seeing a lot of friends checking in from

76

malaysia

77

00:03:04,229 --> 00:03:03,040

pakistan india i mean the middle east

78

00:03:06,390 --> 00:03:04,239

it's great to see that we have a

79

00:03:07,830 --> 00:03:06,400

following over in that area and

80

00:03:10,229 --> 00:03:07,840

they're definitely supporting inception

81

00:03:12,070 --> 00:03:10,239

radio network and speaking of high

82

00:03:15,190 --> 00:03:12,080

strangeness tonight we got a good one

83

00:03:16,949 --> 00:03:15,200

for you we get we've got a special show

84

00:03:18,949 --> 00:03:16,959

ken is involved with his investigation

85

00:03:20,949 --> 00:03:18,959

so i'm gonna hand it over to ken um

86

00:03:22,550 --> 00:03:20,959

introduce our guests and uh we're gonna

87

00:03:25,270 --> 00:03:22,560

we're gonna get to the mean of this it's

88

00:03:27,270 --> 00:03:25,280

it's a very very interesting case i'm

89

00:03:28,070 --> 00:03:27,280

looking at it on my ipad right now and

90

00:03:32,470 --> 00:03:28,080

um

91

00:03:34,070 --> 00:03:32,480

ready for some weird and strange stuff

92

00:03:37,670 --> 00:03:34,080

take it away ken

93

00:03:40,229 --> 00:03:37,680

hey thanks uh mj and yeah this was an

94

00:03:41,670 --> 00:03:40,239

investigation that was conducted by

95

00:03:43,190 --> 00:03:41,680

myself

96

00:03:46,390 --> 00:03:43,200

bill and julie may

97

00:03:49,270 --> 00:03:46,400

part of the team

98

00:03:53,030 --> 00:03:49,280

obviously dick in maryland

99

00:03:55,270 --> 00:03:53,040

marilyn is pretty much the uh

100

00:03:57,910 --> 00:03:55,280

supervisor i guess which you would say

101  
00:04:00,390 --> 00:03:57,920  
she organizes and um

102  
00:04:02,070 --> 00:04:00,400  
and uh try to get everybody motivated

103  
00:04:05,429 --> 00:04:02,080  
and to show up and does a damn good job

104  
00:04:06,949 --> 00:04:05,439  
thanks marilyn and this uh investigation

105  
00:04:08,710 --> 00:04:06,959  
we were able to

106  
00:04:10,869 --> 00:04:08,720  
we didn't get to deploy all of the

107  
00:04:12,949 --> 00:04:10,879  
equipment that we wanted to and part of

108  
00:04:14,470 --> 00:04:12,959  
it was from the fact this is mina

109  
00:04:16,390 --> 00:04:14,480  
arkansas

110  
00:04:19,990 --> 00:04:16,400  
and

111  
00:04:21,670 --> 00:04:20,000  
it was i think heat index mj was 110

112  
00:04:24,310 --> 00:04:21,680  
during the day

113  
00:04:26,070 --> 00:04:24,320

so there was some pretty harsh

114

00:04:28,469 --> 00:04:26,080

uh elements that

115

00:04:30,629 --> 00:04:28,479

had to deal with he had to stay hydrated

116

00:04:32,469 --> 00:04:30,639

we were out in the direct

117

00:04:34,469 --> 00:04:32,479

sun and shade in the forest setting up

118

00:04:35,749 --> 00:04:34,479

equipment and monitoring it so it was an

119

00:04:37,749 --> 00:04:35,759

arduous

120

00:04:39,909 --> 00:04:37,759

investigation

121

00:04:42,310 --> 00:04:39,919

but a beautiful area

122

00:04:44,070 --> 00:04:42,320

if you look if you google mena arkansas

123

00:04:47,030 --> 00:04:44,080

you can see that it's

124

00:04:49,030 --> 00:04:47,040

a lot of oz dark mountains

125

00:04:51,110 --> 00:04:49,040

a lot of rivers and streams it's a

126  
00:04:52,150 --> 00:04:51,120  
beautiful area

127  
00:04:53,030 --> 00:04:52,160  
and

128  
00:04:54,550 --> 00:04:53,040  
for

129  
00:04:57,110 --> 00:04:54,560  
some reasons that we're going to discuss

130  
00:04:58,710 --> 00:04:57,120  
tonight that area

131  
00:05:02,230 --> 00:04:58,720  
experiences

132  
00:05:04,150 --> 00:05:02,240  
some strange activity everything from

133  
00:05:06,469 --> 00:05:04,160  
triangular craft

134  
00:05:07,830 --> 00:05:06,479  
unidentified

135  
00:05:09,029 --> 00:05:07,840  
aircraft

136  
00:05:17,029 --> 00:05:09,039  
to

137  
00:05:19,350 --> 00:05:17,039  
pop up in the woods

138  
00:05:21,189 --> 00:05:19,360

and i will talk about the experience

139

00:05:23,510 --> 00:05:21,199

that we had

140

00:05:26,629 --> 00:05:23,520

down there on the

141

00:05:29,029 --> 00:05:26,639

broadcamp crystal mine located just a

142

00:05:31,590 --> 00:05:29,039

little bit east of amino arkansas

143

00:05:33,430 --> 00:05:31,600

and it was on the property of orville

144

00:05:36,710 --> 00:05:33,440

and cheryl murphy and i want to say

145

00:05:39,110 --> 00:05:36,720

right up front they were very hospitable

146

00:05:39,990 --> 00:05:39,120

very friendly very knowledgeable and

147

00:05:41,749 --> 00:05:40,000

really

148

00:05:44,390 --> 00:05:41,759

um

149

00:05:45,909 --> 00:05:44,400

not only did they allow us to conduct

150

00:05:47,430 --> 00:05:45,919

our experiments

151

00:05:49,110 --> 00:05:47,440

uh but

152

00:05:51,430 --> 00:05:49,120

they showed us

153

00:05:52,950 --> 00:05:51,440

orville showed us some interesting facts

154

00:05:53,909 --> 00:05:52,960

about crystals and we'll get into that

155

00:05:56,790 --> 00:05:53,919

you're gonna

156

00:05:58,390 --> 00:05:56,800

look i gotta admit to our audience

157

00:05:59,990 --> 00:05:58,400

uh mj

158

00:06:03,430 --> 00:06:00,000

i still am

159

00:06:05,909 --> 00:06:03,440

but i was really ignorant of crystals

160

00:06:09,430 --> 00:06:05,919

okay and did not realize the unique

161

00:06:10,469 --> 00:06:09,440

properties that uh crystals can exhibit

162

00:06:12,950 --> 00:06:10,479

and

163

00:06:15,350 --> 00:06:12,960

some of the things that dick carlton

164

00:06:18,150 --> 00:06:15,360

told me about he was a submariner and

165

00:06:21,270 --> 00:06:18,160

how the navy are you ready for this mj

166

00:06:23,830 --> 00:06:21,280

grows their own crystals that they use

167

00:06:26,870 --> 00:06:23,840

in their uh equipment

168

00:06:28,870 --> 00:06:26,880

and and orville be able to address uh a

169

00:06:32,070 --> 00:06:28,880

lot more of this that crystals vibrate

170

00:06:33,029 --> 00:06:32,080

at a certain frequency and um

171

00:06:35,189 --> 00:06:33,039

you know

172

00:06:37,189 --> 00:06:35,199

i learned a lot not only was it an

173

00:06:38,710 --> 00:06:37,199

interesting investigation but

174

00:06:40,390 --> 00:06:38,720

my grandmother said you should never go

175

00:06:42,070 --> 00:06:40,400

to bed without learning something new

176

00:06:43,270 --> 00:06:42,080

and i learned quite a bit on this

177

00:06:45,510 --> 00:06:43,280

investigation and we're going to get

178

00:06:47,670 --> 00:06:45,520

into it it was uh it was interesting i

179

00:06:50,629 --> 00:06:47,680

would highly urge our listeners if they

180

00:06:52,710 --> 00:06:50,639

get a chance to stop in and experience

181

00:06:55,909 --> 00:06:52,720

the board camp because there is some

182

00:06:59,189 --> 00:06:57,749

okay and we'll talk about that as we get

183

00:07:01,029 --> 00:06:59,199

into it but let me

184

00:07:03,749 --> 00:07:01,039

get to the meat and potatoes and

185

00:07:06,150 --> 00:07:03,759

introduce our guests tonight

186

00:07:08,070 --> 00:07:06,160

uh orville and cheryl murphy orville and

187

00:07:10,710 --> 00:07:08,080

cheryl are you there

188

00:07:12,870 --> 00:07:10,720

yeah we are ken hi ken

189

00:07:15,909 --> 00:07:12,880

hey how you doing guys good to talk with

190

00:07:17,670 --> 00:07:15,919

you again um hey why don't you why don't

191

00:07:20,070 --> 00:07:17,680

we just jump right in it with both feet

192

00:07:21,830 --> 00:07:20,080

that's i kind of like to do that and

193

00:07:23,189 --> 00:07:21,840

orville um

194

00:07:26,469 --> 00:07:23,199

give our listening audience your

195

00:07:27,830 --> 00:07:26,479

background um what you did for a number

196

00:07:29,749 --> 00:07:27,840

of years and i think you'll find this

197

00:07:32,950 --> 00:07:29,759

interesting especially with what's going

198

00:07:35,749 --> 00:07:32,960

on in houston with hurricane harvey

199

00:07:38,230 --> 00:07:35,759

well i spent most of my life as a hazard

200

00:07:39,510 --> 00:07:38,240

mitigation technical specialist with

201  
00:07:42,070 --> 00:07:39,520  
fema

202  
00:07:45,990 --> 00:07:42,080  
so everything i did was science and

203  
00:07:48,390 --> 00:07:46,000  
background you know uh

204  
00:07:51,589 --> 00:07:48,400  
and if you'd asked me anything in

205  
00:07:54,070 --> 00:07:51,599  
january of this year about paranormal or

206  
00:07:56,230 --> 00:07:54,080  
ufos or whatever i would have just

207  
00:08:00,469 --> 00:07:56,240  
giggled and walked off i never thought

208  
00:08:02,790 --> 00:08:00,479  
about it you know but right now

209  
00:08:04,950 --> 00:08:02,800  
a leprechaun could ride past on a

210  
00:08:07,029 --> 00:08:04,960  
unicorn carrying a monkey and i wouldn't

211  
00:08:10,830 --> 00:08:07,039  
give it a second thought you know that's

212  
00:08:14,309 --> 00:08:10,840  
how much my life has changed in a few

213  
00:08:16,309 --> 00:08:14,319

months wow hey um

214

00:08:19,510 --> 00:08:16,319

uh cheryl what is uh what is your

215

00:08:20,950 --> 00:08:19,520

background what have you done for the

216

00:08:23,029 --> 00:08:20,960

beautiful years that you've been on this

217

00:08:27,270 --> 00:08:23,039

planet

218

00:08:29,670 --> 00:08:27,280

well my main job was uh i i worked uh

219

00:08:32,949 --> 00:08:29,680

helping people find employment with the

220

00:08:35,110 --> 00:08:32,959

state of california i loved my job and

221

00:08:36,310 --> 00:08:35,120

loved giving people hope when they were

222

00:08:37,430 --> 00:08:36,320

jobless

223

00:08:42,389 --> 00:08:37,440

and

224

00:08:44,790 --> 00:08:42,399

areas of social work as well

225

00:08:47,829 --> 00:08:44,800

and moving to arkansas was a big change

226

00:08:51,110 --> 00:08:47,839

for us when we moved from california

227

00:08:52,310 --> 00:08:51,120

and we moved to arkansas in 2006

228

00:08:54,470 --> 00:08:52,320

and

229

00:08:57,110 --> 00:08:54,480

we never dreamed that we would be doing

230

00:08:59,590 --> 00:08:57,120

this today i must say

231

00:09:01,590 --> 00:08:59,600

and uh we never know where life leads

232

00:09:03,829 --> 00:09:01,600

but this has been an interesting journey

233

00:09:06,070 --> 00:09:03,839

for us for sure

234

00:09:07,030 --> 00:09:06,080

hey why don't you uh

235

00:09:10,470 --> 00:09:07,040

this

236

00:09:12,630 --> 00:09:10,480

phenomenon of whatever it is

237

00:09:15,190 --> 00:09:12,640

and it seems to be uh by the way i've

238

00:09:17,030 --> 00:09:15,200

done some research over and there's a

239

00:09:20,630 --> 00:09:17,040

lot of activity that goes on through

240

00:09:21,670 --> 00:09:20,640

that whole that whole county

241

00:09:24,389 --> 00:09:21,680

oh yeah

242

00:09:27,430 --> 00:09:24,399

we've gotten lots and lots of calls from

243

00:09:30,150 --> 00:09:27,440

uh neighbors friends people coming up

244

00:09:32,949 --> 00:09:30,160

and just saying hey guess what i saw

245

00:09:35,430 --> 00:09:32,959

i saw this five years ago two years ago

246

00:09:36,710 --> 00:09:35,440

when i was a kid you know

247

00:09:37,430 --> 00:09:36,720

so uh

248

00:09:39,670 --> 00:09:37,440

yeah

249

00:09:44,790 --> 00:09:39,680

that area this happened

250

00:09:46,870 --> 00:09:44,800

that area has uh some historical um

251  
00:09:48,790 --> 00:09:46,880  
flavor to it from

252  
00:09:51,030 --> 00:09:48,800  
strange things happening down in that

253  
00:09:53,509 --> 00:09:51,040  
entire county and i and i'm going to

254  
00:09:55,269 --> 00:09:53,519  
tell you yeah i i think

255  
00:09:57,750 --> 00:09:55,279  
uh and we'll get into this but i think

256  
00:09:59,910 --> 00:09:57,760  
we uncovered we being the team

257  
00:10:02,949 --> 00:09:59,920  
of some of that energy source i may be

258  
00:10:05,269 --> 00:10:02,959  
wrong and any of our listeners

259  
00:10:06,230 --> 00:10:05,279  
or in chat or out there across the globe

260  
00:10:08,070 --> 00:10:06,240  
um

261  
00:10:10,790 --> 00:10:08,080  
we'll know more about what we get into

262  
00:10:11,990 --> 00:10:10,800  
and feel free to chime in but

263  
00:10:14,310 --> 00:10:12,000

uh

264

00:10:17,750 --> 00:10:14,320

orville you guys bought this property in

265

00:10:19,110 --> 00:10:17,760

what 2008 is that correct

266

00:10:22,790 --> 00:10:19,120

yeah

267

00:10:25,350 --> 00:10:22,800

and wasn't it uh just recently that you

268

00:10:27,269 --> 00:10:25,360

and and your uh wife just started

269

00:10:28,550 --> 00:10:27,279

experiencing when i say experiencing

270

00:10:30,949 --> 00:10:28,560

strange things started happening on the

271

00:10:32,470 --> 00:10:30,959

property and it had to do with you uh

272

00:10:33,910 --> 00:10:32,480

doing some grade work or something

273

00:10:35,670 --> 00:10:33,920

wasn't it

274

00:10:38,550 --> 00:10:35,680

well when i first we first bought the

275

00:10:40,790 --> 00:10:38,560

property i was putting you know roads in

276  
00:10:43,590 --> 00:10:40,800  
and that's when we noticed the crystals

277  
00:10:45,269 --> 00:10:43,600  
extremely large crystals

278  
00:10:47,190 --> 00:10:45,279  
so uh

279  
00:10:49,910 --> 00:10:47,200  
the uh

280  
00:10:51,750 --> 00:10:49,920  
arkansas geological society came out and

281  
00:10:54,550 --> 00:10:51,760  
cheryl knows more about that she met

282  
00:10:56,550 --> 00:10:54,560  
with him so i'll let her tell it um yeah

283  
00:10:58,069 --> 00:10:56,560  
actually the the state geologist we

284  
00:11:00,470 --> 00:10:58,079  
invited him to come out to take a look

285  
00:11:02,230 --> 00:11:00,480  
because we knew nothing about crystal

286  
00:11:04,310 --> 00:11:02,240  
and he was the one that suggested we

287  
00:11:05,829 --> 00:11:04,320  
might want to open a public dig site

288  
00:11:07,750 --> 00:11:05,839

because we were intending to open a

289

00:11:10,470 --> 00:11:07,760

campground on the property that's kind

290

00:11:12,310 --> 00:11:10,480

of why we bought it and got started

291

00:11:13,829 --> 00:11:12,320

and we thought wow that sounds great you

292

00:11:15,509 --> 00:11:13,839

know we can offer

293

00:11:17,990 --> 00:11:15,519

the public to come in and do rock

294

00:11:19,190 --> 00:11:18,000

handing and we've never intended to

295

00:11:21,910 --> 00:11:19,200

uh

296

00:11:23,910 --> 00:11:21,920

mine on a heavy commercial level by

297

00:11:27,590 --> 00:11:23,920

using heavy equipment or blasting we

298

00:11:30,389 --> 00:11:27,600

just wanted to keep the land all natural

299

00:11:32,310 --> 00:11:30,399

and that was our intent and so we ended

300

00:11:34,389 --> 00:11:32,320

up getting our federal open state mining

301  
00:11:36,310 --> 00:11:34,399  
licenses and opened board camp crystal

302  
00:11:38,870 --> 00:11:36,320  
mine in 2012

303  
00:11:41,110 --> 00:11:38,880  
and for the last five years we've opened

304  
00:11:44,069 --> 00:11:41,120  
up so the public could come in and dig

305  
00:11:47,190 --> 00:11:44,079  
for their own crystals and have a

306  
00:11:49,509 --> 00:11:47,200  
lovely natural experience um you know in

307  
00:11:54,470 --> 00:11:49,519  
the woods and enjoy themselves

308  
00:11:58,949 --> 00:11:56,790  
and and so we'll go ahead i'm sorry i

309  
00:12:00,310 --> 00:11:58,959  
didn't mean to rep go ahead oh no

310  
00:12:04,470 --> 00:12:00,320  
i think we were waiting for each other

311  
00:12:08,550 --> 00:12:05,670  
and um

312  
00:12:10,870 --> 00:12:08,560  
i i guess what what happened uh

313  
00:12:13,430 --> 00:12:10,880

you know we like like marvel said you

314

00:12:15,829 --> 00:12:13,440

know we we've never really focused on uh

315

00:12:17,990 --> 00:12:15,839

the paranormal or anything like that um

316

00:12:19,910 --> 00:12:18,000

you know love watching it on tv but

317

00:12:21,110 --> 00:12:19,920

never thought about it uh being a

318

00:12:22,870 --> 00:12:21,120

personal

319

00:12:25,590 --> 00:12:22,880

thing in our lives

320

00:12:28,629 --> 00:12:25,600

and um uh

321

00:12:31,350 --> 00:12:28,639

i'd say like last winter orville uh

322

00:12:34,230 --> 00:12:31,360

started noticing these sparks of light

323

00:12:35,990 --> 00:12:34,240

at night in the woods and he always

324

00:12:37,750 --> 00:12:36,000

studies on the internet and we also have

325

00:12:39,030 --> 00:12:37,760

friends that know more about crystals

326  
00:12:42,069 --> 00:12:39,040  
than we do

327  
00:12:45,430 --> 00:12:42,079  
and most of the people concluded that

328  
00:12:48,230 --> 00:12:45,440  
since crystals um there are they do have

329  
00:12:52,069 --> 00:12:48,240  
certain electromagnetic properties

330  
00:12:53,509 --> 00:12:52,079  
that they emitted these sparks of light

331  
00:12:54,389 --> 00:12:53,519  
and

332  
00:12:56,310 --> 00:12:54,399  
uh

333  
00:12:59,430 --> 00:12:56,320  
we just kind of accepted that that it

334  
00:13:02,310 --> 00:12:59,440  
was crystal energy somehow releasing

335  
00:13:04,790 --> 00:13:02,320  
itself and um

336  
00:13:08,150 --> 00:13:04,800  
and orville also began seeing the little

337  
00:13:10,790 --> 00:13:08,160  
orbs or spots of light uh

338  
00:13:12,550 --> 00:13:10,800

in the woods as well now i really didn't

339

00:13:15,190 --> 00:13:12,560

see any of that

340

00:13:16,629 --> 00:13:15,200

uh during the winter last winter

341

00:13:17,990 --> 00:13:16,639

but he would come in and tell me about

342

00:13:18,829 --> 00:13:18,000

it

343

00:13:22,150 --> 00:13:18,839

and

344

00:13:25,110 --> 00:13:22,160

um so that that's kind of how it started

345

00:13:29,110 --> 00:13:25,120

coming to our attention

346

00:13:31,670 --> 00:13:29,120

and then um february of this year my son

347

00:13:34,550 --> 00:13:31,680

uh came to visit us for the first time

348

00:13:37,269 --> 00:13:34,560

and orville wanted to show him

349

