1
00:00:03,020 --> 00:00:01,550
well 50 would be again I've got Heidi

2
00:00:05,510 --> 00:00:03,030
Hollis on with us we're gonna have a

3
00:00:08,150 --> 00:00:05,520
very good guest and Harvey Neiman on

4
00:00:10,480 --> 00:00:08,160
we're gonna talk about some stuff that's

5
00:00:12,980 --> 00:00:10,490
happening in our world Heidi uh

6
00:00:14,660 --> 00:00:12,990
basically they're closing retail store

7
00:00:16,160 --> 00:00:14,670
and while they're closing all the retail

8
00:00:19,189 --> 00:00:16,170
stores and everybody's gone to some

9
00:00:24,590 --> 00:00:19,199
little weirdy little computerized Alexa

10
00:00:26,870 --> 00:00:24,600
get me get me the hamburger people well

11
00:00:29,269 --> 00:00:26,880
it is sad that's weird it's weird I feel

12
00:00:35,720 --> 00:00:29,279
like a dinosaur that's still walking the

13
00:00:37,479 --> 00:00:35,730

earth I really do but anyway of course

14

00:00:40,010 --> 00:00:37,489

it's been a lot of news this week and

15

00:00:41,630 --> 00:00:40,020

how the big story of the week was the

16

00:00:45,950 --> 00:00:41,640

players sitting or kneeling during the

17

00:00:47,569 --> 00:00:45,960

national anthem and I know you know of

18

00:00:50,840 --> 00:00:47,579

course that's been talked to death but

19

00:00:52,549 --> 00:00:50,850

I'm really against that but I really

20

00:00:54,740 --> 00:00:52,559

don't see anything wrong with some

21

00:00:56,600 --> 00:00:54,750

blocking arms they want to show their

22

00:00:58,910 --> 00:00:56,610

United they can lock arms and dance

23

00:01:05,210 --> 00:00:58,920

around the stadium if they want to I

24

00:01:06,649 --> 00:01:05,220

don't care I mean it could be worse I

25

00:01:10,370 --> 00:01:06,659

could be turning their backs but they're

26

00:01:12,289 --> 00:01:10,380

not they're just kind of you know so I'm

27

00:01:14,120 --> 00:01:12,299

not really in favor the statement

28

00:01:16,070 --> 00:01:14,130

because it's really coming from a bunch

29

00:01:17,749 --> 00:01:16,080

of thugs that are basically yeah they'd

30

00:01:19,850 --> 00:01:17,759

be in street gangs they weren't playing

31

00:01:21,800 --> 00:01:19,860

football for the most part why do you

32

00:01:24,789 --> 00:01:21,810

say that that's not true

33

00:01:28,390 --> 00:01:24,799

oh yeah ZQ Elliot here in town he's

34

00:01:31,539 --> 00:01:28,400

nothing but a street beat swim it up

35

00:01:37,310 --> 00:01:34,910

good no not everyone not everyone but a

36

00:01:39,440 --> 00:01:37,320

significant number are do you know boys

37

00:01:41,030 --> 00:01:39,450

we've got a top how boys have got him on

38

00:01:43,069 --> 00:01:41,040

suspension about every three weeks

39

00:01:45,590 --> 00:01:43,079

somebody's doing something gets it

40

00:01:52,700 --> 00:01:45,600

well all right who knows how much CTE

41

00:01:56,510 --> 00:01:52,710

issues they have I mean that's not a

42

00:01:58,280 --> 00:01:56,520

joke issue but but also you know but but

43

00:01:59,749 --> 00:01:58,290

the thing is I what it really is is

44

00:02:02,749 --> 00:01:59,759

they're a bunch of millionaires and

45

00:02:04,429 --> 00:02:02,759

they're acting like you know I mean I'm

46

00:02:06,260 --> 00:02:04,439

not in favor of racism I've told you

47

00:02:08,040 --> 00:02:06,270

before most but in favor racial equality

48

00:02:10,890 --> 00:02:08,050

but I mean

49

00:02:14,070 --> 00:02:10,900

I think there's an truth there's a lot

50

00:02:16,350 --> 00:02:14,080

less racism now than when I was a kid it

51
00:02:18,480 --> 00:02:16,360
seems like it's parked up though now I I

52
00:02:20,910 --> 00:02:18,490
think people are just kind of shocked we

53
00:02:24,630 --> 00:02:20,920
just voted in the first african-american

54
00:02:30,300 --> 00:02:24,640
president and then BOOM it's like a 360

55
00:02:32,160 --> 00:02:30,310
and so much there's not really any job

56
00:02:33,900 --> 00:02:32,170
discrimination against black people or

57
00:02:37,620 --> 00:02:33,910
housing discrimination against them that

58
00:02:40,950 --> 00:02:37,630
I know well yeah there is oh my goodness

59
00:02:43,650 --> 00:02:40,960
oh yeah I've seen it personally it's not

60
00:02:46,160 --> 00:02:43,660
go I may be I may be I'm living in a

61
00:02:49,410 --> 00:02:46,170
bubble I guess you know I probably am

62
00:02:57,000 --> 00:02:49,420
come to the Midwest but I thought that

63
00:02:59,250 --> 00:02:57,010

was you know over the dam you know with

64

00:03:01,680 --> 00:02:59,260

a big intimidating looking Puerto Rican

65

00:03:04,110 --> 00:03:01,690

guy I could not stand being in the car

66

00:03:05,370 --> 00:03:04,120

with him we kept being pulled over it

67

00:03:07,920 --> 00:03:05,380

was ridiculous

68

00:03:10,380 --> 00:03:07,930

it's the most gentle soul six six is six

69

00:03:12,330 --> 00:03:10,390

foot six over 300 pounds this is a big

70

00:03:14,370 --> 00:03:12,340

looking intimidating guy and it was he

71

00:03:16,380 --> 00:03:14,380

was so used to it and he was just like I

72

00:03:18,990 --> 00:03:16,390

understand officer he would just raise

73

00:03:21,600 --> 00:03:19,000

his hand to get out and like wow I was

74

00:03:23,340 --> 00:03:21,610

not used to that it was really scary all

75

00:03:27,660 --> 00:03:23,350

the profiling kind of thing you might oh

76

00:03:30,090 --> 00:03:27,670

my gosh I went to holy hip with him they

77

00:03:33,780 --> 00:03:30,100

would not allow us to go up to holy hill

78

00:03:35,160 --> 00:03:33,790

it in Wisconsin was happening that's the

79

00:03:37,530 --> 00:03:35,170

lies I told you about where people go

80

00:03:40,760 --> 00:03:37,540

and they get healed and they put their

81

00:03:45,500 --> 00:03:40,770

their wheelchairs and stuff oh yeah

82

00:03:46,710 --> 00:03:45,510

stopped us from going Church was

83

00:03:50,580 --> 00:03:46,720

disgusting

84

00:03:52,320 --> 00:03:50,590

haha what would be the issue well you

85

00:03:56,280 --> 00:03:52,330

know what the police officer said he

86

00:03:58,560 --> 00:03:56,290

said there's been a lot of graffiti and

87

00:04:00,390 --> 00:03:58,570

stuff going on up here we're like and

88

00:04:03,330 --> 00:04:00,400

your point is and he's like you know

89

00:04:04,620 --> 00:04:03,340

what turn around and go it was like you

90

00:04:07,229 --> 00:04:04,630

know we're just like he's like give me

91

00:04:08,729 --> 00:04:07,239

your IDs and he writes it down any

92

00:04:12,930 --> 00:04:08,739

second I'm escorting you out of here

93

00:04:16,020 --> 00:04:12,940

we're like why it was that bad that's

94

00:04:18,590 --> 00:04:16,030

pretty lowdown oh that's just the

95

00:04:21,509 --> 00:04:18,600

beginning it's just so much terrible

96

00:04:22,890 --> 00:04:21,519

I'll probably live in a bubble anyway

97

00:04:25,320 --> 00:04:22,900

I think all that stuff's over the hill

98

00:04:27,119 --> 00:04:25,330

but it I guess not yeah well he's II

99

00:04:30,990 --> 00:04:27,129

know it's but anything I'm sure this all

100

00:04:32,700 --> 00:04:31,000

this dust-up will die over but the Trump

101
00:04:36,300 --> 00:04:32,710
of North Korea thing is not going to die

102
00:04:39,659 --> 00:04:36,310
over now they're saying little stumpy is

103
00:04:43,499 --> 00:04:39,669
saying the Trump is declaring war on

104
00:04:45,119 --> 00:04:43,509
Korea and all this stuff and of course

105
00:04:47,159 --> 00:04:45,129
what this idiot doesn't realize if Trump

106
00:04:49,159 --> 00:04:47,169
declared war in Korea it would you know

107
00:04:52,680 --> 00:04:49,169
it's a fleet II like you thanks people

108
00:04:54,629 --> 00:04:52,690
but I don't know I would I think we need

109
00:04:57,360 --> 00:04:54,639
to do what I said last week is this

110
00:04:59,309 --> 00:04:57,370
carpet bomb the whole place and all

111
00:05:01,890 --> 00:04:59,319
these dog eating little monsters will be

112
00:05:07,830 --> 00:05:01,900
pushing up baby people and that will be

113
00:05:09,360 --> 00:05:07,840

it that's really my choice but glad

114

00:05:10,980 --> 00:05:09,370

you're not well you know there is an

115

00:05:13,830 --> 00:05:10,990

opening at the White House maybe you

116

00:05:16,649 --> 00:05:13,840

could advise him but you don't think I'd

117

00:05:24,029 --> 00:05:16,659

fit in fine I bet you would there's a

118

00:05:28,020 --> 00:05:24,039

lot of thugs there working wimpy guy but

119

00:05:30,059 --> 00:05:28,030

well I don't know it but it's you know

120

00:05:32,339 --> 00:05:30,069

Trump could do anything maybe against it

121

00:05:34,230 --> 00:05:32,349

it really doesn't matter I mean you know

122

00:05:37,230 --> 00:05:34,240

he could say black and they'd say white

123

00:05:40,230 --> 00:05:37,240

if he said white he'd say black or you

124

00:05:41,999 --> 00:05:40,240

know you could who knows whatever now we

125

00:05:44,640 --> 00:05:42,009

have a nice little store we have a nice

126

00:05:47,550 --> 00:05:44,650

little story tonight come there's my

127

00:05:50,730 --> 00:05:47,560

lack miraculous rose petals associated

128

00:05:54,959 --> 00:05:50,740

with st. Teresa we saw the sushi was a

129

00:05:57,180 --> 00:05:54,969

little flower anyway it turns out on

130

00:05:59,700 --> 00:05:57,190

Rhonda wives of Canton Ohio was alive

131

00:06:02,010 --> 00:05:59,710

and she's a very humble woman surrounded

132

00:06:03,930 --> 00:06:02,020

by miracles there are so many miracles

133

00:06:07,290 --> 00:06:03,940

that people flock to her house and ask

134

00:06:09,240 --> 00:06:07,300

for her prayers 1939 Rhonda was healed

135

00:06:11,640 --> 00:06:09,250

miraculously from an abdomen opening

136

00:06:15,300 --> 00:06:11,650

that could not be closed after multiple

137

00:06:18,740 --> 00:06:15,310

surgeries after being open to remove a

138

00:06:21,180 --> 00:06:18,750

39 pound tumor which is pretty weird and

139

00:06:28,170 --> 00:06:21,190

she's later healed from the severe foot

140

00:06:35,370 --> 00:06:32,250

we all rose wise and Mother Angelica

141

00:06:37,770 --> 00:06:35,380

were to some extent connected the big

142

00:06:39,570 --> 00:06:37,780

Catholic figure both those women were

143

00:06:41,460 --> 00:06:39,580

from Canton Ohio Mother Angelica was

144

00:06:49,189 --> 00:06:41,470

actually had actually healed of a

145

00:06:55,830 --> 00:06:52,710

well it was at the shrine that this

146

00:06:58,050 --> 00:06:55,840

woman was the writer saw a miraculous

147

00:07:02,550 --> 00:06:58,060

rose petal that fell from heaven when

148

00:07:06,510 --> 00:07:02,560

st. Therese appeared to Rhoda I mean and

149

00:07:10,500 --> 00:07:06,520

they had they had this wow that's

150

00:07:12,300 --> 00:07:10,510

amazing it does it is and it shows the

151

00:07:16,230 --> 00:07:12,310

picture of Jesus on both sides of the

152

00:07:19,200 --> 00:07:16,240

rose petal oh wow that's cool has it

153

00:07:20,909 --> 00:07:19,210

been verified to be legit no I'm sorry

154

00:07:22,980 --> 00:07:20,919

thanks a research thanks Risa in the

155

00:07:23,939 --> 00:07:22,990

hospital yes it's been verified to be

156

00:07:26,490 --> 00:07:23,949

legitimate yes

157

00:07:27,600 --> 00:07:26,500

Wow that's pretty cool I love those

158

00:07:29,310 --> 00:07:27,610

things a story son

159

00:07:32,420 --> 00:07:29,320

well this isn't the first time that's

160

00:07:36,870 --> 00:07:32,430

happened though see that's the thing I

161

00:07:39,060 --> 00:07:36,880

mean there was I mean there's been other

162

00:07:41,010 --> 00:07:39,070

associations that's Patania they had

163

00:07:43,730 --> 00:07:41,020

similar things but these little issues

164

00:07:46,140 --> 00:07:43,740

like we've dealt in that show a couple

165

00:07:48,540 --> 00:07:46,150

are a lot more common than you might

166

00:07:50,070 --> 00:07:48,550

think you might think happen one you

167

00:07:53,490 --> 00:07:50,080

know every century or something it does

168

00:07:55,710 --> 00:07:53,500

not I just thought that was a nice

169

00:07:57,140 --> 00:07:55,720

little miracle no that's cool I love

170

00:07:59,790 --> 00:07:57,150

that kind of stuff

171

00:08:02,939 --> 00:07:59,800

fascinated more miracles in the world

172

00:08:04,890 --> 00:08:02,949

big-time well it does kind of ground you

173

00:08:06,779 --> 00:08:04,900

because when you realize these things

174

00:08:10,620 --> 00:08:06,789

exist it makes you know a little happen

175

00:08:13,200 --> 00:08:10,630

thing yeah you know little minor league

176

00:08:17,189 --> 00:08:13,210

aggravation seem kind of you know

177

00:08:18,930 --> 00:08:17,199

neither here there you know I mean I'm

178

00:08:21,420 --> 00:08:18,940

not saying the war is a comforting

179

00:08:24,860 --> 00:08:21,430

feature anytime but still the daily

180

00:08:27,240 --> 00:08:24,870

humdrum and you know bickering is

181

00:08:29,719 --> 00:08:27,250

neither here in America this but these

182

00:08:32,070 --> 00:08:29,729

things do exist they exist every day

183

00:08:34,170 --> 00:08:32,080

like I said somebody should write a book

184

00:08:35,699 --> 00:08:34,180

about these little miracles that happen

185

00:08:37,440 --> 00:08:35,709

upon entering the Catholic Church and

186

00:08:40,949 --> 00:08:37,450

stuff because I know it the immediate

187

00:08:41,690 --> 00:08:40,959

seller but I worry about that sooner or

188

00:08:43,370 --> 00:08:41,700

later

189

00:08:47,960 --> 00:08:43,380

we have a good guest coming on it oh

190

00:08:49,370 --> 00:08:47,970

yeah no it is weird life it really is

191

00:08:51,800 --> 00:08:49,380

I'm glad there's more than this because

192

00:08:53,330 --> 00:08:51,810

this is a starting a little weaker out

193

00:08:57,010 --> 00:08:53,340

of the edges here we'll be right back

194

00:09:01,550 --> 00:08:59,450

be back with you we've got excellent

195

00:09:03,230 --> 00:09:01,560

guests - a man is president chief

196

00:09:06,620 --> 00:09:03,240

investment officer of Neiman funds

197

00:09:07,910 --> 00:09:06,630

management he's been on CNBC Fox News

198

00:09:09,320 --> 00:09:07,920

has been interviewed by The Wall Street

199

00:09:13,880 --> 00:09:09,330

Journal Barron's and many other

200

00:09:17,300 --> 00:09:13,890

publications we're talk about changing

201
00:09:19,160 --> 00:09:17,310
patterns in our society and which would

202
00:09:23,050 --> 00:09:19,170
obviously touch on investments and what

203
00:09:30,340 --> 00:09:23,060
have you and the hidys with us he's a

204
00:09:33,350 --> 00:09:30,350
wealthy little Chicago girl surviving

205
00:09:35,790 --> 00:09:33,360
for money I have more money Harvey but

206
00:09:37,760 --> 00:09:35,800
my daughter owes me 200 grand

207
00:09:40,790 --> 00:09:37,770
[Laughter]

