1
00:00:05,869 --> 00:00:02,720
hello it's the weekend of Saturday

2
00:00:08,030 --> 00:00:05,879
August 5th and Sunday August 6 you are

3
00:00:10,430 --> 00:00:08,040
listening to inception Radio Network

4
00:00:14,289 --> 00:00:10,440
voice of the fringe majority mrs.

5
00:00:20,120 --> 00:00:17,570
there are no striking changes in your

6
00:00:23,390 --> 00:00:20,130
sky watch sky tonight gentle listeners

7
00:00:26,810 --> 00:00:23,400
but coming Monday August 7th we can look

8
00:00:29,509 --> 00:00:26,820
forward to the sturgeon moon if that

9
00:00:31,189 --> 00:00:29,519
sounds a tad fishy well it's just

10
00:00:33,319 --> 00:00:31,199
another one of those monikers we

11
00:00:36,020 --> 00:00:33,329
attached to various August full moons

12
00:00:39,470 --> 00:00:36,030
there's the Green Corn moon the gray

13
00:00:42,770 --> 00:00:39,480

moon this August moon the full moon a

14

00:00:46,010 --> 00:00:42,780

sturgeon moon falls August 7th at 18 11

15

00:00:48,619 --> 00:00:46,020

UTC to be precise which is during the

16

00:00:51,200 --> 00:00:48,629

daylight hours August 7th for us here in

17

00:00:54,650 --> 00:00:51,210

the United States at United States time

18

00:00:57,920 --> 00:00:54,660

zones full moon comes at 11 a.m. on

19

00:01:00,260 --> 00:00:57,930

that date and as usual earth sky org

20

00:01:01,819 --> 00:01:00,270

provides a bunch of graphs and charts so

21

00:01:04,579 --> 00:01:01,829

you can check out what your very own

22

00:01:07,130 --> 00:01:04,589

time for that is although tonight's moon

23

00:01:09,830 --> 00:01:07,140

and tomorrow night's moon will look full

24

00:01:12,500 --> 00:01:09,840

to the eye for us in the Americas we

25

00:01:14,870 --> 00:01:12,510

won't see that full moon at the instant

26

00:01:17,899 --> 00:01:14,880

it turns full because at that point it's

27

00:01:19,999 --> 00:01:17,909

going to be beneath our horizon in fact

28

00:01:22,100 --> 00:01:20,009

you have to be in the world's eastern

29

00:01:25,039 --> 00:01:22,110

hemisphere to see this month's moon when

30

00:01:27,080 --> 00:01:25,049

it is precisely full in that part of the

31

00:01:29,390 --> 00:01:27,090

world the full moon will be partially

32

00:01:32,020 --> 00:01:29,400

eclipsed by the Earth's dark shadow and

33

00:01:34,999 --> 00:01:32,030

that's the night of August 7th to 8th

34

00:01:37,999 --> 00:01:35,009

technically speaking the moon is only

35

00:01:41,390 --> 00:01:38,009

full for a fleeting moment when my moon

36

00:01:44,030 --> 00:01:41,400

is 180 degrees from the Sun in ecliptic

37

00:01:45,590 --> 00:01:44,040

longitude the worldwide map that you can

38

00:01:48,740 --> 00:01:45,600

find later will show you day and night

39

00:01:50,840 --> 00:01:48,750

sides of the world at that instant to

40

00:01:53,060 --> 00:01:50,850

reiterate you have to be on the

41

00:01:55,490 --> 00:01:53,070

nighttime side of the world to see the

42

00:01:57,530 --> 00:01:55,500

moon at the exact instant it turns full

43

00:01:59,660 --> 00:01:57,540

Oh sounds like a road trip

44

00:02:02,600 --> 00:01:59,670

if the moon turns full during the

45

00:02:05,719 --> 00:02:02,610

daylight hours as this August 2017 moon

46

00:02:08,169 --> 00:02:05,729

does in North and South America then the

47

00:02:10,820 --> 00:02:08,179

moon is below your horizon

48

00:02:12,559 --> 00:02:10,830

astronomically speaking those in north

49

00:02:14,090 --> 00:02:12,569

and south america will be watching an

50

00:02:15,860 --> 00:02:14,100

almost full whack

51
00:02:18,770 --> 00:02:15,870
Tsing gibbous moon on the night of

52
00:02:21,050 --> 00:02:18,780
August 6th to the seventh and an almost

53
00:02:24,260 --> 00:02:21,060
full waning gibbous moon on the night of

54
00:02:26,510 --> 00:02:24,270
August 7th to 8th everyone around the

55
00:02:29,000 --> 00:02:26,520
world however will see a full looking

56
00:02:32,480 --> 00:02:29,010
moon in the east at dusk or nightfall on

57
00:02:35,060 --> 00:02:32,490
August 6th and 7th highest up for the

58
00:02:38,210 --> 00:02:35,070
night around midnight sitting low in the

59
00:02:40,070 --> 00:02:38,220
West at dawn the moon stays more or less

60
00:02:42,290 --> 00:02:40,080
opposite the Sun for the duration of the

61
00:02:44,960 --> 00:02:42,300
night after darkness falls for the next

62
00:02:45,380 --> 00:02:44,970
few days in fact so here's the bottom

63
00:02:47,600 --> 00:02:45,390

line

64

00:02:49,550 --> 00:02:47,610

although tonight's moon and tomorrow

65

00:02:52,310 --> 00:02:49,560

night's moon will look full to the eye

66

00:02:55,070 --> 00:02:52,320

for us in the Americas we won't see the

67

00:02:59,000 --> 00:02:55,080

moon at the instant it turns full nope

68

00:03:01,580 --> 00:02:59,010

it's below the horizon let's go off the

69

00:03:04,400 --> 00:03:01,590