00:13:39,030 --> 00:13:37,279

these sparks of light in the woods

350

00:13:40,230 --> 00:13:39,040

and uh

351  
00:13:42,310 --> 00:13:40,240  
so he

352  
00:13:45,269 --> 00:13:42,320  
they went out there to take a look and

353  
00:13:47,670 --> 00:13:45,279  
uh my son was very excited because

354  
00:13:49,590 --> 00:13:47,680  
he he started seeing the lights too

355  
00:13:50,870 --> 00:13:49,600  
and he wanted me to come out and look as

356  
00:13:53,269 --> 00:13:50,880  
well so

357  
00:13:55,190 --> 00:13:53,279  
of course i'm going to humor my son

358  
00:13:55,990 --> 00:13:55,200  
and i went out

359  
00:13:59,350 --> 00:13:56,000  
with

360  
00:14:00,790 --> 00:13:59,360  
him josh is his name and my husband

361  
00:14:03,430 --> 00:14:00,800  
orville and

362  
00:14:05,670 --> 00:14:03,440  
we were just kind of scaring off into

363  
00:14:07,590 --> 00:14:05,680

the darkness uh looking toward the

364

00:14:09,829 --> 00:14:07,600

crystal mine you know to watch these

365

00:14:13,269 --> 00:14:09,839

little sparks of light

366

00:14:14,389 --> 00:14:13,279

and then all of a sudden uh

367

00:14:17,189 --> 00:14:14,399

we just

368

00:14:18,790 --> 00:14:17,199

saw this blow up here kind of with the

369

00:14:22,069 --> 00:14:18,800

treetops

370

00:14:24,550 --> 00:14:22,079

and suddenly the three of us experienced

371

00:14:28,470 --> 00:14:24,560

what i have to call

372

00:14:31,430 --> 00:14:28,480

a light event of major proportion

373

00:14:33,829 --> 00:14:31,440

and uh it lasted about 10 seconds we

374

00:14:35,910 --> 00:14:33,839

were awestruck we

375

00:14:36,790 --> 00:14:35,920

could could not even speak during that

376

00:14:39,269 --> 00:14:36,800

time

377

00:14:42,150 --> 00:14:39,279

uh trying to figure out what it was

378

00:14:44,470 --> 00:14:42,160

and then the lights faded and and we're

379

00:14:45,910 --> 00:14:44,480

like what was that you know who's out

380

00:14:47,350 --> 00:14:45,920

there i mean naturally you think

381

00:14:49,670 --> 00:14:47,360

someone's out there

382

00:14:51,110 --> 00:14:49,680

uh but it like i said it was a major

383

00:14:54,310 --> 00:14:51,120

proportion

384

00:14:57,509 --> 00:14:54,320

and at this point uh i'm not gonna go

385

00:14:58,790 --> 00:14:57,519

into detail about it um because as it

386

00:14:59,829 --> 00:14:58,800

turned out

387

00:15:02,069 --> 00:14:59,839

uh

388

00:15:05,590 --> 00:15:02,079

mufon's fat team

389

00:15:08,069 --> 00:15:05,600

uh actually was deployed to investigate

390

00:15:10,949 --> 00:15:08,079

uh we we did have a friend actually that

391

00:15:12,629 --> 00:15:10,959

reported that to move on our behalf when

392

00:15:14,550 --> 00:15:12,639

we told her

393

00:15:15,670 --> 00:15:14,560

and um

394

00:15:18,310 --> 00:15:15,680

so

395

00:15:19,990 --> 00:15:18,320

uh what happened was mufon ended up

396

00:15:21,990 --> 00:15:20,000

turning the information over to the

397

00:15:23,829 --> 00:15:22,000

travel channel and they came out and

398

00:15:26,550 --> 00:15:23,839

filmed and so the travel channel

399

00:15:28,550 --> 00:15:26,560

actually is going to be airing

400

00:15:31,670 --> 00:15:28,560

uh october 4th

401  
00:15:33,590 --> 00:15:31,680  
um and they'll have a four-part series

402  
00:15:35,269 --> 00:15:33,600  
covering for the four-week before

403  
00:15:37,269 --> 00:15:35,279  
wednesdays of october and they're going

404  
00:15:38,629 --> 00:15:37,279  
to get into those kind of details about

405  
00:15:43,030 --> 00:15:38,639  
how we first

406  
00:15:44,069 --> 00:15:43,040  
got into this experience and so forth

407  
00:15:45,670 --> 00:15:44,079  
um

408  
00:15:47,189 --> 00:15:45,680  
but meanwhile

409  
00:15:48,470 --> 00:15:47,199  
um

410  
00:15:56,150 --> 00:15:48,480  
we

411  
00:15:57,509 --> 00:15:56,160  
phenomena since then and

412  
00:15:59,749 --> 00:15:57,519  
so

413  
00:16:03,110 --> 00:15:59,759

uh either orville or i could begin

414

00:16:05,910 --> 00:16:03,120

sharing with you about that as well

415

00:16:08,470 --> 00:16:05,920

couple questions cheryl this is mj mike

416

00:16:09,990 --> 00:16:08,480

mj uh with the lights did they have a

417

00:16:11,590 --> 00:16:10,000

specific color

418

00:16:14,230 --> 00:16:11,600

or i mean did they do they come out of

419

00:16:17,749 --> 00:16:16,710

yeah yeah the strength thing about the

420

00:16:20,550 --> 00:16:17,759

light

421

00:16:23,430 --> 00:16:20,560

is you know we're talking three beams of

422

00:16:26,069 --> 00:16:23,440

light that are brighter than those big

423

00:16:28,629 --> 00:16:26,079

hollywood spotlights oh wow they were

424

00:16:31,509 --> 00:16:28,639

about 500 feet from us

425

00:16:34,629 --> 00:16:31,519

they went up about 300 feet

426

00:16:37,350 --> 00:16:34,639

and they were flat on the top

427

00:16:40,470 --> 00:16:37,360

and me my little scientific mind cannot

428

00:16:42,550 --> 00:16:40,480

comprehend what's flat on the top on a

429

00:16:44,389 --> 00:16:42,560

light you know what i'm saying right

430

00:16:45,990 --> 00:16:44,399

right and

431

00:16:49,110 --> 00:16:46,000

i you know

432

00:16:50,870 --> 00:16:49,120

i'm a vet from back in the early 70s

433

00:16:53,110 --> 00:16:50,880

we had our jungle training and

434

00:16:55,749 --> 00:16:53,120

everything else night vision training

435

00:16:57,910 --> 00:16:55,759

but when the lights were gone my night

436

00:17:00,310 --> 00:16:57,920

vision wasn't destroyed i didn't have to

437

00:17:02,790 --> 00:17:00,320

get my night vision back

438

00:17:05,510 --> 00:17:02,800

so regardless how bright it was it

439

00:17:08,069 --> 00:17:05,520

really wasn't casting shadows and it

440

00:17:10,630 --> 00:17:08,079

wasn't uh affecting my night vision

441

00:17:12,549 --> 00:17:10,640

those are the two little things that

442

00:17:14,390 --> 00:17:12,559

really to me stood out more than

443

00:17:17,029 --> 00:17:14,400

anything else

444

00:17:21,669 --> 00:17:17,039

hmm yeah that is that is uh

445

00:17:25,990 --> 00:17:23,669

hey um

446

00:17:28,230 --> 00:17:26,000

we had when we went there on that

447

00:17:30,789 --> 00:17:28,240

investigation and i can testify to the

448

00:17:33,350 --> 00:17:30,799

fact there are crystals there

449

00:17:36,150 --> 00:17:33,360

okay we were able to uh

450

00:17:38,150 --> 00:17:36,160

to deploy a set of hydrophones that i

451  
00:17:40,150 --> 00:17:38,160  
brought with me you can listen for water

452  
00:17:40,950 --> 00:17:40,160  
underground um

453  
00:17:43,750 --> 00:17:40,960  
the

454  
00:17:45,830 --> 00:17:43,760  
water district here uses it to listen

455  
00:17:47,350 --> 00:17:45,840  
for leaks that are like six seven eight

456  
00:17:48,950 --> 00:17:47,360  
feet underground you can hear the water

457  
00:17:49,990 --> 00:17:48,960  
rushing through the pipe

458  
00:17:51,830 --> 00:17:50,000  
so they're

459  
00:17:55,990 --> 00:17:51,840  
hydrophone and we deployed those over

460  
00:17:57,990 --> 00:17:56,000  
this pit this crystal pit and and

461  
00:18:01,350 --> 00:17:58,000  
this is interesting mj you could hear

462  
00:18:03,350 --> 00:18:01,360  
water rushing below hmm

463  
00:18:04,549 --> 00:18:03,360

well ken can we give you an update on

464

00:18:07,830 --> 00:18:04,559

the water

465

00:18:11,350 --> 00:18:07,840

yeah by all means go ahead it has now

466

00:18:13,669 --> 00:18:11,360

penetrated the surface it's bubbling up

467

00:18:15,990 --> 00:18:13,679

on the west side

468

00:18:17,590 --> 00:18:16,000

the ground is muddy where the water is

469

00:18:18,950 --> 00:18:17,600

now starting to come up out of the

470

00:18:20,710 --> 00:18:18,960

ground

471

00:18:22,230 --> 00:18:20,720

that's probably on the west side of that

472

00:18:24,310 --> 00:18:22,240

christmas tree

473

00:18:26,630 --> 00:18:24,320

hey i i think and this is kind of

474

00:18:28,390 --> 00:18:26,640

interesting because um you know we had

475

00:18:29,830 --> 00:18:28,400

and george i know you're listening and

476

00:18:32,310 --> 00:18:29,840

you you know i'll be talking to you

477

00:18:33,590 --> 00:18:32,320

about it but with all the rain that has

478

00:18:36,150 --> 00:18:33,600

occurred

479

00:18:37,830 --> 00:18:36,160

uh even here we're above normal for the

480

00:18:39,669 --> 00:18:37,840

for the past 30 days and then you look

481

00:18:40,830 --> 00:18:39,679

what's going on in texas

482

00:18:43,750 --> 00:18:40,840

the

483

00:18:45,590 --> 00:18:43,760

aquifers underground have to rise too

484

00:18:47,029 --> 00:18:45,600

because that water is going down into

485

00:18:49,029 --> 00:18:47,039

the grounds and through the fractures

486

00:18:51,270 --> 00:18:49,039

and everything and along rivers and

487

00:18:55,110 --> 00:18:51,280

stuff that flow underground so that

488

00:18:57,190 --> 00:18:55,120

makes sense orville i think that

489

00:19:00,070 --> 00:18:57,200

well except for the fact that crystal

490

00:19:02,950 --> 00:19:00,080

pit is sitting on the top of the hill

491

00:19:05,190 --> 00:19:02,960

and not at the bottom of the hill

492

00:19:06,950 --> 00:19:05,200

oh yeah

493

00:19:09,110 --> 00:19:06,960

well i i you know

494

00:19:10,870 --> 00:19:09,120

you know having access to a geologist

495

00:19:13,190 --> 00:19:10,880

and i'm talking about you george he

496

00:19:15,029 --> 00:19:13,200

turned me on to peasio energy and thank

497

00:19:17,750 --> 00:19:15,039

you for doing that i've been doing a lot

498

00:19:19,350 --> 00:19:17,760

of reading on it and crystals

499

00:19:22,230 --> 00:19:19,360

uh generate

500

00:19:24,230 --> 00:19:22,240

uh this pzo energy they vibrate at a

501  
00:19:26,070 --> 00:19:24,240  
certain certain frequencies and and

502  
00:19:31,350 --> 00:19:26,080  
orville's right you're talking about

503  
00:19:35,990 --> 00:19:33,669  
they're they're big yeah we have found

504  
00:19:36,870 --> 00:19:36,000  
crystals where the tips were broken but

505  
00:19:38,710 --> 00:19:36,880  
still

506  
00:19:41,669 --> 00:19:38,720  
the size of the crystals were about the

507  
00:19:43,190 --> 00:19:41,679  
size of a coffee can and some besides

508  
00:19:46,470 --> 00:19:43,200  
the coke cans

509  
00:19:49,669 --> 00:19:46,480  
that's pretty good-sized sprinkle

510  
00:19:52,950 --> 00:19:49,679  
and you have a vein of this that runs i

511  
00:19:54,230 --> 00:19:52,960  
think or permeates the entire county

512  
00:19:56,150 --> 00:19:54,240  
and i'm not saying that's going to

513  
00:19:56,950 --> 00:19:56,160

explain about what all what we're going

514

00:19:59,990 --> 00:19:56,960

to

515

00:20:02,710 --> 00:20:00,000

talk about and what's and what we saw uh

516

00:20:05,270 --> 00:20:02,720

and what um hell and my wife and i and

517

00:20:07,190 --> 00:20:05,280

orville saw and we'll get in we'll get

518

00:20:09,029 --> 00:20:07,200

into that as we go down this path but i

519

00:20:11,510 --> 00:20:09,039

want to continue about

520

00:20:13,590 --> 00:20:11,520

these three lights that you saw orville

521

00:20:16,310 --> 00:20:13,600

and you said they were flat on top and i

522

00:20:18,789 --> 00:20:16,320

think i i asked you about this when you

523

00:20:20,950 --> 00:20:18,799

were telling us what happened

524

00:20:22,870 --> 00:20:20,960

um do you think there was a craft that

525

00:20:24,789 --> 00:20:22,880

was that those lights were emanating

526  
00:20:26,789 --> 00:20:24,799  
from a craft and that's why you couldn't

527  
00:20:28,390 --> 00:20:26,799  
see the craft for whatever reason

528  
00:20:30,789 --> 00:20:28,400  
um

529  
00:20:33,750 --> 00:20:30,799  
well i'll guarantee you life's lights

530  
00:20:36,549 --> 00:20:33,760  
are not normally flat on the top

531  
00:20:38,310 --> 00:20:36,559  
something has to block the light

532  
00:20:39,990 --> 00:20:38,320  
many people have asked us where the

533  
00:20:41,270 --> 00:20:40,000  
lights going up or where the lights

534  
00:20:43,909 --> 00:20:41,280  
coming down

535  
00:20:45,430 --> 00:20:43,919  
i can't tell you the lights were just

536  
00:20:46,950 --> 00:20:45,440  
there

537  
00:20:49,350 --> 00:20:46,960  
and

538  
00:20:53,590 --> 00:20:49,360

when they came on they were on

539

00:20:55,590 --> 00:20:53,600

but as far as being flat on the top

540

00:21:00,230 --> 00:20:55,600

uh

541

00:21:02,390 --> 00:21:00,240

something would have to block the light

542

00:21:06,230 --> 00:21:02,400

um

543

00:21:08,950 --> 00:21:06,240

or perhaps the light actually came down

544

00:21:11,430 --> 00:21:08,960

which you know our normal human reaction

545

00:21:13,270 --> 00:21:11,440

when we first saw the beams of light is

546

00:21:15,110 --> 00:21:13,280

that who's out there with a spotlight

547

00:21:16,470 --> 00:21:15,120

shooting the lights up

548

00:21:18,710 --> 00:21:16,480

right but it was really

549

00:21:20,390 --> 00:21:18,720

mufon that suggested maybe the lights

550

00:21:23,510 --> 00:21:20,400

were coming down because they were

551  
00:21:25,430 --> 00:21:23,520  
coming out of a craft and of course

552  
00:21:26,789 --> 00:21:25,440  
we were very ignorant of those types of

553  
00:21:28,470 --> 00:21:26,799  
things you know we never really

554  
00:21:30,549 --> 00:21:28,480  
experienced anything like that and

555  
00:21:33,270 --> 00:21:30,559  
hadn't really been in circles to talk

556  
00:21:35,750 --> 00:21:33,280  
about it when we did the recreation

557  
00:21:38,310 --> 00:21:35,760  
there's two lights on the left and then

558  
00:21:40,149 --> 00:21:38,320  
one light on the right

559  
00:21:42,310 --> 00:21:40,159  
and uh

560  
00:21:44,950 --> 00:21:42,320  
that's when you know they were saying

561  
00:21:47,590 --> 00:21:44,960  
well chances are it was a triangular

562  
00:21:48,950 --> 00:21:47,600  
ship it was just turned at a certain

563  
00:21:49,830 --> 00:21:48,960

angle

564

00:21:53,669 --> 00:21:49,840

so

565

00:21:55,990 --> 00:21:53,679

that that would probably make sense too

566

00:21:58,789 --> 00:21:56,000

yeah it would yeah i i mean i could

567

00:22:01,110 --> 00:21:58,799

certainly see that it's one of those

568

00:22:02,950 --> 00:22:01,120

circumstances we

569

00:22:04,230 --> 00:22:02,960

you know don't have a definitive

570

00:22:05,990 --> 00:22:04,240

explanation

571

00:22:08,549 --> 00:22:06,000

you know and

572

00:22:11,430 --> 00:22:08,559

the the fact that i and i i lean towards

573

00:22:12,470 --> 00:22:11,440

the fact that based upon

574

00:22:14,710 --> 00:22:12,480

being there and everything that the

575

00:22:17,029 --> 00:22:14,720

lights came from the top down

576

00:22:19,669 --> 00:22:17,039

i didn't see it so i i can't but based

577

00:22:23,350 --> 00:22:21,510

you know your description that they were

578

00:22:24,630 --> 00:22:23,360

flat on top indicates to me that there

579

00:22:26,630 --> 00:22:24,640

was some kind of structure there that

580

00:22:28,390 --> 00:22:26,640

they were emanating from

581

00:22:30,070 --> 00:22:28,400

and that you just didn't see it because

582

00:22:31,830 --> 00:22:30,080

maybe you were focused in on the lights

583

00:22:34,070 --> 00:22:31,840

and it was there and you didn't see it

584

00:22:36,710 --> 00:22:34,080

or that it maybe it was

585

00:22:38,710 --> 00:22:36,720

camouflaged or something in stealth mode

586

00:22:40,390 --> 00:22:38,720

who knows

587

00:22:43,190 --> 00:22:40,400

yeah and the thing is

588

00:22:45,029 --> 00:22:43,200

until that time

589

00:22:46,710 --> 00:22:45,039

we were all skeptics

590

00:22:48,549 --> 00:22:46,720

but

591

00:22:50,310 --> 00:22:48,559

i'm about the furthest thing from a

592

00:22:53,190 --> 00:22:50,320

skeptic anymore i don't care what

593

00:22:54,630 --> 00:22:53,200

happens i'll go you betcha no problem

594

00:22:58,549 --> 00:22:54,640

you know because if

595

00:23:00,870 --> 00:22:58,559

we just almost every single day uh

596

00:23:02,789 --> 00:23:00,880

uh when we were on top of the hill we

597

00:23:04,470 --> 00:23:02,799

were measuring the gods readings you

598

00:23:05,510 --> 00:23:04,480

know you could the the posts that were

599

00:23:08,549 --> 00:23:05,520

up there

600

00:23:11,510 --> 00:23:08,559

you know were becoming magnetic well we

601  
00:23:13,909 --> 00:23:11,520  
put 60 posts up and put fence around the

602  
00:23:17,029 --> 00:23:13,919  
area to keep the public from just you

603  
00:23:19,830 --> 00:23:17,039  
know going in at night and taking stuff

604  
00:23:22,230 --> 00:23:19,840  
all 60 of those posts are reading at

605  
00:23:23,430 --> 00:23:22,240  
least a seven to a nine gods reading

606  
00:23:26,710 --> 00:23:23,440  
right now

607  
00:23:27,510 --> 00:23:26,720  
so they are becoming magnetic

608  
00:23:29,669 --> 00:23:27,520  
um

609  
00:23:31,750 --> 00:23:29,679  
hey well you know what's interesting and

610  
00:23:33,990 --> 00:23:31,760  
i don't know if this plays anything on

611  
00:23:36,070 --> 00:23:34,000  
it dick i know you're listening and have

612  
00:23:38,470 --> 00:23:36,080  
marilyn throw it up in chat to answer

613  
00:23:40,390 --> 00:23:38,480

this question but it based upon that

614

00:23:42,230 --> 00:23:40,400

would that affect the chords that we had

615

00:23:43,510 --> 00:23:42,240

laying on the ground and why we had such

616

00:23:46,230 --> 00:23:43,520

uh static

617

00:23:47,909 --> 00:23:46,240

uh on the screen because that the the

618

00:23:50,710 --> 00:23:47,919

cameras that work

619

00:23:52,470 --> 00:23:50,720

really well mj that we deployed were the

620

00:23:53,590 --> 00:23:52,480

ones that were cordless

621

00:23:55,590 --> 00:23:53,600

okay

622

00:23:58,630 --> 00:23:55,600

and we put out uh

623

00:24:01,270 --> 00:23:58,640

