2
00:00:21,400 --> 00:00:17,930

there are over 1000 UFO sightings

3
00:00:23,750 --> 00:00:21,410

reported around the world every month

4
00:00:28,189 --> 00:00:23,760

90% of these sightings can be explained

5
00:00:30,019 --> 00:00:28,199

but 10% and not officially and

6
00:00:34,040 --> 00:00:30,029

unofficially the US government has been

7
00:00:35,870 --> 00:00:34,050

investigating UFOs since 1947 new

8
00:00:40,220 --> 00:00:35,880

top-secret goal is to find out what's

9
00:00:46,860 --> 00:00:43,470

the Pentagon classifies these as unusual

10
00:00:47,510 --> 00:00:46,870

airborne anomalies what better term is X

11
00:00:51,350 --> 00:00:47,520

13
00:00:58,290 --> 00:00:55,000

join us as Mac Longbourn and Commander

14

00:01:00,270 --> 00:00:58,300

Cobra it's for these unsolved cases UFO

15

00:01:04,320 --> 00:01:00,280

incidents that even baffle the US

16

00:01:06,440 --> 00:01:04,330

military this is met Maloney's military

17

00:01:12,510 --> 00:01:06,450

x-files

18

00:01:15,630 --> 00:01:12,520

and now here's Mack Bologna well good

19

00:01:20,250 --> 00:01:15,640

evening track style show here on the

20

00:01:22,140 --> 00:01:20,260

distant Thunder radio network this is in

21

00:01:23,820 --> 00:01:22,150

the studio with us tonight ooh I better

22

00:01:27,450 --> 00:01:23,830

first say that we have a really big shoe

23

00:01:31,230 --> 00:01:27,460

for you tonight but first in the studio

24

00:01:34,490 --> 00:01:31,240

with us tonight 19 weeks in a row that's

25

00:01:36,930 --> 00:01:34,500

right it's like 19 and Oh 19 and OH

26

00:01:37,710 --> 00:01:36,940

famous very famous Milan ones yeah

27

00:01:40,050 --> 00:01:37,720

that's right

28

00:01:42,810 --> 00:01:40,060

let's go Mack it's going very well

29

00:01:45,600 --> 00:01:42,820

nineteen weeks is nineteen is this I'll

30

00:01:47,310 --> 00:01:45,610

be the lucky number because see you're

31

00:01:48,870 --> 00:01:47,320

running a streak and you should stop the

32

00:01:50,960 --> 00:01:48,880

streak now we're always talking about

33

00:01:52,980 --> 00:01:50,970

how streaks hurt people that's right

34

00:01:55,560 --> 00:01:52,990

nineteen would be the number games of

35

00:01:57,620 --> 00:01:55,570

Patriots would have to win to get

36

00:02:02,250 --> 00:01:57,630

wonderful the other thumb apparently and

37

00:02:04,800 --> 00:02:02,260

so you know maybe that's maybe that is

38

00:02:07,560 --> 00:02:04,810

the lucky number maybe you should take

39

00:02:09,419 --> 00:02:07,570

the take the next week off or a run and

40

00:02:12,960 --> 00:02:09,429

yes Skype in or something or something

41

00:02:18,390 --> 00:02:12,970

yeah right right but what we're off next

42

00:02:21,090 --> 00:02:18,400

week so it's moot we'll see we'll talk

43

00:02:22,710 --> 00:02:21,100

it over with management so one one is

44

00:02:26,400 --> 00:02:22,720

here however the committee is not with

45

00:02:27,990 --> 00:02:26,410

us tonight Coco no not here yes our

46

00:02:30,449 --> 00:02:28,000

chopper go over my head this morning I

47

00:02:32,759 --> 00:02:30,459

was thinking of him he's having dinner

48

00:02:35,850 --> 00:02:32,769

with a Medal of Honor winner how about

49

00:02:38,160 --> 00:02:35,860

that in Austin tonight he's gonna report

50

00:02:41,600 --> 00:02:38,170

about that yell next time we hear from

51
00:02:44,160 --> 00:02:41,610
him but he travels in those circles and

52
00:02:45,990 --> 00:02:44,170
he knows these people and so he's gonna

53
00:02:48,199 --> 00:02:46,000
have dinner with a medal on him which I

54
00:02:51,480 --> 00:02:48,209
think would be very cool there would be

55
00:02:53,030 --> 00:02:51,490
so I can file a report tonight he's

56
00:02:55,399 --> 00:02:53,040
thinking that but he when I'm

57
00:02:57,380 --> 00:02:55,409
and then call in okay hopefully I was

58
00:02:59,330 --> 00:02:57,390
gonna say he'd be on 95 I didn't think

59
00:03:02,140 --> 00:02:59,340
of the men's room aspect but they'd be

60
00:03:04,729 --> 00:03:02,150
in a nice equity those boys sitting and

61
00:03:06,800 --> 00:03:04,739
and it would sound like he was be near a

62
00:03:08,720 --> 00:03:06,810
babbling brook perhaps you know call me

63
00:03:12,619 --> 00:03:08,730

live from stall number three right there

64

00:03:16,039 --> 00:03:12,629

you go someone turn on the hand dryer it

65

00:03:19,940 --> 00:03:16,049

comes the bed running anyway on the show

66

00:03:21,890 --> 00:03:19,950

tonight we have very special guests one

67

00:03:24,170 --> 00:03:21,900

one you told me a few weeks ago let's

68

00:03:26,920 --> 00:03:24,180

class up the show so I've gotten a whole

69

00:03:30,020 --> 00:03:26,930

belly of blondes and other you know

70

00:03:32,059 --> 00:03:30,030

brunettes and so on we've been that

71

00:03:33,649 --> 00:03:32,069

regular guests for the past three months

72

00:03:35,659 --> 00:03:33,659

people sent in their photos and you pick

73

00:03:38,179 --> 00:03:35,669

them out classed up the show as

74

00:03:46,420 --> 00:03:38,189

requested rice I'm going in another

75

00:03:50,179 --> 00:03:49,099

right in a further attempt to class of

76

00:03:53,899 --> 00:03:50,189

the shell tonight we can have a doc

77

00:03:56,899 --> 00:03:53,909

you're on dr. Bruce may behave who is a

78

00:03:58,610 --> 00:03:56,909

physicist has done a lot of work in the

79

00:04:00,860 --> 00:03:58,620

UFO community has just written a book

80

00:04:03,830 --> 00:04:00,870

called three minutes in June about the

81

00:04:08,210 --> 00:04:03,840

first flying saucer quote-unquote flying

82

00:04:10,610 --> 00:04:08,220

saucer encounter back in 1947 well great

83

00:04:13,180 --> 00:04:10,620

yes this is a book that's been begging

84

00:04:16,129 --> 00:04:13,190

to be written and he has done it okay so

85

00:04:18,770 --> 00:04:16,139

he's going to be joining us and I've

86

00:04:21,259 --> 00:04:18,780

asked the crew to come together with

87

00:04:23,750 --> 00:04:21,269

some questions that you've always wanted

88

00:04:25,189 --> 00:04:23,760

to ask a physicist okay I have two of

89

00:04:26,510 --> 00:04:25,199

them you know every time I go to a party

90

00:04:28,490 --> 00:04:26,520

I go damn we still don't have a

91

00:04:29,899 --> 00:04:28,500

physicist you go yeah well you know

92

00:04:33,649 --> 00:04:29,909

these days they're probably you know

93

00:04:35,839 --> 00:04:33,659

waiting on you or something but but

94

00:04:37,100 --> 00:04:35,849

anyway I just have a number two

95

00:04:40,310 --> 00:04:37,110

questions I'm going to ask him and

96

00:04:42,589 --> 00:04:40,320

switch and also Rob is going to have

97

00:04:43,939 --> 00:04:42,599

questions for him so if you can do it a

98

00:04:46,250 --> 00:04:43,949

lot of questions and what you've always

99

00:04:48,589 --> 00:04:46,260

wanted as physicists yeah I already

100

00:04:51,230 --> 00:04:48,599

asked him my NFL question you know how

101
00:04:53,330 --> 00:04:51,240
to get an algorithm for the best results

102
00:04:55,339 --> 00:04:53,340
of betting teams are you trying to bring

103
00:04:57,020 --> 00:04:55,349
the funny though in that no no I was

104
00:04:59,870 --> 00:04:57,030
serious I get yeah I can put this in

105
00:05:01,670 --> 00:04:59,880
into it yeah and he didn't know what I

106
00:05:04,310 --> 00:05:01,680
was talking about me and he told me so

107
00:05:05,930 --> 00:05:04,320
so all right anything we want to fake it

108
00:05:07,880 --> 00:05:05,940
either no no

109
00:05:09,350 --> 00:05:07,890
just searching for an algorithm and

110
00:05:10,820 --> 00:05:09,360
which is stuffing is that I'm not even

111
00:05:13,400 --> 00:05:10,830
really sure what it now scriptum is you

112
00:05:15,590 --> 00:05:13,410
know but I know I need one anyway so

113
00:05:18,110 --> 00:05:15,600

that's the show to my but a couple of

114

00:05:20,510 --> 00:05:18,120

things why my first of all I'll kidding

115

00:05:21,620 --> 00:05:20,520

aside sad day and or you're kidding what

116

00:05:24,650 --> 00:05:21,630

we were kidding about I don't know I

117

00:05:26,300 --> 00:05:24,660

can't remember that that's you know what

118

00:05:28,700 --> 00:05:26,310

I'm gonna give you the first woman in my

119

00:05:30,710 --> 00:05:28,710

house that I'm paying attention to every

120

00:05:32,810 --> 00:05:30,720

word you know good okay we're all

121

00:05:35,750 --> 00:05:32,820

serious here in the show yeah super more

122

00:05:37,220 --> 00:05:35,760

not right but we have to get serious now

123

00:05:38,570 --> 00:05:37,230

because it's a sad day in the

124

00:05:39,680 --> 00:05:38,580

entertainment business because as we

125

00:05:41,420 --> 00:05:39,690

were talking about coming up to the

126
00:05:45,050 --> 00:05:41,430
station Glen Campbell died today game

127
00:05:46,880 --> 00:05:45,060
origin and a lot of people don't know

128
00:05:48,650 --> 00:05:46,890
you know the real Glenn came a lot of

129
00:05:51,230 --> 00:05:48,660
people remind remember him from the Glen

130
00:05:51,650 --> 00:05:51,240
Campbell hour or whatever it was back

131
00:05:53,300 --> 00:05:51,660
then

132
00:05:56,200 --> 00:05:53,310
and he they came on they really made him

133
00:05:58,310 --> 00:05:56,210
patron self like a hick and so on ok and

134
00:06:01,520 --> 00:05:58,320
but first of all remember when he was a

135
00:06:05,000 --> 00:06:01,530
fantastic atop lamb fantastic guitar

136
00:06:07,250 --> 00:06:05,010
player he didn't look at it he just

137
00:06:09,080 --> 00:06:07,260
didn't look it but man could he play he

138
00:06:10,700 --> 00:06:09,090

was blase about it yeah oh yeah yeah

139

00:06:13,790 --> 00:06:10,710

it's like you know I do this in my

140

00:06:16,580 --> 00:06:13,800

effort las' playing yeah which is always

141

00:06:18,080 --> 00:06:16,590

kind of cool and he played yoga tarrano

142

00:06:19,850 --> 00:06:18,090

on a lot of his hits he had a lot of

143

00:06:21,920 --> 00:06:19,860

great hits of minimum written by Jimmy

144

00:06:27,080 --> 00:06:21,930

Webb by the time I get to Phoenix and

145

00:06:28,460 --> 00:06:27,090

Gaveston and so on but he also played he

146

00:06:30,020 --> 00:06:28,470

played for the Beach Boys for a long

147

00:06:31,580 --> 00:06:30,030

long time right don't realize that that

148

00:06:32,870 --> 00:06:31,590

he toured with the Beach Boys for a long

149

00:06:33,980 --> 00:06:32,880

time he's learned a lot of Beach Boys

150

00:06:35,570 --> 00:06:33,990

records because he was part of the

151
00:06:38,480 --> 00:06:35,580
Wrecking Crew which was really the real

152
00:06:40,370 --> 00:06:38,490
band making music you know everybody's

153
00:06:43,100 --> 00:06:40,380
record right right exactly

154
00:06:46,250 --> 00:06:43,110
and enough share I think yeah everyone

155
00:06:50,690 --> 00:06:46,260
every every you name it every hit in the

156
00:06:54,230 --> 00:06:50,700
US and from the mid sixties to you know

157
00:06:56,000 --> 00:06:54,240
really into the 70s and Beyond the

158
00:06:57,680 --> 00:06:56,010
Wrecking Crew good chance that they were

159
00:06:59,570 --> 00:06:57,690
involved right everyone all these beings

160
00:07:01,550 --> 00:06:59,580
like the association and Jim Beam and

161
00:07:02,750 --> 00:07:01,560
you know these people they would just it

162
00:07:05,960 --> 00:07:02,760
was just cheaper for the Wrecking Crew

163
00:07:07,460 --> 00:07:05,970

to you know do the backing track then to

164

00:07:09,230 --> 00:07:07,470

have these five guys who you know met my

165

00:07:11,090 --> 00:07:09,240

garage trying to fit it's so amazing

166

00:07:11,690 --> 00:07:11,100

because when you listen to the Wrecking

167

00:07:15,770 --> 00:07:11,700

Crew

168

00:07:17,870 --> 00:07:15,780

sound like they sounded like everybody

169

00:07:19,850 --> 00:07:17,880

they backed up yeah right yeah you

170

00:07:22,270 --> 00:07:19,860

didn't have their own signature sound no

171

00:07:24,679 --> 00:07:22,280

no not at all you know they had about

172

00:07:26,839 --> 00:07:24,689

fifty signatures now right

173

00:07:28,670 --> 00:07:26,849

some guy the guy who used to be in there

174

00:07:31,790 --> 00:07:28,680

being the nak he had the best quote

175

00:07:33,770 --> 00:07:31,800

about the Wrecking Crew he said you know

176
00:07:35,270 --> 00:07:33,780
Hal Blaine Hal Blaine was the drummer

177
00:07:36,980 --> 00:07:35,280
for the wrecking crew and he's on

178
00:07:40,100 --> 00:07:36,990
everything that guy and he's an

179
00:07:42,170 --> 00:07:40,110
incredible drummer and he said you know

180
00:07:43,640 --> 00:07:42,180
before the wrecking crew when I found

181
00:07:45,860 --> 00:07:43,650
out about Hal Blaine I realized that he

182
00:07:48,619 --> 00:07:45,870
was 10 of my favorite dramas you know he

183
00:07:50,959 --> 00:07:48,629
thought Paul Revere on the raid is that

184
00:07:52,459 --> 00:07:50,969
hey he's really good family associations

185
00:07:53,869 --> 00:07:52,469
really good hey Dennis Wilson is you

186
00:07:55,309 --> 00:07:53,879
know really it's not that as all hell

187
00:07:57,050 --> 00:07:55,319
blame even when he was even when he was

188
00:08:00,469 --> 00:07:57,060

dead that drummer was really good boom

189

00:08:02,300 --> 00:08:00,479

so and we have a Glen Campbell yeah just

190

00:08:03,830 --> 00:08:02,310

didn't you know really really good

191

00:08:06,019 --> 00:08:03,840

musician that's just a good musician

192

00:08:07,879 --> 00:08:06,029

singer performer you know he was in

193

00:08:11,149 --> 00:08:07,889

movies you know he's a couple John Wayne

194

00:08:13,550 --> 00:08:11,159

movies and stuff by artists would drop

195

00:08:14,990 --> 00:08:13,560

into the studio almost unannounced I

196

00:08:17,540 --> 00:08:15,000

think sometimes and they'd say okay

197

00:08:19,969 --> 00:08:17,550

here's the song let's flush it out and

198

00:08:22,879 --> 00:08:19,979

we'll do our first take in about an hour

199

00:08:23,869 --> 00:08:22,889

yeah yes right and they do it and they'd

200

00:08:25,399 --> 00:08:23,879

be done in an hour

201
00:08:27,589 --> 00:08:25,409
and it'd be a hit song I think about a

202
00:08:29,300 --> 00:08:27,599
week later okay and that was the thing

203
00:08:30,700 --> 00:08:29,310
about these guys is that they could come

204
00:08:33,560 --> 00:08:30,710
up and they weren't all guys it was a

205
00:08:35,509 --> 00:08:33,570
gallon pace car okay played bass on off

206
00:08:36,769 --> 00:08:35,519
beat boys on she's female put on

207
00:08:39,920 --> 00:08:36,779
Campbell she came up with one of the

208
00:08:42,769 --> 00:08:39,930
open opening riffs right when the song

209
00:08:48,680 --> 00:08:42,779
Sonny and Cher stuff she she was like

210
00:08:51,620 --> 00:08:48,690
the room master and they would she she

211
00:08:53,120 --> 00:08:51,630
figured it out yeah yeah so and and and

212
00:08:55,130 --> 00:08:53,130
that's what they know they could go

213
00:08:56,180 --> 00:08:55,140

there quick studies to the to the max

214

00:08:58,069 --> 00:08:56,190

and they were also getting paid

215

00:08:59,420 --> 00:08:58,079

unbelievable money for back then I mean

216

00:09:01,550 --> 00:08:59,430

these guys of the mansions lived on

217

00:09:03,980 --> 00:09:01,560

yachts and so on because it was just so

218

00:09:06,319 --> 00:09:03,990

economical for the record biz you know

219

00:09:09,110 --> 00:09:06,329

not known for their generosity or

220

00:09:11,780 --> 00:09:09,120

anything you know right you have to make

221

00:09:15,769 --> 00:09:11,790

records to to make records quick monkeys

222

00:09:17,269 --> 00:09:15,779

the monkeys of loss so yeah anyway Glenn

223

00:09:20,060 --> 00:09:17,279

came was a big part of that and he died

224

00:09:22,280 --> 00:09:20,070

today you know it's it's too bad but you

225

00:09:25,100 --> 00:09:22,290

know a really good musician yeah another

226

00:09:26,889 --> 00:09:25,110

giant literally a monster and the

227

00:09:29,530 --> 00:09:26,899

showbiz world died today

228

00:09:32,679 --> 00:09:29,540

well she was that the guy who was the

229

00:09:35,319 --> 00:09:32,689

first guy to put on the Godzilla you

230

00:09:39,160 --> 00:09:35,329

know outfit costume barely Coco films

231

00:09:41,799 --> 00:09:39,170

yeah he did 12 movies as Godzilla where

232

00:09:43,929 --> 00:09:41,809

he had the festival recently I doubt it

233

00:09:47,139 --> 00:09:43,939

this because they made they made 20 I

234

00:09:50,889 --> 00:09:47,149

think this 22 Godzilla movies he made

235

00:09:52,269 --> 00:09:50,899

the first 12 so he had to be getting up

236

00:09:55,269 --> 00:09:52,279

there yeah oh yeah he was like in his

237

00:09:59,079 --> 00:09:55,279

90s oh good life first guy to put it on

238

00:09:59,739 --> 00:09:59,089

the classroom his name was hiroshima and

239

00:10:08,619 --> 00:09:59,749

nagasaki

240

00:10:10,150 --> 00:10:08,629

yes but he Lois Lane just gave me a news

241

00:10:13,059 --> 00:10:10,160

flash as I was coming up here and say

242

00:10:14,290 --> 00:10:13,069

they said back then Japan was so low on

243

00:10:16,530 --> 00:10:14,300

supplies they didn't have enough of

244

00:10:19,960 --> 00:10:16,540

rubber off of a suit so they just

245

00:10:22,059 --> 00:10:19,970

proudly poured concrete into him like

246

00:10:24,009 --> 00:10:22,069

his legs and stuff and had him like sit

247

00:10:28,419 --> 00:10:24,019

in the concrete and move it move that

248

00:10:30,129 --> 00:10:28,429

way they'd hide around him wow I didn't

249

00:10:32,619 --> 00:10:30,139

have never rubber for a guy so that's

250

00:10:34,600 --> 00:10:32,629

why it looks so weird yeah you know how

251

00:10:36,160 --> 00:10:34,610

he was very strict right you know he's

252

00:10:37,389 --> 00:10:36,170

knocking down buildings they said he

253

00:10:39,119 --> 00:10:37,399

must be hurting his neither yeah or

254

00:10:42,819 --> 00:10:39,129

something he probably has an ace bandage

255

00:10:45,910 --> 00:10:42,829

but yeah movie 24 Heath Emma said did

256

00:10:48,549 --> 00:10:45,920

the music for a Godzilla movie he did

257

00:10:52,119 --> 00:10:48,559

the music for Godzilla mm hmm his wife

258

00:10:56,049 --> 00:10:52,129

was Japanese okay and he lived over

259

00:10:57,999 --> 00:10:56,059

there and and it's it's crazy you know

260

00:10:59,710 --> 00:10:58,009

it's like really crazy Emison lake in

261

00:11:02,110 --> 00:10:59,720

Palma music but it's you can recognize

262

00:11:03,790 --> 00:11:02,120

it and in this one oh I recognize she's

263

00:11:08,499 --> 00:11:03,800

playing every yeah yeah and he did like

264

00:11:11,169 --> 00:11:08,509

the whole auger station on and this one

265

00:11:13,749 --> 00:11:11,179

Godzilla gets married okay he really

266

00:11:15,489 --> 00:11:13,759

does I think it's Godzilla 16 who's he

267

00:11:18,220 --> 00:11:15,499

married rod Anderson oh he marries like

268

00:11:22,119 --> 00:11:18,230

a female goods or okay Road then that

269

00:11:24,939 --> 00:11:22,129

would be sick Hey well the ends of bird

270

00:11:27,989 --> 00:11:24,949

a this is a reptile she's a hot bird you

271

00:11:33,699 --> 00:11:32,109

so anyway yeah so yeah so big loss today

272

00:11:35,139 --> 00:11:33,709

and the entertainment industry well so

273

00:11:36,579 --> 00:11:35,149

the people with variety gonna have to

274

00:11:39,100 --> 00:11:36,589

really sit down figure out what headline

275

00:11:40,329 --> 00:11:39,110

do it exactly but I'm gonna cheer you up

276

00:11:46,389 --> 00:11:40,339

now oh good

277

00:11:50,619 --> 00:11:46,399

okay the New England Patriots I'm going

278

00:11:52,480 --> 00:11:50,629

to be it's not a machine and as we were

279

00:11:56,439 --> 00:11:52,490

coming in today one one first he showed

280

00:11:59,559 --> 00:11:56,449

me his pride and joy as a catalog drive

281

00:12:01,840 --> 00:11:59,569

for Tom Brady right this is right the

282

00:12:07,480 --> 00:12:01,850

Sports Illustrated special Wow

283

00:12:08,949 --> 00:12:07,490

TP 1212 turn water holy cow I don't like

284

00:12:10,660 --> 00:12:08,959

that picture in Sports Illustrated man

285

00:12:14,410 --> 00:12:10,670

that's the that's bad luck

286

00:12:16,960 --> 00:12:14,420

no kidding that's bad luck he's on the

287

00:12:18,280 --> 00:12:16,970

cup if you go to the the magazine rack

288

00:12:20,439 --> 00:12:18,290

you see him on the cover just about

289

00:12:22,299 --> 00:12:20,449

every football related magazine me and I

290

00:12:25,799 --> 00:12:22,309

just don't like this I don't like this

291

00:12:27,730 --> 00:12:25,809

he's already on the cover of what Madden

292

00:12:30,819 --> 00:12:27,740

that's supposed to be the kiss of death

293

00:12:31,960 --> 00:12:30,829

what do you see doing that for I don't

294

00:12:33,340 --> 00:12:31,970

know I mean it's not like they just

295

00:12:34,420 --> 00:12:33,350

snagged him and said you're on the cover

296

00:12:36,160 --> 00:12:34,430

whether you like it or not

297

00:12:37,809 --> 00:12:36,170

if they go through a lot of stuff see he

298

00:12:41,079 --> 00:12:37,819

doesn't he doesn't believe in that stuff

299

00:12:44,379 --> 00:12:41,089

anyway well I hope he's not fazed about

300

00:12:48,069 --> 00:12:44,389

curses or anything weird like that he's

301
00:12:49,449 --> 00:12:48,079
so focused and so together and that

302
00:12:51,280 --> 00:12:49,459
doesn't matter as it turned that one

303
00:12:51,840 --> 00:12:51,290
alone I also came in with a birthday

304
00:12:55,389 --> 00:12:51,850
cake

305
00:12:57,939 --> 00:12:55,399
happy birthday Tom Brady happy birthday

306
00:12:59,579 --> 00:12:57,949
tom bray happy 40th 40th birthday wed

307
00:13:02,559 --> 00:12:59,589
that was what was that yesterday

308
00:13:06,160 --> 00:13:02,569
Thursday Thursday yeah you know how many

309
00:13:08,860 --> 00:13:06,170
people would buy the cake but you take

310
00:13:15,879 --> 00:13:08,870
the cake literally so we can eat this

311
00:13:17,769 --> 00:13:15,889
thing we have liquid and we can have a

312
00:13:19,629 --> 00:13:17,779
slice during break excellent

313
00:13:21,069 --> 00:13:19,639

I can't wait I was going to say have a

314

00:13:25,499 --> 00:13:21,079

piece but then you'd be hidden and all

315

00:13:28,569 --> 00:13:25,509

kind of a sound effect thing say I know

316

00:13:30,340 --> 00:13:28,579

anyway yes and then one nice thing next

317

00:13:32,049 --> 00:13:30,350

week next time we're in we're gonna take

318

00:13:35,650 --> 00:13:32,059

next week off but people the future you

319

00:13:38,739 --> 00:13:35,660

won't notice but an ex coming alive show

320

00:13:40,480 --> 00:13:38,749

Mitch Stinson the comedian of Navy pilot

321

00:13:42,579 --> 00:13:40,490

trend comedian it's gonna sit in with us

322

00:13:43,600 --> 00:13:42,589

for the night oh that's great it'll be

323

00:13:47,819 --> 00:13:43,610

good and we're gonna be talking about

324

00:13:50,079 --> 00:13:47,829

different military related things

325

00:13:51,769 --> 00:13:50,089

younger veterans and stuff I give a

326

00:13:53,809 --> 00:13:51,779

story I'm not gonna tell tonight men out

327

00:13:55,970 --> 00:13:53,819

that night about how the Veterans

328

00:13:59,480 --> 00:13:55,980

Administration in this country is a

329

00:14:01,759 --> 00:13:59,490

disgrace it's an abomination absolute

330

00:14:03,079 --> 00:14:01,769

disgrace I'm wait to hear this story I

331

00:14:05,809 --> 00:14:03,089

don't want to you know bring the energy

332

00:14:07,340 --> 00:14:05,819

down by telling it so but Mitchell be

333

00:14:09,049 --> 00:14:07,350

good he's he's he'll be here for the

334

00:14:11,299 --> 00:14:09,059

funny he's a Navy pilot and they were

335

00:14:13,429 --> 00:14:11,309

trained comedian really funny we went to

336

00:14:15,739 --> 00:14:13,439

go see him a couple weeks ago it was

337

00:14:18,439 --> 00:14:15,749

kind of giggles and like giggles great

338

00:14:19,939 --> 00:14:18,449

set the other two people also really

339

00:14:22,850 --> 00:14:19,949

good a good show yeah we were really

340

00:14:26,179 --> 00:14:22,860

laughing okay and then I went back to

341

00:14:29,269 --> 00:14:26,189

giggles this Friday yep big mistake boy

342

00:14:31,309 --> 00:14:29,279

Jackie the joke man my oh yeah from

343

00:14:33,769 --> 00:14:31,319

stars earn yeah yeah he was there and

344

00:14:37,069 --> 00:14:33,779

also many clock Glenn declaw any clock

345

00:14:39,499 --> 00:14:37,079

what's bad about that so far well I

346

00:14:42,230 --> 00:14:39,509

guess I just didn't get Lenny's humor

347

00:14:45,619 --> 00:14:42,240

let's say okay hmm I thought he'd be

348

00:14:46,850 --> 00:14:45,629

like a tad funnier than he was and I

349

00:14:48,980 --> 00:14:46,860

know what he said he was going to be

350

00:14:52,309 --> 00:14:48,990

toning it down a little bit because of

351

00:14:54,319 --> 00:14:52,319

the roast and he says when he does some

352

00:14:58,129 --> 00:14:54,329

of these gigs now he tones it down just

353

00:14:59,929 --> 00:14:58,139

a tad he was that boring yeah yes you

354

00:15:02,749 --> 00:14:59,939

know it's if you've been to any comedy

355

00:15:04,579 --> 00:15:02,759

show ever you would have heard 80% of

356

00:15:06,559 --> 00:15:04,589

those drugs you know pick and make in

357

00:15:09,199 --> 00:15:06,569

front of the first guy in the first did

358

00:15:11,840 --> 00:15:09,209

he did the rapper and cows Kiros oh

359

00:15:13,819 --> 00:15:11,850

right I saw that that's yeah okay and

360

00:15:15,499 --> 00:15:13,829

he's pretty good right and he was doing

361

00:15:20,889 --> 00:15:15,509

uh he want to make sure they get sued

362

00:15:27,230 --> 00:15:25,670

anyway so that was really bad but I had

363

00:15:28,999 --> 00:15:27,240

ordered a big plate of meatballs so

364

00:15:30,980 --> 00:15:29,009

because it's an Italian restaurant so I

365

00:15:33,439 --> 00:15:30,990

had a informally príncipe Getty house or

366

00:15:35,179 --> 00:15:33,449

something right yeah still is Jackie

367

00:15:36,889 --> 00:15:35,189

Matlin comes out no I was a big fan of

368

00:15:38,749 --> 00:15:36,899

stirring yeah girl do you know they were

369

00:15:39,619 --> 00:15:38,759

funny back then he's been left the show

370

00:15:43,669 --> 00:15:39,629

for about 12 years

371

00:15:45,199 --> 00:15:43,679

Wow basically he does one-liners and

372

00:15:48,350 --> 00:15:45,209

then he laughs and everyone laughs at

373

00:15:51,169 --> 00:15:48,360

him laughing you know and that's a good

374

00:15:52,730 --> 00:15:51,179

gig if you can get it so anyway about

375

00:15:55,160 --> 00:15:52,740

halfway through that I finished my

376

00:15:56,869 --> 00:15:55,170

meatballs and I said my brother and I

377

00:15:58,879 --> 00:15:56,879

just get up if we walk though hopefully

378

00:16:00,559 --> 00:15:58,889

meatballs yeah good yeah it's really

379

00:16:02,780 --> 00:16:00,569

good food there Prince spaghetti is

380

00:16:05,240 --> 00:16:02,790

really good and then giggles is attached

381

00:16:06,920 --> 00:16:05,250

to it I've been here in years but

382

00:16:08,780 --> 00:16:06,930

it's nice it's good it's a good place to

383

00:16:11,270 --> 00:16:08,790

go you know and we've done that we've

384

00:16:12,260 --> 00:16:11,280

laughed like you know really laugh laugh

385

00:16:14,690 --> 00:16:12,270

with you you know

386

00:16:16,640 --> 00:16:14,700

except the other night it was just not

387

00:16:19,070 --> 00:16:16,650

funny and we were expecting it to be so

388

00:16:24,400 --> 00:16:19,080

that's too bad yeah yeah too funny guys

389

00:16:25,580 --> 00:16:24,410

there well allegedly yeah this is for

390

00:16:27,440 --> 00:16:25,590

nothing

391

00:16:29,630 --> 00:16:27,450

so why don't we take a commercial break

392

00:16:31,970 --> 00:16:29,640

and that when we come back we're going

393

00:16:35,450 --> 00:16:31,980

to talk to some fascinating guests our

394

00:16:36,830 --> 00:16:35,460

team member I'm not sure which but how

395

00:16:38,960 --> 00:16:36,840

do we do this we flip a coin it's yeah

396

00:16:40,880 --> 00:16:38,970

well the coin that's the scientific way

397

00:16:42,470 --> 00:16:40,890

so you listening to make the money's no

398

00:16:43,820 --> 00:16:42,480

trick so I'll show here on the distant

399

00:16:48,020 --> 00:16:43,830

Thunder radio network we'll be right

400

00:16:49,850 --> 00:16:48,030

back after this over the years Air Force

401

00:16:51,890 --> 00:16:49,860

Major Hawk Hunter and his band of

402

00:16:54,080 --> 00:16:51,900

patriotic fighter pilots have fought

403

00:16:56,660 --> 00:16:54,090

tirelessly to reunite a fractured

404

00:17:00,440 --> 00:16:56,670

America devastated by a Russian sneak

405

00:17:03,050 --> 00:17:00,450

attack now returning from a mysterious

406

00:17:05,390 --> 00:17:03,060

space odyssey hunter finds a huge

407

00:17:08,470 --> 00:17:05,400

russian army occupying new york city

408

00:17:10,880 --> 00:17:08,480

ready to invade the rest of america

409

00:17:13,220 --> 00:17:10,890

buzzing through the city's skyscraper

410

00:17:15,740 --> 00:17:13,230

canyons in a tiny top-secret ghost plane

411

00:17:16,670 --> 00:17:15,750

and seeing the invaders massive weaponry

412

00:17:18,800 --> 00:17:16,680

for himself

413

00:17:20,929 --> 00:17:18,810

puck realizes he's up against the

414

00:17:21,910 --> 00:17:20,939

greatest danger his homeland has ever

415

00:17:24,679 --> 00:17:21,920

faced

416

00:17:26,600 --> 00:17:24,689

but equally alarming are reports

417

00:17:28,640 --> 00:17:26,610

claiming that Hawks former girlfriend

418

00:17:30,650 --> 00:17:28,650

Dominique is living with the head of the

419

00:17:34,010 --> 00:17:30,660

Russian secret police in a Manhattan

420

00:17:37,790 --> 00:17:34,020

penthouse is she is prisoner or is she

421

00:17:39,980 --> 00:17:37,800

something else with the woman in the

422

00:17:42,380 --> 00:17:39,990

country he loves in dire peril hawk

Thunder radio networks madmen and the

444

00:18:54,799 --> 00:18:52,440

studio of us tonight very famous one one

445

00:18:56,989 --> 00:18:54,809

is here nineteen weeks in a row 19 and

446

00:19:00,649 --> 00:18:56,999

oh right now that's my recent record

447

00:19:06,739 --> 00:19:00,659

right my always gonna touch this wreck

448

00:19:08,419 --> 00:19:06,749

not know know who'd wanna anyway Cobra

449

00:19:10,719 --> 00:19:08,429

is not here the Cobra is having dinner

450

00:19:13,700 --> 00:19:10,729

in Boston with a Medal of Honor winner

451

00:19:19,129 --> 00:19:13,710

so good for him was rare wearing his

452

00:19:20,930 --> 00:19:19,139

flight suit I hope not yeah helmet

453

00:19:27,109 --> 00:19:20,940

glasses we said no to do that looks like

454

00:19:31,190 --> 00:19:27,119

Nature mud yeah so Steve you remember

455

00:19:33,019 --> 00:19:31,200

major mud knows Boston I don't but I

456

00:19:36,200 --> 00:19:33,029

kind of got the gist of it yeah it was

457

00:19:40,070 --> 00:19:36,210

like the local one he was the guy here's

458

00:19:42,019 --> 00:19:40,080

the emcee for the three stooges show we

459

00:19:45,830 --> 00:19:42,029

had a sergeants act oh yeah there you go

460

00:19:47,719 --> 00:19:45,840

right yeah so in the previous segment I

461

00:19:49,460 --> 00:19:47,729

was teasing a good news story for you

462

00:19:51,710 --> 00:19:49,470

for the Patriots and I realized one-one

463

00:19:54,019 --> 00:19:51,720

I didn't even say it so now I am gonna

464

00:19:58,940 --> 00:19:54,029

okay let's deliver on the videos today

465

00:20:00,769 --> 00:19:58,950

that the New England Patriots of the

466

00:20:02,930 --> 00:20:00,779

first NFL team to hey their own

467

00:20:06,109 --> 00:20:02,940

airplanes okay they bought two airplanes

468

00:20:08,149 --> 00:20:06,119

today well six seven six seven and

469

00:20:10,820 --> 00:20:08,159

they're gonna be all first-class and

470

00:20:12,200 --> 00:20:10,830

mined out like crazy and you know it's

471

00:20:14,149 --> 00:20:12,210

just gonna be luxury the whole way and

472

00:20:16,489 --> 00:20:14,159

even like worked out they took out all

473

00:20:18,440 --> 00:20:16,499

the seats every seat is first-class yeah

474

00:20:19,639 --> 00:20:18,450

we see the first-class right but I think

475

00:20:21,139 --> 00:20:19,649

they were actually put like little gyms

476

00:20:22,789 --> 00:20:21,149

on them what's she doing ran out of

477

00:20:25,500 --> 00:20:22,799

space on my phone so I'm deleting some

478

00:20:27,909 --> 00:20:25,510

stuff by singing dog

479

00:20:30,850 --> 00:20:27,919

[Applause]

