2
00:00:08,150 --> 00:00:05,279

hello it's monday august 7th 2017. you

3
00:00:10,470 --> 00:00:08,160

are listening to inception radio network

4
00:00:15,270 --> 00:00:10,480

voice of the fringe majority this is

5
00:00:20,470 --> 00:00:17,269

so we've been having lots of talk about

6
00:00:23,349 --> 00:00:20,480

the moon moon monikers oh the sturgeon

7
00:00:25,910 --> 00:00:23,359

moon up there right now the moon is

8
00:00:28,550 --> 00:00:25,920

getting a lot of shall we say spotlight

9
00:00:30,630 --> 00:00:28,560

these days just two weeks before the

10
00:00:33,830 --> 00:00:30,640

much anticipated total eclipse of the

11
00:00:35,830 --> 00:00:33,840

sun august 21st the full moon will pass

12
00:00:38,549 --> 00:00:35,840

through the northern part of the earth's

13
00:00:40,950 --> 00:00:38,559

dark umbral shadow which will create a

14

00:00:42,709 --> 00:00:40,960

shallow eclipse of the moon visible in

15

00:00:44,950 --> 00:00:42,719

earth's eastern hemisphere

16

00:00:46,950 --> 00:00:44,960

as with any lunar eclipse the moon will

17

00:00:49,510 --> 00:00:46,960

sweep through the earth's shadow from

18

00:00:52,069 --> 00:00:49,520

west to east even as the moon travels

19

00:00:54,150 --> 00:00:52,079

across our sky from east to west any

20

00:00:56,869 --> 00:00:54,160

lunar eclipse can only happen at full

21

00:00:59,510 --> 00:00:56,879

moon when the moon is opposite or nearly

22

00:01:01,830 --> 00:00:59,520

opposite the sun in earth's sky that's

23

00:01:04,070 --> 00:01:01,840

the only time when it's possible for the

24

00:01:06,070 --> 00:01:04,080

moon to sail through the earth's shadow

25

00:01:08,149 --> 00:01:06,080

of course to watch this lunar eclipse

26
00:01:09,910 --> 00:01:08,159
you have to be located on the right side

27
00:01:12,310 --> 00:01:09,920
of our world while that eclipse is

28
00:01:14,070 --> 00:01:12,320
taking place here's how it works this

29
00:01:16,469 --> 00:01:14,080
eclipse will be visible during the

30
00:01:19,190 --> 00:01:16,479
evening hours after sunset tonight for

31
00:01:21,910 --> 00:01:19,200
most of africa and europe however far

32
00:01:24,390 --> 00:01:21,920
western africa and far western europe

33
00:01:26,870 --> 00:01:24,400
such as the united kingdom portugal and

34
00:01:29,270 --> 00:01:26,880
scandinavia will not see the partial

35
00:01:31,109 --> 00:01:29,280
umbral eclipse nope their moon rise

36
00:01:32,710 --> 00:01:31,119
comes after the event

37
00:01:35,670 --> 00:01:32,720
as viewed from much of europe and

38
00:01:38,390 --> 00:01:35,680

western africa the moon will actually be

39

00:01:41,510 --> 00:01:38,400

in eclipse as it rises in the east at

40

00:01:44,230 --> 00:01:41,520

sunset august 7th in eastern asia

41

00:01:45,830 --> 00:01:44,240

indonesia australia and new zealand the

42

00:01:48,710 --> 00:01:45,840

partial eclipse will occur in the

43

00:01:50,950 --> 00:01:48,720

morning hours before sunrise august 8th

44

00:01:53,429 --> 00:01:50,960

as for mid asia that would be india and

45

00:01:55,910 --> 00:01:53,439

western china the eclipse will happen at

46

00:01:59,350 --> 00:01:55,920

late night or around midnight between

47

00:02:01,749 --> 00:01:59,360

august 7th and 8th and bruce mcclure

48

00:02:04,550 --> 00:02:01,759

earthsky.org who wrote this article also

49

00:02:07,910 --> 00:02:04,560

provides links to wonderful charts very

50

00:02:09,990 --> 00:02:07,920

specific times for localities worldwide

51
00:02:12,550 --> 00:02:10,000
although most of the earth's western

52
00:02:15,589 --> 00:02:12,560
hemisphere won't see this partial umbral

53
00:02:18,470 --> 00:02:15,599
lunar eclipse this solar eclipse may we

54
00:02:21,030 --> 00:02:18,480
have a drum roll please is coming up one

55
00:02:23,350 --> 00:02:21,040
fortnight that's two weeks later we'll

56
00:02:24,949 --> 00:02:23,360
be visible from a very wide swath of the

57
00:02:26,869 --> 00:02:24,959
western hemisphere

58
00:02:29,430 --> 00:02:26,879
in particular the united states will

59
00:02:32,390 --> 00:02:29,440
enjoy a ringside seat as the rather

60
00:02:35,910 --> 00:02:32,400
narrow path of totality roughly 60 miles

61
00:02:37,990 --> 00:02:35,920
or 100 kilometers wide will swing all

62
00:02:40,630 --> 00:02:38,000
the way across the continental united

63
00:02:42,949 --> 00:02:40,640

states from the united states west coast

64

00:02:46,630 --> 00:02:42,959

to the united states east coast during

65

00:02:48,710 --> 00:02:46,640

daylight hours august 21st 2017.

