1
00:00:10,780 --> 00:00:07,220
there are over 1000 UFO sightings

2
00:00:13,160 --> 00:00:10,790
reported around the world every month

3
00:00:17,689 --> 00:00:13,170
90% of these sightings to be explained

4
00:00:19,400 --> 00:00:17,699
but interesting and not officially and

5
00:00:24,080 --> 00:00:19,410
unofficially the US government has been

6
00:00:25,609 --> 00:00:24,090
investigating UFOs since 1947 new Topsy

7
00:00:29,990 --> 00:00:25,619
the goal is to find out what's behind

8
00:00:36,210 --> 00:00:33,299
the Pentagon classifies these as unusual

9
00:00:37,400 --> 00:00:36,220
airborne anomalies but a better term is

10
00:00:41,330 --> 00:00:37,410
X Files

11
00:00:45,030 --> 00:00:41,340
[Music]

12
00:00:47,390 --> 00:00:45,040
join us as Mac lawn lawn and command the

13
00:00:50,400 --> 00:00:47,400

Cobra which were these unsolved cases

14

00:00:54,540 --> 00:00:50,410

UFO incidents that even baffle the US

15

00:00:56,600 --> 00:00:54,550

military this is Mac Melones military

16

00:01:03,960 --> 00:00:56,610

x-files

17

00:01:10,380 --> 00:01:03,970

and now here's Mac baloney is this the

18

00:01:12,510 --> 00:01:10,390

famous Barbara are you guys all who I

19

00:01:16,560 --> 00:01:12,520

think you are daddy you know me good

20

00:01:18,359 --> 00:01:16,570

okay new opening coming down on three

21

00:01:20,310 --> 00:01:18,369

two one

22

00:01:21,780 --> 00:01:20,320

well good evening everyone and welcome

23

00:01:23,310 --> 00:01:21,790

to Mac mommy's military x-files show

24

00:01:26,219 --> 00:01:23,320

here on the distant Thunder radio

25

00:01:28,440 --> 00:01:26,229

networking this is Beth Malone we have a

26

00:01:31,830 --> 00:01:28,450

very interesting shoe for you tonight

27

00:01:35,940 --> 00:01:31,840

but first let me introduce the posse in

28

00:01:36,650 --> 00:01:35,950

the studio 16th week in a row that's

29

00:01:39,390 --> 00:01:36,660

right

30

00:01:42,960 --> 00:01:39,400

one one national record I think in

31

00:01:45,870 --> 00:01:42,970

person well for you it is okay let's see

32

00:01:47,280 --> 00:01:45,880

now I don't see any Patriots gear on

33

00:01:51,420 --> 00:01:47,290

unless you're wearing Patriots ah no

34

00:01:53,820 --> 00:01:51,430

again nope no Red Sox Red Sox those

35

00:01:55,530 --> 00:01:53,830

losses are you I know they bumming me

36

00:01:57,440 --> 00:01:55,540

out big time what kind of jacket you

37

00:02:04,710 --> 00:01:57,450

have on those that you're doing jacket

38

00:02:05,820 --> 00:02:04,720

I'm a state state department so always

39

00:02:08,639 --> 00:02:05,830

yeah

40

00:02:10,229 --> 00:02:08,649

also calling in later on did you get the

41

00:02:13,050 --> 00:02:10,239

message from him I wanna know what's

42

00:02:15,809 --> 00:02:13,060

going on with you know he's he's ready

43

00:02:16,289 --> 00:02:15,819

he's ready okay so probably after this

44

00:02:18,089 --> 00:02:16,299

segment

45

00:02:20,430 --> 00:02:18,099

commander Cobra will be joining us from

46

00:02:23,880 --> 00:02:20,440

and then disclosed location because he

47

00:02:26,280 --> 00:02:23,890

is on a secret mission for the military

48

00:02:28,259 --> 00:02:26,290

that's right and sign the non-disclosure

49

00:02:31,020 --> 00:02:28,269

agreement right we could get yeah yeah

50

00:02:33,699 --> 00:02:31,030

so it's kind of funny when you get a

51
00:02:36,759 --> 00:02:33,709
message like that from him you know but

52
00:02:38,740 --> 00:02:36,769
it happens a lot and he flies over my

53
00:02:40,839 --> 00:02:38,750
house yeah I know it was good so you

54
00:02:43,420 --> 00:02:40,849
know I asked him if he dropped like a

55
00:02:44,920 --> 00:02:43,430
bag of flour yes I think I landed

56
00:02:47,110 --> 00:02:44,930
square in the middle of your day I saw

57
00:02:49,800 --> 00:02:47,120
my neighbor saw a bag like that land on

58
00:02:54,940 --> 00:02:49,810
my back they wouldn't think it was flour

59
00:02:57,089 --> 00:02:54,950
they should be involved the secret

60
00:03:00,640 --> 00:02:57,099
helicopter in the secret Airport right

61
00:03:04,179 --> 00:03:00,650
anyway so the commander will be young on

62
00:03:05,559 --> 00:03:04,189
in a little while but we as I said last

63
00:03:07,210 --> 00:03:05,569

week you know you have a cool show and

64

00:03:09,280 --> 00:03:07,220

celebrities just drop in on you all want

65

00:03:11,229 --> 00:03:09,290

you know we love celebrities and now

66

00:03:12,879 --> 00:03:11,239

here's someone who I don't think people

67

00:03:13,960 --> 00:03:12,889

well I know a lot of our listeners have

68

00:03:16,629 --> 00:03:13,970

heard about them I don't think they've

69

00:03:19,330 --> 00:03:16,639

ever heard heard him it's Jeff the

70

00:03:21,280 --> 00:03:19,340

editor is here amuse me I'm incognito

71

00:03:24,819 --> 00:03:21,290

tonight that's right well so good I know

72

00:03:26,259 --> 00:03:24,829

she worked Jeff hiding yes right I just

73

00:03:27,849 --> 00:03:26,269

wanted to see how the big guys do this

74

00:03:29,080 --> 00:03:27,859

oh really yeah are they when are they

75

00:03:30,849 --> 00:03:29,090

coming in plus the fact that you know I

76
00:03:32,409 --> 00:03:30,859
heard one one had been in 15 weeks in a

77
00:03:36,449 --> 00:03:32,419
row with CBS would be here for the 60

78
00:03:40,390 --> 00:03:36,459
days yeah he had money on week 16 there

79
00:03:41,500 --> 00:03:40,400
now so um you know as you know it's got

80
00:03:43,479 --> 00:03:41,510
to the point where when you're editing

81
00:03:47,379 --> 00:03:43,489
the show all I have to do is say at this

82
00:03:49,599 --> 00:03:47,389
number yet 20 to 20 minutes in 16

83
00:03:51,789 --> 00:03:49,609
seconds you will hear me say okay Jeff

84
00:03:53,920 --> 00:03:51,799
and then the next thing up is what you

85
00:03:57,039 --> 00:03:53,930
want why do it arthritis not rosy you

86
00:03:59,500 --> 00:03:57,049
know it's the digital equivalent of

87
00:04:04,599 --> 00:03:59,510
putting a flag in the tape I'm flagging

88
00:04:08,649 --> 00:04:04,609

something if I knew you can do material

89

00:04:17,080 --> 00:04:08,659

I would we're gonna pay extra for

90

00:04:22,990 --> 00:04:17,090

material Marc that undergird 800 ready

91

00:04:28,510 --> 00:04:23,000

first one of the night JJ is that where

92

00:04:30,430 --> 00:04:28,520

that comes from \$48 oh yeah those are

93

00:04:32,350 --> 00:04:30,440

sound look at how big it is here I said

94

00:04:35,670 --> 00:04:32,360

Billy fit mister he's cutting into our

95

00:04:38,320 --> 00:04:35,680

talent fake oh yeah don't remember so

96

00:04:41,200 --> 00:04:38,330

how long have you been you know

97

00:04:43,540 --> 00:04:41,210

censoring people's shows just doing your

98

00:04:45,110 --> 00:04:43,550

show oh really yeah well I notice he has

99

00:04:48,470 --> 00:04:45,120

the yeah shirt on tonight

100

00:04:49,970 --> 00:04:48,480

how do we shirt what else you missed a

101
00:04:51,830 --> 00:04:49,980
number coming no I tell you I was low on

102
00:04:58,129 --> 00:04:51,840
laundry oh there you go once again

103
00:05:00,110 --> 00:04:58,139
oh this is a cool shirt thought so

104
00:05:02,060 --> 00:05:00,120
actually Jeff Lowrance this is Jeff

105
00:05:04,730 --> 00:05:02,070
Lowrance oh I'm sure anyone who listened

106
00:05:07,010 --> 00:05:04,740
to the radio in the 80s 90s in Boston

107
00:05:08,689 --> 00:05:07,020
today till today right oh that's read

108
00:05:10,550 --> 00:05:08,699
your unsteady nice you had this

109
00:05:12,260 --> 00:05:10,560
hilarious show now this is really going

110
00:05:13,370 --> 00:05:12,270
down Boston Wayne yeah but how long was

111
00:05:15,950 --> 00:05:13,380
that when you brought out all of the old

112
00:05:21,200 --> 00:05:15,960
district is back that was a beginning of

113
00:05:22,879 --> 00:05:21,210

June really okay oh my god great time

114

00:05:25,070 --> 00:05:22,889

all the old gents came back yeah but

115

00:05:28,219 --> 00:05:25,080

it's funny how how many were they like

116

00:05:30,080 --> 00:05:28,229

six them oh there was five okay honey

117

00:05:32,120 --> 00:05:30,090

Ginsburg on iwo Ginsberg honey good

118

00:05:36,770 --> 00:05:32,130

Chuck nap while you had iron against

119

00:05:39,950 --> 00:05:36,780

Burke here yeah yeah honey Ginsberg was

120

00:05:42,560 --> 00:05:39,960

in there Chuck nap Al Gates was the

121

00:05:44,420 --> 00:05:42,570

original morning guy mm-hmm Joel Kashi

122

00:05:46,939 --> 00:05:44,430

was the original midday guy JJ Jeffrey

123

00:05:48,830 --> 00:05:46,949

was there Wow yeah this wik oh and

124

00:05:51,529 --> 00:05:48,840

Boston was like the rock station and

125

00:05:52,610 --> 00:05:51,539

they don't be in the mid-sixties yeah

126

00:05:56,060 --> 00:05:52,620

yeah Wow

127

00:05:57,500 --> 00:05:56,070

in 1967 on Wow well until until the FM's

128

00:05:57,950 --> 00:05:57,510

came in and then you went you see n

129

00:05:59,960 --> 00:05:57,960

right

130

00:06:02,510 --> 00:05:59,970

for what yeah yeah yeah it's our phones

131

00:06:04,159 --> 00:06:02,520

and just taking people off okay all

132

00:06:06,350 --> 00:06:04,169

right and and how many years were you at

133

00:06:08,330 --> 00:06:06,360

this yeah I was only for a short time

134

00:06:10,370 --> 00:06:08,340

oh you're you and a half is okay I was

135

00:06:11,960 --> 00:06:10,380

gonna say how much did you remember well

136

00:06:13,580 --> 00:06:11,970

because I know people who work there

137

00:06:14,150 --> 00:06:13,590

they can't remember any remember driving

138

00:06:16,010 --> 00:06:14,160

there all the time

139

00:06:19,190 --> 00:06:16,020

I could never go at home that's a stuff

140

00:06:21,290 --> 00:06:19,200

okay that's good that's 5050 you know

141

00:06:22,730 --> 00:06:21,300

but you you and I have talked about here

142

00:06:24,260 --> 00:06:22,740

and said back there was a lot of fun

143

00:06:25,550 --> 00:06:24,270

right it was it was a lot of fun because

144

00:06:26,900 --> 00:06:25,560

there were really no rules were making

145

00:06:28,640 --> 00:06:26,910

it as we went along we're making the

146

00:06:30,680 --> 00:06:28,650

whole thing up yeah yeah yeah

147

00:06:32,570 --> 00:06:30,690

you know once we once we got it down to

148

00:06:33,589 --> 00:06:32,580

it to a science then what corporate

149

00:06:35,629 --> 00:06:33,599

stepped in and that was the end of it

150

00:06:38,300 --> 00:06:35,639

yeah okay they just take it over yet you

151
00:06:38,659 --> 00:06:38,310
know yeah no happiness at this radio

152
00:06:39,920 --> 00:06:38,669
station

153
00:06:42,230 --> 00:06:39,930
yeah did you hang out on the big

154
00:06:44,540 --> 00:06:42,240
mattress no no I get out of there before

155
00:06:47,960 --> 00:06:44,550
like what they were yeah wow that was

156
00:06:49,790 --> 00:06:47,970
pretty like whatever yeah yeah yeah they

157
00:06:53,690 --> 00:06:49,800
they're going to the big guys DBF after

158
00:06:55,399 --> 00:06:53,700
that yep yeah well vbf yeah yeah yeah

159
00:06:56,850 --> 00:06:55,409
but the awesome Boston rankings and

160
00:06:58,379 --> 00:06:56,860
Smith and

161
00:07:00,749 --> 00:06:58,389
that was a good state regional magic

162
00:07:03,270 --> 00:07:00,759
Christian yeah what blue and run Robin

163
00:07:05,820 --> 00:07:03,280

and Pete Falcone and Wow Pete stop kony

164

00:07:07,350 --> 00:07:05,830

was there yeah yeah yeah that's right

165

00:07:09,959 --> 00:07:07,360

boy I haven't heard those call letters

166

00:07:10,890 --> 00:07:09,969

in years we were they now today I was

167

00:07:12,600 --> 00:07:10,900

thinking anywhere I think they're gone

168

00:07:13,170 --> 00:07:12,610

so new anybody wasn't good probably get

169

00:07:14,850 --> 00:07:13,180

up yeah right

170

00:07:16,950 --> 00:07:14,860

Wow there are actually the initials of

171

00:07:17,159 --> 00:07:16,960

the the owner's wife oh is that right

172

00:07:22,950 --> 00:07:17,169

yeah

173

00:07:25,020 --> 00:07:22,960

here what's it mean Victoria I think it

174

00:07:26,279 --> 00:07:25,030

a middle name was but Victoria Fairbanks

175

00:07:27,659 --> 00:07:26,289

oh really yeah okay

176

00:07:29,249 --> 00:07:27,669

some rich guy his wife and then you

177

00:07:30,629 --> 00:07:29,259

named the station he was the maximum a

178

00:07:33,450 --> 00:07:30,639

fact his family was responsible for

179

00:07:34,619 --> 00:07:33,460

Fairbanks Alaska oh wow yeah so I mean

180

00:07:36,059 --> 00:07:34,629

and you wouldn't believe that this guy

181

00:07:37,320 --> 00:07:36,069

was who he was because he'd show up at

182

00:07:40,050 --> 00:07:37,330

the radio station with like you know

183

00:07:41,659 --> 00:07:40,060

fishing genes on what hooks all over oh

184

00:07:45,540 --> 00:07:41,669

yeah there's a lot of stories about

185

00:07:47,700 --> 00:07:45,550

Fairbanks yeah he's just into own in the

186

00:07:50,010 --> 00:07:47,710

radio station feel quite a few radio

187

00:07:51,629 --> 00:07:50,020

he's like music Urza biz I think it was

188

00:07:53,279 --> 00:07:51,639

just a family think that yeah nice yeah

189

00:07:54,990 --> 00:07:53,289

hey that's good it's good way to make

190

00:08:03,409 --> 00:07:55,000

money right he sold guns or you did

191

00:08:07,529 --> 00:08:05,820

imitations is over do you know one of

192

00:08:09,029 --> 00:08:07,539

the seven words we can't stay here on

193

00:08:10,980 --> 00:08:09,039

the show maybe we can help you out also

194

00:08:13,879 --> 00:08:10,990

no I mean I know I didn't memorize

195

00:08:16,309 --> 00:08:13,889

there's gonna be seven beeps there

196

00:08:18,540 --> 00:08:16,319

that's more work for me

197

00:08:20,040 --> 00:08:18,550

didn't they Whittle those down to five

198

00:08:21,629 --> 00:08:20,050

though or some George Carlin took care

199

00:08:23,490 --> 00:08:21,639

of those Ben yeah I know it's funny yeah

200

00:08:24,480 --> 00:08:23,500

yeah yeah but your kids on radio you

201
00:08:29,760 --> 00:08:24,490
can't say the F word

202
00:08:30,869 --> 00:08:29,770
now no no no no s word no no okay the B

203
00:08:33,689 --> 00:08:30,879
word the B word

204
00:08:35,370 --> 00:08:33,699
he put the paper down what B yeah okay

205
00:08:37,350 --> 00:08:35,380
yeah the C word okay

206
00:08:40,019 --> 00:08:37,360
see you already Kansas yeah and I know

207
00:08:43,350 --> 00:08:40,029
there was a ruling that the FCC said

208
00:08:45,840 --> 00:08:43,360
that you can only use the word prick if

209
00:08:48,170 --> 00:08:45,850
it's a verb that's true that's probably

210
00:08:52,110 --> 00:08:48,180
a trick monitor I pricked my finger

211
00:08:54,180 --> 00:08:52,120
that's pretty yes Rick what's right open

212
00:08:57,300 --> 00:08:54,190
right exactly

213
00:08:58,620 --> 00:08:57,310

you can't say you bleep right now they

214

00:09:00,750 --> 00:08:58,630

don't weird don't you think it's funny

215

00:09:06,030 --> 00:09:00,760

it's there's no safe harbor on radio no

216

00:09:08,639 --> 00:09:06,040

okay well serious and those sound like

217

00:09:10,110 --> 00:09:08,649

radios you can swim right yeah oh yeah

218

00:09:10,500 --> 00:09:10,120

oh really there that's what we're going

219

00:09:12,900 --> 00:09:10,510

to it

220

00:09:20,370 --> 00:09:12,910

we top them on one so we can just do it

221

00:09:22,020 --> 00:09:20,380

why am i beeping things magic so anyway

222

00:09:22,830 --> 00:09:22,030

yeah well music beds and stuff you do

223

00:09:24,780 --> 00:09:22,840

Orchestra

224

00:09:27,300 --> 00:09:24,790

yeah the pump is people really buffers

225

00:09:29,700 --> 00:09:27,310

not yes yeah yeah we had a good time but

226

00:09:32,160 --> 00:09:29,710

knows yeah yeah yeah yep we're getting

227

00:09:34,740 --> 00:09:32,170

is we get a couple more time from well

228

00:09:38,280 --> 00:09:34,750

yeah okay yeah you know it's funny

229

00:09:41,460 --> 00:09:38,290

because we we gave away 20 books of mine

230

00:09:43,560 --> 00:09:41,470

in in June yeah and now that people have

231

00:09:45,000 --> 00:09:43,570

received their books so I'm getting a

232

00:09:48,300 --> 00:09:45,010

lot of email yeah well I get an email

233

00:09:49,500 --> 00:09:48,310

file from all 20 people and it's kind of

234

00:09:58,320 --> 00:09:49,510

funny because they all say the same

235

00:10:00,600 --> 00:09:58,330

thing you guys are hilarious I know

236

00:10:01,470 --> 00:10:00,610

someone said don't change and I said

237

00:10:05,190 --> 00:10:01,480

that's impossible

238

00:10:07,680 --> 00:10:05,200

and and yet when they when the email

239

00:10:08,250 --> 00:10:07,690

comes from a female which is about 7 out

240

00:10:10,770 --> 00:10:08,260

of 20

241

00:10:20,210 --> 00:10:10,780

Howie's miss you know awesome mr. JJ

242

00:10:22,800 --> 00:10:20,220

tell one I said there's a little hot boy

243

00:10:24,870 --> 00:10:22,810

you know what's the address of the

244

00:10:27,960 --> 00:10:24,880

Archie Bunker stuff like that but I

245

00:10:30,090 --> 00:10:27,970

protected you wanna thank you I didn't

246

00:10:31,860 --> 00:10:30,100

so yeah but a lot of people think the

247

00:10:34,200 --> 00:10:31,870

show is funny no one said Gavriel

248

00:10:38,610 --> 00:10:34,210

in-depth analysis of the UFO problem you

249

00:10:40,680 --> 00:10:38,620

know you guys so anyway so I think

250

00:10:44,280 --> 00:10:40,690

because Jeff is here well we should do

251
00:10:45,930 --> 00:10:44,290
is we should say but 7 bad words ok so

252
00:10:47,880 --> 00:10:45,940
you can about right wouldn't that be a

253
00:10:49,380 --> 00:10:47,890
good into the great yeah okay alright so

254
00:10:52,650 --> 00:10:49,390
I'm gonna stop I know this thrilled

255
00:10:55,650 --> 00:10:52,660
about it okay you stop I'm not gonna

256
00:10:57,750 --> 00:10:55,660
start go ahead please please wanna

257
00:10:59,520 --> 00:10:57,760
effort and start go ahead yes let it out

258
00:11:06,330 --> 00:10:59,530
70 what's a civil show let it up alright

259
00:11:08,850 --> 00:11:06,340
Wow he said it okay so I'll say yeah you

260
00:11:12,030 --> 00:11:08,860
you go Jeff there you go okay so we got

261
00:11:13,290 --> 00:11:12,040
we got you okay what's next right I

262
00:11:16,260 --> 00:11:13,300
don't think you're gonna be here for two

263
00:11:18,420 --> 00:11:16,270

hours my friend just come if it's not

264

00:11:23,010 --> 00:11:18,430

used as a verb correct one one okay

265

00:11:24,300 --> 00:11:23,020

that's three there you go [\h__\h]

266

00:11:26,010 --> 00:11:24,310

that's a yeah

267

00:11:28,110 --> 00:11:26,020

people call that a what is it when you

268

00:11:30,269 --> 00:11:28,120

put two words to MF mm okay

269

00:11:37,580 --> 00:11:30,279

yeah we'll count that's a pneumonic

270

00:11:51,930 --> 00:11:40,140

especially we have a dog there you go

271

00:11:53,880 --> 00:11:51,940

how about house one more now yeah there

272

00:11:57,120 --> 00:11:53,890

won't be exploding add something else

273

00:11:58,050 --> 00:11:57,130

Wow really sorry the envelope thing I'm

274

00:12:00,900 --> 00:11:58,060

out of ideas

275

00:12:02,100 --> 00:12:00,910

I was gonna say yeah how about oh yeah I

276

00:12:03,870 --> 00:12:02,110

think that is another one yeah okay

277

00:12:04,470 --> 00:12:03,880

write that down please put a stop sign

278

00:12:08,820 --> 00:12:04,480

something

279

00:12:15,390 --> 00:12:08,830

yeah okay how many is that eight I think

280

00:12:16,769 --> 00:12:15,400

that's six missing one I don't know hmm

281

00:12:17,970 --> 00:12:16,779

it seems like between the three of us

282

00:12:19,920 --> 00:12:17,980

was a body part

283

00:12:22,440 --> 00:12:19,930

is it a body just probably be you some

284

00:12:24,150 --> 00:12:22,450

tummy for the nights over oh you know

285

00:12:26,790 --> 00:12:24,160

what it is do you know what it is I

286

00:12:36,480 --> 00:12:26,800

can't think about the top my head you

287

00:12:39,090 --> 00:12:36,490

probably say can you say oh it is if we

288

00:12:41,750 --> 00:12:39,100

spill in a hole that's right yeah that's

289

00:12:46,230 --> 00:12:41,760

right if the donkey trip you know yeah

290

00:12:50,490 --> 00:12:46,240

anyway all right or is the jackass hole

291

00:12:53,579 --> 00:12:50,500

see yeah well maybe I used

292

00:12:57,950 --> 00:12:53,589

okay well there you go that will that's

293

00:13:03,180 --> 00:13:01,350

funny hopefully some Jeff large thank

294

00:13:05,370 --> 00:13:03,190

295

00:13:07,320 --> 00:13:05,380

296

00:13:08,730 --> 00:13:07,330

week and I get another nice plan here

297

00:13:10,380 --> 00:13:08,740

and I can see what's gonna be take me

298

00:13:11,699 --> 00:13:10,390

quite a while to do this okay so it's

299

00:13:15,390 --> 00:13:11,709

good that's the pillow secreto Jeff

300

00:13:17,280 --> 00:13:15,400

301

00:13:19,320 --> 00:13:17,290

lot to see it thanks for having me very

302

00:13:19,920 --> 00:13:19,330

famous Jeff Lana he's so famous enjoy

303

00:13:22,290 --> 00:13:19,930

the show

304

00:13:24,449 --> 00:13:22,300

we will try thank you hello everybody

305

00:13:26,190 --> 00:13:24,459

its Jeff Laura hey can you give us give

306

00:13:32,130 --> 00:13:26,200

us your patter just a little pay take us

307

00:13:33,630 --> 00:13:32,140

out with some of your pack for fifty

308

00:13:35,760 --> 00:13:33,640

years ago okay but that's yeah well

309

00:13:37,280 --> 00:13:35,770

let's hear it'll be in the stem I can't

310

00:13:39,230 --> 00:13:37,290

remember 1500

311

00:13:40,550 --> 00:13:39,240

I worked at bcn the wall those brain

312

00:13:42,499 --> 00:13:40,560

cells that's right they're gone that's

313

00:13:44,060 --> 00:13:42,509

true okay all right well did you work

314

00:13:46,280 --> 00:13:44,070

there when there was Beethoven weren't

315

00:13:48,019 --> 00:13:46,290

you during the day yeah at night they

316

00:13:51,139 --> 00:13:48,029

weren't yeah progressive I remember that

317

00:13:53,540 --> 00:13:51,149

it was progressive rock'n'roll Hey what

318

00:13:54,949 --> 00:13:53,550

did they give him 69 if CPS if someone

319

00:13:57,439 --> 00:13:54,959

finally bought them there a few years

320

00:13:59,660 --> 00:13:57,449

ago infinity had their infinity for a

321

00:14:01,009 --> 00:13:59,670

while CBS Adam mm-hmm they've been

322

00:14:05,030 --> 00:14:01,019

they've changed the world everybody else

323

00:14:05,629 --> 00:14:05,040

and didn't intercom to spot CBS emerging

324

00:14:07,759 --> 00:14:05,639

it's a murder

325

00:14:09,230 --> 00:14:07,769

yeah there's no money actually changing

326

00:14:11,240 --> 00:14:09,240

here because you know then you get the

327

00:14:12,230 --> 00:14:11,250

government involved and yeah right oh is

328

00:14:15,139 --> 00:14:12,240

that how you do it you see it's

329

00:14:18,050 --> 00:14:15,149

emergence you know the taxes would be in

330

00:14:19,730 --> 00:14:18,060

something oh no huge yeah yeah what

331

00:14:21,410 --> 00:14:19,740

about the market concentration for that

332

00:14:23,120 --> 00:14:21,420

well that's why they've got a dump some

333

00:14:25,639 --> 00:14:23,130

radio station yeah there's five markets

334

00:14:26,569 --> 00:14:25,649

at the between them and to come and CBS

335

00:14:28,100 --> 00:14:26,579

these five markets in the country

336

00:14:31,389 --> 00:14:28,110

they've gotta get rid of radio stations

337

00:14:34,140 --> 00:14:31,399

all right okay all right I'm calling the

338

00:14:37,240 --> 00:14:34,150

sale they know the word that was missing

339

00:14:39,769 --> 00:14:37,250

[Laughter]

