00:10:38,250

paranormal phenomena of different kinds

230

00:10:41,240 --> 00:10:39,690

that traditionally wouldn't be related

231

00:10:44,300 --> 00:10:41,250

but we think they are you know like

232

00:10:46,670 --> 00:10:44,310

Bigfoot or UFOs ghosts and all those you

233

00:10:51,190 --> 00:10:46,680

would have different kinds of big feet

234

00:10:54,020 --> 00:10:51,200

or Bigfoot's who are noticed a band just

235

00:10:56,540 --> 00:10:54,030

joined our third expedition our being

236

00:10:58,460 --> 00:10:56,550

sir way and and myself to the

237

00:11:00,170 --> 00:10:58,470

Pennsylvania Triangle where several

238

00:11:04,730 --> 00:11:00,180

kinds of Bigfoot have been observed

239

00:11:07,640 --> 00:11:04,740

including by us actually aspire to me

240

00:11:11,360 --> 00:11:07,650

well seemingly yeah this is since I was

241

00:11:15,980 --> 00:11:11,370

last on and this is a given western

242

00:11:18,020 --> 00:11:15,990

Pennsylvania and in May of 2016

243

00:11:19,430 --> 00:11:18,030

Shane sere way I believe you know who

244

00:11:21,140 --> 00:11:19,440

Shane is I think he might have been on

245

00:11:23,240 --> 00:11:21,150

your show he's one of the few

246

00:11:26,360 --> 00:11:23,250

investigators we'll work with

247

00:11:28,490 --> 00:11:26,370

he's a Blackfoot shaman and a very feet

248

00:11:31,130 --> 00:11:28,500

on the ground investigator which is a

249

00:11:33,020 --> 00:11:31,140

very good combination and Shane and I

250

00:11:37,000 --> 00:11:33,030

did the first two expeditions there

251
00:11:40,940 --> 00:11:37,010
totaled about five days and on the first

252
00:11:42,650 --> 00:11:40,950
expedition there in May of sixteen I was

253
00:11:44,030 --> 00:11:42,660
up in this field taking pictures of a

254
00:11:46,970 --> 00:11:44,040
lot of strange lights in the sky and

255
00:11:50,000 --> 00:11:46,980
Shane was down in a wooded area and

256
00:11:51,980 --> 00:11:50,010
actually broad daylight looked up from

257
00:11:55,120 --> 00:11:51,990
the console of his truck and he happened

258
00:11:57,890 --> 00:11:55,130
to see a large black hairy creature in

259
00:12:00,290 --> 00:11:57,900
between two trees he thought it was a

260
00:12:03,050 --> 00:12:00,300
bear because this is bear country but it

261
00:12:05,900 --> 00:12:03,060
he started the truck and took off after

262
00:12:08,690 --> 00:12:05,910
it and it it took off to the right and

263
00:12:11,420 --> 00:12:08,700

he reported these huge arms it was on

264

00:12:13,420 --> 00:12:11,430

two legs arm swinging back and forth and

265

00:12:16,580 --> 00:12:13,430

three deer being flushed in the process

266

00:12:19,910 --> 00:12:16,590

on September 16th we were back there and

267

00:12:21,380 --> 00:12:19,920

I have my own sighting I believe I was

268

00:12:24,050 --> 00:12:21,390

looking for something entirely do you

269

00:12:25,640 --> 00:12:24,060

think after 47 years of paranormal work

270

00:12:28,160 --> 00:12:25,650

I'd know that things never happened the

271

00:12:29,930 --> 00:12:28,170

way you expect them to and I had some

272

00:12:31,400 --> 00:12:29,940

cameras and I was looking for lights in

273

00:12:34,370 --> 00:12:31,410

the sky as we had photographed the

274

00:12:37,160 --> 00:12:34,380

previous May so it was a brilliant

275

00:12:39,080 --> 00:12:37,170

moonlit night Friday night and something

276

00:12:42,320 --> 00:12:39,090

caught my attention to the right and I

277

00:12:44,800 --> 00:12:42,330

in the bright moonlight I saw maybe 200

278

00:12:47,540 --> 00:12:44,810

feet away at the very most a large

279

00:12:48,670 --> 00:12:47,550

two-legged creature with brown fur as

280

00:12:52,010 --> 00:12:48,680

much as you could tell on the light

281

00:12:54,140 --> 00:12:52,020

which was rather bright and I remember

282

00:12:55,940 --> 00:12:54,150

the huge knees and legs moving up and

283

00:12:58,220 --> 00:12:55,950

down and its head was bent as if looking

284

00:13:00,260 --> 00:12:58,230

for something in the grass I snapped an

285

00:13:03,020 --> 00:13:00,270

infrared picture through the closed cold

286

00:13:06,830 --> 00:13:03,030

window of the truck naturally got no

287

00:13:09,310 --> 00:13:06,840

heat signature I got out very slowly

288

00:13:11,810 --> 00:13:09,320

my phone rings and it was Ben's mom

289

00:13:14,150 --> 00:13:11,820

noticed I ever came to divorce Paul why

290

00:13:16,100 --> 00:13:14,160

didn't you turn the phone off I said I

291

00:13:17,510 --> 00:13:16,110

kind of knew this Bigfoot thing so I

292

00:13:20,470 --> 00:13:17,520

answered the phone I live in the middle

293

00:13:22,520 --> 00:13:20,480

of a Bigfoot sightings is that what I

294

00:13:26,030 --> 00:13:22,530

mean who's gonna call me in the middle

295

00:13:27,770 --> 00:13:26,040

of the night and in the fields anyway so

296

00:13:30,290 --> 00:13:27,780

then Ben came just this is just last

297

00:13:31,640 --> 00:13:30,300

weekend and we spent two nights there

298

00:13:33,860 --> 00:13:31,650

and we're gonna be going back again

299

00:13:37,940 --> 00:13:33,870

three days I've been wants to fill in

300

00:13:41,840 --> 00:13:37,950

any of the details of the last trip why

301
00:13:46,730 --> 00:13:41,850
not I guess I mean you might as well

302
00:13:49,010 --> 00:13:46,740
just come clean you know tell them when

303
00:13:50,570 --> 00:13:49,020
you're not on the air with me that's not

304
00:13:54,050 --> 00:13:50,580
nice

305
00:13:55,940 --> 00:13:54,060
well I suppose I guess you know best to

306
00:14:01,010 --> 00:13:55,950
start at the beginning as Julie Andrews

307
00:14:04,250 --> 00:14:01,020
once said I suppose really you know when

308
00:14:06,560 --> 00:14:04,260
I first got there it was well I mean

309
00:14:08,450 --> 00:14:06,570
there's a weird it's a weird place you

310
00:14:10,760 --> 00:14:08,460
know there's like a big hill where a

311
00:14:13,130 --> 00:14:10,770
meteor there was a meteor strike so the

312
00:14:14,750 --> 00:14:13,140
hills full of metal you have like all

313
00:14:18,590 --> 00:14:14,760

sorts of groundwater all over the place

314

00:14:21,320 --> 00:14:18,600

like you know strange like geological

315

00:14:23,120 --> 00:14:21,330

formations and an old you know Native

316

00:14:26,240 --> 00:14:23,130

American village that was across the way

317

00:14:29,600 --> 00:14:26,250

so I mean you know it's it has a lot of

318

00:14:33,380 --> 00:14:29,610

reasons for it to be active and I think

319

00:14:34,640 --> 00:14:33,390

you know just from context clues that it

320

00:14:36,800 --> 00:14:34,650

must have been revered by the natives

321

00:14:39,560 --> 00:14:36,810

who lived there years and years and

322

00:14:41,060 --> 00:14:39,570

years ago because I forget how old some

323

00:14:44,180 --> 00:14:41,070

of the artifacts were that they found

324

00:14:44,990 --> 00:14:44,190

and it was like something like 900 BC or

325

00:14:49,100 --> 00:14:45,000

something like that

326

00:14:52,480 --> 00:14:49,110

it was forever ago and I guess they're

327

00:14:55,010 --> 00:14:52,490

there you know it's it's incredibly

328

00:14:58,130 --> 00:14:55,020

active place you know you go down in

329

00:14:59,750 --> 00:14:58,140

this campground next on the property the

330

00:15:02,090 --> 00:14:59,760

people we were staying with and it was

331

00:15:04,310 --> 00:15:02,100

just it was weird because you would you

332

00:15:05,900 --> 00:15:04,320

would you would sit understand I was

333

00:15:08,780 --> 00:15:05,910

standing there and you'd see this sort

334

00:15:11,420 --> 00:15:08,790

of mist sort of appear and everything

335

00:15:13,340 --> 00:15:11,430

would just be quiet no sounds no bugs

336

00:15:15,860 --> 00:15:13,350

Birds nothing and this was like you know

337

00:15:17,660 --> 00:15:15,870

middle of nowhere Pennsylvania and you

338

00:15:20,460 --> 00:15:17,670

know you can see Pittsburgh would this

339

00:15:24,460 --> 00:15:20,470

be okay

340

00:15:26,410 --> 00:15:24,470

it's about maybe two-hour drive well we

341

00:15:28,119 --> 00:15:26,420

don't want to be too specific because we

342

00:15:31,210 --> 00:15:28,129

try to protect the anonymity of people

343

00:15:32,530 --> 00:15:31,220

who live there but it's far it's you

344

00:15:34,869 --> 00:15:32,540

know it's far away from everything you

345

00:15:38,109 --> 00:15:34,879

know it's like rural Pennsylvania they'd

346

00:15:41,019 --> 00:15:38,119

be so it's you know it's it's you can

347

00:15:42,759 --> 00:15:41,029

pretty much hear a pin drop in there and

348

00:15:44,949 --> 00:15:42,769

it was you know that usually forests are

349

00:15:47,829 --> 00:15:44,959

pretty loud at night so it was it was

350

00:15:49,389 --> 00:15:47,839

quiet and you know you sort of got this

351
00:15:53,229 --> 00:15:49,399
sense that something was watching you

352
00:15:55,419 --> 00:15:53,239
you know and I don't I don't like to

353
00:16:00,879 --> 00:15:55,429
talk about the things that happened to

354
00:16:05,169 --> 00:16:00,889
me so I will refrain from doing that but

355
00:16:07,689 --> 00:16:05,179
just by giving tiny tiny la clues but

356
00:16:10,269 --> 00:16:07,699
you know tiny bits of information that I

357
00:16:14,379 --> 00:16:10,279
find relevant so the thing that I found

358
00:16:16,509 --> 00:16:14,389
most relevant was really this place was

359
00:16:19,059 --> 00:16:16,519
sort of like a hub of a bunch of

360
00:16:21,789 --> 00:16:19,069
different you know I don't say well you

361
00:16:23,559 --> 00:16:21,799
worlds that sort of you know we're sort

362
00:16:26,259 --> 00:16:23,569
of intermeshing with each other but I

363
00:16:28,210 --> 00:16:26,269

guess the way our theories work as

364

00:16:30,489 --> 00:16:28,220

they've come to evolve to this point

365

00:16:33,400 --> 00:16:30,499

that they're sort of like world clusters

366

00:16:35,919 --> 00:16:33,410

that hang around each other like they're

367

00:16:36,999 --> 00:16:35,929

closer to us than others so a world in

368

00:16:39,069 --> 00:16:37,009

which you know Bigfoot's inhabit

369

00:16:41,769 --> 00:16:39,079

happened to be closer to this place then

370

00:16:44,109 --> 00:16:41,779

I don't know they they found footprints

371

00:16:48,160 --> 00:16:44,119

that were almost bug like like big

372

00:16:50,309 --> 00:16:48,170

footprints like or you know they they

373

00:16:54,220 --> 00:16:50,319

showed us pictures of just like you know

374

00:16:55,989 --> 00:16:54,230

wet footprints just on like concrete and

375

00:16:57,369 --> 00:16:55,999

stuff like whether you'd see footprints

376

00:16:59,379 --> 00:16:57,379

start like if somebody like stepped in

377

00:17:00,939 --> 00:16:59,389

like a puddle would like bare feet it

378

00:17:02,710 --> 00:17:00,949

just would walk and leave tracks like

379

00:17:05,679 --> 00:17:02,720

these they would just start from nowhere

380

00:17:08,829 --> 00:17:05,689

and then disappear like that kind of

381

00:17:10,689 --> 00:17:08,839

stuff so you know I I think that the

382

00:17:12,970 --> 00:17:10,699

world the world in which the Bigfoot

383

00:17:15,189 --> 00:17:12,980

then inhabit or Sasquatch or whatever

384

00:17:19,149 --> 00:17:15,199

you name you want to assign to these

385

00:17:22,179 --> 00:17:19,159

creatures happened to be closer than all

386

00:17:25,449 --> 00:17:22,189

the other all the other ones so it's I

387

00:17:29,019 --> 00:17:25,459

find it interesting that sites like this

388

00:17:30,789 --> 00:17:29,029

tend to keep people very close to it

389

00:17:32,350 --> 00:17:30,799

like people who've lived there all their

390

00:17:33,730 --> 00:17:32,360

lives you know

391

00:17:35,650 --> 00:17:33,740

who've left and ended up moving back

392

00:17:37,150 --> 00:17:35,660

it's really interesting these people

393

00:17:39,100 --> 00:17:37,160

sort of feel they even said that you

394

00:17:40,600 --> 00:17:39,110

know I feel pulled back to where you

395

00:17:42,580 --> 00:17:40,610

know I grew up and there's like yeah

396

00:17:44,500 --> 00:17:42,590

yeah it's really it's really interesting

397

00:17:45,970 --> 00:17:44,510

you know it's it's fun to study because

398

00:17:49,240 --> 00:17:45,980

you know you learn something every time

399

00:17:51,640 --> 00:17:49,250

you go there I'm not a point out to that

400

00:17:53,230 --> 00:17:51,650

Heidi you're plenty of your shadow

401

00:17:59,919 --> 00:17:53,240

people are around there too

402

00:18:02,890 --> 00:17:59,929

strange lights people which one I was

403

00:18:03,460 --> 00:18:02,900

attempting to make a joke dinner oh I'm

404

00:18:04,900 --> 00:18:03,470

sorry

405

00:18:07,570 --> 00:18:04,910

I thought you were saying a shadow

406

00:18:09,190 --> 00:18:07,580

people related to cook or something but

407

00:18:13,000 --> 00:18:09,200

that would make more sense this Kevin

408

00:18:15,490 --> 00:18:13,010

guy I'm not surprised I mean honestly

409

00:18:17,470 --> 00:18:15,500

these dark entities they hang around any

410

00:18:20,789 --> 00:18:17,480

kind of paranormal activity going on and

411

00:18:24,250 --> 00:18:20,799

it's a it just seems to be this rampant

412

00:18:25,659 --> 00:18:24,260

crazy phenomena all over the globe it

413

00:18:28,630 --> 00:18:25,669

doesn't seem to matter if it's a

414

00:18:31,330 --> 00:18:28,640

haunting or or a lot of UFO activity

415

00:18:33,340 --> 00:18:31,340

people report seeing movement in the