66

00:02:51,110 --> 00:02:48,720

bottom line you have to be on the

67

00:02:53,190 --> 00:02:51,120

nighttime side of the world in this case

68

00:02:55,430 --> 00:02:53,200

the earth's eastern hemisphere to

69

00:02:58,070 --> 00:02:55,440

witness the partial umbral eclipse of

70

00:03:00,309 --> 00:02:58,080

the august 2017 full moon that's tonight

71

00:03:02,470 --> 00:03:00,319

and tomorrow night the southern portion

72

00:03:05,030 --> 00:03:02,480

of the full moon will dip into the

73

00:03:10,390 --> 00:03:05,040

earth's dark umbral shadow for nearly

74

00:03:13,830 --> 00:03:10,400

two hours from 1723 to 1918 utc august

75

00:03:16,390 --> 00:03:13,840

7th 2017. and nope gentle listeners the

76

00:03:18,869 --> 00:03:16,400

americas will not be in a position to

77

00:03:21,350 --> 00:03:18,879

see this event but we're just betting

78

00:03:22,309 --> 00:03:21,360

you can find plenty of video online

79

00:03:25,430 --> 00:03:22,319

later

80

00:03:27,509 --> 00:03:25,440

since this is the ufo headline news here

81

00:03:29,990 --> 00:03:27,519

on inception radio network let's just

82

00:03:32,949 --> 00:03:30,000

jump into this wonderful article about

83

00:03:34,710 --> 00:03:32,959

ufos written by cheryl cost a journalist

84

00:03:37,910 --> 00:03:34,720

and author and she writes this for the

85

00:03:42,149 --> 00:03:37,920

new syracuse times here's her headline

86

00:03:43,990 --> 00:03:42,159

ufos and the edge of reality

87

00:03:45,670 --> 00:03:44,000

she writes it in first person so that's

88

00:03:47,750 --> 00:03:45,680

how we're going to read it

89

00:03:50,070 --> 00:03:47,760

since the release of my book ufo

90

00:03:51,589 --> 00:03:50,080

sightings desk reference numerous media

91

00:03:54,390 --> 00:03:51,599

interviewers have asked me about the

92

00:03:55,430 --> 00:03:54,400

wide diversity of ufo appearances or

93

00:03:57,910 --> 00:03:55,440

shapes

94

00:04:00,869 --> 00:03:57,920

i keep hearing the questions about why

95

00:04:02,470 --> 00:04:00,879

there are so many different shapes

96

00:04:04,070 --> 00:04:02,480

i've had to keep my answers simple at

97

00:04:06,869 --> 00:04:04,080

the risk of overwhelming the

98

00:04:09,270 --> 00:04:06,879

interviewers with the topic of ufos and

99

00:04:11,030 --> 00:04:09,280

that edge of reality

100

00:04:12,789 --> 00:04:11,040

it boils down to this

101

00:04:15,509 --> 00:04:12,799

most people tend to think of ufos as

102

00:04:17,509 --> 00:04:15,519

simply advanced spacecrafts just nuts

103

00:04:19,509 --> 00:04:17,519

and bolts technology

104

00:04:21,430 --> 00:04:19,519

if i mention an automobile you'll

105

00:04:23,990 --> 00:04:21,440

probably get a mental image of some

106

00:04:26,710 --> 00:04:24,000

classic car with wheels headlights

107

00:04:28,790 --> 00:04:26,720

windows and seats in the interior

108

00:04:31,510 --> 00:04:28,800

if we reference an aircraft most of us

109

00:04:34,230 --> 00:04:31,520

would visualize a long tube with wings

110

00:04:36,070 --> 00:04:34,240

and some sort of nacelles jet or piston

111

00:04:38,469 --> 00:04:36,080

for propulsion

112

00:04:41,270 --> 00:04:38,479

but if we bring up the subject of

113

00:04:43,510 --> 00:04:41,280

off-world spacecrafts most people would

114

00:04:46,310 --> 00:04:43,520

struggle to grasp an image

115

00:04:48,870 --> 00:04:46,320

their mental conception usually defaults

116

00:04:51,430 --> 00:04:48,880

to a saucer-shaped craft or something

117

00:04:52,710 --> 00:04:51,440

we've seen in a science fiction movie

118

00:04:55,189 --> 00:04:52,720

at issue

119

00:04:57,670 --> 00:04:55,199

is the fact that off-world civilizations

120

00:04:58,790 --> 00:04:57,680

might be thousands or millions of years

121

00:05:00,550 --> 00:04:58,800

ahead of us

122

00:05:02,550 --> 00:05:00,560

to quote peter mandeville an

123

00:05:05,510 --> 00:05:02,560

administrator for a facebook group

124

00:05:08,390 --> 00:05:05,520

called ufo reality quote their

125

00:05:09,749 --> 00:05:08,400

technology would be incomprehensible

126

00:05:12,070 --> 00:05:09,759

end quotes

127

00:05:14,070 --> 00:05:12,080

the late sir arthur c clarke british

128

00:05:16,550 --> 00:05:14,080

science fiction writer science writer

129

00:05:19,430 --> 00:05:16,560

and futurist stated the problem quite

130

00:05:22,710 --> 00:05:19,440

clearly quote any sufficiently advanced

131

00:05:25,430 --> 00:05:22,720

technology is indistinguishable from

132

00:05:27,830 --> 00:05:25,440

magic end quotes

133

00:05:30,550 --> 00:05:27,840

previously i suggested that contact with

134

00:05:33,430 --> 00:05:30,560

off-worlders seems to be in the realm of

135

00:05:34,950 --> 00:05:33,440

consciousness in my article about ce5

136

00:05:37,270 --> 00:05:34,960

protocols

137

00:05:39,430 --> 00:05:37,280

several readers objected and said it was

138

00:05:43,670 --> 00:05:39,440

imperative that communication be

139

00:05:45,990 --> 00:05:43,680

measurable with some sort of apparatus

140

00:05:48,710 --> 00:05:46,000

so we are confronted with the classic

141

00:05:51,990 --> 00:05:48,720

two-horn dilemma of analysis there are