340

00:14:41,689 --> 00:14:39,779

just one last question when these big

341

00:14:43,850 --> 00:14:41,699

companies buy these kind of cool radio

342

00:14:45,829 --> 00:14:43,860

stations and once again Abby's in Boston

343

00:14:47,240 --> 00:14:45,839

PCN was like the go through station

344

00:14:49,790 --> 00:14:47,250

because it was crazy I had a lot of good

345

00:14:51,110 --> 00:14:49,800

music and it was valleys yeah it was but

346

00:14:53,030 --> 00:14:51,120

when the company's taken over is that

347

00:14:54,829 --> 00:14:53,040

isn't it inevitable that was everything

348

00:14:56,750 --> 00:14:54,839

living BC has been gone for a few years

349

00:14:57,800 --> 00:14:56,760

yeah right usually when corporate gets

350

00:14:59,090 --> 00:14:57,810

their hands on things in business

351

00:15:00,559 --> 00:14:59,100

there's no creativity because I don't

352

00:15:02,000 --> 00:15:00,569

want to pay anybody to be creative never

353

00:15:03,860 --> 00:15:02,010

I just bring in line of card readers and

354

00:15:06,019 --> 00:15:03,870

then wonder why nobody's listening to

355

00:15:07,819 --> 00:15:06,029

the radio station right right did you

356

00:15:09,860 --> 00:15:07,829

tell me once that there's a lot of times

357

00:15:12,319 --> 00:15:09,870

you'll listen to a radio station and and

358

00:15:14,030 --> 00:15:12,329

there'll be a person let's say Mel

359

00:15:15,620 --> 00:15:14,040

Miller let's say and there's really like

360

00:15:17,210 --> 00:15:15,630

two or three male members right yeah

361

00:15:19,400 --> 00:15:17,220

there was two or three Dan Donovan's at

362

00:15:21,319 --> 00:15:19,410

M emex was known for doing that yeah

363

00:15:22,370 --> 00:15:21,329

okay you know and it's for no legal

364

00:15:23,569 --> 00:15:22,380

reason it's just the fact that they

365

00:15:25,340 --> 00:15:23,579

didn't want to change the station every

366

00:15:26,809 --> 00:15:25,350

right well they had these uh what they'd

367

00:15:27,800 --> 00:15:26,819

call like jock shelton-johnson they

368

00:15:29,329 --> 00:15:27,810

don't want to buy new ones

369

00:15:32,870 --> 00:15:29,339

Yeah right so they just say you're gonna

370

00:15:34,490 --> 00:15:32,880

be Melvin X Melvin I think JJ Jeffrey

371

00:15:36,499 --> 00:15:34,500

was a Melvin ex-military well yeah

372

00:15:39,350 --> 00:15:36,509

there's a good bit title for a book yeah

373

00:15:40,879 --> 00:15:39,360

I was a Melvin X Melvin by JJJ yeah

374

00:15:42,679 --> 00:15:40,889

there was a fenway I mean they had all

375

00:15:44,269 --> 00:15:42,689

these new things already done up and one

376

00:15:46,449 --> 00:15:44,279

why create more work Yeah right yeah

377

00:15:48,290 --> 00:15:46,459

like you guys yeah well you know

378

00:15:50,480 --> 00:15:48,300

but just trying to keep you on your feet

379

00:15:53,960 --> 00:15:50,490

did I appreciate it thank you yeah then

380

00:15:55,100 --> 00:15:53,970

they had them those guys on the charts

381

00:15:56,990 --> 00:15:55,110

that were available with record stores

382

00:15:59,480 --> 00:15:57,000

and then like the top four oh yeah music

383

00:16:02,060 --> 00:15:59,490

surveys music survey yeah and little

384

00:16:04,249 --> 00:16:02,070

BIOS in each guy yeah yeah yeah yep yep

385

00:16:05,749 --> 00:16:04,259

yeah it was the Racing Form if Europe a

386

00:16:10,670 --> 00:16:05,759

lot of it was made up by oh so it wasn't

387

00:16:12,110 --> 00:16:10,680

really you know so I nee Ginsburg didn't

388

00:16:14,180 --> 00:16:12,120

wasn't on the moon at one point he

389

00:16:16,970 --> 00:16:14,190

didn't really have a horn with him they

390

00:16:19,129 --> 00:16:16,980

want well no no he had the bell but no

391

00:16:20,809 --> 00:16:19,139

yes he did yeah I did people sent him

392

00:16:22,040 --> 00:16:20,819

all kinds of stuff I was talking with

393

00:16:23,809 --> 00:16:22,050

him I've known Artie for a long time

394

00:16:25,519 --> 00:16:23,819

people would send him these things yeah

395

00:16:28,670 --> 00:16:25,529

yeah you know duck calls and all kind of

396

00:16:30,530 --> 00:16:28,680

words yeah once again who could you it

397

00:16:32,120 --> 00:16:30,540

was you can't say Ani gisbert was like

398

00:16:33,680 --> 00:16:32,130

Wolfman Jack but he was like a

399

00:16:35,540 --> 00:16:33,690

personality in the New England area

400

00:16:37,850 --> 00:16:35,550

everyone oh yes everybody knew already

401
00:16:39,170 --> 00:16:37,860
gives birth oh yeah and he was you know

402
00:16:41,809 --> 00:16:39,180
he beat it seemed like he'd be the one

403
00:16:43,160 --> 00:16:41,819
that would break the new song his his

404
00:16:45,230 --> 00:16:43,170
show seemed to be the number one show

405
00:16:46,639 --> 00:16:45,240
and yeah yeah usually tonight Chuck is

406
00:16:49,519 --> 00:16:46,649
he got a breaks all the music mm-hmm

407
00:16:51,170 --> 00:16:49,529
yeah yoga kids listen yeah well the

408
00:16:54,019 --> 00:16:51,180
Beatles songs I heard first time yeah

409
00:16:55,400 --> 00:16:54,029
any show you know yep anyway wow this is

410
00:16:57,889 --> 00:16:55,410
the bottom this is followed by Jerry

411
00:16:59,689 --> 00:16:57,899
Williams talk show yeah yeah yeah yeah

412
00:17:02,300 --> 00:16:59,699
yeah well it's the Dean of Talk man yeah

413
00:17:03,980 --> 00:17:02,310

yeah and then when the when the signal

414

00:17:09,319 --> 00:17:03,990

would fall off the table at dusk I'd

415

00:17:13,340 --> 00:17:09,329

listen to Joey Reynolds on W ABC in New

416

00:17:14,600 --> 00:17:13,350

York yeah yeah dr. Peter sometime cuz he

417

00:17:16,250 --> 00:17:14,610

just ran in the Joey Reynolds up in

418

00:17:24,740 --> 00:17:16,260

Maine really yeah yeah it was it a car

419

00:17:26,059 --> 00:17:24,750

accident no collision yes so well hey

420

00:17:27,230 --> 00:17:26,069

Jeff thank you very much once again

421

00:17:30,320 --> 00:17:27,240

you're welcome any yeah Tuesday night

424

00:17:35,480 --> 00:17:34,080

because we usually have beer yeah I

425

00:17:37,159 --> 00:17:35,490

noticed that only for drinking I know

426
00:17:38,810 --> 00:17:37,169
but I was also told that you have enough

427
00:17:43,299 --> 00:17:38,820
for me tonight okay that's why I believe

428
00:17:48,140 --> 00:17:45,530
Jeff thanks a lot and we'll try to make

429
00:17:50,539 --> 00:17:48,150
your work a little easier after a little

430
00:17:51,740 --> 00:17:50,549
less complicated yes you know I'm you

431
00:17:53,870 --> 00:17:51,750
know I'm going crazy

432
00:17:55,919 --> 00:17:53,880
yeah well

433
00:17:59,070 --> 00:17:55,929
so why are we taking in now are you

434
00:18:00,810 --> 00:17:59,080
gonna take us out oh you said little do

435
00:18:02,100 --> 00:18:00,820
patter anymore well you can take itself

436
00:18:05,279 --> 00:18:02,110
okay well I don't know what the I don't

437
00:18:06,450 --> 00:18:05,289
usually IQ is anyway make it say we'll

438
00:18:07,740 --> 00:18:06,460

be right there we're gonna take a

439

00:18:11,159 --> 00:18:07,750

commercial bright I me what the sale

440

00:18:12,600 --> 00:18:11,169

said we're gonna take them we're gonna

441

00:18:12,960 --> 00:18:12,610

take a why don't we take a commercial

442

00:18:17,430 --> 00:18:12,970

break

443

00:18:19,470 --> 00:18:17,440

right now and we'll be right back after

444

00:18:21,450 --> 00:18:19,480

446

00:18:24,690 --> 00:18:22,870

449

00:18:36,450 --> 00:18:32,169

military military ex facts file shows on

450

00:18:39,659 --> 00:18:36,460

on distant Thunder distant Thunder radio

451
00:18:42,419 --> 00:18:39,669
network all right okay Wow Wow you know

452
00:18:47,090 --> 00:18:42,429
you might want to edit that one there's

453
00:18:54,060 --> 00:18:49,529
well it's a lot of use of smoking for

454
00:18:55,680 --> 00:18:54,070
this yeah yeah really can you deduct the

455
00:18:57,180 --> 00:18:55,690
cigarettes me taxes no I'm not

456
00:19:01,590 --> 00:18:57,190
supposedly they know I was smoking all

457
00:19:03,120 --> 00:19:01,600
those things okay so why don't we take

458
00:19:05,580 --> 00:19:03,130
the aforementioned ad and we'll be right

459
00:19:08,220 --> 00:19:05,590
back after this stay tuned after the

460
00:19:09,480 --> 00:19:08,230
events of 9/11 we thought America would

461
00:19:12,120 --> 00:19:09,490
never be the same

462
00:19:14,820 --> 00:19:12,130
our homeland was attacked our fellow

463
00:19:19,110 --> 00:19:14,830

Americans killed by terrorists it seemed

464

00:19:20,820 --> 00:19:19,120

like all hope was lost until a special

465

00:19:23,580 --> 00:19:20,830

group of Patriots came together and

466

00:19:27,360 --> 00:19:23,590

defied the Pentagon and vowed to take

467

00:19:29,279 --> 00:19:27,370

revenge but in their own way they took

468

00:19:31,139 --> 00:19:29,289

the battle to the terrace doorstep

469

00:19:33,810 --> 00:19:31,149

turning the tables on the murderers

470

00:19:36,299 --> 00:19:33,820

fighting with no rules taking no

471

00:19:38,970 --> 00:19:36,309

prisoners until they became terrorists

472

00:19:41,970 --> 00:19:38,980

themselves this is the story of the

473

00:19:43,620 --> 00:19:41,980

super Hawks soldiers so secret even the

474

00:19:46,680 --> 00:19:43,630

president didn't know they existed

475

00:19:48,330 --> 00:19:46,690

their mission was to kill bin Laden but

476

00:19:51,600 --> 00:19:48,340

they wound up saving the world

477

00:19:53,130 --> 00:19:51,610

super Hawks a new series for Kindles and

478

00:20:10,289 --> 00:19:53,140

nooks by Mac Maloney

479

00:20:14,910 --> 00:20:10,299

available on amazon.com daddy where do

480

babies come from well honey mommy went

481

to the store oh well you see um well

482

00:20:24,690 --> 00:20:20,170

there's a mommy and a daddy right and

483

00:20:26,130 --> 00:20:24,700

see when they call Geico they could save

484

00:20:28,770 --> 00:20:26,140

a bunch of money on car insurance

485

00:20:31,080 --> 00:20:28,780

oh really and that makes them happy yes

486

00:20:33,240 --> 00:20:31,090

that makes them very happy that's good

487

00:20:34,260 --> 00:20:33,250

yeah well I'm glad we could have this

488

00:20:36,930 --> 00:20:34,270

talk sunshine

489

00:20:44,840 --> 00:20:36,940

Geico because saving 15% or more on car

490

00:20:50,960 --> 00:20:48,799

I am Arnold Schwarzenegger and you are

491

00:20:53,749 --> 00:20:50,970

listening to Mack Melones military

492

00:20:58,100 --> 00:20:53,759

x-files show on distant on the radio

493

00:20:59,899 --> 00:20:58,110

network welcome back everyone to Mack

494

00:21:02,389 --> 00:20:59,909

Moniz no tracks I'll show here on the

495

00:21:04,940 --> 00:21:02,399

distant Thunder radio network my family

496

00:21:07,700 --> 00:21:04,950

in the studio with us tonight the very

497

00:21:11,450 --> 00:21:07,710

famous one one is here 16 weeks in a row

498

00:21:14,480 --> 00:21:11,460

you got it if anybody had the money on

499

00:21:16,639 --> 00:21:14,490

number 16 you want they want something

500

00:21:20,029 --> 00:21:16,649

somewhere I just think it's amazing

501
00:21:22,549 --> 00:21:20,039
because as we've said all of the weeks

502
00:21:25,999 --> 00:21:22,559
that we mentioned this in the past last

503
00:21:33,019 --> 00:21:26,009
time you missed a show snow is on the

504
00:21:34,970 --> 00:21:33,029
ground right and maybe there's a pattern

505
00:21:37,159 --> 00:21:34,980
I mean I'd like coming down here they

506
00:21:39,619 --> 00:21:37,169
said it's just yes a wonderful studio

507
00:21:43,519 --> 00:21:39,629
mm-hmm it's not overly ostentatious just

508
00:21:45,950 --> 00:21:43,529
a mildly Austin - no no and it's much

509
00:21:48,649 --> 00:21:45,960
better than being in the bunker oh yes

510
00:21:50,210 --> 00:21:48,659
yep right then the cats take over the

511
00:21:53,600 --> 00:21:50,220
bunkers yeah they did the cats were

512
00:21:55,700 --> 00:21:53,610
trying to get in the bunker and one of

513
00:21:57,169 --> 00:21:55,710

them was oh I have a little dog and

514

00:22:01,509 --> 00:21:57,179

running around with my underwear and

515

00:22:03,649 --> 00:22:01,519

stuff oh wow if I drop anything he's

516

00:22:06,590 --> 00:22:03,659

grabbing was that the dog that was on

517

00:22:08,690 --> 00:22:06,600

the show talking no that was not

518

00:22:12,169 --> 00:22:08,700

gumdrops no this is one of my own dogs

519

00:22:16,060 --> 00:22:12,179

dogs what's his name milky way Sadie

520

00:22:19,549 --> 00:22:16,070

Sadie Sadie masochism yeah interesting

521

00:22:20,360 --> 00:22:19,559

anyway he likes playing with laundry now

522

00:22:23,509 --> 00:22:20,370

he's showing a picture

523

00:22:27,850 --> 00:22:23,519

oh my god yeah those are mean dogs it's

524

00:22:31,369 --> 00:22:27,860

a dachshund come on I've had dachshunds

525

00:22:33,860 --> 00:22:31,379

I could tell you a story about a dog and

526
00:22:37,549 --> 00:22:33,870
Albany named peanut you know terrorized

527
00:22:40,879 --> 00:22:37,559
me for weeks anyway we'll have Jeff cut

528
00:22:44,629 --> 00:22:42,499
yeah stepping all over his own

529
00:22:46,749 --> 00:22:44,639
introduction probably father 16th week

530
00:22:49,580 --> 00:22:46,759
in a row come in the cobra's here at a

531
00:22:52,039 --> 00:22:49,590
undisclosed location good evening

532
00:22:53,509 --> 00:22:52,049
gentlemen okay I I don't say this often

533
00:22:55,409 --> 00:22:53,519
but can you turn your volume up a little

534
00:22:57,700 --> 00:22:55,419
bit there remember

535
00:22:59,859 --> 00:22:57,710
and see what I can do with my club in a

536
00:23:03,519 --> 00:22:59,869
second those are words dizzy as I know

537
00:23:06,310 --> 00:23:03,529
that man and um and we haven't suited

538
00:23:07,419 --> 00:23:06,320

commander Cobra yet today No so right

539

00:23:13,210 --> 00:23:07,429

testing one two

540

00:23:15,580 --> 00:23:13,220

any better yep yeah okay and also on the

541

00:23:19,419 --> 00:23:15,590

line one of our favorite guests as well

542

00:23:22,869 --> 00:23:19,429

as one of our favorite people Baba were

543

00:23:25,570 --> 00:23:22,879

at the very Barbara what with what I say

544

00:23:28,629 --> 00:23:25,580

worth oh no dad I really who's Baba

545

00:23:33,460 --> 00:23:28,639

worth bumper whips okay babble with oh

546

00:23:34,989 --> 00:23:33,470

so flustered by her aura that I said the

547

00:23:37,450 --> 00:23:34,999

wrong word hello Barbara will you

548

00:23:41,259 --> 00:23:37,460

forgive me for that of course

549

00:23:42,639 --> 00:23:41,269

really it's common with women listen to

550

00:23:46,060 --> 00:23:42,649

that voice the board is melting already

551

00:23:51,310 --> 00:23:46,070

I know thank goodness the lights are all

552

00:23:53,349 --> 00:23:51,320

popping out yeah run oh boy here we go

553

00:23:55,479 --> 00:23:53,359

yeah here we go we're off to a rousing

554

00:23:56,739 --> 00:23:55,489

start Jeff already is it's gonna take

555

00:23:59,430 --> 00:23:56,749

him a week to do what we've already done

556

00:24:02,169 --> 00:23:59,440

I don't want to give him any more one oh

557

00:24:04,060 --> 00:24:02,179

I see he is kind of eyeing up a yacht

558

00:24:09,129 --> 00:24:04,070

for sale at some point he told me out

559

00:24:12,249 --> 00:24:09,139

there is it yeah are you out in

560

00:24:13,299 --> 00:24:12,259

Wisconsin I am in Lake Superior in fact

561

00:24:15,489 --> 00:24:13,309

yes okay

562

00:24:17,769 --> 00:24:15,499

is that is that not on your little

563

00:24:19,419 --> 00:24:17,779

island there oh yes you're on the

564

00:24:22,749 --> 00:24:19,429

ambulant no bah right

565

00:24:24,399 --> 00:24:22,759

oh no we have bars oh okay all right

566

00:24:25,840 --> 00:24:24,409

maybe we just tell people that it's just

567

00:24:26,970 --> 00:24:25,850

burned down that's all yeah burn baby

568

00:24:29,499 --> 00:24:26,980

burn

569

00:24:31,599 --> 00:24:29,509

there's a couple other ones too so don't

570

00:24:33,159 --> 00:24:31,609

worry okay if they have a discovered

571

00:24:35,039 --> 00:24:33,169

having Bible lives on an island up and

572

00:24:38,080 --> 00:24:35,049

down one the Great Lakes Lake Superior

573

00:24:43,779 --> 00:24:38,090

small on Mount Lee 250 people or so live

574

00:24:45,639 --> 00:24:43,789

on the island about in the winter okay

575

00:24:48,489 --> 00:24:45,649

in the winter in the summer it swells to

576
00:24:52,049 --> 00:24:48,499
maybe 3,000 but these years there's been

577
00:24:54,009 --> 00:24:52,059
so many people mm-hmm it's a drag

578
00:24:58,889 --> 00:24:54,019
there's no danger of the island

579
00:25:03,089 --> 00:25:01,359
getting his congressional possibilities

580
00:25:06,070 --> 00:25:03,099
being a congressman

581
00:25:08,019 --> 00:25:06,080
you got a cover you got it yeah he ran

582
00:25:12,459 --> 00:25:08,029
for president in the surprise party

583
00:25:15,459 --> 00:25:12,469
yeah almost he came in third anyway so

584
00:25:17,830 --> 00:25:15,469
Barbara so um you're up there and your

585
00:25:21,099 --> 00:25:17,840
little island Cobra is in an undisclosed

586
00:25:21,609 --> 00:25:21,109
location 1/1000 your own position that's

587
00:25:23,499 --> 00:25:21,619
correct

588
00:25:25,690 --> 00:25:23,509

anyway so why don't we tell people what

589

00:25:27,009 --> 00:25:25,700

the show is about tonight okay first of

590

00:25:28,570 --> 00:25:27,019

all I have to do this they'll be trying

591

00:25:31,089 --> 00:25:28,580

to figure it out for weeks but please

592

00:25:33,580 --> 00:25:31,099

tell us sent a little money on this one

593

00:25:34,989 --> 00:25:33,590

one very quickly as you know not only am

594

00:25:38,080 --> 00:25:34,999

a very famous right I'm a very famous

595

00:25:40,869 --> 00:25:38,090

musician you know and once a week or so

596

00:25:43,269 --> 00:25:40,879

I go down to the hood and I stuck with

597

00:25:47,889 --> 00:25:43,279

the brothers you know things of musical

598

00:25:49,950 --> 00:25:47,899

interest you go down the subways I have

599

00:25:52,479 --> 00:25:49,960

a kind of bring me down to the hood okay

600

00:25:57,119 --> 00:25:52,489

anyway so some friends that way they

601
00:25:59,919 --> 00:25:57,129
make the milk in your world

602
00:26:01,509 --> 00:25:59,929
so that's a carcass there's no train in

603
00:26:04,060 --> 00:26:01,519
Newburyport no that's right yeah I'd be

604
00:26:06,879 --> 00:26:04,070
stuck in Salem Drive biases no trains

605
00:26:10,389 --> 00:26:06,889
yeah on the highway there a sign saying

606
00:26:12,789 --> 00:26:10,399
no threat no it like in Groveland yeah

607
00:26:14,289 --> 00:26:12,799
right maybe put it outside the parking

608
00:26:16,419 --> 00:26:14,299
lots of a train station with the stuff

609
00:26:17,799 --> 00:26:16,429
they have to add a something in the

610
00:26:20,499 --> 00:26:17,809
bottom it says you have to drive to

611
00:26:21,879 --> 00:26:20,509
Beverly to get the train if you run the

612
00:26:27,029 --> 00:26:21,889
highway what do you care about the Train

613
00:26:30,039 --> 00:26:27,039

you know so my friends down there

614

00:26:33,419 --> 00:26:30,049

bestowed upon us our own rap names I

615

00:26:37,440 --> 00:26:33,429

said what would I rap name boy okay so

616

00:26:42,579 --> 00:26:37,450

here we go I just got to do this okay

617

00:26:44,859 --> 00:26:42,589

my rap name would be Beth Mackie Mack my

618

00:26:47,109 --> 00:26:44,869

bad worse death Mackie that's Matt

619

00:26:49,659 --> 00:26:47,119

that's Matt yes that always sounds like

620

00:26:54,879 --> 00:26:49,669

a brand name Matthew minute exact that

621

00:26:57,609 --> 00:26:54,889

could go to like all kinds of Mack you

622

00:27:01,139 --> 00:26:57,619

max I'm wrapping up on you wow it's like

623

00:27:03,070 --> 00:27:01,149

it sounds like Marky Mark are deaf

624

00:27:05,019 --> 00:27:03,080

Debbie yep okay this

625

00:27:07,269 --> 00:27:05,029

you're like Def Jam okay well maybe you

626

00:27:08,649 --> 00:27:07,279

won't like I'm completely familiar sorry

627

00:27:10,180 --> 00:27:08,659

you know I don't need to be loved sure

628

00:27:11,680 --> 00:27:10,190

what's in Congress mind worried about

629

00:27:13,690 --> 00:27:11,690

Lake Superior flipping over an island

630

00:27:16,739 --> 00:27:13,700

okay let's just back down from that

631

00:27:19,570 --> 00:27:16,749

right what he just said thank you

632

00:27:27,549 --> 00:27:19,580

one one your rep name is

633

00:27:33,399 --> 00:27:27,559

J jazzy swoop I'd like that say Jesse

634

00:27:36,399 --> 00:27:33,409

swoop I'm on board with that one officer

635

00:27:38,350 --> 00:27:36,409

I'm off to my t-shirt vendor now his

636

00:27:42,399 --> 00:27:38,360

Pete Pete Pistol Pete isn't hearing me

637

00:27:44,289 --> 00:27:42,409

he's gone in his limo he had his hands

638

00:27:45,669 --> 00:27:44,299

over his ears a little while ago yeah no

639

00:27:47,649 --> 00:27:45,679

he statement limo from the back I think

640

00:27:49,389 --> 00:27:47,659

the restaurant across the street that's

641

00:27:52,299 --> 00:27:49,399

class baby

642

00:27:52,720 --> 00:27:52,309

Pete's rap name is I like this one the

643

00:27:58,379 --> 00:27:52,730

best

644

00:28:01,749 --> 00:27:58,389

slick Pete aka crazy topped yeah yeah

645

00:28:03,669 --> 00:28:01,759

now here's the strange thing so I said

646

00:28:04,810 --> 00:28:03,679

okay command the Cobra and they said

647

00:28:06,279 --> 00:28:04,820

well what's your command I says well

648

00:28:08,409 --> 00:28:06,289

that's his name on the show you know

649

00:28:10,149 --> 00:28:08,419

well it's not a first name whatever so

650

00:28:18,249 --> 00:28:10,159

this is what they came up with ready

651
00:28:21,369 --> 00:28:18,259
yeah Co Co Co Co Co Co Co Co Co Co Co Co mm

652
00:28:23,830 --> 00:28:21,379
for commander Cobra Coco Bob right with

653
00:28:25,299 --> 00:28:23,840
okay see what happened there I said it

654
00:28:26,919 --> 00:28:25,309
right the second time by mistake no

655
00:28:30,489 --> 00:28:26,929
relation to cook or chanel or anything

656
00:28:32,349 --> 00:28:30,499
right Barbara I wish that I knew I wish

657
00:28:33,489 --> 00:28:32,359
they had given them your name because

658
00:28:36,039 --> 00:28:33,499
we'd be interested in with your rap name

659
00:28:37,659 --> 00:28:36,049
I've um Barbara what her rap name

660
00:28:46,210 --> 00:28:37,669
already is what is your rap name you

661
00:29:00,399 --> 00:28:46,220
probably will be the judge of that

662
00:29:03,549 --> 00:29:00,409
Barbara yeah sure breaker 1-9 you got

663
00:29:05,859 --> 00:29:03,559

the jiz handle your handle my handle was

664

00:29:09,220 --> 00:29:05,869

pretty controversial don't say it come

665

00:29:14,440 --> 00:29:09,230

on say it Barbara yeah well if it's bad

666

00:29:16,330 --> 00:29:14,450

okay I was the babbling beaver now

667

00:29:28,659 --> 00:29:16,340

that's gonna stay in because nothing

668

00:29:30,849 --> 00:29:28,669

wrong with that okay my older age I felt

669

00:29:32,950 --> 00:29:30,859

it wasn't quite as appropriate but

670

00:29:33,430 --> 00:29:32,960

whoever sees you except the people you

671

00:29:38,200 --> 00:29:33,440

know in the

672

00:29:41,230 --> 00:29:38,210

with the CB right yeah huh I'm rocket

673

00:29:43,210 --> 00:29:41,240

girl so rocket girl not quite as

674

00:29:46,990 --> 00:29:43,220

exciting like that yeah I could make a

675

00:29:49,060 --> 00:29:47,000

record yeah okay reckon so you do they

676

00:29:56,789 --> 00:29:49,070

still do CB stuff and are you driving

677

00:30:01,450 --> 00:29:59,499

bring him bring him with yeah I'm ready

678

00:30:03,310 --> 00:30:01,460

can I come back there's a lot easier

679

00:30:05,560 --> 00:30:03,320

even on the roads now I used to have him

680

00:30:07,840 --> 00:30:05,570

yeah I had one that had no legal power

681

00:30:10,680 --> 00:30:07,850

amplifier and really oval kicker very

682

00:30:14,950 --> 00:30:10,690

cool you were real JD I was you know

683

00:30:19,450 --> 00:30:14,960

shattering windows as I drove 500 that's

684

00:30:22,419 --> 00:30:19,460