beaten path across a lot of deserts and

70

00:03:07,610 --> 00:03:04,410

whoa look what's ahead of us the Great

71

00:03:10,010 --> 00:03:07,620

Pyramid of Giza here's a headline Great

72

00:03:13,370 --> 00:03:10,020

Pyramid of Giza could be hiding for

73

00:03:16,850 --> 00:03:13,380

thousand-year-old secret this is from

74

00:03:18,590 --> 00:03:16,860

the New York Post be aware that Great

75

00:03:20,480 --> 00:03:18,600

Pyramid could be about to give up a

76

00:03:24,110 --> 00:03:20,490

secret that has been hiding for more

77

00:03:25,700 --> 00:03:24,120

than 4,000 years experts think they're

78

00:03:28,040 --> 00:03:25,710

on the verge of solving a mystery about

79

00:03:31,070 --> 00:03:28,050

this awe-inspiring wonder of the ancient

80

00:03:34,370 --> 00:03:31,080

world scientists believe there is a

81

00:03:36,230 --> 00:03:34,380

hidden recess lurking within the Great

82

00:03:38,900 --> 00:03:36,240

Pyramid and they could be about to

83

00:03:42,050 --> 00:03:38,910

pinpoint exactly where that is also

84

00:03:44,990 --> 00:03:42,060

known as the Khufu pyramid the gigantic

85

00:03:47,720 --> 00:03:45,000

structure was completed in around 2560

86

00:03:51,170 --> 00:03:47,730

BC although of course that is not

87

00:03:53,900 --> 00:03:51,180

without controversy and stood about 479

88

00:03:56,120 --> 00:03:53,910

feet high making it the tallest man-made

89

00:04:00,140 --> 00:03:56,130

structure in the world for more than

90

00:04:03,290 --> 00:04:00,150

3,800 years now a team working on a

91

00:04:05,360 --> 00:04:03,300

project called scan pyramids is about to

92

00:04:08,240 --> 00:04:05,370

use two techniques known as infrared

93

00:04:10,040 --> 00:04:08,250

thermography and mu ography in an

94

00:04:12,740 --> 00:04:10,050

attempt to uncover the secrets of this

95

00:04:14,930 --> 00:04:12,750

hidden chamber thermography is a

96

00:04:17,900 --> 00:04:14,940

scanning technique that detects the heat

97

00:04:20,479 --> 00:04:17,910

given off by objects while MU ography

98

00:04:23,540 --> 00:04:20,489

picks up particles called muons that are

99

00:04:26,330 --> 00:04:23,550

produced when cosmic rays smash into the

100

00:04:27,650 --> 00:04:26,340

Earth's atmosphere mu ography was used

101
00:04:29,960 --> 00:04:27,660
to find hidden tunnels

102
00:04:32,090 --> 00:04:29,970
inside the bent pyramid which was given

103
00:04:35,180 --> 00:04:32,100
its name due to the wonky shape of its

104
00:04:37,250 --> 00:04:35,190
structure quote all the devices we put

105
00:04:39,800 --> 00:04:37,260
in place are designed to find where the

106
00:04:42,320 --> 00:04:39,810
cavity is located we know there is one

107
00:04:42,770 --> 00:04:42,330
but we're trying to find out where and

108
00:04:45,230 --> 00:04:42,780
quotes

109
00:04:48,080 --> 00:04:45,240
that's from Metis to you be president of

110
00:04:51,950 --> 00:04:48,090
the HIPAA which is heading the scan

111
00:04:54,650 --> 00:04:51,960
pyramids project in the 200 years since

112
00:04:56,600 --> 00:04:54,660
Napoleon Bonaparte landed in Egypt with

113
00:04:59,300 --> 00:04:56,610

a retinue of scholars who laid the

114

00:05:02,090 --> 00:04:59,310

groundwork for modern Egyptology in fact

115

00:05:03,530 --> 00:05:02,100

experts have used science to unlock the

116

00:05:06,410 --> 00:05:03,540

secrets of the country's ancient

117

00:05:08,360 --> 00:05:06,420

treasures in the 21st century the

118

00:05:10,550 --> 00:05:08,370

scientists have been using electronic

119

00:05:13,130 --> 00:05:10,560

devices and chemical testing to date

120

00:05:15,890 --> 00:05:13,140

artifacts chemical testing still

121

00:05:17,870 --> 00:05:15,900

requires small samples but advanced

122

00:05:20,390 --> 00:05:17,880

techniques coming into use are meant to

123

00:05:22,970 --> 00:05:20,400

be non-invasive so as not to damage

124

00:05:25,130 --> 00:05:22,980

these precious ancient relics the

125

00:05:27,920 --> 00:05:25,140

scanned pyramids project is among the

126

00:05:31,490 --> 00:05:27,930

most ambitious of projects to demystify

127

00:05:33,230 --> 00:05:31,500

the Khufu pyramid near Cairo the only

128

00:05:36,050 --> 00:05:33,240

surviving monument from the ancient

129

00:05:38,000 --> 00:05:36,060

seven wonders of the world the project

130

00:05:40,460 --> 00:05:38,010

had announced last October that the

131

00:05:43,220 --> 00:05:40,470

massive pyramid may contain undiscovered

132

00:05:46,340 --> 00:05:43,230

recesses it's not clear what these

133

00:05:48,140 --> 00:05:46,350

recesses contain if anything at all but

134

00:05:50,450 --> 00:05:48,150

the technology being used could mean

135

00:05:53,930 --> 00:05:50,460

that archaeologists will soon be peering

136

00:05:56,450 --> 00:05:53,940

inside an ancient Egyptian time capsule

137

