

# Paranormal Blender Ep. 4

Listen on

[inceptionradionetwork.com](http://inceptionradionetwork.com)

1  
00:00:32,800 --> 00:00:44,950  
oh

2  
00:00:48,069 --> 00:00:46,310  
hello everyone welcome to prayer

3  
00:00:49,830 --> 00:00:48,079  
reversal universe on the inception radio

4  
00:00:52,310 --> 00:00:49,840  
network brought to you by the northern

5  
00:00:54,069 --> 00:00:52,320  
wisconsin paranormal society limited in

6  
00:00:55,910 --> 00:00:54,079  
the northwest paranormal resource center

7  
00:00:57,350 --> 00:00:55,920  
here in rhinelander wisconsin

8  
00:00:59,510 --> 00:00:57,360  
we're your hosts kevin and jennifer

9  
00:01:01,430 --> 00:00:59,520  
malek hello everyone

10  
00:01:03,029 --> 00:01:01,440  
and hello to everybody in the iron

11  
00:01:06,109 --> 00:01:03,039  
chatroom we look forward to your

12  
00:01:08,710 --> 00:01:06,119  
questions and comments as always

13  
00:01:09,910 --> 00:01:08,720

ironchat.com is the link for the chat

14

00:01:12,710 --> 00:01:09,920  
room

15

00:01:15,510 --> 00:01:12,720  
so come join us there

16

00:01:18,230 --> 00:01:15,520  
and welcome to another edition of

17

00:01:19,990 --> 00:01:18,240  
periversal universe's paranormal blender

18

00:01:22,390 --> 00:01:20,000  
our end of the month news report

19

00:01:24,550 --> 00:01:22,400  
covering eight categories of the unknown

20

00:01:26,870 --> 00:01:24,560  
and unexplained

21

00:01:30,070 --> 00:01:26,880  
including ghosts and haunted places

22

00:01:33,590 --> 00:01:30,080  
monsters encrypted aliens and ufos

23

00:01:37,270 --> 00:01:33,600  
metaphysics theology conspiracies

24

00:01:39,190 --> 00:01:37,280  
forbidden archaeology and urban legends

25

00:01:40,550 --> 00:01:39,200  
so if it's paranormal supernatural

26

00:01:44,950 --> 00:01:40,560

esoteric

27

00:01:46,469 --> 00:01:44,960

for tn or just ultra bizarre

28

00:01:49,749 --> 00:01:46,479

there's a good chance we'll be covering

29

00:01:49,759 --> 00:01:52,870

but first

30

00:01:58,389 --> 00:01:56,389

uh we should do shout outs yes we should

31

00:02:00,389 --> 00:01:58,399

shout outs go to those people who are

32

00:02:03,270 --> 00:02:00,399

kind enough to share our banners

33

00:02:04,389 --> 00:02:03,280

for the show every week and uh we write

34

00:02:05,270 --> 00:02:04,399

their names down and give them a shout

35

00:02:07,190 --> 00:02:05,280

out

36

00:02:10,229 --> 00:02:07,200

so on our list for this week we have

37

00:02:12,790 --> 00:02:10,239

walter brooks thoughts of christos

38

00:02:15,830 --> 00:02:12,800

cindy lou of bizarro world

39

00:02:18,390 --> 00:02:15,840

jason bland paranormal soup

40

00:02:20,229 --> 00:02:18,400

howie o'dell the rift

41

00:02:24,390 --> 00:02:20,239

lori cresslaw

42

00:02:27,750 --> 00:02:24,400

annie newton brenda barton espino

43

00:02:30,150 --> 00:02:27,760

steve foster rose a ellis

44

00:02:32,550 --> 00:02:30,160

deborah jane east notes from the

45

00:02:34,470 --> 00:02:32,560

underground

46

00:02:36,229 --> 00:02:34,480

and hello to everybody in the chat room

47

00:02:38,390 --> 00:02:36,239

as well

48

00:02:39,750 --> 00:02:38,400

we look forward to your

49

00:02:40,869 --> 00:02:39,760

we normally look forward to your

50

00:02:43,030 --> 00:02:40,879

questions tonight we're doing more of

51

00:02:44,710 --> 00:02:43,040

the news thing so uh

52

00:02:45,990 --> 00:02:44,720

you got a question you can type it in

53

00:02:49,589 --> 00:02:46,000

but there's no guarantee we'll be able

54

00:02:54,470 --> 00:02:52,229

but anyways uh joining us tonight

55

00:02:57,430 --> 00:02:54,480

for the analysis

56

00:03:00,710 --> 00:02:57,440

are two fellow members of the nwps

57

00:03:03,830 --> 00:03:00,720

ufologer and producer mike mj lucas and

58

00:03:05,030 --> 00:03:03,840

cryptozoologist and shaman donald young

59

00:03:07,670 --> 00:03:05,040

you guys with us tonight how are you

60

00:03:09,830 --> 00:03:07,680

doing doing great here

61

00:03:11,670 --> 00:03:09,840

yep i'm here

62

00:03:13,509 --> 00:03:11,680

awesome

63

00:03:15,350 --> 00:03:13,519

well

64

00:03:16,309 --> 00:03:15,360

here are some of the headlines uh we're

65

00:03:20,470 --> 00:03:16,319

gonna

66

00:03:24,790 --> 00:03:22,869

of august

67

00:03:26,869 --> 00:03:24,800

we're already in september 1st but

68

00:03:28,630 --> 00:03:26,879

that's just how the show fell so we're

69

00:03:32,630 --> 00:03:28,640

going to cover the last all the stories

70

00:03:36,710 --> 00:03:33,670

here are some of the headlines and

71

00:03:38,869 --> 00:03:36,720

things we'll be discussing

72

00:03:40,309 --> 00:03:38,879

death valley breaks record for hottest

73

00:03:42,229 --> 00:03:40,319

month

74

00:03:43,910 --> 00:03:42,239

ever

75

00:03:46,550 --> 00:03:43,920

that we know of

76  
00:03:49,509 --> 00:03:46,560  
warren county mortuary shuts down

77  
00:03:52,070 --> 00:03:49,519  
wait till we tell you why

78  
00:03:54,149 --> 00:03:52,080  
jim maher passes

79  
00:03:55,589 --> 00:03:54,159  
police ask residents not to shoot

80  
00:03:58,630 --> 00:03:55,599  
bigfoot

81  
00:04:02,470 --> 00:03:58,640  
after recent sightings

82  
00:04:03,750 --> 00:04:02,480  
nasa plans for yellowstone

83  
00:04:06,789 --> 00:04:03,760  
uh

84  
00:04:11,030 --> 00:04:06,799  
south african police arrest five people

85  
00:04:12,390 --> 00:04:11,040  
in connection on cannibal charges

86  
00:04:15,110 --> 00:04:12,400  
yeah

87  
00:04:17,509 --> 00:04:15,120  
woodland cemetery desecrated

88  
00:04:20,469 --> 00:04:17,519

people freaking out over giant nazi crop

89

00:04:26,629 --> 00:04:23,110

judge okay's 900 million dollar lawsuit

90

00:04:30,870 --> 00:04:28,790

sea dragon fossil is the largest on

91

00:04:33,350 --> 00:04:30,880

record

92

00:04:36,230 --> 00:04:33,360

three-finger alien mummy total now at

93

00:04:39,830 --> 00:04:37,270

mystery

94

00:04:40,830 --> 00:04:39,840

mysterious object removes from the rhode

95

00:04:42,710 --> 00:04:40,840

island

96

00:04:44,950 --> 00:04:42,720

beach

97

00:04:48,150 --> 00:04:44,960

and of course

98

00:04:50,790 --> 00:04:48,160

the eclipse of 2017

99

00:04:52,150 --> 00:04:50,800

which was like the biggest deal

100

00:04:55,749 --> 00:04:52,160

i think

101  
00:04:58,070 --> 00:04:55,759  
the few days was going on

102  
00:04:59,990 --> 00:04:58,080  
and uh why don't we start with that

103  
00:05:02,150 --> 00:05:00,000  
did you guys uh

104  
00:05:03,670 --> 00:05:02,160  
uh donner mike did you guys get a chance

105  
00:05:05,749 --> 00:05:03,680  
to get out and see it or did you have

106  
00:05:08,230 --> 00:05:05,759  
any plans or do you have the glasses or

107  
00:05:10,790 --> 00:05:08,240  
anything like that

108  
00:05:15,430 --> 00:05:10,800  
go ahead with me it was it was cloudy so

109  
00:05:18,629 --> 00:05:17,830  
i also had a cloudy sky it looked like

110  
00:05:30,870 --> 00:05:18,639  
it

111  
00:05:32,710 --> 00:05:30,880  
on we did why have nasa tv on so we were

112  
00:05:35,270 --> 00:05:32,720  
watching that live it was kind of neat

113  
00:05:36,870 --> 00:05:35,280

to see all the people reacting

114

00:05:38,550 --> 00:05:36,880

yeah we watched it through nasa too

115

00:05:40,550 --> 00:05:38,560

because we tried going outside and you

116

00:05:41,830 --> 00:05:40,560

couldn't see nothing

117

00:05:43,189 --> 00:05:41,840

it was cloudy air everywhere in

118

00:05:43,909 --> 00:05:43,199

wisconsin or at least in the northern

119

00:05:45,749 --> 00:05:43,919

half

120

00:05:48,070 --> 00:05:45,759

where we're all at

121

00:05:50,150 --> 00:05:48,080

but yeah and oddly enough after after

122

00:05:51,830 --> 00:05:50,160

the eclipse ended it rained for like 10

123

00:05:53,590 --> 00:05:51,840

minutes and it was like the only place

124

00:05:57,510 --> 00:05:53,600

in the state here that reigned

125

00:05:58,550 --> 00:05:57,520

[Laughter]