gay jazzy swoop right now like

685

00:30:25,600 --> 00:30:22,429

microphone all of a sudden we're in

686

00:30:27,310 --> 00:30:25,610

traffic yesterday and our car was shaken

687

00:30:28,749 --> 00:30:27,320

because of the music going on the guys

688

00:30:31,950 --> 00:30:28,759

attracting fun that's happened to me

689

00:30:37,049 --> 00:30:31,960

yeah it's great yeah I like that though

690

00:30:40,029 --> 00:30:37,059

so anyway yeah we're talking about

691

00:30:42,039 --> 00:30:40,039

handles on CDs ever I don't know why

692

00:30:43,419 --> 00:30:42,049

this question came to me you know how

693

00:30:46,360 --> 00:30:43,429

that people have sex on the telephone

694

00:30:48,009 --> 00:30:46,370

picks on the computer yep so on ever any

695

00:30:53,799 --> 00:30:48,019

sex that you've heard about dear Barbara

696

00:30:57,759 --> 00:30:53,809

sex on the CB you know when I'm on the

697

00:31:00,070 --> 00:30:57,769

road I can tune into some sex on the CB

698

00:31:01,899 --> 00:31:00,080

right so it does happen it does is it

699

00:31:04,240 --> 00:31:01,909

certain channels or something we can go

700

00:31:07,210 --> 00:31:04,250

on a certain channel and talk dirty

701

00:31:10,389 --> 00:31:07,220

I don't know I mean I've never done it

702

00:31:13,840 --> 00:31:10,399

okay that's history stick through it

703

00:31:16,960 --> 00:31:13,850

honey yeah I stepped on your what you CD

704

00:31:20,529 --> 00:31:16,970

should not not on the CB oh not in the

705

00:31:24,909 --> 00:31:20,539

city maybe some other medium but not in

706

00:31:27,549 --> 00:31:24,919

the CBD about radio it was there someone

707

00:31:32,169 --> 00:31:27,559

had to ask the question there you go

708

00:31:35,470 --> 00:31:32,179

Mike hello anyway well this is what

709

00:31:36,970 --> 00:31:35,480

we're gonna talk about tonight we talked

710

00:31:39,249 --> 00:31:36,980

about a little bit last week or our last

711

00:31:42,310 --> 00:31:39,259

live show and this is the thumbnail

712

00:31:44,200 --> 00:31:42,320

story there's a thing called a thing a

713

00:31:46,090 --> 00:31:44,210

huge cloud of

714

00:31:49,030 --> 00:31:46,100

asteroids and like little planets and

715

00:31:51,880 --> 00:31:49,040

space junk way out beyond the orbit of

716

00:31:54,370 --> 00:31:51,890

the planet Neptune it's called the

717

00:31:57,070 --> 00:31:54,380

Kuiper belt and there's like millions of

718

00:31:58,450 --> 00:31:57,080

these just you know asteroids I'm just

719

00:32:00,220 --> 00:31:58,460

space rocks you know that stuff kind of

720

00:32:02,440 --> 00:32:00,230

you know around who cares about that's

721

00:32:04,360 --> 00:32:02,450

right so what they did though because

722

00:32:05,950 --> 00:32:04,370

there's always been this kind of rumor

723

00:32:07,570 --> 00:32:05,960

in the scientific community that there's

724

00:32:09,130 --> 00:32:07,580

another planet out there though I

725

00:32:11,200 --> 00:32:09,140

haven't understand how the Hubble can

726

00:32:14,170 --> 00:32:11,210

see galaxies billions of light-years

727

00:32:16,660 --> 00:32:14,180

away but you can't find a planet so they

728

00:32:18,400 --> 00:32:16,670

finally turned the Hubble out to the

729

00:32:20,740 --> 00:32:18,410

Kuiper belt because they noticed that

730

00:32:21,970 --> 00:32:20,750

all the objects you know if you're in a

731

00:32:23,170 --> 00:32:21,980

uniform line you're all going to be

732

00:32:24,490 --> 00:32:23,180

pointing to the Sun because that's

733

00:32:25,810 --> 00:32:24,500

ascending into gravity but some of them

734

00:32:29,680 --> 00:32:25,820

out they were pointing to something else

735

00:32:31,480 --> 00:32:29,690

so they looked and they discovered you

736

00:32:33,820 --> 00:32:31,490

know through various observations so on

737

00:32:36,550 --> 00:32:33,830

and so forth that there's a huge mass

738

00:32:38,770 --> 00:32:36,560

out there that's at least the size of a

739

00:32:41,050 --> 00:32:38,780

planet okay now this is last year and

740

00:32:43,900 --> 00:32:41,060

some people dubbed it Planet X we found

741

00:32:45,460 --> 00:32:43,910

the time thing okay so they take all the

742

00:32:47,530 --> 00:32:45,470

data and then the Hubble you know goes

743

00:32:49,270 --> 00:32:47,540

on with something else and then they

744

00:32:52,060 --> 00:32:49,280

turn the Hubble back there almost a year

745

00:32:54,610 --> 00:32:52,070

later a little little more than a year

746

00:32:56,770 --> 00:32:54,620

later to look out there just to can't

747

00:32:58,510 --> 00:32:56,780

confirm the data that they got a year

748

00:33:00,580 --> 00:32:58,520

before you know scientists got to do you

749

00:33:04,240 --> 00:33:00,590

know things 17 times you know everything

750

00:33:06,280 --> 00:33:04,250

has to check out they point the Hubble

751

00:33:09,070 --> 00:33:06,290

back out there and they find another

752

00:33:12,580 --> 00:33:09,080

object out there another massive object

753

00:33:14,320 --> 00:33:12,590

that was not there a year ago not yeah

754

00:33:15,820 --> 00:33:14,330

you're just kind of hanging out beside

755

00:33:17,770 --> 00:33:15,830

this other planet and had arrived

756

00:33:21,190 --> 00:33:17,780

sometime in the last 12 months just

757

00:33:24,490 --> 00:33:21,200

showed up showed up and this is planted

758

00:33:26,200 --> 00:33:24,500

Z and no one knows this is all just you

759

00:33:28,210 --> 00:33:26,210

know in the past week and a half or so

760

00:33:31,660 --> 00:33:28,220

some scientists are gonna give a paper

761

00:33:34,030 --> 00:33:31,670

some time I think in August at you know

762

00:33:36,370 --> 00:33:34,040

like California you know what's that

763

00:33:40,900 --> 00:33:36,380

place out there that does all the work

764

00:33:43,720 --> 00:33:40,910

for not the Pasadena what is it

765

00:33:46,090 --> 00:33:43,730

Livermore labs Livermore labs okay yeah

766

00:33:51,820 --> 00:33:46,100

guys JJ used to work there oh really

767

00:33:53,640 --> 00:33:51,830

yeah and they're going to give a paper

768

00:33:55,780 --> 00:33:53,650

on this and talk about what it is but

769

00:33:57,510 --> 00:33:55,790

there are more than a few people in

770

00:33:58,980 --> 00:33:57,520

there in the scientific world and

771

00:34:01,040 --> 00:33:58,990

so other worlds who are saying that this

772

00:34:03,870 --> 00:34:01,050

might be something that is of alien

773

00:34:05,580 --> 00:34:03,880

construction because how could it

774

00:34:06,690 --> 00:34:05,590

possibly show up there a year later I

775

00:34:08,820 --> 00:34:06,700

mean in a year

776

00:34:11,070 --> 00:34:08,830

planets get into orbits it takes the

777

00:34:13,560 --> 00:34:11,080

millions of millions of years it can't

778

00:34:16,280 --> 00:34:13,570

be a planet so it has to be some kind of

779

00:34:19,110 --> 00:34:16,290

moving object that can be anywhere right

780

00:34:21,149 --> 00:34:19,120

so anyway some under some kind of motor

781

00:34:24,090 --> 00:34:21,159

control or gravitational side they don't

782

00:34:25,740 --> 00:34:24,100

know you know but it is a good chance

783

00:34:27,960 --> 00:34:25,750

it's of not a good chance but there's a

784

00:34:29,550 --> 00:34:27,970

chance a better chance that you would

785

00:34:31,889 --> 00:34:29,560

say is something that was discovered 20

786

00:34:33,480 --> 00:34:31,899

years ago but now because they have you

787

00:34:35,370 --> 00:34:33,490

know very accurate telescopes of horeca

788

00:34:37,080 --> 00:34:35,380

telescopes and they can tell how things

789

00:34:39,630 --> 00:34:37,090

just the way things spin you know

790

00:34:40,950 --> 00:34:39,640

something's that attract enough the

791

00:34:42,659 --> 00:34:40,960

second thing is out there they don't

792

00:34:44,490 --> 00:34:42,669

know what it is it's huge just around

793

00:34:45,830 --> 00:34:44,500

the same size as all the same size and

794

00:34:48,990 --> 00:34:45,840

these are it can't be some kind of

795

00:34:51,990 --> 00:34:49,000

visual echo or something no no no it's

796

00:34:54,899 --> 00:34:52,000

it's at least the size of Mars mmm okay

797

00:34:58,260 --> 00:34:54,909

so you know it's the desta times you

798

00:35:00,510 --> 00:34:58,270

know a thousand so anyway so we wanted

799

00:35:03,800 --> 00:35:00,520

to find out more about it so how do we

800

00:35:07,530 --> 00:35:03,810

do that we've contacted Barbara with who

801
00:35:09,030 --> 00:35:07,540
knows a very smart person is in contact

802
00:35:12,810 --> 00:35:09,040
with him all the time his name is Albert

803
00:35:14,130 --> 00:35:12,820
Einstein oh yeah right now first Barbara

804
00:35:15,810 --> 00:35:14,140
what do you think about this what's your

805
00:35:20,790 --> 00:35:15,820
you have any theories on what's going on

806
00:35:23,070 --> 00:35:20,800
up there well you know I read it I read

807
00:35:24,870 --> 00:35:23,080
a little bit about it about the I think

808
00:35:28,860 --> 00:35:24,880
the New York Post put out an article

809
00:35:33,690 --> 00:35:28,870
that said Death Star headed towards

810
00:35:35,370 --> 00:35:33,700
Earth you know one of those I think one

811
00:35:37,950 --> 00:35:35,380
of the UK papers did that too there you

812
00:35:43,470 --> 00:35:37,960
go of course yeah that a video of it

813
00:35:45,540 --> 00:35:43,480

coming down but when I first you first

814

00:35:48,240 --> 00:35:45,550

posed this and then so I did the thing

815

00:35:53,370 --> 00:35:48,250

where I go to Einstein and the first

816

00:35:55,910 --> 00:35:53,380

answer I got was that he was a little

817

00:35:59,510 --> 00:35:55,920

evasive let me put it this way

818

00:36:03,000 --> 00:35:59,520

because I'm saying that a lot of times

819

00:36:07,940 --> 00:36:03,010

theories theories in physics can be

820

00:36:11,490 --> 00:36:07,950

presented and then it takes years yes to

821

00:36:14,460 --> 00:36:11,500

determine if that's true right

822

00:36:16,770 --> 00:36:14,470

so I was like okay yeah I get that but

823

00:36:18,720 --> 00:36:16,780

they're gonna want any answer okay I

824

00:36:23,960 --> 00:36:18,730

can't just you know wow I'm with my

825

00:36:32,190 --> 00:36:26,970

time into the break she's going right to

826
00:36:35,910 --> 00:36:32,200
bring for us one one thank you watching

827
00:36:37,980 --> 00:36:35,920
the series on Einstein genius yes done

828
00:36:41,790 --> 00:36:37,990
by Ron Howard yes taupey

829
00:36:45,450 --> 00:36:41,800
I mean opening go ahead is it good it's

830
00:36:48,450 --> 00:36:45,460
it's excellent and he was a huge

831
00:36:50,970 --> 00:36:48,460
womanizer he had many many many women I

832
00:36:54,180 --> 00:36:50,980
didn't deal with his wife his second

833
00:36:56,730 --> 00:36:54,190
wife Elsa Wow what was the beauty he

834
00:37:00,600 --> 00:36:56,740
could fool around

835
00:37:03,030 --> 00:37:00,610
check out heavenly bodies Wow no he was

836
00:37:05,100 --> 00:37:03,040
a dog Einstein was it done yeah I

837
00:37:11,670 --> 00:37:05,110
thought I was his cousin guys call their

838
00:37:14,330 --> 00:37:11,680

dog he was married to his cousin he was

839

00:37:18,990 --> 00:37:14,340

married to his first wife Mileva Maric

840

00:37:20,849 --> 00:37:19,000

any any fell in love with his cousin he

841

00:37:24,660 --> 00:37:20,859

moved his wife and his children to

842

00:37:27,330 --> 00:37:24,670

Berlin to be near his cousin Wow okay so

843

00:37:31,650 --> 00:37:27,340

he had some issues when it came to

844

00:37:33,840 --> 00:37:31,660

really but but it also depicted very

845

00:37:36,630 --> 00:37:33,850

well how he did his thought experiment

846

00:37:38,849 --> 00:37:36,640

and why he was such why it was such

847

00:37:43,080 --> 00:37:38,859

genius so he's the Jerry Lee Lewis of

848

00:37:46,530 --> 00:37:43,090

physics then why was right great fire

849

00:37:48,120 --> 00:37:46,540

I'd like Alec Cobras remarked about lots

850

00:37:51,870 --> 00:37:48,130

of dogs are named Einstein for that

851
00:37:57,060 --> 00:37:51,880
reason Diego I never put two and two

852
00:37:59,550 --> 00:37:57,070
together there no sure it's hilarious

853
00:38:06,090 --> 00:37:59,560
two volumes two plus two is equal to

854
00:38:08,310 --> 00:38:06,100
four hundred please we're over so so

855
00:38:10,530 --> 00:38:08,320
yeah so then the kind of the week went

856
00:38:13,230 --> 00:38:10,540
on and I asked him again it's like you

857
00:38:17,010 --> 00:38:13,240
know is this some wild and crazy I mean

858
00:38:19,550 --> 00:38:17,020
is it some like I was thinking it was

859
00:38:24,750 --> 00:38:19,560
and like you were saying maybe it's UFO

860
00:38:27,030 --> 00:38:24,760
but I was thinking maybe it's a

861
00:38:29,940 --> 00:38:27,040
another youniverse you know something of

862
00:38:35,100 --> 00:38:29,950
another universe that's infiltrating

863
00:38:38,850 --> 00:38:35,110

ours in a way that is beyond what we

864

00:38:42,960 --> 00:38:38,860

understand well you know but but it just

865

00:38:44,670 --> 00:38:42,970

seems odd and I'm sure that um Alby

866

00:38:47,340 --> 00:38:44,680

would agree what was his nickname D of a

867

00:38:51,240 --> 00:38:47,350

nickname that guy how about Einstein

868

00:38:53,670 --> 00:38:51,250

then people call me Alby I call him out

869

00:38:56,100 --> 00:38:53,680

oh really yeah you call me Yelp I Paul

870

00:39:01,200 --> 00:38:56,110

Simon right yes there's a music Bret but

871

00:39:02,940 --> 00:39:01,210

Jeff but you know for this thing to show

872

00:39:04,530 --> 00:39:02,950

up this is what it's kind of freaking

873

00:39:07,890 --> 00:39:04,540

everyone out is that this thing wasn't

874

00:39:11,580 --> 00:39:07,900

out there this time last year but now it

875

00:39:13,890 --> 00:39:11,590

is and so whatever this is it's massive

876

00:39:15,180 --> 00:39:13,900

innit it's just doesn't it's gonna

877

00:39:17,040 --> 00:39:15,190

whatever it is it's gonna be something

878

00:39:20,190 --> 00:39:17,050

new to us and it also makes you think

879

00:39:21,000 --> 00:39:20,200

well maybe the first one is just one of

880

00:39:23,310 --> 00:39:21,010

these things too

881

00:39:25,320 --> 00:39:23,320

you don't I mean instead of a planet and

882

00:39:28,230 --> 00:39:25,330

I was on this big alien structure and

883

00:39:29,400 --> 00:39:28,240

then remember six or seven months ago we

884

00:39:31,350 --> 00:39:29,410

talked about the Hercules constellation

885

00:39:33,780 --> 00:39:31,360

where there's a star in the Hercules

886

00:39:35,760 --> 00:39:33,790

constellation that scientists see like a

887

00:39:36,840 --> 00:39:35,770

shadow go across the star every once in

888

00:39:39,180 --> 00:39:36,850

a while and they said that it's not a

889

00:39:41,160 --> 00:39:39,190

planet it's it's actually bigger than a

890

00:39:42,750 --> 00:39:41,170

planet and it's in an orbit that you

891

00:39:44,070 --> 00:39:42,760

know something that big shouldn't be

892

00:39:45,270 --> 00:39:44,080

there and that's what's not of these

893

00:39:47,790 --> 00:39:45,280

ideas that maybe it was an alien

894

00:39:49,020 --> 00:39:47,800

superstructure it's funny to be talking

895

00:39:50,010 --> 00:39:49,030

about it but there was scientists

896

00:39:51,600 --> 00:39:50,020

talking about the same thing and now

897

00:39:53,670 --> 00:39:51,610

they there's some people talking about

898

00:39:55,290 --> 00:39:53,680

this thing actually being one of these

899

00:39:57,330 --> 00:39:55,300

alien super stretches which would be

900

00:39:59,280 --> 00:39:57,340

wild it'd be great I mean just like

901
00:40:00,780 --> 00:39:59,290
they're not coming here to love it was

902
00:40:03,990 --> 00:40:00,790
real attack that's right hunting here

903
00:40:10,200 --> 00:40:04,000
for like a snack snack not so good you

904
00:40:12,240 --> 00:40:10,210
know that we hear about it well the cats

905
00:40:13,680 --> 00:40:12,250
out of the bag now though they they

906
00:40:15,450 --> 00:40:13,690
really dampen down that Hercules

907
00:40:17,580 --> 00:40:15,460
constellation remember was like the next

908
00:40:19,800 --> 00:40:17,590
day it said some Russian guy said that

909
00:40:21,690 --> 00:40:19,810
radio signals get in way you're

910
00:40:24,270 --> 00:40:21,700
listening to love advice with LeAnn

911
00:40:27,240 --> 00:40:24,280
caller you're on the air hi LeeAnn

912
00:40:28,980 --> 00:40:27,250
longtime listener first-time caller why

913
00:40:31,050 --> 00:40:28,990

in your professional opinion do you

914

00:40:34,170 --> 00:40:31,060

never take my calls off the air is this

915

00:40:35,550 --> 00:40:34,180

Carl yep it's Carl I mean we had a few

916

00:40:38,970 --> 00:40:35,560

dates everything was great I thought

917

00:40:40,680 --> 00:40:38,980

well you know when you switch

918

00:40:43,109 --> 00:40:40,690

to Geico you could save a lot of money

919

00:40:45,240 --> 00:40:43,119

on car insurance okay awesome

920

00:40:47,070 --> 00:40:45,250

you should call them I will Geico

921

00:40:52,950 --> 00:40:47,080

because saving 15% or more on car

922

00:40:55,620 --> 00:40:52,960

insurance is always a great answer but a

923

00:40:57,570 --> 00:40:55,630

lot of people now you know have this you

924

00:40:59,099 --> 00:40:57,580

know thing in their sights and but for

925

00:41:00,540 --> 00:40:59,109

people to do scientific papers that

926
00:41:02,670 --> 00:41:00,550
means they've done a lot of research and

927
00:41:05,280 --> 00:41:02,680
so on and generally has to go through

928
00:41:07,650 --> 00:41:05,290
that thing called up here study process

929
00:41:09,090 --> 00:41:07,660
peer review peer review right so you

930
00:41:10,500 --> 00:41:09,100
know people have to read it agree with

931
00:41:13,290 --> 00:41:10,510
it it goes to mix them so on the

932
00:41:14,520 --> 00:41:13,300
fact-checked and yeah buy and sell but

933
00:41:15,900 --> 00:41:14,530
if they come out and they say we don't

934
00:41:16,970 --> 00:41:15,910
basically we don't know what this thing

935
00:41:19,590 --> 00:41:16,980
is

936
00:41:21,390 --> 00:41:19,600
they'll be wild man maybe we'll just as

937
00:41:23,190 --> 00:41:21,400
long as it doesn't a detriment to it'd

938
00:41:25,950 --> 00:41:23,200

be really great if that's what it is

939

00:41:33,599 --> 00:41:25,960

because right now but when's the next

940

00:41:36,180 --> 00:41:33,609

probe or the next week next the next

941

00:41:39,000 --> 00:41:36,190

mission to uncover more data

942

00:41:40,530 --> 00:41:39,010

yeah descending and this one - there's

943

00:41:42,500 --> 00:41:40,540

two that are going out I forget the name

944

00:41:45,870 --> 00:41:42,510

of the one that's going out towards

945

00:41:47,460 --> 00:41:45,880

pasts Adam again and and maybe man don't

946

00:41:50,040 --> 00:41:47,470

want a Jupiter's moon something that

947

00:41:52,380 --> 00:41:50,050

cooling like that but there's also a new

948

00:41:54,000 --> 00:41:52,390

Hubble going up that they're going to be

949

00:41:56,550 --> 00:41:54,010

able to look at certain planets in

950

00:41:57,720 --> 00:41:56,560

detect carbon dioxide and common

951
00:41:59,730 --> 00:41:57,730
monoxide and stuff in the atmosphere

952
00:42:01,260 --> 00:41:59,740
things that would be the result of some

953
00:42:03,300 --> 00:42:01,270
kind of civilization I think that's that

954
00:42:05,010 --> 00:42:03,310
James Webb telescope it's going up in a

955
00:42:06,330 --> 00:42:05,020
couple years maybe a couple of tearing

956
00:42:10,200 --> 00:42:06,340
the planet James Webb scope

957
00:42:12,840 --> 00:42:10,210
launches in October of 2018 twenty okay

958
00:42:14,640 --> 00:42:12,850
so next year you know now if that finds

959
00:42:16,290 --> 00:42:14,650
anything if that oversee basically

960
00:42:18,210 --> 00:42:16,300
you're looking for small coming out of

961
00:42:20,849 --> 00:42:18,220
smokestacks or something they find

962
00:42:22,800 --> 00:42:20,859
something then and you know if you find

963
00:42:26,760 --> 00:42:22,810

one you can find millions porta journeys

964

00:42:32,099 --> 00:42:26,770

out there okay what do the scientists

965

00:42:34,710 --> 00:42:32,109

say say Mary Joyce who was on your show

966

00:42:37,410 --> 00:42:34,720

a few weeks ago yes and talked about the

967

00:42:41,820 --> 00:42:37,420

railroad tracks on the moon and where on

968

00:42:44,130 --> 00:42:41,830

the unmarked metallic-looking what what

969

00:42:45,270 --> 00:42:44,140

is scientists say that is well I don't

970

00:42:47,070 --> 00:42:45,280

know I don't think there's people have

971

00:42:49,260 --> 00:42:47,080

lived more labs basically you know

972

00:42:50,279 --> 00:42:49,270

looking into that they're you know the

973

00:42:52,319 --> 00:42:50,289

people who who

974

00:42:54,509 --> 00:42:52,329

least have time on the Hubble telescope

975

00:42:57,179 --> 00:42:54,519

you've got to be up in the food chain of

976

00:42:59,159 --> 00:42:57,189

the you know astronomers world I'm

977

00:43:01,499 --> 00:42:59,169

assuming right to get time on that thing

978

00:43:05,370 --> 00:43:01,509

so they must be let's say a little more

979

00:43:06,900 --> 00:43:05,380

serious in what they do so that really

980

00:43:08,999 --> 00:43:06,910

did look like a railroad track demise

981

00:43:10,650 --> 00:43:09,009

maybe if they see a train on it maybe

982

00:43:12,809 --> 00:43:10,660

they'll look at a train and like I say

983

00:43:15,749 --> 00:43:12,819

an MBTA train and I'll strike

984

00:43:19,559 --> 00:43:15,759

stopping for directions this is the

985

00:43:23,159 --> 00:43:19,569

botany report train it's not here there

986

00:43:26,489 --> 00:43:23,169

are no train no sticks ein at the gate

987

00:43:35,400 --> 00:43:26,499

no trains you know you can't get to Mars

988

00:43:37,469 --> 00:43:35,410

from here I was talking to a guy down

989

00:43:42,569 --> 00:43:37,479

there recently is it so where's the

990

00:43:46,199 --> 00:43:42,579

train it's waiting for grant to get his

991

00:43:47,339 --> 00:43:46,209

final no cars in the parking lot I was

992

00:43:49,650 --> 00:43:47,349

wondering what the heck was going on

993

00:43:53,400 --> 00:43:49,660

wait but Thomas Jeff's didn't attack but

994

00:43:55,739 --> 00:43:53,410

yes everyone always just thinks they

995

00:43:57,239 --> 00:43:55,749

just late again you know like three

996

00:44:01,049 --> 00:43:57,249

weeks anyway

997

00:44:04,109 --> 00:44:01,059

this is the Boston show you gotta come

998

00:44:06,359 --> 00:44:04,119

up here to appreciate it you really do

999

00:44:09,149 --> 00:44:06,369

so Bab so so you were you were you were

1000

00:44:11,630 --> 00:44:09,159

bugging Albert okay and did he ever come

1001
00:44:14,640 --> 00:44:11,640
to any kind of final thing to tell us

1002
00:44:17,309 --> 00:44:14,650
well he he kind of did he was talking

1003
00:44:19,499 --> 00:44:17,319
about what the possibility of what you

1004
00:44:24,419 --> 00:44:19,509
were talking about but this is a this is

1005
00:44:26,009 --> 00:44:24,429
a body that was not it's not a you know

1006
00:44:29,809 --> 00:44:26,019
what the word would be natural you know

1007
00:44:36,329 --> 00:44:29,819
like them like okay it's not celestial

1008
00:44:39,809 --> 00:44:36,339
yes that it was and it's not man-made it

1009
00:44:42,299 --> 00:44:39,819
could very well be constructed from you

1010
00:44:44,159 --> 00:44:42,309
know a UFO that's constructed with

1011
00:44:46,890 --> 00:44:44,169
materials that we act differently to

1012
00:44:50,669 --> 00:44:46,900
light hmm yep which is why it's

1013
00:44:51,959 --> 00:44:50,679

difficult to pick up yep yep yeah you

1014

00:44:53,609 --> 00:44:51,969

know because they have things even so

1015

00:44:57,239 --> 00:44:53,619

this is your theory or so Albert's

1016

00:45:00,769 --> 00:44:57,249

theory let me ask a question when you

1017

00:45:03,540 --> 00:45:00,779

when you contact Albert for these like

1018

00:45:04,740 --> 00:45:03,550

off-the-cuff musing [h__\h]