416

00:18:36,310 --> 00:18:33,350

woods whether it's like a bigfooter or

417

00:18:37,780 --> 00:18:36,320

shadowy thing moving about so it's like

418

00:18:39,970 --> 00:18:37,790

what you what you saw though Paulie

419

00:18:41,470 --> 00:18:39,980

didn't have a snout I mean Paul or Ben

420

00:18:42,909 --> 00:18:41,480

they didn't have like a bear kind of

421

00:18:46,900 --> 00:18:42,919

snout or didn't move like the four

422

00:18:48,430 --> 00:18:46,910

footed no it wasn't a canine because we

423

00:18:51,610 --> 00:18:48,440

cover that in the book to the upright

424

00:18:53,940 --> 00:18:51,620

canine cryptids which a term that we and

425

00:18:57,159 --> 00:18:53,950

Linda Godfrey who with whom we quote

426

00:18:58,900 --> 00:18:57,169

prefers a great deal more readily to

427

00:19:01,930 --> 00:18:58,910

that the term werewolf

428

00:19:04,600 --> 00:19:01,940

you know and it's interesting to Kevin

429

00:19:07,720 --> 00:19:04,610

and Heidi is what you bore I think or we

430

00:19:10,450 --> 00:19:07,730

think what you bring with you to these

431

00:19:12,370 --> 00:19:10,460

areas will determine your experience in

432

00:19:15,490 --> 00:19:12,380

many ways in other words there was a

433

00:19:16,990 --> 00:19:15,500

little girl 9 years old this is the

434

00:19:19,390 --> 00:19:17,000

second neighborhood meeting when I first

435

00:19:21,280 --> 00:19:19,400

won Ben attended just that this last

436

00:19:29,169 --> 00:19:21,290

weekend and tell me you didn't use her

437

00:19:32,200 --> 00:19:29,179

as bait or something but she was she was

438

00:19:35,680 --> 00:19:32,210

crying she had a really scary Bigfoot

439

00:19:37,659 --> 00:19:35,690

experience and you know her parents

440

00:19:39,100 --> 00:19:37,669

wanted her to tell us about it but she

441

00:19:41,140 --> 00:19:39,110

didn't really know us we hadn't met her

442

00:19:43,120 --> 00:19:41,150

previously and you know naturally she's

443

00:19:45,760 --> 00:19:43,130

a little shy hopefully next time she'll

444

00:19:47,680 --> 00:19:45,770

tell us about it but it was quite

445

00:19:50,920 --> 00:19:47,690

frightening she said however my

446

00:19:53,620 --> 00:19:50,930

experience was very positive

447

00:19:55,840 --> 00:19:53,630

Ben and I tried to be as spiritual as we

448

00:19:57,370 --> 00:19:55,850

can and I brought my sons up too you

449

00:19:59,140 --> 00:19:57,380

know when they enter the woods or the

450

00:20:04,000 --> 00:19:59,150

fields to do so with respect and

451
00:20:07,180 --> 00:20:04,010
humility and a little prayer and to do

452
00:20:08,860 --> 00:20:07,190
so within the peace of one's heart and

453
00:20:11,500 --> 00:20:08,870
that's the spirit in which I sat in that

454
00:20:13,540 --> 00:20:11,510
field and my experience on September

455
00:20:16,530 --> 00:20:13,550
16th last year it was very positive I

456
00:20:19,450 --> 00:20:16,540
felt privileged I felt at peace and

457
00:20:21,430 --> 00:20:19,460
certainly not threatened in any way so

458
00:20:23,860 --> 00:20:21,440
other people have really scary

459
00:20:25,330 --> 00:20:23,870
experiences I think it might be the

460
00:20:26,800 --> 00:20:25,340
attitude of would you go in and he'd go

461
00:20:29,590 --> 00:20:26,810
over them with a rifle I want to shoot

462
00:20:31,480 --> 00:20:29,600
the thing like some people we know that

463
00:20:34,300 --> 00:20:31,490

you will probably have a negative

464

00:20:36,160 --> 00:20:34,310

experience and perhaps one that and in

465

00:20:39,270 --> 00:20:36,170

the book we were counter Oblates

466

00:20:41,290 --> 00:20:39,280

the late Rob Riggs who was from Texas

467

00:20:43,390 --> 00:20:41,300

investigating the the Big Thicket area

468

00:20:45,460 --> 00:20:43,400

which I'm sure that you've heard of yeah

469

00:20:47,620 --> 00:20:45,470

an experience that he had with them a

470

00:20:49,540 --> 00:20:47,630

close encounter with Bigfoot where it

471

00:20:52,180 --> 00:20:49,550

was pitch-black and the thing was

472

00:20:53,650 --> 00:20:52,190

howling at him he said it was so loud

473

00:20:57,790 --> 00:20:53,660

that you could feel your chest cavity

474

00:20:59,740 --> 00:20:57,800

vibrate and he said that that but he did

475

00:21:02,350 --> 00:20:59,750

not feel as though he was in danger he

476
00:21:04,570 --> 00:21:02,360
felt as though he was it was attempting

477
00:21:06,220 --> 00:21:04,580
to communicate just let him know that it

478
00:21:08,530 --> 00:21:06,230
knew he was there and that it was there

479
00:21:11,200 --> 00:21:08,540
or he was there and he didn't feel

480
00:21:13,690 --> 00:21:11,210
threatened either Rob always had respect

481
00:21:16,810 --> 00:21:13,700
as well so I think it depends on what

482
00:21:17,380 --> 00:21:16,820
you bring with you peanut butter peanut

483
00:21:25,600 --> 00:21:17,390
butter

484
00:21:27,550 --> 00:21:25,610
well yes supposedly that's a Bobo wow

485
00:21:29,860 --> 00:21:27,560
that is crazy I've only experienced like

486
00:21:30,400 --> 00:21:29,870
that that rib rattling I know what

487
00:21:32,320 --> 00:21:30,410
you're talking about

488
00:21:36,490 --> 00:21:32,330

when there's Harley fest in Milwaukee

489

00:21:40,890 --> 00:21:36,500

yeah oh my god the whole city rumbles

490

00:21:46,750 --> 00:21:45,370

eighty-five CC scooter oh nice that's

491

00:21:48,850 --> 00:21:46,760

not true you have an actual motorcycle

492

00:21:52,140 --> 00:21:48,860

well I have a 450 yeah but will they

493

00:21:57,720 --> 00:21:55,470

oh goodness God that is wild stuff so

494

00:22:00,210 --> 00:21:57,730

I'm curious what do you think about the

495

00:22:02,310 --> 00:22:00,220

the missing for 1/1 stuff do you think

496

00:22:04,620 --> 00:22:02,320

that's Bigfoot related that they're

497

00:22:08,280 --> 00:22:04,630

abducting little kids like this this

498

00:22:10,110 --> 00:22:08,290

girl that got terrified well there there

499

00:22:12,630 --> 00:22:10,120

is some opinion in that direction I

500

00:22:14,520 --> 00:22:12,640

don't I tend to until I had my

501
00:22:15,780 --> 00:22:14,530
experience you know I've been and I

502
00:22:18,090 --> 00:22:15,790
would be lecturing and people would walk

503
00:22:20,310 --> 00:22:18,100
up to us and say well I had this really

504
00:22:22,410 --> 00:22:20,320
positive experience with Bigfoot or with

505
00:22:24,990 --> 00:22:22,420
some other thing and I take it with a

506
00:22:26,610 --> 00:22:25,000
pillar of salt you know but not now that

507
00:22:28,830 --> 00:22:26,620
it's happened to me I'm a little more

508
00:22:30,780 --> 00:22:28,840
open-minded about it that maybe we're

509
00:22:33,630 --> 00:22:30,790
dealing with a very positive species

510
00:22:36,260 --> 00:22:33,640
that is perhaps able to come and go and

511
00:22:38,910 --> 00:22:36,270
what what are the the circumstantial

512
00:22:42,090 --> 00:22:38,920
things that that we consider it very

513
00:22:44,970 --> 00:22:42,100

seriously is that the military we always

514

00:22:47,850 --> 00:22:44,980

run into the military in flat berries

515

00:22:50,460 --> 00:22:47,860

all well and the notes are something

516

00:22:52,140 --> 00:22:50,470

that looks like the military case that

517

00:22:53,280 --> 00:22:52,150

we haven't quite tracked down the center

518

00:22:54,990 --> 00:22:53,290

of a yeah we thought we might have been

519

00:22:56,370 --> 00:22:55,000

there last week but that but they're our

520

00:22:59,370 --> 00:22:56,380

information is that we were on the wrong

521

00:23:00,600 --> 00:22:59,380

talking up the wrong tree however other

522

00:23:03,450 --> 00:23:00,610

people have noticed that low-flying

523

00:23:05,310 --> 00:23:03,460

c-130 is dropping stuff out and and

524

00:23:06,720 --> 00:23:05,320

other flap areas that they're very very

525

00:23:09,110 --> 00:23:06,730

prominent sometimes they don't care who

526
00:23:11,910 --> 00:23:09,120
knows that even ground troops are there

527
00:23:15,390 --> 00:23:11,920
our theory is that wouldn't they love to

528
00:23:17,240 --> 00:23:15,400
know how Bigfoot comes and goes in areas

529
00:23:19,620 --> 00:23:17,250
where there was no way there could be a

530
00:23:21,630 --> 00:23:19,630
large population without it being

531
00:23:23,250 --> 00:23:21,640
noticed such as western Pennsylvania

532
00:23:24,960 --> 00:23:23,260
where you have yeah you have large

533
00:23:27,240 --> 00:23:24,970
tracts of woods but are not that large

534
00:23:29,580 --> 00:23:27,250
and you have farm country where you have

535
00:23:31,410 --> 00:23:29,590
a large open clear space isn't this

536
00:23:33,750 --> 00:23:31,420
where do they come from and good where

537
00:23:35,790 --> 00:23:33,760
do they go to and maybe they'd love to

538
00:23:37,260 --> 00:23:35,800

know how they do this and this is where

539

00:23:38,490 --> 00:23:37,270

the multi-verse comes in and the

540

00:23:40,200 --> 00:23:38,500

government knowledge of it and then the

541

00:23:42,450 --> 00:23:40,210

desire to weaponize it so I think that's

542

00:23:46,890 --> 00:23:42,460

maybe a start to an answer to why the

543

00:23:52,620 --> 00:23:46,900

military's involved but cookies and arms

544

00:23:54,390 --> 00:23:52,630

that be kind of wild exactly yes well

545

00:23:56,850 --> 00:23:54,400

we're coming up to our bottom of the

546

00:23:58,410 --> 00:23:56,860

hour breaker but we'll be right back and

547

00:24:00,120 --> 00:23:58,420

get into this I want to talk more about

548

00:24:02,819 --> 00:24:00,130

the military thing in a minute we'll be

549

00:24:07,060 --> 00:24:05,319

well it's great to be back with Paul Ben

550

00:24:08,289 --> 00:24:07,070

and Heidi and I once again I want to

551
00:24:10,680 --> 00:24:08,299
mention the book is behind the

552
00:24:13,049 --> 00:24:10,690
paranormal - Bigfoot Mothman and

553
00:24:15,699 --> 00:24:13,059
monsters you've never heard of and I

554
00:24:20,199 --> 00:24:15,709
guess it's available what Paul it's

555
00:24:21,819 --> 00:24:20,209
Amazon and Barnes Noble Amazon behind

556
00:24:23,919 --> 00:24:21,829
apparent on the one is available at

557
00:24:27,159 --> 00:24:23,929
Barnes & Noble and and other bookstores

558
00:24:29,999 --> 00:24:27,169
this one is brand new and we had to

559
00:24:31,839 --> 00:24:30,009
bring it out quickly the distribution is

560
00:24:36,209 --> 00:24:31,849
what's something we have yet to figure

561
00:24:39,609 --> 00:24:36,219
out but it is available on Amazon okay

562
00:24:41,199 --> 00:24:39,619
well you know actually as weird you know

563
00:24:43,389 --> 00:24:41,209

life is changing I think one of the

564

00:24:46,719 --> 00:24:43,399

things I quote you a lot on some of the

565

00:24:51,089 --> 00:24:46,729

shows is you know everything these days

566

00:24:53,109 --> 00:24:51,099

upside down and downsides up and

567

00:24:56,019 --> 00:24:53,119

everything's just different than it ever

568

00:24:57,759 --> 00:24:56,029

was but I've come to find out just

569

00:25:00,190 --> 00:24:57,769

recently that Barnes and Noble is losing

570

00:25:03,039 --> 00:25:00,200

like 50 million dollars a year

571

00:25:05,469 --> 00:25:03,049

everybody's doing Amazon yeah I know it

572

00:25:16,649 --> 00:25:05,479

I mean that's a chunk to lose yeah I

573

00:25:22,569 --> 00:25:19,659

some of these are doing well Amazon

574

00:25:25,289 --> 00:25:22,579

opened up a bookstore here in Chicago

575

00:25:28,299 --> 00:25:25,299

and they're opening up more and more and

576

00:25:29,739 --> 00:25:28,309

yeah they're nothing like like Barnes

577

00:25:32,649 --> 00:25:29,749

ennoble oh no you got a you got a

578

00:25:37,299 --> 00:25:32,659

totally type in Google brick-and-mortar

579

00:25:39,399 --> 00:25:37,309

by Amazon stores and yeah nothing like

580

00:25:41,139 --> 00:25:39,409

the the Barnes & Noble stores where you

581

00:25:43,449 --> 00:25:41,149

can sit down well I shouldn't say that

582

00:25:46,029 --> 00:25:43,459

this one has a cafe my understandings

583

00:25:48,069 --> 00:25:46,039

other ones don't have cafes but they're

584

00:25:49,869 --> 00:25:48,079

they're rather small all the books face

585

00:25:53,049 --> 00:25:49,879

out none of them are put on their edge

586

00:25:54,789 --> 00:25:53,059

and independently published books get

587

00:25:57,729 --> 00:25:54,799

the opportunity to be in their

588

00:26:00,819 --> 00:25:57,739

bookstores as long as they have like I

589

00:26:02,680 --> 00:26:00,829

don't know like a whole bunch of book

590

00:26:05,319 --> 00:26:02,690

reviews with four and a half stars so

591

00:26:07,119 --> 00:26:05,329

I'm trying to get my Jesus book in there

592

00:26:08,469 --> 00:26:07,129

actually because I have 90 reviews and

593

00:26:12,810 --> 00:26:08,479

I'm at four and a half stars I'm like

594

00:26:17,250 --> 00:26:14,930

the Nature Publishing is changing

595

00:26:18,990 --> 00:26:17,260

radically and then it's just that's just

596

00:26:23,070 --> 00:26:19,000

the way it is the trouble is you wonder

597

00:26:24,540 --> 00:26:23,080

about quality control any dummy can

598

00:26:25,800 --> 00:26:24,550

write a book and usually does and

599

00:26:30,360 --> 00:26:25,810

hopefully that there's not include

600

00:26:32,910 --> 00:26:30,370

present company and or ourselves no it's

601
00:26:34,470 --> 00:26:32,920
a it's a new world well I don't know

602
00:26:36,540 --> 00:26:34,480
it's a world I don't like though I

603
00:26:41,760 --> 00:26:36,550