126  
00:06:00,710 --> 00:05:58,560  
so

127  
00:06:02,310 --> 00:06:00,720  
instead of reading a bunch of uh stuff

128  
00:06:03,670 --> 00:06:02,320  
about

129  
00:06:06,469 --> 00:06:03,680  
the eclipse that already happened that

130  
00:06:11,350 --> 00:06:08,230  
what i decided to do was grab some

131  
00:06:15,350 --> 00:06:11,360  
information about the next eclipse

132  
00:06:19,110 --> 00:06:15,360  
so uh what it says is uh the

133  
00:06:21,350 --> 00:06:19,120  
eclipse the next eclipse is on july 2nd

134  
00:06:22,629 --> 00:06:21,360  
2019

135  
00:06:24,870 --> 00:06:22,639  
when the shadow touches down in the

136  
00:06:27,909 --> 00:06:24,880  
pacific ocean and the moon takes its

137  
00:06:29,670 --> 00:06:27,919  
first small bite of the sun

138  
00:06:32,830 --> 00:06:29,680

and then

139

00:06:35,909 --> 00:06:32,840

it says that there is another

140

00:06:39,670 --> 00:06:35,919

eclipse the next total solar eclipse

141

00:06:41,110 --> 00:06:39,680

will occur on december 14 2020

142

00:06:43,270 --> 00:06:41,120

and will

143

00:06:46,629 --> 00:06:43,280

occur largely over water

144

00:06:49,110 --> 00:06:46,639

some viewers on land uh southern chile

145

00:06:51,670 --> 00:06:49,120

or argentina

146

00:06:53,590 --> 00:06:51,680

will spot totality

147

00:06:56,629 --> 00:06:53,600

so

148

00:06:58,629 --> 00:06:56,639

that's about all uh

149

00:07:00,469 --> 00:06:58,639

you know there was a couple minor ufo

150

00:07:02,710 --> 00:07:00,479

stuff

151  
00:07:04,870 --> 00:07:02,720  
i know uh secure team

152  
00:07:06,070 --> 00:07:04,880  
had done something you know

153  
00:07:07,350 --> 00:07:06,080  
uh

154  
00:07:08,469 --> 00:07:07,360  
because there's so many people filming

155  
00:07:09,830 --> 00:07:08,479  
it and stuff

156  
00:07:12,070 --> 00:07:09,840  
everyone's got their cameras out and

157  
00:07:13,270 --> 00:07:12,080  
stuff but there was nothing like super

158  
00:07:19,110 --> 00:07:13,280  
major

159  
00:07:23,270 --> 00:07:20,950  
but anyways

160  
00:07:24,790 --> 00:07:23,280  
so let's move on to the next now kevin

161  
00:07:28,790 --> 00:07:24,800  
one thing uh

162  
00:07:31,029 --> 00:07:28,800  
back in 1979 that february i believe 26

163  
00:07:33,749 --> 00:07:31,039

i was able i did witness that at grade

164

00:07:35,589 --> 00:07:33,759

school i was in fourth grade

165

00:07:37,350 --> 00:07:35,599

so up in wisconsin here what they did is

166

00:07:39,270 --> 00:07:37,360

they made a stand during recess and it

167

00:07:40,790 --> 00:07:39,280

got pretty dim outside

168

00:07:42,390 --> 00:07:40,800

as we all were indoors with our little

169

00:07:44,070 --> 00:07:42,400

pieces of paper with pinholes in them

170

00:07:45,909 --> 00:07:44,080

liked and then the teachers told us not

171

00:07:49,430 --> 00:07:45,919

to look at the sun of course but i do

172

00:07:51,110 --> 00:07:49,440

remember the 79 eclipse myself

173

00:07:52,390 --> 00:07:51,120

you know it's funny you say that because

174

00:07:55,029 --> 00:07:52,400

i was just telling jennifer that i

175

00:07:57,270 --> 00:07:55,039

remember when we were kids that we had

176

00:07:59,270 --> 00:07:57,280

that same opportunity

177

00:08:01,270 --> 00:07:59,280

you know and of course don't look at the

178

00:08:03,909 --> 00:08:01,280

sun and like you said they had the the

179

00:08:05,909 --> 00:08:03,919

thing with the the the card in the hole

180

00:08:06,629 --> 00:08:05,919

yeah without

181

00:08:08,390 --> 00:08:06,639

but

182

00:08:10,710 --> 00:08:08,400

did they do that for kids today i don't

183

00:08:11,830 --> 00:08:10,720

even know if the kids are allowed us

184

00:08:16,390 --> 00:08:11,840

i think

185

00:08:18,550 --> 00:08:16,400

bunch of cutouts i mean they i'm they

186

00:08:20,309 --> 00:08:18,560

had a lot of stuff you could use i don't

187

00:08:21,749 --> 00:08:20,319

know i didn't have them glasses but i

188

00:08:23,350 --> 00:08:21,759

don't know if i'd still look at the sun

189

00:08:27,029 --> 00:08:23,360

on the pair of glasses but you just

190

00:08:29,670 --> 00:08:27,039

don't know the long-term effects of that

191

00:08:31,830 --> 00:08:29,680

true a good good way of doing it is if

192

00:08:33,430 --> 00:08:31,840

you have a

193

00:08:36,149 --> 00:08:33,440

welder's goggles

194

00:08:36,159 --> 00:08:39,750

there you go

195

00:08:43,750 --> 00:08:42,149

so what do we have next all right

196

00:08:44,870 --> 00:08:43,760

so the first story we have for the

197

00:08:48,470 --> 00:08:44,880

evening

198

00:08:57,110 --> 00:08:51,350

horror freak news

199

00:08:57,120 --> 00:09:04,310

by joshua milcan on august 28 2017

200

00:09:09,590 --> 00:09:06,350

judge okay's

201  
00:09:11,750 --> 00:09:09,600  
900 million dollar lawsuit against the

202  
00:09:14,630 --> 00:09:11,760  
conjuring

203  
00:09:16,949 --> 00:09:14,640  
a few months ago we reported on an epic

204  
00:09:19,030 --> 00:09:16,959  
900 million dollar lawsuit that could

205  
00:09:20,550 --> 00:09:19,040  
potentially derail the conjuring

206  
00:09:23,350 --> 00:09:20,560  
franchise

207  
00:09:26,230 --> 00:09:23,360  
one of the 21st century's most enduring

208  
00:09:27,829 --> 00:09:26,240  
and profitable film series within two

209  
00:09:30,230 --> 00:09:27,839  
films

210  
00:09:35,509 --> 00:09:30,240  
in the ever expanding universe and

211  
00:09:41,269 --> 00:09:38,230  
the conjuring franchise consists of two

212  
00:09:44,230 --> 00:09:41,279  
films and three spin-offs two of which

213  
00:09:47,030 --> 00:09:44,240

have not yet have yet to be released

214

00:09:48,389 --> 00:09:47,040

the wildly successful staple of warner

215

00:09:51,870 --> 00:09:48,399

brothers

216

00:09:55,350 --> 00:09:51,880

stable has already grossed over

217

00:09:57,829 --> 00:09:55,360

885 million dollars worldwide with

218

00:09:59,829 --> 00:09:57,839

plenty more expected to fill the coffers

219

00:10:02,550 --> 00:09:59,839

when annabelle create when annabelle

220

00:10:04,150 --> 00:10:02,560

creation hits theaters in august

221

00:10:05,750 --> 00:10:04,160

followed by the none

222

00:10:09,030 --> 00:10:05,760

in 2018

223

00:10:11,750 --> 00:10:09,040

but now a 900 million lawsuit threatens

224

00:10:13,990 --> 00:10:11,760

to cancel out all the series profits

225

00:10:17,430 --> 00:10:14,000

while potentially slamming the brakes on

226

00:10:20,230 --> 00:10:17,440

any future conjuring related projects

227

00:10:22,389 --> 00:10:20,240

the lawsuit was filed by author gerald

228

00:10:25,509 --> 00:10:22,399

brittle who wrote a book about ed and

229

00:10:27,430 --> 00:10:25,519

lorraine warren released in 1980 called

230

00:10:29,430 --> 00:10:27,440

the demonologist

231

00:10:31,750 --> 00:10:29,440

as a part of the books released the

232

00:10:34,470 --> 00:10:31,760

warren signed a contract that barred

233

00:10:36,550 --> 00:10:34,480

them from using any case files

234

00:10:38,710 --> 00:10:36,560

discussed within

235

00:10:41,110 --> 00:10:38,720

for future entertainment projects

236

00:10:42,710 --> 00:10:41,120

including books films and television

237

00:10:44,550 --> 00:10:42,720

shows

238

00:10:46,230 --> 00:10:44,560

that error

239

00:10:48,230 --> 00:10:46,240  
dismissing the lawsuit by what

240

00:10:49,829 --> 00:10:48,240  
dismissing a lawsuit

241

00:10:51,910 --> 00:10:49,839  
by warner brothers

242

00:10:53,829 --> 00:10:51,920  
was saying that brittle's contract with

243

00:10:55,350 --> 00:10:53,839  
the warrants had no bearing over the

244

00:10:57,030 --> 00:10:55,360  
conjuring movies

245

00:10:59,990 --> 00:10:57,040  
because those films were based on

246

00:11:03,269 --> 00:11:00,000  
historical facts rather than the content

247

00:11:05,990 --> 00:11:03,279  
of brittle's book the demonologist

248

00:11:08,630 --> 00:11:06,000  
that is what may have sealed the deal

249

00:11:11,590 --> 00:11:08,640  
in the lawsuit against warner brothers

250

00:11:13,990 --> 00:11:11,600  
over their conjuring franchise in order

251  
00:11:15,030 --> 00:11:14,000  
for them to claim to hold up in front of

252  
00:11:16,870 --> 00:11:15,040  
a judge

253  
00:11:18,310 --> 00:11:16,880  
warner brothers would essentially have

254  
00:11:20,069 --> 00:11:18,320  
to prove something

255  
00:11:22,230 --> 00:11:20,079  
that has mostly

256  
00:11:24,069 --> 00:11:22,240  
that has been mostly improving now for

257  
00:11:26,470 --> 00:11:24,079  
several centuries

258  
00:11:28,790 --> 00:11:26,480  
they would have to prove that ghosts

259  
00:11:31,750 --> 00:11:28,800  
demons and witches are real

260  
00:11:32,949 --> 00:11:31,760  
and they have the power

261  
00:11:34,470 --> 00:11:32,959  
the powers

262  
00:11:37,030 --> 00:11:34,480  
that were featured on the conjuring

263  
00:11:39,350 --> 00:11:37,040

movies that would also include the case

264

00:11:42,790 --> 00:11:39,360

of the enfield poltergeist which was

265

00:11:44,470 --> 00:11:42,800

featured in the conjuring 2. today we're

266

00:11:46,310 --> 00:11:44,480

getting an update on the lawsuit and

267

00:11:48,389 --> 00:11:46,320

it's not good news for the conjuring

268

00:11:50,630 --> 00:11:48,399

franchise

269

00:11:51,910 --> 00:11:50,640

warner brothers has failed in its first

270

00:11:55,269 --> 00:11:51,920

effort

271

00:11:57,269 --> 00:11:55,279

to escape a 900 million lawsuit

272

00:12:00,310 --> 00:11:57,279

bought over the smash hit conjuring

273

00:12:02,470 --> 00:12:00,320

franchise which explores the spooky work

274

00:12:03,910 --> 00:12:02,480

of paranormal investigators ed and

275

00:12:06,069 --> 00:12:03,920

lorraine warren

276

00:12:08,389 --> 00:12:06,079

a virginia judge has largely rejected

277

00:12:10,790 --> 00:12:08,399

the studio's motion to dismiss

278

00:12:13,509 --> 00:12:10,800

and has tentatively scheduled a trial

279

00:12:15,829 --> 00:12:13,519

for april 16.

280

00:12:18,230 --> 00:12:15,839

obviously this will be a point of

281

00:12:20,550 --> 00:12:18,240

contention for many months to come we'll

282

00:12:24,790 --> 00:12:20,560

keep you posted with updates as this

283

00:12:27,509 --> 00:12:24,800

case logs through the legal system

284

00:12:27,519 --> 00:12:30,550

so

285

00:12:34,790 --> 00:12:32,870

my first thought is

286

00:12:36,230 --> 00:12:34,800

that they overlooked the fact that ed

287

00:12:39,110 --> 00:12:36,240

laurene would have signed something like

288

00:12:40,200 --> 00:12:39,120

that

289

00:12:41,590 --> 00:12:40,210

yeah um

290

00:12:44,310 --> 00:12:41,600

[Music]

291

00:12:47,670 --> 00:12:44,320

you know that's uh

292

00:12:50,829 --> 00:12:47,680

that's really amazing i you know

293

00:12:54,110 --> 00:12:50,839

that's a lot of money to 900 million

294

00:12:55,910 --> 00:12:54,120

dollars over one contract yeah

295

00:12:57,910 --> 00:12:55,920

[Music]