1019

00:45:06,360 --> 00:45:04,750

planes of people that if they don't

1020

00:45:08,010 --> 00:45:06,370

haven't heard about me before she has

1021

00:45:09,720 --> 00:45:08,020

the ability to talk to talk to people

1022

00:45:11,520 --> 00:45:09,730

famous people from beyond right

1023

00:45:14,040 --> 00:45:11,530

communicate with them beyond the group

1024

00:45:18,510 --> 00:45:14,050

maybe Barbara could share her website

1025

00:45:20,760 --> 00:45:18,520

with our listeners which are Oh party of

1026

00:45:23,820 --> 00:45:20,770

12.com we'll get you to my Albert

1027

00:45:29,910 --> 00:45:23,830

Einstein website but Barbara with comm

1028

00:45:32,850 --> 00:45:29,920

WI th will get you to all of me and if

1029

00:45:34,230 --> 00:45:32,860

you have any kind of not nice news we

1030

00:45:36,480 --> 00:45:34,240

want you to send it to Barbara worth

1031

00:45:39,240 --> 00:45:36,490

dodge cos the other person that Mac

1032

00:45:41,430 --> 00:45:39,250

always talks about okay cool good cool I

1033

00:45:43,590 --> 00:45:41,440

want you back you know please go to

1034

00:45:45,810 --> 00:45:43,600

Barbara with that calm yes one more

1035

00:45:48,990 --> 00:45:45,820

question Barbara before we get off track

1036

00:45:50,760 --> 00:45:49,000

completely is when you contact Albert

1037

00:45:53,430 --> 00:45:50,770

would these be the tracks on Mars that

1038

00:45:55,740 --> 00:45:53,440

you're referring to that's right I mean

1039

00:45:57,690 --> 00:45:55,750

you will you contact Albert does he ever

1040

00:46:08,970 --> 00:45:57,700

put you on hold because another psychic

1041

00:46:10,290 --> 00:46:08,980

was talking to ego he hits the wall you

1042

00:46:13,020 --> 00:46:10,300

have to get in line is there a waiting

1043

00:46:20,700 --> 00:46:13,030

room or does he put them on hold to talk

1044

00:46:23,610 --> 00:46:20,710

to you to talk to you yes why give us

1045

00:46:26,550 --> 00:46:23,620

clues Thomas why because when he first

1046

00:46:28,770 --> 00:46:26,560

started talking through me and I started

1047

00:46:32,040 --> 00:46:28,780

channeling and he told me and my

1048

00:46:35,810 --> 00:46:32,050

associates Kim and Teresa that he had a

1049

00:46:39,170 --> 00:46:35,820

theory that he wanted to test about

1050

00:46:43,440 --> 00:46:39,180

changing a kind of a revolutionary new

1051
00:46:45,690 --> 00:46:43,450
world view of the human okay so he and

1052
00:46:49,050 --> 00:46:45,700
how to resolve conflict that was his big

1053
00:46:51,990 --> 00:46:49,060
thing and so he needed he needed some

1054
00:46:54,630 --> 00:46:52,000
people to test out his theory and we did

1055
00:46:57,510 --> 00:46:54,640
it for him prove his theory was correct

1056
00:46:59,970 --> 00:46:57,520
okay so I think that it kind of endeared

1057
00:47:03,300 --> 00:46:59,980
it endeared me to him of course writing

1058
00:47:06,180 --> 00:47:03,310
the books in such in-depth language and

1059
00:47:07,890 --> 00:47:06,190
representing him right that gave him a

1060
00:47:09,630 --> 00:47:07,900
lot of publicity and shows thread like

1061
00:47:10,860 --> 00:47:09,640
he needed he got some street cred

1062
00:47:12,570 --> 00:47:10,870
there's no doubt abundantly

1063
00:47:14,750 --> 00:47:12,580

did he has he ever made a suggestive

1064

00:47:19,520 --> 00:47:14,760

remark to you from beyond the grave

1065

00:47:22,250 --> 00:47:19,530

well I have to say that it it's it's

1066

00:47:27,470 --> 00:47:22,260

always in good taste so all right

1067

00:47:33,530 --> 00:47:27,480

tell us he's just very fond but we

1068

00:47:35,450 --> 00:47:33,540

weren't tuning it tastes good but but

1069

00:47:37,370 --> 00:47:35,460

but just it just give us the flavor of

1070

00:47:40,070 --> 00:47:37,380

what he said to you that made you feel

1071

00:47:43,300 --> 00:47:40,080

that he was you know coming on to you a

1072

00:47:46,790 --> 00:47:43,310

little bit oh I think it's just a little

1073

00:47:51,440 --> 00:47:46,800

flirtatious tone perhaps and how he

1074

00:47:53,720 --> 00:47:51,450

delivers some information and that's

1075

00:47:54,560 --> 00:47:53,730

sexy Austrian accent the face that's

1076

00:48:04,700 --> 00:47:54,570

what you think

1077

00:48:08,710 --> 00:48:04,710

and wow what happened huh yeah it's just

1078

00:48:10,940 --> 00:48:08,720

the way he says e equals M squid today

1079

00:48:13,060 --> 00:48:10,950

hey Bob RIA breaking up just a little

1080

00:48:15,800 --> 00:48:13,070

bit open again I think we missed a key

1081

00:48:18,560 --> 00:48:15,810

sentence there along the way just you

1082

00:48:21,830 --> 00:48:18,570

host rewind the tape what he said you

1083

00:48:23,690 --> 00:48:21,840

said 10 seconds you told us what he said

1084

00:48:27,050 --> 00:48:23,700

to you that seemed flirtatious the

1085

00:48:40,730 --> 00:48:27,060

quotes the actual words well I I don't

1086

00:48:48,560 --> 00:48:40,740

know if I can reach back and there was

1087

00:48:51,849 --> 00:48:48,570

the emotion of it yes of it which is how

1088

00:48:55,310 --> 00:48:51,859

he was anyway he was very late and

1089

00:48:57,620 --> 00:48:55,320

teasing and but always very much

1090

00:49:00,020 --> 00:48:57,630

gentlemen so I'm sorry he wasn't you

1091

00:49:02,420 --> 00:49:00,030

know he could do any number of things

1092

00:49:09,890 --> 00:49:02,430

with gravitational pull right right

1093

00:49:13,160 --> 00:49:09,900

right yes but he hovered around me

1094

00:49:16,070 --> 00:49:13,170

constantly oh really yes all the time

1095

00:49:19,970 --> 00:49:16,080

all the time while you were slumbering

1096

00:49:22,340 --> 00:49:19,980

oh you mean been really he was in bed

1097

00:49:24,710 --> 00:49:22,350

with you spiritually huh

1098

00:49:27,830 --> 00:49:24,720

why is she waking up again I don't know

1099

00:49:28,490 --> 00:49:27,840

every time he gets down in just down to

1100

00:49:35,600 --> 00:49:28,500

the details

1101
00:49:36,440 --> 00:49:35,610
start breaking up please okay yeah no I

1102
00:49:40,250 --> 00:49:36,450
was asleep

1103
00:49:44,960 --> 00:49:40,260
yes but then and he climbed in bed with

1104
00:49:49,910 --> 00:49:44,970
you it's only he find it I'm hearing

1105
00:49:56,090 --> 00:49:49,920
this Wow Marilyn Monroe always wanted to

1106
00:49:58,370 --> 00:49:56,100
do him Wow is your head lying baby well

1107
00:50:01,040 --> 00:49:58,380
is she going after him now since they're

1108
00:50:03,920 --> 00:50:01,050
both in the afterlife I think they

1109
00:50:06,470 --> 00:50:03,930
probably had time okay man that here

1110
00:50:07,790 --> 00:50:06,480
it's the hair it's like the hair you

1111
00:50:11,950 --> 00:50:07,800
know they go look at this guy with the

1112
00:50:15,200 --> 00:50:11,960
hair he looks like a Greenwich Village

1113
00:50:23,900 --> 00:50:15,210

poet exactly right for open mic night

1114

00:50:29,420 --> 00:50:23,910

1115

00:50:29,720 --> 00:50:29,430

thank you for bringing our show okay see

1136

00:51:32,260 --> 00:51:28,910

1137

00:51:35,450 --> 00:51:32,270

did she goes Bible with Wow

1138

00:51:37,850 --> 00:51:35,460

floating off and cutting off Westar all

1139

00:51:38,930 --> 00:51:37,860

ocean I don't know what happened there

1140

00:51:41,360 --> 00:51:38,940

thank you very much

1141

00:51:42,200 --> 00:51:41,370

well obviously Alvin don't doesn't want

1142

00:51:44,810 --> 00:51:42,210

her talking about

1143

00:51:46,460 --> 00:51:44,820

sensitive things Albert lowered the

1144

00:51:48,740 --> 00:51:46,470

bandwidth of the internet connection he

1145

00:51:51,710 --> 00:51:48,750

did he can do it he's up in heaven sir

1146

00:51:52,970 --> 00:51:51,720

about 64k Wow and she was just telling

1147

00:51:55,579 --> 00:51:52,980

how he jumped and done with her

1148

00:51:57,859 --> 00:51:55,589

spiritually and so that's it that's a

1149

00:51:59,930 --> 00:51:57,869

tease - a follow-up segment of them Oh

1150

00:52:00,380 --> 00:51:59,940

what do you think did Coco you're still

1151
00:52:03,560 --> 00:52:00,390
with us

1152
00:52:06,109 --> 00:52:03,570
Coco's processing all the data saw like

1153
00:52:08,900 --> 00:52:06,119
Coco can say right now okay perfect so

1154
00:52:10,339 --> 00:52:08,910
why don't we take a and now he's running

1155
00:52:13,130 --> 00:52:10,349
all that data through the Cray that he

1156
00:52:16,520 --> 00:52:13,140
has the bad guy he doesn't agree we will

1157
00:52:20,630 --> 00:52:16,530
my cray cray cray cray yes this is like

1158
00:52:22,250 --> 00:52:20,640
with the kids sake so we'll take an ad

1159
00:52:24,320 --> 00:52:22,260
now we'll come back with this semi

1160
00:52:25,849 --> 00:52:24,330
special about Planet Z listening to Mack

1161
00:52:28,490 --> 00:52:25,859
Molly's mill tracks I'll show here on

1162
00:52:31,670 --> 00:52:28,500
the distant Thunder radio network we'll

1163
00:52:34,220 --> 00:52:31,680

be right back after this UFOs are found

1164

00:52:37,160 --> 00:52:34,230

in Renaissance art on ancient coins and

1165

00:52:39,560 --> 00:52:37,170

etched on cave walls they are even

1166

00:52:41,690 --> 00:52:39,570

reported in the Bible but more

1167

00:52:46,099 --> 00:52:41,700

surprising is when UFOs have seen the

1168

00:52:48,200 --> 00:52:46,109

most in times of war through centuries

1169

00:52:50,660 --> 00:52:48,210

thousands of UFO sightings have been

1170

00:52:53,780 --> 00:52:50,670

made by high-ranking officials military

1171

00:52:55,820 --> 00:52:53,790

pilots and ordinary soldiers often these

1172

00:52:58,430 --> 00:52:55,830

fantastic appearances occur at the

1173

00:53:01,880 --> 00:52:58,440

height of great battles from World War

1174

00:53:04,970 --> 00:53:01,890

one to d-day to Korea Vietnam and beyond

1175

00:53:07,280 --> 00:53:04,980

military investigators are baffled why

1176
00:53:08,300 --> 00:53:07,290
do UFO sightings spike so drastically

1177
00:53:10,849 --> 00:53:08,310
during wartime

1178
00:53:14,150 --> 00:53:10,859
could it be mistaken aircraft or is

1179
00:53:17,540 --> 00:53:14,160
someone or some thing looking in on us

1180
00:53:19,160 --> 00:53:17,550
in UFOs in wartime what they didn't want

1181
00:53:21,050 --> 00:53:19,170
you to know Mac Malone II chronicles

1182
00:53:23,240 --> 00:53:21,060
centuries of these incredible sightings

1183
00:53:25,640 --> 00:53:23,250
and tries to solve the puzzle of why so

1184
00:53:29,000 --> 00:53:25,650
many UFOs are seen while Humanity is at

1185
00:53:31,760 --> 00:53:29,010
war read about the scare ships the ghost

1186
00:53:34,670 --> 00:53:31,770
planes and the ghost rockets alien

1187
00:53:37,970 --> 00:53:34,680
Giants in the jungles of Vietnam UFOs

1188
00:53:39,710 --> 00:53:37,980

controlling our ICBM bases dogfights

1189

00:53:43,880 --> 00:53:39,720

with flying saucers during the Gulf War

1190

00:53:45,950 --> 00:53:43,890

and more 300 pages of unbelievable

1191

00:53:46,609 --> 00:53:45,960

stories along with many startling

1192

00:53:48,830 --> 00:53:46,619

photographs

1193

00:53:51,380 --> 00:53:48,840

that's UFOs in wartime

1194

00:53:53,600 --> 00:53:51,390

what they didn't want you to know by Mac

1195

00:53:58,390 --> 00:53:53,610

Maloney on sale at your local bookstore

1196

00:53:58,400 --> 00:54:11,099

00:54:29,640 --> 00:54:26,499

show here on distant Thunder radio

1203

00:54:31,859 --> 00:54:29,650

network this is Mack Malone in the

1204

00:54:33,509 --> 00:54:31,869

studio with us tonight 16th week in a

1205

00:54:35,670 --> 00:54:33,519

row the very famous one was correct

1206

00:54:39,529 --> 00:54:35,680

breaking records of all time here they

1207

00:54:42,539 --> 00:54:39,539

were wrong at it 16 weeks in a row yes

1208

00:54:44,839 --> 00:54:42,549

no nothing here like I said it's just no

1209

00:54:46,650 --> 00:54:44,849

pages yeah but that might be another Joe

1210

00:54:48,870 --> 00:54:46,660

confessional there's something I'm wrong

1211

00:54:51,599 --> 00:54:48,880

no absolutely not I'm just kind of

1212

00:54:53,789 --> 00:54:51,609

trying to get enthusiastic it's a

1213

00:54:54,359 --> 00:54:53,799

baseball season Vista doesn't it's

1214

00:54:56,099 --> 00:54:54,369

playing like crap

1215

00:54:59,489 --> 00:54:56,109

baseball's the speed bump on the way the

1216

00:55:02,190 --> 00:54:59,499

football hatred starting training camp

1217

00:55:03,539 --> 00:55:02,200

next week next week maybe tomorrow maybe

1218

00:55:04,559 --> 00:55:03,549

yeah maybe boost tomorrow they've

1219

00:55:12,059 --> 00:55:04,569

already been picked by Sports

1220

00:55:13,440 --> 00:55:12,069

Illustrated have a perfect season right

1221

00:55:14,729 --> 00:55:13,450

you won't believe how many times you

1222

00:55:16,949 --> 00:55:14,739

will see that in the local media

1223

00:55:19,019 --> 00:55:16,959

everybody's beyond picking them to be in

1224

00:55:23,519 --> 00:55:19,029

the playoffs yeah yeah it's or even the

1225

00:55:27,299 --> 00:55:23,529

Super Bowl how much how much will they

1226

00:55:28,229 --> 00:55:27,309

win it and that's bad that's a lot of

1227

00:55:31,680 --> 00:55:28,239

pressure on the team

1228

00:55:32,969 --> 00:55:31,690

yeah it's not good yeah you got to have

1229

00:55:34,680 --> 00:55:32,979

a team that you know you have to win

1230

00:55:39,809 --> 00:55:34,690

it's a whole world hates us well they

1231

00:55:41,309 --> 00:55:39,819

might do it now maybe you feel like just

1232

00:55:46,859 --> 00:55:41,319

losing the first game just to get that

1233

00:55:48,959 --> 00:55:46,869

talked out of the silt or that because

1234

00:55:50,819 --> 00:55:48,969

then they'll say Brady he's getting old

1235

00:55:53,160 --> 00:55:50,829

that's what they'll say and then they'll

1236

00:55:56,339 --> 00:55:53,170

be no pressure and so I could see not

1237

00:55:58,229 --> 00:55:56,349

know you can never Street don't work

1238

00:56:00,569 --> 00:55:58,239

streaks add to the pressure you're right

1239

00:56:02,279 --> 00:56:00,579

you'd rather get rather win ten in a row

1240

00:56:04,199 --> 00:56:02,289

lose one get the blue line them get the

1241

00:56:07,079 --> 00:56:04,209

lost game out of the way and everybody

1242

00:56:08,249 --> 00:56:07,089

won't be talking about it but anyway but

1243

00:56:10,019 --> 00:56:08,259

yeah that's what they're saying

1244

00:56:15,410 --> 00:56:10,029

what's hosted it's perfect seasons yeah

1245

00:56:21,839 --> 00:56:20,400

the over-under was 45 I got it too

1246

00:56:23,510 --> 00:56:21,849

quickly tell you the story talking about

1247

00:56:26,600 --> 00:56:23,520

the odds okay

1248

00:56:29,630 --> 00:56:26,610

all right if you go back and remember

1249

00:56:31,970 --> 00:56:29,640

the first show that we picked that Lois

1250

00:56:33,680 --> 00:56:31,980

Lane picked the winners two for the free

1251
00:56:36,170 --> 00:56:33,690
book okay we've been our first show in

1252
00:56:37,460 --> 00:56:36,180
June one of the guys we're all kind of

1253
00:56:39,140 --> 00:56:37,470
surprised at turned out here some North

1254
00:56:41,330 --> 00:56:39,150
Reading mass which is kind of near where

1255
00:56:46,310 --> 00:56:41,340
we broadcast the show that's right

1256
00:56:48,050 --> 00:56:46,320
so anyway the books went out and he

1257
00:56:50,870 --> 00:56:48,060
probably doesn't want me to give his

1258
00:56:58,730 --> 00:56:50,880
name right now but maybe well his name

1259
00:57:01,040 --> 00:56:58,740
is Barry Keith and what's this address

1260
00:57:03,680 --> 00:57:01,050
yes

1261
00:57:05,330 --> 00:57:03,690
anyway so he wrote to me and said I got

1262
00:57:08,090 --> 00:57:05,340
the free book and so on and so forth and

1263
00:57:10,760 --> 00:57:08,100

he said is there any chance that Phil

1264

00:57:14,060 --> 00:57:10,770

Yabba is some Everett Phil yeah but the

1265

00:57:16,280 --> 00:57:14,070

UFO comedian yeah and I said I write

1266

00:57:18,620 --> 00:57:16,290

back time and I said yeah he's from

1267

00:57:21,320 --> 00:57:18,630

every he goes I grew up in one Street

1268

00:57:23,720 --> 00:57:21,330

over from him okay about that for a

1269

00:57:25,010 --> 00:57:23,730

second how's that possible well you know

1270

00:57:26,720 --> 00:57:25,020

the fact that they were close to each

1271

00:57:30,349 --> 00:57:26,730

other okay that's fine but this guy he

1272

00:57:31,820 --> 00:57:30,359

could have been from Walla Walla you

1273

00:57:33,620 --> 00:57:31,830

know if your experience in Everett you

1274

00:57:35,660 --> 00:57:33,630

know they have a specific unique accent

1275

00:57:39,490 --> 00:57:35,670

don't they do they can you do it first I

1276

00:57:42,590 --> 00:57:39,500

I can't do any more no can do it first

1277

00:57:44,930 --> 00:57:42,600

sorry from across the line decision to

1278

00:57:46,880 --> 00:57:44,940

the Everett accent this is the I'm in

1279

00:57:47,990 --> 00:57:46,890

Cambridge but I lived in Charlestown

1280

00:57:50,630 --> 00:57:48,000

just on the weekend

1281

00:57:51,430 --> 00:57:50,640

you're just a cosmopolitan man right

1282

00:57:54,050 --> 00:57:51,440

yeah

1283

00:57:56,450 --> 00:57:54,060

to it all your same charge kind of guy

1284

00:57:58,760 --> 00:57:56,460

last week you say he ruled chows down on

1285

00:58:00,080 --> 00:57:58,770

the weekend that's right I was right off

1286

00:58:01,700 --> 00:58:00,090

Bunker Hill I mean they knew where the

1287

00:58:04,250 --> 00:58:01,710

action was there you go up and down the

1288

00:58:07,130 --> 00:58:04,260

hill hmm Wow up to the monument yeah

1289

00:58:09,230 --> 00:58:07,140

really yeah young people would be

1290

00:58:11,359 --> 00:58:09,240

selling stuff great pizza place up hill

1291

00:58:14,870 --> 00:58:11,369

really up on top of the morning that was

1292

00:58:16,630 --> 00:58:14,880

a clever my name is in monument pizza it

1293

00:58:19,250 --> 00:58:16,640

is across the street

1294

00:58:22,310 --> 00:58:19,260

was there a bad word in there I don't

1295

00:58:23,660 --> 00:58:22,320

know don't worry Jessica mean I never

1296

00:58:26,810 --> 00:58:23,670

did make it to the top of the monument

1297

00:58:28,670 --> 00:58:26,820

know she's gonna be picking out the

1298

00:58:31,040 --> 00:58:28,680

anchor for his yacht when he gets in

1299

00:58:33,260 --> 00:58:31,050

this show you climb the top of that one

1300

00:58:36,350 --> 00:58:33,270

and I can see is Chelsea dude

1301
00:58:39,560 --> 00:58:36,360
NoHo it didn't have an appeal to me only

1302
00:58:42,530 --> 00:58:39,570
maybe on that exercise oh but you hit

1303
00:58:45,230 --> 00:58:42,540
you have two rim shots a show I would

1304
00:58:47,150 --> 00:58:45,240
have put one in there hmm

1305
00:58:50,470 --> 00:58:47,160
what because Chelsea wasn't worth his

1306
00:58:53,480 --> 00:58:50,480
view I just Ollie said all I said was

1307
00:58:55,220 --> 00:58:53,490
all you get to see is Chelsea I wonder

1308
00:58:57,650 --> 00:58:55,230
the advisement a legal counsel not to

1309
00:58:59,150 --> 00:58:57,660
use my rim shots tell me I don't think

1310
00:59:03,620 --> 00:58:59,160
that sent this has never been spoken

1311
00:59:05,030 --> 00:59:03,630
over anyway so yeah it's just kind of

1312
00:59:06,410 --> 00:59:05,040
weird you know I mean he could have been

1313
00:59:08,270 --> 00:59:06,420

anyone if his name out of the fish

1314

00:59:10,160 --> 00:59:08,280

better riot could have been any tents

1315

00:59:11,660 --> 00:59:10,170

out he's next door neighbors and good

1316

00:59:14,840 --> 00:59:11,670

friends would it sounds very much like

1317

00:59:16,400 --> 00:59:14,850

an inside job to me this is all starting

1318

00:59:19,730 --> 00:59:16,410

to sound very much like there was like

1319

00:59:25,340 --> 00:59:19,740

only one or two names in the fishbowl a

1320

00:59:26,840 --> 00:59:25,350

man is there Cobra I can certify one

1321

00:59:28,700 --> 00:59:26,850

thing an eyewitness to every drawing

1322

00:59:32,630 --> 00:59:28,710

right there it was there like a half of

1323

00:59:35,270 --> 00:59:32,640

fish well if there is well for this one

1324

00:59:37,640 --> 00:59:35,280

in particular I have photographs of it

1325

00:59:39,260 --> 00:59:37,650

if you remember correctly I always I

1326
00:59:40,700 --> 00:59:39,270
always know which one I always remember

1327
00:59:42,200 --> 00:59:40,710
correctly when you're here don't blue

1328
00:59:44,810 --> 00:59:42,210
cheese and the crackers right is that

1329
00:59:47,600 --> 00:59:44,820
the one you know that they might not

1330
00:59:54,290 --> 00:59:47,610
have been a real contestant take cheese

1331
00:59:56,960 --> 00:59:54,300
in the crackers that's correct the

1332
00:59:58,640 --> 00:59:56,970
authenticity of that entrant Oh anyway

1333
01:00:00,500 --> 00:59:58,650
we can't help it the fishbowl got hacked

1334
01:00:02,270 --> 01:00:00,510
it seems like a double voting kind of

1335
01:00:03,890 --> 01:00:02,280
thing going on to me no everything was

1336
01:00:06,110 --> 01:00:03,900
on the up and up it was certified by

1337
01:00:07,820 --> 01:00:06,120
that law firm which certifies all these

1338
01:00:10,400 --> 01:00:07,830

constants how about teamwork and then

1339

01:00:15,940 --> 01:00:10,410

yeah he's ready he's ragging on the bit

1340

01:00:19,550 --> 01:00:15,950

if the ship yeah hmm Thank You Coco

1341

01:00:21,620 --> 01:00:19,560

anyway on the phone with us down in the

1342

01:00:25,400 --> 01:00:21,630

happy place Dallas if he's still there

1343

01:00:27,260 --> 01:00:25,410

yes he has been shot the recap of the

1344

01:00:30,830 --> 01:00:27,270

world may be out of beam up president

1345

01:00:33,290 --> 01:00:30,840

indeed a note to that to Rob Beck house

1346

01:00:35,450 --> 01:00:33,300

where I was born in the best military

1347

01:00:37,550 --> 01:00:35,460

writing on the internet and one one they

1348

01:00:41,120 --> 01:00:37,560

are gonna be doing a huge story on us

1349

01:00:42,950 --> 01:00:41,130

very soon yes Robbie all done how you

1350

01:00:45,500 --> 01:00:42,960

1351
01:00:46,700 --> 01:00:45,510
happening I'm pretty good I'm drinking

1352
01:00:49,280 --> 01:00:46,710
my coffee and

1353
01:00:51,470 --> 01:00:49,290
gonna talk about some the cheap copier

1354
01:00:53,720 --> 01:00:51,480
you're listening to love advice with

1355
01:00:55,579 --> 01:00:53,730
Leanne caller you're on the air

1356
01:00:58,400 --> 01:00:55,589
hi Leanne longtime listener first-time

1357
01:01:00,740 --> 01:00:58,410
caller why in your professional opinion

1358
01:01:01,790 --> 01:01:00,750
do you never take my calls off the air

1359
01:01:04,460 --> 01:01:01,800
is this Carl

1360
01:01:07,220 --> 01:01:04,470
yep it's Carl we had a few dates

1361
01:01:09,800 --> 01:01:07,230
everything was great I thought well you

1362
01:01:11,329 --> 01:01:09,810
know when you switch to Geico

1363
01:01:13,820 --> 01:01:11,339

you could save a lot of money on car

1364

01:01:16,940 --> 01:01:13,830

insurance okay awesome you should call

1365

01:01:18,859 --> 01:01:16,950

them I will Geico because saving 15% or

1366

01:01:21,349 --> 01:01:18,869