142

00:05:54,710 --> 00:05:52,000

two points of view and interpretation

143

00:05:57,909 --> 00:05:54,720

academic study rational science

144

00:05:59,590 --> 00:05:57,919

philosophical mysticism non-rational

145

00:06:03,189 --> 00:05:59,600

consideration

146

00:06:05,110 --> 00:06:03,199

if the true nature of ufos teases us

147

00:06:07,749 --> 00:06:05,120

from beyond our conventional and

148

00:06:10,230 --> 00:06:07,759

rational comprehension perhaps it's time

149

00:06:13,390 --> 00:06:10,240

to start really accepting that the truth

150

00:06:16,469 --> 00:06:13,400

is undefinable and must be examined by

151

00:06:18,550 --> 00:06:16,479

non-rational means so if you are

152

00:06:20,950 --> 00:06:18,560

expecting an easily identifiable

153

00:06:23,430 --> 00:06:20,960

off-world craft with instruments and

154

00:06:25,590 --> 00:06:23,440

propulsion that you can relate to

155

00:06:27,110 --> 00:06:25,600

then perhaps the academic study is the

156

00:06:30,070 --> 00:06:27,120

right approach

157

00:06:31,270 --> 00:06:30,080

on the other hand what if this craft is

158

00:06:34,230 --> 00:06:31,280

sentient

159

00:06:36,070 --> 00:06:34,240

what if it is able to think for itself

160

00:06:38,710 --> 00:06:36,080

and can communicate with you with some

161

00:06:40,230 --> 00:06:38,720

sort of telepathy phenomena

162

00:06:42,629 --> 00:06:40,240

the science fiction television show

163

00:06:44,469 --> 00:06:42,639

forescape featured such an organic

164

00:06:46,230 --> 00:06:44,479

sentient ship

165

00:06:48,469 --> 00:06:46,240

what if the off-world occupants invite

166

00:06:50,950 --> 00:06:48,479

you to take a ride in their craft and

167

00:06:52,710 --> 00:06:50,960

they let you sit in the left seat the

168

00:06:54,790 --> 00:06:52,720

command chair

169

00:06:57,270 --> 00:06:54,800

then by simply placing your hand on a

170

00:06:59,670 --> 00:06:57,280

shiny melon-sized ball sitting on a

171

00:07:02,469 --> 00:06:59,680

pedestal you find that you can become

172

00:07:04,469 --> 00:07:02,479

one with the ship and it goes where you

173

00:07:06,550 --> 00:07:04,479

will it to go

174

00:07:08,390 --> 00:07:06,560

how can we rationally discuss this kind

175

00:07:11,110 --> 00:07:08,400

of technology

176

00:07:13,110 --> 00:07:11,120

in a pre-paradigmatic world rational

177

00:07:15,830 --> 00:07:13,120

science has been unable to define

178

00:07:17,990 --> 00:07:15,840

exactly what consciousness is or how it

179

00:07:20,710 --> 00:07:18,000

integrates with a living being

180

00:07:22,390 --> 00:07:20,720

yet philosophical mysticism can get you

181

00:07:25,189 --> 00:07:22,400

to a place where consciousness can be

182

00:07:27,430 --> 00:07:25,199

discussed without the dogmatic overtones

183

00:07:29,749 --> 00:07:27,440

that frequently bog down discussion of

184

00:07:31,830 --> 00:07:29,759

spirit and consciousness

185

00:07:33,830 --> 00:07:31,840

when i lived in a buddhist monastery we

186

00:07:37,510 --> 00:07:33,840

call these non-rational discussions

187

00:07:39,670 --> 00:07:37,520

monastic debates a monastic debate about

188

00:07:41,749 --> 00:07:39,680

quantum physics is a most interesting

189

00:07:44,390 --> 00:07:41,759

experience i assure you

190

00:07:47,110 --> 00:07:44,400

since the late 1960s modern science has

191

00:07:49,830 --> 00:07:47,120

for the most part washed its hands of

192

00:07:52,390 --> 00:07:49,840

the ufo phenomena why

193

00:07:54,869 --> 00:07:52,400

because as a friend of mine in australia

194

00:07:57,189 --> 00:07:54,879

likes to point out academic scientists

195

00:07:59,990 --> 00:07:57,199

really need to have an off-world craft

196

00:08:02,070 --> 00:08:00,000

to take apart and examine yet they don't

197

00:08:03,670 --> 00:08:02,080

have one at least to the best of our

198

00:08:06,070 --> 00:08:03,680

public knowledge

199

00:08:08,230 --> 00:08:06,080

without an off-world craft to study

200

00:08:11,189 --> 00:08:08,240

academic scientists don't want to risk

201
00:08:13,749 --> 00:08:11,199
the prestige credibility and funding

202
00:08:16,150 --> 00:08:13,759
that goes into big science

203
00:08:18,869 --> 00:08:16,160
add to that trying to understand ufos

204
00:08:21,270 --> 00:08:18,879
invariably leads down a rabbit hole and

205
00:08:23,589 --> 00:08:21,280
the dreaded path of non-rational

206
00:08:25,430 --> 00:08:23,599
philosophical mysticism

207
00:08:28,629 --> 00:08:25,440
perhaps it's time for the well-trained

208
00:08:30,230 --> 00:08:28,639
mystics to take a crack at the ufo

209
00:08:33,110 --> 00:08:30,240
problem

210
00:08:34,469 --> 00:08:33,120
fascinating concept much to ponder from

211
00:08:36,870 --> 00:08:34,479
cheryl costa

212
00:08:39,430 --> 00:08:36,880
from upstate new york it's not too far

213
00:08:42,550 --> 00:08:39,440

to connecticut so let's go to this

214

00:08:44,070 --> 00:08:42,560

headline spike in ufo sightings reported

215

00:08:45,750 --> 00:08:44,080

in connecticut

216

00:08:49,509 --> 00:08:45,760

here's the sub headline there have been

217

00:08:51,509 --> 00:08:49,519

30 ufo sightings in connecticut in 2017.