really don't know I love it well you can

604
00:26:44,370 --> 00:26:41,770
stay in Texas I guess no I've got it

605
00:26:49,020 --> 00:26:44,380
fixed all that I will not be buried here

606
00:26:53,490 --> 00:26:49,030
in Texas I don't care ok I can't I'm

607
00:26:57,060 --> 00:26:53,500
afraid I'll haunt this place doors he'll

608
00:27:00,540 --> 00:26:57,070
be leaving soon I got some questions

609
00:27:02,760 --> 00:27:00,550
from the chat room that's cool so this

610
00:27:06,120 --> 00:27:02,770
comes from Russ and he's asking if you

611
00:27:08,610 --> 00:27:06,130
guys ever use a GoPro camera or a dash

612
00:27:10,530 --> 00:27:08,620
camera to catch images because the dash

613
00:27:13,530 --> 00:27:10,540

cam can record 10 seconds before an

614

00:27:16,500 --> 00:27:13,540

event if you like say hit something so

615

00:27:18,240 --> 00:27:16,510

it's like oh so I don't know can you

616

00:27:19,830 --> 00:27:18,250

tack that to your body and go trumping

617

00:27:22,770 --> 00:27:19,840

through the woods and see if you catch

618

00:27:25,410 --> 00:27:22,780

something mm it's kind of kind of a cool

619

00:27:28,110 --> 00:27:25,420

idea well I don't know if Emma wants to

620

00:27:29,580 --> 00:27:28,120

tackle that one but we have one of the

621

00:27:36,060 --> 00:27:29,590

reasons we team up with Shane is he has

622

00:27:38,280 --> 00:27:36,070

all the the gear trail cams we have a

623

00:27:41,370 --> 00:27:38,290

lot of experience and we have the basics

624

00:27:43,500 --> 00:27:41,380

I use my cell phone I've apps for that

625

00:27:46,560 --> 00:27:43,510

sort of thing it mounted to use it like

626
00:27:47,880 --> 00:27:46,570
a dash cam but we are working on getting

627
00:27:50,940 --> 00:27:47,890
better equipment traditionally we've

628
00:27:52,080 --> 00:27:50,950
never relied a lot on high tech but

629
00:27:54,270 --> 00:27:52,090
traditionally we've been ghost

630
00:27:55,500 --> 00:27:54,280
researchers and that sort of thing and I

631
00:27:56,850 --> 00:27:55,510
don't really trust a lot of the tech

632
00:27:58,920 --> 00:27:56,860
that has to do with that and you know

633
00:28:02,160 --> 00:27:58,930
you can EMF meter could now although we

634
00:28:04,020 --> 00:28:02,170
do use it and they can pick up signals

635
00:28:05,730 --> 00:28:04,030
from a rate our rate 12 miles away I

636
00:28:08,580 --> 00:28:05,740
don't know how accurate is this however

637
00:28:11,490 --> 00:28:08,590
the Bigfoot thing with us is kind of new

638
00:28:14,370 --> 00:28:11,500

and I can see where certainly the trail

639

00:28:16,710 --> 00:28:14,380

cams have been valuable and the infrared

640

00:28:20,070 --> 00:28:16,720

stuff which I have we have some of but

641

00:28:24,640 --> 00:28:20,080

we need upgrade our stuff and if anybody

642

00:28:28,000 --> 00:28:24,650

has a \$500,000 to spare let us know

643

00:28:30,610 --> 00:28:28,010

but we're getting there but Shane kind

644

00:28:36,280 --> 00:28:30,620

of makes up for our lack of equipment

645

00:28:39,340 --> 00:28:36,290

yeah I enjoyed it but you know so

646

00:28:41,560 --> 00:28:39,350

weren't you kind of through your

647

00:28:43,300 --> 00:28:41,570

military intelligence contacts kind of

648

00:28:46,090 --> 00:28:43,310

told don't snoop too deeply into that

649

00:28:48,220 --> 00:28:46,100

area or well that well not that area

650

00:28:51,100 --> 00:28:48,230

this the one in Central Connecticut the

651
00:28:52,720 --> 00:28:51,110
Litchfield triangle and Leah and we have

652
00:28:55,270 --> 00:28:52,730
very little that we found the center of

653
00:28:58,240 --> 00:28:55,280
the military corporate or whatever

654
00:28:59,920 --> 00:28:58,250
activity it is everything is really

655
00:29:07,180 --> 00:28:59,930
fishy we have people watching the place

656
00:29:09,790 --> 00:29:07,190
and we were told by a contact that to

657
00:29:11,470 --> 00:29:09,800
back off it was a way of saying that

658
00:29:13,810 --> 00:29:11,480
something's really going on now in the

659
00:29:16,560 --> 00:29:13,820
Pennsylvania case we thought we've we

660
00:29:19,600 --> 00:29:16,570
may have pinned down the equivalent

661
00:29:21,460 --> 00:29:19,610
property but we've been told that at

662
00:29:23,050 --> 00:29:21,470
least so far that that's we're on the

663
00:29:25,450 --> 00:29:23,060

wrong track so now that may or may not

664

00:29:27,490 --> 00:29:25,460

be true but but this Pennsylvanian case

665

00:29:29,350 --> 00:29:27,500

is really new so but the connecticut

666

00:29:31,240 --> 00:29:29,360

case we've been working on since o5 as a

667

00:29:33,250 --> 00:29:31,250

matter of fact it was one of Ben's first

668

00:29:35,950 --> 00:29:33,260

two cases that and the Haunted policeman

669

00:29:37,780 --> 00:29:35,960

of Vermont so we have pictures of him at

670

00:29:40,930 --> 00:29:37,790

the age of 13 using our first video

671

00:29:43,030 --> 00:29:40,940

camera in the original house in the

672

00:29:47,290 --> 00:29:43,040

center of that case so we have a

673

00:29:49,000 --> 00:29:47,300

pedigree with that so it's bigger I do

674

00:29:51,610 --> 00:29:49,010

know from personal experience I have to

675

00:29:54,010 --> 00:29:51,620

be kind of cagey about describing it but

676

00:29:59,820 --> 00:29:54,020

there was a figure that Heidi's familiar

677

00:30:01,990 --> 00:29:59,830

with by ex pseudo brother-in-law Hey he

678

00:30:06,840 --> 00:30:02,000

he's telepathic and I it's a whole

679

00:30:13,690 --> 00:30:10,870

not much know and what it was was he was

680

00:30:16,330 --> 00:30:13,700

doing me wrong in some way and actually

681

00:30:19,870 --> 00:30:16,340

had a local FBI supervisor tell me to

682

00:30:22,090 --> 00:30:19,880

leave him alone and I said a bunch of

683

00:30:23,680 --> 00:30:22,100

expletives and so I'm not gonna leave

684

00:30:25,180 --> 00:30:23,690

him well as a matter of fact he was kind

685

00:30:27,370 --> 00:30:25,190

of halfway threatening me and I said I

686

00:30:31,020 --> 00:30:27,380

don't the hell with you I'm gonna call

687

00:30:35,350 --> 00:30:31,030

Janet Reno and I did and in other words

688

00:30:37,090 --> 00:30:35,360

he was trying to protect his boy and so

689

00:30:38,630 --> 00:30:37,100

what I'm saying is I shouldn't be that

690

00:30:40,919 --> 00:30:38,640

crude on the air but I'm he

691

00:30:44,250 --> 00:30:40,929

but I'm saying I was a harder bitten

692

00:30:46,710 --> 00:30:44,260

devil in those days and any rate like a

693

00:30:49,289 --> 00:30:46,720

long story short yes he had a paranormal

694

00:30:50,760 --> 00:30:49,299

context to him and the government was

695

00:30:53,760 --> 00:30:50,770

basically trying to protect him from my

696

00:30:55,380 --> 00:30:53,770

wrath is what it was no that's that's

697

00:30:57,419 --> 00:30:55,390

been that goes back to the 50s and

698

00:30:59,070 --> 00:30:57,429

projects the Stargate later on and then

699

00:31:01,140 --> 00:30:59,080

response to various Soviet programs

700

00:31:02,640 --> 00:31:01,150

where they were experimenting with

701
00:31:05,370 --> 00:31:02,650
psychics and this sort of thing and

702
00:31:08,070 --> 00:31:05,380
again I don't know I think perhaps since

703
00:31:11,870 --> 00:31:08,080
then or me well you can argue that

704
00:31:13,909 --> 00:31:11,880
interest by the government bat you into

705
00:31:16,350 --> 00:31:13,919
the weird

706
00:31:19,529 --> 00:31:16,360
properties of physics and its effect on

707
00:31:21,210 --> 00:31:19,539
the world you can trace it back perhaps

708
00:31:25,139 --> 00:31:21,220
even as far as the Civil War maybe

709
00:31:28,620 --> 00:31:25,149
before that so their old hands at this

710
00:31:30,810 --> 00:31:28,630
kind of thing and as we say you know

711
00:31:32,820 --> 00:31:30,820
it's not the existence of aliens and

712
00:31:34,080 --> 00:31:32,830
UFOs the P they'd be afraid of people

713
00:31:35,490 --> 00:31:34,090

finding out because I don't think

714

00:31:37,620 --> 00:31:35,500

everybody pretty much knows that there's

715

00:31:39,539 --> 00:31:37,630

somewhere or even that they're visiting

716

00:31:41,519 --> 00:31:39,549

I think it's the idea that if this

717

00:31:43,409 --> 00:31:41,529

multi-verse thing is true these worlds

718

00:31:44,580 --> 00:31:43,419

are right then and these inhabitants are

719

00:31:47,730 --> 00:31:44,590

right next to us all the time

720

00:31:49,560 --> 00:31:47,740

and know how to access that's the scary

721

00:31:54,149 --> 00:31:49,570

bit that might wreck Society and they're

722

00:31:56,519 --> 00:31:54,159

apparently Anonymous thinks that NASA is

723

00:31:58,919 --> 00:31:56,529

getting close to disclosure the group

724

00:32:02,100 --> 00:31:58,929

Anonymous the hack something like that

725

00:32:04,380 --> 00:32:02,110

yeah what do we mean by disclosure I

726

00:32:06,570 --> 00:32:04,390

mean how can we even know if that's true

727

00:32:08,100 --> 00:32:06,580

you know what why is somebody somebody's

728

00:32:13,440 --> 00:32:08,110

gonna draw a cartoon of an alien and

729

00:32:16,799 --> 00:32:13,450

release it the point I mean you know

730

00:32:19,320 --> 00:32:16,809

it's it's it's kind of you know moot

731

00:32:21,210 --> 00:32:19,330

moot but you know how can you even trust

732

00:32:22,320 --> 00:32:21,220

the government you know it's like people

733

00:32:25,620 --> 00:32:22,330

that people push them for the disclosure

734

00:32:27,149 --> 00:32:25,630

movement or like oh well you know if if

735

00:32:28,560 --> 00:32:27,159

there's like an invasion coming we

736

00:32:30,419 --> 00:32:28,570

should know about it and it's like well

737

00:32:32,039 --> 00:32:30,429

what makes you think they'd tell you and

738

00:32:34,110 --> 00:32:32,049

what makes you think it would be true in

739

00:32:38,130 --> 00:32:34,120

the first place because I don't trust a

740

00:32:39,720 --> 00:32:38,140

word that comes after all this time

741

00:32:42,779 --> 00:32:39,730

you're right it's like so they've

742

00:32:46,139 --> 00:32:42,789

they've had an allegiance to a secret

743

00:32:50,100 --> 00:32:46,149

for god knows how long and now they're

744

00:32:50,580 --> 00:32:50,110

finally gonna peel back the veil and go

745

00:32:52,380 --> 00:32:50,590

hey

746

00:32:54,000 --> 00:32:52,390

okay alright we lied

747

00:32:57,900 --> 00:32:54,010

but believe us now so I get what you're

748

00:32:58,080 --> 00:32:57,910

saying that makes sense I'm sorry go

749

00:33:00,390 --> 00:32:58,090

ahead

750

00:33:03,350 --> 00:33:00,400

no no I'm just the other this this is

751
00:33:07,200 --> 00:33:03,360
the 70th anniversary supposedly of the

752
00:33:08,550 --> 00:33:07,210
of the the the real sightings that got

753
00:33:10,850 --> 00:33:08,560
everybody all excited of the Kenneth

754
00:33:13,470 --> 00:33:10,860
Arnold and all that and Roswell in 47

755
00:33:19,620 --> 00:33:13,480
and it's ironic it's also the 70th

756
00:33:27,570 --> 00:33:19,630
anniversary of our station wo n 1240 so

757
00:33:31,890 --> 00:33:27,580
that makes you wonder too right I don't

758
00:33:34,110 --> 00:33:31,900
know but but you know Minh I did invoke

759
00:33:34,830 --> 00:33:34,120
Janet Reno and and some others and a

760
00:33:39,420 --> 00:33:34,840
congressman

761
00:33:43,020 --> 00:33:39,430
the FBI disappeared like like mist hmm

762
00:33:48,540 --> 00:33:43,030
and this guy Oh Paul he would make a

763
00:33:52,460 --> 00:33:48,550

great story himself he's it's he's a

764

00:33:57,090 --> 00:33:52,470

fugitive from a Stephen King novel dear

765

00:34:05,100 --> 00:33:57,100

and the whole family is just slithering

766

00:34:07,260 --> 00:34:05,110

dirt I never acted married her but but

767

00:34:09,060 --> 00:34:07,270

she was a oh she was real beautiful but

768

00:34:11,370 --> 00:34:09,070

she was a witch and everything else just

769

00:34:13,950 --> 00:34:11,380

no place for a guy from the east coast

770

00:34:16,260 --> 00:34:13,960

to be I mean it's her name Ann Coulter

771

00:34:19,230 --> 00:34:16,270

come on now tell me no I love Ann

772

00:34:22,830 --> 00:34:19,240

Coulter this what's a really thing you

773

00:34:26,639 --> 00:34:22,840

know I love Ann Coulter but really it

774

00:34:28,230 --> 00:34:26,649

was a deal where okay there was a buddy

775

00:34:30,270 --> 00:34:28,240

of mine I might have told you about him

776

00:34:33,210 --> 00:34:30,280

but he was like he's a green beret

777

00:34:35,550 --> 00:34:33,220

Master Sergeant and he was one of my

778

00:34:38,580 --> 00:34:35,560

best friends he's deceased now but but

779

00:34:40,380 --> 00:34:38,590

what it was he's actually a a technical

780

00:34:42,120 --> 00:34:40,390

sergeant of West Point to which shows he

781

00:34:46,050 --> 00:34:42,130

was pretty good in the you know in his

782

00:34:48,419 --> 00:34:46,060

field mm as a drill instructor and what

783

00:34:50,909 --> 00:34:48,429

I'm saying is he said Kevin I've met

784

00:34:53,250 --> 00:34:50,919

more weirdos in Texas than anywhere else

785

00:34:58,110 --> 00:34:53,260

and he'd been in the Army for 22 years

786

00:35:02,130 --> 00:34:58,120

you know reached a high level to see all

787

00:35:04,200 --> 00:35:02,140

that had a cosmic clearance and he said

788

00:35:05,849 --> 00:35:04,210

more weirdos per square inch in Texas

789

00:35:08,999 --> 00:35:05,859

than anywhere

790

00:35:14,039 --> 00:35:09,009

anywhere that sounds right saying a lot