more on car insurance is always a great

1367

01:01:24,650 --> 01:01:21,359

answer afternoon coffee still get the

1368

01:01:26,870 --> 01:01:24,660

hundred pounds of coffee at once yeah i

1369

01:01:30,560 --> 01:01:26,880

buy i buy some pretty like a bulk stuff

1370

01:01:32,510 --> 01:01:30,570

so bulk stuff Wow

1371

01:01:36,760 --> 01:01:32,520

I drink a lot yeah drink a lot of coffee

1372

01:01:44,150 --> 01:01:36,770

Wow really that good for you man you put

1373

01:01:46,040 --> 01:01:44,160

no regular straight caffeine man it does

1374

01:01:47,599 --> 01:01:46,050

a job on me I know and I know people

1375

01:01:49,670 --> 01:01:47,609

well if you look at some of the latest

1376

01:01:51,680 --> 01:01:49,680

studies going back to a few years yes

1377

01:01:52,400 --> 01:01:51,690

not sponsored by the coffee Growers

1378

01:01:54,589 --> 01:01:52,410

Association

1379

01:01:56,089 --> 01:01:54,599

all right it's almost like a health food

1380

01:01:58,880 --> 01:01:56,099

I keep printing these out it goes out so

1381

01:02:00,890 --> 01:01:58,890

now mrs. JJ could no I'm mostly in that

1382

01:02:02,990 --> 01:02:00,900

yeah I mean I could because they've read

1383

01:02:04,940 --> 01:02:03,000

over the years that you know they can't

1384

01:02:06,500 --> 01:02:04,950

all be untrue I generated by the coffee

1385

01:02:08,810 --> 01:02:06,510

in this beef that it's good for you you

1386

01:02:14,060 --> 01:02:08,820

know it's it's the big one for me is

1387

01:02:14,990 --> 01:02:14,070

that it would slow or prevent the onset

1388

01:02:18,050 --> 01:02:15,000

of Alzheimer's

1389

01:02:22,010 --> 01:02:18,060

I like that what you say it like that

1390

01:02:24,400 --> 01:02:22,020

but it slows down or may prevent the

1391

01:02:30,980 --> 01:02:24,410

onset of Alzheimer's disease

1392

01:02:32,630 --> 01:02:30,990

there was one do it we could get the

1393

01:02:35,000 --> 01:02:32,640

cure for it that has got the meat of

1394

01:02:36,620 --> 01:02:35,010

disease that's right that is absolutely

1395

01:02:38,630 --> 01:02:36,630

the most horrible disease you could

1396

01:02:39,859 --> 01:02:38,640

possibly deal with well I would say in

1397

01:02:41,270 --> 01:02:39,869

the south by the way that drinking

1398

01:02:43,400 --> 01:02:41,280

coffee in the morning is also preferable

1399

01:02:46,120 --> 01:02:43,410

to drinking coke this is a absolutely

1400

01:02:48,349 --> 01:02:46,130

that's a very that's a very southern

1401

01:02:49,839 --> 01:02:48,359

yeah and there were people in the Dinah

1402

01:02:51,829 --> 01:02:49,849

they were drinking coke with their eggs

1403

01:02:55,609 --> 01:02:51,839

I'll do it every once in a while it's

1404

01:02:57,710 --> 01:02:55,619

it's having a nice cough I tell you

1405

01:02:58,830 --> 01:02:57,720

where you do it because you have to it's

1406

01:03:02,520 --> 01:02:58,840

in Atlanta

1407

01:03:04,740 --> 01:03:02,530

yeah yeah but it's also kind of an eye

1408

01:03:06,930 --> 01:03:04,750

shot of the coca-cola museum down there

1409

01:03:08,490 --> 01:03:06,940

which is fantastic did they yeah did

1410

01:03:10,380 --> 01:03:08,500

they'd serve grits is just like a

1411

01:03:14,940 --> 01:03:10,390

regular side they had down and down with

1412

01:03:17,220 --> 01:03:14,950

grits sure yeah yeah I love grits me too

1413

01:03:24,090 --> 01:03:17,230

they've named they think it the perfect

1414

01:03:26,280 --> 01:03:24,100

name because they get it's really smooth

1415

01:03:29,820 --> 01:03:26,290

it's smooth if it's cooked correctly

1416

01:03:31,950 --> 01:03:29,830

gokyo dente not like that grits yeah

1417

01:03:33,480 --> 01:03:31,960

yeah you doctor it up with all kinds of

1418

01:03:36,120 --> 01:03:33,490

neat things it doesn't it doesn't taste

1419

01:03:38,910 --> 01:03:36,130

like like cream of wheat is not that I

1420

01:03:41,780 --> 01:03:38,920

like cream of wheat to him eaten so well

1421

01:03:45,990 --> 01:03:41,790

I was gonna calmly have an interesting

1422

01:03:49,560 --> 01:03:46,000

story about Dallas by the way okay could

1423

01:03:52,560 --> 01:03:49,570

be interesting about Dallas Cowboys

1424

01:03:55,620 --> 01:03:52,570

Cheerleaders yeah

1425

01:03:58,800 --> 01:03:55,630

well it's interesting to me I find it

1426

01:04:04,730 --> 01:03:58,810

interesting but the city so this year is

1427

01:04:10,170 --> 01:04:08,220

it's fantastic Dallas the Dallas Police

1428

01:04:15,290 --> 01:04:10,180

Department they use that robot bomb to

1429

01:04:17,550 --> 01:04:15,300

take out this yeah op killer yeah yep

1430

01:04:18,990 --> 01:04:17,560

what was also interesting about Robocop

1431

01:04:21,980 --> 01:04:19,000

is that a lot of people you know

1432

01:04:23,880 --> 01:04:21,990

cinephiles and movie people here have a

1433

01:04:25,500 --> 01:04:23,890

attachment to that movie because it was

1434

01:04:28,020 --> 01:04:25,510

it took place in Detroit but it was

1435

01:04:29,220 --> 01:04:28,030

filmed in Dallas really yeah like yeah

1436

01:04:31,740 --> 01:04:29,230

because it was supposed to be this like

1437

01:04:33,780 --> 01:04:31,750

you know future neo right just being

1438

01:04:35,790 --> 01:04:33,790

kind of yeah but when when Dallas be

1439

01:04:37,380 --> 01:04:35,800

much more fun as that is the crummy old

1440

01:04:39,540 --> 01:04:37,390

Detroit imagine things being really

1441

01:04:41,940 --> 01:04:39,550

crazy and Dallas people running around

1442

01:04:50,970 --> 01:04:41,950

you know but Detroit would be blowing

1443

01:04:52,590 --> 01:04:50,980

the look the buildings and so on you see

1444

01:04:55,280 --> 01:04:52,600

it in the background it's it's a lot of

1445

01:04:57,720 --> 01:04:55,290

Gyan it's this ferry so all of these

1446

01:04:59,250 --> 01:04:57,730

dystopian sci-fi movies and films here

1447

01:05:01,350 --> 01:04:59,260

you know Logan's run this in the

1448

01:05:03,720 --> 01:05:01,360

seventies where everybody lives in this

1449

01:05:06,390 --> 01:05:03,730

in like at the other great movie yeah

1450

01:05:08,280 --> 01:05:06,400

yeah great great movie they they once

1451
01:05:10,060 --> 01:05:08,290
you turn 30 they vaporize you you know

1452
01:05:18,610 --> 01:05:10,070
yeah

1453
01:05:19,030 --> 01:05:18,620
think they're gonna be um celebration

1454
01:05:20,440 --> 01:05:19,040
ups

1455
01:05:22,420 --> 01:05:20,450
yeah celebrating and they're gonna

1456
01:05:23,200 --> 01:05:22,430
broadcast the movie projects on the side

1457
01:05:26,980 --> 01:05:23,210
of City Hall

1458
01:05:28,990 --> 01:05:26,990
oh you know it's this brutalist concrete

1459
01:05:30,550 --> 01:05:29,000
building is used as the corporate

1460
01:05:32,260 --> 01:05:30,560
headquarters in the movie so it's gonna

1461
01:05:39,370 --> 01:05:32,270
be married they won't be getting trouble

1462
01:05:42,090 --> 01:05:39,380
there it's a violent movies confusing to

1463
01:05:45,010 --> 01:05:42,100

the axillary when the sound effects

1464

01:05:46,270 --> 01:05:45,020

small arms and larger caliber weapons

1465

01:05:49,020 --> 01:05:46,280

are fired in the movie to what's

1466

01:05:51,970 --> 01:05:49,030

actually going on

1467

01:05:57,100 --> 01:05:51,980

will they be notices you know to help

1468

01:05:58,630 --> 01:05:57,110

people and also you know it's gonna be

1469

01:05:59,830 --> 01:05:58,640

right in downtown and so there's all

1470

01:06:02,050 --> 01:05:59,840

these tall buildings that's so the

1471

01:06:06,190 --> 01:06:02,060

echoing you know I'll tell ya alright

1472

01:06:08,290 --> 01:06:06,200

but when Adam when Adam West died hmm

1473

01:06:11,080 --> 01:06:08,300

they had an outdoor vigil for him and

1474

01:06:12,760 --> 01:06:11,090

and the Mayor was there and yeah and

1475

01:06:19,150 --> 01:06:12,770

they put some bats and they put the bat

1476

01:06:20,890 --> 01:06:19,160

see up on the top it was just and I said

1477

01:06:23,020 --> 01:06:20,900

wow these people are actually doing this

1478

01:06:24,490 --> 01:06:23,030

they're actually buying into this I felt

1479

01:06:26,290 --> 01:06:24,500

so good about that it was incredible

1480

01:06:28,150 --> 01:06:26,300

one way to go man that was very cool

1481

01:06:29,800 --> 01:06:28,160

anyway weren't your name in lights

1482

01:06:31,720 --> 01:06:29,810

that's the way to get it now this was

1483

01:06:33,400 --> 01:06:31,730

the first row how many Robocop movies

1484

01:06:34,930 --> 01:06:33,410

were that another at least true cuz I

1485

01:06:36,310 --> 01:06:34,940

saw the second one there's no way as

1486

01:06:36,970 --> 01:06:36,320

good as the first one the first was

1487

01:06:39,280 --> 01:06:36,980

really good

1488

01:06:41,890 --> 01:06:39,290

I'm a Robocop guy so there was four

1489

01:06:43,500 --> 01:06:41,900

really see yeah there was a lot of them

1490

01:06:45,790 --> 01:06:43,510

and then there I mean a lot you know

1491

01:06:48,910 --> 01:06:45,800

Peter Weller was only in the first two

1492

01:06:51,400 --> 01:06:48,920

correct I think you might be right yeah

1493

01:06:53,230 --> 01:06:51,410

I think he was in the sequel there three

1494

01:06:55,180 --> 01:06:53,240

or four and it was amusing the first two

1495

01:06:57,970 --> 01:06:55,190

and then he didn't make the last two the

1496

01:07:00,520 --> 01:06:57,980

last two I thought were were you know a

1497

01:07:02,320 --> 01:07:00,530

typical Shammi ripoff Robocop goes to

1498

01:07:04,900 --> 01:07:02,330

Japan

1499

01:07:07,270 --> 01:07:04,910

Robocop in space Robocop in space was

1500

01:07:09,490 --> 01:07:07,280

number three because the first one was

1501
01:07:11,020 --> 01:07:09,500
really good because does the other show

1502
01:07:13,300 --> 01:07:11,030
his face in that movie I don't think oh

1503
01:07:15,190 --> 01:07:13,310
yeah doesn't really face yeah cuz he has

1504
01:07:16,290 --> 01:07:15,200
to be fed the baby food and she takes

1505
01:07:18,910 --> 01:07:16,300
okay

1506
01:07:21,609 --> 01:07:18,920
I'd screws the bolt that holds the whole

1507
01:07:25,130 --> 01:07:21,619
assemble its ailment assembly yeah

1508
01:07:26,630 --> 01:07:25,140
final note on this by the way Dallas

1509
01:07:28,760 --> 01:07:26,640
just recently hired a new police chief

1510
01:07:31,490 --> 01:07:28,770
David around got a lot of attention

1511
01:07:32,750 --> 01:07:31,500
after the a sniper attack uh-huh he

1512
01:07:34,490 --> 01:07:32,760
retired shortly after that and they

1513
01:07:37,370 --> 01:07:34,500

hired a new police chief who is from

1514

01:07:40,670 --> 01:07:37,380

Detroit that's the first woman to take

1515

01:07:42,680 --> 01:07:40,680

the helm in in your fair city isn't it

1516

01:07:44,900 --> 01:07:42,690

yeah yeah that's correct

1517

01:07:47,660 --> 01:07:44,910

well well can I just ask a question yet

1518

01:07:50,720 --> 01:07:47,670

because I know I'm the product of Boston

1519

01:07:53,180 --> 01:07:50,730

education so don't expect much right but

1520

01:07:55,850 --> 01:07:53,190

doesn't it make sense oh it doesn't make

1521

01:07:57,650 --> 01:07:55,860

a lot of nonsense to give the police

1522

01:07:59,180 --> 01:07:57,660

chief's job of Dallas to someone who's

1523

01:08:02,810 --> 01:07:59,190

from Detroit when you went to MIT from

1524

01:08:05,690 --> 01:08:02,820

Dallas who knows the city to be a police

1525

01:08:07,700 --> 01:08:05,700

I would think so but that didn't the

1526

01:08:10,010 --> 01:08:07,710

police you know there was discussion

1527

01:08:11,960 --> 01:08:10,020

about you know whether you know well

1528

01:08:13,730 --> 01:08:11,970

also you have the police union as well

1529

01:08:15,109 --> 01:08:13,740

and so there's internal politics

1530

01:08:17,510 --> 01:08:15,119

involved you know they're gonna hire

1531

01:08:19,400 --> 01:08:17,520

somebody from outside that the city yeah

1532

01:08:21,289 --> 01:08:19,410

but I'll can't comment on the internal

1533

01:08:23,930 --> 01:08:21,299

kind of workings of these police

1534

01:08:26,390 --> 01:08:23,940

departments going in theory these days

1535

01:08:31,550 --> 01:08:26,400

is this is a way to help break

1536

01:08:33,140 --> 01:08:31,560

corruption what's the money the police

1537

01:08:41,410 --> 01:08:33,150

chief from Boston went to LA right yeah

1538

01:08:47,900 --> 01:08:43,970

nginx recovering from a shoulder

1539

01:08:50,870 --> 01:08:47,910

operation by the way yeah he had a scope

1540

01:08:52,370 --> 01:08:50,880

shoulder couple weeks ago yeah I talked

1541

01:08:54,640 --> 01:08:52,380

to me he said all the doctors and all

1542

01:08:56,300 --> 01:08:54,650

the nurses are just using one term

1543

01:09:01,700 --> 01:08:56,310

miraculous recovery

1544

01:09:03,829 --> 01:09:01,710

yeah he's lifting weights God yeah he'll

1545

01:09:08,260 --> 01:09:03,839

be jumping off high buildings ever since

1546

01:09:13,820 --> 01:09:08,270

pounce and anyway so quite the specimen

1547

01:09:15,380 --> 01:09:13,830

yes so tell us so when's that Robocop

1548

01:09:17,809 --> 01:09:15,390

celebration that did happen already oh

1549

01:09:19,160 --> 01:09:17,819

yeah coming up please but the

1550

01:09:20,809 --> 01:09:19,170

celebrations could be coming up in

1551

01:09:24,800 --> 01:09:20,819

September but the anniversary has

1552

01:09:30,920 --> 01:09:24,810

already passed I'll be on YouTube Peter

1553

01:09:32,690 --> 01:09:30,930

Weller is gonna be there if you were in

1554

01:09:34,729 --> 01:09:32,700

a room somewhere and looking down on it

1555

01:09:35,920 --> 01:09:34,739

then I think it'd be okay

1556

01:09:38,329 --> 01:09:35,930

I would not want to be in the crowd

1557

01:09:40,640 --> 01:09:38,339

frankly you know you never know what's

1558

01:09:42,590 --> 01:09:40,650

gonna happen these guys a lot of them

1559

01:09:44,900 --> 01:09:42,600

have been watching Robocop for the past

1560

01:09:47,870 --> 01:09:44,910

20 years 24 hours a day they might think

1561

01:09:50,559 --> 01:09:47,880

they're Robocop don't know it's mother

1562

01:09:54,050 --> 01:09:50,569

daddy when my daughters were young I

1563

01:09:57,800 --> 01:09:54,060

rented Robocop and Terminator for one

1564

01:09:59,750 --> 01:09:57,810

night and it was a bad move because

1565

01:10:03,530 --> 01:09:59,760

they're more scared of Terminator than

1566

01:10:06,080 --> 01:10:03,540

they were yeah I think I think this is

1567

01:10:08,780 --> 01:10:06,090

one one always says remember when you

1568

01:10:10,220 --> 01:10:08,790

did that sir was three and I was eight

1569

01:10:15,560 --> 01:10:10,230

yeah and you went to say you're not

1570

01:10:21,830 --> 01:10:15,570

getting the greatest daddy shirt action

1571

01:10:23,540 --> 01:10:21,840

movies I got the same complaint what's

1572

01:10:24,590 --> 01:10:23,550

the bet what's the better movie is what

1573

01:10:28,370 --> 01:10:24,600

I'm saying

1574

01:10:30,620 --> 01:10:28,380

I like Terminator better you know scare

1575

01:10:32,110 --> 01:10:30,630

the hell because it seemed like you it

1576

01:10:36,100 --> 01:10:32,120

could really happen

1577

01:10:39,740 --> 01:10:36,110

really yeah other than a robotic cop not

1578

01:10:42,709 --> 01:10:39,750

too far-fetched with the problem with

1579

01:10:45,140 --> 01:10:42,719

time travel I would say that where we

1580

01:10:48,380 --> 01:10:45,150

are right now the chances that Robocop

1581

01:10:51,140 --> 01:10:48,390

can it can occur is versus Terminator I

1582

01:10:53,030 --> 01:10:51,150

say Robocop is closing and the political

1583

01:10:54,160 --> 01:10:53,040

digs that they threw in there everybody

1584

01:10:58,520 --> 01:10:54,170

came

1585

01:11:00,050 --> 01:10:58,530

Lee Iacocca elementary school the Star

1586

01:11:02,240 --> 01:11:00,060

Wars device that went off and killed

1587

01:11:04,070 --> 01:11:02,250

like three retired presidents when it

1588

01:11:05,870 --> 01:11:04,080

hit Santa Barbara I mean it was that

1589

01:11:07,600 --> 01:11:05,880

there's classic crap they made fun of

1590

01:11:11,000 --> 01:11:07,610

the news people and that would be

1591

01:11:13,790 --> 01:11:11,010

exquisitely exactly yeah that's no sane

1592

01:11:15,920 --> 01:11:13,800

is because it had a little bit of a not

1593

01:11:18,229 --> 01:11:15,930

just say fine it was like a Bugs Bunny

1594

01:11:20,030 --> 01:11:18,239

cartoon it was stuff lying on the side

1595

01:11:21,290 --> 01:11:20,040

of that aside from what was going on the

1596

01:11:24,709 --> 01:11:21,300

Senate they did have this kind of little

1597

01:11:26,720 --> 01:11:24,719

subplot about corruption and oh yeah

1598

01:11:28,729 --> 01:11:26,730

taking names and everyone it's like when

1599

01:11:29,690 --> 01:11:28,739

the guy says I don't care if the damn

1600

01:11:32,060 --> 01:11:29,700

thing works

1601

01:11:34,430 --> 01:11:32,070

it's the contracts to the military I'm

1602

01:11:36,229 --> 01:11:34,440

supplying it doesn't have to work you

1603

01:11:38,240 --> 01:11:36,239

know it's just beautiful and when the

1604

01:11:40,190 --> 01:11:38,250

number one the little thing that tried

1605

01:11:42,160 --> 01:11:40,200

the bipod thing that runs around that

1606

01:11:44,600 --> 01:11:42,170

was supposed to be the all

1607

01:11:49,130 --> 01:11:44,610

robot version it it's afraid to get out

1608

01:11:54,080 --> 01:11:51,470

down the stairs and it's crying and it's

1609

01:11:59,540 --> 01:11:54,090

little little flipper is wiggling oh my

1610

01:12:01,730 --> 01:11:59,550

god I've only seen them maybe like me

1611

01:12:08,150 --> 01:12:01,740

was maybe twice and I probably fell

1612

01:12:12,290 --> 01:12:08,160

asleep during yeah now listen I told you

1613

01:12:14,480 --> 01:12:12,300

this before I have a number of years of

1614

01:12:16,520 --> 01:12:14,490

sea time when you're an aviator on a

1615

01:12:18,530 --> 01:12:16,530

ship you're not flying and you're not

1616

01:12:21,230 --> 01:12:18,540

sleeping you watch movies wow this is

1617

01:12:23,720 --> 01:12:21,240

nothing else really to do so I took over

1618

01:12:25,460 --> 01:12:23,730

his movie office or fairly senior online

1619

01:12:28,700 --> 01:12:25,470

does that sometimes in the batting order

1620

01:12:31,190 --> 01:12:28,710

because we're frozen I just wanted to

1621

01:12:33,530 --> 01:12:31,200

have something good on you see lots of

1622

01:12:34,880 --> 01:12:33,540

movies over and over bro one was also

1623

01:12:36,890 --> 01:12:34,890

the movie supervisor when I was waiting

1624

01:12:39,320 --> 01:12:36,900

for my ship to come back ship the one

1625

01:12:41,660 --> 01:12:39,330

that was tied up when they come back

1626

01:12:51,440 --> 01:12:41,670

from the Med was tied up in Newport and

1627

01:12:52,850 --> 01:12:51,450

I commuted from chumford zoo when I was

1628

01:12:54,050 --> 01:12:52,860

waiting for the ship I had to wait but I

1629

01:12:55,850 --> 01:12:54,060

was a sign they had a way for about a

1630

01:12:58,280 --> 01:12:55,860

month for it to come back so they put me

1631

01:13:00,260 --> 01:12:58,290

in the motion picture projection studio

1632

01:13:01,040 --> 01:13:00,270

where we lent out all the movies to the

1633

01:13:02,360 --> 01:13:01,050

fleet Wow

1634

01:13:04,610 --> 01:13:02,370

and I'd be there on this machine

1635

01:13:07,190 --> 01:13:04,620

counting splices fixing splices and it

1636

01:13:09,980 --> 01:13:07,200

you know if it got too many splices we a

1637

01:13:11,510 --> 01:13:09,990

lot of us walk career for a short time

1638

01:13:13,580 --> 01:13:11,520

as a projectionist no wait a minute hold

1639

01:13:15,500 --> 01:13:13,590

on I was in the Union there was proud of

1640

01:13:16,820 --> 01:13:15,510

it as a projectionists Union but I was

1641

01:13:18,320 --> 01:13:16,830

trained on it I didn't really do it I

1642

01:13:21,290 --> 01:13:18,330

just want to clear out a couple things

1643

01:13:24,560 --> 01:13:21,300

okay num1 newport rhode island is we had

1644

01:13:26,570 --> 01:13:24,570

the 1% of the 1% does I know I mean they

1645

01:13:28,520 --> 01:13:26,580

don't even let billionaires in that

1646

01:13:30,050 --> 01:13:28,530

place and you were down there one one

1647

01:13:32,060 --> 01:13:30,060

protecting those people that's right

1648

01:13:34,310 --> 01:13:32,070

it's really most I was showing the

1649

01:13:36,410 --> 01:13:34,320

movies keeping shore side but you know I

1650

01:13:38,120 --> 01:13:36,420

was on the boat on the boat but the boat

1651
01:13:39,680 --> 01:13:38,130
was tied up and there was a for a while

1652
01:13:43,700 --> 01:13:39,690
yeah but there's trouble what would they

1653
01:13:48,260 --> 01:13:43,710
call me me the et so you were there

1654
01:13:49,520 --> 01:13:48,270
fixing their stuff right when I was

1655
01:13:51,320 --> 01:13:49,530
waiting for the ship that's what I was

1656
01:13:52,700 --> 01:13:51,330
doing and then we were kicking back when

1657
01:13:53,990 --> 01:13:52,710
we all caught up on the movies that came

1658
01:13:56,630 --> 01:13:54,000
back from the fleet you know I fixed

1659
01:13:58,640 --> 01:13:56,640
them and didn't rather be rerun as I

1660
01:14:00,500 --> 01:13:58,650
said before no Vietcong ever you know

1661
01:14:02,669 --> 01:14:00,510
get into new points sure that

1662
01:14:04,379 --> 01:14:02,679
mild-mannered projectionists is this

1663
01:14:06,419 --> 01:14:04,389

liner and there was no platter system

1664

01:14:08,459 --> 01:14:06,429

then it was a you know multiple

1665

01:14:10,799 --> 01:14:08,469

projectors and well when goes off the

1666

01:14:12,660 --> 01:14:10,809

other one comes on mmm did spice about

1667

01:14:16,229 --> 01:14:12,670

it this isn't classified material you're

1668

01:14:18,089 --> 01:14:16,239

talking about that was it I was home one

1669

01:14:18,719 --> 01:14:18,099

time because I commuted every day you

1670

01:14:20,790 --> 01:14:18,729

went home

1671

01:14:22,439 --> 01:14:20,800

it was unless I was on duty you went

1672

01:14:24,629 --> 01:14:22,449

home and went home like on a Friday it's

1673

01:14:27,600 --> 01:14:24,639

not just a job it's an adventure it's

1674

01:14:31,169 --> 01:14:27,610

all like on a Sunday we had a freaking

1675

01:14:33,719 --> 01:14:31,179

blizzard so why not come into the Navy

1676

01:14:35,879 --> 01:14:33,729

today there's a lot of snow we can we

1677

01:14:38,339 --> 01:14:35,889

tell you the story today what happened

1678

01:14:41,279 --> 01:14:38,349

was I I called up and I called my chief

1679

01:14:42,899 --> 01:14:41,289

who's our boss I said the driving is

1680

01:14:45,660 --> 01:14:42,909

gonna be awful on Monday I don't think

1681

01:14:46,919 --> 01:14:45,670

I'm gonna make it yeah so I'm out you

1682

01:14:48,299 --> 01:14:46,929

might as well put me on report now

1683

01:14:50,129 --> 01:14:48,309

because that's what's gonna happen I'm

1684

01:14:52,529 --> 01:14:50,139

not driving yeah he says don't worry

1685

01:14:54,179 --> 01:14:52,539

about it I'll fill out a leaf [h__h]