296

00:12:59,509 --> 00:12:57,920

that's crazy

297

00:13:00,470 --> 00:12:59,519

so

298

00:13:02,389 --> 00:13:00,480

i guess

299

00:13:04,470 --> 00:13:02,399

what would happen then then they they

300

00:13:05,990 --> 00:13:04,480

would have to uh hold off on making

301

00:13:07,829 --> 00:13:06,000

anything new until that was all settled

302

00:13:09,430 --> 00:13:07,839

i would suppose yeah if they can make if

303

00:13:10,790 --> 00:13:09,440

they're allowed to make anything anymore

304

00:13:15,030 --> 00:13:10,800

at that point

305

00:13:15,040 --> 00:13:18,870

you guys have any thoughts

306

00:13:29,750 --> 00:13:22,310

well an actually 900 million to the

307

00:13:34,870 --> 00:13:31,509

they'll pay that off as quick as they

308

00:13:35,910 --> 00:13:34,880

can just so they can get back to work

309

00:13:37,269 --> 00:13:35,920

yep because

310

00:13:39,030 --> 00:13:37,279

because they'll make more on the next

311

00:13:40,710 --> 00:13:39,040

movies you know triple the

312

00:13:43,829 --> 00:13:40,720

triple what they have to pay in anyway

313

00:13:48,150 --> 00:13:43,839

with all the box offices so yeah it's a

314

00:13:49,110 --> 00:13:48,160

it's a big sham out there you know it is

315

00:13:52,310 --> 00:13:49,120

yeah

316

00:13:54,710 --> 00:13:52,320

i like how we went from one end to the

317

00:13:56,870 --> 00:13:54,720

spectrum to the other like 900 million

318

00:13:58,629 --> 00:13:56,880

it's so much a lot to them it's nothing

319

00:14:00,710 --> 00:13:58,639

and it's true right it's not it's

320

00:14:04,470 --> 00:14:00,720

nothing they have so much right to them

321

00:14:10,470 --> 00:14:07,189

so the next we have

322

00:14:13,110 --> 00:14:10,480

has been pretty popular uh these last

323

00:14:15,030 --> 00:14:13,120

this last month i should say

324

00:14:17,189 --> 00:14:15,040

i know this has been posted on lake

325

00:14:19,910 --> 00:14:17,199

monstrosities

326

00:14:21,750 --> 00:14:19,920

mystery object removed from rhode island

327

00:14:23,030 --> 00:14:21,760

beach

328

00:14:24,550 --> 00:14:23,040

so if

329

00:14:25,829 --> 00:14:24,560

you haven't seen the pictures of this

330

00:14:28,389 --> 00:14:25,839

thing

331

00:14:30,230 --> 00:14:28,399

it's just it's uh it's hard to tell what

332

00:14:33,750 --> 00:14:30,240

it is some people say it looks like a

333

00:14:38,550 --> 00:14:35,910

but anyways so the

334

00:14:43,430 --> 00:14:38,560

this comes from coast to coast

335

00:14:46,870 --> 00:14:43,440

uh this is august 31st 2017

336

00:14:48,790 --> 00:14:46,880

and this store goodbye summer hello new

337

00:14:51,030 --> 00:14:48,800

fall fashion this is a great time to

338

00:14:53,030 --> 00:14:51,040

shop macy's backstage i know prices are

339

00:14:54,870 --> 00:14:53,040

so low you never need a coupon they have

340

00:14:57,189 --> 00:14:54,880

all the hottest looks for the new season

341

00:14:59,990 --> 00:14:57,199

for men women kids plus shoes

342

00:15:02,150 --> 00:15:00,000

accessories handbags pet gear toys home

343

00:15:04,550 --> 00:15:02,160

decor all our favorite brands great

344

00:15:06,710 --> 00:15:04,560

designers we always find something best

345

00:15:08,470 --> 00:15:06,720

of all new fall finds arrive every week

346

00:15:10,949 --> 00:15:08,480

we'll miss you summer the fall looks

347

00:15:13,430 --> 00:15:10,959

awesome macy's backstage savings for

348

00:15:15,829 --> 00:15:13,440

everyday life visit macy's backstage dot

349

00:15:17,189 --> 00:15:15,839

com for a location near you

350

00:15:18,790 --> 00:15:17,199

this is uh

351

00:15:20,949 --> 00:15:18,800

actually no this is from the westerly

352

00:15:25,670 --> 00:15:20,959

sun

353

00:15:29,990 --> 00:15:27,509

found embedded in the sand of rhode

354

00:15:32,389 --> 00:15:30,000

island beach has unearthed

355

00:15:34,550 --> 00:15:32,399

been unearthed but its removal has done

356

00:15:35,590 --> 00:15:34,560

little to solve the mystery surrounding

357

00:15:37,829 --> 00:15:35,600

it

358

00:15:40,629 --> 00:15:37,839

discovered a few weeks ago during a low

359

00:15:43,269 --> 00:15:40,639

tide in the town of westerly the strange

360

00:15:45,430 --> 00:15:43,279

object stuck in the seabed and has been

361

00:15:47,269 --> 00:15:45,440

somewhat of a summer sensation in the

362

00:15:48,710 --> 00:15:47,279

community

363

00:15:50,629 --> 00:15:48,720

theories are

364

00:15:52,470 --> 00:15:50,639

theories about the object have ranged

365

00:15:53,670 --> 00:15:52,480

from a prostatic

366

00:15:56,230 --> 00:15:53,680

such as a

367

00:15:58,550 --> 00:15:56,240

disused piece of scientific equipment to

368

00:16:01,030 --> 00:15:58,560

the exotic including the always popular

369

00:16:02,790 --> 00:16:01,040

alien connection

370

00:16:04,870 --> 00:16:02,800

it was thought that an excavation of the

371

00:16:08,389 --> 00:16:04,880

anomaly on thursday morning might

372

00:16:10,470 --> 00:16:08,399

finally yield a solution to the mystery

373

00:16:14,230 --> 00:16:10,480

however the endeavor seems to have only

374

00:16:17,910 --> 00:16:15,269

in the

375

00:16:20,310 --> 00:16:17,920

in a testament to how vexing the case

376

00:16:22,710 --> 00:16:20,320

has become nearly 100 people gathered at

377

00:16:25,749 --> 00:16:22,720

the beach to watch the 45 minute long

378

00:16:28,230 --> 00:16:25,759

removal of the object unfortunately

379

00:16:31,509 --> 00:16:28,240

rather than come out all in one piece

380

00:16:33,829 --> 00:16:31,519

the quote-unquote starfish fell apart

381

00:16:36,230 --> 00:16:33,839

leaving workers to recover a number a

382

00:16:38,790 --> 00:16:36,240

number of metal fragments from the

383

00:16:41,269 --> 00:16:38,800

object which provided precious little in

384

00:16:43,189 --> 00:16:41,279

the way of clues to what they had

385

00:16:44,870 --> 00:16:43,199

once formed

386

00:16:47,030 --> 00:16:44,880

despite attempts to put the pieces

387

00:16:48,550 --> 00:16:47,040

together on the beach in order to

388

00:16:50,870 --> 00:16:48,560

recreate the object

389

00:16:54,790 --> 00:16:50,880

the impromptu puzzle

390

00:17:00,790 --> 00:16:57,749

nonetheless now that the object albeit

391

00:17:03,110 --> 00:17:00,800

in pieces is being seen

392

00:17:05,029 --> 00:17:03,120

in the proverbial light of day officials

393

00:17:07,510 --> 00:17:05,039

hope that someone will look at the

394

00:17:08,470 --> 00:17:07,520

coverage of its removal recognizing

395

00:17:10,870 --> 00:17:08,480

something

396

00:17:13,110 --> 00:17:10,880

and offer an explanation as to what it

397

00:17:14,710 --> 00:17:13,120

was

398

00:17:18,309 --> 00:17:14,720

meanwhile the debris has now been

399

00:17:20,710 --> 00:17:18,319

shuffled off to an undisclosed location

400

00:17:22,630 --> 00:17:20,720

which conjures thoughts of e.t cover-up

401  
00:17:27,189 --> 00:17:22,640  
but probably really only means the

402  
00:17:32,630 --> 00:17:29,590  
kevin what was this what was the total

403  
00:17:34,150 --> 00:17:32,640  
size of that object any any uh

404  
00:17:36,310 --> 00:17:34,160  
did they have that in the article i i

405  
00:17:37,350 --> 00:17:36,320  
did hear about that one too

406  
00:17:39,830 --> 00:17:37,360  
no i

407  
00:17:42,230 --> 00:17:39,840  
they don't have a size on it and

408  
00:17:45,750 --> 00:17:42,240  
unfortunately uh

409  
00:17:47,190 --> 00:17:45,760  
the picture that i got with this isn't

410  
00:17:49,350 --> 00:17:47,200  
is in a really good picture it's more of

411  
00:17:50,230 --> 00:17:49,360  
a close-up of some of the things

412  
00:17:51,909 --> 00:17:50,240  
uh

413  
00:17:53,590 --> 00:17:51,919

i will say though that from what the

414

00:17:55,750 --> 00:17:53,600

close-up looks like it doesn't look

415

00:17:59,270 --> 00:17:55,760

alien i mean i'm seeing nuts and bolts

416

00:18:01,669 --> 00:17:59,280

and screws oh sure uh in one spot and i

417

00:18:04,310 --> 00:18:01,679

would just like to think that uh or

418

00:18:06,710 --> 00:18:04,320

you know i would assume

419

00:18:08,070 --> 00:18:06,720

most alien technology is probably

420

00:18:11,909 --> 00:18:08,080

surpassed

421

00:18:12,710 --> 00:18:11,919

old-fashioned rivets and uh

422

00:18:14,630 --> 00:18:12,720

but

423

00:18:17,430 --> 00:18:14,640

who's to say right what i from what i've

424

00:18:19,990 --> 00:18:17,440

seen when i was looking at it on uh

425

00:18:24,070 --> 00:18:20,000

line a couple times it looked to me

426

00:18:25,750 --> 00:18:24,080

almost like the old world war ii style

427

00:18:27,590 --> 00:18:25,760

radar dish

428

00:18:29,430 --> 00:18:27,600

that they used to use they used to pull

429

00:18:30,950 --> 00:18:29,440

a trailer around

430

00:18:33,350 --> 00:18:30,960

a little metal

431

00:18:36,630 --> 00:18:33,360

communications trailer

432

00:18:39,430 --> 00:18:36,640

and right next to it or on top of it

433

00:18:41,510 --> 00:18:39,440

was a radar array

434

00:18:44,390 --> 00:18:41,520

and that's what it kind of looks like

435

00:18:46,230 --> 00:18:44,400

that to me you know similar to what they

436

00:18:48,470 --> 00:18:46,240

would have you know they they showed it