00:05:58,280 --> 00:05:56,460

in the not-too-distant future the

138

00:06:00,470 --> 00:05:58,290

results obtained by scanned pyramids

139

00:06:03,620 --> 00:06:00,480

will then be compared with infrared and

140

00:06:05,480 --> 00:06:03,630

3d images some archaeologists have

141

00:06:08,210 --> 00:06:05,490

pinned hopes on the sophisticated

142

00:06:10,690 --> 00:06:08,220

technology to locate the burial place in

143

00:06:14,360 --> 00:06:10,700

fact of the legendary Queen Nefertiti

144

00:06:17,270 --> 00:06:14,370

the wife of King Akhenaten who initiated

145

00:06:19,880 --> 00:06:17,280

a monotheistic cult in ancient Egypt

146

00:06:20,690 --> 00:06:19,890

Nefertiti remains an enigma best known

147

00:06:22,760 --> 00:06:20,700

for a bust

148

00:06:25,730 --> 00:06:22,770

depicting her that's now on exhibition

149

00:06:28,310 --> 00:06:25,740

in Berlin's Neues Museum a British

150

00:06:30,380 --> 00:06:28,320

Egyptologist Nicholas Reeves believes

151

00:06:32,810 --> 00:06:30,390

her remains were hidden in a secret

152

00:06:35,960 --> 00:06:32,820

chamber in the tomb of Tutankhamun in

153

00:06:38,210 --> 00:06:35,970

the southern Valley of the Kings in 2015

154

00:06:39,830 --> 00:06:38,220

archaeologists scanned that tomb with

155

00:06:41,450 --> 00:06:39,840

radar hoping for clues

156

00:06:43,310 --> 00:06:41,460

both Nicholas

157

00:06:45,760 --> 00:06:43,320

Reeves theory and the inconclusive

158

00:06:49,100 --> 00:06:45,770

results have been dismissed by other

159

00:06:51,200 --> 00:06:49,110

Egyptologists and but of course enter

160

00:06:54,080 --> 00:06:51,210

former antiquities Minister is a he

161

00:06:56,660 --> 00:06:54,090

Hawass he said that an adept of the

162

00:06:58,820 --> 00:06:56,670

sun-god a tone would never have been

163

00:06:59,600 --> 00:06:58,830

allowed to be buried in the Valley of

164

00:07:02,350 --> 00:06:59,610

the Kings

165

00:07:04,850 --> 00:07:02,360

well we'll just have to stay tuned

166

00:07:07,010 --> 00:07:04,860

here's why we call it off the beaten

167

00:07:09,830 --> 00:07:07,020

path we're headed towards Southern

168

00:07:12,170 --> 00:07:09,840

California now where we find the

169

00:07:15,700 --> 00:07:12,180

headline California neighborhood claims

170

00:07:18,590 --> 00:07:15,710

a chupacabra has been stalking its pets

171

00:07:22,070 --> 00:07:18,600

we picked this up from San Francisco

172

00:07:24,260 --> 00:07:22,080

gate comm if some residents are to be

173

00:07:26,600 --> 00:07:24,270

believed the supernatural has been

174

00:07:28,730 --> 00:07:26,610

stalking box springs mountain this

175

00:07:30,950 --> 00:07:28,740

summer according to a Southern

176
00:07:33,320 --> 00:07:30,960
California news group yarn a few

177
00:07:36,470 --> 00:07:33,330
Riverside County residents have seen a

178
00:07:39,500 --> 00:07:36,480
mysterious hairless creature eyeing

179
00:07:42,800 --> 00:07:39,510
their pets but a said local carry shuker

180
00:07:46,610 --> 00:07:42,810
quote it was hunting my cat this wasn't

181
00:07:49,490 --> 00:07:46,620
a coyote by any means and quotes here's

182
00:07:53,180 --> 00:07:49,500
how the things been described quote ears

183
00:07:57,190 --> 00:07:53,190
of a deer long snout no hair and quotes

184
00:07:58,970 --> 00:07:57,200
and quote a tail like a rat and quotes

185
00:08:02,630 --> 00:07:58,980
characteristics that might sound

186
00:08:05,480 --> 00:08:02,640
familiar to cryptozoology fans although

187
00:08:07,610 --> 00:08:05,490
a well-established legend the chupacabra

188
00:08:09,560 --> 00:08:07,620

only got its name in the mid 90s when

189

00:08:11,150 --> 00:08:09,570

farmers in Puerto Rico reported a

190

00:08:14,600 --> 00:08:11,160

creature was killing their livestock

191

00:08:16,820 --> 00:08:14,610

draining it on blood the media soon

192

00:08:20,270 --> 00:08:16,830

dubbed the hairless doglike creature a

193

00:08:23,690 --> 00:08:20,280

chupacabra or goat sucker oh there was

194

00:08:24,980 --> 00:08:23,700

even that famous x-files episode over

195

00:08:27,890 --> 00:08:24,990

the years sightings have been reported

196

00:08:29,860 --> 00:08:27,900

all over the Caribbean and South and

197

00:08:33,050 --> 00:08:29,870

Central America with occasional

198

00:08:35,150 --> 00:08:33,060

chupacabras spotted as far north as the

199

00:08:38,510 --> 00:08:35,160

United States there were some famous

200

00:08:41,420 --> 00:08:38,520

cases in Texas Riverside area Tom

201
00:08:45,440 --> 00:08:41,430
Brundage theorized that the chupacabra

202
00:08:48,020 --> 00:08:45,450
he saw migrated from Mexico here's his

203
00:08:51,050 --> 00:08:48,030
quote it has a body like a chihuahua

204
00:08:54,270 --> 00:08:51,060
stretched out with a large thoracic

205
00:08:57,420 --> 00:08:54,280
cavity and it has huge hind leg