1686

01:14:57,239 --> 01:14:54,189

you're on the run like an emergency

1687

01:14:59,520 --> 01:14:57,249

leave and one day well we'll see you

1688

01:15:03,089 --> 01:14:59,530

when I see you wow he lived in the air

1689

01:15:06,020 --> 01:15:03,099

is and that happened twice god that's me

1690

01:15:10,259 --> 01:15:06,030

my circular filed when you got in right

1691

01:15:11,759 --> 01:15:10,269

no no the the leaf the leaf thing was in

1692

01:15:13,410 --> 01:15:11,769

play I was on leave for that you need

1693

01:15:28,890 --> 01:15:13,420

charge you though the leave when you got

1694

01:15:34,049 --> 01:15:28,900

there Oh probably not probably not I was

1695

01:15:39,529 --> 01:15:34,059

it would have been a lovely right okay J

1696

01:15:43,919 --> 01:15:39,539

jazzy swoop hey we didn't do Rob's

1697

01:15:45,209 --> 01:15:43,929

rupture on the line we all go well sign

1698

01:15:49,429 --> 01:15:45,219

the rap names today

1699

01:15:54,529 --> 01:15:49,439

that's what Rob's name I don't know

1700

01:16:01,169 --> 01:15:54,539

Rob's knob ya know would be like Robbie

1701

01:16:06,870 --> 01:16:01,179

Robbie some yeah Robbie boo-boo aka it's

1702

01:16:09,089 --> 01:16:06,880

my class mmm Robbie ak-47 some of these

1703

01:16:10,949 --> 01:16:09,099

Houston rap groups and stuff like that

1704

01:16:14,870 --> 01:16:10,959

since so everybody listens to around

1705

01:16:18,860 --> 01:16:14,880

here okay DJ Screw and

1706

01:16:20,570 --> 01:16:18,870

screw everything yeah GK all that could

1707

01:16:22,280 --> 01:16:20,580

be Robbie cop since it would be like

1708

01:16:25,850 --> 01:16:22,290

with Robocop could we could we go with

1709

01:16:29,169 --> 01:16:25,860

that for a bit there is a there is a

1710

01:16:32,360 --> 01:16:29,179

like this um some some Chinese knockoff

1711

01:16:34,580 --> 01:16:32,370

Robocop toy called Robert cop really do

1712

01:16:36,169 --> 01:16:34,590

you have one people's people say of it I

1713

01:16:39,919 --> 01:16:36,179

mean if you haven't have they still in

1714

01:16:44,240 --> 01:16:39,929

the boxes no no I got a t-shirt though

1715

01:16:44,899 --> 01:16:44,250

it's a Robert cop okay alright gift it

1716

01:16:50,810 --> 01:16:44,909

was a gift

1717

01:16:55,160 --> 01:16:50,820

said you know what yourself Robbo any

1718

01:16:56,950 --> 01:16:55,170

any Robocop conventions they probably

1719

01:16:59,270 --> 01:16:56,960

lump that in with all the other like

1720

01:17:01,430 --> 01:16:59,280

conventions in I don't think the fan

1721

01:17:04,010 --> 01:17:01,440

base is quite that large or dedicated

1722

01:17:06,649 --> 01:17:04,020

but if you will assure it to a Robocop

1723

01:17:09,830 --> 01:17:06,659

convention you would have someone doing

1724

01:17:11,320 --> 01:17:09,840

your dishes my friend oh yeah I would

1725

01:17:15,740 --> 01:17:11,330

have liked to been on the crew for that

1726

01:17:17,899 --> 01:17:15,750

movie production and do pyro you know in

1727

01:17:22,879 --> 01:17:17,909

chart like you know the charges and the

1728

01:17:25,070 --> 01:17:22,889

exposure yeah that'd be awesome

1729

01:17:27,350 --> 01:17:25,080

I mean it the closest I got to that as I

1730

01:17:29,840 --> 01:17:27,360

did the Bon Jovi concert as part of the

1731

01:17:31,669 --> 01:17:29,850

local crew and did all the flash pots

1732

01:17:34,399 --> 01:17:31,679

and so the other things that were

1733

01:17:35,870 --> 01:17:34,409

hanging and the the being said

1734

01:17:37,760 --> 01:17:35,880

everything that was safe well there's a

1735

01:17:39,200 --> 01:17:37,770

the fire department's obviously oh

1736

01:17:41,360 --> 01:17:39,210

really you know there was a there was a

1737

01:17:42,979 --> 01:17:41,370

guy with the band that made sure my work

1738

01:17:44,240 --> 01:17:42,989

was done properly tray he trained me in

1739

01:17:46,910 --> 01:17:44,250

about five minutes us you might want to

1740

01:17:50,629 --> 01:17:46,920

take off your belt buckle rings I did

1741

01:17:52,550 --> 01:17:50,639

that I could see why cuz it was why shot

1742

01:17:54,890 --> 01:17:52,560

from the hopper well you give love a bad

1743

01:17:57,560 --> 01:17:54,900

name oh no my work goes up with smoke

1744

01:18:01,520 --> 01:17:57,570

and the microsecond it worked like two

1745

01:18:03,620 --> 01:18:01,530

hours and that's nothing because there's

1746

01:18:06,080 --> 01:18:03,630

like flash powder in there yeah in the

1747

01:18:07,459 --> 01:18:06,090

bag like a bag yeah and there's two

1748

01:18:08,959 --> 01:18:07,469

electrodes that get plugged in with

1749

01:18:12,680 --> 01:18:08,969

connectors like these like thanks

1750

01:18:13,850 --> 01:18:12,690

documents yep to a main termination

1751

01:18:15,080 --> 01:18:13,860

point where it's almost like you know

1752

01:18:17,570 --> 01:18:15,090

you're gonna blow something up poking

1753

01:18:19,160 --> 01:18:17,580

his electronic and boom okay and then

1754

01:18:21,379 --> 01:18:19,170

they didn't want you transmitting you

1755

01:18:23,209 --> 01:18:21,389

know a stray spot yeah yeah there was a

1756

01:18:24,709 --> 01:18:23,219

danger for that it wasn't like gunpowder

1757

01:18:28,399 --> 01:18:24,719

is gonna blow up in your face but it

1758

01:18:28,820 --> 01:18:28,409

could right hey Rob let's just say this

1759

01:18:30,440 --> 01:18:28,830

is a

1760

01:18:31,880 --> 01:18:30,450

Prabhat instance why they maybe

1761

01:18:35,210 --> 01:18:31,890

shouldn't have legalized getting a

1762

01:18:38,900 --> 01:18:35,220

breath of fresh air because Robert

1763

01:18:40,880 --> 01:18:38,910

Cobert are you why they're talking about

1764

01:18:44,930 --> 01:18:40,890

there whatever they're talking about I

1765

01:18:49,040 --> 01:18:44,940

sent up the t-shirt to the chat page of

1766

01:18:50,030 --> 01:18:49,050

the tell me if this is your shirt yeah

1767

01:18:53,030 --> 01:18:50,040

oh yeah

1768

01:18:54,500 --> 01:18:53,040

yeah I always liked the little palm

1769

01:18:58,190 --> 01:18:54,510

trees they had in the back of that he

1770

01:19:02,090 --> 01:18:58,200

said the shirt everybody give me the

1771

01:19:05,120 --> 01:19:02,100

screens Mac oh screens see what the heck

1772

01:19:06,800 --> 01:19:05,130

I find it's really if you can divert

1773

01:19:09,230 --> 01:19:06,810

those two with a picture right about now

1774

01:19:10,940 --> 01:19:09,240

in the course of the show is usually an

1775

01:19:14,330 --> 01:19:10,950

effective way to get them back onto the

1776

01:19:17,360 --> 01:19:14,340

track back on track with you anyway

1777

01:19:21,590 --> 01:19:17,370

listen Rob in the last few no actually

1778

01:19:25,610 --> 01:19:21,600

we have a few minutes remaining come up

1779

01:19:28,160 --> 01:19:25,620

this planet Z yeah and basically there

1780

01:19:29,990 --> 01:19:28,170

is a chance that there are two alien

1781

01:19:31,730 --> 01:19:30,000

super stretches way out there and the

1782

01:19:35,600 --> 01:19:31,740

type of belt one of them right kind of

1783

01:19:38,630 --> 01:19:35,610

showed up you read the story just

1784

01:19:40,460 --> 01:19:38,640

supposing these things one of them do

1785

01:19:44,450 --> 01:19:40,470

with a more alien super stretches it may

1786

01:19:47,150 --> 01:19:44,460

sometime at some point come our way as

1787

01:19:49,460 --> 01:19:47,160

crazy as it is is there anything on

1788

01:19:52,520 --> 01:19:49,470

earth we could do well it depends on the

1789

01:19:55,370 --> 01:19:52,530

size and the mass of the object right

1790

01:19:57,770 --> 01:19:55,380

because it's unknown so really what

1791

01:20:01,370 --> 01:19:57,780

you're the question you're looking at I

1792

01:20:03,560 --> 01:20:01,380

think with this is you know any kind of

1793

01:20:06,200 --> 01:20:03,570

we'd have to look at the asteroid avoid

1794

01:20:08,480 --> 01:20:06,210

avoidance into flexion or an instruction

1795

01:20:10,520 --> 01:20:08,490

okay you know pop technologies and

1796

01:20:11,890 --> 01:20:10,530

possibilities there right and whether or

1797

01:20:14,690 --> 01:20:11,900

not you I mean because it's the same

1798

01:20:17,450 --> 01:20:14,700

basic idea you're gonna put a big laser

1799

01:20:21,380 --> 01:20:17,460

array or you're gonna use nuclear

1800

01:20:23,150 --> 01:20:21,390

weapons to try to destroy or divert

1801

01:20:24,470 --> 01:20:23,160

right you know whatever it is it's

1802

01:20:26,030 --> 01:20:24,480

heading toward the earth so it's

1803

01:20:27,800 --> 01:20:26,040

actually really two questions one of

1804

01:20:30,740 --> 01:20:27,810

them is if this thing was just something

1805

01:20:32,690 --> 01:20:30,750

that might be hitting us you know like

1806

01:20:34,580 --> 01:20:32,700

another object of whatever that comes in

1807

01:20:36,290 --> 01:20:34,590

and hits us and you know really come and

1808

01:20:39,710 --> 01:20:36,300

destroy everything if it did they would

1809

01:20:41,020 --> 01:20:39,720

it would be definitely make everything

1810

01:20:45,910 --> 01:20:41,030

extinct

1811

01:20:47,980 --> 01:20:45,920

then you would try to but somehow laying

1812

01:20:49,930 --> 01:20:47,990

nuclear bombs on is something but but

1813

01:20:52,210 --> 01:20:49,940

they said if you I know there's a danger

1814

01:20:53,920 --> 01:20:52,220

if you light up nuclear bombs strong

1815

01:20:55,720 --> 01:20:53,930

enough to actually divert this thing

1816

01:20:57,700 --> 01:20:55,730

it's gonna be rubble and stuff like that

1817

01:21:00,250 --> 01:20:57,710

that will just be all over the place I

1818

01:21:03,340 --> 01:21:00,260

mean what does it get as far out as you

1819

01:21:05,860 --> 01:21:03,350

can well if it's a planet-sized object

1820

01:21:08,230 --> 01:21:05,870

you're screwed yeah but you know there I

1821

01:21:11,430 --> 01:21:08,240

looked into this and it's pretty

1822

01:21:17,950 --> 01:21:11,440

interesting I mean as far as using a

1823

01:21:19,450 --> 01:21:17,960

nuclear bomb on a asteroid say if the

1824

01:21:23,460 --> 01:21:19,460

idea is that you would you know a lot

1825

01:21:27,100 --> 01:21:23,470

daddy where do babies come from well

1826

01:21:29,410 --> 01:21:27,110

honey mommy went to the store oh well

1827

01:21:33,670 --> 01:21:29,420

you see um well there's a mommy and a

1828

01:21:35,980 --> 01:21:33,680

daddy right and see when they call Geico

1829

01:21:36,430 --> 01:21:35,990

they could save a bunch of money on car

1830

01:21:39,190 --> 01:21:36,440

insurance

1831

01:21:41,500 --> 01:21:39,200

oh really and that makes them happy yes

1832

01:21:43,690 --> 01:21:41,510

that makes them very happy that's good

1833

01:21:44,680 --> 01:21:43,700

yeah well I'm glad we could have this

1834

01:21:47,380 --> 01:21:44,690

talk sunshine

1835

01:21:49,750 --> 01:21:47,390

Geico because saving 15% or more on car

1836

01:21:52,960 --> 01:21:49,760

insurance is always a great answer that

1837

01:21:54,690 --> 01:21:52,970

these asteroids are it's it's pilot

1838

01:21:56,590 --> 01:21:54,700

they're called them piles of rubble

1839

01:21:58,540 --> 01:21:56,600

astronomers call them piles of rubber

1840

01:22:01,980 --> 01:21:58,550

really loosely held together by gravity

1841

01:22:07,150 --> 01:22:01,990

so you would break up into fragments and

1842

01:22:09,580 --> 01:22:07,160

you would almost be the planet would be

1843

01:22:11,410 --> 01:22:09,590

how am I gonna phrase that second one

1844

01:22:13,900 --> 01:22:11,420

second in the gravitational force which

1845

01:22:15,970 --> 01:22:13,910

would suck all this rubble right in on

1846

01:22:17,890 --> 01:22:15,980

top so if you it's like being hit by

1847

01:22:22,360 --> 01:22:17,900

buckshot as opposed to being hit by a

1848

01:22:24,130 --> 01:22:22,370

shotgun slug yeah which is not great but

1849

01:22:25,840 --> 01:22:24,140

it's you would probably prefer to be hit

1850

01:22:28,210 --> 01:22:25,850

by the Buckshot than the slug right well

1851
01:22:31,240 --> 01:22:28,220
if the buckshot doesn't hit you you know

1852
01:22:32,940 --> 01:22:31,250
it somewhere in China so the car Keiko

1853
01:22:35,920 --> 01:22:32,950
and you have your windshield replaced

1854
01:22:37,300 --> 01:22:35,930
well you know not all of the I mean it

1855
01:22:38,980 --> 01:22:37,310
would also depend on the yield of the

1856
01:22:44,620 --> 01:22:38,990
nuclear device where you detonate it

1857
01:22:47,500 --> 01:22:44,630
from and you know not and again there's

1858
01:22:49,360 --> 01:22:47,510
a lot of different models for the you

1859
01:22:51,880 --> 01:22:49,370
know the effects that would happen some

1860
01:22:54,790 --> 01:22:51,890
models have suggested that you know a

1861
01:22:55,930 --> 01:22:54,800
lot of the fragments would would be too

1862
01:23:00,130 --> 01:22:55,940
you know they would reach escape

1863
01:23:01,960 --> 01:23:00,140

velocity from the explosion so you need

1864

01:23:03,880 --> 01:23:01,970

a big enough nuclear bomb but you you

1865

01:23:05,440 --> 01:23:03,890

have that yeah you could put it on on a

1866

01:23:07,720 --> 01:23:05,450

spacecraft doesn't have to be very big

1867

01:23:11,050 --> 01:23:07,730

and you could send it you know millions

1868

01:23:12,490 --> 01:23:11,060

of miles or the the object but you may

1869

01:23:14,380 --> 01:23:12,500

not have the time you know what I mean

1870

01:23:16,480 --> 01:23:14,390

what's the what's the time factor in

1871

01:23:19,840 --> 01:23:16,490

something like this years you would need

1872

01:23:21,130 --> 01:23:19,850

years yeah the rally together and do

1873

01:23:22,870 --> 01:23:21,140

this oh they'd be fighting over what

1874

01:23:25,090 --> 01:23:22,880

rocket I shoot up and stuff you know I

1875

01:23:27,010 --> 01:23:25,100

mean there really wouldn't be well you

1876

01:23:27,460 --> 01:23:27,020

see that old discussion how that's gonna

1877

01:23:33,820 --> 01:23:27,470

go

1878

01:23:35,020 --> 01:23:33,830

mobilize don't worry

1879

01:23:37,060 --> 01:23:35,030

do you wonder if that would be a thing

1880

01:23:39,100 --> 01:23:37,070

that you know the whole hopefully the

1881

01:23:41,650 --> 01:23:39,110

whole planet would kind of get over

1882

01:23:44,020 --> 01:23:41,660

there other you know every day there's

1883

01:23:46,960 --> 01:23:44,030

issues heavy bickering and it's a

1884

01:23:50,200 --> 01:23:46,970

probably got a giant planet from the

1885

01:23:51,940 --> 01:23:50,210

Oort cloud heading toward Earth and we

1886

01:23:53,470 --> 01:23:51,950

might want to get together and do

1887

01:23:55,090 --> 01:23:53,480

something about this why yeah I don't

1888

01:23:57,820 --> 01:23:55,100

know I don't think it's in us I really

1889

01:23:59,350 --> 01:23:57,830

don't if it happened you know back in

1890

01:24:01,690 --> 01:23:59,360

the 50s or something I could see

1891

01:24:04,000 --> 01:24:01,700

everyone rallying around let's do it 60s

1892

01:24:06,520 --> 01:24:04,010

even in a way like dr. Strangelove big

1893

01:24:08,350 --> 01:24:06,530

meeting Yeah right yes I think you

1894

01:24:10,840 --> 01:24:08,360

should take it to Google and somebody

1895

01:24:12,190 --> 01:24:10,850

else and let them fight for property

1896

01:24:13,450 --> 01:24:12,200

right well that's oh yeah would you

1897

01:24:17,710 --> 01:24:13,460

right you know that's probably who would

1898

01:24:19,420 --> 01:24:17,720

finance it and they'd somehow cash in on

1899

01:24:20,590 --> 01:24:19,430

it you know in Morocco they wouldn't

1900

01:24:22,480 --> 01:24:20,600

rule the world

1901
01:24:24,340 --> 01:24:22,490
after successfully making financee not

1902
01:24:25,720 --> 01:24:24,350
hit us they would they would they be

1903
01:24:27,910 --> 01:24:25,730
more in charge than they are right now

1904
01:24:30,340 --> 01:24:27,920
right there you go I know I got a really

1905
01:24:31,300 --> 01:24:30,350
quickly just talk real quick about we're

1906
01:24:33,250 --> 01:24:31,310
talking about Google and Amazon

1907
01:24:34,930 --> 01:24:33,260
especially when Cindy bellied up was on

1908
01:24:36,820 --> 01:24:34,940
the other night and she was talking

1909
01:24:38,620 --> 01:24:36,830
about how you know someday they're gonna

1910
01:24:40,690 --> 01:24:38,630
be like these huge that one's the Amazon

1911
01:24:43,000 --> 01:24:40,700
stuff and they're gonna deliver stuff by

1912
01:24:45,820 --> 01:24:43,010
trying every song so Kay and that's what

1913
01:24:47,470 --> 01:24:45,830

it's gonna be all right handed up during

1914

01:24:50,350 --> 01:24:47,480

the nice try to talk about we go for

1915

01:24:53,920 --> 01:24:50,360

where did they worthy worthy Zeppelin's

1916

01:24:56,590 --> 01:24:53,930

gonna be supplied right and written the

1917

01:25:00,610 --> 01:24:56,600

paper maybe a week ago that in Staten

1918

01:25:04,900 --> 01:25:00,620

Island Amazon is building at this a 100

1919

01:25:08,270 --> 01:25:04,910

square foot warehouse okay 1 million

1920

01:25:11,209 --> 01:25:08,280

square foot where

1921

01:25:13,129 --> 01:25:11,219

and it's one of four that they're

1922

01:25:15,950 --> 01:25:13,139

building on this site so that's where

1923

01:25:18,680 --> 01:25:15,960

it's gonna be that's a lot of space

1924

01:25:19,580 --> 01:25:18,690

yep and that's also this just means this

1925

01:25:21,620 --> 01:25:19,590

is gonna happen

1926

01:25:23,060 --> 01:25:21,630

this is this stuff I'm actually looking

1927

01:25:25,669 --> 01:25:23,070

forward to that I don't know about the

1928

01:25:29,600 --> 01:25:25,679

Zeppelin but it's gonna happen drones

1929

01:25:32,589 --> 01:25:29,610

are gonna be the first drone that hits

1930

01:25:34,609 --> 01:25:32,599

my car even if it's dropping off my

1931

01:25:37,419 --> 01:25:34,619

remastered Sergeant Pepper album

1932

01:25:40,009 --> 01:25:37,429

yeah yep and you're gonna sign a little

1933

01:25:43,580 --> 01:25:40,019

document a waiver on the website you

1934

01:25:48,680 --> 01:25:43,590

know they're not responsible for when it

1935

01:25:50,660 --> 01:25:48,690

screws up by the way I live not too far

1936

01:25:52,640 --> 01:25:50,670

from the Peterbilt headquarters you know

1937

01:25:55,339 --> 01:25:52,650

the semi truck manufacturer and they I

1938

01:25:56,600 --> 01:25:55,349

see the executives walking around here

1939

01:25:59,779 --> 01:25:56,610

and there with their Peterbilt shirts

1940

01:26:02,839 --> 01:25:59,789

and uh yeah I jest are partnering with a

1941

01:26:07,160 --> 01:26:02,849

company to build the self-driving trucks

1942

01:26:10,609 --> 01:26:07,170

driving some buying those with the big

1943

01:26:11,930 --> 01:26:10,619

Amazon distribution warehouses and the

1944

01:26:14,089 --> 01:26:11,940

drones and so on it's gonna be very

1945

01:26:17,779 --> 01:26:14,099

interesting I need to talk to them but

1946

01:26:19,399 --> 01:26:17,789

yeah yeah I mean it's coming it really

1947

01:26:21,109 --> 01:26:19,409

is giving you know whether we'd want it

1948

01:26:22,549 --> 01:26:21,119

or not there's a lot of stuff that seems

1949

01:26:24,589 --> 01:26:22,559

to be coming I don't wanna I don't want

1950

01:26:26,239 --> 01:26:24,599

driverless cars come on how about the

1951

01:26:28,459 --> 01:26:26,249

company was constantly meant to ask

1952

01:26:31,729 --> 01:26:28,469

Barbara about it it's called three

1953

01:26:34,359 --> 01:26:31,739

Market Square the number three Market

1954

01:26:36,770 --> 01:26:34,369

Square and their test driving this

1955

01:26:38,899 --> 01:26:36,780

implant on 50 employees of the company

1956

01:26:41,000 --> 01:26:38,909

there the thing is that you have

1957

01:26:43,879 --> 01:26:41,010

information in this implant like

1958

01:26:45,709 --> 01:26:43,889

Beautiful Mind Russell Crowe really yeah

1959

01:26:46,969 --> 01:26:45,719

it's going to be like in you fleshy area

1960

01:26:50,020 --> 01:26:46,979

between your thumb and your Hannah go

1961

01:26:53,120 --> 01:26:50,030

ahead and you can sweep it by their

1962

01:26:54,049 --> 01:26:53,130

vending machines and all the stuff yeah

1963

01:26:56,419 --> 01:26:54,059

and it'll automatically make the

1964

01:26:57,589 --> 01:26:56,429

purchase really so they implant

1965

01:26:59,930 --> 01:26:57,599

something in your hand so you could buy

1966

01:27:02,560 --> 01:26:59,940

junk food yeah well listen you know what

1967

01:27:04,399 --> 01:27:02,570

if I was a Jew that is what in

1968

01:27:06,830 --> 01:27:04,409

civilization they're like worried about

1969

01:27:10,100 --> 01:27:06,840

planet C get yourself a zagnut bar

1970

01:27:12,830 --> 01:27:10,110

they're all plant and go boom the

1971

01:27:15,200 --> 01:27:12,840

implant is a little too far from the apt

1972

01:27:16,370 --> 01:27:15,210

say I would I wanted an implant I think

1973

01:27:18,080 --> 01:27:16,380

an implant should have your medical

1974

01:27:19,000 --> 01:27:18,090

history and all that stuff so when the

1975

01:27:21,640 --> 01:27:19,010

ambulance comes in

1976

01:27:23,859 --> 01:27:21,650

yeah they're not looking at just a they

1977

01:27:31,959 --> 01:27:23,869

have it was risk then on your body parts

1978

01:27:33,939 --> 01:27:31,969

of their for sale they can just one

1979

01:27:35,589 --> 01:27:33,949

bracelet has your blood type in your

1980

01:27:38,439 --> 01:27:35,599

name the other one says delete my

1981

01:27:44,680 --> 01:27:38,449

browsing history Yeah right which is a

1982

01:27:46,120 --> 01:27:44,690

note I've sent to you so Wow

1983

01:27:48,040 --> 01:27:46,130

so alright let's go to the second

1984

01:27:49,779 --> 01:27:48,050

scenario let's say this thing was you

1985

01:27:51,419 --> 01:27:49,789

know I'd officially go let's say it's a

1986

01:27:54,759 --> 01:27:51,429

spaceship let's say it's a Death Star

1987

01:27:56,229 --> 01:27:54,769

it's the size of mais do we have

1988

01:27:58,479 --> 01:27:56,239

anything on this earth that we could go

1989

01:27:59,740 --> 01:27:58,489

to war with these beings with just okay

1990

01:28:04,390 --> 01:27:59,750

something like that happened

1991

01:28:08,020 --> 01:28:04,400

oh that's tricky um why maybe I don't

1992

01:28:10,359 --> 01:28:08,030

know I mean I would ask you although

1993

01:28:11,620 --> 01:28:10,369

what do you think about laser weapons

1994

01:28:15,759 --> 01:28:11,630

being used for something like this

1995

01:28:18,520 --> 01:28:15,769

because there was a some interesting

1996

01:28:22,319 --> 01:28:18,530

papers that have been written about how

1997

01:28:25,450 --> 01:28:22,329

to build a phased laser satellite array

1998

01:28:27,609 --> 01:28:25,460

oh you know actually that comes up

1999

01:28:29,470 --> 01:28:27,619

because it gives me another idea but you

2000

01:28:31,930 --> 01:28:29,480

could divert seeing for instance you

2001

01:28:34,569 --> 01:28:31,940

could divert relatively small asteroids

2002

01:28:36,459 --> 01:28:34,579

like Apophis which was a one that caused

2003

01:28:38,680 --> 01:28:36,469

a lot of alarm a few years ago because

2004

01:28:41,950 --> 01:28:38,690

it could potentially impact earth in the

2005

01:28:44,709 --> 01:28:41,960

future 2029 if you could build a

2006

01:28:46,689 --> 01:28:44,719

sufficiently large you're actually not

2007

01:28:50,200 --> 01:28:46,699

much larger than the laser that's aboard

2008

01:28:52,080 --> 01:28:50,210

that Navy transport dock right and you

2009

01:28:54,970 --> 01:28:52,090

could put it's like a 30 kilowatt laser

2010

01:28:57,310 --> 01:28:54,980

into space and you could aim it at this

2011

01:28:59,799 --> 01:28:57,320

asteroid for you know take several years

2012

01:29:01,600 --> 01:28:59,809

but you could think you would uh you

2013

01:29:04,089 --> 01:29:01,610

would be able to divert it well I'm just

2014

01:29:06,819 --> 01:29:04,099

bike burning and the burning the laser

2015

01:29:09,520 --> 01:29:06,829

burning the asteroid and then you could

2016

01:29:13,600 --> 01:29:09,530

push it off course but the deflecting it

2017

01:29:16,540 --> 01:29:13,610

by the energy right and then the another

2018

01:29:18,700 --> 01:29:16,550

idea is to actually focus solar energy

2019

01:29:20,979 --> 01:29:18,710

you would construct a large solar sail

2020

01:29:23,560 --> 01:29:20,989

right and move it toward the Sun and

2021

01:29:26,500 --> 01:29:23,570

then you could use the use the Sun

2022

01:29:28,180 --> 01:29:26,510

directed but that would take that long

2023

01:29:29,770 --> 01:29:28,190

time to develop something like that

2024

01:29:32,160 --> 01:29:29,780

least lasers we know what they can do

2025

