

UFO Headline News | Tuesday September 19th, 2017

Listen on

inceptionradionetwork.com

1
00:00:07,070 --> 00:00:04,340
hello it's Tuesday September 19th 2017

2
00:00:09,620 --> 00:00:07,080
you are listening to inception radio

3
00:00:12,499 --> 00:00:09,630
network voice of the fringe majority

4
00:00:16,970 --> 00:00:12,509
this is Carol taro with UFO headline

5
00:00:17,689 --> 00:00:16,980
news let's check into Earth's sky once

6
00:00:20,480 --> 00:00:17,699
more

7
00:00:22,519 --> 00:00:20,490
we promised occultation in formation

8
00:00:25,340 --> 00:00:22,529
yesterday well here it is just briefly

9
00:00:28,519 --> 00:00:25,350
last night and tonight the moon will

10
00:00:31,849 --> 00:00:28,529
occult or cover over three planets Venus

11
00:00:35,299 --> 00:00:31,859
Mars and Mercury and one first magnitude

12
00:00:37,280 --> 00:00:35,309
star regulus in less than 24 hours time

13
00:00:39,770 --> 00:00:37,290

tonight there ought to be a little left

14

00:00:42,860 --> 00:00:39,780

this will be the first time since March

15

00:00:44,810 --> 00:00:42,870

5th 2008 that three planets have been

16

00:00:47,330 --> 00:00:44,820

occulted by the moon in less than one

17

00:00:49,869 --> 00:00:47,340

day the next time won't come around till

18

00:00:52,610 --> 00:00:49,879

July 24th 2036

19

00:00:54,380 --> 00:00:52,620

overall this string of planetary

20

00:00:56,959 --> 00:00:54,390

occultation z' may be more of an

21

00:00:59,150 --> 00:00:56,969

academic than an observational interest

22

00:01:02,119 --> 00:00:59,160

because much of the world unfortunately

23

00:01:03,799 --> 00:01:02,129

is not particularly well situated for

24

00:01:06,230 --> 00:01:03,809

watching even one of these four

25

00:01:08,090 --> 00:01:06,240

occultation z' but don't let that stop

26
00:01:10,310 --> 00:01:08,100
you from waking up early if you want to

27
00:01:13,219 --> 00:01:10,320
try you could get an eyeful of the moon

28
00:01:16,219 --> 00:01:13,229
morning planets and Regulus as they line

29
00:01:18,830 --> 00:01:16,229
up in the eastern sky but fair warning

30
00:01:21,770 --> 00:01:18,840
only the moon and Venus will be easy to

31
00:01:23,690 --> 00:01:21,780
spot in that pre-dawn dawn sky although

32
00:01:26,450 --> 00:01:23,700
it shouldn't be too hard to spot Regulus

33
00:01:29,120 --> 00:01:26,460
just a short hop below Venus before dawn

34
00:01:31,039 --> 00:01:29,130
you'll have to be very deliberate if you

35
00:01:33,620 --> 00:01:31,049
want to catch mercury and Mars near the

36
00:01:36,410 --> 00:01:33,630
horizon as the pre-dawn darkness gives

37
00:01:38,569 --> 00:01:36,420
way to morning Twilight and they're gone

38
00:01:41,420 --> 00:01:38,579

you'll almost certainly need binoculars

39

00:01:43,100 --> 00:01:41,430

to see Mars and possibly to see mercury

40

00:01:45,499 --> 00:01:43,110

so here's the bottom line

41

00:01:48,230 --> 00:01:45,509

use the waning crescent moon and that

42

00:01:50,450 --> 00:01:48,240

dazzling planet Venus the brightest and

43

00:01:52,880 --> 00:01:50,460

second brightest heavenly bodies of

44

00:01:56,120 --> 00:01:52,890

night time respectively to seek out the

45

00:01:59,420 --> 00:01:56,130

grand alignment moon planets and Regulus

46

00:02:03,440 --> 00:01:59,430

in the eastern sky some 90 to 60 minutes

47

00:02:06,830 --> 00:02:03,450

before sunrise good luck also from earth

48

00:02:11,330 --> 00:02:06,840

sky org here's a headline hazy light

49

00:02:13,370 --> 00:02:11,340

pyramid in the east false dawn for the

50

00:02:15,230 --> 00:02:13,380

northern hemisphere these next two

51
00:02:17,840 --> 00:02:15,240
weeks present a chance to catch the

52
00:02:20,120 --> 00:02:17,850
zodiacal light before Dawn's first light

53
00:02:22,250 --> 00:02:20,130
if you're in the southern hemisphere

54
00:02:24,590 --> 00:02:22,260
watch for the zodiacal light in the West

55
00:02:25,310 --> 00:02:24,600
beginning about an hour after the Sun

56
00:02:28,520 --> 00:02:25,320
Goes Down

57
00:02:30,680 --> 00:02:28,530
from temperate latitudes this zodiacal

58
00:02:33,290 --> 00:02:30,690
light is most easily seen around the

59
00:02:35,300 --> 00:02:33,300
time of the equinoxes the morning zodiac