206
00:09:00,830 --> 00:08:57,430
and has a very narrow rat-like face with

207
00:09:04,800 --> 00:09:00,840
undulation Xin it more like a marsupial

208
00:09:07,620 --> 00:09:04,810
hmm rat like tail this broadcaster is

209
00:09:10,380 --> 00:09:07,630
thinking giant possum oh they don't get

210
00:09:12,120 --> 00:09:10,390
that big the real explanation for the

211
00:09:14,910 --> 00:09:12,130
riverside creature is as you might

212
00:09:17,790 --> 00:09:14,920
imagine probably less folkloric in

213
00:09:20,280 --> 00:09:17,800

nature hungry coyotes could be coming

214

00:09:22,920 --> 00:09:20,290

down into residential areas indeed

215

00:09:25,980 --> 00:09:22,930

looking for small pets to snatch up as

216

00:09:28,380 --> 00:09:25,990

food and if one is particularly munge

217

00:09:31,110 --> 00:09:28,390

stricken it could have a bit of an

218

00:09:33,180 --> 00:09:31,120

otherworldly look here's a quote from

219

00:09:35,490 --> 00:09:33,190

University of Michigan entomologist

220

00:09:39,120 --> 00:09:35,500

Barry O'Connor this is what he told

221

00:09:40,530 --> 00:09:39,130

National Geographic back in 2010 quote I

222

00:09:43,070 --> 00:09:40,540

don't think we need to look any further

223

00:09:45,930 --> 00:09:43,080

or to think that there's yet some other

224

00:09:48,560 --> 00:09:45,940

explanation for these observations and

225

00:09:50,880 --> 00:09:48,570

quotes he was speaking of munge and

226

00:09:53,850 --> 00:09:50,890

severe cases of mange caused by a

227

00:09:56,610 --> 00:09:53,860

parasite often cause hair loss shriveled

228

00:09:59,730 --> 00:09:56,620

infected skin and just a generally

229

00:10:02,280 --> 00:09:59,740

pitiful appearance it does not as this

230

00:10:04,850 --> 00:10:02,290

article notes however caused the famed

231

00:10:08,850 --> 00:10:04,860

blood sucking which is almost certainly

232

00:10:11,700 --> 00:10:08,860

legendary rather than fact Oh a chupa

233

00:10:14,850 --> 00:10:11,710

that's for sucking and capita of course

234

00:10:16,950 --> 00:10:14,860

is goat just saying here's some more

235

00:10:20,880 --> 00:10:16,960

cryptid coolness from the

236

00:10:24,150 --> 00:10:20,890

courier-journal calm headline aliens or

237

00:10:27,630 --> 00:10:24,160

owls the legend behind Kentucky's Kelly

238

00:10:29,940 --> 00:10:27,640

little green men days festival that's a

239

00:10:32,970 --> 00:10:29,950

mouthful this is written by Jeffrey Lee

240

00:10:36,750 --> 00:10:32,980

Puckett who takes us back in time to the

241

00:10:38,250 --> 00:10:36,760

night of August 21st 1955 the

242

00:10:41,130 --> 00:10:38,260

temperature would have been pushing 90

243

00:10:43,380 --> 00:10:41,140

and the old southern farmhouse in Kelly

244

00:10:46,080 --> 00:10:43,390

Kentucky was filled with family and

245

00:10:48,540 --> 00:10:46,090

friends a dusk one of those friends

246

00:10:50,880 --> 00:10:48,550

Billy Ray Taylor went outside to get

247

00:10:53,700 --> 00:10:50,890

water from the well and he saw a bright

248

00:10:56,820 --> 00:10:53,710

object shoot across the sky and into a

249

00:10:58,980 --> 00:10:56,830

nearby gully his breathless report was

250

00:11:02,130 --> 00:10:58,990

laughed off by the others inside the

251
00:11:04,710 --> 00:11:02,140
house but then the aliens crashed the

252
00:11:05,730 --> 00:11:04,720
party resulting in a one-sided battle

253
00:11:07,510 --> 00:11:05,740
where Taylor

254
00:11:10,510 --> 00:11:07,520
and various sudden came

255
00:11:12,760 --> 00:11:10,520
fired rifles and shotguns at what they

256
00:11:16,060 --> 00:11:12,770
described as short creatures with large

257
00:11:19,210 --> 00:11:16,070
heads and eyes long arms and claw-like

258
00:11:21,340 --> 00:11:19,220
hands if this rings a bell to you

259
00:11:24,010 --> 00:11:21,350
regular gentle listeners we covered this

260
00:11:26,590 --> 00:11:24,020
event long time back on way back

261
00:11:30,040 --> 00:11:26,600
Wednesday it tracks the way we remember

262
00:11:32,170 --> 00:11:30,050
it lawmen came from the city nearby of

263
00:11:34,810 --> 00:11:32,180

Hopkinsville they were recruited and

264

00:11:37,570 --> 00:11:34,820

found no evidence beyond bullet holes in

265

00:11:39,610 --> 00:11:37,580

various window screens after they left

266

00:11:42,160 --> 00:11:39,620

however the family later reported the

267

00:11:45,430 --> 00:11:42,170

little green men returned poked around

268

00:11:47,290 --> 00:11:45,440

the farmhouse until nearly sunup the

269

00:11:49,329 --> 00:11:47,300

Kelly Hopkinsville encounter is a

270

00:11:52,060 --> 00:11:49,339

favorite among ufologists and even

271

00:11:54,850 --> 00:11:52,070

played a role in the making of ET the

272

00:11:57,100 --> 00:11:54,860

extra-terrestrial and as you might have

273

00:12:00,280 --> 00:11:57,110