208
00:09:42,770 --> 00:09:40,800
somehow I imagined that heidi is not a

209
00:09:45,230 --> 00:09:42,780
little girl I don't know why I'm just

210
00:09:52,090 --> 00:09:45,240
imagining she may be wealthy but I'm

211
00:09:58,730 --> 00:09:56,180
it's another crooked relative of his but

212
00:10:02,750 --> 00:09:58,740
I'm not related to she has my Boston

213
00:10:06,530 --> 00:10:02,760

with my 200 grand so that's pretty nice

214

00:10:08,390 --> 00:10:06,540

and generous of you well it's nice that

215

00:10:12,800 --> 00:10:08,400

she's my daughter or else she might have

216

00:10:15,770 --> 00:10:12,810

had visits from half a dozen people so

217

00:10:18,110 --> 00:10:15,780

it's you got a pretty cool resume there

218

00:10:22,850 --> 00:10:18,120

Harvey and what a rough time to be named

219

00:10:24,650 --> 00:10:22,860

Harvey though every time somebody eles

220

00:10:32,020 --> 00:10:24,660

the word hurricane I turn around and say

221

00:10:34,220 --> 00:10:32,030

you talking to me it does happen

222

00:10:38,930 --> 00:10:34,230

okay and Heidi would sound cool but

223

00:10:41,150 --> 00:10:38,940

Harvey took it right and thank goodness

224

00:10:43,520 --> 00:10:41,160

I'm I'm thank goodness I'm not named

225

00:10:45,790 --> 00:10:43,530

Irma and not because of the reason that

226

00:10:48,460 --> 00:10:45,800

it might sound like that it's just every

227

00:10:52,040 --> 00:10:48,470

herma is just gonna be everybody's

228

00:10:54,500 --> 00:10:52,050

beloved dear aunt or cousin or whatever

229

00:10:57,150 --> 00:10:54,510

I just wouldn't fit

230

00:11:00,390 --> 00:10:57,160

tonight Kevin can I have a permission

231

00:11:02,610 --> 00:11:00,400

for that permission to comment on the

232

00:11:07,290 --> 00:11:02,620

earlier topic I was listening as we

233

00:11:10,079 --> 00:11:07,300

talked about the athletes yeah sure so

234

00:11:11,519 --> 00:11:10,089

I'd like to give what I believe to your

235

00:11:15,120 --> 00:11:11,529

listeners and yourselves a fresh

236

00:11:17,519 --> 00:11:15,130

perspective that occurs to me and I

237

00:11:19,590 --> 00:11:17,529

preface it by saying I've been on a few

238

00:11:22,140 --> 00:11:19,600

I've been a guest on a series of radio

239

00:11:24,180 --> 00:11:22,150

shows over the last few months and I

240

00:11:27,390 --> 00:11:24,190

want to preface by saying I do not take

241

00:11:29,280 --> 00:11:27,400

sides on the either heavy conservative

242

00:11:31,829 --> 00:11:29,290

heavy liberal I I'm a very

243

00:11:35,430 --> 00:11:31,839

middle-of-the-road conservative in many

244

00:11:38,100 --> 00:11:35,440

ways but I'm not taking a position on

245

00:11:41,550 --> 00:11:38,110

one side of the aisle or another and I

246

00:11:46,050 --> 00:11:41,560

try to see the open-minded two sides of

247

00:11:49,920 --> 00:11:46,060

every of every story and it occurs to me

248

00:11:52,800 --> 00:11:49,930

that when I was a youngster in college I

249

00:11:55,650 --> 00:11:52,810

recall the burning of the flag issues

250

00:11:57,210 --> 00:11:55,660

and that tour especially Vietnam was

251
00:11:59,370 --> 00:11:57,220
going on at the same time and I really

252
00:12:02,519 --> 00:11:59,380
toured the country apart at that time oh

253
00:12:05,370 --> 00:12:02,529
yeah and I don't want us to relive that

254
00:12:08,190 --> 00:12:05,380
by any means and I think we as a country

255
00:12:11,010 --> 00:12:08,200
are more supportive across the board of

256
00:12:12,930 --> 00:12:11,020
our military and those who are in harm's

257
00:12:15,900 --> 00:12:12,940
way defending our country so that's not

258
00:12:19,230 --> 00:12:15,910
an issue and we're all behind that what

259
00:12:22,530 --> 00:12:19,240
what occurred to me is if a full

260
00:12:26,160 --> 00:12:22,540
cross-section of famous people athletes

261
00:12:29,550 --> 00:12:26,170
in more than one sport are objecting and

262
00:12:33,060 --> 00:12:29,560
using the star-spangled banner that I

263
00:12:36,990 --> 00:12:33,070

would like to offer I think across the

264

00:12:40,190 --> 00:12:37,000

board they're criticizing the president

265

00:12:45,030 --> 00:12:40,200

of our United States in their action and

266

00:12:47,310 --> 00:12:45,040

they are choosing a manner that appears

267

00:12:49,260 --> 00:12:47,320

like they're criticizing the flag and I

268

00:12:53,190 --> 00:12:49,270

don't believe they're criticizing our

269

00:12:56,910 --> 00:12:53,200

flag but they but they are using the

270

00:12:58,800 --> 00:12:56,920

star-spangled banner to speak out and if

271

00:13:01,050 --> 00:12:58,810

there were a way and I'm being

272

00:13:05,160 --> 00:13:01,060

open-minded and hopeful if there were a

273

00:13:07,410 --> 00:13:05,170

better way for athletes or anybody else

274

00:13:08,249 --> 00:13:07,420

I mean look at the Academy Awards two

275

00:13:10,109 --> 00:13:08,259

three and four

276

00:13:13,739 --> 00:13:10,119

five years ago where they use the

277

00:13:17,819 --> 00:13:13,749

platform apartheid or gender-based

278

00:13:21,539 --> 00:13:17,829

bigotry or whatever famous people will

279

00:13:23,340 --> 00:13:21,549

use a platform and I would rather they

280

00:13:25,650 --> 00:13:23,350

say if they're upset with how the

281

00:13:27,599 --> 00:13:25,660

president is acting and there is good

282

00:13:29,460 --> 00:13:27,609

grounds for a good cross-section of this

283

00:13:32,549 --> 00:13:29,470

country to be upset how the president is

284

00:13:34,679 --> 00:13:32,559

acting don't tie it to a criticism of

285

00:13:38,369 --> 00:13:34,689

the flag which you support and you honor

286

00:13:40,710 --> 00:13:38,379

and and and you those who defend us and

287

00:13:43,739 --> 00:13:40,720

our military is very high

288

00:13:45,989 --> 00:13:43,749

I go to football games but NFL football

289

00:13:48,719 --> 00:13:45,999

games and when there's salute to the

290

00:13:51,629 --> 00:13:48,729

flag day or a fly buyer the military the

291

00:13:54,479 --> 00:13:51,639

cheers abound from the fans and the

292

00:13:57,029 --> 00:13:54,489

athletes so that's just my perspective I

293

00:13:58,949 --> 00:13:57,039

don't think and they haven't expressed

294

00:14:02,219 --> 00:13:58,959

it then we're not really criticizing the

295

00:14:05,759 --> 00:14:02,229

flag so then don't use a flag salute or

296

00:14:07,919 --> 00:14:05,769

a flag star-spangled banner' salute to

297

00:14:09,569 --> 00:14:07,929

criticize the president find another way

298

00:14:10,919 --> 00:14:09,579

if that's what makes you unhappy and you

299

00:14:15,720 --> 00:14:10,929

do have the constitutional right to

300

00:14:21,029 --> 00:14:15,730

criticize the president everybody's

301
00:14:23,999 --> 00:14:21,039
criticizing Trump every five seconds he

302
00:14:25,259 --> 00:14:24,009
dishes it out pretty generously so why

303
00:14:27,329 --> 00:14:25,269
don't why does everybody have to jump

304
00:14:27,749 --> 00:14:27,339
toast offense like that I didn't hear

305
00:14:29,669 --> 00:14:27,759
that

306
00:14:31,590 --> 00:14:29,679
well it really isn't the Trump rice like

307
00:14:32,789 --> 00:14:31,600
he's saying it's the the star-spangled

308
00:14:34,739 --> 00:14:32,799
banner in the anthem or what that

309
00:14:39,269 --> 00:14:34,749
represents Trump is just a side player

310
00:14:42,359 --> 00:14:39,279
and the whole whole thing so I hope you

311
00:14:45,929 --> 00:14:42,369
see my point and share the perspective

312
00:14:48,359 --> 00:14:45,939
and Kevin by no means do I require you

313
00:14:50,759 --> 00:14:48,369

to agree with me I'm just seeing not

314

00:14:53,369 --> 00:14:50,769

make something better does a better way

315

00:14:54,989 --> 00:14:53,379

to go about it and maybe all the

316

00:14:59,639 --> 00:14:54,999

athletes are not the smartest people in

317

00:15:01,409 --> 00:14:59,649

the world and they they are some of the

318

00:15:06,809 --> 00:15:01,419

scummiest at least the Dallas Cowboys

319

00:15:08,699 --> 00:15:06,819

there's low down I won't participate in

320

00:15:09,859 --> 00:15:08,709

that discussion but I did want to go

321

00:15:12,449 --> 00:15:09,869

believe me I have it on good authority

322

00:15:13,979 --> 00:15:12,459

for one no that's fine that's fine and I

323

00:15:16,470 --> 00:15:13,989

really agree with you I think they're

324

00:15:18,029 --> 00:15:16,480

picking the wrong Avenue to express

325

00:15:19,500 --> 00:15:18,039

their but then see they don't have very

326

00:15:21,540 --> 00:15:19,510

many avenues

327

00:15:23,189 --> 00:15:21,550

that's the only thing that you know

328

00:15:26,069 --> 00:15:23,199

their little visibilities right there

329

00:15:30,300 --> 00:15:26,079

with the right you know the daily gains

330

00:15:32,040 --> 00:15:30,310

and but it is a little ironic that some

331

00:15:33,420 --> 00:15:32,050

of these characters are making guilt but

332

00:15:35,850 --> 00:15:33,430

most of them are making millions of

333

00:15:37,889 --> 00:15:35,860

dollars the average Joe is just barely

334

00:15:39,449 --> 00:15:37,899

able to get along and they're

335

00:15:40,980 --> 00:15:39,459

complaining about how he'll used and

336

00:15:44,730 --> 00:15:40,990

discriminated against they are that's a

337

00:15:46,710 --> 00:15:44,740

little bit striking really right but but

338

00:15:52,470 --> 00:15:46,720

I am here to answer your questions about

339

00:15:55,199 --> 00:15:52,480

the changes in our retailer but thank

340

00:15:58,800 --> 00:15:55,209

you for the the few minutes for me to

341

00:16:02,579 --> 00:15:58,810

express the perspective no problem but

342

00:16:05,759 --> 00:16:02,589

see uh what got me this is a you know

343

00:16:07,079 --> 00:16:05,769

the local pennies I mean I get well I've

344

00:16:09,780 --> 00:16:07,089

got enough clothes to last for another

345

00:16:11,819 --> 00:16:09,790

life behind so what I'm saying is when I

346

00:16:14,519 --> 00:16:11,829

did shop a lot of shop at pennies or

347

00:16:16,560 --> 00:16:14,529

Sears for little small items sure and

348

00:16:18,750 --> 00:16:16,570

the idea the idea of course Sears goes

349

00:16:20,340 --> 00:16:18,760

well all the way back you know my

350

00:16:21,870 --> 00:16:20,350

childhood everybody shopped at Sears

351

00:16:24,150 --> 00:16:21,880

it's the only store available a little

352

00:16:27,480 --> 00:16:24,160

small-town we're in you can go back to

353

00:16:29,430 --> 00:16:27,490

about the 1870s 1890s with Sears Roebuck

354

00:16:32,699 --> 00:16:29,440

yes see what I like spent a long way

355

00:16:38,300 --> 00:16:32,709

that's about what I grew up you you you

356

00:16:42,600 --> 00:16:38,310

you already a middle school by then I

357

00:16:45,990 --> 00:16:42,610

guess what I can't understand is now I

358

00:16:47,730 --> 00:16:46,000

know one of the more actually the lady

359

00:16:50,490 --> 00:16:47,740

that's your publicist she said that she

360

00:16:52,559 --> 00:16:50,500

she's a member of Amazon Prime and there

361

00:16:54,240 --> 00:16:52,569

he a hundred off hundred dollars a year

362

00:16:56,009 --> 00:16:54,250

to get that Prime membership and they

363

00:16:58,319 --> 00:16:56,019

get unlimited deliveries I don't

364

00:17:00,120 --> 00:16:58,329

understand the economics of that well I

365

00:17:02,100 --> 00:17:00,130

said what's the smallest thing you got

366

00:17:04,260 --> 00:17:02,110

from these guys are like 100 \$200

367

00:17:08,370 --> 00:17:04,270

million she said no she's ordered a

368

00:17:10,380 --> 00:17:08,380

three dollar thing of shampoo well I'm

369

00:17:12,240 --> 00:17:10,390

Amazon and I was thinking how in the

370

00:17:13,319 --> 00:17:12,250

heck could that possibly by any stretch

371

00:17:19,350 --> 00:17:13,329

of the imagination

372

00:17:21,539 --> 00:17:19,360

the viable fine actually deliver there

373

00:17:23,610 --> 00:17:21,549

there's a lot there's a lot of products

374

00:17:26,880 --> 00:17:23,620

on the truck and so it's all about

375

00:17:29,880 --> 00:17:26,890

distribution and a routing o also see it

376

00:17:32,789 --> 00:17:29,890

see that one product is probably to a

377

00:17:33,360 --> 00:17:32,799

household for example if you're

378

00:17:36,180 --> 00:17:33,370

referring to

379

00:17:38,160 --> 00:17:36,190