60
00:02:38,000 --> 00:02:35,310
alight prevails around that time the

61
00:02:39,950 --> 00:02:38,010
autumn equinox occurs and the evening

62
00:02:42,710 --> 00:02:39,960
zodiac alight around the time of the

63
00:02:44,540 --> 00:02:42,720

spring equinox the upcoming September

64

00:02:47,540 --> 00:02:44,550

equinox is the Northern Hemisphere's

65

00:02:49,430 --> 00:02:47,550

autumn equinox and flip it for the

66

00:02:51,770 --> 00:02:49,440

southern hemisphere where it's spring

67

00:02:53,450 --> 00:02:51,780

for you folks this light can be

68

00:02:55,550 --> 00:02:53,460

noticeable and easy to see from

69

00:02:58,010 --> 00:02:55,560

latitudes relatively close to Earth's

70

00:03:00,770 --> 00:02:58,020

equator for example like those in the

71

00:03:03,560 --> 00:03:00,780

southern United States lots of times

72

00:03:06,050 --> 00:03:03,570

seen in southern Texas sometimes driving

73

00:03:08,660 --> 00:03:06,060

on those lonely highways far from city

74

00:03:11,480 --> 00:03:08,670

lights an hour or so before true dawn in

75

00:03:13,400 --> 00:03:11,490

this case the zodiacal light can

76

00:03:17,030 --> 00:03:13,410

resemble the lights of a city or a town

77

00:03:18,800 --> 00:03:17,040

that's just over the horizon meanwhile

78

00:03:20,570 --> 00:03:18,810

sky watchers in the northern United

79

00:03:22,820 --> 00:03:20,580

States and Canada sometimes say

80

00:03:24,950 --> 00:03:22,830

wistfully that they've never seen it

81

00:03:26,450 --> 00:03:24,960

although in recent years there have been

82

00:03:29,030 --> 00:03:26,460

a lot of photographs apparently

83

00:03:30,980 --> 00:03:29,040

submitted to earth sky org photographs

84

00:03:33,650 --> 00:03:30,990

of the zodiacal light taken from

85

00:03:35,840 --> 00:03:33,660

northerly latitudes but of course you

86

00:03:37,850 --> 00:03:35,850

need a dark sky location to see the

87

00:03:39,800 --> 00:03:37,860

zodiacal light someplace where city

88

00:03:42,500 --> 00:03:39,810

lights aren't obscuring the natural

89

00:03:45,350 --> 00:03:42,510

lights in the sky the zodiacal light is

90

00:03:47,900 --> 00:03:45,360

described as a pyramid-shaped glow in

91

00:03:49,730 --> 00:03:47,910

the east before dawn or just after

92

00:03:51,080 --> 00:03:49,740

twilight ends in the evening if you're

93

00:03:54,530 --> 00:03:51,090

in the southern hemisphere right now

94

00:03:57,050 --> 00:03:54,540

it's even milkier in appearance than the

95

00:03:59,660 --> 00:03:57,060

starlit trail of that summer Milky Way

96

00:04:02,090 --> 00:03:59,670

it's mostly visible before dawn this

97

00:04:04,460 --> 00:04:02,100

time of year because the ecliptic that

98

00:04:06,860 --> 00:04:04,470

path of the Sun Moon and planets stands

99

00:04:09,500 --> 00:04:06,870

nearly straight up with respect to the

100

00:04:11,180 --> 00:04:09,510

eastern horizon before dawn as seen from

101
00:04:13,370 --> 00:04:11,190
the southern hemisphere the same is true

102
00:04:16,789 --> 00:04:13,380
of the western horizon

103
00:04:18,770 --> 00:04:16,799
that's after true darkness falls this

104
00:04:20,990 --> 00:04:18,780
zodiacal light can be seen for up to an

105
00:04:24,350 --> 00:04:21,000
hour before true dawn begins to break

106
00:04:27,150 --> 00:04:24,360
look for at about 80 to 120 minutes

107
00:04:29,730 --> 00:04:27,160
before sunrise unlike true

108
00:04:30,540 --> 00:04:29,740
though there's no rosy color to the

109
00:04:32,970 --> 00:04:30,550
zodiacal light

110
00:04:34,890 --> 00:04:32,980
Lauretta skies at dawn and dusk are

111
00:04:36,870 --> 00:04:34,900
caused by Earth's atmosphere and the

112
00:04:40,260 --> 00:04:36,880
zodiacal light originates from far

113
00:04:42,750 --> 00:04:40,270

outside our atmosphere when you do see

114

00:04:45,750 --> 00:04:42,760

this light you're looking edgewise into

115

00:04:48,480 --> 00:04:45,760

our own solar system the zodiacal light

116

00:04:51,090 --> 00:04:48,490

is actually sunlight reflecting off dust

117

00:04:53,280 --> 00:04:51,100

particles that move in the same plane as

118

00:04:55,890 --> 00:04:53,290

Earth and the other planets that orbit

119