480

00:20:33,549 --> 00:20:30,860

I pronounce you buy wedding ceremony

481

00:20:35,890 --> 00:20:33,559

482

to lines let your PCs wireless figured

487

00:20:46,899 --> 00:20:45,740

out a bichon available in some areas

488

00:20:48,039 --> 00:20:46,909

sales tax on included phone price

489

00:20:49,180 --> 00:20:48,049

excludes numbers on the t-mobile network

490

00:20:55,210 --> 00:20:49,190

C's for freaky chosen terms and

491

00:20:57,460 --> 00:20:55,220

conditions but I think what's very cool

492

00:21:00,430 --> 00:20:57,470

is that they're painting them in the

493

00:21:03,190 --> 00:21:00,440

team colors and the the tailfin the big

494

00:21:05,980 --> 00:21:03,200

pill yeah is gonna have pictures of all

495

00:21:08,320 --> 00:21:05,990

five rings on it no really I didn't hear

496

00:21:13,270 --> 00:21:08,330

that really cool yeah that's cool that

497

00:21:14,830 --> 00:21:13,280

is wicked cool so only your people who

498

00:21:16,360 --> 00:21:14,840

live in the England can understand that

499

00:21:18,399 --> 00:21:16,370

everyone else has got hot man those

500

00:21:20,080 --> 00:21:18,409

a-holes can't believe it you know but

501
00:21:21,549 --> 00:21:20,090
yeah they bought their own planes today

502
00:21:23,710 --> 00:21:21,559
that's all success two of them right to

503
00:21:28,360 --> 00:21:23,720
cool them yeah yeah in case one breaks

504
00:21:30,279 --> 00:21:28,370
down I guess and if Steve you gotta love

505
00:21:32,470 --> 00:21:30,289
it right oh yeah absolutely

506
00:21:34,570 --> 00:21:32,480
that voice you hear in the throw from

507
00:21:36,450 --> 00:21:34,580
the cosmos there is which every no Steve

508
00:21:39,310 --> 00:21:36,460
what up there and the bowl of flakes

509
00:21:41,230 --> 00:21:39,320
Battle Creek Michigan how you doing

510
00:21:43,720 --> 00:21:41,240
there tonight Steve well you know Mac

511
00:21:45,909 --> 00:21:43,730
I'm doing so good that mere mortals

512
00:21:50,770 --> 00:21:45,919
probably can't even begin to grasp just

513
00:21:52,510 --> 00:21:50,780

how damn good I am all these Superman

514

00:21:54,010 --> 00:21:52,520

you could grasp it know here's the thing

515

00:21:59,830 --> 00:21:54,020

he's writing the speech and now he's in

516

00:22:01,870 --> 00:21:59,840

his writing I'm gonna put yourself in

517

00:22:03,490 --> 00:22:01,880

the story well you know more or less

518

00:22:06,370 --> 00:22:03,500

you're walking around in the store now

519

00:22:10,500 --> 00:22:06,380

now that never happens he took a long

520

00:22:15,039 --> 00:22:10,510

long nap and left the TV on that's

521

00:22:16,450 --> 00:22:15,049

that's the reality of it so Steve what's

522

00:22:18,610 --> 00:22:16,460

new with you well we should say that

523

00:22:21,810 --> 00:22:18,620

you're gonna be giving the speech a

524

00:22:24,310 --> 00:22:21,820

speech at the big Mothman festival in

525

00:22:26,470 --> 00:22:24,320

September right that's right Circle week

526

00:22:28,270 --> 00:22:26,480

third weekend in September okay I'll be

527

00:22:30,820 --> 00:22:28,280

there speakers on Saturday and Sunday

528

00:22:33,220 --> 00:22:30,830

I'll be the first speaker at noon on

529

00:22:37,180 --> 00:22:33,230

Sunday okay cool so people can skip Mass

530

00:22:38,020 --> 00:22:37,190

they go see you and and it's in point

531

00:22:39,850 --> 00:22:38,030

zero Saturday night

532

00:22:40,960 --> 00:22:39,860

Point Pleasant Point Pleasant West

533

00:22:44,190 --> 00:22:40,970

Virginia

534

00:22:46,870 --> 00:22:44,200

is free there's vendors there's

535

00:22:48,789 --> 00:22:46,880

lecturers there's all kinds of

536

00:22:52,750 --> 00:22:48,799

amusements for the kid yeah everything

537

00:22:54,549 --> 00:22:52,760

is the amusement for the adults too are

538

00:22:57,850 --> 00:22:54,559

they I mean they still do stuff like you

539

00:23:00,279 --> 00:22:57,860

know having a mock me and fly over the

540

00:23:01,990 --> 00:23:00,289

crowd and all that's actually also

541

00:23:04,090 --> 00:23:02,000

Saturday night I'm gonna be giving one

542

00:23:06,070 --> 00:23:04,100

of the tours in the and the dreaded T

543

00:23:07,600 --> 00:23:06,080

and T area yes yeah Mon man was for a

544

00:23:08,919 --> 00:23:07,610

scene okay and there's a pretty good

545

00:23:11,950 --> 00:23:08,929

chance you're gonna see him fly over

546

00:23:13,810 --> 00:23:11,960

Allison that's great people I mean I

547

00:23:16,510 --> 00:23:13,820

don't know anyway they might not know

548

00:23:18,909 --> 00:23:16,520

about what Mothman is but basically back

549

00:23:21,399 --> 00:23:18,919

in the 60s people in this town and West

550

00:23:23,590 --> 00:23:21,409

Virginia started seeing this what looked

551

00:23:26,440 --> 00:23:23,600

like a lodge more like an owl like an

552

00:23:28,210 --> 00:23:26,450

owl me Amanda Mothman but he was of

553

00:23:29,770 --> 00:23:28,220

great size and he would chase people out

554

00:23:31,330 --> 00:23:29,780

of this TMT area people would be up

555

00:23:34,000 --> 00:23:31,340

there packing and making out and so on

556

00:23:35,470 --> 00:23:34,010

and there were reports with a lot of you

557

00:23:37,539 --> 00:23:35,480

know witnesses of the this thing like

558

00:23:39,130 --> 00:23:37,549

flying over the overcount like 90 miles

559

00:23:40,659 --> 00:23:39,140

an hour going down a highway and stuff

560

00:23:43,870 --> 00:23:40,669

like that people saw these things lots

561

00:23:46,149 --> 00:23:43,880

of people there I saw this being you

562

00:23:48,340 --> 00:23:46,159

know for some months afterwards is live

563

00:23:50,020 --> 00:23:48,350

document to evidence and then there's

564

00:23:51,370 --> 00:23:50,030

all kinds of crazy stuff the men and

565

00:23:53,440 --> 00:23:51,380

black showed up and then there was a

566

00:23:55,390 --> 00:23:53,450

tragedy on average that leads from this

567

00:23:56,620 --> 00:23:55,400

time over into Cincinnati collapsed ER

568

00:23:58,630 --> 00:23:56,630

and the Christmas time killed a lot of

569

00:24:00,700 --> 00:23:58,640

people a lot of people seem to lump that

570

00:24:02,560 --> 00:24:00,710

in with with the general you know down

571

00:24:03,460 --> 00:24:02,570

the funkiness that was happening you

572

00:24:05,470 --> 00:24:03,470

know we're come on man

573

00:24:07,330 --> 00:24:05,480

they did a pretty good movie you know

574

00:24:09,250 --> 00:24:07,340

not a bad movie we talked about a few

575

00:24:10,779 --> 00:24:09,260

weeks ago with that Richard Gere you

576

00:24:12,880 --> 00:24:10,789

know it was okay you know if you didn't

577

00:24:15,669 --> 00:24:12,890

know the story it was a decent film it

578

00:24:18,520 --> 00:24:15,679

kind of it wasn't a blow for blow for

579

00:24:20,680 --> 00:24:18,530

the of the book but John keel set up the

580

00:24:23,440 --> 00:24:20,690

movie he said they really captured the

581

00:24:25,990 --> 00:24:23,450

mood and the paranoia that he felt as a

582

00:24:27,940 --> 00:24:26,000

researcher in that area right yeah so

583

00:24:30,399 --> 00:24:27,950

it's an interesting story you know and

584

00:24:32,980 --> 00:24:30,409

like I said I love stuff that has a lot

585

00:24:34,390 --> 00:24:32,990

of documented evidence and and yet

586

00:24:36,490 --> 00:24:34,400

you're always kind of finding new stuff

587

00:24:37,570 --> 00:24:36,500

out all the time so the big Mothman

588

00:24:39,850 --> 00:24:37,580

festival down a point

589

00:24:41,710 --> 00:24:39,860

was it in West Virginia third week in

590

00:24:43,930 --> 00:24:41,720

September and switch Arena was gonna be

591

00:24:47,380 --> 00:24:43,940

one of the speakers so I know you're

592

00:24:50,440 --> 00:24:47,390

working hard at that speak mm-hmm are

593

00:24:52,840 --> 00:24:50,450

you gonna tell any jokes well yeah I

594

00:24:54,490 --> 00:24:52,850

might there's a some of my friends there

595

00:24:56,260 --> 00:24:54,500

are fairly well known so

596

00:24:57,700 --> 00:24:56,270

a couple of those guys will probably be

597

00:24:59,710 --> 00:24:57,710

my foil a couple times

598

00:25:01,780 --> 00:24:59,720

oh yeah there'll be uh a few sight-gags

599

00:25:03,460 --> 00:25:01,790

here and there so are you gonna start

600

00:25:04,770 --> 00:25:03,470

with a joke are you gonna lead into the

601

00:25:08,080 --> 00:25:04,780

joke or do you know yet

602

00:25:10,690 --> 00:25:08,090

well I'm gonna do things like I'm gonna

603

00:25:12,040 --> 00:25:10,700

talk about my age you know I'm only when

604

00:25:13,870 --> 00:25:12,050

I hit the festival I'm only gonna be a

605

00:25:16,630 --> 00:25:13,880

month away from being eligible for

606

00:25:23,020 --> 00:25:16,640

Medicare okay everybody let's everybody

607

00:25:24,820 --> 00:25:23,030

groan talking about how occasionally

608

00:25:27,160 --> 00:25:24,830

during this talk I'm gonna be waxing

609

00:25:29,230 --> 00:25:27,170

nostalgic for the good old days and I'll

610

00:25:30,880 --> 00:25:29,240

talk about the way things were back then

611

00:25:33,040 --> 00:25:30,890

you know and someone will be you know

612

00:25:35,560 --> 00:25:33,050

there'll be a serious point to it but

613

00:25:37,210 --> 00:25:35,570

for example back in the old days we

614

00:25:38,740 --> 00:25:37,220

didn't have to put up with the greys you

615

00:25:40,870 --> 00:25:38,750

know we we had some really cool

616

00:25:42,250 --> 00:25:40,880

humanoids they were all kinds of

617

00:25:44,680 --> 00:25:42,260

descriptions it wasn't until about the

618

00:25:48,070 --> 00:25:44,690

1980s that these little creeps started

619

00:25:49,180 --> 00:25:48,080

to show up yes and even some researchers

620

00:25:52,150 --> 00:25:49,190

say that they didn't really show up

621

00:25:53,950 --> 00:25:52,160

until in mass until the 90s in South

622

00:25:56,080 --> 00:25:53,960

America you know you got to wonder why

623

00:25:58,270 --> 00:25:56,090

that is is it is that the perception of

624

00:26:00,130 --> 00:25:58,280

these things changing or is a facade or

625

00:26:02,800 --> 00:26:00,140

some kind of way it's pretending it's

626

00:26:04,870 --> 00:26:02,810

not changing well so so but is that true

627

00:26:08,350 --> 00:26:04,880

that people weren't into the grace until

628

00:26:10,090 --> 00:26:08,360

well I guess you could find you know the

629

00:26:12,250 --> 00:26:10,100

case now and then it looked leavin even

630

00:26:14,080 --> 00:26:12,260

Betty and Barney Hill those those aliens

631

00:26:16,060 --> 00:26:14,090

weren't really greys there was something

632

00:26:18,490 --> 00:26:16,070

maybe kind of a hybrid gray but they

633

00:26:20,740 --> 00:26:18,500

were and they were different well you

634

00:26:22,270 --> 00:26:20,750

know so that's that's really was the

635

00:26:25,390 --> 00:26:22,280

picture was every time so what are the

636

00:26:30,180 --> 00:26:25,400

greys just well the little short dudes

637

00:26:37,210 --> 00:26:32,320

somebody who's gonna draw an alien or

638

00:26:40,150 --> 00:26:37,220

you see one of an advertisement yeah

639

00:26:41,980 --> 00:26:40,160

there was a book published called 1973

640

00:26:43,990 --> 00:26:41,990

year the humanoid that was a really big

641

00:26:46,060 --> 00:26:44,000

year and I don't think there was one

642

00:26:48,040 --> 00:26:46,070

report of any alien that really looked

643

00:26:50,020 --> 00:26:48,050

like a gray in the whole time huh so

644

00:26:55,780 --> 00:26:50,030

let's change how you know what people

645

00:26:57,880 --> 00:26:55,790

report you know kind of sad like almost

646

00:26:59,110 --> 00:26:57,890

like you're seeing well this race landed

647

00:27:01,750 --> 00:26:59,120

here during these years a lot of people

648

00:27:03,190 --> 00:27:01,760

saw them and then you know well then I'm

649

00:27:04,750 --> 00:27:03,200

gonna be talking about the folklore

650

00:27:06,790 --> 00:27:04,760

connection that Jacques Vallee talked

651
00:27:08,690 --> 00:27:06,800
about and that's that really gets

652
00:27:11,750 --> 00:27:08,700
there's so many many connection

653
00:27:14,600 --> 00:27:11,760
there that you know give people pause

654
00:27:16,010 --> 00:27:14,610
when they first hear it right well you

655
00:27:17,810 --> 00:27:16,020
know if you need any help in the jokes

656
00:27:21,230 --> 00:27:17,820
we can put you in touch with dribbles

657
00:27:25,220 --> 00:27:21,240
dribbles the clown okay I was thinking

658
00:27:27,980 --> 00:27:25,230
with what airport is nearby I you know I

659
00:27:37,720 --> 00:27:27,990
don't know it's Gallup is Ohio is across

660
00:27:41,570 --> 00:27:37,730
the bridge nationally so glad to be here

661
00:27:42,080 --> 00:27:41,580
but glad to be here I just flew in this

662
00:27:45,620 --> 00:27:42,090
morning

663
00:27:58,640 --> 00:27:45,630

- whatever Airport and and Mothman just

664

00:28:02,690 --> 00:27:58,650

dropped me off so well make a Weston so

665

00:28:05,390 --> 00:28:02,700

um so before we go all right well let's

666

00:28:07,010 --> 00:28:05,400

talk about the the sighting from the 50s

667

00:28:08,150 --> 00:28:07,020

that you're going to talk about that by

668

00:28:11,570 --> 00:28:08,160

the end of the segment we have to get

669

00:28:14,180 --> 00:28:11,580

your question for the physicists okay

670

00:28:18,950 --> 00:28:14,190

and and you know the physicist is did I

671

00:28:22,730 --> 00:28:18,960

tell you yeah Bruce Maccabee yeah okay

672

00:28:25,790 --> 00:28:22,740

very very interesting guy yeah okay are

673

00:28:29,390 --> 00:28:25,800

we ready yes we yes sure okay December

674

00:28:32,930 --> 00:28:29,400

1956 guide de Launay he was stationed at

675

00:28:36,170 --> 00:28:32,940

Mitchell Air Force Base in New York now

676

00:28:38,840 --> 00:28:36,180

Mitchell Air Force Base was it had been

677

00:28:41,360 --> 00:28:38,850

a military post was involved in you know

678

00:28:43,360 --> 00:28:41,370

many of the major conflicts all the way

679

00:28:45,860 --> 00:28:43,370

up until 1961 when it was closed down

680

00:28:47,810 --> 00:28:45,870

and this was originally Mitchell field

681

00:28:51,320 --> 00:28:47,820

that had you know some historical

682

00:28:53,360 --> 00:28:51,330

significance james Doolittle gave the

683

00:28:56,360 --> 00:28:53,370

first public demonstration of blind

684

00:28:57,560 --> 00:28:56,370

flying in 1929 know what there were

685

00:29:01,880 --> 00:28:57,570

several several other immediate was a

686

00:29:03,230 --> 00:29:01,890

kind of an important played an important

687

00:29:04,960 --> 00:29:03,240

role in history at various times it's

688

00:29:06,920 --> 00:29:04,970

down the other city is that up in me

689

00:29:08,960 --> 00:29:06,930

boom you know that's a good question

690

00:29:10,430 --> 00:29:08,970

that I should have checked out I think

691

00:29:13,130 --> 00:29:10,440

it's done any of this city for some

692

00:29:16,250 --> 00:29:13,140

reason Mitchell field I've heard of it

693

00:29:20,000 --> 00:29:16,260

before but you know please continue okay

694

00:29:21,740 --> 00:29:20,010

now it's kinda low Nate when he talks

695

00:29:22,490 --> 00:29:21,750

about this incident he he actually

696

00:29:26,000 --> 00:29:22,500

didn't reveal it

697

00:29:29,120 --> 00:29:26,010

about 1973 he's a student at a Bible

698

00:29:30,710 --> 00:29:29,130

Seminary in Pennsylvania good reputation

699

00:29:32,810 --> 00:29:30,720

with friends and acquaintances for

700

00:29:34,220 --> 00:29:32,820

honesty and sincerity and that's kind of

701
00:29:39,230 --> 00:29:34,230
important when you're going to hear his

702
00:29:41,000 --> 00:29:39,240
story here the now there was a he didn't

703
00:29:45,410 --> 00:29:41,010
reveal it until he met a guy named

704
00:29:48,560 --> 00:29:45,420
Robert DeBary he buried at the in 1973

705
00:29:50,240 --> 00:29:48,570
ran a he called it the 20th century UFO

706
00:29:52,670 --> 00:29:50,250
Bureau which is long-defunct

707
00:29:54,290 --> 00:29:52,680
okay and you notice this is an older

708
00:29:56,330 --> 00:29:54,300
case but it's important to go back and

709
00:29:58,790 --> 00:29:56,340
look at the older cases you know and for

710
00:30:00,980 --> 00:29:58,800
historical context don't and you know

711
00:30:04,430 --> 00:30:00,990
compare it so he was at a UFO conference

712
00:30:06,440 --> 00:30:04,440
and in in New Jersey and this is the

713
00:30:08,720 --> 00:30:06,450

first time guide alone ain't really

714

00:30:09,830 --> 00:30:08,730

talked about this situation because he

715

00:30:12,500 --> 00:30:09,840

was you know he was stationed in the

716

00:30:13,280 --> 00:30:12,510

military and they as usual they they

717

00:30:16,790 --> 00:30:13,290

tell you to shut up

718

00:30:22,010 --> 00:30:16,800

yep not to do just disclose any of this

719

00:30:25,160 --> 00:30:22,020

right so he's now this he was originally

720

00:30:27,920 --> 00:30:25,170

from France he came over to the US he

721

00:30:31,610 --> 00:30:27,930

joined the Air Force he served for years

722

00:30:33,980 --> 00:30:31,620

until 1958 honorably now this was throw

723

00:30:36,470 --> 00:30:33,990

the winter of 1956 that this this

724

00:30:39,320 --> 00:30:36,480

incident took place okay his job by the

725

00:30:42,770 --> 00:30:39,330

way was doesn't sound too exciting but

726

00:30:45,590 --> 00:30:42,780

it was something called automatic data

727

00:30:47,360 --> 00:30:45,600

processing which I think was the you

728

00:30:50,510 --> 00:30:47,370

know they were the guys that were you

729

00:30:57,050 --> 00:30:50,520

were able to get paid even if it wasn't

730

00:30:59,600 --> 00:30:57,060

that exciting yes okay now again it was

731

00:31:01,670 --> 00:30:59,610

he kept this quiet for years before he

732

00:31:03,560 --> 00:31:01,680

finally spilled the beans okay it's we

733

00:31:07,940 --> 00:31:03,570

don't have a specific date but it's in

734

00:31:09,650 --> 00:31:07,950

the winter it's it's 11:30 p.m. guy and

735

00:31:10,700 --> 00:31:09,660

one of his buddies are just gonna run

736

00:31:12,770 --> 00:31:10,710

out and get some coffee and sandwiches

737

00:31:16,400 --> 00:31:12,780

for everybody that's working there that

738

00:31:18,170 --> 00:31:16,410

night and as they as they get to start

739

00:31:20,450 --> 00:31:18,180

to go off the base they look up in the

740

00:31:23,240 --> 00:31:20,460

sky and they see several globes over the

741

00:31:26,510 --> 00:31:23,250

base maybe a dozen of them kind of in a

742

00:31:28,760 --> 00:31:26,520

big circle all spinning around okay in

743

00:31:30,140 --> 00:31:28,770

this circle now it doesn't they didn't

744

00:31:31,790 --> 00:31:30,150

really give a size but they weren't very

745

00:31:33,700 --> 00:31:31,800

big whatever it was it wasn't like there

746

00:31:36,230 --> 00:31:33,710

was some kind of a huge craft really

747

00:31:38,750 --> 00:31:36,240

unless they were lights on a bigger

748

00:31:40,820 --> 00:31:38,760

crap that they couldn't see right so

749

00:31:43,549 --> 00:31:40,830

they run they abort the food run they

750

00:31:46,070 --> 00:31:43,559

run back and they tell everybody in in

751

00:31:47,810 --> 00:31:46,080

the at the office there yeah that the

752

00:31:48,980 --> 00:31:47,820

structure that they're working say you

753

00:31:49,760 --> 00:31:48,990

know there's something going on out here

754

00:31:52,460 --> 00:31:49,770

take a look

755

00:31:54,410 --> 00:31:52,470

they also contacted the base operations

756

00:31:55,880 --> 00:31:54,420

office well they're already aware of it

757

00:31:56,450 --> 00:31:55,890

and they're tracking these things on

758

00:31:59,960 --> 00:31:56,460

radar

759

00:32:01,760 --> 00:31:59,970

so they they've already got a pair of

760

00:32:04,669 --> 00:32:01,770

interceptors ready on the runway

761

00:32:06,770 --> 00:32:04,679

now of course as soon as the fighters

762

00:32:08,660 --> 00:32:06,780

were launched the UFOs vanish

763

00:32:10,490 --> 00:32:08,670

there's no they vanish from the radar

764

00:32:12,680 --> 00:32:10,500

they vanished from their visual sight

765

00:32:14,419 --> 00:32:12,690

that the whole incident maybe took no

766

00:32:18,410 --> 00:32:14,429

more than ten or fifteen minutes okay

767

00:32:20,390 --> 00:32:18,420

Wow now so after a little while the law

768

00:32:22,220 --> 00:32:20,400

named one of his co-workers decided to

769

00:32:25,190 --> 00:32:22,230

you know why don't we take off well

770

00:32:26,419 --> 00:32:25,200

cruise around the base and just maybe

771

00:32:29,630 --> 00:32:26,429

we'll get another view of these things

772

00:32:31,310 --> 00:32:29,640

sure so they eventually stopped their

773

00:32:35,000 --> 00:32:31,320

car at an area where there were some of

774

00:32:37,400 --> 00:32:35,010

these aircraft hangars were and and then

775

00:32:40,100 --> 00:32:37,410

as they're sitting there all of a sudden

776
00:32:42,049 --> 00:32:40,110
everything gets really quiet and I don't

777
00:32:44,330 --> 00:32:42,059
mean you know in the literary sense it

778
00:32:46,220 --> 00:32:44,340
was too quiet he was this kind of odds

779
00:32:48,740 --> 00:32:46,230
factor we've talked about before where

780
00:32:50,570 --> 00:32:48,750
things get unnaturally quiet yes and

781
00:32:52,880 --> 00:32:50,580
then they saw what they thought might

782
00:32:54,410 --> 00:32:52,890
have been a military man walking in the

783
00:32:56,120 --> 00:32:54,420
shadows they couldn't really see it was

784
00:32:59,480 --> 00:32:56,130
some distance away at one of those near

785
00:33:02,450 --> 00:32:59,490
one of the hangars and then all of a

786
00:33:04,490 --> 00:33:02,460
sudden they saw and the area light up

787
00:33:06,470 --> 00:33:04,500
kind of glow and it revealed a

788
00:33:08,330 --> 00:33:06,480

saucer-shaped craft sitting on the

789

00:33:10,160 --> 00:33:08,340

ground that was obviously already there

790

00:33:13,130 --> 00:33:10,170

but they just hadn't seen because it was

791

00:33:15,500 --> 00:33:13,140

so dark right okay it began to start to

792

00:33:17,690 --> 00:33:15,510

float upwards noiselessly absolutely no

793

00:33:19,460 --> 00:33:17,700

noise and it started it increases more

794

00:33:22,010 --> 00:33:19,470

and more in brilliance only gets maybe

795

00:33:24,320 --> 00:33:22,020

50 feet off the ground and then bang

796

00:33:28,720 --> 00:33:24,330

takes off into the sky and that's it

797

00:33:32,510 --> 00:33:28,730

well okay but now the plot thickens okay

798

00:33:34,880 --> 00:33:32,520

summer 1956 de Launay he's got a 30-day

799

00:33:39,320 --> 00:33:34,890

furlough decides to go back to France

800

00:33:41,990 --> 00:33:39,330

visit some relatives there now in 53

801
00:33:44,690 --> 00:33:42,000
there was a huge wave landing wave

802
00:33:46,850 --> 00:33:44,700
humanoids and so forth again before the

803
00:33:48,680 --> 00:33:46,860
grave showed up you know right this was

804
00:33:50,790 --> 00:33:48,690
chronicled in Jaco lay one of his

805
00:33:53,040 --> 00:33:50,800
earlier books

806
00:33:55,620 --> 00:33:53,050
challenged to science he talks about

807
00:33:58,650 --> 00:33:55,630
this and this amazing wave of landings

808
00:34:00,120 --> 00:33:58,660
in France well then another way if that

809
00:34:03,360 --> 00:34:00,130
that wave ends and then another one's

810
00:34:07,230 --> 00:34:03,370
picking up in 1956 when he goes to visit

811
00:34:08,190 --> 00:34:07,240
France now you this is somewhere in

812
00:34:10,169 --> 00:34:08,200
central France

813
00:34:12,840 --> 00:34:10,179

he's on a motorcycle returning to his

814

00:34:15,419 --> 00:34:12,850

grandfather's house he's done a long

815

00:34:16,020 --> 00:34:15,429

straightaway stop satellites gonna make

816

00:34:18,060 --> 00:34:16,030

a left turn

817

00:34:20,250 --> 00:34:18,070

and he kind of out of the corner of his

818

00:34:21,540 --> 00:34:20,260

eye he can tell there's a big structure

819

00:34:22,830 --> 00:34:21,550

there off to the side and he thought

820

00:34:25,020 --> 00:34:22,840

that's funny you know I don't remember

821

00:34:27,629 --> 00:34:25,030

any kind of building being there when I

822

00:34:30,990 --> 00:34:27,639

went past there before this this thing

823

00:34:35,369 --> 00:34:31,000

oh and then he is his the headlights in

824

00:34:37,859 --> 00:34:35,379

his motorcycle he catches a figure a

825

00:34:40,619 --> 00:34:37,869

man-like figure standing on the road the

826

00:34:43,619 --> 00:34:40,629

guy is wearing a what he described as

827

00:34:46,109 --> 00:34:43,629

sort of a silverish diving suit okay

828

00:34:47,490 --> 00:34:46,119

he's six feet tall human looking you can

829

00:34:48,899 --> 00:34:47,500

see there's no helmet on or anything

830

00:34:50,340 --> 00:34:48,909

like that he can tell this guy is

831

00:34:52,590 --> 00:34:50,350

perfectly human there was nothing

832

00:34:57,270 --> 00:34:52,600

strange about him at all right and then

833

00:35:02,910 --> 00:34:57,280

there's his outfit so weird yes but also

834

00:35:04,830 --> 00:35:02,920

the credit his friends it is France it

835

00:35:06,450 --> 00:35:04,840

was a style at the time right and it's

836

00:35:08,220 --> 00:35:06,460

just silver just so he'd stand up

837

00:35:13,230 --> 00:35:08,230

amongst the fish go ahead please wait he

838

00:35:15,240 --> 00:35:13,240

he was not a conehead but this this

839

00:35:17,190 --> 00:35:15,250

thing turns out it's a it's a craft it's

840

00:35:19,590 --> 00:35:17,200

about 75 feet in diameter and it starts

841

00:35:21,660 --> 00:35:19,600

to line up well initially he takes off

842

00:35:23,790 --> 00:35:21,670

and then he because he's freaked out and

843

00:35:26,370 --> 00:35:23,800

then he stops and he thinks well there

844

00:35:28,590 --> 00:35:26,380

wasn't any hostility or anything to