791

00:35:17,700 --> 00:35:14,049

yes you know at one time the retired

792

00:35:19,289 --> 00:35:17,710

Special Forces agency was going to deal

793

00:35:22,979 --> 00:35:19,299

with this fella for me and I told him

794

00:35:27,089 --> 00:35:22,989

not to but I appreciate the offer though

795

00:35:29,249 --> 00:35:27,099

and but he's still to this point still

796

00:35:31,259 --> 00:35:29,259

fouling the planet so anyway that's

797

00:35:34,920 --> 00:35:31,269

that's all remind me not to get on

798

00:35:36,960 --> 00:35:34,930

Kevin's bad side yeah mmm well I'd

799

00:35:38,039 --> 00:35:36,970

snored they asked me they called me do

800

00:35:39,539 --> 00:35:38,049

you want me to do something about him

801
00:35:41,430 --> 00:35:39,549
you know the guy from the you know

802
00:35:44,099 --> 00:35:41,440
retired Special Forces Association I

803
00:35:47,749 --> 00:35:44,109
said no just let him go let him rot in

804
00:35:52,380 --> 00:35:50,210
but I'd but I mean I've had

805
00:35:53,640 --> 00:35:52,390
unfortunately very negative experiences

806
00:35:56,519 --> 00:35:53,650
here in Texas but they have been

807
00:35:57,660 --> 00:35:56,529
colorful they really have I mean on the

808
00:36:02,009 --> 00:35:57,670
bright side at least you have some good

809
00:36:03,720 --> 00:36:02,019
stories out of it exactly but I did in

810
00:36:06,960 --> 00:36:03,730
fairness I did set out to kill him a

811
00:36:11,309 --> 00:36:06,970
couple times and I'm gonna say this on

812
00:36:13,529 --> 00:36:11,319
here he has no filter just to see you

813
00:36:16,559 --> 00:36:13,539

guys no no I mean I didn't kill him he's

814

00:36:19,019 --> 00:36:16,569

still polluting the planet and I but he

815

00:36:20,910 --> 00:36:19,029

remember he's telepathic and psychic and

816

00:36:22,009 --> 00:36:20,920

I no sooner want to show up that he

817

00:36:25,729 --> 00:36:22,019

disappeared

818

00:36:28,979 --> 00:36:25,739

he's like remember that olds movie with

819

00:36:30,569 --> 00:36:28,989

Kurt I forget the reactor but I think

820

00:36:32,729 --> 00:36:30,579

he's the one married to Goldie Hawn or

821

00:36:35,039 --> 00:36:32,739

something but that's not Russell Kerr

822

00:36:37,349 --> 00:36:35,049

Russell Big Trouble in Little China he

823

00:36:39,390 --> 00:36:37,359

was talking about lo pan the the villain

824

00:36:43,499 --> 00:36:39,400

in that movie and he said he's not the

825

00:36:47,789 --> 00:36:43,509

man he's a bit eeeem that's what this

826

00:36:49,589 --> 00:36:47,799

guy was like anyway I'm just telling I

827

00:36:53,519 --> 00:36:49,599

just give you insights of my association

828

00:36:57,120 --> 00:36:53,529

with the paranormal and none of the

829

00:36:59,609 --> 00:36:57,130

Carmelites are listening well now a

830

00:37:00,809 --> 00:36:59,619

third order car boy died I haven't kill

831

00:37:03,420 --> 00:37:00,819

anybody in many years

832

00:37:06,120 --> 00:37:03,430

I just set out to kill a fly just now so

833

00:37:09,690 --> 00:37:06,130

apologies for the swatting sound unless

834

00:37:11,069 --> 00:37:09,700

the commlite Buddhist know but I mean

835

00:37:12,660 --> 00:37:11,079

you know I'm a lot better fella than I

836

00:37:13,259 --> 00:37:12,670

was then but I mean I was a little more

837

00:37:14,579 --> 00:37:13,269

hard-bitten

838

00:37:16,309 --> 00:37:14,589

but I mean this guy is enough to make

839

00:37:20,309 --> 00:37:16,319

you want to go set out to kill him

840

00:37:23,430 --> 00:37:20,319

really the question is was he a cryptid

841

00:37:27,900 --> 00:37:23,440

no but he's not normal the whole family

842

00:37:30,359 --> 00:37:27,910

is is different well some of the things

843

00:37:33,089 --> 00:37:30,369

we run into in these flat areas are

844

00:37:33,900 --> 00:37:33,099

really difficult to they don't have

845

00:37:36,180 --> 00:37:33,910

names yet

846

00:37:39,120 --> 00:37:36,190

you know hence the the last part of the

847

00:37:45,870 --> 00:37:39,130

title monsters you never heard of you

848

00:37:47,999 --> 00:37:45,880

know there is though there's one weird

849

00:37:49,849 --> 00:37:48,009

thing about impalas I sometimes I

850

00:37:52,859 --> 00:37:49,859

missing

851
00:37:54,959 --> 00:37:52,869
maybe it's like Stockholm Syndrome at

852
00:37:57,719 --> 00:37:54,969
this point yeah there you go

853
00:38:00,209 --> 00:37:57,729
my goodness well done he had a good

854
00:38:03,150 --> 00:38:00,219
sense of humor I guess I thought he did

855
00:38:05,430 --> 00:38:03,160
and I know he left just a few minutes

856
00:38:07,559 --> 00:38:05,440
before I was gonna go remove him from

857
00:38:09,329 --> 00:38:07,569
this planet he left and I know he was

858
00:38:16,289 --> 00:38:09,339
abused the thought that I get there and

859
00:38:18,509 --> 00:38:16,299
stop my little good David hey I don't

860
00:38:20,130 --> 00:38:18,519
mean give you a negative insight into me

861
00:38:21,779 --> 00:38:20,140
but I mean you know it's hard to you

862
00:38:25,189 --> 00:38:21,789
know you can't prana bear all the time

863
00:38:28,650 --> 00:38:25,199

and expect him to just you know smile

864

00:38:30,660 --> 00:38:28,660

but very Heidi's heard enough about him

865

00:38:36,719 --> 00:38:30,670

over all these many years but he is the

866

00:38:38,160 --> 00:38:36,729

third wheel in this show I don't know

867

00:38:40,109 --> 00:38:38,170

his first name I don't know his last

868

00:38:42,660 --> 00:38:40,119

name I don't know what he exactly did

869

00:38:44,689 --> 00:38:42,670

for a living I just know that Kevin

870

00:38:48,959 --> 00:38:44,699

could never own a computer

871

00:38:57,439 --> 00:38:48,969

no I can't because he put a lot of no

872

00:39:02,549 --> 00:39:00,239

have a governmental association is what

873

00:39:05,459 --> 00:39:02,559

I'm saying with the paranormal is love

874

00:39:12,539 --> 00:39:05,469

and that's the reason the FBI was trying

875

00:39:15,539 --> 00:39:12,549

to protect him mm-hmm but we are anyways

876

00:39:17,219 --> 00:39:15,549

back to the gobbledygook of creatures

877

00:39:19,469 --> 00:39:17,229

you're gonna name one something

878

00:39:20,910 --> 00:39:19,479

something you know and you said that

879

00:39:22,680 --> 00:39:20,920

some of them don't exist and they don't

880

00:39:24,870 --> 00:39:22,690

have any names but if you discover them

881

00:39:27,930 --> 00:39:24,880

like I discovered shadow people in the

882

00:39:31,439 --> 00:39:27,940

Hat man you could name it enormous or

883

00:39:32,350 --> 00:39:31,449

something even I never thought of

884

00:39:37,450 --> 00:39:32,360

working in the

885

00:39:39,670 --> 00:39:37,460

the singular surname however had been we

886

00:39:41,470 --> 00:39:39,680

recently discovered the because

887

00:39:43,030 --> 00:39:41,480

everybody knows about the chupacabra

888

00:39:47,350 --> 00:39:43,040

there's no there's also the chupa

889

00:39:48,750 --> 00:39:47,360

corn-on-the-cob rrah that sap Ossabaw I

890

00:39:52,540 --> 00:39:48,760

don't we were working I went to that

891

00:39:53,710 --> 00:39:52,550

then there's in the Connecticut case the

892

00:39:56,260 --> 00:39:53,720

one we've been working on for so many

893

00:40:00,460 --> 00:39:56,270

years there's the people if people have

894

00:40:02,500 --> 00:40:00,470

reported the odd box like beings with

895

00:40:06,040 --> 00:40:02,510

strange legs you know sort of bouncing

896

00:40:07,540 --> 00:40:06,050

by the windows outside very very tall we

897

00:40:10,900 --> 00:40:07,550

I guess we have enough but what Ben

898

00:40:12,160 --> 00:40:10,910

actually named one species I don't know

899

00:40:15,430 --> 00:40:12,170

if I'd call it a crypt it's more of a

900

00:40:19,030 --> 00:40:15,440

neighbor race to ours

901
00:40:21,010 --> 00:40:19,040
yeah the clerics who have turned up here

902
00:40:24,250 --> 00:40:21,020
and there in paranormal history a very

903
00:40:25,960 --> 00:40:24,260
very tall very thin and very often

904
00:40:28,660 --> 00:40:25,970
wearing masks over their faces because

905
00:40:33,520 --> 00:40:28,670
that's when they do when they pray they

906
00:40:36,340 --> 00:40:33,530
are very reverent they are very positive

907
00:40:39,610 --> 00:40:36,350
very quiet and generous species as far

908
00:40:41,890 --> 00:40:39,620
as we've ever seen and they do tend to

909
00:40:43,240 --> 00:40:41,900
be a Guardians I suppose mean they're

910
00:40:45,070 --> 00:40:43,250
not spirits I mean they're they're

911
00:40:46,900 --> 00:40:45,080
they're perfectly physical beings in

912
00:40:48,640 --> 00:40:46,910
their own worlds and that's an example

913
00:40:51,370 --> 00:40:48,650

but the Boxee things we have a name

914

00:40:54,400 --> 00:40:51,380

there those yet have we been progressive

915

00:41:09,130 --> 00:40:54,410

you can name one progressive you haven't

916

00:41:10,600 --> 00:41:09,140

seen the compressed progressive first

917

00:41:14,260 --> 00:41:10,610

thing came to my head in like a box

918

00:41:16,240 --> 00:41:14,270

talking that's progressive at a

919

00:41:18,220 --> 00:41:16,250

conversation with them but they they do

920

00:41:20,440 --> 00:41:18,230

seem to be present present sometimes and

921

00:41:22,690 --> 00:41:20,450

particularly in this this Litchfield

922

00:41:24,730 --> 00:41:22,700

County case in Connecticut where lots

923

00:41:27,550 --> 00:41:24,740

and lots of worlds come together at this

924

00:41:30,790 --> 00:41:27,560

is a point one in the Triangle which is

925

00:41:32,440 --> 00:41:30,800

an arbitrary you know geographical form

926

00:41:36,190 --> 00:41:32,450

I think but we have to get your handle

927

00:41:38,980 --> 00:41:36,200

around it somehow yeah point 10.2 is the

928

00:41:41,800 --> 00:41:38,990

strange farm that's not a farm where the

929

00:41:43,510 --> 00:41:41,810

base seems to be and then point three is

930

00:41:45,400 --> 00:41:43,520

something then I'm sure doesn't want to

931

00:41:47,790 --> 00:41:45,410

get into because of the bizarre

932

00:41:51,640 --> 00:41:47,800

that he had there when he identified it

933

00:41:53,860 --> 00:41:51,650

but someone else was looking for it

934

00:41:55,330 --> 00:41:53,870

can we hear more about that one that a

935

00:41:59,290 --> 00:41:55,340

role Ben

936

00:42:00,930 --> 00:41:59,300

well you see it was a dark and stormy

937

00:42:04,060 --> 00:42:00,940

night

938

00:42:10,260 --> 00:42:04,070

clearly afternoon in February it was a

939

00:42:16,840 --> 00:42:14,350

well we were shooting a pilot episode

940

00:42:18,730 --> 00:42:16,850

for a show that never came to fruition

941

00:42:23,500 --> 00:42:18,740

and I've never sounded that we've ever

942

00:42:25,570 --> 00:42:23,510

seen the video to this day not which is

943

00:42:27,370 --> 00:42:25,580

disappointing because my father claims

944

00:42:29,590 --> 00:42:27,380

to have seen me float off the ground at

945

00:42:31,600 --> 00:42:29,600

one point and I have yet to see this for

946

00:42:35,350 --> 00:42:31,610

myself so I still hold the utmost

947

00:42:38,170 --> 00:42:35,360

skepticism for this so we parked across

948

00:42:39,910 --> 00:42:38,180

the street after triangulating points in

949

00:42:42,520 --> 00:42:39,920

this triangle and we came to the

950

00:42:44,500 --> 00:42:42,530

conclusion ah here it is in the middle

951
00:42:48,070 --> 00:42:44,510
of nowhere across the street from a Boys

952
00:42:50,410 --> 00:42:48,080
and Girls Club campground or whatever so

953
00:42:52,600 --> 00:42:50,420
you know we get out of the car my dad's

954
00:42:53,950 --> 00:42:52,610
talking with with the camera guy or the

955
00:42:55,990 --> 00:42:53,960
producer and the director and the

956
00:42:57,790 --> 00:42:56,000
producer has the camera over his

957
00:43:00,010 --> 00:42:57,800
shoulder so there they're talking or

958
00:43:03,400 --> 00:43:00,020
whatever and so I go over to this stone

959
00:43:05,890 --> 00:43:03,410
circle that's particularly placed and I

960
00:43:07,770 --> 00:43:05,900
was like wow this is weird so I was like

961
00:43:10,810 --> 00:43:07,780
it was like a there's like a big stone

962
00:43:13,000 --> 00:43:10,820
in the middle and then four stones

963
00:43:15,250 --> 00:43:13,010

around it like policed and like a circle

964

00:43:17,710 --> 00:43:15,260

so it was like Oh what would happen if I

965

00:43:21,550 --> 00:43:17,720

if I touch this so I did and there was

966

00:43:23,650 --> 00:43:21,560

this great blinding light and I couldn't

967

00:43:26,260 --> 00:43:23,660

see anything and I couldn't open my eyes

968

00:43:28,660 --> 00:43:26,270

and wide enough to be able to see

969

00:43:30,880 --> 00:43:28,670

anything outside of this light Wow

970

00:43:32,470 --> 00:43:30,890

so I was wandering around I was like

971

00:43:35,890 --> 00:43:32,480

trying to find like something to

972

00:43:38,080 --> 00:43:35,900

stabilize myself so I I went over to

973

00:43:40,450 --> 00:43:38,090

this tree I put my hand on this tree and

974

00:43:44,650 --> 00:43:40,460

then I don't remember anything I

975

00:43:46,870 --> 00:43:44,660

remember waking up in the mud wow that's

976

00:43:51,850 --> 00:43:46,880

amazing you were out for almost ten

977

00:43:55,600 --> 00:43:51,860

minutes he does this it happened to

978

00:43:57,670 --> 00:43:55,610

Rendlesham forest - oh yeah

979

00:43:59,290 --> 00:43:57,680

so you're weird the weird guy in the