01:29:34,140 --> 01:29:32,170

right I like that idea you know have

2026

01:29:35,490 --> 01:29:34,150

not their float and hopefully it doesn't

2027

01:29:38,010 --> 01:29:35,500

hit us so this thing is supposed to be

2028

01:29:38,760 --> 01:29:38,020

twenty nine twenty six twenty was it 20

2029

01:29:40,980 --> 01:29:38,770

26

2030

01:29:42,510 --> 01:29:40,990

I believe 22 where there was a pasta

2031

01:29:44,850 --> 01:29:42,520

there was a slim possibility that

2032

01:29:47,730 --> 01:29:44,860

Apophis the asteroid could impact earth

2033

01:29:49,680 --> 01:29:47,740

in 2029 but then there were further

2034

01:29:53,340 --> 01:29:49,690

observations and it was much less likely

2035

01:29:56,550 --> 01:29:53,350

so right so that's an immediate threat

2036

01:29:57,900 --> 01:29:56,560

that's no longer so immediate but uh but

2037

01:29:59,730 --> 01:29:57,910

you know I think the thing to worry

2038

01:30:01,020 --> 01:29:59,740

about a big focus solar array is that

2039

01:30:03,660 --> 01:30:01,030

you know you build a big giant space

2040

01:30:05,550 --> 01:30:03,670

weapon right that could melt a planet or

2041

01:30:07,260 --> 01:30:05,560

melt an asteroid it also directed toward

2042

01:30:09,840 --> 01:30:07,270

the earth so if you divert the planet

2043

01:30:11,370 --> 01:30:09,850

if you divert the asteroid then you

2044

01:30:13,650 --> 01:30:11,380

control the planet that's right it's

2045

01:30:16,650 --> 01:30:13,660

facing so Robbie first I guess the

2046

01:30:18,600 --> 01:30:16,660

asteroid that make it the world suffice

2047

01:30:20,340 --> 01:30:18,610

to say I'm pretty skeptical of I mean if

2048

01:30:22,650 --> 01:30:20,350

you're talking about giant Death Star's

2049

01:30:24,530 --> 01:30:22,660

or you know giant or planet-sized

2050

01:30:28,430 --> 01:30:24,540

objects what will be the point right

2051

01:30:31,380 --> 01:30:28,440

yeah I you know I'm I'm gonna have to

2052

01:30:33,270 --> 01:30:31,390

say you know unfortunately we're doomed

2053

01:30:35,940 --> 01:30:33,280

you're zone okay it's kind of like the

2054

01:30:37,800 --> 01:30:35,950

Indians way back and they said hey I saw

2055

01:30:39,570 --> 01:30:37,810

a ship out there oh yeah really you know

2056

01:30:42,000 --> 01:30:39,580

ten of you goes bang goes you know there

2057

01:30:43,800 --> 01:30:42,010

are two ships out there what those

2058

01:30:46,290 --> 01:30:43,810

things are about and then hundred years

2059

01:30:48,560 --> 01:30:46,300

later bubble maybe we could make friends

2060

01:30:51,210 --> 01:30:48,570

with it yeah hopefully that's precious

2061

01:30:53,520 --> 01:30:51,220

maybe it was printed out there you know

2062

01:30:54,360 --> 01:30:53,530

like 3d printing all of a sudden there's

2063

01:30:57,990 --> 01:30:54,370

another ship

2064

01:31:01,050 --> 01:30:58,000

you know yeah giant 3d printing so throw

2065

01:31:02,910 --> 01:31:01,060

us off interesting the other thing yep

2066

01:31:05,250 --> 01:31:02,920

you've asked me to look into this and I

2067

01:31:06,960 --> 01:31:05,260

was looking at our nuclear stockpile the

2068

01:31:10,050 --> 01:31:06,970

largest nuclear bomb that we currently

2069

01:31:13,560 --> 01:31:10,060

have is that be 83 oh yes as 11.2

2070

01:31:15,630 --> 01:31:13,570

megatons one few megatons okay and when

2071

01:31:20,070 --> 01:31:15,640

we do megatons was the Hiroshima bomb is

2072

01:31:23,220 --> 01:31:20,080

like 24 kilotons is something it was

2073

01:31:26,130 --> 01:31:23,230

yeah it was a very yeah a hydrogen bomb

2074

01:31:27,420 --> 01:31:26,140

is that a hydrogen bomb that thing it

2075

01:31:32,370 --> 01:31:27,430

was an atomic bomb in Hiroshima the

2076

01:31:34,020 --> 01:31:32,380

hydrogen was on Nagasaki no no I'm gonna

2077

01:31:35,790 --> 01:31:34,030

bet you 10 bucks it wasn't a hydrogen

2078

01:31:38,490 --> 01:31:35,800

bomb on mega Zak they were both atomic

2079

01:31:40,980 --> 01:31:38,500

bombs yeah the the b83 hydrogen bomb

2080

01:31:44,310 --> 01:31:40,990

feet so oh but the more important point

2081

01:31:46,020 --> 01:31:44,320

more important thing here is that we may

2082

01:31:47,820 --> 01:31:46,030

and I'm not

2083

01:31:50,460 --> 01:31:47,830

I don't think this has been confirmed

2084

01:31:53,880 --> 01:31:50,470

when we may still have some b53 s lying

2085

01:31:57,120 --> 01:31:53,890

around the show the old nine Megaton

2086

01:31:59,400 --> 01:31:57,130

there bit bigger so somehow get them up

2087

01:32:01,080 --> 01:31:59,410

there and yeah it would be like you know

2088

01:32:03,840 --> 01:32:01,090

flicking in their eye and then they'll

2089

01:32:07,170 --> 01:32:03,850

just they're supposed to be have been

2090

01:32:12,510 --> 01:32:07,180

disassembled yeah after the Cold War out

2091

01:32:16,320 --> 01:32:12,520

of the big US government spandex plant

2092

01:32:20,400 --> 01:32:16,330

near Amarillo yeah which is a gas Oh

2093

01:32:23,190 --> 01:32:20,410

mother property values there my my mom

2094

01:32:26,490 --> 01:32:23,200

is from Amarillo and her her mother was

2095

01:32:29,760 --> 01:32:26,500

a Air Force Base cook oh wow

2096

01:32:31,530 --> 01:32:29,770

way back in the 60s oh yes so they're

2097

01:32:35,220 --> 01:32:31,540

very familiar with the with the pantex

2098

01:32:37,650 --> 01:32:35,230

plant their torture weapons target you

2099

01:32:42,960 --> 01:32:37,660

know yeah really yeah clear and poor

2100

01:32:45,750 --> 01:32:42,970

Amarillo but so there may okay so in

2101

01:32:49,020 --> 01:32:45,760

2015 the National Nuclear Security

2102

01:32:51,840 --> 01:32:49,030

Administration which oversees nuclear

2103

01:32:55,520 --> 01:32:51,850

weapons disassembly in their budget

2104

01:32:58,530 --> 01:32:55,530

requests they had noted that the b53

2105

01:33:00,900 --> 01:32:58,540

disassembly process had been delayed

2106

01:33:02,730 --> 01:33:00,910

mm-hmm so even though people thought

2107

01:33:04,380 --> 01:33:02,740

that being the US government had gotten

2108

01:33:06,960 --> 01:33:04,390

rid of these years ago right but they

2109

01:33:09,120 --> 01:33:06,970

you know they may still be sitting

2110

01:33:11,730 --> 01:33:09,130

around somewhere and it's in a reserve

2111

01:33:12,390 --> 01:33:11,740

stockpile I'm possibly for what we're

2112

01:33:13,950 --> 01:33:12,400

talking about

2113

01:33:15,390 --> 01:33:13,960

I hope they tell those guys to take

2114

01:33:16,860 --> 01:33:15,400

their rings and belt buckles laughs

2115

01:33:19,590 --> 01:33:16,870

that's right one one of these babies

2116

01:33:21,540 --> 01:33:19,600

could go up hey Rob mechanism of war was

2117

01:33:24,150 --> 01:33:21,550

boring thanks for joining us tonight war

2118

01:33:27,060 --> 01:33:24,160

was boring best military ready on the

2119

01:33:29,400 --> 01:33:27,070

net very soon I hear to do a huge story

2120

01:33:30,240 --> 01:33:29,410

on us right they've read her cannot yeah

2121

01:33:32,040 --> 01:33:30,250

work yep

2122

01:33:34,140 --> 01:33:32,050

working right away we're gonna okay yeah

2123

01:33:37,140 --> 01:33:34,150

that's good okay thank you brother

2124

01:33:40,140 --> 01:33:37,150

nobody's about I think you've been here

2125

01:33:41,820 --> 01:33:40,150

16 weeks as he said that all 16 we're

2126
01:33:45,030 --> 01:33:41,830
gonna stir games alright actually don't

2127
01:33:47,100 --> 01:33:45,040
know what angle he possibly be other

2128
01:33:52,380 --> 01:33:47,110
than to marry the merry band what else

2129
01:33:54,780 --> 01:33:52,390
you know yeah it's okay chef three three

2130
01:33:56,790 --> 01:33:54,790
go yeah three years for free everybody

2131
01:33:58,230 --> 01:33:56,800
say most self-promotion it's okay no for

2132
01:33:59,359 --> 01:33:58,240
them it's I think if I was on the other

2133
01:34:02,689 --> 01:33:59,369
side

2134
01:34:05,270 --> 01:34:02,699
I'd say wow great man not costing us to

2135
01:34:08,780 --> 01:34:05,280
think that it's right not even a store

2136
01:34:11,660 --> 01:34:08,790
go Rob take you out well looking into it

2137
01:34:13,459 --> 01:34:11,670
and working I appreciate it okay and any

2138
01:34:15,620 --> 01:34:13,469

conventions we're that sure you've met

2139

01:34:17,270 --> 01:34:15,630

my friend and I think you'll be asked to

2140

01:34:18,740 --> 01:34:17,280

watch her in your future I really do and

2141

01:34:20,990 --> 01:34:18,750

2145

01:34:31,310 --> 01:34:30,239

oh really it's pretty grody yet its

2146

01:34:36,580 --> 01:34:31,320

2147

01:34:39,379 --> 01:34:36,590

this over the years Air Force Major Hawk

2172

01:35:51,109 --> 01:35:48,330

Hunter and his band of patriotic fighter

2173

01:35:53,570 --> 01:35:51,119

pilots have fought tirelessly to reunite

2174

01:35:55,560 --> 01:35:53,580

a fractured America devastated by a

2175

01:35:58,690 --> 01:35:55,570

Russian sneak attack

2176
01:36:01,930 --> 01:35:58,700
now returning from a mysterious Space

2177
01:36:04,630 --> 01:36:01,940
Odyssey hunter finds a huge Russian army

2178
01:36:07,780 --> 01:36:04,640
occupying New York City ready to invade

2179
01:36:09,850 --> 01:36:07,790
the rest of America buzzing through the

2180
01:36:12,400 --> 01:36:09,860
city skyscraper canyons in a tiny

2181
01:36:14,710 --> 01:36:12,410
top-secret ghost plane and seeing the

2182
01:36:16,930 --> 01:36:14,720
invaders massive weaponry for himself

2183
01:36:19,150 --> 01:36:16,940
Hawk realizes he's up against the

2184
01:36:20,160 --> 01:36:19,160
greatest danger his homeland has ever

2185
01:36:22,960 --> 01:36:20,170
faced

2186
01:36:24,910 --> 01:36:22,970
but equally alarming are reports

2187
01:36:27,070 --> 01:36:24,920
claiming that Hawks former girlfriend

2188
01:36:29,260 --> 01:36:27,080

Dominique is living with the head of the

2189

01:36:32,740 --> 01:36:29,270

Russian secret police in a Manhattan

2190

01:36:36,370 --> 01:36:32,750

penthouse is she is prisoner or is she

2191

01:36:38,620 --> 01:36:36,380

something else with the woman in the

2192

01:36:39,880 --> 01:36:38,630

country he loves in dire peril hawk

2193

01:36:42,550 --> 01:36:39,890

are found in Renaissance art on ancient

2208

01:37:23,950 --> 01:37:21,230

coins and etched on cave walls they are

2209

01:37:26,080 --> 01:37:23,960

even reported in the Bible but more

2210

01:37:30,520 --> 01:37:26,090

surprising is when UFOs have seen the

2211

01:37:32,590 --> 01:37:30,530

most in times of war through centuries

2212

01:37:34,720 --> 01:37:32,600

thousands of UFO sightings have been

2213

01:37:38,140 --> 01:37:34,730

made by high-ranking officials military

2214

01:37:40,240 --> 01:37:38,150

pilots and ordinary soldiers often these

2215

01:37:43,060 --> 01:37:40,250

fantastic appearances occur at the

2216

01:37:46,270 --> 01:37:43,070

height of great battles from World War 1

2217

01:37:49,360 --> 01:37:46,280

to d-day to Korea Vietnam and beyond

2218

01:37:51,580 --> 01:37:49,370

military investigators are baffled why

2219

01:37:52,420 --> 01:37:51,590

do UFO sightings spike so drastically

2220

01:37:55,690 --> 01:37:52,430

during wartime

2221

01:37:59,950 --> 01:37:55,700

could it be mistaken aircraft or someone

2222

01:38:02,050 --> 01:37:59,960

or some thing looking in on us in UFOs

2223

01:38:02,859 --> 01:38:02,060

and more time what they didn't want you

2224

01:38:04,569 --> 01:38:02,869

to know

incredible sightings and tries to solve

2227

01:38:12,100 --> 01:38:08,840

the puzzle of why so many UFOs are seen

while humanity is at war read about the

2253

01:39:44,080 --> 01:39:42,409

that great really yeah they like my suet

2254

01:39:49,570 --> 01:39:44,090

I put there on the ground okay another

2255

01:39:51,310 --> 01:39:49,580

show maybe haven't seen the bear I took

2256

01:39:53,080 --> 01:39:51,320

my feeders down there for a while I put

2257

01:39:56,530 --> 01:39:53,090

him back up oh yeah and I'd left him

2258

01:39:58,780 --> 01:39:56,540

overnight just to see what happened to

2259

01:40:01,109 --> 01:39:58,790

mother wants to bring beer you know the

2260

01:40:04,840 --> 01:40:01,119

guy he got scared away by the heavy

2261

01:40:06,160 --> 01:40:04,850

summer activity that's in a children's

2262

01:40:07,959 --> 01:40:06,170

camp on the other side of the woods

2263

01:40:09,399 --> 01:40:07,969

oh that will do it so it's scaring him

2264

01:40:10,090 --> 01:40:09,409

from that side and he says screw this

2265

01:40:12,070 --> 01:40:10,100

I'm out of here

2266

01:40:15,040 --> 01:40:12,080

but you know all it takes is one I know

2267

01:40:20,020 --> 01:40:15,050

that that's right I get video I got

2268

01:40:22,919 --> 01:40:20,030

pictures helicopters flying on the phone

2269

01:40:25,330 --> 01:40:22,929

oh the club receive already hearing them

2270

01:40:29,890 --> 01:40:25,340

you don't be sound so excited Mac well I

2271

01:40:32,709 --> 01:40:29,900

don't know I'm okay should we review our

2272

01:40:36,129 --> 01:40:32,719

rap names yeah we don't have time we

2273

01:40:37,870 --> 01:40:36,139

don't you I just you know everyone

2274

01:40:40,780 --> 01:40:37,880

should note that Maricopa's rap name is

2275

01:40:42,310 --> 01:40:40,790

Coco we didn't do one for you there

2276

01:40:44,800 --> 01:40:42,320

Steve but we're gonna do it next week

2277

01:40:46,890 --> 01:40:44,810

we'll have a rap name for you okay I'll

2278

01:40:50,140 --> 01:40:46,900

be waiting with breathless anticipation

2279

01:40:51,310 --> 01:40:50,150

the streets brother so we've been

2280

01:40:52,899 --> 01:40:51,320

talking to you about this thing called

2281

01:40:55,149 --> 01:40:52,909

planning Z I know that you've read the

2282

01:40:56,830 --> 01:40:55,159

article that we all read right it seems

2283

01:40:58,390 --> 01:40:56,840

like you know something showed up way

2284

01:41:00,700 --> 01:40:58,400

out there in the Kuiper belt a year ago

2285

01:41:02,109 --> 01:41:00,710

and then they took another look recently

2286

01:41:04,959 --> 01:41:02,119

and it turns out another one has shown

2287

01:41:07,240 --> 01:41:04,969

up as well so there's these two enormous

2288

01:41:08,370 --> 01:41:07,250

stretches out there I'll be on the

2289

01:41:13,800 --> 01:41:08,380

orbits of

2290

01:41:15,510 --> 01:41:13,810

Neptune and in Uranus and my argument no

2291

01:41:17,460 --> 01:41:15,520

one knows what it is okay no one knows

2292

01:41:19,140 --> 01:41:17,470

what they are but it's very very strange

2293

01:41:22,500 --> 01:41:19,150

that a signal one would show up in less

2294

01:41:24,300 --> 01:41:22,510

than a year anything in the annals of

2295

01:41:26,160 --> 01:41:24,310

UFOs that you know even come close to

2296

01:41:28,950 --> 01:41:26,170

say I mean there's these things the size

2297

01:41:31,350 --> 01:41:28,960

of Mars let's say right well they I

2298

01:41:31,650 --> 01:41:31,360

guess there's quite a bit of stuff out

2299

01:41:32,910 --> 01:41:31,660

there

2300

01:41:38,430 --> 01:41:32,920

and I think they're probably going to

2301
01:41:41,160 --> 01:41:38,440
keep finding stuff you know dude even I

2302
01:41:44,010 --> 01:41:41,170
was looking back I guess it was a an

2303
01:41:46,740 --> 01:41:44,020
article in The New York Times back in

2304
01:41:48,360 --> 01:41:46,750
1982 and they were talking about Planet

2305
01:41:52,590 --> 01:41:48,370
X you know in the same context there's

2306
01:42:02,220 --> 01:41:59,010
well oh well you see um well there's a

2307
01:42:05,640 --> 01:42:02,230
mommy and a daddy right and see when

2308
01:42:06,690 --> 01:42:05,650
they call Geico they could save a bunch

2309
01:42:09,420 --> 01:42:06,700
of money on car insurance

2310
01:42:11,760 --> 01:42:09,430
oh really and that makes them happy yes

2311
01:42:13,920 --> 01:42:11,770
that makes them very happy that's good

2312
01:42:14,910 --> 01:42:13,930
yeah well I'm glad we could have this

2313
01:42:17,340 --> 01:42:14,920

talk sunshine

2314

01:42:19,260 --> 01:42:17,350

Geico because saving fifteen percent or

2315

01:42:22,230 --> 01:42:19,270

more on car insurance is always a great

2316

01:42:25,800 --> 01:42:22,240

answer out there that was messing with

2317

01:42:29,040 --> 01:42:25,810

the the orbits of Uranus and Neptune

2318

01:42:30,150 --> 01:42:29,050

right and so yeah and then this James

2319

01:42:32,760 --> 01:42:30,160

McCann II I don't know if you've heard

2320

01:42:36,750 --> 01:42:32,770

of him he he wrote a book called planet

2321

01:42:41,190 --> 01:42:36,760

Earth comets and earth no Planet X earth

2322

01:42:44,940 --> 01:42:41,200

comets and Earth changes and he claimed

2323

01:42:48,180 --> 01:42:44,950

back at that time that he had inside

2324

01:42:49,500 --> 01:42:48,190

knowledge that NASA that if they really

2325

01:42:51,420 --> 01:42:49,510

knew something was headed toward the

2326

01:42:53,670 --> 01:42:51,430

earth was going to hit us they had a

2327

01:42:55,350 --> 01:42:53,680

policy of just keeping it quiet you know

2328

01:42:57,540 --> 01:42:55,360

letting us find out tomatoes in the last

2329

01:43:00,990 --> 01:42:57,550

week and if you what do you think of

2330

01:43:03,030 --> 01:43:01,000

that well you know what I think no I

2331

01:43:03,960 --> 01:43:03,040

just went ask the commander for a second

2332

01:43:07,410 --> 01:43:03,970

what do you think of it do you think

2333

01:43:10,440 --> 01:43:07,420

NASA has a policy to to you know prevent

2334

01:43:12,690 --> 01:43:10,450

us from knowing the truth yes you do now

2335

01:43:14,730 --> 01:43:12,700

why wherever they do why would they why

2336

01:43:17,640 --> 01:43:14,740

would they do it just so not to panic

2337

01:43:20,700 --> 01:43:17,650

worldwide panic that type of thing I

2338

01:43:22,080 --> 01:43:20,710

believe that you have a situation where

2339

01:43:25,589 --> 01:43:22,090

there's a

2340

01:43:27,779 --> 01:43:25,599

select self-appointed group that feels

2341

01:43:29,879 --> 01:43:27,789

that they need to be in charge of every

2342

01:43:32,790 --> 01:43:29,889

aspect of our lives and we approach that

2343

01:43:34,739 --> 01:43:32,800

closer and why mess up a good thing even

2344

01:43:37,830 --> 01:43:34,749

if the end is coming let's just keep

2345

01:43:39,719 --> 01:43:37,840

things well if something was coming to

2346

01:43:41,219 --> 01:43:39,729

the to the to the point that nasara is

2347

01:43:43,140 --> 01:43:41,229

gonna withhold the story from us how

2348

01:43:45,830 --> 01:43:43,150

many people in NASA is gonna I got to

2349

01:43:47,790 --> 01:43:45,840

know this it'll be in the highlights I

2350

01:43:49,709 --> 01:43:47,800

know where you're gonna go with it back

2351

01:43:51,449 --> 01:43:49,719

it's good okay so how could it keep it

2352

01:43:53,250 --> 01:43:51,459

quiet know that obviously it wouldn't

2353

01:43:54,989 --> 01:43:53,260

event especially the age that we live in

2354

01:43:58,949 --> 01:43:54,999

and you you act like you're surprised

2355

01:44:00,330 --> 01:43:58,959

that some antiquated rules into the

2356

01:44:01,680 --> 01:44:00,340

world that they somehow think they could

2357

01:44:04,140 --> 01:44:01,690

keep her lid on it he's taking

2358

01:44:05,399 --> 01:44:04,150

approaches no no I know no I understand

2359

01:44:08,310 --> 01:44:05,409

though he's right he's absolutely right

2360

01:44:09,959 --> 01:44:08,320

I can see the did the whole let's say

2361

01:44:11,729 --> 01:44:09,969

infrastructure of this country being

2362

01:44:14,149 --> 01:44:11,739

behind the times let's yeah I mean the

2363

01:44:16,589 --> 01:44:14,159

political infrastructure for sure

2364

01:44:18,209 --> 01:44:16,599

it's called bad optics you know what I

2365

01:44:21,479 --> 01:44:18,219

mean you know they they do stuff that we

2366

01:44:25,680 --> 01:44:21,489

we are the greatest achievement of

2367

01:44:27,359 --> 01:44:25,690

ourselves we place mankind and

2368

01:44:29,430 --> 01:44:27,369

everything created by man above

2369

01:44:30,810 --> 01:44:29,440

everything else is nothing else so if

2370

01:44:35,250 --> 01:44:30,820

something like this was coming and they

2371

01:44:36,989 --> 01:44:35,260

had to fess up to it yeah they're gonna

2372

01:44:38,489 --> 01:44:36,999

wait to the license but I think the word

2373

01:44:40,469 --> 01:44:38,499

would get out you know last week on

2374

01:44:42,750 --> 01:44:40,479

Howard Stern a competition Howard Stern

2375

01:44:44,609 --> 01:44:42,760

the guy who killed bin Laden was on

2376

01:44:46,680 --> 01:44:44,619

Howard Stern oh man now what does that

2377

01:44:49,080 --> 01:44:46,690

tell you that does anyone will talk at

2378

01:44:51,689 --> 01:44:49,090

any time hey switch we're eating into

2379

01:44:55,290 --> 01:44:51,699

the other time so anyway switch please

2380

01:44:57,660 --> 01:44:55,300

before yes I said this this you know

2381

01:44:59,339 --> 01:44:57,670

this was saying that they would not tell

2382

01:45:00,750 --> 01:44:59,349

us if something bad was coming this way

2383

01:45:01,799 --> 01:45:00,760

but if one of these things don't come in

2384

01:45:04,229 --> 01:45:01,809

this way we're gonna know about it

2385

01:45:06,239 --> 01:45:04,239

because we know they're up there well I

2386

01:45:08,489 --> 01:45:06,249

think yeah with the the the amount of

2387

01:45:11,069 --> 01:45:08,499

amateur astronomers out there that have

2388

01:45:12,479 --> 01:45:11,079

some pretty good objects I can you know

2389

01:45:14,459 --> 01:45:12,489

see these things somebody's gonna pick

2390

01:45:17,009 --> 01:45:14,469

up on it but I agree with Cobra I think

2391

01:45:19,259 --> 01:45:17,019

that the powers that be are just gonna

2392

01:45:21,359 --> 01:45:19,269

you know especially if it's if it's

2393

01:45:23,069 --> 01:45:21,369

really something that they figured is

2394

01:45:24,930 --> 01:45:23,079

going to either hit or you know it

2395

01:45:27,299 --> 01:45:24,940

doesn't even have to hit something with

2396

01:45:30,419 --> 01:45:27,309

something large body with a relatively

2397

01:45:32,040 --> 01:45:30,429

close pass could really mess up a planet

2398

01:45:34,970 --> 01:45:32,050

I mean there are some theorists that

2399

01:45:37,040 --> 01:45:34,980

believed and told that you know

2400

01:45:39,650 --> 01:45:37,050

at Mars like half of it is very

2401

01:45:41,720 --> 01:45:39,660

different than the other half and the

2402

01:45:44,420 --> 01:45:41,730

the suggestion is that at one point in

2403

01:45:46,850 --> 01:45:44,430

time some large body came very close to

2404

01:45:48,320 --> 01:45:46,860

Mars and messed it all up writing may

2405

01:45:49,610 --> 01:45:48,330

have maybe variable up in life on it I

2406

01:45:52,430 --> 01:45:49,620

mean I've always been intrigued by the

2407

01:45:55,640 --> 01:45:52,440

face on Mars and some of the ruins that

2408

01:45:57,650 --> 01:45:55,650

seemed to be near there I give that some

2409

01:45:59,090 --> 01:45:57,660

reason why their drain isn't running so

2410

01:46:01,010 --> 01:45:59,100

there you go you never know that's write

2411

01:46:03,260 --> 01:46:01,020

them in the NPT a you know hey listen

2412

01:46:06,200 --> 01:46:03,270

you gotta remember too that I think more

2413

01:46:08,810 --> 01:46:06,210

than half of NASA's you know attempts to

2414

01:46:10,280 --> 01:46:08,820

reach Mars into kind of look around even

2415

01:46:12,380 --> 01:46:10,290

though there's stuff on there now that's

2416

01:46:14,060 --> 01:46:12,390

you know rolling around and so on you go

2417

01:46:16,220 --> 01:46:14,070

back and look look to it like more than

2418

01:46:17,930 --> 01:46:16,230

half of them have failed one of them

2419

01:46:20,450 --> 01:46:17,940

cost a couple billion dollars and they

2420

01:46:23,000 --> 01:46:20,460

blamed it on the fact that one part of

2421

01:46:33,229 --> 01:46:23,010

it was measured in young American

2422

01:46:35,540 --> 01:46:33,239

measurements and the other English pick

2423

01:46:37,370 --> 01:46:35,550

up on that I see that as a cover story I

2424

01:46:39,290 --> 01:46:37,380

don't know why another one the southern

2425

01:46:41,300 --> 01:46:39,300

like a southern land or something like

2426
01:46:42,920 --> 01:46:41,310
that you know this disappeared lots of

2427
01:46:44,210 --> 01:46:42,930
them in this spinning and I've always

2428
01:46:46,820 --> 01:46:44,220
said you know that's almost a little bit

2429
01:46:49,460 --> 01:46:46,830
too many you know half why would you

2430
01:46:50,810 --> 01:46:49,470
keep doing it so you know maybe there's

2431
01:46:53,210 --> 01:46:50,820
something there but the whole idea that

2432
01:46:55,100 --> 01:46:53,220