845

00:35:30,900 --> 00:35:28,600

really fear so he thought maybe he

846

00:35:34,109 --> 00:35:30,910

should stop and get a better look but by

847

00:35:38,120 --> 00:35:34,119

that time the craft Rises takes off and

848

00:35:40,200 --> 00:35:38,130

vanishes okay now normally you know a

849

00:35:42,030 --> 00:35:40,210

case like this he's think oh come on

850

00:35:44,190 --> 00:35:42,040

this is too much you know he's had two

851

00:35:47,760 --> 00:35:44,200

encounters in a front and and back in

852

00:35:50,730 --> 00:35:47,770

the old days you know who was a doctor

853

00:35:51,960 --> 00:35:50,740

dr. J Allen Hynek yeah and oh heck who's

854

00:35:54,540 --> 00:35:51,970

the guy that did all the Close

855

00:35:57,599 --> 00:35:54,550

Encounters of the second kind the Ted

856

00:36:00,510 --> 00:35:57,609

Phillips right he did all those landing

857

00:36:03,150 --> 00:36:00,520

cases thousands of landing cases he said

858

00:36:04,110 --> 00:36:03,160

that one time there were some encounters

859

00:36:06,870 --> 00:36:04,120

in Piedmont

860

00:36:07,890 --> 00:36:06,880

Missouri and he said they rejected some

861

00:36:10,320 --> 00:36:07,900

of them because people were having

862

00:36:11,460 --> 00:36:10,330

repeat experiences because at that time

863

00:36:13,470 --> 00:36:11,470

they thought that was crazy that

864

00:36:16,110 --> 00:36:13,480

couldn't happen right time went on they

865

00:36:17,610 --> 00:36:16,120

found out that anybody that people that

866

00:36:20,220 --> 00:36:17,620

would see one of these things or have

867

00:36:21,990 --> 00:36:20,230

these experiences were often prone to

868

00:36:24,900 --> 00:36:22,000

having more of them it wasn't at all

869

00:36:27,390 --> 00:36:24,910

unusual them so so that aspect of it

870

00:36:29,880 --> 00:36:27,400

isn't necessarily doesn't necessarily

871

00:36:32,220 --> 00:36:29,890

put any lack of credibility on this

872

00:36:33,510 --> 00:36:32,230

guy's testimony Yeah right sure no I

873

00:36:36,390 --> 00:36:33,520

think it's well-known that you know

874

00:36:38,550 --> 00:36:36,400

people I think you oppose appear certain

875

00:36:40,140 --> 00:36:38,560

kinds of people I really do so that

876

00:36:42,000 --> 00:36:40,150

people have the same experience it means

877

00:36:44,790 --> 00:36:42,010

like a very similar almost yeah like

878

00:36:46,760 --> 00:36:44,800

identical swords are being followed

879

00:36:48,900 --> 00:36:46,770

somehow we're being observed they have

880

00:36:51,660 --> 00:36:48,910

you know more than one experience yeah

881

00:36:53,040 --> 00:36:51,670

okay right they see further like the

882

00:36:54,930 --> 00:36:53,050

John keel talked about the super

883

00:36:57,210 --> 00:36:54,940

spectrum there are certain people that

884

00:37:00,300 --> 00:36:57,220

in fact people that are prone or or have

885

00:37:02,070 --> 00:37:00,310

UFO experiences are also likely to see

886

00:37:04,110 --> 00:37:02,080

some kind of a cryptid like a Bigfoot or

887

00:37:06,510 --> 00:37:04,120

whatever it's not unusual for them to

888

00:37:09,030 --> 00:37:06,520

have multiple type of paranormal

889

00:37:11,160 --> 00:37:09,040

experiences one of these would be people

890

00:37:14,550 --> 00:37:11,170

who had like a very high emotional

891

00:37:16,830 --> 00:37:14,560

intelligence or very high emotional

892

00:37:19,250 --> 00:37:16,840

awareness of everything around them and

893

00:37:22,800 --> 00:37:19,260

they were like yeah I think that's an

894

00:37:25,440 --> 00:37:22,810

act that's people sometimes people that

895

00:37:28,500 --> 00:37:25,450

have had these experiences it seems that

896

00:37:29,820 --> 00:37:28,510

their IQ increases yeah or you know

897

00:37:31,740 --> 00:37:29,830

their search they have has profound

898

00:37:35,040 --> 00:37:31,750

effects on their lives sometimes right

899

00:37:38,480 --> 00:37:35,050

they become artists or whatever you know

900

00:37:40,890 --> 00:37:38,490

we have the doctor on the line with us

901
00:37:42,270 --> 00:37:40,900
brewing all good Maccabi so I'm gonna

902
00:37:51,180 --> 00:37:42,280
try to bring him in through the magic of

903
00:37:55,860 --> 00:37:51,190
Skype let's see what happens okay hello

904
00:37:57,810 --> 00:37:55,870
Doctor how you doing hello Doctor is

905
00:37:59,730 --> 00:37:57,820
there a doctor in the house that that's

906
00:38:01,760 --> 00:37:59,740
right your chief doctor doctor told me

907
00:38:06,300 --> 00:38:01,770
the news

908
00:38:08,100 --> 00:38:06,310
hello Wow Bruce are you doing okay

909
00:38:09,600 --> 00:38:08,110
excellent if you could speak up a little

910
00:38:13,770 --> 00:38:09,610
I'll go right up against the microphone

911
00:38:15,310 --> 00:38:13,780
that'd be great we just brought you in

912
00:38:18,070 --> 00:38:15,320
on the fly here

913
00:38:20,830 --> 00:38:18,080

Steve would one of our correspondents is

914

00:38:27,180 --> 00:38:20,840

on the line with us and also one one I

915

00:38:35,170 --> 00:38:31,450

okay good yeah sure no we just want you

916

00:38:36,220 --> 00:38:35,180

to be heard by everyone so thanks for

917

00:38:37,960 --> 00:38:36,230

joining us tonight

918

00:38:41,130 --> 00:38:37,970

Steve's gonna hang around for a while

919

00:38:43,390 --> 00:38:41,140

right yes okay cool

920

00:38:44,680 --> 00:38:43,400

you've been on the show before but in

921

00:38:46,870 --> 00:38:44,690

the time since you've written a book

922

00:38:47,890 --> 00:38:46,880

just tell us the title of the book

923

00:38:56,920 --> 00:38:47,900

because I think it's a fascinating

924

00:38:59,710 --> 00:38:56,930

subject okay and it's about the first

925

00:39:04,180 --> 00:38:59,720

sighting of quote/unquote flying saucers

926

00:39:07,090 --> 00:39:04,190

correct all right okay now in the last

927

00:39:09,670 --> 00:39:07,100

four years written three books did we

928

00:39:12,970 --> 00:39:09,680

put sort of enough serious I guess and

929

00:39:18,340 --> 00:39:12,980

then they're taken together they're a

930

00:39:25,630 --> 00:39:22,690

three messengers the only book to be to

931

00:39:29,230 --> 00:39:25,640

concentrate I'm just Kenneth Arnold

932

00:39:31,120 --> 00:39:29,240

exciting write history history in the

933

00:39:33,460 --> 00:39:31,130

book to sort of give you the context of

934

00:39:36,460 --> 00:39:33,470

I happened to be in what happened after

935

00:39:39,550 --> 00:39:36,470

he actually reclaimed it for how the

936

00:39:42,250 --> 00:39:39,560

term flying saucers right I'm just gonna

937

00:39:44,110 --> 00:39:42,260

give everyone the thumbnail of what

938

00:39:44,500 --> 00:39:44,120

happened that day in June was he was

939

00:39:49,360 --> 00:39:44,510

flying

940

00:39:51,280 --> 00:39:49,370

plane Kenneth Donald he was a Salesman

941

00:39:54,280 --> 00:39:51,290

and he was flying his own private plane

942

00:39:56,860 --> 00:39:54,290

and he was flying over Mount Washington

943

00:39:58,420 --> 00:39:56,870

in you know Washington state of that

944

00:40:03,520 --> 00:39:58,430

that whatever that mountain range is

945

00:40:05,680 --> 00:40:03,530

there okay and he saw to him he saw this

946

00:40:09,490 --> 00:40:05,690

group of objects you know several miles

947

00:40:11,350 --> 00:40:09,500

away but they look like pie plates in a

948

00:40:13,030 --> 00:40:11,360

way and they were there were there in it

949

00:40:16,570 --> 00:40:13,040

in a line and they were moving back and

950

00:40:18,910 --> 00:40:16,580

forth in coordination or whatever and

951
00:40:20,620 --> 00:40:18,920
and he was a knowledgeable guy and he

952
00:40:22,990 --> 00:40:20,630
did a lot of kind of experiments right

953
00:40:24,340 --> 00:40:23,000
there in the in the cockpit like he put

954
00:40:25,810 --> 00:40:24,350
up his flight card and he knew the

955
00:40:27,400 --> 00:40:25,820
flakes I was three inches so he could

956
00:40:28,770 --> 00:40:27,410
triangulate how far these things were

957
00:40:31,650 --> 00:40:28,780
away he was that kind of guy

958
00:40:34,380 --> 00:40:31,660
and what's she doing ran out of space on

959
00:40:39,600 --> 00:40:34,390
my phone so I'm deleting some stuff by

960
00:40:42,720 --> 00:40:39,610
singing dog by going I pronounce you by

961

included phone price excludes numbers on

970

the t-mobile network C's for freaky

971

00:41:03,090 --> 00:41:00,430

doesn't turn the conditions when the

972

00:41:05,430 --> 00:41:03,100

media talked to him somehow rather he

973

00:41:07,040 --> 00:41:05,440

said it looked like pipe it I played

974

00:41:23,360 --> 00:41:07,050

skipping over an ocean and that

975

00:41:30,450 --> 00:41:26,480

studying this and treated seriously you

976

00:41:33,870 --> 00:41:30,460

get the full impact of what happened

977

00:41:36,960 --> 00:41:33,880

famous skeptics old class once said to

978

00:41:39,330 --> 00:41:36,970

me can't you find just one saying that

979

00:41:41,580 --> 00:41:39,340

nobody can explain of course if he

980

00:41:43,110 --> 00:41:41,590

claimed he could explain everything so

981

00:41:44,450 --> 00:41:43,120

from his point of view I couldn't

982

00:41:51,840 --> 00:41:44,460

probably once I do you nobody could

983

00:41:53,280 --> 00:41:51,850

explain but there is a point to that UFO

984

00:41:55,800 --> 00:41:53,290

sightings out there that various people

985

00:41:58,530 --> 00:41:55,810

will say can't be explained sometimes a

986

00:42:01,350 --> 00:41:58,540

people or some people some sums that

987

00:42:03,570 --> 00:42:01,360

ufologist agree other colleges disagree

988

00:42:05,460 --> 00:42:03,580

on any particular exciting as well as

989

00:42:09,450 --> 00:42:05,470

oddity to be explained but what we

990

00:42:11,700 --> 00:42:09,460

should be able to do the quote UFO

991

00:42:14,330 --> 00:42:11,710

community unquote should be able to come

992

00:42:17,630 --> 00:42:14,340

up with at least one so I think

993

00:42:23,100 --> 00:42:17,640

everybody agrees on can't be exploiting

994

00:42:27,840 --> 00:42:23,110

and I gotta put up Kenneth Arnold citing

995

00:42:29,340 --> 00:42:27,850

as a candidate for that right yeah yes I

996

00:42:31,950 --> 00:42:29,350

even took place in three o'clock in the

997

00:42:36,630 --> 00:42:31,960

afternoon when the Sun on the 24th of

998

00:42:39,450 --> 00:42:36,640

June of 1947 with a soggy and behind him

999

00:42:42,210 --> 00:42:39,460

and high in the sky optimal viewing he

1000

00:42:46,980 --> 00:42:42,220

was flying at the time that happened it

1001
00:42:49,850 --> 00:42:46,990
was slowing eastward towards the south

1002
00:42:55,700 --> 00:42:49,860
of it he was south east south west of

1003
00:43:00,750 --> 00:42:55,710
Mount Ranier 14,400 feet high and flying

1004
00:43:03,990 --> 00:43:00,760
roughly south south south eastward on

1005
00:43:06,690 --> 00:43:04,000
the side where the side he began well he

1006
00:43:10,470 --> 00:43:06,700
happened to be there at that time is

1007
00:43:13,650 --> 00:43:10,480
that year for the businessman who had

1008
00:43:16,830 --> 00:43:13,660
his own fire control company sold fire

1009
00:43:19,740 --> 00:43:16,840
control equipment over a wide range of

1010
00:43:24,620 --> 00:43:19,750
areas that states of Oregon and

1011
00:43:27,120 --> 00:43:24,630
Washington the uses as a small plane to

1012
00:43:28,980 --> 00:43:27,130
for transport purposes so you can get

1013
00:43:38,040 --> 00:43:28,990

dragged over one place together really

1014

00:43:42,960 --> 00:43:38,050

quickly so yeah everyone and she Hollis

1015

00:43:47,520 --> 00:43:42,970

Washington on a job and it was gonna fly

1016

00:43:49,230 --> 00:43:47,530

back to Yakima and was headed there was

1017

00:43:51,630 --> 00:43:49,240

a narrow place called mineral you can

1018

00:43:55,950 --> 00:43:51,640

find on the map mineral Washington some

1019

00:43:59,610 --> 00:43:55,960

25 miles southwest of Mount Rainier

1020

00:44:01,500 --> 00:43:59,620

I'm here in 14,500 feet high sticks up

1021

00:44:04,440 --> 00:44:01,510

above the rest of the mountains in the

1022

00:44:09,570 --> 00:44:04,450

Cascade Range is about 7,000 feet high

1023

00:44:11,400 --> 00:44:09,580

so he was right ingress he was flying

1024

00:44:15,240 --> 00:44:11,410

along and essentially perfect weather

1025

00:44:18,960 --> 00:44:15,250

there was no turbulence he just as he

1026

00:44:21,180 --> 00:44:18,970

writes in his report yeah flying with

1027

00:44:24,060 --> 00:44:21,190

excellent just sit back and watch

1028

00:44:25,320 --> 00:44:24,070

enjoying the scenery and everything was

1029

00:44:26,700 --> 00:44:25,330

going along just fine and all of a

1030

00:44:30,570 --> 00:44:26,710

sudden the big fly satellite get its

1031

00:44:32,190 --> 00:44:30,580

cockpit and it startled him that must

1032

00:44:35,400 --> 00:44:32,200

have been a very bright flash of light

1033

00:44:41,640 --> 00:44:37,680

the airplane was already lit by the Sun

1034

00:44:45,990 --> 00:44:41,650

directly and by all the skylight so

1035

00:44:47,400 --> 00:44:46,000

whatever made this flag reflected a heck

1036

00:44:48,690 --> 00:44:47,410

of a lot of weight out of his everybody

1037

00:44:51,930 --> 00:44:48,700

and he started looking around to see

1038

00:44:55,880 --> 00:44:51,940

what was going on and tell you somebody

1039

00:45:00,749 --> 00:44:55,890

had some hot dogger in a jet aircraft

1040

00:45:02,759 --> 00:45:00,759

had a bug this is small plane and what

1041

00:45:04,859 --> 00:45:02,769

he had seen was some light reflecting

1042

00:45:07,259 --> 00:45:04,869

off the body of this fast-moving

1043

00:45:09,210 --> 00:45:07,269

aircraft but he looked around to

1044

00:45:11,700 --> 00:45:09,220

fighting he expected to be an aircraft

1045

00:45:15,539 --> 00:45:11,710

you could see out to the distance north

1046

00:45:20,279 --> 00:45:15,549

of him oh he estimated 15 mile DC for

1047

00:45:22,349 --> 00:45:20,289

transport plane passenger plane heading

1048

00:45:24,269 --> 00:45:22,359

northward I thought that was too far

1049

00:45:26,759 --> 00:45:24,279

away to cause any flashes like Easter

1050

00:45:30,170 --> 00:45:26,769

everybody so he kept on looking around

1051
00:45:35,720 --> 00:45:30,180
and then they noticed north of him

1052
00:45:39,450 --> 00:45:35,730
flashes of light coming quite bright

1053
00:45:42,150 --> 00:45:39,460
there's a light distances they're

1054
00:45:43,620 --> 00:45:42,160
becoming a problem and they stared at

1055
00:45:46,249 --> 00:45:43,630
this in this direction you know and he

1056
00:45:50,160 --> 00:45:46,259
realized that there are nine

1057
00:45:52,319 --> 00:45:50,170
strange-looking objects hanging rapidly

1058
00:45:55,470 --> 00:45:52,329
southward and he can see if they stayed

1059
00:46:00,930 --> 00:45:55,480
on a straight track they were passed

1060
00:46:02,940 --> 00:46:00,940
between him and Harlan ear I asked to

1061
00:46:04,499 --> 00:46:02,950
make the knee first that they were first

1062
00:46:09,620 --> 00:46:04,509
about fifty miles north of him when he

1063
00:46:12,089 --> 00:46:09,630

first saw and the travel past my linear

1064

00:46:15,990 --> 00:46:12,099

ultimately ended up going past Mount

1065

00:46:18,720 --> 00:46:16,000

Adams about 50 miles south about three

1066

00:46:21,569 --> 00:46:18,730

minutes later he looked at as a walk

1067

00:46:22,130 --> 00:46:21,579

within the first one of these map a spot

1068

00:46:26,099 --> 00:46:22,140

right here

1069

00:46:30,779 --> 00:46:26,109

well let me say first of all he decided

1070

00:46:33,180 --> 00:46:30,789

to measure the speed he said he points

1071

00:46:36,120 --> 00:46:33,190

out pilots are always talking about how

1072

00:46:37,920 --> 00:46:36,130

fast the various aircraft can go and he

1073

00:46:40,559 --> 00:46:37,930

could see that these things are putting

1074

00:46:42,029 --> 00:46:40,569

extremely high rate and he said they

1075

00:46:44,730 --> 00:46:42,039

flew like bees and his first thought

1076

00:46:47,190 --> 00:46:44,740

when he first saw it was it was a train

1077

00:46:48,480 --> 00:46:47,200

of geese coming along but the speed was

1078

00:46:50,490 --> 00:46:48,490

so great

1079

00:46:54,030 --> 00:46:50,500

then he realized he couldn't be couldn't

1080

00:46:58,080 --> 00:46:54,040

be nice so anyway decided to see the

1081

00:47:02,910 --> 00:46:58,090

good do imaginable legend to the speed

1082

00:47:06,480 --> 00:47:02,920

he had said he had geographical market

1083

00:47:10,590 --> 00:47:06,490

uh bottle in here twenty five miles up

1084

00:47:13,770 --> 00:47:10,600

me to this north northern he's and waste

1085

00:47:18,120 --> 00:47:13,780

off of them the mop Adams and Mount

1086

00:47:19,710 --> 00:47:18,130

Saint Helens they figured he could track

1087

00:47:20,850 --> 00:47:19,720

the time of it take you to go from I

1088

00:47:23,310 --> 00:47:20,860

think what if they went in a straight

1089

00:47:27,990 --> 00:47:23,320

line it were to go past Mountaineer and

1090

00:47:29,280 --> 00:47:28,000

then pass both atoms and so I just

1091

00:47:29,780 --> 00:47:29,290

started taking change that they wouldn't

1092

00:47:33,660 --> 00:47:29,790

do that

1093

00:47:37,470 --> 00:47:33,670

he'd go to the clock his dashboard is

1094

00:47:43,200 --> 00:47:37,480

the first one one passing the southern

1095

00:47:45,720 --> 00:47:43,210

flank of a linear and then as time went

1096

00:47:48,030 --> 00:47:45,730

on he looked at these things as parent

1097

00:47:54,000 --> 00:47:48,040

as he could he kept trying to see you

1098

00:47:56,330 --> 00:47:54,010

trying to see tailed fuselage wings any

1099

00:47:59,400 --> 00:47:56,340

sort of a shape that he could recognize

1100

00:48:03,180 --> 00:47:59,410

and the report that he made to the

1101
00:48:08,310 --> 00:48:03,190
airport he said of money or he saw was

1102
00:48:12,990 --> 00:48:08,320
shaped like a semicircle in the front

1103
00:48:16,620 --> 00:48:13,000
like like a a pipe in it but then cut

1104
00:48:18,690 --> 00:48:16,630
into my context triangular rear end I

1105
00:48:21,660 --> 00:48:18,700
was like a point under there so it

1106
00:48:24,350 --> 00:48:21,670
wasn't it was mr. Capel it was a half

1107
00:48:27,840 --> 00:48:24,360
circle of the triangular triangular

1108
00:48:31,940 --> 00:48:27,850
mirror except that was eight of them one

1109
00:48:35,370 --> 00:48:31,950
of them had a circular front the double

1110
00:48:37,350 --> 00:48:35,380
concave Crescent today at the rear you

1111
00:48:41,160 --> 00:48:37,360
know that was kind of strange

1112
00:48:43,770 --> 00:48:41,170
it was next to last of this chain of

1113
00:48:45,090 --> 00:48:43,780

nine objects how many objects how many

1114

00:48:47,580 --> 00:48:45,100

how many Sasa

1115

00:48:50,330 --> 00:48:47,590

trying to make a measurement of the size

1116

00:48:52,560 --> 00:48:50,340

of object to do one you could have to

1117

00:48:54,570 --> 00:48:52,570

mention the front back on the back

1118

00:48:59,769 --> 00:48:54,580

missions to use it they call it azuz

1119

00:49:01,809 --> 00:48:59,779

faster oh I chose the calling in power

1120

00:49:04,779 --> 00:49:01,819

and he held one of these things up next

1121

00:49:06,640 --> 00:49:04,789

to the objects I was like and compare

1122

00:49:09,460 --> 00:49:06,650

the geography with that and he turned

1123

00:49:13,660 --> 00:49:09,470

around to his left and looked out the

1124

00:49:18,099 --> 00:49:13,670

window but you can see this easy forward

1125

00:49:22,299 --> 00:49:18,109

in half going normally at about 15 miles

1126

00:49:24,190 --> 00:49:22,309

apart he come he compared by doing this

1127

00:49:26,559 --> 00:49:24,200

comparison method he concluded of the

1128

00:49:29,079 --> 00:49:26,569

objects probably about the same side it

1129

00:49:31,150 --> 00:49:29,089

was there playing sixty to eighty and I

1130

00:49:35,250 --> 00:49:31,160

think they didn't hundred feet the best

1131

00:49:39,190 --> 00:49:35,260

aside from the back side of it is

1132

00:49:42,400 --> 00:49:39,200

estimated that so he had made a major

1133

00:49:45,930 --> 00:49:42,410

crude measurement of the size and then

1134

00:49:50,170 --> 00:49:45,940

he saw his he's me one past Butler Adams

1135

00:49:57,190 --> 00:49:50,180

he looked at his Park and a minute 42

1136

00:49:59,769 --> 00:49:57,200

seconds have gone by before June upon

1137

00:50:03,250 --> 00:49:59,779

minute before three o'clock right unless

1138

00:50:07,960 --> 00:50:03,260

o'clock when he started at timing the

1139

00:50:13,630 --> 00:50:07,970

first object and then forty two seconds

1140

00:50:17,859 --> 00:50:13,640

after a.m. when he looked when he saw

1141

00:50:20,200 --> 00:50:17,869

the last one passing on Adams and the

1142

00:50:23,620 --> 00:50:20,210

bottom line is they traveled about 50

1143

00:50:27,220 --> 00:50:23,630

miles 115 seconds and he thought that

1144

00:50:30,970 --> 00:50:27,230

was pretty hard he bothered him what

1145

00:50:33,009 --> 00:50:30,980

bothered him would be watching me Bobby

1146

00:50:37,329 --> 00:50:33,019

was number one he couldn't locate any

1147

00:50:38,769 --> 00:50:37,339

any normal features of shape as I said

1148

00:50:40,749 --> 00:50:38,779

they couldn't see wings and fins the

1149

00:50:44,559 --> 00:50:40,759

engines offends me this belie because he

1150

00:50:46,960 --> 00:50:44,569

tail he'll win the only so there's no

1151
00:50:50,440 --> 00:50:46,970
detail other than pie pie plate shape

1152
00:50:53,109 --> 00:50:50,450
just note no other detail was a rock

1153
00:50:55,769 --> 00:50:53,119
back and forth the front back as if you

1154
00:50:59,289 --> 00:50:55,779
had skipped the stone on the water yeah

1155
00:51:01,960 --> 00:50:59,299
anyone and the next day or so after he

1156
00:51:05,410 --> 00:51:01,970
was interviewed on his part he also he

1157
00:51:08,950 --> 00:51:05,420
was the skipping sauce on water and an

1158
00:51:10,500 --> 00:51:08,960
analogy and that to do is buy some

1159
00:51:14,130 --> 00:51:10,510
reporters

1160
00:51:18,060 --> 00:51:14,140
okay news media typically collapses

1161
00:51:19,859 --> 00:51:18,070
stuff and do what they think of you as

1162
00:51:25,590 --> 00:51:19,869
far as number order to get something

1163
00:51:27,420 --> 00:51:25,600

across bring the wrong words interesting

1164

00:51:30,870 --> 00:51:27,430

you know we're gonna Wow we're gonna

1165

00:51:33,210 --> 00:51:30,880

take it laughing he says you see what he

1166

00:51:35,940 --> 00:51:33,220

was just astonished or astounded it the

1167

00:51:38,820 --> 00:51:35,950

way anything's tilted and went in and

1168

00:51:41,130 --> 00:51:38,830

out of the peaks of the mountains stop

1169

00:51:43,080 --> 00:51:41,140

them all in here he said he decided

1170

00:51:46,980 --> 00:51:43,090

doing things putting be in these things

1171

00:51:51,000 --> 00:51:46,990

in the g-forces would be too vague has

1172

00:51:52,020 --> 00:51:51,010

it changed right actions cry so you know

1173

00:51:53,550 --> 00:51:52,030

we're gonna take it yeah

1174

00:51:56,490 --> 00:51:53,560

then take a commercial break now Bruce

1175

00:51:58,560 --> 00:51:56,500

and just a station ID so hang on Steve

1176

00:52:00,630 --> 00:51:58,570

hang on and we'll be right back after

1177

00:52:01,980 --> 00:52:00,640

this you listening Thank You Mac Melones

1178

00:52:04,230 --> 00:52:01,990

military x-files show here on the

1179

00:52:04,830 --> 00:52:04,240

distant Thunder radio network we'll be

1180

00:52:07,680 --> 00:52:04,840

right back

1181

00:52:10,190 --> 00:52:07,690

UFOs are found in Renaissance art on

1182

00:52:13,590 --> 00:52:10,200

ancient coins and etched on cave walls

1183

00:52:15,810 --> 00:52:13,600

they are even reported in the Bible but

1184

00:52:20,040 --> 00:52:15,820

more surprising is when UFOs have seen

1185

00:52:21,990 --> 00:52:20,050

the most in times of war through

1186

00:52:24,000 --> 00:52:22,000

centuries thousands of UFO sightings

1187

00:52:26,430 --> 00:52:24,010

have been made by high-ranking officials

1188

00:52:29,400 --> 00:52:26,440

military pilots and ordinary soldiers

1189

00:52:31,950 --> 00:52:29,410

often these fantastic appearances occur

1190

00:52:34,770 --> 00:52:31,960

at the height of great battles from

1191

00:52:37,680 --> 00:52:34,780

World War one to d-day to Korea Vietnam

1192

00:52:40,470 --> 00:52:37,690

and biade military investigators are

1193

00:52:42,060 --> 00:52:40,480

baffled why do UFO sighting spikes so

1194

00:52:45,030 --> 00:52:42,070

drastically during wartime

1195

00:52:49,170 --> 00:52:45,040

could it be mistaken aircraft or someone

1196

00:52:51,359 --> 00:52:49,180

or some thing looking in on us in UFOs

1197

00:52:53,460 --> 00:52:51,369

in wartime what they didn't want you to

1198

00:52:55,109 --> 00:52:53,470

know Mack Moloney chronicles centuries

1199

00:52:57,390 --> 00:52:55,119

of these incredible sightings and tries

1200

00:53:00,690 --> 00:52:57,400

to solve the puzzle of why so many UFOs

1201
00:53:02,730 --> 00:53:00,700
are seen while Humanity is at war read

1202
00:53:05,640 --> 00:53:02,740
about the scare ships the ghost planes

1203
00:53:08,040 --> 00:53:05,650
and the ghost rockets alien Giants in

1204
00:53:11,190 --> 00:53:08,050
the jungles of Vietnam UFO is

1205
00:53:12,870 --> 00:53:11,200
controlling our ICBM bases dogfights

1206
00:53:16,950 --> 00:53:12,880
with flying saucers during the Gulf War

1207
00:53:17,860 --> 00:53:16,960
and more 300 pages of unbelievable

1208
00:53:20,410 --> 00:53:17,870
stories

1209
00:53:22,870 --> 00:53:20,420
with many starting photographs that's

1210
00:53:25,600 --> 00:53:22,880
UFOs in war tonight what they didn't

1211
00:53:31,330 --> 00:53:25,610
want you to know by Mack Maloney on sale

1212
00:53:31,340 --> 00:53:43,579
[Music]