980

00:44:03,070 --> 00:43:59,300

movie that will go and kick them on

981

00:44:05,500 --> 00:44:03,080

stur to see if it's dead and that gets

982

00:44:08,800 --> 00:44:05,510

eaten because you'll just volunteer to

983

00:44:12,730 --> 00:44:08,810

do the darndest things no I'm I'm more

984

00:44:15,310 --> 00:44:12,740

like the guy that I can't think of any

985

00:44:19,480 --> 00:44:15,320

other equivalent yeah so I guess that's

986

00:44:20,320 --> 00:44:19,490

a that's a decent decent metaphor you

987

00:44:23,020 --> 00:44:20,330

die quickly

988

00:44:26,080 --> 00:44:23,030

I got it yep which is more which is more

989

00:44:28,660 --> 00:44:26,090

extreme up all the the Connecticut

990

00:44:30,850 --> 00:44:28,670

triangle or the Pennsylvania triangle

991

00:44:33,010 --> 00:44:30,860

well it's difficult to sit they're all

992

00:44:34,930 --> 00:44:33,020

kind of unique Connecticut probably I'd

993

00:44:37,150 --> 00:44:34,940

have to say because we call it

994

00:44:38,830 --> 00:44:37,160

Connecticut's skinwalker ranch but we've

995

00:44:40,960 --> 00:44:38,840

been investigating it

996

00:44:43,150 --> 00:44:40,970

you know since oh five so twelve years

997

00:44:44,590 --> 00:44:43,160

we've only been investigating the

998

00:44:45,370 --> 00:44:44,600

Pennsylvania case for a little over a

999

00:44:48,580 --> 00:44:45,380

year well

1000

00:44:50,680 --> 00:44:48,590

yeah little over a year and it's we're

1001
00:44:52,240 --> 00:44:50,690
just discovering more as we go now some

1002
00:44:53,440 --> 00:44:52,250
people might say well the more you look

1003
00:44:55,540 --> 00:44:53,450
for the more you're going to find well

1004
00:44:58,300 --> 00:44:55,550
maybe that's true and maybe it's

1005
00:45:00,580 --> 00:44:58,310
legitimate the whole the whole flat bury

1006
00:45:03,190 --> 00:45:00,590
a triangle thing is a bit arbitrary but

1007
00:45:05,320 --> 00:45:03,200
again as I say you have to get some sort

1008
00:45:07,780 --> 00:45:05,330
of jumping-off point or some kind of

1009
00:45:10,300 --> 00:45:07,790
handle on the thing and that's what you

1010
00:45:12,880 --> 00:45:10,310
know but how do you tell what's outside

1011
00:45:14,350 --> 00:45:12,890
of a flat bury and it might be related

1012
00:45:17,830 --> 00:45:14,360
to something else or to nothing in

1013
00:45:19,030 --> 00:45:17,840

particular and then so what we see one

1014

00:45:20,830 --> 00:45:19,040

of the things we look for is is

1015

00:45:23,860 --> 00:45:20,840

different people having different kinds

1016

00:45:25,900 --> 00:45:23,870

of experiences in the same area

1017

00:45:28,660 --> 00:45:25,910

what we had our first neighborhood

1018

00:45:30,520 --> 00:45:28,670

meeting in September was we had 20

1019

00:45:32,220 --> 00:45:30,530

people show up our neighborhood meeting

1020

00:45:35,470 --> 00:45:32,230

this time we had like 10 people show up

1021

00:45:39,040 --> 00:45:35,480

and everybody in this area has had some

1022

00:45:40,810 --> 00:45:39,050

kind of experience usually Bigfoot

1023

00:45:43,180 --> 00:45:40,820

there's a lot of emphasis on Bigfoot in

1024

00:45:45,970 --> 00:45:43,190

this in this area whereas in Connecticut

1025

00:45:47,560 --> 00:45:45,980

so far the emphasis seems to be that

1026

00:45:48,910 --> 00:45:47,570

there is some Bigfoot activity but the

1027

00:45:52,870 --> 00:45:48,920

emphasis seems to be on quote unquote

1028

00:45:54,130 --> 00:45:52,880

ghostly phenomena and the the lights and

1029

00:45:55,570 --> 00:45:54,140

the sky and this kind of thing which you

1030

00:45:57,760 --> 00:45:55,580

wouldn't ordinarily associate in the

1031

00:46:00,310 --> 00:45:57,770

classical sense one of the strangest

1032

00:46:03,670 --> 00:46:00,320

things in the Connecticut triangle is

1033

00:46:05,710 --> 00:46:03,680

that in an area in the Torrington Goshen

1034

00:46:07,450 --> 00:46:05,720

area there was a neighborhood where

1035

00:46:08,530 --> 00:46:07,460

there were a number of break-ins but

1036

00:46:11,320 --> 00:46:08,540

nothing was stolen

1037

00:46:11,960 --> 00:46:11,330

and so one family and cops never got

1038

00:46:14,360 --> 00:46:11,970

anywhere with it

1039

00:46:16,730 --> 00:46:14,370

one family put in security cameras

1040

00:46:18,020 --> 00:46:16,740

inside their house and they went out one

1041

00:46:21,050 --> 00:46:18,030

day and they came back and there was a

1042

00:46:24,050 --> 00:46:21,060

shot of this thing standing at their

1043

00:46:26,920 --> 00:46:24,060

kitchen sink and some people have have

1044

00:46:29,510 --> 00:46:26,930

interpreted as a reptilian some

1045

00:46:32,180 --> 00:46:29,520

certainly is a new but it's their plain

1046

00:46:35,000 --> 00:46:32,190

as day and taken by security camera and

1047

00:46:37,760 --> 00:46:35,010

we don't disseminate it because we've

1048

00:46:39,440 --> 00:46:37,770

been asked not to by the people while

1049

00:46:42,020 --> 00:46:39,450

occasionally flow Ben and I will flash

1050

00:46:44,210 --> 00:46:42,030

it during lectures times but really

1051
00:46:48,410 --> 00:46:44,220
really I mean something that again

1052
00:46:50,540 --> 00:46:48,420
doesn't have a name and so there you go

1053
00:46:51,770 --> 00:46:50,550
I mean these are the tips of the iceberg

1054
00:46:54,170 --> 00:46:51,780
and it seems to be that the the

1055
00:46:56,750 --> 00:46:54,180
paranormal is completely normal and the

1056
00:46:59,270 --> 00:46:56,760
normal state of our world is these weird

1057
00:47:00,710 --> 00:46:59,280
into interconnections between different

1058
00:47:03,110 --> 00:47:00,720
worlds with different inhabitants some

1059
00:47:05,120 --> 00:47:03,120
of whom are very aware of us and some of

1060
00:47:06,950 --> 00:47:05,130
us are quite aware of them but we think

1061
00:47:08,000 --> 00:47:06,960
they're ghosts or spirits or something

1062
00:47:09,470 --> 00:47:08,010
like this because what else could they

1063
00:47:12,260 --> 00:47:09,480

because we'd ever studied in physics

1064

00:47:16,000 --> 00:47:12,270

class sleestaks so anyways here's a

1065

00:47:21,110 --> 00:47:18,950

Russ is asking again another question

1066

00:47:24,110 --> 00:47:21,120

he's asking if you ever found evidence

1067

00:47:28,160 --> 00:47:24,120

that connects ley lines where they

1068

00:47:30,230 --> 00:47:28,170

intersect I don't know if you want to

1069

00:47:32,180 --> 00:47:30,240

take that but but we've gotten that

1070

00:47:35,870 --> 00:47:32,190

question a bunch of times and I found

1071

00:47:39,020 --> 00:47:35,880

the answer is both yes and no and I I

1072

00:47:41,120 --> 00:47:39,030

think I think they you know in an

1073

00:47:43,340 --> 00:47:41,130

attempt to map a map it out I think I

1074

00:47:45,380 --> 00:47:43,350

think at one point in time yes these

1075

00:47:48,710 --> 00:47:45,390

energies would would have been in

1076

00:47:50,810 --> 00:47:48,720

certain places like a lot of you know

1077

00:47:53,270 --> 00:47:50,820

pagan ritual sites were built on ley

1078

00:47:56,000 --> 00:47:53,280

lines a lot of old ancient churches as

1079

00:47:59,270 --> 00:47:56,010

well in like the first second third air

1080

00:48:01,070 --> 00:47:59,280

they're an era third third centuries

1081

00:48:02,480 --> 00:48:01,080

they they were built and like all sorts

1082

00:48:05,450 --> 00:48:02,490

of places that were supposed to be on

1083

00:48:08,090 --> 00:48:05,460

ley lines like now I'm trying to think

1084

00:48:10,340 --> 00:48:08,100

the Rosslyn Rosslyn Chapel in England is

1085

00:48:11,540 --> 00:48:10,350

supposedly built on ley lines but I mean

1086

00:48:14,840 --> 00:48:11,550

you know some of these energies they

1087

00:48:17,510 --> 00:48:14,850

tend to move change and places that were

1088

00:48:19,520 --> 00:48:17,520

once you know powerful flap areas are

1089

00:48:22,370 --> 00:48:19,530

now no more they're now moved all over

1090

00:48:25,880 --> 00:48:22,380

the place it's I think I think I think

1091

00:48:25,880 --> 00:48:25,890

you know an attempt to pigeonhole

1092

00:48:32,390 --> 00:48:28,580

things that we don't understand is bound

1093

00:48:34,640 --> 00:48:32,400

to fail because these things don't tend

1094

00:48:36,350 --> 00:48:34,650

to stay in the same places for you know

1095

00:48:37,460 --> 00:48:36,360

you know they said sometimes they stay

1096

00:48:39,170 --> 00:48:37,470

in places for a long period of time

1097

00:48:41,390 --> 00:48:39,180

sometimes they don't I don't know it

1098

00:48:43,130 --> 00:48:41,400

seems to be a mixed bag well if I'm

1099

00:48:47,000 --> 00:48:43,140

faking this echo what been said I don't

1100

00:48:49,580 --> 00:48:47,010

got a break coming but the the old idea

1101

00:48:52,010 --> 00:48:49,590

of ley lines at least as espoused by

1102

00:48:54,650 --> 00:48:52,020

Alfred Watkins in England was sort of a

1103

00:48:56,960 --> 00:48:54,660

net extending over there today we might

1104

00:49:00,470 --> 00:48:56,970

call it electromagnetic but as Ben said

1105

00:49:02,240 --> 00:49:00,480

we find that these things move so ley

1106

00:49:03,890 --> 00:49:02,250

lines I'm not you know I don't know if

1107

00:49:05,480 --> 00:49:03,900

the classical interpret interpretation

1108

00:49:07,820 --> 00:49:05,490

is correct I would associate it more

1109

00:49:09,170 --> 00:49:07,830

with the telluric current things of this

1110

00:49:11,330 --> 00:49:09,180

kind that are well known to science

1111

00:49:12,740 --> 00:49:11,340

electrical phenomena that move over the

1112

00:49:15,380 --> 00:49:12,750

surface or just under the surface of the

1113

00:49:17,780 --> 00:49:15,390

earth and and as Ben said I mean I mean

1114

00:49:21,800 --> 00:49:17,790

I stood in the score Hill stone circle

1115

00:49:23,960 --> 00:49:21,810

in Devonshire in England in 1989 and not

1116

00:49:26,300 --> 00:49:23,970

only could I not take a photograph that

1117

00:49:28,310 --> 00:49:26,310

was in focus people told me that

1118

00:49:31,850 --> 00:49:28,320

sometimes there would be more stones one

1119

00:49:34,820 --> 00:49:31,860

day than the next and I would stand

1120

00:49:39,710 --> 00:49:34,830

there and I watched line this is this is

1121

00:49:43,880 --> 00:49:39,720

a crummy Wednesday March top of the hour

1122

00:49:45,290 --> 00:49:43,890

break we'll be right okay boss great

1123

00:49:47,300 --> 00:49:45,300

feedback with Paul and Benny know

1124

00:49:51,620 --> 00:49:47,310

they're great guests and the high D is

1125

00:49:53,200 --> 00:49:51,630

not too bad ourselves and Ida feels with

1126

00:49:55,910 --> 00:49:53,210

the paranormal

1127

00:49:58,010 --> 00:49:55,920

now one thing Paul I have to admit my

1128

00:49:59,810 --> 00:49:58,020

only association with the paranormal

1129

00:50:01,730 --> 00:49:59,820

anymore I used to be a lot rougher cut

1130

00:50:05,810 --> 00:50:01,740

individual that I am now I'm kind of

1131

00:50:07,310 --> 00:50:05,820

like acting like sweet as apple pie or

1132

00:50:10,970 --> 00:50:07,320

something now it's nice to be

1133

00:50:12,740 --> 00:50:10,980

hard-bitten right I mean you know the

1134

00:50:14,570 --> 00:50:12,750

mob did want to hire me at one time to

1135

00:50:16,370 --> 00:50:14,580

be an enforcer and stuff like that but

1136

00:50:17,990 --> 00:50:16,380

now I'm everything everything only

1137

00:50:19,340 --> 00:50:18,000

association I have with the paranormal

1138

00:50:21,650 --> 00:50:19,350

is in the Catholic Church and

1139

00:50:23,810 --> 00:50:21,660

everything's just hum hunky-dory and

1140

00:50:29,530 --> 00:50:23,820

fine but Heidi's got all these demons

1141

00:50:38,900 --> 00:50:37,280

don't do with those guys but it's more

1142

00:50:39,290 --> 00:50:38,910

like people you know people coming

1143

00:50:41,030 --> 00:50:39,300

seeking

1144

00:50:42,290 --> 00:50:41,040

help and advice about stuff do you guys

1145

00:50:44,900 --> 00:50:42,300

get that a lot where you have people

1146

00:50:47,630 --> 00:50:44,910

seeking answers to help remedy something

1147

00:50:48,770 --> 00:50:47,640

they are personally dealing with day in

1148

00:50:50,420 --> 00:50:48,780

and day out mmm

1149

00:50:52,370 --> 00:50:50,430

you know sometimes I write to Bend

1150

00:50:54,760 --> 00:50:52,380

separately and me separately but you

1151

00:50:57,980 --> 00:50:54,770

know it's it's it's pretty incessant

1152

00:51:17,030 --> 00:50:57,990

because he speaks text message that way

1153

00:51:18,290 --> 00:51:17,040

it has been it's so bad I find that

1154

00:51:20,570 --> 00:51:18,300

people that write me from other

1155

00:51:23,810 --> 00:51:20,580

countries have a lot better grammar it's

1156

00:51:25,250 --> 00:51:23,820

not necessarily we have a pure she's a

1157

00:51:26,210 --> 00:51:25,260

lovely person but she writes from

1158

00:51:30,380 --> 00:51:26,220

Eastern Europe

1159

00:51:32,570 --> 00:51:30,390

she writes texts in an accent I have to

1160

00:51:34,550 --> 00:51:32,580

kind of get through it but I mean

1161

00:51:36,380 --> 00:51:34,560

generally we have a lot of people you

1162

00:51:38,170 --> 00:51:36,390

know the other thing with Facebook Ben

1163

00:51:41,780 --> 00:51:38,180

got me into it cuz we needed it for PR

1164

00:51:43,610 --> 00:51:41,790

for a show and now he's like the best

1165

00:51:47,240 --> 00:51:43,620

part he's amazing at Facebook he's like