they would keep the holy did that they'd

2433
01:46:56,390 --> 01:46:55,110
be able to keep the secret that

2434
01:46:57,920 --> 01:46:56,400
something is coming it's pretty

2435
01:46:59,720 --> 01:46:57,930
difficult it's gonna it will be very

2436
01:47:01,430 --> 01:46:59,730
difficult I think this this yet

2437
01:47:04,670 --> 01:47:01,440
something of that caliber definitely

2438
01:47:06,500 --> 01:47:04,680

well so you know has there been reports

2439

01:47:07,729 --> 01:47:06,510

I mean what's the but Ill was thing

2440

01:47:09,229 --> 01:47:07,739

about this what's the widest you will

2441

01:47:10,700 --> 01:47:09,239

fall that's ever been reported I know

2442

01:47:12,950 --> 01:47:10,710

some of them are reported three or four

2443

01:47:15,080 --> 01:47:12,960

miles long well yeah some of these huge

2444

01:47:16,520 --> 01:47:15,090

triangles and so forth and of course if

2445

01:47:18,740 --> 01:47:16,530

you get into some of the contact D

2446

01:47:20,060 --> 01:47:18,750

literature like George Adamski and so

2447

01:47:22,430 --> 01:47:20,070

forth they'll claim that they've been

2448

01:47:24,530 --> 01:47:22,440

you know scooped up by the Scout ships

2449

01:47:26,390 --> 01:47:24,540

and gone on board these giant cigar

2450

01:47:29,140 --> 01:47:26,400

slave ships of you know two or three

2451
01:47:32,120 --> 01:47:29,150
miles long but we might want to you know

2452
01:47:33,020 --> 01:47:32,130
not give that a lot of credibility right

2453
01:47:35,390 --> 01:47:33,030
yes

2454
01:47:38,030 --> 01:47:35,400
the only other thing in kind of UFO lore

2455
01:47:40,910 --> 01:47:38,040
is the sort of the original if you will

2456
01:47:44,110 --> 01:47:40,920
Planet X you know zecharia sitchin the

2457
01:47:48,860 --> 01:47:44,120
book the 12th planet and here supposedly

2458
01:47:50,600 --> 01:47:48,870
deciphering the Sumerian tablet

2459
01:47:54,320 --> 01:47:50,610
and so forth right he's the one that

2460
01:47:56,450 --> 01:47:54,330
talks about the Anunnaki yeah and Nibiru

2461
01:47:59,270 --> 01:47:56,460
being the planet that they came from and

2462
01:48:01,460 --> 01:47:59,280
and creating humans you know in a

2463
01:48:03,650 --> 01:48:01,470

test-tube and creating them to make them

2464

01:48:06,290 --> 01:48:03,660

slaves to mine gold on the earth now

2465

01:48:09,440 --> 01:48:06,300

there's a lot of very strong devotees to

2466

01:48:11,300 --> 01:48:09,450

Sitchin yes but I am NOT I am I'm more

2467

01:48:14,390 --> 01:48:11,310

of a no I'm definitely not a Sumerian

2468

01:48:17,960 --> 01:48:14,400

scholar but there's another dr. Michael

2469

01:48:21,260 --> 01:48:17,970

Heizer who is now the score section has

2470

01:48:24,020 --> 01:48:21,270

passed a few years ago but hyzer is is

2471

01:48:27,620 --> 01:48:24,030

an expert in the Sumerian tablets and

2472

01:48:31,040 --> 01:48:27,630

has doctor doctorates in Sumerian

2473

01:48:35,360 --> 01:48:31,050

language I mean a Semitic languages i so

2474

01:48:38,630 --> 01:48:35,370

forth he when I read his stuff you know

2475

01:48:41,210 --> 01:48:38,640

he claims that Sitchin really doesn't

2476
01:48:42,830 --> 01:48:41,220
have any basis for what he believes he

2477
01:48:46,280 --> 01:48:42,840
says that the temesta pattani ins

2478
01:48:48,950 --> 01:48:46,290
actually left us a sort of a dictionary

2479
01:48:50,570 --> 01:48:48,960
so that we can we can look at and look

2480
01:48:52,430 --> 01:48:50,580
at the ancient writings and decipher

2481
01:48:54,790 --> 01:48:52,440
what exactly they met hmm

2482
01:48:58,280 --> 01:48:54,800
so he says you know the the his

2483
01:49:01,400 --> 01:48:58,290
Sitchin's view of Nibiru being the

2484
01:49:03,440 --> 01:49:01,410
planet yes and that the Anunnaki came

2485
01:49:06,670 --> 01:49:03,450
from them is all completely bogus as he

2486
01:49:09,230 --> 01:49:06,680
says it's not even a matter of of a

2487
01:49:11,360 --> 01:49:09,240
difference in translation it's simply

2488
01:49:12,980 --> 01:49:11,370

not even there so you know it's fun

2489

01:49:17,660 --> 01:49:12,990

reading well that's the thing you know

2490

01:49:20,120 --> 01:49:17,670

and the just through you know the biz I

2491

01:49:21,920 --> 01:49:20,130

met the person who runs Sitchin the

2492

01:49:23,840 --> 01:49:21,930

books till he died what maybe four or

2493

01:49:25,580 --> 01:49:23,850

five years ago yeah something like that

2494

01:49:28,430 --> 01:49:25,590

okay and how many books did he have it's

2495

01:49:30,920 --> 01:49:28,440

at least it doesn't yeah at least yeah

2496

01:49:33,320 --> 01:49:30,930

at least okay you would not if I told

2497

01:49:35,540 --> 01:49:33,330

you I don't even know but the number of

2498

01:49:38,150 --> 01:49:35,550

those books that sell every year every

2499

01:49:41,090 --> 01:49:38,160

month you had with Tomas believe me it's

2500

01:49:43,340 --> 01:49:41,100

it's huge he's still in depth he has an

2501
01:49:44,870 --> 01:49:43,350
enormous bestseller well you know a few

2502
01:49:47,180 --> 01:49:44,880
years ago there was another like I can't

2503
01:49:50,450 --> 01:49:47,190
recall the lady's name but she claimed

2504
01:49:53,840 --> 01:49:50,460
she was channeling the Zetas and his

2505
01:49:56,030 --> 01:49:53,850
ADA's were warning that the plant the

2506
01:49:58,130 --> 01:49:56,040
arrival of Planet X was eminent and

2507
01:50:00,080 --> 01:49:58,140
headed toward the earth and then you

2508
01:50:02,660 --> 01:50:00,090
know she even gave specific dates and of

2509
01:50:04,340 --> 01:50:02,670
course like every other

2510
01:50:06,950 --> 01:50:04,350
or every other profit throughout history

2511
01:50:11,689 --> 01:50:06,960
it fell through and we we somehow got

2512
01:50:14,150 --> 01:50:11,699
through it strange so so you know once

2513
01:50:16,880 --> 01:50:14,160

again so we're talking about yet the

2514

01:50:18,830 --> 01:50:16,890

largest UFO has ever been spotted I know

2515

01:50:20,240 --> 01:50:18,840

off in Newfoundland that whole gander

2516

01:50:22,970 --> 01:50:20,250

incident some of the people said that

2517

01:50:24,470 --> 01:50:22,980

thing was like one two miles long I mean

2518

01:50:28,100 --> 01:50:24,480

but there's never been anything like the

2519

01:50:30,740 --> 01:50:28,110

size of Mars right no but you remember a

2520

01:50:34,280 --> 01:50:30,750

while ago there was a shuttle mission I

2521

01:50:36,470 --> 01:50:34,290

think the S was a STS 75 okay where they

2522

01:50:38,660 --> 01:50:36,480

had set a satellite out and it was on a

2523

01:50:41,270 --> 01:50:38,670

long tether I mean miles long and it

2524

01:50:42,890 --> 01:50:41,280

broke and they you look at the film of

2525

01:50:46,100 --> 01:50:42,900

it and it looks like there's this giant

2526

01:50:48,709 --> 01:50:46,110

object moving behind the tether like a

2527

01:50:52,010 --> 01:50:48,719

dying a giant donut shaped object and it

2528

01:50:53,510 --> 01:50:52,020

caused all kinds of controversy I know

2529

01:50:54,020 --> 01:50:53,520

this right I've seen the pictures right

2530

01:50:58,580 --> 01:50:54,030

okay

2531

01:51:00,979 --> 01:50:58,590

illusion I dug on my archives I've got

2532

01:51:04,189 --> 01:51:00,989

an episode remember UFO Hunters was a

2533

01:51:06,979 --> 01:51:04,199

pretty good show the last episode of the

2534

01:51:09,650 --> 01:51:06,989

first season was on NASA files and it

2535

01:51:11,570 --> 01:51:09,660

shows some pretty interesting footage of

2536

01:51:13,729 --> 01:51:11,580

things that may be anomalous but they

2537

01:51:15,860 --> 01:51:13,739

demonstrated on the show that that

2538

01:51:17,600 --> 01:51:15,870

because of some kind of backlighting

2539

01:51:19,910 --> 01:51:17,610

because though the natural backlighting

2540

01:51:21,830 --> 01:51:19,920

in that situation and they reproduced it

2541

01:51:23,750 --> 01:51:21,840

in the laboratory it was all an optical

2542

01:51:26,330 --> 01:51:23,760

illusion the object actually was not

2543

01:51:27,709 --> 01:51:26,340

passing in back of the tether it was in

2544

01:51:30,290 --> 01:51:27,719

front of it and they would probably were

2545

01:51:31,550 --> 01:51:30,300

just ice particles Wow so that was a bit

2546

01:51:32,780 --> 01:51:31,560

of a disappointment because I thought

2547

01:51:35,030 --> 01:51:32,790

that that looked like it was really

2548

01:51:36,950 --> 01:51:35,040

something at first but they very clear

2549

01:51:38,959 --> 01:51:36,960

demonstration on that show that it was

2550

01:51:41,840 --> 01:51:38,969

in fact an optical illusion well let me

2551

01:51:45,770 --> 01:51:41,850

answer this question then Cobra 2 so if

2552

01:51:47,689 --> 01:51:45,780

it would this this edik that nASA has

2553

01:51:48,950 --> 01:51:47,699

what it also applied to everyone who was

2554

01:51:50,439 --> 01:51:48,960

on the space shuttle if they see

2555

01:51:54,140 --> 01:51:50,449

something don't say anything

2556

01:51:55,610 --> 01:51:54,150

well yeah I mean the no one likes to

2557

01:51:57,320 --> 01:51:55,620

talk about it but there were protocol

2558

01:51:59,180 --> 01:51:57,330

set up that if the astronauts were told

2559

01:52:01,250 --> 01:51:59,190

that they couldn't get them back under

2560

01:52:03,380 --> 01:52:01,260

in the Apollo program they had set up a

2561

01:52:05,270 --> 01:52:03,390

series of protocols in there and they

2562

01:52:07,729 --> 01:52:05,280

ain't carried life-ending

2563

01:52:09,200 --> 01:52:07,739

drugs with them so they didn't have to

2564

01:52:12,320 --> 01:52:09,210

experience like if they couldn't get

2565

01:52:14,570 --> 01:52:12,330

them back down yeah right they missed it

2566

01:52:16,430 --> 01:52:14,580

they have protocols or they had

2567

01:52:19,610 --> 01:52:16,440

protocols in place

2568

01:52:23,630 --> 01:52:19,620

to break the feeds if if things went

2569

01:52:27,590 --> 01:52:23,640

awry many women had that Denis no I

2570

01:52:30,020 --> 01:52:27,600

don't have the my the Martian yeah so

2571

01:52:32,479 --> 01:52:30,030

did that stuff exist

2572

01:52:35,000 --> 01:52:32,489

that's part of it and to just do a quick

2573

01:52:36,860 --> 01:52:35,010

sidestep this is why when the astronaut

2574

01:52:40,280 --> 01:52:36,870

hand comes over the camera or the

2575

01:52:42,110 --> 01:52:40,290

cameras go offline just about the time

2576
01:52:43,880 --> 01:52:42,120
when someone on the ground says it

2577
01:52:45,680 --> 01:52:43,890
doesn't that look like a foreign object

2578
01:52:47,060 --> 01:52:45,690
or that doesn't look like it belongs

2579
01:52:51,320 --> 01:52:47,070
there

2580
01:52:53,600 --> 01:52:51,330
it lends support to the to the folks

2581
01:52:58,430 --> 01:52:53,610
that believe that information is being

2582
01:53:02,570 --> 01:52:58,440
held that that the truth is out there to

2583
01:53:04,910 --> 01:53:02,580
use the X DX files wine and there's a

2584
01:53:07,720 --> 01:53:04,920
group of people self-appointed I can't

2585
01:53:09,020 --> 01:53:07,730
stress that particular point enough

2586
01:53:11,479 --> 01:53:09,030
self-appointed

2587
01:53:13,070 --> 01:53:11,489
okay they're gonna hold it back because

2588
01:53:15,410 --> 01:53:13,080

they don't think the rest of us little

2589

01:53:16,580 --> 01:53:15,420

drugs are pay your taxes

2590

01:53:18,410 --> 01:53:16,590

let us continue to do what we're doing

2591

01:53:20,660 --> 01:53:18,420

but you really don't need to know what's

2592

01:53:23,390 --> 01:53:20,670

going on maybe don't you think that's

2593

01:53:25,040 --> 01:53:23,400

the the opinion of the there are

2594

01:53:26,990 --> 01:53:25,050

throughout history the elites have

2595

01:53:29,120 --> 01:53:27,000

always looked at the great unwashed as

2596

01:53:31,280 --> 01:53:29,130

someone that doesn't need to know this

2597

01:53:32,750 --> 01:53:31,290

and they if they then the more that more

2598

01:53:36,260 --> 01:53:32,760

knowledge they have of these things

2599

01:53:39,200 --> 01:53:36,270

these these esoteric things or hard to

2600

01:53:42,590 --> 01:53:39,210

know things the more more powerful they

2601
01:53:44,209 --> 01:53:42,600
feel that's why you had such conflict

2602
01:53:46,760 --> 01:53:44,219
during the Renaissance because there was

2603
01:53:48,770 --> 01:53:46,770
a lot of very intelligent people who

2604
01:53:50,209 --> 01:53:48,780
didn't go along with the people who

2605
01:53:51,860 --> 01:53:50,219
thought they were really smart and they

2606
01:53:54,920 --> 01:53:51,870
started to reach out to the masses and

2607
01:53:57,770 --> 01:53:54,930
say art and philosophy is up for

2608
01:53:59,600 --> 01:53:57,780
everybody you can question what's going

2609
01:54:01,340 --> 01:53:59,610
on didn't the Catholic Church try to

2610
01:54:03,560 --> 01:54:01,350
prevent the Bible from being translated

2611
01:54:05,990 --> 01:54:03,570
into English or either or any language

2612
01:54:08,240 --> 01:54:06,000
yeah one of the great sins of that

2613
01:54:11,540 --> 01:54:08,250

Protestant King James that's correct

2614

01:54:14,810 --> 01:54:11,550

they go whoa that's the way that's the

2615

01:54:15,439 --> 01:54:14,820

one I read that's not their more words

2616

01:54:17,600 --> 01:54:15,449

than that one

2617

01:54:20,570 --> 01:54:17,610

the same thing happens in the world of

2618

01:54:25,470 --> 01:54:20,580

Islam there's a lot of push to ever have

2619

01:54:32,430 --> 01:54:25,480

the Koran not to be written in Arabic

2620

01:54:33,200 --> 01:54:32,440

so anyway hey Steven Reno so um so come

2621

01:54:36,240 --> 01:54:33,210

on please

2622

01:54:38,459 --> 01:54:36,250

well I'm just you know the discussion

2623

01:54:41,189 --> 01:54:38,469

made me think of the you know the moon

2624

01:54:43,229 --> 01:54:41,199

landings the big controversy like oh

2625

01:54:45,419 --> 01:54:43,239

they're all fake it's you know that the

2626

01:54:46,770 --> 01:54:45,429

flag moved and all this stuff right well

2627

01:54:49,530 --> 01:54:46,780

there's another another camp on the

2628

01:54:51,570 --> 01:54:49,540

complete opposite side it says like like

2629

01:54:53,970 --> 01:54:51,580

I think Richard Hoagland promotes some

2630

01:54:56,459 --> 01:54:53,980

of this where the astronauts saw all

2631

01:54:58,110 --> 01:54:56,469

kinds of stuff right that they couldn't

2632

01:55:02,030 --> 01:54:58,120

talk about and then even the suggestion

2633

01:55:04,590 --> 01:55:02,040

that some of them were manipulated I

2634

01:55:08,459 --> 01:55:04,600

don't know if you call it an MKULTRA

2635

01:55:10,229 --> 01:55:08,469

move or whatever but made to forget some

2636

01:55:12,060 --> 01:55:10,239

of the things they had seen on the moon

2637

01:55:13,979 --> 01:55:12,070

that were quite spectacular let me ask

2638

01:55:16,729 --> 01:55:13,989

you this okay and I know I'm gonna sound

2639

01:55:21,959 --> 01:55:16,739

like you know beating a dead horse here

2640

01:55:25,350 --> 01:55:21,969

what just on the segment before this we

2641

01:55:28,169 --> 01:55:25,360

talked about how the guy who killed bin

2642

01:55:30,780 --> 01:55:28,179

Laden and from seeing tail in SEAL Team

2643

01:55:33,180 --> 01:55:30,790

six was on Howard Stern last week you

2644

01:55:33,390 --> 01:55:33,190

know pushing a book or something all

2645

01:55:36,330 --> 01:55:33,400

right

2646

01:55:38,430 --> 01:55:36,340

if someone and SEAL Team six and one of

2647

01:55:41,610 --> 01:55:38,440

the most you know classified missions or

2648

01:55:44,760 --> 01:55:41,620

what should be ever if he is on Howard

2649

01:55:47,010 --> 01:55:44,770

Stern some guy in NASA is gonna go to 60

2650

01:55:49,700 --> 01:55:47,020

minutes Time magazine New York Times and

2651

01:55:52,620 --> 01:55:49,710

they're gonna spill the beans on this

2652

01:55:54,540 --> 01:55:52,630

well some of them have you know you know

2653

01:55:57,450 --> 01:55:54,550

whether the name of the astronaut but

2654

01:55:59,160 --> 01:55:57,460

some have come forward and and talked

2655

01:56:01,020 --> 01:55:59,170

about some of the you know strange

2656

01:56:03,240 --> 01:56:01,030

things they've seen when they were in

2657

01:56:05,040 --> 01:56:03,250

flight and god I wish I could remember

2658

01:56:06,660 --> 01:56:05,050

the guys name but but I can see that I

2659

01:56:08,580 --> 01:56:06,670

know that they did see strange things on

2660

01:56:10,110 --> 01:56:08,590

the way and I think like one of them

2661

01:56:11,669 --> 01:56:10,120

something like follow them the whole way

2662

01:56:13,169 --> 01:56:11,679

and they thought it was just a period to

2663

01:56:15,110 --> 01:56:13,179

breathe and it turns out it was it so

2664

01:56:17,340 --> 01:56:15,120

that's yeah that stuff happens for sure

2665

01:56:18,840 --> 01:56:17,350

but I think that if they run the moon

2666

01:56:20,520 --> 01:56:18,850

and they see you know there were ancient

2667

01:56:22,140 --> 01:56:20,530

stretches there or something like that

2668

01:56:23,459 --> 01:56:22,150

or some kind of sign there was

2669

01:56:27,060 --> 01:56:23,469

civilization you couldn't keep that

2670

01:56:28,350 --> 01:56:27,070

secret you couldn't well you know

2671

01:56:29,970 --> 01:56:28,360

there's a I mean there is some

2672

01:56:32,150 --> 01:56:29,980

interesting footage there's one where

2673

01:56:34,530 --> 01:56:32,160

I'm trying I think he's maybe Apollo

2674

01:56:35,669 --> 01:56:34,540

maybe Apollo 8 when they were the first

2675

01:56:38,310 --> 01:56:35,679

one they went they went around the moon

2676

01:56:38,529 --> 01:56:38,320

before they actually landed there's in

2677

01:56:49,929 --> 01:56:38,539

the

2678

01:56:52,829 --> 01:56:49,939

like a small jet of smoke or something

2679

01:56:55,779 --> 01:56:52,839

comes out and that's allegedly a real

2680

01:56:57,429 --> 01:56:55,789

you know real piece of footage hard to

2681

01:57:00,309 --> 01:56:57,439

know I mean this is that's way before

2682

01:57:02,289 --> 01:57:00,319

CGI came in vogue right so well you know

2683

01:57:03,669 --> 01:57:02,299

in one of the astronauts I think at you

2684

01:57:06,279 --> 01:57:03,679

know which landing it was but his name

2685

01:57:07,869 --> 01:57:06,289

was Alan being right and he was like the

2686

01:57:10,179 --> 01:57:07,879

principal photographer he got off no

2687

01:57:11,619 --> 01:57:10,189

this is this story who knows he get you

2688

01:57:13,959 --> 01:57:11,629

know cut off the land he's walking

2689

01:57:15,429 --> 01:57:13,969

around on the moon he takes the camera

2690

01:57:17,379 --> 01:57:15,439

instead of taking pictures and he points

2691

01:57:19,989 --> 01:57:17,389

it directly into the Sun and he like

2692

01:57:21,969 --> 01:57:19,999

ruins this \$2,000,000 thing I remember

2693

01:57:23,919 --> 01:57:21,979

that I was before you know who's so

2694

01:57:25,929 --> 01:57:23,929

disappointed yeah and it because there

2695

01:57:28,299 --> 01:57:25,939

was no pictures were so much clearer

2696

01:57:30,099 --> 01:57:28,309

than that was the next Apollo mission

2697

01:57:31,779 --> 01:57:30,109

after the first landing why wasn't there

2698

01:57:33,699 --> 01:57:31,789

a background well yeah why wasn't there

2699

01:57:34,779 --> 01:57:33,709

back up number one thing and don't you

2700

01:57:36,759 --> 01:57:34,789

think that the first thing that would

2701
01:57:41,500 --> 01:57:36,769
said to this guy in camera on the moon

2702
01:57:46,599 --> 01:57:41,510
training is we don't always wonder hey

2703
01:57:48,189 --> 01:57:46,609
you know maybe there must have been a

2704
01:57:50,379 --> 01:57:48,199
little label on there please you know

2705
01:57:52,089 --> 01:57:50,389
you're not could not walk up tall

2706
01:57:58,089 --> 01:57:52,099
ladders with this and do not point it at

2707
01:57:59,020 --> 01:57:58,099
the Sun well hey ya know thanks a lot we

2708
01:58:00,579 --> 01:57:59,030
really appreciate it

2709
01:58:04,659 --> 01:58:00,589
anything going on up there in the world

2710
01:58:06,849 --> 01:58:04,669
of flakes no I don't I'm not trying to

2711
01:58:09,879 --> 01:58:06,859
get my talk together or the Mothman

2712
01:58:11,319 --> 01:58:09,889
festival at the last minute you know I'm

2713
01:58:13,719 --> 01:58:11,329

gonna do a kind of a one of these power

2714

01:58:27,039 --> 01:58:13,729

are you flying that talk are you going

2715

01:58:29,770 --> 01:58:27,049

to be in a t-shirt well negotiations

2716

01:58:32,049 --> 01:58:29,780

well I will be I'll be wearing it during

2717

01:58:34,149 --> 01:58:32,059

the event and I'm gonna get my mic

2718

01:58:35,649 --> 01:58:34,159

camera person to take some actually that

2719

01:58:37,539 --> 01:58:35,659

next I'm gonna go down in a couple of

2720

01:58:39,939 --> 01:58:37,549

weeks to Point Pleasant and the plan is

2721

01:58:42,339 --> 01:58:39,949

to get a picture of me and my my Mac

2722

01:58:44,619 --> 01:58:42,349

Maloney t-shirt gazing at the Mothman

2723

01:58:47,559 --> 01:58:44,629

sketch did you say he has a camera

2724

01:58:49,389 --> 01:58:47,569

person that Travis he's going on here so

2725

01:58:52,030 --> 01:58:49,399

here's the deal this one guy that is one

2726

01:58:53,440 --> 01:58:52,040

of our Mothman regulars so to speak he's

2727

01:58:56,230 --> 01:58:53,450

one of the few guys that can properly

2728

01:58:58,060 --> 01:58:56,240

work my camera without showing up he's

2729

01:59:00,280 --> 01:58:58,070

my camera guy okay he's they've been on

2730

01:59:02,080 --> 01:59:00,290

the space flight yeah then it's not a

2731

01:59:03,520 --> 01:59:02,090

better you know when you have it on so

2732

01:59:05,860 --> 01:59:03,530

when is the festival work on that when

2733

01:59:07,890 --> 01:59:05,870

is it what's the date third weekend in

2734

01:59:09,580 --> 01:59:07,900

September which is something like the

2735

01:59:12,190 --> 01:59:09,590

15th 16th

2736

01:59:14,470 --> 01:59:12,200

I want Sunday at noon and would you have

2737

01:59:18,010 --> 01:59:14,480

like 3,000 people been there last night

2738

01:59:19,570 --> 01:59:18,020

oh it was it was phenomenal yeah I could

2739

01:59:21,310 --> 01:59:19,580

barely move down there there were so

2740

01:59:24,310 --> 01:59:21,320

many pieces the model in festival right

2741

01:59:28,450 --> 01:59:24,320

in Point Pleasant West Virginia my

2742

01:59:31,630 --> 01:59:28,460

placement whispered 15 16 17 by the way

2743

01:59:33,670 --> 01:59:31,640

I also have my little bio I made up for

2744

01:59:35,560 --> 01:59:33,680

it it does happen to mention that you

2745

01:59:44,260 --> 01:59:35,570

can hear me weakly as a correspondent

2746

01:59:47,440 --> 01:59:44,270

yes on Mac Maloney's military expo yes I

2747

01:59:52,930 --> 01:59:47,450

2751

planted see yep this is there a b-52

2771

song called planet C yeah probably you

2772

02:00:51,580 --> 02:00:49,040

know it's the interesting big first

2773

02:00:53,920 --> 02:00:51,590

under the first one they found out there

2774

02:00:56,610 --> 02:00:53,930

okay next what they're really calling it

2775

02:00:59,970 --> 02:00:56,620

is planet nine which is perfect you know

2776

02:01:05,080 --> 02:00:59,980

like plan 9 from outer space right

2777

02:01:05,770 --> 02:01:05,090

edward played by Ed Wood right in the

2778

02:01:07,630 --> 02:01:05,780

movie yet

2779

02:01:09,820 --> 02:01:07,640

yeah Edward was that's another show baby

2780

02:01:11,260 --> 02:01:09,830

2783

02:01:19,270 --> 02:01:15,380

that I ran the planet Z song I've got

2784

02:01:21,640 --> 02:01:19,280

2785

02:01:23,440 --> 02:01:21,650

friend sitting in my easy chair I got no

2786

02:01:25,540 --> 02:01:23,450

friends but I really don't care

2787

02:01:28,240 --> 02:01:25,550

I don't remember birthdays I don't

2788

02:01:31,750 --> 02:01:28,250

remember names something one wants theme

2789

02:01:34,240 --> 02:01:31,760

song I love it released in 98 a new age

2790

02:01:40,030 --> 02:01:34,250

2791

02:01:41,920 --> 02:01:40,040

coffee the twos had channels II want to

2792

02:01:45,280 --> 02:01:41,930

run this all the way down to the air you

2793

02:01:48,930 --> 02:01:45,290

know general Z 50 pounds of coffee at a

2794

02:01:51,580 --> 02:01:48,940

time he gets down there fellate 11 bucks

2795

02:01:53,260 --> 02:01:51,590

that doesn't matter the fifty pounds

2796

02:01:57,310 --> 02:01:53,270

it's how long it lasts that's what we

2797

02:01:59,560 --> 02:01:57,320

get determined with donkey that's being

2798

02:02:01,510 --> 02:01:59,570

pulled by Warren felt that that's the

2799

02:02:03,400 --> 02:02:01,520

2800

02:02:05,560 --> 02:02:03,410