1213
00:53:48,170 --> 00:53:47,420

the truth the truth you can't handle the

1214

00:53:50,719 --> 00:53:48,180

truth

1215

00:53:51,579 --> 00:53:50,729

only commanded Cobra can handle the

1216

00:53:53,719 --> 00:53:51,589

truth

1217

00:53:55,279 --> 00:53:53,729

welcome back everyone to mak money's no

1218

00:53:57,229 --> 00:53:55,289

1231

00:54:30,679 --> 00:54:27,420

of all steve-arino Steve what up there

1232

00:54:34,370 --> 00:54:30,689

in Battle Creek Michigan Steve hi guys

1233

00:54:36,199 --> 00:54:34,380

okay and also a special guest Bruce

1234

00:54:39,799 --> 00:54:36,209

Maccabee dr. Bruce Maccabee talking

1235

00:54:41,689 --> 00:54:39,809

about his new book three minutes in June

1236

00:54:44,719 --> 00:54:41,699

about the first quote-unquote flying

1237

00:54:46,699 --> 00:54:44,729

saucer sighting but it you right it's a

1238

00:54:48,469 --> 00:54:46,709

huge sighting it's something that is

1239

00:54:50,929 --> 00:54:48,479

well documented the person who made the

1240

00:54:53,779 --> 00:54:50,939

sighting as I said in the rent up he

1241

00:55:01,459 --> 00:54:53,789

knew what he was doing and yet has never

1242

00:55:03,019 --> 00:55:01,469

been solved in the book Katherine was

1243

00:55:05,349 --> 00:55:03,029

the right man at the right time at the

1244

00:55:07,849 --> 00:55:05,359

right place and with the right attitude

1245

00:55:09,109 --> 00:55:07,859

he realizes these things coming on

1246

00:55:10,759 --> 00:55:09,119

they're going at a high speed

1247

00:55:14,299 --> 00:55:10,769

they were extremely I need a little

1248

00:55:18,459 --> 00:55:14,309

shape the way they flew with a flipping

1249

00:55:24,289 --> 00:55:20,749

just wasn't there was nothing normal

1250

00:55:26,959 --> 00:55:24,299

about these things he decided to see you

1251
00:55:30,799 --> 00:55:26,969
later the speed he said that I know I

1252
00:55:33,229 --> 00:55:30,809
had sort of like a fixed geographical

1253
00:55:35,359 --> 00:55:33,239
point in my mind here I wanted at one

1254
00:55:37,719 --> 00:55:35,369
end today and then farther south a

1255
00:55:41,809 --> 00:55:37,729
fixity of a graphical point mom Adams

1256
00:55:44,929 --> 00:55:41,819
and he was the time they took a chance

1257
00:55:48,859 --> 00:55:44,939
they might not they might actually go in

1258
00:55:51,799 --> 00:55:48,869
a straight line or close to it from near

1259
00:55:55,669 --> 00:55:51,809
on or near to Mount Adams and they did

1260
00:55:57,710 --> 00:55:55,679
that anytime that came up with a number

1261
00:56:02,150 --> 00:55:57,720
that you can hardly believe seventeen

1262
00:56:03,859 --> 00:56:02,160
miles an hour okay an important factor

1263
00:56:06,920 --> 00:56:03,869

about this is I said he was the right

1264

00:56:09,589 --> 00:56:06,930

man he is high definitely with

1265

00:56:12,200 --> 00:56:09,599

credibility with the businessman four

1266

00:56:15,520 --> 00:56:12,210

thousand so hours of flying time heating

1267

00:56:18,020 --> 00:56:15,530

them up of course it was the optimum

1268

00:56:19,910 --> 00:56:18,030

optimum viewing conditions from him with

1269

00:56:23,570 --> 00:56:19,920

the Sun behind him he came high up the

1270

00:56:25,250 --> 00:56:23,580

sky and him looking toward the east you

1271

00:56:29,180 --> 00:56:25,260

can see what these things look like if

1272

00:56:31,550 --> 00:56:29,190

he passed Mountaineer they tilted steep

1273

00:56:34,250 --> 00:56:31,560

enough angle and he to see it was almost

1274

00:56:38,839 --> 00:56:34,260

like you could see from the top

1275

00:56:41,240 --> 00:56:38,849

downwards when they were seeing our bags

1276
00:56:43,730 --> 00:56:41,250
that are very thin so he compared them

1277
00:56:47,000 --> 00:56:43,740
to something like a saucer skipping on

1278
00:56:48,740 --> 00:56:47,010
water right then after he saw these

1279
00:56:51,290 --> 00:56:48,750
things and they disappeared off into the

1280
00:56:54,950 --> 00:56:51,300
distance he went to the Yakima

1281
00:56:57,290 --> 00:56:54,960
Washington told some of his buddies

1282
00:57:00,260 --> 00:56:57,300
there they didn't know what to believe

1283
00:57:04,089 --> 00:57:00,270
new armor was the type of guy to pop

1284
00:57:06,859 --> 00:57:04,099
jokes break anything jokester small tail

1285
00:57:09,109 --> 00:57:06,869
certainly when to hope and love the

1286
00:57:11,810 --> 00:57:09,119
copycat case because there hadn't been

1287
00:57:13,160 --> 00:57:11,820
any previous publicized sightings right

1288
00:57:16,099 --> 00:57:13,170

shrimp think about Arnold's sighting

1289

00:57:18,859 --> 00:57:16,109

because of his credibility it was the

1290

00:57:21,950 --> 00:57:18,869

first one that was was publicized where

1291

00:57:25,040 --> 00:57:21,960

he told his pilot friends and a couple

1292

00:57:27,349 --> 00:57:25,050

hours later he flew from Yakima to

1293

00:57:29,390 --> 00:57:27,359

Pendleton Oregon by the time he landed

1294

00:57:31,180 --> 00:57:29,400

there the news was media people had

1295

00:57:36,410 --> 00:57:31,190

already started to pick up on it right

1296

00:57:39,440 --> 00:57:36,420

yeah he gotta explain to them more than

1297

00:57:40,970 --> 00:57:39,450

party the scene and into the calculation

1298

00:57:45,320 --> 00:57:40,980

and he couldn't believe 17 another

1299

00:57:47,300 --> 00:57:45,330

mountain are ultimately trying to change

1300

00:57:49,250 --> 00:57:47,310

his calculations and he says at least

1301

00:57:52,160 --> 00:57:49,260

twelve hundred miles are right actually

1302

00:57:57,970 --> 00:57:52,170

see any of the newspaper reports came

1303

00:58:00,349 --> 00:57:57,980

out starting on the 26th I think of June

1304

00:58:02,329 --> 00:58:00,359

almost all of the recurrence at twelve

1305

00:58:04,280 --> 00:58:02,339

hundred miles an hour's mr. Bates being

1306

00:58:06,260 --> 00:58:04,290

right and then there was an unheard-of

1307

00:58:11,329 --> 00:58:06,270

speed at that time you know making flaws

1308

00:58:19,819 --> 00:58:14,359

the guy who opposed this sound barrier

1309

00:58:23,930 --> 00:58:19,829

right now Eggar Chuck Yeager first guy

1310

00:58:29,120 --> 00:58:23,940

with the right stuff right in September

1311

00:58:30,349 --> 00:58:29,130

of 1947 right number 30 or 40 miles I

1312

00:58:31,849 --> 00:58:30,359

like that right so we're talking about

1313

00:58:33,260 --> 00:58:31,859

something going twice the speed of that

1314

00:58:34,880 --> 00:58:33,270

listen Bruce I want to get into this

1315

00:58:36,560 --> 00:58:34,890

next segment so tell people where they

1316

00:58:39,050 --> 00:58:36,570

can buy your book and they can read the

1317

00:58:41,510 --> 00:58:39,060

rest of the story well I can get the

1318

00:58:43,819 --> 00:58:41,520

book directly from Amazon I have two

1319

00:58:46,640 --> 00:58:43,829

other books the FBI CIA UFO connection

1320

00:58:49,400 --> 00:58:46,650

and abduction in my life they're all on

1321

00:58:53,630 --> 00:58:49,410

how am I on if you can contact me at my

1322

00:58:58,550 --> 00:58:53,640

website or my email bro Mack doc

1323

00:59:01,160 --> 00:58:58,560

mysite.com is the website and RoMac at

1324

00:59:06,230 --> 00:59:01,170

commerce here comments by email write

1325

00:59:08,089 --> 00:59:06,240

that up and anyway be thanked on getting

1326

00:59:12,950 --> 00:59:08,099

written for me and if you get it from

1327

00:59:15,500 --> 00:59:12,960

you know I grab coffee or you write show

1328

00:59:18,109 --> 00:59:15,510

and and it's just it's a fascinating

1329

00:59:19,609 --> 00:59:18,119

idea I'm glad that someone wrote the

1330

00:59:21,260 --> 00:59:19,619

book I was telling one line earlier it

1331

00:59:23,180 --> 00:59:21,270

was a book that needed to be written I'm

1332

00:59:26,990 --> 00:59:23,190

glad you're the one who wrote it three

1333

00:59:28,849 --> 00:59:27,000

minutes in June by Bruce Maccabee it's a

1334

00:59:30,200 --> 00:59:28,859

good read I can't wait to to read that

1335

00:59:32,089 --> 00:59:30,210

been looking forward to this book for

1336

00:59:35,180 --> 00:59:32,099

years so thanks for writing it now

1337

00:59:37,069 --> 00:59:35,190

because you are a physicist and we were

1338

00:59:39,980 --> 00:59:37,079

talking about your appearance a few

1339

00:59:41,750 --> 00:59:39,990

weeks ago we've all come up with quick

1340

00:59:43,520 --> 00:59:41,760

questions well I always want to ask a

1341

00:59:46,160 --> 00:59:43,530

physicist all of us have wanted to ask

1342

00:59:51,230 --> 00:59:46,170

because it's okay so at switch can you

1343

00:59:55,579 --> 00:59:51,240

start off with yours please okay here we

1344

00:59:58,220 --> 00:59:55,589

go switch you there Steve oh wait yeah

1345

00:59:59,780 --> 00:59:58,230

can you hear me mm-hm I started my fault

1346

01:00:02,930 --> 00:59:59,790

I had to cough button on okay here right

1347

01:00:05,000 --> 01:00:02,940

here am i what Bruce I've always

1348

01:00:07,670 --> 01:00:05,010

wondered you know we've gotten the some

1349

01:00:09,800 --> 01:00:07,680

of the classic reports of UFOs obviously

1350

01:00:12,290 --> 01:00:09,810

in the sky going at tremendous speed

1351
01:00:14,960 --> 01:00:12,300
sometimes making 90-degree angle turns

1352
01:00:17,270 --> 01:00:14,970
certainly we've had them descriptions of

1353
01:00:20,180 --> 01:00:17,280
them at rest and then taking off at

1354
01:00:22,280 --> 01:00:20,190
incredible speeds us assuming that some

1355
01:00:24,080 --> 01:00:22,290
of those these reports are legitimate is

1356
01:00:27,280 --> 01:00:24,090
there anything in

1357
01:00:31,010 --> 01:00:27,290
that could account for this kind of

1358
01:00:33,350 --> 01:00:31,020
behavior by a solid craft or does this

1359
01:00:37,820 --> 01:00:33,360
possibly imply that some of these are

1360
01:00:40,810 --> 01:00:37,830
not physical well you can certainly have

1361
01:00:43,610 --> 01:00:40,820
high accelerations I wrote a whole paper

1362
01:00:44,840 --> 01:00:43,620
entitled called acceleration to tell my

1363
01:00:47,840 --> 01:00:44,850

website mm-hmm

1364

01:00:49,760 --> 01:00:47,850

argue that things like sudden

1365

01:00:53,360 --> 01:00:49,770

appearances and sudden disappearances

1366

01:00:56,150 --> 01:00:53,370

could be a result of the capability of

1367

01:00:57,680 --> 01:00:56,160

having extremely high acceleration a

1368

01:00:59,870 --> 01:00:57,690

human being under those conditions

1369

01:01:00,950 --> 01:00:59,880

probably turned into a bowl of jelly

1370

01:01:02,450 --> 01:01:00,960

what you're doing

1371

01:01:07,340 --> 01:01:02,460

ran out of space on my phone so I'm

1372

01:01:10,850 --> 01:01:07,350

deleting some stuff by singing dog my

1373

01:01:13,730 --> 01:01:10,860

goal I pronounce you by morning ceremony

1374

01:01:15,890 --> 01:01:13,740

stopped at metro pcs you get two free

1375

01:01:17,870 --> 01:01:15,900

phones with twice as much memory okay

1376

01:01:19,940 --> 01:01:17,880

don't say bye to your memories switch to

1377

01:01:21,740 --> 01:01:19,950

MetroPCS and get two free LG kick

1378

01:01:24,140 --> 01:01:21,750

twenty-plus phones with 32 gigs when you

1379

01:01:25,880 --> 01:01:24,150

switch to lines MetroPCS wireless

1380

01:01:27,080 --> 01:01:25,890

figured out how available in some areas

1381

01:01:28,220 --> 01:01:27,090

sales tax not included phone price

1382

01:01:29,330 --> 01:01:28,230

excludes numbers on the t-mobile network

1383

01:01:32,810 --> 01:01:29,340

seized or freaky chosen terms and

1384

01:01:36,200 --> 01:01:32,820

conditions yes you've had drone type

1385

01:01:41,150 --> 01:01:36,210

craft or something piloted by robots you

1386

01:01:43,490 --> 01:01:41,160

might get Oakland over self answered

1387

01:01:48,020 --> 01:01:43,500

somebody sitting there looking at you

1388

01:01:49,700 --> 01:01:48,030

and then suddenly you disappear appears

1389

01:01:54,650 --> 01:01:49,710

to be a disappearance but in fact is

1390

01:01:58,610 --> 01:01:54,660

such as a rapid ecology gone away video

1391

01:02:02,360 --> 01:01:58,620

which illustrates that came out of Gulf

1392

01:02:06,310 --> 01:02:02,370

Breeze many years ago diode is done

1393

01:02:09,860 --> 01:02:06,320

watching videotaping this shiny thing

1394

01:02:14,150 --> 01:02:09,870

several thousand feet away I asked to

1395

01:02:17,690 --> 01:02:14,160

mate and in case if you watch the video

1396

01:02:21,140 --> 01:02:17,700

at normal speed it just disappears it's

1397

01:02:25,150 --> 01:02:21,150

a shiny dot object very big enough and

1398

01:02:28,400 --> 01:02:25,160

angular size right making a notable is

1399

01:02:33,920 --> 01:02:28,410

image on the screen and this just goes

1400

01:02:36,880 --> 01:02:33,930

away up and down the frame by frame and

1401

01:02:41,579 --> 01:02:36,890

you see that it's sitting there

1402

01:02:46,450 --> 01:02:43,630

stretches a little bit for certain

1403

01:02:48,039 --> 01:02:46,460

directions right and let's move the bed

1404

01:02:49,960 --> 01:02:48,049

and stretch some more in the next frame

1405

01:02:52,359 --> 01:02:49,970

it's moving some more expect even more

1406

01:02:54,309 --> 01:02:52,369

and this stretching of the image is the

1407

01:02:56,680 --> 01:02:54,319

result of the motion of the thing during

1408

01:02:59,769 --> 01:02:56,690

the frame time of the camera right

1409

01:03:01,749 --> 01:02:59,779

did you actually see acceleration take

1410

01:03:03,819 --> 01:03:01,759

place and how do you play in the normal

1411

01:03:05,229 --> 01:03:03,829

speed you don't know more damping way

1412

01:03:06,970 --> 01:03:05,239

was there way to measure the

1413

01:03:12,900 --> 01:03:06,980

acceleration that this thing had I

1414

01:03:16,359 --> 01:03:12,910

didn't imagine the acceleration oh well

1415

01:03:18,370 --> 01:03:16,369

well cool that ghosts are not just

1416

01:03:19,989 --> 01:03:18,380

appearing and disappearing they're they

1417

01:03:21,370 --> 01:03:19,999

move away so quickly it looks like

1418

01:03:23,380 --> 01:03:21,380

they're disappearing right here's my

1419

01:03:25,150 --> 01:03:23,390

question my question is almost related

1420

01:03:28,390 --> 01:03:25,160

to this because it it kind of came from

1421

01:03:30,489 --> 01:03:28,400

the same idea you know we're now in an

1422

01:03:31,900 --> 01:03:30,499

era where jet fighters everything

1423

01:03:34,180 --> 01:03:31,910

airliners bomb is there they're all

1424

01:03:35,979 --> 01:03:34,190

electrically controlled okay there's no

1425

01:03:37,390 --> 01:03:35,989

more manual you push the thing in that

1426
01:03:38,799 --> 01:03:37,400
in the rattle you know something moves

1427
01:03:41,529 --> 01:03:38,809
the rider takes all the fun out of it

1428
01:03:43,239 --> 01:03:41,539
right it's it's electrical impulses yeah

1429
01:03:44,829 --> 01:03:43,249
they give you when you're flying the

1430
01:03:47,890 --> 01:03:44,839
plane you you get the same resistance

1431
01:03:49,630 --> 01:03:47,900
you would get so it's the same physical

1432
01:03:51,519 --> 01:03:49,640
thing right yeah and it will do the

1433
01:03:53,170 --> 01:03:51,529
thing but it's really the computer it's

1434
01:03:54,759 --> 01:03:53,180
running the plane yeah and electricity

1435
01:03:57,130 --> 01:03:54,769
is running all through the point right

1436
01:03:59,620 --> 01:03:57,140
now these some of these planes can get

1437
01:04:01,359 --> 01:03:59,630
too you know and in dogfights and stuff

1438
01:04:02,380 --> 01:04:01,369

like that can get up to like six seven

1439

01:04:04,479 --> 01:04:02,390

G's okay

1440

01:04:06,220 --> 01:04:04,489

to the point where or maybe I'm maybe

1441

01:04:09,430 --> 01:04:06,230

it's it's not as much as that but it's

1442

01:04:11,049 --> 01:04:09,440

so you know extreme that they actually

1443

01:04:12,670 --> 01:04:11,059

have buttons and the new planes that if

1444

01:04:14,620 --> 01:04:12,680

you pass out you hit that buttons above

1445

01:04:16,269 --> 01:04:14,630

the blackout button the Bob and the

1446

01:04:17,890 --> 01:04:16,279

plane will fly itself and you come back

1447

01:04:19,539 --> 01:04:17,900

to contra man have you pet how do you

1448

01:04:21,309 --> 01:04:19,549

hit the button it's the last thing you

1449

01:04:22,960 --> 01:04:21,319

do you know when you when you black out

1450

01:04:26,049 --> 01:04:22,970

you get like five seconds you know it's

1451

01:04:27,670 --> 01:04:26,059

coming so you okay now my question is is

1452

01:04:29,710 --> 01:04:27,680

all this maneuvering and all these

1453

01:04:31,720 --> 01:04:29,720

different g's and negative G's and not

1454

01:04:42,599 --> 01:04:31,730

positive G's that does not affect the

1455

01:04:45,220 --> 01:04:42,609

flow of electricity doctor talking to me

1456

01:04:48,460 --> 01:04:45,230

if you are if you're in these high-tech

1457

01:04:50,289 --> 01:04:48,470

jets that are being you know basically

1458

01:04:52,059 --> 01:04:50,299

controlled by a lick

1459

01:04:54,039 --> 01:04:52,069

circuits and yet going through all these

1460

01:04:56,679 --> 01:04:54,049

hygiene maneuvers and so on that doesn't

1461

01:05:02,699 --> 01:04:56,689

affect the flow of electricity gravity

1462

01:05:12,429 --> 01:05:08,890

extreme maybe extreme you can grab a mic

1463

01:05:15,189 --> 01:05:12,439

okay well extreme gravity curve space so

1464

01:05:17,349 --> 01:05:15,199

I that's a foreign assumes electrons

1465

01:05:19,449 --> 01:05:17,359

flow which right yeah I mean that the

1466

01:05:20,469 --> 01:05:19,459

the contest yeah we're not really right

1467

01:05:22,479 --> 01:05:20,479

you always think it's like that

1468

01:05:23,769 --> 01:05:22,489

tributary of electricity it's like if

1469

01:05:25,509 --> 01:05:23,779

you put if you had a piece of wire and

1470

01:05:27,339 --> 01:05:25,519

there was filled with marbles right and

1471

01:05:28,809 --> 01:05:27,349

you got in the marvel at the end and you

1472

01:05:30,910 --> 01:05:28,819

hit that marble yeah and the other one

1473

01:05:34,449 --> 01:05:30,920

comes out right that's what like tryst

1474

01:05:39,099 --> 01:05:34,459

anyway yes that's right acceleration

1475

01:05:42,309 --> 01:05:39,109

order my rule Mac dot my site my SI te

1476

01:05:46,059 --> 01:05:42,319

calm relaxed I said common look for the

1477

01:05:49,660 --> 01:05:46,069

paper called acceleration right okay my

1478

01:05:51,640 --> 01:05:49,670

grandmother saw my grandmother and I so

1479

01:05:55,829 --> 01:05:51,650

much during the first nineteen forty

1480

01:05:58,779 --> 01:05:55,839

seven flat was hanging up clothes

1481

01:06:00,489 --> 01:05:58,789

looking up into the sky hanging clothes

1482

01:06:08,829 --> 01:06:00,499

out of clothes long and Greenfield

1483

01:06:11,890 --> 01:06:08,839

Massachusetts a nearby hill too shiny

1484

01:06:13,779 --> 01:06:11,900

around objects came along heading on the

1485

01:06:15,370 --> 01:06:13,789

east towards the west and she says they

1486

01:06:18,249 --> 01:06:15,380

made a right angle turn and head the

1487

01:06:19,660 --> 01:06:18,259

door and grab on the aeronautical

1488

01:06:23,819 --> 01:06:19,670

engineer but you know that ordinary

1489

01:06:26,949 --> 01:06:23,829

aircraft don't make right out of time so

1490

01:06:29,769 --> 01:06:26,959

brew so we rewriting the laws of physics

1491

01:06:35,499 --> 01:06:29,779

now because of these sightings and these

1492

01:06:36,939 --> 01:06:35,509

incidences I don't know it sounds like

1493

01:06:47,799 --> 01:06:36,949

we're breaking the laws of physics all

1494

01:06:51,429 --> 01:06:47,809

the time if you compare what we know now

1495

01:06:53,380 --> 01:06:51,439

and you know how years ago great right

1496

01:06:55,150 --> 01:06:53,390

there's a lot of magic going on

1497

01:06:56,890 --> 01:06:55,160

comparing you know right sure

1498

01:06:58,779 --> 01:06:56,900

one on what's your ask question that was

1499

01:07:00,669 --> 01:06:58,789

my question though I were kind of

1500

01:07:02,320 --> 01:07:00,679

modifying the laws of physics based on

1501

01:07:05,020 --> 01:07:02,330

all these

1502

01:07:08,350 --> 01:07:05,030

sightings that we see at amazing kinds

1503

01:07:10,630 --> 01:07:08,360

of speed and angularity and whatnot it's

1504

01:07:12,520 --> 01:07:10,640

just well see you can't do that

1505

01:07:14,350 --> 01:07:12,530

but yeah wise now and in five hundred

1506

01:07:22,060 --> 01:07:14,360

years they're gonna be different I mean

1507

01:07:24,190 --> 01:07:22,070

it's one is the flashes of light that he

1508

01:07:25,900 --> 01:07:24,200

talked about all right I've done a

1509

01:07:28,270 --> 01:07:25,910

calculation the first time anybody's

1510

01:07:31,180 --> 01:07:28,280

trying to calculation to compare to

1511

01:07:33,310 --> 01:07:31,190

check the Arnold's claim or suggestion

1512

01:07:35,230 --> 01:07:33,320

that these things are reflecting

1513