1166

00:51:49,720 --> 00:51:47,250

a product 1,300 people I don't have 13

1167

00:51:53,570 --> 00:51:49,730

have her friends I've never heard of

1168

00:51:56,660 --> 00:51:53,580

they listen and and we all do it but I

1169

00:51:59,450 --> 00:51:56,670

just you know people are always writing

1170

00:52:00,950 --> 00:51:59,460

but the thing is with us you know as you

1171

00:52:03,500 --> 00:52:00,960

know our theories and methods are rather

1172

00:52:05,870 --> 00:52:03,510

different and people will still listen

1173

00:52:07,370 --> 00:52:05,880

to our show for 10 years we're gonna in

1174

00:52:10,670 --> 00:52:07,380

our 10th year and there are still people

1175

00:52:13,400 --> 00:52:10,680

who we're talking about the old-time

1176

00:52:14,840 --> 00:52:13,410

19th century classic paranormal

1177

00:52:16,250 --> 00:52:14,850

approaches to things and they asked us

1178

00:52:18,290 --> 00:52:16,260

advice in those terms and we have to

1179

00:52:20,180 --> 00:52:18,300

kind of explain gently that we're not

1180

00:52:21,770 --> 00:52:20,190

really look at it that way and it's it's

1181

00:52:24,920 --> 00:52:21,780

six of one half dozen or the other maybe

1182

00:52:27,200 --> 00:52:24,930

but maybe not and but there very often

1183

00:52:29,810 --> 00:52:27,210

it's difficult to deal with cases in

1184

00:52:31,910 --> 00:52:29,820

Australia yeah

1185

00:52:35,900 --> 00:52:31,920

jump in our Gulfstream and you know zip

1186

00:52:38,300 --> 00:52:35,910

down there kind of thing and but we just

1187

00:52:39,950 --> 00:52:38,310

we have a questionnaire we send and we

1188

00:52:43,520 --> 00:52:39,960

just ask people to give us full

1189

00:52:46,070 --> 00:52:43,530

information when we can trust anyone

1190

00:52:47,420 --> 00:52:46,080

which is almost never we will turn cases

1191

00:52:49,280 --> 00:52:47,430

over to them if they're proximate to

1192

00:52:51,080 --> 00:52:49,290

this this area the only people the only

1193

00:52:53,210 --> 00:52:51,090

person really trust

1194

00:52:55,970 --> 00:52:53,220

and then unless you have somebody else I

1195

00:52:59,330 --> 00:52:55,980

don't know about is ashamed seer way

1196

00:53:01,610 --> 00:52:59,340

really yeah I suppose sir certainly I

1197

00:53:03,830 --> 00:53:01,620

think what we know Susan Shepherd and

1198

00:53:05,480 --> 00:53:03,840

West Virginia pretty well and she she

1199

00:53:07,640 --> 00:53:05,490

kind of knows what the score is so we

1200

00:53:10,040 --> 00:53:07,650

would not hesitate to recommend her but

1201

00:53:12,560 --> 00:53:10,050

there's a rule that just people ask you

1202

00:53:15,470 --> 00:53:12,570

know who are you gonna call and we say

1203

00:53:18,290 --> 00:53:15,480

well nobody that we know of I mean who

1204

00:53:20,420 --> 00:53:18,300

may be in your area so that's so we do

1205

00:53:22,490 --> 00:53:20,430

get all sorts of things day in and day

1206

00:53:25,250 --> 00:53:22,500

out some of which are pretty pretty

1207

00:53:26,960 --> 00:53:25,260

bizarre about cryptids or about UFOs

1208

00:53:29,360 --> 00:53:26,970

possible abductions and certainly about

1209

00:53:34,130 --> 00:53:29,370

the ghosts poltergeists a dough person

1210

00:53:38,600 --> 00:53:34,140

thing actually heidi actually was a host

1211

00:53:41,390 --> 00:53:38,610

on that CBS oh what was it this station

1212

00:53:42,620 --> 00:53:41,400

the network CBS had is an affiliate so

1213

00:53:48,500 --> 00:53:42,630

that you were on heidi what was it

1214

00:53:49,760 --> 00:53:48,510

called oh this guy network I'm sure the

1215

00:53:52,310 --> 00:53:49,770

same thing happened to you though right

1216

00:53:54,050 --> 00:53:52,320

the end of our show at the end of 2013

1217

00:53:59,510 --> 00:53:54,060

they sell out closing the whole part of

1218

00:54:01,700 --> 00:53:59,520

the network actually that what they

1219

00:54:03,770 --> 00:54:01,710

wanted to do that since they know you

1220

00:54:06,440 --> 00:54:03,780

and I were friends they wanted me to

1221

00:54:08,510 --> 00:54:06,450

follow you on one night and have like a

1222

00:54:11,300 --> 00:54:08,520

back-to-back show or something and I

1223

00:54:13,820 --> 00:54:11,310

didn't know yeah everything they thought

1224

00:54:16,580 --> 00:54:13,830

since you know we had similar interests

1225

00:54:20,330 --> 00:54:16,590

and all that any rate what happened is

1226

00:54:22,610 --> 00:54:20,340

everything went kerplunk and well is it

1227

00:54:24,320 --> 00:54:22,620

a decision made out of corporate yeah I

1228

00:54:26,810 --> 00:54:24,330

know there were a couple of shows making

1229

00:54:28,490 --> 00:54:26,820

money and that was it so with you on

1230

00:54:29,390 --> 00:54:28,500

Sunday following you your show or

1231

00:54:32,990 --> 00:54:29,400

something that would have been

1232

00:54:35,270 --> 00:54:33,000

interesting over here I jumped over Dan

1233

00:54:37,760 --> 00:54:35,280

inception in my show exploded with

1234

00:54:39,350 --> 00:54:37,770

numbers much bigger than I had ever had

1235

00:54:42,140 --> 00:54:39,360

over at that network I guess that must

1236

00:54:45,170 --> 00:54:42,150

we get from yeah we get we get good

1237

00:54:49,190 --> 00:54:45,180

numbers here I mean we don't make enough

1238

00:54:52,970 --> 00:54:49,200

money to buy hamburgers but I mean but

1239

00:54:55,730 --> 00:54:52,980

we we get tremendous numbers I one show

1240

00:54:58,520 --> 00:54:55,740

we did recently did a million listeners

1241

00:55:03,350 --> 00:54:58,530

of one no that's great the one this

1242

00:55:04,460 --> 00:55:03,360

spirit daily.com the Mike Brown but and

1243

00:55:07,460 --> 00:55:04,470

that was I mean

1244

00:55:09,680 --> 00:55:07,470

really phenomenal but it's just I don't

1245

00:55:12,890 --> 00:55:09,690

know the the business is a rough

1246

00:55:14,960 --> 00:55:12,900

businesses don't doubt yeah well we were

1247

00:55:16,490 --> 00:55:14,970

already I know 11240 when that happened

1248

00:55:18,230 --> 00:55:16,500

so we just went over there I supposedly

1249

00:55:20,089 --> 00:55:18,240

brought a lot of listeners with us so

1250

00:55:23,810 --> 00:55:20,099

we're we're pretty pleased with how

1251
00:55:26,540 --> 00:55:23,820
we're doing in there it's because alive

1252
00:55:28,970 --> 00:55:26,550
it's it's fine if you're in this you

1253
00:55:31,820 --> 00:55:28,980
know Boston Providence area but most

1254
00:55:33,830 --> 00:55:31,830
people listen to the shows when they're

1255
00:55:38,720 --> 00:55:33,840
put up and we need to get back on I to

1256
00:55:40,849 --> 00:55:38,730
all our CBS shows or in iTunes but you

1257
00:55:43,280 --> 00:55:40,859
know actually believe it or not and

1258
00:55:47,810 --> 00:55:43,290
section does like something like 4.5

1259
00:55:49,030 --> 00:55:47,820
million listeners a month that's that's

1260
00:55:51,710 --> 00:55:49,040
that's pretty impressive

1261
00:55:55,760 --> 00:55:51,720
yeah are you trying to sell us a spot

1262
00:55:58,640 --> 00:55:55,770
here what oh I'm just saying that I mean

1263
00:56:00,230 --> 00:55:58,650

you know like I say we we do good in

1264

00:56:02,990 --> 00:56:00,240

numbers it just not so good in money

1265

00:56:07,099 --> 00:56:03,000

this I mean that just sounds like

1266

00:56:09,680 --> 00:56:07,109

broadcasting in general or background

1267

00:56:11,390 --> 00:56:09,690

radio than I have but you know what

1268

00:56:15,079 --> 00:56:11,400

what's interesting about now Paul see I

1269

00:56:17,120 --> 00:56:15,089

had a weird upbringing in that I you

1270

00:56:18,950 --> 00:56:17,130

know I grew I lived part of the time up

1271

00:56:20,150 --> 00:56:18,960

the Northeast and part in Florida

1272

00:56:21,859 --> 00:56:20,160

because you know my parents were

1273

00:56:25,550 --> 00:56:21,869

divorced and I live flopped back and

1274

00:56:27,890 --> 00:56:25,560

forth you know I also lived at a private

1275

00:56:30,650 --> 00:56:27,900

school for years on end and I I'd

1276

00:56:34,700 --> 00:56:30,660

escaped to come back to Florida to see

1277

00:56:38,750 --> 00:56:34,710

well enjoy them you know via Mario pace

1278

00:56:40,550 --> 00:56:38,760

it mostly but but in growing up I I know

1279

00:56:43,099 --> 00:56:40,560

one of you in Ben's theories is the

1280

00:56:45,320 --> 00:56:43,109

multiverse and all that and what I'm

1281

00:56:49,339 --> 00:56:45,330

saying is my father was uniquely placed

1282

00:56:51,290 --> 00:56:49,349

and that he he's a rich no get our

1283

00:56:55,760 --> 00:56:51,300

business man but he also did a lot of

1284

00:56:57,470 --> 00:56:55,770

work for the Coast Guard as a well kind

1285

00:56:59,210 --> 00:56:57,480

of like a volunteer he hire all the

1286

00:57:01,040 --> 00:56:59,220

South Florida instructors for the Coast

1287

00:57:04,250 --> 00:57:01,050

Guard need to hobnob with Admirals and

1288

00:57:06,170 --> 00:57:04,260

all that but like there's I'm sorry well

1289

00:57:07,700 --> 00:57:06,180

he for the Coast Guard axillary he would

1290

00:57:10,280 --> 00:57:07,710

hire the instructors you know there's no

1291

00:57:12,920 --> 00:57:10,290

coding courses and stuff and he hired a

1292

00:57:14,960 --> 00:57:12,930

lot of admirals also just his you know

1293

00:57:17,510 --> 00:57:14,970

little front men to defense department

1294

00:57:18,850 --> 00:57:17,520

she know debry knows them up but but

1295

00:57:20,470 --> 00:57:18,860

what it was we ran

1296

00:57:22,810 --> 00:57:20,480

all kinds of stuff with a Bermuda

1297

00:57:24,280 --> 00:57:22,820

Triangle as far as there's something

1298

00:57:28,150 --> 00:57:24,290

going on that had nothing to do with

1299

00:57:31,510 --> 00:57:28,160

normalcy hmm I mean I mean they'd a guy

1300

00:57:33,700 --> 00:57:31,520

would be you know there'd be a both the

1301

00:57:36,670 --> 00:57:33,710

Coast Guard would come across out off of

1302

00:57:38,230 --> 00:57:36,680

Miami and you know the cigarette it'd

1303

00:57:40,210 --> 00:57:38,240

still be burning in the ashtray and the

1304

00:57:43,090 --> 00:57:40,220

people are nowhere to be found

1305

00:57:45,580 --> 00:57:43,100

no Witter yeah stories like that yeah

1306

00:57:47,050 --> 00:57:45,590

yeah well they just jumped off the boat

1307

00:57:50,440 --> 00:57:47,060

it was shark's mouth or something

1308

00:57:52,690 --> 00:57:50,450

there's no way that's possible

1309

00:57:55,480 --> 00:57:52,700

I was on the bridge of my cutter one day

1310

00:57:58,120 --> 00:57:55,490

which was a very large one of the larger

1311

00:58:00,550 --> 00:57:58,130

ships 378 foot cutter the the Coast

1312

00:58:02,440 --> 00:58:00,560

Guard Cutter chase in right in the

1313

00:58:04,780 --> 00:58:02,450

middle of the triangles as you might say

1314

00:58:06,880 --> 00:58:04,790

and I was on the bridge and also in the

1315

00:58:09,850 --> 00:58:06,890

quartermaster like like the navigator

1316

00:58:12,370 --> 00:58:09,860

starts he would he was not very

1317

00:58:16,060 --> 00:58:12,380

experienced and he said the compass was

1318

00:58:20,080 --> 00:58:16,070

a huge you know military-style ship's

1319

00:58:22,900 --> 00:58:20,090

compass was was spinning and it ran over

1320

00:58:25,540 --> 00:58:22,910

and he yelled he said you know what's

1321

00:58:26,770 --> 00:58:25,550

going on and the captain to who was on

1322

00:58:28,660 --> 00:58:26,780

the bridge to what the time turned to

1323

00:58:31,230 --> 00:58:28,670

him and said don't worry it'll be over

1324

00:58:33,370 --> 00:58:31,240

in a minute which is a minute without

1325

00:58:37,720 --> 00:58:33,380

navigation on a large ship which is not

1326

00:58:40,680 --> 00:58:37,730

good and everything was fine so apparent

1327

00:58:43,270 --> 00:58:40,690

so the the the most senior officers had

1328

00:58:46,570 --> 00:58:43,280

experienced this before I never had and

1329

00:58:48,660 --> 00:58:46,580

it was really bizarre but there were

1330

00:58:51,610 --> 00:58:48,670

other things that happen for example the

1331

00:58:54,280 --> 00:58:51,620

supposedly there's a destroyer that's

1332

00:58:57,160 --> 00:58:54,290

anchored this on station as we would say

1333

00:59:01,360 --> 00:58:57,170

or in the Mona passage not far from same

1334

00:59:03,370 --> 00:59:01,370

one and I actually saw a Navy destroyer

1335

00:59:04,990 --> 00:59:03,380

that supposedly is I couldn't really

1336

00:59:06,310 --> 00:59:05,000

find out what yeah I had a clearance but

1337

00:59:08,500 --> 00:59:06,320

it wasn't you know clearances

1338

00:59:11,880 --> 00:59:08,510

need-to-know only like nobody's gonna

1339

00:59:14,350 --> 00:59:11,890

tell me this stuff you know so it was

1340

00:59:16,630 --> 00:59:14,360

apparently supposed to be watching UFOs

1341

00:59:19,360 --> 00:59:16,640

coming in and out of the on of the water

1342

00:59:21,190 --> 00:59:19,370

of the Mona passage and I did when I was

1343

00:59:23,620 --> 00:59:21,200

there speak with a member of the herd

1344

00:59:24,820 --> 00:59:23,630

were Tareq and legislature who said that

1345

00:59:28,510 --> 00:59:24,830

he and his family have been having a

1346

00:59:30,310 --> 00:59:28,520

cookout on their patio which overlooked

1347

00:59:31,710 --> 00:59:30,320

the Mona passage in their San Juan and

1348

00:59:34,950 --> 00:59:31,720

the whole

1349

00:59:36,690 --> 00:59:34,960