437

00:18:51,110 --> 00:18:48,480

on the old movie

438

00:18:53,669 --> 00:18:51,120

uh pearl harbor they were up on top of

439

00:18:54,830 --> 00:18:53,679

that hill and they had the

440

00:18:58,549 --> 00:18:54,840

radar

441

00:19:01,270 --> 00:18:58,559

dish and similar to that it you know

442

00:19:03,350 --> 00:19:01,280

like you said kevin it didn't look no

443

00:19:06,789 --> 00:19:03,360

alien to me

444

00:19:13,669 --> 00:19:06,799

in any way it looked just like some

445

00:19:17,350 --> 00:19:15,029

okay well

446

00:19:20,150 --> 00:19:17,360

what we got next okay

447

00:19:22,789 --> 00:19:20,160

our next article comes to us from

448

00:19:27,350 --> 00:19:22,799

the new york daily news

449

00:19:30,150 --> 00:19:27,360

by thomas tracy august 22 2017

450

00:19:32,789 --> 00:19:30,160

six caskets desecrated in woodland

451

00:19:35,190 --> 00:19:32,799

cemetery mausoleum

452

00:19:38,150 --> 00:19:35,200

a crew of ghouls broke into a bronx

453

00:19:41,190 --> 00:19:38,160

mausoleum where they removed six caskets

454

00:19:42,230 --> 00:19:41,200

from their not so final final resting

455

00:19:43,990 --> 00:19:42,240

place

456

00:19:46,230 --> 00:19:44,000

and lined them up on the floor

457

00:19:48,150 --> 00:19:46,240

authorities said tuesday

458

00:19:51,110 --> 00:19:48,160

the groundskeepers discovered the

459

00:19:54,669 --> 00:19:51,120

desecration about 1 30 pm at woodland

460

00:19:57,750 --> 00:19:54,679

cemetery on webster avenue near east

461

00:19:59,590 --> 00:19:57,760

233rd street in woodland heights

462

00:20:01,909 --> 00:19:59,600

cops were trying to determine how the

463

00:20:03,909 --> 00:20:01,919

creeps got into the mausoleum and if

464

00:20:05,990 --> 00:20:03,919

anything was taken from the caskets

465

00:20:08,150 --> 00:20:06,000

which were pulled out of their sleeves

466

00:20:09,830 --> 00:20:08,160

on the wall

467

00:20:11,590 --> 00:20:09,840

authorities said

468

00:20:14,310 --> 00:20:11,600

it would take at least two people to

469

00:20:17,110 --> 00:20:14,320

move the caskets they did not disclose

470

00:20:19,110 --> 00:20:17,120

which mausoleum was vandalized

471

00:20:21,830 --> 00:20:19,120

but police

472

00:20:26,470 --> 00:20:21,840

tape at one point tuesday marked

473

00:20:30,630 --> 00:20:26,480

a crypt belonging to the george family

474

00:20:34,470 --> 00:20:30,640

the 400 acre cemetery opened in 1863 and

475

00:20:36,390 --> 00:20:34,480

became a national landmark in 2011. its

476  
00:20:37,750 --> 00:20:36,400  
hollow grounds are also a tourist

477  
00:20:39,350 --> 00:20:37,760  
destination

478  
00:20:41,830 --> 00:20:39,360  
due to the number of famous people

479  
00:20:44,230 --> 00:20:41,840  
buried there among the cemeteries

480  
00:20:45,350 --> 00:20:44,240  
entertainers writers and prestigious new

481  
00:20:48,070 --> 00:20:45,360  
yorkers

482  
00:20:49,590 --> 00:20:48,080  
are the city's 99th and possibly most

483  
00:20:51,909 --> 00:20:49,600  
famous mayor

484  
00:20:54,230 --> 00:20:51,919  
fiorello laguardia

485  
00:20:56,870 --> 00:20:54,240  
composer irving berlin

486  
00:21:00,390 --> 00:20:56,880  
urban planner robert moses

487  
00:21:04,870 --> 00:21:00,400  
suffragist elizabeth caddy stanton

488  
00:21:10,549 --> 00:21:08,230

moby dick writer herman melville

489

00:21:11,830 --> 00:21:10,559

journalist elizabeth

490

00:21:14,230 --> 00:21:11,840

neely bly

491

00:21:17,110 --> 00:21:14,240

seaman and

492

00:21:19,270 --> 00:21:17,120

performer duke ellington

493

00:21:22,470 --> 00:21:19,280

a call to the cemetery offices for

494

00:21:24,950 --> 00:21:22,480

comment was not immediately returned

495

00:21:26,870 --> 00:21:24,960

woodland cemetery has finally

496

00:21:29,590 --> 00:21:26,880

has family owned mausoleums and

497

00:21:33,590 --> 00:21:29,600

community mausoleums according to its

498

00:21:39,350 --> 00:21:36,710

on august 15th in queens three teenage

499

00:21:40,950 --> 00:21:39,360

boys vandalized cypress hill cemetery

500

00:21:43,669 --> 00:21:40,960

knocking over headstones and breaking

501  
00:21:45,990 --> 00:21:43,679  
the marble off of burial off of burial

502  
00:21:49,190 --> 00:21:46,000  
vault cop said

503  
00:21:52,630 --> 00:21:49,200  
the teen goons also spray-painted racist

504  
00:21:55,750 --> 00:21:52,640  
and anti-cop graffiti on the desecrated

505  
00:22:00,390 --> 00:21:57,270  
yeah that stuff just

506  
00:22:01,510 --> 00:22:00,400  
gets to me i mean

507  
00:22:05,750 --> 00:22:01,520  
there are

508  
00:22:06,630 --> 00:22:05,760  
anymore because other people have gone

509  
00:22:07,990 --> 00:22:06,640  
in

510  
00:22:09,750 --> 00:22:08,000  
and uh

511  
00:22:11,830 --> 00:22:09,760  
desecrated them

512  
00:22:12,710 --> 00:22:11,840  
dartford cemetery is one that comes to

513  
00:22:14,710 --> 00:22:12,720

mind

514

00:22:16,070 --> 00:22:14,720

i know uh

515

00:22:18,870 --> 00:22:16,080

earlier in the year we were gonna go to

516

00:22:21,990 --> 00:22:18,880

farrar in iowa and the prayer haunted

517

00:22:24,630 --> 00:22:22,000

school across the street has a cemetery

518

00:22:27,029 --> 00:22:24,640

and for years and years it's kind of

519

00:22:28,470 --> 00:22:27,039

like a one two

520

00:22:29,909 --> 00:22:28,480

uh

521

00:22:31,669 --> 00:22:29,919

what do you call it it's like it's a a

522

00:22:32,549 --> 00:22:31,679

double win because you can not only see

523

00:22:38,310 --> 00:22:32,559

this

524

00:22:39,669 --> 00:22:38,320

street is uh cemetery which is also

525

00:22:41,990 --> 00:22:39,679

supposed to be haunted in fact some

526

00:22:44,950 --> 00:22:42,000

people speculate it's a cemetery that's

527

00:22:46,630 --> 00:22:44,960

causing the school to be haunted

528

00:22:48,470 --> 00:22:46,640

but they have that shut down now because

529

00:22:50,549 --> 00:22:48,480

of vandals that have come

530

00:22:52,950 --> 00:22:50,559

so now if you go out there you can't go

531

00:22:54,789 --> 00:22:52,960

into cemetery anymore

532

00:22:55,750 --> 00:22:54,799

so it's just unfortunate

533

00:22:59,270 --> 00:22:55,760

um

534

00:22:59,280 --> 00:23:03,029

you guys have any thoughts

535

00:23:06,830 --> 00:23:05,270

how many bodies were laid out are the

536

00:23:10,310 --> 00:23:06,840

bones or whatever

537

00:23:12,710 --> 00:23:10,320

six six of them oh i wonder if they were

538

00:23:14,390 --> 00:23:12,720

stealing jewelry parts

539

00:23:15,669 --> 00:23:14,400

any parts missing

540

00:23:17,270 --> 00:23:15,679

they didn't say

541

00:23:19,350 --> 00:23:17,280

they never said in the report they just

542

00:23:23,110 --> 00:23:19,360

said they found six caskets removed from

543

00:23:24,950 --> 00:23:23,120

their sleeves oh jeez

544

00:23:28,549 --> 00:23:24,960

might have been grave robbers or there

545

00:23:31,190 --> 00:23:28,559

is a quite a market out there for uh

546

00:23:32,870 --> 00:23:31,200

bones and body parts stuff like that if

547

00:23:33,750 --> 00:23:32,880

there was anything missing like that

548

00:23:36,230 --> 00:23:33,760

then

549

00:23:37,830 --> 00:23:36,240

that would most likely be could just be

550

00:23:40,630 --> 00:23:37,840

some

551  
00:23:42,710 --> 00:23:40,640  
high school kids who want to dare

552  
00:23:45,190 --> 00:23:42,720  
you know tell them the other ones i dare

553  
00:23:49,270 --> 00:23:45,200  
you to go in there and do that

554  
00:23:53,510 --> 00:23:51,430  
right and you know a lot of times it is

555  
00:23:55,350 --> 00:23:53,520  
the uh high school

556  
00:23:56,870 --> 00:23:55,360  
uh and not just high school kids but

557  
00:24:01,110 --> 00:23:56,880  
it's it's the ones that are chaos

558  
00:24:05,750 --> 00:24:03,350  
yep may they be may they be haunted

559  
00:24:08,470 --> 00:24:05,760  
that's all i'm going to say right i hope

560  
00:24:11,669 --> 00:24:08,480  
so that would teach them all a lesson

561  
00:24:14,149 --> 00:24:11,679  
no seriously like what why do people

562  
00:24:15,990 --> 00:24:14,159  
do something like that i think to me it

563  
00:24:17,510 --> 00:24:16,000

sounds like what don says you usually

564

00:24:19,350 --> 00:24:17,520

hear about this when it's either grave

565

00:24:22,310 --> 00:24:19,360

robbers or people's

566

00:24:24,390 --> 00:24:22,320

people sneaking off remains for like

567

00:24:26,950 --> 00:24:24,400

to sell on the black market or to

568

00:24:29,269 --> 00:24:26,960

smuggle in a medical school

569

00:24:32,390 --> 00:24:29,279

now were them three kids suspects or are

570

00:24:33,510 --> 00:24:32,400

they caught in direct connection

571

00:24:34,870 --> 00:24:33,520

you had mentioned

572

00:24:35,990 --> 00:24:34,880

at the end of the article yeah

573

00:24:38,789 --> 00:24:36,000

apparently

574

00:24:40,070 --> 00:24:38,799

that that's what was said in the article

575

00:24:42,070 --> 00:24:40,080

which one

576  
00:24:43,430 --> 00:24:42,080  
it wasn't specified

577  
00:24:46,380 --> 00:24:43,440  
i mean they're not going to release the

578  
00:24:47,990 --> 00:24:46,390  
names because they're juveniles right

579  
00:24:50,310 --> 00:24:48,000  
[Music]