Antoinette very fine lady and she may

380

00:17:40,140 --> 00:17:38,170

get three deliveries a week

381

00:17:42,270 --> 00:17:40,150

I know people hit deliveries every day I

382

00:17:44,460 --> 00:17:42,280

recently remodeled a house and so I I

383

00:17:46,410 --> 00:17:44,470

have Amazon Prime and so a lot of

384

00:17:48,360 --> 00:17:46,420

instead of going through my contractor I

385

00:17:51,570 --> 00:17:48,370

can get some of the fans for the

386

00:17:53,690 --> 00:17:51,580

ceilings or different light fixtures you

387

00:17:58,140 --> 00:17:53,700

can order it all through Amazon and

388

00:18:00,390 --> 00:17:58,150

therefore the driver starts to to know

389

00:18:03,390 --> 00:18:00,400

you knows the neighborhood knows when to

390

00:18:06,000 --> 00:18:03,400

deliver it and the model for that

391

00:18:08,610 --> 00:18:06,010

believe it or not as FedEx from several

392

00:18:11,430 --> 00:18:08,620

years ago when FedEx figured out where

393

00:18:14,070 --> 00:18:11,440

to have hubs around the country to cut

394

00:18:16,020 --> 00:18:14,080

the transportation cost and compete

395

00:18:18,540 --> 00:18:16,030

really with the post office and United

396

00:18:21,780 --> 00:18:18,550

Parcel Service so there is there are

397

00:18:24,770 --> 00:18:21,790

there are predecessors to computerize

398

00:18:27,990 --> 00:18:24,780

programs for delivery that does make it

399

00:18:31,710 --> 00:18:28,000

economical but I would say Amazon is not

400

00:18:34,020 --> 00:18:31,720

necessary the most profitable of all the

401
00:18:37,950 --> 00:18:34,030
people they they have a huge stock price

402
00:18:40,280 --> 00:18:37,960
but they you are right that they are

403
00:18:42,870 --> 00:18:40,290
necessary out of the woods in terms of a

404
00:18:45,270 --> 00:18:42,880
strongest profitability on the planet

405
00:18:48,210 --> 00:18:45,280
they still have to work at it you're

406
00:18:49,919 --> 00:18:48,220
right on that point well I just seemed

407
00:18:53,280 --> 00:18:49,929
impractical anywhere on the whole of it

408
00:18:56,160 --> 00:18:53,290
I mean I mean even if I send a little

409
00:18:57,840 --> 00:18:56,170
small package it's going to be \$5 Parcel

410
00:19:00,060 --> 00:18:57,850
Post or something even just to see a

411
00:19:00,600 --> 00:19:00,070
little thing and I was thinking my

412
00:19:03,000 --> 00:19:00,610
goodness

413
00:19:05,910 --> 00:19:03,010

and also I guess what I don't understand

414

00:19:09,000 --> 00:19:05,920

maybe hi he could throw in here too is I

415

00:19:11,100 --> 00:19:09,010

thought shopping was too you know have

416

00:19:14,460 --> 00:19:11,110

an experience you do to look for what

417

00:19:17,130 --> 00:19:14,470

you like and not just well they make it

418

00:19:19,950 --> 00:19:17,140

so darn easy now though I have a friend

419

00:19:23,280 --> 00:19:19,960

that's a Shopaholic and she gets her

420

00:19:25,470 --> 00:19:23,290

shoes her clothes everything through the

421

00:19:28,470 --> 00:19:25,480

mail and she's like uh please don't fit

422

00:19:30,570 --> 00:19:28,480

you know free returnable package I'm

423

00:19:32,850 --> 00:19:30,580

like what and yeah it just throws it in

424

00:19:34,890 --> 00:19:32,860

the mailbox and me I'm terrible about

425

00:19:36,960 --> 00:19:34,900

going to the post office I don't like

426
00:19:38,880 --> 00:19:36,970
going at the post office but you could

427
00:19:41,280 --> 00:19:38,890
just have your mailman pick it up in

428
00:19:44,160 --> 00:19:41,290
your place you know it's just it's it's

429
00:19:46,580 --> 00:19:44,170
so convenient and it but you know what I

430
00:19:48,529 --> 00:19:46,590
think the shopping experience it

431
00:19:51,289 --> 00:19:48,539
gets people out and about and in the

432
00:19:53,720 --> 00:19:51,299
meat you need people I love bumping into

433
00:19:57,950 --> 00:19:53,730
folks and just chatting away and you

434
00:20:00,500 --> 00:19:57,960
know it's well I don't know how women's

435
00:20:03,110 --> 00:20:00,510
clothes are but I presume it's about the

436
00:20:05,060 --> 00:20:03,120
same is we you know guys they've got

437
00:20:07,580 --> 00:20:05,070
nothing but slaves making these things

438
00:20:09,049 --> 00:20:07,590

anyway and the poor guys are trapped in

439

00:20:11,990 --> 00:20:09,059

some little rooms there's got to be some

440

00:20:13,970 --> 00:20:12,000

variance on quality because and like

441

00:20:15,680 --> 00:20:13,980

some things for example I'll wear an

442

00:20:18,560 --> 00:20:15,690

extra-large some wear a large you know

443

00:20:20,769 --> 00:20:18,570

in shirts or coats and stuff mostly

444

00:20:24,200 --> 00:20:20,779

large extra-large but what I'm saying is

445

00:20:27,139 --> 00:20:24,210

it varies and Pat's all fit differently

446

00:20:29,120 --> 00:20:27,149

I mean I was figuring you know just for

447

00:20:32,360 --> 00:20:29,130

clothes I wouldn't want to unless it was

448

00:20:37,370 --> 00:20:32,370

something he just knew 100% you know how

449

00:20:40,810 --> 00:20:37,380

they'd fit the the issue we're facing

450

00:20:45,529 --> 00:20:40,820

Heidi and Kevin I think is not so much

451
00:20:48,289 --> 00:20:45,539
that we aren't adapting as customers to

452
00:20:50,029 --> 00:20:48,299
different levels of shopping and when we

453
00:20:51,740 --> 00:20:50,039
find something convenient and we don't

454
00:20:55,130 --> 00:20:51,750
have to leave our homes and it's a

455
00:20:57,260 --> 00:20:55,140
commodity item like if you ordered say a

456
00:20:59,870 --> 00:20:57,270
book why do you have to go and you know

457
00:21:01,870 --> 00:20:59,880
exactly what the new John Grisham book

458
00:21:04,519 --> 00:21:01,880
or whatever you know exactly what it is

459
00:21:06,889 --> 00:21:04,529
and you still want a real book you don't

460
00:21:08,840 --> 00:21:06,899
want it on Kindle so you're totally

461
00:21:11,539 --> 00:21:08,850
happy to have it be delivered to your

462
00:21:14,180 --> 00:21:11,549
house no matter if you're old school

463
00:21:16,700 --> 00:21:14,190

from two centuries ago or you're just a

464

00:21:19,190 --> 00:21:16,710

young kid just going through high school

465

00:21:23,269 --> 00:21:19,200

of middle school but when it comes to

466

00:21:25,220 --> 00:21:23,279

really the the things that that you need

467

00:21:27,649 --> 00:21:25,230

to pick out and you need to make

468

00:21:29,659 --> 00:21:27,659

decisions so for example if you're

469

00:21:32,870 --> 00:21:29,669

remodeling a house and you need to pick

470

00:21:34,250 --> 00:21:32,880

tile you can look at all the pictures on

471

00:21:35,779 --> 00:21:34,260

Pinterest or whatever of all the

472

00:21:37,789 --> 00:21:35,789

different tiles but you really want to

473

00:21:40,909 --> 00:21:37,799

go to the tile store and say oh is that

474

00:21:42,980 --> 00:21:40,919

likable is that wood or is that a

475

00:21:45,830 --> 00:21:42,990

ceramic and how is it gonna be on my

476

00:21:50,240 --> 00:21:45,840

cold feet you want even the weight on

477

00:21:53,090 --> 00:21:50,250

you so what we are doing the question

478

00:21:54,980 --> 00:21:53,100

pending is are we losing retailing and a

479

00:21:57,889 --> 00:21:54,990

thousand percent no

480

00:22:00,740 --> 00:21:57,899

but as retailing changing and is

481

00:22:04,580 --> 00:22:00,750

shopping changing a thousand percent yes

482

00:22:07,909 --> 00:22:04,590

there's pendulums and I know we will

483

00:22:09,950 --> 00:22:07,919

still go to the 7-eleven or Circle K or

484

00:22:14,200 --> 00:22:09,960

whatever your convenience store is near

485

00:22:16,820 --> 00:22:14,210

your gas station for that 11:30 at night

486

00:22:18,649 --> 00:22:16,830

six-pack of beer because you ran out or

487

00:22:20,330 --> 00:22:18,659

you need that if you are a smoker you

488

00:22:23,269 --> 00:22:20,340

need that pack of cigarette whatever it

489

00:22:25,880 --> 00:22:23,279

is and I don't think we're gonna have

490

00:22:27,980 --> 00:22:25,890

drones delivering packs of cigarettes at

491

00:22:32,149 --> 00:22:27,990

11:30 at night I think you're still

492

00:22:34,789 --> 00:22:32,159

gonna have well it's gonna fit but it's

493

00:22:36,380 --> 00:22:34,799

gonna fail because drones are gonna

494

00:22:39,950 --> 00:22:36,390

crash into each other and then you have

495

00:22:42,860 --> 00:22:39,960

explosions and people yeah and people

496

00:22:47,360 --> 00:22:42,870

and yeah it's it's it's it's fun to have

497

00:22:49,279 --> 00:22:47,370

a toy but it's it's I don't believe

498

00:22:51,230 --> 00:22:49,289

it'll ever happen that you think they

499

00:22:53,690 --> 00:22:51,240

need to reveal their secret technology

500

00:22:57,230 --> 00:22:53,700

of having a Star Trek transporter and

501
00:22:59,090 --> 00:22:57,240
then we're talking well you know you

502
00:23:01,100 --> 00:22:59,100
know Brooks Agnew he was a guest we had

503
00:23:02,990 --> 00:23:01,110
on some months back he's like he had

504
00:23:05,269 --> 00:23:03,000
owns a trucking electrical truck

505
00:23:07,190 --> 00:23:05,279
manufacturer in North Carolina he said

506
00:23:08,659 --> 00:23:07,200
that all this sass about the

507
00:23:10,730 --> 00:23:08,669
self-driving cars that's not gonna

508
00:23:13,909 --> 00:23:10,740
happen with drugs it's not gonna happen

509
00:23:16,549 --> 00:23:13,919
Greg and I concur with that 100% because

510
00:23:18,440 --> 00:23:16,559
we still have a human element and until

511
00:23:21,200 --> 00:23:18,450
you can turn us into robots and that's

512
00:23:24,139 --> 00:23:21,210
not gonna happen this week anyway until

513
00:23:26,570 --> 00:23:24,149

we're robots you can't have all the

514

00:23:29,029 --> 00:23:26,580

discretionary technology that we have

515

00:23:31,310 --> 00:23:29,039

that requires human decision still

516

00:23:35,299 --> 00:23:31,320

requires human beings

517

00:23:37,100 --> 00:23:35,309

Sulli used human knowledge to land an

518

00:23:38,659 --> 00:23:37,110

airplane on the Hudson River he did not

519

00:23:45,710 --> 00:23:38,669

use a computer to land that airplane

520

00:23:47,899 --> 00:23:45,720

right so so please please go ahead but I

521

00:23:49,549 --> 00:23:47,909

I think there again different

522

00:23:53,960 --> 00:23:49,559

perspectives on what's happening to

523

00:23:56,090 --> 00:23:53,970

retailing and I'm happy to address you

524

00:24:00,740 --> 00:23:56,100

know your concerns Kevin you know what

525

00:24:03,139 --> 00:24:00,750

you might have or Heidi if let's let's

526

00:24:05,990 --> 00:24:03,149

look into it the same thing that I've

527

00:24:07,970 --> 00:24:06,000

run into here in Chicago I mean

528

00:24:11,300 --> 00:24:07,980

known for the Magnificent Mile that is a

529

00:24:14,660 --> 00:24:11,310

huge tourist attraction it is shopping

530

00:24:17,060 --> 00:24:14,670

to you drop I don't care how freezing it

531

00:24:20,240 --> 00:24:17,070

is outside I mean they are out there

532

00:24:23,740 --> 00:24:20,250

just digging it and a lot of these but

533

00:24:28,540 --> 00:24:26,330

well no and just to say that some of

534

00:24:32,390 --> 00:24:28,550

these these smaller shops are closing up

535

00:24:35,180 --> 00:24:32,400

yeah it's really sad to see it sounded

536

00:24:37,250 --> 00:24:35,190

the same sounds well I know you wouldn't

537

00:24:39,230 --> 00:24:37,260

think they would but I mean like I say I

538

00:24:41,810 --> 00:24:39,240

or just about ready to the break but I

539

00:24:43,460 --> 00:24:41,820

guess that's the thing we might talk

540

00:24:46,940 --> 00:24:43,470

about to when we get back I mean I've

541

00:24:49,280 --> 00:24:46,950

heard that it's very possible you know I

542

00:24:50,900 --> 00:24:49,290

know Sears is not the most financially

543

00:24:52,940 --> 00:24:50,910

robust company out there these days but

544

00:24:55,820 --> 00:24:52,950

guys they're probably gonna close this

545

00:24:59,180 --> 00:24:55,830

is the first this year by the first of

546

00:25:02,810 --> 00:24:59,190

next year maybe so it could happen it

547

00:25:04,610 --> 00:25:02,820

could happen I'll reserve some some

548

00:25:08,710 --> 00:25:04,620

thoughtful comments when the break is

549

00:25:12,100 --> 00:25:08,720

break is over people might be right here

550

00:25:14,750 --> 00:25:12,110

[Music]