family stamps and the this disc comes

1350

00:59:38,910 --> 00:59:36,700

out of the water and just takes off into

1351

00:59:41,670 --> 00:59:38,920

the sky is the whole family's are like

1352

00:59:44,670 --> 00:59:41,680

20 people so I mean that there are all

1353

00:59:46,800 --> 00:59:44,680

sorts of it'll be a disjointed witness

1354

00:59:49,050 --> 00:59:46,810

accounts of this thing and I did see

1355

00:59:50,490 --> 00:59:49,060

that ship out there so I don't know so

1356

00:59:51,900 --> 00:59:50,500

for what that's worth maybe that's some

1357

00:59:54,330 --> 00:59:51,910

evidence that it's really happening I

1358

00:59:55,770 --> 00:59:54,340

don't know oh it really is I mean there

1359

00:59:57,390 --> 00:59:55,780

was stuff because he talked to the

1360

01:00:01,230 --> 00:59:57,400

Admirals you know as being his cronies

1361

01:00:03,390 --> 01:00:01,240

and they said 10% of the stuff that

1362

01:00:06,300 --> 01:00:03,400

happens there's no explanation don't let

1363

01:00:08,700 --> 01:00:06,310

anybody BS you there's no explanation no

1364

01:00:10,620 --> 01:00:08,710

logical sensible explanation like coming

1365

01:00:12,270 --> 01:00:10,630

up on the boat and a cigarette would

1366

01:00:14,460 --> 01:00:12,280

might take 10 minutes to burn out that

1367

01:00:16,230 --> 01:00:14,470

ashtray and the cigarettes burning in

1368

01:00:18,690 --> 01:00:16,240

there there's nobody on the boat no sign

1369

01:00:21,450 --> 01:00:18,700

of a struggle even back the seventies

1370

01:00:23,760 --> 01:00:21,460

they had you know sonar radar they had

1371

01:00:25,710 --> 01:00:23,770

they could tell if a sub came up and

1372

01:00:28,200 --> 01:00:25,720

grabbed the occupants of the boat shoved

1373

01:00:30,660 --> 01:00:28,210

off with them they could do that if a

1374

01:00:32,370 --> 01:00:30,670

plane a helicopter landed and took them

1375

01:00:34,170 --> 01:00:32,380

off they could they could see that and

1376

01:00:35,550 --> 01:00:34,180

of course on the surface of the water

1377

01:00:37,050 --> 01:00:35,560

they could in other words there's no

1378

01:00:39,480 --> 01:00:37,060

where these people should have been able

1379

01:00:41,670 --> 01:00:39,490

to get to yet the Coast Guard couldn't

1380

01:00:43,740 --> 01:00:41,680

see where they well it should qualify

1381

01:00:45,660 --> 01:00:43,750

that we would sometimes run into

1382

01:00:47,520 --> 01:00:45,670

situations where there's there's a lot

1383

01:00:51,800 --> 01:00:47,530

of piracy that's wild and woolly down

1384

01:00:54,180 --> 01:00:51,810

there and they would sometimes be on

1385

01:00:55,349 --> 01:00:54,190

that they attack a vessel they wouldn't

1386

01:00:58,400 --> 01:00:55,359

even see him coming suppose it was at

1387

01:01:01,200 --> 01:00:58,410

night or conditions were poor visibility

1388

01:01:02,970 --> 01:01:01,210

kill everybody on the vessel and then

1389

01:01:04,589 --> 01:01:02,980

take the vessel repaint it user them

1390

01:01:08,250 --> 01:01:04,599

drug trafficking or some other kind of

1391

01:01:09,710 --> 01:01:08,260

swap yeah I'm talking about boaters just

1392

01:01:12,450 --> 01:01:09,720

setting just in the middle of the day

1393

01:01:14,220 --> 01:01:12,460

yeah you pick him up on the surface scan

1394

01:01:16,829 --> 01:01:14,230

anyway if there was somebody else yeah I

1395

01:01:18,390 --> 01:01:16,839

mean wait I mean no logical way these

1396

01:01:20,160 --> 01:01:18,400

people would have and by the way no

1397

01:01:21,690 --> 01:01:20,170

signs of a struggle you know not about a

1398

01:01:23,730 --> 01:01:21,700

blood or anything yeah yeah you know

1399

01:01:26,730 --> 01:01:23,740

runners you know and there was stuff

1400

01:01:28,470 --> 01:01:26,740

that was kind of head scratching and one

1401

01:01:30,930 --> 01:01:28,480

of our neighbors I got to tell you this

1402

01:01:32,849 --> 01:01:30,940

one of our neighbors a couple of our

1403

01:01:34,890 --> 01:01:32,859

neighbors were dad's barbecue buddies

1404

01:01:38,010 --> 01:01:34,900

were like Eastern Airlines pilots and

1405

01:01:40,380 --> 01:01:38,020

they'd been former Navy pilots and they

1406

01:01:41,910 --> 01:01:40,390

saw the emember the ghost of flight 401

1407

01:01:42,510 --> 01:01:41,920

with Ernest Borgnine that movie from the

1408

01:01:43,569 --> 01:01:42,520

70s

1409

01:01:46,839 --> 01:01:43,579

vaguely

1410

01:01:48,849 --> 01:01:46,849

they saw the ghost these guys were

1411

01:01:51,640 --> 01:01:48,859

veteran Navy fighter pilots all that

1412

01:01:54,069 --> 01:01:51,650

they saw the ghost on when they can when

1413

01:01:57,489 --> 01:01:54,079

the plane went down the glades that you

1414

01:01:59,109 --> 01:01:57,499

know that was the flight 401 mm-hmm they

1415

01:02:05,680 --> 01:01:59,119

cannibalize the parts to go another

1416

01:02:09,130 --> 01:02:05,690

Eastern Airlines each plane that they

1417

01:02:11,319 --> 01:02:09,140

were put on right exactly exactly like

1418

01:02:16,059 --> 01:02:11,329

organ transplants almost yeah you know

1419

01:02:17,650 --> 01:02:16,069

they asked me wonder well actually

1420

01:02:19,959 --> 01:02:17,660

believe it or not Paul believe it or not

1421

01:02:23,880 --> 01:02:19,969

the vice president of Eastern Airlines

1422

01:02:26,769 --> 01:02:23,890

that hired that guy saw the ghost really

1423

01:02:28,599 --> 01:02:26,779

yeah I mean this guy and like I say

1424

01:02:32,019 --> 01:02:28,609

dad's to barbecue buddies our neighbors

1425

01:02:34,329 --> 01:02:32,029

and right there the BMR saw this ghost

1426

01:02:36,779 --> 01:02:34,339

too and these guys were veteran Air

1427

01:02:41,469 --> 01:02:36,789

Force fighter pilots these weren't some

1428

01:02:44,380 --> 01:02:41,479

drunken doofuses yeah so I mean part of

1429

01:02:49,420 --> 01:02:44,390

where I grew up is as as weird as weird

1430

01:02:51,160 --> 01:02:49,430

gets mm-hmm I mean the but I tell you

1431

01:02:53,890 --> 01:02:51,170

what we're coming right up to our last

1432

01:02:55,870 --> 01:02:53,900

break but I'll tell you a story about

1433

01:02:59,259 --> 01:02:55,880

that real quick that might fit in with

1434

01:03:03,430 --> 01:02:59,269

your multiverse theory too because it's

1435

01:03:06,609 --> 01:03:03,440

as weird as weird gets but we you need

1436

01:03:08,739 --> 01:03:06,619

to buy this book folks you really do you

1437

01:03:10,719 --> 01:03:08,749

really do it's behind the paranormal -

1438

01:03:13,269 --> 01:03:10,729

Bigfoot Mothman and monsters you've

1439

01:03:14,859 --> 01:03:13,279

never heard of and we'll be right back

1440

01:03:19,359 --> 01:03:14,869

after our last break we'll be right

1441

01:03:20,769 --> 01:03:19,369

oh just it just quick about the South

1442

01:03:23,680 --> 01:03:20,779

Florida thing I was gonna tell you

1443

01:03:26,019 --> 01:03:23,690

Paul is these guys these two pilot

1444

01:03:28,959 --> 01:03:26,029

buddies they're my drankin buddies my

1445

01:03:31,420 --> 01:03:28,969

father you know barbecue buddies okay

1446

01:03:33,640 --> 01:03:31,430

they both saw that ghost on the that

1447

01:03:35,439 --> 01:03:33,650

cannibalized plane they both saw it in

1448

01:03:36,789 --> 01:03:35,449

addition to the vice president I mean in

1449

01:03:39,789 --> 01:03:36,799

other words these are quality guys

1450

01:03:42,609 --> 01:03:39,799

quality guys and Eastern Airlines had a

1451

01:03:45,400 --> 01:03:42,619

had a talking about your multiverse

1452

01:03:50,079 --> 01:03:45,410

theory it's very well reputed it was on

1453

01:03:53,319 --> 01:03:50,089

behind the know what was it called Ozar

1454

01:03:56,769 --> 01:03:53,329

uh Leonard Nimoy had a show in the 90s

1455

01:03:59,410 --> 01:03:56,779

a paranormal show oh yeah unexplained or

1456

01:04:01,150 --> 01:03:59,420

something yeah yeah encounter yeah that

1457

01:04:03,849 --> 01:04:01,160

explained or something like that but

1458

01:04:06,489 --> 01:04:03,859

what it was was Eastern Airlines had a

1459

01:04:08,979 --> 01:04:06,499

flight that was coming into Miami it

1460

01:04:10,420 --> 01:04:08,989

disappeared off the radar they didn't

1461

01:04:11,769 --> 01:04:10,430

know what the heck was gonna happen they

1462

01:04:13,150 --> 01:04:11,779

sent emergency vehicles down to the

1463

01:04:15,459 --> 01:04:13,160

runway it was supposed to be on and

1464

01:04:17,709 --> 01:04:15,469

everything else and it popped back on

1465

01:04:19,690 --> 01:04:17,719

after 10 minutes of being off radar and

1466

01:04:21,190 --> 01:04:19,700

landed and there was all kinds of

1467

01:04:24,699 --> 01:04:21,200

emergency vehicles on the runway were

1468

01:04:27,099 --> 01:04:24,709

you know landed and the pilot and the

1469

01:04:29,289 --> 01:04:27,109

crew came off what all the ruckus was

1470

01:04:31,900 --> 01:04:29,299

all about and they said you disappeared

1471

01:04:35,410 --> 01:04:31,910

for radar for 10 minutes hmm

1472

01:04:37,930 --> 01:04:35,420

and here's the kicker all the crew all

1473

01:04:40,449 --> 01:04:37,940

their watches were 10 minutes off 10

1474

01:04:50,249 --> 01:04:40,459

minutes late it's like the Langille ears

1475

01:04:57,509 --> 01:04:54,279

that was a bio a story about them pretty

1476

01:05:03,459 --> 01:05:01,449

I was curious uh do you guys I mean

1477

01:05:05,949 --> 01:05:03,469

you've had so many adventures that have

1478

01:05:09,279 --> 01:05:05,959

just taken you into some really

1479

01:05:11,439 --> 01:05:09,289

interesting depths of peculiarities I

1480

01:05:14,799 --> 01:05:11,449

would love to know what was one of your

1481

01:05:17,589 --> 01:05:14,809

creepier stories that really like shook

1482

01:05:20,140 --> 01:05:17,599

your world well I might turn that over

1483

01:05:23,459 --> 01:05:20,150

to Ben because in the current book is a

1484

01:05:27,309 --> 01:05:23,469

section on the Woonsocket wild man which

1485

01:05:29,739 --> 01:05:27,319

point we coined the term and Ben yeah

1486

01:05:32,259 --> 01:05:29,749

that one he had in our in our own woods

1487

01:05:35,229 --> 01:05:32,269

practically on our own doorstep I mean I

1488

01:05:38,469 --> 01:05:35,239

I don't get spooked too easily but I

1489

01:05:39,489 --> 01:05:38,479

used to have a garbage job when I was 16

1490

01:05:42,699 --> 01:05:39,499

like we all did

1491

01:05:45,099 --> 01:05:42,709

and I was at this nursing home in the

1492

01:05:47,380 --> 01:05:45,109

kitchen up the hill from where we lived

1493

01:05:50,380 --> 01:05:47,390

and Fairmount Hill is a very odd place

1494

01:05:52,719 --> 01:05:50,390

and it's only like maybe there's like

1495

01:05:55,329 --> 01:05:52,729

there's like 30 there was like 30 acres

1496

01:05:58,150 --> 01:05:55,339

of woods between where I used to work

1497

01:06:00,309 --> 01:05:58,160

and where you know I lived with my

1498

01:06:02,229 --> 01:06:00,319

parents so I would you know just walk up

1499

01:06:03,939 --> 01:06:02,239

to work instead of you know driving my

1500

01:06:06,560 --> 01:06:03,949

car which I crashed my mother's car

1501

01:06:10,340 --> 01:06:06,570

previously that because I

1502

01:06:13,340 --> 01:06:10,350

in a horrible driver so I I was walking

1503

01:06:15,080 --> 01:06:13,350

up to work one night actually after my

1504

01:06:17,210 --> 01:06:15,090

shift I worked like 4:00 to 8:00 and

1505

01:06:18,170 --> 01:06:17,220

whatever so I was I was walking back and

1506

01:06:20,120 --> 01:06:18,180

it was like summertime

1507

01:06:21,770 --> 01:06:20,130

ish so it was like still kind of light

1508

01:06:24,080 --> 01:06:21,780

out but just starting to get dark you

1509

01:06:26,090 --> 01:06:24,090

know there was a sort of unwritten rule

1510

01:06:27,290 --> 01:06:26,100

like you just don't want you just don't

1511

01:06:28,820 --> 01:06:27,300

go in the woods at night because you

1512

01:06:30,530 --> 01:06:28,830

know it's it's just it gets really

1513

01:06:31,670 --> 01:06:30,540

creepy like during the day it's like you

1514

01:06:33,290 --> 01:06:31,680

know it's fine you can walk through

1515

01:06:35,270 --> 01:06:33,300

there and like there's like trails and

1516

01:06:37,130 --> 01:06:35,280

stuff but like the night it just turns

1517

01:06:39,110 --> 01:06:37,140

into an entirely different place like it

1518

01:06:41,900 --> 01:06:39,120

just gets real creepy real foreboding

1519

01:06:43,790 --> 01:06:41,910

like it's just not it's it's just not a

1520

01:06:44,990 --> 01:06:43,800

not a good place to be in and like every

1521

01:06:46,040 --> 01:06:45,000

one of my friends all the neighbor kids

1522

01:06:48,170 --> 01:06:46,050

like you don't go in the woods at night

1523

01:06:49,940 --> 01:06:48,180

so it's like okay cool so I was like

1524

01:06:52,340 --> 01:06:49,950

it's not nighttime yet I'm proud I'm

1525

01:06:54,260 --> 01:06:52,350

probably safe so I started walking in

1526

01:06:57,140 --> 01:06:54,270

walking down the first trail to get onto

1527

01:06:58,550 --> 01:06:57,150

the main trail to walk back home and all

1528

01:07:00,920 --> 01:06:58,560

of a sudden I feel something watching me

1529

01:07:04,250 --> 01:07:00,930

so I was looking I was like looking down

1530

01:07:07,930 --> 01:07:04,260

at like my mp3 player and I look up and

1531

01:07:10,430 --> 01:07:07,940

there was this like hairy creature