580  
00:24:52,390 --> 00:24:50,320  
so right what do we have next

581  
00:24:54,310 --> 00:24:52,400  
next is

582  
00:24:56,149 --> 00:24:54,320  
uh and then this this story actually

583  
00:24:58,710 --> 00:24:56,159  
brings up an interesting question

584  
00:25:01,430 --> 00:24:58,720  
uh the story is death valley breaks

585  
00:25:04,310 --> 00:25:01,440  
record for hottest month ever

586  
00:25:09,110 --> 00:25:06,549  
july temperatures in death valley have

587  
00:25:11,789 --> 00:25:09,120  
incinerated previous records

588  
00:25:14,630 --> 00:25:11,799

with an average daily high of

589

00:25:16,549 --> 00:25:14,640

107.4 degrees fahrenheit

590

00:25:18,909 --> 00:25:16,559

july was the hottest month on record

591

00:25:24,149 --> 00:25:18,919

blazing through the former record of

592

00:25:25,510 --> 00:25:24,159

107.2 degrees set in 1917

593

00:25:29,190 --> 00:25:25,520

according to the national weather

594

00:25:30,950 --> 00:25:29,200

service's las vegas forecast office

595

00:25:32,870 --> 00:25:30,960

temperatures in death valley in july

596

00:25:34,470 --> 00:25:32,880

blazed into record books

597

00:25:35,590 --> 00:25:34,480

not only as a hottest month in the

598

00:25:37,909 --> 00:25:35,600

desert

599

00:25:40,390 --> 00:25:37,919

in eastern california but also the

600

00:25:43,830 --> 00:25:40,400

hottest month ever recorded in the

601  
00:25:47,830 --> 00:25:43,840  
united states according to the nws las

602  
00:25:51,909 --> 00:25:49,990  
service

603  
00:25:52,950 --> 00:25:51,919  
during july temperatures were at their

604  
00:25:55,590 --> 00:25:52,960  
lowest

605  
00:25:58,870 --> 00:25:55,600  
around 5 a.m local time

606  
00:26:01,430 --> 00:25:58,880  
averaging about 95 degrees

607  
00:26:04,310 --> 00:26:01,440  
so that's uh

608  
00:26:06,630 --> 00:26:04,320  
wow um this is

609  
00:26:09,590 --> 00:26:06,640  
it goes on to say uh

610  
00:26:10,990 --> 00:26:09,600  
death valley's highest temperatures

611  
00:26:15,149 --> 00:26:11,000  
were july

612  
00:26:17,590 --> 00:26:15,159  
127 degrees on july 7th

613  
00:26:20,230 --> 00:26:17,600

126 degrees on

614

00:26:23,350 --> 00:26:20,240

the following day and 125 degrees on the

615

00:26:27,029 --> 00:26:24,710

and what they see is a combination of

616

00:26:28,390 --> 00:26:27,039

geological factors including low

617

00:26:30,310 --> 00:26:28,400

elevation and the presence of

618

00:26:32,710 --> 00:26:30,320

surrounding mountains that block cooling

619

00:26:35,269 --> 00:26:32,720

moisture trapping fuel that baking heat

620

00:26:38,870 --> 00:26:35,279

that develops during the summer the

621

00:26:40,870 --> 00:26:38,880

summer in death valley

622

00:26:43,350 --> 00:26:40,880

death valley holds the record for the

623

00:26:44,750 --> 00:26:43,360

hottest temperature ever recorded on

624

00:26:47,110 --> 00:26:44,760

earth

625

00:26:49,990 --> 00:26:47,120

134 degrees

626  
00:26:52,950 --> 00:26:50,000  
on july 10 2013

627  
00:26:55,750 --> 00:26:52,960  
which is part of a five-day heat wave

628  
00:26:57,990 --> 00:26:55,760  
which temperatures hovered at 129

629  
00:26:59,029 --> 00:26:58,000  
degrees

630  
00:27:01,750 --> 00:26:59,039  
so

631  
00:27:05,110 --> 00:27:01,760  
that's interesting because

632  
00:27:09,110 --> 00:27:05,120  
you know um you got this argument

633  
00:27:09,909 --> 00:27:09,120  
of is you know is global warming real

634  
00:27:12,630 --> 00:27:09,919  
or

635  
00:27:15,909 --> 00:27:12,640  
in fact is there uh

636  
00:27:19,029 --> 00:27:15,919  
is there a global cooling going on

637  
00:27:21,750 --> 00:27:19,039  
some people claim that's the case

638  
00:27:23,750 --> 00:27:21,760

and

639

00:27:26,710 --> 00:27:23,760

you know i like i i know

640

00:27:27,750 --> 00:27:26,720

um greenland had some

641

00:27:29,190 --> 00:27:27,760

uh

642

00:27:31,190 --> 00:27:29,200

record lows

643

00:27:32,830 --> 00:27:31,200

not too long ago so that's really

644

00:27:34,470 --> 00:27:32,840

interesting

645

00:27:36,149 --> 00:27:34,480

um

646

00:27:37,510 --> 00:27:36,159

yeah so

647

00:27:42,470 --> 00:27:37,520

what do you guys think do you think

648

00:27:47,750 --> 00:27:45,269

well global global warming is a real

649

00:27:49,110 --> 00:27:47,760

situation but there's uh there's more to

650

00:27:52,310 --> 00:27:49,120

the uh

651  
00:27:54,870 --> 00:27:52,320  
the heating up of certain areas uh you

652  
00:27:55,830 --> 00:27:54,880  
look at the anything that's dark out

653  
00:27:58,870 --> 00:27:55,840  
there

654  
00:28:00,870 --> 00:27:58,880  
uh recently across the united states and

655  
00:28:05,029 --> 00:28:00,880  
around the world we've got a lot of

656  
00:28:06,149 --> 00:28:05,039  
paved areas anything black is gonna

657  
00:28:07,590 --> 00:28:06,159  
really

658  
00:28:09,990 --> 00:28:07,600  
get the heat up

659  
00:28:12,070 --> 00:28:10,000  
so you got pavement and like out on

660  
00:28:15,350 --> 00:28:12,080  
death valley you got some of the rocks

661  
00:28:17,909 --> 00:28:15,360  
out there that are dark red you got dark

662  
00:28:19,110 --> 00:28:17,919  
colorations out there

663  
00:28:21,830 --> 00:28:19,120

that'll all

664

00:28:27,110 --> 00:28:21,840

get the sun to really beat down on and

665

00:28:31,669 --> 00:28:29,669

yeah around here too i've noticed

666

00:28:34,389 --> 00:28:31,679

changes in the last 30 years too but

667

00:28:36,310 --> 00:28:34,399

we've only had one day over 90 degrees

668

00:28:38,389 --> 00:28:36,320

this year kevin up here but we do have

669

00:28:40,950 --> 00:28:38,399

lake superior cooling cooling us off

670

00:28:43,029 --> 00:28:40,960

that's part of the issue but one one

671

00:28:45,110 --> 00:28:43,039

temperature one day over 90 in june

672

00:28:47,909 --> 00:28:45,120

everything's been at the at the most

673

00:28:52,149 --> 00:28:50,310

yeah like you know it seems to me uh it

674

00:28:53,350 --> 00:28:52,159

was much warmer

675

00:28:55,830 --> 00:28:53,360

uh you know

676

00:28:57,269 --> 00:28:55,840

in my memory anyways it was much warmer

677

00:29:00,789 --> 00:28:57,279

uh

678

00:29:03,029 --> 00:29:00,799

in the earlier part of the 2000s yep

679

00:29:04,710 --> 00:29:03,039

it doesn't seem these last couple years

680

00:29:05,590 --> 00:29:04,720

at least in wisconsin

681

00:29:07,029 --> 00:29:05,600

like

682

00:29:10,070 --> 00:29:07,039

uh you know

683

00:29:11,510 --> 00:29:10,080

that's hot or noticeably more or like

684

00:29:12,630 --> 00:29:11,520

you said uh

685

00:29:14,549 --> 00:29:12,640

you know

686

00:29:15,510 --> 00:29:14,559

some summers in the past we've had you

687

00:29:17,990 --> 00:29:15,520

know

688

00:29:19,029 --> 00:29:18,000

a few 90 degree days

689

00:29:21,350 --> 00:29:19,039

um

690

00:29:23,909 --> 00:29:21,360

every once in a you know so many years

691

00:29:27,430 --> 00:29:23,919

you might get a 100 degree day

692

00:29:28,789 --> 00:29:27,440

very rare but it does happen um

693

00:29:30,389 --> 00:29:28,799

but you know like you said the last

694

00:29:32,870 --> 00:29:30,399

couple years it just hasn't been like

695

00:29:35,750 --> 00:29:32,880

that nope not at all

696

00:29:38,870 --> 00:29:35,760

so and that's you know so i i personally

697

00:29:41,190 --> 00:29:38,880

for me i i question global warming um

698

00:29:43,190 --> 00:29:41,200

i'm not i think there are just

699

00:29:44,870 --> 00:29:43,200

earth cycles

700

00:29:46,070 --> 00:29:44,880

and i to be honest i'm not sure if we

701  
00:29:47,990 --> 00:29:46,080  
know enough

702  
00:29:52,549 --> 00:29:48,000  
about the long-term

703  
00:29:59,110 --> 00:29:54,310  
and of course you got the whole politics

704  
00:30:00,870 --> 00:29:59,120  
of the the carbon tax yeah so there's

705  
00:30:02,870 --> 00:30:00,880  
okay guys we're going to take our first

706  
00:30:04,870 --> 00:30:02,880  
commercial break you are listening to

707  
00:30:06,710 --> 00:30:04,880  
power reversal universe on the inception

708  
00:30:10,389 --> 00:30:06,720  
radio network and we will be right back

709  
00:30:14,470 --> 00:30:12,470  
welcome back to periversal universe on

710  
00:30:17,510 --> 00:30:14,480  
the inception radio network with your

711  
00:30:19,269 --> 00:30:17,520  
host kevin goodbye summer hello new fall

712  
00:30:21,590 --> 00:30:19,279  
fashion this is a great time to shop

713  
00:30:23,350 --> 00:30:21,600

macy's backstage i know prices are so

714

00:30:25,190 --> 00:30:23,360

low you never need a coupon they have

715

00:30:27,510 --> 00:30:25,200

all the hottest looks for the new season

716

00:30:30,310 --> 00:30:27,520

for men women kids plus shoes

717

00:30:32,470 --> 00:30:30,320

accessories handbags pet gear toys home

718

00:30:34,870 --> 00:30:32,480

decor all our favorite brands great

719

00:30:37,029 --> 00:30:34,880

designers we always find something best

720

00:30:38,710 --> 00:30:37,039

of all new fall finds arrive every week

721

00:30:41,269 --> 00:30:38,720

we'll miss you summer the fall looks

722

00:30:43,750 --> 00:30:41,279

awesome macy's backstage savings for

723

00:30:46,070 --> 00:30:43,760

everyday life visit macy's backstage dot

724

00:30:47,590 --> 00:30:46,080

com for a location near you i'm jennifer

725

00:30:50,549 --> 00:30:47,600

malik

726

00:30:52,950 --> 00:30:50,559

and tonight we're joined by with

727

00:30:56,230 --> 00:30:52,960

or by michael mj lucas

728

00:31:00,950 --> 00:30:59,110

and this is paranormal blender

729

00:31:02,950 --> 00:31:00,960

but before we get back to the news i'd

730

00:31:05,590 --> 00:31:02,960

like to take a minute and thank everyone

731

00:31:07,350 --> 00:31:05,600

who makes periversal universe possible

732

00:31:08,470 --> 00:31:07,360

including graphic art designer lawrence

733

00:31:10,470 --> 00:31:08,480

d misa

734

00:31:12,549 --> 00:31:10,480

webmaster joe champion

735

00:31:14,950 --> 00:31:12,559

music by matt stens

736

00:31:16,470 --> 00:31:14,960

producer michael m j lucas

737

00:31:18,230 --> 00:31:16,480

and of course to god for granting us

738

00:31:20,710 --> 00:31:18,240

this wonderful show and opportunity here

739

00:31:22,230 --> 00:31:20,720

to be with you all

740

00:31:25,029 --> 00:31:22,240

tonight's

741

00:31:26,070 --> 00:31:25,039

second half is brought to you by lucas

742

00:31:29,269 --> 00:31:26,080

wellness

743

00:31:33,029 --> 00:31:29,279

the ufo wisconsin research team

744

00:31:34,950 --> 00:31:33,039

and the book trail of the sasquatch

745

00:31:36,710 --> 00:31:34,960

we also have three periversal universe

746

00:31:38,950 --> 00:31:36,720

light pages

747

00:31:40,470 --> 00:31:38,960

also check them out

748

00:31:43,110 --> 00:31:40,480

and check out jennifer malek psychic

749

00:31:44,950 --> 00:31:43,120

demonologist jennifer's like ph

750

00:31:48,710 --> 00:31:44,960

and of course the northern wisconsin

751  
00:31:50,310 --> 00:31:48,720  
paranormal society limited like page

752  
00:31:52,870 --> 00:31:50,320  
there are also some group pages worth

753  
00:31:54,070 --> 00:31:52,880  
noting big monstrosities which is the

754  
00:31:55,990 --> 00:31:54,080  
largest

755  
00:31:58,830 --> 00:31:56,000  
facebook

756  
00:32:01,590 --> 00:31:58,840  
group page for aquatic mysteries in lake

757  
00:32:04,389 --> 00:32:01,600  
monsters ultimate conspiracies which is

758  
00:32:05,430 --> 00:32:04,399  
pretty much self-explanatory

759  
00:32:08,950 --> 00:32:05,440  
and

760  
00:32:11,350 --> 00:32:08,960  
donald's group kindred forest

761  
00:32:12,870 --> 00:32:11,360  
which is an awesome group very much so

762  
00:32:14,310 --> 00:32:12,880  
yes it is

763  
00:32:17,190 --> 00:32:14,320

if you have any questions for our guests

764

00:32:20,630 --> 00:32:17,200

go to ironchat.com

765

00:32:24,950 --> 00:32:22,710

okay so uh why don't we just get right

766

00:32:27,669 --> 00:32:24,960

back to the news and of course we have

767

00:32:31,509 --> 00:32:27,679

to thank our regulars in chat for

768

00:32:33,350 --> 00:32:31,519

hanging out with us every friday yes

769

00:32:34,549 --> 00:32:33,360

always

770

00:32:36,549 --> 00:32:34,559

okay

771

00:32:37,750 --> 00:32:36,559

so our next article comes from the

772

00:32:40,070 --> 00:32:37,760

olympian

773

00:32:43,190 --> 00:32:40,080

on august 7th

774

00:32:49,830 --> 00:32:46,470

two gurneys one occupied fall out of

775

00:32:52,630 --> 00:32:49,840

coroner's van into traffic police say oh

776

00:32:56,870 --> 00:32:54,630

two gurneys including one that was

777

00:32:59,029 --> 00:32:56,880

occupied by a deceased person fell out

778

00:33:01,590 --> 00:32:59,039

of the back of a coroner's van and into

779

00:33:05,110 --> 00:33:01,600

traffic monday afternoon in olympia

780

00:33:10,470 --> 00:33:07,430

the van was on its way back to thurston

781

00:33:14,549 --> 00:33:10,480

county coroner's office just before 12

782

00:33:16,710 --> 00:33:14,559

30 pm after responding to a home death

783

00:33:20,070 --> 00:33:16,720

olympia police lieutenant

784

00:33:21,750 --> 00:33:20,080

paul lower said the two gurneys fell out

785

00:33:24,549 --> 00:33:21,760

of the back of the van at the

786

00:33:27,350 --> 00:33:24,559

intersection of martin way east

787

00:33:29,430 --> 00:33:27,360

and phoenix street southeast

788

00:33:31,269 --> 00:33:29,440

the gurney occupied by the deceased

789

00:33:32,470 --> 00:33:31,279

person was found in the middle of an

790

00:33:34,310 --> 00:33:32,480

intersection

791

00:33:36,549 --> 00:33:34,320

while the second gurney rolled down

792

00:33:38,950 --> 00:33:36,559

phoenix street southeast and was found

793

00:33:43,190 --> 00:33:38,960

in a parking lot near pacific avenue

794

00:33:48,230 --> 00:33:45,990

lower said the two officers were near

795

00:33:50,389 --> 00:33:48,240

the site when the dispatch reported the

796

00:33:53,110 --> 00:33:50,399

incident and were able to quickly

797

00:33:55,110 --> 00:33:53,120

reroute traffic away from the area the

798

00:33:57,350 --> 00:33:55,120

coroner's office was notified and

799

00:33:59,509 --> 00:33:57,360

returned to load the gurneys back into

800

00:34:01,430 --> 00:33:59,519

the van

801  
00:34:04,070 --> 00:34:01,440  
thurston county coroner

802  
00:34:06,149 --> 00:34:04,080  
gary warnock said a preliminary

803  
00:34:07,909 --> 00:34:06,159  
investigation is underway to determine

804  
00:34:09,270 --> 00:34:07,919  
whether the cause of the incident was

805  
00:34:11,909 --> 00:34:09,280  
operating

806  
00:34:14,149 --> 00:34:11,919  
error or mechanical failure

807  
00:34:15,430 --> 00:34:14,159  
there was no trauma to the body after

808  
00:34:17,270 --> 00:34:15,440  
the incident

809  
00:34:19,190 --> 00:34:17,280  
he said and the family was notified

810  
00:34:21,669 --> 00:34:19,200  
monday about what happened

811  
00:34:24,869 --> 00:34:21,679  
warnock has worked for the coroner's

812  
00:34:26,149 --> 00:34:24,879  
office since 2001 as it is as an

813  
00:34:28,629 --> 00:34:26,159

investigator

814

00:34:30,790 --> 00:34:28,639

before becoming a coroner

815

00:34:31,750 --> 00:34:30,800

and said nothing like this has happened

816

00:34:33,669 --> 00:34:31,760

before

817

00:34:36,710 --> 00:34:33,679

the van will be tested and checked for

818

00:34:40,310 --> 00:34:36,720

any mechanical failure he said

819

00:34:44,550 --> 00:34:42,869

man you know talking about the the body

820

00:34:46,829 --> 00:34:44,560

being traumatized how about the people

821

00:34:49,270 --> 00:34:46,839

behind

822

00:34:51,030 --> 00:34:49,280

them maybe not so much but you know what

823

00:34:52,950 --> 00:34:51,040

i'm saying i mean that's that's just one

824

00:34:55,669 --> 00:34:52,960

of the things can you imagine driving

825

00:34:57,589 --> 00:34:55,679

through the intersection and a

826

00:34:59,750 --> 00:34:57,599

gurney lands in front of your car with

827

00:35:01,750 --> 00:34:59,760

the corpse on it oh i hate them

828

00:35:04,150 --> 00:35:01,760

i hate to laugh that's not good to laugh

829

00:35:06,230 --> 00:35:04,160

but that would be strange

830

00:35:07,910 --> 00:35:06,240

yeah that's that's the ultra bizarre i

831

00:35:08,950 --> 00:35:07,920

guess oh yeah

832

00:35:11,670 --> 00:35:08,960

um

833

00:35:13,109 --> 00:35:11,680

but yeah that's uh it's not mechanical

834

00:35:15,030 --> 00:35:13,119

i'm thinking it was the people who would

835

00:35:16,870 --> 00:35:15,040

think it was the corner that had the van

836

00:35:18,790 --> 00:35:16,880

that didn't fasten the gurneys in the

837

00:35:20,470 --> 00:35:18,800

right way right right and the door

838

00:35:21,910 --> 00:35:20,480

didn't get shut correctly

839

00:35:23,990 --> 00:35:21,920

right yeah the door didn't get shut all

840

00:35:28,390 --> 00:35:24,000

the way in right

841

00:35:33,109 --> 00:35:30,150

nobody was hurt that's important right

842

00:35:39,750 --> 00:35:34,550

the next story

843

00:35:41,030 --> 00:35:39,760

uh for august and and this is uh

844

00:35:42,870 --> 00:35:41,040

uh

845

00:35:46,310 --> 00:35:42,880

this is significant especially and and

846

00:35:50,150 --> 00:35:46,320

in the ecology community

847

00:35:51,670 --> 00:35:50,160

and this is written by kevin randle

848

00:35:54,310 --> 00:35:51,680

and it's called a

849

00:35:57,190 --> 00:35:54,320

different perspective

850

00:35:59,990 --> 00:35:57,200

a commentary on ufos paranormal events

851  
00:36:01,190 --> 00:36:00,000  
and related topics

852  
00:36:04,870 --> 00:36:01,200  
jim mars

853  
00:36:06,790 --> 00:36:04,880  
december 5th 1943 to august 2nd

854  
00:36:09,109 --> 00:36:06,800  
2017.