01:07:40,570 --> 01:07:35,240

sunlight and I've done a calculation

1514

01:07:42,280 --> 01:07:40,580

based on his claim that his he first

1515

01:07:44,170 --> 01:07:42,290

noticed the flash of light on the

1516

01:07:45,240 --> 01:07:44,180

services of an aircraft that's what

1517

01:07:49,570 --> 01:07:45,250

attracted his attention

1518

01:07:52,420 --> 01:07:49,580

he's bright objects along I've concluded

1519

01:07:56,410 --> 01:07:52,430

that they were too far away to make a

1520

01:07:59,470 --> 01:07:56,420

flash or the light on his sunlight on

1521

01:08:01,270 --> 01:07:59,480

his airplane they must have been the

1522

01:08:03,850 --> 01:08:01,280

flashes might even generated some other

1523

01:08:07,780 --> 01:08:03,860

way like for example by a laser right or

1524

01:08:11,110 --> 01:08:07,790

something like that and then as the

1525

01:08:14,260 --> 01:08:11,120

object passed Mount Adams 50 miles south

1526

01:08:16,690 --> 01:08:14,270

of Arnold there was a prospector in the

1527

01:08:19,990 --> 01:08:16,700

Monterey on that mountain a guy named a

1528

01:08:21,280 --> 01:08:20,000

friend Johnson yes buddy well he wrote a

1529

01:08:23,410 --> 01:08:21,290

letter to the airport that was

1530

01:08:24,700 --> 01:08:23,420

interviewed by the FBI and he basically

1531

01:08:27,370 --> 01:08:24,710

said that he was on the side of the

1532

01:08:29,500 --> 01:08:27,380

mountain prospecting like the same day

1533

01:08:31,150 --> 01:08:29,510

about the same time that Kenneth Arnold

1534

01:08:35,530 --> 01:08:31,160

so he's think he saw him fly overhead

1535

01:08:36,880 --> 01:08:35,540

and they noticed his compass started

1536

01:08:39,039 --> 01:08:36,890

wobbling back and forth while these

1537

01:08:42,070 --> 01:08:39,049

things are flying over right and then it

1538

01:08:45,990 --> 01:08:42,080

became normal again afterwards so there

1539

01:08:48,250 --> 01:08:46,000

was some of the magnetic effect oh wow

1540

01:08:49,990 --> 01:08:48,260

all right now last question from Rebecca

1541

01:08:51,910 --> 01:08:50,000

how's that not walk correspondent he

1542

01:08:54,640 --> 01:08:51,920

wants to know do you ever see a day

1543

01:09:01,809 --> 01:08:54,650

where antimatter will be weaponized by

1544

01:09:02,800 --> 01:09:01,819

the military uh well I hadn't really

1545

01:09:04,180 --> 01:09:02,810

thought about it

1546

01:09:07,090 --> 01:09:04,190

you know what the problem with

1547

01:09:11,070 --> 01:09:07,100

antimatter is it's hard it's hard to

1548

01:09:19,130 --> 01:09:15,210

a painter keeps the antimatter from

1549

01:09:22,770 --> 01:09:19,140

actually touching the matter right maybe

1550

01:09:26,160 --> 01:09:22,780

you could create an antimatter bullet

1551

01:09:31,440 --> 01:09:26,170

somehow project it out in this space and

1552

01:09:32,849 --> 01:09:31,450

I don't know how far I would go fast

1553

01:09:36,950 --> 01:09:32,859

would go over there presumably if it

1554

01:09:40,050 --> 01:09:36,960

ever hit a chunk of matter - it would

1555

01:09:45,090 --> 01:09:40,060

annihilate into a burst of red all right

1556

01:09:46,320 --> 01:09:45,100

that sounds cool yes right so I see a

1557

01:09:47,760 --> 01:09:46,330

movie there yeah me too

1558

01:09:53,000 --> 01:09:47,770

but nothing in the foreseeable future

1559

01:09:58,290 --> 01:09:54,200

okay

1560

01:10:00,240 --> 01:09:58,300

hey listen dr. Bruce Maccabee thanks for

1561

01:10:00,710 --> 01:10:00,250

joining us tonight we really appreciate

1562

01:10:06,360 --> 01:10:00,720

it

1563

01:10:09,030 --> 01:10:06,370

minutes in June about the Kenneth Arnold

1564

01:10:11,150 --> 01:10:09,040

sighting in 1947 June 1947 the first

1565

01:10:13,800 --> 01:10:11,160

quote-unquote flying saucer sighting

1566

01:10:15,360 --> 01:10:13,810

ever it was where the term came from but

1567

01:10:17,100 --> 01:10:15,370

it's just so much more than that it's

1568

01:10:19,020 --> 01:10:17,110

just it's a fascinating story Kenneth

1569

01:10:20,640 --> 01:10:19,030

Allen was a fascinating guy but some of

1570

01:10:23,160 --> 01:10:20,650

the stuff he did after this sighting a

1571

01:10:24,990 --> 01:10:23,170

very interesting guy Thanks you know and

1572

01:10:27,540 --> 01:10:25,000

you can get it on Amazon three minutes

1573

01:10:28,920 --> 01:10:27,550

in June by Bruce Maccabee I'm looking

1574

01:10:30,590 --> 01:10:28,930

forward to reading it Bruce thanks for

1575

01:10:33,180 --> 01:10:30,600

joining us tonight

1576

01:10:35,220 --> 01:10:33,190

thank you for having me and enjoy

1577

01:10:36,630 --> 01:10:35,230

reading the book okay thank you we will

1578

01:10:41,760 --> 01:10:36,640

we'll talk about soon thank you my

1579

01:10:43,650 --> 01:10:41,770

thanks Bruce good night good night see

1580

01:10:46,110 --> 01:10:43,660

now you've been educated there one one I

1581

01:10:47,760 --> 01:10:46,120

know we've talked to a physicist for

1582

01:10:50,430 --> 01:10:47,770

about an hour or so we should get

1583

01:10:54,390 --> 01:10:50,440

something for that I'm amazed that there

1584

01:10:57,540 --> 01:10:54,400

was actual sighting of those objects for

1585

01:11:01,410 --> 01:10:57,550

three minutes yeah it's a hundred miles

1586

01:11:05,970 --> 01:11:01,420

an hour there would be twenty miles a

1587

01:11:07,050 --> 01:11:05,980

minute yeah I mean it it's as he said he

1588

01:11:08,970 --> 01:11:07,060

was in the right place the right time

1589

01:11:10,560 --> 01:11:08,980

Kenneth onif is he you know he had a

1590

01:11:12,990 --> 01:11:10,570

head in the shoulders he knew all right

1591

01:11:15,240 --> 01:11:13,000

I'm seeing something weird but all this

1592

01:11:18,240 --> 01:11:15,250

time he thought he was seeing military

1593

01:11:19,350 --> 01:11:18,250

secret projects okay he was convinced

1594

01:11:21,480 --> 01:11:19,360

there was something the military was

1595

01:11:23,850 --> 01:11:21,490

doing and there's only when he landed in

1596

01:11:24,699 --> 01:11:23,860

Atlanta caught fire that he realized the

1597

01:11:26,529 --> 01:11:24,709

military was not

1598

01:11:28,479 --> 01:11:26,539

there was another great what caught fire

1599

01:11:29,979 --> 01:11:28,489

at you have a story the story went all

1600

01:11:33,279 --> 01:11:29,989

over nicely and all the sudden people

1601
01:11:35,020 --> 01:11:33,289
started seeing you know UFOs and then

1602
01:11:38,520 --> 01:11:35,030
then Roswell happened right afterwards

1603
01:11:40,569 --> 01:11:38,530
right you know so a wave went across the

1604
01:11:42,520 --> 01:11:40,579
country is that right Steve you know

1605
01:11:45,040 --> 01:11:42,530
more about that oh yeah yeah and you

1606
01:11:47,770 --> 01:11:45,050
know I'm reading his book and I didn't

1607
01:11:49,509 --> 01:11:47,780
know about the prospector for example he

1608
01:11:51,160 --> 01:11:49,519
was a credible guy that that saw the

1609
01:11:52,989 --> 01:11:51,170
same thing that he did I didn't know

1610
01:11:54,819 --> 01:11:52,999
there was anybody else that witnessed

1611
01:11:56,080 --> 01:11:54,829
that particular sighting but yeah once

1612
01:11:57,790 --> 01:11:56,090
you know these things things actually

1613
01:11:58,989 --> 01:11:57,800

were going on there's a lot of reports

1614

01:12:00,699 --> 01:11:58,999

you know you can dig back in the

1615

01:12:02,560 --> 01:12:00,709

newspapers where people weren't using

1616

01:12:04,660 --> 01:12:02,570

the same terminology but this is the

1617

01:12:07,540 --> 01:12:04,670

thing man like you said it caught fire

1618

01:12:09,219 --> 01:12:07,550

this is the the the thing that turned a

1619

01:12:11,049 --> 01:12:09,229

light bulb on right and then all you

1620

01:12:13,060 --> 01:12:11,059

know all bets were off and then Roswell

1621

01:12:15,219 --> 01:12:13,070

was like two weeks later right yeah it

1622

01:12:17,020 --> 01:12:15,229

was just right in the same time so you

1623

01:12:21,040 --> 01:12:17,030

know yeah who knows what really happened

1624

01:12:23,259 --> 01:12:21,050

but yeah that was an amazing series of

1625

01:12:23,919 --> 01:12:23,269

events right right and then you bring in

1626

01:12:27,939 --> 01:12:23,929

you know

1627

01:12:29,770 --> 01:12:27,949

Ahnoel after that there was a there was

1628

01:12:33,279 --> 01:12:29,780

an incident before this sighting called

1629

01:12:35,410 --> 01:12:33,289

the Mauri Mauri Island incident I read

1630

01:12:37,839 --> 01:12:35,420

that right that that ranks up there in

1631

01:12:40,509 --> 01:12:37,849

the top three of like you know creepy in

1632

01:12:41,679 --> 01:12:40,519

a way but like what what went on here I

1633

01:12:43,390 --> 01:12:41,689

mean there was some of those different

1634

01:12:45,370 --> 01:12:43,400

things it's including one of the first

1635

01:12:50,020 --> 01:12:45,380

modern day men and black or tan black

1636

01:12:52,779 --> 01:12:50,030

report people going crazy and and and

1637

01:12:55,209 --> 01:12:52,789

people had made the sighting and a month

1638

01:12:57,479 --> 01:12:55,219

after Kenneth idol made his sighting he

1639

01:13:01,239 --> 01:12:57,489

was got connected with a magazine and

1640

01:13:02,979 --> 01:13:01,249

UFO magazine in Chicago and they

1641

01:13:05,350 --> 01:13:02,989

assigned him as reported to the Maury

1642

01:13:07,779 --> 01:13:05,360

island and he's an I mean they were in

1643

01:13:09,069 --> 01:13:07,789

rooms where you know people are bugging

1644

01:13:10,449 --> 01:13:09,079

them people are calling him up on the

1645

01:13:12,219 --> 01:13:10,459

phone ago I know exactly what you're

1646

01:13:15,640 --> 01:13:12,229

saying and they would repeat back what

1647

01:13:17,890 --> 01:13:15,650

they were saying go crazy he had two Air

1648

01:13:20,319 --> 01:13:17,900

Force officers died they collected this

1649

01:13:22,149 --> 01:13:20,329

slag that supposedly fell from a UFO it

1650

01:13:23,859 --> 01:13:22,159

was and then you get the real tenuous

1651

01:13:25,750 --> 01:13:23,869

connection to the bizarre shaver mystery

1652

01:13:27,549 --> 01:13:25,760

writer Ray Palmer and amazing stories

1653

01:13:30,580 --> 01:13:27,559

it's a it's a more than a three-ring

1654

01:13:32,169 --> 01:13:30,590

circus and yeah - if no sponsors flew up

1655

01:13:35,020 --> 01:13:32,179

to Washington where all this was going

1656

01:13:37,179 --> 01:13:35,030

on and took back samples of what people

1657

01:13:38,470 --> 01:13:37,189

said Phil out of the UFO was Steve said

1658

01:13:40,390 --> 01:13:38,480

they took off and they crash

1659

01:13:43,300 --> 01:13:40,400

like ten months later killed you know

1660

01:13:46,270 --> 01:13:43,310

and then one of the guys who was

1661

01:13:48,790 --> 01:13:46,280

involved in it at one point was under

1662

01:13:51,880 --> 01:13:48,800

subpoena I think by the warrant come out

1663

01:13:53,860 --> 01:13:51,890

pregnant Chris Bruin yeah it's it's it's

1664

01:13:55,900 --> 01:13:53,870

insane man I'm telling ya it's an insane

1665

01:13:58,030 --> 01:13:55,910

sir you talk about a movie Wow Fred

1666

01:14:01,090 --> 01:13:58,040

Christman's name comes up in a lot of in

1667

01:14:03,070 --> 01:14:01,100

the Kennedy assassination and the shaver

1668

01:14:05,080 --> 01:14:03,080

mystery and that that guy was a strange

1669

01:14:07,840 --> 01:14:05,090

character whatever he was doing he was

1670

01:14:09,400 --> 01:14:07,850

he was up to something and even J Edgar

1671

01:14:11,770 --> 01:14:09,410

Hoover they have cables back and forth

1672

01:14:14,410 --> 01:14:11,780

and the FBI guy said in why shouldn't

1673

01:14:17,530 --> 01:14:14,420

say you know this is has all aspects of

1674

01:14:19,540 --> 01:14:17,540

a UFO story you know and he tended to

1675

01:14:21,130 --> 01:14:19,550

believe him so and Kenneth Anna was

1676

01:14:22,720 --> 01:14:21,140

right in the middle of it it's it's

1677

01:14:24,400 --> 01:14:22,730

great that we should do a show on it

1678

01:14:26,470 --> 01:14:24,410

some might the more we Island incident

1679

01:14:28,660 --> 01:14:26,480

it's not it really is and it happened

1680

01:14:32,560 --> 01:14:28,670

weeks before Kenneth Donald and it's a

1681

01:14:33,420 --> 01:14:32,570

mm-hmm so Steve let's do it yes let's do

1682

01:14:36,970 --> 01:14:33,430

it

1683

01:14:40,060 --> 01:14:36,980

you were in the middle of talking when

1684

01:14:43,660 --> 01:14:40,070

the doctor came on actually that was

1685

01:14:45,340 --> 01:14:43,670

pretty much wraps up my report it just

1686

01:14:47,650 --> 01:14:45,350

that you know it's a it's a it's one of

1687

01:14:50,170 --> 01:14:47,660

these all the reports that you know

1688

01:14:53,050 --> 01:14:50,180

nobody knows about it's got all kinds of

1689

01:14:54,820 --> 01:14:53,060

you know classic parts to it where

1690

01:14:56,290 --> 01:14:54,830

you've got a landing you've got some

1691

01:14:58,060 --> 01:14:56,300

kind of a you know it's a close

1692

01:15:00,190 --> 01:14:58,070

encounter of the third kind it's a they

1693

01:15:01,690 --> 01:15:00,200

see some kind of a apparently occupant

1694

01:15:04,000 --> 01:15:01,700

or some kind of humanoid in conjunction

1695

01:15:06,490 --> 01:15:04,010

with it you have a witness that seems to

1696

01:15:08,080 --> 01:15:06,500

be credible but here he is in two

1697

01:15:10,750 --> 01:15:08,090

different countries is still

1698

01:15:13,870 --> 01:15:10,760

experiencing this kind of UFO phenomena

1699

01:15:15,970 --> 01:15:13,880

right yeah so you know Mitchell field I

1700

01:15:17,350 --> 01:15:15,980

might be thinking that it's near New

1701

01:15:20,260 --> 01:15:17,360

York City because it was involved in

1702

01:15:22,030 --> 01:15:20,270

another incident as well I looked it up

1703

01:15:26,200 --> 01:15:22,040

it's it's on Long Island Long Island

1704

01:15:29,110 --> 01:15:26,210

okay yeah in the late 30s I might have

1705

01:15:31,330 --> 01:15:29,120

been actually met him in 1940 during the

1706

01:15:34,560 --> 01:15:31,340

snowstorm during the Christmas season in

1707

01:15:38,770 --> 01:15:34,570

New York City this plane started buzzing

1708

01:15:41,440 --> 01:15:38,780

the skyscrapers back then and people are

1709

01:15:43,420 --> 01:15:41,450

picking up radio you know Carl saying

1710

01:15:45,670 --> 01:15:43,430

you know wherever we're lost it's in a

1711

01:15:47,170 --> 01:15:45,680

blizzard you know we we can't land we

1712

01:15:49,479 --> 01:15:47,180

can't find a place to land and it was

1713

01:15:51,180 --> 01:15:49,489

literally flying down Fifth Avenue and

1714

01:15:52,890 --> 01:15:51,190

going in and out of the skyscrapers

1715

01:15:56,240 --> 01:15:52,900

you know something I kind of ripped off

1716

01:15:58,950 --> 01:15:56,250

a wing me an 18 on sale everywhere so

1717

01:16:01,320 --> 01:15:58,960

and people start for like hours you know

1718

01:16:02,670 --> 01:16:01,330

and people would like went up to the top

1719

01:16:04,950 --> 01:16:02,680

of the Empire State Building to try to

1720

01:16:07,229 --> 01:16:04,960

see this thing and so on it flew out

1721

01:16:09,750 --> 01:16:07,239

over Long Island and so on and and all

1722

01:16:12,030 --> 01:16:09,760

the airports in the area put their

1723

01:16:13,979 --> 01:16:12,040

lights on to put on their their runway

1724

01:16:15,540 --> 01:16:13,989

lights so this guy could see you know

1725

01:16:18,180 --> 01:16:15,550

and then all of a sudden the radio

1726

01:16:21,060 --> 01:16:18,190

signal stopped never heard from again

1727

01:16:23,430 --> 01:16:21,070

no plane was ever reported missing no

1728

01:16:25,290 --> 01:16:23,440

crashes were reported knowing those who

1729

01:16:27,330 --> 01:16:25,300

the heck it was whatever here have you

1730

01:16:29,370 --> 01:16:27,340

hear that one the ghost plane I'm New

1731

01:16:31,080 --> 01:16:29,380

York City Steve I'm not heard of that

1732

01:16:32,550 --> 01:16:31,090

one no I mean it's creepy in a way

1733

01:16:35,010 --> 01:16:32,560

because it's like what yeah it's not a

1734

01:16:37,740 --> 01:16:35,020

UFO story but well you know what went on

1735

01:16:39,540 --> 01:16:37,750

there you know and so again many many

1736

01:16:41,490 --> 01:16:39,550

witnesses hundreds of witnesses saw this

1737

01:16:42,959 --> 01:16:41,500

thing flying around well you know when

1738

01:16:45,240 --> 01:16:42,969

John keel wrote the Mothman Prophecies

1739

01:16:48,150 --> 01:16:45,250

there was all kinds of bizarre activity

1740

01:16:49,709 --> 01:16:48,160

going on on Long Island as well as in

1741

01:16:50,900 --> 01:16:49,719

Point Pleasant West Virginia you've been

1742

01:16:54,420 --> 01:16:50,910

down there lately

1743

01:16:56,010 --> 01:16:54,430

I don't know about lately but you know

1744

01:16:58,800 --> 01:16:56,020

there were missed men and black

1745

01:17:00,780 --> 01:16:58,810

encounters landings people firmly

1746

01:17:03,030 --> 01:17:00,790

believed they were in contact with other

1747

01:17:04,830 --> 01:17:03,040

intelligences they he'll call them the

1748

01:17:06,479 --> 01:17:04,840

silent contact these people that really

1749

01:17:08,040 --> 01:17:06,489

believed they were they were in this

1750

01:17:09,689 --> 01:17:08,050

contact but they didn't care about

1751

01:17:11,820 --> 01:17:09,699

publicity they weren't trying to become

1752

01:17:13,439 --> 01:17:11,830

a famous write and there's a there's

1753

01:17:15,720 --> 01:17:13,449

another book is just come out called the

1754

01:17:17,970 --> 01:17:15,730

big breakthrough which has some of John

1755

01:17:19,560 --> 01:17:17,980

keels notes and if you've read the

1756

01:17:20,490 --> 01:17:19,570

Mothman Prophecies and know some of the

1757

01:17:23,160 --> 01:17:20,500

incidents in there

1758

01:17:26,310 --> 01:17:23,170

this makes them even stranger Oh find

1759

01:17:27,810 --> 01:17:26,320

out he just he just put in this just

1760

01:17:28,920 --> 01:17:27,820

scratches the surface some of the things

1761

01:17:31,050 --> 01:17:28,930

that he put in the Mothman Prophecies

1762

01:17:32,939 --> 01:17:31,060

but you'll find in this other book it

1763

01:17:35,040 --> 01:17:32,949

just it's just really it's just blowing

1764

01:17:36,330 --> 01:17:35,050

me away any any newbies okay if you want

1765

01:17:38,400 --> 01:17:36,340

to start reading these kind of books

1766

01:17:41,280 --> 01:17:38,410

just read John keels well any John keel

1767

01:17:44,010 --> 01:17:41,290

book really would do it come on man

1768

01:17:47,010 --> 01:17:44,020

Presley's being number one in my book so

1769

01:17:48,630 --> 01:17:47,020

I think - and I what you said makes a

1770

01:17:50,300 --> 01:17:48,640

lot of sense it's I think it's good that

1771

01:17:53,550 --> 01:17:50,310

people go back and look at these old

1772

01:17:56,189 --> 01:17:53,560

1950 sightings and so on because you

1773

01:17:58,860 --> 01:17:56,199

know they weren't is like crazy you know

1774

01:18:00,990 --> 01:17:58,870

some people claim sightings these days

1775

01:18:01,990 --> 01:18:01,000

you know a lot of them were just like he

1776

01:18:05,290 --> 01:18:02,000

talked about

1777

01:18:06,850 --> 01:18:05,300

you know some guy you know on a base or

1778

01:18:08,980 --> 01:18:06,860

somewhere he sees something it's it's

1779

01:18:10,270 --> 01:18:08,990

it's not aliens and colors and latency

1780

01:18:12,580 --> 01:18:10,280

he's just see something that takes off

1781

01:18:14,410 --> 01:18:12,590

and it's like what was that you know it

1782

01:18:16,030 --> 01:18:14,420

isn't something to last a long time or

1783

01:18:17,590 --> 01:18:16,040

anything a lot of these they'll just

1784

01:18:19,480 --> 01:18:17,600

kind of see them and then and then

1785

01:18:20,860 --> 01:18:19,490

they're gone and scan like that I just

1786

01:18:22,570 --> 01:18:20,870

see that what happened there running the

1787

01:18:23,380 --> 01:18:22,580

Ronnie Zamora store is a perfect example

1788

01:18:26,110 --> 01:18:23,390

of that

1789

01:18:27,820 --> 01:18:26,120

but and there are hundreds and hundreds

1790

01:18:29,620 --> 01:18:27,830

of stories like there's credible people

1791

01:18:30,940 --> 01:18:29,630

you know experiencing something

1792

01:18:32,860 --> 01:18:30,950

incredible right

1793

01:18:34,540 --> 01:18:32,870

right and they all can't be wrong that's

1794

01:18:38,020 --> 01:18:34,550

the thing about them you know and they

1795

01:18:40,000 --> 01:18:38,030

they weren't blindsided by strange

1796

01:18:42,100 --> 01:18:40,010

high-tech tools or anything like that

1797

01:18:44,050 --> 01:18:42,110

back in the 40s and 50s right I do

1798

01:18:46,960 --> 01:18:44,060

your eyesight and maybe a pair of

1799

01:18:48,550 --> 01:18:46,970

binoculars right so and they knew

1800

01:18:51,000 --> 01:18:48,560

something was weird you know in the

1801
01:18:54,040 --> 01:18:51,010