218

00:08:53,269 --> 00:08:51,519

ten of those sightings were reported in

219

00:08:55,670 --> 00:08:53,279

july alone

220

00:08:57,110 --> 00:08:55,680

joe lipovich gets the byline here for

221

00:08:59,269 --> 00:08:57,120

the patch

222

00:09:02,150 --> 00:08:59,279

july was a big month for ufo sightings

223

00:09:04,389 --> 00:09:02,160

in the nutmeg state land of the steady

224

00:09:06,949 --> 00:09:04,399

habits according to the national ufo

225

00:09:09,269 --> 00:09:06,959

reporting center that's new fork

226

00:09:11,750 --> 00:09:09,279

there were 10 ufo sightings reported in

227

00:09:14,150 --> 00:09:11,760

connecticut during the month of july and

228

00:09:15,990 --> 00:09:14,160

that's reported by the way according to

229

00:09:18,630 --> 00:09:16,000

the organization that records ufo

230

00:09:21,350 --> 00:09:18,640

sightings nationwide there's been a 50

231

00:09:22,949 --> 00:09:21,360

percent spike in reports

232

00:09:25,670 --> 00:09:22,959

two of the reported sightings however

233

00:09:28,150 --> 00:09:25,680

were discredited by local police in

234

00:09:31,030 --> 00:09:28,160

clinton connecticut on july 2nd the

235

00:09:33,509 --> 00:09:31,040

report of a green sphere with white dots

236

00:09:36,310 --> 00:09:33,519

was reported but police confirmed the

237

00:09:37,990 --> 00:09:36,320

object to be lens flares interesting

238

00:09:40,150 --> 00:09:38,000

this must be a reference to some sort of

239

00:09:42,870 --> 00:09:40,160

photographic evidence as far as this

240

00:09:46,070 --> 00:09:42,880

broadcaster knows lens flares cannot be

241

00:09:48,790 --> 00:09:46,080

seen with just the lens of one's eyes

242

00:09:50,790 --> 00:09:48,800

and then on july 16th in groton what one

243

00:09:53,430 --> 00:09:50,800

person thought to be a row of five

244

00:09:56,470 --> 00:09:53,440

hook-shaped objects was later ruled by

245

00:09:58,710 --> 00:09:56,480

police to be skyriding aircraft

246

00:10:01,030 --> 00:09:58,720

the writer says now don't get us wrong

247

00:10:02,310 --> 00:10:01,040

we're not saying there are or aren't

248

00:10:04,150 --> 00:10:02,320

ufos

249

00:10:07,350 --> 00:10:04,160

here's an outtake from another sighting

250

00:10:08,949 --> 00:10:07,360

quote flew extremely low overhead and

251
00:10:09,910 --> 00:10:08,959
quotes wrote the reporter of this

252
00:10:13,509 --> 00:10:09,920
sighting

253
00:10:16,230 --> 00:10:13,519
quote silent craft absolutely no noise

254
00:10:18,389 --> 00:10:16,240
single red pink light on craft moved

255
00:10:20,150 --> 00:10:18,399
from east to west passed over my dad's

256
00:10:23,110 --> 00:10:20,160
house and the neighbor's house across

257
00:10:25,910 --> 00:10:23,120
the street while releasing four small

258
00:10:27,670 --> 00:10:25,920
red balls of light those balls of light

259
00:10:28,710 --> 00:10:27,680
turned and disappeared before they hit

260
00:10:30,630 --> 00:10:28,720
the ground

261
00:10:33,910 --> 00:10:30,640
they looked like firework embers the way

262
00:10:36,630 --> 00:10:33,920
they died out and the ufo disappeared

263
00:10:38,550 --> 00:10:36,640

behind the trees end quotes another ufo

264

00:10:40,230 --> 00:10:38,560

was spotted in manchester connecticut

265

00:10:43,269 --> 00:10:40,240

where the witness saw an orange

266

00:10:45,509 --> 00:10:43,279

spherical light a light that didn't move

267

00:10:48,870 --> 00:10:45,519

quote just one bright orange light

268

00:10:51,670 --> 00:10:48,880

visible not moving not twinkling very

269

00:10:53,509 --> 00:10:51,680

visible could not have been a planet

270

00:10:55,509 --> 00:10:53,519

did not change direction for the couple

271

00:10:57,350 --> 00:10:55,519

of minutes i could see it i tried to

272

00:10:58,870 --> 00:10:57,360

follow it while i was driving to assess

273

00:11:01,030 --> 00:10:58,880

what it could have been but it

274

00:11:02,790 --> 00:11:01,040

disappeared at some point and was not

275

00:11:04,790 --> 00:11:02,800

seen again

276

00:11:07,670 --> 00:11:04,800

overall sightings were reported in

277

00:11:09,990 --> 00:11:07,680

maradon manchester plainville graton

278

00:11:13,030 --> 00:11:10,000

this in case you're wondering what the

00:11:23,030 --> 00:11:20,240

national ufo reporting center is it's

283

00:11:25,269 --> 00:11:23,040

been around since 1974

284

00:11:27,750 --> 00:11:25,279

and it investigates ufo sightings and

285

00:11:30,550 --> 00:11:27,760

has put together a list of more than

286

00:11:32,630 --> 00:11:30,560

000 sightings from around the world you

287

00:11:35,509 --> 00:11:32,640

can catch up and read more about each of

00:11:48,389 --> 00:11:45,360

let's head from the new england state of

294

00:11:50,430 --> 00:11:48,399

connecticut to woodbridge virginia

295

00:11:52,710 --> 00:11:50,440

that's where mufon case number

296

00:11:54,710 --> 00:11:52,720

85697 took place

297

00:11:58,470 --> 00:11:54,720

it's a report dated from the 4th of

298

00:12:00,069 --> 00:11:58,480

august 2017 it was reported august 6th

299

00:12:02,389 --> 00:12:00,079

here's the summary

300

00:12:05,829 --> 00:12:02,399

while standing on my deck i noticed a

301
00:12:08,069 --> 00:12:05,839
very bright cylinder-like object fast

302
00:12:11,190 --> 00:12:08,079
not conventional aircraft

303
00:12:13,590 --> 00:12:11,200
had cell phone took pictures well there

304
00:12:16,790 --> 00:12:13,600
is a shot you can find it later just the

305
00:12:19,670 --> 00:12:16,800
click of a link at ufoheadlinenews.com

306
00:12:21,269 --> 00:12:19,680
in the category of citing specifics the

307
00:12:24,550 --> 00:12:21,279
viewing distance listed by the witness

308
00:12:27,350 --> 00:12:24,560
here is unknown the altitude over 500

309