551

00:25:16,220 --> 00:25:14,760

Heidi and I don't know I had to sorry it

552

00:25:24,050 --> 00:25:16,230

took a little longer getting back this

553

00:25:26,530 --> 00:25:24,060

dogs are more problem than the she she

554

00:25:30,500 --> 00:25:26,540

doesn't want me to be out of her sight

555

00:25:31,640 --> 00:25:30,510

just to recap a little bit I was making

556

00:25:33,710 --> 00:25:31,650

the point about you know like the

557

00:25:35,510 --> 00:25:33,720

Magnificent Mile that's a big tourist

558

00:25:37,700 --> 00:25:35,520

attraction and you know some of these

559

00:25:39,980 --> 00:25:37,710

these smaller mom-and-pop places are

560

00:25:43,760 --> 00:25:39,990

even closing down and I hear this table

561

00:25:46,550 --> 00:25:43,770

stories from the owners and I mean what

562

00:25:48,860 --> 00:25:46,560

are we to do if places like if shopping

563

00:25:53,360 --> 00:25:48,870

is not a thing I mean Fifth Avenue it's

564

00:25:58,840 --> 00:25:53,370

not a thing what's to happen well I I

565

00:26:01,580 --> 00:25:58,850

would think the phenomenon of small

566

00:26:05,180 --> 00:26:01,590

neighborhood whether they be clothing

567

00:26:10,490 --> 00:26:05,190

stores or retail stores hardware stores

568

00:26:14,930 --> 00:26:10,500

whatever that phenomenon was challenged

569

00:26:18,890 --> 00:26:14,940

and at risk with the growth of the

570

00:26:22,850 --> 00:26:18,900

big-box Target Costco wall

571

00:26:27,010 --> 00:26:22,860

our home depot that was already at risk

572

00:26:32,630 --> 00:26:27,020

I don't think the Amazon phenomenon is

573

00:26:36,290 --> 00:26:32,640

the challenge of the small is not the

574

00:26:40,190 --> 00:26:36,300

only challenge to to the small retail

575

00:26:43,310 --> 00:26:40,200

store because part of the formula or

576

00:26:46,490 --> 00:26:43,320

model of at least the book sales for

577

00:26:48,470 --> 00:26:46,500

years was Amazon you know during the

578

00:26:50,780 --> 00:26:48,480

history of Amazon they would have

579

00:26:52,790 --> 00:26:50,790

contracts with almost every small

580

00:26:56,690 --> 00:26:52,800

bookstore that if there was a rare

581

00:26:59,960 --> 00:26:56,700

publication that online was sought by a

582

00:27:02,120 --> 00:26:59,970

customer online then it was sent from

583

00:27:04,790 --> 00:27:02,130

you know there was a contract with that

584

00:27:07,580 --> 00:27:04,800

small bookstore that had certain kinds

585

00:27:09,350 --> 00:27:07,590

of titles whether it was a science store

586

00:27:13,640 --> 00:27:09,360

whether there's a religious book store

587

00:27:18,110 --> 00:27:13,650

whether you know all these so so Amazon

588

00:27:19,520 --> 00:27:18,120

is the risk based on 6-8 weeks ago back

589

00:27:23,060 --> 00:27:19,530

in June maybe is three months to three

590

00:27:28,040 --> 00:27:23,070

months ago the risk was to the other big

591

00:27:31,700 --> 00:27:28,050

box stores if Amazon buys or merges with

592

00:27:35,720 --> 00:27:31,710

Whole Foods does that put target out of

593

00:27:37,040 --> 00:27:35,730

business and and and that's where the

594

00:27:40,070 --> 00:27:37,050

story is

595

00:27:43,130 --> 00:27:40,080

in terms of Amazon and now you have a

596

00:27:46,220 --> 00:27:43,140

story of a Walmart teaming up with a

597

00:27:50,810 --> 00:27:46,230

Google or proposing to click so that

598

00:27:53,900 --> 00:27:50,820

they can compete with Amazon I'm gonna

599

00:27:57,080 --> 00:27:53,910

you do know Kevin over the years that I

600

00:28:02,810 --> 00:27:57,090

I'm a recovering attorney and I taught

601
00:28:10,130 --> 00:28:02,820
law school for 15 years old and one of

602
00:28:12,080 --> 00:28:10,140
you you know I came very close I came

603
00:28:15,410 --> 00:28:12,090
very close to going to James Madison Law

604
00:28:21,110 --> 00:28:15,420
School in Atlanta very good very good

605
00:28:27,260 --> 00:28:21,120
so that well is so-so but but the the

606
00:28:29,710 --> 00:28:27,270
point is that for I actually forgot my

607
00:28:32,240 --> 00:28:29,720
point about the oh no I know what it is

608
00:28:34,400 --> 00:28:32,250
one of the major when you

609
00:28:37,490 --> 00:28:34,410
you study constitutional law one of the

610
00:28:40,910 --> 00:28:37,500
major major sections right around 1900

611
00:28:44,990 --> 00:28:40,920
through the 1920s was the Sherman

612
00:28:48,110 --> 00:28:45,000
Antitrust Act oh yeah - to combat in

613
00:28:51,770 --> 00:28:48,120

those days Rockefeller and JP Morgan and

614

00:28:55,310 --> 00:28:51,780

although all the big monopolies had

615

00:28:59,510 --> 00:28:55,320

monopolies on their industries and so if

616

00:29:01,070 --> 00:28:59,520

Amazon becomes too big it would occur to

617

00:29:04,790 --> 00:29:01,080

me whether it's in this administration

618

00:29:07,310 --> 00:29:04,800

or some future administration they will

619

00:29:11,570 --> 00:29:07,320

face the Justice Department bringing a

620

00:29:14,570 --> 00:29:11,580

you know antitrust actions so that he

621

00:29:17,690 --> 00:29:14,580

should be confident yeah so there is

622

00:29:20,630 --> 00:29:17,700

protection at a constitutional level or

623

00:29:24,020 --> 00:29:20,640

it at a congressional well-settled level

624

00:29:28,520 --> 00:29:24,030

that people should know no single

625

00:29:30,230 --> 00:29:28,530

corporation should there's one I you

626

00:29:31,670 --> 00:29:30,240

know should dominate now I'm gonna give

627

00:29:33,860 --> 00:29:31,680

you an irony I don't mean to hog that

628

00:29:35,720 --> 00:29:33,870

tonight there's an irony about ten years

629

00:29:43,550 --> 00:29:35,730

ago there was going to be a merger

630

00:29:46,520 --> 00:29:43,560

between staples and Office Depot and the

631

00:29:49,430 --> 00:29:46,530

Justice Department spotted on grounds of

632

00:29:50,690 --> 00:29:49,440

antitrust and monopoly if they merged

633

00:29:54,170 --> 00:29:50,700

they would all there would not be

634

00:30:02,180 --> 00:29:54,180

competition yes what recent articles

635

00:30:04,730 --> 00:30:02,190

they're both going out of business no

636

00:30:06,380 --> 00:30:04,740

they're both closing stores both staples

637

00:30:12,770 --> 00:30:06,390

I didn't office people are closing

638

00:30:16,030 --> 00:30:12,780

stores google it it's acronym wow what

639

00:30:19,460 --> 00:30:16,040

an irony because the Justice Department

640

00:30:22,280 --> 00:30:19,470

did not want them to dominate the office

641

00:30:23,900 --> 00:30:22,290

supply industry and and now they're did

642

00:30:26,150 --> 00:30:23,910

in fairness there used to be a zillion

643

00:30:28,850 --> 00:30:26,160

little small office supply places oh

644

00:30:31,550 --> 00:30:28,860

yeah there were sometimes combined with

645

00:30:34,010 --> 00:30:31,560

maybe book stores or writing stores or

646

00:30:35,810 --> 00:30:34,020

yeah little office supply places and

647

00:30:37,420 --> 00:30:35,820

they would double as book stores as well

648

00:30:39,860 --> 00:30:37,430

and very convenient

649

00:30:41,540 --> 00:30:39,870

Lauria has a famous store in La Jolla

650

00:30:44,930 --> 00:30:41,550

California you mention lawyer earlier

651
00:30:48,109 --> 00:30:44,940
Warwick's Warwick's book stores just

652
00:30:52,219 --> 00:30:48,119
fit that a prototype perfectly for

653
00:30:54,080 --> 00:30:52,229
literally 60 70 years and I think I

654
00:30:55,549 --> 00:30:54,090
think that I think they've closed I

655
00:30:59,149 --> 00:30:55,559
think the world works is closed I'm not

656
00:31:00,769 --> 00:30:59,159
sure goodness another thing that really

657
00:31:03,139 --> 00:31:00,779
bothers me it's like what the closing of

658
00:31:05,989 --> 00:31:03,149
all the bookstores it's like me being an

659
00:31:09,649 --> 00:31:05,999
author and it's like you people do not

660
00:31:11,330 --> 00:31:09,659
know is what to shop for unless they're

661
00:31:11,599 --> 00:31:11,340
they're looking for something in

662
00:31:13,639 --> 00:31:11,609
particular

663
00:31:15,019 --> 00:31:13,649

you know it's it's like it's not like

664

00:31:17,479 --> 00:31:15,029

when you go out into the bookstore and

665

00:31:20,060 --> 00:31:17,489

you see all these books facing you it

666

00:31:22,399 --> 00:31:20,070

you know you're able to picture and go

667

00:31:24,680 --> 00:31:22,409

oh and discover something when I go

668

00:31:27,619 --> 00:31:24,690

online you have to know what you're

669

00:31:30,139 --> 00:31:27,629

looking for you have to do a search and

670

00:31:32,330 --> 00:31:30,149

you don't get exposed to everything so

671

00:31:33,259 --> 00:31:32,340

you won't see the competition you know

672

00:31:35,629 --> 00:31:33,269

apples

673

00:31:38,330 --> 00:31:35,639

I know IBM you know you go for certain

674

00:31:40,039 --> 00:31:38,340

things and and it's like oh there's

675

00:31:42,739 --> 00:31:40,049

another brand out there well how would

676
00:31:45,440 --> 00:31:42,749
you know I mean really it's crazy and

677
00:31:47,029 --> 00:31:45,450
everybody's DVR and air their shows they

678
00:31:48,799 --> 00:31:47,039
can fast-forward through commercials I

679
00:31:51,109 --> 00:31:48,809
do it all the time so they wouldn't see

680
00:31:52,909 --> 00:31:51,119
the advertisement to know there's a new

681
00:31:55,279 --> 00:31:52,919
brand of computer out there or something

682
00:31:57,289 --> 00:31:55,289
so it's it's really narrowing their our

683
00:31:59,599 --> 00:31:57,299
choices and it's a detriment I mean is

684
00:32:01,099 --> 00:31:59,609
that what you're finding - well I I

685
00:32:05,960 --> 00:32:01,109
agree with you completely

686
00:32:08,119 --> 00:32:05,970
it's narrowing not so much that choices

687
00:32:10,219 --> 00:32:08,129
there's still a variety of every kind of

688
00:32:11,749 --> 00:32:10,229

product and then just look for lighting

689

00:32:13,969 --> 00:32:11,759

when you remodel you know I use that

690

00:32:16,039 --> 00:32:13,979

example of you lighting fixtures there's

691

00:32:19,430 --> 00:32:16,049

zillions of them but they are narrow

692

00:32:20,989 --> 00:32:19,440

wing Heidi the places you can look for

693

00:32:23,089 --> 00:32:20,999

those choices that's what they're

694

00:32:29,359 --> 00:32:23,099

narrowing and that's what we're unhappy

695

00:32:32,119 --> 00:32:29,369

about that one I just heard Toys R Us is

696

00:32:34,009 --> 00:32:32,129

talking about filing bankruptcy yes I

697

00:32:37,339 --> 00:32:34,019

just heard that one we talked about

698

00:32:41,389 --> 00:32:37,349

narrowing choices you know you take a

699

00:32:43,700 --> 00:32:41,399

kid to Toys R Us and and it's delight is

700

00:32:45,979 --> 00:32:43,710

Disneyland you know doing it well where

701
00:32:47,749 --> 00:32:45,989
you don't have to grow up you don't have

702
00:32:55,489 --> 00:32:47,759
to grow up as long as you have a credit

703
00:32:58,790 --> 00:32:55,499
cards that hurt me more thought is on

704
00:33:00,020 --> 00:32:58,800
another issue by the way do you want

705
00:33:01,880 --> 00:33:00,030
down a few more minutes so you don't

706
00:33:06,710 --> 00:33:01,890
have to cut off at 8:45 if you don't

707
00:33:14,690 --> 00:33:06,720
want no I'm here with you tell Joe tells

708
00:33:18,230 --> 00:33:14,700
me go home I'll see y'all on another

709
00:33:20,030 --> 00:33:18,240
issue though I know that what the heck

710
00:33:22,760 --> 00:33:20,040
are people gonna do for employment with

711
00:33:24,410 --> 00:33:22,770
the mechanization of factories and

712
00:33:27,440 --> 00:33:24,420
moving into Mexico which they're fond of

713
00:33:29,980 --> 00:33:27,450

doing and and then retail would be

714

00:33:33,050 --> 00:33:29,990

removed to a large extent that's a big

715

00:33:34,820 --> 00:33:33,060

part of the workforce I mean what are

716

00:33:37,880 --> 00:33:34,830

these one of these guys gonna do for

717

00:33:41,300 --> 00:33:37,890

work well I think there are a lot of

718

00:33:45,170 --> 00:33:41,310

services that still need refining that

719

00:33:47,450 --> 00:33:45,180

are outside shall we say just working

720

00:33:51,080 --> 00:33:47,460

retail or working in our restaurant or

721

00:33:54,410 --> 00:33:51,090

working in a gas station and and

722

00:33:56,480 --> 00:33:54,420

training retraining people and the

723

00:33:59,270 --> 00:33:56,490

creation of new industries of which I

724

00:34:02,050 --> 00:33:59,280

really can't tell you but I do believe

725

00:34:04,640 --> 00:34:02,060

there are new electronic style

726

00:34:09,020 --> 00:34:04,650

industries if say there's more that we

727

00:34:11,540 --> 00:34:09,030

learn about Wireless this and Wireless

728

00:34:13,940 --> 00:34:11,550

that and digital this and digital that

729

00:34:16,280 --> 00:34:13,950

of which I'm not a scientist so I can't

730

00:34:19,460 --> 00:34:16,290

tell you but we know that our

731

00:34:21,560 --> 00:34:19,470

universities are filled with research

732

00:34:24,590 --> 00:34:21,570

both private universities and state

733

00:34:28,180 --> 00:34:24,600

public universities and those will

734

00:34:31,460 --> 00:34:28,190

create American jobs in my opinion

735

00:34:34,070 --> 00:34:31,470

everybody talks about big government but

736

00:34:36,050 --> 00:34:34,080

I think what we're again like remember

737

00:34:37,580 --> 00:34:36,060

that American flag analogy I gave

738

00:34:39,080 --> 00:34:37,590

they're really criticizing the president

739

00:34:42,560 --> 00:34:39,090

they're really not criticizing the flag

740

00:34:44,810 --> 00:34:42,570

well well likewise people are

741

00:34:46,360 --> 00:34:44,820

complaining about big government but do

742

00:34:48,320 --> 00:34:46,370

you know in the Federalist Papers

743

00:34:50,810 --> 00:34:48,330

Alexander Hamilton and James Madison

744

00:34:52,430 --> 00:34:50,820

they were already complaining about big

745

00:34:54,110 --> 00:34:52,440

government at the time of the revolution

746

00:34:57,610 --> 00:34:54,120

at the time of the Constitutional

747

00:35:03,950 --> 00:35:00,580

people are complaining about

748

00:35:06,650 --> 00:35:03,960

over-regulation and too many laws and we

749

00:35:09,200 --> 00:35:06,660

get that and we can agree with that but

750

00:35:11,609 --> 00:35:09,210

it is the government that will provide

751

00:35:13,259 --> 00:35:11,619

enhanced health care one day

752

00:35:16,230 --> 00:35:13,269

we're gonna get over this argument we're

753

00:35:18,269 --> 00:35:16,240

having because we are dedicated to have

754

00:35:20,900 --> 00:35:18,279

good healthcare and there is room in the

755

00:35:23,549 --> 00:35:20,910

healthcare industry to give better

756

00:35:25,769 --> 00:35:23,559

better quality preventive care and

757

00:35:27,450 --> 00:35:25,779

trained people and their accidents

758

00:35:29,339 --> 00:35:27,460

people drive at 80 miles an hour and

759

00:35:31,680 --> 00:35:29,349

crash into each other and we need

760

00:35:35,009 --> 00:35:31,690

paramedics and we have diseases and we

761

00:35:37,289 --> 00:35:35,019

have cancers that alone is the broad

762

00:35:42,599 --> 00:35:37,299

industry that's I'm not saying it's on

763

00:35:44,880 --> 00:35:42,609

taps but we we need more providers and

764

00:35:47,700 --> 00:35:44,890

not just physicians not just the doctors

765

00:35:50,640 --> 00:35:47,710