Aztec UFO crash jewelry that we've had

1802
01:18:56,410 --> 01:18:54,050
the Ramses on I mean one of the key

1803
01:18:59,440 --> 01:18:56,420
sentences in that book is that when it

1804
01:19:03,880 --> 01:18:59,450
happened in 1947 earlier than this

1805
01:19:06,220 --> 01:19:03,890
happened and no maybe 48 and people

1806
01:19:08,260 --> 01:19:06,230
reported the crash a few Ammi truck show

1807
01:19:09,520 --> 01:19:08,270
up and then an army helicopter came and

1808
01:19:10,960 --> 01:19:09,530
the people were afraid of the army

1809
01:19:12,670 --> 01:19:10,970
helicopter they didn't even know what a

1810
01:19:14,260 --> 01:19:12,680
helicopter was back then right and this

1811
01:19:16,540 --> 01:19:14,270
you know crazy thing lives they think

1812
01:19:18,400 --> 01:19:16,550
it's an alien okay it was simple there

1813
01:19:19,990 --> 01:19:18,410

was not a there was not all the stuff

1814

01:19:21,880 --> 01:19:20,000

you have to process these days the rest

1815

01:19:23,980 --> 01:19:21,890

are UFOs that's what I saw this would

1816

01:19:25,720 --> 01:19:23,990

happen he saw it too what is it we don't

1817

01:19:28,270 --> 01:19:25,730

know they didn't have any biases from

1818

01:19:30,610 --> 01:19:28,280

looking at movies or write exact things

1819

01:19:32,590 --> 01:19:30,620

like that right because sometimes you

1820

01:19:34,420 --> 01:19:32,600

see a landed craft and they think what

1821

01:19:35,890 --> 01:19:34,430

what's what's that next to him to to

1822

01:19:38,440 --> 01:19:35,900

children right and then he's getting

1823

01:19:40,060 --> 01:19:38,450

closer and they find small men in silver

1824

01:19:41,860 --> 01:19:40,070

suits maybe with helmets on or whatever

1825

01:19:43,360 --> 01:19:41,870

it seemed to be repairing their craft

1826

01:19:45,370 --> 01:19:43,370

and so you know people are always trying

1827

01:19:47,140 --> 01:19:45,380

to put things in a in a regular in a

1828

01:19:49,480 --> 01:19:47,150

normal context right and they weren't so

1829

01:19:50,860 --> 01:19:49,490

bombarded with pop culture and certainly

1830

01:19:53,170 --> 01:19:50,870

didn't have the Internet and all the

1831

01:19:55,030 --> 01:19:53,180

computer stuff to kind of shape their

1832

01:19:56,740 --> 01:19:55,040

thinking right and soil their minds I

1833

01:20:00,190 --> 01:19:56,750

think your mind is biased towards the

1834

01:20:02,230 --> 01:20:00,200

the normalcy of life not to be extending

1835

01:20:05,500 --> 01:20:02,240

it out to the Hollywood version of

1836

01:20:07,510 --> 01:20:05,510

aliens and yeah the first from Mars well

1837

01:20:09,850 --> 01:20:07,520

like he said the Ronnie Zamora case I

1838

01:20:11,980 --> 01:20:09,860

think that you're referring to was you

1839

01:20:13,419 --> 01:20:11,990

know his first inclination is where

1840

01:20:15,069 --> 01:20:13,429

those kids don't out there

1841

01:20:16,419 --> 01:20:15,079

with that right now what is that and one

1842

01:20:17,649 --> 01:20:16,429

of those kids doing out there that's

1843

01:20:19,859 --> 01:20:17,659

what you would get mind we think first

1844

01:20:23,439 --> 01:20:19,869

and then all of a sudden say a minute

1845

01:20:26,379 --> 01:20:23,449

and a very very credible witness right

1846

01:20:29,049 --> 01:20:26,389

it was followed up that dr. Hynek race

1847

01:20:31,029 --> 01:20:29,059

stanford or on the scene they found burn

1848

01:20:34,000 --> 01:20:31,039

marks you know there was something some

1849

01:20:35,620 --> 01:20:34,010

kind of exhaust something you know burnt

1850

01:20:37,120 --> 01:20:35,630

at the rocks and so forth around there

1851

01:20:40,209 --> 01:20:37,130

and I think there was some kind of

1852

01:20:42,459 --> 01:20:40,219

tripod marks there as well he was a cop

1853

01:20:45,339 --> 01:20:42,469

he was a local cop right state cop or

1854

01:20:47,469 --> 01:20:45,349

was he a local I think he was seemed to

1855

01:20:49,149 --> 01:20:47,479

me he was local yeah okay but you read a

1856

01:20:50,529 --> 01:20:49,159

very credible witness this guy in a

1857

01:20:52,449 --> 01:20:50,539

million years would that you know

1858

01:20:54,790 --> 01:20:52,459

reporter UFO if he didn't see one he

1859

01:20:56,290 --> 01:20:54,800

just wasn't that type of guy you know so

1860

01:20:58,029 --> 01:20:56,300

he saw something that's also a really

1861

01:21:00,279 --> 01:20:58,039

good case to look into the Ronnie Zamora

1862

01:21:01,750 --> 01:21:00,289

case so why don't we do this why don't

1863

01:21:05,770 --> 01:21:01,760

we take a yeah we have to bid farewell

1864

01:21:08,649 --> 01:21:05,780

to switch yes over the work yeah be back

1865

01:21:11,410 --> 01:21:08,659

to work okay and let us know if you need

1866

01:21:14,109 --> 01:21:11,420

any jokes you know earlier you had say

1867

01:21:16,239 --> 01:21:14,119

listen you guys will be the first to

1868

01:21:19,750 --> 01:21:16,249

know if I need any jokes okay all right

1869

01:21:22,660 --> 01:21:19,760

I was gonna do a joke of my own okay so

1870

01:21:26,169 --> 01:21:22,670

you said earlier that and I'm natural

1871

01:21:28,120 --> 01:21:26,179

quiet came over everything yes yeah like

1872

01:21:31,359 --> 01:21:28,130

what happened when one wanted that joke

1873

01:21:32,859 --> 01:21:31,369

alright alright what's she doing ran out

1874

01:21:38,429 --> 01:21:32,869

of space on my phone so I'm deleting

1875

01:21:41,890 --> 01:21:38,439

some stuff by singing dog by goal I

1876

01:21:44,109 --> 01:21:41,900

pronounce you by wedding ceremony stop

1877

01:21:46,600 --> 01:21:44,119

at metro pcs you get two free phones

1878

01:21:47,529 --> 01:21:46,610

with twice as much memory okay don't say

1879

01:21:49,839 --> 01:21:47,539

bye to your memories

1880

01:21:51,549 --> 01:21:49,849

switch to metro pcs and get two free LG

1881

01:21:53,439 --> 01:21:51,559

kick twenty-plus phones with 32 gigs

1882

01:21:55,239 --> 01:21:53,449

when you switch to lines metro pcs

1883

01:21:56,529 --> 01:21:55,249

Wireless figured out double-shot

1884

01:21:57,910 --> 01:21:56,539

available in some areas sales tax not

1885

01:21:59,169 --> 01:21:57,920

included phone price excludes numbers on

1886

01:22:00,159 --> 01:21:59,179

the t-mobile network sees 440 chosen

1887

01:22:03,429 --> 01:22:00,169

terms the conditions

1888

01:22:06,549 --> 01:22:03,439

so run your jokes bias yes right next

1889

01:22:08,979 --> 01:22:06,559

couple put them through us okay Thank

1890

01:22:11,290 --> 01:22:08,989

You Serena all right thanks guys and

1891

01:22:12,669 --> 01:22:11,300

we'll talk to so I got a good one

1892

01:22:14,049 --> 01:22:12,679

1893

01:22:16,149 --> 01:22:14,059

1894

01:22:17,709 --> 01:22:16,159

1895

1897

01:22:23,080 --> 01:22:21,949

all right thank you switch a Reno Steve

1898

01:22:26,080 --> 01:22:23,090

what up there in the bowl with Lakes

1899

01:22:28,179 --> 01:22:26,090

Battle Creek Michigan I had some frosted

1900

01:22:30,339 --> 01:22:28,189

flakes the first time in about 20 years

1901

01:22:32,949 --> 01:22:30,349

someone had bright you know they come

1902

01:22:34,120 --> 01:22:32,959

now and like little bowls themselves in

1903

01:22:35,560 --> 01:22:34,130

a little cup you just throw the milk in

1904

01:22:36,850 --> 01:22:35,570

there you know they're bringing that

1905

01:22:39,009 --> 01:22:36,860

back they still have that in the old

1906

01:22:41,319 --> 01:22:39,019

days they said the boxes a box you slits

1907

01:22:42,429 --> 01:22:41,329

let put the milk in the Box you have

1908

01:22:46,330 --> 01:22:42,439

parents love that fizzy through

1909

01:22:48,850 --> 01:22:46,340

everything the variety pack yep yep yeah

1910

01:22:51,790 --> 01:22:48,860

well now it's now I'm sure young ones

1911

01:22:53,500 --> 01:22:51,800

I'm right that was great I'm saying it

1912

01:22:56,049 --> 01:22:53,510

was like gone in like 20 seconds it was

1913

01:22:56,889 --> 01:22:56,059

good about the dentist's best friend man

1914

01:22:59,739 --> 01:22:56,899

I'll show ya

1915

01:23:01,719 --> 01:22:59,749

Wow it was a snack yeah yeah everyone's

1916

01:23:03,549 --> 01:23:01,729

dead what am i nice putting the ball put

1917

01:23:05,799 --> 01:23:03,559

him in be it to it I mean I was grace

1918

01:23:07,600 --> 01:23:05,809

have you ever had bearing like frosted

1919

01:23:10,120 --> 01:23:07,610

flakes oh oh it's good believe in I know

1920

01:23:11,919 --> 01:23:10,130

most come on no I'm not

1921

01:23:15,129 --> 01:23:11,929

we'll try it how would you mean you're

1922

01:23:16,330 --> 01:23:15,139

not buying what I try it okay this is

1923

01:23:17,770 --> 01:23:16,340

the back of the day where you would get

1924

01:23:19,659 --> 01:23:17,780

the half a cigarette out of the ashtray

1925

01:23:21,219 --> 01:23:19,669

and have a smoke for us that would take

1926

01:23:23,290 --> 01:23:21,229

some of those days with your appetite

1927

01:23:25,839 --> 01:23:23,300

anyway well why don't we take a

1928

01:23:27,909 --> 01:23:25,849

commercial break now and we'll be back

1929

01:23:29,439 --> 01:23:27,919

to continuing the fun you listening to

1930

01:23:31,299 --> 01:23:29,449

Mack mommy's milk next I'll show here on

1931

01:23:33,310 --> 01:23:31,309

the distant Thunder radio network we'll

1932

01:23:35,920 --> 01:23:33,320

be right back after this

1933

01:23:37,720 --> 01:23:35,930

over the years Air Force meteor Hawk

1934

01:23:40,210 --> 01:23:37,730

Hunter and his band of patriotic fighter

1935

01:23:42,370 --> 01:23:40,220

pilots have fought tirelessly to reunite

1936

01:23:46,000 --> 01:23:42,380

a fractured America devastated by a

1937

01:23:48,340 --> 01:23:46,010

Russian sneak attack now returning from

1938

01:23:50,710 --> 01:23:48,350

a mysterious Space Odyssey hunter finds

1939

01:23:53,610 --> 01:23:50,720

a huge Russian army occupying New York

1940

01:23:55,810 --> 01:23:53,620

City ready to invade the rest of America

1941

01:23:58,000 --> 01:23:55,820

buzzing through the city skyscraper

1942

01:24:00,280 --> 01:23:58,010

canyons in a tiny top-secret ghost plane

1943

01:24:01,060 --> 01:24:00,290

and seeing the invaders massive weaponry

1944

01:24:03,010 --> 01:24:01,070

for himself

1945

01:24:04,930 --> 01:24:03,020

Hawk realizes he's up against the

1946

01:24:05,730 --> 01:24:04,940

greatest danger his homeland has ever

1947

01:24:08,350 --> 01:24:05,740

faced

1948

01:24:10,030 --> 01:24:08,360

but equally alarming are reports

1949

01:24:11,890 --> 01:24:10,040

claiming that Hawks former girlfriend

1950

01:24:13,900 --> 01:24:11,900

Dominique is living with the head of the

1951

01:24:16,750 --> 01:24:13,910

Russian secret police in a Manhattan

1952

01:24:20,170 --> 01:24:16,760

penthouse is she is prisoner or is she

1953

01:24:22,150 --> 01:24:20,180

something else with the woman in the

1954

01:24:24,280 --> 01:24:22,160

country he loves in dire peril hawk

1955

01:24:26,290 --> 01:24:24,290

01:26:47,760 --> 01:26:45,190

happy 40th birthday Wow Tom Brady Wow

2003

01:26:49,560 --> 01:26:47,770

yikes you know I know I've asked you

2004

01:26:51,360 --> 01:26:49,570

this before but what this mrs. Wong I'm

2005

01:26:54,690 --> 01:26:51,370

thinking about this little thing she

2006

01:26:57,350 --> 01:26:54,700

thought it was cool really yeah yeah

2007

01:26:59,700 --> 01:26:57,360

sure are you talking about just today

2008

01:27:02,970 --> 01:26:59,710

she's okay with my love affair for Tom

2009

01:27:07,950 --> 01:27:02,980

Brady really yeah well it is 2017 yeah

2010

01:27:09,030 --> 01:27:07,960

she likes him too huh oh boy nashit

2011

01:27:11,130 --> 01:27:09,040

while Tom Brady

2012

01:27:13,170 --> 01:27:11,140

oh my god I always thumb through

2013

01:27:15,900 --> 01:27:13,180

magazines to see if Tom Brady is you

2014

01:27:17,580 --> 01:27:15,910

know doing any pitches for watches or

2015

01:27:20,640 --> 01:27:17,590

cologne

2016

01:27:23,729 --> 01:27:20,650

ever / if you're listening can you come

2017

01:27:27,180 --> 01:27:26,339

he's the man come okay alright let me

2018

01:27:28,379 --> 01:27:27,190

ask you something

2019

01:27:29,609 --> 01:27:28,389

you know and I know that this is

2020

01:27:32,010 --> 01:27:29,619

probably boring the heck out of all

2021

01:27:33,720 --> 01:27:32,020

those people who hate the patrons and

2022

01:27:36,120 --> 01:27:33,730

there are many suppose if you get hurt

2023

01:27:38,520 --> 01:27:36,130

supposin if he was out all of next year

2024

01:27:40,979 --> 01:27:38,530

would you still you know burn the candle

2025

01:27:43,530 --> 01:27:40,989

from ever have to carry them to see how

2026

01:27:45,629 --> 01:27:43,540

Jimmy Garoppolo the torch run yeah he's

2027

01:27:47,419 --> 01:27:45,639

not doing good in spring training yeah I

2028

01:27:51,660 --> 01:27:47,429

know early training I should say yeah

2029

01:27:52,560 --> 01:27:51,670

yeah so don't X and yeah well dropping

2030

01:27:54,629 --> 01:27:52,570

balls too

2031

01:27:55,830 --> 01:27:54,639

you know how you know how you find that

2032

01:28:00,990 --> 01:27:55,840

your future there you go to your locker

2033

01:28:02,310 --> 01:28:01,000

there's a note in there you might have

2034

01:28:04,290 --> 01:28:02,320

you may get that note that's where they

2035

01:28:05,939 --> 01:28:04,300

do it okay there's one thing is they're

2036

01:28:07,709 --> 01:28:05,949

not gonna they're not gonna waste time

2037

01:28:09,510 --> 01:28:07,719

you know what I mean then I can say well

2038

01:28:11,939 --> 01:28:09,520

let's see how we work nope you're gone

2039

01:28:14,879 --> 01:28:11,949

they don't tolerate any mediocrity right

2040

01:28:17,399 --> 01:28:14,889

right yeah so and that's why they've won

2041

01:28:19,379 --> 01:28:17,409

five yeah and now that going for they're

2042

01:28:21,750 --> 01:28:19,389

on the way to six six they figured they

2043

01:28:25,410 --> 01:28:21,760

got the best roster they've ever had Wow

2044

01:28:29,100 --> 01:28:25,420

and the other teams in that division

2045

01:28:31,979 --> 01:28:29,110

yep have lost ground yet in their roster

2046

01:28:34,530 --> 01:28:31,989

right the miami quarterback he's out he

2047

01:28:37,439 --> 01:28:34,540

broke something so I got Jay Cutler and

2048

01:28:39,270 --> 01:28:37,449

I J yeah a bunch a man and directing

2049

01:28:41,910 --> 01:28:39,280

kicking and screaming out of them yeah I

2050

01:28:44,910 --> 01:28:41,920

have the broadcast mode right then one

2051

01:28:47,790 --> 01:28:44,920

of the Jets best players got hurt the

2052

01:28:50,310 --> 01:28:47,800

season and so well yeah and Buffalo was

2053

01:28:53,070 --> 01:28:50,320

you know but I just hope that they don't

2054

01:28:54,660 --> 01:28:53,080

somehow accidentally or an accidentally

2055

01:28:57,000 --> 01:28:54,670

kind of beat themselves you know I mean

2056

01:28:58,560 --> 01:28:57,010

and I think a he injury could have a big

2057

01:29:01,200 --> 01:28:58,570

effect anything can happen

2058

01:29:03,780 --> 01:29:01,210

no one might happen yeah but in any case

2059

01:29:07,890 --> 01:29:03,790

if you want to do a special show some

2060

01:29:10,439 --> 01:29:07,900

night about Tom Brady the love for Tom

2061

01:29:13,589 --> 01:29:10,449

brandy we can go out that okay when

2062

01:29:17,419 --> 01:29:13,599

mrs11 come down and and embrace the

2063

01:29:18,600 --> 01:29:17,429

whole experience the whole anyway thing

2064

01:29:20,490 --> 01:29:18,610

alright

2065

01:29:24,730 --> 01:29:20,500

wow that would be quite as you know have

2066

01:29:27,410 --> 01:29:24,740

some chuckles out of it chuckles okay

2067

01:29:29,630 --> 01:29:27,420

I'm assuming you don't mean big handy no

2068

01:29:31,850 --> 01:29:29,640

it's you get some laughs would be funny

2069

01:29:35,510 --> 01:29:31,860

you know I get the Tom Brady poster in

2070

01:29:36,740 --> 01:29:35,520

the bedroom and you know oh my god Wow

2071

01:29:38,360 --> 01:29:36,750

actually kidding about that but I'm

2072

01:29:40,430 --> 01:29:38,370

thinking about it oh well okay if you're

2073

01:29:41,510 --> 01:29:40,440

thinking thinking is doing all I'm doing

2074

01:29:43,400 --> 01:29:41,520

is trying to figure out where I'm gonna

2075

01:29:45,380 --> 01:29:43,410

put it yeah really yeah okay all right

2076

01:29:46,790 --> 01:29:45,390

well that's gonna be big put it so when

2077

01:29:49,700 --> 01:29:46,800

you wake up the morning the first thing

2078

01:29:53,930 --> 01:29:49,710

you see so I'll put on the ceiling oh

2079

01:29:55,880 --> 01:29:53,940

really yeah good thinking see some of

2080

01:29:59,810 --> 01:29:55,890

Bruce Maccabee won't we're off on you

2081

01:30:02,570 --> 01:29:59,820

there already I hope his dives okay yeah

2082

01:30:05,270 --> 01:30:02,580

yeah then wanted something yeah food

2083

01:30:07,310 --> 01:30:05,280

probably but you never know

2084

01:30:08,900 --> 01:30:07,320

so anyway speaking of football you know

2085

01:30:11,870 --> 01:30:08,910

what team is really supposed to really

2086

01:30:14,500 --> 01:30:11,880

be bad this year really bad presentation

2087

01:30:17,660 --> 01:30:14,510

really projected kind of downward

2088

01:30:20,960 --> 01:30:17,670

routine yeah can you guess what football

2089

01:30:22,880 --> 01:30:20,970

team yeah Jets well yeah but I mean a

2090

01:30:28,730 --> 01:30:22,890

surprise you know you thought they'd be

2091

01:30:31,220 --> 01:30:28,740

better than what they'd be no cult that

2092

01:30:33,170 --> 01:30:31,230

was coco the cowboy hey wait a minute

2093

01:30:38,810 --> 01:30:33,180

you know well it was doing everything

2094

01:30:40,700 --> 01:30:38,820

but you know pantomiming a deal Rob did

2095

01:30:42,220 --> 01:30:40,710

you hear this we have three I just I

2096

01:30:46,010 --> 01:30:42,230

heard that okay

2097

01:30:49,340 --> 01:30:46,020

crowding in from the murder capital of

2098

01:30:53,300 --> 01:30:49,350

the planet death bit what is graveyard

2099

01:30:56,110 --> 01:30:53,310

of below President Rob Beck housing from

2100

01:30:58,700 --> 01:30:56,120

balance hazard survived another week

2101

01:31:00,830 --> 01:30:58,710

yeah and I all hearing all that football

2102

01:31:03,490 --> 01:31:00,840

talk as I'd be thinking about the

2103

01:31:06,050 --> 01:31:03,500

Cowboys the whole time room until you

2104

01:31:08,420 --> 01:31:06,060

said that very terrible thing you just

2105

01:31:11,150 --> 01:31:08,430

said well it's because I think I think

2106

01:31:13,550 --> 01:31:11,160

maybe I think this will be the year I

2107

01:31:14,960 --> 01:31:13,560

think this will be one win what the

2108

01:31:24,140 --> 01:31:14,970

Cowboys go all the way

2109

01:31:25,640 --> 01:31:24,150

oh come on that's precious those two

2110

01:31:27,350 --> 01:31:25,650

guys aren't you know what always happens

2111

01:31:28,940 --> 01:31:27,360

is they had really two good young guys

2112

01:31:32,060 --> 01:31:28,950

last year what's one called Jack and

2113

01:31:34,990 --> 01:31:32,070

crack so with it what's your name

2114

01:31:36,919 --> 01:31:35,000

the quarterback is dak Prescott tak tak

2115

01:31:39,679 --> 01:31:36,929

something a villain for the soup

2116

01:31:41,359 --> 01:31:39,689

I was gonna be Zach but they misspelled

2117

01:31:44,029 --> 01:31:41,369

it dunnsworth's is that true maybe a

2118

01:31:47,449 --> 01:31:44,039

nice full name is reine Dakota Prescott

2119

01:31:49,640 --> 01:31:47,459

oh my god because you must know Joaquin

2120

01:31:50,479 --> 01:31:49,650

Phoenix and course he does count oh

2121

01:31:54,469 --> 01:31:50,489

really

2122

01:31:58,069 --> 01:31:54,479

it's from Louisiana and then the star

2123

01:31:58,699 --> 01:31:58,079

running back is he Ezekiel Elliott right

2124

01:32:00,649 --> 01:31:58,709

out of the Bible

2125

01:32:02,419 --> 01:32:00,659

what are they getting into trouble I

2126
01:32:03,649 --> 01:32:02,429
don't know if that's baited the news up

2127
01:32:06,429 --> 01:32:03,659
there but he's been getting in a lot of

2128
01:32:08,419 --> 01:32:06,439
little a really a fender bender yeah

2129
01:32:11,299 --> 01:32:08,429
yeah no the other guy

2130
01:32:15,290 --> 01:32:11,309
Ezekiel that's allegedly bar fights so

2131
01:32:23,419 --> 01:32:15,300
that's it's just else Cowboys you know

2132
01:32:25,939 --> 01:32:23,429
it's his way of working out I don't get

2133
01:32:27,859 --> 01:32:25,949
it these guys getting into trouble they

2134
01:32:29,299 --> 01:32:27,869
don't have guaranteed contracts no what

2135
01:32:31,520 --> 01:32:29,309
the hell you guaranteed your first year

2136
01:32:34,250 --> 01:32:31,530
though okay I mean you you're guaranteed

2137
01:32:35,899 --> 01:32:34,260
to be one of the first year and you're

2138
01:32:38,870 --> 01:32:35,909

history nobody wants you you do make

2139

01:32:40,790 --> 01:32:38,880

some money at the beginning yeah but see