00:04:58,920 --> 00:04:55,900

our Sun this is the time of the year to

120

00:05:02,340 --> 00:04:58,930

check out that zodiacal light that light

121

00:05:04,920 --> 00:05:02,350

of song story and legend we couldn't

122

00:05:08,010 --> 00:05:04,930

resist tossing in one more tasty tidbit

123

00:05:11,210 --> 00:05:08,020

from Earth Sky org here it is the year's

124

00:05:14,100 --> 00:05:11,220

fastest sunsets are around equinoxes

125

00:05:16,470 --> 00:05:14,110

well we thought that was our imagination

126

00:05:18,300 --> 00:05:16,480

gentle listeners perhaps you did too but

127

00:05:21,030 --> 00:05:18,310

it says right here tonight at sunset

128

00:05:24,330 --> 00:05:21,040

there's a natural phenomenon you might

129

00:05:26,970 --> 00:05:24,340

never have imagined hmm that is the Sun

130

00:05:29,640 --> 00:05:26,980

actually sets faster around the time of

131

00:05:32,790 --> 00:05:29,650

an equinox the fastest sunsets and

132

00:05:35,160 --> 00:05:32,800

sunrises occur at or near the equinoxes

133

00:05:38,640 --> 00:05:35,170

and the slowest sunsets and sunrises

134

00:05:40,410 --> 00:05:38,650

occur at or near the solstices this is

135

00:05:42,480 --> 00:05:40,420

true no matter whether you live in the

136

00:05:45,030 --> 00:05:42,490

northern or the southern hemisphere and

137

00:05:47,940 --> 00:05:45,040

by the way when Earth's skies Bruce

138

00:05:50,130 --> 00:05:47,950

McClure says sunset he's talking about

139

00:05:52,350 --> 00:05:50,140

the actual number of minutes it takes

140

00:05:54,870 --> 00:05:52,360

for the body of the Sun to sink below

141

00:05:57,960 --> 00:05:54,880

the western horizon want to know more

142

00:06:01,080 --> 00:05:57,970

well as usual you can find charts graphs

143

00:06:04,140 --> 00:06:01,090

up plenty follow the links later at UFO

144

00:06:06,870 --> 00:06:04,150

headline news calm and here's the bottom

145

00:06:09,060 --> 00:06:06,880

line the fastest sunsets of the year are

146

00:06:11,880 --> 00:06:09,070

happening now around the time of the

147

00:06:13,860 --> 00:06:11,890

September equinox here's a story that's

148

00:06:16,260 --> 00:06:13,870

been perambulating around the internet

149

00:06:17,970 --> 00:06:16,270

for a bit here we finally found it from

150

00:06:21,860 --> 00:06:17,980

a more or less reliable source

151

00:06:25,190 --> 00:06:21,870

it's from news.com dot au Australia

152

00:06:29,070 --> 00:06:25,200

technology and here is the headline

153

00:06:32,550 --> 00:06:29,080

mystery aircraft crash top United States

154

00:06:36,120 --> 00:06:32,560

pilot killed at Nevada Test range near

155

00:06:38,100 --> 00:06:36,130

area 51 sub-headline the death of a top

156

00:06:40,159 --> 00:06:38,110

United States pilot at a secret test

157

00:06:42,469 --> 00:06:40,169

facility is wrapped in mystery

158

00:06:44,899 --> 00:06:42,479

the aircraft he was flying has not been

159

00:06:48,580 --> 00:06:44,909

revealed and it took three days for

160

00:06:51,170 --> 00:06:48,590

authorities to admit the crash happened

161

00:06:53,330 --> 00:06:51,180

unfortunately Lieutenant Colonel Eric

162

00:06:55,070 --> 00:06:53,340

Schultz died from injuries sustained

163

00:06:57,439 --> 00:06:55,080

after the military aircraft he was

164

00:06:59,360 --> 00:06:57,449

flying in crashed last Tuesday the

165

00:07:02,390 --> 00:06:59,370

United States Air Force won't reveal

166

00:07:04,550 --> 00:07:02,400

what aircraft he was flying it also took

167

00:07:07,189 --> 00:07:04,560

authorities three days before publicly

168

00:07:09,619 --> 00:07:07,199

announcing his death both elements are

169

00:07:13,040 --> 00:07:09,629

highly unusual especially given that it

170

00:07:15,409 --> 00:07:13,050

came a day before two a10 C Thunderbolt

171

00:07:18,589 --> 00:07:15,419

two ground attack aircraft scratched on

172

00:07:20,990 --> 00:07:18,599

the same weapons testing range in that

173

00:07:21,939 --> 00:07:21,000

case both pilots fortunately managed to

174

00:07:24,019 --> 00:07:21,949

eject safely

175

00:07:26,480 --> 00:07:24,029

Lieutenant Colonel Eric Schultz was a

176

00:07:28,429 --> 00:07:26,490