at every level we need more medical I'm

766

00:35:53,970 --> 00:35:50,650

sorry mental healthcare so what I'm

767

00:35:56,039 --> 00:35:53,980

offering to you ladies and gentlemen I'm

768

00:35:58,319 --> 00:35:56,049

offering that we will have new

769

00:36:00,989 --> 00:35:58,329

industries where it when we talk about

770

00:36:03,839 --> 00:36:00,999

America being great and resilient I

771

00:36:05,970 --> 00:36:03,849

promise you we can find jobs for people

772

00:36:08,279 --> 00:36:05,980

they just have to stand up and say they

773

00:36:10,109 --> 00:36:08,289

want to work that's what that's with

774

00:36:12,620 --> 00:36:10,119

people that I hold a experience to be

775

00:36:15,480 --> 00:36:12,630

the case I hope it does I see I grew up

776

00:36:16,979 --> 00:36:15,490

you know not you know not that long well

777

00:36:19,739 --> 00:36:16,989

I mean quite a while ago yes but I mean

778

00:36:21,420 --> 00:36:19,749

yeah it was it was a when there was a

779

00:36:23,759 --> 00:36:21,430

lot of factories so that a guy didn't

780

00:36:26,039 --> 00:36:23,769

have to be you know a you know

781

00:36:28,140 --> 00:36:26,049

rip-snorting genius to make a decent

782

00:36:29,940 --> 00:36:28,150

living and go about his business and

783

00:36:33,420 --> 00:36:29,950

raise families the Archie Bunker kind of

784

00:36:35,069 --> 00:36:33,430

thing sure but but I mean I was always a

785

00:36:39,809 --> 00:36:35,079

Salesman or something like that's a

786

00:36:41,759 --> 00:36:39,819

shifty and I think salesman type but but

787

00:36:44,279 --> 00:36:41,769

it had a certain skill to it but what

788

00:36:46,349 --> 00:36:44,289

I'm saying is that I feel for the

789

00:36:49,289 --> 00:36:46,359

average working Joe is what I'm saying

790

00:36:50,700 --> 00:36:49,299

right right and I don't know if there's

791

00:36:52,710 --> 00:36:50,710

there aren't those kind of high-paying

792

00:36:57,329 --> 00:36:52,720

jobs available anymore for the most part

793

00:36:59,309 --> 00:36:57,339

well when you read statistics both under

794

00:37:04,710 --> 00:36:59,319

the prior administration the prior

795

00:37:07,319 --> 00:37:04,720

president since 2008 or since say 2013

796

00:37:10,529 --> 00:37:07,329

2014 and then even under the current new

797

00:37:14,579 --> 00:37:10,539

administration job growth is continuing

798

00:37:18,509 --> 00:37:14,589

across this country there is flat wages

799

00:37:20,279 --> 00:37:18,519

have been flat well well well there's so

800

00:37:22,410 --> 00:37:20,289

many parts of the argument I'm not going

801
00:37:24,089 --> 00:37:22,420
to I'm not knowledgeable about wages I'm

802
00:37:25,470 --> 00:37:24,099
aware of big arguments about minimum

803
00:37:28,950 --> 00:37:25,480
wage and all that sort of thing

804
00:37:32,160 --> 00:37:28,960
yeah but but but if wages stay flat that

805
00:37:35,990 --> 00:37:32,170
also means inflation stays flat and and

806
00:37:39,300 --> 00:37:36,000
that I I raise my children with a

807
00:37:41,910 --> 00:37:39,310
two-two worker household my spouse and I

808
00:37:43,920 --> 00:37:41,920
both had teaching jobs and we raised our

809
00:37:46,550 --> 00:37:43,930
children and we were very pleased with

810
00:37:51,540 --> 00:37:46,560
that but this country will continue

811
00:37:54,450 --> 00:37:51,550
probably with two two working spouses or

812
00:37:56,340 --> 00:37:54,460
two working parents and and I don't want

813
00:37:58,320 --> 00:37:56,350

to address whether people have told with

814

00:37:59,670 --> 00:37:58,330

the benefit of marriage or without the

815

00:38:02,070 --> 00:37:59,680

benefit of marriage that's that's a

816

00:38:04,410 --> 00:38:02,080

personal thing but I'm saying that if

817

00:38:05,760 --> 00:38:04,420

there are two parents whether they're

818

00:38:08,220 --> 00:38:05,770

married to each other or not but if you

819

00:38:10,560 --> 00:38:08,230

have two working parents and then you

820

00:38:13,230 --> 00:38:10,570

have two incomes that makes up for a lot

821

00:38:14,340 --> 00:38:13,240

of the fact that the incomes might not

822

00:38:18,150 --> 00:38:14,350

be as high as you'd like

823

00:38:20,370 --> 00:38:18,160

yeah I have a question for you since you

824

00:38:22,050 --> 00:38:20,380

mentioned way just did you and then you

825

00:38:23,250 --> 00:38:22,060

mentioned target made be going out of

826

00:38:25,800 --> 00:38:23,260

business did you hear about their

827

00:38:27,870 --> 00:38:25,810

announcement two days ago about raising

828

00:38:30,810 --> 00:38:27,880

their minimum hourly wage to Levin

829

00:38:34,200 --> 00:38:30,820

dollars and then by the end of 2020 to

830

00:38:36,740 --> 00:38:34,210

\$15 what do you think about that now if

831

00:38:40,560 --> 00:38:36,750

you're asking me I thought it was

832

00:38:42,900 --> 00:38:40,570

staples and Office Depot I don't recall

833

00:38:44,790 --> 00:38:42,910

saying target was no abuse yes I'm

834

00:38:46,500 --> 00:38:44,800

looking at it oh oh I thought you said I

835

00:38:49,859 --> 00:38:46,510

thought you said target as well sorry

836

00:38:53,460 --> 00:38:49,869

yeah no no I'll think target is a very

837

00:38:56,250 --> 00:38:53,470

viable retailer and it is not as

838

00:38:59,220 --> 00:38:56,260

aggressive as Walmart in trying to

839

00:39:02,970 --> 00:38:59,230

combat the Amazon onslaught but I do

840

00:39:07,200 --> 00:39:02,980

believe people who are not blue-collar

841

00:39:09,450 --> 00:39:07,210

people and middle-class people they

842

00:39:13,950 --> 00:39:09,460

populate target at least in my community

843

00:39:16,200 --> 00:39:13,960

quite dramatically and at Target gives

844

00:39:19,020 --> 00:39:16,210

jobs a lot of people you know there are

845

00:39:21,090 --> 00:39:19,030

a lot of employment at Target with fewer

846

00:39:24,930 --> 00:39:21,100

complaints than the Walmart employment

847

00:39:28,740 --> 00:39:24,940

scenario of two and three years ago so I

848

00:39:31,349 --> 00:39:28,750

I hope I didn't say target was I had on

849

00:39:33,630 --> 00:39:31,359

knowledge I've no know what actually I

850

00:39:34,890 --> 00:39:33,640

thought I talked to that the Walmart

851

00:39:36,540 --> 00:39:34,900

people up here because I frequent a

852

00:39:39,210 --> 00:39:36,550

Walmart a lot because I just like it and

853

00:39:47,970 --> 00:39:39,220

they're right they

854

00:39:51,690 --> 00:39:47,980

you're cheap oatmeal you feed your dog

855

00:39:55,829 --> 00:39:51,700

is it that's not good no from the chat

856

00:39:57,720 --> 00:39:55,839

room I wanted to ask you um said hearsay

857

00:40:00,000 --> 00:39:57,730

is in there and yes

858

00:40:02,940 --> 00:40:00,010

are we ever going to see a rebirth of

859

00:40:04,680 --> 00:40:02,950

the mom-and-pop stores do I mean do you

860

00:40:09,930 --> 00:40:04,690

think that middle America or something

861

00:40:12,120 --> 00:40:09,940

might ever see that er yeah it does

862

00:40:14,880 --> 00:40:12,130

exist in a different form and it started

863

00:40:16,559 --> 00:40:14,890

about 30 years ago with McDonald's the

864

00:40:21,420 --> 00:40:16,569

mom-and-pop stores in the form of the

865

00:40:25,970 --> 00:40:21,430

small franchise a subway store I can't

866

00:40:29,339 --> 00:40:25,980

think of those myk's myk's burgers

867

00:40:34,200 --> 00:40:29,349

though those those are very mom-and-pop

868

00:40:38,280 --> 00:40:34,210

oriented in fact they were Jack you know

869

00:40:40,589 --> 00:40:38,290

Five Guys Burgers yeah yeah yeah so

870

00:40:45,359 --> 00:40:40,599

that's one form of it's not going to go

871

00:40:47,730 --> 00:40:45,369

anyway as soon there there are certain

872

00:40:53,220 --> 00:40:47,740

convenience stores that are operated

873

00:40:55,260 --> 00:40:53,230

heavily by minority families and I do

874

00:40:58,620 --> 00:40:55,270

not say this and I'm just saying that

875

00:41:00,960 --> 00:40:58,630

the families will get together and you

876

00:41:03,900 --> 00:41:00,970

go into a 7-eleven and it might be a

877

00:41:06,809 --> 00:41:03,910

Hispanic family it might be a an Indian

878

00:41:08,099 --> 00:41:06,819

family it might be their Americans there

879

00:41:10,650 --> 00:41:08,109

they're doing there but they're pairing

880

00:41:13,109 --> 00:41:10,660

their taxes but but they group together

881

00:41:16,380 --> 00:41:13,119

and then they'll run these smaller

882

00:41:18,900 --> 00:41:16,390

stores subway subway shops and Dunkin

883

00:41:21,839 --> 00:41:18,910

Donuts as well you see a pattern yep

884

00:41:26,010 --> 00:41:21,849

yeah so I say that with a pat on the

885

00:41:27,780 --> 00:41:26,020

back and a thumbs up that that we do

886

00:41:29,910 --> 00:41:27,790

have diversity in our country and I want

887

00:41:33,210 --> 00:41:29,920

to endorse that because I myself if you

888

00:41:35,700 --> 00:41:33,220

go back not that many generations my dad

889

00:41:39,180 --> 00:41:35,710

was born in the United States but I'm

890

00:41:40,740 --> 00:41:39,190

and now my children are my children or

891

00:41:43,530 --> 00:41:40,750

that because through their mother or

892

00:41:48,000 --> 00:41:43,540

fifth fifth generation sandy Aegon's

893

00:41:52,590 --> 00:41:48,010

believe it or not Wow but my point is if

894

00:41:56,400 --> 00:41:52,600

we don't have diversity then we lose

895

00:42:00,630 --> 00:41:56,410

the principles of our country and that

896

00:42:05,960 --> 00:42:00,640

small what used to be maybe a small

897

00:42:09,780 --> 00:42:05,970

diner in a Midwestern in a Midwest town

898

00:42:13,140 --> 00:42:09,790

that is today a 7-eleven convenience

899

00:42:16,650 --> 00:42:13,150

store it's still the same concept that

900

00:42:19,050 --> 00:42:16,660

it's grassroot its grassroots is it

901
00:42:20,370 --> 00:42:19,060
shifting is there a pendulum is it less

902
00:42:23,310 --> 00:42:20,380
than it was yes

903
00:42:24,210 --> 00:42:23,320
is it a danger yes is it going away and

904
00:42:27,960 --> 00:42:24,220
lost forever

905
00:42:30,270 --> 00:42:27,970
negative it's it's it exists in a little

906
00:42:32,580 --> 00:42:30,280
different form and I think the franchise

907
00:42:37,710 --> 00:42:32,590
stretches the food franchises but you

908
00:42:42,450 --> 00:42:37,720
see dry cleaner franchisors you see you

909
00:42:44,790 --> 00:42:42,460
see what what are those franchises for

910
00:42:49,680 --> 00:42:44,800
it for your for your car for your

911
00:42:50,940 --> 00:42:49,690
transmission franchises yeah yeah so

912
00:42:53,370 --> 00:42:50,950
that's my answer

913
00:42:56,430 --> 00:42:53,380

it's at risk everything's at risk when

914

00:42:59,190 --> 00:42:56,440

things change but the pendulum will

915

00:43:00,960 --> 00:42:59,200

swing and and they aren't gonna go away

916

00:43:02,670 --> 00:43:00,970

they aren't gonna go I guess I had

917

00:43:04,460 --> 00:43:02,680

empathy for the people that just are not

918

00:43:09,660 --> 00:43:04,470

that bright and didn't give it much

919

00:43:11,700 --> 00:43:09,670

education right well I mean you know I

920

00:43:13,500 --> 00:43:11,710

mean that doesn't include myself I mean

921

00:43:15,180 --> 00:43:13,510

I'm pretty well educated but it's I'm

922

00:43:16,560 --> 00:43:15,190

talking but you know I had some sympathy

923

00:43:19,080 --> 00:43:16,570

for the poor schmuck that just gets

924

00:43:23,430 --> 00:43:19,090

through high school and doesn't have

925

00:43:26,630 --> 00:43:23,440

much primate prospects but I don't know

926
00:43:29,670 --> 00:43:26,640
but but still the idea of I guess

927
00:43:32,280 --> 00:43:29,680
groceries to the I know people next door

928
00:43:35,670 --> 00:43:32,290
they big calling their order to Walmart

929
00:43:37,140 --> 00:43:35,680
they go pick it up and I don't know I

930
00:43:39,600 --> 00:43:37,150
like looking around that I'll see if

931
00:43:41,730 --> 00:43:39,610
there's another kind of super bright oh

932
00:43:45,600 --> 00:43:41,740
this looks good or something like that I

933
00:43:46,920 --> 00:43:45,610
mean it's just it just people are that

934
00:43:49,200 --> 00:43:46,930
lazy I mean it

935
00:43:50,940 --> 00:43:49,210
I mean Walmart certainly well situated

936
00:43:53,790 --> 00:43:50,950
in almost every town I mean you don't

937
00:43:56,070 --> 00:43:53,800
have to drive very far to find one or

938
00:44:00,240 --> 00:43:56,080

Target either I mean are people just

939

00:44:04,250 --> 00:44:00,250

lazy types these days is that into smoke

940

00:44:06,120 --> 00:44:04,260

I don't think people do have a mentality

941

00:44:08,849 --> 00:44:06,130

more than they did

942

00:44:12,210 --> 00:44:08,859

years ago if I can get it delivered I

943

00:44:14,249 --> 00:44:12,220

will and that feeds into the Amazon and

944

00:44:17,190 --> 00:44:14,259

then every other form of including

945

00:44:20,519 --> 00:44:17,200

Domino's Pizza is based almost

946

00:44:23,160 --> 00:44:20,529

exclusively on delivery I just saw in my

947

00:44:24,240 --> 00:44:23,170

neighborhood that or maybe was a TV I

948

00:44:26,309 --> 00:44:24,250

was watching a football game or

949

00:44:30,359 --> 00:44:26,319

something on TV Domino's is decided to

950

00:44:33,210 --> 00:44:30,369

open up some some Expo restaurants where

951
00:44:38,569 --> 00:44:33,220
you can company over it yeah I just sort

952
00:44:43,140 --> 00:44:38,579
of it's a bit I get my yeah I'm glad so

953
00:44:46,829 --> 00:44:43,150
but delivery of certain things I don't

954
00:44:49,079 --> 00:44:46,839
see how an Amazon really is gonna wrap

955
00:44:52,109 --> 00:44:49,089
itself around delivering hot fresh food

956
00:44:55,440 --> 00:44:52,119
they could deliver you know they can

957
00:44:58,079 --> 00:44:55,450
deliver packages of cereal and all that

958
00:45:00,210 --> 00:44:58,089
whole foods there by the Whole Foods and

959
00:45:03,240 --> 00:45:00,220
they deliver that sort of staples kind

960
00:45:04,859 --> 00:45:03,250
of thing that goes in the pantry but if

961
00:45:09,799 --> 00:45:04,869
you if you want

962
00:45:12,210 --> 00:45:09,809
I don't know fresh tacos fresh burgers I

963
00:45:14,460 --> 00:45:12,220

I think you're going to rely on the

964

00:45:15,990 --> 00:45:14,470

franchises you know in in your

965

00:45:19,230 --> 00:45:16,000

neighborhood whether it be a Taco Bell

966

00:45:28,319 --> 00:45:19,240

or yeah have you got do you guys have in

967

00:45:30,930 --> 00:45:28,329

and out burger that that's that and now

968

00:45:33,059 --> 00:45:30,940

Ober is starting to take part in

969

00:45:34,710 --> 00:45:33,069

delivering well how could they do that a

970

00:45:36,839 --> 00:45:34,720

cost-effectively you know Hooper's gonna

971

00:45:38,700 --> 00:45:36,849

cause what fifty dollars at least to

972

00:45:40,410 --> 00:45:38,710

deliver the food wouldn't well I want it

973

00:45:42,690 --> 00:45:40,420

takes to five dollars to go from point A

974

00:45:46,920 --> 00:45:42,700

to point B so probably might might be

975

00:45:49,079 --> 00:45:46,930

pretty cool like a place like here in

976
00:45:51,269 --> 00:45:49,089
Chicago I mean you don't want to go out

977
00:45:53,430 --> 00:45:51,279
in the traffic you know there there's a

978
00:45:55,769 --> 00:45:53,440
competitor uber too and I can't think of

979
00:45:57,539 --> 00:45:55,779
it one other

980