a hundred foot cords with a power source

624

00:24:02,789 --> 00:24:01,280

and we got a lot of uh static on the

625

00:24:05,590 --> 00:24:02,799

screen

626  
00:24:07,270 --> 00:24:05,600  
they didn't um it was not anywhere near

627  
00:24:09,430 --> 00:24:07,280  
as good as the cordless one so i don't

628  
00:24:12,870 --> 00:24:09,440  
know so dick if you're listening answer

629  
00:24:17,510 --> 00:24:15,190  
yeah because our game cams

630  
00:24:19,830 --> 00:24:17,520  
uh you know i could run

631  
00:24:21,909 --> 00:24:19,840  
three months on a set of batteries i'm

632  
00:24:24,230 --> 00:24:21,919  
lucky to run three days i'm using

633  
00:24:27,750 --> 00:24:24,240  
rechargeables and i'm rotating batteries

634  
00:24:32,310 --> 00:24:30,230  
something's draining and right now

635  
00:24:34,310 --> 00:24:32,320  
you know one out of five people who go

636  
00:24:36,390 --> 00:24:34,320  
up there with their cell phone or their

637  
00:24:43,110 --> 00:24:36,400  
camera or whatever

638  
00:24:43,120 --> 00:24:45,510

yeah

639

00:24:51,350 --> 00:24:48,630

well we we we had uh what was it eight

640

00:24:55,510 --> 00:24:51,360

cameras we had 60 hours

641

00:24:57,669 --> 00:24:55,520

of uh surveillance on the cameras

642

00:25:00,630 --> 00:24:57,679

on each one of them i think yeah

643

00:25:02,710 --> 00:25:00,640

and we didn't capture anything other

644

00:25:04,070 --> 00:25:02,720

than a mouse and it was kind of an

645

00:25:06,870 --> 00:25:04,080

interesting mouse because we thought it

646

00:25:09,190 --> 00:25:06,880

was a rock and it and it moved and we

647

00:25:10,470 --> 00:25:09,200

had to watch it for another what's that

648

00:25:12,149 --> 00:25:10,480

what's that cheryl

649

00:25:16,070 --> 00:25:12,159

oh no she just laughed

650

00:25:17,830 --> 00:25:16,080

oh yeah yeah yeah you know because it

651  
00:25:19,909 --> 00:25:17,840  
really got our attention and you know

652  
00:25:21,190 --> 00:25:19,919  
you got six adults sit looking at the

653  
00:25:23,430 --> 00:25:21,200  
screen trying to figure out what the

654  
00:25:25,430 --> 00:25:23,440  
hell this thing was and then finally it

655  
00:25:28,070 --> 00:25:25,440  
moved again and then you saw the entire

656  
00:25:29,909 --> 00:25:28,080  
profile but it was a mouse

657  
00:25:31,029 --> 00:25:29,919  
that was funny but

658  
00:25:32,310 --> 00:25:31,039  
but

659  
00:25:33,830 --> 00:25:32,320  
um

660  
00:25:36,630 --> 00:25:33,840  
we

661  
00:25:39,350 --> 00:25:36,640  
orville and helen my wife and myself

662  
00:25:40,230 --> 00:25:39,360  
walked up to the pit at night

663  
00:25:43,350 --> 00:25:40,240

to

664

00:25:46,310 --> 00:25:43,360

check on a light that had been recorded

665

00:25:49,430 --> 00:25:46,320

on one of the cameras to see

666

00:25:52,390 --> 00:25:49,440

if it might possibly have been

667

00:25:54,710 --> 00:25:52,400

back in the a cabin or a house light or

668

00:25:57,669 --> 00:25:54,720

a yard light or whatever

669

00:25:59,430 --> 00:25:57,679

and so having checked on that we started

670

00:26:02,230 --> 00:25:59,440

and it wasn't planned

671

00:26:05,590 --> 00:26:02,240

but it sort of just evolved uh there's a

672

00:26:07,750 --> 00:26:05,600

a path that goes around the property

673

00:26:10,549 --> 00:26:07,760

that orville has constructed so it's

674

00:26:13,350 --> 00:26:10,559

pretty pretty easy to walk

675

00:26:14,789 --> 00:26:13,360

it's not difficult at all the path is uh

676

00:26:16,390 --> 00:26:14,799

graded it's a

677

00:26:18,630 --> 00:26:16,400

i would say it's probably a mile and a

678

00:26:20,950 --> 00:26:18,640

half or a half all the way around what

679

00:26:22,789 --> 00:26:20,960

are we talking about

680

00:26:24,870 --> 00:26:22,799

it's probably three quarters of a mile

681

00:26:26,310 --> 00:26:24,880

in a one circle

682

00:26:28,230 --> 00:26:26,320

okay

683

00:26:32,870 --> 00:26:28,240

and so um

684

00:26:35,350 --> 00:26:33,750

uh

685

00:26:38,149 --> 00:26:35,360

and just to update you yeah i got a

686

00:26:40,390 --> 00:26:38,159

response from dick and he says uh yeah

687

00:26:42,870 --> 00:26:40,400

lots of static the cables that ran

688

00:26:46,070 --> 00:26:42,880

across the pit had more interference we

689

00:26:47,990 --> 00:26:46,080

had batteries fail 260 hours of ir

690

00:26:51,190 --> 00:26:48,000

footage to review just to give you an

691

00:26:52,390 --> 00:26:51,200

idea of 260 hours of infrared footage

692

00:26:54,789 --> 00:26:52,400

that dick

693

00:26:56,310 --> 00:26:54,799

sat through so we did have batteries

694

00:26:58,630 --> 00:26:56,320

fail and we had

695

00:27:00,310 --> 00:26:58,640

interference and we had cables running

696

00:27:02,310 --> 00:27:00,320

right across the pit

697

00:27:04,470 --> 00:27:02,320

and there was more static from them than

698

00:27:05,520 --> 00:27:04,480

the other ones but they all experienced

699

00:27:07,350 --> 00:27:05,530

it

700

00:27:09,830 --> 00:27:07,360

[Music]

701  
00:27:11,830 --> 00:27:09,840  
so thanks dick for that update

702  
00:27:13,990 --> 00:27:11,840  
um

703  
00:27:15,669 --> 00:27:14,000  
so we had walked probably it was about

704  
00:27:17,750 --> 00:27:15,679  
10 30 at night

705  
00:27:19,909 --> 00:27:17,760  
and we walked and there was heavy woods

706  
00:27:21,430 --> 00:27:19,919  
on both sides of this path and then off

707  
00:27:23,669 --> 00:27:21,440  
to the

708  
00:27:24,710 --> 00:27:23,679  
west which would have been on my left

709  
00:27:28,149 --> 00:27:24,720  
the

710  
00:27:34,070 --> 00:27:30,950  
field if you will metal

711  
00:27:37,110 --> 00:27:34,080  
and then a dense wood behind it probably

712  
00:27:38,870 --> 00:27:37,120  
quarter to 11 and orville saw it first

713  
00:27:42,789 --> 00:27:38,880

called our attention to it

714

00:27:46,950 --> 00:27:42,799

and then we saw it and it was a

715

00:27:51,909 --> 00:27:49,190

uh it looked oblong to me

716

00:27:54,470 --> 00:27:51,919

uh it started out yellow

717

00:27:55,590 --> 00:27:54,480

and then it would fade to a kind of a

718

00:27:57,909 --> 00:27:55,600

reddish

719

00:28:00,149 --> 00:27:57,919

orange glow to it

720

00:28:03,269 --> 00:28:00,159

i had a flashlight and when i turned it

721

00:28:05,830 --> 00:28:03,279

on and shined it on

722

00:28:08,710 --> 00:28:05,840

it seemed to dim

723

00:28:13,990 --> 00:28:08,720

and then when i turned it off mj it came

724

00:28:17,830 --> 00:28:16,310

and i was able to turn my flashlight on

725

00:28:19,269 --> 00:28:17,840

it

726  
00:28:20,630 --> 00:28:19,279  
and i

727  
00:28:21,510 --> 00:28:20,640  
there was a

728  
00:28:23,590 --> 00:28:21,520  
um

729  
00:28:27,990 --> 00:28:23,600  
large hickory tree

730  
00:28:29,990 --> 00:28:28,000  
and it was 247 steps from where i was

731  
00:28:32,630 --> 00:28:30,000  
uh to the hickory tree because the next

732  
00:28:34,870 --> 00:28:32,640  
morning i got up early i was uh supposed

733  
00:28:37,110 --> 00:28:34,880  
to cook breakfast for everybody

734  
00:28:39,510 --> 00:28:37,120  
excuse me and i got up

735  
00:28:41,430 --> 00:28:39,520  
and went up there in daylight and

736  
00:28:43,990 --> 00:28:41,440  
pasted off where the hickory tree was

737  
00:28:45,590 --> 00:28:44,000  
because i illuminated that tree with my

738  
00:28:48,230 --> 00:28:45,600

flashlight

739

00:28:49,750 --> 00:28:48,240

so and i know the object

740

00:28:52,549 --> 00:28:49,760

was between

741

00:28:54,870 --> 00:28:52,559

that hickory tree and myself and us on

742

00:28:56,630 --> 00:28:54,880

on this path

743

00:28:58,310 --> 00:28:56,640

the other thing

744

00:29:01,350 --> 00:28:58,320

is that when i illuminated it with my

745

00:29:03,830 --> 00:29:01,360

flashlight i noticed a shadow

746

00:29:05,430 --> 00:29:03,840

on the on the front side of the hickory

747

00:29:06,549 --> 00:29:05,440

tree i mean it illuminated the hickory

748

00:29:09,029 --> 00:29:06,559

tree but yet there was something

749

00:29:12,389 --> 00:29:09,039

blocking the beam so whatever

750

00:29:14,950 --> 00:29:12,399

that light was that was

751  
00:29:17,190 --> 00:29:14,960  
appearing had some kind of substance to

752  
00:29:18,870 --> 00:29:17,200  
it because it cast the shadow

753  
00:29:20,470 --> 00:29:18,880  
on on the

754  
00:29:21,750 --> 00:29:20,480  
on the tree

755  
00:29:23,669 --> 00:29:21,760  
i saw it

756  
00:29:25,750 --> 00:29:23,679  
at least the outline of it and just the

757  
00:29:27,510 --> 00:29:25,760  
edge and the top and that's the reason

758  
00:29:29,029 --> 00:29:27,520  
why i said it appeared to be oblong

759  
00:29:30,070 --> 00:29:29,039  
because it looked like the edge was

760  
00:29:32,549 --> 00:29:30,080  
longer than

761  
00:29:35,110 --> 00:29:32,559  
the top that was outlined on on that on

762  
00:29:36,950 --> 00:29:35,120  
the leaves of that hickory tree but it

763  
00:29:38,830 --> 00:29:36,960

was somewhere between

764

00:29:42,789 --> 00:29:38,840

i would say

765

00:29:44,789 --> 00:29:42,799

247 steps to 200 steps

766

00:29:47,669 --> 00:29:44,799

so to give you an idea how far away this

767

00:29:49,510 --> 00:29:47,679

light was no noise

768

00:29:52,230 --> 00:29:49,520

and it was a very still night you could

769

00:29:54,070 --> 00:29:52,240

hear coyotes howling in the distance and

770

00:29:55,190 --> 00:29:54,080

they were really active and screaming

771

00:29:57,350 --> 00:29:55,200

and hollering and all of a sudden they

772

00:30:00,070 --> 00:29:57,360

got real quiet it was about five minutes

773

00:30:02,149 --> 00:30:00,080

later is when we spotted the light maybe

774

00:30:03,750 --> 00:30:02,159

10 minutes later we spotted the light

775

00:30:05,510 --> 00:30:03,760

whether that had anything to do with it

776

00:30:08,230 --> 00:30:05,520

i don't know but it was just an

777

00:30:09,909 --> 00:30:08,240

interesting note that i made in regards

778

00:30:10,630 --> 00:30:09,919

to what occurred

779

00:30:12,310 --> 00:30:10,640

so

780

00:30:14,310 --> 00:30:12,320

i don't know what that light was i don't

781

00:30:16,950 --> 00:30:14,320

know it was up in the

782

00:30:18,789 --> 00:30:16,960

woods it was about it appeared to me

783

00:30:20,789 --> 00:30:18,799

anywhere between six and ten feet off

784

00:30:22,549 --> 00:30:20,799

the ground

785

00:30:23,590 --> 00:30:22,559

oh wow so

786

00:30:25,029 --> 00:30:23,600

so

787

00:30:26,789 --> 00:30:25,039

um

788

00:30:27,830 --> 00:30:26,799

whatever

789

00:30:29,590 --> 00:30:27,840

i don't know

790

00:30:31,029 --> 00:30:29,600

it wasn't down in the woods it was

791

00:30:32,789 --> 00:30:31,039

actually in front of the woods like i

792

00:30:37,029 --> 00:30:32,799

said in front of this hickory tree in

793

00:30:39,830 --> 00:30:37,039

this open metal so whatever it was

794

00:30:42,389 --> 00:30:39,840

um it reacted to having a light and i

795

00:30:44,789 --> 00:30:42,399

did it like three times

796

00:30:46,149 --> 00:30:44,799

we watched it for a good 10 minutes and

797

00:30:48,149 --> 00:30:46,159

it was there

798

00:30:49,350 --> 00:30:48,159

you know we had a couple of dogs in the

799

00:30:51,669 --> 00:30:49,360

camper that we had to go check on

800

00:30:54,149 --> 00:30:51,679

because we didn't plan this

801  
00:30:55,830 --> 00:30:54,159

813  
00:31:22,630 --> 00:31:20,320

visit macy's backstage.com for a

814

00:31:24,870 --> 00:31:22,640

location near you this was kind of an

815

00:31:26,310 --> 00:31:24,880

impromptu okay we went up to the pit and

816

00:31:29,110 --> 00:31:26,320

then we started walking following the

817

00:31:30,070 --> 00:31:29,120

path talking and listening and we ended

818

00:31:31,830 --> 00:31:30,080

up there

819

00:31:33,990 --> 00:31:31,840

so we had some animals that we had to go

820

00:31:35,990 --> 00:31:34,000

check on and so we left and it was still

821

00:31:38,230 --> 00:31:36,000

shining in the in the woods or in front

822

00:31:39,669 --> 00:31:38,240

of the woods and then orville and i

823

00:31:41,509 --> 00:31:39,679

think did cheryl go back with the

824

00:31:43,830 --> 00:31:41,519

orville

825

00:31:47,350 --> 00:31:43,840

i don't remember

826

00:31:49,269 --> 00:31:47,360

no not that that evening but uh you know

827

00:31:51,590 --> 00:31:49,279

ken it was it was really great that you

828

00:31:54,470 --> 00:31:51,600

witnessed that because um

829

00:31:56,710 --> 00:31:54,480

uh we really have had quite a number of

830

00:31:59,830 --> 00:31:56,720

witnesses now to these types of

831

00:32:01,990 --> 00:31:59,840

phenomena so that you know we we invite

832

00:32:04,230 --> 00:32:02,000

anybody that wants to come you know to

833

00:32:07,110 --> 00:32:04,240

uh to to witness

834

00:32:07,909 --> 00:32:07,120

this and it happens quite often and this

835

00:32:13,750 --> 00:32:07,919

is

836

00:32:15,110 --> 00:32:13,760

since the initial light event back in

837

00:32:18,549 --> 00:32:15,120

february

838

00:32:20,789 --> 00:32:18,559

it's just astounding and uh people like

839

00:32:23,110 --> 00:32:20,799

yourself who have come and witnessed

840

00:32:26,950 --> 00:32:25,110

as well as

841

00:32:28,789 --> 00:32:26,960

there's another subject we need to talk

842

00:32:30,470 --> 00:32:28,799

about too another phenomena of the

843

00:32:33,789 --> 00:32:30,480

levitating rocks

844

00:32:35,350 --> 00:32:33,799

and if anyone goes to our website

845

00:32:38,870 --> 00:32:35,360

boardcampcrystalmine.com

846

00:32:41,909 --> 00:32:38,880

uh we have gone ahead and posted footage

847

00:32:46,149 --> 00:32:41,919

of what our game cameras have taken and

848

00:32:48,950 --> 00:32:46,159

uh our video cameras that we have uh we

849

00:32:51,350 --> 00:32:48,960

posted footage of some of these orbs and

850

00:32:53,029 --> 00:32:51,360

these levitating rocks which are just

851  
00:32:54,549 --> 00:32:53,039  
mind-blowing and i'll tell you what when

852  
00:32:56,310 --> 00:32:54,559  
we first saw

853  
00:32:58,389 --> 00:32:56,320  
the first pictures of these on our game

854  
00:33:00,549 --> 00:32:58,399  
camera we couldn't even believe we were

855  
00:33:02,950 --> 00:33:00,559  
absolutely incredulous

856  
00:33:06,149 --> 00:33:02,960  
that rocks were actually levitating in

857  
00:33:07,590 --> 00:33:06,159  
this area of the crystal mine

858  
00:33:10,389 --> 00:33:07,600  
we have no

859  
00:33:12,389 --> 00:33:10,399  
real scientific explanation for that

860  
00:33:13,750 --> 00:33:12,399  
although there's some very interesting

861  
00:33:16,549 --> 00:33:13,760  
theories

862  
00:33:17,830 --> 00:33:16,559  
but they do tend to hinge on fringe

863  
00:33:19,029 --> 00:33:17,840

science

864

00:33:22,230 --> 00:33:19,039

and

865

00:33:24,149 --> 00:33:22,240

uh it's it's fascinating it's it's

866

00:33:25,830 --> 00:33:24,159

it's unexplained it's absolutely

867

00:33:27,669 --> 00:33:25,840

fascinating what's happening out there

868

00:33:31,190 --> 00:33:27,679

and continues to happen

869

00:33:33,430 --> 00:33:31,200

well you know my my personal the the ore

870

00:33:34,950 --> 00:33:33,440

and that that

871

00:33:37,750 --> 00:33:34,960

some of it

872

00:33:39,830 --> 00:33:37,760

okay i think is being produced by mother

873

00:33:42,149 --> 00:33:39,840

earth okay that there's something going

874

00:33:44,710 --> 00:33:42,159

on with the water flowing through that

875

00:33:46,470 --> 00:33:44,720

sandstone limestone formation and the

876  
00:33:49,110 --> 00:33:46,480  
crystals

877  
00:33:51,430 --> 00:33:49,120  
whether it whether it's amplified the

878  
00:33:54,070 --> 00:33:51,440  
pzo energy i don't know i don't know

879  
00:33:55,990 --> 00:33:54,080  
enough about it to make a to make it uh

880  
00:33:58,630 --> 00:33:56,000  
a call on that george you probably know

881  
00:34:00,230 --> 00:33:58,640  
more about it and i do um well i know

882  
00:34:03,430 --> 00:34:00,240  
you do you're the one that turned me on

883  
00:34:05,110 --> 00:34:03,440  
the physio uh in the crystals so but you

884  
00:34:06,789 --> 00:34:05,120  
know i i don't know but there's an awful

885  
00:34:08,069 --> 00:34:06,799  
lot of

886  
00:34:09,669 --> 00:34:08,079  
energy

887  
00:34:11,510 --> 00:34:09,679  
in that area

888  
00:34:13,109 --> 00:34:11,520

and i think some of these

889

00:34:15,510 --> 00:34:13,119

lights

890

00:34:18,310 --> 00:34:15,520

are produced by

891

00:34:20,230 --> 00:34:18,320

mother earth oh yeah i don't think she

892

00:34:21,990 --> 00:34:20,240

produced the three lights that they saw

893

00:34:24,149 --> 00:34:22,000

that were flat on top

894

00:34:25,190 --> 00:34:24,159

i don't think she's produced

895

00:34:28,470 --> 00:34:25,200

some of these

896

00:34:31,750 --> 00:34:28,480

them

897

00:34:33,589 --> 00:34:31,760

what i've heard and apparently um the

898

00:34:36,710 --> 00:34:33,599

alien hunter josh

899

00:34:38,069 --> 00:34:36,720

got it on film of a orb flying right up

900

00:34:40,950 --> 00:34:38,079

towards the camera when they were

901  
00:34:42,470 --> 00:34:40,960  
shooting mj and they should air that

902  
00:34:44,470 --> 00:34:42,480  
in october at least that's what we were

903  
00:34:48,149 --> 00:34:44,480  
told i'll have to set that dvr up

904  
00:34:50,629 --> 00:34:48,159  
definitely cool

905  
00:34:55,510 --> 00:34:50,639  
well part of it is on his commercial on

906  
00:34:58,790 --> 00:34:57,430  
so him up on the top of the hill with

907  
00:35:01,750 --> 00:34:58,800  
the orb is

908  
00:35:02,510 --> 00:35:01,760  
is in you know josh's commercial okay oh

909  
00:35:04,150 --> 00:35:02,520  
wow okay

910  
00:35:05,589 --> 00:35:04,160  
[Music]