highly qualified formal civilian test

177

00:07:32,269 --> 00:07:28,439

pilot who joined the United States Air

178

00:07:34,909 --> 00:07:32,279

Force in 2001 he became the 29th pilot

179

00:07:38,390 --> 00:07:34,919

allowed to fly the f-35 stealth fighter

180

00:07:40,219 --> 00:07:38,400

in 2011 all that is known about the

181

00:07:42,350 --> 00:07:40,229

aircraft involved in the crash the

182

00:07:43,999 --> 00:07:42,360

aircraft he was flying is that it was

183

00:07:47,719 --> 00:07:44,009

assigned to United States Air Force

184

00:07:49,700 --> 00:07:47,729

Matériel Command this body administers

185

00:07:52,420 --> 00:07:49,710

research development testing and

186

00:07:55,969 --> 00:07:52,430

evaluation of both existing and future

187

00:07:58,519 --> 00:07:55,979

weapons systems essentially it runs the

188

00:08:01,429 --> 00:07:58,529

United States Air Force black ops and

189

00:08:03,139 --> 00:08:01,439

secret development programs this

190

00:08:06,079 --> 00:08:03,149

accident happened about 6:00 p.m. local

191

00:08:08,149 --> 00:08:06,089

time as the unidentified aircraft was

192

00:08:10,969 --> 00:08:08,159

flying what was reported as a training

193

00:08:13,249 --> 00:08:10,979

mission flying over the Nevada test and

194

00:08:15,409 --> 00:08:13,259

training range about 200 kilometers

195

00:08:18,469 --> 00:08:15,419

northwest of Nellis Air Force Base a

196

00:08:21,529 --> 00:08:18,479

major base in the area a spokeswoman for

197

00:08:23,869 --> 00:08:21,539

the 99th Air Base Wing told local media

198

00:08:26,079 --> 00:08:23,879

that Eric Schultz died as a result of

199

00:08:28,610 --> 00:08:26,089

injuries sustained in the accident

200

00:08:30,980 --> 00:08:28,620

while the Nellis Air Force Base has

201
00:08:33,740 --> 00:08:30,990
tweeted statements relating to the crash

202
00:08:35,180 --> 00:08:33,750
of the a-10 attack jets nothing has been

203
00:08:37,219 --> 00:08:35,190
mentioned about the accident which

204
00:08:40,339 --> 00:08:37,229
caused Lieutenant Colonel Erik Schultz's

205
00:08:42,380 --> 00:08:40,349
death and according to Jamie Seidel who

206
00:08:45,259 --> 00:08:42,390
writes this article if the fatal

207
00:08:47,780 --> 00:08:45,269
accident involved an f-35 Strike Fighter

208
00:08:49,610 --> 00:08:47,790
it would be the first involving that

209
00:08:51,949 --> 00:08:49,620
controversial and troubled aircraft

210
00:08:53,510 --> 00:08:51,959
after suffering delays amounting to

211
00:08:55,220 --> 00:08:53,520
almost a decade

212
00:08:57,800 --> 00:08:55,230
aircraft has recently experienced

213
00:08:59,840 --> 00:08:57,810

dangerous engine fires including one

214

00:09:03,650 --> 00:08:59,850

incident which burnt its pilots head

215

00:09:06,080 --> 00:09:03,660

neck and face but the possibility also

216

00:09:08,150 --> 00:09:06,090

remains open that lieutenant colonel

217

00:09:11,540 --> 00:09:08,160

Eric Schultz may have been flying a new

218

00:09:14,090 --> 00:09:11,550

or experimental aircraft an aircraft

219

00:09:16,550 --> 00:09:14,100

flying out of area 51 that

220

00:09:18,980 --> 00:09:16,560

highly-secretive testing facility for

221

00:09:20,990 --> 00:09:18,990

futuristic designs that's contained

222

00:09:23,630 --> 00:09:21,000

within the Nevada test and training

223

00:09:25,700 --> 00:09:23,640

range itself the base has undergone

224

00:09:27,770 --> 00:09:25,710

considerable redevelopment in recent

225

00:09:30,140 --> 00:09:27,780

years with enthusiasts pointing to the

226

00:09:33,680 --> 00:09:30,150

construction of new and large hangers

227

00:09:36,740 --> 00:09:33,690

hangers and support buildings the

228

00:09:40,730 --> 00:09:36,750

existence of area 51 was only formally

229

00:09:43,820 --> 00:09:40,740

admitted by the CIA in 2013 Oh too many

230

00:09:46,640 --> 00:09:43,830

decades too many secrets rest in peace

231

00:09:49,580 --> 00:09:46,650

Lieutenant Colonel Eric Schultz let's go

232

00:09:52,850 --> 00:09:49,590

from that Nevada Test range accident to

233

00:09:56,300 --> 00:09:52,860

justice citing a UFO sighting in Oxnard

234

00:09:59,330 --> 00:09:56,310

California courtesy of UFO stalker calm