855  
00:36:10,069 --> 00:36:09,119  
for those who haven't heard jim mars has

856  
00:36:13,349 --> 00:36:10,079  
died

857  
00:36:14,630 --> 00:36:13,359  
he was famous for his book alien agenda

858  
00:36:17,270 --> 00:36:14,640  
and his book on the kennedy

859  
00:36:19,349 --> 00:36:17,280  
assassination crossfire

860  
00:36:22,390 --> 00:36:19,359  
the book became the basis for oliver

861  
00:36:24,470 --> 00:36:22,400  
stone's movie jfk

862  
00:36:27,430 --> 00:36:24,480  
personally i have met mars only twice

863  
00:36:28,950 --> 00:36:27,440

and both times at ufo symposium or

864

00:36:31,510 --> 00:36:28,960

conferences

865

00:36:34,710 --> 00:36:31,520

we disagree on several cases

866

00:36:36,390 --> 00:36:34,720

such as ufo crash in aurora texas in

867

00:36:38,710 --> 00:36:36,400

1897

868

00:36:40,470 --> 00:36:38,720

but that didn't mean we argued loudly or

869

00:36:42,950 --> 00:36:40,480

attacked each other his research

870

00:36:45,030 --> 00:36:42,960

techniques or beliefs

871

00:36:46,950 --> 00:36:45,040

he was always cordial and answered the

872

00:36:49,589 --> 00:36:46,960

questions of his fans politely and with

873

00:36:53,670 --> 00:36:51,510

although publishers weakly

874

00:36:56,630 --> 00:36:53,680

savaged the alien agenda that didn't

875

00:36:58,870 --> 00:36:56,640

stop the public from buying it

876

00:37:01,349 --> 00:36:58,880

and according to some it is the top

877

00:37:03,109 --> 00:37:01,359

selling ufo book of all time

878

00:37:05,589 --> 00:37:03,119

interestingly

879

00:37:08,550 --> 00:37:05,599

and like so many of the rest of us

880

00:37:11,430 --> 00:37:08,560

he had his own radio show

881

00:37:13,109 --> 00:37:11,440

the view from mars it was called it was

882

00:37:18,310 --> 00:37:13,119

heard three times a week

883

00:37:22,790 --> 00:37:20,470

jim mars who had a big voice in the ufo

884

00:37:24,150 --> 00:37:22,800

field is gone i suspect he knows the

885

00:37:25,990 --> 00:37:24,160

ultimate truth

886

00:37:29,750 --> 00:37:26,000

it would be fun to read

887

00:37:32,069 --> 00:37:30,950

so

888

00:37:33,829 --> 00:37:32,079

i thought that was a nice little

889

00:37:34,829 --> 00:37:33,839

write-up i didn't want anything too long

890

00:37:38,950 --> 00:37:34,839

but

891

00:37:38,960 --> 00:37:43,670

did were you guys uh jamar's fans at all

892

00:37:49,109 --> 00:37:46,150

i don't know

893

00:37:51,990 --> 00:37:49,119

yeah jim jim was on i did produce

894

00:37:54,390 --> 00:37:52,000

several of jim shows he was he was a he

895

00:37:55,829 --> 00:37:54,400

was a great guy yeah i liked it when he

896

00:37:57,109 --> 00:37:55,839

went on and talked about kennedy

897

00:37:59,349 --> 00:37:57,119

especially

898

00:38:01,270 --> 00:37:59,359

he had a lot of insight on that

899

00:38:04,150 --> 00:38:01,280

uh kevin randall's uh kevin randle's a

900

00:38:05,589 --> 00:38:04,160

friend too he comes on the show probably

901  
00:38:07,430 --> 00:38:05,599  
a couple times here in goes rounds with

902  
00:38:09,109 --> 00:38:07,440  
my co-hosts they like to go they have

903  
00:38:11,829 --> 00:38:09,119  
they like to do their little

904  
00:38:14,150 --> 00:38:11,839  
little tassel on roswell and stuff like

905  
00:38:15,990 --> 00:38:14,160  
that but but yeah jim mars was a great

906  
00:38:17,589 --> 00:38:16,000  
guy was it was always fun chatting with

907  
00:38:19,589 --> 00:38:17,599  
him on commercial breaks i've never had

908  
00:38:21,829 --> 00:38:19,599  
him on my show personally but

909  
00:38:23,430 --> 00:38:21,839  
he was uh he was he was a he was

910  
00:38:25,190 --> 00:38:23,440  
all-knowing with the kennedy you know

911  
00:38:27,670 --> 00:38:25,200  
the kennedy stuff he had some great

912  
00:38:29,109 --> 00:38:27,680  
insight

913  
00:38:31,190 --> 00:38:29,119

yeah he uh

914

00:38:32,390 --> 00:38:31,200

not just with ufology but the conspiracy

915

00:38:34,020 --> 00:38:32,400

vehicles

916

00:38:36,150 --> 00:38:34,030

great respect for him too

917

00:38:37,750 --> 00:38:36,160

[Music]

918

00:38:39,670 --> 00:38:37,760

you know and uh

919

00:38:42,390 --> 00:38:39,680

a lot of people didn't know where the

920

00:38:43,270 --> 00:38:42,400

the jfk film you know what it was based

921

00:38:45,030 --> 00:38:43,280

on

922

00:38:46,870 --> 00:38:45,040

or who had what

923

00:38:50,150 --> 00:38:46,880

uh

924

00:38:51,910 --> 00:38:50,160

i i guess put the the theory out there

925

00:38:54,470 --> 00:38:51,920

you know that oliver stone would come

926  
00:38:57,430 --> 00:38:54,480  
across it

927  
00:38:59,349 --> 00:38:57,440  
and uh it would turn into a movie

928  
00:39:01,829 --> 00:38:59,359  
um whether

929  
00:39:03,349 --> 00:39:01,839  
uh you know whether it's that's what

930  
00:39:05,109 --> 00:39:03,359  
happened or not

931  
00:39:07,349 --> 00:39:05,119  
i think it's good that we're asking

932  
00:39:10,150 --> 00:39:07,359  
questions

933  
00:39:11,910 --> 00:39:10,160  
right about what happened and uh because

934  
00:39:14,950 --> 00:39:11,920  
it's like many of these

935  
00:39:17,109 --> 00:39:14,960  
events in modern

936  
00:39:19,109 --> 00:39:17,119  
american history

937  
00:39:20,790 --> 00:39:19,119  
you know uh

938  
00:39:23,589 --> 00:39:20,800

we're told one thing and then we learn

939

00:39:25,950 --> 00:39:23,599

something different

940

00:39:29,670 --> 00:39:25,960

you know and then we end up with uh

941

00:39:31,190 --> 00:39:29,680

a divided population okay i think this

942

00:39:32,550 --> 00:39:31,200

happened and the other half said nope

943

00:39:35,349 --> 00:39:32,560

this happened

944

00:39:36,470 --> 00:39:35,359

and uh it's happened with so many events

945

00:39:38,230 --> 00:39:36,480

otherwise

946

00:39:41,790 --> 00:39:38,240

what sex

947

00:39:45,430 --> 00:39:41,800

all right next up we have from nbc

948

00:39:48,470 --> 00:39:45,440

nbc4i.com which is out of columbus

949

00:39:50,710 --> 00:39:48,480

police asking residents to not

950

00:39:51,910 --> 00:39:50,720

to not shoot bigfoot after recent

951  
00:39:55,589 --> 00:39:51,920  
sighting

952  
00:39:57,589 --> 00:39:55,599  
and this is by nbc 4 staff august 8th

953  
00:40:00,310 --> 00:39:57,599  
2017

954  
00:40:02,470 --> 00:40:00,320  
greenville south carolina the greenville

955  
00:40:04,310 --> 00:40:02,480  
police department is asking that you

956  
00:40:07,430 --> 00:40:04,320  
don't shoot bigfoot

957  
00:40:09,510 --> 00:40:07,440  
this comes in response to the reported

958  
00:40:12,870 --> 00:40:09,520  
sighting in cleveland county south

959  
00:40:14,950 --> 00:40:12,880  
carolina earlier this week

960  
00:40:17,270 --> 00:40:14,960  
the police department posted the

961  
00:40:19,510 --> 00:40:17,280  
following on its facebook page

962  
00:40:22,150 --> 00:40:19,520  
after watching this video from nearby

963  
00:40:24,310 --> 00:40:22,160

boone north carolina facebook followers

964

00:40:27,030 --> 00:40:24,320

and friends i think we can say with some

965

00:40:28,550 --> 00:40:27,040

confidence that proof of bigfoot still

966

00:40:31,349 --> 00:40:28,560

eludes us

967

00:40:34,390 --> 00:40:31,359

if you see bigfoot please do not shoot

968

00:40:36,630 --> 00:40:34,400

at him or her as you will might as you

969

00:40:39,349 --> 00:40:36,640

will most likely be wounding a fun

970

00:40:43,670 --> 00:40:39,359

loving and well-intentioned person

971

00:40:46,790 --> 00:40:45,190

there have been numerous bigfoot

972

00:40:49,270 --> 00:40:46,800

sightings over the years in the

973

00:40:52,470 --> 00:40:49,280

carolinas including one from mountain

974

00:40:55,270 --> 00:40:52,480

man tim healer back in 2010

975

00:41:02,160 --> 00:40:55,280

he described bigfoot as being 10 foot

976

00:41:05,270 --> 00:41:03,349

[Music]