gathered it's also the inspiration for

274

00:12:04,329 --> 00:12:00,290

the Kelly little green man days festival

275

00:12:05,980 --> 00:12:04,339

held annually since 2011 this year's

276

00:12:09,010 --> 00:12:05,990

festival of course has an added

277

00:12:11,590 --> 00:12:09,020

component the full solar eclipse will

278

00:12:15,160 --> 00:12:11,600

arrive on the 62nd anniversary of the

279

00:12:17,680 --> 00:12:15,170

invasion and some wonder if the UFO will

280

00:12:23,050 --> 00:12:17,690

return under cover of darkness and that

281

00:12:25,590 --> 00:12:23,060

time of a returning 124 p.m. then again

282

00:12:28,840 --> 00:12:25,600

some wonder if anything happened at all

283

00:12:31,120 --> 00:12:28,850

quote well that's a good question end

284

00:12:32,740 --> 00:12:31,130

quote said frank brown president of the

285

00:12:34,750 --> 00:12:32,750

kelley community organization which

286

00:12:37,449 --> 00:12:34,760

stages the festival it's a fundraiser

287

00:12:41,470 --> 00:12:37,459

for community improvements he continues

288

00:12:43,269 --> 00:12:41,480

quote I think it's maybe 50 50 50 %

289

00:12:45,460 --> 00:12:43,279

think something did happen and 50

290

00:12:48,280 --> 00:12:45,470

percent just want to have fun and quotes

291

00:12:50,920 --> 00:12:48,290

the Kelly little green man Days Festival

292

00:12:52,990 --> 00:12:50,930

is August 18th through the 21st this

293

00:12:55,569 --> 00:12:53,000

year and it's just ten minutes outside

294

00:12:57,940 --> 00:12:55,579

of Hopkinsville near where the family

295

00:13:00,550 --> 00:12:57,950

may or may not have fought space

296

00:13:03,430 --> 00:13:00,560

invaders some experts think the family

297

00:13:05,579 --> 00:13:03,440

was battling owls others are convinced

298

00:13:08,199 --> 00:13:05,589

something extraordinary did happen that

299

00:13:11,620 --> 00:13:08,209

festival by the way normally draws three

300

00:13:13,510 --> 00:13:11,630

thousand people but this year mr. Brown

301
00:13:13,930 --> 00:13:13,520
is counting on nearly four times that

302
00:13:16,449 --> 00:13:13,940
amount

303
00:13:18,910 --> 00:13:16,459
the Hopkinsville area is expected to be

304
00:13:20,660 --> 00:13:18,920
flooded with between 100 and 200

305
00:13:23,480 --> 00:13:20,670
thousand eclipses

306
00:13:25,610 --> 00:13:23,490
sirs eager to experience the moment when

307
00:13:28,270 --> 00:13:25,620
the moon covers the Sun more completely

308
00:13:31,760 --> 00:13:28,280
than anywhere else on the planet

309
00:13:34,580 --> 00:13:31,770
interesting Hopkinsville Kentucky let's

310
00:13:37,280 --> 00:13:34,590
go from what may or may not have been

311
00:13:41,240 --> 00:13:37,290
hours in the Hopkinsville Kentucky to

312
00:13:44,390 --> 00:13:41,250
what may or may not be in Chicago here's

313
00:13:47,090 --> 00:13:44,400

the headline Chicago's Mothman stories

314

00:13:49,580 --> 00:13:47,100

are good too paranormal entertainment

315

00:13:52,580 --> 00:13:49,590

and yes there does seem to be that

316

00:13:55,700 --> 00:13:52,590

Mothman component to the Chicago

317

00:13:57,650 --> 00:13:55,710

strangeness this gets a byline for Ted

318

00:13:59,830 --> 00:13:57,660

Slovak he writes a column for the

319

00:14:02,540 --> 00:13:59,840

Chicago Tribune called the daily

320

00:14:05,930 --> 00:14:02,550

Southtown here's the story

321

00:14:07,480 --> 00:14:05,940

and he writes this first-person I love a

322

00:14:09,890 --> 00:14:07,490

good story about the paranormal

323

00:14:12,500 --> 00:14:09,900

Bachelor's Grove Cemetery in Bremen

324

00:14:16,130 --> 00:14:12,510

Township is famous for its ghost stories

325

00:14:18,590 --> 00:14:16,140

and in 2004 reports of three red lights

326

00:14:21,940 --> 00:14:18,600

hovering in the sky over Tinley Park

327

00:14:24,530 --> 00:14:21,950

excited UFO enthusiasts stories of

328

00:14:26,450 --> 00:14:24,540

extraterrestrials Bigfoot poltergeists

329

00:14:28,640 --> 00:14:26,460

and other phenomena make for

330

00:14:31,250 --> 00:14:28,650

entertaining yarns that stretch the

331

00:14:33,110 --> 00:14:31,260

boundaries of the imagination when I

332

00:14:36,350 --> 00:14:33,120

heard about recent alleged sightings of

333

00:14:39,170 --> 00:14:36,360

Mothman in Chicago I reacted with a

334

00:14:40,730 --> 00:14:39,180

healthy dose of skepticism for some

335

00:14:43,040 --> 00:14:40,740

willing to suspend disbelief

336

00:14:45,500 --> 00:14:43,050

the sightings portend an ominous tale of

337

00:14:49,520 --> 00:14:45,510

foreboding others may pass them off as

338

00:14:52,850 --> 00:14:49,530

pure fiction some say it looks like a

339

00:14:56,150 --> 00:14:52,860

large bat or owl others say it resembles

340

00:14:58,640 --> 00:14:56,160

a man in a wingsuit some say it's silent

341

00:15:01,490 --> 00:14:58,650