235

00:10:01,790 --> 00:09:59,340

and MUFON in fact MUFON has issued a

236

00:10:04,540 --> 00:10:01,800

case number as it usually does for

237

00:10:07,070 --> 00:10:04,550

purposes of tracking and hopefully some

238

00:10:09,860 --> 00:10:07,080

identification this case number is eight

239

00:10:13,040 --> 00:10:09,870

six seven three seven the date of this

240

00:10:15,650 --> 00:10:13,050

sighting is September 17th 2017 it was

241

00:10:20,240 --> 00:10:15,660

reported the very next day here's the

242

00:10:22,280 --> 00:10:20,250

summary UFO very high speed broke into

243

00:10:25,280 --> 00:10:22,290

two then disappeared

244

00:10:27,710 --> 00:10:25,290

let's grab some citing specifics the

245

00:10:30,350 --> 00:10:27,720

viewing distance unknown the altitude

246

00:10:32,750 --> 00:10:30,360

also unknown the sighting duration was

247

00:10:35,960 --> 00:10:32,760

only seven seconds object features

248

00:10:38,000 --> 00:10:35,970

described as other and unknown the

249

00:10:40,610 --> 00:10:38,010

flight path was a straight-line path and

250

00:10:43,370 --> 00:10:40,620

then a path with a directional change

251
00:10:46,190 --> 00:10:43,380
involved the object shape according to

252
00:10:48,230 --> 00:10:46,200
our witness does not apply weather wise

253
00:10:50,870 --> 00:10:48,240
well just your good old standard

254
00:10:53,780 --> 00:10:50,880
California same old same old apparently

255
00:10:56,180 --> 00:10:53,790
nothing impactful to the sighting here

256
00:10:58,940 --> 00:10:56,190
is the sighting first-person words of

257
00:11:01,490 --> 00:10:58,950
our witness we were driving home from

258
00:11:04,280 --> 00:11:01,500
Ventura heading toward Oxnard

259
00:11:07,430 --> 00:11:04,290
we were driving southbound on Victoria

260
00:11:09,550 --> 00:11:07,440
when we both noticed a light in the sky

261
00:11:13,310 --> 00:11:09,560
a light zipping by at a very high speed

262
00:11:16,520 --> 00:11:13,320
it was going in a perfect horizontal

263
00:11:19,070 --> 00:11:16,530

path from west toward East I have never

264

00:11:22,490 --> 00:11:19,080

seen something travel so fast in the sky

265

00:11:25,790 --> 00:11:22,500

it was completely lit up with bright

266

00:11:27,890 --> 00:11:25,800

white lights and a green tinge this

267

00:11:31,120 --> 00:11:27,900

thing was going very fast when suddenly

268

00:11:33,770 --> 00:11:31,130

it broke off into two separate lights

269

00:11:36,320 --> 00:11:33,780

one of these lights continuing on that

270

00:11:39,680 --> 00:11:36,330

Eastern path at high speed the other

271

00:11:41,960 --> 00:11:39,690

going straight up into the sky then they

272

00:11:44,840 --> 00:11:41,970

both completely disappeared in the blink

273

00:11:47,870 --> 00:11:44,850

of an eye there were no airplanes no

274

00:11:50,450 --> 00:11:47,880

helicopters no signs of any aircraft

275

00:11:52,790 --> 00:11:50,460

around the area and there was nothing in

276
00:11:55,550 --> 00:11:52,800
the sky after those lights disappeared

277
00:11:58,490 --> 00:11:55,560
we didn't see anything nothing in the

278
00:11:59,990 --> 00:11:58,500
sky nothing in the immediate area it was

279
00:12:02,960 --> 00:12:00,000
just as if they had never been there

280
00:12:05,480 --> 00:12:02,970
completely vanished not fading away not

281
00:12:07,430 --> 00:12:05,490
disintegrating it was just as if these

282
00:12:11,150 --> 00:12:07,440
just disappeared like they were zapped

283
00:12:14,030 --> 00:12:11,160
away and the speed at which this UFO

284
00:12:16,130 --> 00:12:14,040
traveled was very very fast we could

285
00:12:19,310 --> 00:12:16,140
barely keep up with it with our eyes and

286
00:12:21,050 --> 00:12:19,320
it appeared out of nowhere when this

287
00:12:24,530 --> 00:12:21,060
thing first appeared it seemed to go up

288
00:12:26,810 --> 00:12:24,540

and down and then up and down and then

289

00:12:29,330 --> 00:12:26,820

it immediately zipped from east to west

290

00:12:31,730 --> 00:12:29,340

so fast it was almost like a flash it

291

00:12:33,230 --> 00:12:31,740

was very bright I've never witnessed

292

00:12:35,810 --> 00:12:33,240

anything like this before

293