911  
00:35:07,910 --> 00:35:05,599  
and that's oh interesting i haven't seen

912  
00:35:09,270 --> 00:35:07,920  
that i'm looking uh looking forward to

913  
00:35:11,589 --> 00:35:09,280

seeing the show

914

00:35:13,990 --> 00:35:11,599

um and if you're if you're in chat i put

915

00:35:15,670 --> 00:35:14,000

a link up to their website and i'm also

916

00:35:19,190 --> 00:35:15,680

putting up a link to their youtube

917

00:35:21,750 --> 00:35:19,200

channel which i am watching right now

918

00:35:22,710 --> 00:35:21,760

there we go oh good cool yeah there we

919

00:35:25,030 --> 00:35:22,720

go

920

00:35:25,990 --> 00:35:25,040

it was kind of funny though he said you

921

00:35:28,150 --> 00:35:26,000

know what

922

00:35:30,550 --> 00:35:28,160

it's strange we never find the goals we

923

00:35:32,550 --> 00:35:30,560

never find the treasure but i've i've

924

00:35:39,190 --> 00:35:32,560

been out here for about four hours and

925

00:35:42,870 --> 00:35:41,349

the witness

926

00:35:45,349 --> 00:35:42,880

i'm sorry cheryl i think i spoke over

927

00:35:48,230 --> 00:35:45,359

you what was that oh and i spoke over

928

00:35:50,069 --> 00:35:48,240

you too uh even josh gates is a witness

929

00:35:52,870 --> 00:35:50,079

at this point

930

00:35:55,430 --> 00:35:52,880

oh yeah uh you know i i

931

00:35:57,270 --> 00:35:55,440

i have told you and and and i've told

932

00:36:01,510 --> 00:35:57,280

dick and marilyn i plan to go come back

933

00:36:03,109 --> 00:36:01,520

there after the leaves off the trees and

934

00:36:05,670 --> 00:36:03,119

get back during the winter after the

935

00:36:07,190 --> 00:36:05,680

holiday sometime in mid-january or

936

00:36:08,710 --> 00:36:07,200

february

937

00:36:11,109 --> 00:36:08,720

i want to be there

938

00:36:13,589 --> 00:36:11,119

when there's no leaves and see if i can

939

00:36:17,109 --> 00:36:13,599

experience again one of those lights it

940

00:36:21,750 --> 00:36:20,230

that's for sure and um

941

00:36:23,670 --> 00:36:21,760

you know uh

942

00:36:25,670 --> 00:36:23,680

another thing uh

943

00:36:27,670 --> 00:36:25,680

you know since we went public with this

944

00:36:29,670 --> 00:36:27,680

information uh

945

00:36:32,150 --> 00:36:29,680

which actually was in mid-july you know

946

00:36:33,829 --> 00:36:32,160

we kept a lot of this uh to ourselves

947

00:36:35,670 --> 00:36:33,839

because we knew the travel channel was

948

00:36:38,950 --> 00:36:35,680

coming and and they

949

00:36:41,430 --> 00:36:38,960

you know re requested confidentiality

950

00:36:43,190 --> 00:36:41,440

until they came in and filmed and left

951  
00:36:46,550 --> 00:36:43,200  
of course um

952  
00:36:49,190 --> 00:36:46,560  
but we've had some uh very interesting

953  
00:36:51,750 --> 00:36:49,200  
uh you know good-hearted people that are

954  
00:36:53,270 --> 00:36:51,760  
sharing information with us as to what

955  
00:36:55,349 --> 00:36:53,280  
it could be

956  
00:36:58,710 --> 00:36:55,359  
and we deeply appreciate that because

957  
00:37:00,150 --> 00:36:58,720  
we're all about learning this about this

958  
00:37:02,550 --> 00:37:00,160  
and

959  
00:37:03,750 --> 00:37:02,560  
you know if you look at the ufo point of

960  
00:37:06,550 --> 00:37:03,760  
view

961  
00:37:09,190 --> 00:37:06,560  
it was suggested to us more than once

962  
00:37:14,310 --> 00:37:09,200  
that ufos actually

963  
00:37:16,230 --> 00:37:14,320

uh fuel their craft on crystal energy

964

00:37:18,870 --> 00:37:16,240

i got this let me dovetail here real

965

00:37:21,190 --> 00:37:18,880

quick because

966

00:37:22,950 --> 00:37:21,200

i'm watching an old uh

967

00:37:25,670 --> 00:37:22,960

star trek uh

968

00:37:27,109 --> 00:37:25,680

they had a star trek marathon on one on

969

00:37:30,630 --> 00:37:27,119

satellite one of the satellite channels

970

00:37:32,950 --> 00:37:30,640

and i was watching it and the starship

971

00:37:36,150 --> 00:37:32,960

enterprise was in trouble

972

00:37:37,829 --> 00:37:36,160

because scotty was informing uh captain

973

00:37:40,790 --> 00:37:37,839

kirk are you ready for it wait for it

974

00:37:43,910 --> 00:37:40,800

here it is that the dilithium crystals

975

00:37:45,589 --> 00:37:43,920

and the warp engines uh were cracked and

976

00:37:47,109 --> 00:37:45,599

they were failing

977

00:37:49,990 --> 00:37:47,119

oh my goodness

978

00:37:52,069 --> 00:37:50,000

yeah by lithium crystals and and my ears

979

00:37:54,550 --> 00:37:52,079

picked up okay

980

00:37:57,589 --> 00:37:54,560

holy cow man gene roddenberry was on

981

00:37:59,750 --> 00:37:57,599

this a long time ago

982

00:38:01,670 --> 00:37:59,760

okay but yeah

983

00:38:04,790 --> 00:38:01,680

dean roddenberry could have been one of

984

00:38:07,829 --> 00:38:04,800

them we don't know

985

00:38:10,470 --> 00:38:07,839

we don't know he certainly had uh he

986

00:38:13,910 --> 00:38:10,480

really had some uh insights into aliens

987

00:38:15,589 --> 00:38:13,920

and space and everything so you gotta

988

00:38:19,510 --> 00:38:15,599

you gotta give them a shout out on that

989

00:38:21,829 --> 00:38:19,520

for sure but hey

990

00:38:23,910 --> 00:38:21,839

this real quick you know strange part

991

00:38:25,109 --> 00:38:23,920

about the energy and the crystals and

992

00:38:26,950 --> 00:38:25,119

everything else

993

00:38:29,109 --> 00:38:26,960

if there are crystal

994

00:38:31,910 --> 00:38:29,119

pockets and deposits all around this

995

00:38:35,190 --> 00:38:31,920

area and there are some strange lights

996

00:38:37,670 --> 00:38:35,200

over there near those deposits but areas

997

00:38:40,790 --> 00:38:37,680

where they're blasting and using heavy

998

00:38:42,630 --> 00:38:40,800

equipment is not experiencing any

999

00:38:44,310 --> 00:38:42,640

activity

1000

00:38:47,430 --> 00:38:44,320

which to me

1001

00:38:50,230 --> 00:38:47,440

seems like if you take dynamite you

1002

00:38:52,310 --> 00:38:50,240

blast a big rc4 you blast a big hole in

1003

00:38:53,910 --> 00:38:52,320

the ground

1004

00:38:55,829 --> 00:38:53,920

you know to get rid you know trying to

1005

00:38:57,510 --> 00:38:55,839

keep the crystals up

1006

00:39:00,870 --> 00:38:57,520

you're disturbing the energy you're

1007

00:39:02,550 --> 00:39:00,880

disturbing the natural flow

1008

00:39:03,589 --> 00:39:02,560

you know what i'm saying

1009

00:39:04,390 --> 00:39:03,599

i think

1010

00:39:13,030 --> 00:39:04,400

the

1011

00:39:14,870 --> 00:39:13,040

that whoever is using it is looking for

1012

00:39:17,510 --> 00:39:14,880

and uh

1013

00:39:19,430 --> 00:39:17,520

when we disturb that when we just tear

1014

00:39:22,950 --> 00:39:19,440

it up i mean you can't rape the earth

1015

00:39:25,190 --> 00:39:22,960

for profit there's no good in it

1016

00:39:27,109 --> 00:39:25,200

well that's uh it uh there may be

1017

00:39:29,670 --> 00:39:27,119

something to that where they're blasting

1018

00:39:32,550 --> 00:39:29,680

and grading and stuff

1019

00:39:34,390 --> 00:39:32,560

the frequency that these crystals are

1020

00:39:36,150 --> 00:39:34,400

emanating would definitely change that's

1021

00:39:37,589 --> 00:39:36,160

a fact

1022

00:39:39,750 --> 00:39:37,599

you know

1023

00:39:41,670 --> 00:39:39,760

i i i

1024

00:39:43,670 --> 00:39:41,680

i don't know i i certainly believe that

1025

00:39:46,069 --> 00:39:43,680

the crystals are playing a part in it

1026

00:39:47,910 --> 00:39:46,079

what part and how big of a part i don't

1027

00:39:51,270 --> 00:39:47,920

know i also believe that that water

1028

00:39:53,670 --> 00:39:51,280

flowing under that crystal pit uh is

1029

00:39:55,589 --> 00:39:53,680

also playing a part amplifying it or

1030

00:39:57,910 --> 00:39:55,599

whatever

1031

00:39:58,630 --> 00:39:57,920

and so that energy

1032

00:40:05,990 --> 00:39:58,640

that

1033

00:40:07,270 --> 00:40:06,000

description um seems to be really

1034

00:40:09,270 --> 00:40:07,280

powerful

1035

00:40:11,750 --> 00:40:09,280

at that crystal mine pit

1036

00:40:14,069 --> 00:40:11,760

whatever yeah that whole that whole vein

1037

00:40:16,310 --> 00:40:14,079

that runs through there okay and if it

1038

00:40:18,230 --> 00:40:16,320

reaches down to that aquifer

1039

00:40:20,310 --> 00:40:18,240

see that that's what i'm trying to find

1040

00:40:22,390 --> 00:40:20,320

out is that can that affect the pzo

1041

00:40:25,270 --> 00:40:22,400

energy in the crystal if that water is

1042

00:40:27,750 --> 00:40:25,280

generating electromagnetic charge how

1043

00:40:31,109 --> 00:40:27,760

does that interact with what's going on

1044

00:40:33,109 --> 00:40:31,119

in the crystal that's my question

1045

00:40:34,630 --> 00:40:33,119

a very good question and we want to

1046

00:40:36,950 --> 00:40:34,640

thank you for coming out because you're

1047

00:40:39,349 --> 00:40:36,960

the one that tested and discovered the

1048

00:40:42,470 --> 00:40:39,359

water under there

1049

00:40:43,670 --> 00:40:42,480

well you know actually i got to uh i

1050

00:40:45,190 --> 00:40:43,680

george

1051

00:40:47,109 --> 00:40:45,200

turned me on to it when he was

1052

00:40:50,550 --> 00:40:47,119

explaining to me that it takes water to

1053

00:40:53,190 --> 00:40:50,560

make crystals so at one time that area

1054

00:40:55,270 --> 00:40:53,200

had to be underwater for those crystals

1055

00:40:55,990 --> 00:40:55,280

to to grow

1056

00:40:57,510 --> 00:40:56,000

so

1057

00:40:58,710 --> 00:40:57,520

that's what got me that's what got me to

1058

00:41:00,630 --> 00:40:58,720

thinking about grabbing these

1059

00:41:02,230 --> 00:41:00,640

hydrophones because i'm thinking well

1060

00:41:04,230 --> 00:41:02,240

wait a minute that i wonder if there's

1061

00:41:05,190 --> 00:41:04,240

an aquifer and boy you could hear that

1062

00:41:07,190 --> 00:41:05,200

water

1063

00:41:10,069 --> 00:41:07,200

uh churning you could hear it

1064

00:41:11,430 --> 00:41:10,079

it was flowing pretty good through there

1065

00:41:13,510 --> 00:41:11,440

yes

1066

00:41:16,390 --> 00:41:13,520

it sure was

1067

00:41:18,470 --> 00:41:16,400

so hey real quick in chat maryland wants

1068

00:41:20,470 --> 00:41:18,480

to know do your neighbors do they have

1069

00:41:23,349 --> 00:41:20,480

lights do they sit on their property or

1070

00:41:27,510 --> 00:41:23,359

do you know some some of them have and

1071

00:41:31,829 --> 00:41:29,750

we've had several neighbors who came up

1072

00:41:33,990 --> 00:41:31,839

and said that they have

1073

00:41:36,790 --> 00:41:34,000

they've seen life they've seen sparks

1074

00:41:37,990 --> 00:41:36,800

they've seen orbs and one lady even said

1075

00:41:41,510 --> 00:41:38,000

that she

1076

00:41:42,870 --> 00:41:41,520

20 years ago saw crap

1077

00:41:44,309 --> 00:41:42,880

oh wow

1078

00:41:45,670 --> 00:41:44,319

and i'll have to tell you guys i'm

1079

00:41:48,470 --> 00:41:45,680

watching the i'm going through the

1080

00:41:50,069 --> 00:41:48,480

youtube videos uh you know listeners

1081

00:41:52,390 --> 00:41:50,079

these lights are not just some little

1082

00:41:54,230 --> 00:41:52,400

dull looking white orb these lights have

1083

00:41:56,710 --> 00:41:54,240

a brilliant color

1084

00:41:59,270 --> 00:41:56,720

they have form i mean

1085

00:42:01,670 --> 00:41:59,280

it's amazing i'm watching the colors on

1086

00:42:03,750 --> 00:42:01,680

here everything from green red

1087

00:42:06,309 --> 00:42:03,760

white i mean they're brilliant and they

1088

00:42:08,069 --> 00:42:06,319

are it looks as bright as a flare i mean

1089

00:42:09,349 --> 00:42:08,079

that's amazing that you guys are seeing

1090

00:42:11,430 --> 00:42:09,359

lights like this in the woods i mean

1091

00:42:13,349 --> 00:42:11,440

that's just not something

1092

00:42:15,510 --> 00:42:13,359

happening by fault at all there's

1093

00:42:17,750 --> 00:42:15,520

definitely something going on there

1094

00:42:19,829 --> 00:42:17,760

oh yeah definitely i mean what we saw

1095

00:42:22,470 --> 00:42:19,839

what we saw that night i mean it was

1096

00:42:25,589 --> 00:42:22,480

actually very it was not

1097

00:42:26,710 --> 00:42:25,599

um a dull they were bright yeah and when

1098

00:42:28,710 --> 00:42:26,720

i hit them with the light they got

1099

00:42:31,349 --> 00:42:28,720

brighter

1100

00:42:34,390 --> 00:42:31,359

and i don't know what that means

1101

00:42:36,550 --> 00:42:34,400

in most of the life that we see

1102

00:42:38,870 --> 00:42:36,560

i mean it's not just cheryl and i

1103

00:42:41,030 --> 00:42:38,880

experiencing him there's four or five or

1104

00:42:43,670 --> 00:42:41,040

sometimes 10 people there at the same

1105

00:42:47,910 --> 00:42:45,589

and hey i want to tell our listeners if

1106

00:42:50,630 --> 00:42:47,920

you get a chance um and you're passing

1107

00:42:52,790 --> 00:42:50,640

through that area make sure you stop in

1108

00:42:56,230 --> 00:42:52,800

they have a real nice

1109

00:42:58,630 --> 00:42:56,240

uh stage mj where you can sit and it it

1110

00:43:01,190 --> 00:42:58,640

faces the woods and the in the crystal

1111

00:43:03,990 --> 00:43:01,200

pit and you can sit there with uh

1112

00:43:05,910 --> 00:43:04,000

tripod cameras binoculars telescopes or

1113

00:43:09,349 --> 00:43:05,920

whatever and you've got

1114

00:43:14,630 --> 00:43:09,359

a beautiful panoramic view of the area

1115

00:43:17,349 --> 00:43:14,640

yeah it's nice very nice wow amazing

1116

00:43:19,349 --> 00:43:17,359

and uh yes and and you know we we really

1117

00:43:22,390 --> 00:43:19,359

do appreciate our visitors in fact

1118

00:43:24,550 --> 00:43:22,400

because we had to close down our mind uh

1119

00:43:26,790 --> 00:43:24,560

the the critical digging part at least

1120

00:43:28,390 --> 00:43:26,800

temporarily until we

1121

00:43:30,870 --> 00:43:28,400

get some more information about the

1122

00:43:33,589 --> 00:43:30,880

unknown phenomena uh like i said we

1123

00:43:35,510 --> 00:43:33,599

closed the mind but we have reopened

1124

00:43:37,910 --> 00:43:35,520

by giving tours obviously we're a

1125

00:43:41,589 --> 00:43:37,920

business and we need to generate revenue

1126  
00:43:43,109 --> 00:43:41,599  
and income and um so we decided to open

1127  
00:43:45,109 --> 00:43:43,119  
up uh

1128  
00:43:48,150 --> 00:43:45,119  
the mine again but this time to give

1129  
00:43:50,710 --> 00:43:48,160  
tours so we call it the unexplained

1130  
00:43:51,790 --> 00:43:50,720  
tours and if you do visit our website on

1131  
00:43:54,230 --> 00:43:51,800  
support

1132  
00:43:55,829 --> 00:43:54,240  
crystalmine.com uh you will see a place

1133  
00:43:56,550 --> 00:43:55,839  
where you can purchase tickets to come

1134  
00:43:57,670 --> 00:43:56,560  
out

1135  
00:43:59,190 --> 00:43:57,680  
and uh

1136  
00:44:00,950 --> 00:43:59,200  
we have a morning tour it's just a

1137  
00:44:02,390 --> 00:44:00,960  
couple of hours but we

1138  
00:44:05,349 --> 00:44:02,400

share our our

1139

00:44:07,270 --> 00:44:05,359

videos and and photos with you uh and

1140

00:44:09,829 --> 00:44:07,280

and explain our story and then we

1141

00:44:12,150 --> 00:44:09,839

actually walk our visitors up to that

1142

00:44:14,550 --> 00:44:12,160

event site where we

1143

00:44:16,870 --> 00:44:14,560

uh saw the original event where josh

1144

00:44:19,270 --> 00:44:16,880

gates filmed and

1145

00:44:21,670 --> 00:44:19,280

then we have an evening tour every

1146

00:44:22,550 --> 00:44:21,680

saturday night that's four hours

1147

00:44:24,470 --> 00:44:22,560

and

1148

00:44:26,710 --> 00:44:24,480

we we did the same thing we share our

1149

00:44:29,030 --> 00:44:26,720

story and walk people up to the event

1150

00:44:31,750 --> 00:44:29,040

site before dark but after dark like ken

1151

00:44:34,710 --> 00:44:31,760

said we do sit on the stage

1152

00:44:36,309 --> 00:44:34,720

and uh just watch you know i mean these

1153

00:44:38,150 --> 00:44:36,319

things happen at random we can't

1154

00:44:39,910 --> 00:44:38,160

guarantee that anyone's going to see

1155

00:44:42,950 --> 00:44:39,920

anything while they're there

1156

00:44:45,190 --> 00:44:42,960

but they sure do happen frequently and

1157

00:44:47,510 --> 00:44:45,200

um so far we actually just opened our

1158

00:44:49,910 --> 00:44:47,520

tours at the beginning of august and and

1159

00:44:52,710 --> 00:44:49,920

we have had visitors already who have

1160

00:44:56,790 --> 00:44:52,720

seen things on saturday nights

1161

00:44:59,190 --> 00:44:56,800

so i i i just you know uh you are you

1162

00:45:00,230 --> 00:44:59,200

both of you are very accommodating and i

1163

00:45:03,349 --> 00:45:00,240

would

1164

00:45:05,829 --> 00:45:03,359

a trip and you're passing through by all

1165

00:45:09,109 --> 00:45:05,839

means take advantage of it it's um it's

1166

00:45:11,510 --> 00:45:09,119

an interesting area and um you know some

1167

00:45:13,910 --> 00:45:11,520

people i didn't feel

1168

00:45:16,550 --> 00:45:13,920

the energy but then again i'm i'm not

1169

00:45:18,470 --> 00:45:16,560

empathic i i don't i don't have that

1170

00:45:21,589 --> 00:45:18,480

ability maybe i do and i just don't

1171

00:45:23,190 --> 00:45:21,599

recognize it but i didn't feel

1172

00:45:24,630 --> 00:45:23,200

you know any

1173

00:45:26,950 --> 00:45:24,640

special

1174

00:45:29,510 --> 00:45:26,960

tingling and i went down in the pit but

1175

00:45:32,390 --> 00:45:29,520

i because i i was doing that hydrophone

1176

00:45:34,950 --> 00:45:32,400

but i was fascinated by listening to the

1177

00:45:36,470 --> 00:45:34,960

water flowing through that ground

1178

00:45:38,790 --> 00:45:36,480

um that

1179

00:45:41,030 --> 00:45:38,800

that that gave me a chill

1180

00:45:42,309 --> 00:45:41,040

i mean because it i mean i could hear it

1181

00:45:43,910 --> 00:45:42,319

i could feel it

1182

00:45:45,349 --> 00:45:43,920

so

1183

00:45:48,069 --> 00:45:45,359

yeah that's right

1184

00:45:50,470 --> 00:45:48,079

it's an interesting place

1185

00:45:53,109 --> 00:45:50,480

and and i'm more like you ken um i have

1186

00:45:55,670 --> 00:45:53,119

not really felt the energy so to speak

1187

00:45:58,390 --> 00:45:55,680

but i know people including uh my

1188

00:46:01,430 --> 00:45:58,400

orville here he's he's got uh

1189

00:46:03,190 --> 00:46:01,440

an ability i guess or a sensitivity to

1190

00:46:05,030 --> 00:46:03,200

feeling that sort of energy and many of

1191

00:46:08,390 --> 00:46:05,040

our visitors have

1192

00:46:11,109 --> 00:46:08,400

and i just love uh you know

1193

00:46:13,190 --> 00:46:11,119

hearing their testimonies um

1194

00:46:15,430 --> 00:46:13,200

of uh what they've experienced here but

1195

00:46:17,270 --> 00:46:15,440

also in their lives you know a lot of

1196

00:46:18,950 --> 00:46:17,280

people have been coming here now since

1197

00:46:20,550 --> 00:46:18,960

we went public with this information

1198

00:46:22,309 --> 00:46:20,560

they're opening up our neighbors for

1199

00:46:23,829 --> 00:46:22,319

example are opening it up and sharing

1200

00:46:24,870 --> 00:46:23,839

their experiences

1201

00:46:28,230 --> 00:46:24,880

and

1202

00:46:31,349 --> 00:46:28,240

i love it i i just love people sharing

1203

00:46:33,270 --> 00:46:31,359

their information and perhaps if we

1204

00:46:35,510 --> 00:46:33,280

you know keep sharing that information

1205

00:46:37,430 --> 00:46:35,520

and going public maybe we can figure

1206

00:46:40,829 --> 00:46:37,440

some of this out eventually

1207

00:46:43,750 --> 00:46:40,839

well i i know that mj that maryland is

1208

00:46:44,790 --> 00:46:43,760

sensitive and she told me she felt the

1209

00:46:48,150 --> 00:46:44,800

energy

1210

00:46:49,589 --> 00:46:48,160

um when she was up by the pit yeah

1211

00:46:51,829 --> 00:46:49,599

yeah

1212

00:46:53,109 --> 00:46:51,839

and that energy

1213

00:46:54,550 --> 00:46:53,119

oh go ahead

1214

00:46:56,550 --> 00:46:54,560

no i i

1215

00:46:58,710 --> 00:46:56,560

it makes me wonder about those cables

1216

00:47:00,390 --> 00:46:58,720

that ran across the pit that were laying

1217

00:47:02,790 --> 00:47:00,400

on the ground mj

1218

00:47:05,270 --> 00:47:02,800

because the wireless set we got pretty

1219

00:47:06,390 --> 00:47:05,280

good uh reception

1220

00:47:08,230 --> 00:47:06,400

and you think and you would think it

1221

00:47:10,630 --> 00:47:08,240

would be just the opposite but those

1222

00:47:12,630 --> 00:47:10,640

cables were in contact with the crystals

1223

00:47:14,790 --> 00:47:12,640

in the ground

1224

00:47:16,790 --> 00:47:14,800

yeah it said marilyn said it made her

1225

00:47:19,270 --> 00:47:16,800

feel a bit dizzy

1226

00:47:20,630 --> 00:47:19,280

the energy wow

1227

00:47:21,910 --> 00:47:20,640

well i thought that was because she was

1228

00:47:37,270 --> 00:47:21,920

female

1229

00:47:41,910 --> 00:47:39,589

two weeks ago there was a woman up there

1230

00:47:43,270 --> 00:47:41,920

and her hair stood up

1231

00:47:44,870 --> 00:47:43,280

on her head

1232

00:47:47,309 --> 00:47:44,880

i mean it looked like she went

1233

00:47:49,270 --> 00:47:47,319

underneath one of those uh

1234

00:47:50,470 --> 00:47:49,280

electromagnetic machines you know what

1235

00:47:53,109 --> 00:47:50,480

i'm saying

1236

00:47:54,230 --> 00:47:53,119

and uh like she had wool socks on the

1237

00:47:56,550 --> 00:47:54,240

carpet

1238

00:48:00,390 --> 00:47:56,560

and her hair stood up and everybody

1239

00:48:02,550 --> 00:48:00,400

looked at her and she's going what what

1240

00:48:04,710 --> 00:48:02,560

and uh he took a picture of her and then

1241

00:48:07,349 --> 00:48:04,720

her hair went back down

1242

00:48:08,550 --> 00:48:07,359

and uh they're all running around

1243

00:48:11,030 --> 00:48:08,560

they're going did you feel it did you

1244

00:48:14,550 --> 00:48:13,510

and i think what they're feeling it is

1245

00:48:18,870 --> 00:48:14,560

that

1246

00:48:20,150 --> 00:48:18,880

created

1247

00:48:22,069 --> 00:48:20,160

and

1248

00:48:24,150 --> 00:48:22,079

perhaps it all started with that initial

1249

00:48:27,190 --> 00:48:24,160

light event that we saw the beams back

1250

00:48:30,150 --> 00:48:27,200

in february and it's still ongoing and

1251  
00:48:32,549 --> 00:48:30,160  
like orville said earlier we have uh the

1252  
00:48:33,829 --> 00:48:32,559  
fence posts that were up there the metal

1253  
00:48:35,910 --> 00:48:33,839  
t posts

1254  
00:48:38,150 --> 00:48:35,920  
became magnetized

1255  
00:48:41,270 --> 00:48:38,160  
we had a metal fence up there like a

1256  
00:48:42,309 --> 00:48:41,280  
gate that had become magnetized uh mufon

1257  
00:48:44,069 --> 00:48:42,319  
when they did their initial

1258  
00:48:47,030 --> 00:48:44,079  
investigation

1259  
00:48:48,950 --> 00:48:47,040  
national mufon back in february they

1260  
00:48:51,910 --> 00:48:48,960  
brought that to our attention and this

1261  
00:48:54,790 --> 00:48:51,920  
electromagnetic field is still

1262  
00:48:58,230 --> 00:48:54,800  
there uh because like orville said we we

1263  
00:49:00,069 --> 00:48:58,240

just uh inserted some new fence posts

1264

00:49:01,910 --> 00:49:00,079

into the ground uh

1265

00:49:03,990 --> 00:49:01,920

you know when when we were getting ready

1266

00:49:07,270 --> 00:49:04,000

to have our public tours

1267

00:49:07,990 --> 00:49:07,280

and those fence posts are now magnetized

1268

00:49:10,390 --> 00:49:08,000

and

1269

00:49:13,030 --> 00:49:10,400

we we have some that are actually

1270

00:49:14,870 --> 00:49:13,040

polarized and of course orville you know

1271

00:49:17,430 --> 00:49:14,880

he'll pick up one of those fence posts

1272

00:49:18,950 --> 00:49:17,440

and and put a compass to each end to

1273

00:49:22,380 --> 00:49:18,960

prove it

1274

00:49:24,069 --> 00:49:22,390

it's just absolutely weird you know

1275

00:49:25,750 --> 00:49:24,079

[Music]