2140

01:32:42,679 --> 01:32:40,800

what you know I hate to say it I think

2141

01:32:43,879 --> 01:32:42,689

we'd be the same way he's a young kid

2142

01:32:45,439 --> 01:32:43,889

and suddenly he's got money

2143

01:32:47,330 --> 01:32:45,449

you know he's get Fame and people know

2144

01:32:48,919 --> 01:32:47,340

who he is you know he turned the brain

2145

01:32:51,290 --> 01:32:48,929

back on and figure it out you know just

2146

01:32:55,879 --> 01:32:51,300

goes out and gets you know he's 20 how

2147

01:32:57,589 --> 01:32:55,889

old is he 20 21 yeah hey I I can't

2148

01:33:00,949 --> 01:32:57,599

imagine you know exactly what you're

2149

01:33:02,870 --> 01:33:00,959

saying I totally hear that so I mean you

2150

01:33:04,489 --> 01:33:02,880

have to I hate to say if you need

2151
01:33:07,399 --> 01:33:04,499
somebody when you're at that age you

2152
01:33:08,719 --> 01:33:07,409
need somebody older kind of looking over

2153
01:33:10,879 --> 01:33:08,729
your shoulder your mother or something

2154
01:33:11,600 --> 01:33:10,889
well no my guessing apéro this is really

2155
01:33:13,189 --> 01:33:11,610
going back okay

2156
01:33:14,689 --> 01:33:13,199
he always said his uncle his uncle named

2157
01:33:15,500 --> 01:33:14,699
Ruth the boss and he kinda looked out

2158
01:33:18,560 --> 01:33:15,510
for ya

2159
01:33:20,660 --> 01:33:18,570
and he did all right but it wasn't it

2160
01:33:23,629 --> 01:33:20,670
getting involved no mauro's Ramon smell

2161
01:33:26,899 --> 01:33:23,639
back yes yeah and there are now people

2162
01:33:28,580 --> 01:33:26,909
in major leagues whose name is no ma

2163
01:33:30,109 --> 01:33:28,590

they were met they were named after this

2164

01:33:32,439 --> 01:33:30,119

Noma and now they've made it you know

2165

01:33:34,969 --> 01:33:32,449

they've 1920 so but you know these guys

2166

01:33:36,560 --> 01:33:34,979

first of all I never understand any kind

2167

01:33:37,910 --> 01:33:36,570

of celebrity any kind of person who

2168

01:33:39,919 --> 01:33:37,920

something happens to you you're gonna

2169

01:33:41,270 --> 01:33:39,929

make headlines of the paper number one

2170

01:33:44,179 --> 01:33:41,280

why did you take a limo

2171

01:33:46,669 --> 01:33:44,189

why how many how many of these celebrity

2172

01:33:49,680 --> 01:33:46,679

you know issues would not have happened

2173

01:33:52,020 --> 01:33:49,690

had they taken a limo yes

2174

01:33:54,450 --> 01:33:52,030

something I don't know why they drive I

2175

01:33:57,630 --> 01:33:54,460

don't get that you know nevertheless I

2176
01:33:58,770 --> 01:33:57,640
have faith that the Cowboys will win the

2177
01:34:02,189 --> 01:33:58,780
Super Bowl

2178
01:34:05,100 --> 01:34:02,199
want to make it interesting based on

2179
01:34:13,709 --> 01:34:05,110
what sure let's say YUM

2180
01:34:17,689 --> 01:34:13,719
faith I know no basis in in stats

2181
01:34:19,590 --> 01:34:17,699
reality anything he's just good

2182
01:34:21,570 --> 01:34:19,600
spiritual feeling this team's gonna be

2183
01:34:23,910 --> 01:34:21,580
done I'd like to see them out again in

2184
01:34:26,700 --> 01:34:23,920
the playoffs as always yes always fun to

2185
01:34:28,229 --> 01:34:26,710
see them lose man I love watching the

2186
01:34:30,479 --> 01:34:28,239
Cowboys lose I just

2187
01:34:33,720 --> 01:34:30,489
goblins to beat the Patriots oh yeah

2188
01:34:37,110 --> 01:34:33,730

yeah over and over again yep Cowboys

2189

01:34:39,000 --> 01:34:37,120

fans love it too so 70s house had two

2190

01:34:40,470 --> 01:34:39,010

errors in the seventh he did okay and

2191

01:34:41,760 --> 01:34:40,480

they ran everything man they were on

2192

01:34:44,040 --> 01:34:41,770

every Monday Night Football they were

2193

01:34:46,140 --> 01:34:44,050

the they were the team they were the

2194

01:34:47,490 --> 01:34:46,150

team you you love to hate and but now I

2195

01:34:48,990 --> 01:34:47,500

still get pleasure

2196

01:34:50,370 --> 01:34:49,000

I don't watch them lose because

2197

01:34:52,260 --> 01:34:50,380

especially when what's his name was

2198

01:34:54,959 --> 01:34:52,270

there who's the guy who just retired he

2199

01:34:57,180 --> 01:34:54,969

never really played you know they were

2200

01:35:00,660 --> 01:34:57,190

old quite a Backhouse quickly aroma dad

2201

01:35:01,189 --> 01:35:00,670

Tony Romo okay no you're supposed to go

2202

01:35:06,689 --> 01:35:01,199

places

2203

01:35:08,550 --> 01:35:06,699

right yeah never ever heir apparent we

2204

01:35:10,439 --> 01:35:08,560

just need the pinnacle death I was gonna

2205

01:35:13,410 --> 01:35:10,449

do and then he would lose games really

2206

01:35:15,680 --> 01:35:13,420

weirdly to do something really didn't

2207

01:35:18,090 --> 01:35:15,690

take him out of the game right yeah oh

2208

01:35:21,720 --> 01:35:18,100

yeah this for being her schmuck yeah

2209

01:35:23,340 --> 01:35:21,730

just you know he awful anyway I just

2210

01:35:26,310 --> 01:35:23,350

remember when they're in they were they

2211

01:35:28,229 --> 01:35:26,320

in the Superbowl with him no last I went

2212

01:35:30,479 --> 01:35:28,239

before a playoff game they had a bye

2213

01:35:33,090 --> 01:35:30,489

week this is going back a while so he

2214

01:35:37,920 --> 01:35:33,100

had two weeks off he spent it in Mexico

2215

01:35:40,470 --> 01:35:37,930

with oh yeah what's her name Jessica

2216

01:35:42,209 --> 01:35:40,480

Simpson something like that I don't know

2217

01:35:44,640 --> 01:35:42,219

or is that the simply just went I read

2218

01:35:45,450 --> 01:35:44,650

non-stop wall-to-wall it down jealous

2219

01:35:47,550 --> 01:35:45,460

girl by the way

2220

01:35:51,390 --> 01:35:47,560

oh really yeah oh maybe that's happening

2221

01:35:52,110 --> 01:35:51,400

yeah but you know you wanted you want to

2222

01:35:54,830 --> 01:35:52,120

tone it down

2223

01:35:57,600 --> 01:35:54,840

I'll put a little thought into the plan

2224

01:35:58,620 --> 01:35:57,610

that might be you know watch some tapes

2225

01:36:01,110 --> 01:35:58,630

or something

2226

01:36:02,529 --> 01:36:01,120

well all I could say Mac is that if

2227

01:36:05,140 --> 01:36:02,539

you're happy I'm

2228

01:36:05,770 --> 01:36:05,150

so well no one's ever said that to me

2229

01:36:07,990 --> 01:36:05,780

before

2230

01:36:09,729 --> 01:36:08,000

so we would win the Cowboys are the

2231

01:36:12,700 --> 01:36:09,739

most-watched team I think of the NFL

2232

01:36:14,740 --> 01:36:12,710

says racing rate either way the Patriots

2233

01:36:16,240 --> 01:36:14,750

it's the page it's by far that's why

2234

01:36:19,930 --> 01:36:16,250

they were on you know a lot of time

2235

01:36:21,879 --> 01:36:19,940

that's one dumb side of and a lot of

2236

01:36:23,350 --> 01:36:21,889

late network names you know I mean you

2237

01:36:26,770 --> 01:36:23,360

know some of these Patriots games that

2238

01:36:28,390 --> 01:36:26,780

like 8:30 you know I have a night time

2239

01:36:30,160 --> 01:36:28,400

okay you people for some reason they

2240

01:36:34,839 --> 01:36:30,170

want people in California see at 5:30

2241

01:36:36,100 --> 01:36:34,849

who knows why and so we you know a lot

2242

01:36:37,750 --> 01:36:36,110

of times you tape and why should the

2243

01:36:39,189 --> 01:36:37,760

next morning try not to find out what

2244

01:36:42,580 --> 01:36:39,199

the score was you fall asleep sometimes

2245

01:36:44,859 --> 01:36:42,590

I'll sleep at halftime so it's not good

2246

01:36:46,149 --> 01:36:44,869

for us that they're so popular but they

2247

01:36:49,450 --> 01:36:46,159

had enough Dallas might have been the

2248

01:36:53,200 --> 01:36:49,460

number one team five years ago but no

2249

01:36:56,109 --> 01:36:53,210

longer there is the national following

2250

01:36:57,310 --> 01:36:56,119

though yeah people have found that

2251

01:37:00,129 --> 01:36:57,320

doesn't mean that they're rooting for

2252

01:37:01,959 --> 01:37:00,139

them you know like me I follow them all

2253

01:37:03,879 --> 01:37:01,969

the time and I watch them on all the

2254

01:37:06,790 --> 01:37:03,889

time come on let's blues let's figure

2255

01:37:07,390 --> 01:37:06,800

out another way that was boy shake very

2256

01:37:11,319 --> 01:37:07,400

entertaining

2257

01:37:14,140 --> 01:37:11,329

so did we say 50 bucks mm-hmm we say 50

2258

01:37:15,250 --> 01:37:14,150

bucks I know that you're 50 bucks that

2259

01:37:21,430 --> 01:37:15,260

what they're not gonna make the playoffs

2260

01:37:22,689 --> 01:37:21,440

oh yeah make the playoffs no no wait

2261

01:37:24,879 --> 01:37:22,699

don't don't

2262

01:37:26,770 --> 01:37:24,889

fudge there my friend I'm gonna pit you

2263

01:37:39,040 --> 01:37:26,780

50 bucks Dallas does not win the Super

2264

01:37:42,819 --> 01:37:39,050

Bowl catch me out here okay

2265

01:37:45,640 --> 01:37:42,829

the gods that's what you do that's fine

2266

01:37:49,959 --> 01:37:45,650

let him sleep on it maybe he'll come to

2267

01:37:52,029 --> 01:37:49,969

in the dream give you a big thumbs up so

2268

01:37:54,580 --> 01:37:52,039

anyway yeah so we could football out of

2269

01:37:55,930 --> 01:37:54,590

the way the cake he's going 1-1 goes a

2270

01:37:57,009 --> 01:37:55,940

few pieces of land that's good

2271

01:37:59,799 --> 01:37:57,019

are you gonna bring it down the

2272

01:38:01,479 --> 01:37:59,809

headquarters afterwards yeah okay I'm

2273

01:38:06,729 --> 01:38:01,489

sure there was few people down late last

2274

01:38:10,479 --> 01:38:06,739

week that would I don't want to share it

2275

01:38:12,250 --> 01:38:10,489

with ya know bring it home a little wild

2276

01:38:15,330 --> 01:38:12,260

and number last week bring some home for

2277

01:38:18,130 --> 01:38:15,340

Louis sure yeah absolutely

2278

01:38:18,690 --> 01:38:18,140

absolutely she can throw it at me too

2279

01:38:23,400 --> 01:38:18,700

you know

2280

01:38:26,709 --> 01:38:23,410

dude this is a birthday hole - eh

2281

01:38:34,479 --> 01:38:26,719

Giselle I'll have to go go okay that

2282

01:38:37,630 --> 01:38:34,489

sounds I think she's once again I've got

2283

01:38:39,130 --> 01:38:37,640

me one record saying yeah she is far

2284

01:38:41,979 --> 01:38:39,140

from the most beautiful woman in the

2285

01:38:45,640 --> 01:38:41,989

world she's really really pictures I see

2286

01:38:50,440 --> 01:38:45,650

thou know'st they have you you know

2287

01:38:52,390 --> 01:38:50,450

brainwashed she's not classy she's not a

2288

01:38:54,100 --> 01:38:52,400

classy beauty she's not a beauty at all

2289

01:38:56,740 --> 01:38:54,110

I don't know why okay

2290

01:38:58,209 --> 01:38:56,750

look at these I googled her and look at

2291

01:39:05,160 --> 01:38:58,219

the pictures they bring up you know it's

2292

01:39:08,200 --> 01:39:05,170

like you're gonna share just a second

2293

01:39:12,880 --> 01:39:08,210

bring up the sea it's a little testy

2294

01:39:15,220 --> 01:39:12,890

when tom is the second to me it is no

2295

01:39:18,370 --> 01:39:15,230

all right I'm gonna I'm gonna give you a

2296

01:39:20,470 --> 01:39:18,380

test google her sister her sister is our

2297

01:39:20,800 --> 01:39:20,480

manager you tell me which one is better

2298

01:39:25,380 --> 01:39:20,810

looking

2299

01:39:29,650 --> 01:39:25,390

she was born in he said born July 20th

2300

01:39:32,820 --> 01:39:29,660

1980 down in Ida's 337 yeah then we're

2301

01:39:38,050 --> 01:39:32,830

all the Nazis let you hide you Tina

2302

01:39:40,930 --> 01:39:38,060

Brazil Brazil yeah fun of Nazis went to

2303

01:39:43,440 --> 01:39:40,940

Brazil to rob right Argentina and Brazil

2304

01:39:45,850 --> 01:39:43,450

there you go get a potty down there man

2305

01:39:47,770 --> 01:39:45,860

you know they knew that no one was ever

2306

01:39:49,510 --> 01:39:47,780

gonna you know no wonder most countries

2307

01:39:51,220 --> 01:39:49,520

are we gonna come and get him they

2308

01:39:53,500 --> 01:39:51,230

didn't you know count on the Israelis

2309

01:39:57,720 --> 01:39:53,510

coming and getting them yeah they should

2310

01:40:07,330 --> 01:40:00,760

so anyway okay what else is new there

2311

01:40:09,459 --> 01:40:07,340

Rob what should we talk about well well

2312

01:40:10,959 --> 01:40:09,469

then I have this real quick sorry to

2313

01:40:13,750 --> 01:40:10,969

jump along in there

2314

01:40:15,910 --> 01:40:13,760

the physicist we asked the physicist

2315

01:40:19,990 --> 01:40:15,920

question basically we boiled it down to

2316

01:40:22,390 --> 01:40:20,000

did he ever see antimatter being

2317

01:40:26,080 --> 01:40:22,400

weaponized by the military that he could

2318

01:40:28,779 --> 01:40:26,090

condensing him the question yeah he said

2319

01:40:32,259 --> 01:40:28,789

no he stopped he said it would be very

2320

01:40:34,089 --> 01:40:32,269

hard to handle it you know Namine long

2321

01:40:36,669 --> 01:40:34,099

to it hold on to it is how he said we

2322

01:40:38,589 --> 01:40:36,679

gave him a rim job for that funny anyway

2323

01:40:39,879 --> 01:40:38,599

there was dog back then we couldn't heal

2324

01:40:44,049 --> 01:40:39,889

luckily we heard the punch line on that

2325

01:40:48,729 --> 01:40:44,059

one but he said that even if you had an

2326

01:40:51,219 --> 01:40:48,739

anti matter bullet and he was somehow

2327

01:40:53,169 --> 01:40:51,229

able to fire it how does something made

2328

01:40:56,469 --> 01:40:53,179

of matter hits something right it hits

2329

01:40:58,239 --> 01:40:56,479

something that was literally matter what

2330

01:40:59,739 --> 01:40:58,249

they say they both just they both

2331

01:41:01,839 --> 01:40:59,749

annihilated Jenna so it'd be a cool

2332

01:41:03,579 --> 01:41:01,849

weapon but howdy are you gonna do it how

2333

01:41:07,899 --> 01:41:03,589

how he not going to annihilate the gun

2334

01:41:10,750 --> 01:41:07,909

that you shoot it on that is a problem

2335

01:41:14,949 --> 01:41:10,760

yeah that's interesting yeah so I don't

2336

01:41:18,609 --> 01:41:14,959

that was awesome okay there was a I

2337

01:41:21,069 --> 01:41:18,619

haven't listened to this segment and but

2338

01:41:23,049 --> 01:41:21,079

there was also a relationship possible

2339

01:41:25,539 --> 01:41:23,059

relationship to what he was talking

2340

01:41:30,939 --> 01:41:25,549

about with the some of the world war ii

2341

01:41:34,119 --> 01:41:30,949

german wonder weapons super far out at

2342

01:41:37,089 --> 01:41:34,129

the time far out fighter designs right

2343

01:41:40,689 --> 01:41:37,099

jet fighters there's one of those I look

2344

01:41:43,089 --> 01:41:40,699

into yes let me talk about that which

2345

01:41:46,839 --> 01:41:43,099

was the are you familiar you're familiar

2346

01:41:48,849 --> 01:41:46,849

with this it's the Horten eh-oh two to

2347

01:41:50,259 --> 01:41:48,859

nine right yeah brothers right Houghton

2348

01:41:52,389 --> 01:41:50,269

brothers right designed

2349

01:41:55,539 --> 01:41:52,399

yeah there were two brothers of rhyme

2350

01:41:57,819 --> 01:41:55,549

are and Walter you say vaulter probably

2351

01:42:00,009 --> 01:41:57,829

one of them actually actually fled to

2352

01:42:01,750 --> 01:42:00,019

Argentina after the war and retired

2353

01:42:03,659 --> 01:42:01,760

there what's she doing ran out of space

2354

01:42:08,180 --> 01:42:03,669

on my phone so I'm deleting some stuff

2355

01:42:12,200 --> 01:42:08,190

by singing dog by

2356

01:42:13,910 --> 01:42:12,210

I pronounce you I wedding ceremony stop

2357

01:42:16,070 --> 01:42:13,920

I've met your pcs you get two free

2358

01:42:18,050 --> 01:42:16,080

phones with twice as much memory okay

2359

01:42:20,150 --> 01:42:18,060

don't say bye to your memories switch to

2360

01:42:21,920 --> 01:42:20,160

MetroPCS and get two free LG kick

2361

01:42:24,320 --> 01:42:21,930

twenty-plus phones with 32 gigs when you

2362

01:42:25,850 --> 01:42:24,330

switch to lines let your PCs wireless

2363

01:42:27,260 --> 01:42:25,860

figured out a bichon available in some

2364

01:42:28,400 --> 01:42:27,270

areas sales tax not included phone price

2365

01:42:29,540 --> 01:42:28,410

excludes numbers on the t-mobile network

2366

01:42:34,400 --> 01:42:29,550

C's for freaky chosen terms and

2367

01:42:38,800 --> 01:42:34,410

conditions onda ranch the other one

2368

01:42:41,000 --> 01:42:38,810

stayed in germany but this was a

2369

01:42:43,790 --> 01:42:41,010

actually the best way to start with you

2370

01:42:47,600 --> 01:42:43,800

to describe it it was a flying wing hmm

2371

01:42:53,120 --> 01:42:47,610

type aircraft jet-powered - jet engines

2372

01:42:55,370 --> 01:42:53,130

and a flying wing if trying to visualize

2373

01:42:58,310 --> 01:42:55,380

it imagine a boomerang or or better

2374

01:43:02,030 --> 01:42:58,320

imagine the the b-2 spirit the stealth

2375

01:43:04,640 --> 01:43:02,040

bomber the American you know modern

2376

01:43:10,310 --> 01:43:04,650

stealth bomber this one big curved wing

2377

01:43:12,080 --> 01:43:10,320

right and this was radical you know you

2378

01:43:13,760 --> 01:43:12,090

know for its but you know for a jet

2379

01:43:17,330 --> 01:43:13,770

fighter I mean this was these were brand

2380

01:43:20,000 --> 01:43:17,340

new during World War two and the Germans

2381

01:43:23,060 --> 01:43:20,010

are Hermann Goering the head of the

2382

01:43:25,820 --> 01:43:23,070

Luftwaffe you know when to the Horton

2383

01:43:29,210 --> 01:43:25,830

brothers with a request to build an

2384

01:43:33,050 --> 01:43:29,220

aircraft that could reach the United

2385

01:43:34,910 --> 01:43:33,060

Kingdom with a heavy bomb load about you

2386

01:43:38,930 --> 01:43:34,920

know more than 2,000 pounds of bombs at

2387

01:43:42,410 --> 01:43:38,940

the time quite a lot you know travel

2388

01:43:45,740 --> 01:43:42,420

over 600 miles to make the trip at a

2389

01:43:48,260 --> 01:43:45,750

high speed and this is later in the war

2390

01:43:50,930 --> 01:43:48,270

so at the Luftwaffe was being you know

2391

01:43:54,650 --> 01:43:50,940

chewed up it was being torn apart at

2392

01:43:57,530 --> 01:43:54,660

that point and so they wanted they

2393

01:44:00,980 --> 01:43:57,540

wanted a fast they weren't they weren't

2394

01:44:06,170 --> 01:44:00,990

a fast jet bomber right and the flying

2395

01:44:09,170 --> 01:44:06,180

wing design allowed the you know allowed

2396

01:44:11,350 --> 01:44:09,180

the plane to make the distance with the

2397

01:44:14,990 --> 01:44:11,360

bomb load because the design reduces

2398

01:44:19,790 --> 01:44:15,000

drag mm-hmm so air air resistance right

2399

01:44:21,500 --> 01:44:19,800

so you use less power to travel and they

2400

01:44:24,200 --> 01:44:21,510

built three of them

2401

01:44:27,680 --> 01:44:24,210

one of them was start I was starting in

2402

01:44:33,470 --> 01:44:27,690

1944 they they built three of them

2403

01:44:36,530 --> 01:44:33,480

through 1945 and one of them was a

2404

01:44:37,430 --> 01:44:36,540

static you know ground test under Howard

2405

01:44:40,700 --> 01:44:37,440

yep

2406

01:44:42,500 --> 01:44:40,710

model the second one crashed during a

2407

01:44:45,470 --> 01:44:42,510

test flight the engine caught fire

2408

01:44:49,880 --> 01:44:45,480

yep killed the pilot the test pilot died

2409

01:44:54,650 --> 01:44:49,890

the third one survived never used in

2410

01:44:58,700 --> 01:44:54,660

combat and was later captured by the

2411

01:45:00,920 --> 01:44:58,710

Allies who the Americans and was you

2412

01:45:02,930 --> 01:45:00,930

know quickly shuttled out of the country

2413

01:45:05,480 --> 01:45:02,940

right you know it get it get it to the

2414

01:45:07,310 --> 01:45:05,490

west right along with other Nazi

2415

01:45:08,720 --> 01:45:07,320

technology and so on right to keep it

2416

01:45:10,430 --> 01:45:08,730

out of the hands of the Soviets as well

2417

01:45:13,190 --> 01:45:10,440

keep in mind I want to mention two

2418

01:45:15,140 --> 01:45:13,200

things real quick okay first of all well

2419

01:45:16,880 --> 01:45:15,150

three things if you see an honest

2420

01:45:20,300 --> 01:45:16,890

tradition that rendition the first is

2421

01:45:21,830 --> 01:45:20,310

rendition of what Kenneth L saw that day

2422

01:45:23,750 --> 01:45:21,840

that we just talked about in Bruce's

2423

01:45:26,630 --> 01:45:23,760

book Bank yeah if you see the first

2424

01:45:28,880 --> 01:45:26,640

artist rendition they look exactly like

2425

01:45:32,150 --> 01:45:28,890

these Houghton bombers that he's talking

2426

01:45:34,040 --> 01:45:32,160

about okay I mean you know over the

2427

01:45:36,050 --> 01:45:34,050

years you know the description is kind

2428

01:45:37,280 --> 01:45:36,060

of changed a little bit but if you look

2429

01:45:38,870 --> 01:45:37,290

at when you look at one buzzer you go

2430

01:45:40,490 --> 01:45:38,880

it's the same implant it can't be

2431