but others describe a sound like brakes

342

00:15:02,900 --> 00:15:01,500

screeching some people who claim to have

343

00:15:05,720 --> 00:15:02,910

seen the creature in Chicago recently

344

00:15:07,850 --> 00:15:05,730

reported it had glowing red eyes and

345

00:15:11,060 --> 00:15:07,860

they felt a sense of dread when they saw

346

00:15:12,980 --> 00:15:11,070

it here's something from lawn Strickler

347

00:15:15,590 --> 00:15:12,990

just a note here gentle listeners lawn

348

00:15:17,750 --> 00:15:15,600

Strickler a familiar name yep been a

349

00:15:20,060 --> 00:15:17,760

guest here on several shows on inception

350

00:15:22,970 --> 00:15:20,070

radio network and here's what he says

351

00:15:25,670 --> 00:15:22,980

quote I believe the witnesses are seeing

352

00:15:28,190 --> 00:15:25,680

something because the descriptions don't

353

00:15:30,590 --> 00:15:28,200

come here exactly I think there could be

354

00:15:34,010 --> 00:15:30,600

at least two or three different beings

355

00:15:34,580 --> 00:15:34,020

and quotes the more than 20 reports

356

00:15:37,550 --> 00:15:34,590

since

357

00:15:40,010 --> 00:15:37,560

Apryl of a quote wind humanoid end

358

00:15:42,460 --> 00:15:40,020

quotes spotted in Chicago are drawing

359

00:15:45,140 --> 00:15:42,470

comparisons to the Mothman legend

360

00:15:47,810 --> 00:15:45,150

journalist and UFO researcher John keel

361

00:15:50,750 --> 00:15:47,820

wrote the 1975 book the Mothman

362

00:15:52,550 --> 00:15:50,760

Prophecies which was made into a 2002

363

00:15:55,400 --> 00:15:52,560

movie starring Richard Gere and Laura

364

00:15:57,140 --> 00:15:55,410

Linney the book and movie were based on

365

00:16:00,410 --> 00:15:57,150

events that occurred in Point Pleasant

366

00:16:03,020 --> 00:16:00,420

West Virginia numerous people reported

367

00:16:05,300 --> 00:16:03,030

seeing a red eyed Mothman over the Ohio

368

00:16:09,020 --> 00:16:05,310

River before the bridge collapse in

369

00:16:12,290 --> 00:16:09,030

December the 15th 1967 which killed 46

370

00:16:14,450 --> 00:16:12,300

people now back to lon Strickler who

371

00:16:16,910 --> 00:16:14,460

chronicles reports of ghosts UFO

372

00:16:18,320 --> 00:16:16,920

sightings and other paranormal activity

373

00:16:21,260 --> 00:16:18,330

at his website

374

00:16:23,540 --> 00:16:21,270

phantoms and monsters he told this

375

00:16:25,880 --> 00:16:23,550

writer the recent alleged accounts of a

376

00:16:28,640 --> 00:16:25,890

creature spotted in Chicago represent

377

00:16:31,010 --> 00:16:28,650

the largest cluster of possible Mothman

378

00:16:34,250 --> 00:16:31,020

sightings in the 50 years since the

379

00:16:36,530 --> 00:16:34,260

Point Pleasant tragedy quote I cannot

380

00:16:39,440 --> 00:16:36,540

find any other grouping like this and

381

00:16:42,440 --> 00:16:39,450

quotes Strickler said Lon Strickler has

382

00:16:46,190 --> 00:16:42,450

chronicled 21 alleged Mothman sightings

383

00:16:49,040 --> 00:16:46,200

in Chicago this year the earliest was in

384

00:16:50,300 --> 00:16:49,050

Oz Park April 7th Lon Strickler said

385

00:16:50,960 --> 00:16:50,310

this sighting was reported to a

386

00:16:53,900 --> 00:16:50,970

colleague

387

00:16:56,390 --> 00:16:53,910

Manuel Nevada they at UFO clearing house

388

00:16:59,030 --> 00:16:56,400

a woman walking her dog claimed she

389

00:17:02,900 --> 00:16:59,040

encountered a creature standing in the

390

00:17:06,050 --> 00:17:02,910

park quote I saw a large man probably 7

391

00:17:08,690 --> 00:17:06,060

feet or taller standing on the ground it

392

00:17:10,790 --> 00:17:08,700

was solid black but what really stood

393

00:17:14,000 --> 00:17:10,800

out were they large and I do mean large

394

00:17:16,850 --> 00:17:14,010

pair of wings that were folded behind

395

00:17:18,260 --> 00:17:16,860

him and quotes the account said the

396

00:17:21,320 --> 00:17:18,270

creature looked at the woman before

397

00:17:23,540 --> 00:17:21,330

spreading its wings and flying off she

398

00:17:26,090 --> 00:17:23,550

said quote I felt like this thing could

399

00:17:28,100 --> 00:17:26,100

see right through me read me it knew

400

00:17:29,950 --> 00:17:28,110

what I was thinking like it could stare

401
00:17:32,570 --> 00:17:29,960
right into my very soul

402
00:17:35,960 --> 00:17:32,580
it was the most terrified I have ever

403
00:17:37,280 --> 00:17:35,970
been in my life and quotes most of the

404
00:17:40,070 --> 00:17:37,290
alleged sightings have occurred at night

405
00:17:42,230 --> 00:17:40,080
near water a man fishing with his son

406
00:17:44,780 --> 00:17:42,240
along the Little Calumet River in head

407
00:17:48,240 --> 00:17:44,790
Jewish Park reported seeing a man-sized

408
00:17:51,330 --> 00:17:48,250
black bird around 7:30 p.m.