00:46:00,210 --> 00:45:57,549
no but not that I'm in on delivering

981
00:46:02,789 --> 00:46:00,220
food it's something or eat something

982
00:46:05,130 --> 00:46:02,799
with the word eats one of the one of the

983
00:46:10,049 --> 00:46:05,140
restaurants that that has both ooblar

984
00:46:12,839 --> 00:46:10,059
delivery and this other so there are now

985
00:46:16,049 --> 00:46:12,849
doing it to I think something yeah

986
00:46:19,500 --> 00:46:16,059
they're using some service right so now

987
00:46:23,220 --> 00:46:19,510
that but but that is service

988
00:46:27,150 --> 00:46:23,230

that is you know you talk about small

989

00:46:29,760 --> 00:46:27,160

business a lot of criticism to uber and

990

00:46:32,520 --> 00:46:29,770

maybe not quite as much to lift but they

991

00:46:35,580 --> 00:46:32,530

are helping people go to college people

992

00:46:37,080 --> 00:46:35,590

who have glasses and if they have night

993

00:46:39,030 --> 00:46:37,090

classes and they want to drive during

994

00:46:42,030 --> 00:46:39,040

the day or they have day classes want to

995

00:46:44,070 --> 00:46:42,040

drive at night it may be exhausting but

996

00:46:46,800 --> 00:46:44,080

they can act we get themselves through

997

00:46:49,050 --> 00:46:46,810

college the way some of us maybe were

998

00:46:51,420 --> 00:46:49,060

Busboys or something like that on the

999

00:46:53,580 --> 00:46:51,430

weekends when you know earning our way

1000

00:46:55,890 --> 00:46:53,590

through you know with that side job to

1001
00:46:58,140 --> 00:46:55,900
earn the spending money at college you

1002
00:47:00,570 --> 00:46:58,150
know mom and dad said okay we'll pay the

1003
00:47:02,760 --> 00:47:00,580
tuition and we'll pay the rent the the

1004
00:47:06,090 --> 00:47:02,770
you know the room and board but if you

1005
00:47:10,110 --> 00:47:06,100
want you've got to work if you you want

1006
00:47:11,550 --> 00:47:10,120
to have by yourself clothes or if you

1007
00:47:13,860 --> 00:47:11,560
have you want to have your own car at

1008
00:47:16,950 --> 00:47:13,870
school you got to earn money in the

1009
00:47:21,350 --> 00:47:16,960
summertime and pay for your own car so

1010
00:47:24,450 --> 00:47:21,360
that that still exists to this day and

1011
00:47:26,850 --> 00:47:24,460
there are when you asked me about jobs

1012
00:47:32,000 --> 00:47:26,860
out there there's there's a new

1013
00:47:34,050 --> 00:47:32,010

footprint for the taxi clips and I know

1014

00:47:35,670 --> 00:47:34,060

go ahead I don't mean it

1015

00:47:37,440 --> 00:47:35,680

no I know you're an attorney and all

1016

00:47:39,030 --> 00:47:37,450

that but I've heard that there's like

1017

00:47:44,100 --> 00:47:39,040

fifty percent job openings for the

1018

00:47:46,740 --> 00:47:44,110

recent law school graduates in Southern

1019

00:47:49,620 --> 00:47:46,750

California San Diego in particular when

1020

00:47:53,400 --> 00:47:49,630

I graduated law school and became an

1021

00:47:57,030 --> 00:47:53,410

attorney in 1970 jobs were short then

1022

00:48:00,900 --> 00:47:57,040

for attorneys the state of California

1023

00:48:03,390 --> 00:48:00,910

has well over 50,000 attorneys my

1024

00:48:05,730 --> 00:48:03,400

daughter's an attorney she's a good

1025

00:48:10,320 --> 00:48:05,740

lawyer and has a very fine job and I'm

1026

00:48:13,530 --> 00:48:10,330

very proud of her but I yeah

1027

00:48:15,570 --> 00:48:13,540

it's always been tough finding a good

1028

00:48:18,600 --> 00:48:15,580

attorney jobs there there have been more

1029

00:48:21,410 --> 00:48:18,610

attorneys not practicing law than

1030

00:48:25,380 --> 00:48:21,420

practicing law that have you know gotten

1031

00:48:27,510 --> 00:48:25,390

degrees yet my sister got to be a judge

1032

00:48:29,640 --> 00:48:27,520

of federal judges law clerk that was

1033

00:48:31,560 --> 00:48:29,650

pretty hard to do with it yes there you

1034

00:48:33,300 --> 00:48:31,570

had to have pretty good grades have to

1035

00:48:36,540 --> 00:48:33,310

be near the top of your class and

1036

00:48:39,270 --> 00:48:36,550

that is an entree when that tenure is

1037

00:48:41,790 --> 00:48:39,280

finished as a clerk of the federal judge

1038

00:48:44,640 --> 00:48:41,800

then doors will open at some of the

1039

00:48:46,320 --> 00:48:44,650

better firms in that community who may

1040

00:48:48,630 --> 00:48:46,330

very well even know the judge personally

1041

00:48:51,480 --> 00:48:48,640

but they'll know the reputation of the

1042

00:48:54,000 --> 00:48:51,490

federal federal management well she's

1043

00:48:57,270 --> 00:48:54,010

doing well now she has a big personal

1044

00:48:59,040 --> 00:48:57,280

injury practice Los Angeles and she

1045

00:49:01,290 --> 00:48:59,050

makes money like water as I understand

1046

00:49:07,680 --> 00:49:01,300

yeah that's a great place to have a

1047

00:49:09,210 --> 00:49:07,690

personal injury practice so third

1048

00:49:15,570 --> 00:49:09,220

runner-up Miss Maryland that probably

1049

00:49:17,700 --> 00:49:15,580

helped you write okay let's not get a

1050

00:49:20,550 --> 00:49:17,710

let's not get into that the beauty

1051

00:49:24,690 --> 00:49:20,560

contest thing I just I will stumble and

1052

00:49:27,420 --> 00:49:24,700

fail on that discussion so well you know

1053

00:49:29,640 --> 00:49:27,430

I've really enjoyed having you Harvey I

1054

00:49:32,550 --> 00:49:29,650

really have and there any books I want

1055

00:49:35,670 --> 00:49:32,560

to push or we need to mention there well

1056

00:49:38,430 --> 00:49:35,680

my existing book is called customized

1057

00:49:42,510 --> 00:49:38,440

Wall Street it's been out for a couple

1058

00:49:45,300 --> 00:49:42,520

years now and it's a in one sentence

1059

00:49:47,550 --> 00:49:45,310

it's a it's a guide book for

1060

00:49:51,570 --> 00:49:47,560

professionals can read it or individual

1061

00:49:55,170 --> 00:49:51,580

investors it's it's it's in customizing

1062

00:49:57,720 --> 00:49:55,180

Wall Street how to make investments and

1063

00:50:00,720 --> 00:49:57,730

save for your future goals like

1064

00:50:03,800 --> 00:50:00,730

retirement without stress and worry or

1065

00:50:07,980 --> 00:50:03,810

at least reducing their stress and worry

1066

00:50:10,440 --> 00:50:07,990

too much media too much hype about oh

1067

00:50:13,070 --> 00:50:10,450

the market is down and everybody runs

1068

00:50:16,380 --> 00:50:13,080

scared and that is absolutely ridiculous

1069

00:50:18,210 --> 00:50:16,390

if prices go down and gasoline you fill

1070

00:50:19,770 --> 00:50:18,220

up your tank right away because it's now

1071

00:50:22,530 --> 00:50:19,780

the gas is cheaper and there's no reason

1072

00:50:25,010 --> 00:50:22,540

not to buy more of your favorite mutual

1073

00:50:27,870 --> 00:50:25,020

fund your annuity the stocks you like

1074

00:50:30,510 --> 00:50:27,880

when when the markets are down and that

1075

00:50:33,300 --> 00:50:30,520

props up the market you know buying at a

1076

00:50:36,000 --> 00:50:33,310

discount helps prop up and keep the

1077

00:50:37,710 --> 00:50:36,010

market I need a copy of your book Kevin

1078

00:50:40,740 --> 00:50:37,720

must have got one and I just didn't get

1079

00:50:47,730 --> 00:50:40,750

one darn I will make sure my publicist

1080

00:50:50,580 --> 00:50:47,740

do I have your deep if you if you are

1081

00:50:52,740 --> 00:50:50,590

with Antoinette Kevin make sure kindly

1082

00:50:54,870 --> 00:50:52,750

that my suggestion that I'll make sure

1083

00:50:56,640 --> 00:50:54,880

I'll make sure it gets well this show we

1084

00:50:58,440 --> 00:50:56,650

better get up the our break but it's

1085

00:51:00,870 --> 00:50:58,450

been great having you Harvey yes thank

1086

00:51:02,370 --> 00:51:00,880

you and you guys have a great week and

1087

00:51:08,280 --> 00:51:02,380

thank you for having me on your show

1088

00:51:09,510 --> 00:51:08,290

yeah thanks awesome well it's good to be

1089

00:51:10,920 --> 00:51:09,520

back with Heidi and that was pretty

1090

00:51:12,780 --> 00:51:10,930

interesting stuff we don't usually deal

1091

00:51:25,290 --> 00:51:12,790

in prosaic issues I thought that was

1092

00:51:28,620 --> 00:51:25,300

pretty good I'm like what I want to this

1093

00:51:31,140 --> 00:51:28,630

is really early when that's I'll give

1094

00:51:32,880 --> 00:51:31,150

you Antoinette's number and I'll text

1095

00:51:35,130 --> 00:51:32,890

that to you and she'll make sure she

1096

00:51:38,700 --> 00:51:35,140

gets you a copy of the book oh that is

1097

00:51:41,760 --> 00:51:38,710

so cool I will dig into that oh sure

1098

00:51:43,109 --> 00:51:41,770

sure but I had an interesting story I

1099

00:51:45,630 --> 00:51:43,119

want to relate to you this was on the

1100

00:51:47,520 --> 00:51:45,640

supernatural you will right now it

1101
00:51:48,840 --> 00:51:47,530
wasn't like oh hang around smoking

1102
00:51:52,680 --> 00:51:48,850
cigarettes in the back of the car or

1103
00:51:54,780 --> 00:51:52,690
anything but I I go to the doctor like

1104
00:52:00,150 --> 00:51:54,790
once a year you know just for a check-up

1105
00:52:01,230 --> 00:52:00,160
I don't need anything but you know I was

1106
00:52:04,230 --> 00:52:01,240
gonna go to my appointment this morning

1107
00:52:07,950 --> 00:52:04,240
and went down there and on the way down

1108
00:52:09,540 --> 00:52:07,960
I had a note for no reason I had a

1109
00:52:13,020 --> 00:52:09,550
notion the doctors not gonna be there

1110
00:52:14,910 --> 00:52:13,030
when I got there and I that was a funny

1111
00:52:19,200 --> 00:52:14,920
notion because I thought well it always

1112
00:52:21,270 --> 00:52:19,210
has been there and anyhow to make a long

1113
00:52:23,490 --> 00:52:21,280

story short I'd got there and the doctor

1114

00:52:25,400 --> 00:52:23,500

had an emergency and was not there the

1115

00:52:28,349 --> 00:52:25,410

chance is that happening or about like

1116

00:52:30,810 --> 00:52:28,359

you know a pigeon flying uh you know

1117

00:52:32,070 --> 00:52:30,820

through the car and waving his feathers

1118

00:52:34,320 --> 00:52:32,080

as he goes I'm it's just not gonna

1119

00:52:34,770 --> 00:52:34,330

happen you know it's just not gonna

1120

00:52:36,870 --> 00:52:34,780

happen

1121

00:52:38,070 --> 00:52:36,880

you know meteors are striking the truck

1122

00:52:40,770 --> 00:52:38,080

or something it's not going to happen

1123

00:52:45,450 --> 00:52:40,780

and that's that's Heidi that's exactly

1124

00:52:48,120 --> 00:52:45,460

what happened well they I think just

1125

00:52:49,800 --> 00:52:48,130

floated in the top of my thinking

1126

00:52:51,810 --> 00:52:49,810

process I kind of dismissed it like yeah

1127

00:52:53,630 --> 00:52:51,820

what are the chances of that sure enough

1128

00:52:56,160 --> 00:52:53,640

I get there no dice

1129

00:52:57,300 --> 00:52:56,170

and you know it's no big deal just get

1130

00:52:58,349 --> 00:52:57,310

another appointment but I mean it's

1131

00:53:01,449 --> 00:52:58,359

dizzy

1132

00:53:02,499 --> 00:53:01,459

but it was one of the strongest ones

1133

00:53:06,999 --> 00:53:02,509

I've had in a long time

1134

00:53:07,900 --> 00:53:07,009

wow that's pretty wild she's yeah did I

1135

00:53:10,660 --> 00:53:07,910

tell you about the one that got away

1136

00:53:16,870 --> 00:53:10,670

we're talking about financial issues yes

1137

00:53:19,799 --> 00:53:16,880

it was in Vegas right 2009 I don't

1138

00:53:22,120 --> 00:53:19,809

listen to my hunches 2009 I think well

1139

00:53:25,989 --> 00:53:22,130

how to put a hundred bucks on the Tampa

1140

00:53:27,519 --> 00:53:25,999

Bay Devil Rays as you know the golden

1141

00:53:28,949 --> 00:53:27,529

Gate's got a sports book you can just

1142

00:53:31,390 --> 00:53:28,959

back you know better than there me

1143

00:53:34,719 --> 00:53:31,400

mm-hmm not the golden gate to gold

1144

00:53:37,150 --> 00:53:34,729

nugget at me and you know the idea us

1145

00:53:38,920 --> 00:53:37,160

right ad I wasted your money but I had a

1146

00:53:43,539 --> 00:53:38,930

strong impulse to do it do you know what

1147

00:53:47,650 --> 00:53:43,549

they paid not five hundred thousand to

1148

00:53:52,539 --> 00:53:47,660

one no that bet would have been worth

1149

00:53:58,689 --> 00:53:52,549

five million smackers wow that's that's

1150

00:54:00,880 --> 00:53:58,699

wild for sure oh man you imagine what

1151
00:54:02,289 --> 00:54:00,890
you even after taxes you walked out the

1152
00:54:04,779 --> 00:54:02,299
taxes aren't that much on gambling

1153
00:54:06,429 --> 00:54:04,789
winnings by the way and still walk out

1154
00:54:10,269 --> 00:54:06,439
with still walk out with over four

1155
00:54:12,880 --> 00:54:10,279
million dollars I've got a story for you

1156
00:54:14,739 --> 00:54:12,890
you know recently a lady she won the

1157
00:54:16,959 --> 00:54:14,749
lottery after pink playing the same

1158
00:54:21,189 --> 00:54:16,969
numbers for over I think 30 years or

1159
00:54:23,349 --> 00:54:21,199
something and I knew a guy and and I my

1160
00:54:25,509 --> 00:54:23,359
friends family did that they won the

1161
00:54:27,219 --> 00:54:25,519
lottery they played the same numbers for

1162
00:54:27,640 --> 00:54:27,229
years they never missed playing the

1163
00:54:31,150 --> 00:54:27,650

numbers

1164

00:54:32,919 --> 00:54:31,160

oh what a my good friends father he was

1165

00:54:34,839 --> 00:54:32,929

doing that I believe he was on like year

1166

00:54:37,209 --> 00:54:34,849

five or something like that playing the

1167

00:54:39,400 --> 00:54:37,219

same numbers and then they went on

1168

00:54:45,910 --> 00:54:39,410

vacation and he didn't get a chance to

1169

00:54:49,390 --> 00:54:45,920

play his numbers numbers came hey said

1170

00:54:56,229 --> 00:54:49,400

they never seen him like sob and ball

1171

00:54:58,359 --> 00:54:56,239

and so do you know do you know it's like

1172

00:55:00,329 --> 00:54:58,369

wow and he just stopped playing the

1173

00:55:03,309 --> 00:55:00,339

lottery after that he was just crushed

1174

00:55:04,809 --> 00:55:03,319

well that's that's all good I felt that

1175

00:55:06,099 --> 00:55:04,819

Tampa Bay things because I mean a

1176
00:55:08,949 --> 00:55:06,109
hundred bucks would be no big deal you

1177
00:55:11,169 --> 00:55:08,959
know lost yeah but I might know the

1178
00:55:12,520 --> 00:55:11,179
firing would have been a big deal but

1179
00:55:15,850 --> 00:55:12,530
you know there was a man

1180
00:55:18,850 --> 00:55:15,860
I read about him recently he won the

1181
00:55:20,620 --> 00:55:18,860
lottery and his wife did as well now

1182
00:55:26,110 --> 00:55:20,630
what are the chances of a husband and

1183
00:55:28,420 --> 00:55:26,120
wife combo winning are people that have

1184
00:55:31,990 --> 00:55:28,430
struck more than once that's that's even

1185
00:55:33,700 --> 00:55:32,000
stranger it's like I think somebody did

1186
00:55:37,750 --> 00:55:33,710
yeah like three times there's something

1187
00:55:39,640 --> 00:55:37,760
and I was watching some I want to say it

1188
00:55:41,650 --> 00:55:39,650

was a reality show of some sort of

1189

00:55:43,270 --> 00:55:41,660

people who had won millions from a

1190

00:55:46,630 --> 00:55:43,280

lottery and how they were living their

1191

00:55:49,780 --> 00:55:46,640

lives and and there was a lady who her

1192