1276

00:49:27,589 --> 00:49:25,760

oh there's no there's no doubt about it

1277

00:49:31,030 --> 00:49:27,599

that um

1278

00:49:33,990 --> 00:49:31,040

you know there's i there i think it's

1279

00:49:35,990 --> 00:49:34,000

possible to answer some of the questions

1280

00:49:37,190 --> 00:49:36,000

okay i don't know about the uh alien

1281

00:49:39,270 --> 00:49:37,200

craft that

1282

00:49:40,950 --> 00:49:39,280

that um but you never know if you get

1283

00:49:42,309 --> 00:49:40,960

one to show up and you're able to run

1284

00:49:45,190 --> 00:49:42,319

some uh

1285

00:49:47,030 --> 00:49:45,200

some data on it like electromagnetic

1286

00:49:47,750 --> 00:49:47,040

energy you're able to record that you

1287

00:49:49,990 --> 00:49:47,760

know

1288

00:49:52,549 --> 00:49:50,000

have put a parabolic mic on it and and

1289

00:49:54,470 --> 00:49:52,559

see if it's emitting any kind of noise

1290

00:49:56,870 --> 00:49:54,480

that at a frequency we can't hear or

1291

00:49:57,990 --> 00:49:56,880

whatever um yeah i would

1292

00:49:59,589 --> 00:49:58,000

and that's one of the pieces of

1293

00:50:01,990 --> 00:49:59,599

equipment mj that we didn't deploy we

1294

00:50:04,069 --> 00:50:02,000

had a parabolic mic and uh the mill

1295

00:50:07,190 --> 00:50:04,079

meters we didn't deploy them

1296

00:50:09,750 --> 00:50:07,200

and um i want to go back and do that

1297

00:50:11,510 --> 00:50:09,760

oh yeah and that that could be some part

1298

00:50:13,589 --> 00:50:11,520

of an explanation of why these little

1299

00:50:15,109 --> 00:50:13,599

rocks are levitating and you can see

1300

00:50:17,430 --> 00:50:15,119

that on that youtube video it's

1301  
00:50:20,390 --> 00:50:17,440  
absolutely astounding and of course we

1302  
00:50:23,589 --> 00:50:20,400  
were in absolute shock when we first saw

1303  
00:50:25,510 --> 00:50:23,599  
those pictures from our game camera

1304  
00:50:27,990 --> 00:50:25,520  
we would never have guessed that that

1305  
00:50:30,549 --> 00:50:28,000  
kind of energy is there

1306  
00:50:31,430 --> 00:50:30,559  
to levitate basically boulders

1307  
00:50:33,910 --> 00:50:31,440  
wow

1308  
00:50:36,390 --> 00:50:33,920  
hey uh um speaking of which

1309  
00:50:38,870 --> 00:50:36,400  
orville showed me i guess with chase

1310  
00:50:41,109 --> 00:50:38,880  
kutzke was there when they were

1311  
00:50:43,109 --> 00:50:41,119  
doing their investigation with mufon and

1312  
00:50:45,670 --> 00:50:43,119  
a boulder

1313  
00:50:47,109 --> 00:50:45,680

pounce down the hill

1314

00:50:53,030 --> 00:50:47,119

and

1315

00:50:54,950 --> 00:50:53,040

about the size of a 10 pound bowling

1316

00:50:58,309 --> 00:50:54,960

ball the rocket

1317

00:51:00,710 --> 00:50:58,319

oh wow and it you could see on the on

1318

00:51:03,670 --> 00:51:00,720

the in the indentations in the ground

1319

00:51:05,510 --> 00:51:03,680

where it hit at least four times so that

1320

00:51:09,190 --> 00:51:05,520

boulder had to come from a pretty high

1321

00:51:11,829 --> 00:51:09,200

arc and from a pretty good distance

1322

00:51:14,630 --> 00:51:11,839

but it hit the ground four times

1323

00:51:16,309 --> 00:51:14,640

yes and it there is a theory from some

1324

00:51:18,549 --> 00:51:16,319

folks that

1325

00:51:21,750 --> 00:51:18,559

they're just falling out of portals i

1326

00:51:24,230 --> 00:51:21,760

mean um one gentleman he really

1327

00:51:27,510 --> 00:51:24,240

identified uh

1328

00:51:28,790 --> 00:51:27,520

the board camp uh crystal mine vortex

1329

00:51:31,030 --> 00:51:28,800

um

1330

00:51:32,549 --> 00:51:31,040

i mean it's just mind-blowing to think

1331

00:51:33,430 --> 00:51:32,559

about but

1332

00:51:35,589 --> 00:51:33,440

you know

1333

00:51:37,990 --> 00:51:35,599

it really i mean those those rocks are

1334

00:51:39,589 --> 00:51:38,000

coming somewhere from somewhere you know

1335

00:51:40,870 --> 00:51:39,599

they're they're kind of like falling out

1336

00:51:43,270 --> 00:51:40,880

of the sky

1337

00:51:45,349 --> 00:51:43,280

and dropping down and yes chase klesky

1338

00:51:51,430 --> 00:51:45,359

did experience that with us when we were

1339

00:51:57,430 --> 00:51:53,670

chase said this and i just think it's

1340

00:51:58,710 --> 00:51:57,440

the best ever is that nobody should own

1341

00:52:01,430 --> 00:51:58,720

knowledge

1342

00:52:03,190 --> 00:52:01,440

so anything we find out here we record

1343

00:52:05,430 --> 00:52:03,200

it we write it down

1344

00:52:07,829 --> 00:52:05,440

and uh

1345

00:52:10,309 --> 00:52:07,839

you know we don't own what's going on

1346

00:52:12,230 --> 00:52:10,319

here we've just been entrusted with it

1347

00:52:15,430 --> 00:52:12,240

right yeah oh yeah and i agree with your

1348

00:52:18,390 --> 00:52:15,440

voice 100 believe that um you know all

1349

00:52:20,390 --> 00:52:18,400

of these pieces to the puzzle

1350

00:52:22,069 --> 00:52:20,400

in order to make them work and fit you

1351  
00:52:25,030 --> 00:52:22,079  
have to have the knowledge and and to

1352  
00:52:26,950 --> 00:52:25,040  
share it and you know people that don't

1353  
00:52:28,069 --> 00:52:26,960  
are i mean they've only got a piece of

1354  
00:52:30,230 --> 00:52:28,079  
the puzzle

1355  
00:52:32,230 --> 00:52:30,240  
and in order to get a better picture of

1356  
00:52:34,069 --> 00:52:32,240  
what's going on and understanding we

1357  
00:52:35,510 --> 00:52:34,079  
need to share that knowledge i agree one

1358  
00:52:37,829 --> 00:52:35,520  
hundred and ten percent

1359  
00:52:39,349 --> 00:52:37,839  
and and and i gotta

1360  
00:52:41,589 --> 00:52:39,359  
i and i gotta hand that to dick and

1361  
00:52:44,470 --> 00:52:41,599  
berlin real quick because uh they they

1362  
00:52:47,910 --> 00:52:44,480  
post the information uh they tell it

1363  
00:52:51,829 --> 00:52:47,920

like it is the facts um yeah and

1364

00:52:54,630 --> 00:52:51,839

yeah absolutely and um you know and

1365

00:52:56,390 --> 00:52:54,640

we have people that uh help us

1366

00:52:58,150 --> 00:52:56,400

that don't belong to the group but they

1367

00:53:00,549 --> 00:52:58,160

certainly make their comments and and

1368

00:53:02,870 --> 00:53:00,559

some of it is that's how we we solved

1369

00:53:04,549 --> 00:53:02,880

one piece of puzzle in in pennsylvania

1370

00:53:06,950 --> 00:53:04,559

when you know with spider

1371

00:53:09,109 --> 00:53:06,960

web and uh that was an awesome uh

1372

00:53:11,670 --> 00:53:09,119

investigation too but

1373

00:53:13,910 --> 00:53:11,680

i agree 100 orville that uh knowledge

1374

00:53:15,430 --> 00:53:13,920

should be shared and thank you for for

1375

00:53:17,430 --> 00:53:15,440

sharing

1376

00:53:19,910 --> 00:53:17,440

well and not only that you know we

1377

00:53:21,750 --> 00:53:19,920

there's skeptics everywhere i don't care

1378

00:53:24,309 --> 00:53:21,760

what you're doing there's a skeptic

1379

00:53:27,589 --> 00:53:24,319

somewhere to try to put it down i used

1380

00:53:30,309 --> 00:53:27,599

to be a very big one but

1381

00:53:32,309 --> 00:53:30,319

my motto now is just because you don't

1382

00:53:36,790 --> 00:53:32,319

understand the language doesn't mean

1383

00:53:40,950 --> 00:53:38,150

makes sense

1384

00:53:42,549 --> 00:53:40,960

yeah hey i noticed that

1385

00:53:44,630 --> 00:53:42,559

marilyn thanks for reminding me just so

1386

00:53:46,790 --> 00:53:44,640

p listeners know we did deploy a geiger

1387

00:53:49,030 --> 00:53:46,800

counter and uh we really didn't get

1388

00:53:50,069 --> 00:53:49,040

anything beyond normal background

1389

00:53:51,270 --> 00:53:50,079

readings

1390

00:53:52,630 --> 00:53:51,280

um

1391

00:53:54,230 --> 00:53:52,640

but then again there may not have been

1392

00:53:56,630 --> 00:53:54,240

any energy that was being emitted i

1393

00:53:58,150 --> 00:53:56,640

don't know and i know uh

1394

00:54:00,630 --> 00:53:58,160

uh

1395

00:54:03,910 --> 00:54:02,069

that water

1396

00:54:06,069 --> 00:54:03,920

it fascinates me that it's underground

1397

00:54:08,870 --> 00:54:06,079

some way somehow i got a gut feeling

1398

00:54:11,230 --> 00:54:08,880

it's either amplifying or it's it's

1399

00:54:13,589 --> 00:54:11,240

there and it's creating its own

1400

00:54:17,190 --> 00:54:13,599

electromagnetic grid george if you're

1401  
00:54:21,829 --> 00:54:19,910  
no guys too with with visitors coming in

1402  
00:54:23,829 --> 00:54:21,839  
um we all know that

1403  
00:54:26,230 --> 00:54:23,839  
other places similar to yours with

1404  
00:54:28,069 --> 00:54:26,240  
strange activity are purchased by the

1405  
00:54:30,710 --> 00:54:28,079  
government or big name people have you

1406  
00:54:33,349 --> 00:54:30,720  
had any government entities come in or

1407  
00:54:35,430 --> 00:54:33,359  
strange people asking questions or

1408  
00:54:37,589 --> 00:54:35,440  
possibly wanting to buy the property off

1409  
00:54:40,390 --> 00:54:37,599  
you guys

1410  
00:54:43,589 --> 00:54:40,400  
we've had some people come in

1411  
00:54:46,230 --> 00:54:43,599  
who wanted to sit down and talk

1412  
00:54:51,349 --> 00:54:48,630  
we're just straight up honest legitimate

1413  
00:54:55,030 --> 00:54:51,359

people and

1414

00:54:57,589 --> 00:54:55,040

you know some people to us were just

1415

00:54:59,030 --> 00:54:57,599

i don't want to say scary

1416

00:55:01,030 --> 00:54:59,040

but

1417

00:55:03,109 --> 00:55:01,040

you know there there were people that i

1418

00:55:06,309 --> 00:55:03,119

preferred not to talk to

1419

00:55:08,710 --> 00:55:06,319

and just didn't do it

1420

00:55:10,950 --> 00:55:08,720

good good sense of you got a good sense

1421

00:55:11,910 --> 00:55:10,960

of uh telling what's going on people

1422

00:55:14,549 --> 00:55:11,920

have a

1423

00:55:16,390 --> 00:55:14,559

ulterior motive and it's almost like you

1424

00:55:17,349 --> 00:55:16,400

can sense it orville that they're there

1425

00:55:19,670 --> 00:55:17,359

for

1426

00:55:22,230 --> 00:55:19,680

their self interest versus you know you

1427

00:55:26,150 --> 00:55:22,240

guys are there to share share this

1428

00:55:28,069 --> 00:55:26,160

wonderful wonderful place with everybody

1429

00:55:32,630 --> 00:55:28,079

well i know the difference between a

1430

00:55:36,150 --> 00:55:35,030

yeah oh yeah

1431

00:55:38,230 --> 00:55:36,160

yeah

1432

00:55:39,870 --> 00:55:38,240

well you know the this

1433

00:55:42,309 --> 00:55:39,880

this um

1434

00:55:43,430 --> 00:55:42,319

electromagnetic energy

1435

00:55:46,069 --> 00:55:43,440

is there

1436

00:55:48,870 --> 00:55:46,079

okay if the posts are being magnetized

1437

00:55:50,950 --> 00:55:48,880

but that doesn't come from piezo energy

1438

00:55:52,870 --> 00:55:50,960

with the crystals does it i mean i i

1439

00:55:54,069 --> 00:55:52,880

don't there's a difference

1440

00:55:55,829 --> 00:55:54,079

um

1441

00:55:56,950 --> 00:55:55,839

uh

1442

00:55:58,710 --> 00:55:56,960

type of

1443

00:56:01,109 --> 00:55:58,720

energy

1444

00:56:03,109 --> 00:56:01,119

that right yeah i mean you do rub two

1445

00:56:04,789 --> 00:56:03,119

crystals together they're let's say a

1446

00:56:07,109 --> 00:56:04,799

little bit melty

1447

00:56:10,230 --> 00:56:07,119

and you'll see light it looks like

1448

00:56:11,990 --> 00:56:10,240

sparks but it's not spark it's light

1449

00:56:13,910 --> 00:56:12,000

and you could rub them together and you

1450

00:56:15,990 --> 00:56:13,920

see the light and then put your fingers

1451  
00:56:18,470 --> 00:56:16,000  
on where you just rubbed it it's not

1452  
00:56:20,870 --> 00:56:18,480  
warm there's no friction

1453  
00:56:22,470 --> 00:56:20,880  
so that's a good test and we show people

1454  
00:56:24,630 --> 00:56:22,480  
that uh

1455  
00:56:27,190 --> 00:56:24,640  
uh if you compress

1456  
00:56:28,710 --> 00:56:27,200  
a crystal you put it under pressure it

1457  
00:56:30,390 --> 00:56:28,720  
will release

1458  
00:56:32,470 --> 00:56:30,400  
you know millivolts

1459  
00:56:35,510 --> 00:56:32,480  
they're you know that you you can't

1460  
00:56:39,349 --> 00:56:35,520  
power a house on it but uh

1461  
00:56:41,109 --> 00:56:39,359  
how we do it if we hook up the the meter

1462  
00:56:42,710 --> 00:56:41,119  
just a regular you know

1463  
00:56:44,630 --> 00:56:42,720

voltage meter

1464

00:56:46,789 --> 00:56:44,640

and i'll just heat it with the torch

1465

00:56:49,829 --> 00:56:46,799

just a little bit and then spray it with

1466

00:56:53,430 --> 00:56:49,839

water and that'll cause it to contract

1467

00:56:55,030 --> 00:56:53,440

and it puts out all kinds of voltage

1468

00:56:59,829 --> 00:56:55,040

wow

1469

00:57:03,670 --> 00:57:01,910

and you know another thing too is we

1470

00:57:06,309 --> 00:57:03,680

people say well i got a picture of an

1471

00:57:08,549 --> 00:57:06,319

orb but i couldn't see with my eye

1472

00:57:10,230 --> 00:57:08,559

so a really good experiment too that we

1473

00:57:13,190 --> 00:57:10,240

show people if you take the remote

1474

00:57:14,950 --> 00:57:13,200

control off the tv and when you look

1475

00:57:17,109 --> 00:57:14,960

down at the sensor in the front the

1476  
00:57:18,789 --> 00:57:17,119  
infrared you're pushing the buttons you

1477  
00:57:21,589 --> 00:57:18,799  
don't see the light

1478  
00:57:24,069 --> 00:57:21,599  
but turn on your cell phone

1479  
00:57:26,230 --> 00:57:24,079  
put it on camera and do it in front of

1480  
00:57:28,230 --> 00:57:26,240  
your camera ninety percent of the

1481  
00:57:29,910 --> 00:57:28,240  
cameras you could see the light on the

1482  
00:57:31,910 --> 00:57:29,920  
uh remote control

1483  
00:57:33,750 --> 00:57:31,920  
because the cell phone is picking up a

1484  
00:57:34,950 --> 00:57:33,760  
different spectrum than we can see with

1485  
00:57:36,710 --> 00:57:34,960  
the light

1486  
00:57:42,549 --> 00:57:36,720  
you know the cameras

1487  
00:57:46,470 --> 00:57:43,990  
what was that you showed us with the

1488  
00:57:47,990 --> 00:57:46,480

protractor that the angle of the crystal

1489

00:57:51,750 --> 00:57:48,000

no matter where you placed it on the

1490

00:57:54,470 --> 00:57:51,760

protractor it was always 126 degrees

1491

00:57:57,030 --> 00:57:54,480

that's 120 degrees and that is the end

1492

00:57:58,789 --> 00:57:57,040

face that's the side

1493

00:58:00,630 --> 00:57:58,799

and uh

1494

00:58:03,030 --> 00:58:00,640

so

1495

00:58:05,349 --> 00:58:03,040

as you go all around it doesn't matter

1496

00:58:07,990 --> 00:58:05,359

the shape of the crystal or

1497

00:58:10,789 --> 00:58:08,000

the size of the crystal or anything else

1498

00:58:12,309 --> 00:58:10,799

it they are always exactly 120.