977

00:41:07,349 --> 00:41:05,280

beautiful let's start with don on this

978

00:41:10,069 --> 00:41:07,359

one yeah

979

00:41:14,230 --> 00:41:10,079

well it does have to i can understand

980

00:41:17,349 --> 00:41:14,240

the uh the police uh

981

00:41:20,950 --> 00:41:17,359

interest in that you know i've had

982

00:41:23,510 --> 00:41:20,960

similar incidents around uh my neck of

983

00:41:28,870 --> 00:41:23,520

the woods up here it was uh

984

00:41:32,829 --> 00:41:31,270

someone over towards the

985

00:41:36,390 --> 00:41:32,839

cannon catawba

986

00:41:38,230 --> 00:41:36,400

area ran across the highway in a monkey

987

00:41:41,829 --> 00:41:38,240

suit

988

00:41:43,750 --> 00:41:41,839

and that was on 111 and uh someone

989

00:41:46,230 --> 00:41:43,760

stopped the vehicle the idiot did it

990

00:41:48,870 --> 00:41:46,240

during the bear season

991

00:41:51,510 --> 00:41:48,880

oh the guy got shot at

992

00:41:53,109 --> 00:41:51,520

he's lucky he got mad he

993

00:41:54,870 --> 00:41:53,119

lucky it missed

994

00:41:57,349 --> 00:41:54,880

well anyway the guy went down to the

995

00:41:59,430 --> 00:41:57,359

local bar in uh

996

00:42:01,670 --> 00:41:59,440

cannon and started

997

00:42:06,870 --> 00:42:01,680

complaining to everyone that he was shot

998

00:42:11,270 --> 00:42:08,470

yeah

999

00:42:14,710 --> 00:42:11,280

i can under i can understand the cops

1000

00:42:16,870 --> 00:42:14,720

getting you know concerned over that you

1001  
00:42:19,990 --> 00:42:16,880  
know especially if you've got a hoaxer

1002  
00:42:22,069 --> 00:42:20,000  
out there running around with a suit

1003  
00:42:24,470 --> 00:42:22,079  
yeah you're gonna get

1004  
00:42:26,790 --> 00:42:24,480  
in in today's world you've got a half

1005  
00:42:27,910 --> 00:42:26,800  
and half you got the ones out there that

1006  
00:42:30,390 --> 00:42:27,920  
says

1007  
00:42:32,230 --> 00:42:30,400  
no kill you got the ones are that are

1008  
00:42:34,710 --> 00:42:32,240  
all gung-ho and they're carrying

1009  
00:42:35,589 --> 00:42:34,720  
heavy-duty weaponry to knock one of them

1010  
00:42:37,430 --> 00:42:35,599  
down

1011  
00:42:39,829 --> 00:42:37,440  
so it's

1012  
00:42:41,510 --> 00:42:39,839  
it's basically you're taking your life

1013  
00:42:47,750 --> 00:42:41,520

in your own hands when you're doing

1014

00:42:51,670 --> 00:42:50,230

yeah i have no comment i mean

1015

00:42:53,589 --> 00:42:51,680

you gonna get shot in the butt oh

1016

00:42:55,750 --> 00:42:53,599

there's somebody has anybody ever been

1017

00:42:57,349 --> 00:42:55,760

shot in a costume is there any reports

1018

00:43:00,309 --> 00:42:57,359

of that don do you know of have you

1019

00:43:03,589 --> 00:43:00,319

heard i i believe so yeah there there

1020

00:43:05,430 --> 00:43:03,599

has been a couple instances it wasn't

1021

00:43:08,069 --> 00:43:05,440

anything fatal

1022

00:43:09,910 --> 00:43:08,079

i believe there was one in texas there

1023

00:43:10,829 --> 00:43:09,920

was one in

1024

00:43:14,790 --> 00:43:10,839

the

1025

00:43:16,870 --> 00:43:14,800

sierras one in canada i believe

1026  
00:43:19,510 --> 00:43:16,880  
it was mostly they would come around

1027  
00:43:23,430 --> 00:43:19,520  
they'd start to try to scare one of them

1028  
00:43:25,589 --> 00:43:23,440  
anyway was trying to scare someone

1029  
00:43:31,430 --> 00:43:25,599  
they got it right in the back with a

1030  
00:43:35,910 --> 00:43:33,030  
you know and then there's the other ones

1031  
00:43:38,309 --> 00:43:35,920  
they they they do it they they they're

1032  
00:43:39,349 --> 00:43:38,319  
out there hoaxing

1033  
00:43:44,470 --> 00:43:39,359  
and

1034  
00:43:46,550 --> 00:43:44,480  
these guys apparently didn't know about

1035  
00:43:49,430 --> 00:43:46,560  
the seasons well you've got bear season

1036  
00:43:51,510 --> 00:43:49,440  
you're running around in a black suit

1037  
00:43:53,349 --> 00:43:51,520  
uh you're gonna get you're gonna get

1038  
00:43:55,270 --> 00:43:53,359

nailed and it ain't gonna be i don't i

1039

00:43:57,910 --> 00:43:55,280

don't think anyway

1040

00:43:59,589 --> 00:43:57,920

that it is the hunter's fault you know

1041

00:44:04,630 --> 00:43:59,599

basically you're standing out there

1042

00:44:10,470 --> 00:44:07,190

hunter you look like a bear

1043

00:44:12,309 --> 00:44:10,480

i just it amazes me it's like you would

1044

00:44:15,430 --> 00:44:12,319

think one would learn from another how

1045

00:44:16,790 --> 00:44:15,440

many videos do we hear about

1046

00:44:18,470 --> 00:44:16,800

idiots

1047

00:44:21,109 --> 00:44:18,480

running around the woods is bigfoot

1048

00:44:22,790 --> 00:44:21,119

being caught

1049

00:44:24,550 --> 00:44:22,800

and then you know it's like i'm sorry

1050

00:44:26,230 --> 00:44:24,560

are you you think you're invincible you

1051

00:44:29,109 --> 00:44:26,240

think you're not gonna get shot if you

1052

00:44:30,390 --> 00:44:29,119

get mistaken for one

1053

00:44:32,470 --> 00:44:30,400

well the next

1054

00:44:34,870 --> 00:44:32,480

couple stories are from

1055

00:44:37,030 --> 00:44:34,880

uh other countries this particular one

1056

00:44:38,390 --> 00:44:37,040

is from india it has to do with america

1057

00:44:39,910 --> 00:44:38,400

too

1058

00:44:41,910 --> 00:44:39,920

i must say

1059

00:44:43,910 --> 00:44:41,920

uh spooked by uh

1060

00:44:44,950 --> 00:44:43,920

well let's see first of all this comes

1061

00:44:48,790 --> 00:44:44,960

from

1062

00:44:54,550 --> 00:44:52,390

okay my india today

1063

00:44:57,349 --> 00:44:54,560

we'll just oh here it is india today

1064

00:45:02,829 --> 00:45:00,470

spooked by haunted hotel air india crew

1065

00:45:05,190 --> 00:45:02,839

asks airline to change

1066

00:45:06,950 --> 00:45:05,200

accommodations a letter accessed by news

1067

00:45:10,150 --> 00:45:06,960

agency eni

1068

00:45:12,309 --> 00:45:10,160

and purportedly written by an air india

1069

00:45:14,950 --> 00:45:12,319

crew member complains about a paranormal

1070

00:45:16,630 --> 00:45:14,960

activities at a chicago hotel

1071

00:45:21,430 --> 00:45:16,640

and asked the airline to look into the

1072

00:45:25,589 --> 00:45:22,390

okay

1073

00:45:27,510 --> 00:45:25,599

the high the high flying lifestyle of

1074

00:45:29,270 --> 00:45:27,520

working for an airline always seems

1075

00:45:32,790 --> 00:45:29,280

glamorous however

1076

00:45:35,589 --> 00:45:32,800

the experiences of the air india crew

1077

00:45:37,510 --> 00:45:35,599

assigned to the flag of chicago in the

1078

00:45:39,670 --> 00:45:37,520

u.s will probably make those considering

1079

00:45:40,950 --> 00:45:39,680

a career in the airline industry think

1080

00:45:43,670 --> 00:45:40,960

twice

1081

00:45:45,109 --> 00:45:43,680

the crew which was put up in a hotel in

1082

00:45:47,910 --> 00:45:45,119

chicago

1083

00:45:49,829 --> 00:45:47,920

has had to deal with negative energies

1084

00:45:51,349 --> 00:45:49,839

quote unquote

1085

00:45:54,309 --> 00:45:51,359

while in their rooms according to a

1086

00:45:56,710 --> 00:45:54,319

report by new agency dni

1087

00:45:59,349 --> 00:45:56,720

so spooked has a crew bent after facing

1088

00:46:00,870 --> 00:45:59,359

paranormal activities at the hotel that

1089

00:46:02,790 --> 00:46:00,880

they have written to air india

1090

00:46:04,950 --> 00:46:02,800

management asking the national carrier

1091

00:46:07,510 --> 00:46:04,960

to take immediate action the cruise

1092

00:46:10,390 --> 00:46:07,520

deputies chief of cabin has written a

1093

00:46:11,990 --> 00:46:10,400

letter accessed by news agency eni

1094

00:46:14,230 --> 00:46:12,000

complaining that nerve-wracking

1095

00:46:17,030 --> 00:46:14,240

experiences at the chicago hotel has

1096

00:46:19,270 --> 00:46:17,040

left most of the crew members scared

1097

00:46:21,829 --> 00:46:19,280

of sleeping alone the letter however

1098

00:46:26,150 --> 00:46:21,839

does not specify the exact nature of the

1099

00:46:29,190 --> 00:46:28,069

the spooky goings-on at the chicago

1100

00:46:31,430 --> 00:46:29,200

hotel

1101  
00:46:34,069 --> 00:46:31,440  
keep playing in our mind quote-unquote

1102  
00:46:36,790 --> 00:46:34,079  
the deputy chief writes in a letter

1103  
00:46:38,870 --> 00:46:36,800  
as the result of this

1104  
00:46:43,109 --> 00:46:38,880  
the crew is unable to get proper rest

1105  
00:46:45,589 --> 00:46:43,119  
after operating ultra long haul flights

1106  
00:46:47,829 --> 00:46:45,599  
the letter goes on to question the air

1107  
00:46:50,069 --> 00:46:47,839  
india management's decision to sign a

1108  
00:46:51,670 --> 00:46:50,079  
contract with the hotel despite there

1109  
00:46:57,750 --> 00:46:51,680  
being several online accounts of

1110  
00:47:01,670 --> 00:46:59,589  
the crew member asked in air india

1111  
00:47:04,230 --> 00:47:01,680  
officials to look into the matter and

1112  
00:47:05,349 --> 00:47:04,240  
change the hotel on an urgent basis

1113  
00:47:07,670 --> 00:47:05,359

while saying

1114

00:47:10,390 --> 00:47:07,680

that such incidents have been happening

1115

00:47:13,589 --> 00:47:10,400

since november last year the deputy

1116

00:47:16,309 --> 00:47:13,599

chief of cabin also expresses his or her

1117

00:47:18,630 --> 00:47:16,319

willingness unwillingness to fly

1118

00:47:21,270 --> 00:47:18,640

on chicago route until the hotel is

1119

00:47:24,710 --> 00:47:22,790

india today

1120

00:47:28,390 --> 00:47:24,720

could not independently verify the

1121

00:47:30,550 --> 00:47:28,400

capacity of the letter however reported

1122

00:47:32,950 --> 00:47:30,560

uh eni reported

1123

00:47:35,670 --> 00:47:32,960

that it asked air india for comment and

1124

00:47:37,109 --> 00:47:35,680

the airline spokesman

1125

00:47:39,349 --> 00:47:37,119

responded saying

1126  
00:47:45,030 --> 00:47:39,359  
matter is under investigation and we are

1127  
00:47:51,589 --> 00:47:48,390  
so that's quite interesting hey

1128  
00:47:52,390 --> 00:47:51,599  
that a whole crew on a

1129  
00:47:53,990 --> 00:47:52,400  
you know

1130  
00:47:55,349 --> 00:47:54,000  
that they would actually even boycott

1131  
00:47:56,630 --> 00:47:55,359  
the fight

1132  
00:47:59,510 --> 00:47:56,640  
because they're

1133  
00:48:00,630 --> 00:47:59,520  
not happy sleeping in that

1134  
00:48:01,990 --> 00:48:00,640  
hotel

1135  
00:48:06,309 --> 00:48:02,000  
what they didn't want to take home

1136  
00:48:09,829 --> 00:48:07,750  
i wouldn't want to ride home on that

1137  
00:48:11,750 --> 00:48:09,839  
flight uh they're pretty tired people

1138  
00:48:13,510 --> 00:48:11,760

they're going to be grumpy you might you

1139

00:48:16,870 --> 00:48:13,520

know you don't want that pilot to

1140

00:48:19,589 --> 00:48:16,880

malfunction a button not good

1141

00:48:21,990 --> 00:48:19,599

you know that was my thought yeah

1142

00:48:23,910 --> 00:48:22,000

that's bad for pr because now you know

1143

00:48:25,510 --> 00:48:23,920

it's like oh they have oh that you know

1144

00:48:28,069 --> 00:48:25,520

error or whatever oh yeah they have the

1145

00:48:31,990 --> 00:48:28,079

tired pilots yeah i'm not taking flight

1146

00:48:34,390 --> 00:48:33,030

right

1147

00:48:37,270 --> 00:48:34,400

and i bet you i know what he'll tell

1148

00:48:41,030 --> 00:48:39,270

should i say which one i think it is

1149

00:48:42,549 --> 00:48:41,040

we don't know for sure so that's a

1150

00:48:44,790 --> 00:48:42,559

disclosure

1151

00:48:46,309 --> 00:48:44,800

okay oh well it's

1152

00:48:47,270 --> 00:48:46,319

i know which one you're thinking of it's

1153

00:48:49,270 --> 00:48:47,280

like

1154

00:48:50,710 --> 00:48:49,280

yeah the most famous one hotel in

1155

00:48:52,069 --> 00:48:50,720

chicago so

1156

00:48:53,190 --> 00:48:52,079

but anyways

1157

00:48:55,990 --> 00:48:53,200

um

1158

00:48:57,829 --> 00:48:56,000

all right so next up we have

1159

00:48:59,990 --> 00:48:57,839

from the global news

1160

00:49:02,390 --> 00:49:00,000

and this was covered by the

1161

00:49:05,829 --> 00:49:02,400

staff of the associated press

1162

00:49:08,790 --> 00:49:05,839