00:12:39,050 --> 00:12:35,820

I've never seen anything as far as UFOs

294

00:12:41,270 --> 00:12:39,060

go I was so glad my boyfriend was there

295

00:12:44,240 --> 00:12:41,280

to witness this also but we were both

296

00:12:47,090 --> 00:12:44,250

just in complete shock and we both can't

297

00:12:49,640 --> 00:12:47,100

figure out what we saw we don't know

298

00:12:52,880 --> 00:12:49,650

what it was but we know what it wasn't

299

00:12:56,600 --> 00:12:52,890

it definitely wasn't a flare an airplane

300

00:12:59,329 --> 00:12:56,610

a jet a helicopter a drone or a shooting

301
00:13:01,040 --> 00:12:59,339
star not fireworks and it wasn't the

302
00:13:04,160 --> 00:13:01,050
reflection of street lights car lights

303
00:13:07,100 --> 00:13:04,170
swamp gas laughing out loud whether this

304
00:13:10,070 --> 00:13:07,110
was natural or unnatural phenomenon it

305
00:13:13,490 --> 00:13:10,080
definitely is categorized as a UFO in my

306
00:13:15,170 --> 00:13:13,500
opinion I'm a little creeped out I still

307
00:13:19,360 --> 00:13:15,180
feel really bothered by this whole thing

308
00:13:20,840 --> 00:13:19,370
we'd like to know what it was we saw Oh

309
00:13:22,940 --> 00:13:20,850
indeed

310
00:13:25,280 --> 00:13:22,950
the shock factor the speed at which

311
00:13:29,120 --> 00:13:25,290
these things just present themselves

312
00:13:31,070 --> 00:13:29,130
yeah swamp gas right and again the

313
00:13:34,670 --> 00:13:31,080

litany of things the witnesses are sure

314

00:13:36,830 --> 00:13:34,680

this was not today we have a unique

315

00:13:39,320 --> 00:13:36,840

opportunity gentle listeners to read a

316

00:13:42,200 --> 00:13:39,330

UFO sighting and then to come across a

317

00:13:44,420 --> 00:13:42,210

story that really tells what was going

318

00:13:46,790 --> 00:13:44,430

on very likely in the case of this

319

00:13:48,950 --> 00:13:46,800

sighting let's go to Salt Lake City Utah

320

00:13:51,350 --> 00:13:48,960

shall we this is the second sighting in

321

00:13:54,710 --> 00:13:51,360

two days we're pretty sure the previous

322

00:13:57,230 --> 00:13:54,720

one is also going to be explained so

323

00:14:00,230 --> 00:13:57,240

here we go this is MUFON case number

324

00:14:03,140 --> 00:14:00,240

eight six seven one zero the date of

325

00:14:06,470 --> 00:14:03,150

this sighting is September 16 2017 it

326

00:14:09,230 --> 00:14:06,480

was reported on the same day in summary

327

00:14:11,870 --> 00:14:09,240

one light appeared followed by another

328

00:14:15,220 --> 00:14:11,880

and then another about five minutes

329

00:14:18,530 --> 00:14:15,230

later they blinked out one by one

330

00:14:20,570 --> 00:14:18,540

there's video you can check and then

331

00:14:23,540 --> 00:14:20,580

with the article that's gonna follow

332

00:14:25,610 --> 00:14:23,550

this report you will see the sighting

333

00:14:28,250 --> 00:14:25,620

specifics of viewing distance of over

334

00:14:30,980 --> 00:14:28,260

one mile the altitude over five hundred

335

00:14:33,590 --> 00:14:30,990

feet no cloud cover the sighting

336

00:14:35,600 --> 00:14:33,600

duration was five minutes the object

337

00:14:38,630 --> 00:14:35,610

features are described by our witness

338

00:14:41,180 --> 00:14:38,640

and the footage as unknown the flight

339

00:14:42,590 --> 00:14:41,190

path stationary and the object shape

340

00:14:45,110 --> 00:14:42,600

does not apply

341

00:14:47,810 --> 00:14:45,120

there isn't any weather and it's a short

342

00:14:50,630 --> 00:14:47,820

report that goes something like this

343

00:14:53,480 --> 00:14:50,640

my daughter and two friends were driving

344

00:14:55,580 --> 00:14:53,490

north on the i-15 when my daughter's

345

00:14:58,220 --> 00:14:55,590

friend saw a bright light this light

346

00:15:00,260 --> 00:14:58,230

appeared to be over Salt Lake City so

347

00:15:02,930 --> 00:15:00,270

she told the other two in the car and

348

00:15:05,540 --> 00:15:02,940

they all began to watch this light and

349

00:15:08,690 --> 00:15:05,550

then another light appeared and then a

350

00:15:10,520 --> 00:15:08,700

third my daughter called me but I wasn't

351

00:15:12,980 --> 00:15:10,530