409
00:17:55,200 --> 00:17:51,340
xxx another man with his six-year-old

410
00:17:58,020 --> 00:17:55,210
son in Calumet a p.m. May 5th reported a

411
00:18:00,480 --> 00:17:58,030
similar encounter fast forward to June

412
00:18:02,580 --> 00:18:00,490
23rd a man said he was with a group near

413
00:18:04,520 --> 00:18:02,590

Adler Planetarium when they saw

414

00:18:06,990 --> 00:18:04,530

something that looked like a large bat

415

00:18:09,780 --> 00:18:07,000

the most recent sighting allegedly

416

00:18:13,290 --> 00:18:09,790

occurred Monday during daylight about 5

417

00:18:15,060 --> 00:18:13,300

p.m. at Willis Tower a witness smoking a

418

00:18:17,580 --> 00:18:15,070

cigarette on the sidewalk outside a

419

00:18:20,220 --> 00:18:17,590

tavern reported looking up and seeing a

420

00:18:23,280 --> 00:18:20,230

human-like figure with large wings

421

00:18:25,710 --> 00:18:23,290

perched near the top of a building at

422

00:18:28,140 --> 00:18:25,720

some point of this object put out its

423

00:18:31,290 --> 00:18:28,150

wings dipped and swooped upward it

424

00:18:33,120 --> 00:18:31,300

seemed to then gain altitude a Strickler

425

00:18:35,580 --> 00:18:33,130

was asked about the credibility of

426

00:18:37,890 --> 00:18:35,590

reports if one accepts the reports as

427

00:18:41,210 --> 00:18:37,900

authentic could people be seeing a large

428

00:18:44,700 --> 00:18:41,220

owl a man in a wingsuit or a drone

429

00:18:46,290 --> 00:18:44,710

decorated to look like a monster said

430

00:18:48,690 --> 00:18:46,300

Strickler quote we've looked into

431

00:18:52,260 --> 00:18:48,700

everything people say it moves its head

432

00:18:54,720 --> 00:18:52,270

and its legs it acts like it's living if

433

00:18:57,450 --> 00:18:54,730

it was a suit it would need some kind of

434

00:18:58,140 --> 00:18:57,460

jet pack it's kind of got a propulsion

435

00:19:00,630 --> 00:18:58,150

to it

436

00:19:02,730 --> 00:19:00,640

they flaps its wings it accelerates end

437

00:19:03,990 --> 00:19:02,740

quotes one of the more convincing

438

00:19:08,310 --> 00:19:04,000

accounts is alleged to have occurred

439

00:19:10,340 --> 00:19:08,320

about 11:15 p.m. June 29th at 81st and

440

00:19:13,230 --> 00:19:10,350

Throop streets in the auburn gresham

441

00:19:15,600 --> 00:19:13,240

neighborhood lawn Strickler published an

442

00:19:17,970 --> 00:19:15,610

account allegedly received by Manuel

443

00:19:20,430 --> 00:19:17,980

Nevada a from a man claiming to be a

444

00:19:21,930 --> 00:19:20,440

Chicago police officer on routine patrol

445

00:19:24,750 --> 00:19:21,940

with his partner

446

00:19:26,190 --> 00:19:24,760

here's his account quote we were flagged

447

00:19:28,470 --> 00:19:26,200

down by a group of people who were

448

00:19:31,290 --> 00:19:28,480

pointing up to the top of an apartment

449

00:19:33,810 --> 00:19:31,300

building that was on the corner the man

450

00:19:35,970 --> 00:19:33,820

claiming to be an officer quote reported

451
00:19:38,310 --> 00:19:35,980
seeing a large creature with wings on

452
00:19:40,670 --> 00:19:38,320
top of the building they shined

453
00:19:43,260 --> 00:19:40,680
flashlights on it and it flew away

454
00:19:44,610 --> 00:19:43,270
people crowded around and said they had

455
00:19:46,940 --> 00:19:44,620
seen the creature flying over the

456
00:19:49,740 --> 00:19:46,950
neighborhood the two nights previous

457
00:19:51,810 --> 00:19:49,750
quote we were initially doubtful about

458
00:19:54,090 --> 00:19:51,820
filing a report because we thought we

459
00:19:56,669 --> 00:19:54,100
would be made fun of for seeing quote

460
00:19:58,950 --> 00:19:56,679
little green men and quotes we finally

461
00:20:02,220 --> 00:19:58,960
filed a report as we just didn't want to

462
00:20:04,200 --> 00:20:02,230
violate protocol is what the officers

463
00:20:05,820 --> 00:20:04,210

I checked with the Chicago Police

464

00:20:07,789 --> 00:20:05,830

Department to see if any reports were

465

00:20:10,289 --> 00:20:07,799

filed about the alleged auburn gresham

466

00:20:12,599 --> 00:20:10,299

incident or any other recent Mothman

467

00:20:14,879 --> 00:20:12,609

sightings and here's what a spokesman

468

00:20:17,340 --> 00:20:14,889

said quote our database did not reveal

469

00:20:21,749 --> 00:20:17,350

any reports or any incidents regarding

470

00:20:23,399 --> 00:20:21,759

the aforementioned end quotes I remain

471

00:20:25,649 --> 00:20:23,409

skeptical about the reported sightings

472

00:20:27,960 --> 00:20:25,659

of Mothman in Chicago but I find the

473

00:20:30,869 --> 00:20:27,970

accounts entertaining they remind me of

474

00:20:35,879 --> 00:20:30,879

Kolchak The Night Stalker that TV show

475

00:20:38,310 --> 00:20:35,889

that aired on ABC in 1974 to 1975 Darren

476

00:20:40,440 --> 00:20:38,320

McGavin starred as Carl Kolchak a

477

00:20:43,200 --> 00:20:40,450

newspaper reporter who investigated

478

00:20:47,310 --> 00:20:43,210

mysterious cases involving monsters and

479

00:20:50,369 --> 00:20:47,320

other strange Ness segue UFO stalker

480