1499

00:58:14,150 --> 00:58:12,319

so uh

1500

00:58:17,430 --> 00:58:14,160

and you just

1501

00:58:19,349 --> 00:58:17,440

any crystal you pick up will their

1502

00:58:21,270 --> 00:58:19,359

crystals are basically

1503

00:58:22,630 --> 00:58:21,280

they're all identical you know the

1504

00:58:24,870 --> 00:58:22,640

course career

1505

00:58:27,109 --> 00:58:24,880

it's just that little bit of a change in

1506

00:58:31,030 --> 00:58:27,119

the matrix

1507

00:58:35,190 --> 00:58:31,040

that uh will cause the crystal to uh

1508

00:58:37,910 --> 00:58:35,200

either grow different or act different

1509

00:58:39,349 --> 00:58:37,920

okay guys let's take one break here i

1510

00:58:41,349 --> 00:58:39,359

kind of skipped the first break this is

1511

00:58:42,789 --> 00:58:41,359

too interesting to take a break for

1512

00:58:45,109 --> 00:58:42,799

you're listening to paying radio on the

1513

00:58:47,109 --> 00:58:45,119

inception radio network tonight we have

1514

00:58:50,309 --> 00:58:47,119

on orville and cheryl what's your guys's

1515

00:58:53,349 --> 00:58:50,319

last names again

1516

00:58:55,589 --> 00:58:53,359

murphy uh talking about the camp crystal

1517

00:58:57,270 --> 00:58:55,599

mine and strange activity so we have a

1518

00:59:01,750 --> 00:58:57,280

half hour left hang in here we'll be

1519

00:59:06,710 --> 00:59:03,829

welcome back to paying radio tonight we

1520

00:59:08,950 --> 00:59:06,720

have a fascinating show with orville and

1521

00:59:11,190 --> 00:59:08,960

cheryl talking about the board camp

1522

00:59:13,109 --> 00:59:11,200

chris well i guess it's a camp is it a

1523

00:59:15,190 --> 00:59:13,119

camp guys

1524

00:59:16,309 --> 00:59:15,200

yeah yeah yeah good class i don't want

1525

00:59:17,670 --> 00:59:16,319

to say camper

1526

00:59:21,510 --> 00:59:17,680

i don't want to say camp crystal that

1527

00:59:25,910 --> 00:59:23,430

well actually the the community where we

1528

00:59:28,789 --> 00:59:25,920

live is called board camp

1529

00:59:30,630 --> 00:59:28,799

and um it was kind of a halfway point i

1530

00:59:32,710 --> 00:59:30,640

guess when when in the old days when

1531

00:59:35,030 --> 00:59:32,720

they were traveling by horse and wagon

1532

00:59:36,150 --> 00:59:35,040

bringing lumber to the mill

1533

00:59:42,549 --> 00:59:36,160

and

1534

00:59:46,390 --> 00:59:42,559

got its name so our community is board

1535

00:59:49,190 --> 00:59:46,400

camp b-o-a-r-d and then our our mine is

1536

00:59:50,789 --> 00:59:49,200

board camp crystal mine cool very cool

1537

00:59:53,030 --> 00:59:50,799

wow

1538

00:59:55,190 --> 00:59:53,040

and i'd like to do a shout out to byron

1539

00:59:57,670 --> 00:59:55,200

listening in independence missouri i

1540

01:00:00,069 --> 00:59:57,680

just chatted with him on facebook and he

1541

01:00:02,309 --> 01:00:00,079

was wondering where this place was so

1542

01:00:05,030 --> 01:00:02,319

byron go down and visit them take a look

1543

01:00:06,549 --> 01:00:05,040

see some strange lights i mean uh we'd

1544

01:00:08,470 --> 01:00:06,559

love to come down but that would be a

1545

01:00:09,589 --> 01:00:08,480

good day day trip for us we wouldn't be

1546

01:00:10,789 --> 01:00:09,599

there till night so we could see the

1547

01:00:13,829 --> 01:00:10,799

lights cool

1548

01:00:14,789 --> 01:00:13,839

very cool but uh very

1549

01:00:17,670 --> 01:00:14,799

of course

1550

01:00:20,390 --> 01:00:17,680

definitely contact us for first you know

1551

01:00:22,870 --> 01:00:20,400

and uh we have our phone number and our

1552

01:00:24,230 --> 01:00:22,880

our email address on our website of

1553

01:00:25,670 --> 01:00:24,240

course so

1554

01:00:27,829 --> 01:00:25,680

uh

1555

01:00:30,390 --> 01:00:27,839

we're not open at random to the public

1556

01:00:32,309 --> 01:00:30,400

we're just hosting our tours right now

1557

01:00:34,710 --> 01:00:32,319

and we're getting ready to open our

1558

01:00:36,069 --> 01:00:34,720

online store for crystals that come out

1559

01:00:38,630 --> 01:00:36,079

of our mind

1560

01:00:42,230 --> 01:00:38,640

so if anyone is interested in purchasing

1561

01:00:46,789 --> 01:00:42,240

any of the crystals um i got some really

1562

01:00:48,470 --> 01:00:46,799

neat neat crystals yeah yep they sure do

1563

01:00:51,190 --> 01:00:48,480

well and you know the the properties of

1564

01:00:53,109 --> 01:00:51,200

crystals are fascinating um they have

1565

01:00:55,910 --> 01:00:53,119

their own electromagnetic field like we

1566

01:00:58,309 --> 01:00:55,920

do and uh some people believe in in

1567

01:01:00,309 --> 01:00:58,319

healing crystals and you know i i

1568

01:01:03,270 --> 01:01:00,319

remember when my grandma used to wear a

1569

01:01:05,670 --> 01:01:03,280

copper bracelet uh when i was a kid and

1570

01:01:06,390 --> 01:01:05,680

she claimed that it helped her arthritis

1571

01:01:08,549 --> 01:01:06,400

and

1572

01:01:10,789 --> 01:01:08,559

i i think it's the same type of thing

1573

01:01:15,270 --> 01:01:10,799

with crystals you know um it's the way

1574

01:01:17,349 --> 01:01:15,280

our our bodies respond to um the natural

1575

01:01:19,589 --> 01:01:17,359

uh goodness of the earth you know

1576

01:01:20,950 --> 01:01:19,599

whether it's plants or metals or

1577

01:01:21,990 --> 01:01:20,960

minerals

1578

01:01:26,150 --> 01:01:22,000

um

1579

01:01:28,390 --> 01:01:26,160

visit macy's backstage.com for a

1591

01:01:56,710 --> 01:01:54,799

location near you uh i i think uh all of

1592

01:02:01,349 --> 01:01:56,720

the goodness of the earth has been put

1593

01:02:05,670 --> 01:02:03,510

yeah there is uh there's a lot of

1594

01:02:08,630 --> 01:02:05,680

healing powers with the earth and our uh

1595

01:02:10,470 --> 01:02:08,640

you know our ecosystems that

1596

01:02:11,910 --> 01:02:10,480

we don't really need all this weird

1597

01:02:13,670 --> 01:02:11,920

medical stuff that they're trying to

1598

01:02:15,510 --> 01:02:13,680

throw at us in pharmaceuticals i think

1599

01:02:18,309 --> 01:02:15,520

we can be healed by the earth i mean i i

1600

01:02:20,150 --> 01:02:18,319

totally agree with that

1601

01:02:21,670 --> 01:02:20,160

well i i you look

1602

01:02:24,150 --> 01:02:21,680

i was just going to say look at mother

1603

01:02:26,230 --> 01:02:24,160

earth herself she heals herself look

1604

01:02:27,910 --> 01:02:26,240

what happens after a major forest fire

1605

01:02:30,950 --> 01:02:27,920

look what happens after a volcanic

1606

01:02:33,589 --> 01:02:30,960

eruption i mean it's been going on for

1607

01:02:35,750 --> 01:02:33,599

millions if not billions of years and

1608

01:02:38,630 --> 01:02:35,760

and this planet has the ability to heal

1609

01:02:39,430 --> 01:02:38,640

itself it's alive i believe that you

1610

01:02:41,910 --> 01:02:39,440

know

1611

01:02:42,950 --> 01:02:41,920

the mere fact that we're here okay yeah

1612

01:02:44,069 --> 01:02:42,960

so

1613

01:02:45,829 --> 01:02:44,079

uh

1614

01:02:46,789 --> 01:02:45,839

but

1615

01:02:52,870 --> 01:02:46,799

this

1616

01:02:54,710 --> 01:02:52,880

yeah you guys got something going on

1617

01:02:56,870 --> 01:02:54,720

there i definitely would keep recording

1618

01:03:00,230 --> 01:02:56,880

and keep my uh

1619

01:03:02,390 --> 01:03:00,240

eyes and ears pure peeled um and like i

1620

01:03:04,870 --> 01:03:02,400

said folks they have a great viewing

1621

01:03:07,190 --> 01:03:04,880

stage it's very comfortable to sit on

1622

01:03:10,630 --> 01:03:07,200

and look out over and

1623

01:03:12,309 --> 01:03:10,640

watch the sky it's pretty nice

1624

01:03:14,309 --> 01:03:12,319

absolutely yes

1625

01:03:16,150 --> 01:03:14,319

if you go to our website and click on

1626

01:03:18,950 --> 01:03:16,160

tickets you can find out how you can

1627

01:03:20,630 --> 01:03:18,960

come out and watch with us and it will

1628

01:03:22,630 --> 01:03:20,640

tell you what to bring you know bring a

1629

01:03:25,109 --> 01:03:22,640

camp chair and you know

1630

01:03:26,710 --> 01:03:25,119

a little cooler with your drinks and we

1631

01:03:28,230 --> 01:03:26,720

always make coffee and have cookies you

1632

01:03:30,630 --> 01:03:28,240

know and

1633

01:03:33,349 --> 01:03:30,640

the great part about it since we opened

1634

01:03:35,750 --> 01:03:33,359

uh our business up for the tours is we

1635

01:03:37,029 --> 01:03:35,760

just love the people and everybody has a

1636

01:03:38,230 --> 01:03:37,039

testimony

1637

01:03:44,309 --> 01:03:38,240

uh

1638

01:03:47,109 --> 01:03:44,319

saturday when night was not our first

1639

01:03:49,510 --> 01:03:47,119

saturday night watch uh was august 5th

1640

01:03:53,109 --> 01:03:49,520

and he came with his wife and at the end

1641

01:03:56,870 --> 01:03:53,119

of the watch he said uh he said you know

1642

01:03:59,589 --> 01:03:56,880

i'm really a skeptic but i i have to say

1643

01:04:02,230 --> 01:03:59,599

that there is definitely something

1644

01:04:04,630 --> 01:04:02,240

strange going on here i mean he he

1645

01:04:06,390 --> 01:04:04,640

offered that much you know as a skeptic

1646

01:04:09,510 --> 01:04:06,400

and i i just said yeah i really

1647

01:04:11,190 --> 01:04:09,520

appreciate what you said you know uh and

1648

01:04:13,750 --> 01:04:11,200

like orville said earlier we were

1649

01:04:15,430 --> 01:04:13,760

skeptics you know i i think we're all

1650

01:04:17,349 --> 01:04:15,440

skeptics until

1651

01:04:18,789 --> 01:04:17,359

we actually have some kind of an

1652

01:04:20,390 --> 01:04:18,799

experience

1653

01:04:23,029 --> 01:04:20,400

you know that kind of opens our eyes or

1654

01:04:29,589 --> 01:04:23,039

gets us thinking outside the box you

1655

01:04:32,789 --> 01:04:31,990

no i i think that um

1656

01:04:38,309 --> 01:04:32,799

you know

1657

01:04:40,549 --> 01:04:38,319

they refer to things that we're talking

1658

01:04:43,430 --> 01:04:40,559

about as the paranormal

1659

01:04:46,230 --> 01:04:43,440

and the latin word para means above so

1660

01:04:48,150 --> 01:04:46,240

above normal and i maintain

1661

01:04:50,309 --> 01:04:48,160

i don't particularly like that

1662

01:04:51,510 --> 01:04:50,319

word simply because i think what is

1663

01:04:54,150 --> 01:04:51,520

happening

1664

01:04:56,710 --> 01:04:54,160

at least the earth lights and as far as

1665

01:04:59,670 --> 01:04:56,720

et goes okay i think that's perfectly

1666

01:05:01,270 --> 01:04:59,680

normal we just don't understand it so we

1667

01:05:02,470 --> 01:05:01,280

have to call it something that we don't

1668

01:05:04,069 --> 01:05:02,480

know about

1669

01:05:05,910 --> 01:05:04,079

and that you know we attribute it to

1670

01:05:07,510 --> 01:05:05,920

paranormal and that's where your

1671

01:05:10,870 --> 01:05:07,520

skeptics get to you know get to roll

1672

01:05:12,470 --> 01:05:10,880

their eyes and yeah okay they said no i

1673

01:05:14,230 --> 01:05:12,480

think it's probably perfectly normal we

1674

01:05:16,630 --> 01:05:14,240

just don't understand it

1675

01:05:18,950 --> 01:05:16,640

we haven't we don't have we don't as

1676

01:05:22,470 --> 01:05:18,960

orville said we don't have the knowledge

1677

01:05:23,910 --> 01:05:22,480

but we'll get there i think uh as we go

1678

01:05:25,510 --> 01:05:23,920

down this road

1679

01:05:27,589 --> 01:05:25,520

more and more pieces of the puzzle

1680

01:05:29,430 --> 01:05:27,599

become

1681

01:05:30,950 --> 01:05:29,440

more and more apparent and they fit and

1682

01:05:32,950 --> 01:05:30,960

eventually

1683

01:05:35,029 --> 01:05:32,960

we will know we won't have all the

1684

01:05:36,710 --> 01:05:35,039

answers because i don't think no one

1685

01:05:38,150 --> 01:05:36,720

know thing has all the answers in the

1686

01:05:40,390 --> 01:05:38,160

universe

1687

01:05:41,910 --> 01:05:40,400

okay it's still evolving and we are

1688

01:05:44,789 --> 01:05:41,920

evolving too

1689

01:05:47,190 --> 01:05:44,799

and if anybody one of the greatest tools

1690

01:05:49,430 --> 01:05:47,200

one of the greatest tools we have right

1691

01:05:51,829 --> 01:05:49,440

now that we're working with

1692

01:05:54,390 --> 01:05:51,839

as a friend of ours

1693

01:05:56,630 --> 01:05:54,400

his name is jason head he was born and

1694

01:05:57,829 --> 01:05:56,640

raised down the road

1695

01:06:01,670 --> 01:05:57,839

and

1696

01:06:02,789 --> 01:06:01,680

he tells us stories when he was a kid

1697

01:06:05,910 --> 01:06:02,799

on

1698

01:06:10,390 --> 01:06:07,990

and then you've got farmers who were

1699

01:06:12,630 --> 01:06:10,400

chasing cows the next morning bringing

1700

01:06:14,549 --> 01:06:12,640

them back from two or three miles away

1701

01:06:17,109 --> 01:06:14,559

where they broke through

1702

01:06:18,710 --> 01:06:17,119

you know seven or eight fences

1703

01:06:20,630 --> 01:06:18,720

and he goes and that happens once or

1704

01:06:23,349 --> 01:06:20,640

twice a year

1705

01:06:25,829 --> 01:06:23,359

and you know the the lights and the

1706

01:06:27,510 --> 01:06:25,839

crafts and the things people used to see

1707

01:06:28,950 --> 01:06:27,520

and they still see them

1708

01:06:30,870 --> 01:06:28,960

it's just

1709

01:06:34,390 --> 01:06:30,880

we're in an area

1710

01:06:36,789 --> 01:06:34,400

that it's just not acceptable to bring

1711

01:06:38,549 --> 01:06:36,799

it up it's just not something that's

1712

01:06:42,549 --> 01:06:38,559

talked about

1713

01:06:44,630 --> 01:06:42,559

but it's been going on for a very very

1714

01:06:46,950 --> 01:06:44,640

very long time

1715

01:06:49,109 --> 01:06:46,960

well yeah i think that uh if you you can

1716

01:06:51,430 --> 01:06:49,119

go and research some of the

1717

01:06:54,549 --> 01:06:51,440

sightings that have occurred uh in that

1718

01:06:55,589 --> 01:06:54,559

area and i mean even move found in their

1719

01:06:57,510 --> 01:06:55,599

records

1720

01:07:00,390 --> 01:06:57,520

of some of the

1721

01:07:02,150 --> 01:07:00,400

historical cases that have taken place

1722

01:07:03,109 --> 01:07:02,160

all through that area

1723

01:07:06,069 --> 01:07:03,119

um

1724

01:07:08,950 --> 01:07:06,079

in in southwestern arkansas louisiana

1725

01:07:10,549 --> 01:07:08,960

oklahoma and even eastern texas i mean

1726

01:07:13,829 --> 01:07:10,559

that whole area

1727

01:07:15,829 --> 01:07:13,839

uh is inundated with the caves and

1728

01:07:18,309 --> 01:07:15,839

limestone and

1729

01:07:19,430 --> 01:07:18,319

underground aquifers

1730

01:07:21,910 --> 01:07:19,440

and

1731

01:07:23,990 --> 01:07:21,920

you know somehow right in the middle

1732

01:07:25,829 --> 01:07:24,000

we're right smack in the center of the

1733

01:07:27,750 --> 01:07:25,839

ouachita mountains