situated in a place so that I could

352

00:15:15,290 --> 00:15:12,990

observe so I told them to record it

353

00:15:18,590 --> 00:15:15,300

using their phones and one of them did

354

00:15:21,290 --> 00:15:18,600

and then these lights blinked out one at

355

00:15:24,230 --> 00:15:21,300

a time you can clearly see this in the

356

00:15:26,360 --> 00:15:24,240

recording yes you can clearly see it in

357

00:15:29,360 --> 00:15:26,370

the recording but here's the punchline a

358

00:15:32,510 --> 00:15:29,370

sighting with a solution more or less

359

00:15:34,190 --> 00:15:32,520

from the mirror calm out of the United

360

00:15:36,980 --> 00:15:34,200

Kingdom here's a headline

361

00:15:39,980 --> 00:15:36,990

UFO fears after mysterious light

362

00:15:42,680 --> 00:15:39,990

formation of flaming balls is seen

363

00:15:45,019 --> 00:15:42,690

flying through the night sky this gets a

364

00:15:47,030 --> 00:15:45,029

byline for Rebecca Taylor who writes

365

00:15:50,480 --> 00:15:47,040

three white lights appeared in the skies

366

00:15:54,050 --> 00:15:50,490

over the weekend but it was likely to be

367

00:15:56,569 --> 00:15:54,060

a group of military personnel not aliens

368

00:15:59,210 --> 00:15:56,579

three white lights were darting in the

369

00:16:01,490 --> 00:15:59,220

sky moving at around the same speed and

370

00:16:04,250 --> 00:16:01,500

changing directions prompting people to

371

00:16:06,079 --> 00:16:04,260

think they were seeing UFOs but these

372

00:16:09,379 --> 00:16:06,089

lights could have been just part of a

373

00:16:12,860 --> 00:16:09,389

pregame show at the nearby Rice Eccles

374

00:16:13,730 --> 00:16:12,870

Stadium this is according to Fox 13 out

375

00:16:16,910 --> 00:16:13,740

of Salt Lake City

376

00:16:19,460 --> 00:16:16,920

the filmer named Tommy Billings said

377

00:16:22,579 --> 00:16:19,470

quote saw these strange lights while we

378

00:16:25,460 --> 00:16:22,589

were driving up east 700 tonight and

379

00:16:28,579 --> 00:16:25,470

quotes a University of Utah spokesman

380

00:16:31,790 --> 00:16:28,589

told Fox 11 that a United States Navy

381

00:16:33,680 --> 00:16:31,800

parachute team dropped into that stadium

382

00:16:36,650 --> 00:16:33,690

at about the same time the lights were

383

00:16:39,230 --> 00:16:36,660

seen one commenter said quote there just

384

00:16:42,050 --> 00:16:39,240

skydivers with lights shining onto their

385

00:16:44,120 --> 00:16:42,060

chutes and quotes in the video the

386

00:16:46,220 --> 00:16:44,130

passengers in the car are shocked at

387

00:16:48,110 --> 00:16:46,230

what they see when they look up one

388

00:16:50,240 --> 00:16:48,120

notes that these lights keep changing

389

00:16:52,430 --> 00:16:50,250

while another one shouts what is that

390

00:16:54,620 --> 00:16:52,440

there's another video shared on Twitter

391

00:16:57,259 --> 00:16:54,630

it appears to show the lights moving

392

00:16:59,689 --> 00:16:57,269

across the sky not just down toward the

393

00:17:01,850 --> 00:16:59,699

ground one man who filmed this Jedi

394

00:17:04,819 --> 00:17:01,860

Authority loss was later told about the

395

00:17:07,669 --> 00:17:04,829

Navy SEALs dropping into the stadium but

396

00:17:09,740 --> 00:17:07,679

he told of his fear he said quote man I

397

00:17:12,740 --> 00:17:09,750

tell you it was really scary not knowing

398

00:17:15,049 --> 00:17:12,750

what those flaming balls were I stopped

399

00:17:18,470 --> 00:17:15,059

filming and I began running back home

400

00:17:20,840 --> 00:17:18,480

and quotes we can identify with that but

401
00:17:22,970 --> 00:17:20,850
according to a NASA ambassador the

402
00:17:24,860 --> 00:17:22,980
lights looked like a satellite which

403
00:17:27,559 --> 00:17:24,870
might have broken up in orbit or even

404
00:17:29,840 --> 00:17:27,569
flares we were a bit puzzled that NASA

405
00:17:31,400 --> 00:17:29,850
would leap in with a suggestion after it

406
00:17:35,060 --> 00:17:31,410
seems to have been the United States

407
00:17:38,419 --> 00:17:35,070
Navy parachute team hmm we're gonna call

408
00:17:40,039 --> 00:17:38,429
mystery speaking of mystery last week on