01:45:42,770 --> 01:45:40,500

anything else yeah I know the flying

2432

01:45:46,430 --> 01:45:42,780

wing design this is kind of what it's

2433

01:45:48,440 --> 01:45:46,440

like a yeah yeah it's like a question

2434

01:45:50,570 --> 01:45:48,450

but there's a there's a point that at

2435

01:45:52,220 --> 01:45:50,580

one end you know and I don't know I mean

2436

01:45:55,040 --> 01:45:52,230

it don't you agree they've read that

2437

01:45:55,870 --> 01:45:55,050

they yeah side by side they look almost

2438

01:46:00,080 --> 01:45:55,880

the same

2439

01:46:02,480 --> 01:46:00,090

yeah and we're worth it where was a

2440

01:46:05,660 --> 01:46:02,490

sighting by the way over Washington over

2441

01:46:08,540 --> 01:46:05,670

mantra near that's interesting you know

2442

01:46:09,890 --> 01:46:08,550

you know I don't know you know if this

2443

01:46:12,710 --> 01:46:09,900

if it was the aircraft it made some

2444

01:46:14,780 --> 01:46:12,720

possible question uh I know that there

2445

01:46:20,390 --> 01:46:14,790

was project sign which is the Air Force

2446

01:46:21,580 --> 01:46:20,400

and Air Force UFO study in 1948 and so

2447

01:46:26,150 --> 01:46:21,590

that was probably around the same time

2448

01:46:29,810 --> 01:46:26,160

Society 47 don't June of 44 yeah okay

2449

01:46:32,510 --> 01:46:29,820

yeah so right after and they I mean the

2450

01:46:34,150 --> 01:46:32,520

study can consider the possibility at

2451

01:46:35,650 --> 01:46:34,160

least that

2452

01:46:38,680 --> 01:46:35,660

some of the some sightings that were

2453

01:46:41,650 --> 01:46:38,690

going on then might have involved

2454

01:46:47,200 --> 01:46:41,660

aircraft that were Soviet right that had

2455

01:46:49,720 --> 01:46:47,210

been based on Hortons ho2 to nine you

2456

01:46:51,610 --> 01:46:49,730

know other other you know secret jet

2457

01:46:55,270 --> 01:46:51,620

projects right but you know or you know

2458

01:46:57,970 --> 01:46:55,280

we don't know I mean I there's a lot of

2459

01:47:00,340 --> 01:46:57,980

a lot of details are missing here about

2460

01:47:02,110 --> 01:47:00,350

what happened to the surviving right

2461

01:47:05,910 --> 01:47:02,120

important we know it engine of why it

2462

01:47:10,110 --> 01:47:05,920

wound up in this the Smithsonian and

2463

01:47:13,030 --> 01:47:10,120

they never leave any kind of you know

2464

01:47:15,010 --> 01:47:13,040

flight capabilities as these song and

2465

01:47:16,420 --> 01:47:15,020

these we're seeing I mean they the

2466

01:47:17,800 --> 01:47:16,430

conservative estimate is that these

2467

01:47:20,800 --> 01:47:17,810

things were traveling twelve hundred

2468

01:47:22,450 --> 01:47:20,810

miles an hour this is in 1947 and you

2469

01:47:25,540 --> 01:47:22,460

know the reality is probably closer to

2470

01:47:27,160 --> 01:47:25,550

1700 months an hour yes the Horton could

2471

01:47:31,380 --> 01:47:27,170

not have made that I mean it was a six

2472

01:47:37,540 --> 01:47:34,390

okay so number two that one one has a

2473

01:47:38,440 --> 01:47:37,550

bulletin here I asked him when he was

2474

01:47:40,810 --> 01:47:38,450

over here

2475

01:47:41,800 --> 01:47:40,820

you know drooling about Giselle I think

2476

01:47:45,100 --> 01:47:41,810

you'll like her own because she's

2477

01:47:46,750 --> 01:47:45,110

married to Tom Franklin I said to you

2478

01:47:48,610 --> 01:47:46,760

and I do like I'm not in love with her

2479

01:47:50,920 --> 01:47:48,620

but I do like it as my way of slapping

2480

01:47:52,990 --> 01:47:50,930

you around I said she's not the

2481

01:47:54,730 --> 01:47:53,000

prettiest woman in the world and you

2482

01:47:55,930 --> 01:47:54,740

made a face and so I said Google her

2483

01:47:58,750 --> 01:47:55,940

sister right

2484

01:48:02,350 --> 01:47:58,760

and I don't are you a believer holy moly

2485

01:48:04,990 --> 01:48:02,360

there you go what do you need folks here

2486

01:48:05,710 --> 01:48:05,000

we go he's passed me the visual evident

2487

01:48:07,030 --> 01:48:05,720

okay there you go

2488

01:48:09,460 --> 01:48:07,040

I didn't even but what's her name I

2489

01:48:10,930 --> 01:48:09,470

think I didn't get past looking at the

2490

01:48:13,780 --> 01:48:10,940

picture but I think her name is like

2491

01:48:15,910 --> 01:48:13,790

Judy or something anything pictures her

2492

01:48:17,530 --> 01:48:15,920

name she's her manager it says Giselle

2493

01:48:19,840 --> 01:48:17,540

and a black bikini with her sister

2494

01:48:21,700 --> 01:48:19,850

that's it I don't know her name yet Yeah

2495

01:48:23,350 --> 01:48:21,710

right but she's the power behind the

2496

01:48:25,600 --> 01:48:23,360

throne suppose she runs all the business

2497

01:48:27,790 --> 01:48:25,610

affairs she's way better looking man

2498

01:48:31,900 --> 01:48:27,800

she's way better looking I'm sorry and

2499

01:48:34,810 --> 01:48:31,910

she's got a bit bad you know she's away

2500

01:48:37,120 --> 01:48:34,820

you know so I hope you following in line

2501
01:48:41,250 --> 01:48:37,130
yeah so that was number two and number

2502
01:48:44,680 --> 01:48:41,260
three I forget when I'm with the realest

2503
01:48:52,470 --> 01:48:44,690
she's you know she's attractive Oh name

2504
01:49:03,190 --> 01:48:59,650
she's really cute I'm surprised that the

2505
01:49:04,740 --> 01:49:03,200
Gisele let her or a picture be seen next

2506
01:49:06,610 --> 01:49:04,750
Sara because everyone's gonna say wow

2507
01:49:09,880 --> 01:49:06,620
she's way better looking

2508
01:49:12,160 --> 01:49:09,890
yeah I mean Gisele looks pretty good in

2509
01:49:13,600 --> 01:49:12,170
that picture yeah that's a good shot

2510
01:49:15,010 --> 01:49:13,610
there work those pictures of the line

2511
01:49:17,500 --> 01:49:15,020
sisters in style

2512
01:49:21,580 --> 01:49:17,510
come Jackie I saw that movie early ask

2513
01:49:24,280 --> 01:49:21,590

20 minutes long Jackie O - Giselle I

2514

01:49:27,330 --> 01:49:24,290

mean maybe her name isn't Jack I don't

2515

01:49:31,120 --> 01:49:27,340

know yeah Jackie B - good

2516

01:49:31,960 --> 01:49:31,130

any Robin as the voice of the audience

2517

01:49:32,620 --> 01:49:31,970

you have any idea what we're talking

2518

01:49:34,900 --> 01:49:32,630

about

2519

01:49:39,220 --> 01:49:34,910

not really okay thank you I have to

2520

01:49:42,250 --> 01:49:39,230

Google I have to google it we do those

2521

01:49:45,820 --> 01:49:42,260

no wonder we should go with this show

2522

01:49:51,480 --> 01:49:45,830

tonight we put this show out to me cause

2523

01:49:55,330 --> 01:49:53,920

I've always asked myself at a gap in the

2524

01:49:57,430 --> 01:49:55,340

morning what would like to get up in the

2525

01:50:00,610 --> 01:49:57,440

morning and beat Tom Brady all day well

2526

01:50:02,650 --> 01:50:00,620

the TV do what would t be 12 - I mean 12

2527

01:50:03,970 --> 01:50:02,660

- sorry I should have worn my TV 12 half

2528

01:50:06,130 --> 01:50:03,980

hey listen you're gonna have a chance

2529

01:50:07,750 --> 01:50:06,140

because you know why we're really this

2530

01:50:09,730 --> 01:50:07,760

is really in the planning stages and but

2531

01:50:14,820 --> 01:50:09,740

we can announce it now our September

2532

01:50:18,820 --> 01:50:14,830

19th show I believe is a Tuesday okay

2533

01:50:20,920 --> 01:50:18,830

verify that it's the maintain Thursday

2534

01:50:22,840 --> 01:50:20,930

there are Tuesday of the month we made

2535

01:50:25,510 --> 01:50:22,850

you the show before a live audience

2536

01:50:28,360 --> 01:50:25,520

yeah okay dear you sound so enthusiastic

2537

01:50:30,490 --> 01:50:28,370

well you were dancing here I'm thinking

2538

01:50:32,770 --> 01:50:30,500

about it now and as I jinxed you the

2539

01:50:33,640 --> 01:50:32,780

person who's the live audience well with

2540

01:50:36,580 --> 01:50:33,650

their fans

2541

01:50:38,740 --> 01:50:36,590

okay fan fans of the show one superfan

2542

01:50:41,569 --> 01:50:38,750

picked up from the fishbowl

2543

01:50:47,500 --> 01:50:41,579

what bats right oh yeah

2544

01:50:50,899 --> 01:50:47,510

we're going to have Willie and Willie

2545

01:50:53,629 --> 01:50:50,909

Miranda no relation to the Miranda

2546

01:50:55,609 --> 01:50:53,639

rights and others perhaps are come in

2547

01:50:57,830 --> 01:50:55,619

and sing for us maybe she will

2548

01:51:00,140 --> 01:50:57,840

they're gonna be here a couple winners

2549

01:51:01,520 --> 01:51:00,150

of the fish bowl they're the ones who

2550

01:51:03,470 --> 01:51:01,530

brought it up was suggested they gonna

2551
01:51:05,330 --> 01:51:03,480
be here and then we can have we better

2552
01:51:09,620 --> 01:51:05,340
them we made sure that there yeah well

2553
01:51:18,470 --> 01:51:09,630
they get my trans buddy got the stand at

2554
01:51:19,879 --> 01:51:18,480
the door so we thought it would be an

2555
01:51:24,560 --> 01:51:19,889
interesting show to have you know some

2556
01:51:26,839 --> 01:51:24,570
kind of fandoms here and so then you can

2557
01:51:29,180 --> 01:51:26,849
really come in your Patriots regalia

2558
01:51:31,879 --> 01:51:29,190
right about that quick so now you have

2559
01:51:33,379 --> 01:51:31,889
you know more than a month to think

2560
01:51:34,339 --> 01:51:33,389
about what you're gonna win okay okay I

2561
01:51:36,080 --> 01:51:34,349
know it's gonna take a while

2562
01:51:37,910 --> 01:51:36,090
I'm shaking just thinking about it like

2563
01:51:42,020 --> 01:51:37,920

so excited okay good idea

2564

01:51:43,580 --> 01:51:42,030

I like that live audience yeah yeah Rob

2565

01:51:45,410 --> 01:51:43,590

wouldn't it be cool if you did that and

2566

01:51:47,450 --> 01:51:45,420

it was about you know the Dallas Cowboys

2567

01:51:49,760 --> 01:51:47,460

are sorta gonna you know here's the

2568

01:51:53,689 --> 01:51:49,770

problem about the building a live

2569

01:51:55,729 --> 01:51:53,699

audience one one okay people don't see

2570

01:51:59,750 --> 01:51:55,739

what happens between segments you know

2571

01:52:04,040 --> 01:51:59,760

we have a lot of riffraff crap going on

2572

01:52:05,450 --> 01:52:04,050

mishegoss and magic oddly enough we've

2573

01:52:11,839 --> 01:52:05,460

got some complaints about it from the

2574

01:52:14,419 --> 01:52:11,849

neighborhood I keep listening but when

2575

01:52:15,859 --> 01:52:14,429

Pete came on everybody just like almost

2576
01:52:17,209 --> 01:52:15,869
spilled the beans I've heard a lot about

2577
01:52:19,580 --> 01:52:17,219
you guys you know he said there were

2578
01:52:21,290 --> 01:52:19,590
three things yeah flashing of lights

2579
01:52:24,080 --> 01:52:21,300
flashing lights we're in a little

2580
01:52:26,209 --> 01:52:24,090
building in downtown new report and

2581
01:52:27,439 --> 01:52:26,219
people saw the lights flashing for some

2582
01:52:28,760 --> 01:52:27,449
reason I don't remember the lights flash

2583
01:52:31,040 --> 01:52:28,770
either and I'm not saying that didn't

2584
01:52:34,330 --> 01:52:31,050
happen flashing the lights women going

2585
01:52:38,450 --> 01:52:34,340
in and out at all hours yep he said that

2586
01:52:41,810 --> 01:52:38,460
you know which you know does happen in

2587
01:52:47,459 --> 01:52:41,820
just any way and Seerat lighters going

2588
01:52:52,620 --> 01:52:49,169

you know we're trying to improve our

2589

01:52:54,209 --> 01:52:52,630

image and very hard to do that in front

2590

01:52:55,770 --> 01:52:54,219

of a live audience as well we could wear

2591

01:53:01,410 --> 01:52:55,780

a tuxedo walk in the building it would

2592

01:53:03,330 --> 01:53:01,420

improve our image I didn't want to like

2593

01:53:04,740 --> 01:53:03,340

the Bruce and rim shot and I was gonna

2594

01:53:06,629 --> 01:53:04,750

be ask him of course you know our old

2595

01:53:07,620 --> 01:53:06,639

bit about any time we have a doctor

2596

01:53:08,820 --> 01:53:07,630

around we asked me if they could write

2597

01:53:11,189 --> 01:53:08,830

us a prescription for medical marijuana

2598

01:53:13,410 --> 01:53:11,199

right nothing he would have got it you

2599

01:53:14,879 --> 01:53:13,420

know no no I don't think so I think he

2600

01:53:17,070 --> 01:53:14,889

was focused on his presentation right

2601
01:53:21,570 --> 01:53:17,080
yeah he was focused on the t's in the

2602
01:53:22,890 --> 01:53:21,580
news yep good guy though yeah so Robin

2603
01:53:29,070 --> 01:53:22,900
the three minutes we have left let's

2604
01:53:31,979 --> 01:53:29,080
delve into your personal life one

2605
01:53:33,360 --> 01:53:31,989
question number one house is coming when

2606
01:53:35,220 --> 01:53:33,370
you blood that cheap coffee there a

2607
01:53:39,780 --> 01:53:35,230
couple weeks ago oh yeah what's a

2608
01:53:42,180 --> 01:53:39,790
50-pound can uh well it was away it was

2609
01:53:44,700 --> 01:53:42,190
a big it was the biggest one they had it

2610
01:53:47,250 --> 01:53:44,710
was a drum of coffee a fork was it yeah

2611
01:53:49,560 --> 01:53:47,260
we have to know it was 30 pounds 20

2612
01:53:51,720 --> 01:53:49,570
pounds oh I don't think it was measured

2613
01:53:53,280 --> 01:53:51,730

in pounds but it was you know it was the

2614

01:53:55,860 --> 01:53:53,290

biggest one on the Shelf I'll say that

2615

01:54:08,040 --> 01:53:55,870

measure coffee like yeah just full of

2616

01:54:09,240 --> 01:54:08,050

nuts or drinking right now the last of

2617

01:54:11,280 --> 01:54:09,250

it okay see that's what we're trying to

2618

01:54:13,800 --> 01:54:11,290

do is assist night we're trying to

2619

01:54:19,470 --> 01:54:13,810

triangulate how much coffee you drink so

2620

01:54:21,000 --> 01:54:19,480

a week ago it's the big two weeks ago

2621

01:54:22,860 --> 01:54:21,010

okay you can't come up with a bed

2622

01:54:27,990 --> 01:54:22,870

measurement then it was the biggest can

2623

01:54:31,140 --> 01:54:28,000

they had I go down I can I can get those

2624

01:54:33,149 --> 01:54:31,150

I get the exact measurements for you

2625

01:54:35,810 --> 01:54:33,159

nice man I've got to go get it how much

2626
01:54:36,959 --> 01:54:35,820
closer I'm at you can go to Sam's Club

2627
01:54:38,879 --> 01:54:36,969
coffee

2628
01:54:40,729 --> 01:54:38,889
forty seconds it's like two pounds like

2629
01:54:42,760 --> 01:54:40,739
how much was that how much to pay for

2630
01:54:44,600 --> 01:54:42,770
five bucks

2631
01:54:47,010 --> 01:54:44,610
[Music]

2632
01:54:48,180 --> 01:54:47,020
it's the biggest kid if it's a fifty

2633
01:54:58,910 --> 01:54:48,190
pound you gonna pay five bucks I

2634
01:54:58,920 --> 01:55:04,820
where the where the beans grown coffee

2635
01:55:12,899 --> 01:55:10,740
yeah impossible Guatemala maybe slice

2636
01:55:15,050 --> 01:55:12,909
down there no close to Rica that's what

2637
01:55:17,430 --> 01:55:15,060
Tom Brady has the house you know that

2638
01:55:20,459 --> 01:55:17,440

there's right next to it the dredge

2639

01:55:22,229 --> 01:55:20,469

Clooney that's gonna and Nicholson Jack

2640

01:55:23,370 --> 01:55:22,239

Nicholson also has a lobster I'm like

2641

01:55:26,490 --> 01:55:23,380

pina we should have filled yabber in

2642

01:55:28,919 --> 01:55:26,500

here he could do other voices of Brady's

2643

01:55:30,629 --> 01:55:28,929

Davis you know that's right they could

2644

01:55:32,790 --> 01:55:30,639

if you do forces and all them together

2645

01:55:34,439 --> 01:55:32,800

at a barbecue yes yeah I think he's he'd

2646

01:55:36,450 --> 01:55:34,449

be a drip at a party I think she'd want

2647

01:55:37,830 --> 01:55:36,460

to be the life of the party time not the

2648

01:55:40,459 --> 01:55:37,840

life but she'd be the one you know

2649

01:55:42,899 --> 01:55:40,469

everyone kind of is attracted to sure I

2650

01:55:45,780 --> 01:55:42,909

don't see campaign at the painting

2651
01:55:52,320 --> 01:55:45,790
really now he'll be pushing his T b12

2652
01:55:55,760 --> 01:55:52,330
supplements and yeah anything that's

2653
01:55:59,189 --> 01:55:55,770
nightshade that's why that's nightshade

2654
01:56:02,669 --> 01:55:59,199
wouldn't mean their tomatoes peppers

2655
01:56:04,800 --> 01:56:02,679
that family I didn't poison so I thought

2656
01:56:06,419 --> 01:56:04,810
what he first mentioned Wow night she

2657
01:56:08,340 --> 01:56:06,429
tomatoes and what else

2658
01:56:10,530 --> 01:56:08,350
peppers things like that those things

2659
01:56:10,890 --> 01:56:10,540
yeah well squash sort of like finding

2660
01:56:12,750 --> 01:56:10,900
things

2661
01:56:16,080 --> 01:56:12,760
yeah right he doesn't eat that stuff no

2662
01:56:19,410 --> 01:56:16,090
it's inflammatory to one fact mrs11 is

2663
01:56:21,930 --> 01:56:19,420

often nightshade - oh wow is this bad at

2664

01:56:24,030 --> 01:56:21,940

the yeah she's she's adopting more of

2665

01:56:26,550 --> 01:56:24,040

the table already diet than I am Wow oh

2666

01:56:29,310 --> 01:56:26,560

man even peasant we have a jar of

2667

01:56:30,689 --> 01:56:29,320

spirulina everything we haven't opened

2668

01:56:33,000 --> 01:56:30,699

it yet though what is that really

2669

01:56:41,459 --> 01:56:33,010

quickly it's like a it's like pond scum

2670

01:56:45,840 --> 01:56:41,469

and you put it in smoothies that drone

2671

01:56:52,399 --> 01:56:45,850

on a surface of water and you're a lot

2672

01:56:57,540 --> 01:56:54,840

they actually sell it to the public I

2673

01:57:03,240 --> 01:56:57,550

would like the famous last words of a

2674

01:57:05,010 --> 01:57:03,250

lot of people spirulina Wow

2675

01:57:06,810 --> 01:57:05,020

the other day you know you have to have

2676

01:57:08,280 --> 01:57:06,820

a little smoothie the guy was bragging

2677

01:57:09,970 --> 01:57:08,290

about the people who sold the pet rock

2678

01:57:13,400 --> 01:57:09,980

imagine selling the rock

2679

01:57:16,580 --> 01:57:13,410

imagine someone pond scum that's like a

2680

01:57:17,840 --> 01:57:16,590

brilliant man how much was it I forget

2681

01:57:19,310 --> 01:57:17,850

I'll come tonight

2682

01:57:20,810 --> 01:57:19,320

it didn't was a twenty but I don't know

2683

01:57:25,460 --> 01:57:20,820

and it was the most increases like that

2684

01:57:27,950 --> 01:57:25,470

but it's it's okay if it's more than

2685

01:57:29,210 --> 01:57:27,960

like a nickel it's crazy pricing its

2686

01:57:30,770 --> 01:57:29,220

Plonsk up there dude

2687

01:57:32,840 --> 01:57:30,780

think of all the little frog eggs in

2688

01:57:34,250 --> 01:57:32,850

matter that you're eating well it's

2689

01:57:38,030 --> 01:57:34,260

grown in a controlled pond

2690

01:57:40,160 --> 01:57:38,040

oh I'm sure you know upon a farm okay

2691

01:57:41,240 --> 01:57:40,170

all right it's like a V on water you

2692

01:57:43,370 --> 01:57:41,250

know it comes from a place in France

2693

01:57:45,200 --> 01:57:43,380

Nate avions you know that guy there is

2694

01:57:46,760 --> 01:57:45,210

no place in France name we just open the

2695

01:57:50,240 --> 01:57:46,770

faucet it down yeah they open a faucet

2696

01:57:51,650 --> 01:57:50,250

down in Louisiana but hey listen keep

2697

01:57:53,690 --> 01:57:51,660

thinking that it's a positive attitude

2698

01:57:55,010 --> 01:57:53,700

it's it's you know where I can think

2699

01:57:56,810 --> 01:57:55,020

there's no way that they're eating

2700

01:57:58,550 --> 01:57:56,820

little frog eggs in there there might be

2701

01:58:01,550 --> 01:57:58,560

whatever whatever it is probably gonna

2702

01:58:04,880 --> 01:58:01,560

call the new camp yeah Tom Brady going

2703

01:58:07,250 --> 01:58:04,890

frog caveat I'm get pounded don't under

2704

01:58:09,710 --> 01:58:07,260

estimate is sounds filthy but eight

2705

01:58:12,500 --> 01:58:09,720

right don't knock it if you haven't

2706

01:58:13,040 --> 01:58:12,510

tried it go okay it's time to say

2707

01:58:15,800 --> 01:58:13,050

goodbye

2708

01:58:17,810 --> 01:58:15,810

really yeah if I did the math right I

2709

01:58:19,610 --> 01:58:17,820

think so yes poor Robbie's been

2710

01:58:21,710 --> 01:58:19,620

bombarded with Patriots stuff all day

2711

01:58:23,390 --> 01:58:21,720

that's okay he's good 50 pence

2712

01:58:24,890 --> 01:58:23,400

he's got 50 bucks and he can bite think

2713

01:58:25,790 --> 01:58:24,900

hands of the biggest can down there of

2714

01:58:28,310 --> 01:58:25,800

coffee okay

2715

01:58:31,340 --> 01:58:28,320

villains but they have the good beans in

2716

01:58:31,940 --> 01:58:31,350

the little hipster coffee shops yes well

2717

01:58:33,560 --> 01:58:31,950

2718

01:58:34,940 --> 01:58:33,570

my hat's off to you for going and

2719

01:58:36,380 --> 01:58:34,950

2720

2721

01:58:39,170 --> 01:58:37,860

2722

01:58:42,560 --> 01:58:39,180

2723

01:58:44,660 --> 01:58:42,570

2724

01:58:46,790 --> 01:58:44,670

02:00:03,350 --> 02:00:01,470

about my birthday we because I was born

2755

02:00:09,190 --> 02:00:03,360

2768

02:00:55,160 --> 02:00:53,160

2775

02:01:12,860 --> 02:01:10,430

El Paso twist a western battle