1734

01:07:30,309 --> 01:07:27,760

and it's the only mountain range in the

1735

01:07:32,150 --> 01:07:30,319

northern hemisphere that runs east and

1736

01:07:34,309 --> 01:07:32,160

west

1737

01:07:36,549 --> 01:07:34,319

yeah that's kind of strange isn't it

1738

01:07:39,029 --> 01:07:36,559

well louisiana is trying to push us up

1739

01:07:41,430 --> 01:07:39,039

into missouri we love those people but

1740

01:07:43,589 --> 01:07:41,440

we don't want to go right now so we kind

1741

01:07:46,309 --> 01:07:43,599

of got our heels put in

1742

01:07:49,430 --> 01:07:46,319

and that's what's causing the tectonic

1743

01:07:51,190 --> 01:07:49,440

plates you know to kind of press up and

1744

01:07:53,349 --> 01:07:51,200

and that's what's you know that's what's

1745

01:07:54,630 --> 01:07:53,359

building the washington mountains well

1746

01:07:57,430 --> 01:07:54,640

and if and you know like you said

1747

01:07:59,990 --> 01:07:57,440

earlier orville if you take the pressure

1748

01:08:01,750 --> 01:08:00,000

and push it against the crystals

1749

01:08:03,750 --> 01:08:01,760

they spark and they got light into them

1750

01:08:05,270 --> 01:08:03,760

can you imagine a tectonic plate and the

1751

01:08:06,950 --> 01:08:05,280

pressure that they would be putting on

1752

01:08:08,789 --> 01:08:06,960

say a a

1753

01:08:11,109 --> 01:08:08,799

ridge of crystals that are embedded in

1754

01:08:12,789 --> 01:08:11,119

the ground with the water running

1755

01:08:14,549 --> 01:08:12,799

underneath of them that'd be a pretty

1756

01:08:16,309 --> 01:08:14,559

powerful charge i would think i don't

1757

01:08:19,030 --> 01:08:16,319

know but i would think that it would be

1758

01:08:22,149 --> 01:08:19,040

enough that that that energy has to be

1759

01:08:23,990 --> 01:08:22,159

dissipated some way somehow

1760

01:08:26,470 --> 01:08:24,000

what do you think right and it has to be

1761

01:08:28,070 --> 01:08:26,480

energy i've i've heard people go well

1762

01:08:29,430 --> 01:08:28,080

when you hit them together it's going to

1763

01:08:31,269 --> 01:08:29,440

create light

1764

01:08:33,510 --> 01:08:31,279

but you're not going to get the light to

1765

01:08:35,269 --> 01:08:33,520

travel through dirt it's not going to

1766

01:08:37,590 --> 01:08:35,279

travel through sandstone it's not going

1767

01:08:39,349 --> 01:08:37,600

to travel through the shell

1768

01:08:41,269 --> 01:08:39,359

you know and i'm saying it has to be a

1769

01:08:43,110 --> 01:08:41,279

different energy that's coming through

1770

01:08:45,030 --> 01:08:43,120

the ground well i think it's some kind

1771

01:08:46,070 --> 01:08:45,040

of plasma

1772

01:08:49,110 --> 01:08:46,080

right that's

1773

01:08:50,870 --> 01:08:49,120

that's just uh you know a theory but i

1774

01:08:53,189 --> 01:08:50,880

think you know some of it what we're

1775

01:08:56,709 --> 01:08:53,199

looking at and dealing with as a as a

1776

01:08:58,789 --> 01:08:56,719

plasma of sorts and we just don't uh we

1777

01:09:01,189 --> 01:08:58,799

don't understand it yet but i i do

1778

01:09:03,829 --> 01:09:01,199

believe that i think that might explain

1779

01:09:05,349 --> 01:09:03,839

and it certainly doesn't explain all of

1780

01:09:06,870 --> 01:09:05,359

it it's just uh

1781

01:09:08,390 --> 01:09:06,880

one piece of the puzzle like i said

1782

01:09:10,709 --> 01:09:08,400

earlier but i think it might explain

1783

01:09:14,550 --> 01:09:10,719

some of some of the orbs

1784

01:09:15,829 --> 01:09:14,560

okay that these plasma balls um

1785

01:09:18,950 --> 01:09:15,839

take off

1786

01:09:20,870 --> 01:09:18,960

okay whether electromagnetic or

1787

01:09:23,510 --> 01:09:20,880

whatever kind of energy but they you

1788

01:09:25,990 --> 01:09:23,520

know they have to um they generate

1789

01:09:28,070 --> 01:09:26,000

enough energy that they take off and

1790

01:09:29,990 --> 01:09:28,080

they go flying through the sky but i

1791

01:09:32,789 --> 01:09:30,000

believe that's uh one explanation it

1792

01:09:34,709 --> 01:09:32,799

doesn't explain all of them i i i know

1793

01:09:36,390 --> 01:09:34,719

that

1794

01:09:38,470 --> 01:09:36,400

there's something else going on besides

1795

01:09:40,709 --> 01:09:38,480

earth lights

1796

01:09:43,749 --> 01:09:40,719

yeah and and then you know like like you

1797

01:09:46,070 --> 01:09:43,759

see you see in the uh youtube there from

1798

01:09:48,950 --> 01:09:46,080

our website link um

1799

01:09:50,950 --> 01:09:48,960

we we've seen them different colors the

1800

01:09:52,789 --> 01:09:50,960

words have different colors another

1801  
01:09:55,270 --> 01:09:52,799  
person suggested

1802  
01:09:57,510 --> 01:09:55,280  
that perhaps it has something to do with

1803  
01:10:00,709 --> 01:09:57,520  
sound wave frequencies

1804  
01:10:02,790 --> 01:10:00,719  
and uh sound actually

1805  
01:10:05,350 --> 01:10:02,800  
i guess i don't know if they proved

1806  
01:10:07,910 --> 01:10:05,360  
that they've been studying uh i guess

1807  
01:10:10,550 --> 01:10:07,920  
that sound waves emit color and of

1808  
01:10:12,790 --> 01:10:10,560  
course our ears only hear you know

1809  
01:10:14,630 --> 01:10:12,800  
certain waves that our eyes can only see

1810  
01:10:17,430 --> 01:10:14,640  
certain light waves and

1811  
01:10:19,510 --> 01:10:17,440  
so there may be must be a lot going on

1812  
01:10:21,189 --> 01:10:19,520  
around us but we could not detect with

1813  
01:10:22,870 --> 01:10:21,199

our senses

1814

01:10:25,110 --> 01:10:22,880

but uh

1815

01:10:27,270 --> 01:10:25,120

they suggested that maybe even sound

1816

01:10:30,870 --> 01:10:27,280

waves could have something to do with

1817

01:10:32,870 --> 01:10:30,880

those levitating rocks

1818

01:10:35,030 --> 01:10:32,880

that's a possibility i mean it's almost

1819

01:10:37,990 --> 01:10:35,040

like the earth is alive down there i

1820

01:10:41,110 --> 01:10:38,000

mean it's literally got life and it does

1821

01:10:45,910 --> 01:10:41,120

and it just does what it wants because

1822

01:10:49,910 --> 01:10:47,750

yeah i i have

1823

01:10:52,070 --> 01:10:49,920

i have a black lab

1824

01:10:53,590 --> 01:10:52,080

and when i used to go out digging he'd

1825

01:10:55,669 --> 01:10:53,600

go with me

1826

01:10:58,470 --> 01:10:55,679

and he's like a little kid chasing an

1827

01:11:00,229 --> 01:10:58,480

ice cream truck you know how labs are dr

1828

01:11:02,470 --> 01:11:00,239

tong hanging out the whole time and

1829

01:11:03,590 --> 01:11:02,480

they're hopping all around oh yeah

1830

01:11:05,750 --> 01:11:03,600

and

1831

01:11:07,830 --> 01:11:05,760

he will follow me up the hill right now

1832

01:11:11,030 --> 01:11:07,840

but when he gets to a certain point he

1833

01:11:13,350 --> 01:11:11,040

stops i cannot get him to go anywhere

1834

01:11:16,070 --> 01:11:13,360

near the event site he will he won't

1835

01:11:17,990 --> 01:11:16,080

travel up there anymore

1836

01:11:23,270 --> 01:11:18,000

go anywhere else on the property but he

1837

01:11:27,510 --> 01:11:25,430

i see you guys looking at the map you

1838

01:11:30,390 --> 01:11:27,520

guys are straight down i-35 from my

1839

01:11:34,470 --> 01:11:33,430

yeah look what now you're 945 miles away

1840

01:11:37,270 --> 01:11:34,480

from me

1841

01:11:39,750 --> 01:11:37,280

ken that's what i'm looking at the map

1842

01:11:43,750 --> 01:11:39,760

hey that's just that's all hey in

1843

01:11:47,669 --> 01:11:45,830

that's a nice nine hour trip it's all

1844

01:11:50,870 --> 01:11:47,679

interstate all the way down until i get

1845

01:11:53,110 --> 01:11:50,880

yeah it's pretty much mostly interstate

1846

01:11:59,030 --> 01:11:53,120

and i'd go further than that for

1847

01:12:03,350 --> 01:11:59,830

yeah

1848

01:12:04,790 --> 01:12:03,360

i absolutely i it uh

1849

01:12:08,390 --> 01:12:04,800

hey you know

1850

01:12:10,870 --> 01:12:08,400

when oh like i said i i would recommend

1851

01:12:13,830 --> 01:12:10,880

the fall or early spring

1852

01:12:17,270 --> 01:12:13,840

okay the the summer time could be like i

1853

01:12:19,430 --> 01:12:17,280

said we were we had a heat index of 105

1854

01:12:20,709 --> 01:12:19,440

and the humidity and everything i mean

1855

01:12:23,270 --> 01:12:20,719

hey

1856

01:12:25,110 --> 01:12:23,280

that might be the time to go though okay

1857

01:12:27,270 --> 01:12:25,120

i mean we did experience that one light

1858

01:12:29,189 --> 01:12:27,280

in the woods and i don't know

1859

01:12:30,630 --> 01:12:29,199

uh but like i said i'm going back i'm

1860

01:12:32,470 --> 01:12:30,640

going to go back in the winter time i

1861

01:12:34,630 --> 01:12:32,480

want to see what it looks like with the

1862

01:12:37,030 --> 01:12:34,640

leaves off uh because it's a pretty

1863

01:12:38,630 --> 01:12:37,040

dense forest uh when you get into the

1864

01:12:40,550 --> 01:12:38,640

into the bush out of out of those

1865

01:12:42,630 --> 01:12:40,560

clearings

1866

01:12:44,550 --> 01:12:42,640

and you know with the phenomena we've

1867

01:12:47,510 --> 01:12:44,560

experienced you know we've been trying

1868

01:12:50,709 --> 01:12:47,520

to find a common denominator and weather

1869

01:12:53,990 --> 01:12:50,719

does not seem to offer that it seems

1870

01:12:55,510 --> 01:12:54,000

like we see these orbs in the wind we've

1871

01:12:58,070 --> 01:12:55,520

seen them in the winter in the early

1872

01:12:59,990 --> 01:12:58,080

spring when it's colder and and now even

1873

01:13:01,110 --> 01:13:00,000

in the heat and the humidity

1874

01:13:02,310 --> 01:13:01,120

hey have you ever seen it when it's

1875

01:13:07,350 --> 01:13:02,320

raining have you ever seen them when

1876

01:13:09,270 --> 01:13:07,360

it's raining oh yeah oh wow absolutely

1877

01:13:10,390 --> 01:13:09,280

interesting yeah i mean she answered a

1878

01:13:13,750 --> 01:13:10,400

question that was just going through my

1879

01:13:16,470 --> 01:13:13,760

head i've been online and i looked

1880

01:13:18,870 --> 01:13:16,480

and like i said i'm still learning i'm

1881

01:13:21,110 --> 01:13:18,880

the new guy but

1882

01:13:23,189 --> 01:13:21,120

you know you see where people say oh if

1883

01:13:26,229 --> 01:13:23,199

you turn on a strobe light or you flash

1884

01:13:28,709 --> 01:13:26,239

this light or you wear a a red hat hold

1885

01:13:31,830 --> 01:13:28,719

a clothes hanger stand on one leg you're

1886

01:13:35,110 --> 01:13:31,840

going to be able to attract these orbs

1887

01:13:37,910 --> 01:13:35,120

and one thing i have found out is

1888

01:13:39,750 --> 01:13:37,920

they do what they want there's no often

1889

01:13:41,669 --> 01:13:39,760

on switch

1890

01:13:44,070 --> 01:13:41,679

you know what i'm saying i can't go up

1891

01:13:47,510 --> 01:13:44,080

there and turn on the orb switch and all

1892

01:13:50,790 --> 01:13:47,520

the orbs show up uh

1893

01:13:53,510 --> 01:13:50,800

i i don't have that kind of ability

1894

01:13:55,270 --> 01:13:53,520

they just show up when they want to but

1895

01:13:57,830 --> 01:13:55,280

right now

1896

01:14:01,110 --> 01:13:57,840

we are seeing something almost every

1897

01:14:03,030 --> 01:14:01,120

night some nights not uh last monday we

1898

01:14:05,750 --> 01:14:03,040

had a group down there

1899

01:14:08,149 --> 01:14:05,760

and right about midnight this big orange

1900

01:14:10,950 --> 01:14:08,159

orb came up and it it hadn't been bigger

1901

01:14:12,950 --> 01:14:10,960

than a basketball and it went right up

1902

01:14:14,390 --> 01:14:12,960

over the trees went back and then went

1903

01:14:15,990 --> 01:14:14,400

back again

1904

01:14:19,270 --> 01:14:16,000

and

1905

01:14:21,669 --> 01:14:19,280

finished this path over the trees

1906

01:14:23,030 --> 01:14:21,679

hey they came up from inside the threes

1907

01:14:25,510 --> 01:14:23,040

up

1908

01:14:26,630 --> 01:14:25,520

we have a question from

1909

01:14:28,950 --> 01:14:26,640

george

1910

01:14:31,510 --> 01:14:28,960

and he wants to know have you had any

1911

01:14:35,350 --> 01:14:31,520

earthquakes around there in mina

1912

01:14:38,229 --> 01:14:35,360

no no we we monitored that and we we

1913

01:14:40,149 --> 01:14:38,239

checked that a lot because you know we

1914

01:14:42,229 --> 01:14:40,159

were looking for earthquake lights

1915

01:14:43,990 --> 01:14:42,239

mm-hmm

1916

01:14:47,430 --> 01:14:44,000

you got to remember i spent most of my

1917

01:14:49,510 --> 01:14:47,440

life working for fema so anything you

1918

01:14:51,590 --> 01:14:49,520

know that's close to

1919

01:14:52,790 --> 01:14:51,600

this type of related or that type of

1920

01:14:54,470 --> 01:14:52,800

related

1921

01:14:57,110 --> 01:14:54,480

we've looked into everything we could

1922

01:14:59,830 --> 01:14:57,120

find and we still can't find that one

1923

01:15:03,590 --> 01:14:59,840

common denominator that

1924

01:15:08,630 --> 01:15:04,709

and

1925

01:15:11,430 --> 01:15:08,640

um it was

1926

01:15:14,790 --> 01:15:11,440

in the evening is uh marilyn and dick

1927

01:15:16,470 --> 01:15:14,800

brought these large crystal ball bowls

1928

01:15:18,229 --> 01:15:16,480

and you hit them with this wooden dowel

1929

01:15:20,630 --> 01:15:18,239

and then you rub it on the outside and

1930

01:15:21,510 --> 01:15:20,640

it really produces

1931

01:15:51,189 --> 01:15:21,520

a

1932

01:15:58,470 --> 01:15:52,390

you know

1933

01:16:01,510 --> 01:15:58,480

and some uh very fine um

1934

01:16:03,669 --> 01:16:01,520

sand uh to check earth movement to see

1935

01:16:04,950 --> 01:16:03,679

if there was uh any vibrations and we

1936

01:16:06,709 --> 01:16:04,960

didn't get any

1937

01:16:08,870 --> 01:16:06,719

of significance

1938

01:16:11,750 --> 01:16:08,880

um

1939

01:16:13,830 --> 01:16:11,760

so i don't and keep in mind

1940

01:16:15,350 --> 01:16:13,840

just because we didn't get a reaction it

1941

01:16:18,149 --> 01:16:15,360

doesn't mean that it you wouldn't get a

1942

01:16:21,030 --> 01:16:18,159

reaction it just wasn't the right time

1943

01:16:23,110 --> 01:16:21,040

you know if if uh you know dick said you

1944

01:16:24,229 --> 01:16:23,120

know maybe static charges are being

1945

01:16:27,430 --> 01:16:24,239

given off

1946

01:16:30,070 --> 01:16:27,440

um well that's got to build up to where

1947

01:16:31,430 --> 01:16:30,080

you know you have that static charge

1948

01:16:33,669 --> 01:16:31,440

you know you don't get lightning until

1949

01:16:35,030 --> 01:16:33,679

you get a thunderstorm yep

1950

01:16:37,110 --> 01:16:35,040

right

1951

01:16:39,910 --> 01:16:37,120

and so you got to have a you got to have

1952

01:16:40,709 --> 01:16:39,920

a source and it's got to build up

1953

01:16:42,950 --> 01:16:40,719