00:12:30,629 --> 00:12:27,360
feet underneath cloud cover and later

310
00:12:33,190 --> 00:12:30,639
over 500 feet without that cloud cover

311
00:12:35,509 --> 00:12:33,200
the sighting duration was 10 minutes

312
00:12:38,069 --> 00:12:35,519
object features unknown

313
00:12:40,230 --> 00:12:38,079

object flight path straight line path

314

00:12:42,389 --> 00:12:40,240

and this object is reported to have been

315

00:12:44,710 --> 00:12:42,399

shaped like a cylinder

316

00:12:47,269 --> 00:12:44,720

the weather in woodbridge virginia went

317

00:12:50,790 --> 00:12:47,279

something like this maximum temperature

318

00:12:53,110 --> 00:12:50,800

89 degrees fahrenheit 32 degrees celsius

319

00:12:56,230 --> 00:12:53,120

minimum temperature 73 degrees

320

00:12:59,110 --> 00:12:56,240

fahrenheit 23 degrees celsius the

321

00:13:01,590 --> 00:12:59,120

visibility factors maximum mean and

322

00:13:04,230 --> 00:13:01,600

minimum they were all the same 10 miles

323

00:13:07,990 --> 00:13:04,240

16 kilometers and at the time of this

324

00:13:10,870 --> 00:13:08,000

event it was raining here's how it went

325

00:13:13,350 --> 00:13:10,880

while standing on my deck i noticed an

326

00:13:16,710 --> 00:13:13,360

extremely bright cylinder-like object

327

00:13:19,030 --> 00:13:16,720

moving very fast in the sky much faster

328

00:13:21,750 --> 00:13:19,040

than i have ever seen anything flying in

329

00:13:23,829 --> 00:13:21,760

the sky it caught my eye because it was

330

00:13:25,190 --> 00:13:23,839

very bright and because it had a

331

00:13:28,150 --> 00:13:25,200

cylinder shape

332

00:13:30,310 --> 00:13:28,160

it was moving fast and the backdrop was

333

00:13:32,150 --> 00:13:30,320

a clear blue sky

334

00:13:34,790 --> 00:13:32,160

this object was not a conventional

335

00:13:36,870 --> 00:13:34,800

aircraft in other words a plane

336

00:13:39,990 --> 00:13:36,880

i happened to have my cell phone in my

337

00:13:41,910 --> 00:13:40,000

hand and i took pictures of this object

338

00:13:43,910 --> 00:13:41,920

the object was very far away from my

339

00:13:45,190 --> 00:13:43,920

position and yet i could see this light

340

00:13:47,430 --> 00:13:45,200

clearly

341

00:13:49,509 --> 00:13:47,440

when looking at the photo please note

342

00:13:51,670 --> 00:13:49,519

there are two homes in the picture

343

00:13:54,069 --> 00:13:51,680

look at the home to the right and you

344

00:13:54,949 --> 00:13:54,079

will see two vent pipes sticking out the

345

00:13:57,590 --> 00:13:54,959

top

346

00:13:59,110 --> 00:13:57,600

the first pipe to your left well look

347

00:14:00,949 --> 00:13:59,120

straight up

348

00:14:03,590 --> 00:14:00,959

blow the picture up a little if you can

349

00:14:05,750 --> 00:14:03,600

and you'll see what i'm talking about

350

00:14:08,470 --> 00:14:05,760

this broadcaster indeed enlarged that

351
00:14:11,110 --> 00:14:08,480
photo as much as she could and yep

352
00:14:13,990 --> 00:14:11,120
there's a little something right to the

353
00:14:15,110 --> 00:14:14,000
side of that vent pipe it's little but

354
00:14:16,629 --> 00:14:15,120
it's there

355
00:14:19,110 --> 00:14:16,639
here's a little something from

356
00:14:21,189 --> 00:14:19,120
louisville kentucky mufon case number

357
00:14:22,949 --> 00:14:21,199
85658

358
00:14:25,189 --> 00:14:22,959
the date of the sighting and the report

359
00:14:27,269 --> 00:14:25,199
date are the same and that was august

360
00:14:29,430 --> 00:14:27,279
5th 2017.

361
00:14:30,949 --> 00:14:29,440
in summary here's what's offered by our

362
00:14:33,670 --> 00:14:30,959
reporting witness

363
00:14:37,350 --> 00:14:33,680

something glowing white ascending

364

00:14:39,189 --> 00:14:37,360

rapidly taking off and vanishing

365

00:14:40,790 --> 00:14:39,199

and humming

366

00:14:43,430 --> 00:14:40,800

the sighting specifics give a viewing

367

00:14:46,550 --> 00:14:43,440

distance unknown the altitude was over

368

00:14:48,550 --> 00:14:46,560

500 feet yep there was cloud cover that

369

00:14:49,430 --> 00:14:48,560

night the sighting duration was two

370

00:14:51,829 --> 00:14:49,440

minutes

371

00:14:54,310 --> 00:14:51,839

the object features are unknown the

372

00:14:56,310 --> 00:14:54,320

flight path was a straight line path and

373

00:14:59,269 --> 00:14:56,320

this object is reported to have been

374

00:15:01,750 --> 00:14:59,279

there isn't any reported here are the

sighting details however

391

00:15:39,829 --> 00:15:37,440

just minutes ago i was pulling up to my

392

00:15:41,590 --> 00:15:39,839

house which is located in a suburban

393

00:15:42,790 --> 00:15:41,600

neighborhood in southwest louisville

394

00:15:44,949 --> 00:15:42,800

kentucky

395

00:15:47,110 --> 00:15:44,959

i see what i first think is a bottle

396

00:15:48,790 --> 00:15:47,120

rocket or some kind of firework being

397

00:15:51,430 --> 00:15:48,800

shot into the sky

398

00:15:54,230 --> 00:15:51,440

before it briefly i mean not a fraction

399

00:15:56,470 --> 00:15:54,240

of a second before it ascended and

400

00:15:59,110 --> 00:15:56,480

vanished into the sky

401
00:16:00,949 --> 00:15:59,120
i don't know for sure but i believe

402
00:16:02,230 --> 00:16:00,959
something might have been stationed over

403
00:16:05,110 --> 00:16:02,240
my house

404
00:16:07,509 --> 00:16:05,120
there was a glowing white object and

405
00:16:10,069 --> 00:16:07,519
there was a faint hum sound

406
00:16:12,870 --> 00:16:10,079
this took off so fast in the blink of an

407
00:16:14,790 --> 00:16:12,880
eye i saw it then it was gone

408
00:16:17,030 --> 00:16:14,800
and now i'm hearing helicopters in the

409
00:16:19,910 --> 00:16:17,040
air but i can't see them

410
00:16:21,749 --> 00:16:19,920

2017.