00:55:52,180 --> 00:55:49,790

as far back as people knew her she

1193

00:55:53,890 --> 00:55:52,190

always was would tell him I know I'm

1194

00:55:54,550 --> 00:55:53,900

going to win the lottery like as a

1195

00:55:56,800 --> 00:55:54,560

teenager

1196

00:55:58,330 --> 00:55:56,810

she's like I she said she had a dream or

1197

00:56:01,030 --> 00:55:58,340

something that told her she was going to

1198

00:56:03,130 --> 00:56:01,040

win and and she told people this and I

1199

00:56:06,100 --> 00:56:03,140

think she struck it at like age 25 or

1200

00:56:08,050 --> 00:56:06,110

something and and I think she won more

1201
00:56:10,120 --> 00:56:08,060
than once and and it was just like and

1202
00:56:11,530 --> 00:56:10,130
everybody's like no she always said very

1203
00:56:13,960 --> 00:56:11,540
matter-of-fact well I'm gonna win the

1204
00:56:15,690 --> 00:56:13,970
lottery you know and it's just like not

1205
00:56:18,790 --> 00:56:15,700
a joke

1206
00:56:21,460 --> 00:56:18,800
yeah she was very sure she was going to

1207
00:56:24,880 --> 00:56:21,470
and boom she hit big and it's like wow

1208
00:56:26,590 --> 00:56:24,890
so pretty fascinating well we're gonna

1209
00:56:29,170 --> 00:56:26,600
go if you could do it it's a good way to

1210
00:56:30,640 --> 00:56:29,180
go you do it over the years I have

1211
00:56:31,390 --> 00:56:30,650
should have listened to my hunches but I

1212
00:56:34,480 --> 00:56:31,400
have not

1213
00:56:37,960 --> 00:56:34,490

I guess that's gonna be a major degree

1214

00:56:39,580 --> 00:56:37,970

of stupidity but but there isn't but the

1215

00:56:40,900 --> 00:56:39,590

thing that was kind of strange and even

1216

00:56:42,400 --> 00:56:40,910

you know even though I'm used to things

1217

00:56:43,960 --> 00:56:42,410

like that that kind of struck me odd

1218

00:56:45,040 --> 00:56:43,970

because there's no reason to think the

1219

00:56:47,290 --> 00:56:45,050

doctor would beat it

1220

00:56:52,570 --> 00:56:47,300

none I mean I've been going there ten

1221

00:56:54,430 --> 00:56:52,580

years there abouts and then also you

1222

00:56:56,320 --> 00:56:54,440

would think if some urgency happened the

1223

00:57:00,220 --> 00:56:56,330

crazy office would call you and tell

1224

00:57:02,470 --> 00:57:00,230

your pilot's been canceled something got

1225

00:57:04,120 --> 00:57:02,480

my phone number but any rate that it was

1226

00:57:06,940 --> 00:57:04,130

just odd but it did happen and those

1227

00:57:10,840 --> 00:57:06,950

things and you know I never told you

1228

00:57:15,460 --> 00:57:10,850

about this but on that same kind of vein

1229

00:57:17,080 --> 00:57:15,470

year this is a million years ago I was

1230

00:57:19,080 --> 00:57:17,090

going to Oglethorpe University in

1231

00:57:23,620 --> 00:57:19,090

Atlanta and it's a night school right

1232

00:57:24,730 --> 00:57:23,630

and we had some professor that was like

1233

00:57:26,380 --> 00:57:24,740

you know I thought it was gonna be

1234

00:57:28,539 --> 00:57:26,390

general psychology with him

1235

00:57:32,019 --> 00:57:28,549

like parapsychology 101 or something

1236

00:57:35,769 --> 00:57:32,029

right and they had he even set us up

1237

00:57:39,849 --> 00:57:35,779

with appointments to a median you know

1238

00:57:44,140 --> 00:57:39,859

we could talk to and stuff yeah here's

1239

00:57:47,620 --> 00:57:44,150

what happened is it was like all of a

1240

00:57:49,089 --> 00:57:47,630

sudden exposure to that I actually

1241

00:57:51,519 --> 00:57:49,099

prayed for it to go away and I did

1242

00:57:54,009 --> 00:57:51,529

buttocks you remember that there's an

1243

00:57:56,769 --> 00:57:54,019

ancient Stephen King movie was not the

1244

00:57:58,390 --> 00:57:56,779

shining but it was with Jon Voight and

1245

00:58:01,000 --> 00:57:58,400

what happens is basically John Voight's

1246

00:58:03,160 --> 00:58:01,010

figure would I say stumble into somebody

1247

00:58:06,430 --> 00:58:03,170

on the street corner and exploit touch

1248

00:58:09,299 --> 00:58:06,440

him on the shoulder and he oh yeah I

1249

00:58:15,609 --> 00:58:09,309

remember the movie Joe probably those

1250

00:58:19,150 --> 00:58:15,619

yeah but anyhow would happen but what

1251
00:58:21,549 --> 00:58:19,160
happened was I started knowing that kind

1252
00:58:23,980 --> 00:58:21,559
of stuff just out of the clear blue sky

1253
00:58:25,630 --> 00:58:23,990
like I had an office warehouse job where

1254
00:58:27,640 --> 00:58:25,640
I'd mostly just man the phone I'd ship

1255
00:58:29,829 --> 00:58:27,650
the orders out of the little office in

1256
00:58:31,870 --> 00:58:29,839
Atlanta you know good job for college

1257
00:58:33,190 --> 00:58:31,880
student because you could work your you

1258
00:58:35,980 --> 00:58:33,200
know you could do some paperwork

1259
00:58:40,210 --> 00:58:35,990
periodically well it ends dead times and

1260
00:58:42,460 --> 00:58:40,220
what I'm saying though is I would know

1261
00:58:44,259 --> 00:58:42,470
who would call I would know would be the

1262
00:58:46,299 --> 00:58:44,269
North Carolina Rubber Company calling

1263
00:58:48,069 --> 00:58:46,309

and I'd know what they wanted I mean not

1264

00:58:52,870 --> 00:58:48,079

every detail but I'd know who would be

1265

00:58:53,859 --> 00:58:52,880

calling I know it my the deadzone that's

1266

00:58:56,980 --> 00:58:53,869

exactly right

1267

00:58:58,690 --> 00:58:56,990

John called sure was yes yeah and it it

1268

00:59:01,660 --> 00:58:58,700

was like this was getting more and more

1269

00:59:03,370 --> 00:59:01,670

and more having more and more momentum

1270

00:59:06,009 --> 00:59:03,380

but I actually prayed about look god I

1271

00:59:08,200 --> 00:59:06,019

can't handle knowing all this and and

1272

00:59:09,789 --> 00:59:08,210

that's exactly what happened but I don't

1273

00:59:15,370 --> 00:59:09,799

know what did whatever whatever it

1274

00:59:17,200 --> 00:59:15,380

wakened it did it in I mean wild I I

1275

00:59:18,759 --> 00:59:17,210

think there's more and more people that

1276

00:59:20,589 --> 00:59:18,769

are starting to experience these types

1277

00:59:22,059 --> 00:59:20,599

of things I think it's awesome as well

1278

00:59:24,519 --> 00:59:22,069

oh yeah

1279

00:59:26,319 --> 00:59:24,529

well I don't know I yet you know I have

1280

00:59:28,660 --> 00:59:26,329

to not deal in occultism because I have

1281

00:59:32,259 --> 00:59:28,670

before it has burned me a whole lot but

1282

00:59:34,029 --> 00:59:32,269

what I'm saying is the one thing I will

1283

00:59:37,150 --> 00:59:34,039

say about this guy that was the medium

1284

00:59:38,740 --> 00:59:37,160

his name was Paul Neary mmm-hmm even

1285

00:59:40,450 --> 00:59:38,750

back then it was kind of pricey because

1286

00:59:42,880 --> 00:59:40,460

this professor said us

1287

00:59:46,420 --> 00:59:42,890

with appointments is like \$35 pal I did

1288

00:59:48,730 --> 00:59:46,430

a long time ago 35 bucks by paid he knew

1289

00:59:50,530 --> 00:59:48,740

that I he asked well that was kind of

1290

00:59:52,630 --> 00:59:50,540

funny because I wasn't comfortable with

1291

00:59:55,990 --> 00:59:52,640

that stuff he said when we gonna transit

1292

01:00:00,100 --> 00:59:56,000

said no no no no that I don't need none

1293

01:00:01,720 --> 01:00:00,110

of that what I'm saying is he told me

1294

01:00:05,620 --> 01:00:01,730

about things that were going to happen

1295

01:00:08,440 --> 01:00:05,630

and he told me for example I would be

1296

01:00:09,780 --> 01:00:08,450

married a couple times and at the time I

1297

01:00:14,170 --> 01:00:09,790

would have never thought I'd ever be

1298

01:00:16,450 --> 01:00:14,180

divorced from Susan and he told me there

1299

01:00:21,190 --> 01:00:16,460

was going to be a one a series of one

1300

01:00:23,200 --> 01:00:21,200

term presidents which happened and I'm

1301

01:00:27,460 --> 01:00:23,210

thinking I mean this guy said all kinds

1302

01:00:31,450 --> 01:00:27,470

of stuff and I mean this is way back at

1303

01:00:33,670 --> 01:00:31,460

73 understand yeah and I mean this guy

1304

01:00:36,240 --> 01:00:33,680

knew stuff like I mean he was the real

1305

01:00:40,230 --> 01:00:36,250

deal whatever for his credibility sake

1306

01:00:44,200 --> 01:00:40,240

but he oh there was another girl I met

1307

01:00:46,750 --> 01:00:44,210

way later in life named Kathy yeah he

1308

01:00:49,720 --> 01:00:46,760

mentioned maybe a girl in Krissi's or

1309

01:00:52,360 --> 01:00:49,730

cat that's who's gonna be liable love

1310

01:00:55,600 --> 01:00:52,370

interest in your life and I mean this

1311

01:01:00,730 --> 01:00:55,610

was like 20 years before this woman

1312

01:01:02,290 --> 01:01:00,740

showed up well not 2015 so I mean those

1313

01:01:03,910 --> 01:01:02,300

abilities are out there but it says not

1314

01:01:07,720 --> 01:01:03,920

to mess with it in the Bible you know I

1315

01:01:09,250 --> 01:01:07,730

mean yeah I mean because I've spoken at

1316

01:01:11,440 --> 01:01:09,260

different conferences and whatnot and

1317

01:01:16,300 --> 01:01:11,450

I've always had people that would just

1318

01:01:18,520 --> 01:01:16,310

pop up and say stuff to me like and it's

1319

01:01:22,780 --> 01:01:18,530

some of it was super spot on that was

1320

01:01:24,580 --> 01:01:22,790

really kind of freaky but I think the

1321

01:01:28,480 --> 01:01:24,590

the coolest one I was literally at a

1322

01:01:30,730 --> 01:01:28,490

strawberry fest here I go here yeah and

1323

01:01:32,800 --> 01:01:30,740

there's this little Irish pub and and

1324

01:01:34,210 --> 01:01:32,810

this lady had a little table sitting

1325

01:01:38,290 --> 01:01:34,220

outside the Irish pub it's like read

1326

01:01:40,390 --> 01:01:38,300

your palm or your your car oh yeah and I

1327

01:01:42,400 --> 01:01:40,400

was with a friend and she's Irish and

1328

01:01:44,920 --> 01:01:42,410

she was gonna head into the pub with me

1329

01:01:47,500 --> 01:01:44,930

and she's like oh hold on an Irish

1330

01:01:51,460 --> 01:01:47,510

ladies to go reading let's do it I'm

1331

01:01:53,670 --> 01:01:51,470

like okay you know and this was crazy

1332

01:01:56,819 --> 01:01:53,680

the lady looks at me and

1333

01:01:59,160 --> 01:01:56,829

and it's just like okay I see your

1334

01:02:01,490 --> 01:01:59,170

lifeline and she goes oh you're gonna

1335

01:02:02,789 --> 01:02:01,500

have you're gonna have a holy encounter

1336

01:02:10,920 --> 01:02:02,799

Jesus

1337

01:02:13,230 --> 01:02:10,930

just did that she said you're gonna

1338

01:02:16,319 --> 01:02:13,240

write books you already wrote books goes

1339

01:02:19,319 --> 01:02:16,329

crazy it was crazy

1340

01:02:22,380 --> 01:02:19,329

it was wild and then you know I did

1341

01:02:25,079 --> 01:02:22,390

Kevin saw like two years past me my same

1342

01:02:26,670 --> 01:02:25,089

friend we go out there and I'm like hmm

1343

01:02:29,370 --> 01:02:26,680

there's no way that this lady would

1344

01:02:33,630 --> 01:02:29,380

recognize me I'm like I'm gonna have her

1345

01:02:37,109 --> 01:02:33,640

read my cards do you know the same

1346

01:02:39,180 --> 01:02:37,119

thing okay the same cool oh really yes

1347

01:02:42,299 --> 01:02:39,190

it was a little different how she came

1348

01:02:45,539 --> 01:02:42,309

about it and we're just like she's legit

1349

01:02:48,269 --> 01:02:45,549

I mean nobody's gonna say that and

1350

01:02:52,019 --> 01:02:48,279

listen oh well actually absolutely you

1351
01:02:53,670 --> 01:02:52,029
mention that because actually Sue and I

1352
01:02:55,019 --> 01:02:53,680
did go I like to a woman named madam

1353
01:02:56,609 --> 01:02:55,029
Stanley in the Eastern Shore of Maryland

1354
01:02:59,250 --> 01:02:56,619
or something like that at the time she

1355
01:03:02,519 --> 01:02:59,260
did and she said some accurate stuff now

1356
01:03:07,620 --> 01:03:02,529
not as not as definitive as she would

1357
01:03:10,710 --> 01:03:07,630
what's but something only things she

1358
01:03:13,710 --> 01:03:10,720
told me it's crazy crazy accurate you

1359
01:03:16,140 --> 01:03:13,720
know it was crazy accurate but you know

1360
01:03:17,760 --> 01:03:16,150
of course that Frank Sinatra experienced

1361
01:03:19,279 --> 01:03:17,770
I had a couple years ago was kind of

1362
01:03:24,120 --> 01:03:19,289
like that because there was stuff that

1363
01:03:26,010 --> 01:03:24,130

it just happened and it just had it I

1364

01:03:29,849 --> 01:03:26,020

don't know honey there is a lot more I

1365

01:03:32,160 --> 01:03:29,859

guess what it is partially missing

1366

01:03:34,140 --> 01:03:32,170

explained but partially you know

1367

01:03:36,029 --> 01:03:34,150

Einstein always said that there's no

1368

01:03:39,539 --> 01:03:36,039

past present and future it's all one

1369

01:03:41,519 --> 01:03:39,549

continuum I guess maybe maybe these

1370

01:03:48,329 --> 01:03:41,529

people have some way to tap into it I

1371

01:03:50,339 --> 01:03:48,339

don't know yeah but I mean how in the

1372

01:03:51,720 --> 01:03:50,349

heck would I know that the crazy doctor

1373

01:03:54,049 --> 01:03:51,730

wouldn't be there at the office I mean

1374

01:03:57,599 --> 01:03:54,059

that's just yeah that's weird

1375

01:04:02,490 --> 01:03:57,609

that was weird that was but I don't know

1376

01:04:04,200 --> 01:04:02,500

Heidi is a lot stranger life that you

1377

01:04:05,730 --> 01:04:04,210

know what Ripley's Believe It or Not you

1378

01:04:06,740 --> 01:04:05,740

know the life is stranger than you think

1379

01:04:08,300 --> 01:04:06,750

or whatever there's

1380

01:04:12,380 --> 01:04:08,310

saying was I forget it's been so long

1381

01:04:15,770 --> 01:04:12,390

but oh yeah it's Oh truth is stranger

1382

01:04:18,050 --> 01:04:15,780

than fiction that's it oh yeah yes

1383

01:04:20,540 --> 01:04:18,060

that's one of them and I would never

1384

01:04:21,800 --> 01:04:20,550

ever I wish I like I said I kicked

1385

01:04:23,300 --> 01:04:21,810

myself for not putting the hundred

1386

01:04:25,730 --> 01:04:23,310

smackers down there at the Golden Nugget

1387

01:04:27,470 --> 01:04:25,740

I would have a you know made my

1388

01:04:32,960 --> 01:04:27,480

retirement years pretty comfortable five

1389

01:04:34,490 --> 01:04:32,970

million bucks but let's go to break and

1390

01:04:37,690 --> 01:04:34,500

what will have that break we'll be right

1391

01:04:41,990 --> 01:04:39,859

well it's great to be back with Heidi

1392

01:04:45,349 --> 01:04:42,000

and you know I I wanted to reserve a few

1393

01:04:48,740 --> 01:04:45,359

minutes to talk about what the heck

1394

01:04:50,599 --> 01:04:48,750

we're gonna do about Korea and Trumpy

1395

01:04:53,000 --> 01:04:50,609

and will not trouble you so much for

1396

01:04:56,000 --> 01:04:53,010

Korea what what can we do besides bomb

1397

01:04:58,040 --> 01:04:56,010

this little weasel well I don't think

1398

01:05:00,530 --> 01:04:58,050

we're gonna be able to solve it but I

1399

01:05:04,430 --> 01:05:00,540

think he could use some Prozac

1400

01:05:06,410 --> 01:05:04,440

and some sleeping medication to sleep

1401
01:05:08,720 --> 01:05:06,420
off his anxiety because he feels and

1402
01:05:11,750 --> 01:05:08,730
tells us people that we are the ones

1403
01:05:14,750 --> 01:05:11,760
trying to invade his country constantly

1404
01:05:16,520 --> 01:05:14,760