so

1954

01:16:44,790 --> 01:16:42,960

you know

1955

01:16:47,430 --> 01:16:44,800

what i'm thinking too i'm thinking of

1956

01:16:49,350 --> 01:16:47,440

this aquifer below i mean i can just

1957

01:16:50,790 --> 01:16:49,360

imagine if there are you know there's

1958

01:16:53,030 --> 01:16:50,800

crystal

1959

01:16:54,709 --> 01:16:53,040

on top i mean how how beautiful or how

1960

01:16:56,630 --> 01:16:54,719

nice would that aquifer that running

1961

01:16:59,110 --> 01:16:56,640

river below look with crystal on you

1962

01:17:01,430 --> 01:16:59,120

know formations and cutting it right

1963

01:17:03,189 --> 01:17:01,440

down but below all the sand and

1964

01:17:05,110 --> 01:17:03,199

hit right there yeah if it's flowing

1965

01:17:07,750 --> 01:17:05,120

through yeah if it's flown through

1966

01:17:11,350 --> 01:17:07,760

sandstone and limestone it's creating a

1967

01:17:13,910 --> 01:17:11,360

static charge yep yep it's got to be

1968

01:17:16,790 --> 01:17:13,920

and and that's what i i'm trying to find

1969

01:17:18,870 --> 01:17:16,800

out is it possible

1970

01:17:22,310 --> 01:17:18,880

that that static charge combined with

1971

01:17:26,390 --> 01:17:22,320

piezo energy is able to produce a

1972

01:17:29,110 --> 01:17:26,400

some kind of plasma energy plasma

1973

01:17:30,709 --> 01:17:29,120

or aka the earth light yeah

1974

01:17:32,470 --> 01:17:30,719

mm-hmm

1975

01:17:34,630 --> 01:17:32,480

that could that that could explain your

1976

01:17:36,630 --> 01:17:34,640

you know your joplin spook lights uh the

1977

01:17:37,830 --> 01:17:36,640

paulding light up by me

1978

01:17:40,070 --> 01:17:37,840

you know

1979

01:17:41,510 --> 01:17:40,080

the marfa lights yep yep i mean that i

1980

01:17:44,229 --> 01:17:41,520

mean

1981

01:17:47,270 --> 01:17:44,239

and how far does this aquifer run and

1982

01:17:49,990 --> 01:17:47,280

where does it go yeah yeah

1983

01:17:51,990 --> 01:17:50,000

okay um i think george

1984

01:17:53,030 --> 01:17:52,000

up where he lives in in springfield they

1985

01:17:55,110 --> 01:17:53,040

put a

1986

01:17:57,990 --> 01:17:55,120

they call it the devil's hole and they

1987

01:18:01,430 --> 01:17:58,000

put dye down it and it it popped up down

1988

01:18:03,350 --> 01:18:01,440

in big springs like 160 miles away

1989

01:18:07,430 --> 01:18:03,360

wow

1990

01:18:10,229 --> 01:18:07,440

so you have a network of

1991

01:18:13,110 --> 01:18:10,239

rivers and who knows what underneath

1992

01:18:15,350 --> 01:18:13,120

that whole area

1993

01:18:19,669 --> 01:18:15,360

caverns on the ground caverns i mean i

1994

01:18:24,149 --> 01:18:21,990

yeah we haven't found any caves on the

1995

01:18:27,990 --> 01:18:24,159

property at all yet

1996

01:18:32,630 --> 01:18:30,070

but you just don't know i mean you could

1997

01:18:35,030 --> 01:18:32,640

be digging for crystals and move a rock

1998

01:18:37,270 --> 01:18:35,040

and there it is you know oh yeah

1999

01:18:38,950 --> 01:18:37,280

absolutely you you uh

2000

01:18:40,550 --> 01:18:38,960

you have a cavern that's underground

2001

01:18:41,510 --> 01:18:40,560

that's you don't necessarily

2002

01:18:45,510 --> 01:18:41,520

have an

2003

01:18:45,520 --> 01:18:49,189

you know absolutely

2004

01:18:53,110 --> 01:18:51,110

yeah

2005

01:18:55,750 --> 01:18:53,120

i like just like i said i've just seen

2006

01:18:57,110 --> 01:18:55,760

so much strange stuff

2007

01:19:00,070 --> 01:18:57,120

that

2008

01:19:02,630 --> 01:19:00,080

at first we get pretty excited

2009

01:19:05,110 --> 01:19:02,640

we're still excited but

2010

01:19:07,110 --> 01:19:05,120

you know we don't run like crazy for the

2011

01:19:08,709 --> 01:19:07,120

camera anymore we got our security

2012

01:19:09,830 --> 01:19:08,719

camera set up

2013

01:19:13,830 --> 01:19:09,840

but

2014

01:19:16,149 --> 01:19:13,840

we had to plug in hard wire

2015

01:19:18,310 --> 01:19:16,159

you know from the stage with the cameras

2016

01:19:19,189 --> 01:19:18,320

pointing up at the event site we still

2017

01:19:22,550 --> 01:19:19,199

get

2018

01:19:24,310 --> 01:19:22,560

bright lights up there

2019

01:19:25,510 --> 01:19:24,320

but um

2020

01:19:27,750 --> 01:19:25,520

the uh

2021

01:19:29,590 --> 01:19:27,760

the game cams we have to keep going up

2022

01:19:31,669 --> 01:19:29,600

every two three days and put the

2023

01:19:33,910 --> 01:19:31,679

batteries back in them they should last

2024

01:19:34,830 --> 01:19:33,920

90 days easy

2025

01:19:37,669 --> 01:19:34,840

oh

2026

01:19:38,870 --> 01:19:37,679

yeah so what do you guys got going on

2027

01:19:40,229 --> 01:19:38,880

we're getting towards the end of the

2028

01:19:42,470 --> 01:19:40,239

show what do you guys got coming up in

2029

01:19:43,910 --> 01:19:42,480

2034

01:19:53,110 --> 01:19:50,880

facebook page uh

2035

01:19:55,110 --> 01:19:53,120

inception radio network uh go on there

2036

01:19:56,709 --> 01:19:55,120

2037

01:19:58,790 --> 01:19:56,719

go visit our friends

2038

01:20:00,310 --> 01:19:58,800

check out some very cool stuff but go

2039

01:20:02,830 --> 01:20:00,320

ahead guys and let our listeners know

2040

01:20:06,229 --> 01:20:02,840

what you're up to and your

2041

01:20:09,990 --> 01:20:06,239

website well thank you um yeah our

2042

01:20:12,790 --> 01:20:10,000

website boardcampcrystalmine.com

2043

01:20:13,990 --> 01:20:12,800

uh you know a lot a lot of people wish

2044

01:20:15,750 --> 01:20:14,000

they could come

2045

01:20:18,630 --> 01:20:15,760

crystal digging like that's what we used

2046

01:20:20,550 --> 01:20:18,640

to do but um right now i just want

2047

01:20:22,630 --> 01:20:20,560

everyone to know that unfortunately

2048

01:20:25,030 --> 01:20:22,640

we've decided to close the mind for

2049

01:20:27,110 --> 01:20:25,040

crystal digging until we can better

2050

01:20:29,110 --> 01:20:27,120

understand this unknown phenomena

2051

01:20:31,510 --> 01:20:29,120

especially the levitating rocks and

2052

01:20:34,550 --> 01:20:31,520

rocks that periodically just kind of

2053

01:20:36,950 --> 01:20:34,560

come from nowhere yeah and you know it's

2054

01:20:38,790 --> 01:20:36,960

just like so strange and obviously we

2055

01:20:39,910 --> 01:20:38,800

cannot let the public wander around the

2056

01:20:42,470 --> 01:20:39,920

property

2057

01:20:45,110 --> 01:20:42,480

so we did come up with the tours the

2058

01:20:46,870 --> 01:20:45,120

unexplained tours and like i said you

2059

01:20:48,630 --> 01:20:46,880

know we'll share our story i mean we

2060

01:20:50,550 --> 01:20:48,640

shared a lot of it on this program but

2061

01:20:52,709 --> 01:20:50,560

we'll we'll share we have a lot more to

2062

01:20:55,350 --> 01:20:52,719

share and uh when when people come on

2063

01:20:57,510 --> 01:20:55,360

the tours we share our story we allow

2064

01:21:00,070 --> 01:20:57,520

them we we take them up to the event

2065

01:21:01,189 --> 01:21:00,080

site and take a look like i said where

2066

01:21:06,229 --> 01:21:01,199

the

2067

01:21:08,630 --> 01:21:06,239

ufo paranormal team investigated uh at

2068

01:21:12,149 --> 01:21:08,640

the end of july and um

2069

01:21:13,990 --> 01:21:12,159

uh where josh gates filmed uh in may and

2070

01:21:16,390 --> 01:21:14,000

by the way let me just say real quick

2071

01:21:18,950 --> 01:21:16,400

again that program will be on the travel

2072

01:21:21,350 --> 01:21:18,960

channel it's called expedition unknown

2073

01:21:23,510 --> 01:21:21,360

hunt for extraterrestrials

2074

01:21:25,510 --> 01:21:23,520

uh you can google that

2075

01:21:28,630 --> 01:21:25,520

and the travel channel has already

2076

01:21:31,590 --> 01:21:28,640

released a couple little i guess they

2077

01:21:34,070 --> 01:21:31,600

call them trailers or sizzle reels um

2078

01:21:36,229 --> 01:21:34,080

that you can watch and uh we share those

2079

01:21:39,750 --> 01:21:36,239

on our facebook page or camp crystal

2080

01:21:42,550 --> 01:21:39,760

mine facebook page um but also just uh

2081

01:21:45,510 --> 01:21:42,560

go to joshua gates

2082

01:21:47,830 --> 01:21:45,520

when you you can find him on facebook

2083

01:21:50,630 --> 01:21:47,840

but uh we do appreciate everyone that

2084

01:21:53,030 --> 01:21:50,640

comes out for the tours um

2085

01:21:54,550 --> 01:21:53,040

if you need need us to answer questions

2086

01:21:57,110 --> 01:21:54,560

give us a call

2087

01:21:59,510 --> 01:21:57,120

our phone number and and emails on the

2088

01:22:03,110 --> 01:21:59,520

website there um

2089

01:22:04,709 --> 01:22:03,120

and uh like like we said uh we're we're

2090

01:22:07,189 --> 01:22:04,719

planning on

2091

01:22:09,430 --> 01:22:07,199

uh opening an online store for people

2092

01:22:11,750 --> 01:22:09,440

who cannot come to the area

2093

01:22:12,629 --> 01:22:11,760

but might be interested in the crystals

2094

01:22:14,950 --> 01:22:12,639

um

2095

01:22:17,189 --> 01:22:14,960

and the these got to be special crystals

2096

01:22:20,070 --> 01:22:17,199

if the ufo visited okay i mean i don't

2097

01:22:22,830 --> 01:22:20,080

know what else to say right uh you know

2098

01:22:26,390 --> 01:22:22,840

if crystals are attracting ufos if

2099

01:22:27,990 --> 01:22:26,400

that's a plausible theory you know

2100

01:22:29,590 --> 01:22:28,000

well scotty might be coming there and

2101

01:22:31,110 --> 01:22:29,600

get them i can tell you that for the for

2102

01:22:33,750 --> 01:22:31,120

the enterprise

2103

01:22:37,030 --> 01:22:33,760

yeah oh yeah there you go yeah i'm gonna

2104

01:22:40,550 --> 01:22:37,040

be looking for him for sure

2105

01:22:43,270 --> 01:22:40,560

but josh so is going to be airing um

2106

01:22:44,149 --> 01:22:43,280

it's a four-week special four different

2107

01:22:47,590 --> 01:22:44,159

um

2108

01:22:49,830 --> 01:22:47,600

uh shows uh beginning october 4th is our

2109

01:22:52,550 --> 01:22:49,840

understanding and it'll be the four

2110

01:22:54,709 --> 01:22:52,560

wednesdays in october uh expedition

2111

01:22:56,790 --> 01:22:54,719

unknown hunt for extraterrestrials and

2112

01:22:59,830 --> 01:22:56,800

board camp crystal mine will be featured

2113

01:23:00,629 --> 01:22:59,840

on at least one of those episodes okay

2114

01:23:03,510 --> 01:23:00,639

um

2115

01:23:04,629 --> 01:23:03,520

and so uh we're obviously really excited

2116

01:23:06,550 --> 01:23:04,639

about that but we're going to be

2117

01:23:08,470 --> 01:23:06,560

watching it just like every other viewer

2118

01:23:10,390 --> 01:23:08,480

because we you know you know they come

2119

01:23:12,229 --> 01:23:10,400

and they film but they're gonna you know

2120

01:23:13,830 --> 01:23:12,239

edit and put it all together and so

2121

01:23:16,149 --> 01:23:13,840

we're gonna be just as amazed to watch

2122

01:23:18,229 --> 01:23:16,159

it ourselves as everybody else when it

2123

01:23:21,189 --> 01:23:18,239

finally airs in october

2124

01:23:22,470 --> 01:23:21,199

so um but you know uh check out our

2125

01:23:25,110 --> 01:23:22,480

website

2126

01:23:27,350 --> 01:23:25,120

if you're in our area uh get tickets to

2127

01:23:30,390 --> 01:23:27,360

come to our tours uh we do have a little

2128

01:23:32,709 --> 01:23:30,400

crystal store open during the tours uh

2129

01:23:34,149 --> 01:23:32,719

but you can check our crystals and then

2130

01:23:36,709 --> 01:23:34,159

like i said we're going to be opening

2131

01:23:38,709 --> 01:23:36,719

our online store and i i just want to do

2132

01:23:41,270 --> 01:23:38,719

a shout out to real quick for the

2133

01:23:43,270 --> 01:23:41,280

oklahoma ufo paranormal team

2134

01:23:45,910 --> 01:23:43,280

marilyn and dick

2135

01:23:47,830 --> 01:23:45,920

bill and julie may and

2136

01:23:49,510 --> 01:23:47,840

helen and ken we just really appreciate

2137

01:23:51,750 --> 01:23:49,520

you coming out and you guys are awesome

2138

01:23:54,470 --> 01:23:51,760

i mean you volunteered to do this you

2139

01:23:56,310 --> 01:23:54,480

know you get a call someone perplexed

2140

01:23:58,390 --> 01:23:56,320

about something an experience they had

2141

01:24:00,950 --> 01:23:58,400

or something they saw and people like

2142

01:24:02,390 --> 01:24:00,960

you go out and investigate it's just

2143

01:24:08,310 --> 01:24:02,400

awesome you know we're deeply

2144

01:24:12,629 --> 01:24:09,910

who are you gonna call you know who you

2145

01:24:17,910 --> 01:24:14,870

yeah right

2146

01:24:20,310 --> 01:24:17,920

ken storage

2147

01:24:22,870 --> 01:24:20,320

but you know mufon said you know you

2148

01:24:23,910 --> 01:24:22,880

could be running a galactic gas station

2149

01:24:25,669 --> 01:24:23,920

up here

2150

01:24:29,270 --> 01:24:25,679

and i said well that's no good because

2151

01:24:31,510 --> 01:24:29,280

all of my customers are drive-offs yeah

2152

01:24:33,110 --> 01:24:31,520

yeah yeah they got to leave some sort of

2153

01:24:35,750 --> 01:24:33,120

tip or pay and

2154

01:24:38,709 --> 01:24:35,760

pay in some kind of galactic uh golden

2155

01:24:40,229 --> 01:24:38,719

coins i don't know

2156

01:24:42,550 --> 01:24:40,239

that's great

2157

01:24:44,870 --> 01:24:42,560

well thanks i appreciate y'all having us

2158

01:24:46,709 --> 01:24:44,880

on your radio show thank you very much

2159

01:24:48,950 --> 01:24:46,719

yeah i think we'll go i think we'll um

2160

01:24:50,470 --> 01:24:48,960

we'll hit it's if ken gets up there in

2161

01:24:52,550 --> 01:24:50,480

the in the winter or something there's

2162

01:24:55,830 --> 01:24:52,560

always a chance to do a live show there

2163

01:24:58,310 --> 01:24:55,840

too so that's details we can work out

2164

01:25:00,070 --> 01:24:58,320

and when it's time

2165

01:25:01,830 --> 01:25:00,080

yeah absolutely yeah i can stay at the

2166

01:25:03,750 --> 01:25:01,840

boards and can can be in the field so

2167

01:25:05,750 --> 01:25:03,760

what we could we've done it before ken

2168

01:25:07,750 --> 01:25:05,760

so yep yep yeah you sure have that would

2169

01:25:09,669 --> 01:25:07,760

be fun actually oh yeah so we'll plan on

2170

01:25:10,790 --> 01:25:09,679

that in the future thanks for coming on

2171

01:25:13,350 --> 01:25:10,800

tonight

2172

01:25:16,709 --> 01:25:13,360

yep thanks guys really appreciate it yep

2173

01:25:19,189 --> 01:25:16,719

bye thank you good night good night

2174

01:25:21,590 --> 01:25:19,199

2175

01:25:23,350 --> 01:25:21,600

iron chat room and i can throw that up

2176

01:25:25,030 --> 01:25:23,360

on our facebook page too so you can like

2177

01:25:26,229 --> 01:25:25,040

their page and check out that trailer

2178

01:25:28,070 --> 01:25:26,239

i'm definitely going to be watching

2179

01:25:30,149 --> 01:25:28,080

october 4th ken