426
00:17:01,990 --> 00:16:58,320
here's what the witness says in summary

427
00:17:04,390 --> 00:17:02,000
appeared to be playing with an f-16

428
00:17:05,990 --> 00:17:04,400
disk-like with lights

429
00:17:08,870 --> 00:17:06,000
the viewing distance in this case was

430
00:17:11,350 --> 00:17:08,880
101 to 500 feet

431
00:17:14,150 --> 00:17:11,360
the altitude over 500 feet no cloud

432
00:17:16,150 --> 00:17:14,160
cover the sighting duration one minute

433
00:17:18,710 --> 00:17:16,160
object features unknown

434
00:17:21,750 --> 00:17:18,720
object flight path straight line path

435
00:17:24,230 --> 00:17:21,760
object shape as we heard disk

436
00:17:27,270 --> 00:17:24,240
here's the short report

437
00:17:31,190 --> 00:17:27,280
i was emptying trash and i heard a very

438
00:17:33,830 --> 00:17:31,200

loud sound reverberating off the canyon

439

00:17:36,870 --> 00:17:33,840

i looked up and saw a disc

440

00:17:40,150 --> 00:17:36,880

and then i spotted an f-16 coming up on

441

00:17:44,230 --> 00:17:40,160

the disc as the f-16 got closer the disc

442

00:17:46,710 --> 00:17:44,240

made one movement miles very fast

443

00:17:48,070 --> 00:17:46,720

at that point the f-16 turned and headed

444

00:17:51,510 --> 00:17:48,080

towards it

445

00:17:53,350 --> 00:17:51,520

then i saw black helicopters trailing

446

00:17:55,029 --> 00:17:53,360

they all then headed behind the canyon

447

00:17:57,510 --> 00:17:55,039

and out of my sight

448

00:17:59,110 --> 00:17:57,520

this was very shocking very fast i

449

00:18:01,750 --> 00:17:59,120

couldn't believe nobody else in the

450

00:18:03,750 --> 00:18:01,760

neighboring areas heard it or saw it

451
00:18:07,830 --> 00:18:03,760
i witnessed the same lights on the peak

452
00:18:10,710 --> 00:18:07,840
at the mountain at night one week ago

453
00:18:12,390 --> 00:18:10,720
well what's going on over moab utah it

454
00:18:15,029 --> 00:18:12,400
sounds as if our witness has talked to

455
00:18:17,190 --> 00:18:15,039
others and he was the only witness well

456
00:18:21,190 --> 00:18:17,200
we'll see what shows up in further

457
00:18:23,350 --> 00:18:21,200
reports down the line at ufostalker.com

458
00:18:25,830 --> 00:18:23,360
let's go to auburn california not too

459
00:18:26,830 --> 00:18:25,840
far away from utah it's where mufon case

460
00:18:29,510 --> 00:18:26,840
number

461
00:18:33,190 --> 00:18:29,520
85422 happened this happened back in

462
00:18:37,270 --> 00:18:33,200
june on the 21st of 2017 it didn't get

463
00:18:39,750 --> 00:18:37,280

reported till july 28th 2017.