so he's a little bit paranoid and I

1405
01:05:18,620 --> 01:05:16,530
think this is the way he saves face to

1406
01:05:21,050 --> 01:05:18,630
keep the paranoia that his forefathers

1407
01:05:23,570 --> 01:05:21,060
had I mean there's nothing you could do

1408
01:05:25,280 --> 01:05:23,580
about a dictatorship but this is what I

1409
01:05:26,870 --> 01:05:25,290
don't understand it's like he has the

1410
01:05:28,790 --> 01:05:26,880
power he has because people are

1411
01:05:32,420 --> 01:05:28,800
listening to him they could overthrow

1412
01:05:34,910 --> 01:05:32,430
that little weasel easily but they just

1413
01:05:37,849 --> 01:05:34,920

don't I don't understand I understand

1414

01:05:40,099 --> 01:05:37,859

that is it some kind of deflation or

1415

01:05:42,950 --> 01:05:40,109

something well yeah they do believe that

1416

01:05:44,630 --> 01:05:42,960

about the his family and that's why he

1417

01:05:49,190 --> 01:05:44,640

was chosen because he looks close more

1418

01:05:50,839 --> 01:05:49,200

closely related to the grandfather so

1419

01:05:52,220 --> 01:05:50,849

they chose him because he put on the

1420

01:05:54,290 --> 01:05:52,230

weight and he cut his hair the same way

1421

01:05:57,200 --> 01:05:54,300

they think he's almost like reincarnated

1422

01:05:59,750 --> 01:05:57,210

Oh kind of yeah they do kind of worship

1423

01:06:01,160 --> 01:05:59,760

them it's it's really really sad but

1424

01:06:03,290 --> 01:06:01,170

they're starving to death there's

1425

01:06:05,900 --> 01:06:03,300

families are split they're being beaten

1426

01:06:07,700 --> 01:06:05,910

and putting the prisons that it's just

1427

01:06:11,570 --> 01:06:07,710

so everything bad about it I mean it's

1428

01:06:13,609 --> 01:06:11,580

it's a cruel bunch and but yeah I was

1429

01:06:15,920 --> 01:06:13,619

just wondering but you know what I'm

1430

01:06:18,230 --> 01:06:15,930

saying and of course you don't have all

1431

01:06:18,530 --> 01:06:18,240

the number on it not on you yeah do you

1432

01:06:20,670 --> 01:06:18,540

really

1433

01:06:23,700 --> 01:06:20,680

Chinese would do anything if we just

1434

01:06:25,920 --> 01:06:23,710

late that's what we're really worried

1435

01:06:27,809 --> 01:06:25,930

about I'm sure what was that I didn't

1436

01:06:31,559 --> 01:06:27,819

hear you you think do you think the

1437

01:06:33,510 --> 01:06:31,569

Chinese would come to this bozos well

1438

01:06:36,540 --> 01:06:33,520

that's how he's surviving the whole time

1439

01:06:38,849 --> 01:06:36,550

I mean we everybody you know blockade at

1440

01:06:40,890 --> 01:06:38,859

this guy and and where's he getting all

1441

01:06:43,770 --> 01:06:40,900

the equipment and tools it's Russia and

1442

01:06:45,390 --> 01:06:43,780

freakin China it's just ridiculous it's

1443

01:06:47,370 --> 01:06:45,400

like why do they like to instigate

1444

01:06:50,910 --> 01:06:47,380

things and you know what one thing I

1445

01:06:54,359 --> 01:06:50,920

wanted to bring up with Cuba and our

1446

01:06:58,079 --> 01:06:54,369

embassy over there and then being

1447

01:07:01,260 --> 01:06:58,089

attacked like on the down-low with some

1448

01:07:03,839 --> 01:07:01,270

kind of microwave radiation microwave

1449

01:07:05,490 --> 01:07:03,849

something they all have headaches they

1450

01:07:07,620 --> 01:07:05,500

all have hearing loss they all have

1451

01:07:10,650 --> 01:07:07,630

balance loss and they think it's Russian

1452

01:07:13,230 --> 01:07:10,660

technology yeah and Russian technology

1453

01:07:15,120 --> 01:07:13,240

would be Russian support they said they

1454

01:07:17,730 --> 01:07:15,130

think it's Russian technology it's like

1455

01:07:19,230 --> 01:07:17,740

why would the KGB want to do that why

1456

01:07:20,970 --> 01:07:19,240

they wouldn't have him I mean I'm not

1457

01:07:23,309 --> 01:07:20,980

saying I love it but I'm just saying

1458

01:07:26,670 --> 01:07:23,319

that to what happens I mean you know

1459

01:07:28,440 --> 01:07:26,680

easy that's crazy I feel terrible for

1460

01:07:31,740 --> 01:07:28,450

those people that was an attack that was

1461

01:07:33,089 --> 01:07:31,750

a terrorist attack on our workers I mean

1462

01:07:34,530 --> 01:07:33,099

I'm glad that they got him out of there

1463

01:07:36,809 --> 01:07:34,540

but they should have got him out quicker

1464

01:07:38,579 --> 01:07:36,819

I didn't talk about it that much they

1465

01:07:39,990 --> 01:07:38,589

sure didn't because it looks awful like

1466

01:07:43,079 --> 01:07:40,000

they couldn't detect where it was coming

1467

01:07:45,420 --> 01:07:43,089

from and for how long I mean their their

1468

01:07:48,660 --> 01:07:45,430

lives are forever changed I mean talk

1469

01:07:51,000 --> 01:07:48,670

about you know I'm not six and I'm not

1470

01:07:52,890 --> 01:07:51,010

saying it's for certain but I doubt the

1471

01:07:56,220 --> 01:07:52,900

Cubans are pretty primitive

1472

01:07:57,270 --> 01:07:56,230

I mean señor the Cubans I wouldn't see

1473

01:07:58,620 --> 01:07:57,280

where the Cubans would have the

1474

01:08:01,109 --> 01:07:58,630

technology to do it these guys are

1475

01:08:03,059 --> 01:08:01,119

running around 57 Chevys and stuff well

1476

01:08:05,250 --> 01:08:03,069

then they've kept you know their

1477

01:08:08,910 --> 01:08:05,260

dictatorship because of Russia supplying

1478

01:08:13,520 --> 01:08:08,920

that you know so yeah that's just crazy

1479

01:08:16,650 --> 01:08:13,530

I mean if cube is also in a relatively

1480

01:08:18,870 --> 01:08:16,660

peaceful format with the US they know

1481

01:08:20,910 --> 01:08:18,880

that you know soon as we're I will bites

1482

01:08:24,900 --> 01:08:20,920

the dust they'll be you know casinos

1483

01:08:26,749 --> 01:08:24,910

galore and Mario's chomping at the bit

1484

01:08:29,400 --> 01:08:26,759

and they've opened up you know

1485

01:08:32,130 --> 01:08:29,410

visitation and so no Trump Trump

1486

01:08:34,910 --> 01:08:32,140

reversed all of that Trump reversed all

1487

01:08:37,349 --> 01:08:34,920

of this yeah he did he's quite the but

1488

01:08:40,979 --> 01:08:37,359

and that's I think that's why they got

1489

01:08:43,499 --> 01:08:40,989

attacked are you sure because I mean let

1490

01:08:46,649 --> 01:08:43,509

me know because the last that I heard

1491

01:08:49,410 --> 01:08:46,659

that he reversed the tourism and and

1492

01:08:51,419 --> 01:08:49,420

being open to go over there yeah but the

1493

01:08:54,239 --> 01:08:51,429

Embassy was sitting there and the people

1494

01:08:56,009 --> 01:08:54,249

are being attacked I get it I check it

1495

01:08:57,419 --> 01:08:56,019

yeah the way of retaliating you think

1496

01:09:00,629 --> 01:08:57,429

there's something I think so

1497

01:09:06,019 --> 01:09:00,639

reverses Obama Cuba it comes right up

1498

01:09:11,459 --> 01:09:09,180

yeah he pieces of the Obama era

1499

01:09:13,890 --> 01:09:11,469

engagement with Cuba so yeah I wouldn't

1500

01:09:16,229 --> 01:09:13,900

be surprised if that was done a nice how

1501

01:09:18,749 --> 01:09:16,239

it was skeptical is because I know this

1502

01:09:21,269 --> 01:09:18,759

one Colonel buddy of mine I see every

1503

01:09:23,899 --> 01:09:21,279

now and then buddy up with he he and his

1504

01:09:26,249 --> 01:09:23,909

wife went to Cuba on a trip you know on

1505

01:09:27,509 --> 01:09:26,259

was something he always wanted to do and

1506

01:09:31,699 --> 01:09:27,519

it wasn't something they could have done

1507

01:09:34,019 --> 01:09:31,709

in past years okay this is a quote

1508

01:09:35,789 --> 01:09:34,029

effective immediately I'm canceling the

1509

01:09:37,349 --> 01:09:35,799

last administration's completely

1510

01:09:39,509 --> 01:09:37,359

one-sided deal with Cuba

1511

01:09:43,079 --> 01:09:39,519

that's Trump's quote from the New York

1512

01:09:45,359 --> 01:09:43,089

Times yeah yes so I mean here we take

1513

01:09:50,249 --> 01:09:45,369

big step forward and he just slaps it

1514

01:09:52,140 --> 01:09:50,259

backwards a lot of sense cuz the Cubans

1515

01:09:54,059 --> 01:09:52,150

as a group are probably chomping at the

1516

01:09:56,339 --> 01:09:54,069

bit to get rid of Raul and have money

1517

01:09:58,229 --> 01:09:56,349

come in there and make it into another

1518

01:09:59,969 --> 01:09:58,239

Miami or something like that see

1519

01:10:01,949 --> 01:09:59,979

actually I don't know whether you're

1520

01:10:03,930 --> 01:10:01,959

familiar with Cuba's history but at one

1521

01:10:11,219 --> 01:10:03,940

time it was like the Las Vegas of the

1522

01:10:12,930 --> 01:10:11,229

Caribbean yes I did hear that my parents

1523

01:10:15,959 --> 01:10:12,940

used to go down there and all that and

1524

01:10:18,689 --> 01:10:15,969

yeah I mean it was it was something and

1525

01:10:20,640 --> 01:10:18,699

uh no I mean the mob and everything was

1526

01:10:23,640 --> 01:10:20,650

running around down there and they're

1527

01:10:27,270 --> 01:10:23,650

making booze and they're just just a fun

1528

01:10:28,859 --> 01:10:27,280

place man looking forward to the

1529

01:10:31,890 --> 01:10:28,869

possibility to go there because it is so

1530

01:10:33,839 --> 01:10:31,900

unique I've had some good friends out my

1531

01:10:35,129 --> 01:10:33,849

buddy the colonel he just did go there

1532

01:10:40,739 --> 01:10:35,139

with he and his wife that's all I've

1533

01:10:44,479 --> 01:10:40,749

been a couple months June June 16th he

1534

01:10:47,520 --> 01:10:44,489

reversed everything according to this so

1535

01:10:48,200 --> 01:10:47,530

yeah the travel that was the one thing I

1536

01:10:52,280 --> 01:10:48,210

heard it

1537

01:10:54,290 --> 01:10:52,290

was was taken away and on it no guy went

1538

01:10:57,560 --> 01:10:54,300

just before it is possible this guy went

1539

01:10:59,660 --> 01:10:57,570

just before he reversed it yeah sometime

1540

01:11:00,890 --> 01:10:59,670

earlier in the summer and I don't know I

1541

01:11:03,290 --> 01:11:00,900

didn't have it written down the calendar

1542

01:11:05,060 --> 01:11:03,300

he's not that big a deal but I know he

1543

01:11:07,100 --> 01:11:05,070

did go and he was really impressed with

1544

01:11:08,690 --> 01:11:07,110

it you know it's picturesque kind of

1545

01:11:11,930 --> 01:11:08,700

place that you but isn't pretty

1546

01:11:14,120 --> 01:11:11,940

oh yeah people don't realize how long

1547

01:11:20,360 --> 01:11:14,130

wide it is to make like 800 miles across

1548

01:11:24,950 --> 01:11:20,370

or something yeah quite unique yeah it

1549

01:11:27,320 --> 01:11:24,960

is but I don't know but well it is Auto

1550

01:11:29,030 --> 01:11:27,330

because I'm wondering I can't see the

1551

01:11:31,100 --> 01:11:29,040

Cuban to being candid with you guys I

1552

01:11:35,300 --> 01:11:31,110

mean you know I know microwave radiation

1553

01:11:37,040 --> 01:11:35,310

isn't the most sophisticated tools but I

1554

01:11:39,500 --> 01:11:37,050

just this Cubans are more running around

1555

01:11:42,709 --> 01:11:39,510

with walkie talkie kind of people I mean

1556

01:11:47,150 --> 01:11:42,719

you know and I'm sure their cell phone

1557

01:11:48,380 --> 01:11:47,160

service in Cuba it's it's sad I mean

1558

01:11:50,209 --> 01:11:48,390

those people were

1559

01:11:51,380 --> 01:11:50,219

that's a terrorist attack and I don't I

1560

01:11:55,130 --> 01:11:51,390

don't think they got them out fast

1561

01:11:58,670 --> 01:11:55,140

enough but just like a Bengali yeah

1562

01:12:00,410 --> 01:11:58,680

they're permanently but why were the but

1563

01:12:01,790 --> 01:12:00,420

I guess I'm not trying to stand up for

1564

01:12:04,010 --> 01:12:01,800

the Russians but why would they care I

1565

01:12:06,020 --> 01:12:04,020

mean they it's really out of the

1566

01:12:08,840 --> 01:12:06,030

Russians Bailey yeah why would they buy

1567

01:12:09,920 --> 01:12:08,850

those ads on Facebook I don't know

1568

01:12:17,420 --> 01:12:09,930

they're just weird

1569

01:12:19,070 --> 01:12:17,430

they liked I don't know well you know

1570

01:12:24,070 --> 01:12:19,080

actually we were off we were offered a

1571

01:12:25,970 --> 01:12:24,080

position on RT at one time Russia Today

1572

01:12:29,450 --> 01:12:25,980

Hollywood just think of the scrutiny

1573

01:12:32,450 --> 01:12:29,460

we'd have been under with that what RT

1574

01:12:34,010 --> 01:12:32,460

Russian today what it was Russia today

1575

01:12:35,959 --> 01:12:34,020

Russia today it's run by the Russian

1576

01:12:37,520 --> 01:12:35,969

government and we had a guest daniel

1577

01:12:40,490 --> 01:12:37,530

estulin at one time it was associated

1578

01:12:45,350 --> 01:12:40,500

with him an emetic needed a group to be

1579

01:12:47,150 --> 01:12:45,360

on Russia today well and through

1580

01:12:49,330 --> 01:12:47,160

backchannels it was kind of awful to me

1581

01:12:52,250 --> 01:12:49,340

that I could do that if I wanted to

1582

01:12:54,350 --> 01:12:52,260

interesting good lord I'd have the CIA

1583

01:12:58,520 --> 01:12:54,360

crawling up my coffee cup in the morning

1584

01:13:00,500 --> 01:12:58,530

I'm sure goodness that's crazy oh well

1585

01:13:01,430 --> 01:13:00,510

I've loyal I'm loyal anyway they figured

1586

01:13:04,490 --> 01:13:01,440

that out but still

1587

01:13:06,320 --> 01:13:04,500

but but no I I do remember that and I'm

1588

01:13:10,459 --> 01:13:06,330

glad you said that because nobody but

1589

01:13:12,890 --> 01:13:10,469

nobody has mentioned that this

1590

01:13:14,780 --> 01:13:12,900

something's fun and you know I wonder

1591

01:13:16,250 --> 01:13:14,790

about that too because some things fall

1592

01:13:19,070 --> 01:13:16,260

out of the news cycle without any

1593

01:13:20,510 --> 01:13:19,080

follow-up and you wonder why and yet

1594

01:13:23,510 --> 01:13:20,520

some things are continually dredged up

1595

01:13:26,240 --> 01:13:23,520

and beat like with with sticks every day

1596

01:13:27,890 --> 01:13:26,250

and he wonder why that is who's the news

1597

01:13:29,750 --> 01:13:27,900

directors who's pulling their strings I

1598

01:13:32,360 --> 01:13:29,760

do wonder about that I really do it

1599

01:13:34,189 --> 01:13:32,370

always that yeah you know one of the

1600

01:13:36,620 --> 01:13:34,199

weirdest things I had lived in Australia

1601

01:13:40,100 --> 01:13:36,630

and like the news was not stuck on a

1602

01:13:41,900 --> 01:13:40,110

loop there I come here come back and I'm

1603

01:13:44,330 --> 01:13:41,910

like gosh it's the same thing rehashed

1604

01:13:46,010 --> 01:13:44,340

every half-hour and I mentioned to

1605

01:13:48,110 --> 01:13:46,020

somebody about that I'm like why don't

1606

01:13:50,030 --> 01:13:48,120

they you know speak about everything and

1607

01:13:58,640 --> 01:13:50,040

somebody literally said well maybe

1608

01:14:01,040 --> 01:13:58,650

there's nothing else to report even last

1609

01:14:05,330 --> 01:14:01,050

night even last night I stayed up later

1610

01:14:08,300 --> 01:14:05,340

listening to Seth Meyers and I left the

1612

01:14:12,200 --> 01:14:10,050

room I came back about 10 minutes later

1613

01:14:14,689 --> 01:14:12,210

1614

01:14:17,030 --> 01:14:14,699

something out of it you know something

1618

01:14:26,630 --> 01:14:25,830

1619

01:14:30,950 --> 01:14:26,640