409
00:17:42,890 --> 00:17:40,049
wayback Wednesday we finished up our

410
00:17:46,820 --> 00:17:42,900
series about nuclear facilities being

411
00:17:47,490 --> 00:17:46,830
visited by ships UFOs other intelligence

412
00:17:50,070 --> 00:17:47,500
and the

413
00:17:52,800 --> 00:17:50,080

Hudson Valley UFO flap which concerned

414

00:17:55,650 --> 00:17:52,810

the Indian Point nuclear facility near

415

00:17:56,580 --> 00:17:55,660

Peekskill New York well here's a story a

416

00:17:59,670 --> 00:17:56,590

sighting from

417

00:18:02,280 --> 00:17:59,680

Peekskill New York courtesy of UFO

418

00:18:05,010 --> 00:18:02,290

stalker calm its MUFON case number eight

419

00:18:07,320 --> 00:18:05,020

six seven four five the date of this

420

00:18:10,460 --> 00:18:07,330

sighting is September 13th it wasn't

421

00:18:14,720 --> 00:18:10,470

reported till September 18th the summary

422

00:18:17,190 --> 00:18:14,730

slow-moving pulsating red orange light

423

00:18:21,060 --> 00:18:17,200

sighting specifics offer us a viewing

424

00:18:23,730 --> 00:18:21,070

distance 101 to 500 feet the altitude

425

00:18:25,890 --> 00:18:23,740

was 500 feet or less the sighting

426
00:18:28,650 --> 00:18:25,900
duration was two minutes object features

427
00:18:31,560 --> 00:18:28,660
unknown object flight path a

428
00:18:33,450 --> 00:18:31,570
straight-line path and the witness says

429
00:18:35,910 --> 00:18:33,460
this object was shaped like a circle

430
00:18:38,010 --> 00:18:35,920
let's circle in on the weather the

431
00:18:40,980 --> 00:18:38,020
maximum temperature was 82 degrees

432
00:18:44,370 --> 00:18:40,990
Fahrenheit at 28 degrees Celsius the low

433
00:18:47,100 --> 00:18:44,380
at the time was 55 degrees Fahrenheit 13

434
00:18:50,190 --> 00:18:47,110
degrees Celsius visibility factors were

435
00:18:53,250 --> 00:18:50,200
pretty standard the maximum 10 miles 16

436
00:18:56,460 --> 00:18:53,260
kilometers the mean visibility 10 miles

437
00:18:59,730 --> 00:18:56,470
16 kilometers the minimum 6 miles 10

438
00:19:02,820 --> 00:18:59,740

kilometers because it was raining here's

439

00:19:06,090 --> 00:19:02,830

the short report walking across the

440

00:19:08,250 --> 00:19:06,100

parking lot I noticed a light a light

441

00:19:10,980 --> 00:19:08,260

above the treeline so I thought it was a

442

00:19:13,590 --> 00:19:10,990

helicopter at first it was too slow to

443

00:19:17,370 --> 00:19:13,600

be an airplane and I couldn't hear any

444

00:19:20,700 --> 00:19:17,380

sound this light then palisaded very

445

00:19:23,850 --> 00:19:20,710

evenly very slowly it wasn't like that

446

00:19:25,440 --> 00:19:23,860

ordinary blinking on and off like the

447

00:19:28,350 --> 00:19:25,450

navigational lights you'd see on an

448

00:19:31,740 --> 00:19:28,360

ordinary airplane this light was more of

449

00:19:33,960 --> 00:19:31,750

a natural reddish orange color and it

450

00:19:37,200 --> 00:19:33,970

didn't look like the red of an airplane

451
00:19:39,750 --> 00:19:37,210
or the red a helicopter displays this

452
00:19:43,620 --> 00:19:39,760
light actually appeared to become larger

453
00:19:46,200 --> 00:19:43,630
when it pulsated and then eventually the

454
00:19:50,550 --> 00:19:46,210
light dissipated it was completely gone

455
00:19:53,430 --> 00:19:50,560
within just two minutes yep now you see

456
00:19:56,419 --> 00:19:53,440
it now you don't and hovering above the

457
00:19:58,980 --> 00:19:56,429
tree line standard procedure

458
00:20:01,110 --> 00:19:58,990
perhaps looking for coordinates to that

459
00:20:03,060 --> 00:20:01,120
nuclear facility

460
00:20:05,610 --> 00:20:03,070
we're just joking but we're not joking

461
00:20:08,190 --> 00:20:05,620
about this the time zones all of them

462
00:20:11,430 --> 00:20:08,200
all the clocks indicate we gotta go

463
00:20:13,320 --> 00:20:11,440

because that's a wrap thank you for

464

00:20:16,110 --> 00:20:13,330

listening to inception Radio Network

465

00:20:18,990 --> 00:20:16,120

follow today's broadcast at UFO headline

466

00:20:21,690 --> 00:20:19,000

news mom take care of each other we're

467

00:20:22,700 --> 00:20:21,700

all in this together this is Carol Carol