464

00:18:43,350 --> 00:18:39,760

here's the summary two bright lights

465

00:18:45,510 --> 00:18:43,360

hovered dimmed joined three more

466

00:18:47,110 --> 00:18:45,520

took off northward

467

00:18:49,190 --> 00:18:47,120

viewing distance here doesn't apply

468

00:18:52,549 --> 00:18:49,200

according to our witness the altitude

469

00:18:55,590 --> 00:18:52,559

was 500 feet or less and then ultimately

470

00:18:58,070 --> 00:18:55,600

over 500 feet and at the time of this

471

00:18:59,990 --> 00:18:58,080

event there wasn't any cloud cover over

472

00:19:02,470 --> 00:19:00,000

auburn california

473

00:19:04,390 --> 00:19:02,480

the sighting duration three minutes but

474

00:19:07,110 --> 00:19:04,400

in spite of that time the object

475

00:19:09,750 --> 00:19:07,120

features are just reported as none

476

00:19:12,310 --> 00:19:09,760

its flight path was hovering and then

477

00:19:15,750 --> 00:19:12,320

path and this object had a star-like

478

00:19:18,870 --> 00:19:15,760

shape it was hot the maximum temperature

479

00:19:21,750 --> 00:19:18,880

100 degrees fahrenheit 38 degrees

480

00:19:25,350 --> 00:19:21,760

celsius the minimum temperature was 71

481

00:19:27,350 --> 00:19:25,360

degrees fahrenheit 22 degrees celsius

482

00:19:30,310 --> 00:19:27,360

the visibility factors in this case were

483

00:19:31,990 --> 00:19:30,320

all the same the standard 10 miles 16

484

00:19:33,909 --> 00:19:32,000

kilometers

485

00:19:35,990 --> 00:19:33,919

here's the account first person in the

486

00:19:37,909 --> 00:19:36,000

words of our witness

487

00:19:39,190 --> 00:19:37,919

i was walking home with my partner from

488

00:19:42,230 --> 00:19:39,200

the store

489

00:19:44,710 --> 00:19:42,240

when i saw two very bright star-like

490

00:19:46,310 --> 00:19:44,720

objects lights in the sky

491

00:19:48,870 --> 00:19:46,320

upon looking further

492

00:19:50,950 --> 00:19:48,880

i noticed these lights were out of place

493

00:19:52,789 --> 00:19:50,960

compared to the constellations and the

494

00:19:54,070 --> 00:19:52,799

planets that we could see in the sky at

495

00:19:56,950 --> 00:19:54,080

the time

496

00:19:59,110 --> 00:19:56,960

we continued to watch these objects

497

00:20:01,590 --> 00:19:59,120

at first we assumed that these were

498

00:20:04,310 --> 00:20:01,600

aircraft of some kind but they didn't

499

00:20:06,230 --> 00:20:04,320

move there was no body mass

500

00:20:08,390 --> 00:20:06,240

as i could see other stars around the

501
00:20:10,230 --> 00:20:08,400
two bright points

502
00:20:13,110 --> 00:20:10,240
around two minutes later we witnessed

503
00:20:15,430 --> 00:20:13,120
both bright lights fade this took place

504
00:20:16,789 --> 00:20:15,440
over the course of only about 10 to 15

505
00:20:18,950 --> 00:20:16,799
seconds

506
00:20:20,470 --> 00:20:18,960
once these objects faded to what we

507
00:20:21,590 --> 00:20:20,480
would say was the brightness of a

508
00:20:24,870 --> 00:20:21,600
satellite

509
00:20:27,110 --> 00:20:24,880
we witnessed three more lights of that

510
00:20:28,230 --> 00:20:27,120
same brightness they joined them out of

511
00:20:30,950 --> 00:20:28,240
nowhere

512
00:20:33,590 --> 00:20:30,960
these lights swirled around changed

513
00:20:36,070 --> 00:20:33,600

positions and then very quickly faster

514

00:20:38,070 --> 00:20:36,080

than any satellite we've ever watched

515

00:20:39,990 --> 00:20:38,080

they took off northward

516

00:20:42,230 --> 00:20:40,000

we watched them until they were too far

517

00:20:44,710 --> 00:20:42,240