1532

01:07:12,200 --> 01:07:10,440

peeping from like behind this rock and

1533

01:07:13,490 --> 01:07:12,210

they made eye contact with me and you

1534

01:07:15,080 --> 01:07:13,500

know I didn't really stick around to

1535

01:07:17,720 --> 01:07:15,090

find out what it was but I just got like

1536

01:07:20,180 --> 01:07:17,730

this really we like all the hell my hair

1537

01:07:21,950 --> 01:07:20,190

stood on end and I got this really like

1538

01:07:23,570 --> 01:07:21,960

feeling like I just got to get out of

1539

01:07:26,600 --> 01:07:23,580

here and it just rained too so

1540

01:07:28,520 --> 01:07:26,610

everything was slippery so I I booked it

1541

01:07:30,410 --> 01:07:28,530

ran as fast as I could back to my house

1542

01:07:31,820 --> 01:07:30,420

I think I said a record for getting

1543

01:07:34,370 --> 01:07:31,830

there in like five minutes

1544

01:07:36,440 --> 01:07:34,380

like after like a 30 minute walk so I

1545

01:07:38,420 --> 01:07:36,450

like slipped and slide in my way home I

1546

01:07:40,520 --> 01:07:38,430

just never went back in there again I

1547

01:07:44,630 --> 01:07:40,530

had a lot of really bleep experiences

1548

01:07:52,370 --> 01:07:44,640

because that place Kyle wow that's crazy

1549

01:07:53,780 --> 01:07:52,380

stuff my goodness I was there but I had

1550

01:07:55,040 --> 01:07:53,790

a lot of coffee that day I remember you

1551
01:08:02,270 --> 01:07:55,050
were a mess if it's the same day I'm

1552
01:08:06,350 --> 01:08:02,280
thinking this big was being a benign

1553
01:08:07,850 --> 01:08:06,360
creature then listen I don't know I just

1554
01:08:10,790 --> 01:08:07,860
know that I've had a lot of weird

1555
01:08:12,170 --> 01:08:10,800
experiences in those woods a couple

1556
01:08:13,820 --> 01:08:12,180
times there was one time I was like I

1557
01:08:14,960 --> 01:08:13,830
think I was like maybe like 11 or 12 and

1558
01:08:19,299 --> 01:08:14,970
I was walking back to my friends house

1559
01:08:21,009 --> 01:08:19,309
and I remember we were we were in the

1560
01:08:22,719 --> 01:08:21,019
we were in the woods earlier that day

1561
01:08:24,370 --> 01:08:22,729
and we heard like this clicking sound

1562
01:08:26,979 --> 01:08:24,380
like you know someone banging - rocks

1563
01:08:28,959 --> 01:08:26,989

yeah they that kind of thing and I was

1564

01:08:30,549 --> 01:08:28,969

like that's kind of weird but the thing

1565

01:08:34,059 --> 01:08:30,559

is when I walked out of the woods it

1566

01:08:35,739 --> 01:08:34,069

followed me home and you know it was I

1567

01:08:37,299 --> 01:08:35,749

was just like that's really strange so

1568

01:08:38,410 --> 01:08:37,309

my buddy went back to his house and I

1569

01:08:39,700 --> 01:08:38,420

walked down the street and I kept

1570

01:08:41,709 --> 01:08:39,710

hearing it so I turn around look around

1571

01:08:44,319 --> 01:08:41,719

nothing there but I adhere it behind me

1572

01:08:46,059 --> 01:08:44,329

again so I so I turn around wasn't there

1573

01:08:47,200 --> 01:08:46,069

so I just kept walking home and I keep

1574

01:08:48,519 --> 01:08:47,210

hearing it like clicking clicking

1575

01:08:50,410 --> 01:08:48,529

clicking clicking like it's like right

1576

01:08:51,549 --> 01:08:50,420

behind me I don't know there's a lot of

1577

01:08:53,469 --> 01:08:51,559

really creepy things that happen there

1578

01:08:54,819 --> 01:08:53,479

so I just sort of dismissed it after a

1579

01:08:56,799 --> 01:08:54,829

while just said yeah that's just how

1580

01:09:00,640 --> 01:08:56,809

this place is Wow

1581

01:09:03,569 --> 01:09:00,650

that's why oh geez Paul do share what

1582

01:09:05,559 --> 01:09:03,579

what has been probably one of the wilder

1583

01:09:08,259 --> 01:09:05,569

experiences that you've you've had

1584

01:09:10,719 --> 01:09:08,269

there's so many oh yeah well quite a few

1585

01:09:12,640 --> 01:09:10,729

but that the one I'm thinking of is in

1586

01:09:13,809 --> 01:09:12,650

the previous book behind the paranormal

1587

01:09:15,969 --> 01:09:13,819

everything you know is wrong the one

1588

01:09:18,849 --> 01:09:15,979

that came out last year and it was in

1589

01:09:20,410 --> 01:09:18,859

the Bridgeport poltergeist case of 1974

1590

01:09:22,599 --> 01:09:20,420

when I was working with Ed Lorraine

1591

01:09:25,390 --> 01:09:22,609

Warren and father Bill Charbonneau and I

1592

01:09:26,769 --> 01:09:25,400

was the only they were all gone I was in

1593

01:09:28,299 --> 01:09:26,779

the house with the family and the little

1594

01:09:30,549 --> 01:09:28,309

ten-year-old girl who seemed to be the

1595

01:09:32,829 --> 01:09:30,559

center of this a reporter and a neighbor

1596

01:09:38,769 --> 01:09:32,839

and it was a Monday night of the case

1597

01:09:40,329 --> 01:09:38,779

and a four things came out of the the

1598

01:09:41,680 --> 01:09:40,339

girls room through the kitchen down the

1599

01:09:43,689 --> 01:09:41,690

hall and into the living room where we

1600

01:09:45,939 --> 01:09:43,699

were and you could almost see these

1601
01:09:47,680 --> 01:09:45,949
glassy structures now our I was a

1602
01:09:50,349 --> 01:09:47,690
seminary student at the time I was 21

1603
01:09:51,519 --> 01:09:50,359
these were supposed to be demons spirits

1604
01:09:53,499 --> 01:09:51,529
we were waiting for permission to

1605
01:09:56,680 --> 01:09:53,509
perform an exorcism from the local

1606
01:09:58,149 --> 01:09:56,690
bishop I which never came and one of

1607
01:10:00,910 --> 01:09:58,159
these things came up to me I was trying

1608
01:10:02,469 --> 01:10:00,920
to protect the little girl I got angry

1609
01:10:03,819 --> 01:10:02,479
which made it stronger that's how I

1610
01:10:07,089 --> 01:10:03,829
found out the hard way you don't do that

1611
01:10:09,609 --> 01:10:07,099
I pushed against it it pushed back and I

1612
01:10:11,169 --> 01:10:09,619
felt a physical body I felt a physical

1613
01:10:14,290 --> 01:10:11,179

structure I felt skeletal structure

1614

01:10:16,209 --> 01:10:14,300

there was almost like that of a bird and

1615

01:10:17,709 --> 01:10:16,219

it really really threw me for a loop

1616

01:10:19,299 --> 01:10:17,719

because it's just supposed to these

1617

01:10:21,430 --> 01:10:19,309

spirits are supposed to be demons and my

1618

01:10:23,680 --> 01:10:21,440

theological education this flew in the

1619

01:10:25,180 --> 01:10:23,690

face of all that and then it I was so

1620

01:10:27,240 --> 01:10:25,190

taken aback it got around me and threw

1621

01:10:30,990 --> 01:10:27,250

the girl across the room

1622

01:10:33,209 --> 01:10:31,000

had to be probably that really shook my

1623

01:10:35,939 --> 01:10:33,219

world up to that point more than most

1624

01:10:40,350 --> 01:10:35,949

other things did Wow and you never got

1625

01:10:42,630 --> 01:10:40,360

the permission to perform what he'd

1626
01:10:43,920 --> 01:10:42,640
always called the press in now what's

1627
01:10:45,890 --> 01:10:43,930
ironic is I've been I've been a

1628
01:10:49,650 --> 01:10:45,900
newspaper magazine reporter and editor

1629
01:10:52,290 --> 01:10:49,660
for going on 40 years and the last thing

1630
01:10:53,670 --> 01:10:52,300
I would do is call in the media on this

1631
01:10:55,290 --> 01:10:53,680
stuff because they never get it right

1632
01:10:57,060 --> 01:10:55,300
and because print journalist like me

1633
01:11:00,000 --> 01:10:57,070
look down on broadcast journalist anyway

1634
01:11:03,510 --> 01:11:00,010
even though my own radio show - but in

1635
01:11:06,660 --> 01:11:03,520
any case now it it was just it was chaos

1636
01:11:08,400 --> 01:11:06,670
and I don't know I would never approach

1637
01:11:10,830 --> 01:11:08,410
it the way they did but there still it

1638
01:11:13,400 --> 01:11:10,840

was a really scary experience goodness

1639

01:11:16,350 --> 01:11:13,410

that's wild I'm looking a lot into

1640

01:11:19,770 --> 01:11:16,360

exorcisms and whatnot lately because I I

1641

01:11:21,420 --> 01:11:19,780

have way too many negative emails coming

1642

01:11:22,890 --> 01:11:21,430

to me all over the globe but in regards

1643

01:11:27,390 --> 01:11:22,900

to the shadow people and Half Men

1644

01:11:30,300 --> 01:11:27,400

yeah absolutely demonic Oh thousands I

1645

01:11:32,790 --> 01:11:30,310

usually find that it leads to it's

1646

01:11:33,930 --> 01:11:32,800

actually parasitical we don't use the

1647

01:11:35,160 --> 01:11:33,940

term demonic because it's got too much

1648

01:11:37,740 --> 01:11:35,170

baggage and I don't think there's

1649

01:11:39,870 --> 01:11:37,750

theology is the same as ours they're

1650

01:11:42,300 --> 01:11:39,880

more parasitical life forms but I think

1651

01:11:44,060 --> 01:11:42,310

we're perfectly physical in the wrong

1652

01:11:49,020 --> 01:11:44,070

was like this thing I was having a

1653

01:11:51,600 --> 01:11:49,030

conflict with in that house in 74 same

1654

01:11:53,280 --> 01:11:51,610

terms but and I was involved in a number

1655

01:11:55,260 --> 01:11:53,290

of exorcisms and the seminary because my

1656

01:11:58,350 --> 01:11:55,270

second faculty at the Summoner was very

1657

01:11:59,850 --> 01:11:58,360

sympathetic and I don't think what they

1658

01:12:01,020 --> 01:11:59,860

were doing was was the right thing I

1659

01:12:02,430 --> 01:12:01,030

don't think it was what it appeared to

1660

01:12:03,840 --> 01:12:02,440

be at all and of course like they're

1661

01:12:06,300 --> 01:12:03,850

gonna listen to me I'm a 21 year old

1662

01:12:07,770 --> 01:12:06,310

seminary student you know I always

1663

01:12:10,320 --> 01:12:07,780

wonder what happens to these people that

1664

01:12:12,870 --> 01:12:10,330

don't get the exorcism that obviously

1665

01:12:16,820 --> 01:12:12,880

has something that is really a bit too

1666

01:12:18,840 --> 01:12:16,830

close for comfort stuff for another show

1667

01:12:21,330 --> 01:12:18,850

yesterday anything you want to announce

1668

01:12:22,950 --> 01:12:21,340

before anything coming up Bernie well

1669

01:12:24,209 --> 01:12:22,960

know just said on behalf of both of us I

1670

01:12:26,760 --> 01:12:24,219

just say if you want to find out about

1671

01:12:29,490 --> 01:12:26,770

us start with the behind the paranormal

1672

01:12:31,620 --> 01:12:29,500

comm it's our will show website you get

1673

01:12:33,830 --> 01:12:31,630

700 hours of shows if you have the time

1674

01:12:35,660 --> 01:12:33,840

plus you can get our books and

1675

01:12:38,620 --> 01:12:35,670

take it from there find out about the

1676

01:12:43,250 --> 01:12:38,630

cases know what Jan you're a little busy

1677

01:12:44,720 --> 01:12:43,260

yes you've been on this show finally

1678

01:12:48,440 --> 01:12:44,730

because Paul is always fluttering over

1679

01:12:51,430 --> 01:12:48,450

this way so my schedule is finally

1680

01:12:54,020 --> 01:12:51,440

forgiving enough to allow me to be here

1681

01:12:57,310 --> 01:12:54,030

all this forgiving don't don't you make

1682

01:13:02,630 --> 01:12:57,320

it a habit to stay away anymore okay I

1683

01:13:04,760 --> 01:13:02,640

sure enjoyed having as always and I hope

1684

01:13:06,800 --> 01:13:04,770

to not be so long before I call you back

1685

01:13:08,300 --> 01:13:06,810

it sounds good thank you both very much

1686

01:13:11,870 --> 01:13:08,310

you two are wonderful together by the

1687

01:13:17,990 --> 01:13:11,880

way oh right actually I kind of love

1688

01:13:20,510 --> 01:13:18,000

Heidi it's kind of and here you guys

1689

01:13:24,950 --> 01:13:20,520

aren't bad either for being a Papa and

1690

01:13:27,200 --> 01:13:24,960

son there that's pretty now Paul if you

1691

01:13:30,140 --> 01:13:27,210

ever wanted to have me on I have about

1692

01:13:32,540 --> 01:13:30,150

ten stories that I'm totally a hundred

1693

01:13:34,340 --> 01:13:32,550

thousand percent Catholic but I mean

1694

01:13:35,990 --> 01:13:34,350

some really exotic stories that I've

1695

01:13:39,380 --> 01:13:36,000

experienced at state Elizabeth's down

1696

01:13:43,190 --> 01:13:39,390

here I mean really unusual one I think

1697

01:13:45,200 --> 01:13:43,200

it's a hint been yeah be in touch so our

1698

01:13:47,600 --> 01:13:45,210

casting producer in us and and we'd love

1699

01:13:49,220 --> 01:13:47,610

to have you back it's been too long it

1700

01:13:50,750 --> 01:13:49,230

has been a while well listen you take

1701

01:13:59,930 --> 01:13:50,760

care we'll talk about next week's show

1702

01:14:03,530 --> 01:13:59,940

and slide off into the hiding next week

1703

01:14:06,020 --> 01:14:03,540

is a show just from I guess my past it's

1704

01:14:08,660 --> 01:14:06,030

the Bermuda Triangle and we're gonna

1705

01:14:10,460 --> 01:14:08,670

have some thought about it they've

1706

01:14:13,310 --> 01:14:10,470

written a book on it actually I've got

1707

01:14:17,630 --> 01:14:13,320

the book right here it's a Bruce Gernon

1708

01:14:19,930 --> 01:14:17,640

and Rob MacGregor and I guess you know I

1709

01:14:22,490 --> 01:14:19,940

get like I say I got my foot on the

1710

01:14:24,890 --> 01:14:22,500

North East and one in Florida but it's

1711

01:14:26,270 --> 01:14:24,900

it's really should be very enjoyable and

1712

01:14:28,670 --> 01:14:26,280

that'll be next week and then we're

1713

01:14:30,260 --> 01:14:28,680

gonna time law and then I guess we

1714

01:14:32,320 --> 01:14:30,270

better split off into the night