00:20:53,970 --> 00:20:50,379

calm brings us this alien encounter in

481

00:20:56,909 --> 00:20:53,980

Melrose Park Illinois yep I will man

482

00:20:59,759 --> 00:20:56,919

sighting adjacent it's MUFON case number

483

00:21:02,759 --> 00:20:59,769

eight five six five three the date of

484

00:21:06,180 --> 00:21:02,769

this sighting is August 4th 2017 it got

485

00:21:10,379 --> 00:21:06,190

a same-day report in summary the witness

486

00:21:15,090 --> 00:21:10,389

says giant bat flew over us close

487

00:21:17,879 --> 00:21:15,100

viewing distance here 21 to 100 feet the

488

00:21:20,099 --> 00:21:17,889

altitude 500 feet or less sighting

489

00:21:23,820 --> 00:21:20,109

duration one-minute object features

490

00:21:27,749 --> 00:21:23,830

wings object flight path straight line

491

00:21:30,749 --> 00:21:27,759

path and the object shape other no

492

00:21:33,029 --> 00:21:30,759

weather here but here is the account I

493

00:21:36,869 --> 00:21:33,039

was coming out of best buy with my

494

00:21:40,019 --> 00:21:36,879

husband when I saw this thing fly over

495

00:21:43,950 --> 00:21:40,029

top of us and head west it was flying

496

00:21:46,409 --> 00:21:43,960

very fast and the wings were flapping as

497

00:21:47,909 --> 00:21:46,419

it flew away from us I reached for my

498

00:21:49,680 --> 00:21:47,919

phone but by the time I pulled it out

499

00:21:53,430 --> 00:21:49,690

and brought up the camera this thing had

500

00:21:55,680 --> 00:21:53,440

moved farther away I got one picture but

501
00:21:58,769 --> 00:21:55,690
I can't seem to submit it and then the

502
00:22:00,749 --> 00:21:58,779
thing moved out of sight from what I saw

503
00:22:04,440 --> 00:22:00,759
when it flew over it must have been at

504
00:22:07,379 --> 00:22:04,450
least six feet tall and had wings that

505
00:22:09,960 --> 00:22:07,389
must have been at least seven feet it

506
00:22:13,589 --> 00:22:09,970
was black in color but that was all I

507
00:22:15,840 --> 00:22:13,599
was able to see the photo is fuzzy and

508
00:22:19,200 --> 00:22:15,850
I'm not the greatest photographer in

509
00:22:20,730 --> 00:22:19,210
world yep and well it's not posted so

510
00:22:24,000 --> 00:22:20,740
we'll just move on

511
00:22:25,200 --> 00:22:24,010
in fact we'll move oh let's just go stay

512
00:22:28,650 --> 00:22:25,210
someplace else shall we

513
00:22:31,590 --> 00:22:28,660

how about a nightmarish clown motel next

514

00:22:33,659 --> 00:22:31,600

to a cemetery well you can not only stay

515

00:22:35,159 --> 00:22:33,669

there but if you are so inclined you can

516

00:22:37,740 --> 00:22:35,169

buy the place

517

00:22:40,470 --> 00:22:37,750

well we couldn't pass up this little bit

518

00:22:43,950 --> 00:22:40,480

of mirth it's again from that website

519

00:22:46,080 --> 00:22:43,960

San Francisco gate dot-com there isn't

520

00:22:48,779 --> 00:22:46,090

any byline but perhaps that's just as

521

00:22:51,419 --> 00:22:48,789

well here's the story if your goal in

522

00:22:54,029 --> 00:22:51,429

life is to never sleep again we've got a

523

00:22:57,270 --> 00:22:54,039

real estate listing for you the famed

524

00:23:00,770 --> 00:22:57,280

clown motel that's its actual name in

525

00:23:03,570 --> 00:23:00,780

Tonopah Nevada is on the market for

526

00:23:06,960 --> 00:23:03,580

\$900,000 a real bargain for those in the

527

00:23:10,080 --> 00:23:06,970

market for a nightmare Factory the motel

528

00:23:12,330 --> 00:23:10,090

is covered in clowns from the lobby to

529

00:23:14,220 --> 00:23:12,340

the rooms there from the personal family

530

00:23:16,440 --> 00:23:14,230

collection of a man named Bob birch

531

00:23:19,320 --> 00:23:16,450

Shetty who has operated and owned the

532

00:23:21,270 --> 00:23:19,330

motel for twenty years he says I love

533

00:23:23,580 --> 00:23:21,280

clowns I've never had a problem with

534

00:23:25,409 --> 00:23:23,590

clowns and quotes of this broadcaster

535

00:23:29,399 --> 00:23:25,419

thinks surely this man has not read

536

00:23:30,930 --> 00:23:29,409

Stephen King's it Pennywise you if the

537

00:23:33,390 --> 00:23:30,940

clowns aren't enough to keep you up at

538

00:23:37,260 --> 00:23:33,400

night the motel is also popular with

539

00:23:40,590 --> 00:23:37,270

ghost hunters because next door is Tana

540

00:23:42,419 --> 00:23:40,600

Paz first town cemetery established soon

541

00:23:45,299 --> 00:23:42,429

after the town was settled by silver

542

00:23:48,360 --> 00:23:45,309

miners in the early 1900s the town

543

00:23:51,360 --> 00:23:48,370

boomed for a short while but when mining

544

00:23:54,149 --> 00:23:51,370

fell off in the 1920s the town started

545

00:23:59,370 --> 00:23:54,159

to empty today there are about 2,500

546

00:24:01,289 --> 00:23:59,380

residents and so so many clowns whoever

547

00:24:03,899 --> 00:24:01,299

takes over the clown motel must agree to

548

00:24:06,090 --> 00:24:03,909

keep its clowny spirit intact even if

549

00:24:08,520 --> 00:24:06,100

they do plan on renovations they must

550

00:24:11,039 --> 00:24:08,530