august 23rd 2017

1163

00:49:14,829 --> 00:49:08,800

south african police arrest five people

1164

00:49:20,710 --> 00:49:18,390

johannesburg south african police

1165

00:49:22,549 --> 00:49:20,720

mania say five people have been arrested

1166

00:49:25,190 --> 00:49:22,559

on charges including murder and

1167

00:49:27,510 --> 00:49:25,200

possession of human body parts after one

1168

00:49:29,670 --> 00:49:27,520

of them walked into a police station

1169

00:49:32,390 --> 00:49:29,680

said he was tired of eating human flesh

1170

00:49:33,589 --> 00:49:32,400

and produced part of a human leg and a

1171

00:49:38,069 --> 00:49:33,599

hand

1172

00:49:40,870 --> 00:49:39,510

senbeka

1173

00:49:42,950 --> 00:49:40,880

mabeli

1174

00:49:45,349 --> 00:49:42,960

said wednesday that the suspects have

1175

00:49:48,069 --> 00:49:45,359

been arrested since friday around the

1176  
00:49:50,150 --> 00:49:48,079  
farming town of

1177  
00:49:51,589 --> 00:49:50,160  
estecourt in

1178  
00:49:53,829 --> 00:49:51,599  
kwazulli

1179  
00:49:56,549 --> 00:49:53,839  
natal province

1180  
00:49:58,630 --> 00:49:56,559  
she says the arrest of the man who

1181  
00:50:01,349 --> 00:49:58,640  
entered the police station led to the

1182  
00:50:03,190 --> 00:50:01,359  
other arrests and the recovery of more

1183  
00:50:06,150 --> 00:50:03,200  
body parts

1184  
00:50:08,630 --> 00:50:06,160  
local media say one suspect is believed

1185  
00:50:11,829 --> 00:50:08,640  
to be a traditional healer

1186  
00:50:14,710 --> 00:50:11,839  
news 24 media outlet quotes local

1187  
00:50:17,270 --> 00:50:14,720  
official masemba majola as saying some

1188  
00:50:21,510 --> 00:50:17,280

residents confessed to eating human

1189

00:50:23,030 --> 00:50:21,520

flesh provided by the suspect

1190

00:50:24,829 --> 00:50:23,040

there's some strange folks out there i

1191

00:50:27,829 --> 00:50:24,839

tell you

1192

00:50:29,510 --> 00:50:27,839

strange statement and a cannibalism

1193

00:50:32,069 --> 00:50:29,520

isn't uh

1194

00:50:35,750 --> 00:50:32,079

you know basically that unusual in the

1195

00:50:38,870 --> 00:50:35,760

world he got it over in south america

1196

00:50:41,430 --> 00:50:38,880

africa there was even a movie about it

1197

00:50:43,030 --> 00:50:41,440

called cannibal in the jungle that was

1198

00:50:46,710 --> 00:50:43,040

based i believe

1199

00:50:49,510 --> 00:50:46,720

way back in the 70s the guy was uh

1200

00:50:51,430 --> 00:50:49,520

arrested he came out of the jungle alone

1201  
00:50:53,349 --> 00:50:51,440  
and they threw him in prison because

1202  
00:50:54,630 --> 00:50:53,359  
they figured he did it

1203  
00:50:57,270 --> 00:50:54,640  
yet it was

1204  
00:50:59,510 --> 00:50:57,280  
some kind of

1205  
00:51:07,510 --> 00:50:59,520  
little creatures that were running

1206  
00:51:11,190 --> 00:51:09,510  
so we have uh i think we have time for

1207  
00:51:13,430 --> 00:51:11,200  
one more story

1208  
00:51:14,549 --> 00:51:13,440  
and this is interesting

1209  
00:51:17,750 --> 00:51:14,559  
uh

1210  
00:51:19,670 --> 00:51:17,760  
because it involves yellowstone super

1211  
00:51:21,109 --> 00:51:19,680  
volcano which we've been covering dun

1212  
00:51:23,750 --> 00:51:21,119  
dun dun

1213  
00:51:25,670 --> 00:51:23,760

and nasa

1214

00:51:27,510 --> 00:51:25,680

never straight answer

1215

00:51:29,190 --> 00:51:27,520

can the yellowstone super volcano be

1216

00:51:31,589 --> 00:51:29,200

stopped

1217

00:51:34,790 --> 00:51:31,599

okay this is from unexplained mysteries

1218

00:51:37,109 --> 00:51:34,800

courses saturday 19th august

1219

00:51:40,309 --> 00:51:37,119

2017.

1220

00:51:45,030 --> 00:51:42,309

nasa has come up with an ambitious new

1221

00:51:47,670 --> 00:51:45,040

plan to cool down the super volcano by

1222

00:51:49,430 --> 00:51:47,680

using it as an energy source

1223

00:51:51,430 --> 00:51:49,440

the natural beauty of yellowstone

1224

00:51:53,750 --> 00:51:51,440

national park attracts thousands of

1225

00:51:55,510 --> 00:51:53,760

tourists each year

1226

00:51:57,750 --> 00:51:55,520

but not far below the surface is an

1227

00:52:00,309 --> 00:51:57,760

increasingly large chamber of molten hot

1228

00:52:05,030 --> 00:52:00,319

magma that could erupt at any time

1229

00:52:07,990 --> 00:52:05,040

containing as much as 200 to 600 cubic

1230

00:52:15,990 --> 00:52:08,000

kilometers of molten rock

1231

00:52:17,990 --> 00:52:16,000

subterranean cavern is part of

1232

00:52:19,990 --> 00:52:18,000

one of the largest known super volcanoes

1233

00:52:22,069 --> 00:52:20,000

when it erupts it will cause untold

1234

00:52:25,349 --> 00:52:22,079

devastation across hundreds of square

1235

00:52:27,430 --> 00:52:25,359

miles and impact the climate on a global

1236

00:52:29,510 --> 00:52:27,440

level

1237

00:52:32,230 --> 00:52:29,520

now in a renewed bid to stop this from

1238

00:52:34,390 --> 00:52:32,240

ever happening scientists at nasa have

1239

00:52:37,270 --> 00:52:34,400

come up with an ambitious plan to turn

1240

00:52:41,270 --> 00:52:37,280

the super volcano into a near limitless

1241

00:52:43,030 --> 00:52:41,280

source of geothermal energy to do this a

1242

00:52:46,069 --> 00:52:43,040

hole would need to be drilled in the

1243

00:52:48,150 --> 00:52:46,079

side of the volcano

1244

00:52:49,829 --> 00:52:48,160

that the water can be pumped through

1245

00:52:52,870 --> 00:52:49,839

when this water comes back out it will

1246

00:52:55,030 --> 00:52:52,880

be superheated to over 600 degrees

1247

00:52:56,069 --> 00:52:55,040

it might take hundreds or even thousands

1248

00:52:58,309 --> 00:52:56,079

of years

1249

00:53:00,870 --> 00:52:58,319

but if this is done enough times volcano

1250

00:53:02,549 --> 00:53:00,880

will slowly cool down until it reaches a

1251  
00:53:04,230 --> 00:53:02,559  
point where it is no longer posed as a

1252  
00:53:06,870 --> 00:53:04,240  
threat

1253  
00:53:09,190 --> 00:53:06,880  
with the time left for eruption ticking

1254  
00:53:10,150 --> 00:53:09,200  
away nasa is hoping

1255  
00:53:12,309 --> 00:53:10,160  
to

1256  
00:53:14,390 --> 00:53:12,319  
implement the plan soon if it works it

1257  
00:53:17,349 --> 00:53:14,400  
can provide enough energy to power the

1258  
00:53:19,430 --> 00:53:17,359  
entire region for centuries to come

1259  
00:53:24,870 --> 00:53:19,440  
the source original source is popular

1260  
00:53:28,870 --> 00:53:26,790  
i don't know what's about that i don't

1261  
00:53:30,870 --> 00:53:28,880  
know if messing with a super volcano

1262  
00:53:32,790 --> 00:53:30,880  
it's bright it's bright i don't think so

1263  
00:53:35,030 --> 00:53:32,800

i don't think i don't know

1264

00:53:39,109 --> 00:53:35,040

there's some out there that used to say

1265

00:53:42,710 --> 00:53:41,589

it goes on the same principle you know

1266

00:53:45,670 --> 00:53:42,720

you don't

1267

00:53:47,829 --> 00:53:45,680

you got something that can possibly blow

1268

00:53:50,230 --> 00:53:47,839

a big hole in the side of the earth

1269

00:53:53,510 --> 00:53:50,240

let's just pump it full of

1270

00:53:54,170 --> 00:53:53,520

uh cold water and just agitate it even

1271

00:53:55,670 --> 00:53:54,180

more

1272

00:53:57,990 --> 00:53:55,680

[Laughter]

1273

00:54:01,430 --> 00:53:58,000

i know that that just tells me that they

1274

00:54:03,910 --> 00:54:01,440

are fracking out of their minds

1275

00:54:08,829 --> 00:54:03,920

that's all fracked

1276

00:54:15,750 --> 00:54:12,390

up good yeah i uh you know

1277

00:54:17,349 --> 00:54:15,760

and nasa of all people why nasa

1278

00:54:18,309 --> 00:54:17,359

i mean i

1279

00:54:22,309 --> 00:54:18,319

i'm just

1280

00:54:24,549 --> 00:54:22,319

i i i've always been uh

1281

00:54:27,910 --> 00:54:24,559

a suspicious sort

1282

00:54:30,470 --> 00:54:27,920

when it comes to uh

1283

00:54:32,150 --> 00:54:30,480

i don't know certain

1284

00:54:33,190 --> 00:54:32,160

certain organizations because they tell

1285

00:54:40,549 --> 00:54:33,200

you

1286

00:54:43,990 --> 00:54:40,559

right obviously because nasa is getting

1287

00:54:44,790 --> 00:54:44,000

involved they're pretty much using their

1288

00:54:47,829 --> 00:54:44,800

uh

1289

00:54:50,230 --> 00:54:47,839

thermal satellite technology to see

1290

00:54:51,510 --> 00:54:50,240

where the hottest parts are and stuff

1291

00:54:54,230 --> 00:54:51,520

like that

1292

00:54:55,750 --> 00:54:54,240

and nasa is probably just giving their

1293

00:54:57,750 --> 00:54:55,760

opinions of

1294

00:55:00,069 --> 00:54:57,760

this is what could be done you could

1295

00:55:01,990 --> 00:55:00,079

cool this side and this side over here

1296

00:55:03,750 --> 00:55:02,000

won't react or something like that i

1297

00:55:04,790 --> 00:55:03,760

don't know

1298

00:55:08,150 --> 00:55:04,800

but

1299

00:55:10,470 --> 00:55:08,160

for nasa to get into the geo part of it

1300

00:55:13,430 --> 00:55:10,480

i don't understand that one

1301

00:55:15,030 --> 00:55:13,440

it's just like when they space

1302

00:55:16,870 --> 00:55:15,040

right it's just like when they sat there

1303

00:55:18,150 --> 00:55:16,880

and messed with the hadron collider

1304

00:55:23,829 --> 00:55:18,160

because they wanted to see if they could

1305

00:55:27,670 --> 00:55:25,589

you're right it's a space station and

1306

00:55:29,910 --> 00:55:27,680

it's it's it's it's uh

1307

00:55:31,990 --> 00:55:29,920

or the space station it's a space

1308

00:55:33,270 --> 00:55:32,000

they're supposed to be focused on

1309

00:55:36,870 --> 00:55:33,280

uh

1310

00:55:39,990 --> 00:55:36,880

you know space can you say face palm

1311

00:55:41,510 --> 00:55:40,000

yeah i uh but yeah that that's just i

1312

00:55:43,190 --> 00:55:41,520

don't know i don't it's a good idea i

1313

00:55:45,670 --> 00:55:43,200

mean puncturing a hole

1314

00:55:47,829 --> 00:55:45,680

into that you know into so you got

1315

00:55:49,829 --> 00:55:47,839

punctured hook close to the core but

1316

00:55:51,670 --> 00:55:49,839

don't puncture it because if you go too

1317

00:55:54,630 --> 00:55:51,680

far then you're going to blow a hole

1318

00:55:57,510 --> 00:55:54,640

inside and it's going to come all out

1319

00:56:01,589 --> 00:56:00,230

you're you're cutting a hole or drilling

1320

00:56:03,430 --> 00:56:01,599

a hole

1321

00:56:05,829 --> 00:56:03,440

into something that's already under a

1322

00:56:08,309 --> 00:56:05,839

lot of pressure

1323

00:56:10,549 --> 00:56:08,319

right so it does that that alone doesn't

1324

00:56:12,789 --> 00:56:10,559

make sense but now

1325

00:56:15,109 --> 00:56:12,799

it's like all right put cold water in

1326  
00:56:17,270 --> 00:56:15,119  
there what happens with cold water when

1327  
00:56:20,069 --> 00:56:17,280  
it gets hot fast

1328  
00:56:22,069 --> 00:56:20,079  
steam what is steam they've learned this

1329  
00:56:24,230 --> 00:56:22,079  
in the old days it was called a steam

1330  
00:56:26,069 --> 00:56:24,240  
engine

1331  
00:56:27,190 --> 00:56:26,079  
it causes pressure

1332  
00:56:28,710 --> 00:56:27,200  
right

1333  
00:56:31,510 --> 00:56:28,720  
yeah

1334  
00:56:34,630 --> 00:56:31,520  
of course i would affect the land

1335  
00:56:35,750 --> 00:56:34,640  
so we have one minute left um

1336  
00:56:47,750 --> 00:56:35,760  
thank you

1337  
00:56:50,549 --> 00:56:47,760  
chat we really appreciate it

1338  
00:56:52,309 --> 00:56:50,559

yeah it's always nice to uh

1339

00:56:54,630 --> 00:56:52,319

to to sit down and look at the chat room

1340

00:56:56,950 --> 00:56:54,640

and see all our friends and and people

1341

00:56:58,390 --> 00:56:56,960

following so thank you very much

1342

00:56:59,990 --> 00:56:58,400

to the believer that evidence is

1343

00:57:01,670 --> 00:57:00,000

overwhelming and to the skeptic there

1344

00:57:02,789 --> 00:57:01,680

will never be enough

1345

00:57:05,030 --> 00:57:02,799

thank you

1346

00:57:07,030 --> 00:57:05,040

god bless you have a wonderful weekend

1347

00:57:08,230 --> 00:57:07,040

and we'll see you next week good night

1348

00:57:10,710 --> 00:57:08,240

everyone