away for us to see

518

00:20:49,190 --> 00:20:44,720

let's go to the state of arizona city of

519

00:20:51,190 --> 00:20:49,200

sedona mufon case number 855

520

00:20:56,230 --> 00:20:51,200

the date of this sighting was the 26th

521

00:20:57,590 --> 00:20:56,240

of july 2017. it was reported july 31st

522

00:20:59,350 --> 00:20:57,600

here's the summary

523

00:21:01,510 --> 00:20:59,360

capturing rainbow

524

00:21:05,430 --> 00:21:01,520

found object in the photo

525

00:21:07,909 --> 00:21:05,440

no objects in frame before or after

526

00:21:10,470 --> 00:21:07,919

yep there is a photo you can find it

527

00:21:12,630 --> 00:21:10,480

later at ufoheadlinenews.com

528

00:21:15,270 --> 00:21:12,640

do your own analysis

529

00:21:17,510 --> 00:21:15,280

lots of unknowns in the citing specifics

530

00:21:19,510 --> 00:21:17,520

the viewing distance is unknown the

531

00:21:22,710 --> 00:21:19,520

altitude is unknown the sighting

532

00:21:24,870 --> 00:21:22,720

duration was five minutes but the object

533

00:21:27,430 --> 00:21:24,880

features and the object's flight path

534

00:21:30,630 --> 00:21:27,440

well they're both unknown ah but the

535

00:21:32,789 --> 00:21:30,640

object shape that's known it was disc

536

00:21:35,590 --> 00:21:32,799

at the time of this event in sedona

537

00:21:38,070 --> 00:21:35,600

arizona the maximum temperature rather

538

00:21:40,870 --> 00:21:38,080

cool for the desert 87 degrees

539

00:21:43,990 --> 00:21:40,880

fahrenheit 31 degrees celsius minimum

540

00:21:45,510 --> 00:21:44,000

temperature 64 degrees fahrenheit 18

541

00:21:47,830 --> 00:21:45,520

degrees celsius

542

00:21:50,310 --> 00:21:47,840

standard visibility factors for the

543

00:21:53,830 --> 00:21:50,320

maximum the mean and the minimum they

544

00:21:55,510 --> 00:21:53,840

all stood at 10 miles 16 kilometers

545

00:21:58,310 --> 00:21:55,520

at the time of this event it's noted

546

00:22:00,310 --> 00:21:58,320

there was nothing abnormal about sedona

547

00:22:02,310 --> 00:22:00,320

arizona's weather

548

00:22:04,470 --> 00:22:02,320

here's how it went

549

00:22:05,750 --> 00:22:04,480

my husband and i were visiting sedona

550

00:22:08,310 --> 00:22:05,760

for the week

551
00:22:10,950 --> 00:22:08,320
and we were driving this day

552
00:22:13,029 --> 00:22:10,960
he noticed the rainbow first

553
00:22:15,029 --> 00:22:13,039
i just got my full frame nikon i was

554
00:22:17,270 --> 00:22:15,039
really excited to capture this rainbow

555
00:22:19,990 --> 00:22:17,280
so i took several pictures aperture

556
00:22:21,750 --> 00:22:20,000
priority and with continuous shots and

557
00:22:23,669 --> 00:22:21,760
we both never saw anything in the sky

558
00:22:25,510 --> 00:22:23,679
besides the rainbow

559
00:22:28,630 --> 00:22:25,520
there weren't planes there were no

560
00:22:31,190 --> 00:22:28,640
helicopters in the sky at the time

561
00:22:32,870 --> 00:22:31,200
later when i got to our office today i

562
00:22:35,430 --> 00:22:32,880
was looking through the photos and i

563
00:22:36,630 --> 00:22:35,440

noticed this object to the left of the

564

00:22:38,630 --> 00:22:36,640

rainbow

565

00:22:41,669 --> 00:22:38,640

i really was trying to be a skeptic

566

00:22:43,350 --> 00:22:41,679

although admittedly i am not and looked

567

00:22:47,110 --> 00:22:43,360

at all of the frames

568

00:22:49,190 --> 00:22:47,120

this was the only one with an object

569

00:22:51,590 --> 00:22:49,200

again gentle listeners great opportunity

570

00:22:53,909 --> 00:22:51,600
